This Prospectus has been approved by the Financial Conduct Authority (the "FCA") as competent authority under the Prospectus Regulation. The FCA only approves this Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation. Such approval should not be considered as an endorsement of the Issuer (as defined in this Prospectus) or any Obligor (as defined herein) or of the quality of the Notes (as defined in this Prospectus) that are subject of this Prospectus. Investors should make their own assessment as to the suitability of investing in the Notes.

Application has been made to the FCA as competent authority for the £250,000,000 1.246 per cent. Private Rental Sector Secured Notes due 2037 (the "Notes") of Folio Residential Finance No. 1 plc (the "Issuer") to be admitted to the official list of the FCA (the "Official List") and to trading on the regulated market of the London Stock Exchange plc (the "LSE"). The LSE's regulated market is a regulated market for the purposes of the Markets in Financial Instruments Directive (Directive 2014/65/EU).

The Notes will be issued on 5 October 2020 or such later date as may be agreed by Barclays Bank PLC (the "Arranger" or the "Bookrunner"), the Issuer and HSBC Corporate Trustee Company (UK) Limited (the "Note Trustee", which expression shall include its successors and assignees and each person from time to time acting as note trustee under the Note Trust Deed (as defined in this Prospectus)) (the "Closing Date").

The Notes will mature on the Final Maturity Date unless previously redeemed on the Expected Maturity Date, or otherwise, in accordance with the Conditions. In addition to repayment of the Notes on the Final Maturity Date, the Notes will be subject to mandatory redemption and/or optional redemption in whole or in part before the Final Maturity Date in certain circumstances, and subject to the terms and conditions set out in the Conditions. If any withholding or deduction for or on account of tax is applicable to the Notes, payments of interest on, and principal and premium (if any) of, payment of the Notes will be made after such withholding or deduction has been made. Neither the Issuer nor any Paying Agent shall be obliged to pay any additional or further amounts as a consequence thereof.

The Notes will be limited recourse obligations of the Issuer only and will not be guaranteed by, or be the responsibility of, any other person or entity. It should be noted, in particular, that the Notes will not be obligations of, and will not be guaranteed by the Borrower, the Propcos, the Parent, the Obligor Holdco, NHG, any other member of the Group, the Note Trustee, the Issuer Security Trustee, the Obligor Security Trustee, the Loan Facility Agent, the Borrower Account Bank, the Issuer Cash Manager, the Issuer Account Bank, the Arranger, the Bookrunner, the Principal Paying Agent, the Servicer, the Special Servicer or the Corporate Services Provider (each as defined herein). The indebtedness of the Borrower under the Issuer/Borrower Loan will be secured over all of the assets and undertaking of each of the Propcos, the Parent and the Borrower, all as more particularly described below. The Notes will be secured over all of the assets and undertaking of the Issuer which will include its rights under the Issuer/Borrower Loan and the security therefor, all as more particularly described below.

The Notes are expected on issue to be assigned a rating of Aa1 by Moody's Investors Service Limited ("Moody's") (Moody's, together with any other rating agencies appointed by the Issuer from time to time to provide credit ratings for the Notes, the "Rating Agencies"). A credit rating is not a recommendation to buy, sell or hold securities and may be subject to revision, suspension or withdrawal at any

time by the assigning rating organisation. As of the date of this Prospectus, Moody's is established in the United Kingdom and is registered under Regulation (EC) No 1060/2009 (as amended) (the "CRA Regulation"). The Issuer accepts responsibility for the information contained in this document. To the best of the knowledge of the Issuer, the information contained in this document is in accordance with the facts and this document makes no omission likely to affect its import.

This Prospectus contains or refers to figures (all subject to commercial rounding), market data, analyst reports, and other publicly available information about the market which are based on published market data or figures from publicly available sources. Where information contained in this Prospectus has been sourced from third-party sources, the Issuer confirms that such information is accurately reproduced and that as far as the Issuer is aware and is able to ascertain from information published by that third party, no facts have been omitted that would render the information reproduced in this Prospectus inaccurate or misleading.

Jones Lang LaSalle Limited (the "Valuer") accepts responsibility for the information set out in the sections entitled "Key Characteristics of the Property Portfolio – Valuer" and "Property Portfolio – Cashflows and net income" and for the Property Portfolio Valuation Report contained in Appendix 1 to this Prospectus. To the best of the Valuer's knowledge, the information contained in such sections and in the Property Portfolio Valuation Report is in accordance with the facts and such sections do not omit anything likely to affect the import of such information.

No person is or has been authorised in connection with the issue and sale of the Notes to give any information or to make any representation not contained in this document and, if given or made, such information or representation must not be relied upon as having been authorised by or on behalf of the Issuer, the Borrower, the Parent, the Propcos, the Obligor Holdco, NHG, any other member of the Group, the Note Trustee, the Issuer Security Trustee, the Obligor Security Trustee, the Loan Facility Agent, the Borrower Account Bank, the Issuer Cash Manager, the Issuer Account Bank, the Servicer, the Special Servicer, the Arranger, the Bookrunner, the Paying Agents or the Corporate Services Provider. Neither the delivery of this document nor any sale or allotment made in connection with the offering of any of the Notes shall under any circumstances constitute a representation or create any implication that there has been no change in the affairs of the Issuer, the Borrower, the Parent, the Propcos, the Obligor Holdco, NHG, any other member of the Group, the Note Trustee, the Issuer Security Trustee, the Obligor Security Trustee, the Loan Facility Agent, the Borrower Account Bank, the Issuer Cash Manager, the Issuer Account Bank, the Servicer, the Special Servicer, the Arranger, the Bookrunner, the Paying Agents or the Corporate Services Provider or in the information contained herein since the date hereof or that the information contained herein is correct as at any time subsequent to the date hereof.

None of the Arranger, the Bookrunner, the Note Trustee, the Issuer Security Trustee or the Obligor Security Trustee has independently verified (i) the information contained or incorporated herein (ii) any statement, representation, or warranty, or compliance with any covenant, of the Issuer contained in the Notes or any other agreement or document relating to the Notes or (iii) the execution, legality, effectiveness, adequacy, genuineness, validity, enforceability or admissibility in evidence of the Notes, the Transaction Documents or any other document relating to the Notes. Accordingly, no representation, warranty or undertaking, express or implied, is made and no responsibility or liability is accepted by the Arranger, the Bookrunner, the Note Trustee, the Issuer Security Trustee or the Obligor Security Trustee as to (a) the accuracy or completeness of the information contained or incorporated by reference in this Prospectus or any other information provided by the Issuer in connection with this Prospectus, the offering of the Notes or their distribution or (b) the execution, legality, effectiveness, adequacy, genuineness, validity, enforceability or admissibility in evidence of the Notes, the Transaction Documents or any other document relating to the Notes.

No action has been or will be taken to permit a public offering of the Notes or the distribution of this document in any jurisdiction where action for that purpose is required. The distribution of this document and the offering of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this document (or any part hereof) comes are required by the Issuer, the

Arranger and the Bookrunner to inform themselves about, and to observe, any such restrictions. For a further description of certain restrictions on offers and sales of the Notes and distribution of this document, see the section of this Prospectus entitled "Subscription and Sale". Neither this document nor any part hereof constitutes an offer of, or an invitation by, or on behalf of, the Issuer, the Arranger or the Bookrunner to subscribe for or purchase any of the Notes. Neither this document, nor any part hereof, may be used for or in connection with an offer to, or solicitation by, any person in any jurisdiction or in any circumstances in which such offer or solicitation is not authorised or to any person to whom it is unlawful to make such offer or solicitation.

Accordingly, the Notes may not be offered or sold, directly or indirectly, and neither this document nor any part hereof nor any other offering circular, prospectus, form of application, advertisement, other offering material or other information may be issued, distributed or published in any country or jurisdiction (including the United Kingdom), except in circumstances that will result in compliance with all applicable laws, orders, rules and regulations.

The investment activities of certain investors are subject to legal investment laws and regulations, or review or regulation by certain authorities. Each potential investor in the Notes should consult its legal advisers to determine whether and to what extent (a) the Notes are legal investments for it, (b) the Notes can be used as collateral for various types of borrowing and (c) other restrictions apply to its purchase or pledge of any of the Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of the Notes under any applicable risk-based capital or similar rules.

Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (A) have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained in this Prospectus;
- (B) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;
- (C) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes or where the currency for principal or interest payments is different from the potential investor's currency;
- (D) understand thoroughly the terms and conditions of the Notes and the underlying transaction and be familiar with the financial markets; and
- (E) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

A potential investor should not invest in the Notes, which are complex financial instruments, unless it has the expertise (either alone or with a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of the Notes and the impact this investment will have on the potential investor's overall investment portfolio.

### **Eurosystem eligibility of the Notes**

The Notes will be in bearer new global note ("NGN") form and will be deposited with the Common Safekeeper for Euroclear and Clearstream, Luxembourg. However, the deposit of the Notes with the Common Safekeeper upon issuance or otherwise does not necessarily mean that the Notes will be recognised as eligible collateral for Eurosystem monetary policy and intraday credit operations by the Eurosystem at issuance or at any time during their life. Such recognition will

depend upon the European Central Bank being satisfied that Eurosystem eligibility criteria have been met. Accordingly, potential investors should not presume or infer any representation, warranty, confirmation or guarantee that the Notes will, either upon issue, or at any or at all times during their life, satisfy all or any requirements for Eurosystem eligibility and be recognised as Eurosystem eligible collateral. In addition, no assurance is given that the Notes will be eligible for any specific central bank liquidity schemes. Any potential investor in the Notes should make its own conclusions and seek its own advice with respect to whether or not the Notes constitute Eurosystem eligible collateral or qualify for any central bank liquidity schemes.

# MIFID II PRODUCT GOVERNANCE/PROFESSIONAL INVESTORS AND ECPS ONLY TARGET MARKET

Solely for the purposes of the Arranger's product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in Directive 2014/65/EU (as amended, "MiFID II"); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a "distributor") should take into consideration the Arranger's target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the Arranger's target market assessment) and determining appropriate distribution channels.

#### PRIIPS REGULATION/PROHIBITION OF SALES TO EEA AND UK RETAIL INVESTORS

The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area ("EEA") or in the United Kingdom (the "UK"). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of MiFID II; (ii) a customer within the meaning of Directive (EU) 2016/97 (as amended or superseded, (the "Insurance Distribution Directive"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in the Prospectus Regulation. Consequently no key information document required by Regulation (EU) No 1286/2014 (as amended, the "PRIIPs Regulation") for offering or selling the Notes or otherwise making them available to retail investors in the EEA or in the UK has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA or in the UK may be unlawful under the PRIIPS Regulation.

THE NOTES HAVE NOT BEEN APPROVED OR DISAPPROVED BY THE UNITED STATES SECURITIES AND EXCHANGE COMMISSION (THE "SEC"), ANY STATE SECURITIES COMMISSION OR ANY OTHER U.S. FEDERAL OR STATE REGULATORY AUTHORITY, NOR HAVE ANY OF THE FOREGOING AUTHORITIES PASSED UPON THE ACCURACY OR ADEQUACY OF THIS PROSPECTUS. ANY REPRESENTATION TO THE CONTRARY IS A CRIMINAL OFFENCE.

### **UNITED STATES DISTRIBUTION RESTRICTIONS**

THE NOTES HAVE NOT BEEN AND WILL NOT BE REGISTERED UNDER THE SECURITIES ACT OR THE SECURITIES LAWS OR "BLUE SKY" LAWS OF ANY STATE OR OTHER JURISDICTION OF THE UNITED STATES AND THEREFORE MAY NOT BE OFFERED OR SOLD WITHIN THE UNITED STATES OR TO, OR FOR THE ACCOUNT OR BENEFIT OF, U.S. PERSONS (AS DEFINED IN REGULATION S UNDER THE SECURITIES ACT) EXCEPT PURSUANT TO AN EXEMPTION FROM, OR IN A TRANSACTION NOT SUBJECT TO, THE REGISTRATION REQUIREMENTS OF THE SECURITIES ACT AND APPLICABLE STATE OR LOCAL SECURITIES LAWS. ACCORDINGLY, THE NOTES ARE BEING OFFERED AND SOLD OUTSIDE THE UNITED STATES TO PERSONS OTHER THAN U.S. PERSONS PURSUANT TO REGULATION S UNDER THE SECURITIES ACT. FOR A DESCRIPTION OF CERTAIN RESTRICTIONS ON RESALES OR TRANSFERS, SEE "SUBSCRIPTION AND SALE".

ANY NOTES OFFERED AND SOLD BY THE ISSUER MAY NOT BE PURCHASED BY, OR FOR THE ACCOUNT OR BENEFIT OF, ANY "U.S. PERSON" AS DEFINED IN THE U.S. RISK RETENTION RULES ("RISK RETENTION U.S. PERSONS"). EACH PURCHASER OF NOTES OR A BENEFICIAL INTEREST THEREIN ACQUIRED IN THE INITIAL SYNDICATION OF THE NOTES, BY ITS ACQUISITION OF THE NOTES OR A BENEFICIAL INTEREST THEREIN WILL BE DEEMED TO HAVE MADE, AND IN CERTAIN CIRCUMSTANCES WILL BE REQUIRED TO MAKE, CERTAIN REPRESENTATIONS AND AGREEMENTS, INCLUDING THAT IT (1) IS NOT A RISK RETENTION U.S. PERSON, (2) IS ACQUIRING SUCH NOTE OR A BENEFICIAL INTEREST THEREIN FOR ITS OWN ACCOUNT AND NOT WITH A VIEW TO DISTRIBUTE SUCH NOTE, AND (3) IS NOT ACQUIRING SUCH NOTE OR A BENEFICIAL INTEREST THEREIN AS PART OF A SCHEME TO EVADE THE REQUIREMENTS OF THE U.S. RISK RETENTION RULES.

There is no undertaking to register the Notes under U.S. state or federal securities laws. Until 40 days after later of the commencement of the offering of the Notes and the Closing Date, an offer or sale of the Notes within the United States by any dealer (whether or not participating in this offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than pursuant to an exemption from the registration requirements of the Securities Act.

References in this document to "£", "pounds" or "sterling" are to the lawful currency for the time being of the United Kingdom of Great Britain and Northern Ireland.

References in this Prospectus to the "Financial Conduct Authority" or "FCA" are to the United Kingdom Financial Conduct Authority.

Capitalised terms used in this document, unless otherwise indicated, have the meanings set out in this document. An index of defined terms used herein appears at the back of this document.

#### FORWARD-LOOKING STATEMENTS

Certain matters contained herein are forward-looking statements. Such statements appear in a number of places in this Prospectus, including with respect to assumptions regarding rental payments and certain other characteristics of the tenancies referred to in this Prospectus, and reflect significant assumptions and subjective judgments by the Issuer and/or the Obligors that may or may not prove to be correct. Such statements may be identified by reference to a future period or periods and the use of forward-looking terminology such as "may", "will", "could", "believes", "expects", "projects", "anticipates", "continues", "intends", "plans" or similar terms. Consequently, future results may differ from the expectations of the Issuer and/or the Obligors generally due to a variety of factors, including (but not limited to) the economic environment and changes in governmental regulations, fiscal policy, planning or tax laws in the United Kingdom and other relevant jurisdictions. Other factors not presently known to the Issuer and/or the Obligors generally or that the Issuer and/or the Obligors presently believe are not material could also cause results to differ materially from those expressed in the forward-looking statements included in this Prospectus. Moreover, past financial performance should not be considered a reliable indicator of future performance and prospective purchasers of the Notes are cautioned that any such statements are not guarantees of performance and involve risks and uncertainties, many of which are beyond the control of the Issuer and/or the Obligors. None of the Arranger, the Bookrunner, the Note Trustee, the Issuer Security Trustee and the Obligor Security Trustee have attempted to verify any such statements and they do not make any representation, express or implied, with respect thereto. Prospective investors should not therefore place undue reliance on any of these forwardlooking statements. None of the Issuer, the Obligors, the Arranger and the Bookrunner or any other person assumes any obligation to update these forward-looking statements or to update the reasons for which actual results could differ materially from those anticipated in the forward-looking statements.

#### **CERTAIN REGULATORY CONSIDERATIONS**

### Securitisation Regulation

Prospective investors should note that the Issuer is of the opinion that the requirements of Regulation (EU) No 2017/2402 (the "Securitisation Regulation") do not apply to the Notes and none of the Issuer, the Borrower, the Parent, the Propcos, the Obligor Holdco, NHG, any other member of the Group, the Note Trustee, the Issuer Security Trustee, the Obligor Security Trustee, the Loan Facility Agent, the Borrower Account Bank, the Issuer Cash Manager, the Issuer Account Bank, the Servicer, the Special Servicer, the Arranger, the Bookrunner, the Paying Agents or the Corporate Services Provider, or any other transaction party, or any of their respective affiliates or advisers, accepts responsibility to investors for the regulatory treatment of their investment in the Notes, including (but not limited to) whether the Notes will be regarded as constituting a "securitisation" or a "securitisation position" for the purposes of the Securitisation Regulation and its application by any regulatory authority in any jurisdiction. No undertaking has been or will be given in relation to the Securitisation Regulation requirements (including, among other things, criteria for credit granting, the risk retention, transparency or investor due diligence requirements of the Securitisation Regulation). If the regulatory treatment of an investment in the Notes is relevant to any investor's decision whether or not to invest, the investor should make its own determination as to such treatment and for this purpose seek professional advice and consult its regulator.

#### **EU Risk Retention**

Prospective investors should note that the Issuer has considered, and obtained legal advice as to, the applicability of EU risk retention and due diligence requirements to the transaction described in this Prospectus and, based solely upon such advice, is of the opinion that such EU risk retention and due diligence requirements do not apply to the Notes. Prospective investors are referred to the "Risk Factors" section of this Prospectus for further information on such EU risk retention and due diligence requirements and certain related considerations.

### U.S. Credit Risk Retention

The transaction described in this Prospectus will not involve risk retention for the purposes of the U.S. Risk Retention Rules, and the issuance of the Notes was not designed to comply with the U.S. Risk Retention Rules to the extent the transaction described in this Prospectus is a "securitization transaction" subject to the U.S. Risk Retention Rules. If the U.S. Risk Retention Rules apply, it is intended that the applicable sponsor rely on an exemption provided for in Section 20 of the U.S. Risk Retention Rules regarding non-U.S. transactions that meet certain requirements. Consequently, any Notes offered and sold by the Issuer may not be purchased by, or for the account or benefit of, any person except for persons that are not "U.S. persons" as defined in the U.S. Risk Retention Rules ("Risk Retention U.S. Persons"). Each purchaser of Notes, including beneficial interests therein will, by its acquisition of a Note or beneficial interest therein, be deemed, and in certain circumstances will be required, to have made certain representations and agreements, including that it (1) is not a Risk Retention U.S. Person, (2) is acquiring such Note or a beneficial interest therein for its own account and not with a view to distribute such Note; and (3) is not acquiring such Note or a beneficial interest therein as part of a scheme to evade the requirements of the U.S. Risk Retention Rules.

Prospective investors should note that the definition of "U.S. person" in the U.S. Risk Retention Rules is different from the definition of "U.S. person" in Regulation S. See "*Risk Factors – U.S. Risk Retention Requirements*" for further details.

None of the Issuer, the Obligors, the Arranger, the Bookrunner, NHG or any other party or any of its respective affiliates makes any representation to any prospective investor or purchaser of the Notes as to whether the transactions described in this Prospectus are subject to, or comply as a matter of fact with, the U.S. Risk Retention Rules on the Closing Date or at any time in the future.

Investors should consult their own advisers as to the U.S. Risk Retention Rules. No predictions can be made as to the precise effects of such matters on any investor or otherwise.

# Volcker Rule may restrict the ability of relevant individual prospective purchasers to invest in the Notes

The Issuer is of the view that it is not now and, immediately following the issuance of the Notes and the application of the proceeds thereof it will not be, a "covered fund" as defined in the regulations adopted under Section 13 of the Bank Holding Company Act of 1956, as amended, commonly known as the "Volcker Rule". In reaching this conclusion, although other statutory or regulatory exclusions and/or exemptions under the United States Investment Company Act of 1940, as amended (the "Investment Company Act") and under the Volcker Rule and its related regulations may be available to the Issuer, this conclusion is based on the determination that the Issuer would satisfy all of the elements of the "Loan Securitization Exclusion" provided under Section 10(c)(8) of the Volcker Rule. Any prospective investor in the Notes, including a bank or a subsidiary or other affiliate thereof, should consult its own legal advisors regarding the Volcker Rule and its effects. None of the Issuer, NHG, the Borrower, the Bookrunner, or any other party to the transaction makes any representation to any prospective investor regarding the application of the Volcker Rule to the Issuer or to such prospective investor's investment in the Notes, as of the date hereof or at any time in the future.

Any prospective investor in any Notes, including a U.S. or foreign bank or a subsidiary or other affiliate thereof, should consult its own legal advisors regarding the effects of the Volcker Rule in respect of any investment in the Notes and should conduct its own analysis to determine whether the Issuer is a "covered fund" for its purposes.

#### **UNDERLYING BUSINESS AND THE TRANSACTION**

#### **Business overview**

Folio London Limited (the "**Obligor Holdco**") is a private company limited by shares registered with company number 06091982 and a wholly-owned subsidiary of NHG. Obligor Holdco's principal activity is to own and rent properties at market rent.

### **Overview of the Property Portfolio**

The Property Portfolio is comprised of 1,523 Properties (each a "**Property**" and together the "**Properties**") with a total value of £562,214,100 (as valued as at 1 October 2020 in the Property Portfolio Valuation Report and set out in Appendix 1).

The Properties within the Property Portfolio as at the Closing Date will be located in the Greater London area and Chelmsford, Essex. See further the section of this Prospectus entitled "*Property Portfolio*".

The Property Portfolio will initially be created by way of an intra-group re-organisation, pursuant to which each Property will be transferred to the relevant Original Propco.

The purchase price for the Properties will initially be funded by a contribution from NHG, who will enter into loan agreements (each an "NHG Loan Agreement") with each Original Propco pursuant to which loans will be advanced (each an "NHG Loan"), together with direct or indirect equity contributions from other members of the NHG Group to each Original Propco, and the deferral of payment of the purchase price for certain Properties until the Closing Date. Each NHG Loan will be secured by the relevant Property or Properties of that Original Propco by way of mortgage granted by that Original Propco in favour of NHG (each an "NHG Mortgage"). At completion, the proceeds of the Notes will be used to repay in full the balance of the purchase price owing to certain members of the NHG Group (other than the Obligors) for certain of the Properties transferred prior to the Closing Date, together with a portion of the NHG Loans such that no amounts remain owing by any Original Propco to any member of the NHG Group other than to the Borrower and pursuant to the NHG Loans. Following the partial prepayment of the NHG Loans from the proceeds of the Issuer/Borrower Loan, the balance of the NHG Loans will remain outstanding, together with the NHG Mortgages, and will be subordinated to the Issuer/Borrower Loan and the Transaction Obligor Security pursuant to the STID.

### Issue of the Notes and use of proceeds

The Issuer will issue the Notes on 5 October 2020 (the "Closing Date"). The proceeds of the Notes will be, on the Closing Date, on-lent by the Issuer to the Borrower pursuant to a facility agreement dated the Closing Date (the "Issuer/Borrower Facility Agreement" or "IBFA" and the facility provided by the Issuer to the Borrower thereunder on the Closing Date, the "Issuer/Borrower Facility" and the loan made thereunder on the Closing Date, the "Issuer/Borrower Loan"). The Borrower will on-lend the proceeds of the Issuer/Borrower Loan to the Propose under the Intra-Group Agreement for each Propose to pay all outstanding deferred payments in respect of the purchase of the Properties and to partially repay the NHG Loans.

The payment of interest and repayment of principal by the Borrower in respect of the Issuer/Borrower Loan to be advanced on the Closing Date will provide the primary source of funds for the Issuer to make payments of interest, other amounts and repayment of principal under the Notes. The fees and expenses of the Issuer incurred in connection with the issue of the Notes will be met by the Issuer using certain fees payable by the Borrower pursuant to the Issuer/Borrower Facility Agreement.

The Notes will constitute (subject to the Conditions) direct, unconditional and secured obligations of the Issuer and shall at all times rank *pari passu* and without preference among themselves and

(with the exception of obligations in respect of applicable statutory exceptions and subject as aforesaid) equally with all its other secured obligations (other than subordinated obligations, if any) from time to time outstanding.

# Repayment of the Issuer/Borrower Loan

The primary source of funds for payments of interest, other amounts and repayment of principal in respect of the Issuer/Borrower Loan will be payments of interest, other amounts and repayments of principal by the Propcos to the Borrower under the loans made by the Borrower to the Propcos corresponding to the Issuer/Borrower Loan or the advance of loans by the Propcos to the Borrower from time to time (in each case) under the Intra-Group Agreement (each an "Intra-Group Loan" and together, the "Intra-Group Loans"). The primary source of funds for the payments of interest, other amounts and repayments of principal by the Propcos under the Intra-Group Loans will be net rental income and other cashflows derived from the Properties owned by the Propcos.

### **Obligor Guarantees**

The liabilities of the Borrower under the Issuer/Borrower Loan and the other Obligor Transaction Documents and the liabilities of the Propcos under the other Obligor Transaction Documents will be cross-guaranteed by each other Obligor (the "**Obligor Guarantees**").

### **Transaction Obligor Security**

The Borrower, the Parent and each Original Propco will grant, on the Closing Date, in favour of a security trustee (the "Obligor Security Trustee") first ranking fixed and floating security ("Obligor Security") over all its property, undertaking and assets pursuant to a deed of charge dated the Closing Date between, among others, the Borrower, the Parent each Original Propco and the Obligor Security Trustee (the "Obligor Deed of Charge"), as supplemented and amended from time to time. The security granted will secure each Obligor's obligations pursuant to the Obligor Transaction Documents.

In addition to the security granted by the Borrower, the Parent and the Original Propcos on the Closing Date (pursuant to the Obligor Deed of Charge), each of NHG, the Obligor Holdco and Project Light (Market Rent) Limited ("PLMR") will grant, on the Closing Date, in favour of the Obligor Security Trustee first fixed security (together with the Obligor Security, "Transaction Obligor Security") over, in the case of NHG, its secured debt claims against each of the Original Propcos pursuant to the NHG Loans and, in the case of the Obligor Holdco and PLMR, first fixed security over their shares in any member of the Obligor Group and any related rights. This security will be limited recourse to the assets so secured (and there will be no wider recourse to NHG, the Obligor Holdco or PLMR pursuant to such arrangement).

# Obligor representations, warranties, covenants, Obligor Events of Default and intercreditor arrangements

The Issuer/Borrower Loan will be subject to representations and warranties, covenants and Obligor Events of Default (and related defined terms) which are set out in the Issuer/Borrower Facility Agreement and a master definitions agreement (the "MDA") entered into on the Closing Date. The Obligor Guarantees and the Transaction Obligor Security are held by the Obligor Security Trustee on trust for itself and the Issuer (on behalf of the Issuer Secured Creditors), the Loan Facility Agent, the Borrower Account Bank, the Property Manager (in respect of the obligations owed to it pursuant to the Property Management Agreement) and the other creditors of the Obligors (excluding any member of the NHG Group) that are party to or accede to the Issuer/Borrower Facility Agreement, the MDA and the STID from time to time (together, the "Obligor Secured Creditors") under the terms of a security trust and intercreditor deed (the "STID") entered into on the Closing Date.

### **Issuer Security**

The Issuer's obligations under the Notes, the Note Trust Deed, the Issuer Deed of Charge and the other Issuer Transaction Documents are secured by, amongst other things, the fixed and floating security granted by the Issuer over all its property, undertaking and assets and the assignment of the benefit of the security and the rights which the Issuer enjoys under the Issuer/Borrower Facility Agreement, the STID and the MDA and the other Issuer Transaction Documents in favour of the Issuer Security Trustee to be held on trust on behalf of itself and the Note Trustee and on behalf of the Noteholders and/or Couponholders, the Issuer Cash Manager, the Issuer Account Bank, the Paying Agents, the Servicer, the Special Servicer, the Corporate Services Provider and the other creditors of the Issuer that are party to or accede to the Issuer Deed of Charge from time to time under the terms thereof (together, the "Issuer Secured Creditors").

# Servicing of the Issuer/Borrower Loan

The Issuer will appoint the Servicer to service and administer the Issuer/Borrower Loan until the occurrence of a Special Servicing Transfer Event. In addition, the Issuer will appoint the Special Servicer as special servicer of the Issuer/Borrower Loan. Following the occurrence (if any) of a Special Servicing Transfer Event, the Special Servicer will formally assume special servicing duties in respect of the Issuer/Borrower Loan and the Issuer/Borrower Loan will become a Specially Serviced Loan. Following the occurrence of a Special Servicing Transfer Event, the Servicer's duties will continue with respect to certain administrative functions.

Pursuant to the Servicing Agreement, the Servicer and the Special Servicer will exercise all rights, powers and discretions of the Issuer with respect to the Issuer/Borrower Loan in accordance with the Servicing Standard. The Servicer will also be required to prepare and provide the Servicer Quarterly Report containing information with respect to the Issuer/Borrower Loan, and make the same available to the Issuer Cash Manager, who will make the same publicly available at <a href="https://investorreporting.gbm.hsbc.com/">https://investorreporting.gbm.hsbc.com/</a>.

The Servicer and the Special Servicer may, in certain circumstances, without the consent of any other person, subcontract or delegate the performance of all or any of their respective obligations under the Servicing Agreement. Notwithstanding any such subcontracting or delegation, the Servicer or the Special Servicer, as applicable, will not be released from any liability under the Servicing Agreement in respect of the performance of its obligations.

The appointment of the Servicer or the Special Servicer:

- (A) may be terminated by the Issuer or, following the service of an Issuer Enforcement Notice, the Issuer Security Trustee, upon the occurrence of a Servicing Termination Event;
- (B) will be terminated by the Issuer Security Trustee pursuant to a direction by the Note Trustee, itself directed by the Noteholders (acting by Extraordinary Resolution); or
- (C) may be terminated by the resignation of the Servicer or the Special Servicer by giving at least three months' written notice.

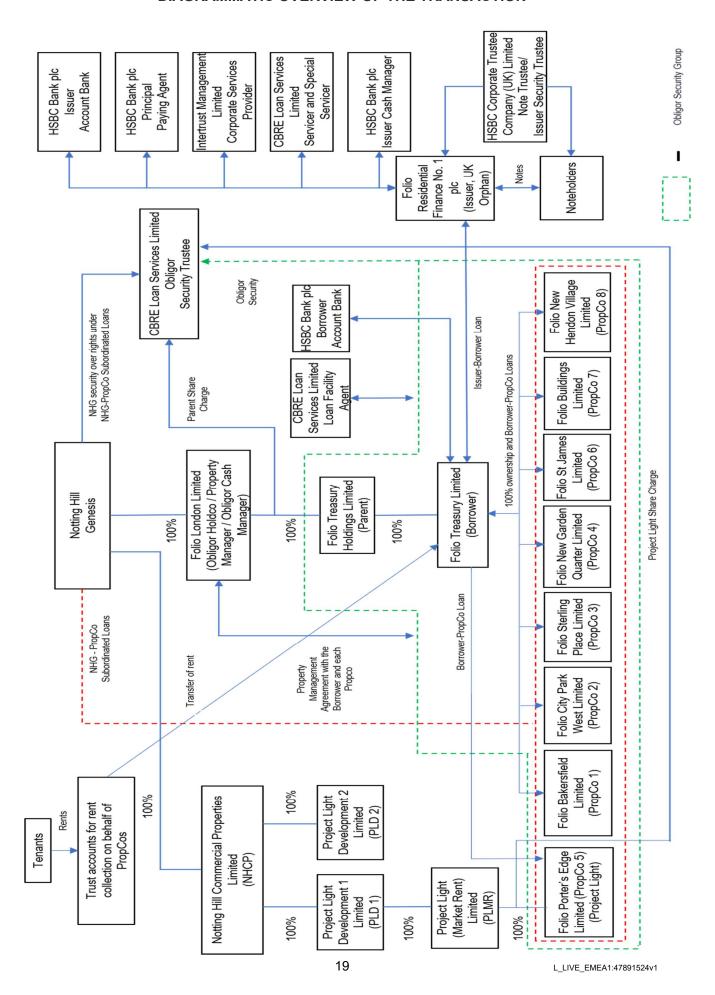

No termination of the appointment of, or resignation from the appointment by, the Servicer or Special Servicer will be effective until (among other conditions) a replacement servicer or special servicer, as the case may be, has been appointed under the terms of a servicing agreement on substantially similar terms to the Servicing Agreement (save as to remuneration).

See the section entitled "Description of the Servicing Arrangements" for further information.

#### General

See the sections of this Prospectus entitled "Diagrammatic Overview of the Transaction" below fo an overview of the transaction.

### DIAGRAMMATIC OVERVIEW OF THE TRANSACTION

#### **RISK FACTORS**

The following is a summary of certain aspects of the Notes, the Issuer and the related transactions of which prospective Noteholders should be aware. Prior to making an investment decision in the Notes, prospective investors should consider carefully all of the information set out in this Prospectus, including the investment considerations detailed below. This summary is not intended to be exhaustive, and prospective investors in the Notes should make their own independent assessment of all investment considerations and should also read the detailed information set out elsewhere in this Prospectus prior to making an investment decision.

#### RISKS RELATED TO THE AVAILABILITY OF FUNDS TO PAY THE NOTES

### The Notes will not be guaranteed by any person

The Issuer is the only entity responsible for making any payments on the Notes. The Notes will be limited recourse obligations of the Issuer only and will not be obligations or responsibilities of, or guaranteed by, any other person or entity, including the Arranger, the Bookrunner (or their respective affiliates), the Borrower, Parent, the Propcos, any other Obligor, the Obligor Holdco, NHG or any member of the Group. The Notes will not be obligations or responsibilities of, and will not be guaranteed by, any person (other than the Issuer) and no person other than the Issuer will accept any liability whatsoever to the Noteholders in respect of any failure by the Issuer to pay any amount due under the Notes.

#### Limited resources of the Issuer and the Borrower

The Issuer is a special purpose financing entity with no business operations other than the issue of the Notes, the entering into of the Issuer/Borrower Facility Agreement and the transactions ancillary thereto.

The ability of the Issuer to meet its obligations under the Notes and its ability to pay its operating and administrative expenses will depend primarily on the receipt by it of funds from the Borrower under the Issuer/Borrower Facility Agreement (see the section of this Prospectus entitled "The Borrower's ability to meet its obligations in respect of the Issuer/Borrower Loan is dependent on the performance of the Property Portfolio" below) and the receipt of interest from the Issuer Transaction Account.

Other than the foregoing, prior to enforcement of the Transaction Obligor Security and the Issuer Security, the Issuer will not have any other funds available to it to meet its obligations under the Notes and its obligations ranking in priority to, or *pari passu* with, the Notes. If the resources described above cannot provide the Issuer with sufficient funds to enable the Issuer to make the required payments on the Notes, the Noteholders may incur a loss of interest, principal and/or premium (if any) which would otherwise be paid in accordance with the Conditions.

If, on default by the Borrower and/or the other Obligors and following the exercise of all available remedies in respect of the Issuer/Borrower Loan and the Transaction Obligor Security, the Issuer does not receive the full amount due from the Borrower and/or the other Obligors under the Issuer/Borrower Facility Agreement, then the Noteholders may receive on redemption an amount less than the then Principal Amount Outstanding of their Notes and the Issuer may be unable to pay in full interest due and accrued, together with any other amounts due, on the Notes. The Issuer does not guarantee or warrant full and timely payment by the Borrower and/or the other Obligors of any sums under the Issuer/Borrower Facility Agreement.

Similar to the Issuer, the Borrower is a special purpose financing entity with no business operations other than the entering into of the Issuer/Borrower Facility Agreement, the Intra-Group Agreement and the transactions ancillary thereto. See the section of this Prospectus entitled "The Borrower's ability to meet its obligations in respect of the Issuer/Borrower Loan is dependent on the performance of the Property Portfolio" below.

20 L\_LIVE\_EMEA1:47891524v1

# Certain Issuer Secured Creditors and Obligor Secured Creditors will rank ahead of the Noteholders and the Issuer, respectively, in respect of the Issuer Security and Obligor Security

In the event that the Issuer Security is enforced, the proceeds of such enforcement may be insufficient, after payment of amounts ranking in priority to the Notes, to pay, in full, all amounts of principal, interest and premium (if any) due in respect of the Notes.

Although the Issuer Security Trustee will hold (in respect of the Noteholders) the benefit of the Issuer Security on trust for, *inter alios*, the Noteholders and the Obligor Security Trustee holds the benefit of the Obligor Security on trust for, *inter alios*, the Issuer (as lender to the Borrower of the Issuer/Borrower Loan), such security interests will also be held on trust for other Issuer Secured Creditors and Obligor Secured Creditors, respectively, that will rank (as applicable) ahead of the Noteholders and the Issuer (as Iender to the Borrower of the Issuer/Borrower Loan). Certain of the Issuer's obligations to, *inter alios*, the Note Trustee (in its individual capacity), the Issuer Security Trustee (in its individual capacity), the Paying Agents, the Issuer Cash Manager and the Issuer Account Bank in respect of certain amounts owed to them rank ahead of the Noteholders. See the section of this Prospectus entitled "*Payment Priorities*".

To the extent that significant amounts are owing to any such persons, the amounts available to the Noteholders will be reduced.

# Refinancing risk relating to the Issuer/Borrower Loan may affect the ability of the Issuer to redeem the Notes

The Issuer/Borrower Loan may not be fully repaid or refinanced by the Expected Maturity Date or, as applicable, the Final Maturity Date. This means that the Notes may not be repaid by either such date. There is no guarantee that the Obligor Group will be able to refinance the Issuer/Borrower Loan.

Unless previously repaid, the Borrower will be required to repay the Issuer/Borrower Loan on the Loan Maturity Date (as defined below). The ability of the Issuer to redeem the Notes on the Expected Maturity Date (or on the Final Maturity Date, or otherwise) is dependent on the repayment in full of the Issuer/Borrower Loan by the Borrower and the Borrower having sufficient funds to pay all amounts ranking pari passu and senior thereto. The ability of the Borrower to repay the Issuer/Borrower Loan in its entirety on the Loan Maturity Date will depend upon, amongst other things, its ability to find a lender or lenders willing to lend to the Borrower and/or the other Obligors sufficient funds to enable repayment of the Issuer/Borrower Loan. If the Borrower and/or other Obligors cannot find such a lender or lenders, then the Obligors (other than the Borrower) may be forced, in circumstances which may not be economically advantageous, into selling some or all of the Properties in order to repay the Intra-Group Loans and thereby facilitate the repayment of the Issuer/Borrower Loan. Failure by the Borrower and/or other Obligors to refinance any Issuer/Borrower Loan or, in the case of the Obligors, failure to sell the Properties to refinance the Intra-Group Loans will result in the Borrower defaulting under the Issuer/Borrower Facility. In the event of such a default, the Noteholders may receive by way of principal repayment an amount less than the then Principal Amount Outstanding of their Notes.

# Note Maturity Plan may fail to be implemented, or it may not provide the most beneficial outcome for Noteholders

If (a) any part of the Issuer/Borrower Loan remains outstanding twelve months prior to the Final Maturity Date (the "Note Maturity Plan Trigger Date") and (b) in the opinion of the Special Servicer, all recoveries then anticipated by the Special Servicer with respect to the Issuer/Borrower Loan (whether by enforcement of the related Transaction Obligor Security or otherwise) are unlikely to be realised in full prior to the Final Maturity Date, the Special Servicer will be required to prepare a draft selection of proposals (the "Note Maturity Plan") and present the same to the Issuer, the Note Trustee and the Issuer Security Trustee no later than 45 days after the Note Maturity Plan

Trigger Date. At least one proposal provided by the Special Servicer must be that the Issuer Security Trustee, at the cost of the Issuer, will engage an independent financial or legal expert or receiver to advise the Issuer Security Trustee as to the enforcement of the Issuer Security. The Issuer, with the assistance of and on the direction of the Special Servicer, will publish the Note Maturity Plan with the Regulatory Information Service.

Upon receipt of the draft Note Maturity Plan, the Issuer will publish a draft of the Note Maturity Plan in accordance with Condition 15 (*Notice to Noteholders*) and will convene a meeting of the Noteholders at which the Noteholders will have the opportunity to discuss the various proposals contained in the draft Note Maturity Plan with the Special Servicer. Following such meeting, the Special Servicer shall reconsider the Note Maturity Plan and make modifications thereto to address the views of the Noteholders (subject to the Servicing Standard) following which it shall promptly (x) provide a final Note Maturity Plan to the Issuer, the Rating Agencies, the Note Trustee and the Issuer Security Trustee and (y) request that the Issuer provide the Noteholders with a final Note Maturity Plan.

Upon receipt of the final Note Maturity Plan, the Issuer will convene a meeting of the Noteholders to select their preferred option among the proposals set out in the final Note Maturity Plan. If a proposal in the final Note Maturity Plan receives the approval of the Noteholders by way of Ordinary Resolution at such meeting, then such proposal will be implemented by the Special Servicer, irrespective of whether it results in a Basic Terms Modification or relates to an Entrenched Right and shall have no liability to any person for seeking to implement and subsequently implementing such proposal with no regard to the Servicing Standard. However, the Special Servicer shall not be required to implement any such proposal (i) if to do so would cause it to breach any applicable law or regulation and (ii) until it has been indemnified and/or secured and/or prefunded to its satisfaction. If no proposal in the final Note Maturity Plan receives the approval of the Noteholders by way of Ordinary Resolution at such meeting, then the Note Trustee will be deemed to be directed by all the Noteholders to instruct the Issuer Security Trustee to appoint a receiver (to the extent applicable) to realise the Issuer Security in accordance with the Issuer Deed of Charge as soon as practicable upon such right becoming exercisable provided that the Issuer Security Trustee will have no obligation to do so if it shall not have been indemnified and/or secured and/or pre-funded to its satisfaction.

# Exchange rate risks and exchange controls may result in investors receiving less interest or principal than expected on the Notes

The Issuer will pay principal and interest on the Notes in sterling. This presents certain risks to currency conversion if an investor's financial activities are denominated principally in a currency or currency unit other than sterling (the "Investor's Currency"). These include the risk that exchange rates may significantly change (including changes due to devaluation of sterling or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the specified Investor's Currency may impose or modify exchange controls. An appreciation of value of the Investor's Currency relative to sterling would decrease (1) the Investor's Currency-equivalent yield on the Notes, (2) the Investor's Currency equivalent value of the principal payable on the Notes and (3) the Investor's Currency equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate. As a result, investors in the Notes may receive less interest, principal and/or premium (if any) than expected on the Notes, or no interest, principal and/or premium (if any) at all.

### The Issuer's reliance on third parties

The Issuer is a party to contracts with a number of third parties who have agreed to perform certain services in relation to the Notes. For example, the Corporate Services Provider has agreed to provide various corporate services to the Issuer and the Issuer Cash Manager and the Paying Agents have agreed to provide, *inter alia*, payment, administration and calculation services (as

applicable) to the Issuer in connection with the Notes. In the event that any of these service providers fail to perform its obligations under the respective agreements to which it is a party, the ability of the Issuer to make payments owed in respect of the Notes may be affected.

The Issuer will not enter into any hedging arrangements with any hedge counterparties.

#### RISKS RELATING TO THE UNDERLYING ASSETS

# The Propcos are exposed to demand risk, a potential fall in occupancy and dependence on re-letting

The Propcos are exposed to demand risk each year. For further details, see the section of this Prospectus entitled "*The Obligors*".

Demand for accommodation is influenced by a number of external factors, including:

- (A) factors affecting the specific demand for the Obligors' accommodation, including the quality of the offerings available, the location of accommodation, the facilities it has to offer, as well as the price of the accommodation relative to alternatives; and
- (B) supply side factors including overall supply of alternative accommodation and the risk of increased supply over time.

The implications of demand risk are that an Obligor's accommodation may not be full at the rent levels set, or, in order to sustain demand, an Obligor may have to reduce the rent to compete for tenants. This would impact the revenue earned by the Obligor. The Obligors have no other sources of income other than the rents from occupiers of the accommodation and commercial lettings. Each may impact the Borrower's ability to make payments to the Issuer in respect of the Issuer/Borrower Loan, which may in turn impact the Issuer's ability to make payments in respect of the Notes.

Additionally, the Obligors' ability to repay the Issuer/Borrower Loan will depend in part on the ability of the Obligors to continue to let the Properties on economically favourable terms. As substantially all of the income from the Properties derives from rentals, the Obligors' ability to make payments on the Intra-Group Loans and the Issuer/Borrower Facility Agreement could be adversely affected if occupancy levels of the Properties were to fall and/or a significant number of tenants or other occupiers were unable to meet their obligations under their leases or tenancies.

### Operating expenses may increase that are not offset through an equivalent increase in rents

The Propcos' operating and other expenses could increase without a corresponding increase in turnover or rents. Factors which could increase operating and other expenses include increases in:

- (A) the rate of inflation;
- (B) property taxes and other statutory charges;
- (C) insurance premiums; and
- (D) the costs of maintaining properties.

There can be no guarantee that in the future operating expenses will not increase, or that the Propcos will be able to offset any increase in operating expenses through a corresponding increase in revenue or rents. Such increases may have a material adverse effect on the Obligors' business, financial conditions or results of operations.

#### Default under the Occupational Leases

The Obligors' revenue is dependent on the collection of rents from tenants. Rent arrears by tenants may increase, particularly if the general UK economy suffers.

There is a risk that rental income due from the occupational tenants will not be paid on the due date or will not be paid at all. In the event of a late payment of rent which is not received on the due date therefor and, where the resultant shortfall is not otherwise compensated for from other resources of the Propcos within the grace period for payment under the Intra-Group Agreement, the Propcos may fail to pay the amounts due under the Intra-Group Agreement and consequently the Borrower may fail to pay the amount due on the Issuer/Borrower Loan on the next Interest Payment Date and an Obligor Event of Default will occur. No assurance can be made that the resources available to the Issuer will, in all cases and in all circumstances, be sufficient to cover any shortfall of interest on the Notes and that an Issuer Event of Default will not in fact occur as a result of the late payment of rent.

Where a Property is or becomes vacant during a tenancy and cannot be immediately re-let, the rental income from the relevant Property may be affected, although the relevant Obligor may have a right to recover unpaid amounts from the relevant tenant or any guarantor of that tenant's obligations and to apply any rental deposit paid by that tenant in satisfying unpaid amounts. Where a Property becomes vacant at the end of a tenancy and cannot be immediately re-let, the level of rental income from the relevant Property will be affected.

# There is a risk that Properties may have been constructed with materials that endanger occupants

Following the Grenfell Tower tragedy on 14 June 2017 at a local authority residential tower, there has been a nationwide review of cladding affixed to residential tower blocks and fire safety procedures and equipment in tall buildings.

It is expected that there will be changes to building regulations which could lead to an increase in the cost of construction of new homes or to additional costs in relation to the refurbishment, adaptation or improvement of existing homes. The property pool contains 7 schemes which contain blocks which are either over six storeys or over 18 metres in height. There are no buildings in the property pool with Aluminium Composite Material ("ACM") cladding. It is possible that changes to building regulations may adversely affect the Propcos' ability to make payments to the Borrower under the Intra-Group Agreement, which may in turn impact the Borrower's ability to make payments to the Issuer in respect of the Issuer/Borrower Loan, which may in turn affect the Issuer's ability to make payments in respect of the Notes.

# Reports and valuations in relation to the Property Portfolio

There is a risk that there may be factors concerning the title to the Properties which would, if known, affect their market value. In order to mitigate this risk, the below certificates and reports were produced. However, there is no condition precedent to the advance of the Issuer/Borrower Loan and/or to the issuance of the Notes for delivery of updated certificates, reports and a ratings affirmation (other than the Property Portfolio Valuation Report). There can be no assurance that the historic certificates and reports will have identified all relevant factors relating to title (for example, some of the Properties may be subject to unknown restrictive covenants). In addition, there can be no assurance that relevant factors affecting title have not arisen following the production of the historic certificates and reports (certain of such certificates and reports were produced prior to the Closing Date).

Apart from:

- (A) the certificates of title addressed to and which may be relied on by, amongst others, the Issuer and the Obligor Security Trustee prepared by Devonshires Solicitors LLP in respect of the Property Portfolio; and
- (B) the Property Portfolio Valuation Report and the earlier dated valuation reports of the Property Portfolio (as at such time),

no reports have been prepared specifically, or made available, for the purpose of this Prospectus or the transactions contemplated herein and none of the Issuer, the Arranger, the Bookrunner, the Obligor Security Trustee, the Issuer Security Trustee or the Note Trustee has made any independent investigation of any of the matters stated therein, except as disclosed in this Prospectus.

There can be no assurance that the market value of a Property or the Property Portfolio as a whole will continue to be equal to or exceed the valuations given to it in the Property Portfolio Valuation Report. Each Valuation is inherently subjective due to, among other factors, the individual nature of each Property, its location and the expected future rental revenues from that particular Property at a particular point in time, and subject to various limitations, qualifications and assumptions. Assumptions may prove to be inaccurate, and are subject to various risks and contingencies, many of which are not within the control of the Issuer, the Issuer Security Trustee or the Obligor Security Trustee. Moreover, a valuation is only an estimate of value at the date it is given and should not be relied upon as a measure of realisable value in the future. Further, a valuation seeks to establish the amount a typically motivated buyer would pay a typically motivated seller. Such amount could be significantly higher than the amount obtained from the sale of any of the Properties in a distress or liquidation sale. In addition, due to the inherently subjective nature of a valuation, (a) it is unlikely that any two valuers will determine the same market value of a property, even if provided with the same information relating thereto and, as such, (b) a margin of error between two valuations is commonly accepted. Refer to the risk factor entitled "Uninsured loss in relation to the Property Portfolio" for further details.

Further general assumptions are set out in the section entitled "Valuation Assumptions" of the Property Portfolio Valuation Report contained in Appendix 1 to this Prospectus.

### Uninsured loss in relation to the Property Portfolio

The Issuer/Borrower Facility Agreement requires the Obligors to carry insurance with respect to the Properties (or diligently enforce all obligations on the part of the superior landlords to insure under the relevant Head Lease). The requirements set out in the Issuer/Borrower Facility Agreement are consistent with the policy of Folio as Property Manager to act as a prudent and responsible manager of property assets.

All insurance cover for the Propcos and the Properties (other than Tandem Apartments, Rathbone Market and Masthead House (representing respectively 0.7%, 2% and 2% of the Property Portfolio by gross rent and value)) will be provided under NHG's Property Stock and Combined Liability policies. Loss of rent cover (three years) will be provided for all Propcos and Properties (including Tandem Apartments, Rathbone Market and Masthead House) under NHG's Property Stock and Combined Liability policies.

Tandem Apartments, Rathbone Market and Masthead House are to be held by the relevant Propcos on leaseholds granted by third party landlords, and on this basis, such third party landlords are responsible for providing property insurance in accordance with the applicable lease terms.

There are certain types of losses (such as losses resulting from wars, nuclear radiation, radioactive contamination and settling of structures) which are not covered by the required insurance policies. Losses resulting from terrorism, civil commotion and subsidence are currently covered by the insurance policies. There can be no guarantee, however, that losses from terrorism, civil commotion and subsidence or certain other types of losses will remain insurable or economically insurable and

therefore covered by the required insurance policies throughout the term of the Issuer/Borrower Loan. No assurance can be given that material losses in excess of insurance proceeds received in respect of a Property will not occur in the future or that any insurance proceeds in respect of a Property will be received at all.

Inflation, changes in building codes and ordinances, environmental considerations and other factors, including terrorism or acts of war, also may result in insurance proceeds, if any, being insufficient to repair or rebuild a Property if it is damaged or destroyed. Under such circumstances, the insurance proceeds, if any, may be inadequate to restore the Obligors' economic position with respect to the affected real estate. Should an uninsured loss or a loss in excess of insured limits occur, the Obligors could lose capital invested in the affected Property as well as anticipated future revenue from that Property. In addition, the Obligors could be liable to repair damage caused by uninsured risks. The Obligors would also remain liable for any debt or other financial obligations relating to that Property.

If such losses occur and are not covered by insurance, there could be an adverse effect on the Obligors' business, financial condition and/or operations. This may adversely affect Propcos' ability to make payments to the Borrower under the Intra-Group Agreement, which may in turn impact the Borrower's ability to make payments to the Issuer in respect of the Issuer/Borrower Loan, which may in turn affect the Issuer's ability to make payments in respect of the Notes.

#### Default under Head Leases / Underleases

In the case of 1,146 of the Properties, the interests held by the relevant Propcos are entirely leasehold (of which 1,016 Properties are held pursuant to headleases and 130 Properties are held pursuant to underleases) as opposed to freehold (such leasehold interests, the "**Head Leases and Underleases**"). The length of the term of the Head Leases and Underleases under which these Properties are held ranges from 125 years to 999 years.

The 130 Properties are covered by three Underleases, each owned by Folio Buildings Limited (defined as "Propco 7" below) and comprise the following:

- the Underlease at Rathbone Market comprised of 35 Properties market value in the Property Portfolio Valuation Report is £11,403,900;
- the Underlease at Masthead House (under the Royal Wharf Scheme) comprised of 22 Properties market value in the Property Portfolio Valuation Report is £11,192,600; and
- the Underlease at Frobisher Yard (under the Royal Albert Wharf Scheme) comprised of 73 Properties market value in the Property Portfolio Valuation Report is £28,770,600.

As these 1,146 Properties are held on a leasehold basis, there is a risk in each such case that the landlord of the relevant Property may terminate the Head Lease or Underlease before the expiry of the contractual term for failure to pay rent or another breach of tenant obligation. The rent obligations under these leases are either for a peppercorn or for sums ranging from £100 to £10,325 per annum (the latter amount covering a scheme of 35 Properties). The most onerous tenant obligation in the Head Leases and Underleases is typically an obligation to keep the buildings in good repair. Each Obligor has undertaken in the Issuer/Borrower Facility Agreement to pay, when due, all sums payable by it under each Head Lease or Underlease, to perform and observe all of its covenants under each Head Lease or Underlease and not to commit a material breach of any Head Lease or Underlease.

In respect of the three Underleases, in addition to the above forfeiture risk there is a risk that the superior lease is forfeited by the freeholder for breach by the superior landlord (whether or not the relevant Propco has breached the terms of its Underlease) which would have the effect of automatically forfeiting the relevant Underlease. The superior lease in respect of each of the three Underleases comprises additional property (in addition to the property demised to the relevant

Propco). The freeholder of each of the three Underleases is a third party not connected with the relevant Propco (or its group).

If any such breach occurs, the landlord may commence court proceedings or otherwise take action to terminate the Head Lease or Underlease by way of "forfeiture", although court proceedings are more likely given the residential use to which the premises are put.

If this were to occur in relation to the Head Leases, the relevant Propco (and/or the Obligor Security Trustee as mortgagee) would have the right to apply to the court for relief from forfeiture. While there is no certainty that any relief would be granted, if granted, this would result in the continuation of the lease

If this were to occur in relation to the Underleases or if the superior landlord's interest was disclaimed, the relevant Propco (and/or the Obligor Security Trustee as mortgagee) would have the right to apply to the court for relief from forfeiture or a vesting order. The court has discretion to decide the basis upon which it will grant relief or a vesting order and is entitled to order that a subtenant of part is required to take a new lease on the terms of the headlease.

For a summary of the obligations in the Head Leases or Underleases requiring the relevant landlord to notify the mortgagee and permit the mortgagee time to remedy the relevant breach by the relevant Propco, please see the section "Property Portfolio".

# Delegation under the Obligor Transaction Documents

Except to the limited extent described herein, none of the Obligor Security Trustee, the Issuer Security Trustee, the Note Trustee nor any Noteholder has any right to participate in the management or affairs of the Issuer, the Borrower, the Propcos, any of the other Obligors or the Property Manager. In particular, such parties cannot supervise the functions relating to the management or operation of the Properties and the leasing and re-leasing of the space within the Properties or otherwise.

None of the Borrower, the Parent or the Propcos has executive management resources of its own and, as such, the Borrower, the Parent and the Propcos will each rely upon, *inter alia*, the Property Manager and other service providers for all asset servicing, executive and administrative functions. Failure by any such party to perform its obligations could have a material adverse effect upon the Issuer's ability to repay the Notes. There can be no assurance that, were any such party to resign or its appointment be terminated, a suitable replacement property manager could be found or found in a timely manner, and engaged on terms acceptable to the Note Trustee, the Issuer Security Trustee or the Obligor Security Trustee, as applicable. In either case, this might cause a downgrading in the then current ratings of the Notes by the Rating Agencies.

# Property acquisition and management involves certain risks

The acquisition of properties involves a number of risks inherent in assessing the values, strengths, weaknesses and profitability of the Properties. Whilst it is the Obligors' policy to always undertake sufficient and appropriate valuations and environmental and structural surveys in order to assess those risks, unexpected problems and latent liabilities or contingencies such as the existence of hazardous substances or other environmental liabilities may still emerge. Any such liabilities or unexpected problems might impact the value of the Obligors' assets.

The management of properties also involves a number of inherent risks including reliance on third parties complying with their obligations. Any delays or cost overruns might impact on the Obligors' revenue generated from operations. Additionally, there is a risk that buildings which have been constructed as part of any of the Obligor's properties may have a latent design defect which has not yet come to light and could require capital expenditure to remedy the defect which is not currently budgeted for. Such impacts may adversely affect the Propcos' ability to make payments to the Borrower under the Intra-Group Agreement, which may in turn impact the Borrower's ability

to make payments to the Issuer in respect of the Issuer/Borrower Loan, which may in turn impact the Issuer's ability to make payments in respect of the Notes.

# General risks relating to the ownership of property

Real property investments are subject to varying degrees of risk. Rental revenues and property values are affected by changes in the general economic climate and local conditions such as an oversupply of space, a reduction in demand for real estate in an area, competition from other available space or increased operating costs. Rental revenues and property values are also affected by such factors as political developments, government regulations (including, without limitation, building regulations) and changes in planning or tax laws, interest rate levels, inflation, the availability of financing and yields of alternative investments. Residential rentals and values are sensitive to such factors which can sometimes result in rapid, substantial increases and decreases in rental and valuation levels. Any resulting decline in rental levels may adversely affect the ability of the Borrower to meet its obligations under the Issuer/Borrower Facility Agreement which could result in Noteholders suffering a loss on their Notes.

#### RISKS RELATING TO CHANGES TO THE STRUCTURE AND DOCUMENTS

Modifications, waivers and consents in respect of the Obligor Transaction Documents and the Issuer Transaction Documents and enforcement of the Obligor Security and the Issuer Security may be made without the knowledge or consent of individual Noteholders

Certain decisions by the Note Trustee may be made without the knowledge or consent of individual Noteholders. The Note Trust Deed contains provisions which determine the rights of and the resolution procedures regarding conflicts of interest between the Noteholders. The Note Trust Deed also grants the Note Trustee certain powers regarding, *inter alia*, modification, waiver or authorisation of any breach or proposed breach by the Issuer under the Notes or any of the Issuer Transaction Documents, subject to certain limitations (as more particularly set out in Conditions 12.7 to 12.9 (Meetings of Noteholders, modification and waiver)).

The Conditions and the Note Trust Deed contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally (other than matters which concern the enforcement of the Obligor Security or modifications to the Common Documents, which matters may only be addressed in accordance with the procedures set out in the STID as described below). These provisions permit defined majorities to bind all Noteholders, including Noteholders who did not vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority. The Conditions and the Note Trust Deed will provide that the Note Trustee, subject to the provisions of the STID, may, without the consent of Noteholders, agree to (i) any modification of, or to the waiver or authorisation of any breach or proposed breach of, any of the provisions of Notes, or (ii) determine without the consent of the Noteholders that any Issuer Event of Default or Potential Issuer Event of Default shall not be treated as such, or (iii) the substitution of another company as principal debtor under any Notes in place of the Issuer.

### **OBLIGOR RISKS**

The Borrower's ability to meet its obligations in respect of the Issuer/Borrower Loan is dependent on the performance of the Property Portfolio

The Borrower's ability to meet its obligations under the Issuer/Borrower Loan will ultimately be dependent on the performance of the Property Portfolio and, in particular, the collection of rents from tenants and the ability to find tenants for vacant Properties (see the risk factor entitled "Default under the Occupational Leases" above).

If the Borrower is unable to meet its obligations in respect of the Issuer/Borrower Loan and any other amounts owed by it under the Issuer/Borrower Facility Agreement, then the sole recourse of the Issuer would, subject to the Transaction Obligor Security Documents, be to instruct the Obligor

Security Trustee to enforce the Transaction Obligor Security granted by the Borrower and the other Transaction Obligors.

# Propcos are exposed to changes to health and safety legislation

There is a risk that changes to health and safety legislation could have an adverse impact on a Propco's business and require unplanned and unbudgeted capital expenditure to ensure compliance. In addition, non-compliance by a Propco may result in prosecution and fines by the Health and Safety Executive.

One area of importance is the regulation of houses in multiple occupation (also known as "HIMOs"). HIMO regulation was introduced in 2006 to improve the quality of existing private rented stock both in terms of physical condition and management. The regulation falls on local authorities to licence HIMOs, and should the regime extend to the Obligors' accommodation this would result in an additional compliance burden they do not currently undertake.

Such unplanned or unbudgeted capital expenditure, or payment of any significant fines, may adversely affect a Propco's ability to make payments to the Borrower under the Intra-Group Agreement, which may in turn impact the Borrower's ability to make payments to the Issuer in respect of the Issuer/Borrower Loan, which may in turn impact the Issuer's ability to make payments in respect of the Notes.

# The Obligors' reputation could be damaged

NHG's and the Obligors' reputation and brand are important to their businesses. There is a risk of accidents at premises owned by the Obligors, health and safety failings, and misconduct or fraud of its staff or third party contractors, which could result in personal injury to tenants, people visiting the premises, employees, contractors or members of the public.

The Obligors place great importance on health and safety and have approved policies and procedures applicable to all their locations. In addition, the Obligors have public liability insurance in place which they consider provides an adequate level of protection against third party claims.

However, should an accident attract publicity or be of a size and/or nature that is not adequately covered by insurance, the resulting publicity and costs could have an adverse impact on the Obligors' reputation, business, financial condition or results of operations. In such instance, the Obligors' ability to put in place public liability insurance cover in the future may also be adversely affected. Such impact may adversely affect the Propcos' ability to make payments to the Borrower under the Intra-Group Agreement, which may in turn impact the Borrower's ability to make payments to the Issuer in respect of the Issuer/Borrower Loan, which may in turn impact the Issuer's ability to make payments in respect of the Notes.

Any damage to the Obligors' reputation could also result in a decline in demand for the accommodation, a reduction in occupancy levels or the Obligors' ability to maintain and/or increase rents, which could have a negative impact on property valuations or have an adverse impact on operations. Any damage to the Obligors' reputation may have an adverse impact on the Obligors' business, financial condition, results of operations and prospects.

# The Obligors depend on key information technology and communication systems which may fail or be subject to disruption or become obsolete

The operations of the Obligors and the Property Manager are highly dependent on technology and communications systems, including internet websites and portals operated by the Obligors. Any crash of operating system could result in the Obligors not being able to process lease agreements and rental payments.

The efficient and uninterrupted operation of the systems, technology and networks on which the Obligors rely and their ability to provide reliable access to its services are fundamental to the success of the business. Any damage, malfunction, interruption to or failure of systems, networks or technology used by the Obligors, or a failure to upgrade to and adapt to new systems, networks or technologies could result in a lack of confidence in their services and a possible loss of existing tenants or could expose the Obligors to higher risk or losses, which may have an adverse impact on the Obligors' business, financial condition or results of operations.

### **Enforcement of the Transaction Obligor Security**

The Obligor Security Trustee has the absolute discretion at any time to refrain from taking any action under the Obligor Transaction Documents, unless it is satisfied at the time that it is adequately indemnified and/or secured and/or prefunded by the Obligor Secured Creditors (including the Noteholders on behalf of the Issuer).

If the Obligor Security Trustee is directed to take, and agrees to take, formal enforcement proceedings following an Obligor Event of Default, this is likely to be done by the appointment of a receiver, manager, receiver and manager or an administrative receiver as defined in Section 29(2) of the Insolvency Act (an "Administrative Receiver") in respect of the Obligors (see the risk factor entitled "English law security and insolvency considerations"). Alternatively, a "Law of Property Act" or non-administrative receiver (an "LPA Receiver" and, together with an Administrative Receiver or any equivalent person in England and Wales, a "Receiver") could be appointed to the Obligors or, in certain cases, possession of the Properties could be obtained. Pending completion of the enforcement procedures, material delays could be experienced in the collection of amounts due from the relevant Obligor and this could result in a material delay by the Issuer to pay amounts due under the Notes, and the net proceeds of any such enforcement procedures may not be sufficient to meet in full the amounts due under the Notes, thereby resulting in losses for Noteholders.

Any Receiver would be deemed to be the agent of the relevant Obligor (unless that Obligor enters into liquidation, following which the Receiver will act as principal as opposed to agent of such Obligor, or as agent of the Obligor Security Trustee (if the Obligor Security Trustee consents to the same)) and, for so long as the Receiver acts within his powers, would only incur liability on behalf of the relevant Obligor. The Receiver would, however, be likely to require from the Obligor Security Trustee an indemnity to meet his costs and expenses as a condition of his appointment, and such costs and expenses would rank ahead of payments due in respect of the Issuer/Borrower Loan, and so this could ultimately result in a reduction in amounts available to Noteholders under the Issuer Payment Priorities, thereby potentially resulting in losses for Noteholders.

In certain cases, the Obligor Security Trustee may take possession of the Properties. If so, possession may be obtained by the Obligor Security Trustee entering into physical possession of the Properties by applying for, obtaining and enforcing a court order in respect of the Properties or by voluntary surrender of possession of the Properties by the Propcos to the Obligor Security Trustee. If a court grants a possession order in favour of the Obligor Security Trustee, the court may suspend its application to permit the Propcos more time to pay the amounts outstanding under the Intra-Group Loans, and this could ultimately delay receipt of enforcement proceeds and so materially delay amounts due under the Notes.

The Obligor Security Trustee and/or any Receiver appointed by it, in exercising its power of sale over a Property, will have a duty to the Propcos to take reasonable care to obtain a proper price. Any failure to do so will put the Obligor Security Trustee at risk of an action by the Propcos for breach of duty, although it is for the Propcos in such circumstances to prove such a breach of duty has occurred. The Propcos may also take court action to attempt to force the Obligor Security Trustee to sell the Property within a reasonable time. If the Obligor Security Trustee were to unduly direct, interfere with or influence the Receiver's actions, the Obligor Security Trustee may be held to be responsible for those actions. Should the Obligor Security Trustee take enforcement proceedings under the Obligor Security Documents and if there is a physical entry into possession of a property owned by a Propco or an act of control or influence that may amount to possession,

such as receiving rental income directly from a relevant tenant, the Obligor Security Trustee may be deemed to be a mortgagee. A mortgagee will have an obligation to account to the Propcos for the income obtained from the Property, be liable for any damage to the Property, have a limited liability to repair the Property and, in certain circumstances, may be obliged to make improvements or incur financial liabilities in respect of the Property. A mortgagee may also be liable to an occupational tenant for any mismanagement of the relevant Property and may incur liabilities to third parties in nuisance and negligence and, under certain statutes (including environmental legislation), the liabilities of a property owner. Any such liability incurred by the Obligor Security Trustee would rank ahead of payments due in respect of the Issuer/Borrower Loan, and so this could ultimately result in a reduction in amounts available to Noteholders under the Issuer Payment Priorities, thereby potentially resulting in losses for Noteholders. A material dispute in relation to any such potential liability of the Obligor Security Trustee may materially delay payments due to Noteholders.

# Recoveries upon the enforcement of the Transaction Obligor Security may not be sufficient to satisfy the Borrower's obligations under the Issuer/Borrower Loan in full

In the event of a default by the Borrower or other Obligor under the Issuer/Borrower Facility Agreement, recourse will be to the assets of the Borrower and the other Obligors only, being the Properties, rents, contractual rights, receivables, shares or other capital interests and certain sums standing to the credit of bank accounts of the Borrower and the other Obligors charged as security to the Obligor Security Trustee.

In the event of enforcement of the Transaction Obligor Security Documents, it may be necessary to offer to re-let or, as appropriate, sell the relevant Properties. Amounts received in respect of the Properties by way of rent or sale price following a re-letting or sale could be insufficient to pay accrued interest on, and to repay principal of, the Issuer/Borrower Loan in full, in which case the Noteholders may ultimately suffer a loss.

The rent at which any Property could be re-let or the liquidation value of the Properties may be adversely affected by risks generally incidental to interests in private rental accommodation including, in particular, increased competition, demographic changes, changes to the current UK government, changes to the current UK political and economic conditions, declines in property rental or capital values, prevailing gilt yields and interest rates, credit spreads, changes in governmental rules, regulations and fiscal policies, terrorism, acts of God and other factors which are beyond the control of the Obligors and any other party to the transaction of which the Notes form part.

There can be no assurance that the Obligor Security Trustee would recover, upon enforcement of the Transaction Obligor Security, amounts sufficient to discharge all sums then outstanding under the Issuer/Borrower Facility Agreement and amounts ranking prior and *pari passu* thereto. Accordingly, sufficient funds may not be realised or available to make all required payments to the Issuer (or, following the delivery of an Issuer Enforcement Notice, the Issuer Security Trustee) and in turn to the Noteholders.

# Unsecured creditors of the Obligor Group

It should be noted that unsecured creditors of the Obligors, such as trade creditors and suppliers and Her Majesty's Revenue & Customs ("HMRC"), are not bound by the non-petition provision of the STID as they are not parties to the STID and so will be able to petition for a winding up or administration of the Obligors where they fail to pay any amounts owed to them as they fall due.

The Obligor Security Trustee will not monitor the Obligors' compliance with representations and warranties and covenants or the occurrence of an Obligor Event of Default or Potential Obligor Event of Default

The Obligor Deed of Charge provides that the Obligor Security Trustee will be entitled to assume, unless the Obligor Security Trustee is expressly informed otherwise, that no Obligor Event of Default or Potential Obligor Event of Default has occurred or is continuing. The Obligor Security Trustee will not itself monitor whether any such event has occurred. As the Issuer is a special purpose company, it will fall to the Obligors themselves to make these determinations as well as the determinations of the financial and operational positions underlying them, which may be subjective.

#### MACRO-ECONOMIC AND MARKET RISKS

# Outbreaks of infectious disease, pandemics or public health emergencies could have a material adverse effect on the Obligors' business

Outbreaks of infectious disease, pandemics or public health emergencies, such as the recent outbreak of COVID-19, could negatively impact economic conditions and financial markets regionally and globally. If such outbreaks of infectious disease, pandemics or public health emergencies continue for any length of time, whilst the full potential impact is difficult to estimate, this could result in a prolonged period of restrictions or disruptions to commercial and business activities. Additionally, such events could give rise to additional cost, cause disruption to the Obligors' operations and their services and could lead to lower demand for properties provided by the Obligors and possible delay in rent payment by tenants and collections and turnover of properties, in particular in a prolonged economic downturn. This could have a material adverse effect on the Obligors' business, operations, operating profit, financial situation and/or future prospects.

In the case of the COVID-19 pandemic, the following apply:

- Rental income receipts have been lower than expected during the period of outbreak and may be thereafter. Some Folio tenants that were experiencing difficulty in making payments were offered rent deferrals for a three month period with an agreement as to how the debt will be repaid thereafter. Payment plans could also be offered depending on the individual's situation. In each case, discussions regarding affordability are undertaken and tenants are provided with further support in the form of fact sheets and contact information for supportive organisations as applicable. As of 31 August 2020, out of 2,974 occupied properties for the entire Folio portfolio there were 28 cases where tenants have requested either a rent deferral or payment plan.
- In cases where a tenant hasn't paid their rent for some time, one of the mechanisms for ensuring the receipt of rent for any particular home is to evict the tenant concerned. Eviction can only be done on the authority of the courts. At the beginning of the COVID-19 pandemic, the Government announced that evictions would be suspended. On 21 August 2020, the ban was extended to 20 September 2020, making the total length of the ban thus far, 6 months. In addition, the notice period that has to be given to tenants (historically generally two months) will remain at six months. This will be in place until at least 31 March 2021.
- On 10 September 2020, the Government made a further announcement to the effect that
  evictions will not be enforced in areas where a local lockdown is being enforced and that
  evictions will not be permitted over the Christmas 2020 period, except in exceptional
  circumstances.
- Following the recommencement of evictions hearings on 21 September 2020, due to the substantial backlog in cases that has accumulated, the judiciary will be carefully prioritising the most serious cases including those involving anti-social or criminal behaviour, domestic abuse, arrears of over 12 months and other egregious cases.

The points noted above may adversely affect the Issuer's ability to make payments in respect of the Notes.

Tenant collection rates observed in recent months are shown below. This can be compared with the historical information shown in the Property Portfolio section of this Prospectus.

	April 2020	May 2020	June 2020
Tenant Collection Rate (%)	83.88	92.89	96.79

As at 30 June 2020, 1,460 of the 1,521 Dwellings in the Property Portfolio (96.0%), which were let or made available for letting, were occupied. The total of 1,521 excludes the 41 Dwellings occupied by long leaseholders and the 2 Dwellings which are in use as estate offices by NHG.

# The decision of the UK to leave the EU may have a negative effect on the Obligors' business and general market volatility

It is difficult for the Obligors to assess what the impact of Brexit will be on the Obligors' business, financial condition or results of operations.

Due to the ongoing political uncertainty as regards the terms of the UK's withdrawal from the European Union and the structure of the future relationship, it is not possible to determine the precise impact on general economic conditions in the UK, including the performance of the UK housing market. It is also not possible to determine the precise impact that these matters will have on the business of the Obligors (including the performance of the underlying loans), any other party to the transaction documents and/or any borrower in respect of the underlying loans, or on the regulatory position of any such entity or of the transactions contemplated by the transaction documents under European Union regulation or more generally.

# Rating Agency assessments, downgrades and changes to Rating Agency criteria may result in ratings volatility in respect of the Notes

The ratings to be assigned by the Rating Agencies to the Notes reflect only the views of the particular Rating Agency and, in assigning the ratings, each Rating Agency takes into consideration the credit quality of the Obligors and structural features and other aspects of the transaction of which the Notes form part. The ratings do not address payment of the Default Interest Subordinated Amount. There is no assurance that any such ratings will continue for any period of time or that they will not be reviewed, revised, suspended or withdrawn entirely by the Rating Agencies as a result of changes in, or unavailability of, information in relation to the Obligors' underlying business and performance or if, in the Rating Agencies' judgement, other circumstances so warrant. If any rating assigned to the Notes is lowered or withdrawn, the market value of the Notes may be reduced. events, including events affecting the circumstances relating to the industry in which NHG and the Obligors operate, could have an adverse impact on the ratings of the Notes.

# Absence of secondary market; limited liquidity of the Notes may adversely affect the market value of the Notes

The Notes will be new securities for which there is no established trading market. There can be no assurance that a secondary market in the Notes will develop or that any secondary market which may be developed in relation to the Notes will provide holders of the Notes with liquidity of investment or that it will continue for the life of the Notes. Consequently, prospective investors in the Notes should be aware that they may have to hold the Notes until their maturity to realise their investment. In addition, the liquidity and market value of the Notes may fluctuate with changes in prevailing rates of interest, market perceptions of the risks associated with the Notes, general economic conditions, the condition of certain financial markets, international political events and

the performance and financial condition of the Obligors and other market conditions. Consequently, any sale of the Notes by Noteholders in any secondary market which may develop may be at a discount to the original purchase price of such Notes.

### Assignment of unsolicited ratings may affect the market ratings of the Notes

One or more independent credit rating agencies may assign an unsolicited credit rating to the Notes. These ratings may not reflect the potential impact of all risks related to structure, market, additional factors discussed above and below and other factors that may affect the value of the Notes. Such a rating may be lower than the rating assigned to the Notes by the Rating Agencies and may impact the market value of the Notes.

#### **LEGAL AND REGULATORY RISKS**

# The Obligors may be subject to privacy or data protection failures

The Obligors are subject to regulation regarding the use of private data relating to tenants, primarily pursuant to the General Data Protection Regulation (the "GDPR"). The Obligors process confidential data as part of their business and must comply with the GDPR in relation thereto. There is a risk that this data could be stolen, lost or disclosed, or processed in breach of data protection regulation. If the Obligors or any of the third-party service providers on which they rely fails to store or transmit the information in a secure manner, or if any loss of data were otherwise to occur, the Obligors could face liability under the GDPR. This could also result in the loss of the goodwill of their tenants and deter new potential tenants, which may have an adverse impact on the Obligors' business, financial condition or results of operations. A breach of the GDPR may also subject the Group to significant financial penalties.

The occurrence of any of these events may have an adverse impact on the Obligors' business, financial condition or results of operations and therefore have an adverse impact on the Issuer's ability to satisfy its obligations under the Notes.

# Employment and Pensions Risk

All employees within the NHG Group are employed by NHG and its subsidiaries (as they may be from time to time) which includes the Obligors. As a result, there is a risk that a claim could be brought in the Employment Tribunal by an employee of the NHG Group against any or all of the subsidiaries, including the Obligors.

In most types of Employment Tribunal claim there will only be one respondent: the employer or former employer of an employee. However, in circumstances where an employee is jointly employed, subsidiaries within a group structure can also be named as respondents. However, unless the employee bringing the claim has directly been carrying out work for a specific subsidiary, it is likely any claims brought in the Employment Tribunal would be against NHG alone.

If a claim issued was against the Obligors, and that claim was successful, they would be liable for any awards made. Any adverse judgments would also be recorded on an online public register.

NHG participates in a number of pension schemes, the most significant and relevant being the Defined Benefit schemes:

- the Social Housing Pension Scheme administered by TPT Retirement Solutions;
- the Local Government Pension Scheme administered by Wandsworth Council;
- the Genesis Pension Scheme administered by TPT Retirement Solutions;

- the PCHA 2001 Pension Scheme administered by TPT Retirement Solutions; and
- the Local Government Pension Scheme administered by the London Pension Fund Authority.

As at December 2019 the s.75 debts in the Defined Benefit schemes are estimated by the NHG actuaries as not exceeding £300m.

Certain forms of re-structuring of NHG may result in circumstances in which a funding deficit has to be met. For example, a transfer of engagements or a transfer under the Transfer of Undertakings (Protection of Employment) Regulations 2006 (SI 2006/246) could lead to a crystallisation of a net pension liability.

There is a risk that any entity within the NHG Group (including the Obligors) could be required by the Pensions Regulator ("**TPR**") to contribute to the Defined Benefit schemes on the basis that they are parties "connected to" or "associated with" the relevant employers (the employer admitted to the scheme) whether or not they themselves are classified as "employers". This would be required by way of a contribution notice or financial support direction being served.

A contribution notice requires the recipient to pay a specified sum of money into the relevant scheme within a specified period of time. TPR may serve a contribution notice on any entity within the NHG Group if it was a party to an act, or a deliberate failure to act, the main purpose or one of the main purposes of which it was either (i) to prevent the recovery of the whole or any part of a debt which was, or might become, due from the employer under Section 75 of the Pensions Act 1995; (ii) to prevent such a debt becoming due, to compromise or otherwise settle such a debt, or to reduce the amount of such a debt which would otherwise become due; or (iii) where the effect (regardless of intention) of the act was to materially weaken the respective pension scheme by detrimentally affecting in a material way the likelihood of accrued scheme benefits being received by or in respect of members.

In order to issue a contribution notice TPR would have to be satisfied that its target for the notice was a party to or knowingly assisted in, the act or deliberate failure to act and it is reasonable to require the target to pay. In considering reasonableness, it will take into account the target's degree of involvement in the act or failure to act, the relationship between the target and the relevant employer and the target's financial circumstances.

A financial support direction requires a recipient to put in place financial support for the relevant pension scheme, which must remain in place whilst the scheme is in existence. TPR may serve a financial support direction if it considers the relevant employer is insufficiently resourced. An employer is insufficiently resourced if the value of its resources is less than 50 per cent. of the pension scheme's deficit calculated on an annuity buy-out basis and the aggregate value of the resources of the persons who are connected to or associated with the employer and each other, when added to the value of the employer's resources, would be 50 per cent. or more of the combined pension scheme deficit calculated on an annuity buy-out basis.

The net assets of NHG as at 31 March 2020 were £2,742m and its resources as defined above were £2,764m. As at December 2019 the Group's actuaries estimated that the section 75 debts within NHG's defined benefit pension schemes did not exceed £300m. As such, NHG's resources would have to fall by more than 94%, or by more than £2,614m for them to be considered to be "insufficiently resourced" within the above definition.

In order to issue a financial support direction, TPR must consider it reasonable to impose this. In considering this it will take into account the relationship with employer, the value of any benefits received by the entity from the relevant employer, any connection or involvement they have had with the pension scheme and the target's financial circumstances.

TPR has only served a limited number of contribution notices and financial support direction since their introduction. As set out above, prior to issuing a contribution notice or financial support direction TPR would carry out an investigation. To the extent any restructuring or transaction undertaken by NHG does not impact defined pension benefits, TPR will not serve either notice on the Obligors.

NHG will provide an undertaking to indemnify the Obligors against any cost, expense, loss or liability (including, but not limited to, any direct, indirect or consequential losses, loss of profit, loss of reputation and all interest, penalties and legal costs) suffered or incurred by or awarded against that Obligor in each case arising out of or in connection with any action, claim, investigation or proceeding commenced or threatened (including, without limitation, any action, claim, investigation or proceeding to preserve or enforce rights) in relation to:

- (A) any employment matter or issue involving one or more employees (whether currently employed as at the date of the undertaking or to be employed at any time after the date of this letter) of the Group; and/or
- (B) any pension, pension contribution or any other pensions related matter or issue in relation to the current and future pension arrangements of the NHG Group.

# The Obligors may face restrictions or liabilities under applicable laws and regulations

The Obligors are required to comply with a variety of laws and regulations in the United Kingdom and from European Union authorities, including planning, zoning, environmental, fire, health and safety, tax, landlord and tenant and other laws and regulations. If the Obligors fail to comply with these laws and regulations, the Obligors may have to pay penalties or private damages awards.

The payment by the Obligors of any significant fines in relation to the failure by the Obligors to comply with such laws or regulations, may reduce the amounts available to the Propcos to make payments to the Borrower under the Intra-Group Agreement, which may in turn impact the Borrower's ability to make payments to the Issuer in respect of the Issuer/Borrower Loan, which may in turn impact the Issuer's ability to make payments in respect of the Notes.

### Property investment may be affected by legal and regulatory changes

The risks incidental to the ownership of real estate include changes in relation to tax and landlord/tenant, environmental protection and safety and planning laws, as well as land use and building regulation standards.

If these laws and regulations are changed, or new obligations imposed, property development and investment may become more difficult or costly, and therefore have an adverse effect on the income from, and value of, any Properties owned by the Obligors. New laws may be introduced which may be retrospective and affect existing planning consents.

In addition, investors in the Notes should note that changes in the legal framework concerning planning rules in the UK may negatively influence the values of properties.

Such legal and regulatory changes may adversely affect the Propcos' ability to make payments to the Borrower under the Intra-Group Agreement, which may in turn impact the Borrower's ability to make payments to the Issuer in respect of the Issuer/Borrower Loan, which may in turn impact the Issuer's ability to make payments in respect of the Notes.

# Changes in law and/or regulatory, accounting and/or administrative practices may affect payments on the Notes

The structure of the issue of the Notes, the Issuer/Borrower Loan and the ratings which are to be assigned to the Notes are based on English law, regulatory, accounting and administrative practice

in effect as at the date of this Prospectus, and having due regard to the expected tax treatment of the Issuer, the Borrower and the Obligors under United Kingdom tax law and the published practice of HMRC in force or applied in the United Kingdom as at the date of this Prospectus. No assurance can be given as to the impact of any possible judicial decision or possible change to English law, regulatory, accounting or administrative practice in the United Kingdom or to United Kingdom tax law, or the interpretation or administration thereof, or to the published practice of HMRC as applied in the United Kingdom after the date of this Prospectus. Any changes to accounting practices may have an effect on the tax treatment of, *inter alios*, the Borrower, the other Obligors and the Issuer. No assurance can be given as to whether any such change would adversely affect the ability of the Issuer to make payments under the Notes.

#### Regulatory initiatives may have an adverse impact on the regulatory treatment of the Notes

In Europe, the U.S., and elsewhere, there is increased political and regulatory scrutiny of the asset-backed securities industry. This has resulted in multiple measures for increased regulation which are at various stages of implementation and which may have an adverse impact on the regulatory position of certain investors in asset-based securities exposures and/or on the incentives for certain investors to hold asset-backed securities, and may thereby affect the liquidity of such securities. Investors in the Notes are responsible for analysing their own regulatory position, and should consult their own advisers in this respect. None of the Issuer, the Arranger, the Bookrunner, the Obligor Security Trustee, the Issuer Security Trustee or the Note Trustee makes any representation to any prospective investor or purchaser of the Notes regarding the regulatory treatment of their investment at any time.

Investors should note in particular that the Basel Committee on Banking Supervision ("BCBS") has approved a series of significant changes to the Basel regulatory capital and liquidity framework for prudential regulation (such changes being referred to by the BCBS as Basel III, and referred to, colloquially, as Basel III in respect of reforms finalised prior to 7 December 2017 and Basel IV in respect of reforms finalised on or following that date). The Basel III/IV reforms, which include revisions to the credit risk framework in general and the securitisation framework in particular, may result in increased regulatory capital and/or other prudential requirements in respect of securitisation positions. The BCBS continues to work on new policy initiatives. National implementation of the Basel III/IV reforms may vary those reforms and/or their timing. It should also be noted that changes to prudential requirements have been made for insurance and reinsurance undertakings through participating jurisdiction initiatives, such as the Solvency II framework in Europe. Investors in the Notes are responsible for analysing their own regulatory position and prudential regulation treatment applicable to the Notes and should consult their own advisers in this respect.

# Regulatory initiatives may result in increased regulatory capital requirements and/or decreased liquidity in respect of the Notes

On 1 January 2019, the Securitisation Regulation began to apply to any securitisations issued from that date, subject to various transitional provisions. The Securitisation Regulation implements the revised securitisation framework developed by the Basel Committee, as well as revised risk retention and transparency requirements (now imposed variously on the issuer, originator, sponsor and/or original lender of a securitisation) and new due diligence requirements imposed on certain institutional investors in a securitisation. In general, the requirements imposed under the Securitisation Regulation are more onerous and have a wider scope than those imposed under the previous legislation.

The transaction described in this Prospectus is not intended to comply with any of the risk retention, transparency and due diligence requirements described above and no party to the transaction has committed to retain a material net economic interest in the transaction in accordance with the aforementioned requirements.

Investors should make themselves aware of any regulatory requirements applicable to them with respect to their investment in the Notes. The matters described above and any other changes to the regulation or regulatory treatment of the Notes for some or all investors may negatively impact the regulatory position of individual investors and, in addition, have a negative impact on the price and liquidity of the Notes in the secondary market.

#### Guarantees and security may constitute a transaction at an undervalue or preference

A liquidator or administrator of an Obligor could apply to the court to unwind the issuance of its guarantee or grant of security if such liquidator or administrator believed that issuance of such constituted a transaction at an undervalue.

Each of the Obligors believes that each Obligor Guarantee is not and will not be a transaction at an undervalue and that each guarantee will be provided in good faith for the purposes of carrying on the business of each Obligor and that there are reasonable grounds for believing that the transactions will benefit each such Obligor. However, there can be no assurance that the provision of the Obligor Guarantees will not be challenged by a liquidator or administrator or that a court would support the Obligor's analysis.

If the liquidator or administrator can show that any Transaction Obligor has given a "preference" to any person (which could include the giving of a guarantee or the granting of security over its assets) within six months of the onset of liquidation or administration (or two years if the preference is to a "connected person") and, at the time of the preference, that Transaction Obligor was technically insolvent or became so as a result of the preferential transaction, a court has the power, among other things, to void the preferential transaction. For these purposes, a company gives preference to a person if that person is one of the company's creditors (or a surety or guarantor for any of the company's debts or liabilities) and the company takes an action which has the effect of putting that person into a position which, in the event of the company going into insolvent liquidation, will be better than the position that person would have been in if that thing had not been done. The court may not make an order avoiding a preferential transaction unless it is satisfied that the company was influenced by a desire to put that person in a better position. This provision of English insolvency law may affect transactions (including the giving of the Obligor Guarantees or the granting of the Transaction Obligor Security) entered or to be entered into (as applicable), or payments (including pursuant to such the Obligor Guarantees) made or to be made (as applicable), by any of the Obligors during the relevant period prior to the liquidation or administration of such Obligor.

In addition, if it can be shown that a transaction entered into by an English company was made for less than fair value and was made to shield assets from creditors, then the transaction may be set aside as a transaction defrauding creditors. Any person who is a "victim" of the transaction, and not just liquidators or administrators, may assert such a claim. There is no statutory time limit within which a claim must be made and the company need not be insolvent at the time of the transaction. The Obligors do not believe that they have entered into any transactions which may be regarded as being for less than fair value or to shield assets from their creditors.

#### Volcker Rule

The enactment of the Dodd-Frank Act, which was signed into law on 21 July 2010, imposed a new regulatory framework over the U.S. financial services industry and the U.S. consumer credit markets in general. On 10 December 2013, U.S. regulators adopted final regulations to implement Section 619 of the Dodd-Frank Act. Section 619 of the Dodd-Frank Act added a new section 13 to the Bank Holding Company Act of 1956, commonly referred to as the "**Volcker Rule**".

The Volcker Rule generally prohibits "banking entities" (broadly defined to include U.S. banks, bank holding companies and foreign banking organizations, together with their respective subsidiaries and other affiliates) from (i) engaging in proprietary trading, (ii) acquiring or retaining an ownership interest in, or sponsoring, a "covered fund" and (iii) entering into certain relationships with such

funds, subject to certain exceptions and exclusions. If the Issuer is considered a "covered fund", the liquidity of the market for the Notes may be materially and adversely affected, since banking entities could be prohibited from, or face restrictions in, investing in the Notes. The Volcker Rule and any similar measures introduced in another relevant jurisdiction may, in addition, have a negative impact on the price and liquidity of the Notes in the secondary market. See "Certain Regulatory Considerations - Volcker Rule may restrict the ability of relevant individual prospective purchasers to invest in the Notes" for information on the Issuer's status under the Volcker Rule.

There is limited interpretive guidance regarding the Volcker Rule, and implementation of the regulatory framework for the Volcker Rule is still evolving. The Volcker Rule's prohibitions and lack of interpretive guidance could negatively impact the liquidity and value of the Notes. Any entity that is a "banking entity" as defined under the Volcker Rule and is considering an investment in the Notes should consider the potential impact of the Volcker Rule in respect of such investment and on its portfolio generally. Each prospective investor must determine for itself whether it is a banking entity subject to regulation under the Volcker Rule.

Regulators in the United States may promulgate further regulatory changes, and no assurance can be given as to the impact of such changes on the Notes.

Prospective investors should make themselves aware of the changes and requirements described above (and any corresponding implementing rules of their regulator), where applicable to them, in addition to any other applicable regulatory requirements with respect to their investment in the Notes. The matters described above and any other changes to the regulation or regulatory treatment of the Notes for some or all investors may negatively impact the regulatory position of individual investors and, in addition, have a negative impact on the price and liquidity of the Notes in the secondary market.

#### U.S. Risk Retention Requirements

Section 941 of the Dodd-Frank Act amended the Exchange Act to generally require the "securitizer" of a "securitization transaction" to retain at least 5 per cent. of the "credit risk" of "securitized assets", as such terms are defined for the purposes of that statute, and generally prohibit a securitizer from directly or indirectly eliminating or reducing its credit exposure by hedging or otherwise transferring the credit risk that the securitizer is required to retain. The final rules promulgated under Section 15G of the Exchange Act (the "U.S. Risk Retention Rules") came into effect on 24 December 2016 with respect to all classes of asset-backed securitizations. The U.S. Risk Retention Rules provide that the securitizer of an asset backed securitization is its sponsor. The U.S. Risk Retention Rules also provide for certain exemptions from the risk retention obligation that they generally impose.

The transaction described herein is not structured to comply with the U.S. Risk Retention Rules, and no party to the transaction intends to retain at least 5 per cent. of the credit risk of the securitized assets for purposes of compliance with the U.S. Risk Retention Rules to the extent the transaction described in this Prospectus is a "securitization transaction" subject to the U.S. Risk Retention Rules. If the U.S. Risk Retention Rules apply, it is intended that the applicable sponsor rely on an exemption provided for in Section 20 of the U.S. Risk Retention Rules regarding non-U.S. transactions. See "Certain Regulatory Considerations — U.S. Credit Risk Retention" for further details.

No Notes which are offered and sold by the Issuer may be purchased by, or for the account or benefit of, any Risk Retention U.S. Person, and any prospective investor in the Notes that is a Risk Retention U.S. Person must disclose such fact to the Issuer and the Bookrunner. Prospective investors should note that the definition of U.S. person in the U.S. Risk Retention Rules is substantially similar to, but not identical to, the definition of U.S. person under Regulation S, and that persons who are not "U.S. persons" under Regulation S may be U.S. persons under the U.S. Risk Retention Rules.

Each holder of a Note or a beneficial interest therein acquired on the Closing Date, by its acquisition of a Note or a beneficial interest in a Note, will be deemed, and, in certain circumstances, will be required to make certain representations, as set forth in further detail in "Subscription and Sale". There can be no assurance that the restrictions on purchase and transfer of the Notes in this respect will be complied with, that any Risk Retention U.S. Persons will disclose its status to the Issuer in the manner in which such restrictions require, or that the exemption provided for in Section 20 of the U.S. Risk Retention Rules regarding non-U.S. transactions will be available. No assurance can be given as to whether a failure of the transaction to comply with the U.S. Risk Retention Rules (regardless of the reason for such failure to comply) may give rise to regulatory action which may adversely affect the Notes, the market value of the Notes or their secondary market liquidity.

#### Moratorium and Housing Administration in relation to NHG

In order to protect the interests of tenants and to preserve the housing stock of a Registered Provider of Social Housing within the social housing sector and within the regulatory regime, a 28 day moratorium on the disposal of land (including the enforcement of any security) by a non-profit Registered Provider of Social Housing will apply upon notice being given to the Regulator of certain steps being taking in relation to that provider such as presenting a winding up petition, the appointment of an administrator or the intention to enforce security over its property. The Regulator may then seek to agree proposals about the future ownership and management of the provider's land with its secured creditors. The Obligor Security Trustee will be required to notify the Regulator of its intention to enforce the security created pursuant to the NHG Transaction Obligor Security Agreement entered into by NHG and it cannot enforce its security granted by NHG during the resulting moratorium without the consent of the Regulator.

NHG is a registered society within the meaning of the Cooperative and Community Benefit Societies Act 2014, and is therefore not subject to administration under the Insolvency Act 1986. However, the Housing and Planning Act 2016, the Insolvency of Registered Providers of Social Housing Regulations 2018 and the Housing Administration (England and Wales) Rules 2018 introduced a special administration regime called housing administration which was brought into force on 5 July 2018 and is available in addition to the moratorium regime. This provides for a court to appoint a qualified insolvency practitioner known as a "housing administrator" to manage the affairs, business and property of a Registered Provider of Social Housing, following an application from the Secretary of State or (with the permission of the Secretary of State) the Regulator.

An interim moratorium will run from the date of issue of an application for a housing administration order until the application is either dismissed or a housing administration order takes effect and, upon the making of a housing administration order, a Registered Provider of Social Housing shall become subject to a moratorium, for so long as such Registered Provider of Social Housing is subject to a housing administration order, that prevents secured creditors from enforcing their security without the consent of the housing administrator or the permission of a court.

Each housing administration order will last for 12 months (subject to certain exceptions) but may be extended.

The Obligor Security Trustee must notify the Regulator of its intention to enforce its security and cannot enforce its security during the resulting moratorium without the consent of the Regulator. This may adversely affect the Obligor Security Trustee's ability to enforce the security created pursuant to the NHG Transaction Obligor Security Agreement. This will only affect security charged pursuant to the NHG Transaction Obligor Security Agreement.

"Registered Provider of Social Housing" means a person listed in the register of providers of social housing established under Chapter 3 of Part 2 of the Housing and Regeneration Act 2008 or any replacement or successor legislation thereto.

"Regulator" means the Regulation Committee of the Homes and Communities Agency constituted pursuant to the Housing and Regeneration Act 2008, as amended by the Localism Act 2011, or any

similar future authority or authorities carrying on substantially by the same regulatory and/or supervisory functions.

#### Administration

In certain circumstances an administrator may be appointed in relation to an Obligor the effect of which would be that, during the period for which the order is in force, the affairs, business and property of the Obligor will be managed by the administrator.

An interim "moratorium" on enforcement action against the Obligor will come into effect on the filing with the court of the application for making of an administration order by the court or the notice of intention to appoint an administrator out of court, or on the presentation of a petition for an administration order, as the case may be. During the period for which such moratorium is in force, (among other things) no steps may be taken to enforce any security over the property of the Obligor except with the leave of the court (and subject to such terms as the court may impose). The moratorium remains in force where an administration application has been made and has not yet been granted or dismissed, or has been granted but the order has not yet taken effect, or where a floating charge holder has filed notice of intention to appoint an administrator with the court, until the appointment takes effect or until 5 business days expire with no administrator having been appointed, or where the directors of or the Obligor itself have or has filed with the Court notice of intention to appoint an administrator, until the appointment takes effect or until 10 business days expire with no administrator having been appointed.

During the period for which a company is in administration, (among other things) no steps may be taken to enforce any security over the property of the company except with the leave of the court (and subject to such terms as the court may impose) or the consent of the administrator.

Accordingly if an application is made or petition is presented for the making of an administration order by the court, or notice is filed with the court of the intention to appoint an administrator, or an administration order is made or an administrator is appointed in respect of any of the Propcos, the enforcement of the Obligor Security by the Obligor Security Trustee would not be possible unless the leave of the court or the consent of the administrator was obtained, and would in any case be delayed by the need to apply to the court for leave or to the administrator for consent.

#### English law security and insolvency considerations

The Issuer will enter into the Issuer Deed of Charge pursuant to which it will grant the Issuer Security in respect of certain of its obligations, including its obligations under the Notes (as to which, see "Summary of the Transaction Documents - Obligor Security Documents" and "Summary of the Transaction Documents – Issuer Deed of Charge"). Similarly, the Borrower and the other Obligors will enter into the Obligor Deed of Charge, pursuant to which the Obligors will grant security in respect of certain of their obligations, including their obligations under the Issuer/Borrower Facility Agreement. In certain circumstances, including the occurrence of certain Insolvency Events in respect of the Issuer and/or the Obligors, the ability to realise the Issuer Security and/or the relevant Obligor Security, respectively, may be delayed and/or the value of the relevant security impaired. In particular, it should be noted that significant changes to the UK insolvency regime have been enacted under the Corporate Insolvency and Governance Act 2020 ("CIGA 2020") (which received Royal Assent on 25 June 2020 and came into effect on 26 June 2020). The changes include, among other things: (i) the introduction of a new moratorium regime that certain eligible companies can obtain which will prevent creditors taking certain action against such a relevant company for a specified period; (ii) a ban on operation of or exercise of ipso facto clauses preventing (subject to exemptions) termination, variation or exercise of other rights under a contract due to a counterparty entering into certain insolvency or restructuring procedures; and (iii) a new compromise or arrangement under Part 26A of the Companies Act 2006 (the "Restructuring Plan") that provides for ways of imposing a restructuring on creditors and/or shareholders without their consent (socalled "cross-class cram-down" procedure), subject to certain conditions being met, and with a court adjudicating on the fairness of the restructuring proposal as a whole in determining whether or not

to exercise its discretionary power to sanction the relevant Restructuring Plan. While the Issuer and the Obligors are expected to be exempt from the application of the new moratorium regime and the ban on *ipso facto* clauses, there is no guidance on how the new legislation will be interpreted and the Secretary of State may by regulations modify the exceptions. For the purposes of the Restructuring Plan, it should also be noted that there are currently no exemptions, but the Secretary of State may by regulations provide for exclusion of certain companies providing financial services and the UK government has expressly provided for changes to the Restructuring Plan to be effected through secondary legislation, particularly in relation to the cross-class cram-down procedure. It is therefore possible that aspects of the legislation may change.

The Insolvency Act 1986 (the "Insolvency Act") allows for the appointment of an administrative receiver in relation to certain transactions in the capital markets. Although there is as yet no case law on how these provisions will be interpreted, it should be applicable to the floating charge created by the Issuer and granted by way of security to the Issuer Security Trustee and to the floating charge created by each of the Obligors and granted by way of security to the Obligor Security Trustee. However, as this is partly a question of fact, were it not to be possible to appoint an administrative receiver in respect of the Issuer and/or the relevant Obligor(s), the Issuer and/or, as applicable, the relevant Obligor(s) would be subject to administration if they became insolvent. In such circumstances, the primary emphasis may be to rescue the Issuer and/or, as applicable, the relevant Obligor(s) as a going concern which may lead to the ability to realise the Issuer Security and/or the Obligor Security being delayed, the value of such security being impaired and/or conflict with the interests of the Noteholders.

While the transaction structure is designed to minimise the likelihood of the Issuer or the Obligors becoming insolvent and/or subject to pre-insolvency restructuring proceedings, no assurance can be given that any modification of the exceptions from the application of the new insolvency reforms referred to above will not be detrimental to the interests of Noteholders, and there can be no assurance that the Issuer and/or the Obligors will not become insolvent and/or the subject of Insolvency Proceedings (including any pre-insolvency proceedings) and/or that the Noteholders would not be adversely affected by the application of insolvency laws (including English insolvency laws or the laws affecting the creditors' rights generally).

In addition, it should be noted that, to the extent that the assets of the Issuer, the Borrower or the other Obligors are subject only to a floating charge (including any fixed charge recharacterised by the courts as a floating charge), in certain circumstances under the provisions of sections 174A, 176ZA and 176A of the Insolvency Act, certain floating charge realisations which would otherwise be available to satisfy the claims of Issuer Secured Creditors under the Issuer Deed of Charge or the Obligor Secured Creditors under the Obligor Deed of Charge, as applicable, may be used to satisfy any expenses of the insolvency proceeding, and any claims of unsecured creditors or creditors who otherwise take priority over floating charge recoveries. While certain of the covenants given by the Issuer and the Obligors in the Issuer Transaction Documents and the Obligor Transaction Documents, respectively, are intended to ensure that they each have no significant creditors other than the Issuer Secured Creditors under the Issuer Deed of Charge and the Obligor Secured Creditors under the Obligor Deed of Charge, it will be a matter of fact as to whether the Issuer or the relevant Obligor has any other such creditors at any time. There can be no assurance that the Noteholders will not be adversely affected by any such reduction in floating charge realisations upon the enforcement of the Issuer Security and/or the Obligor Security, as applicable.

In addition, it should be noted that unsecured creditors of the Obligors, such as trade creditors and suppliers and HMRC, are not bound by the non-petition provision of the STID and so will be able to petition for a winding up or administration of the Obligors where they fail to pay any amounts owed to them as they fall due. The Obligors have covenanted in the Issuer/Borrower Facility Agreement to pay such trade creditors, suppliers and HMRC on time.

#### Fixed security interests may be recharacterised as floating security interests

There is a possibility that a court could find that certain fixed security interests expressed to be created by the Obligor Security Documents and/or the Issuer Deed of Charge instead take effect as floating charges (in particular, see "Recharacterisation risk for security over bank accounts" below). Whether the fixed security interests will be upheld will depend, among other things, on whether the Obligor Security Trustee or, as the case may be, the Issuer Security Trustee has the requisite degree of control over the relevant assets and exercises that control in practice.

If any fixed security interest is recharacterised as a floating security interest, the claims of (i) the unsecured creditors of the relevant Obligor or the Issuer (as the case may be) and (ii) certain statutorily defined preferential claims against the Obligors or the Issuer (as applicable) (including, as applicable, certain employee claims in respect of contributions to pension schemes and wages and the costs and expenses of an administration and/or a liquidation) may have priority over the rights of the Obligor Security Trustee or the Issuer Security Trustee (as applicable) to the proceeds of enforcement of such security in accordance with s176A of the Insolvency Act. To the extent that the assets of any Obligor or the Issuer (as the case may be) are subject only to a floating charge (including any fixed charge recharacterised by the courts as a floating charge), in certain circumstances under the provisions of section 176A of the Insolvency Act, certain floating charge realisations which would otherwise be available to satisfy the claims of Obligor Secured Creditors under the Obligor Security Documents or the Issuer Secured Creditors under the Issuer Deed of Charge, as applicable, may be first used to satisfy any claims of unsecured creditors of the relevant Obligor or the Issuer respectively.

#### Liquidation expenses

On 6 April 2008, a provision in the Insolvency Act came into force which effectively reversed by statute the House of Lords' decision in the case of *Leyland Daf* in 2004. Accordingly, the costs and expenses of a liquidation (including certain tax charges) will be payable out of floating charge assets in priority to the claims of the floating charge-holder. In respect of certain litigation expenses of the liquidator only, this is subject to approval of the amount of such expenses by the floating charge-holder (or, in certain circumstances, the court) pursuant to provisions set out in the Insolvency Rules 1986.

As a result of the changes described above, upon the enforcement of the floating charge security granted by the Issuer and/or the Obligors, floating charge realisations which would otherwise be available to satisfy the claims of Issuer Secured Creditors under the Issuer Deed of Charge and/or Obligor Secured Creditors under the Obligor Security Documents will be reduced by at least a significant proportion of any liquidation expenses. There can be no assurance that the Noteholders will not be adversely affected by such a reduction in floating charge realisations.

The application of the eligible companies moratorium may limit the ability of the Obligor Security Trustee to enforce the Obligor Security or the Issuer Security Trustee to enforce the Issuer Security

Pursuant to the moratorium provisions set out in Part A1 and Schedule ZA1 to the Insolvency Act (inserted by the CIGA 2020), certain "eligible companies" are able to obtain an optional moratorium for an initial period of 20 business days with an ability to extend for a further period of 20 business days without consent and with the possibility of further extensions of up to one year or more with the consent of creditors or permission from the court.

During the moratorium, the directors will remain in full control of the relevant company, with the company being under the supervision of an independent monitor appointed for these purposes. The moratorium will have a similar effect to the moratorium which arises on the making of an administration order, except in relation to the crystallisation of floating charges (that is, a floating charge cannot be crystallised during the moratorium) and it will prevent creditors from taking any steps to enforce security over the company's property, repossessing goods under a hire-purchase

agreement, levying distress, commencing or continuing proceedings without the leave of the court and, in the case of a landlord, seeking to forfeit a lease by means of peaceable re-entry. There is no requirement for notice to be given to any person entitled to appoint an administrative receiver prior to the obtaining of the moratorium. However, following 30 September 2020, it will not be possible for a company, which is in administrative receivership, to obtain a moratorium.

Under Schedule ZA1 of the Insolvency Act, a company is "eligible" unless it is excluded from being eligible. Excluded entities as provided for and defined in Schedule ZA1 include, inter alia, certain banks, investment banks and investment firms, securitisation companies and "parties to capital market arrangements". A securitisation company is excluded if it is a company within the meaning of regulation 4 of the Taxation of Securitisation Companies Regulations 2006 (SI 2006/3296), which exclusion is expected to extend to the Issuer, although aspects of the relevant provisions are not entirely clear. A company would also be excluded from eligibility for a moratorium if it is party to a capital market arrangement, under which a debt of at least £10,000,000 is incurred and which involves the issue of a capital market investment. The definitions of "capital market arrangement" and "capital market investment" are broad and are such that, in general terms, any company which is a party to an arrangement which involves at least £10,000,000 of debt, the granting of security to a trustee, and the issue of a rated, listed or traded debt instrument, is excluded from being eligible for a moratorium. This exclusion is expected to extend to the Issuer and the Obligors, although aspects of this exclusion are not free from doubt. Furthermore, the Secretary of State may modify the criteria by reference to which a company otherwise eligible for a moratorium is excluded from being so eligible.

The Secretary of State may, by regulation, also modify the qualifications for eligibility of a company for a moratorium and may also modify the present definition of an "eligible" company. Accordingly, the Issuer and the Obligors may, at any given time, come within the ambit of the "eligible" companies provisions, such that the Issuer and the Obligors may (subject to the exemptions referred to below) be eligible to seek a moratorium.

Accordingly, the provisions described above could limit the ability of the Obligor Security Trustee to enforce the Obligor Security and/or the Issuer Security Trustee to enforce the Issuer Security to the extent that: first, if the Issuer and/or the Obligors fall within the criteria for eligibility for a moratorium at the time a moratorium is sought; secondly, if the directors of the Issuer and/or the Obligors seek a moratorium in advance of a company voluntary arrangement; and, thirdly, if the Issuer and/or the Obligors are considered not to fall within the securitisation companies exception or "parties to capital market arrangements" exception (as expressed or modified at the relevant time) or any other applicable exception at the relevant time; in those circumstances, the enforcement of any Obligor Security by the Obligor Security Trustee and/or the enforcement of the Issuer Security by the Issuer Security Trustee will be for a period prohibited by the imposition of the moratorium. In addition, the other effects resulting from the imposition of a moratorium described above may impact the transaction in a manner detrimental to the Noteholders.

#### Recharacterisation risk for security over bank accounts

In accordance with the terms of the Issuer/Borrower Facility Agreement, the Borrower will establish certain individual bank accounts on the Closing Date (the "Borrower Accounts"), into which, among other things, rental income and disposal proceeds in respect of the Properties must be paid (see further the section of this Prospectus entitled "Summary of the Transaction Documents – Issuer/Borrower Facility Agreement" below). In addition, the Issuer established the Issuer Accounts on the Closing Date. The Borrower has granted, pursuant to the terms of the Obligor Deed of Charge, security over all of its interests in the Borrower Accounts, which, in each case, is expressed to be fixed security. The Issuer has granted, pursuant to the terms of the Issuer Deed of Charge, security over all of its interests in the Issuer Accounts, which in each case, is expressed to be fixed security.

Although the various bank accounts are stated to be subject to various degrees of control prior to an Obligor Event of Default or an Issuer Event of Default (as applicable), it is possible that the Loan

Facility Agent, the Obligor Security Trustee or the Issuer Security Trustee (as applicable) will not exercise the requisite degree of control over the relevant Borrower Accounts or Issuer Accounts (as applicable) and, as such, a court would likely determine that the security interests granted in respect of the Borrower Accounts or the Issuer Accounts (as applicable) take effect as floating security interests only and that the security interests granted over the assets from which the monies paid into the accounts are derived also take effect as floating security interests only, notwithstanding that the security interests are expressed to be fixed. In such circumstances, monies paid into the Borrower Accounts or the Issuer Accounts (as applicable) or derived from those assets could be diverted to pay preferential creditors were a receiver, liquidator or administrator to be appointed in respect of the Issuer or the relevant Obligor (as applicable) in whose name the account is held which may in turn impact the Issuer's ability to make payments in respect of the Notes. See above the section of this Prospectus entitled "Fixed security interests may be recharacterised as floating security interests".

#### Conflicts of interest between the Issuer and the other transactions parties

Certain parties to the transaction have engaged in, and may in the future engage in, investment banking and/or commercial banking or other services for the Issuer, NHG or the Obligors in the ordinary course of business. Other parties to the transaction may also perform multiple roles, including HSBC Bank plc, who will act as Principal Paying Agent, Note Trustee, Issuer Security Trustee, Issuer Account Bank, Borrower Account Bank and Issuer Cash Manager, and CBRE Loan Services Limited, who will act as Loan Facility Agent, Obligor Security Trustee, Servicer and Special Servicer. The terms of the Transaction Documents do not prevent any of the parties to the Transaction Documents from rendering services similar to those provided for in the Transaction Documents to other persons, firms or companies or from carrying on any business similar to or in competition with the business of any of the parties to the Transaction Documents.

Accordingly, conflicts of interest may exist or may arise as a result of parties to this transaction:

- (A) having previously engaged or in the future engaging in transactions with other parties to the transaction;
- (B) having multiple roles in this transaction; and/or
- (C) carrying out other roles or transactions for third parties.

The parties to the transaction may, pursuant to the Transaction Documents, be replaced by one or more new parties. It cannot be excluded that such a new party could also have a potential conflicting interest, which might ultimately have a negative impact on the ability of the Issuer to perform its obligations in respect of the Notes.

In addition thereto, it is noted that certain transaction parties (including the Arranger and HSBC Bank plc in its various capacities) are part of global investment banking and securities and investment management firms that provides a wide range of financial services to a substantial and diversified client base that includes, without limitation, corporations, financial institutions, governments and high net worth individuals. As such, they actively make markets in and trade financial instruments for their own account and for the accounts of customers in the ordinary course of their business. Such transaction parties and/or their respective clients may have positions in or may have arranged financing in respect of the Notes and may have provided or may be providing investment banking services and other services to the other transaction parties.

For the reasons set out above, there is a risk that the interests of the transaction parties and their actions are not aligned with or conflict with those of any of the other transaction parties and/or the Noteholders and this may impact the Issuer's ability to meet its obligations under the Notes and/or may have an adverse effect on (the value of) the Notes.

#### **TAX RISKS**

#### Value added tax

To the extent that the Propcos are included in a VAT group, the Propcos will be jointly and severally liable for the VAT liabilities of that VAT group. The effect of VAT grouping is to disregard supplies between members of the VAT group, which would allow VAT not to be charged on services supplied to the Propcos under the Property Management Agreement if the Propcos are included in the VAT group of which the Property Manager is a member. A VAT group would also mitigate any VAT cost arising on the acquisition of the retail units at Tankerville Court. Given these potential benefits, and notwithstanding the joint and several liability position, the Tax Deed of Covenant will permit the Propcos to join the VAT group of which NHG is the representative member, but the Propcos will not otherwise be permitted to join a VAT group of which any non-Obligor is a member.

Should liabilities of the wider NHG VAT group be imposed on the Propcos as a result of their being a member of the NHG VAT group, that may adversely affect the Propcos' ability to make payments to the Borrower under the Intra-Group Agreement, which may in turn impact the Borrower's ability to make payments to the Issuer in respect of the Issuer/Borrower Facility Agreement, which may in turn impact the Issuer's ability to make payments in respect of the Notes.

#### Interest deductibility

In line with the OECD's recommendations under the Base Erosion and Profit Shifting project, new rules were introduced with effect from April 2017 which restrict the deductibility for tax purposes of corporate interest expense for both third party and intra-group borrowing. The restriction is based on a 30 per cent. fixed ratio rule, subject to a supplementary group ratio rule. There is a de minimis threshold of £2 million per year. The rules may result in the Intra-Group Loans ceasing to be fully deductible for the Obligors, which could increase the Obligors' liability to tax. In addition, no assurance can be given that such matters would not adversely affect the market value of the Notes and/or the ability of the Issuer to satisfy its obligations under the Notes.

## Changes in the Obligors' tax status or to tax legislation may affect the Issuer's ability to fulfil its commitments

Tax rules and their interpretation may change. Any change to the tax status of any Obligor or to taxation legislation or its interpretation may affect the Obligors' ability to realise income on investments and a return on any disposal of investments. It is noted that as at the date of this Prospectus, there are no changes to UK tax legislation currently proposed which would impact the tax status of the Obligors. Reduced income and capital returns on investments may adversely affect the Propcos' ability to make payments to the Borrower under the Intra-Group Agreement, which may in turn impact the Borrower's ability to make payments to the Issuer in respect of the Issuer/Borrower Facility Agreement, which may in turn impact the Issuer's ability to make payments in respect of the Notes.

#### Securitisation tax regime

The securitisation tax regime provides for a permanent regime for the taxation of "securitisation companies" (as introduced by the Taxation of Securitisation Companies Regulations 2006 (SI 2006/3296). Companies to which the securitisation tax regime applies will be taxed broadly by reference to their "retained profit" rather than by reference to their accounts. The Issuer should, and should continue to, fall within the securitisation tax regime. As such, the Issuer should be taxed only on the amount of its retained profit for so long as it satisfies the conditions for remaining within the securitisation tax regime. However, if at any time the Issuer ceases to satisfy these conditions, then profits or losses could arise in the Issuer which could have tax effects not contemplated in the cashflows for the transaction described in this Prospectus and as such could adversely affect the tax treatment of the Issuer and consequently payments on the Notes.

Given its shareholding in the Propcos (other than Propco 5), the Borrower will not qualify to be taxed under the securitisation tax regime, but will instead be taxed under the normal corporation tax rules applicable to UK resident companies.

### Issuer not obliged to pay additional amounts in the event withholding tax is levied in respect of the Notes

In the event that any withholding or deduction for or on account of tax is required to be made from payments in respect of the Notes (as to which, in relation to United Kingdom tax, see the section of this Prospectus entitled "Tax Considerations - United Kingdom Taxation"), neither the Issuer nor any other person will be obliged to pay any additional amounts to Noteholders or Couponholders or to otherwise compensate Noteholders or Couponholders for the reduction in the amounts they will receive as a result of such withholding or deduction. If such a withholding or deduction is required to be made for or on account of any United Kingdom tax by reason of a change in tax law (or the application or official interpretation thereof), the Issuer will (except in certain limited circumstances) take the actions set out in Condition 6.3 (Optional redemption for taxation reasons) of the Notes, which involve, if the same would avoid the relevant event, appointing a paying agent in another jurisdiction or using reasonable endeavours to arrange for the substitution of the Issuer by a company incorporated and/or tax resident in another jurisdiction as principal debtor under the Notes, subject to the provisions set out in Condition 6.3 (Optional redemption for taxation reasons) of the Notes being met. If the Issuer is unable, having used its reasonable endeavours, to arrange a substitution or if to do so or appointing a paying agent would not avoid such withholding or deduction, then on any Interest Payment Date pursuant to and in accordance with Condition 6.3 (Optional redemption for taxation reasons) of the Notes the Issuer may redeem (without premium or penalty) all (but not some only) of the Notes (in each case) at their Principal Amount Outstanding, together with accrued but unpaid interest on the Principal Amount Outstanding of the Notes up to (but excluding) the Interest Payment Date on which such redemption occurs to the extent the Issuer has sufficient funds to do so in accordance with the provisions of Condition 6.3 (Optional redemption for taxation reasons) of the Notes.

#### Withholding tax under the Issuer/Borrower Facility Agreement

Based on advice received, the directors of the Issuer believe that, under current law, all payments made under the Issuer/Borrower Facility Agreement can be made without deduction or withholding for or on account of any United Kingdom tax. In the event that any withholding or deduction for or on account of tax is required to be made from any payment due to the Issuer under the Issuer/Borrower Facility Agreement, the amount of that payment will be increased so that, after that withholding or deduction has been made, the Issuer will receive a cash amount equal to that which it would have received had no such withholding or deduction been required to be made. In addition, the Borrower will have the option (but not the obligation) in the circumstances described in "Summary of the Transaction Documents - Issuer/Borrower Facility Agreement - Prepayment" to prepay the outstanding Issuer/Borrower Loan made under the Issuer/Borrower Facility Agreement in full at its principal amount outstanding together with accrued interest. If the Borrower chooses to prepay the Issuer/Borrower Facility Agreement, the Issuer will then be obliged to redeem the Notes as provided in Condition 6.2 (Redemption upon repayment or prepayment of the Issuer/Borrower Loan). If the Borrower does not have sufficient funds to enable it to make such increased payments to the Issuer, the Issuer's ability to meet its payment obligations under the Notes could be adversely affected.

#### United Kingdom corporation tax on chargeable gains

The Properties have been acquired by the Propcos by way of intra-group disposals for the purposes of United Kingdom corporation tax on chargeable gains. This is on the basis that each disposer and the relevant Propco is a member of the same group for those purposes. Each Propco is treated as if it had acquired the relevant Property for such a consideration as ensures that neither a gain nor a loss accrues to the disposer. Save in certain limited circumstances which are generally unlikely to be relevant, if any Propco ceases to be a member of that group within six years of its acquisition

of the relevant Property without having previously disposed of that Property, that Propco will be treated as disposing of that Property in the accounting period in which it ceases to be a member of that group at its market value at the time that the Propco originally acquired it. Depending on the circumstances in which such degrouping arises, this could give rise to a corporation tax liability on chargeable gains for that Propco or the Borrower, which could reduce the resources of the relevant company. This would ultimately result in the possibility of the Issuer having insufficient resources to meet its obligations under the Notes.

Each of NHG, the Obligor Holdco, the Parent, the Borrower and PLMR (together with any other intermediate holding companies) will covenant with each Propco and the Borrower not to do anything which would cause such a tax liability to arise unless, prior to the taking of any steps giving rise to such a tax liability, it pays to each Propco in respect of which such a liability to tax will arise or the Borrower (as applicable) an amount equal to the amount of any such liability, such liability to tax being calculated after taking into account the making of such tax elections as NHG determines to be appropriate to reduce, transfer or extinguish such liability to tax. NHG will covenant pursuant to the Tax Deed of Covenant to procure that any other intermediate holding company which may be interposed between NHG and the Borrower or between NHG and PLMR (as the case may be) after the Closing Date will covenant with each Propco in similar terms. The Propcos and the Borrower have charged the benefit of such covenants (and have covenanted to charge in the future the benefit of any further such covenants) in favour of the Obligor Security Trustee as security for the Borrower's obligations under the Issuer/Borrower Facility Agreement. The directors of each of the Borrower and the Issuer believe that such covenants provide adequate protection (on the basis of current law and practice) to the Issuer.

A similar corporation tax liability on chargeable gains to that described above could arise where:

- (A) any Propco, having acquired a further Property in substitution for an initial Property by way of intra-group disposal, ceased to be a member of the group within six years of its acquisition of that further Property; or
- (B) any company in the group, having acquired a property by way of intra-group disposal and having become a Propco (such that the property held by that company becomes a Property) in substitution for another Propco, ceased to be a member of the group within six years of its acquisition of that property.

As described above, such a liability could reduce the resources of the relevant Propco or the Borrower. This could ultimately result in the possibility of the Issuer having insufficient resources available to it to meet its obligations under the Notes. Accordingly, the acquisition by a Propco of a further Property in substitution for an initial Property by way of intra-group disposal, or any company in the group becoming a Propco in substitution for another Propco or in addition to the Propcos, will be conditional upon NHG, the Obligor Holdco, the Parent, the Borrower and PLMR (and any other intermediate holding companies) giving to the relevant Propco and the Borrower covenants similar to those described above (to the satisfaction of the Obligor Security Trustee), and the Propco and the Borrower charging the benefit of the covenants in favour of the Obligor Security Trustee as security for the Borrower's obligations under the Issuer/Borrower Facility Agreement (and covenanting to charge in the future the benefit of any further such covenants). The directors of each of the Borrower and the Issuer believe that the covenants provide adequate protection (on the basis of current law and practice) to the Issuer.

#### Contingent Stamp Duty Land Tax Liabilities

In circumstances where any Propco acquired its Property from a company which was, at the time of the acquisition, a member of the same stamp duty land tax group (which will be the case in relation to all Propcos in respect of the initial Properties), that Propco may have a contingent liability to pay United Kingdom stamp duty land tax, which liability will become an actual liability to pay stamp duty land tax if (broadly) that Propco ceases to be a member of the relevant tax group within a period specified by statute unless the company from which it acquired the Property leaves the

relevant tax group at the same time and the relevant Propco and the company from which it acquired the Property continue to maintain the relationship required by statute.

Each of NHG, the Obligor Holdco, the Parent, the Borrower and PLMR (and any other intermediate holding companies) will covenant with each Propco not to do anything which would cause such a tax liability to arise in respect of any Propco unless, prior to the taking of any steps giving rise to such a tax liability, it pays to each Propco in respect of which such a liability to tax will arise an amount equal to the amount of any such liability, such liability to tax being calculated after taking into account the making of such tax elections as NHG determines to be appropriate to reduce, transfer or extinguish such liability to tax.

Were such a contingent liability to pay tax to become an actual liability to pay tax, the discharge of that tax liability could reduce the resources of that Propco. This would ultimately result in the possibility of the Issuer having insufficient resources to meet its obligations under the Notes.

#### RISKS RELATING TO THE CHARTACTERISTICS OF THE NOTES

# Notes subject to redemption by the Issuer may have a lower market value than securities that cannot be optionally redeemed

The optional redemption features of the Notes are likely to limit their market value. Generally, the market value of the Notes will not rise substantially above the price at which they are to be redeemed. The Issuer may only redeem the Notes in the circumstances set out in Condition 6 (*Redemption*). At those times, an investor in the Notes generally may not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes and may only be able to do so at a significantly lower rate, while a premium may be payable to the Noteholders in certain of these circumstances (see further the section of this Prospectus entitled "Terms and Conditions of the Notes").

#### The Notes are subject to a fixed rate of interest

The Notes are subject to a fixed rate of interest. An investment in the Notes involves the risk that if market interest rates subsequently increase above the rate paid on the Notes, this will adversely affect the value of the Notes.

# The minimum denomination of the Notes may adversely affect payments on the Notes if issued in definitive form

The Notes will have a denomination consisting of a minimum authorised denomination of £100,000 plus higher integral multiples of £1,000. Accordingly, it is possible that the Notes may be traded in amounts in excess of the minimum authorised denomination that are not integral multiples of such denomination. In such a case, if definitive Notes are required to be issued, a Noteholder who holds a principal amount less than the minimum authorised denomination at the relevant time may not receive a definitive Note in respect of such holding and may need to purchase a principal amount of Notes such that their holding amounts to the minimum authorised denomination (or another relevant denomination amount).

If definitive Notes are issued, Noteholders should be aware that definitive Notes which have a denomination that is not an integral multiple of the minimum authorised denomination may be illiquid and difficult to trade.

# Notes in book-entry form will be subject to the rules of Euroclear and Clearstream, Luxembourg, which may not be adequate to ensure the timely exercise of rights under the Notes

The Notes will initially only be issued in global form and deposited with a Common Safekeeper for Euroclear and Clearstream, Luxembourg. Interests in the Global Notes will trade in book-entry form

only. The Common Safekeeper for Euroclear and Clearstream, Luxembourg is and will be the sole holder of the Global Notes representing the Notes. Accordingly, owners of book-entry interests must rely on the procedures of Euroclear and Clearstream, Luxembourg, and non-participants in Euroclear or Clearstream, Luxembourg must rely on the procedures of the participant through which they own their interests, to exercise any rights and obligations of a holder of Notes.

Unlike the holders of the Notes themselves, owners of book-entry interests will not have the direct right to act upon the Issuer's solicitations for consents, requests for waivers or other actions from holders of the Notes. The procedures to be implemented through Euroclear and Clearstream, Luxembourg may not be adequate to ensure the timely exercise of rights under the Notes.

The Issuer believes that the risks described above are the principal risks inherent in the transaction for Noteholders, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with the Notes may occur for other reasons and the Issuer does not represent that the above statements regarding the risks relating to the Notes are exhaustive. Although the Issuer believes that the various structural elements described in this Prospectus Iessen some of these risks for Noteholders, there can be no assurance that these measures will be sufficient to ensure payment to Noteholders of interest, principal or any other amounts on or in connection with the Notes on a timely basis or at all.

The Notes will be in bearer form and initially be represented by a temporary global note (the "**Temporary Global Note**"), without Coupons attached, and deposited with a Common Safekeeper for Euroclear Bank SA/NV and Clearstream Banking S.A. on the Closing Date.

Interests in the Temporary Global Note will be exchangeable, in whole or in part, for interests in a permanent global note (the "**Permanent Global Note**"), without Coupons attached, not earlier than 40 days after the Closing Date upon certification of non-U.S. beneficial ownership.

In certain limited circumstances, Notes with Coupons attached will be issued in definitive bearer form ("**Definitive Notes**") in exchange for the relevant Permanent Global Note. Definitive Notes with Coupons attached will be issued in bearer form in minimum denominations of £100,000 and integral multiples of £1,000 up to and including £199,000. No Notes will be issued with a denomination below £100,000.

#### Status and ranking:

The Notes will be constituted by the Note Trust Deed to be entered into on the Closing Date and will be secured by the Issuer Security created under the Issuer Deed of Charge entered into on the Closing Date.

The Notes and/or Coupons (if any) attached will constitute secured, direct, unconditional (subject to Condition 10 (*Enforcement*) of the Conditions) and unsubordinated obligations of the Issuer.

Prior to the occurrence of an Issuer Event of Default and the delivery to the Issuer of a notice by the Note Trustee, with a copy forwarded by the Issuer to the Rating Agencies, which declares the Notes to be immediately due and payable (an "Issuer Acceleration Notice") and/or a notice of enforcement by the Issuer Security Trustee of the Issuer Security in accordance with the Issuer Deed of Charge, copied to the Issuer Secured Creditors and the Rating Agencies (an "Issuer Enforcement Notice"), payments of interest in respect of the Notes will be made in accordance with the Issuer Pre-Enforcement Pre-Acceleration Payment Priorities (see "Payment Priorities" below).

The Notes and/or Coupons (if any) attached will represent the right of the holders thereof (the "Noteholders" and/or the "Couponholders", respectively) to receive payments of interest, principal and/or premium (if any) from the Issuer in accordance with the terms and conditions of the Notes (the "Conditions").

Interest will accrue from (and including) the Closing Date to (but excluding) the Final Maturity Date, at a fixed rate of 1.246 per cent. per annum. Interest on the Notes will be payable in arrear on each Interest Payment Date or, if such date is not a Business Day, the immediately following Business Day.

#### Final redemption:

Unless previously redeemed in full, the Notes are expected to be redeemed in full on the Interest Payment Date falling in October 2027 (the "Expected Maturity Date"), being the Interest Payment Date immediately following the Loan Maturity Date. The Notes will only be redeemed in full on the Expected Maturity Date to the extent that all amounts outstanding under the Issuer/Borrower Loan are paid in full to the Issuer. To the extent that such amounts are not paid, the Issuer will, prior to the service of an Issuer Acceleration Notice, redeem the Notes on each Interest Payment Date after the Expected Maturity Date from amounts received by it under the Issuer/Borrower Loan, subject to the applicable Issuer Payment Priorities. In any event, the Issuer will redeem the Notes at their Principal Amount Outstanding on the Interest Payment Date falling in October 2037 (the "Final Maturity Date"). Any such redemption payment will be made together with accrued but unpaid interest thereon (including, if applicable, the Default Interest Subordinated Amount payable in accordance with item 7 of the Issuer Payment Priorities) to such date.

#### **Note Maturity Plan**

As described in more detail in Condition 11 (*Note Maturity Plan*):

Without prejudice to any Note Maturity Plan that is approved, if either (a) an Obligor Event of Default has occurred and is continuing unremedied and unwaived on any date which is 6 months or more after the date of occurrence of that Obligor Event of Default; or (b) any part of the Issuer/Borrower Loan remains outstanding immediately following the close of business on the Loan Maturity Date (such date the "Amortisation Trigger Date"), the Special Servicer will implement a plan to dispose of (or procure or instruct the disposal of (including by way of the procurement or instruction of any Insolvency Official to the extent permitted by law)) sufficient Properties (at not less than the Relevant Amount in respect of each such Property (save where there is a simultaneous disposal of all the Properties)) in each 12 month period following the Amortisation Trigger Date which will result in the amortisation of the Issuer/Borrower Loan by an amount, in each such 12 month period falling after the Amortisation Trigger Date, which is equal to at least

10% of the amount of the Issuer/Borrower Loan immediately following the close of business on the Amortisation Trigger Date (provided that (save where there is a simultaneous disposal of all the Properties) if a price of equal to or greater than the Allocated Loan Amount in respect of any Property cannot be achieved in respect of any such disposal, there will be no requirement to make such disposal).

If (a) any part of the Issuer/Borrower Loan remains outstanding twelve months prior to the Final Maturity Date (the "Note Maturity **Plan Trigger Date**") and (b) in the opinion of the Special Servicer, all recoveries then anticipated by the Special Servicer with respect to the Issuer/Borrower Loan (whether by enforcement of the related Transaction Obligor Security or otherwise) are unlikely to be realised in full prior to the Final Maturity Date, the Special Servicer will be required to prepare a draft selection of proposals (the "Note Maturity Plan") and present the same to the Issuer, the Note Trustee and the Issuer Security Trustee no later than 45 days after the Note Maturity Plan Trigger Date. At least one proposal provided by the Special Servicer must be that the Issuer Security Trustee, at the cost of the Issuer, will engage an independent financial or legal expert or receiver to advise the Issuer Security Trustee as to the enforcement of the Issuer Security. The Issuer, with the assistance of and on the direction of the Special Servicer, will publish the Note Maturity Plan with the Regulatory Information Service.

Upon receipt of the draft Note Maturity Plan, the Issuer will publish a draft of the Note Maturity Plan in accordance with Condition 15 (Notice to Noteholders) and will convene a meeting of the Noteholders at which the Noteholders will have the opportunity to discuss the various proposals contained in the draft Note Maturity Plan with the Special Servicer. Following such meeting, the Special Servicer shall reconsider the Note Maturity Plan and make modifications thereto to address the views of the Noteholders (subject to the Servicing Standard) following which it shall promptly (x) provide a final Note Maturity Plan to the Issuer, the Rating Agencies, the Note Trustee and the Issuer Security Trustee and (y) request that the Issuer provide the Noteholders with a final Note Maturity Plan.

Upon receipt of the final Note Maturity Plan, the Issuer will convene a meeting of the Noteholders to select their preferred option among the proposals set out in the final Note Maturity Plan. If a proposal in the final Note Maturity Plan receives the approval of the Noteholders by way of Ordinary Resolution at such meeting, then such proposal will be implemented by the Special Servicer, irrespective of whether it results in a Basic Terms Modification or relates to an Entrenched Right and shall have no liability to any person for seeking to implement and subsequently implementing such proposal with no regard to the Servicing Standard. However, the Special Servicer shall not be required to implement any such proposal (i) if to do so would cause it to breach any applicable law or regulation and (ii) until it has been indemnified and/or secured and/or prefunded to its satisfaction. If no proposal in the final Note Maturity Plan receives the approval of the Noteholders by way of Ordinary Resolution at such meeting, then the Note Trustee will be deemed to be directed by all the Noteholders to instruct the Issuer Security Trustee to

appoint a receiver (to the extent applicable) to realise the Issuer Security in accordance with the Issuer Deed of Charge as soon as practicable upon such right becoming exercisable provided that the Issuer Security Trustee will have no obligation to do so if it shall not have been indemnified and/or secured and/or pre-funded to its satisfaction.

# Mandatory early redemption in whole or in part:

Under the terms of the Issuer/Borrower Facility Agreement, the Borrower is in some circumstances permitted, and in other circumstances required, to prepay or repay the Issuer/Borrower Loan prior to the Loan Maturity Date.

If the Borrower gives notice to the Issuer that it will prepay the whole or part of the Issuer/Borrower Loan prior to the Loan Maturity Date:

- (A) by way of a voluntary prepayment prior to the delivery of an Obligor Enforcement Notice and/or Obligor Acceleration Notice having been given;
- (B) prior to the delivery of an Obligor Enforcement Notice and/or Obligor Acceleration Notice using the following amounts deposited into the Disposal Proceeds Account: (a) the proceeds of a disposal of a Property or Properties (1) at the option of the relevant Propco or (2) if not applied by the relevant Propco towards the acquisition of a Property within 6 months; (b) the proceeds of a compulsory purchase of a Property or Properties (1) at the option of the relevant Propco or (2) if not applied by the relevant Propco towards the acquisition of a Property within 6 months; or (c) insurance proceeds (other than proceeds from loss of rent insurance) (1) at the option of the relevant Propco or (2) if not applied by the relevant Propco in reinstatement of the relevant Property or Properties within three years;
- (C) prior to the delivery of an Obligor Enforcement Notice and/or Obligor Acceleration Notice using amounts standing to the credit of the Cure Account if there has been a breach of any Financial Covenant Ratios for two successive Calculation Dates; or
- (D) following the delivery of an Obligor Enforcement Notice but prior to the delivery of an Obligor Acceleration Notice using amounts standing to the credit of the Disposal Proceeds Account and/or the Cure Account,

(in each case in accordance with the relevant provisions of the Issuer/Borrower Facility Agreement), then the Issuer will be obliged to redeem the Notes at the higher of their principal amount and the Early Repayment Amount, together with accrued interest up to (but excluding) the date of redemption, **PROVIDED THAT** no such Early Repayment Amount (if applicable) shall be payable in respect of any early redemption of Notes (a) on or at any time after 30 April 2027, being the date falling six months before the Expected Maturity Date, or (b) in any of the circumstances set out in paragraphs (B)(b), (B)(c), (C) or (D) above, subject to the conditions and as more

particularly described in Condition 6.2 (Redemption upon repayment or prepayment of the Issuer/Borrower Loan).

For the avoidance of doubt, the Early Repayment Amount will not be payable in any circumstances in respect of any early redemption of Notes at any time during the period commencing on 30 April 2027, being the date falling six months before the Expected Maturity Date, and ending on the Final Maturity Date.

#### Repayment

Under the terms of the Issuer/Borrower Facility Agreement, the Borrower is obliged to repay the Issuer/Borrower Loan on the Loan Maturity Date in an amount equal to the amount of the Issuer/Borrower Loan which is outstanding (together with any accrued but unpaid interest) as at the Loan Maturity Date, whereupon (if such repayment of the Issuer/Borrower Loan then occurs) the Issuer will be obliged to redeem the Notes at their then Principal Amount Outstanding together with any accrued but unpaid interest thereon on the Interest Payment Date immediately following the Loan Maturity Date (the "Expected Maturity Date"). Otherwise, the Notes will be redeemed at the Final Maturity Date, unless redeemed earlier.

Cancellation and redemption in whole upon gross-up under the Issuer/Borrower Facility Agreement:

The Issuer shall redeem all of the Notes on an Interest Payment Date at their Principal Amount Outstanding together with any accrued but unpaid interest thereon at any time that the Borrower cancels and prepays the Issuer/Borrower Loan as a consequence of (i) the Borrower or any other Obligor being required to increase certain payments to the Issuer (or, in respect of the Intra-Group Loans, to the Borrower) as a result of the imposition of a requirement to deduct or withhold tax from such payments or (ii) the Borrower or any other Obligor being required to pay an amount in respect of tax to the Issuer (or, in respect of the Intra-Group Loans, to the Borrower) in accordance with the Issuer/Borrower Facility Agreement (or, in the case of any Obligor other than the Borrower, the Intra-Group Agreement).

Substitution/redemption in whole for taxation on Notes and other reasons:

In the event that the Issuer satisfies the Note Trustee that:

- (A) any change in tax law (or the application or official interpretation thereof) requires or will require the Issuer to make any withholding or deduction for or on account of any United Kingdom taxes from payments in respect of the Notes (although the Issuer will not have any obligation to pay additional amounts in respect of such withholding or deduction); or
- (B) by reason of a change in law (or the application or official interpretation thereof) it has or will become unlawful in any applicable jurisdiction for the Issuer to perform any of its obligations under the Issuer/Borrower Facility Agreement or to fund or to maintain its participation in the Issuer/Borrower

the Issuer will be obliged to use its reasonable endeavours to mitigate the effects of these events, including in the case of the events described in paragraphs (A) and (B) above by arranging for the substitution of a company incorporated in an alternative jurisdiction (approved in writing by the Note Trustee) as principal debtor under the Notes and in respect of the other Issuer Secured Liabilities and as a lender under the Issuer/Borrower Facility Agreement.

If the Issuer is, upon the occurrence of any such events described in paragraphs (A) and (B) above, unable to mitigate or arrange a substitution and, if in relation to the events described in paragraph (B) only, the Issuer has notified the Borrower that the commitment of the Issuer under the Issuer/Borrower Facility Agreement is cancelled thereby obliging the Borrower to repay the Issuer/Borrower Loan, the Issuer may, provided that an Issuer Acceleration Notice has not been delivered, redeem (without premium or penalty) all (but not some only) of the Notes at their Principal Amount Outstanding together with accrued but unpaid interest thereon.

Mandatory redemption following Obligor Enforcement Notice and/or Obligor Acceleration Notice: The Issuer shall apply any monies received from or on behalf of the Obligor Security Trustee or any receiver appointed by the Obligor Security Trustee (other than as set out above) in repayment of the Issuer/Borrower Loan following the delivery of an Obligor Acceleration Notice to redeem the Notes at their then Principal Amount Outstanding, together with the accrued interest.

Purchases:

The Obligors may purchase the Notes but only to the extent that the relevant Obligor is permitted to do so pursuant to the Issuer/Borrower Facility Agreement and the Intra-Group Agreement. Any Notes which are so purchased by an Obligor will, in accordance with the Issuer/Borrower Facility Agreement and the Intra-Group Agreement, be surrendered by that Obligor to the Issuer and an equivalent amount of the Issuer/Borrower Loan and, in the case of the purchase by an Obligor other than the Borrower, an equivalent amount of the corresponding Intra-Group Loans made by the Borrower to that Obligor will be cancelled. Until an Obligor (including the Borrower) surrenders Notes to the Issuer which it has purchased in accordance with the Issuer/Borrower Facility Agreement or if NHG or any member of the Group purchases Notes, it shall not exercise any voting rights in respect of or count towards a guorum for Noteholder meetings with respect to such Notes held by it, unless 100 per cent. of all Notes then outstanding are held by or on behalf of or for the benefit of NHG or any member of the NHG Group, in which case, such disenfranchisement provisions will not apply to NHG or any such member of the NHG Group, as applicable. An Obligor may only purchase Notes in accordance with the relevant provisions of the Issuer/Borrower Facility Agreement - see "Summary of the Transaction Documents – Issuer/Borrower Facility Agreement".

**Transfer restrictions:** 

Subject to applicable laws and regulations, there will be no transfer restrictions in respect of the Notes.

**Selling restrictions:** 

There will be restrictions on the offer, sale and transfer of the Notes. See "Subscription and Sale".

Limited recourse and non-petition:

No Noteholder shall be entitled to take any steps (otherwise than in accordance with the Note Trust Deed and the Conditions) to enforce the Issuer Security other than when expressly permitted to do so

under the Conditions, enforce the performance of any of the provisions of the Issuer Transaction Documents and/or to take any other proceedings (including lodging an appeal in any proceedings) in respect of or concerning the Issuer unless the Note Trustee or, as the case may be, the Issuer Security Trustee, having become bound so to do, fails to do so within a reasonable period and such failure shall be continuing, provided that no Noteholder shall be entitled to take any steps or proceedings to procure the winding-up, administration or liquidation of the Issuer nor take any action which would result in the Issuer Payment Priorities not being observed.

All obligations of the Issuer to the Noteholders are limited in recourse to the Issuer Charged Assets.

Governing law:

The Notes, the Note Trust Deed, the Issuer Deed of Charge, the Issuer Cash Management Agreement, the Agency Agreement, the Issuer Account Bank Agreement, the Issuer/Borrower Facility Agreement, the Master Definitions Agreement, the STID, the Corporate Services Agreement, the Tax Deed of Covenant and the Servicing Agreement (together, the "Issuer Transaction Documents") and any non-contractual obligations arising out of or in respect of them will be governed by English law.

Jurisdiction:

The English courts will have exclusive jurisdiction in relation to any dispute relating to the Notes and/or Coupons attached, the Note Trust Deed and the other Issuer Transaction Documents and any non-contractual obligations arising out of or in connection therewith.

#### KEY CHARACTERISTICS OF THE ISSUER/BORROWER LOAN

The section below describes the key characteristics of the Issuer/Borrower Loan.

Issuer/Borrower Loan:

The Issuer/Borrower Loan will be a full recourse obligation of the Borrower. The obligations of the Borrower under the Issuer/Borrower Facility Agreement are guaranteed on a joint and several basis by each other Obligor under the Obligor Guarantees. The obligations of the Borrower under the Issuer/Borrower Facility Agreement and the other Obligors in respect thereof under the Obligor Guarantees are secured by the Transaction Obligor Security.

Purpose:

The Borrower will apply the proceeds of the loan made by the Issuer to the Borrower on the Closing Date pursuant to the Issuer/Borrower Facility Agreement (the "Issuer/Borrower Loan") towards (1) making an Intra-Group Loan to each Original Propco in order to enable the Original Propcos to partially prepay the NHG Loans made to each of the Original Propcos which were advanced to the Original Propcos and to discharge any outstanding payment obligations to any member of the NHG Group (other than an Obligor) in respect of the transfer of a Property or Properties to that Original Propos prior to the Closing Date, (2) providing for a debt service reserve in respect of the Issuer/Borrower Loan by instructing the Issuer to deposit an amount into the Issuer Liquidity Reserve Account, (3) depositing an amount into the Maintenance Account for the purposes of facilitating remediation works at Bakersfield, and (4) discharging the initial Issuer/Borrower Facility Fee.

Interest rate:

The Issuer/Borrower Loan will bear interest at a rate equal to the rate applicable to the Notes.

Interest payments:

Interest under the Issuer/Borrower Loan will be due on the same dates on which payments in respect of interest are required to be made on the Notes (but such amounts will be paid by the Borrower to the Issuer in advance).

Final repayment:

Unless the Borrower has previously repaid the Issuer/Borrower Loan, it will be required to repay the Issuer/Borrower Loan on the date falling three Business Days prior to 31 October 2027 (the "Loan Maturity Date") (together with accrued interest up to (but excluding) the Loan Maturity Date).

Repayment, prepayment and cancellation:

Repayment and prepayment of the Issuer/Borrower Loan shall be made in accordance with the terms of the Issuer/Borrower Facility Agreement. See "Summary of the Transaction Documents – Issuer/Borrower Facility Agreement" below.

Any notice of prepayment or cancellation shall be irrevocable and any prepayment pursuant to the Issuer/Borrower Facility Agreement shall be accompanied by the payment of accrued interest and all other amounts required to be paid in connection with the relevant prepayment. See "Summary of the Transaction Documents – Issuer/Borrower Facility Agreement" below.

Representations warranties:

and

Representations and warranties will be given by the Obligors under the Issuer/Borrower Facility Agreement in respect of the Issuer/Borrower Loan on the date of this Prospectus and on the Closing Date (and, in respect of certain of the representations and warranties, on each Interest Payment Date) will be those set out in the section entitled "Summary of the Transaction Documents – Issuer/Borrower Facility Agreement".

Covenants:

The covenants made by the Obligors under the Issuer/Borrower Facility Agreement in respect of the Issuer/Borrower Loan will be those set out in the section entitled "Summary of the Transaction Documents – Issuer/Borrower Facility Agreement" below.

Guarantees and security:

As security for the repayment of the Issuer/Borrower Loan and the Obligor Guarantees (including in respect thereof), the Borrower and the other Obligors entered into a deed of charge on the Closing Date (the "Obligor Deed of Charge") and may, from time to time, enter into certain other security documents (together with the Obligor Deed of Charge and the STID, the "Obligor Security **Documents**") in favour of the Obligor Security Trustee pursuant to which, amongst other things, the Obligors have granted security over certain of their assets in favour of the Obligor Security Trustee. In addition, each of the Obligor Holdco and PLMR have granted limited recourse security over shares owned by them in the Obligors (as applicable) and NHG has granted limited recourse security over secured debt claims it has against the Obligor Group pursuant to certain other security documents (together with the Obligor Security Documents, the "Transaction Obligor Security Documents"). For a more detailed description of the Obligor Security, see "Summary of the Transaction Documents – Transaction Obligor Security Documents" below.

#### PROPERTY PORTFOLIO

The Property Portfolio securing the Issuer/Borrower Loan comprises a total of 1,564 freehold and leasehold Dwellings as defined in the Issuer/Borrower Facility Agreement) which are grouped into 16 individual Schemes (15 across Greater London and 1 in Chelmsford). The Properties have build-years ranging from the 1970s to 2019 and were acquired by a member of the Group at different times. For the purpose of this transaction, the Property Portfolio has been transferred to the 8 Propcos, with each of the seven Schemes comprising more than 100 Dwellings being assigned to an individual Propco based on geographical location of the Schemes, and the remaining nine Schemes with less than 100 Dwellings being assigned to the Propco "Folio Buildings Limited".

Of the 1,564 Dwellings, 41 are let on long leases to leaseholders at Bakersfield. The respective Propco will be entitled to receive service charge income and obliged to expend sums in the performance of the landlord's obligations. No account is taken of this in the estimates of Prospective Operating Income and no value is assigned in the valuation to the Propco's interest. As a result, in the following tables (except those relating to rent collection performance) the total number of Dwellings in the Property Portfolio is referred to as 1,523.

Of the 1,523 Dwellings, 2 Dwellings, while capable of being let, are retained for management purposes. Another Dwelling was let to NHG between December 2017 and June 2020. The rental and market value of these three Dwellings are also taken into account in the valuation. In relation to rent collection performance, one of the three Dwellings referred to above will not be represented at all, one between July 2011 and December 2013, and the third between April and December 2017. The tables relating to rent collection performance will omit, from December 2017, the single Dwelling in respect of which NHG paid rent.

# **Quarterly Rent Collection**

The table below presents the quarterly rent collection between April 2010 and June 2020. It analyses void losses between those which have arisen between delivery of a new dwelling and its occupation by its first tenant and those which arise after first occupation as a result of tenant turnover. The delivery of approximately half the Dwellings comprising the Property Portfolio within the last eighteen months has impacted the aggregate void loss rate.

In aggregate during the 36 months between April 2010 and June 2020 void losses arising before initial letting amounted to 3.04% of total rent while void losses arising out tenant turnover amounted to 2.03% of total rent. Shortfalls in rent collection from tenants amounted to 1.22% of total rent.

# **Illustration of Operating Income**

The table below illustrates, based on the Annualised Gross Rent figures, the annual operating income on a Scheme-by-Scheme basis assuming a Void and Credit Loss Target of 3%, Property Management Provision of £1,700 per Dwelling and Maintenance Cost Target of £2,900 per Dwelling.

Please note that the Annualised Gross Rent figures represents the approximate annualised monthly rent as at 30 June 2020 that was due from tenants or expected from vacant Dwellings at such time, and as such the figures are not expected to equal the actual gross rent received over the 12 month period commencing 30 June 2020 or any other 12-month period. The gross rent actually received for any such 12-month period may be materially less than the figures below. See "Risk Factors – Default under the Occupational Leases".

The table below is meant only for the purposes of illustration, and none of the figures set out herein should be taken as any assurance of present or future performance.

### Fire Safety

## Background

The NHG Group treats issues relating to fire safety very seriously. Such issues are the responsibility of a dedicated building safety team, and conformity with applicable standards is the object of documented processes of supervision.

Applicable standards which affect the Property Portfolio include (for construction) the Building Regulations 2010 (the "**Building Regulations**") and (for occupation) the Regulatory Reform (Fire Safety) Order 2005 (the "**RRO**"), which also grants powers of intervention to the local fire authority. Powers of intervention are also separately available to the local authority under the Housing Act 2004. Statutory obligations are also supplemented by official guidance.

As a result of the Grenfell Tower disaster in June 2017, changes have been made to the regulatory framework to remedy shortcomings which were considered to have contributed to the disaster. Current changes already in effect under the Building Regulations do not affect the Property Portfolio, as the portfolio consists of buildings that have already been constructed or are in the course of construction already. Other changes have been made to relevant official advice issued by the Ministry of Housing, Communities and Local Government (the "MHCLG") in January 2020 entitled "Advice for Owners of Multi-Storey, Multi-occupied Residential Buildings" (the "Advice"). Separately, the Fire Safety Bill 2020 is currently being presented before Parliament, which seeks to amend the RRO to make clear that the external fabric of a building as well as its common parts come within the RRO's ambit. More far-reaching are the intended changes announced by MHCLG in its consultation response "A reformed building safety regulatory system" issued in April 2020 (the "Response"). This proposes the creation of a new Building Safety Regulator (as defined in the draft Building Safety Bill(the "draft Bill")) with jurisdiction over buildings higher than 18m above ground and a requirement for such buildings to have in force a Building Registration Certificate obtainable after approval of a Building Safety Case as a condition of occupation (each term as defined in the draft Bill). The proposal also proposes duties on a new category of "Accountable Person" (as defined in the draft Bill) in respect of such buildings. It is anticipated that these changes will come into effect in the next two years. Further, the government is seeking to bring forward fundamental changes in the draft Bill that are designed to improve building standards and fire safety. In broad terms, the draft Bill includes a full framework for safety and standard of all buildings (with particular focus on high-rise buildings), and creates new regulatory powers to ensure that those responsible for the safety of residents are accountable for any mistakes and must put them right. It also proposes to establish a full regulatory oversight framework with powers to enforce new rules and take strong actions against those who break them. The draft Bill was officially published on 20 July 2020, which commences the Parliamentary process of pre-legislative scrutiny to consider and then finalise the text of the draft Bill. At the end of this process, the draft Bill will then be expected to be introduced to Parliament before eventually becoming law if it progresses through all stages of Parliament.

### Responsibility

The RRO imposes duties on a designated Responsible Person (as defined in the RRO). The Responsible Person must be capable of performing the duties in respect of the common parts and (expected in the near future) the external fabric of the respective building. Accordingly, after transfer of the Property Portfolio to the Propcos, designation of the Responsible Person will depend on the title to each Property.

For those Properties to which the respective Propco has a freehold title or holds a full repairing lease, set out by Scheme, Dwelling numbers, value and gross rent in the following table, the Responsible Person will be the Property Manager and relevant costs will be incurred by the Property Manager and reimbursed by the respective Propco in accordance with the terms of the Property Management Agreement.

For those Properties to which the respective Propco has a leasehold title and in respect of which the superior landlord is responsible for repair of the common parts and the exterior fabric, the Responsible Person will be that superior landlord or its managing agent. The superior landlord will incur the respective expenditure which it will recoup from the Propco, if permitted under the terms of the lease, through the service charge. In accordance with the terms of the Property Management Agreement the Property Manager will discharge the respective Propco's obligations in respect of service charges and will be reimbursed by it.

The following table sets out the details of those Schemes in respect of which the superior landlord is either NHG or another member of the NHG Group (or, in the case of New Garden Quarter, an entity in which the NHG Group has a substantial interest).

The intended Accountable Persons regime for buildings over 18m in height is insufficiently defined for a specific prescription to be made in the Transaction Documents. The Characteristics of the Accountable Person as currently proposed in the draft Bill are to safely manage the occupation of the building from a fire and structural safety point of view to ensure the safety of persons in or about the building. A number of proposed duties are to be imposed on the Accountable Person in order to achieve this. As presently drafted in the Bill the Accountable Person will be either a freeholder or leaseholder who is under a repairing obligation in relation to any part of the common parts. Where

Propco has the freehold or full repairing lease then it will likely be the Accountable Person for the purposes of the Bill and will be required to engage with the Property Manager in terms of discharging its duties.

The following table sets out the Schemes in the Portfolio, the numbers of Dwellings and respective rents and values within them relating to buildings greater than 18m in height.

# Relevant Characteristics of the Property Portfolio

The RRO imposes a duty on the Responsible Person to assess fire safety risks with the aim of minimising them. Legislation leaves the assessment of those risks to the judgement of the Responsible Person. The policy of the NHG Group is for Fire Risk Assessments ("FRAs") to be carried out by qualified third party professionals annually on all buildings higher than six storeys and triennially for those of lesser height. There is a currently valid FRA for each Scheme and any recommended action either has been carried out or (depending on the recommended priority) is scheduled to be carried out by its prescribed date.

The government's response to the Grenfell Tower disaster has focused particularly on external cladding systems. It has recommended the urgent removal of panels made of ACM. Special attention was also drawn to the dangers of certain types of High Pressure Laminate ("**HPL**") panels. There are no ACM panels or HPL panels of those types on any building in the Property Portfolio.

The Advice has moreover made clear that the risk of fire spread on external walls including balconies must be assessed for any building, regardless of height, as part of the overall fire safety assessment. It has also advised that, if the external wall system contains elements of greater than a defined degree of combustibility, it should either itself have passed the recommended fire resistance test or be judged by a qualified fire engineer to be in line with a system which has. This must be assessed with respect to both the design and (if the design is adequate) the conformity of the construction with the design.

The considerations relevant to the risk to the relevant Propco of material expenditure on remedial work to the external wall systems are categorised as follows:

The Schemes set out in the following table are low rise and/or of traditional construction:

Scheme Name	Numbers or Values			As a Percentage of the Property Portfolio		
	Dwellings	Market Value (£m)	Annual Rent (£m)	Dwellings (%)	Market Value (%)	Annual Rent (%)
St James Place	182	57.29	2.79	11.95%	10.19%	10.09%
Sterling Place	138	44.23	2.42	9.06%	7.87%	8.76%
Coleridge Square	86	24.11	1.27	5.65%	4.29%	4.57%

Totals	464	£144.16m	£7.52m	30.47%	25.64%	27.18%
Croft Way	10	2.78	0.16	0.66%	0.49%	0.58%
Tandem Apartments	12	3.93	0.21	0.79%	0.70%	0.75%
Tankerville Court	17	4.05	0.24	1.12%	0.72%	0.87%
Claremont Grove	19	7.76	0.43	1.25%	1.38%	1.55%

With regard to all the remaining Schemes, the design of the external cladding and insulation system is known, and all such Schemes (with the exception of Bakersfield) have evidence of Building Control approval and National House Building Council or similar building defects insurance is in place

In the case of New Hendon Village and New Garden Quarter (together representing 15.1% of the number of Dwellings, 17.17% of the market value and 16.17% of the gross annual rent of the Property Portfolio) NHBC also provides the Building Control service; and recourse to NHBC is available under its insurance policy for remedial works required to correct significant health and safety risks, even if the design conformed to standards applicable at the time of construction. New Hendon Village is included in a scheduled programme of fire safety assessment relating to the external fabric which is currently in progress.

In the case of the Schemes set out in the following table (all of which were completed after the Grenfell Tower disaster) the design of the external wall system was assessed during construction and there was an enhanced degree of examination of the construction process, which in the cases of City Part West and New Garden Quarter, were carried out by a specialist fire safety consultant (the examination at City Park West remains in progress). Porter's Edge also had sprinkler systems installed, as did the tallest building at City Park West, Norman Court, which comprises 94 of the 317 flats in the Scheme:

Scheme Name	Numbers or Values			As a Percentage of the Property Portfolio		
	Dwellings	Market Value (£m)	Annual Rent (£m)	Dwellings (%)	Market Value (%)	Annual Rent (%)
Porter's Edge	234	143.76	6.40	15.36%	25.57%	23.12%
City Park West	317	80.26	4.09	20.81%	14.27%	14.77%

Totals	663	£283.85m	£13.22m	43.53%	50.49%	47.76%

In the case of the leasehold Schemes set out in the following table (which were completed or were in an advanced state of construction prior to the Grenfell Tower disaster), a scheduled programme of fire safety assessment relating to the external fabric is currently in progress:

Scheme Name	Numbers or Values			As a Percentage of the Property Portfolio		
	Dwellings	Market Value (£m)	Annual Rent (£m)	Dwellings (%)	Market Value (%)	Annual Rent (%)
Amber & Coral Court	41	13.33	0.71	2.69%	2.37%	2.55%
Rathbone Market	35	11.40	0.59	2.30%	2.03%	2.12%
Royal Albert Wharf	73	28.77	1.33	4.79%	5.12%	4.80%
Royal Wharf	22	11.19	0.45	1.44%	1.99%	1.63%
Totals	171	£64.70m	£3.07m	11.23%	11.51%	11.10%

In the case of Bakersfield, the potential for remedial works for fire safety reasons to the existing window spandrels and walkway soffits has been identified and, as a consequence, an amount (£5 million) corresponding to the full estimate of the works potentially required before any recovery from service charges due from leaseholders, will be reserved for this Issue in the Maintenance Account from which such expenditure can be funded.

#### Other

In relation to the leasehold Properties, the following is a summary of the obligations in the Head Leases or Underleases requiring the relevant landlord to notify the mortgagee and permit the mortgagee time to remedy the relevant breach by the relevant Propco:

Propco 1 – 6 months' prior notice to be given to the mortgagee before any forfeiture proceedings can be taken.

Propco 2 – no forfeiture permitted without giving at least 28 days' prior notice to the mortgagee and if the mortgagee gives notice that it wishes to remedy the breach it then has a reasonable period within which to take the necessary remedial action.

Propco 4 – no forfeiture permitted without giving at least 28 days' prior notice to the mortgagee and if the mortgagee gives notice that it wishes to remedy the breach it then has a reasonable period within which to take the necessary remedial action.

Propco 5 – no forfeiture permitted without giving notice to the mortgagee and affording it a reasonable period to remedy the breach

Propco 7 (in respect of its leasehold interests only)

- Amber Court the lease does not require notice of forfeiture from the landlord to the mortgagee;

#### **SUMMARY OF THE TRANSACTION DOCUMENTS**

The following is intended only to be a summary of certain provisions of the principal transaction documents.

#### **GENERAL OVERVIEW**

The Issuer benefits from the terms of the Issuer/Borrower Facility Agreement and a common security package granted by the Transaction Obligors under the Obligor Deed of Charge and other Transaction Obligor Security Documents. The Issuer, as provider of the Issuer/Borrower Loan to the Borrower which corresponds to the proceeds of the issuance of the Notes, is also party to and is bound by the Issuer/Borrower Facility Agreement and the STID.

The Issuer/Borrower Facility Agreement sets out the terms applicable to the Issuer/Borrower Facility, into which the Borrower enters. Save for certain limited exceptions, the Issuer cannot have additional representations and warranties, covenants, or events of default beyond the terms deemed to be incorporated by reference into the Issuer/Borrower Facility Agreement through the execution of, or accession to, the Issuer/Borrower Facility Agreement and the STID.

The STID regulates among other things (i) the claims of the Obligor Secured Creditors, (ii) the exercise and enforcement of rights by the Obligor Secured Creditors and (iii) the giving of instructions, consents and waivers and, in particular, the basis on which votes of the Obligor Secured Creditors will be counted. In addition, the NHG Loan provided to each Propco by NHG (which NHG Loans are also secured in favour of NHG by mortgages granted by the Propcos) will be ranked (together with such security) behind the Issuer/Borrower Loan and the Transaction Obligor Security Documents pursuant to the STID which will also govern the rights of enforcement in relation to all such debt and security.

All agreements listed below and non-contractual obligations arising out of or in connection with them are governed by English law and subject to the exclusive jurisdiction of the English courts.

#### ISSUER/BORROWER FACILITY AGREEMENT

The Issuer/Borrower Loan, when advanced, will constitute full recourse obligations of the Borrower. The obligations of the Borrower under the Issuer/Borrower Facility Agreement are guaranteed on a joint and several basis by each other Obligor under the Obligor Guarantees. The obligations of the Borrower under the Issuer/Borrower Facility Agreement and the other Obligors in respect thereof under the Obligor Guarantees are secured by the Transaction Obligor Security.

#### General

The Borrower will apply the proceeds of the loan made by the Issuer to the Borrower on the Closing Date pursuant to the Issuer/Borrower Facility Agreement (the "Issuer/Borrower Loan") towards making an Intra-Group Loan to each Original Propco in order to enable the Original Propcos to partially prepay any outstanding loans made to each of the Original Propcos which were advanced to the Original Propcos in order to facilitate the creation of the Obligor Group and to discharge in full any outstanding payment obligations in respect of any transfer of a Property prior to the Closing Date.

# **Interest Rate and Default Interest Rate**

Except in the circumstances when the Default Interest Rate applies, the Issuer/Borrower Loan bears interest from (and including) the Closing Date at the rate of 1.246 per cent. per annum (the "Interest Rate").

At any time when an Obligor Event of Default (including, for the avoidance of doubt, a non-payment on the Loan Maturity Date) is continuing, all amounts outstanding under the Obligor Transaction Documents (including any Overdue Amount) bear interest for the period during which such Obligor Event of Default is continuing at the rate of interest which is 1% higher than the Interest Rate (the "Default Interest Rate").

The Interest Rate and the Default Interest Rate are mutually exclusive, such that they are not applied simultaneously.

The Interest Period Interest Amounts which have accrued in any Interest Period must be paid by the Borrower to the Issuer on the applicable Interest Payment Date and, to the extent all or any amount of such Interest Period Interest Amounts remain unpaid on or in respect of such Interest Payment Date, such unpaid amount shall be treated as an Overdue Amount from that date.

#### Fees

On the Closing Date, pursuant to the Issuer/Borrower Facility Agreement, the Borrower will pay to the Issuer by way of a fee (the "Initial Issuer/Borrower Facility Fee") an amount to meet the costs and expenses of the Issuer in connection with the issue of the Notes (including, *inter alia*, the fees and expenses of the Issuer Security Trustee, the Note Trustee and the Issuer's legal advisers, accountants and auditors).

On each Quarterly Waterfall Date, the Borrower will pay an ongoing fee (the "Issuer/Borrower Facility Fee") to meet the costs and expenses of the Issuer in respect of amounts owed to, inter alios, the Note Trustee, the Issuer Security Trustee (and any receiver appointed by the Issuer Security Trustee), the Principal Paying Agent, the Issuer Cash Manager, the Issuer Account Bank, the Servicer, the Special Servicer, the Corporate Services Provider and the Issuer's legal advisers, accountants and auditors and to cover the Issuer's profit (out of which the Issuer will pay its tax).

#### Ranking

The Issuer/Borrower Facility ranks senior to the NHG Debt.

The security for the Issuer/Borrower Facility ranks senior to the NHG Security.

#### Repayment

The Borrower must repay the outstanding Issuer/Borrower Loan in full at its principal amount outstanding and any accrued but unpaid interest as at the Loan Maturity Date (together with any unpaid Issuer/Borrower Facility Fees up to the Loan Maturity Date) by noon on the Business Day falling three Business Days prior to the Loan Maturity Date.

#### **Prepayment**

Voluntary prepayment

Prepayment of the Issuer/Borrower Loan may be made on any date, on at least 10 (or in certain circumstances 5) Business Days' prior written notice (or such shorter period as may be agreed between Issuer and Borrower) but, if in part, in a minimum amount and integral multiple of £1,000,000 in accordance with the Prepayment Principles (as set out in the Issuer/Borrower Facility Agreement). Any notice of prepayment or cancellation shall be irrevocable and shall be accompanied by the payment of accrued but unpaid interest and any amounts (including principal and any Repayment Costs) payable by the Borrower to the Issuer under the Issuer/Borrower Facility Agreement.

Optional prepayment for gross-up by Borrower

The Borrower may notify the Issuer (by at least 10 Business Days' (or such other shorter period as may be agreed between the Loan Facility Agent and the Borrower) prior written notice) of its intention to prepay the Issuer/Borrower Loan in whole as a consequence of the Borrower or any other Obligor being required to increase payments to the Issuer (or, in respect of the corresponding Intra-Group Loan, to the Borrower) in respect of that Issuer/Borrower Loan (or, in the case of any other Obligor, that Intra-Group Loan) as a result of the imposition of a requirement to deduct or withhold tax from such payments, whereupon the Borrower may prepay on the next Interest Payment Date the whole (and not part only) of the Issuer/Borrower Loan then outstanding (together with accrued but unpaid interest thereon and an amount equal to the Repayment Costs in respect thereof and the accrued but unpaid Issuer/Borrower Facility Fees to the end of the relevant Interest Period). For the avoidance of doubt, no Early Repayment Amount is required to be paid in such circumstances.

# Mandatory prepayment for withholding

The Borrower may notify the Issuer (by at least 10 Business Days' (or such other shorter period as may be agreed between the Issuer and the Borrower) notice) of its intention to prepay the Issuer/Borrower Loan in whole if by reason of a change in tax law (or the application or official interpretation thereof) any sum payable to the Issuer by the Borrower is increased due to any withholding or deduction for or on account of any United Kingdom taxes.

The Issuer may notify the Loan Facility Agent, who will notify the Borrower if it requires prepayment of the Issuer/Borrower Loan in whole if by reason of a change in law it has or will become unlawful in any applicable jurisdiction for the Issuer to perform any of its obligations under the Issuer/Borrower Facility Agreement or to fund or maintain its participation in the Issuer/Borrower Loan.

In such circumstances, the Borrower will be required to make a corresponding prepayment of the Issuer/Borrower Loan then outstanding (together with accrued but unpaid interest thereon and an amount equal to the Repayment Costs in respect thereof and the accrued but unpaid Issuer/Borrower Facility Fees to the date of repayment). For the avoidance of doubt, no Early Repayment Amount is required to be paid in such circumstances.

### Other mandatory prepayment events

The Borrower must apply the following amounts in prepayment in accordance with the paragraphs below:

- (A) an amount of any Disposal Proceeds received in cash in connection with a Cash Disposal or a Part Cash Disposal which, having been deposited into the Disposal Proceeds Account, has not been applied towards an acquisition of a Property within six months of deposit into the Disposal Proceeds Account;
- (B) the proceeds of a compulsory purchase (including any compensation and damages received from any use disturbance and blight) of a Property or any part of a Property which, having been deposited into the Disposal Proceeds Account, has not been applied towards the acquisition of a Property within six months of deposit into the Disposal Proceeds Account;
- (C) the proceeds (other than from loss of rent insurance) received under the Insurance Policies deposited into the Disposal Proceeds Account that have not been applied in reinstatement of the relevant Property or Properties within three years of deposit into the Disposal Proceeds Account; and
- (D) any amounts standing to the credit of the Cure Account if there has been a breach of any Financial Covenant Ratio for two successive Quarterly Calculation Dates.

The Borrower may, in respect of any Interest Payment Date, apply in prepayment any amounts deposited into the Disposal Proceeds Account that are not otherwise required to be applied in the manner set out above, in prepayment of the Issuer/Borrower Loan.

Any amount which is to be applied in prepayment above must be applied by the Borrower in its discretion by way of:

- (A) prepayment of the Issuer/Borrower Loan (together with accrued interest and any applicable Repayment Costs in respect thereof and the accrued but unpaid Issuer/Borrower Facility Fees to the date of repayment); and/or
- (B) making a tender offer for the Notes (and paying any related fees to the Noteholders), provided that:
  - (1) the offer must be for a minimum amount of £10,000,000; and
  - (2) if insufficient Noteholders participate in such tender offer within 45 Business Days of such tender offer, the remaining amounts shall be applied in accordance with subparagraph (A) above.

Each Obligor will make such prepayments to the Borrower pursuant to the Intra-Group Agreement to facilitate any voluntary or mandatory prepayment made by the Borrower in accordance with the terms of the Obligor Transaction Documents.

Any amount which is to be applied in prepayment of the Issuer/Borrower Loan on any Interest Payment Date will be transferred by, or on behalf of, the Borrower from the relevant Borrower Account to the Issuer Transaction Account on the Quarterly Waterfall Date immediately preceding such Interest Payment Date, provided that the Issuer/Borrower Loan (and any relevant Intra-Group Loan) will only be deemed to be prepaid on such Interest Payment Date.

Mandatory prepayment following an Obligor Enforcement Notice and/or Obligor Acceleration Notice

The Obligors shall prepay or repay the Issuer/Borrower Loan following the delivery of an Obligor Enforcement Notice and/or an Obligor Acceleration Notice with proceeds of enforcement of the Transaction Obligor Security.

### Prepayment upon purchase of Notes by Obligors

The Obligors (including the Borrower) may, at their discretion, prior to the delivery of an Obligor Acceleration Notice, use amounts made available to it by way of equity or NHG Loan to purchase Notes. However, no Obligor may purchase any Notes unless (1) no Obligor Event of Default is outstanding or would occur as a result of such purchase; and (2) such Notes are purchased on arm's length terms. Such Notes will be surrendered by that Obligor to the Issuer for cancellation in accordance with the Issuer/Borrower Facility Agreement. Upon such surrender, an amount of the Issuer/Borrower Loan equal to the Principal Amount Outstanding of the Notes and, in the case of an Obligor other than the Borrower, a corresponding amount of the Intra-Group Loans made by the Borrower to that Obligor will be treated as having been prepaid in accordance with the Issuer/Borrower Facility Agreement and, in the case of an Obligor other than the Borrower, the Intra-Group Agreement.

Voluntary and mandatory prepayment pursuant to the Intra-Group Agreement

Each Obligor will make such prepayments to the Borrower pursuant to the Intra-Group Agreement as required under that Agreement (as determined by the Obligor Cash Manager) and/or to facilitate any voluntary or mandatory prepayment made by the Borrower in accordance with the terms of the Obligor Transaction Documents.

Application of any amounts applied in voluntary or mandatory prepayment

Any prepayment of the Issuer/Borrower Loan which does not result in the Issuer/Borrower Loan being prepaid in full will be applied to partially prepay the Issuer/Borrower Loan.

#### Financial covenants

The Financial Covenant Ratios will be breached (a "Financial Covenant Ratio Breach") if:

- (A) Loan to Value Ratio at any time is greater than 60.0%;
- (B) DSCR (when tested on any Calculation Date) is lower than 200.0%;
- (C) Yield (when tested on any Calculation Date) is lower than 5.5%;
- (D) the Prospective DSCR (when tested on any Calculation Date) is lower than 200.0%; or
- (E) the Prospective Yield (when tested on any Calculation Date) is lower than 5.5%.

The Financial Covenant Ratios will be calculated on each "Calculation Date", being:

- (A) the Closing Date;
- (B) each Quarterly Calculation Date on which a Compliance Certificate is required to be delivered in accordance with the terms of the Issuer/Borrower Facility Agreement; and
- (C) any other date on which any Financial Covenant Ratio is tested pursuant to any Obligor Transaction Document.

Loan to Value

The "Loan to Value Ratio" will be calculated on each Calculation Date as the Net Senior Debt as at that Calculation Date divided by the Aggregate Value as at that Calculation Date.

#### **DSCR**

"DSCR" will be calculated, in respect of a Test Period, as:

- (A) the aggregate of:
  - (1) the aggregate of the Actual Operating Income of each of the Propcos (as the applicable Portfolio Unit(s) for this purpose) for each Month falling in that Test Period: and
  - (2) all amounts received by the Borrower in that Test Period in respect of interest earned on the Borrower Accounts; *divided by*
- (B) Finance Costs in respect of that Test Period.

Yield

"Yield" will be calculated, in respect of a Test Period, as:

(A) the sum of:

- (1) the aggregate of the Actual Operating Income of each of the Propcos for each Month falling in that Test Period; *multiplied by*
- (2) 12 divided by the number of Months in the Test Period; divided by
- (B) Net Senior Debt immediately following the close of business on the last day of that Test Period.

### Prospective DSCR

"Prospective DSCR" will be calculated, in respect of a Prospective Test Period, as

- (A) the aggregate of:
  - (1) the Prospective Operating Income for that Prospective Test Period; and
  - (2) a reasonable estimate of all amounts to be received by the Borrower in that Prospective Test Period in respect of interest earned on the Borrower Accounts; divided by
- (B) the Prospective Finance Costs in respect of that Prospective Test Period.

### Prospective Yield

"Prospective Yield" will be calculated, in respect of a Prospective Test Period, as:

- (A) the sum of:
  - (1) the Prospective Operating Income for that Prospective Test Period; *multiplied by*
  - (2) 4; divided by
- (B) Net Senior Debt immediately following the close of business on the first day of that Prospective Test Period.

#### Cure rights

If a Compliance Certificate shows that a Financial Covenant Ratio Breach has occurred, the Obligors may, within 30 days of the date of such Compliance Certificate:

- (A) prepay in cash Intra-Group Loans in an aggregate amount determined by the Obligor Cash Manager as being at least sufficient, in aggregate, to enable the Borrower to prepay the Issuer/Borrower Loan in an amount sufficient to ensure compliance with the relevant Financial Covenant Ratio (if such Financial Covenant Ratio was recalculated on the assumption that such amount had been applied in prepaying the Issuer/Borrower Loan on the relevant Quarter Date to which such Financial Covenant Ratio relates (or, in the case of DSCR, the immediately preceding Quarter Date));
- (B) deposit into (or procure the deposit into) the Cure Account an amount in cash sufficient to ensure compliance with the relevant Financial Covenant Ratio (if such Financial Covenant Ratio was recalculated on the assumption that such amount had been applied in prepaying the Issuer/Borrower Loan on the relevant Quarter Date to which such Financial Covenant Ratio relates (or, in the case of DSCR, the immediately preceding Quarter Date)); or
- (C) acquire for non-cash consideration Properties to provide sufficient additional value and/or cashflows to ensure compliance with the relevant Financial Covenant Ratio (if such

Financial Covenants was recalculated on the assumption that such acquisition had occurred on the relevant Quarter Date to which such Financial Covenant Ratio relates (or, in the case of DSCR, the immediately preceding Quarter Date)),

(each of Paragraphs (A) to (C) above being a "Cure Right").

If the Obligors have been in breach of any one or more Financial Covenant Ratios on two successive Calculation Dates without taking into account amounts standing to the credit of the Cure Account, then on the Interest Payment Date immediately following the second of such Calculation Dates the amount standing to the credit of the Cure Account must be applied in prepayment of the Issuer/Borrower Loan in accordance with (A) above.

If the Obligors have been in compliance with the Financial Covenant Ratios for two successive Calculation Dates, without taking into account amounts standing to the credit of the Cure Account, and provided that no Financial Covenant Ratio Breach would occur as a result of such payment being made on such Calculation Dates, then on the Interest Payment Date immediately following the second of such Calculation Dates the amount standing to the credit of the Cure Account shall be released to the Obligors.

The Obligors may not exercise a Cure Right in respect of two consecutive Calculation Dates or more than four times in any five-year period.

#### **General Covenants**

Financial Indebtedness

No Obligor shall:

- (A) permit any Financial Indebtedness to be outstanding to it by, or make any other form of credit available to, any person;
- (B) incur or have outstanding any Financial Indebtedness to any Affiliate of an Obligor;
- (C) incur or have outstanding any Financial Indebtedness to any other person; or

except for any Permitted Financial Indebtedness (the "Financial Indebtedness Covenant").

## Disposals

No Obligor will, either in a single transaction or in a series of transactions (whether related or not) and whether voluntary or involuntary, sell, transfer, convey, licence, lend, lease or otherwise dispose of the whole or any part of its property or assets, except:

- (A) the disposal of obsolete assets which are not expressed to be subject to a fixed charge or fixed security under any Obligor Security Document, have outlasted their useful life and which are no longer required for the efficient operation of the business;
- (B) expenditure of cash for purposes consistent with the Obligor Security Documents and which is not expressed to be subject to a fixed charge or fixed security under any Obligor Transaction Documents;

- (C) the disposal of assets which are subject to a floating charge, and not expressed to be subject to a fixed charge or fixed security, under any Obligor Security Document and such disposal is made in the ordinary course of business;
- (D) the grant of any Occupational Lease or other lease entered into by an Obligor in accordance with the IBFA;
- (E) a disposal relating to an Authorised Investment for cash in the ordinary course of trading or in exchange for other Authorised Investments;
- (F) any disposal of a Property Interest which is made in accordance with the specific provisions set out below relating to the disposal of Properties; or
- (G) any disposal made with the prior written consent of the Obligor Security Trustee.

An Obligor may dispose of a Property (or a Transaction Obligor (other than the Parent) may dispose of the shares it owns in an Obligor that owns one or more Properties) to another person (whether related or unrelated) if:

- (A) such disposal is made on arm's length terms (if made to a person outside of the NHG Group);
- (B) no Obligor Event of Default has occurred and is continuing or would result from such disposal;
- (C) the Disposal Proceeds from such disposal are at least equal to the Relevant Amount in respect of the Property (or the shares in any Obligor owning any Property or Properties) the subject of that disposal and, to the extent that all (or any part) of such Disposal Proceeds comprise cash, are applied in accordance with the Prepayment Principles;
- (D) the Loan to Value Ratio immediately following such disposal (calculated in accordance with the provisions set out below) is equal to or lower than the Loan to Value Ratio immediately prior to such disposal;
- (E) the Prospective DSCR as at the most recent Quarter Date prior to the date of such disposal (calculated on a *pro forma* basis in accordance with the provisions set out below) is equal to or greater than the Prospective DSCR as at the most recent Quarter Date prior to the date of such disposal;
- (F) the Prospective Yield (calculated on a *pro forma* basis in accordance with the provisions set out below) is equal to or greater than the Prospective Yield as at the most recent Quarter Date prior to the date of such disposal;

# Acquisitions

No Obligor may acquire or make any investment in any property or assets unless the Borrower gives an acquisition certificate confirming the Acquisition Conditions relating to that acquisition are satisfied. An Obligor may acquire a property from a member of the NHG Group (other than the Obligor Group) (or the Borrower may acquire the shares in a member of the NHG Group (other than the Obligor Group) that owns one or more properties) either:

- (A) for cash consideration only, whether funded using any Disposal Proceeds standing to the credit of the Disposal Proceeds Account of any Property disposed of since the Closing Date and/or using cash standing to the credit of the General Account from time to time or any combination of the foregoing (a "Cash Acquisition");
- (B) for the aggregate of part cash consideration whether funded using any or all of the sources of cash referred to in (A) above and part non-cash consideration by way of contribution of a property from within the NHG Group (but not the Obligor Group), funded by way of equity contribution and/or consideration left outstanding by way of NHG Debt (a "Part Cash Acquisition");

- (D) by way of any such Non-Cash Acquisition made for the purposes of exercising a Cure Right (a "Cure Right Acquisition").

The "**Acquisition Conditions**" are satisfied in relation to any acquisition of any Incoming Property by an Obligor if:

- (A) evidence has been provided to the Loan Facility Agent that, immediately following such acquisition, at least 70% of the value (determined in accordance with the most recent Valuation) of the Properties then owned by the Propcos will be comprised of Properties that were owned by the Original Propcos as at the Closing Date;
- (B) in the case of any Non-Cash Acquisition, the *pro forma* calculations of Loan to Value, Prospective DSCR and Prospective Yield (in each case as set out above in connection with the Non-Cash Disposal corresponding to that Non-Cash Acquisition) are satisfied;

  - (1) the requirement for the associated Disposal Proceeds being, in aggregate, equal to or greater than the applicable Relevant Amount; and

- (G) no Obligor Event of Default has occurred and is continuing prior to the entry into the contract for such acquisition or would result from such acquisition; and
- (H) if such acquisition involves the accession of an Additional Propco, the provisions relating to the accession of such Additional Propco have been satisfied (as detailed below).

On a transfer of any Property to an Obligor, such Obligor must have sufficient cash available to it (from the General Account or from an NHG Loan made to it expressly for that purpose) to pay any SDLT that is payable in respect of the transfer and, where the SDLT payable on the transfer is calculated by reference to any amount which is less than the consideration actually paid for the transfer, the Obligors must obtain a written opinion on the SDLT which is payable on the transfer, provided that such opinion shall be in the form required by the Tax Deed of Covenant.

If the acquisition of any Property involves the acquisition by the Borrower of any shares in any company owning (directly or indirectly) that Property (or the incorporation of a new, direct and wholly-owned Subsidiary for the purposes of making such acquisition) (an "Additional Propco"), such company shall become an Obligor by delivering to the Obligor Security Trustee a duly executed accession memorandum to accede to the IBFA, STID, Obligor Deed of Charge and Tax Deed of Covenant, and shall give all relevant representations and warranties and provide all relevant conditions precedent and documentation associated with such accession.

An Obligor may acquire or make an investment in a property or assets to the extent it is an Authorised Investment or is in connection with the incorporation of new, wholly-owned subsidiaries for the purpose of acquiring properties or the shares in a property-holding in accordance with the relevant provisions of the Issuer/Borrower Facility Agreement.

- (B) such Notes are purchased on arm's length terms.

Any Notes purchased by an Obligor (including the Borrower) will be surrendered by that Obligor to the Issuer for cancellation in accordance with the IBFA. Following such surrender, an amount of the corresponding Issuer/Borrower Loan and, in the case of a Propco, an amount of the corresponding Intra-Group Loans made by the Borrower to that Propco, equal to the Principal Amount Outstanding of such Notes shall then be treated as having been repaid in accordance with the Issuer/Borrower Facility and, in the case of a Propco (other than the Borrower), the Intra-Group Agreement.

#### SECURITY TRUST AND INTERCREDITOR DEED

#### General

The intercreditor arrangements (the "Intercreditor Arrangements") are contained in the STID and, in relation to the Issuer, also in the Issuer Deed of Charge. The relevant Intercreditor Arrangements bind each of the Obligor Secured Creditors (including the Issuer as an Obligor Secured Creditor), the Issuer Secured Creditors (together, the "Secured Creditors"), NHG as subordinated secured creditor (the "NHG Secured Creditor") and each of the Obligors.

The Obligor Secured Creditors will include the Issuer as provider of the Issuer/Borrower Facility. The Issuer Secured Creditors will enter into or accede to the Issuer Deed of Charge. Any successor to an Obligor Secured Creditor will be required to accede to the STID and the MDA. The STID also contains provisions restricting the rights of the NHG Secured Creditor.

The purpose of the Intercreditor Arrangements is to regulate, among other things: (a) the claims of the Obligor Secured Creditors; (b) the exercise, acceleration and enforcement of rights by the Obligor Secured Creditors; (c) the rights of the Obligor Secured Creditors and the Issuer Secured Creditors through their representative for the purposes of the STID and the MDA (the "Secured Creditor Representatives") to instruct the Obligor Security Trustee; (d) the Entrenched Rights of the Obligor Secured Creditors and the Issuer Secured Creditors; and (e) the giving of consents and waivers under and the making of modifications to the IBFA, the MDA, the STID and any other agreement, instrument or deed designated by the Obligor Security Trustee and at least one Obligor as a Common Document (together, the "Common Documents"). In addition, the purpose of the Intercreditor Arrangements is, amongst other things (a) to rank the claims of NHG (in its capacity as NHG Secured Creditor) behind the claims of the Obligor Secured Creditors (b) to regulate the exercise of any rights of acceleration and enforcement by NHG and (c) to provide for the release of NHG as a secured creditor in certain distress scenarios.

In relation to any enforcement by the Obligor Security Trustee of the Transaction Obligor Security granted by NHG, there is a risk that the ability of the Obligor Security Trustee could be frustrated to some extent by the application of the special Housing Administration regime applicable to NHG. The Parent has therefore been inserted into the structure so that, absent any clear enforcement right against NHG in a distress scenario in respect of the Transaction Obligor Security granted by NHG, the claims of NHG against the Propcos may instead be pushed down to the Group (leaving NHG with an unsecured claim against the Parent but not against the Propcos or the Borrower) or alternatively the obligations of the Propcos to NHG may be pushed up to the Parent (together with a release of the NHG Security) again leaving NHG with an unsecured claim against the Parent and not against the Propcos or the Borrower. This will significantly mitigate the risk associated with the Housing Administration regime.

#### Modifications, consents and waivers

Subject to Entrenched Rights (which will always require the consent of each Obligor Secured Creditor (an "Affected Obligor Secured Creditor") (and, where the Issuer is an Affected Obligor Secured Creditor, each affected Issuer Secured Creditor (an "Affected Issuer Secured Creditor") (together the "Affected Secured Creditors") whose Entrenched Rights are affected by a proposal or request made by an Obligor in accordance with the STID), the Borrower shall be entitled to request the Obligor Security Trustee (1) to concur in making any modification in respect of any Debt Document and/or (2) to seek instructions from the Obligor Secured Creditors and/or the Issuer

Secured Creditors who are affected in respect of LFA Matters where the Servicer (or, for so long as the Issuer/Borrower Loan is designated a Specially Serviced Loan, the Special Servicer) and/or the Loan Facility Agent have notified the Borrower that they are not, in their sole opinion, able to, or entitled to, give such consent, waiver, instruction, or opinion, or if the Borrower is not satisfied with such opinion, instruction, or lack of consent or waiver in respect of any Debt Document ( provided that any matter falling under limb (2) above shall not constitute a Discretion Matter and will only constitute an Ordinary Voting Matter or an Extraordinary Voting Matter, as applicable) or other documents to which the Obligor Security Trustee is a party or over which the Obligor Security Trustee has the benefit of the Obligor Security (a "STID Proposal"). Other than in respect of Discretion Matters, the Obligor Security Trustee will only agree to making any modification to, giving any consent under or granting any waiver in respect of any Debt Documents or other document to which the Obligor Security Trustee is a party or over which the Obligor Security Trustee has the benefit of the Obligor Security with the consent of, or if so instructed by, the relevant majority of Qualifying Secured Creditors by reference to the Outstanding Principal Amount of the Qualifying Debt of the Participating Secured Creditors voting in accordance with the STID (the "Voted Qualifying Debt"), provided that the required quorum in respect of voting matters, being one or more Participating Secured Creditors representing, in aggregate, at least the specified percentage (where applicable) of the Outstanding Principal Amount of all Qualifying Debt as set out in the STID (the "Quorum Requirement") has been met.

No STID Proposal will be required for the Borrower to be entitled to request the Obligor Security Trustee to concur, and for the Obligor Security Trustee to agree to concur, in making any modification in respect of: (1) a Discretion Matter under or in respect of any Debt Document which is not a Common Document; or (2) certain other general discretion matters referred to in the STID (as referred to under "Discretion Matters" below).

For these purposes, "**Debt Document**" means each of the STID, the other Obligor Transaction Documents, the NHG Finance Documents, any agreement evidencing the terms of the Parent Liabilities or the Intra-Group Liabilities and any other document designated as such by the Security Agent and the Borrower.

Subject to Entrenched Rights, the Obligor Security Trustee will, without the sanction of any Obligor Secured Creditor (and without this being the subject of a STID Proposal), concur with any Obligor to make any modification to any Debt Document that is requested by an Obligor to comply with any (a) criteria of the Rating Agencies which may be published after the Closing Date which modification the relevant Obligor certifies to the Obligor Security Trustee is required to avoid a downgrade, withdrawal or suspension of the then current ratings assigned by a Rating Agency to the Notes or (b) requirements which apply to it under Regulation (EU) 648/2012 ("EMIR"), subject to the receipt by the Obligor Security Trustee of certain certifications from the relevant Obligor and to the Obligor Security Trustee being of the opinion that any such changes would not have certain effects in relation to itself, provided that the relevant parties to such Obligor Transaction Documents or other documents shall have agreed in writing to such modification (except in the case of a Common Document). The Obligor Security Trustee will be entitled to rely on an Obligor's designation of any modification as falling within (a) or (b) above and the Obligor Secured Creditors will have no right to disagree with such designation.

## Quorum requirements and voting majority

Pursuant to the terms of the STID, the Decision Period in respect of an Ordinary Voting Matter or an Extraordinary Voting Matter (as applicable) is not less than 15 Business Days from the date of the STID Voting Request and the Quorum Requirement in respect of an Ordinary Voting Matter or an Extraordinary Voting Matter (as applicable) is one or more Participating Secured Creditors representing in aggregate at least 20 per cent. of the entire Outstanding Principal Amount of all Qualifying Debt.

If the initial Quorum Requirement for an Ordinary Voting Matter or an Extraordinary Voting Matter (as applicable) is not met by the Business Day immediately preceding the last day of the Decision

Period, the Decision Period will be extended by a further 10 Business Days and the Quorum Requirement will reduce to one or more Participating Secured Creditors representing in aggregate at least 10 per cent. of the entire Outstanding Principal Amount of all Qualifying Debt.

A resolution will be passed:

- (A) for an Ordinary Voting Matter, by simple majority of the Voted Qualifying Debt; and
- (B) for an Extraordinary Voting Matter, by more than 66²/₃ per cent. of the Participating Secured Creditors by reference to the Outstanding Principal Amount of the Voted Qualifying Debt of such Participating Secured Creditors.

In relation to enforcement, the Decision Period is 20 Business Days from the date of the delivery of Enforcement Instruction Notice or the Further Enforcement Instruction Notice (each as defined below) (as applicable) and the Quorum Requirement shall be one or more Qualifying Secured Creditors representing, in aggregate at least the Relevant Percentage of the entire Outstanding Principal Amount of all Qualifying Debt, where Relevant Percentage for this purpose means

- (A) 50% in respect of any Enforcement Instruction Notice or Further Enforcement Instruction Notice delivered up to and including the date falling 12 months after the occurrence of the relevant Obligor Event of Default; and
- (B) 33.33% in respect of any Enforcement Instruction Notice or Further Enforcement Instruction Notice delivered at any time following the date falling 12 months after the occurrence of the relevant Obligor Event of Default.

The majority required to pass a resolution to enforce will be the Participating Secured Creditors on a pound for pound basis representing at least the Relevant Percentage of the aggregate Outstanding Principal Amount of all Voted Qualifying Debt, where "**Relevant Percentage**" for this purpose means:

- (A) 66.67 per cent in respect of any Enforcement Instruction Notice or Further Enforcement Instruction Notice delivered up to and including the date falling 12 months after the occurrence of the relevant Obligor Event of Default; and
- (B) 50 per cent. in respect of any Enforcement Instruction Notice or Further Enforcement Instruction Notice delivered at any time following the date falling 12 months after the occurrence of the relevant Obligor Event of Default.

The Borrower is entitled to provide the Obligor Security Trustee with written notice requesting any STID Proposal. The notice will certify whether such STID Proposal is a Discretion Matter (if in relation to a Common Document), an Ordinary Voting Matter or an Extraordinary Voting Matter or whether it gives rise to an Entrenched Right and stating the relevant period of time within which the approval of the Obligor Security Trustee is sought (the "**Decision Period**"). If the STID Proposal is in relation to a Discretion Matter (relating to a Common Document), the Borrower must also provide further information evidencing this status. If the STID Proposal is in relation to an Entrenched Right, the Borrower must include information as to the Affected Secured Creditors. No STID Proposal will be required for a modification, consent or waiver (that is a Discretion Matter) relating to an Obligor Transaction Document which is not a Common Document or a document over which the Obligor Security Trustee has the benefit of the Obligor Security.

The Obligor Security Trustee will, within five Business Days of receipt of a STID Proposal, send a request (a "STID Voting Request") in respect of any Ordinary Voting Matter, Extraordinary Voting Matter or Entrenched Right to each Obligor Secured Creditor and Issuer Secured Creditor (in each case, through its Secured Creditor Representative, which (in respect of the Issuer) shall be the Note Trustee on behalf of the Noteholders and the Issuer Security Trustee in respect of each other Issuer Secured Creditor. If the STID Proposal gives rise to an Entrenched Right, the STID Voting

Request will contain a request that each relevant Affected Obligor Secured Creditor (including, where the Issuer is an Affected Obligor Secured Creditor, each Affected Issuer Secured Creditor) (through its Secured Creditor Representative) confirm whether or not it wishes to consent to the relevant STID Proposal that would give rise to the Entrenched Right. If the STID Proposal does not give rise to an Entrenched Right, the STID Voting Request will contain a request that each Qualifying Secured Creditor submit a vote in writing in respect of the STID Proposal and a certificate that it is entitled to vote on the relevant STID Proposal and state the Outstanding Principal Amount of its Qualifying Debt.

# Type of voting categories

## Ordinary Voting Matters

Ordinary voting matters (the "**Ordinary Voting Matters**") include all matters which are not designated as Extraordinary Voting Matters or Discretion Matters (see "*Extraordinary Voting Matters*" and "*Discretion Matters*" below).

## Extraordinary Voting Matters

Extraordinary matters (the "Extraordinary Voting Matters") are matters which, in the opinion of the Obligor Security Trustee:

- (A) would change (i) any provision (including any definition) which would materially affect the voting mechanics in relation to the Extraordinary Voting Matters, or (ii) any of the matters constituting Extraordinary Voting Matters;
- (B) would materially change or would relate to the waiver of any Obligor Event of Default;
- (C) would materially change or would relate to the waiver of the Financial Indebtedness Covenant;
- (D) would materially change or would relate to the waiver of the restrictions on the Obligors on making disposals as set out in the IBFA;
- (E) would materially change or would relate to the waiver of the Prepayment Principles; or
- (F) would materially change or would relate to waiver of the Acquisition Conditions.

Any matter falling under limb (2) in the first paragraph under "Security Trust and Intercreditor Deed - Modifications, consents and waivers" above shall not constitute a Discretion Matter and will only constitute an Ordinary Voting Matter or an Extraordinary Voting Matter, as applicable.

## Entrenched Rights

Entrenched rights (the "Entrenched Rights") are rights that cannot be modified or waived in accordance with the STID without the consent of the Affected Obligor Secured Creditor(s). When the Affected Obligor Secured Creditor is the Issuer, such consent must be obtained from each Affected Issuer Secured Creditor.

## Discretion Matters

The Obligor Security Trustee may (but is not obliged to), as requested by the Borrower:

(A) by way of a STID Proposal designated by the Borrower as being in respect of a Discretion Matter (as defined below) in respect of a Common Document; or

(B) by way of written request designated by the Borrower to be in respect of a Discretion Matter in respect of any Debt Document (other than a Common Document), such request to be presented substantially in the form of a STID Proposal (but, for the avoidance of doubt, not constituting a STID Proposal and therefore, with no requirement for a copy of such request to be distributed to the Secured Creditor Representatives or the Issuer Security Trustee) (and, for the avoidance of doubt, the Obligor Security Trustee will be entitled to rely on any such designation by the Borrower and the Obligor Secured Creditors will have no right to disagree with such designation),

in its sole discretion at the end of the Decision Period (being not less than 10 Business Days from the date of the STID Proposal concur with the Borrower and/or any other relevant party in making any modification to any Common Document or Debt Document (provided that each party to that other Obligor Transaction Document or other document has consented in writing to such modification) if:

- (A) in its opinion, it is required to correct a manifest error, or an error in respect of which an English court could reasonably be expected to make a rectification order, or it is of a formal, minor, administrative or technical nature; or
- (B) such modification is not, in the opinion of the Obligor Security Trustee, materially prejudicial to the interests of any of the Obligor Secured Creditors (where "materially prejudicial" means that such modification would have a material adverse effect on the ability of the Obligors to pay any amounts in respect of the Obligor Secured Liabilities owed to the relevant Obligor Secured Creditors on the relevant due date for payment thereof).

A matter will be considered to be a "**Discretion Matter**" if the Obligor Security Trustee exercises its discretion to approve any request made in a STID Proposal or otherwise in accordance with the terms of the STID without any requirement to seek the approval of any Obligor Secured Creditor or any of their Secured Creditor Representatives, provided that any matter falling under limb (2) in the first paragraph under "Security Trust and Intercreditor Deed - Modifications, consents and waivers" above shall not constitute a Discretion Matter and will only constitute an Ordinary Voting Matter or an Extraordinary Voting Matter, as applicable.

The Obligors and the Obligor Security Trustee must not make or concur in making any modification to any Debt Document if such modification:

- (A) is an Ordinary Voting Matter, unless and until the provisions in the STID relating to Ordinary Voting Matters have been complied with;
- (B) is an Extraordinary Voting Matter, unless and until the provisions in the STID relating to Extraordinary Voting Matters have been complied with;
- (C) is an Entrenched Right, unless and until the consent of each Affected Obligor Secured Creditor (and, if the Issuer is an Affected Obligor Secured Creditor, each Affected Issuer Secured Creditor) has been obtained or deemed to be obtained in accordance with the provisions in the STID; or
- (D) is subject to an ongoing disagreement with regard to the determination of the voting category or the application of Entrenched Rights.

#### Voting

The Note Trustee will, in respect of an Ordinary Voting Matter and an Extraordinary Voting Matter (each, a "Voting Matter") which is voted on by Noteholders vote on behalf of the Issuer (a) in an amount equal to the aggregate of the Outstanding Principal Amount under the Issuer/Borrower Loan corresponding to the Notes then owed to Noteholders that voted for a proposed resolution within the Decision Period and (b) in an amount equal to the aggregate Outstanding Principal

Amount under the Issuer/Borrower Loan corresponding to the Notes then owed to Noteholders that voted against a proposed resolution within the Decision Period.

# **Determination of voting category**

The determination of the voting category made by the Borrower in a STID Proposal shall be binding on the Obligor Secured Creditors and, in the case of the Issuer, the Issuer Secured Creditors unless the Obligor Security Trustee, on the instruction of Qualifying Secured Creditors (acting through their respective Secured Creditor Representatives, if any) representing at least 20 per cent. of the aggregate Outstanding Principal Amount of Qualifying Debt (the "Determination Dissenting Creditors") and subject to the Determination Dissenting Creditors (acting as aforesaid) providing supporting evidence or substantiation for their disagreement with the determination of voting category, informs the Borrower in writing within ten Business Days of receipt of the relevant STID Proposal that the Determination Dissenting Creditors disagree with the determination of voting category made in the relevant STID Proposal (the "Determination Dissenting Notice"). The Determination Dissenting Notice should also specify the voting category of the relevant STID Proposal which Determination Dissenting Creditors propose should apply for the relevant STID Proposal and contain the supporting evidence or substantiation of the matters set out in the Determination Dissenting Notice required to be provided by the Determination Dissenting Creditors.

The determination made by the Borrower of whether a STID Proposal gives rise to an Entrenched Right affecting an Obligor Secured Creditor and/or, where the Issuer is an Affected Obligor Secured Creditor, any Issuer Secured Creditor, shall be binding on the Obligor Secured Creditors and, where the Issuer is an Affected Obligor Secured Creditor, the Issuer Secured Creditors unless the Obligor Security Trustee, on the instruction of an Obligor Secured Creditor (acting through its Secured Creditor Representative (if any) (for the avoidance of doubt, in the case of the Issuer, being the Note Trustee (acting on behalf of the Noteholders)) or an Issuer Secured Creditor (acting through the Issuer Security Trustee as its Secured Creditor Representative) (each, an "Entrenched Right Dissenting Creditor") and subject to the Entrenched Right Dissenting Creditors (acting as aforesaid) providing supporting evidence or substantiation for their disagreement with the determination of such Entrenched Right in the Entrenched Right Dissenting Notice, informs the Borrower in writing within ten Business Days of receipt of the relevant STID Proposal that an Entrenched Right Dissenting Creditor disagrees with the determination of whether such STID Proposal gives rise to an Entrenched Right affecting such Obligor Secured Creditor and/or, where the Issuer is an Affected Obligor Secured Creditor, such Issuer Secured Creditor (the "Entrenched Right Dissenting Notice"). The Entrenched Right Dissenting Notice should also specify the Obligor Secured Creditor and/or, if the Issuer is an Affected Obligor Secured Creditor, the Issuer Secured Creditor, affected by the Entrenched Right and contain the supporting evidence or substantiation of the matters set out in the Entrenched Right Dissenting Notice required to be provided by the Entrenched Right Dissenting Creditors.

The Determination Dissenting Creditors or the Entrenched Right Dissenting Creditors (together the "Dissenting Creditors"), as the case may be, and the Borrower shall agree the voting category or whether the STID Proposal gives rise to an Entrenched Right affecting an Obligor Secured Creditor and/or, if the Issuer is an Affected Obligor Secured Creditor, an Issuer Secured Creditor within five Business Days from receipt by the Borrower of the Determination Dissenting Notice or the Entrenched Right Dissenting Notice, as applicable. If the Determination Dissenting Creditors or the Entrenched Right Dissenting Creditors and the Borrower are not able to agree on the voting category of the relevant STID Proposal or whether such STID Proposal gives rise to an Entrenched Right affecting the relevant Obligor Secured Creditor(s) and/or, as applicable, Issuer Secured Creditor within five Business Days of the receipt by the Borrower of the Determination Dissenting Notice or the Entrenched Right Dissenting Notice, as applicable, they must instruct an expert(s) (at the cost of the Borrower) agreed upon by the Determination Dissenting Creditors or the Entrenched Right Dissenting Creditors, as the case may be, and the Borrower or, if no agreement can be reached, then an expert chosen by the President for the time being of the Law Society of England and Wales (the "Appropriate Expert"). The Appropriate Expert (acting jointly, if comprising more than one individual) having regard to all the circumstances and facts that he/she considers relevant must determine the relevant voting category in respect of the relevant STID Proposal or whether such STID Proposal gives rise to an Entrenched Right affecting the relevant Obligor Secured Creditor(s) and/or, as applicable, Issuer Secured Creditor. The decision of the Appropriate Expert will be final and binding on each of the parties.

## **Loan Facility Agent Matters**

The Borrower shall be entitled to request the Loan Facility Agent to give a consent, grant a waiver, or express an opinion in respect of any Debt Document (any such request, an "**LFA Matter**"). The request shall be presented substantially in the form of a STID Proposal (but, for the avoidance of doubt, not constituting a STID Proposal and, therefore, with no requirement for a copy of such request to be distributed to the Secured Creditor Representatives of the Obligor Secured Creditors or the Issuer Security Trustee as the Secured Creditor Representative of the Issuer Secured Creditors).

The Loan Facility Agent shall consult or seek instructions from (as appropriate) the Servicer (or, for so long as the Issuer/Borrower Loan is designated a Specially Serviced Loan, the Special Servicer) in relation to such LFA Matter in accordance with the terms of the Servicing Agreement. If the Servicer (or, for so long as the Issuer/Borrower Loan is designated a Specially Serviced Loan, the Special Servicer) and Loan Facility Agent are not, in their sole opinion, able to, or entitled to, give such consent, waiver, instruction, or opinion, or if the Borrower is not satisfied with such opinion, instruction, or lack of consent or waiver, then the Borrower will be entitled to request the Obligor Security Trustee to present such matter to the Obligor Secured Creditors and/or Issuer Secured Creditors who are affected by such matter.

## **Appointment of an Administrative Receiver**

If there is an Obligor Event of Default under the Issuer/Borrower Facility Agreement relating to either (i) an application for the appointment of an administrator in respect of an Obligor or (ii) the giving of notice of intention of appointment of an administrator in respect of an Obligor, the Obligor Security Trustee shall, subject to having actual notice of the event in (i) or (ii) above, as the case may be, and to being able to do so, appoint an Administrative Receiver to such Obligor in accordance with the terms of the Obligor Deed of Charge, such appointment to take effect upon the final day by which the appointment must be made in order to prevent an administration from proceeding or (where an Obligor or the directors of an Obligor have initiated the administration) not later than that final day.

# Acceleration following receipt of enforcement proceeds

Prior to delivery of an Obligor Acceleration Notice, any Obligor Enforcement Notice issued by the Obligor Security Trustee shall provide that each Obligor Secured Creditor may accelerate or terminate (as applicable) a portion of its respective claims to the extent necessary to apply proceeds of enforcement of the Transaction Obligor Security, (but in each case) only to the extent that such accelerated claims would be discharged out of such proceeds pursuant to the Borrower Post-Enforcement Pre-Acceleration Payment Priorities or the Prepayment Principles (as applicable).

## **Entitlement to direct Obligor Security Trustee or Loan Facility Agent**

Any Qualifying Secured Creditor which by itself or together with any other Qualifying Secured Creditor(s) is owed Qualifying Debt having an aggregate Outstanding Principal Amount of at least 20 per cent. (or such other percentage as may be required pursuant to the Issuer/Borrower Facility Agreement) of the entire Outstanding Principal Amount of all Qualifying Debt may by giving notice (a "QSC Instruction Notice") to the Obligor Security Trustee or the Loan Facility Agent (as relevant) and subject to the requirements set out in the STID and/or the IBFA, instruct the Obligor Security Trustee or the Loan Facility Agent (as relevant) to exercise any of the rights granted to the Obligor Security Trustee or the Loan Facility Agent (as relevant) under the Common Documents (save in respect of the taking of Enforcement Action or the delivery of an Obligor Enforcement

Notice or an Obligor Acceleration Notice) including, without limitation, the following rights and discretions:

- (A) to challenge any statement, calculation or ratio in any Compliance Certificate, and call for other substantiating evidence where such Qualifying Secured Creditors have reason to believe that any statement, calculation or ratio in such Compliance Certificate is inaccurate or misleading pursuant to and subject to the terms of the Issuer/Borrower Facility Agreement;

The Special Servicer may instruct the Obligor Security Trustee to take Enforcement Action or may direct it to request by Enforcement Instruction Notice an instruction from the Qualifying Secured Creditors (through their Secured Creditor Representatives) as to whether the Obligor Security Trustee should (i) deliver an Obligor Enforcement Notice to enforce all or any part of the Obligor Security and/or (ii) deliver an Obligor Acceleration Notice to accelerate all of the obligations secured under all or any of the Transaction Obligor Security.

## TRANSACTION OBLIGOR SECURITY DOCUMENTS

NHG, as the provider of the NHG Debt to each Original Propco, will also grant fixed security in favour of the Obligor Security Trustee over all of its rights and claims in respect of such NHG Debt and its related security. The security created by each of the Obligor Holdco, PLMR and NHG will give the Obligor Secured Creditors (through the Obligor Security Trustee) recourse to each of the Obligor Holdco, PLMR and NHG which is limited to the assets over which the security is created by them. ## **Rent Collection Accounts**

Rental Income and Service Charge proceeds (excluding any amounts received from, or on behalf of, a Tenant by way of rent deposit (other than any amount of such rent deposit which has been received to satisfy non-payment obligations of that Tenant under its Occupational Lease)) in relation to the Properties are collected by each Rent Collection Account Holder in to one or more rent collection accounts held by such Rent Collection Account Holder (each a "Rent Collection Account"). A trust has been declared over each Rent Collection Account in favour of, *inter alios*, the Obligors in relation to those amounts attributable to the Properties owned by the Obligors.

Each Obligor must procure that, on each Weekly Sweep Date, the Obligor Cash Manager must transfer (or procure the transfer of) to the Administration Account all amounts paid into the Rent Collection Accounts in the calendar week up to (and including) the Week-End Date to which that Weekly Sweep Date relates (any amounts to be swept on the first Weekly Sweep Date following the Closing Date will only include amounts which have been received into the Rent Collection Accounts on and from the Closing Date, and each of 27 December, 28 December and 29 December in each year will be considered to be a non-Business Day for these purposes (even if any such date would otherwise be a Business Day in accordance with the definition thereof)) (which amounts relate to a Property or Properties owned by a Propco, whether paid in directly by, or on behalf of, any Tenant or collected by the Property Manager from, or on behalf of, any Tenant and paid into a Rent Collection Account and as recorded by the Obligor Cash Manager on appropriate ledgers (but excluding any amounts received from, or on behalf of, a Tenant by way of rent deposit (other than any amount of such rent deposit which has been received in order to satisfy non-payment obligations of a Tenant under its Occupational Lease) which amounts must be recorded separately by the Obligor Cash Manager)).

### **Administration Account**

Each Obligor must ensure that all amounts required to be paid from a Rent Collection Account or the Disposal Proceeds Account into the Administration Account are promptly paid (or directed to be paid) into the Administration Account. All other amounts received by, or on behalf of, the Obligors and which are not required to be paid into any other Borrower Account must be paid into the Administration Account.

On each Monthly Waterfall Date, the Loan Facility Agent will (and is irrevocably authorised to) withdraw from, and apply amounts standing to the credit of the Administration Account in the order of priority set out below. Unless otherwise instructed by the Obligor Security Trustee or the Issuer, the Loan Facility Agent must not transfer any such amount from the Administration Account at any time following the service of an Obligor Acceleration Notice and/or an Obligor Enforcement Notice. Subject as aforesaid, on each Quarterly Waterfall Date the Loan Facility Agent will (and is irrevocably authorised to) withdraw from, and apply amounts standing to the credit of the

Administration Account in accordance with the Borrower Pre-Enforcement Pre-Acceleration Payment Priorities.

The order or priority referred to above is, on each Monthly Waterfall Date, as follows:

# (A) **first**, either:

- (1) if the Maintenance Cost Target in respect of all Propcos for the most recently completed Month immediately preceding that Monthly Waterfall Date is equal to or exceeds the Maintenance Cost in respect of all Propcos for the most recently completed Month immediately preceding that Monthly Waterfall Date (the amount of such excess a "Maintenance Cost Surplus"):
  - (a) **first**, transfer an amount equal to the relevant Maintenance Cost Surplus to the Maintenance Account; and
  - (b) **secondly**, transfer to the Property Manager Account the Maintenance Cost in respect of all Propcos for the most recently completed Month immediately preceding that Monthly Waterfall Date; or
- (2) if the Maintenance Cost Target in respect of all Propcos for the most recently completed Month immediately preceding that Monthly Waterfall Date is less than the Maintenance Cost in respect of all Propcos for the most recently completed Month immediately preceding that Monthly Waterfall Date (the amount of such deficiency a "Maintenance Cost Deficiency"), after transferring to the Property Manager from the Maintenance Account an amount equal to the relevant Maintenance Cost Deficiency (or such lesser amount which is standing to the credit of the Maintenance Account on that Monthly Waterfall Date (excluding any remaining amount of the Bakersfield Remedial Works Initial Deposit)), transfer to the Property Manager Account the balance of the Maintenance Cost in respect of all Propcos for the most recently completed Month immediately preceding that Monthly Waterfall Date;

## (B) **secondly**, either:

- (1) if the Service Cost Target in respect of all Propcos for the most recently completed Month immediately preceding that Monthly Waterfall Date is equal to or exceeds the Service Cost in respect of all Propcos for the most recently completed Month immediately preceding that Monthly Waterfall Date (the amount of such excess a "Service Cost Surplus"):
  - (a) **first**, transfer an amount equal to the relevant Service Cost Surplus to the Service Account: and
  - (b) **secondly**, transfer to the Property Manager Account the Service Cost in respect of all Propcos for the most recently completed Month immediately preceding that Monthly Waterfall Date; or
- (2) if the Service Cost Target in respect of all Propcos for the most recently completed Month immediately preceding that Monthly Waterfall Date is less than the Service Cost in respect of all Propcos for the most recently completed Month immediately preceding that Monthly Waterfall Date (the amount of such deficiency a "Service Cost Deficiency"), after transferring to the Property Manager from the Service Account an amount equal to the relevant Service Cost Deficiency (or such lesser amount which is standing to the credit of the Service Account on that Waterfall Date), transfer to the Property Manager Account the balance of the Service Cost in respect of all Propcos for the most recently completed Month immediately preceding that Monthly Waterfall Date; and

- (C) **thirdly**, transfer, to the Property Manager Account, any amount incurred by the Property Manager in respect of the Bakersfield Remedial Works in the most recently completed Month immediately preceding that Monthly Waterfall Date; and
- (D) **fourthly**, transfer, to the Property Manager Account, the Property Management Provision for the most recently completed Month immediately preceding that Monthly Waterfall Date.

#### **Maintenance Account**

The Borrower must ensure that the Bakersfield Remedial Works Initial Deposit and any Maintenance Cost Surplus which is required to be transferred from the Administration Account into the Maintenance Account is promptly paid into the Maintenance Account.

If, on any Monthly Waterfall Date, in respect of the most recently completed Month immediately preceding that Monthly Waterfall Date there was a Maintenance Cost Deficiency, on that Monthly Waterfall Date the Loan Facility Agent will (and is irrevocably authorised to) withdraw from the Maintenance Account (subject to the paragraph below and provided that no such withdrawal may be made from the remaining amount of the Bakersfield Remedial Works Initial Deposit) an amount equal to such Maintenance Cost Deficiency and transfer such amount to the Property Manager Account (or, if such Maintenance Cost Deficiency is greater than the amount standing to the credit of the Maintenance Account on that Monthly Waterfall Date, the balance standing to the credit of the Maintenance Account as at that Monthly Waterfall Date).

If the Borrower (or the Obligor Cash Manager on its behalf) has included in the relevant Monthly Management Report (1) confirmation that the Property Manager has incurred no expenditure in respect of the Bakersfield Remedial Works in the Month to which that Monthly Management Report relates, (2) confirmation that no further expenditure will be incurred in respect of the Bakersfield Remedial Works and (3) that there is a balance of the Bakersfield Remedial Works Initial Deposit standing to the credit of the Maintenance Account, on the Monthly Waterfall Date to which that Monthly Management Report relates the Loan Facility Agent will (and is irrevocably authorised to) withdraw from the Maintenance Account and transfer to the General Account (subject to the paragraph below) the balance of the Bakersfield Remedial Works Initial Deposit.

Unless otherwise instructed by the Obligor Security Trustee or the Issuer, the Loan Facility Agent must not transfer any such amount from the Maintenance Account at any time following the service of an Obligor Acceleration Notice and/or an Obligor Enforcement Notice.

On the Closing Date, an amount equal to the Bakersfield Remedial Works Initial Deposit will be deposited into the Maintenance Account from the proceeds of the Issuer/Borrower Loan. The Obligor Cash Manager will procure that a separate ledger is run in relation to the Maintenance Account onto which the balance of the Bakersfield Remedial Works Initial Deposit is monitored in terms of its allocation and spend on the Bakersfield Remedial Works.

Withdrawals may be made from the Maintenance Account to the Administration Account from time to time to discharge any maintenance costs expenditure incurred by the Property Manager on behalf of Propco 1 in respect of the Bakersfield Remedial Works.

On the first Monthly Waterfall Date on which the Borrower (or the Obligor Cash Manager on its behalf) has confirmed in the relevant Monthly Management Report that no further expenditure will be incurred in respect of the Bakersfield Remedial Works, the Loan Facility Agent will transfer from the Maintenance Account to the General Account the remaining balance of the Bakersfield Remedial Works Initial Deposit then standing to the credit of the Maintenance Account.

### **Service Account**

The Borrower must ensure that any Service Cost Surplus which is required to be transferred from the Administration Account into the Service Account is promptly paid into the Service Account.

If, on any Monthly Waterfall Date, in respect of the most recently completed Month immediately preceding that Monthly Waterfall Date there was a Service Cost Deficiency, on that Monthly Waterfall Date the Loan Facility Agent will (and is irrevocably authorised to) withdraw from the Service Account an amount equal to such Service Cost Deficiency and transfer such amount to the Property Manager Account (or, if such Service Cost Deficiency is greater than the amount standing to the credit of the Service Account on that Monthly Waterfall Date, the balance standing to the credit of the Service Account as at that Monthly Waterfall Date).

Unless otherwise instructed by the Obligor Security Trustee or the Issuer, the Loan Facility Agent must not transfer any such amount from the Service Account at any time following the service of an Obligor Acceleration Notice and/or an Obligor Enforcement Notice.

#### **Cure Account**

If, in respect of any Quarterly Calculation Date, a Financial Covenant Ratio Breach has occurred, the Borrower may make a Cure Deposit (or procure that a Cure Deposit is made) into the Cure Account within 30 days of such Quarterly Calculation Date.

If, following the payment of any amount into the Cure Account, there has been no Financial Covenant Ratio Breach for two successive Quarterly Calculation Dates (without taking into account amounts standing to the credit of the Cure Account in the calculation of the Financial Covenants on each successive Quarterly Calculation Date), provided that no Financial Covenant Ratio Breach would occur as a result of such payment being made out of the Cure Account, the Borrower may instruct the Loan Facility Agent to transfer the amount standing to the credit of the Cure Account to the General Account on the Quarterly Waterfall Date immediately following the later of such Quarterly Calculation Dates.

If the Obligors have been in breach of the Financial Covenant Ratios for two successive Quarterly Calculation Dates (without taking into account amounts standing to the credit of the Cure Account in the calculation of the Financial Covenants on such successive Quarterly Calculation Dates), then on the second such Quarterly Calculation Date the Loan Facility Agent must apply the amount standing to the credit of the Cure Account must be applied by the Loan Facility Agent in prepayment of the Issuer/Borrower Loan (together with accrued but unpaid interest thereon and an amount equal to the Repayment Costs in respect thereof and the accrued but unpaid Issuer/Borrower Facility Fees payable by the Borrower to the Issuer under the Issuer/Borrower Facility Agreement).

## **Disposal Proceeds Account**

Each Obligor must ensure that, on the date of the disposal of any Property by that Obligor (or, in the case of any disposal of the shares in an Obligor by the Borrower, on the date of the disposal of such shares by the Borrower) when there is no Obligor Event of Default continuing: (a) an amount of the Disposal Proceeds received in cash up to the Relevant Amount in relation to such disposal is promptly paid (or directed to be paid, as applicable) directly into the Disposal Proceeds Account and (b) the balance of the Disposal Proceeds in relation to such disposal in excess of the Relevant Amount are promptly paid (or directed to be paid, as applicable) directly into the Administration Account. If an Obligor Event of Default is continuing, the Disposal Proceeds received in cash must promptly be paid (or directed to be paid, as applicable) directly into the Disposal Proceeds Account.

Other than in respect of any Relevant Tax Amount, on the next Interest Payment Date following the receipt of any amount into the Disposal Proceeds Account, the Loan Facility Agent will (and is irrevocably authorised to) either: (a) withdraw from the Disposal Proceeds Account an amount equal to such amount and apply such amount in prepayment of the Issuer/Borrower Loan (together with accrued but unpaid interest thereon and an amount equal to the Repayment Costs in respect thereof and the accrued but unpaid Issuer/Borrower Facility Fees payable by the Borrower to the Issuer under the Issuer/Borrower Facility Agreement); or (b) following a request by the Borrower leave such amount on deposit in the Disposal Proceeds Account so that it may be used for the purposes of funding the acquisition of a Property in accordance with the terms of the IBFA within 6

months from receipt of such amount into the Disposal Proceeds Account. If any amount deposited into the Disposal Proceeds Accounts which is capable of being applied towards making a requisition of a Property is not applied for the purposes of an acquisition of a Property in accordance with the terms of the IBFA within 6 months of receipt into the Disposal Proceeds Account, the Loan Facility Agent will (and is irrevocably authorised to) withdraw such amount from the Disposal Proceeds Account and apply such amount in prepayment of the Issuer/Borrower Loan (together with accrued but unpaid interest thereon and an amount equal to the Repayment Costs in respect thereof and the accrued but unpaid Issuer/Borrower Facility Fees payable by the Borrower to the Issuer under the Issuer/Borrower Facility Agreement).

Any proceeds of a compulsory purchase (including any compensation and damages received from any use disturbance and blight) of a Property or Properties must be promptly paid (or directed to be paid) into the Disposal Proceeds Account and, if not applied for the purposes of an acquisition of a Property in accordance with the terms of the IBFA within 6 months of receipt into the Disposal Proceeds Account, applied by the Loan Facility Agent on the next Interest Payment Date following receipt into the Disposal Proceeds Account in prepayment of the Issuer/Borrower Loan (together with accrued but unpaid interest thereon and an amount equal to the Repayment Costs in respect thereof and the accrued but unpaid Issuer/Borrower Facility Fees payable by the Borrower to the Issuer under the Issuer/Borrower Facility Agreement).

Any proceeds (other than proceeds from loss of rent insurance) received under the Insurance Policies if they exceed £1,000,000 will be promptly paid (or directed to be paid) into the Disposal Proceeds Account and, if all or any part of such proceeds have not been applied to reinstatement of the relevant Property within three years from the date of receipt into the Disposal Proceeds Account, must be applied by the Loan Facility Agent on the next Interest Payment Date following the expiry of such three year period in prepayment of the Issuer/Borrower Loan (together with accrued but unpaid interest thereon and an amount equal to the Repayment Costs in respect thereof and the accrued but unpaid Issuer/Borrower Facility Fees payable by the Borrower to the Issuer under the Issuer/Borrower Facility Agreement). The Borrower may instruct the Loan Facility Agent to withdraw proceeds (other than loss of rent insurance) received under the Insurance Policies from the Disposal Proceeds Account to be applied to reinstatement of the relevant Property or Properties within three years of receipt of such insurance proceeds.

In relation to any Relevant Disposal Tax Amount which is paid into the Disposal Proceeds Account, the Borrower may instruct the Loan Facility Agent (and the Loan Facility Agent is irrevocably authorised following such instruction) to transfer all or any portion of such Relevant Disposal Tax Amount to either (1) the Administration Account, if the Borrower (or the Obligor Cash Manager on its behalf) has certified to the Loan Facility Agent (and provided evidence satisfactory to the Loan Facility Agent (acting on the instructions of the Servicer)) that such amount is required to be applied towards discharging any Tax (for which the applicable Relevant Disposal Tax Amount was originally reserved) due and payable by any Obligor, in which case such amount must be applied towards the payment of such Tax in accordance with the relevant line item of the applicable Borrower Payment Priorities; or (2) the General Account, if the Borrower (or the Obligor Cash Manager on its behalf) has certified to the Loan Facility Agent (and provided evidence satisfactory to the Loan Facility Agent (acting on the instructions of the Servicer)) that such amount is no longer required to be applied towards discharging any Tax (for which the applicable Relevant Disposal Tax Amount was original reserved) on the basis that the applicable Relevant Disposal Tax Amount exceed the amount of Tax due and payable (if any) in respect of which it was originally reserved).

Unless otherwise instructed by the Obligor Security Trustee or the Issuer, the Loan Facility Agent must not transfer any amount form the Disposal Proceeds Account at any time following the service of an Obligor Acceleration Notice and/or an Obligor Enforcement Notice.

### **General Account**

Amounts which are required to be transferred to the General Account in the circumstances set out in the IBFA will be transferred to the General Account from the other Accounts.

All or any portion of any amount which is transferred to the General Account from the Administration Account to discharge any United Kingdom and other Tax must only be applied:

- (A) to discharge any United Kingdom and other Tax for which the Obligors are liable in respect of any applicable Financial Year in respect of which such amount was deposited to the General Account; or
- (B) if all or any portion of any such amount is not required to be applied towards discharging any United Kingdom and other Tax for which the Obligors are liable in respect of any applicable Financial Year, by way of transfer to the Administration Account.

Otherwise, the Borrower may request that the Obligor Cash Manager make withdrawals on the Borrower's behalf from the General Account, at the discretion of the Borrower, and in particular (but not limited to) for the purpose of Restricted Payments. Provided that no Potential Obligor Event of Default has occurred and is continuing and no Obligor Enforcement Notice has been delivered, the Borrower may request that all balances of the Disposal Proceeds Account and/or the Cure Account may be invested in Authorised Investments. Such Authorised Investments will be selected by the Borrower (or the Obligor Cash Manager on its behalf) with the consent of the Loan Facility Agent, and the Loan Facility Agent shall not be liable for the selection of any Authorised Investment or any costs incurred in connection with such Authorised Investment.

### TAX DEED OF COVENANT

#### **Termination**

The Property Management Agreement may be terminated (subject to the Duty of Care Deed) by notice by either party if: (A) the other party has not remedied in all material respects a substantial breach of its duties under the Property Management Agreement after notice from the first party allowing it a reasonable time in the circumstances to do so, and which at the time of the giving of the notice was not of such seriousness as to fall within paragraph (B); (B) a party has committed breaches of its duties under the Property Management Agreement which are individually or cumulatively of such seriousness as to permit the first party to treat the Property Management Agreement as repudiated by breach; (C) a Force Majeure Event (as defined in the Property Management Agreement) continues unremedied for a period of 28 days or more or (D) an event of insolvency occurs in relation to a party.

The Annual Management Fee does not include any Maintenance Costs or any expenditure in respect of the Bakersfield Remedial Works. Accordingly, the Property Manager is entitled to recover Maintenance Costs and any expenditure in respect of the Bakersfield Remedial Works from the relevant Propcos (in addition to the Annual Management Fee). Each Propco indemnifies the Property Manager for all Maintenance Costs and any expenditure in respect of the Bakersfield Remedial Works incurred by the Property Manager on behalf of that Propco.

If the Property Manager incurs a cost other than those listed in the Property Management Agreement, then the following principles will apply:

- (A) unless the Property Manager, the Borrower and the Propcos agree that such item is a Maintenance Cost or expenditure in respect of the Bakersfield Remedial Works, it will be a Management Overhead; and
- (B) for the purpose of deciding whether an item is a Management Overhead, a Maintenance Cost or expenditure in respect of the Bakersfield Remedial Works, the parties will determine whether the item is most nearly equivalent to those listed in as such in the Property Management Agreement.

The parties will use a dispute resolution process to resolve any disputes as to whether a cost is a Management Overhead, a Maintenance Cost or expenditure in respect of the Bakersfield Remedial Works.

The Obligor Cash Manager acknowledges that the Annual Management Fee is sufficient for, and covers, the performance of the duties of the Obligor Cash Manager in accordance with the terms of the Property Management Agreement and that there are no outgoings which it is entitled to recover from the Property Manager.

For the purpose of the Property Management Agreement, a cost is incurred when an invoice or a certificate for payment of that cost is received by the Property Manager.

The Property Manager shall prepare, in respect of each Month (or part of a Month, including in the case of the Month in which the Closing Date occurs) an invoice in respect of all the fees and costs incurred by the Property Manager in relation to the Propcos in that Month (such invoice to include, amongst other things, the relevant portion of the Annual Management Fee and any Maintenance Costs, Service Costs and any expenditure in respect of the Bakersfield Remedial Works incurred in respect of that Month and a breakdown of such fees by reference to each Propco). #### **DESCRIPTION OF THE SERVICING ARRANGEMENTS**

## Servicing and Special Servicing of the Issuer/Borrower Loan

Pursuant to the Servicing Agreement, the Issuer will appoint CBRE Loan Services Limited as the Servicer and as the Special Servicer to provide certain services in relation to the Issuer/Borrower Loan and the related Transaction Obligor Security.

The Issuer will give to the Servicer, and for so long as the Issuer/Borrower Loan is a Specially Serviced Loan, the Special Servicer, the full power, authority and right to act in its name and on its behalf as its lawful attorney and agent in connection with the exercise of the rights of the Issuer (as lender of the Issuer/Borrower Loan and Obligor Secured Creditor) under and in respect of the Issuer/Borrower Loan and the Obligor Transaction Documents. When exercising its obligations and discretions under the Servicing Agreement, the Servicer or, for so long as the Issuer/Borrower Loan is a Specially Serviced Loan, the Special Servicer, must act in accordance with, among other things, the Servicing Standard.

The Servicer and/or the Special Servicer (as applicable) is not obliged to take any course of action or to refrain from taking any course of action which would violate any applicable law or regulation or would result (or be reasonably likely to result) in any claim or proceedings against the Servicer or the Special Servicer (as applicable) which would be reasonably likely, in the opinion of the Servicer or Special Servicer (as applicable) to succeed and which would give rise to any liability for the Servicer or Special Servicer (as the case may be).

## **Directions by the Issuer Security Trustee**

Pursuant to the Servicing Agreement, following the delivery of an Issuer Enforcement Notice, each of the Servicer and the Special Servicer must act (or refrain from acting), in respect of the Issuer/Borrower Loan, in accordance with the written directions of the Issuer Security Trustee notwithstanding that such actions or refraining from such action may be contrary to the Servicing Standard (and, for the avoidance of any doubt, neither the Servicer nor the Special Servicer will have any liability to any person for losses or liabilities it may suffer as a result of any actions it may take or refrain from taking in strict accordance with such instructions).

### **Servicing Standard**

Subject to the previous paragraph and save as otherwise provided in the Servicing Agreement, each of the Servicer and the Special Servicer is required to perform its duties on behalf of and for the benefit of the Issuer and, following and subject to the delivery of an Issuer Enforcement Notice, the Issuer Security Trustee in accordance with and subject to the following (the "Servicing Standard"). The Servicer and the Special Servicer must act:

- (a) in accordance with applicable legal and regulatory requirements;
- (b) in accordance with the terms of the Obligor Transaction Documents to which it is a party;
- (c) in accordance with the terms of the Servicing Agreement and other Issuer Transaction Documents to which it is a party;
- (d) in the best interests and for the benefit of the Issuer, using reasonable judgment and as determined in good faith by the Servicer or the Special Servicer (as the case may be);
- (e) to a standard of care which is the higher of:
  - (i) the standard of care and with the same skill, care and diligence it applies to servicing similar loans for third parties; and

177 47891524

(ii) the standard of care and with the same skill, care and diligence it applies when it services commercial mortgage loans beneficially owned by it and/or by its Affiliates,

in each case giving due consideration to the customary and usual standards of practice of prudent commercial mortgage loan servicers which service loans similar to the Issuer/Borrower Loan, with a view to: (A) the prudent and timely exercise of the rights of the Issuer under the Obligor Transaction Documents; (B) the timely collection of all sums due to the Issuer in respect of the Obligor Transaction Documents; and (C) if an Obligor Event of Default occurs and is continuing, maximising recoveries in respect of the Issuer/Borrower Loan on or before the Final Maturity Date (without prejudice to limb (B) above), and, if there is a conflict between any of the requirements set out in paragraphs (a) to (e) (inclusive) above, giving priority to those provisions which appear earlier in such paragraphs.

# Rights of delegation

The Servicer or, in the case of the Specially Serviced Loan, the Special Servicer may, in certain circumstances, without the consent of any other person (including, without limitation, the Issuer), subcontract or delegate their respective obligations under the Servicing Agreement subject to certain conditions. Notwithstanding any sub-contracting or delegation of the performance of any of its obligations under the Servicing Agreement, the Servicer or for so long as the Issuer/Borrower Loan is a Specially Serviced Loan, the Special Servicer, as the case may be, will not be released or discharged from any duty, obligation or liability thereunder and each will remain responsible for the performance of its respective obligations under the Servicing Agreement.

## Other responsibilities of the Servicer and the Special Servicer

In addition to its obligations described above, the Servicer or, if the Issuer/Borrower Loan is a Specially Serviced Loan, the Special Servicer will have certain obligations with respect to managing the interests of the Issuer, and the Issuer Security Trustee, as applicable, including with respect to taking any actions to realise the Transaction Obligor Security related to the Issuer/Borrower Loan. See "Modifications, waivers, amendments and consents" below.

The Servicer has agreed from the Closing Date to monitor the long-term credit ratings of the Borrower Account Bank from time to time on a monthly basis, and to notify the Issuer immediately of any change in the long-term credit ratings of the Borrower Account Bank (including the placing of any rating on credit watch or its equivalent). The Servicer has also agreed to establish, promptly upon becoming aware of any change of any such rating, whether as a result of that change any Rated Issuer/Borrower Loan Level Institution has actually ceased to comply fully with the then applicable rating requirements under the Borrower Account Bank Agreement and the course of action that will be required to remedy that non-compliance in accordance with the Borrower Account Bank Agreement.

### **Special Servicing Transfer Event**

The Servicer will have the sole responsibility to service and administer the Issuer/Borrower Loan until the Issuer/Borrower Loan is designated a Specially Serviced Loan, following the occurrence of a Special Servicing Transfer Event.

Subject to the provisions of the Servicing Agreement, the Issuer/Borrower Loan will become subject to a Special Servicing Transfer Event if any of the following events occurs (each a "Special Servicing Transfer Event"):

- (a) an Obligor Event of Default is existing on the Loan Maturity Date;
- (b) any payment by an Obligor under any Obligor Transaction Document, different from that under paragraph (a) above, if any, being more than 30 days overdue following the date upon which the non-payment constituted an Obligor Event of Default;

- (c) any Obligor becomes subject to Insolvency Proceedings;
- (d) the occurrence of an Obligor Event of Default arising as a result of any creditors' process or cross-default; or
- (e) any other Obligor Event of Default occurs or is, in the Servicer's opinion, imminent and in either case is not likely (in the Servicer's opinion) to be cured within 21 days of its occurrence and which is likely, in the Servicer's opinion, to have a material adverse effect in respect of the Issuer.

Promptly upon becoming aware of the occurrence of a Special Servicing Transfer Event, the Servicer will notify details of the same to the Issuer, the Issuer Security Trustee, the Note Trustee, the Issuer Cash Manager, the Rating Agencies, the Special Servicer, the Loan Facility Agent and the Obligor Security Trustee. Upon delivery of such notice, the Special Servicer will automatically assume all of its duties, obligations and powers and the Issuer/Borrower Loan will become a "Specially Serviced Loan".

A Specially Serviced Loan will become a Corrected Loan upon the discontinuance of any event which would constitute a non-payment Special Servicing Transfer Event for two consecutive Quarterly Waterfall Dates and the facts giving rise to any other Special Servicing Transfer Event ceasing to exist, provided that no other matter exists which would give rise to the Issuer/Borrower Loan becoming a Specially Serviced Loan. Servicing of the Issuer/Borrower Loan, once it has become a Corrected Loan, will be retransferred to the Servicer.

Notwithstanding the appointment of the Special Servicer, the Servicer shall continue to provide specific services as set out in the Servicing Agreement in relation to the Issuer/Borrower Loan which will include, among other things and without limitation, collecting information, preparing reports and performing administrative functions, subject to receipt by it of the required information from the Special Servicer (but will not be subject to any of the duties and obligations of the Special Servicer and shall not be entitled to receive the Special Servicing Fee with respect thereto). Neither the Servicer nor the Special Servicer will have responsibility for the performance by the other of its obligations and duties under the Servicing Agreement, unless the Servicer and the Special Servicer are the same entity.

### **Asset Status Report**

Pursuant to the Servicing Agreement, if a Special Servicing Transfer Event occurs, the Special Servicer will be required to prepare an asset status report with respect to the Issuer/Borrower Loan and the Properties not later than 60 days after the occurrence of such Special Servicing Transfer Event (an "Asset Status Report").

To the extent that the Special Servicer requires information from the Obligors and/or the Loan Facility Agent and/or the Obligor Security Trustee in order to be able to prepare an Asset Status Report it must promptly request the same of the Obligors (or direct the Loan Facility Agent or Obligor Security Trustee to request the same from the Obligors) and/or the Loan Facility Agent and/or the Obligor Security Trustee (as applicable). Promptly upon receipt of each such request, the Loan Facility Agent or the Obligor Security Trustee, as applicable, must supply to the Special Servicer such information as it has relating to the subject matter of such request and/or request such information from the Obligors, as applicable.

The Servicing Agreement will provide that the Asset Status Report should contain (to the extent practicably possible) among other things:

(a) a description of the status of the Issuer/Borrower Loan and the Properties, details of any strategy with respect to the same and any negotiations with the Obligors;

- a discussion of the general legal considerations reasonably known to the Special Servicer, consistent with the Servicing Standard, that are applicable to the exercise of remedies under the Obligor Transaction Documents and to the enforcement of the Transaction Obligor Security;
- (c) information as to whether external legal counsel has been retained by the Special Servicer;
- (d) a consideration of the effect on net present value of the various courses of action with respect to the Issuer/Borrower Loan including, without limitation, a work-out of the Issuer/Borrower Loan;
- (e) the most current Monthly Management Report for the Properties;
- (f) a summary of the Special Servicer's recommended actions and strategies with respect to the Issuer/Borrower Loan which, subject to the terms of the Servicing Agreement, shall be the course of action that the Special Servicer has determined would maximise recovery on the Issuer/Borrower Loan on a net present value basis;
- (g) the latest Valuation of the Properties, together with the assumptions used in the calculation thereof, in the same form and scope as the Initial Valuation (unless otherwise certified by the Special Servicer as being market standard in form and scope); and
- (h) such other information as the Special Servicer deems relevant in light of the Servicing Standard.

Promptly after the Asset Status Report has been prepared or modified in accordance with the Servicing Agreement, the Special Servicer shall deliver a copy of such Asset Status Report to each Rating Agency, the Servicer, the Issuer Security Trustee and the Issuer.

The Special Servicer will also be required to deliver to the Issuer, the Issuer Security Trustee and the Note Trustee a draft form of a proposed notice to the Noteholders that will include a summary of the current Asset Status Report (which will be a brief summary of the current status of the Properties and current strategy with respect to the Issuer/Borrower Loan, with information redacted if and to the extent (i) the Special Servicer determines, in its reasonable discretion, that it may compromise the position of the Issuer, as lender, not to do so, or (ii) publication of such tenant data would breach any applicable laws or regulations), and the Issuer will be required to publish such notice promptly via a regulatory information service filing or equivalent filing, if any, that complies with the requirements of the relevant exchange on which the Notes are listed and applicable law.

The Special Servicer may, from time to time, modify any Asset Status Report that it has previously delivered and shall modify any such Asset Status Report to reflect any changes in strategy that it considers are required from time to time by the Servicing Standard and shall promptly deliver the modified report to the Rating Agencies and the Servicer and shall deliver a revised summary of the same to the Issuer and the Issuer Security Trustee, which the Issuer shall publish in compliance with the rules of the relevant exchange.

# Ad Hoc Review

The Servicer, or for as long as the Issuer/Borrower Loan is a Specially Serviced Loan, the Special Servicer shall (to the extent permitted by applicable law and the terms of the Obligor Transaction Documents) where any Obligor fails, or is considered by the Servicer or Special Servicer (as applicable) to have failed to have performed, any of the property undertakings under the Issuer/Borrower Facility Agreement or an Obligor Event of Default is otherwise continuing, or whenever the Servicer or Special Servicer, as applicable, becomes aware that such Properties have been materially damaged, left vacant, or abandoned, or if environmental waste is being committed there, upon the Servicer or Special Servicer (as applicable) giving the Borrower three Business Days' prior notice (except in the case of an emergency), enter upon and inspect or cause

to be inspected (including by way of the use of professional advisors), the applicable Properties or otherwise at their discretion in accordance with the Servicing Standard (an "Ad Hoc Review"), and in each case subject to any rights of resident tenants (including as to appropriate notice periods).

The Servicer or for so long as the Issuer/Borrower Loan is designated a Specially Serviced Loan, the Special Servicer, is authorised to conduct an Ad Hoc Review more frequently, to the extent permitted by applicable law and the terms of the Obligor Transaction Documents, if the Servicer or, for so long as the Issuer/Borrower Loan is a Specially Serviced Loan, the Special Servicer, acting in accordance with the Servicing Standard, has cause for concern as to the ability of any Obligors to meet their financial obligations under the Obligor Transaction Documents. An Ad Hoc Review may, but need not necessarily, include an inspection of a sample of the Properties and a consideration of the quality of the cashflow arising from the Properties (in the opinion of the Servicer or the Special Servicer, as applicable) and a compliance check of each Obligor's covenants under the Obligor Transaction Documents. All Ad Hoc Reviews will be performed in such manner as is consistent with the Servicing Standard and will be at the cost and expense of the Issuer and will be subject to additional fees payable to the Servicer or the Special Servicer, as applicable, as may be agreed between the Servicer, the Special Servicer and the Issuer, each acting in a commercially reasonable manner. After it has carried out an Ad Hoc Review, the Servicer or the Special Servicer (as applicable) shall promptly inform the Issuer that it has done so.

#### Insurance

The Servicer shall, on behalf of the Issuer, establish and administer procedures for monitoring compliance by the Obligors with their obligations under the Obligor Transaction Documents in respect of the maintenance of insurances at all times. Pursuant to the terms of the Servicing Agreement, the Servicer will use all reasonable efforts to monitor the compliance of, and to the extent reasonably practicable, to cause the Obligors to comply with the requirements in respect of the maintenance of insurances as set out in the Obligor Transaction Documents and in accordance with the following paragraph.

If the Servicer or the Special Servicer, as applicable, becomes aware that either: (a) any of the Properties (including, without limitation, fixtures and fixed plant and machinery) are not covered by an insurance policy; (b) an insurance policy may lapse in relation to the Properties due to the non-payment of any premium; or (c) the insurance fails to meet the requirements of the Issuer/Borrower Facility Agreement, the Servicer or the Special Servicer, as applicable, shall use reasonable efforts consistent with the Servicing Standard subject always to all applicable laws and regulations and the terms of the Obligor Transaction Documents (using, if necessary, the proceeds of a Property Protection Advance), to procure that the relevant insurances required by the Issuer/Borrower Facility Agreement are maintained for the Properties in the form required under the Obligor Transaction Documents but shall not be required to advance its own funds for these purposes.

If any Obligor does not comply with its obligations in respect of any insurance policy, the Servicer or Special Servicer will (without any obligation or requirement to expend their own funds to do so) to the extent reasonably practicable, effect or renew any such insurance policy or instruct the Loan Facility Agent to do so (and not in any way for the benefit of the Obligor concerned) and, to the extent permitted under the Obligor Transaction Documents, the Servicer or the Special Servicer, as applicable, shall make claim (or request that the Loan Facility Agent or the Obligor Security Agent makes claim) for the monies expended by the Servicer or Special Servicer, as applicable, for so effecting or renewing any such insurance from the Obligors. However, neither the Servicer nor the Special Servicer is required to pay or instruct payment of any amount described above if, in its reasonable opinion, to do so would not be in accordance with the Servicing Standard.

## **Property protection**

The Obligor Transaction Documents oblige the Obligors to pay certain amounts to third parties, such as insurers and persons providing services in connection with the operation of the Properties.

If any Obligor fails to do so and:

- (a) the amounts standing to the credit of the Borrower Accounts in respect of which the Loan Facility Agent has sole signing rights are insufficient or not available or able to be applied for such purpose; and/or
- (b) the Servicer or (after the occurrence of a Special Servicing Transfer Event) the Special Servicer determines that it would be in the better interest of the Issuer, as lender, that such amounts were paid as opposed to such amounts not being paid, taking into account the relevant circumstances, which will include, but not be limited to, the related risks that the Issuer would be exposed to if such amounts were not paid and whether any payments made by or on behalf of the Issuer would ultimately be recoverable from the Obligors; and/or
- (c) a Property Protection Shortfall has arisen,

then the Servicer or, for so long as the Issuer/Borrower Loan is designated a Specially Serviced Loan, the Special Servicer may make the relevant third party payment (each such payment by the Servicer or Special Servicer being a "**Property Protection Advance**") utilising funds (if any) available to the Issuer for such purpose in the Issuer Transaction Account (for the avoidance of doubt, excluding any amounts standing to the credit of the Issuer Liquidity Reserve Account). Neither the Servicer nor the Special Servicer shall be required to advance its own funds for these purposes.

# **Note Maturity Plan**

Without prejudice to any Note Maturity Plan that is approved, if either (a) an Obligor Event of Default has occurred and is continuing unremedied and unwaived on any date which is 6 months or more after the date of occurrence of that Obligor Event of Default; or (b) any part of the Issuer/Borrower Loan remains outstanding immediately following the close of business on the Loan Maturity Date (such date the "Amortisation Trigger Date"), the Special Servicer will implement a plan to dispose of (or procure or instruct the disposal of (including by way of the procurement or instruction of any Insolvency Official to the extent permitted by law)) sufficient Properties (at not less than the Relevant Amount in respect of each such Property (save where there is a simultaneous disposal of all the Properties)) in each 12 month period following the Amortisation Trigger Date which will result in the amortisation of the Issuer/Borrower Loan by an amount, in each such 12 month period falling after the Amortisation Trigger Date, which is equal to at least 10% of the amount of the Issuer/Borrower Loan immediately following the close of business on the Amortisation Trigger Date (provided that (save where there is a simultaneous disposal of all the Properties) if a price of equal to or greater than the Allocated Loan Amount in respect of any Property cannot be achieved in respect of any such disposal, there will be no requirement to make such disposal).

If (a) any part of the Issuer/Borrower Loan remains outstanding twelve months prior to the Final Maturity Date (the "Note Maturity Plan Trigger Date") and (b) in the opinion of the Special Servicer, all recoveries then anticipated by the Special Servicer with respect to the Issuer/Borrower Loan (whether by enforcement of the related Transaction Obligor Security or otherwise) are unlikely to be realised in full prior to the Final Maturity Date, the Special Servicer will be required to prepare a draft selection of proposals (the "Note Maturity Plan") and present the same to the Issuer, the Note Trustee and the Issuer Security Trustee no later than 45 days after the Note Maturity Plan Trigger Date. At least one proposal provided by the Special Servicer must be that the Issuer Security Trustee, at the cost of the Issuer, will engage an independent financial or legal expert or receiver to advise the Issuer Security Trustee as to the enforcement of the Issuer Security. The Issuer, with the assistance of and on the direction of the Special Servicer, will publish the Note Maturity Plan with the Regulatory Information Service.

Upon receipt of the draft Note Maturity Plan, the Issuer will publish a draft of the Note Maturity Plan in accordance with Condition 15 (*Notice to Noteholders*) and will convene a meeting of the Noteholders at which the Noteholders will have the opportunity to discuss the various proposals

contained in the draft Note Maturity Plan with the Special Servicer. Following such meeting, the Special Servicer shall reconsider the Note Maturity Plan and make modifications thereto to address the views of the Noteholders (subject to the Servicing Standard) following which it shall promptly (x) provide a final Note Maturity Plan to the Issuer, the Rating Agencies, the Note Trustee and the Issuer Security Trustee and (y) request that the Issuer provide the Noteholders with a final Note Maturity Plan.

Upon receipt of the final Note Maturity Plan, the Issuer will convene a meeting of the Noteholders to select their preferred option among the proposals set out in the final Note Maturity Plan. If a proposal in the final Note Maturity Plan receives the approval of the Noteholders by way of Ordinary Resolution at such meeting, then such proposal will be implemented by the Special Servicer. irrespective of whether it results in a Basic Terms Modification or relates to an Entrenched Right and shall have no liability to any person for seeking to implement and subsequently implementing such proposal with no regard to the Servicing Standard. However, the Special Servicer shall not be required to implement any such proposal (i) if to do so would cause it to breach any applicable law or regulation and (ii) until it has been indemnified and/or secured and/or prefunded to its satisfaction. If no proposal in the final Note Maturity Plan receives the approval of the Noteholders by way of Ordinary Resolution at such meeting, then the Note Trustee will be deemed to be directed by all the Noteholders to instruct the Issuer Security Trustee to appoint a receiver (to the extent applicable) to realise the Issuer Security in accordance with the Issuer Deed of Charge as soon as practicable upon such right becoming exercisable provided that the Issuer Security Trustee will have no obligation to do so if it shall not have been indemnified and/or secured and/or pre-funded to its satisfaction.

## Servicing Fee

In consideration of the performance of the Servicer's duties under the Servicing Agreement, on each Interest Payment Date, the Issuer shall pay to the Servicer a fee (the "Servicing Fee") in respect of the Issuer/Borrower Loan equal to £30,000 per annum (payable by quarterly instalments of £7,500 per quarter) (or £0 per annum if the Servicer and the Loan Facility Agent are the same entity on the basis that the Loan Facility Agent will receive a fee of £30,000 per annum (payable by quarterly instalments of £7,500 per quarter)). The Servicing Fee shall be payable by the Issuer on each Interest Payment Date in accordance with the applicable Issuer Payment Priorities and along with all other compensation payable by the Issuer to the Servicer under the Servicing Agreement. The Servicing Fee shall continue to be paid notwithstanding the fact that the Issuer/Borrower Loan may have been designated a Specially Serviced Loan.

## **Special Servicing Fee**

On each Interest Payment Date, the Issuer shall pay to the Special Servicer a fee equal to 0.15 per cent. per annum of the outstanding principal balance of the Issuer/Borrower Loan for each day that it is designated as a Specially Serviced Loan (the "Special Servicing Fee" and together with the Servicing Fee the "Servicing Fees"). The Special Servicing Fee will be payable in addition to the Servicing Fee. The Special Servicing Fee shall cease to accrue if (i) a Liquidation Event occurs or (ii) the Issuer/Borrower Loan is designated a Corrected Loan (where "Corrected Loan" means the Issuer/Borrower Loan after discontinuance of any event which would constitute a monetary Special Servicing Transfer Event for two consecutive Interest Periods and the facts giving rise to any other Special Servicing Transfer Event having ceased to exist and no other matter existing which would give rise to the Issuer/Borrower Loan becoming a Specially Serviced Loan).

**"Liquidation Event**" means the Issuer/Borrower Loan is repaid in full or a Final Recovery Determination is made with respect to the Issuer/Borrower Loan.

## **Liquidation Fee and Workout Fee**

If the Issuer/Borrower Loan is a Specially Serviced Loan, the Issuer shall pay to the Special Servicer:

- (a) a liquidation fee (the "**Liquidation Fee**") equal to 0.70 per cent. of the Liquidation Proceeds on the Interest Payment Date immediately following a Calculation Date immediately following the receipt of such Liquidation Proceeds, provided that no Liquidation Fee will be payable in respect of Liquidation Proceeds:
  - (i) where the Issuer/Borrower Loan was a Specially Serviced Loan for a period of fewer than 30 days; or
  - (ii) where the Issuer/Borrower Loan or the Borrower or any relevant part of the Property Portfolio (whether directly or indirectly) is sold to an Affiliate of the Special Servicer; or
- (b) a workout fee (the "Workout Fee") payable to the Special Servicer, if a Specially Serviced Loan subsequently becomes a Corrected Loan. The Workout Fee shall be an amount equal to 0.70 per cent. of each collection of interest and principal received in respect of the Issuer/Borrower Loan for so long as it remains a Corrected Loan. No Workout Fee will be payable if the Special Servicing Transfer Event which gave rise to the Issuer/Borrower Loan becoming a Specially Serviced Loan ceases to exist within 30 days of the Issuer/Borrower Loan becoming a Specially Serviced Loan and no other Special Servicing Transfer Event occurred whilst the Issuer/Borrower Loan remained a Specially Serviced Loan.

The Servicing Fees will cease to be payable in relation to the Issuer/Borrower Loan if (i) the Issuer/Borrower Loan is repaid in full; or (ii) the Special Servicer has determined, acting in accordance with the Servicing Standard, that there has been a recovery of all amounts or recoveries that, in the Special Servicer's judgment, will ultimately be recoverable with respect to the Issuer/Borrower Loan, such judgment to be exercised in accordance with the Servicing Standard (a "Final Recovery Determination").

Each of these fees is exclusive of VAT (if any) properly chargeable thereon.

"Liquidation Proceeds" means the proceeds of sale, net of costs and expenses (including any part thereof attributable to VAT) and any taxes (if any) paid or to be provided for out of such proceeds, arising from the sale of the Issuer/Borrower Loan or any Obligor or any part of the Property Portfolio (whether directly or indirectly) following the enforcement of the security in respect of the Issuer/Borrower Loan or upon a sale carried out other than by way of enforcement of the security as a result of the material activity of the Special Servicer in accordance with the provisions of the Servicing Agreement. For the purposes of this definition, what constitutes "material activity" will be determined in the sole opinion of the Special Servicer acting in accordance with the Servicing Standard.

### Servicing expenses

The Servicer and the Special Servicer shall be entitled to be reimbursed in respect of out-of-pocket fees, costs, expenses and charges (together with any VAT) properly incurred by them in the performance of their servicing obligations. Such costs and expenses are payable by the Issuer on the Interest Payment Date following the date on which they are incurred by the Servicer or the Special Servicer and without prejudice to any other right to payment or, in the case of fees, costs and expenses which are paid directly by an Obligor immediately on the date which such fees, costs and expenses are collected from an Obligor and without double-counting.

### **Liability of Servicer and Special Servicer**

Neither the Servicer nor the Special Servicer will be responsible for any loss or liability to the Issuer other than those losses caused by its gross negligence, fraud or wilful misconduct. The Servicer and the Special Servicer will not be negligent if it takes any action in reliance on advice received from any advisor, provided that the Servicer or for so long as the Issuer/Borrower Loan is a Specially Serviced Loan, the Special Servicer, was not fraudulent or negligent in its selection of such advisor

and was not aware (nor negligent for not being aware) of any conflict of interest that such advisor might have with respect to the advice being provided where such conflict of interest was a likely source of the loss to the Issuer.

## Reporting

The Servicer shall report the following information in respect of each Quarterly Calculation Date (subject to it having first received such up-to-date information from the Obligor Cash Manager and subject to the terms of the Issuer/Borrower Facility Agreement permitting such information to be made public):

- (a) financial covenant compliance calculated in accordance with the methodologies for determining compliance in the Issuer/Borrower Facility Agreement;
- (b) any property acquisitions or disposals since the previous Quarterly Calculation Date; and
- (c) identification of any default actually known under the Issuer/Borrower Facility Agreement as of the close of business on the last day of the month preceding the month in which the relevant Interest Payment Date occurs and a summary description of any action taken since the last statement to Noteholders.

Such additional information provided by the Servicer may be modified from time to time in the Servicer's sole discretion.

The Servicer shall also provide, in respect of each Quarterly Calculation Date, a report based, where necessary, on information provided to the Servicer by the Special Servicer or the Obligor Cash Manager, containing the following relevant information regarding the Issuer/Borrower Loan and the Properties since the previous Quarterly Calculation Date (or, in the case of the first Quarterly Calculation Date, the Closing Date):

- (i) a report setting out the information provided by the Obligors pursuant to the information covenants contained in the Obligor Transaction Documents;
- (ii) a report setting out, among other things, general information in relation to the Issuer/Borrower Loan; and
- (iii) a report setting out, among other things, information regarding the Properties,

(such reports, the "Servicer Quarterly Report").

The Servicer Quarterly Report shall be substantially in the form set out in Schedule 3 of the Servicing Agreement, or in such other form as is acceptable to the recipients thereof, acting reasonably. The Servicer Quarterly Report is required to be delivered to the Issuer, the Obligor Security Trustee, the Issuer Security Trustee, the Note Trustee and the Issuer Cash Manager as soon as it becomes available (and in any event, within 10 Business Days after each Interest Payment Date).

The Servicer Quarterly Report will be made publicly available as part of the Investor Report by the Issuer Cash Manager at https://investorreporting.gbm.hsbc.com/ (which internet website (including any contents thereof) does not form part of this Prospectus) by a date falling 20 Business Days after (and including) each Interest Payment Date. Following receipt by the Servicer or the Special Servicer, as applicable, of a Valuation, it will deliver a copy of the same to the Issuer Cash Manager to be made publicly available at <a href="https://investorreporting.gbm.hsbc.com/">https://investorreporting.gbm.hsbc.com/</a>.

Such additional information provided by the Servicer may be modified from time to time in the Servicer's sole discretion. The Servicer Quarterly Report may be subject to audit by an international auditing firm at the cost of the Issuer upon request of the Issuer Security Trustee.

#### **Enforcement of the Issuer/Borrower Loan**

The Special Servicer shall determine and is authorised by the Issuer and (following the delivery of an Issuer Enforcement Notice) the Issuer Security Trustee to determine the best strategy for exercising the rights, powers and discretions of the Issuer in respect of the Issuer/Borrower Loan and the exercise of procedures to enforce those rights, powers and discretions (including in each case providing instructions and authorisations to the Obligor Security Trustee and the Loan Facility Agent as appropriate) following the occurrence of an Obligor Event of Default which is continuing to implement (or, as it reasonably considers necessary, to instruct the Obligor Security Trustee or Loan Facility Agent to implement) such strategy.

As soon as reasonably practicable after the Special Servicer makes a Final Recovery Determination with respect to the Issuer/Borrower Loan, it shall promptly notify the Rating Agencies, the Servicer, the Issuer Cash Manager and the Issuer Security Trustee of the amount of such Final Recovery Determination. The Special Servicer shall maintain an accurate record of the basis of the determination of the Final Recovery Determination.

If the Special Servicer determines that the most appropriate course of action, consistent with the Servicing Standard, would be to sell the Issuer/Borrower Loan, then the Issuer Security Trustee, at the cost of the Issuer, must, at the request of the Special Servicer, release and discharge the Issuer Security in respect of the Issuer/Borrower Loan and the Obligor Transaction Security in order to allow such sale to proceed.

## **Property Manager Appointment**

The Issuer will appoint the Servicer as its lawful agent to identify and to use best efforts to select a replacement property manager acceptable to the Obligor Security Trustee on terms substantially the same as those set out in the then current Property Management Agreement upon the termination or proposed termination of the Property Manager. Where, taking into account the then prevailing market conditions, the Servicer determines that it is not practicable to agree terms substantially the same as those set out in the then current Property Management Agreement, the Servicer shall certify in writing to the Obligor Security Trustee, upon which certificate the Obligor Security Trustee shall be entitled to rely absolutely and without any liability to any person for so doing, that such terms are reasonable commercial terms taking into account the then prevailing current market conditions, such certificate being conclusive and binding on all parties and provided further that the Obligor Security Trustee not shall be obliged to enter into any such arrangements if to do so would, in the sole opinion of the Obligor Security Trustee, have the effect of: (a) exposing the Obligor Security Trustee to any Liability against which it has not been indemnified and/or secured and/or prefunded to its satisfaction; or (b) increasing the obligations or duties, or decreasing the protections, of the Obligor Security Trustee, as appropriate in the Transaction Documents and/or the Conditions.

### Termination for cause of the appointment of the Servicer or Special Servicer

The following constitute a "Servicing Termination Event" under the Servicing Agreement:

in respect of the Servicer only, failure by the Servicer, the Loan Facility Agent or the Obligor Security Trustee (but only, in the case of failure by the Loan Facility Agent or the Obligor Security Trustee, if the Loan Facility Agent or the Obligor Security Trustee (as applicable) is the same entity or an Affiliate of the Servicer) to remit funds to or for the account of the Issuer where the same are required to be remitted by any such entity under the Servicing Agreement or the Obligor Transaction Documents by 11.00am (London time) on the first Business Day following the date on which the same were required to be remitted, but only where (i) there are sufficient funds available in the account from which such funds were required to be remitted and (ii) the Loan Facility Agent or the Obligor Security Trustee has sole signing rights over such account from which funds were required to be remitted and provided that if such failure to remit funds is caused by a failure or error in the banking

- system and is cured within two Business Days of the restoration of the banking system, such event shall not constitute a Servicing Termination Event;
- (b) in respect of the Special Servicer only, failure by the Special Servicer to remit funds to or for the account of the Issuer where the same are required to be remitted by it under the Servicing Agreement or the Obligor Transaction Documents by 11.00am (London time) on the first Business Day following the date on which the same were required to be remitted, but only where (i) there are sufficient funds available in the account from which such funds were required to be remitted and (ii) the Special Servicer has sole signing rights over such account from which funds were required to be remitted, and provided that if such failure to remit funds is caused by a failure or error in the banking system and is cured within two Business Days of the restoration of the banking system, such event shall not constitute a Servicing Termination Event;
- failure by the Servicer or Special Servicer, as applicable, to observe or perform in any (c) respect any of its other obligations under the Servicing Agreement (whether failure of a specific obligation or failure to observe or act according to the Servicing Standard) and such failure continues unremedied for a period of 30 days after the earlier to occur of (A) the date on which the Servicer or Special Servicer, as applicable, becomes aware of such failure and (B) the date on which written notice of such failure is given to the Servicer or Special Servicer, as applicable, by the Issuer and/or the Issuer Security Trustee provided, however, that with respect to any such failure that is not curable within such 30 day period, the Servicer or the Special Servicer, as applicable, will have an additional cure period of 30 days to effect such cure so long as it has commenced to cure such failure within the initial 30 day period and has provided the Issuer and the Issuer Security Trustee with an officer's certificate certifying that it has diligently pursued, and is continuing to diligently pursue, such cure. If the failure by the Servicer or the Special Servicer, as applicable, is a failure to deliver a complete Servicer Quarterly Report or other report required pursuant to the Servicing Agreement, no Servicing Termination Event shall occur if the failure resulted from the failure of the Special Servicer, the Issuer Cash Manager or the Obligors to deliver the required information:
- (d) breach by the Servicer or Special Servicer, as applicable, of any representation or warranty given by it under the Servicing Agreement in any material respect, and the circumstances giving rise to such material breach are not remedied by the date falling 30 days after the earlier to occur of (A) the date on which the Servicer or Special Servicer, as applicable, becomes aware of such breach and (B) the date on which written notice of such breach is given to the Servicer or Special Servicer, as applicable, by the Issuer and/or (following service of an Issuer Enforcement Notice) the Issuer Security Trustee, provided, however, that with respect to any such failure that is not curable within such 30 day period, the Servicer or the Special Servicer, as applicable, will have an additional cure period of 30 days to effect such cure so long as it has commenced to cure such failure within the initial 30-day period and has provided the Issuer and the Issuer Security Trustee with an officer's certificate certifying that it has diligently pursued, and is continuing to diligently pursue, such cure;
- (e) it becomes unlawful for the Servicer or Special Servicer, as applicable, to perform any material part of its obligations under the Servicing Agreement except in circumstances where no other person could perform such material part of the obligations lawfully;
- (f) the Servicer or Special Servicer, as applicable, pays or has paid any part of its remuneration under the Servicing Agreement to any Noteholder in connection with securing its appointment (or keeping such appointment) under the Servicing Agreement;
- (g) except in connection with a Permitted Reorganisation, an order is made or an effective resolution passed for winding up the Servicer or the Special Servicer;

- (h) except in connection with a Permitted Reorganisation, the Servicer or the Special Servicer ceases to own the whole or substantially the whole of its business or ceases to own the whole or substantially the whole of its commercial mortgage servicing business and, as a result, in the reasonable opinion of the Issuer, there are reasonable grounds to believe that the Servicer or the Special Servicer, as applicable, is unlikely to have the resources to perform its obligations under the Servicing Agreement to a reasonable standard;
- (i) except in connection with a Permitted Reorganisation:
  - (i) the Servicer or the Special Servicer stops payment of its debts (other than debts contested in good faith) or the Servicer or the Special Servicer is deemed unable to pay its debts within the meaning of the insolvency laws applicable to such entity or becomes unable to pay its debts as they fall due or otherwise becomes insolvent;
  - (ii) proceedings are initiated (including the presentation of a petition or filing of documents with the court for administration (other than proceedings for dissolution or winding-up which are contested in good faith and discharged within 60 days or 90 days if such proceedings cannot be discharged within such 60 day period and the Servicer or the Special Servicer as applicable has diligently pursued, and continues to pursue, such discharge during such 60 day period)) against the Servicer or the Special Servicer under any applicable laws concerning liquidation, administration, insolvency, composition or reorganisation (save where such proceedings are frivolous or vexatious or are being contested in good faith by the Servicer or the Special Servicer); or
  - (iii) the Servicer or the Special Servicer, as applicable, become subject to any other insolvency or insolvency proceedings (including in any other relevant jurisdiction) not the subject of paragraphs (i) and (ii) above (other than proceedings for dissolution or winding-up which are contested in good faith and discharged within 60 days or 90 days if such proceedings cannot be discharged within such 60 day period and the Servicer or the Special Servicer as applicable has diligently pursued, and continues to pursue, such discharge during such 60 day period);
- (j) where the Servicer and the Loan Facility Agent cease to be the same entity or an Affiliate of each other.

"Permitted Reorganisation" means a reorganisation or restructuring the terms and the relevant surviving entity of which notification has been provided to the Note Trustee and in relation to which such surviving entity demonstrates to the satisfaction of the Note Trustee that it will, following the completion of the reorganisation or restructuring, not be insolvent, and shall have assumed all of the liabilities and obligations of the Servicer or the Special Servicer, as applicable; provided that the surviving party meets the requirements with respect to successors contained in the Servicing Agreement with respect to the Servicer or Special Servicer, as applicable.

## Rights upon Servicing Termination Event; replacement of Servicer and Special Servicer

Upon the occurrence of any Servicing Termination Event in respect of the Servicer or, as applicable, the Special Servicer, the Issuer or, after delivery of an Issuer Enforcement Notice, the Issuer Security Trustee may by notice in writing to the Servicer or the Special Servicer (with a copy to each of the Rating Agencies), as the case may be, terminate the appointment of the Servicer (if the Servicing Termination Event is in respect of the Servicer) or the Special Servicer (if the Servicing Termination Event is in respect of the Special Servicer).

#### **Termination without cause**

If the Issuer Security Trustee is notified by the Note Trustee that the Noteholders (acting by Extraordinary Resolution) have directed that the Servicer and/or the Special Servicer be replaced,

then the Issuer shall (by written notice to the Servicer or Special Servicer, as applicable) terminate the appointment of the Servicer or Special Servicer, as applicable.

## **Termination by Notice**

The Issuer may terminate the appointment of the Servicer and/or the Special Servicer (a "**Servicer Termination**") by giving to the Servicer and/or the Special Servicer at least three months' written notice to this effect.

## Resignation of the Servicer or Special Servicer

Each of the Servicer and the Special Servicer may resign from its appointment as such by giving to the Issuer and the Issuer Security Trustee at least three months' written notice to this effect (no such resignation will be effective until a replacement servicer or special servicer, as the case may be, has been appointed).

## **Appointment of substitute**

No termination of the appointment of the Servicer or the Special Servicer (or resignation of the same), as applicable, will be effective until (among other conditions) a replacement servicer or special servicer, as the case may be, has been appointed.

If no replacement Servicer or replacement Special Servicer is appointed within 60 days of notice being provided in connection with any termination or resignation of the Servicer, or the Special Servicer (as applicable and, in each case, in accordance with the Servicing Agreement), the Servicer or the Special Servicer (as applicable) may appoint or petition a court of competent jurisdiction to appoint such replacement subject to such replacement satisfying the criteria provided under the Servicing Agreement.

#### General

Neither the Servicer nor the Special Servicer will be liable for any failure by the Issuer to make any payment due by it under the Notes or any of the other Issuer Transaction Documents, nor will the Servicer or the Special Servicer be liable for any obligation of the Borrower or any other Obligors under the Issuer/Borrower Facility Agreement or the Transaction Obligor Security.

#### Waivers and consents

Upon the Borrower sending a request to the Loan Facility Agent in respect of an LFA Matter, the Loan Facility Agent shall consult or seek instructions from (as appropriate) the Servicer (or, for so long as the Issuer/Borrower Loan is designated a Specially Serviced Loan, the Special Servicer) in relation to such LFA Matter.

The Servicer (or, for so long as the Issuer/Borrower Loan is designated a Specially Serviced Loan, the Special Servicer) will be responsible for considering and responding to any request for a consent, waiver or opinion relating to the Debt Documents within five Business Days of receipt of such request from the Loan Facility Agent.

If the Servicer (or, for so long as the Issuer/Borrower Loan is designated a Specially Serviced Loan, the Special Servicer) is not, in its sole opinion, able to, or entitled to, give such consent, waiver or opinion it shall notify the Loan Facility Agent of that determination within five Business Days of receipt of the request from the Loan Facility Agent.

The Servicer (or, for so long as the Issuer/Borrower Loan is designated a Specially Serviced Loan, the Special Servicer) is authorised on behalf of the Issuer and the Obligor Security Trustee to:

- (1) give any consent or grant a waiver if giving such consent or granting such waiver is not, in the opinion of the Servicer or Special Servicer (as appropriate), materially prejudicial to the interests of any of the Obligor Secured Creditors, as appropriate; or
- (2) express an opinion,

to the Loan Facility Agent in respect of any Debt Document to which it is a party as it shall determine (acting reasonably) is consistent with its rights and obligations under and in accordance with the Servicing Agreement, including, without limitation, the Servicing Standard. The Servicer (or, for so long as the Issuer/Borrower Loan is designated a Specially Serviced Loan, the Special Servicer) shall agree to any request by an Obligor to provide a consent if the provisions of the relevant Obligor Transaction Document require such consent to be granted subject to certain conditions being satisfied, provided that the Servicer or the Special Servicer, as applicable, acting in accordance with the Servicing Standard is satisfied that the relevant conditions have been met.

The Servicer shall be under no obligation to exercise its discretion in respect of any LFA Matter and, if it chooses not to do so, the voting procedures set out in the STID shall apply.

Subject to any Entrenched Rights, the Servicer or Special Servicer as appropriate will, without the sanction of the Issuer (and without this being the subject of a STID Proposal), give consent and grant a waiver in respect of any Debt Document that is requested by an Obligor to comply with any:

- (1) criteria of the Rating Agencies which may be published after the Closing Date which consent or waiver the relevant Obligor certifies to the Servicer or Special Servicer as appropriate is required to avoid a downgrade, withdrawal or suspension of the then current ratings assigned by a Rating Agency to the Notes; or
- (2) requirements which apply to it under Regulation (EU) 648/2012, subject to the receipt by the Servicer or Special Servicer as appropriate of a certificate from the relevant Obligor that (A) the requested consent or waiver is required solely for the purpose of enabling the Obligor to satisfy its requirements under EMIR and (B) that each of the Rating Agencies has been notified of the proposed consent or waiver and not made the Obligor aware that such consent or waiver will result in a downgrade, withdrawal or suspension of the then current ratings assigned by a Rating Agency on the Notes, subject, in each case, to: (1) the Servicer or Special Servicer as relevant not being obliged to give any consent or grant any waiver to the extent that doing so would, in the opinion of the Servicer or Special Servicer as appropriate, have the effect of increasing the liabilities, obligations or duties, or decreasing the rights or protections, of the Servicer or Special Servicer as relevant; and (2) the relevant parties to such Debt Documents or other documents having agreed in writing to such consent or waiver.

The Servicer will be entitled to rely on an Obligor's designation of any consent or waiver request described above and the Obligor Secured Creditors will have no right to disagree with such designation.

## Limitations on general discretion

No Obligor, nor the Servicer or Special Servicer (as relevant), shall make a request for a consent or waiver or concur in giving consent or granting a waiver in respect of, any Debt Document if such consent or waiver:

- (A) is an Ordinary Voting Matter;
- (B) is an Extraordinary Voting Matter;

- (C) is an Entrenched Right, unless and until the consent of each Affected Obligor Secured Creditor (and, if the Issuer is an Affected Obligor Secured Creditor, each Affected Issuer Secured Creditor) has been obtained or deemed to be obtained as provided below; or
- (D) is subject to an ongoing disagreement with regard to the determination of the voting category or the application of Entrenched Rights pursuant to the relevant provisions of the STID.

## Implementation of modifications, consents, waivers and releases

As soon as reasonably practicable, and in any event not later than 10 Business Days after the giving of its consent or its agreement to waive any event, matter or thing in accordance with the relevant provisions of the Servicing Agreement, the Servicer and/or the Loan Facility Agent (as appropriate) shall, at the cost of the Obligors, execute and deliver any deeds, documents or notices as may be required to be executed and/or delivered and which are provided to the Loan Facility Agent and the Servicer and such other applicable persons in order to give effect to the relevant matter or thing which the Servicer has consented to or agreed to waive.

## Entrenched Rights

The £250,000,000 1.246 per cent. Private Rental Sector Secured Notes due 2037 (the "Notes") of Folio Residential Finance No. 1 plc (the "Issuer") are constituted by a trust deed (the "Note Trust Deed") dated 5 October 2020 (the "Closing Date") made between the Issuer and HSBC Corporate Trustee Company (UK) Limited (in such capacity, the "Note Trustee", which expression shall include all persons for the time being acting as the note trustee or note trustees under the Note Trust Deed including all successors and assigns) as trustee for the Noteholders and the Couponholders (each as defined below). Any reference in these terms and conditions (the "Conditions") to the "Note Trust Deed" shall be a reference to the Note Trust Deed, as supplemented, modified, amended, restated, novated and/or replaced from time to time.

The proceeds of the Notes will be on-lent by the Issuer to the Borrower on the Closing Date pursuant to a facility agreement dated on or around the Closing Date (as supplemented, modified, amended, restated, novated and/or replaced from time to time, the "Issuer/Borrower Facility Agreement" and the facility provided by the Issuer to the Borrower thereunder, the "Issuer/Borrower Facility", and the loan made thereunder, the "Issuer/Borrower Loan").

Pursuant to a paying agency agreement (as supplemented, modified, amended, restated, novated and/or replaced from time to time, the "Agency Agreement") dated the Closing Date and made between the Issuer, HSBC Bank plc as principal paying agent (the "Principal Paying Agent" and together with such additional or other paying agents, if any, appointed from time to time pursuant to the Agency Agreement, the "Paying Agents") and the Note Trustee, provision is made for the payment of principal, premium (if any) and interest in respect of the Notes.

In addition, the Issuer (in its capacity as the lender of the Issuer/Borrower Loan and an Obligor Secured Creditor) will, on or about the Closing Date, enter into a security trust and intercreditor deed (as supplemented, modified, amended, restated, novated and/or replaced from time to time, the "STID") with, *inter alios*, Folio Treasury Limited (the "Borrower") and CBRE Loan Services Limited (in such capacity, the "Obligor Security Trustee", which expression shall include all persons for the time being acting as the security trustee or security trustees under the STID, the Obligor Deed of Charge and the other Obligor Security Documents including all successors and assigns).

The statements in these Conditions include summaries of, and are subject to, the detailed provisions of the Note Trust Deed, the Issuer Deed of Charge, the Agency Agreement, the Issuer/Borrower Facility Agreement, the STID and the master definitions agreement (as supplemented, modified, amended, restated, novated and/or replaced from time to time, the "Master Definitions Agreement" or the "MDA") entered into by, among others, the Issuer, the Borrower, the Note Trustee, the Issuer Security Trustee and the Obligor Security Trustee on or about the Closing Date.

Copies of the Note Trust Deed, the Issuer Deed of Charge, the Agency Agreement, the Issuer/Borrower Facility Agreement, the STID, the MDA and the other Issuer Transaction Documents are available for inspection by the Noteholders during normal business hours at the specified office for the time being of each of the Paying Agents. ### 1. Form, denomination and title

1.1 The Notes are initially offered and sold outside the United States to non-U.S. persons pursuant to Regulation S under the United States Securities Act of 1933 (as amended) (the "Securities Act") and are initially represented by a temporary global note (the "Temporary Global Note") in bearer form in the aggregate principal amount on issue of £250,000,000. The Temporary Global Note has been deposited on behalf of the subscribers of the Notes with a common safekeeper (the "Common Safekeeper") for Clearstream Banking S.A. ("Clearstream, Luxembourg") and Euroclear Bank SA/NV ("Euroclear" and together with Clearstream, Luxembourg, the "Clearing Systems") on the Closing Date. Upon deposit of the Temporary Global Note, the Clearing Systems credited each subscriber of Notes with the principal amount of Notes equal to the aggregate principal amount thereof for which it had subscribed and paid. Interests in the Temporary Global Note are exchangeable on and after the date which is 40 days after the Closing Date, upon certification of non-U.S. beneficial ownership by the relevant Noteholder, for interests recorded in the records of the Clearing Systems in a permanent global note (the "Permanent Global Note") representing the Notes (the expressions "Global Notes" and "Global Note" meaning the Temporary Global Note and the Permanent Global Note together or individually, respectively). Title to the Global Notes will pass by delivery.

Interests in a Global Note will be transferable in accordance with the rules and procedures for the time being of the relevant Clearing System.

For so long as the Notes are represented by a Global Note and the Clearing Systems so permit, the Notes will be tradable only in the minimum authorised denomination of £100,000 and higher integral multiples of £1,000, notwithstanding that no Definitive Notes (as defined below) will be issued with a denomination above £199,000. During this time transfer and exchanges of beneficial interests in such Notes and entitlements to payments thereunder will be effected subject to and in accordance with the rules and procedures from time to time of the relevant Clearing System.

1.2 If, while any of the Notes are represented by the Permanent Global Note, (i) either of the Clearing Systems is closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or announces an intention permanently to cease business or does in fact do so and no other clearing system acceptable to the Note Trustee is then in existence or (ii) as a result of any amendment to, or change in, the laws or regulations of the United Kingdom (or of any political sub-division thereof) or of any authority therein or thereof having power to tax or in the interpretation or administration of such laws or regulations which becomes effective on or after the Closing Date, the Issuer or any Paying Agent is or will on the next Interest Payment Date (as defined below) be required to make any deduction or withholding from any payment in respect of such Notes which would not be required were such Notes in definitive form, then the Issuer will issue Notes in definitive bearer form ("Definitive Notes") in exchange for the relevant Permanent Global Note (free of charge to the persons entitled to them) within 30 days of the occurrence of the relevant event. These Conditions and the Issuer Transaction Documents will be amended in such manner as the Note Trustee and the Issuer Security Trustee require to take account of the issue of Definitive Notes. A Permanent Global Note will not be exchangeable for Definitive Notes in any other circumstances.

- 1.3 Definitive Notes, if issued, will only be printed and issued in denominations of £100,000 and integral multiples of £1,000 in excess thereof up to and including £199,000. No Definitive Notes will be issued with a denomination above £199,000. Such Notes will be serially numbered and will be issued in bearer form with (at the date of issue) Coupons and, if necessary, talons attached. Title to the Definitive Notes shall pass by delivery.
- 1.4 Any reference in these Conditions to "Noteholders" means each person (other than the Clearing Systems themselves) who is for the time being shown in the records of the Clearing Systems as the holder of a particular Principal Amount Outstanding (as defined in Condition 6.4 (Principal Amount Outstanding)) of the Notes (in which regard any certificate or other document issued by Clearstream, Luxembourg or Euroclear as to the Principal Amount Outstanding of the Notes standing to the account of any person shall be conclusive and binding for all purposes) and such person shall be treated by the Issuer, the Note Trustee, the Issuer Security Trustee and all other persons as the holder of such Principal Amount Outstanding of such Notes for all purposes, other than for the purpose of payments in respect thereof, the right to which shall be vested, as against the Issuer, the Note Trustee, the Issuer Security Trustee and all other persons, solely in the bearer of the relevant Global Note in accordance with and subject to its terms and for which purpose Noteholders means the bearer of the relevant Global Note, and related expressions shall be construed accordingly. Any reference in these Conditions to "Couponholders" shall be a reference to the holders of the interest coupons in respect of the Notes ("Coupons").

### 2. Status and relationship between the Notes and security

#### 2.1 Status and relationship between the Notes

- (A) The Notes constitute direct, secured, unsubordinated and, subject as provided in Condition 10 (*Enforcement*), unconditional obligations of the Issuer. The Notes rank pari passu without preference or priority amongst themselves.
- (B) The Note Trust Deed contains provisions requiring the Note Trustee to have regard to the interests of the Noteholders equally as regards all rights, powers, trusts, authorities, duties and discretions of the Note Trustee (except where expressly provided otherwise).
- (C) The Notes are obligations solely of the Issuer and are not obligations of, or guaranteed by, any of the other parties to the Issuer Transaction Documents and/or the Obligor Transaction Documents.
- (D) Prior to the delivery of an Issuer Acceleration Notice (as defined in Condition 9 (Issuer Events of Default)) and/or an Issuer Enforcement Notice, pursuant to the Issuer Cash Management Agreement, the Issuer is required on each Interest Payment Date to apply monies credited to the Issuer Transaction Account (together with amounts permitted to be withdrawn from the Issuer Liquidity Reserve Account) in accordance with the Issuer Pre-Enforcement Pre-Acceleration Payment Priorities.
- (E) Pursuant to the Issuer Deed of Charge, on each Interest Payment Date following the delivery of an Issuer Enforcement Notice but prior to the delivery of an Issuer Acceleration Notice, all monies credited to the Issuer Transaction Account (together with amounts permitted to be withdrawn from the Issuer Liquidity Reserve Account) must be applied in accordance with the Issuer Post-Enforcement Pre-Acceleration Payment Priorities.
- (F) Pursuant to the Issuer Deed of Charge, following the delivery of an Issuer Acceleration Notice and an Issuer Enforcement Notice by the Note Trustee, all monies received by the Issuer or the Issuer Security Trustee and all monies standing

to the credit of the Issuer Transaction Account must be applied in accordance with the Issuer Post-Enforcement Post-Acceleration Payment Priorities.

(G) The Issuer Deed of Charge contains provisions requiring the Issuer Security Trustee (except where expressly provided otherwise) to have regard to the interests of the Issuer Secured Creditors as a whole as regards the exercise or performance of each of its trusts, powers, authorities, duties, discretions and obligations in respect of the Issuer Security under the Issuer Deed of Charge and each of the other Issuer Transaction Documents or the rights or benefits which are comprised in the Issuer Security. If, in relation to the exercise or performance of any of those trusts, powers, authorities, duties, discretions and obligations, in the Issuer Security Trustee's opinion there is or may be a conflict between the interests of (A) the Noteholders and (B) the other Issuer Secured Creditors, the Issuer Security Trustee shall be entitled to have regard only to the interests of the Noteholders.

# 2.2 **Security**

- (A) The security constituted by and pursuant to the Issuer Deed of Charge is granted on the Closing Date to the Issuer Security Trustee, on trust for itself, the Note Trustee on behalf of the Noteholders and/or Couponholders, the Issuer Cash Manager, the Issuer Account Bank, the Paying Agents, the Servicer, the Special Servicer, the Corporate Services Provider and the other creditors of the Issuer that are party to or accede to the Issuer Deed of Charge from time to time under the terms thereof (together, the "Issuer Secured Creditors"), upon and subject to the terms and conditions of the Issuer Deed of Charge.
- (B) The Noteholders will share in the benefit of the security constituted by and pursuant to the Issuer Deed of Charge, upon and subject to the terms and conditions of the Issuer Deed of Charge.

### 4. **Interest**

#### 4.1 Interest accrual

Each Note bears interest on its Principal Amount Outstanding from (and including) the Closing Date. Each Note (or, in the case of the redemption of part only of a Note, that part only of such Note) will cease to bear interest from and including the due date for redemption unless, upon due presentation in accordance with Condition 5 (*Payments*), payment of the principal in respect of the Note is improperly withheld or refused or default is otherwise made in respect of the payment, in which event interest shall continue to accrue as provided in the Note Trust Deed.

#### 4.2 Interest Rate and Interest Payment Dates

The Notes bear interest on their Principal Amount Outstanding from (and including) the Closing Date at the rate of 1.246 per cent. per annum (the "Interest Rate"), payable quarterly in arrear in equal instalments on 31 January, 30 April, 31 July and 31 October in each year, commencing on 31 January 2021 or, if such day is not a Business Day, on the immediately succeeding Business Day (each, an "Interest Payment Date"). The period from (and including) the Closing Date to (but excluding) the first Interest Payment Date and each successive period from (and including) an Interest Payment Date to (but excluding) the next succeeding Interest Payment Date is called an "Interest Period".

# 4.3 Calculation of interest other than on a quarterly basis

When interest is required to be calculated in respect of a period other than a full quarter year, it shall be calculated by applying the Interest Rate to the Principal Amount Outstanding and multiplying the result by: (a) the actual number of days in the period from (and including) the date from which interest begins to accrue to (but excluding) the date on which it falls due divided by (b) 365, with the amount resulting from any such calculation being rounded down to the nearest penny.

#### 4.4 **Default Interest**

On each Interest Payment Date, the Issuer will use the Default Interest Subordinated Amount, to the extent received by it from the Borrower, towards payment of item (7) of the Issuer Payment Priorities.

# 5. **Payments**

## 5.1 Payments in respect of Notes

Payments in respect of principal, premium (if any) and interest in respect of any Global Note will be made only against presentation of such Global Note to or to the order of the Principal Paying Agent or such other Paying Agent as shall have been notified to the Noteholders in accordance with Condition 15 (*Notice to Noteholders*) for such purpose, subject, in the case of the Temporary Global Note, to certification of non-U.S. beneficial ownership as provided in the Temporary Global Note.

A record of each payment of principal, premium or interest made in respect of a Global Note will be made on the relevant Global Note by or on behalf of the Principal Paying Agent or such other Paying Agent as aforesaid and such record shall be prima facie evidence that the payment in question has been made. No person appearing from time to time in the records of either of the Clearing Systems as the holder of a Note shall have any claim directly against the Issuer in respect of payments due on such Note whilst such Note is represented by a Global Note and the Issuer shall be discharged by payment of the relevant amount to the bearer of the relevant Global Note.

## 5.2 **Method of payment**

Payments will be made by credit or transfer to an account in sterling maintained by the payee with a bank in London.

#### 5.3 Payments subject to applicable laws

Payments in respect of principal, premium (if any) and interest on the Notes are subject in all cases to any fiscal or other laws, regulations, agreements and directives applicable in the place of payment or to which the Issuer or any Paying Agent agrees to be subject including as set out in Condition 7.

## 5.4 Payment only on a Presentation Date

A holder shall be entitled to present a Global Note for payment only on a Presentation Date and shall not, except as provided in Condition 4 (*Interest*), be entitled to any further interest or other payment if a Presentation Date is after the due date.

"Presentation Date" means a day which (subject to Condition 8 (Prescription)):

- (A) is or falls after the relevant due date;
- (B) is a Business Day in the place of the specified office of the Paying Agent at which the Global Note is presented for payment; and
- (C) in the case of payment by credit or transfer to a sterling account in London (as referred to above), is a Business Day in London.

In this Condition 5 (*Payments*), "**Business Day**" means, in relation to any place, a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealing in foreign exchange and foreign currency deposits) in that place.

#### 5.5 **Initial Paying Agents**

The names of the initial Paying Agents and their initial specified offices are set out at the end of these Conditions. The Issuer reserves the right, subject to the prior written approval

of the Note Trustee, at any time to vary or terminate the appointment of any Paying Agent and to appoint additional or other Paying Agents provided that:

- (A) there will at all times be a person appointed to perform the obligations of the Principal Paying Agent; and
- (B) there will at all times be at least one Paying Agent (which may be the Principal Paying Agent) having its specified office in such place as may be required by the rules and regulations of relevant stock exchange and competent authority.

Notice of any termination or appointment and of any changes in specified offices will be given to the Noteholders promptly by the Issuer in accordance with Condition 15 (*Notice to Noteholders*).

#### 5.6 **Default Interest Subordinated Amount**

Subject to the applicable Issuer Payment Priorities, on each Interest Payment Date, any amounts referred to in Condition 4.4 (*Default Interest*) will be allocated to the Notes.

# 6. Redemption

#### 6.1 Redemption at maturity

Unless previously redeemed in full, the Notes are expected to be redeemed in full on the Interest Payment Date falling in October 2027 (the "Expected Maturity Date"), being the Interest Payment Date immediately following the Loan Maturity Date. The Notes will only be redeemed in full on the Expected Maturity Date to the extent that all amounts outstanding under the Issuer/Borrower Loan are paid in full to the Issuer. To the extent that such amounts are not paid, the Issuer will, prior to the service of an Issuer Acceleration Notice, redeem the Notes on each Interest Payment Date after the Expected Maturity Date from amounts received by it under the Issuer/Borrower Loan, subject to the applicable Issuer Payment Priorities. In any event, the Issuer will redeem the Notes at their Principal Amount Outstanding on the Interest Payment Date falling in October 2037 (the "Final Maturity Date"). Any such redemption payment will be made together with accrued but unpaid interest thereon (including, if applicable, any amounts payable in accordance with item 7 of the Issuer Payment Priorities) to such date.

### 6.2 Redemption upon repayment or prepayment of the Issuer/Borrower Loan

- (A) If the Borrower gives notice to the Issuer that it will prepay the whole or part of the Issuer/Borrower Loan prior to the Loan Maturity Date:
  - (1) by way of a voluntary prepayment prior to the delivery of an Obligor Enforcement Notice and/or Obligor Acceleration Notice;
  - (2) prior to the delivery of an Obligor Enforcement Notice and/or Obligor Acceleration Notice using the following amounts deposited into the Disposal Proceeds Account:
    - (a) the proceeds of a disposal of a Property or Properties (1) at the option of the relevant Propco or (2) if not applied by the relevant Propco towards the acquisition of a Property within 6 months;
    - (b) the proceeds of a compulsory purchase of a Property or Properties (1) at the option of the relevant Propco or (2) if not applied by the relevant Propco towards the acquisition of a Property within 6 months; or

- (c) insurance proceeds (other than proceeds from loss of rent insurance) (1) at the option of the relevant Propco or (2) if not applied by the relevant Propco in reinstatement of the relevant Property or Properties within three years;
- (3) prior to the delivery of an Obligor Enforcement Notice and/or Obligor Acceleration Notice using amounts standing to the credit of the Cure Account if there has been a breach of any Financial Covenant Ratios for two successive Calculation Dates; or
- (4) following the delivery of an Obligor Enforcement Notice but prior to the delivery of an Obligor Acceleration Notice using amounts standing to the credit of the Disposal Proceeds Account and/or the Cure Account.

(in each case in accordance with the relevant provisions of the Issuer/Borrower Facility Agreement), then the Issuer shall, upon receipt of notice of such prepayment from the Borrower give not less than five days' notice thereof to the Noteholders in accordance with Condition 15 (*Notice to Noteholders*) and to the Note Trustee (copied to the Rating Agencies) and upon receipt of such prepayment from the Borrower redeem the Notes on the next Interest Payment Date occurring on or following the expiry of such notice period at an amount equal to the higher of the following:

- (i) par; and
- (ii) the amount (the "Early Repayment Amount") (as calculated by a financial adviser nominated by the Issuer (with the advice of a leading broker and/or gilt edged market maker or other expert operating in the gilt market selected by the Issuer) (the "Nominated Financial Adviser") and reported in writing to the Issuer, the Issuer Cash Manager and the Note Trustee) which is equal to the principal amount of the Notes to be redeemed multiplied by the price (expressed as a percentage and calculated by the Nominated Financial Adviser) (rounded to three decimal places (0.0005 being rounded upwards)) at which the Gross Redemption Yield on the Notes (if the Notes were to remain outstanding until their Expected Maturity Date) on the Determination Date would be equal to the sum of (i) the Gross Redemption Yield at 3:00 pm (London time) on the Determination Date of the Benchmark Gilt and (ii) 0.20 per cent.,

together with any interest accrued up to (but excluding) the date of redemption, **PROVIDED THAT** no such Early Repayment Amount (if applicable) shall be payable in respect of any early redemption of Notes (a) on or at any time after 30 April 2027, being the date falling six months before the Expected Maturity Date or (b) in any of the circumstances set out in Condition 6.2(A)(2)(b), Condition 6.2(A)(2)(c), Condition 6.2(A)(3) or Condition 6.2(A)(4).

For the avoidance of doubt, the Early Repayment Amount will not be payable in any circumstances in respect of any early redemption of Notes at any time during the period commencing on 30 April 2027, being the date falling six months before the Expected Maturity Date, and ending on the Final Maturity Date.

For the purposes of this Condition:

"Benchmark Gilt" means such UK Government stock as the Nominated Financial Adviser shall determine to be a benchmark gilt the maturity of which most closely matches the Expected Maturity Date;

"**Determination Date**" means the date that is the third day in London prior to the date of redemption pursuant to this Condition 6.2; and

"Gross Redemption Yield" means a yield calculated by the Nominated Financial Adviser on the basis set out by the United Kingdom Debt Management Office in the paper "Formulae for Calculating Gilt Prices from Yields" page 5, Section One: Price/Yield Formulae (Conventional Gilts; Double-dated and Undated Gilts with Assumed (or Actual) Redemption on a Quasi-Coupon Date) (published on 8th June, 1998 and updated on 15th January, 2002 and 16th March, 2005) (as amended or supplemented from time to time).

- (B) The Notes to be redeemed in accordance with Condition 6.2(A) above will be selected in accordance with the rules and procedures of the relevant Clearing Systems (to be reflected in the records of the Clearing Systems as a pool factor).
- (C) If the Issuer receives any monies from any Obligor from or on behalf of the Obligor Security Trustee or any receiver appointed by the Obligor Security Trustee following the delivery of an Obligor Enforcement Notice (other than in accordance with the relevant provisions of the Issuer/Borrower Facility Agreement) or an Obligor Acceleration Notice (following such being given in accordance with the STID), the Issuer shall, upon receipt of notice of such repayment from or on behalf of the Obligor Security Trustee, give not less than five days' notice thereof to the Note Trustee and the Noteholders in accordance with Condition 15 (Notice to Noteholders) and redeem the Notes at their Principal Amount Outstanding together with accrued but unpaid interest on the next Interest Payment Date occurring on or following the expiry of such notice period (or, if earlier, the Final Maturity Date).
- (D) If at any time that the Borrower cancels and prepays the Issuer/Borrower Loan as a consequence of:
  - (1) the Borrower or any other Obligor being required to increase certain payments to the Issuer in respect of the Issuer/Borrower Loan (or, in respect of the Intra-Group Loans, to the Borrower) as a result of the imposition of a requirement to deduct or withhold tax from such payments; or
  - (2) the Borrower or any other Obligor being required to pay an amount in respect of tax to the Issuer in respect of the Issuer/Borrower Loan (or, in respect of the Intra-Group Loans, to the Borrower) in accordance with the Issuer/Borrower Facility Agreement (or, in the case of any other Obligor, the Intra-Group Agreement),

then the Issuer shall, upon receipt of notice of such prepayment from the Borrower give not less than five days' written notice thereof to the Note Trustee and to the Noteholders in accordance with Condition 15 (Notice to Noteholders) and redeem all, but not some only, of the Notes on the next Interest Payment Date occurring on or following the expiry of such notice period at their Principal Amount Outstanding together with accrued but unpaid interest on the Principal Amount Outstanding up to (but excluding) such date (without any premium).

### 6.3 Optional redemption for taxation reasons

- (A) If:
  - (1) by reason of a change in tax law (or the application or official interpretation thereof), which change becomes effective on or after the Closing Date, on the next Interest Payment Date, the Issuer or the Paying Agents would be required to deduct or withhold from any payment of principal or interest on the Notes

(other than because the relevant holder has some connection with the United Kingdom other than the holding of the Notes) any amount for, or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by the United Kingdom or any political sub-division thereof or any authority thereof or therein; or

(2) by reason of a change in law, which change becomes effective on or after the Closing Date, it has become or will become unlawful for the Issuer to perform any of its obligations under the Issuer/Borrower Facility Agreement or make, fund or allow to remain outstanding all or any of the Issuer/Borrower Loan made by it under the Issuer/Borrower Facility Agreement,

then the Issuer shall, if the same would avoid the effect of the relevant event described in sub-paragraph (1) or (2) above, appoint a Paying Agent in another jurisdiction or use its reasonable endeavours to arrange the substitution of a company incorporated and/or tax resident in another jurisdiction approved in writing by the Note Trustee as principal debtor under the Notes and as lender of the Issuer/Borrower Loan under the Issuer/Borrower Facility Agreement, provided that, in respect of the substitution of the Issuer, the conditions for substitution of the Issuer as referred to in Condition 12.11 (Meetings of Noteholders, Modification and Waiver – Substitution) have been satisfied.

- (B) Subject to Condition 6.3(D) below, if the Issuer satisfies the Note Trustee immediately before giving the notice referred to below that:
  - (1) one or more of the events described in Condition 6.3(A)(1) or 6.3(A)(2) above is continuing;
  - (2) the appointment of a Paying Agent or a substitution as referred to above would not avoid the effect of the relevant event or that, having used its reasonable endeavours, the Issuer is unable to arrange such a substitution; and
  - (3) in the case of Condition 6.3(A)(2) only, the Issuer has notified the Borrower that the commitment of the Issuer under the Issuer/Borrower Facility Agreement is cancelled thereby obliging the Borrower to prepay the Issuer/Borrower Loan,

then the Issuer may, provided that an Issuer Acceleration Notice has not been delivered, on any Interest Payment Date thereafter and having given not less than five days' written notice (or, in the case of an event described in sub-paragraph (2) above, such shorter period expiring on or before the latest date permitted by relevant law) to the Noteholders in accordance with Condition 15 (*Notice to Noteholders*) and to the Note Trustee (copied to the Rating Agencies), redeem all, but not some only, of the Notes at their Principal Amount Outstanding together with accrued but unpaid interest on the Principal Amount Outstanding up to (but excluding) such date (without any premium).

(C) Prior to the publication of any notice of redemption pursuant to this Condition 6.3 (Optional redemption for taxation reasons) the Issuer shall deliver to the Note Trustee a certificate signed by two directors of the Issuer stating that (i) one or more of the events described in Condition 6.3(A)(1) or (2) above is continuing and that the appointment of a Paying Agent or a substitution as referred to above would not avoid the effect of the relevant event or that, having used its reasonable endeavours, the Issuer is unable to arrange such a substitution; and (ii) the Issuer has or will have the necessary funds to pay all principal and interest due in respect of the Notes on

the relevant Interest Payment Date and to discharge all other amounts required to be paid by it on the relevant Interest Payment Date.

(D) Any certificate given by or on behalf of the Issuer under this Condition 6.3 (*Optional redemption for taxation reasons*) may be relied on by the Note Trustee without investigation and without liability to any other person and shall be conclusive and binding on the Noteholders and the other Issuer Secured Creditors.

#### 6.4 Principal Amount Outstanding

The "Principal Amount Outstanding" of a Note on any date shall be its original principal amount less the aggregate amount of all principal payments made in respect of such Note which have previously been paid in respect of such Note since the Closing Date except if and to the extent that any such payment has been improperly withheld or refused.

# 6.5 Notice of redemption

Any such notice as is referred to in Condition 6.2 (*Redemption upon repayment or prepayment of the Issuer/Borrower Loan*) or Condition 6.3 (*Optional redemption for taxation reasons*) above shall be irrevocable and, upon the expiry of such notice, the Issuer shall be bound to redeem the relevant Notes at the applicable amounts specified above.

#### 6.6 Purchases

To the extent it is permitted to do so pursuant to the provisions of the Issuer/Borrower Facility Agreement, an Obligor may purchase any Note. Any Note which is purchased by an Obligor will, in accordance with the Issuer/Borrower Facility Agreement or the Intra-Group Agreement (as the case may be), be surrendered by the Obligor to the Issuer. The Issuer will not be permitted to purchase any of the Notes.

## 6.7 **Cancellation**

All Notes redeemed by the Issuer in full in accordance with Condition 6.2 (*Redemption upon repayment or prepayment of the Issuer/Borrower Loan*) or Condition 6.3 (*Optional redemption for taxation reasons*) and any Notes purchased by an Obligor and surrendered by that Obligor to the Issuer in accordance with Condition 6.6 (*Purchases*) will be cancelled by the Principal Paying Agent upon such redemption or surrender and may not be resold or re-issued.

# 7. **Taxation**

All payments in respect of the Notes by or on behalf of the Issuer shall be made free and clear of, and without withholding or deduction for, or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature ("Taxes"), unless the withholding or deduction of the Taxes is required by applicable law. In that event, the Issuer or, as the case may be, the relevant Paying Agent shall make such payment after the withholding or deduction has been made and shall account to the relevant authorities for the amount required to be withheld or deducted. Neither the Issuer nor any Paying Agent shall be obliged to make any additional payments to the Noteholders in respect of such withholding or deduction.

Payments by the Issuer in respect of the Notes will be subject in all cases to any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the "Code") or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof, or any law implementing an intergovernmental approach thereto.

#### 8. **Prescription**

Claims in respect of principal, premium and interest on the Notes will be prescribed after 10 years (in the case of principal and premium) and five years (in the case of interest) from the Relevant Date in respect of the relevant payment.

In this Condition 8 (*Prescription*), the "**Relevant Date**", in respect of a payment, is the date on which such payment first becomes due or (if the full amount of the moneys payable on that date has not been duly received by the Principal Paying Agent or the Note Trustee on or prior to such date) the date on which, the full amount of such moneys having been received, notice to that effect is duly given to the relevant Noteholders in accordance with Condition 15 (*Notice to Noteholders*).

## 9. **Issuer Events of Default**

#### 9.1 Issuer Events of Default

The Note Trustee at its absolute discretion and without notice may, and if so directed in writing by the holders of at least one-fifth in aggregate Principal Amount Outstanding of any Notes then outstanding or if so directed by an Extraordinary Resolution of the Noteholders shall (subject, in each case, to being indemnified and/or secured and/or pre-funded to its satisfaction), give notice (an "Issuer Acceleration Notice") to the Issuer and the Issuer Security Trustee (copied to the Rating Agencies) that the Notes are immediately due and repayable at their respective Principal Amount Outstanding, together with accrued interest as provided in the Note Trust Deed, in any of the following (but, in the case of the happening of any of the events described in paragraphs (B) to (F) below, only if the Note Trustee shall have certified in writing to the Issuer that such event is, in its opinion, materially prejudicial to the interests of the holders of the Notes then outstanding) events (each, an "Issuer Event of Default") subject to Condition 9.3 (Restriction):

- if default is made in the payment of any principal, premium or interest due in respect of the Notes or any of them and the default continues for a period of five Business Days; or
- (B) if the Issuer fails to perform or observe any of its other obligations under the Conditions or any Issuer Transaction Document and (other than in respect of paragraph (A) above and, except in any case where the Note Trustee or, in the case of the Issuer Deed of Charge, the Issuer Security Trustee considers the failure to be incapable of remedy, when no continuation or notice as is hereinafter mentioned will be required) the failure continues for a period of 20 Business Days (or such longer period as the Note Trustee or, as applicable, the Issuer Security Trustee may permit) following the service by the Note Trustee or, as the case may be, the Issuer Security Trustee on the Issuer of notice requiring the same to be remedied; or
- (C) if any order is made by any competent court or any resolution is passed for the winding up or dissolution of the Issuer, save for the purposes of reorganisation on terms approved in writing by the Note Trustee or by Extraordinary Resolutions of the Noteholders; or
- (D) if the Issuer ceases or threatens to cease to carry on the whole or a substantial part of its business, save for the purposes of reorganisation on terms approved in writing by the Note Trustee or by Extraordinary Resolutions of the Noteholders, or the Issuer stops or threatens to stop payment of, or is unable to, or admits inability to, pay, its debts (or any class of its debts) as they fall due or the value of its assets falls to less than the amount of its liabilities (taking into account its contingent and prospective liabilities) or is (in the opinion of the Note Trustee) deemed unable to pay its debts pursuant to or for the purposes of any applicable law or is adjudicated or found bankrupt or insolvent; or

- (E) if: (i) proceedings are initiated against the Issuer under any applicable liquidation, insolvency, composition, reorganisation or other similar laws (including, but not limited to, application to the court for an administration order, the filing of documents with the court for the appointment of an administrator or the service of a notice of intention to appoint an administrator) or an administration order is granted or the appointment of an administrator takes effect or an administrative or other receiver, manager or other similar official is appointed, in relation to the Issuer or in relation to the whole or any part of the undertaking or assets of the Issuer or an encumbrancer takes possession of the whole or any part of the undertaking or assets of the Issuer, or a distress, execution, attachment, sequestration, diligence or other process is levied, enforced upon, sued out or put in force against the whole or any part of the undertaking or assets of the Issuer; and (ii) in the case of any such possession or any such last-mentioned process, unless initiated by the Issuer, is not discharged or otherwise ceases to apply within 14 days; or
- (F) if the Issuer (or its directors or shareholders) initiates or consents to judicial proceedings relating to itself under any applicable liquidation, insolvency, composition, reorganisation or other similar laws or makes a conveyance or assignment for the benefit of, or enters into any composition or other arrangement with, its creditors generally (or any class of its creditors) or takes steps with a view to obtaining a moratorium in respect of any of its indebtedness or any meeting is convened to consider a proposal for an arrangement or composition with its creditors generally (or any class of its creditors); or
- (G) it is or will become unlawful for the Issuer to perform or comply with any of its obligations under or in respect of the Notes or any of the Issuer Transaction Documents.

#### 9.2 General

Upon the service of an Issuer Acceleration Notice by the Note Trustee in accordance with Condition 9.1 (*Issuer Events of Default*) above, the Notes then outstanding shall thereby immediately become due and repayable at their Principal Amount Outstanding, together with accrued interest as provided in the Note Trust Deed. The security constituted by the Issuer Deed of Charge will become enforceable upon the occurrence of an Issuer Event of Default.

#### 9.3 **Restriction**

Except in the case of an Issuer Event of Default referred to in Condition 9.1(A) (Issuer Events of Default), the Issuer Security Trustee will not be entitled to dispose of any of the assets comprised in the security constituted by the Issuer Deed of Charge unless either (i) a sufficient amount would be realised from such disposal to allow discharge in full of all amounts owing to the Noteholders and any amount required under the Issuer Deed of Charge to be paid pari passu with, or in priority to, the Notes, (ii) the Issuer Security Trustee is of the opinion, which shall be binding on the Noteholders, reached after considering at any time and from time the advice of such professional advisers as are selected by the Issuer Security Trustee, upon which the Issuer Security Trustee shall be entitled to rely, that the cashflow prospectively receivable by the Issuer will not (or that there is a significant risk that it will not) be sufficient, having regard to any other actual, contingent or prospective liabilities of the Issuer, to discharge in full in due course all amounts owing to the Noteholders and any amounts required under the Issuer Deed of Charge to be paid pari passu with, or in priority to, the Notes or (iii) a sufficient amount would not be so realised, but the resulting shortfall would be less than the shortfall that would result from not disposing of such assets.

## 10. **Enforcement**

The Note Trustee may, at any time, at its discretion and without notice, take such proceedings, action or steps under or in connection with any of the Issuer Transaction Documents as it may think fit (including, without limitation, directing the Issuer Security Trustee to take any action under or in connection with any of the Issuer Transaction Documents or, after the occurrence of an Issuer Event of Default, to deliver an Issuer Enforcement Notice to the Issuer and to take steps to enforce the security constituted by the Issuer Deed of Charge), provided that:

- (A) the Note Trustee shall not be bound to take any such proceedings, action or steps (or give any such instruction to the Issuer Security Trustee to do so) unless it shall have been (i) so directed by an Extraordinary Resolution of the Noteholders or (ii) so directed in writing by the holders of at least one-fifth in aggregate Principal Amount Outstanding of the Notes:
- (B) the Issuer Security Trustee shall not, and shall not be bound to, take any such proceedings, action or steps unless it shall have been so directed by (i) the Note Trustee or (ii) if there are no Notes outstanding, all of the other Issuer Secured Creditors;
- (C) neither the Note Trustee nor the Issuer Security Trustee shall be bound to take any such proceedings, action or steps unless it shall have been indemnified and/or secured and/or pre-funded to its satisfaction; and
- (D) the Note Trustee shall not be entitled to take any steps or proceedings to procure the winding-up, administration or liquidation of the Issuer.

Notwithstanding the foregoing, the Issuer Deed of Charge provides that the Issuer Security Trustee shall enforce the Issuer Security by appointing an Administrative Receiver in respect of the Issuer if it has actual notice of (i) an application for the appointment of an administrator in respect of the Issuer or (ii) the giving of a notice of intention to appoint an administrator in respect of the Issuer, such appointment of an Administrative Receiver to take effect not later than the final day by which the appointment must be made in order to prevent an administration proceeding.

The Issuer Deed of Charge further provides that (i) the Issuer Security Trustee will not be liable for any failure to appoint an Administrative Receiver in respect of the Issuer, save in the case of its own gross negligence, wilful default or fraud and (ii) in the event that the Issuer Security Trustee appoints an administrative receiver in respect of the Issuer under the Issuer Deed of Charge in the circumstances set out in the paragraph above, then the Issuer shall waive all claims against the Issuer Security Trustee in respect of the appointment of the Administrative Receiver.

No Noteholder shall be entitled to proceed directly against the Issuer or any other party to any of the Issuer Transaction Documents to enforce the performance of any of the provisions of the Issuer Transaction Documents and/or to take any other proceedings (including lodging an appeal in any proceedings) in respect of or concerning the Issuer unless the Note Trustee or, as the case may be, the Issuer Security Trustee, having become bound so to do, fails to do so within a reasonable period and such failure shall be continuing, provided that no Noteholder shall be entitled at any time to take any steps or proceedings to procure the winding-up, administration or liquidation of the Issuer or to take any action which would result in the Issuer Payment Priorities not being observed. The Issuer Security Trustee will not be required to enforce the Issuer Security at the request of any Issuer Secured Creditor other than the Note Trustee (or, in the circumstances described in this paragraph, the Noteholders).

Notwithstanding any other Condition or any provision of any Issuer Transaction Document, all obligations of the Issuer to the Noteholders are limited in recourse to the property, assets and undertakings of the Issuer which are the subject of the security created by the Issuer Deed of Charge (the "Issuer Charged Assets"). If:

- (A) there are no Issuer Charged Assets remaining which are capable of being realised or otherwise converted into cash;
- (B) all amounts available from the Issuer Charged Assets have been applied to meet or provide for the relevant obligations specified in, and in accordance with, the provisions of the Issuer Deed of Charge; and
- (C) there are insufficient amounts available from the Issuer Charged Assets to pay in full, in accordance with the provisions of the Issuer Deed of Charge, amounts outstanding under the Notes (including payments of principal, premium (if any) and interest),

then the Noteholders shall have no further claim against the Issuer in respect of any amounts owing to them which remain unpaid (including, for the avoidance of doubt, payments of principal, premium (if any) and/or interest in respect of the Notes) and such unpaid amounts shall be deemed to be discharged in full and any relevant payment rights shall be deemed to cease.

## 11. Note Maturity Plan

- Without prejudice to any Note Maturity Plan that is approved, if either (a) an Obligor Event 11.1 of Default has occurred and is continuing unremedied and unwaived on any date which is 6 months or more after the date of occurrence of that Obligor Event of Default; or (b) any part of the Issuer/Borrower Loan remains outstanding immediately following the close of business on the Loan Maturity Date (such date the "Amortisation Trigger Date"), the Special Servicer will implement a plan to dispose of (or procure or instruct the disposal of (including by way of the procurement or instruction of any Insolvency Official to the extent permitted by law)) sufficient Properties (at not less than the Relevant Amount in respect of each such Property (save where there is a simultaneous disposal of all the Properties)) in each 12 month period following the Amortisation Trigger Date which will result in the amortisation of the Issuer/Borrower Loan by an amount, in each such 12 month period falling after the Amortisation Trigger Date, which is equal to at least 10% of the amount of the Issuer/Borrower Loan immediately following the close of business on the Amortisation Trigger Date (provided that (save where there is a simultaneous disposal of all the Properties) if a price of equal to or greater than the Allocated Loan Amount in respect of any Property cannot be achieved in respect of any such disposal, there will be no requirement to make such disposal).
- 11.2 If (a) any part of the Issuer/Borrower Loan remains outstanding twelve months prior to the Final Maturity Date (the "Note Maturity Plan Trigger Date") and (b) in the opinion of the Special Servicer, all recoveries then anticipated by the Special Servicer with respect to the Issuer/Borrower Loan (whether by enforcement of the related Transaction Obligor Security or otherwise) are unlikely to be realised in full prior to the Final Maturity Date, the Special Servicer will be required to prepare a draft selection of proposals (the "Note Maturity Plan") and present the same to the Issuer, the Note Trustee and the Issuer Security Trustee no later than 45 days after the Note Maturity Plan Trigger Date. At least one proposal provided by the Special Servicer must be that the Issuer Security Trustee, at the cost of the Issuer, will engage an independent financial or legal expert or receiver to advise the Issuer Security Trustee as to the enforcement of the Issuer Security. The Issuer, with the assistance of and on the direction of the Special Servicer, will publish the Note Maturity Plan with the Regulatory Information Service.
- 11.3 Upon receipt of the draft Note Maturity Plan, the Issuer will publish a draft of the Note Maturity Plan in accordance with Condition 15 (*Notice to Noteholders*) and will convene a meeting of the Noteholders at which the Noteholders will have the opportunity to discuss the various proposals contained in the draft Note Maturity Plan with the Special Servicer. Following such meeting, the Special Servicer shall reconsider the Note Maturity Plan and make modifications thereto to address the views of the Noteholders (subject to the Servicing Standard) following which it shall promptly (x) provide a final Note Maturity Plan to the

Issuer, the Rating Agencies, the Note Trustee and the Issuer Security Trustee and (y) request that the Issuer provide the Noteholders with a final Note Maturity Plan.

11.4 Upon receipt of the final Note Maturity Plan, the Issuer will convene a meeting of the Noteholders to select their preferred option among the proposals set out in the final Note Maturity Plan. If a proposal in the final Note Maturity Plan receives the approval of the Noteholders by way of Ordinary Resolution at such meeting, then such proposal will be implemented by the Special Servicer, irrespective of whether it results in a Basic Terms Modification or relates to an Entrenched Right and shall have no liability to any person for seeking to implement and subsequently implementing such proposal with no regard to the Servicing Standard, However, the Special Servicer shall not be required to implement any such proposal (i) if to do so would cause it to breach any applicable law or regulation and (ii) until it has been indemnified and/or secured and/or prefunded to its satisfaction. If no proposal in the final Note Maturity Plan receives the approval of the Noteholders by way of Ordinary Resolution at such meeting, then the Note Trustee will be deemed to be directed by all the Noteholders to instruct the Issuer Security Trustee to appoint a receiver (to the extent applicable) to realise the Issuer Security in accordance with the Issuer Deed of Charge as soon as practicable upon such right becoming exercisable provided that the Issuer Security Trustee will have no obligation to do so if it shall not have been indemnified and/or secured and/or pre-funded to its satisfaction.

### 12. <u>Meetings of Noteholders, Modification and Waiver</u>

- 12.1 For the purposes of this Condition 12 (*Meetings of Noteholders, Modification and Waiver*), and any other Condition herein relating to the votes of Noteholders, the Principal Amount Outstanding of the Notes held by the Issuer or any Obligor, any Holding Company of any of them or any other Subsidiary of any such Holding Company, or NHG or any other member of the Group, will not be included in determining whether any quorum or vote has been met and such Notes shall not be considered to be 'outstanding' as defined in the Note Trust Deed, unless 100 per cent. of all Notes then outstanding are held by or on behalf of or for the benefit of NHG or any member of the NHG Group, in which case, such disenfranchisement provisions will not apply to NHG or any such member of the NHG Group as applicable. Such entities may, however, attend any meetings of the Noteholders to consider any matter affecting their interests.
- 12.2 The Note Trust Deed contains provisions for convening meetings of the Noteholders to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution of a modification of the Conditions or the provisions of any of the Issuer Transaction Documents.
- 12.3 An Extraordinary Resolution passed at any meeting of the Noteholders shall be binding on the Noteholders irrespective of the effect upon them. Notice of the result of the voting on any resolution duly considered by the Noteholders shall be published in accordance with Condition 15 (*Notice to Noteholders*) by the Issuer within 14 days of such result being known, provided that the non-publication of such notice shall not invalidate such result.
- 12.4 Subject as provided below, the quorum at any meeting of Noteholders for passing an Extraordinary Resolution will be one or more persons entitled to attend and vote present holding or representing in aggregate not less than 50 per cent. of the Principal Amount Outstanding of the Notes for the time being outstanding, or, at any adjourned meeting, one or more persons present holding or representing a Noteholder, whatever the Principal Amount Outstanding of the Notes for the time being outstanding in aggregate held or represented by it or them.
- 12.5 The quorum at any meeting of Noteholders for passing an Extraordinary Resolution to sanction a modification of the date of maturity of any Notes or which would have the effect of:

- (A) postponing any day for payment of interest thereon;
- (B) changing the amount of principal or the rate of interest or Early Repayment Amount payable in respect of such Notes;
- (C) altering the method of calculating the amount of any payment (including any Early Repayment Amount) in respect of the Notes or any of them on redemption or at maturity;
- (D) releasing or substituting the security created by the Issuer Deed of Charge or any part thereof except in accordance with the Issuer Transaction Documents;
- (E) altering the currency of payment of such Notes;
- (F) altering the priority of payment of interest, principal or premium (if any) in respect of the Notes or any of them;
- (G) altering the quorum or majority required in relation to this exception; or
- (H) sanctioning any scheme or proposal for the exchange or sale of the Notes and/or Coupons for or the conversion of the Notes and/or Coupons into or the cancellation of the Notes in consideration of shares, stock, notes, bonds, debentures, debenture stock and/or other obligations and/or securities of the Issuer or any other company formed or to be formed, or for or into or in consideration of cash, or partly for or into or in consideration of such shares, stock, notes, bonds, debentures, debenture stock and/or other obligations and/or securities as aforesaid and partly for or into or in consideration of cash,

(each, a "Basic Terms Modification") shall be one or more persons entitled to attend and vote present holding or representing in aggregate not less than 75 per cent. of the Principal Amount Outstanding of the Notes for the time being outstanding or, at any adjourned meeting, one or more persons present holding or representing in aggregate not less than 25 per cent. of the aggregate Principal Amount Outstanding of the Notes for the time being outstanding.

- 12.6 The Note Trustee may, subject to any Issuer Secured Creditor Entrenched Rights or the provisions of the STID as provided below, without the consent or sanction of the Noteholders and/or the Couponholders or any of the other Issuer Secured Creditors (other than any Issuer Secured Creditor which is a party to the relevant Issuer Transaction Documents (subject as provided in the STID in relation to any Common Document or the Tax Deed of Covenant)), at any time and from time to time, concur with the Issuer or any other person, in making any modification to:
  - (A) (other than a Basic Terms Modification (which shall not include any modification made pursuant to Condition 12.6(B))) the Notes and/or the Coupons, the Conditions, the Note Trust Deed, the Issuer Deed of Charge and/or any other Issuer Transaction Document (subject as provided in the STID in relation to any Issuer Transaction Documents which are Common Documents or the Tax Deed of Covenant) or to any other document to which it or the Issuer Security Trustee is a party or over which the Issuer Security Trustee holds security, or give its consent to any event, matter or thing or direct the Issuer Security Trustee to do so, if (i) in the opinion of the Note Trustee it is proper to make or give, provided that the Note Trustee is of the opinion that such modification or consent will not be materially prejudicial to the interests of the Noteholders and/or the Couponholders (for so long as any of the Notes remain outstanding) and (ii) in relation to any modification or consent which is required or permitted, subject to the satisfaction of specified conditions under the terms of the Conditions, the Note Trust Deed, the Issuer Deed of Charge and/or the other Issuer

Transaction Documents, as the case may be, provided such conditions are satisfied; and

(B) the Notes and/or the Coupons, the Conditions, the Note Trust Deed, the Issuer Deed of Charge and/or the other Issuer Transaction Documents (subject as provided in the STID in relation to any Issuer Transaction Documents which are Common Documents or the Tax Deed of Covenant), or to any other document to which it or the Issuer Security Trustee is a party or over which the Issuer Security Trustee holds security, if in the opinion of the Note Trustee such modification is to correct a manifest error or is of a formal, minor or technical nature,

provided that to the extent such modification relates to an Issuer Secured Creditor Entrenched Right, each of the Affected Issuer Secured Creditors has given its prior written approval or consent to such modification or consent in accordance with the provisions of the Issuer Deed of Charge or, where any Noteholders are the Affected Issuer Secured Creditor and the modification relates to an Issuer Secured Creditor Entrenched Right, the Noteholders affected thereby have approved or consented to such modification or consent in accordance with the provisions of the Note Trust Deed.

- 12.7 The Note Trustee may, subject to any Issuer Secured Creditor Entrenched Rights as provided below, in its sole discretion, without the consent or sanction of the Noteholders and/or the Couponholders or any other Issuer Secured Creditor from time to time and at any time (subject as provided below) and without prejudice to its rights in respect of any subsequent breach, Issuer Event of Default, Potential Issuer Event of Default, Obligor Event of Default or Potential Obligor Event of Default (but only if and insofar as in its opinion the interests of the holders of the Notes then outstanding shall not be materially prejudiced thereby), on such terms and subject to such conditions as to it shall seem expedient, waive or authorise or direct the Issuer Security Trustee to waive or authorise any breach or proposed breach by the Issuer or any other person of any of the covenants or provisions contained in the Conditions, the Note Trust Deed or the other Issuer Transaction Documents (subject as provided in the STID in relation to any Common Document or the Tax Deed of Covenant) and to the terms of the Note Trust Deed (and, in respect of it directing the Issuer Security Trustee, the Issuer Deed of Charge) or to any other document to which it or the Issuer Security Trustee is a party or over which the Issuer Security Trustee holds security, or determine that any event which would otherwise constitute an Issuer Event of Default shall not be treated as such for the purposes of the Note Trust Deed, provided that the Note Trustee shall not exercise such powers in contravention of any express direction given by Extraordinary Resolution or a direction under Condition 9 (Issuer Events of Default) but so that no such direction or request shall affect any waiver, authorisation or determination previously given or made or so as to authorise or waive any such proposed breach or breach relating to any Basic Terms Modification unless the Noteholders have, by Extraordinary Resolution so authorised its exercise and provided further that to the extent such waiver. authorisation or direction relates to an Issuer Secured Creditor Entrenched Right, each of the Affected Issuer Secured Creditors have given their approval or consent in writing in accordance with the provisions of the Issuer Deed of Charge or, where any Noteholders are Affected Issuer Secured Creditors, the Noteholders affected thereby have approved or consented to such waiver, authorisation or direction in accordance with the provisions of the Note Trust Deed.
- 12.8 Any modification, waiver, authorisation or determination pursuant to Conditions 12.6 and 12.7 shall be binding on the Note Trustee, the Noteholders and Couponholders and the other Issuer Secured Creditors and, unless the Note Trustee agrees otherwise, any such modification, waiver, authorisation or determination shall be notified by the Issuer to the Noteholders as soon as practicable thereafter in accordance with Condition 15 (*Notice to Noteholders*).

- 12.9 Notwithstanding the provisions of Conditions 12.6 and 12.7 and the equivalent provisions set out in Clause 23.1 of the Note Trust Deed and Clause 13.1 of the Issuer Deed of Charge, the Note Trustee shall be obliged to, without the consent or sanction of any of the Noteholders and/or the Couponholders and (subject as provided below) any other Issuer Secured Creditor, concur with the Issuer, and/or direct the Issuer Security Trustee to concur with the Issuer, in making any modification to the Notes and/or the Coupons, the Conditions, the Note Trust Deed, the Issuer Deed of Charge and/or the other Issuer Transaction Documents or giving its consent to any event, matter or thing that is requested by the Issuer in writing in order to comply with any criteria of the Rating Agencies which may be published after the Closing Date and which modification(s) or consent(s) the Issuer certifies (upon which certificate the Note Trustee and the Issuer Security Trustee (as applicable) may rely absolutely without liability or enquiry) (such certificate a "Modification Certificate") to the Note Trustee and/or the Issuer Security Trustee (as applicable) in writing are required to comply with such criteria and to avoid a downgrade, withdrawal or suspension of the then current ratings assigned by a Rating Agency to the Notes by reflecting such criteria, provided that:
  - (A) at least 30 calendar days' prior written notice of any such proposed modification has been given to the Note Trustee and the Issuer Security Trustee;
  - (B) the Modification Certificate shall be provided to the Note Trustee and/or the Issuer Security Trustee both at the time the Note Trustee and/or the Issuer Security Trustee is notified of the proposed modification and on the date that such modification takes effect;
  - (C) the prior written consent of each other party to any relevant Issuer Transaction Document to which such modification is applicable has been obtained;
  - (D) the Issuer obtains from each of the Rating Agencies a Ratings Confirmation;
  - (E) the Issuer has provided at least 30 calendar days' notice to the Noteholders of the proposed modification in accordance with Condition 15 (*Notice to Noteholders*) and by publication on Bloomberg on the "Company News" screen relating to the Notes;
  - (F) Noteholders representing at least 10 per cent. of the aggregate Principal Amount Outstanding of the Notes then outstanding have not contacted the Principal Paying Agent or the Issuer in writing (or otherwise in accordance with the then current practice of any applicable clearing system through which such Notes may be held) within such 30 calendar day notification period notifying the Principal Paying Agent or the Issuer that such Noteholders object to the modification; and
  - (G) in relation to any Issuer Transaction Document which is a Common Document (with the exception of the MDA to the extent that the modification relates to a definition in such Issuer Transaction Document) and the Tax Deed of Covenant, the provisions of the STID relating to modifications thereto shall apply.

If Noteholders representing at least 10 per cent. of the aggregate Principal Amount Outstanding of the Notes then outstanding have notified the Principal Paying Agent or the Issuer in writing (or otherwise in accordance with the then current practice of any applicable clearing system through which such Notes may be held) within the 30 calendar day notification period referred to above that they object to the modification, then such modification will not be made unless an Extraordinary Resolution of the Noteholders is passed in favour of such modification in accordance with this Condition 12.

The Note Trustee and/or the Issuer Security Trustee (as applicable) shall not be obliged to agree to any modification which, in the sole opinion of the Note Trustee and/or the Issuer Security Trustee (as applicable) would have the effect of (i) exposing the Note Trustee or

the Issuer Security Trustee (as applicable) to any liability against which it has not been indemnified and/or secured and/or prefunded to its satisfaction or (ii) adding to or increasing the obligations, liabilities or duties, or decreasing the protections, of the Note Trustee or the Issuer Security Trustee (as applicable) in respect of the Issuer Transaction Documents and/or the Conditions.

Objections made in writing other than through the applicable clearing system must be accompanied by evidence to the Note Trustee's satisfaction (having regard to prevailing market practices) of the relevant Noteholder's holding of the Notes.

Where such Noteholders have not so notified the Principal Paying Agent or Issuer of such objection, or an Extraordinary Resolution of the Noteholders is passed in favour of such modification in accordance with this Condition 12, then the Note Trustee shall be obliged to agree to the modification and to direct the Issuer Security Trustee accordingly.

When implementing any modification pursuant to this Condition 12.8 (save to the extent the Note Trustee considers that the proposed modification would constitute a Basic Terms Modification), the Note Trustee and the Issuer Security Trustee shall not consider the interests of the Noteholders or any other Issuer Secured Creditor or any other person and shall act and rely solely and without investigation on any certificate or evidence provided to it by the Issuer pursuant to this Condition 12.8 and shall not be liable to the Noteholders, any other Issuer Secured Creditor or any other person for so acting or relying, irrespective of whether any such modification is or may be materially prejudicial to the interests of any such person.

Any such modification shall be binding on all Noteholders and shall be notified by the Issuer as soon as reasonably practicable to:

- (A) so long as any of the Notes rated by the Rating Agencies remains outstanding, each Rating Agency;
- (B) the Issuer Secured Creditors; and
- (C) the Noteholders in accordance with Condition 15 (*Notice to Noteholders*).

Any modification made pursuant to Condition 12.6(B) shall not be a Basic Terms Modification.

Neither the Note Trustee nor the Issuer shall be responsible or liable in damages or otherwise to any person or party for any loss incurred by reason of the Note Trustee and/or the Issuer Security Trustee consenting to or concurring in such amendments, replacements and modifications made in accordance with this Condition 12.

12.10 Any such modification, waiver, authorisation or determination may be made on such terms and subject to such conditions (if any) as the Note Trustee may determine, shall be binding on the Noteholders and/or the Couponholders and, unless the Note Trustee agrees otherwise, shall be notified by the Issuer to the Noteholders and/or Couponholders as soon as practicable thereafter in accordance with Condition 15 (*Notice to Noteholders*) (copied to the Rating Agencies in the case of any modification).

# 12.11 **Substitution**

In connection with any such substitution of the Issuer as principal debtor under the Notes as referred to in Condition 6.3 (*Optional redemption for taxation reasons*), the Note Trustee may also agree without the consent of the Noteholders to a change of the law governing the Notes and/or the Coupons and/or any of the Issuer Transaction Documents provided that such change would not, in the opinion of the Note Trustee, be materially prejudicial to the

interests of the Noteholders and provided further that the conditions to such substitution as set out in the Note Trust Deed are met.

#### 12.12 STID Matters

The Note Trustee shall not be bound to take, or to give any direction to the Obligor Security Trustee to take, any actions, proceedings and/or other steps in relation to the STID unless:

- (A) (in relation to all voting or direction matters (except those involving Entrenched Rights where any Noteholder and/or Couponholder is an Affected Issuer Secured Creditor) pursuant to the STID) directed to do so in accordance with the provisions set out in Schedule 3 (*Provisions for Meetings of Noteholders*) of the Note Trust Deed:
- (B) (in relation to matters pertaining to Entrenched Rights (where any Noteholder and/or Couponholder is an Affected Issuer Secured Creditor) pursuant to the STID) directed to do so in accordance with the provisions set out in Schedule 3 (*Provisions for Meetings of Noteholders*) of the Note Trust Deed; and
- (C) only if it shall be indemnified and/or secured to its satisfaction against all Liabilities to which it may render itself liable or which it may incur by so doing and, for this purpose, the Note Trustee may demand, prior to taking any such action, that there be paid to it in advance such sums as it considers (without prejudice to any further demand) shall be sufficient so to indemnify it.

The Note Trustee shall be entitled to assume that any instruction, consent or certificate received by it from the Obligor Security Trustee, which purports to have been given pursuant to the STID, has been given in accordance with its terms and shall not incur or be responsible for any Liability in making such assumption. The Note Trustee shall be entitled to assume that any such instructions, consents or certificates are authentic and have been properly given in accordance with the terms of the STID. If the Obligor Security Trustee, in issuing or giving any such instruction, consent or certificate breaches any rights or restrictions set out in the Note Trust Deed, the STID or any other Issuer Transaction Document, this shall not invalidate such instruction, consent or certificate unless the Obligor Security Trustee notifies the Note Trustee in writing before the Note Trustee commences to act on such instruction, consent or certificate that such instruction, consent or certificate is invalid and should not be acted on. If the Note Trustee is so notified after it has commenced to act on such instruction, consent or certificate, the validity of any action taken shall not be affected but the Note Trustee shall take no further action in accordance with such instruction, consent or certificate, except to the extent that it has become legally obliged to do so.

#### 12.13 Directions and requests

The Note Trustee shall not be obliged to comply with any direction or request of any Noteholder or group of Noteholders to do any act or thing which would or may, in the opinion of the Note Trustee, be illegal, contrary to any requirement or request of any fiscal or monetary or other governmental authority or in breach of any contract, treaty, agreement or Issuer Transaction Document the terms of which bind the Note Trustee but shall notify such Noteholder or group of Noteholders promptly if it does not intend to comply with any such direction or request, stating the reasons therefor.

#### 12.14 Trustee powers

The Note Trustee shall be entitled to take into account, for the purpose of exercising or performing any right, power, trust, authority, duty or discretion under or in relation to the Conditions, the Note Trust Deed or any of the other Issuer Transaction Documents (including, without limitation, any consent, approval, modification, waiver, authorisation,

determination or substitution as referred to above), among other things, to the extent that it considers, in its sole and absolute discretion, it is necessary and/or appropriate and/or relevant, any written or verbal confirmation by any Rating Agency (whether or not such confirmation is addressed to, or provides that it may be relied upon by, the Note Trustee and irrespective of the method by which such confirmation is conveyed) (a) that the then current rating by it of the Notes and/or Coupons would not be downgraded, withdrawn, reduced, adversely affected or qualified by such exercise or performance and/or (b) if the original rating of the Notes and/or Coupons has been downgraded previously, that such exercise or performance will not prevent the restoration of such original rating of the Notes (a "Ratings Confirmation"). For the avoidance of doubt, any such confirmation by any Rating Agency or non-receipt of such confirmation shall, however, not be construed to mean that any such action or inaction (or contemplated action or inaction) or such exercise (or contemplated exercise) by the Note Trustee of any right, power, trust, authority, duty or discretion under or in relation to the Notes and/or Coupons, the Conditions or any of the Issuer Transaction Documents is not materially prejudicial to the interests of the Noteholders.

If there is only one Rating Agency and a Ratings Confirmation or other response by that Rating Agency is a condition to any action or step under any Issuer Transaction Document and a written request for such Ratings Confirmation or response is delivered to such Rating Agency by or on behalf of the Issuer (copied to the Note Trustee and the Issuer Security Trustee, as applicable) and:

- (A) such Rating Agency (the "Non-Responsive Rating Agency") indicates that it does not consider such Ratings Confirmation or response necessary in the circumstances or that it does not, as a matter of practice or policy, provide such Ratings Confirmation or response; or
- (B) within 30 days of delivery of such request, no Ratings Confirmation or response is received and such request elicits no statement by such Rating Agency that such Ratings Confirmation or response could not be given; and

then such condition to receive a Ratings Confirmation or response from such Rating Agency shall be modified so that there shall be no requirement for the Ratings Confirmation or response from the Non-Responsive Rating Agency if the Issuer provides to the Note Trustee and the Issuer Security Trustee a certificate signed by a director certifying and confirming that either of the events in paragraphs (A) or (B) above has occurred and the Note Trustee and the Issuer Security Trustee shall be entitled to rely on such certificate without further enquiry or liability.

If at any time there is more than one Rating Agency and a Ratings Confirmation or other response by each Rating Agency is a condition to any action or step under any Issuer Transaction Document and a written request for such Ratings Confirmation or response is delivered to each Rating Agency by or on behalf of the Issuer (copied to the Note Trustee and the Issuer Security Trustee, as applicable) and:

- (i) (A) one Rating Agency (such Rating Agency, a "Non-Responsive Rating Agency") indicates that it does not consider such Ratings Confirmation or response necessary in the circumstances or that it does not, as a matter of practice or policy, provide such Ratings Confirmation or response or (B) within 30 days of delivery of such request, no Ratings Confirmation or response is received and such request elicits no statement by such Rating Agency that such Ratings Confirmation or response could not be given; and
- (ii) one Rating Agency gives such Ratings Confirmation or response based on the same facts,

then such condition to receive a Ratings Confirmation or response from each Rating Agency shall be modified so that there shall be no requirement for the Ratings Confirmation or response from a Non-Responsive Rating Agency if the Issuer provides to the Note Trustee and the Issuer Security Trustee a certificate signed by a director certifying and confirming that each of the events in paragraphs (i)(A) or (B) and (ii) above has occurred and the Note Trustee and the Issuer Security Trustee shall be entitled to rely on such certificate without further enquiry or liability.

Where, in connection with the exercise or performance by it of any right, power, trust, authority, duty or discretion under or in relation to the Conditions, the Note Trust Deed or any of the Issuer Transaction Documents (including, without limitation, any modification, waiver, authorisation, determination or substitution as referred to above), the Note Trustee is required to have regard to the interests of the Noteholders, it shall have regard to: (i) the general interests of the Noteholders together but shall not have regard to any interests arising from circumstances particular to individual Noteholders (whatever their number) and, in particular but without limitation, shall not have regard to the consequences of any such exercise or performance for individual Noteholders (whatever their number) resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory or any political sub-division thereof and the Note Trustee shall not be entitled to require, nor shall any Noteholder and/or Couponholder be entitled to claim, from the Issuer, the Note Trustee or the Issuer Security Trustee or any other person any indemnification or payment in respect of any Tax or stamp duty consequences of any such exercise upon individual Noteholders and/or Couponholders except to the extent already provided for in the Conditions and/or in any undertaking or covenant given in addition thereto or in substitution therefor under the Note Trust Deed.

#### 13. Indemnification and exoneration of the Note Trustee and the Issuer Security Trustee

The Note Trust Deed and the Issuer Deed of Charge contain provisions governing the responsibility (and relief from responsibility) of the Note Trustee and the Issuer Security Trustee respectively and providing for their indemnification in certain circumstances, including provisions relieving them from taking action or, in the case of the Issuer Security Trustee, enforcing the security constituted by the Issuer Deed of Charge unless indemnified and/or secured and/or pre-funded to their satisfaction.

The Note Trust Deed and the Issuer Deed of Charge also contain provisions pursuant to which the Note Trustee and the Issuer Security Trustee are entitled, *inter alia*, (a) to enter into business transactions with the Issuer and/or any other party to any of the Issuer Transaction Documents and to act as trustee for the holders of any other securities issued or guaranteed by, or relating to, the Issuer and/or any other party to any of the Issuer Transaction Documents, (b) to exercise and enforce its rights, comply with its obligations and perform its duties under or in relation to any such transactions or, as the case may be, any such trusteeship without regard to the interests of, or consequences for, the Noteholders and (c) to retain and not be liable to account for any profit made or any other amount or benefit received thereby or in connection therewith.

Any advice, opinion, certificate, report or information called for by or provided to the Note Trustee and/or the Issuer Security Trustee (whether or not addressed to the Note Trustee and/or the Issuer

Security Trustee) in accordance with or for the purposes of the Note Trust Deed and/or any other Issuer Transaction Documents may be relied upon by the Note Trustee and/or the Issuer Security Trustee notwithstanding that such advice, opinion, certificate, report or information and/or any engagement letter or other document entered into or accepted by the Note Trustee and/or the Issuer Security Trustee in connection therewith contains a monetary or other limit on the liability of the person providing the same in respect thereof and notwithstanding that the scope and/or basis of such advice, opinion, certificate, report or information may be limited by any such engagement letter or other document or by the terms of the advice, opinion, certificate, report or information itself.

### 14. Replacement of Global Notes

If any Global Note is mutilated, defaced, lost, stolen or destroyed, it may be replaced at the specified office of the Principal Paying Agent. Replacement of any mutilated, defaced, lost, stolen or destroyed Global Note will only be made on payment of such costs as may be incurred in connection therewith and on such terms as to evidence and indemnity as the Issuer may reasonably require. A mutilated or defaced Global Note must be surrendered before a new one will be issued.

### 15. Notice to Noteholders

Any notice shall be deemed to have been duly given to the Noteholders if sent to the Clearing Systems for communication by them to the holders of the Notes and shall be deemed to be given on the date on which it was so sent to the Clearing Systems and (so long as the relevant Notes are admitted to the official list of the FCA (the "Official List") and to trading on the regulated market of the LSE), any notice shall also be published in accordance with the relevant listing rules and regulations.

In addition, for so long as the Notes are admitted to trading as described above, the Issuer shall give one copy of each notice in accordance with this Condition 15 (*Notice to Noteholders*) to the LSE in accordance with the relevant listing rules and regulations.

The Note Trustee shall be at liberty to sanction some other method of giving notice to the Noteholders if, in its opinion, such other method is reasonable having regard to market practice then prevailing and to the requirements of the stock exchange on which the relevant Notes are then admitted to trading and provided that notice of such other method is given to the Noteholders in such manner as the Note Trustee shall require.

### 16. **Governing law and jurisdiction**

Each of the Note Trust Deed, the Global Notes and these Conditions (and, in each case, any non-contractual obligations arising out of or in connection with the relevant document) is governed by, and shall be construed in accordance with, English law.

Any dispute, claim, difference or controversy arising out of, relating to or having any connection with the Note Trust Deed, the Global Notes and/or these Conditions (including any dispute as to the existence, validity, interpretation, performance, breach or termination or the consequences of its nullity and any dispute relating to any non-contractual obligations arising out of or in connection with the Note Trust Deed, the Global Notes and/or these Conditions) (each, a "**Dispute**") shall be subject to the exclusive jurisdiction of the courts of England and Wales to settle any such Dispute, and the Issuer has in the Note Trust Deed submitted to the exclusive jurisdiction of such courts.

### 17. Rights of third parties

No rights are conferred on any person under the Contracts (Rights of Third Parties) Act 1999 to enforce any term of the Notes and/or the Coupons, these Conditions or the Note Trust Deed, but this does not affect any right or remedy of any person which exists or is available apart from that Act.

### FORM OF THE NOTES AND SUMMARY OF PROVISIONS RELATING TO THE NOTES WHILE IN GLOBAL FORM

The Notes will be in bearer form, with or without interest Coupons attached. Notes will be issued outside the United States in reliance on Regulation S under the Securities Act ("Regulation S").

#### General

The Notes will be initially issued in the form of the Temporary Global Note which will be delivered on or prior to the Closing Date to a common safekeeper (the "Common Safekeeper") for Euroclear Bank SA/NV ("Euroclear") and Clearstream Banking S.A. ("Clearstream, Luxembourg").

The Notes will be in bearer NGN form and will be deposited with the Common Safekeeper for Euroclear and Clearstream, Luxembourg. However, the deposit of the Notes with the Common Safekeeper upon issuance or otherwise does not necessarily mean that the Notes will be recognised as eligible collateral for Eurosystem monetary policy and intraday credit operations by the Eurosystem at issuance or at any time during their life. Such recognition will depend upon the European Central Bank being satisfied that Eurosystem eligibility criteria have been met. Accordingly, potential investors should not presume or infer any representation, warranty, confirmation or guarantee that the Notes will, either upon issue, or at any or at all times during their life, satisfy all or any requirements for Eurosystem eligibility and be recognised as Eurosystem eligible collateral. In addition, no assurance is given that the Notes will be eligible for any specific central bank liquidity schemes. Any potential investor in the Notes should make its own conclusions and seek its own advice with respect to whether or not the Notes constitute Eurosystem eligible collateral or qualify for any central bank liquidity schemes.

Whilst any Note is represented by the Temporary Global Note, payments of principal, interest (if any) and any other amount payable in respect of the Notes due prior to the Exchange Date will be made only to the extent that certification (in a form to be provided) to the effect that the beneficial owners of interests in the Temporary Global Note are not U.S. persons or persons who have purchased for resale to any U.S. person, as required by U.S. Treasury regulations, has been received by Euroclear and/or Clearstream, Luxembourg and Euroclear and/or Clearstream, Luxembourg, as applicable, has given a like certification (based on the certifications it has received) to the Principal Paying Agent.

On and after the date (the "Exchange Date") which is 40 days after the Temporary Global Note is issued, interests in the Temporary Global Note will be exchangeable (free of charge) upon a request as described therein either for (i) interests in the Permanent Global Note or (ii) Definitive Notes with, where applicable, Coupons attached, in each case against certification of beneficial ownership as described above unless such certification has already been given, provided that purchasers in the United States and certain U.S. persons will not be able to receive Definitive Notes. The holder of the Temporary Global Note will not be entitled to collect any payment of interest, principal or other amount due on or after the Exchange Date unless, upon due certification, exchange of the Temporary Global Note for an interest in the Permanent Global Note or for Definitive Notes is improperly withheld or refused.

The Notes will constitute (subject to the Conditions) direct, unconditional and secured obligations of the Issuer and shall at all times rank *pari passu* and without preference among themselves and (with the exception of obligations in respect of applicable statutory exceptions and subject as aforesaid) equally with all its other secured obligations (other than subordinated obligations, if any) from time to time outstanding.

Payments of principal, interest (if any) or any other amounts on the Permanent Global Note will be made through Euroclear and/or Clearstream, Luxembourg without any requirement for certification.

291 L\_LIVE\_EMEA1:47891524v1

On each occasion of a payment in respect of a Global Note, the Principal Paying Agent shall instruct Euroclear and Clearstream, Luxembourg to make appropriate entries in their records to reflect such payment.

A Permanent Global Note will be exchangeable (free of charge), in whole but not in part, for Definitive Notes with, where applicable, Coupons attached upon the occurrence of an Exchange Event. For these purposes, "Exchange Event" means that, (i) either of the Clearing Systems is closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or announces an intention permanently to cease business or does in fact do so and no other clearing system acceptable to the Note Trustee is then in existence, or (ii) as a result of any amendment to, or change in, the laws or regulations of the United Kingdom (or of any political sub-division thereof) or of any authority therein or thereof having power to tax or in the interpretation or administration of such laws or regulations which becomes effective on or after the Closing Date. the Issuer or any Paying Agent is or will on the next Interest Payment Date be required to make any deduction or withholding from any payment in respect of such Notes which would not be required were such Notes in definitive form. In the event of the occurrence of an Exchange Event, Euroclear and/or Clearstream, Luxembourg or the Common Safekeeper for Euroclear and Clearstream, Luxembourg on their behalf (acting on the instructions of any holder of an interest in a Permanent Global Note) may give notice to the Principal Paying Agent requesting exchange. Any such exchange shall occur within 30 days of the occurrence of the relevant event.

### **Legend concerning United States persons**

The following legend will appear on the Notes (other than the Temporary Global Note) and on all Coupons relating to the Notes:

"ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE INTERNAL REVENUE CODE."

The sections referred to provide that United States holders with certain exceptions, will not be entitled to deduct any loss on Notes or Coupons relating to the Notes and will not be entitled to capital gains treatment of any gain on any sale, disposition, redemption or payment of principal in respect of the Notes or Coupons relating to the Notes.

Notes which are represented by a Global Note will only be transferable in accordance with the rules and procedures for the time being of Euroclear or Clearstream, Luxembourg, as the case may be.

In the event that a Global Note is exchanged for Definitive Notes, such Definitive Notes shall be issued in the specified denomination(s) only. Noteholders who hold Notes in the relevant Clearing System in amounts that are not integral multiples of a specified denomination may need to purchase or sell, on or before the relevant Exchange Date, a principal amount of Notes such that their holding is an integral multiple of a specified denomination.

### **Provisions relating to the Global Notes**

The Global Notes will contain provisions that apply to the Notes which they represent, some of which modify the effect of the Conditions as set out in this Prospectus. The following is a summary of certain of those provisions:

(A) *Meetings*: The holder of a Global Note shall be treated as being two persons for the purposes of any quorum requirements of a meeting of Noteholders and, at any such meeting, the holder of a Global Note shall be treated as having one vote in respect of each £1 (or such other amounts as the Note Trustee may in its absolute discretion stipulate) in Principal Amount Outstanding of the Notes represented by such person.

- (B) Cancellation: Cancellation of any Note represented by a Global Note that is required by the Conditions to be cancelled (other than upon its redemption) will be effected by a reduction in the principal amount of the relevant Global Note.
- (C) Notices: So long as any Notes are represented by a Global Note and such Global Note is held on behalf of Euroclear, Clearstream, Luxembourg or any other relevant Clearing System, notices to the Noteholders may be given, subject always to listing requirements, by delivery of the relevant notice to Euroclear, Clearstream, Luxembourg or any other relevant Clearing System for communication by it to entitled Noteholders in substitution for publication as provided in the Conditions. Such notices shall be deemed to have been received by the Noteholders on the date of delivery to such Clearing Systems.
- (D) Accountholders: For so long as any Notes are represented by a Global Note held on behalf of Euroclear and/or Clearstream, Luxembourg, each person (other than Euroclear or Clearstream, Luxembourg) who is for the time being shown in the records of Euroclear or Clearstream, Luxembourg as the holder of a particular principal amount of such Notes (the "Accountholder") (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg as to the principal amount of such Notes standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated as the holder of such principal amount of such Notes for all purposes other than with respect to the payment of principal or interest on such principal amount of such Notes, for which purpose the bearer of the relevant Global Note shall be treated as the holder of such principal amount of such Notes in accordance with and subject to the terms of the relevant Global Note and the expressions "Noteholder" and "holder of Notes" and related expressions shall be construed accordingly. In determining whether a particular person is entitled to a particular principal amount of Notes as aforesaid, the Note Trustee may rely on such evidence and/or information and/or certification as it shall, in its absolute discretion, think fit and, if it does so rely, such evidence and/or information and/or certification shall, in the absence of manifest error, be conclusive and binding on all concerned.

### **BOOK-ENTRY CLEARANCE PROCEDURE**

The information set out below is subject to any change in or reinterpretation of the rules, regulations and procedures of Euroclear or Clearstream, Luxembourg (together, the "Clearing Systems") currently in effect. Investors wishing to use the facilities of any of the Clearing Systems are advised to confirm the continued applicability of the rules, regulations and procedures of the relevant Clearing System. None of the Issuer, the Note Trustee nor any other party to the Agency Agreement will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in the Notes held through the facilities of any Clearing System or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

### TAX CONSIDERATIONS

### UNITED KINGDOM TAXATION

The following applies only to persons who are the beneficial owners of Notes and is a summary of the Issuer's understanding of current United Kingdom law and published HMRC practice relating only to United Kingdom withholding tax treatment of payments of interest (as that term is understood for United Kingdom tax purposes) on the Notes. The comments below may not apply to certain classes of person (such as dealers). The following is not exhaustive and does not deal with any other United Kingdom taxation implications of acquiring, holding or disposing of Notes. The United Kingdom tax treatment of prospective Noteholders depends on their individual circumstances and may be subject to change in the future. Prospective Noteholders who may be subject to tax in a jurisdiction other than the United Kingdom or who may be unsure as to their tax position should seek their own professional advice.

### Payment of interest on the Notes

Payments of interest on the Notes may be made without deduction of or withholding on account of United Kingdom income tax provided that the Notes carry a right to interest and the Notes are and continue to be listed on a "recognised stock exchange" within the meaning of section 1005 of the Income Tax Act 2007 or are admitted to trading on a multilateral trading facility operated by an EEA-regulated recognised stock exchange within the meaning of section 987 Income Tax Act 2007. The LSE is a recognised stock exchange. The Notes will satisfy the requirement to be listed on a recognised stock exchange if they are officially listed in the United Kingdom and are admitted to trading on the LSE. Provided, therefore, that the Notes carry a right to interest and are and remain so listed, interest on the Notes will be payable without deduction of or withholding on account of United Kingdom tax.

In other cases, an amount must generally be withheld from payments of interest on the Notes that have a United Kingdom source on account of United Kingdom income tax at the basic rate (currently 20 per cent.) subject to any other available exemptions and reliefs. However, where an applicable double tax treaty provides for a lower rate of withholding tax (or for no tax to be withheld) in relation to a Noteholder, HMRC can issue a notice to the Issuer to pay interest to the Noteholder without deduction of tax (or for interest to be paid with tax deducted at the rate provided for in the relevant double tax treaty).

Where Notes are issued with a redemption premium (as opposed to being issued at a discount), any such premium element may constitute a payment of interest which will generally be subject to United Kingdom withholding tax, subject to any applicable exemption or relief as outlined above.

### THE PROPOSED FINANCIAL TRANSACTIONS TAX (FTT)

On 14 February 2013, the European Commission published a proposal (the "Commission's Proposal") for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the "participating Member States"). However, Estonia has since stated that it will not participate.

The Commission's Proposal has very broad scope and could, if introduced, apply to certain dealings in Notes (including secondary market transactions) in certain circumstances. Primary market transactions referred to in Article 5(c) of Regulation (EC) No 1287/2006 are expected to be exempt.

Under the Commission's Proposal, the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in Notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, "established" in a participating Member State in a broad range of circumstances, including (a) by transacting with a

295

person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

However, the FTT proposal remains subject to negotiation between the participating Member States. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU member states may decide to participate.

Prospective holders of Notes are advised to seek their own professional advice in relation to the FTT.

### FOREIGN ACCOUNT TAX COMPLIANCE ACT

Pursuant to certain provisions of the U.S. Internal Revenue Code of 1986, commonly known as FATCA, a "foreign financial institution" may be required to withhold on certain payments it makes ("foreign passthru payments") to persons that fail to meet certain certification, reporting or related requirements. The Issuer may be a foreign financial institution for these purposes.

A number of jurisdictions (including the United Kingdom) have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement FATCA ("IGAs"), which modify the way in which FATCA applies in their jurisdictions. Under the provisions of IGAs as currently in effect, a foreign financial institution in an IGA jurisdiction would generally not be required to withhold under FATCA or an IGA from payments that it makes. Certain aspects of the application of the FATCA provisions and IGAs to instruments such as the Notes, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, are uncertain and may be subject to change.

Even if withholding would be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, such withholding would not apply prior to the date that is two years after the date on which final regulations defining "foreign passthru payments" are published in the U.S. Federal Register and Notes characterised as debt (or which are not otherwise characterised as equity and have a fixed term) for U.S. federal tax purposes that are issued on or prior to the date that is six months after the date on which final regulations defining "foreign passthru payments" are filed with the U.S. Federal Register generally would be "grandfathered" for purposes of FATCA withholding unless materially modified after such date (including by reason of a substitution of the issuer). However, if additional Notes that are not distinguishable from previously issued Notes are issued after the expiration of the grandfathering period and are subject to withholding under FATCA, then withholding agents may treat all such Notes, including those Notes offered prior to the expiration of the grandfathering period, as subject to withholding under FATCA.

Holders should consult their own tax advisors regarding how these rules may apply to their investment in the Notes. In the event that any withholding would be required pursuant to FATCA or an IGA with respect to payments on the Notes, no person will be required to pay additional amounts as a result of the withholding.

### SUBSCRIPTION AND SALE

Barclays Bank PLC (the "**Arranger**" and "**Bookrunner**") has, pursuant to a subscription agreement in relation to the Notes dated on or around 1 October 2020 between the Arranger, the Obligors and the Issuer (the "**Subscription Agreement**") agreed, subject to certain conditions, to procure subscribers and failing which itself to subscribe and pay for the Notes at an issue price of 99.999 per cent. of the initial principal amount thereof.

The Subscription Agreement is subject to a number of conditions and may be terminated by the Arranger and the Bookrunner in certain circumstances prior to payment to the Issuer. The Issuer has agreed to indemnify the Arranger and the Bookrunner against certain liabilities in connection with the offer and sale of the Notes.

The Arranger and the Bookrunner have, directly or indirectly through affiliates, provided investment and commercial banking, financial advisory and other services to NHG, Obligor Holdco, Borrower and/or Obligors and their affiliates from time to time, for which they have received monetary compensation. The Arranger and the Bookrunner may from time to time also enter into swap and other derivative transactions with NHG, Obligor Holdco, Borrower and/or Obligors and their affiliates. In addition, the Arranger and the Bookrunner and their affiliates may in the future engage in investment banking, commercial banking, financial or other advisory transactions with the Issuer, NHG, Obligor Holdco, Borrower and/or Obligors or their affiliates. They have received, or may in the future receive, customary fees and commissions for these transactions.

In addition, in the ordinary course of their business activities, the Arranger and the Bookrunner and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of the Issuer or their affiliates. An affiliate of the Arranger or the Bookrunner may place an order for a portion of the Notes. In the event that it purchases Notes, such affiliate may distribute the Notes to the market as permitted by applicable laws and regulations, but will be under no obligation to do so. The Arranger and the Bookrunner or their affiliates that have a lending relationship with the Issuer routinely hedge their credit exposure to the Issuer consistent with their customary risk management policies. Typically, such Arranger and the Bookrunner and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in the securities of the Issuer, including potentially the Notes offered hereby. Any such short positions could adversely affect future trading prices of the Notes offered hereby. The Arranger and the Bookrunner and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

Each purchaser of the Notes (which term for the purposes of this section will be deemed to include any interests in the Notes, including book-entry interests) during the initial syndication will be deemed to have, and in certain circumstances will be required to have, represented and agreed as follows: it (1) is not a Risk Retention U.S. Person, (2) is acquiring such Note or a beneficial interest therein for its own account and not with a view to distribute such Notes and (3) is not acquiring such Note or a beneficial interest therein as part of a scheme to evade the requirements of the U.S. Risk Retention Rules.

To the extent applicable, determination of the proper characterisation of potential investors for such restriction or for determining the availability of the exemption provided for in Section 20 of the U.S. Risk Retention Rules is solely the responsibility of each investor, and none of the parties hereto or any person who controls them or any of their directors, officers, employees, agents or affiliates will have any responsibility for determining the proper characterisation of potential investors for such restriction or for determining the availability of the exemption provided for in Section 20 of the U.S. Risk Retention Rules, and none of the parties hereto or any person who controls them or any of

their directors, officers, employees, agents or affiliates accept any liability or responsibility whatsoever for any such determination or characterisation.

### **United Kingdom**

Barclays Bank PLC (as the Arranger and the Bookrunner) has represented to and agreed with the Issuer that:

- (A) it has only communicated or caused to be communicated and will only communicate or cause to be communicated any invitation or inducement to engage in investment activity (within the meaning of Section 21 of the FSMA) received by it in connection with the issue or sale of any Notes in circumstances in which Section 21(1) of the FSMA does not apply to the Issuer; and
- (B) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to any Notes in, from or otherwise involving the United Kingdom.

### **United States**

The Notes have not been and will not be registered under the Securities Act or the securities laws or "blue sky" laws of any state or other jurisdiction of the United States and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons (as defined in Regulation S under the Securities Act) except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and applicable state or local securities laws. Accordingly, the Notes are being offered and sold outside the United States to non-U.S. persons in reliance on Regulation S under the Securities Act.

The purchaser of the Notes will agree that with respect to the relevant Notes for which it has subscribed, it will not offer, sell or deliver the Notes (i) as part of its distribution at any time or (ii) otherwise until 40 days after the later of the commencement of the offering and the Closing Date (the "Distribution Compliance Period") within the United States or to, or for the account or benefit of, U.S. persons, except in accordance with Rule 903 or 904 of Regulation S. It further agrees that it will have sent to each affiliate or other dealer (if any) to which it sells Notes during the Distribution Compliance Period a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons. Terms used in this paragraph have the meanings given to them by Regulation S.

In addition, until the expiration of the Distribution Compliance Period, an offer or sale of the Notes within the United States by any Bookrunner or dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than pursuant to an exemption from the registration requirements under the Securities Act.

This Prospectus has been prepared by the Issuer for use in connection with the offer and sale of the Notes outside the United States. The Issuer and the Bookrunner reserve the right to reject any offer to purchase the Notes, in whole or in part, for any reason. This Prospectus does not constitute an offer to any person in the United States or to any U.S. person. Distribution of this Prospectus by any non-U.S. person outside the United States to any U.S. person or to any other person within the United States, other than those persons, if any, retained to advise such non-U.S. person with respect thereto, is unauthorised and any disclosure without the prior written consent of the Issuer of any of its contents to any such U.S. person or other person within the United States, other than those persons, if any, retained to advise such non-U.S. person, is prohibited.

Each purchaser of the Notes (which term for the purposes of this section will be deemed to include any interests in the Notes, including book-entry interests) will be deemed to have represented and agreed as follows:

- (A) such Notes are being offered and sold in a transaction not involving a public offering in the United States within the meaning of the Securities Act and the Notes have not been and will not be registered under the Securities Act or the securities laws or "blue sky" laws of any state or other jurisdiction of the United States and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except as set forth herein;
- (B) if such purchaser decides to resell or otherwise transfer such Notes prior to the end of the Distribution Compliance Period, then it agrees that it will offer, resell, pledge or transfer such Notes only: (i) to a purchaser who is not a U.S. person (as defined in Regulation S under the Securities Act) or an affiliate of the Issuer or a person acting on behalf of such an affiliate, and who is not acquiring the Notes for the account or benefit of a U.S. person and who is acquiring the Notes in an offshore transaction pursuant to an exemption from registration in accordance with Rule 903 or Rule 904 of Regulation S under the Securities Act; or (ii) pursuant to an effective registration statement under the Securities Act, in each case in accordance with any applicable securities laws of any state or other jurisdiction of the United States, provided that the agreement of such purchaser is subject to any requirement of law that the disposition of the purchaser's property shall at all times be and remain within its control: and
- (C) unless the relevant legend set out below has been removed from the Notes such purchaser shall notify each transferee of Notes (as applicable) from it that (i) such Notes have not been registered under the Securities Act, (ii) the holder of such Notes is subject to the restrictions on the resale or other transfer thereof described in paragraph (a), (iii) such transferee shall be deemed to have represented that such transferee is acquiring the Notes in an offshore transaction and that such transfer is made pursuant to an exemption from registration in accordance with Rule 903 or Rule 904 of Regulation S under the Securities Act and (iv) such transferee shall be deemed to have agreed to notify its subsequent transferees as to the foregoing.

The Issuer, the Paying Agents, the Arranger, the Bookrunner and their affiliates and others will rely upon the truth and accuracy of the foregoing acknowledgments, representations and agreements.

The Notes will bear a legend to the following effect:

"THIS NOTE HAS NOT BEEN AND WILL NOT BE REGISTERED UNDER THE UNITED STATES SECURITIES ACT OF 1933, AS AMENDED (THE "SECURITIES ACT") OR THE SECURITIES LAWS OR "BLUE SKY" LAWS OF ANY STATE OR OTHER JURISDICTION OF THE UNITED STATES AND ACCORDINGLY MAY NOT BE OFFERED, SOLD, PLEDGED OR OTHERWISE TRANSFERRED IN THE UNITED STATES OR TO, OR FOR THE ACCOUNT OR BENEFIT OF, A U.S. PERSON (AS DEFINED IN REGULATION S UNDER THE SECURITIES ACT) (1) AS PART OF THEIR DISTRIBUTION AT ANY TIME OR (2) OTHERWISE.

PRIOR TO THE DATE THAT IS 40 DAYS AFTER THE LATER OF THE COMMENCEMENT OF THE OFFERING OF THE NOTES AND THE CLOSING OF THE OFFERING OF THE NOTES, ANY TRANSFER OF THE NOTES MAY ONLY BE MADE TO A NON-U.S. PERSON IN AN OFFSHORE TRANSACTION MEETING EXCEPT PURSUANT TO AN EXEMPTION FROM THE REGISTRATION REQUIREMENTS OF RULE 903 OR 904 OF REGULATION S UNDER THE SECURITIES ACT (REGULATION S). ANY PURPORTED TRANSFER OF THIS NOTE THAT DOES NOT COMPLY WITH THE FOREGOING REQUIREMENTS SHALL BE NULL AND VOID AB INITIO. THE ISSUER HAS NOT BEEN REGISTERED AND DOES NOT INTEND TO REGISTER AS AN INVESTMENT COMPANY UNDER THE U.S. INVESTMENT COMPANY ACT OF 1940, AS AMENDED.

THIS NOTE AND BENEFICIAL INTERESTS HEREIN MAY NOT BE PURCHASED BY, OR FOR THE ACCOUNT OR BENEFIT OF, ANY "U.S. PERSON" AS DEFINED IN THE U.S. RISK RETENTION RULES ("RISK RETENTION U.S. PERSONS"). EACH PURCHASER OF THE NOTES OR A BENEFICIAL INTEREST HEREIN ACQUIRED IN THE INITIAL SYNDICATION OF

THE NOTES BY ITS ACQUISITION OF THE NOTES OR A BENEFICIAL INTEREST THEREIN, WILL BE DEEMED TO HAVE MADE, AND IN CERTAIN CIRCUMSTANCES WILL BE REQUIRED TO MAKE, CERTAIN REPRESENTATIONS AND AGREEMENTS, INCLUDING THAT IT (1) IS NOT A RISK RETENTION U.S. PERSON, (2) IS ACQUIRING SUCH NOTE OR A BENEFICIAL INTEREST THEREIN FOR ITS OWN ACCOUNT AND NOT WITH A VIEW TO DISTRIBUTE SUCH NOTE, AND (3) IS NOT ACQUIRING SUCH NOTE OR A BENEFICIAL INTEREST THEREIN AS PART OF A SCHEME TO EVADE THE REQUIREMENTS OF THE U.S. RISK RETENTION RULES.

THE PURCHASER OR ACQUIROR ACKNOWLEDGES THAT THE ISSUER RESERVES THE RIGHT PRIOR TO ANY SALE OR OTHER TRANSFER TO REQUIRE THE DELIVERY OF SUCH CERTIFICATIONS, LEGAL OPINIONS AND OTHER INFORMATION AS THE ISSUER MAY REASONABLY REQUIRE TO CONFIRM THAT THE PROPOSED SALE OR OTHER TRANSFER COMPLIES WITH THE FOREGOING RESTRICTIONS."

The Notes are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. Treasury regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986 and U.S. Treasury regulations thereunder.

### Prohibition of Sales to EEA and UK Retail Investors

Barclays Bank PLC (as the Arranger and the Bookrunner) has represented and agreed that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Notes to any retail investor in the EEA or in the UK. ### **Executive Summary**

This summary should be read in conjunction with the main body of our Report. Section numbers are supplied where relevant.

### Introduction

The date of this Report is 1 October 2020.

Jones Lang LaSalle Limited has been instructed to value a portfolio of 1,523 properties for loan security purposes.

### **Properties**

The portfolio comprises 1,523 Market Rent units in 16 schemes located across Greater London and in Chelmsford, Essex. The 16 schemes have been transferred into 8 Property Companies ("Propcos"), 7 of these Propcos will be wholly owned subsidiaries of Folio London with the other, Propco 5, called Folio Porter's Edge Limited, to be owned by Project Light (Market Rent) Limited.

In addition, there are 49 units in the portfolio which form ancillary accommodation, have been sold on long leases or are let on social rents and 35 parking spaces in the portfolio. The Propcos' interest in the properties is considered to be de minimis for the purpose of this exercise and so these properties have been included at nil value. Furthermore, please note that these properties have not been included in any unit counts or other statistics in this Report.

We have inspected the exterior of all units in the portfolio and have seen a representative sample internally (section 3).

### **Valuations**

The effective date of valuation is 1 October 2020.

Our valuation of the 1,523 properties on the basis of Market Value subject to Tenancies ("MV-T"), in aggregate, at the valuation date is:

## £562,214,100 (five hundred and sixty-two million, two hundred and fourteen thousand, one hundred pounds)

### **Portfolio Analysis**

### **Strengths:**

- given the divergence between property prices and local average earnings, demand for these properties should be sustainable in the medium to long term;
- the level of rental income for each scheme is broadly in line with comparable properties in their respective areas;
- the MV-T values per unit and percentage relationships to MV-VP, are at levels appropriate to the current climate, having regard to the portfolio's location and composition; and
- the lettings market is proving more resilient than the sales market, with activity and demand increasing almost immediately after the initial lockdown announcement, however, levels are still lower than normal.

### Weaknesses:

- whilst we have been prudent in applying our MV-VPs and MRs, there are well-documented challenges at present in both the domestic sales and lettings markets; and
- in the short-term, landlords could be forced to reduce or freeze rents in order to secure lettings.

### **Opportunities:**

- the UK housing market is increasingly moving from an owner-occupier led market towards private rented properties such as these;
- whilst house prices in London remain high, demand for market rent properties will continue to remain strong;
- reactive changes to working conditions and government policy could drive further efficiencies in the residential market and wider economy in the longer-term; and
- investment of REITs and other funds into the residential sector as whole.

### **Threats:**

- the results of the Hackitt Review could lead to retrospective remedial repairs and alterations being enforced upon landlords;
- a sharp increase in the cost of materials and labour to carry out any repairs and maintenance work on existing stock and meet development plans;
- a shift towards more flexible working hours and locations post-COVID-19 could lead to some urban to rural migration away from London.

### **Suitability of Security**

Your instructions require us to comment on whether the properties we have valued provide adequate security for the Note Issue.

It is difficult for any valuer, without being asked to consider a specific credit or risk assessment policy, to make an absolute, unqualified statement that those assets will provide suitable security because our instructions do not explain what criteria the Security Trustee is applying in making this assessment.

However, we confirm that, in our opinion, should the Security Trustee become a mortgagee in possession of this portfolio of properties, then it would be possible to achieve a sale to another landlord or private purchaser at a price equivalent to our valuation on the basis of MV-T as set out in our Report. However, the valuation assumes implicitly that a purchaser could obtain debt finance on commercially viable terms to facilitate a purchase of the portfolio.

Based on our inspections, we are satisfied that the properties we inspected internally, are well maintained and commensurate with the likely demands of the target tenant group.

Overall, we have assumed that each property has a useful economic life of at least 50 years provided that the properties continue to be properly maintained in the future.

Unless otherwise stated in our Report none of the properties are of 6 storeys or more or are subject to any remedial works in the wake of the Grenfell Tower disaster of June 2017. We have therefore assumed that the properties conform to the Fire Precaution Regulations and any other statutory requirements at the valuation date.

Our inspections are for valuation purposes only and carried out on an external and internal sample basis only, no invasive vegetation was noted during the course of our inspections, however, we cannot confirm if it has been or is present on site. Our valuation assumes that none exists within the demise or proximity of any of the properties in the valuation.

With the above factors in mind, and with specific regard to the continuing need for well-maintained rented housing accommodation, we believe it reasonable to conclude an acceptable demand for a portfolio of this nature from commensurate landlords and private institutional investment firms.

Subject to the information presented within this Report, and at the values formally reported, we are satisfied to recommend to the Security Trustee that this portfolio is suitable for security purposes.

### 1 Introduction

### 1.1 Background

Jones Lang LaSalle Limited ("JLL") has been instructed to prepare a valuation of 1,523 properties ("the Portfolio") owned by the Propcos.

### 1.2 Compliance

We confirm that our valuation and report have been prepared in accordance with the current RICS Valuation – Global Standards, incorporating the IVS, effective from 31 January 2020, and the RICS Valuation – Global Standards – UK National Supplement, effective from 14 January 2019, both published by the Royal Institution of Chartered Surveyors (commonly known as the "Red Book").

Our valuations may be subject to monitoring by the RICS and have been undertaken by currently Registered RICS Valuers.

This report has been prepared by James Massey MRICS (Valuer Number: #5036140) under the supervision of Marc Burns, both James and Marc are Directors in Valuation Advisory at JLL. The report has been countersigned by Richard Petty FRICS (Valuer Number: #0089005), Head of UK Living Advisory at JLL.

In accordance with PS 2.3 of the Red Book, we confirm that we have sufficient knowledge and skills to undertake this valuation competently.

We can confirm that no conflict of interest has occurred as a result of our production of this Report.

The effective date of valuation is 1 October 2020.

For the avoidance of doubt, we confirm that it would not be appropriate or possible to compare this valuation with any values appearing in the Obligor's accounts. This Report has been prepared in accordance with the Red Book. The valuations are prepared on this basis so that we can determine the value recoverable if the charges over the properties were enforced at the date of this Report. We understand that values given in the Obligor's accounts are prepared on an historic cost basis which considers how much the properties have cost and will continue to cost the Obligor. This is an entirely different basis of valuation from that used for loan security purposes.

This valuation qualifies as a Regulated Purpose Valuation ("RPV") as defined by the Red Book. An RPV is a valuation which is intended for the information of third parties in addition to the Addressees. It is a requirement of UKVS 4.3 of the Red Book in relation to disclosures that we declare our prior involvement with the Obligor, or the properties being valued, to ensure that there is no conflict of interest.

We confirm that the total fee income earned from the Obligor is substantially less than 5% of the fee income earned by JLL in our last financial year (ending 31 December 2019) and that we do not anticipate this situation changing in the foreseeable future.

### 1.3 Instructions

Our Report is prepared in accordance with the Obligor's formal instructions.

We have been instructed to prepare our valuations on the basis of Market Value subject to existing Tenancies ("MV-T").

#### 1.4 Status of Valuer

In preparing this Report, we confirm that JLL is acting as an external valuer as defined in the Red Book. We can also confirm that we consider ourselves to be independent for the purposes of this instruction.

In accordance with RICS guidance, and our own rotation policy, we recommend that a rotation of overall responsibility within JLL is considered no later than the end of 2024.

#### 1.5 Outbreak of Novel Coronavirus (COVID - 19)

The outbreak of the Novel Coronavirus (COVID-19), declared by the World Health Organisation as a "Global Pandemic" on the 11th March 2020, has affected many aspects of daily life and the global economy – with real estate markets experiencing significantly lower levels of transactional activity and liquidity. However, in the private rented residential market, as at the valuation date, we consider that there exists an adequate amount of relevant market information upon which to base opinions of value for the subject properties.

Given the unknown future impact that COVID-19 might have on the real estate market, with many business practices and behaviours needing to change either temporarily or permanently, we recommend that you keep the valuations contained within this report under frequent review.

## 2 Methodology

#### 2.1 Valuation Model

We have undertaken our valuation of the Portfolio using fully explicit discounted cashflow models, over an assumed 10-year holding period, with the net income in the final year capitalised with an appropriate exit yield.

For the purposes of our valuation, we have valued each scheme individually in order to reflect the different risks and opportunities associated with each.

Whilst we recognise that each Propco is able to sell any individual properties on the open market as and when they may become vacant, we have not included any sales or break-up potential in any of our valuations.

Against the income receivable for each scheme, we have made allowances for voids and bad debts; the costs of management and administration; major repairs; cyclical maintenance and day-to-day repairs. These costs are calculated as a percentage of rental income and therefore grow proportionately with the income stream of each scheme.

We have then capitalised the resulting net income stream at an appropriate rate which reflects our judgement of the overall level of risk associated with the long-term income. We have then cross-checked this against the gross and net yield metrics for each scheme to ensure they are within a reasonable range in the current market.

A more detailed explanation of the discount rate is included in section 4.

#### 2.2 Information Provided

The principal source of background data for the Portfolio has been the rent roll for each property provided by the Obligor. This detailed the number and type of units, the rent payable, the unit sizes, floor levels (where applicable) and any amenity space the units may have.

This information was supplemented with our market research and other data we have gathered from similar instructions undertaken recently and involving comparable stock. From these sources we have collated information on the following:

- rents;
- bad debts, voids and arrears;
- cost of maintenance and repairs; and
- management and administration expenses.

#### 2.3 Inspections

We derived our inspections strategy by giving full regard to:

- the geographical spread of the stock;
- the concentration (and thereby its exposure to risk); and
- the property types.

We have satisfied ourselves as to the quality of location and the general condition and level of fixtures and fittings provided to the properties, and we have derived our valuation assumptions accordingly.

In accordance with our instructions, we have inspected all schemes externally and a representative sample of the stock was inspected internally. Our inspections were carried out between 22 November and 2 December 2019.

#### 2.4 Market Research

In arriving at our valuation, we have undertaken a comprehensive programme of research to supplement our knowledge and understanding of the properties. This has included:

- researching local vacant possession values through conversations with local estate agents together with internet research using Molior and RightmovePlus, a bespoke tool for comparable evidence;
- examining local Market Rents and comparing these with the Obligor's rents; and
- analysing the data provided by the Obligor.

We are unable to verify the accuracy of the rent roll provided to us by the Obligor.

# 4.4 Rental Growth

We have modelled rental growth in our valuation models in accordance with JLL's Residential Forecasts issued in November 2019 and as set out in the table below:

Region	2020	2021	2022	2023	2024+
London	2.5%	3.0%	4.0%	3.5%	3.0%

## 4.5 Sales Rates

In accordance with section 2.1, we have not included the sale of any individual void units in any of our valuations.

# 4.6 Outgoings

In forming our opinion of the net rental income generated by the Portfolio, we have considered the following outgoings:

- bad debts, voids and arrears;
- cost of maintenance and repairs; and
- management and administration expenses.

We emphasise that, under the definitions of the bases of valuation we have been instructed to adopt, we are not valuing the Obligor's stewardship of the stock, rather we are assessing what a hypothetical purchaser in the market would pay for the stock, based on the market's judgement of the capabilities of the Portfolio.

The assumptions we have made in our appraisal reflect our opinion of the view the market would adopt on the future performance of the Portfolio. In forming our opinion, we have had regard to other recent valuations we have undertaken of comparable stock.

## 4.7 Bad Debts and Voids

We have incorporated into our valuations the potential for future voids and bad debts. Any loss of income for both void properties and bad debts is reflected in a deduction made from the gross rental income.

The rates applied take into consideration historical data provided by the Obligor and are similar to allowances used by other landlords providing a management and maintenance service in the areas where the properties are situated. The associated risk has also been factored into our discount rate.

The rates we have adopted for bad debts and voids as a percentage of gross income in each of our MV-T valuations are summarised in the table below:

Scheme	Bad debts & voids
Amber & Coral Court	2.0%
Bakersfield	2.5%
Chelmsford	2.0%
Chobham Farm	2.0%
Claremont Grove	2.5%
Coleridge Square	2.5%
Croft Way	2.5%
New Hendon Village	2.5%
Project Light MR	2.0%
Rathbone Market	2.5%

Scheme	Bad debts & voids
Royal Albert Wharf	2.0%
Royal Wharf	2.0%
St James Place	2.5%
Sterling Place	2.5%
Tandem Apartments	2.5%
Tankerville Court	2.5%

# 4.8 Management Costs

We have adopted rates for management and administration based on the historical data provided by the Obligor. From this information, the average cost of management is £1,158 per unit per annum or 8.2% of the gross income received.

In arriving at our opinion of value, we are assessing what a hypothetical purchaser in the market would pay for the properties, and in our experience, bids are likely to reflect a marginal approach to management costs. Furthermore, a growth in stock numbers could give rise to potential economies of scale, rationalisation of services and other efficiencies which would reduce unit costs.

We have assumed that a mortgagee in possession would expect to spend between 7.0% and 10.0% of rental income on management and administration in our valuations.

# 4.9 Repairs and Maintenance

Although the properties are generally in a good condition, renewal, day-to-day and cyclical maintenance will be required to keep the stock in its present condition.

From the information provided by the Obligor, the historical average maintenance cost is £2,412 per unit per annum which represents 17.0% of the gross income received.

The above figures are broad averages; costs will vary according to a property's age, type, size and form of construction. In particular, the profile of expenditure will be different for a newly built property compared to an older property. The former should only require modest routine maintenance over the first 5 to 10 years of its life, with major repairs only arising from years 15 to 20. Hence there is a low-start cost profile, rising steeply in the medium term, whilst an older property is likely to have a flatter profile with a higher starting point.

We have had due consideration to the age and construction type of each of the blocks in our valuations. We have also included additional costs for remedial works that are due to be carried out at certain schemes. These are detailed in section 3.1.

We understand from the Obligor that there are further schemes in a programme of assessment for possible remedial works, no works have been identified or costed thus far and therefore no additional cost has been included within our valuations, however, they should continue to be monitored until all assessments have been completed.

We have assumed that a mortgagee in possession would expect to spend between 17.0% and 22.5% of rental income on repairs, furnishing and other operational expenditure in our valuations.

## 4.10 Discount Rate

The chosen discount rate reflects our judgement of the economic conditions at the time of the valuation and the level of risk involved at each scheme, taking all factors and assumptions into account. To determine the risk involved we have looked at:

- the sustainability of the existing rental income;
- the likely rate of future rental growth;
- the condition of the Portfolio;
- the level of outgoings required to maintain the maximum income stream;
- the likely performance of the Portfolio in relation to its profile and location;
- the real cost of borrowing; and
- the long-term cost of borrowing.

We have adopted discount rates of between 6.5% and 6.75% on the rental income for our cashflows. We have then cross-checked this against the gross and net yield metrics for each scheme to ensure they are within a reasonable range in the current market.

# 5 Market Commentary

#### 5.1 Market Overview

There has been a significant amount of momentum in the PRS market over the past few years and in this time, there has been a notable hardening in yields for schemes in good locations, close to transport links. There is however, a lack of transparency in the market until transactions have completed.

So far there has been a lack of stabilised transactions given the infancy the market has found itself in, although it looks as though they may become more commonplace. Traditionally, investors have entered the market through forward funding, this way they can have specific input into the design for BTR, but also due to the lack of available stabilised stock.

We understand there is a strong appetite with investors to expand their platforms and thus there is a significant amount of competition for appropriate sites, which, as an effect, should bringing the yields in. Despite the current market conditions, there have continued to be a number of enquiries about PRS/BTR properties and residential is viewed by many as a safer and more resilient asset class than others.

# 7 Bases of Valuation

Our valuations have been prepared in accordance with the RICS Red Book.

#### 7.1 Market Value

The basis of Market Value is defined in VPS 4.4 of the Red Book as follows:

"The estimated amount for which an asset or liability should exchange on the valuation date between a willing buyer and a willing seller in an arm's length transaction after proper marketing and where the parties had each acted knowledgeably, prudently and without compulsion."

Market Value subject to Tenancies is in accordance with the above definition, with the addition of the point below:

"That the properties would be subject to any secure or assured tenancies that may prevail, together with any other conditions or restrictions to which property may be subject."

# 7.2 Expenses

No allowance is made in our valuations for any expenses of realisation.

## 7.3 Tax

No allowance is made in our valuations for any liability for payment of Corporation Tax, or for any liability for Capital Gains Tax, whether existing or which may arise in the future.

Our MV-T valuations include Stamp Duty Land Tax ("SDLT") and fees on the assumed disposal at the end of the 10-year holding period. For the purposes of this exercise, our rates have been applied in accordance with the Chancellor's announcement on 8 July 2020 introducing a stamp duty 'holiday' with a 0% levy on all property purchases up to £500,000.

We anticipate that from 31 March 2021, SDLT will return to the sliding scale previously in place.

#### 7.4 VAT

Our valuations are exclusive of VAT on disposal.

# 8 Sources of Verification of Information

## 8.1 General

We have relied upon the description, tenancy type and current rental income provided to us by the Borrower and we have been unable to verify the accuracy of that data.

#### 8.2 Tenure

Unless otherwise stated in this Report, each Propco holds a freehold interest or long leasehold interest with not less than 80 years unexpired in respect of its properties. We confirm that there will be no material difference in the MV-T cashflow valuations between these two holding interests.

#### 8.3 Title

We have reviewed the certificates of title prepared by Devonshires Solicitors LLP (the "Certificates") and can confirm that our valuations fully reflect the disclosures contained therein.

In particular, in respect of each unit, we can confirm that (based on our review of the Certificates) the units can be disposed of on an unfettered basis (subject only to existing tenancies disclosed in the Certificates but not subject to any security interest, option of other encumbrance or to any restriction preventing or restricting its sale to or use by any person for residential use).

# 8.4 Nomination Agreements

Our valuations are prepared on the basis that there are no nomination agreements. If any nomination rights are found to be in existence, they are assumed not to be binding on a mortgagee in possession unless otherwise stated in this Report

# 8.5 Measurements/Floor Areas

We have not measured the properties, this being outside the scope of a valuation of a portfolio of this nature, unless otherwise stated in this Report.

However, where measurements have been undertaken, we have adhered to the RICS Code of Measuring Practice, 6th edition, except where we specifically state that we have relied on another source. The areas adopted are purely for the purpose of assisting us in forming an opinion of capital value. They should not be relied upon for other purposes nor used by other parties without our written authorisation.

Where floor areas have been provided to us, we have relied upon these and have assumed that they have been properly measured in accordance with the Code of Measuring Practice referred to above.

# 8.6 Structural Surveys

Unless expressly instructed, we do not carry out a structural survey, nor do we test the services and we, therefore, do not give any assurance that any property is free from defect. We seek to reflect in our valuations any readily apparent defects or items of disrepair, which we note during our inspection, or costs of repair which are brought to

our attention. Otherwise, we assume that each building is structurally sound and that there are no structural, latent or other material defects.

In our opinion the economic life of each property should exceed 50 years providing the properties are properly maintained.

## 8.7 Deleterious Materials

We do not normally carry out or commission investigations on site to ascertain whether any building was constructed or altered using deleterious materials or techniques (including, by way of example high alumina cement concrete, woodwool as permanent shuttering, calcium chloride or asbestos). Unless we are otherwise informed, our valuations are on the basis that no such materials or techniques have been used.

## 8.8 Site Conditions

We do not normally carry out or commission investigations on site in order to determine the suitability of ground conditions and services for the purposes for which they are, or are intended to be, put; nor do we undertake archaeological, ecological or environmental surveys. Unless we are otherwise informed, our valuations are on the basis that these aspects are satisfactory and that, where development is contemplated, no extraordinary expenses, delays or restrictions will be incurred during the construction period due to these matters.

## 8.9 Environmental Contamination

Unless expressly instructed, we do not carry out or commission site surveys or environmental assessments, or investigate historical records, to establish whether any land or premises are, or have been, contaminated. Therefore, unless advised to the contrary, our valuations are carried out on the basis that properties are not affected by environmental contamination. However, should our site inspection and further reasonable enquiries during the preparation of the valuation lead us to believe that the land is likely to be contaminated we will discuss our concerns with you.

## 8.10 Japanese Knotweed

Our inspections are for valuation purposes only and carried out on an external and internal sample basis only, therefore we cannot confirm whether invasive vegetation has been or is present on the site, our valuation assumes that none exists within the demise or proximity of any of the properties.

# 8.11 Energy Performance Certificates (EPCs)

We have not been provided with copies of any Energy Performance Certificates by the Borrower. The Energy Efficiency (Private Rented Property) (England and Wales) Regulations 2015 make it unlawful for landlords in the private rented sector to let properties that have an EPC rating of F or G, from 1 April 2018.

## 8.12 Market Rental Values

Our assessment of rental values is formed purely for the purposes of assisting in the formation of an opinion of MV-T and is generally on the basis of Market Rent, as defined in the "the Red Book". Such figures should not be used for any other purpose other than in the context of this valuation.

#### 8.13 Insurance

Unless expressly advised to the contrary we assume that appropriate cover is and will continue to be available on commercially acceptable terms.

# 8.14 Planning

We have prepared our valuations on the basis that each property exists in accordance with a valid planning permission.

# 8.15 The Equality Act

From our inspections the properties appear to comply with the requirements of the Equality Act 2010.

# 8.16 Outstanding Debts

In the case of property where construction works are in hand, or have recently been completed, we do not normally make allowance for any liability already incurred, but not yet discharged, in respect of completed works, or obligations in favour of contractors, subcontractors or any members of the professional or design team.

#### 8.17 Services

We do not normally carry out or commission investigations into the capacity or condition of services. Therefore, we assume that the services, and any associated controls or software, are in working order and free from defect. We also assume that the services are of sufficient capacity to meet current and future needs.

# 8.18 Plans and Maps

All plans and maps included in our Report are strictly for identification purposes only, and, whilst believed to be correct, are not guaranteed and must not form part of any contract. All are published under licence and may include mapping data from Ordnance Survey © Crown Copyright. All rights are reserved.

# 8.19 Compliance with Building Regulations and Statutory Requirements

Unless otherwise stated in our Report none of the properties are of 6 storeys or more or are subject to any remedial works in the wake of the Grenfell Tower disaster of June 2017. We have therefore assumed that the properties conform to the Fire Precaution Regulations and any other statutory requirements.
