

IMPORTANT NOTICE

NOT FOR DISTRIBUTION TO ANY U.S. PERSON OR TO ANY PERSON OR ADDRESS IN THE U.S.

IMPORTANT: You must read the following before continuing. The following applies to the Prospectus (the "**Prospectus**") attached to this electronic transmission, and you are therefore advised to read this carefully before reading, accessing or making any other use of the Prospectus. In accessing the Prospectus, you agree to be bound by the following terms and conditions, including any modifications to them any time you receive any information from us as a result of such access.

NOTHING IN THIS ELECTRONIC TRANSMISSION CONSTITUTES AN OFFER OF SECURITIES OF THE ISSUER FOR SALE IN THE UNITED STATES OR ANY OTHER JURISDICTION WHERE IT IS UNLAWFUL TO DO SO. THE SECURITIES HAVE NOT BEEN, AND WILL NOT BE, REGISTERED UNDER THE U.S. SECURITIES ACT OF 1933, AS AMENDED (THE "**SECURITIES ACT**"), OR THE SECURITIES LAWS OF ANY STATE OF THE UNITED STATES OR OTHER JURISDICTION AND THE SECURITIES MAY NOT BE OFFERED OR SOLD WITHIN THE UNITED STATES OR TO, OR FOR THE ACCOUNT OR BENEFIT OF, U.S. PERSONS (AS DEFINED BELOW) EXCEPT PURSUANT TO AN EXEMPTION FROM SUCH REGISTRATION REQUIREMENTS. THE FOLLOWING PROSPECTUS MAY NOT BE FORWARDED OR DISTRIBUTED TO ANY OTHER PERSON AND MAY NOT BE REPRODUCED IN ANY MANNER WHATSOEVER, AND IN PARTICULAR, MAY NOT BE FORWARDED TO ANY U.S. PERSON OR TO ANY U.S. ADDRESS. ANY FORWARDING, DISTRIBUTION OR REPRODUCTION OF THIS DOCUMENT IN WHOLE OR IN PART IS UNAUTHORISED. FAILURE TO COMPLY WITH THIS DIRECTIVE MAY RESULT IN A VIOLATION OF THE SECURITIES ACT OR THE APPLICABLE LAWS OF OTHER JURISDICTIONS.

"U.S. person" means (i) any of the following: (A) any natural person resident in the United States; (B) any partnership, corporation, limited liability company, or other organization or entity organized or incorporated under the laws of any State or of the United States; (C) any estate of which any executor or administrator is a U.S. person; (as defined under any other clause of this definition); (D) any trust of which any trustee is a U.S. person (as defined under any other clause of this definition); (E) any agency or branch of a foreign entity located in the United States; (F) any non-discretionary account or similar account (other than an estate or trust) held by a dealer or other fiduciary for the benefit or account of a U.S. person (as defined under any other clause of this definition); (G) any discretionary account or similar account (other than an estate or trust) held by a dealer or other fiduciary organized, incorporated, or (if an individual) resident in the United States; and (H) any partnership, corporation, limited liability company, or other organization or entity if (1) organized or incorporated under the laws of any foreign jurisdiction; and (2) formed by a U.S. person (as defined under any other clause of this definition) principally for the purpose of investing in securities not registered under the Act. "U.S. person(s)" does not include: (A) any discretionary account or similar account (other than an estate or trust) held for the benefit or account of a person not constituting a U.S. person (as defined in paragraph (i) of this section) by a dealer or other professional fiduciary organized, incorporated, or (if an individual) resident in the United States; (B) any estate of which any professional fiduciary acting as executor or administrator is a U.S. person (as defined in paragraph (i) of this section) if (1) an executor or administrator of the estate who is not a U.S. person (as defined in paragraph (i) of this section) has sole or shared investment discretion with respect to the assets of the estate; and (2) the estate is governed by foreign law; (C) any trust of which any professional fiduciary acting as trustee is a U.S. person (as defined in paragraph (i) of this section), if a trustee who is not a U.S. person (as defined in paragraph (i) of this section) has sole or shared investment discretion with respect to the trust assets, and no beneficiary of the trust (and no settlor if the trust is revocable) is a U.S. person; (as defined in paragraph (i) of this section); (D) an employee benefit plan established and administered in accordance with the law of a country other than the United States and customary practices and documentation of such country; (E) any agency or branch of a U.S. person (as defined in paragraph (i) of this section) located outside the United States if (i) the agency or branch operates for valid business reasons; and (ii) the agency or branch is engaged in the business of insurance or banking and is subject to substantive insurance or banking regulation, respectively, in the jurisdiction where located; (F) the

International Monetary Fund, the International Bank for Reconstruction and Development, the Inter-American Development Bank, the Asian Development Bank, the African Development Bank, the United Nations, and their agencies, affiliates and pension plans, and any other similar international organizations, their agencies, affiliates and pension plans.

You are reminded that the Prospectus has been delivered to you on the basis that you are a person into whose possession the Prospectus may be lawfully delivered in accordance with the laws of the jurisdiction in which you are located and you may not, nor are you authorised to, deliver the Prospectus to any other person.

The materials relating to the offering do not constitute, and may not be used in connection with, an offer or solicitation in any place where offers or solicitations are not permitted by law. If a jurisdiction requires that the offering be made by a licensed broker or dealer and the managers or any affiliate of the managers is a licensed broker or dealer in that jurisdiction, the offering shall be deemed to be made by the managers or such affiliate on behalf of the Issuer in such jurisdiction.

By accessing the Prospectus, you shall be deemed to have confirmed and represented to us that (a) you have understood and agree to the terms set out herein, (b) you consent to delivery of the Prospectus by electronic transmission, (c) you are not a U.S. person (within the meaning of Regulation S under the Securities Act) or acting for the account or benefit of a U.S. person and the electronic mail address that you have given to us and to which this e-mail has been delivered is not located in the United States, its territories and possessions (including Puerto Rico, the U.S. Virgin Islands, Guam, American Samoa, Wake Island and the Northern Mariana Islands) or the District of Columbia and (d) if you are a person in the United Kingdom, then you are a person who (i) has professional experience in matters relating to investments or (ii) is a high net worth entity falling within Article 49(2)(a) to (d) of the Financial Services and Markets Act (Financial Promotion) Order 2005.

This Prospectus has been sent to you in an electronic form. You are reminded that documents transmitted via this medium may be altered or changed during the process of electronic transmission and consequently none of the Issuer nor the Transaction Parties or any person who controls any such person or any director, officer, employee or agent of any such person (or affiliate of any such person) accepts any liability or responsibility whatsoever in respect of any difference between the Prospectus distributed to you in electronic format and the hard copy version available to you on request from the Issuer, BNP Paribas, London Branch or Société Générale, London Branch.

Class C	£120,000,000	100%	2.4%	February 2018	November 2027	Unrated

* The revolving period commences on (and includes) the Closing Date and ends on (but excludes) the earlier of (i) the Interest Payment Date falling in March 2018 and (ii) the date on which a Revolving Period Termination Event occurs. See the section entitled "Transaction Overview - Credit Structure and Cashflow" below.

** Or, with respect to the first Interest Period, the rate which represents the linear interpolation of LIBOR for one and two month deposits in Sterling)

Issue Date	The Issuer expects to issue the Notes in the classes set out above on 7 February 2017 (the " Closing Date ").
Underlying Assets	The Issuer will make payments on the Notes from, inter alia, an initial portfolio comprising Lease Receivables and RV Claims originated by LeasePlan UK Limited which will be purchased by the Issuer on the Closing Date (the " Initial Portfolio "). Additional portfolios may be purchased by the Issuer during the Revolving Period in accordance with the terms described herein (each an " Additional Portfolio " and together with the Initial Portfolio, the " Portfolio "). See the section entitled "Description of Certain Transaction Documents – Purchase Agreement" for more information. The Issuer confirms that the assets backing the issue of the Notes, taken together with the other arrangements to be entered into on or around the Closing Date, generally have characteristics that demonstrate capacity to produce funds to service any payments due and payable under the Notes and are not part of a re-securitisation and are collectible.
Credit Enhancement	<ul style="list-style-type: none"> • Subordination of junior ranking Notes; • (following an Event of Default) the Liquidity Reserve; and • excess Available Distribution Amounts. Please refer to the section entitled "Transaction Overview - Credit Structure and Cashflow".
Liquidity Support	<ul style="list-style-type: none"> • Liquidity Reserve (from the Closing Date).

	Please refer to the section entitled "Transaction Overview - Credit Structure and Cashflow".
Redemption Provisions	Information on any optional and mandatory redemption of the Notes is summarised on page 15 (Transaction Overview – Overview of the Terms and Conditions of the Notes) and set out in full in Condition 6 (Redemption).
Rating Agencies	DBRS, Fitch, and S&P. Each of DBRS, Fitch, and S&P is established in the European Union and is registered under the Regulation (EC) No. 1060/2009 (as amended) (the CRA Regulation). As such, each of DBRS, Fitch, and S&P is included in the list of credit rating agencies published by the European Securities and Markets Authority on its website (at http://www.esma.europa.eu/page/List-registered-and-certified-CRAs) in accordance with the CRA Regulation. A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.
Credit Ratings	Ratings are expected to be assigned to the Notes as set out above on or before the Closing Date.
	The ratings assigned by DBRS, Fitch, and S&P address the likelihood of (a) timely payment of interest due to the Noteholders on each Interest Payment Date and (b) full payment of principal by a date that is not later than the Final Maturity Date.
	The assignment of ratings to the Notes is not a recommendation to invest in the Notes. Any credit rating assigned to the Notes may be revised or withdrawn at any time.
Listing	This prospectus (the " Prospectus ") comprises a prospectus for the purpose of Directive 2003/71/EC (the " Prospectus Directive "). The Prospectus has been approved by the Central Bank of Ireland (the " Central Bank "), as competent authority under the Prospectus Directive. Such approval relates only to the Class A Notes and Class B Notes which are to be admitted to trading on a regulated market for the purposes of Directive 2004/39/EC and/or which are to be offered to the public in any Member State of the European Economic Area. The Central Bank only approves this Prospectus as meeting the requirements imposed under Irish and EU law pursuant to the Prospectus Directive. Application has been made to the Irish Stock Exchange (the " Irish Stock Exchange ") for the Notes (other than the Class C Note) to be admitted to the Official List (the " Official List ") and trading on its regulated market.
Eurosystem Eligibility	The Notes are not currently eligible collateral for Eurosystem monetary policy and intra-day credit operation by the Eurosystem. However, the Class A Notes are intended to be held in a manner which would allow Eurosystem eligibility. This means that the Class A Notes are intended upon issue to be deposited with one of the International Central Securities Depositories (the " ICSDs "), as common safekeeper, but does not necessarily mean that the Class A Notes in the future will be recognised as eligible collateral for Eurosystem monetary policy and intra day credit operations by the Eurosystem. Such recognition will depend upon the satisfaction of the other Eurosystem eligibility criteria. The Class B Notes and the Class C Note is not intended to be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem.
Obligations	The Notes will be obligations of the Issuer alone and will not be the obligations of, or guaranteed by, or be the responsibility of, any other entity. In particular, the Notes will not be obligations, or guaranteed by, or be the responsibility of any Transaction Party, other than the Issuer.
The Volcker Rule	The Issuer was structured so as not to constitute a "covered fund" for purposes of the regulations adopted to implement Section 619 of the Dodd-Frank Act (such statutory provision together with such implementing regulations, the " Volcker Rule "). Any prospective investor in the Notes, including a bank or subsidiary or other affiliate thereof, should consult its own legal advisers regarding such matters and other effects of the Volcker Rule. Please refer to the risk factor entitled " <i>Effects of the Volcker Rule on the Issuer</i> " for more details.
EU Retention Undertaking	On the Closing Date, LPUK will, as an originator for the purposes of the CRR, the AIFM Regulation and the Solvency II Regulation (each as defined below), retain a material net economic interest of not less than 5% in the securitisation (representing downside risk and economic outlay) in accordance with the text of each of Article 405(1)(d) of Regulation (EU) No 575/2013 (the Capital Requirements Regulation or CRR), Article 254(2)(a) of Regulation (EU) No. 2015/35 (the Solvency II Regulation) and Article 51(1)(a) of Regulation (EU) No 231/2013, (the AIFM Regulation or AIFMR) (which, in each case,

	does not take into account any corresponding national measures) (the Retention). As at the Closing Date, the Retention will comprise LPUK holding the first loss tranche, namely the Class C Note, as required by the text of each of Article 405(1)(d) of the CRR, Article 254(2)(a) of the Solvency II Regulation and Article 51(1)(a) of the AIFMR. Any change in the manner in which the interest is held may only be made in accordance with the applicable laws and regulations and will be notified to the Noteholders. See the section entitled " <i>EU Risk Retention Requirements</i> " and the Risk Factor entitled " <i>Regulatory treatment of ABS (including Basel III and risk retention)</i> " for further information.
Significant Investor:	LPUK, will, on the Closing Date, purchase 100% of the Class C Note. Please refer to the section entitled "Subscription and Sale" for further information.

THE "RISK FACTORS" SECTION CONTAINS DETAILS OF CERTAIN RISKS AND OTHER FACTORS THAT SHOULD BE GIVEN PARTICULAR CONSIDERATION BEFORE INVESTING IN THE NOTES. PROSPECTIVE INVESTORS SHOULD BE AWARE OF THE ISSUES SUMMARISED WITHIN THAT SECTION.

IMPORTANT NOTICES

The Issuer accepts responsibility for the information contained in this Prospectus. To the best of the knowledge and belief of the Issuer (having taken all reasonable care to ensure that such is the case), the information contained in this Prospectus is in accordance with the facts and does not omit anything likely to affect the import of such information. Any information sourced from third parties contained in this Prospectus has been accurately reproduced (and is clearly sourced where it appears in this Prospectus) and, as far as the Issuer is aware and is able to ascertain from information published by that third party, no facts have been omitted which would render the reproduced information inaccurate or misleading.

The distribution of this Prospectus and the offering of the Notes in certain jurisdictions may be restricted by law. No representation is made by any Transaction Party that this Prospectus may be lawfully distributed, or that the Notes may be lawfully offered, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, and none of them assumes any responsibility for facilitating any such distribution or offering. In particular, save for obtaining the approval by the Central Bank of Ireland of this prospectus as a Prospectus for the purposes of the Prospectus Directive, no action has been or will be taken by any Transaction Party which would permit a public offering of the Notes or distribution of this Prospectus in any jurisdiction where action for that purpose is required.

Accordingly, the Notes may not be offered or sold, directly or indirectly, and neither this Prospectus nor any advertisement or other offering material may be distributed or published, in any jurisdiction, except under circumstances that will result in compliance with all applicable laws and regulations. Persons into whose possession this Prospectus comes are required by the Issuer, the Joint Lead Managers, the Manager and the Arranger to inform themselves about and to observe any such restriction. For a further description of certain restrictions on offers and sales of the Notes and distribution of this document (or any part hereof), see the section entitled "Subscription and Sale" below.

Neither the delivery of this Prospectus nor any sale or allotment made in connection with any offering of any of the Notes shall, under any circumstances, constitute a representation or create any implication that there has been no change in the information contained in this Prospectus since the date of this Prospectus.

Other than as expressly set out below, none of the Joint Lead Managers, the Arranger, the Manager the Issuer Security Trustee, the LPUK Security Trustee, the Note Trustee or the Interest Rate Swap Counterparty makes any representation, warranty or undertaking, express or implied, or accepts any responsibility, with respect to the accuracy or completeness of any of the information in this Prospectus or part thereof or any other information provided by the Issuer in connection with the Notes. None of the Joint Lead Managers, the Manager, the Arranger, the Issuer Security Trustee, the LPUK Security Trustee, the Note Trustee or the Interest Rate Swap Counterparty accepts any liability in relation to the information contained in this Prospectus or any other information provided by the Issuer in connection with the Notes. Each potential purchaser of Notes should determine the relevance of the information contained in this Prospectus or part hereof and the purchase of Notes should be based upon such investigation as each purchaser deems necessary. None of the Joint Lead Managers, the Manager, the Arranger, the Issuer Security Trustee, the LPUK Security Trustee, the Note Trustee or the Interest Rate Swap Counterparty undertakes or shall undertake to review the financial condition or affairs of the Issuer nor to advise any investor or potential investor in the Notes of any information coming to the attention of the Joint Lead Managers, the Manager or the Arranger.

No representation, warranty or undertaking, express or implied, is made and no responsibility or liability is accepted by the Account Bank, the Principal Paying Agent and the Registrar as to the accuracy or completeness of any other information contained in this Prospectus or any other information supplied in connection with the Notes or their distribution.

The Cash Manager accepts responsibility for the information contained in the section entitled "The Cash Manager". To the best of the Cash Manager's knowledge and belief (having taken all reasonable care to ensure that such is the case), the information contained therein is in accordance with the facts and does not omit anything likely to affect the import of such information. No representation, warranty or undertaking, express or implied, is made and no responsibility or liability is accepted by the Cash Manager as to the accuracy or completeness of any other information contained in this Prospectus or any other information supplied in connection with the Notes or their distribution.

The Reporting Agent accepts responsibility for the information contained in the section entitled "The Reporting Agent". To the best of the Reporting Agent's knowledge and belief (having taken all reasonable care to ensure that such is the case), the information contained therein is in accordance with the facts and does not omit anything likely to affect the import of such information. No representation, warranty or undertaking, express or implied, is made and no responsibility or liability is accepted by the Reporting Agent as to the accuracy or completeness of any other information contained in this Prospectus or any other information supplied in connection with the Notes or their distribution.

THE NOTES HAVE NOT BEEN AND WILL NOT BE REGISTERED UNDER THE SECURITIES ACT OR THE SECURITIES LAWS OR "BLUE SKY" LAWS OF ANY STATE OR OTHER

JURISDICTION OF THE UNITED STATES AND THEREFORE MAY NOT BE OFFERED OR SOLD WITHIN THE UNITED STATES OR TO, OR FOR THE ACCOUNT OR BENEFIT OF, U.S. PERSONS EXCEPT PURSUANT TO AN EXEMPTION FROM, OR IN A TRANSACTION NOT SUBJECT TO, THE REGISTRATION REQUIREMENTS OF THE SECURITIES ACT AND ANY APPLICABLE STATE OR FEDERAL SECURITIES LAWS. ACCORDINGLY, THE NOTES ARE BEING OFFERED AND SOLD OUTSIDE THE UNITED STATES TO PERSONS OTHER THAN U.S. PERSONS IN ACCORDANCE WITH REGULATIONS UNDER THE SECURITIES ACT. FOR A DESCRIPTION OF CERTAIN RESTRICTIONS ON REALES OR TRANSFERS, SEE "Subscription and Sale".

THE SECURITIES OFFERED HEREBY HAVE NOT BEEN APPROVED OR DISAPPROVED BY ANY UNITED STATES FEDERAL OR STATE SECURITIES COMMISSION OR ANY OTHER U.S. REGULATORY AUTHORITY AND THE ISSUER HAS NOT BEEN AND WILL NOT BE REGISTERED UNDER THE U.S. INVESTMENT COMPANY ACT OF 1940, AS AMENDED. FURTHERMORE, THE FOREGOING AUTHORITIES HAVE NOT PASSED UPON OR ENDORSED THE MERITS OF THIS OFFERING OR THE ACCURACY OR ADEQUACY OF THIS DOCUMENT. ANY REPRESENTATION TO THE CONTRARY IS A CRIMINAL OFFENCE IN THE UNITED STATES.

THE NOTES ARE NOT INTENDED TO BE SOLD AND SHOULD NOT BE SOLD TO RETAIL INVESTORS. PROSPECTIVE INVESTORS ARE REFERRED TO THE SECTION HEADED " SUBSCRIPTION AND SALE – RETAIL INVESTOR RESTRICTION" ON PAGE 213 BELOW FOR FURTHER INFORMATION.

None of the Issuer, the Joint Lead Managers, the Manager or the Arranger makes any representation to any prospective investor or purchaser of the Notes regarding the legality of investment therein by such prospective investor or purchaser under applicable legal investment or similar laws or regulations.

No person has been authorised to give any information or to make any representation other than as contained in this Prospectus and, if given or made, such information or representation must not be relied upon as having been authorised by or on behalf of the Issuer, the Issuer Security Trustee, the LPUK Security Trustee, the Note Trustee, the directors of the Issuer, the Joint Lead Managers, the Manager, the Interest Rate Swap Counterparty or the Arranger.

This Prospectus does not constitute an offer to sell or the solicitation of an offer to buy the Notes in any jurisdiction to any person to whom it is unlawful to make the offer or solicitation in such jurisdiction. The distribution of this Prospectus or any part hereof and any offering of the Notes in certain jurisdictions may be restricted by law. No action has been taken by the Issuer, the Joint Lead Managers, the Manager or the Arranger other than as set out in the paragraph headed "Listing" on page (ii) of this Prospectus that would permit a public offer of the Notes in any country or jurisdiction where action for that purpose is required. Accordingly, the Notes may not be offered or sold, directly or indirectly, and neither this Prospectus nor any part hereof nor any other prospectus, form of application, advertisement or other offering material may be issued, distributed or published in any country or jurisdiction (including Ireland), except in circumstances that will result in compliance with applicable laws, orders, rules and regulations.

The Cleared Notes will be represented by global notes which are expected to be deposited with (a) in the case of the Class A Notes, with a common safekeeper (the "**Common Safekeeper**") for Euroclear and Clearstream, Luxembourg and (b) in the case of the Class B Notes, a common depositary (the "**Common Depositary**") for Euroclear Bank S.A./N.V. ("**Euroclear**") and Clearstream Banking *société anonyme* ("**Clearstream, Luxembourg**").

The Class C Note will be in dematerialised registered form. The Issuer will maintain a register, to be kept on the Issuer's behalf by the Registrar, in which the Class C Note will be registered in the name of the Class C Noteholder. Transfer of all or any portion of the interest in the Class C Note may be effected only through the register maintained by the Issuer.

References in this Prospectus to "£" or "**Sterling**" are to the lawful currency for the time being of the United Kingdom of Great Britain and Northern Ireland.

Forward-Looking Statements

Certain matters contained herein are forward-looking statements. Such statements appear in a number of places in this Prospectus, including with respect to assumptions on prepayment and certain other characteristics of the Lease Agreements, the Lease Receivables and the RV Claims, and reflect significant assumptions and subjective judgments by the Issuer that may not prove to be correct. Such statements may be identified by reference to a future period or periods and the use of forward-looking terminology such as "may", "will", "could", "believes", "expects", "anticipates", "continues", "intends", "plans" or similar terms. Consequently, future results may differ from the Issuer's expectations due to a variety of factors, including (but not limited to) the economic environment and regulatory changes in the vehicle leasing industry in the United Kingdom. Moreover, past financial performance should not be considered a reliable indicator of future performance and prospective purchasers of the Notes are cautioned that any such statements are not guarantees of performance and involve risks and uncertainties, many of which are beyond the control of the Issuer. The Arranger, the Joint Lead Managers and the Manager have not attempted to verify any such statements, nor do they make any representations, express or implied, with respect thereto. Prospective purchasers should therefore not place undue reliance on any of these forward-looking statements. None of the Issuer, the Seller, the Joint Lead Managers, the Manager nor the Arranger assume any obligation to update these forward-looking statements or to update the reasons for which actual results could differ materially from those anticipated in the forward-looking statements.

THE PORTFOLIO

Please refer to the sections entitled "Characteristics of the Portfolio", "Overview of UK Vehicle Lease Market" and "Description of Certain Transaction Documents" for further detail in respect of the characteristics of the Portfolio and the sale and the servicing arrangements in respect of the Portfolio.

Sale of Portfolio: On the Initial Purchase Date and on each Additional Portfolio Purchase Date, the Seller is entitled to sell to the Issuer a portfolio of (i) Lease Receivables and (ii) the RV Claims.

The Lease Receivables will consist of any and all claims and rights of the Seller against the Lessees under or in connection with the use of the Leased Vehicles under the relevant Lease Agreements originated by LPUK. Such claims and rights include amounts relating to VAT, maintenance charge or related fees and expenses due and payable by the Lessee under the relevant Lease Agreement and any Ancillary Rights but excluding any amount in respect of the RV Claims.

The RV Claims will consist of (i) the right to receive all proceeds derived from the Leased Vehicle other than Lease Receivables (including, for the avoidance of doubt, any sale proceeds or amounts arising as a result of entering into a new lease with respect to such Leased Vehicle which do not constitute a Lease Receivable sold to the Issuer) and (ii) amounts paid by the Lessee in respect of any Final Balloon Payment pursuant to a Lease Agreement.

Title in the Vehicles will be retained by the Seller.

The Issuer will use, *inter alia*, Lease Principal Collections and Lease Interest Collections in respect of the Portfolio to make payments of, among other things, principal and interest due on the Notes provided that during the Revolving Period, Available Distribution Amounts will not be applied in redemption of the Notes but shall be applied to acquire Additional Portfolios from the Seller.

The sale of the Initial Portfolio and any Additional Portfolio to the Issuer will in all cases also be subject to certain conditions as at the Closing Date and the relevant Additional Portfolio Purchase Date. The conditions include that:

- (a) the Issuer pays the Initial Purchase Price or the Additional Portfolio Purchase Price, as applicable;
- (b) a Transfer Notice attaching the relevant Portfolio Schedule certified by an authorised signatory of the Seller to be true and accurate in all material respects is delivered from the Seller to the Issuer, the Issuer Security Trustee and the Cash Manager; and
- (c) no Revolving Period Termination Event has occurred and is continuing as of the Purchase Date.

See the section entitled "Description of Certain Transaction Documents – Purchase Agreement" for more information.

Features of Lease Receivables: The following is an overview of certain features of the Lease Receivables and RV Claims as at the Initial Cut-Off Date and investors should refer to, and carefully consider, further details in respect of the Lease Receivables and Vehicle Realisation Proceeds/Estimated Residual Value set out in

"Characteristics of the Portfolio – Pool Size and Characteristics".

Consideration:

The purchase price payable in consideration of the Lease Receivables and the RV Claims will be equal to the Initial Purchase Price or the Additional Portfolio Purchase Price (as applicable) and (subject to the conditions on the payment of Junior and Senior Deferred Purchase Price) the Deferred Purchase Price.

See the section entitled "Description of Certain Transaction Documents – Purchase Agreement" for more information.

Representations and Warranties:

The Seller will make certain (a) Lease Warranties regarding the Lease Receivables and RV Claims and (b) Corporate Warranties on the Closing Date and each Additional Portfolio Purchase Date, in each case with reference to the facts and circumstances then subsisting as at the immediately preceding relevant Cut-Off Date.

Examples of the representations and warranties given by the Seller include the following: (i) each of the Lease Agreements, Lease Receivables and RV Claims meet the Eligibility Criteria as of the respective Cut-Off Date, (ii) it is the sole legal and beneficial owner of the relevant Leased Vehicle which is hired under a Lease Agreement to a Lessee and any such Leased Vehicle is free of any encumbrances and not subject to any retention of title arrangement or any option to acquire on, over or affecting such Leased Vehicle, other than any Permitted Encumbrance, and (iii) as of the relevant Cut-Off Date, no Lease Agreement has been terminated, repudiated or rescinded by it or any relevant Lessee.

See the section entitled "Description of Certain Transaction Documents – Purchase Agreement" for further information.

Eligibility Criteria:

Pursuant to the terms of the Purchase Agreement, the Seller will represent and warrant on each Purchase Date that the Lease Agreements, Lease Receivables and/or, as applicable, the related RV Claims satisfy certain Eligibility Criteria at the Cut-Off Date preceding any Purchase Date.

Examples of the Eligibility Criteria include the following: (a) the purchase price (including VAT) for the Leased Vehicle has been paid in full to the relevant supplier, (b) the underlying Lease Agreement (i) has been duly executed, (ii) is legal, valid, binding and enforceable save that a Lease Agreement will only be determined not to be enforceable by reason of a breach of the CCA at such time as a court delivers a judgment with respect to such specific lease and (iii) is governed by and subject to the laws of England and Wales, (c) the underlying Lease Agreement has been entered into in the ordinary course of business on arms' length commercial terms, and (d) the Leased Vehicle being the subject of the corresponding Lease Agreement is existing and is in good and substantial repair and condition and complies with the provisions of the Road Traffic Act 1988, as amended.

See the section entitled "Description of Certain Transaction Documents – Purchase Agreement" for further information.

Replenishment Criteria: Under the Purchase Agreement, the Seller will represent on each relevant Purchase Date that the Lease Receivables and the related RV Claims satisfy the Replenishment Criteria on the relevant Cut-Off Date and, for the avoidance of doubt, calculated by taking into account the Additional Portfolio to be purchased on such Purchase Date.

In general terms, the Replenishment Criteria are designed to address the concentrations in the Portfolio.

See the section entitled "Description of Certain Transaction Documents – Purchase Agreement" for further information.

Repurchase by the Seller: Pursuant to the Purchase Agreement, the Seller will be required to repurchase the Lease Receivables (if applicable) and the RV Claims in certain circumstances. On repurchase of the Lease Receivables (if applicable) and the RV Claims, the Seller will pay to the Issuer the Repurchase Price.

The Seller is obliged to repurchase the Lease Receivables (if any) and the RV Claims in the following circumstances:

- (a) in respect of Lease Receivables and RV Claims relating to Hire Purchase Lease Agreements, on the relevant Lease Maturity Date provided always that such repurchase shall not take effect if (aa) on or prior to such Lease Maturity Date a Lease Maturity Extension occurs in respect of such Hire Purchase Lease Agreements or (bb) the Lessee has not paid the relevant Final Balloon Payment;
- (b) in respect of Lease Receivables and RV Claims relating to Lease Agreements other than Hire Purchase Lease Agreements (but including Hire Purchase Lease Agreements in respect of which the Lessee does not pay the relevant Final Balloon Payment and consequently the repurchase of such Hire Purchase Lease Agreements does not take effect on the Lease Maturity Date) within ten Business Days after the original Lease Maturity Date, unless a Lease Maturity Extension occurs in respect of such Lease Agreements on or prior to the Lease Maturity Date;

- (c) in the case Lease Receivables and RV Claims in respect of Lease Agreements for which a Permitted Lease Maturity Extension has occurred, (in the case of Lease Agreements other than Hire Purchase Lease Agreements) within ten Business Days after the Lease Maturity Extension Date and (in the case of Hire Purchase Lease Agreements) on the Lease Maturity Extension Date;
- (d) in the case of Lease Receivables and RV Claims in respect of Lease Agreements for which a Prohibited Lease Maturity Extension has occurred, within ten Business Days after the last day of the Collection Period in which such Prohibited Lease Maturity Extension is agreed;
- (e) within ten Business Days after the original Lease Maturity Date, following any Lease Agreement Silent Extension;
- (f) within ten Business Days of a Lease Agreement Early Termination Date, in the event of a Lease Agreement Early Termination; or
- (g) in the event of a breach of the Lease Warranties (including the Eligibility Criteria) made by the Seller which the Servicer determines has a Lease Receivable Material Adverse Effect in respect of the Lease Receivables and the RV Claims by reference to the facts and circumstances then subsisting on the relevant Cut-off Date (subject to certain other conditions described in the Section entitled "Description of Certain Transaction Documents – Purchase Agreement" and provided that, for the purposes of calculating the Repurchase Price in such circumstances where the relevant Lease Agreement is also a Defaulted Lease Agreement, the Aggregate Discounted Balance shall be calculated as if the relevant Lease Receivables and RV Claims in respect of such Lease Agreement are Performing Lease Receivables and Performing RV claims respectively).

Other than in respect of (g) above, the Seller shall have no obligation to repurchase Lease Receivables or RV Claims relating to a Defaulted Lease Agreement.

Where a breach of the Lease Warranties (including the Eligibility Criteria) occurs by reason of the Lease Agreement (or part thereof) being determined illegal, invalid, non-binding or unenforceable under the CCA, the Seller will not be obliged to repurchase the relevant Lease Receivables and RV Claims, but will on or before the next following Interest Payment Date pay an amount, calculated by the Servicer in accordance with the Servicing Agreement, required to compensate the Issuer for any loss suffered by the Issuer as a result of such breach.

The Seller may re-purchase all, but not some, of the Lease Receivables and/or RV Claims if the Seller exercises its Clean up Call.

See the section entitled "Description of Certain Transaction Documents – Purchase Agreement" for more information.

Consideration repurchase: **for** On repurchase of the Lease Receivables (if applicable) and the RV Claims, the Seller will pay to the Issuer the Repurchase Price.

The "**Repurchase Price**" will be an amount equal to the Aggregate Discounted Balance (calculated, in the case of any Lease Receivables and RV Claims which are to be repurchased due to breach of Lease Warranties and which relate to Defaulted Lease Agreements, as if such Lease Receivables and RV Claims are Performing Lease Receivables and Performing RV Claims respectively) of the Lease Receivables and/or the RV Claims to be repurchased by the Seller as of the Cut-Off Date immediately preceding the date of such repurchase.

In the event of a breach of the Lease Warranties, if a Lease Receivable and/or RV Claim has never existed, or has ceased to exist, such that it is not outstanding on the date on which it is otherwise due to be repurchased pursuant to the Purchase Agreement, the Seller shall not be obliged to repurchase the Issuer's rights, title, interest and benefit in, to and under such Lease Receivables and/or RV Claims but shall instead indemnify the Issuer and the Issuer Security Trustee against any loss and all liabilities suffered by reason of any warranty or representation relating to or otherwise affecting such Lease Receivables and/or RV Claims being untrue or incorrect by reference to the facts subsisting at the date on which the relevant warranty or representation was given provided that the amount of such indemnity shall not exceed the Aggregate Discounted Balance of such Lease Receivables and/or RV Claims (calculated as at the Cut-Off Date immediately prior to the date on which such Lease Receivables and/or RV Claims were due to be repurchased) had the Lease Receivables and/or RV Claims existed on the relevant repurchase date and complied with each of the Lease Warranties in relation to such Lease Receivable and/or RV Claim as at the relevant date.

The Repurchase Price shall be payable on the Transfer Date immediately following the date on which the Seller is required to repurchase the Lease Receivable and RV Claims and the Seller shall be obliged to pay to the Issuer (by transferring the same to the Issuer Transaction Account) an amount equal to the Repurchase Price.

See the section entitled "Description of Certain Transaction Documents – Purchase Agreement" for more information.

Servicing of the Portfolio: LPUK, acting as the servicer (the "**Servicer**"), will, pursuant to the terms of the servicing agreement to be entered into on or about the Closing Date between the Issuer, the Servicer, and the Issuer Security Trustee (the "**Servicing Agreement**"), until the occurrence of a Servicer Termination Event, service and administer the Lease Agreements and report on the performance of the portfolio.

A back-up servicer will, on the occurrence of an Appointment Trigger, be procured by LPUK within 120 calendar days and will be appointed by the Issuer (the "**Back-Up Servicer**") subject to and in accordance with the back-up servicing agreement (the "**Back-Up Servicing Agreement**") to be entered into by and between, the Issuer, the Back-Up Servicer and the Issuer Security Trustee. The Back-Up Servicing Agreement will be substantially on the terms of the Servicing Agreement which, in addition, shall include provisions detailing the Back-Up Servicer Role to be provided by the Back-Up Servicer prior to it acting as Servicer. Unless and until a Servicer Termination Event has occurred in respect of LPUK as Servicer, the Back-Up Servicer will act solely in a stand-by role.

Following a Servicer Termination Event, the Back-Up Servicer (acting as Servicer) will take over the services from LPUK as Servicer under the Servicing Agreement subject to and in accordance with the Back-Up Servicing Agreement.

Delegation:

The Servicer may at any time:

- (a) without the prior consent of the Issuer, the Issuer Security Trustee or any other party to the Transaction Documents, sub-delegate all or any part of its duties under the Servicing Agreement to a receiver, solicitor, insurance broker, valuer, accountant, insolvency practitioner, auctioneer, bailiff, sheriff officer, debt counsellor, tracing agent, debt collection agent, repossession agent, asset recovery agent or other professional adviser acting as such for the purposes of debt recovery or enforcement in accordance with the Credit and Collection Processing Procedures; or
- (b) with the prior written consent of the Issuer and the Issuer Security Trustee, sub-contract or delegate the performance of all or any of its powers and obligations under the Servicing Agreement (other than those described in paragraph (a) above) to a sub-servicer and terminate the appointment of any then current sub-servicer, in each case on such terms as it thinks fit,

provided that in the case of both (a) and (b), the Servicer remains responsible for the functions so delegated.

Lease Services in respect of the Portfolio:

Pursuant to the Purchase Agreement, the Originator will agree in favour of the Issuer to perform the Lease Services under and in accordance with the terms of the relevant Lease Agreements and in furtherance of such obligation and in furtherance of the Issuer's interest in the Lease Receivables and the RV Claims comprised in the Portfolio the Originator will appoint the Issuer to act as Maintenance Coordinator who will in turn appoint LPUK to act as Sub-Maintenance Coordinator under the Sub-Maintenance Coordinator Agreement and agree to coordinate the Lease Services under the terms of the relevant Lease Agreements.

See the section entitled "Description of Certain Transaction Documents – Sub-Maintenance Coordinator Agreement" for more information.

A back-up sub-maintenance coordinator will, on the occurrence of an Appointment Trigger, be procured by LPUK within 120 calendar days and will be appointed by the Issuer (the "**Back-Up Sub-Maintenance Coordinator**") subject to and in accordance with a back-up sub-maintenance coordinator agreement (the "**Back-Up Sub-Maintenance Coordinator Agreement**") to be entered into by and between, the Issuer, the Back-Up Sub-Maintenance Coordinator and the Issuer Security Trustee (as directed by the Issuer), which will be substantially on the terms of the Sub-Maintenance Coordinator Agreement which, in addition, shall include provisions detailing the Back-Up Sub-Maintenance Coordinator role to be provided by the Back-Up Sub-Maintenance Coordinator prior to it acting as Sub-Maintenance Coordinator. Unless and until a Sub-Maintenance Coordinator Termination Event has occurred in respect of LPUK as Sub-Maintenance Coordinator, the Back-Up Sub-Maintenance Coordinator will act solely in a stand-by role.

If on the occurrence of an Insolvency Event in relation to LPUK or if LPUK has not procured that a Suitable Entity is appointed to act as Back-Up Sub-Maintenance Coordinator within 120 calendar days from the occurrence of an Appointment Trigger, the Issuer has agreed to use reasonable endeavours to procure a Suitable Entity to act as Back-Up Sub-Maintenance Coordinator.

The Back-Up Sub-Maintenance Coordinator will, following the Sub-Maintenance Coordinator Termination Event (as defined below) and termination of the appointment of the Sub-Maintenance Coordinator, be appointed to replace LPUK as the Sub-Maintenance Coordinator.

Realisation of Vehicles: LPUK, acting in its capacity as the realisation agent (the "**Realisation Agent**") will, pursuant to the terms of the realisation agency agreement to be entered into on or about the Closing Date between the Issuer, the Realisation Agent, the Seller, the LPUK Security Trustee and the Issuer Security Trustee (the "**Realisation Agency Agreement**"), sell the Vehicles within its possession or control (a) in respect of the Defaulted Lease Agreements and (b) where the Seller has not repurchased the associated RV Claims in respect of such Vehicles and, if applicable, the associated Lease Receivables, pursuant to the terms of the Purchase Agreement.

A back-up realisation agent (the "**Back-Up Realisation Agent**") will, following the occurrence of an Appointment Trigger, be procured by LPUK within 120 calendar days and thereafter will be appointed by the Issuer pursuant to the terms of a back-up realisation agency agreement (the "**Back-Up Realisation Agency Agreement**") substantially on the terms of the Realisation Agency Agreement which, in addition, shall include provisions detailing the Back-Up Realisation Agent Role (as defined and described further below) to be provided by the Back-Up Realisation Agent prior to it acting as Realisation Agent.

If on the occurrence of an Insolvency Event in relation to LPUK or if LPUK has not procured that a Suitable Entity is appointed to act as Back-Up Realisation Agent within 120 calendar days from the occurrence of an Appointment Trigger, the Issuer has agreed to use reasonable endeavours to procure a Suitable Entity to act as Back-Up Realisation Agent.

The Back-Up Realisation Agent will, following the Realisation Agent Termination Event (as defined below) and termination of the appointment of the Realisation Agent, be appointed to replace LPUK as Realisation Agent under the Back-up Realisation Agency Agreement.

Pursuant to the terms of the Realisation Agency Agreement, following the occurrence of an Appointment Trigger, a Suitable Entity which is willing to act as the trustee agent shall be procured by LPUK within 120 calendar days (or should LPUK fail to procure a suitable entity within 120 days, by the Issuer) and appointed by the LPUK Security Trustee (provided it is satisfied with the terms of appointment thereof) as agent of the LPUK Security Trustee (and not, for the avoidance of doubt, as agent of LPUK) (the "**Trustee Agent**") to perform the role described in Schedule 3 to the LPUK Deed of Charge on and following the occurrence of an Automatic Crystallisation Event, which by way of overview will require the Trustee Agent, among other things, to: (i) consent to the most appropriate sales channel for the disposal of Charged Vehicles; and (ii) use the information available to it (including such information provided by LPUK pursuant to the LPUK Deed of Charge and the Servicing Agreement, used vehicle guide prices publications such, as "CAP" and "Glass Guide" information), and give consideration to the relevant Charged Vehicle's characteristics (including its age, mileage, condition and specification), in order to provide its consent.

Pursuant to the LPUK Deed of Charge, the LPUK Security Trustee or Trustee Agent, as applicable, may request such information as they may require regarding the Charged Vehicles, including whether they are currently subject of a Lease Agreement.

See the sections entitled "Triggers Table" and "Description of Certain Transaction Documents – Realisation Agency Agreement" for more information.

Issuer Security

The Notes are secured and will share the Issuer Security with the other Issuer Secured Liabilities of the Issuer as set out in the Issuer Deed of Charge. The security granted by the Issuer to the Issuer Security Trustee, for itself and on trust for the other Issuer Secured Creditors, includes:

- (a) a charge by way of first fixed charge of all its rights in respect of the Lease Receivables, RV Claims and Ancillary Rights comprised in the Portfolio and the Additional Portfolio;
- (b) an assignment, subject to a proviso for re-assignment on redemption, of all its rights in respect of the Issuer Charged Documents which, in the case of the Interest Rate Swap Agreement, is subject to netting and set-off provisions therein;
- (c) a charge by way of first fixed charge over all its rights in respect of Authorised Investments made or purchased from time to time by or on behalf of the Issuer and all interest, moneys and proceeds paid or payable in relation to those Authorised Investments (which may in each case take effect as a floating charge);
- (d) a charge by way of first fixed charge, of all of its rights in respect of (i) any amounts standing from time to time to the credit of the Bank Accounts; (ii) all interest paid or payable in relation to those amounts; and (iii) all debts represented by those amounts; and
- (e) a first floating charge over its property, assets and rights whatsoever and wheresoever present and future.

See the section entitled "Description of Certain Transaction Documents – Issuer Deed of Charge" for more information.

Some of the other Issuer Secured Creditors rank senior to the Issuer's obligations under the Notes in respect of the allocation of proceeds as set out in the relevant Priority of Payments.

LPUK Deed of Charge

As security for its obligation to repurchase the Lease Receivables (if applicable) and the RV Claims from the Issuer and to make payment of all other amounts due by the Seller to the Issuer in each case pursuant to the Purchase Agreement and to make payment of all amounts payable to the LPUK Security Trustee, any Receiver or any LPUK Security Trustee Appointee, LPUK will grant floating security to the LPUK Security Trustee over the Charged Vehicles pursuant to the terms of the LPUK Deed of Charge.

The floating charge granted by LPUK will automatically crystallise if, among other things, (a) any person levies or attempts to levy, distress, execution or other process against any of the Charged Vehicles, which (when combined with any other levy, distress, execution or other process against any of the Charged Vehicles) is in an amount above an aggregate amount equal at any point in time to £20,000,000 or (b) on the occurrence of certain insolvency, administration and winding-up related events relating to LPUK (each as more fully described below).

See the section entitled "Description of Certain Transaction Documents – LPUK Deed of Charge" for more information.

Interest Provisions

Please refer to "Full Capital Structure of the Notes" as set out above.

Interest Deferral

Interest due and payable on the Class A Notes will not be deferred. For as long as (i) the Class A Notes are outstanding, interest due and payable on the

Class B Notes and Class C Note may be deferred and (ii) the Class B Notes are outstanding, interest due and payable on the Class C Note may be deferred, in accordance with Condition 15.1 (Subordination by Deferral). Deferred interest will also accrue interest in accordance with Condition 15.1 (Subordination by Deferral) and such additional interest may also be deferred under Condition 15.1 (Subordination by Deferral).

Withholding Tax

All payments in respect of the Notes by or on behalf of the Issuer shall be made without withholding or deduction for, or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature ("**Taxes**"), unless the withholding or deduction of the Taxes is required by applicable law. In that event, the Issuer or, as the case may be, the relevant Paying Agent shall make such payment after the withholding or deduction has been made and shall account to the relevant authorities for the amount required to be withheld or deducted. Neither the Issuer nor any Paying Agent shall be obliged to make any additional payments to Noteholders in respect of such withholding or deduction.

Redemption

The Notes are subject to the following optional or mandatory redemption events:

- mandatory redemption in whole on the Final Maturity Date, as fully set out in Condition 6.1 (Redemption at maturity);
- mandatory redemption in part on any Interest Payment Date commencing on the occurrence of a Revolving Period Termination Event subject to availability of Available Distribution Amounts (applied in accordance with the Normal Amortisation Period Priority of Payments, as fully set out in Condition 6.3 (Mandatory redemption in part));
- optional redemption in whole on any Interest Payment Date on which the Aggregate Discounted Balance of the Portfolio as at the immediately preceding Cut-Off Date is less than 10% of the Aggregate Discounted Balance on the Initial Cut-Off Date, as fully set out in Condition 6.2 (Optional redemption in whole for taxation or other reasons);
- optional redemption exercisable by the Issuer in whole for tax reasons on any Interest Payment Date, as fully set out in Condition 6.2 (Optional redemption in whole for taxation or other reasons); and
- optional redemption in whole on any Interest Payment Date on or following the redemption in full of Class A and Class B Notes as fully set out in Condition 6.2 (Optional redemption in whole for taxation or other reasons).

Any Note redeemed pursuant to the above redemption provisions will be redeemed at an amount equal to the Principal Amount Outstanding of the relevant Note to be redeemed together with accrued (and unpaid) interest on the Principal Amount Outstanding of the relevant Note up to (but excluding) the date of redemption.

Issuer Default

Event of As fully set out in Condition 9 (Issuer Events of Default), which includes:

- Insolvency Event in respect of the Issuer;
- the Issuer defaults in the payment of any interest on the Most Senior Class Outstanding when the same becomes due and payable, and

such default continues for a period of ten Business Days;

- the Issuer defaults in the payment of principal on any Class A Note or (subject to the Class A Notes being redeemed in full) any Class B Note or (subject to the Class A Notes and the Class B Notes being redeemed in full) any Class C Note when the same becomes due and payable, and such default continues for a period of five Business Days; and
- the Issuer's failure to perform or observe any of its other obligations under the Conditions or any Transaction Document to which it is a party (excluding, for the avoidance of doubt, its obligations to make payments of principal or interest on the Notes) and such default is, in the opinion of the Note Trustee, to be certified in writing, materially prejudicial to the interests of the Noteholders of the Most Senior Class Outstanding and is either (i) in the opinion of the Note Trustee, incapable of remedy or (ii) in the opinion of the Note Trustee, capable of remedy, but remains unremedied for a period of thirty days (30) or such longer period as the Note Trustee may agree after the Note Trustee has given written notice of such default to the Issuer.

Enforcement

If an Issuer Event of Default has occurred and is continuing, the Note Trustee may, and shall, if so requested (i) in writing by the holders of at least 25% in aggregate Principal Amount Outstanding of the Most Senior Class Outstanding; or (ii) by an Extraordinary Resolution of the Noteholders of the Most Senior Class Outstanding but, in each case, only if it has been indemnified and/or secured and/or prefunded to its satisfaction against all Liabilities to which it may thereby become liable or which it may incur by so doing deliver a Note Acceleration Notice and institute such proceedings or action as may be required in order to enforce or realise the Issuer Security (including, but not limited to, the giving of a direction to the Issuer Security Trustee to enforce or realise the Issuer Security).

Limited Recourse

If at any time following:

- (a) the occurrence of either:
 - (i) the Final Maturity Date or any earlier date upon which all of the Notes of each Class are due and payable; or
 - (ii) the service of an Note Acceleration Notice; and
- (b) Realisation of the Issuer Charged Assets and application in full of any amounts available to pay amounts due and payable under the Notes in accordance with the applicable Priority of Payments; and
- (c) the proceeds of such Realisation are insufficient, after payment of all other claims ranking in priority in accordance with the applicable Priority of Payments, to pay in full all amounts then due and payable under any Class of Notes,

then the amount remaining to be paid (after such application in full of the amounts first referred to in (b) above) under such Class of Notes (and any Class of Notes junior to that Class of Notes) shall, on the day following such application in full of the amounts referred to in (b) above, cease to be due and payable by the Issuer. "**Realisation**" is defined in Condition 18 (Limited Recourse).

Non petition

Each Issuer Secured Creditor (other than the Issuer and the Issuer Security

Trustee) agrees with and acknowledges to each of the Issuer and the Issuer Security Trustee, and the Issuer Security Trustee agrees with and acknowledges to the Issuer, that:

- (a) none of the Issuer Secured Creditors (nor any person on their behalf, other than the Issuer Security Trustee where appropriate) are entitled, otherwise than as permitted by the Transaction Documents, to direct the Issuer Security Trustee to enforce the Issuer Security or take any proceedings or action against the Issuer to enforce or realise the Issuer Security;
- (b) none of the Issuer Secured Creditors (other than the Issuer Security Trustee) shall have the right to take or join any person in taking any steps against the Issuer for the purpose of obtaining payment of any amount due from the Issuer to any of the Issuer Secured Creditors;
- (c) until the date falling two years after the Final Discharge Date, none of the Issuer Secured Creditors nor any person on their behalf shall initiate or join any person in initiating an Insolvency Event or the appointment of an Insolvency Official in relation to the Issuer other than a Receiver or an administrator appointed under Clause 11 (Receiver) of the Issuer Deed of Charge; and
- (d) none of the Issuer Secured Creditors shall be entitled to take or join in the taking of any corporate action, legal proceedings or other procedure or step which would result in the Priority of Payments not being complied with.

Obligations as corporate obligations Other than as provided for in the Transaction Documents, no Transaction Party shall have any recourse against nor shall any personal liability attach to any shareholder, officer, agent, employee or director of the Issuer in his capacity as such, by any proceedings or otherwise, in respect of any obligation, covenant, or agreement of the Issuer contained in the Transaction Documents.

Governing Law English law.

RIGHTS OF NOTEHOLDERS AND RELATIONSHIP WITH OTHER ISSUER SECURED CREDITORS

Please refer to sections entitled "Terms and Conditions of the Notes" for further detail in respect of the rights of Noteholders, conditions for exercising such rights and relationship with other Issuer Secured Creditors.

Prior to an Issuer Event of Default

Noteholders holding not less than 10% of the Principal Amount Outstanding of the Notes of any Class or Classes (if such meeting relates to more than one Class of Notes) then outstanding are entitled to convene a Noteholders' meeting of such Class or Classes (if such meeting relates to more than one Class of Notes). Noteholders of any Class or Classes can also participate in a Noteholders' meeting of such Class or Classes convened by the Issuer or Note Trustee to consider any matter affecting their interests.

However, unless the Issuer has an obligation to take such action under the relevant Transaction Documents, so long as no Issuer Event of Default has occurred and is continuing, the Noteholders are not entitled to instruct or direct the Issuer to take any actions, either directly or through the Note Trustee, without the consent of the Issuer and, if applicable, certain other Transaction Parties.

Following an Issuer Event of Default

Following the occurrence of an Issuer Event of Default, Noteholders of the Most Senior Class Outstanding may, if they hold not less than 25% of the Principal Amount Outstanding of the Notes of such Class then outstanding, give written instructions or may pass an Extraordinary Resolution (in a Noteholders' meeting), directing the Note Trustee (provided it has been indemnified and/or secured and/or prefunded to its satisfaction) to deliver a Note Acceleration Notice to the Issuer stating that all Classes of Notes are immediately due and repayable at their respective Principal Amount Outstanding.

Noteholders Meeting provisions

	Initial meeting	Adjourned meeting
Notice period:	21 clear days	10 clear days
Quorum:	not less than 10% of the Principal Amount Outstanding of the relevant Class or Classes of Notes for the initial meeting for all Ordinary Resolutions; and a majority of the Principal Amount Outstanding of the relevant Class or Classes of Notes for the initial meeting for all Extraordinary Resolutions (other than a Basic Terms Modification, which requires not less than 75% of the Principal Amount Outstanding of the relevant Class or Classes of Notes).	any holding for the adjourned meeting (other than a Basic Terms Modification, which requires not less than 25% of the Principal Amount Outstanding of the relevant Class or Classes of Notes).

Required majority:	a majority of votes cast for matters requiring Ordinary Resolution; and not less than 75% of votes cast for matters requiring Extraordinary Resolution.	a majority of votes cast for matters requiring Ordinary Resolution; and not less than 75% of votes cast for matters requiring Extraordinary Resolution.
Written Resolution:	not less than 75% of the Principal Amount Outstanding of the relevant Class or Classes of Notes in respect of a matter requiring an Extraordinary Resolution and a majority of the Principal Amount Outstanding of the relevant Class or Classes of Notes in respect of a matter requiring an Ordinary Resolution. A Written Resolution has the same effect as an Extraordinary Resolution or Ordinary Resolution, as the case may be.	

Matters requiring Extraordinary Resolution

Broadly speaking, the following matters require an Extraordinary Resolution:

- Basic Terms Modification;
- to remove the Note Trustee, the LPUK Security Trustee and/or the Issuer Security Trustee and to approve the appointment of a new Note Trustee and/or Issuer Security Trustee;
- to discharge or exonerate the Note Trustee, the LPUK Security Trustee or the Issuer Security Trustee from any liability in respect of any act or omission for which it may have become or may become responsible under the Trust Deed, the Notes, the LPUK Deed of Charge or the Issuer Deed of Charge; and
- to waive any breach or authorise any proposed breach by the Issuer or (if relevant) any other Transaction Party of any obligation under or in respect of the Transaction Documents or any act or omission which may otherwise constitute an Issuer Event of Default or Issuer Potential Event of Default.

Basic Terms Modification

The following proposals constitute a Basic Terms Modification:

- to change any date fixed for payment of principal or interest in respect of the Notes of any class, to change the amount of principal or interest due on any date in respect of the Notes of any class or to alter the method of calculating the amount of any payment in respect of the Notes of any class;
- (except in accordance with Clause 26 (Substitution) of the Trust Deed) to effect the exchange, conversion or substitution of the Notes of any Class for, or the conversion of such Notes into, shares, bonds or other obligations or securities of the Issuer or any other person or body corporate formed or to be formed;
- to change the currency in which amounts due in respect of the Notes are payable;

- (other than any new fee arrangement upon replacement of any Transaction Party) to alter the priority of payment of interest or principal in respect of the Notes;
- to change the quorum required at any Meeting or the majority required to pass an Extraordinary Resolution; or
- to amend the definition of Basic Terms Modification.

Relationship between Classes of Noteholders to only regard interests of the Most Senior Class Outstanding

Subject to the provisions governing a Basic Terms Modification, an Extraordinary Resolution of Noteholders of the Most Senior Class Outstanding shall be binding on all other Classes and would override any resolutions to the contrary by them.

A Basic Terms Modification requires an Extraordinary Resolution of each Class of Notes then outstanding.

Issuer/Seller as Noteholder

For the purpose of, *inter alia*, the right to attend and vote at any meeting of Noteholders, any Written Resolution in writing and any direction made by Noteholders, those Notes (if any) which are held by or on behalf of or for the benefit of the Issuer or the Seller or any holding company of either of them or any other subsidiary of such holding company, in each case as beneficial owner, shall (unless and until ceasing to be held) be deemed not to remain outstanding, provided that if all the Notes of a particular Class are held by the Issuer or the Seller, any holding company of either of them or any other subsidiary of such holding company (the "**Relevant Class of Notes**") (and no other Classes of Notes exist that rank junior or *pari passu* to the Relevant Class of Notes, in respect of which the Notes are held by persons other than the Issuer, the Seller, any holding company of either of them or any other subsidiary of such holding company), Notes of the Relevant Class of Notes will be deemed to remain outstanding.

Relationship between Noteholders and other Secured Creditors

So long as any Notes are outstanding and there is a conflict between the interests of the Noteholders (or any Class thereof) and any other Issuer Secured Creditor, the Note Trustee and the Issuer Security Trustee will take into account only the interests of the Noteholders (or such Class thereof) in the exercise of their discretion.

Provision of Information to the Noteholders

Each final Investor Report will be published on the website www.bumperfinance.com and www.loanbyloan.eu in accordance with the provisions of the Servicing Agreement.

CREDIT STRUCTURE AND CASHFLOW

Available Distribution Amount: For each Interest Payment Date, the "**Available Distribution Amount**" will be calculated by the Servicer (and verified by the Cash Manager and the Reporting Agent) on the immediately preceding Calculation Date and will be an amount equal to the sum of the following amounts (subject to the section entitled "Absence of Calculations by the Servicer" below), which shall be applied according to the applicable Priority of Payments (and in respect of any relevant Advances under the Reserve Loan Agreement, taking into account any amounts received on such Interest Payment Date), without double counting:

- (a) any Collections (other than VAT Collections) collected or received, as the case may be, during the immediately preceding Monthly Collection Period;
- (b) any Deemed Collections to be paid by the Seller on such Interest Payment Date, in respect of the immediately preceding Monthly Collection Period;
- (c) any Vehicle Realisation Proceeds collected or received, as the case may be, during the immediately preceding Monthly Collection Period;
- (d) any Repurchase Price to be paid by the Seller on or prior to such Interest Payment Date in relation to a repurchase during the immediately preceding Monthly Collection Period or in respect of a repurchase pursuant to a Clean-up Call prior to such Interest Payment Date;
- (e) any Investment Earnings;
- (f) any Net Swap Receipts under the Interest Rate Swap Agreement received on or immediately preceding such Interest Payment Date;
- (g) any Maintenance Coordinator Fee received by the Issuer from LPUK;
- (h) any sum standing to the credit of the Replenishment Ledger;
- (i) any sum standing to the credit of the Liquidity Reserve Ledger;
- (j) (subject to any restriction on the use of such reserve as described in the section entitled "Absence of Calculations by the Servicer" below) if the Servicer or the Realisation Agent has failed to transfer to the Purchaser any Collections (other than Deemed Collections) or Vehicle Realisation Proceeds received by the Servicer or the Realisation Agent during or with respect to the preceding relevant Collection Period in accordance with the Servicing Agreement and/or Realisation Agency Agreement, the amounts standing to the credit of the Commingling Reserve Ledger up to an amount equal to such shortfall;
- (k) (subject to any restriction on the use of such reserve as described in the section entitled "Absence of Calculations by the Servicer" below) any amount standing to the credit of the Set-Off Reserve Ledger up to an amount equal to the aggregate amount in which Lessees have set-off amounts against or deducted or withheld amounts due as Lease Receivables or Final Balloon Payments to LPUK where those amounts have not yet been paid by LPUK to the Purchaser as a Deemed Collection;

- (l) (subject to any restriction on the use of such reserve as described in the section entitled "Absence of Calculations by the Servicer" below), upon the occurrence of an Insolvency Event with respect to LPUK and/or to the extent LPUK (in its capacity as Sub-Maintenance Coordinator) does not, or is no longer able to cover the costs for Lease Services or related costs, any amount standing to the credit of the Maintenance Reserve up to an amount equal to the shortfall of maintenance and related costs not covered by LPUK measured by or on behalf of the Purchaser;
- (m) any amount standing to the credit of the Junior Deferred Purchase Price Reserve Ledger;
- (n) following repayment in full of the Reserves Trigger Advances (and any Further Reserves Trigger Advance (if applicable)), all amounts standing to the credit of the Commingling Reserve Ledger, the Maintenance Reserve Ledger and the Set-Off Reserve Ledger (as applicable) in an amount equal to the excess standing to the credit of the Commingling Reserve Ledger, the Maintenance Reserve Ledger and the Set-Off Reserve Ledger (as applicable) over the amount of the relevant Required Reserve Amount then outstanding;
- (o) any other amounts received by the Issuer after the Closing Date not otherwise excluded from Available Distribution Amounts; and
- (p) following repayment in full of the Reserves Trigger Advances (and any Further Reserve Trigger Advance (if applicable)) and following the date on which the Notes have been repaid in full, all amounts standing to the credit of the Commingling Reserve Ledger, the Maintenance Reserve Ledger and the Set-off Reserve Ledger (as applicable).

On each Interest Payment Date prior to the repayment in full of the Reserves Trigger Advances (and any Further Reserves Trigger Advance (if applicable)) or the service of a Note Acceleration Notice, the amount equal to the excess standing to the credit of the Commingling Reserve Ledger and the Maintenance Reserve Ledger and the Set-Off Reserve Ledger (as applicable) over the amount of the relevant Required Reserve Amount then outstanding shall not form part of Available Distribution Amounts but shall be applied towards repayment of the relevant Reserves Trigger Advance (and any Further Reserves Trigger Advance (if applicable)).

Prior to the repayment in full of the Reserves Trigger Advances (and any Further Reserves Trigger Advance (if applicable)) and following the date on which the Notes have been repaid in full, the Commingling Reserve Ledger, the Maintenance Reserve Ledger and the Set-Off Reserve Ledger shall not form part of Available Distribution Amounts but shall be applied towards repayment of the relevant Reserves Trigger Advance (and any Further Reserves Trigger Advance (if applicable)).

Following the service of a Note Acceleration Notice, the Issuer shall repay the Reserves Trigger Advances (and any Further Reserves Trigger Advance (if applicable)) in accordance with the Accelerated Amortisation Period Priority of Payments.

See "Description of Certain Transaction Documents – Cash Management Agreement" for more information on the operation of the reserves described in (i), (j), (k), (l), (n) and (p) above.

Revolving Period For the avoidance of doubt no payment of principal will be made on the Class A Notes, the Class B Notes or the Class C Note during the Revolving Period
Priority of Payments: subject to any repayment made by the Issuer in accordance with Condition 6.2 (Optional redemption in whole for taxation or other reasons).

During the Revolving Period, the Available Distribution Amount will be distributed on each Interest Payment Date according to the following order of priority (in each case if and to the extent payments of a higher order of priority have been made in full) (the "**Revolving Period Priority of Payments**"):

- (a) to pay any taxes due and payable by the Issuer, other than corporation tax on amounts standing to the credit of the Retained Profit Ledger;
- (b) prior to the appointment of LPUK as Sub-Maintenance Coordinator being terminated, to pay the Seller the Senior Deferred Purchase Price;
- (c) to pay pari passu and pro rata any amounts payable to the LPUK Security Trustee, Issuer Security Trustee and Note Trustee (and any Appointee or LPUK Security Trustee Appointee, as applicable) and the Trustee Agent under the LPUK Deed of Charge and/or Issuer Deed of Charge and/or Trust Deed and to any Receiver appointed under the LPUK Deed of Charge and/or Issuer Deed of Charge;
- (d) to pay pari passu and pro rata any Senior Expenses (other than those paid elsewhere hereunder), the Servicer Fee, the Back-Up Servicer Fee, the Back-Up Servicer Stand-By Fee, the Sub-Maintenance Coordinator Fee, the Back-Up Sub-Maintenance Coordinator Fee, the Back-Up Sub-Maintenance Coordinator Stand-By Fee, the Reporting Agent Fee, the Realisation Agent Fee, the Back-Up Realisation Agent Fee and the Back-Up Realisation Agent Stand-By Fee;
- (e) to credit an amount equal to £350 on each Interest Payment Date to the Retained Profit Ledger;
- (f) to pay amounts payable by the Issuer to the Interest Rate Swap Counterparty in respect of any Net Swap Payments or (to the extent not paid from the Swap Collateral Accounts) any Swap Termination Payments under the Interest Rate Swap Agreement (other than any Subordinated Termination Payments);
- (g) to pay pari passu and pro rata amounts payable in respect of accrued and unpaid interest on the Class A Notes (including, without limitation, overdue interest);
- (h) to pay pari passu and pro rata amounts payable in respect of accrued and unpaid interest on the Class B Notes (including, without limitation, overdue interest);
- (i) to credit the Liquidity Reserve Ledger such that the balance standing to the credit thereof is equal to the Required Liquidity Reserve Amount;

- (j) to pay (i) any Additional Portfolio Purchase Price if such Interest Payment Date is an Additional Portfolio Purchase Date and thereafter (ii) to credit any Excess Collection Amount to the Replenishment Ledger such that the balance standing to the credit thereof (when aggregated with any Additional Portfolio Purchase Price paid on such Interest Payment Date) is equal to the Required Replenishment Amount;
- (k) to pay pari passu and pro rata amounts payable in respect of accrued and unpaid interest on the Class C Note (including, without limitation, overdue interest);
- (l) to pay to the Reserve Loan Provider amounts payable in respect of accrued and unpaid interest on each Advance and Further Reserves Trigger Advance under the Reserve Loan (including, without limitation, overdue interest);
- (m) to pay to the Reserve Loan Provider amounts payable in respect of the principal outstanding with respect to each Advance or Further Reserves Trigger Advance under the Reserve Loan, in accordance with the terms of the Reserve Loan Agreement;
- (n) (to the extent not paid from the Swap Collateral Accounts) to pay to the Interest Rate Swap Counterparty any Subordinated Termination Payments; and
- (o) for so long as LPUK is not in default of its obligation to repurchase the Lease Receivables (if applicable) and the RV Claims or to sell the Leased Vehicles in accordance with the terms of the Purchase Agreement and the Realisation Agency Agreement, and each Required Reserve Amount has been credited to the relevant Trigger Reserve Ledger, or at any time after the Notes have been repaid or provided for in full, the junior deferred purchase price being:
 - (i) an amount equal to the Aggregate Discounted Balance Increase Amount relating to the immediately preceding Monthly Collection Period plus all accrued but unpaid Aggregate Discounted Balance Increase Amounts of all previous Monthly Collection Periods; and
 - (ii) all remaining funds,
 (items (i) and (ii) above being the "**Junior Deferred Purchase Price**" and, together with the Senior Deferred Purchase Price and the VAT Deferred Purchase Price the "**Deferred Purchase Price**").

See also "VAT Collections" below for more information.

If no amount is payable under item (o) above, because LPUK is in default of its obligation to repurchase the Lease Receivables (if applicable) and the RV Claims or to sell the Leased Vehicles in accordance with the terms of the Purchase Agreement and the Realisation Agency Agreement or each Required Reserve Amount has not been credited to the relevant Trigger Reserve Ledger (in each case at any time prior to the Notes having been repaid or provided for in full), such amount will be credited to a ledger (the "**Junior Deferred Purchase Price Reserve Ledger**") and will form part of the Available Distribution Amounts on the next Interest Payment Date.

On each Interest Payment Date prior to the repayment in full of the Reserves Trigger Advances (and any Further Reserves Trigger Advance (if applicable)) or the service of a Note Acceleration Notice, the amount equal to the excess standing to the credit of the Commingling Reserve Ledger, the Maintenance Reserve Ledger and the Set-Off Reserve Ledger (as applicable) over the amount of the relevant Required Reserve Amount then outstanding shall not form part of Available Distribution Amounts but shall be applied towards repayment of the relevant Reserves Trigger Advance (and any Further Reserves Trigger Advance (if applicable)).

Prior to the repayment in full of the Reserves Trigger Advances (and any Further Reserves Trigger Advance (if applicable)) and following the date on which the Notes have been repaid in full, the Commingling Reserve Ledger, the Maintenance Reserve Ledger and the Set-Off Reserve Ledger shall not form part of Available Distribution Amounts but shall be applied towards repayment of the relevant Reserves Trigger Advance (and any Further Reserves Trigger Advance (if applicable)).

**Normal Amortisation
Period Priority of
Payments:**

After the termination of the Revolving Period and provided no Accelerated Amortisation Event has occurred, the Available Distribution Amount will be distributed on each Interest Payment Date, before the date on which the Aggregate Discounted Balance has been reduced to zero according to the following order of priority (in each case if and to the extent payments of a higher order of priority have been made in full) (the "**Normal Amortisation Period Priority of Payments**"):

- (a) to pay any taxes due and payable by the Issuer, other than corporation tax on amounts standing to the credit of the Retained Profit Ledger;
- (b) (x) prior to (i) the occurrence of a Seller Event of Default or (ii) the appointment of LPUK as Sub-Maintenance Coordinator being terminated or (y) following all amounts payable under the Notes being discharged in full, to pay the Seller the Senior Deferred Purchase Price;
- (c) to pay pari passu and pro rata any amounts payable to the LPUK Security Trustee, Issuer Security Trustee and Note Trustee (and any Appointee or LPUK Security Trustee Appointee, as applicable) and the Trustee Agent under the LPUK Deed of Charge and/or Issuer Deed of Charge and/or Trust Deed and to any Receiver appointed under the LPUK Deed of Charge and/or Issuer Deed of Charge;
- (d) to pay pari passu and pro rata any Senior Expenses (other than those paid elsewhere hereunder), the Servicer Fee, the Back Up Servicer Fee, the Back Up Servicer Stand By Fee, the Sub-Maintenance Coordinator Fee, the Back-Up Sub=Maintenance Coordinator Fee, the Back-Up Sub-Maintenance Coordinator Stand-By Fee, the Reporting Agent Fee, the Realisation Agent Fee, the Back-Up Realisation Agent Fee and the Back Up Realisation Agent Stand By Fee;
- (e) to pay to any Insolvency Official of LPUK, the Liquidation Fee or as applicable the Administrator Incentive Recovery Fee;
- (f) to credit an amount equal to £350 on each Interest Payment Date to the Retained Profit Ledger;

- (g) to pay amounts payable by the Issuer to the Interest Rate Swap Counterparty in respect of any Net Swap Payments or (to the extent not paid from the Swap Collateral Accounts) any Swap Termination Payments under the Interest Rate Swap Agreement (other than any Subordinated Termination Payments);
- (h) to pay pari passu and pro rata amounts payable in respect of accrued and unpaid interest on the Class A Notes (including, without limitation, overdue interest);
- (i) to pay amounts pari passu and pro rata payable in respect of accrued and unpaid interest on the Class B Notes (including, without limitation, overdue interest);
- (j) to credit the Liquidity Reserve Ledger such that the balance standing to the credit thereof is equal to the Required Liquidity Reserve Amount;
- (k) to apply an amount up to the total of the Required Principal Redemption Amount for such Interest Payment Date, to pay pari passu and pro rata the Principal Amount Outstanding of the Class A Notes;
- (l) (subject to the Class A Notes being redeemed in full) to repay pari passu and pro rata to the Class B Noteholders, the Principal Amount Outstanding of the Class B Notes up to the sum of (A) the Required Principal Redemption Amount for such Interest Payment Date, less (B) amounts paid above under item (k) (or, if such number is negative, zero);
- (m) to pay pari passu and pro rata amounts payable in respect of accrued and unpaid interest on the Class C Note (including, without limitation, overdue interest);
- (n) (subject to the Class A Notes and the Class B Notes being redeemed in full) to pay pari passu and pro rata to the Class C Noteholder the Principal Amount Outstanding of the Class C Note up to the sum of (A) the Required Principal Redemption Amount for such Interest Payment Date, less (B) amounts paid above under items (k) and (l) (or, if such amount is negative, zero);
- (o) to pay to the Reserve Loan Provider amounts payable in respect of accrued and unpaid interest on each Advance and Further Reserves Trigger Advance under the Reserve Loan (including, without limitation, overdue interest);
- (p) to pay to the Reserve Loan Provider amounts payable in respect of principal under each Advance and Further Reserves Trigger Advance under the Reserve Loan, in accordance with the terms of the Reserve Loan Agreement;
- (q) (to the extent not paid from the Swap Collateral Accounts) to pay to the Interest Rate Swap Counterparty any Subordinated Termination Payments; and

- (r) for so long as LPUK is not in default of its obligation to repurchase the Lease Receivables (if applicable) and the RV Claims or to sell the Leased Vehicles in accordance with the terms of the Purchase Agreement and the Realisation Agency Agreement, and each Required Reserve Amount has been credited to the relevant Trigger Reserve Ledger, or at any time after the Notes have been repaid or provided for in full, to pay to the Seller by way of Junior Deferred Purchase Price:
 - (i) an amount equal to the Aggregate Discounted Balance Increase Amount relating to the immediately preceding Monthly Collection Period plus all accrued but unpaid Aggregate Discounted Balance Increase Amounts of all previous Monthly Collection Periods; and
 - (ii) all remaining funds.

See also "VAT Collections" below for more information.

Junior Deferred Purchase Price:

If no amount is payable under item (r) above, because LPUK is in default of its obligation to repurchase the Lease Receivables (if applicable) and the RV Claims or to sell the Leased Vehicles in accordance with the terms of the Purchase Agreement and the Realisation Agency Agreement or each Required Reserve Amount has not been credited to the relevant Trigger Reserve Ledger (in each case at any time prior to the Notes having been repaid or provided for in full), such amount will be credited to the Junior Deferred Purchase Price Reserve Ledger and will form part of the Available Distribution Amounts on the next Interest Payment Date.

Releases from the Commingling Reserve Ledger, the Maintenance Reserve Ledger and the Set-Off Reserve Ledger:

On each Interest Payment Date prior to the repayment in full of the Reserves Trigger Advances (and any Further Reserves Trigger Advance (if applicable) or the service of a Note Acceleration Notice, the amount equal to the excess standing to the credit of the Commingling Reserve Ledger, the Maintenance Reserve Ledger and the Set-Off Reserve Ledger (as applicable) over the amount of the relevant Required Reserve Amount shall not form part of Available Distribution Amounts but shall be applied towards repayment of the relevant Reserves Trigger Advance (and any Further Reserves Trigger Advance (if applicable)).

Prior to the repayment in full of the Reserves Trigger Advances (and any Further Reserves Trigger Advances (if applicable) and following the date on which the Notes have been repaid in full, the Commingling Reserve Ledger, the Maintenance Reserve Ledger and the Set-Off Reserve Ledger shall not form part of Available Distribution Amounts but shall be applied towards repayment of the relevant Reserves Trigger Advance (and any Further Reserves Trigger Advance (if applicable)).

Accelerated Amortisation Period Priority of Payments:

After the occurrence of an Accelerated Amortisation Event, all funds available to the Issuer (including any amounts standing to the credit of the Issuer Transaction Accounts (but excluding any amounts standing to the credit of the Swap Collateral Accounts, any Tax Credits and any Replacement Swap Premium and Collections representing VAT Collections) and all monies received or recovered by the Issuer Security Trustee or any Receiver in respect of the Issuer Charged Assets) will be applied by the Issuer Security Trustee (or the Cash Manager on its behalf) on any Business Day according to the following order of priority (in each case if and to the extent payments of a higher order of priority have been made in full):

- (a) on a pari passu and pro rata basis to pay any amounts payable to the LPUK Security Trustee, Issuer Security Trustee and Note Trustee (and any Appointee or LPUK Security Trustee Appointee, as applicable) and the Trustee Agent under the LPUK Deed of Charge and/or Issuer Deed of Charge and/or Trust Deed and to any Receiver appointed under the LPUK Deed of Charge and/or Issuer Deed of Charge including, but not limited to, the payment of remuneration, costs and expenses and all other amounts due and payable by the Issuer;
- (b) prior to (i) the occurrence of a Seller Event of Default or (ii) the appointment of LPUK as Sub-Maintenance Coordinator being terminated, to pay the Seller the Senior Deferred Purchase Price;
- (c) to pay pari passu and pro rata any Senior Expenses (other than those paid elsewhere hereunder), Servicer Fee, Back-Up Servicer Fee, Back-Up Servicer Stand-By Fee, the Sub-Maintenance Coordinator Fee, the Back-Up Sub-Maintenance Coordinator Fee, the Back-Up Sub-Maintenance Coordinator Stand-By Fee, the Realisation Agent Fee, the Back-Up Realisation Agent Fee, the Back-Up Realisation Agent Stand-By Fee and the Reporting Agent Fee;
- (d) to pay to any Insolvency Official of LPUK, the Liquidation Fee or as applicable the Administrator Incentive Recovery Fee;
- (e) to credit an amount equal to £350 on each Interest Payment Date to the Retained Profit Ledger;
- (f) to pay amounts payable by the Issuer to the Interest Rate Swap Counterparty in respect of any Net Swap Payments or (to the extent not paid from the Swap Collateral Accounts) any Swap Termination Payments under the Interest Rate Swap Agreement (other than any Subordinated Termination Payments);
- (g) to pay pari passu and pro rata any amounts payable in respect of accrued and unpaid interest on the Class A Notes (including, without limitation, overdue interest);
- (h) to pay pari passu and pro rata all amounts due in respect of principal on the Class A Notes:
- (i) subject to the Class A Notes being redeemed in full, to pay pari passu and pro rata amounts payable in respect of accrued and unpaid interest on the Class B Notes (including, without limitation, overdue interest) and an amount equal to the Principal Amount Outstanding of the Class B Notes;
- (j) subject to the Class A Notes and Class B Notes being redeemed in full to pay pari passu and pro rata the Class C Noteholder amounts payable in respect of accrued and unpaid interest on the Class C Note (including, without limitation overdue interest) and an amount equal to the Principal Amount Outstanding of the Class C Note;

- (k) subject to the Class A Notes, the Class B Notes and the Class C Note being redeemed in full, to pay to the Reserve Loan Provider, amounts payable in respect of accrued and unpaid interest on each Advance and Further Reserves Trigger Advance (including, without limitation, overdue interest) and all amounts payable in respect of principal under the Reserve Loan;
- (l) (to the extent not paid from the Swap Collateral Accounts) to pay pari passu and pro rata to the Interest Rate Swap Counterparty any Subordinated Termination Payments; and
- (m) for so long as LPUK is not in default of its obligation to repurchase the Lease Receivables (if applicable) and the RV Claims or to sell the Leased Vehicles in accordance with the terms of the Purchase Agreement and the Realisation Agency Agreement, and each Required Reserve Amount has been credited to the relevant Trigger Reserve Ledger, or at any time after the Notes have been repaid or provided for in full to pay to the Seller by way of Junior Deferred Purchase Price:
 - (i) an amount equal to the Aggregate Discounted Balance Increase Amount relating to the immediately preceding Monthly Collection Period plus all accrued but unpaid Aggregate Discounted Balance Increase Amounts of all previous Monthly Collection Periods; and
 - (ii) all remaining funds.

No payment, transfer and/or withdrawal may be made from any of the Bank Accounts (other than any Swap Collateral Accounts from which transfers and/or withdrawals may be made in accordance with the Interest Rate Swap Agreement at any time upon and after the occurrence of an Accelerated Amortisation Event without the prior written consent of the Issuer Security Trustee.

See also "VAT Collections" below for more information.

Following the service of a Note Acceleration Notice, the Issuer shall repay the Reserves Trigger Advances (and any Further Reserves Trigger Advance (if applicable) in accordance with the Accelerated Amortisation Period Priority of Payments.

VAT Collections

Any amounts representing VAT Collections received by the Issuer, shall be paid to the Seller as VAT Deferred Purchase Price on Interest Payment Dates or Transfer Dates (as applicable) and shall not, for the avoidance of doubt, be applied in accordance with the Priority of Payments (including, for the avoidance of doubt, the Accelerated Amortisation Period Priority of Payments).

Calculation of Senior Deferred Purchase Price

The Senior Deferred Purchase Price shall be payable to LPUK (in its capacity as Seller) on each Interest Payment Date subject to and in accordance with the relevant Priority of Payments and subject to the section entitled "Absence of Calculations by the Servicer".

Absence of Calculations by the Servicer

For so long that (i) the Servicer is no longer performing its obligations under the Servicing Agreement in a manner that permits the Cash Manager to make the determinations required of it pursuant to the Cash Management Agreement and (ii) no Back-Up Servicer has been appointed and is performing the obligations of the Servicer pursuant to the terms of the Servicing Agreement (a "**Servicer Replacement Event**"):

- (i) all the amounts standing to the credit of the Issuer Transaction Account, except amounts last calculated as standing to the credit of the Commingling Reserve Ledger, the Maintenance Reserve Ledger and the Set-Off Reserve Ledger shall comprise the Available Distribution Amount and shall be applied to meet the payment obligations of the Issuer pursuant to the applicable Priority of Payments; and
- (ii) no amounts of Deferred Purchase Price shall be paid to the Seller.

General Credit Structure

The general credit structure of the transaction includes, broadly speaking, the following elements:

- (a) Credit Support:
 - Junior Classes of Notes will be subordinated to more senior Classes of Notes, thereby ensuring that available funds are applied to the Most Senior Class Outstanding in priority to more junior Classes of Notes.
- (b) Liquidity Support:
 - On the Closing Date, the Issuer (or the Cash Manager on its behalf) shall fund a liquidity reserve (the "**Liquidity Reserve**") up to the Required Liquidity Reserve Amount with the proceeds from the Liquidity Reserve Advance it will receive from the Reserve Loan Provider. The purpose of the Liquidity Reserve is to provide the Issuer with additional liquidity on each Interest Payment Date. On each Interest Payment Date, the Liquidity Reserve will form part of Available Distribution Amounts.
- (c) Hedging:
 - Availability of an interest rate swap provided by the Interest Rate Swap Counterparty to hedge floating interest rate risk on the Class A Notes and the Class B Notes against fixed income to be received by the Issuer in respect of the Lease Receivables and RV Claims (the "**Interest Rate Swap**").

See the section entitled "Description of Certain Transaction Documents – Interest Rate Swap Agreement" for more information.

Bank Accounts and Cash Management

Collections by the Servicer:

Payments in respect of the Lease Agreements (including Final Balloon Payments) will be paid by the Lessees into the Seller Collection Accounts. Amounts standing to the credit of the Seller Collection Accounts representing Collections and Vehicle Realisation Proceeds (unless such Vehicle Realisation Proceeds relate to a disposal of Leased Vehicles by the Realisation Agent) will be transferred to the Issuer Transaction Account on each Interest Payment Date in accordance with the provisions of the Servicing Agreement.

Upon the occurrence of a Reserves Trigger Event and as long as a Reserves Trigger Event is continuing, (A) all Collections in respect of the Lease Receivables or Final Balloon Payments (other than Lease Servicing Components and/or VAT Components) and all Vehicle Realisation Proceeds (unless such Vehicle Realisation Proceeds relate to a disposal of Leased Vehicles by the Realisation Agent) in respect of the RV Claims (other than VAT Components) collected at any time during the immediately preceding relevant Collection Period will be transferred from the Seller Collection Accounts to the Issuer Transaction Account on each relevant Transfer Date and (B) all Lease Servicing Components and/or VAT Components collected at any time during the immediately preceding Monthly Collection Period and any Deemed Collections will be transferred from the Seller Collection Accounts to the Issuer Transaction Account on each Interest Payment Date.

Collections by the Realisation Agent:

As long as no Reserves Trigger Event is continuing, the Realisation Agent will agree and covenant to the Issuer to pay to the Issuer Transaction Account the Vehicle Realisation Proceeds related to or received during the immediately preceding Monthly Collection Period on each Interest Payment Date.

Upon the occurrence of a Reserves Trigger Event and as long as a Reserves Trigger Event is continuing, the Realisation Agent will agree and covenant to the Issuer to pay to the Issuer Transaction Account the Vehicle Realisation Proceeds on each relevant Transfer Date.

Upon the occurrence of Realisation Agent Termination Event, the Issuer agrees and covenants to direct the Realisation Agent to direct the payment of all Vehicle Realisation Proceeds directly into the Issuer Transaction Account.

For further details see the section entitled "Description of Certain Transaction Documents" below.

Overview of key Swap Terms

The Interest Rate Swap has the following key commercial terms:

- Notional Amount: In respect of each calculation period, the sum of the Principal Amount Outstanding of (a) the Class A Notes and (b) the Class B Notes, in each case on the first day of such calculation period and as determined by the Agent Bank on such day and notified by the Agent Bank on such day to the Issuer and the Interest Rate Swap Counterparty pursuant to the provisions of the Agency Agreement.
- Rate of interest payable by the Issuer: 0.484% per annum
- Rate of Interest payable by the Interest Rate Swap Counterparty: GBP-LIBOR-BBA, subject to a minimum rate of -0.55%

- Frequency of payment: monthly

RISK FACTORS

THE PURCHASE OF CERTAIN NOTES MAY INVOLVE SUBSTANTIAL RISKS AND BE SUITABLE ONLY FOR INVESTORS WHO HAVE THE KNOWLEDGE AND EXPERIENCE IN FINANCIAL AND BUSINESS MATTERS NECESSARY TO ENABLE THEM TO EVALUATE THE RISKS AND THE MERITS OF AN INVESTMENT IN THE NOTES. PRIOR TO MAKING AN INVESTMENT DECISION, PROSPECTIVE INVESTORS SHOULD CAREFULLY CONSIDER IN LIGHT OF THEIR OWN FINANCIAL CIRCUMSTANCES AND INVESTMENT OBJECTIVES ALL THE INFORMATION SET FORTH IN THIS PROSPECTUS AND, IN PARTICULAR, THE CONSIDERATIONS SET FORTH BELOW. PROSPECTIVE INVESTORS SHOULD MAKE SUCH INQUIRIES AS THEY DEEM NECESSARY WITHOUT RELYING ON THE ISSUER, THE JOINT LEAD MANAGERS, MANAGER OR THE ARRANGER.

The following is a overview of certain aspects of the Notes of which prospective investors should be aware. This overview is not intended to be exhaustive and prospective investors should also read the detailed information set out elsewhere in this Prospectus and reach their own views prior to making any investment decision.

RISK FACTORS RELATING TO THE NOTES

1. Liability and limited recourse under the Notes

The Notes represent obligations of the Issuer only, and do not represent obligations of the Arranger, the Joint Lead Managers, the Manager, the Issuer Security Trustee, LPUK or any of its affiliates, the LPUK Security Trustee, the Note Trustee, the Account Bank, the Cash Manager, the Agent Bank, the Reporting Agent or the Paying Agents or any affiliate of the Issuer or any other Transaction Party (except the Issuer) or any other third person or entity. None of the Arranger, the Joint Lead Managers, the Manager, the Issuer Security Trustee, LPUK or any of its affiliates, the LPUK Security Trustee, the Note Trustee, the Account Bank, the Cash Manager, the Agent Bank, the Paying Agents or any affiliate of the Issuer, any other Transaction Party (except the Issuer) or any other third person or entity, assume any liability to the Noteholders if the Issuer fails to make a payment due under the Notes.

If at any time following:

- (a) the occurrence of either:
 - (i) the Final Maturity Date or any earlier date upon which all of the Notes of each Class are due and payable; or
 - (ii) the service of an Note Acceleration Notice; and
- (b) Realisation of the Issuer Charged Assets and application in full of any amounts available to pay amounts due and payable under the Notes in accordance with the applicable Priority of Payments; and

the proceeds of such Realisation are insufficient, after payment of all other claims ranking in priority in accordance with the applicable Priority of Payments, to pay in full all amounts then due and payable under any Class of Notes then the amount remaining to be paid (after such application in full of the amounts first referred to in (b) above) under such Class of Notes (and any Class of Notes junior to that Class of Notes) shall, on the day following such application in full of the amounts referred to in (b) above, cease to be due and payable by the Issuer. "Realisation" is defined in Condition 18 (Limited Recourse).

2. Deferral of interest payments on the Notes

If, on any Interest Payment Date the Issuer has insufficient funds to make payment in full of all amounts of interest (including any accrued interest thereon) payable in respect of any Class of Notes (other than the Most Senior Class Outstanding) after having paid or provided for items of

higher priority in the Revolving Period Priority of Payments or, as the case may be, the Normal Amortisation Period Priority of Payments, then that amount shall not be due and payable and the Issuer will be entitled under Condition 15 (Subordination by Deferral) to defer payment of that amount (to the extent of the insufficiency) until the following Interest Payment Date or such earlier date as interest in respect of such Class of Notes becomes immediately due and payable in accordance with the Conditions and it shall not constitute an Issuer Event of Default. To the extent that there are insufficient funds on the following Interest Payment Date or such earlier date as interest in respect of such Class of Notes is scheduled to be paid in accordance with the Conditions, the deferral of interest shall continue until the Final Maturity Date.

3. Absence of a secondary market and market value of the Notes

There can be no assurance that there is an active and liquid secondary market for the Notes, and no assurance is provided that a secondary market for the Notes will develop or, if it does develop, that it will provide Noteholders with liquidity of investment for the life of the Notes. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities.

Any investor in the Notes must be prepared to hold their Notes for an indefinite period of time or until their Final Maturity Date or alternatively such investor may only be able to sell the Notes at a discount to the original purchase price of those Notes. The market price of the capital in the Notes could be subject to fluctuation in response to, among other things, variations in the value of the Portfolio, the market for similar securities, prevailing interest rates, changes in regulation and general market and economic conditions.

4. The Notes may not be a suitable investment for all investors

Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (a) have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained in this Prospectus;
- (b) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;
- (c) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;
- (d) understand thoroughly the terms of the Notes and be familiar with the behaviour of any relevant indices and financial markets; and
- (e) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

Notes are complex financial instruments. Sophisticated institutional investors generally do not purchase complex financial instruments as stand-alone investments. They purchase complex financial instruments as a way to reduce risk or enhance yield with an understood, measured, appropriate addition of risk to their overall portfolios. A potential investor should not invest in Notes which are complex financial instruments unless it has the expertise (either alone or with a

financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of the Notes and the impact this investment will have on the potential investor's overall investment portfolio.

5. **Market Disruption**

The Interest Rate in respect of the Class A Notes and Class B Notes for each Interest Period will be one-month Sterling LIBOR (or, in the case of the first Interest Period, the linear interpolation of Sterling LIBOR for one month and two month Sterling deposits) plus the relevant margin, determined in accordance with Condition 4.3. The market information sources might become unavailable for various reasons, including suspensions or limitations on trading, events which affect or impair the ability of market participants in general, or early closure of market institutions. These could be caused by threats to the publishers of the market information sources, market institutions or market participants in general, or unusual trading, or matters such as currency changes.

6. **Book-entry registration**

The Cleared Notes will be represented by Global Notes delivered (in the case of the Class A Notes) to a common safekeeper and (in the case of the Class B Notes) to the common depository, in each case for Clearstream, Luxembourg and Euroclear, and will not be held by the beneficial owners or their nominees. The Global Notes will not be registered in the names of the beneficial owners or their nominees. As a result, unless and until Cleared Notes in definitive form are issued, beneficial owners will not be recognised by the Issuer or the Issuer Security Trustee as Noteholders, as that term is used in the Trust Deed. Until such time, beneficial owners will only be able to exercise their rights in relation to the Cleared Notes indirectly, through Clearstream, Luxembourg or Euroclear (as the case may be) and their respective participating organisations, and will, subject to Condition 14 (Notices), receive notices (which, so long as the Cleared Notes are admitted to trading and listed on the Official List, are always published in accordance with the relevant guidelines of the Irish Stock Exchange by a notification in writing to the Irish Stock Exchange who will in turn release this notice via the Regulatory News Service) and other information provided for under the Conditions only if and to the extent provided by Clearstream, Luxembourg or Euroclear (as the case may be) and their respective participating organisations.

7. **The Issuer's reliance on third parties**

The Issuer is a party to contracts with a number of other third parties that have agreed to perform certain services in relation to, *inter alia*, the Notes. For example, the Interest Rate Swap Counterparty has agreed to enter into the Interest Rate Swap Agreement, the Corporate Services Provider has agreed to provide corporate services to the Issuer and the Servicer, the Sub-Maintenance Coordinator, the Realisation Agent, the Cash Manager, the Agent Bank, the Paying Agents and the Reporting Agent have agreed to provide servicing, cash administration, payment, administration, calculation and reporting services in connection with the Notes, the Lease Agreements and/or the Leased Vehicles. In the event that any relevant third party fails to perform its obligations under the respective agreements to which it is a party, the Noteholders may be adversely affected. No assurances can be given that the Issuer will be able to find any replacement providers on a timely basis or at all. In this regard, see further "Risk of change of Servicer" and "Role of Back-Up Sub-Maintenance Coordinator" below.

8. **Issuer Security**

Although the Issuer Security Trustee will hold the benefit of the Issuer Security created under the Issuer Deed of Charge on trust for, *inter alios*, the Noteholders, such Issuer Security will also be held on trust for certain other parties that will rank ahead of the Noteholders.

In the event that the Issuer Security is enforced, the proceeds of such enforcement may be insufficient, after payment of all other claims ranking in priority to amounts due under the Notes, to pay in full all amounts of principal and interest (and any other amounts) due in respect of the

Notes. Enforcement of the Issuer Security by the Issuer Security Trustee is the only remedy available for the purpose of recovering amounts owed in respect of the Notes.

9. **Rights available to Holders of Notes of different classes**

In performing its duties as Note Trustee for the Noteholders, the Note Trustee will have regard to the interests of all Noteholders. Where, however, there is a conflict between the interests of the holders of one Class of Notes and the holders of the other Class of Notes, the Note Trustee will be required to have regard only to the holders of the Most Senior Class Outstanding and will not have regard to any lower ranking Class of Notes nor to the interests of the other Issuer Secured Creditors except to ensure the application of the Issuer's funds in accordance with the relevant Priority of Payments.

10. **Ratings of Notes and confirmations of ratings**

The ratings assigned to the Rated Notes by the Rating Agencies are based on the terms of the Transaction Documents and other relevant structural features of this transaction, including (but not limited to) the short-term unsecured, unguaranteed and unsubordinated debt obligations of the Interest Rate Swap Counterparty and the Account Bank, and reflect only the views of the Rating Agencies.

A rating is not a recommendation to buy, sell or hold securities and there is no assurance that any ratings will continue for any period of time or that they will not be reviewed, revised, suspended or withdrawn entirely by any one or more of the Rating Agencies as a result of changes in or unavailability of information or if, in the judgement of the Rating Agencies, circumstances so warrant. At any time, a Rating Agency may revise its relevant rating methodology, with the result that any rating assigned to the Notes may be lowered or withdrawn. A qualification, downgrade or withdrawal of any of the ratings mentioned above may adversely impact the market value of the Notes.

Credit rating agencies other than the Rating Agencies could seek to rate the Notes and if such "unsolicited ratings" are lower than the comparable ratings assigned to the Notes by the Rating Agencies, those unsolicited ratings could have an adverse effect on the market value of the Notes. For the avoidance of doubt and unless the context otherwise requires, any reference to "**ratings**" or "**rating**" in this Prospectus is to the ratings assigned by the specified Rating Agencies only. The Class C Note will not be rated by the Rating Agencies.

In addition, EU regulated investors (such as investment firms, insurance and reinsurance undertakings, UCITS funds and certain hedge fund managers) are restricted from using a rating issued by a credit rating agency established in the European Union for regulatory purposes unless such credit rating agency is registered under the CRA Regulation or has submitted an application for registration in accordance with the CRA Regulation and such registration has not been refused.

All of the Rating Agencies are incorporated in the European Union and have been registered in compliance with the requirements of Regulation (EC) No 1060/2009 of the CRA Regulation.

The terms of certain Transaction Documents require the Rating Agencies to be notified in relation to certain actions proposed to be taken by the Issuer and the Note Trustee and such actions will only be effective to the extent there has been no reduction, qualification or withdrawal by the Rating Agencies of the then current rating of the Rated Notes (a "**Ratings Confirmation**").

A Ratings Confirmation that any action proposed to be taken by the Issuer or the Note Trustee will not have an adverse effect on the then current rating of the Notes does not, for example, confirm that such action (i) is permitted by the terms of the Transaction Documents or (ii) is in the best interests of, or prejudicial to, Noteholders. While entitled to have regard to the fact that the Rating Agencies have confirmed that the then current rating of the relevant Class of Notes would not be adversely affected, the above does not impose or extend any actual or contingent liability on the Rating Agencies to the Secured Creditors (including the Noteholders), the Issuer,

the Arranger, the Joint Lead Managers, the Note Trustee or any other person or create any legal relationship between the Rating Agencies and the Secured Creditors (including the Noteholders), the Issuer, the Arranger, the Joint Lead Managers, the Trustee or any other person whether by way of contract or otherwise.

Any such Ratings Confirmation may or may not be given at the sole discretion of each Rating Agency. It should be noted that, depending on the timing of delivery of the request and any information needed to be provided as part of any such request, it may be the case that a Rating Agency cannot provide a Ratings Confirmation in the time available or at all, and the Rating Agency is likely to state that it is not responsible for the consequences thereof. A Ratings Confirmation, if given, will be given on the basis of the facts and circumstances prevailing at the relevant time and in the context of cumulative changes to the transaction of which the securities form part since the Closing Date. A Ratings Confirmation represents only a restatement of the opinions given as at the Closing Date and cannot be construed as advice for the benefit of any parties to the transaction.

Certain Rating Agencies have indicated that they will no longer provide Ratings Confirmations as a matter of policy. To the extent that a Ratings Confirmation cannot be obtained, whether or not a proposed action will ultimately take place will be determined in accordance with the provisions of the relevant Transaction Documents and specifically the relevant modification and waiver provisions.

In respect of each Rating Agency, if a Ratings Confirmation is a condition to any action, step or matter under any Transaction Document and a written request for such Ratings Confirmation is delivered to that Rating Agency by or on behalf of the Issuer (copied to the Trustee) and:

- (a) (i) that Rating Agency indicates that it does not consider a Ratings Confirmation necessary in the circumstances or otherwise declines to review the matter for which the Ratings Confirmation is sought (including as a result of the policy or practice of that Rating Agency) or (ii) within 30 days of delivery of such request, that Rating Agency has not responded to the request for the Ratings Confirmation; and
- (b) the Issuer has otherwise received no indication from that Rating Agency that its then current ratings of the Rated Notes would be reduced, qualified, withdrawn or put on negative watch as a result of such action, step or matter,

then (A) there shall be no requirement for the Ratings Confirmation from the Rating Agency if the Issuer certifies to the Trustee that one of the events in paragraph (a) above has occurred and the condition in paragraph (b) above is fulfilled; and (B) neither the Issuer nor the Note Trustee shall be liable for any loss that Noteholders may suffer as a result.

In addition, the terms of the Trust Deed provide that, in determining whether or not the exercise or perform any right, power, trust, authority, duty or discretion under or in relation to the Trust Deed or any other Transaction Document, the Note Trustee shall be entitled to take into account to the extent that it considers, in its sole and absolute discretion, it is necessary and/or appropriate and/or relevant, any Ratings Confirmation.

11. **Eurosystem eligibility**

The Notes are not currently Eurosystem eligible. However, the Class A Notes are intended to be held in a manner which would allow Eurosystem eligibility. This means that the Class A Notes are intended upon issue to be deposited with one of Euroclear or Clearstream, Luxembourg as Common Safekeeper, but does not necessarily mean that the Class A Notes in the future will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem ("**Eurosystem eligible collateral**") at any or all times during their life. Such recognition will depend upon other Eurosystem eligibility criteria. It is expected that the Class B Notes and the Class C Note will not satisfy the Eurosystem eligibility criteria. The Issuer gives no representation, warranty, confirmation or guarantee to any investor in the Class A Notes that the Class A Notes will at any time in the future satisfy all or any of the requirements for Eurosystem eligibility and be recognised as Eurosystem eligible collateral. Any potential

investor in the Class A Notes should make their own conclusions and seek their own advice with respect to whether or not the Class A Notes constitute Eurosystem eligible collateral.

12. **Interest rate risk on the Class A Notes and Class B Notes/Risk of Interest Rate Swap Counterparty insolvency**

On or about the Closing Date, the Issuer will enter into the Interest Rate Swap Agreement with the Interest Rate Swap Counterparty.

The Interest Rate Swap Agreement will hedge certain risks of a mismatch between the floating rate of interest payable by the Issuer on the Class A Notes and the Class B Notes and income to be received by the Issuer in respect of the Lease Receivables and RV Claims.

During those periods in which the floating rates payable by the Interest Rate Swap Counterparty under the Interest Rate Swap Agreement are substantially greater than the fixed rates payable by the Issuer under such Interest Rate Swap Agreement, the Issuer will be more dependent on receiving payments from such Interest Rate Swap Counterparty in order to make interest payments on the Notes. If the Interest Rate Swap Counterparty fails to pay any amounts when due under the Interest Rate Swap Agreement, the Collections from the Portfolio and, if applicable, any Swap Collateral may be insufficient to make the required payments on the Notes and the Noteholders may experience delays and/or reductions in the interest and principal payments on the Notes.

There can be no assurance that the Interest Rate Swap Agreement will adequately address all hedging risks.

During those periods in which the floating rates payable by the Interest Rate Swap Counterparty under the Interest Rate Swap Agreement are less than the fixed rates payable by the Issuer under the Interest Rate Swap Agreement, the Issuer will be obligated under the Interest Rate Swap Agreement to make a payment to the Interest Rate Swap Counterparty. Such amounts (other than Subordinated Termination Payments) will rank higher in priority than payments on the Notes or Reserve Loan. If a payment under the Interest Rate Swap Agreement is due to the Interest Rate Swap Counterparty on any Interest Payment Date, the Portfolio may be insufficient to make the required payments on the Notes and the Noteholders may experience delays and/or reductions in the interest and principal payments under the Notes.

The Interest Rate Swap Counterparty may terminate a transaction under the Interest Rate Swap Agreement if, amongst other things, certain insolvency events occur in respect of the Issuer, if the Issuer fails to make a payment under the Interest Rate Swap Agreement when due (after taking into account any grace periods) or if a change of law results in the obligations of one of the parties becoming illegal. The Issuer may terminate a transaction under the Interest Rate Swap Agreement if, amongst other things, certain insolvency events occur in respect of the Interest Rate Swap Counterparty, the Interest Rate Swap Counterparty fails to make a payment under the Interest Rate Swap Agreement (after taking into account any grace periods) or a change of law results in the obligations of one of the parties becoming illegal.

In the event that the Interest Rate Swap Counterparty falls below the Minimum Required Rating at any time, the Interest Rate Swap Counterparty shall be required to take certain remedial actions, within the time frame stipulated in the Interest Rate Swap Agreement, intended to mitigate the effects of such downgrade below the Minimum Required Rating. Such actions could include the Interest Rate Swap Counterparty posting collateral in accordance with the Interest Rate Swap Agreement, transferring its obligations to a replacement Interest Rate Swap Counterparty or procuring a guarantee or a co-obligor, or taking any other action as agreed with the relevant Rating Agency. In certain circumstances if the Interest Rate Swap Counterparty fails to take certain actions contemplated in the Interest Rate Swap Agreement to which it is party within the relevant time specified in the Interest Rate Swap Agreement, the Issuer may be entitled to terminate certain transactions under the Interest Rate Swap Agreement and the Issuer may then be entitled to receive (or be required to pay) a swap termination payment from or to the Interest Rate Swap Counterparty.

However, in the event that the Interest Rate Swap Counterparty is downgraded, there can be no assurance that a guarantor or replacement Interest Rate Swap Counterparty will be found or that the amount of any collateral posted to the Issuer will be sufficient to meet the Interest Rate Swap Counterparty's obligations.

In the event that a transaction under the Interest Rate Swap Agreement is terminated or closed-out by either party, then a termination payment may be due to the Issuer or to the Interest Rate Swap Counterparty in accordance with the relevant Priority of Payments. Any such termination payment could, if market interest rates and other conditions have changed materially, be substantial. In certain circumstances, termination payments required to be made by the Issuer to the Interest Rate Swap Counterparty will rank higher in priority than all payments on the Notes (but only if the Interest Rate Swap Counterparty is not a defaulting party). In such event, the Portfolio may be insufficient to fund the required payments on the Notes and the Noteholders may experience delays and/or reductions in the interest and principal payments on the Notes.

In the event that a transaction under a Interest Rate Swap Agreement is terminated or closed-out by either party, the Issuer may not be able to enter into a replacement Interest Rate Swap Agreement immediately or at all. To the extent a replacement Interest Rate Swap Agreement is not in place, the amount available to pay principal and interest under the Notes will be reduced if the interest rates under the Notes exceed the fixed rate the Issuer would have been required to pay the Interest Rate Swap Counterparty under the terminated transaction. In these circumstances, the Portfolio may be insufficient to make the required payments under the Notes and the Noteholders may experience delays and/or reductions in the interest and principal payments under the Notes.

The Interest Rate Swap Counterparty may, subject to certain limited conditions, transfer its obligations under the Swap Agreement to a third party with the Minimum Required Rating if it meets certain conditions (as an **Eligible Swap Counterparty**). There can be no assurance that the credit quality of the replacement Interest Rate Swap Counterparty will ultimately prove as strong as that of the original Interest Rate Swap Counterparty.

Upon the termination of the Interest Rate Swap Agreement prior to the repayment of the Notes, the Issuer will use its reasonable efforts to find a replacement which is an Eligible Swap Counterparty.

13. The Note Trustee is not obliged to act in certain circumstances

The Note Trustee may, at any time, at its discretion and without notice, take such proceedings, actions or steps against the Issuer or any other party to any of the Transaction Documents as it may think fit to enforce the provisions of the Notes or the Trust Deed (including the Conditions) or of the other Transaction Documents to which it is a party and at any time after the service of a Note Acceleration Notice, the Note Trustee may, at its discretion and without notice, take such proceedings, actions or steps as it may think fit to enforce the Issuer Security (including, but not limited to, the giving of a direction to the Issuer Security Trustee to enforce or realise the Issuer Security). However, the Note Trustee shall not be bound to take any such proceedings, actions or steps (including, but not limited to, the giving of a Note Acceleration Notice in accordance with Condition 9 (Issuer Events of Default)), unless it shall have been directed to do so by an Extraordinary Resolution of the Most Senior Class Outstanding or in writing by the holders of not less than 25% of the Principal Amount Outstanding of the Most Senior Class Outstanding and it shall have been indemnified and/or secured and/or prefunded to its satisfaction.

14. Meetings of Noteholders, Modification and Waiver

The Conditions contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

The Conditions also provide that the Note Trustee may agree, or may direct the Issuer Security Trustee to agree without the consent of the Noteholders or any other Issuer Secured Creditors, to (a) any modification (except in respect of a Basic Terms Modification), waiver or authorisation of, any breach or proposed breach of, the Conditions of the Notes or any of the Transaction Documents which is, in the opinion of the Note Trustee not materially prejudicial to the interests of the Most Senior Class Outstanding or (b) any modification which, in the Note Trustee's opinion, is of a formal, minor or technical nature or to correct a manifest error. The Note Trustee may also, without the consent of the Noteholders, if it is of the opinion that such determination will not be materially prejudicial to the interests of the Noteholders of any Class, determine that an Issuer Event of Default or an Issuer Potential Event of Default shall not, or shall not subject to specified conditions, be treated as such provided that the Note Trustee is satisfied that interests of the Most Senior Class Outstanding would not be materially prejudiced thereby. See "Terms and Conditions of the Notes – Condition 11 (Meetings of Noteholders, Modification and Waiver)" below.

Without limitation to the paragraph below regarding amendments to the Interest Rate Swap Agreement, the Note Trustee shall consent and/or shall direct the Issuer Security Trustee and/or the LPUK Security Trustee to consent to any amendment to a Transaction Document which the Issuer has certified in writing to the Note Trustee (upon which certification the Note Trustee shall rely without further enquiry) is necessary to:

- (a) (i) reflect the then current published rating criteria of a Rating Agency and which does not conflict with the then current published rating criteria of any other Rating Agency or (ii) avoid a downgrade, withdrawal or suspension of the then current ratings assigned by a Rating Agency to any Class of Notes;
- (b) enable the Issuer to comply with any obligations which apply to it under Regulation (EU) 648/2012 of the European Parliament and of the Council on OTC derivatives, central counterparties and trade repositories dated 4 July 2012 (including, without limitation, any associated regulatory technical standards and advice, guidance or recommendations from relevant supervisory regulators the European Market Infrastructure Regulation or **EMIR**);
- (c) enable the Issuer to comply with any changes in the requirements of Article 405 of the CRR, Article 17 of Directive 2011/61/EU (as amended), Article 51 of the AIFMR or Article 254 of the Solvency II Regulation, after the Closing Date, including as a result of the adoption of regulatory technical standards in relation to the CRR, the AIFMR, the Solvency II Regulation or any other risk retention legislation or regulations or official guidance in relation thereto;
- (d) enable the Class A Notes and/ or the Class B Notes to be (or to remain) listed on the Irish Stock Exchange;
- (e) enable the Issuer or any of the other transaction parties to comply with FATCA;
- (f) comply with any requirement to appoint an entity to carry out any disclosure or reporting requirements under the CRA Regulation;
- (g) comply with any changes in the requirements of the CRA Regulation after the Closing Date including as a result of the adoption of regulatory technical standards in relation to the CRA Regulation or regulations or official guidance in relation thereto;
- (h) enable the appointment of any additional or replacement account bank and/or the opening of any additional or replacement account in the name of the Issuer in accordance with the Transaction Documents; or
- (i) enable the appointment of any custodian and/or the opening of any custody account in accordance with the Transaction Documents,

in each case provided that the Issuer has further certified in writing to the Note Trustee (upon which certification the Note Trustee shall rely without further enquiry) that in the reasonable opinion of the Issuer such amendment would not:

- (i) adversely impact on the Issuer's ability to make payments when due in respect of the Notes; and
- (ii) affect the legality, validity and enforceability of any of the Transaction Documents and any Issuer Security created therein,

and in each case provided that the Note Trustee (or where applicable, the Issuer Security Trustee or the LPUK Security Trustee) shall not be obliged to agree to any modification which, in the sole opinion of the Note Trustee (or, where applicable, the Issuer Security Trustee or the LPUK Security Trustee), would have the effect of (i) exposing the Note Trustee, the Issuer Security Trustee and/or the LPUK Security Trustee, as applicable, to any additional Liability or (ii) adding to or increasing the obligations, liabilities or duties, or decreasing the protections, of the Note Trustee, the Issuer Security Trustee or the LPUK Security Trustee, as applicable in respect of the Notes, the Transaction Documents and/or the Conditions.

In addition, the Note Trustee shall consent to and/or shall direct the Issuer Security Trustee and/or the LPUK Security Trustee to consent to any amendment to the Interest Rate Swap Agreement in respect of which the Issuer has certified in writing to the Note Trustee (upon which certification the Note Trustee shall rely without further enquiry) that such amendment is consistent with the next published criteria for derivative counterparty and supporting party risk that will be published by S&P and/or, as the case may be, Fitch and/or DBRS, following the Closing Date (the "**Counterparty Criteria**"), provided that the Note Trustee (or where applicable the Issuer Security Trustee or the LPUK Security Trustee) shall not be obliged to agree to any amendment which, in the sole opinion of the Note Trustee (or, where applicable, the Issuer Security Trustee or the LPUK Security Trustee), would have the effect of (i) exposing the Note Trustee, the Issuer Security Trustee and/or the LPUK Security Trustee, as applicable, to any additional Liability or (ii) adding to or increasing the obligations, liabilities or duties, or decreasing the protections, of the Note Trustee, the Issuer Security Trustee or the LPUK Security Trustee, as applicable in respect of the Notes, the Transaction Documents and/or the Conditions, and further provided that:

- (a) the Note Trustee has received written confirmation from LPUK and the Interest Rate Swap Counterparty in respect of the Interest Rate Swap Agreement that it has consented to such amendment; and
- (b) subject to Condition 17 (Non-Responsive Rating Agency), a Ratings Confirmation has been provided by DBRS, Fitch and/or S&P in respect of such amendment.

In addition, the Issuer shall not agree to any amendment to, modification of, or supplement to any of the Transaction Documents, insofar as such amendment, modification or supplement: (a) has or could have a material adverse effect on the interests of the Interest Rate Swap Counterparty, (b) amends any Priority of Payments, or (c) in respect of the Class A Notes or the Class B Notes, amends the interest rate, the payment dates, the maturity date, the terms of repayment, the currency or the redemption rights, in each case without the prior written consent of the Interest Rate Swap Counterparty, and in the case of (a) and/or (c) above, provided that such consent is not commercially unreasonably withheld or delayed.

15. **UK Banking Act 2009**

The Banking Act 2009 (the **Banking Act**) includes a provision for a special resolution regime pursuant to which specified UK authorities have extended tools to deal with the failure (or likely failure) of certain UK incorporated entities, including authorised deposit-taking institutions and investment firms, and powers to recognise and give effect to certain resolution actions in respect of third country institutions. In addition, powers may be used in certain circumstances in respect of UK established banking group companies, where such companies are in the same group as a

relevant UK or third country institution or in the same group as an EEA credit institution or investment firm. Relevant transaction parties for these purposes include LPUK, the Account Bank, the Interest Rate Swap Counterparty and the Agent Bank.

The tools available under the Banking Act include share and property transfer powers (including powers for partial property transfers), bail-in powers, certain ancillary powers (including powers to modify contractual arrangements in certain circumstances) and special insolvency procedures which may be commenced by the UK authorities. It is possible that the extended tools described above could be used prior to the point at which an application for insolvency proceedings with respect to a relevant entity could be made and, in certain circumstances, the UK authorities may exercise broad pre-resolution powers in respect of relevant entities with a view to removing impediments to the exercise of the stabilisation tools.

In general, the Banking Act requires the UK authorities to have regard to specified objectives in exercising the powers provided for by the Act. One of the objectives (which is required to be balanced as appropriate with the other specified objectives) refers to the protection and enhancement of the stability of the financial system of the United Kingdom. The Banking Act includes provisions related to compensation in respect of instruments and orders made under it. In general, there is considerable uncertainty about the scope of the powers afforded to UK authorities under the Banking Act and how the authorities may choose to exercise them.

If an instrument or order were to be made under the provisions of the Banking Act currently in force in respect of a relevant entity as described above, such action may (amongst other things) affect the ability of such entities to satisfy their obligations under the Transaction Documents and/or result in modifications to such documents. In particular, modifications may be made pursuant to powers permitting (i) certain trust arrangements to be removed or modified, (ii) contractual arrangements between relevant entities and other parties to be removed, modified or created where considered necessary to enable a transferee in the context of a property or share transfer to operate the transferred business effectively and (iii) in connection with the modification of an unsecured liability through use of the bail-in tool, the discharge of a relevant entity from further performance of its obligations under a contract. In addition, powers may apply to require a relevant instrument or order (and related events) to be disregarded in determining whether certain widely defined "default events" have occurred (which events may include trigger events included in the Transaction Documents in respect of the relevant entity including termination events and (in the case of the Seller in respect of perfection of legal title to the Lease Receivables and the RV Claims). As a result, the making of an instrument or order in respect of a relevant entity described above may affect the ability of the Issuer to meet its obligations in respect of the Notes. While there is provision for compensation in certain circumstances under the Banking Act 2009, there can be no assurance that Noteholders would recover compensation promptly and equal to any loss actually incurred.

As noted above, the stabilisation tools may be used in respect of certain banking group companies provided certain conditions are met. If the Issuer was regarded to be a banking group company and no exclusion applied, then it would be possible in certain scenarios for the relevant authority to exercise one or more relevant stabilisation tools (including the property transfer powers and/or the bail-in powers) in respect of it, which could result in reduced amounts being available to make payments in respect of the Notes and/or in the modification, cancellation or conversion of any unsecured portion of the liability of the Issuer under the Notes at the relevant time. In this regard, it should be noted that the UK authorities have provided an exclusion for certain securitisation companies, which exclusion is expected to extend to the Issuer, although aspects of the relevant provisions are not entirely clear.

At present, the UK authorities have not made an instrument or order under the Banking Act in respect of the entities referred to above and there has been no indication that any such instrument or order will be made, but there can be no assurance that this will not change and/or that Noteholders will not be adversely affected by any such instrument or order if made. While there is provision for compensation in certain circumstances under the Act, there can be no assurance that Noteholders would recover compensation promptly and equal to any loss actually incurred.

Lastly, as a result of Directive 2014/59/EU providing for the establishment of an EEA-wide framework for the recovery and resolution of credit institutions and investment firms and any relevant national implementing measures, it is possible that an institution with its head office in an EEA state other than the UK and/or certain group companies (such as LPUK, the Account Bank, the Interest Rate Swap Counterparty, the Agent Bank, the Principal Paying Agent or the Registrar) could be subject to certain resolution actions in that other state. Once again, any such action may affect the ability of any relevant entity to satisfy its obligations under the Transaction Documents and there can be no assurance that Noteholders will not be adversely affected as a result.

16. Exercise of rights by minority Noteholders

An Extraordinary Resolution passed by the Class A Noteholders may bind the Class B Noteholders and the Class C Noteholder in certain circumstances and an Extraordinary Resolution Passed by the Class B Noteholders may bind the Class C Noteholder in certain circumstances – see Condition 11 (Meetings of Noteholders, Modification and Waiver).

The Class B Noteholders and the Class C Noteholder whilst the Class A Notes are outstanding, and the Class C Noteholder whilst the Class A Notes and/or Class B Notes are outstanding should be aware that other than in respect of a Basic Terms Modification, any amendments or modifications to the Transaction Documents or any waiver that may require the consent of the Noteholders can be made without their consent, irrespective of the effect upon them.

An Extraordinary Resolution of a Class or Classes of Noteholders may be passed by a majority consisting of three-fourths of the Noteholders eligible to vote or (in the case of a written resolution) by Noteholders holding not less than 75% in aggregate Principal Amount Outstanding of the Notes.

The quorum for a meeting of Noteholders is: (a) (i) not less than 10% of the Principal Amount Outstanding of the relevant Class or Classes (if such meeting relates to more than one Class of Notes) of Notes (ii) in the case of a meeting to pass an Extraordinary Resolution, eligible Noteholders holding in aggregate not less than a majority of the Principal Amount Outstanding of such Class or Classes (if such meeting relates to more than one Class of Notes) of Notes (iii) in the case of a resolution to pass a Basic Terms Modification, eligible Noteholders holding not less than in aggregate three-quarters of the Principal Amount Outstanding of the relevant Class or Classes (if such meeting relates to more than one Class of Notes) of Notes; or (b) (i) upon adjournment of a meeting other than to pass a resolution which constitutes a Basic Terms Modification, one or more eligible Noteholders shall form a quorum (whatever the Principal Amount Outstanding of the Notes so held by them) or (ii) upon adjournment of a meeting to pass a Basic Terms Modification, one or more eligible Noteholders holding or representing in aggregate not less than one-quarter of the Principal Amount Outstanding of the Notes of the relevant Class or Classes (if such meeting relates to more than one Class of Notes).

If the Seller (or any holding company of the Seller or any other subsidiary of such holding company) is the beneficial owner of the Notes, it will not be entitled to vote in respect of them, unless the Seller (or any holding company of the Seller or any other subsidiary of such holding company) hold all the Notes of a Class (and no other Classes exist that rank junior or *pari passu* to such Class, in respect of which persons other than the Sellers or any holding company of the Sellers or any other subsidiary of such holding company are Noteholders), in which case they will be entitled to vote in respect of the Notes in such Class. The calculation of the Principal Amount Outstanding or the relevant Class of Notes for these purposes will be adjusted accordingly.

17. Reports disseminated to Noteholders

It is intended that the Investor Reports for dissemination to Noteholders will be published at www.bumperfinance.com and www.loanbyloan.eu that the Reporting Agent will arrange for publication of the Investor Report through the Company Announcement Office of the Irish Stock Exchange. Other than with regard to any other notices required to be published by the Issuer

pursuant to the rule of the Irish Stock Exchange relating to asset-back securities, the Issuer is not obliged to publish any additional reports to Noteholders or at a more frequent interval.

18. **PCS Label**

The Issuer has made an application to Prime Collateralised Securities (PCS) UK Limited for the Class A Notes to receive the Prime Collateralised Securities label (the "**PCS Label**"). There can be no assurance that the Class A Notes will in fact be granted the PCS Label (either prior to the issuance of the Class A Notes or at any time thereafter) and, should the Class A Notes be granted the PCS Label, there can be no assurance that the PCS Label will not be withdrawn at a later date.

The PCS Label is awarded to the most senior tranche of asset backed transactions that fully meet the criteria that are set down by PCS. The relevant criteria seek to capture some of the aspects of securities that are indicative of simplicity, asset quality and transparency and reflect some of the best practices available in Europe.

The PCS Label is not a recommendation to buy, sell or hold securities. It is not investment advice whether generally or as defined under the Markets in Financial Instruments Directive (2004/39/EC) and it is not a credit rating, neither generally nor as defined under the CRA Regulation or Section 3(a) of the United States Securities Exchange Act of 1934 (as amended by the Credit Agency Reform Act of 2006). Prime Collateralised Securities (PCS) UK Limited is not an "expert" as defined in the Securities Act.

By awarding the PCS Label to certain securities, no views are expressed about the creditworthiness of these securities or their suitability for any existing or potential investor or as to whether there will be a ready, liquid market for these securities. Investors should conduct their own research regarding the nature of the PCS Label and must read the information set out in www.pcsmarket.org.

19. **Definitive Notes and denominations in integral multiples**

The Notes have a denomination consisting of a minimum authorised denomination of £100,000 plus higher integral multiples of £1,000. Accordingly, it is possible that the Notes may be traded in amounts in excess of the minimum authorised denomination that are not integral multiples of such denomination. In such a case, if definitive Notes are required to be issued, a Noteholder who holds a principal amount less than the minimum authorised denomination at the relevant time may not receive a definitive Note in respect of such holding and may need to purchase a principal amount of Notes such that their holding amounts to the minimum authorised denomination (or another relevant denomination amount).

If definitive Notes are issued, Noteholders should be aware that definitive Notes which have a denomination that is not an integral multiple of the minimum authorised denomination may be illiquid and difficult to trade.

RISK FACTORS RELATING TO THE PORTFOLIO

20. **Portfolio information**

The historical, financial and other information set out in this Prospectus (including in the tables set out in "Pool Size and Characteristics") is based on the procedures of LPUK. None of the Issuer, the Interest Rate Swap Counterparty, the Arranger, the Joint Lead Managers, the Manager, the Issuer Security Trustee, the Note Trustee, the LPUK Security Trustee, the Account Bank, the Cash Manager, the Paying Agents, the Reporting Agent or the Corporate Services Provider has undertaken or will undertake any investigation or review of, or search to verify, the information. There can be no assurances as to the future performance of the Portfolio. Any failure in the performance of the Portfolio would have an adverse effect on the Issuer's ability to make payments in respect of the Notes.

21. **Risk of late payment of monthly instalments**

Whilst each Lease Agreement has due dates for scheduled payments thereunder, there is no assurance that the Lessees under those Lease Agreements will pay in time, or at all. Any such failure by the Lessees to make payments under the Lease Agreements would have an adverse effect on the Issuer's ability to make payments under the Notes. The risk of late payment by Lessees is in part mitigated by the Liquidity Reserve. Whilst the Issuer may draw on amounts standing to the credit of the Liquidity Reserve Ledger to make payments in respect of the Notes, no assurance can be given that the Issuer will have sufficient funds to make payments in full in respect of the Notes. In addition, LPUK is not obliged to repurchase any Lease Receivables or the associated RV Claims if the relevant Lease Agreement is a Defaulted Lease Agreement.

22. **Risk of early repayment**

Under the terms of certain of the Lease Agreements, the Lessees are entitled to terminate the Lease Agreements early, subject, where applicable, to payments of an early repayment fee or charge. The early repayment fee or charge may not be enforceable in circumstances where such fee or charge is construed as a penalty under English law. In the event that, after the termination of the Revolving Period, the Lease Agreements underlying the Portfolio are prematurely terminated or otherwise settled early or a Revolving Period Termination Event occurs, the principal repayment of the Notes may be earlier than expected and, therefore, the yield on the Notes may be adversely affected by a higher or lower than anticipated rate of prepayment of the Lease Receivables. The rate of prepayment of the Lease Receivables cannot be predicted and is influenced by a wide variety of economic and other factors, including prevailing interest rates, the buoyancy of the auto finance market, the availability of alternative financing and local and regional economic conditions. Therefore, no assurance can be given as to the level of prepayment that the Lease Receivables will experience. See the section entitled "Weighted Average Life of the Notes".

23. **Changing characteristics of the Portfolio during the Revolving Period**

During the Revolving Period, the amounts that would otherwise be used to repay the principal under the Notes may be used to purchase additional Lease Receivables and RV Claims from LPUK. Lease Receivables and RV Claims contained in the Initial Portfolio and any Additional Portfolios may also be prepaid or default during the Revolving Period. Therefore the characteristics of the Portfolio may change after the Closing Date, and could be substantially different at the end of the Revolving Period from the characteristics of the Initial Portfolio. These differences could result in faster or slower repayments or greater losses on the Notes.

Although the Seller will make representations and warranties including that the Eligibility Criteria and Replenishment Criteria are satisfied which require that the Aggregate Discounted Balance of the Portfolio is not to exceed certain concentration limits with respect to the Lease Receivables generated under certain of the Lease Agreements for used vehicles, the exact characteristics of the relevant Additional Portfolio will not be taken into account in determining the level of credit enhancement required for the Class A Notes or the Class B Notes, as applicable.

Because of payments on the Lease Receivables and purchase of Additional Portfolios during the Revolving Period, concentrations of Lessees in the pool may vary from the concentration that exists as of the Closing Date. Such concentration or other changes of the pool could adversely affect the delinquency, or credit loss, of the Portfolio.

24. **Value of Leased Vehicles**

Whilst the Portfolio contains a variety of Vehicles, certain of the Vehicles (particularly those manufactured for certain industrial roles or processes) may have a high individual value. If a number of such Vehicles suffered damage or were otherwise impaired, any losses could impact on the Vehicles' value and the associated RV Claims. It may also be difficult to find a purchaser for certain of the Vehicle types where they are specialist or industry-specific Vehicles. Any

impact on the ability of the Issuer to realise such value could have an adverse effect on the Issuer's ability to make payments in respect of the Notes.

The value of Vehicles may also be adversely affected by faulty design, manufacture or maintenance of the Vehicle, and similar issues may arise in respect of multiple Vehicles or an entire class of Vehicles, such as engine software installed on certain vehicles which may circumvent emission standards for certain pollutants. It is uncertain whether such circumstances will affect the residual values of the relevant Vehicles and a negative impact cannot be ruled out.

25. Geographical and industry concentration of Lessees

Although the Lessees under the Lease Agreements are located throughout England and Wales, these Lessees may be concentrated in certain locations, such as densely populated or industrial areas. Any deterioration in the economic condition of the areas in which the Lessees are located, or any deterioration in the economic conditions of other areas, may have an adverse effect on the ability of the Lessees to make payments under the Lease Agreements, which could in turn increase the risk of losses on the Lease Agreements. A concentration of Lessees in such areas may therefore result in a greater risk that the Noteholders will ultimately not receive the full principal amount of the Notes and interest thereon as a result of such uncovered losses incurred in respect of the Lease Agreements than if such concentration had not been present.

Further, although the Lessees are involved in a range of different industry sectors and the Vehicles derive from a cross-section of such industries, there may be a higher concentration of Lessees in one particular industry sector (subject to the requirement in the Replenishment Criteria) that generate the Lease Receivables and RV Claims comprising the Portfolio. Deterioration in the economic conditions in such industry sector may adversely affect the ability of the Lessees to make payments under the Lease Agreements and, therefore, could increase the risk of losses on the Lease Agreements. Any such deterioration may reduce the market for any Leased Vehicles especially where such a Vehicle is a specialist or industry-specific Vehicle. A greater concentration of Lessees in particular industry sectors may, therefore, result in a greater risk that the Noteholders will ultimately not receive the full principal amount of the Notes and interest thereon as a result of such uncovered losses incurred in respect of the Lease Agreements than if such concentration had not been present.

26. Rights in relation to the Portfolio

Pursuant to the Issuer Deed of Charge, the Issuer will grant security over its rights in and to the Lease Receivables and the RV Claims. The Issuer Security Trustee and the Issuer will rely on the Servicer to enforce any rights under the Lease Agreements and to carry out its obligations under the Servicing Agreement.

LPUK will undertake for the benefit of the Issuer that it will not take any steps in relation to the Lease Agreements otherwise than in accordance with its Credit and Collection Processing Procedures in order to perform its duties under the Servicing Agreement, and that it will lend its name to, and take such other steps as may be required by the Issuer or following the occurrence of an Issuer Event of Default the Issuer Security Trustee in relation to, any action (whether through the courts or otherwise) in respect of the Lease Agreements.

27. Rights in relation to the Vehicles

The ownership of the Vehicles which are the subject of Lease Agreements which are included in the Portfolio will be retained by LPUK and the Issuer will have the benefit of an assignment of the RV Claims. As the Issuer will not acquire an ownership interest in the Vehicles themselves, certain third parties may acquire rights in relation to the Vehicles which prejudice the collection of the RV Claims by the Issuer. Most notably, if a creditor secures a money judgment against LPUK, a High Court enforcement officer is empowered to seize and sell LPUK's goods and chattels, in an amount sufficient to satisfy the judgment debt and cost of execution, through a writ of fieri facias ("**fi fa**"). This means that the Leased Vehicles, which remain the property of LPUK, will be at risk of execution from a judgment creditor. Such creditor enforcement action

is not possible (without the leave of court) once administration or liquidation of LPUK intervenes, since such action is effectively stayed by the advent of the insolvency proceedings.

To mitigate against the risk of execution from a judgment creditor, LPUK will grant a floating charge in favour of the LPUK Security Trustee pursuant to the LPUK Deed of Charge over the Charged Vehicles. The Charged Vehicles will not comprise all Leased Vehicles – those Leased Vehicles which are the subject of Lease Agreements to which section 8 of the Supply of Goods (Implied Terms) Act 1973 applies (broadly, those Lease Agreements which are hire-purchase agreements) or section 12(2) of the Sale of Goods Act 1979 applies (broadly, those Lease Agreements which involve sales of goods), will not be subject to the floating charge until termination of the Lease Agreement.

A floating charge does not generally take priority over a judgment creditor executing a writ of *fi fa*, unless that charge has crystallised prior to the completion of the judgment creditor's enforcement action. Therefore, such floating security will automatically crystallise on the occurrence of certain events including if any person attempts to levy distress, execution or other process against any of the Charged Vehicles subject to an aggregate materiality threshold calculated across the entire Portfolio of £20,000,000. Whilst LPUK is obliged to inform the LPUK Security Trustee of any circumstances that would lead to automatic crystallisation of the floating charge, to the extent the Seller dealt with the Charged Vehicles after the crystallisation (such dealing would not include those Leased Vehicles already subject to a Lease Agreement) of the floating security, this may lead to the deemed waiver by the LPUK Security Trustee of the floating security if the LPUK Security Trustee has acquiesced to such breach or failure by LPUK. This could occur, for example, where the Seller sought to dispose of the relevant Vehicles or otherwise re-lease them without the express consent of the LPUK Security Trustee. Any deemed waiver of the floating charge crystallisation could have an adverse effect on the ranking of the Issuer's claim against the Vehicles with respect to third party creditors (in particular, any execution creditors) of the Seller.

The effect of the automatic crystallisation of the floating charge is to convert such security interest into a fixed charge. Whether such security interest will be upheld as a fixed charge post crystallisation will depend, among other things, on whether (i) LPUK complies with its obligations in the LPUK Deed of Charge to notify the relevant parties as to whether any Charged Vehicle is the subject of any attempts to levy distress, execution or other process, and also to provide the same with the aggregate value of such claims as they arise, and (ii) the LPUK Security Trustee (as chargee) under the LPUK Deed of Charge, has the requisite degree of control over the LPUK's ability to deal in the relevant assets and, if so, whether such control is exercised by the LPUK Security Trustee in practice. Therefore, there remains a risk that the security interest created by the crystallisation under the LPUK Deed of Charge could be recharacterised as a floating charge.

Pursuant to the terms of the LPUK Deed of Charge, the LPUK Security Trustee may appoint a third party to act as its agent to exercise its discretion in respect of the sale of Charged Vehicles. Such third party may be the same entity as that appointed as the Back-Up Realisation Agent in accordance with the Realisation Agency Agreement. LPUK or, as the case may be, the Issuer is responsible for procuring a Suitable Entity pursuant to the Realisation Agency Agreement to act as Trustee Agent of the LPUK Security Trustee on terms satisfactory to the LPUK Security Trustee (including the provision of an indemnity satisfactory to it). Until such time as LPUK or, as the case may be, the Issuer has appointed a Trustee Agent, the LPUK Security Trustee will not perform the Trustee Agent Role and the LPUK Security Trustee will have no liability to any LPUK Secured Creditor or any other person resulting from any failure or delay on the part of LPUK or, as the case may be, the Issuer in procuring a Trustee Agent or as a result of there being no Trustee Agent to perform the Trustee Agent Role. Further, the LPUK Security Trustee is entitled to assume, until it receives actual written notice thereof from the Issuer or LPUK (in any of its capacities under the Transaction Documents): (i) that none of the Charged Vehicles or any part thereof is in danger of being seized or sold under any form of distress, attachment, diligence, or execution levied or threatened or is otherwise in jeopardy or imperilled; and (ii) that no Seller Event of Default, Investment Grade Trigger Event, Automatic Crystallisation Event, Pre-Crystallisation Trigger Event, Non-Insolvency Realisation Agent Termination Event, Non-Insolvency Sub-Maintenance Coordinator Event or Non-Insolvency Servicer Termination Event

and no Insolvency Event in relation to LPUK or the Issuer has occurred. If LPUK or the Issuer, as the case may be, cannot or do not procure a Suitable Entity to act as Trustee Agent, then the LPUK Security Trustee does not have the capacity and expertise to consent to each disposal of a Leased Vehicle which may result in (i) the LPUK Security Trustee failing to have the requisite control, and the security interest created by the crystallisation under the LPUK Deed of Charge could therefore be recharacterised as a floating charge, and/or (ii) the Charged Vehicles not being sold if the consent of the LPUK Security Trustee cannot be obtained.

The claims of the LPUK Security Trustee will be subject to the matters which are given priority over a floating charge by law, including (inter alia) the expenses of any administration or winding-up (which could include any corporation tax charges), the claims of preferential creditors and (up to an amount equal to £600,000) a portion of the claims of unsecured creditors. Furthermore, where the floating charge does not take effect as a fixed charge following crystallisation, the Issuer will no longer have priority in a claim against the Vehicles with respect to third party creditors (in particular, any execution creditors) of the Seller.

Further, if liquidation or administration proceedings were to be commenced in England and Wales with respect to LPUK within 12 months of the Closing Date and it is determined that LPUK was unable to pay its debts at the time the floating charge was granted or became unable to do so in consequence of the transaction under which the charge is created, under section 245 of the Insolvency Act 1986, the floating charge will be valid only to the extent of the value of so much of the consideration as consists of money paid, or goods and services supplied, to LPUK at the same time as, or after, the creation of the charge. Following the creation of the floating charge in favour of the LPUK Security Trustee, on the Closing Date, LPUK will receive £544,999,999.54 in proceeds from the sale of the Lease Receivables and the RV Claims, being consideration received pursuant to the Purchase Agreement in respect of the sale of the Lease Receivables and the RV Claims comprised in the Initial Portfolio to the Issuer. The consideration for the sale of the Lease Receivables and the RV Claims and the granting of the floating charge under the LPUK Deed of Charge comprises the relevant purchase price and therefore the floating charge granted by LPUK will stand as security to the extent of such monies received.

28. **Lease Agreements**

Each of the Lease Agreements amortise over the life of the relevant contract. However, the Operating Lease Agreements amortise over the entire life of the Operating Lease Agreements and the Hire Purchase Lease Agreements amortise over the life of the relevant Hire Purchase Lease Agreement with Lessees on maturity of the relevant Hire Purchase Lease Agreement either (i) making the Final Balloon Payment or (ii) opting not to pay the Final Balloon Payment but returning the Leased Vehicle to be sold and the proceeds put towards payment of the Final Balloon Payment.

The Lease Receivables include any and all claims and rights of the Seller against the Lessee under or in connection with the use of the Leased Vehicles under the relevant Lease Agreements (including, for the avoidance of doubt, all payments due from the Lessee under the relevant Lease Agreement (including any VAT, maintenance charge or related fees and expenses due and payable by the Lessee under the terms of the Lease Agreement)), and any Ancillary Rights and the RV Claims include, amongst other things, the right to receive the Final Balloon Payments under the relevant Lease Agreement.

The Final Balloon Payment is substantially greater than the previous monthly instalments payable by a Lessee under a Hire Purchase Lease Agreement. By deferring the repayment of a substantial portion of the outstanding amount of the Hire Purchase Lease Agreements until the final repayment date, the risk of non-payment of the final instalment under such Hire Purchase Lease Agreements is greater than would be the case under the Operating Lease Agreements where instalments are generally of equal size. Any failure by a Lessee to pay in full the Final Balloon Payment could have an adverse effect on the ability of the Issuer to make payments in respect of the Notes, in particular where the residual value of the related Vehicles has fallen and the sale proceeds of such Vehicle is less than the Final Balloon Payment (or that part remaining unpaid by the Lessee).

29. **Residual Value Risk**

The residual value risk for the Issuer is the risk that any sale proceeds of Leased Vehicles are insufficient to cover the Estimated Residual Value of Leased Vehicles relating to certain Lease Agreement types.

The Lessees of Finance Lease Agreements and Lease Purchase Lease Agreements have residual value risk as they are required to pay the Final Balloon Payment and are not able to return the Leased Vehicle to settle the Final Balloon Payment. LPUK has the Residual Value risk for Operating Lease Agreements. In addition, where a Lessee exercises its right to return the Leased Vehicle in settlement of the Final Balloon Payment under Contract Purchase Lease Agreements the Residual Value Risk will be with LPUK.

This risk is mitigated where LPUK repurchases the Lease Receivables (if applicable) and the RV Claims at the Aggregate Discounted Balance of such Lease Receivable and/or RV Claim in the circumstances set out in the Purchase Agreement. In addition, pursuant to the terms of the Realisation Agency Agreement, LPUK will use commercially reasonable efforts to arrange for the sale of Vehicles in a manner which maximises the sale price thereof. However, there can be no assurance that the sale proceeds of any such Leased Vehicles will be sufficient to cover the Estimated Residual Value or, where a Lease Agreement includes a Final Balloon Payment, the amount of the Final Balloon Payment. In addition, no assurance can be given that the Portfolio will be sufficient to protect the Noteholders from residual value risk. Any failure of LPUK to repurchase the Lease Receivables (if any) and the RV Claims, and/or to sell the Leased Vehicles for an amount equal to or in excess of the Estimated Residual Value, could have an adverse effect on the ability of the Issuer to make payments in respect of the Notes.

The Issuer does not have any rights in, over or to the Leased Vehicle itself (other than its rights in relation to the floating security that the LPUK Security Trustee has over the title to the Leased Vehicles), only to the sale proceeds thereof. Accordingly, in the event of any insolvency of LPUK, the Issuer is reliant on any administrator or liquidator of LPUK taking appropriate steps to sell such Leased Vehicle. As the sale proceeds from the Leased Vehicles have been assigned to the Issuer pursuant to the Purchase Agreement, the Leased Vehicles will have no economic value to the insolvency estate and therefore to LPUK's creditors as a whole. It is therefore unlikely that an administrator or liquidator of LPUK will have any incentive to take any steps to deal with the Leased Vehicles contrary to the provisions of the Transaction Documents. However, in the absence of such an economic interest, the administrator or liquidator may not be incentivised to realise the value of the Leased Vehicles in a timely manner. This risk is mitigated by the inclusion of a provision in the Servicing Agreement providing that the Issuer will pay, in accordance with the relevant Priority of Payments, an Administrator Incentive Recovery Fee to the relevant administrator or liquidator. The Administrator Incentive Recovery Fee will be paid even where such Leased Vehicles are sold by a third party (for example the Back-Up Realisation Agent). However, there can be no certainty that any administrator or liquidator would take such actions to sell the Leased Vehicles on the expiry of a Lease or, as applicable, would consent to the sale of a Leased Vehicle on behalf of LPUK by the Back-Up Realisation Agent. Furthermore, any failure or delay on the part of an administrator or liquidator to sell or consent to the sale of a Leased Vehicle could have an adverse effect on the ability of the Issuer to make payments on the Notes. In addition, LPUK has granted a power of attorney in favour of the Issuer to demand, sue for and receive payment of all monies due or payable under or in respect of Lease Receivables and/or RV Claims or in respect of any rights related thereto and pursuant to the terms.

30. **Potential adverse changes to the value and/or composition of the Portfolio**

No assurances can be given that the respective values of the Leased Vehicles to which the Portfolio relates have not depreciated or will not depreciate at a rate greater than the rate which they were expected to do so on the date of origination of the Lease Receivables. If this has happened or happens in the future, or if the used car market in the United Kingdom should experience further downturn, or where there is a general deterioration of the economic conditions in the United Kingdom, then any such scenario could have an adverse effect on the

ability of Lessees to repay amounts under the relevant Lease Agreements and/or the likely amount to be recovered upon a sale of the Leased Vehicles upon default by Lessees. This could have an adverse effect on the Issuer ability to make payments on the Notes.

Whilst the Eligibility Criteria and the Replenishment Criteria are intended to operate and the Liquidity Reserve Ledger has been sized as at the Initial Cut-Off Date to operate so as to mitigate against such risks, no assurances can be given that circumstances in the future will not change such that the composition of the pool of the Portfolio at any time in the future may deteriorate in view of the circumstances then subsisting.

31. Subordination

There is no assurance that: (a) the Class A Noteholders will receive the amounts they are entitled to receive pursuant to the Terms and Conditions of the Notes; or (b) the distributions which are made will correspond to (i) the monthly payments originally agreed upon in the underlying Lease Agreements, or (ii) realisation proceeds envisaged to be received in respect of the Vehicles. The risk to the Class A Noteholders that they will not receive the full principal amount of any Class A Note held by them or interest payable thereon pursuant to the Terms and Conditions is mitigated by: (a) the subordination of the Class B Notes and the Class C Note in accordance with the applicable Priority of Payments; and (b) the availability of the amounts standing to the credit of the Liquidity Reserve Ledger and the available excess spread in accordance with the applicable Priority of Payments.

There is no assurance that: (a) the Class B Noteholders will receive the amounts they are entitled to receive pursuant to the Terms and Conditions; or (b) the distributions which are made will correspond to (i) the monthly payments originally agreed upon in the underlying Lease Agreements, or (ii) realisation proceeds envisaged to be received in respect of the Vehicles. The risk to the Class B Noteholders that they will not receive the full principal amount of any Class B Note held by them or interest payable thereon pursuant to the Terms and Conditions is mitigated by: (a) the subordination of the Class C Note in accordance with the applicable Priority of Payments; and (b) the availability of the amounts standing to the credit of the Liquidity Reserve Ledger and the available excess spread in accordance with the applicable Priority of Payments.

There is no assurance that: (a) the Class C Noteholder will receive the amounts they are entitled to receive pursuant to the Terms and Conditions; or (b) the distributions which are made will correspond to (i) the monthly payments originally agreed upon in the underlying Lease Agreements, or (ii) realisation proceeds envisaged to be received in respect of the Vehicles.

The Issuer will establish the Liquidity Reserve Ledger and credit an amount equal to the Required Liquidity Reserve Amount to the Liquidity Reserve Ledger on the Closing Date from amounts advanced to the Issuer pursuant to the Reserve Loan. Such amount can be used by the Issuer to make payments under the Notes with respect to interest and, following the occurrence of a Revolving Period Termination Event or the expiry of the Revolving Period, to the extent that the amount standing to the credit of the Liquidity Reserve Ledger exceeds the Required Liquidity Reserve Amount and is applied as Available Distribution Amounts, principal in accordance with the applicable Priority of Payments.

32. Market for Lease Receivables

The ability of the Issuer to redeem all the Notes in full, including after the occurrence of an Issuer Event of Default, whilst any of the Portfolio remains outstanding, may depend on whether the Lease Receivables and the RV Claims can be sold, otherwise realised or refinanced by the Issuer or the Issuer Security Trustee so as to obtain a sufficient amount available for the distribution to enable the Issuer to redeem the Notes. There is not yet an active and liquid secondary market for lease and residual value claims in the United Kingdom. No assurance can be given that the Issuer or the Issuer Security Trustee is able to sell, otherwise realise or refinance the Lease Receivables and the RV Claims on appropriate terms should it be necessary for it to do so below levels anticipated when setting the Estimated Residual Value.

33. **Market for Leased Vehicles**

LPUK has agreed to repurchase the Lease Receivables and RV Claims other than in respect of Defaulted Lease Agreements on, amongst other things, the Lease Maturity Date or upon a Lease Agreement Early Termination. If LPUK fails to repurchase the Lease Receivables (if applicable) and the RV Claims in accordance with the Purchase Agreement or to the extent the Leased Vehicles are sold by the Realisation Agent in the open market in respect of Defaulted Lease Agreements, there is no guarantee that there will be a market for the sale of such Leased Vehicles, which will be in a used condition, or that such market will not deteriorate in the future.

Noteholders should also be aware that there may be a very limited market for certain of the Leased Vehicles (particularly those manufactured for certain specialised industrial roles or processes or certain public-utility vehicles) and there is no guarantee that there will be a market for the sale of such Leased Vehicles, which are of a specialised nature and will be in a used condition, or that such market will not deteriorate in the future.

34. **The Revolving Period may end if LPUK is unable to originate additional Lease Receivables**

During the Revolving Period, no principal will be paid to the Noteholders. Instead, on each Interest Payment Date during the Revolving Period, the Available Distribution Amounts may be used to purchase Additional Portfolios in accordance with the Revolving Period Priority of Payments. Any Available Distribution Amounts not used to purchase an Additional Portfolio on an Interest Payment Date are credited to the Replenishment Ledger during the Revolving Period and such amounts may be used to purchase Additional Portfolios on any other Business Day during the subsequent Interest Period. However, if any amount deposited and remaining in the Replenishment Ledger after the application of the Priority of Payments on two consecutive Interest Payment Dates exceeds 10% of the Aggregate Discounted Balance of the Portfolio on the Initial Cut-Off Date, then a Revolving Period Termination Event will occur. If a Revolving Period Termination Event occurs, the Revolving Period will terminate resulting in principal being repaid on the Notes on and from the following Interest Payment Date.

LPUK does not, as of the date of this Prospectus, expect any shortage in availability of Lease Receivables and RV Claims that can be sold to the Issuer during the Revolving Period. However, LPUK is not obliged to sell any Additional Portfolios during the Revolving Period. If LPUK is unable to originate additional Lease Receivables or if it does not sell any Additional Portfolios, then the Revolving Period will terminate earlier than expected and, in such circumstances, the Noteholders will receive payments of principal on the Notes earlier than expected.

35. **Credit risk of the parties**

The ability of the Issuer to make any principal and interest payments in respect of the Notes depends upon the ability of the parties to the Transaction Documents to perform their contractual obligations. In particular, and without limiting the generality of the foregoing, the timely payment of amounts due in respect of the Notes depends on the ability of the Servicer to service the Portfolio, the ability of LPUK to perform its obligations (including any maintenance and repurchase obligations) under the Purchase Agreement and on the maintenance of the level of interest rate protection offered by the Interest Rate Swap Agreement.

36. **Authorised Investments**

The Issuer has the right to make certain interim investments of money standing to the credit of the Issuer Transaction Account by investing them in Authorised Investments. The investments must have appropriate ratings depending on the term of the investment and the term of the investment instrument. However, it may be that, irrespective of any such rating, such investments will be irrecoverable due to bankruptcy or insolvency of the debtor under the investment or of a financial institution involved, or due to the loss of an investment amount during the transfer thereof. Additionally, the return on an investment may not be sufficient to cover fully interest payment obligations due from the investing entity on the funding used to purchase such investment. In this case, the Issuer may not be able to meet all of its payment

obligations. None of the Servicer, the Joint Lead Managers, the Note Purchaser, the Arranger, the Note Trustee and/or the Issuer Security Trustee will be responsible for any such loss or shortfall. Investors should note that whilst the Issuer has the right to invest in Authorised Investments, as at the Closing Date it is not able to hold securities or other non-cash assets as, as of the Closing Date the Issuer has not appointed a custodian, nor is there a custody account open in the name of the Issuer.

37. **Credit and Collection Processing Procedures**

LPUK, in its capacity as Servicer, will carry out the administration, collection and enforcement of the Portfolio in accordance with the Servicing Agreement including its Credit and Collection Processing Procedures (see "Description of Certain Transaction Documents – Servicing Agreement"). The Noteholders are relying on the business judgement and practices of LPUK as they exist from time to time, in its capacity as Servicer, including enforcing claims against Lessees. Such procedures may change over time and no assurance can be given that such changes will not have an adverse effect on the Issuer's ability to make payments on the Notes.

Further, the terms and conditions of the Lease Agreements may be amended provided that:

- (a) such change: (x) does not cause the Lease Agreement to cease to comply with the Eligibility Criteria; (y) would not cause any of the Lease Warranties to be untrue if given on the effective date of the relevant variation; and (z) which are made in compliance with the Servicer standard of care;
- (b) such change is made in accordance with the terms of the relevant Lease Agreement; and
- (c) such change does not cause the last payment thereunder to occur after 20 December 2023.

Where amendments which are made in accordance with the credit and collection processing procedures of LPUK as amended from time to time in accordance with the terms and conditions of the Servicing Agreement (the "**Credit and Collection Processing Procedures**"), result in the Aggregate Discounted Balance of the Lease Receivables being reduced (following a Lease Agreement Recalculation), Noteholders may suffer a loss if LPUK fails to pay an amount equal to the Aggregate Discounted Balance Reduction Amount to the Issuer pursuant to the terms of the Purchase Agreement.

38. **Risk of change of Servicer**

Pursuant to the Servicing Agreement, LPUK is required to procure the appointment of a Suitable Entity to act as Back-Up Servicer on the occurrence of an Appointment Trigger within 120 calendar days thereof. Further, the Back-Up Servicer will be under an obligation to, amongst other things, review the Investor Report and request any assistance it may require so that it is able, on its assumption of the Servicer role, to immediately perform services contained in the Servicing Agreement. On appointment, the Back-Up Servicer will have a standby role, unless and until the occurrence of a Servicer Termination Event in respect of LPUK as Servicer. However, in the event LPUK is replaced as Servicer following a Servicer Termination Event, there may be losses or delays in processing payments or losses on the Portfolio due to a disruption in servicing during a transfer to the Back-Up Servicer, or due to the Back-Up Servicer being less experienced than LPUK. Any such delay or losses during such transaction period could have an adverse effect on the ability of the Issuer to make payments in respect of the Notes.

There is no guarantee that a Back-Up Servicer providing servicing at the same level as LPUK can be appointed on a timely basis or at all. Any delay or failure to make such an appointment may have an adverse effect on the Issuer's ability to make payments on the Notes. No assurance can be given that a Back-Up Servicer will not charge fees in excess of the fees to be paid to the Servicer. The payment of fees to the Back-Up Servicer will rank in priority to amounts paid to Noteholders in accordance with the relevant Priority of Payments and any increase in the level of

fees paid to the Back-Up Servicer would reduce the amounts available to the Issuer to make payments in respect of the Notes.

LPUK is entitled under the terms of the Servicing Agreement to transfer its rights and obligations to another member of the LeasePlan Group without the consent of the Issuer or Issuer Security Trustee. There is no assurance that any such replacement Servicer will be as experienced as LPUK or will have the same resources as LPUK.

39. Risk of late payment by Servicer

The Servicer has undertaken to transfer or procure to have transferred Collections as set forth in the Servicing Agreement (see the paragraph headed "Description of Certain Transaction Documents – Servicing Agreement").

If the Servicer does not promptly forward all amounts which it has collected from the relevant Lessees to the Issuer Transaction Account pursuant to the Servicing Agreement, insufficient amounts may be available to the Issuer to make payments to Noteholders on any Interest Payment Date.

Furthermore, no assurance can be given that, upon the insolvency of the Servicer, no commingling risk will arise, as the proceeds arising out of or in connection with the Lease Receivables will first be paid by the Lessees to the Servicer. This risk is, however, mitigated by the fact that the Servicer will be replaced on occurrence of a Servicer Termination Event and, therefore, prior to or, at the latest, upon the insolvency of the Servicer. Therefore, the commingling risk will be limited to the amounts standing to the credit of the Servicer's bank accounts at the time insolvency proceedings are opened relating to Collections on the Leases (unless payments continue to be paid into such bank accounts).

In addition, the Issuer will establish the Commingling Reserve Ledger. On the Closing Date and upon a further occurrence of an Reserves Trigger Event or an Insolvency Event in relation to the Seller, the Reserve Loan Provider will, in accordance with the Reserve Loan Agreement make payments to the Issuer allowing the Issuer to credit an amount equal to the Required Commingling Reserve Amount to the Commingling Reserve Ledger.

40. Role of Back-Up Sub-Maintenance Coordinator

Pursuant to the Sub-Maintenance Coordinator Agreement, LPUK is required to procure the appointment of a Suitable Entity to act as Back-Up Sub-Maintenance Coordinator on the occurrence of an Appointment Trigger within 120 calendar days thereof. The Back-Up Sub-Maintenance Coordinator shall receive and store information in respect of the Portfolio including (i) information regarding the Lease Agreements and Vehicles in the Portfolio on a monthly basis and (ii) each Investor Report, so that it is able, on the occurrence of a Sub-Maintenance Coordinator Termination Event and 15 Business Days written notice from the Issuer or the Issuer Security Trustee to the Back-Up Sub-Maintenance Coordinator that it should commence performance of the Lease Services, to perform the Lease Services upon the standards as set out in the Sub-Maintenance Coordinator Agreement.

Following the occurrence of a Sub-Maintenance Coordinator Termination Event and notification from the Issuer or the Issuer Security Trustee to the Back-Up Sub-Maintenance Coordinator that it should commence performance of the Lease Services, the Back-Up Sub-Maintenance Coordinator (acting as Sub-Maintenance Coordinator) will co-ordinate the provision of Lease Services in respect of Leased Vehicles in accordance with the terms of the Lease Agreements.

Further, a delay in co-ordinating the performance of the Lease Services by the Back-Up Sub-Maintenance Coordinator (acting as Sub-Maintenance Coordinator) could give rise to the right of Lessees to exercise rights of set-off or termination under the Lease Agreement which would reduce the Lease Receivables owed to the Issuer and reduce the amounts available to make payments in respect of the Notes.

41. **Reliance on Realisation Procedures Rules; sale in the open market**

To the extent the Realisation Agent has the duty to realise the Leased Vehicles in the open market, the Realisation Agent will carry out such realisation of the Leased Vehicles in accordance with the Realisation Agency Agreement.

Accordingly, the Noteholders are relying on the business judgement, the practices and the capabilities of the Realisation Agent when realising the Leased Vehicles (see "Description of Certain Transaction Documents – Realisation Agency Agreement").

Although the different distribution channels for used vehicles offer flexibility, and therefore increase the customer base of the Realisation Agent for such used vehicles, there is no guarantee that each of such distribution channels in itself results in the best-achievable price for such used vehicles. Partly used vehicles will be sold by using internet portals or via auctions (including trade auctions that are limited to professional resellers only), which both bear the risk that the best-achievable price cannot be reached. With respect to the internet customers, this is, inter alia, attributable to the fact that the final customer cannot test-drive the vehicles and may therefore be inclined not to make a bid equal to the best-achievable price in such internet auction. In respect of Vehicles sold by trade auction, sales to professional sellers will generally result in a lower resale price than sales to a non-professional individuals.

Monies paid by the Realisation Agent to the Seller will be paid into the relevant Seller Collection Account and only transferred to the Issuer on each Interest Payment Date or, following and whilst a Reserves Trigger Event is occurring, on each Transfer Date.

For more information on commingling, see further "Commingling risk" below.

42. **Replacement of the Realisation Agent**

The ability of the Issuer to meet its obligations under the Notes will depend on the performance of the duties of the Realisation Agent and, if applicable, the Back-Up Realisation Agent or any other substitute realisation agent. No assurance can be given that the creditworthiness of these parties will not deteriorate in the future, which may affect the realisation of the Leased Vehicles by such parties in accordance with the relevant agreement.

Pursuant to the Realisation Agency Agreement, LPUK is required to procure the appointment of a Suitable Entity to act as Back-Up Realisation Agent on the occurrence of an Appointment Trigger within 120 calendar days thereof (see the paragraph headed "Description of Certain Transaction Documents – Realisation Agency Agreement"). Further, the Back-Up Realisation Agent will be under an obligation to, amongst other things, review the Investor Reports and request any assistance it may require so that it is able, on its assumption of the Back-Up Realisation Agent role, to perform services contained in the Realisation Agency Agreement immediately.

Following a Realisation Agent Termination Event, the Back-Up Realisation Agent will take over the tasks of the Realisation Agent under the Realisation Agency Agreement. The Back-Up Realisation Agent shall realise the relevant Leased Vehicles via a sale in the open market in accordance with the Realisation Agency Agreement. Since the Realisation Agent will be appointed upon the occurrence of certain events, as described above, the risk of interruptions in respect of the performance under the Realisation Agency Agreement is mitigated to a certain extent.

However, there is a risk that no appropriate Back-Up Realisation Agent can be found within a reasonable time or at all. In addition, it should be noted that any other realisation agent may charge a fee on a basis different from that stipulated in the Realisation Agency Agreement. The payment of fees to any Back-Up Realisation Agent will be deducted from any Vehicle Realisation Proceeds received in respect of a Leased Vehicle prior to the payment of such Vehicle Realisation Proceeds to the Issuer and therefore any increase in the level of fees paid to a Back-Up Realisation Agent would reduce the amounts available to the Issuer to make payments in respect of the Notes.

43. **Risk of late payments received by Realisation Agent**

Under the Realisation Agency Agreement, the Realisation Agent has undertaken to transfer or procure to have transferred the Vehicle Realisation Proceeds (less fees payable to the Realisation Agent) on each Interest Payment Date or, following a Reserves Trigger Event, on each Transfer Date immediately following the date of receipt of such Vehicle Realisation Proceeds, in accordance with the Realisation Agency Agreement (see the paragraph headed "Description of Certain Transaction Documents – Realisation Agency Agreement – Collections and commingling").

If the Realisation Agent does not forward all amounts which it owes pursuant to the Realisation Agency Agreement arising out of or in connection with the realisation of the Leased Vehicles in accordance with the Transaction Documents, insufficient amounts may be available to the Issuer to make payments to Noteholders on any Interest Payment Date.

Furthermore, no assurance can be given that, upon the insolvency of the Realisation Agent, no commingling risk will arise as the proceeds arising out of or in connection with the realisation of the Leased Vehicles will first be paid by third party purchasers to the Realisation Agent. This risk is, however, mitigated by the fact that the realisation mandate of the Realisation Agent will be revoked upon the occurrence of a Realisation Agent Termination Event and, therefore, prior to or, at the latest, upon the insolvency of the Realisation Agent. Therefore, the commingling risk will be limited to the amounts standing to the credit of the bank accounts of the Realisation Agent representing the Vehicle Realisation Proceeds at the time insolvency proceedings are opened relating to the Vehicle Realisation Proceeds. Following a Reserves Trigger Event, Vehicle Realisation Proceeds will be transferred from the Realisation Agent to the Issuer on each Transfer Date. In addition, upon the occurrence of a Reserves Trigger Event or an Insolvency Event in relation to the Seller, the Reserve Loan Provider will, in accordance with the Reserve Loan Agreement, make payments to the Issuer allowing the Issuer to credit an amount equal to the Required Commingling Reserve Amount to the Commingling Reserve Ledger. Upon the occurrence of Realisation Agent Termination Event, the Issuer agrees and covenants to direct the Realisation Agent to direct the payment of all Vehicle Realisation Proceeds directly into the Issuer Transaction Account.

44. **Reserves Trigger Event and the solvency of LPUK**

Various actions are triggered upon the occurrence of a Reserves Trigger Event or an Insolvency Event in relation to the Seller, including the funding of the Set-Off Reserve Ledger, the Maintenance Reserve Ledger and the Commingling Reserve Ledger and the transfer of Collections and Vehicle Realisation Proceeds by LPUK on Transfer Dates.

LPUK is a member of the LeasePlan Group and a subsidiary of LPC. The definition of Reserves Trigger Event refers to the short-term or (as the case may be) long-term unsecured, unsubordinated and unguaranteed ratings of LPC provided by the Rating Agencies. LPUK does not have ratings from the Rating Agencies. Whilst the actions triggered upon a Reserves Trigger Event are intended to safeguard against certain credit and liquidity risks relating to LPUK (in its various capacities), there can be no assurance that credit and liquidity risks in relation to LPUK crystallise (including without limitation in the event of insolvency of LPUK) only following the occurrence of a Reserves Trigger Event relating to LPC.

45. **Commingling risk**

LPUK, as the Seller, Servicer and Realisation Agent, is entitled to commingle Collections and any Vehicle Realisation Proceeds with its own funds during each Collection Period and is required to pay the Collections and any Vehicle Realisation Proceeds accumulated to the Issuer on the Interest Payment Date at the end of each such monthly period. Commingled funds may be used or invested by LPUK at its own risk and for its own benefit during each monthly period until each Interest Payment Date. If LPUK were unable to remit those funds or were to become insolvent, losses or delays in distributions to investors may occur. To mitigate any risks associated with this arrangement, following a Reserves Trigger Event, the Servicer, Seller and

Realisation Agent will transfer any monies to the Issuer Transaction Accounts on each Transfer Date. Following the occurrence of a Reserves Trigger Event (and, for as long as a Reserves Trigger Event is continuing, on each Calculation Date thereafter), the Servicer must elect (and notify the Cash Manager in writing of the same) the basis on which the Required Commingling Reserve Amount will be calculated. This election will determine the level as to which LPUK will be required to fund the Commingling Reserve and the frequency of cash sweeps of certain Collections and Vehicle Realisation Proceeds from the Servicer and the Realisation Agent to the Issuer (as to which see further "Description of Certain Transaction Documents – Servicing Agreement" below). However, there can be no assurance that the Required Commingling Reserve Amount and the twice weekly or monthly (as the case may be) cash sweeps from LPUK to the Issuer will be sufficient to safeguard against such risks. Upon the occurrence of Realisation Agent Termination Event, the Issuer agrees and covenants to direct the Realisation Agent to pay all Vehicle Realisation Proceeds directly into the Issuer Transaction Account. See "Description of Certain Transaction Documents – Servicing Agreement", "Reserve Loan Agreement" and "Cash Management Agreement".

LEGAL AND OTHER CONSIDERATIONS

46. Equitable assignment

The sale by the Seller to the Issuer of the Lease Receivables and the RV Claims will take effect by way of an equitable assignment. As a result, legal title to the Lease Receivables and the RV Claims will remain with the Seller. The Issuer, however, will have the right to demand that the Seller transfers to it legal title to the Lease Receivables and the RV Claims in the limited circumstances described in the Purchase Agreement and, until such right arises, the Issuer will not give notice of the sale of to the Lease Receivables and the RV Claims to any Lessee.

Since the Issuer has not obtained legal title to the Lease Receivables and the RV Claims or otherwise perfected its legal title to the Lease Receivables and the RV Claims, the following risks exist:

- (i) first, if the Seller wrongly sells any Lease Receivables and/or an RV Claim, which have already been sold to the Issuer, to another person and that person acted in good faith and did not have notice of the interests of the Issuer in those Lease Receivables or the RV Claim, then such person might obtain good title to the Lease Receivables and the RV Claims, free from the interests of the Issuer. If this occurred, then the Issuer would not have good title to the affected Lease Receivable and/or RV Claim and it would not be entitled to payments by a Lessee in respect of that Lease Agreement. However, the risk of third party claims obtaining priority to the interests of the Issuer would be likely to be limited to circumstances arising from a breach by the Seller of its contractual obligations or fraud, negligence or mistake on the part of the Seller or the Issuer or their respective personnel or agents;
- (ii) second, the rights of the Issuer may be subject to the rights of the Lessee against the Seller, such as rights of set-off, which occur in relation to transactions; and
- (iii) third, unless the Issuer has perfected the assignment of the Lease Receivables and the RV Claims (which it is only entitled to do in certain limited circumstances), the Issuer would not be able to enforce any Lessee's obligations under a Lease Agreement itself but would have to join the Seller as a party to any legal proceedings.

If any of the risks described in paragraphs (i) and (ii) above were to occur, then the realisable value of the Portfolio or any part thereof and/or the ability of the Issuer to make payments under the Notes will be affected.

Once notice has been given to the Lessees of the assignment of the Lease Receivables and the RV Claims to the Issuer, independent set-off rights which a Lessee has against the Seller will crystallise and further rights of independent set-off would cease to accrue from that date and no new rights of independent set-off could be asserted following that notice. Set-off rights arising under "transaction set-off" (which are set-off claims arising out of a transaction connected with

the Lease Agreement) will not be affected by that notice and will continue to exist. In relation to potential transaction set-off in respect of the Lease Agreements, see further below.

It should be noted however, that the Set-Off Reserve seeks to take account of the potential set-off risk associated with the Lease Agreements although there is no assurance that all such risks will be accounted for. In addition, LPUK is required to pay Deemed Collections to the Purchaser which includes amounts which Lessees have set-off against or deducted or withheld from amounts due as Lease Receivables or Final Balloon Payments to LPUK. The Set-Off Reserve will be debited by an amount equal to such set-off, withheld or deducted amounts where those amounts have not been paid by LPUK to the Purchaser as Deemed Collections. Further, for so long as the Issuer does not have legal title, the Seller will undertake for the benefit of the Issuer and the Issuer Secured Creditors that it will lend its name to, and take such other steps as may be reasonably required by the Issuer and/or the Issuer Security Trustee in relation to, any legal proceedings in respect of the Lease Receivables and the RV Claims. For such purposes, the Originator will grant to the Issuer a Power of Attorney.

47. Set-off risk may adversely affect the value of the Portfolio or any part thereof

As described above, the sale by the Seller to the Issuer of the Lease Receivables and the RV Claims will be given effect by an equitable assignment only. As a result, legal title to the Lease Receivables and the RV Claims sold by the Seller to the Issuer will remain with the Seller. Therefore, the rights of the Issuer may be subject to the direct rights of the Lessees against the Seller, including rights of set-off which occur in relation to transactions (including the relevant Lease Agreement) made between the Lessees and the Seller existing prior to notification to the Lessees of the assignment of the Lease Receivables and the RV Claims.

In addition, some of the Lease Receivables in the Portfolio may have increased risks of set-off, because the Seller is required to make payments under the relevant Lease Agreement to the Lessees. For instance, set-off rights may occur if the Seller fails to make payments to a Lessee under the terms of an open contract settlement process whereby the Seller is obliged to pay certain adjusting payments to the Lessees where the amounts paid by the Lessee exceed the actual costs incurred by the Seller. New products offered by the Seller in the future may have similar characteristics involving payments due from the Seller to the Lessees.

If the Seller defaults in its obligations under any open contract, fails to provide the relevant Lease Services or otherwise defaults in relation to a Leased Vehicle in accordance with the terms of the relevant Lease Agreement, then the relevant Lessee may set off any damages claim arising from the Seller's breach of contract against the Seller's (and, as equitable assignee of or holder of the beneficial interest in the Lease Receivables and the RV Claims in the Portfolio, the Issuer's) claim for payment of principal and/or interest under the relevant Lease Agreement as and when it becomes due. These set-off claims will constitute transaction set-off as described in the immediately preceding risk factor and will not be affected or diminished by notice of the assignment to the Issuer being given to the Lessee.

A Lessee may also attempt to set off an amount greater than the amount of his damages claim against the payments under the relevant Lease Agreement. In that case, the Servicer will be entitled to take enforcement proceedings against the Lessee, although the period of non-payment by the Lessee is likely to continue until a judgment is obtained.

The exercise of set-off rights by Lessees may adversely affect the realisable value of the Portfolio and/or the ability of the Issuer to make payments under the Notes. The Set-Off Reserve seeks to take account of these set-off risks, including the set-off risk relating to any open contracts although no assurance can be given that this will be sufficient to safeguard against such risks.

48. **Lease Agreements regulated by the Financial Services and Markets Act 2000 and the Consumer Credit Act 1974**

A Lease Agreement may be regarded as 'regulated' if it falls within the definition of 'regulated credit agreement' or 'regulated consumer hire agreement' in the Financial Services and Markets Act 2000 ("FSMA") (Regulated Activities) Order 2001 (the "RAO").

A Lease Agreement will be a regulated credit agreement if it is a 'credit agreement' that is not an 'exempt agreement' as described in article 60B of the RAO. A Lease Agreement will be a credit agreement if the Originator provides an individual or relevant recipient of credit with credit of any amount. 'Individual' carries its literal meaning of 'natural person' and 'relevant recipient of credit' extends to partnerships of two to three partners and certain unincorporated associates.

Likewise, a Lease Agreement will be a regulated consumer hire agreement if it is a 'consumer hire agreement' which is not an 'exempt agreement' as described in article 60N of the RAO. A Lease Agreement will be a consumer hire agreement if the Originator hires goods, i.e. a Vehicle, to an individual or relevant recipient of credit so long as the Lease Agreement is not a hire purchase agreement and is capable of subsisting for three months. Hire Purchase Lease Agreements do not fall within the definition of consumer hire agreement.

The FSMA requires a person who carries on certain regulated activities in respect of regulated credit agreements and/or regulated consumer hire agreements to be authorised or properly exempt. LPUK, as the Originator and the Servicer of the Regulated Lease Agreements, holds permanent Part 4A permission from the UK Financial Conduct Authority (the "FCA") for its regulated activities relating to the Lease Agreements. A person holding Part 4A permission from the FCA is an FCA authorised person for the purposes described in paragraph 48(b)(i) below. LPUK successfully applied to convert the interim permission it held from 1 April 2014 when the FCA issued it with full Part 4A permission with effect from 6 September 2016. Before 1 April 2014, LPUK was licensed by the Office of Fair Trading. The FCA has been responsible for supervising the FSMA conduct of business regime for such regulated agreements since it took over from the Office of Fair Trading from 1 April 2014, with various conduct of business rules set out in its Consumer Credit sourcebook ("CONC"). The Consumer Credit Act 1974 (the "CCA") also contains conduct of business rules relating to matters such as prescribed form and content requirements for regulated agreements (also described in more detail below). The regulated agreements referred to in this paragraph are expressly defined by specific reference to the RAO concepts of regulated credit agreement and regulated consumer hire agreement.

The Lease Receivables have been originated by the Originator as a mixture of regulated consumer hire agreements and unregulated hire and hire purchase agreements. Unregulated hire and hire-purchase agreements include hire agreements which are exempt because they are entered into with companies or with individuals or relevant recipients of credit for a business purpose where the total value of hiring payments exceeds £25,000. This would include various agreements under which the Lease Receivables are due, including but not limited to, the Finance Lease Agreements as well as some Operating Lease Agreements, amongst others. Many of the Operating Lease Agreements are regulated consumer hire agreements (the "**Regulated Lease Agreements**") while some are exempt consumer hire agreements or not consumer hire agreements at all. None of the Lease Receivables are regulated credit agreements.

The main consequences of a Lease Agreement being a regulated consumer hire agreement and therefore a Regulated Lease Agreement are summarised in paragraphs (a) to (e) below. No Lessee under any Regulated Lease Agreement enjoys a voluntary termination right under section 101 of the CCA because each Regulated Lease Agreement is either (i) entered into by the Lessee in the course of a business; or (ii) provides for the Lessee to make payments which in total (and without breach of the agreement) exceed £1,500 in any year.

(a) **Regulated Lease Agreements might be cancellable agreements**

A Regulated Lease Agreement may be cancellable under section 67 of the CCA where pre-contract discussions include oral representations made when in the physical presence of the Lessee by a person acting as, or on behalf of, the "negotiator" as defined

in the CCA, and the Lessee signed the agreement away from certain business premises. The Lessee may send notice of cancellation under the CCA at any time during the five days starting with the day after he or she received the last notice of cancellation rights when properly given.

If the Lessee cancels a Regulated Lease Agreement under the CCA, then he is entitled to recover his past payments. In common with the operations of many other players in the asset finance market, some Lessees receive such notice of cancellation rights which in very minor respects might not have been properly given. If a significant number of Lessees were to take up the relevant legislative points, this could, depending on the attitude of the courts or other dispute resolution authority, lead to significant disruption and shortfall in the income of the Issuer.

A Lease Agreement entered into with a consumer might also be subject to cancellation rights provided under other European Directives Implemented in the UK such as those described in paragraph 50(c) below.

(b) Regulated Lease Agreements might be unenforceable

Any Regulated Lease Agreement has to comply with requirements under the CCA as to authorisation of the Originator and broker, documentation and procedures of agreements and (in so far as applicable) pre-contract disclosure. If it does not comply with those requirements, then to the extent that the agreement is regulated by the CCA or treated as such, it is unenforceable against the Lessee:

- (i) without an order of the FCA, if the Originator or any dealer or other credit broker does not hold the required authorisation/ Part 4A permission at the relevant time;
- (ii) totally, if the agreement was made before 6 April 2007 and if the form to be signed by the Lessee was not signed by the Lessee personally or omits or misstates a "prescribed term" (although all Regulated Lease Agreement in the pool were executed after 6 April 2007); or
- (iii) without a court order in other cases and, in exercising its discretion whether to make the order, the court would take into account any prejudice suffered by the Lessee and any culpability of the Originator.

Any Lease Agreement intended to be unregulated might instead be wholly or partly a Regulated Lease Agreement or treated as such because of technical rules on determining (a) whether the Lessee includes an "individual" within the CCA, (b) whether the Terms and Conditions of the Notes for a hire agreement within the CCA are met, and (c) whether the agreement is an exempt agreement under the CCA and (d) the effect of changes to agreements.

Under sections 76, 86A, 86B, 86D-F, 87, 109, 110 and 130 of the CCA, the Originator is required to provide certain information and documents to the Lessee. A regulated consumer hire agreement regulated by the CCA is unenforceable for any period when the lender or lessor fails to comply with requirements as to default notices. In addition, the agreement is also unenforceable for any period when the Originator failed to comply with further requirements as to arrears notices. Further, the Lessee would not be liable to pay interest or, in certain cases, default fees for any period where the Originator fails to comply with these further requirements as to post contract disclosure.

These provisions of the CCA may result in adverse effects on the Issuer's ability to make payment in full on the Notes when due.

The Originator has interpreted certain technical rules under the CCA in a way common with many other players in the auto leasing market. If such interpretations were held to be incorrect by a court or other dispute resolution authority, then a Regulated Lease

Agreement could be unenforceable, as described above. If such interpretations were challenged by a significant number of Lessees, then this could lead to significant disruption and shortfall in the income of the Issuer. Court decisions have been made on technical rules under the CCA, but such decisions are rare and are generally county court decisions which are not binding on other courts. Where agreements are unenforceable without a court order due to minor documentary defects, owners have historically pursued such debts as though they are simply enforceable, until such time as those defects were raised by the Lessee and/or the court in any claim. To mitigate the risks associated with this approach, owners currently rely on the decision in *McGuffick v Royal Bank of Scotland* [2010] 1 All ER 634, in which the High Court ruled that, in relation to agreements which were unenforceable by reason of failures to provide copies under section 77 and 78 of the CCA, steps which fell short of obtaining a court judgment against the borrower were not "enforcement" within the meaning of the CCA.

To mitigate this risk, the Originator has provided certain representations and warranties with regard to the Portfolio, as described in more detail in the section entitled "Description of Certain Transaction Documents – Purchase Agreement".

In addition, now that Regulated Lease Agreements are primarily subject to the FSMA regulatory regime supervised by the FCA, breaches of FCA rules are also relevant. A Lessee who is a private person may be entitled to claim damages for loss suffered as a result of any contravention by the Originator of a rule under FSMA. From 1 April 2014, such rules include CONC, which transposes certain requirements previously made under the CCA and in OFT guidance. The Lessee may attempt to set off the amount of any claim for contravention of CONC against the amount owing by the Lessee under his or her Regulated Lease Agreement or any other hire or credit agreement he has taken out with the Originator (or exercise analogous rights in Scotland or Northern Ireland). Any such set-off may adversely affect the Issuer's ability to make payments in full.

The Financial Services Act 2012 contains provisions which enabled the transfer of consumer hire regulation from the OFT to the FCA. The related secondary legislation was enacted in 2013 to 2014 and the transfer occurred on 1 April 2014. Under the Financial Services Act 2012: (a) carrying on certain credit-related regulated activities in relation to servicing otherwise than in accordance with permission from the FCA will render the credit agreement unenforceable; and (b) the FCA has power to render unenforceable contracts made in contravention of any rules which it may make on cost and duration of agreements or in contravention of its product intervention rules. The Financial Services Act 2012 also provides for formalised cooperation to exist between the FCA and the Financial Ombudsman Service (the "**Ombudsman**"), particularly where issues identified potentially have wider implications, with a view to the FCA requiring affected firms to operate consumer redress schemes.

An alternative dispute resolution scheme for CCA matters is run by the Ombudsman. The scheme is mandatory for all businesses authorised by the FCA to carry on regulated activities in respect of regulated credit agreements. The Ombudsman is required to make decisions on the basis of what, in the Ombudsman's opinion, would be fair and reasonable in all circumstances of the case, taking into account, among other things, law and guidance, and with reference to the particular facts of any individual case. Each case would first be adjudicated by an adjudicator. Either party to the case may appeal against the adjudication. In the event of an appeal, the case proceeds to a final decision by the Ombudsman. As the Ombudsman is required to make decisions on the basis of, among other things, the principles of fairness, and may order a money award to the debtor or Lessee, it is not possible to predict how any future decision of the Ombudsman would affect the ability of the Issuer to make payments to Noteholders.

(c) **Termination by Originator**

The Originator has the right to terminate the Regulated Lease Agreement in the event of an unremedied breach of agreement by the Lessee. In such cases the Originator is entitled to repossess the Leased Vehicle. The Originator remains free to exercise its contractual right to repossess the Vehicles. It may also recover them by applying to court for an order for delivery of the goods. Under the Torts (Interference with Goods) Act 1977, the court has a discretion as to whether to make an order for delivery of the Vehicles without giving the Lessee the option to pay their value. Further, the court may impose conditions.

If the Originator was to repossess a Vehicle or to obtain an order for its delivery, there remains a risk that the court would exercise its power under section 132 of the CCA to return the Lessee's payments, in whole or in part, whose release from liability, in whole or in part, would then become exercisable. If it appears to the court just to do so, having regard to the extent of the enjoyment of the goods by the Lessee, the court shall grant the application in full or in part (s.132(1)).

Further the court has an inherent equitable jurisdiction to grant the Lessee relief against forfeiture. This applies in cases where it would be harsh and unconscionable for the owner to refuse the Lessee an opportunity to tender late performance. The Lessee would have to apply promptly for relief and prove that he can within a reasonable time discharge arrears and remedy other breaches.

As set out in paragraph 48 above, no Lessee under any Regulated Lease Agreement enjoys any voluntary termination rights under section 101 of the CCA.

(d) **Time Orders**

If, with regards to a Regulated Lease Agreement, certain default or enforcement proceedings are taken or notice of early termination is served on a Lessee, the Lessee can apply to the court for a time order to change the timing of payments under his Regulated Lease Agreement or to repay the outstanding sum by lower instalments than provided for in his Regulated Lease Agreement. Under the provisions of the CCA the court has a wide discretion to make an order incorporating such amendments to the relevant Regulated Lease Agreement as it considers fit, in order to achieve the objectives of the time order.

(e) **Unfair relationships**

Sections 140A to 140C of the CCA have contained an "unfair relationship" test, from 6 April 2007 for new credit agreements, and from 6 April 2008 with retrospective effect for existing credit agreements. The unfair relationship test explicitly imposes liability to repay amounts received from a debtor on both the originator and any assignee (such as the Issuer) if an unfair relationship is established. Importantly, although the unfair relationships provisions do not apply to consumer hire agreements and therefore do not apply to any of the Regulated Lease Agreements, the unfair relationship provisions do apply to most exempt credit agreements, for example, hire-purchase agreements for business purposes where the borrowers are individuals or relevant recipients of credit and the amount payable exceeds £25,000.

In applying the unfair relationship test, the courts will be able to consider a wider range of circumstances surrounding the transaction, including the creditor's conduct before and after making the agreement. There is no statutory definition of "unfair" as the intention is for the test to be flexible and subject to judicial discretion. The courts may look to the CCA for guidance. Once a debtor alleges that an unfair relationship exists, the burden of proof is on the creditor to prove the contrary.

The court has power to determine that the relationship between the lender and the customer arising out of the credit agreement (whether alone or with any related

agreement) is unfair to the customer. If the court makes the determination, then it may make an order, among other things, requiring the Originator, or any assignee such as the Issuer, to repay any sum paid by the customer. In deciding whether to make the determination, the court is required to have regard to all matters it thinks relevant, including the lender's conduct before and after making the credit agreement, and may make the determination even after the relationship has ended. Once the debtor or customer alleges that an unfair relationship exists, then the burden of proof is on the lender to prove the contrary.

Plevin v Paragon Personal Finance Limited [2014] UKSC 61, a November 2014 Supreme Court judgment, has clarified that compliance with the relevant regulatory rules by the creditor (or a person acting on behalf of the creditor) does not preclude a finding of unfairness, as a wider range of considerations may be relevant to the fairness of the relationship than those which would be relevant to the application of the rules. Where add-on products such as GAP insurance are sold and are subject to significant commission payments, it is possible that the non-disclosure of commission by the lender is a factor that could form part of a finding of unfair relationship. In November 2015, the FCA published its Consultation Paper CP 15/39 entitled "Rules and guidance on payment protection insurance complaints" and is currently consulting on such new rules and/or guidance which are to be brought in to deal with the impact of the judgment on complaints about PPI. A supplementary Consultation Paper CP16/20 was issued in August 2016 in which the FCA set out a timetable of December 2016 for deciding to proceed with its proposals and, if so, issuing final rules and guidance. The FCA has since announced on 9 December 2016 that due to receiving a large amount of feedback and the importance of the matter, it has postponed the timetable and will make a further announcement in Q1 2017. Although PPI complaints are not relevant here, the results of the consultation may more generally lead to an increase in the volume of *Plevin*-based unfair relationship claims.

The FCA has given no indication during its period of consultation that it will extend the *Plevin* PPI complaints rules and guidance specifically to undisclosed commissions in relation to GAP insurance. Although the FCA told firms to be aware of *Plevin* and its impact on lenders' failures to disclose commissions during its GAP insurance consultation CP 14/29 in the Spring of 2015, the FCA did not address *Plevin* when it published its policy statement PS 15/13 in June 2015.

49. **Liability for dealer's statements and breach of contract**

(a) **Regulated Lease Agreements**

Under section 56 of the CCA, a Lessee may make a claim against the Originator for any pre contractual statement made to the Lessee by (a) the Originator or its agent in relation to the making of the Regulated Lease Agreement, or (b) a credit broker in relation to the Leased Vehicle sold or proposed to be sold by the credit broker to the Originator before forming the subject matter of the Regulated Lease Agreement. If any such statement made by a person other than the Originator arises, the Originator would ordinarily seek to be indemnified by that person.

(b) **All Lease Agreements including Regulated Lease Agreements**

Under various Acts on sale or supply of goods, including the Consumer Rights Act 2015 which was applied to Lease Agreements entered into on or after 1 October 2015 (the "**CRA**"), a Lessee may also make a claim for misrepresentation and/or breach of contract against the Originator if the relevant Leased Vehicle that is the subject of the Lease Agreement is not of satisfactory quality or fit for its intended purpose. Under the terms of each Lease Agreement, the Originator excludes liability for breach of any condition or warranty as to the quality, condition, performance or fitness for purpose of the relevant Leased Vehicle. Where the Lessee makes the contract other than in the course of a business this exclusion does not affect the Lessee's statutory rights that the goods be of satisfactory quality and fit for their intended purpose. Where the Lessee

makes the contract in the course of a business the exclusion of liability will only be binding if it meets a statutory test of reasonableness. Whenever this test is not satisfied the Originator will seek to rely on its right to be reimbursed by the dealer (described above).

The Lessee may set off the amount of any claim he has against the Originator against the amount owing by the Lessee under the Lease Agreement or under any other Lease Agreement (or exercise analogous rights in Scotland).

50. **Other risks resulting from consumer legislation**

The Lessee is a "**consumer**" as defined in the relevant consumer legislation, i.e. an individual acting for purposes outside his own business.

(a) **Unfair Terms in Consumer Contracts Regulations 1999**

The Unfair Terms in Consumer Contracts Regulations 1999 (the **UTCCR**) apply to business-to-consumer contracts entered into prior to 1 October 2015. For business-to-consumer contracts entered into on or after the CRA Commencement Date, see "Consumer Rights Act 2015" below). The UTCCR are not restricted in application to Regulated Lease Agreements and may apply to any Lease Agreement where the Lessee is a consumer.

Where the UTCCR apply (see the above paragraph), the UTCCR render unenforceable unfair terms in business-to-consumer contracts (subject to certain exceptions). The UTCCR provide that: (a) a consumer may challenge a standard term in a contract on the basis that it is unfair and not binding on the consumer (although the rest of the contract continues to bind the parties if it is capable of continuing in existence without the unfair term); and (b) the appropriate regulator and any qualifying body (such as local trading standards authorities) may seek to enjoin (or in Scotland interdict) a business from relying on unfair terms.

The UTCCR do not generally affect terms that define the main subject matter of the contract or price terms, such as the consumer's obligation to repay the fixed monthly repayments (provided that these terms are written in plain, intelligible language and are drawn adequately to the consumer's attention), but may affect terms that are not considered to define the main subject matter of the contract or to be price terms, such as terms imposing default fees.

For example, if a term permitting the lender to impose a default fee (as the Seller is permitted to do) is found to be unfair, then the consumer is not liable to pay the default fee or, to the extent that he has paid it, he may claim against the Originator, or any assignee such as the Issuer, repayment of the amount of default fee paid, or may set off the amount of the claim against the amount owing by the consumer under the credit agreement or any other credit agreement he has taken with the lender (or exercise analogous rights in Scotland or Northern Ireland). Any such non-recovery, claim or set-off may adversely affect the Issuer's ability to make payments in full when due on the Notes.

The FCA addresses unfair terms in its regulation of consumer finance. The OFT (who regulated unfair terms in relation to consumer finance prior to 1 April 2014) has previously carried out an investigation into credit card default fees and on 5 April 2006 issued a statement of the principles that credit card issuers should follow in setting default fees, and that the principles are likely to apply to analogous default fees in other contracts. The principles are in essence that terms imposing default fees should not have the object of raising more in revenue than is reasonably expected to be necessary to recover certain limited administrative costs incurred as a result of the consumer's default. This guidance now forms part of CONC, specifically CONC 7.7.5R, which provides that "a firm must not impose charges on customers in default or arrears

difficulties unless the charges are no higher than necessary to cover the reasonable costs of the firm".

In March 2013, the Law Commission and the Scottish Law Commission (together, the **Commissions**) published advice to the UK Government on reforming the UTCCR. The Commissions recommended, among other things, that no assessment of fairness should be made of a term that specifies the main subject matter of the contract, or of a price term, provided that the term in question is transparent and prominent. The Commissions also recommended that the UTCCR should expressly provide that, in proceedings by consumers, the court is required to consider the fairness of a term, even if the consumer has not raised the issue, where the court has available to it the legal and factual elements necessary for that task. Such reforms are included in the CRA (see "Consumer Rights Act 2015" below) and came into force on the CRA Commencement Date.

As noted above, on 1 April 2014, the OFT's responsibilities for consumer credit, including enforcement of the UTCCR, transferred to the FCA (which also has responsibility for enforcement of the UTCCR in relation to financial services contracts for carrying on a regulated activity under the FSMA) and the OFT ceased to exist. Therefore, guidance issued by the FCA in relation to the UTCCR as well as guidance previously issued by the OFT and FSA may apply to the relevant Lease Agreements from 1 April 2014. It should be noted, however, that the guidance issued by the FSA and OFT (and, as of 1 April 2014, the FCA) has changed over time: on 2 March 2015, the FCA removed certain guidance and other material on the UTCCR from its website because they no longer reflect the FCA's current view on unfair contract terms pending new guidance on the Consumer Rights Bill (which was passing through UK Parliament at the time and has since received Royal Assent (see "Consumer Rights Act 2015" below)) and in light of wider legal developments. The FCA has not indicated how it considers the material it has removed to be inconsistent with its current views, and it is not clear when the FCA expects to be in a position to update the withdrawn material, although the FCA website was updated in January 2016 to refer to the Competition and Markets Authority's (**CMA**) guidance consultation as the latest development in guidance on unfair contract terms. This guidance makes it clear that the CRA generally carries forward rather than changes the substance of the protections provided to consumers under earlier legislation and guidance. As such, even with the changes in regulatory structure in the UK that came into effect on 1 April 2013, in respect of the relevant Lease Agreements originated before the CRA Commencement Date, the guidance issued by the FSA previously remains the most specific and relevant guidance on this topic; this is likely to continue to be the case as the FCA has confirmed that it does not intend to issue further guidance on unfair contract terms.

The CMA is the UK's national competition and consumer authority, which took over the role of principal enforcer of the UTCCR from the OFT in relation to unfair contract terms in April 2014. On 26 January 2015, the CMA published a guidance consultation on the unfair contract terms provisions in the Consumer Rights Bill (which has been enacted as the CRA). These guidelines, which were finalised as of 31 July 2015 (reference CMA37), are intended to support the CRA. The CRA consolidates and repeals the UTCCR and parts of the Unfair Contract Terms Act 1977 (**UCTA**) (see "Consumer Rights Act 2015" below). However, as noted above, despite its revocation, the UTCCR will continue to apply to contracts entered into prior to the CRA Commencement Date.

The Unfair Contract Terms Regulatory Guide (**UNFCOG**) in the FCA Handbook explains the FCA's policy on how it uses its formal powers under the UTCCR, although comprehensive guidance on the UTCCR themselves is not provided. The UNFCOG was updated on 1 October 2015 following the coming into force of the CRA but the updated version (the Unfair Contract Terms & Consumer Notices Regulatory Guide) applies only to contracts entered into on or after the CRA Commencement Date. The UNFCOG (in the form it was in on 30 September 2015) continues to apply to contracts entered into before the CRA Commencement Date.

The broad and general wording of the UTCCR (and the CRA (see "Consumer Rights Act 2015" below)) makes any assessment of the fairness of terms largely subjective and makes it difficult to predict whether or not a court would find a term to be unfair. It is therefore possible that any relevant Lease Agreement made with consumers may contain unfair terms, which may result in the possible unenforceability of those unfair terms. No assurance can be given that any regulatory action or guidance in respect of the UTCCR (and the CRA (see "Consumer Rights Act 2015" below)) will not have a material adverse effect on the relevant Lease Agreements and accordingly on the Issuer's ability to make payments in full when due on the Notes.

(b) **Consumer Rights Act 2015**

The CRA reforms and consolidates consumer law in the UK. The CRA involves the creation of a single regime for unfair contract terms out of UCTA (which essentially deals with attempts to limit liability for breach of contract) and the UTCCR. On the CRA Commencement Date, certain sections of the CRA revoked the UTCCR, amended the Sale of Goods Act 1979 (the "SGA") (i.e. much of the SGA no longer applies to business-to-consumer contracts) and introduced a new regime for dealing with unfair contractual terms with respect to contracts entered into on or after the CRA Commencement Date. The SGA and UTCCR will continue to apply to contracts entered into prior to the CRA Commencement Date as described above. The CRA is not restricted in application to Regulated Lease Agreements and may apply to any Lease Agreement where the Lessee is a consumer.

Under Part 2 of the CRA an unfair term of a consumer contract (a contract between a trader and a consumer) is not binding on a consumer (a term which has been revised to mean an individual acting for purposes that are wholly or mainly outside that individual's trade, business, craft or profession). In an additional change from the old regime, from the CRA Commencement Date, an unfair consumer notice will also not be binding on a consumer, although a consumer may rely on the term or notice if the consumer chooses to do so. A term will be unfair where, contrary to the requirement of good faith, it causes significant imbalance in the parties' rights and obligations under the contract to the detriment of the consumer. In determining whether a term is fair it is necessary to: (i) take into account the nature of the subject matter of the contract; (ii) refer to all the circumstances existing when the term was agreed; and (iii) refer to all of the other terms of the contract or any other contract on which it depends. The CRA also applies substantially the same test of fairness to consumer notices and generally refers to term and notices interchangeably.

Schedule 2 contains an indicative and non-exhaustive "grey list" of terms of consumer contracts that may be regarded as unfair. Notably, paragraph 11 lists "a term which has the object or effect of enabling the trader to alter the terms of the contract unilaterally without a valid reason which is specified in the contract". Although paragraph 22 provides that this does not include a term by which a supplier of financial services reserves the right to alter the rate of interest payable by or due to the consumer, or the amount of other charges for financial services without notice where there is a valid reason if the supplier is required to inform the consumer of the alteration at the earliest opportunity and the consumer is free to dissolve the contract immediately.

A consumer contract may not be assessed for fairness to the extent that: (i) it specifies the main subject matter of the contract; and/or (ii) the assessment is of the appropriateness of the price payable under the contract by comparison with the goods, digital content or services supplied under it, unless it appears on the "grey list" referenced above. A trader must ensure that a written term of a consumer contract, or a consumer notice in writing, is transparent i.e. that it is expressed in plain and intelligible language and is legible. Where a term of a consumer contract is "unfair" it will not bind the consumer. However, the remainder of the contract, will, so far as practicable, continue to have effect in every other respect.

Where a term in a consumer contract is susceptible of multiple different meanings, the meaning most favourable to the consumer will prevail. In a shift from the old regime, under the CRA it is the duty of the court to consider the fairness of any given term. This can be done even where neither of the parties to proceedings has explicitly raised the issue of fairness.

The provisions in the CRA governing unfair contractual terms and implied terms as to title, description and quality or fitness of the goods apply in respect of contracts entered into on or after the CRA Commencement Date. As stated above, the SGA, UCTA and UTCCR continue to apply to contracts entered into prior to the CRA Commencement Date. The new CRA regime does not seem to be significantly different from the regime under the UTCCR, UCTA or the SGA. However, this area of law is rapidly developing and new regulatory guidance and case law as a result of this new legislation can be expected. No assurance can be given that any changes in legislation, guidance or case law on unfair terms or implied terms as to title, description and quality or fitness of the goods will not have a material adverse effect on the relevant Lease Agreements and accordingly on the Issuer's ability to make payments in full when due on the Notes.

No assurance can be given that any further guidance on or changes to the CRA and/or the UTCCRs, if enacted, will not have an adverse effect on the Portfolio, the Seller, the Servicer, the Agent Bank or Paying Agents or the Issuer and their respective businesses and operations. This may adversely affect the ability of the Issuer to dispose of the Portfolio, or any part thereof, in a timely manner and/or the realisable value of the Portfolio, or any part thereof, and accordingly affect the ability of the Issuer to meet its obligations under the Notes when due.

(c) **Financial Services (Distance Marketing) Regulations 2004**

The Financial Services (Distance Marketing) Regulations 2004 (the "**DMRs**") apply to financial services consumer agreements made with consumers on or after 31 October 2004 by means of distance communication (i.e. without any substantive simultaneous physical presence of the consumer and the trader or intermediary) ("**DMR Agreements**"). The DMRs generally prescribe pre-contract information, and a right to cancel. Likewise, the consumer Contracts (Information, Cancellation and Additional Charges) Regulations 2013 (the "**Information Regulations**") provide for consumers to receive pre-Contract information and enjoy cancellation rights in respect of certain non-financial services contracts (such as Regulated Lease Agreements) which are executed at a distance or off-premises. Both the DMRs and the Information Regulations provide for the consumer to send notice of cancellation under the DMR at any time during the 14 days starting with the day after the agreement is made or, if later, the consumer received the last of the prescribed information. These cancellation rights are not restricted in application to Regulated Lease Agreements and may apply to any Lease Agreement where the Lessee is a consumer. However, the DMRs are restricted in application to financial services contracts whereas the Information Regulations apply to non-financial services contracts.

If the Lessee cancels the Lease Agreement under the DMRs, or the Information Regulations then he is entitled to recover his past payments under the agreement, and is liable to pay charges if proportionate and disclosed as payable for a cancelled agreement, and if with the Lessee's consent performance started before the cancellation period expired.

In common with the documentation of many other players in the consumer finance market, the consumer receives pre-contract information that will or may not contain certain details of prescribed information under the Information Regulations. No Lease Agreement in the pool is a hire purchase/credit agreement with a consumer and therefore the DMRs do not apply. If a significant number of Lessees were to take the relevant legislative points, this could, depending on the attitude of the courts or other dispute resolution authority, lead to significant disruption and shortfall in the income of the Issuer.

(d) **Consumer Protection from Unfair Trading Regulations 2008**

The Consumer Protection from Unfair Trading Regulations 2008 (the "CPUTR") prohibit unfair business-to-consumer commercial practices before, during and after a consumer contract is made. The CPUTR do not currently give any claim, defence or right of set-off to an individual consumer. Breach of the CPUTR does not (of itself) render an agreement void or unenforceable, but the possible liabilities for misrepresentation or breach of contract in relation to agreements may result in irrecoverable losses on amounts to which such agreements apply. The Consumer Protection (Amendment) Regulations 2014 have amended the CPUTR with effect from 1 October 2014 so as to give consumers a right to redress for prohibited practices, including a right to unwind agreements. The CPUTR are not restricted in application to Regulated Lease Agreements and may apply to any Lease Agreement where the Lessee is a consumer.

The CPUTR require the CMA (or prior to 1 April 2014, the OFT) and local trading standards authorities to enforce the CPUTR by prosecution or by seeking an enforcement order to prevent a business from carrying on unfair practices. In addition, the FCA (or prior to 1 April 2014, the OFT) addresses unfair practices in its regulation of consumer finance. No assurance can be given that any regulatory action or guidance in respect of the CPUTR will not have a material adverse effect on the relevant Lease Agreements and accordingly on the Issuer's ability to make payments in full when due on the Notes.

No assurance can be given that the United Kingdom implementation of the CPUTR will not have a material adverse effect on the Lease Agreements and accordingly the ability of the Issuer to make payments to Noteholders.

51. **Risk of non-existence of Portfolio**

In the event that any of the Portfolio have not come into existence at the time of their assignment to the Issuer under the Purchase Agreement, such assignment would not result in the Issuer acquiring ownership title in such purchased Lease Receivable. The Issuer would not receive adequate value in return for its purchase price payment. This result is independent of whether the Issuer, at the time of assignment, is not aware of the non-existence and therefore acts in good faith with respect to the existence of such purchased Lease Receivable or not. This risk, however, will be mitigated by contractual representations and warranties and the contractual obligation that the relevant Seller shall pay to the Issuer an amount equal to the deemed amount of the Aggregate Discounted Balance of such non-existent Lease Receivables as of the date of such payment.

52. **Risks relating to the insolvency of the Issuer and/or LPUK**

(a) **Recharacterisation of fixed security interest**

There is a possibility that a court could find that certain of the fixed security interests expressed to be created by the Issuer Deed of Charge, which is governed by English law, could take effect as floating charges notwithstanding that they are expressed to be fixed charges in particular where the Issuer Security Trustee does not exercise the requisite degree of control over the relevant security granted in accordance with the Issuer Deed of Charge.

If the fixed security interests are recharacterised as floating security interests, the claims could be diverted to pay preferential creditors and certain other liabilities were a receiver, liquidator or administrator appointed in respect of the Issuer.

(b) **Administrator Incentive Recovery Fee**

As noted above, only the Lease Receivables and the RV Claims will be transferred to the Issuer rather the Leased Vehicles themselves. As such, the Leased Vehicles will

remain the property of LPUK. LPUK as the Realisation Agent is responsible for selling the Leased Vehicles resulting from Defaulted Lease Agreements or where LPUK as Repurchaser has failed to repurchase the Lease Receivables (if applicable) and the RV Claims in accordance with the Purchase Agreement, in each case after the Leased Vehicle has been returned to LPUK. The Vehicle Realisation Proceeds from such sales are, in the ordinary course, payable to the Issuer. If the Issuer does not receive the Vehicle Realisation Proceeds this may affect its ability to make payments under the Notes.

In the event of an insolvency of LPUK, as ownership of the Vehicles vests with LPUK, only the Insolvency Official is able to sell the relevant Vehicles. Although proceeds from any sale of the Vehicles will be paid to the Issuer, in order to mitigate against the risk that the Insolvency Official chooses not to sell the relevant Lease Vehicles, the transaction structure includes a number of incentivisation mechanisms. For example, in order to help incentivise the Insolvency Official to sell or consent to the sale of the Leased Vehicle by the Back-Up Realisation Agent, the transaction structure includes the concept of the Administrator Incentive Recovery Fee. The Administrator Incentive Recovery Fee is payable to the insolvency official of LPUK in relation to the sale of the Leased Vehicles. The fee will be equal to a percentage of the corresponding Vehicle Realisation Proceeds. The Administrator Incentive Recovery Fee will be paid to the administrator or liquidator of LPUK, even where the Leased Vehicle has been sold by the Back-Up Realisation Agent.

There are also further incentives for the Insolvency Official to sell or consent to the sale of the relevant Leased Vehicles. For example, LPUK will be liable in damages to the Issuer as it would have breached its contractual obligations to the Issuer under the Purchase Agreement to sell the related Leased Vehicle upon termination of the Lease Agreement or recovery of the Leased Vehicle in relation to Defaulted Leases.

To the extent the Insolvency Official sought not to sell or consent to the sale of the relevant Lease Vehicles but rather re-lease them as part of a new business plan (although LPUK is not currently engaged in the leasing of second-hand cars, other than in relation to sale and leaseback arrangements), in addition to damages payable to the Issuer, any such proceeds would still need to be accounted to the Issuer as RV Claims. Such amounts include any sale proceeds or amounts arising as a result of entering into a new lease with respect to any Leased Vehicles.

Should an administrator or liquidator be appointed in relation to LPUK, a moratorium on legal proceedings and (in the case of an administration) the enforcement of security against LPUK (including security interests under the LPUK Deed of Charge) will arise. Notwithstanding the various incentives on the Insolvency Official to sell the relevant Leased Vehicles, there can be no assurance that such incentives will be sufficient to incentivise an Insolvency Official to take prompt action to sell or consent to the sale of the Leased Vehicles (in particular, in circumstances where the insolvency proceedings are complex). Noteholders should also be aware that the Administrator Incentive Recovery Fee is payable in priority to payments of principal and interest on the Notes in accordance with the relevant Priority of Payments. If the fee negotiated by the Servicer (or Back-Up Servicer) with the Insolvency Official is of a sufficient size this may reduce the amounts available to make payments in respect of the Notes.

(c) **Appointment of an administrator**

The Issuer will enter into the Issuer Deed of Charge pursuant to which it will grant security in respect of certain of its obligations, including its obligations under the Notes. If certain insolvency proceedings are commenced in respect of the Issuer, the ability to realise the Issuer Security may be delayed and/or the value of the Issuer Security impaired. In particular, the ability to realise the security granted by the Issuer may be delayed if an administrator is appointed or in the context of a company voluntary arrangement in respect of the Issuer. In this regard, it should be noted that:

- (i) in general, an administrator may not be appointed in respect of a company if an administrative receiver is in office. Amendments were made to the Insolvency Act 1986 in September 2003 which restrict the right of the holder of a floating charge to appoint an administrative receiver, unless an exception applies. Significantly, one of the exceptions allows for the appointment of an administrative receiver in relation to certain transactions in the capital market. While it is anticipated that the requirements of this exception will be met in respect of the Issuer Deed of Charge, it should be noted that the Secretary of State for Business may by regulation modify the capital market exception and/or provide that the exception shall cease to have effect; and
- (ii) under the Insolvency Act 1986 (as amended by the Insolvency Act 2002), certain "small" companies (which are defined by reference to certain financial and other tests) are entitled to seek protection from their creditors for a limited period for the purposes of putting together a company voluntary arrangement. The position as to whether or not a company is a small company may change from time to time and consequently no assurance can be given that the Issuer will not, at any given time, be determined to be a small company. However, certain companies are excluded from the optional moratorium provisions, including a company which is party to certain transactions in the capital market and/or which has a liability in excess of a certain amount. While the Issuer should fall within the current exceptions, it should be noted that the Secretary of State for Business may by regulation modify these exceptions.

While the transaction structure is designed to minimise the likelihood of the Issuer becoming insolvent, there can be no assurance that the Issuer will not become insolvent and/or the subject of insolvency proceedings and/or that the Noteholders would not be adversely affected by the application of insolvency laws.

(d) **Subordination provisions**

There is uncertainty as to the validity and/or enforceability of a provision which (based on contractual and/or trust principles) subordinates certain payment rights of a creditor to the payment rights of other creditors of its counterparty upon the occurrence of insolvency proceedings relating to that creditor. In particular, recent cases have focused on provisions involving the subordination of a swap counterparty's payment rights in respect of certain termination payments upon the occurrence of insolvency proceedings or other default on the part of such counterparty (so-called "flip clauses"). Such provisions are similar in effect to the terms which will be included in the Transaction Documents relating to the subordination of Subordinated Termination Payments.

The English Supreme Court has held that a flip clause as described above is valid under English law. Contrary to this, however, the US Bankruptcy Court has held that such a subordination provision is unenforceable under US bankruptcy law and that any action to enforce such provision would violate the automatic stay which applies under such law in the case of a US bankruptcy of the counterparty. The implications of this conflict remain unresolved, particularly as several subsequent challenges to the U.S. decision have been settled and certain other actions which raise similar issues are pending but have not progressed for some time.

Most recently, in a June 2016 opinion, *Lehman Brothers Special Financing Inc. v Bank of America National Association, et al.* (No. 10-03547 (SCC)) (*In re Lehman Bros. Holdings, Inc.*), the U.S. Bankruptcy Court found, among other things, that provisions in a swap agreement that established the priority of distributions to a swap participant at the time an early termination occurred resulting from the filing of a bankruptcy case, were not prohibited *ipso facto* clauses under the U.S. Bankruptcy Code and were enforceable against the debtor. In contrast, in the court's prior decisions, the priorities at issue there were established at the time the swaps were entered into and then later reversed as a result of an early termination caused by the filing of a bankruptcy case. Therefore, the court held in those cases that such provisions were prohibited *ipso facto*

clauses. Consistent with its prior rulings, the court also ruled in its June 2016 decision that certain other transactions at issue in that case involving the reversing of pre-determined priorities resulting from the filing of a bankruptcy case also violated the ipso facto prohibitions under the U.S. Bankruptcy Code.

If a creditor of the Issuer (such as the Interest Rate Swap Counterparty) or a related entity becomes subject to insolvency proceedings in any jurisdiction outside England and Wales (including, but not limited to, the US), and it is owed a payment by the Issuer, a question arises as to whether the insolvent creditor or any insolvency official appointed in respect of that creditor could successfully challenge the validity and/or enforceability of subordination provisions included in the English law governed Transaction Documents (such as a provision of the Priorities of Payments which refers to the ranking of the Interest Rate Swap Counterparty's payment rights in respect of Subordinated Termination Payments). In particular, based on the decision of the US Bankruptcy Court referred to above, there is a risk that such subordination provisions would not be upheld under US bankruptcy laws. Such laws may be relevant in certain circumstances with respect to the Interest Rate Swap Counterparty (and/or with respect to any replacement counterparty, depending on certain matters in respect of that entity). In addition, there is a risk that the subordination provisions would not be upheld under French law in the event that insolvency proceedings were commenced in France in respect of a creditor of the Issuer.

In general, if a subordination provision included in the Transaction Documents was successfully challenged under the insolvency laws of any relevant jurisdiction outside England and Wales and any relevant foreign judgment or order was recognised by the English courts, there can be no assurance that such actions would not adversely affect the rights of the Noteholders, the market value of the Notes and/or the ability of the Issuer to satisfy its obligations under the Notes.

Lastly, given the general relevance of the issues under discussion in the judgments referred to above and that the Transaction Documents will include terms providing for the subordination of Subordinated Termination Payments, there is a risk that the final outcome of the dispute in such judgments (including any recognition action by the English courts) may result in negative rating pressure in respect of the Notes. If any rating assigned to the Notes is lowered, the market value of the Notes may be reduced.

53. Liquidation expenses

Prior to the House of Lords' decision in the case of *Re Leyland Daf* in 2004, the general position was that, in a liquidation of a company, the liquidation expenses ranked ahead of unsecured debts and floating chargees' claims. *Re Leyland Daf* reversed this position so that liquidation expenses could no longer be recouped out of assets subject to a floating charge. However, section 176ZA of the Insolvency Act, which came into force on 6 April 2008, effectively reversed by statute the House of Lords' decision in *Re Leyland Daf*. As a result, it is now the case that the costs and expenses of a liquidation will be payable out of floating charge assets in priority to the claims of the floating charge-holder. In respect of certain litigation expenses of the Insolvency Official only, this is subject to the approval of the amount of such expenses by the floating charge-holder (or, in certain circumstances, the court) pursuant to rules 4.218A to 4.218E of the Insolvency Rules 1986. In general, the reversal of *Leyland Daf* applies in respect of all liquidations commenced on or after 6 April 2008.

Therefore, floating charge realisations upon the enforcement of the floating charge security to be granted by the Issuer would be reduced by the amount of all, or a significant proportion of, any liquidation expenses.

54. Disclaimer

Under section 178 of the Insolvency Act, a liquidator may disclaim any onerous property notwithstanding that he has taken possession of it, endeavoured to sell it or otherwise exercised rights of ownership in relation to it. For the purposes of section 178 of the Insolvency Act

"onerous property" means any unprofitable contract and any other property of the company which is unsaleable or not readily saleable or is such that it may give rise to a liability to pay money or perform any other onerous act. Any agreement which may, by its performance by a company, prejudice the liquidator's obligation to realise that company's property and pay a dividend to creditors within a reasonable period of time could, prima facie, constitute onerous property of such company. It is therefore possible that an Insolvency Official of LPUK may seek to disclaim the Lease Agreements which LPUK has entered into notwithstanding the Issuer is (subject to a delegation to LPUK as Sub-Maintenance Coordinator) under an obligation to provide certain maintenance services in respect of the Leased Vehicles under certain of the Lease Agreements. If an Insolvency Official sought to disclaim certain Lease Agreements then the Issuer's income from the Portfolio may be affected thereby impairing its ability to make payments under the Notes.

Where a liquidator of LPUK were to disclaim a Lease as onerous property, such a disclaimer would only operate so far as is necessary for the purpose of releasing LPUK from any liability. Any such disclaimer would therefore not affect the rights or liabilities of any other person (including the rights of the Lessees to retain possession under the Lease Agreements and the rights of Issuer to receive payments of the rental from Lessees) nor would the disclaimer operate so as to affect the disposition of the RV Claims to the Issuer in each case on the basis that these claims have already vested. Notwithstanding this, in order to mitigate against the risks outlined above, a Back-Up Sub-Maintenance Coordinator will on the occurrence of an Appointment Trigger, be procured by LPUK within 120 calendar days and will be appointed by the Issuer to co-ordinate the performance of the Lease Services on the occurrence of a Sub-Maintenance Coordinator Termination Event and following notification by the Issuer (with prior consent of the Issuer Security Trustee) or the Issuer Security Trustee to the Back-Up Sub-Maintenance Coordinator to commence the coordination of the Lease Services. The insolvency of LPUK is a Sub-Maintenance Coordinator Termination Event.

If the appointment of LPUK as Sub-Maintenance Coordinator is terminated pursuant to the terms of the Sub-Maintenance Coordination Agreement (which could occur if the Insolvency Official elects not to continue the maintenance obligations and other services), the Back-Up Sub-Maintenance Coordinator will perform the maintenance tasks if notification is provided to it by the Issuer (with prior consent of the Issuer Security Trustee) or the Issuer Security Trustee. Where the maintenance and other obligations under the Lease Agreements are carried out by another entity, it would be unlikely that an Insolvency Official would deem these obligations to be onerous on the part of LPUK unless the continuance of the obligations could prejudice the liquidator's ability to realise LPUK's property and pay a dividend to creditors within a reasonable period of time. Although some residual liability to the Lessees may remain with LPUK (LPUK will be liable in the event that the Back-Up Sub-Maintenance Coordinator does not perform the maintenance obligations in accordance with the terms of the relevant Lease Agreements), the liquidator will be paid a Liquidation Fee by the Issuer to compensate for any such losses.

To help further mitigate against this risk, the Purchase Agreement will also include liquidated damages provisions so that where the Insolvency Official disclaims a contract then LPUK would have to pay damages to the Issuer in an amount equal to all amounts the Issuer would expect to receive under the Lease Agreements and from the associated RV Claim. Such damages claim would, however, be an unsecured claim against LPUK. It would also be likely that the Lessees would seek damages for default by LPUK under the Lease Agreements following any disclaimer of the contracts. Furthermore, although no assurances can be given that a court would grant a vesting order, where an Insolvency Official sought to disclaim it may be possible for the Issuer to seek a vesting order from the court such that the disclaimed property is vested in it. However, this may have an adverse impact on the Issuer's securitisation company status for UK corporation tax purposes.

55. **Reliance on warranties**

If the Portfolio should partially or totally fail to conform at the Initial Cut-Off Date, the Closing Date, the Additional Cut-Off Dates or the Additional Portfolio Purchase Dates, as applicable, to the Lease Warranties given by the Seller in the Purchase Agreement and such failure has a Lease Receivable Material Adverse Effect in relation to the Lease Receivables and/or RV Claims, the

Seller shall have 20 Business Days after the date that the Seller became aware or was notified of such failure to cure in all material respects or correct such failure. Any such breach or failure will not be deemed to have a Lease Receivable Material Adverse Effect if such failure does not affect the ability of the Issuer to receive and retain timely payment in full of such Lease Receivable and RV Claim. If the Seller does not cure or correct such failure prior to such time, then the Seller is required to repurchase the Lease Receivables and RV Claims affected by such failure on the Transfer Date following the expiration of such period at a price equal to the Aggregate Discounted Balance of such Lease Receivables and/or RV Claims as of the Cut-Off Date immediately preceding the date of such repurchase).

Where a breach of the Lease Warranties or any of them (including the Eligibility Criteria) occurs by reason of the Lease Agreement (or part thereof) being determined illegal, invalid, non binding or unenforceable under the CCA, the Seller is not obliged to repurchase the relevant Lease Receivables and RV Claim in accordance with the Purchase Agreement but is under an obligation on or before the next following Transfer Date to pay an amount, calculated by the Servicer in accordance with the Servicing Agreement, required to compensate the Issuer for any loss suffered by the Issuer as a result of such breach. If a Lease Receivable and/or RV Claim has never existed, or has ceased to exist, such that it is not outstanding on the date on which it is otherwise due to be repurchased pursuant to the Purchase Agreement, the Seller is not obliged to repurchase the Issuer's rights, title, interest and benefit in to and under such Lease Receivable and/or RV Claim but shall instead indemnify the Issuer and the Issuer Security Trustee against any loss and all liabilities suffered by reason of any warranty or representation relating to or otherwise affecting such Lease Receivable and/or RV Claim being untrue or incorrect by reference to the facts subsisting at the date on which the relevant warranty or representation was given provided that the amount of such indemnity shall not exceed the Aggregate Discounted Balance of such Lease Receivables and/or RV Claims (calculated as at the Cut-Off Date immediately prior to the date on which such Lease Receivables and/or RV Claims were due to be repurchased) had the Lease Receivables and/or RV Claims existed on the relevant repurchase date and complied with each of the Lease Warranties in relation to such Lease Receivables and/or RV Claims as at the relevant date. Payments in respect of such indemnity shall be made by the Seller on the date occurring not later than the next following Transfer Date immediately after the Seller has become aware of the relevant breach.

The Issuer's rights under these provisions are, however, not secured, and the Noteholders bear the risk deriving from this fact.

56. Conflicts of interest

LPUK, the Joint Lead Managers, the Note Purchaser, the Arranger, the Note Trustee, the Issuer Trustee, the LPUK Trustee, the Principal Paying Agent, the Account Bank, the Cash Manager, the Interest Rate Swap Counterparty, the Corporate Services Provider and the Reporting Agent are acting in a number of capacities in connection with the transaction. These parties will have only those duties and responsibilities expressly agreed to by them in the relevant Transaction Document and will not, by virtue of their or any of their affiliates acting in any other capacity, be deemed to have any other duties or responsibilities or be deemed to be held to a standard of care other than as expressly provided with respect to each agreement to which they are a party. The aforementioned parties in their various capacities in connection with the transaction may enter into business dealings from which they may derive revenues and profits without any duty to account therefor in connection with the transaction.

LPUK in particular may hold and/or service claims against the Lessees other than the Portfolio. The interests or obligations of the aforementioned parties in their respective capacities with respect to such other claims may in certain aspects conflict with the interests of the Noteholders.

The Joint Lead Managers may act under various capacities in this transaction and may (directly or in directly) purchase Notes and, in this case may trade or exercise voting rights in respect of the Notes held by the relevant entity in a manner that may not be aligned with the interests of the other Noteholders.

The aforementioned parties (and their affiliates) may engage or may have been engaged in commercial relationships and provide certain services to the Seller, the LeasePlan Group and/or the Lessees and other parties, such as, in particular, acting as lender and providing general banking, investment and other financial services. In such relationships the aforementioned parties are not obliged to take into account the interests of the Noteholders. Accordingly, because of these relationships, potential conflicts of interest may arise out of the transaction.

57. **Regulatory treatment of ABS (including Basel III and risk retention)**

Regulatory initiatives may have an adverse impact on the regulatory treatment of the Notes

In Europe, the U.S. and elsewhere there is increased political and regulatory scrutiny of the asset-backed securities industry. This has resulted in a raft of measures for increased regulation which are currently at various stages of implementation and which may have an adverse impact on the regulatory position for certain investors in securitisation exposures and/or on the incentives for certain investors to hold asset-backed securities, and may thereby affect the liquidity of such securities. Investors in the Notes are responsible for analysing their own regulatory position and none of the Issuer, the Joint Lead Managers, the Arranger or the Originator makes any representation to any prospective investor or purchaser of the Notes regarding the regulatory treatment of their investment on the Closing Date or at any time in the future.

In particular, investors should note that the Basel Committee on Banking Supervision (**BCBS**) has approved significant changes to the Basel regulatory capital and liquidity framework (such changes being commonly referred to as "**Basel III**"), including certain revisions to the securitisation framework. Basel III provides for a substantial strengthening of existing prudential rules, including new requirements intended to reinforce capital standards (with heightened requirements for global systemically important banks) and to establish a leverage ratio "backstop" for financial institutions and certain minimum liquidity standards (referred to as the Liquidity Coverage Ratio (**LCR**) and the Net Stable Funding Ratio (**NSFR**)). BCBS member countries agreed to implement Basel III from 1 January 2013, subject to transitional and phase-in arrangements for certain requirements (e.g. the LCR requirements refer to implementation from the start of 2015, with full implementation by January 2019, and the NSFR requirements refer to implementation from January 2018). As implementation of any changes to the Basel framework (including those made via Basel III) requires national legislation, the final rules and the timetable for its implementation in each jurisdiction, as well as the treatment of asset-backed securities (e.g. as LCR eligible assets or not), may be subject to some level of national variation. It should also be noted that changes to regulatory capital requirements have been made for insurance and reinsurance undertakings through participating jurisdiction initiatives, such as the Solvency II framework in Europe.

In addition, investors should be aware of the EU risk retention and due diligence requirements which currently apply, or are expected to apply in the future, in respect of various types of EU regulated investors including credit institutions, authorised alternative investment fund managers, investment firms, insurance and reinsurance undertakings, UCITS funds and institutions for occupational retirement provision. Amongst other things, such requirements restrict a relevant investor from investing in asset-backed securities unless (i) that investor is able to demonstrate that it has undertaken certain due diligence in respect of various matters including its note position, the underlying assets and (in the case of certain types of investors) the relevant sponsor or originator and (ii) the originator, sponsor or original lender in respect of the relevant securitisation has explicitly disclosed to the investor that it will retain, on an ongoing basis, a net economic interest of not less than 5% in respect of certain specified credit risk tranches or asset exposures. Failure to comply with one or more of the requirements may result in various penalties including, in the case of those investors subject to regulatory capital

requirements, the imposition of a penal capital charge on the notes acquired by the relevant investor. Aspects of the requirements and what is or will be required to demonstrate compliance to national regulators remain unclear.

The risk retention and due diligence requirements described above apply, or are expected to apply, in respect of the Notes. With respect to the commitment of the Originator to retain a material net economic interest in the securitisation and with respect to the information to be made available by the Issuer or another relevant party (or, after the Closing Date, by the Servicer or the Cash Manager on the Issuer's behalf), please see the statements set out in "EU Risk Retention Requirements". Relevant investors are required to independently assess and determine the sufficiency of the information described above for the purposes of complying with any relevant requirements and none of the Issuer, the Originator (in its capacity as the Seller) the Servicer or the Cash Manager nor the Arranger or Joint Lead Manager makes any representation that the information described above is sufficient in all circumstances for such purposes.

It should be noted that the European Commission has published legislative proposals for two new regulations related to securitisation including the text of the proposed amending regulations. Amongst other things, the proposals include provisions intended to implement the revised securitisation framework developed by BCBS and provisions intended to harmonise and replace the risk retention and due diligence requirements (including the corresponding guidance provided through technical standards) applicable to certain EU regulated investors. There are material differences between the legislative proposals and the current regulatory requirements including with respect to application approach under the retention requirements and the originator entities eligible to retain the required interest. Moreover, further changes may be and have been proposed through the political negotiation process. It is not clear whether and in, in the case of any corresponding technical standards, what form, the legislative proposals (and any corresponding technical standards) will be adopted. In addition, the compliance position under any adopted revised requirements of transactions entered into prior to adoption, and of activities undertaken by a party (including an investor) in respect of such transactions, is uncertain.

Prospective investors should therefore make themselves aware of the changes and requirements described above (and any corresponding implementing rules of their regulator), where applicable to them, in addition to any other applicable regulatory requirements with respect to their investment in the Notes. The matters described above and any other changes to the regulation or regulatory treatment of the Notes for some or all investors may negatively impact the regulatory position of individual investors and, in addition, have a negative impact on the price and liquidity of the Notes in the secondary market.

58. **EMIR and MiFID II/MiFIR**

The Interest Rate Swap Counterparty has agreed to provide hedging to the Issuer, and investors should be aware that, further to Regulation (EU) n. 648/2012 of the European Parliament and of the Council of 4 July 2012 ("**EMIR**"), the Issuer is subject to certain regulatory requirements including, but not limited to, various compliance requirements for non-cleared "over-the-counter" ("**OTC**") derivative transactions (known as the 'risk mitigation techniques') and the requirement to report derivative transactions to a trade repository or to the European Securities and Market Authority ("**ESMA**") which may result in future amendments by the Issuer to the Transaction Documents, in particular where Noteholder consent will not be required for such amendments. The 'risk mitigation techniques' include requirements for timely confirmation, portfolio reconciliation, and dispute resolution. From the Issue Date, LPC will provide services to the Issuer which are required in order for the Issuer to comply with its reporting and portfolio reconciliation obligations under EMIR, to the extent that they may be delegated.

In addition, under EMIR, certain counterparties will be subject to a general obligation (the "**clearing obligation**") to clear certain classes of OTC derivative transactions through a duly authorised or recognised central counterparty. However, the clearing obligation will only apply to (i) financial counterparties, such as European investment firms, certain alternative investment funds, credit institutions and insurance companies ("**FCs**") or (ii) non-financial counterparties whose positions, together with the positions of all other non-financial counterparties in its "group" (as defined in EMIR), in OTC derivatives (excluding hedging positions) exceed any of the specified clearing thresholds ("**NFC+s**," and together with FCs, the "**In Scope Counterparties**"). As the Issuer is not expected to be an In Scope Counterparty, it is not expected to be subject to this mandatory clearing obligation.

In Scope Counterparties will also be subject to a requirement to post initial and variation margin in respect of any OTC derivative transactions that are not cleared through an authorised or recognised central counterparty. In Scope Counterparties will need to start posting variation margin in respect of relevant OTC derivatives transactions from 1 March 2017. However, In Scope Counterparties will only need to exchange initial margin in respect of relevant uncleared OTC derivatives transactions from the relevant phase-in date (as set out in EMIR) if it and its counterparty both have, or belong to, groups each of which has an aggregate month-end average notional amount of uncleared derivatives that is above EUR 8 billion. As the Issuer is not expected to be an In Scope Counterparty, it is not expected to be subject to this requirement.

The EU regulatory framework and legal regime relating to derivatives is set not only by EMIR but also by the proposals to amend the existing Markets in Financial Instruments Directive. The official texts of Directive 2014/65/EU of the European Parliament and of the Council of 15 May 2014 on markets in financial instruments and amending Directive 2002/92/EC and Directive 2011/61/EU ("**MiFID II**") and Regulation (EU) No 600/2014 of the European Parliament and of the Council of 15 May 2014 on markets in financial instruments and amending Regulation (EU) No 648/2012 ("**MiFIR**" together with MiFID II "**MiFID II/MiFIR**") were published in the EU Official Journal on 12 June 2014 and entered into force on 2 July 2014. MiFIR is a Level -1 regulation and requires secondary rules for full implementation of all elements. The implementing measures that supplement MiFIR will take the form of delegated acts and technical standards. On 23 April 2014 the Commission asked ESMA to produce technical advice on the necessary delegated acts. On 22 May 2014 ESMA launched its consultation process which is on-going. MiFID II/MiFIR will apply in EU member states from 3 January 2018.

Amongst other requirements, MiFIR requires certain standardised derivatives to be traded on exchanges and electronic platforms (the "**Trading Obligation**"). Regulatory technical standards will be developed to determine which derivatives will be subject to the Trading Obligation. In this respect, it is difficult to predict the full impact of these regulatory requirements on the Issuer.

Prospective investors should be aware that the regulatory changes arising from EMIR and MiFID II/ MiFIR may in due course significantly raise the costs of entering into derivative contracts and may adversely affect the Issuer's ability to engage in transactions in OTC derivatives. As a result of such increased costs or increased regulatory requirements, investors may receive less interest or return, as the case may be. Investors should be aware that such risks are material and that the Issuer could be materially and adversely affected thereby. As such, investors should consult their own independent advisers and make their own assessment about the potential risks posed by EMIR, technical standards made thereunder (including the adopted technical standards) and MIFID II/MiFIR, in making any investment decision in respect of the Notes.

59. **Restrictions on transfer**

The Notes have not been, and will not be, registered under the Securities Act or with any securities regulatory authority of any state or other jurisdiction of the United States. The Offering of the Notes will be made pursuant to exemptions from the registration provisions of

the Securities Act and from state securities laws. No person is obliged or intends to register the Notes under the Securities Act or any state securities laws. Accordingly, offers and sales of the Notes are subject to the restrictions described under "Subscription and Sale".

60. **Responsibility of prospective investors**

The purchase of Notes is only suitable for investors that have adequate knowledge and experience in such structured investments and have the necessary background and resources to evaluate all risks related with the investment, that are able to bear the risk of loss of their investment (up to a total loss of the investment) without the necessity to liquidate the investment in the meantime and that are able to assess the tax aspects of such investment independently.

Furthermore, each potential investor should on the basis of its own and independent investigation and help of its professional advisers (the consultation of which the investor may deem necessary) be able to assess if the investment in the Notes is in compliance with its financial requirements, targets and situation (or if it is acquiring the Notes in a fiduciary capacity, the beneficiary's), is in compliance with its principles for investments, guidelines or restrictions (regardless of whether it acquires the Notes for itself or as a security trustee) and is an appropriate investment for the purchaser (or for any beneficiary if acting as a trustee), notwithstanding the risks of such investment.

61. **Uncertainty about United Kingdom's membership in the European Union**

On 23 June 2016, the United Kingdom held a referendum to decide on its membership in the European Union. The United Kingdom vote was to leave the European Union. There are a number of uncertainties in connection with the future of the United Kingdom and its relationship with the European Union. The negotiation of its exit terms is likely to take a number of years. Given this uncertainty and the range of possible outcomes (including, without limitation, the possibility of a further referendum on Scottish independence), it is not currently possible to determine the impact that the referendum, the United Kingdom's departure from the European Union and/or any related matters may have on the business of the Originator or any Lessees or one or more of the other parties to the Transaction Documents. As such, no assurance can be given that such matters would not adversely affect the ability of the Issuer to satisfy its obligations under the Notes and/or the market value and/or the liquidity of the Notes in the secondary market.

62. **No gross-up for taxes**

Should any withholding or deduction for or on account of any taxes, duties, assessments or governmental charges of whatsoever nature imposed, levied, collected, withheld or assessed by any government or state with authority to tax or any political subdivision or any authority thereof or therein having power to tax be required to be made from any payment in respect of the Notes (as to which, in relation to the United Kingdom, see "*United Kingdom Taxation*" below), neither the Issuer, the Note Trustee, the Issuer Security Trustee nor any Paying Agent will be obliged to make any additional payments to Noteholders to compensate them for the reduction in the amounts that they will receive as a result of such withholding or deduction.

63. **Change of Law**

The transactions described in this Prospectus (including the issue of the Notes) and the ratings which are to be assigned to the Notes are based on the relevant law and administrative practice in effect as at the date hereof, and having regard to the expected tax treatment of all relevant entities under such law and practice. No assurance can be given as to the impact of any possible change to the law (including any change in regulation which may occur without a change in primary legislation), administrative practice or tax treatment after the date of this document or can any assurance be given as to whether any such change would adversely affect the ability of the Issuer to make payments under the Notes. In addition, it should be noted that regulatory requirements (including any applicable retention, due diligence or disclosure obligations) may be recast or amended and there can be no assurance that any such changes will not adversely affect

the compliance position of a transaction described in this Prospectus or of any party under any applicable law or regulation.

64. **UK Taxation position of the Issuer**

The Issuer has been advised that it should fall within the UK permanent regime for the taxation of securitisation companies (as introduced by the Taxation of Securitisation Companies Regulations 2006 (SI 2006/3296) (the "**Securitisation Tax Regulations**")), and as such should be taxed only on the amount of its "retained profit" (as that term is defined in the Securitisation Tax Regulations) which it is entitled to retain under the Transaction Documents for so long as it satisfies the conditions of the Securitisation Tax Regulations. If the Issuer does not (or subsequently will not) satisfy the conditions of the Securitisation Tax Regulations, then the Issuer may be subject to tax liabilities not contemplated in the cash flows for the transaction described in this Prospectus. Any such tax liabilities may reduce amounts available to the Issuer to meet its obligations under the Notes and may result in the investors receiving less interest and/or principal than expected.

65. **EU financial transaction tax**

On 14 February 2013, the European Commission issued proposals, including a draft Directive (the "**Commission's proposal**") for a financial transaction tax ("**FTT**") to be adopted in certain participating EU member states (including Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia, although Estonia has since stated that it will not participate). If the Commission's proposal was adopted, the FTT would be a tax primarily on "financial institutions" (which would include the Issuer) in relation to "financial transactions" (which would include the conclusion or modification of derivative contracts and the purchase and sale of financial instruments).

Under the Commission's proposal, the FTT could apply in certain circumstances to persons both within and outside of the participating member states. Generally, it would apply where at least one party is a financial institution, and at least one party is established in a participating member state. A financial institution may be, or be deemed to be, "established" in a participating member state in a broad range of circumstances, including (a) by transacting with a person established in a participating member state or (b) where the financial instrument which is subject to the financial transaction is issued in a participating member state.

The FTT may give rise to tax liabilities for the Issuer with respect to certain transactions (including concluding swap transactions and/or purchases or sales of securities (such as Authorised Investments)) if it is adopted based on the Commission's proposal. Any such tax liabilities may reduce amounts available to the Issuer to meet its obligations under the Notes and may result in investors receiving less interest or principal than expected. To the extent that such liabilities may arise at a time when winding up proceedings have been commenced in respect of the Issuer, such liabilities may be regarded as an expense of the liquidation and, as such, be payable out of the floating charge assets of the Issuer (and its general estate) in priority to the claims of Noteholders and other secured creditors. It should also be noted that the FTT could be payable in relation to relevant transactions by investors in respect of the Notes (including secondary market transactions) if the conditions for a charge to arise are satisfied and the FTT is adopted based on the Commission's proposal. Primary market transactions referred to in Article 5(c) of Regulation (EC) No 1287/2006 are expected to be exempt.

However, the FTT proposal remains subject to negotiation between participating member states. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU member states may decide to participate.

Prospective holders of the Notes are advised to seek their own professional advice in relation to the FTT.

66. **Forecasts and Estimates**

Estimates of the weighted average life of the Notes included in this Prospectus, together with any other projections, forecasts and estimates are supplied for information only and are forward-looking statements. Such projections, forecasts and estimates are speculative in nature and it can be expected that some or all of the assumptions underlying them may differ or may prove substantially different from the actual results. Consequently, the actual results might differ from the projections and such differences might be significant.

67. **Effects of the Volcker Rule on the Issuer**

The Issuer was structured so as not to constitute a "covered fund" for purposes of the regulations adopted to implement Section 619 of the Dodd-Frank Act (such statutory provision together with such implementing regulations, the "**Volcker Rule**"). The Volcker Rule generally prohibits "banking entities" (which is broadly defined to include U.S. banks and bank holding companies and many non-U.S. banking entities, together with their respective subsidiaries and other affiliates) from (i) engaging in proprietary trading, (ii) acquiring or retaining an ownership interest in or sponsoring a "covered fund" and (iii) entering into certain relationships with such funds. The Volcker Rule became effective on 1 April 2014, but was subject to a conformance period for certain funds which concluded on 21 July 2015. The general effects of the Volcker Rule remain uncertain. Any prospective investor in the Notes, including a U.S. or foreign bank or a subsidiary or other affiliate thereof, should consult its own legal advisers regarding such matters and other effects of the Volcker Rule.

PCS LABEL

Application has been made to Prime Collateralised Securities (PCS) UK Limited for the Class A Notes to receive the Prime Collateralised Securities label (the "**PCS Label**"). The PCS Label is not a recommendation to buy, sell or hold securities. There can be no assurance that the Class A Notes will receive the PCS Label (either before issuance or at any time thereafter), and if the Class A Notes do receive the PCS Label, there can be no assurance that the PCS Label will not be withdrawn from the Class A Notes at a later date. It is not investment advice whether generally or as defined under the Markets in Financial Instruments Directive (2004/39/EC) or Section 3(a) of the United States Securities Exchange Act of 1934 (as amended by the Credit Agency Reform Act of 2006). Prime Collateralised Securities (PCS) UK Limited is not an "expert" as defined in the United States Securities Acts of 1933 (as amended).

By awarding the PCS Label to certain securities, no views are expressed about the creditworthiness of these securities or their suitability for any existing or potential investor or as to whether there will be a ready, liquid market for these securities. To understand the nature of the PCS Label, you must read the information set out in www.pcsmarket.org.

EU RISK RETENTION REQUIREMENTS

LPUK, as originator will retain a material net economic interest of not less than 5% in the securitisation in accordance with the text of each of Article 405(1) of the Capital Requirements Regulation, Article 51(1) of the AIFM Regulation and Article 254 of the Solvency II Regulation (in each case, as such articles are interpreted and applied on the date hereof and not taking into account any relevant national measures). As at the Closing Date, such interest will be comprised of an interest in the Class C Note as required by the text of each of paragraph (d) of Article 405(1), Article 51(1) and Article 254(2). Any change to the manner in which such interest is held will be notified to Noteholders.

As to the information made available to prospective investors by the Issuer, reference is made to the information set out herein and forming part of this Prospectus and to any other information provided separately (which information shall not form part of this Prospectus) and, after the Closing Date, to the monthly Investor Reports (a general description of which is set out in the overview in relation to the Investor Reports set out in "Description of Certain Transaction Documents - Servicing Agreement").

LPUK has provided a corresponding undertaking with respect to the interest to be retained by it to the Joint Lead Managers in the Subscription Agreement.

Noteholders should note that there is no intention to provide periodic information to Noteholders following the Closing Date other than pursuant to the Investor Reports and loan level data and that the information which LPUK is to provide for the purposes of Article 409 of the Capital Requirements Regulations is that which is covered in the Investor Reports.

Each prospective investor is required to independently assess and determine the sufficiency of the information described above and in this Prospectus generally for the purposes of complying with each of Part Five of the Capital Requirements Regulation (including Article 405), Section Five of Chapter III of the AIFM Regulation (including Article 51), Chapter VIII of Title I of the Solvency II Regulation (including Article 254) and any national measures which may be relevant and none of the Issuer, LPUK (in its capacity as the Seller) nor the Arranger or any Joint Lead Manager makes any representation that the information described above or in the Prospectus is sufficient in all circumstances for such purposes.

For further information on the requirements referred to above and the corresponding risks, please refer to the Risk Factor entitled "Regulatory treatment of ABS (including Basel III and risk retention)".

INFORMATION REGARDING THE POLICIES AND PROCEDURES OF THE ORIGINATOR

The Originator has internal policies and procedures in relation to the granting of credit, administration of credit-risk bearing portfolios and risk mitigation. The policies and procedures of the Originator in this regard broadly include the following:

- (a) criteria for the granting of credit and the process for approving, amending, renewing and re-financing credits, as to which please see the information set out in the section of this Prospectus headed "Eligibility Criteria" and the Section of this Prospectus headed "Originator's Servicing Procedures";
- (b) systems in place to administer and monitor the various credit-risk bearing portfolios and exposures, as to which we note that the Portfolio will be serviced in line with the usual servicing procedures of the Originator – please see further the section of this Prospectus headed "Originator's Servicing Procedures";
- (c) adequate diversification of credit portfolios given the Originator's target market and overall credit strategy, as to which, in relation to the Portfolio, please see the section of this Prospectus headed "Characteristics of the Portfolio"; and
- (d) policies and procedures in relation to risk tolerance and provisioning, as to which please see further the section of this Prospectus headed - "Originator's Servicing Procedures" and the section of this Prospectus headed "Eligibility Criteria".

OVERVIEW OF UK VEHICLE LEASE MARKET

In the UK, car ownership continues to grow within a stable and favourable macro-economic climate. Interest rates are low; employment high and consumer inflation is being outpaced by earnings for the first time in many years. These factors combined with consumers' desire to have access to a motor vehicle suggest that the overall car market will continue to grow in the near term.

LPUK is the second largest firm within the UK car leasing market.

2016 Market Share for Top 5

FN50: Top 5 share of market has increased steadily from 2014 (53.7%) and 2015 (55.5%)

Source: FleetNews -Based on Nov '15 figures

Future UK Leasing Trends

- LPUK sees mobility related solutions as a new market opportunity - targeting employees living / working and travelling in large urban locations and therefore requiring more flexible mobility solutions rather than a permanent vehicle.
- The drive for continued efficiency and reduction in total fleet costs remains a key issue for fleets. Combined with this is the need to keep the driver mobile and therefore performing for their business at a time when new mobility concepts are being introduced that provide further choices for drivers, e.g. car sharing, personal finance products. Fleet strategies will need to consider these options going forward but also focus on the continued drive to reduce total costs. This can be supported by online service tools to help businesses quickly and easily assess the information they need; at a time and place which is convenient to them. Online education, help and management of services for their vehicles, throughout a customer's leasing experience, as a whole, is the answer.

LPUK position in the UK Market

- Most of the major leasing companies have grown their share since 2007 with LPUK growing from 6.4% to 10.6%. The top 10 leasing companies now account for almost 78% of the Fleet News top 50 leasing companies (FN50) market, up from 41% in 2007 (Source: Fleet News 2015)

- LPUK is a unique player in the UK market having distinct brands that target the principal sectors of the market - corporate, public sector, SME's (both direct and in-direct) and consumers.

CHARACTERISTICS OF THE PORTFOLIO

The descriptions under paragraphs 1 (General) to 5 (Originator's Servicing Procedures) below are based on certain template documents or sample procedures of LPUK. Deviations may be agreed between LPUK and the relevant Lessee. Therefore, no assurance can be given that each Lease Agreement will feature the general characteristics described below.

1. GENERAL

Lease agreements are offered by the Originator in a master hire product permitting multiple Vehicles to be leased under a single set of terms and conditions. Alternatively, a separate lease incorporating the standard terms and conditions may be entered into for each Vehicle. Each Leased Vehicle is subject to a vehicle schedule setting out details of the vehicles leased or supplied thereunder (the "**Vehicle Schedule**").

(i) Lease Rental Structure:

Under each lease agreement, LPUK is entitled to receive a periodic rent (e.g. the lease rental) until the lease agreement matures as consideration for use of the vehicle and the services provided to the lessee. The amount of the lease rental payable by the lessee will depend on the terms and conditions established in each agreement and regards, among others, the cost and characteristics of the vehicle, the conditions of use, the services contracted and the lease period. The amount finally paid by the lessee represents the aggregation of a series of components which reflect each of the different aspects of the lease agreement that are summarised below.

LPUK calculates each sub-quota in relation to various internal parameters based on historical data, on the effective costs of providing the contracted services and on LPUK's profitability policies applicable at the time. As a general rule, said calculation methods are not agreed with the customer and therefore are not included in the lease agreement or master lease agreement as the case may be. The significant information for the lessee is the rental which is paid periodically and the services included in that final quota.

The sub-quotas making up (by aggregation) the final amount of the lease rental are as follows:

- **Principal component:**

The part of the lease rental allocated to cover the cost for the lessor of amortising the vehicle to its residual value.

- **Interest component:**

The part of the lease rental allocated to cover the cost for the lessor of financing the vehicle in relation to the period of the lease agreement. The lessor also charges a margin within the interest component.

- **Management fee and administration costs component:**

The part of the lease rental allocated to cover general overhead of LPUK. This fee can also be seen as margin and profitability for LPUK. This component is a constant absolute amount which is added to the services component per vehicle per month.

- **Value Added Tax (VAT) component:**

The VAT imposed on LPUK by the government in connection with the lease agreement, shall be at the expense of the lessee, subject that in the case of Hire Purchase Lease Agreements, VAT is not charged to the lessee in respect of the principal component or interest component (but is charged to the lessee in respect of the services component).

- Services component:

The part of the lease rental allocated to cover, inter alia, and as agreed in the lease agreement, repair, maintenance and tyres, replacement vehicles, road side assistance, other lease services and road tax or other levies imposed by the government. LPUK's estimate of the costs it will incur for the provision of the various contracted services. The types of services which can be included in the lease agreement are detailed above.

(ii) **Calculation of Residual Value:**

The residual value of a leased vehicle is determined when the specific lease agreement is entered into. LPUK estimates the market value of the vehicle at the time of the sale, which is linked to the end date of the lease agreement.

LPUK calculates the residual value of each leased vehicle on the basis of different conditions agreed with the lessee and depending on factors such as, inter alia, usage, depreciation and possible evolution of the second hand vehicle market.

LPUK uses a data driven approach to the forecasting of the residual values which encompasses an econometric model to estimate the likely impact of supply and demand variables on future used vehicle prices. This is coupled with vehicle specific information which takes factors specific to individual model ranges and other factors such as metallic paint into account.

The residual value can change during the life of a lease agreement due to:

- **changes relating to contractual conditions:** these are changes derived from events agreed upon in the lease agreement, such as variations in the use of the leased vehicle (mileage) and extensions or shortening of the lease term. In these cases both the lease rental as well as the estimated residual value of a leased vehicle are recalculated; and
- **changes derived from external conditions:** in relation to the market conditions LPUK prepares an update of the sales forecast from each vehicle. This update can be taken into account at the time a recalculation of the lease takes place due to reasons described above.

2. **LEASE SERVICES RENDERED**

LPUK offers certain of the following Lease Services to the Lessees where such maintenance or other service is selected by a Lessee under a Vehicle Schedule:

(a) **Service Maintenance and Repair**

LPUK can provide for the cost of servicing in line with the relevant Leased Vehicle manufacturer's guidelines and the cost of maintenance and repair arising from wear and tear. The payment for this Lease Service is included in the payments made under the Lease Agreement. LPUK must give its specific authority before any service, maintenance or repair work is carried out and all servicing must be undertaken by an agent authorised by LPUK.

LPUK will not however cover all types of repair. For example, this Lease Service does not cover the Lessee's failure to comply with any of the Lessee's obligations under the relevant Lease Agreement and the cost of repair and maintenance that results, whether directly or indirectly on the part of the Lessee from any negligence, misuse, vandalism or theft of the relevant Leased Vehicle or any accident or impact (whether caused by another vehicle or otherwise) and does not cover damage to the windscreen or other glass, light lenses or light bulbs. Furthermore, any non-standard accessories or other equipment fitted to the Leased Vehicle at any time (including the addition or removal of artwork or lettering) and any damage caused by frost damage, fuel contamination or any provision of oils or fluids outside of normal servicing fall outside the scope of this Lease Service.

With regards to tyres, LPUK does accept the cost of repair or replacement of any tyre on the Leased Vehicle which becomes unusable by reason of wear and tear or any accidental damage which may occur. However, where the reason for replacement or repair of any tyre is theft, vandalism or misuse the Lessee is under an obligation to reimburse LPUK for a sum proportional to the remaining unused tread depth of the tyre prior to such theft, vandalism or misuse. As with general repairs, LPUK must give its specific authority before any replacement tyre is supplied and fitted or a puncture is repaired. Replacement tyres must be obtained from, and punctures must be repaired by, an agent authorised by LPUK and LPUK reserves the right not to pay for tyres sourced outside its recommended network.

In addition, this Lease Service allows LPUK to cover the cost of any MOT or similar test to the Lease Vehicle which is required by law.

Included in the overall costs of the maintenance and repair option, the Lessee is provided with a breakdown service under the "LP Assist" programme as in operation from time to time.

If any servicing, maintenance or repair is necessary when the Leased Vehicle is outside the United Kingdom, LPUK will consider reimbursing all or part of the cost of such necessary work which has been carried out upon receipt of a satisfactory repairer's original invoice, which must include a full description of the work, together with an invoice on the Lessee's headed paper for the equivalent Sterling amount showing full VAT at the prevailing rate. Costs are then reimbursed according to LPUK's existing supplier rates and discounts.

(b) Relief Vehicles

Where the relevant Vehicle Schedule indicates that a relief vehicle is included as part of the Lease Services, LPUK is under an obligation to arrange the supply of a relief vehicle in accordance with the level of entitlement indicated in the relevant Vehicle Schedule. Payment for this Lease Service is also included in the relevant Lease Servicing Component.

Any relief vehicle provided under this Lease Service shall be of such make, model and age as deemed by LPUK as being suitable for use as a relief vehicle. The relief vehicle size is capped at a 2.5 litre vehicle or long wheel base panel van for commercial vehicles dependent on the Leased Vehicle category.

In the event that a relief vehicle is not returned or (at LPUK's option) made available for collection in accordance with the terms of the relevant Lease Agreement, the Lessee will be responsible for payment of all hire charges incurred after the due date for return or collection.

(c) Daily Rental

LPUK can also arrange for the supply on hire to the Lessee of a replacement or additional vehicle where required. This Lease Service is available on a pay-on-use

basis only. The Lessee shall be responsible for all costs associated with such vehicle and shall comply with all terms and conditions of the daily rental supplier relating to the vehicle and its use. If the Lessee does not use the daily rental supplier's insurance scheme then the Lessee is responsible for arranging comprehensive insurance of the daily rental vehicle.

(d) **Accident Management**

Where selected as a Lease Service under the relevant Lease, LPUK can provide an accident management service to the relevant Lessee either on a pay-on-use basis or the Lessee can make payment under the Lease Agreement and receive the Lease Service when required. This Lease Service will provide for the recovery of the Lessee's Leased Vehicle and the administration of the claim relating to the repair of damage to a Leased Vehicle sustained as a result of an accident. This Lease Service will not cover mechanical failure or breakdown which does not arise as a result of an accident.

(e) **LP Assist**

Where selected as a Lease Service, LPUK can arrange for the relevant Leased Vehicle to be covered by "LP Assist", a vehicle breakdown and roadside recovery service provided by a service provider of LPUK's choice. The terms and conditions upon which LP Assist is provided will be advised by LPUK and/or the relevant service provider from time to time.

(f) **Fleet Administration**

Where selected as a Lease Service, LPUK can provide the administration of: fuel card services through a nominated fuel agency; administration of fines imposed by the police or any statutory bodies on the Lessee; administration of the annual Ministry of Transport (MOT) tests; the provision of a software database programme to be accessible by the Lessee in order for the Lessee to input and manage driver, vehicle and other data concerning their employers duty of care; and the provision of in-car, in-house and online driver training and assessments.

(g) **Reporting**

Where selected as a Lease Service, the provision of reports relating to the Leased Vehicles and ancillary items to the Lessees to the extent required in the relevant Lease Agreements.

(h) **Account Management**

Where selected as a Lease Service, the provision of an Account Manager available for regular meetings at the Lessee's place of business and able to discuss and report on Lease Services provided.

(i) **Logistic Services**

Where selected as a Lease Service, the provision of vehicle movement, storage and vehicle reallocation solutions including cleaning and maintenance of Leased Vehicles during storage.

(j) **PayRoll Management**

Where selected as a Lease Service, based on information received from the Lessee and the vehicle/driver data, the production of reports of deductions and adjustments to be made from the salary of employees of the Lessee.

(k) **General Vehicle Administration**

Where selected as a Lease Service: the administration of vehicle repairs at approved garages in order to minimise the time Leased Vehicles are off road for repair; the checking of driver licence details of all persons driving a Leased Vehicle; the administration of all correspondence received from all local or statutory bodies in respect of the Leased Vehicles; the giving of permission for the use of a Leased Vehicle by a Lessee for foreign travel purposes; and the adding or removing vehicles from Lessee's Transport for London account as required under the relevant Lease Agreement.

3. **GENERAL PROVISIONS APPLICABLE TO THE LEASE SERVICES**

3.1 **General**

The Lessee requests that the LPUK sends a quote for the supply of a new Vehicle for the lease either by post, fax, email or by using the on-line quotation tool, with each such quotation remaining valid for the period stated in the relevant quotation.

Upon receipt of a request to lease a Vehicle, and following acceptance by LPUK of such request, LPUK will place an order with a supplier. The supplier will contact the Lessee to arrange direct delivery of the new Vehicle.

The Lessee must check that the Vehicle delivered is in accordance with the Lessee's agreed specification and must sign a delivery satisfaction notice declaring that the Lessee is satisfied with the relevant Vehicle.

By placing an order, the Lessee agrees with the LPUK the Lease Services to be provided, the anticipated annual mileage and the period of operation of the respective Vehicle.

Based on this data, LPUK calculates a rental price, including any charges for the Lease Services, which is to be paid monthly and in advance. During the term of the Vehicle Schedule, but only for certain contract types as detailed below and only after consultation with the Lessee, LPUK is entitled to adjust the rental price, if the costs change by more than a certain threshold as compared to the costs at the time the Vehicle Schedule was executed. In addition, LPUK is entitled to make adjustments, should there be a change in the direct or indirect Vehicle-related taxes or the value-added tax rate.

LPUK is entitled to terminate without notice the Lease Agreement and the related Vehicle Schedules upon the filing of an application or commencement of insolvency proceedings against the assets of the Lessee or if the Lessee is in breach of the Lease Agreement and the breach is not remedied following service of the notice to the Lessee.

4. **CONTRACT TYPES**

4.1 The Originator offers the following contract types:

Contract Hire

Operating Lease

Finance Lease

Hire Purchase

Contract Purchase

Lease Purchase

4.2 Contract Hire – Operating Lease

Under Operating Lease Agreements the Originator accepts responsibility, in exchange for a fixed fee, for the depreciation of the Vehicle, funding costs, administrative costs and, in most cases, the provision of maintenance services. No Final Balloon Payments are payable under an Operating Lease Agreement. Title in the Leased Vehicle will remain with the Originator. Operating Lease Agreements are offered as both Open Calculation Contract Hire Lease Agreements and Closed Calculation Contract Hire Lease Agreements.

4.3 Contract Hire – Finance Lease

Finance Lease Agreements are substantially similar to the Operating Lease Agreements with the main difference being that the Lessee bears the residual value risk on the relevant Vehicle. The Finance Lease Agreement contains a final payment due at the end of the term of the relevant Finance Lease Agreement which is substantially higher than the normal monthly rental due under the Finance Lease Agreement (the "**Final Payment**"). The Originator retains the title to the vehicle but the Lessee is granted the right to sell the Leased Vehicle to a third party as the Originator's agent. If all payments under the Lease have been made the Originator will credit 98% of the sales proceeds to the Lessee.

4.4 Hire Purchase – Contract Purchase

Open Calculation Contract Purchase Lease Agreements are a type of hire purchase arrangement offered by the Originator. They are substantially similar to the Open Calculation Contract Hire Lease Agreements with respect to their operation during the contractual term. However for Contract Purchase Lease Agreements, the Lessee may bear the residual value risk on the relevant Vehicle save where the Lessee exercises the right to return the vehicle, in which case the Originator bears the residual value risk.

At the end of the term of the relevant Contract Purchase Lease Agreement, the Lessee may choose to pay a Final Balloon Payment to purchase the relevant Vehicle. The amount of such Final Balloon Payment is agreed with the Lessee at the time the relevant Lease Agreement is signed. Upon payment in full of the Final Balloon Payment, title to the relevant Leased Vehicle is then transferred to the Lessee. Instead of making the Final Balloon Payment, the Lessee may return the relevant Leased Vehicle to the Originator and title to such Leased Vehicle will remain with the Originator.

4.5 Hire purchase – Lease Purchase

Unlike a Contract Purchase Lease Agreement, the Lessee cannot return the Leased Vehicle in satisfaction of the Final Balloon Payment at the end of the relevant term of a Lease Purchase Lease Agreement and must purchase the relevant Vehicle. In order to obtain title to the Leased Vehicle the Lessee must pay the Final Balloon Payment, whereupon title to the relevant Leased Vehicle will transfer to the Lessee. The RV Risk is on the Lessee.

4.6 Hire Purchase Accounting Treatment

From an accounting perspective, all Contract Purchase Lease Agreements and Lease Purchase Lease Agreements are classified as finance leases and are reflected as such in the relevant data.

5. ORIGINATOR'S SERVICING PROCEDURES

Origination and Underwriting

The Originator's client base consists of natural and legal persons located in the United Kingdom, corporate and public sector entities or small and medium enterprises or partnerships conducting a profession or an enterprise located in the United Kingdom or abroad. The product is sold through a direct sales force or via certain franchisees with active account management to encourage existing clients to order new vehicles for their fleet with the Originator.

The Originator's credit risk policy contains the internal guidelines in respect of the acceptance of clients and suppliers. The Originator's credit risk policy is set by the local credit committee. All finalised credit proposals are summarised in a monthly report.

The credit proposals are initiated by either the Originator's sales department, an intermediary of the network or occasionally the credit department.

For Lease Agreements entered into with corporate and public sector entities when a credit proposal has been finalised, it will be sent to the Originator's credit department, which will prepare a risk evaluation and subsequently a recommendation. The risk evaluation includes the following:

- (a) the exposure (number of vehicles, amount);
- (b) the maximum risk involved;
- (c) the key ratios of the company;
- (d) the payment behaviour (existing clients only);
- (e) examination of LeasePlan's credit watch list;
- (f) the DBRS, Fitch, Moody's or S&P ratings, if applicable; and
- (g) the Originator rating, being the Group's internally developed rating model that is used to assess creditworthiness of corporate and public sector clients and predict a client's probability of default.

Depending on the exposure, the proposal will be approved or declined by two to three members of the Originator's corporate credit risk team and/or local credit committee. Should the requested exposure exceed the number of vehicles of 250 or the average investment of a vehicle fleet of £7.5 million, the proposal also has to be approved or declined by the Originator's ultimate parent, LPC. All limits of the approved proposals are registered in the lease administration system and a copy of the final decision is filed in the archive of the Global Credit Risk Management System ("GCRMS").

In certain cases an additional security (such as a guarantee – either bank or parent guarantee or deposit, a down payment or a letter of comfort) will be required. When all necessary approvals and requirements are received, a contract will be prepared pursuant to which further new vehicles can be ordered under the prevailing Master Agreement.

In 2014 the Group implemented the latest LeasePlan rating system, which replaced the former LeasePlan system.

The LeasePlan rating methodology assigns a rating to clients on a scale from 1 to 7. To add more granularity clients in rating classes 2 to 7 are additionally assigned rating modifiers A, B or C. Internal rating classes 7A to 7C are defined as a defaulted company and rating 1 is defined as a prime client with low credit risk.

Small and medium enterprise ("SME") and retail Lease Agreements are proposed via the Network Support System ("NS System"), a proposal management system, and evaluated through the "Small Ticket Automated Risk Assessment Scoring System" ("STARS"), which is an automated scorecard system that has been reviewed and approved for use by LPC. This system checks that the business of an applicant is not prohibited by LPUK policies, all compliance requirements are met and that the applicant is not on any credit watch lists. STARS verifies the supplied data through a credit bureau check and returns all bureau information for assessment. STARS also checks the payment performance of the relevant existing Lessees under the Lease Agreements.

For SME and retail Lease Agreements entered into with an SME, a credit proposal will be generated by the Originator using NS System. NS System will pass the application data to STARS which will prepare a risk evaluation and subsequently a recommendation and/or decision. STARS also has 67 policy rules which set a policy decision. The scorecard initial decision and policy decision are combined for a final decision.

The assessment and risk evaluation will assess the application through one of six scorecards. The scorecard used is determined by the entity type (incorporated, unincorporated or consumer) and some of the attributes of that customer (accounts filed, no accounts filed and level of personal indebtedness).

The risk evaluation includes:

- the exposure (number of vehicles, amount);
- the maximum risk involved;
- the key financial data of the company (if the applicant is incorporated);
- the key personal credit information (where the applicant is unincorporated). This information is derived from credit bureaus and will include credit searches, live and settled credit facilities, payment performance with other funders, balance of active credit facilities, electoral role information and public registered information;
- the payment behaviour under Lease Agreements (existing clients only);
- examination of LeasePlan's credit watch list; and
- the Originator rating, being the Originator's internally developed rating model that is used to assess creditworthiness of retail and SME Lessees and predict a client's probability of default.

The LeasePlan rating methodology for SME and retail clients assigns a rating to these clients. The rating will vary between the six scorecards but is typically between 0-300. The score is then classified as high, medium or low risk which determine the probability of default for that customer.

If an applicant fails to meet all criteria (including a scorecard exposure ceiling), then STARS either declines the Lease or refers the decision-making to the underwriting team. Referred applications will follow the scorecard recommendation if the underwriting team member (subject to the appropriate discretions) agrees the decision; however two underwriters are required to agree a decision if the scorecard recommendation is overturned.

Where the application value is greater than EUR1 million (or its equivalent), the application must be scored using the corporate rating model in addition to the SME scorecard and manual assessment. All final decisions are user, time and date stamped in NS System. Additional information pertinent to the credit decision is filed in the archive of the STARS credit system and in the archive of GCRMS as applicable.

In certain cases an additional security (such as a guarantee – either bank or parent guarantee or deposit, a down payment or a letter of comfort) will be required. These will be received and checked prior to payout or setting any objects live. On all non-limited approvals, proof of identity and address is required to verify the applicant. When all necessary approvals and requirements are received, a contract will be prepared, always one contract per vehicle.

5.2 Collections

Collection of Lease Receivables by LPUK

All collection activity is configured and supported in LPUK's 'Tallyman' collection tool. The application is a rules based engine and is configured to manage collections activity and workflow.

Tallyman holds all accounts in the LPUK customer portfolio.

Collection of arrears – corporate customers

LPUK's in-house collections team works in partnership with the commercial account management team when dealing with corporate customer collections. All customers receive statements on a monthly basis which detail any outstanding invoices due for payment. Overdue customers will also receive dunning letters that are configured within a debt chase strategy. In addition, the collections management team proactively makes follow-up calls to customers to deal with any queries and also to ascertain the value of the next payment.

The commercial account management team meets on a (at least) monthly basis in order to discuss and resolve any issues which may arise and further monthly meetings are held with the relevant in-house collections management team to discuss and review any overdue debts. Members of both teams can also combine for a customer site visit to resolve a specific issue, reconcile transactions and agree on the settlement of overdue debt.

The figure below provides detail of the strategy.

Corporate and Public Sector clients are defaulted (subject to any local judgement rules) if the LPUK Credit Committee has determined that there is no reasonable chance that the client is able to pay and that the outstanding amounts will be collected.

Where LPUK receives verifiable notification that a customer or relevant legal entity has entered the insolvency process, default termination takes place as soon as possible.

Early Collections Arrears – SME/Retail Lessees

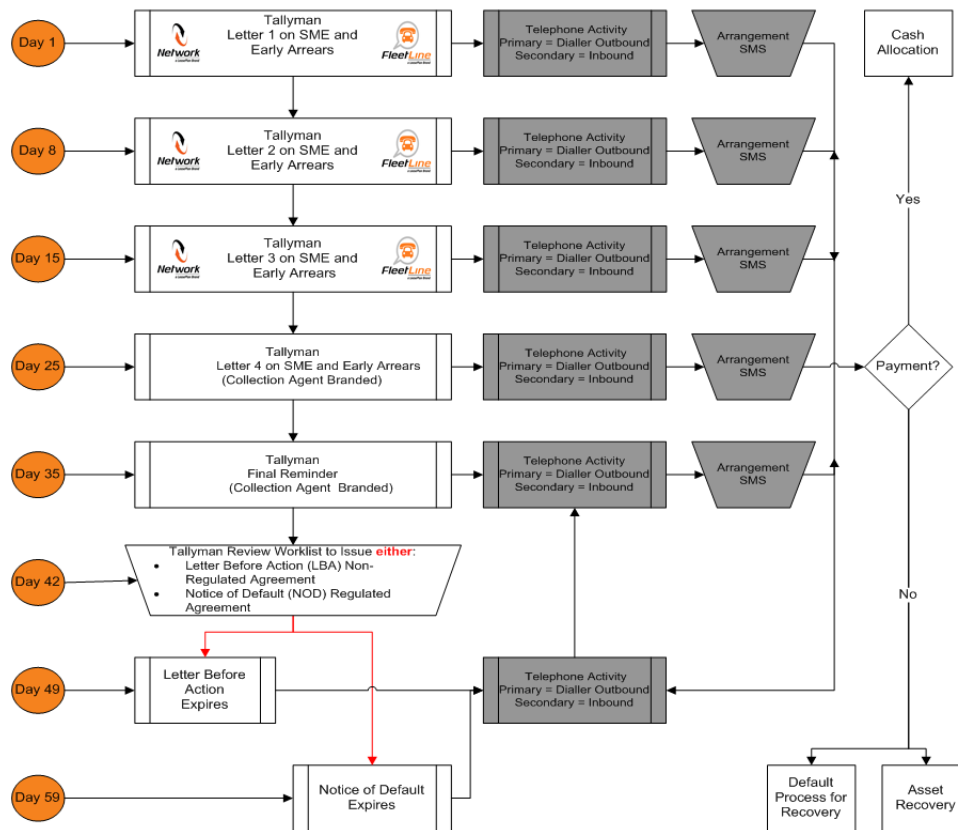

- SME and retail collections are outsourced by LPUK to collections outsourcing partners ("**Collection Agent**"). Currently LPUK uses two Collection Agents Bluestone Credit Management (formerly Close Credit Management) ("**BCM**") and DLC (Hillesden Securities Ltd trading as DLC) ("**DLC**"). A supply of services agreement exists between LPUK and both BCM and DLC. These relationships have existed for over ten years. A general indication of the scope of services includes management of the collections activity cycle and the default process for recovery related to the lease agreements. Mature process activities include early collections, payment processing, dunning support, cash allocation as well as termination strategies. The scope also includes customer service management comprising, amongst other activities, query resolution, complaints handling and direct debit conversions.

An in-house LPUK collection support team operates as compliance and process controls function and provides governance of the Collection Agent's performance and other aspects of contractual delivery. Governance methodology is applied to achieve targets and manage the Collection Agent through a structured package of site visits, process audit, key performance indicators and regular operational and performance review meetings.

Pricing of the supply of services agreement is structured as a combination of contingency fee and performance related bonus to positively encourage the Collection Agent's regular achievement of target performance.

The LPUK and Collection Agent teams are users of Tallyman. The application is configured to drive the most efficient strategies for the collection of all invoices which are outstanding at the close of business on the previous day. Any accounts flagged for direct debit collection are not included in these strategies until a direct debit claim fails and so qualifies for a given outbound collection strategy. In order to establish contact with every customer with an outstanding invoice as soon as possible, dunning letters are sent requesting repayment of the arrears and these are followed up by phone calls.

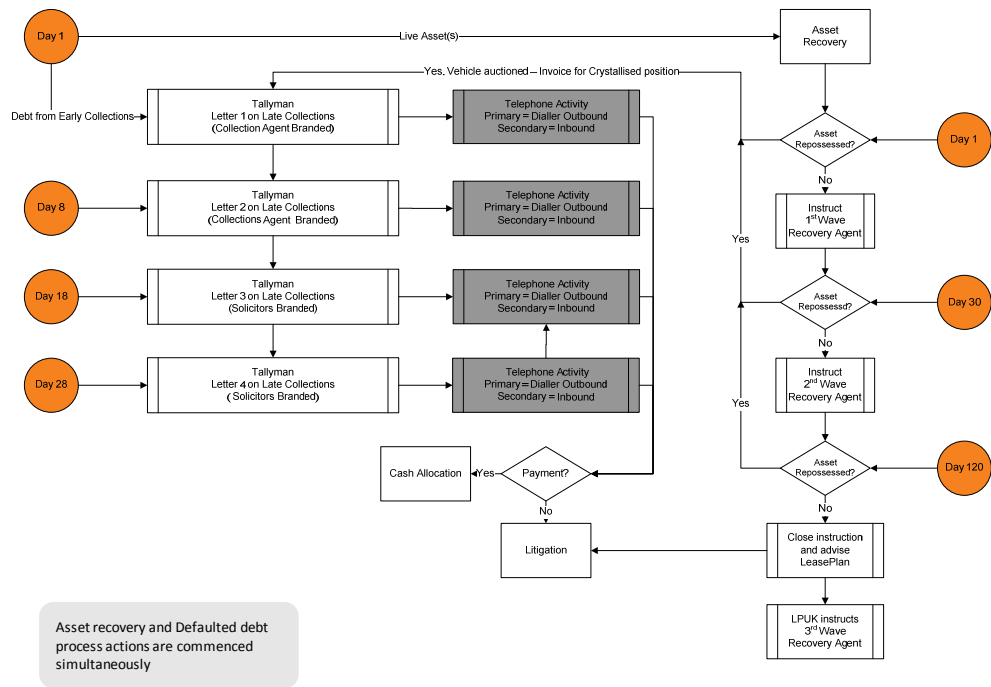

Detail of a typical strategy is provided in the figure below.

Default and recovery process – SME/Retail Lessees

Where the collection of arrears activities detailed above are unsuccessful a default termination letter, either a Letter Before Action or a Notice of Default, is issued advising the customer that they are in default of the contract and the whole balance of the contract is immediately due and payable. A Notice of Sums In Arrears letter is a regulatory requirement, which LPUK sends prior to any Notice of Default being issued or escalated through to termination and asset recovery.

Following the sending of such letters both asset recovery and arrears recovery actions are taken in parallel by LPUK. The parallel collection strategies are detailed in the figure below.

The timely recovery of defaulted assets is achieved by way of a three-wave strategy. The three distinct strategies reflect the various levels of difficulty that might exist to achieve a successful recovery of the asset. Wave 1 and wave 2 are managed by the LPUK Customer and Revenue Protection Team using an automated approach through Tallyman i.e. Tallyman sends all repossession instructions via secure file transfer and received automated updates back via secure file transfer. Wave 3 asset recovery is managed in-house by LPUK and reflects the need to provide a specialist service for any specific asset that has evaded prior collection. Where qualifying criteria are met the team can action a wave 3 recovery request through a strict compliance process to place the asset on the UK's Police National Computer.

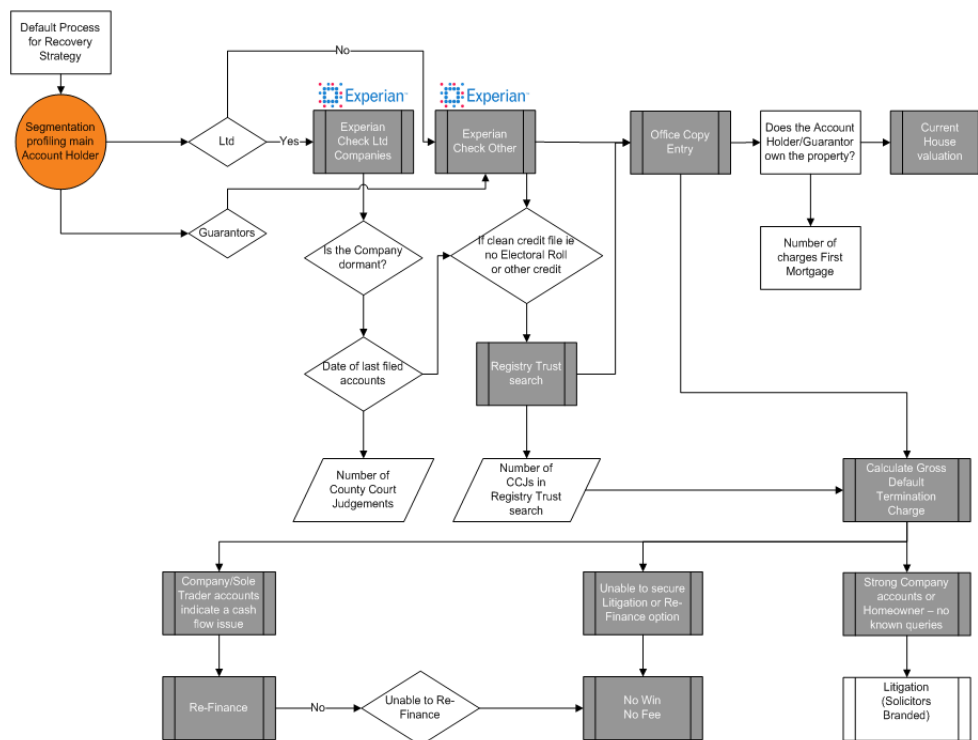

The LPUK in-house collection support and governance team works in partnership with the Collection Agent to recover the assets through a network of independently contracted recovery agents.

Recovered assets are sold at auction and the customer is invoiced with the subsequent value of shortfall debt and is then subject to late collection activity for the settlement of the total overdue debt.

All customers to whom default termination letters have been issued are tagged as a default on the Tallyman system. For SME and retail lessees a file extract is sent on a monthly basis to Experian, a UK credit reference agency. This information is registered on the customer's respective credit files with the credit reference agency.

Where LPUK receives verifiable notification that an individual customer or legal entity has entered the insolvency process, default termination procedures takes place as soon as possible.

The table below provides indication of the rules based recovery and litigation process that exists to ensure further integrity in the default process for recovery and LPUK's requirement to return greatest value from a range of debt recovery tools services and process.

LPUK writes off accounts upon the completion of all collection and recovery policies and procedures. The correct authorisation procedure must be followed before any write-offs can occur. Once authorised the outstanding account balance is reduced to zero. Any amounts received after any write-offs are credited back to the account as they arise.

5.3 Recalculation

Recalculations of the monthly lease instalment and residual value can be performed for Operating Lease Agreements and the Lease Purchase Lease Agreements where the standard terms include a provision allowing for this process. The object is to align the vehicle usage estimated at the beginning of the Lease Agreement with the actual usage of the Vehicle. LPUK may compare the actual mileage of the Vehicle with the annual mileage on the original Vehicle Schedule. If the actual mileage exceeds or is less than the pro rata annual mileage by 15% or more, the Originator may, at intervals of no less than six months, recalculate the rental price based on the actual mileage.

Where the relevant Lessee requests that the term of the relevant Vehicle Schedule is changed and the Originator agrees, the Originator shall recalculate the rental price as described above.

Any over- or under-payment of the rental price as at the date of the recalculation arising from that recalculation shall be credited to the Lessee by the Originator or paid by the Lessee to the Originator on demand.

The Originator will provide notice to the Lessee in writing in the form of a schedule update detailing any such recalculation. The schedule update will supersede any previous Vehicle Schedule or schedule update.

The Originator may choose to consider any request from a Lessee to recalculate the relevant rental price on its merits where the relevant Lease Agreement does not include a contractual term dealing with recalculations.

5.4 **Residual Value Realisation**

Upon the termination of a Lease Agreement, the Lessee must notify the Originator's collection agent when and where the Vehicle will be available for collection. When the Originator's collection agent takes possession of the Vehicle it must be in a safe condition and in good and substantial repair (fair wear and tear are taken into account based upon the relevant Vehicle's age and mileage ("**Fair Wear and Tear**"). The Vehicle will be inspected or appraised by the Originator's collection agent at the time of collection and a vehicle collection inspection or appraisal report will be completed by the collection agent. The Lessee will be required to agree and sign the vehicle collection inspection report. The Vehicle will then be taken to one of the Originator's de-fleet centres where the vehicle will undergo an in-depth inspection completed by an independent inspection agent.

The Lessee will pay the Originator a sum which equals in aggregate the costs of repair or any loss or damage to the Vehicle which in the independent inspection agent's opinion is in excess of Fair Wear and Tear. The Originator will generally waive costs less than £150 but amounts above £150 are charged in full unless there is a specific exception in the Lease Agreement or the damage is not documented on the original collection report.

If the Originator decides for any reason not to undertake any such repair or replacement, the Originator shall be entitled to claim from the Lessee a sum equivalent to the estimated cost of such repair or replacement.

The Originator's remarketing specialists will decide the best method of sale for the vehicle which will maximise the price achieved, or decide to re-lease it.

The majority of vehicles are sold via external auctions with volume being directed to those sites which are delivering the best sales results. The allocation of volume to sites is continuously monitored and adjusted to ensure the Originator is maximising the sales proceeds.

An increasing proportion of vehicles are sold via alternative channels via the internet to trade buyers and via retail partners to private customers. The channels are only selected when there is a demonstrable benefit to the Originator, net of all additional costs.

In addition a small but growing percentage of vehicles are sold directly to the customer or driver at the end of lease. This is the most effective method of resale as there are no transport costs, stocking costs or selling fees and the customer or driver in general is prepared to pay a better price than standard trade buyers via auction.

5.5 **Extension of Lease Agreements**

Some Lease Agreement types approaching the end of their contracted life can either be terminated or, at the request of the Lessee and with the approval of the Originator, extended. Contract extensions take place in two forms, contracted extensions and silent extensions.

Near the end of the relevant Lease Agreement, the Originator will notify the relevant Lessee. The Lessee must notify the Originator with a date and location as to when and where the Vehicle can be collected.

If a Lessee requests to extend its current leasing contract for a certain period, the Originator will review whether it is economically viable to extend the relevant Lease Agreement. If an extension is acceptable to the Originator the relevant Lease Agreement will be amended to adjust the rental price and to take into account the recalculated residual value and service maintenance and repair value.

A Lease Agreement may also be extended through a silent extension whereby a Lessee fails to notify the Originator of the location and time for the collection of the Vehicle or the Lessee indicates that it wants to continue using the Vehicle for a short period of time. In these situations, the relevant Lease Agreement will continue at the same rental price. LPUK may

decide at any time to terminate the Lease Agreement that is at or past its contracted maturity date, for example, where extensive maintenance is required on the Leased Vehicle.

6. POOL SIZE AND CHARACTERISTICS

The following tables set out the Aggregate Discounted Balance based on the payments (Lease Interest Component and Lease Principal Component and the Discounted Balloon Balance (although it should be noted that the value attributed to the column "Residual Value" in the following tables excludes, in respect of Finance Lease Agreements only, any final payments due at the end of the term of the relevant Finance Lease Agreement)) under all Lease Agreements and Vehicles which, as at the date of this Prospectus, are included in the Initial Portfolio on the Initial Cut-Off Date as well as the total number of such Lease Agreements and relating Vehicles together with information as to their distribution (by Lessees) across various industries, geographic location, legal form and concentration together with other characteristics. The Lease Agreements and the relevant Vehicles used for the purposes of the tables below were selected on the Initial Cut-Off Date and based on information available as of such date. The information contained in these tables has not been updated to reflect the composition of the pool on the Closing Date.

Furthermore, it should be noted that a discount rate of 5 per cent per annum was used for the calculation of the Aggregate Discounted Balance as of the Initial Cut-Off Date. The scheduled payment amounts are calculated on the basis of cash flows under the Lease Agreements and the relevant Estimated Residual Value and Discounted Balloon Balance occurring after, and being discounted to, the relevant Cut-Off Date.

After the Closing Date, the characteristics of the pool of Lease Agreements may change as a result of the acquisition of Additional Portfolios during the Revolving Period, Lease Agreements becoming Defaulted Lease Agreements or as a result of a prepayment of Lease Receivables or the payment of amounts due under lease agreements.

DESCRIPTION OF CERTAIN TRANSACTION DOCUMENTS

The following is a description of the principal terms of the Purchase Agreement, the Servicing Agreement, the Realisation Agency Agreement, the Sub-Maintenance Coordinator Agreement, the Trust Deed, the Issuer Deed of Charge, the LPUK Deed of Charge, the Reserve Loan Agreement, the Cash Management Agreement, the Corporate Services Agreement, the Bank Account Agreement, the Agency Agreement and the Interest Rate Swap Agreement, and is qualified in its entirety by the actual terms of such Transaction Documents. It does not purport to be complete and investors should read the full terms of such Transaction Documents for a better understanding of its contents. Copies of the other Transaction Documents are available at the specified offices of the Principal Paying Agent during normal business hours.

1. PURCHASE AGREEMENT

General

On or prior to the Closing Date, LPUK, the Issuer and the Issuer Security Trustee will enter into a purchase agreement (the "**Purchase Agreement**") pursuant to which, on the Closing Date and on each Additional Portfolio Purchase Date, the Issuer will purchase Lease Receivables and the RV Claims from the Seller.

Title in the Leased Vehicles will be retained by the Seller. The Lease Receivables and RV Claims to be purchased by the Issuer will be selected by the Seller.

If any of the Lease Receivables or RV Claims do not satisfy the Eligibility Criteria, the Lease Warranties and/or the Replenishment Criteria, as applicable, the Seller is required to repurchase such Lease Receivable together with the relevant RV Claim against payment of the Repurchase Price (see further "**Repurchase**" below).

In connection with each sale and transfer, the Seller will provide the Issuer and the Servicer and (once appointed, the Back-Up Servicer and the Back Up Realisation Agent) with certain relevant information for the purpose of identifying the Lease Receivables and RV Claims forming part of the Portfolio and (following a Lessee Notification Event) for the purpose of notifying the Lessees of the assignment of the Lease Receivables and RV Claims. The relevant information shall be provided in encrypted form on a data disc or other electronic data file (the "**Data File**"). The Seller will, on the Closing Date, also provide the Issuer Security Trustee with a Decryption Key which will enable it or a third party to unlock the Data File. Following a Lessee Notification Event, the Issuer Security Trustee will make the Decryption Key available to the Issuer, the Servicer, the Realisation Agent, the Back-Up Servicer and the Back-Up Realisation Agent. If the Servicer does not notify the Lessees then the Issuer or Back-Up Servicer (or a third party acting on its behalf) may, decrypt the Data File and notify the Lessees using such decrypted information.

The Seller will additionally be obliged to repurchase the Lease Receivables (if applicable) and the RV Claims in the specific circumstances set out in the Purchase Agreement, as to which see "**Repurchase**" below.

Consideration

The consideration for the sale of the Initial Portfolio will be the Issuer paying to the Seller an amount equal to the Initial Purchase Price on the Closing Date and Deferred Purchase Price (subject to any restriction on the payment of such amounts as described in the section above entitled "Absence of Calculations by the Servicer" below).

The consideration for the sale of any Additional Portfolio will be the Issuer paying to the Seller an amount equal to the Additional Portfolio Purchase Price on the relevant Additional Portfolio Purchase Date and Deferred Purchase Price.

During the Revolving Period, the Seller may (but is not obliged to) sell Lease Receivables and RV Claims constituting Additional Portfolios to the Issuer.

The Issuer shall fund the purchase of Additional Portfolios on the relevant Additional Portfolio Purchase Date through (i) Available Distribution Amounts (if the Additional Portfolio Purchase Date is on an Interest Payment Date) or (ii) amounts standing to the credit of the Replenishment Ledger (if the Additional Portfolio Purchase Date is on any Business Day other than an Interest Payment Date), provided that the Additional Portfolio Purchase Price payable in respect of such Additional Portfolios shall not be greater than (a) (if the relevant Additional Portfolio Purchase Date is on any Business Day other than an Interest Payment Date) the amount standing to the credit of the Replenishment Ledger or (b) (if the relevant Additional Portfolio Purchase Date is also on Interest Payment Date) the amount of Available Distribution Amounts available pursuant to the Revolving Period Priority of Payments.

Revised Purchase Date

If the amount standing to the credit of the Replenishment Ledger or, as the case may be, the amount of Available Distribution Amounts available to the Issuer to make such payment pursuant to the Revolving Period Priority of Payments (in both cases as notified to the Seller and Servicer by the Issuer or the Cash Manager on its behalf) is less than the amount required to pay the full Additional Portfolio Purchase Price of such Additional Portfolio, the Issuer will, not later than the Additional Portfolio Purchase Date, advise the Seller that the Issuer intends to accept and purchase only a part of or none of such Additional Portfolio (if purchasing only a part, in an amount equal to the amount standing to the credit of the Replenishment Ledger or, as the case may be, the amount of Available Distribution Amounts available to the Issuer to make such payment pursuant to the Revolving Period Priority of Payments) on the Additional Portfolio Purchase Date.

If the Issuer, or the Servicer on its behalf, advises the Seller, in accordance with the above paragraph, that the Issuer does not intend to purchase the entire proposed Additional Portfolio offered under a Transfer Notice, but confirms that it will purchase from the Seller an Additional Portfolio with a smaller Aggregate Discounted Balance, the Seller may, on such Purchase Date or, as applicable, on or prior to any Revised Purchase Date deliver a revised Transfer Notice (specifying the Revised Purchase Date (if applicable)) for the purpose of making a new offer to the Issuer.

Where the Seller proposes a Revised Purchase Date for the acquisition of part or all of an Additional Portfolio, the sale of such Additional Portfolio will take place on such Revised Purchase Date and the amounts to be used to purchase such Additional Portfolios on such Revised Purchase Date will be (if the original Additional Portfolio Purchase Date was an Interest Payment Date) or will remain (if the original Additional Portfolio Purchase Date was any Business Day other than an Interest Payment Date) credited to the Replenishment Ledger until such Revised Purchase Date.

Lease Agreement Recalculations

In the event that the Lease Agreement Recalculations for all Lease Agreements which have been recalculated during a Monthly Collection Period result in an increase in the Aggregate Discounted Balance as of the end of the Monthly Collection Period, an amount equal to the increase in the Aggregate Discounted Balance resulting from such Lease Agreement Recalculation during such Monthly Collection Period (the "**Aggregate Discounted Balance Increase Amount**") will be paid to the Seller by means of Junior Deferred Purchase Price on the following Interest Payment Date according to the applicable Priority of Payments.

In the event that the Lease Agreement Recalculations for all Lease Agreements which have been recalculated during a Monthly Collection Period result in a reduction in the Aggregate Discounted Balance as of the end of the Monthly Collection Period, the Purchaser shall demand from the Seller by way of a rebate of part of the Purchase Price an amount equal to the reduction of the Aggregate Discounted Balance resulting from such Lease Agreement Recalculations during such Monthly Collection Period (the "**Aggregate Discounted Balance Reduction Amount**"). The Aggregate Discounted Balance Reduction Amount to be paid by the Seller to the Purchaser will be a Deemed Collection.

Following notice from the Servicer that a reduction in the Aggregate Discounted Balance has occurred following a Lease Agreement Recalculation, the Seller shall on the immediately following Interest Payment Date (i) pay to the Issuer an amount equal to the Aggregate Discounted Balance Reduction Amount as a Deemed Collection and (ii) provide the Issuer and the Servicer with a list of recalculation of Lease Receivables and RV Claims.

Following notice from the Servicer that an increase of the Aggregate Discounted Balance has occurred following a Lease Agreement Recalculation an amount equal to the Aggregate Discounted Balance Increase Amount will be paid to the Seller by means of Junior Deferred Purchase Price on the following Interest Payment Date according to the applicable Priority of Payments.

Certain conditions apply in respect of the undertaking and implementation of Lease Agreement Recalculations (see "Servicing Agreement – Lease Agreement Recalculations" below).

Conditions to sale

The sale of the Initial Portfolio and any Additional Portfolio to the Issuer will in all cases also be subject to certain conditions as at the Closing Date and the relevant Additional Portfolio Purchase Date. The conditions include that:

- (a) the Issuer pays the Initial Purchase Price or the Additional Portfolio Purchase Price, as applicable;
- (b) a Transfer Notice attaching the relevant Portfolio Schedule certified by an authorised signatory of the Seller to be true and accurate in all material respects is delivered from the Seller to the Issuer, the Issuer Security Trustee and the Cash Manager; and

no Revolving Period Termination Event has occurred and is continuing as of the Purchase Date.

Lease Representations and Warranties

Pursuant to the Purchase Agreement, the Seller will make the following representations and warranties to the Issuer and the Issuer Security Trustee on the Closing Date and on each Additional Portfolio Purchase Date with reference to the facts and circumstances then subsisting as at the immediately preceding relevant Cut-Off Date:

- (a) the particulars of the Portfolio which are the subject of the offer are true and accurate as of the Cut-Off Date in all material respects and that the identifying number stated therein enables each Lease Agreement to be identified in the Records of the Seller;
- (b) it is the sole legal and beneficial owner of the Lease Receivables and RV Claims to be transferred on that Purchase Date;
- (c) each of the Lease Agreements, Lease Receivables and RV Claims meet the Eligibility Criteria as of the respective Cut-Off Date;
- (d) the Portfolio, including the Additional Portfolio, satisfy the Replenishment Criteria;
- (e) prior to entering into each Lease Agreement, the Originator carried out all investigations, searches and other actions, and made such enquiries as to the status and creditworthiness of each Lessee and each guarantor (if any) thereunder as described in its Credit Policy as amended from time to time;
- (f) it has not altered any of the Lease Receivables' and/or RV Claims' legal existence or otherwise waived, altered or modified any provision in relation to any Lease Receivable and/or RV Claim, in particular, it has not extinguished or affected any of the Lease Receivables and/or RV Claims by challenge, termination, set-off or any other means, unless in accordance with the provisions of the Servicing Agreement and would, (i) not result in the relevant Lease Receivable and RV Claim failing to comply with the Lease Warranties or (ii) not have a material adverse effect on the enforceability (or otherwise the rights to repayment) or the value of the relevant Lease

Receivable and/or RV Claim ((i) and (ii) being a "**Lease Receivable Material Adverse Effect**");

- (g) all Lease Receivables and RV Claims are separately identifiable on the Seller's systems or (in relation to Ancillary Rights) Records by way of "flagging" or otherwise to unambiguously indicate that each Lease Receivable and RV Claim assigned to the Issuer on such Purchase Date has been assigned to the Issuer;
- (h) it has maintained and is in possession of all Records in respect of the Portfolio and the corresponding Lease Agreements and such Records are accurate and complete in all material respects and, to the best of its knowledge, information and belief, are sufficient to enable each Lease Agreement to be enforced against the relevant Lessee and, as the case may be, guarantor thereunder;
- (i) it is the sole legal and beneficial owner of the relevant Leased Vehicle which is hired under a Lease Agreement to a Lessee and any such Leased Vehicle is free of any encumbrances and not subject to any retention of title arrangement or any option to acquire on, over or affecting such Leased Vehicle, other than any Permitted Encumbrance;
- (j) the assignment of the Lease Receivables and/or RV Claims pursuant to the Purchase Agreement will be effective to assign full, unencumbered beneficial title to the Lease Receivables and/or RV Claims to the Issuer and no further act, condition or thing will be required to be done in connection with such assignment in order to enable the Issuer to require payment of the Lease Receivables and/or RV Claims to the Issuer, or to enforce any such right in court, other than the delivery to each relevant obligor of a notification;
- (k) it has performed in all material respects all its obligations which have fallen due under or in connection with the Lease Agreements and, so far as it is aware, no Lessee has threatened or commenced any legal action which has not been resolved against it for any failure on the part of it to perform any such obligation;
- (l) no Lease Agreement and no Lease Receivables and/or RV Claims contravene in any material respect English law or any rules or regulations applicable to such Lease Agreement and Lease Receivables and/or RV Claims;
- (m) as of the relevant Cut-Off Date, no Lease Agreement has been terminated, repudiated or rescinded by it or any relevant Lessee;
- (n) since entering into the Lease Agreements, it has administered the Lease Agreements in accordance with the Credit and Collection Processing Procedures;
- (o) no litigation, dispute resolution, arbitration or administrative proceedings or regulatory investigation of, or before, any court, dispute resolution body, arbitral body or regulatory agency which would (if being contested) be reasonably likely to be adversely determined and, if adversely determined, be reasonably likely to have a material adverse effect on its ability to assign the Lease Receivables and RV Claims to the Issuer have (to the best of its knowledge and belief) been started or threatened against it;
- (p) no litigation, dispute resolution, arbitration or administrative proceedings of or before any court, dispute resolution body, arbitral body, tribunal or governmental body have been commenced or are pending or threatened against it or any of its assets or revenues which may have a material adverse effect on any Lease Receivables and/or RV Claims to be assigned to the Issuer;
- (q) no deposit has been made by a Lessee to LPUK in respect of any Lease Agreement in the Portfolio; and
- (r) in respect of each Lease Agreement (other than any Regulated Lease Agreement in respect of which the relevant Lessee is an individual who is (i) using the relevant Leased Vehicle for personal use and (ii) acting for purposes outside his own business), the relevant Lessee has entered into such Lease Agreement in the course of a business and for a purpose which is within

his trade or profession (if such Lessee is an individual) or in the ordinary course of its business (if such Lessee is a body corporate),

(together the "**Lease Warranties**").

Corporate Representations and Warranties

Pursuant to the terms of the Purchase Agreement, the Seller will further make the following representations and warranties to the Issuer and the Issuer Security Trustee on the Closing Date, each Additional Portfolio Purchase Date and on each Interest Payment Date with reference to the facts and circumstances then subsisting:

- (a) it is duly incorporated and validly existing under the law of England and Wales;
- (b) it has full power and authority to own its property and assets and conduct its business as currently conducted by it to the extent necessary to permit it to enter into the Transaction Documents and to perform its obligations thereunder, save where a failure to do so would not reasonably be expected to have a Material Adverse Effect;
- (c) it has the power, authority and capacity to enter into, perform and deliver, and has taken all necessary action to authorise its entry into, performance and delivery, of the relevant Transaction Documents, as well as the transactions contemplated thereunder;
- (d) no Insolvency Event has occurred in respect of it;
- (e) it has its centre of main interests, as that term is used in Article 3(1) of the Insolvency Regulation, in England and has no establishment outside England and Wales;
- (f) the obligations expressed to be assumed by it in the relevant Transaction Documents are legal, valid, binding and enforceable obligations, subject to any laws from time to time in effect relating to bankruptcy, insolvency, reorganisation or any other laws or procedures affecting generally the enforcement of creditors' rights and by the general principles of equity, regardless of whether such enforceability is considered in a proceeding in equity or at law, and are enforceable against it in accordance with their respective terms;
- (g) it has obtained and maintains in effect all relevant authorisations, approvals, licences and consents required in connection with its business to originate and manage contracts of the type eligible to be sold to the Issuer under the Transaction Documents pursuant to any requirement of law and any regulatory direction applicable to it in the United Kingdom;
- (h) the entry into, performance by it of, and the transactions contemplated by the relevant Transaction Documents do not and will not conflict in any material respect with, result in any breach of any of the terms and provisions of, or constitute (with or without notice or lapse of time) a default under:
 - (i) any existing law, court order or regulation applicable to it;
 - (ii) its constitutional documents; or
 - (iii) any agreement or instrument binding upon it or any of its assets or constitute a default or termination event (however described) under any such agreement or instrument;
- (i) it has entered into the relevant Transaction Documents in good faith for its benefit and on arms' length commercial terms;
- (j) the relevant Transaction Documents to which it is a party have been duly executed by it;
- (k) it has complied in all material respects with the terms of the Transaction Documents to which it is a party;

- (l) it is a company which is and has, since incorporation, been resident for tax purposes solely in the United Kingdom and will not be treated as resident outside the United Kingdom (and not resident in the United Kingdom) for the purposes of any double tax treaty to which the United Kingdom is party;
 - (m) it is not and will not be a financial institution for the purposes of section 564B ITA 2007;
 - (n) its most recent audited financial statements delivered in accordance with the Purchase Agreement: (i) were prepared in accordance with the laws of the UK and the accounting principles applicable in the UK consistently applied; (ii) disclosed all liabilities (contingent or otherwise) and all its unrealised or anticipated losses required (in each case) to be disclosed in accordance with the accounting principles applicable in the United Kingdom; and (iii) save as disclosed therein, give a true and fair view of its assets and liabilities and results of operation as of the date of which they were drawn up; and
 - (o) since the later of: (i) the Closing Date; and (ii) the date of its most recent audited financial statements, there has been no material adverse change in its financial position or prospects which might reasonably be expected to have a Material Adverse Effect,
- (together the "**Corporate Warranties**").

Eligibility Criteria

As noted above, pursuant to the terms of the Purchase Agreement, the Seller will represent and warrant on each Purchase Date that the Lease Agreements, Lease Receivables and/or, as applicable, the related RV Claims satisfy certain criteria (collectively the "**Eligibility Criteria**") at the Cut-Off Date preceding the relevant Purchase Date. The Eligibility Criteria are set out in the Purchase Agreement and state that:

- (a) the purchase price (including any part thereof which represents VAT) for the Leased Vehicle has been paid in full to the relevant supplier;
- (b) the underlying Lease Agreement (i) has been duly executed by it, (ii) is legal, valid, binding and enforceable save that a Lease Agreement will only be determined not to be enforceable by reason of a breach of the CCA at such time as a court delivers a judgment with respect to such specific lease and (iii) is governed by and subject to the laws of England and Wales;
- (c) the underlying Lease Agreement has been entered into in the ordinary course of business of the Originator and on arms' length commercial terms;
- (d) the related Lease Agreement is not a regulated credit agreement of the hire purchase or conditional sale type or otherwise;
- (e) each Lease Agreement that is a regulated consumer hire agreement is either (i) entered into by the hirer in the course of a business or (ii) provides for the hirer to make payments which in total (and without breach of the agreement) exceed £1,500 in any year;
- (f) the relevant Lease Receivables (including any Ancillary Rights) and the RV Claims are assignable, that the Seller can dispose of the Lease Receivables and RV Claims free from third party rights and that the relevant Lease Agreement does not contain (i) any restriction on assignment (or where there is a restriction, consent to assignment has been obtained) and (ii) any confidentiality provisions that will prevent disclosure of information about such Lease Agreement and the relevant Lessee to the Issuer Security Trustee, any Back-Up Servicer, Back-Up Realisation Agent or Back-Up Sub-Maintenance Coordinator or the delivery to these entities of a copy of such Lease Agreement (or where there is a restriction, consent to disclosure has been obtained);
- (g) the Leased Vehicle being the subject of the corresponding Lease Agreement is existing and is in good and substantial repair and condition and complies with the provisions of the Road Traffic Act 1988, as amended;

- (h) at least one Lease Instalment has been paid in respect of the underlying Lease Agreement;
- (i) there is no material breach, default or violation of any obligation under the associated Lease Agreement (for this purpose a lease shall be deemed to be in material default where any amount (other than in respect of any maintenance charges, services or fees) due under the Lease Agreement is in arrear for more than 31 calendar days and for an amount exceeding £1,000 if the Lease Agreement is classified as a Corporate Lease Agreement or Public Sector Lease Agreement and £100 if the Lessee is classified as an SME/Retail Lessee);
- (j) the Lease Receivables and RV Claims are free and clear of any Encumbrances other than any Permitted Encumbrances;
- (k) the relevant Lessee is not part of the LeasePlan Group;
- (l) the relevant Lessee is not an employee of any companies within the LeasePlan Group;
- (m) the Lessee is obliged under the terms of the Lease Agreement to take out third party liability insurance in respect of the Leased Vehicle;
- (n) the related Lease Agreement is not a Defaulted Lease Agreement;
- (o) the Remaining Maturity of the related Lease Agreement is not shorter than one month;
- (p) the Lease Receivables and RV Claims are denominated in Sterling;
- (q) the Lessee is not entitled to (and has not exercised) any right of rescission, counterclaim, contest, challenge or other defence (deriving from the Lease Agreement) in respect of such Lease Receivable;
- (r) to the best of the Seller's knowledge, the related Lease Agreement is not void or voidable at the instance of the Lessee by reason of fraud, undue influence, duress, misrepresentation or for any other reason;
- (s) the Lease Agreement gives rise to monthly, quarterly, semi-annual or annual instalments;
- (t) the Leased Vehicle under the Lease Agreement has an initial price (excluding VAT) below or equal to £500,000;
- (u) the Lease Agreement does not need to be filed, recorded or enrolled with any court and no stamp, registration or similar tax is required to be paid;
- (v) the Lease Agreement does not permit the Lessee to terminate in the event of the insolvency of the Originator;
- (w) at origination of the Lease Agreement, the relevant Lessee, in the case of an individual, an unincorporated association, or a charity, is resident or, in the case of a body corporate, incorporated in England and Wales;
- (x) the relevant Lessee is a natural person, public body or company with full legal capacity;
- (y) the Lease Agreement does not contain restrictions on delegation of any of the Lease Services rendered by it in connection with the Lease Agreement;
- (z) the Lease Receivables and the RV Claims have been originated by the Originator;
- (aa) if originated after the Closing Date, the Lease Agreement has been entered into with and originated solely by it;

- (bb) the Lessee has not withheld or deducted any amount for or on account of tax from any payment made pursuant to the Lease Agreement;
- (cc) the title to the Vehicles, which are the subject of the Lease Agreement, is held by the Originator;
- (dd) the Lease Agreement relates to a Vehicle;
- (ee) to the best of the knowledge and belief of the Originator, the relevant Lessee is not insolvent or bankrupt (as applicable) or subject to insolvency or bankruptcy proceedings (as applicable);
- (ff) the Lease Agreement does not include any “stock” or “marketable securities” within the meaning of Section 125 of the Finance Act 2003, “chargeable securities” for the purposes of section 99 of the Finance Act 1986 or a “chargeable interest” for the purposes of section 48 of the Finance Act 2000;
- (gg) to the best of the knowledge and belief of the Originator, each Lease Agreement has been originated in compliance with all applicable UK consumer protection legislation (including, but not limited to, the CCA) to the extent that failure to comply would have a material adverse effect on the enforceability or collectability of any such Lease Agreement;
- (hh) the Lessee does not have a credit assessment indicating, based on the Originator's underwriting policy, a significant risk that contractually agreed payments will not be made; and
- (ii) the Originator has not been granted a right of enforcement or material damages by a court as a result of a missed payment within three years prior to the date of origination of the Lease Agreement in relation to a relevant Lessee.

Replenishment Criteria

Under the Purchase Agreement, the Seller will represent on each relevant Purchase Date that the Lease Receivables and the related RV Claims satisfy certain criteria (the "**Replenishment Criteria**") calculated on a portfolio basis throughout the Revolving Period (including on the Closing Date) and, for the avoidance of doubt, calculated by taking into account the Additional Portfolio to be purchased on such Purchase Date:

- (a) Each of the top 1 to 3 Lessees measured in relation to the respective contribution to the Aggregate Discounted Balance as at the immediately preceding Cut-Off Date does not account for more than 2% of the Aggregate Discounted Balance as at the immediately preceding Cut-Off Date;
- (b) Each of the top 4 to 5 Lessees measured in relation to the respective contribution to the Aggregate Discounted Balance as at the immediately preceding Cut-Off Date does not account for more than 1.5% of the Aggregate Discounted Balance as at the immediately preceding Cut-Off Date;
- (c) Each of the top 6 to 10 Lessees measured in relation to the respective contribution to the Aggregate Discounted Balance as at the immediately preceding Cut-Off Date does not account for more than 1.3% of the Aggregate Discounted Balance as at the immediately preceding Cut-Off Date;
- (d) Each of the top 11 to 15 Lessees measured in relation to the respective contribution to the Aggregate Discounted Balance as at the immediately preceding Cut-Off Date does not account for more than 0.85% of the Aggregate Discounted Balance as at the immediately preceding Cut-Off Date;
- (e) Each Lessee, other than the top 15 Lessees measured in relation to the respective contribution to the Aggregate Discounted Balance as at the immediately preceding Cut-Off Date, does not

account for more than 0.50% of the Aggregate Discounted Balance as at the immediately preceding Cut-Off Date;

- (f) The Aggregate Discounted Balance as at the immediately preceding Cut-Off Date resulting from RV Claims (other than amounts paid in respect of any Final Balloon Payments) does not account for more than 45% of the Aggregate Discounted Balance as at the immediately preceding Cut-Off Date;
- (g) The Aggregate Discounted Balance as at the immediately preceding Cut-Off Date of Lease Agreements in the same Specific Industry Group does not account for more than 20% of the Aggregate Discounted Balance as at the immediately preceding Cut-Off Date;
- (h) The Aggregate Discounted Balance as at the immediately preceding Cut-Off Date resulting from Lease Agreements with a remaining term of more than 48 months is not larger than 10% of the Aggregate Discounted Balance as at the immediately preceding Cut-Off Date; and
- (i) The Aggregate Discounted Balance as at the immediately preceding Cut-Off Date resulting from Lease Agreements that are SME/Retail Lease Agreements is not larger than 69% of the Aggregate Discounted Balance as at the immediately preceding Cut-Off Date.

Repurchase

Pursuant to the terms of the Purchase Agreement, the Seller will be required to repurchase the Lease Receivables (if applicable) and the RV Claims in the circumstances set out below:

Repurchase obligation due to breach of the Lease Warranties

The Seller will be required to repurchase the Lease Receivables and the RV Claims sold to the Issuer pursuant to the Purchase Agreement if any breach of a Lease Warranty made by the Seller in relation to that Lease Receivable and/or RV Claim, by reference to the facts and circumstances then subsisting at the relevant Cut-Off Date in respect of which such Lease Warranty was given, which has, as determined by the Servicer in accordance with the Servicing Agreement, a Lease Receivable Material Adverse Effect in relation to the Lease Receivable and/or RV Claim, and that breach has not been cured in all material respects within 20 Business Days after the date on which the Seller became aware or (if earlier) was notified by the Servicer or the Issuer of the relevant breach of the Lease Warranties. Following expiration of such 20 Business Days the relevant Lease Receivables and/or RV Claims must be repurchased by the Seller on the next following Transfer Date.

Where a Lease Receivable and/or RV Claim is found to be in breach of the Replenishment Criteria, the Seller shall only be required to repurchase those Lease Receivables and RV Claims that would ensure the satisfaction of the Replenishment Criteria as at the next following Transfer Date taking into account any Lease Receivables and RV Claims to be sold and assigned to the Issuer on such Transfer Date.

However, where a breach of the Lease Warranties or any of them (including the Eligibility Criteria) occurs by reason of the Lease Agreement (or part thereof) being determined illegal, invalid, non-binding or unenforceable under the CCA, the Seller will not be obliged to repurchase the relevant Lease Receivables and RV Claims, but will on or before the next following Transfer Date pay an amount, calculated by the Servicer in accordance with the Servicing Agreement, required to compensate the Issuer for any loss suffered by the Issuer as a result of such breach.

If a Lease Receivable and/or RV Claim has never existed, or has ceased to exist, such that it is not outstanding on the date on which it is otherwise due to be repurchased pursuant to the Purchase Agreement, the Seller shall not be obliged to repurchase the Issuer's rights, title, interest and benefit in, to and under such Lease Receivable and/or RV Claim but shall instead indemnify the Issuer and the Issuer Security Trustee against any loss and all liabilities suffered by reason of any warranty or representation relating to or otherwise affecting such Lease Receivable and/or RV Claim being untrue or incorrect by reference to the facts subsisting at the date on which the relevant warranty or representation was given provided that the amount of such indemnity shall not exceed the Aggregate Discounted Balance of such Lease Receivables and/or RV Claims (calculated as at the Cut-Off Date immediately prior to the date on which such Lease Receivables and/or RV Claims were due to be repurchased) had the Lease Receivables

and/or RV Claims existed on the relevant repurchase date and complied with each of the Lease Warranties in relation to such Lease Receivables and/or RV Claims as at the relevant date. Payments in respect of such indemnity shall be made by the Seller on the date occurring not later than the next following Transfer Date immediately after the Seller has become aware of the relevant breach.

Repurchase obligation of the Lease Receivable and RV Claim due to a Lease Agreement Early Termination

On the occurrence of a Lease Agreement Early Termination the Seller will, pursuant to the Purchase Agreement, be required on or prior to the day falling ten Business Days after the Lease Agreement Early Termination Date to repurchase the Lease Receivable and RV Claim against a payment of the Repurchase Price (payable on the Transfer Date immediately following such repurchase.)

In addition, if at any time after the Cut-Off Date immediately preceding the date of repurchase of the relevant Lease Receivables and RV Claims following a Lease Agreement Early Termination as described above, the Issuer holds, or there is held to its order, or it receives, or there is received to its order, any early termination payment or any other payment or amount relating to such Lease Receivables and RV Claims repurchased by the Seller:

- (a) the Issuer undertakes to the Seller that it will remit, assign, re-assign or transfer the same to the Seller, as the ease may require; and
- (b) until it does so or to the extent that the Issuer is unable to effect such remittance, assignment, re-assignment or transfer, the Issuer undertakes to hold such property, interests, rights or benefits and/or the proceeds thereof upon trust for the Seller as the beneficial owner thereof.

The Seller will only be obliged to repurchase the RV Claims if the Lease Agreement Early Termination does not relate to a Defaulted Lease Agreement.

Repurchase obligation of the Lease Receivables and/or RV Claims on the Lease Maturity Date

Repurchase of Hire Purchase Lease Agreements on the Lease Maturity Date where the Lessees pay the Final Balloon Payment

The Seller will be required in respect of Lease Receivables and RV Claims relating to Hire Purchase Lease Agreements, to repurchase such Lease Receivables and RV Claims on the relevant Lease Maturity Date in accordance with the Purchase Agreement for the Repurchase Price calculated in accordance with Clause 7.7 of the Purchase Agreement (payable on the Transfer Date immediately following such repurchase) provided always that such repurchase shall not take effect if (a) on or prior to such Lease Maturity Date a Lease Maturity Extension occurs in respect of such Hire Purchase Lease Agreements; or (b) the Lessee does not pay the relevant Final Balloon Payment (each such Lease Receivables and RV Claim, "**Repurchased Hire Purchase Lease Agreements**").

The Seller will not be obliged to repurchase the RV Claim and Lease Receivables if the relevant Lease Agreement is a Defaulted Lease Agreement.

Repurchase of Hire Purchase Lease Agreements on or prior to the day falling ten Business Days after the Lease Maturity Date where the Lessees do not pay the Final Balloon Payment.

In respect of any Hire Purchase Lease Agreement for which the Lessee does not pay the relevant Final Balloon Payment and consequently the repurchase of such Hire Purchase Lease Agreement does not take effect on the Lease Maturity Date (and no Lease Maturity Extension has occurred in respect of such Lease Agreement on or prior to such Lease Maturity Date), the Seller will be required on or prior to the day falling ten Business Days after the Lease Maturity Date to repurchase the RV Claims and the Lease Receivables (if any) from the Issuer against payment of the Repurchase Price (payable on the Transfer Date immediately following such repurchase).

The Seller will not be obliged to repurchase the RV Claim and Lease Receivables in these circumstances if the relevant Lease Agreement is a Defaulted Lease Agreement.

Repurchase of Lease Agreements other than Hire Purchase Lease Agreements on or prior to the day falling ten Business Days after the Lease Maturity Date.

In respect of Lease Agreements other than Hire Purchase Lease Agreements (other than where on or prior to such Lease Maturity Date, a Lease Maturity Extension occurs in respect of such Lease Agreement) the Seller will be required on or prior to the day falling ten Business Days after the Lease Maturity Date to repurchase the RV Claims and the Lease Receivables (if any) from the Issuer against payment of the Repurchase Price (payable on the Transfer Date immediately following such repurchase).

The Seller will not be obliged to repurchase the RV Claim and Lease Receivables if the relevant Lease Agreement is a Defaulted Lease Agreement.

Repurchase obligation of the Lease Receivables and/or RV Claims on the Lease Maturity Date in the event of Lease Agreement Silent Extension

In the case of Lease Agreements that are subject to a Lease Agreement Silent Extension, the Seller will be required on or prior to the day falling ten Business Days after the original Lease Maturity Date to repurchase the RV Claims and the Lease Receivables from the Issuer against payment of the Repurchase Price (payable on the Transfer Date immediately following such repurchase).

The Seller will only be obliged to repurchase the Lease Receivables and the RV Claims, if the relevant Lease Agreement is not a Defaulted Lease Agreement.

Repurchase obligation of the Lease Receivables and/or RV Claims on the Lease Maturity Extension Date

In accordance with the relevant Lease Agreement and the Servicing Agreement, the Lease Maturity Date may be extended to a date up to 18 months after the Lease Maturity Date applicable at the time the relevant Lease Receivable and/or RV Claim was transferred to the Issuer, such extension being a Permitted Lease Maturity Extension.

The Seller will be required:

- (a) in the case of a Permitted Lease Maturity Extension, on or prior to the date falling ten Business Days after the Lease Maturity Extension Date; or
- (b) in the case of a Prohibited Lease Maturity Extension in respect of any Lease Agreement, on or prior to the date falling ten Business Days after the last day of the Collection Period in which such Prohibited Lease Maturity Extension is agreed,

to repurchase the RV Claim and (if, applicable, any Lease Receivables) against payment of the Repurchase Price (payable on the Transfer Date immediately following such repurchase).

The Seller will not be obliged to repurchase the relevant RV Claim and (if applicable) the Lease Receivables, if the relevant Lease Agreement is a Defaulted Lease Agreement.

As security for its obligation to repurchase the Lease Receivables (if applicable) and the RV Claims from the Purchaser the Repurchaser will grant floating security over title to the Leased Vehicles pursuant to the terms of the LPUK Deed of Charge (as to which see further below).

Repurchase Price

On repurchase of the Lease Receivables (if applicable) and the RV Claims, the Seller will pay to the Issuer the Repurchase Price. The "**Repurchase Price**" will be an amount equal to the Aggregate Discounted Balance (calculated, in the case of any Lease Receivables and RV Claims which are to be repurchased due to breach of Lease Warranties and which relate to Defaulted Lease Agreements, as if such Lease Receivables and RV Claims are Performing Lease Receivables and Performing RV Claims respectively) of the Lease Receivables and/or the RV Claims to be repurchased by the Seller as of the Cut-Off Date immediately preceding the date of such repurchase.

Completion of any repurchase shall take place (i) in respect of any Repurchased Hire Purchase Lease Agreements, on the relevant Lease Maturity Date immediately prior to the application of the amounts received from a Lessee (including the Final Balloon Payment) towards discharge of the Lessee's obligations under the relevant Repurchased Hire Purchase Lease Agreements so that as between the Issuer and the Seller, the Seller shall receive such amounts or (if such amounts have been paid by the Lessee prior to repurchase by the Seller) be entitled to receive such amounts paid to the issuer, and (ii) in all other cases on the earlier of the date on which the Repurchase Price is paid to the Issuer or on the date on which the related Leased Vehicle is sold or otherwise dealt with by the Seller (including any re-leasing by the Seller), provided that in respect of (i) and (ii) following an Automatic Crystallisation Event the completion can only occur on payment of the Repurchase Price.

Clean-up Call

The Seller will have the right at its option to exercise a clean-up call (the "**Clean-up Call**") and to offer to repurchase all of the Lease Receivables and the RV Claims from the Issuer on any Interest Payment Date (i) when the Aggregate Discounted Balance as of the immediately preceding Cut-Off Date is less than 10% of the Aggregate Discounted Balance as of the Initial Cut-Off Date provided that the conditions set out in Condition 6.2 (Optional redemption in whole for taxation or other reasons) for redemption of the Notes are fulfilled; or (ii) upon the redemption in full of Class A and Class B Notes.

The Repurchase Price payable by the Seller on exercise of the Clean-up Call shall be an amount equal to the higher of:

- (a) the Aggregate Discounted Balance of the Lease Receivables and the RV Claims; and
- (b) the sum of the Principal Amount Outstanding of the Class A Notes and Class B Notes and all accrued interest thereon, the principal amount outstanding of the Reserve Loan, together with interest accrued on the Reserve Loan plus any payments in the applicable Priority of Payments ranking in priority to payments of interest and principal under the Reserve Loan.

Lessee Notification Event

At any time after the occurrence of a Lessee Notification Event, the Servicer on behalf of the Issuer (in order to perfect its title to the Lease Receivables and/or RV Claims) or, following the occurrence of an Issuer Event of Default, on behalf of the Issuer Security Trustee may (and shall if instructed to do so by the Issuer and/or the Issuer Security Trustee):

- (a) give notice in the Seller's name to all or any of the Lessees of the sale and assignment of all or any of the Lease Receivables and/or RV Claims; and/or
- (b) direct all or any of the Lessees and any relevant third parties to pay amounts outstanding in respect of Lease Receivables and/or RV Claims directly to the Issuer, into the Issuer Transaction Account or any other account which is specified by the Issuer; and/or
- (c) give instructions to immediately transfer any Collections standing to the credit of the Seller Collection Accounts to the Issuer Transaction Account; and/or
- (d) take such other action as it reasonably considers to be necessary, appropriate or desirable in order to recover any amount outstanding in respect of Lease Receivables and/or RV Claims or to improve, protect, preserve or enforce their rights against the Lessees in respect of the Lease Receivables and/or RV Claims.

If the Servicer does not comply with its duty to notify the Lessees, the Issuer or Back-Up Servicer (or a third party acting on its behalf) may notify the Lessees. Costs in connection with a notification of the Lessees shall be borne by the Servicer. In order to facilitate such notification and the enforcement of the Issuer's rights in relation to the Lease Receivables and RV Claims on the Closing Date the Seller will deliver the Decryption Key to the Issuer Security Trustee. Following the occurrence of a Lessee Notification Event, the Issuer Security Trustee will make the Decryption Key available to the Issuer, the Servicer, the Realisation Agent, the Back-Up Servicer and the Back-Up Realisation Agent will be authorised to use the Decryption Key to decrypt the relevant Records and other relevant information and,

if the Servicer does not notify the Lessees, then the Issuer or Back-Up Servicer (or a third party acting on its behalf) may, decrypt the Data File and notify the Lessees using such decrypted information. For more information in relation to Lessee Notification Events see further the section entitled "Description of Certain Transaction Documents – Servicing Agreement" below.

Appointment of Maintenance Coordinator

Pursuant to the terms of the Purchase Agreement and in furtherance of the Issuer's interest in the Lease Receivables and RV Claims, LPUK (i) will appoint the Issuer to select one or more agents to perform the Lease Services as applicable to the relevant Leased Vehicles and (ii) agree to execute a power of attorney in favour of the Issuer and to perform any acts necessary in connection with the Lease Services. On the Closing Date, the Issuer will appoint LPUK to carry out the Lease Services on its behalf pursuant to the terms of a sub-maintenance coordinator agreement entered into between, inter alia, the Issuer, LPUK and the Issuer Security Trustee (the "**Sub-Maintenance Coordinator Agreement**"). See further description in the section entitled "Sub-Maintenance Coordinator Agreement" below.

In consideration for the services provided by the Issuer as Maintenance Coordinator, LPUK will pay to the Maintenance Coordinator the Maintenance Coordinator Fee on each Interest Payment Date.

Pursuant to the Purchase Agreement, the Maintenance Coordinator shall, on receipt of any VAT invoice (the "**Corresponding Sub-Maintenance VAT Invoice**") from LPUK in respect of any services supplied by LPUK to the Maintenance Coordinator pursuant to the Sub-Maintenance Coordinator Agreement, issue a VAT invoice (the "**Maintenance VAT Invoice**") to LPUK in respect of Lease Services on the same date, showing the same tax point and in the same amounts as the Corresponding Sub-Maintenance VAT Invoice. LPUK agrees to pay the Maintenance Coordinator Fee set out in the Maintenance VAT Invoice on the Interest Payment Date relating to the Corresponding Sub-Maintenance VAT Invoice.

Applicable law and jurisdiction

The Purchase Agreement and any non-contractual obligations arising out of or in connection with it will be governed by and construed in accordance with the laws of England and Wales. The courts of England and Wales have exclusive jurisdiction to hear any disputes that may arise out of or in connection with the Purchase Agreement.

2. SERVICING AGREEMENT

General

On or prior to the Closing Date the Issuer, the Note Trustee, the Issuer Security Trustee, the Reporting Agent and LPUK will enter into a servicing agreement (the "**Servicing Agreement**") pursuant to which LPUK will be instructed to act as Servicer and to carry out certain management, collection and recovery activities in relation to the Portfolio transferred to the Issuer pursuant to the Purchase Agreement in accordance with the credit and collection processing procedures of LPUK as amended from time to time in accordance with the terms and conditions of the Servicing Agreement (the "**Credit and Collection Processing Procedures**").

Description of Servicing Functions

The duties of the Servicer will be set out in the Servicing Agreement and the Servicer will agree, amongst other things, to:

- (a) administer the Lease Agreements and in particular collect all Collections and Vehicle Realisation Proceeds unless such Vehicle Realisation Proceeds relate to the disposal of a Leased Vehicle by the Realisation Agent;
- (b) procure that (A) (i) all Collections in respect of the Lease Receivables or Final Balloon Payments, all Vehicle Realisation Proceeds in respect of the RV Claims collected at any time during the immediately preceding Monthly Collection Period (unless such Vehicle Realisation Proceeds relate to a disposal of a Leased Vehicle by the Realisation Agent) are paid on each Interest Payment Date directly into the Issuer Transaction Account and (ii) upon the occurrence

of a Reserves Trigger Event and as long as a Reserves Trigger Event is continuing, all Collections in respect of the Lease Receivables or Final Balloon Payments (other than Lease Servicing Components and/or VAT Components), all Vehicle Realisation Proceeds in respect of the RV Claims collected at any time during the immediately preceding relevant Collection Period (unless such Vehicle Realisation Proceeds relate to a disposal of a Leased Vehicle by the Realisation Agent) are paid directly into the Issuer Transaction Account on each relevant Transfer Date and (B) all Lease Servicing Components and/or VAT Components collected at any time during the immediately preceding Monthly Collection Period and any Deemed Collections are paid into the Issuer Transaction Account on each Interest Payment Date;

- (c) administer early repayments;
- (d) (re)calculate the Estimated Residual Value and/or Lease Receivables in accordance with the Servicer's Credit and Collection Processing Procedures and subject to the terms of the relevant Lease Agreement;
- (e) prepare the financial and other reporting on the performance of the Portfolio, including the Servicer Report Sections of the Investor Report and provide such sections to the Reporting Agent on or prior to the date falling three Business Days prior to each Calculation Date;
- (f) keep and maintain records with respect to each Lease Agreement comprised in a Portfolio for the purposes of identifying amounts paid by each Lessee, any amount due from a Lessee and the balance from time to time outstanding with respect to each such Lease Agreement;
- (g) maintain records in respect of amounts recognised as having been lost or irrecoverable in relation to Defaulted Lease Agreements and amounts recovered in relation to Defaulted Lease Agreements which have previously been recognised as having been lost or irrecoverable in accordance with the requirements of the Servicing Agreement and the Credit and Collection Processing Procedures;
- (h) keep and maintain the Records on a Lease Receivable by Lease Receivable and RV Claim by RV Claim basis, in whatever medium or media may be expedient showing clearly all transactions and proceedings relating to this Agreement and to the relevant Lessees (including their correspondence details), the Lease Receivables and RV Claims and in an adequate form as is necessary to enforce each Lease Receivable;
- (i) ensure that the Records in respect of the Lease Receivables and RV Claims and the relevant Lease Agreements are kept in good order, in safe custody in fireproof and flood-proof storage in such manner so that they are identifiable and distinguishable from the records and other documents which relate to other agreements which are held by or on behalf of the Servicer or any other person and so that the relevant Lease Agreements and Records are uniquely, unequivocally and physically identifiable from data contained in the Initial Portfolio Schedule or the relevant Additional Portfolio Schedule;
- (j) take all actions on behalf and in the name of LPUK to repossess and return or transfer the relevant Leased Vehicles to the Realisation Agent (i) in respect of any Defaulted Lease Agreements; (ii) where LPUK has failed to repurchase the Lease Receivable (if applicable) and/or RV Claim in accordance with the Purchase Agreement; or (iii) where the relevant Lessee is obliged to and has failed to return the relevant Leased Vehicle to LPUK in accordance with the terms of the relevant Lease Agreement;
- (k) upon the occurrence of an Insolvency Event with respect to LPUK, negotiate the variable component of the Administrator Incentive Recovery Fee with LPUK's Insolvency Official with a view to maximising the recoveries of the RV Claims by the Issuer where the Insolvency Official disposes of, arranges for the disposal of or otherwise assists with the disposal of the relevant Leased Vehicles;
- (l) give access to its records to the Issuer or the Issuer Security Trustee (or any agent) upon request;

- (m) determine, as required, any Lease Agreement Recalculations and notify the Issuer, the Seller, the Cash Manager and following an Issuer Event of Default, the Issuer Security Trustee of any Aggregate Discounted Balance Increase Amount or Aggregate Discounted Balance Reduction Amount resulting from such recalculation;
- (n) deal with (and, if necessary repossess and return) any Defaulted Lease Agreements in accordance with the terms of the Servicing Agreement, including notifying the Realisation Agent of any Lease Agreements that have become Defaulted Lease Agreements; and
- (o) perform other tasks incidental to the above.

In consideration of these duties, the Servicer will receive the Servicer Fee to be paid by the Purchaser according to the applicable Priority of Payments.

Description of Servicing Standard

In accordance with the terms of the Servicing Agreement, the Servicer shall:

- (a) comply with the Servicer's Credit and Collection Processing Procedures; and
- (b) at all times devote or procure that there is devoted to the performance of its obligations, exercise of its discretions and its exercise of the rights of the Issuer and where so permitted the Issuer Security Trustee in respect of the Lease Receivables and RV Claims at least (i) the same amount of time and attention, (ii) the same level of skill, care and diligence in the performance of those obligations and discretions as it would if it were administering receivables which it beneficially owned and, in any event, will devote all due skill, care and diligence to the performance of its obligations and the exercise of its discretions under the Servicing Agreement and consider the interests of the Issuer and the Issuer Security Trustee (acting on behalf of the Issuer Secured Creditors) at all times whilst carrying out the services under the Servicing Agreement but the Servicer shall not be required to do or cause to be done anything which it is prevented from doing by any regulatory direction or any requirement of law.

In addition, the Servicer shall service and administer the assets forming part of the Portfolio in compliance with the Lease Agreements, the Purchase Agreement and certain general covenants of the Servicer (including covenants as to the compliance with any applicable laws in rendering the services owed by the Servicer).

Collections and distribution

Under the Servicing Agreement the Servicer will procure that (A)(i) all Collections in respect of the Lease Receivables, or Final Balloon Payments and all Vehicle Realisation Proceeds in respect of the RV Claims and all Deemed Collections collected at any time during the immediately preceding Collection Period (unless such Vehicle Realisation Proceeds relate to a disposal of a Leased Vehicle by the Realisation Agent) are paid on each Interest Payment Date directly into the Issuer Transaction Account and (ii) upon the occurrence of a Reserves Trigger Event and as long as a Reserves Trigger Event is continuing, all Collections in respect of the Lease Receivables or Final Balloon Payments (other than Lease Servicing Components and/or VAT Components) and all Vehicle Realisation Proceeds (unless such Vehicle Realisation Proceeds relate to a disposal of a Leased Vehicle by the Realisation Agent) in respect of the RV Claims (other than VAT Components) collected at any time during the immediately preceding relevant Collection Period are paid directly into the Issuer Transaction Account on each relevant Transfer Date and (B) all Lease Servicing Components and/or VAT Components collected at any time during the immediately preceding Monthly Collection Period and any Deemed Collections are paid into the Issuer Transaction Account on each Interest Payment Date.

Election of Required Commingling Reserve Amount

Pursuant to the terms of the Servicing Agreement the Servicer has also covenanted that it shall immediately on the occurrence of a Reserves Trigger Event elect (and notify the Issuer, the Issuer

Security Trustee and the Cash Manager in writing of the same) either paragraph (b)(ii)(A) or (b)(ii)(B) of the definition of Required Commingling Reserve Amount as the basis on which the Required Commingling Reserve Amount will be calculated and such election shall continue until the next following Calculation Date on which the Servicer makes a new election pursuant the Servicing Agreement and the Commingling Reserve Ledger is credited with an amount equal to the Required Commingling Reserve Amount provided that:

- (a) if the Required Commingling Reserve Amount is determined in accordance with paragraph (b)(ii)(A) of the definition of Required Commingling Reserve Amount, the Transfer Dates shall be each Twice-Weekly Payment Date;
- (b) if the Required Commingling Reserve Amount is determined in accordance with paragraph (b)(ii)(B) of the definition of Required Commingling Reserve Amount, the Transfer Dates shall be each Interest Payment Date;
- (c) if the Servicer fails to make an election by 5.30 pm (London Time) on the day falling ten Business Days after the day on which such Reserves Trigger Event occurs, the Required Commingling Reserve Amount shall be deemed to be determined in accordance with paragraph (b)(ii)(B) of the definition of Required Commingling Reserve Amount and the Transfer Dates shall be each Interest Payment Date, until the next following Calculation Date on which the Servicer makes an election pursuant to the Servicing Agreement and the Commingling Reserve is credited with an amount equal to the Required Commingling Reserve Amount (as determined in accordance with paragraph (b)(ii)(A) or (b)(ii)(B) of the definition of Required Commingling Reserve Amount) as elected by the Servicer; and
- (d) if the amount credited to the Commingling Reserve Ledger is less than the Required Commingling Reserve Amount calculated in accordance with paragraph (b)(ii)(B) of the definition of Required Commingling Reserve Amount, it shall have no option to change its election pursuant to the Servicing Agreement and the Transfer Dates shall be each Twice Weekly Payment Date.

Lease Agreement Recalculation

During each Monthly Collection Period, the Servicer will determine on or prior to the date falling three Business Days prior to each Calculation Date the Lease Agreement Recalculations with respect to each Lease Agreement in accordance with the Credit and Collection Processing Procedures of LPUK, which will have the effect that the Lease Receivables and the Estimated Residual Value with respect to such Lease Agreement in the Portfolio during the immediately preceding calendar month will be changed, provided that:

- (a) if, in relation to any Lease Agreement, the relevant Lease Agreement Recalculation would result in a net payment to the Lessee, the Servicer will not undertake and implement that Lease Agreement Recalculation unless it is satisfied that the Seller will make (or, failing which, the Servicer will make) such payment to the relevant Lessee within 30 days following the date of that Lease Agreement Recalculation; and
- (b) following an Insolvency Event in respect of the Seller, the Servicer or, where relevant, the Back-Up Servicer shall not undertake and implement Lease Agreement Recalculations the aggregate effect of which would be to cause to subsist, on any Interest Payment Date, an Aggregate Discounted Balance Reduction Amount.

This Lease Agreement Recalculation might then lead to an increase in the Aggregate Discounted Balance on the following Cut-Off Date relating to this Lease Agreement using a discount rate equal to the Discount Rate.

Or, as the case may be, a Lease Agreement Recalculation might lead to a decrease of the Aggregate Discounted Balance on the following Cut-Off Date relating to another Lease Agreement using the Discount Rate.

The Servicer will notify the Issuer, the Seller and the Cash Manager on the Calculation Date that the Lease Agreement Recalculations are determined of any Aggregate Discounted Balance Increase Amount or Aggregate Discounted Balance Reduction Amount resulting from such Lease Agreement Recalculation.

Performance by Third Parties

The Servicer may at any time:

- (a) without the prior consent of the Issuer, the Issuer Security Trustee or any other party to the Transaction Documents, sub-delegate all or any part of its duties under the Servicing Agreement to a receiver, solicitor, insurance broker, valuer, accountant, insolvency practitioner, auctioneer, bailiff, sheriff officer, debt counsellor, tracing agent, debt collection agent, repossession agent, asset recovery agent or other professional adviser acting as such for the purposes of debt recovery or enforcement in accordance with the Credit and Collection Processing Procedures; or
- (b) with the prior written consent of the Issuer and the Issuer Security Trustee, sub-contract or delegate the performance of all or any of its powers and obligations under the Servicing Agreement (other than those described in paragraph (a) above) to a sub-servicer and terminate the appointment of any then current sub-servicer, in each case on such terms as it thinks fit,

provided that in the case of both (a) and (b), the Servicer remains responsible for the functions so delegated.

Allocation of Collections

Subject, where applicable, to the provisions of and the operation of the CCA which require a contrary treatment as to apportionment to be applied, the Servicer will, if a person owing a payment obligation in respect of a Lease Agreement makes a general payment to the Servicer on account both of a Lease Receivable or Final Balloon Payment and of any other monies due for any reason whatsoever to LPUK (including in relation to a Lease Agreement not included in the Portfolio) and makes no apportionment between them, treat such payment in the following manner:

- (a) firstly, to the applicable invoice relating to such payment;
- (b) secondly, where payments are not identified as relating to a specific invoice, and after notification to the Lessee, to the relevant invoice at the direction of the Lessee;
- (c) thirdly, where no such allocation is provided by the relevant Lessee within ten Business Days, to the oldest invoice then outstanding until the outstanding balance of such invoice has been reduced to zero and thereafter to the next oldest invoices in order until the outstanding balance of such invoices has been reduced to zero; and
- (d) fourthly, in all other cases *pari passu* and *pro rata* between all outstanding invoices of the Lessee relating to Lease Receivables.

Additionally, the *pro rata* share of the collections received and allocated to the Lease Agreements included in the Portfolio should first be applied and allocated (i) *pro rata* and *pari passu* between VAT Collections and Non-VAT Collections and (ii) thereafter, Non-VAT Collections, will be allocated to Lease Interest Collections, then to Lease Principal Collections and thereafter to Lease Servicing Collections.

Investor Report

On or prior to the date falling no later than the fourth Business Day of each calendar month, the Realisation Agent, Sub-Maintenance Coordinator and the Servicer shall provide all information to the Reporting Agent, which may be required by the Reporting Agent to prepare a monthly investor report in draft form. This draft investor report shall include data in relation to the Portfolio (including amongst

others: Collections and Lease Agreement Recalculations). The Reporting Agent shall deliver this draft investor report to the Servicer on or prior to two Business Days prior to each Calculation Date. Upon the Servicer agreeing to the contents of the Investor Report, the fully populated investor report (in such final form, the "**Investor Report**") will be published on the Calculation Date on www.bumperfinance.com. Such Investor Reports will be published for as long as the Notes are outstanding.

The defined terms used in the Investor Reports shall, by reference, incorporate the defined terms set out generally in the Prospectus and more specifically in the Master Definitions Schedule.

The Reporting Agent will disclose, on behalf of the Issuer, (i) in the first Investor Report following the award of the PCS Label, the amount of the Notes privately-placed and/or publicly-placed with investors which are not in the LeasePlan Group and (ii) to the extent permissible, in the Investor Report following placement of any Notes initially retained by a member of the LeasePlan Group, but subsequently placed with investors which are not in the LeasePlan Group, the amount of Notes placed with such Investors. In addition, until the Notes are redeemed in full, a cash flow model shall be made available (directly or indirectly) to investors, potential investors and firms that generally provide services to investors.

If the information given in the Servicer Report Sections of the final Investor Report is not sufficient for a recipient to perform its respective roles or duties (including the preparation of any reports or provisions of other information) under the Servicing Agreement or the other Transaction Documents, the Servicer has undertaken to give such assistance as reasonably requested by the relevant party.

Servicer Fee

In consideration of its duties pursuant to the Servicing Agreement, the Servicer will receive the Servicer Fee to be paid by the Purchaser subject to and in accordance with the applicable Priority of Payments.

Appointment of Back-Up Servicer

LPUK shall procure within 120 calendar days from the occurrence of an Appointment Trigger Event that a Suitable Entity (selected in good faith and in accordance with standard of care set out in the Servicing Agreement) acts as Back-Up Servicer pursuant to the terms of a back-up servicer agreement (the "**Back-Up Servicing Agreement**"). The Back-Up Servicer will have to satisfy and meet the requirements and standards as set out in the Servicing Agreement.

If LPUK has not procured that a Suitable Entity is appointed as Back-Up Servicer within 120 calendar days from the occurrence of such Appointment Trigger, the Issuer has agreed to use reasonable endeavours to procure a Suitable Entity to act as Back-Up Servicer.

The Servicer must notify the parties to the Servicing Agreement in writing immediately on the occurrence of an Insolvency Event in relation to the Servicer or the occurrence of an Investment Grade Trigger Event, a Pre-Crystallisation Trigger Event or a Non-Insolvency Servicer Termination Event.

On entry into the Back-Up Servicing Agreement, whilst acting as Back-Up Servicer, the Back-Up Servicer will agree that it will (a) on receipt of the Servicer Report Sections of the Investor Report and all other information delivered to it pursuant to Clause 6 of the Servicing Agreement, promptly review such information; and (b) promptly notify the Servicer if it requires any further assistance or information reasonably required by it in order to enable them to perform their roles or duties pursuant to the Back-Up Servicing Agreement, such that in each case it is in a position that it is able, on its assumption of the Servicer role, to immediately perform services contained in the Back-Up Servicing Agreement (together, the "**Back-Up Servicer Role**").

Following the occurrence of a Servicer Termination Event and termination of the appointment of the Servicer, the Back-Up Servicer will take over the services of the Servicer under the Servicing Agreement.

As long as the Back-Up Servicer has not taken over the services of the Servicer, the Back-Up Servicer will be entitled to receive the Back-Up Servicer Stand-By Fee (payable in accordance with the Priority of Payments) following its appointment as Back-Up Servicer in such an amount to be agreed between the

Issuer, the Back-Up Servicer and (only where such Back-Up Servicer Stand-By Fee is proposed to exceed 0.05% per annum of the Aggregate Discounted Balance of the Portfolio as of the end of the immediately preceding Monthly Collection Period), LPUK.

Neither the LPUK Security Trustee, the Issuer Security Trustee or the Note Trustee shall be obliged to monitor the performance of the Servicer and shall be entitled to assume it is performing its obligations under the Servicing Agreement, nor shall any of them be required to take action to identify any replacement Servicer or Back-Up Servicer or for carrying on any role of the Servicer following the termination of the Servicer's appointment.

Termination and Replacement of the Servicer

After the occurrence of a Servicer Termination Event, the Issuer (or the Issuer Security Trustee) is entitled to dismiss the Servicer in writing. Such dismissal and the appointment of a new Servicer shall only become effective after the new Servicer has been appointed on terms substantially similar to the existing Servicing Agreement.

The Servicer may assign all of its rights under the Servicing Agreement to another member of the LeasePlan Group (who shall assume all of the obligations of the Servicer under the Servicing Agreement) without the prior consent of the Issuer and the Issuer Security Trustee provided that certain conditions are satisfied.

Applicable law and jurisdiction

The Servicing Agreement, and any non-contractual obligations arising of or in connection with it, will be governed by and construed in accordance with the laws of England and Wales. The courts of England and Wales have exclusive jurisdiction to hear any disputes that may arise out of or in connection with the Servicing Agreement.

3. REALISATION AGENCY AGREEMENT

General

On or prior to the Closing Date the Issuer, the LPUK Security Trustee, the Issuer Security Trustee and LPUK as Realisation Agent will enter into a realisation agency agreement (the "**Realisation Agency Agreement**") pursuant to which LPUK will agree to act as the Realisation Agent. The Realisation Agent shall be responsible for selling the Leased Vehicles resulting from Defaulted Lease Agreements or where LPUK as Repurchaser has failed to repurchase the Lease Receivables (if applicable) and the RV Claims in accordance with the Purchase Agreement, in each case after the Leased Vehicle has been returned to the Realisation Agent by the Servicer in accordance with the Servicing Agreement. The Realisation Agent shall only sell the related Leased Vehicles at such time as would not result in a breach of the relevant Lease Agreement.

As security for its obligation to repurchase the Lease Receivables (if applicable) and the RV Claims from the Issuer the Repurchaser will grant floating security over title to the Leased Vehicles pursuant to the terms of the LPUK Deed of Charge (as to which see further below).

Realisation Procedure Rules

The Realisation Agent has undertaken to comply with certain criteria, including the following, when realising the Leased Vehicles (the "**Realisation Procedure Rules**"):

- (a) conduct its realisation activities in accordance with a standard of care such that the Realisation Agent shall devote or procure that there is devoted to the performance of its obligations, exercise of its discretions and its exercise of the rights of the Issuer and where so permitted the Issuer Security Trustee in respect of the Realisation Services at least (i) the same amount of time and attention, (ii) the same level of skill, care and diligence in the performance of those obligations and discretions and the exercise of those rights as it would exercise if it were providing the Realisation Services in respect of Vehicles which it beneficially owned and, in any event, will devote all due skill, care and diligence to the performance of its obligations and the exercise of

its discretions hereunder and consider the interests of the Issuer and, following the occurrence of an Issuer Event of Default, the Issuer Security Trustee (acting on behalf of the Issuer Secured Creditors) at all times whilst carrying out the services thereunder but the Realisation Agent shall not be required to do or cause to be done anything which it is prevented from doing by any regulatory direction or any requirement of law;

- (b) consider the interests of the Issuer and, following the occurrence of an Issuer Event of Default, the Issuer Security Trustee (acting on behalf of the Issuer Secured Creditors) at all times whilst carrying out the Realisation Services;
- (c) comply with the Realisation Agent's customary realisation procedures;
- (d) maintain its books and records relating to the Leased Vehicles in accordance with applicable accounting standards in all material respects and to adequately store and preserve the records that are in its possession;
- (e) maintain records in relation to the Leased Vehicles and keep them in such a manner that they are readable by a computer, can be easily distinguished from other similar records, and can be accessed by the Issuer at all reasonable times;
- (f) use commercially reasonable efforts to arrange for the sale of the Leased Vehicles to a third party purchaser in a manner which maximises the sale price thereof (having regard to the then current market value of such Leased Vehicle taking into account the relevant method of sale); and
- (g) not arrange for the sale of a Leased Vehicle to a third party purchaser on credit terms.

Collections and commingling

As long as no Reserves Trigger Event is continuing, the Realisation Agent will agree and covenant to the Issuer, the Issuer Security Trustee and the LPUK Security Trustee to pay to the Issuer Transaction Account of the Issuer, the Vehicle Realisation Proceeds related to or received during the immediately preceding Monthly Collection Period on each Interest Payment Date.

Upon the occurrence of a Reserves Trigger Event and as long as a Reserves Trigger Event is continuing, the Realisation Agent will agree and covenant to the Issuer, the Issuer Security Trustee and the LPUK Security Trustee to pay to the Issuer Transaction Account of the Issuer, the Vehicle Realisation Proceeds on each relevant Transfer Date.

Upon the occurrence of Realisation Agent Termination Event, the Issuer agrees and covenants to direct the Realisation Agent to direct the payment of all Vehicle Realisation Proceeds directly into the Issuer Transaction Account.

Realisation Agent Fee

In consideration for its services the Issuer will pay to the Realisation Agent a realisation agent fee equal to 1% of the VAT-exclusive amount of the sale proceeds for each Leased Vehicle sold by the Realisation Agent pursuant to the Realisation Agency Agreement (the "**Realisation Agent Fee**"). The Realisation Agent Fee may be deducted from the Vehicle Realisation Proceeds arising in respect of such Leased Vehicle. To the extent such Realisation Agent Fee is not deducted from the Vehicle Realisation Proceeds arising in respect of such Leased Vehicle, it shall be payable in accordance with the relevant Priority of Payments.

Appointment of Back-Up Realisation Agent and Back-Up Realisation Agent Role

LPUK shall procure within 120 calendar days from the earlier of the occurrence of an Investment Grade Trigger Event, a Pre-Crystallisation Trigger Event or a Non-Insolvency Realisation Agent Termination Event that a Suitable Entity (selected in good faith and in accordance with standard of care set out in the Realisation Agency Agreement) acts as Back-Up Realisation Agent and as Trustee Agent. If on the

occurrence of an Insolvency Event in relation to the Realisation Agent, LPUK has not procured that a Suitable Entity acts as the Back-Up Realisation Agent and/or the Trustee Agent (as applicable), or if LPUK has not procured that a Suitable Entity is appointed as a Back-Up Realisation Agent and/or a Trustee Agent (as applicable) within 120 calendar days from the earlier of the occurrence of an Investment Grade Trigger Event, a Pre-Crystallisation Trigger Event and a Non-Insolvency Realisation Agent Termination Event, the Issuer shall use reasonable endeavours to procure a Suitable Entity to act as Back-Up Realisation Agent and/or Trustee Agent (as applicable). The Realisation Agent must notify the parties to the Realisation Agency Agreement in writing immediately on the occurrence of an Insolvency Event in relation to the Realisation Agent or the occurrence of an Investment Grade Trigger Event, a Pre-Crystallisation Trigger Event or a Non-Insolvency Realisation Agent Termination Event.

On entry into the Back-Up Realisation Agency Agreement, whilst acting as Back-Up Realisation Agent, the Back-Up Realisation Agent will covenant with the Issuer that it will (a) on receipt of the Investor Report and all other information delivered to it pursuant to Clause 6 of the Servicing Agreement, promptly review such information; and (b) promptly notify the Realisation Agent if it requires any further assistance or information reasonably required by it in order to enable it to perform its roles or duties pursuant to the Back-Up Realisation Agency Agreement, such that in each case it is in a position that it is able, on its assumption of the Realisation Agent role, to immediately perform services contained in the Realisation Agency Agreement (together, the "**Back-Up Realisation Agent Role**").

Prior to the occurrence of a Realisation Agent Termination Event, the Back-Up Realisation Agent will not be required to carry out the Realisation Services and will in consideration for agreeing to provide the Realisation Services on termination of the Realisation Agency Agreement, be paid a Back-Up Realisation Agent Stand-By Fee.

Neither the LPUK Security Trustee, the Issuer Security Trustee or the Note Trustee shall be obliged to monitor the performance of the Realisation Agent, the Back-Up Realisation Agent or the Trustee Agent and shall be entitled to assume that each is performing its obligations under the Realisation Agency Agreement, nor shall any of them be required to take action to identify any replacement Realisation Agent or Back-Up Realisation Agent or Trustee Agent or for carrying on any role of the Back-Up Realisation Agent, the Back-Up Realisation Agent or the Trustee Agent following the termination of the Back-Up Realisation Agent's appointment.

Termination and Replacement of the Realisation Agent

After the occurrence of a Realisation Agent Termination Event, the Issuer (or the Issuer Security Trustee) is entitled to notify the Realisation Agent in writing that it is no longer required to act under the Realisation Agency Agreement. The termination and the appointment of a new Realisation Agent shall only become effective after the Back-up Realisation Agent has been appointed on terms substantially similar to the existing Realisation Agency Agreement.

The Realisation Agent may assign all of its rights under the Realisation Agency Agreement to another member of the LeasePlan Group (who shall assume all of the obligations of the Realisation Agent under the Realisation Agency Agreement) without the prior consent of the Issuer and the Issuer Security Trustee provided that certain conditions are satisfied.

Applicable law and jurisdiction

The Realisation Agency Agreement, and any non-contractual obligations arising of or in connection with it, will be governed by and construed in accordance with the laws of England and Wales. The courts of England and Wales have exclusive jurisdiction to hear any disputes that may arise out of or in connection with the Realisation Agency Agreement.

4. SUB-MAINTENANCE COORDINATOR AGREEMENT

General

On the Closing Date the Issuer (in its capacity as Maintenance Coordinator) will appoint LPUK to carry out the Lease Services on its behalf pursuant to the terms of a sub-maintenance coordinator agreement

entered into between, inter alia, the Issuer, LPUK (in its capacity as Sub-Maintenance Coordinator) and the Issuer Security Trustee (the "**Sub-Maintenance Coordinator Agreement**").

The Sub-Maintenance Coordinator shall, at all times during the term of the Sub-Maintenance Coordinator Agreement, devote or procure that there is devoted to the performance of its obligations, exercise of its discretions and its exercise of the rights of the Issuer and following the occurrence of an Issuer Event of Default, the Issuer Security Trustee in respect of the Lease Services at least (i) the same amount of time and attention, (ii) the same level of skill, care and diligence in the performance of those obligations and discretions and the exercise of those rights as it would if it were coordinating the Lease Services in respect of motor vehicle lease agreements and/or maintenance and service contracts which it beneficially owned and, in any event, will devote all due skill, care and diligence to the performance of its obligations and the exercise of its discretions hereunder and consider the interest of the Issuer and, following the occurrence of an Issuer Event of Default, the Issuer Security Trustee (acting on behalf of the Issuer Secured Creditors) at all times whilst coordinating the Lease Services under the Sub-Maintenance Coordinator Agreement but the Sub-Maintenance Coordinator shall not be required to do or cause to be done anything which it is prevented from doing by any regulatory direction or any requirement of law.

Termination and Replacement of the Sub-Maintenance Coordinator

After the occurrence of a Sub-Maintenance Coordinator Termination Event, the Issuer (or the Issuer Security Trustee) is entitled to dismiss the Sub-Maintenance Coordinator in writing. The dismissal and the appointment of a new Sub-Maintenance Coordinator shall only become effective after the new Sub-Maintenance Coordinator has been appointed on terms substantially similar to the existing Sub-Maintenance Coordinator Agreement.

The Sub-Maintenance Coordinator may assign all of its rights under the Sub-Maintenance Coordinator Agreement to another member of the LeasePlan Group (who shall assume all of the obligations of the Sub-Maintenance Coordinator under the Sub-Maintenance Coordinator Agreement) without the prior consent of the Issuer and the Issuer Security Trustee provided that certain conditions are satisfied.

Appointment of Back-Up Sub-Maintenance Coordinator

LPUK shall procure within 120 calendar days from the earlier of the occurrence of an Appointment Trigger and an Insolvency Event in relation to LPUK that a Suitable Entity (selected in good faith and in accordance with standard of care set out in the Sub-Maintenance Coordinator Agreement) acts as Sub-Maintenance Coordinator pursuant to terms substantially similar to the existing Sub-Maintenance Coordinator Agreement. The Back-Up Sub-Maintenance Coordinator will have to satisfy and meet the requirements and standards as set out in the Sub-Maintenance Coordinator Agreement.

The Sub-Maintenance Coordinator must notify the parties to the Sub-Maintenance Coordinator Agreement in writing immediately on the occurrence of an Insolvency Event in relation to the Sub-Maintenance Coordinator or the occurrence of an Appointment Trigger.

The Back-Up Sub-Maintenance Coordinator will agree that it will receive and store information in respect of the Portfolio including (i) information regarding the Lease Agreements and Vehicles in the Portfolio on a monthly basis and (ii) each Investor Report, so that it is able, on the occurrence of a Sub-Maintenance Coordinator Termination Event and 15 Business Days written notice from the Issuer or the Issuer Security Trustee to the Back-Up Sub-Maintenance Coordinator that it should commence performance of the Lease Services, to perform the Lease Services described in the Sub-Maintenance Coordinator Agreement (together, the "**Back-Up Sub-Maintenance Coordinator Role**").

Following the occurrence of a Sub-Maintenance Coordinator Termination Event, 15 Business Days written notice from the Issuer or the Issuer Security Trustee to the Back-Up Sub-Maintenance Coordinator that it should commence performance of the Lease Services and termination of the appointment of the Sub-Maintenance Coordinator, the Back-Up Sub-Maintenance Coordinator will take over the services of the Sub-Maintenance Coordinator under the Sub-Maintenance Coordinator Agreement.

As long as the Back-Up Sub-Maintenance Coordinator has not taken over the services of the Sub-Maintenance Coordinator, the Back-Up Sub-Maintenance Coordinator will be entitled to receive the

Back-Up Sub-Maintenance Coordinator Stand-By Fee (payable in accordance with the Priority of Payments) following its appointment as Back-Up Sub-Maintenance Coordinator in such an amount to be agreed between the Issuer, the Back-Up Sub-Maintenance Coordinator and (only where such Back-Up Sub-Maintenance Coordinator Stand-By Fee is proposed to exceed 0.05% per annum of the Aggregate Discounted Balance of the Portfolio as of the end of the immediately preceding Monthly Collection Period), LPUK.

Neither the LPUK Security Trustee, the Issuer Security Trustee or the Note Trustee shall be obliged to monitor the performance of the Sub-Maintenance Coordinator or the Back-Up Sub-Maintenance Coordinator or whether an Appointment Trigger has occurred and shall be entitled to assume that each is performing its obligations under the Sub-Maintenance Coordinator Agreement, nor shall any of them be required to take action to identify any replacement Sub-Maintenance Coordinator or Back-Up Sub-Maintenance Coordinator or for carrying on any role of the Sub-Maintenance Coordinator following the termination of the Sub-Maintenance Coordinator's appointment.

Sub-Maintenance Coordinator Fee

In consideration of these duties, LPUK as Sub-Maintenance Coordinator will receive the Sub-Maintenance Coordinator Fee as set out in the VAT invoices issued by the Sub-Maintenance Coordinator from time to time in accordance with the Sub-Maintenance Coordinator Agreement. The Sub-Maintenance Coordinator Fee will be paid by the Issuer according to the applicable Priority of Payments. The payment of the Sub-Maintenance Coordinator Fee will be subject to, and to the extent of, the payment by LPUK to the Issuer as Maintenance Coordinator of the Maintenance Coordinator Fee.

Applicable law and jurisdiction

The Sub-Maintenance Coordinator Agreement, and any non-contractual obligations arising of or in connection with it, will be governed by and construed in accordance with the laws of England and Wales. The courts of England and Wales have exclusive jurisdiction to hear any disputes that may arise out of or in connection with the Sub-Maintenance Coordinator Agreement.

5. TRUST DEED

On the Closing Date, the Issuer and the Note Trustee will enter into a trust deed (the "**Trust Deed**") pursuant to which the Issuer and the Note Trustee will agree that the Notes are subject to the provisions in the Trust Deed. The Conditions and the forms of the Notes are set out in the Trust Deed.

The Note Trustee will hold the benefit of the rights, powers and covenants in its favour contained in the Transaction Documents upon trust for itself and the Noteholders, according to its and their respective interests, upon and subject to the terms and conditions of the Trust Deed.

Subject to the provisions of the Trust Deed, the Note Trustee may at its discretion give any directions to (i) the Issuer Security Trustee under or in connection with any Transaction Document (including, but not limited to, the giving of a direction to the Issuer Security Trustee to enforce the Issuer Security after the Issuer Security has become enforceable) and (ii) the LPUK Security Trustee under or in connection with the LPUK Deed of Charge.

In accordance with the terms of the Trust Deed, the Issuer will pay a fee to the Note Trustee for its services under the Trust Deed at the rate and times agreed between the Issuer and the Note Trustee together with payment of any liabilities incurred by the Note Trustee in relation to the Note Trustee's performance of its powers, rights and obligations under the Trust Deed and the other Transaction Documents.

The Trust Deed contains provisions requiring the Note Trustee to have regard to the interests of the Class A Noteholders, the Class B Noteholders and the Class C Noteholder equally as regards all rights, powers, trusts, authorities, duties and discretions of the Note Trustee but requiring (except where expressly provided otherwise), the Note Trustee to have regard only to (i) the Class A Noteholders if, in the Note Trustee's opinion, there is a conflict between the interests of such Class and Noteholders of any other Class and (ii) (subject to (i)) the Class B Noteholders if, in the Note Trustee's opinion, there is a conflict between the interests of the Class B Noteholders and the Class C Noteholder.

In addition, the Note Trustee shall then only be bound to take any action at the direction of the Noteholders or any Class of them if it shall be indemnified and/or secured to its satisfaction against all liabilities to which it may render itself liable or which it may incur by so doing and, for this purpose, the Note Trustee may demand, prior to taking any such action, that there be paid to it in advance such sums as it considers (without prejudice to any further demand) shall be sufficient so to indemnify it.

The Trust Deed contains provisions limiting the powers of the Noteholders of subordinated Classes to request or direct the Note Trustee to take any action or to pass an effective Extraordinary Resolution that may affect the interests of the Noteholders of more senior Classes. Except in certain circumstances the Trust Deed contains no such limitation on the powers of the Noteholders of the Most Senior Class Outstanding to bind Noteholders of subordinated Classes.

The Trust Deed also contains provisions pursuant to which the Note Trustee shall not be bound to give notice to any person of the execution of any documents comprised or referred to in the Trust Deed or any other Transaction Document or to take any steps to ascertain whether any Issuer Event of Default, Issuer Potential Event of Default, Reserves Trigger Event, Investment Grade Trigger Event, Automatic Crystallisation Event, Pre-Crystallisation Trigger Event, Non-Insolvency Realisation Agent Termination Event, Non-Insolvency Sub-Maintenance Coordinator Event, Non-Insolvency Servicer Termination Event, Insolvency Event in respect of the Issuer, Seller Event of Default or any event which causes or may cause a right on the part of the Note Trustee, the Issuer Security Trustee or the LPUK Security Trustee under or in relation to any Transaction Document to become exercisable has happened and, until it shall have actual knowledge or express notice pursuant to the Trust Deed to the contrary, the Note Trustee shall be entitled to assume that no Issuer Event of Default, Issuer Potential Event of Default, Reserves Trigger Event, Investment Grade Trigger Event, Automatic Crystallisation Event, Pre-Crystallisation Trigger Event, Non-Insolvency Realisation Agent Termination Event, Non-Insolvency Sub-Maintenance Coordinator Termination Event, Non-Insolvency Servicer Termination Event, Insolvency Event in respect of the Issuer, or any Seller Event of Default or other such event has happened and that the Issuer and each of the other parties are observing and performing all their respective obligations under the Trust Deed and the other Transaction Documents and, if it does have actual knowledge or express notice as aforesaid, the Note Trustee shall not be bound to give notice thereof to the Noteholders or any other party.

Issuer covenants

Pursuant to the terms of the Trust Deed, so long as any of the Notes remains outstanding the Issuer has made certain covenants in favour of the Note Trustee including that it shall notify the Servicer, Note Trustee, the Issuer Security Trustee and the Cash Manager in writing, immediately upon becoming aware thereof of (i) any breach of the warranties or undertakings given by it under the Transaction Documents, (ii) the occurrence of any Seller Event of Default, (iii) the occurrence of a Pre-Crystallisation Trigger Event, (iv) the occurrence of an Automatic Crystallisation Event, (v) the occurrence of a Non-Insolvency Realisation Agent Termination Event, Non-Insolvency Sub-Maintenance Coordinator Event, and/or Non-Insolvency Servicer Termination Event (vi) the occurrence of an Insolvency Event in relation to it and (vii) the occurrence of any Reserves Trigger Event or Investment Grade Trigger Event.

Retirement of Note Trustee

The Note Trustee may retire at any time upon giving not less than 60 days' notice in writing to the Issuer without assigning any reason therefor and without being responsible for any Liabilities occasioned by such retirement. The retirement of the Note Trustee shall not become effective unless there remains a trustee (being a trust corporation) in office after such retirement. The Issuer will agree in the Trust Deed that, in the event of the sole trustee or the only trustee under the Trust Deed giving notice of its retirement, it shall use its best endeavours to procure a new trustee to be appointed.

Applicable law and jurisdiction

The Trust Deed, and any non-contractual obligations arising of or in connection with it, will be governed by and construed in accordance with the laws of England and Wales. The courts of England and Wales have exclusive jurisdiction to hear any disputes that may arise out of or in connection with the Trust Deed.

6. ISSUER DEED OF CHARGE

On the Closing Date, the Issuer and the Issuer Security Trustee (among others) will enter into a security deed (the "**Issuer Deed of Charge**"). As continuing security for the payment or discharge of the Issuer Secured Liabilities, the Issuer will create in favour of the Issuer Security Trustee, for itself and on trust for the other Issuer Secured Creditors, in accordance with the terms of the Issuer Deed of Charge:

- (a) a charge by way of fixed first charge of all of its rights in respect of the Lease Receivables, the RV Claims and Ancillary Rights comprised in the Portfolio;
- (b) an assignment subject to a proviso for re-assignment on redemption, of all of its rights in respect of the Issuer Charged Documents which, in the case of the Interest Rate Swap Agreement, is subject to the netting and set-off provisions contained therein;
- (c) a charge by way of fixed first charge of all of its rights in respect of (i) any amount standing from time to time to the credit of the Bank Accounts, (ii) all interest paid or payable in relation to those amounts and (iii) all debts represented by those amounts;
- (d) a first fixed charge over all of its rights in respect of (i) the Authorised Investments made or purchased from time to time by or on behalf of the Issuer and (ii) all interest, moneys and proceeds paid or payable in relation to those Authorised Investments; and
- (e) a first floating charge over all of its assets, property and rights whatsoever and wheresoever present and future.

Under the Issuer Deed of Charge, the Issuer Secured Creditors acknowledge that (i) any Swap Collateral credited by the Interest Rate Swap Counterparty to any Swap Collateral Account, any interest paid or payable in relation to such Swap Collateral and any debts represented thereby are held solely to collateralise the obligations of the Interest Rate Swap Counterparty under the Interest Rate Swap Agreement and amounts standing to the credit thereto shall be applied in accordance with the terms of the Issuer Deed of Charge, the Cash Management Agreement and the Interest Rate Swap Agreement; (ii) any Replacement Swap Premium (if any) received by the Issuer shall be paid firstly to the outgoing Interest Rate Swap Counterparty to which a Swap Termination Payment is owed by the Issuer and thereafter as Available Distribution Amounts; (iii) any Swap Termination Payment received by the Issuer from the outgoing Interest Rate Swap Counterparty shall firstly be applied to pay amounts in respect of any Replacement Swap Premium due to a new Interest Rate Swap Counterparty and thereafter shall be applied as Available Distribution Amounts; and (iv) any Tax Credits shall be applied directly to the Interest Rate Swap Counterparty in accordance with the Issuer Deed of Charge.

Each of the Issuer Secured Creditors will be bound by the provisions of the Issuer Deed of Charge and, in particular, will agree to be bound by the limited recourse and non-petition provisions set out in the Issuer Deed of Charge. The Issuer Security will become immediately enforceable upon the service by the Note Trustee of a Note Acceleration Notice or, if there are no Notes outstanding, upon failure by the Issuer to pay any other Issuer Secured Liability on its due date (subject to any applicable grace period).

Only the Issuer Security shall be available to satisfy the Issuer's obligations under the Notes. Accordingly, recourse against the Issuer in respect of such obligations shall be limited to the Issuer Security and the claims of the Issuer Secured Creditors against the Issuer under the Transaction Documents may only be satisfied to the extent of the Issuer Security. Once the Issuer Security has been realised:

- (a) neither the Issuer Security Trustee nor any of the Issuer Secured Creditors shall be entitled to take any further steps or other action against the Issuer to recover any sums due but unpaid;
- (b) all claims in respect of any sums due but unpaid shall be extinguished; and
- (c) neither the Issuer Security Trustee nor any of the Issuer Secured Creditors shall be entitled to petition or take any other step for the winding up of the Issuer.

The Issuer Deed of Charge contains provisions permitting the Issuer (subject as specifically provided otherwise in the Issuer Deed of Charge and the Transaction Documents) to exercise its rights, powers and discretions and perform its obligations in relation to the Issuer Charged Assets and under the Transaction Documents prior to the delivery of a Note Acceleration Notice notwithstanding the creation of the Issuer Security. Upon delivery by the Note Trustee of a Note Acceleration Notice to the Issuer, the Issuer shall no longer be entitled to exercise such rights, powers and discretions and the Issuer Security Trustee shall thereafter be entitled to exercise the Issuer's rights, powers and discretions and perform its obligations in relation to the Issuer Charged Assets and under the Transaction Documents in accordance with the provisions of the Issuer Deed of Charge and the other Transaction Documents.

Applicable law and jurisdiction

The Issuer Deed of Charge, and any non-contractual obligations arising of or in connection with it, will be governed by and construed in accordance with the laws of England and Wales. The courts of England and Wales have exclusive jurisdiction to hear any disputes that may arise out of or in connection with the Issuer Deed of Charge.

7. LPUK DEED OF CHARGE

On the Closing Date, the Issuer, LPUK and the LPUK Security Trustee will enter into a security deed (the "**LPUK Deed of Charge**"). As security for its obligation to repurchase the Lease Receivables (if applicable) and/or the RV Claims from the Issuer and the repayment of all other amounts due by the Seller to the Issuer pursuant to the Purchase Agreement and to make payments of all amounts payable to the LPUK Security Trustee, any Receiver or any LPUK Security Trustee Appointee, LPUK will grant a floating charge to the LPUK Security Trustee (to be held on trust for the LPUK Secured Creditors) over title to each Leased Vehicle or in respect of those Leased Vehicles which relate to Lease Agreements to which section 8 of the Supply of Goods Act (Implied Terms) Act 1973 or section 12(2) of the Sale of Goods Act 1979 applies, those Leased Vehicles which are no longer the subject of a Lease Agreement by reason of (i) termination of the Lease Agreement on the Lease Maturity Date or (ii) termination by the Lessee or LPUK of such Lease Agreement, in each case where such Leased Vehicle relates to a Lease Agreement from which a Lease Receivable and/or RV Claim comprised in a Portfolio is, or has been derived (each, a "**Charged Vehicle**") and their related Title Documents pursuant to the terms of the LPUK Deed of Charge.

The floating charge granted by LPUK will automatically crystallise if any person levies or attempts to levy distress, execution or other process against any of the Charged Vehicles which (when combined with any other levy, distress, execution or other process against any of the Charged Vehicles) is in an amount above an aggregate amount equal at any point in time to £20,000,000 (the "**Crystallisation Threshold**").

The floating charge granted by LPUK will also automatically crystallise if the following events occur:

- (a) LPUK ceases to carry on all or a substantial part of its business or ceases to be a going concern;
- (b) LPUK stops making payments to its creditors or gives notice to its creditors that it intends to stop payment;
- (c) the presentation of a petition for the compulsory winding-up of LPUK is made;
- (d) the convening of a meeting for the passing of a resolution for the voluntary winding-up of LPUK occurs;
- (e) the presentation of a petition or application for the making of an administration order in relation to LPUK occurs;
- (f) any person who is entitled to do so giving written notice of its intention to appoint an administrator of LPUK or filing such a notice with the court;
- (g) any floating charge granted by LPUK to any other person (whether permitted by the Transaction Documents or not) crystallises for any reason whatsoever; and

(h) the Crystallisation Threshold is reached.

each an "**Automatic Crystallisation Event**".

Prior to the occurrence of an Automatic Crystallisation Event, LPUK will be under an obligation to inform the Issuer, the LPUK Security Trustee, (where appointed) the Trustee Agent and the Servicer of each Leased Vehicle that is a Charged Vehicle and the current outstanding level of claims (including the amount of such claims) in which any person has levied or attempted to levy distress, execution or other process against any of the Charged Vehicles. Pursuant to the LPUK Deed of Charge, LPUK is also under an obligation to: (i) on each day falling three Business Days prior to each Interest Payment Date provide the Servicer with such assistance and information as it may require in order to allow the Servicer to publish certain information in relation to the Charged Vehicles and the current outstanding claims in which any person has levied or attempted to levy distress, execution or other process against any of the Charged Vehicles in the Investor Report; (ii) immediately upon the occurrence of a Pre-Crystallisation Trigger Event, notify the Issuer, the LPUK Security Trustee and the Servicer of the occurrence of such an event; and (iii) immediately upon the occurrence of any Automatic Crystallisation Event, notify the Issuer, the LPUK Security Trustee, the Trustee Agent (where appointed) and the Servicer of the occurrence of such an event.

Furthermore, following the occurrence of the Automatic Crystallisation Event, LPUK shall (i) give to the LPUK Security Trustee and the Trustee Agent, on request such information as the LPUK Security Trustee or the Trustee Agent, as applicable, may require regarding the Charged Vehicles, including whether they are currently subject of a Lease Agreement and in any event shall provide such information on each day falling three Business Days prior to each Interest Payment Date; (ii) give to the LPUK Security Trustee and the Trustee Agent such information as it may require regarding certain realisation considerations set out in the LPUK Deed of Charge; (iii) not enter into any leasing, sub-leasing or similar arrangement; (iv) not dispose of or deal with any Charged Vehicle without the prior consent of the Trustee Agent acting on behalf of the LPUK Security Trustee; and (v) on each day falling three Business Days prior to each Interest Payment Date inform the Servicer of each Leased Vehicle that is a Charged Vehicle, in order for the Servicer to include such information in the relevant Servicer Report Section of the Investor Report.

Trustee Agent Role and LPUK Security Trustee

Pursuant to the terms of the Realisation Agency Agreement, following the occurrence of an Appointment Trigger a Suitable Entity which is willing to act as Trustee Agent shall be procured by LPUK or (should LPUK fail to procure a suitable entity within 120 days), by the Issuer and appointed by the LPUK Security Trustee (provided it is satisfied with the terms of appointment thereof) as agent of the LPUK Security Trustee (and not, for the avoidance of doubt, as agent of LPUK) to perform the role described in Schedule 3 to the LPUK Deed of Charge on and following the occurrence of an Automatic Crystallisation Event, which by way of overview will require the Trustee Agent, among other things, to: (i) consent to the most appropriate sales channel for the disposal of Charged Vehicles; and (ii) use the information available to it (including such information provided by LPUK pursuant to the LPUK Deed of Charge and the Servicing Agreement, used vehicle guide prices publications such as "CAP" and "Glass Guide" information) and give consideration to the relevant Charged Vehicle's characteristics (including its age, mileage, condition and specification), in order to provide its consent (the "**Trustee Agent Role**").

Pursuant to the terms of the LPUK Deed of Charge or any other Transaction Document, where the LPUK Security Trustee is entitled to exercise any right, power or discretion or is obligated to take any action in respect of the Charged Vehicles it shall be entitled to and shall (subject as further described in the LPUK Deed of Charge and the Realisation Agency Agreement) appoint a Trustee Agent to exercise such right, power or discretion or to perform such obligation. LPUK or, as the case may be, the Issuer is responsible for procuring a Suitable Entity pursuant to the Realisation Agency Agreement to act as Trustee Agent of the LPUK Security Trustee on terms satisfactory to the LPUK Security Trustee (including the provision of an indemnity satisfactory to it). Until such time as LPUK or, as the case may be, the Issuer has procured the appointment of a Trustee Agent the LPUK Security Trustee will not perform the Trustee Agent Role and the LPUK Security Trustee will have no liability to any LPUK Secured Creditor or any other person resulting from any failure or delay on the part of LPUK or, as the case may be, the Issuer in procuring a Trustee Agent or as a result of there being no Trustee Agent to perform the Trustee Agent Role.

Further, the LPUK Security Trustee is entitled to assume, until it receives actual written notice thereof from the Issuer or LPUK (in any of its capacities under the Transaction Documents) that LPUK has not taken or threatened to take any action that would be prejudicial to the LPUK Security, or would be inconsistent with the LPUK Security created under the LPUK Deed of Charge and that no Seller Event of Default, Reserves Trigger Event, Investment Grade Trigger Event, Automatic Crystallisation Event, Pre-Crystallisation Trigger Event, Non-Insolvency Realisation Agent Termination Event, Non-Insolvency Sub-Maintenance Coordinator Event, or Non-Insolvency Servicer Termination Event and no Insolvency Event in relation to LPUK or the Issuer or any has occurred.

Pursuant to the LPUK Deed of Charge, LPUK and the Issuer each covenants that if it becomes aware of a Seller Event of Default, Reserves Trigger Event, Investment Grade Trigger Event, Automatic Crystallisation Event, Pre-Crystallisation Trigger Event, Non-Insolvency Servicer Termination Event, Non-Insolvency Sub-Maintenance Coordinator Event, Non-Insolvency Realisation Agent Termination Event or any Insolvency Event in relation to LPUK or the Issuer having occurred or that LPUK has taken or threatened to take any action that would be prejudicial to the LPUK Security, or would be inconsistent with the LPUK Security created under the LPUK Deed of Charge, it shall immediately give written notice thereof to the Issuer Security Trustee, the Note Trustee and the LPUK Security Trustee.

Applicable law and jurisdiction

The LPUK Deed of Charge, and any non-contractual obligations arising of or in connection with it, will be governed by and construed in accordance with the laws of England and Wales. The courts of England and Wales have exclusive jurisdiction to hear any disputes that may arise out of or in connection with the LPUK Deed of Charge.

8. RESERVE LOAN AGREEMENT

General

On the Closing Date, the Issuer, the Issuer Security Trustee, the Cash Manager and the Reserve Loan Provider will enter into a reserve loan agreement (the "**Reserve Loan Agreement**") pursuant to which the Reserve Loan Provider will provide a Reserve Loan to the Issuer.

The Advances

On the Closing Date, the Reserve Loan Provider will make available to the Issuer an advance equal to the Required Liquidity Reserve Amount (the "**Liquidity Reserve Advance**"), which will be deposited by the Issuer in the relevant Issuer Transaction Account Ledger.

On the Closing Date (on which a Reserves Trigger Event is outstanding) and thereafter following the occurrence of a subsequent Reserves Trigger Event following an upgrade in the rating of LPC, in the manner described below in "Repayment of Reserves Trigger Advances" and for as long as a Reserves Trigger Event is continuing or at all times following the occurrence of an Insolvency Event in relation to the Seller and until the Rated Notes have been redeemed in full, the Reserve Loan Provider will make available to the Issuer an advance equal to (i) the Required Set-Off Reserve Amount (the "**Set-Off Reserve Advance**"), (ii) the Required Commingling Reserve Amount (the "**Commingling Reserve Advance**") and (iii) the Required Maintenance Reserve Amount (the "**Maintenance Reserve Advance**") and together with the Set-Off Reserve Advance and the Commingling Reserve Advance, the "**Reserves Trigger Advances**", and the Reserves Trigger Advances together with the Liquidity Reserve Advance, the "**Advances**" and each, an "**Advance**").

The Issuer will use the proceeds of the Reserve Loan to credit an amount equal to such Advances in the relevant Issuer Transaction Account Ledger or to make certain payments on the Closing Date.

Further Reserves Trigger Advances

The Further Reserves Trigger Advances shall operate as follows:

- (1) Following the occurrence of: (i) a subsequent Reserves Trigger Event after the Closing Date following an upgrade in the ratings of LPC and no other Reserves Trigger Event has occurred

and is continuing such that the Reserves Trigger Advances have been fully or partially repaid; or (ii) an Insolvency Event in relation to the Seller (if the Reserves Trigger Advances, or as the case may be, Further Reserves Trigger Advances have not been advanced at such time), the Reserve Loan Provider will within ten Business Days; and

- (2) For as long as a Reserves Trigger Event is continuing or at all times following the occurrence of an Insolvency Event in relation to the Seller, the Reserve Loan Provider will on each Interest Payment Date,

advance to the Issuer an amount equal to the difference (if such amount is greater than zero) between:

- (i) the Required Commingling Reserve Amount and the amount standing to the credit of the Commingling Reserve Ledger (a "**Further Commingling Reserve Advance**"); and
- (ii) the Required Maintenance Reserve Amount and the amount standing to the credit of the Maintenance Reserve Ledger (a "**Further Maintenance Reserve Advance**"); and
- (iii) the Required Set-Off Reserve Amount and the amount standing to the credit of the Set-Off Reserve Ledger (a "**Further Set-Off Reserve Advance**", and together with the Further Commingling Reserve Advance, and the Further Maintenance Reserve Advance "**Further Reserves Trigger Advances**").

In the case of paragraph (1) above, on the date on which the Issuer receives notice that a subsequent Reserves Trigger Event or an Insolvency Event in respect of the Seller has occurred (if the Reserves Trigger Advances, or as the case may be, Further Reserves Trigger Advances have not been advanced at such time) or, in the case of paragraph (2) above, prior to the Calculation Date immediately preceding such Interest Payment Date, the Issuer (or the Cash Manager on its behalf (provided that the Cash Manager has been provided with written notice of the occurrence of such Reserves Trigger Event and/or Insolvency Event failing which the Cash Manager shall have no obligations hereunder)) will deliver to the Reserve Loan Provider a drawdown notice specifying the amount of such Further Reserves Trigger Advance and requesting that such Further Reserves Trigger Advance be made to the Issuer (in the case of paragraph (1) above) within ten Business Days of the occurrence of such subsequent Reserves Trigger Event or Insolvency Event and (in the case of paragraph (2) above) on the next following Interest Payment Date.

Each Further Reserves Trigger Advance will be paid to the Issuer Transaction Account and on the same day credited to the relevant Issuer Transaction Account Ledger.

Repayment of Advances other than Reserves Trigger Advances

Prior to the service of a Note Acceleration Notice, the Issuer makes repayments of all or any part of the Liquidity Reserve Advance (including any interest capitalised and any accrued unpaid interest thereon) up to an amount by which the relevant Liquidity Reserve Advance exceeds the relevant Required Reserve Amount in accordance with the relevant Priority of Payments on each Interest Payment Date if, and to the extent that, there are Available Distribution Amounts available after making the payments and provisions of a higher priority in the relevant Priority of Payments, until such Advances (including any interest capitalised thereon) and any accrued but unpaid interest thereon has been fully repaid. Following the service of a Note Acceleration Notice, the Issuer shall repay the Advances in accordance with the Accelerated Amortisation Period Priority of Payments.

Under the terms of the Reserve Loan Agreement, the Issuer and the Reserve Loan Provider agree that Available Distribution Amounts shall be applied pro rata and pari passu to repay the Liquidity Reserve Advance in the manner specified above and (if applicable) the Reserves Trigger Advances and any Further Reserves Trigger Advances (See "Repayment of Reserves Trigger Advances" below) in accordance with the relevant Priority of Payments.

Repayment of Reserves Trigger Advances

If on any Interest Payment Date prior the repayment in full of the Reserves Trigger Advances (and any Further Reserves Trigger Advance (if applicable)) or to the service of a Note Acceleration Notice, the

amounts recorded to the credit of the Commingling Reserve Ledger, the Maintenance Reserve Ledger or the Set-Off Reserve Ledger, as the case may be, as calculated on the immediately preceding Calculation Date, exceeds respectively the Required Commingling Reserve Amount, the Required Maintenance Reserve Amount and/or the Required Set-Off Reserve Amount, as the case may be, such excess shall not form part of the Available Distribution Amounts (and shall not be subject to the Revolving Period Priority of Payments or the Normal Amortisation Period Priority of Payments) but shall instead be applied towards repayment of respectively the Commingling Reserve Advance (and any Further Commingling Reserve Advance), the Maintenance Reserve Advance (and any Further Maintenance Reserve Advance) and/or the Set-Off Reserve Amount (and any Further Set-Off Reserve Advance) , as the case may be, in accordance with the terms of the Reserve Loan Agreement.

If following the Closing Date there is an upgrade in the ratings of LPC such that a Reserves Trigger Event is no longer continuing under paragraph (a) of the definition of Reserves Trigger Event and provided that no other Reserves Trigger Event has occurred and is continuing, an Insolvency Event in relation to the Seller has not occurred and no Note Acceleration Notice has been served, the Issuer (or the Cash Manager on its behalf provided that the Cash Manager has been provided with written notice that such Reserves Trigger Event is no longer continuing and that no Insolvency Event in relation to the Seller has occurred, failing which the Cash Manager shall have no such obligation) shall on the next following Business Day:

- (a) apply amounts standing to the credit of the Commingling Reserve Ledger towards repayment of the Commingling Reserve Advance (and any Further Commingling Reserve Advance (if applicable));
- (b) apply amounts standing to the credit of the Maintenance Reserve Ledger towards repayment of the Maintenance Reserve Advance (and any Further Maintenance Reserve Advance (if applicable)); and
- (c) apply amounts standing to the credit of the Set-Off Reserve Ledger towards repayment of the Set-Off Reserve Advance (and any Further Set-Off Reserve Advance (if applicable)).

For the avoidance of doubt, any Reserves Trigger Advances (and Further Reserves Trigger Advances (if applicable)) not repaid in full from amounts standing to the credit of the Commingling Reserve Ledger, or the Maintenance Reserve Ledger or the Set-Off Reserve Ledger following service of a notice that no Reserves Trigger Event is continuing, will be repaid from Available Distribution Amounts on each Interest Payment Date, such Available Distribution Amounts to be applied pro rata and pari passu to repay all the Advances (including the Liquidity Reserve Advance (see "Repayment of Advances other than Reserves Trigger Advances" above)) in accordance with the relevant Priority of Payments.

The Reserve Loan Provider will agree and acknowledge that if, on or following the occurrence of a Servicer Termination Event, the Servicer or Back-Up Servicer has not calculated the amounts required to comprise the Available Distribution Amount pursuant to items (j), (k), (l), (n) and (p) of the definition of Available Distribution Amount, no principal amount outstanding in respect of the Reserves Trigger Advances (and Further Reserves Trigger Advances) shall be repaid until such time as the amounts that are required to comprise the Available Distribution Amount pursuant to each of items (j), (k), (l), (n) and (p) of the definition of Available Distribution Amount and thereby amounts held in excess of the relevant Required Reserve Amounts have been confirmed.

Following the service of a Note Acceleration Notice, the Issuer shall repay the Advances in accordance with the Accelerated Amortisation Period Priority of Payments.

If following an upgrade in the ratings of LPC such that a Reserves Trigger Event is no longer continuing and a subsequent Reserves Trigger Event or an Insolvency Event in relation to the Seller occurs, the Reserve Loan Provider shall advance to the Issuer the Further Reserves Trigger Advances in accordance with the terms of the Reserve Loan Agreement.

Interest on the Reserve Loan

Subject to the applicable Priority of Payment, the rate of interest payable in respect of each Advance for each Loan Interest Period in respect of that Advance shall be calculated at a rate of LIBOR for one month's sterling deposits, plus 1.65%.

Applicable law and jurisdiction

The Reserve Loan Agreement and any non-contractual obligations arising of or in connection with it, will be governed by and construed in accordance with the laws of England and Wales. The courts of England and Wales have exclusive jurisdiction to hear any disputes that may arise out of or in connection with the Reserve Loan Agreement.

9. CASH MANAGEMENT AGREEMENT

General

On or prior to the Closing Date, Intertrust Finance Management (Ireland) Limited as the cash manager (the "**Cash Manager**"), the Issuer, LPUK, and the Issuer Security Trustee will enter into a cash management agreement (the "**Cash Management Agreement**") pursuant to which the Cash Manager will provide certain cash management and bank account operation services to the Issuer in respect of the Portfolio.

Cash Management Services

The Cash Management Services in respect of the transaction include but are not limited to:

- (a) maintaining the Issuer Transaction Account Ledgers;
- (b) administering the Priority of Payments including the determination, with the assistance of the Reporting Agent, of amounts payable by the Issuer thereunder;
- (c) on behalf of the Issuer calculate and determine amounts required to be drawn or repaid by the Issuer in respect of Advances under the Reserve Loan Agreement and drawing and arranging for repayment of all Advances in accordance with the terms of the Reserve Loan Agreement.

In addition to the Issuer Transaction Account and Swap Collateral Accounts, the Issuer will, as applicable, establish such additional accounts as may be required in accordance with the terms of the Transaction Documents.

Issuer Transaction Account Ledgers

The Cash Manager (on behalf of the Issuer) shall maintain the following ledgers on the Issuer Transaction Account (the "**Issuer Transaction Account Ledgers**"):

Collection Ledger

Collections, Deemed Collections, Vehicle Realisation Proceeds and Repurchase Prices will be credited to the Collection Ledger. The Cash Manager (on behalf of the Issuer) will use the amounts standing to the credit of the Collection Ledger which represent Available Distribution Amounts together with the other Available Distribution Amounts and apply those amounts in accordance with the relevant Priority of Payments.

Replenishment Ledger

On each Interest Payment Date falling in the Revolving Period, any amount standing to the credit of the Replenishment Ledger shall be applied as Available Distribution Amounts in accordance with the Revolving Period Priority of Payments. Following application of the Available Distribution Amounts, the Replenishment Ledger will be credited with an amount equal to the Excess Collection Amount

according to the Revolving Period Priority of Payments. Amounts standing to the credit of the Replenishment Ledger shall be used by the Purchaser for the purchase of additional Lease Receivables and Additional RV Claims from the Seller on any Additional Portfolio Purchase Date (other than an Interest Payment Date), in accordance with the Purchase Agreement.

Liquidity Reserve Ledger

On or prior to the Closing Date the Issuer will deposit an amount equal to the Required Liquidity Reserve Amount in a special ledger on the Issuer Transaction Account. In accordance with the relevant Priority of Payments, the Cash Manager will, on each Interest Payment Date, credit the Liquidity Reserve Ledger with amounts from Available Distribution Amounts such that the balance standing to the credit of the Liquidity Reserve Ledger is equal to the Required Liquidity Reserve Amount. All amounts standing to the credit of the Liquidity Reserve Ledger will form part of Available Distribution Amounts.

Commingling Reserve Ledger

On the Closing Date (on which a Reserves Trigger Event is outstanding), the Reserve Loan Provider will advance the Commingling Reserve Advance to the Issuer pursuant to the terms of the Reserve Loan Agreement. The Cash Manager (on behalf of the Issuer) will then deposit in the Commingling Reserve Ledger an amount which shall be equal to the Required Commingling Reserve Amount.

Following the occurrence of: (i) a subsequent Reserves Trigger Event after the Closing Date following an upgrade in the ratings of LPC; or (ii) an Insolvency Event in relation to the Seller, if a Further Commingling Reserve Advance is required to be made pursuant to the Reserve Loan Agreement, the Reserve Loan Provider will within 10 Business Days advance to the Issuer such Further Commingling Reserve Advance.

For as long as a Reserves Trigger Event is continuing or at all times following the occurrence of an Insolvency Event in relation to the Seller, the Reserve Loan Provider will on each Interest Payment Date, advance to the Issuer a Further Commingling Reserve Advance (if applicable) equal to the difference (if such amount is greater than zero) between the amount standing to the credit of the Commingling Reserve Ledger and the Required Commingling Reserve Amount.

On each Interest Payment Date, unless there is a Servicer Replacement Event which is continuing, the Commingling Reserve shall form part of the Available Distribution Amounts if the Servicer or Realisation Agent has failed to transfer to the Purchaser any Collections (other than Deemed Collections) or Vehicle Realisation Proceeds received by the Servicer or the Realisation Agent during, or with respect to, the preceding Monthly Collection Period, up to the amount of such shortfall.

On each Interest Payment Date prior to the repayment in full of the Reserves Trigger Advances (and any Further Reserves Trigger Advance (if applicable)) or service of a Note Acceleration Notice, unless there is a Servicer Replacement Event which is continuing, the amount equal to the excess standing to the credit of the Commingling Reserve Ledger over the amount of the Required Commingling Reserve Amount then outstanding shall not form part of Available Distribution Amounts but shall be applied towards repayment of the Commingling Reserve Advance (and any Further Commingling Reserve Advance). Prior to the repayment in full of the Reserves Trigger Advances (and any Further Reserves Trigger Advance (if applicable)) and following the date on which the Notes have been repaid in full, the Commingling Reserve shall not form part of Available Distribution Amounts but shall be applied towards repayment of the Commingling Reserve Advance (and any Further Commingling Reserve Advance).

Following an upgrade in the rating of LPC such that a Reserves Trigger Event is no longer continuing and provided no Insolvency Event has occurred in relation to the Seller and no Note Acceleration Notice has been served, amounts standing to the credit of the Commingling Reserve Ledger will be applied towards repayment of the Commingling Reserve Advance (and any Further Commingling Reserve Advance). Repayment of the Commingling Reserve Advance (and any Further Commingling Reserve Advance) in this circumstance is not subject to the relevant Priority of Payments.

For the avoidance of doubt, any Commingling Reserve Advance (and any Further Commingling Reserve Advance) not repaid in full from amounts standing to the credit of the Commingling Reserve Ledger following service of a notice that no Reserves Trigger Event is continuing will be repaid from Available

Distribution Amounts, such Available Distribution Amounts to be applied pro rata and pari passu to repay the Advances under the Reserve Loan in accordance with the relevant Priority of Payments.

Following the service of a Note Acceleration Notice, the Issuer shall repay the Reserves Trigger Advances (and any Further Reserves Trigger Advance (if applicable)) in accordance with the Accelerated Amortisation Period Priority of Payments.

Set-Off Reserve Ledger

On the Closing Date (on which a Reserves Trigger Event is outstanding), the Reserve Loan Provider will advance the Set-Off Reserve Advance to the Issuer pursuant to the terms of the Reserve Loan Agreement. The Cash Manager (on behalf of the Issuer) will then deposit in the Set-Off Reserve Ledger an amount which shall be equal to the Required Set-Off Reserve Amount.

Following the occurrence of: (i) a subsequent Reserves Trigger Event after the Closing Date following an upgrade in the ratings of LPC; or (ii) an Insolvency Event in relation to the Seller, if a Further Set-Off Reserve Advance is required to be made pursuant to the Reserve Loan Agreement, the Reserve Loan Provider will within 10 Business Days advance to the Issuer such Further Set-Off Reserve Advance.

On each Interest Payment Date, unless there is a Servicer Replacement Event which is continuing, the Set Off Reserve will be debited up to an amount equal to the aggregate amount in which Lessees have set off amounts against or deducted or withheld amounts due as Lease Receivables or Final Balloon Payments to LPUK where those amounts have not yet been paid by LPUK to the Purchaser as a Deemed Collection and such amount shall form part of the Available Distribution Amounts.

On each Interest Payment Date prior to repayment in full of the Reserves Trigger Advances (and any Further Reserves Trigger Advance (if applicable)) or the service of a Note Acceleration Notice, unless there is a Servicer Replacement Event which is continuing, the amount equal to the excess standing to the credit of the Set Off Reserve Ledger over the amount of the Required Set Off Reserve Amount then outstanding shall not form part of Available Distribution Amounts but shall be applied towards repayment of the Set Off Reserve Advance (and any Further Set-Off Reserve Advance). Prior to the repayment in full of the Reserves Trigger Advances (and any Further Reserves Trigger Advance (if applicable)) and following the date on which the Class A Notes and the Class B Notes have been repaid in full, the Set Off Reserve shall not form part of Available Distribution Amounts but shall be applied towards repayment of the Set Off Reserve Advance.

Following an upgrade in the rating of LPC such that a Reserves Trigger Event is no longer continuing and provided no Insolvency Event has occurred in relation to the Seller and no Note Acceleration Notice has been served, amounts standing to the credit of the Set Off Reserve Ledger will be applied towards repayment of the Set Off Reserve Advance (and any Further Set-Off Reserve Advance). Repayment of the Set Off Reserve Advance (and any Further Set-Off Reserve Advance) in this circumstance is not subject to the relevant Priority of Payments.

For the avoidance of doubt, any Set Off Reserve Advance (and any Further Set-Off Reserve Advance) not repaid in full from amounts standing to the credit of the Set Off Reserve Ledger, following service of a notice that no Reserves Trigger Event is continuing will be repaid from Available Distribution Amounts, such Available Distribution Amounts to be applied pro rata and pari passu to repay the Advances under the Reserve Loan in accordance with the relevant Priority of Payments.

Maintenance Reserve Ledger

On the Closing Date (on which a Reserves Trigger Event is outstanding), the Reserve Loan Provider will advance the Maintenance Reserve Advance to the Issuer pursuant to the terms of the Reserve Loan Agreement. The Cash Manager (on behalf of the Issuer) will then deposit in the Maintenance Reserve Ledger an amount which shall be equal to the Required Maintenance Reserve Amount.

Following the occurrence of: (i) a subsequent Reserves Trigger Event after the Closing Date following an upgrade in the ratings of LPC; or (ii) an Insolvency Event in relation to the Seller, if a Further

Maintenance Reserve Advance is required to be made pursuant to the Reserve Loan Agreement, the Reserve Loan Provider will within ten Business Days advance to the Issuer such Further Maintenance Reserve Advance.

For as long as a Reserves Trigger Event is continuing or at all times following the occurrence of an Insolvency Event in relation to the Seller, the Reserve Loan Provider will on each Interest Payment Date, advance to the Issuer a Further Maintenance Reserve Advance (if applicable) equal to the difference (if such amount is greater than zero) between the amount standing to the credit of the Maintenance Reserve Ledger and the Required Maintenance Reserve Amount.

On each Interest Payment Date, upon the occurrence of an Insolvency Event with respect to LPUK and/or to the extent LPUK (in its capacity as Sub Maintenance Coordinator) does not, or is no longer able to cover the costs for Lease Services or related costs, the Maintenance Reserve will be debited up to an amount equal to the aggregate amount of the shortfall of maintenance and related costs not covered by LPUK measured by or on behalf of the Purchaser, to be applied on each Interest Payment Date as Available Distribution Amounts in order to satisfy such shortfalls.

On each Interest Payment Date prior to the repayment in full of the Reserves Trigger Advances (and any Further Reserves Trigger Advance (if applicable)) or service of a Note Acceleration Notice, the amount equal to the excess standing to the credit of the Maintenance Reserve Ledger over the amount of the Required Maintenance Reserve Amount then outstanding shall not form part of Available Distribution Amounts but shall be applied towards repayment of the Maintenance Reserve Advance (and any Further Maintenance Reserve Advance). Prior to the repayment in full of the Reserves Trigger Advances (and any Further Reserves Trigger Advance (if applicable)) and following the date on which the Notes have been repaid in full, the Maintenance Reserve shall not form part of Available Distribution Amounts but shall be applied towards repayment of the Maintenance Reserve Advance (and any Further Maintenance Reserve Advance).

Following an upgrade in the rating of LPC such that a Reserves Trigger Event is no longer continuing and provided no Insolvency Event has occurred in relation to the Seller and no Note Acceleration Notice has been served, amounts standing to the credit of the Maintenance Reserve Ledger will be applied towards repayment of the Maintenance Reserve Advance (and any Further Maintenance Reserve Advance). Repayment of the Maintenance Reserve Advance (and any Further Maintenance Reserve Advance) in this circumstance is not subject to the relevant Priority of Payments.

For the avoidance of doubt, any Maintenance Reserve Advance (and any Further Maintenance Reserve Advance) not repaid in full from amounts standing to the credit of the Maintenance Reserve Ledger, following service of a notice that no Reserves Trigger Event is continuing will be repaid from Available Distribution Amounts, such Available Distribution Amounts to be applied pro rata and pari passu to repay the Advances under the Reserve Loan in accordance with the relevant Priority of Payments.

Following the service of a Note Acceleration Notice, the Issuer shall repay the Reserves Trigger Advances (and any Further Reserves Trigger Advance (if applicable)) in accordance with the Accelerated Amortisation Period Priority of Payments.

Operating Ledger

All Available Distribution Amounts will be credited into the Operating Ledger on each Interest Payment Date, such Available Distribution Amount to be applied in accordance with the relevant Priority of Payments.

Retained Profit Ledger

On each Interest Payment Date an amount equal to £350 will be credited in the Retained Profit Ledger in accordance with the Priority of Payments.

Interest Shortfall Ledger

The Cash Manager shall, on behalf of the Issuer, open an Interest Shortfall Ledger to record, in accordance with Condition 15 (Subordination by Deferral), at any Interest Payment Date the amount by which the Available Distribution Amounts fall short of the aggregate amount of interest payable on the Class B Notes and the Class C Note, including any amounts previously deferred under Condition 15 (Subordination by Deferral), and accrued interest thereon.

Junior Deferred Purchase Price Reserve Ledger

The Cash Manager shall ensure that on each Interest Payment Date the amount of any Junior Deferred Purchase Price payable to the Seller that is withheld because LPUK is in default of its obligation to repurchase the Lease Receivables (if applicable) and the RV Claims or to sell the Leased Vehicles in accordance with the terms of the Purchase Agreement and the Realisation Agency Agreement or each Required Reserve Amount has not been credited to the relevant Trigger Reserve Ledger (in each case at any time prior to the Notes having been repaid or provided for in full) is credited to the Junior Deferred Purchase Price Reserve Ledger.

Authorised Investments

The Cash Manager shall invest moneys standing from time to time to the credit of the Issuer Transaction Account in Authorised Investments as determined by LPC and directed to the Cash Manager by LPC subject to, inter alia, the following provisions:

- (a) such Authorised Investment shall be made in the name of the Issuer;
- (b) any costs properly and reasonably incurred in making and changing Authorised Investments will be reimbursed to the Cash Manager by the Issuer; and
- (c) all income and other distributions arising on, or proceeds following the disposal or maturity of, Authorised Investments shall be credited to the Issuer Transaction Account.

Cash management fee

The Issuer shall pay in accordance with the relevant Priority of Payments to the Cash Manager for the cash management services the agreed cash management fee.

Performance by Third Parties

The Cash Manager may at any time:

- (a) without the prior consent of the Issuer, the Issuer Security Trustee or any other party to the Transaction Documents, sub-delegate all or any part of its duties under the Cash Management Agreement to a delegate which is an affiliate of the Cash Manager; or
- (b) with the prior written consent of the Issuer and the Issuer Security Trustee, sub-contract or delegate the performance of all or any of its powers and obligations under the Cash Management Agreement to a delegate-cash manager (other than an affiliate of the Cash Manager) and terminate the appointment of any then current delegate-cash manager, in each case on such terms as it thinks fit,

provided that in the case of both (a) and (b), the Cash Manager remains responsible for the functions so delegated.

Termination

In certain circumstances the Issuer and the Issuer Security Trustee will have the right to terminate the appointment of the Cash Manager and to appoint a substitute cash manager (the identity of which will be

subject to the Issuer Security Trustee's written approval). Any substitute cash manager will have substantially the same rights and obligations as the Cash Manager.

Applicable law and jurisdiction

The Cash Management Agreement, and any non-contractual obligations arising of or in connection with it, will be governed by and construed in accordance with the laws of England and Wales. The courts of England and Wales have exclusive jurisdiction to hear any disputes that may arise out of or in connection with the Cash Management Agreement.

10. CORPORATE SERVICES AGREEMENT

On or prior to the Closing Date, inter alia, the Issuer, the Corporate Services Provider and the Issuer Security Trustee will enter into a corporate services agreement (the "**Corporate Services Agreement**") pursuant to which the Corporate Services Provider will provide the Issuer with certain corporate and administrative functions against the payment of a fee. Such services include, inter alia, the performance of all general book-keeping (including the preparation of annual financial statements), corporate secretarial, registrar and company administration services for the Issuer (including the provision of three directors at least one of which must be a natural person), the providing of the directors with information in connection with the Issuer and the arrangement for the convening of shareholders' and directors' meetings.

Applicable law and jurisdiction

The Corporate Services Agreement, and any non-contractual obligations arising of or in connection with it, will be governed by and construed in accordance with the laws of England and Wales. The courts of England and Wales have exclusive jurisdiction to hear any disputes that may arise out of or in connection with the Corporate Services Agreement.

11. BANK ACCOUNT AGREEMENT

General

On or prior to the Closing Date, inter alia, the Issuer and the Account Bank will enter into a bank account agreement (the "**Bank Account Agreement**") pursuant to which the Account Bank will provide the Issuer with certain banking functions including the establishment and operation of the Bank Accounts.

The Account Bank is required to have at least the Minimum Required Ratings. If the Account Bank ceases to have the Minimum Required Ratings, the Cash Manager and the Issuer shall within thirty (30) calendar days of the downgrade of the Account Bank below the minimum ratings required to be an Eligible Bank use commercially reasonable efforts to agree such terms with a replacement financial institution or institutions which is an Eligible Bank.

The Issuer may (with the prior written approval of the Issuer Security Trustee) revoke its appointment of the Account Bank by not less than thirty (30) calendar days' notice to the Account Bank (with a copy, to the Issuer Security Trustee). Such revocation shall not take effect until a replacement financial institution or institutions (in each case, which is an Eligible Bank) chosen by the Issuer (with the prior written consent of the Issuer Security Trustee) shall have entered into an agreement on substantially the same terms and form as the Bank Account Agreement.

In the event of such replacement the Account Bank shall assist the other parties thereto to effect an orderly transition of the banking arrangements documented under the Bank Account Agreement and shall transfer all amounts standing to the credit of the Bank Accounts to the accounts with the replacement financial institution notified to it by the Issuer or, as the case may be, the Issuer Security Trustee and the Issuer shall reimburse the Account Bank for its properly incurred costs and any amounts in respect of irrecoverable VAT thereon (including properly incurred costs and expenses) incurred during the period of, and until completion of, such transfer, unless such replacement is due to the resignation of the Account Bank from its role.

Applicable law and jurisdiction

The Bank Account Agreement, and any non-contractual obligations arising of or in connection with it, will be governed by and construed in accordance with the laws of England and Wales. The courts of England and Wales have exclusive jurisdiction to hear any disputes that may arise out of or in connection with the Bank Account Agreement.

12. AGENCY AGREEMENT

General

On or prior to the Closing Date, the Issuer, the Note Trustee, the Principal Paying Agent, the Registrar and the Agent Bank will enter into an agency agreement (the "**Agency Agreement**") pursuant to which provision will be made for, among other things, payment of principal and interest in respect of the Notes.

Applicable law and jurisdiction

The Agency Agreement, and any non-contractual obligations arising of or in connection with it, will be governed by and construed in accordance with the laws of England and Wales. The courts of England and Wales have exclusive jurisdiction to hear any disputes that may arise out of or in connection with the Agency Agreement.

13. INTEREST RATE SWAP AGREEMENT

Interest Rate Swap Agreement

On or about the Closing Date, the Issuer will enter into the Interest Rate Swap Agreement with the Interest Rate Swap Counterparty. The Interest Rate Swap Agreement will hedge floating interest rate risk on the Class A Notes and the Class B Notes against income to be received by the Issuer in respect of the Lease Receivables and RV Claims.

Under the Interest Rate Swap Agreement the Issuer will pay to the Interest Rate Swap Counterparty on each Interest Payment Date an amount determined by reference to a fixed rate of interest and the Principal Amount Outstanding of the Class A Notes and the Class B Notes. The Interest Rate Swap Counterparty will pay to the Issuer on each Interest Payment Date an amount determined by reference to a floating rate of interest and such Principal Amount Outstanding of the Class A Notes and the Class B Notes on each Interest Payment Date.

Payments under the Interest Rate Swap Agreement will be made on a net basis on each Interest Payment Date so that a net amount will be due from the Issuer or the Interest Rate Swap Counterparty (as the case may be) on each Interest Payment Date. Payments made by the Issuer under the Interest Rate Swap Agreement (other than the Subordinated Termination Payments) rank higher in priority than all payments on the Notes. Payments by the Interest Rate Swap Counterparty to the Issuer under the Interest Rate Swap Agreement will be made into the Operating Ledger and will, to the extent necessary, be increased to ensure that such payments are not reduced if a withholding or deduction for, or on account of taxes is imposed on payments made by it under the Interest Rate Swap Agreement (other than in respect of any FATCA withholdings).

General

The Interest Rate Swap Agreement may be terminated in certain circumstances, including but not limited to the following, each as more specifically described in the Interest Rate Swap Agreement (an "**Early Termination Event**"):

- (a) if there is a failure by a party to pay amounts due under the Interest Rate Swap Agreement and any applicable grace period has expired;
- (b) if certain insolvency events occur with respect to a party;

- (c) if a breach of a provision of the Interest Rate Swap Agreement by the Interest Rate Swap Counterparty is not remedied within the applicable grace period;
- (d) if a change of law results in the obligations of one of the parties becoming illegal;
- (e) in certain circumstances, if a deduction or withholding for or on account of taxes is imposed on payments made by the Interest Rate Swap Counterparty under the Interest Rate Swap Agreement;
- (f) pursuant to early redemption of the Rated Notes (other than as described in paragraph (h) below) or other early termination events that would trigger an Additional Termination Event under the Interest Rate Swap Agreement;
- (g) if the Interest Rate Swap Counterparty is downgraded and fails to comply with the requirements of the downgrade provisions contained in the Interest Rate Swap Agreement; and
- (h) if the Note Trustee serves a Note Acceleration Notice on the Issuer pursuant to the Conditions of the Notes.

Upon an early termination of a transaction under the Interest Rate Swap Agreement, the Issuer or the Interest Rate Swap Counterparty may be liable to make a termination payment to the other. This termination payment will be calculated and made in Sterling. The amount of any termination payment will be based on the market value of the terminated transaction as determined on the basis of quotations sought from leading dealers as to the costs of entering into a transaction with the same terms and conditions that would have the effect of preserving the economic equivalent of the respective full payment obligations of the parties (or based upon a good faith determination of total losses and costs (or gains) if an insufficient number of quotations can be obtained or if basing the valuation on quotations would not produce a commercially reasonable result) and will include any unpaid amounts that became due and payable prior to the date of termination.

The Interest Rate Swap Counterparty may, subject to certain conditions specified in the Interest Rate Swap Agreement, including (without limitation) the satisfaction of certain requirements of the Rating Agency and prior relevant written consent of the Issuer, transfer its obligations under the Interest Rate Swap Agreement to another entity with the Minimum Required Rating.

The Issuer is not obliged under the Interest Rate Swap Agreement to gross up payments made by it if a withholding or deduction for or on account of tax is imposed on payments made under the Interest Rate Swap Agreements.

The Interest Rate Swap Counterparty will generally be obliged to gross up payments made by it to the Issuer if a withholding or deduction for or on account of tax is imposed on payments made by it under the Interest Rate Swap Agreement.

The Interest Rate Swap Agreement, and any non-contractual obligations arising of or in connection with it, will be governed by and construed in accordance with the laws of England and Wales. The courts of England and Wales have exclusive jurisdiction to hear any disputes that may arise out of or in connection with the Interest Rate Swap Agreement.

TERMS AND CONDITIONS OF THE NOTES

The following are the terms and conditions of the Notes in the form (subject to amendment) in which they will be set out in the Trust Deed. While the Notes are represented by Global Notes, they will be governed by the same terms and conditions except to the extent that such terms and conditions are appropriate only to securities in definitive form or are expressly varied by the terms of such Global Notes.

The £400,000,000 class A floating rate notes due November 2027 (the "**Class A Notes**"), £25,000,000 class B floating rate notes due November 2027 (the "**Class B Notes**", and together with Class A Notes, the "**Cleared Notes**") and the £120,000,000 class C fixed rate notes due November 2027 (the "**Class C Note**" and together with the Cleared Notes, the "**Notes**") in each case of Bumper 8 (UK) Finance plc (the "**Issuer**") are constituted by a trust deed (the "**Trust Deed**") dated 7 February 2017 (the "**Closing Date**") and made between the Issuer and BNP Paribas Trust Corporation UK Limited (in such capacity, the "**Note Trustee**") as trustee for the Noteholders (as defined below). Any reference in these terms and conditions ("**Conditions**") to a class of Notes or of Noteholders shall be a reference to the Class A Notes, the Class B Notes or the Class C Note, as the case may be, or to the respective holders thereof.

The security for the Notes is constituted by a deed of charge and assignment (the "**Issuer Deed of Charge**") dated the Closing Date and made between, among others, the Issuer and BNP Paribas Trust Corporation UK Limited (in such capacity, the "**Issuer Security Trustee**").

Pursuant to an agency agreement (the "**Agency Agreement**") dated the Closing Date and made between the Issuer, BNP Paribas Securities Services, Luxembourg Branch as principal paying agent (the "**Principal Paying Agent**" which expression includes its successors and, together with such additional or other paying agents, if any, appointed from time to time pursuant to the Agency Agreement, the "**Paying Agents**"), as registrar (in such capacity the "**Registrar**") and as agent bank (in such capacity the "**Agent Bank**") and the Note Trustee, provision is made for inter alia, the payment of principal and interest in respect of the Notes of each class.

The statements in these Conditions include summaries of, and are subject to, the detailed provisions of the Trust Deed, the Agency Agreement, the Issuer Deed of Charge and the master definitions schedule (the "**Master Definitions Schedule**") dated on or about the Closing Date and made between, inter alios, the Issuer, the Paying Agents and the Note Trustee.

Copies of the Trust Deed, the Issuer Deed of Charge, the LPUK Deed of Charge and the Master Definitions Schedule are available for inspection during normal business hours at the specified office for the time being of the Principal Paying Agent. The Noteholders are entitled to the benefit of, are bound by, and are deemed to have notice of, all the provisions of the Transaction Documents applicable to them.

Capitalised terms not otherwise defined in these Conditions shall bear the meanings given to them in the Master Definitions Schedule available as described above. These Conditions shall be construed in accordance with the principles of construction set out in the Master Definitions Schedule.

1. FORM, DENOMINATION AND TITLE

1.1 Form and Denomination

Each class of Cleared Notes are initially represented by a global note certificate in registered form (each, a "**Global Note**"). For so long as the Cleared Notes are represented by a Global Note, transfers and exchanges of beneficial interests in such Global Note and entitlement to payments thereunder will be effected subject to and in accordance with the rules and procedures from time to time of Euroclear Bank S.A./N.V. ("**Euroclear**") or Clearstream Banking, société anonyme ("**Clearstream, Luxembourg**"), as appropriate. The Class A Notes will be deposited with and registered in the name of a nominee of a common safekeeper for Euroclear and Clearstream, Luxembourg.

The Class B Notes will be deposited with and registered in the nominee name of the common depository for Euroclear and Clearstream, Luxembourg. The Class C Note will be in dematerialised registered form and will not be cleared.

For so long as the Cleared Notes are represented by Global Notes and Euroclear and Clearstream, Luxembourg so permit, the Notes shall be tradable only in minimum nominal amounts of £100,000 and integral multiples of £1,000 thereafter.

If, while any Cleared Notes are represented by a Global Note:

- (a) both Euroclear and Clearstream, Luxembourg are closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or announce an intention permanently to cease business or do so cease to do business and no alternative clearing system satisfactory to the Note Trustee is available; or
- (b) as a result of any amendment to, or change in, the laws or regulations of the United Kingdom (or of any political subdivision thereof) or of any authority therein or thereof having power to tax, or in the interpretation or administration by a revenue authority or a court or in the application of such laws or regulations, which becomes effective on or after the Closing Date, the Issuer or any Paying Agent is or will be required to make any deduction or withholding for or on account of tax from any payment in respect of the Notes which would not be required were the relevant Notes in definitive registered form,

the Issuer will issue notes in definitive registered form ("**Registered Definitive Notes**") to Noteholders whose accounts with the relevant clearing systems are credited with interests in that Global Note in exchange for those interests within 30 days of the relevant event. The Global Notes will not be exchangeable for Registered Definitive Notes in any other circumstances.

If Definitive Notes are issued in respect of Notes originally represented by a Global Note, the beneficial interests represented by such Global Note shall be exchanged by the Issuer for the relevant Notes in registered definitive form. The aggregate principal amount of the Registered Definitive Notes shall be equal to the Principal Amount Outstanding at the date on which notice of exchange is given of the Global Note, subject to and in accordance with the detailed provisions of these Conditions, the Agency Agreement, the Trust Deed and the relevant Global Note.

Registered Definitive Notes (which, if issued, will be in the denomination set out below) will be serially numbered and will be issued in registered form only.

The minimum denomination of the Notes in global and (if issued and printed) definitive form will be £100,000.

"**Noteholders**" means each person (other than the Clearing Systems themselves) who is for the time being shown in the records of the Clearing Systems as the holder of a particular Principal Amount Outstanding (as defined in Condition 6.4 (Principal Amount Outstanding)) of the Notes of any class (in which regard any certificate or other document issued by Clearstream, Luxembourg or Euroclear as to the Principal Amount Outstanding of the Notes standing to the account of any person shall be conclusive and binding for all purposes) and such person shall be treated by the Issuer, the Note Trustee, the Issuer Security Trustee and all other persons as the holder of such Principal Amount Outstanding of such Notes for all purposes, other than for the purpose of payments in respect thereof, the right to which shall be vested, as against the Issuer, the Note Trustee, the Issuer Security Trustee and all other persons, solely in the person in whose name the relevant Global Note is registered in accordance with and subject to the terms of the Global Note and the Trust Deed and for which purpose "**Noteholder**" and "**Noteholders**" and related expressions shall (where appropriate) be construed accordingly.

1.2 **Title**

Title to the Global Notes shall pass by and upon registration in the register (the "**Register**") which the Issuer shall procure to be kept by the Registrar. The registered holder of a Global Note may (to the fullest extent permitted by applicable laws) be deemed and treated at all times, by all persons and for all purposes (including the making of any payments), as the absolute

owner of such Global Note regardless of any notice of ownership, theft or loss or any trust or other interest therein or of any writing thereon (other than the endorsed form of transfer).

Title to the Class C Note and a Registered Definitive Note shall only pass by and upon registration of the transfer in the Register. Registered Definitive Notes may be transferred upon the surrender of the relevant Registered Definitive Note, with the form of transfer endorsed on it duly completed and executed, at the specified office of the Registrar. Such transfers shall be subject to the minimum denominations specified in Condition 1.1 (Form and Denomination) above. All transfers of Registered Definitive Notes are subject to any restrictions on transfer set forth on the Registered Definitive Notes and the detailed regulations concerning transfers in the Agency Agreement.

Each new Registered Definitive Note to be issued upon transfer of such Registered Definitive Note will, within five Business Days of receipt and surrender of such Registered Definitive Note (duly completed and executed) for transfer, be available for delivery at the specified office of the Registrar or be mailed at the risk of the transferee entitled to such Registered Definitive Note to such address as may be specified in the relevant form of transfer.

Registration of the Class C Note or a Registered Definitive Note on transfer will be effected without charge by the Registrar, but subject to payment of (or the giving of such indemnity as the Registrar may require for) any tax, stamp duty or other government charges which may be imposed in relation to it.

No Noteholder may require the transfer of such Note to be registered during the period of 15 days ending on the due date for any payment of principal or interest on such Note.

The Notes are not issuable in bearer form.

2. STATUS AND RELATIONSHIP BETWEEN THE NOTES AND SECURITY

2.1 Status and relationship between the Notes

- (a) The Class A Notes constitute direct, secured and, subject as provided in Condition 10 (Enforcement), unconditional obligations of the Issuer. The Class A Notes rank *pari passu* without preference or priority amongst themselves.
- (b) The Class B Notes constitute direct secured and, subject as provided in Condition 10 (Enforcement) and Condition 15 (Subordination by Deferral), unconditional obligations of the Issuer. The Class B Notes rank *pari passu* without preference or priority amongst themselves but junior to the Class A Notes as provided in these Conditions and the Transaction Documents.
- (c) The Class C Note constitutes direct secured and, subject as provided in Condition 10 (Enforcement) and Condition 15 (Subordination by Deferral), unconditional obligation of the Issuer. The Class C Note ranks *pari passu* without preference or priority amongst themselves but junior to the Class A Notes and the Class B Notes as provided in these Conditions and the Transaction Documents.
- (d) The Trust Deed contains provisions requiring the Note Trustee to have regard to the interests of the Class A Noteholders, the Class B Noteholders and the Class C Noteholder equally as regards all rights, powers, trusts, authorities, duties and discretions of the Note Trustee (except where expressly provided otherwise), but requiring the Note Trustee in any such case to have regard only to:
 - (i) the interests of the Class A Noteholders (for so long as there are any Class A Notes outstanding) if, in the Note Trustee's opinion, there is a conflict between the interests of:
 - (A) the Class A Noteholders; and

- (B) the Class B Noteholders and/or the Class C Noteholder; or
- (ii) subject to paragraph (i) above, the interests of the Class B Noteholders (for so long as there are any Class B Notes outstanding) if, in the Note Trustee's opinion, there is a conflict between the interests of:
 - (A) the Class B Noteholders; and
 - (B) the Class C Noteholder.
- (e) The Trust Deed contains provisions limiting the powers of the Class B Noteholders and/or the Class C Noteholder to request or direct the Note Trustee to take any action or to pass an effective Extraordinary Resolution (as defined in the Trust Deed) according to the effect thereof on the interests of the Class A Noteholders and also, in the case of a request or direction or an Extraordinary Resolution of the Class C Noteholder, the Class B Noteholders. Except in certain circumstances the Trust Deed contains no such limitation on the powers of the Class A Noteholders or, by reference to the effect on the interests of the Class C Noteholder, the Class B Noteholders, the exercise of which will be binding on the Class B Noteholders and/or the Class C Noteholder, irrespective of the effect thereof on their interests.

2.2 Security

- (a) The security constituted by the Issuer Deed of Charge is granted to the Issuer Security Trustee, on trust for the Noteholders and certain other creditors of the Issuer, upon and subject to the terms and conditions of the Issuer Deed of Charge.
- (b) The Noteholders will share in the benefit of the security constituted by the Issuer Deed of Charge, upon and subject to the terms and conditions of the Issuer Deed of Charge.

3. COVENANTS

3.1 The Issuer shall not, save with the prior written consent of the Issuer Security Trustee and the Note Trustee so long as any Note remains outstanding:

- (a) **Negative pledge:** unless granted under any of the Transaction Documents, create or permit to subsist any encumbrance (unless arising by operation of law) or other Security Interest, over any of its assets or undertaking;
- (b) **Restrictions on activities:** (i) engage in any activity whatsoever which is not incidental to or necessary in connection with any of the activities in which the Transaction Documents provide or envisage that the Issuer will engage; or (ii) have any subsidiaries (as defined in the Companies Act 1985), any subsidiary undertakings (as defined in the Companies Act 2006) or any employees or premises;
- (c) **Disposal of assets:** transfer, sell, lend, part with or otherwise dispose of, or deal with, or grant any option or present or future right to acquire any of its assets or undertakings or any interest estate, right title or benefit therein;
- (d) **Dividends or distributions:** pay any dividend (other than from amounts standing to the credit of its Retained Profit Ledger) make any other distribution to its shareholders or issue any further shares;
- (e) **Indebtedness:** incur any financial indebtedness other than permitted under the Transaction Documents or give any guarantee in respect of any financial indebtedness or of any other obligation of any person;
- (f) **Merger:** consolidate or merge with any other person or convey or transfer its properties or assets substantially as an entirety to any other person;

- (g) **No modification or waiver:** permit any of the Transaction Documents to which it is a party to become invalid or ineffective or permit the priority of the security interests created or evidenced thereby or pursuant thereto to be varied or agree to any modification of, or grant any consent, approval, authorisation or waiver pursuant to, or in connection with, any of the Transaction Documents to which it is a party or permit any party to any of the Transaction Documents to which it is a party to be released from its obligations or exercise any right to terminate any of the Transaction Documents to which it is a party;
- (h) **Bank accounts:** have an interest in any bank account other than the Bank Accounts, unless such account or interest therein is charged to the Issuer Security Trustee on terms acceptable to it;
- (i) **Corporation tax:** prejudice its eligibility for its corporation tax liability to be calculated in accordance with regulation 14 of the Taxation of Securitisation Companies Regulations 2006 (SI 2006/3296); or
- (j) **VAT:** apply to become part of any group for the purposes of section 43 of the Value Added Tax Act 1994 with any other company or group of companies, or such act, regulation, order, statutory instrument or directive which may from time to time re-enact, replace, amend, vary, codify, consolidate or repeal the Value Added Tax Act 1994.

3.2 **Registration of Issuer Security**

The Issuer covenants to the Issuer Security Trustee that it will make a filing with the Registrar of Companies of duly completed Forms MG01 in respect of itself together with an executed original of the Issuer Deed of Charge within the applicable time limit.

3.3 **Centre of main interests and establishment**

The Issuer covenants to the Issuer Security Trustee and the Note Trustee that it will conduct its business and affairs such that, at all relevant times, its "centre of main interests" for the purposes of the Insolvency Regulation and the UNCITRAL Implementing Regulations will be and remain in England and Wales and that it will not have any "establishment" (as defined in the Insolvency Regulation and the UNCITRAL Implementing Regulations) other than in England and Wales

3.4 The Issuer will provide the Paying Agents with copies of the following documents, which will be available for inspection by Noteholders during normal business hours at the specified office for the time being of the Principal Paying Agent:

- (a) the Master Definitions Schedule;
- (b) the Issuer Deed of Charge;
- (c) the LPUK Deed of Charge; and
- (d) the Trust Deed.

4. **INTEREST**

4.1 **Interest Accrual**

Each Note (or, in the case of the redemption of part only of a Note, that part only of such Note) will cease to bear interest from and including the due date for redemption unless, upon due presentation in accordance with Condition 5 (Payments), payment of the principal in respect of the Note is improperly withheld or refused or default is otherwise made in respect of the payment in which event interest shall continue to accrue as provided in the Trust Deed.

4.2 **Interest Payment Dates**

The Notes bear interest on their respective Principal Amounts Outstanding from and including the Closing Date payable monthly in arrear on the 20th day of each calendar month (each an "**Interest Payment Date**") in respect of the Interest Period (as defined below) ended immediately prior thereto. If any Interest Payment Date would otherwise fall on a day which is not a Business Day, it shall be postponed to the next day which is a Business Day unless it would then fall into the next calendar month, in which event the Interest Payment Date shall be brought forward to the immediately preceding Business Day. The first Interest Payment Date shall be 20 March 2017. The period from and including the Closing Date to but excluding the first Interest Payment Date and each successive period from and including an Interest Payment Date to but excluding the next succeeding Interest Payment Date is called an "**Interest Period**".

4.3 **Rate of Interest**

The interest rate applicable to the Class A Notes shall be Sterling LIBOR plus 0.53% per annum (the "**Class A Notes Interest Rate**") for each Interest Period and the interest rate applicable to the Class B Notes shall be Sterling LIBOR plus 0.95% per annum (the "**Class B Notes Interest Rate**") for each Interest Period, with LIBOR being determined by the Agent Bank on the following basis:

- (a) at or about 11.00 a.m. on each Interest Payment Date (each such day, a "**LIBOR Determination Date**"), the Agent Bank will determine the offered quotation to leading banks in the London interbank market ("**LIBOR**") for one month Sterling deposits (or, with respect to the first Interest Period, the rate which represents the linear interpolation of LIBOR for one and two month deposits in Sterling) (rounded to five decimal places with the mid-point rounded up) by reference to the display designated as the British Bankers' Association's Interest Settlement Rate as quoted on page LIBOR01 of the Reuters screen service (the "**LIBOR Screen Rate**"). If the agreed page is replaced or service ceases to be available, the Agent Bank may specify another page or service displaying the appropriate rate after consultation with the Note Trustee and the Principal Paying Agent or
- (b) if the LIBOR Screen Rate is not then available for Sterling or for the Interest Period of the Class A Notes and the Class B Notes, the arithmetic mean of the rates (rounded to five decimal places with the mid-point rounded up) as supplied to the Agent Bank at its request by the principal London office of each of the Reference Banks or such other banks which the Agent Bank (in consultation with the Note Trustee and the Principal Paying Agent) may appoint from time to time at or about 11.00 a.m. on the LIBOR Determination Date for the offering of deposits to the leading banks in the London interbank market in Sterling and for a period comparable to the Interest Period for the Notes. If on any LIBOR Determination Date, only two of three of the Reference Banks provide such offered quotations to the Agent Bank, the relevant rate shall be determined, as aforesaid, on the basis of the offered quotations of those Reference Banks providing such quotations. If on any such LIBOR Determination Date, only one quotation is provided as requested, the rate for that LIBOR Determination Date will be the arithmetic mean (rounded to five decimal places with the mid-point rounded up) of the rates quoted by leading banks in London selected by the Agent Bank (which bank or banks is or are in the opinion of the Note Trustee suitable for such purpose).

The interest rate applicable to Class C Note shall be 2.4% per annum (the "**Class C Note Interest Rate**", and together with the Class A Notes Interest Rate and Class B Notes Interest Rate, the "**Interest Rate**").

There will be no maximum Interest Rate. In the event that the Interest Rate for any Interest Period is determined in accordance with the provisions this Condition 4.3 to be less than zero, the Interest Rate for such Interest Period shall be zero.

4.4 **Determination of Rate of Interest and Interest Amounts**

The Agent Bank will, as soon as practicable after 11.00 a.m. (London time) on the LIBOR Determination Date in relation to each Interest Period but in no event later than the third Business Day thereafter, calculate the amount of interest (the "**Interest Amount**") payable in respect of each Class A Note and the Class B Note for such Interest Period. The Interest Amount in respect of the Class A Notes (the "**Class A Notes Interest Amount**") will be calculated by applying the Class A Notes Interest Rate for such Interest Period to the Principal Amount Outstanding of such Class A Notes during such Interest Period, multiplying the product by the actual number of days in such Interest Period divided by 365 and rounding the resulting figure to the nearest £0.01 (half of £0.01 being rounded upwards) (the "**Sterling Day Count Fraction**"). The Interest Amount in respect of the Class B Notes (the "**Class B Notes Interest Amount**") will be calculated by applying the Class B Notes Interest Rate for such Interest Period to the Principal Amount Outstanding of such Class B Notes during such Interest Period, multiplying the product by the Sterling Day Count Fraction.

In these Conditions (except where otherwise defined), the expression "**Reference Banks**" means, in respect of the Sterling Notes, the principal London office of each of three major banks engaged in the London interbank market selected by the Agent Bank, provided that, once a Reference Bank has been selected by the Agent Bank, that Reference Bank shall not be changed unless and until it ceases to be capable of acting as such.

The amount of interest payable in respect of each Class C Note (the "**Class C Note Interest Amount**") on each Interest Payment Date shall be calculated not later than on the first day of the Interest Period by (i) in the case of Interest Periods after the first Interest Payment Date, applying the Class C Note Interest Rate for such period to the Principal Amount Outstanding of such Class C Note during such Interest Period, multiplying the product by the Sterling Day Count Fraction.

4.5 **Publication of Rate of Interest and Interest Amounts**

The Agent Bank shall cause each of the Class A Notes Interest Rate, , Class B Notes Interest Rate, the Class C Note Interest Rate, the Class A Notes Interest Amount, Class B Notes Interest Amount and Class C Note Interest Amount applicable for the relevant Interest Period and the immediately succeeding Interest Payment Date to be notified to the Issuer, the Note Trustee, the Registrar and the Paying Agents, each of the Clearing Systems and to any stock exchange or other relevant authority on which the Notes (other than the Class C Note) are at the relevant time admitted to trading and/or listed and to be published in accordance with Condition 14 (Notices) as soon as possible after their determination and in no event later than the second Business Day thereafter. The Class A Notes Interest Amount, Class B Notes Interest Amount and Class C Note Interest Amount and the Interest Payment Date may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period.

4.6 **Determination by the Note Trustee**

The Note Trustee may, if the Agent Bank defaults at any time in its obligation to (i) determine the Class A Notes Interest Rate and/or the Class B Notes Interest Rate or (ii) to calculate the Class A Notes Interest Amount and/or the Class B Notes Interest Amount and/or the Class C Note Interest Amount in accordance with the above provisions, (in each case without liability for so doing) (a) determine such Class A Notes Interest Rate and/or Class B Notes Interest Rate, as the case may be, at such rates as, in its absolute discretion (having such regard as it shall think fit to the procedure described above) it shall deem fair and reasonable in all the circumstances or (b) calculate the Class A Notes Interest Amount, the Class B Notes Interest Amount and/or the Class C Note Interest Amount, as the case may be, and each such determination or calculation shall be deemed to be a determination or calculation by the Agent Bank. For the avoidance of doubt, the Interest Rate applicable to any Class of Notes for any Interest Period as determined by the Note Trustee shall not be less than zero.

4.7 **Notifications, etc. to be Final**

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 4, whether by the Reference Banks (or any of them), the Agent Bank or the Note Trustee, will (in the absence of manifest error) be binding on the Issuer, the Note Trustee, the Agent Bank, the Registrar, the Paying Agents and all Noteholders and (in the absence of negligence, wilful default or fraud) no liability to the Issuer or the Noteholders shall attach to the Reference Banks (or any of them), the Agent Bank or, if applicable, the Note Trustee in connection with the exercise or non-exercise by any of them of their powers, duties and discretions under this Condition 4.

4.8 **Agent Bank**

The Issuer shall procure that, so long as any of the Notes remains outstanding, there is at all times an Agent Bank for the purposes of the Notes and the Issuer may, subject to the prior written approval of the Note Trustee, terminate the appointment of the Agent Bank. In the event of the appointed office of any bank being unable or unwilling to continue to act as the Agent Bank or failing duly to determine the Rates of Interest and the Interest Amounts for any Interest Period, the Issuer shall, subject to the prior written approval of the Note Trustee, appoint, the London office of another major bank engaged in the London interbank market to act in its place. The Agent Bank may not resign its duties or be removed without a successor having been appointed.

5. **PAYMENTS**

5.1 **Payment of Interest and Principal**

Payments of principal and interest in respect of the Notes shall be made by Sterling cheque or upon application by the relevant Noteholder to the specified office of the Principal Paying Agent not later than the 15th day before the due date for any such payment, by transfer to a Sterling account maintained by the payee with a bank in London and (in the case of final redemption) upon surrender (or, in the case of part payment only, endorsement) of the relevant Global Note or Registered Definitive Notes (as the case may be) at the specified office of any Paying Agent.

5.2 **Laws and Regulations**

Payments of principal and interest in respect of the Notes are subject, in all cases, to (i) any fiscal or other laws and regulations applicable thereto in the place of payment and (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986 (the "**Code**") or otherwise imposed pursuant to Sections 1471 through 1474 of the Code, any regulations or agreements thereunder, any official interpretations thereof, or any law implementing an intergovernmental approach thereto ("**FATCA**"). Noteholders will not be charged commissions or expenses on payments.

5.3 **Payment of Interest following a Failure to pay Principal**

If payment of principal is improperly withheld or refused on or in respect of any Note or part thereof, the interest which continues to accrue in respect of such Note in accordance with Condition 4.1 (Interest Accrual) and Condition 4.3 (Rate of Interest) will be paid, in respect of a Global Note, as described in Condition 5.1 (Payment of Interest and Principal) above and, in respect of any Registered Definitive Note, in accordance with this Condition 5.

5.4 **Change of Paying Agents**

The Issuer reserves the right, subject to the prior written approval of the Note Trustee, at any time to vary or terminate the appointment of the Principal Paying Agent or the Registrar and to appoint additional or other agents provided that:

- (a) there will at all times be a person appointed to perform the obligations of (i) the Principal Paying Agent with a specified office in such place as may be required by the rules and regulations of relevant stock exchange and competent authority; and (ii) the Registrar with a specified office in Luxembourg or in London; and
- (b) the Issuer undertakes that it will ensure that it maintains a Paying Agent in a member state of the European Union that is not obliged to withhold or deduct tax pursuant to European Council Directive 2003/48/EC or any law implementing or complying with, or introduced in order to conform to, such Directive.

Except where otherwise provided in the Trust Deed or the Agency Agreement, the Issuer will cause notice of no more than 30 days and no less than 15 days of any change in or addition to the Paying Agents or the Registrar or their specified offices to be given to the Noteholders in accordance with Condition 14 (Notices) and will notify the Rating Agencies of such change or addition.

5.5 **No Payment on non-Business Day**

If the date for payment of any amount in respect of a Note is not a Business Day, Noteholders shall not be entitled to payment until the next following Business Day in the relevant place and shall not be entitled to further interest or other payment in respect of such delay.

5.6 **Partial Payment**

If a Paying Agent makes a partial payment in respect of any Note, the Registrar will, in respect of the relevant Note, annotate the Register indicating the amount and date of such payment.

5.7 **Payment of Interest**

If interest is not paid in respect of a Note of any Class on the date when due and payable (other than because the due date is not a Presentation Date (as defined in Condition 5.5 (No Payment on non-Business Day)) or by reason of non-compliance by the Noteholder with Condition 5.1 (Payment of Interest and Principal), then such unpaid interest shall itself bear interest at the Interest Rate applicable from time to time to such Note until such interest and interest thereon are available for payment and notice thereof has been duly given in accordance with Condition 14 (Notices).

6. **REDEMPTION**

6.1 **Redemption at maturity**

Unless previously redeemed in full, the Issuer will redeem the Notes at their respective Principal Amounts Outstanding on the Interest Payment Date falling in November 2027 (the "**Final Maturity Date**").

6.2 **Optional redemption in whole for taxation or other reasons**

The Issuer may redeem all (but not some only) of the Notes of each class at their Principal Amount Outstanding together with accrued but unpaid interest up to but excluding the date of redemption on any Interest Payment Date

- (a) after the date on which by reason of a change in tax law (or the application or official interpretation thereof), which change becomes effective on or after the Closing Date, on the next Interest Payment Date, the Issuer or the Paying Agents would be required to deduct or withhold from any payment of principal or interest on any class of the Notes any amount for, or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by United Kingdom or any political sub-division thereof or any authority thereof or therein having power to tax the Issuer;

- (b) after the date on which the Aggregate Discounted Balance of the Portfolio is less than 10% of the Aggregate Discounted Balance as of the Initial Cut-Off Date; or
- (c) following the redemption in full of Class A and Class B Notes,

subject to the following:

- (i) the Issuer has given not more than 60 nor less than 30 days' notice (or, in the case of an event described in sub-paragraph (a) above, such shorter period expiring on or before the latest date permitted by relevant law) to the Noteholders in accordance with Condition 14 (Notices) and to the Note Trustee; and
- (ii) prior to the publication of any notice of redemption pursuant to this Condition 6.2, the Issuer shall deliver to the Note Trustee a certificate signed by two directors of the Issuer stating that (A) one or more of the events described in sub-paragraphs (a), (b) or (c) above is continuing and in the case of the relevant event described in sub-paragraph (a) above, the relevant event described above is continuing and that the appointment of a Paying Agent in another jurisdiction or a substitution of a company incorporated and/or tax resident in another jurisdiction would not avoid the effect of the relevant event or that, having used its reasonable endeavours, the Issuer is unable to arrange such a substitution; and (B) the Issuer will have the necessary funds to pay all principal and interest due in respect of the Notes on the relevant Interest Payment Date and any amounts required under the relevant Priority of Payments to be paid in priority or pari passu with the Notes outstanding in accordance with the terms and conditions thereof and the Note Trustee shall be entitled to accept the certificate as sufficient evidence of the satisfaction of the conditions precedent set out above and, if it does so, it shall be conclusive and binding on the Noteholders.

6.3 **Mandatory redemption in part**

On each Interest Payment Date following the termination of the Revolving Period and prior to the occurrence of an Accelerated Amortisation Event, the Issuer shall apply Available Distribution Amounts up to an aggregate amount of the Required Principal Redemption Amount in redemption of the Notes, in accordance with the relevant Priority of Payments.

On and after the occurrence of an Accelerated Amortisation Event, the Issuer shall redeem the Notes in accordance with the Accelerated Amortisation Period Priority of Payments.

For the avoidance of doubt the Notes will be redeemed, subject to and in accordance with the relevant Priority of Payments on each Interest Payment Date, provided that no amount shall be applied to redeem the Notes during the Revolving Period.

6.4 **Principal Amount Outstanding**

The "**Principal Amount Outstanding**" of a Note on any date shall be its original principal amount less the aggregate amount of all principal payments in respect of such Note which have become due and payable and received by the relevant Noteholder since the Closing Date except if and to the extent that any such payment has been improperly withheld or refused.

6.5 **Notice of redemption**

Any such notice as is referred to in Condition 6.2 (Optional redemption in whole for taxation or other reasons) above shall be irrevocable and, upon the expiry of such notice, the Issuer shall be bound to redeem the Notes at the applicable amounts specified above.

6.6 **No purchase by the Issuer**

The Issuer will not be permitted to purchase any of the Notes.

6.7 **Cancellation**

All Notes redeemed in full will be cancelled upon redemption and may not be resold or re-issued.

7. **TAXATION**

All payments in respect of the Notes by or on behalf of the Issuer shall be made without withholding or deduction for, or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature ("**Taxes**"), unless the withholding or deduction of the Taxes is required by applicable law. In that event, the Issuer or, as the case may be, the relevant Paying Agent shall make such payment after the withholding or deduction has been made and shall account to the relevant authorities for the amount required to be withheld or deducted. Neither the Issuer nor any Paying Agent shall be obliged to make any additional payments to Noteholders in respect of such withholding or deduction.

8. **PRESCRIPTION**

Claims in respect of principal and interest on the Notes will be prescribed after 10 years (in the case of principal) and five years (in the case of interest) from the Relevant Date in respect of the relevant payment.

In this Condition 8, the "**Relevant Date**", in respect of a payment, is the date on which such payment first becomes due or (if the full amount of the moneys payable on that date has not been duly received by the Principal Paying Agent or the Note Trustee on or prior to such date) the date on which, the full amount of such moneys having been received, notice to that effect is duly given to the relevant Noteholders in accordance with Condition 14 (Notices).

9. **ISSUER EVENTS OF DEFAULT**

9.1 The Note Trustee in its absolute discretion may, and if so directed in writing by the holders of not less than 25% of the Principal Amount Outstanding of the Class A Notes while they remain outstanding and thereafter the Class B Notes while they remain outstanding and thereafter the Class C Note while they remain outstanding (the "**Most Senior Class Outstanding**") or if so directed by an Extraordinary Resolution of the Most Senior Class Outstanding (subject, in each case, to being indemnified and/or secured and/or pre-funded to its satisfaction against all liabilities to which it may become liable or which it may incur by so doing), shall give notice (a "**Note Acceleration Notice**") to the Issuer that all classes of the Notes are immediately due and repayable at their respective Principal Amounts Outstanding, together with accrued interest as provided in the Trust Deed, in any of the following events (each, an "**Issuer Event of Default**"):

- (a) an Insolvency Event occurs with respect to the Issuer;
- (b) the Issuer defaults in the payment of any interest on the Most Senior Class Outstanding when the same becomes due and payable, and such default continues for a period of ten Business Days; or
- (c) the Issuer defaults in the payment of principal on any Class A Note or (subject to the Class A Notes being redeemed in full) any Class B Note or (subject to the Class A Notes and the Class B Notes being redeemed in full) any Class C Note when the same becomes due and payable, and such default continues for a period of five Business Days; or
- (d) the Issuer fails to perform or observe any of its other obligations under the Conditions or any Transaction Document to which it is a party (excluding, for the avoidance of doubt, its obligations to make payments of principal or interest on the Notes) and such default is, in the opinion of the Note Trustee, to be certified in writing, materially prejudicial to the interests of the Noteholders of the Most Senior Class Outstanding and is either (i) in the opinion of the Note Trustee, incapable of remedy or (ii) in the opinion of the Note Trustee, capable of remedy, but remains unremedied for a period of thirty

days or such longer period as the Note Trustee may agree after the Note Trustee has given written notice of such default to the Issuer.

9.2 **General**

Upon the service of a Note Acceleration Notice by the Note Trustee in accordance with Condition 9.1 above, all classes of the Notes then outstanding shall thereby immediately become due and repayable at their respective Principal Amounts Outstanding, together with accrued interest as provided in the Trust Deed, and the security constituted by the Issuer Deed of Charge will become immediately enforceable.

10. **ENFORCEMENT**

The Note Trustee may, at any time, at its discretion and without notice, or, if so directed in writing by the holders of the Most Senior Class Outstanding or if so directed by an Extraordinary Resolution of the Most Senior Class Outstanding shall, take such action under or in connection with any of the Transaction Documents in such a manner as it may think fit (including, without limitation, directing the Issuer Security Trustee to take any action under or in connection with any of the Transaction Documents or, after the service of a Note Acceleration Notice, to take steps to enforce the security constituted by the Issuer Deed of Charge), provided that:

- (a) (except where expressly provided otherwise) the Issuer Security Trustee shall not, and shall not be bound to, take any action under the Issuer Deed of Charge unless it shall have been so directed in writing by (i) the Note Trustee or (ii) if there are no Notes outstanding, the Issuer Secured Creditor who ranks most senior in the Accelerated Amortisation Period Priority of Payments (other than the Note Trustee, Issuer Security Trustee or LPUK Security Trustee);
- (b) neither the Note Trustee nor the Issuer Security Trustee shall be bound to take any such action unless it shall have been indemnified and/or secured and/or pre-funded to its satisfaction; and
- (c) neither the Note Trustee nor the Issuer Security Trustee shall be entitled to take any steps or proceedings to procure the winding-up, administration or liquidation of the Issuer.

Notwithstanding the foregoing, the Issuer Deed of Charge will provide that, upon application being made to a court of competent jurisdiction for an administration order or the service of a notice of intention to appoint an administrator or the filing of documents with the court for the appointment of an administrator in relation to the Issuer or other order having substantially the same effect to be made on application by a creditor or creditors of the Issuer, the Issuer Security Trustee shall, subject to having actual written notice of the relevant event and to it being indemnified and/or secured and/or prefunded to its satisfaction, as soon as practicable use all reasonable endeavours to appoint one of Deloitte, Ernst & Young, KPMG or PricewaterhouseCoopers (which shall, to the extent permitted by law, be an "administrative receiver" under Section 29(2) of the Insolvency Act") (a "**Receiver**") of the whole of the security for as long as an administrator has not been appointed and, in the case of any application to the court or petition, the Issuer Security Trustee shall instruct the administrative receiver to attend at the hearing of the application or petition with a view to the Receiver taking such steps as are necessary to act for the interests of the Issuer Secured Creditors and to prevent the appointment of an administrator, who would act in the interests of all of the creditors of the Issuer, whether secured or not. The Issuer Secured Creditors shall thereafter co-operate and do all acts and enter into such further documents, deeds or agreements as the Issuer Security Trustee may deem necessary or desirable for a Receiver to be appointed and carry out its office.

The Issuer Deed of Charge will further provide that (i) the Issuer Security Trustee will not be liable for any failure to appoint a Receiver in respect of the Issuer, save in the case of its own

gross negligence, wilful default or fraud, (ii) in the event that the Issuer Security Trustee appoints a Receiver in respect of the Issuer under the Issuer Deed of Charge in the circumstances set out in the paragraph above, then the Issuer shall waive any claims against the Issuer Security Trustee in respect of the appointment of the Receiver and (iii) the Issuer Security Trustee shall have no obligation to indemnify any Receiver appointed by it except to the extent of (and from) the cash and assets comprising the Issuer Security held by the Issuer Security Trustee at such time and available for such purpose.

11. MEETINGS OF NOTEHOLDERS, MODIFICATION AND WAIVER

- 11.1 The Trust Deed contains provisions for convening meetings of the Noteholders of each class (and for this purpose, the Class A Notes shall be considered a single Class) and, in certain cases, more than one class to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution of a Basic Terms Modification (defined below), to remove the Note Trustee and/or the Issuer Security Trustee and to appoint a new Note Trustee and/or Issuer Security Trustee, to discharge or exonerate the Note Trustee from any liability in respect of any act or omission for which it may have become or may become responsible under the Trust Deed or the Notes or any other Transaction Document and to waive any breach or authorise any proposed breach by the Issuer or, if relevant, any other Transaction Party of any obligation under or in respect of the Transaction Documents or any act or omission which may otherwise constitute an Issuer Event of Default or Issuer Potential Event of Default under the Notes. A meeting of Noteholders (or any class thereof) may be convened by the Note Trustee or the Issuer at any time and must be convened by the Note Trustee (subject to its being indemnified and/or secured and/or prefunded to its satisfaction) upon the request in writing of Noteholders of a particular class holding not less than 10% of the aggregate Principal Amount Outstanding of the outstanding Notes of that class.
- 11.2 Subject as provided in Condition 11.6 below an Extraordinary Resolution passed at any meeting of the Class A Noteholders shall be binding on the Class B Noteholders and the Class C Noteholder irrespective of the effect upon them.
- 11.3 An Extraordinary Resolution (other than an Extraordinary Resolution referred to in Condition 11.5 or 11.6 below) passed at any meeting of the Class B Noteholders shall not be effective for any purpose unless either the Note Trustee is of the opinion that it would not be materially prejudicial to the interests of the Class A Noteholders or it is sanctioned by an Extraordinary Resolution of the Class A Noteholders.
- 11.4 Subject as provided in Condition 11.6 below an Extraordinary Resolution passed at any meeting of the Class B Noteholders shall be binding on the Class C Noteholder irrespective of the effect upon them.
- 11.5 An Extraordinary Resolution (other than an Extraordinary Resolution referred to in Condition 11.6 below) passed at any meeting of the Class C Noteholder shall not be effective for any purpose unless:
- (a) either the Note Trustee is of the opinion that it would not be materially prejudicial to the interests of the Class A Noteholders or it is sanctioned by an Extraordinary Resolution of the Class A Noteholders; and
 - (b) either the Note Trustee is of the opinion that it would not be materially prejudicial to the interests of the Class B Noteholders or it is sanctioned by an Extraordinary Resolution of the Class B Noteholders.
- 11.6 An Extraordinary Resolution involving a Basic Terms Modification that is passed by the holders of one Class of Notes shall not be effective unless it is sanctioned by an Extraordinary Resolution of the holders of each of the other Classes of Notes then outstanding.
- 11.7 Subject as provided below, the quorum at any meeting of Noteholders of any class or classes for passing an Extraordinary Resolution will be one or more persons holding or representing a

majority of the aggregate Principal Amount Outstanding of such class or classes of Notes then outstanding, or, at any adjourned meeting, one or more persons being or representing a Noteholder of the relevant class or classes, whatever the aggregate Principal Amount Outstanding of the Notes of such class or classes held or represented by it or them.

11.8 The quorum at any meeting of Noteholders of any class or classes for passing an Extraordinary Resolution to sanction a proposal to:

- (a) to change any date fixed for payment of principal or interest in respect of the Notes of any class, to change the amount of principal or interest due on any date in respect of the Notes of any class or to alter the method of calculating the amount of any payment in respect of the Notes of any class on redemption or maturity;
- (b) (except in accordance with Clause 26 (Substitution) of the Trust Deed) to effect the exchange, conversion or substitution of the Notes of any class for, or the conversion of such Notes into, shares, bonds or other obligations or securities of the Issuer or any other person or body corporate formed or to be formed;
- (c) to change the currency in which amounts due in respect of the Notes are payable;
- (d) (other than any new fee arrangement upon replacement of any Transaction Party) to alter the priority of payment of interest or principal in respect of the Notes;
- (e) to change the quorum required at any Meeting or the majority required to pass an Extraordinary Resolution; or
- (f) to amend the definition of Basic Terms Modification,

(each, a "**Basic Terms Modification**") shall be one or more persons holding or representing not less than three-quarters or, at any adjourned meeting, not less than one-quarter of the aggregate Principal Amount Outstanding of the Notes then outstanding of such class or classes.

The Trust Deed provides that, except in the case of an Extraordinary Resolution directing the Note Trustee to give a Note Acceleration Notice, as to which the provisions of Condition 9 (Issuer Events of Default) shall apply and subject as provided in Conditions 11.2 to 11.6 (inclusive):

- (i) an Extraordinary resolution which, in the opinion of the Note Trustee, affects the interests of the holders of only one Class of Notes shall be deemed to have been duly passed if passed at a separate meeting of the holders of the Notes of that Class;
- (ii) a resolution which, in the opinion of the Note Trustee, affects the interests of the holders of more than one Class but does not give rise to a conflict of interest between the holders of one Class of Notes and the holders of another Class of Notes shall be deemed to have been duly passed if passed at a single meeting of the holders of all the classes so affected as the Note Trustee shall determine; and
- (iii) a resolution which, in the opinion of the Note Trustee, affects the interests of more than one Class of Notes and gives or may give rise to a conflict of interest between the holders of one Class of Notes and the holders of another Class of Notes shall be deemed to have been duly passed only if passed at separate meetings of the holders of each class so affected.

11.9 The Note Trustee may agree and/or may direct the Issuer Security Trustee and/or the LPUK Security Trustee to agree, without the consent of the Noteholders or any other Issuer Secured Creditors:

- (a) to any modification (except in respect of any Basic Terms Modification), or to any waiver or authorisation of any breach or proposed breach, of these Conditions or any of the Transaction Documents or to any documentation that an Issuer Event of Default or Issuer Potential Event of Default shall not or shall not subject to specified conditions, be treated as such which, in the opinion of the Note Trustee, is not materially prejudicial to the interests of the Most Senior Class Outstanding; or
- (b) to any modification which, in the opinion of the Note Trustee, is to correct a manifest error or is of a formal, minor or technical nature,

provided that the Note Trustee shall not exercise any powers conferred on it in respect of any waivers or authorisations under Clause 21.1 of the Trust Deed in contravention of any express direction given by Extraordinary Resolution or by a direction under Condition 9 (Issuer Events of Default).

11.10 Without limitation to Condition 11.11, the Note Trustee shall consent and/or shall direct the Issuer Security Trustee and/or the LPUK Security Trustee to consent to any amendment to a Transaction Document which the Issuer has certified in writing to the Note Trustee (upon which certification the Note Trustee shall rely without further enquiry) is necessary to:

- (a) (i) reflect the then current published rating criteria of a Rating Agency and which does not conflict with the then current published rating criteria of any other Rating Agency or (ii) avoid a downgrade, withdrawal or suspension of the then current ratings assigned by a Rating Agency to any Class of Notes;
- (b) enable the Issuer to comply with any obligations which apply to it under Regulation (EU) 648/2012 of the European Parliament and of the Council on OTC derivatives, central counterparties and trade repositories dated 4 July 2012 (including, without limitation, any associated regulatory technical standards and advice, guidance or recommendations from relevant supervisory regulators the European Market Infrastructure Regulation or **EMIR**);
- (c) enable the Issuer to comply with any changes in the requirements of Article 405 of the CRR, Article 17 of Directive 2011/61/EU (as amended), Article 51 of the AIFMR or Article 254 of the Solvency II Regulation, after the Closing Date, including as a result of the adoption of regulatory technical standards in relation to the CRR, the AIFMR, the Solvency II Regulation or any other risk retention legislation or regulations or official guidance in relation thereto;
- (d) enable the Class A Notes and/ or the Class B Notes to be (or to remain) listed on the Irish Stock Exchange;
- (e) enable the Issuer or any of the other transaction parties to comply with FATCA;
- (f) comply with any requirement to appoint an entity to carry out any disclosure or reporting requirements under the CRA Regulation; or
- (g) comply with any changes in the requirements of the CRA Regulation after the Closing Date including as a result of the adoption of regulatory technical standards in relation to the CRA Regulation or regulations or official guidance in relation thereto;
- (h) enable the appointment of any additional or replacement account bank and/or the opening of any additional or replacement account in the name of the Issuer in accordance with the Transaction Documents; or
- (i) enable the appointment of any custodian and/or the opening of any custody account in accordance with the Transaction Documents,

in each case provided that the Issuer has further certified in writing to the Note Trustee (upon which certification the Note Trustee shall rely without further enquiry) that in the reasonable opinion of the Issuer such amendment would not:

- (i) adversely impact on the Issuer's ability to make payments when due in respect of the Notes; and
- (ii) affect the legality, validity and enforceability of any of the Transaction Documents and any Issuer Security created therein,

and in each case provided that the Note Trustee (or where applicable, the Issuer Security Trustee or the LPUK Security Trustee) shall not be obliged to agree to any modification which, in the sole opinion of the Note Trustee (or, where applicable, the Issuer Security Trustee or the LPUK Security Trustee), would have the effect of (i) exposing the Note Trustee, the Issuer Security Trustee and/or the LPUK Security Trustee, as applicable, to any additional Liability or (ii) adding to or increasing the obligations, liabilities or duties, or decreasing the protections, of the Note Trustee, the Issuer Security Trustee or the LPUK Security Trustee, as applicable in respect of the Notes, the Transaction Documents and/or the Conditions.

11.11 the Note Trustee shall consent to and/or shall direct the Issuer Security Trustee and/or the LPUK Security Trustee to consent to any amendment to the Interest Rate Swap Agreement in respect of which the Servicer has certified in writing to the Note Trustee (upon which certification the Note Trustee shall rely without further enquiry) that such amendment is consistent with the next published criteria for derivative counterparty and supporting party risk that will be published by DBRS, Fitch, and/or, as the case may be, S&P, following the Closing Date (the "**Counterparty Criteria**"), provided that the Note Trustee (or where applicable the Issuer Security Trustee or the LPUK Security Trustee) shall not be obliged to agree to any amendment which, in the sole opinion of the Note Trustee (or, where applicable, the Issuer Security Trustee or the LPUK Security Trustee), would have the effect of (i) exposing the Note Trustee, the Issuer Security Trustee and/or the LPUK Security Trustee, as applicable, to any additional Liability or (ii) adding to or increasing the obligations, liabilities or duties, or decreasing the protections, of the Note Trustee, the Issuer Security Trustee or the LPUK Security Trustee, as applicable in respect of the Notes, the Transaction Documents and/or the Conditions, and **further provided that:**

- (a) the Note Trustee has received written confirmation from LPUK and the Interest Rate Swap Counterparty in respect of the Interest Rate Swap Agreement that it has consented to such amendment; and
- (b) subject to Condition 17 (Non-Responsive Rating Agency), a Ratings Confirmation has been provided by DBRS, Fitch and S&P in respect of such amendment.

11.12 The Issuer shall not agree to any amendment to, modification of, or supplement to any of the Transaction Documents, insofar as such amendment, modification or supplement: (a) has or could have a material adverse effect on the interests of the Interest Rate Swap Counterparty, (b) amends any Priority of Payments, or (c) in respect of the Class A Notes or the Class B Notes, amends the interest rate, the payments dates, the maturity date, the terms of repayment, the currency or the redemption rights, in each case without the prior written consent of the Interest Rate Swap Counterparty, and in the case of (a) and/or (c) above, provided that such consent is not commercially unreasonably withheld or delayed.

11.13 Any such modification, waiver, authorisation or determination shall be binding on the Noteholders and, unless the Note Trustee agrees otherwise, any such modification shall be notified by the Issuer to the Noteholders and the Interest Rate Swap Counterparty as soon as practicable thereafter in accordance with Condition 14 (Notices).

11.14 In connection with any such substitution of principal debtor referred to in Condition 6.2 (Optional redemption in whole for taxation or other reasons), the Note Trustee may also agree, without the consent of the Noteholders or any other Issuer Secured Creditors, to a change of the laws governing the Notes, these Conditions and/or any of the Transaction Documents, **provided**

that such change would not in the opinion of the Note Trustee, be materially prejudicial to the interests of the Most Senior Class Outstanding.

- 11.15 The Note Trustee shall be entitled to take into account, for the purpose of exercising or performing any right, power, trust, authority, duty or discretion under or in relation to the Trust Deed or any other Transaction Document (including, without limitation, any consent, approval, modification, waiver, authorisation or determination referred to in this Condition 11.15), among other things, to the extent that it considers, in its sole and absolute discretion, it is necessary and/or appropriate and/or relevant subject to the provisions of Condition 17 (Non-Responsive Rating Agency), any Ratings Confirmation (and in the case of a Ratings Confirmation provided by any Ratings Agency, whether or not such confirmation is addressed to, or provides that it may be relied upon by, the Note Trustee and irrespective of the method by which such confirmation is conveyed).
- 11.16 Where, in connection with the exercise or performance by it of any right, power, trust, authority, duty or discretion under or in relation to these Conditions or any of the Transaction Documents (including, without limitation, in relation to any modification, waiver, authorisation, determination or substitution as referred to above), the Note Trustee is required to have regard to the interests of the Noteholders of any class, it shall have regard to the general interests of the Noteholders of such class as a class but shall not have regard to any interests arising from circumstances particular to individual Noteholders (whatever their number) and, in particular but without limitation, shall not have regard to the consequences of any such exercise or performance for individual Noteholders (whatever their number) resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory or any political sub-division thereof and the Note Trustee shall not be entitled to require, nor shall any Noteholder be entitled to claim from the Issuer, the Note Trustee or the Issuer Security Trustee or any other person any indemnification or payment in respect of any tax consequences of any such exercise upon individual Noteholders.
- 11.17 Neither the Note Trustee nor the Issuer Security Trustee shall be required to have regard to the interests of any other Issuer Secured Creditors so long as any Note is outstanding other than, in the case of the Issuer Security Trustee, to ensure application of any proceeds of enforcement in accordance with the relevant Priority of Payments.

12. INDEMNIFICATION AND EXONERATION OF THE NOTE TRUSTEE AND THE ISSUER SECURITY TRUSTEE

The Trust Deed and the Issuer Deed of Charge contain provisions governing the responsibility (and relief from responsibility) of the Note Trustee and the Issuer Security Trustee respectively and providing for their indemnification in certain circumstances, including provisions relieving the Note Trustee from taking action at the direction of Noteholders unless indemnified and/or secured and/or pre-funded to its satisfaction.

The Trust Deed also contains provisions pursuant to which the Note Trustee shall not be bound to give notice to any person of the execution of any documents comprised or referred to in the Trust Deed or any other Transaction Document or to take any steps to ascertain whether any Issuer Event of Default, Issuer Potential Event of Default, Reserves Trigger Event, Investment Grade Trigger Event, Automatic Crystallisation Event, Pre-Crystallisation Trigger Event, Non-Insolvency Realisation Agent Termination Event, Non-Insolvency Sub-Maintenance Coordinator Event, Non-Insolvency Servicer Termination Event, Insolvency Event in respect of the Issuer, Seller Event of Default or any event which causes or may cause a right on its part or on the part of the Issuer Security Trustee or the LPUK Security Trustee under or in relation to any Transaction Document to become exercisable has happened and, until it shall have actual knowledge or express notice pursuant to the Trust Deed to the contrary, the Note Trustee shall be entitled to assume that no Issuer Event of Default, Issuer Potential Event of Default, Reserves Trigger Event, Investment Grade Trigger Event, Automatic Crystallisation Event, Pre-Crystallisation Trigger Event, Non-Insolvency Realisation Agent Termination Event, Non-Insolvency Sub-Maintenance Coordinator Event, Non-Insolvency Servicer Termination Event, Insolvency Event in respect of the Issuer, or any Seller Event of Default or other such event has happened and that the Issuer and each of the other parties are observing and performing all their

respective obligations under the Trust Deed and the other Transaction Documents and, if it does have actual knowledge or express notice as aforesaid, the Note Trustee shall not be bound to give notice thereof to the Noteholders or any other party.

The Trust Deed and the Issuer Deed of Charge also contain provisions pursuant to which the Note Trustee and the Issuer Security Trustee are entitled, inter alia, (a) to enter into business transactions with the Issuer and/or any other party to any of the Transaction Documents and to act as trustee for the holders of any other securities issued or guaranteed by, or relating to, the Issuer and/or any other party to any of the Transaction Documents, (b) to exercise and enforce its rights, comply with its obligations and perform its duties under or in relation to any such transactions or, as the case may be, any such trusteeship without regard to the interests of, or consequences for, the Noteholders or any other Issuer Secured Creditors, and (c) to retain and not be liable to account for any profit made or any other amount or benefit received thereby or in connection therewith.

13. **REPLACEMENT OF GLOBAL NOTES**

If any Global Note is mutilated, defaced, lost, stolen or destroyed, it may be replaced at the specified office of the Registrar. Replacement of any mutilated, defaced, lost, stolen or destroyed Global Note will only be made on payment of such costs as may be incurred in connection therewith and on such terms as to evidence and indemnity as the Issuer may reasonably require. A mutilated or defaced Global Note must be surrendered before a new one will be issued.

14. **NOTICES**

14.1 **Publication of Notice**

- (a) Any notice to Noteholders and/or the Interest Rate Swap Counterparty shall be validly given if it is published in the Financial Times, or, if such newspaper shall cease to be published or, if timely publication therein is not practicable, in such other English newspaper or newspapers as the Note Trustee shall approve in advance having a general circulation in the United Kingdom, **provided that** if, at any time, (i) the Issuer procures that the information concerned in such notice shall appear on a page of the Reuters screen, the Bloomberg screen or any other medium for electronic display of data as may be previously approved in writing by the Note Trustee and notified to Noteholders (in each case a "**Relevant Screen**"), or (ii) paragraph (c) below applies and the Issuer has so elected, publication in the newspaper set out above or such other newspaper or newspapers shall not be required with respect to such information. Any such notice shall be deemed to have been given on the date of such publication or, if published more than once or on different dates, on the first date on which publication shall have been made in the newspaper or newspapers in which (or on the Relevant Screen) publication is required.
- (b) In respect of Notes in definitive form or notices to the Interest Rate Swap Counterparty, notices will be sent by first class post (or its equivalent) or (if posted to an address outside the United Kingdom) by airmail at, in the case of notices to Noteholders, the respective addresses on the Register or, in the case of the Interest Rate Swap Counterparty, the address set out in Clause 28.2 (Notices) in the Issuer Deed of Charge. Any such notice will be deemed to have been given on the 4th day after the date of posting.
- (c) Whilst the Notes are represented by Global Notes, notices to Noteholders will be valid if published as described above, or, at the option of the Issuer, if submitted to Euroclear and/or Clearstream, Luxembourg for communication by them to Noteholders. Any notice delivered to Euroclear and/or Clearstream, Luxembourg, as aforesaid shall be deemed to have been given on the day of such delivery.

- (d) The Issuer shall also ensure that notices are duly published in a manner which complies with the rules and regulations of any stock exchange on which the Notes are for the time being listed or any other relevant authority.

14.2 **Note Trustee's Discretion to Select Alternative Method**

The Note Trustee shall be at liberty to sanction some other method of giving notice to the Noteholders or category of them if, in its sole opinion, such other method is reasonable having regard to market practice then prevailing and to the requirements of the stock exchanges, competent listing authorities and/or quotation systems on or by which the Notes (other than the Class C Note) are then listed, quoted and/or traded and **provided that** notice of such other method is given to the Noteholders in such manner as the Note Trustee shall require.

15. **SUBORDINATION BY DEFERRAL**

15.1 **Interest**

In the event that, on any Interest Payment Date, the amount available to the Issuer, subject to and in accordance with the Issuer Deed of Charge, to apply on such Interest Payment Date pursuant to the Revolving Period Priority of Payments and, provided no Accelerated Amortisation Event has occurred, the Normal Amortisation Period Priority of Payments, after discharging the Issuer's liabilities of a higher priority (in each case, an "**Interest Residual Amount**"), is not sufficient to satisfy in full the aggregate amount of interest (including amounts previously deferred under this Condition 15.1 and accrued interest thereon) due, subject to this Condition 15.1, on a Class of Notes other than the Most Senior Class Outstanding on such Interest Payment Date, there shall instead be payable on such Interest Payment Date, by way of interest (including as aforesaid) on each Class of Notes other than the Most Senior Class Outstanding, only a pro rata share of the Interest Residual Amount attributable to the relevant Class of Notes on such Interest Payment Date and it shall not constitute an Issuer Event of Default.

In any such event, the Issuer shall create a provision in its accounts for the shortfall equal to the amount by which the aggregate amount of interest (including as aforesaid) paid on the Class B Notes or, as the case may be, Class C Note on the relevant Interest Payment Date in accordance with this Condition 15.1 falls short of the aggregate amount of interest (including as aforesaid) payable (but for the provisions of this Condition 15.1) on the Class B Notes or, as the case may be, Class C Note on that date pursuant to Condition 4 (Interest). Such shortfall shall itself accrue interest at the same rate as that payable in respect of the Class B Notes or, as the case may be, Class C Note and shall be payable together with such accrued interest on each following Interest Payment Date, subject to the provisions of the preceding paragraph.

Payments of interest due on an Interest Payment Date in respect of the Most Senior Class Outstanding will not be deferred.

15.2 **Principal**

All payments of principal shall be made in accordance with the relevant Priority of Payments.

15.3 **General**

Any amounts of principal or interest in respect of the Class B Notes or the Class C Note otherwise payable under these Conditions which are not paid by virtue of this Condition 15, together with accrued interest thereon, shall in any event become payable on the Interest Payment Date falling in November 2027 or on such earlier date as the Class B Notes or, as the case may be, the Class C Note, become due and repayable in full under Condition 6 (Redemption) or 9 (Issuer Events of Default).

15.4 **Notification**

As soon as practicable after becoming aware that any part of a payment of interest or principal on the Class B Notes or, as the case may be, the Class C Note will be deferred or that a payment

previously deferred will be made in accordance with this Condition 15, the Issuer will give notice thereof to the Class B Noteholders or, as the case may be, the Class C Noteholder in accordance with Condition 14 (Notices).

15.5 **Application**

This Condition 15 shall cease to apply:

- (a) in respect of the Class B Notes, upon the redemption in full of all Class A Notes; and
- (b) in respect of the Class C Note, upon the redemption in full of all Class A Notes and all Class B Notes.

16. **RESTRICTIONS ON DISPOSAL OF ISSUER'S ASSETS**

If a Note Acceleration Notice has been delivered by the Note Trustee otherwise than by reason of non-payment of any amount due in respect of the Notes, the Issuer Security Trustee will not be entitled to dispose of the Issuer Charged Assets (defined in Condition 18 below (Limited Recourse)) or any part thereof (apart from monies standing to the credit of any Swap Collateral Accounts which are required to pay any Swap Termination Payments under the Interest Rate Swap Agreement) unless either:

- (a) a sufficient amount would be realised to allow payment in full of all amounts owing to the Noteholders of each class after payment of all other claims ranking in priority to the Notes in accordance with the Accelerated Amortisation Period Priority of Payments; or
- (b) the Issuer Security Trustee is of the opinion, which shall be binding on the Noteholders and the other Secured Creditors, reached after considering at any time and from time to time the advice of an investment bank or other financial adviser selected by the Issuer Security Trustee (and if the Issuer Security Trustee is unable to obtain such advice having made reasonable efforts to do so this Condition 16(b) shall not apply) that the cash flow prospectively receivable by the Issuer will not (or that there is a significant risk that it will not) be sufficient, having regard to any other relevant actual, contingent or prospective liabilities of the Issuer, to discharge in full due course all amounts due in respect of the Notes of each class after payment of all other claims ranking in priority to the Notes in accordance with the Accelerated Amortisation Period Priority of Payments; and
- (c) the Issuer Security Trustee shall not be bound to make the determination contained in Condition 16(b) unless the Issuer Security Trustee shall have been indemnified and/or secured and/or prefunded to its satisfaction against all Liabilities (as defined in the Master Definitions Schedule) to which it may thereby become liable or which it may incur by doing so.

17. **NON-RESPONSIVE RATING AGENCY**

In respect of each Rating Agency, if a Ratings Confirmation is a condition to any action, step or matter under any Transaction Document and a written request for such Ratings Confirmation is delivered to that Rating Agency by or on behalf of the Issuer (copied to the Note Trustee) and:

- (a) (i) that Rating Agency indicates that it does not consider a Ratings Confirmation necessary in the circumstances or otherwise declines to review the matter for which the Ratings Confirmation is sought (including as a result of the policy or practice of that Rating Agency) or (ii) within 30 days of delivery of such request, that Rating Agency has not responded to the request for the Ratings Confirmation; and
- (b) the Issuer has otherwise received no indication from that Rating Agency that its then current ratings of the Rated Notes would be reduced, qualified, withdrawn or put on negative watch as a result of such action, step or matter,

then (A) there shall be no requirement for the Ratings Confirmation from the Rating Agency if the Issuer certifies to the Note Trustee that one of the events in Condition 17(a) has occurred and the condition in Condition 17(b) is fulfilled; and (B) neither the Issuer nor the Note Trustee shall be liable for any loss that Noteholders may suffer as a result.

18. **LIMITED RECOURSE**

If at any time following:

- (a) the occurrence of either:
 - (i) the Final Maturity Date or any earlier date upon which all of the Notes of each class are due and payable; or
 - (ii) the service of an Note Acceleration Notice; and
- (b) Realisation (defined below) of all of the property, assets and undertakings of the Issuer and subject of any security created by the Issuer Deed of Charge (together the "**Issuer Charged Assets**") and application in full of any amounts available to pay amounts due and payable under the Notes in accordance with the applicable Priority of Payments; and

the proceeds of such Realisation are insufficient, after payment of all other claims ranking in priority in accordance with the applicable Priority of Payments, to pay in full all amounts then due and payable under any class of Notes then the amount remaining to be paid (after such application in full of the amounts first referred to in (b) above) under such class of Notes (and any class of Notes junior to that class of Notes) shall, on the day following such application in full of the amounts referred to in (b) above, cease to be due and payable by the Issuer. For the purpose of this Condition 18, "**Realisation**" means, in relation to any Issuer Charged Assets, the deriving, to the fullest extent practicable, of proceeds from or in respect of such Issuer Charged Assets including (without limitation) through sale or through performance by an obligor in accordance with the provisions of the Transaction Documents.

19. **NON PETITION**

Only the Issuer Security Trustee may pursue the remedies available under the general law or under the Transaction Documents to enforce the Issuer Security and no Noteholder or other Issuer Secured Creditor shall be entitled to proceed directly against the Issuer to enforce the Issuer Security. In particular, each Issuer Secured Creditor (other than the Issuer and the Issuer Security Trustee) agrees and acknowledges to each of the Issuer and the Issuer Security Trustee, and the Issuer Security Trustee agrees with and acknowledges to the Issuer, that:

- (a) none of the Issuer Secured Creditors (nor any person on their behalf, other than the Issuer Security Trustee where appropriate) are entitled, otherwise than as permitted by the Transaction Documents, to direct the Issuer Security Trustee to enforce the Issuer Security or take any proceedings or action against the Issuer to enforce or realise the Issuer Security;
- (b) none of the Issuer Secured Creditors (other than the Issuer Security Trustee) shall have the right to take or join any person in taking any steps against the Issuer for the purpose of obtaining payment of any amount due from the Issuer to any of such Issuer Secured Creditors;
- (c) until the date falling two years after the Final Discharge Date (as defined in the Master Definitions Schedule) none of the Issuer Secured Creditors nor any person on their behalf shall initiate or join any person in initiating an Insolvency Event or the appointment of an Insolvency Official in relation to the Issuer other than a Receiver or an administrator appointed under Clause 11 (Receiver) of the Issuer Deed of Charge; and

- (d) none of the Issuer Secured Creditors shall be entitled to take or join in the taking of any corporate action, legal proceedings or other procedure or step which would result in the Priority of Payments not being complied with.

20. **GOVERNING LAW**

The Trust Deed and the Notes and all non-contractual obligations arising from or connected with them are governed by, and shall be construed in accordance with English law.

21. **RIGHTS OF THIRD PARTIES**

No person shall have any right to enforce any Condition or any provision of the Trust Deed under the Contracts (Rights of Third Parties) Act 1999.

WEIGHTED AVERAGE LIFE OF THE NOTES

The average lives of each Class of Rated Notes cannot be predicted as the actual rate at which the Lease Receivables and RV Claims will be repaid and a number of other relevant factors are unknown.

Calculations of possible average lives of each Class of Notes can be made under certain assumptions.

Based on the assumptions that:

- (a) the principal amount outstanding of the Class A Notes is £400,000,000 and the principal amount outstanding of the Class B Notes is £25,000,000 on the Closing Date;
- (b) there will be no Lease Agreement Recalculations;
- (c) the Lease Receivables are not subject to any enforcement proceedings;
- (d) the Lease Receivables are subject to a constant annual rate of principal prepayments shown in the table below;
- (e) no Lease Receivables are repurchased by LPUK as Repurchaser due to the breach of Lease Warranties;
- (f) no Accelerated Amortisation Event occurs;
- (g) the first Interest Payment Date will be the Interest Payment Date falling in March 2017;
- (h) the Aggregate Discount Balance has been calculated using a Discount Rate of 5%;
- (i) the scheduled monthly instalments for each Lease Receivable and RV Claims have been based on its net present value, interest rate and remaining term to maturity, such that it will amortise in amounts sufficient for its repayment over its remaining term to maturity;
- (j) there will be no delinquencies, defaults or losses on the Lease Receivable and RV Claims and Lease Receivables payments or final balloon payments will be received on a timely basis together with prepayments, if any, at the CPR set out in the table;
- (k) each Interest Payment Date falls on the 20th calendar day of a month even if this is not a Business Day;
- (l) the Notes will be issued on 3 February 2017;
- (m) the Vehicles are sold on the Lease Maturity Date for a price equal to the Repurchase Price;
- (n) the Lease and RV Claims are repurchased by LPUK in case of Lease Agreement Early Termination for a price equal to the Repurchase Price;
- (o) the Revolving Period is assumed to end on (but include) the Interest Payment Date falling in February 2018 and the amortisation profile (in percentage terms) of each Additional Portfolio is identical to the amortisation profile (in percentage terms) of the Initial Portfolio; and
- (p) at the commencement of the Revolving Period the value of the Portfolio is £544,999,999.54,

the approximate average life of each Class of Notes, at various assumed rates of prepayment of the Lease Receivables, would be as follows (with "CPR" being the constant prepayment rate and "WAL" being the weighted average life). The following tables account for the first collection period being longer than a usual Monthly Collection Period:

(i) In respect of the Class A Notes:

CPR	WAL <i>(in years)</i>	First Principal Payment Date	Expected Maturity Date
0.00%	1.93	Mar-18	Dec-19
2.50%	1.91	Mar-18	Nov-19
5.00%	1.89	Mar-18	Nov-19
10.00%	1.84	Mar-18	Oct-19
15.00%	1.80	Mar-18	Oct-19

(ii) In respect of the Class B Notes:

CPR	WAL <i>(in years)</i>	First Principal Payment Date	Expected Maturity Date
0.00%	2.91	Dec-19	Feb-20
2.50%	2.89	Nov-19	Jan-20
5.00%	2.85	Nov-19	Jan-20
10.00%	2.80	Oct-19	Dec-19
15.00%	2.75	Oct-19	Nov-19

(iii) In respect of the Class C Note:

CPR	WAL <i>(in years)</i>	First Principal Payment Date	Expected Maturity Date
0.00%	3.46	Feb-20	Sep-20
2.50%	3.43	Jan-20	Sep-20
5.00%	3.38	Jan-20	Aug-20
10.00%	3.33	Dec-19	Aug-20
15.00%	3.25	Nov-19	Jul-20

The constant prepayment rates shown above are purely illustrative and do not represent the full range of possibilities for constant prepayment rates.

An exercise of the Seller Clean-Up Call will have no impact on the average life of the Class A Notes and the Class B Notes, given the above assumptions.

Assumptions (a), (b), (c), (d), (e), (h), (i), (j), (l), (m) and (n) relate to circumstances which are not predictable.

The average lives of each Class of Notes are subject to factors largely outside the control of the Issuer and consequently no assurance can be given that the assumptions and the estimates above will prove in any way to be realistic and they must therefore be viewed with considerable caution.

The information contained in this section entitled "Weighted Average Life of the Notes" has been subject to certain agreed-upon procedures defined by the Arranger and the Class C Note Purchaser and upon which checks have been performed by an external auditor; it has not been audited by the Issuer, the Note Trustee, the Arranger, the Class C Note Purchaser, the Joint Lead Managers, the Manager or any other independent entity.

The actual characteristics and performance of the assigned receivables will differ from these assumptions. The weighted average life of each class of Notes is hypothetical in nature and is provided only to give a general sense of how the principal cash flows might behave under various prepayment scenarios. For example, it is unlikely that the Lease Receivables and RV Claims will prepay at a constant rate until

maturity, that all of the Lease Receivables and RV Claims will prepay at the same rate and that there will be no delinquencies or losses on the Lease Receivables and RV Claims and that the Vehicle Realisation Proceeds will be equal to the amount of the Repurchase Price. Any difference between such assumptions and the actual characteristics and performance of the Lease Receivables and RV Claims, or actual prepayment or loss experience, will affect the percentages of the principal amount outstanding of the Notes which are outstanding over time and the weighted average life of each Class of Notes. As a result, the average life of each Class of Notes is subject to factors that cannot be provided and consequently no assurance can be given that the assumptions that the estimates above will prove in any way to be realistic and they must therefore be viewed with considerable caution.

The data shown above is based on the Portfolio as of the Cut-Off Date of 31 December 2016.

Assumed Amortisation of the Notes

The amortisation scenario below is based on a CPR of 5%. It should be noted that the actual amortisation of the Notes may differ substantially from the amortisation scenario indicated below:

The delivery of this Prospectus does not imply that there has been no change in the affairs of the Note Trustee, the Issuer Security Trustee or the LPUK Security Trustee since the date hereof, or that the information contained or referred to in this section is correct as of any time subsequent to its date.

LEASEPLAN UK LIMITED

1. General

LPUK was established as a company with limited liability in England and Wales with registered number 01397939 and having its registered office at 165 Bath Road, Slough, Berkshire, SL1 4AA.

LPUK started trading in 1979 and grew rapidly with the acquisition of Triton Business Finance in 1992 and the Automotive Leasing brand, specialising in government and corporate leasing, in 1993.

LPUK continued to improve its business by being registered to ISO 9002 in 1994. LPUK expanded further in 2001 with the acquisition of the Dial group of companies, including the Network brand, specialising in small and medium enterprise and retail leasing. By 2002 LPUK was registered to ISO 9001 and had received the LeasePlan Group "Trophy of Excellence". FleetLine was re-branded in 2013 creating the brand structure used by LPUK today, and is now also known as LeasePlan Go. LPUK is accredited ISO 9001:2008.

As at 31 December 2016, LPUK employed approximately 551 staff and the fleet under management by LPUK totalled approximately 185,696 vehicles. LPUK received the Investors in People Gold Standard award in 2016.

As mentioned in paragraph 48 of the risk factors above, LPUK is authorised and regulated by the Financial Conduct Authority to carry on the regulated activities associated with its origination and servicing of the Regulated Lease Agreement.

2. Parent Company

LPUK is fully owned by its parent company LPC through the intermediate holding of Inula Holding UK Limited. For details relating LPC, please see the section "LeasePlan Corporation N.V." on page 202.

3. Products and Services

LeasePlan offers a comprehensive range of products and services, comprising funding, maintenance, damage handling, fuel management, billing, road assistance and other services. All of these services are available for clients with operational leasing or fleet management contracts. In order to reduce the complexity of the product offering, to increase consistent service delivery and to support international agreements, LeasePlan conducted a review of its worldwide product offering in 1999. As a result, all products and services are now integrated into a coherent structure with three main dimensions:

- **Content:** Ten clearly defined modules such as financing, running costs and others;
- **Risk:** Full charge back, fixed price, refund, profit sharing; and
- **Customisation:** Broad range of customised features corresponding to Lessee preferences.

Globally, the LeasePlan Group has developed a set of core products to meet the Lessees' wishes. These products are available in most countries where the LeasePlan Group is present, which is of benefit for clients with international car fleets as these clients can expect similar conditions and services throughout the international LeasePlan network.

LEASEPLAN CORPORATION N.V.

1. Introduction

LeasePlan Corporation N.V. ("**LPC**") was incorporated by notarial deed of 27 February 1963 as a public limited company (*naamloze vennootschap*) under Dutch law, for an indefinite period. LPC is registered with the Trade Register of the Gooi-, Eem- and Flevoland Chamber of Commerce under number 39037076. LPC has its statutory seat in Amsterdam, the Netherlands and its registered office at P.J. Oudweg 41, 1314 CJ Almere-Stad, the Netherlands. The general telephone number of LPC is: +31 36 539 3911.

LPC is a licensed bank and is authorised by the Dutch Central Bank (*De Nederlandsche Bank N.V.*) to pursue the business of a bank in the Netherlands in accordance with section 2.11 of the Wft. It holds shares in the respective legal entities that have been established in the various countries where LeasePlan is active. LPC is actively managing this international network of operating entities. In the areas of (among other things) procurement, IT development, marketing & product development, human resources, operations, car remarketing and risk management, an internationally harmonised and coordinated strategy is pursued. As LPC is operating in many countries, its contractual obligations are subject to the laws of differing jurisdictions. Throughout this section, "LeasePlan" is used as a reference to the group of companies which is headed by LPC, as common shareholder, and which has common business characteristics.

At 30 September 2016, the LeasePlan group employed 7,453 people and its fleet comprised 1.64 million vehicles of various brands worldwide. As at 30 September 2016, the total assets were EUR 22.7 billion.

2. Profile

LeasePlan is a global fleet management and driver mobility provider. LeasePlan operates in 33 countries across Europe, North and South America and the Asia-Pacific region and holds a leading market position based on total fleet size in the majority of LeasePlan's markets. LeasePlan offers a comprehensive portfolio of fleet management solutions covering vehicle acquisition, leasing, full-service fleet management, strategic fleet selection and management advice, fleet funding, ancillary fleet and driver services and car remarketing. It capitalises on its status as a bank by centrally supporting the group's financing activities. Euro Insurances, LPC's own insurance subsidiary, supports the insurance solutions offered by the group companies as part of their integrated service offer.

LPC launched LeasePlan Bank in 2010, an online savings bank in the Netherlands, aimed at retail clients. Since September 2015, LeasePlan Bank has also had an online savings bank in Germany. LeasePlan Bank had attracted retail deposits of around EUR 5.5 billion by the end of September 2016.

LeasePlan is one of the few organisations with the broad geographical presence necessary to offer a global service in vehicle leasing and fleet and vehicle management to large multinational companies. LeasePlan International B.V., a subsidiary of LPC plays an important role in sales and marketing of cross border services and manages the accounts of large international customers worldwide. LPC's long term credit ratings are: BBB- (stable outlook) from Standard & Poor's, Baa1 (stable outlook) from Moody's Investor Services and BBB+ (stable outlook) from Fitch Ratings.

Intertrust Finance Management (Ireland) Limited is regulated by the Department of Justice in Ireland and authorised as a Trust or Company Service Provider under section 89(6) of the Criminal Justice (Money Laundering and Terrorist Financing) Act 2010.

This description of the Cash Manager does not purport to be a summary of, and is therefore subject to, and qualified in its entirety by reference to, the detailed provisions of the Cash Management Agreement, the Servicing Agreement and the other Transaction Documents.

The delivery of this Prospectus will not create any implication that there has been no change in the affairs of Intertrust Finance Management (Ireland) Limited since the date hereof, or that the information contained or referred to in this section is correct as of any time subsequent to its date.

THE REPORTING AGENT

Intertrust Administrative Services B.V. is a private company with limited liability (*besloten vennootschap met beperkte aansprakelijkheid*) incorporated under Dutch law on 20 June 1963. It has its official seat (*statutaire zetel*) in Amsterdam, the Netherlands and its registered office at Prins Bernhardplein 200, 1097 JB Amsterdam, the Netherlands. Intertrust Administrative Services B.V. is registered with the Trade Register under number 33210270.

The objects of Intertrust Administrative Services B.V. are (a) to represent financial, economic and administrative interests in the Netherlands and other countries, (b) to act as trust company, as well as to participate in, manage and administer other enterprises, companies and legal entities and (c) to perform any and all acts which are related, incidental or which may be conducive to the above.

The managing directors of Intertrust Administrative Services B.V. are E. van Ankeren, D.J.C. Niezing and P. de Langen. The sole shareholder of the Intertrust Administrative Services B.V. is Intertrust (Netherlands) B.V., a private company with limited liability (*besloten vennootschap met beperkte aansprakelijkheid*) incorporated under Dutch law and having its official seat (*statutaire zetel*) in Amsterdam, the Netherlands.

This description of the Reporting Agent does not purport to be a summary of, and is therefore subject to, and qualified in its entirety by reference to, the detailed provisions of the Servicing Agreement and the other Transaction Documents.

The delivery of this Prospectus will not create any implication that there has been no change in the affairs of the Reporting Agent since the date hereof, or that the information contained or referred to in this section is correct as of any time subsequent to its date.

RATINGS OF THE NOTES

The Class A Notes are expected to be assigned AAA(sf) by DBRS and AAA(sf) by Fitch and AAA(sf) by S&P and the Class B Notes are expected to be assigned AA(high)(sf) by DBRS and AA+(sf) by Fitch and AA(sf) by S&P. The Class C Note is not expected to be assigned a rating by Rating Agencies.

It is a condition of the issue of the Notes that each Class of Notes receives the rating indicated above (if any).

A security rating is not a recommendation to buy, sell or hold securities and may be subject to revision or withdrawal by the Rating Agencies at any time. If the ratings initially assigned to the Class A Notes and the Class B Notes by the Rating Agencies are subsequently withdrawn or lowered for any reason, no person or entity is obliged to provide any additional support or credit enhancement with respect to such Class of Notes.

The Issuer has not requested a rating of the Notes by any rating agency other than the rating of the Class A Notes and the Class B Notes by the Rating Agencies. There can be no assurance, however, as to whether any other rating agency will rate the Notes or, if it does, what rating would be assigned by such other rating agency. The rating assigned to the Notes by such other rating agency could be lower than the respective ratings assigned by the Rating Agencies.

TAXATION

United Kingdom Taxation

The following is a summary of the Issuer's understanding of current United Kingdom law and published HM Revenue and Customs ("**HMRC**") practice relating only to the United Kingdom withholding taxation treatment of payments of interest (as that term is understood for United Kingdom taxation purposes) in respect of the Notes. It does not deal with any other United Kingdom taxation implications of acquiring, holding or disposing of the Notes. The United Kingdom tax treatment of prospective Noteholders depends on their individual circumstances and may be subject to change in the future. Prospective Noteholders who may be subject to tax in a jurisdiction other than the United Kingdom or who may be unsure as to their position should seek their own professional advice.

Payments of Interest on the Notes

Payments of interest on the Notes may be made without deduction of or withholding on account of United Kingdom income tax **provided that** the Notes carry a right to interest and the Notes are and continue to be listed on a "recognised stock exchange" within the meaning of section 1005 of the Income Tax Act 2007 (the "**Act**"). The Irish Stock Exchange is a recognised stock exchange. The Notes will satisfy this requirement if they are officially listed in Ireland in accordance with provisions corresponding to those generally applicable in EEA states and are admitted to trading on the Main Market of the Irish Stock Exchange. Provided, therefore, that the Notes carry a right to interest and are and remain so listed on a "recognised stock exchange", interest on the Notes will be payable without deduction of or withholding on account of United Kingdom income tax. Payments of interest on the Notes may also be paid without deduction of or withholding on account of United Kingdom income tax where the maturity of the Notes is less than 365 days and those Notes do not form part of a scheme or arrangement of borrowing intended to be capable of remaining outstanding for more than 364 days.

In other cases, an amount must generally be withheld from payments of interest on the Notes that has a United Kingdom source on account of United Kingdom income tax at the basic rate (currently 20%) subject to any other available exceptions or reliefs. However, where an applicable double tax treaty provides for a lower rate of withholding tax (or for no tax to be withheld) in relation to a Noteholder, HMRC can issue a notice to the Issuer to pay interest to the Noteholder without deduction of tax (or for interest to be paid with tax deducted at the rate provided for in the relevant double tax treaty).

Foreign Account Tax Compliance Act

Pursuant to certain provisions of the U.S. Internal Revenue Code of 1986, commonly known as FATCA, a "foreign financial institution" may be required to withhold on certain payments it makes (**foreign passthru payments**) to persons that fail to meet certain certification, reporting, or related requirements. The Issuer may be a foreign financial institution for these purposes. A number of jurisdictions (including the United Kingdom) have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement FATCA (**IGAs**), which modify the way in which FATCA applies in their jurisdictions. Under the provisions of IGAs as currently in effect, a foreign financial institution in an IGA jurisdiction would generally not be required to withhold under FATCA or an IGA from payments that it makes. Certain aspects of the application of the FATCA provisions and IGAs to instruments such as the Notes, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, are uncertain and may be subject to change. Even if withholding would be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, such withholding would not apply prior to 1 January 2019 and Notes characterised as debt (or which are not otherwise characterised as equity and have a fixed term) for U.S. federal tax purposes that are issued on or prior to the date that is six months after the date on which final regulations defining "foreign passthru payments" are filed with the U.S. Federal Register generally would be "grandfathered" for purposes of FATCA withholding unless materially modified after such date. Holders should consult their own tax advisors regarding how these rules may apply to their investment in the Notes. In the event any withholding would be required pursuant to FATCA or an IGA with respect to

payments on the Notes, no person will be required to pay additional amounts as a result of the withholding.

SUBSCRIPTION AND SALE

BNP Paribas, London Branch and Société Générale, London Branch (together, the "**Joint Lead Managers**") have, pursuant to a subscription agreement dated on or about 6 February 2017 amongst the Seller, the Joint Lead Managers and the Issuer (the "**Subscription Agreement**"), agreed with the Issuer (subject to certain conditions) to subscribe and pay for (i) £400,000,000 of the Class A Notes at the issue price of 100% of the aggregate principal amount of the Class A Notes and (ii) £25,000,000 of the Class B Notes at the issue price of 100% of the aggregate principal amount of the Class B Notes. Additionally, pursuant to the Subscription Agreement, LPUK as Class C Note Purchaser has agreed with the Issuer (subject to certain conditions) to subscribe and pay for £120,000,000 of the Class C Note at the issue price of 100% of the aggregate principal amount of the Class C Note.

LPUK, as Originator will retain a material net economic interest of not less than 5% in the securitisation in accordance with the text of each of Article 405(1) of the Capital Requirements Regulation, Article 51(1) of the AIFM Regulation and Article 254 of the Solvency II Regulation (in each case, as such articles are interpreted and applied on the date hereof and not taking into account any relevant national measures). As at the Closing Date, such interest will be comprised of an interest in the Class C Note as required by the text of each of Article 405(1), Article 51(1) and Article 254(2). Any change to the manner in which such interest is held will be notified to Noteholders.

The Issuer has agreed to indemnify LPUK and the Joint Lead Managers against certain liabilities and to pay certain costs and expenses in connection with the issue of the Notes.

Other than admission of the Notes to the Official List and the admission to trading on the Irish Stock Exchange, no action has been taken by the Issuer, the Joint Lead Managers or LPUK, which would or has been intended to permit a public offering of the Notes, or possession or distribution of this Prospectus or other offering material relating to the Notes, in any country or jurisdiction where action for that purpose is required.

This Prospectus does not constitute, and may not be used for the purpose of, an offer or a solicitation by anyone to subscribe for or purchase any of the Notes in or from any country or jurisdiction where such an offer or solicitation is not authorised or is unlawful.

United Kingdom

Each of the Joint Lead Managers has represented and agreed that:

- (a) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of section 21 of the FSMA) received by it in connection with the issue or sale of any notes in circumstances in which section 21(1) of the FSMA does not apply to the Issuer; and
- (b) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to the Notes in, from or otherwise involving the United Kingdom.

United States

The Notes have not been and will not be registered under the Securities Act or the securities laws or "blue sky" laws of any state or any other relevant jurisdiction of the United States and therefore may not be offered, sold, resold or otherwise transferred, directly or indirectly within the United States or to, or for the account or benefit of, U.S. persons except pursuant to an exemption from the registration requirements of the Securities Act. Accordingly, the Notes are being offered outside the United States to persons other than U.S. persons.

Each of the Joint Lead Managers has agreed that, except as permitted by the Subscription Agreement, it will not offer or sell the Notes (i) as part of its distribution at any time or (ii) otherwise until 40 days after the later of the commencement of the offering of the Notes and the closing date (the "**Distribution Compliance Period**") within the United States or to, or for the account or benefit of, U.S. persons. Each of the Joint Lead Managers has further agreed that it will have sent to each affiliate or other person

receiving a selling commission, fee or other remunerations that purchases Notes from it during the Distribution Compliance Period a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account of, U.S. persons.

In addition, until the expiration of the Distribution Compliance Period, an offer or sale of the Notes within the United States by any Joint Lead Manager may violate the registration requirements of the Securities Act. Terms used in this section that are defined in Regulation S under the Securities Act are used herein as defined therein.

"U.S. person" means (i) any of the following: (A) any natural person resident in the United States; (B) any partnership, corporation, limited liability company, or other organization or entity organized or incorporated under the laws of any State or of the United States; (C) any estate of which any executor or administrator is a U.S. person; (as defined under any other clause of this definition); (D) any trust of which any trustee is a U.S. person (as defined under any other clause of this definition); (E) any agency or branch of a foreign entity located in the United States; (F) any non-discretionary account or similar account (other than an estate or trust) held by a dealer or other fiduciary for the benefit or account of a U.S. person (as defined under any other clause of this definition); (G) any discretionary account or similar account (other than an estate or trust) held by a dealer or other fiduciary organized, incorporated, or (if an individual) resident in the United States; and (H) any partnership, corporation, limited liability company, or other organization or entity if (1) organized or incorporated under the laws of any foreign jurisdiction; and (2) formed by a U.S. person (as defined under any other clause of this definition) principally for the purpose of investing in securities not registered under the Act. "U.S. person(s)" does not include: (A) any discretionary account or similar account (other than an estate or trust) held for the benefit or account of a person not constituting a U.S. person (as defined in paragraph (i) of this section) by a dealer or other professional fiduciary organized, incorporated, or (if an individual) resident in the United States; (B) any estate of which any professional fiduciary acting as executor or administrator is a U.S. person (as defined in paragraph (i) of this section) if (1) an executor or administrator of the estate who is not a U.S. person (as defined in paragraph (i) of this section) has sole or shared investment discretion with respect to the assets of the estate; and (2) the estate is governed by foreign law; (C) any trust of which any professional fiduciary acting as trustee is a U.S. person (as defined in paragraph (i) of this section), if a trustee who is not a U.S. person (as defined in paragraph (i) of this section) has sole or shared investment discretion with respect to the trust assets, and no beneficiary of the trust (and no settlor if the trust is revocable) is a U.S. person; (as defined in paragraph (i) of this section); (D) an employee benefit plan established and administered in accordance with the law of a country other than the United States and customary practices and documentation of such country; (E) any agency or branch of a U.S. person (as defined in paragraph (i) of this section) located outside the United States if (i) the agency or branch operates for valid business reasons; and (ii) the agency or branch is engaged in the business of insurance or banking and is subject to substantive insurance or banking regulation, respectively, in the jurisdiction where located; (F) the International Monetary Fund, the International Bank for Reconstruction and Development, the Inter-American Development Bank, the Asian Development Bank, the African Development Bank, the United Nations, and their agencies, affiliates and pension plans, and any other similar international organizations, their agencies, affiliates and pension plans.

Ireland

Each of the Joint Lead Managers has represented and agreed that:

- (a) it will not underwrite the issue of, or place the Notes, otherwise than in conformity with the provisions of the European Communities (Markets in Financial Instruments) Regulations 2003 (Nos. 1 and 2), including without limitation, Regulations 7 and 152 thereof or any codes of conduct used in connection therewith;
- (b) it will not underwrite the issue of, or place, the Notes, otherwise than in conformity with the provisions of the Central Bank Acts 1942 - 1999 (as amended) and any codes of conduct rules made under Section 117(1) thereof; and

- (c) it will not underwrite the issue of, place or otherwise act in Ireland in respect of the Notes, otherwise than in conformity with the provisions of the Market Abuse (Directive 2003/6/EC) Regulations 2005 and any rules issued by the Central Bank pursuant thereto.

General

Each of the Joint Lead Managers and the Arranger has undertaken that it will not, directly or indirectly, offer or sell any Notes or have in its possession, distribute or publish any offering circular, prospectus, form of application, advertisement or other document or information in respect of the Notes in any country or jurisdiction except under circumstances that will, to the best of its knowledge and belief, result in compliance with any applicable laws and regulations and all offers and sales of Notes by it will be made on the same terms.

Retail Investor Restriction

Each of the Joint Lead Managers has represented and agreed, and each further Joint Lead Manager appointed under the subscription agreement or the purchase agreement (as applicable) will be required to represent and agree, that it has not offered, sold or otherwise made available the Notes available to any retail investor in the European Economic Area. For these purposes, a retail investor means a person who is one or more of the following: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, **MiFID II**) ; or (ii) a customer within the meaning of Directive 2002/92/EC (as amended), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II.

Investor Compliance

Persons into whose hands this Prospectus comes are required by the Issuer and the Arranger to comply with all applicable laws and regulations in each country or jurisdiction in which they purchase, offer, sell or deliver Notes or have in their possession, distribute or publish this Prospectus or any other offering material relating to the Notes, in all cases at their own expense.

DESCRIPTION OF THE NOTES IN GLOBAL FORM AND THE CLASS C NOTE

General

The Notes of each Class or sub-Class will be offered and sold outside the United States to non-U.S. persons in reliance on Regulation S and will be represented on issue by one or more Global Notes of such class in fully registered form without interest coupons or principal receipts attached (each a "**Global Note**"). Beneficial interests in the Cleared Notes may only be held through Euroclear or Clearstream, Luxembourg or their participants at any time.

All capitalised terms not defined in this paragraph shall be as defined in the Conditions of the Notes.

In a press release dated 22 October 2008, "Evolution of the custody arrangement for international debt securities and their eligibility in Eurosystem credit operations", the ECB announced that it has assessed the new holding structure and custody arrangements for registered notes which the ICSDs had designed in co-operation with market participants and that notes to be held under the new structure (the "**New Safekeeping Structure**" or "**NSS**") would be in compliance with the "Standards for the use of EU securities settlement systems in ESCB credit operations" of the central banking system for the Euro (the "**Eurosystem**"), subject to the conclusion of the necessary legal and contractual arrangements. The press release also stated that the new arrangements for notes to be held in NSS form will be offered by Euroclear and Clearstream, Luxembourg as of 30 June 2010 and that registered debt securities in global registered form held issued through Euroclear and Clearstream, Luxembourg after 30 September 2010 will only be eligible as collateral in Eurosystem operations if the New Safekeeping Structure is used.

The Class A Notes will be held under the NSS and will be deposited with the common safekeeper for Euroclear and Clearstream, Luxembourg (the "**Common Safekeeper**"). The Class B Notes will be deposited on or about the Closing Date with a common depository for both Euroclear and Clearstream, Luxembourg (the "**Common Depository**"). The Class C Note will be in dematerialised form and will not be cleared. The Notes are not currently Eurosystem eligible. However, it is intended that the Class A Notes which are to be held under the NSS will be held in a manner to enable Eurosystem eligibility, however, it cannot be confirmed that the Class A Notes to be held under NSS will be recognised as eligible collateral for Eurosystem monetary policy and intraday credit operations by the Eurosystem either upon issue or at any or all times during their life. Such recognition will depend upon the European Central Bank being satisfied that Eurosystem eligibility criteria has been met. The Class B Notes will be registered in the name of a nominee for the Common Depository for both Euroclear and Clearstream, Luxembourg and, the Class A Notes, will be deposited with the Common Safekeeper and registered in the name of a nominee of Euroclear and Clearstream. The Issuer will procure the Registrar to maintain a register in which it will register the nominee for the Common Depository, or the Common Safekeeper (as applicable) as the owner of the Global Notes.

Upon confirmation by the Common Depository or the Common Safekeeper (as applicable) that it has custody of the Global Notes, Euroclear or Clearstream, Luxembourg, as the case may be, will record book-entry interests representing beneficial interests (the "**Book-Entry Interests**") in the Global Notes attributable thereto.

Book-Entry Interests in respect of Global Notes will be recorded in denominations of £100,000, and, for so long as or Clearstream, Luxembourg so permit integral multiples of £1,000 in excess thereof (a "**Minimum Denomination**"). Ownership of Book-Entry Interests is limited to persons that have accounts with Euroclear or Clearstream, Luxembourg ("**Participants**") or persons that hold interests in the Book-Entry Interests through Participants ("**Indirect Participants**"), including, as applicable, banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with Euroclear or Clearstream, Luxembourg, either directly or indirectly. Indirect Participants shall also include persons that hold beneficial interests through such Indirect Participants. Book-Entry Interests will not be held in definitive form. Instead, Euroclear and Clearstream, Luxembourg, as applicable, will credit the Participants' accounts with the respective Book-Entry Interests beneficially owned by such Participants on each of their respective book-entry registration and transfer systems. The accounts initially credited will be designated by the Arranger. Ownership of Book-Entry Interests will be shown on, and transfers of Book-Entry Interests or the interests therein will be effected only through, records maintained by Euroclear or Clearstream, Luxembourg (with respect to the interests of their Participants) and on the

records of Participants or Indirect Participants (with respect to the interests of Indirect Participants). The laws of some jurisdictions or other applicable rules may require that certain purchasers of securities take physical delivery of such securities in definitive form. The foregoing limitations may therefore impair the ability to own, transfer or pledge Book-Entry Interests.

So long as a nominee of the Common Depositary, or the Common Safekeeper (as applicable) is the registered holder of the Global Notes underlying the Book-Entry Interests, the nominee for the Common Depositary or the Common Safekeeper (as applicable) will be considered the sole Noteholder of the Global Note for all purposes under the Trust Deed. Except as set forth under "Issuance of Registered Definitive Notes", below, Participants or Indirect Participants will not be entitled to have Notes registered in their names, will not receive or be entitled to receive physical delivery of Notes in definitive registered form and will not be considered the holders thereof under the Trust Deed. Accordingly, each person holding a Book-Entry Interest must rely on the rules and procedures of Euroclear or Clearstream, Luxembourg, as the case may be, and Indirect Participants must rely on the procedures of the Participants or Indirect Participants through which such person owns its interest in the relevant Book-Entry Interests, to exercise any rights and obligations of a holder of Notes under the Trust Deed. See "Action in Respect of the Global Note and the Book-Entry Interests", below.

Unlike legal owners or holders of the Notes, holders of the Book-Entry Interests will not have the right under the Trust Deed to act upon solicitations by the Issuer or consents or requests by the Issuer for waivers or other actions from Noteholders. Instead, a holder of Book-Entry Interests will be permitted to act only to the extent it has received appropriate proxies to do so from Euroclear or Clearstream, Luxembourg, as the case may be, and, if applicable, their Participants. There can be no assurance that procedures implemented for the granting of such proxies will be sufficient to enable holders of Book-Entry Interests to vote on any requested actions on a timely basis. Similarly, upon the occurrence of an Event of Default under the Global Notes, holders of Book-Entry Interests will be restricted to acting through Euroclear or Clearstream, Luxembourg unless and until Registered Definitive Notes are issued in accordance with the Conditions. There can be no assurance that the procedures to be implemented by Euroclear or Clearstream, Luxembourg under such circumstances will be adequate to ensure the timely exercise of remedies under the Trust Deed.

In the case of a Global Note, unless and until Book-Entry Interests are exchanged for Registered Definitive Notes, the Global Note held by the Common Depositary or the Common Safekeeper (as applicable), may not be transferred except as a whole by the Common Depositary, or the Common Safekeeper (as applicable) to a successor of the Common Depositary or the Common Safekeeper (as applicable).

Purchasers of Book-Entry Interests in a Global Note pursuant to Regulation S will hold Book-Entry Interests in the Global Notes relating thereto. Investors may hold their Book-Entry Interests in respect of a Global Note directly through Euroclear or Clearstream, Luxembourg (in accordance with the provisions set forth under "Transfers and Transfer Restrictions", below), if they are account holders in such systems, or indirectly through organisations which are account holders in such systems. Euroclear and Clearstream, Luxembourg will hold Book-Entry Interests in each Global Note, as the case may be, on behalf of their account holders through securities accounts in the respective account holders' names on Euroclear's and Clearstream, Luxembourg's respective book-entry registration and transfer systems.

Trading between Euroclear and/or Clearstream, Luxembourg participants

Secondary market sales of book-entry interests in the notes held through Euroclear or Clearstream, Luxembourg to purchasers of book-entry interests in the notes held through Euroclear or Clearstream, Luxembourg will be conducted in accordance with the normal rules and operating procedures of Euroclear and Clearstream, Luxembourg and will be settled using the procedures applicable to conventional Eurobonds and sterling denominated bonds.

Payments on the Global Notes

Payment of principal and interest on, and any other amount due in respect of, the Global Notes will be made in Sterling by or to the order of BNP Paribas Securities Services, Luxembourg Branch as the Principal Paying Agent on behalf of the Common Depositary or its nominee, or the Common Safekeeper or its nominee as the registered holder thereof (as applicable). Each holder of Book-Entry Interests must

look solely to Euroclear or Clearstream, Luxembourg, as the case may be, for its share of any amounts paid by or on behalf of the Issuer to the Common Depository or their nominees, or the Common Safekeeper or their nominees (as applicable), in respect of those Book-Entry Interests. All such payments will be distributed without deduction or withholding for or on account of any taxes, duties, assessments or other governmental charges of whatever nature except as may be required by law. If any such deduction or withholding is required to be made, then neither the Issuer, the Paying Agents nor any other person will be obliged to pay additional amounts in respect thereof.

In accordance with the rules and procedures for the time being of Euroclear or, as the case may be, Clearstream, Luxembourg, after receipt of any payment from the Principal Paying Agent to the order of the Common Depository, or the Common Safekeeper (as applicable), the respective systems will promptly credit their Participants' accounts with payments in amounts proportionate to their respective ownership of Book-Entry Interests as shown in the records of Euroclear or Clearstream, Luxembourg. On each record date, Euroclear and Clearstream, Luxembourg will determine the identity of the Noteholders for the purposes of making payments to the Noteholders. The record date, in respect of the Cleared Notes shall be one Clearing System Business Day prior to the relevant Interest Payment Date where "**Clearing System Business Day**" means a day on which each clearing system for which the Cleared Notes are being held is open for business. The Issuer expects that payments by Participants to owners of interests in Book-Entry Interests held through such Participants or Indirect Participants will be governed by standing customer instructions and customary practices, as is now the case with the securities held for the accounts of customers in bearer form or registered in "street name", and will be the responsibility of such Participants or Indirect Participants. None of the Issuer, any agent of the Issuer, the Arranger, the Note Trustee or the Issuer Security Trustee will have any responsibility or liability for any aspect of the records relating to or payments made on account of a Participant's ownership of Book-Entry Interests or for maintaining, supervising or reviewing any records relating to a Participant's ownership of Book-Entry Interests.

Information Regarding Euroclear and Clearstream, Luxembourg

Euroclear and Clearstream, Luxembourg have advised the Issuer as follows:

Euroclear and Clearstream, Luxembourg

Euroclear and Clearstream, Luxembourg each hold securities for their account holders and facilitate the clearance and settlement of securities transactions by electronic book-entry transfer between their respective account holders, thereby eliminating the need for physical movements of certificates and any risk from lack of simultaneous transfers of securities.

Euroclear and Clearstream, Luxembourg each provide various services including safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Euroclear and Clearstream, Luxembourg each also deal with domestic securities markets in several countries through established depository and custodial relationships. The respective systems of Euroclear and of Clearstream, Luxembourg have established an electronic bridge between their two systems across which their respective account holders may settle trades with each other.

Account holders in both Euroclear and Clearstream, Luxembourg are worldwide financial institutions including underwriters, securities brokers and dealers, banks, trust companies and clearing corporations. Indirect access to both Euroclear and Clearstream, Luxembourg is available to other institutions that clear through or maintain a custodial relationship with an account holder of either system.

An account holder's overall contractual relations with either Euroclear or Clearstream, Luxembourg are governed by the respective rules and operating procedures of Euroclear or Clearstream, Luxembourg and any applicable laws. Both Euroclear and Clearstream, Luxembourg act under such rules and operating procedures only on behalf of their respective account holders, and have no record of or relationship with persons holding through their respective account holders.

The Issuer understands that under existing industry practices, if any of the Issuer, the Note Trustee or the Issuer Security Trustee requests any action of owners of Book-Entry Interests or if an owner of a Book-Entry Interest desires to give instructions or take any action that a holder is entitled to give or take under the Trust Deed or the Issuer Deed of Charge, Euroclear or Clearstream, Luxembourg as the case

may be, would authorise the Participants owning the relevant Book-Entry Interests to give instructions or take such action, and such Participants would authorise Indirect Participants to give or take such action or would otherwise act upon the instructions of such Indirect Participants.

Redemption

In the event that any Global Note (or portion thereof) is redeemed, the Principal Paying Agent will deliver all amounts received by it in respect of the redemption of such Global Note to the nominee of the Common Depositary, or the Common Safekeeper (as applicable) and, upon final payment, will surrender such Global Note (or portion thereof) to or to the order of the Principal Paying Agent for cancellation. Appropriate entries will be made in the Register. The redemption price payable in connection with the redemption of Book-Entry Interests will be equal to the amount received by the Principal Paying Agent in connection with the redemption of the Global Note (or portion thereof) relating thereto. For any redemptions of the Global Note in part, selection of the relevant Book-Entry Interest relating thereto to be redeemed will be made by Euroclear or Clearstream, Luxembourg, as the case may be, on a pro rata basis (or on such basis as Euroclear or Clearstream, Luxembourg, as the case may be, deems fair and appropriate). Upon any redemption in part, the Principal Paying Agent will mark down the schedule to such Global Note by the principal amount so redeemed.

Cancellation

All Notes redeemed in full will be cancelled forthwith by the Issuer and may not be reissued or resold.

Transfers and Transfer Restrictions

All transfers of Book-Entry Interests will be recorded with the book-entry systems maintained by Euroclear or Clearstream, Luxembourg, as applicable, pursuant to the customary procedures established by each respective system and its Participants.

Beneficial interests in the Global Notes may be held only through Euroclear and Clearstream, Luxembourg. Neither the Global Notes nor any beneficial interest therein may be transferred except in compliance with the transfer restrictions set forth in the legend appearing in the Global Notes.

Settlement and transfer of notes

Subject to the rules and procedures of each applicable clearing system, purchases of notes held within a clearing system must be made by or through Participants, which will receive a credit for such notes on the clearing system's records. The ownership interest of each actual purchaser of each such note (the "**beneficial owner**") will in turn be recorded on the Participant's records. Beneficial owners will not receive written confirmation from any clearing system of their purchase, but beneficial owners are expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the direct and indirect participant through which such beneficial owner entered into the transaction. Transfers of ownership interests in notes held within the clearing system will be effected by entries made on the books of Participants acting on behalf of beneficial owners. **Beneficial owners will not receive individual notes representing their ownership interests in such notes unless use of the book-entry system for the notes described in this section is discontinued.**

No clearing system has knowledge of the actual beneficial owners of the notes held within such clearing system and their records will reflect only the identity of the direct participants to whose accounts such notes are credited, which may or may not be the beneficial owners. Participants will remain responsible for keeping account of their holdings on behalf of their customers. Conveyance of notices and other communications by the clearing systems to direct participants, by direct participants to indirect participants, and by direct participants and indirect participants to beneficial owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

All transfers of Book-Entry Interests will be recorded in accordance with the book-entry systems maintained by Euroclear or Clearstream, Luxembourg, as applicable, pursuant to customary procedures established by each respective system and its Participants. See "General", above.

Issuance of Registered Definitive Notes

Holders of Book-Entry Interests in the Global Note will be entitled to receive certificates evidencing definitive notes in registered form ("**Registered Definitive Notes**") in exchange for their respective holdings of Book-Entry Interests if (a) both Euroclear and Clearstream, Luxembourg are closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or announce an intention permanently to cease business and do so cease to do business and no alternative clearing system satisfactory to the Note Trustee is available or (b) as a result of any amendment to, or change in, the laws or regulations of the United Kingdom (or of any political subdivision thereof) or of any authority therein or thereof having power to tax or in the interpretation or administration by a revenue authority or a court or in the administration of such laws or regulations which becomes effective on or after the Closing Date, the Issuer or any Paying Agent is or will be required to make any deduction or withholding from any payment in respect of the Notes which would not be required were the Notes in definitive form.

Any Registered Definitive Note issued in exchange for Book-Entry Interests in a Global Note will be registered by the Registrar in such name or names as the Issuer shall instruct the Principal Paying Agent based on the instructions of Euroclear or Clearstream, Luxembourg. It is expected that such instructions will be based upon directions received by Euroclear or Clearstream, Luxembourg from their Participants with respect to ownership of the relevant Book Entry Interests. Holders of Registered Definitive Notes issued in exchange for Book-Entry Interests in a Global Note, as the case may be, will not be entitled to exchange such Registered Definitive Note, for Book-Entry Interests in a Global Note. Any Notes issued in definitive form will be issued in registered form only and will be subject to the provisions set forth under "Transfers and Transfer Restrictions" above **provided that** no transfer shall be registered for a period of 15 days immediately preceding any due date for payment in respect of the Note or, as the case may be, the due date for redemption. Registered Definitive Notes will not be issued in a denomination that is not an integral multiple of the Minimum Denomination or for any amount in excess thereof, in integral multiples of £1,000. As the Notes have a denomination consisting of the Minimum Denomination plus a higher integral multiple of another smaller amount, it is possible that the Notes may be traded in amounts in excess of £100,000 (or its equivalent) that are not integral multiples of £100,000 (or its equivalent). In such case a Noteholder who, as a result of trading such amounts, holds a principal amount of less than the Minimum Denomination may not receive a Registered Definitive Note in respect of such holding (should Registered Definitive Notes be issued) and would need to purchase a principal amount of Notes such that its holding amounts to the Minimum Denomination.

Action in Respect of the Global Note and the Book-Entry Interests

Not later than 10 days after receipt by the Issuer of any notices in respect of the Global Notes or any notice of solicitation of consents or requests for a waiver or other action by the holder of the Global Notes, the Issuer will deliver to Euroclear and Clearstream, Luxembourg a notice containing (a) such information as is contained in such notice, (b) a statement that at the close of business on a specified record date Euroclear and Clearstream, Luxembourg will be entitled to instruct the Issuer as to the consent, waiver or other action, if any, pertaining to the Book-Entry Interests or the Global Notes and (c) a statement as to the manner in which such instructions may be given. Upon the written request of Euroclear and Clearstream, Luxembourg, as applicable, the Issuer shall endeavour insofar as practicable to take such action regarding the requested consent, waiver or other action in respect of the Book-Entry Interests or the Global Notes in accordance with any instructions set forth in such request. Euroclear or Clearstream, Luxembourg are expected to follow the procedures described under "General" above, with respect to soliciting instructions from their respective Participants. The Registrar will not exercise any discretion in the granting of consents or waivers or the taking of any other action in respect of the Book-Entry Interests or the Global Notes.

Reports

The Issuer will send to Euroclear and Clearstream, Luxembourg a copy of any notices, reports and other communications received relating to the Issuer, the Global Note or the Book-Entry Interests. In addition, notices regarding the Notes may be published in a leading newspaper having a general circulation in the United Kingdom (which is expected to be the Financial Times); provided that if, at any time, the Issuer procures that the information contained in such notice shall appear on a page of the Reuters screen, the Bloomberg screen or any other medium for electronic display of data as may be previously approved in

writing by the Note Trustee or if notices have been submitted to Euroclear and Clearstream, Luxembourg, publication in the Financial Times shall not be required with respect of such information.

The Issuer shall also ensure that notices are duly published in a manner which complies with the rules and regulations of any stock exchange on which the Notes (other than the Class C Note) are for the time being listed or any other relevant authority.

Class C Note

The Class C Note will be issued in dematerialised registered form and no certificate evidencing entitlement to the Class C Note will be issued. The Issuer will also maintain a register, to be kept on the Issuer's behalf by the Registrar, in which the Class C Note will be registered in the name of the Class C Noteholder. Transfers of the Class C Note may be made only through the register maintained by the Issuer and are subject to the transfer restrictions set out in Condition 1.2 (Title).

USE OF PROCEEDS

The net proceeds of the Notes in an amount of £545,000,000 will be used on the Closing Date towards payment of the Initial Purchase Price with the remainder in an amount of £0.46 being deposited in the Replenishment Ledger.

On the Closing Date, the Issuer will use the entire proceeds of (i) the Liquidity Reserve Advance to credit an amount equal to the Required Liquidity Reserve Amount in the Liquidity Reserve Ledger, (ii) the Commingling Reserve Advance to credit an amount equal to the Required Commingling Reserve Amount in the Commingling Reserve Ledger (provided that on the Closing Date the Required Commingling Reserve Amount will be determined in accordance with paragraph (b)(ii)(A) of the definition), (iii) the Maintenance Reserve Advance to credit an amount equal to the Maintenance Reserve Amount in the Maintenance Reserve Ledger and (iv) the Set-Off Reserve Advance to credit an amount equal to the Required Set-Off Reserve Amount in the Set-Off Reserve Ledger.

GENERAL INFORMATION

1. Authorisation

The issue of the Notes has been authorised by a resolution of the Board of Directors of the Issuer passed on 1 February 2017.

2. Irish Listing

It is expected that admission of the Notes (other than the Class C Note) to the Official List of the Irish Stock Exchange and to trading on its regulated market will be granted on or about the Closing Date, subject only, in the case of the Notes, to the issue of the Global Notes of each Class of Notes. The issue of the Notes will be cancelled, if the related Global Notes as applicable are not issued. The estimated aggregate cost of the foregoing applications for admission to the Official List of the Irish Stock Exchange and admission to trading on its regulated market, is approximately €7,500.

Arthur Cox Listing Services Limited is acting solely in its capacity as listing agent for the Issuer in connection with the Notes and is not itself seeking admission of the Notes to the Official List of the Irish Stock Exchange or to trading on its regulated market for the purposes of the Prospectus Directive.
