**Information about delayed interest payments**

Due to an administrative error some of the funds that were put aside for interest payments were mistakenly used for property development on the properties owned by the Issuer. The systems (Euroclear / VPS) need to have all funds available on a designated date prior to the interest payment date and since no funds were available at the designated account on the designated date no interest payment were done on Friday 1 June 2018.

Koggbron AB (publ) has committed to reinstate the amounts on the designated interest account before June 21 2018 with stipulated default interest.

We are sorry for the problem this has caused you and if you have any questions, do not hesitate to contact the Agent or issuer as per below.

Best regards,
