A. Background and Proposal

1. Background and current situation

Reorganization in March 2019

The Junior Bonds and the Senior Bonds (Bonds ISIN SE0009696479, NO0010787617, NO0010787625) (the "**Senior Bonds**") were initially issued in March 2017. The capital raising was carried out in two tranches with the following breakdown:

Senior Bonds: Ca SEK 350m (in SEK / NOK / USD)

Junior Bonds: Ca SEK 75m (in SEK / NOK / USD)

The Group experienced financial difficulties under its ownership of that time and could not meet its obligations under the Terms and Conditions. The consequences of the financial turbulence for instance included major delays in the timetable for the Karlholm Strand Project.

As there were no good prospects for continuing the project under the previous ownership, the Group was reorganized. Through a Written Procedure in March 2019, the Bondholders authorised the sale of 90% of the shares in the Issuer for SEK 1 to Mimex Management SA, controlled by Anders Högberg. The remaining 10% of the shares in the Issuer are owned by Dextris Terminus SA, also controlled by Anders Högberg.

Anders Högberg is the original owner and initiator of the Karlholm Strand Project and after the Written Procedure was completed in March 2019 was again the ultimate owner of the project in its entirety.

Following the reorganisation and to facilitate partial divestments, all the properties within the Karlholm Strand Project have been transferred to a number of limited partnerships with HHB Bygg AB and Fastighetsbolaget Skälön 1 AB as general partners. The Issuer is thus not the owner, whether directly or indirectly, of the Properties. The remaining and primary security for the Senior Bonds and the Junior Bonds is currently property pledges in the properties within the Karlholm Strand Project, amounting to approximately 120,000,000 SEK, but share pledges in HHB Bygg AB and Fastighetsbolaget Skälön 1 AB have been offered as part of the latest written procedure. The property pledges are released when 80% of the sales price is deposited on the pledged account which subsequently will be used to amortize the Senior Bonds.

To strengthen the Issuer's financial situation and given the significant delays in the Karlholm Strand Project, it was also decided in the written procedure:

- To sell the additional collateral granted for the Junior Bonds, owned by the subsidiary MI Andersson Fastighetsbolag AB, the properties "Sanden" and "Järfälla", and use the net proceeds to amortize the Senior Bonds.
- As of March 2018, introduce a profit-sharing interest (*Sw. vinstdelningsränta*) of 4% respectively 6% p.a. payable if and when the full nominal amount of the Senior Bonds and the Junior Bonds is repaid.
- Extend the repayment date of the Senior Bonds by 4 years to 24 March 2023 and on the Junior Bonds to 24 March 2024.

The Senior Bondholders have subsequently extended the final maturity date to 24 March 2024 and is currently in the process of a new written procedure to extend the final maturity date to 24 March 2029 (the "**Senior Written Procedure**").

Amortisation of Senior Bonds

In accordance with the decision taken during the written procedure for the Senior Bonds carried out in March 2019, a process was initiated to divest the "Sanden" and "Järfälla" properties in order to use the net proceeds to amortize the Senior Bonds. However, the previous owners of the Group obstructed the process by moving the properties out of MI Andersson Fastighetsbolag AB, in breach of pledge agreements and the Terms and Conditions. In June 2019, MI Andersson Fastighetsbolag AB was declared bankrupt, after which a legal process to clawback the properties began. Following a decision of the Svea Court of Appeal, the completion of the bankruptcy proceedings and the sale of the properties, the Senior Bonds were amortised in December 2022, with an amount corresponding to approximately 31% of the nominal amount (or approximately ca SEK 108 million). The current outstanding principal amount of Senior Bonds is ca. 237 million SEK (equivalent in NOK and USD).

Current status

The Karlholm Strand Project has been further delayed, mainly due to a prolonged zoning planning and building permit processes. The Issuer is dependent on efficient and compliant management by the municipality, which has not been the case. The processes relating to the landfill on the properties have also negatively affected the timetable for the zoning plan and building permits. According to the Issuer, the landfill is now handled in a special order and will not affect the continued residential development in the area. The previous owners also left several of the companies in the Group in a financially challenging situation, which Anders Högberg has had to spend a lot of time and resources managing. The Company is now in financial balance and without the threat of bankruptcy or related legal processes.

Work carried out (within the security structure)

Despite delays, extensive value-enhancing work has been carried out to pave the way for future residential development. Below is a selection of key initiatives:

- Electricity connected to all building rights
- Fibre connected to all building rights
- Water and sewage connected to all building rights (except for 100m of pipework).
- Construction of roads within the area of the existing buildings and to a majority of the building rights
- Landscaping of s square
- In addition, a significant number of property subdivisions have been approved and implemented.

Sales

Four properties have been sold to property developers and construction has started. In addition, there are agreements for the sale of a further properties and deposits for these have been paid.

The current valuation for the remaining properties amounts to SEK 315,000,000 +/- 10%. It should be noted that the valuation is based on a structured sale of the properties and that the value upon a pledge enforcement would be significantly less. It shall further be noted that according to the Terms & Conditions any sales proceeds from a sale of the properties shall be distributed 80% to the Senior Bondholders and 20% to management fees and development costs to the owner.

As the situation currently stands, there will be no value left in the properties to repay the Junior Bonds, whether principal or profit interest. Consequently, the Issuer is proposing a partial write-down and conversion of a part of the Junior Bonds to Senior Bonds, please see below.

Way forward

Conditions (construction and activities outside the security structure)

The basic conditions for continued development and sales in Karlholm Strand are considerably stronger than at the time of the initial issue. From being a vision for a disused factory area, the first home buyers have now moved in, and businesses have opened their doors.

Existing industrial buildings have been renovated and several businesses have been established, including the following:

- Hotel (18 rooms, 50 beds)
- Restaurant
- Gym
- Warehouse / Retail
- Workshop
- Boat garages
- Anders Högberg has built a terraced house which has been completed and the buyers have moved in.
- Älvsbyhus has completed 2 homes and base plates have been moulded for another 4 homes.

Continued construction and sales

An important threshold effect for future construction and sales is the fact that the first home buyers have moved in. Together with the established businesses and leisure activities, this creates a buzz in the area, making it easier for subsequent buyers, developers and retailers to make investment decisions. There is currently construction ongoing of terraced houses around the dug canals on the northern shore of the area. The Issuer has entered into agreements to sell all the waterfront plots belonging to the Junior Bondholders in both the northern and southern parts of the area. These plots are the most attractive and will create attraction for the further development of the area.

Discussions are also taking place with several operators on the construction of a primary school.

Sales and amortisation

In accordance with the Written Procedure conducted in March 2019, the net proceeds of the sale shall be distributed as follows:

- 80% - escrow account to make amortisation payments to Senior Bondholders
- 10% - financing of development costs within the project
- 10% - management fee to Mimex Management SA for the development of the project

In the coming year, the Issuer intends to primarily fulfil already signed agreements on the sale of plots of land. Furthermore, the Issuer intends to continue marketing additional plots in the next phase of the project.

Conversion of Junior Bonds into Senior Bonds

Given the current valuation of the remaining properties in Karlholm, it is likely that the Junior Bonds will recover a very small portion of their invested funds (if any). As explained above, even with a structured sales process, there would likely not be any or very little value left to repay the Junior Bondholders. In a forced enforcement scenario, the likelihood of any recovery for the Junior Bondholders is even less. The Issuer is thus proposing to write-down 85% of the Nominal Amount of the Junior Bonds and convert the remaining 15 % of the Nominal Amount of the Junior Bonds (approx. 11.25 million of 75 million SEK) into Senior Bonds on the same terms, which would have a diluting effect of 11.25 million SEK Total Amount of

the Senior Bonds, with the converted Junior Bonds representing approximately c.a. 3,96% of the total amount of Senior Bonds post conversion). The conversion of Junior Bonds into Senior Bonds would also mean that the new Senior Bonds issued to the current Junior Bondholders would have the benefit of sharing the security granted to the Senior Bondholders. This would mean that the converting Junior Bondholders would get their pro rata share (c.a. 3.96% of the total nominal amount of the senior bonds post conversion) when amortizations are being made under the Senior Bonds, instead of receiving no recovery at all as the situation stands.

Please note that a conversion from Junior Bonds to Senior Bonds requires a requisite majority of the Senior Bonds accepting the proposal in the Senior Written Procedure, which also includes a prolongation until 24 March 2028, i.e. by accepting a conversion the Junior Bondholders are also accepting a Final Maturity Date in the Senior Bonds on 24 March 2028. The full Terms and Conditions of the Senior Bonds can be found at <https://www.intertrustgroup.com/our-services/capital-markets-services/Junior-Bond-news/>.

If the Senior Bondholder would not accept a conversion of the Junior Bonds into Senior Bonds, a new written procedure handling the new situation will be sent out to the Junior Bondholders.

Please also note that a decision by a requisite majority of the Junior Bondholders to convert into Senior Bonds will be binding on all Junior Bondholders, whether they have participated in the voting or voted "no".

2. Proposal

Based on the above background and in order to continue developing and subsequently selling the properties at Karlholm Strand and to enable further amortization on the Senior Bonds, the Junior Bondholders are kindly asked to:

1. approve and consent to the write-down of 85% of the Nominal Amount of the Junior Bonds and convert the remaining 15 % of the Nominal Amount of the Junior Bonds (approx. 11.25 million of 75 million SEK) into Senior Bonds (each Junior Bondholder will receive the same currency Bonds as it currently owns, rounded downwards to nearest 1 SEK, 1 EUR, 1 USD, with the FX rate applicable on the conversion date);
2. irrevocably waive any Event of Default resulting from any non-compliance under Clause 15.1 (*Non-Payment*) under the Terms and Conditions for the period between the start of the voting period under the first Written Procedure and the end of the voting period under the second Written Procedure (up to and including the date of execution of the amended and restated Terms and Conditions);
3. authorize the Agent and Vinga Corporate Finance AB to (on behalf of the Bondholders) take all such steps as may be deemed necessary or desirable to implement the Proposal and/or to achieve its purpose, to execute and enter into any documents that may be necessary in connection with the Proposal including any consequential amendments to the Terms and Conditions; and
4. to acknowledge the limitation of liability set out in above under the heading "LIMITATION OF LIABILITY OF THE AGENT".

The requests for approvals and consents set out in Items 1-4 above are jointly referred to as the "**Proposal**".

Consequence of not accepting the Proposal

As the Issuer does not have sufficient funds to repay the Junior Bonds at maturity, the Issuer would become insolvent if the Junior Bonds fell due. The contracts that have been signed for the sale of plots risk being cancelled. In the event of an enforcement of the property mortgages, the value of the plots is expected to fall sharply, meaning that the return on the Junior Bonds will be significantly lower, if any, than if the sales are made in a controlled manner. The sale of plots through an enforcement procedure is also expected to take longer than giving the Issuer time to fulfil the agreements already signed and to continue the marketing of additional plots. All proceeds from a forced enforcement would be paid to the Senior Bondholders and there is a large likelihood that the recovery for the Junior Bondholders will be zero or very low.

B. Decision procedure

The Agent will determine whether replies received are eligible to participate in the Written Procedure, continuously calculate the replies provided in respect of the Proposal and determine the result of the Written Procedure as soon as possible based thereon.

Once a requisite majority of consents of the Adjusted Nominal Amount for which Junior Bondholders reply in the Written Procedure have been received by the Agent, the relevant decision shall be deemed to be adopted, even if the time period for replies in the Written Procedure has not yet expired.

Information about the decision taken in the Written Procedure will be sent by notice to the Junior Bondholders, published on the websites of the Issuer and the Agent and published by way of press release by the Agent.

Minutes from the Written Procedure shall at the request of a Junior Bondholder be sent to it by the Issuer or the Agent, as applicable.

IF THE PROPOSAL IS APPROVED BY THE WRITTEN PROCEDURE IT WILL BE BINDING ON ALL JUNIOR BONDHOLDERS WHETHER THEY PARTICIPATED IN THE WRITTEN PROCEDURE OR VOTED AGAINST THE PROPOSAL OR NOT, IN ACCORDANCE WITH THE TERMS AND CONDITIONS

Voting rights

Anyone who wishes to participate in the Written Procedure must on **28 May 2024 at 12.00** (the "**Record Date**"):

- (i) be registered on the Securities Account as a direct registered owner (*direktregistrerad ägare*); or
- (ii) be registered on the Securities Account as authorised nominee (*förvaltare*),

with respect to one or several Junior Bonds.

If you are not registered as a direct registered owner, but your Junior Bonds are held through a registered authorised nominee (*förvaltare*) or another intermediary, you may have two different options to influence the voting for the Junior Bonds.

1. You can ask the authorised nominee or other intermediary that holds the Junior Bonds on your behalf to vote in its own name as instructed by you.

2. You can obtain a power of attorney or other authorisation from the authorised nominee or other intermediary and send in your own voting form based on the authorisation. If you hold your Junior Bonds through several intermediaries, you need to obtain authorisation directly from the intermediary that is registered in the Securities Account, or from each intermediary in the chain of holders, starting with the intermediary that is registered in the Securities Account as authorised nominee or direct registered owner.

Whether one or both of these options are available to you depends on the agreement between you and the authorised nominee or other intermediary that holds the Junior Bonds on your behalf (and the agreement between the intermediaries, if there are more than one).

The Agent recommends that you contact the securities firm that holds the Junior Bonds on your behalf for assistance, if you wish to participate in the Written Procedure and do not know how your Junior Bonds are registered or need authorisation or other assistance to participate.

Junior Bonds owned by the Issuer, any other Group Company or an Affiliate do not entitle the holders to any voting rights and are not included in the Adjusted Nominal Amount.

No quorum requirement will apply to such second Written Procedure. At the option of each Junior Bondholder, a voting form provided at or before 28 April 2023 in respect of the Written Procedure shall also remain valid for any such second Written Procedure.
