The Issuer owns 100 per cent of the shares issued by Gallerierne Hillerød A/S and 100 per cent of the shares issued by Frederiksborg Ejendomme ApS (the Issuer and its subsidiaries are collectively referred to as the "**Group**"). Gallerierne Hillerød A/S owns certain properties. The properties are registered with title no. 184b, Hillerød Bygrunde, situated at Hostrupsvej 32, 3400 Hillerød; owner occupied flat no. 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 14, 15, 16, 20, 21, 23, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43 and 44, title no 186b, Hillerød Bygrunde, situated at Gallerierne 1-44, 3400 Hillerød ("**Gallerierne Hillerød**"); owner occupied flat no. 1 and 2, title no. 307a, Hillerød Bygrunde, situated at Hostrupsvej 22, 3400 Hillerød (the "**Parking Garage**" and together with Gallerierne Hillerød, the "**Gallerierne Hillerød Shopping Mall**"); owner-occupied flat no. 4, title no. 187a, Hillerød Bygrunde, situated at Slotgade 3E, 3400 Hillerød; and title no. 187b, Hillerød Bygrunde, situated at Hostrupsvej 24, 3400 Hillerød (together with Gallerierne Hillerød Shopping Mall, the "**Properties**").

Due to the recent pandemic caused by COVID-19, the Issuer has experienced some delays in the construction of the Properties. The pandemic has of obvious reasons caused significant interruptions in a variety of projects across the globe, including the contemplated project on the Properties. The delays caused by the pandemic in the case of the construction of the Properties have affected both delivery of necessary materials for the construction and delays with the work force.

The delay in the construction phase has also caused in an increase of the total cost of the project. Additionally, the delay in finalizing the construction of the Properties has resulted in a postponement of the scheduled take-over dates by the tenants pursuant to the signed lease agreements, which in turn has resulted in a significant pressure on the liquidity of the Issuer.

Please see the Investor Presentation for an overview of the status of the construction on the Properties and status of the lease agreements.

Current financial situation and way forward

As mentioned above, the Issuer has experienced some cost over-runs, which currently entails a funding gap of approximately 40 MDKK, i.e. the amount necessary to complete the construction on the Properties, which is a prerequisite for the take-overs by the relevant tenants and thereby triggering the lease payments. Of the 40 MDKK approximately 25 MDKK are costs that are due for payment in March/April and approximately additional 15 MDKK is needed for completion.

Please see the Investor Presentation for a liquidity forecast and measures to be taken to complete the construction phase of the Properties.

The Issuer is currently negotiating with a potential third-party lender which has expressed a willingness to provide an up to 45 MDKK subordinated bridge loan to cover the funding gap. In addition, JOOL Corporate Finance AB has been mandated to on a best efforts basis procure a direct loan for this purpose (the "**Bridge Loan**").

In parallel with the completion of the construction and the work to secure the Bridge Loan to complete the construction, the Issuer is currently in negotiations with a number of parties regarding alternative ways of redeeming the Bonds in full. One way that is currently analyzed is to refinance the entire debt in the Issuer with a third-party lender. The other route is to divest the Properties in their entirety to a third-party buyer. The Issuer is in dialogue with a number of interested potential buyers and it is expected to reach a conclusion in April 2022.

In order to be able to finalize the construction on the Properties and thereafter either refinance the Bonds in full or divest the Properties with a subsequent redemption of the Bonds in an orderly manner, the Issuer is now kindly asking for the Bondholders' approval for (i) an extension of the Final Redemption Date of the Bonds (currently 2 March 2022) by six months until 2 September 2022 and (ii) a deferral of the cash Interest payments under the Bonds so that payment of accrued Interest on the Bonds shall be deferred from the latest Interest Payment Date (being 2 December 2021) until the Final Redemption Date (as extended).

As compensation for the Bondholders' approval of the amendment request above, the Issuer is offering to increase the Interest on the Bonds with one percentage unit to 16.00 per cent. *per annum* as from the original Final Redemption Date (i.e. 2 March 2022) until Final Redemption Date (as extended).

2. Amendments to the Terms and Conditions

In order to achieve the above-mentioned objectives, the Issuer hereby requests that the Bondholders approve to amend the Terms and Conditions in accordance with the below:

- (a) Extend the Final Redemption Date of the Bonds (currently 2 March 2022) by six months until 2 September 2022.
- (b) Payment of accrued Interest on the Bonds shall be deferred from the latest Interest Payment Date (being 2 December 2021) until the Final Redemption Date (as extended), without any capitalization or compounding.
- (c) The Interest Rate on the Bonds shall be increased to 16.00 per cent. *per annum* as from the original Final Redemption Date (i.e. 2 March 2022) until Final Redemption Date (as extended).
- (d) Any amendments proposed herein shall be subject to the approval of the corresponding amendments to the Senior Secured Callable Fixed Rate SEK and EUR Bonds 2020/2021 with SEK BOND - ISIN: SE0014957445 and EUR BOND - ISIN: SE0014957452 issued by the Issuer. The increased Interest Rate is subject to the approval of the lenders under the Direct Loan.

The amendments proposed in (a) and (c) above are hereinafter referred to as the "**Proposal**".

3. Request for approval and consents

The Issuer hereby kindly asks the Bondholders to:

1. approve and consent to the Proposal set out above;
2. approve and consent to the amendments to the Terms and Conditions, in order to implement the Proposal and as described in Section 2 (*Amendments to the Terms and Conditions*) above;
3. authorize the Agent to (on behalf of the Bondholders) take all such steps as may be deemed necessary or desirable to implement the Proposal and/or to achieve its purpose, to execute and enter into any documents that may be necessary in connection with the Proposal including any consequential amendments to the Terms and Conditions;

4. provided that the Issuer has not withdrawn the Proposal, irrevocably waive any Event of Default resulting from the inability to redeem the Bonds in full on the original Final Redemption Date (up to and including the date of execution of the amended and restated Terms and Conditions); and
5. to acknowledge the limitation of liability set out in above under the heading "LIMITATION OF LIABILITY OF THE AGENT".

B. Decision procedure

The Agent will determine whether replies received are eligible to participate in the Written Procedure, continuously calculate the replies provided in respect of the Proposal and determine the result of the Written Procedure as soon as possible based thereon.

Once a requisite majority of consents of the Adjusted Nominal Amount for which Bondholders reply in the Written Procedure have been received by the Agent, the relevant decision shall be deemed to be adopted, even if the time period for replies in the Written Procedure has not yet expired.

Information about the decision taken in the Written Procedure will be sent by notice to the Bondholders, published on the websites of the Issuer and the Agent and published by way of press release by the Agent.

Minutes from the Written Procedure shall at the request of a Bondholder be sent to it by the Issuer or the Agent, as applicable.

IF THE PROPOSAL IS APPROVED BY THE WRITTEN PROCEDURE IT WILL BE BINDING ON ALL BONDHOLDERS WHETHER THEY PARTICIPATED IN THE WRITTEN PROCEDURE OR VOTED AGAINST THE PROPOSAL OR NOT, IN ACCORDANCE WITH THE TERMS AND CONDITIONS.

Voting rights

Anyone who wishes to participate in the Written Procedure must on 3 March 2022 (the "**Record Date**"):

- (i) be registered on the Securities Account as a direct registered owner (*direktregistrerad ägare*); or
- (ii) be registered on the Securities Account as authorised nominee (*förvaltare*),

with respect to one or several Bonds.

If you are not registered as a direct registered owner, but your Bonds are held through a registered authorised nominee (*förvaltare*) or another intermediary, you may have two different options to influence the voting for the Bonds.

1. You can ask the authorised nominee or other intermediary that holds the Bonds on your behalf to vote in its own name as instructed by you.

2. You can obtain a power of attorney or other authorisation from the authorised nominee or other intermediary and send in your own voting form based on the authorisation. If you hold your Bonds through several intermediaries, you need to obtain authorisation directly from the intermediary that is registered in the Securities Account, or from each intermediary in the chain of holders, starting with the intermediary that is registered in the Securities Account as authorised nominee or direct registered owner.

Whether one or both of these options are available to you depends on the agreement between you and the authorised nominee or other intermediary that holds the Bonds on your behalf (and the agreement between the intermediaries, if there are more than one).

The Agent recommends that you contact the securities firm that holds the Bonds on your behalf for assistance, if you wish to participate in the Written Procedure and do not know how your Bonds are registered or need authorisation or other assistance to participate.

Bonds owned by the Issuer, any other Group Company or an Affiliate do not entitle the holders to any voting rights and are not included in the Adjusted Nominal Amount.

Quorum

Pursuant to Clause 16(i) of the Terms and Conditions, a quorum in respect of the Written Procedure will only exist if a Bondholder (or Bondholders) representing **at least fifty (50) per cent** of the Adjusted Nominal Amount reply to the Proposal.

If a quorum does not exist, the Agent shall initiate a second Written Procedure, provided that the relevant proposal has not been withdrawn by the Issuer. No quorum requirement will apply to such second Written Procedure. At the option of each Bondholder, a voting form provided at or before 12.00 (CEST) on 16 March 2022 in respect of the Written Procedure shall also remain valid for any such second Written Procedure.

Majority

Pursuant to Clause 16(g)(vi) of the Terms and Conditions, **at least sixty-six and two thirds (66 2/3) per cent** of the Adjusted Nominal Amount for which Bondholders reply in the Written Procedure must consent to the Proposal in order for it to be approved.

Final date to vote in the Written Procedure

The Agent must have received the votes by mail, courier or e-mail to the address indicated below no later than by **12.00 (CEST) on 16 March 2022**. Votes received thereafter will be disregarded.

Status & Way forward

Current financial situation and way forward

- As mentioned above, the Issuer has experienced some cost over-runs, which currently entails a funding gap of approximately DKK 40m, i.e. the amount necessary to complete the construction on the Properties, which is a prerequisite for the take-overs by the relevant tenants and thereby triggering the lease payments
- Of the DKK 40m approx. DKK 25m are costs that are due for payment in March/April and approx. DKK 15m more is needed for completion
- The Issuer is currently negotiating with a potential third-party lender which has expressed a willingness to provide an approx. DKK 45 subordinated bridge loan to cover the funding gap. In addition, JOOL Corporate Finance AB has been mandated to on a best efforts basis procure a direct loan for this purpose (the "Bridge Loan")
- In parallel with the completion of the construction and the work to secure the Bridge Loan to complete the construction, the Issuer is currently in negotiations with a number of parties regarding alternative ways of redeeming the Bonds in full. One way that is currently analyzed is to refinance the entire debt in the Issuer with a third-party lender. The other route is to divest the Properties in their entirety to a third-party buyer. The Issuer is in dialogue with a number of interested potential buyers and it is expected to reach a conclusion in April 2022
- In order to be able to finalize the construction on the Properties and thereafter either refinance the Bonds in full or divest the Properties with a subsequent redemption of the Bonds in an orderly manner, the Issuer is now kindly asking for the Bondholders' approval for (i) an extension of the Final Redemption Date of the Bonds (currently 2 March 2022) by six months until 2 September 2022 and (ii) a deferral of the cash Interest payments under the Bonds so that payment of accrued Interest on the Bonds shall be deferred from the latest Interest Payment Date (being 2 December 2021) until the Final Redemption Date (as extended)
- As compensation for the Bondholders' approval of the amendment request above, the Issuer is offering to increase the Interest on the Bonds with one percentage unit to 12.00 per cent. per annum as from the original Final Redemption Date (i.e. 2 March 2022) until Final Redemption Date (as extended)

Amendments to the Terms and Conditions

In order to achieve the above-mentioned objectives, the Issuer hereby requests that the Bondholders approve to amend the Terms and Conditions in accordance with the below:

- (c) The Interest Rate on the Bonds shall be increased to:
 - (i) for Senior Bonds, 12.00 per cent. per annum as from the original Final Redemption Date (i.e. 2 March 2022) until Final Redemption Date (as extended); and
 - (ii) for the Junior Bonds, 16.00 per cent. per annum as from the original Final Redemption Date (i.e. 2 March 2022) until Final Redemption Date (as extended).
- (d) Any amendments proposed herein shall be subject to the approval of the corresponding amendments to:
 - (i) for the Senior Bonds, the Second Lien Callable Fixed Rate SEK and EUR Bonds 2019/2021 with SEK BOND - ISIN: SE0012816726 and EUR BOND - ISIN: SE0012816734 issued by the Issuer; and
 - (ii) for the Junior Bonds, to the Senior Secured Callable Fixed Rate SEK and EUR Bonds 2020/2021 with SEK BOND - ISIN: SE0014957445 and EUR BOND - ISIN: SE0014957452 issued by the Issuer.

The increase in Interest is also subject to the approval of the direct loan lenders in the Issuer.

The amendments proposed in (a) and (d) above are hereinafter referred to as the "Proposal".

Request for approval and consents

The Issuer hereby kindly asks the Bondholders to:

1. approve and consent to the Proposal set out above;
2. approve and consent to the amendments to the Terms and Conditions, in order to implement the Proposal and as described in Section 2 (Amendments to the Terms and Conditions) above;

4. provided that the Issuer has not withdrawn the Proposal, irrevocably waive any Event of Default resulting from the inability to redeem the Bonds in full on the original Final Redemption Date (up to and including the date of execution of the amended and restated Terms and Conditions); and
5. to acknowledge the limitation of liability set out in above under the heading "LIMITATION OF LIABILITY OF THE AGENT".

Risk factors

The Senior Bondholders and the Junior Bondholders should each carefully consider the risk factors set forth below, as well as the other information contained in the investor presentation, before considering the proposals set out in the Written Procedure. Any of the following risks could materially and adversely affect the Group's (as defined below) business, financial condition or results of operations and, as a consequence, have a significant adverse effect on the Issuer's ability to repay the Senior Bonds and the Junior Bonds.

Frederiksborg Ejendomme 2 ApS, CVR no. 40 57 94 94 (the "Issuer") has (i) issued senior bonds with ISIN SE0014957445 and SE0014957452 in an amount of approximately DKK 90,000,000 (equivalent in SEK and EUR) pursuant to terms and conditions dated 27 November 2020 (the "Senior Bonds" and "Senior Bondholder" means any holder of Senior Bonds); (ii) issued second lien bonds with ISIN SE0012816726 and SE0012816734 in an amount of approximately DKK 30,000,000 (equivalent in SEK and EUR) pursuant to terms and conditions dated 27 August 2019 (the "Junior Bonds" and "Junior Bondholder" means any holder of Junior Bonds) and (iii) taken on a fully subordinated direct loan of approximately DKK 20,000,000 (equivalent in SEK and EUR) at an interest rate of 20 per cent per annually pursuant to separate loan agreements subject to terms and conditions dated on or around 14 October 2021 (the "Direct Loan").

On behalf of and as requested by the Issuer, the Agent, acting in its capacity as Agent for the Senior Bondholders and as Agent for the Junior Bondholders, respectively, the Issuer has initiated a written procedure dated 25 February 2022 (the "Written Procedure"), whereby the Bondholders can approve or reject a proposal from the Issuer regarding, amongst other, postponement of the final redemption date for the Senior Bonds and Junior Bonds as well as postponement of interest payments.

The Issuer owns 100 per cent of the shares issued by Gallerierne Hillerød A/S and 100 per cent of the shares issued by Frederiksborg Ejendomme ApS (the Issuer and its subsidiaries are collectively referred to as the "Group"). Gallerierne Hillerød A/S owns certain properties. The properties are registered with title no. 184b, Hillerød Bygrunde, situated at Hostrupsvej 32, 3400 Hillerød; owner occupied flat no. 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 14, 15, 16, 20, 21, 23, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43 and 44, title no 186b, Hillerød Bygrunde, situated at Gallerierne 1-44, 3400 Hillerød ("Gallerierne Hillerød"); owner occupied flat no. 1 and 2, title no. 307a, Hillerød Bygrunde, situated at Hostrupsvej 22, 3400 Hillerød (the "Parking Garage" and together with Gallerierne Hillerød, the "Gallerierne Hillerød Shopping Mall"); owner-occupied flat no. 4, title no. 187a, Hillerød Bygrunde, situated at Slotgade 3E, 3400 Hillerød; and title no. 187b, Hillerød Bygrunde, situated at Hostrupsvej 24, 3400 Hillerød (together with Gallerierne Hillerød Shopping Mall, the "Properties").

The risks and uncertainties described below are the known risks and uncertainties faced by the Group as of the date hereof that the Issuer believes are the most material risks which are specific to the Group and/or the Senior Bonds and the Junior Bonds and which the Issuer deems material for taking an informed decision in connection with the Written Procedure. The description below is not exhaustive. Additional risks and uncertainties exist which could also materially and adversely affect the Group's business, financial condition or results of operations and, as a consequence, have a significant adverse effect on the Issuer's ability to repay the Senior Bonds and the Junior Bonds.

These risk factors have been produced solely on the basis of information from the Issuer's management and are the sole responsibility of the Issuer's management. No due diligence whatsoever (legal, financial, tax, environment or otherwise) has been carried out by the Agent or any of its advisors or any other person for the purposes of the Written Procedure or with respect to the Group or its assets.

The Group has been unable to refinance or exit its investment in the Properties as planned and the creditors will continue to face a substantial credit risk for principal and interest notwithstanding acceptance of the proposals under the Written Procedure as the Issuer may not be able to refinance, extend or repay its substantial indebtedness owed to its creditors

The Senior Bondholders' and the Junior Bondholders' prospects of receiving payment of and interest in respect of the Senior Bonds and Junior Bonds have always been and still is dependent on the Issuer's ability to meet its payment obligations, which in turn is largely dependent upon the Issuer's ability to either (i) complete the development of Gallerierne Hillerød Shopping Mall and to sell the Property Company or procure that the Properties are sold (whichever will apply) at a satisfactory price level, or (ii) refinance the Senior Bonds and the Junior Bonds at maturity.

The Group has been unable to refinance or exit its investment in the Properties as planned prior to maturity of the Senior Bonds and the Junior Bonds and the creditors will continue to face a substantial credit risk for principal and interest notwithstanding acceptance of the proposals under the Written Procedure as the Issuer may not be able to refinance, extend or repay its substantial indebtedness owed to its creditors.

The Group has experienced delays, interruptions and increased costs for the development and construction of the Properties. Currently, as result of these delays, interruptions and increased costs, the Group estimates that it will require additional sources of liquidity of around DKK 40 million to complete the development and construction of the Properties. Construction on the Properties is currently minimized until additional sources of liquidity is secured to finance completion of the construction of the Properties, a prerequisite for lease payments to commence

The development and construction of the Properties have been adversely affected by the impacts of the COVID-19 pandemic and related governmental restrictions imposed to reduce its spread. Due to the COVID-19 pandemic, there have also been noticeable supply chain disruptions and shortages in building materials affecting the construction industry, resulting in prolonged delays for delivery of building materials, labour shortages and increase in prices for building materials as well as overall costs for construction projects generally. Due to, amongst others, these factors, the Group has experienced delays, interruptions and increased costs for the development and construction of the Properties. Currently, as result of these delays, interruptions and increased costs, the Group estimates that it will require additional sources of liquidity of around DKK 40 million to complete the development and construction of the Properties. Construction on the Properties is currently minimized until additional sources of liquidity is secured to finance completion of the construction of the Properties. Any such additional borrowings could require the consent of the Senior Bondholders, the Junior Bondholders and the lenders under the Direct Loan, depending on the terms of such financing. The Issuer cannot provide any assurance that additional sources of liquidity can be obtained and/or that the construction of the Properties will be completed, which may have a significant adverse effect on the value of the Properties and postpone and further delay the commencement of existing lease agreements and potentially entitle tenants to terminate the lease agreements as a result of such postponement and further delay. Failure to complete the construction of the Properties may furthermore adversely affect the Issuer's ability to either complete a sale of the Properties or Gallerierne Hillerød A/S or a refinancing of the Senior Bonds and the Junior Bonds, which, in each case, in turn may adversely affect the Issuer's ability to repay the Senior Bonds and the Junior Bonds.

Risk factors

The Group will require significant amounts of additional liquidity and there is substantial doubt about the Group's ability to continue as a going concern for a reasonable period of time and, as a consequence, Senior Bondholders and Junior Bondholders could suffer a total or very significant loss of their investment

In the absence of the availability of significant additional sources of liquidity, at the existing cash burn rate, the Issuer anticipates that existing cash resources would be largely depleted by the end of March 2022. Thereafter, to meet its obligations as they become due, the Group will require additional sources of liquidity. The required amounts of additional liquidity will be material and is required in order to finance, inter alia, administration and operating costs for the Properties. There is a significant risk that these potential sources of liquidity will not be realized or that they will be insufficient to generate the material amounts of additional liquidity that would be required until the Group is able to achieve more sufficient levels of operating revenues or complete a sale of the Properties or Gallerierne Hillerød A/S (as applicable) or refinancing of the Senior Bonds and Junior Bonds. Due to these factors substantial doubt exists about the Issuer's ability to continue as a going concern for a reasonable period of time, irrespective of the results and outcome of the Written Procedure. In the event the Issuer determines that additional sources of liquidity will not be available to it or will not allow it to meet its obligations as they become due, it would likely seek an in-court restructuring of its liabilities or be forced to file a petition for bankruptcy. In the event of a future liquidation or bankruptcy proceeding, there is a significant risk that Senior Bondholders and Junior Bondholders would suffer a total or very significant loss of their investments.

The Group may not be able to refinance, extend or repay its substantial indebtedness owed to its creditors, which would have a material adverse effect on its financial condition and ability to continue as a going concern and, as a consequence, Senior Bondholders and Junior Bondholders could suffer a total or very significant loss of their investments

The Issuer is relying on a refinancing of the Senior Bonds and the Junior Bonds as one option to finance a repayment of the Senior Bonds and the Junior Bonds. Any refinancing of the Senior Bonds and the Junior Bonds will likely need to involve a refinancing of most of Group's outstanding debt obligations. Accordingly, the Issuer anticipates that it will need to raise a significant amount of debt in order to complete a refinancing of the Senior Bonds and the Junior Bonds.

As of January 31, 2022, the Group's total outstanding debt obligations amounted to DKK 256.5 million (excluding accrued interest), comprising of mortgage loans in the outstanding principal amount of approx. DKK 98.3m owed by Gallerierne Hillerød A/S to Jyske Realkredit A/S, Senior Bonds in the outstanding aggregate principal amount of approx. DKK 90m, Junior Bonds in the outstanding aggregate principal amount of approx. DKK 30m, a subordinated direct loan in the principal amount of DKK 20m and subordinated shareholder loans of approx. DKK 18.2m. If the Group is unable to raise sufficient capital in the near future to repay these obligations and the Group is otherwise unable to extend the maturity dates or refinance these obligations, the Group would be in default. The Issuer cannot provide any assurances that it will be able to raise the necessary amount of capital to repay these obligations in full or in part or that it will be able to extend the maturity dates or otherwise refinance these obligations and, as consequence, there is substantial doubt about the Group's ability to continue as a going concern for a reasonable period of time. In the event that the Group is unable to complete a refinancing of the Senior Bonds and/or the Junior Bonds, there is a significant risk that Senior Bondholders and Junior Bondholders would suffer a total or very significant loss of their investments.

Furthermore, the mortgage loans owed to Jyske Realkredit A/S is subject to a cross-default provision entailing that a default under other debt obligations will trigger a default of the mortgage loans owed to Jyske Realkredit A/S. Upon a default, Jyske Realkredit A/S would have the right to exercise its rights and remedies to enforce the mortgage security on the Properties and apply any proceeds therefrom against repayment of the mortgage loan. The Properties owned by Gallerierne Hillerød A/S have been mortgaged with first priority to Jyske Realkredit A/S and the pledge of the owner's mortgages granted as security for the Senior Bonds has second priority. In the event of insolvency, bankruptcy or a similar event, all enforcement proceeds from the sale of the Properties would go to Jyske Realkredit A/S diminishing the proceeds that Senior Bondholders and Junior Bondholders may receive. Accordingly, a default would have a material adverse effect on the Group's business and its ability to continue as going concern.

The Issuer ability to repay the Senior Bonds and the Junio Bonds depends on the exit value of the Properties, which is uncertain and influenced by macro-economic factors

For repayment of the Senior Bonds and the Junior Bonds, the Issuer depends, inter alia, on the exit value of the Properties. Real estate assets are relatively illiquid. Such illiquidity may affect the Group's ability to dispose of the Properties in a timely manner and at a satisfactory price. There is no certainty that the Issuer will find a purchaser for Gallerierne Hillerød A/S or the Properties (as applicable) or that any such sale occurs at appropriate or expected conditions. In this respect, the Group is exposed to changes in the general economic or political environment and the real estate market as a whole. Changes in the principal macroeconomic indicators (such as the gross domestic product) or a general economic slowdown or deterioration in the real estate market, or on a global scale, could result in a lower demand for office, retail or residential buildings, higher vacancy rates and higher risk of default of service providers, building contractors, tenants and other counterparties. If any of these risks would arise (or a combination thereof), there is a risk that the Properties will be sold at a loss or at a profitability that is lower than expected, which could have a significant adverse effect on the Issuer's ability to repay the Senior Bonds and the Junior Bonds, respectively, in part or in full or at all.

The value of the Properties is of substantial importance to Senior Bondholders and Junior Bondholders and there can be no assurance that proceeds from a sale of the Properties will be sufficient to repay the Senior Bonds and the Junior Bonds, respectively, in part or in full or at all

As the Issuer is relying on a sale of Gallerierne Hillerød A/S or the Properties (as applicable) as one option to finance a repayment of the Senior Bonds and the Junior Bonds, the value of the Properties is of substantial importance to Senior Bondholders and Junior Bondholders. Any circumstance or adverse development in the market value of the Properties could imply that the Issuer is unable to repay such principal or a part of the principal at maturity. The value of the Properties (in a completed state) is estimated by the Issuer at DKK 331,2 million. Consequently, the estimated value assumes completion of outstanding construction work on the Properties at the estimated costs of around DKK 40 million. There can be no assurance that outstanding construction work on the Properties will be completed. Uncertainty therefore exists in relation to the value of the Properties in its current (unfinished) state. The amount to be received upon a sale of Gallerierne Hillerød A/S or the Properties (as applicable) would be dependent on numerous factors, including, but not limited to, the actual fair market value of the Properties in question at such time, general, market and economic conditions, legal restrictions, the stage of completion of the development projects and the timing and the manner of the sale. There can be no assurance that the Gallerierne Hillerød A/S or the Properties (as applicable) can be sold at a price equal to their estimated market value or at all or that the proceeds from any such sale will be sufficient to repay the Senior Bonds, the Junior Bonds, respectively, in part or in full or at all.

Risk factors

The current delays in constructing and finalising the Properties may result in the Group being unable to meet its obligations under its lease contracts with tenants and entitle tenants to terminate their lease agreements or claim damages and/or trigger obligations for the Group to pay daily penalties, which, in each case, will have an adverse effect on the value of the Properties and the Issuer's ability to repay the Senior Bonds and the Junior Bonds

Lease agreements may contain customary provisions on delayed access for a tenant, which may be applicable in case of construction related delays, such as overall delays in constructing and finalising the Properties, ultimately affecting when a tenant may commence its business operations in the relevant Property. There is a risk that the current delays in constructing and finalising the Properties may result in the Group being unable to meet its obligations under its lease contracts with tenants, which in turn may ultimately entitle tenants to terminate their lease agreements and avail themselves of the rights and remedies they may have under the relevant lease agreements and applicable law, including, but not limited to, claiming damages from the Group. If the Group is unable to fulfill and maintain its lease contracts with its tenants, it may adversely affect the value of the Properties, which could reduce profit or result in a loss at sale. If the proceeds from a sale of the Properties or Gallerierne Hillerød A/S are insufficient to cover all the debt in the Group, the Issuer may be unable to repay the Senior Bonds and the Junior Bonds.

Under a lease contract with Nordisk Film Biografer A/S, Nordisk Film Biografer A/S should have taken over its tenancy following the completion of the development of Gallerierne Hillerød no later than by end of January 2022, being the last possible effective date of the tenancy. The Group has not been able to meet this deadline and, as a result, there is substantial risk that Gallerierne Hillerød A/S must pay Nordisk Film Biografer A/S daily penalties amounting to DKK 20,000 per day for the first 30 days and DKK 40,000 per day thereafter until Nordisk Film Biografer A/S can take over the tenancy. The daily penalties will be payable on the first opening day of a cinema located on the tenancy. As no completion date for the Properties is currently known or projected, there is an imminent risk that the Property Company could incur significant accumulated daily penalties. The Issuer has not budgeted for the payment of the daily penalties. Any such daily penalties would be payable by Gallerierne Hillerød A/S, so accordingly the accumulated daily penalties would either increase the debt in Gallerierne Hillerød A/S, which could negatively affect the profits from sale of Gallerierne Hillerød A/S, or be paid by Gallerierne Hillerød A/S, which could reduce the distributable proceeds that can be upstreamed to the Issuer. Furthermore, there is a risk that Nordisk Film Biografer A/S as a result of the delay terminates the lease contract, which would adversely affect the value of Gallerierne Hillerød A/S or Properties (as applicable). In either case, it would reduce the Issuer's ability to repay the Senior Bonds and the Junior Bonds.

The Senior Bonds and the Junior Bonds are structurally subordinated to the liabilities of the Issuer's subsidiaries

No subsidiary of the Issuer has any obligation to pay amounts due under the Senior Bonds and the Junior Bonds or to make funds available for that purpose. Generally, holders of indebtedness of, and trade creditors of, the Issuer's subsidiaries (including Jyske Realkredit A/S), are entitled to payments of their claims from the assets of such subsidiary before these assets are made available for distribution to the Issuer as a shareholder. Accordingly, in the event of insolvency, liquidation or a similar event relating to the subsidiaries:

- the creditors of the Issuer will have no right to proceed against the assets of such subsidiary (except to the extent such subsidiary has granted security over its assets in favour of the relevant creditor); and
- all creditors of such subsidiary, including trade creditors, will be entitled to payment in full from the sale or other disposal of the assets of such subsidiary before the Issuer, as a direct or indirect shareholder, will be entitled to receive any distributions from such subsidiary.

As such, the Senior Bonds and the Junior Bonds are structurally subordinated to the creditors (including trade creditors) of the Issuer's subsidiaries and the creditors of the Issuer will only receive payments once all creditors of the insolvent subsidiary have been repaid in full. If the Issuer has downstreamed proceeds as equity in a subsidiary, the Issuer's right to receive repayment will at any time rank after the claims of operational and financial creditors of that subsidiary and any such creditors will control restructuring, distress or insolvency proceedings of that subsidiary without right of the Issuer to vote or take part.

Risks relating to the transaction security and diminishing value of the security package

Although the Issuer's obligations towards the Senior Bondholders and the Junior Bondholders is, inter alia, secured by pledges over certain assets, it is not certain that the proceeds of any enforcement sale of the security assets would be sufficient to satisfy all amounts then owed to the Senior Bondholders and the Junior Bondholders.

If a subsidiary of the Issuer, the shares of which have been pledged in favour of the Senior Bondholders and Junior Bondholders, is subject to any foreclosure, dissolution, winding-up, liquidation, recapitalisation, administrative or other bankruptcy or insolvency proceedings, the shares that are subject to such pledge may have limited value because all of the company's obligations must first be satisfied, potentially leaving little or no remaining assets in the company for the Senior Bondholders and Junior Bondholders. As a result, the Senior Bondholders and Junior Bondholders may not recover the full value (or any value in the case of an enforcement sale) of the shares.

How much more capital is needed to fully finish the development of the whole Property?

- Estimated between DKK 30 - 40m

Why has the current financing not been enough to finish the development in time and within the budget?

The delay caused by Covid-19 has had a big impact on the development, both in terms of signing new leasing agreements with tenants and the development of the property. The past year has also seen substantial increases in material costs and some unforeseen developments that has turned out more expensive then budgeted for

How will you finance the remaining capital needed for development?

- The owner is in dialogues with private investors to come in with financing to finish the development
- The owner is in dialogues with potential senior lenders about a refinancing of debt
- The owner is in dialogues with potential buyers of the property

To give the owner more time to complete any, some or all of above suggestions the investors are asked for a prolongation of 6 months until the 2nd of September 2022
