#### **Obligations**

The Notes and the Residual Certificates will be obligations of the Issuer alone and will not be guaranteed by, or be the responsibility of, any other entity named in the Prospectus.

#### **Risk Retention Undertaking**

On the Closing Date and until all the Rated Notes have been redeemed in full, Paratus AMC Limited (the "**Retention Holder**") will retain a material net economic interest of not less than 5 per cent. in the securitisation as required by Article 6 of Regulation (EU) 2017/2402) together with any implementing regulation, technical standards and official guidance related thereto, in each case as amended, varied or substituted from time to time (the "**Securitisation Regulation**") (which does not take into account any relevant national measures) (the "**Retention**"). As at the Closing Date, the Retention will be satisfied by the Retention Holder subscribing for and thereafter holding an interest in the first loss tranche, represented in this case by the retention by the Retention Holder of the Class Z1 Notes and the Class Z2 Notes, as required by Article 6(3)(d) of the Securitisation Regulation. The aggregate Principal Amount Outstanding of the Class Z1 Notes and the Class Z2 Notes as at the Closing Date is equal to at least 5 per cent. of the nominal value of the securitised exposures. The Retention Holder will undertake to retain the material net economic interest and will give further undertakings with respect to the Retention (as to which, see the section

entitled "*EU Risk Retention Requirements*"). Any change in the manner in which the interest is held will be notified to the Noteholders.

See the section entitled "*EU Risk Retention Requirements*" for further details.

The transaction is not intended to involve the retention by a sponsor for purposes of compliance with the final rules promulgated under Section 15G of the Securities Exchange Act of 1934, as amended (the "**U.S. Risk Retention Rules**"), but rather it is intended to rely on an exemption provided for in Rule 20 of the U.S. Risk Retention Rules regarding non-U.S. transactions. Except with the prior written consent of Paratus AMC Limited and where such sale falls within the exemption provided by Rule 20 of the U.S. Risk Retention Rules, the Notes offered and sold by the Issuer may not be purchased by, or for the account or benefit of, any Risk Retention U.S. Person. In any event, no more than 10 per cent. of the dollar value of all Classes of Notes and Residual Certificates may be sold or transferred to, or for the account or benefit of the Risk Retention U.S. Persons.

See the section entitled "*U.S. risk retention requirements*" for further details.

#### **Residual Certificates**

In addition to the Notes, the Issuer will issue the Residual Certificates to the Seller on the Closing Date. The Residual Certificates represent the right to receive further consideration for the purchase of the Mortgage Portfolio (consisting of the Residual Payments in respect of the Mortgage Portfolio) and confer upon the majority holder of the Residual Certificates the right (but not the obligation) to purchase the Mortgage Portfolio from the Issuer following the Interest Payment Date immediately preceding the Optional Redemption Date as set out further herein and pursuant to the terms of the Deed Poll.

See the section entitled "*Terms and Conditions of the Residual Certificates*" for further details.

#### **Significant Investor**

The Seller will on the Closing Date purchase 100 per cent. of the Class Z1 Notes and 100 per cent. of the Class Z2 Notes and will hold 100 per cent. of the Residual Certificates.

#### **Volcker Rule**

The Issuer is of the view that it is not now, and immediately after giving effect to the offering and sale of the Notes and the application of the proceeds thereof on the Closing Date will not be, a "covered fund" for the purposes of regulations adopted under Section 13 of the Bank Holding Company Act of 1956, as amended (commonly known as the "**Volcker Rule**"). In reaching this conclusion, although other statutory or regulatory exemptions under the Investment Company Act of 1940, as amended (the "**Investment Company Act**") and under the Volcker Rule and its related regulations may be available, the issuing entity has relied on the determinations that it may rely on an exemption from registration under the Investment Company Act under Section 3(c)(5) of the Investment Company Act and, accordingly, may rely on the exemption from the definition of a "covered fund" under the Volcker Rule made available to certain issuers that do not rely solely on Section 3(c)(1) or Section 3(c)(7) of the Investment Company Act for their exemption from registration under the Investment Company Act. However, the general effects of the Volcker Rule remain uncertain. Any prospective investor in the Notes or Residual Certificates, including a U.S. or foreign bank or a subsidiary or other affiliate thereof, should consult its own legal advisers regarding such matters and other effects of the Volcker Rule.

**ERISA Considerations**

The Notes may not be purchased or held by any "employee benefit plan" as defined in Section 3(3) of the U.S. Employee Retirement Income Security Act of 1974, as amended ("**ERISA**"), which is subject thereto, or any "plan" as defined in Section 4975 of the U.S. Internal Revenue Code of 1986, as amended (the "**Code**") to which Section 4975 of the Code applies, or by any person any of the assets of which are, or are deemed for purposes of ERISA or Section 4975 of the Code to be, assets of such an "employee benefit plan" or "plan", or by any governmental, church or non-U.S. plan which is subject to any state, local, other federal law of the United States or non-U.S. law that is substantially similar to the provisions of Section 406 of ERISA or Section 4975 of the Code ("**Similar Law**"), and each purchaser of the Notes will be deemed to have represented, warranted and agreed that it is not, and for so long as it holds the Notes will not be, such an "employee benefit plan", "plan", person or governmental, church or non-U.S. plan subject to Similar Law.

**THE "*RISK FACTORS*" SECTION CONTAINS DETAILS OF CERTAIN RISKS AND OTHER FACTORS THAT SHOULD BE GIVEN PARTICULAR CONSIDERATION BEFORE INVESTING IN THE NOTES. PROSPECTIVE INVESTORS SHOULD BE AWARE OF THE ISSUES SUMMARISED IN THE SECTION.**

### **Forward-Looking Statements and Statistical Information**

Certain matters contained herein are forward-looking statements. Such statements appear in a number of places in this Prospectus, including with respect to assumptions on prepayment and certain other characteristics of the Mortgage Loans, and reflect significant assumptions and subjective judgements by the Issuer that may not prove to be correct. Such statements may be identified by reference to a future period or periods and the use of forward-looking terminology such as "**may**", "**will**", "**could**", "**believes**", "**expects**", "**anticipates**", "**continues**", "**intends**", "**plans**" or similar terms. Consequently, future results may differ from the Issuer's expectations due to a variety of factors, including (but not limited to) the economic environment and regulatory changes in the residential mortgage industry in the United Kingdom. Moreover, past financial performance should not be considered a reliable indicator of future performance and prospective purchasers of the Notes are cautioned that any such statements are not guarantees of performance and involve risks and uncertainties, many of which are beyond the control of the Issuer. This Prospectus also contains certain tables and other statistical analyses (the "**Statistical Information**") which have been prepared in reliance on information provided by the Issuer. Numerous assumptions have been used in preparing the Statistical Information, which may or may not be reflected in the material. As such, no assurance can be given as to the Statistical Information's accuracy, appropriateness or completeness in any particular context, or as to whether the Statistical Information and/or the assumptions upon which they are based reflect present market conditions or future market performance. The Statistical Information should not be construed as either projections or predictions or as legal, tax, financial or accounting advice. The average life of or the potential yields on any security cannot be predicted, because the actual rate of repayment on the underlying assets, as well as a number of other relevant factors, cannot be determined. No assurance can be given that the assumptions on which the possible average lives of or yields on the securities are made will prove to be realistic. None of the Relevant Parties has attempted to verify any forward-looking statements or Statistical Information, nor does it make any representations, express or implied, with respect thereto. Prospective purchasers should therefore not place undue reliance on any of these forward-looking statements or Statistical Information. None of the Issuer nor any of the Relevant Parties assumes any obligation to update these forward-looking statements or Statistical Information or to update the reasons for which actual results could differ materially from those anticipated in the forward-looking statements or Statistical Information, as applicable.

## **RISK FACTORS**

*The following is a summary of certain matters relating to the issue of the Notes about which prospective investors should be aware. It is not intended to be exhaustive as to all the matters about which prospective investors should be aware.*

*All of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring.*

*In evaluating whether to purchase the Notes, prospective investors should not only consider the risk factors set out in this summary but should also ensure that they carefully review this Prospectus in full and seek professional advice as each investor deems necessary.*

### **Risks Related to the Notes**

#### ***Liabilities under the Notes are obligations of Issuer only***

The Notes represent obligations of the Issuer, and do not constitute obligations or responsibilities of, or guarantees by, any other person. No liability whatsoever in respect of any failure by the Issuer to pay any amount due under the Notes shall be accepted by any of the Relevant Parties or by any person other than the Issuer.

#### ***Limited source of funds***

The ability of the Issuer to meet its obligations to pay (a) amounts under the Notes and Residual Certificates and (b) its operating and administrative expenses will be dependent solely on the extent of monies received or recovered by or on behalf of the Issuer. Such monies consist solely of (i) monies received or recovered on the Mortgage Loans (whether by way of monthly payments, enforcement, disposal of the Mortgage Loans or otherwise), (ii) amounts of interest received from the Issuer Account Bank under the Issuer Account Bank Agreement and (iii) amounts constituting the Reserve Fund. Other than the foregoing, the Issuer will not have any other funds available to it to make payments under the Notes and Residual Certificates and/or any other payment obligation ranking in priority to, or *pari passu* with, the Notes under the applicable Priorities of Payments. If such funds are insufficient, any such insufficiency will be borne by the Noteholders and the other Secured Creditors, subject to the applicable Priorities of Payments. The recourse of the Noteholders to the Charged Assets following service of an Enforcement Notice is described below (see further: "*Risks Related to the Notes - Limited recourse*") (see "*Risks Related to the Mortgage Loans – Limitation of Sellers' Liability*" below).

#### ***Limited recourse***

The Notes will be limited recourse obligations of the Issuer. If, and to the extent that, after the Charged Assets has been realised and the proceeds thereof have been applied in accordance with the applicable Priorities of Payments, the amounts recovered on realisation of the Charged Assets are insufficient to pay or discharge amounts due from the Issuer to the Noteholders in full for any reason, the amounts will cease to be due and payable by the Issuer.

#### ***No additional sources of funds after Optional Redemption Date***

As of the Optional Redemption Date, the margin applicable to the Collateralised Rated Notes will be increased. There will, however, be no additional receipts or other sources of funds available to the Issuer as of the Optional Redemption Date, nor is it expected that any of the sources of income available to the Issuer prior to the Optional Redemption Date will be increased.

#### ***Deferral of interest payments on the Notes***

If, on any Interest Payment Date, the Issuer has insufficient funds to make payment in full of all amounts of interest (including any accrued interest thereon) payable in respect of the Notes (other than the Most Senior Class of Notes) after having paid or provided for items of higher priority in accordance with the relevant Priorities of Payments or by means of Reserve Fund Drawings, then such amounts of interest shall not be due and payable on that Interest Payment Date and the Issuer will be entitled under Condition 18 (*Subordination by Deferral*) to defer payment of that amount (to the extent of the insufficiency) in respect of the Notes (other than the Most Senior Class of Notes) until the next Interest Payment Date. Such deferral

shall not constitute an Event of Default or Potential Event of Default until the Final Maturity Date and such amounts would only become due and payable on the Final Maturity Date.

As such, the Note Trustee and the Security Trustee will not be able to accelerate the Notes until after the Final Maturity Date (subject to the grace periods thereunder) or such earlier date on which the Notes are redeemed in accordance with the Conditions, and prior to such date will not be able to take any action to enforce the Security or effect a sale or disposal of the Issuer's beneficial interest in the Mortgage Loans and Related Security in respect of a failure by the Issuer to pay such amounts until the Final Maturity Date (subject to the grace periods thereunder) or such earlier date.

For the avoidance of doubt, failure to pay interest or amounts due in respect of the Most Senior Class of Notes shall constitute an Event of Default under the Notes and the Residual Certificates which may result in the Note Trustee or the Security Trustee (as the case may be) enforcing the provisions of the Notes, the Residual Certificates or the Trust Deed, or the Deed of Charge (as applicable), or enforcing the Security.

***Credit risk***

The Issuer is subject to the risk of default in payment by the Borrowers and the risk of failure by the Servicer, on behalf of the Issuer, to realise or recover sufficient funds under the arrears and default procedures in respect of a relevant Mortgage Loan and Related Security in order to discharge all amounts due and owing by the relevant Borrower under such Mortgage Loan. This risk may affect the Issuer's ability to make payments on the Notes but is mitigated to some extent by certain credit enhancement features which are described in the section entitled "*Credit Structure*". However, no assurance can be made as to the effectiveness or sufficiency of such credit enhancement features, or that such credit enhancement features will protect the Noteholders from all risk of loss.

***Liquidity risk***

The Issuer is subject to the risk of insufficiency of funds on any Interest Payment Date as a result of payments being made late by Borrowers (where, for example, such funds relate to a preceding Collection Period but are received after the Servicer has calculated the collections relating to such Collection Period). This risk may adversely affect the Issuer's ability to make payments on the Notes but is mitigated to some extent by the conditional provision of liquidity from alternative sources as described in the section entitled "*Credit Structure - Liquidity and Credit Support for the Notes provided by Available Revenue Receipts*". However, no assurance can be made as to the effectiveness or sufficiency of such liquidity support features, or that such liquidity support features will protect the Noteholders from all risk of loss.

***Subordination of the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes, the Class X Notes, the Class Z Notes and the Residual Certificates***

Pursuant to the Priorities of Payments, certain junior Classes of Notes are subordinated in right of payment of principal and interest to more senior Classes of Notes.

The Class A Notes will rank *pro rata* and *pari passu* without preference or priority among themselves at all times as to payments of interest and principal, as provided in the Conditions and the Transaction Documents.

The Class B Notes will rank *pro rata* and *pari passu* without preference or priority among themselves in relation to payment of interest and principal at all times, but subordinate to the Class A Notes, as provided in the Conditions and the Transaction Documents.

The Class C Notes will rank *pro rata* and *pari passu* without preference or priority among themselves in relation to payment of interest and principal at all times, but subordinate to the Class A Notes and the Class B Notes, as provided in the Conditions and the Transaction Documents.

The Class D Notes will rank *pro rata* and *pari passu* without preference or priority among themselves in relation to payment of interest and principal at all times, but subordinate to the Class A Notes, the Class B Notes and the Class C Notes, as provided in the Conditions and the Transaction Documents.

The Class E Notes will rank *pro rata* and *pari passu* without preference or priority among themselves in relation to payment of interest and principal at all times, but subordinate to the Class A Notes, the Class B

Notes, the Class C Notes and the Class D Notes, as provided in the Conditions and the Transaction Documents.

The Class X Notes rank *pro rata* and *pari passu* without preference or priority among themselves in relation to payment of interest and principal at all times, but subordinate to all payments due in respect of the Collateralised Rated Notes as provided in the Conditions and the Transaction Documents.

The Class Z Notes rank *pro rata* and *pari passu* without preference or priority among themselves in relation to payment of principal at all times, but subordinate to all payments due in respect of the Collateralised Rated Notes and the Class X Notes, as provided in the Conditions and the Transaction Documents.

The Residual Certificates rank *pari passu* without preference or priority among themselves in relation to payment of Residual Payments, but subordinate to all payments due in respect of the Notes, as provided in the terms and conditions of the Residual Certificates (the "**Residual Certificates Conditions**") and the Transaction Documents.

In addition to the above, payments on the Notes and the Residual Certificates are subordinate to payments of certain fees, costs and expenses payable to the other Secured Creditors (including, amongst others, the Note Trustee, the Security Trustee, the Issuer Account Bank, the Servicer, the Legal Title Holder, the Back-Up Servicer Facilitator, the Corporate Services Provider, the Cash Manager, the Paying Agents, the Registrar and the Agent Bank) and certain third parties (including any fine, penalty or sanction imposed on the Issuer by a regulator or competent authority payable to a regulator or competent authority in connection with any breach or alleged breach of the Securitisation Regulation). For further information on the likely costs payable to such Secured Creditors, please see "*Transaction Overview – Fees*" below.

To the extent that the Issuer does not have sufficient funds to satisfy its obligations to all its creditors, the holders of the lower ranking Notes and the Residual Certificates will be the first to see their claims against the Issuer unfulfilled. However, there is no assurance that these subordination provisions will protect the holders of the more senior Classes of Notes (including the Most Senior Class of Notes) from all or any risk of loss.

The priority of the Notes and the Residual Certificates are further set out in "*Cashflows – Application of Available Revenue Receipts prior to the service of an Enforcement Notice on the Issuer*", "*Cashflows – Application of Available Redemption Receipts prior to the service of an Enforcement Notice on the Issuer*" and "*Cashflows – Distributions following the service of an Enforcement Notice on the Issuer*".

#### ***Yield and Prepayment Considerations***

The yield to maturity of the Notes of each Class will depend on, among other things, the extent and timing of payments of principal and interest (including full and partial prepayments, proceeds of disposal of Mortgage Loans, proceeds of enforcement of Mortgage Loans or repurchase by the Seller of any Mortgage Loans (including upon an unremedied breach of any Mortgage Loan Warranty and the price paid by the Noteholders for the Notes. Such yield may be adversely affected by a higher or lower than anticipated rate of prepayment on the Mortgage Loans.

The rate of prepayment of the Mortgage Loans cannot be predicted and is influenced by a wide variety of economic, social and other factors, including prevailing mortgage market interest rates, the availability of alternative financing, local and regional economic conditions and homeowner mobility. Subject to the terms and conditions of the Mortgage Loans (which may require in some cases notification to the Legal Title Holder and in other cases the consent of the Legal Title Holder), a Borrower may "overpay" or prepay principal at any time. No assurance can be given as to the level of prepayments that the Mortgage Portfolio will experience. Accelerated prepayments will generally lead to a reduction in the weighted average life of the Notes (other than the Class X Notes where accelerated prepayments would generally lead to an increase in their weighted average life).

Generally, when market interest rates increase in relation to the rate of interest currently paid by a borrower, borrowers are less likely to prepay their mortgage loans, while conversely, when market interest rates decrease in relation to the rate of interest currently paid by a borrower, borrowers (in particular those paying by reference to a fixed interest rate, where there are no or minimal associated Early Repayment Charges) are generally more likely to prepay their mortgage loans. Borrowers may prepay mortgage loans when they refinance their loans or sell their properties (either voluntarily or as a result of enforcement action). In

addition, should a Borrower elect, subject to the agreement of the Legal Title Holder and the Servicer, to change the terms of their Mortgage Loan from an Interest Only Mortgage Loan to a Repayment Mortgage Loan or a Part and Part Mortgage Loan, the Issuer would receive principal payments in respect of the relevant Mortgage Loan earlier than would otherwise be anticipated. If the Seller is required to repurchase a Mortgage Loan and its Related Security or make a payment in lieu of such repurchase because, for example, one of the Mortgage Loans does not comply with the Mortgage Loan Warranties, then the payment received by the Issuer will have the same effect as a prepayment of such Mortgage Loan. (For more information, see the section entitled "*The Mortgage Portfolio and the Mortgage Loans*").

Pursuant to the terms of the Deed Poll and the Portfolio Call Option granted therein, the Portfolio Call Option Holder may, subject to certain conditions, purchase all (but not some) of the Mortgage Loans and their Related Security comprising the Mortgage Portfolio, at no less than the Portfolio Minimum Purchase Price. The Portfolio Call Option Holder may give notice of its exercise of such option no earlier than the Business Day immediately following the Interest Payment Date immediately preceding the Optional Redemption Date. Such purchase will be completed no later than two Business Days prior to the Interest Payment Date immediately following the date on which the notice is given.

The exercise of the Portfolio Call Option may adversely affect the yield to maturity on the Notes.

On the first Interest Payment Date immediately following the date on which the Portfolio Call Option has been exercised, the Issuer shall apply all funds available to it for such purposes pursuant to the provisions of the Post-Enforcement Priority of Payments. This may adversely affect the yield to maturity on the Notes as the exercise of the Portfolio Call Option is likely to lead to a reduction in the average weighted life of the Notes. See also the section entitled "*Early redemption of the Notes pursuant to the Portfolio Call Option or the Risk Retention Regulatory Change Option*".

Further, on any Interest Payment Date following the occurrence of a Risk Retention Regulatory Change Event, the Retention Holder (or its nominee) has the right (but not an obligation) pursuant to the Mortgage Sale Agreement to purchase the Mortgage Loans and their Related Security from the Issuer, and thereby effect a redemption of the Notes. The exercise of this right may adversely affect the yield to maturity on the Notes as it is likely to lead to a reduction in the average weighted life of the Notes. See also the section entitled "*Early redemption of the Notes pursuant to the Portfolio Call Option or the Risk Retention Regulatory Change Option*".

#### ***Risk of Interest Rate Mismatch on the Notes***

In relation to the risk of a mismatch between the rate of interest payable in respect of the Mortgage Loans and the rate of interest payable in respect of the Notes, as of the Cut-Off Date, (i) 67.13 per cent. of the Mortgage Portfolio by aggregate Capital Balance of the Mortgage Loans are Bank of England Base Rate-Linked Mortgage Loans, (ii) 30.58 per cent. of the Mortgage Portfolio by aggregate Capital Balance of the Mortgage Loans are Three-Month LIBOR-Linked Mortgage Loans and (iii) 2.29 per cent. of the Mortgage Portfolio by aggregate Capital Balance of the Mortgage Loans are SVR Mortgage Loans (such Mortgage Loans, together, the "**Floating Rate Mortgage Loans**"). However, the Issuer's liabilities under the Rated Notes are based on Three-Month GBP LIBOR for the relevant period as determined on the relevant Interest Determination Date. The Issuer will not enter into any swap agreement in respect of the difference between the interest payments received by it on the pool of the Floating Rate Mortgage Loans (and in particular the Bank of England Base Rate-Linked Mortgage Loans) and the interest payable on the Notes, and as a result there is no hedge in respect of the risk of any variances in the interest charged on any such Mortgage Loans with varying interest rates, and interest set by reference to the Three-Month GBP LIBOR (the "**Reference Rate**") on the Rated Notes. This, in turn, may result in insufficient funds being made available to the Issuer for the Issuer to meet its obligations to the Noteholders and the Secured Creditors. As such, the Issuer is subject to the risk of a mismatch between the rate of interest payable in respect of the Mortgage Loans and the rate of interest payable in respect of the Notes.

However, such risks are partially mitigated by the Reserve Fund, subordination of certain junior Classes of Notes and the application of Available Redemption Receipts as Principal Addition Amounts in relation to the Collateralised Rated Notes only. Additionally, the SVR Floor relating to the SVR Mortgage Loans is set by reference to the Reference Rate and the interest rate on the Three-Month LIBOR-Linked Mortgage Loans resets on or before the 12<sup>th</sup> of March, June, September and December of each year, whilst the Reference Rate referable to the Notes is intended to reset on like dates.

### ***Risks Associated with Rising Mortgage Rates***

All of the Mortgage Loans comprising the Mortgage Portfolio have interest rates which are subject to change over the course of the life of such Mortgage Loans. Such rates are set by reference to (i) the London inter-bank offered rate for three month borrowing periods in Sterling ("**Three-Month GBP LIBOR**"), (ii) the Bank of England Base Rate, or (iii) the Servicer's SVR. An increase in such reference rates could result in higher monthly repayments, which, in turn, could reduce the Borrowers' capacity to service their Mortgage Loans. The Issuer could therefore be subject to a higher risk of default in payment by Borrowers over the course of the Transaction which may affect the ability of the Issuer to make payments on the Notes.

### ***Changes or uncertainty in respect of LIBOR may affect the value or payment of interest under the Mortgage Loans or the Notes***

Following investigations into alleged manipulation of the London Inter-Bank Offered Rate ("**LIBOR**") as set by the British Bankers' Association (the "**BBA**") and other benchmarks, various reforms have been made, and continue to be made, to the regulation of benchmarks at UK, EU and international levels. The administration of LIBOR and certain other specified benchmarks has been a regulated activity in the UK since 2013. Also, in 2013, the European Commission published a legislative proposal for a proposed regulation on indices used as benchmarks in financial instruments and financial contracts. The resulting Benchmarks Regulation was published in the Official Journal of the EU in June 2016 and applied from 1 January 2018. The Benchmarks Regulation imposes new requirements on the administrators and users of, and contributors to, benchmarks used in the EU. Some of these reforms are already effective whilst others may benefit from a transitional provision, which is intended to come to an end on 31 December 2019. In November 2018, amendments to the Benchmarks Regulation were tabled to provide for an additional two-year transitional provision on the use restriction, including where the rate being used is an inter-bank rate. This may cause compliance issues in respect of benchmarks transition. Under the proposed amendments to the Benchmark Regulation, panel banks would continue to submit rates to LIBOR until the end of 2021.

In addition, the sustainability of LIBOR has been questioned by the FCA as a result of the absence of relevant active underlying markets and possible disincentives (including possibly as a result of regulatory reforms) for market participants to continue contributing to such benchmarks. The FCA will not require panel banks to submit LIBOR rates beyond 2021. On 23 April 2018, the Bank of England published its reforms to the Sterling Overnight Interbank Average Rate (SONIA), which is currently being promoted as an alternative to LIBOR. On 15 May 2019, the Bank of England published a statement on behalf of the SONIA working group with an update on progress in the adoption of SONIA in sterling markets. This statement confirms good progress in SONIA adoption.

These reforms and other pressures may cause one or more interest rate benchmarks to disappear entirely, to perform differently than in the past (as a result of a change in methodology or otherwise), create disincentives for market participants to continue to administer or participate in certain benchmarks or have other consequences which cannot be predicted.

Based on the foregoing, prospective investors should in particular be aware that:

- (a) any of these reforms or pressures described above or any other changes to a relevant interest rate benchmark (including LIBOR) could affect the level of the published rate, including to cause it to be lower and/or more volatile than it would otherwise be;
- (b) if LIBOR is discontinued or is otherwise unavailable, then:
  - (i) the rate of interest on the Mortgage Loans which are Three-Month LIBOR-Linked Mortgage Loans and SVR Mortgage Loans (as to which please see the section titled "*Delinquencies or Default by Borrowers in paying amounts due on their Mortgage Loans*" below) may be determined for a period by any applicable fall-back provisions under the Mortgage Conditions, although such provisions may not operate as intended (depending on market circumstances and the availability of rates information at the time);
  - (ii) it may impact upon the determination of the rate of interest payable on the SVR Mortgage Loans and Three-Month LIBOR-Linked Mortgage Loans including, in the case of the SVR Mortgage Loans with respect to the SVR Floor; and

- (iii) in circumstances where an amendment as described in paragraph (c) below has not been made at the relevant time, the rate of interest on the Rated Notes will be determined for a period by the fall-back provisions provided for under Condition 6 (*Interest*) of the Conditions, although such provisions, being dependent in part upon the provision by reference banks of offered quotations for LIBOR, may not operate as intended (depending on market circumstances and the availability of rates information at the relevant time) and may in certain circumstances result in the effective application of a fixed rate based on the rate which applied in the previous period when LIBOR was available; and
- (c) while (i) an amendment may be made under Condition 13.6(d) of the Conditions to change the base rate on the Rated Notes from LIBOR to an alternative base rate under certain circumstances broadly related to LIBOR dysfunction or discontinuation and subject to certain conditions being satisfied including no objection to the proposal being received by at least 10 per cent. of Noteholders of the aggregate Principal Amount Outstanding of the Most Senior Class of Notes then outstanding (in this regard please also refer to the risk factor below entitled "*Meetings of Noteholders and Certificateholders, Modifications and Waivers*"), and (ii) the Issuer (or the Servicer on its behalf) may propose an Alternative Base Rate in accordance with Condition 13.6(d) under Condition 6.3 (*Rate of Interest*), there can be no assurance that any such amendments will be made or, if made, that they (i) will fully or effectively mitigate all relevant interest rate risks or result in an equivalent methodology for determining the interest rates on the Rated Notes or (ii) will be made prior to any date on which any of the risks described in this risk factor may become relevant (in this regard, please also refer to the risk factor below entitled "*Meetings of Noteholders and Certificateholders, Modifications and Waivers*").

In addition, it should be noted that broadly divergent interest rate calculation methodologies may develop and apply as between the Rated Notes due to applicable fall-back provisions or other matters and the effects of this are uncertain but could include a reduction in the amounts available to meet Issuer's payment obligations in respect of the Notes.

Moreover, any of the above matters (including an amendment to the base rate as described in paragraph (c) above) or any other significant change to the setting or existence of LIBOR could affect the ability of the Issuer to meet its obligations under the Rated Notes and/or could have a material adverse effect on the value or liquidity of, and the amount payable under, the Notes. Changes in the manner of administration of LIBOR could result in amendments to the Conditions, early redemption, discretionary valuation by the Principal Paying Agent, delisting or other consequences in relation to the Notes. No assurance may be provided that relevant changes will not occur with respect to LIBOR or any other relevant interest rate benchmark and/or that such benchmarks will continue to exist. Investors should consider these matters when making their investment decision with respect to the Notes.

#### ***Insolvency of the Legal Title Holder***

In the event a liquidator or administrator were to be appointed in respect of the business and property of the Legal Title Holder in the United Kingdom, a trust over the legal estate and title to the Mortgage Loans and their Related Security held by the Legal Title Holder for the benefit of the Issuer will be validly constituted pursuant to the terms of the Mortgage Sale Agreement and the effect of the Mortgage Sale Agreement will be to remove the Mortgage Loans and their Related Security from the property of the Legal Title Holder available to a liquidator or administrator of the Legal Title Holder for distribution to the general creditors of the Legal Title Holder. The Mortgage Sale Agreement details the Mortgage Loans and distinguishes them and their Related Security in all cases from other rights retained by the Legal Title Holder so that the trust property satisfies the requirement that it be clearly identifiable. There can be no assurance, however, that a court would reach the same conclusions. It is possible that a liquidator or administrator appointed in relation to the business and property of the Legal Title Holder may commence proceedings to challenge the validity and effectiveness of the trust constituted under the Mortgage Sale Agreement for the purposes of including the beneficial interest in the Mortgage Loans and their Related Security in the property and estate of the Legal Title Holder. If proceedings were commenced against the Issuer or in relation to trusts constituted under the Mortgage Sale Agreement, delays in distributions on the Notes, possible reductions in the amount of payments of principal and interest on the Notes and limitations on the exercise of remedies under the Transaction Documents could occur.

The Legal Title Holder currently receives collections which are paid other than by way of direct debit into the Global Collection Account, which is a bank account into which monies not related to the Mortgage

Portfolio are also paid. On or before the Closing Date, the Legal Title Holder will provide the Global Collection Account Bank with a new account mandate authorising the Servicer to transfer monies that are identified as being referable to the Mortgage Portfolio from the Global Collection Account at the end of each Business Day (to the extent that the Global Collection Account Bank does not undertake such task automatically) into the General Transaction Collection Accounts. The Legal Title Holder currently receives payments of collections which are paid by way of direct debit into the General Transaction Collection Account, which is a bank account into which only monies relating to the Mortgage Portfolio are paid. Monies in such General Transaction Collection Account, insofar as they are not required to make payments in respect of the Third Party Amounts, will be swept to the Issuer Account, subject to certain conditions. On the Closing Date, the Legal Title Holder will provide the Collection Account Bank with a new account mandate authorising the Servicer to transfer monies from the General Transaction Collection Account at the end of each Business Day to the Issuer Account. In each case, there can be no assurance as to the length of time it will take for payments from Borrowers in respect of the Mortgage Portfolio, whether by direct debit or otherwise, to be transferred by means of the new account mandates. However, it is provided under the Servicing Agreement that all amounts credited in relation to the Mortgage Portfolio to the Global Collection Account that relate to the Mortgage Portfolio (save for any fees payable in respect of the Global Collection Account) are to be transferred to the General Transaction Collection Account at the end of each Business Day during a Collection Period, and that (subject to certain conditions) all amounts credited in relation to the Mortgage Portfolio to the General Transaction Collection Account are to be transferred to the Issuer Account at the end of each Business Day during a Collection Period.

The Legal Title Holder (i) has, pursuant to a declaration of trust entered into prior to the Closing Date, declared a trust over all of its right, title and beneficial interest in respect of the Global Collection Account (to which the Issuer will accede as beneficiary in respect of amounts standing to the credit thereof that are referable to the Mortgage Loans by executing a deed of accession); and (ii) will, on or around the Closing Date, pursuant to a declaration of trust, declare a trust over all of its right, title and beneficial interest in respect of the General Transaction Collection Account.

In the event of the insolvency of the Legal Title Holder, the Issuer will be treated as an unsecured creditor of the Legal Title Holder in respect of amounts in any other bank accounts over which the trust has not been declared. In order to mitigate this risk, the Legal Title Holder will (a) declare a trust in favour of the Issuer in the Mortgage Sale Agreement over any amounts received in respect of the Mortgage Portfolio and agree to pass over such monies to the Issuer forthwith and (b) on the Closing Date provide a certificate containing certain statements about its solvency at such date.

#### ***Ratings of the Rated Notes***

The ratings assigned to the Rated Notes by Moody's address, *inter alia*:

- the likelihood of full and timely payments of interest due to the holders of the Rated Notes on each Interest Payment Date;
- the full payment of principal due to the holders of the Rated Notes by a date that is not later than the Final Maturity Date for the Rated Notes; and
- the expected loss to a holder of Rated Notes in proportion to the initial principal amount of the Class of Rated Notes held by such Noteholder on the Final Maturity Date.

The ratings assigned to the Rated Notes by S&P address, *inter alia*:

- the likelihood of full and timely payments due to the holders of the Class A Notes, the Class B Notes, the Class X Notes of interest on each Interest Payment Date;
- the likelihood of full and ultimate payment of interest to the holders of the Class C Notes, Class D Notes and Class E Notes (where the Class C Notes, Class D Notes and the Class E Notes are not the Most Senior Class of Notes then outstanding), respectively, by a date that is not later than the Final Maturity Date;
- the likelihood of full and timely payment of interest due to the holders of the Class C Notes (where the Class C Notes are the Most Senior Class of Notes then outstanding), Class D Notes (where the Class D Notes are the Most Senior Class of Notes then outstanding), Class E Notes (where the

Class E Notes are the Most Senior Class of Notes then outstanding), respectively, on each Interest Payment Date; and

- the likelihood of ultimate payment to the holders of the Rated Notes of principal in relation to the Rated Notes on or prior to the Final Maturity Date.

The Class Z1 Notes and the Class Z2 Notes will not be rated by the Rating Agencies.

The expected ratings of the Rated Notes to be assigned on the Closing Date are set out under the section entitled "*Ratings*" below. A rating is not a recommendation to buy, sell or hold securities and may be subject to revision, suspension or withdrawal at any time by the assigning rating agency if, in its judgement, circumstances (including a reduction in the perceived creditworthiness of third parties, including a reduction in the credit rating of the Issuer Account Bank, the Global Collection Account Bank or the Collection Account Bank) in the future so warrant. See also "*Servicing of the Mortgage Loans and Reliance on Third Parties*" below.

At any time, any Rating Agency may revise its relevant rating methodology, with the result that any rating assigned to the Rated Notes may be withdrawn, lowered or qualified.

Rating agencies other than the Rating Agencies could seek to rate the Rated Notes and if such unsolicited ratings are lower than the comparable ratings assigned to the Rated Notes by the Rating Agencies, those unsolicited ratings could have an adverse effect on the market value of the Rated Notes. For the avoidance of doubt and unless the context otherwise requires, any reference to "**ratings**" or "**rating**" in this Prospectus is to the ratings assigned by the Rating Agencies only.

As highlighted above, the ratings assigned to the Rated Notes by each Rating Agency are based on, among other things, the short-term and/or long-term unsecured, unguaranteed and unsubordinated debt ratings of the Issuer Account Bank, the Global Collection Account Bank and the Collection Account Bank. In the event one or more of these transaction parties were downgraded below the requisite ratings trigger, such transaction parties would be subject to a replacement obligation in accordance with the terms of the relevant Transaction Documents. There can, however, be no assurance that a replacement of such counterparty which has at least the minimum ratings required to maintain the then current ratings of the Rated Notes will be found. If a replacement counterparty with at least the requisite ratings cannot be found, this could have an adverse impact on the ratings of the Rated Notes and, as a consequence, the resale price of the Rated Notes in the market.

***Rating Agency confirmation in relation to the Rated Notes in respect of certain actions***

The terms of certain Transaction Documents provide that certain actions to be taken by the Issuer and/or the other parties to the Transaction Documents are contingent on such actions not having an adverse effect on the ratings assigned to the Rated Notes. In such circumstances, the Note Trustee or the Security Trustee may require the Issuer to seek confirmation from the Rating Agencies that certain actions proposed to be taken by the Issuer and the Note Trustee, or, as the case may be, the Security Trustee will not have an adverse effect on the then current ratings of the Rated Notes (a "**Rating Agency Confirmation**").

A Rating Agency Confirmation that any action or inaction proposed to be taken by the Issuer or the Note Trustee or as the case may be, the Security Trustee will not have an adverse effect on the then current ratings of the Rated Notes does not, for example, confirm that such action (i) is permitted by the terms of the Transaction Documents or (ii) is in the best interests of, or not prejudicial to, the Noteholders of the Rated Notes. While entitled to have regard to the fact that the Rating Agencies have confirmed that the then current ratings of the Rated Notes would not be adversely affected, the above does not impose or extend any actual or contingent liability on the Rating Agencies to the Secured Creditors (including the Noteholders of the Rated Notes), the Issuer, the Note Trustee, the Security Trustee or any other person or create any legal relationship between the Rating Agencies and the Secured Creditors (including the Noteholders of the Rated Notes), the Issuer, the Note Trustee, the Security Trustee or any other person whether by way of contract or otherwise. In addition, the Note Trustee and/or the Security Trustee, as applicable, may, but is not required to, have regard to any Rating Agency Confirmation.

Any such Rating Agency Confirmation may or may not be given at the sole discretion of each Rating Agency. Certain Rating Agencies have indicated that they will no longer provide Rating Agency Confirmations as a matter of policy. To the extent that a Rating Agency Confirmation cannot be obtained,

whether or not a proposed action will ultimately take place will be determined in accordance with the provisions of the relevant Transaction Documents and specifically the relevant modification and waiver provisions. It should be noted that, depending on the nature of the request, the timing of delivery of the request and of any information needed to be provided as part of any such request, it may be the case that a Rating Agency cannot provide a Rating Agency Confirmation in the time available or at all, and the Rating Agency will not be responsible for the consequences thereof. A Rating Agency Confirmation, if given, will be given on the basis of the facts and circumstances prevailing at the relevant time and in the context of cumulative changes to the transaction of which the securities form part since the Closing Date. A Rating Agency Confirmation represents only a restatement of the opinions given as at the Closing Date and cannot be construed as advice for the benefit of any parties to the transaction.

Where the Transaction Documents allow the Issuer, Note Trustee or the Security Trustee to seek a Rating Agency Confirmation and a written request for such Rating Agency Confirmation or response is delivered to each Rating Agency by or on behalf of the Issuer and (i) (A) one Rating Agency (such Rating Agency, a "**Non-Responsive Rating Agency**") indicates that it does not consider such Rating Agency Confirmation or response necessary in the circumstances or that it does not, as a matter of practice or policy, provide such Rating Agency Confirmation or response or (B) within 30 days of delivery of such request, no Rating Agency Confirmation or response is received and/or such request elicits no statement by such Rating Agency that such Rating Agency Confirmation or response could not be given; and (ii) one Rating Agency gives such Rating Agency Confirmation or response based on the same facts, then such condition to receive a Rating Agency Confirmation or response from each Rating Agency shall be modified so that there shall be no requirement for the Rating Agency Confirmation or response from the Non-Responsive Rating Agency if the Issuer provides to the Note Trustee and the Security Trustee a certificate signed by a director certifying and confirming that each of the events in sub-paragraphs (i) (A) or (B) and (ii) has occurred, the Issuer having sent a written request to each Rating Agency. Where a Rating Agency Confirmation is a condition to any action or step under any Transaction Document and it is deemed to be modified as a result of a Non-Responsive Rating Agency not having responded to the relevant request from the Issuer within 30 days, there remains a risk that such Non-Responsive Rating Agency may subsequently downgrade, qualify or withdraw the then current ratings of the Rated Notes as a result of the action or step. Such a downgrade, qualification or withdrawal to the then current ratings of the Rated Notes may have an adverse effect on the value of the Rated Notes.

***The Note Trustee and the Security Trustee are not obliged to act in certain circumstances***

Upon the occurrence of an Event of Default, the Note Trustee in its absolute discretion may, and if so directed in writing by the holders of not less than 25 per cent. in aggregate Principal Amount Outstanding of the Most Senior Class of Notes (or if no Notes remain outstanding, 25 per cent. in number of the Residual Certificates then in issue) or if so directed by an Extraordinary Resolution of the holders of the Most Senior Class of Notes (or if no Notes remain outstanding, of the Residual Certificates then in issue) shall (subject, in each case, to being indemnified and/or prefunded and/or secured to its satisfaction), deliver an Enforcement Notice to the Issuer that all classes of the Notes are immediately due and repayable at their respective Principal Amount Outstanding, together with accrued interest as provided in a trust deed between the Issuer, the Security Trustee and the Note Trustee (the "**Trust Deed**").

Each of the Note Trustee and the Security Trustee may, at any time, at their discretion and without notice, take such proceedings, actions or steps against the Issuer or any other party to any of the Transaction Documents as it may think fit to enforce the provisions of (in the case of the Note Trustee) the Notes, the Residual Certificates or the Trust Deed (including the Conditions and the Residual Certificates Conditions) or (in the case of the Security Trustee) the Deed of Charge or (in either case) the other Transaction Documents to which it is a party or in respect of which (in the case of the Security Trustee) it holds security. In respect of and at any time after the service of an Enforcement Notice, the Security Trustee may, at its discretion and without notice, take such steps as it may think fit to enforce the Security. However, neither the Note Trustee nor the Security Trustee shall be bound to take any such proceedings or steps (including, but not limited to, the giving of an Enforcement Notice in accordance with Condition 11 (*Events of Default*) or Residual Certificates Condition 10 (*Events of Default*)) unless it shall have been directed to do so by the holders of not less than 25 per cent. in aggregate Principal Amount Outstanding of the Most Senior Class of Notes (or if no Notes remain outstanding, 25 per cent. in number of the Residual Certificates then in issue) or if so directed by an Extraordinary Resolution of the holders of the Most Senior Class of Notes (or if no Notes remain outstanding, of the Residual Certificates then in issue) and it shall have been indemnified and/or secured and/or prefunded to its satisfaction.

See further "*Terms and Conditions of the Notes – Condition 12 (Enforcement)*" and "*Terms and Conditions of the Residual Certificates – Residual Certificates Condition 11 (Enforcement)*" below.

In addition, each of the Note Trustee and the Security Trustee benefit from indemnities given to them by the Issuer pursuant to the Transaction Documents which rank in priority to the payments of interest and principal on the Notes.

In relation to the undertakings to be given by the Retention Holder in, *inter alia*, the Mortgage Sale Agreement in accordance with the Securitisation Regulation regarding the material net economic interest to be retained by the Retention Holder in the securitisation and certain requirements as to providing investor information in connection therewith, the Note Trustee will not be under any obligation to monitor the compliance by the Retention Holder with such undertakings and will not be under any obligation to take any action (or to procure the Security Trustee takes any action) in relation to non-compliance with such undertakings unless and until the Note Trustee has received actual written notice of the same from any party to any Transaction Document (a "**Transaction Party**"), in which event the only obligation of the Security Trustee shall be to notify the Issuer (who shall notify the Noteholders and the other Secured Creditors of the same) and, subject to the Note Trustee being indemnified and/or secured and/or prefunded to its satisfaction, to take such further action as it is directed to take in connection with such non-compliance by an Extraordinary Resolution of the holders of the Most Senior Class of Notes.

### **Limited Liquidity**

#### ***Absence of secondary market***

No assurance can be provided that a secondary market for the Notes will exist at any time on or after the Closing Date.

None of the Notes have been, or will be, registered under the Securities Act or any other applicable securities laws and they are subject to certain restrictions on their resale and transfer as set forth under "*Subscription and Sale*" and "*Transfer Restrictions and Investor Representations*". To the extent that a secondary market develops for the Notes, it may not continue for the life of the Notes or it may not provide the Noteholders with liquidity of investment with the result that a Noteholder may not be able to find a buyer to buy its notes readily or at prices that will enable such Noteholder to realise a desired yield. Any investor in the Notes must be prepared to hold their Notes until the Final Maturity Date.

The secondary market for mortgage-backed securities similar to the Notes has at times experienced limited liquidity resulting from reduced investor demand for such securities. Limited liquidity in the secondary market may have an adverse effect on the market value of mortgage-backed securities, especially those securities that are more sensitive to prepayment, credit or interest rate risk and those securities that have been structured to meet the requirements of limited categories of investors.

Whilst central bank schemes such as, amongst others, the Bank of England's Sterling Monetary Framework, the Funding for Lending Scheme or the European Central Bank's liquidity schemes provide an important source of liquidity in respect of eligible securities, further restrictions in respect of the relevant eligibility criteria for eligible collateral which applies and will apply in the future are likely to adversely impact secondary market liquidity for mortgage-backed securities in general, regardless of whether the Notes are eligible securities.

#### ***Denominations***

The Notes are issued in the denomination of £100,000 per Note. However, for so long as the Notes are represented by Global Notes, and Euroclear and Clearstream, Luxembourg so permit, the Notes shall be tradable in minimum nominal amounts of £100,000 and integral multiples of £1,000 thereafter. If Definitive Notes are required to be issued in respect of the Notes represented by Global Notes, they will only be printed and issued in denominations of £100,000 and any amount in excess thereof in integral multiples of £1,000. Accordingly, if Definitive Notes are required to be issued in respect of the Global Notes, a Noteholder holding an interest in a Global Note of less than the minimum authorised denomination at the relevant time may not receive a Definitive Note in respect of such holding and may need to purchase a principal amount of the relevant Class of Notes such that their holding amounts to the minimum authorised denomination. If Definitive Notes are issued in respect of the Global Notes, Noteholders should be aware

that Definitive Notes which have a denomination that is not an integral multiple of the minimum authorised denomination may be illiquid and difficult to trade.

### ***Book-Entry Interests***

Unless and until Definitive Notes are issued in exchange for the Book-Entry Interests, holders and beneficial owners of Book-Entry Interests will not be considered the legal owners or holders of the Notes under the Trust Deed. After payment to the Principal Paying Agent, the Issuer will not have responsibility or liability for the payment of interest, principal or other amounts in respect of the Notes to Euroclear or Clearstream, Luxembourg or to holders or beneficial owners of Book-Entry Interests.

The Common Safekeeper will be considered the holder of the Notes as shown in the records of Euroclear or Clearstream, Luxembourg and will be the sole legal holder of the Global Notes under the Trust Deed while the Notes are represented by the Global Notes. Accordingly, each person owning a Book-Entry Interest must rely on the relevant procedures of Euroclear and Clearstream, Luxembourg and, if such person is not a participant in such entities, on the procedures of the participant through which such person owns its interest, to exercise any right of a Noteholder under the Trust Deed.

Payments of principal and interest on, and other amounts due in respect of, the Global Notes will be made by the Principal Paying Agent to the clearing systems. Upon receipt of any payment from the Principal Paying Agent, Euroclear and Clearstream, Luxembourg, as applicable, will promptly credit participants' accounts with payment in amounts proportionate to their respective ownership of Book-Entry Interests as shown on their records. The Issuer expects that payments by participants or indirect payments to owners of Book-Entry Interests held through such participants or indirect participants will be governed by standing customer instructions and customary practices, as is now the case with the securities held for the accounts of customers registered in "street name" and will be the responsibility of such participants or indirect participants. None of the Issuer, the Note Trustee or any Paying Agent will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, the Book-Entry Interests or for maintaining, supervising or reviewing any records relating to such Book-Entry Interests.

Unlike Noteholders, holders of the Book-Entry Interests will not have the right under the Trust Deed to act upon solicitations by or on behalf of the Issuer for consents or requests by or on behalf of the Issuer for waivers or other actions from Noteholders. Instead, a holder of Book-Entry Interests will be permitted to act only to the extent it has received appropriate proxies to do so from Euroclear or Clearstream, Luxembourg (as the case may be) and, if applicable, their participants. There can be no assurance that procedures implemented for the granting of such proxies will be sufficient to enable holders of Book-Entry Interests to vote on any requested actions on a timely basis. Similarly, upon the occurrence of an Event of Default under the Notes, holders of Book-Entry Interests will be restricted to acting through Euroclear and Clearstream, Luxembourg unless and until Definitive Notes are issued in accordance with the relevant provisions described herein under "*Terms and Conditions of the Notes*" below. There can be no assurance that the procedures to be implemented by Euroclear and Clearstream, Luxembourg under such circumstances will be adequate to ensure the timely exercise of remedies under the Trust Deed.

Although Euroclear and Clearstream, Luxembourg have agreed to certain procedures to facilitate transfers of Book-Entry Interests among account holders of Euroclear and Clearstream, Luxembourg, they are under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued at any time. None of the Issuer, the Note Trustee, any Paying Agent or any of their agents will have any responsibility for the performance by Euroclear or Clearstream, Luxembourg or their respective participants or account holders of their respective obligations under the rules and procedures governing their operations.

The lack of Notes in physical form could also make it difficult for a Noteholder to pledge such Notes if Notes in physical form are required by the party demanding the pledge and hinder the ability of the Noteholder to sell such Notes because some investors may be unwilling to buy Notes that are not in physical form.

Certain transfers of Notes or interests therein may only be effected in accordance with, and subject to, certain transfer restrictions and certification requirements.

### ***Meetings of Noteholders and Certificateholders, Modification and Waivers***

The Conditions and the Residual Certificates Conditions contain provisions for calling meetings of Noteholders and Certificateholders to consider matters affecting their interests generally. These provisions permit decisions of defined majorities to bind all Noteholders and Certificateholders (including Noteholders and Certificateholders who did not attend and vote at the relevant meeting and Noteholders and Certificateholders who voted in a manner contrary to the requisite majority for such vote).

The Conditions also provide that the Note Trustee may, and may direct the Security Trustee, without any consent or sanction of the Noteholders or the other Secured Creditors, but subject to receipt of the written consent from any of the Secured Creditors party to the Transaction Documents being modified (and in respect of any modification in connection with the Deed Poll and the Portfolio Call Option granted therein, with the written consent of the Portfolio Call Option Holder), to concur with the Issuer in making (a) other than in the case of a Basic Terms Modification, any modification of, or the waiver or authorisation of, any actual breach (including an Event of Default or Potential Event of Default) or proposed breach of, the Conditions, the Residual Certificates Conditions or any of the Transaction Documents which is not, in the opinion of the Note Trustee, materially prejudicial to the interests of the Noteholders or, if there are no Notes outstanding, the Certificateholders or (b) any modification which, in the opinion of the Note Trustee, or, as the case may be, the Security Trustee, is of a formal, minor or technical nature or to correct a manifest error.

The Conditions and Residual Certificates Conditions also specify that certain categories of amendments (including changes to majorities required to pass resolutions or quorum requirements) would be classified as Basic Terms Modifications. Investors should note that a Basic Terms Modification is required to be sanctioned by an Extraordinary Resolution of the holders of the relevant Class or Classes of Notes and/or the Residual Certificates then in issue, as applicable, but only in each case as are affected by such Basic Terms Modifications unless the Note Trustee is of the opinion that it would not be materially prejudicial to the respective interests of the holders of those affected Class or Classes of Notes and the holders of the Residual Certificates then in issue.

Further, the Note Trustee may be obliged and/or obliged to direct the Security Trustee, in certain circumstances, to agree to amendments to the Conditions and/or the Transaction Documents for the purpose of enabling the Issuer or any other Transaction Party to (i) comply with any change in the criteria of one or more Rating Agencies; (ii) comply with any obligation which applies to such party under the Securitisation Regulation, including as a result of the adoption of any secondary legislation or official guidance in relation to the Securitisation Regulation or regulations or official guidance in relation thereto (including, without limitation, the appointment of a third party pursuant to the Servicing Agreement and/or the Cash Management Agreement to assist with the Issuer's reporting obligations pursuant to the Securitisation Regulation); (iii) comply with FATCA; or (iv) change the base rate in respect of the Notes from LIBOR to an alternative base rate and make such other amendments as are necessary or advisable in the reasonable commercial judgement of the Issuer (or the Servicer on its behalf) to facilitate such change (a "**Base Rate Modification**") (each, a "**Proposed Amendment**"), without the consent of Noteholders pursuant to and in accordance with the detailed provisions of Condition 13.6.

In relation to any such Proposed Amendment, the Issuer is required to give at least 30 calendar days' notice to the Noteholders of each Class of the proposed modification in accordance with Condition 16 (*Notice to Noteholders*) and by publication on Bloomberg on the "Company Filings" screen relating to the Notes. However, Noteholders should be aware that, in relation to each Proposed Amendment, unless Noteholders representing at least 10 per cent. of the aggregate Principal Amount Outstanding of the Most Senior Class of Notes have contacted the Issuer in writing (or otherwise in accordance with the then current practice of any applicable clearing system through which such Notes may be held) within such notification period notifying the Issuer that such Noteholders do not consent to the modification, the modification will be passed without Noteholder consent.

If Noteholders representing at least 10 per cent. of the aggregate Principal Amount Outstanding of the Most Senior Class of Notes have notified the Issuer in writing (or otherwise in accordance with the then current practice of any applicable clearing system through which such Notes may be held) within the notification period referred to above that they do not consent to the modification, then such modification will not be made unless an Extraordinary Resolution of the Noteholders of the Most Senior Class of Notes is passed in favour of such modification in accordance with Condition 13 (*Meetings of Noteholders, Modification, Waiver and Substitution*).

Neither the Note Trustee nor the Security Trustee shall be obliged to agree to any modification which, in the sole opinion of the Note Trustee or the Security Trustee, as applicable, would have the effect of (i) exposing the Note Trustee or the Security Trustee, as applicable, to any liability against which it has not been indemnified and/or secured and/or pre-funded to its satisfaction or (ii) increasing the obligations or duties, or decreasing the rights or protection, of the Note Trustee or the Security Trustee, as applicable, in the Transaction Documents and/or the Conditions.

There is no guarantee that any changes made to the Transaction Documents, the Conditions and/or the Residual Certificates Conditions pursuant to the obligations imposed on the Note Trustee and the Security Trustee, as described above, would not be prejudicial to the Noteholders or Certificateholders.

***Rights of Noteholders, Certificateholders and Secured Creditors***

*Conflict between Noteholders*

The Trust Deed contains provisions requiring the Note Trustee to have regard to the interests of all Classes of Noteholders as regards all powers, trusts, authorities, duties and discretions of the Note Trustee (except where expressly provided otherwise). The Deed of Charge contains provisions requiring the Security Trustee (subject to being indemnified and/or secured and/or prefunded) to act on the instructions of the Note Trustee.

If, in the Note Trustee's opinion, however, there is or may be a conflict between the interests of the holders of one or more Classes of Notes, on the one hand, and the interests of the holders of one or more Classes of Notes, on the other hand, then the Note Trustee is required to have regard only to the interests of the holders of the Most Senior Class of Notes.

As a result, holders of Notes other than the Most Senior Class of Notes may not have their interests taken into account by the Note Trustee or the Security Trustee when the Note Trustee exercises discretion.

In addition, prospective investors should note that the Trust Deed provides that no Extraordinary Resolution of the holders of a Class of Notes, other than the holders of the Most Senior Class of Notes, shall take effect for any purpose while the Most Senior Class of Notes remains outstanding, unless such Extraordinary Resolution shall have been sanctioned by an Extraordinary Resolution of the holders of Most Senior Class of Notes or the Note Trustee is of the opinion it would not be materially prejudicial to the interests of the holders of the Most Senior Class of Notes.

Further, the Trust Deed further provides that no Extraordinary Resolution of the holders of a Class or Classes of Notes or the Residual Certificates which would have the effect of sanctioning a Basic Terms Modification in respect of any Class of Notes or Residual Certificates shall take effect unless it has been sanctioned by an Extraordinary Resolution of the holders of each Class of Notes then outstanding and the holders of the Residual Certificates then in issue, but only in each case as are affected which are affected by such Basic Terms Modification.

Prospective investors should note that the Seller, the Retention Holder and/or affiliates or related entities of the Seller and/or the Retention Holder may purchase some or all of any of the Notes (in addition to the Class Z1 Notes and the Class Z2 Notes to be acquired by the Retention Holder on the Closing Date) and/or the Residual Certificates, and in doing so, will not be prevented from being entitled to attend meetings of the Noteholders and/or the Certificateholders or vote at Noteholder and/or Certificateholder meetings or by way of written resolution (as applicable). The interests of the Seller, the Retention Holder and/or affiliates or related entities of the Seller and/or the Retention Holder may conflict generally with that of the other Noteholders and/or Certificateholders, and the Seller, the Retention Holder and/or affiliates or related entities of the Seller and/or the Retention Holder are not required to vote in any particular manner.

*Conflict between Noteholders, Certificateholders and other Secured Creditors*

So long as any of the Notes are outstanding and without prejudice to any consent required of any Secured Creditor pursuant to the Transaction Documents, neither the Security Trustee nor the Note Trustee shall have regard to the interests of the other Secured Creditors, subject to the provisions of the Trust Deed and Conditions 13.5 and 13.6 and Residual Certificates Condition 12.5.

In respect of the interests of the Certificateholders, the Trust Deed contains provisions requiring the Note Trustee, except where expressly specified otherwise, not to have regard to the interests of the

Certificateholders as regards all powers, trusts, authorities, duties and discretions of the Note Trustee, and requiring the Note Trustee, except where expressly provided otherwise, to have regard only to the interests of the Noteholders for so long as there are any Notes outstanding.

#### ***Eurosystem eligibility***

The Notes are, upon issuance, intended to be held in a manner which will allow Eurosystem eligibility. This means that the Notes are intended, upon issue, to be deposited with a Common Safekeeper for Euroclear and Clearstream, Luxembourg and does not necessarily mean that the Notes will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem ("**Eurosystem eligible collateral**") either upon issue or at any or all times during their life. Such recognition will depend upon satisfaction of the Eurosystem eligibility criteria. The Issuer gives no representation, warranty, confirmation or guarantee to any investor in the Notes that the Notes will, either upon issue or at any time prior to redemption in full, satisfy all or any of the requirements for Eurosystem eligibility and be recognised as Eurosystem eligible collateral. Any potential investor in the Notes should make their own conclusions and seek their own advice with respect to whether or not the Notes constitute Eurosystem eligible collateral. Any potential investors should also note that, even if the Notes were recognised as Eurosystem eligible collateral, their continued Eurosystem eligibility may be impacted once the UK ceases to be a Member State of the EU (a "**Member State**") (as to which see "*EU Referendum*" below).

#### ***Bank of England eligibility***

Certain investors in the Class A Notes may wish to consider the use of the Class A Notes as eligible securities for the purposes of the Bank of England's Discount Window Facility ("**DWF**"). Recognition of the Class A Notes as eligible securities for the purposes of the DWF will depend upon satisfaction of the eligibility criteria as specified by the Bank of England. If the Class A Notes do not satisfy the criteria specified by the Bank of England, there is a risk that the Class A Notes will not be eligible DWF collateral. None of the Issuer, the Arrangers, the Joint Lead Managers or the Seller gives any representation, warranty, confirmation or guarantee to any investor in the Class A Notes that the Class A Notes will, either upon issue, or at any times during their life, satisfy all or any requirements for the DWF eligibility and be recognised as eligible DWF collateral. Any potential investor in the Class A Notes should make its own determinations and seek its own advice with respect to whether or not the Class A Notes constitute eligible DWF collateral. No assurance can be given that the Class A Notes will be eligible securities for the purposes of the DWF and no assurance can be given that any of the relevant parties have taken any steps to register such collateral.

### **Risks Related to the Mortgage Loans**

#### ***Limitation of Sellers' Liability***

None of the Arrangers, the Joint Lead Managers, the Issuer, the Note Trustee, nor the Security Trustee has undertaken or will undertake any investigations, searches or other actions in respect of the Mortgage Loans and their Related Security and will rely instead on, *inter alia*, the warranties given by the Seller in relation to the Mortgage Loans beneficially owned by it to the Issuer in the Mortgage Sale Agreement (the "**Mortgage Loan Warranties**"). Mortgage Loans which have undergone such a limited investigation may be subject to matters which would have been revealed by a full investigation of title and which may have been remedied or, if incapable of remedy, may have resulted in the Related Security not being accepted as security for a Mortgage Loan had such matters been revealed. The sole remedy provided for in the Mortgage Sale Agreement (subject to the relevant cure period as set out in the Mortgage Sale Agreement and save as described below) of the Issuer in respect of a breach of a Mortgage Loan Warranty in relation to a Mortgage Loan shall be the requirement that the Seller repurchases any Mortgage Loan which is the subject of the breach, **provided that** this shall not limit any other remedies available to the Issuer if the Seller fails to repurchase a Mortgage Loan when obliged to do so.

There can be no assurance that the Seller will honour or have the financial resources to honour such obligations under the Mortgage Sale Agreement. Such obligations are not guaranteed by nor will they be the responsibility of any person other than the Seller and neither the Issuer, the Note Trustee nor the Security Trustee will have recourse to any other person in the event that the Seller, for whatever reason, fails to meet such obligations.

### ***Mortgage Portfolio and Selection Process***

The information in the section entitled "*Characteristics of the Mortgage Portfolio*" was extracted from the administrative systems relating to the Mortgage Portfolio as at the Cut-Off Date. The Mortgage Portfolio was selected as at the Cut-Off Date and comprised 1,091 Mortgage Loans with an aggregate Capital Balance of £180,227,517.

The characteristics of the Mortgage Portfolio as at the Closing Date will vary from those of the Mortgage Portfolio as a result of, *inter alia*, the exclusion of: (i) Mortgage Loans which redeem prior to the Closing Date (in accordance with their terms); and (ii) Mortgage Loans which at any time prior to the Cut-Off Date are found not to comply with the Mortgage Loan Warranties to be given in respect of the Mortgage Loans on the Closing Date as set out in the Mortgage Sale Agreement. See section "*The Mortgage Portfolio and the Mortgage Loans*" for more detail.

### ***Knowledge of matters represented***

The Seller was not the originator of the BML Mortgage Loans and originally acquired its interest in such BML Mortgage Loans and their Related Security under a mortgage sale agreement entered into on 25 May 2018, between, among others, BML and the Seller. Accordingly, while the Seller has a broad and general knowledge of the Mortgage Loan origination process and practices of BML as an Originator, it has no direct knowledge of whether any such Mortgage Loan origination processes were complied with at the time of the origination of the Mortgage Loans, nor does it have direct knowledge of whether any such non-compliance was in accordance with the practice of a Prudent Mortgage Lender and therefore the Seller may not have actual knowledge of any relevant matters which give rise to a breach of warranty. Therefore, a number of the Mortgage Loan Warranties (including Mortgage Loan Warranties that relate to the origination process) have necessarily been qualified by the knowledge and awareness of the Seller. It may be practically difficult for the Seller to detect a breach of warranty in respect of the Mortgage Loans to the extent that the same relates to matters outside of the immediate knowledge of the Seller and there is no ongoing active involvement of any third-party originators of the Mortgage Loans to monitor/or notify any defect in relation to the circumstances of the Mortgage Loans.

For the avoidance of doubt, to the extent that a Mortgage Loan Warranty is not expressed to be limited by reference to the awareness of the Seller, the Seller may nevertheless be liable to repurchase a Mortgage Loan in relation to which there has been a breach of a Mortgage Loan Warranty irrespective of whether it had actual knowledge of such breach. However, there can be no assurance that the Seller will have the financial resources to honour such repurchase obligation. Conversely, where a Mortgage Loan Warranty is expressed to be limited by reference to the awareness of the Seller, such repurchase obligation shall not apply unless the Seller has actual knowledge of the relevant breach of warranty at the time the warranty was given. Where no repurchase obligation is applicable, or the Seller does not satisfy such repurchase obligation, the Issuer may suffer a loss thereby affecting the ability of the Issuer to make payments under the Notes. For more information, see the section "*Summary of the Key Transaction Documents – Mortgage Sale Agreement – Representations and Warranties*".

### ***Claims against third parties***

The Seller has assigned its causes and rights of actions against solicitors and valuers to the Issuer pursuant to the Mortgage Sale Agreement, to the extent that they are assignable. However, the Seller was not the originator of the BML Mortgage Loans and Landbay Mortgage Loans, and the said rights may therefore not have been effectually assigned to it by BML, Landbay or seller of such Mortgage Loans. BML may also have waived its causes and rights of action against solicitors, qualified and licenced conveyancers and valuers. The Issuer may therefore not have any direct rights against any solicitors qualified and licenced conveyancers or valuers who, when acting for BML or Landbay in relation to the origination of any Mortgage Loan, may have been negligent or fraudulent. Equally, no assurance can be provided that such solicitors, qualified and licenced conveyancers and valuers have not, since origination of the applicable Mortgage Loans, been wound-up, struck-off or become insolvent or, in the case of individuals, been declared bankrupt or died.

However, and notwithstanding the absence of any such direct rights, the Seller has undertaken, where appropriate, to either instigate action against such solicitor or valuer or to request that the relevant Originator takes such action, **provided that** the Issuer first indemnifies the Seller for the costs of taking

such action, and subject to any limitations or conditions contained in the relevant documentation under which the Seller acquired title to the related Mortgage Loan.

***No assurance that Issuer will receive benefit of any claims under Borrower Buildings Policies***

At origination, either: (i) the relevant Mortgage Conditions; or (ii) the applicable Lending Criteria, in respect of each Mortgage Loan required that each Property have buildings insurance. However, the Servicer and/or the Issuer may not be able to determine whether the relevant Borrower has valid insurance in place at any time. No assurance can be given that the Issuer will always receive the benefit of any claims made under any such insurance contract or that the amounts received in respect of a successful claim will be sufficient to reinstate the affected property or otherwise cover the losses of the Issuer. This could adversely affect the Issuer's ability to make payments of interest and/or principal in respect of the Notes and payments due in respect of the Residual Certificates.

***Enforcement***

In relation to enforcement generally, even assuming that the Properties provide adequate security for the Mortgage Loans, delays could be encountered in connection with enforcement of the Mortgages and recovery under the Mortgage Loans with corresponding delays in the receipt of related proceeds by the Issuer.

In order to realise its security in respect of a Property, the relevant mortgagee will need to obtain possession.

In England and Wales, there are two means of obtaining possession for this purpose: first, by taking physical possession (seldom done in practice) and secondly, by applying for, obtaining and enforcing a court order.

The Court has a very wide discretion and may adopt a sympathetic attitude towards a Borrower that is considered to be a consumer at risk of eviction. If a possession order in favour of the relevant mortgagee is granted, it may be suspended to allow the relevant Borrower more time to pay. The situation may be particularly relevant where the Borrower under such Mortgage Loan is or becomes a "vulnerable" Borrower (who is a consumer), or where the situation otherwise merits sensitive handling.

In addition, in the case of a Borrower who would be considered to be a consumer, certain regulatory measures, court orders or industry practice may restrict authorised firms (such as the Servicer) from repossessing a property unless all other reasonable attempts to resolve the position have failed and, in complying with such restriction, a firm is required to consider whether, given such Borrower's circumstances, it is appropriate or required to take certain actions instead of a repossession, including (amongst other things) the extension of the term of the mortgage, product type changes and deferral of interest payments.

While each such forbearance option need not be explored at every stage of interaction with such Borrower, it is clear that these rules impose mandatory obligations on firms without regard to any relevant contractual obligations or restrictions which the relevant loan may be subject to as a result, *inter alia*, of such loan being contained within a securitisation transaction. As a result, the rules may operate in certain circumstances to require the Legal Title Holder, the Seller or the Servicer to take certain forbearance-related actions which would not otherwise comply with the Transaction Documents (and, in particular, the servicing arrangements contemplated by such Transaction Documents) in respect of one or more Mortgage Loans. No assurance can be made that any such actions will not impact on the Issuer's ability to make payments in full when due on the Notes, although the impact of this will depend on the number of Mortgage Loans that involve Borrowers who experience payment difficulties or who are considered "vulnerable" Borrowers.

Once possession of the Property has been obtained, the relevant mortgagee has a duty to the Borrower to take reasonable care to obtain a proper price for the Property. Any failure to do so will put the relevant mortgagee at risk of an action for breach of such duty by the Borrower, although it is for the Borrower to prove breach of such duty. There is also a risk that a Borrower may also take court action to force the relevant mortgagee to sell the Property within a reasonable time.

If a mortgagee takes physical possession it will, as mortgagee in possession, have an obligation to account to the Borrower for the income obtained from the Property, be liable for any damage to the Property, have a limited liability to repair the Property and, in certain circumstances, may be obliged to make improvements or may incur certain financial liabilities in respect of the Property. Actions for possession

are regulated by statute and may incur certain financial liabilities in respect of the Property. The Courts have certain powers to adjourn possession proceedings, to stay any possession order or postpone the date for delivery of possession. The Court will exercise such powers in favour of a Borrower, broadly, where it appears to the court that such Borrower is likely to be able, within a reasonable period, to pay any sums due under the Mortgage Loan or to remedy any default consisting of a breach of any other obligation arising under or by virtue of the Mortgage Loan.

Each of the Note Trustee and the Security Trustee has the absolute discretion at any time to refrain from taking any action under the Trust Deed or the Deed of Charge (as applicable) or any of the Transaction Documents including becoming a mortgagee in possession in respect of any property contained within the Mortgage Portfolio, unless it is satisfied at that time that it is indemnified and/or secured and/or prefunded to its satisfaction against any liability which it may incur by so acting.

#### ***Declining property values***

The value of the Related Security in respect of the Mortgage Loans may be affected by, among other things, a decline in residential property values in the United Kingdom, generally or in a specific region thereof. If the residential property market in the United Kingdom generally or in a specific region thereof should experience an overall decline in property values (as has in some cases happened since the date of origination of the Mortgage Loans), such a decline could in certain circumstances result in the value of the Related Security being significantly reduced and, in the event that the Related Security is required to be enforced, may result in an adverse effect on payments on the Notes.

The Issuer cannot guarantee that the value of a property will remain at the same level as on the date of origination of the related Mortgage Loan or the Closing Date. In certain cases, the value of the property is expected to be lower at the Closing Date than at the date of origination (see the section titled "*Characteristics of the Mortgage Portfolio*" for a breakdown of the Original LTV, Current LTV and WA Indexed LTV in the Mortgage Portfolio). Downturns in the performance of the United Kingdom economy generally may have a negative effect on the housing market. A fall in property prices resulting from a deterioration in the housing market could result in losses being incurred by the Issuer where the net recovery proceeds are insufficient to redeem any outstanding loan secured on such property. If the value of the Related Security backing the Mortgage Loans is reduced this may ultimately result in losses to Noteholders if the Related Security is required to be enforced and the resulting proceeds are insufficient to make payments on all Notes.

Borrowers may have insufficient equity in their homes to refinance their Mortgage Loans with lenders other than the Seller and may (as a result of the circumstances described below in "*Delinquencies or Default by Borrowers in paying amounts due on their Mortgage Loans*" or otherwise) have insufficient resources to pay amounts in respect of their Mortgage Loans as and when they fall due. This could lead to higher rates of delinquency, write-offs, enforcement and loss severities upon enforcement, which in turn may adversely affect payments on the Notes.

There has been some recovery in the UK housing market with prices now above pre-crisis highs in some regions. There is a risk that house price growth will continue to accelerate faster than earnings, stretching affordability and leaving households more vulnerable to shocks, such as increases in interest rates that could ultimately lead to higher retail loan losses. There is potential for activity and prices to decline should the labour market situation deteriorate, or if strains in the financial system re-emerge and impair the flow of credit to the wider economy. This risk is particularly relevant to Interest Only Mortgage Loans and those Mortgage Loans which have a loan to value ratio approaching 100 per cent. (See the section titled "*Risk of Losses Associated with Interest Only Mortgage Loans*" below for further detail). Potential Investors should also note that the UK housing market may be impacted once the UK ceases to be a Member State of the EU (as to which see "*EU Referendum*" below),

#### ***Geographic Concentration Risks***

Mortgage Loans in the Mortgage Portfolio may also be subject to geographic concentration risks within certain regions of the United Kingdom. To the extent that specific geographic regions within the United Kingdom have experienced or may experience in the future weaker regional economic conditions and housing markets than other regions in the United Kingdom, a concentration of the Mortgage Loans in such a region may be expected to exacerbate the risks relating to the Mortgage Loans described in this section. Certain geographic regions within the United Kingdom rely on different types of industries. Any downturn

in a local economy or particular industry may adversely affect regional employment levels and consequently the repayment ability of the Borrowers in that region or in the region that relies most heavily on that industry. The Issuer can predict neither when or where such regional economic declines may occur nor to what extent or for how long such conditions may continue. Any natural disasters in a particular region may reduce the value of affected Properties. This may result in a loss being incurred upon the sale of such Properties. These circumstances could affect receipts on the Mortgage Loans and ultimately result in losses on the Notes. For an overview of the geographical distribution of the Mortgage Loans in the Mortgage Portfolio, see "*Characteristics of the Mortgage Portfolio*".

#### ***Delinquencies or Default by Borrowers in paying amounts due on their Mortgage Loans***

As of the Cut-Off Date, approximately 2.7 per cent. of the Mortgage Portfolio by aggregate Capital Balance of the Mortgage Loans are loans that are the equivalent of one or more monthly instalments in arrears. In addition, there are a number of Mortgage Loans in the Mortgage Portfolio which include capitalisations of Arrears of Interest or charges relating to such Mortgage Loans (including Mortgage Loans secured against a leasehold property where there has been a non-payment and subsequent capitalisation of unpaid amounts due as ground rents or management charges relating to such leasehold properties). Such capitalisations or loan arrears, charges, ground rent or service charges may have been done by agreement or pursuant to the terms and conditions of the relevant Mortgage Loans. Further, in certain circumstances, the loan term, the repayment profile or other terms of a Mortgage Loan may have been altered to improve the affordability of the relevant Mortgage Loan for the relevant Borrower who was experiencing payment or repayment difficulties or who has otherwise requested such amendments. Additionally, some Borrowers may have breached other payment or non-payment obligations under the Mortgage Loans during the period since they were originated. Defaults may occur for a variety of reasons. The ability of the Borrowers to pay amounts owed under the Mortgage Loans may be affected by credit, liquidity and interest rate risks. Various factors influence mortgage delinquency rates, prepayment rates, repossession frequency and the ultimate payment of interest and principal, such as changes in the national or international economic climate, regional economic or housing conditions, changes in tax laws, interest rates, inflation, the availability of financing, political developments and government policies. Other factors in Borrowers' individual, personal or financial circumstances may affect their ability to repay their Mortgage Loan. Unemployment, loss of earnings, illness, divorce and other similar factors may lead to an increase in delinquencies by and bankruptcies (and analogous arrangements) of Borrowers, and could ultimately have an adverse impact on the ability of Borrowers to repay their Mortgage Loans. Certain Borrowers may be, or may become, unemployed throughout the life of the Mortgage Loan taken out by them, which could affect their ability to make payments and repayments under such Mortgage Loan. Additionally, Borrowers who are self-employed may have an income stream which is more susceptible to change (including the reduction or loss of future earnings due to illness, loss of business, tax laws or general economic conditions) than Borrowers who are in full time employment. Each such Borrower may resultantly be more likely to fall into payment difficulties. In addition, the ability of a Borrower to sell a property given as security for a Mortgage Loan at a price sufficient to repay the amounts outstanding under that Mortgage Loan will depend upon a number of factors, including the availability of buyers for that property, the value of that property and property values in general at the time.

Mortgage Loans in arrears and subject to historical breaches by borrowers are generally likely to experience higher rates of delinquency, write-offs, enforcements and bankruptcy than Mortgage Loans without such arrears or breaches which may impact the ability of the Issuer to make payments of the Notes.

#### ***Lending Criteria***

The Mortgage Loans were originated during the period from August 2004 until 2016. As a result, they were originated under multiple versions of origination guidelines. In addition, the Mortgage Loans and the related properties and Borrowers that were in compliance with the guidelines under which they were originated may not be in compliance with all such guidelines as of the date hereof and such deviations could have a material effect on the performance of the applicable Mortgage Loans.

The Seller did not originate the majority of the Mortgage Loans and therefore no assurance can be given that the Lending Criteria (as described in "*The Mortgage Portfolio and the Mortgage Loans*") were applied at the time of origination of such Mortgage Loans or that different criteria were applied. See further "*Risk Factors – Risks Related to the Mortgage Loans – Knowledge of matters represented*" above.

The Mortgage Portfolio will include Mortgage Loans to "**Near-Prime Borrowers**" (as described in "*Prime*" and "*Near Prime*" *BML Lending Criteria*" in respect of the Mortgage Loans originated by BML, and as described in "*Prime*" and "*Near Prime*" *GMAC Lending Criteria*" in respect of the Mortgage Loans originated by GMAC-RFC). Mortgage Loans made to Near-Prime Borrowers may experience higher rates of delinquency, write-offs, enforcement and bankruptcy than have historically been experienced by mortgage loans made to Prime Borrowers and therefore may carry a higher degree of risk.

In addition, some of the Mortgage Loans may not include a documentary record permitting the verification and cross-checking of the original financial status of the relevant Borrower, due to missing or incomplete copies of the original credit checks, including missing or incomplete records of any possible country court judgements, individual voluntary arrangements or bankruptcy orders. To the knowledge of the Seller, 11 Mortgage Loans with Capital Balance of approximately £2.5 million had a county court judgement in relation to the relevant Borrowers at the time of origination. Whilst there is no reason to believe that the county court judgement or bankruptcy order information currently held by the Seller is inaccurate, it cannot currently be independently verified. Further, whilst the relevant Originators' underwriting criteria at the time of origination of a number of Mortgage Loans may have permitted the granting of mortgage loans to borrowers subject to an individual voluntary arrangement, records of individual voluntary arrangements are not held by the Seller.

Further, a proportion of the Properties over which Mortgages in the Mortgage Portfolio are secured were built using non-traditional construction techniques that may severely impact the saleability of such Properties in the private sector. This may reduce the marketability of such Properties following enforcement and, in the event that the Related Security is required to be enforced, may result in an adverse effect on payments on the Notes.

The Mortgage Loans have been underwritten generally in accordance with the underwriting standards described in the section entitled "*The Mortgage Portfolio and the Mortgage Loans*" below. Those underwriting standards consider, among other things, a borrower's credit history, employment history and status, repayment ability and debt service-to-income ratio, as well as the value of the property. Those underwriting standards are used with a view, in part, to mitigating the risks in lending to Near-Prime Borrowers.

There can also be no assurance that these underwriting standards were applied in all cases or that Mortgage Loans originated under different criteria have not been included in the Mortgage Portfolio.

#### ***Risk of Losses Associated with high LTV Mortgage Loans***

As of the Cut-Off Date, approximately 0.56 per cent. of the Mortgage Portfolio by aggregate Capital Balance of the Mortgage Loans were originated with an LTV equal to or in excess of 90 per cent.. The Properties over which a number of Mortgage Loans are secured may be situated in regions of the United Kingdom where property values have generally either decreased or not materially increased since the origination of such Mortgage Loan (as to which please refer to the section entitled "*Declining Property Values*"). There can be no assurance that mortgage loans with higher loan to value ratios will not experience higher rates of delinquency, write-offs, enforcement and loss severities upon enforcement than mortgage loans with lower loan to value ratios.

#### ***Risk of Losses Associated with Interest Only Mortgage Loans***

As of the Cut-Off Date, approximately 99.17 per cent. of the Mortgage Portfolio by aggregate Capital Balance of the Mortgage Loans constitute Interest Only Mortgage Loans. Interest Only Mortgage Loans are originated with a requirement that the Borrower pays scheduled interest payments only and, as such, there is no scheduled amortisation of principal. Consequently, upon the maturity of an Interest Only Mortgage Loan, the Borrower will be required to make a bullet payment that will represent the entirety of the Capital Balance of the relevant Mortgage Loan if such Borrower has not previously redeemed the relevant Mortgage Loan in full or in part. The ability of such Borrower to repay an Interest Only Mortgage Loan at maturity frequently depends on such Borrower's ability to refinance the Property or to obtain funds from another source such as pension policies, personal equity plans or endowment policies (the "**Policies**"). The Seller has not required, nor has it required that any person which sold it Mortgage Loans represent that it required (or that the relevant Originator required), that such Policies be established with respect to any Interest Only Mortgage Loans nor has the Seller required that the benefit of any such Policies be assigned to it. The only security that exists will therefore be the Mortgage covering the Property. The ability of a

Borrower to refinance the Property will be affected by a number of factors as further described below. In recent times, mortgage lenders have maintained stricter conditions to the advancing of mortgage loans. The inability of Borrowers to refinance their respective Mortgage Loans may ultimately result in a reduction of amounts available to the Issuer and adversely affect its ability to make payments under the Notes.

Borrowers of Interest Only Mortgage Loans who have taken out the relevant Policies may also not make payment of the premiums due on any Policies taken out in relation to repayment of the relevant interest only mortgages in full or on time, which Policies may therefore lapse, and/or no further benefits may accrue thereunder. In certain cases, the Policy may be surrendered but not necessarily in return for a cash payment and any cash received by the Borrower may not be applied in paying amounts due under the relevant Mortgage Loan. Thus the ability of such a Borrower to repay an Interest Only Mortgage Loan or a Part and Part Mortgage Loan at maturity without resorting to the sale of the underlying property depends on such Borrower's responsibility in ensuring that sufficient funds are available from a given source such as any Policies, as well as the value of the Property, the Borrowers' equity in the Property, their financial condition, as well as the age, health and employment status of the Borrower (and in particular whether such Borrowers are retired, self-employed or unemployed at the time of maturity of such Interest Only Mortgage Loan, which could affect such Borrowers' ability to redeem or refinance an Interest Only Mortgage Loan or to continue making repayments under such Mortgage Loan), as well as tax laws and general economic conditions at the time. If a Borrower cannot repay an Interest Only Mortgage Loan or a Part and Part Mortgage Loan and a loss occurs, this may affect repayments on the Notes if the resulting Principal Deficiency Ledger entry cannot be cured from Available Revenue Receipts being applied for such purpose in accordance with the Pre-Enforcement Revenue Priority of Payments. As of the Cut-Off Date, there are 15 Mortgage Loans (comprising Interest Only Mortgage Loans) in the Mortgage Portfolio where the relevant Borrowers have not repaid the outstanding principal amount in respect of the relevant Mortgage Loans on the relevant loan maturity date, resulting in an aggregate outstanding principal balance of approximately £3.3 million. Of these, all Borrowers have continued to make regular interest payments. The Legal Title Holder has, in the ordinary course of business and pursuant to the relevant regulatory guidance, applied a period of forbearance in respect of these Mortgage Loans during which the Borrowers may seek other refinancing options before any enforcement action is taken by the Legal Title Holder. As at the Cut-Off Date, such forbearance period in respect of these Mortgage Loans ranges from 3 months to 35 months.

As a result of UK Government attention, borrowers with Interest Only Mortgage Loans which are mortgages have been encouraged to switch to a repayment loan, whereby the principal of the loan is repaid over its term. Should a Borrower elect, subject to the consent of the Legal Title Holder and the Servicer, to amend the terms of its Mortgage Loan from an Interest Only Mortgage Loan to a Repayment Mortgage Loan or a Part and Part Mortgage Loan, the relevant Mortgage Loan would remain with the Issuer as part of the Mortgage Portfolio, resulting in the Issuer and Noteholders receiving redemption payments on the relevant Mortgage Loan and the relevant Notes respectively, earlier than would otherwise have been the case. On 30 January 2018, the FCA published its Thematic Review (TR18/1) on the fair treatment of existing interest only-mortgage customers. The FCA found that all lenders in the sample had made progress in this area and the potential harm to customers caused by non-payment at maturity was reduced. The FCA is continuing to monitor risks in this area. See further "*Risk Factors – Yield and Prepayment Considerations*" above.

***Risk of Losses Associated with Self Certified Mortgage Loans and Non-Income Verified Mortgage Loans***

As of the Cut-Off Date (i) approximately 1.89 per cent. of the Mortgage Portfolio by aggregate Capital Balance of the Mortgage Loans constitute mortgage loans where the Borrower applied for a self-certified product and (ii) none of the Mortgage Loans constitute mortgage loans where the Borrower applied for a loan product that was not a self-certified loan product but where the income of the Borrower was not verified (each a "**Non-Income Verified Mortgage Loan**"). For such Mortgage Loans, income and employment details of the Borrower are not substantiated by supporting documentation. The rate of delinquencies, write-offs, enforcements and losses on such mortgage loans may be higher from those in respect of mortgage loans where supporting documentation has been provided in respect of the income or employment details of the Borrower and any such delinquencies, write-offs, enforcements and losses may lead to a reduction in amounts available to the Issuer and, ultimately, affect its ability to make payments under the Notes.

### ***Buy-To-Let Mortgage Loans***

As of the Cut-Off Date, approximately 95.54 per cent. of the Mortgage Portfolio by aggregate Capital Balance of the Mortgage Loans are non-owner occupied residential loans intended to be taken out by a Borrower in relation to the purchase or re-mortgage of a property for letting purposes (a "**Buy-To-Let Mortgage Loan**"). Moreover, 99.17 per cent. of the Buy-To-Let Mortgage Loans in the Mortgage Portfolio are the Interest Only Mortgage Loans (see further the section titled "*Risk of Losses Associated with Interest Only Mortgage Loans*" below for further detail).

In relation to such Buy-To-Let Mortgage Loans, the Borrower's ability to service such Mortgage Loans is likely to depend on the Borrower's ability to lease the relevant Properties on appropriate terms. The relevant Lending Criteria in respect of the Buy-To-Let Mortgage Loans at the point of origination required that the relevant tenancy was an assured shorthold tenancy. However, no assurance can be given that such requirements were actually adhered to by the relevant Borrower and the existence of or type of tenancy arrangements entered into by Borrowers of Buy-To-Let Mortgage Loans has not been verified. Therefore, there can be no assurance that each such Property will be the subject of an existing tenancy when the relevant Mortgage Loan is acquired by the Issuer or that any tenancy which is granted will subsist throughout the life of the Mortgage Loan and/or that the rental income from such tenancy will be sufficient (whether or not there is any default of payment in rent) to provide the Borrower with sufficient income to meet the Borrower's interest obligations or capital repayments in respect of the Mortgage Loan and that any of these factors would not have an adverse effect on the ability of the Issuer to make repayments on the Notes. There can be no assurance that, in the event of a material downturn in the private rental market, the ability to make repayments on the Buy-to-Let Mortgage Loans would not be adversely affected and as a consequence, the ability of the Issuer to make repayments under the Notes would not be adversely affected. Such a downturn could be precipitated by a range of factors, which may include (but are not limited to) an expansion of owner-occupied lending should credit conditions loosen and/or legislative changes affecting the sector, such as the introduction of rental caps or the regulation of the market or parts thereof.

Upon enforcement of a Mortgage in respect of a Property which is the subject of an existing tenancy, the Servicer may not be able to obtain, or may have difficulties in obtaining, vacant possession of the Property, for reasons including because the relevant tenancy may not be an assured shorthold tenancy. In such cases, the Servicer will only be able to sell the Property as an investment property with one or more sitting tenants. This may affect the amount which the Servicer could realise upon enforcement of the Mortgage and the sale of the Property. In such a situation, amounts received in rent may not be sufficient to cover all amounts due in respect of the Mortgage Loan. However, enforcement procedures in relation to such Mortgages include appointing a receiver of rent, in which case such a receiver must collect any rents payable in respect of the Property and apply them accordingly in payment of any interest and arrears accruing under the Mortgage Loan.

Any of the above may lead to the reduction of amounts available to the Issuer and, ultimately, affect its ability to make payments under the Notes.

The UK Government has passed legislation restricting the amount of income tax relief that individual landlords can claim for residential property finance costs (such as mortgage interest) to the basic rate of tax. Such restriction is being introduced gradually, from 6 April 2017.

From 1 April 2016, a higher rate of stamp duty land tax ("**SDLT**") has applied to the purchase of additional residential properties (such as buy-to-let properties). The current additional rate is three per cent. above the current SDLT rate. An additional rate of 3 per cent. above the standard rate is also generally payable in respect of land transaction tax in Wales on the purchase by an individual of an additional residential property. In addition, a different (and higher) rate of capital gains tax ("**CGT**") applies in respect of a gain realised by an individual on the disposal of a residential property which is not the taxpayer's principal private residence (e.g. a second home or a buy-to-let property) than the rate of CGT that applies in respect of taxable gains realised on the disposal of other assets. These measures may adversely affect the private residential rental market in England and Wales in general, or (in the case of the restriction of income tax relief) the ability of individual Borrowers of Buy-to-Let Mortgage Loans to meet their obligations under those Mortgage Loans.

### ***Financial Services Compensation Scheme and "Help to Buy" Scheme not applicable***

The Notes are not guaranteed by the UK Government under the asset-backed securities guarantee scheme. Also, any investment in the Notes does not have the status of a protected claim under the UK Financial Services Compensation Scheme and accordingly, the Notes will not confer any entitlement to compensation under that scheme.

In March 2013, the UK Government announced the "Help to Buy" Scheme involving two separate proposals to assist home buyers. The first involves a shared equity loan made available by the UK Government to borrowers for the purchase of new homes. The shared equity loans became available from 1 April 2013. The second involves a guarantee provided by the UK Government for loans made to borrowers allowing up to a 95% LTV. The guarantee loans became available from 1 October 2013. The Mortgage Loans in the Mortgage Portfolio do not benefit from any guarantee provided under the "Help to Buy" Scheme and as such no Mortgage Loan will have the benefit of any governmental guarantee or support.

### ***Realisation of Charged Assets and Liquidity Risk***

The ability of the Issuer to redeem all the Notes in full and to pay amounts to the Noteholders including after the occurrence of an Event of Default, may depend upon whether the Mortgage Loans can be realised to obtain an amount sufficient to redeem the Notes. There is not at present an active and liquid secondary market in the United Kingdom for loans with characteristics similar to the Mortgage Loans. It may not, therefore, be possible for the Issuer or, as the case may be, the Security Trustee or a Receiver to sell the Mortgage Loans on appropriate terms should such a course of action be required.

### ***Servicing of the Mortgage Loans and Reliance on Third Parties***

If the appointment of the Servicer is terminated under the Servicing Agreement, it would be necessary for the Issuer (with the consent of the Security Trustee) to appoint a replacement servicer with experience of servicing residential property mortgage loans in the United Kingdom, **provided that** such appointment is on substantially the same terms as those set out in the Servicing Agreement and the then current ratings of the Notes are not adversely affected thereby. The ability of a replacement servicer to fully perform the required services would depend on the information, software and records available at the time of the relevant appointment.

The Servicer has the ability under the Servicing Agreement to sub-contract its obligations. Notwithstanding any such sub-contracting to any party or delegation of the performance of any of its obligations under the Servicing Agreement, the Servicer will remain responsible for the performance of such obligations under the Servicing Agreement.

The Servicer has no obligation itself to advance payments that Borrowers fail to make in a timely fashion.

The Issuer is party to contracts with a number of other third parties who have agreed to perform services in relation to the Notes. In particular, but without limitation, the Cash Manager under the Cash Management Agreement, the Issuer Account Bank under the Issuer Account Bank Agreement, the Principal Paying Agent, the Agent Bank and the Registrar under the Agency Agreement and the Corporate Services Provider under the Corporate Services Agreement have all agreed to provide services with respect to the Notes and the Residual Certificates. If any of the above parties (i) were to fail to perform their obligations under the respective agreements to which they are a party; or (ii) were to resign from their appointment; or (iii) if their appointment under the agreements to which they are a party were to be terminated in accordance with the terms of the Transaction Documents (in each case, without being replaced by a suitable replacement party that is able to perform such services, has at least the minimum required ratings and holds the required licences); or (iv) in the event of the insolvency of the Collection Account Bank, Global Collection Account Bank or Issuer Account Bank, the collections on the Mortgage Portfolio or the payments to the Noteholders and the Certificateholders may be disrupted or otherwise adversely affected, which, in turn, may negatively impact the value of the Notes and the ultimate return on the Notes. However, to an extent such risks are mitigated by provisions in the relevant agreements which stipulate that no resignation or termination of the relevant service provider will be effective unless a replacement service provider of certain required standing, with certain required qualifications, having at least the required ratings or holding the required licences (as applicable) is appointed in accordance with the terms of the relevant agreements.

### ***Servicing and migration risk***

The servicing in respect of the Mortgage Loans in the Legacy Ciel Mortgage Portfolio were transferred or migrated to the Servicer from BML as servicer and Homeloan Management Limited as delegated servicer of the Legacy Ciel Mortgage Portfolio on 7 September 2018. No assurance that such migration has correctly transferred all aspects of the primary servicing carried out by BML and Homeloan Management Limited to the Servicer in relation to the Mortgage Loans.

In addition, all migrations of mortgage portfolios carries certain risks, both in relation to the compatibility of IT systems and the physical moving of loan files. Whilst there was a migration plan which looked to eliminate certain operational risks there can be no assurance that there will be no disruption in the collection of amounts from the Borrowers. Any disruption to the servicing of the Mortgage Loans, in particular any delay in collecting payments from the Borrowers, whether by way of direct debit or otherwise, could have an adverse effect on the ability of the Issuer to make payments under the Notes and the Residual Certificates.

### ***Title of the Issuer***

Legal title to all of the Mortgage Loans and (subject to registration or recording at Her Majesty's Land Registry in England and Wales (the "**Land Registry**") their related Mortgages are currently vested in the Legal Title Holder.

Legal title to the Mortgage Loans and their related Mortgages will only be transferred to the Issuer in the limited circumstances described in the section entitled "*Assignment of the Mortgage Loans and Related Security*". Prior to the Issuer obtaining legal title to the Mortgage Loans, Mortgages and other Related Security, a *bona fide* purchaser from the Legal Title Holder of any of such Mortgage Loans, Mortgages and other Related Security for value without notice of any of the interests of the Issuer or the Security Trustee might obtain a good title free of any such interest. However, the risk of third party claims obtaining priority to the interests of the Issuer or the Security Trustee in this way is likely to be limited to circumstances arising from a breach by the Legal Title Holder of its contractual obligations or fraud, gross negligence or mistake on the part of the Legal Title Holder or the Issuer or their respective personnel or agents. Further, the rights of the Issuer and the Security Trustee may be or become subject to the direct rights of the Borrowers against the Legal Title Holder. Such rights may include the rights of set off which arise in relation to transactions made between certain Borrowers and the Legal Title Holder and the right of the relevant Borrowers to redeem their Mortgage Loans by repaying the relevant Mortgage Loan directly to the Legal Title Holder. These rights may result in the Issuer receiving less monies than anticipated from the Mortgage Loans.

Until the Issuer obtains legal title to the Mortgage Loans, their related Mortgages and the Related Security, the sale of the Mortgage Loans and their related Mortgages and Related Security will take effect in equity only.

In all cases, this means that in order for legal title to be transferred to the Issuer, transfers, conveyances, assignments would have to be registered or recorded at the Land Registry and notice would have to be given to Borrowers of the transfer.

Further, unless notice of the assignment was given to the Borrowers in respect of the Mortgage Loans and their Related Security equitable or independent set-off rights may accrue in favour of any Borrower against his or her obligation to make payments to the Legal Title Holder under the relevant Mortgage Loan. These rights may result in the Issuer receiving reduced payments on the Mortgage Loans. The transfer of the benefit of any Mortgage Loans to the Issuer will continue to be subject to any prior rights any applicable Borrower may become entitled to after the transfer. Where notice of the assignment is given to any Borrower, however, some rights of set-off (being those rights that are not connected with or related to the relevant Mortgage Loan) may not arise after the date notice is given. For further information on the effects of set-off in relation to the Mortgage Portfolio, see "*Set-off may adversely affect the value of the Mortgage Portfolio or any part thereof*" below.

### ***Set-off may adversely affect the value of the Mortgage Portfolio or any part thereof***

As described above, the sale by the Seller to the Issuer of the Mortgage Loans and their Related Security will be given effect by an assignment. As a result, legal title to the Mortgage Loans and their Related Security sold by the Seller to the Issuer will remain with the Legal Title Holder until the occurrence of a

Perfection Event. Therefore, the rights of the Issuer may be subject to certain set-off rights which the relevant Borrower has against the Legal Title Holder.

The Borrowers may be entitled to exercise certain independent or equitable set-off rights against the Issuer. Subject to the paragraph below in relation to the crystallisation of Borrowers' rights of set-off following receipt of notice of assignment, independent set-off will arise in connection with transactions that are unconnected with the relevant Borrower's Mortgage Loan. Generally, an independent right of set-off could include, but is not limited to, claims by a Borrower for unpaid wages or pension liabilities (though the Seller will represent and warrant that the Borrowers are not employees of the Legal Title Holder). An independent right of set-off could also arise where the legal title holder of the Mortgage Loans is a credit institution and the relevant borrower holds an unconnected savings or deposit account with such legal title holder. However, the Legal Title Holder is not a deposit-taking institution and is not authorised to hold client money as at the date of this Prospectus.

Equitable set-off rights may arise in connection with a transaction connected with a Mortgage Loan.

Once notice has been given to the Borrowers of the assignment of the Mortgage Loans and their Related Security to the Issuer, independent set-off rights which a Borrower has against the Legal Title Holder will crystallise and further rights of independent set-off would cease to accrue from that date and no new rights of independent set-off could be asserted following that notice. Independent set-off rights against the relevant Originator (other than where the Legal Title Holder was the Originator) would have crystallised on notice of transfer to the Legal Title Holder. Set-off rights arising under "*transaction set-off*" (being those set-off claims arising out of a transaction connected with the Mortgage Loan) will not be affected by that notice and will continue to exist.

The relevant Borrower may set off any claim for damages arising from an Originator's or the Legal Title Holder's breach of contract against the Legal Title Holder and the Issuer's (as equitable assignee of or holder of the beneficial interest in or beneficiary in respect of the Mortgage Loans and their Related Security) claim for payment of principal and/or interest under the relevant Mortgage Loan as and when it becomes due. These set-off claims will constitute transaction set-off, as described above.

The amount of any such claim against the Legal Title Holder for equitable set-off will, in many cases, be the cost to the Borrower of finding an alternative source of funds. In addition to the difference in the cost of borrowing, the relevant Borrower could also set off any direct losses arising from the Legal Title Holder's breach of contract, namely the associated costs of obtaining alternative funds (for example, legal fees and survey fees).

If the Borrower is unable to find an alternative source of funds, he or she may have a claim in respect of other indirect losses arising from an Originator or Legal Title Holder's breach of contract where there are special circumstances communicated by the Borrower to the relevant Originator at the time the Borrower entered into the Mortgage Loan or which otherwise were reasonably foreseeable. A Borrower may also attempt to set off an amount greater than the amount of his or her damages claim against his or her mortgage payments. In that case, the Servicer will be entitled to take enforcement proceedings against the Borrower, although the period of non-payment by the Borrower is likely to continue until a judgment is obtained.

The exercise of set-off rights by Borrowers may adversely affect the timing of receipt and ultimate amount received by the Issuer in respect of the relevant Mortgage Loans and the realisable value of the Mortgage Portfolio and/or the ability of the Issuer to make payments under the Notes.

### ***Payment Protection Insurance***

The Originators (including the Seller) may be exposed directly or indirectly (via a broker network) to the inherent risks relating to the mis-selling of financial products, acting in breach of regulatory principles or requirements and giving negligent advice or other conduct determined by regulators to be inappropriate, unfair or non-compliant with applicable law or regulations. The Seller's approach to provisions for historic mis-selling issues such as Payment Protection Insurance Policy (the "**PPI Policy**") is based on the views and requirements of the regulators. Any change in the regulators' current approach could have a material impact. As far as the Seller is aware, PPI Policies were not sold in connection with the BML Mortgage Loans.

In November 2015, the FCA published a consultation paper (CP15/39 - Rules and guidance on payment protection insurance complaints) on new rules and guidance on the handling of PPI Policy claims that proposed, among other things, a two year time limit on PPI Policy claims (which of itself could be subject to judicial challenge) and a dedicated marketing campaign to inform consumers of the deadline. The FCA revisited the issue in a further consultation paper (CP 16/20 - Rules and guidance on payment protection insurance complaints: feedback on CP15/39 and further consultation) in August 2016, which proposed further changes to the rules and guidance on the handling of PPI Policy complaints in the light of the UK Supreme Court's decision in *Plevin v Paragon Personal Finance Ltd* [2014] UKSC 61 ("**Plevin**"), proposed a deadline of June 2019 for new PPI Policy complaints and reconsidered the FCA's approach to redress calculations in relation to profit share. In *Plevin*, the UK Supreme Court held that, judged on its own facts, non-disclosure of the amount of commissions payable in connection with the sale of a single premium PPI Policy to a customer could create an unfair relationship under the provisions of the UK Consumer Credit Act. The Seller has not yet determined any possible wider impact of such decision on its historical sales of PPI Policies.

In March 2017, the FCA issued final rules and guidance (PS17/3 – Payment protection insurance complaints feedback on CP16/20 and final rules and guidance) on PPI complaints. PS17/3 set a new deadline of 29 August 2019 for new PPI Policy complaints.

In July 2018, the FCA published a consultation paper (CP18/18 – Guidance on regular premium PPI complaints and recurring non-disclosure of commission) to deal with uncertainty that has emerged since the final rules were issued in March 2017. The guidance clarifies that firms should assess commission disclosures not only at the point of sale but on an on-going basis, and that this should be assessed under the FCA's general (non-PPI specific) complaint handling rules. This consultation period has now closed.

In October 2018, the FCA published a PPI Complaints Deadline Progress Report on the consumer communications campaign and supervisory work it has been running in support of its 29 August 2019 complaints deadline. The FCA noted in that report a rise in consumer PPI action since the start of the campaign: 8.4m checking enquiries were made, with monthly volumes 40% up on their immediate pre-campaign level; and 3.7m complaints were made, 63% up on the 10 months before the campaign.

Since *Plevin*, judgement was handed down at the County Court level in *Doran v Paragon Personal Finance Ltd* [2018] WL 03328883 ("**Doran**") that awarded damages for a PPI claim in respect of the whole of the premium paid for the original policy, notably in excess of current FCA guidelines. *Doran* is potentially significant as claimants who have previously had their cases rejected could ask for them to be reconsidered on a commission basis; claimants are likely to be incentivised to pursue complaints in court, given the higher awards which can be obtained.

These new variables (including as to timing) create challenges to accurately model future redress relating to past sales of PPI Policy with certainty. Forecast future complaint volumes relating to the Mortgage Loans comprising the Mortgage Portfolio are difficult to predict and may increase, albeit the complaints to date have mostly been relevant to possible cases of mis-selling by a broker network, rather than the Originators themselves.

### ***General Regulatory Considerations***

No assurance can be given that any relevant regulatory authority will not in the future take action or that future adverse regulatory developments will not arise with regard to the mortgage market in the United Kingdom generally, the buy-to-let mortgage loan market, or specifically in relation to the Seller, Legal Title Holder or the Servicer. Any such action or developments may have a material adverse effect on the Mortgage Loans, the Seller, Legal Title Holder, the Issuer or the Servicer and their respective businesses and operations. In particular, the cost of compliance with any such regulation, action or requirement may adversely affect the ability of the Issuer to meet its financial obligations under the Transaction Documents and the Notes.

### ***Certain Regulatory considerations***

#### ***Regulation of Mortgage Business***

The Financial Services and Markets Act 2000 (as amended) ("**FSMA**") regulates financial services in the United Kingdom. The FSMA states that no person may carry on a regulated activity in the United Kingdom,

or purport to do so, unless he is an authorised person or an exempt person. Regulation of residential mortgage business under the FSMA came into force on 31 October 2004 (the "**Mortgage Regulation Date**").

On 1 April 2013, following amendments made to the FSMA by the Financial Services Act 2012, many functions of the Financial Services Authority (the "**FSA**") were transferred to the Financial Conduct Authority (the "**FCA**") and the Prudential Regulation Authority (the "**PRA**"). Under the new structure, the FCA has taken over, amongst other things, the FSA's responsibility for the authorisation and supervision of persons carrying on specified regulated mortgage-related activities under the FSMA.

The PRA is responsible for the prudential supervision of deposit takers, insurers and a small number of significant investment firms. Depending on the scope of a firm's authorisation and permissions, firms involved in the residential mortgage market may be regulated by both authorities (in which case they will be known as dual-regulated firms) or by the FCA only. Firms authorised by the FSA prior to 1 April 2013 had their authorisations transferred to the relevant authorities and did not need to apply for new authorisations.

The Financial Services and Markets Act 2000 (Regulated Activities) Order 2001 (as amended) (the "**Regulated Activities Order**") provides that after the Mortgage Regulation Date the following four activities will be regulated activities under the FSMA:

- (a) entering into as lender;
- (b) in certain circumstances administering;
- (c) arranging; and
- (d) advising on a regulated mortgage contract.

Agreeing to carry on any of these activities will also be a regulated activity.

A contract is a "**Regulated Mortgage Contract**" for the purposes of the Regulated Activities Order if it is originated after the Mortgage Regulation Date, or originated prior to the Mortgage Regulation Date but varied after the Mortgage Regulation Date such as that a new contract is entered into, and at the time it is entered into, (i) the contract is one under which the lender provides credit to an individual or to trustees (the "**borrower**"), (ii) the contract provides for the repayment obligation of the Borrower to be secured by a mortgage on land in the EEA (as amended by the Mortgage Credit Directive (defined below) with effect from 21 March 2016) and (iii) at least 40 per cent. of that land is used, or is intended to be used, as or in connection with a dwelling by the Borrower or (in the case of credit provided to trustees) by an individual who is a beneficiary of the trust, or by a related person.

For the purpose of the above categorisation, under the Regulated Activities Order, a "related person" is defined as meaning the Borrower's spouse, civil partner, parent, brother, sister, child, grandparent or grandchild or a person (whether or not of the opposite sex) whose relationship with the Borrower has the characteristics of the relationship between husband and wife.

The Regulated Activities Order sets out certain exclusions to these provisions. Among other things, these exclusions state that a person who is not an authorised person does not carry on the regulated activity of administering a Regulated Mortgage Contract where he (i) arranges for another person, being an authorised person with permission to carry on an activity of that kind, to administer the contract or (ii) administers the contract himself during a period of not more than one month beginning with the day on which any such arrangement comes to an end.

If requirements as to the authorisation of lenders and brokers are not complied with, a Regulated Mortgage Contract will be unenforceable against the borrower except with the approval of a court and the unauthorised person may commit a criminal offence. An unauthorised person who carries on the regulated mortgage activity of administering a Regulated Mortgage Contract that has been validly entered into may commit an offence, although this will not render the contract unenforceable against the borrower.

The Legal Title Holder, the Seller and the Servicer are each authorised and hold the permissions necessary to enter into and to administer Regulated Mortgage Contracts. Subject to certain exemptions, brokers are required to be authorised to arrange and, where applicable, to advise in respect of Regulated Mortgage

Contracts. The Issuer is not, and does not propose to be, an authorised person under the FSMA. The Issuer does not require authorisation in order to acquire legal or beneficial title to a Regulated Mortgage Contract. The Issuer does not carry on the regulated activity of administering Regulated Mortgage Contracts by appointing the Servicer (which has the required authorisation and permission under the FSMA) to administer them pursuant to a servicing agreement. If the Servicing Agreement terminates, however, the Issuer will have a period of one month in which to arrange for the Mortgage Loans to be administered by a replacement servicer having the required FSMA authorisation and permission. Generally speaking buy-to-let mortgages where the borrower is acting by way of business are not regulated as either Regulated Mortgage Contracts or CBTL Mortgages (as defined in "*Mortgage Credit Directive*" below). The Seller will provide relevant representations and warranties, in respect of the Mortgage Loans on the Closing Date.

In addition, the Issuer is not required to be authorised by the FCA under Part 4A of the FSMA in order to hold beneficial title to the Mortgage Loans. As at the Closing Date the Issuer will only hold beneficial title to the Mortgage Loans. In the event that legal title is transferred to the Issuer upon the occurrence of a Perfection Event, in respect of Mortgage Loans that are regulated credit agreements, the Issuer expects that it will be exempt from carrying on a regulated activity under article 60B(2) of the Regulated Activities Order, on the basis that the Issuer will have appointed a servicer in respect of the Mortgage Loans and the Issuer is not expected to grant credit; as such the Issuer will not require, and does not propose to obtain, authorisation under Part 4A of the FSMA. However, in the event that a Mortgage Loan is varied, such that a new contract is entered into and that contract constitutes a Regulated Mortgage Contract, then the arrangement of, advice on, administration of and entering into of such variation would need to be carried out by an appropriately authorised entity. In addition, on and after the Mortgage Regulation Date, no variation has been or will be made to the Mortgage Loans where it would result in the Issuer arranging or advising in respect of, administering or entering into a Regulated Mortgage Contract or agreeing to carry on any of these activities, if the Issuer would be required to be authorised under the FSMA to do so.

A borrower who is a private person may be entitled to claim damages for loss suffered as a result of any contravention by an authorised person of a rule made under the FSMA, including those in The FCA's Mortgages and Home Finance: Conduct of Business sourcebook (as amended, "**MCOB**"). The borrower may set off the amount of the claim against the lender for contravention of MCOB against the amount owing by the Borrower under the loan or any other loan that the Borrower has taken with the lender. Any such set-off may adversely affect the Issuer's ability to make payments on the Notes.

The MCOB, which sets out rules under the FSMA for regulated mortgage activities, was published on 31 October 2004. These rules cover, *inter alia*, certain pre-origination matters such as financial promotion and pre-application illustrations, pre-contract and start-of-contract and post-contract disclosure, contract changes, charges and arrears and repossessions.

In June 2010, the FSA made changes to MCOB which effectively converted previous guidance on the policies and procedures to be applied by authorised firms with respect to forbearance in the context of Regulated Mortgage Contracts into formal mandatory rules. Under the new rules, a firm is restricted from repossessing a property unless all other reasonable attempts to resolve the position have failed and, in complying with such restriction, a firm is required to consider whether, given the relevant borrower's circumstances, it is appropriate to take certain actions. Such actions refer to (amongst other things) the extension of the term of the mortgage, product type changes and deferral of interest payments. As a result, MCOB may operate in certain circumstances to require the Servicer to take certain forbearance-related actions which do not comply with the Transaction Documents (and, in particular, the asset servicing arrangements contemplated by such Transaction Documents) in respect of one or more Mortgage Loans. No assurance can be made that any such actions will not impact adversely on the Issuer's ability to make payments on the Notes, although the impact of this will depend on the number of Mortgage Loans which involve a Borrower who experiences payment difficulties.

As a general rule, it is intended that Regulated Mortgage Contracts are not within the scope of the Consumer Credit Act 1974, as amended (the "**CCA**"). A court order under section 126 of the CCA is, however, necessary to enforce a land mortgage securing a Regulated Mortgage Contract to the extent that the credit agreement would, apart from the exemption referred to above, be regulated by the CCA or treated as such. Where a credit agreement is regulated by the CCA or treated as such, any failure to comply may render the contract unenforceable (in some cases without a court order).

In August 2018, the FCA published an interim report on retained CCA provisions, which concluded that the protections offered by the CCA continued to be relevant and should remain in some form, either in

legislation or via FCA rules. On 25 March 2019, the FCA published its final report, which broadly confirmed its views in the interim report. In particular, the FCA expressed a preference for the maintenance of these protections in the CCA or other legislation, as the FCA's current rule-making powers were deemed insufficient to provide the same level of protection under FCA rules.

The Seller will give certain warranties to the Issuer in the Mortgage Sale Agreement that, among other things, each Mortgage Loan and its Related Security is enforceable (subject to certain exceptions). If a Mortgage Loan or its Related Security does not comply with these warranties, and if the default (if capable of remedy) cannot be or is not cured within the time periods specified in the Mortgage Sale Agreement, then the Seller will, upon receipt of notice from the Issuer, and subject to the expiry of applicable cure periods, be liable to repurchase the relevant Mortgage Loans and their Related Security from the Issuer in accordance with the Mortgage Sale Agreement.

Regulated activities in relation to debt such as debt administration and debt collecting could still be carried out in respect of unregulated buy-to-let mortgage loans, including certain Mortgage Loans. However, an exclusion applies when the person carrying out these activities such as the Servicer or Issuer is the person providing credit under a credit agreement, or a person who exercises or has the right to exercise the rights and duties of a person who provided credit under such an agreement.

#### *Expansion of MCOB*

In October 2009, the FSA launched a wide-ranging mortgage market review ("**MMR**") and in October 2012, it published a policy statement setting out amendments to the FSA Handbook in relation to the results of the MMR. Those amendments came into force in April 2014.

The FCA started to track firms' progress towards implementation of the MMR from the second quarter of 2013, and mortgages entered into on or after 26 April 2014 must comply with these new rules. The rules apply to a Mortgage Loan where (i) it is entered into on or after 26 April 2014; or (ii) where it is varied so as to increase the principal amount outstanding under the relevant Mortgage Loan (for example, by way of further advance) on or after 26 April 2014 and in each case provided MCOB applies to the Mortgage Loan generally as a Regulated Mortgage Contract. To the extent that further advances are made which constitute new Mortgage Loans, or a Mortgage Loan is varied and in so doing a new Mortgage Loan is created under the new terms and such Mortgage Loan is a Regulated Mortgage Contract, then these new rules would apply.

The MMR changes impacted on both Regulated Mortgage Contract lenders and intermediaries. For lenders, the principal changes focused upon responsible lending and include:

- (a) more thorough verification of borrowers' income (no self-certification of income, mandatory third party evidence of income required);
- (b) assessments of affordability of Interest Only Mortgage Loans on a capital and interest basis unless there is a clearly understood and believable alternative source of capital repayment;
- (c) application of interest rate stress-tests – lenders must consider the likely interest rate movements over a minimum period of 5 years from the start of the mortgage term;
- (d) when making underwriting assessments, lenders must take account of future changes to income and expenditure that a lender knows of or should have been aware of from information gathered in the application process; and
- (e) lenders may base their assessment of customers' income on actual expected retirement age rather than state pension age. Lenders will be expected to assess income into retirement to judge whether the affordability tests can be met.

On 16 May 2016, the FCA published a report (TR16/4: Embedding the Mortgage Market Review: Responsible Lending Review) which summarised the key findings of the FCA's market-wide thematic review of how firms were applying the responsible lending rules introduced in April 2014 as a result of the MMR. The report contained the following messages to lenders:

- (a) lenders need to develop their affordability assessment processes and ensure that each aspect of their affordability assessment is adequate and appropriate to the circumstances of the Borrowers;

- (b) lenders need to verify the Borrowers' income accurately;
- (c) when relying on modelled expenditure, the lenders need to assure themselves that the figures are based on realistic assumptions;
- (d) when considering the effect of expected future interest rate changes, the lenders must have regard to both market expectations and any prevailing Financial Policy Committee's recommendation. They also need to be able to clearly justify the basis used with reference to both;
- (e) the record keeping for lending decisions needs to improve; and
- (f) lenders need to ensure they can demonstrate how they assess affordability in each individual case.

There are also significant changes to mortgage distribution and advice requirements in sales, arrears management and requirements on contract variations such as when additional borrowing is requested.

To the extent that the MMR does apply to any of the Mortgage Loans, failure to comply with these rules may entitle a Borrower to claim damages for loss suffered or set-off the amount of the claim against the amount owing under the Mortgage Loan. Any such claim or set-off may adversely affect the Issuer's ability to make payment on the Notes.

On 26 March 2019, the FCA published a consultation paper on proposed changes to its responsible lending rules and guidance, which will enable mortgage lenders to make more proportionate affordability assessments. The aim of the proposed changes is to remove potential barriers in the FCA's rules to make it easier for customers of inactive lenders and unregulated entities to switch to an active, authorised lender. In particular, inactive lenders, and administrators acting for unregulated entities, are required to review their customer books and contact relevant customers. They must then write to those customers highlighting the modified affordability assessment and directing them to relevant sources of information.

#### *Financial Promotions Regime*

The regime under the FSMA regulating financial promotions covers the content and manner of the promotion of agreements relating to qualifying credit and by whom such promotions can be issued or approved. In this respect, the FSMA financial promotions regime not only covers financial promotions of Regulated Mortgage Contracts but also promotions of certain other types of secured credit agreements under which the lender is a person (such as the Servicer) who carries on the regulated activity of entering into a Regulated Mortgage Contract. Failure to comply with the financial promotion regime (as regards who can issue or approve promotions) is a criminal offence and renders the Regulated Mortgage Contract or other secured credit agreement in question unenforceable against the borrower except with the approval of a court.

#### *Mortgage Credit Directive*

On 31 March 2011, the European Commission published a proposal for a directive on credit agreements relating to residential immovable property for consumers. The Council of the European Union adopted the resulting directive (Directive 2014/17/EU) (the "**Mortgage Credit Directive**") on 28 January 2014. Member States were required to implement the Mortgage Credit Directive into national law by 21 March 2016.

The Mortgage Credit Directive aims to create an EU-wide mortgage credit market with a high level of consumer protection. It applies to: (a) credit agreements secured by a mortgage or comparable security commonly used in a member state of the EU (a "**Member State**") on residential immovable property, or secured by a right relating to residential immovable property; and (b) credit agreements the purpose of which is to finance the purchase or retention of rights in land or in an existing or proposed residential building. It also extends the Consumer Credit Directive (2008/48/EC) to unsecured credit agreements the purpose of which is to renovate residential immovable property involving a total amount of credit above €75,000.

In the UK, the Mortgage Credit Directive was implemented in part by the Mortgage Credit Directive Order 2015 (the "**MCD Order**"). In outline, the MCD Order has: (i) put in place a new regulatory regime for consumer buy-to-let mortgages ("**CBTL Mortgages**"); (ii) widened the definition of a Regulated Mortgage Contract to include second charge mortgages; and (iii) transferred the regulation of some existing

regulated credit agreements (e.g. second charge loans) from the consumer credit regime to the regime that applies to Regulated Mortgage Contracts. The MCD Order took effect for most purposes on 21 March 2016, the date on which the MCD Order became effective, although it was amended on 16 March 2016 by the Financial Services and Markets Act 2000 (Regulated Activities) (Amendment) Order 2016 to apply to certain agreements dating from before 21 March 2016. As a result, the MCD Order also regulates certain credit agreements secured on land that were in existence at 21 March 2016, including existing second charge mortgages ("**consumer credit back book mortgage contracts**"). Certain provisions of MCOB will apply to these consumer credit back book mortgage contracts. These include the rules relating to post-sale disclosure ("**MCOB 7**"), charges ("**MCOB 12**") and arrears, payment shortfalls and repossessions ("**MCOB 13**"). General conduct of business standards will also apply (MCOB 2). This process is subject to detailed transitional provisions that are intended to retain certain customer protections in the Consumer Credit Sourcebook ("**CONC**") and the CCA that are not contained within MCOB.

On 22 July 2015, the Mortgage Credit Directive Order (Amendment) Order 2015 (the "**MCD (Amendment) Order**") was published. Articles 1 and 2 of the MCD Amendment Order came into force on 20 September 2015. Article 3 came into force on 21 March 2016. The MCD (Amendment) Order: (i) provides that the availability of a transitional arrangement for new loans secured by a second or subsequent mortgage is determined at the first contact with a customer, whether that contact is made by a mortgage lender or an intermediary; and (ii) clarified the regulatory status of a small number of existing buy-to-let mortgages.

In parallel, the FCA consulted on the implementation of this new framework, making its Mortgage Credit Directive Instrument 2015, also on 25 March 2015. The legislation came into force on 21 March 2016, creating a new distinction between consumer buy-to-let ("**CBTL**") mortgages and buy-to-let mortgage agreements wholly or predominantly for the purposes of a business carried on, or intended to be carried on, by the borrower ("**Unregulated BTL Agreements**"). The legislation sets out a series of circumstances which would indicate a buy-to-let customer is acting by way of business. HM Treasury has stated that it would expect CBTL activity to represent a small proportion of total buy-to-let transactions. A firm entering into a CBTL mortgage as a lender, acting as an administrator, intermediary, arranger or carrying out advisory services in relation to CBTL mortgages must be registered with the FCA and will be subject to conduct of business rules in respect of both the origination and servicing of CBTL mortgages.

In January 2016, the FCA published a consultation paper (CP16/2 – Mortgage Credit Directive: Minor changes to our rules and guidance) which consulted on the implementation of the amendments to the regulatory framework on consumer mortgages being implemented by way of the MCD Order (as amended).

### ***Regulation of Buy-to-Let Mortgage Loans***

Buy-to-let mortgage loans can fall under several different regulatory regimes. They can be:

- (a) unregulated;
- (b) regulated by the CCA as a regulated credit agreement – as defined by article 60B of the Regulated Activities Order;
- (c) regulated by the FSMA as a Regulated Mortgage Contract - as defined by article 61 of the Regulated Activities Order; or
- (d) regulated as a CBTL mortgage contract under the consumer buy-to-let regime - as defined in the MCD Order.

In December 2018, the FCA published a consultation paper (CP 18/41 FCA and PRA changes to mortgage reporting requirements), which seeks to address gaps in mortgage lending reporting. The findings of the consultation may result in enhanced reporting requirements for lenders, which may result in additional costs. The consultation paper closed on 22 March 2019, with final rules due to be published in Summer 2019.

### ***The CCA Regime***

In order to avoid dual regulation under FSMA and CCA it is intended that Regulated Mortgage Contracts will not be regulated by the CCA. Certain regulations made in 2005 and 2008 under FSMA are designed to clarify the position in this regard. This exemption only affects credit agreements made on or after the Mortgage Regulation Date and credit agreements made before the Mortgage Regulation Date but

subsequently changed such that a new contract is entered into on or after the Mortgage Regulation Date and constitutes a separate Regulated Mortgage Contract. The Mortgage Loans that were entered into before the Mortgage Regulation Date will continue to be subject to the CCA.

Credit agreements made before 1 April 2014 are regulated by the CCA where: (a) the Borrower was or included an "individual" as defined in the CCA; (b) (if the credit agreement was made before 6 April 2008) the amount of credit did not exceed the financial limit of £25,000 for credit agreements made on or after 1 May 1998, or lower amounts for credit agreements made before that date and (c) the credit agreement was not an exempt agreement under the CCA. The upper financial limit of £25,000 was removed on 6 April 2008 but after the removal of the upper financial limit certain credit agreements remained exempt from being classified as regulated credit agreements. This included exemptions applicable to loans over £25,000 which were entered into by the borrower for business purposes or where the borrower occupied or intended to occupy, less than 40% of the land secured by the legal mortgage. These exemptions were included in the Regulated Activities Order" (the "RAO") in a similar form when the FCA became responsible for the regulation of consumer credit.

Any lender or broker undertaking consumer credit business, including where a credit agreement is only partly regulated by the CCA or treated as such must comply with requirements under the CCA as to licensing (or, following 1 April 2014, FCA authorisation of lenders and brokers), documentation and origination procedures of credit agreements and (in so far as applicable) pre-contract disclosure. If it does not comply with those requirements, then to the extent that the credit agreement is regulated by the CCA or treated as such, it is unenforceable against the borrower (a) without an order of the FCA or the court, if the lender or any broker did not hold the required licence or authorisation at the relevant time, (b) totally, for a credit agreement entered into before 6 April 2007, if the form of such credit agreement was not signed by the borrower personally or omits or mis-states a "prescribed term" or (c) without a court order in other cases and, in exercising its discretion whether to make the order, the court would take into account any prejudice suffered by the borrower and any culpability of the lender.

A court order under section 126 of the CCA is necessary to enforce a land mortgage, securing a CCA regulated agreement, a Regulated Mortgage Contract or a consumer credit agreement that would, but for article 60D of the RAO, be a regulated agreement. In dealing with such an application for enforcement, the court has the power, if it appears just to do so, to amend the loan, further advance or credit agreement or to impose conditions upon its performance or to make a time order (for example, giving extra time for arrears to be cleared).

Under section 75 of the CCA, in certain circumstances the lender is liable to the borrower in relation to misrepresentation and breach of contract by a supplier in a transaction financed by a credit agreement that is wholly or partly regulated by the CCA or treated as such, where the credit agreement is or is treated as entered into under pre-existing arrangements, or in contemplation of future arrangements, between the lender and the supplier. In addition, a borrower who is a private person may be entitled to claim damages for loss suffered as a result of any contravention by an authorised person (under FSMA) of a rule under FSMA. From 1 April 2014, such rules include rules in the Consumer Credit Sourcebook ("CONC"). The borrower may set off the amount of the claim against the lender against the amount owing by the borrower under the loan or under any other loan agreement that the borrower has taken with the lender. Any such set-off may adversely affect the Issuer's ability to make payments on the Notes.

Sections 140A-C of the CCA contain an "unfair relationship" test that applies to all credit agreements, other than Regulated Mortgage Contracts under the FSMA, thus including buy-to-let loans. If the court makes a determination that the relationship between a lender and a borrower is unfair, then it may make an order, among other things, requiring the relevant Originator, or any assignee to repay amounts received from such borrower. In applying the "unfair relationship" test, the courts are able to consider a wider range of circumstances surrounding the transaction, including the creditor's and the lender's conduct before and after making the agreement. There is no statutory definition of the word "unfair" in the CCA as the intention is for the test to be flexible and subject to judicial discretion and it is therefore difficult to predict whether a court would find a relationship "unfair". However, the word "unfair" is not an unfamiliar term in UK legislation due to the UTCCR and, subsequently, the CRA (as defined below). The courts may, but are not obliged to, look solely to the CCA for guidance. The principle of "treating customers fairly" under the FSMA, and guidance published by the FSA and, as of 1 April 2013, the FCA on that principle and by the OFT on the unfair relationship test, may also be relevant. Under the CCA, once the debtor alleges that an "unfair relationship" exists, the burden of proof is on the creditor to prove the contrary. The Supreme Court's judgment in Plevin has clarified that compliance with the relevant regulatory rules by the creditor (or a

person acting on behalf of the creditor) does not preclude a finding of unfairness, as a wider range of considerations may be relevant to the fairness of the relationship than those which would be relevant to the application of the rules.

Early repayment charges are restricted by a formula under the CCA, which applies to the extent that the credit agreement is regulated by the CCA or is treated as such. A more restrictive formula applies generally to all such credit agreements made on or after 11 June 2010. This may have an adverse effect on the enforceability of certain Mortgage Loans and consequently the Issuer's ability to make payment in full on the Notes when due.

The Originators, the Seller and the Servicer have had to interpret certain technical rules under the CCA in a way common with many other lenders in the mortgage market. If such interpretation were held to be incorrect by a court or the Ombudsman (as defined below), then a Mortgage Loan, to the extent that it is regulated by the CCA or treated as such, could be unenforceable as described above. If such interpretation were challenged by a significant number of Borrowers, then this could lead to significant disruption and shortfall in the income of the Issuer. Court decisions have been made on technical rules under the CCA against certain mortgage lenders, but such decisions are very few and are generally county court decisions which are not binding on other courts.

The Seller will give warranties to the Issuer in the Mortgage Sale Agreement that, among other things, each Mortgage Loan and its Related Security are enforceable (subject to exceptions). If a Mortgage Loan or its Related Security do not comply with these warranties, and if the default cannot be or is not cured within the time periods specified in the Mortgage Sale Agreement, then the Seller will, prior to the Optional Redemption Date and upon receipt of notice from the Issuer, be liable, subject to the expiry of applicable cure periods, to repurchase the relevant Mortgage Loan(s) and their Related Security from the Issuer.

#### ***Powers to Make Temporary Product Interventions***

The FCA has the power to render unenforceable contracts which are made in contravention of its product intervention rules. The FCA has the power to make product intervention rules under section 137D of the FSMA, prohibiting authorised persons from taking a number of actions, including entering into specified contracts with any person or with a specified person. The FCA is normally obliged to consult the public and prepare a cost-benefit analysis before making any rules but there is an exemption to this requirement, which allows the FCA to make temporary product intervention rules ("**TPIRs**") without consultation, if it considers that the delay involved in complying with the requirement to consult would be prejudicial to the interests of the consumer (see section 138L of FSMA). The FCA can also make TPIRs without consultation if it considers that it is necessary or expedient to do so in order to: (i) advance the consumer protection objective, (ii) advance the competition objective or (iii) protect market integrity (see section 138M of FSMA). The TPIRs are intended to offer protection to consumers in the short term whilst either the FCA or the industry develop more permanent solutions and, in any event, are limited to a maximum duration of 12 months.

In relation to agreements entered into in breach of a product intervention rule (including a TPIR), the FCA's rules may provide for (i) the relevant agreement or obligation to be unenforceable; (ii) the recovery of any money or other property paid or transferred under the agreement; or (iii) the payment of compensation for any loss sustained under the relevant agreement or obligation.

#### ***Financial Services (Distance Marketing) Regulations 2004***

The Financial Services (Distance Marketing) Regulations 2004 apply to, *inter alia*, credit agreements entered into on or after 31 October 2004 by means of distance communication (i.e. without any substantive simultaneous physical presence of the originator and the Borrower). A Regulated Mortgage Contract under the FSMA, if made by a UK originator from an establishment in the UK, will not be cancellable under these regulations. Any other credit agreement will be cancellable under these regulations, if the borrower does not receive prescribed information at the prescribed time, or in any event for certain unsecured lending. The borrower may send notice of cancellation under these regulations at any time before the end of the fourteenth day after the day on which the cancellable agreement is made or, if later, the borrower receives the last of the prescribed information.

If the borrower cancels the credit agreement under these regulations, then:

- (a) the borrower is liable to repay the principal and any other sums paid by the originator to the borrower under or in relation to the cancelled agreement, within 30 calendar days beginning with the day of the borrower's sending notice of cancellation or, if later, the originator receiving notice of cancellation;
- (b) the borrower is liable to pay interest, or any early repayment charge or other charge for credit under the cancelled agreement, only if the borrower received certain prescribed information at the prescribed time and if other conditions are met; and
- (c) any security is to be treated as never having had effect for the cancelled agreement.

If a significant portion of the Mortgage Loans are characterised as being cancellable under these regulations, then there could be an adverse effect on the Issuer's receipts in respect of the Mortgage Loans, affecting the Issuer's ability to make payments in full on the Notes and Residual Certificates when due.

#### ***Unfair Terms in Consumer Contracts Regulations 1994 and 1999***

In the United Kingdom, the Unfair Terms in Consumer Contracts Regulations 1999 as amended (the "**1999 Regulations**"), together with (in so far as applicable) the Unfair Terms in Consumer Contracts Regulations 1994 (together with the 1999 Regulations, the "**UTCCR**"), apply to agreements made on or after 1 July 1995 and before 1 October 2015 and affect all or almost all of the Mortgage Loans.

The UTCCR provide that a consumer (which would include a borrower under a CBTL Mortgage) may challenge a standard term in an agreement on the basis that it is "unfair" within the UTCCR and therefore not binding on the consumer (although the rest of the agreement will remain enforceable if it is capable of continuing in existence without the unfair term), and the lead enforcement body and any "qualifying body" within the UTCCR (such as the FCA) may seek to enjoin a business from relying on unfair terms.

The UTCCR will not generally affect terms which define the main subject matter of the contract, such as the borrower's obligation to repay the principal, or price terms, **provided that** these terms are written in plain and intelligible language and are drawn adequately to the consumer's attention. The UTCCR may affect terms that are not considered to be terms which define the main subject matter of the contract or price terms, such as the lender's power to vary the interest rate and certain terms imposing Early Repayment Charges and mortgage exit administration fees. For example, if a term permitting the lender to vary the interest rate (as the Legal Title Holder is permitted to do) is found to be unfair, the borrower will not be liable to pay interest at the increased rate or, to the extent that the borrower has paid it, will be able, as against the lender, or any assignee such as the Issuer, to claim repayment of the extra interest amounts paid or to set off the amount of the claim against the amount owing by the borrower under the loan or any other loan agreement that the borrower has taken with the lender. Any such non-recovery, claim or set-off may adversely affect the Issuer's ability to make payments on the Notes.

The lead enforcement body for the UTCCR was the Office of Fair Trading (the "**OFT**") before 1 April 2014, and the Competition and Markets Authority (the "**CMA**") from 1 April 2014 to 1 October 2015. The qualifying body in relation to Regulated Mortgage Contracts and mortgage loans originated by lenders authorised under the FSMA was the FSA before 1 April 2013, and the FCA from 1 April 2013 to 1 October 2015. The lead enforcement body was responsible for enforcing the UTCCR in relation to other mortgage loans.

In February 2000, the OFT issued a guidance note on what the OFT considers to be fair terms and unfair terms for interest variation in mortgage contracts. Where the interest variation term does not provide for precise and immediate tracking of an external rate outside the lender's control, and if the borrower is locked in, for example by an Early Repayment Charge that is considered to be a penalty, the term is likely to be regarded by the OFT as unfair under the UTCCR unless the lender: (a) notifies the affected borrower in writing at least 30 days before the rate change; and (b) permits the affected borrower to repay the whole loan during the next three months after the rate change, without paying the Early Repayment Charge. The OFT withdrew the guidance note from its website, but the guidance note may remain as a factor that the FCA and the CMA may take into account in respect of Mortgage Loans entered into before 1 October 2015.

Whilst the FCA has powers to enforce the UTCCR, it would be for a court to determine their proper interpretation. The extremely broad and general wording of the UTCCR makes any assessment of the fairness of terms largely subjective and makes it difficult to predict whether or not a term would be held by

a court to be unfair. It is therefore possible that any Mortgage Loans which have been made to Borrowers covered by the UTCCR may contain unfair terms which may result in the possible unenforceability of the terms of the underlying loans. If any term of the Mortgage Loans is found to be unfair for the purpose of the UTCCR, this may adversely affect the ability of the Issuer to make payments to Noteholders on the Notes.

The FCA and the CMA now have joint responsibility for protecting the interests of consumers. On 12 January 2016, the FCA and the CMA published a joint memorandum of understanding on the use of concurrent powers under consumer protection legislation. This sets out (among other things) a framework for cooperation between the FCA and the CMA in exercising their powers under consumer law. It provides a general outline of the role of each authority, and explains their intention to work together towards the shared purpose of making financial markets work well for consumers.

In March 2013, The Law Commission and The Scottish Law Commission (together, the "**Commissions**") published advice to the UK Government on reforming the UTCCR. The Commissions recommend, among other things, that a term which specifies the main subject matter of the contract, or a price term, should only be exempt from being reviewed as to its fairness if the term is transparent and prominent. The Commissions also recommend that the UTCCR should expressly provide that, in proceedings brought by individual consumers, the court is required to consider the fairness of a term, even if the consumer has not raised the issue of unfairness, where the court has available to it the legal and factual elements necessary for that task. Such reforms are included in the CRA, which partly repealed the UTCCR, applying to business-to-consumer contracts entered into, and relevant consumer notices issued, on or after 1 October 2015. However, the UTCCR will continue to apply to contracts which were entered into before that date.

#### ***Consumer Rights Act 2015***

The Consumer Rights Act 2015 ("**CRA**") significantly reforms and consolidated consumer law in the UK. When the unfair contract terms regime of the CRA came into force, it revoked the UTCCR and introduced a new regime for dealing with unfair contractual terms. The CRA applies to any consumer contract entered into on or after 1 October 2015. However, the UTCCR (which essentially tries to limit liability for breach of contract) will continue to apply to the contracts that were entered into before 1 October 2015.

On 19 December 2018, the FCA published finalised guidance: "Fairness of variation terms in financial services consumer contracts under the Consumer Rights Act 2015" (FG18/7), outlining factors the FCA consider firms should have regard to when drafting and reviewing variation terms in consumer contracts. This follows developments in case law, including at the Court of Justice of the EU. The finalised guidance relates to all financial services consumer contracts entered into since 1 July 1995. The FCA stated that firms should consider both this guidance and any other rules that apply when they draft and use variation terms in their consumer contracts. The FCA stated that the finalised guidance will apply to FCA authorised persons and their appointed representative in relation to any consumer contracts which contain variation terms.

#### ***Financial Ombudsman Service***

Under the FSMA, the Financial Ombudsman Service (the "**Ombudsman**") is required to make decisions on (among other things) complaints relating to activities and transactions under its jurisdiction on the basis of what, in the Ombudsman's opinion, would be fair and reasonable in all circumstances of the case, taking into account (among other things) law and guidance. Complaints brought before the Ombudsman for consideration must be decided on a case-by-case basis, with reference to the particular facts of any individual case. Each case would first be adjudicated by an adjudicator. Either party to the case may appeal against the adjudication. In the event of an appeal, the case proceeds to a final decision by the Ombudsman.

The Seller may not be aware that a complaint has been made to the Ombudsman until it is notified of such complaint. Further, the Mortgage Loans may from time to time be the subject of a complaint where the basis of such complaint does not pertain to the validity or enforceability of such Mortgage Loan and does not affect the ability of the Legal Title Holder to collect payments due in respect of such Mortgage Loan. However, as the Ombudsman is required to make decisions on the basis of, among other things, the principles of fairness, and may order a monetary award to a complaining borrower, it is not possible to predict how any future decision of the Ombudsman would affect the ability of the Issuer to make payments to Noteholders. As at the Cut-Off Date, the Seller is aware of one such unresolved complaint in respect of one Mortgage Loan relating to fees and charges in respect thereof.

### ***Consumer Protection from Unfair Trading Regulations 2008***

The Unfair Commercial Practices Directive (Directive 2005/29/EC) (as amended, "UCP"), which took effect on 11 May 2005, seeks to regulate unfair commercial practices across the EU by establishing rules for the protection of consumers. The UCP applies on a full harmonisation basis. This means Member States of the EU may not impose more stringent provisions in the fields to which full harmonisation applies. By way of exception, the UCP permits Member States of the EU to impose more stringent provisions in the fields of financial services and immovable property, such as mortgage loans. The UCP provided for a transitional period until 12 June 2013 for applying full harmonisation in the fields to which it applies.

The UCP applies to all consumer contracts and contains a wide prohibition on "unfair commercial practices" with examples of practices which would violate this principle by virtue of being "misleading" or "aggressive" including the dissemination of false information at any stage of the relationship or conduct involving harassment, coercion or undue influence.

In the UK the UCP was implemented through the Consumer Protection from Unfair Trading Regulations 2008 (as amended, the "CPUTR"), which came into force on 26 May 2008. Under the CPUTR, whilst engaging in an unfair commercial practice does not render a contract void or unenforceable, to do so is an offence punishable by a fine and/or imprisonment. Consequently, there is a risk that breach of the CPUTR would initiate intervention by a regulator and may lead to criminal sanctions.

The Law Commission and the Scottish Law Commission reviewed the current private law in this area and found it to be fragmented and unclear. On 28 March 2012 the Law Commissions and the Scottish Law Commission published a joint report entitled "Consumer Redress for Misleading and Aggressive Practices", which sets out recommendations for reform.

On 14 March 2013 the European Commission published the results of its review on the application of the UCP. The European Commission does not propose amending the UCP but has indicated that intensified national enforcement and reinforced cooperation in cross-border enforcement are needed. Going forward the European Commission will consider how it can play a more active role in enforcement and will continue to perform in-depth reviews of how the UCP works in practice. In light of the UK's withdrawal from the EU in 2019, there is a risk of an adverse effect on enforcement and the review process after departure, although in the UK House of Lords European Union Committee Report of Session 2017, the Minister for consumer rights assured the Committee that the UK's departure would not lead to any reduction in the standards of consumer protection. See Risk Factor entitled '*EU Referendum*'.

In 2014, the Consumer Protection (Amendment Regulations), amended the CPUTR by introducing new provisions giving consumers a right of redress against traders from committing certain prohibited practices.

There remains a risk that the CPUTR could adversely affect the ability of the Issuer to make payments on the Notes.

### ***Repossessions Policy***

The Pre-Action Protocol for Possession Claims based on Mortgage or Home Purchase Plan Arrears in Respect of Residential Property ("**Protocol**") came into force on 19 November 2008 and was last amended on 1 October 2017.

The Protocol applies to arrears on (*inter alia*) first charge residential mortgages regulated by the FCA under FSMA, second charge mortgages over residential property and other secured loans regulated under the Consumer Credit Act 1974 on residential property and unregulated residential mortgages.

In response to this, a number of mortgage lenders confirmed that they will delay the initiation of repossession action for at least three (or, in the case of some lenders, six) months after a borrower, who is an owner-occupier, is in arrears. The application of such a moratorium is subject to the wishes of the relevant borrower and may not apply in cases of fraud. The Protocol is addressed to residential mortgage lenders and may have adverse effects in markets experiencing above average levels of possession claims. In addition, the Mortgage Repossession (Protection of Tenants etc.) Act 2010 (the "**Repossession Act 2010**") came into force in England and Wales in October 2010. The act introduced powers for courts hearing a mortgage repossession case where the property is occupied by unauthorised tenants, including powers to delay a repossession order and suspend a warrant of eviction on application by an unauthorised tenant. In addition, under the Protocol the lender must consider whether to postpone the start of a possession claim

where the Borrower has made a genuine complaint to the Financial Ombudsman Service about the potential possession claim.

On 24 April 2017, the FCA issued its finalised guidance FG17/4 (*The fair treatment of mortgage customers in payment shortfall: impact of automatic capitalisations*) (the "**Guidance**"). FG17/4 sets out a possible framework firms can use when providing customer remediation relating to correcting the effects of automatic capitalisation of payment shortfalls and, where appropriate, paying any compensation that is due to the customer.

The Protocol, MCOB requirements for mortgage possession cases and the Repossession Act 2010 may have adverse effects in markets experiencing above average levels of possession claims. Delays in the initiation of responsive action in respect of the Mortgage Loans may result in lower recoveries and a lower repayment rate on the Notes.

#### ***Risk of Losses Associated with Automatic Capitalisation***

Previously, lenders had adopted an approach by which they used to add arrears to an account balance to their borrowers and then use that balance to calculate the monthly payment without the Borrower's consent. This practice is referred to as "automatic capitalisation" by the FCA.

In 2010, the FSA introduced the MCOB rules providing that lenders must not automatically capitalise a payment shortfall where the impact on the customer would be material. The purpose of the rule was to stop lenders automatically capitalising customers' payment shortfalls without considering individual circumstances. The rules were strengthened to give customers with payment difficulties a fair opportunity to consider how to repay their payment shortfall.

On 19 October 2016, the FCA issued a consultation relating to issues arising from automatic capitalisation (GC16/6 – *The fair treatment of mortgage customers in payment shortfall: Impact of automatic capitalisations*), in particular, cases where lenders both add arrears to an account balance and keep a separate record of the Borrower's arrears for which they seek separate (and additional) payment. In the consultation, the FCA states that it expects FCA authorised firms to ensure this practice ceases and to carry out remediation (if required).

The FCA published the final guidance resulting from the consultation on 24 April 2017 (FG17/4 - *The fair treatment of mortgage customers in payment shortfall: impact of automatic capitalisations*) (the "**Guidance**").

The Guidance applies to the contracts that have been entered into on or after 25 June 2010. Borrowers who have current or past payment shortfalls on a regulated mortgage or home purchase plan to which MCOB 13 applies will be subject to the Guidance, if the lenders have automatically included the payment shortfall balance in calculating the contractual monthly instalment ("**CMI**"). This includes closed mortgage accounts and second-charge mortgages where the automatic calculation occurred after 21 March 2016, but does not include buy-to-let mortgages. Therefore, the Guidance will not apply to the Buy-To-Let Mortgage Loans.

The lenders have to review whether, in respect of regulated mortgages and home purchase plans subject to the relevant FCA rules and Principles in the period since 25 June 2010, they have automatically included payment shortfalls balances in their CMI and whether this practice has caused harm to those Borrowers who were protected by MCOB 13 and the Guidance.

The lenders are under an obligation to explain the impact of automatic capitalisation to the affected Borrowers clearly and fairly and what steps they have taken to put it right. They need to make changes to their policies, procedures and systems to ensure they comply with the FCA's requirements, and consider whether their terms and conditions are consistent with those requirements.

The Guidance sets out a possible remediation framework that lenders can use in relation to any affected Borrowers. Lenders are not obliged to adopt this particular approach, however, and have the option to determine their own approach to ensure fair outcomes for the relevant Borrowers.

The remediation for an affected Borrower could be one of the following:

- (a) no action for closed mortgage accounts where the inclusion of a payment shortfall in a single calculation of CMI resulted in an additional payment of equal to or less than £10;

- (b) for open mortgage accounts where the inclusion of any payment shortfalls in a calculation led to an additional payment of equal to or less than £10, a CMI recalculation, excluding any outstanding payment shortfall balances (which will set a new CMI); and
- (c) for both open and closed mortgage accounts with an additional payment greater than £10, a reconstitution of the mortgage account so to put the mortgage account back in the position it would have been in if payment shortfall balances had not been automatically capitalised.

A Borrower may be compensated by:

- (a) a refund of incorrectly charged fees and interest, and, where fees have been paid by the Borrower, interest of 8 per cent. a year (simple); and
- (b) a payment of interest at 8 per cent. a year (simple) for any payments of CMI in excess of the reconstituted CMI which are made after the point at which the reconstituted payment shortfall is cleared.

As set out in the Guidance, the FCA expects all remediation programmes to have been concluded by 30 June 2018. This does not *prima facie* prevent a borrower from bringing a claim after that time.

If any remediation is required or Borrowers bring claims in connection with their Mortgage Loans in respect of an automatic capitalisation, such remediation and claims, and any set-off by Borrowers in respect of such claims against the amount due by the Borrowers under the relevant Mortgage Loans, may adversely affect the ultimate amount received by the Issuer in respect of the relevant Mortgage Loans, and the realisable value of the Mortgage Portfolio and/or the ability of the Issuer to make payment under the Notes.

#### ***Consultation Paper on the Power of Sale and Residential Property***

On 29 December 2009, the Ministry of Justice of the United Kingdom published a consultation paper (entitled 'Mortgages: power of sale and residential property' (CP55/09)) which contains proposals to amend the law to prevent mortgagees from selling residential properties in England and Wales without a court order or the consent of the borrower. This was in response to the outcome of a 2008 High Court decision in the case of *Horsham Properties Limited v Clark and Beech*, which itself did not change the law in this area. If the proposals are enacted, the ability of the mortgagee to exercise its power of sale in relation to the Mortgage Loans may be restricted and this may affect the Issuer's ability to make payments on the Notes. This consultation closed in March 2010. A House of Commons briefing paper (Number 04769) from 14 November 2017 notes that there have been no further announcements or legislative proposals since that time, and to date no further proposals have been made.

#### ***Other Changes to Mortgage Regulation***

There can be no assurance that this section comprehensively describes all proposed changes to the relevant regulatory regime or that there will be no further changes to regulations that may have an effect on the mortgage market in the United Kingdom generally or specifically in relation to the Originator. Further, there can be no assurance that regulators' interpretation of existing rules and regulations will remain unchanged or whether any such regulators may apply such interpretations in respect of actions or conduct already undertaken. Any such action or developments, in particular, but not limited to, the cost of compliance, may have a material adverse effect on the Originator, the Issuer and/or the Servicer and their respective businesses and operations. This may adversely affect the Issuer's ability to make payments on the Notes.

Given the high level of scrutiny regarding financial institutions' treatment of customers and business conduct from regulatory bodies, the media and politicians, there is a risk that certain aspects of the current or historic business of the Originator, including, amongst other things, mortgages, may be determined by the FCA and other regulatory bodies or the courts as, in their opinion, not being conducted in accordance with applicable laws or regulations, or fair and reasonable treatment.

In particular, there is currently a significant regulatory focus on the sale practices and reward structures that financial institutions have used when selling financial products. There is a risk that there may be other regulatory investigations and action against the Originator in relation to conduct and other issues that the Originator is not presently aware of, which may include investigations and actions against the Originator resulting from alleged mis-selling of financial products or the ongoing servicing of those financial products.

The nature of any future disputes and legal, regulatory or other investigations or proceedings into such matters cannot be predicted in advance.

***Regulatory initiatives may result in an adverse impact on the regulatory treatment and/or decreased liquidity in respect of the Notes***

In Europe, the U.S. and elsewhere there is increased political and regulatory scrutiny of the asset-backed securities industry. This has resulted in a raft of measures for increased regulation which are currently at various stages of implementation and which may have an adverse impact on the regulatory position for certain investors in securitisation exposures and/or on the incentives for certain investors to hold asset-backed securities, and may thereby affect the liquidity of such securities. Investors in the Notes are responsible for analysing their own regulatory position and none of the Issuer, the Joint Lead Managers, the Arrangers or the Seller makes any representation to any prospective investor or purchaser of the Notes regarding the regulatory treatment of their investment in the Notes on the Closing Date or at any time in the future.

In addition, investors should be aware of the due diligence requirements in respect of various types of institutional investors with an EU nexus. These include credit institutions, authorised alternative investment fund managers, investment firms, insurance and reinsurance undertakings, UCITS funds and institutions for occupational retirement provisions. Amongst other things, such requirements restrict an institutional investor (other than the originator, sponsor, or original lender) from investing in asset-backed securities unless (i) that investor is able to demonstrate that it has undertaken certain due diligence in respect of various matters including its note position, structural features of securitisation, the underlying assets and (ii) the originator, sponsor or original lender in respect of the relevant securitisation has explicitly disclosed to the investor that it will retain, on an on-going basis, qualifying net economic interest of not less than 5 per cent..

An institutional investor (other than the originator, sponsor or original lender) holding a securitisation position shall at least establish appropriate written procedures that are proportionate to the risk profile of the securitisation position and, where relevant, to the institutional investor's trading and non-trading book, in order to monitor, on an ongoing basis, compliance with its due diligence requirements and the performance of the securitisation position and of the underlying exposures. Failure to comply with one or more of the requirements may result in various penalties including, in the case of those investors subject to regulatory capital requirements, the imposition of a penal capital charge on the notes acquired by the relevant investor. Aspects of the requirements and what is or will be required to demonstrate compliance to national regulators remain unclear and are still evolving. Investors who are uncertain as to the requirement that will need to be complied with in order to avoid the consequences of non-compliance should seek guidance from their regulator. See Risk Factor entitled "*European Securitisation Regulations*" below.

The risk retention and due diligence requirements described above apply, in respect of the Notes. With respect to the commitment of the Retention Holder to retain a material net economic interest in the securitisation and with respect to the information to be made available by the Issuer or another relevant party (or, after the Closing Date, by the Servicer or the Cash Manager on the Issuer's behalf), please see the statements set out in the section of this Prospectus headed "*EU Risk Retention Requirements*". Relevant investors are required to independently assess and determine the sufficiency of the information described above for the purposes of complying with any relevant requirements and none of the Issuer, the Servicer, the Retention Holder, the Seller, the Arrangers, the Joint Lead Managers or any other party makes any representation that the information described above is sufficient in all circumstances for such purposes.

The European Commission adopted an action plan for a European Capital Markets Union on 30 September 2015. This predicted changes to market infrastructure for cross-border investing; specifically, amendments to the currently uncertain rules around securities ownership, and action on third-party effects of assignment of claims. On 12 March 2018, the European Commission published a proposal for a regulation on the law applicable to the third-party effects of assignments of claims, with the aim of providing greater legal certainty over the acquisition of title over the assigned claim. The proposal closed on 17 October 2018, and feedback is currently under consideration. In relation to third-party effects of assignments of claims, this proposed regulation would introduce the adoption of common conflict-of-laws rules. This means that, where there is a conflict of laws, the jurisdiction where the assignor has its habitual residence would govern

any third-party effects of assignments of claims. This may impact any third-party effects of assignments of claims in relation to the Notes.

Following on from the publication of the "Action Plan to Tackle Non-Performing Loans in Europe" (which was approved by the European Economic and Financial Affairs Council on 11 July 2017), on 14 March 2018, the European Commission published proposals for a package of reforms to Non-Performing Loans ("NPLs"). This includes a regulation that would amend regulation (EU) No. 575/2013, concerning minimum loss coverage for non-performing exposures and NPLs, and a proposal for a Directive on credit services, credit purchases and the recovery of collateral.

This proposed legislation requires banks to put aside resources to create incentives, and more efficient enforcement measures over secured loans to address NPLs and avoid a build-up of NPLs. The regulation would promote efficient secondary markets for the sale of NPLs and would empower Member States to establish asset management companies to deal with NPLs. On 28 November 2018, the European Commission published a communication calling for renewed efforts to implement the proposed European Capital Markets Union fully (including the package of reforms to NPLs) by the European Parliament elections in May 2019. If this legislation package is implemented, this may impact the sale of the Notes.

Prospective investors should therefore make themselves aware of the changes and requirements described above (and any corresponding implementing rules of their regulator), where applicable to them, in addition to any other applicable regulatory requirements with respect to their investment in the Notes. The matters described above and any other changes to the regulation or regulatory treatment of the Notes for some or all investors may negatively impact the regulatory position of individual investors and, in addition, have a negative impact on the price and liquidity of the Notes in the secondary market. See Risk Factor entitled 'European Securitisation Regulations' below.

***Implementation of, and amendments to, the Basel III framework may affect the regulatory capital and liquidity treatment of the Notes***

Investors should note that the Basel Committee on Banking Supervision (the "**Basel Committee**") has approved significant changes to the Basel regulatory capital and liquidity framework (such changes being commonly referred to as "**Basel III**"), including certain revisions to the securitisation framework. Basel III provides for a substantial strengthening of existing prudential rules, including new requirements intended to reinforce capital standards (with heightened requirements for global systemically important banks) and to establish a leverage ratio "backstop" for financial institutions and certain minimum liquidity standards (referred to as the "**Liquidity Coverage Ratio**" and the "**Net Stable Funding Ratio**"). Basel Committee on Banking Supervision member countries have started to implement Basel III from 1 January 2013, subject to transitional and phase-in arrangements for certain requirements (e.g. the Liquidity Coverage Ratio requirements refer to implementation from the start of 2015 to January 2019, and the Net Stable Funding Ratio requirements refer to implementation from January 2018). As implementation of any changes to the Basel framework (including those made via Basel III) requires national legislation, the final rules and the timetable for its implementation in each jurisdiction, as well as the treatment of asset-backed securities (e.g. as Liquidity Coverage Ratio eligible assets or not), may be subject to some level of national variation. It should also be noted that changes to regulatory capital requirements have been made for insurance and reinsurance undertakings through participating jurisdiction initiatives.

In general, investors should consult their own advisers as they deem necessary in relation to the regulatory capital requirements in respect of the Notes and as to the consequences to and effect on them of any changes to the Basel II framework (including the Basel III changes described above) and the relevant implementing measures. No predictions can be made as to the precise effects of such matters on any investor or otherwise.

The Basel III reforms are being implemented in the European Economic Area ("EEA") through the Capital Requirements Regulation and the Capital Requirements Directive (together "**CRD IV**"). CRD IV became effective in the UK and other EU member states on 1 January 2014. There is currently no proposed draft regulation in relation to the application of the Net Stable Funding Ratio.

Implementation of the Basel framework (to the extent that it has not already been fully implemented in member countries) and/or of any of the changes put forward by the Basel Committee as described above may have an impact on the capital requirements in respect of the Notes and/or on incentives to hold the

Notes for investors that are subject to requirements that follow the relevant framework and, as a result, may affect the liquidity and/or value of the Notes.

In general, investors should consult their own advisers as to the regulatory capital requirements in respect of the Notes and as to the consequences for and effect on them of any changes to the Basel framework (including the changes described above) and the relevant implementing measures. No predictions can be made as to the precise effects of such matters on any investor or otherwise.

### ***Transparency requirements***

The Issuer has been appointed as the designated entity under Article 7(2) of the Securitisation Regulation. The Issuer has appointed the Servicer and the Cash Manager to perform all of the Issuer's obligations (as applicable) under Article 7 of the Securitisation Regulation, in each case as more fully described in this Prospectus. For further information please refer to the sections entitled "*General Information*", "*Summary of the Key Transaction Documents. – Servicing Agreement*." and "*Summary of the Key Transaction Documents. – Cash Management Agreement*".

As to the information made available to prospective investors by the Issuer, reference is made to the information set out herein and forming part of this Prospectus and to the Investor Reports that are prepared pursuant to the Cash Management Agreement.

Each prospective investor is required to independently assess and determine the sufficiency of the information described above and in the Prospectus generally for the purposes of complying with Article 5 of the Securitisation Regulation and any corresponding national measures which may be relevant to investors and none of the Issuer, any Arranger, any Joint Lead Manager, any Originator, the Cash Manager or any of the other Transaction Parties makes any representation that any such information described above or elsewhere in this Prospectus is sufficient in all circumstances for such purposes.

Please refer to the section entitled "*European Securitisation Regulations*" for further information on the implications of the EU risk retention requirements and the Securitisation Regulation.

### ***CRA Regulation***

In general, European regulated investors are restricted under the CRA Regulation from using credit ratings for regulatory purposes, unless such ratings are issued by a credit rating agency established in the EU and registered under the CRA Regulation (and such registration has not been withdrawn or suspended) whilst the registration application is pending. Such general restriction will also apply in the case of credit ratings issued by non-EU credit rating agencies, unless the relevant credit ratings are endorsed by an EU-registered credit rating agency or the relevant non-EU rating agency is certified in accordance with the CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended).

Credit ratings included or referred to in this Prospectus have been or, as applicable, may be issued by Moody's and S&P, each of which, as at the date of this Prospectus, is a credit rating agency established in the European Community and registered under the CRA Regulation.

### ***Securitisation Regulation***

#### ***European Securitisation Regulations***

On 1 January 2019, Regulation (EU) 2017/2402 together with any implementing regulation, technical standards and official guidance related thereto, in each case as amended, varied or substituted from time to time (the "**Securitisation Regulation**" and the associated Regulation (EU) 2017/2401 together with the Securitisation Regulation, the "**Securitisation Regulations**") began to apply to any securitisations issued from that date, subject to various transitional provisions. The Securitisation Regulations implement the revised securitisation framework developed by the Basel Committee, as well as revised risk retention and transparency requirements (now imposed variously on the issuer, originator, sponsor and/or original lender of a securitisation) and new due diligence requirements imposed on certain institutional investors in a securitisation. It also introduced a ban on the securitisation of residential mortgage loans made after 20 March 2014 and marketed and underwritten on the premise that the loan applicant or, where applicable, intermediaries were made aware that the information provided by the loan applicant might not be verified

by the lender. In general, the requirements imposed under the Securitisation Regulations are more onerous and have a wider scope than those imposed under the previous legislation.

The EU risk retention and due diligence requirements described above apply in respect of the Notes. Investors should therefore make themselves aware of such requirements (and any corresponding implementing rules made at the national level), where applicable to them, in addition to any other regulatory requirements applicable to them with respect to their investment in the notes. With respect to the commitment of the Seller to retain a material net economic interest in the securitisation and with respect to the information to be made available by the Issuer (or by the Servicer on the Issuer's behalf), please see the statements set out in "*Regulatory initiatives may result in an adverse impact on the regulatory treatment and/or decreased liquidity in respect of the Notes*". Relevant investors are required to assess independently and determine the sufficiency of the information described above for the purposes of complying with any relevant requirement. None of the Issuer, any Arranger, any Joint Lead Manager, the Seller or any of the other transaction parties makes any representation that the information described above is sufficient for such purposes.

Various parties to the Transaction are subject to the requirements of the Securitisation Regulation. Although the Issuer believes that the Transaction is in compliance with the requirements of the Securitisation Regulation, as discussed below there is at present some uncertainty in relation to some of these requirements, including in particular with regard to the transparency obligations imposed under Article 7 of the Securitisation Regulation.

The Securitisation Regulation requires that, prior to investing in the Notes, institutional investors (as that term is defined in Article 2(12) of the Securitisation Regulation) shall verify that each original lender or the retention holder grants all of the credits giving rise to the Mortgage Loans originated by it on the basis of sound and well-defined criteria and clearly established processes for approving, amending, renewing and financing those credits and has effective systems in place to apply those criteria and processes in accordance with Article 9(1) of the Securitisation Regulation. Investors should therefore make themselves aware of such requirements (and any corresponding implementing rules made at the national level), where applicable to them, in addition to any other regulatory requirements applicable to them with respect to their investment in the Notes.

With regard to the transparency requirements set out in Article 7 of the Securitisation Regulation, the relevant regulatory technical standards, including the standardised templates to be developed by ESMA to fulfil these requirements (the "**ESMA Disclosure Templates**") have not as yet been adopted. As a result, the Securitisation Regulation transitional provisions will apply, which require that the disclosure templates prescribed under the Delegated Regulation (EU) No 2015/3 (the "**CRA3**") are to be used until the new regulatory technical standards have been published and the ESMA Disclosure Templates begin to apply. On 27 May 2019 ESMA published an updated "Questions and Answers on the Securitisation Regulation" which provides some further guidance in relation to reporting obligations under Article 7 of the Securitisation Regulation. Notwithstanding this publication, there is still uncertainty around reporting obligations.

With regard to the transparency requirements set out in Article 7 of the Securitisation Regulation, the Seller (as originator for the purposes of the Securitisation Regulation) has certain direct obligations imposed upon it. Should the Seller (as originator for the purposes of the Securitisation Regulation) not comply with the direct obligations under Article 7, the Seller could face certain regulatory issues, inclusive of fines, which may impact the ability of the Seller to perform its functions under the Transaction Documents.

Furthermore, in a statement issued on 30 November 2018, the Joint Committee of the European Supervisory Authorities noted the operational difficulties of compliance with the Securitisation Regulation disclosure obligations using the CRA3 templates for some entities and indicated that national competent authorities should generally apply their supervisory powers in their day-to-day supervision and enforcement of applicable legislation in a proportionate and risk-based manner.

Notwithstanding the above, the Issuer has adopted the Investor Reports containing the information included in Annex VIII of the CRA3 and loan-by-loan data in the form of Annex I to the CRA3. However, it also notes the general market uncertainty on this point and also the uncertainty as to the effect of the transitional provisions, if any, of the regulatory technical standards containing the ESMA Disclosure Templates when they eventually begin to apply, and the further uncertainty as to the existence and (if they are made) contents of any further transitional provisions to be included in those RTS. Furthermore, it is not yet clear how the

FCA (as the competent authority in the UK) and the CBI (as the competent authority in Ireland) intend to monitor and enforce compliance. The Issuer will continue to monitor any further statements by the European Supervisory Authorities and/or the FCA and the CBI in this regard. Following the Template Effective Date, the Issuer, the Servicer and the Cash Manager may agree any changes to the Transaction Documents and the forms of the investor reports and loan-by-loan disclosure in accordance with the Cash Management Agreement and the Servicing Agreement. Neither the Seller nor the Cash Manager is liable to the Issuer for any sanctions, fines or penalties imposed on the Issuer for a breach by the Issuer of its obligations under the Securitisation Regulation.

Investors should note that failure to comply with one or more of the requirements may result in various penalties including, in the case of those investors subject to regulatory capital requirements, the imposition of a penal capital charge on the notes acquired by the relevant investor. Under the Servicing Agreement, the Servicer will indemnify the Issuer for any such fines or penalties imposed by the regulator to the extent such fines or penalties were imposed as a result of its direct act, omission or negligence. To the extent that the Issuer is not indemnified, such fines and penalties will be paid in accordance with the relevant Priorities of Payments.

Investors should note that at the date of this Prospectus, this Transaction does not meet the criteria for STS securitisations and consequently that no STS notification is currently envisaged to be made with respect to the Notes.

#### ***U.S. risk retention requirements***

The Credit Risk Retention regulations implemented by U.S. Federal regulatory agencies including the SEC pursuant to Section 15G of the Exchange Act (the "**U.S. Risk Retention Rules**") came into effect with respect to residential mortgage backed securities on 24 December 2015 and generally require the "sponsor" of a "securitization transaction" to retain at least 5 per cent. of the "credit risk" of "securitized assets", as such terms are defined for purposes of that statute, and generally prohibit a sponsor from directly or indirectly eliminating or reducing its credit exposure by hedging or otherwise transferring the credit risk that the sponsor is required to retain. The U.S. Risk Retention Rules also provide for certain exemptions from the risk retention obligation that they generally impose.

The transaction is not intended to involve the retention by a sponsor of at least 5 per cent. of the credit risk of the Issuer for the purposes of compliance with the U.S. Risk Retention Rules, but rather will be made in reliance on an exemption for non-U.S. transactions provided for in Rule 20 of the U.S. Risk Retention Rules regarding non-U.S. transactions. Such non-U.S. transactions must meet certain requirements, including that (1) the transaction is not required to be and is not registered under the Securities Act; (2) no more than 10 per cent. of the dollar value (or equivalent amount in the currency in which the ABS interests (as defined in Rule 2 of the U.S. Risk Retention Rules) are issued) of all classes of ABS interests (as defined in Rule 2 of the U.S. Risk Retention Rules) issued in the securitisation transaction are sold or transferred to U.S. persons (in each case, as defined in the U.S. Risk Retention Rules) or for the account or benefit of U.S. persons (as defined in the U.S. Risk Retention Rules and referred to in this Prospectus as "**Risk Retention U.S. Persons**"); (3) neither the sponsor nor the issuer of the securitisation transaction is organised under U.S. law or is a branch located in the United States of a non-U.S. entity; and (4) no more than 25 per cent. of the underlying collateral was acquired from a majority-owned affiliate or branch of the sponsor or issuer organised or located in the United States.

Prior to any Notes which are offered and sold by the Issuer being purchased by, or for the account or benefit of, any Risk Retention U.S. Person, the purchaser of such Notes must first disclose to the Joint Lead Managers that it is a Risk Retention U.S. Person and obtain the written consent of Paratus AMC Limited, which will be monitoring the level of Notes purchased by, or for the account or benefit of, Risk Retention U.S. Persons. Prospective investors should note that the definition of U.S. person in the U.S. Risk Retention Rules is substantially similar to, but not identical to, the definition of U.S. person under Regulation S. There can be no assurance that the requirement to obtain Paratus AMC Limited's written consent to the purchase of any Notes which are offered and sold by the Issuer being purchased by, or for the account or benefit of, any Risk Retention U.S. Person will be complied with or will be made by such Risk Retention U.S. Persons.

There can be no assurance that the exemption provided for in Rule 20 of the U.S. Risk Retention Rules regarding non-U.S. transactions will be available. No assurance can be given as to whether failure of the transaction to comply with the U.S. Risk Retention Rules (regardless of the reason for such failure to comply) may give rise to regulatory action which may adversely affect the Notes or their market value.

Furthermore, the impact of the U.S. Risk Retention Rules on the securitisation market generally is uncertain, and a failure by the sponsor to comply with the U.S. Risk Retention Rules could therefore negatively affect the market value and secondary market liquidity of the Notes.

None of the Issuer nor the Relevant Parties or any of their respective affiliates makes any representation to any prospective investor or purchaser of the Notes or Certificates as to whether the transaction described in this Prospectus complies with the U.S. Risk Retention Rules on the Closing Date or at any time in the future. Investors should consult their own advisers as to the U.S. Risk Retention Rules. No predictions can be made as to the precise effects of such matters on any investor or otherwise.

#### *Effects of the Volcker Rule on the Issuer*

The Issuer is relying on an exclusion or exemption under the Investment Company Act other than the exclusions contained in Section 3(c)(1) and Section 3(c)(7). The Issuer is structured so as not to constitute a "covered fund" for purposes of the regulations adopted to implement Section 619 of the Dodd-Frank Act (such statutory provision together with such implementing regulations, the "**Volcker Rule**"). The Volcker Rule generally prohibits "banking entities" (which is broadly defined to include U.S. banks and bank holding companies and many non-U.S. banking entities, together with their respective subsidiaries and other affiliates) from (i) engaging in proprietary trading, (ii) acquiring or retaining an ownership interest in or sponsoring a "covered fund" and (iii) entering into certain relationships with such funds. The Volcker Rule became effective on 1 April 2014, but was subject to a conformance period for certain funds which concluded on 21 July 2015. Under the Volcker Rule, unless otherwise jointly determined by specified federal regulators, a "covered fund" does not include an issuer that may rely on an exclusion or exemption from the definition of "investment company" under the Investment Company Act other than the exclusions contained in Section 3(c)(1) and Section 3(c)(7) of the Investment Company Act. The general effects of the Volcker Rule remain uncertain. Any prospective investor in the Notes or Residual Certificates, including a U.S. or foreign bank or a subsidiary or other affiliate thereof, should consult its own legal advisers regarding such matters and other effects of the Volcker Rule.

#### *Potential effects of any additional regulatory changes*

No assurance can be given that further changes will not be made to the regulatory regime and developments described above in respect of the mortgage market or securitisation market in the United Kingdom generally, the buy-to-let mortgage loan market or specifically in relation to the Seller. Any such action or developments, in particular, but not limited to, the cost of compliance, may have a material adverse effect on the Issuer, the Seller and/or the Servicer and their respective businesses and operations. This may adversely affect the Issuer's ability to make payments on the Notes.

#### **Tax Considerations**

##### *UK Special Regime for the Taxation of Securitisation Companies*

The Taxation of Securitisation Companies Regulations (the "**Regulations**") were made under section 84 of the Finance Act 2005 on 11 December 2006 to deal with the corporation tax position of securitisation companies such as the Issuer with effect for their periods of account beginning on or after 1 January 2007. If the Regulations apply to a company, then, broadly, it will be subject to corporation tax on the cash profit retained by it for each accounting period in accordance with the transaction documents. Based on advice received, the Issuer considers that it will be taxed under the special taxation regime for which provision is made by the Regulations. Investors should note, however, that the Regulations are in short form and it is expected that advisors will rely significantly upon the published guidance of HM Revenue & Customs when advising on the scope and operation of the Regulations including whether any particular company falls within the regime provided for in the Regulations. Investors should note that if the Issuer did not fall to be taxed under the new regime then its profits or losses for tax purposes might be different from its cash position and there might be a risk of the Issuer incurring unfunded tax liabilities. In addition, interest paid on the Notes could well be disallowed for United Kingdom corporation tax purposes which could cause a significant divergence between the cash profits and the taxable profits of the Issuer. Any unforeseen taxable profits in the Issuer could have an adverse effect on its ability to make payments to Noteholders.

### ***The proposed financial transactions tax ("FTT")***

On 14 February 2013, the European Commission published a proposal (the "**Commission's Proposal**") for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the "**participating Member States**"). However, Estonia has since stated that it will not participate.

The Commission's Proposal has very broad scope and could, if introduced, apply to certain dealings in the Notes (including secondary market transactions) in certain circumstances.

Under the Commission's Proposal the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in the Notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, "established" in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

However, the FTT proposal remains subject to negotiation between participating Member States. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU Member States may decide to participate.

Prospective holders of the Notes are advised to seek their own professional advice in relation to the FTT.

### ***Withholding Tax under the Notes***

In the event that withholding taxes are imposed in respect of payments due in respect of the Notes, neither the Issuer nor any Paying Agent nor any other person is obliged to gross up or otherwise compensate Noteholders for the lesser amounts received as a result of the imposition of such withholding taxes.

### **Legal Considerations**

#### ***Banking Act 2009 and the European Union Bank Recovery and Resolution Directive***

The UK Banking Act 2009 (as amended, the "**Banking Act**") includes provision for a special resolution regime pursuant to which specified UK authorities have power to apply certain tools (by way of instrument or order) to deal with the failure (or the likely failure) of a UK bank or building society. The Banking Act has been amended a number of times, to ensure that it complies with the EU's Bank Recovery and Resolution Directive (2014/59/EU) ("**BRRD**"). The BRRD was published in the Official Journal of the EU on 12 June 2014 and largely came into force on 2 July 2014. Amongst other things, the BRRD provides for the introduction of a package of minimum early intervention and resolution-related tools and powers for relevant authorities (including a bail-in tool) and for special rules for cross-border groups.

Provision has been made for certain tools to be used in respect of a wider range of UK entities, including banks, investment firms and certain banking group companies.

The tools currently available under the Banking Act include share and property transfer powers (including powers for partial property transfers), certain ancillary powers (including powers to modify certain contractual arrangements in certain circumstances) and special insolvency procedures which may be commenced by the UK authorities. It is possible that these extended tools could be used prior to the point at which an application for insolvency proceedings with respect to a relevant entity could be made. In general, there is considerable uncertainty about the scope of the powers afforded to UK authorities under the Banking Act and how the UK authorities may choose to exercise them. Further, UK authorities have a wide discretion in exercising their powers under the special resolution regime, including modifying or setting aside any Act of Parliament by order of HM Treasury to facilitate its Banking Act objectives.

Although no instrument or order has been made under the provisions of the Banking Act in respect of a relevant transaction entity, as described above, such instrument or the new bail-in power may if used (amongst other things) affect the ability of certain entities involved in the transaction to satisfy their obligations under the relevant Transaction Documents and/or result in modifications to such documents, which may in turn affect the Issuer's ability to meet its obligations in respect of the Notes.

Although such tools could not be directly applied to the Issuer and so, for example, the Notes would not directly become subject to a bail in under the Banking Act (or other legislation implementing the BRRD), there is the risk nonetheless that such tools may be applied to other entities in a manner that indirectly affects the ability of the Issuer to meet its obligations in respect of the Notes.

### ***Change of Law***

The structure of the transaction and, *inter alia*, the issue of the Notes and the ratings which are to be assigned to the Rated Notes are based on the law and administrative practice in effect as at the date of this Prospectus as it affects the parties to the transaction and the Mortgage Portfolio, and having regard to the expected tax treatment of all relevant entities under such law and practice. No assurance can be given as to the impact of any possible change to such law (including any change in regulation which may occur without a change in primary legislation) and practice or tax treatment after the date of this Prospectus nor can any assurance be given as to whether any such change would adversely affect the ability of the Issuer to make payments under the Notes. In addition, it should be noted that regulatory requirements (including any applicable retention, due diligence or disclosure obligations) may be recast or amended and there can be no assurance that any such changes will not adversely affect the compliance position of a transaction described in this Prospectus or of any party under any applicable law or regulation.

### ***Liquidation Expenses***

Prior to the House of Lords' decision in the case of *Re Leyland Daf* in 2004, the general position was that, in a liquidation of a company, the liquidation expenses ranked ahead of unsecured debts and floating chargees' claims. *Re Leyland Daf* reversed this position so that liquidation expenses could no longer be recouped out of assets subject to a floating charge.

On 6 April 2008, Section 176ZA of the Insolvency Act 1986 came into force which effectively reversed by statute the House of Lords' decision in the case of *Re Leyland Daf* in 2004. Accordingly, it is now the case that, in general the costs and expenses of a liquidation (including certain tax charges) will be payable out of floating charge assets in priority to the claims of the floating charge-holder. In respect of certain litigation expenses of the liquidator only, this is subject to approval of the amount of such expenses by the floating charge-holder (or, in certain circumstances, the court) pursuant to provisions set out in the Insolvency Rules 1986.

On this basis and as a result of the changes described above, in a winding up of the Issuer, floating charge realisations which would otherwise be available to satisfy the claims of Secured Creditors under the Deed of Charge may be reduced by at least a significant proportion of any liquidation expenses. There can be no assurance that the holders of the Notes will not be adversely affected by such a reduction in floating charge realisations.

### ***Insolvency Act 2000***

The Insolvency Act 2000 (the "**IA 2000**") has amended the Insolvency Act 1986 with effect from 1 January 2003 so as to allow certain "small companies", as part of the company voluntary arrangement procedure, to seek court protection from their creditors by way of a moratorium for a period of up to 28 days, with the option for creditors to extend this protection for up to a further two months (although the Secretary of State for Trade and Industry may, by order, extend or reduce the duration of either period).

The IA 2000 defines a "small company" by reference to whether the company meets certain tests contained in section 247(3) of the Companies Act 1985, relating to a company's balance sheet total, turnover and average number of employees in a particular period. The position as to whether or not a company is a "small company" may change from financial period to financial period, depending on its financial position and average number of employees during that particular period. The Secretary of State for Trade and Industry may, by regulations, also modify the qualifications for eligibility of a company for a moratorium and may also modify the present definition of a "small company". Accordingly, the Issuer may, at any given time, come within the ambit of the "small companies" provisions, such that the Issuer may (subject to the exemptions referred to below) be eligible to seek a moratorium, in advance of a company voluntary arrangement.

During the period for which a moratorium is in force in relation to a company, *inter alia*, no winding up may be commenced or administrator appointed to that company, no administrative receiver of that company

may be appointed, no security created by that company over its property may be enforced (except with the leave of the court) and no other proceedings or legal process may be commenced or continued in relation to that company (except with the leave of the court). In addition, if the holder of security (the "chargee") created by that company consents or if the court gives leave, the company may dispose of the secured property as if it were not subject to the security. Where the property in question is subject to a floating charge, the chargee will have the same priority in respect of any property of the company directly or indirectly representing the property disposed of as he would have had in respect of the property subject to the floating charge. Where the security in question is that other than a floating charge, it shall be a condition of the chargee's consent or the leave of the court that the net proceeds of the disposal shall be applied towards discharging the sums secured by the security. Further, during the period for which a moratorium is in force in respect of a company it may not make any payments with respect to debts or liabilities existing prior to the date of filing for a moratorium unless (i) there are reasonable grounds for believing the payment will benefit the company, and (ii) the payment is approved by a committee of creditors of the company if established or, if not, by the nominee of the proposed company voluntary arrangement.

Certain companies which qualify as small companies for the purposes of these provisions may be, nonetheless, excluded from being so eligible for a moratorium under the provisions of the Insolvency Act 1986 (Amendment No. 3) Regulations 2002, which were made on 25 July 2002 and came into force on 1 January 2003. Companies excluded from eligibility for a moratorium include those which are party to a capital market arrangement, under which a debt of at least £10,000,000 is incurred and which involves the issue of a capital market investment. The definitions of "capital market arrangement" and "capital market investment" are broad and are such that, in general terms, any company which is a party to an arrangement which involves at least £10,000,000 of debt, the granting of security to a trustee, and the issue of a rated, listed or traded debt instrument, is excluded from being eligible for a moratorium. The Secretary of State may modify the criteria by reference to which a company otherwise eligible for a moratorium is excluded from being so eligible.

Accordingly, the provisions described above will serve to limit the Security Trustee's ability to enforce the Security to the extent that: firstly, if the Issuer falls within the criteria for eligibility for a moratorium at the time a moratorium is sought; secondly, if the directors of the Issuer seek a moratorium in advance of a company voluntary arrangement; and, thirdly, if the Issuer is considered not to fall within the capital market exception (as expressed or modified at the relevant time) or any other applicable exception at the relevant time; in those circumstances, the enforcement of any security by the Security Trustee will be for a period prohibited by the imposition of the moratorium. In addition, the other effects resulting from the imposition of a moratorium described above may impact the transaction in a manner detrimental to the Noteholders.

### ***The Enterprise Act 2002***

On 15 September 2003, the corporate insolvency provisions of the Enterprise Act 2002 (the "**Enterprise Act**") came into force, amending certain provisions of the Insolvency Act 1986 (as amended, the "**Insolvency Act**"). These provisions introduced significant reforms to corporate insolvency law. In particular, the reforms restrict the right of the holder of a floating charge to appoint an administrative receiver (unless the security was created prior to 15 September 2003 or an exception applies) and instead give primacy to collective insolvency procedures (in particular, administration). Previously, the holder of a floating charge over the whole or substantially the whole of the assets of a company had the ability to block the appointment of an administrator by appointing an administrative receiver, who would act primarily in the interests of the floating chargeholder.

The Insolvency Act contains provisions which continue to allow for the appointment of an administrative receiver in relation to certain transactions in the capital markets. The relevant exception provides that the right to appoint an administrative receiver is retained for certain types of security which form part of a capital market arrangement (as defined in the Insolvency Act) and which involve indebtedness of at least £50,000,000 (or, when the relevant security document (being, in respect of the transactions described in this Prospectus, the Deed of Charge) was entered into, a party to the relevant transaction (such as the Issuer) was expected to incur a debt of at least £50,000,000) and the issue of a capital market investment (also defined but generally a rated, listed or traded bond). It is expected that the security which the Issuer will grant to the Security Trustee will fall within the capital markets exception. However, it should be noted that the Secretary of State may, by secondary legislation, modify the capital market exception and/or provide that the exception shall cease to have effect. No assurance can be given that any such modification or provision in respect of the capital market exception, or its ceasing to be applicable to the transactions described in this document, will not be detrimental to the interests of the Noteholders.

The Insolvency Act also contains a new out-of-court route into administration, the procedure for which can be commenced by a qualifying floating chargeholder, the relevant company itself or its directors. The relevant provisions provide for a notice period during which the holder of the floating charge can either agree to the appointment of the administrator proposed by the directors or the company or appoint an alternative administrator, although a moratorium on enforcement of the relevant security will take effect immediately after notice is given. If the qualifying floating chargeholder does not respond to the directors' or company's notice of intention to appoint, the directors' or, as the case may be, the company's appointee will automatically take office after the notice period has elapsed. Where the holder of a qualifying floating charge within the context of a capital market transaction retains the power to appoint an administrative receiver, such holder may prevent the appointment of an administrator (either by the new out of court route or by the court based procedure) by appointing an administrative receiver prior to the appointment of the administrator being completed.

During the period for which a moratorium is in force in relation to a company, *inter alia*, no winding up may be commenced (other than in a limited number of circumstances), no administrative receiver of that company may be appointed, no security created by that company over its property may be enforced (except with the leave of the court or the administrator) and no other proceedings or legal process may be commenced or continued in relation to that company (except with the leave of the court or the administrator). In addition, if the holder of security (the "**chargee**") created by that company consents or if the court gives leave, the administrator may dispose of the secured property as if it were not subject to the security. Where the property in question is subject to a floating charge, the chargee will have the same priority in respect of any property of the company directly or indirectly representing the property disposed of as he would have had in respect of the property subject to the floating charge. Where the security in question is that other than a floating charge, it shall be a condition of the chargee's consent or the leave of the court that the net proceeds of the disposal shall be applied towards discharging the sums secured by the security.

The new provisions of the Insolvency Act give primary emphasis to the rescue of a company as a going concern and achieving a better result for the creditors as a whole. The purpose of realising property to make a distribution to secured parties is secondary. No assurance can be given that the primary purpose of the new provisions will not conflict with the interests of Noteholders were the Issuer ever subject to administration.

The Enterprise Act also removes the Crown's preferential rights in all insolvencies (section 251) and makes provisions to ensure that unsecured parties take the benefits of this change (section 252) (although certain debts, including contributions to occupational and state pension schemes, retain preferential status and are payable in priority to debts owed to floating chargeholders). Under this latter provision the unsecured parties will have recourse to the floating charge assets up to a fixed amount (the "**prescribed part**") in priority to the holder of the floating charge concerned. The prescribed part will be 50 per cent. of the first £10,000 of net floating charge assets; then 20 per cent. of the remaining net floating charge assets until the prescribed part reaches a maximum of £600,000. The obligation on the insolvency officeholder to set aside the prescribed part for unsecured parties does not apply if the net floating charge realisations are less than £10,000 and the officeholder is of the view that the costs of making a distribution to unsecured parties would be disproportionate to the benefits. The prescribed part will apply to all floating charges created on or after 15 September 2003 regardless as to whether they fall within one of the exceptions or not.

#### ***Fixed Charges over Accounts May Take Effect under English Law as Floating Charges***

The Issuer will purport to grant, *inter alia*, fixed charges in favour of the Security Trustee over the Issuer's interest in the Issuer Account and any other bank account in which the Issuer has an interest.

The law in England and Wales relating to the re-characterisation of fixed charges is unsettled. The fixed charges purported to be granted by the Issuer (other than by way of assignment in security) may take effect under English law as floating charges only, if, for example, it is determined that the Security Trustee does not exert sufficient control over the relevant Charged Assets, such as an account or the proceeds thereof, for the security to be said to "fix" over those assets. If the charges take effect as floating charges instead of fixed charges, then certain matters, which are given priority over the floating charge by law, will be given priority over the claims of the floating chargeholder. See the paragraph entitled "*The Enterprise Act 2002*" above.

***Certain conflicts of interest involving or relating to the Arrangers, the Joint Lead Managers and their affiliates***

Bank of America Merrill Lynch (which is the trading name for Merrill Lynch International) and its affiliates (the "**BofAML Parties**") and NATIXIS and its affiliates (the "**NATIXIS Parties**") will play various roles in relation to the offering of the Rated Notes, as described below.

The BofAML Parties and the NATIXIS Parties may assist clients and counterparties in transactions related to the Rated Notes (including assisting clients in future purchases and sales of the Rated Notes and hedging transactions) and such BofAML Parties and NATIXIS Parties would expect to earn fees and other revenues from these transactions.

The BofAML Parties and the NATIXIS Parties are each part of global investment banking and securities and investment management firms that provides a wide range of financial services to a substantial and diversified client base that includes, without limitation, corporations, financial institutions, governments and high net worth individuals. As such, they actively make markets in and trade financial instruments for their own account and for the accounts of customers in the ordinary course of their business. The BofAML Parties and/or the NATIXIS Parties and/or their respective clients may have positions in or may have arranged financing in respect of the Notes or the Mortgage Loans in the Mortgage Portfolio and may have provided or may be providing investment banking services and other services to the other transaction parties or the Originators of the Mortgage Loans.

The BofAML Parties and the NATIXIS Parties may act as lead manager, arranger, placement agent and/or initial purchaser or investment manager in other transactions involving issues of residential mortgage backed securities or other investment funds with assets similar to those of the Issuer, which may have an adverse effect on the price or value of the Notes. Neither the BofAML Parties or the NATIXIS Parties will disclose specific trading positions or their hedging strategies, including whether they are in long or short positions in any Notes or obligations referred to in this Prospectus except where required in accordance with applicable law.

In the ordinary course of business, the BofAML Parties and the NATIXIS Parties and employees or customers of the BofAML Parties and the NATIXIS Parties may actively trade in and/or otherwise hold long or short positions in the Notes or enter into transactions similar to or referencing the Notes for their own accounts and for the accounts of their customers. If any of the BofAML Parties or the NATIXIS Parties becomes an owner of any of the Notes, through market-making activity or otherwise, any actions that it takes in its capacity as owner, including voting, providing consents or otherwise will not necessarily be aligned with the interests of other owners of the Notes. To the extent any of the BofAML Parties or the NATIXIS Parties makes a market in the Notes (which it is under no obligation to do), it would expect to receive income from the spreads between its bid and offer prices for the Notes. In connection with any such activity, it will have no obligation to take, refrain from taking or cease taking any action with respect to these transactions and activities based on the potential effect on an investor in the Notes. The price at which any of the BofAML Parties or the NATIXIS Parties may be willing to purchase Notes, if it makes a market, will depend on market conditions and other relevant factors and may be significantly lower than the issue price for the Notes and significantly lower than the price at which it may be willing to sell the Notes.

Prospective investors should note that certain BofAML Parties and the NATIXIS Parties have provided financing indirectly to Paratus AMC Limited through a warehousing issuer. As such, the proceeds of the issuance of the Notes will be used on or about the Closing Date to refinance such financing by Paratus AMC Limited using a portion of the Initial Purchase Price in respect of the Mortgage Loans and Related Security in the Mortgage Portfolio to purchase the relevant Mortgage Loans from the warehousing issuer before on-selling such part of the Mortgage Portfolio to the Issuer. The warehousing issuer will ultimately use such funds to repay certain BofAML Parties and NATIXIS Parties. Other than where required in accordance with applicable law, the BofAML Parties and the NATIXIS Parties have no obligation to act in any particular manner as a result of their prior, indirect involvement with the Mortgage Portfolio and any information in relation thereto. With respect to the refinancing, each of the BofAML Parties and the NATIXIS Parties will act in its own commercial interest.

## **EU Referendum**

On 23 June 2016 the United Kingdom voted to leave the EU in a referendum (the "**Brexit Vote**") and on 29 March 2017 the United Kingdom gave formal notice (the "**Article 50 Notice**") under Article 50 of the Treaty on European Union ("**Article 50**") of its intention to leave the EU.

Article 50 provides that the EU treaties will cease to apply to the United Kingdom two years after the Article 50 Notice unless a withdrawal agreement enters into force earlier or the two year period is extended by unanimous agreement of the UK and the European Council. In the absence of any further extension to this timeline by the United Kingdom parliament and the European Council, the United Kingdom will leave the EU on 31 October 2019 at 11pm or an earlier agreed Brexit date.

The terms of the UK's exit from the EU are unclear and are the subject of continuing negotiations. It is, possible that the United Kingdom will leave the EU with no withdrawal agreement in place if no agreement can be reached and approved by all relevant parties within the allotted time. If the United Kingdom leaves the EU with no withdrawal agreement, it is likely that a high degree of political, legal, economic and other uncertainty will result.

In addition to the economic and market uncertainty this brings (see "*Market uncertainty*" below), there are a number of potential risks in relation to an investment in the Notes and/or the Certificates that Noteholders should consider:

### ***Political uncertainty***

The UK is experiencing a period of acute political uncertainty connected to the negotiations with the EU. Such uncertainty could lead to a high degree of economic and market disruption and legal uncertainty. It is not possible to ascertain how long this period will last and the impact it will have on the UK in general and the market, including market value and liquidity, for asset-backed securities similar to the Notes and the Certificates in particular. The Issuer cannot predict when or if political stability will return, or what the market conditions relating to asset-backed securities similar to the Notes and the Certificates might be at that time.

### ***Legal uncertainty***

A significant proportion of English law currently derives from or is designed to operate in concert with EU law. This is especially true of the law relating to financial markets, financial services, prudential and conduct regulation of financial institutions, bank recovery and resolution, payment services and systems, settlement finality and market infrastructure. The European Union (Withdrawal) Act 2018 (the "**Withdrawal Act**"), aims to incorporate the EU law *acquis* into UK law the moment before the UK ceases to be a member of the EU, with the intention of limiting immediate legal change. The Withdrawal Act grants the UK government wide powers to make secondary legislation in order to, among other things, implement any withdrawal agreement and to adapt those laws that would otherwise not function sensibly once the United Kingdom has left the EU, on the whole with minimal parliamentary scrutiny. The secondary legislation made under those powers would be able to do anything that could be done by an act of Parliament. Over time, however – and depending on the timing and terms of the UK's exit from the EU – significant changes to English law in areas relevant to the Transaction and the parties to the transaction are likely. The Issuer cannot predict what any such changes will be and how they may affect payments of principal and interest to the Noteholders and Certificateholders.

### ***Regulatory uncertainty***

There is significant uncertainty about how financial institutions from the remaining EU Member States (the "**EU27**") with assets (including branches) in the UK will be regulated and *vice versa*. At present, European Union single market regulation allows regulated financial institutions (including credit institutions, investment firms, alternative investment fund managers, insurance and reinsurance undertakings) to benefit from a passporting system for regulatory authorisations required to conduct their businesses, as well as facilitating mutual rights of access to important elements of market infrastructure such as payment and settlement systems. EU law is also the framework for mutual recognition of bank recovery and resolution regimes.

Once the UK ceases to be a Member State of the EU, the current passporting arrangements will cease to be effective, as will the current mutual rights of access to market infrastructure and current arrangements for

mutual recognition of bank recovery and resolution regimes. The ability of regulated financial institutions to continue to do business between the UK and the EU27 after the UK ceases to be a Member State of the EU would therefore be subject to separate arrangements between the UK and the EU27. Although the UK Government has said that it "will be aiming for the freest possible trade in financial services between the UK and EU member states" in a white paper setting out its Brexit negotiation objectives, there can be no assurance that there will be any such arrangements concluded and, if they are concluded, when and on what terms. Such uncertainty could adversely impact the ability of third parties who are regulated financial institutions to provide services to the Issuer and the Transaction.

### ***Market uncertainty***

Since the Brexit Vote, there has been volatility and disruption of the capital, currency and credit markets, including the market for asset-backed securities. There may be further volatility and disruption depending on the conduct and progress of the formal withdrawal negotiations initiated by the Article 50 Notice.

Potential investors should be aware that these prevailing market conditions affecting asset-backed securities could lead to reductions in the market value and/or a severe lack of liquidity in the secondary market for instruments similar to the Notes and Residual Certificates. Such falls in market value and/or lack of liquidity may result in investors suffering losses on the Notes or Certificates in secondary resales even if there is no decline in the performance of the securitised portfolio.

The Issuer cannot predict when these circumstances will change and whether, if and when they do change, there would be an increase in the market value and/or there will be a more liquid market for the Notes or Certificates and instruments similar to the Notes or Certificates at that time.

### ***Counterparty risk***

Counterparties to the Transaction Documents may be unable to perform their obligations due to changes in regulation, including the loss of existing regulatory rights to do cross-border business. Additionally, they may be adversely affected by rating actions or volatile and illiquid markets (including currency markets and bank funding markets) arising from the Brexit Vote, the Article 50 Notice and the conduct and progress of the formal withdrawal negotiations. As a result, there is an increased risk of such counterparties becoming unable to fulfil their obligations which could have an adverse impact on their ability to provide services to the Issuer and accordingly, on the ability of the Issuer to make payments of interest and repayments of principal to the Noteholders. See "*Servicing of the Mortgage Loans and Reliance on Third Parties*" above.

### ***Adverse economic conditions affecting obligors***

The uncertainty and market disruption following the Brexit Vote and the delivery of the Article 50 Notice may cause investment decisions to be delayed, reduce job security and damage consumer confidence. The resulting adverse economic conditions may affect Borrower's willingness or ability to meet their obligations, resulting in increased defaults in the Mortgage Portfolio and may ultimately affect the ability of the Issuer to pay interest and repay principal to Noteholders or make payments to Certificateholders.

### ***Break-up of the UK***

The Brexit Vote has also caused increased constitutional tension within the UK. Majorities of voters in both Scotland and Northern Ireland voted to remain in the EU. Leading figures in both Scotland and Northern Ireland have suggested that they have a mandate from their voters to remain in the EU and might seek to leave the UK in order to achieve the outcome. The border between Northern Ireland and the Republic of Ireland has been a particularly difficult and contentious issue in the withdrawal negotiations thus far. The Issuer cannot predict the outcome of this continuing constitutional tension or how the potential future departure of Scotland and/or Northern Ireland from the United Kingdom would affect the transaction and the ability of the Issuer to pay interest and repay principal to Noteholders or make payments to Certificateholders.

### ***Rating actions***

The Brexit Vote has resulted in downgrades of the UK sovereign and the Bank of England by Standard & Poor's Credit Market Services Europe Limited ("**Standard & Poor's**"), Fitch and Moody's. In June 2016 both S&P and Fitch lowered their ratings for the UK sovereign and that of the Bank of England, with a

negative outlook. Moody's took the same approach, however they decided to downgrade the United Kingdom and the Bank of England even further in September 2017, citing increasingly apparent challenges to policy making since the Brexit Vote.

The rating of the sovereign affects the ratings of entities operating in its territory, and in particular the ratings of financial institutions. Further downgrades may cause downgrades to counterparties to the Transaction Documents meaning that they cease to have the relevant required ratings to fulfil their roles and need to be replaced. If rating action is widespread, it may become difficult or impossible to replace counterparties on the Transaction with others who have the required ratings on similar terms or at all.

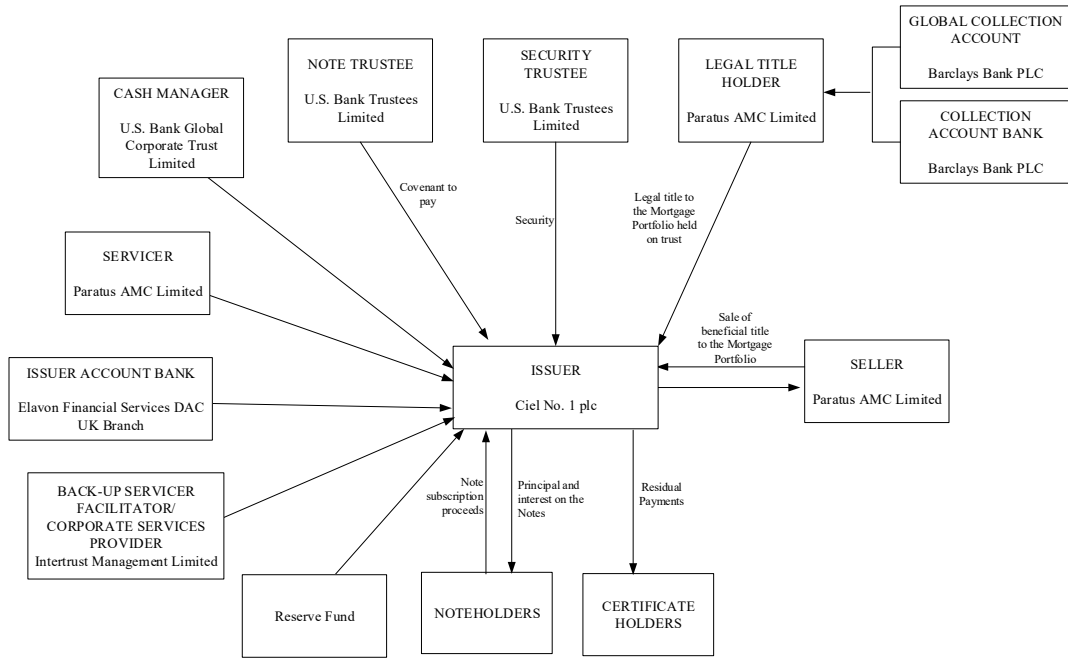

Moreover, a more pessimistic economic outlook for the UK in general could lead to increased concerns around the future performance of the Mortgage Portfolio and accordingly the ability of the Issuer to pay interest and repay principal to Noteholders and Certificateholders and the ratings assigned to the Notes on the Closing Date could be adversely affected.

While the extent and impact of these issues is unknown, Noteholders should be aware that they could have an adverse impact on Noteholders and the payment of interest and repayment of principal on the Notes.

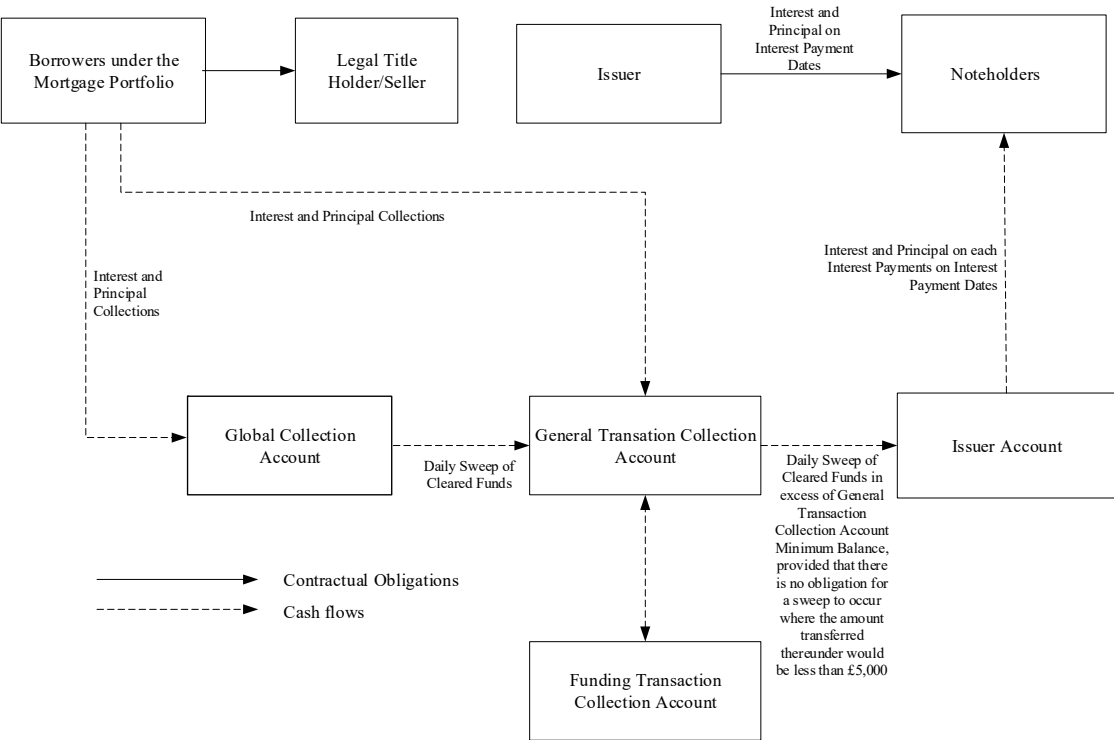

The Issuer believes that the risks described above are the principal risks for the Noteholders inherent in the Transaction, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with the Notes may occur for other reasons. The Issuer does not represent that the above stated risk factors are exhaustive. The Issuer believes that the structural elements described elsewhere in this Prospectus go to mitigate a number of these risks for the Noteholders, nevertheless the Issuer cannot give any assurance that those will be sufficient to ensure timely payment of interest, principal or any other amounts on or in connection with the Notes to Noteholders.

### **Sale of the Mortgage Portfolio:**

The Mortgage Portfolio will consist of the Mortgage Loans and their Related Security which will be sold by the Seller to the Issuer on the Closing Date pursuant to the Mortgage Sale Agreement.

The Mortgage Loans and their Related Security are governed by English law.

The Mortgage Loans have been originated by the Originators and/or the Seller under the Keystone brand.

The beneficial title to the Mortgage Loans and their Related Security has (prior to the sale thereof to the Issuer on the Closing Date pursuant to the terms of the Mortgage Sale Agreement) been purchased on or before the Closing Date by the Seller pursuant to certain antecedent agreements.

The terms "sale", "sell" and "sold" when used in this Prospectus in connection with the Mortgage Loans and their Related Security shall be construed to mean each such creation of an equitable interest and such equitable assignment, as applicable. The terms "repurchase" and "repurchased" when used in this Prospectus in connection with a Mortgage Loan and its Related Security shall be construed to include (A) the repurchase of the beneficial interest of the Issuer in respect of such Mortgage Loan and its Related Security and (B) the purchase by the Seller of such Mortgage Loan and its Related Security from the Issuer pursuant to the terms of the Mortgage Sale Agreement.

Prior to the occurrence of a Perfection Event as set out below, notice of the sale of the Mortgage Loans and their Related Security comprising the Mortgage Portfolio will not be given to the Borrowers and the Issuer will not apply to the Land Registry to register or record its equitable or beneficial interest in the Mortgages. Prior to the occurrence of a Perfection Event, the legal title to each Mortgage Loan and its Related Security in the Mortgage Portfolio will be held by the Seller on bare trust for the Issuer. Following a Perfection Event and notice of the transfer of the Mortgage Loans and their Related Security to the Issuer being sent to the relevant Borrowers, legal title to the Mortgage Loans and their Related Security (subject to appropriate registration or recording at the Land Registry) will pass to the Issuer.

**Consideration:**

The consideration from the Issuer to the Seller in respect of the sale of the Mortgage Portfolio shall be: (a) the initial consideration in an amount equal to £182,086,248.00, which is due and payable on the Closing Date (the "**Initial Purchase Price**") and (b) further consideration consisting of the Residual Payments in respect of the Mortgage Portfolio payable pursuant to the applicable Priority of Payments, the right to such Residual Payments being represented by Residual Certificates to be issued by the Issuer and delivered to, or at the direction of, the Seller on the Closing Date.

On the date being fifteen Business Days after the Closing Date (or such other date agreed between the Issuer and the Seller) (the "**Reconciliation Date**"), the Cash Manager will (acting in accordance with the provisions of the Cash Management Agreement and subject to the receipt of the relevant information from the Servicer) calculate (i) the Revenue Receipts in respect of the Mortgage Loans received after close of business on the Cut-Off Date but before close of business on the Closing Date (the "**Closing Revenue Reconciliation Amount**") and (ii) the difference (if any) between the Capital Balance of the Mortgage Loans as at the close of business on the Cut-Off Date and the Capital Balance of the Mortgage Loans as at the close of business on the Business Day immediately preceding the Closing Date being an amount representing an aggregate of all amounts referred to in the definition of Redemption Receipts (to the extent applicable and, for the avoidance of doubt, other than items (b) and (f) of the definition of Redemption Receipts) received in respect of the Mortgage Portfolio during the period between the Cut-Off Date and the Closing Date as determined by the Cash Manager on the Reconciliation Date (the "**Closing Redemption Reconciliation Amount**", together with the Closing Revenue Reconciliation Amount the "**Closing Reconciliation Amounts**").

The Servicer has (in the Cash Management Agreement) agreed that it will provide all relevant information to the Cash Manager which the Cash Manager requires in order to determine the Closing Reconciliation Amounts in accordance with the provisions of the Cash Management Agreement.

Following the determination by the Cash Manager of the Closing Reconciliation Amounts in accordance with the provisions of the Cash Management Agreement, the Seller shall be required to make a payment to the Issuer Account in an amount equal to such Closing Reconciliation Amounts no later than seven Business Days after the Reconciliation Date (the "**Closing Reconciliation Amount Payment Date**"). The payment by the Seller of the Closing Reconciliation Amounts shall constitute a reduction of the Initial Purchase Price.

**Certificateholders:** Any Residual Payment will be paid to the Certificateholder in accordance with the Pre-Enforcement Revenue Priority of Payments or, if applicable, the Post-Enforcement Priority of Payments.

**Representations and Warranties:** The Seller will make certain Mortgage Loan Warranties regarding the Mortgage Loans and Related Security to the Issuer in relation to the Mortgage Loans and their Related Security comprised in the Mortgage Portfolio, on the Closing Date, which include, amongst others, the following:

- (a) each Mortgage relating to a Mortgage Loan constitutes a valid and subsisting first legal mortgage over the relevant Property;
- (b) all steps necessary with a view to perfecting the Seller's legal title to each Mortgage Loan and its Related Security have been duly done;
- (c) no Mortgage Loan is currently repayable in a currency other than sterling and the currency of the repayments cannot be changed by the Borrower to a currency other than sterling;
- (d) each Property is a residential property; and
- (e) each Property is located in England or Wales.

See the section "*Summary of the Key Transaction Documents - Mortgage Sale Agreement*" and section "*The Mortgage Portfolio and the Mortgage Loans - Mortgage Loan Warranties and Breach of Mortgage Loan Warranties*" for further details.

**Repurchase of the Mortgage Loans and Related Security:**

The Seller is liable for the repurchase of the relevant Mortgage Loans and their Related Security (or in the case of the non-existence of a Mortgage Loan, the indemnification of the Issuer and the Security Trustee) upon a breach of Mortgage Loan Warranties (which the Seller fails to remedy within 65 days' grace period (the "**Grace Period**"). The Seller shall have no liability for a breach of a Mortgage Loan Warranty other than the obligation to repurchase (or indemnify in the case of the non-existence of a Mortgage Loan) in accordance with the terms of the Mortgage Sale Agreement.

The Seller will also agree in the Mortgage Sale Agreement that, amongst other things, if a term relating to the recovery of interest (other than a term upon which the Servicer has confirmed on or before the Closing Date that it no longer relies) under the Standard Documentation applicable to any Mortgage Loan sold by it to the Issuer is at any time on or after the Closing Date found by a competent court, or other competent authority or any ombudsman or regulator to be an unfair term (for the purposes of the UTCCR or the CRA), it shall repurchase or procure the repurchase of the Mortgage Loan concerned and its Related Security.

**Consideration for repurchase:**

The price payable by the relevant Seller upon the repurchase of any Mortgage Loan and its Related Security (or the amount of any indemnification in the case of the non-existence of a Mortgage Loan) (the "**Repurchase Price**") will be the Current Balance of such Mortgage Loan as at the close of business on the date immediately preceding the date of repurchase plus an amount equal to the Issuer's reasonable costs or any other reasonable expenditure in relation to such repurchase (if any). See the section entitled "*Summary of the Key Transaction Documents – Mortgage Sale Agreement - Representations and Warranties*" for further information.

**Perfection Events and transfer of legal title to the Issuer:**

Within 25 Business Days of receipt of written notice from the Issuer or the Security Trustee of the occurrence of any Perfection Event, the Seller will be required to execute transfers of legal title to the Mortgage Loans and their Related Security to the Issuer (or a nominee of the Issuer). The Seller shall be obliged to give notice of assignment of the Mortgage Loans to the Borrowers following the occurrence of a Perfection Event by serving relevant notices thereof on the Borrowers.

See "*Assignment of the Mortgage Loans and Related Security*" below.

**Servicing of the Mortgage Portfolio:**

The Servicer agrees to service the Mortgage Loans to be sold to the Issuer and their Related Security on behalf of the Issuer and, where applicable, the Seller. Following the service of an Enforcement Notice, the Servicer shall act at the direction of the Security Trustee. The appointment of the Servicer may be terminated by the Issuer and/or the Security Trustee (subject to the terms of the Servicing Agreement) if any Servicer Termination Event occurs and is continuing (see "*Summary of the Key Transaction Documents – Servicing Agreement - Termination of the Appointment of the Servicer*").

**Portfolio Call Option Holder may exercise the Portfolio Call Option:**

Pursuant to the terms of the Deed Poll and the Portfolio Call Option granted therein, the Portfolio Call Option Holder may, subject to certain conditions, purchase all (but not some) of the Mortgage Loans and their Related Security comprising the Mortgage Portfolio, at no less than the Portfolio Minimum Purchase Price. The Portfolio Call Option Holder may give notice of its exercise of such option no earlier than the Business Day immediately following the Interest Payment Date immediately preceding the Optional Redemption Date. Completion of the purchase by the Portfolio Call Option Holder will occur on the date specified in the Exercise Notice (the "**Optional Portfolio Purchase Completion Date**") from the Portfolio Call Option Holder notifying the Issuer that it intends to exercise the Portfolio Call Option **provided that** the Optional Portfolio Purchase Completion Date shall fall two Business Days prior to the Interest Payment Date immediately following the date of the Exercise Notice or such earlier date as the Issuer, Note Trustee, Security Trustee and Portfolio Call Option Holder may agree, provided that such date may fall no earlier than six Business Days after the Collection Period End Date immediately preceding the Interest Payment Date immediately following the date of the Exercise Notice.

See the section entitled "*Early redemption of the Notes pursuant to the Portfolio Call Option or the Risk Retention Regulatory Change Option*" below.

**Purchase of Mortgage Portfolio pursuant to Risk Retention Regulatory Change Option:**

Pursuant to the Mortgage Sale Agreement, following the occurrence of a Risk Retention Regulatory Change Event (and subject to two directors of the Retention Holder certifying in writing to the Note Trustee and the Security Trustee that a Risk Retention Regulatory Change Event has occurred, upon which certificate the Note Trustee and Security Trustee shall rely absolutely without liability to any person for so doing), the Retention Holder has the benefit of the Risk Retention Regulatory Change Option to require the Issuer to, on the date specified in the notice (such date the "**Risk Retention Regulatory Change Option Date**"):

- (a) sell and transfer to the Retention Holder or its nominee (specified as such in the Risk Retention Regulatory Change Option Exercise Notice) the beneficial title to the Mortgage Loans and their Related Security comprising the Mortgage Portfolio; and
- (b)
  - (i) prior to a Perfection Event, transfer to the Retention Holder the right to call for legal title to the Mortgage Loans and their Related Security comprising the Mortgage Portfolio; or
  - (ii) after a Perfection Event, to the extent the legal title to the Mortgage Loans and their Related Security comprising the Mortgage Portfolio has been vested in the Issuer, to transfer to the Retention Holder such legal title to the Mortgage Loans and their Related Security,

in each case in accordance with and subject to the terms of the Mortgage Sale Agreement. Completion of the purchase by the Retention Holder will occur on the Risk Retention Regulatory Change Option Date provided that the Risk Retention Regulatory Change Option Date shall fall two Business Days prior to the Interest Payment Date immediately following the date of the Risk Retention Regulatory Change Option Exercise Notice or such earlier date as the Issuer, Note Trustee, Security Trustee and the Retention Holder may agree, **provided that** such date may fall no earlier than six Business Days after the Collection Period End Date immediately preceding the Interest Payment Date immediately following the date of the Risk Retention Regulatory Change Option Exercise Notice.

**Gross-up:** None of the Issuer, any Paying Agent or any other person will be obliged to pay additional amounts to Noteholders if there is any withholding or deduction required by law in respect of the Notes on account of taxes.

**Redemption:** The Notes are required to be redeemed in the following circumstances:

- mandatory redemption in whole on the Interest Payment Date falling in June 2046 (the "**Final Maturity Date**"), as fully set out in Condition 8.1 (*Redemption at Maturity*).

- mandatory redemption in full following the exercise by the Portfolio Call Option Holder of the Portfolio Call Option, as fully set out in Condition 8.3 (*Mandatory Redemption of the Notes in full on or after the Optional Redemption Date*).

- mandatory redemption in full following a change in tax law or otherwise by reason of a change in law (which cannot otherwise be mitigated by substitution of the Issuer or an appointment of alternative Paying Agent, as fully set out in Condition 8.5 (*Mandatory Redemption for Taxation and Other Reasons*)).

Any amounts redeemed pursuant to the above redemption provisions will be redeemed at an amount equal to its Principal Amount Outstanding together with accrued (and unpaid) interest on its Principal Amount Outstanding up to and including the date of redemption.

- mandatory redemption in part or in full of the Class X Notes on any Interest Payment Date prior to the Optional Redemption Date in an amount up to their Principal Amount Outstanding then outstanding, equal to the Available Revenue Receipts available for such purpose in accordance with the Pre-Enforcement Revenue Priority of Payments.

**Expected Average Lives of the Notes:**

The actual average lives of the Notes cannot be stated, as the actual rate of repayment of the Mortgage Loans and redemption of the Mortgage Loans and a number of other relevant factors are unknown. However, calculations of the possible average lives of the Notes can be made based on certain assumptions as described under "*Weighted Average Lives of the Notes*" below.

**Event of Default:**

As fully set out in Condition 11 (*Events of Default*) and Residual Certificates Condition 10 (*Events of Default*), which includes, among other events, (where relevant, subject to the applicable grace period):

- non-payment of any amount of interest and/or principal in respect of the Most Senior Class of Notes, and such non-payment continues for (i) a period of five days in the case of interest or (ii) ten days in the case of principal;
- failure to pay any amount due in respect of the Residual Certificates and the default continues for more than five days from the due date for payment (**provided that** all of the Notes have been redeemed in full);
- breach of any other contractual obligations by the Issuer under the Transaction Documents which, in the opinion of the Note Trustee is materially prejudicial to the interests of the Most Senior Class of Notes (or, if no Notes are outstanding, the Certificateholders) if such breach is incapable of remedy or, if it is capable of remedy, has not been remedied within the applicable grace period;
- any representation or warranty made by the Issuer is incorrect when given which, in the opinion of the Note Trustee, is materially prejudicial to the interests of the Most Senior Class of Notes (or, if no Notes are outstanding, the Certificateholders) if the matters giving rise to such misrepresentation is incapable of remedy or, if it is capable of remedy, has not been remedied within the applicable grace period;
- the Issuer ceasing or threatening to cease to carry on the whole or a substantial part of its business or the occurrence of certain related events in relation to the Issuer;
- the occurrence of certain insolvency related events in relation to the Issuer or its assets and undertaking; and
- the Issuer initiating or consenting to judicial proceedings relating to itself, or taking steps with a view to obtaining a moratorium in respect of any of its indebtedness.

Following the occurrence of an Event of Default, the Note Trustee may (or if so directed by the holders of the Most Senior Class of Notes, shall) serve an Enforcement Notice on the Issuer that all Classes of Notes are immediately due and payable **provided that** the Note Trustee is indemnified and/or prefunded and/or secured to its satisfaction. Following service of an Enforcement Notice to the Issuer, the Security Trustee may enforce the Security.

The Note Trustee at its absolute discretion may, and, provided all of the Notes have been redeemed in full, if so directed in writing by the holders of at least 25 per cent. of the Residual Certificates in number or if so directed by an Extraordinary Resolution of the Certificateholders shall (subject to being indemnified and/or prefunded and/or secured to its satisfaction as more particularly described in the Trust Deed), give an Enforcement Notice to the Issuer that any Residual Payments pursuant to the Residual Certificates are immediately due and payable in any of the events described more fully in Residual Certificates Condition 10 (*Events of Default*).

**Limited Recourse and  
Non-Petition:**

The Notes are limited recourse obligations of the Issuer, and, if not repaid in full, amounts outstanding are subject to a final write-off, which is described in more detail in Condition 12.4 (*Limited Recourse*). In accordance with Condition 12.3 (*Limitations on Enforcement*), no Noteholder may proceed directly against the Issuer unless the Note Trustee or the Security Trustee, having become bound to do so, fails to do so within a reasonable period of time and such failure is continuing.

The Certificateholders are only entitled to funds which are available to the Issuer in accordance with the applicable Priority of Payments and therefore the Residual Certificates are limited recourse obligations of the Issuer.

**Governing Law:**

English law.

However, so long as no Event of Default has occurred and is continuing, the Noteholders are not entitled to instruct or direct the Issuer to take any actions, either directly or through the Note Trustee, without the consent of the Issuer and, if applicable, certain other transaction parties, unless the Issuer has an obligation to take such actions under the relevant Transaction Documents.

The Note Trustee shall not be bound to take any such action unless first indemnified and/or prefunded and/or secured to its satisfaction.

**Right of modification subject to negative consent of Noteholders:**

Pursuant to and in accordance with the detailed provisions of Condition 13.6, the Note Trustee shall be obliged, and shall direct the Security Trustee, in certain circumstances, without any consent or sanction of the Noteholders, the Certificateholders, or the other Secured Creditors, to concur with the Issuer in making any modification (other than a Basic Terms Modification) to the Conditions and/or any Transaction Document that the Issuer considers necessary for the purpose of enabling the Issuer or any other Transaction Party to:

- comply with, or implementing or reflecting, any change in the criteria of one or more of the Rating Agencies which may be applicable from time to time;
- comply with any obligation which applies to such party under the Securitisation Regulation, including as a result of the adoption of any secondary legislation or official guidance in relation to the Securitisation Regulation or any other risk retention legislation or regulations or official guidance in relation thereto (including, without limitation, the appointment of a third party pursuant to the Servicing Agreement and/or the Cash Management Agreement to assist with the Issuer's reporting obligations pursuant to the Securitisation Regulation);
- to comply with FATCA; or
- change the base rate in respect of the Notes from LIBOR to an alternative base rate and make such other amendments as are necessary or advisable in the reasonable commercial judgment of the Issuer (or the Servicer on its behalf) to facilitate such change (a "**Base Rate Modification**").

The Issuer must provide at least 30 days' notice to Noteholders of each Class of the proposed modification in accordance with Condition 16 (*Notice to Noteholders*) and by publication on Bloomberg on the "Company Filings" screen relating to the Notes. If Noteholders representing at least 10 per cent. of the aggregate Principal Amount Outstanding of the Most Senior Class of Notes have notified the Issuer in writing that such Noteholders do not consent to the modification then such modification will not be made unless passed by an Extraordinary Resolution of the Noteholders of the Most Senior Class of Notes in accordance with Condition 13 (*Meetings of Noteholders, Modification, Waiver and Substitution*).

**Right of modification without consent of Noteholders:**

Neither the Note Trustee nor the Security Trustee shall be obliged to agree to any modification which, in the sole opinion of the Note Trustee or the Security Trustee, as applicable, would have the effect of (i) exposing the Note Trustee or the Security Trustee, as applicable, to any liability against which it has not been indemnified and/or secured and/or pre-funded to its satisfaction or (ii) increasing the obligations or duties, or decreasing the rights or protection, of the Note Trustee or the Security Trustee, as applicable, in the Transaction Documents and/or these Conditions.

**Relationship between  
Classes of Noteholders  
and Certificateholders:**

Subject to the provisions governing a Basic Terms Modification, a resolution of the Most Senior Class of Notes at any given time shall be binding on all other Classes of Notes and the Residual Certificates which are subordinate to such Most Senior Class of Notes at any given time and on the Residual Certificates, irrespective of the effect upon them. No Extraordinary Resolution of any other Class of Noteholders or of the Certificateholders shall take effect for any purpose while the Most Senior Class of Notes remains outstanding unless it shall have been sanctioned by an Extraordinary Resolution of the holders of such Most Senior Class of Notes and, in the case of Residual Certificates, the holders of all Notes ranking in priority in the Post-Enforcement Priority of Payments (or the Note Trustee is of the opinion that it would not be materially prejudicial to the interests of the holders of the Most Senior Class of Notes and in the case of the Residual Certificates all Notes ranking in priority thereto).

The voting rights of the Certificateholders are limited to the extent that any Ordinary Resolution or Extraordinary Resolution of the Certificateholders is only effective if, while any Classes of Notes remain outstanding, such resolution has been sanctioned by an Ordinary Resolution or Extraordinary Resolution, respectively, of the Most Senior Class of Notes and all other Classes of Notes, or the Note Trustee is of the opinion it would not be materially prejudicial to the interests of the holders of the Most Senior Class of Notes and all other Classes of Notes.

A Basic Terms Modification requires an Extraordinary Resolution of the holders of the relevant affected Class or Classes of Notes and/or the Residual Certificates then in issue, as applicable.

Subject to the provisions governing a Basic Terms Modification and the foregoing paragraphs, a resolution which, in the opinion of the Note Trustee, affects the interests of the holders of Notes of only one Class or the Residual Certificates only shall be deemed to have been duly passed if passed at a separate meeting (or by a separate resolution in writing or by a separate resolution passed by way of consents received through the relevant Clearing System(s)) of the holders of that Class of Notes so affected or the Residual Certificates.

**"Clearing System"** means Euroclear and/or Clearstream, Luxembourg and includes in respect of any Note and/or Residual Certificate any clearing system on behalf of which such Note and/or Residual Certificate is held or which is the holder (directly or through a nominee) or registered owner of a Note and/or a Residual Certificate, in either case whether alone or jointly with any other Clearing System(s).

**Relationship between  
Noteholders and other  
Secured Creditors:**

So long as any of the Notes are outstanding and without prejudice to any consent required of any Secured Creditor pursuant to the Transaction Documents, neither the Security Trustee nor the Note Trustee shall have regard to the interests of the other Secured Creditors other than the Noteholders.

So long as the Notes are outstanding, the Note Trustee will have regard to the interests of each class of the Noteholders, but if in the Note Trustee's sole opinion there is a conflict between the interests of any Classes of Notes, it will have regard solely to the interests of the holders of the Most Senior Class of Notes and the holders of such subordinated Classes of Notes shall have no claim against the Note Trustee for so doing.

So long as any Notes or Residual Certificates are outstanding and without prejudice to any consent required of any Secured Creditor pursuant to the Transaction Documents the Security Trustee shall act on the instructions of

the Note Trustee and shall not have regard to the interests of any other Secured Creditor.

**"Secured Obligations"** means any and all of the monies and liabilities which the Issuer covenants and undertakes to pay or discharge under the Issuer's covenant to pay as set out in the Deed of Charge.

**Seller, Retention Holder  
or related entity as  
Noteholder or  
Certificateholder:**

Prospective investors should note that the Seller, the Retention Holder and/or affiliates or related entities of the Seller and/or the Retention Holder may purchase some or all of any of the Notes, and in doing so, will not be prevented from being entitled to attend meetings of the Noteholders and/or the Certificateholders or vote at Noteholder and/or Certificateholder meetings or by way of written resolution (as applicable).

Prospective investors should be aware that the interests of the Seller, the Retention Holder and/or affiliates or related entities of the Seller and/or the Retention Holder may conflict generally with that of the other Noteholders and/or Certificateholders, and the Seller, the Retention Holder and/or affiliates or related entities of the Seller and/or the Retention Holder are not required to vote in any particular manner.

On the Final Redemption Date only, all amounts standing to the credit of the Reserve Fund (after first, having applied any Reserve Fund Drawings to meet any Revenue Deficit on the Final Redemption Date (subject to the satisfaction of the Liquidity Availability Conditions)) will be applied as Available Redemption Receipts in accordance with the Pre-Enforcement Redemption Priority of Payments.

See the section titled "*Credit Structure - Reserve Fund and Reserve Fund Ledger*".

- A Principal Deficiency Ledger will be established to record as a debit (i) any Losses on the Mortgage Portfolio; (ii) Principal Addition Amounts (determined in accordance with the Liquidity Availability Conditions); and (iii) amounts credited to the Reserve Fund in accordance with item (b) of the Pre-Enforcement Redemption Priority of Payments. See the section "*Credit Structure - Principal Deficiency Ledger*" below.
- Pursuant to item (a) of the Pre-Enforcement Redemption Priority of Payments, to the extent that after application of the Available Revenue Receipts in accordance with the Pre-Enforcement Revenue Priority of Payments and (on or prior to the Senior Note Redemption Date) the use of any Reserve Fund Drawings to meet any Revenue Deficits against the relevant items in the Pre-Enforcement Revenue Priority of Payments in the order they appear in the Pre-Enforcement Revenue Priority of Payments, any Revenue Deficits persist, the Issuer shall (subject to the relevant Liquidity Availability Conditions) apply Principal Addition Amounts to cover such remaining Revenue Deficits in accordance with item (a) of the Pre-Enforcement Redemption Priority of Payments, subject to the application of the Liquidity Availability Conditions. **Bank Accounts:**

On the Closing Date the Issuer will enter into the Issuer Account Bank Agreement with the Issuer Account Bank in respect of the opening and

maintenance of a deposit account (the "**Issuer Account**"). The Issuer may from time to time open additional or replacement accounts including, if applicable, any securities accounts (such accounts, together with the Issuer Account, the "**Issuer Accounts**") pursuant to the Issuer Account Bank Agreement and the Transaction Documents.

Collections of revenue and principal in respect of the Mortgage Loans in the Mortgage Portfolio are received by the Seller in either the General Transaction Collection Account (in the case of direct debit payments) or the Global Collection Account (in the case of payments made other than by way of direct debit). Interest payments and principal repayments are collected throughout the month.

All monies standing to the credit of the Global Collection Account that are identified as being referable to the Mortgage Portfolio (save for: (i) certain amounts received in relation to the Mortgage Loans and their Related Security which are required to be refunded or otherwise disbursed and (ii) any fees payable in respect of the Global Collection Account) are transferred from the Global Collection Account to the General Transaction Collection Account by the Servicer at the end of each Business Day.

All monies standing to the credit of a General Transaction Collection Account are (subject to certain conditions including payment of certain Third Party Amounts) transferred from that General Transaction Collection Account to the Issuer Account by the Servicer at the end of each Business Day.

**Cash Management:**

On each Interest Payment Date, the Cash Manager will transfer monies from the Issuer Account to the relevant Transaction Parties or other parties in accordance with the applicable Priority of Payments. #### Non-Rating Triggers Table

**Perfection Events:** Prior to the completion of the transfer of legal title of the Mortgage Loans to the Issuer, the Issuer will be subject to certain risks as set out in the risk factor entitled "*Title of the Issuer*" and "*Set-off may adversely affect the value of the Mortgage Portfolio or any part thereof*" in the section entitled "*Risk Factors*".

The Seller shall be obliged to give notice of assignment of the Mortgage Loans to the Borrowers following the occurrence of:

- (a) the delivery of an Enforcement Notice by the Note Trustee; or
- (b) the occurrence of a Servicer Termination Event; or
- (c) the Seller being required to perfect legal title to the Mortgage Loans:
  - (i) by an order of a court of competent jurisdiction; or (ii) by a regulatory authority which has jurisdiction over the Seller; or (iii) by any organisation of which the Seller is a member or whose members comprise, but are not necessarily limited to, mortgage lenders and with the instructions of which it is customary for the Seller to comply; or
- (d) it becoming necessary as a result of a change in law occurring after the Closing Date to perfect the transfer by way of assignment of the legal title to such Mortgage Loans; or
- (e) it becoming unlawful in any applicable jurisdiction for the Seller to hold legal title in respect of any Mortgage Loan in the Mortgage Portfolio; or
- (f) the Security Trustee notifying the Issuer in writing that the security under the Deed of Charge or any material part of that security is, in the opinion of the Security Trustee, in jeopardy; or
- (g) the Seller calling for perfection by delivering notice in writing to that effect to the Issuer (with a copy to the Security Trustee); or
- (h) the occurrence of an Insolvency Event relating to the Seller.

**Servicer Termination Events:** The Issuer may (at any time prior to the delivery of an Enforcement Notice, with the prior written consent of the Security Trustee) and the Security Trustee may (following the delivery of an Enforcement Notice, at once or at any time thereafter while a default continues), by notice in writing to the Servicer (with a copy to the Security Trustee or the Issuer (as applicable)), terminate the Servicer's appointment under the Servicing Agreement if any of the following events (each a "**Servicer Termination Event**") occurs and is continuing:

<u>Transaction Party</u>	<u>Required Ratings Triggers</u>	<u>Possible effects of Trigger being breached include the following:</u>
	(a)	default is made by the Servicer in the payment on the due date of any payment due and payable by it under the Servicing Agreement and such default continues unremedied for a period of three Business Days after the earlier of the Servicer becoming aware of such default and receipt by the Servicer of written notice from the Issuer requiring the same to be remedied;
	(b)	default is made by the Servicer in the performance or observance of any of its other covenants and obligations under the Servicing Agreement, which default in the reasonable opinion of the Issuer (prior to the delivery of an Enforcement Notice) or the opinion of the Security Trustee acting on the instructions of the Note Trustee (following the delivery of an Enforcement Notice) is materially prejudicial to the interests of the Noteholders and Certificateholders and which, in the case of a default or breach that is capable of remedy, continues unremedied for a period of 15 Business Days after the earlier of the Servicer becoming aware of such default and of receipt by the Servicer of written notice from the Issuer or the Seller (prior to the service of an Enforcement Notice) or the Security Trustee (following the delivery of an Enforcement Notice) requiring the same to be remedied;
	(c)	the Servicer ceasing to be an authorised person under the FSMA or the revocation of an applicable licence, registration or regulatory permission held by it required to perform the Services;
	(d)	an order is made or an effective resolution passed for the winding up of the Servicer (unless the order is made for the purpose of a reorganisation the terms of which have been approved by the Issuer or, following the service of an Enforcement Notice, the Security Trustee and where the Servicer demonstrates to the satisfaction of the Issuer that it is solvent);
	(e)	the occurrence of an Insolvency Event in respect of the Servicer (other than any frivolous or vexatious corporate action or any other corporate action, legal proceedings or other procedure or step referred to in paragraph (e) of the definition of "Insolvency Event" which is disputed in good faith with a reasonable prospect of success by the Servicer and dismissed or otherwise discharged within 30 days of being commenced);
	(f)	the Servicer ceasing to carry on substantially the whole of its residential mortgage servicing business (for the avoidance of doubt any sub-contracting or delegation in accordance with the Servicing Agreement would not constitute cessation of the Servicer's business); or
	(g)	the occurrence of a Perfection Event (other than the occurrence of the Perfection Event under paragraph (b) of the definition of the "Perfection Event").

The Servicer may also terminate its appointment under the Servicing Agreement by giving not less than 60 days' written notice to the Issuer (with a copy to the Security Trustee) of its intention to resign and **provided that** a replacement servicer (the "**Replacement Servicer**") has been appointed on substantially the same terms to those in the Servicing Agreement unless otherwise agreed by an Extraordinary Resolution of each Class of Noteholders and the Certificateholders, as more fully set out in the section

## WEIGHTED AVERAGE LIVES OF THE NOTES

"**Weighted average life**" refers to the average amount of time that will elapse from the date of issuance of a security to the date of principal redemption thereon. The weighted average lives of the Notes will be influenced by, among other things, the actual rate of redemption of the Mortgage Loans and the quantum of Losses relating thereto and the amount of Available Revenue Receipts available to be applied in accordance with the Pre-Enforcement Revenue Priority of Payments.

The actual weighted average lives of the Notes cannot be stated as the ultimate rate of repayment and prepayment of the Mortgage Loans and a number of other relevant factors are unknown. However, estimates of the possible average lives of the Notes can be made based upon certain assumptions.

The figures contained in the following tables were prepared based on, *inter alia*, the characteristics of the loans included in the Mortgage Portfolio as at the Cut-Off Date, the provisions of the Conditions, Residual Certificates Conditions (as applicable) and the Transaction Documents, and certain additional assumptions (the "**Modelling Assumptions**"), including:

- (a) that as of the Cut-Off Date, the aggregate Capital Balance of the Mortgage Loans comprising the Mortgage Portfolio is £180,227,516.90 and that the amortisation schedule of the Mortgage Portfolio mirrors that calculated for each Mortgage Loan in the Mortgage Portfolio as at the Cut-Off Date by reference to the period commencing on the Cut-Off Date (and assuming, *inter alia*, the relevant assumptions documented below, including in particular but not limited to paragraphs (b), (c) and (q) together with the interest rate applicable to such Mortgage Loan as of the Cut-Off Date and its remaining term (calculated using the Cut-Off Date and the maturity of each Mortgage Loan));
- (b) subject to paragraph (q) below, that the amortisation of any Repayment Mortgage Loan is calculated as an annuity loan;
- (c) that all Mortgage Loans that are not Repayment Mortgage Loans are Interest Only Mortgage Loans;
- (d) that the Closing Date is 5 July 2019;
- (e) that no Mortgage Loans are in arrears or subject to enforcement actions and continue to perform until their redemption in full;
- (f) other than in the case of the table entitled "*Assuming exercise of Portfolio Call Option on Optional Redemption Date*", that no Mortgage Loan is sold by the Issuer (other than, where applicable, on or immediately prior to the Optional Redemption Date), either as a result of a repurchase by the Seller pursuant to the terms of the Mortgage Sale Agreement or otherwise;
- (g) in the case of the table entitled "*Assuming exercise of Portfolio Call Option on Optional Redemption Date*", the Notes are redeemed at their Principal Amounts Outstanding on the Optional Redemption Date;
- (h) in the case of the table entitled "*Assuming no exercise of Portfolio Call Option on or after Optional Redemption Date*", the Notes are not redeemed as a result of the sale of the Mortgage Portfolio;
- (i) that three-month LIBOR is equal to 0.80 per cent.;
- (j) that the Bank of England Base Rate is equal to 0.75 per cent.;
- (k) that the SVR is equal to 5.49 per cent.;
- (l) that no Enforcement Notice has been served on the Issuer and no Event of Default has occurred;
- (m) no interest is earned on the Issuer Account;

- (n) subject to paragraph (q) below, that fees in respect of the Mortgage Portfolio are equal to the sum of:
  - (i) variable fees equal to 0.15 per cent. per annum of the aggregate Capital Balance of the Mortgage Loans as at the first day of the relevant Monthly Collection Period (as calculated in the relevant Servicer Report); and
  - (ii) fixed fees of £35,000 per Interest Payment Date;
- (o) that all collections in respect of the Mortgage Portfolio arising from the Cut-Off Date will be available in the Issuer Account for application on each relevant Interest Payment Date thereafter;
- (p) that all collections in respect of the Mortgage Portfolio comprised in the Global Collection Account and General Transaction Collection Account will be available for application on a relevant Interest Payment Date following the Closing Date;
- (q) subject to paragraph (r) below where applicable, that all amounts payable, including but not limited to interest on the Rated Notes are calculated based on the actual number of days in the period and a year of 365 days provided that in the case of (i), (ii) and (iii) below such amounts are calculated based on a month of 30 days and a year of 360 days:
  - (i) amortisation of the Mortgage Loans calculated pursuant to paragraph (a) above;
  - (ii) accrual of interest on the Mortgage Loans; and
  - (iii) accrual of fees referred to in paragraph (n)(i) above;
- (r) that each Interest Payment Date falls on 12<sup>th</sup> of March, June, September and December (or the following Business Day if the Interest Payment Date falls on weekend or bank holiday), with the first Interest Payment Date falling on 12<sup>th</sup> of December 2019;
- (s) that, as of the Closing Date, the Principal Amount Outstanding of (i) the Class A Notes is £151,400,000.00, (ii) the Class B Notes is £8,100,000.00, (iii) the Class C Notes is £5,400,000.00, (iv) the Class D Notes is £5,400,000.00, (v) the Class E Notes is £4,500,000.00, (vi) the Class X Notes is £2,800,000.00, (vii) the Class Z1 Notes is £5,400,000.00; (viii) the Class Z2 Notes is £3,650,000.00, in each case, of the aggregate estimated Capital Balance of the Portfolio as of the Cut-Off Date calculated in the manner outlined in paragraph (a) above;
- (t) the weighted average margin over three-month LIBOR of the Collateralised Rated Notes is 1.18 per cent on the Closing Date and from (and including) the Optional Redemption Date, margins in relation to the Collateralised Rated Notes over three-month LIBOR are multiplied by 1.5 (capped at 1.0 per cent increase); and
- (u) any excess amounts from the Note proceeds will be available to the Seller.

The actual characteristics and performance of the Mortgage Loans are likely to differ, perhaps materially, from the assumptions outlined herein (including the Modelling Assumptions), and the Modelling Assumptions outlined in this section do not profess to be an exhaustive list of assumptions employed.

The following tables are hypothetical in nature and are provided only to give a general sense of how the principal cash flows available to the Issuer might behave under various prepayment scenarios. It should be noted that the Issuer does not expect that the Mortgage Loans will prepay at a constant rate until maturity, or that there will be no Losses or delinquencies on the Mortgage Loans. Any difference between the Modelling Assumptions and, *inter alia*, the actual prepayment or loss experience on the Mortgage Loans will affect the redemption profile of the Notes and may cause the weighted average lives of the Notes to differ (which difference could be material) from the figures in the tables for each indicated CPR.

"CPR" refers to an assumed annualised constant prepayment rate ("R") in respect of the loans and is periodicised in relation to a given Monthly Collection Period as follows:

$$1 - ((1 - R)^{(1/12)})$$

## EARLY REDEMPTION OF THE NOTES PURSUANT TO THE PORTFOLIO CALL OPTION OR THE RISK RETENTION REGULATORY CHANGE OPTION

The Mortgage Portfolio may be sold by the Issuer pursuant to (a) the Portfolio Call Option or (b) on the occurrence of a Risk Retention Regulatory Change Event, the Risk Retention Regulatory Change Option. The Issuer will undertake not to dispose of the Mortgage Portfolio in any other circumstances (other than (i) following the delivery of an Enforcement Notice or (ii) pursuant to Condition 8.5 (*Mandatory Redemption for Taxation or Other Reasons*)).

### Portfolio Call Option

The Issuer will, pursuant to a deed poll dated on or about the Closing Date, executed by the Issuer, in favour of the Portfolio Call Option Holder from time to time (the "**Deed Poll**"), grant to (a) (where the Residual Certificates are represented by Definitive Residual Certificates) the holder of greater than 50 per cent. of the Residual Certificates or (where the Residual Certificates are represented by the Global Residual Certificate) the Certificateholder who holds the beneficial interest in more than 50 per cent. of the Residual Certificates or (b) where no person holds greater than 50 per cent. of the Residual Certificates or, as applicable, beneficial interest in more than 50 per cent. of the Residual Certificates, the person who holds the greatest number of the Residual Certificates or, as applicable, the beneficial interest in the greatest number of the Residual Certificates (the "**Portfolio Call Option Holder**") an option (the "**Portfolio Call Option**") to require the Issuer to (a) sell to the Portfolio Call Option Holder (or its nominee) (the "**Beneficial Title Transferee**") the beneficial title to all (but not some) Mortgage Loans and Related Security in the Mortgage Portfolio and (b) to the extent applicable, transfer to the Portfolio Call Option Holder (or its nominee) (the "**Legal Title Transferee**", and, together with the Beneficial Title Transferee, the "**Title Transferee**") the right to call for the legal title to all (but not some) Mortgage Loans and Related Security in the Mortgage Portfolio transferred to it.

Subject to the satisfaction of certain conditions indicated in paragraphs (a) to (c) below, the Portfolio Call Option Holder shall be entitled to exercise the Portfolio Call Option in whole (but not in part) at any time in the period beginning no earlier than the Business Day immediately following the Interest Payment Date immediately preceding the Interest Payment Date falling in March 2022 (the "**Optional Redemption Date**") and provided further that the Exercise Notice shall have no effect if served earlier.

The Portfolio Call Option Holder may declare its intent to exercise the Portfolio Call Option by delivery of a written notice to the Issuer with a copy to the Note Trustee, the Security Trustee, the Seller, the Servicer and the Cash Manager (such notice, the "**Exercise Notice**"), provided that such delivery will take place (i) no earlier than the Business Day immediately following the Interest Payment Date immediately preceding the intended Optional Portfolio Purchase Completion Date and (ii) no later than ten Business Days before the intended Optional Portfolio Purchase Completion Date. The Issuer shall notify the Noteholders, Note Trustee and Rating Agencies promptly following its acknowledgement of the Exercise Notice, such acknowledgment to take the form of the Issuer's countersignature to the Exercise Notice no later than the close of business on the Business Day following receipt of such Exercise Notice. By no later than 12:00pm on the Business Day following the receipt by the Issuer from the Cash Manager of the information in relation to the Portfolio Minimum Purchase Price, the Issuer shall notify the Portfolio Call Option Holder, the Note Trustee, the Security Trustee, the Seller and the Servicer of the Portfolio Minimum Purchase Price and the Portfolio Call Option Holder shall confirm its acceptance of the Portfolio Minimum Purchase Price by its countersignature of such notice by no later than the close of business on such date. The Issuer will procure that the Servicer provides the information required by the Cash Manager to determine the Portfolio Minimum Purchase Price as soon as reasonably practicable and in any event within three Business Days following the Collection Period End Date immediately prior to the intended Optional Portfolio Purchase Completion Date. The Issuer will procure that upon the receipt of the relevant information from the Servicer, the Cash Manager will, provided that it has all information necessary to enable it to do so, determine and confirm the Portfolio Minimum Purchase Price no later than close of business on the Business Day immediately following its receipt of the relevant information from the Servicer.

Completion of the purchase by the Portfolio Call Option Holder will occur on the date specified in the Exercise Notice **provided that** the Optional Portfolio Purchase Completion Date shall fall two Business Days prior to the Interest Payment Date immediately following the date of the Exercise Notice or such earlier date as the Issuer, Note Trustee, Security Trustee and Portfolio Call Option Holder may agree (such date to be notified to the Noteholders and Certificateholders) and **provided further that** the Optional Portfolio Purchase Completion Date may fall no earlier than six Business Days after the Collection Period

End Date immediately preceding the Interest Payment Date immediately following the date of the Exercise Notice.

There will be the following conditions to the exercise of the Portfolio Call Option:

- (a) where either the Beneficial Title Transferee or the Legal Title Transferee is not resident for tax purposes in the United Kingdom, the Portfolio Call Option Holder shall indicate in the Exercise Notice that the Beneficial Title Transferee or the Legal Title Transferee (as applicable) is not resident in the United Kingdom for tax purposes;
- (b) either:
  - (i) the Legal Title Transferee (or any servicer acting on its behalf) has all the appropriate licences, approvals, authorisations, consents, permissions and registrations (including any approvals, authorisations, consents, permissions and registrations required to be maintained under the FSMA and any rules and regulations of the FCA) required to administer residential and buy-to-let mortgage loans such as the Mortgage Loans and their Related Security comprising the Mortgage Portfolio (the "**Relevant Authorisations**"); or
  - (ii) the Beneficial Title Transferee has appointed a servicer who has the Relevant Authorisations and that the Seller has confirmed in writing that it will hold legal title to the Mortgage Loans and their Related Security comprising the Mortgage Portfolio on trust for the Beneficial Title Transferee; and
- (c) the Beneficial Title Transferee shall not transfer the beneficial interest in any of the Mortgage Loans or their Related Security comprising the Mortgage Portfolio to a further purchaser that is not resident in the United Kingdom for tax purposes without first giving the Issuer five Business Days' written notice that the further purchaser is not resident in the United Kingdom for tax purposes.

#### **Redemption of the Notes and the cancellation of the Residual Certificates**

On the Interest Payment Date immediately following the Optional Portfolio Purchase Completion Date, the Portfolio Minimum Purchase Price, together with all amounts standing to the credit of the Reserve Fund and (without double counting) any Available Revenue Receipts and Available Redemption Receipts otherwise available to the Issuer for application on the Interest Payment Date immediately following the Optional Portfolio Purchase Completion Date, will be applied in accordance with the Post-Enforcement Priority of Payments and will result in the Notes being redeemed in full. Any funds remaining may (subject to the payment of all amounts ranking in priority thereto in accordance with the Post-Enforcement Priority of Payments) be paid to the Certificateholders. Following the redemption in full of the Notes and subject to the Conditions and Residual Certificates Conditions the Residual Certificates will be cancelled.

Any Revenue Receipts or Redemption Receipts received by the Issuer corresponding to any Monthly Collection Period falling after the immediately preceding Collection Period End Date or any interest on the Issuer Accounts received by the Issuer from but excluding the immediately preceding Collection Period End Date prior to the Optional Portfolio Purchase Completion Date (such amounts being "**Optional Purchase Collections**") will be payable, together with any minimum required amount that has been retained in the General Transaction Collection Accounts, to or for the account of the Beneficial Title Transferee and the Issuer shall transfer all such amounts to or for the account of the Beneficial Title Transferee as soon as reasonably practicable following the Optional Portfolio Purchase Completion Date.

#### **Optional Purchase Price**

The purchase price for the Mortgage Portfolio under the Portfolio Call Option shall be an amount not less than (without double counting):

- (a) an amount equal to the aggregate amount required to satisfy items (a) to (r) (inclusive) of the Post-Enforcement Priority of Payments on the Interest Payment Date following the Optional Portfolio Purchase Completion Date including (for the avoidance of doubt) the Issuer's costs and expenses (i) incurred pursuant to the sale and redemption in connection with the exercise of the Portfolio Call Option and (ii) associated with transferring its interests in any Mortgage Loans and their Related Security to the Portfolio Call Option Holder or its nominee (if any) and an amount agreed

between the Issuer and the Portfolio Call Option Holder in respect of costs anticipated to be incurred by the Issuer after the Optional Portfolio Purchase Completion Date; less

- (b) the balance standing to the credit of the Reserve Fund; less
- (c) any other Available Revenue Receipts and Available Redemption Receipts otherwise available to the Issuer for application on the Interest Payment Date immediately following the Optional Portfolio Purchase Completion Date,

(the "**Portfolio Minimum Purchase Price**").

In connection with the exercise of the Portfolio Call Option, the Title Transferee shall deposit an amount equal to the Portfolio Minimum Purchase Price in the Issuer Account on the Optional Portfolio Purchase Completion Date in consideration for the purchase of the Mortgage Loans and their Related Security in the Mortgage Portfolio on the Optional Portfolio Purchase Completion Date and the Security Trustee shall, pursuant to the Deed of Charge, enter into a release of security in respect of such Mortgage Loans and Related Security with effect on the Optional Portfolio Purchase Completion Date.

At the cost of the Portfolio Call Option Holder, the Issuer shall serve, or if, at the time the Portfolio Call Option is exercised, the Issuer does not hold the whole legal title, direct the Seller to serve all relevant notices and take all steps (including carrying out requisite registrations and recordings) in order to effectively vest the legal title in the Legal Title Transferee (to the extent applicable), in each case subject to the terms and conditions set out in the Deed Poll, such notices to be given promptly after the Optional Portfolio Purchase Completion Date.

#### **Risk Retention Regulatory Change Option**

Pursuant to the Mortgage Sale Agreement, following the occurrence of a Risk Retention Regulatory Change Event (and subject to two directors of the Retention Holder certifying in writing to the Issuer (copied to the Note Trustee) that a Risk Retention Regulatory Change Event has occurred, upon which certificate the Issuer (copied to the Note Trustee) shall be entitled to rely absolutely without liability to any person for so doing), the Retention Holder has the benefit of the Risk Retention Regulatory Change Option to require the Issuer to, on the date (the "**Risk Retention Regulatory Change Option Date**") specified in such notice (the "**Risk Retention Regulatory Change Option Exercise Notice**"):

- (a) sell and transfer to the Retention Holder or its nominee (specified as such in the Risk Retention Regulatory Change Option Exercise Notice) the beneficial title to all Mortgage Loans and their Related Security in the Mortgage Portfolio;
- (b) transfer to the Retention Holder the right to have legal title to the Mortgage Loans and their Related Security; and
- (c) to the extent applicable, direct that the Seller transfers legal title to the Mortgage Loans to the Retention Holder or its nominee (specified as such in the Risk Retention Regulatory Change Option Exercise Notice) in accordance with and subject to the terms of the Servicing Agreement,

in each case subject to the terms of the Mortgage Sale Agreement (the "**Risk Retention Regulatory Change Option**").

On the Interest Payment Date immediately following the Risk Retention Regulatory Change Option Date, the Notes will be redeemed in full as more fully described in the section entitled "*Redemption of the Notes and the cancellation of the Residual Certificates*" below.

Where the sale to the Retention Holder does not contemplate a transfer of legal title to the Mortgage Loans and their Related Security, the exercise of the Risk Retention Regulatory Change Option shall be conditional on the consent of the Seller to hold legal title on behalf of the Retention Holder or its nominee.

It will be a condition of the exercise of the Risk Retention Regulatory Change Option that (a) where either the Beneficial Title Transferee or the Legal Title Transferee is not resident for tax purposes in the United Kingdom, the Portfolio Call Option Holder shall indicate in the Risk Retention Regulatory Change Option Exercise Notice that the Beneficial Title Transferee or the Legal Title Transferee (as applicable) is not resident in the United Kingdom for tax purposes and (b) the Beneficial Title Transferee shall not transfer

the beneficial interest in any of the Mortgage Loans or their Related Security comprising the Mortgage Portfolio to a further purchaser that is not resident in the United Kingdom for tax purposes without first giving the Issuer five Business Days' written notice that the further purchaser is not resident in the United Kingdom for tax purposes.

The Retention Holder may indicate its intent to exercise the Risk Retention Regulatory Change Option by delivering a Risk Retention Regulatory Change Option Exercise Notice to the Issuer with a copy to the Note Trustee, the Security Trustee, the Seller, the Servicer, the Seller and the Cash Manager at any time following the occurrence of a Risk Retention Regulatory Change Event **provided that** such Risk Retention Regulatory Change Option Exercise Notice shall be delivered (i) no earlier than the Business Day immediately following the Interest Payment Date immediately preceding the intended Risk Retention Regulatory Change Option Date and (ii) no later than ten Business Days before the intended Risk Retention Regulatory Change Option Date.

The Issuer shall notify the Noteholders, Note Trustee and Rating Agencies promptly following its acknowledgement of the Risk Retention Regulatory Change Option Exercise Notice, such acknowledgement to take the form of the Issuer's countersignature to the Risk Retention Regulatory Change Option Exercise Notice.

Completion of the transfers referred to at points (a) to (c) above will occur on the date specified in such notice **provided that** the Risk Retention Regulatory Change Option Date shall fall two Business Days prior to the Interest Payment Date immediately following the date of the Risk Retention Regulatory Change Option Exercise Notice or such earlier date as the Issuer, Note Trustee, Security Trustee and the Retention Holder may agree and **provided further that** the Risk Retention Regulatory Change Option Date may fall no earlier than six Business Days after the Collection Period End Date immediately preceding the Interest Payment Date immediately following the date of the Risk Retention Regulatory Change Option Exercise Notice.

The Retention Holder or its nominee will be required to deposit the full amount of the Risk Retention Regulatory Change Option Purchase Price in the Issuer Account or such other account agreed with the Issuer and the Security Trustee (on the direction of the Note Trustee) on or prior to the Risk Retention Regulatory Change Option Date or take such other action agreed with the Issuer and the Security Trustee.

#### **Risk Retention Regulatory Change Option Purchase Price**

The purchase price for the Mortgage Portfolio under the Risk Retention Regulatory Change Option shall be an amount (the "**Risk Retention Regulatory Change Option Purchase Price**") equal to (without double counting):

- (a) the amount required by the Issuer to pay in full all amounts payable under items (a) to (p) (inclusive) of the Post-Enforcement Priority of Payments on the Interest Payment Date immediately following the Risk Retention Regulatory Change Option Date including (for the avoidance of doubt) the Issuer's costs and expenses associated with transferring its interests in any Mortgage Loan and its Related Security to the Retention Holder or its nominee (if any) and an amount agreed between the Issuer and the Retention Holder in respect of costs anticipated to be incurred by the Issuer after the Risk Retention Regulatory Change Option Date; less
- (b) the balance standing to the credit of the Reserve Fund; less
- (c) any Available Revenue Receipts and Available Redemption Receipts otherwise available to the Issuer for application on the Interest Payment Date immediately following the Risk Retention Regulatory Change Option Date.

**"Risk Retention Regulatory Change Event"** means any change in or the adoption of any new law, rule, direction, guidance or regulation which requires the manner in which the Minimum Required Interest is held by the Retention Holder and the Seller to be restructured after the Closing Date or which would otherwise result in the manner in which the Minimum Required Interest is held by the Retention Holder to become non-compliant in relation to a Noteholder.

### **Redemption of the Notes and the cancellation of the Residual Certificates**

On the Interest Payment Date immediately following the Risk Retention Regulatory Change Option Date, the full amount of the Risk Retention Regulatory Change Option Purchase Price, together with all amounts standing to the credit of the Reserve Fund and (without double-counting) all Available Revenue Receipts and Available Redemption Receipts otherwise available to the Issuer for application on that Interest Payment Date, will be applied in accordance with the Post-Enforcement Priority of Payments and will result in the Notes being redeemed in full. Any funds remaining may (subject to the payment of all senior amounts in accordance with the Post-Enforcement Priority of Payments) be paid to the Certificateholders. Following the redemption in full of the Notes and subject to the Conditions and Residual Certificates Conditions the Residual Certificates will be cancelled.

Any Revenue Receipts or Redemption Receipts received by the Issuer corresponding to any Monthly Collection Period falling after the immediately preceding Collection Period End Date or any interest on the Issuer Account received by the Issuer from but excluding the immediately preceding Collection Period End Date prior to the Risk Retention Regulatory Change Option Date (such amounts being "**Risk Retention Regulatory Change Option Collections**") will be payable, together with any minimum required amount that has been retained in the General Transaction Collection Account, to or for the account of the Beneficial Title Transferee as soon as reasonably practicable following the Risk Retention Regulatory Change Option Date.

- (b) establish the Reserve Fund through the retention of the Reserve Fund Required Amount; and

## THE MORTGAGE PORTFOLIO AND THE MORTGAGE LOANS

### Introduction

The following is a description of some characteristics of the Mortgage Loans and includes details of Mortgage Loan types, the underwriting process, lending criteria and selected statistical information.

The Seller has identified a portfolio of mortgage loans (the "**Mortgage Portfolio**") to assign to the Issuer.

As at 30 April 2019 (the "**Cut-Off Date**"), the Mortgage Portfolio had the characteristics shown below. See "*Characteristics of the Mortgage Portfolio*".

The majority of the Mortgage Portfolio comprises Mortgage Loans and their Related Security beneficial title to which was originally securitised under a residential mortgage securitisation transactions issued in 2015, namely Celeste Mortgage Funding 2015-1 Plc (the "**Legacy Ciel Mortgage Portfolio**"). The title to the Legacy Ciel Mortgage Portfolio was acquired by Paratus on 25 May 2018 and Paratus on sold beneficial title to the Legacy Ciel Mortgage Portfolio to a special purpose vehicle Cistern No. 10 Limited (the "**Warehouse Borrower**") on 13 June 2018. The beneficial title to the Mortgage Loans and their Related Security has therefore been held by the Warehouse Borrower from (and including) 13 June 2018 up to the Closing Date.

Paratus and the Warehouse Borrower have entered into a deed of repurchase pursuant to which the Warehouse Borrower shall assign, and Paratus shall re-acquire, the beneficial title to all the Mortgage Loans and their Related Security on the Closing Date. As of the Closing Date (and following the repurchase of beneficial title to the Mortgage Loans and their Related Security as described above), the Seller will hold the legal and beneficial title to such Mortgage Loans and their Related Security. The Seller will transfer the beneficial title of the Mortgage Portfolio to the Issuer pursuant to and subject to the terms of the Mortgage Sale Agreement on the Closing Date. Following the Closing Date, the Seller will continue to hold the legal title to such loans in its capacity as the Legal Title Holder.

A small number of the Mortgage Loans in the Mortgage Portfolio were originated by GMAC-RFC, the Seller directly or indirectly under the lending platform established by Landbay and by the Seller under the brand of Keystone. These Mortgage Loans do not form a part of the Legacy Ciel Mortgage Portfolio.

### The Originators

The Mortgage Loans in the Mortgage Portfolio were predominantly originated by BML with the remainder being originated by GMAC-RFC, the Seller under the brand of Keystone and by Landbay (see "*Characteristics of the Mortgage Portfolio*" below).

There are two Landbay Mortgage Loans with an aggregate Capital Balance of circa £938,900 which were originated by Landbay and the legal title to each of the Landbay Mortgage Loans has since been transferred to the Seller under a whole loan sale agreement (see "*Characteristics of the Mortgage Portfolio*" below).

There is one Mortgage Loan in the Mortgage Portfolio with the Capital Balance of £54,704 originated by the Seller under the Keystone brand (the "**Keystone Mortgage Loan**").

### Origination Procedures

GMAC-RFC operated a correspondent lending programme. Under the programme, the participating firms (the "**CL Originators**") originated loans in their own name but on terms which mirror GMAC-RFC's standard terms mortgage documentation. The CL Originators applied GMAC's Lending Criteria (as defined below). An underwriter who was employed by GMAC-RFC and located on the CL Originator's premises gave the final approval for each Mortgage application. For each Mortgage Loan under the programme GMAC-RFC received a certificate of title from a firm of solicitors representing both the CL Originator and GMAC-RFC confirming the title to the property to be charged and compliance with GMAC-RFC's guidelines and instructions. GMAC-RFC then funded the Mortgage Loan and the title deeds were forwarded to it directly from the solicitors involved. Under the terms of the mortgage transfer agreements between GMAC-RFC and each CL Originator, each Mortgage Loan originated under the programme was immediately transferred or assigned to GMAC-RFC (subject to registration) together with all rights the CL Originator had against third parties such as solicitors and valuers in connection with the Mortgage Loan

and its origination. GMAC-RFC registered the transfer within the priority period afforded by the relevant legislation.

### **Characteristics of the Mortgage Loans**

The Mortgage Loans all have original maturities of between 5 years and 35 years and were all originated by the relevant Originator between 2004 and 2016. No Mortgage Loan has a final repayment date later than January 2043.

All the Mortgage Loans consist of mortgage loans which are secured by first ranking mortgages governed by English law (the "**Mortgages**") over residential freehold or leasehold properties located in England or Wales (the "**Properties**"). The Issuer will have the benefit of the Mortgage Loan Warranties given by the Seller in relation to the Mortgage Loans and their Related Security sold by the Seller to the Issuer, including warranties in relation to the Lending Criteria applied in relation to the Mortgage Loans (see "*Summary of Key Transaction Documents –Mortgage Sale Agreement*" below).

Each Mortgage Loan is subject to certain Mortgage Conditions. These contain various covenants and undertakings by the relevant Borrower including covenants to make the monthly interest payments as notified to the Borrower and to arrange buildings insurance policies cover in relation to the relevant Property. The Mortgage Conditions also contain provisions for the usual remedies of a mortgagee in the event of default by the relevant Borrower.

95.54 per cent. of the Mortgage Loans in the Mortgage Portfolio as of the Cut-Off Date have been taken out in relation to the purchase or re-mortgage of a property for letting purposes (each such Mortgage Loan, a "**Buy-to-Let Mortgage Loan**"). The Properties in respect of Buy-to-Let Mortgage Loans are required by the applicable Mortgage Conditions to be used for residential purposes. It will normally be the intention that these Properties will be let under an assured shorthold tenancy and in all cases that the occupier will have no statutory security of tenure. However, if the occupier's tenancy has been approved by the Originator or the Servicer in the context of enforcement, the Servicer will not be able to sell the relevant Property with vacant possession, until such time as the tenancy comes to an end, if it wishes to enforce its security (see "*Risk Factors –Buy-to-Let Mortgage Loans*" above).

### **Interest Rate Setting for Mortgage Loans**

The applicable rate of interest accruing under each Mortgage Loan is referred to as the "**Mortgage Rate**". The Mortgage Portfolio consists of:

- (a) Mortgage Loans where the applicable Mortgage Rate is calculated by reference to Three-Month GBP LIBOR (the "**Three-Month LIBOR-Linked Mortgage Loans**");
- (b) Mortgage Loans where the applicable Mortgage Rate is calculated by reference to the Bank of England Base Rate (the "BBR") (the "**Bank of England Base Rate-Linked Mortgage Loans**"); and
- (c) Mortgage Loans which are not at the relevant time a Three-Month LIBOR-Linked Mortgage Loan or a Bank of England Base Rate-Linked Mortgage Loans and under which the rate of interest payable by the Borrower is variable and is capable of being reset by the Issuer or the Servicer in accordance with the relevant Mortgage Conditions ("**SVR**") (the "**SVR Mortgage Loans**")

Three-Month LIBOR for the Three-Month LIBOR-Linked Mortgage Loans is determined on or before the 12<sup>th</sup> day of each of March, June, September and December by the Servicer on behalf of the Issuer. The Three-Month LIBOR as established on such date shall be effective as of on or before the 12<sup>th</sup> day of the relevant month for each of the Three-Month LIBOR-Linked Mortgages.

In the event that LIBOR is not available, the Mortgage Loans contain terms allowing the Servicer acting reasonably to choose any comparable rate of interest for three-month sterling deposits in accordance with the Lending Criteria and acting as a Prudent Mortgage Lender.

### ***Repayment Terms***

Mortgage Loans may combine one or more of the features listed in this section. Mortgage Loans are repayable on one of the following bases:

- (a) *Interest Only*: a Mortgage Loan under the terms of which the Borrower is only obliged to pay interest during the term of that Mortgage Loan (an "**Interest Only Mortgage Loan**") with the entire principal amount being payable in lump sum only upon the relevant maturity date. As the principal amount associated with an Interest Only Mortgage Loan is repayable only upon the maturity of the Mortgage Loan, a life insurance or endowment policy or other repayment vehicle may have been taken out by a Borrower as a means of repayment of the Mortgage Loan. However, the relevant Originator will not have required the Borrower to provide evidence as to the existence of any such policies (to the extent that such a policy was required as a condition of the related Mortgage Loan) and such policies are not charged by way of collateral security.
- (b) *Repayment*: a Mortgage Loan under the terms of which monthly instalments covering both interest and principal are payable so that by the stated maturity date for that Mortgage Loan (a "**Repayment Mortgage Loan**") the full amount of principal advanced to the Borrower (in addition to the interest) has been repaid.
- (c) *Part and Part*: a Mortgage Loan in respect of which the Borrower is obliged to make payments of principal during the term of such loan (a "**Part and Part Mortgage Loan**") in partial repayment of the total principal amount, with the remaining principal being repayable on the stated maturity date.

As of the Cut-Off Date, 99.17 per cent. of the Mortgage Loans in the Mortgage Portfolio are the Interest Only Mortgage Loans.

The required monthly payment in respect of the Mortgage Loans may alter from month to month for various reasons, including changes in interest rates.

For the Interest Only Mortgage Loans, because the principal is repaid in a lump sum at the maturity of the Mortgage Loan, the Borrower is recommended to have some repayment mechanism (such as an investment plan) which is intended to provide sufficient funds to repay the principal at the end of the term. The ability of any particular Borrower to repay an Interest Only Mortgage Loan may depend on such Borrower's ability to refinance the Property or obtain funds from another source (such as a pension policy or unit trust or an endowment policy). None of the Seller, Servicer or, as far as the Seller is aware, BML has verified that the Borrowers of the Interest Only Mortgage Loans have any such ability or other source of funds and has not obtained security over such Borrowers' right in respect of any such other source of funds. The ability of a Borrower to refinance the relevant Property will be affected by a number of factors, including the value of the Property, such Borrower's equity in the Property, the financial condition of such Borrower, tax laws and general economic conditions at the time. Moreover, the Mortgage Conditions in respect of the Interest Only Mortgage Loans do not require a Borrower to put in place alternative funding arrangements.

Principal prepayments may be made in whole or in part at any time during the term of a Mortgage Loan, (as described in "*Overpayments and Early Repayment Charges*" below). A prepayment of the entire outstanding balance of a mortgage loan discharges the mortgage. Any prepayment in full must be made together with all accrued interest, arrears of interest, any unpaid expenses and any applicable repayment fee(s).

Various methods are available to Borrowers for making payments on the Mortgage Loans, including, but not limited to:

- Direct Debit from a bank or building society account; and
- standing order from a bank or building society account.

### ***Overpayments and Early Repayment Charges***

- There are no limits or restrictions on Borrowers overpaying Mortgage Loans; and
- There are no Early Repayment Charges payable on any Mortgage Loans in the Mortgage Portfolio.

### ***Mortgage Loans to first time buyers***

The Mortgage Portfolio includes a number of Mortgage Loans which were made to first time buyers (the "**First Time Buyer Mortgage Loans**").

### **Governing Law**

Each of the Mortgage Loans and any non-contractual obligations arising out of or in connection with them are governed by English law.

### **Lending Criteria**

#### **BML Lending Criteria**

The following is a summary of aspects of the lending criteria, which, to the Seller's knowledge, was used by BML in respect of the Mortgage Loans originated by BML (the "**BML Mortgage Loans**") at the time of origination of the BML Mortgage Loans (the "**BML Lending Criteria**"). The BML Mortgage Loans were originated during the period from November 2006 until October 2008. As a result, they were originated under multiple versions of lending criteria. The Seller has no direct knowledge of whether any BML Lending Criteria were complied with at the time of the origination of the Mortgage Loans, nor does it have direct knowledge of whether any such non-compliance was in accordance with the practice of a Prudent Mortgage Lender.

#### ***"Prime" and "Near-Prime" BML Lending Criteria***

The Issuer understands Borrowers who, at the time of origination of the initial advance of the relevant Mortgage Loan, may have had impairments to their credit profile as a result of prior satisfied county court judgments ("**CCJs**") or discharged bankruptcies, such that they would not qualify as prime borrowers for the purposes of taking out mortgage loans with a mainstream bank or building society were treated as Near-Prime Borrowers.

#### ***General BML Lending Criteria***

References to Mortgage Loans in this section exclude the GMAC Mortgage Loans.

### ***Security***

- (a) Each BML Mortgage Loan must be secured by a first ranking legal mortgage over a freehold or long leasehold residential property located in England and Wales. The expiry of a lease in relation to a leasehold Property that is subject first-ranking legal mortgage (a "**Mortgage**") securing a BML Mortgage Loan is required to post-date the maturity of the related BML Mortgage Loan by at least 30 years.
- (b) From one to four Borrowers may be bound by a Mortgage securing a BML Mortgage Loan.
- (c) Only property of an acceptable standard of construction and intended for use wholly or partly as a principal place of residence or under an assured shorthold tenancy or short assured tenancy may be subject to a Mortgage securing a BML Mortgage Loan. Properties under 10 years of age are generally required to have the benefit of a National House-Building Council or an architects' certificate or equivalent guarantee from an acceptable body.
- (d) Certain property types would not have been considered acceptable for the purposes of providing security for a BML Mortgage Loan, including:
  - (i) properties not located in the United Kingdom;
  - (ii) freehold flats and freehold maisonettes in England and Wales;

- (iii) prefabricated buildings;
- (iv) properties with high alumina cement construction;
- (v) steel framed properties;
- (vi) farms and smallholdings;
- (vii) any building where the projected life span is less than 25 years beyond the end of the term of the relevant BML Mortgage Loan.

***Application Form***

In order to obtain a BML Mortgage Loan, each prospective Borrower must have completed an application which included information with respect to the applicant's income, current employment details, bank account information (if applicable), current mortgage information (if applicable) and certain other personal information.

***Borrowers***

Each Borrower must have been at least 18 years of age prior to completion of the relevant BML Mortgage Loan and the term of a BML Mortgage Loan must end before the primary applicant reaches his or her 85<sup>th</sup> birthday (in respect of Buy-to-Let Mortgage Loans) or 80<sup>th</sup> birthday (in respect of owner occupied mortgage loans), subject to certain exceptions.

***Term***

Each BML Mortgage Loan had to have an initial term of between 5 and 40 years.

***Mortgage Loan Amount***

Each BML Mortgage Loan at the time of origination must have been for a minimum principal amount of at least £25,001.

***Maximum Loan to Value***

The loan to value ratio of a Mortgage Loan ("**Original LTV**" ) is calculated by dividing the value of the related Property at the date of completion of such Mortgage Loan by the initial principal amount advanced under such Mortgage Loan (excluding any fees payable in respect of such Mortgage Loan). The Original LTV of each BML Mortgage Loan must be no more than 90% (in respect of Buy-to-Let Mortgage Loans) or 95% (in respect of owner occupied mortgage loans).

***Income and Affordability***

When considering whether to make a BML Mortgage Loan other than a Buy-to-Let Mortgage Loan to a prospective borrower, BML would have considered (among other things) the income of such prospective borrower. Income is determined by reference to the application form and supporting documentation provided by a prospective borrower, where appropriate, and may consist of:

- (a) salary plus additional regular remuneration for an employed prospective borrower or remuneration payable plus any dividend/bonus attributable to a self-employed prospective borrower (defined as a borrower holding at least 33% of the issued share capital of a company, who is a partner in partnership or a sole trader) in the last financial year;
- (b) pensions;
- (c) investment income;
- (d) rental income; and
- (e) any other monies approved by an authorised official of BML.

Borrowers who wished to self-certify their income are required to make a full declaration of their total annual personal income on the application form and must have still completed in full the employment section of the application form.

The employer of each employed prospective borrower was contacted by telephone to confirm that such prospective borrower worked where stated on the application form. Where the prospective borrower was self-employed, the accountant of the prospective borrower was telephoned for the purpose of confirming the employment of the prospective borrower (subject to certain exceptions).

The principal amount advanced in respect of an owner – occupied mortgage loan (unless an underwriting exception is approved in respect of such Mortgage Loan) would have not exceeded the higher of:

- (a) 6 times the assessed income of the primary borrower plus one times the assessed income of the secondary borrower (if any); and
- (b) 4.5 times the combined assessed incomes of the primary and secondary borrowers.

The income multiples available to any borrower would have been dependent on a combination of the Original LTV and the credit assessment conducted in respect of that borrower. A reasonability check on income for all self-certified and self-employed prospective borrowers would have been carried out on a sample basis.

Interest payments due in respect of Buy-to-Let Mortgage Loans which are intended to be covered by rental income for the purpose of calculating interest cover will be based on the pay rate, reversion rate or stressed BBR, as specified by the Mortgage Conditions relating to such Buy-to-Let Mortgage Loan.

#### ***Changes to BML Lending Criteria***

Any changes to the BML Lending Criteria would have formally required the approval of the board of directors of BML and the credit committee of West-LB AG (BML's parent company at the time of origination of the Mortgage Loans). Other changes to BML's credit policy, including underwriting mandate levels, will have required the approval of the board of directors of BML.

#### ***Credit History***

The credit history of each prospective borrower will have been assessed with the aid of one or more of the following:

- (i) search supplied by a credit reference agency;
- (ii) Credit Account Information Sharing information;
- (iii) confirmation of voters roll entries or proof of residency;
- (iv) payslips and/or employment contracts;
- (v) a copy of any tenancy agreement;
- (vi) accountant's certificate; or
- (vii) references from current and/or previous lenders.

Explanations may be provided where a CCJ relating to a prospective borrower has been revealed by the credit reference search, where arrears have been identified or where a prospective borrower has been subject to a bankruptcy order or an individual voluntary arrangement ("IVA"). Where satisfaction of a CCJ is a requirement of the mortgage loan, a certificate of satisfaction must have been provided or satisfaction confirmed in credit reference agency searches.

Borrowers who were the subject of a bankruptcy order must have provided satisfactory evidence of the discharge. Borrowers who were subject to an IVA must have provided confirmation of satisfactory conduct of the IVA where appropriate.

### ***Valuation***

Each Property which is subject to a Mortgage securing a BML Mortgage Loan will have been valued by a qualified surveyor (being a fellow or associate of the Royal Institution of Chartered Surveyors (an "ARICS") or having an equivalent qualification) chosen from a panel of valuation firms approved by BML. Valuations were required to be completed using a standard template provided by BML.

### ***Borrower Maintenance Covenants***

In relation to each BML Mortgage Loan, the relevant Borrower has covenanted to keep the relevant Property in good repair and condition, to comply with all covenants and statutory requirements in respect of the relevant Property and to pay in a timely fashion all taxes and other amounts required to be paid in connection with the Property. Each of the Borrowers has also agreed to allow the mortgagee to carry out an inspection of the condition of the relevant Property at any reasonable time.

### ***Buildings Insurance***

Buildings insurance was required to have been available on normal terms with an acceptable insurer and issued for an amount not less than that recommended by the valuer of the relevant Property.

### ***Buy-to-Let Mortgage Loans***

In respect of Buy-to-Let Mortgage Loans, if the related Property is subject to an assured shorthold tenancy, such assured shorthold tenancy must have a term of no less than 6 months and no more than 12 months.

### ***GMAC Lending Criteria***

The following is a summary of aspects of the lending criteria which was used by GMAC-RFC in respect of the Mortgage Loans originated by GMAC-RFC (the "**GMAC Mortgage Loans**") (the "**GMAC Lending Criteria**" and together with the BML Lending Criteria, the "**Lending Criteria**").

References to Mortgage Loans in this Section exclude the BML Mortgage Loans.

The GMAC Lending Criteria considered, among other things, a Borrower's credit history, employment history, status, repayment ability and debt service-to-income ratio, as well as the value of the property to be mortgaged. The GMAC Lending Criteria were divided into different categories known as "Prime", "Near Prime" and "Non-Conforming". No GMAC Mortgage Loans in the Mortgage Portfolio were originated under the "Non-Conforming" lending criteria.

### ***"Prime" and "Near Prime" GMAC Lending Criteria***

The GMAC Lending Criteria categories "Prime" and "Near Prime" contained criteria that, at the time of origination of the relevant GMAC Mortgage Loan, were intended to generally be acceptable to residential mortgage lenders lending to borrowers that satisfy the standard requirements of building societies and high street banks.

### ***Security***

- (a) Each loan was secured by a Mortgage over a freehold or long leasehold residential property (usually at least 30 years longer than the mortgage term) in England or Wales (a "**Property**").
- (b) Only Property intended for use exclusively or at least primarily as the owner's principal place of residence or let under an assured shorthold tenancy.
- (c) Properties under 10 years old were required to have the benefit of an NHBC (or, if the Property was built after 1 April 2003, a New Home Warranty Certificate), Zurich Municipal or Premier guarantee or an architect's certificate or equivalent guarantee from an acceptable body.
- (d) The following are examples of types of property which were deemed unacceptable as security:
  - (i) Freehold Flats or freehold maisonettes in England and Wales;
  - (ii) Properties with agricultural restrictions;

- (iii) Properties not wholly owned by the Borrower, where equity was retained by a builder/developer, housing association or other third party;
  - (iv) Properties of 100 per cent, timber construction;
  - (v) flats over commercial premises (subject to certain exceptions);
  - (vi) flats in blocks of more than ten floors or, in the case of "Prime" and "Near Prime" categories, seven floors (subject to the valuer's comments on marketability).
- (e) Each Property offered as security was required to have been valued either (i) by a professionally qualified surveyor (ARICS/FRICS qualification) chosen from a panel of valuation firms approved by the lender or (ii) in accordance with a valuation system provided by a third-party entity for the automated valuation of properties securing mortgage loans.
- (f) Each Property was required to have been insured by the Borrower.

***Application Form***

In order to obtain a GMAC Mortgage Loan, each prospective Borrower was required to have completed an application form which included information with respect to the applicant's income (except in respect of certain Near Prime Mortgage Loans for which the decision to lend was based on an applicant's credit history and on which application form an applicant did not need to state his or her income ("**Star Loans**")), current employment details, bank account information (if applicable), current mortgage information (if applicable) and certain other personal information.

The majority of applications for Mortgage Loans were processed automatically by Assetwise, Paratus's decisioning engine, which would run a credit search, conduct credit-scoring and check the applicant's details against an external fraud detection database as well as lender's own records. Credit-scoring applies statistical analysis to data available from outside sources and customer-provided data to assess the likelihood of an account going into arrears.

***Borrowers***

- (a) Borrowers were required to be at least 18 years of age prior to completion of the Mortgage Loan.
- (b) For Mortgage Loans underwritten in accordance with the "Near Prime" GMAC Lending Criteria ("**Near Prime Mortgage Loans**") and an Investment Mortgage Loan (as defined below), Borrowers were required to be at least 21 and 25 (or, in some cases, 21) years of age, respectively. Furthermore, the term of Mortgage Loans usually were required to end before the primary applicant reaches his/her 76 years of age (subject to approved exceptions).
- (c) A maximum number of four Borrowers (or, in the case of Investment Mortgage Loans, two) were permitted by the GMAC Lending Criteria to be parties to a GMAC Mortgage Loan.
- (d) The GMAC Lending Criteria in regard to the verification of the details of a Borrower's income distinguished between two different categories of Borrowers, employed and self-employed. The employed Borrower's credit and employment history were assessed with the aid of any or all of the following:
  - (i) a formal reference from the applying Borrower's employer;
  - (ii) a P60 or three-months' supporting payslips; or
  - (iii) self-certification by the Borrower (only for Mortgage Loans up to certain maximum amounts and where the terms of the product allow).

For the purpose of calculating a Borrower's gross income not only was base salary considered but also additional compensation such as a certain percentage of guaranteed overtime, bonuses and commissions, confirmed pension income, regular investment and rental income, employer subsidies and maintenance payments.

- (e) The income of self-employed Borrowers was permitted to be confirmed either by:

- (i) a signed certificate of income or a minimum of one year's (or where the LTV exceeds 85 per cent, and in the case of Mortgage Loans underwritten in accordance with the "Prime" GMAC Lending Criteria (the "**Prime Mortgage Loans**"), two years' accounts in each case prepared and signed by an accountant with acceptable qualifications. In some cases for Mortgage Loans up to £250,000 with an LTV of up to 85 per cent., or for Mortgage Loans underwritten in accordance with the "Non-Conforming" GMAC Lending Criteria up to £100,000, preparation and signature by a bookkeeper was sufficient; and
  - (ii) self-certification by the Borrower only if the Borrower had been trading for a minimum of six months prior to making an application (in the case of "Non-Conforming" Mortgage Loans for 12 months (in the case of Near Prime Mortgage Loans) and for GMAC Mortgage Loans up to certain maximum amounts).
- (f) No verification of income was required for the Prime Mortgage Loans where the Borrower achieved a favourable credit score and the LTV and loan size fall below certain thresholds. Self-certification of income was permitted for Borrowers who meet adequate credit-scoring levels based on such factors as size of loan, loan-to-income ratios, credit quality and LTV.
- (g) For Star Loans, where no income was declared, the employer or an accountant of the Borrower was required to be telephoned in every case, for the purpose of confirming the employment (but not the income) of that Borrower.
- (h) All GMAC Mortgage Loans in the Mortgage Portfolio were extended to Borrowers who broadly satisfied the GMAC Lending Criteria categories "Prime" and "Near Prime". To satisfy the Lending Criteria categories "Prime" or "Near Prime", a Borrower was required to have had a credit history which was required, in the six years prior to the application for a mortgage loan, not to have included:

- (i) any bankruptcy order ("**BO**"); or
- (ii) IVAs (a less formal procedure open to insolvent individuals, even those already subject to bankruptcy proceedings),

and which did not include any unsettled CCJs relating to a Borrower. In the case of Prime Mortgage Loans, a Borrower may have had no more than one CCJ or one Credit Account Information Sharing ("**CAIS** ") default (but not both) which was required to have had an aggregate value of less than £300. If the CCJ was satisfied more than 12 months prior to the Borrower's application for a Mortgage Loan or the default was registered over three years prior to the Borrower's application for a Mortgage Loan, this restriction did not apply. The CAIS default may have been unsatisfied at the time of the Borrower's application. In the case of Near Prime Mortgage Loans, a Borrower may have had up to one CCJ or one CAIS default (but not both) which had not been settled in the 12 months prior to the Borrower's application for a GMAC Mortgage Loan provided that the CCJ was of less than £300 aggregate value. Where the CCJ or the default had been settled over 12 months before the Borrower's application, the restriction did not apply.

- (i) Some Prime Mortgage Loans and Near Prime Mortgage Loans may have been originated under the previous policies of either:
  - (i) in the last six years prior to the Borrower's application for a GMAC Mortgage Loan there was required to have been no more than one settled CCJ of not more than £300 aggregate value; or
  - (ii) in the last six years prior to the borrower's application there was required to have been no more than two CCJs of not more than £500 aggregate value; or
  - (iii) in the three years prior to the borrower's application, there was required to have been no more than one CCJ (settled or unsettled) of more than £300 aggregate value.
- (j) Borrowers who were the subject of a BO were required to provide a certificate of discharge and the applicant was required to have sufficient income to support the loan. Borrowers who were the subject of an IVA were also required to provide a confirmation of satisfactory conduct of the IVA where appropriate.

- (k) For both Prime Mortgage Loans and Near Prime Mortgage Loans, in the six years prior to the application for a Mortgage Loan a Borrower's credit history was required to not have included any repossessions.
- (l) A consumer credit search was required to be made in all cases which may have given details of any CCJs, BOs and IVAs and which may have indicated persons who were listed on the voters' roll as being the residents of the Property.

***Term***

A loan was required not to have a term of more than 30 years.

***Mortgage Loan Amount***

On or prior to 2005, a GMAC Mortgage Loan was required to be at least £25,000 and would not usually exceed £750,000. On or after 2006, a loan was required not to exceed £1,000,000 at any time during the life of the loan.

***Maximum Loan to Value***

- (a) The loan to value ratio (the "**LTV**") was calculated by dividing the gross principal amount committed at completion of the loan (exclusive of any arrangement fee which may be added to the loan) by the lower of the valuation of the Property at origination of the GMAC Mortgage Loan as established by the Valuer selected from the approved panel of surveyors (see Section "*Valuation*" below) or, in the case of a Mortgage Loan made for financing the purchase of a Property, the disclosed purchase price (except in exceptional cases, i.e. where the purchase price reflects a discount).
- (b) The maximum LTV of each GMAC Mortgage Loan at the date of the advance (the "**Maximum LTV**") was required to be no more than 95 per cent, although a higher LTV may have been permitted in certain circumstances.

***Income and Affordability***

***Income Multiples***

Unless an exception applied:

- (a) A Prime Mortgage Loan was required not to exceed:
  - (i) the income of the primary Borrower multiplied by up to 4.50 and added to the income of any secondary Borrower; or
  - (b) the Borrower's joint income multiplied by up to 3.75, except in certain cases where LTV was higher than 75% in which case a Prime Mortgage Loan was required not to exceed either: (x) the income of the primary Borrower multiplied by up to 4.00 and added to the income of any secondary Borrower; or (y) the Borrowers' joint income multiplied by up to 3.30.
- (b) A Near Prime Mortgage Loan was required not to exceed:
  - (a) the income of the primary Borrower multiplied by up to 4.50 and added to the income of any secondary Borrower; or
  - (b) the Borrower's joint income multiplied by up to 3.75, except where LTV was higher than 75% in which case a Near Prime Mortgage Loan was required not to exceed either: (x) the income of the primary Borrower multiplied by up to 4.00 and added to the income of any secondary Borrower; or (y) the Borrowers' joint income multiplied by up to 3.30.

***Affordability Test***

- (a) For Mortgage Loans originated prior to 10 February 2003, GMAC-RFC sometimes incorporated into its underwriting procedures an affordability test, which attempted to estimate the ability of a

Borrower to make payments under a GMAC Mortgage Loan. The affordability test served merely as an underwriting tool and, as such, was a contributing factor in an underwriter's decision of whether to accept or reject an application for a GMAC Mortgage Loan.

- (b) After 10 February 2003, GMAC-RFC was not required to use this test. For high-scoring cases (Borrowers who were assumed to be less likely to go into arrears), Assetwise, an automated decisioning system of the lender, was able to approve applications where the income multiples exceeded the stated levels and which underwriters would have previously only allowed by exception. An affordability test was required to be applied to GMAC Mortgage Loans originated after 15 January 2005.

### ***Changes to GMAC Lending Criteria***

GMAC-RFC may have varied the GMAC Lending Criteria from time to time. Such revisions may have included extending Mortgage Loans to Borrowers who were recently self-employed, independent contractors and temporary employees.

### ***Credit History***

In addition to employer references and valuation reports, GMAC-RFC may have, depending upon the particular circumstances (especially in relation to non-conforming borrowers), required Borrowers to furnish other references, e.g. from previous lenders and landlords. GMAC-RFC may also have reviewed a Borrower's bank or building society statements but only did so in limited circumstances. In addition, the GMAC Lending Criteria required that an approved credit search covering the preceding six years was undertaken for all "Prime" and "Near Prime" Borrowers.

Where a CCJ relating to a Borrower had been revealed by the credit reference search or instalment arrears have been revealed by lenders' or landlords' references or a Borrower had been subject to a BO, explanations were generally obtained.

The GMAC Lending Criteria generally required consideration of the accumulated aggregate value of the CCJs lodged against a Borrower in the preceding six-year period in the case of conforming Borrowers (or three-year period in the case of all Borrowers in respect of loans originated after 1 June 2004), in the consideration of that Borrower's Mortgage Loan application and/or in setting of the rate to be charged on the Mortgage Loan. Where satisfaction of a CCJ was a requirement of the Mortgage Loan, a certificate of satisfaction was required to have been provided or entry on the Experian search bearing the word "satisfied" against it obtained.

Repossessions in the preceding three years of previously mortgaged property were also to be considered as relevant to a Borrower's application for a GMAC Mortgage Loan.

### ***Valuation***

For all Mortgage Loans, Properties were required to be valued on-site by a qualified surveyor chosen from a panel of lender's approved valuation firms. Valuations were required to have been completed before an offer was made. The qualified surveyor was required to have been instructed by the lender.

For Further Advances where the latest valuation on file was less than three years old and the value of debt was within certain parameters, GMAC-RFC would use an index value rather than performing a valuation. Following completion of the on-site valuation, a number of valuations were required to be selected for audit. GMAC-RFC used an Auto Valuation Mode ("**AVM**") as the initial check within the valuation audit process.

Drive-by valuations were required for those cases where the variation between the valuation done by the surveyor and the valuation produced by the AVM differed by more than 10 per cent. If the drive-by valuation resulted in a variation of more than 10 per cent, from the AVM, a second on-site valuation was required to be instructed using a different valuation company. If a variation of more than 10 per cent, still existed, the case was required to be referred to lender's surveyor, who would determine the final valuation figure to be used.

The value of the Properties in connection with each Mortgage Loan has been determined at origination in accordance with the standards and practices of the RICS Valuation Standards (including those relating to competency and required documentation) by an individual valuer who is an employee or a contractor of a

valuer firm engaged by GMAC-RFC and accredited to GMAC-RFC's valuers panel, who is a fellow, member or associate member of the Royal Institution of Chartered Surveyors ("**RICS**") and whose compensation is not affected by the approval or non-approval of the Mortgage Loan. Each Valuation Report includes three comparable properties providing evidence for the valuation of each Property.

The valuers panel is maintained (including the appointment of valuer firms to the panel) by the credit risk area of GMAC-RFC with no involvement of sales or product staff. Likewise, sales and product staff are not involved in the selection of the valuer firm from the valuers panel engaged to carry out the valuation of the Properties in connection with each Mortgage Loan.

Investors should be aware that, other than the valuation of Properties undertaken as at origination (as more fully described in this section entitled "*The Mortgage Portfolio and the Mortgage Loans*"), no revaluation of any Property has been undertaken by the Seller, the Legal Title Holder, the Issuer or the Servicer (as the case may be), the Security Trustee, the Arrangers, the Joint Lead Managers or any other person in respect of the issue of the Notes and the valuations quoted are at the date of the original mortgage loan origination.

#### ***Borrower Maintenance Covenants***

In relation to each of the Mortgage Loans in the Mortgage Portfolio, the relevant Borrower was required to covenant to keep the Property in good repair and condition, to comply with all covenants and statutory requirements in respect of the Property and to pay in a timely fashion all taxes and other amounts required to be paid in connection with the Property. Each of the Borrowers were also required to agree to allow the lender to carry out an inspection of the condition of the relevant Property at any reasonable time. If the lender becomes aware that the relevant Borrower is in violation of his covenants, statutory requirements or other obligations, the GMAC Lending Criteria allow them to take appropriate action to protect its security.

#### ***Buildings Insurance***

The GMAC Lending Criteria required for each Mortgage Loan that each Property be insured for its full reinstatement value as stated in the valuation report with an acceptable insurance company and at the Borrower's cost (subject to certain exceptions in the case of leasehold properties). The Lending Criteria required that the firm of solicitors or licensed conveyancers acting on behalf of the Borrower or in certain circumstances on behalf of Paratus confirmed prior to completion that the insurance policy complied with the Council of Mortgage Lenders Handbook, or, for some of the Mortgage Loans, for each Borrower to have produced evidence of current buildings insurance prior to the completion of each Mortgage Loan.

The alternatives available to Borrowers were:

- (a) the Property may be insured under Block Buildings Policy, which was with Legal and General Insurance Limited (the "**Block Buildings Policy**");
- (b) the Borrower may take out a separate insurance policy subject to the approval of GMAC-RFC;
- (c) with respect to leasehold properties, the Property may be insured by the relevant landlord with the approval of GMAC-RFC; or
- (d) the Property may be insured under the block building policy of GMAC-RFC.

In all of these cases, the GMAC Lending Criteria required the interest of GMAC-RFC to be noted on the relevant policy from the date of completion of the Mortgage Loan.

Under the GMAC Lending Criteria, GMAC-RFC was required to have the option to use any monies received under any insurance policy affecting the property to make good the loss or damage in respect of which the monies were received or to use them to reduce or repay the relevant Mortgage Loan. However, in certain cases if the Property was insured other than under a Block Buildings Policy, GMAC-RFC would only receive notice of the loss or damage to the Property and would not have the ability to direct how any money received under the claim is spent.

### ***Solicitors***

The GMAC Lending Criteria required the Borrower to instruct a firm of solicitors or lender's approved licensed conveyancers to act on its behalf as well as on behalf of GMAC-RFC on the origination of the Mortgage Loan.

The nominated firm was required to have met certain minimum requirements. For instance, the solicitors firm acting on behalf of GMAC-RFC was required to have had a minimum of two registered partners and for some Mortgage Loans the licensed conveyancers was required to have been one of a limited number of approved firms. If the nominated firm of solicitors or licensed conveyancers did not meet the minimum requirements, the GMAC Lending Criteria permitted GMAC-RFC to reserve the right to instruct other solicitors or licensed conveyancers to act on its behalf at the expense of the Borrower.

### ***Other Title Insurance***

The GMAC Lending Criteria generally required Paratus' solicitors to obtain a title insurance policy for a particular Property if a title issue had been identified in relation to that Property. For example, a Property may only have good leasehold title or may have been subject to a suspected transfer at an undervalue in the past. The GMAC Lending Criteria required the solicitors to check each policy to ensure that the limit on cover was at least 100 per cent. of the valuation of the Property and that all policies were assignable.

### ***Express Completion Service***

In January 1999, GMAC-RFC began offering its Express Completion Service, which enabled a Borrower to remortgage a Property under an expedited procedure that generally allowed completion within 5-10 days from the offer by Paratus to extend the remortgage loan. The process differed from traditional conveyancing practice in that there is no in-depth investigation of title. Instead, the GMAC Lending Criteria required First Title Insurance plc ("**First Title**"), or for Mortgage Loans originated after 31 January 2005 London & European Title Insurance Services Limited ("**London & European**") to provide a home loan protection policy on a Property for the sole benefit of GMAC-RFC.

Among other things, this policy was required to provide protection:

- (a) that there is good and marketable title to the Property;
- (b) that the Property was built, and (if relevant) modified or extended since, in compliance with all necessary planning and building regulation approvals;
- (c) against adverse information which would be discovered from Local Authority Searches to the detriment of the owner of the Property; and
- (d) against costs or legal expenses necessary to defend the title.

### ***Fraud Prevention***

Under the GMAC Lending Criteria GMAC-RFC was required to have a risk management team whose primary focus is on preventing fraud and maintaining the quality of the loan book, and whose objectives also include controlling and managing lending policy and criteria and protecting, controlling and reducing risk.

Fraud prevention measures required to be used by the team included:

- (a) the use of automated credit and fraud alert systems, including CIFAS, Hunter and, until February 2005, DETECT;
- (b) the use of qualified surveyors to audit property valuations;
- (c) investigation of fraud referrals from the new business area;
- (d) the use of a three month nil payment report, items on which investigated and the information fed back into the lending policy; and

- (e) a 100 per cent. audit of all mortgages above £500,000 prior to completion which in relation to Mortgage Loans originated after 22 August 2005 include a land registry search.

The GMAC Lending Criteria also required GMAC-RFC to manage its lending policy and that of its intermediary firms through:

- (a) an annual audit programme;
- (b) a process to evaluate the suitability of potential packagers;
- (c) an exceptions reporting policy; and
- (d) a business continuity plan.

#### ***Discretion to Lend Outside GMAC Lending Criteria***

Subject to approval in accordance with internal procedures, GMAC-RFC may have determined on a loan-by-loan basis that, based upon compensating factors, a prospective Borrower who did not strictly qualify under its GMAC Lending Criteria warranted an underwriting exception. Compensating factors may have included, but were not limited to, a low LTV, stable employment and time in residence at the applicant's current residence.

#### ***Buy-to-Let Mortgage Loans***

As of December 1998, Paratus offered a type of mortgage loan exclusively for investment properties (the "**Investment Mortgage Loans**"). Under an Investment Mortgage Loan, a Borrower could include a single or a number of different Properties held for the purposes of investment (each an "**Investment Property**"). Under the GMAC Lending Criteria, as the Borrower was required to not occupy the Investment Property itself, they were required to have let that Property within three months of completion on a six or 12 month shorthold tenancy, or on a short-term basis to tenants not exceeding 36 months if the tenant had demonstrated themselves to be of acceptable character and able to meet their obligations to pay rent. No sub-letting by the tenants was permitted.

Investment Mortgage Loans were required to be extended only with the Investment Properties as collateral. The GMAC Lending Criteria did not require to take additional security for the purposes of the Investment Mortgage Loans.

The GMAC Lending Criteria for Investment Mortgage Loans also differed from the criteria applied to other Mortgage Loans in certain respects, including the following:

- (a) As Investment Mortgage Loans were seen as self-financing, there was no requirement for the Borrower to achieve certain income multiples. However, the gross monthly rental income was required to have been at least 100 per cent. (or, before 12 May 2005, 125-130 per cent.), of the monthly mortgage interest payment depending on the product, or in the case of some of the loans, there was a minimum employment period of three months or six-months' self-employment. From 26 March 2007, the requirement for the gross monthly rental income to achieve a certain percentage of the mortgage interest payment was not required up to a maximum of 70 per cent. LTV with a maximum loan restriction of £250,000.
- (b) For similar reasons, GMAC-RFC may sometimes have extended an Investment Mortgage Loan to a Borrower for a term that would last up to that particular Borrower's 76 birthday (see Section "*Borrower*" above). A Borrower was required to be 25 for this product.
- (c) The maximum LTV for an Investment Mortgage Loan was required to be 80-89 per cent., (in the case of "Prime" and "Near Prime" categories) and 80-85 per cent (in the case of "Non-Conforming" category).
- (d) As the primary assessment on the Borrower's ability to pay was based on expected rental income, this was required to be assessed as part of the valuation (see Section "*Valuation*" above).
- (e) Up to four Borrowers were permitted to have been party to an Investment Mortgage Loan.

The general policy under the GMAC Lending Criteria was to restrict the ability of the Borrower to let the relevant Property. However, in addition to the Investment Mortgage Loans, exceptions may have been granted in relation to certain of the other Mortgage Loans in the Mortgage Portfolio to allow the Borrowers to let their Properties. In such circumstances, the GMAC Lending Criteria required to increase the Mortgage Rate on such Mortgage Loans.

### **Landbay Mortgage Loans**

In this Prospectus:

"**Landbay Mortgage Loans**" means the two Mortgage Loans originated by Landbay.

### ***Lending Criteria***

The following is a summary of aspects of the lending criteria, which, to the Seller's knowledge, was used by Landbay in respect of the Landbay Mortgage Loans (the "**Landbay Lending Criteria**"). The Landbay Mortgage Loans were both originated in June 2015.

### ***Security***

- (a) Each loan was secured by a first ranking legal mortgage over a freehold residential Property in England and Wales. Multi-unit freehold Properties were acceptable as security as long as there was a deed of mutual covenants in place.
- (b) Each Property offered as security was required to have been valued by a professionally qualified surveyor (MRICS/FRICS qualification) chosen from a panel of valuation firms approved by Landbay.
- (c) In addition, each Property was required to have been insured by the Borrower

### ***Borrowers***

- (a) Borrowers were required to be, in the case of individuals, at least 21 years of age and a maximum of 80 years of age at the point at which the Mortgage Loan is drawn down.
- (b) A maximum number of two individual Borrowers were allowed to be parties to a Landbay Mortgage Loan.
- (c) The Borrower's credit and employment history were assessed with the aid of any or all of the following:
  - (i) three months of bank statements (business and personal, as applicable);
  - (ii) passport;
  - (iii) SA302 tax return; and
  - (iv) three months of pay slips.
- (d) A Borrower was required to have a minimum annual income of £30,000 (including income, pensions and dividends). Any Borrower with an income below £30,000 would be considered on a case by case basis and would require 135% rental coverage and maximum 75% loan to value ration.

### ***Term***

Mortgage Loans were required to have a minimum term of 5 years.

### ***Loan Amount***

Mortgage Loans were required to be at least £50,000. Mortgage Loans were generally required not to exceed £500,000.

### ***Loan to Value***

The loan to value ratio (the "**LTV**") was calculated by dividing the gross principal amount committed at completion of the loan (exclusive of any arrangement fee which may be added to the loan) by the lower of the valuation of the Property at origination of the loan and the purchase price.

The maximum LTV of each Landbay Mortgage Loan at the date of the advance (the "**Maximum LTV**") should not have been over 75 per cent.. Mortgage Portfolio limits of £750,000 applied for each Borrower.

***Rental Income Requirements***

Affordability was assessed on the basis of rental income coverage on an interest only basis. For Mortgage Loans with a 5-year fixed rate, the calculation was based on the product pay rate. The applicable required rental income coverage was between 135% to 140%.

***Residence***

Applicants were generally required to either have been a resident in the UK or had indefinite right to remain or indefinite right of entry at the time of application. Foreign nationals were required to have had permanent right to reside, and be resident in the UK at the point of application.

Expatriates, being UK nationals living and working abroad, were acceptable provided they had existing UK property let out, and a UK bank account.

***Valuation***

Investors should be aware that, other than the valuation of Properties undertaken as at origination (as more fully described in this section entitled "*The Mortgage Portfolio and the Mortgage Loans*"), no revaluation of any Property has been undertaken by the Seller, the Issuer or the Servicer (as the case may be), the Security Trustee or any other person in respect of the issue of the Notes and the valuations quoted are at the date of the original mortgage loan origination.

\* As of the Cut-Off Date, the Legal Title Holder has applied a forbearance period in respect of 15 Mortgage Loans in the Mortgage Portfolio with an aggregate outstanding principal balance of approximately £3.3 million beyond the stated loan maturity date. As at the Cut-Off Date, such forbearance period in respect of these Mortgage Loans ranges from 3 months to 35 months. Therefore, the use of the word "term" when used in the table above, has taken into account the forbearance period applied in respect of these Mortgage Loans in the Mortgage Portfolio.

\* Certain Mortgage Loans in the Mortgage Portfolio may have different loan parts granted to the relevant Borrower at different times (for example, due to additional drawings or further advances). The relevant part may be subject to different index and/or margin. For purposes of this table, the interest rate index is by reference to the index of the loan part with the highest outstanding principal balance.

## ASSIGNMENT OF THE MORTGAGE LOANS AND RELATED SECURITY

The Legal Title Holder is currently the legal title holder in respect of each Mortgage Loan and its Related Security. Immediately prior to the Closing Date, the beneficial title to the Mortgage Loans and their Related Security were held by the Warehouse Borrower. The Seller shall acquire the beneficial title to each Mortgage Loan to be sold on the Closing Date and its Related Security on or before the Closing Date by entering into a Deed of Repurchase with the Warehouse Borrower.

The mortgage portfolios so purchased by the Seller from the Warehouse Borrower will, together, constitute the Mortgage Portfolio, beneficial title to which shall be vested in the Seller on or before the Closing Date.

On the Closing Date the Seller will accordingly hold the legal and the beneficial title to each Mortgage Loan and its Related Security.

On the Closing Date the Issuer will purchase the Mortgage Loans and their Related Security in the Mortgage Portfolio from the Seller pursuant to the Mortgage Sale Agreement. The purchase of the Mortgage Portfolio from the Seller will be financed by a portion of the issue proceeds of the Notes and will therefore, indirectly, constitute a partial refinancing of the existing transaction of the Warehouse Borrower which held the relevant mortgage portfolio until the Closing Date.

Pursuant to the sale and assignment under the Mortgage Sale Agreement to be entered into between the Seller, the Legal Title Holder, the Security Trustee, the Issuer and the Servicer on the Closing Date, the Seller and the Legal Title Holder will agree to sell and assign the Mortgage Portfolio, comprising the Mortgage Loans together with all Related Security, to the Issuer. In addition to providing for the sale and assignment of the Mortgage Portfolio, the Mortgage Sale Agreement also sets out or provides for the following:

- (a) the representations and warranties to be given by the Seller, including in relation to the Mortgage Loans and the Related Security and the repurchase of Mortgage Loans and Related Security in case of a breach of a warranty relating thereto which has not been remedied within the Grace Period subject to a limitation on the time periods for making claims;
- (b) the undertaking of the Seller (in its capacity as originator for the purposes of the Securitisation Regulation (which does not take into account any relevant national measures)) to retain, on an ongoing basis, a material net economic interest of not less than 5 per cent. in the securitisation in accordance with Article 6 of the Securitisation Regulation, which retention will be achieved by the Seller holding the Class Z1 Notes and the Class Z2 Notes which will have an aggregate Principal Amount Outstanding as at the Closing Date equal to at least 5 per cent. of the nominal value of the securitised exposures;
- (c) the repurchase by the Seller of Mortgage Loans together with their Related Security upon the occurrence of certain events;
- (d) an undertaking by the Legal Title Holder that it will not advance any further monies to a Borrower in relation to a Further Advance; and
- (e) the circumstances for the transfer of legal title to the Mortgage Loans and their Related Security to the Issuer.

The Servicer is required under the terms of the Servicing Agreement to ensure the safe custody of the title deeds.

### Consideration

On the Closing Date, the Seller will contract to sell and assign to the Issuer with full title guarantee, the Mortgage Portfolio and Related Security. In respect of Mortgage Loans which have the benefit of a first ranking legal mortgage over a freehold or long leasehold residential property located in England and Wales the assignment will be an assignment which takes effect in equity only. In each case, the transfer of legal title to the Mortgage Loans and their Related Security may not occur or, if it does occur, will not occur until a later date, as described further in the Section entitled "*Transfer of legal title to the Issuer*" below.

The consideration payable by the Issuer to the Seller for the Mortgage Loans and their Related Security in the Mortgage Portfolio on the Closing Date will consist of an amount equal to £182,086,248.00 (the "**Initial Purchase Price**"), and the issue and delivery of the Residual Certificates to, or at the direction of, the Seller.

#### **Mortgage Loan Warranties and Breach of Mortgage Loan Warranties**

The Mortgage Sale Agreement contains the Mortgage Loan Warranties given by the Seller and the Legal Title Holder in relation to the Mortgage Loans which are beneficially and legally owned by it on the Closing Date. No searches, enquiries or independent investigations have been or will be made by the Issuer, who is relying upon the Mortgage Loan Warranties.

The remedies for a breach of a Mortgage Loan Warranty under the Mortgage Sale Agreement are described in the Section entitled "*Summary of Key Transaction Documents – Mortgage Sale Agreement – Representations and Warranties*" below.

"**General Transaction Collection Account Minimum Balance**" means £75,000.

***Information and Reporting by the Servicer***

Pursuant to the Servicing Agreement, the Servicer is responsible for keeping and maintaining records, on a Mortgage Loan by Mortgage Loan basis, for the purposes of identifying at any time any amount due by a Borrower, any amount received from or on behalf of a Borrower and the principal balance and (if different) the total balance for the time being and from time to time outstanding on a Borrower's account.

The Servicer shall prepare and deliver to, *inter alios*, the Cash Manager (and the Issuer shall procure that the Servicer supplies) a monthly servicer report (other than in a calendar month where a quarterly servicer report is required to be delivered) by no later than the 12<sup>th</sup> Business Day of each calendar month (the "**Monthly Servicer Report Date**") and a quarterly servicer report by no later than the Business Day prior to each Calculation Date in each case detailing the principal and total balances of the Mortgage Loans and related reconciliations and other information which is required by the Cash Manager for such relevant period (the "**Servicer Reports**") for the purposes of the Cash Manager preparing the relevant Investor Reports. For further information see section "*Summary of the Key Transaction Documents – Cash Management Agreement*".

Further, the Servicer shall prepare and deliver to the Cash Manager the relevant Data Tapes as well as procure the publication of the Data Tapes on the website of [www.euroabs.com](http://www.euroabs.com) (or such other website as may be available for such purpose and notified by the Servicer to the Transaction Parties and the Rating Agencies from time to time). The Data Tapes shall be (i) from the date of this Prospectus and prior to the Template Effective Date, in the form of the standardised template set out in Annex 1 of the CRA3 (the "**CRA3 Data Tape**") and (ii) following the Template Effective Date, in the form of the final disclosure templates adopted under the Securitisation Regulation (the "**SR Data Tape**"). For further information see Section "*Summary of the Key Transaction Documents – Cash Management Agreement*".

### ***Fees and Expenses of the Servicer***

The Servicer is entitled to charge a quarterly fee (payable on each Interest Payment Date) for its mortgage settlement and related administration services under the Servicing Agreement calculated on a monthly basis by reference to the aggregate Capital Balance of the Mortgage Loans as at the first day of the relevant Monthly Collection Period (as calculated in the relevant Servicer Report) at a rate of 0.15 per cent. per annum and payable in arrear on the Interest Payment Date immediately following the Collection Period in which such Monthly Collection Period fell. The fee is inclusive of any VAT and payable on each Interest Payment Date in accordance with the Pre-Enforcement Revenue Priority of Payments or the Post-Enforcement Priority of Payments (as applicable).

The reasonable costs and expenses for which the Servicer shall be entitled to reimbursement from the Issuer shall include, *inter alia*, the cost of complying with any regulatory obligations to which the Servicer becomes subject due to any change of law occurring after the Closing Date and which relate directly to the Servicer's obligations under the Servicing Agreement including, without limitation the payment of fees to EuroABS in connection with the disclosure obligations relating to the Investor Reports. Where such cost also relates to other activities of the Servicer, the cost shall only be borne by the Issuer proportionately to the manner in which the cost on the Servicer is calculated.

The Servicer shall be reimbursed for all reasonable and properly incurred costs and expenses incurred by it in connection with the administration of the Mortgage Loans including, but not limited to, insurance premia incurred in connection with certain insurance policies.

Certain fees which may be payable by Borrowers in connection with their Mortgage Loans may be for the account of the Servicer where such fees relate to its own administrative function. Such fees (to the extent received) shall be payable to the Servicer on each Interest Payment Date in accordance with the Pre-Enforcement Revenue Priority of Payments or the Post-Enforcement Priority of Payments (as applicable).

### ***Sub-Contracting by the Servicer***

The Servicer is permitted in specified circumstances and subject to certain conditions with the prior written consent of the Issuer and the Security Trustee, to sub-contract or delegate its obligations under the Servicing Agreement. If the Servicer sub-contracts or delegates its obligations under the Servicing Agreement, it shall nevertheless remain primarily liable for the performance of such obligations.

### ***Termination of appointment***

The appointment of the Servicer may be terminated by either (i) the Issuer, (at any time prior to the delivery of an Enforcement Notice) with the prior written consent of the Security Trustee or (ii) the Security Trustee following the delivery of an Enforcement Notice, on the occurrence of a Servicer Termination Event. Additionally, the Servicer may resign upon 60 days' written notice to the Issuer (with a copy to the Security Trustee) **provided that** a Replacement Servicer has been appointed. If the appointment of the Servicer is terminated or the Servicer resigns under the Servicing Agreement, it would be necessary for the Issuer to appoint a replacement servicer with experience of servicing residential property mortgage loans in England and Wales, **provided that** such appointment is on substantially the same terms as those set out in the Servicing Agreement and the then current ratings of the Notes would not be adversely affected thereby, unless otherwise agreed by an Extraordinary Resolution of each Class of Noteholders and the Certificateholders. The ability of a replacement servicer to fully perform the required services would depend on the information, software and records available at the time of the relevant appointment.

A replacement servicer will have a business establishment (for the purposes of Section 9 of Value Added Tax Act 1994) in the United Kingdom which is either its sole business establishment (with no other fixed establishment anywhere else in the world) or is its business (or other fixed) establishment which is most directly concerned with the services it supplies under such replacement servicing agreement.

Under the Servicing Agreement, the Servicer will be responsible for handling the procedures connected with the redemption of Mortgage Loans and is authorised by the Security Trustee and the Issuer to release the relevant Mortgage Loan documents to the person or persons entitled thereto upon redemption.

The Servicer's appointment may be terminated upon the occurrence of the events set out below (each a "**Servicer Termination Event**"):

- (a) default by the Servicer in the payment on the due date of any payment due and payable by it under the Servicing Agreement and such default continues unremedied for a period of three Business Days after the earlier of the Servicer becoming aware of such default and receipt by the Servicer of written notice from the Issuer requiring the same to be remedied;
- (b) default is made by the Servicer in the performance or observance of any of its other covenants and obligations under the Servicing Agreement, which default in the reasonable opinion of the Issuer (prior to the delivery of an Enforcement Notice) or the opinion of the Security Trustee acting on the instructions of the Note Trustee (following the delivery of an Enforcement Notice), is materially prejudicial to the interests of the Noteholders and Certificateholders and which, in the case of a default or breach that is capable of remedy, continues unremedied for a period of 15 Business Days after the earlier of the Servicer becoming aware of such default and of receipt by the Servicer of written notice from the Issuer or the Legal Title Holder (prior to the service of an Enforcement Notice) or the Security Trustee (following the delivery of an Enforcement Notice) requiring the same to be remedied;
- (c) an order is made or an effective resolution passed for the winding up of the Servicer (unless the order is made for the purpose of a reorganisation the terms of which have been approved by the Issuer or, following the service of an Enforcement Notice, the Security Trustee and where the Servicer demonstrates to the satisfaction of the Issuer that it is solvent);
- (d) the Servicer ceasing to be an authorised person under the FSMA or the revocation of an applicable licence, registration or regulatory permission held by it required to perform the Services;
- (e) the occurrence of an Insolvency Event in respect of the Servicer (other than any frivolous or vexatious corporate action or any other corporate action, legal proceedings or other procedure or step referred to in paragraph (e) of the definition of "Insolvency Event" which is disputed in good faith with a reasonable prospect of success by the Servicer and dismissed or otherwise discharged within 30 days of being commenced);
- (f) the Servicer ceasing to carry on substantially the whole of its residential mortgage servicing business (for the avoidance of doubt any sub-contracting or delegation in accordance with the Servicing Agreement would not constitute cessation of the Servicer's business); or
- (g) the occurrence of a Perfection Event (other than the occurrence of the Perfection Event under paragraph (b) of the definition of the "Perfection Event").

If the Servicer's appointment is terminated upon the occurrence of a Servicer Termination Event or the Servicer resigns, a Replacement Servicer shall be appointed as replacement Servicer and shall assume the role of the Servicer.

Forthwith upon the appointment of the Replacement Servicer, the outgoing Servicer shall:

- (a) deliver the title deeds, the mortgage loan files and all books of account and other records maintained by the Servicer relating to the Mortgage Loans and/or the Related Security to the Replacement Servicer; and
- (b) take such further action as the Issuer or, after the delivery of an Enforcement Notice, the Security Trustee shall reasonably direct to enable the services due to be performed by the Servicer under the Servicing Agreement to be performed by the Replacement Servicer as replacement Servicer.

#### ***Arrears Management Procedures***

The Servicer has agreed certain procedures with the Issuer that the Servicer is required to adhere to for managing Mortgage Loans that are in arrears, including early contact with Borrowers in order to find a solution to any financial difficulties they may be experiencing, agreeing payment plans with the relevant Borrower and deciding to take or not to take enforcement action against the Borrower and/or in respect of the Property. These same procedures, as from time to time varied in accordance with the practice of a Prudent Mortgage Lender and the Servicing Standard, will continue to be applied in respect of arrears

arising on the Mortgage Loans. In this context, the Arrears Management Procedures will be operated by the Servicer. In the Mortgage Sale Agreement, the Legal Title Holder has agreed to, at the expense of the Servicer, assist the Servicer in exercising all rights and remedies under and in connection with the Mortgage Loans, provided such assistance is in accordance with the legal and regulatory requirements applicable to the Legal Title Holder.

## SUMMARY OF THE KEY TRANSACTION DOCUMENTS

#### ***Mortgage Portfolio***

Under a mortgage sale agreement entered into on or around the Closing Date between, among others, the Seller, the Legal Title Holder, the Issuer and the Security Trustee (the "**Mortgage Sale Agreement**"), the Seller shall on the Closing Date (in consideration for payment of the Initial Purchase Price and the issuance of the Residual Certificates to, or at the direction of, the Seller as further consideration for the sale of a Mortgage Portfolio) sell, assign or otherwise transfer to the Issuer a Mortgage Portfolio of Mortgage Loans and their Related Security in each case referred to as the "**sale**" by the Seller to the Issuer of the Mortgage Loans and Related Security. The Mortgage Loans and Related Security and all monies derived therefrom from time to time are referred to herein as the "**Mortgage Portfolio**". See "*The Mortgage Portfolio and the Mortgage Loans*" above and "*Characteristics of the Mortgage Portfolio*" below for more detail.

The Mortgage Loans and their Related Security comprising the Mortgage Portfolio will be assigned by way of equitable assignment to the Issuer, in each case referred to as the "sale" by the Seller to the Issuer of the Mortgage Loans and Related Security.

The consideration due to the Seller in respect of the sale of the Mortgage Loans and Related Security comprising the Mortgage Portfolio shall be:

- (a) the Initial Purchase Price in an amount equal to £182,086,248.00, such Initial Purchase Price being due and payable on the Closing Date; and

#### ***Title to the Mortgages, Registration and Notifications***

The completion of the transfer of the Mortgage Loans and their Related Security (and, where appropriate, their registration or recording) to the Issuer is deferred and legal title to the Mortgage Loans and their Related Security shall remain with the Legal Title Holder until the occurrence of a Perfection Event. Notice of the sale of the Mortgage Loans and their Related Security to the Issuer will not be given to any Borrower until the occurrence of a Perfection Event.

On the occurrence of a Perfection Event, (i) prior to the service of an Enforcement Notice, the Issuer; or (ii) following the service of an Enforcement Notice, the Security Trustee may by notice in writing (a "**Perfection Notice**") to the Legal Title Holder (with a copy to the Security Trustee or to the Issuer, as the case may be) require the Legal Title Holder to complete the assignment to the Issuer of legal title to the Mortgage Loans and their Related Security comprised in the Mortgage Portfolio within twenty-five (25) Business Days of the delivery of the Perfection Notice.

The following events constitute Perfection Events upon which (i) prior to the service of an Enforcement Notice, the Issuer; or (ii) following the service of an Enforcement Notice, the Security Trustee shall perfect legal title to the Mortgage Loans and their Related Security:

- (a) the delivery of an Enforcement Notice by the Note Trustee; or
- (b) the occurrence of a Servicer Termination Event; or

- (c) the Legal Title Holder being required to perfect transfer of legal title to the Mortgage Loans:
  - (i) by an order of a court of competent jurisdiction;
  - (ii) by a regulatory authority which has jurisdiction over the Legal Title Holder; or
  - (iii) by any organisation of which the Legal Title Holder is a member or whose members comprise, but are not necessarily limited to, mortgage lenders and with the instructions of which it is customary for the Legal Title Holder to comply; or
- (d) it becoming necessary as a result of a change in law occurring after the Closing Date to perfect the transfer by way of assignment of the legal title to such Mortgage Loans; or
- (e) it becoming unlawful in any applicable jurisdiction for the Legal Title Holder to hold legal title in respect of any Mortgage Loan in the Mortgage Portfolio; or
- (f) the Security Trustee notifying the Issuer in writing that the security under the Deed of Charge or any material part of that security is, in the opinion of the Security Trustee, in jeopardy; or
- (g) the Legal Title Holder calling for perfection by delivering notice in writing to that effect to the Issuer (with a copy to the Security Trustee); or
- (h) the occurrence of an Insolvency Event relating to the Legal Title Holder.

In this Prospectus, an "**Insolvency Event**" will occur in respect of an entity in the following circumstances:

- (a) an order is made or an effective resolution passed for the winding-up of the relevant entity (or it makes any composition or arrangement with its creditors); or

- (c) an encumbrancer takes possession or a Receiver is appointed to the whole or any material part of the undertaking, property and assets of the relevant entity or a distress, diligence or execution is levied or enforced upon or sued out against the whole or any material part of the chattels or property of the relevant entity and, in the case of any of the foregoing events, is not discharged within 30 days; or
- (d) the relevant entity is unable or admits its inability to pay its debts as they fall due (after taking into account any grace period or permitted deferral) or suspends making payments of any of its debts; or
- (e) if proceedings are initiated against the relevant entity under any applicable liquidation, insolvency, composition, reorganisation or other similar laws or an application is made (or documents filed with a court) for the appointment of an administrative or other receiver, manager, administrator or other similar official, or an administrative or other receiver, manager, administrator or other similar official is appointed, in relation to the relevant entity or, as the case may be, in relation to the whole or any part of the undertaking or assets of any of relevant entity, and in any such case (other than the appointment of an administrator or an administrative receiver appointed following presentation of a petition for an administration order), unless initiated by the relevant entity, is not discharged within 30 days; or
- (f) any analogous procedure or step is taken in any jurisdiction.

Following a Perfection Event, notice of the legal assignments will be given to the Borrowers and the Issuer will take steps to register and record such legal assignments at the Land Registry.

Save for Title Deeds held at the Land Registry (as the case may be), all the Title Deeds and the mortgage files and computer tapes relating to each of the Mortgage Loans and their Related Security are held by the Servicer (on behalf of the Legal Title Holder) or its solicitors or agents and the Title Deeds are held in dematerialised form or are returned to the Borrower's solicitors.

Neither the Security Trustee nor the Issuer has made or has caused to be made on its behalf any enquiries, searches or investigations, but each is relying entirely on the representations and warranties made by the Seller contained in the Mortgage Sale Agreement.

### ***Representations and Warranties***

On the Closing Date, the Mortgage Loan Warranties will be given by the Seller in respect of the Mortgage Loans and their Related Security sold by the Seller to the Issuer on that day (save for any Mortgage Loan Warranties expressed to be made by reference to a different day, such as the Cut-Off Date).

The Seller will agree in the Mortgage Sale Agreement to repurchase any Mortgage Loan (or in the case of the non-existence of a Mortgage Loan indemnify the Issuer in relation to a Mortgage Loan) together with its Related Security if (i) a Mortgage Loan or its Related Security does not comply on the Closing Date with the Mortgage Loan Warranties given by the Seller under the Mortgage Sale Agreement, and (ii) such breach is not remedied within the Grace Period (which starts from the date when such breach was notified to the Issuer and Servicer in writing), the Issuer (before the service of an Enforcement Notice) or Security Trustee (following the service of an Enforcement Notice) or the Servicer on their behalf shall serve upon the Seller (with a copy to the Security Trustee) a mortgage loan repurchase notice. The delivery of such notice shall oblige the Seller to repurchase the relevant Mortgage Loan or Mortgage Loans from the Issuer (or indemnify the Issuer in the case of non-existence of a Mortgage Loan).

The Seller will have no liability for breach of any Mortgage Loan Warranty other than the obligation to repurchase or indemnify as set out above.

In the Servicing Agreement, the Servicer has agreed to notify the Issuer and the Security Trustee of any breach of a Mortgage Loan Warranty as soon as it becomes aware of such breach.

The Seller will also agree in the Mortgage Sale Agreement that, if a term relating to the recovery of interest (other than a term upon which the Servicer has confirmed on or before the Closing Date that it no longer relies) under the Standard Documentation applicable to any Mortgage Loan sold by it to the Issuer is at any time on or after the Closing Date found by a competent court or other competent authority or any ombudsman or regulator to be an unfair term (for the purposes of the UTCCR or the CRA), it shall repurchase or procure the repurchase of the Mortgage Loan concerned and its Related Security.

The price payable by the relevant Seller upon the repurchase of any Mortgage Loan and its Related Security (the "**Repurchase Price**") will be the Current Balance of such Mortgage Loan as at the close of business on the date immediately preceding the date of repurchase plus an amount equal to the Issuer's reasonable costs or any other reasonable expenditure in relation to such repurchase (if any).

### ***Securitisation Regulation***

Under the Mortgage Sale Agreement, the Seller (as originator for purposes of the Securitisation Regulation) covenants that it shall at all times comply with the Securitisation Regulation in respect of the provisions applicable to it.

Neither the Seller nor the Cash Manager is liable to the Issuer for any sanctions, fines or penalties imposed on the Issuer for a breach by the Issuer of its obligations under the Securitisation Regulation.

### ***Information regarding the policies and procedures of the Originators***

As required by Article 9(3) of the Securitisation Regulation, the Seller confirms in the Mortgage Sale Agreement that it has been provided with materials that permitted it to verify that each Originator granted all the Mortgage Loans on the basis of sound and well-defined criteria and clearly established processes for approving, amending, renewing and financing those Mortgage Loans and has effective systems in place to apply those criteria and processes in accordance with Article 9(3) of the Securitisation Regulation.

  - (iv) that is an institution authorised to carry on banking business including accepting deposits under the FSMA; or
- (b) the obtaining of a guarantee (in such form that would not result in any of the Rating Agencies downgrading the current ratings assigned to any Class or Classes of Notes or withdrawing, qualifying or putting such current ratings assigned to any Class or Classes of Notes on a negative outlook) of the Collection Account Bank's obligations under the Collection Account Bank Agreement from a bank with ratings at least equal to the Collection Account Bank Minimum Ratings,

in each case, within 30 days of the date on which the Collection Account Bank ceases to have the Collection Account Bank Minimum Ratings (provided that such period can be extended for up to an additional 30 days if the Collection Account Bank, the Servicer and the Issuer provide the Note Trustee and the Rating Agencies with a written action plan (including for the avoidance of doubt by means of email) before expiration of the initial 30 days' period and such action plan shall describe remedy steps taken and to be taken within such extended remedy period of 30 days).

#### ***Termination of the appointment of the Servicer***

The Issuer or (following the occurrence of a Servicer Termination Event) the Legal Title Holder or (following the service of an Enforcement Notice) the Security Trustee may at once or at any time thereafter while such default continues, by notice in writing to the Servicer (with a copy to the Security Trustee or the Issuer (as applicable)), terminate the Servicer's appointment under the Servicing Agreement if any of the following events (each a "**Servicer Termination Event**") occurs and is continuing:

- (a) default by the Servicer in the payment on the due date of any payment due and payable by it under the Servicing Agreement and such default continues unremedied for a period of three Business Days after the earlier of the Servicer becoming aware of such default and receipt by the Servicer of written notice from the Issuer requiring the same to be remedied;
- (b) default is made by the Servicer in the performance or observance of any of its other covenants and obligations under the Servicing Agreement, which default in the reasonable opinion of the Issuer (prior to the delivery of an Enforcement Notice) or the opinion of the Security Trustee acting on the instructions of the Note Trustee (following the delivery of an Enforcement Notice), is materially prejudicial to the interests of the Noteholders and Certificateholders and which, in the case of a default or breach that is capable of remedy, continues unremedied for a period of 15 Business Days after the earlier of the Servicer becoming aware of such default and of receipt by the Servicer of written notice from the Issuer or the Legal Title Holder (prior to the service of an Enforcement Notice) or the Security Trustee (following the delivery of an Enforcement Notice) requiring the same to be remedied;
- (c) an order is made or an effective resolution passed for the winding up of the Servicer (unless the order is made for the purpose of a reorganisation the terms of which have been approved by the Issuer or, following the service of an Enforcement Notice, the Security Trustee and where the Servicer demonstrates to the satisfaction of the Issuer that it is solvent);

- (g) the occurrence of a Perfection Event (other than the occurrence of the Perfection Event under paragraph (b) of the definition of the "Perfection Event").

The termination of the appointment of the Servicer shall take effect on the date of appointment of a Replacement Servicer, **provided that** the Issuer (assisted by the Back-Up Servicer Facilitator) shall use reasonable endeavours to appoint a Replacement Servicer.

#### ***Voluntary Resignation***

The Servicer may voluntarily resign by giving at least 60 days' written notice to the Issuer and the Legal Title Holder (with a copy to the Security Trustee) of its intention to resign if a replacement servicer (the "**Replacement Servicer**") has been appointed on substantially the same terms to those in the Servicing

Agreement unless otherwise agreed by an Extraordinary Resolution of each Class of Noteholders and the Certificateholders.

***Delivery of documents and records***

If the appointment of the Servicer is terminated or the Servicer resigns, the Servicer must deliver to the Issuer (or as the Issuer shall direct), *inter alia*, the Title Deeds and Mortgage Loan Files relating to the Mortgage Loans and their Related Security in its possession and take such further action as the Issuer or, after the delivery of an Enforcement Notice, the Security Trustee shall reasonably direct to enable the services due to be performed by the Servicer under the Servicing Agreement to be performed by the Replacement Servicer as replacement Servicer.

The Servicer shall procure that if, upon completion of the Arrears Management Procedures, an amount in excess of all sums due by the relevant Borrower (including any costs incurred in connection with the Arrears Management Procedures) is recovered or received by the Servicer, the balance, after discharge of all sums due by the Borrower, is paid to the person or persons entitled thereto.

***Issuer's Liability***

The Issuer shall indemnify and hold harmless the Servicer against any loss, damage, charge, award, claim, demand, judgment, action, proceedings, fine, penalty, cost, expense or other liability (including properly incurred legal and other professional fees and expenses) ("**Liability**") incurred or suffered by the Servicer after the date of the Servicing Agreement as a result of, or in connection with, servicing the Mortgage Loans and the Related Security by the Servicer in accordance with the Servicing Agreement, **provided that** the Issuer shall not be liable for any Liability to the extent that such Liabilities arise from fraud, wilful default, any breach or negligence of the Servicer.

***Limit to Servicer's Liability***

The Servicer shall have no liability for the obligations of any Borrower, the Issuer and the Security Trustee under any of the Transaction Documents or otherwise and nothing herein shall constitute a guarantee, or similar obligation, by the Servicer in respect of any Borrower, the Issuer and the Security Trustee or of any of those obligations.

***Back-Up Servicer Facilitator***

The Issuer will appoint the Back-Up Servicer Facilitator in accordance with the Servicing Agreement. If the Servicer's appointment is terminated, the Back-Up Servicer Facilitator shall use best efforts to identify,

on behalf of the Issuer, and assist the Issuer in the appointment of a suitable replacement servicer in accordance with the Servicing Agreement, such process to commence by no later than 10 Business Days after the date when it became aware of the retirement of the Servicer. Under the terms of the Collection Account Bank Agreement, on or before the Closing Date the Legal Title Holder will provide the Collection Account Bank with a new account mandate authorising it to operate the Transaction Collection Accounts as directed by the Servicer. The Servicer by way of the Servicing Agreement will undertake, to the extent that any such transfer is not automatically completed by the Collection Account Bank to:

- (a) ensure that the General Transaction Collection Account shall not be overdrawn (**provided that** the General Transaction Collection Account shall be permitted to be overdrawn if the same is cured as soon as reasonably practicable);
- (b) ensure that a transfer is made from the Funding Transaction Collection Account to the General Transaction Collection Account all amounts of cleared funds received by the Collection Account Bank and credited to the Funding Transaction Collection Account on each Business Day, following close of business on each Business Day;
- (c) ensure that a transfer is made from the General Transaction Collection Account to the Funding Transaction Collection Account an amount in cleared funds credited to the General Transaction Collection Account on each Business Day as is required to return any overdrawn balance of the Funding Transaction Collection Account to zero (or, if less, all amounts of cleared funds credited

to the Funding Transaction Collection Account on such day), following close of business on such Business Day;

- (d) ensure that all cleared funds standing to the credit of the Global Collection Account and related to the Mortgage Portfolio (save for certain amounts received in relation to the Mortgage Loans and their Related Security which are required to be refunded or otherwise disbursed), less any fees, costs, charges, liabilities and expenses due under the provisions of the Collection Account Bank Agreement insofar as any such amounts are attributable to the Issuer's Share of the Global Collection Account Trust, are transferred to the General Transaction Collection Account by the close of business on the following Business Day, provided that any transfer that is delayed for administrative reasons will be made as soon as reasonably practicable (and the Servicer shall use reasonable endeavours to procure that any such delayed transfer is made within one Business Day);
- (e) ensure that certain payments of Third Party Amounts as are necessary from time to time in respect of the Mortgage Loans, are made out of the Funding Transaction Collection Account (save for where such payments are made in respect of amounts received under a Direct Debit which are repaid to the bank making the payment if such bank is unable to recoup or recall such amount itself from its customer's account or is required to refund an amount previously debited, in which case such payment may be made out of the General Transaction Collection Account); and
- (f) ensure that all cleared funds standing to the credit of the General Transaction Collection Account that exceed the General Transaction Collection Account Minimum Balance on a Business Day are transferred to the Issuer Account by the close of business on the following Business Day, **provided that** this obligation applies only where the amount of such transfer from the General Transaction Collection Account would equal or exceed £5,000 and **provided further** that any transfer that is delayed for administrative reasons will be made as soon as reasonably practicable (and the Servicer shall use reasonable endeavours to procure that any such delayed transfer is made within one Business Day).

### **Global Collection Account Declaration of Trust and Deed of Accession to Global Collection Account Declaration of Trust**

The Legal Title Holder has, pursuant to a declaration of trust (the **"Global Collection Account Declaration of Trust"**) entered into prior to the Closing Date, declared a trust (the **"Global Collection Account Trust"**) over all of its right, title and beneficial interest in respect of the Global Collection Account. The Issuer will, on or about the Closing Date, accede to the trust arrangements in respect of the Global Collection Account as beneficiary in respect of amounts standing to the credit thereof that are referable to the Mortgage Loans by executing an accession undertaking (the **"Deed of Accession to Global Collection Account Declaration of Trust"**).

Additional beneficiaries may from time to time on and from the Closing Date accede to the Global Collection Account Declaration of Trust without the consent of the Issuer or the Security Trustee; however, any such accession will not affect the manner in which the Issuer's Share of the Global Collection Account Trust is calculated.

- (b) default is made by the Cash Manager in the performance or observance of any of its other covenants and obligations under the Cash Management Agreement or any of the Cash Manager warranties in the Cash Management Agreement proves to be untrue, incomplete, or inaccurate, or any certification or statement made by the Cash Manager in any certificate or other document delivered pursuant to the Cash Management Agreement proves to be untrue, and such default continues unremedied for a period of 30 Business Days after the earlier of the Cash Manager becoming aware of such default and receipt by the Cash Manager of written notice from the Issuer or (following the service of an Enforcement Notice) the Security Trustee, as the case may be, requiring the same to be remedied;
- (c) an Insolvency Event occurs in respect of the Cash Manager; or

- (d) it becomes unlawful for the Cash Manager to perform its obligations under the Cash Management Agreement or under any other Transaction Document,

then prior to the delivery of an Enforcement Notice, the Issuer (with the prior written consent of the Security Trustee), or following the delivery of an Enforcement Notice, the Security Trustee, may, deliver a notice to the Cash Manager (with a copy to the Issuer or the Security Trustee (as applicable)) immediately or at any time after the occurrence of such a Cash Manager Termination Event the effect of which shall be to terminate the Cash Manager's appointment under the Cash Management Agreement from the later of (i) the date specified in such notice as the cash manager termination date (the "**Cash Manager Termination Date**") and (ii) the appointment of a suitable substitute cash manager in accordance with the provisions of the Cash Management Agreement.

In determining whether to give or withhold consent to the termination of the Cash Manager by the Issuer, the Security Trustee will have regard to factors including, *inter alia*, the availability of a substitute cash manager. Upon termination of the appointment of the Cash Manager, the Issuer shall use reasonable endeavours to appoint a substitute cash manager that satisfies the conditions set out below and the Security Trustee shall consent to such appointment if the conditions below are satisfied.

*Termination of appointment of Cash Manager by Issuer or Security Trustee*

If:

- (i) the Issuer, with the written consent of the Security Trustee, has given not less than 60 days prior written notice of its intention to terminate the Cash Management Agreement to the Cash Manager; or

For the avoidance of doubt, upon termination of the appointment of the Cash Manager, if the Issuer is unable to find a suitable third party willing to act as a substitute cash manager, this shall not constitute a breach of the provisions of the Cash Management Agreement.

To the extent the Issuer does not appoint a substitute Cash Manager in accordance with the terms of the Cash Management Agreement prior to the termination date specified in the notice delivered by the Cash Manager in accordance the Cash Management Agreement, the Cash Manager may appoint a substitute Cash Manager, provided that such appointment satisfies the provisions of the Cash Management Agreement.

## CREDIT STRUCTURE

The Notes are obligations of the Issuer only. The Notes are not obligations of, or the responsibility of, or guaranteed by, any person other than the Issuer. In particular, the Notes are not obligations of, or the responsibility of, or guaranteed by, any of the Relevant Parties. No liability whatsoever in respect of any failure by the Issuer to pay any amount due under the Notes shall be accepted by any of the Relevant Parties or by any other person other than the Issuer.

References in this Prospectus to (i) the crediting or debiting of any Ledger (other than the Principal Deficiency Ledger) refers to the cash movement of amounts into or from the Issuer Account as recorded on such Ledger; and (ii) amounts standing to the credit of any relevant Ledger means that amounts can be identified as being of the particular nature to be recorded on such Ledger.

The structure of the credit support arrangements may be summarised as follows:

### 1. **Liquidity and Credit Support for the Notes provided by Available Revenue Receipts**

It is anticipated that, during the life of the Notes, the interest payable by Borrowers on the Mortgage Loans will, assuming that all of the Mortgage Loans are fully performing, be sufficient so that the Available Revenue Receipts will be sufficient to pay the amounts payable under items (a) to (u) (inclusive) of the Pre-Enforcement Revenue Priority of Payments. The actual amount of any excess payable to the Certificateholders at item (v) of the Pre-Enforcement Revenue Priority of Payments will vary during the life of the Notes. Two of the key factors determining such variation are the interest rates applicable to the Mortgage Loans in the Mortgage Portfolio relative to the interest rates on the Notes (as to which, see "*Risk Factors - Limited Liquidity*" above) and the performance of the Mortgage Portfolio.

Available Revenue Receipts will be applied (after making payments ranking higher in the Pre-Enforcement Revenue Priority of Payments) on each Interest Payment Date in accordance with the Pre-Enforcement Revenue Priority of Payments, towards reducing any Principal Deficiency Ledger debit entries which may arise from (i) Losses on the Mortgage Portfolio, (ii) the application of Available Redemption Receipts as Principal Addition Amounts to cover any Revenue Deficits in accordance with item (a) of the Pre-Enforcement Redemption Priority of Payments, or (iii) credited to the Reserve Fund in accordance with item (b) of the Pre-Enforcement Redemption Priority of Payments.

Further, Principal Addition Amounts and, on or prior to the Senior Note Redemption Date, amounts standing to the credit of the Reserve Fund will be available to cover any Revenue Deficits subject to the application of the Liquidity Availability Conditions.

On or prior to the Senior Note Redemption Date, to the extent that the amount of Available Revenue Receipts on each Interest Payment Date exceeds the aggregate of the payments required to be met under items (a) to (g) (inclusive) of the Pre-Enforcement Revenue Priority of Payments, such excess is available to replenish the Reserve Fund up to and including an amount equal to the Reserve Fund Required Liquidity Amount. For the avoidance of doubt, following the Senior Note Redemption Date, item (h) of the Pre-Enforcement Revenue Priority of Payments is not applicable.

To the extent that the amount of Available Revenue Receipts on each Interest Payment Date exceeds the aggregate of the payments required to be met under items (a) to (o) (inclusive) of the Pre-Enforcement Revenue Priority of Payments, such excess is available to credit the Reserve Fund up to an amount equal to the Reserve Fund Required Amount.

In certain circumstances and subject to certain conditions, the Reserve Fund will be available for credit enhancement and liquidity support to the Notes as to which see further "*Credit Structure – Reserve Fund and Reserve Fund Ledger*".

On each Interest Payment Date, to the extent that the amount of Available Revenue Receipts exceeds the aggregate of the payments required to be met under items (a) to (t) (inclusive) of the Pre-Enforcement Revenue Priority of Payments, such excess is available to repay principal amounts outstanding on the Class X Notes until the Principal Amount Outstanding on the Class X Notes has been reduced to zero.

On each Interest Payment Date from and including the Optional Redemption Date, to the extent that the amount of Available Revenue Receipts exceeds the aggregate of the payments required to be met under items (a) to (r) (inclusive) of the Pre-Enforcement Revenue Priority of Payments, such excess is available as Enhanced Amortisation Amounts to be applied as Available Redemption Receipts in accordance with the Pre-Enforcement Redemption Priority of Payments.

2. **Reserve Fund and Reserve Fund Ledger**

On the Closing Date, the Issuer will establish a reserve fund (the "**Reserve Fund**") which will, under certain circumstances and subject to certain conditions, be available for credit enhancement and liquidity support for the Notes.

The Reserve Fund will provide credit enhancement to the Class A Notes at all times. At any time after the Class A Note Redemption Date, the Reserve Fund will provide credit enhancement to the Class B Notes.

Following the Class A Note Redemption Date but on or prior to the Senior Note Redemption Date the amount (if any) by which the balance to the Reserve Fund exceeds the Reserve Fund Required Liquidity Amount shall provide credit enhancement to all Classes of the Collateralised Rated Notes.

Following the Senior Note Redemption Date all amounts standing to the Reserve Fund shall be available to provide credit enhancement to all Classes of the Collateralised Rated Notes.

Notwithstanding the provisions of the foregoing paragraphs, following delivery of an Enforcement Notice, the Reserve Fund shall provide credit enhancement to all Classes of Notes.

The Reserve Fund will provide liquidity support to the Class A Notes at all times.

Prior to the Class A Note Redemption Date the Reserve Fund will provide conditional liquidity support to the Class B Notes.

Following the Class A Note Redemption Date the entire balance of the Reserve Fund will unconditionally provide liquidity support to the Class B Notes and the amount by which the balance standing to the Reserve Fund exceeds the Reserve Fund Required Liquidity Amount (if any) shall unconditionally provide liquidity support to all other Classes of Collateralised Rated Notes.

Following the Senior Note Redemption Date, all amounts standing to the Reserve Fund shall provide liquidity support to all Classes of Collateralised Rated Notes.

The Reserve Fund will be deposited in the Issuer Account (with a corresponding credit being made to the Reserve Fund Ledger). The Cash Manager will maintain the Reserve Fund Ledger pursuant to the Cash Management Agreement to record the balance from time to time of the Reserve Fund.

On the Closing Date the Cash Manager will credit the Reserve Fund with an amount equal to the Reserve Fund Required Amount from the part of proceeds of the issuance of the Class Z2 Notes. Thereafter, the Reserve Fund shall be credited on each Interest Payment Date (prior to the service of an Enforcement Notice) and other than an Interest Payment Date immediately following the Optional Portfolio Purchase Completion Date or the Risk Retention Regulatory Change Option Date or the Redemption Event Purchase Completion Date) (A) up to the Reserve Fund Required Liquidity Amount on or prior to the Senior Note Redemption Date at item (h) of the Pre-Enforcement Revenue Priority of Payments and (B) up to the Reserve Fund Required Amount at item (p) of the Pre-Enforcement Revenue Priority of Payments, in each case to the extent that funds are available for such purpose in accordance with the relevant Pre-Enforcement Revenue Priority of Payments and provided that prior to the Senior Note Redemption Date if, on such Interest Payment Date, the balance of the Reserve Fund is not at least equal to the Reserve Fund Required Liquidity Amount following the application of Available Revenue Receipts in the manner described above, Available Redemption Receipts shall be applied at item (b) of the Pre-Enforcement Redemption Priority of Payments to replenish the Reserve Fund up to the Reserve Fund Required Liquidity Amount to the extent funds are available for such purpose in accordance with the Pre-Enforcement Redemption Priority of Payments.

On or prior to the Class A Note Redemption Date, amounts standing to the credit of the Reserve Fund will not be applied as Available Revenue Receipts but shall be available to make Reserve Fund Drawings subject to the Liquidity Availability Conditions outlined below.

Following the Class A Note Redemption Date, the entire balance of the Reserve Fund will be applied as Available Revenue Receipts.

On or prior to the Senior Note Redemption Date, following the application of Available Revenue Receipts pursuant to the Pre-Enforcement Revenue Priority of Payments, all amounts then standing to the Reserve Fund shall be available for Reserve Fund Drawings subject to the Liquidity Availability Conditions as outlined below. For the avoidance of doubt, following the Senior Note Redemption Date, the Reserve Fund Drawings will no longer be applicable.

On or prior to the Senior Note Redemption Date, the Cash Manager will, subject to the Liquidity Availability Conditions and to the extent applicable, following a determination made by it on the immediately preceding Calculation Date, (for the avoidance of doubt following the application of Available Revenue Receipts in accordance with the Pre-Enforcement Revenue Priority of Payments) apply Reserve Fund Drawings in an amount equal to the lesser of (i) the balance standing to the Reserve Fund, and (ii) the aggregate amount of any Revenue Deficits. On each Interest Payment Date falling on or prior to the Senior Note Redemption Date, the Cash Manager shall apply the Reserve Fund Drawings to cover Revenue Deficits in the order of priority in which the item corresponding to the relevant Revenue Deficit appears in the Pre-Enforcement Revenue Priority of Payments.

**"Revenue Deficit"** means the amount required on an Interest Payment Date to meet any deficit in Available Revenue Receipts available to pay amounts due (or that would be due but for any deferral provision relating thereto pursuant to Condition 18 (*Subordination by Deferral*)) in respect of any of items (a) to (g), (i), (j), (l) and/or (n) of the Pre-Enforcement Revenue Priority of Payments determined in respect of such Interest Payment Date in accordance with the Liquidity Availability Conditions on such Interest Payment Date.

The **"Liquidity Availability Conditions"** are:

- (a) Principal Addition Amounts and Reserve Fund Drawings and amounts standing to the credit of the Reserve Fund shall be available at all times to provide for Revenue Deficits under items (a) to (e) of the Pre-Enforcement Revenue Priority of Payments;
- (b) Reserve Fund Drawings shall be available at all times to provide for Revenue Deficits under item (f) of the Pre-Enforcement Revenue Priority of Payments;
- (c) **provided that** the Class B Notes are the Most Senior Class of Notes, Reserve Fund Drawings shall be available in relation to Revenue Deficits corresponding to items (g) and (i) of the Pre-Enforcement Revenue Priority of Payments at all times;
- (d) **provided that** the corresponding Class of Notes are the Most Senior Class of Notes outstanding at such time, Principal Addition Amounts shall be available in relation to Revenue Deficits corresponding to items (g), (j), (l) and (n) of the Pre-Enforcement Revenue Priority of Payments; and
- (e) at all other times and in relation to item (g) only, amounts corresponding to the amount standing to the credit of the Reserve Fund and Principal Addition Amounts shall be available to provide for a Revenue Deficit should: (i) (in relation to amounts standing to the credit of the Reserve Fund) following application of Available Revenue Receipts on such date, there be no debit entry on the Class B Principal Deficiency Sub-Ledger; and (ii) (in relation to Principal Addition Amounts only), there would be no debit entry on the Class B Principal Deficiency Sub-Ledger following application of such amounts to meet the relevant Revenue Deficit.

On any Calculation Date, if the Cash Manager determines that following application of any amounts standing to the Reserve Fund to provide for any Revenue Deficits on the immediately following Interest Payment Date in the manner outlined above, the amount so applied would be insufficient to provide for such Revenue Deficit in full then, subject to the application of the

Liquidity Availability Conditions, the Cash Manager shall in accordance with and pursuant to the Pre-Enforcement Redemption Priority of Payments, retain an amount of Available Redemption Receipts and apply the same in or toward satisfaction of such continuing Revenue Deficit (the "**Principal Addition Amounts**").

On the Final Redemption Date all amounts standing to the credit of the Reserve Fund will be applied (after first, having applied any Reserve Fund Drawings (subject to the application of the Liquidity Availability Conditions) and following the application of the Pre-Enforcement Revenue Priority of Payments) as Available Redemption Receipts in accordance with the Pre-Enforcement Redemption Priority of Payments.

The "**Reserve Fund Required Liquidity Amount**" means on the Closing Date £3,604,000; and thereafter on any Interest Payment Date an amount equal to the lesser of:

- (a) 2.25 % of the Principal Amount Outstanding of the Class A Notes and the Class B Notes on the Closing Date; and
- (b) 2.75% of the Principal Amount Outstanding of the Class A Notes and the Class B Notes on a Calculation Date (for the avoidance of doubt, prior to the application of Available Revenue Receipts and Available Redemption Receipts on the immediately following Interest Payment Date).

The "**Reserve Fund Required Amount**" means 2.00% of the Principal Amount Outstanding of the Collateralised Notes on the Closing Date.

For more information about the application of the amounts standing to the credit of the Reserve Fund, see the Section "*Cashflows – Application of Monies released from the Reserve Fund*" below.

### 3. **Principal Deficiency Ledger**

The Principal Deficiency Ledger will be established on the Closing Date to record any Losses affecting the Mortgage Loans in the Mortgage Portfolio and/or any Principal Addition Amounts (determined in accordance with the Liquidity Availability Conditions) and/or amounts credited to the Reserve Fund in accordance with item (b) of the Pre-Enforcement Redemption Priority of Payments. At or about the same time, the Cash Manager shall establish six Principal Deficiency Sub-Ledgers, being the Class A Principal Deficiency Sub-Ledger, Class B Principal Deficiency Sub-Ledger, Class C Principal Deficiency Sub-Ledger, Class D Principal Deficiency Sub-Ledger, Class E Principal Deficiency Sub-Ledger and Junior Principal Deficiency Sub-Ledger.

Any Losses on the Mortgage Portfolio and/or any Principal Addition Amounts and/or any amounts credited to the Reserve Fund in accordance with item (b) of the Pre-Enforcement Redemption Priority of Payments will be recorded as a debit on the Principal Deficiency Ledger (on the date that the Cash Manager is informed of such Losses by the Servicer or on the Calculation Date that such Principal Addition Amounts, or (ii) such amounts to be credited to the Reserve Fund pursuant item (b) of the Pre-Enforcement Redemption Priority of Payments, are determined by the Cash Manager (as applicable) and shall be allocated to the relevant Principal Deficiency Sub-Ledger in the following order of priority:

- (a) *first*, to the Junior Principal Deficiency Sub-Ledger up to a maximum amount equal to the Junior PDL Notional Capacity;
- (b) *second*, to the Class E Principal Deficiency Sub-Ledger up to a maximum amount equal to the Principal Amount Outstanding of the Class E Notes;
- (c) *third*, to the Class D Principal Deficiency Sub-Ledger up to a maximum amount equal to the Principal Amount Outstanding of the Class D Notes;
- (d) *fourth*, to the Class C Principal Deficiency Sub-Ledger up to a maximum amount equal to the Principal Amount Outstanding of the Class C Notes;
- (e) *fifth*, to the Class B Principal Deficiency Sub-Ledger up to a maximum amount equal to the Principal Amount Outstanding of the Class B Notes; and

- (f) *sixth*, to the Class A Principal Deficiency Sub-Ledger up to a maximum amount equal to the Principal Amount Outstanding of the Class A Notes.

Investors should note that realised Losses in any period will be calculated after applying any recoveries from the sale of a property which is secured in respect of any Mortgage Loan following enforcement of a Mortgage Loan to pay all outstanding fees and interest amounts due and payable in respect of such Mortgage Loan.

The Cash Manager will record as a credit, PDL Cure Amounts expressed to be credited to the relevant Principal Deficiency Sub-Ledger in accordance with the Pre-Enforcement Revenue Priority of Payments (in the case of Available Revenue Receipts) or, in the case of Reserve Fund Drawings, amounts expressed to relate to items (f) or (i) of the Pre-Enforcement Revenue Priority of Payments.

**"Junior PDL Notional Capacity"** means on any Calculation Date the sum of:

- (a) the Principal Amount Outstanding of the Class Z1 Notes; and
- (b) the Accumulated Overcollateralisation.

**"Accumulated Overcollateralisation"** means on any Calculation Date an amount equal to the aggregate of Available Revenue Receipts applied as Available Redemption Receipts pursuant to item (s) of the Pre-Enforcement Revenue Priority of Payments in the period from the Optional Redemption Date to (and including) the Interest Payment Date immediately preceding such Calculation Date.

4. **Available Revenue Receipts and Available Redemption Receipts**

Prior to the service of an Enforcement Notice on the Issuer, Available Revenue Receipts and Available Redemption Receipts shall be applied on each Interest Payment Date (other than an Interest Payment Date immediately following the Optional Portfolio Purchase Completion Date or the Risk Retention Regulatory Change Option Date or the Redemption Event Purchase Completion Date) in accordance with the Pre-Enforcement Revenue Priority of Payments and the Pre-Enforcement Redemption Priority of Payments, respectively. It is not intended that any surplus will be accumulated in the Issuer other than amounts which the Issuer expects to generate in each accounting period as its profit in respect of the business of the Issuer and, on or prior to the Class A Note Redemption Date, amounts standing to the credit of the Reserve Fund.

If, on any Interest Payment Date while there are Collateralised Rated Notes outstanding, the Available Revenue Receipts, Reserve Fund Drawings (to the extent applicable) and Principal Addition Amounts are insufficient to pay the interest that would otherwise be payable absent the deferral provisions in respect of the Notes other than in respect of the Most Senior Class of Notes, then the Issuer will be entitled under Condition 18 (*Subordination by Deferral*) to defer payment of that amount (to the extent of the insufficiency) until the following Interest Payment Date. Any such deferral in accordance with the deferral provisions contained in the Conditions will not constitute an Event of Default or Potential Event of Default until the Final Maturity Date. However, failure to pay interest on the Class A Notes or, should they be the Most Senior Class of Notes, the Class B Notes within any applicable grace period in accordance with the Conditions shall constitute an Event of Default under the Notes which may result in the Security Trustee enforcing the Security.

## CASHFLOWS

Pursuant to and in accordance with the terms of the Cash Management Agreement, on each Calculation Date prior to the service of an Enforcement Notice upon the Issuer, the Cash Manager shall calculate the amount of Available Revenue Receipts and Available Redemption Receipts available for application on the immediately following Interest Payment Date, together with (on or prior to the Senior Note Redemption Date and without double counting) any amounts standing to the credit of the Reserve Fund and to be applied in relation to a Revenue Deficit on such Interest Payment Date.

#### **Application of Monies released from the Reserve Fund**

For the avoidance of doubt, following the Senior Note Redemption Date, Reserve Fund Drawings will no longer be applicable.

## DESCRIPTION OF THE GLOBAL NOTES

### General

Each Class of Notes as at the Closing Date will each be represented by a Global Note. All capitalised terms not defined in this paragraph shall be as defined in the Conditions of the Notes. The Notes are intended to be held under the New Safekeeping Structure.

The Global Notes will be deposited on or about the Closing Date with a common safekeeper for both Euroclear and Clearstream, Luxembourg (the "**Common Safekeeper**") and will be registered in the name of a nominee of the Common Safekeeper.

The Issuer will procure that the Registrar maintains a register in which the Registrar will record the Common Safekeeper as the owner of the Global Notes.

Upon confirmation by the Common Safekeeper that it, or a nominee thereof, has custody of the Global Notes, Euroclear or Clearstream, Luxembourg, as the case may be, will record in book-entry form interests representing beneficial interests in the Global Note attributable thereto ("**Book-Entry Interests**").

Book-Entry Interests in respect of each Global Note will be recorded in denominations of £100,000 and, for so long as the rules of Euroclear or Clearstream, Luxembourg so permit, higher integral multiples of £1,000 (an "**Authorised Denomination**"). Ownership of Book-Entry Interests is limited to persons that have accounts with Euroclear or Clearstream, Luxembourg ("**Participants**") or persons that hold interests in the Book-Entry Interests or the Residual Certificate Book-Entry Interests through Participants or through other Indirect Participants ("**Indirect Participants**"), including, as applicable, banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with Euroclear or Clearstream, Luxembourg, either directly or indirectly. Book-Entry Interests will not be held in definitive form. Instead, Euroclear and Clearstream, Luxembourg, as applicable, will credit the Participants' accounts with the respective Book-Entry Interests beneficially owned by such Participants on each of their respective book-entry registration and transfer systems. The accounts initially credited will be designated by the Joint Lead Managers. Ownership of Book-Entry Interests will be shown on, and transfers of Book-Entry Interests or the interests therein will be effected only through, records maintained by Euroclear or Clearstream, Luxembourg (with respect to the interests of their Participants) and on the records of Participants or Indirect Participants (with respect to the interests of Indirect Participants). The laws of some jurisdictions or other applicable rules may require that certain purchasers of securities take physical delivery of such securities in definitive form. The foregoing limitations may therefore impair the ability to own, transfer or pledge Book-Entry Interests.

So long as a nominee for the Common Safekeeper is the registered holder of the Global Note underlying the Book-Entry Interests, the nominee for the Common Depositary will be considered the sole Noteholder of the Global Note for all purposes under the Trust Deed and the Agency Agreement. Except as set out under "*Issuance of Definitive Notes*", below, Participants or Indirect Participants will not be entitled to have Notes registered in their names, will not receive or be entitled to receive physical delivery of Notes in definitive registered form and will not be considered the holders thereof under the Trust Deed. Accordingly, each person holding a Book-Entry Interest must rely on the rules and procedures of Euroclear or Clearstream, Luxembourg, as the case may be, and Indirect Participants must rely on the procedures of the Participants or Indirect Participants through which such person owns its interest in the relevant Book-Entry Interests, to exercise any rights and obligations of a holder of Notes under the Trust Deed. See "*Action in respect of the Global Notes and the Book-Entry Interests*", below.

Unlike legal owners or holders of the Notes, holders of the Book-Entry Interests will not have the right under the Trust Deed to act upon solicitations by the Issuer or consents or requests by the Issuer for waivers or other actions from Noteholders. Instead, a holder of Book-Entry Interests will be permitted to act only to the extent it has received appropriate proxies to do so from Euroclear or Clearstream, Luxembourg, as the case may be, and, if applicable, their Participants. There can be no assurance that procedures implemented for the granting of such proxies will be sufficient to enable holders of Book-Entry Interests to vote on any requested actions on a timely basis. Similarly, upon the occurrence of an Event of Default under the Global Note, holders of Book-Entry Interests will be restricted to acting through Euroclear or Clearstream, Luxembourg unless and until Definitive Notes are issued in accordance with the Conditions. There can be no assurance that the procedures to be implemented by Euroclear and Clearstream,

Luxembourg under such circumstances will be adequate to ensure the timely exercise of remedies under the Trust Deed.

In the case of a Global Note, unless and until Book-Entry Interests are exchanged for Definitive Notes, the Global Note held by the Common Safekeeper or a nominee thereof may not be transferred except as a whole by the Common Safekeeper or nominee thereof to a successor of the Common Safekeeper or nominee thereof.

Purchasers of Book-Entry Interests in a Global Note will hold Book-Entry Interests in the Global Note relating thereto. Investors may hold their Book-Entry Interests in respect of a Global Note directly through Euroclear or Clearstream, Luxembourg (in accordance with the provisions set out under "*Transfers and Transfer Restrictions*", below), if they are account holders in such systems, or indirectly through organisations which are account holders in such systems. Euroclear and Clearstream, Luxembourg will hold Book-Entry Interests in the Global Note on behalf of their account holders through securities accounts in the respective account holders' names on Euroclear's and Clearstream, Luxembourg's respective book-entry registration and transfer systems.

Although Euroclear and Clearstream, Luxembourg have agreed to certain procedures to facilitate transfers of Book-Entry Interests among account holders of Euroclear and Clearstream, Luxembourg, they are under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued at any time. None of the Issuer, the Arrangers, the Joint Lead Managers, the Note Trustee, the Security Trustee or any of their respective agents will have any responsibility for the performance by Euroclear or Clearstream, Luxembourg or their respective Participants or account holders of their respective obligations under the rules and procedures governing their operations.

"**Common Depository**" means a common depository where Global Notes will be deposited for Clearstream Banking, S.A. ("**Clearstream, Luxembourg**") and Euroclear Bank SA/NV ("**Euroclear**") on the Closing Date and registered in the name of a nominee of the Common Depository.

"**New Safekeeping Structure**" means a structure where a Global Note is registered in the name of a Common Safekeeper (or its nominee) for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system and will be deposited on or about the issue date with the Common Safekeeper for Euroclear and/or Clearstream, Luxembourg.

#### **Payments on the Global Notes**

Payment of principal and interest on, and any other amount due in respect of, the Global Notes will be made in Sterling by or to the order of Elavon Financial Services D.A.C., UK Branch (the "**Principal Paying Agent**"), on behalf of the Issuer to the order of the Common Depository or its nominee as the registered holder thereof with respect to the Global Notes. Each holder of Book-Entry Interests must look solely to Euroclear or Clearstream, Luxembourg, as the case may be, for its share of any amounts paid by or on behalf of the Issuer to the order of the Common Safekeeper or their nominees in respect of those Book-Entry Interests. All such payments will be distributed without deduction or withholding for or on account of any taxes, duties, assessments or other governmental charges of whatever nature except as may be required by law. If any such deduction or withholding is required to be made, then neither the Issuer, the Paying Agents nor any other person will be obliged to pay additional amounts in respect thereof.

In accordance with the rules and procedures for the time being of Euroclear or, as the case may be, Clearstream, Luxembourg, after receipt of any payment from the Principal Paying Agent to the order of the Common Depository, the respective systems will promptly credit their Participants' accounts with payments in amounts proportionate to their respective ownership of Book-Entry Interests as shown in the records of Euroclear or Clearstream, Luxembourg. On each record date (the "**Record Date**") Euroclear and Clearstream, Luxembourg will determine the identity of the Noteholders for the purposes of making payments to the Noteholders. The Record Date in respect of the Notes (i) where the Notes are in global registered form, shall be at the close of the Business Day (being for this purpose a day on which Euroclear and Clearstream, Luxembourg are open for business) prior to the relevant Interest Payment Date and (ii) where the Notes are in definitive registered form, shall be the date falling 15 days prior to the relevant Interest Payment Date. The Issuer expects that payments by Participants to owners of interests in Book-Entry Interests held through such Participants or Indirect Participants will be governed by standing customer instructions and customary practices, as is now the case with the securities held for the accounts of customers in bearer form or registered in "street name", and will be the responsibility of such Participants

or Indirect Participants. None of the Issuer, any agent of the Issuer, the Arrangers, the Joint Lead Managers, the Note Trustee or the Security Trustee will have any responsibility or liability for any aspect of the records relating to or payments made on account of a Participant's ownership of Book-Entry Interests or for maintaining, supervising or reviewing any records relating to a Participant's ownership of Book-Entry Interests.

### **Information Regarding Euroclear and Clearstream, Luxembourg**

The Issuer understands that:

- Euroclear and Clearstream, Luxembourg each hold securities for their account holders and facilitate the clearance and settlement of securities transactions by electronic book-entry transfer between their respective account holders, thereby eliminating the need for physical movements of certificates and any risk from lack of simultaneous transfers of securities.
- Euroclear and Clearstream, Luxembourg each provide various services including safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Euroclear and Clearstream, Luxembourg each also deal with domestic securities markets in several countries through established depository and custodial relationships. The respective systems of Euroclear and of Clearstream, Luxembourg have established an electronic bridge between their two systems across which their respective account holders may settle trades with each other.
- Account holders in both Euroclear and Clearstream, Luxembourg are worldwide financial institutions including underwriters, securities brokers and dealers, banks, trust companies and clearing corporations. Indirect access to both Euroclear and Clearstream, Luxembourg is available to other institutions that clear through or maintain a custodial relationship with an account holder of either system.
- An account holder's overall contractual relations with either Euroclear or Clearstream, Luxembourg are governed by the respective rules and operating procedures of Euroclear or Clearstream, Luxembourg and any applicable laws. Both Euroclear and Clearstream, Luxembourg act under such rules and operating procedures only on behalf of their respective account holders, and have no record of or relationship with persons holding through their respective account holders.

The Issuer understands that under existing industry practices, if any of the Issuer, the Note Trustee or the Security Trustee requests any action of owners of Book-Entry Interests or if an owner of a Book-Entry Interest desires to give instructions or take any action that a holder is entitled to give or take under the Trust Deed or the Deed of Charge, Euroclear or Clearstream, Luxembourg as the case may be, would authorise the Participants owning the relevant Book-Entry Interests to give instructions or take such action, and such Participants would authorise Indirect Participants to give or take such action or would otherwise act upon the instructions of such Indirect Participants.

### **Redemption**

In the event that a Global Note (or portion thereof) is redeemed, the Principal Paying Agent will deliver all amounts received by it in respect of the redemption of such Global Note to the order of the Common Safekeeper and, upon final payment, will surrender such Global Note (or portion thereof) to or to the order of the Principal Paying Agent for cancellation. Appropriate entries will be made in the Register. The redemption price payable in connection with the redemption of Book-Entry Interests will be equal to the amount received by the Principal Paying Agent in connection with the redemption of the Global Note (or portion thereof) relating thereto. For any redemptions of the Global Note in part, selection of the relevant Book-Entry Interest relating thereto to be redeemed will be made by Euroclear or Clearstream, Luxembourg, as the case may be, on a *pro rata* basis (or on such basis as Euroclear or Clearstream, Luxembourg, as the case may be, deems fair and appropriate). Upon any redemption in part, the Principal Paying Agent will mark down the schedule to such Global Note by the principal amount so redeemed.

### **Cancellation**

Cancellation of any Note represented by a Global Note and required by the Conditions to be cancelled following its redemption will be effected by endorsement by or on behalf of the Principal Paying Agent of

the reduction in the principal amount of the relevant Global Note on the relevant schedule thereto and the corresponding entry on the Register.

### **Transfers and Transfer Restrictions**

All transfers of Book-Entry Interests will be recorded in accordance with the book-entry systems maintained by Euroclear or Clearstream, Luxembourg, as applicable, pursuant to customary procedures established by each respective system and its Participants. See "*General*" above.

Beneficial interests in the Global Notes may be held only through Euroclear and Clearstream, Luxembourg. Neither the Global Notes nor any beneficial interest therein may be transferred except in compliance with the transfer restrictions set forth in the legend appearing in the Global Notes.

### **Issuance of Definitive Notes**

Holders of Book-Entry Interests in the Global Note will be entitled to receive Notes in definitive registered form (such as exchanged Global Notes in definitive registered form, "**Definitive Notes**") in exchange for their respective holdings of Book-Entry Interests if (a) both Euroclear and Clearstream, Luxembourg are closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or announce an intention permanently to cease business or to cease to make book-entry systems available for settlement of beneficial interests in such Global Notes and do in fact do either of those things and no alternative clearing system satisfactory to the Note Trustee is available or (b) as a result of any amendment to, or change in, the laws or regulations of the United Kingdom (or of any political subdivision thereof) or of any authority therein or thereof having power to tax or in the interpretation or administration by a revenue authority or a court or in the administration of such laws or regulations which becomes effective on or after the Closing Date, the Issuer or any Paying Agent is or will be required to make any deduction or withholding from any payment in respect of the Notes which would not be required were the Notes in definitive registered form. Any Definitive Notes issued in exchange for Book-Entry Interests in the Global Note will be registered by the Registrar in such name or names as the Issuer shall instruct the Principal Paying Agent based on the instructions of Euroclear or Clearstream, Luxembourg, as the case may be. It is expected that such instructions will be based upon directions received by Euroclear or Clearstream, Luxembourg from their Participants with respect to ownership of the relevant Book-Entry Interests. Holders of Definitive Notes issued in exchange for Book-Entry Interests in the Global Note will not be entitled to exchange such Definitive Notes for Book-Entry Interests in such Global Note. Any Notes issued in definitive form will be issued in registered form only and will be subject to the provisions set out under "*Transfers and Transfer Restrictions*" above and **provided that** no transfer shall be registered for a period of 15 days immediately preceding any due date for payment in respect of the Note or, as the case may be, the due date for redemption. Definitive Notes will be issued in a denomination that is an integral multiple of the minimum Authorised Denomination. See "*Risk Factors – Denominations*" above.

### **Action in respect of the Global Notes and the Book-Entry Interests**

Not later than 10 days after receipt by the Issuer of any notices in respect of a Global Note or any notice of solicitation of consents or requests for a waiver or other action by the holder of such Global Note, the Issuer will deliver to Euroclear and Clearstream, Luxembourg a notice containing (a) such information as is contained in such notice, (b) a statement that at the close of business on a specified record date Euroclear and Clearstream, Luxembourg will be entitled to instruct the Issuer as to the consent, waiver or other action, if any, pertaining to the Book-Entry Interests or the Global Note and (c) a statement as to the manner in which such instructions may be given. Upon the written request of Euroclear or Clearstream, Luxembourg, as applicable, the Issuer shall endeavour insofar as practicable to take such action regarding the requested consent, waiver or other action in respect of the Book-Entry Interests or the Global Note in accordance with any instructions set out in such request. Euroclear or Clearstream, Luxembourg are expected to follow the procedures described under "*General*" above with respect to soliciting instructions from their respective Participants. The Registrar will not exercise any discretion in the granting of consents or waivers or the taking of any other action in respect of the Book-Entry Interests or the Global Notes.

### **Notices**

Whilst the Notes are represented by Global Notes the Issuer may, at its option, send to Euroclear and Clearstream, Luxembourg a copy of any notices addressed to Noteholders for communication by Euroclear and Clearstream, Luxembourg to the Noteholders. Alternatively, such notices regarding the Notes may

instead be published in the *Financial Times* or, if such newspaper shall cease to be published or if timely publication therein is not practicable, in such other English newspaper or newspapers as the Note Trustee shall approve in advance having a general circulation in the United Kingdom; **provided that** if, at any time, the Issuer procures that the information contained in such notice shall appear on a page of the Bloomberg screen or any other medium for electronic display of data as may be previously approved in writing by the Note Trustee and notified to Noteholders, publication in such newspaper shall not be required with respect to such information so long as the rules of Euronext Dublin allow. The Issuer may elect not to publish any notice in a newspaper for so long as the Notes are held in global form and notice is given to Euroclear and Clearstream, Luxembourg. The Note Trustee may, in accordance with Condition 16.2 (*Note Trustee's Discretion to Select Alternative Method*) sanction other methods of giving notice to all or some of the Noteholders if such method is reasonable having regard to, among other things, the market practice then prevailing and the requirements of the relevant stock exchange. See also Condition 16 (*Notice to Noteholders*) of the Notes.

## DESCRIPTION OF THE GLOBAL RESIDUAL CERTIFICATE

### General

The Residual Certificates, as at the Closing Date, will be represented by a Global Residual Certificate. The Global Residual Certificate will be registered on issue on or around the Closing Date in the name of a nominee of the Common Depository as nominee for Euroclear Bank SA/NV ("**Euroclear**") and Clearstream Banking, S.A. ("**Clearstream, Luxembourg**"). The Registrar will maintain a register in which it will register the nominee for the Common Depository as the holder of the Global Residual Certificate.

Upon confirmation by the Common Depository that it has been issued with the Global Residual Certificate, Euroclear or Clearstream, Luxembourg, as the case may be, will record the beneficial interests in the Global Residual Certificate ("**Residual Certificate Book-Entry Interests**") representing beneficial interests in the Residual Certificates attributable thereto.

Ownership of Residual Certificate Book-Entry Interests will be limited to Participants or Indirect Participants, including, as applicable, banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with Euroclear or Clearstream, Luxembourg, either directly or indirectly. Indirect Participants will also include persons that hold beneficial interests through such Indirect Participants. Residual Certificate Book-Entry Interests will not be held in definitive form. Instead, Euroclear and Clearstream, Luxembourg, as applicable, will credit the Participants' accounts with the respective Residual Certificate Book-Entry Interests beneficially owned by such Participants on each of their respective book-entry registration and transfer systems. The accounts initially credited will be designated by the Seller. Ownership of Residual Certificate Book-Entry Interests will be shown on, and transfers of Residual Certificate Book-Entry Interests or the interests therein will be effected only through, records maintained by Euroclear or Clearstream, Luxembourg (with respect to the interests of their Participants) and on the records of Participants or Indirect Participants (with respect to the interests of Indirect Participants). The laws of some jurisdictions or other applicable rules may require that certain purchasers of securities take physical delivery of such securities in definitive form. The foregoing limitations may therefore impair the ability to own, transfer or pledge Residual Certificate Book-Entry Interests.

So long as the nominee of the Common Depository is the registered holder of the Global Residual Certificate underlying the Residual Certificate Book-Entry Interests, it will be considered the sole Certificateholder of the Residual Certificate represented by that Global Residual Certificate for all purposes under the Trust Deed. Except as set out under the Section below entitled "*Issuance of Definitive Residual Certificates*", Participants or Indirect Participants will not receive or be entitled to receive physical delivery of Residual Certificates in definitive form and will not be considered the holders thereof under the Trust Deed. Accordingly, each person holding a Residual Certificate Book-Entry Interest must rely on the rules and procedures of Euroclear or Clearstream, Luxembourg, as the case may be, and Indirect Participants must rely on the procedures of the Participants or Indirect Participants through which such person owns its interest in the relevant Residual Certificate Book-Entry Interests, to exercise any rights and obligations of a holder of Residual Certificates under the Trust Deed. See the Section below entitled "*Action in respect of the Global Residual Certificate and the Residual Certificate Book-Entry Interests*".

Unlike legal owners or holders of the Residual Certificates, holders of the Residual Certificate Book-Entry Interests will not have the right under the Trust Deed to act upon solicitations by the Issuer or consents or requests by the Issuer for waivers or other actions from Certificateholders. Instead, a holder of Residual Certificate Book-Entry Interests will be permitted to act only to the extent it has received appropriate proxies to do so from Euroclear or Clearstream, Luxembourg, as the case may be, and, if applicable, their Participants. There can be no assurance that procedures implemented for the granting of such proxies will be sufficient to enable holders of Residual Certificate Book-Entry Interests to vote on any requested actions on a timely basis. Similarly, upon the occurrence of an Event of Default, holders of Residual Certificate Book-Entry Interests will be restricted to acting through Euroclear or Clearstream, Luxembourg unless and until Definitive Residual Certificates are issued in accordance with the Residual Certificates Conditions. There can be no assurance that the procedures to be implemented by Euroclear and Clearstream, Luxembourg under such circumstances will be adequate to ensure the timely exercise of remedies under the Trust Deed.

Unless and until Residual Certificate Book-Entry Interests are exchanged for Definitive Residual Certificates, the Global Residual Certificate held by the nominee for the Common Depository may not be

transferred except as a whole by that nominee for the Common Depositary to a successor nominee for that Common Depositary or a nominee of a successor of the Common Depositary.

Purchasers of Residual Certificate Book-Entry Interests in a Global Residual Certificate will hold Residual Certificate Book-Entry Interests in the Global Residual Certificate relating thereto. Investors may hold their Residual Certificate Book-Entry Interests in respect of a Global Residual Certificate directly through Euroclear or Clearstream, Luxembourg (in accordance with the provisions set out in the Section below entitled "*Transfers and Transfer Restrictions*"), if they are account holders in such systems, or indirectly through organisations which are account holders in such systems. Euroclear and Clearstream, Luxembourg will hold Residual Certificate Book-Entry Interests in the Global Residual Certificate on behalf of their account holders through securities accounts in the respective account holders' names on Euroclear's and Clearstream, Luxembourg's respective book-entry registration and transfer systems.

Although Euroclear and Clearstream, Luxembourg have agreed to certain procedures to facilitate transfers of Residual Certificate Book-Entry Interests among account holders of Euroclear and Clearstream, Luxembourg, they are under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued at any time. None of the Issuer, the Arrangers, the Joint Lead Managers, the Note Trustee, the Security Trustee or any of their respective agents will have any responsibility for the performance by Euroclear or Clearstream, Luxembourg or their respective Participants or account holders of their respective obligations under the rules and procedures governing their operations.

#### **Issuance of Definitive Residual Certificates**

The Global Residual Certificate will become exchangeable in whole, but not in part, for Definitive Residual Certificates at the request of the holder of the relevant Global Residual Certificate if (a) both Euroclear and Clearstream, Luxembourg are closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or announce an intention permanently to cease business or to cease to make book- entry systems available for settlement of beneficial interests in the Global Residual Certificate and do in fact do either of those things and no alternative clearing system satisfactory to the Note Trustee is available or (b) as a result of any amendment to, or change in, the laws or regulations of the United Kingdom (or of any political subdivision thereof) or of any authority therein or thereof having power to tax or in the interpretation or administration by a revenue authority or a court or in the administration of such laws or regulations which becomes effective on or after the Closing Date, the Issuer or any Paying Agent is or will be required to make any deduction or withholding from any payment in respect of the Residual Certificates which would not be required were the relevant Residual Certificates in definitive registered form (the "**Exchange Event**").

Any Definitive Residual Certificate issued in exchange for Residual Certificate Book-Entry Interests in the Global Residual Certificate will be registered by the Registrar in such name or names as the Issuer shall instruct the Principal Paying Agent based on the instructions of Euroclear or Clearstream, Luxembourg, as the case may be. It is expected that such instructions will be based upon directions received by Euroclear or Clearstream, Luxembourg from their Participants with respect to ownership of the relevant Residual Certificate Book-Entry Interests. Whenever a Global Residual Certificate is to be exchanged for Definitive Residual Certificates, the Issuer shall procure the prompt delivery (free of charge to the holders of the Residual Certificate Book-Entry Interests) of such Definitive Residual Certificates, duly authenticated, in an aggregate principal amount equal to the principal amount of the relevant Global Residual Certificate within 30 days of the occurrence of the Exchange Event.

#### **Payments on Global Residual Certificate**

Payment of amounts due in respect of the Global Residual Certificate will be made in Sterling by or to the order of the Principal Paying Agent on behalf of the Issuer to the order of the Common Depositary or its nominee as the registered holder thereof with respect to the Global Residual Certificate.

Each holder of Residual Certificate Book-Entry Interests must look solely to Euroclear or Clearstream, Luxembourg, as the case may be, for its share of any amounts paid by or on behalf of the Issuer to the order of the Common Depositary or its nominee in respect of those Residual Certificate Book-Entry Interests. ### 3. **FORM, DENOMINATION AND TITLE**

#### 3.1 **Form and Denomination**

Each Class of Notes will initially be represented by a global note certificate in registered form (a "**Global Note**").

For so long as any of the Notes are represented by a Global Note, transfers and exchanges of beneficial interests in such Global Note and entitlement to payments thereunder will be effected subject to and in accordance with the rules and procedures from time to time of Euroclear Bank SA/NV ("**Euroclear**") or Clearstream Banking, S.A. ("**Clearstream, Luxembourg**"), as appropriate. Each Global Note will be deposited with and registered in the name of a nominee of a common safekeeper for Euroclear and Clearstream, Luxembourg.

A Global Note will be exchanged for the relevant Note in definitive registered form (such exchanged Global Notes in definitive registered form, the "**Definitive Notes**") only if either of the following applies:

- (a) both Euroclear and Clearstream, Luxembourg:
  - (i) are closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise); or
  - (ii) announce an intention permanently to cease business or to cease to make book-entry systems available for settlement of beneficial interests in such Global Notes and do in fact do either of those things,and in either case no alternative clearing system satisfactory to the Note Trustee is available; or
- (b) as a result of any amendment to, or change in, the laws or regulations of the United Kingdom (or of any political subdivision thereof) or of any authority therein or thereof having power to tax, or in the interpretation or administration by a revenue authority or a court or in the application of such laws or regulations, which becomes effective on or after the Closing Date, the Issuer or any Paying Agent is or will be required to make any deduction or withholding for or on account of tax from any payment in respect of the Notes which would not be required were the relevant Notes in definitive registered form.

If Definitive Notes are issued in respect of Notes originally represented by a Global Note, the beneficial interests represented by such Global Note shall be exchanged by the Issuer for the relevant Notes in registered definitive form. The aggregate principal amount of the Definitive Notes shall be equal to the Principal Amount Outstanding of the Notes at the date on which notice of exchange is given of the Global Note, subject to and in accordance with the detailed provisions of these Conditions, the Agency Agreement, the Trust Deed and the relevant Global Note.

Definitive Notes (which, if issued, will be in the denomination set out below) will be serially numbered and will be issued in registered form only.

The minimum denomination of the Notes in global and (if issued and printed) definitive form will be £100,000.

References to "*Notes*" in these Conditions shall include the Global Notes and the Definitive Notes.

- (b) in relation to a Class, the aggregate of the amount in paragraph (a) above in respect of all Notes outstanding in such Class; and
- (c) in relation to the Notes outstanding at any time, the aggregate of the amount in paragraph (a) above in respect of all Notes outstanding, regardless of class.

The registered holder of a Global Note may (to the fullest extent permitted by applicable laws) be deemed and treated at all times, by all persons and for all purposes (including the making of any payments), as the absolute owner of such Global Note regardless of any notice of ownership, theft or loss or any trust or other interest therein or of any writing thereon (other than the endorsed form of transfer).

Title to a Definitive Note shall only pass by and upon registration of the transfer in the Register.

Definitive Notes may be transferred upon the surrender of the relevant Definitive Note, with the form of transfer endorsed on it duly completed and executed, at the specified office of the Registrar or the Principal Paying Agent. Such transfers shall be subject to the minimum denominations specified in Condition 3.1 (*Form and Denomination*) above. All transfers of Definitive Notes are subject to any restrictions on transfer set out on the Definitive Notes and the detailed regulations concerning transfers in the Agency Agreement.

Each new Definitive Note to be issued upon transfer of such Definitive Note will, within five Business Days of receipt and surrender of such Definitive Note (duly completed and executed) for transfer, be available for delivery at the specified office of the Registrar or be mailed at the risk of the transferee entitled to such Definitive Note to such address as may be specified in the relevant form of transfer.

With respect to each Note on (or as soon as practicable after) each Calculation Date, the Issuer shall determine (or cause the Cash Manager to determine)
  - (i) the amount of any Note Principal Payment due on the Interest Payment Date next following such Calculation Date, (ii) the Principal Amount Outstanding of each such Note and (iii) the fraction expressed as a decimal to the sixth decimal point (the "**Note Factor**"), of which the numerator is the Principal Amount Outstanding of that Note (as referred to in (ii) above) and the denominator, is the Principal Amount Outstanding of the relevant

Class of Notes. Each determination by or on behalf of the Issuer of any principal repayment, the Principal Amount Outstanding of a Note and the Note Factor shall in each case (in the absence of wilful default or manifest error) be final and binding on all persons.

On the Issuer giving not more than 60 days' nor fewer than two Business Days' notice to the Noteholders in accordance with Condition 16 (*Notice to Noteholders*) and the Note Trustee, on any Interest Payment Date on or after the Optional Redemption Date and following the sale of the Mortgage Loans and their Related Security comprising the Mortgage Portfolio in accordance with the provisions of the Deed Poll, the Portfolio Minimum Purchase Price together with all amounts standing to the credit of the Reserve Fund and (without double counting) any Available Revenue Receipts and Available Redemption Receipts otherwise available to the Issuer for application on the Interest Payment Date immediately following the Optional Portfolio Purchase Completion Date will be applied in accordance with the Post-Enforcement Priority of Payments with the result that the Notes will be redeemed in full in accordance with Condition 8.2 (*Mandatory Redemption prior to the service of an Enforcement Notice*).

#### 8.4 **Mandatory Redemption in full pursuant to a Risk Retention Regulatory Change Option**

- (a) On any Business Day, if a Risk Retention Regulatory Change Event occurs and the Retention Holder exercises the Risk Retention Regulatory Change Option, the Issuer will give not more than 90 nor less than two Business Days' notice to the Noteholders in accordance with Condition 16 (*Notice to Noteholders*) and the Note Trustee, and the Notes will be redeemed at their Principal Amount Outstanding on the Interest Payment Date immediately following the date specified in such notice (the "**Risk Retention Regulatory Change Option Date**") together with any interest accrued thereon, **provided that** the Issuer has, immediately prior to giving such notice, certified to the Note Trustee that it will have the necessary funds to pay all principal and interest due in respect of the Notes on the relevant Interest Payment Date and to discharge all other amounts required to be paid in priority to or *pari passu* with all such payments on such Interest Payment Date (such certification to be provided by way of certificate signed by two directors of the Issuer on which the Note Trustee shall be entitled to rely without any further enquiry or liability).

#### 8.5 **Mandatory Redemption for Taxation or Other Reasons**

If:

- (a) by reason of a change in tax law (or the application or official interpretation thereof), which change becomes effective on or after the Closing Date, on or before the next Interest Payment Date, the Issuer or the Paying Agents would be required to deduct or withhold from any payment of principal or interest on any Notes (other than because the relevant holder has some connection with the United Kingdom other than the holding of such Notes) any amount for, or on account of, any present or future taxes, duties, assessments or

governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of the United Kingdom or any political sub-division thereof or any authority thereof or therein having power to tax; or

- (b) by reason of a change in law (or the application or official interpretation thereof), which change becomes effective on or after the Closing Date, it has become or will become unlawful for the Issuer to make, fund or allow to remain outstanding all or any of the Notes,

then the Issuer shall, if the same would avoid the effect of such relevant event described in subparagraph (a) or (b) above, appoint a Paying Agent in another jurisdiction or use its reasonable endeavours to arrange for the substitution of a company incorporated and/or tax resident in another jurisdiction approved in writing by the Note Trustee as principal debtor under the Notes and the Trust Deed, **provided that:**

- (i) the Note Trustee is satisfied that such substitution will not be materially prejudicial to the interests of the holders of the Notes (and in making such determination, the Note Trustee may without liability therefor rely solely, without further investigation or inquiry, on (A) any confirmation made orally to the Issuer (in which case the Issuer shall confirm the same in writing to the Note Trustee) or in writing from each of the Rating Agencies that the then current ratings of the Rated Notes would not be adversely affected by such substitution or (B) if no such confirmation from the Rating Agencies is forthcoming and the Issuer has certified to the Cash Manager, the Note Trustee and the Security Trustee that such proposed action (i) (while any Rated Notes remain outstanding) has been notified to the Rating Agencies, (ii) would not have an adverse impact on the Issuer's ability to make payment when due in respect of the Notes, (iii) would not affect the legality, validity and enforceability of any of the Transaction Documents or any Security and (iv) (while any of the Rated Notes remain outstanding) would not have an adverse effect on the rating of the Rated Notes) (upon which confirmation or certificate the Note Trustee and Security Trustee shall be entitled to rely absolutely without liability to any person for so doing); and
- (ii) such substitution would not require registration of any new security under U.S. securities laws or materially increase the disclosure requirements under U.S. law.

A "**Redemption Event**" shall occur if the Issuer satisfies the Note Trustee immediately before giving the notice referred to below that one or more of the events described in subparagraph (a) or (b) of this Condition 8.5 (*Mandatory Redemption for Taxation or Other Reasons*), or above is continuing and that the appointment of a Paying Agent or a substitution as referred to above would not avoid the effect of the relevant event or that, having used its reasonable endeavours, the Issuer is unable to arrange such appointment or substitution.

Following the occurrence of a Redemption Event, the Mortgage Loans and their Related Security comprising the Mortgage Portfolio shall be capable of being sold pursuant to the provisions of the Deed Poll on the Redemption Event Purchase Completion Date for a price equal to the Redemption Event Portfolio Purchase Price. The Redemption Event Portfolio Purchase Price will, on the Interest Payment Date immediately following the Redemption Event Portfolio Purchase Completion Date, be applied in accordance with the Post-Enforcement Priority of Payments with the result that the Notes will be redeemed in full in accordance with Condition 8.2 (*Mandatory Redemption prior to the service of an Enforcement Notice*). - (ii) the balance standing to the credit of the Reserve Fund; less
- (iii) (without double counting) any other amounts that would constitute Available Revenue Receipts and Available Redemption Receipts on the immediately following Interest Payment Date (provided that such amounts relate only to the periods up to (and including) the last day of the Monthly Collection Period immediately prior to the Redemption Event Purchase Completion Date);

**"Redemption Event Purchase Completion Date"** means the date indicated by the Portfolio Call Option Holder or its nominee (as applicable) in an acceptance notice addressed, inter alia, to the Issuer and confirmed by the Issuer in writing, on which the purchase by the Portfolio Call Option Holder or its nominee (as applicable) of the Mortgage Loans and their Related Security shall be completed in accordance with this Condition 8.5 (*Mandatory Redemption for Taxation or Other Reasons*), the Residual Certificates Conditions and the Deed Poll, **provided further that**, (i) if the Redemption Event occurs and is notified by the Issuer in accordance with the provisions of the Deed Poll not less than six Business Days prior to the Interest Payment Date immediately following the occurrence of the Redemption Event, such date shall fall on or before the Interest Payment Date immediately following the Redemption Event, and (ii) if the Redemption Event occurs and is notified by the Issuer in accordance with the provisions of the Deed Poll less than six Business Days prior to the Interest Payment Date immediately following the occurrence of the Redemption Event, such date shall fall (x) after the Interest Payment Date immediately following the occurrence of the Redemption Event and (y) on or before the second Interest Payment Date immediately following the Redemption Event;

- (b) in all cases, it shall have been indemnified and/or prefunded and/or secured to its satisfaction.

#### 12.2 **Preservation of Assets**

If the Security has become enforceable otherwise than by reason of a default in payment of any amount due on the Notes or the Residual Certificates, the Security Trustee will not be entitled to dispose of any of the Charged Assets or any part thereof unless either (a) a sufficient amount would be realised to allow discharge in full on a *pro rata* and *pari passu* basis of all amounts owing to the holders of the Notes (and all persons ranking in priority to the holders of the Notes), or (b) the Security Trustee is of the opinion, which shall be binding on the Secured Creditors, reached after considering at any time and from time to time the advice of any financial adviser (or such other professional advisers selected by the Security Trustee for the purpose of giving such advice), that the cash flow prospectively receivable by the Issuer will not (or that there is a significant risk that it will not) be sufficient, having regard to any other relevant actual, contingent or prospective liabilities of the Issuer, to discharge in full in due course all amounts owing to the Noteholders (and all persons ranking in priority to the Noteholders as set out in the Post-Enforcement Priority of Payments). The fees and expenses of the aforementioned financial adviser or other professional adviser selected by the Security Trustee shall be paid by the Issuer. The Security Trustee shall be entitled to rely upon any financial or other professional advice referred to in this Condition 12.2 without further enquiry and shall incur no liability to any person for so doing.

#### 12.3 **Limitations on Enforcement**

No Noteholder shall be entitled to proceed directly against the Issuer or any other party to any of the Transaction Documents to enforce the performance of any of the Conditions or any of the provisions of the Transaction Documents and/or to take any other proceedings (including lodging an appeal in any proceedings) in respect of or concerning the Issuer unless the Note Trustee or, as the case may be, the Security Trustee, having become bound so to do, fails to do so within a reasonable period and such failure shall be continuing, **provided that** no Noteholder shall be entitled to take any steps or proceedings to procure the winding up, administration or liquidation of the Issuer.

#### 12.4 **Limited Recourse**

Notwithstanding any other Condition or any provision of any Transaction Document, all obligations of the Issuer to the Noteholders are limited in recourse to the property, assets and undertakings of the Issuer the subject of any security created under and pursuant to the Deed of Charge (the "**Charged Assets**"). If:

- (a) there are no Charged Assets remaining which are capable of being realised or otherwise converted into cash;
- (b) all amounts available from the Charged Assets have been applied to meet or provide for the relevant obligations specified in, and in accordance with, the provisions of the Deed of Charge; and

- (c) there are insufficient amounts available from the Charged Assets to pay in full, in accordance with the provisions of the Deed of Charge, amounts outstanding under the Notes,

then the Noteholders shall have no further claim against the Issuer in respect of any amounts owing to them which remain due or to be paid in respect of the Notes (including, for the avoidance of doubt, payments of principal, premium (if any) or interest in respect of the Notes) and the Issuer shall be deemed to be discharged from making any further payments in respect of the Notes and any further payment rights shall be extinguished.

### 13. MEETINGS OF NOTEHOLDERS, MODIFICATION, WAIVER AND SUBSTITUTION

13.1 The Trust Deed contains provisions for convening meetings of the Noteholders of each Class and, in certain cases, more than one Class to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution of a modification of these Conditions or the provisions of any of the Transaction Documents.

13.2 For the purposes of these Conditions, "**Most Senior Class of Notes**" means the Class A Notes or, if there are no Class A Notes then outstanding, the Class B Notes or, if there are no Class A Notes or Class B Notes then outstanding, the Class C Notes or, if there are no Class A Notes, Class B Notes or Class C Notes then outstanding, the Class D Notes or, if there are no Class A Note, Class B Notes, Class C Notes or Class D Notes then outstanding, the Class E Notes or, if there are no Collateralised Rated Notes then outstanding, the Class X Notes, or, if there are no Rated Notes then outstanding, the Class Z Notes.

  - (ii) subject to Condition 13.3(a)(iii), a resolution passed at any meeting of a relevant Class of Noteholders shall be binding on (i) such Noteholders and all other Classes of Noteholders ranking junior to such Class of Noteholders in the Post-Enforcement Priority of Payments in each case and (ii) the Residual Certificates, in each case irrespective of the effect it has upon them; and
  - (iii) subject to paragraph (c) below, no resolution of any Class of Noteholders shall take effect for any purpose unless it shall have been sanctioned by an Extraordinary Resolution of the holders of the Most Senior Class of Notes and, in the case of the Residual Certificates, all Notes ranking in priority thereto (or the Note Trustee is of the opinion that it would not be materially prejudicial to the interests of the holders of the Most Senior Class of Notes and in the case of the Residual Certificates all Notes ranking in priority thereto).
- (b) Subject as provided in Condition 13.3(c), a resolution which, in the opinion of the Note Trustee, affects the interests of the holders of Notes of only one Class or the Residual Certificates only shall be deemed to have been duly passed if passed at a separate meeting (or by a separate resolution in writing or by a separate resolution passed by way of consents received through the relevant Clearing System(s)) of the holders of that Class of Notes so affected or the Residual Certificates.
- (c) No Extraordinary Resolution of the holders of a Class or Classes of Notes or the Residual Certificates which would have the effect of sanctioning a Basic Terms Modification in respect of any Class of Notes or Residual Certificates shall take effect unless it has been sanctioned by an Extraordinary Resolution of the holders of each Class of Notes then outstanding and the holders of the Residual Certificates then in issue, in each case only if such Class or the Residual Certificates are affected by such Basic Terms Modification.

#### 13.4 Quorum

- (a) Subject as provided below, the quorum at any meeting of Noteholders of any Class or Classes for passing an Ordinary Resolution will be one or more persons holding or representing not less than 25 per cent. of the aggregate Principal Amount Outstanding of such Class or Classes of Notes then outstanding.

Any Extraordinary Resolution in respect of a Basic Terms Modification shall only be effective if duly passed at separate meetings (or by separate resolutions in writing or by separate resolutions passed by way of consents received through the relevant Clearing System(s)) of each relevant Class of Noteholders and (if affected) the Certificateholders in accordance with the Residual Certificates Conditions.
- (d) The quorum at any adjourned meeting shall be:

Principal Amount Outstanding of the Notes of such Class then outstanding or of the Residual Certificates then in issue, as applicable.

The terms of the Trust Deed and the Deed of Charge provide for the Noteholders to give directions in writing to the Note Trustee upon which the Note Trustee is bound to act.

- 13.5 The Note Trustee may at any time and from time to time, with the written consent of the Secured Creditors which are a party to the relevant Transaction Document (such consent to be conclusively demonstrated by such Secured Creditor entering into any deed or document purporting to modify such Transaction Document) and in respect of any modification in connection with the Deed Poll and the Portfolio Call Option granted therein, with the written consent of the Portfolio Call Option Holder, but without the consent or sanction of the Noteholders, the Certificateholders or any other Secured Creditors agree with the Issuer and any other parties and may direct the Security Trustee to agree with the Issuer and any other parties in making or sanctioning any modification:
- (a) (except in the case of a Basic Terms Modification) to these Conditions, the Residual Certificates Conditions, the Trust Deed or any other Transaction Document, which in the opinion of the Note Trustee, will not be materially prejudicial to the interests of the Noteholders and the interests of the Certificateholders; or
  - (b) to these Conditions, the Residual Certificates Conditions, the Trust Deed or any other Transaction Document if in the opinion of the Note Trustee, such modification is of a formal, minor or technical nature or is made to correct a manifest error.
- 13.6 Provided that there are Notes outstanding, notwithstanding the provisions of Condition 13.5 but subject to Condition 13.7, the Note Trustee shall be obliged and shall direct the Security Trustee, without any consent or sanction of the Noteholders or the other Secured Creditors, but subject to the receipt of the prior written consent of each of the Secured Creditors party to the Transaction Document being modified (such consent to be conclusively demonstrated by such Secured Creditor entering into any deed or document purporting to modify such Transaction Document) and in respect of any modification in connection with the Deed Poll and the Portfolio Call Option granted therein, with the written consent of the Portfolio Call Option Holder, to concur with the Issuer in making any modification (other than in respect of a Basic Terms Modification) to these Conditions and/or any Transaction Document (including entering into any new, supplemental or additional documents) that the Issuer considers necessary:
- (a) for the purpose of complying with, or implementing or reflecting, any change in the criteria of one or more of the Rating Agencies which may be applicable from time to time, **provided that** the Issuer (or the Cash Manager on its behalf) certifies in writing to the Note Trustee and the Security Trustee (as applicable) that such modification is necessary to comply with such criteria or, as the case may be, is solely to implement and reflect such criteria;
  - (b) for the purpose of complying with any changes in the requirements of Regulation (EU) 2017/2402 together with any implementing regulation, technical standards and official guidance related thereto, in each case as amended, varied or substituted from time to time (the "**Securitisation Regulation**") after the Closing Date, including as a result of any changes to any secondary legislation or official guidance in relation to the Securitisation Regulation or any other risk retention legislation or regulations or official guidance in relation thereto (including, without limitation, the appointment of a third party pursuant to the Servicing Agreement and/or Cash Management Agreement to assist with the Issuer's reporting obligations pursuant to the Securitisation Regulation), **provided that** the Issuer (or the Cash Manager on its behalf) provides a written certificate to the Note Trustee and the Security Trustee (as applicable) certifying that such modification is required solely for such purpose and has been drafted solely to such effect;
  - (c) for the purposes of enabling the Issuer or any other person that is party to a Transaction Document (a "**Transaction Party**") to comply with Sections 1471 through 1474 of the Code, any current or future regulations or official interpretations thereof, any agreement entered into pursuant to Section 1471(b) of the Code, or any fiscal or regulatory legislation, rules or practices adopted pursuant to any intergovernmental agreement entered into in

connection with the implementation of such Sections of the Code ("FATCA") (or any voluntary agreement entered into with a taxing authority in relation thereto), **provided that** the Issuer (or the Servicer on its behalf) or the relevant Transaction Party, as applicable, provides a written certificate to the Note Trustee and the Security Trustee (as applicable) certifying that such modification is required solely for such purpose and has been drafted solely to such effect;

provided that the Issuer certifies to the Note Trustee and the Security Trustee in writing that such modification is required solely for such purpose and has been drafted solely to such effect, (the certificate to be provided by the Issuer or the relevant Transaction Party, as the case may be, pursuant to Conditions 13.6(a) to 13.6(c) above being a "**Modification Certificate**")

(d) for the purpose of changing the Relevant Screen Rate or the base rate that then applies in respect of the Notes to an alternative base rate (any such rate, which may include an alternative Relevant Screen Rate recommended as a replacement Relevant Screen Rate by the administrator of that Relevant Screen Rate or by any other applicable central bank, regulator or other supervisory authority or a group of them, or any working group or committee sponsored or chaired by, or constituted at the request of, any of them or the Financial Stability Board, an "**Alternative Base Rate**") and making such other amendments as are necessary or advisable in the commercially reasonable judgment of the Issuer (or the Servicer on its behalf) to facilitate such change (a "**Base Rate Modification**"), **provided that** the Issuer (or the Servicer on its behalf), certifies to the Note Trustee and the Security Trustee in writing (such certificate, a "**Base Rate Modification Certificate**") that:

- (i) such Base Rate Modification is being undertaken due to any one or more of the following:
  - (A) a material disruption to LIBOR, an adverse change in the methodology of calculating LIBOR or LIBOR ceasing to exist or be published; or
  - (B) a public statement by the LIBOR administrator that it will cease publishing LIBOR permanently or indefinitely (in circumstances where no successor LIBOR administrator has been appointed that will continue publication of LIBOR or has changed or will change such interest rate benchmark in an adverse manner); or
  - (C) a public statement by the supervisor of the LIBOR administrator that LIBOR has been or will be permanently or indefinitely discontinued or will be changed in an adverse manner; or
  - (D) a public announcement by the supervisor of the LIBOR administrator of the permanent or indefinite discontinuation of the Relevant Screen Rate or base rate that applies to the Notes; or
  - (E) public statement by the supervisor of the LIBOR administrator that means LIBOR may no longer be used or that its use is subject to restrictions or adverse consequences; or
  - (F) a public announcement by the supervisor of the LIBOR administrator of the permanent or indefinite discontinuation of the relevant screen rate or base rate that applies to the floating rate notes at such time; or
  - (G) the reasonable expectation of the Issuer (or the Servicer on its behalf) that any of the events specified in sub-paragraphs (A) to (F) above will occur or exist within six months of the proposed effective date of such Base Rate Modification;

and, in each case, has been drafted solely to such effect; and

- (ii) such Alternative Base Rate is any one or more of the following:
- (A) a base rate published, endorsed, approved or recognised by the Federal Reserve or the Bank of England, any regulator in the United States, the United Kingdom (i.e. the Financial Conduct Authority or the Prudential Regulation Authority) or the European Union or any stock exchange on which the Notes are listed (or any relevant committee or other body established, sponsored or approved by any of the foregoing) (which, for the avoidance of doubt, may be an alternative Relevant Screen Rate together with specified adjustment factor which may increase or decrease the relevant alternative Relevant Screen Rate); or
  - (B) a base rate published, endorsed, approved or recognised by the Loan Market Association; or
  - (C) the Sterling Over Night Index Average or the Broad Treasuries Repo Financing Rate (or any rate which is derived from, based upon or otherwise similar to either of the foregoing); or
  - (D) a base rate utilised in a material number of publicly-listed new issues of Sterling-denominated asset backed floating rate notes prior to the effective date of such Base Rate Modification; or
  - (E) a base rate utilised in a publicly-listed new issue of Sterling-denominated asset backed floating rate notes where the originator of the relevant assets is Paratus or an Affiliate thereof; or
  - (F) such other base rate as the Servicer (on behalf of the Issuer) reasonably determines, taking into account the effect of any of the events referred to in Condition 13.6(d)(i) above on the Mortgage Rates and using reasonable endeavours to minimise any mismatch in interest basis between the Mortgage Rates and the proposed Alternative Base Rate where commercially appropriate,

and in each case, the change to the Alternative Base Rate will not, in its opinion, be materially prejudicial to the interest of the Noteholders.

For the avoidance of doubt, the Issuer (or the Servicer on its behalf) may propose an Alternative Base Rate on more than one occasion provided that the conditions set out in this Condition 13.60 are satisfied.

The Note Trustee is only obliged to concur with the Issuer in making any modification to these Conditions referred to in Conditions 13.6(a) to 13.60 and/or requiring the Security Trustee to do so above (other than in respect of a Basic Terms Modification) and/or any Transaction Document should:

- (A) at least 30 days' prior notice of any such proposed modification have been given to the Note Trustee and the Security Trustee;
- (B) the Modification Certificate or (as applicable) the Base Rate Modification Certificate in relation to such modification be provided to the Note Trustee and the Security Trustee both at the time the Note Trustee and the Security Trustee are notified of the proposed modification and on the date that such modification takes effect;
- (C) the consent of each Secured Creditor which is party to the relevant Transaction Document have been obtained (such consent to be conclusively demonstrated by such Secured Creditor entering into any deed or document purporting to modify such Transaction Document) and in respect of any modification in connection with the Deed Poll and the Portfolio Call Option granted therein, the written consent of the Portfolio Call Option Holder have been obtained;

- (D) the Note Trustee be satisfied that it has been or will be reimbursed for all costs, fees and expenses (including properly incurred legal fees) incurred by it in connection with such modification;
- (E) the Issuer (or the Servicer on its behalf (as applicable)) either:
- I. has obtained from each of the Rating Agencies a Rating Agency Confirmation; or
  - II. has certified in the Modification Certificate or (as applicable) the Base Rate Modification Certificate that it has informed the Rating Agencies of the proposed modification and neither of the Rating Agencies has indicated that such modification would result in a downgrade, qualification or withdrawal of the then current ratings assigned to any Class of the Notes by such Rating Agency; and
- (F) in relation to Conditions 13.6(a) to 13.6(c) only, the Issuer has certified (upon which certification the Note Trustee and the Security Trustee shall rely absolutely and without further enquiry or liability) in writing to the Note Trustee (which certification may be in the Modification Certificate or (as applicable) Base Rate Modification Certificate) that in relation to such modification (I) the Issuer has provided at least 30 days' notice to the Noteholders of each Class of the proposed modification in accordance with Condition 16 (*Notice to Noteholders*) and by publication on Bloomberg on the "Company Filings" screen relating to the Notes, in each case specifying the date and time by which Noteholders of the Most Senior Class of Notes must respond, and has made available at such time the modification documents for inspection at the registered office of the Principal Paying Agent for the time being during normal business hours, and (II) Noteholders representing at least 10 per cent. of the aggregate Principal Amount Outstanding of the Most Senior Class of Notes have not contacted the Issuer in writing (or otherwise in accordance with the then current practice of any applicable clearing system through which such Notes may be held) within such notification period notifying the Issuer that such Noteholders do not consent to the modification.

If Noteholders representing at least 10 per cent. of the aggregate Principal Amount Outstanding of the Most Senior Class of Notes then outstanding have notified the Issuer in accordance with the notice provided above and the then current practice of any applicable clearing system through which such Notes may be held within the notification period referred to above that they do not consent to the modification, then such modification will not be made unless an Extraordinary Resolution of the Noteholders of the Most Senior Class of Notes is passed in favour of such modification in accordance with Condition 13 (*Meetings of Noteholders, Modification, Waiver and Substitution*).

Objections made in writing other than through the applicable clearing system must be accompanied by evidence to the Issuer's satisfaction (having regard to prevailing market practices) of the relevant Noteholder's holding of the Notes.

- (G) in relation to Condition 13.6(d) only, the Issuer has certified (upon which certification the Note Trustee and the Security Trustee shall rely absolutely and without further enquiry or liability) in writing to the Note Trustee (which certification may be in the Modification Certificate or (as applicable) Base Rate Modification Certificate) that in relation to such modification (I) the Issuer has provided at least 30 days' notice to the Noteholders of each Class of the proposed modification in accordance with Condition 16 (*Notice to Noteholders*) and by publication on Bloomberg on the "Company Filings" screen relating to the Notes, (such notice, the "**Base Rate Modification Noteholder Notice**") confirming the following:

- (i) the period during which Noteholders of the Most Senior Class of Notes (being Noteholders on the date five Business Days from the date of the Base Rate Modification Noteholder Notice (the "**Base Rate Modification Record Date**")), may object to the proposed Base Rate Modification (which notice period shall commence at least 30 calendar days prior to the date on which it is proposed that the Base Rate Modification would take effect and continue for a period not less than 20 calendar days) and the method by which they may object; and
- (ii) the sub-paragraph(s) of Condition 13.6(d)(i) under which the Base Rate Modification is being proposed; and
- (iii) which Alternative Base Rate is proposed to be adopted pursuant to Condition 13.6(d)(ii), and, where Condition 13.6(d)(ii)(F) is being applied, the rationale for choosing the proposed Alternative Base Rate; and
- (iv) details of any consequential modifications that the Issuer has agreed for margin maintenance purposes (for example, modifications to any standard variable rate ("**SVR**") covenant or similar such covenant in relation to the interest rate(s) on the underlying portfolio of assets, to the extent that the SVR covenant or similar such covenant is linked to the applicable Relevant Screen Rate, or modifications in respect of any margin reserve fund requirement) for the purpose of aligning any such rates with the proposed Base Rate Modification, if the proposed Base Rate Modification takes effect. The Issuer shall use reasonable endeavours to agree such modifications where commercially appropriate to maintain an equivalent level of protection as provided by any SVR covenant or margin reserve fund requirement prior to the proposed Base Rate Modification, and that such modifications shall take effect no later than 30 calendar days from the date on which the Base Rate Modification takes effect. If (i) no such modifications are proposed to be made; and/or (ii) such modifications will be made but will not result in an equivalent level of protection; and/or (iii) such modifications would take effect later than 30 calendar days from the date on which the Base Rate Modification takes effect, the Issuer shall set out in the Base Rate Modification Noteholder Notice the rationale for this; and
- (v) details of the adjustment which the Issuer proposes to make (if any) to the margin payable on each Class of Notes which are the subject of the Base Rate Modification in order to, so far as reasonably and commercially practicable, preserve what would have been the expected Rate of Interest applicable to each such Class of Notes had no such Base Rate Modification been effected (the "**Note Rate Maintenance Adjustment**"), provided that:
  - (A) in the event that the Federal Reserve or the Bank of England, any regulator in the United States, the United Kingdom (i.e. the Financial Conduct Authority or the Prudential Regulation Authority) or the European Union or any stock exchange on which the Notes are listed or any relevant committee or other body established, sponsored or approved by any of the foregoing, including the Working Group on Sterling Risk-Free Reference Rates and the Loan Market Association has published, endorsed, approved or recognised a note rate maintenance adjustment mechanism which could be used in the context of a transition from the applicable Relevant Screen Rate to the Alternative Base Rate, then the Issuer shall propose that note rate maintenance adjustment mechanism as the Note Rate Maintenance Adjustment, or

otherwise the Issuer shall set out in the Base Rate Modification Noteholder Notice the rationale for concluding that this is not a commercial and reasonable approach in relation to the Notes and the proposed Base Rate Modification; or

- (B) in the event that it has become generally accepted market practice in the securitisation, Eurobond or swaps market to use a particular note rate maintenance adjustment mechanism in the context of a transition from the applicable Relevant Screen Rate to the Alternative Base Rate, then the Issuer shall propose that note rate maintenance adjustment mechanism as the Note Rate Maintenance Adjustment, or otherwise the Issuer shall set out in the Base Rate Modification Noteholder Notice the rationale for concluding that this is not a commercial and reasonable approach in relation to the Notes and the proposed Base Rate Modification; or
  - (C) in the event that neither (A) nor (B) above apply, the Issuer shall use reasonable endeavours to propose an alternative Note Rate Maintenance Adjustment as reasonably determined by the Issuer (or the Servicer on its behalf), and shall set out the rationale for the proposal or otherwise the Issuer shall set out in the Base Rate Modification Noteholder Notice the rationale for concluding that this is not a commercial and reasonable approach in relation to the Notes and the proposed Base Rate Modification; and
  - (D) if any Note Rate Maintenance Adjustment is proposed, the Note Rate Maintenance Adjustment applicable to each Class of Notes other than the Most Senior Class of Notes shall be at least equal to that applicable to the Most Senior Class of Notes. In circumstances where the Issuer proposes a lower Note Rate Maintenance Adjustment on any Class of Notes other than the Most Senior Class of Notes than that which is proposed for the Most Senior Class of Notes or another Class of Notes which ranks senior to the Class of Notes to which the lower Note Rate Maintenance Adjustment is proposed to be made, the Base Rate Modification will not be made unless an Extraordinary Resolution is passed in favour of such modification in accordance with Condition 13 (*Meetings of Noteholders, Modification, Waiver and Substitution*) by the Noteholders of each Class of Notes then outstanding to which the lower Note Rate Maintenance Adjustment is proposed to be made; and
  - (E) for the avoidance of doubt, the Note Rate Maintenance Adjustment may effect an increase or a decrease to the margin or may be set at zero; and
- (vi) details of (i) other amendments which the Issuer proposes to make (if any) to these Conditions or any other Transaction Document and (ii) any new, supplemental or additional documents into which the Issuer proposes to enter to facilitate the changes envisaged pursuant to this Condition 13.6; and

Noteholders representing at least 10 per cent. of the aggregate Principal Amount Outstanding of the Most Senior Class of Notes outstanding on the Base Rate Modification Record Date have not contacted the Issuer in writing (or otherwise in accordance with the then current practice of any applicable clearing system

through which such Notes may be held) within such notification period notifying the Issuer that such Noteholders do not consent to the Base Rate Modification.

If Noteholders representing at least 10 per cent. of the aggregate Principal Amount Outstanding of the Most Senior Class of Notes outstanding on the Base Rate Modification Record Date have notified the Issuer in writing (or otherwise in accordance with the then current practice of any applicable clearing system through which such Notes may be held) within the notification period referred to above that they do not consent to the modification, then such modification will not be made unless an Extraordinary Resolution is passed in favour of such modification in accordance with Condition 13 (*Meetings of Noteholders, Modification, Waiver and Substitution*) provided that (A) in circumstances where the Issuer proposes a lower Note Rate Maintenance Adjustment on any Class of Notes other than the Most Senior Class of Notes than that which is proposed for the Most Senior Class of Notes or another Class of Notes which ranks senior to the Class of Notes to which the lower Note Rate Maintenance Adjustment is proposed to be made, such Extraordinary Resolution shall be passed by the Noteholders of the Most Senior Class of Notes then outstanding and by the Noteholders of each Class of Notes then outstanding to which the lower Note Rate Maintenance Adjustment is proposed to be made, and (B) in other circumstances, such Extraordinary Resolution shall be passed by Noteholders of the Most Senior Class of Notes then outstanding.

If such Extraordinary Resolution of the Noteholders of the Most Senior Class of Notes has not been passed, the alternative Relevant Screen Rate shall be determined in accordance with Condition 6.3 (*Rate of Interest*).

Objections made in writing other than through the applicable clearing system must be accompanied by evidence to the Issuer's satisfaction (having regard to prevailing market practices) of the relevant Noteholder's holding of the Notes on the Base Rate Modification Record Date

13.7

- (a) When implementing any modification pursuant to Condition 13.6:
  - (i) (save to the extent the Note Trustee considers that the proposed modification would constitute a Basic Terms Modification) the Note Trustee shall not consider the interests of the Noteholders, the Portfolio Call Option Holder, any other Secured Creditor or any other person and shall act and rely solely and without further investigation on any certificate or evidence provided to it by the Issuer or the relevant Transaction Party, as the case may be, pursuant to Condition 13.6 and shall not be liable to the Noteholders, the Portfolio Call Option Holder, any other Secured Creditor or any other person for so acting or relying, irrespective of whether any such modification is or may be materially prejudicial to the interests of any such person; and
  - (ii) neither the Note Trustee nor the Security Trustee shall be obliged to agree to any modification which, in the sole opinion of the Note Trustee or the Security Trustee, as applicable, would have the effect of (i) exposing the Note Trustee or the Security Trustee, as applicable, to any liability against which it has not been indemnified and/or secured and/or pre-funded to its satisfaction or (ii) increasing the obligations or duties, or decreasing the rights or protection, of the Note Trustee or the Security Trustee, as applicable, in the Transaction Documents and/or these Conditions.
- (b) Any such Base Rate Modification shall be binding on all Noteholders and shall be notified by the Issuer as soon as reasonably practicable to:
  - (i) so long as any of the Notes rated by the Rating Agencies remains outstanding, each Rating Agency;

- (ii) the Secured Creditors, the Noteholders and the Certificateholders in accordance with Condition 16 (*Notice to Noteholders*) and Residual Certificate Condition 15 (*Notice to Certificateholders*).
- 13.8 Other than in relation to a Basic Terms Modification, the Note Trustee may, and may direct the Security Trustee to, without the consent or sanction of the Noteholders, the Certificateholders or the other Secured Creditors (but without affecting the rights of such other Secured Creditors under the Transaction Documents) and without prejudice to its rights in respect of any further or other breach, from time to time and at any time, but only if and in so far as in the sole opinion of the Note Trustee (acting in accordance with the Trust Deed) the interests of the Noteholders (or, if there are no Notes outstanding, the Certificateholders) will not be materially prejudiced thereby, authorise or waive any proposed or actual breach of any of the covenants (including any Event of Default or Potential Event of Default) or provisions contained in or arising pursuant to the Conditions, the Residual Certificates Conditions or any of the Transaction Documents by any party thereto, **provided that** the Note Trustee shall not exercise any powers conferred on it by this Condition 13.8 in contravention of any express direction given by Extraordinary Resolution of the holders of the Most Senior Class of Notes or by a direction under Condition 11 (*Events of Default*) but so that no such direction or request shall affect any waiver, authorisation or determination previously given or made.
- 13.9 Any such modification, waiver, authorisation or determination by the Note Trustee, in accordance with these Conditions, the Residual Certificates Conditions or the Transaction Documents shall be binding on the Noteholders and Certificateholders and, unless the Note Trustee or, as the case may be, the Security Trustee agrees otherwise, any such modification shall be notified by the Issuer to the Noteholders as soon as practicable thereafter in accordance with Condition 16 (*Notice to Noteholders*).
- 13.10 Any modification to the Transaction Documents and these Conditions shall be notified by the Issuer in writing to the Rating Agencies (other than any modification which in the opinion of the Note Trustee (i) will not be materially prejudicial to the interests of the Noteholders (or, if there are no Notes outstanding, the interests of Certificateholders); or (ii) is a formal, minor or technical nature or is made to correct a manifest error).
- 13.11 In connection with any such substitution of principal debtor referred to in Condition 8.5 (*Mandatory Redemption for Taxation or Other Reasons*), the Note Trustee may also agree, and may direct the Security Trustee to agree, without the consent of the Noteholders or the other Secured Creditors, to a change of the laws governing the Notes, these Conditions and/or any of the Transaction Documents (and in the case of the Deed Poll and the Portfolio Call Option granted therein, without the consent of the Portfolio Call Option Holder), **provided that** such change would not, in the opinion of the Note Trustee, be materially prejudicial to the interests of all the Noteholders and Certificateholders or the other Secured Creditors.
- 13.12 In determining whether a proposed action will not be materially prejudicial to the Noteholders or any Class of the Rated Notes, the Note Trustee may, among other things, have regard to whether the Rating Agencies have confirmed orally or in writing to the Issuer or any other party to the Transaction Documents that any proposed action will not result in the withdrawal or reduction of, or entail any other adverse action with respect to, the then current ratings of the Rated Notes.
- 13.13 Where, in connection with the exercise or performance by each of them of any right, power, trust, authority, duty or discretion under or in relation to these Conditions or any of the Transaction Documents (including in relation to any modification, waiver, authorisation, determination, substitution or change of laws as referred to above), the Note Trustee or the Security Trustee (acting on the instructions of the Note Trustee) is required to have regard to the interests of the Noteholders of any Class or Classes, it shall (A) have regard to the general interests of the Noteholders of such Class or Classes but shall not have regard to any interests arising from circumstances particular to individual Noteholders (whatever their number) and, in particular but without limitation, shall not have regard to the consequences of any such exercise or performance for individual Noteholders (whatever their number) resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory or any political sub-division thereof, and the Note Trustee or, as the case may be, the Security Trustee (acting on the instructions of the Note Trustee) shall not be entitled to require, nor shall any Noteholder be

entitled to claim, from the Issuer, the Note Trustee or the Security Trustee (acting on the instructions of the Note Trustee) or any other person any indemnification or payment in respect of any tax consequences of any such exercise upon individual Noteholders and (B) subject to the more detailed provisions of the Trust Deed and the Deed of Charge, as applicable, have regard to the interests of holders of each Class of Notes (except where expressly provided otherwise) but requiring the Note Trustee and the Security Trustee (acting on the instructions of the Note Trustee) where there is a conflict of interests between one or more Classes of Notes and/or the Residual Certificates in any such case to have regard (except as expressly provided otherwise) to the interests of the holders of the Class or Classes of Notes ranking in priority to the other relevant Classes of Notes.

"**24 hours**" means a period of 24 hours including all or part of a day (disregarding for this purpose the day upon which such meeting is to be held) upon which banks are open for business in both the place where the relevant meeting is to be held and in each of the places where the Paying Agents have their Specified Offices and such period shall be extended by one period or, to the extent necessary, more periods of 24 hours until there is included as aforesaid all or part of a day upon which banks are open for business as aforesaid; and

"**48 hours**" means two consecutive periods of 24 hours.

13.21 Details of any Extraordinary Resolution and any Ordinary Resolution passed in accordance with the provisions of the Trust Deed shall be notified to each of the Rating Agencies by the Issuer.

13.22 **Issuer Substitution Condition**

The Note Trustee may agree, subject to such amendment of these Conditions and of any of the Transaction Documents, and subject to the terms of the Trust Deed, but without the consent of the Noteholders, to the substitution of another body corporate in place of the Issuer as principal debtor under the Trust Deed, the Notes and the Residual Certificates and in respect of the other Secured Obligations, **provided that** the conditions set out in the Trust Deed are satisfied including, *inter alia*, that the Notes are unconditionally and irrevocably guaranteed by the Issuer (unless all of the assets of the Issuer are transferred to such body corporate) and that such body corporate is a single purpose vehicle and undertakes itself to be bound by provisions corresponding to those set out in Condition 5 (*Covenants*) or that would otherwise be appropriate for a single purpose vehicle incorporated for such purposes as the Issuer in its jurisdiction of incorporation (the "**Issuer Substitution Condition**"). In the case of a substitution pursuant to this Condition 13.22, the Note Trustee may in its absolute discretion agree, without the consent of the Noteholders, to a change in law governing the Notes and/or any of the Transaction Documents unless such change would, in the opinion of the Note Trustee, be materially prejudicial to the interests of the Noteholders.

14. **INDEMNIFICATION AND EXONERATION OF THE NOTE TRUSTEE AND THE SECURITY TRUSTEE**

The Trust Deed and the Deed of Charge contain provisions governing the responsibility (and relief from responsibility) of the Note Trustee and the Security Trustee respectively and providing for their indemnification in certain circumstances, including provisions relieving them from taking action or, in the case of the Security Trustee, enforcing the Security, unless indemnified and/or prefunded and/or secured to their satisfaction.

The Trust Deed and the Deed of Charge also contain provisions pursuant to which the Note Trustee and the Security Trustee are entitled, *inter alia*, (a) to enter into business transactions with the Issuer and/or any other party to any of the Transaction Documents and to act as trustee for the holders of any other securities issued or guaranteed by, or relating to, the Issuer and/or any other party to any of the Transaction Documents, (b) to exercise and enforce its rights, comply with its obligations and perform its duties under or in relation to any such transactions or, as the case may be, any such trusteeship without regard to the interests of, or consequences for, individual Noteholders and (c) to retain and not be liable to account for any profit made or any other amount or benefit received thereby or in connection therewith.

15. **REPLACEMENT OF NOTES**

If any Note is mutilated, defaced, lost, stolen or destroyed, it may be replaced at the specified office of the Registrar subject to all applicable laws and stock exchange requirements. Replacement of any mutilated, defaced, lost, stolen or destroyed Note will only be made on payment of such costs as may be incurred in connection therewith and on such terms as to evidence and indemnity as the Issuer may reasonably require. A mutilated or defaced Note must be surrendered before a new one will be issued.

16. **NOTICE TO NOTEHOLDERS**

16.1 **Publication of Notice**

(a) While the Notes are represented by Global Notes, the Issuer or the Note Trustee shall deliver any notice to Noteholders to Euroclear and/or Clearstream, Luxembourg for communication by them to Noteholders. Any notice delivered to Euroclear and/or Clearstream, Luxembourg, as aforesaid shall be deemed to have been given on the day of such delivery.

(b) Subject to Condition 16.1(a) above, any notice to Noteholders may also be validly given if published, at the option of the Issuer, in the *Financial Times*, or, if such newspaper shall cease to be published or if timely publication therein is not practicable, in such other English newspaper or newspapers as the Note Trustee shall approve in advance having a

general circulation in the United Kingdom, **provided that** if, at any time, (i) the Issuer procures that the information concerned in such notice shall appear on a page of the Bloomberg screen or any other medium for electronic display of data as may be previously approved in writing by the Note Trustee and notified to Noteholders (in each case a "**Relevant Screen**"), or (ii) paragraph (a) above applies and the Issuer has so elected, publication in the newspaper set out above or such other newspaper or newspapers shall not be required with respect to such notice. Any such notice shall be deemed to have been given on the date of such publication or, if published more than once or on different dates, on the first date on which publication shall have been made in the newspaper or newspapers in which (or on the Relevant Screen) publication is required.

- (c) In respect of Definitive Notes, notices to Noteholders will be sent to them by (i) email or (ii) first class post (or its equivalent) or (if posted to an address outside the United Kingdom) by airmail, at the respective email addresses or addresses (as the case may be) on the Register. Any such notice sent by post will be deemed to have been given on the fourth day after the date of posting and any notice sent by email shall be deemed to have been given at the time of dispatch **provided that** in the case of a notice given by email a confirmation of receipt is received by the sending party.
- (d) So long as the relevant Notes are admitted to trading on, and listed on the official list of, Euronext Dublin all notices to the Noteholders will be valid if published in a manner which complies with the rules and regulations of Euronext Dublin (which includes delivering a copy of such notice to Euronext Dublin) and any such notice will be deemed to have been given on the date sent to Euronext Dublin.

#### 16.2 **Note Trustee's Discretion to Select Alternative Method**

The Note Trustee shall be at liberty to sanction some other method of giving notice to the Noteholders or category of them if, in its sole opinion, such other method is reasonable having regard to market practice then prevailing and to the requirements of the stock exchanges, competent listing authorities and/or quotation systems on or by which the Notes are then listed, quoted and/or traded and **provided that** notice of such other method is given to the Noteholders in such manner as the Note Trustee shall require.

#### 17. **REPLACEMENT NOTES**

If the Issuer Substitution Condition is satisfied in accordance with these Terms and Conditions and the Trust Deed, the Issuer may, without the consent of the Noteholders, issue one or more classes of replacement notes ("**Replacement Notes**") to replace one or more Classes of Notes, each class of which shall have terms and conditions which may differ from the terms and conditions of the Class of Notes which it replaces.

#### 18. **SUBORDINATION BY DEFERRAL**

##### 18.1 **Interest**

If, on any Interest Payment Date, the Issuer has insufficient funds to make payment in full of all amounts of interest (which shall, for the purposes of this Condition 18, include any interest previously deferred under this Condition 18.1 and (other than in respect of the Class X Notes) accrued interest thereon) payable in respect of the Rated Notes (other than the Most Senior Class of Notes) after having paid or provided for items of higher priority in the Pre-Enforcement Revenue Priority of Payments, then the Issuer shall be entitled to defer to the next Interest Payment Date the payment of interest (such interest, the "**Deferred Interest**") in respect of the Notes (other than the Most Senior Class of Notes), to the extent only of any insufficiency of funds. The Issuer shall not be entitled to such deferral on an Interest Payment Date which is the Final Maturity Date or any other Interest Payment Date on which the Notes are to be redeemed in full. No such deferral shall result in the occurrence of an Event of Default until the Final Maturity Date.

##### 18.2 **General**

Any amounts of Deferred Interest in respect of a Class of the Collateralised Rated Notes shall accrue interest ("**Additional Interest**") at the same rate and on the same basis as scheduled interest

in respect of the corresponding Class of Notes, but shall not be capitalised. Such Deferred Interest and Additional Interest shall, in any event, become payable on the next Interest Payment Date (unless and to the extent that Condition 18.1 (*Interest*) applies) or on such earlier date as the relevant Class of Notes becomes due and repayable in full in accordance with these Conditions.

18.3 **Notification**

As soon as practicable after becoming aware that any part of a payment of interest on a Class of Notes (other than the Most Senior Class of Notes) will be deferred, or that a payment previously deferred will be made, in each case in accordance with this Condition 18, the Issuer will give notice thereof to the relevant Class of Noteholders, as appropriate, in accordance with Condition 16 (*Notice to Noteholders*).

Any deferral of interest in accordance with this Condition 18 will not constitute an Event of Default. The provisions of this Condition 18 shall cease to apply on the Final Maturity Date, or any earlier date on which the Notes are to be redeemed in full or, are required to be redeemed in full, at which time all deferred interest and accrued interest thereon shall become due and payable.

19. **NON-RESPONSIVE RATING AGENCY**

(a) In respect of the exercise of any power, duty, trust, authority or discretion as contemplated hereunder or in relation to the Rated Notes and any of the Transaction Documents, the Note Trustee and the Security Trustee shall be entitled but not obliged to take into account any written confirmation or affirmation (in any form acceptable to the Note Trustee and the Security Trustee) from the Rating Agencies that the then current ratings of the Rated Notes will not be reduced, qualified, adversely affected or withdrawn thereby (a "**Rating Agency Confirmation**").

(b) If a Rating Agency Confirmation or other response by a Rating Agency is a condition to any action or step under any Transaction Document and a written request for such Rating Agency Confirmation or response is delivered to each Rating Agency by or on behalf of the Issuer (copied to the Note Trustee and the Security Trustee, as applicable) and:

- (i) (A) one Rating Agency (such Rating Agency, a "**Non-Responsive Rating Agency**") indicates that it does not consider such Rating Agency Confirmation or response necessary in the circumstances or that it does not, as a matter of practice or policy, provide such Rating Agency Confirmation or response or (B) within 30 days of delivery of such request, no Rating Agency Confirmation or response is received and/or such request elicits no statement by such Rating Agency that such Rating Agency Confirmation or response could not be given; and
- (ii) one Rating Agency gives such Rating Agency Confirmation or response based on the same facts,

then such condition to receive a Rating Agency Confirmation or response from each Rating Agency shall be modified so that there shall be no requirement for the Rating Agency Confirmation or response from the Non-Responsive Rating Agency if the Issuer provides to the Note Trustee and the Security Trustee a certificate signed by a director certifying and confirming that each of the events in paragraphs (b)(i)(A) or (B) and (b)(ii) of this Condition 19 has occurred.

20. **JURISDICTION AND GOVERNING LAW**

20.1 **Jurisdiction**

(a) Subject to Condition 20.1(b), the Courts of England (the "**Courts**") are to have exclusive jurisdiction to settle any disputes that may arise out of or in connection with the Notes, the Residual Certificates and the Transaction Documents (including a dispute relating to non-contractual obligations or a dispute regarding the existence, validity or termination of any of the Notes, the Residual Certificates or the Transaction Documents or the consequences of their nullity) and accordingly any legal action or proceedings arising out of or in

connection with the Notes and/or the Residual Certificates and/or the Transaction Documents may be brought in such Courts.

- (b) This Condition 20.1 (*Jurisdiction*) is for the benefit of the Note Trustee and Security Trustee only. As a result, and notwithstanding Condition 20.1(a) above, this Condition does not prevent the Note Trustee and/or the Security Trustee taking proceedings relating to any dispute in any other courts with jurisdiction. Further, to the extent allowed by law, the Note Trustee and/or the Security Trustee may take concurrent proceedings in any number of jurisdictions.

20.2 **Governing Law**

The Transaction Documents, the Notes, the Residual Certificates and these Conditions (and any non- contractual obligations arising out of or in connection with them) are governed by, and shall be construed in accordance with, English law.

21. **RIGHTS OF THIRD PARTIES**

No rights are conferred on any person under the Contracts (Rights of Third Parties) Act 1999 to enforce any term of the Notes or these Conditions, but this does not affect any right or remedy of any person which exists or is available apart from that Act.

## TERMS AND CONDITIONS OF THE RESIDUAL CERTIFICATES

The following are the terms and conditions of the Residual Certificates in the form (subject to amendment) in which they will be set out in the Trust Deed (as defined below)

### 1. GENERAL

The one hundred and one residual certificates (the "**Residual Certificates**") of Ciel No. 1 Plc (the "**Issuer**") are constituted by a trust deed (the "**Trust Deed**") dated on or about 5 July 2019 (the "**Closing Date**") and made between, among others, the Issuer and U.S. Bank Trustees Limited as trustee for the registered holders for the time being of the Residual Certificates (the "**Certificateholders**") (the "**Note Trustee**"). Any reference in these residual certificates terms and conditions (the "**Residual Certificates Conditions**") to a "**Class**" of Notes or of "**Noteholders**" shall be a reference to the Class A Notes, the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes, the Class X Notes, the Class Z1 Notes, or the Class Z2 Notes, as the case may be, or to the respective holders thereof. The security for the Residual Certificates is constituted by a deed of charge and assignment (the "**Deed of Charge**") dated on the Closing Date and made between, among others, the Issuer and U.S. Bank Trustees Limited as trustee for the Secured Creditors (in such capacity, the "**Security Trustee**").

Pursuant to an agency agreement (the "**Agency Agreement**") dated on or around the Closing Date and made between the Issuer, the Note Trustee, Elavon Financial Services D.A.C., UK Branch as principal paying agent (in such capacity, the "**Principal Paying Agent**" and, together with any further or other paying agent appointed under the Agency Agreement, the "**Paying Agent**") Elavon Financial Services D.A.C., UK Branch as registrar (in such capacity, the "**Registrar**") and Elavon Financial Services D.A.C., UK Branch as agent bank (in such capacity, the "**Agent Bank**"), provision is made for, *inter alia*, the payment of amounts in respect of the Residual Certificates.

The statements in these Residual Certificates Conditions include summaries of, and are subject to, the detailed provisions of the Trust Deed, the Deed of Charge, the Agency Agreement and a incorporated terms memorandum (the "**Incorporated Terms Memorandum**") entered into by, among others, the Issuer, the Note Trustee and the Security Trustee on the Closing Date and the other Transaction Documents (as defined therein).

Physical copies of the Trust Deed, the Deed of Charge, the Agency Agreement, the Incorporated Terms Memorandum and the other Transaction Documents are available for inspection during normal business hours at the specified office for the time being of each of the Principal Paying Agents. The Certificateholders are entitled to the benefit of, are bound by, and are deemed to have notice of, all the provisions of the Transaction Documents applicable to them.

### 2. INTERPRETATION

#### 2.1 Definitions

Capitalised terms not otherwise defined in these Residual Certificates Conditions shall bear the meanings given to them in the Incorporated Terms Memorandum available as described above.

#### 2.2 Interpretation

These Residual Certificates Conditions shall be construed in accordance with the principles of construction set out in the Incorporated Terms Memorandum.

### 3. FORM AND TITLE

#### 3.1 Form and Denomination

Each Residual Certificate will initially be represented by a global residual certificate in registered form (a "**Global Residual Certificate**").

For so long as any of the Residual Certificates are represented by a Global Residual Certificate, transfers and exchanges of beneficial interests in such Global Residual Certificate and entitlement to payments thereunder will be effected subject to and in accordance with the rules and procedures

from time to time of Euroclear Bank SA/NV ("**Euroclear**") or Clearstream Banking, S.A. ("**Clearstream, Luxembourg**"), as appropriate. The Global Residual Certificate will be deposited with and registered in the name of a nominee of a common depository for Euroclear and Clearstream, Luxembourg.

A Global Residual Certificate will be exchanged for the relevant Residual Certificate in definitive registered form (such exchanged Global Residual Certificate in definitive registered form, the "**Definitive Residual Certificates**") only if either of the following applies:

- (a) both Euroclear and Clearstream, Luxembourg:
  - (i) are closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise); or
  - (ii) announce an intention permanently to cease business or to cease to make their book-entry systems available for settlement of beneficial interests in the Global Residual Certificate and do in fact do either of those things,and in either case no alternative clearing system satisfactory to the Note Trustee is available; or
- (b) as a result of any amendment to, or change in, the laws or regulations of the United Kingdom (or of any political subdivision thereof) or of any authority therein or thereof having power to tax, or in the interpretation or administration by a revenue authority or a court or in the application of such laws or regulations which become effective on or after the Closing Date, the Issuer or any Paying Agent is or will be required to make any deduction or withholding for or on account of tax from any payment in respect of the Residual Certificates which would not be required were the relevant Residual Certificates in definitive registered form.

If Definitive Residual Certificates are issued in respect of Residual Certificates originally represented by a Global Residual Certificate, the beneficial interests represented by such Global Residual Certificate shall be exchanged by the Issuer for the relevant Residual Certificates in registered definitive form.

Definitive Residual Certificates will be serially numbered and will be issued in registered form only.

References to "Residual Certificates" in these Residual Certificates Conditions shall include the Global Residual Certificate and the Definitive Residual Certificates.

### 3.2 **Title**

Title to the Global Residual Certificate shall pass by and upon registration in the register (the "**Register**") which the Issuer shall procure to be kept by the Registrar. The registered holder of a Global Residual Certificate may (to the fullest extent permitted by applicable laws) be deemed and treated at all times, by all persons and for all purposes (including the making of any payments), as the absolute owner of such Global Residual Certificate regardless of any notice of ownership, theft or loss or any trust or other interest therein or of any writing thereon (other than the endorsed form of transfer).

Title to Definitive Residual Certificates shall only pass by and upon registration of the transfer in the Register.

Definitive Residual Certificates may be transferred upon the surrender of the relevant Definitive Residual Certificate, with the form of transfer endorsed on it duly completed and executed, at the specified office of the Registrar. All transfers of Definitive Residual Certificates are subject to any restrictions on transfer set out on the Definitive Residual Certificates and the detailed regulations concerning transfers in the Agency Agreement.

Each new Definitive Residual Certificate to be issued upon transfer of such Definitive Residual Certificate will, within five Business Days of receipt and surrender of such Definitive Residual

Certificate (duly completed and executed) for transfer, be available for delivery at the specified office of the Registrar or be mailed at the risk of the transferee entitled to such Definitive Residual Certificate to such address as may be specified in the relevant form of transfer.

Registration of a Definitive Residual Certificate on transfer will be effected without charge by the Registrar, but subject to payment of (or the giving of such indemnity as the Registrar may require for) any tax, stamp duty or other government charges which may be imposed in relation to it.

#### 4. STATUS AND SECURITY

##### 4.1 Status of the Residual Certificates

The Residual Certificates constitute direct, secured and (subject to the limited recourse provision in Residual Certificates Condition 11.3 (*Limited Recourse*)) unconditional obligations of the Issuer, and represent the Issuer's obligation to pay further consideration for its purchase of the Mortgage Portfolio, consisting of the Residual Payments. The Residual Certificates rank *pro rata* and *pari passu* without preference or priority among themselves in relation to payments on the Residual Certificates. Residual Payments will be made subject to and in accordance with the Pre-Enforcement Revenue Priority of Payments, Pre-Enforcement Redemption Priority of Payments and Post-Enforcement Priority of Payments.

The Trust Deed and the Deed of Charge contain provisions requiring the Note Trustee and the Security Trustee (acting on the instructions of the Note Trustee), respectively, to have regard to the interests of the Certificateholders equally as regards all rights, powers, trusts, authorities, duties and discretions of the Note Trustee and the Security Trustee (acting on the instructions of the Note Trustee) but requiring the Note Trustee in any such case to have regard (except as expressly provided otherwise) to the interests of the Noteholders for so long as there are any Notes outstanding (except where expressly provided otherwise).

##### 4.2 Security

- (i) **Bank accounts:** have an interest in any bank account other than the Issuer Account, unless such account or interest therein is charged to the Security Trustee on terms acceptable to the Security Trustee;
- (j) **Purchase Residual Certificates:** purchase or otherwise acquire any Residual Certificates; or
- (k) **U.S. activities:** engage in any activities in the United States (directly or through agents), or derive any income from United States sources as determined under United States income tax principles, or hold any property if doing so would cause it to be engaged in a trade or business within the United States as determined under United States income tax principles.

## 6. RESIDUAL PAYMENTS

### 6.1 Right to Residual Payments

Each Residual Certificate represents a *pro rata* entitlement to receive Residual Payments by way of further consideration for the purchase by the Issuer of the Mortgage Portfolio.

### 6.2 Payment

13. **INDEMNIFICATION AND EXONERATION OF THE NOTE TRUSTEE AND THE SECURITY TRUSTEE**

The Trust Deed and the Deed of Charge contain provisions governing the responsibility (and relief from responsibility) of the Note Trustee and the Security Trustee respectively and providing for their indemnification in certain circumstances, including provisions relieving them from taking action or, in the case of the Security Trustee, enforcing the Security, unless indemnified and/or prefunded and/or secured to their satisfaction.

The Trust Deed and the Deed of Charge also contain provisions pursuant to which the Note Trustee and the Security Trustee are entitled, *inter alia*, (a) to enter into business transactions with the Issuer and/or any other party to any of the Transaction Documents and to act as trustee for the holders of any other securities issued or guaranteed by, or relating to, the Issuer and/or any other party to any of the Transaction Documents, (b) to exercise and enforce its rights, comply with its obligations and perform its duties under or in relation to any such transactions or, as the case may be, any such trusteeship without regard to the interests of, or consequences for, individual Certificateholders and (c) to retain and not be liable to account for any profit made or any other amount or benefit received thereby or in connection therewith.

14. **REPLACEMENT OF RESIDUAL CERTIFICATES**

If any Residual Certificate is mutilated, defaced, lost, stolen or destroyed, it may be replaced at the specified office of the Registrar subject to all applicable laws. Replacement of any mutilated, defaced, lost, stolen or destroyed Residual Certificate will only be made on payment of such costs as may be incurred in connection therewith and on such terms as to evidence and indemnity as the Issuer may reasonably require. A mutilated or defaced Residual Certificate must be surrendered before a new one will be issued.

## 15. NOTICE TO CERTIFICATEHOLDERS

### 15.1 Publication of Notice

- (a) While the Residual Certificates are represented by a Global Residual Certificate, the Issuer or the Note Trustee shall deliver any notice to Certificateholders to Euroclear and/or Clearstream, Luxembourg for communication by them to Certificateholders. Any notice delivered to Euroclear and/or Clearstream, Luxembourg, as aforesaid, shall be deemed to have been given on the day of such delivery.
- (b) Any notice to Certificateholders may also be validly given if published, at the option of the Issuer, in the *Financial Times* or, if such newspaper shall cease to be published, or if timely publication therein is not practicable, in such other English newspaper or newspapers as the Note Trustee shall approve in advance having a general circulation in the United Kingdom, **provided that** if, at any time, (i) the Issuer procures that the information concerned in such notice shall appear on a page of the Bloomberg screen or any other medium for electronic display of data as may be previously approved in writing by the Note Trustee and notified to Certificateholders (in each case a "**Relevant Screen**"), or (ii) paragraph (a) above applies and the Issuer has so elected, publication in the newspaper set out above or such other newspaper or newspapers shall not be required with respect to such notice. Any such notice shall be deemed to have been given on the date of such publication or, if published more than once or on different dates, on the first date on which publication shall have been made in the newspaper or newspapers in which (or on the Relevant Screen) publication is required.
- (c) In respect of Definitive Residual Certificates, notices to Certificateholders will be sent to them by (i) email or (ii) first class post (or its equivalent) or (if posted to an address outside the United Kingdom) by airmail, at the respective email addresses or addresses (as the case may be) on the Register. Any such notice sent by post will be deemed to have been given on the fourth day after the date of posting and any notice sent by email shall be deemed to have been given at the time of dispatch **provided that** in the case of a notice given by email a confirmation of receipt is received by the sending party.

### 15.2 Note Trustee's Discretion to Select Alternative Method

The Note Trustee shall be at liberty to sanction some other method of giving notice to the Certificateholders or category of them if, in its sole opinion, such other method is reasonable having regard to market practice then prevailing and to the requirements of the quotation systems on or by which the Residual Certificates are then quoted and/or traded and **provided that** notice of such other method is given to the Certificateholders in such manner as the Note Trustee shall require.

## 16. REPLACEMENT RESIDUAL CERTIFICATES

If the Issuer Substitution Condition is satisfied, the Issuer may, without the consent of the Certificateholders, issue replacement residual certificates to replace the Residual Certificates, which shall have terms and conditions which may differ from the terms and conditions of the Residual Certificates which it replaces.

## 17. JURISDICTION AND GOVERNING LAW

### 17.1 Jurisdiction

- (a) Subject to Residual Certificates Condition 17.1(b), the Courts of England (the "**Courts**") are to have exclusive jurisdiction to settle any disputes that may arise out of or in connection with the Notes, the Residual Certificates and the Transaction Documents (including a dispute relating to non-contractual obligations or a dispute regarding the existence, validity or termination of any of the Notes, the Residual Certificates or the Transaction Documents or the consequences of their nullity) and accordingly any legal action or proceedings arising out of or in connection with the Notes and/or the Residual Certificates and/or the Transaction Documents may be brought in such Courts.

- (b) This Residual Certificates Condition 17.1 (*Jurisdiction*) is for the benefit of the Note Trustee and Security Trustee only. As a result, and notwithstanding Residual Certificates Condition 17.1(a) above, this Condition does not prevent the Note Trustee and/or the Security Trustee taking proceedings relating to any dispute in any other courts with jurisdiction. Further, to the extent allowed by law, the Note Trustee and/or the Security Trustee may take concurrent proceedings in any number of jurisdictions.

17.2 **Governing Law**

The Transaction Documents, the Notes, the Residual Certificates and these Residual Certificates Conditions (and any non-contractual obligations arising out of or in connection with them) are governed by, and shall be construed in accordance with, English law.

18. **RIGHTS OF THIRD PARTIES**

No rights are conferred on any person under the Contracts (Rights of Third Parties) Act 1999 to enforce any term of the Residual Certificates or these Residual Certificates Conditions, but this does not affect any right or remedy of any person which exists or is available apart from that Act.

## TAXATION

### **United Kingdom Taxation**

*The following is a summary of the United Kingdom withholding taxation treatment at the date hereof in relation to payments of principal and interest in respect of the Notes. It is based on current law and the practice of Her Majesty's Revenue and Customs ("HMRC"), which may be subject to change, sometimes with retrospective effect. The comments do not deal with other United Kingdom tax aspects of acquiring, holding or disposing of the Notes. The comments relate only to the position of persons who are absolute beneficial owners of the Notes. The following is a general guide for information purposes and should be treated with appropriate caution. It is not intended as tax advice and it does not purport to describe all of the tax considerations that may be relevant to a prospective purchaser. Noteholders who are in any doubt as to their tax position should consult their professional advisers. Noteholders who may be liable to taxation in jurisdictions other than the United Kingdom in respect of their acquisition, holding or disposal of the Notes are particularly advised to consult their professional advisers as to whether they are so liable (and if so under the laws of which jurisdictions), since the following comments relate only to certain United Kingdom taxation aspects of payments in respect of the Notes. In particular, Noteholders should be aware that they may be liable to taxation under the laws of other jurisdictions in relation to payments in respect of the Notes even if such payments may be made without withholding or deduction for or on account of taxation under the laws of the United Kingdom.*

### **United Kingdom Withholding Tax**

The Notes issued by the Issuer which carry a right to interest will constitute "quoted Eurobonds" provided they are and continue to be listed on a recognised stock exchange. Whilst the Notes are and continue to be quoted Eurobonds, payments of interest on the Notes may be made without withholding or deduction for or on account of United Kingdom income tax.

Securities will be "listed on a recognised stock exchange" for this purpose if they are admitted to trading on an exchange designated as a recognised stock exchange by an order made by the Commissioners for HMRC and either they are included in the United Kingdom official list (within the meaning of Part 6 of the Financial Services and Markets Act 2000) or they are officially listed, in accordance with provisions corresponding to those generally applicable in European Economic Area states, in a country outside the United Kingdom in which there is a recognised stock exchange.

The Euronext Dublin is a recognised stock exchange. The Issuer's understanding of current HMRC practice is that securities which are officially listed and admitted to trading on the Regulated Market of Euronext Dublin are regarded as "listed on a recognised stock exchange" for these purposes.

In all cases falling outside the exemption described above, interest on the Notes may fall to be paid under deduction of United Kingdom income tax at the basic rate (currently 20 per cent.) subject to such relief as may be available following a direction from HMRC pursuant to the provisions of any applicable double taxation treaty, or to any other exemption which may apply.

### **Other Rules Relating to United Kingdom Withholding Tax**

Where interest has been paid under deduction of United Kingdom income tax, Noteholders who are not resident in the United Kingdom may be able to recover all or part of the tax deducted if there is an appropriate provision in any applicable double taxation treaty.

The references to "**interest**" above mean "interest" as understood in United Kingdom tax law. The statements above do not take any account of any different definitions of "interest" or "principal" which may prevail under any other law.

The above description of the United Kingdom withholding tax position assumes that there will be no substitution of an issuer pursuant to Condition 13.22 (*Issuer Substitution Condition*) or otherwise and does not consider the tax consequences of any such substitution.

### **Foreign Account Tax Compliance Act**

Pursuant to certain provisions of the U.S. Internal Revenue Code of 1986, commonly known as FATCA, a "**foreign financial institution**" may be required to withhold on certain payments it makes ("**foreign**

**passthru payments**") to persons that fail to meet certain certification, reporting, or related requirements. The Issuer is a foreign financial institution for these purposes. A number of jurisdictions (including the jurisdiction of the Issuer) have entered into, or have agreed in substance to, intergovernmental agreements ("**IGAs**") with the United States to implement FATCA, which modify the way in which FATCA applies in their jurisdictions. Under the provisions of IGAs as currently in effect, a foreign financial institution in an IGA jurisdiction would generally not be required to withhold under FATCA or an IGA from payments that it makes. Certain aspects of the application of the FATCA provisions and IGAs to instruments such as the Securities, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Securities, are uncertain and may be subject to change. Even if withholding would be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Securities, such withholding would not apply prior to the date that is two years after the publication of the final regulations defining "foreign passthru payment". Holders should consult their own tax advisers regarding how these rules may apply to their investment in the Securities. In the event any withholding would be required pursuant to FATCA or an IGA with respect to payments on the Securities, no person will be required to pay additional amounts as a result of the withholding.

### **ERISA CONSIDERATIONS FOR INVESTORS**

The Notes may not be acquired by a "Benefit Plan Investor" or a governmental, church or non-U.S. plan which is subject to federal, state, local or non-U.S. laws which are similar to the prohibited transaction provisions of Section 406 of the U.S. Employee Retirement Income Security Act of 1974, as amended ("**ERISA**") or Section 4975 of the U.S. Internal Revenue Code of 1986, as amended (the "**Code**"). A Benefit Plan Investor is defined as an (i) employee benefit plan as defined in Section 3(3) of ERISA, which is subject to Title I of ERISA, (ii) a plan described in and subject to Section 4975 of the Code, or (iii) an entity whose underlying assets include plan assets by reason of a plan's investment in the entity under U.S. Department of Labor Regulations § 2510.3-101 (29 C.F.R. § 2510.3-101) as modified by Section 3(42) of ERISA. Each investor, in purchasing and holding the Notes shall be deemed to represent that it is not, and is not using the assets of, a Benefit Plan Investor or such a governmental, church or non-U.S. plan.

### **Australia**

No prospectus or other disclosure document (as defined in the Corporations Act 2001 (Cth) of Australia (the "**Corporations Act**")) in relation to the Notes has been, or will be, lodged with, or registered by, the Australian Securities and Investments Commission ("**ASIC**") or any other regulatory authority in Australia.

  - (ii) the offer or invitation is not made to a person who is a "retail client" within the meaning of section 761G of the Corporations Act;
  - (iii) such action complies with all applicable laws, regulations and directives (including an offer or invitation which is received by a person in Australia); and
  - (iv) such action does not require any document to be lodged with ASIC or any other regulatory authority in Australia.

By purchasing, or making or accepting an offer to purchase, any Notes from the Issuer and/or the Joint Lead Managers, each prospective investor to whom the Notes are issued (an "**Investor**"):

- (a) will be deemed by the Issuer and each of the Joint Lead Managers to have acknowledged that if any Investor on-sells the Notes within 12 months from their issue, the Investor will be required to lodge a prospectus or other disclosure document (as defined in the Corporations Act) with ASIC unless either:
  - (i) that sale is to an investor within one of the categories set out in sections 708(8) or 708(11) of the Corporations Act to whom it is lawful to offer the Notes in Australia without a prospectus or other disclosure document lodged with ASIC; or
  - (ii) the sale offer is received outside Australia; and

As used in this paragraph, "**resident of Japan**" means any person resident in Japan, including any corporation or other entity organised under the laws of Japan.

## Republic of Italy

The offering of the Notes is not registered with the *Commissione Nazionale per le Società e la Borsa* ("CONSOB") (the Italian securities and exchange commission) pursuant to Italian securities legislation and, accordingly, under the Subscription Agreement each of the Issuer and the Joint Lead Managers have represented and agreed that it does not offer, sell or distribute, and will not offer, sell or distribute, any of the relevant Notes or any offering material relating to the Notes in the Republic of Italy by means of an offer to the public of financial products under the meaning of article 1, paragraph 1, letter t) of the Italian Legislative Decree no. 58 of 24 February 1998 (the "**Consolidated Financial Act**") unless an exemption applies. ## Provisions relating to the secondary market in the Republic of Italy

Investors should also note that, in any subsequent distribution of the Notes in the Republic of Italy, Article 100-bis of the Consolidated Financial Act may require compliance with the law relating to public offers of securities. Furthermore, where the Notes are placed solely with "qualified investors" and are then systematically resold on the secondary market at any time in the 12 months following such placing, purchasers of Notes who are acting outside of the course of their business or profession may in certain circumstances be entitled to declare such purchase void and, in addition, to claim damages from any authorised person at whose premises the Notes were purchased, unless an exemption provided for under the Consolidated Financial Act applies.

## Spain

Each of the Joint Lead Managers has represented and agreed that it has only made and will only make an offer of Notes to the public (*oferta pública*) in Spain in the period beginning on the date of notification of the approval of this Prospectus in relation to the Notes by the Central Bank of Ireland to the *Comisión Nacional del Mercado de Valores* (CNMV) in Spain, in accordance with the Recast Text of Securities Market Law (*Texto Refundido de la Ley del Mercado de Valores*) approved by the Royal Decree Legislative 4/2015, of 23 October ("**TRLMV**"), Royal Decree 1310/2005, of 4 November, developing partially the Securities Market Law as regards admission to listing on official secondary markets, public offers and the prospectus required thereto and the regulations made thereunder, and ending at the latest on the date which is 12 months after the date of the approval of the Prospectus.

### **Switzerland**

The Notes may not be publicly offered, sold or advertised, directly or indirectly, in, into or from Switzerland and will not be listed on the SIX Swiss Exchange or on any other exchange or regulated trading facility in Switzerland. Neither this Prospectus nor any other offering or marketing material relating to the Notes constitutes a prospectus as such term is understood pursuant to article 652a or article 1156 of the Swiss Code of Obligations or a listing prospectus within the meaning of the listing rules of the SIX Swiss Exchange or any other regulated trading facility in Switzerland or a simplified prospectus or a prospectus as such term is defined in the Swiss Collective Investment Scheme Act, and neither this Prospectus nor any other offering or marketing material relating to the Notes may be publicly distributed or otherwise made publicly available in Switzerland.

Neither this Prospectus nor any other offering or marketing material relating to the offering, nor the Issuer nor the Notes have been or will be filed with or approved by any Swiss regulatory authority. ### **United Kingdom**

Each of the Joint Lead Managers has represented to and agreed with the Issuer that:

- (a) it has only communicated or caused to be communicated, and will only communicate or cause to be communicated, an invitation or inducement to engage in investment activity (within the meaning of section 21 of the FSMA) received by it in connection with the issue or sale of any Notes in circumstances in which section 21(1) of the FSMA does not apply to the Issuer; and
- (b) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to the Notes in, from or otherwise involving the United Kingdom.

Each of the Joint Lead Managers has acknowledged that, save for having obtained the approval of the Prospectus as a prospectus in accordance with the Prospectus Directive, having applied for the admission of the Notes to the Official List of Euronext Dublin and admission of the Notes to trading on the Regulated Market of Euronext Dublin, no further action has been or will be taken in any jurisdiction by each of the Joint Lead Managers that would, or is intended to, permit a public offering of the Notes, or possession or distribution of the Prospectus or any other offering material in relation to the Notes, in any country or jurisdiction where such further action for that purpose is required.

### **United States**

The Notes have not been and will not be registered under the Securities Act or the securities laws or "blue sky" laws of any state or any other relevant jurisdiction of the United States and therefore may not be offered, sold, resold or otherwise transferred, directly or indirectly within the United States or to, or for the account or benefit of, U.S. persons (as defined under Regulation S) except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and applicable state or local securities laws. Accordingly, the Notes are being offered outside the United States to persons other than U.S. persons (as defined in Regulations S).

Except with the prior written consent of Paratus AMC Limited and where such sale falls within the exemption provided by Rule 20 of the U.S. Risk Retention Rules, the Notes offered and sold by the Issuer may not be purchased by, or for the account or benefit of, any "U.S. Person" as defined in the U.S. Risk Retention Rules. In any event, no more than 10 per cent. of the dollar value of all Classes of Notes and Residual Certificates may be sold or transferred to, or for the account or benefit of the Risk Retention U.S. Persons.

## General

Other than admission of the Notes to the Official List of Euronext Dublin and the admission of the Notes to trading on the Regulated Market of Euronext Dublin, no action has been taken by the Issuer, the Joint Lead Managers or the Seller that would, or is intended to, permit a public offer of the Notes in any country or jurisdiction where any such action for that purpose is required. Accordingly, each of the Joint Lead Managers and the Seller has undertaken that it will not, directly or indirectly, offer or sell any Notes or have in its possession, distribute or publish any offering circular, prospectus, form of application, advertisement or other document or information in respect of the Notes in any country or jurisdiction except under circumstances that will, to the best of its knowledge and belief, result in compliance with any applicable laws and regulations and all offers and sales of Notes by it will be made on the same terms.

To the extent that it would not contravene any undertakings made by the Seller in the Mortgage Sale Agreement, the Seller has undertaken that it will obtain any consent, approval or permission which is, to the best of its knowledge and belief, required for the offer, purchase or sale by it of the Class Z1 Notes and the Class Z2 Notes under the laws and regulations in force in any jurisdiction to which it is subject or in which it makes such offers, purchases or sales and it will, to the best of its knowledge and belief, comply with all such laws and regulations, **provided that** the Seller shall not be liable for any loss arising from the sale of the Class Z1 Notes and the Class Z2 Notes to any person believed in good faith by the Seller, on reasonable grounds and after making reasonable investigations, to be a person to whom the Class Z1 Notes and the Class Z2 Notes could legally be sold or to whom any material could lawfully be given in compliance with the above restrictions and requirements.

Each of the Joint Lead Managers has acknowledged that the Notes may not be purchased or held by, any "employee benefit plan" as defined in Section 3(3) of ERISA, which is subject thereto, any "plan" as defined in Section 4975 of the Code to which Section 4975 of the Code applies, any person any of the assets of which are, or are deemed for purposes of ERISA or Section 4975 of the Code to be, assets of such an "employee benefit plan" or "plan", or by any governmental, church or non-U.S. plan which is subject to any federal, state, local or non-U.S. law that is substantially similar to the provisions of Section 406 of ERISA or Section 4975 of the Code, and each purchaser of such Notes will be deemed to have represented, warranted and agreed that it is not, and for so long as it holds such Notes will not be, such an "employee benefit plan", "plan" or person, or such governmental, church or non-U.S. plan.

Accordingly, the Notes are being offered and sold in offshore transactions pursuant to Regulation S.

### *Investor Representations and Restrictions on Resale*
