## SUMMARY

*The information in this section does not purport to be complete and is qualified in its entirety by reference to the detailed information appearing elsewhere and related documents referred to in this Prospectus. Prospective investors are advised to carefully read, and should rely solely on, the detailed information appearing elsewhere and related documents referred to in this Prospectus in making any investment decision. Capitalised terms used, but not defined, in this section can be found elsewhere in this Prospectus, unless otherwise stated. A list of the pages on which these terms are defined is set out in the "Index of Defined Terms" in Appendix 2 to this Prospectus.*

## GENERAL

On the Closing Date, the Issuer will issue the Notes and will use the proceeds of such issuance to acquire from SG (in its capacity as the originator of the Whole Loan, the "**Originator**") its legal and beneficial interest in the Senior Loan, together with the Originator's beneficial interests (pursuant to the relevant security trust) in the related mortgage and other security (together, the "**Loan Security**").

The loan comprises a fully drawn term loan advanced by SG (the "**Whole Loan**") which has subsequently been divided and an intercreditor agreement (the "**Intercreditor Agreement**") has been entered into in respect of the Whole Loan. The senior loan part (the "**Senior Loan**") of the Whole Loan will be sold to the Issuer by SG as the senior lender (the "**Senior Lender**"). The other portion of the Whole Loan (the "**Junior Loan**") is held by a junior lender (the "**Junior Lender**" and, together with the Senior Lender, the "**Lenders**") and by virtue of the provisions in the Intercreditor Agreement, is subordinated to the Senior Loan.

Except where stated otherwise in respect of the Junior Loan, the information in this Prospectus regarding the loan relates to the Senior Loan only (the term "**Loan**" shall refer to the Senior Loan part of the Whole Loan only).

The Loan was made to Alban Gate Property Holdings (Jersey) Limited and Alban Gate Property Holdings (No.2) Limited (the "**Borrowers**" and individually a "**Borrower**") and, as at 1 June, 2006 (the "**Cut-Off Date**"), the Loan had an outstanding aggregate principal amount of £229,149,353.45. However, the outstanding aggregate principal amount of the Loan on the Closing Date may, as a result of any voluntary prepayment of the Loan prior to the Closing Date, be lower (see "**Risk Factors – Changes to the Loan**" below). The Borrowers each acknowledge and confirm that the obligations and liabilities of each of them in respect of the Loan are joint and several. Accordingly, whilst one of them may make payments, they shall each be jointly and severally liable therefor whether or not such liability is specifically referred to in the Credit Agreement.

The Loan Security for the Whole Loan is held by SG as loan security trustee (the "**Loan Security Trustee**"), on trust for, amongst others, the Senior Lender (and, upon completion of such acquisition, the Issuer). It is anticipated that on or around the Closing Date, ABN AMRO Trustees Limited will be appointed as the Loan Security Trustee in respect of the Whole Loan in place of SG.

<b>Borrowers</b>	<b>Balance as at Cut-Off Date</b>	<b>Legal Maturity</b>	<b>Cut-Off Date Interest Cover Ratio</b>	<b>Cut-Off Date LTV Ratio</b>
Alban Gate Property Holdings (Jersey) Limited and Alban Gate Property Holdings (No.2) Limited	£229,149,353.45	1 October, 2010	1.51	71.83 per cent.

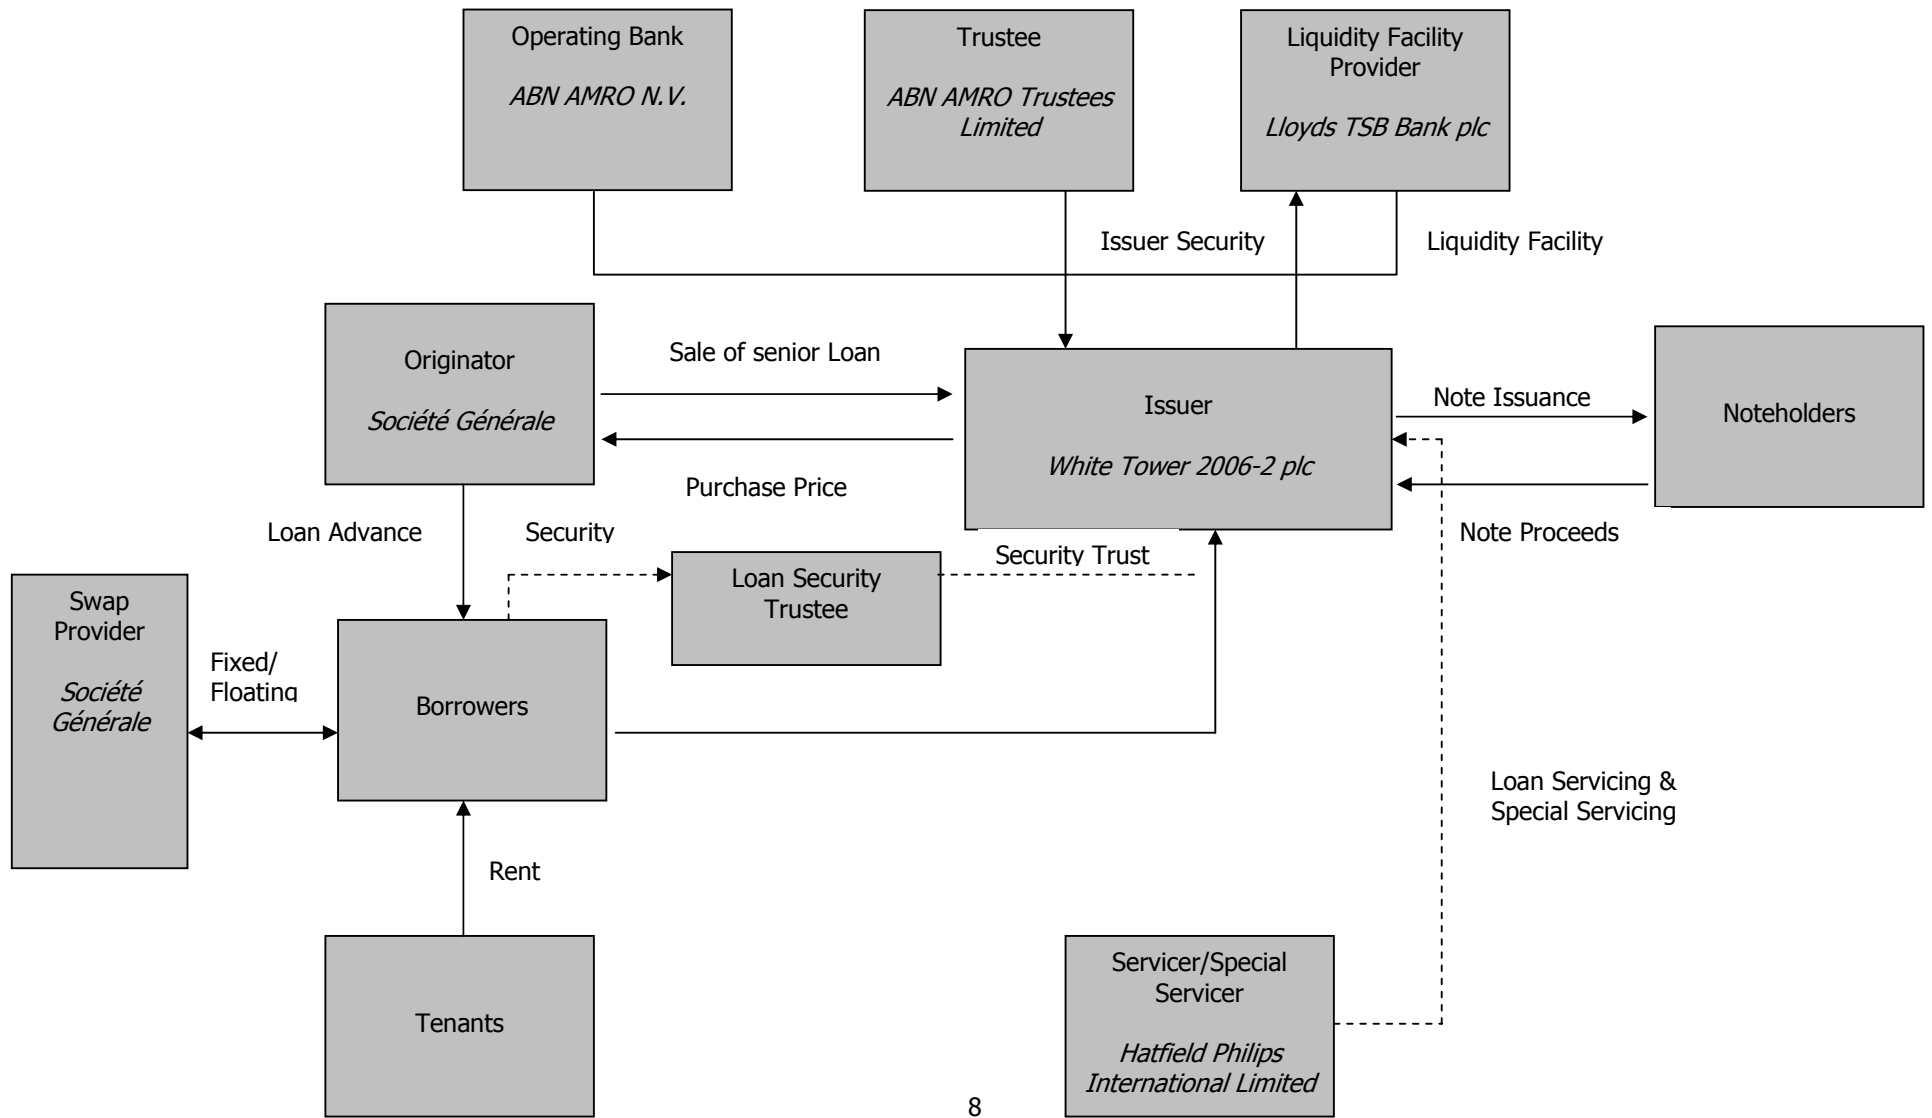

The Loan is evidenced by a credit agreement (as amended and restated) (the "**Credit Agreement**") which is governed by English law. The Loan provides for the Borrowers to pay a floating rate of interest (although the Borrowers are obliged pursuant to the Credit Agreement to enter into hedging arrangements). The Loan is denominated in sterling, is an obligation of the Borrowers and is secured by a first legal mortgage (the "**Mortgage**") over a commercial office property given by Ogier Trustee (Guernsey) Limited and Ogier Corporate Services (Guernsey) Limited (acting in such capacity, the "**Mortgagors**"), each in their capacity as a trustee of the Alban Gate Unit Trust (acting in such capacity, the "**Trustees**").

In accordance with the Credit Agreement and the Intercreditor Agreement, on any Loan interest payment date, monies standing to the credit of the rent account shall be paid to the Senior Lender before any payments are made under the Junior Loan. The Property charged by way of security for the Loan is Alban Gate, 125 London Wall, London EC2 (the "**Property**"), which is leased to JPMorgan Chase Bank, N.A. until 25 March, 2025 without a tenant break option.

For further information with regard to the Property, see "*The Borrowers/Mortgagors*" on page 50 below.

The obligations of the Issuer under the Notes to the Noteholders and to the other secured parties will be secured pursuant to a deed of charge and assignment governed by English law. The Issuer will create in favour of the Trustee, amongst other things, (a) an assignment by way of security of the Loan and the Issuer's rights under the Credit Agreement; (b) an assignment by way of security of the Issuer's beneficial interest in the Loan Security; (c) an assignment by way of security of the Issuer's rights under certain contracts and agreements entered into in connection with the issuance of the Notes; (d) an assignment by way of security of the Issuer's interests in the Issuer Transaction Account, the Stand-by Account and Cash Investment Account and certain other accounts in which the Issuer may place and hold cash; (e) a charge over any other Eligible Investments from time to time held by or on behalf of the Issuer; and (f) a floating charge over the whole of the undertaking and assets of the Issuer (other than those assets that are otherwise secured by way of an effective fixed security interest).

The Loan was originated by the Originator in accordance with the procedure described in "*The Loan and the Loan Security*" below as applied by the Originator in advancing loans subject to such variations or waivers as would have been acceptable to a reasonably prudent lender of money secured on commercial property.

The following is a summary of certain characteristics of the Loan:

Size of Loan at Cut-Off Date	£229,149,353.45
Minimum Term to maturity	4.34 years
Cut-Off Date loan rate	5.22 per cent.
Cut-Off Date ICR	1.51 per cent.
Cut-Off Date LTV	71.83 per cent.

See further "*The Loan*" below.

**Valuations:**

In relation to the Loan, prior to making the initial advance, the Originator obtained an independent valuation of the Property charged as security as a condition precedent to the making of the advance to the Borrowers (a "**Valuation**"). No further independent valuation of the Property will be obtained for this transaction before the Closing Date and accordingly all references in this Prospectus to valuations (including LTVs and property values) are references to the Valuation.

If the Borrowers make a voluntary prepayment of the Whole Loan early, the amounts shall be applied *pari passu* and *pro rata* to repay the Senior Lender and the Junior Lender.

On any Loan Interest Payment Date, monies received in relation to the Property and standing to the credit of the Borrowers' Rent Account shall be paid to the lenders of, and hedging provider to, the Senior Loan before any payments are made under the Junior Loan (see however "*The Intercreditor Agreement*" below).

**Hedging Arrangements:**

The Borrowers have, in order to provide additional support for its obligations to pay interest under the Whole Loan made to it, entered into separate hedging arrangements until the Final Maturity Date (the "**Loan Swap Agreements**") for the Whole Loan whereby the hedging swap provider has agreed to pay sums to the Borrowers based on a floating rate of interest in return for obligations on the Borrowers to pay to the hedging provider sums based on a fixed rate of interest. The hedging provider is Société Générale, acting through its principal office at 41 Tower Hill, London EC3N 4SG (the "**Loan Swap Counterparty**") (see "*The Loan and the Loan Security - Credit Agreement - Hedging Arrangements*" and "*The Intercreditor Agreement*" below).

**Representations and Warranties:**

The Loan Sale Agreement contains certain warranties given by the Originator in respect of the Loan and the Loan Security which are summarised in "*The Loan and the Loan Security — Acquisition of the Loan — Representations and Warranties*". The Originator will be required (should the Issuer exercise this right), in the case of a material breach of any such warranty, which (if capable of remedy) has not been remedied within the time specified in the Loan Sale Agreement, to repurchase the Loan, together with the beneficial interest in the Loan Security. The consideration for such repurchase shall be the principal amount of the Loan together with an amount in respect of interest

accrued on the Loan (including interest accrued but not yet paid and also any costs or expenses associated with the securitisation of the Loan) up to (but excluding) the date of completion of such repurchase. Any such repurchase would result in redemption of the Notes in accordance with Condition 5(b) of the Terms and Conditions of the Notes.

**The Loan Security:**

As security for the obligations of the Borrowers under the Credit Agreement the following security has been granted in favour of the Loan Security Trustee in relation to the Loan:-

- (g) an intercreditor agreement between the Lenders, the Borrowers, the Mortgagors and the Loan Swap Counterparty regulating the priority of monies received in respect of the Property and the Loan Swap Agreement (the "**Intercreditor Agreement**"); and
- (h) security over the two underleases on the Property underlet by JPMorgan Chase Bank, N.A. and the income derived therefrom.

The Account Charge, Debentures, Intercreditor Agreement, Legal Mortgage, Share Charges, Unit Charges and the Subordination Agreement and security over the two underleases on the Property together with any other security securing the obligations of the Borrowers under the Loan, are referred to in this Prospectus as the "**Loan Security**".

**Further Advances:**

The Issuer is not required to make any further advance to the Borrowers pursuant to the Credit Agreement. Neither the Servicer nor the Special Servicer is permitted under the Servicing Agreement to agree to an amendment of the terms of the Loan that would require the Issuer to make a further advance to the Borrowers, unless the Issuer has agreed and written confirmation is received from at least one Rating Agency (and in any case from S&P) that the ratings of the Notes will not be adversely affected.

**Insurance:**

The Property is covered by a buildings insurance policy currently insured in the joint names of the superior landlord and the Mortgagors.

For a more detailed description of the insurance arrangements and the related risks see "*Risk Factors — Factors Relating to the Loan — Insurance*" and "*The Loan and the Loan Security — Insurance*".

**Unit Trust:**

The Property is held by Mortgagors in their capacity as trustees of the Alban Gate GPUT, a unit trust constituted under the laws of the Island of Guernsey pursuant to a trust instrument dated 27 October, 2005. Its only asset is the Property which was transferred to it on 27 October, 2005. For further information relating to the Alban Gate GPUT see "*The Borrowers/Mortgagors*" below.

The Permanent Global Notes will be exchangeable for notes in definitive form ("**Definitive Notes**") of the same class only in certain limited circumstances.

The Notes will be in the specified denomination of £50,000 and, for so long as the Notes are represented by Global Notes and the rules of Euroclear and Clearstream, Luxembourg so permit, the Notes shall be tradeable only in minimum nominal amounts of £50,000.

If Definitive Notes are required to be issued, they will be issued and printed in the denomination of £50,000.

The Trust Deed will contain provisions requiring the Trustee to have regard to the interests of the holders of the Class A Notes (the "**Class A Noteholders**"), the holders of the Class B Notes (the "**Class B Noteholders**"), the holders of the Class C Notes (the "**Class C Noteholders**"), the holders of the Class D Notes (the "**Class D Noteholders**") and the holders of the Class E Noteholders (the "**Class E Noteholders**") and, together with the Class A Noteholders, the Class B Noteholders, the Class C Noteholders and the Class D Noteholders, the "**Noteholders**", but where there is, in the Trustee's opinion, a

conflict between such interests, the Trustee will be required to have regard to only the interests of the holders of the Most Senior Class of Notes then outstanding. Certain classes of Noteholders are restricted in their ability to pass Extraordinary Resolutions.

**Limited Resources of the Issuer:**

The ability of the Issuer to meet its obligations under the Notes will depend on the receipt by it of principal and interest from the Borrowers under the Loan. If timely payment under the Loan is not made in full on a Loan Interest Payment Date, the Issuer will also have available to it (subject to satisfaction of the conditions for drawing) drawings under the Liquidity Facility Agreement and a Cash Reserve to fund payments in respect of certain expenses and interest on the Notes. Other than the foregoing, prior to the enforcement of the Issuer Security, the Issuer is not expected to have any other funds available to it to meet its obligations under the Notes or its obligations in respect of any payments ranking in priority to the Notes.

**Security for the Notes:**

The obligations of the Issuer to the Noteholders and to each of the Servicer, the Special Servicer, the Trustee, the Corporate Services Provider, the Principal Paying Agent, the Irish Paying Agent, the Cash Manager, the Liquidity Facility Provider, the Agent Bank and the Operating Bank (all of such persons or entities being, collectively, the "**Secured Parties**") will be secured by and pursuant to a deed of charge and assignment (the "**Deed of Charge and Assignment**") to which the Issuer is a party governed by English law and to be entered into on the Closing Date.

The Issuer will create, amongst other things, the following security under the Deed of Charge and Assignment (the "**Issuer Security**"):

- (i) an assignment by way of security of the Issuer's right, title, interest and benefit, present and future, in, under and to the Loan, Loan Security and the Transaction Documents;
- (ii) a first fixed charge over all of the Issuer's right, interest and benefit, present and future, in, and under the Eligible Investments, together with all interest accruing from time to time on the Eligible Investments and the debts represented by the Eligible Investments and the benefit of all covenants relating to the Eligible Investments and all powers and remedies for enforcing the same;
- (iii) an assignment by way of security of the Issuer's interests in the Issuer's Accounts, from time to time; and
- (iv) a charge with full title guarantee by way of first floating charge over the whole of the undertaking and all the property and assets whatsoever and wheresoever, present and future, save in so far as the same is effectively charged by way of fixed charge or otherwise effectively transferred or assigned by way of security.

The Issuer expects that an appointment of an administrative receiver by the Trustee under the Deed of Charge and Assignment will not be prohibited by Section 72A of the Insolvency Act 1986 as the appointment would fall within the exception set out under Section 72B of the Insolvency Act 1986 (First exception: capital market).

Upon enforcement of the Issuer Security, the amounts payable to the Secured Parties (other than the Noteholders) will rank higher in priority to payments of principal of or interest on the Notes, except for amounts owed to the Originator under the Loan Sale Agreement and, in the case of the Liquidity Facility Provider, any amounts due to it as described in

item (vii) of "*Cash Flows — Payments paid out of the Issuer Transaction Account- Post-Enforcement of the Notes*".

The Issuer will further create security under the Deed of Charge and Assignment in favour of the Trustee on trust for itself and for the benefit of the Liquidity Facility Provider consisting of a first fixed charge over the Issuer's right, interest and benefit, present and future, in and under the Stand-by Account.

**Priority of Payments:**

Prior to the service of a Note Enforcement Notice by the Trustee, the Issuer will, on each Interest Payment Date, apply Available Interest Receipts in accordance with the relevant priority of payments set out in "*Cash Flows – Payments out of the Issuer Transaction Account – Application of Available Interest Receipts*".

Prior to the service of a Note Enforcement Notice by the Trustee, the Issuer will, on each Interest Payment Date, apply Borrower Principal Receipts in accordance with the relevant priority of payments set out in "*Cash Flows – Payments out of the Issuer Transaction Account – Priority Amounts*".

Following the service of a Note Enforcement Notice by the Trustee declaring the Notes to be due and payable, the Trustee shall apply funds, to the extent such funds are available, in accordance with the priority of payments set out in "*Cash Flows - Payments out of the Issuer Transaction Account – Post Enforcement of the Notes*".

The Notes will be full recourse obligations of the Issuer. The payment of principal and interest by the Borrowers under the Loan will be the principal source of funds for the Issuer to make repayments of principal and payments of interest in respect of the Notes. The Issuer will not as of the Closing Date have any significant assets other than the Loan, its interest in the Loan Security and its rights under any of the documents listed under items (ii) and (iii) of paragraph 8 of "*General Information*" (the "**Transaction Documents**") to which it is a party. Consequently, the Noteholders (or the holders of certain classes of Notes) may in certain circumstances receive by way of principal repayment an amount less than the face value of the Notes upon issuance and the Issuer may be unable to pay interest in full on the Notes (or certain classes of Notes).

**Interest:**

Interest will be payable on the Principal Amount Outstanding of each Note quarterly in arrear on the 10<sup>th</sup> day in January, April, July and October in each year (with the exception of the Interest Payment Date in October 2010 when interest will be payable on 1 October 2010) or, if such day is not a Business Day, the next following Business Day (unless such Business Day falls in the next succeeding calendar month, in which event the immediately preceding Business Day) (each an "**Interest Payment Date**"). The first Interest Payment Date in respect of each class of Notes will be the Interest Payment Date falling on 10 October, 2006.

The interest rate applicable to the Notes from time to time will be determined by reference to the London interbank offered rate ("**LIBOR**") for three month sterling deposits (or, in the case of the first Interest Period, the linear interpolation of 2 and 3 month sterling deposits and in the case of the Interest Period ending in October 2010, the linear interpolation of 2 and 3 month sterling deposits and in the case of the Interest Period ending in January 2011, the linear interpolation of 3 and 4 month sterling deposits determined by the Agent Bank) plus, in each case, the Relevant Margin.

The margins applicable to each class of Notes will be as follows (each a "**Relevant Margin**"):

***Class Relevant Margin***

- A 0.19 per cent. per annum;
- B 0.23 per cent. per annum;
- C 0.26 per cent. per annum;
- D 0.48 per cent. per annum; and
- E 0.77 per cent. per annum.

Interest on the Notes will be calculated on the basis of actual days elapsed and a 365 day year (or, in the case of a leap year, 366).

Failure by the Issuer to pay interest on the Most Senior Class of Notes when due and payable may result in the Trustee enforcing the Issuer Security. To the extent that funds available to the Issuer on any Interest Payment Date, after paying interest then due and payable on the Most Senior Class of Notes then outstanding, are insufficient to pay in full interest otherwise due on any one or more classes of junior ranking Notes then outstanding, the shortfall in the amount then due will not be paid on such Interest Payment Date but will be paid on the earlier of (a) any subsequent Interest Payment Date if cashflow is available after the Issuer's other higher priority liabilities have been discharged and (b) the date on which the relevant Notes are due to be redeemed in full. A cash reserve of 175,000 will be established for the purpose of making payments to any relevant Class of Noteholders if an interest shortfall should occur in respect of the applicable Class of Notes due to the repayment of the Loan in full or in part. The cash reserve has been sized in order to cover the most adverse prepayment of the Loan in full.

**Withholding Tax:**

All payments in respect of the Notes will be made without withholding or deduction for or on account of any present or future taxes, duties or charges unless the Issuer or a Paying Agent is required by applicable law to make any such payment subject to any such withholding or deduction. In that event, the Issuer or the Paying Agent will make any relevant payments after such withholding or deduction has been made. In such circumstances, neither the Issuer nor any other party will be obliged to pay an additional amount as a consequence.

**Principal Amount Outstanding:**

The "**Principal Amount Outstanding**" on any day means:

- (a) in relation to a Note, the original principal amount of that Note upon issue less the aggregate amount of any principal payments in respect of that Note which have become due and payable (and been paid) on or prior to that day; and
- (b) in relation to a class, the aggregate of the amount in (a) in respect of the Notes outstanding in such class; and
- (c) in relation to the Notes outstanding at any time, the aggregate of the amount in (a) in respect of all Notes outstanding, regardless of class.

**Legal Final Maturity:**

Unless previously redeemed, the Notes will be redeemed at their Principal Amount Outstanding together with accrued interest on the Interest Payment Date falling in October 2013.

**Mandatory Partial Redemption:**

Prior to the service of a Note Enforcement Notice, the Notes will be subject to redemption in part on each Interest Payment Date in accordance with the Pre-Enforcement Principal Priority of Payments.

**Optional Redemption:**

The Issuer may on an Interest Payment Date, at its option, redeem all, but not some only, of the Notes at their Principal Amount Outstanding together with accrued interest in the event:

- (a) the Issuer at any time satisfies the Trustee that either (i) by virtue of a change in the tax law of the United Kingdom or any other jurisdiction (or the application or official interpretation of such law) from that in effect on the Closing Date, on the next Interest Payment Date the Issuer or any Paying Agent on its behalf would be required to deduct or withhold from any payment of principal or interest in respect of any Note (other than where the relevant holder or beneficial owner has some connection with the relevant jurisdiction other than the holding of Notes) (other than in respect of default interest) any amount for or on account of any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by the relevant jurisdiction (or any political sub-division or authority of that relevant jurisdiction having power to tax) and such requirement cannot be avoided by the Issuer taking reasonable measures available to it, or (ii) by virtue of a change in law from that in effect on the Closing Date, any amount payable by the Borrowers in relation to the Loan is reduced or ceases to be receivable (whether or not actually received). The Issuer must certify to the Trustee that it will have the necessary funds on the relevant Interest Payment Date to discharge all of its liabilities in respect of the Notes to be redeemed; or
- (b) the aggregate principal outstanding balance of the Loan is less than 10 per cent. of the aggregate principal outstanding balance of the Loan as at the Closing Date.

**Ratings:**

The Notes are, upon issue, expected to be rated by Standard & Poor's Ratings Services, a division of The McGraw-Hill Companies, Inc. ("S&P") and Moody's Investors Service Limited ("Moody's" and, together with S&P, the "Rating Agencies") as follows:

<b>Class</b>	<b>S&amp;P</b>	<b>Moody's</b>
A	AAA	Aaa
B	AAA	Aa2
C	AA	Aa3
D	A	A1
E	BBB	A1

**A security rating is not a recommendation to buy, sell or hold securities and may be subject to revision, suspension or withdrawal at any time by one or more of the assigning Rating Agencies. The ratings from the Rating Agencies only address the likelihood of timely receipt by any Noteholder of interest on the Notes and the likelihood of receipt by any Noteholder of principal in respect of the Notes by the Legal Final Maturity and do not address the likelihood of receipt by any Noteholder of principal prior to the Legal Final Maturity. Furthermore, the ratings on the Notes only address the credit risks associated with the underlying transaction and do not address the non-credit risks which may have a significant effect on the receipt by Noteholders of interest and principal.**

The ratings of the Notes are dependent upon, among other things, the short term unsecured, unguaranteed and unsubordinated debt ratings of the Liquidity Facility Provider. Consequently, a qualification,

downgrade or withdrawal of any such rating by a Rating Agency may have an adverse effect on the ratings of the Notes.

**Transfer Restrictions:**

Subject to applicable laws and regulations, there are no transfer restrictions in respect of the Notes.

**Listing:**

Application has been made to the IFSRA, as competent authority under the Prospectus Directive, for the Prospectus to be approved. Application has been made to the Irish Stock Exchange for the Notes to be admitted to the Official List and trading on its regulated market.

**Governing Law:**

The Notes will be governed by English law.

## CASH FLOWS

The payment of principal and interest by the Borrowers in respect of the Loan will provide the principal source of funds for the Issuer to make repayments of principal and payments of interest in respect of the Notes.

### Funds paid into the Issuer Transaction Account

Amounts standing to the credit of the Issuer Transaction Account are referable to, amongst other things, the following sources:

- (a) "*Borrower Interest Receipts*", comprising all payments of interest, fees, breakage costs, expenses, commissions and other sums (other than principal) paid by the Borrowers in respect of the Loan, including recoveries of such amounts on enforcement of the Loan and its related Mortgage and Loan Security;
- (b) "*Amortisation Funds*", comprising principal received by the Issuer (including any cash sweeps collected) in respect of the Loan and Loan Security on a scheduled payment date and in accordance with the terms of the Credit Agreement and the Intercreditor Deed;
- (c) "*Prepayment Redemption Funds*", comprising all payments in respect of principal received as a result of (i) any prepayment in part or in full of the Loan; (ii) the repurchase of the Loan by the Originator pursuant to the Loan Sale Agreement; or (iii) the aggregate amount of Available Interest Receipts payable pursuant to item (vi) of "*Payments out of the Issuer Transaction Account – Pre-Enforcement Interest Priority of Payments*";
- (d) "*Final Redemption Funds*", comprising all principal payments received as a result of the repayment of the Loan upon its scheduled final maturity date; and
- (e) "*Principal Recovery Funds*", comprising all amounts recovered in respect of principal of the Loan as a result of the enforcement of the Loan and its related Mortgage and Loan Security.

### Payments out of the Issuer Transaction Account

#### (a) *Priority Amounts*

The Issuer shall, prior to the service of a Note Enforcement Notice by the Trustee, out of Borrower Interest Receipts and, where Borrower Interest Receipts are insufficient, out of the aggregate of Amortisation Funds, Prepayment Redemption Funds, Final Redemption Funds and Principal Recovery Funds (such aggregate amount comprising the "**Borrower Principal Receipts**"), pay sums due to third parties (other than the Servicer, the Liquidity Facility Provider (in respect of any Senior Expenses Drawing (see "*Credit Structure – 3. Liquidity Facility – Repayment of Senior Expenses Drawing*")), the Originator (other than as specified below), the Special Servicer, the Corporate Services Provider, the Trustee, the Paying Agents, the Agent Bank, the Cash Manager or the Operating Bank), including the Liquidity Facility Provider (in respect of any Loan Swap Advances (see "*Credit Structure – 3. Liquidity Facility – Repayment of Loan Swap Advance*")), the

Borrowers (as a consequence of any early transfer of the balance of the Rent Account into the Tranching Account prior to an Interest Payment Date (see "*Cash Management*")) and the Issuer's liability, if any, to corporation tax and/or value added tax, on a date other than an Interest Payment Date under obligations incurred in the course of the Issuer's business, including any amounts payable by the Issuer to the Originator pursuant to the Loan Sale Agreement (other than amounts forming a part of Deferred Consideration).

Priority Amounts payable to the Originator are either (a) amounts that accrued under the Loan prior to the Closing Date, which do not belong to the Issuer; and/or (b) where there has been a breach of warranty under the Loan and the Originator has repurchased the Loan, any moneys subsequently received by the Issuer in respect of the Loan which do not belong to the Issuer.

(b) *Application of Available Principal*

The Cash Manager shall, on the basis of information provided to it by the Servicer, calculate on each Calculation Date in respect of the Collection Period then ended, the amount of Available Amortisation Funds, Available Prepayment Funds, Available Redemption Funds and Available Principal Recovery Funds less any amount deducted from such funds for the purpose of paying Liquidation Fees and/or Workout Fees (together, "**Available Principal**").

On each Interest Payment Date, prior to the service of a Note Enforcement Notice by the Trustee, the Issuer will apply Available Principal to make the following payments in the following order of priority (the "**Pre-Enforcement Principal Priority of Payments**") (in each case only if and to the extent that payments of a higher priority have been paid in full):

- (i) in paying principal on the Class A Notes until all the Class A Notes have been redeemed in full;
- (ii) in paying principal on the Class B Notes until all the Class B Notes have been redeemed in full;
- (iii) in paying principal on the Class C Notes until all the Class C Notes have been redeemed in full;
- (iv) in paying principal on the Class D Notes until all the Class D Notes have been redeemed in full; and
- (v) in paying principal on the Class E Notes until all the Class E Notes have been redeemed in full.

(c) *Application of Available Interest Receipts*

Available Interest Receipts will on any Interest Payment Date be comprised of the following:

- (a) all payments of interest, fees, breakage costs, if any, expenses, commissions and other sums (in each case including recoveries in respect of such amounts on enforcement of the Loan or Loan Security) paid by Borrowers in respect of the Loan or the Loan Security (other than any payments in respect of principal) during the Collection Period ended immediately before such Interest Payment Date (the "**Relevant Collection Period**") (net of any Borrower Interest Receipts applied during such Collection Period in payment of any of the Priority Amounts);
- (b) the proceeds of any Eligible Investments and any interest accrued upon the Issuer's Accounts and paid into the Issuer Transaction Account;
- (c) any advances made (or to be made if necessary) under the Liquidity Facility Agreement in respect of a Senior Expenses Drawing and/or any Loan Swap Advance;
- (d) any amount deducted from Principal Recovery Funds for the purpose of paying Liquidation Fees and any amount deducted from Amortisation Funds, Final Redemption Funds and Prepayment Redemption Funds for the purpose of paying Workout Fees; and
- (e) all other monies received by the Issuer in respect of the Relevant Collection Period and treated as being of a revenue nature,

(in the case of sums referred to in (a),(b),(d) and (e) being such amounts received during the Relevant Collection Period and in the case of sums referred to in (c) being such amounts received on the Calculation Date in the case of a Loan Swap Advance or on the relevant Interest Payment Date in the case of a Senior Expenses Drawing) (such amounts being collectively the "**Available Interest Receipts**" in respect of such Interest Payment Date) will be applied in the following order of priority (the "**Pre-Enforcement Interest Priority of Payments**") (in each case only if and to the extent that the payments and provisions of a higher priority have been paid in full), all as more fully set out in the Deed of Charge and Assignment;

- (i) in or towards payment or discharge of any amounts due and payable by the Issuer on such Interest Payment Date to:

(A) *pro rata* and *pari passu*, the Trustee and any receiver appointed under the Deed of Charge and Assignment; then

(B) *pro rata* and *pari passu*, any amounts due and payable by the Issuer to (a) the Paying Agents and the Agent Bank under the Agency Agreement, (b) the Cash Manager under the Cash Management Agreement, (c) the Operating Bank under the Cash Management Agreement, (d) the Corporate Services Provider under the Corporate Services Agreement, (e) the Servicer and the Special Servicer (including any amounts due to the Special Servicer in respect of the Special Servicing Fee, any Liquidation Fee and any Workout Fee) pursuant to the Servicing Agreement and (f) the Liquidity Facility Provider under the Liquidity Facility Agreement other than in respect of a Liquidity Subordinated Amount; and then

- (ii) in or towards payment or discharge of sums due to third parties (other than payments made to any third party as described in "*Priority Amounts*" above) under obligations incurred in the Issuer's business, including provision for any such obligations expected to come due in the following Interest Period and the payment of the Issuer's liability (if any) to value added tax and to corporation tax;
- (iii) in or towards payment or discharge of interest due and interest overdue (and any interest due on such overdue interest) on the Class A Notes;
- (iv) in or towards payment or discharge of interest due and interest overdue (and any interest due on such overdue interest) on the Class B Notes;
- (v) in or towards payment or discharge of interest due and interest overdue (and any interest due on such overdue interest) on the Class C Notes;
- (vi) in or towards payment or discharge of interest due and interest overdue (and any interest due on such overdue interest) on the Class D Notes;
- (vii) in or towards payment or discharge of interest due and interest overdue (and any interest due on such overdue interest) on the Class E Notes;
- (viii) in or towards payment or discharge of any amounts (i) in respect of increased costs, mandatory costs or tax gross up amounts payable to the Liquidity Facility Provider to the extent that such increased costs, mandatory costs or tax gross up amounts payable to the Liquidity Facility Provider exceed 0.25 per cent. per annum of the commitment provided under the Liquidity Facility Agreement; and/or (ii) in respect of any increase in the commitment fee payable to the Liquidity Facility Provider as a result of the imposition of increased costs directly attributable to the implementation of the Capital Requirements Directive to the extent that such increase exceeds 0.25 per cent. per annum of the commitment provided under the Liquidity Facility Agreement (the amounts owing under this item (vii) being together the

"Liquidity Subordinated Amount" in respect of such Interest Payment Date);

- (ix) in repaying principal on the Most Senior Class of Notes then outstanding in an amount equal to the amount of the Borrower Principal Receipts previously applied by the Issuer towards the payment of Priority Amounts less the amount of Available Interest Receipts previously applied on an Interest Payment Date in accordance with this item (ix);
- (x) in or towards payment or discharge of those parts of Deferred Consideration described in (a) and (b) of "*The Loan and the Loan Security – Acquisition of the Loan – Consideration*"; and
- (xi) any surplus to the Issuer.

**Payments out of the  
Issuer Transaction Account -  
Post-Enforcement of the Notes**

The Issuer Security will become enforceable upon the Trustee delivering a Note Enforcement Notice. Following enforcement of the Issuer Security by the Trustee declaring the Notes to be due and payable, the Trustee shall, to the extent that such funds are available, make payments in the following order of priority (the "**Post-Enforcement Priority of Payments**") (in each case only if and to the extent that the payments of a higher priority have been paid in full), and subject to applicable law:

- (i) *pro rata* (a) the remuneration payable to the Trustee and any costs, charges, liabilities and expenses (plus value added tax, if any) incurred by it under the provisions of or in connection with any of the Transaction Documents (including any amounts paid in respect of indemnity protection); (b) all amounts payable to any receiver or other similar agent of the Issuer appointed under the Deed of Charge and Assignment;
- (ii) *pro rata* and *pari passu*, any amounts due and payable by the Issuer to (a) the Paying Agents and the Agent Bank under the Agency Agreement; (b) the Cash Manager and the Operating Bank under the Cash Management Agreement; (c) the Corporate Services Provider under the Corporate Services Agreement; (d) the Servicer or Special Servicer under the Servicing Agreement and all fees, costs and expenses and other sums (if any) payable to any substitute servicer or special servicer; (e) to the Liquidity Facility Provider under and in accordance with the Liquidity Facility Agreement (other than in respect of a Liquidity Subordinated Amount);
- (iii) all amounts payable on the Class A Notes;
- (iv) all amounts payable on the Class B Notes;
- (v) all amounts payable on the Class C Notes;
- (vi) all amounts payable on the Class D Notes;

- (vii) all amounts payable on the Class E Notes;
- (viii) to the Liquidity Facility Provider in respect of a Liquidity Subordinated Amount under and in accordance with the Liquidity Facility Agreement;
- (ix) any Deferred Consideration; and
- (x) the surplus (if any) to the Issuer or any other person entitled to the surplus.

The Liquidity Facility Provider will receive any monies owed to it in relation to an outstanding Loan Swap Advance upon the delivery of a Note Enforcement Notice prior to the Trustee making any payments in accordance with the Post-Enforcement Priority of Payments if such Note Enforcement Notice has been delivered in respect of an Event of Default which is not related to an insolvency matter concerning the Issuer in accordance with Condition 10(a) (iii), (iv) and/or (v) of the Notes. Where an insolvency matter has occurred concerning the Issuer in accordance with Condition 10(a) (iii), (iv) and/or (v) of the Notes, such amounts due to the Liquidity Facility Provider in relation to an outstanding Loan Swap Advance will be paid in accordance with the Post-Enforcement Priority of Payments.

Upon enforcement of the Issuer Security, the Trustee will have recourse only to the rights of the Issuer to the Loan and the Loan Security and all other assets constituting the Issuer Security. Other than (a) as provided in the Loan Sale Agreement for material breach of warranty in relation to the Loan and, in certain limited circumstances, the Loan Security (as to which, see further "*The Loan and the Loan Security — Representations and Warranties*") and breach of other provisions specified in the Loan Sale Agreement, and (b) in relation to the Servicing Agreement and the Subscription Agreement for breach of the obligations of the Originator, the Issuer and/or the Trustee will have no recourse to the Originator.

The terms on which the Issuer Security will be held will provide that, upon enforcement, certain payments (including all amounts payable to any receiver and the Trustee, all amounts due to the Servicer, the Special Servicer, the Corporate Services Provider, the Operating Bank, the Paying Agents, the Agent Bank and all payments due to the Liquidity Facility Provider under the Liquidity Facility (other than in respect of any Liquidity Subordinated Amount specified in "*Application of Available Interest Receipts*") will be made in priority to payments in respect of interest and principal on the Class A Notes. Upon enforcement of the Issuer Security, all amounts owing to the Class A Noteholders will rank higher in priority to all amounts owing to the Class B Noteholders, all amounts owing to the Class B Noteholders will rank higher in priority to all amounts owing to the Class C Noteholders and all amounts owing to the Class C Noteholders will rank higher in priority to all amounts owing to the Class D Noteholders.

If the Trustee determines, in its sole opinion and discretion, that all amounts outstanding under the Notes have become due and payable, all available funds have been distributed, and that there is no reasonable likelihood of there being any further realisations (whether arising from an enforcement of the Issuer Security or otherwise) available to pay amounts outstanding under the Notes, PECO will have the option to purchase all Notes then outstanding for a consideration of one penny in respect of each Note (a "**Post-Enforcement Call Option**") (see "*PECO*" and Condition 6 below).

## **RISK FACTORS**

*The following is a summary of certain issues of which prospective Noteholders should be aware, but it is not intended to be exhaustive and prospective Noteholders should also read the detailed information set out elsewhere in this document and review the related documents referred to herein and reach their own views prior to making any investment decision.*

### **FACTORS RELATING TO THE LOAN**

#### **Default by Borrowers**

The ability of the Issuer to meet its obligations under the Notes will be dependent on the receipt by it of funds from the Borrowers under the Loan and the Loan Security and, where necessary and applicable, the Liquidity Facility under the Liquidity Facility Agreement. If, on default by the Borrowers and following the exercise by the Servicer or the Loan Security Trustee, as the case may be, of all available remedies in respect of the Loan, the Issuer does not receive the full amount due from the Borrowers, then Noteholders (or the holders of certain classes of Notes) may receive by way of principal repayment an amount less than the face value of their Notes and the Issuer may be unable to pay interest due on the Notes in full. The Issuer does not guarantee or warrant full and timely payment by the Borrowers of any sums.

The Credit Agreement contains provisions requiring the Borrowers to make a final repayment of principal on the Final Maturity Date. The Borrowers' ability to repay the Loan on the Final Maturity Date will be dependent upon their ability to refinance the Loan or the Borrowers' ability to sell the Units or Mortgages' ability to sell the Property providing security for the Loan. None of the Borrowers, the Issuer or the Originator is under any obligation to provide any such refinancing and there can be no assurance that the Borrowers would be able to refinance the Loan or that the Borrowers or Mortgages would be able to sell the Property.

Failure by the Borrowers to refinance the Loan or by the Borrowers or Mortgages to sell the Property at final maturity may result in the Borrowers defaulting on the Loan. In the event of such a default, the Noteholders, or the holders of certain classes of Notes, may receive by way of principal repayment an amount less than the face value of their Notes and the Issuer may be unable to pay interest due on the Notes in full.

An insolvency of the Borrowers would result in a Loan Event of Default under the Credit Agreement giving rise to an acceleration of the Loan and an enforcement of the Loan Security. In the event of such a default, the Issuer may be unable to pay to the Noteholders, or the holders of certain classes of Notes, (a) by way of principal repayment, the entire face value of their Notes and (b) by way of interest payment, the full amount due on the Notes.

#### **Limited Payment History**

The Loan was originated in October 2005 (as amended and restated on 14 March 2006). As such, the Loan does not have a long-standing payment history and there can be no assurance that required payments will be made or, if made, will be made on a timely basis. In addition, the Borrowers acquired the units in a unit trust that held the Property, contemporaneously with the advance of the Loan. The JPMorgan Chase Bank, N.A. occupational lease, from which the majority rental income attributable to the Property is derived, was granted in April 2003, and, so far as the Originator is aware, there have been no material rent arrears since such time.

#### **Other Indebtedness, Liabilities and Financing**

The existence of indebtedness incurred by the Borrowers other than the Whole Loan could adversely affect the financial viability of the Borrowers. Additional debt increases the likelihood that the Borrowers would lack the resources to perform on both the Loan and such additional debt. In addition, the existence of any actual or contingent liabilities of the Borrowers may result in the insolvency or (if applicable) administration of the Borrowers which may lead to an unanticipated default under the Credit Agreement.

The Credit Agreement places restrictions upon the ability of the Borrowers to incur additional debt, on either a secured or unsecured basis, without the consent of the relevant Lender or Agent.

The Senior Loan which has been retained by the Originator shall be sold to the Issuer on the Closing Date. The Junior Loan is held by the Junior Lender. The priority between the Senior Loan and the Junior Loan is regulated by the Intercreditor Agreement.

Pursuant to the Intercreditor Agreement, the right of the Junior Lender to receive payments with respect to the Junior Loan is subordinate to the payment rights of the Issuer with respect to the Senior Loan. In all cases, the Junior Lender may not take any enforcement action without the prior consent of the Loan Security Trustee. In some cases, the Junior Lender has the right to cure certain defaults. For further information see "*The Intercreditor Agreement*" below.

The Borrowers have also incurred intra-group indebtedness in favour of their respective shareholders and/or associated companies. This indebtedness is unsecured and fully subordinated and postponed to both Senior Loan and Junior Loan pursuant to a separate subordination agreement.

### **The Property - General**

The Loan is secured by, among other things, the Mortgage over the Property. The repayment of the Loan in part may be, and the payment of interest on the Loan is, dependent on the ability of the Property to produce cash flow. This may be adversely affected by a large number of factors. Some of these factors relate specifically to the Property itself, such as: (i) the age, design and construction quality of the Property; (ii) perceptions regarding the safety, convenience and attractiveness of the Property; (iii) the proximity and attractiveness of competing properties; (iv) the adequacy of the Property's management and maintenance; (v) an increase in the capital expenditure needed to maintain the Property or make improvements; (vi) a decline in the financial condition or ratings downgrade of a major tenant and the creditworthiness generally of tenants; (vii) a decline in rental rates as leases are renewed or entered into with new tenants; and (viii) the length of tenant leases.

Other factors are more general in nature, such as: (i) national, regional or local economic conditions (including industry slowdowns and unemployment rates); (ii) local property conditions from time to time (such as an oversupply or undersupply of retail or office space); (iii) demographic factors; (iv) consumer confidence; (v) consumer tastes and preferences; (vi) retrospective changes in building codes or other regulatory changes; (vii) changes in governmental regulations, fiscal policy, planning/zoning or tax laws; (viii) potential environmental legislation or liabilities or other legal liabilities; (ix) the availability of refinancing; and (x) changes in interest rate levels.

In particular, a decline in the property market or in the financial condition of JPMorgan Chase Bank, N.A. as the major tenant, will tend to have a more immediate effect on the net operating income of the Property and may lead to higher rates of delinquency or defaults.

Any one or more of the above described factors or others not specifically mentioned above could operate to have an adverse effect on the income derived from, or able to be generated by, the Property, which could in turn cause the Borrowers to default on the Loan, reduce the chances of the Borrowers refinancing the Loan or reduce the Mortgagors' ability to sell the Property at the required price.

### **The Property - Office**

The Property comprises an office property. The income from and market value of an office property, and the Borrowers' ability to meet their obligations under a loan secured by an office property, are subject to a number of risks. In particular, the property's age, condition, design, access to transportation and ability to offer certain amenities to tenants, including sophisticated building systems (such as fibre-optic cables, satellite communications or other base building features) all affect the ability of such a property to compete against other office properties in the area in attracting and retaining tenants. Other important factors that affect the ability of an office property to attract and retain tenants include the quality of a building's existing tenants, the quality of the building's property manager, the attractiveness of the

building and the surrounding area to prospective tenants and their customers or clients and access to public transportation and major roads. Attracting and retaining tenants often involves refitting, repairing or making improvements to office space to accommodate the type of business conducted by prospective tenants or a change in the type of business conducted by existing major tenants. Such refitting, repairing or improvements are often more costly for office properties than for other property types.

Local and regional economic conditions, changes in local and regional population patterns, sharing of office space and employment growth together with other related factors also affect the demand for and operation of office properties. In addition, an economic decline in the businesses operated by tenants can affect a building and cause one or more significant tenants to cease operation and/or become insolvent. The risk of such an adverse effect is increased if revenue is dependent on a single tenant or a few large tenants or if there is a significant concentration of tenants in a particular business or industry.

Any one or more of the above described factors, amongst others, could operate to have an adverse effect on the income derived from, or able to be generated by, a particular Property, which could in turn cause the Borrowers to default on the Loan, reduce the chances of the Borrowers refinancing the Loan or reduce the Mortgagors' ability to sell the Property at a required price or at all.

No assurance can be given that the tenants in the Property will continue making payments under their leases or that the tenants will not become insolvent or subject to administration in the future or, if any such tenants become subject to administration, that they will continue to make rental payments in a timely manner. In addition, a tenant may, from time to time, experience a downturn in its business, which may weaken its financial condition and result in a failure to make rental payments when due. If a tenant, particularly a major tenant, defaults in its obligations under its occupational lease, the Borrowers may experience delays in enforcing their rights as lessor and may incur substantial costs and experience significant delays associated with protecting its investment, including costs incurred in renovating and re-letting the Property.

For further information relating to the Property see "*The Borrowers/Mortgagors*".

### **No Independent Investigation/Reliance on Warranties**

None of the Issuer, the Trustee or the Managers has undertaken or will undertake any investigations, searches or other actions to verify the details of the Loan or the Loan Security or to establish the creditworthiness of the Borrowers. Due diligence was undertaken and valuations were obtained prior to the origination of the Loan (see "*The Loan and the Loan Security— Loan Origination Procedure*"). No further due diligence will be undertaken in relation to the Loan and no further or updated valuations will be obtained in connection with the sale and purchase of the Loan. The report issued by the valuers or solicitors in respect of the Property is addressed to and may be relied upon by the Originator and Loan Security Trustee only. The benefit of such report will not be assigned to the Issuer. The Issuer will instead rely solely on the warranties given by the Originator in respect of such matters in the Loan Sale Agreement.

If any breach of warranty relating to the Loan and the Loan Security is material and (if capable of remedy) is not remedied, the Issuer may require the Originator to repurchase the Loan together with the Loan Security. However, this does not limit any other remedies available to the Issuer if the Originator fails to repurchase the Loan and the Loan Security when obliged to do so.

### **Managing Agents**

The net cash flow realised from and/or the residual value of the Property may be affected by management decisions. While the managing agents for the Property are experienced in managing office property, there can be no assurance that decisions taken by them or by a future managing agent and/or property manager will not adversely affect the value and/or cash flows of the Property.

## **Capital Improvements to Property**

If the Borrowers or Mortgagors fail to pay the costs for work completed or materials delivered in connection with any capital improvements, the Borrowers or the Mortgagors could be the subject of legal action by the relevant contractors to recover the costs of such capital improvements and/or materials. The existence of construction or capital improvements at the Property may disrupt the day-to-day activities of the tenants and, accordingly could have a negative effect on net income. The Credit Agreement and Loan Security, however, prohibit the Borrowers from undertaking any such material works without the consent of the Lender/Agent.

## **Risks relating to Loan Concentration**

There is only one underlying Loan and as such, losses on the Loan may have a substantial adverse effect on the ability of the Issuer to make payments under the Notes. In addition, there is only one Property securing the Loan. This may increase the risk that adverse economic or other developments or a natural disaster affecting the geographic area in which the Property is located could increase the frequency and severity of losses on the Loan secured by the Property. Further, the majority of the gross rental income derived from the Property is attributable to JPMorgan Chase Bank, N.A. as the major occupational tenant. If JPMorgan Chase Bank, N.A. ceases to meet its obligations under the occupational lease, it is probable that the Borrowers will default in the performance of their obligations in respect of the Loan. If JPMorgan Chase Bank, N.A. as occupational tenant failed to pay the rent in relation to the occupational lease then the occupational lease could be forfeited (subject to the tenant's rights to apply to the Court for relief from forfeiture). In such circumstances of forfeiture the occupational lease would (subject to the right of relief) come to an end. There is no certainty as to when it would be possible to re-let the Property, the creditworthiness of the tenant or tenants to which they might be re-let, or the rental level at which they might be re-let. Details of the location of the Property are set out in "*The Loan*" below.

## **Assignment of the Loan to the Issuer**

The provisions of the Credit Agreement require the Issuer as assignee of the Loan to confirm to the Agent and, where applicable, the other Lenders that it is under the same obligations in relation to the Credit Agreement as if it was an original lender. Until such confirmation has been given, the Agent in relation to the Loan is not obliged to recognise the assignee as having any rights. The Lenders, however, have no material outstanding obligations under the Credit Agreement since the Whole Loan is fully drawn and there is no obligation to make any further advance.

## **Borrower Indemnity**

In relation to the Loan, the Borrowers are only obliged to make additional payments to the Issuer to the extent that it would have been obliged to make such payments to the Originator if the assignment had not occurred. The same principle applies if the Lender (including the Issuer) changes its lending office and such change gives rise to an obligation to make additional payments.

It is not anticipated that there will be any circumstances existing at the date of the assignment to the Issuer that would give rise to such an obligation to make additional payments and the provision is not considered by the Originator to be material in the context of the transaction. The position cannot be anticipated in future circumstances where the Issuer might assign its interest in the relevant Loan to a third party, and the extent to which this provision might affect the range of possible potential assignees.

## **Yield and Prepayment Considerations**

The yield to maturity of the Notes of each class will depend on, among other things, the amount and timing of payment of principal (including prepayments, sale proceeds arising on enforcement of Loan Security and repurchases due to breaches of representations and warranties) on the Loan and the price paid by the holders of the Notes. Such yield may be adversely affected by higher or lower prepayments on the Loan than anticipated.

The likelihood of any voluntary prepayments in part and the prepayment in full of the Loan cannot be predicted and is influenced by a wide variety of economic and other factors, including prevailing interest rates, the buoyancy of the commercial property market, the availability of alternative financing and local and regional economic conditions. Therefore, no assurances can be given as to the level of prepayment that the Loan will experience.

Partial voluntary prepayments in respect of the Loan will result in a reduction in interest receipts on the Loan by the Issuer and therefore may result in a shortfall in the monies available to be applied by the Issuer in making payments of interest on the Notes as a result of the Issuer still being required to pay certain payments prior to any payment of interest on the Notes. The prepayment risk will, in particular, be borne by the holders of the most junior classes of Notes then outstanding.

### **Rent Account**

The position in relation to the establishment of the Rent Account pursuant to the loan documentation is set out below (see "*The Loan and the Loan Security - Secured Accounts*" below).

The Rent Account of the Borrowers is held by SG Hambros Bank (Channel Islands) Limited (a Jersey subsidiary of SG) and is the subject of separate security arrangements governed by Jersey law. Under the Credit Agreement, the Servicer on behalf of the Loan Security Trustee has sole signing rights over the Rent Account and therefore control over the account. There are no provisions in the Credit Agreement permitting the Servicer to relinquish such control or for the Borrowers or Mortgagors to assume signing rights and control over the Rent Account prior to repayment of the Loan.

The Servicer must request a change of bank for the Rent Account if SG loses control (no longer holds, directly or indirectly, greater than 51 per cent. of the voting rights) in SG Hambros Bank (Channel Islands) Limited or if SG falls below the Requisite Rating for SG Hambros Bank (Channel Islands) Limited to be the bank in respect of the Rent Account. Any replacement bank for the Rent Account must have the Requisite Rating in order for it to be appointed as the account bank.

### **Rent Assignment**

The Loan requires an assignment of rents payable under the lease to which the Property is subject. In such cases (and where no receiver has been appointed and the mortgagee is not in possession), in England and Wales, notice of the assignment is not normally given to the tenant and, the assignment will take effect as an equitable assignment only. Accordingly, the assignment will be subject to any equities or claims, such as rights of set-off between the landlord and the tenant. Where no notice has been given to the tenant, there is also a risk of the Mortgagors charging or assigning the rents to a third party, despite the Mortgagors covenant not to do so. In such case, until formal notice of such assignment is given or until the relevant mortgage is enforced in respect of the Property, any monies previously paid to the holder of such subsequent charge or assignment may rank ahead of any assignment pursuant to the Loan or prior to notice being given to the tenant of that assignment.

### **Unit Charge**

Security interests over the units issued in the Alban Gate GPUT have been created by the Borrowers by way of the deposit of unit certificates in accordance with the requirements of Guernsey law pursuant to each Unit Charge. The units are not registered in the name of the Loan Security Trustee and/or its nominee(s) by entry of its or their names on the register of unit holders of the Alban Gate GPUT and whilst the possessory security (including priority) created pursuant to each Unit Charge will be preserved, title to the units, if Guernsey law applies, may vest in the relevant insolvency officer for the purpose of realisation of those units. In addition, in *désastre* proceedings, the Royal Court of Guernsey has the power to vest the units in the arresting creditor and direct that they are sold or applied by HM Sheriff.

## **The Tenants and Landlord's Liability to Provide Services**

The Borrowers' ability to make payments under the Loan is dependent upon the rental income derived from the Property. If the Mortgagors are in default of their obligations as landlord, a right of set-off against rental obligations could be exercised by a tenant, notwithstanding that the terms of the tenancy specifically exclude such tenant's right of set-off. The terms of the lease affecting the Property impose prime responsibility for repairs and maintenance on the occupational tenant and the obligations on the Mortgagors (as landlord) in this respect are accordingly low.

## **Headlease Rent Payments**

The Property is held pursuant to a headlease. Where a property is held by the Mortgagors under the terms of a lease, there is a risk of the rents payable pursuant to the occupational underleases being diverted to a superior landlord by a notice under Section 6 of the Law of Distress Amendment Act 1908 if the Mortgagors fail to pay the relevant headlease rent. In each such case the amounts should not, however, reduce the amount that would otherwise have been available to the Borrowers to make payments under the Loan, since payments under any such headlease would in any event have been payable to a superior landlord prior to payment to the Issuer. Under the terms of the Credit Agreement the Loan Security Trustee has the power to withdraw monies standing to the credit of the Rent Account and apply such in or towards payment of such rents. In the case of the Property, the only rents payable to the superior landlord comprise the amounts of insurance premiums pursuant to the superior landlord's obligation to insure.

## **Compulsory Purchase**

Any property in the United Kingdom may at any time be compulsorily acquired by, amongst other entities, a local or public authority or a governmental department, generally in connection with proposed redevelopment or infrastructure projects. No such compulsory purchase proposals have been revealed in any of the certificates of title issued in relation to the Property.

However, if a compulsory purchase order is made in respect of the Property (or part of the Property), compensation would be payable on the basis of the open market value of all of the or Mortgagors' and the occupational tenants' proprietary interests in the Property at the time of the purchase (following which the occupational tenants would cease to be obliged to make any further rental payments to the Borrower or Mortgagors under the tenancy, or rental payments would be reduced to reflect the compulsory purchase of a part of the Property). Following payment of compensation, the Borrower will be required to prepay an equivalent amount under the Credit Agreement and the prepayment will be used by the Issuer to redeem the Notes (in whole or in part). The risk to Noteholders is that the amount received from the proceeds of purchase of the freehold or leasehold estate of the Property may be less than the original value ascribed to such Property.

A further consideration is that there is often a delay between the compulsory purchase of a property and the payment of compensation (although interest will be payable from the date upon which the acquiring authority takes possession of the property), which will largely depend upon the ability of the property owner and the entity acquiring the property to agree on the open market value of the property. Such a delay may, unless the Borrower has other funds available to it, give rise to a Loan Event of Default.

## **Frustration**

In exceptional circumstances, a tenancy could be frustrated under English law, with the result that the parties need not perform any obligation arising under the relevant agreement after the frustration has taken place. Frustration may occur where supervening events radically alter the continuance of the arrangement under the agreement for a party to the agreement, so that it would be inequitable for such an agreement or agreements to continue. If a tenancy granted in respect of the Property is frustrated this could operate to have an adverse effect on the income derived from, or able to be generated by, the Property which could cause the Borrowers to default under the Credit Agreement.

## Insurance

The superior landlord is responsible for insuring the Property and the insurance is held in the joint names of the superior landlord and the Mortgagors. (The interest of the Loan Security Trustee is noted on the insurance policy.)

Loss of rental income under the occupational lease is insured in the joint names of the Borrowers and the Mortgagors and the interest of the Loan Security Trustee is noted on the insurance policy.

Noting a party's interest on a policy does not entitle that party to a share in the proceeds, although it is generally the practice for insurers in the United Kingdom to notify the party whose interest is noted if the policy lapses.

On the Closing Date, the Issuer will acquire, amongst other things, beneficial interests in the Loan Security (which includes the Loan Security Trustee's interests in the buildings insurance policies), which will form part of the Issuer Security secured under the Deed of Charge and Assignment in favour of the Trustee for the benefit of, amongst others, the Noteholders. For the reasons described above, the ability of the Loan Security Trustee to make a claim under the relevant buildings insurance policies is not certain.

Under the Loan, the building insurance policy must be provided by approved insurance providers if the Property insurance policies in place expire and new policies are entered into.

For a more detailed description of the insurance arrangements see ("*the Loan and the Loan Security – Insurance*").

## Hedging risks

The Credit Agreement contains an obligation on the Borrowers to enter into hedging arrangements for the duration of the Loan until the Final Maturity Date as the interest on the Loan is payable by the Borrowers at a floating rate, whilst income received by the Mortgagors is received out of rental payments that are at fixed rates. The interest rate hedging arrangements in relation to the Loan are in the form of interest rate swaps.

However, in certain circumstances, the hedging arrangements may be terminated and as a result the Borrowers may be unhedged if replacement hedging arrangements cannot be entered into. In particular, the Lender may suffer a loss if one or more of the hedging arrangements is terminated and the Borrowers are, as a result of such termination, required to pay amounts upon termination to the Loan Swap Counterparty. In these circumstances, the amounts paid to the Loan Swap Counterparty are not available to the Lender. Any liquidity provided by way of a Loan Swap Advance from the Liquidity Facility Provider shall be to cover operational delays in the timing of payments required to be made into the Tranching Account two Business Days before an Interest Payment Date rather than to cover any payments due to the termination of any hedging arrangements (see "*Credit Structure*" – "*1. Liquidity and Credit Risk*").

Until the maturity of the Loan, sums due to the Loan Swap Counterparty by the Borrowers rank *pari passu* with sums due to the Senior Lender. There is therefore a risk that: (i) where a partial payment of interest or principal is received from the Borrowers the amount of interest or principal paid to Noteholders will be reduced; or (ii) on an enforcement of the Loan the amount available to Noteholders will be reduced to the extent that breakage or other costs are due to the relevant Loan Swap Counterparty.

The Loan provides for amortisation payments to be made prior to the Final Maturity Date. The amortisation profiles of the hedging arrangements entered into by the Borrowers do not exactly match the amortisation profile of the Loan because the amortisation of the Loan includes a cash sweep mechanism (that cannot be precisely determined) which increases the principal received by the Borrowers in respect of the Loan to a greater amount than originally contracted. In addition, there may be other events that impact on cash flows which may result in a mismatch of the amortisation profiles. As a result, the Loan may at times be over or under-hedged during the life of the transaction.

## **Privity of Contract**

The Landlord and Tenant (Covenants) Act 1995 (the "**Covenants Act**") provides that, in relation to leases of property in England and Wales granted after 1st January, 1996 (other than leases granted after that date pursuant to agreements for lease entered into before that date), if an original tenant under such a lease assigns that lease (having obtained all necessary consents (including consent of the landlord if required by the lease)), that original tenant's liability to the landlord, under the terms of the lease, ceases. The Covenants Act provides that arrangements can be entered into by which on assignment of a lease of commercial property, the original tenant can be required to enter into an "authorised guarantee" of the assignee's obligations to the landlord. Such an authorised guarantee relates only to the obligations under the lease of the original assignee of the outgoing tenant providing that guarantee and not any subsequent assignees of that original assignee. The same principles apply to an original assignee if it assigns the lease.

The principal occupational lease of the Property to JPMorgan Chase Bank, N.A., the major tenant, was entered into after 1 January, 1996 and contains provisions giving the relative landlord qualified control over any assignment, and also sets out specific criteria which any assignee must meet prior to being able to take the lease. It also obliges the outgoing tenant to complete an authorised guarantee agreement in respect of the obligations of its immediate successors.

There can, however, be no assurance that any assignee of a lease of premises within the Property will be of a similar credit quality to the original tenant, or that any subsequent assignees (who in the context of a new tenancy will not be covered by the original tenant's authorised guarantee) will be of a similar credit quality. However, in accordance with the terms of the Servicing Agreement, the Servicer has agreed that it shall not agree to any request by the Mortgagors or the Borrowers made pursuant to the Credit Agreement and the Mortgage to grant the Mortgagors consent to more than one assignment of the lease to JPMorgan Chase Bank, N.A. unless it has received written confirmation from at least one Rating Agency (and in any case from S&P) that the current ratings of each class of Notes would not be adversely affected as the result of such consent and/or assignment.

## **Statutory Rights of Tenants**

In certain limited circumstances, tenants of a property may have legal rights to require the landlord of that property to grant them tenancies, for example pursuant to the Landlord and Tenant Act 1954 or the Landlord and Tenant (Covenants) Act 1995. Should such a right arise, the landlord may not have its normal freedom to negotiate the terms of the new tenancy with the tenant, such terms being imposed by the court or being the same as those under the previous tenancy of the relevant premises. Accordingly, while it is the general practice of the courts in renewals under the Landlord and Tenant Act 1954 to grant a new tenancy on similar terms to the expiring tenancy, the basic annual rent will be adjusted in line with the then market rent at the relevant time and there can be no guarantee as to the terms on which any such new tenancy will be granted.

## **Environmental Risks**

Certain existing environmental legislation imposes liability for clean-up costs on the owner or occupier of land where the person who caused or knowingly permitted the pollution cannot be found. The term "**owner**" would include anyone with a proprietary interest in a property. Even if more than one person may have been responsible for the contamination, each person covered by the relevant environmental laws may be held responsible for all the clean up costs incurred.

If any environmental liability were to exist in respect of the Property, none of the Borrowers, Mortgagors or the Loan Security Trustee should incur responsibility for such liability prior to enforcement of the relevant Loan Security, unless it could be established that the relevant party had entered into possession of the affected Property or could be said to be in control of the Property. After enforcement, the Loan Security Trustee, if deemed to be a mortgagee in possession or a receiver appointed on behalf of the Loan Security Trustee, could become responsible for environmental liabilities in respect of the Property. The Loan Security Trustee may be indemnified against any such liability under the terms of the Credit

Agreement, and amounts due in respect of any such indemnity may be payable in priority to payments to the relevant Lenders, including the Issuer.

If an environmental liability arises in relation to the Property and is not remedied, or is not capable of being remedied, this may result in an inability to sell the Property or in a reduction in the price obtained for the Property resulting in a sale at a loss. In addition, third parties may sue a current or previous owner, occupier or operator of a site for damages and costs resulting from substances emanating from that site, and the presence of substances on the Property could result in personal injury or similar claims by private plaintiffs.

### **Changes to an Enactment of the Lease Code**

The Code of Practice for commercial leases in England and Wales (2<sup>nd</sup> Edition) was launched in April, 2002 (the "**Lease Code**"). The Lease Code is a non-binding guide to best practice for landlords negotiating leases. It also contains various recommendations on key terms of commercial leases. The Office of the Deputy Prime Minister issued a consultation paper announcing a period of consultation from 1 June, 2004 to 30 September, 2004 and invited representations from relevant bodies in relation to options to deter or prohibit inflexible leasing practices, focusing on the use of upwards only rent review clauses. The consultation paper proposed six options ranging from doing nothing to changing the voluntary nature of the Lease Code to banning upwards only rent review clauses. In February, 2005, the Office of the Deputy Prime Minister issued a report by Reading University entitled "*Monitoring the 2002 Code of Practice for Commercial Leases*" which, among other things, concluded that although the Lease Code is having very little impact on individual lease negotiations, there are clear signs that it has played an important part in the general application of pressure for change in leasing practices and has had some long term effect on the increasing flexibility and choice in commercial property leases.

The Government announced on 15 March, 2005 that it was not currently proposing to legislate against upwards only rent review but that it would continue to monitor the position. There is still a risk that legislation could be introduced to regulate all commercial leases which could adversely impact rental incomes and property values. In particular, there is a risk that the law on assignment and subletting could be amended in favour of tenants. There is, however, no current expectation that any resulting legislation would apply retrospectively to render invalid pre-existing upwards only rent review clauses or other potentially inconsistent provisions.

### **Mortgagee in Possession Liability**

The Issuer or the Loan Security Trustee may be deemed to be a mortgagee in possession if there is physical possession of the Property or an act of control or influence which may amount to possession, such as submitting a demand or notice direct to tenants requiring them to pay rents to the Loan Security Trustee or the Issuer (as the case may be). In a case where it is necessary to initiate enforcement procedures against the Borrowers or Mortgagors, the Loan Security Trustee is likely to appoint a receiver to collect the rental income on behalf of itself or the Issuer (as the case may be) which should reduce the risk that the Loan Security Trustee or the Issuer is deemed to be a mortgagee in possession.

A mortgagee in possession has an obligation to account for the income obtained from the property and in the case of tenanted property may be liable to a tenant for any mis-management of the property. A mortgagee in possession may also incur liabilities to third parties in nuisance and negligence and, under certain statutes (including environmental legislation), can incur the liabilities of a property owner.

### **Risks relating to Conflicts of Interest**

Conflicts of interest may arise between the Issuer and the Originator because the Originator intends to continue actively to finance real estate-related assets in the ordinary course of its business. During the course of its business activities, the Originator may operate, service, acquire or sell properties, or finance loans secured by properties, which are in the same markets as the Property. In such cases, the interests of the Originator may differ from, and compete with, the interests of the Issuer, and decisions made with

respect to those assets may adversely affect the value of the Property and therefore the ability to make payments under the Notes.

There are no restrictions on either the Servicer or the Special Servicer preventing them from acquiring Notes or servicing loans for third parties, including loans similar to the Loan. The properties securing any such loans may be in the same markets as the Property. Consequently, personnel of the Servicer or the Special Servicer, as the case may be, may perform services on behalf of the Issuer with respect to the Loan at the same time as they are performing services on behalf of other persons with respect to similar loans. Despite the requirement on each of the Servicer and the Special Servicer to perform their respective servicing obligations in accordance with the terms of the Servicing Agreement, such other servicing obligations may pose inherent conflicts for the Servicer or the Special Servicer.

The Servicing Agreement requires the Servicer and the Special Servicer to service the Loan for which they are responsible in accordance with the Servicing Standard. Certain discretions are given to the Servicer and the Special Servicer in determining how and in what manner to proceed in relation to the Loan. Further, as the Servicer and the Special Servicer may each acquire Notes, either of them could, at any time, hold any or all of the most junior class of Notes outstanding from time to time, and the holder of that class may have interests which conflict with the interests of the holder of the senior Notes.

### **Appointment of Substitute Servicer**

Prior to or contemporaneously with any termination of the appointment of the Servicer, it would first be necessary for the Issuer to appoint a substitute Servicer approved by the Trustee (such substitute Servicer to be the same entity for both the Junior Loan and the Senior Loan). The ability of any substitute Servicer to administer the Loan successfully would depend on the information and records then available to it. There is no guarantee that a substitute Servicer could be found who would be willing to administer the Loan at a commercially reasonable fee, or at all, on the terms of the Servicing Agreement (even though this agreement provides for the fees payable to a substitute Servicer to be consistent with those payable generally at that time for the provision of commercial mortgage administration services). The fees and expenses of a substitute Servicer performing services in this way would be payable in priority to payment of interest under the Notes.

### **Security Assets outside England and Wales**

Where a company has assets situated outside England and Wales which are subject to English security, the ability to enforce such security over those assets would be subject to any local law restrictions. In particular it should be noted that a number of foreign law jurisdictions including Guernsey and Jersey do not recognise the concept of a floating charge and such security may therefore not be effective to create security over assets situated outside England and Wales.

Under the laws of Jersey and Guernsey, a person incorporated, resident or domiciled in Jersey or Guernsey is deemed to have capacity to grant security governed by foreign law over property situated outside the Island of Jersey or the Island of Guernsey, but to the extent that any floating charge is expressed to apply to any asset, property and undertaking of a person incorporated, resident or domiciled in Jersey or Guernsey such floating charge would not be held to be valid and enforceable by the Courts of Jersey or Guernsey in respect of Jersey or Guernsey situs assets.

The Rent Account, the shares in the Borrowers and the units in the Alban Gate GPUT, are all assets situated outside England and Wales and are the subject of specific collateral security taken in accordance with the terms of the laws of Jersey or Guernsey. The only material asset of the Borrowers/Mortgagors believed to be located within England and Wales is the Property itself.

### **Changes to the Loan**

Unless specified otherwise, information with respect to the Loan relates to the Loan as at the Cut-off Date, being 1 June, 2006. However, the outstanding aggregate principal amount of the Loan on the Cut-Off Date may, as a result of a voluntary prepayment in part of the Loan, decline prior to the Closing Date.

## **Unit Trusts**

The Property is held by two (independent) Trustees (both limited liability companies incorporated in Guernsey) on behalf of the unitholders from time to time in the Alban Gate GPUT. Where property is held in a unit trust in this manner, the legal and beneficial interests in the property are held by the trustees on behalf of the unitholders, who (subject to operating expenses and other usual costs and liabilities relating to the property) are entitled to the full net rental income arising and the full net proceeds of sale of the property upon a disposal of the same. The unitholders accordingly collectively hold the entire economic interest in the property.

The Trustees charged the Property by way of legal mortgage to the Loan Security Trustee and the Borrowers have charged their units in Alban Gate GPUT by way of further collateral security. In an enforcement situation, therefore, the Loan Security Trustee would have the option of effecting a disposal of the whole economic interest in and benefit of the Property either by means of a sale of the Units (preserving the existing unit trust structure) or by effecting a sale through its power of sale (which would in practice lead to the Alban Gate GPUT being liquidated).

Under Guernsey law provided that the Mortgagees as the trustees of the Alban Gate GPUT (a Guernsey law trust) have informed a third party that they are acting as trustees, their liability as trustees shall extend only to the trust property of the Alban Gate GPUT (save for breach of trust or any claim for breach of warranty of authority).

Under Guernsey law and subject to the terms of the trust, a trustee of a Guernsey law trust may by power of attorney delegate the performance of any trust or function vested in him for a period not exceeding 12 months.

## **Enforcement**

If a default occurs in relation to the Loan, the Servicer or, if at the relevant time the Loan is a Specially Serviced Loan, the Special Servicer will be required to apply its then-current default procedures in accordance with the Servicing Standard. These procedures may, in certain circumstances, involve the Servicer or Special Servicer declining or deferring the commencement of formal enforcement proceedings such as the appointment of an administrator or receiver. Instead, the Servicer or Special Servicer may agree to waive or modify certain provisions of the Loan Documentation, provided that to do so would be in accordance with the Servicing Standard.

## **Administrators**

The Servicer or the Special Servicer could, after the security granted by the Borrowers/Mortgagees has become enforceable (and subject to the terms of the Intercreditor Agreement), direct the Loan Security Trustee to appoint an administrator of the Borrowers/Mortgagees under the Insolvency Act 1986 (as amended by the provisions of the Enterprise Act 2002).

An administrator is required to have regard to the interests of all creditors, both secured and unsecured. The purpose of any administration would be to rescue the company or, where such is not reasonably practicable, to achieve a better result for the company's creditors as a whole than would be likely if the company were wound up or, where neither of the above purposes are reasonably practicable, to realise the company's assets to make a distribution to the secured and/or preferential creditors. These purposes could conflict with the wishes or interests of the Noteholders.

The holder of a valid and enforceable first-ranking floating charge over the whole or substantially the whole of a company's property will, if the charge so provides, be able to appoint an administrator of its choice, and is entitled to notice of, and to make representations to the court with regard to, any application for the appointment of an administrator by any other person. The appointment can be made without going to court unless a winding up order has previously been made or a provisional liquidator appointed.

The appointment of an administrator in respect of the Borrowers would preclude the appointment of any receiver over the whole or any part of the Borrowers' assets.

### **Receivers**

Pursuant to the Servicing Agreement, the Servicer and the Special Servicer are required, in accordance with the Servicing Standard, to maximise the recovery of amounts due from the Borrowers and to comply with their respective procedures for enforcement of the Loan and Loan Security current from time to time (see "*Loan Servicing*" below). The remedies available following a Loan Event of Default or default under the related Loan Security include, but are not limited to, the appointment of a receiver over the Property and/or other assets of the Borrowers or Mortgages, and/or entering into possession of the Property. The Special Servicer has confirmed to the Issuer and the Trustee that, if enforcement of the Loan Security in respect of the Loan is necessary, its usual procedure for enforcing security would be to direct the Loan Security Trustee to appoint a "Law of Property Act" or "Non-Administrative" receiver. Any such receiver would usually require an indemnity to meet his costs and expenses (which would rank ahead of payments on the Notes) as a condition of his appointment.

Any such receiver is deemed by law to be the agent of the person or company providing security until the appointment of a trustee in bankruptcy or liquidator and, for so long as the receiver acts within his powers, he will only incur liability on behalf of the person or company providing the security. However, if the Loan Security Trustee or the Servicer unduly directs, interferes with or influences the receiver's actions, the Loan Security Trustee or the Servicer may be held to be responsible for the receiver's acts.

### **Receivership of Issuer**

It is possible for a floating charge holder to appoint an administrative receiver in relation to certain capital market arrangements. Any such arrangement must involve a party who incurs or expects to incur a debt of at least £50,000,000 and the issue of a capital market investment that is rated, listed or traded (or designated to be rated, listed or traded). Such arrangement must also:

- (a) involve a grant of security to:
  - (i) a person holding it as trustee for a person who holds a capital market investment issued by a party to the arrangement; or
  - (ii) a party to the arrangement who issues a capital market investment; or
  - (iii) a person who holds the security as trustee for a party to the arrangement in connection with the issue for a capital market investment; or
  - (iv) a person who holds the security as trustee for a party to the arrangement who agrees to provide finance (including the provision of indemnity) to another party;
- (b) involve at least one party guaranteeing or providing security in respect of the performance of obligations of another party; or
- (c) involve an investment of a kind described in Articles 83 to 85 of the Financial Services and Markets Act 2000 (Regulated Activities) Order 2001 (Options, Futures and Contracts for differences).

It is anticipated that the Issuer, upon completion of the issue of the Notes (but not the Borrowers or any Mortgages), will fall within such exception and that consequently it will be possible for the Trustee to appoint an administrative receiver over the assets of the Issuer under the terms of the Deed of Charge and Assignment, thus preventing the subsequent appointment of an administrator of the Issuer by any other party.

### **Preferential Creditors, prescribed part and administrations expenses**

Crown Preference in relation to all insolvency is now abolished and accordingly the categories of preferential debts that are payable in priority to any assets secured by a floating charge are reduced.

However, Section 176A of the Insolvency Act 1986 requires that a prescribed part of a company's net property (property which is available to the holder of a floating charge) can be made available for the satisfaction of unsecured debts. The section is not, nonetheless, relevant to:

- (a) property which is subject to a valid fixed security interest;
- (b) a floating charge created before 15 September, 2003; or
- (c) an insolvency where there are no unsecured creditors.

This will accordingly potentially apply to the Deed of Charge and Assignment granted by the Issuer although it is not anticipated there will be any material unsecured or preferential creditors. Currently, the maximum value of the prescribed part which can be made available to unsecured creditors is £600,000.

In addition, in the event of an administration any expenses of the administration will be paid in priority to the holder of a floating charge.

### **Insolvency Regimes Differ**

Both the Borrowers and the Mortgagors are incorporated or established in jurisdictions other than England and Wales and consequently may be subject to insolvency regimes that differ from that of England and Wales. Consequently, enforcement of security may be restricted by local insolvency law, including, for example, any statutory moratorium periods during which enforcement of security interests is prevented.

The Insolvency Act 1986 (either as originally enacted or as amended, including by the provisions of the Enterprise Act 2002) does not apply in Jersey and Guernsey and receivers, administrative receivers and administrators are not part of the laws of Jersey or Guernsey. Accordingly the Courts of Jersey and Guernsey are unlikely to recognise the powers of an administrator, administrative receiver or other receiver appointed in respect of Jersey or Guernsey situs assets. However, subsections (4),(5),(10) and (11) of section 426 of the Insolvency Act 1986 have been adopted by the Island of Guernsey with the intention of imposing reciprocal obligations towards other courts exercising jurisdictions in relation to insolvency. Accordingly a Guernsey court having jurisdiction in relation to insolvency law in Guernsey shall assist the courts of the United Kingdom and the Bailiwick of Jersey having a corresponding jurisdiction. Under the Bankruptcy (Désastre) (Jersey) Law, 1990 the Jersey court shall assist the courts of prescribed countries and territories in all matters relating to the insolvency of any person to the extent that the Jersey court thinks fit. These prescribed jurisdictions include the United Kingdom and the Bailiwick of Guernsey.

## FACTORS RELATING TO THE NOTES

### Liability under the Notes

The Notes and interest on the Notes will not be obligations or responsibilities of any person other than the Issuer. In particular, the Notes will not be obligations or responsibilities of, or be guaranteed by the Originator, or of or by the Managers, the Servicer, the Special Servicer, the Trustee, the Corporate Services Provider, the Share Trustee, the Paying Agents, the Agent Bank, the Liquidity Facility Provider, the Cash Manager or the Operating Bank or any company in the same group of companies as any of them and none of such persons accepts any liability whatsoever in respect of any failure by the Issuer to make payment of any amount due on the Notes.

### Limited Resources of the Issuer

The ability of the Issuer to meet its obligations under the Notes will be dependent on the receipt by it of principal and interest from the Borrowers under the Loan. In addition, the Issuer will have available to it (subject to satisfaction of the conditions for drawing) drawings under the Liquidity Facility Agreement. Other than the foregoing, prior to the enforcement of the Issuer Security, the Issuer is not expected to have any other funds available to it to meet its obligations under the Notes and in respect of making any payment ranking in priority to, or *pari passu* with, the Notes.

### Monitoring of compliance with representations, warranties and covenants and the occurrence of a Loan Event of Default

The Issuer is a special purpose company, therefore it will not, nor does it possess the resources actively to monitor whether a Loan Event of Default has occurred, including, for this purpose, the continued accuracy of the respective representations and warranties made by the Borrowers and compliance by the Borrowers, with their covenants and undertakings under the Credit Agreement.

The Loan Security will provide that the Loan Security Trustee will be entitled to assume, unless it is otherwise expressly disclosed in any investor report or compliance certificate thereunder or the Loan Security Trustee is expressly informed otherwise by the Borrowers, that no Loan Event of Default has occurred which is continuing. The Loan Security Trustee will not itself monitor whether any such event has occurred but will (unless expressly informed to the contrary by the Borrowers) rely on certificates delivered under the Credit Agreement to determine whether a Loan Event of Default has occurred. For further details concerning Loan Events of Default see "*The Loan and the Loan Security*" below.

The Loan will require the Borrowers to inform the Issuer, the Servicer and the Loan Security Trustee of the occurrence of any Loan Event of Default promptly upon becoming aware of the same. In addition, the Borrowers are required to confirm in each compliance certificate delivered thereunder (each of which will be delivered to, among other recipients, the Loan Security Trustee) whether or not any Loan Event of Default has occurred (and, if one has, what action is being or proposed to be taken to remedy it).

The occurrence of a Loan Event of Default will entitle the Loan Security Trustee to pursue any of the courses of action available to it in respect of the Borrowers and the Property.

Under the Servicing Agreement, the Servicer and (in relation to a Specially Serviced Loan) the Special Servicer have full power and authority, acting alone, to exercise the rights and powers of the Loan Security Trustee in exercising its rights in relation to the Whole Loan and its related Loan Security (other than the right to enforce the Loan or the Loan Security, which rights shall be exercised by the Loan Security Trustee at the direction of the Servicer or, in the case of a Specially Serviced Loan, the Special Servicer) and to do or cause to be done any and all things in connection with such servicing and administration which it may deem necessary or desirable. The Servicer and the Special Servicer will exercise such power and authority in a manner which is consistent with the Servicing Standard.

## **Post-Enforcement Call Option**

To the extent that the Trustee determines, in its sole opinion and discretion, that all amounts outstanding under the Notes have become due and payable, all available funds have been distributed, and that there is no reasonable likelihood of there being any further realisations (whether arising from an enforcement of the Issuer Security or otherwise) available to pay amounts outstanding under the Notes, PECO will have the option to purchase from the Noteholders all Notes then outstanding for consideration of one penny in respect of each Note (see Condition 6 below).

## **Deferral of Interest on Junior Notes**

If, on any Interest Payment Date, prior to delivery of a Note Enforcement Notice, there are insufficient funds available to the Issuer to pay accrued interest on any class of Notes other than the Most Senior Class of Notes, the Issuer's liability to pay such accrued interest will be treated as not having fallen due and will be deferred until the earlier of (a) the next following Interest Payment Date on which the Issuer has, in accordance with the Pre-Enforcement Interest Priority of Payments, sufficient funds available to pay such deferred amounts (including any interest accrued thereon) and (b) the date on which the relevant Notes are due to be redeemed in full. Interest will, however, accrue on such deferred interest. A Cash Reserve Account will be established in the name of the Issuer with the Operating Bank and will be used by the Issuer to make payments on any Interest Payment Date of any Prepayment Interest Arrears to the Noteholders of the relevant Class before such amounts become due in arrears.

## **Rights Available to Holders of Notes of Different Classes**

In performing its duties as trustee for the Noteholders, the Trustee will have regard to the interests of all of the Noteholders. If, however, there is a conflict between the interests of the holders of one class of Notes and the holders of another class of Notes, in the sole opinion of the Trustee, the Trustee will be required to have regard only to the interests of the holders of the Most Senior Class of Notes then outstanding.

## **Ratings of Notes and Confirmations of Ratings**

The ratings assigned to the Notes by the Rating Agencies are based on the Loan, the Loan Security, the Property and other relevant structural features of the transaction, including, amongst other things, the short term unsecured, unguaranteed and unsubordinated debt ratings of the Liquidity Facility Provider, and reflect only the views of the Rating Agencies. The ratings address the likelihood of full and timely receipt by any of the Noteholders of interest on the Notes and the likelihood of receipt by any Noteholder of principal of the Notes by the Legal Final Maturity. There is no assurance that any such ratings will continue for any period of time or that they will not be reviewed, revised, suspended or withdrawn entirely by any of the Rating Agencies as a result of changes in or unavailability of information or if, in the judgement of the Rating Agencies, circumstances so warrant. A qualification, downgrade or withdrawal of any of the ratings mentioned above may impact upon the value of the Notes.

Agencies other than the Rating Agencies could seek to rate the Notes and if such "unsolicited ratings" are lower than the comparable ratings assigned to the Notes by the Rating Agencies, those shadow ratings could have an adverse effect on the value of the Notes. For the avoidance of doubt and unless the context otherwise requires, any references to "ratings" or "rating" in this Prospectus are to ratings assigned by the specified Rating Agencies only.

## **Absence of Secondary Market; Limited Liquidity**

Application has been made to the IFSRA, as competent authority under the Prospectus Directive, for the Prospectus to be approved. Application has been made to the Irish Stock Exchange for the Notes to be admitted to the Official List and trading on its regulated market. There can be no assurance that a secondary market in the Notes will develop or, if it does develop, that it will provide Noteholders with liquidity of investment, or that it will continue for the life of the Notes. In addition, the market value of certain of the Notes may fluctuate with changes in prevailing rates of interest. Consequently, any sale of

Notes by Noteholders in any secondary market which may develop may be at a discount to the original purchase price of those Notes.

### **Availability of Liquidity Facility**

Pursuant to the terms of the Liquidity Facility Agreement, the Liquidity Facility Provider will provide a revolving committed facility for drawings to be made in the circumstances described in "*Credit Structure — Liquidity Facility*". The Liquidity Facility will be available to cover senior expenses and interest payable on the Notes, other than Prepayment Interest Arrears, to the extent that there is a shortfall (a "**Senior Expenses Drawing**") and to advance payments in relation to the Senior Loan due under the Loan Swap Agreement contracted in relation to the Whole Loan on any Loan Interest Payment Date (a "**Loan Swap Advance**"). Any Loan Swap Advance will be made on a Calculation Date and any Senior Expenses Drawing will be made on an Interest Payment Date.

As any amount to be established on a Calculation Date may be adjusted to take account of amounts received on or before the next Interest Payment Date, it is possible that a notice of drawing may be served under the Liquidity Facility (in respect of a Loan Swap Advance two Business Days before the relevant Calculation Date or in respect of a Senior Expenses Drawing on the Calculation Date for the relevant Interest Payment Date) and subsequently funds received that would make the Liquidity Facility drawing unnecessary. However, the Issuer will still be obliged to draw, and pay interest on, the relevant amounts under the Liquidity Facility until the relevant amounts are repaid either as a Priority Amount or on an Interest Payment Date.

### **Withholding Tax under the Notes**

In the event any withholding or deduction for or on account of taxes is imposed on or is otherwise applicable to payments of interest or principal on the Notes to Noteholders, the Issuer is not obliged to gross-up or otherwise compensate Noteholders for the lesser amounts the Noteholders will receive as a result of such withholding or deduction.

### **Change of Currency**

If at any time there is a change of currency in the United Kingdom such that the Bank of England recognises a different currency or currency unit or more than one currency or currency unit as the lawful currency of the United Kingdom, then references in, and obligations arising under, the Notes outstanding at the time of such change and which are expressed in sterling will be translated into, and any amount payable will be paid in, the currency or currency unit of the United Kingdom, and in the manner designated by the Principal Paying Agent. Any such translation will be at the official rate of exchange recognised for that purpose by the Bank of England.

Where such a change in currency occurs, the Notes and the Conditions will be amended in the manner agreed between the Issuer and the Trustee so as to reflect that change and, so far as practicable, to place the Issuer, the Trustee and the Noteholders in the same position as if no change in currency had occurred. Such amendments are to include, without limitation, changes required to reflect any modification to business day or other conventions arising in connection with a change in currency. All such amendments will be binding on the Noteholders. Notification of the amendments will be made in accordance with Condition 15.

### **Change of Law**

The structure of the issue of the Notes and the ratings which are to be assigned to them are based on English law and administrative practice in effect as at the date of this document. No assurance can be given as to the impact of any possible change to English law or administrative practice after the date of this document, nor can any assurance be given as to whether any such change could adversely affect the ability of the Issuer to make payments under the Notes.

## Implementation of the Basel II framework

On 26 June, 2004, the Basel Committee on Banking Supervision (the "**Basel Committee**") published the text of a new capital accord under the title Basel II: *International Convergence of Capital Measurement and Capital Standards: a Revised Framework* ("**Basel II**"); a revised version was published on 15 November, 2005. Basel II replaces the 1988 Basel Capital Accord and places enhanced emphasis on risk-sensitivity and market discipline. The Basel Committee has suggested that the various approaches under Basel II should be implemented in stages, some from year-end 2006; the most advanced at year-end 2007. National implementation dates may differ depending on the relevant implementation process. If implemented in accordance with its current form, Basel II could affect the risk weighting of the Notes in respect of investors which are subject to Basel II in the form of any national legislative implementation thereof including, in respect of EU financial institution investors, via the proposed Capital Requirements Directive. Consequently, investors should consult their own advisers as to the consequences to and effect on them of the proposed national implementation of Basel II. No predictions can be made by the Issuer as to the precise effects of potential changes which might result if Basel II is adopted in its current form or otherwise.

## Introduction of International Financial Reporting Standards

The Issuer's UK corporation tax position depends to a significant extent on the accounting treatment applicable to the Issuer. From 1 January, 2005, the Issuer's accounts are required to comply with International Financial Reporting Standards ("**IFRS**") or with new UK Financial Reporting Standards reflecting IFRS ("**new UK GAAP**"). There is a concern that companies such as the Issuer might, under either IFRS or new UK GAAP, report profits or losses for accounting purposes, and accordingly for tax purposes (unless tax legislation provides otherwise), which bear little or no relationship to the company's cash position. However, the Finance Act 2005 requires a "securitisation company" to prepare tax computations for its periods of account beginning on or after 1 January, 2005 and ending before 1 January, 2007 on the basis of UK GAAP as applicable up to 31 December, 2004, notwithstanding the requirement to prepare statutory accounts under IFRS or new UK GAAP. The Issuer has been advised that it will be a "securitisation company" for these purposes. Clause 101 of the Finance (No.2) Bill 2006 (as printed on 28 March 2006) if enacted without material amendment will extend the interim regime described above for a further year to 31 December, 2007.

The stated policy of HM Revenue & Customs is that the tax neutrality of securitisation companies in general should not be disrupted as a result of the transition to IFRS or new UK GAAP, and it is working with participants in the securitisation industry to establish a permanent regime that would prevent any such disruption. The Finance Act 2005 enables regulations to be made to establish such a regime. However, if (for whatever reason) measures are not introduced to deal with the corporation tax position of such companies in respect of their periods of account ending on or after 1 January, 2007 (or following implementation of the extension mentioned above, 1 January, 2008), the Issuer (like other UK securitisation companies) may then be required to recognise profits or losses as a result of the application of IFRS or new UK GAAP which could have tax effects not contemplated in the cashflows for the transaction, and as such adversely affect the Issuer and consequently the Noteholders.

*The Issuer believes that the risks described above are the principal risks inherent in the transaction for the Noteholders, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with the Notes may occur for other reasons and the Issuer does not represent that the above statements regarding the risks of holding the Notes are exhaustive. Although the Issuer believes that the various structural elements described in this Prospectus lessen some of these risks for Noteholders, there can be no assurance that these measures will be sufficient to ensure payment to Noteholders of interest, principal or any other amounts in connection with the Notes on a timely basis or at all.*

The Corporate Services Provider may terminate the Corporate Services Agreement by giving notice to the Issuer, copied to the Trustee, if the Issuer commits a material breach and this is not remedied in accordance with the terms of the Corporate Services Agreement.

Any termination of the Corporate Services Agreement shall not take effect until a successor corporate services provider has been appointed (and approved in writing by the Trustee) and such of the Directors and/or Secretary (as the case may be) as the Issuer and the Trustee jointly require, tender their resignation provided that such resignations are not effective until after the appointment (and approval in writing by the Trustee) of the successor corporate services provider.

## Trustee

ABN AMRO Trustees Limited has its principal office at 82 Bishopsgate, London EC2N 4BN. The Trustee will be appointed pursuant to the Trust Deed to represent the interests of the Noteholders. The Trust Deed also contains provisions governing the retirement or removal of the Trustee and the appointment of a successor Trustee. The Trustee may at any time and for any reason resign as Trustee upon giving not less than three months' prior written notice to the Issuer. The holders of the Notes of each class, acting by Extraordinary Resolution, may together remove the Trustee from office. No

retirement or removal of the Trustee (or any successor Trustee) will be effective until a trust corporation has been appointed to act as successor Trustee.

The appointment of a successor Trustee will be made by the Issuer or, where the Trustee has given notice of its resignation and the Issuer has failed to make any such appointment by the expiry of the applicable notice period, by the Trustee itself. ## THE BORROWERS AND MORTGAGORS

### The Borrowers

The Borrowers comprise Alban Gate Property Holdings (Jersey) Limited ("**Alban Gate**") and Alban Gate Property Holdings (No.2) Limited ("**Alban Gate No.2**"), both limited liability companies incorporated in Jersey and their telephone number is +44 (0)1534 636211. Alban Gate has registered number 91031 and was incorporated on 24 August 2005 and Alban Gate No.2 has registered number 91273 and was incorporated on 27 September 2005. The registered office of both companies is 28-30 The Parade, St Helier, Jersey.

### Principal Activities

The main business of the Borrowers is the acquisition and ownership of units in Alban Gate GPUT, the only asset of which is the Property. To the best of the Originator's knowledge, neither the Borrowers nor the Alban Gate GPUT is, nor within the past 12 months has been, involved in any governmental, legal or arbitration proceedings (including any which are pending or, so far as either company is aware, threatened).

Other than as described herein, the Borrowers have not commenced operations and no financial statements have been prepared as at the date of this Prospectus.

A legal opinion was obtained from Jersey lawyers confirming that the Borrowers were duly constituted under Jersey law and had power and capability to enter into the relevant loan and security documents.

### Principal Officers

The principal officers of the Borrowers as at the Cut-Off Date are as follows:

Name	Business Address
Grant Brown (Director)	28-30 The Parade, St Helier, Jersey
Frances Margaret Leonard (Director)	28-30 The Parade, St Helier, Jersey

The principal officers undertake their required duties as directors of the Borrowers. To the best of the Originator's knowledge, there are no conflicts of interests between any duties of the directors to the Borrowers and their private interests and/or other duties.

### Loan Capital

The outstanding loan capital (as of the Cut-Off Date) consists of a Senior Loan of £229,149,353.45 and a Junior Loan of £55,000,000 both advanced by the Originator in October 2005. Principal on the Loan will amortise on each Interest Date, although prior to the Enforcement Date such amortisation payments shall be applied first towards repayment of the Junior Loan. The Senior Loan and Junior Loan both share the same security (see "**Security**" below). The Borrowers have also borrowed monies from associated companies – these are subordinated to the Senior Loan and Junior Loan pursuant to a separate subordination agreement.

### Share Capital

Alban Gate and Alban Gate No.2 each have an authorised share capital of £10,000 of which 2 shares of £1 have been issued.

### The Senior Loan

The principal amount of the Senior Loan (as of the Cut-Off Date) is £229,149,353.45. Interest is payable quarterly in arrear on the 10<sup>th</sup> day of January, April, July and October in each year except for the last Interest Payment Date which shall be 1 October 2010. The principal balance is due to be repaid on 1 October, 2010.

Interest is payable at a margin above 3 months' Sterling LIBOR.

### Security

The security for the Loan comprises:

- (a) a first legal mortgage over the Property (granted by the Mortgagors in their capacities as trustees of the Alban Gate GPUT);
- (b) debentures from Alban Gate and Alban Gate No.2 creating fixed and floating charges over each company's assets, including charges over any interest it may have in the Property;
- (c) first ranking security interests over the shares in Alban Gate and Alban Gate No.2;
- (d) first ranking security interests over the Rent Account into which income derived from the Property is paid;
- (e) first ranking security interests in respect of the units in Alban Gate GPUT owned by Alban Gate and Alban Gate No.2;
- (f) an intercreditor agreement between, amongst others, the Senior Lender, the Junior Lender and the Loan Swap Counterparty;
- (g) a subordination agreement with other (associated) lenders.

The security in respect of the shares in Alban Gate and Alban Gate No.2 and the Rent Account are taken under Jersey law, the security over the units in the Alban Gate GPUT is taken under Guernsey law and all other security is subject to English law.

### **The Mortgagors**

The Mortgagors comprise Ogier Corporate Services (Guernsey) Limited and Ogier Trustee (Guernsey) Limited, both limited liability companies incorporated in Guernsey. They are independent of the Borrowers and act as trustees of trusts other than the Alban Gate GPUT, however the Legal Mortgage provides that there is no recourse to any assets of the Mortgagors other than the Property.

### **Alban Gate GPUT**

The Alban Gate GPUT was constituted pursuant to a trust instrument dated 27 October, 2005 entered into by the Mortgagors (limited liability companies also incorporated in Guernsey unconnected with the Borrowers). Its only asset is the beneficial interest in Property which was transferred to it on 27 October, 2005.

Alban Gate GPUT has currently issued a total of 312,000 units of which 296,400 are held by Alban Gate and 15,600 are held by Alban Gate No.2. The provisions of the trust deed, together with the security over the units held by the Borrowers, effectively prevent the issue of further units, the acquisition of further assets or the borrowing of further funds by Alban Gate GPUT without the prior consent of the Loan Security Trustee.

A legal opinion was obtained from Guernsey lawyers on the drawdown of the Loan confirming that both companies were duly constituted under Guernsey law and had power and capacity to enter into the relevant loan and security documents.

### **The Property**

The Property comprises a leasehold interest in an office property within which are a number of retail units at podium level and a residential area comprising five flats and four town houses. It is held by the Trustees of the Alban Gate GPUT under the terms of a lease expiring on 10 October, 2132 at a peppercorn rent with no reviews.

The Property was valued by Allsop & Co on 24 October, 2005. The open market value of the Property was valued to be £319,000,000 and its vacant possession value was valued at £200,000,000.

The Property is subject to an occupational lease of the whole of the same for a term expiring in 2025. This lease is currently vested in JPMorgan Chase Bank, N.A. The current annual rent is £18,000,000

payable quarterly in advance on the 25 March, 24 June, 29 September and 25 December in each year. There are no provisions for the tenant to break the lease prior to expiry of the contractual term. The Landlord has the right to determine the occupational lease upon notice between 25 March and 28 September, 2008 subject to (amongst other things) offering the tenant satisfactory similar alternative accommodation. However, the break cannot in any event be exercised without the consent of the Servicer (acting on behalf of the Loan Security Trustee) who, in accordance with the terms of the Servicing Agreement has agreed that it shall not agree to any request by the Mortgagors or the Borrowers made pursuant to the Credit Agreement and the Mortgage to determine the lease of the Property unless the Loan has been repaid in full and the Notes have been fully redeemed.

JPMorgan Chase Bank, N.A. underlet the retail and residential areas of the Property on the terms of two underleases for terms expiring in 2025, each at a peppercorn rent. These underleases are currently vested in the trustees of the Alban Gate GPUT. The various retail and residential areas are sub-underlet to occupational tenants.

## THE LOAN AND THE LOAN SECURITY

### 1. The Loan

The Loan was originated by SG (the "**Originator**"). The origination of the Loan was undertaken by the Originator in its capacity as sole lender.

The Loan is secured over a commercial property, as described below. The decision to advance the Loan (subject to obtaining satisfactory legal due diligence) was based on compliance with the Originator's loan origination procedure, as described below. The Loan and Loan Security was originated by the Originator in October 2005.

#### Loan Origination Procedure

The description that follows relates to the procedure followed by the Originator in originating the Loan.

### 2. Origination Procedure

#### *(A) Underwriting and Credit Approval Process*

In deciding whether to advance the Loan, the Originator carried out an initial review which included:

- Analysis of the lease structure and tenancies
- Past and current dynamics of the real estate market where the assets are located
- Detailed review of the underlying assets including type, location and quality
- Cash flow simulations
- Loan distribution strategy: syndication or securitisation

Based upon this analysis, loan terms and conditions, amortisation profiles and thresholds for financial covenants were determined and proposed to the client in the form of an indicative term sheet, that was negotiated with the client. Once the indicative terms were agreed with the client, an arrangement and underwriting mandate was signed. The Originator then went through the credit application process described below.

A designated deal leader wrote a Credit Application in respect of the Loan and was responsible for every aspect of the risk analysis (borrower, tenant, income stream analysis, loan structure and covenants). The Credit Application followed a standard format comprising:

- Executive Summary
- Overview of the sponsor
- Overview of the property
- Market analysis
- Tenant analysis
- Cash flows and risk analysis
- Funding structure and terms

The Credit Application was reviewed and approved by the Global Head of Real Estate Finance who assessed the transaction. A further review and subsequent approval was undertaken by two separate SG risk departments, one of which reported directly to the SG Chief Executive Officer.

Once credit approval was granted the full due diligence process commenced. The Originator instructed the chartered surveyors to provide valuations of the Property.

The Originator instructed its external English Legal advisers, Sidley Austin ("SA") who are responsible for drafting and checking the loan and security documentation. See Section 3 below "*Legal Due Diligence*" for a more detailed description as to the due diligence process undertaken.

The deal leader reviewed all the due diligence reports and was responsible for the review of the information provided in these reports. The deal leader also ensured that satisfactory insurance and hedging arrangements were put in place on or prior to the drawdown of the Loan.

The deal leader, in conjunction with SA, confirmed that the Property was suitable security for mortgage purposes.

Each facility is monitored by the Originator's Agency and Transaction Monitoring department which is independent from the real estate department. Any request for changes to tenancies, sales, changes in ownership etc. is dealt with by this department supported by other relevant areas. Compliance with loan covenants is checked on a minimum quarterly basis when updated property information is received from the borrower.

### **3. Legal Due Diligence**

Following the approval in principle by the Originator of the loan facility, certain legal due diligence procedures (as detailed below) were followed before the Loan was advanced. The legal due diligence was in each case addressed to the Originator and the Loan Security Trustee. All due diligence was dated as of or shortly before the date the actual Loan was drawn down. It is not updated prior to any securitisation. It is not re-addressed either to any such issuer or other party who must instead each rely solely on the representations and warranties given by the Originator contained in the Loan Sale Agreement.

#### ***(A) General Information***

SA initially obtained (and, where reasonably practicable, checked) general information relating to a proposed facility including details of the borrower's shareholders; any borrowings that it has entered into; the accounts to be operated in connection with the proposed facility; any managing agents appointed (or to be appointed) in connection with the collection of rents and/or management of the property; and insurance of the property.

#### ***(B) Property Title Investigation***

An important part of the legal due diligence process was to verify that the prospective borrower and/or Mortgagors has or, if the property is being purchased, will have, good title to the property to be charged, free from any encumbrances or other matters which would be considered to be of a material adverse nature. Reports on title were prepared and issued in favour of the Originator and the Loan Security Trustee by the Borrowers' solicitors.

SA checked the identity of the solicitors and satisfied themselves on behalf of the Originator that they were of sufficient standing and competence to deliver a report on title in respect of the relevant property and have appropriate professional indemnity insurance cover.

SA then reviewed the draft form of report to ensure that it covered all relevant matters. Once the draft report had been issued, they raised requisitions in case of omissions, ambiguities or material disclosures and satisfied themselves in relation to any issues arising from the report.

SA then prepared an executive summary confirming approval of the form and content of the report on title and highlighting any matters contained in the report which the SA considered should be drawn to the attention of the Originator and its valuers (to whom a copy of the report was sent).

### ***(C) Capacity of Borrowers/Mortgagors/Alban Gate GPUT***

In relation to the Borrowers, Mortgagors and Alban Gate GPUT lawyers competent in the jurisdiction where the relevant companies were incorporated or trust constituted were appointed to undertake a due diligence process to confirm that the relevant company or trust was validly incorporated or constituted, had sufficient power and capacity to enter into the proposed transaction, whether it was subject to any existing mortgages or charges, whether it was the subject of any insolvency proceedings, and generally that any formalities required to enter into the proposed transaction with the Originator have been (or would by drawdown be) completed. The lawyers advising in connection with jurisdictions outside England and Wales were required to deliver an appropriate legal opinion confirming, among other things, that the choice of English law to govern the loan documentation (save in relation to the security over an asset whose "situs" (deemed location) is outside England and Wales, where local law applied) was recognised and upheld.

The legal due diligence undertaken in each case was addressed to the Originator and the Loan Security Trustee. It will not be updated prior to the sale of the Loan and Loan Security nor will it be readdressed either to the Issuer or the Trustee who will each rely solely on the representations and warranties to be given to them by the Originator in the Loan Sale Agreement (see "*Acquisition of the Loan*" below).

### ***(D) Structural/Environmental Reports***

SA obtained and reviewed environmental "risk servicing" reports which, based upon published information relating to the property and past uses, attempted to identify the risk of any adverse environmental matters affecting the property and/or works being required to comply with any environmental legislation.

### ***(E) Valuations***

The Property was the subject of a Valuation in connection with the Loan. The valuations contained a detailed description of the Property (including location areas and type of construction) rental values and an assessment of the insurance value of the Property. The valuation was undertaken on or about the origination date of the relevant Loan by an independent qualified surveyor (being a member of the Royal Institution of Chartered Surveyors) on the instructions of the Originator. No further valuation will be undertaken in connection with the sale of the Loan to the Issuer. For further information on the Valuations, see "*The Borrowers/Mortgagors*".

## **4. Drawdown and Post-Completion Formalities**

SA ensured that all necessary registration formalities and the service of notices were dealt with at drawdown or, as appropriate, within any applicable priority or other time periods following drawdown.

In relation to registrations at any relevant land registry, SA either undertook these or obtained an unconditional undertaking from the Borrowers' solicitors to effect the registrations. Where the Borrowers' solicitors asked to retain any occupational leases in order to deal with day to day management matters, they were permitted to do so subject to providing an unconditional undertaking to hold them to the Loan Security Trustee's order and to deliver them on demand.

## **5. The Credit Agreement**

### ***General***

The principal documentation which was entered into by, amongst others, the Borrowers, the Mortgagors, the Loan Swap Counterparty and the Originator (as Agent and Loan Security Trustee) in relation to the Loan; a debenture from the Borrowers; a first legal mortgage over the Property from the Mortgagors; a

first ranking security interest in relation to the Rent Account and other accounts; security interests over the shares of the Borrowers and security interests over the units in the Alban Gate GPJT held by the Borrowers.

### ***Purpose of the Loan***

The purpose of the Loan was to assist in the acquisition of the Property.

### ***Borrower/Mortgagors Description***

The Borrowers are sponsored by an experienced property investor and are both special purpose vehicles constituted in Jersey whose only activity, save as referred to below, is represented as being the beneficial owners of the Units.

At the time of origination, the Borrowers did not have any material assets or liabilities (other than liabilities that were fully subordinated and save as set out below) other than in relation to the Units and the Property. The Originator is not aware of the Borrowers having incurred any such liability since the date of origination other than as permitted by the Credit Agreement.

### ***Terms of the Credit Agreement***

The Credit Agreement contains those representations, warranties and undertakings on the part of the Borrowers that would be acceptable to a reasonably prudent lender of money secured over commercial property.

The Loan has an original maturity of approximately five years. The Loan is scheduled to be repaid on 1 October, 2010.

### ***Loan Amount - Drawdown and Further Advances***

The maximum amount of the Loan was calculated by reference to a pre agreed loan to value ratio and there is no obligation on the Originator or the Issuer to make any further advance to the Borrowers.

Neither the Servicer nor the Special Servicer will be permitted under the Servicing Agreement (following sale and purchase of the Loan) to agree to an amendment of the terms of the Loan that would require the Issuer to make any further advances to the Borrowers (unless written confirmation is received from the Rating Agencies that the rating of the Notes will not be adversely affected).

### ***Payments/Prepayments***

The Borrowers have the right to prepay voluntarily the whole or any part of the Loan on a Loan Interest Payment Date under the Loan or between Loan Interest Payment Dates, in either case, upon not less than 10 Business Days' prior notice being given, subject to payment of any breakage costs (including the costs of breaking any associated hedging arrangements).

The Whole Loan has a principal repayment schedule providing for the repayment of principal on each Loan Interest Payment Date. All such amortisation payments will, pursuant to the Intercreditor Deed and prior to the Enforcement Date, be applied towards the repayment of the Junior Loan before the Senior Loan. Any voluntary prepayments of the Loan shall be apportioned as between the Senior Loan and the Junior Loan and such prepayments potentially allow for further amortisation of the Whole Loan.

### ***Interest***

Interest under the Loan is paid quarterly in arrear on 10<sup>th</sup> day of January, April, July and October each year (each such date a "Loan Interest Payment Date") except for the last Interest Payment Date which shall be 1 October, 2010.

Interest in relation to the Loan is payable at a floating rate, although the Borrowers under the Loan are obliged to enter into hedging arrangements (see "*Hedging Arrangements*" below).

### ***Hedging Arrangements***

The Whole Loan contains an obligation to enter into hedging arrangements (the "**Hedging Arrangements**") which provide the Borrowers with an obligation to pay a fixed rate of interest notwithstanding that interest is payable by the Borrowers pursuant to the Credit Agreement at a floating rate.

The Credit Agreement requires the Hedging Arrangements for the Whole Loan to be in a form and substance satisfactory to the Agent and with a counterparty who shall be during this transaction a financial institution whose unsecured and unsubordinated debt has a minimum short-term rating of "A-1+" by S&P, a long-term rating of "Aa3" and short term rating of "P-1" by Moody's. As at the drawdown of the Loan, SG was the Loan Swap Counterparty in respect of the Loan and its unsecured and unsubordinated debt had a long-term rating of "AA-", a short-term rating of "A-1+" by S&P, a long-term rating of "Aa2" and a short term rating of "P-1" by Moody's. The Hedging Arrangements are charged or assigned by way of security under a Security Document. The Hedging Arrangements in relation to the Whole Loan are in the form of an interest rate swap which is scheduled to continue in place until loan maturity.

If at any time the notional principal amount of the Hedging Arrangements exceeds the aggregate amount of the Whole Loan by more than 10 per cent., each Borrower must correct the position within 20 Business Days. If the Borrower does not do so, the relevant Loan Swap Counterparty may terminate the relevant Hedging Arrangements.

Neither a Loan Swap Counterparty nor the Borrowers may amend or waive the terms of Hedging Arrangements without the consent of the Agent.

## **6. The Loan Security**

### ***Principal Security***

All security in relation to the Loan is granted in favour of the Loan Security Trustee on trust for the Lenders under the Senior Loan and Junior Loan and the Loan Swap Counterparty.

### ***Debentures***

The debenture entered into by the Borrowers secures the obligations of the Borrowers to the Originator pursuant to the Credit Agreement, Hedging Arrangements and other loan documents. It creates fixed and/or floating charges over all the assets (including a Charge over the Borrowers' beneficial interest under the declaration of trust described below) of the Borrowers.

### ***Mortgage***

The Mortgage is granted by the Mortgagors in whom the legal estate to the Property is vested, and creates a first fixed legal mortgage over the Property.

### ***Account Charge***

The Account Charge creates a first ranking security interest under Jersey law and gives the Loan Security Trustee full security and control over monies standing to the credit of the account established by the Borrowers for the purposes of the Loan into which rental income from the Property is paid. Under the Servicing Agreement, the Loan Security Trustee delegated to the Servicer and the Special Servicer certain of its rights in relation to the secured accounts.

### *Tranching Account Declaration of Trust*

The Tranching Account opened with the Operating Bank (into which monies held in the Rent Account are transferred two Business Days before a Loan Interest Payment Date) is held by the Operating Bank under a declaration of trust on trust for the benefit of the Senior Lender, the Junior Lender, the Loan Swap Counterparty and the Borrowers.

### *Share Charges/Unit Charge*

Security interests over the shares in the Borrowers under Jersey law have been granted and the relevant share certificates deposited with or held to the order of the Loan Security Trustee.

The Borrowers have entered into first ranking security interest agreements (under Guernsey law) in respect of the units issued in the Alban Gate GPUT registered in their names.

### *Loan Security Trustee/Agent*

It is anticipated that on or about the Closing Date, ABN AMRO Trustees Limited will be appointed as the Loan Security Trustee in respect of the Loan.

The Agent in relation to the Loan is Hatfield Philips.

### *Additional Security*

#### *Subordination*

All borrowing obligations of the Borrowers other than pursuant to the Loan are fully subordinated in the usual manner to all amounts due under the Credit Agreement and the Loan Swap Agreements, subject to permitted payments being made to the subordinated creditor out of surplus amounts after payment of the sums due to the Lender under the Loan on a Loan Interest Payment Date.

#### *Intercreditor Agreement*

In relation to the Loan, the security granted by the Borrowers and Mortgagors provides security for the Senior Lender, Junior Lender and Loan Swap Counterparty. The Intercreditor Agreement confirms that the security in respect of the Senior Loan and associated Hedging Arrangements rank in all respects ahead of and in priority to the security in respect of the Junior Loan (see "*The Intercreditor Agreement*" below).

#### *Duty of Care Undertaking*

Allsop Commercial Management Limited has been appointed as an independent managing agent in relation to the Property. The Borrowers have entered into a duty of care undertaking with the managing agents addressed to the Loan Security Trustee in usual terms. The terms of such duty of care undertakings oblige the managing agents, amongst other things, to manage the Property and act in the best interests of the Borrowers at all times. They are also obliged to collect promptly rental income and (after deducting any service charge or VAT) to pay any net rental income received by them into the Rent Account although, at present, rental income from the Property is paid directly by the relevant tenant into the Rent Account.

## **7. Insurance**

By the terms of the Credit Agreement the Borrowers undertake that the Mortgagors shall ensure that the Property and the plant and machinery on the Property (including fixtures and improvements) is insured on a full reinstatement basis in such amounts and against such risks as the Loan Security Trustee may reasonably require including subsidence, terrorism, professional fees, site clearance, Value Added Tax and not less than three years loss of rent but where and to the extent that by the terms of the headlease the Mortgagors are not responsible for insurance as set out above then the mortgagors are to use reasonable endeavours to procure compliance by the superior landlord with its obligations in that regard and in the

event of default to take out separate insurance cover in accordance with the terms of the Credit Agreement.

The buildings on the Property are currently insured by the superior landlord in the joint names of the superior landlord, and the Mortgagors for their full reinstatement value against comprehensive risks (including damage as a result of terrorist action) and the Mortgagors also insure against seven years' loss of rent under the occupational lease as required by the terms of the occupational lease to JPMorgan Chase Bank, N.A. The interest of the Loan Security Trustee has been noted on the insurance policies relating to the Property.

## **8. Accounts**

### ***General***

The Credit Agreement requires the Borrowers to establish a sterling denominated bank account with a bank acceptable to the Loan Security Trustee, as described below, into which rental income and, other monies are required to be paid (the "**Rent Account**"). The account is the subject of a first ranking security interest under Jersey law by way of security and the Servicer has signing rights and control over the accounts.

At present, the Rent Account is held with SG Hambros Bank (Channel Islands) Limited (formerly SG Hambros Bank & Trust (Jersey) Limited), a subsidiary of SG.

### ***Rent Account***

Not less than eleven calendar days (or in the case of the final Interest Payment Date only, two calendar days) before each Loan Interest Payment Date, net rental income is paid into a Rent Account over which the Servicer (on behalf of the Loan Security Trustee) has sole signing rights. SG Hambros Branch (Channel Islands) Limited have waived any rights of set-off on this account.

### ***Tranching Account***

Upon the instruction of the Servicer, two Business Days before each Loan Interest Payment Date, the balance of the Rent Account will be transferred into an account (the "**Tranching Account**") with the Operating Bank, which is held by the Operating Bank under a declaration of trust (the "**Tranching Account Declaration of Trust**") on trust for the benefit of, amongst others, the Senior Lender, the Junior Lender, the Loan Swap Counterparty and the Borrowers. Further to the report provided by the Servicer to the Cash Manager on the account balances, the Cash Manager (on behalf of the Issuer) shall notify the Liquidity Facility Provider regarding any Senior Expense Drawing that may be needed for payments to be made under the Notes on the Interest Payment Date (as more fully described in "*Loan Servicing – Tranching Account*").

### ***Payments from Issuer Transaction Account***

On the Loan Interest Payment Date, the Servicer (on behalf of the Loan Security Trustee) will withdraw the monies from the Tranching Account and shall apply them towards payment or repayment of the amounts set forth below in the order specified in the Intercreditor Agreement.

The Servicer (on behalf of the Loan Security Trustee) will transfer sums paid to or for the benefit of the Issuer under the Senior Loan into the collection account of the Issuer (the "**Issuer Transaction Account**"), held with the Operating Bank. In respect of the Junior Loan, the Servicer (on behalf of the Loan Security Trustee) will transfer sums paid to or for the benefit of the Junior Lender directly into the Junior Lender's own account. Such monies withdrawn from the Tranching Account will be applied in accordance with the Intercreditor Agreement. The Junior Loan will always be subordinated to the Senior Loan.

The Loan Security Trustee (or the Servicer on its behalf) is not obliged to make any withdrawal if a default under the Credit Agreement is then outstanding (or would occur if any such withdrawal were made).

### ***Events of Default: Enforcement***

The Credit Agreement sets out events of default following the occurrence of which any mortgages and/or other security for the repayment of the Loan may be enforced. Subject to any applicable grace periods and materiality the specified events include non-payment of sums due under the Credit Agreement, breach of any other obligations under the Credit Agreement, any representation, warranty or statement being incorrect when made or deemed to be made or repeated, and insolvency of, or the occurrence of any insolvency-related event in respect of the Borrowers, non-third party or the Mortgagors, enforcement of the security, inability to pay debts, change in beneficial ownership, cessation of business and change in control of the Borrowers.

## **9. Acquisition of the Loan**

### ***Consideration***

Pursuant to the Loan Sale Agreement, the Originator will sell and the Issuer will purchase the Loan together with the Originator's beneficial interest in the Loan Security.

The initial purchase consideration in respect of the Loan and Loan Security will be approximately £228,974,353.45 which will be paid on the Closing Date. On each Interest Payment Date prior to the service of a Note Enforcement Notice, the Issuer will pay to the Originator (or to the person or persons then entitled to it or any component of it), to the extent that the Issuer has funds, an amount by way of deferred consideration for the purchase of the Loan and their related Loan Security (the "**Deferred Consideration**"), if any, which is calculated in respect of the Collection Period ended on the Calculation Date immediately preceding such Interest Payment Date and which is equal to:

- (a) Available Interest Receipts less an amount equal to the sum of the payments scheduled to be paid on such Interest Payment Date pursuant to items (i) to (ix) as set out in "*Cash Flows — Payments out of the Issuer Transaction Account — Application of Available Interest Receipts*", minus
- (b) an amount equal to 0.01 per cent. of the Borrower Interest Receipts transferred by the Servicer into the Issuer Transaction Account during that Collection Period, provided that the resulting amount is greater than nil.

Any amounts standing to the credit of the Cash Reserve Account (see "*Cash Management – Cash Reserve Account*") on the Final Interest Payment Date (after the application of any amounts payable in respect of Prepayment Interest Arrears on the Final Interest Payment Date) will be paid as Deferred Consideration by the Issuer to the Originator (or to the person or persons then entitled to it or any component of it).

The right to receive the Deferred Consideration or any component of the Deferred Consideration is assignable, subject to the assignee agreeing to be bound by the terms of the Deed of Charge and Assignment.

### ***Notification and Transfer of Legal Title***

Within ten Business Days of the Closing Date, written notice will be given of the sale of the Loan and beneficial interests in the Loan Security to the Issuer and further security assignment to the Trustee pursuant to the Deed of Charge and Assignment.

## ***Representations and Warranties***

None of the Issuer, the Trustee, the Managers or its advisors has made (or will make) any of the enquiries, searches or investigations which a prudent purchaser of the relevant security would normally make in relation to the Loan or the related Loan Security purchased on the Closing Date. In addition, none of the Issuer, the Trustee, the Manager or its advisors has made or will make any enquiry, search or investigation at any time in relation to compliance by the Originator or any other person with respect to the loan origination procedure described above, or, in relation to the provisions of the Loan Sale Agreement, the Servicing Agreement or the Deed of Charge and Assignment in relation to any applicable laws or the execution, legality, validity, perfection, adequacy or enforceability of the Loan or the Loan Security purchased on the Closing Date.

In relation to the foregoing matters concerning the Loan and the Loan Security and the circumstances in which advances were made to the Borrowers prior to the purchase by the Issuer, each of the Issuer and the Trustee will rely entirely on the representations and warranties to be given by the Originator to the Issuer and the Trustee (as the case may be) which are contained in the Loan Sale Agreement.

If there is a material breach of any representation and/or warranty in relation to the Loan or Loan Security (details of which are set out below) and such breach is not capable of remedy or, if capable of remedy, has not been remedied, the Originator will be obliged within 60 days, if required by the Issuer, to repurchase the Loan and to accept a reassignment of its beneficial interest in the Loan Security from the Issuer for an aggregate amount equal to the outstanding principal amount under the Loan together with accrued interest up to, but excluding, the date of completion of the repurchase and costs incurred in relation to such repurchase (including an amount in respect of any potential shortfall that might be suffered by the Issuer if the repurchase takes place on a day other than an Interest Payment Date). The Issuer will have no other remedy in respect of such a breach unless the Originator fails to re-purchase the Loan, and to accept a reassignment of its beneficial interest in the Loan Security in accordance with the relevant Loan Sale Agreement.

All representations and warranties referred to above are given once only at the Closing Date and will include, without limitation (but subject to disclosures in the Loan Sale Agreement and as disclosed in this Prospectus) statements to the following effect:

- (i) The particulars of the Loan and Loan Security (including the Mortgage) set out in the relevant Schedule to the Loan Sale Agreement are in all material respects complete, true and accurate.
- (ii) The Originator is the legal and beneficial owner of the Loan, free and clear of all encumbrances, claims and equities (including, without limitation, rights of set off or counterclaim).
- (iii) The Loan constitutes a valid and binding obligation of, and is enforceable against, the Borrowers and represents the full recourse obligations of the Borrowers.
- (iv) The Loan matures for repayment not later than 1 October, 2010.
- (v) The Loan and Loan Security arose from the ordinary course of the Originator's commercial secured lending activities.
- (vi) Interest is charged on the Loan at such a rate as may be determined in accordance with the provisions of the Credit Agreement.
- (vii) The Credit Agreement is not in whole or part a regulated consumer credit agreement as defined in Section 8 of the Consumer Credit Act 1974, nor constitutes any other agreement regulated by such Act or any modification or re-enactment of such Act.
- (viii) In respect of the Loan, the Borrowers are required to make all payments without any deduction for or on account of taxes, except if required to do so by law. If any tax must be deducted from amounts paid or payable under the Loan (save where such obligation arises as a result of

voluntary action on the part of the Originator) then the Borrowers, in certain circumstances are obliged to pay additional amounts to the Originator so that the Originator receives a net amount equal to the full amount it would have received had the payment not been subject to tax.

- (ix) No Borrower is at the Closing Date nor was, at the date of any advance made pursuant to the Loan, an employee of or employed by the Originator.
- (x) The Loan was not purchased by the Originator and each advance was made by the Originator for its own account.
- (xi) No amount of principal, interest or other payment due from the Borrowers under the Credit Agreement or at any time before the Closing Date was more than 14 days overdue and as of the Closing Date no default was subsisting.
- (xii) The Credit Agreement does not contain any obligation to make any further advances which remains to be performed by the Originator and no part of any advance pursuant to the Loan has been retained by the Originator pending compliance by the Borrowers with any other conditions.
- (xiii) The Loan has not been discharged, terminated, redeemed, cancelled, rescinded or repudiated and neither the Originator nor the Borrowers have given any written intention to do so.
- (xiv) The Loan and the beneficial interest in the Security Trust may be validly assigned to the Issuer and no consent from the Borrowers or the Mortgages is required for such assignment.
- (xv) The Loan does not carry a right to payment of principal of less than the purchase price paid for the Loan by the Issuer.
- (xvi) Pursuant to the terms of the Credit Agreement, neither the Borrowers nor the Mortgages are entitled to exercise any right of set-off or counterclaim against the Originator in respect of any amount that is payable under the Loan.
- (xvii) Immediately prior to advancing the Loan, the Property charged as security therefor was valued for the Originator by a qualified surveyor or valuer appointed by the Originator (being a fellow or associate of The Royal Institution of Chartered Surveyors) and, at the date of the Loan, the principal amount so advanced did not exceed 72 per cent. of such valuation.
- (xviii) Prior to the completion of the Loan and the Mortgage, the Originator:
  - (a) received from solicitors acting for or approved by the Originator a report summarising reports on title or certificate of title prepared in relation to the Property (or reports on title or certificates of title from such solicitors), including a report on the terms of each material occupational lease, addressed to the Originator and the Loan Security Trustee in relation to the Property which initially or after further investigation disclosed nothing which would cause a reasonably prudent lender of money secured on commercial property to decline to proceed with the advance on its agreed terms;
  - (b) made available to the relevant valuer a copy of the report on title or certificate of title or the summary or the relevant parts thereof prepared by the relevant solicitor approved by the Originator, for the relevant valuer to comment on; and
  - (c) carried out all material investigations, searches and other actions and made such enquiries as to the Mortgages' title to the Property as would a reasonably prudent lender of money secured on commercial property and nothing was disclosed by such investigations, searches, actions and enquiries which would have led such a reasonably prudent lender either initially or after further investigation to decline to proceed with the Loan.

- (xix) Prior to the date of the Loan, the nature of, and amount secured by, the Loan and each Mortgage and the circumstances of the Borrowers and the Mortgagors would, as at that date, have been acceptable to a reasonably prudent lender of money secured on commercial property.
- (xx) In respect of the Borrowers and the Mortgagors that is not an individual nor a company or partnership constituted in England and Wales, the Originator received an opinion from relevant local counsel confirming that each was a properly constituted company or other legal entity in accordance with the terms of the relevant jurisdiction and had all necessary powers to enter into and comply with terms of the Loan and Loan Security.
- (xxi) The Originator has undertaken all due diligence that a prudent commercial lender would undertake to establish and confirm that the Borrowers have not engaged since its formation or incorporation in any activity other than those incidental to its formation or incorporation entering into the Loan and its Loan Security nor has had since its incorporation nor does it have as at the Closing Date any material liability or assets other than the Loan and Property providing security for the Loan.
- (xxii) To the best of the Originator's knowledge no report on title or certificate of title given by a relevant solicitor nor valuation given by a valuer in connection with the Loan (a) was negligently or fraudulently prepared by the relevant solicitor or valuer nor (b) failed to disclose any fact or circumstance that ought reasonably to have been disclosed by the report and, if disclosed, would have caused the Originator, acting as a reasonably prudent lender secured on commercial property, to decline to proceed with the Loan on its agreed terms.
- (xxiii) Prior to making an advance under the Loan, (a) no express recommendation was received by the Originator from a qualified surveyor or valuer to carry out any environmental audit, survey or report of any of the Property which was not implemented and (b) the results of any such environmental audit, survey or report which was procured by the Originator would, as at that date, have been acceptable to a reasonably prudent lender of money secured on commercial property and have been taken into account in the relevant valuation.
- (xxiv) The Property is situated in England.

- (xxvi) In relation to the Property:

  - (c) The Property does not comprise unregistered land.
  - (d) In relation to the Loan and Loan Security, all Stamp Duty, Land Registry and all other taxes or fees required to be paid in connection with, as applicable, the transfer of title to the Property into the name of the Mortgagors and/or registration of the legal title to the Loan Security in the name of the Loan Security Trustee have been paid, or an amount of money equivalent to such duties taxes or fees is held by or to the order of the Loan Security Trustee and is available for and will be applied in payment of such duties taxes or fees at the appropriate time.
- (xxvii) The Property does not constitute a dwelling nor is it owner occupied except for any part of the Property which is let or is capable of being let on the basis of an assured shorthold tenancy, short

assured tenancy, assured tenancy or a protected tenancy and save for the residential tenancies within the area sublet to the Mortgagors by the major tenant JPMorgan Chase Bank, N.A. which tenancies were taken into account in the valuation of that Property referred to in paragraph (xvii) above.

## THE INTERCREDITOR AGREEMENT

### General

The loan described herein is a fully drawn term loan advanced by SG (the "**Whole Loan**") which has subsequently been divided. The senior loan part (the "**Senior Loan**") of the Whole Loan will be sold to the Issuer by SG as the senior lender (the "**Senior Lender**"). The other portion of the Whole Loan (the "**Junior Loan**") is held by the junior lender (the "**Junior Lender**" and, together with the Senior Lender, the "**Lenders**").

The Lenders, Loan Swap Counterparty, Loan Security Trustee, Agents and Borrowers (amongst others) have accordingly entered into an intercreditor agreement (the "**Intercreditor Agreement**") to regulate, amongst other things, the priority of, and order of distribution for, rental income and other payments received in respect of the Property and to be made relating to the Whole Loan and Hedging Arrangements, and as to the position should it be necessary to enforce the Security.

### Enforcement

Following the occurrence of any event of default under the Credit Agreement (a "**Loan Event of Default**"), the Agent in respect of the Senior Loan must notify the Agent for the Junior Loan immediately it becomes aware of the same.

The Senior Agent (or the Servicer or Special Servicer, as applicable, acting on behalf of the Senior Agent) must, within 20 working days of such notice, notify the Junior Agent whether or not it intends to serve an enforcement notice or whether it intends to take no enforcement action. During this period any monies standing to the credit of the Rent Account and (otherwise) payable to the Junior Lender are held in the Rent Account and not distributed. If, upon the expiry of such period, the Senior Lender determines to enforce the security, all future monies received and/or any monies retained in the Rent Account are applied in accordance with the post-enforcement waterfall. If the Senior Agent determines not to or does not take any enforcement action then amounts retained in the Rent Account shall be payable to the Junior Lender in accordance with the pre-enforcement waterfall.

The date of service of a notice accelerating repayment of the Loan due to a Loan Event of Default is referred to as the "**Enforcement Date**".

The Loan Security Trustee must, in deciding whether or not to enforce the security in respect of the Loan or exercise any of its other powers, act on the instructions of the Servicer or, as the case may be, the Special Servicer (see "*Loan Servicing*"), unless and until all monies due and outstanding to the Lenders and associated Loan Swap Counterparty have been paid in full. A facility agent in relation to the Credit Agreement has also been appointed in respect of the Junior Loan (the "**Junior Agent**").

### Pre-Enforcement Waterfall

Prior to the Enforcement Date for the Loan (except following the sale of the Property) rental income and any other monies derived from the Property are paid into the Rent Account and distributed in the following order:-

- (a) all fees, costs and expenses attributable to the Loan and/or Hedging Arrangements;
- (b) rent or other monies due to the superior landlord pursuant to the headlease pursuant to which the Property is held;
- (c) interest/periodical payments due under Principal Hedging Arrangements (except hedging close out payments or payments arising following breach by the Loan Swap Counterparty) attributable to the Senior Loan;
- (d) amounts due under Principal Hedging Arrangements (except any arising from breach by Loan Swap Counterparty) attributable to the Senior Loan;

- (e) interest/periodical payments due under Principal Hedging Arrangements (except close out payments or payments arising following breach by Loan Swap Counterparty) attributable to the Junior Loan;
- (f) scheduled amortisation/amounts due under Principal Hedging Arrangements (save any arising from breach by Loan Swap Counterparty) attributable to the Junior Loan;
- (g) amounts due to Loan Swap Counterparty arising following breach by it; and
- (h) any balance towards prepayment of monies due in respect of prepayment of the Junior Loan (to be applied firstly towards prepayment of the Junior Loan and when zero the Senior Loan prior to the Enforcement Date but, after such date, first towards prepayment of the Senior Loan).

Notwithstanding any appropriation or purported appropriation by the Borrowers or other person any Voluntary Prepayment shall be apportioned as between the Senior Loan and the Junior Loan,

- (i) prior to the relative Waterfall Switch Date, in the same proportions which (as of any relevant date) the principal amount outstanding of each of the Junior Loan and the Senior Loan bears to the aggregate of the principal amounts of both of the Junior Loan and the Senior Loan outstanding; or
- (ii) on or after the Waterfall Switch Date, in the order of priority set out below.

"**Waterfall Switch Date**" means in relation to the Loan, the earlier of (i) the Enforcement Date and (ii) the date of the sale or disposal of the whole or substantially the whole of the Property and/or the units in the Alban Gate Unit Trust.

**Post-Enforcement/Property Sale or Whole Loan refinancing Waterfall**

After the Enforcement Date or the date upon which the Property charged as security for the Loan is sold, rental income and any other monies (including net sale proceeds) derived from the Property are paid into the Rent Account and then into the Tranching Account before being distributed along with any receipts from any Loan Swap Counterparty in the following order:-

- (a) fees, costs and expenses attributable to the Loan and/or Hedging Arrangements;
- (b) rent or other monies due to the superior landlord pursuant to any headlease under which the Property is held;
- (c) interest (other than any additional default interest)/principal and periodic/non-periodic payments due under Hedging Arrangements (except any arising following breach by Loan Swap Counterparty) attributable to the Senior Loan;
- (d) repayment of any outstanding principal amounts of any cure payments (see below)/made by the Junior Lender;
- (e) interest (other than any additional Junior Loan prepayment interest), principal and periodic/non-periodic payments due under Hedging Arrangements (except any arising following breach by Loan Swap Counterparty) attributable to the Junior Loan;
- (f) any additional default interest in relation to the Senior Loan;
- (g) any additional default interest in relation to the Junior Loan;
- (h) amounts due to Loan Swap Counterparty arising following breach by it;

- (i) amounts due to Loan Swap Counterparty pursuant to the Supplemental Hedging Arrangements; and
- (j) any balance towards prepayment of monies due in respect of prepayment of the Senior Loan.

**"Supplemental Hedging Arrangements"** means the arrangement entered into by Alban Gate No.2 on behalf of the Borrowers and Loan Swap Counterparty for the purposes of hedging the Borrowers' interest obligations in relation to all or part of the Loan (but relating to a period after 1 October, 2010) designated as such by the Borrowers and the Loan Swap Counterparty and the Agents, which will be excluded for the purposes of determining the Liabilities in the context of an Appraisal Reduction Amount.

**"Principal Hedging Arrangements"** means, in respect of the Loan, the arrangement entered into by Alban Gate No.2 on behalf of the Borrowers and the Loan Swap Counterparty for the purpose of hedging the Borrowers' interest rate liabilities relating to the Loan which satisfies the provisions of the Credit Agreement.

### **Junior Lender Cure Rights**

The Junior Lender has the right, following the occurrence of any payment default or non-material default (namely a Loan Event of Default of a non-material nature which is capable of remedy), to cure this default within three Business Days (in the case of a payment default) or 10 Business Days (in the case of a non-material default) after receiving notice of the relevant Loan Default. The Junior Lender may cure any payment Loan Event of Default only twice in any one period of 12 months and on no more than four occasions during the term of the Loan.

The provisions shall not apply (and the Junior Lender shall not be entitled to exercise any rights under such clause) if and for so long as, at any relevant time, the actual principal amount (or, if lower, the Adjusted Principal Amount) of the Junior Loan is less than 25 per cent. of the initial principal amount of the Junior Loan.

### **Junior Lender Defeasance Rights**

The Junior Lender may also, within 15 business days of receiving notice of the Senior Lender's intention to enforce security in respect of the Loan, purchase the Senior Loan from the Senior Lender at par, plus any associated costs and expenses incurred by the Senior Lender (including any outstanding expenses and costs in relation to the securitisation of the Loan) and/or associated Loan Swap Counterparty.

## ESTIMATED AVERAGE LIVES OF THE NOTES AND ASSUMPTIONS

The average lives of the Notes cannot be predicted as the actual rate at which the Loan will be repaid or prepaid and a number of other relevant factors are unknown.

Calculations of possible average lives of the Notes can be made based on certain assumptions. For example, based on the assumptions that:

- the Loan is not sold by the Issuer;
- the Loan does not default, voluntarily prepay or is not enforced and no loss arises;
- the Closing Date is 11 July, 2006; and
- the Issuer does redeem the Notes (in accordance with Condition 5(c)) upon the aggregate Principal Amount Outstanding of such Notes being less than 10 per cent. of their aggregate Principal Amount Outstanding as at the Closing Date,

then the approximate percentage of the initial principal amount outstanding of the Notes on each payment date of the Notes and the approximate average lives of the Notes would be as follows:

<u>Payment Date of Notes</u>	<u>Class A Notes</u>	<u>Class B Notes</u>	<u>Class C Notes</u>	<u>Class D Notes</u>	<u>Class E Notes</u>

Weighted Average Life (years)					4.23

- The Cut-off Date assumed for the WAL calculation is 11 July 2006.

Assumptions (a) and (b) relate to circumstances which are not predictable.

The average lives of the Notes are subject to factors largely outside the control of the Issuer and consequently no assurance can be given that any of the estimates above will in fact be realised and they must therefore be viewed with considerable caution.

The day count fraction used for the above was "30/360", being the number of days in the relevant period divided by 360 (the number of days being calculated on the basis of a year of 360 days with 12 30-day months).

## LOAN SERVICING

### General

The servicing and administration of the Whole Loan and the Loan Security is governed pursuant to the terms of a servicing agreement dated 16 May, 2006 (the "**Servicing Agreement**") between, amongst others, the Loan Security Trustee, the Servicer, the Special Servicer, the Senior Lender and the Junior Lender. It is anticipated that the Issuer (as the new Senior Lender) and the Trustee will formally accede to the Servicing Agreement on the Closing Date. The Junior Lender and the Loan Security Trustee have each appointed, and the Issuer and the Trustee will each appoint, the Servicer and the Special Servicer to service and administer the Whole Loan and the Loan Security on behalf of all of them (each according to their respective rights and interests in the same). The Servicer and the Special Servicer shall each act, and exercise all its powers and discretions as servicer pursuant to the Servicing Agreement in accordance with the following requirements (applying such requirements in the following order of priority in the event of a conflict between them):

- (a) any and all applicable laws;
- (b) the express terms of the Servicing Agreement;
- (c) the Servicing Standard;
- (d) the express terms of the Intercreditor Agreement; and
- (e) the Loan Documentation.

If, in the course of providing the services to be provided by it, a conflict arises between the interests of the Servicer or the Special Servicer or any of their respective affiliates on the one hand, and the interests of the Lenders in accordance with the Servicing Standard, the interests of the Lenders shall prevail. If a conflict arises between the interests of the Issuer and the Junior Lender, then the interests of the Issuer shall prevail, subject to the Servicer and Special Servicer's duty to service in accordance with the requirements set forth above and the terms of the Intercreditor Agreement.

"**Servicing Standard**" requires the Servicer and, as applicable, the Special Servicer to service and administer the Whole Loan in accordance with the standards of a reasonably prudent lender of money secured by mortgages over commercial property located in the United Kingdom, with a view to the timely collection of all sums due from the Borrowers and/or Mortgagors and, in the event of a default, the maximisation of recovery on the Whole Loan to the Lenders (as a collective whole) and based on the Servicer's determination of the net present value of the same.

The servicing of the Whole Loan will be undertaken for the benefit of the Issuer, the Junior Lender, the Loan Security Trustee and the Trustee according to their respective rights and interests in the Whole Loan and the Loan Security.

Each of the Servicer and the Special Servicer is required to adhere to the above standards without regard to any fees or other compensation to which it is entitled, any relationship it may have with any party to the transaction or the ownership of any Note or any interest in the Junior Loan by the Servicer or the Special Servicer. Each of the Servicer and the Special Servicer or any of their affiliates may become the owner or otherwise hold an interest in the Notes or the Junior Loan with the same rights as each would have if it were not a Servicer or the Special Servicer, as the case may be. Any such interest of the Servicer or the Special Servicer in the Notes or the Junior Loan will not be taken into account by any person when evaluating whether actions of the Servicer or the Special Servicer were consistent with the above standards.

## Role of the Servicer and the Special Servicer

### *Serviced Loan*

As from the Closing Date and in accordance with and pursuant to the terms of the Servicing Agreement, save as mentioned below, the Servicer will be responsible for the servicing and administration of the Whole Loan.

### *Specially Serviced Loan and the effect of a Servicing Transfer Event*

If:

- (a) any scheduled payment of the Whole Loan (other than any final payment due and payable on the Whole Loan) is more than 15 Business Days delinquent;
- (b) there is a payment default on the maturity date of the Whole Loan;
- (c) the Borrowers experience certain insolvency events;
- (d) the Servicer has received notice of the forfeiture of the headlease on the Property;
- (e) there is, to the knowledge of the Servicer, a material default of the Borrowers' obligations under the Credit Agreement or, to the knowledge of the Servicer a material default is likely to occur which is in the Servicer's or the Special Servicer's opinion not likely to be cured within 15 days of its occurrence; or
- (f) any other default occurs on the Whole Loan and, in the reasonable judgement of the Servicer (acting in good faith), such default materially impairs, or could materially impair, the use or marketability or value of the Property as security for the Whole Loan,

(each, a "**Servicing Transfer Event**"), the Whole Loan will become a "**Specially Serviced Loan**" and Hatfield Philips (or the entity that is then named as the Special Servicer in the Servicing Agreement) will commence to act as the Special Servicer in relation thereto. The Servicer must notify the Issuer, the Junior Lender, the Loan Security Trustee, the Trustee, the Rating Agencies and the Operating Adviser (if appointed by the Controlling Party and notified to the Servicer) upon the Whole Loan becoming a Specially Serviced Loan. Within 10 business days of having been so notified, the Operating Adviser shall either confirm the appointment of Hatfield Philips as the then Special Servicer or shall, if it has acceded to the Servicing Agreement appoint an alternative entity, who satisfies the requirements set out in the Servicing Agreement for a Special Servicer (but who may not be the Junior Lender or an affiliate of the Junior Lender), as an alternative Special Servicer (and at such time Hatfield Philips will resign as the then Special Servicer). The Operating Adviser will be deemed to have confirmed Hatfield Philips appointment as Special Servicer if it does not respond within such 10 business day period.

To the extent that the Whole Loan is a Specially Serviced Loan and either:

- (i) an event specified in paragraph (a) above has occurred and the Borrowers have made two consecutive timely quarter payments in full; or
- (ii) an event specified in paragraph (b), (c), (d), (e) and/or (f) above has occurred and the event specified has been remedied, cured (including, for the avoidance of doubt, the exercise of any cure rights by the Junior Lender) or otherwise resolved,

(the Whole Loan, then being a "**Corrected Loan**"), the Special Servicer will no longer specially service the Specially Serviced Loan and the servicing will transfer back to the Servicer.

### ***Ongoing duties of the Servicer in relation to Specially Serviced Loan***

Notwithstanding the appointment of the Special Servicer, the Servicer will be required to continue to collect information and prepare all reports required to be collected or prepared by it pursuant to the terms of the Servicing Agreement, which may include reports and information regarding the Specially Serviced Loan (but provided that the information and reports in respect of the Specially Serviced Loan will, if requested by the Servicer, be based on information and reports provided by the Special Servicer). Neither the Servicer nor the Special Servicer will have responsibility for the performance by the other of its obligations and duties under the Servicing Agreement.

### **The Controlling Class**

The holders of the Most Junior Class of Notes outstanding at the relevant time shall be the "**Controlling Class**" unless at such time such class of Notes does not satisfy the Controlling Class Test, when the Controlling Class shall be the holders of the next Most Junior Class of Notes which do satisfy the Controlling Class Test.

The "**Controlling Class Test**" is, in relation to any Class of Notes, satisfied if at the relevant time the total principal amount outstanding of such Class of Notes (after the application of any Appraisal Reduction Amount) is not less than 25% of the initial principal amount outstanding of such class of Notes on the Closing Date unless no Class of Notes satisfies these requirements, when the Controlling Class will be the Most Junior Class of Notes then outstanding.

The "**Most Junior Class of Notes**" means:

- (a) whilst any Class E Notes are outstanding, the Class E Notes;
- (b) if no Class E Notes are outstanding, the Class D Notes;
- (c) if no Class D Notes are outstanding, the Class C Notes;
- (d) if no Class C Notes are outstanding, the Class B Notes; or
- (e) if no Class B Notes are outstanding, the Class A Notes.

The Conditions of the Notes and the Servicing Agreement permit the Controlling Class to appoint a representative (a "**Controlling Class Representative**") to represent its interests. The Controlling Class Representative will be appointed (or replaced) in writing by Noteholders representing a majority of the Controlling Class upon delivery of a written instrument by such majority to the Trustee. No Extraordinary Resolution is required in connection with the appointment (or replacement) of the Controlling Class Representative. Upon receipt of such written instrument, the Trustee will be required to forward a copy of such instrument to the Special Servicer.

The Controlling Class Representative will have those rights as set forth under "*Rights and Powers of the Controlling Party*" below.

### **The Controlling Party**

The "**Controlling Party**" is the Junior Lender provided that if, at any relevant time, the actual aggregate principal amount (or, if lower, the Adjusted Principal Amount) of the Junior Loan is less than 25% of the initial aggregate principal amount of the Junior Loan then the Controlling Party shall be the Controlling Class. However, please see the section headed "*Rights and Powers of the Controlling Party*" on page 81 in relation to the circumstances in which the Controlling Party will always be the Junior Lender.

The "**Adjusted Principal Amount**" means (as of any relevant date) the actual principal amount of the Junior Loan then outstanding less any Appraisal Reduction Amount.

A "**Valuation Event**" shall occur on the earlier of:

- (a) the date 120 days after the occurrence of any non-payment with respect to the Whole Loan if such non-payment remains uncured;
- (b) the date 90 days after an order is made or an effective resolution is passed for the winding up of the Borrowers or an administration order is granted or an administrative receiver or other receiver, liquidator or other similar official is appointed in relation to the Borrowers or the Property, provided such order, resolution or appointment is still in effect;
- (c) the effective date of any modification to the maturity date, interest rate, principal balance, amortisation term or payment frequency of the Whole Loan, other than the extension of the date that a final principal payment is due for a period of less than six months;
- (d) the date 60 days following the date the Whole Loan becomes a Specially Serviced Loan; and
- (e) the date upon which the Servicer has reasonable grounds to consider that an event has occurred which has caused a material adverse effect on the property market and a related material change in the value of the Property.

Upon the occurrence of a Valuation Event, the Servicer shall (unless at such time there is already in existence a Valuation of the Property less than 12 months old) commission and use its best endeavours to obtain a further Valuation of the Property.

Upon receipt of a Valuation (or, if there is already such a Valuation less than 12 months old, immediately after a Valuation Event) the Servicer shall calculate any applicable Appraisal Reduction Amount applicable to the whole or any part of the Whole Loan and/or any Class of Notes in order to determine who at such time constitutes the Controlling Party. The Servicer shall promptly upon completion of such calculation notify the Cash Manager, the Issuer, Junior Lender, the Loan Security Trustee, the Trustee and the Noteholders (as applicable) as to the identity of such Controlling Party at such time.

If at any time subsequently the Servicer reasonably believes that the initial Controlling Party ceases to qualify as such then, provided always that it calculates any further Appraisal Reduction Amount based upon a Valuation of the Property undertaken not less than 12 months previously, the Servicer may determine that another party shall be the Controlling Party which procedure may be repeated as often as the Servicer considers appropriate or necessary.

An "**Appraisal Reduction Amount**" means

- (a) with respect to the Junior Loan, the sum calculated in accordance with the following formula:

$$£(a - b) - (c - d)$$

where

a = the aggregate of the Liabilities;

b= the aggregate of any sums (in cleared funds) standing to the credit of the Rent Account;

c = 90 per cent. of the open market values of the Property (after deduction of the amount required to redeem other charges or security interests ranking in priority to those created by the Mortgage) as determined by the most recent Valuations provided that if, as of any relevant date, any Valuation is dated more than 12 months previously, the Servicer or the Special Servicer (or, if neither are in office at the relevant time, the Agent) shall commission a further and/or updated Valuation in respect of the Property for the purposes of making this calculation; and

d = amounts due but unpaid by way of rent or other sums payable under the terms of any headlease under which the Property is held

- (b) with respect to any class of Notes the sum calculated in accordance with (a) above but after further deduction of (i) the principal amount outstanding under the Junior Loan and (ii) the principal amount outstanding of any Class of Notes junior to the Class of Notes in respect of which such calculation is to be made

provided that, if any such calculation produces a negative amount, then in such circumstances the Appraisal Reduction Amount shall be zero.

**"Liabilities"** means, in the context of an Appraisal Reduction Amount, all sums, liabilities and obligations (whether actual, contingent, present and/or future) due or owing by the Borrowers relating to the Whole Loan and/or the Hedging Arrangements relating or attributable to the Whole Loan including any accrued and unpaid interest, charges, fees and other expenses due to the Lenders pursuant to the Financing Documents.

**"Valuation"** means, in relation to the Property, the market value of that Property addressed to the Creditors prepared in accordance with the Appraisal and Valuation Manual issued by the Royal Institution of Chartered Surveyors (in association with others) current at the date of the valuation undertaken by Allsop or such valuers as may be appointed by the Senior Agent and the Junior Agent (or, in default of agreement, appointed by or on behalf of the President for the time being of the Royal Institution of Chartered Surveyors) from time to time.

#### **Rights and Powers of the Controlling Party**

The Servicer or Special Servicer will be required to consult with the Controlling Party (or the Operating Adviser if an Operating Adviser has been appointed by the Controlling Party to represent it) with respect to proposals for it to take any significant action with respect to the Whole Loan or its related Mortgage or Loan Security and to consider alternative actions recommended by the Controlling Party. The Servicer or Special Servicer will also be required to inform the Trustee of the result of any consultation with the Controlling Party where the Controlling Party is the Controlling Class Representative.

In addition, the Servicer or the Special Servicer, as the case may be, prior to taking or consenting to any of the following actions with respect to the Whole Loan shall obtain the written approval of the Controlling Party (which the Servicer shall promptly forward to the Loan Security Trustee and Trustee) if there is:

- (a) a material increase in the amount of the Liabilities or the overall obligations of the Borrowers (or any other party to the Loan Security) under the Loan Documentation and the Loan Swap Counterparty Agreements (save in respect of any further monies advanced or costs incurred in connection with the protection and/or enforcement of the Loan Security);
- (b) any change to the date of payment of any amount to a party under the Loan Documentation and the Loan Swap Counterparty Agreements;
- (c) a reduction in the interest rate or a reduction in the amount of any payment of principal, interest, fee or other amount payable under the Loan Documentation and the Loan Swap Counterparty Agreements;
- (d) an increase in, or an extension of, a commitment or total commitments under the Loan Documentation and the Loan Swap Counterparty Agreements;
- (e) any change to the basis upon which a payment is calculated in accordance with the original provisions of that Loan Documentation and the Loan Swap Counterparty Agreements;
- (f) a release of any Loan Security or security provider;

- (g) any change to the right of a party to assign or transfer its rights or obligations under the Loan Documentation and the Loan Swap Counterparty Agreements;
- (h) any change to the rights of a party against another party or the priority or subordination intended to be achieved by the Intercreditor Agreement (save for (i) any changes agreed with the Issuer in respect of its Liabilities where such change does not affect the amount of its Liabilities as a whole or otherwise adversely affect the position of the Junior Lender and/or (ii) any changes agreed with the Junior Lender in respect of its Liabilities where such change does not adversely affect the position of the Issuer);
- (i) any change to the insurance requirements set out in, or to any insurance policy effected in accordance with the Credit Agreement; or
- (j) any material changes to the Credit Agreement which may adversely affect directly or indirectly the value of the Property or the enforceability of the Loan Documentation and the Loan Swap Counterparty Agreements, unless the amendment, waiver or consent:
  - (i) is contemplated in or permitted by the Loan Documentation and the Loan Swap Counterparty Agreements;
  - (ii) is agreed to by all the parties to the Loan Documentation and the Loan Swap Counterparty Agreements; or
  - (iii) constitutes a procedural or administrative change arising in the ordinary course of administration of the relevant facility and is not material in the opinion of the Servicer or the Special Servicer, as the case may be

provided that (if and for so long as the Junior Loan is outstanding) in the case of the matters specified in such paragraphs (a), (c), (d) and (e) above, the Controlling Party shall at all times be the Junior Lender.

The Servicer will not be able to take any of the actions described above in respect of the Whole Loan after it has become a Specially Serviced Loan without first obtaining the consent of and direction from the Special Servicer.

The Special Servicer must notify the Controlling Party in advance of any action it intends to take with regard to the matters set out above and take due account of the advice and representations of the Controlling Party, although if the Special Servicer determines that immediate action is necessary to protect the interests of the Lenders, the Special Servicer may take whatever action it reasonably considers necessary, without waiting for the Controlling Party's response. If the Special Servicer does take such action and the Controlling Party objects in writing within 10 Business Days after being notified and provided with all reasonably requested information, the Special Servicer must take due account of the advice and representations made by the Controlling Party regarding any further steps that it considers should be taken.

The Controlling Party will be considered to have approved any action taken by the Special Servicer without the prior approval of the Controlling Party if it does not object within 10 Business Days. Furthermore, the Special Servicer will not be obliged to obtain the approval of the Controlling Party for any actions to be taken with respect to the Whole Loan if the Special Servicer has notified the Controlling Party in writing of the actions that the Special Servicer proposes to take with respect to the Whole Loan and, for 30 days following the first such notice, the Controlling Party has objected to all of those proposed actions and has failed to suggest any alternative actions that the Special Servicer considers to be consistent with the standards required to be implemented by the Special Servicer under the Servicing Agreement. In any event, if the Special Servicer determines in accordance with the Servicing Standard that immediate action is necessary to protect the interests of the Issuer, and, if applicable, the interests of the Junior Lender, the Special Servicer may take whatever action it reasonably considers necessary, without waiting for the Controlling Party's response, subject to the provisions of the prior paragraph concerning the need of the

Special Servicer to take due account of the advice and representations of the Controlling Party if the Controlling Party has objected to actions taken by the Special Servicer.

Notwithstanding the foregoing, no advice, direction, representation or objection given or made by the Controlling Party may require or cause the Special Servicer to violate any law of any applicable jurisdiction, be inconsistent with the Servicing Standard or violate any provisions of the Servicing Agreement.

Where the Controlling Party in respect of the Whole Loan would be a Controlling Class Representative, but the Controlling Class has not appointed such a representative, the Servicer or Special Servicer (with the assistance of the Trustee) shall, if it is required to consult with or obtain the consent of the Controlling Party in respect of any matter, give notice to the relevant Noteholders, in accordance with Condition 15 of the Notes governing notices to Noteholders (as amended by the terms of the Global Notes), of their ability to appoint a Controlling Class Representative and details of the relevant matter. If the requisite majority of Noteholders have not responded to such notice within 10 Business Days they shall be considered to have consented to any such proposed action or conduct of the Servicer or Special Servicer.

The Controlling Party will have no ability to take direct action in respect of the exercise of rights with respect to the Whole Loan.

Neither the Controlling Class Representative, the Junior Lender nor the Controlling Party will have any liability to the Issuer, any Noteholder, the Junior Lender, any Loan Security Trustee or the Trustee for any action taken, or for refraining from the taking of any action, in good faith pursuant to the Servicing Agreement, or for any errors in judgement.

#### **Appointment of Operating Adviser**

In certain circumstances set out in the Servicing Agreement, the Controlling Party may elect to (if the Controlling Party is a Controlling Class, by an Extraordinary Resolution) appoint an operating adviser (the "**Operating Adviser**").

The Operating Adviser shall be appointed by the Controlling Party to represent its interests, to decide whether to confirm the appointment of the person then acting as Special Servicer or to replace the Special Servicer and to advise the Special Servicer about the following matters in relation to the Specially Serviced Loan: (a) appointment of a receiver or similar actions to be taken; (b) the amendment, waiver or modification of any term of the Whole Loan which affects the amount payable by the Borrowers or the time at which any amounts are payable, or any other material term of the Whole Loan; (c) any release of any security for the Specially Serviced Loan, other than in accordance with the terms of, or upon satisfaction of, the Whole Loan; and (d) the release of any part of a Specially Serviced Loan's Loan Security, or the acceptance of substitute or additional Loan Security other than in accordance with the terms of the Whole Loan.

Upon the appointment of an Operating Adviser by the Controlling Party, the Issuer, the Trustee, the Loan Security Trustee, the Servicer and the Special Servicer will be required, pursuant to the terms of the Servicing Agreement, to use all reasonable endeavours to enable the Operating Adviser to accede to the terms of the Servicing Agreement. If an Operating Adviser does not accede to the terms of the Servicing Agreement, then before taking any action in connection with the matters referred to in (a) to (d) above, the Special Servicer must notify the Operating Adviser of the action it intends to take and must take due account of the advice and representations to the Operating Adviser. However, if the Special Servicer determines that immediate action is required to meet the Servicing Standard, it may take whatever action it considers necessary without waiting for the Operating Adviser's response. If the Special Servicer does take such action and the Operating Adviser objects in writing to the actions so taken within 10 Business Days after being notified of the action, the Special Servicer must take due account of the advice and representations of the Operating Adviser regarding any further steps the Operating Adviser considers should be taken in the interests of the Controlling Party. The Operating Adviser will be considered to have approved any action taken by the Special Servicer without the prior approval of the Operating Adviser if it does not object within 10 Business Days. Furthermore, the Special Servicer shall not be obliged to consult further with the Operating Adviser for any actions to be taken with respect to the Specially Serviced Loan

if the Special Servicer has notified the Operating Adviser in writing of any actions that the Special Servicer proposes to take with respect to such Whole Loan and, for 30 days following the first such notice, the Operating Adviser has objected to all of those proposed actions and has failed to suggest any alternative actions that the Special Servicer considers to be in accordance with the Servicing Standard.

The Operating Adviser and its officers, directors, employees and owners will have no liability to the Issuer, the Junior Lender, the Loan Security Trustee or the Trustee (or the Controlling Party, if applicable) for any advice given, or representations made, to the Special Servicer, or for refraining from the giving of advice or making of representations. The Operating Adviser is not prohibited from (a) having special relationships and interests that conflict with those of holders of one or more classes of Notes, (b) acting solely in the interests of the Controlling Party, and (c) acting to favour the interests of the Controlling Party over the interests of other Noteholders. The Operating Adviser will neither violate any duty nor incur any liability by acting solely in the interests of the Controlling Party. Notwithstanding the appointment of the Operating Adviser, the Special Servicer must act at all times in accordance with the requirements of the Servicing Agreement, including the requirement to act in accordance with the Servicing Standard.

### **Servicing Fees, Workout Fees, Special Servicing Fees and Other Compensation**

On each Interest Payment Date and in accordance with the priority of payment of the Available Interest Receipts the Issuer must pay:

- (a) a fee (the "**Servicing Fee**") to the Servicer in relation to the Whole Loan (other than during a period when the Whole Loan is a Specially Serviced Loan) of 0.025 per cent. per annum (plus VAT if applicable) x (current outstanding principal balance of the Senior Loan + current outstanding principal balance of the Junior Loan) / current outstanding principal balance of the Senior Loan, payable quarterly in arrears based on the outstanding principal balance of the Senior Loan on a daily basis, excluding any days on which the Loan was a Specially Serviced Loan;
- (b) a fee (the "**Special Servicing Fee**") to the Special Servicer in relation to the Whole Loan which was a Specially Serviced Loan at any time during the immediately preceding Collection Period. The Special Servicing Fee payable in respect of the Whole Loan will accrue at the rate of 0.19 per cent. per annum (plus VAT if applicable) x (current outstanding principal balance of the Senior Loan + current outstanding principal balance of the Junior Loan) / current outstanding principal balance of the Senior Loan, payable quarterly in arrears based on the outstanding principal balance of any Senior Loan on a daily basis when the Senior Loan was in each such Collection Period a Specially Serviced Loan;
- (c) a fee (the "**Administration Services Fee**") to the Servicer in relation to the Whole Loan which is a Specially Serviced Loan of 0.015 per cent. per annum (plus VAT if applicable) x (current outstanding principal balance of the Senior Loan + current outstanding principal balance of the Junior Loan) / current outstanding principal balance of the Senior Loan, payable quarterly in arrears based on the outstanding principal balance of any Senior Loan on a daily basis when such Senior Loan was a Specially Serviced Loan; and
- (d) a fee (the "**Workout Fee**") will be payable by the Issuer to the Servicer in relation to the Whole Loan which becomes a Corrected Loan during the immediately preceding Collection Period. The Workout Fee in relation to the Whole Loan will accrue at the rate of 0.30 per cent. per annum (plus VAT if applicable) x (current outstanding amount of the Senior Loan + current outstanding amount of the Junior Loan) / current outstanding amount of the Senior Loan, payable in any period will apply to a Specially Serviced Loan that has become a Corrected Loan based on the interest and principal received in respect of such Corrected Loan in such period. The Workout Fee shall cease to accrue in relation to a Whole Loan when a Liquidation Event occurs or upon the date when the Whole Loan becomes once more a Specially Serviced Loan.

The Servicing Fee, any Special Servicing Fee and any Workout Fee in relation to the Loan will cease to be payable by the Issuer when any of the following events (each, a "**Liquidation Event**") occurs in relation to the Whole Loan:

- (a) it is repaid in full;
- (b) a Final Recovery Determination (as defined under "*Calculations by the Servicer and the Special Servicer*" below) is made with respect of such Whole Loan; and
- (c) it is sold to a third party or reacquired by the Originator under the Loan Sale Agreement.

In addition to the Special Servicing Fee and the Workout Fee, the Special Servicer will be entitled to receive a fee (the "**Liquidation Fee**") with respect to the Specially Serviced Loan based on the proceeds of sale (including, without limitation, any amount to be paid in respect of (other than where the Specially Serviced Loan subsequently becomes a Corrected Loan) any indemnity), and net of any tax (including, without limitation, any stamp duty land tax payable thereon, to the extent not paid by a purchaser) and the costs and expenses of sale, if any, arising from the sale of the Property following the enforcement of the related mortgage or the sale or repurchase of the Loan (such proceeds, the "**Liquidation Proceeds**"). A Liquidation Fee will not be payable to the Servicer where the senior part of a Specially Serviced Loan is purchased by the Junior Lender pursuant to its rights under the Intercreditor Agreement. The amount of the Liquidation Fee payable in respect of a Specially Serviced Loan will be equal to 0.30 per cent. of the net sale proceeds, (plus VAT, if applicable), but will be capped at an amount equal to 0.30 per cent. of the outstanding principal balance of the Specially Serviced Loan. The Liquidation Fee is payable by the Issuer to the Special Servicer in relation to the Whole Loan in accordance with the relevant priority of payments payable by the Issuer on the first relevant Interest Payment Date after a Liquidation Event and in priority (either directly or indirectly) to payment of interest and principal on the Whole Loan. Therefore, although Liquidation Fees are intended to provide the Special Servicer with an incentive to better perform its duties, the payment of any Liquidation Fee may reduce principal amounts payable to the Noteholders.

The Servicer and the Special Servicer will be required to pay their respective overhead costs and any general and administrative expenses incurred by them in connection with their servicing activities carried out pursuant to the terms of the Servicing Agreement and will, in general, not be entitled to reimbursement for such expenses. However, on each Interest Payment Date, the Servicer and the Special Servicer are entitled, pursuant to the terms of the Servicing Agreement and in accordance with the relevant priority of payments payable by the Issuer, to be reimbursed in respect of certain out-of-pocket costs, expenses and charges properly incurred by them in the performance of their servicing obligations including, without limitation, those described under "*Ground Rents and Forfeiture*", "*Insurance*" and "*Annual Review*" below. Such costs and expenses are usually payable by the Issuer on the Interest Payment Date following the Collection Period during which they are incurred by the Servicer or Special Servicer.

The Workout Fee, the Servicing Fee, the Special Servicing Fee and other amounts payable by the Issuer to the Servicer and the Special Servicer are payable in accordance with the relevant priority of payments payable by the Issuer and, save in certain limited circumstances, in priority to any payments of interest or principal on the Notes, both before and after the enforcement of the Issuer Security.

### **Termination of the Appointment of the Servicer or the Special Servicer**

Pursuant to the terms of the Servicing Agreement:

- (a) the Issuer and the Trustee may, at any time (with 30 days' prior notice), terminate the Servicer's or Special Servicer's appointment and appoint (in accordance with the terms of the Servicing Agreement) a successor Servicer or Special Servicer;
- (b) the Issuer and the Trustee as a result of an event of default (as specified below) of the Servicer or Special Servicer may, at any time (with 30 days' prior written notice), terminate the Servicer's or Special Servicer's appointment and appoint (in accordance with the terms of the Servicing Agreement) a successor Servicer or Special Servicer;
- (c) the Operating Adviser may replace the Special Servicer as described under "*Role of the Special Servicer – Effect of a Servicing Transfer Event*" above, or if there has been a change in the Controlling Party and in the Operating Adviser and the new Operating Adviser appoints a new Special Servicer in accordance with the Servicing Agreement.

Events of default in respect of the Servicer and the Special Servicer include, amongst other things:

- (a) a default in the payment on the due date of any payment to be made by the Servicer or the Special Servicer pursuant to the terms of the Servicing Agreement;
- (b) a default in the performance of any of the Servicer's or the Special Servicer's other material covenants or obligations pursuant to the terms of the Servicing Agreement;
- (c) the occurrence of certain insolvency related events in relation to the Servicer or Special Servicer.

In addition, the Servicer and/or the Special Servicer may resign by the Servicer or, as applicable, the Special Servicer giving at least three months' notice to, amongst others, the Issuer, the Loan Security Trustee and the Trustee.

Regardless of the reason, the termination of the appointment of the Servicer or the Special Servicer will not take effect until a successor Servicer or successor Special Servicer has been appointed in its place. The identity and terms of appointment of any successor Servicer or successor Special Servicer must meet certain criteria set out in the Servicing Agreement. These include written confirmation by each Rating Agency that the current ratings of each class of Notes rated by such Rating Agencies will not be adversely affected as a result of such appointment. The fee payable to any successor Servicer or Special Servicer must be approved by the Trustee, but must not in any event exceed the rate then commonly charged by providers of loan servicing services in relation to loans secured on commercial properties similar to the Property.

Upon any termination of its appointment, the Servicer or the Special Servicer is required (subject to any legal or regulatory restrictions) to deliver the documents, information, computer stored data and moneys held by it in relation to its appointment to the successor Servicer or Special Servicer, as applicable, and is required to take such further lawful action as the Trustee may reasonably direct to enable the successor Servicer or Special Servicer to perform its servicing duties.

In no circumstances shall the Trustee or the Loan Security Trustee be obliged to assume the obligations of the Servicer or the Special Servicer.

### **Enforcement of the Loan**

Upon the occurrence of a Servicing Transfer Event, special servicing of the Whole Loan will, as described under "*Roles of the Servicer and Special Servicer*" above, be undertaken by the Special Servicer who implement its default procedures in relation to such Whole Loan. Such enforcement procedures may include the giving of instructions to the Loan Security Trustee as to how to enforce the security for the repayment of the Whole Loan, including as to the appointment of a receiver or administrator (where appropriate) of the secured assets. The terms of appointment of any such receiver or administrator may, in certain circumstances, include an indemnity in favour of the receiver or administrator. The Servicer or, as applicable, the Special Servicer may consult with the receiver or administrator and agree upon a strategy for best preserving the Issuer's rights and securing any available money from the Property, which may involve the receiver or administrator managing the Property (including the handling of payments of rent) for a period of time and/or seeking to sell the Property to a third party. In certain circumstances the Special Servicer may defer commencement of formal enforcement procedures and may instead waive or modify certain provisions of the Loan Documentation if to do so would be in accordance with the Servicing Standard.

If the Mortgage is enforced and the Property is sold, the Liquidation Proceeds will, together with any amount payable to the Borrowers on any related insurance contracts (to the extent such amounts may be applied by the Special Servicer in repayment of the Whole Loan), be applied against the sums owing from the Borrowers to the extent necessary to repay the Whole Loan.

### **Modifications, Waivers, Amendments and Consents**

The Servicer or, in the case of a Specially Serviced Loan, the Special Servicer, will be responsible for responding to requests by the Borrowers and Mortgagors for consents, modifications, waivers or

amendments to the Credit Agreement and other documentation related to the Whole Loan. With respect to requests for consents, modifications, waivers or amendments not contemplated by the related Loan documents, the Servicer or, as applicable, the Special Servicer may exercise its discretion (always in accordance with the Servicing Standard) and agree to the request provided that:-

- (a) the granting of consent or the making of the modification, waiver or amendment would be in accordance with the Servicing Standard; and
- (b) the consent, if granted, would not:
  - (i) release the Borrowers or any Mortgagors from any of its payment obligations under the Whole Loan or Intercreditor Agreement;
  - (ii) release any security for the Whole Loan (unless a corresponding principal payment is made);
  - (iii) require the Issuer, the Junior Lender or the Loan Security Trustee to make any further advance of monies;
  - (iv) extend the final maturity date of the Whole Loan;
  - (v) materially impair the security for such Whole Loan; or
  - (vi) reduce the likelihood of timely payments of amounts due on such Whole Loan.

If the consent, modification or amendment is one of those contemplated in sub-Clauses (b)(i) (ii) (v) or (vi) above, the Servicer or the Special Servicer shall not grant its consent thereto without the prior consent of the Trustee and notification to the Rating Agencies.

Notwithstanding the foregoing, the Servicer or, as the case may be, the Special Servicer may not grant any consents, modifications, amendments or waivers in respect of the Whole Loan or Specially Serviced Loan, whether in the nature of any consent, modification, waiver or amendment contemplated above or any other modification, waiver or amendment of the Whole Loan, if the Servicer or, as the case may be, the Special Servicer, determines that such proposed consent, modification, amendment or waiver could have a material adverse effect on the Noteholders as a collective whole, without the Servicer or the Special Servicer, as the case may be, first having received, among other things, written confirmation from at least one Rating Agency (and in any case from S&P) that the then current ratings of each class of Notes would not be adversely affected as a result of such consent, modification, amendment or waiver.

In addition, in accordance with the terms of the Servicing Agreement, the Servicer has agreed that it shall not agree to any request by any Mortgagors or Borrowers pursuant to the Credit Agreement and the Mortgage:

- (i) to determine the lease of the Property unless the Loan has been repaid in full and the Notes have been fully redeemed; and
- (ii) to grant any Mortgagors or Borrowers consent to more than one assignment of the lease to the Property unless it has received written confirmation from at least one Rating Agency (and in any case from S&P) that the current ratings of each class of Notes would not be adversely affected as the result of such consent and/or assignment.

The Servicer and the Special Servicer will be required to deposit in the related mortgage file an original counterpart of any agreement related to a consent, modification, waiver or amendment agreed to by it promptly following its execution and to forward a copy to the Trustee and each Rating Agency. Upon reasonable prior written notice from the Trustee, any of the Rating Agencies or the Servicer or Special Servicer to the Servicer or, as applicable, Special Servicer, copies of each agreement by which any consent, modification, waiver or amendment of any term of the Loan is effected are required to be available for review during normal business hours at the offices of the Servicer.

## **Tranching Account**

Pursuant to the Servicing Agreement, ABN AMRO Bank N.V. (London Branch) (in this capacity, the "**Operating Bank**") may open and maintain an account in its name (the "**Tranching Account**") (or such other accounts with any other branch and/or bank as may be opened to replace such accounts pursuant to the Servicing Agreement) into which will be received all amounts due to the Issuer and the Junior Lender pursuant to the Loan Documentation including payments under the Loan Swap Agreement. The Tranching Account is held by the Operating Bank under the Tranching Account Declaration of Trust on trust for the benefit of the Senior Lender, the Junior Lender, the Loan Swap Counterparty and the Borrowers. The Operating Bank has agreed to comply with the direction of the Servicer or the Loan Security Trustee to effect payments from the Tranching Account to the Junior Lender and the Issuer Transaction Account if such direction is made in writing.

### **Calculations by the Servicer**

If a Loan Swap Payment is due to the Borrowers on the following Interest Payment Date, the Servicer shall notify the Cash Manager (copied to the Liquidity Facility Provider) within 10 Business Days of a 3 month Sterling LIBOR interest rate being set for the following Interest Payment Date and whether or not a payment is due to be received by the Borrowers from the Loan Swap Counterparty on the following Interest Payment Date.

The Servicer will calculate the amounts due from the Borrowers to the Issuer pursuant to the terms of the Credit Agreement and, two Business Days before each Loan Payment Date, transfer such amounts from the Rent Account into the Tranching Account. One Business Day prior to each Calculation Date, the Servicer will determine which of the amounts transferred constitute Borrower Interest Receipts, which constitute Borrower Principal Receipts and which constitute prepayment fees for the Whole Loan. The Servicer will also determine which portions of Borrower Principal Receipts consist of Amortisation Funds, Principal Recovery Funds, Final Redemption Funds and Prepayment Redemption Funds (each as defined in Condition 5) and the amount of all priority payments amounts which it is aware are required to be paid by the Issuer from time to time. The Servicer will notify the Cash Manager of all such determinations made by it by 10.00 a.m. (London time) one Business Day before each Calculation Date. The Servicer will transfer sums standing to the credit of the Tranching Account on the Loan Interest Payment Date in accordance with the Intercreditor Agreement.

### **Final Recovery Determination**

If the Special Servicer determines at any time that there has been a recovery of all Liquidation Proceeds, insurance proceeds and any other payments that the Special Servicer has determined in accordance with the Servicing Standard, that will be ultimately recoverable in relation to the Loan (other than in respect of the Loan that was paid in full or which was repurchased by the Originator pursuant to the terms of the Loan Sale Agreement) (a "**Final Recovery Determination**"), it is required to notify the Servicer, the Issuer, the Cash Manager and the Trustee of the amount of such Final Recovery Determination.

### **Annual Review**

The Servicer or Special Servicer in the case of a Specially Serviced Loan is required to undertake an annual review of each Borrower, Mortgagors and the Whole Loan. The cost of conducting each annual review will be reimbursed by the Issuer. The Servicer or the Special Servicer, as the case may be, is however authorised to conduct the review process more frequently if the Servicer, acting in accordance with the Servicing Standard, has cause for concern as to the ability of the Borrowers to meet their financial obligations pursuant to the terms of the Credit Agreement. Such a review may (but need not necessarily) include an assessment of the quality of the cash flow arising from them, along with a compliance check of all the Borrowers' and any Mortgagors' financial covenants under the relevant Loan documents. The Servicer or Special Servicer in the case of a Specially Serviced Loan will be required to inspect the Property every year.

## **Ground Rents and Prevention of Forfeiture**

The Servicer, on being notified or becoming aware of steps being taken to forfeit the Mortgagors' headlease in relation to the Property, shall, subject to the paragraph below, use all reasonable endeavours to prevent the forfeiture of the Mortgagors headlease or, where applicable, to obtain relief of the court in respect of such forfeiture (such actions to include, where necessary, the payment of all amounts due or owing by the Mortgagors pursuant to the terms of such headlease).

Notwithstanding the above, neither the Servicer nor the Special Servicer shall be required to pay any amount or take any action if, in its reasonable opinion, such would not accord with the Servicing Standard.

## **Insurance**

The Servicer (in relation to the Whole Loan when it is not a Specially Serviced Loan) and the Special Servicer (in relation to a Specially Serviced Loan) shall use reasonable efforts consistent with the Servicing Standard to monitor the Borrowers' and each Mortgagors' compliance with the requirements of the Credit Agreement regarding the maintenance of insurance of the Property.

The Servicer shall use reasonable endeavours (i) (where insurance is the responsibility of the landlord under the headlease) to monitor and ensure compliance by such landlord of the landlord's obligations relating to insurance contained in the headlease; and (ii) (where insurance is not the responsibility of the landlord under the headlease but the Borrower is obliged to effect such insurance under the terms of the Credit Agreement) to require the Mortgagors to obtain the required insurance coverage from insurers that have a "claims paying ability" or "financial strength" rating, as applicable, of at least "A" from S & P and "A1" from Moody's (or, if at such time there are any Notes outstanding) such lower rating as will not result in the then current rating of each Class of Notes being adversely affected as a result, as evidenced in writing by at least one Rating Agency (one of which shall be S&P)).

If the Servicer or the Special Servicer become aware that either (1) the Property is not covered by a buildings insurance policy; or (2) a buildings insurance policy may lapse in relation to the Property due to the non payment of any premium; the Servicer or Special Servicer, shall procure a buildings insurance policy to be maintained in respect of the Property and shall on behalf of the Senior Lender and/or Junior Lender pay all necessary premiums or pay to the insurer any unpaid premiums, together with any penalties or other charges arising from the Borrowers' or Mortgagors' failure to timely pay such items (in the case of (2) preceding).

Neither the Servicer nor the Special Servicer shall be required to pay any amount described above if, in its reasonable opinion, the expense of making such payment and/or taking such actions would not be in accordance with the Servicing Standard.

Under the Credit Agreement, the building insurance policy must be provided by approved insurance providers if the Property insurance policies in place expire and new policies are entered into.

## **Other Matters**

In addition to the duties described above, the terms of the Servicing Agreement require the Servicer to perform duties customary for a servicer of mortgage loans, such as retaining or arranging for the retention of loan and property deeds and other documents in safe custody and regularly informing the Issuer (copied to the Trustee) of any modifications and redemptions.

In no circumstances will the Servicer or, Special Servicer be liable for any obligation of the Borrowers or, if different, the Mortgagors under the Whole Loan or have any liability to any third party for the obligations of the Issuer, the Loan Security Trustee or the Trustee or any other party to the Transaction Documents (as defined below). Neither the Servicer nor the Special Servicer will have any liability to the Issuer, the Loan Security Trustee or the Trustee, the Noteholders or any other person for any failure by the Issuer to make any payment due by it under the Notes or any of the documents listed under paragraph 9 of "*General Information*" (the "**Transaction Documents**"), unless such failure by the Issuer results from a

failure by the Servicer and/or the Special Servicer, as the case may be, to perform its obligations under the Servicing Agreement.

The Servicer and/or the Special Servicer may become the owner or otherwise hold an interest in the Notes with the same rights as it would have if it were not the Servicer or the Special Servicer, as applicable. In assessing whether actions of the Servicer or, as the case may be, the Special Servicer were consistent with the Servicing Standard, no account will be taken of any such interest of the Servicer or Special Servicer in the Notes.

## CASH MANAGEMENT

### Cash Manager

Pursuant to an agreement to be entered into on or prior to the Closing Date between the Issuer, the Servicer, the Trustee, the Cash Manager and the Operating Bank (the "**Cash Management Agreement**"), each of the Issuer and the Trustee will appoint ABN AMRO Bank N.V. (London Branch) (in this capacity, the "**Cash Manager**") to be its agent to provide certain cash management services in relation to, among other things, the Issuer Transaction Account, as are more particularly described below. The Cash Manager will undertake with the Issuer and the Trustee in the Cash Management Agreement that in performing the services to be performed and in exercising its discretion under the Cash Management Agreement, the Cash Manager will exercise the same level of skill, care and diligence as it would apply if it were the beneficial owner of the moneys to which the services relate and that it will comply with any directions, orders and instructions which the Issuer or the Trustee may from time to time give to it in accordance with the provisions of the Cash Management Agreement.

### Issuer's Accounts

#### (a) *Issuer Transaction Account*

Pursuant to the Cash Management Agreement, the Operating Bank will open and maintain an account in the name of the Issuer (the "**Issuer Transaction Account**") (or such other accounts with any other branch and/or bank as may be opened to replace such accounts pursuant to the Cash Management Agreement) into which will be received all amounts due to the Issuer pursuant to the Transaction Documents including payments under the Liquidity Facility. The Operating Bank has agreed to comply with any direction of the Cash Manager, the Issuer or the Trustee to effect payments from the Issuer Transaction Account if such direction is made in writing and in accordance with the mandate governing the applicable account.

#### (b) *The Stand-by Account*

Pursuant to the Cash Management Agreement, the Operating Bank will open and maintain an account in the name of the Issuer (the "**Stand-by Account**"). If the Liquidity Facility Provider elects not to grant a renewal of the Liquidity Facility upon the expiry of the term (and a replacement Liquidity Facility has not been entered into by the Issuer) or, if the Liquidity Facility Provider's unguaranteed, unsecured and unsubordinated short term debt ratings cease to be rated "A-1+" by S&P and "P-1" by Moody's, the Cash Manager on behalf of the Issuer shall draw down the whole of the undrawn portion (if any) of the Liquidity Facility and place such amount in this account in its name with the Operating Bank which shall then be available on equivalent terms to the terms on which the Liquidity Facility would have been available for drawing but for such drawdown.

#### (c) *Cash Investment Account*

Pursuant to the Cash Management Agreement, the Operating Bank will open and maintain an account in the name of the Issuer (the "**Cash Investment Account**") (or such other account with any branch/or bank as may be opened to replace such account pursuant to the Cash Management Agreement) for all amounts standing to the credit of the Issuer Transaction Account only in excess of £10,000. The excess from the Issuer Transaction Account will generally be swept on a daily basis into this account and (prior to the service of a Note Enforcement Notice) will be invested in Eligible Investments.

#### (d) *Cash Reserve Account*

Pursuant to the Cash Management Agreement, the Operating Bank will open and maintain an account in the name of the Issuer (the "**Cash Reserve Account**") (or such other accounts with any other branch and/or bank as may be opened to replace such accounts pursuant to the Cash Management Agreement) into which will be received all amounts paid by the Originator to the Issuer on the Closing Date for such credit to the account. Such amounts will be used on any Interest Payment Date by the Issuer to pay any

Prepayment Interest Arrears to the Noteholders of the relevant Class. The Operating Bank has agreed to comply with any direction of the Cash Manager, the Issuer or the Trustee to effect payments from the Cash Reserve Account if such direction is made in writing and in accordance with the mandate governing the applicable account.

### **Calculation of Amounts to be paid on an Interest Payment Date**

On each Calculation Date (being the second Business Day prior to the relevant Interest Payment Date save in respect of the Final Interest Payment Date when it shall be the actual Interest Payment Date falling in October 2013), the Cash Manager is required to determine, on the basis of information provided by the Servicer, in accordance with the Servicing Agreement, the various amounts required to pay interest and principal due on the Notes on the forthcoming Interest Payment Date and all other amounts then payable by the Issuer, and the amounts available to make such payments. In addition, the Cash Manager will calculate the Principal Amount Outstanding for each class of Notes for the Interest Period commencing on such forthcoming Interest Payment Date and the amount of each Note Principal Payment due on the next following Interest Payment Date.

If the Cash Manager, acting on the basis of information provided to it by the Servicer, determines (i) two Business Days before any Calculation Date that a drawing is required to be made under the Liquidity Facility Agreement in respect of a Loan Swap Advance, (or (ii) on a Calculation Date that a drawing is required to be made under the Liquidity Facility Agreement in respect of a Senior Expenses Drawing) then the Cash Manager will on the date of such determination, on behalf of the Issuer, submit a notice of drawdown to the Liquidity Facility Provider. If the Cash Manager, acting on the basis of information provided to it by the Servicer, determines on any Calculation Date that a withdrawal is required to be made from the Cash Reserve Account in respect of any Prepayment Interest Arrears, then the Cash Manager will, on behalf of the Issuer, make such withdrawal to cover such Prepayment Interest Arrears on an Interest Payment Date before such amounts become in arrears. If the Cash Manager fails to make a withdrawal when it is required to do so, then either the Issuer or, if the Issuer fails to do so, the Trustee may make such withdrawal.

### **Flow of Funds between the Bank Accounts**

Under the Servicing Agreement and in order to facilitate prompt payments due under the Notes on an Interest Payment Date, two Business Days before each Interest Payment Date (also being the Loan Interest Payment Date), the Servicer is entitled on behalf of the Loan Security Trustee to transfer all monies in the Rent Account (being the net rental income amounts due under the Whole Loan) into the Tranching Account (see "*Loan Servicing – Tranching Account*" on page 88). Any interest which accrues on the Tranching Account during the two Business Day period before the Interest Payment Date shall be owed to the Borrowers (as a consequence of any early transfer of the balance of the Rent Account into the Tranching Account prior to a relevant Interest Payment Date, which would otherwise be accruing interest owed to them on the Rent Account) and transferred automatically by the Operating Bank on account of the Borrowers once the interest is credited to the Tranching Account.

In addition, upon the instruction of the Cash Manager (based on information provided by the Servicer), all amounts under the Liquidity Facility Agreement required for payments to be made on the Interest Payment Date will be paid into the Issuer Transaction Account on the Calculation Date in the case of Loan Swap Advances and on the Interest Payment Date in the case of Senior Expenses Drawings. Any Standby Drawing will be paid into the Standby Account.

On the Interest Payment Date, the Servicer will withdraw the monies from the Tranching Account and apply them towards payment or repayment of the amounts set forth and in the order specified in the Intercreditor Agreement.

The Servicer will transfer sums paid to or for the benefit of the Issuer under the Senior Loan into the Issuer Transaction Account on the Interest Payment Date. Once such funds have been credited to the Issuer Transaction Account, the Cash Manager shall invest sums in excess of £10,000 in Eligible Investments and is required to apply such funds in accordance with the Deed of Charge and Assignment

and the Cash Management Agreement. In respect of the Junior Loan, the Servicer will transfer sums paid to or for the benefit of the Junior Lender directly into its rent account.

On each Interest Payment Date, the Cash Manager will determine and pay on behalf of the Issuer, out of the Available Interest Receipts and Available Principal determined by the Cash Manager to be available for such purposes as described above, each of the payments required to be paid pursuant to and in the priority set forth in the Deed of Charge and Assignment.

### **Priority Amounts**

On the Loan Interest Payment Date, in accordance with the Loan Swap Agreement, the Loan Swap Counterparty will transfer all sums owed by them to the Borrowers on such date into the Tranching Account. Such amounts in relation to the Senior Loan will then be transferred upon the instruction of the Servicer into the Issuer Transaction Account which will then be paid by the Issuer to the Liquidity Facility Provider in repayment of any outstanding Loan Swap Advance (and any related interest amounts) (for further information, see "*Credit Structure – 3. Liquidity Facility – Repayment of Loan Swap Advances*" on page 99). Such amounts in relation to the Junior Loan will be transferred by the Servicer into the relevant account of the Junior Lender.

As discussed above, in order to facilitate prompt payments due under the Notes on an Interest Payment Date, two Business Days before each Interest Payment Date, the Servicer is entitled on behalf of the Loan Security Trustee to transfer all monies in the Rent Account into the Tranching Account. In such case, the Borrowers will be entitled to be paid interest on such monies up to any Interest Payment Date, so long as no Loan Event of Default has occurred, and the Operating Bank will transfer such interest amounts received on the Tranching Account from the date of transfer until the applicable Interest Payment Date to an account bank of the Borrowers once the interest is credited to the Tranching Account.

### **Principal Deficiency Ledger**

The Cash Manager will maintain a principal deficiency ledger (the "**Principal Deficiency Ledger**") for each class of Notes. When the Loan has defaulted and the Servicer has made a Final Recovery Determination and an amount of principal remains outstanding, an amount shall be applied to the Principal Deficiency Ledger in an amount equal to the principal amount still outstanding in respect of that Loan.

The Principal Deficiency Ledger comprises five sub-ledgers, known as the "**A Note Principal Deficiency Ledger**", the "**B Note Principal Deficiency Ledger**", the "**C Note Principal Deficiency Ledger**", the "**D Note Principal Deficiency Ledger**", and the "**E Note Principal Deficiency Ledger**" respectively, amounts applied to the Principal Deficiency Ledger shall be credited by the Cash Manager to the sub-ledgers in the following order:

- (i) first, the E Note Principal Deficiency Ledger, subject to a maximum balance on such sub-ledger equal to the Principal Amount Outstanding of the Class E Notes from time to time;
- (ii) second, the D Note Principal Deficiency Ledger, subject to a maximum balance on such sub-ledger equal to the Principal Amount Outstanding of the Class D Notes from time to time;
- (iii) third, the C Note Principal Deficiency Ledger, subject to a maximum balance on such sub-ledger equal to the Principal Amount Outstanding of the Class C Notes from time to time;
- (iv) fourth, the B Note Principal Deficiency Ledger, subject to a maximum balance on such sub-ledger equal to the Principal Amount Outstanding of the Class B Notes from time to time; and
- (iv) fifth, the A Note Principal Deficiency Ledger, subject to a maximum balance on such sub-ledger equal to the Principal Amount Outstanding of the Class A Notes from time to time.

Any debits to these sub-ledgers will be made in reverse order.

## **Delegation by the Cash Manager**

The Cash Manager may, in certain circumstances, without the consent of the Issuer or the Trustee, sub-contract or delegate its obligations under the Cash Management Agreement. Notwithstanding any sub-contracting or delegation of the performance of any of its obligations under the Cash Management Agreement, the Cash Manager will not be released or discharged from any liability under the Cash Management Agreement and will remain responsible for the performance of its obligations under the Cash Management Agreement by any sub-contractor or delegate.

## **Cash Management Fee**

Pursuant to the Cash Management Agreement, the Issuer will pay to the Cash Manager on each Interest Payment Date a cash management fee as agreed between the Cash Manager and the Issuer and will reimburse the Cash Manager and the Operating Bank for all out-of-pocket costs and expenses properly incurred by them in the performance of the services to be provided by them under the Cash Management Agreement as Cash Manager and Operating Bank, respectively. Any successor cash manager will receive remuneration on the same basis.

Both before and (subject to certain exceptions) after enforcement of the Notes amounts payable by the Issuer to the Cash Manager and the Operating Bank will be payable in priority to payments due on the Notes. This order of priority has been agreed with a view to procuring the continuing performance by each of the Cash Manager and the Operating Bank of their duties in relation to the Issuer, the Trustee, the Loan, the Loan Security and the Notes.

## **Termination of Appointment of the Cash Manager**

The appointment of the Cash Manager may be terminated by virtue of its resignation or its removal by the Issuer or the Trustee. The Issuer or the Trustee may terminate the Cash Manager's appointment upon not less than three months' written notice or immediately upon the occurrence of a termination event, including, among other things, (i) a failure by the Cash Manager to make when due a payment required to be made by the Cash Manager on behalf of the Issuer in accordance with the Cash Management Agreement, or (ii) a default in the performance of any of its other duties under the Cash Management Agreement which continues unremedied for a period of 15 Business Days after the earlier of the Cash Manager becoming aware of such default or receipt by the Cash Manager of written notice from the Trustee requiring the same to be remedied, or (iii) a petition is presented or an effective resolution passed for its winding up or the appointment of an administrator or similar officer or such officer is otherwise appointed. On the termination of the appointment of the Cash Manager by the Trustee, the Trustee may, subject to certain conditions, appoint a successor cash manager.

The Cash Manager may resign as Cash Manager upon not less than three months' written notice of resignation to each of the Issuer, the Servicer, the Operating Bank and the Trustee provided that a suitably qualified successor Cash Manager shall have been appointed.

## **Termination of Appointment of the Operating Bank**

The Cash Management Agreement requires that the Operating Bank be, except in certain limited circumstances, a bank which is an Authorised Entity. If the Operating Bank ceases to be an Authorised Entity, the Operating Bank will give written notice of such event to the Issuer, the Servicer, the Cash Manager and the Trustee and will, within 30 days after such downgrade procure the transfer of the Issuer Transaction Account and each other account held by the Issuer with the Operating Bank to another bank which is an Authorised Entity. If at the time when a transfer of such account or accounts would otherwise have to be made, there is no other bank which is an Authorised Entity or if no Authorised Entity agrees to such a transfer, the Cash Manager shall take such other action as may be acceptable to the Rating Agencies.

An "**Authorised Entity**" is an entity the short-term unsecured, unguaranteed and unsubordinated debt obligations of which are rated at least at the Requisite Rating or, if at the relevant time there is no such entity, any entity approved in writing by the Trustee.

"**Requisite Rating**" means, in relation to any party, an "A-1+" rating (or its equivalent) by S&P and "P-1" rating (or its equivalent) by Moody's for such party's short term, unguaranteed, unsecured and unsubordinated debt obligations.

If, other than in the circumstances specified above, the Cash Manager wishes the bank or branch at which any account of the Issuer is maintained to be changed, the Cash Manager is required to obtain the prior written consent of the Issuer and the Trustee, such consent not to be unreasonably withheld, and the transfer of such account will be subject to the same directions and arrangements as are provided for above.

## CREDIT STRUCTURE

The composition of the Loan and the Loan Security and the structure of the transaction and the other arrangements for the protection of the Noteholders, in the light of the risks involved, have been reviewed by the Rating Agencies. The ratings assigned by the Rating Agencies to each class of Notes are set out in "*Summary— The Notes — Ratings*". A security rating is not a recommendation to buy, sell or hold securities and may be subject to revision, suspension or withdrawal at any time by the assigning rating organisation. The ratings of the Notes are dependent upon, among other things, the short-term unsecured, unguaranteed and unsubordinated debt ratings of the Liquidity Facility Provider. Consequently, a qualification, downgrade or withdrawal of either such ratings may have an adverse effect on the ratings of the Notes.

The principal risks associated with the Notes and the manner in which they are addressed in the structure are set out below. Attention is also drawn to the section of this Prospectus entitled "*Risk Factors*" for a description of the principal risks in respect of, *inter alia*, the Loan and Loan Security.

### 1. Liquidity and Credit Risk

The Issuer is subject to:

- (a) the risk of delay arising between scheduled dates for the payment of interest and repayment of principal in respect of the Loan (a "**Loan Payment Date**") and the receipt of payments due from the Borrowers. This risk is addressed in respect of the Notes through the ability of the Issuer to seek drawings (each a "**Senior Expenses Drawing**") under the Liquidity Facility Agreement to cover shortfalls in funds required to make due payment of interest under the Notes;
- (b) the risk of delay on Interest Payment Dates in the payment of amounts due to the Borrowers from the Loan Swap Counterparty under the Loan Swap Counterparty Agreements in respect of a Loan and the receipt of such payments then due from the Borrowers. Such amounts are required to have been received by the Operating Bank two Business Days before an Interest Payment Date to facilitate prompt payments to the Lenders on such Interest Payment Date. This risk is addressed in respect of the Notes through the ability of the Issuer to seek drawings (a "**Loan Swap Advance**") under the Liquidity Facility Agreement to cover any advance of such amounts to the Operating Bank to make due payment of interest under the Notes; and
- (c) the risk of default in payment and the failure by the Servicer or the Special Servicer, on behalf of the Issuer, to realise or to recover sufficient funds under the enforcement procedures in respect of the Loan and Loan Security in order to discharge all amounts due and owing by the Borrowers under the Loan. This risk is addressed in respect of the Notes by the credit support provided to classes of Notes by those classes of Notes (if any) ranking lower in priority to that class.

### 2. Liabilities under the Notes

The Notes and interest on the Notes will not be obligations or responsibilities of any person other than the Issuer. In particular, the Notes will not be obligations or responsibilities of, or be guaranteed by, the Originator or any associated entity of the Originator, or of or by the Managers, the Servicer, the Special Servicer, the Trustee, the Corporate Services Provider, the Share Trustee, the Paying Agents, the Agent Bank, the Liquidity Facility Provider, the Cash Manager or the Operating Bank or any company in the same group of companies as those parties listed above and none of such persons accepts any liability whatsoever in respect of any failure by the Issuer to make payment of any amount due on the Notes.

On each Interest Payment Date, payments of interest on the Class B Notes, the Class C Notes, the Class D Notes and the Class E Notes, respectively, will be due and payable only if and to the extent that there are sufficient funds available to the Issuer to pay interest on the Class A Notes and other liabilities of the Issuer ranking higher in priority to interest payments on the Class B Notes, the Class C Notes, the Class D Notes and the Class E Notes, respectively, as provided in "*Cash Flows — Payments out of the Issuer Transaction Account*", and which have been paid or provided for in full. To the extent that there are

insufficient funds available to the Issuer on any Interest Payment Date to pay in full interest otherwise due on any one or more classes of junior-ranking Notes then outstanding, after making the payments and provisions ranking higher in priority to the relevant interest payment, as the case may be, such interest will not then be due and payable but will become due and payable, together with accrued interest on such Notes, on subsequent Interest Payment Dates, if and to the extent that funds are then available or at the latest on the date on which the relevant Notes are due to be redeemed in full.

### **3. Liquidity Facility**

#### **Senior Expenses Drawings**

To address the risk of Available Interest Receipts being insufficient to cover all interest payments due under the Class A Notes, Class B Notes, Class C Notes, the Class D Notes and the Class E Notes, the Issuer will enter into the Liquidity Facility Agreement with the Liquidity Facility Provider and the Trustee under which the Liquidity Facility Provider will provide a revolving committed liquidity facility to the Issuer, in an amount equal to £27,498,000. Investors should note that the purpose of the Liquidity Facility Agreement is to provide liquidity, not credit support, and that the Liquidity Facility Provider is entitled to receive interest on drawings made under the Liquidity Facility Agreement in priority to payments to be made to Noteholders which would ultimately reduce the amount available for distribution to Noteholders.

The Liquidity Facility will be available to cover interest payments due under the Notes, other than Prepayment Interest Arrears, to the extent that there is a shortfall and to the extent specified below. Amounts from the Stand-by Account will be available to be drawn by the Issuer on equivalent terms to the Liquidity Facility. Interest due under the Class E Notes and covered by any Senior Expenses Drawings under the Liquidity Facility will be restricted to a total of 15 months of interest at any one time (being up to five consecutive Senior Expenses Drawings) due under the Class E Notes. A separate Cash Reserve Account will be established in the name of the Issuer with the Operating Bank to be used by the Issuer to make payments on any Interest Payment Date towards the payment of any Prepayment Interest Arrears to the relevant Class of Noteholders arising on repayment in full or in part of the Loan. The cash reserve has been sized in order to cover the most adverse prepayment of the Loan in full.

On each Calculation Date, the Cash Manager will determine whether Available Interest Receipts will be sufficient to make payments due in respect of items (i) to (vi) of the Pre-Enforcement Interest Priority of Payments. If there is an anticipated shortfall in Available Interest Receipts, the Cash Manager will make a Senior Expenses Drawing.

The amount of the advance will, subject as set out below, equal the aggregate shortfall amount. The proceeds of any such drawings will be credited to the Issuer Transaction Account.

#### **Repayment of Senior Expenses Drawings**

The Issuer shall repay together with accrued interest thereon each Senior Expenses Drawing made to it in full on the Liquidity Advance Repayment Date therefor.

#### **Loan Swap Advance**

The Liquidity Facility will also be available to advance in relation the Senior Loan on any Loan Interest Payment Date in amounts equal to payments due from the Loan Swap Counterparty to the Borrowers under the Loan Swap Agreements. Any Loan Swap Advance will be paid into the Issuer Transaction Account two Business Days prior to an Interest Payment Date.

The amount of the advance will, subject as set out below, equal the amount owed to the Borrower by the Loan Swap Counterparty. The Cash Manager shall not be able to make a Loan Swap Advance drawing under the Liquidity Facility if a Loan Swap Advance is outstanding and has not been repaid as set out below.

## Repayment of Loan Swap Advance

The Issuer shall repay each Loan Swap Advance made to it in full on the Liquidity Advance Repayment Date. The Issuer shall pay interest accrued on such Loan Swap Advance on such Liquidity Advance Repayment Date or, if such Liquidity Advance Repayment Date is not an Interest Payment Date, on the next Interest Payment Date following such Liquidity Advance Repayment Date.

Interest shall accrue on any interest accrued on a Loan Swap Advance and not paid on the Interest Payment Date immediately following after such Loan Swap Advance.

**"Liquidity Advance Repayment Date"** means:

- (a) with respect to a Senior Expenses Drawing, the Interest Payment Date immediately following the Liquidity Drawdown Date of such Senior Expenses Drawing; and
- (b) with respect to a Loan Swap Advance in relation to a payment to be made by a Loan Swap Counterparty (a **"Loan Swap Payment"**):
  - (i) if such Loan Swap Payment is received on or prior to the relevant Interest Payment Date immediately following the Liquidity Drawdown Date of such Loan Swap Advance and before the payments have been made in accordance with the Pre-Enforcement Priority of Payments on such Interest Payment Date, such Interest Payment Date;
  - (ii) if such Loan Swap Payment is received on such Interest Payment Date (after the payments have been made in accordance with the Pre-Enforcement Priority of Payments on such Interest Payment Date) or during the immediately following Collection Period, the Business Day on which such Loan Swap Payment is made; or
  - (iii) if neither of the conditions in paragraphs (i) and (ii) is satisfied, then on the second Interest Payment Date following the Liquidity Drawdown Date of such Loan Swap Advance.

If a Loan Swap Advance is made in relation to more than one Loan Swap Payment, then the tests at paragraphs (b)(i) and (b)(ii) above shall be applied in relation to each part of such Loan Swap Advance as such part relates to a particular Loan Swap Payment.

The initial liquidity facility amount will be £27,498,000 and may, on any Interest Payment Date, reduce in line with the Notes' aggregate principal balance following any partial amortisation of the Notes such that the liquidity facility amount will represent 12 per cent. of the Principal Amount Outstanding of the Notes at any point in time.

**"Liquidity Drawdown Date"** means in respect of a Loan Swap Advance, a Senior Expenses Drawing or a Stand-by Drawing the date such Loan Swap Advance, Senior Expenses Drawing or Stand-by Drawing (as the case may be) is made.

The Liquidity Facility Agreement may be renewed until the earlier of October 2013 or such date the interest payment obligations of the Loan has been reduced to zero. The Liquidity Facility Agreement will provide that if at any time the rating of the short-term, unsecured, unsubordinated and unguaranteed debt obligations of the Liquidity Facility Provider falls below the Requisite Rating, or the Liquidity Facility Provider refuses to renew the Liquidity Facility Agreement, then the Issuer may appoint a replacement liquidity facility provider with the Requisite Rating and acceptable to the Trustee. In the event that the Issuer is not able to appoint a replacement liquidity facility provider pursuant to the terms of the Liquidity Facility Agreement, then the Cash Manager will make a drawing under the Stand-by Facility (a **"Stand-by Drawing"**) equal to the Liquidity Facility Provider's undrawn commitment under the Liquidity Facility Agreement and pay such amount into the Stand-by Account. In the event that the Cash Manager makes a Stand-by Drawing and/or there are, during an Interest Period, sums standing to the credit of the Transaction Account, the Cash Manager is required (save to the extent that the same are required to make

payments on behalf of the Issuer prior to the next following Interest Payment Date) to invest such funds in Eligible Investments.

Amounts standing to the credit of the Stand-by Account will be available to the Issuer for drawing in respect of a Senior Expenses Drawing as described above, and otherwise in the circumstances provided in the Liquidity Facility Agreement. Following enforcement of the Issuer Security, all funds standing to the credit of the Stand-by Account will be repaid to the Liquidity Facility Provider.

#### **4. Loan Swap Agreements**

In accordance with the terms of the Credit Agreement and as at the drawdown date of the Loan, the Borrowers entered into hedging arrangements with SG (acting in this instance in the capacity of Loan Swap Counterparty) in the form of an ISDA 1992 Master Agreement (Multicurrency – Cross Border), in order to hedge its interest rate liabilities in relation to all or part of the monies payable under its Loan (see "*The Loan and the Loan Security – Credit Agreement - Hedging Arrangements*"). The Loan Swap Agreement contains swap rating downgrade provisions (see "*The Loan and the Loan Security – The Credit Agreement – Hedging Arrangements*").

The interest rate in respect of the Loan will be determined on the same dates that the interest rate will be determined in respect of the Notes for the corresponding interest period. As a result, it will not be necessary for the Issuer to enter into any basis swap arrangement to protect against any difference or shortfall that might arise as a result of the Loan and Notes interest rate calculation mismatch.

Notwithstanding the foregoing, no advice, direction, representation or objection given or made by the Controlling Party may require or cause the Special Servicer to violate any law of any applicable jurisdiction, be inconsistent with the Servicing Standard or violate any provisions of the Servicing Agreement.

Where the Controlling Party in respect of a Whole Loan would be a Controlling Class Representative, but the Controlling Class has not appointed such a representative, the Servicer or Special Servicer shall, if it is required to consult with or obtain the consent of the Controlling Party in respect of any matter, give notice to the relevant Noteholders, in accordance with the Condition 15 (as amended by the terms of the Global Notes), of their ability to appoint a Controlling Class Representative and details of the relevant matter, but if the Noteholders have not responded to such notice within 10 Business Days they shall be considered to have consented to any such proposed action or conduct of the Servicer or Special Servicer.

Subject to the terms of this Condition 4(b), interest on the Notes will be paid quarterly in arrear on each Interest Payment Date in respect of the Interest Period ending immediately prior thereto. The first Interest Payment Date in respect of each class of Notes will be the Interest Payment Date falling on 10 October 2006. Interest in respect of any Interest Period or any other period will be calculated on the basis of the actual number of days elapsed and a 365 (or, in the case of an Interest Period or other period ending in a leap year, 366) day year.

Subject to Condition 11 and for so long as any Class A Note is outstanding, in the event that on any Interest Payment Date there are insufficient Available Interest Receipts, after deducting the amounts ranking in priority to a particular class of Notes in accordance with Clause 6.2.2 of the Deed of Charge and Assignment (each such available amount with respect to the relevant class of Notes, an "**Interest Residual Amount**"), to satisfy in full the Interest Amount due and, subject to this Condition, payable on the Class B Notes, the Class C Notes, the Class D Notes or the Class E Notes, respectively, on such Interest Payment Date, there shall instead be payable on such Interest Payment Date, by way of interest on each Class B Note and/or Class C Note and/or Class D Note and/or the Class E Note, as the case may be, only a *pro rata* share of the amount available to be applied in payment of amounts due on that particular class of Notes on such Interest Payment Date. The amount payable shall be calculated by dividing the original principal amount of each such Class B Note, Class C Note or Class D Note or Class E Note, as the case may be, by the aggregate principal amount of the Class B Notes, Class C Notes, Class D Notes or Class E Notes, as at the Closing Date, as the case may be, and multiplying the result by the relevant Interest Residual Amount, and then rounding down to the nearest penny.

In any such event the Issuer shall in respect of the Class B Notes, Class C Notes, Class D Notes and Class E Notes, create a provision in its accounts for the shortfall equal to the amount by which the aggregate amount of interest paid on the Class B Notes, the Class C Notes, the Class D Notes or the Class E Notes, as the case may be, on any Interest Payment Date in accordance with this Condition falls short of the Interest Amount due on the Class B Notes, the Class C Notes, the Class D Notes or the Class E Notes, as the case may be, on that date pursuant to this Condition. Such shortfall shall itself accrue interest at the same rate as that payable in respect of the Class B Notes, the Class C Notes, the Class D Notes or the Class E Notes, as applicable, and shall be payable together with such accrued interest on the earlier of (a) any succeeding Interest Payment Date when any such unpaid interest and accrued interest thereon shall be paid, but only if and to the extent that, on such Interest Payment Date, there are sufficient Available Interest Receipts, after deducting amounts ranking in priority to the relevant class of Notes in accordance with Clause 6.2.2 of the Deed of Charge and Assignment and (b) the date on which the relevant Notes are due to be redeemed in full.

In the event that no Class A Note is outstanding, the provisions in this Condition shall apply, *mutatis mutandis*, save that reference to the Most Senior Class of Notes outstanding at that time and all classes of Notes that were, prior to their redemption, senior to that class of Notes shall be deleted.

*(c) Rate of Interest*

Each Rate of Interest will be determined by the Agent Bank on the Interest Determination Date.

Each Rate of Interest for the Interest Period commencing on the relevant Interest Determination Date shall be the aggregate of:

- (i) the Relevant Margin; and
- (ii) (1) the arithmetic mean of the offered quotations to leading banks (rounded to five decimal places of a percentage point with the mid-point rounded up) for three month sterling deposits (or, in the case of the first Interest Determination Date, the linear interpolation of 2 and 3 month sterling deposits and in the case of the Interest Period ending in October 2010, the linear interpolation of 2 and 3 month sterling deposits and in the case of the Interest Period ending in January 2011 the linear interpolation of 3 and 4 month sterling deposits), in the London inter-bank market which appear on Telerate Screen Page No. 3750 (the "**Screen Rate**") (rounded to five decimal places of a percentage point with the mid-point rounded up) (or (i) such other page as may replace Telerate Screen Page No. 3750 on that service for the purpose of displaying such information or (ii) if that service ceases to display such information, such page as displays such information on such equivalent service (or, if more than one, that one which is approved by the Trustee) as may replace the Telerate Monitor) at or about 11.00 a.m. (London time) on the relevant Interest Determination Date; or
- (2) if the Screen Rate is not then available, the arithmetic mean (rounded to five decimal places of a percentage point with the mid-point rounded up) of the rates notified to the Agent Bank at its request by each of the Reference Banks as the rate at which three month sterling deposits in an amount of £10,000,000 (save, in the case of the first Interest Determination Date, the linear interpolation of 2 and 3 month sterling deposits and in the case of the Interest Period ending in October 2010, the linear interpolation of 2 and 3 month sterling deposits and in the case of the Interest Period ending in January 2011 the linear interpolation of 3 and 4 month sterling deposits) are offered for the same period as that Interest Period by that Reference Bank to leading banks in the London inter-bank market at or about 11.00 a.m. (London time) on the relevant Interest Determination Date. If on any such Interest Determination Date, two or three only of the Reference Banks provide such offered quotations to the Agent Bank, the relevant rate will be determined, as aforesaid, on the basis of the offered quotations of those Reference Banks providing such quotations. If, on any such Interest Determination Date, only one or none of the Reference Banks provide the Agent Bank with such an offered quotation, the Agent Bank will forthwith consult with the Trustee and the Issuer for the purposes of agreeing two banks (or, where one only of the Reference Banks provided such a quotation, one additional bank) to provide such a quotation or quotations to the Agent Bank (which bank or banks are in the opinion of the Trustee suitable for such purpose) and the rate for the Interest Period in question will be determined, as aforesaid, on the basis of the offered quotations of such banks as so agreed (or, as the case may be, the offered quotations of such bank as so agreed and the relevant Reference Bank). If no such bank or banks is or are so agreed or such bank or banks as so agreed does or do not provide such a quotation or quotations, then the rate for the relevant Interest Period will be the Screen Rate in effect for the last preceding Interest Period to which sub-paragraph (1) of the foregoing provisions of this sub-paragraph (ii) shall have applied.

*(d) Determination of Rates of Interest and Calculation of Interest Amounts for Notes*

The Agent Bank shall, on or as soon as practicable after each Interest Determination Date, determine and notify the Issuer, the Trustee, the Servicer and the Paying Agents in writing of (i) the Rate of Interest applicable to the Interest Period beginning on and including the immediately succeeding Interest Payment Date (or, in respect of the first Interest Amount, the Closing Date) in respect of the Notes of each class, and (ii) the sterling amount (the "**Interest Amount**") payable, subject to Condition 4(b), in respect of such Interest Period in respect of the Notes of each class.

*(e) Publication of Rates of Interest for the Notes, Interest Amounts and other Notices*

As soon as practicable after receiving notification thereof, the Issuer shall cause the Rate of Interest and Interest Amount applicable to the Notes of each class for each Interest Period and the Interest Payment Date in respect thereof to be notified in writing to the Irish Stock Exchange (for so long as the Notes are listed on the Irish Stock Exchange) and shall cause notice thereof to be given to the Noteholders in accordance with Condition 15. The Interest Amounts and any Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of any extension or shortening of the Interest Period for the Notes.

*(f) Determination or Calculation by the Trustee*

If the Agent Bank does not at any time for any reason determine the Rate of Interest and/or calculate the Interest Amount for each class of the Notes in accordance with the foregoing Conditions, the Trustee shall determine the Rate of Interest at such rate as, in its absolute discretion (having such regard as it shall think fit to the procedure described above), it shall deem fair and reasonable in all the circumstances and any such determination and/or calculation shall be deemed to have been made by the Agent Bank.

*(g) Notifications to be Final*

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition, whether by the Reference Banks (or any of them) or the Agent Bank or the Trustee shall (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Reference Banks, the Agent Bank, the Trustee, the Servicer, the Special Servicer, the Paying Agents and all Noteholders and (in such absence as aforesaid) no liability to the Noteholders shall attach to the Issuer, the Reference Banks, the Agent Bank or the Trustee in connection with the exercise or non-exercise by them or any of them of their powers, duties and discretions hereunder.

*(h) Reference Banks and Agent Bank*

The Issuer shall ensure that, so long as any of the Notes remains outstanding, there are, at all times, four Reference Banks and an Agent Bank. If the principal London office of any such Reference Bank or Agent Bank is unable or unwilling to continue to act as a Reference Bank or Agent Bank, as the case may be, the Issuer shall nominate such other bank as may have been previously approved in writing by the Trustee to act as such in its place. Any purported resignation by the Agent Bank shall not take effect until a successor so approved by the Trustee has been appointed.

## **5. Redemption and Cancellation**

*(a) Final Redemption*

Unless previously redeemed in full and cancelled as provided in this Condition 5, the Issuer shall redeem the Notes at their Principal Amount Outstanding together with accrued interest on the Final Interest Payment Date.

The Issuer may not redeem Notes in whole or in part prior to that date except as provided in this Condition but without prejudice to Condition 11.

*(b) Mandatory Redemption in Part*

Subject as provided in Condition 5(c), (d) or (e) below, the Issuer shall, prior to the service of a Note Enforcement Notice by the Trustee and subject as provided below, redeem some or all of the Notes then outstanding in part on each Interest Payment Date if on the Calculation Date relating thereto there are any Available Amortisation Funds, Available Prepayment Funds, Available Redemption Funds or Available Principal Recovery Funds (each as defined below), after paying in accordance with the Deed of Charge and Assignment any and all amounts payable out of such funds in priority to payments on the relevant class of Notes, and if the amount of such funds after paying any and all amounts payable in priority to payments on the relevant class of Notes, is not less than £1.

For the purposes of these Conditions:

- (A) **"Amortisation Funds"** means (i) the aggregate amount of principal received by or on behalf of the Issuer (including any cash sweeps collected) in respect of the Loan on a scheduled payment date and in accordance with the terms of the Credit Agreement and (ii) on the Interest Payment Date falling on 10 October, 2006 only, an amount equal to the Principal Amount Outstanding of the Notes on the Closing Date less the aggregate outstanding principal balance of the Loan as at the Closing Date and **"Available Amortisation Funds"** means, in respect of any Calculation Date, the Amortisation Funds received by or on behalf of the Issuer during the period from (and including) the preceding Calculation Date to (but excluding) such Calculation Date (or, if applicable, in the case of the first Calculation Date, the period from (and including) the Closing Date to (but excluding) such first Calculation Date) (each a **"Collection Period"**), less (iii) the aggregate amount of Amortisation Funds applied by the Issuer in respect of any Priority Amounts during that Collection Period in accordance with the Deed of Charge and Assignment;
- (B) **"Prepayment Redemption Funds"** means (i) the aggregate amount of principal payments received by or on behalf of the Issuer in respect of the Loan as a result of any prepayment in part or in full made by the Borrowers (including any Release Amount) pursuant to the terms of the Credit Agreement (including upon the receipt of insurance proceeds not applied prior to the final maturity of the relevant Loan, but not, for the avoidance of doubt, including any legal repayment of the Loan that is intended to be novated following the Closing Date to a new Borrower unless the Issuer receives funds on or as a result of such novation), (ii) the aggregate amount of payments in respect of principal received by or on behalf of the Issuer as a result of a repurchase of a Loan by the Originator pursuant to the Loan Sale Agreement and (iii) the aggregate amount of Available Interest Receipts payable pursuant to item (x) of Clause 6.2.2 of the Deed of Charge and Assignment, and **"Available Prepayment Funds"** means, in respect of any Calculation Date, the Prepayment Redemption Funds received by or on behalf of the Issuer during the Collection Period then ended less the aggregate amount of Prepayment Redemption Funds applied by the Issuer in respect of any Priority Amounts during that Collection Period in accordance with the Deed of Charge and Assignment;
- (C) **"Final Redemption Funds"** means the aggregate amount of principal payments received by or on behalf of the Issuer in respect of the Loan as a result of the repayment of the relevant Loan upon its scheduled final maturity date, and **"Available Redemption Funds"** means, in respect of any Calculation Date, the Final Redemption Funds received by or on behalf of the Issuer during the Collection Period then ended less the aggregate amount of Final Redemption Funds applied by the Issuer in respect of Priority Amounts during that Collection Period in accordance with the Deed of Charge and Assignment;
- (D) **"Principal Recovery Funds"** means the aggregate amount of principal payments received or recovered by or on behalf of the Issuer as a result of actions taken in accordance with the enforcement procedures in respect of a Loan and/or the Loan Security and **"Available Principal Recovery Funds"** means, in respect of any Calculation Date, the Principal Recovery Funds received or recovered by or on behalf of the Issuer during the Collection Period then ended less (i) the aggregate amount of Principal Recovery Funds applied by the Issuer in respect of any Priority Amounts during that Collection Period in accordance with the Deed of Charge and Assignment, and (ii) any amount to be transferred to Available Interest Receipts on the Interest Payment Date

immediately following such Calculation Date for the purpose of paying Liquidation Fees, if any, payable on that Interest Payment Date;

but in each case, only to the extent that such moneys have not been taken into account in the calculation of Available Amortisation Funds, Available Prepayment Funds, Available Redemption Funds and Available Principal Recovery Funds, as applicable, on any preceding Calculation Date. Available Amortisation Funds, Available Prepayment Funds, Available Redemption Funds and Available Principal Recovery Funds determined on each Calculation Date shall be applied, on the immediately following Interest Payment Date, in order to redeem Notes in accordance with and in the order of priority set out in Clauses 6.2 and 6.3 of the Deed of Charge and Assignment.

However, if on any Calculation Date the Trustee receives written confirmation from the Rating Agencies that the then applicable ratings of the Class A Notes, the Class B Notes, the Class C Notes, the Class D Notes and the Class E Notes will not be downgraded, withdrawn or qualified by them, the Available Amortisation Funds, Available Prepayment Funds, Available Redemption Funds and Available Principal Recovery Funds may, at the option of the Issuer, be applied on any Interest Payment Date to redeem in whole or in part the Principal Amount Outstanding of any other class or classes of Notes that would not otherwise be entitled to redemption on such Interest Payment Date.

*(c) Optional Redemption for Tax or Other Reasons*

If the Issuer at any time satisfies the Trustee immediately prior to giving the notice referred to below that either (i) by virtue of a change in the tax law of the United Kingdom or any other jurisdiction (or the application or official interpretation of such law) from that in effect on the Closing Date, on the next Interest Payment Date the Issuer or any Paying Agent on its behalf would be required to deduct or withhold from any payment of principal or interest in respect of any Note (other than where the relevant holder or beneficial owner has some connection with the relevant jurisdiction other than the holding of Notes) (other than in respect of default interest), any amount for or on account of any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by the relevant jurisdiction (or any political sub-division or authority of that relevant jurisdiction having power to tax) and such requirement cannot be avoided by the Issuer taking reasonable measures available to it, or (ii) by virtue of a change in law from that in effect on the Closing Date, any amount payable by the Borrowers in relation to the Loan is reduced or ceases to be receivable (whether or not actually received) by the Issuer during the Interest Period preceding the next Interest Payment Date and, in either case, the Issuer has, prior to giving the notice referred to below, certified to the Trustee that it will have the necessary funds on such Interest Payment Date to discharge all of its liabilities in respect of the Notes to be redeemed under this Condition 5(c) and any amounts required under the Deed of Charge and Assignment to be paid in priority to, or pari passu with, the Notes to be so redeemed, which certificate shall be conclusive and binding, and provided that, on the Interest Payment Date on which such notice expires, no Note Enforcement Notice has been served, then the Issuer may, but shall not be obliged to, on any Interest Payment Date on which the relevant event described above is continuing, having given not more than 60 nor less than 30 days' written notice ending on such Interest Payment Date to the Trustee, the Paying Agents and to the Noteholders in accordance with Condition 15, redeem in the following order:

- (A) all Class A Notes in an amount equal to the then aggregate Principal Amount Outstanding of the Class A Notes plus interest accrued and unpaid thereon; and
- (B) all Class B Notes in an amount equal to the then aggregate Principal Amount Outstanding of the Class B Notes plus interest accrued and unpaid thereon; and
- (C) all Class C Notes in an amount equal to the then aggregate Principal Amount Outstanding of the Class C Notes plus interest accrued and unpaid thereon; and
- (D) all Class D Notes in an amount equal to the then aggregate Principal Amount Outstanding of the Class D Notes plus interest accrued and unpaid thereon; and

- (E) all Class E Notes in an amount equal to the then aggregate Principal Amount Outstanding of the Class E Notes plus interest accrued and unpaid thereon.

After giving notice of redemption pursuant to this sub-paragraph, the Issuer shall not make any further payment of principal on the Notes and no further reduction shall be made to the Principal Amount Outstanding of any Note other than by way of redemption pursuant to this Condition 5(c).

*(d) Optional redemption in full*

On giving not more than 60 nor less than 30 days' written notice to the Trustee and the Paying Agents and to the Noteholders in accordance with Condition 15 and provided that, on the Interest Payment Date on which such notice expires, no Note Enforcement Notice in relation to the Notes has been served, and further provided that the Issuer has, prior to giving such notice, certified to the Trustee, that it will have the necessary funds to discharge on such Interest Payment Date all of its liabilities in respect of the Notes to be redeemed under this Condition 5(d) and any amounts required under the Deed of Charge and Assignment to be paid on such Interest Payment Date which rank higher in priority to, or *pari passu* with, the Notes, which certificate will be conclusive and binding, and further provided that on the relevant Interest Payment Date the aggregate principal outstanding balance of all the Loan would be less than 10 per cent. of the aggregate principal outstanding balance of all the Loan as at the Closing Date, the Issuer shall redeem on such Interest Payment Date in the following order:

- (A) all Class A Notes in an amount equal to the then aggregate Principal Amount Outstanding of the Class A Notes plus interest accrued and unpaid thereon; and
- (B) all Class B Notes in an amount equal to the then aggregate Principal Amount Outstanding of the Class B Notes plus interest accrued and unpaid thereon; and
- (C) all Class C Notes in an amount equal to the then aggregate Principal Amount Outstanding of the Class C Notes plus interest accrued and unpaid thereon; and
- (D) all Class D Notes in an amount equal to the then aggregate Principal Amount Outstanding of the Class D Notes plus interest accrued and unpaid thereon; and
- (E) all Class E Notes in an amount equal to the then aggregate Principal Amount Outstanding of the Class E Notes plus interest accrued and unpaid thereon.

After giving notice of redemption pursuant to this sub-paragraph, the Issuer shall not make any further payment of principal on the Notes and no further reduction shall be made to the Principal Amount Outstanding of any such Note other than by way of redemption pursuant to this Condition 5(d).

*(e) Note Principal Payments*

The Note Principal Payment on any Interest Payment Date under Condition 5(b) or Condition 5(c) or Condition 5(d), as applicable, will, in relation to the Notes of a particular class, be a *pro rata* share of the aggregate amount required to be applied in redemption of the Notes of that class on such Interest Payment Date under Condition 5(b) or Condition 5(c) or Condition 5(d), as applicable, (rounded down to the nearest penny) provided always that no such Note Principal Payment may exceed the Principal Amount Outstanding of the relevant Note.

*(f) Irrevocable Notices*

Any notice of redemption given by the Issuer in connection with a redemption described in any of Conditions 5(b), (c), (d) or (e) shall be irrevocable and, upon the expiry of such notice, the Issuer will be bound to redeem the Notes of the related class in the amounts specified in these Conditions.

*(g) Cancellation*

All Notes redeemed in full pursuant to the foregoing provisions shall be cancelled forthwith and may not be resold or re-issued.

(h) *Purchase of Notes*

The Issuer may not at any time purchase any Notes in the open market or otherwise.

**6. Post-Enforcement Call Option**

(a) *Sales of Notes to PECO*

The Noteholders will, at the request of PECO, sell all (but not some only) of their holdings of Notes then outstanding to PECO pursuant to the Post-Enforcement Call Option, which entitles PECO to acquire all (but not some only) of the outstanding Notes (plus accrued interest thereon) for a consideration of £0.01 per Note, granted to PECO by the Trustee (on behalf of the Noteholders) under the Post-Enforcement Call Option Agreement.

(b) *Exercise of Post-Enforcement Call Option*

The Post-Enforcement Call Option will become exercisable on the date upon which the Trustee gives written notice to PECO that it has determined, in its sole opinion and discretion, that all amounts outstanding under the Notes have become due and payable, all available funds have been distributed, and there is no reasonable likelihood of there being any further realisations (whether arising from an enforcement of the Security or otherwise) which would be available to pay amounts outstanding under the Notes.

(c) *Acknowledgement of Post-Enforcement Call Option*

Each of the Noteholders grants to the Trustee, and acknowledges that the Trustee has, the authority and the power to bind such Noteholder in accordance with the provisions set out in the Post-Enforcement Call Option Agreement and each Noteholder by acquiring the relevant Notes irrevocably authorises the Trustee to act on its behalf in respect of the Post-Enforcement Call Option and agrees to be bound by the terms of this Condition and the Post-Enforcement Call Option Agreement, on its behalf, accordingly.

(d) *Notice of exercise*

The Issuer shall give notice of the exercise of the Post-Enforcement Call Option by PECO to the Noteholders in accordance with the Condition 15.

**7. Payments**

(a) *Notes*

Payments of principal and interest in respect of any Note will be made only against presentation, surrender (or, in the case of part payment only, endorsement) of such Note or the appropriate Coupon (as the case may be) at the specified office of any Paying Agent by sterling cheque drawn on, or by transfer to, a sterling account maintained by the payee to which sterling may be lawfully transferred or credited.

(b) *Laws and Regulations*

Payments of principal, interest and premium (if any) in respect of the Notes are subject in all cases to any fiscal or other laws and regulations applicable to them.

(c) *Overdue Principal Payments*

If payment of principal is improperly withheld or refused on or in respect of any Note or part of the Note, the interest which continues to accrue in respect of such Note or part of the Note in accordance with Condition 4(a) will be paid against presentation of such Note at the specified office of any Paying Agent and in accordance with Condition 7(a).

*(d) Change of Paying Agents and Agent Bank*

The Principal Paying Agent is ABN AMRO Bank N.V. (London Branch). The Issuer reserves the right, subject to the prior written approval of the Trustee, at any time to vary or, subject to the appointment of replacement, terminate the appointment of the Principal Paying Agent, any other Paying Agent and the Agent Bank and to appoint additional or other agents. The Issuer will at all times maintain a Paying Agent with a specified office in Dublin, for so long as the Notes are listed on the Irish Stock Exchange and the Irish Stock Exchange requires such a Paying Agent. The Issuer shall cause at least 30 days' notice of any change in or addition to the Paying Agents to be given to the Noteholders in accordance with Condition 15.

*(e) Presentation on Non-Business Days*

If any Note or Coupon is presented (if required) for payment on a day which is not a business day in the place where it is so presented and (in the case of payment by transfer to an account as referred to in Condition 7(a) above) in London, payment will be made on the next succeeding day that is a business day and no further payments of additional amounts by way of interest, principal or otherwise will be due in respect of such Note or Coupon. For the purposes of Condition 5 and this Condition 7, "**business day**" means, in relation to any place, a day on which commercial banks and foreign exchange markets settle payments in that place.

*(f) Unmatured Coupons and unexchanged Talons*

Upon the date on which any Note becomes due and payable in full pursuant to Conditions 5, unmatured Coupons appertaining to such Note (whether or not attached) shall become void and no payment shall be made in respect of such Coupons and any unexchanged Talon relating to such Note (whether or not attached) shall become void and no Coupon shall be delivered in respect of such Talon.

*(g) Talons*

On or after the Interest Payment Date for the final Coupon forming part of a Coupon sheet issued in respect of any Note, the Talon forming part of such Coupon sheet may be surrendered at the specified office of the Principal Paying Agent in exchange for a further Coupon sheet (and if necessary another Talon for a further Coupon sheet).

*(h) Accrual of Interest on Late Payments*

If interest is not paid in respect of a Note of any class on the date when due and payable (other than by reason of non-compliance with Condition 7(a) or (b)), then such unpaid interest shall itself bear interest at the applicable Rate of Interest until such interest and interest on the unpaid interest is available for payment and applicable notice has been duly given to the Noteholders in accordance with Condition 15, provided that such interest and interest on the unpaid interest are, in fact, paid.

*(i) Redenomination*

- (i) If at any time there is a change in the currency of the United Kingdom such that the Bank of England recognises a different currency or currency unit or more than one currency or currency unit as the lawful currency of the United Kingdom, then references in, and obligations arising under, the Notes outstanding at the time of any such change and which are expressed in sterling will be translated into, and/or any amount becoming payable under the Notes after such change as specified in these Conditions will be paid in, the currency or currency unit of the United Kingdom, and in the manner designated by the Principal Paying Agent.

Any such translation will be made at the official rate of exchange recognised for that purpose by the Bank of England.

- (ii) Where such a change in currency occurs, the Notes then outstanding, the applicable Transaction Documents and these Conditions will be amended in the manner agreed by the Issuer and the Trustee so as to reflect that change and, so far as practicable, to place the Issuer, the Trustee and the Noteholders in the same position each would have been in

had no change in currency occurred (such amendments to include, without limitation, changes required to reflect any modification to business day or other conventions arising in connection with such change in currency). All amendments made pursuant to this Condition 7(i) will be binding upon holders of such Notes.

- (iii) Notification of the amendments made to Notes pursuant to this Condition 7(i) will be made to the Noteholders in accordance with Condition 15 which will state, *inter alia*, the date on which such amendments are to take or took effect, as the case may be.

## 8. Taxation

All payments in respect of the Notes will be made without withholding or deduction for or on account of any present or future taxes, duties or charges of whatsoever nature unless the Issuer or any Paying Agent is required by applicable law in any jurisdiction to make any payment in respect of the Notes subject to any such withholding or deduction. In that event, the Issuer or such Paying Agent (as the case may be) will make such payment after such withholding or deduction has been made and will account to the relevant authorities for the amount so required to be withheld or deducted. Neither the Issuer nor any Paying Agent will be obliged to make any additional payments to holders of Notes in respect of such withholding or deduction.

## 9. Prescription

Claims for principal in respect of Notes will become void unless the relevant Note is presented for payment within 10 years of the appropriate relevant date. Claims for interest in respect of Coupons will become void unless the relevant Coupon is presented for payment within five years of the appropriate Relevant Date.

In this Condition 9, the "**Relevant Date**" means the date on which a payment in respect of this Condition 9 first becomes due, but if the full amount of the moneys payable has not been received by the Principal Paying Agent or the Trustee on or prior to such date, it means the date on which the full amount of such moneys shall have been so received, and notice to that effect shall have been duly given to the Noteholders in accordance with Condition 15.

## 10. Events of Default

### (a) *Eligible Noteholders*

If any of the events mentioned in sub-paragraphs (i) to (v) inclusive below occurs (each such event being an "**Event of Default**") the Trustee may, and if so requested in writing by the Eligible Noteholders or if so directed by or pursuant to an Extraordinary Resolution of the then Most Senior Class of Noteholders, shall, and in any case as aforesaid, subject to the Trustee being indemnified and/or secured to its satisfaction, give notice (a "**Note Enforcement Notice**") to the Issuer declaring all the Notes to be due and repayable and the Issuer Security enforceable:

- (i) default is made for a period of seven days or more in the payment on the due date of any principal or interest due on the Most Senior Class of Notes (for such purposes ignoring any deferral of interest); or
- (ii) default is made by the Issuer in the performance or observance of any obligation, condition or provision binding upon it under any of the Notes of any class, the Trust Deed, the Deed of Charge and Assignment or the other Transaction Documents to which it is party (other than any obligation referred to in (i) above for the payment of any principal or interest on any class of Notes) and, (except where in the opinion of the Trustee such default is incapable of remedy in which case no notice of default will be required to be delivered) such default continues for a period of 30 days following the service by the Trustee on the Issuer of written notice requiring the same to be remedied and provided that the Trustee shall have certified to the Issuer that such event is, in its opinion, materially prejudicial to the interests of the Noteholders; or

- (iii) the Issuer, otherwise than for the purposes referred to in Condition 10(iv) below, ceases or threatens to cease to carry on its business or a substantial (in the opinion of the Trustee acting in the interests of the Noteholders) part of its business or the Issuer is deemed unable to pay its debts within the meaning of section 123(1)(a), (b), (c) or (d) of the Insolvency Act 1986 (as the section may be amended, modified or re-enacted) or becomes unable to pay its debts as they fall due or otherwise becomes insolvent; or
- (iv) an order is made or an effective resolution is passed for winding up the Issuer except a winding up for the purpose of a merger, reconstruction or amalgamation, the terms of which have previously been approved either in writing by the Trustee or by an Extraordinary Resolution of the holders of the relevant class of Notes; or
- (v) proceedings are initiated against the Issuer under any applicable liquidation, insolvency, composition, reorganisation or other similar laws, including, for the avoidance of doubt, any application to court for an administration order or the appointment of an administrator, administrative receiver, other receiver or other similar official in relation to the Issuer or in relation to the whole or any substantial part (in the opinion of the Trustee acting in the interests of the Noteholders) of the assets or undertaking of the Issuer or an encumbrancer shall take possession of the whole or any substantial part (in the opinion of the Trustee acting in the interests of the Noteholders) of the assets or undertaking of the Issuer or a distress, execution, or diligence or other process shall be levied or enforced upon or sued out against the whole or any substantial part (in the opinion of the Trustee acting in the interests of the Noteholders) of the assets or undertaking of the Issuer and in any of the foregoing cases it shall not be discharged within 14 days or if the Issuer initiates or consents to judicial proceedings relating to itself under applicable liquidation, insolvency, composition, reorganisation or other similar laws or makes a conveyance or assignment for the benefit of its creditors generally.

*(b) Effect of Declaration by Trustee*

Upon any declaration being made by the Trustee in accordance with Condition 10(a) above, all the Notes then outstanding shall immediately become due and repayable at their Principal Amount Outstanding together with accrued interest and the Issuer Security shall become enforceable, all in accordance with the Trust Deed and the Deed of Charge and Assignment.

**11. Enforcement**

Subject to the provisions of Condition 10 and Condition 13, the Trustee may, without notice, take such proceedings against the Issuer or any other person as it may think fit to enforce the provisions of the Notes and the Transaction Documents and may, at any time after the Issuer Security has become enforceable, without notice, take possession of the Issuer Security or any part of the Issuer Security and may in its discretion sell, call in, collect and convert into money the Issuer Security or any part of the Issuer Security in such manner and upon such terms as the Trustee may think fit to enforce the Issuer Security, but it will not be bound to take any such proceedings or steps unless:

- (a) subject to the proviso below, it is directed to do so by an Extraordinary Resolution of the Noteholders of the Most Senior Class of Notes then outstanding or by a notice in writing signed by the Eligible Noteholders; and
- (b) it shall be indemnified and/or secured to its satisfaction against all actions, proceedings, claims and demands to which it may render itself liable under the Notes and the Transaction Documents and all liabilities, losses, costs, charges, damages and expenses (including any VAT) which it may incur by so doing,

PROVIDED THAT:

- (i) the Trustee shall not be bound to act at the direction of the Class B Noteholders unless to do so would not in the opinion of the Trustee be materially prejudicial to the interests of the Class A Noteholders or the Trustee has been directed to take such action by an Extraordinary Resolution

of the Class A Noteholders or by a notice in writing signed by the holders of at least 25 per cent. in aggregate of the Principal Amount Outstanding of the Class A Notes then outstanding;

- (ii) the Trustee shall not be bound to act at the direction of the Class C Noteholders unless to do so would not in the opinion of the Trustee be materially prejudicial to the respective interests of the Class A Noteholders and the Class B Noteholders or the Trustee has been directed to take such action by Extraordinary Resolutions of each of the Class A Noteholders and the Class B Noteholders or by a notice in writing signed by the holders of at least 25 per cent. in aggregate of the Principal Amount Outstanding of the Class A Notes and the Class B Notes then outstanding; and
- (iii) the Trustee shall not be bound to act at the direction of the Class D Noteholders unless to do so would not in the opinion of the Trustee be materially prejudicial to the respective interests of the Class A Noteholders, the Class B Noteholders and the Class C Noteholders or the Trustee has been directed to take such action by Extraordinary Resolutions of each of the Class A Noteholders, the Class B Noteholders and the Class C Noteholders or by a notice in writing signed by the holders of at least 25 per cent. in aggregate of the Principal Amount Outstanding of the Class A Notes, the Class B Notes and the Class C Notes then outstanding.

No Noteholder shall be entitled to proceed directly against the Issuer or any other party to the Transaction Documents or to enforce the Issuer Security. No Noteholder will be entitled to take proceedings for the winding up or administration of the Issuer. The Trustee cannot, while any of the Notes are outstanding, be required to enforce the Issuer Security at the request of any other Secured Party under the Deed of Charge and Assignment.

## **12. Meetings of Noteholders, Modification and Waiver**

- (a) The Trust Deed contains provisions for convening meetings of the Noteholders of any class to consider any matter affecting their interests including the sanctioning by Extraordinary Resolution of, *inter alia*, the removal of the Trustee, a modification of the Notes (including these Conditions) or the provisions of any of the Transaction Documents.
- (b) In relation to each class of Notes:
  - (i) no Extraordinary Resolution involving a Basic Terms Modification that is passed by the holders of one class of Notes shall be effective unless it is sanctioned by an Extraordinary Resolution of the holders of each of the other classes of Notes (to the extent that there are outstanding Notes in each such other classes);
  - (ii) no Extraordinary Resolution to approve any matter other than a Basic Terms Modification of any class of Notes shall be effective unless it is sanctioned by an Extraordinary Resolution of the holders of each of the other classes of Notes ranking senior to such class (to the extent that there are outstanding Notes ranking senior to such class) unless the Trustee considers that none of the holders of each of the other classes of Notes ranking senior to such class would be materially prejudiced by the absence of such sanction; and
  - (iii) any resolution passed at a Meeting of Noteholders of one or more classes of Notes duly convened and held in accordance with Trust Deed shall be binding upon all Noteholders of such class or classes, whether or not present at such Meeting and whether or not voting and, except in the case of a meeting relating to a Basic Terms Modification, any resolution passed at a meeting of the holders of the Most Senior Class of Notes duly convened and held as aforesaid shall also be binding upon the holders of all the other classes of Notes.
- (c) Subject as provided below, the quorum at any meeting of the Noteholders of any class for passing an Extraordinary Resolution will be two or more persons holding or representing not less than 50 per cent. in Principal Amount Outstanding of the Notes of such class or, at any adjourned meeting, two or more persons being or representing Noteholders of such class whatever the Principal Amount Outstanding of the Notes of such class so held or represented. For so long as all the Notes of a class are held by one person, such person will constitute two persons for the purposes

of forming a quorum for meetings. Furthermore, a proxy for the holder of a Global Note will be treated as being two persons for the purposes of any quorum requirements of a meeting of Noteholders.

The quorum at any meeting of the Noteholders of any class for passing an Extraordinary Resolution in respect of a Basic Terms Modification (as defined in the Trust Deed) will be two or more persons holding or representing not less than 75 per cent. or, at any adjourned such meeting 33 per cent. in Principal Amount Outstanding of the Notes of such class for the time being outstanding.

The majority required for an Extraordinary Resolution shall be not less than 75 per cent. of the votes cast on the resolution. An Extraordinary Resolution passed at any meeting of Noteholders of any class shall be binding on all Noteholders of such class whether or not they are present at such meeting.

- (d) The Trustee may agree, without the consent of the holders of Notes of any class, (i) to any modification (except a Basic Terms Modification) of, or to any waiver or authorisation of any breach or proposed breach of, the Notes (including these Conditions) or any of the Transaction Documents which, in the opinion of the Trustee, is not materially prejudicial to the interests of the Noteholders or (ii) to any modification of the Notes (including these Conditions) or any of the Transaction Documents which, in the opinion of the Trustee, is to correct a manifest error or is of a formal, minor or technical nature. The Trustee may also, without the consent of the Noteholders of any class, determine that an Event of Default will not, subject to specified conditions, be treated as such, provided always that the Trustee will not exercise such powers of waiver, authorisation or determination in contravention of any express direction given by the Eligible Noteholders or by an Extraordinary Resolution of the Class A Noteholders or, if no Class A Notes are outstanding, the then Most Senior Class of Noteholders (provided that no such direction shall affect any authorisation, waiver or determination previously made or given). Any such modification, waiver, authorisation or determination will be binding on the Noteholders and, unless the Trustee agrees otherwise, any such modification shall be notified to the Noteholders as soon as practicable after such modification in accordance with Condition 15.
- (e) Where the Trustee is required, in connection with the exercise of its powers, trusts, authorities, duties and discretions, to have regard to the interests of the Noteholders of any class, it shall have regard to the interests of such Noteholders as a class and, in particular, but without prejudice to the generality of the foregoing, the Trustee shall not have regard to, or be in any way liable for, the consequences of such exercise for individual Noteholders resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory and the Trustee shall not be entitled to require, nor shall any Noteholder be entitled to claim, from the Issuer or the Trustee or any other person, any indemnification or payment in respect of any tax consequence of any such exercise upon individual Noteholders.
- (f) The Trustee may determine whether or not any event, matter or thing is, in its opinion, materially prejudicial to the interests of the Class A Noteholders or, as the case may be, the Class B Noteholders or, as the case may be, the Class C Noteholders or, as the case may be, the Class D Noteholders and if the Trustee shall certify that any such event, matter or thing is, in its opinion, materially prejudicial, such certificate shall be conclusive and binding upon the Issuer and the Noteholders. In making such a determination, the Trustee shall be entitled to take into account, amongst other things, any confirmation by the Rating Agencies (if available) that the then current rating of the Notes of the relevant class would or, as the case may be, would not, be adversely affected by such event, matter or thing.

### **13. Indemnification and Exoneration of the Trustee**

The Trust Deed and certain of the Transaction Documents contain provisions governing the responsibility (and relief from responsibility) of the Trustee and for its indemnification in certain circumstances, including provisions relieving it from taking enforcement proceedings or enforcing the Issuer Security unless

indemnified and/or secured to its satisfaction. The Trustee will not be responsible for any loss, expense or liability which may be suffered as a result of any assets comprised in the Issuer Security, or any deeds or documents of title to the Issuer Security, being uninsured or inadequately insured or being held by or to the order of other parties to the Transaction Documents, clearing organisations or their operators or by intermediaries such as banks, brokers, depositories, warehousemen or other similar persons whether or not on behalf of the Trustee.

The Trust Deed contains provisions pursuant to which the Trustee or any of its related companies is entitled, *inter alia*, (i) to enter into business transactions with the Issuer and/or any other person who is a party to the Transaction Documents or whose obligations are comprised in the Issuer Security and/or any of their subsidiary or associated companies and to act as trustee for the holders of any other securities issued by or relating to the Issuer and/or any other person who is a party to the Transaction Documents or whose obligations are comprised in the Issuer Security and/or any of their subsidiary or associated companies, (ii) to exercise and enforce its rights, comply with its obligations and perform its duties, under or in relation to any such transactions or, as the case may be, any such trusteeship without regard to the interests of the Noteholders, and (iii) to retain and not be liable to account for any profit made or any other amount or benefit received as a result of or in connection with the same.

The Trust Deed also relieves the Trustee of liability for not having made or not having caused to be made on its behalf the searches, investigations and enquiries which a prudent chargee would normally have been likely to make in entering into the Deed of Charge and Assignment. The Trustee has no responsibility in relation to the validity, sufficiency and enforceability of the Issuer Security. The Trustee will not be obliged to take any action which might result in its incurring personal liabilities unless indemnified and/or secured to its satisfaction or to supervise the performance by the Servicer, the Special Servicer, the Operating Bank, the Liquidity Facility Provider, or any other person of their obligations under the Transaction Documents and the Trustee will assume, until it has actual knowledge to the contrary, that all such persons are properly performing their duties, notwithstanding that the Issuer Security (or any part of the Issuer Security) may, as a consequence, be treated as floating rather than fixed security.

#### **14. Replacement of Notes, Coupons and Talons**

If any Note, Coupon or Talon is lost, stolen, mutilated, defaced or destroyed, it may be replaced at the specified office of the Principal Paying Agent subject in each case to all applicable laws and Irish Stock Exchange requirements, upon payment by the claimant of the expenses incurred in connection with such replacement and on such terms as to evidence, security, indemnity and otherwise as the Issuer may require (provided that the requirement is reasonable in the light of prevailing market practice). Mutilated or defaced Notes, Coupons or Talons must be surrendered before replacements will be issued.

#### **15. Notice to Noteholders**

- (a) All notices, other than notices given in accordance with the following paragraphs of this Condition 15, to Noteholders may be given by delivery of the relevant notice to Euroclear and Clearstream, Luxembourg and, in any case, such notices shall be deemed to have been given to the Noteholders in accordance with Condition 15 on the date of delivery to Euroclear and Clearstream, Luxembourg; *provided, however*, that, so long as the Notes are listed on the Irish Stock Exchange and its rules so require, notices will also be published in a leading newspaper printed in the English language having general circulation in Dublin (which is expected to be *The Irish Times*) or, if that is not practicable, in such English language newspaper or newspapers as the Trustee approves having a general circulation in Ireland and the rest of Europe. Any such notice so published in a newspaper shall be deemed to have been given on the date of such publication or, if published more than once or on different dates, on the first date on which publication shall have been made in the newspaper or newspapers in which publication is required.
- (b) Any notice specifying an Interest Payment Date, a Rate of Interest, an Interest Amount or Principal Amount Outstanding shall be deemed to have been duly given if the information contained in such notice appears on the relevant page of the Reuters Screen or such other medium for the electronic display of data as may be previously approved in writing by the Trustee

and notified to the Noteholders. Any such notice shall be deemed to have been given on the first date on which such information appeared on the relevant screen. If it is impossible or impractical to give notice in accordance with this paragraph then notice of the matters referred to in this paragraph shall be given in accordance with Condition 15(a).

- (c) A copy of each notice given in accordance with this Condition 15 shall be provided to (for so long as the Notes of any class are listed on the Irish Stock Exchange) the Company Announcements Office of the Irish Stock Exchange and at all times to Standard & Poor's Ratings Services, a division of The McGraw-Hill Companies, Inc. ("**S&P**") and Moody's Investors Service Limited ("**Moody's**" and, together with S&P, the "**Rating Agencies**"), which reference in these Conditions shall include any additional or replacement rating agency appointed by the Issuer, with the prior written approval of the Trustee, to provide a credit rating in respect of the Notes or any class of the Notes). For the avoidance of doubt, and unless the context otherwise requires, all references to "*rating*" and "*ratings*" in these Conditions shall be deemed to be references to the ratings assigned by the Rating Agencies.
- (d) The Trustee shall be at liberty to sanction some other method of giving notice to the Noteholders or to a class or category of them if, in its opinion, such other method is reasonable having regard to market practice then prevailing and to the requirements of the stock exchange on which the Notes are then listed and provided that notice of such other method is given to the Noteholders in such manner as the Trustee shall require.

#### **16. Privity of Contract**

No person shall have any right under the Contracts (Rights of Third Parties) Act 1999 to enforce any term or condition of the Notes, but this does not affect any right or remedy of a third party which exists or is available apart from the Contracts (Rights of Third Parties) Act 1999.

#### **17. Governing Law**

The Trust Deed, the Deed of Charge and Assignment, the Agency Agreement, the other Transaction Documents and the Notes are governed by, and shall be construed in accordance with, English law.

## FORM OF THE NOTES

### 1. Global Notes

The Notes of each class will be represented initially by a Temporary Global Note in bearer form, without Coupons which will be deposited with the Common Depositary for Euroclear and Clearstream, Luxembourg on the Closing Date.

Upon the deposit of the Temporary Global Notes, Euroclear or Clearstream, Luxembourg will credit, by means of book entries, each subscriber of the Notes represented by the Temporary Global Notes with the principal amount of the Notes for which it has subscribed and paid.

Interests in each Temporary Global Note will be exchangeable not earlier than the Exchange Date (provided customary certification of non-U.S. beneficial ownership by the Noteholders has been received) for an interest in a Permanent Global Note of the corresponding class in bearer form without Coupons attached in a principal amount equal to the Principal Amount Outstanding of the corresponding Temporary Global Note. References in this Prospectus to the "**Global Notes**" means the Temporary Global Notes and the Permanent Global Notes or any of them, as the context may require.

On the exchange of each Temporary Global Note for the corresponding Permanent Global Note, such Permanent Global Note will remain deposited with the Common Depositary.

Title to the Global Notes will be transferable by delivery. Definitive Notes will not be available except in the limited circumstances described below and not in any event before the Exchange Date. While any Global Note is outstanding, payments on the Notes represented by such Global Note will be made to, or to the order of, the Common Depositary as the holder of the Global Note. In accordance with the rules and procedures for the time being of Euroclear or, as the case may be, Clearstream, Luxembourg, each of the persons appearing from time to time in the records of Euroclear or Clearstream, Luxembourg as the holder of a Note (each, an "**Accountholder**") will be entitled to receive any payment made in respect of that Note, provided, however, that if any payment of principal and/or interest in respect of any Notes falls due whilst such Notes are represented by a Temporary Global Note, payment of principal and/or interest in respect of such Notes will be made only to the extent that customary certification of non-U.S. beneficial ownership has been received by Euroclear or Clearstream, Luxembourg.

Each Accountholder must, for as long as the Notes remain represented by a Global Note, look solely to Euroclear or, as the case may be, Clearstream, Luxembourg for its share of each payment made by the Issuer to the bearer of such Global Note, subject to and in accordance with the rules and procedures of Euroclear or Clearstream, Luxembourg, as appropriate.

Whilst the Notes are represented by a Global Note, the relevant Accountholders shall have no claim directly against the Issuer in respect of payments due on the relevant Notes and the Issuer will be discharged by payment to the bearer of such Global Note in respect of each amount so paid.

To the extent permitted by applicable law, the Issuer, the Trustee, the Principal Paying Agent and any other Paying Agents may treat the holder of a Note represented by a Global Note as the absolute owner of the same (notwithstanding any notice of ownership, trust or other interest including that of the Noteholders) for the purpose of making payments on the Notes represented by it, and the expression "**Noteholder**" shall be construed accordingly.

For so long as the Notes are represented by Global Notes, the Notes will be transferable only in accordance with the rules and procedures for the time being of Euroclear or Clearstream, Luxembourg, as appropriate.

Principal and interest on the Permanent Global Note will be payable against presentation of that Global Note at the specified office of the Principal Paying Agent or any other Paying Agents. A record of each payment made on a Global Note, distinguishing between any payment of principal and payment of

interest, will be endorsed on that Global Note by or on behalf of the Principal Paying Agent and such record shall be *prima facie* evidence that the payment in question has been made.

## 2. Amendments to Conditions

Each Global Note contains provisions that apply to the Notes that it represents, some of which modify the effect of the Conditions of the Notes set out in this Prospectus. The following is a summary of those provisions:

- (a) **Payments:** Payments of principal and interest in respect of Notes represented by a Global Note will be made against presentation for endorsement and, if no further payment falls to be made in respect of the relevant Notes, surrender of such Global Note to or to the order of the Principal Paying Agent. A record of each payment so made will be endorsed in the appropriate schedule to the relevant Global Note, which endorsement will be *prima facie* evidence that such payment has been made in respect of the relevant Notes.
- (b) **Meetings:** The holder of each Global Note will be treated as being two persons for the purposes of any quorum requirements of, or the right to demand a poll at, a meeting of Noteholders and, at any such meeting, as having one vote in respect of each £50,000 of principal amount of Notes for which the relevant Global Note may be exchanged.
- (c) **Cancellation:** Cancellation of any Note required by the Conditions to be cancelled will be effected by reduction in the principal amount of the applicable Global Note.
- (d) **Issuance of Definitive Notes:** If, after the Exchange Date, (i) either Euroclear or Clearstream, Luxembourg is closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or announces an intention permanently to cease business or does in fact do so and no other clearing system satisfactory to the Trustee is available or (ii) the Issuer would suffer a material disadvantage in respect of the Notes as a result of any amendment to, or change in, the laws or regulations of the United Kingdom (or of any political subdivision or other authority having power to tax in the United Kingdom) or in the interpretation or administration by a revenue authority or a court or in the administration of such laws or regulations which becomes effective on or after the Closing Date, or the Issuer or any Paying Agent is or will be required to make a deduction or withholding from any payment in or in respect of the Notes which would not be required were the Notes in definitive form, then the Issuer will, at its sole cost and expense, issue Notes in definitive form. If any such event referred to above occurs while any Notes are represented by a Temporary Global Note, then Definitive Notes will not be issued until the relevant Temporary Global Note has been exchanged for the Permanent Global Note, which exchange shall not, in any event, occur before the Exchange Date. Definitive Notes, if issued, will be available at the offices of any Paying Agent.

If the Issuer fails to meet its obligations to issue Notes in definitive form in exchange for a Permanent Global Note, then the Permanent Global Note shall remain in full force and effect.

## USE OF PROCEEDS

The net proceeds from the issue of the Notes will be approximately £229,150,000 and this will be applied by the Issuer in part towards payment to the Originator of the purchase consideration in respect of the Loan and interest accrued on the Loan and the Originator's beneficial interests in the Loan Security to be purchased on the Closing Date pursuant to the Loan Sale Agreement (See "*The Loan and the Loan Security*"). Fees, commissions and expenses incurred by the Issuer in connection with the issue of the Notes will be met by the Originator and, to a limit of £37,500, by the Issuer.

## UNITED KINGDOM TAXATION

The following, which applies only to persons who are the beneficial owners of the Notes, is a summary of the Issuer's understanding of current United Kingdom tax law and HM Revenue & Customs practice as at the date of this Prospectus relating to certain aspects of the United Kingdom taxation of the Notes. It is not a comprehensive analysis of the tax consequences arising in respect of Notes. Some aspects do not apply to certain classes of taxpayer (such as dealers). Prospective Noteholders who are in any doubt about their tax position or who may be subject to tax in a jurisdiction other than the United Kingdom should seek their own professional advice.

### Interest on the Notes

#### 1. *Withholding tax on payments of interest on the Notes*

For so long as the Notes are and continue to be listed on a "recognised stock exchange" within the meaning of section 841 of the Income and Corporation Taxes Act 1988 (the Irish Stock Exchange is such a "recognised stock exchange" for this purpose) interest payments on each of the Notes will be treated as a "payment of interest on a quoted Eurobond" within the meaning of section 349 of the Income and Corporation Taxes Act 1988. In these circumstances, payments of interest on the Notes may be made without withholding or deduction for or on account of United Kingdom income tax irrespective of whether the Notes are in global form or in definitive form.

If the Notes cease to be listed on a recognised stock exchange, an amount must be withheld on account of United Kingdom income tax at the lower rate (currently 20 per cent.) from interest paid on them, subject to any direction to the contrary from the Inland Revenue in respect of such relief as may be available pursuant to the provisions of an applicable double taxation treaty or to the interest being paid to the persons (including companies within the charge to United Kingdom corporation tax) and in the circumstances specified in sections 349A to 349D of the Income and Corporation Taxes Act 1988.

#### 2. *Provision of Information*

Noteholders should note that where any interest on Notes is paid to them (or to any person acting on their behalf) by the Issuer or any person in the United Kingdom acting on behalf of the Issuer (a "paying agent"), or is received by any person in the United Kingdom acting on behalf of the relevant Noteholder (other than solely by clearing or arranging the clearing of a cheque) (a "collecting agent"), then the Issuer, the paying agent or the collecting agent (as the case may be) may, in certain cases, be required to supply HM Revenue & Customs details of the payment and certain details relating to the Noteholder (including the Noteholder's name and address). These provisions will apply whether or not the interest has been paid subject to withholding or the deduction for or on account of United Kingdom income tax and whether or not the Noteholder is resident in the United Kingdom for United Kingdom taxation purposes. Where the Noteholder is not so resident, the details provided to HM Revenue & Customs may, in certain cases, be passed by HM Revenue & Customs to the tax authorities of the jurisdiction in which the Noteholder is resident for taxation purposes.

#### 3. *Further United Kingdom tax issues for non-United Kingdom resident Noteholders*

Interest on the Notes constitutes United Kingdom source income and, as such, may be subject to income tax by direct assessment even where paid without withholding, subject to such relief as may be available pursuant to the provisions of an applicable double taxation treaty.

However, interest with a United Kingdom source received without deduction or withholding on account of United Kingdom tax will not be chargeable to United Kingdom tax in the hands of a Noteholder (other than certain trustees) who is not resident for tax purposes in the United Kingdom unless that Noteholder carries on a trade, profession or vocation through a branch or agency, or in the case of a Noteholder which is a company carries on a trade through a permanent establishment, in the United Kingdom in connection with which the interest is received or to which the Notes are attributable. There are exemptions for interest received by certain categories of agent (such as some brokers and investment managers).

Where interest has been paid under deduction of United Kingdom income tax, Noteholders who are not resident in the United Kingdom may be able to recover all or part of the tax deducted if there is an appropriate provision under an applicable double taxation treaty.

### **United Kingdom corporation tax payers**

In general, Noteholders which are within the charge to United Kingdom corporation tax in respect of Notes will be charged to tax as income on all returns on and fluctuations in value of the Notes broadly in accordance with their statutory accounting treatment.

### **Other United Kingdom tax payers**

#### *1. Taxation of chargeable gains*

It is expected that the Notes will not be regarded by the HM Revenue and Customs as constituting "qualifying corporate bonds" within the meaning of Section 117 of the Taxation of Chargeable Gains Act 1992. Accordingly, a disposal of the Notes may give rise to a chargeable gain or an allowable loss for the purposes of the United Kingdom taxation of chargeable gains. There are provisions to prevent any particular gain (or loss) from being charged (or relieved) at the same time under these provisions and also under the provisions of the "accrued income scheme" described in 2 below.

#### *2. Accrued income scheme*

On a disposal of Notes by a Noteholder, any interest which has accrued since the last Interest Payment Date may be chargeable to tax as income under the rules of the "accrued income scheme" if that Noteholder is resident or ordinarily resident in the United Kingdom or carries on a trade in the United Kingdom through a branch or agency to which the Notes are attributable.

### **Stamp duty and stamp duty reserve tax**

No United Kingdom stamp duty or stamp duty reserve tax is payable on the issue of the Global Notes or of a Definitive Note.

### **EU Directive on the taxation of savings income**

Under EC Council Directive 2003/48/EC on the taxation of savings income (the "EU Savings Directive") EU Member States are required to provide to the tax authorities of another Member State details of payments of interest (or similar income) paid by a person within its jurisdiction to, or collected by such person for, an individual resident in that other Member State. However, for a transitional period, Belgium, Luxembourg and Austria are instead required (unless during that period they elect otherwise) to operate a withholding system in relation to such payments, deducting tax at a rate rising over time to 35% (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). A number of non-EU countries, and certain dependent or associated territories of certain Member States have agreed to adopt equivalent measures.

## SUBSCRIPTION AND SALE

Société Générale, London Branch, Caja de Ahorros y Monte de Piedad de Madrid and Raiffeisenzentralbank Österreich Aktiengesellschaft (the "**Managers**"), pursuant to a subscription agreement dated 3 July, 2006 (the "**Subscription Agreement**"), between the Managers, the Issuer and the Originator, have agreed, jointly and severally, subject to certain conditions, to subscribe and pay for the Class A Notes at 100 per cent. of the principal amount of such Notes and the Lead Manager has agreed subject to certain conditions, to subscribe and pay for the Class B Notes at 100 per cent. of the principal amount of such Notes, the Class C Notes at 100 per cent. of the principal amount of such Notes, the Class D Notes at 100 per cent. of the principal amount of such Notes and the Class E Notes at 100 per cent. of the principal amount of such interest.

The Issuer has agreed to reimburse the Managers for certain of their expenses in connection with the issue of the Notes. The Subscription Agreement is subject to a number of conditions and may be terminated by the Managers in certain circumstances prior to payment to the Issuer. The Issuer has agreed to indemnify the Managers against certain liabilities in connection with the offer and sale of the Notes.

### United States of America

Each of the Managers has represented and agreed with the Issuer that the Notes have not been and will not be registered under the United States Securities Act of 1933, as amended (the "**Securities Act**"), and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. Persons except in certain transactions exempt from the registration requirements of the Securities Act. Each of the Managers has agreed that, except as permitted by the Subscription Agreement, it will not offer, sell or deliver the Notes (i) as part of their distribution at any time or (ii) otherwise until 40 days after the later of the commencement of the offering of the Notes and the Closing Date (for the purposes only of this section "*Subscription and Sale*", the "**Distribution Compliance Period**") within the United States or to, or for the account or benefit of, U.S. Persons and that it will have sent to each distributor, dealer or other person to which it sells Notes during the Distribution Compliance Period a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. Persons. Terms used in this paragraph have the meanings given to them by Regulation S of the Securities Act.

In addition, 40 days after the commencement of the offering of the Notes, an offer or sale of the Notes within the United States by a dealer, whether or not participating in the offering, may violate the registration requirements of the Securities Act.

The Notes are in bearer form and are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. tax regulations. Terms used in the preceding sentence have the meanings given to them by the U.S. Internal Revenue Code of 1986 and regulations thereunder.

### United Kingdom

Each of the Managers has further represented and agreed that:

- (a) it has only communicated or caused to be communicated and will only communicate or cause to be communicated any invitation or inducement to engage in investment activity (within the meaning of section 21 of the FSMA) received by it in connection with the issue or sale of any Notes in circumstances in which section 21(1) of the FSMA does not apply to the Issuer; and
- (b) it has complied and will comply with all applicable provisions of the Financial Services and Markets Act 2000 ("**FSMA**"), with respect to anything done by it in relation to the Notes in, from or otherwise involving the United Kingdom.
