The ratings assigned to the Rated Notes by Moody's also address, *inter alia*, the expected loss to a Noteholder in proportion to the Principal Amount Outstanding on the Closing Date of the Class of Notes held by such Noteholder on the Final Maturity Date.

Ratings are expected to be assigned to each class of Rated Notes on or before the Closing Date. Risk Retention Undertaking

On the Closing Date, the Seller will, as an originator for the purposes of the UK Securitisation Regulation (as defined below) and the EU Securitisation Regulation (as defined below) (as in force on the Closing Date), retain on an ongoing basis a material net economic interest of not less than 5 per cent. in the securitisation in accordance with (a) the text of Article 6 of Regulation (EU) No 2017/2402, as it forms part of the domestic law of the United Kingdom by virtue of the European Union (Withdrawal) Act 2018 ("**EUWA**"), the implementing regulatory and technical standards in respect thereof (the "**UK Securitisation Regulation**") (the "**Retention**") and (b) Article 6 of Regulation (EU) 2017/2402 (the "**EU Securitisation Regulation**") (as in force on the Closing Date). As at the Closing Date, the Retention will be satisfied by the Seller selecting and holding a pool of randomly selected exposures equivalent to not less than 5 per cent. of the nominal value of the securitised exposures, where such non-securitised exposures would otherwise have been securitised in the securitisation, as required by the text of each of paragraph (c) of Article 6(3) of the UK Securitisation Regulation and paragraph (c) of Article 6(3) of the EU Securitisation Regulation (as in force on the Closing Date). See the section entitled "*UK Securitisation Regulation and EU Securitisation Regulation Requirements*" for further information.

The transaction described in this Prospectus is not intended to involve the retention by a sponsor of at least 5 per cent. of the credit risk of the securitized assets for purposes of compliance with the final rules promulgated under Section 15G of the Securities Exchange Act of 1934, as amended (the "**U.S. Risk Retention Rules**"), but rather intends to rely on an exemption provided for in Section 20 of the U.S. Risk Retention Rules regarding non-U.S. transactions. See the section entitled "*Risk Factors – U.S. Credit Risk Retention*".

The Volcker Rule

The Issuer is of the view that it is not now, and immediately after giving effect to the offering and sale of the Notes and the Certificates and the application of the proceeds thereof on the Closing Date will not be, a "covered fund" (together with such implementing regulations) for purposes of regulations adopted under Section 13 of the Bank Holding Company Act of 1956, as amended (commonly known as the "**Volcker Rule**"). In reaching this conclusion, although other exemptions or exclusions may be available, the Issuer has relied on the exemption from registration as an "investment company" under Section 3(c)(5) of the United States' Investment Company Act of 1940 which regulates companies that engage in trading securities (the "**Investment Company Act**"), and, accordingly, may rely on the exemption from the definition of a "covered fund" under the Volcker Rule made available to certain issuers that do not rely solely on Section 3(c)(1) or Section 3(c)(7) of the Investment Company Act for their exemption from registration under the Investment Company Act. However, the general effects of the Volcker Rule remain uncertain. If the Issuer is considered a "covered fund", the liquidity of the Notes may be adversely affected, since banking entities could be prohibited from investing the Notes. Any prospective investor in the Notes and the Certificates, including a U.S. or foreign bank or a subsidiary or other affiliate thereof, should consult its own legal advisers regarding such matters and other effects of the Volcker Rule. See the section entitled "*Risk Factors – Effects of the Volcker Rule on the Issuer*".

Amounts payable on the Notes may be calculated by reference to the Sterling Overnight Index Average ("**SONIA**"). At the date of this Prospectus, the

administrator of SONIA is not included in the FCA's register of administrators and benchmarks established and maintained by the FCA in accordance with Article 36 of Regulation (EU) 2016/1011 as it forms part of domestic law of the United Kingdom by virtue of the EUWA (the "**Benchmarks Regulation**"). The Bank of England, as administrator of SONIA, is exempt under Article 2 of the Benchmarks Regulation but has issued a statement of compliance with the principles for financial benchmarks issued in 2013 by the International Organisation of Securities Commissions.

ERISA Considerations The Notes and/or the Certificates may not be purchased or held by any "employee benefit plan" as defined in Section 3(3) of the U.S. Employee Retirement Income Security Act of 1974, as amended ("**ERISA**"), which is subject thereto, or any "plan" as defined in Section 4975 of the U.S. Internal Revenue Code of 1986, as amended (the "**Code**") to which Section 4975 of the Code applies, or by any person any of the assets of which are, or are deemed for purposes of ERISA or Section 4975 of the Code to be, assets of such an "employee benefit plan" or "plan", or by any governmental, church or non-U.S. plan which is subject to any state, local, other federal law of the United States or non-U.S. law that is substantially similar to the provisions of Section 406 of ERISA or Section 4975 of the Code ("**Similar Law**"), and each purchaser of the Notes and/or Certificates will be deemed to have represented, warranted and agreed that it is not, and for so long as it holds the Notes and/or Certificates will not be, such an "employee benefit plan", "plan", person or governmental, church or non-U.S. plan subject to Similar Law.

Significant Investor On the Closing Date, the Seller will:

- (a) subscribe and pay for all of the Notes and the Certificates; and
- (b) receive (but not purchase) all of the Certificates in partial satisfaction of the consideration due and payable by the Issuer for the Portfolio, following which, the Seller will transfer all of the Certificates to one or more third-party investors.

To the best of the knowledge of the Corporate Services Provider, the information contained in the section referred to in this paragraph is in accordance with the facts and does not omit anything likely to affect the import of such information. No representation, warranty or undertaking, express or implied, is made and no responsibility or liability is accepted by the Corporate Services Provider as to the accuracy or completeness of any information contained in this Prospectus (other than in the section referred to above) or any other information supplied in connection with the Notes and the Certificates or their distribution.

The Co-Arrangers and the Joint Lead Managers have not been responsible for providing and have not provided support, advice or otherwise to the Issuer or Shawbrook in complying with the risk retention, disclosure and transparency obligations imposed on them under (i) the UK Securitisation Regulation (on an ongoing basis) and/or (ii) the EU Securitisation Regulation (as in force on the Closing Date), in particular Articles 6 and 7 of the UK Securitisation Regulation and Articles 6 and 7 of the EU Securitisation Regulation (as in force on the Closing Date).

No person is authorised to give any information or to make any representation in connection with the offering or sale of the Notes and the Certificates other than those contained in this Prospectus and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer, the Seller, the Trustee, the Co-Arrangers, the Joint Lead Managers or any of their respective affiliates or advisers. Neither the delivery of this Prospectus nor any sale or allotment made in connection with the offering of the Notes and the Certificates shall, under any circumstances, create any implication or constitute a representation that there has been no change in the affairs of the Issuer or the Seller in the other information contained herein since the date hereof. The information contained in this Prospectus was obtained from the issuer and the other sources identified herein, but no assurance can be given by the Trustee, the Seller, the Joint Lead Managers or the Co-Arrangers as to the accuracy or completeness of such information. None of the Co-Arrangers, the Joint Lead Managers, the Seller or the Trustee have separately verified the information contained herein. Accordingly, none of the Co-Arrangers, the Joint Lead Managers, or the Trustee makes any representation, warranty or undertaking, express or implied, or accepts any responsibility, nor liability, with respect to the accuracy or completeness of any of the information in this Prospectus or any document or agreement relating to the Notes and the Certificates or any Transaction Document. None of the Trustee, the Co-Arrangers or the Joint Lead Managers shall be responsible for, any matter which is the subject of, any statement, representation, warranty or covenant of the Issuer contained in the Notes, the Certificates or any Transaction Documents, or any other agreement or document relating

to the Notes, the Certificates or any Transaction Document, or for the execution, legality, effectiveness, adequacy, genuineness, validity, enforceability or admissibility in evidence thereof. In making an investment decision, investors must rely on their own examination of the terms of this offering, including the merits and risks involved. The contents of this Prospectus should not be construed as providing legal, business, accounting or tax advice. Each prospective investor should consult its own legal, business, accounting and tax advisers prior to making a decision to invest in the Notes and/or the Certificates.

This Prospectus does not constitute an offer of, or an invitation by or on behalf of, the Issuer, the Seller, the Trustee, the Joint Lead Managers, Shawbrook, the Co-Arrangers, or any of them to subscribe for or purchase any of the Notes or the Certificates in any jurisdiction where such action would be unlawful and neither this Prospectus, nor any part thereof, may be used for or in connection with any offer to, or solicitation by, any person in any jurisdiction or in any circumstances in which such offer or solicitation is not authorised or to any person to whom it is unlawful to make such offer or solicitation.

Payments of interest and principal in respect of the Notes and payments in respect of the Certificates will be subject to any applicable withholding taxes without the issuer or any other person being obliged to pay additional amounts to compensate Noteholders or Certificateholders, as applicable, for the lesser amounts the Noteholders or Certificateholders, as applicable, may receive as a result of such withholding.

In this Prospectus all references to "**pounds**", "**sterling**", "**GBP**" and "**£**" are references to the lawful currency for the time being of the United Kingdom of Great Britain and Northern Ireland (the "**United Kingdom**" or "**UK**").

In this Prospectus all references to the "**FCA**" are to the United Kingdom Financial Conduct Authority and all references to the "**PRA**" are to the United Kingdom Prudential Regulation Authority, which together replaced the Financial Services Authority (the "**FSA**") pursuant to the provisions of the UK Financial Services Act 2012.

In this Prospectus, words denoting the singular number only shall include the plural number and *vice versa* and words denoting one gender shall include all genders, as the context may require. A defined term in the plural which refers to a number of different items or matters may be used in the singular or plural to refer to any (or any set) of those items or matters.

Forward-Looking Statements

Certain matters contained herein are forward-looking statements. Such statements appear in a number of places in this Prospectus, including with respect to assumptions on prepayment and certain other characteristics of the Loans, and reflect significant assumptions and subjective judgements by the Issuer that may not prove to be correct. Such statements may be identified by reference to a future period or periods and the use of forward-looking terminology such as "may", "will", "could", "believes", "expects", "anticipates", "continues", "intends", "plans" or similar terms. Consequently, future results may differ from the Issuer's expectations due to a variety of factors, including (but not limited to) the economic environment and regulatory changes in the residential mortgage industry in the United Kingdom. Moreover, past financial performance should not be considered a reliable indicator of future performance and prospective purchasers of the Notes and the Certificates are cautioned that any such statements are not guarantees of performance and involve risks and uncertainties, many of which are beyond the control of the Issuer. None of the Trustee, the Co-Arrangers or the Joint Lead Managers has attempted to verify any such statements, nor does it make any representations, express or implied, with respect thereto. Prospective purchasers should therefore not place undue reliance on any of these forward-looking statements. None of the Issuer, the Trustee, the Co-Arrangers or the Joint Lead Managers assumes any obligation to update these forward-looking statements or to update the reasons for which actual results could differ materially from those anticipated in the forward-looking statements.

RISK FACTORS

The following is a description of the principal risks associated with an investment in the Notes and the Certificates. These risk factors are material to an investment in the Notes and the Certificates. Prospective Noteholders and Certificateholders should carefully read and consider all the information contained in this Prospectus, including the risk factors set out in this section, prior to making any investment decision.

An investment in the Notes and the Certificates is only suitable for investors experienced in financial matters who are in a position to fully assess the risks relating to such an investment and who have sufficient financial means to suffer any potential loss stemming therefrom.

The Issuer believes that the risks described below are the material risks inherent in the transaction for Noteholders and Certificateholders, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with any Notes or Certificates may occur for other reasons and the Issuer does not represent that the statements below regarding the risks relating to the Notes and the Certificates are exhaustive. Additional risks or uncertainties not presently known to the Issuer or that the Issuer currently considers immaterial may also have an adverse effect on the Issuer's ability to pay interest, principal or other amounts in respect of the Notes and the Certificates. Prospective Noteholders and Certificateholders should read the detailed information set out in this document and reach their own views, together with their own professional advisers, prior to making any investment decision.

The purchase of the Notes and the Certificates involves substantial risks and is suitable only for sophisticated investors who have the knowledge and experience in financial and business matters necessary to enable them to evaluate the risks and the merits of an investment in the Notes and the Certificates. Before making an investment decision, prospective purchasers of the Notes and the Certificates should: (i) ensure that they understand the nature of the Notes and the Certificates and the extent of their exposure to risk; (ii) consider carefully, in the light of their own financial circumstances and investment objectives (and those of any accounts for which they are acting) and in consultation with such legal, financial, regulatory and tax advisers as it deems appropriate, all the information set out in this Prospectus so as to arrive at their own independent evaluation of the investment; and (iii) confirm that an investment in the Notes and the Certificates is fully consistent with their respective financial needs, objectives and any applicable investment restrictions and is suitable for them. The Notes and the Certificates are not a conventional investment and carry various unique investment risks, which prospective investors should understand clearly before investing in them. In particular, an investment in the Notes and the Certificates involves the risk of a partial or total loss of investment.

GENERAL CREDIT STRUCTURE RISKS

Liabilities under the Notes and the Certificates

The Notes and the Certificates will not be obligations of, or the responsibility of, or guaranteed by, any person other than the Issuer. No liability whatsoever in respect of any failure by the Issuer to pay any amount due under the Notes and the Certificates shall be accepted by any of the Transaction Parties or by any person other than the Issuer.

Limited recourse

The Notes and the Certificates will be limited recourse obligations of the Issuer. Other than the source of funds referred to in the following paragraph, the Issuer is not expected to have any other funds available to it to meet its obligations under the Notes and the Certificates. Upon enforcement of the Security by the Trustee, if:

- (a) there are no Charged Assets remaining which are capable of being realised or otherwise converted into cash;
- (b) all amounts available from the Charged Assets have been applied to meet or provide for the relevant obligations specified in, and in accordance with, the provisions of the Deed of Charge; and
- (c) there are insufficient amounts available from the Charged Assets to pay in full, in accordance with the provisions of the Deed of Charge, amounts outstanding under the Notes (including payments of principal and interest) and payments under the Certificates,

then the Secured Creditors (which include the Noteholders and Certificateholders) shall have no further claim against the Issuer or its directors, shareholders, officers or successors in respect of any amounts owing to them which remain unpaid (in the case of the Noteholders, principally payments of principal and interest in respect of the Notes and in the case of Certificateholders, payments thereunder) and such unpaid amounts shall be deemed to be discharged in full and any relevant payment rights shall be extinguished.

Limited source of Funds

The ability of the Issuer to meet its obligations to pay principal and interest on the Notes and payments under the Certificates and its operating and administrative expenses will be dependent solely on receipts from the Loans in the Portfolio, interest earned on the Issuer Accounts (other than amounts representing interest earned on any Swap Collateral), income from any Authorised Investments (other than any amount of income received in respect of any Authorised Investments funded by Swap Collateral), the Class A and Class B Liquidity Reserve Fund and the General Reserve Fund (applied in accordance with the terms of the Cash Management Agreement) and the net receipts under the Swap Agreement. Other than the foregoing, the Issuer is not expected to have any other funds available to it to meet its obligations under the Notes and the Certificates and/or any other payment obligation of the Issuer under the applicable Priority of Payments including in respect of any increased margin applicable to the Notes following the Optional Redemption Date. If such funds are insufficient, any such insufficiency will be borne by the Noteholders, Certificateholders and the other Secured Creditors, subject to the applicable Priority of Payments. The recourse of the Noteholders and the Certificateholders to the Charged Assets following delivery of an Enforcement Notice is described below (see further "*Security and insolvency considerations*" below).

Credit risk

The Issuer is subject to the risk of default in payment by the Borrowers and the failure by the Servicer, on behalf of the Issuer, to realise or recover sufficient funds under the arrears and default procedures in respect of any Loan and its Related Security in order to discharge all amounts due and owing by the relevant Borrower(s) under such Loan, which may adversely affect payments on the Notes and the Certificates. This risk is mitigated to some extent by certain credit enhancement features which are described in the section entitled "*Credit Structure*". However, no assurance can be made as to the effectiveness of such credit enhancement features, or that such credit enhancement features will protect the Noteholders and Certificateholders from all risk of loss. Should there be credit losses arising in respect of the Loans, this could have an adverse effect on the ability of the Issuer to make payments of interest and/or principal on the Notes and payments under the Certificates.

Liquidity of the Issuer

The Issuer is subject to the risk of insufficiency of funds on any Interest Payment Date as a result of payments being made late by Borrowers (if, for example, such payment is made after the end of the Calculation Period immediately preceding the Interest Payment Date). This risk is addressed in respect of the Notes by the provision of liquidity from alternative sources including: (i) in the case of the Class A Notes and the Class B Notes, the Class A and Class B Liquidity Reserve Fund Release Amounts (subject to the limitations set out in the definition of Class A and Class B Liquidity Deficit); (ii) in the case of all of the Notes (other than the Class X1 Notes and the Class X2 Notes), the General Reserve Fund Release Amounts (subject to the limitations set out in the definition of Revenue Deficit) and the use of Principal Addition Amounts (subject to the limitations set out in the definition of Senior Expenses Deficit); and (iii) in the case of all of the Notes, the General Reserve Fund Excess Amounts and the Liquidity Reserve Fund Excess Amounts. However, no assurance can be made as to the effectiveness of such liquidity support features, or that such features will protect the Noteholders from all risk of delayed payment and/or loss.

Subordination of the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes, the Class X1 Notes, the Class X2 Notes and the Certificates

The Class A Notes rank *pro rata* and *pari passu* without preference or priority among themselves in relation to payment of interest and principal at all times, as provided in the Conditions and the Transaction Documents.

The Class B Notes rank *pro rata* and *pari passu* without preference or priority among themselves in relation to payment of interest and principal at all times, but subordinate to the Class A Notes, as provided in the Conditions and the Transaction Documents.

The Class C Notes rank *pro rata* and *pari passu* without preference or priority among themselves in relation to payment of interest and principal at all times, but subordinate to the Class A Notes and the Class B Notes, as provided in the Conditions and the Transaction Documents.

The Class D Notes rank *pro rata* and *pari passu* without preference or priority among themselves in relation to payment of interest and principal at all times, but subordinate to the Class A Notes, the Class B Notes and the Class C Notes, as provided in the Conditions and the Transaction Documents.

The Class E Notes rank *pro rata* and *pari passu* without preference or priority among themselves in relation to payment of interest and principal at all times, but subordinate to the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes, as provided in the Conditions and the Transaction Documents.

The Class X1 Notes rank *pro rata* and *pari passu* without preference or priority among themselves in relation to payment of interest and principal at all times, but subordinate to the Class A Notes, the Class B Notes, the Class C Notes, Class D Notes and the Class E Notes. Prior to the delivery of an Enforcement Notice, the Class X1 Notes will rank, in relation to payments of principal, subordinate to payments of interest due in respect of the Class X2 Notes.

The Class X2 Notes rank *pro rata* and *pari passu* without preference or priority among themselves in relation to payment of interest and principal at all times, but subordinate to the Class A Notes, the Class B Notes, the Class C Notes, Class D Notes and the Class E Notes. Prior to the delivery of an Enforcement Notice, the Class X2 Notes will rank, in relation to payments of interest, subordinate to payments of interest on the Class X1 Notes and, in relation to payments of principal, subordinate to payments of principal due on the Class X1 Notes. From and including the delivery of an Enforcement Notice, the Class X2 Notes will rank, in relation to payments of interest and principal, subordinate to all payments due in respect of the Class X1 Notes.

The RC1 Certificates rank *pro rata* and *pari passu* without preference or priority among themselves in relation to RC1 Payments at all times and are subordinate to all payments due in respect of the Notes.

The RC2 Certificates rank *pro rata* and *pari passu* without preference or priority among themselves in relation to RC2 Payments at all times, and are subordinate to all payments due in respect of the Notes.

In addition to the above, payments on the Notes and the Certificates are subordinate to payments of certain fees, costs and expenses payable to the other Secured Creditors (including, amongst others, the Trustee, the Issuer Account Bank, the Swap Provider (other than (in respect of the Notes) certain subordinated swap payments), the Servicer, the Back-Up Servicer Facilitator, the Cash Manager, the Paying Agents, the Registrar and the Agent Bank) and certain third parties. For further information on the likely costs payable to such Secured Creditors, please see "*Transaction Overview – Fees*" below.

To the extent that the Issuer does not have sufficient funds to satisfy its obligations to all its creditors, the holders of the lower ranking Notes and the Certificates will be the first to see their claims against the Issuer unfulfilled. However, there is no assurance that these subordination provisions will protect the holders of the more senior classes of Notes (including the Most Senior Class of Notes) from all or any risk of loss.

The priority of the Notes and the Certificates are further set out in "*Cashflows – Application of Available Revenue Receipts Prior to Delivery of an Enforcement Notice on the Issuer*", "*Cashflows – Application of Available Redemption Receipts prior to the delivery of an Enforcement Notice on the Issuer*" and "*Cashflows – Distributions Following the Delivery of an Enforcement Notice on the Issuer*".

There is no assurance that these subordination rules will protect the holders of Notes from all risk of loss.

Limitations on enforcement

No Noteholder or Certificateholder shall be entitled to proceed directly against the Issuer or any other party to any of the Transaction Documents to enforce the performance of any of the provisions of the Transaction Documents and/or to take any other proceedings (including lodging an appeal in any proceedings) in respect of or concerning the Issuer unless the Trustee, having become bound so to do, fails to do so within a reasonable period and such failure shall be continuing, **provided that** no Noteholder or Certificateholder shall be entitled to take any steps or proceedings to procure the winding up, administration or liquidation of the Issuer in any circumstances.

No additional sources of funds after the Optional Redemption Date

As of the Optional Redemption Date, the margin on the Notes will be increased. There will, however, be no additional receipts or other sources of funds available to the Issuer at such time, nor is it expected that any of the sources of income available to the Issuer prior to the Optional Redemption Date will be increased. In such circumstances the Issuer may not have sufficient funds to pay all amounts of interest (including any increased Relevant Step-Up Margin on the Notes).

Termination payments under the Swap Transaction

The Swap Transaction may be terminated and a termination payment by either the Issuer or the Swap Provider may be payable to the other party. The amount of such payment will be based on:

- (a) where the Swap Transaction is terminated due to a Swap Provider Default, Swap Provider Downgrade Event or certain other limited circumstances as set out in the Swap Agreement, on the market value of the terminated swap as determined on the basis of quotations sought from leading dealers as to the costs of entering into a transaction with the same terms and conditions that would have the effect of preserving the economic equivalent of the respective full payment obligations of the parties (or based upon a good faith determination of total losses and costs (or gains) if an insufficient number of quotations can be obtained or if basing the valuation on quotations would not produce a commercially reasonable result); or
- (b) where the Swap Transaction is terminated in any other circumstances, in accordance with the close-out methodology as set out in the ISDA Master Agreement which will reflect, amongst other things, the cost of entering into a replacement transaction at the time and third-party market data such as rates, prices, yields and yield curves, or similar information derived from internal sources of the party making the determination.

To the extent a termination payment (along with any additional amounts required to be paid by the Issuer following termination of the Swap Transaction, including any extra costs incurred in entering into a replacement swap or swaps) is due by the Issuer to the Swap Provider and amounts standing to the credit of the Swap Collateral Account that are applied in accordance with the Swap Collateral Account Priority of Payments are not sufficient to satisfy such termination payment, any shortfall shall be paid in accordance with the Priorities of Payment. Any termination payment (and any additional amounts) due to be paid by the Issuer to the Swap Provider in accordance with the Priorities of Payment will rank prior to payments in respect of the Notes and Certificates (other than in respect of any Swap Subordinated Amounts). This may lead to the Issuer not having sufficient funds available to pay interest and principal on the Notes and make payments under the Certificates.

No assurance can be given as to: (i) the ability of the Issuer to enter into one or more replacement swap transactions following the termination of the Swap Transaction; (ii) if a termination payment is due and payable from the Swap Provider to the Issuer, that such termination payment shall be sufficient, to the extent required, to purchase a replacement swap transaction from a replacement Swap Provider; and (iii) if one or more replacement swap transactions are entered into, that the credit rating of the replacement Swap Provider will be sufficiently high to prevent a downgrade of any Notes by the Rating Agencies.

Deferral of Interest Payments on the Notes and Payments under the Certificates

If, on any Interest Payment Date, the Issuer has insufficient funds to make payment in full of all amounts of interest (including any accrued interest thereon) that would otherwise be payable absent the deferral provisions in respect of any Class of Notes (other than the Most Senior Class of Notes and other than where the Most Senior Class is the Class X1 Notes or the Class X2 Notes) after having paid or provided for items of higher priority in the Pre-Enforcement Revenue Priority of Payments, then the Issuer will be entitled under Condition 18 (*Subordination by Deferral*) to defer payment of interest (to the extent of the insufficiency) in respect of the Notes other than the Most Senior Class of Notes (other than where the Most Senior Class is the Class X1 Notes or the Class X2 Notes) until the following Interest Payment Date. Any such deferral in accordance with the Conditions will not constitute an Event of Default. Payments on the Certificates will be dependent on the availability of funds of the Issuer to make such payments after providing for items of higher priority in the Pre-Enforcement Revenue Priority of Payments and failure to pay timely interest on the Most Senior Class of Notes (other than where the Most Senior Class is the Class

X1 Notes or the Class X2 Notes) shall constitute an Event of Default under the Notes which may result in the Trustee enforcing the Security.

Accordingly, in circumstances where there are insufficient funds to make payments in full of amounts of interest on Classes of Notes other than the Most Senior Class of Notes (and other than where the Most Senior Class is the Class X1 Notes or the Class X2 Notes), Noteholders will not receive payment and will be deferred for an undetermined period of time resulting in delays on payment on the Notes other than the Most Senior Class (and other than where the Most Senior Class is the Class X1 Notes or the Class X2 Notes). For the avoidance of doubt, the Issuer may defer payment of amounts of interest on the Class X1 Notes and the Class X2 Notes on any Interest Payment Date, regardless of whether the Class X1 Notes or the Class X2 Notes (as applicable) are the Most Senior Class of Notes at such time.

Considerations Relating to Yield, Prepayments and Mandatory Redemption

The yield to maturity on the Notes will depend on, among other things, the amount and timing of payment of principal and interest on the Loans. Prepayments on the Loans may result from early repayment of the Loans by the relevant Borrower (whether through refinancing or otherwise), sales of Properties by Borrowers (voluntarily or as a result of enforcement proceedings under the relevant Mortgages), as well as the receipt of proceeds under any applicable insurance policies. The yield to maturity of the Notes may be adversely affected by, among other things, a higher or lower than anticipated rate of prepayments on the Loans.

The rate of prepayment of Loans is influenced by a wide variety of economic, social and other factors, including prevailing mortgage market interest rates, the availability of alternative financing programmes, local and regional economic conditions, homeowner mobility and illness (including any illness arising in connection with an epidemic or pandemic). However, the rate of payment cannot be predicted. Subject to the terms and conditions of the Loans, a Borrower may "overpay" or prepay principal at any time. No assurance can be given as to the level of prepayments that the Portfolio will experience. Accelerated prepayments will lead to a reduction in the weighted average life of the Notes. See also the section entitled "*Loans Overpayments and Early Repayment Charges*". Generally, when market interest rates increase, borrowers are less likely to prepay their mortgage loans, while conversely, when market interest rates decrease, borrowers (in particular those paying by reference to a fixed interest rate, where there are no or minimal associated early repayment charges) are generally more likely to prepay their mortgage loans. Borrowers may prepay mortgage loans when they refinance their loans or sell their properties (either voluntarily or as a result of enforcement action taken). In this respect, investors should note that 60 of the Loans in the Provisional Portfolio (with an aggregate Current Balance of £3,798,844.34) have a maturity date of 10 years or less from the date of origination.

In addition, should a Borrower implement, subject to the agreement of the Legal Title Holder and the Servicer, a Further Advance or a Port in respect of any Loan, such arrangement is documented as a new Loan with the existing Loan being redeemed in full. In these circumstances the Issuer would receive principal payments in respect of the relevant Loan earlier than would otherwise be anticipated.

If the Seller is required to repurchase a Loan and its Related Security because, for example, one of the Loans does not materially comply with the Loan Warranties or in circumstances where the Seller is required to repurchase a Loan that is designated a Significant Deposit Loan or due to a Product Switch, Further Advance or Port, then the payment received by the Issuer will have the same effect as a prepayment of all the relevant Loans. As a result of these and other relevant factors not being within the control of the Issuer, no assurance can be given as to the timing or level of redemptions of the Notes.

Payments and prepayments of principal on the Loans will be applied, *inter alia*, to reduce the Principal Amount Outstanding of the Notes on a pass-through basis on each Interest Payment Date in accordance with the Pre-Enforcement Redemption Priority of Payments (see "*Cashflows*" below).

The Portfolio Purchase Option Holder may exercise its option to purchase the Portfolio in accordance with the terms of the Deed Poll. No make-whole amount or other early repayment fee will be paid to the Noteholders if any such option is exercised by the Portfolio Purchase Option Holder. In addition, the Portfolio Purchase Option Holder is not obligated to exercise its rights in respect of the Portfolio Purchase Option on the relevant date or upon occurrence of the relevant event (as applicable) or at any time thereafter and, accordingly, no assurance can be given that the Notes will be redeemed in full on or following the

relevant date or upon occurrence of the relevant event (as applicable) as a result of a purchase or sale of the Portfolio.

Absence of secondary market

No assurance is **provided that** an active and liquid secondary market for the Notes and the Certificates will exist at any time after the Closing Date. None of the Notes and the Certificates have been, or will be, registered under the Securities Act or any other applicable securities laws and they are subject to certain restrictions on the resale and other transfer thereof as set out under "*Subscription and Sale*" and "*Transfer Restrictions and Investor Representations*". To the extent that a secondary market exists or develops further, it may not continue for the life of the Notes and the Certificates or it may not provide Noteholders and Certificateholders with liquidity of investment with the result that a Noteholder or Certificateholder may not be able to find a buyer to buy its Notes or Certificates readily or at prices that will enable the Noteholder or Certificateholder to realise a desired yield. Any investor in the Notes must be prepared to hold their Notes until the Final Maturity Date.

The secondary market for mortgage-backed securities similar to the Notes and Certificates has at times experienced limited liquidity resulting from reduced investor demand for such securities. Limited liquidity in the secondary market may have an adverse effect on the market value of mortgage-backed securities, especially those securities that are more sensitive to prepayment, credit or interest rate risk and those securities that have been structured to meet the requirements of limited categories of investors.

Central bank schemes such as, amongst others, the Bank of England's Sterling Monetary Framework, the Discount Window Facility, the Funding for Lending Scheme, the Term Funding Scheme, (as such terms are defined at www.bankofengland.co.uk) the European Central Bank's liquidity scheme or emergency liquidity operations introduced by central banks (such as the Term Funding Scheme with additional incentives for SMEs introduced by the Bank of England) in response to a financial crisis or a wide-spread health crisis (such as the outbreak of COVID-19), have provided an important source of liquidity in respect of eligible securities. None of the Issuer, the Seller, the Joint Lead Managers nor any of their respective affiliates give any representation, warranty, confirmation or guarantee to any investor in the Notes that the Notes will, either upon issue or at any time prior to redemption in full, satisfy all or any of the requirements for such central bank schemes or that such schemes will be available for new drawings. Any potential investor in the Notes should make their own conclusions and seek their own advice with respect to whether or not the Notes constitute eligible collateral for such central bank schemes.

Revenue and Principal Deficiency Ledger

If, on any Interest Payment Date, as a result of shortfalls in Available Revenue Receipts, and after applying any Class A and Class B Liquidity Reserve Fund Release Amounts and any General Reserve Fund Release Amounts, there would be a Senior Expenses Deficit (arising as a result of any inability to pay amounts due in respect of interest on the Class A Notes, and (subject to certain limitations) the Class B Notes, the Class C Notes, the Class D Notes and the Class E Notes, and certain prior ranking payments), the Issuer shall apply Available Redemption Receipts (if any) in accordance with item (a) of the Pre-Enforcement Redemption Priority of Payments to cure such Senior Expenses Deficit (such reapplied amounts, "**Principal Addition Amounts**"). Available Redemption Receipts (if any) may only be redirected as Principal Addition Amounts in respect of a Senior Expenses Deficit. The Issuer will not be able to use Available Redemption Receipts to pay interest on the Class X1 Notes and the Class X2 Notes under any circumstances or in respect of any Class of Notes after the delivery of an Enforcement Notice (in accordance with the Post-Enforcement Priority of Payments).

Application of any Available Redemption Receipts as Principal Addition Amounts (in addition to the aggregate of (a) all realised losses on the Loans which are not recovered from the proceeds following the sale of the Property to which such Loan relates or any losses realised by the Issuer on the Loans as a result of the failure of the Collection Account Bank to remit funds to the Issuer and (b) any loss to the Issuer as a result of an exercise of any set-off by any Borrower in respect of its Loan (together, the "**Losses**")) will be recorded first on the Class E Principal Deficiency Sub-Ledger until the balance of the Class E Principal Deficiency Sub-Ledger is equal to the aggregate Principal Amount Outstanding of the Class E Notes then outstanding, and next on the Class D Principal Deficiency Sub-Ledger until the balance of the Class D Principal Deficiency Sub-Ledger is equal to the aggregate Principal Amount Outstanding of the Class D Notes then outstanding, and next on the Class C Principal Deficiency Sub-Ledger until the balance of the Class C Principal Deficiency Sub-Ledger is equal to the aggregate Principal Amount Outstanding of the

Class C Notes then outstanding, and next on the Class B Principal Deficiency Sub-Ledger until the balance of the Class B Principal Deficiency Sub-Ledger is equal to the aggregate Principal Amount Outstanding of the Class B Notes then outstanding, and next on the Class A Principal Deficiency Sub-Ledger until the balance of the Class A Principal Deficiency Sub-Ledger is equal to the aggregate Principal Amount Outstanding of the Class A Notes then outstanding.

It is expected that during the course of the life of the Notes, any principal deficiencies (should they arise) will be recouped from Available Revenue Receipts (including the General Reserve Fund Excess Amount). Available Revenue Receipts will be applied, after meeting prior ranking obligations as set out under the Pre-Enforcement Revenue Priority of Payments, to credit the Principal Deficiency Sub-Ledgers (starting from the Principal Deficiency Sub-Ledger relating to the Most Senior Class of Notes first). Any Available Revenue Receipts applied as Enhanced Amortisation Amounts will be recorded as a credit to the Principal Deficiency Ledger. The balance standing to the credit of the Principal Deficiency Ledger as a result of Enhanced Amortisation Amounts (if any) shall be reduced to the extent of any future Losses arising in respect of the Portfolio.

If there are insufficient funds available as a result of such income or principal deficiencies, then one or more of the following consequences may ensue:

- the Available Revenue Receipts, any Class A and Class B Liquidity Reserve Fund Release Amounts and Available Redemption Receipts may not be sufficient, after making the payments to be made in priority thereto, to pay, in full or at all, interest due on the Notes; and
- there may be insufficient Available Revenue Receipts and Available Redemption Receipts to repay principal on the Notes on or prior to the Final Maturity Date of the Notes.

Ratings of the Rated Notes

The ratings assigned to the Rated Notes by S&P address, *inter alia*, (a) the likelihood of full and timely payment to the holders of the Class A Notes, Class X1 Notes and Class X2 Notes of all payments of interest on each Interest Payment Date and the likelihood of ultimate payment to the holders of the Class A Notes of principal in relation to the Notes and (b) the likelihood of ultimate payment to the Noteholders (of the Rated Notes) of principal and interest in relation to the Notes (other than in respect of the Class A Notes, Class X1 Notes and Class X2 Notes) on or prior to the Final Maturity Date. The ratings assigned to the Rated Notes by Moody's address, *inter alia* (a) the likelihood of full and timely payment to the holders of all classes of Notes of all payments of interest on each Interest Payment Date, and (b) the ultimate payments to the Noteholders of principal in relation to all classes of Notes on or prior to the Final Maturity Date.

The ratings assigned to the Rated Notes by Moody's also address, *inter alia*, the expected loss to a Noteholder (of the Rated Notes) in proportion to the Principal Amount Outstanding on the Closing Date of the Class of Notes held by such Noteholder on the Final Maturity Date. Ratings are expected to be assigned to each class of Rated Notes on or before the Closing Date. The assignment of a rating to each class of Rated Notes by any Rating Agency is not a recommendation to invest in the Rated Notes or to buy, sell or hold securities and may be subject to revision, suspension or withdrawal at any time by the assigning Rating Agency.

The expected ratings of the Rated Notes to be assigned on the Closing Date are set out under "*Ratings*". A rating is not a recommendation to buy, sell or hold securities and may be subject to revision, suspension or withdrawal at any time by the assigning rating agency if, in its judgement, circumstances (including a reduction in the perceived creditworthiness of third parties, including a reduction in the credit rating of the Swap Provider and/or the Issuer Account Bank) in the future so warrant. See also "*Change of counterparties*" below.

At any time, any Rating Agency may revise its relevant rating methodology, with the result that any rating assigned to the Rated Notes may be withdrawn, lowered or qualified.

Rating agencies other than the Rating Agencies could seek to rate the Rated Notes and if such unsolicited ratings are lower than the comparable ratings assigned to the Rated Notes by the Rating Agencies, those unsolicited ratings could have an adverse effect on the value of the Rated Notes. For the avoidance of doubt and unless the context otherwise requires, any reference to "**ratings**" or "**rating**" in this Prospectus is to the ratings assigned by the Rating Agencies only.

As highlighted above, the ratings assigned to the Rated Notes by each Rating Agency are based on, among other things, (in the case of S&P) a long-term, unsecured and unsubordinated debt or counterparty ratings of at least A or (in the case of Moody's) the long-term deposit rating of at least A2 of the Issuer Account Bank and the Swap Provider. If the Issuer Account Bank does not have a long-term rating by Moody's, a short-term deposit rating of at least P-1. In the event one or more of these transaction parties are downgraded below the requisite ratings trigger, there can be no assurance that a replacement to that counterparty will be found which has the ratings required to maintain the then current ratings assigned to the Rated Notes or, in the case of Moody's, that any remedial action taken will be sufficient to maintain the then current ratings assigned to the Rated Notes by Moody's. If a replacement counterparty with the requisite ratings cannot be found or, in the case of Moody's, any remedial action taken is considered insufficient, this is likely to have an adverse impact on the rating of the Rated Notes and, as a consequence, the resale price of the Rated Notes in the market and the *prima facie* eligibility of the Rated Notes for use in certain liquidity schemes established by, *inter alios*, the Bank of England.

Rating Agency confirmation in relation to the Rated Notes in respect of certain actions

The terms of certain Transaction Documents provide that certain actions to be taken by the Issuer and/or the other parties to the Transaction Documents are contingent on such actions not having an adverse effect on the ratings assigned to the Rated Notes. In such circumstances, the Trustee may require the Issuer to seek confirmation from the Rating Agencies that certain actions proposed to be taken by the Issuer and the Trustee will not have an adverse effect on the then current ratings of the Rated Notes (a "**Rating Agency Confirmation**").

A Rating Agency Confirmation that any action or inaction proposed to be taken by the Issuer or the Trustee will not have an adverse effect on the then current ratings of the Rated Notes does not, for example, confirm that such action (i) is permitted by the terms of the Transaction Documents or (ii) is in the best interests of, or not prejudicial to, the Noteholders of the Rated Notes. While entitled to have regard to the fact that the Rating Agencies have confirmed in writing that the then current ratings of the Rated Notes would not be adversely affected, the above does not impose or extend any actual or contingent liability on the Rating Agencies to the Secured Creditors (including the Noteholders of the Rated Notes), the Issuer, the Trustee or any other person or create any legal relationship between the Rating Agencies and the Secured Creditors (including the Noteholders of the Rated Notes), the Issuer, the Trustee or any other person whether by way of contract or otherwise. In addition, the Trustee, as applicable, may, but is not required to, have regard to any Rating Agency Confirmation.

Any such Rating Agency Confirmation may or may not be given at the sole discretion of each Rating Agency. Certain Rating Agencies have indicated that they will no longer provide Rating Agency Confirmations as a matter of policy. To the extent that a Rating Agency Confirmation cannot be obtained, whether or not a proposed action will ultimately take place will be determined in accordance with the provisions of the relevant Transaction Documents and specifically the relevant modification and waiver provisions. It should be noted that, depending on the nature of the request, the timing of delivery of the request and of any information needed to be provided as part of any such request, it may be the case that a Rating Agency cannot provide a Rating Agency Confirmation in the time available or at all, and the Rating Agency will not be responsible for the consequences thereof. A Rating Agency Confirmation, if given, will be given on the basis of the facts and circumstances prevailing at the relevant time and in the context of cumulative changes to the transaction of which the securities form part since the Closing Date. A Rating Agency Confirmation represents only a restatement of the opinions given as at the Closing Date and cannot be construed as advice for the benefit of any parties to the transaction.

Where the Transaction Documents allow the Trustee to seek a Rating Agency Confirmation and a written request for such Rating Agency Confirmation or response is delivered to each Rating Agency by or on behalf of the Issuer and: (i) (A) one Rating Agency (such Rating Agency, a "**Non-Responsive Rating Agency**") indicates that it does not consider such Rating Agency Confirmation or response necessary in the circumstances or that it does not, as a matter of practice or policy, provide such Rating Agency Confirmation or response, or (B) within 30 days of delivery of such request, no Rating Agency Confirmation or response is received and/or such request elicits no statement by such Rating Agency that such Rating Agency Confirmation or response could not be given; and (ii) one Rating Agency gives such Rating Agency Confirmation or response based on the same facts, then such Condition to receive a Rating Agency Confirmation or response from each Rating Agency shall be modified so that there shall be no requirement for the Rating Agency Confirmation or response from the Non-Responsive Rating Agency if the Issuer provides to the Trustee a certificate signed by two directors certifying and confirming that each

of the events in subparagraphs (i) (A) or (B) and (ii) has occurred, the Issuer having sent a written request to each Rating Agency.

If no such Rating Agency Confirmation is forthcoming within 30 days of such a request, and two directors of the Issuer have certified the same in writing to the Trustee (an "**Issuer Certificate**"), the Trustee shall be entitled (but not obliged) to assume from a written certificate of the Seller to the Trustee (a "**Seller Certificate**") that such proposed action:

- (a) (while any of the Rated Notes remain outstanding) has been notified to the Rating Agencies;
- (b) would not adversely impact on the Issuer's ability to make payment when due in respect of the Rated Notes;
- (c) would not affect the legality, validity and enforceability of any of the Transaction Documents or any Security; and
- (d) (while any of the Rated Notes remain outstanding) the then current rating of the Rated Notes would not be reduced, qualified, adversely affected or withdrawn,

upon which confirmation from the Rating Agencies or the Issuer Certificate and the Seller Certificate (as the case may be), the Trustee shall be entitled to rely absolutely without liability to any person for so doing. In being entitled to take into account any such confirmation from the Rating Agencies, it is agreed and acknowledged by the Trustee that this does not impose or extend any actual or contingent liability for each of the Rating Agencies to the Trustee, the Noteholders of the Rated Notes or any other person or create any legal relations between each of the Rating Agencies and the Trustee, the Noteholders of the Rated Notes or any other person whether by way of contract or otherwise.

Where a Rating Agency Confirmation is a Condition to any action or step under any Transaction Document and it is deemed to be modified as a result of a Non-Responsive Rating Agency not having responded to the relevant request from the Issuer within 30 days, there remains a risk that such Non-Responsive Rating Agency may subsequently downgrade, qualify or withdraw the then current ratings of the Rated Notes as a result of the action or step. Such a downgrade, qualification or withdrawal to the then current ratings of the Rated Notes may have an adverse effect on the value of the Rated Notes.

The Trustee is not obliged to act in certain circumstances

Upon the occurrence of an Event of Default, the Trustee in its absolute discretion may or, if so directed in writing by the holders of not less than 25 per cent. in aggregate Principal Amount Outstanding of the Most Senior Class or if so directed by an Extraordinary Resolution of the holders of the Most Senior Class (**provided that**, in any case where the Class A Notes are the Most Senior Class, any Class of the Class A Notes may provide such direction), shall (subject, in each case, to being indemnified and/or prefunded and/or secured to its satisfaction), give an Enforcement Notice to the Issuer that all classes of the Notes are immediately due and repayable at their respective Principal Amount Outstanding, together with accrued interest thereon as provided in a trust deed between the Issuer and the Trustee (the "**Trust Deed**").

The Trustee may, at any time, at its discretion and without notice, take such proceedings, actions or steps against the Issuer or any other party to any of the Transaction Documents as it may think fit to enforce the provisions of the Notes, the Certificates or the Trust Deed (including the Conditions) or the Deed of Charge or the other Transaction Documents to which it is a party or in respect of which it holds security. In respect of and at any time after the delivery of an Enforcement Notice, the Trustee may, at its discretion and without notice, take such steps as it may think fit to enforce the Security. However, the Trustee shall not be bound to take any such proceedings or steps (including, but not limited to, the giving of an Enforcement Notice in accordance with Condition 11 (*Events of Default*)) unless it should have been directed to do so by the holders of not less than 25 per cent. in aggregate Principal Amount Outstanding of the Most Senior Class or if so directed by an Extraordinary Resolution of the holders of the Most Senior Class (provided that, where the Class A Notes are the Most Senior Class, any Class of the Class A Notes) and in each case it shall have been indemnified and/or secured and/or prefunded to its satisfaction.

See further "*Terms and Conditions of the Notes – Condition 12 (Enforcement)*" and "*Terms and Conditions of the Certificates – Certificate Condition 12 (Enforcement)*" below.

In addition, the Trustee benefits from indemnities given to them by the Issuer pursuant to the Transaction Documents which rank in priority to the payments of interest and principal on the Notes and the Certificates.

In relation to the covenant to be given by Shawbrook to the Issuer in the Mortgage Sale Agreement in accordance with the UK Securitisation Regulation and the EU Securitisation Regulation (as in force on the Closing Date) regarding the material net economic interest to be retained by Shawbrook in the securitisation and certain requirements as to providing investor information in connection therewith, the Trustee will not be under any obligation to monitor the compliance by Shawbrook with such covenant and will not be under any obligation to take any action in relation to non-compliance with such covenant (unless otherwise directed by the Secured Creditors (including the Noteholders and the Certificateholders) in accordance with the Transaction Documents).

RISKS RELATED TO INTEREST RATE ON THE LOANS AND/OR THE NOTES

Interest Rate Risk

The Issuer is subject to the risk of a mismatch between the rate of interest payable in respect of the Loans and the rate of interest payable in respect of the Notes. Some of the Loans in the Portfolio pay or will pay a fixed rate of interest for an initial period of time. However, the Issuer's liabilities under the Notes are based on SONIA for the relevant period.

To provide a hedge against the possible variance between:

- (a) the fixed rates of interest payable on the Fixed Rate Loans in the Portfolio; and
- (b) the rate of interest under the Notes being calculated by reference to Compounded Daily SONIA,

the Issuer has entered into a swap transaction (the "**Swap Transaction**") with the Swap Provider under the Swap Agreement in order to mitigate the risk (see "*Credit Structure – Interest Rate Risk for the Notes*" below). Following the initial fixed-rate period, the Fixed Rate Loans in the Portfolio revert to the SVR.

Under the Swap Transaction, on each Interest Payment Date the Issuer will pay to the Swap Provider at a fixed rate, and the Swap Provider will pay to the Issuer at a floating rate, amounts which are calculated by reference to the notional amount of the Swap Transaction for the related calculation period thereunder. Notwithstanding the foregoing, (i) in the event Compounded Daily SONIA as calculated under the Swap Agreement is negative for any related calculation period such that the amount due and payable by the Swap Provider to the Issuer on such Interest Payment Date would be a negative sum, the Issuer shall instead pay to the Swap Provider the absolute value of such amount and/or (ii) in the event the fixed rate under the Swap Transaction is negative such that the amount due and payable by the Issuer to the Swap Provider on an Interest Payment Date would be a negative sum, the Swap Provider shall instead pay to the Issuer the absolute value of such amount, in each case as more fully set out in "*Credit Structure – Interest Rate Risk for the Notes*" below. Changes to SONIA may therefore adversely affect payments under the Swap Transaction, which could result in the Issuer having insufficient amounts available to it to make payments on the Notes, and investors should note the risk factors – "*Changes or uncertainty in respect of SONIA may affect the value or payment of interest under the Loans or the Notes*" and "*The market continues to develop in relation to SONIA as a reference rate in the capital markets*" below in respect of such risks.

The Issuer has not entered into any interest rate swap or other hedging transaction in relation to Loans other than Fixed Rate Loans, and as a result there is no hedge in respect of the risk of any variances in the floating rate of interest (being referable to the SVR) charged on any Variable Rate Loans in the Portfolio and interest set by reference to Compounded Daily SONIA on the Notes, which in turn may result in insufficient funds being made available to the Issuer for the Issuer to meet its obligations to the Secured Creditors. As such, the Issuer is subject to the risk of a mismatch between the rate of interest payable in respect of such Loans and the rate of interest payable in respect of the Notes.

Risks relating to payments under the Swap Transaction

The notional amount under the Swap Transaction is determined by reference to a fixed amortisation schedule. The amortisation schedule will be based on the expected repayment profile of the Fixed Rate Loans assuming a zero per cent. constant prepayment rate and zero per cent. defaults and delinquencies. The notional amount under the Swap Transaction is independent from, and does not necessarily match to,

the balance of the Fixed Rate Loans in the Portfolio for the related calculation period under the Swap Transaction.

If the actual rate of repayment of the Fixed Rate Loans is faster or slower than anticipated, this may lead to the aggregate notional amount of the Swap Transaction to be, respectively, greater than or less than the outstanding amount of the Fixed Rate Loans. In such circumstances, there would be a mismatch between the aggregate notional amount of the Swap Transaction and the outstanding principal balance of the Fixed Rate Loans.

Since the aggregate notional amount of the Swap Transaction may be higher or lower than the outstanding principal balance of the Fixed Rate Loans, there may be circumstances in which the amount payable by the Issuer under the Swap Transaction exceeds the amount that the Issuer receives in respect of the Fixed Rate Loans in the Portfolio. This may result in insufficient funds being made available to the Issuer for the Issuer to meet its obligations to the Noteholders.

Further, a failure by the Swap Provider to make timely payments of amounts due under the Swap Transaction will constitute a default under the Swap Agreement. The Swap Agreement provides that the Sterling amounts owed by the Swap Provider on any payment date under the Swap Transaction (which corresponds to an Interest Payment Date) may be netted against the Sterling amounts owed by the Issuer on the same payment date under the Swap Transaction. Accordingly, if the amounts owed by the Issuer to the Swap Provider on a payment date in respect of the Swap Transaction are greater than the amounts owed by the Swap Provider to the Issuer on the same payment date under the Swap Transaction, then the Issuer will pay the difference to the Swap Provider on such Interest Payment Date in respect of the Swap Transaction; if the amounts owed by the Swap Provider to the Issuer on a payment date are greater than the amounts owed by the Issuer to the Swap Provider on the same payment date in respect of the Swap Transaction, then the Swap Provider will pay the difference to the Issuer on such Interest Payment Date; and if the amounts owed by both parties are equal on a payment date in respect of the Swap Transaction, neither party will make a payment to the other on such Interest Payment Date in respect of the Swap Transaction. To the extent that the Swap Provider defaults on its obligations under the Swap Agreement to make payments to the Issuer in Sterling on any payment date (which corresponds to an Interest Payment Date) under the Swap Transaction, the Issuer will be exposed to the possible variance between various fixed rates payable on the Loans in the Portfolio and, SONIA.

The market continues to develop in relation to SONIA as a reference rate in the capital markets

Investors should be aware that the market continues to develop in relation to the Sterling Overnight Index Average ("**SONIA**") as a reference rate in the capital markets and its adoption as an alternative to London Interbank Offered Rate. In particular, market participants and relevant working groups were exploring alternative reference rates based on SONIA, including term SONIA reference rates (which seek to measure the market's forward expectation of an average SONIA rate over a designated term). The market or a significant part thereof may adopt an application of SONIA that differs significantly from that set out in the Conditions and used in relation to Notes that reference a SONIA rate issued under this Prospectus.

The Bank of England released a discussion paper in February 2020 entitled "*Supporting Risk-Free Rate transition through the provision of compounded SONIA*" where the Bank stated its intention to publish a daily SONIA compounded index and its consideration whether to publish a set of compounded SONIA period averages, an approach similar to that already taken by the Federal Reserve Bank of New York in respect of SOFR. As a result of the development of SONIA, investors should be aware that the means of calculating SONIA in the Conditions could in the future, absent amendments pursuant to the Conditions, differ from the then market. As outlined in the response to the discussion paper on "*Supporting Risk-Free Rate transition through the provision of compounded SONIA*", the Bank of England published the SONIA compounded index for the first time on 3 August 2020. Each day's SONIA compounded index is made freely available on the Bank of England's interactive statistical database by 10:00 on the business day after it is first published. The full series of the SONIA compounded index back to 23 April 2018 is available on the Bank of England's interactive statistical database.

Interest on Notes which reference a SONIA rate is only capable of being determined at the end of the relevant Observation Period and immediately prior to the relevant Interest Payment Date. It may be difficult for investors in Notes which reference a SONIA rate to reliably estimate the amount of interest which will be payable on such Notes.

Changes or uncertainty in respect of SONIA may affect the value or payment of interest under the Loans or the Notes and payments under the Certificates

Various interest rate benchmarks (including SONIA) are the subject of recent national and international regulatory guidance and proposals for reform. Some of these reforms are already effective whilst others are still to be implemented including the Benchmarks Regulation.

The Benchmarks Regulation, among other things, applies to the provision of benchmarks and the use of a benchmark in the UK. Similarly, it prohibits the use in the UK by UK-supervised entities of benchmarks of administrators that are not authorised by the FCA or registered on the FCA register (or, if non UK-based, not deemed equivalent or recognised or endorsed). The Benchmarks Regulation could have a material impact on any Notes linked to or referencing a benchmark in particular, if the methodology or other terms of the benchmark are changed in order to comply with the requirements of the Benchmarks Regulation, as applicable. Such changes could, among other things, have the effect of reducing, increasing or otherwise affecting the volatility of the published rate or level of the relevant benchmark.

These reforms and other pressures may cause one or more interest rate benchmarks to disappear entirely, to perform differently than in the past (as a result of a change in methodology or otherwise), create disincentives for market participants to continue to administer or participate in certain benchmarks or have other consequences which cannot be predicted.

Based on the foregoing, prospective investors should in particular be aware that:

- (a) any of these reforms or pressures described above or any other changes to a relevant interest rate benchmark (including SONIA) could affect the level of the published rate, including to cause it to be lower and/or more volatile than it would otherwise be;
- (b) while (i) an amendment may be made under Condition 13.6 (*Additional Right of Modification*) of the Terms and Conditions of the Notes to change the current reference rate to an alternative base rate under certain circumstances broadly related to the dysfunction, discontinuation or transition of the current base rate and subject to certain Conditions being satisfied including no objection to the proposal being received by at least 10 per cent. of Noteholders of the aggregate Principal Amount Outstanding of the Most Senior Class of Notes then outstanding (in this regard please also refer to the risk factor above entitled "*Meetings of Noteholders, Modifications and Waivers*"), and (ii) an amendment may be made under Condition 13.6 (*Additional Right of Modification*) to change the base rate that then applies in respect of the Swap Agreement for the purpose of aligning the base rate of the Swap Agreement to the base rate of the Notes following a Base Rate Modification, there can be no assurance that any such amendments will be made or, if made, that they (i) will fully or effectively mitigate all relevant interest rate risks or result in an equivalent methodology for determining the interest rates on the Notes and the Swap Agreement or (ii) will be made prior to any date on which any of the risks described in this risk factor may become relevant (in this regard, please also refer to the risk factor above entitled "*Meetings of Noteholders, Modifications and Waivers*"); and
- (c) if SONIA is discontinued, and whether or not an amendment is made under Condition 13.6 (*Additional Right of Modification*) to change the SONIA reference rate with respect to the Notes as described in paragraph (b) above, if a proposal for an equivalent change to the reference rate on the Swap Agreement is not approved in accordance with Condition 13.6 (*Additional Right of Modification*), there can be no assurance that the applicable fall-back provisions under the Swap Agreement would operate to allow the transactions under the Swap Agreements to effectively mitigate interest rate risk in respect of the Notes. This, in turn, could cause a risk of mismatch of interest and reduced payments on the Notes.

Any reduction in the amounts payable under the Loans will impact the availability of funds to make payments under the Notes and the Certificates.

In addition, it should be noted that broadly divergent interest rate calculation methodologies may develop and apply as between the Loans, Notes and/or the Swap Agreement due to applicable fall-back provisions or other matters and the effects of this are uncertain but could include a reduction in the amounts available to the Issuer to meet its payment obligations in respect of the Notes.

Moreover, any of the above matters (including an amendment to change the SONIA rate as described in paragraph (b) above) could affect the ability of the Issuer to meet its obligations under the Notes and/or could have a material adverse effect on the value or liquidity of, and the amount payable under, the Notes. Changes in the manner of administration of SONIA could result in amendments to the Conditions and the Swap Agreement, early redemption, delisting or other consequences in relation to the Notes. No assurance may be **provided that** relevant changes will not occur with respect to SONIA or any other relevant interest rate benchmark and/or that such benchmarks will continue to exist. In such circumstances, investors should be aware that pursuant to the Benchmarks Supplement published by ISDA, either the Issuer or the Swap Provider may terminate the Swap Transaction if a Benchmark Trigger Event (as defined in the Benchmarks Supplement) has occurred or where no continuation amendment can be made to the Swap Agreement. Related termination payments may be payable by the Issuer (as to which please see "*Termination payments under the Swap Transaction*" above), and there can be no assurance that a replacement swap can be found. Investors should consider these matters when making their investment decision with respect to the Notes.

RISKS RELATED TO THE MORTGAGES

Interest-only Loans

Each Loan in the Portfolio may be repayable either on a capital repayment basis or an interest-only basis (see "*The Loans – Repayment Terms*" below). The Seller does not have and the Issuer shall not have the benefit of any investment policies taken out by Borrowers.

The ability of such Borrower to repay an Interest-only Loan at maturity will often depend on such Borrower's ability to refinance or sell the Property in respect of which the Loan is secured.

However, the only security that exists in relation to a Loan (including any Interest-only Loans) in the Portfolio will be the Mortgage in respect of the relevant Property as well as any personal guarantees in respect of corporate Borrowers. The ability of a Borrower to refinance the Property will be affected by a number of factors, including the value of the Property, the Borrower's equity in the relevant Property, the Borrower's age and employment status, the financial condition and payment history of the Borrower, tax laws and prevailing general economic conditions. Further, there can be no guarantee that any guarantor has the financial resources to meet its obligations under the personal guarantee given to the Legal Title Holder in respect a corporate Borrower. The inability of the Borrowers to refinance their respective Properties (in circumstances where the Issuer or the Servicer on its behalf are unable to claim under any personal guarantee given in respect of the relevant Loan) may ultimately result in a reduction of amounts available to the Issuer and adversely affect its ability to make payments under the Notes and Certificates. In addition, as the Borrowers, in respect of Loans in the Portfolio, are generally professional landlords, the Legal Title Holder does not expect Borrowers to take out investment or life policies in relation to the repayment of the relevant Interest-only Loans in full or on time. If a Borrower cannot repay an Interest-only Loan and a loss occurs, this may affect payments on the Notes and Certificates if the resulting Principal Deficiency Ledger entry cannot be cured from Available Revenue Receipts being applied for such purpose in accordance with the Pre-Enforcement Revenue Priority of Payments.

Claims against third parties

The Seller has assigned its rights in respect of causes and rights of actions against solicitors and valuers to the Issuer pursuant to the Mortgage Sale Agreement, to the extent they are assignable. The Servicer has, pursuant to the Servicing Agreement, undertaken to prepare and submit any claim under any Third Party Buildings Policies or (if entered into by the Servicer) any Legal Title Holder Insurance Policies in accordance with the requirements of any relevant Legal Title Holder Insurance Policy or the Third Party Buildings Policies (as relevant) and otherwise in accordance with the usual procedures undertaken by a Reasonable, Prudent Mortgage Servicer on behalf of the Issuer. Any failure by or inability of the Servicer to take action against third parties may have an adverse effect on the Issuer's ability to make payments of interest and/or principal in respect of the Notes. Please see also the risk factor entitled "*Insurance Policies*" below.

Delinquencies or Default by Borrowers in paying amounts due on their Loans

Borrowers may default on their obligations under the Loans in the Portfolio. Defaults may occur for a variety of reasons. The Loans are affected by credit, liquidity and interest rate risks. Various factors influence mortgage delinquency rates, prepayment rates, repossession frequency and the ultimate payment

of interest and principal, such as changes in the national or international economic climate, regional economic or housing conditions, changes in tax laws, interest rates, inflation, the availability of financing, yields on alternative investments, political developments, government policies, impact of macro-economy on tenants' ability to pay rent and illness (including the present cost of living crisis in certain European countries and any impact of the conflict in Ukraine and any illness arising in connection with an epidemic or pandemic). Although interest rates are currently low, despite the recent interest rate rises from 0.75 per cent to 1 per cent by the Bank of England, this may change in the future and an increase in interest rates may adversely affect Borrowers' ability to pay interest or repay principal on their Loans. Other factors in Borrowers' individual, personal or financial circumstances may affect the ability of Borrowers to repay the Loans. Unemployment, loss of earnings, illness, increases in the cost of living as a result of, among other things, energy costs, inflation, increases in taxes and/or national insurance contributions, divorce and other similar factors may lead to an increase in delinquencies by and bankruptcies (and analogous arrangements) of Borrowers, and could ultimately have an adverse impact on the ability of Borrowers to repay the Loans. In addition, the ability of a Borrower to sell a property given as security for a Loan at a price sufficient to repay the amounts outstanding under that Loan will depend upon a number of factors, including the availability of buyers for that property, the value of that property and property values in general at the time. A valuation was obtained by the Legal Title Holder on or about the time of origination of each Loan, see "*The Loans*".

In order to enforce a power of sale in respect of a mortgaged property, the relevant mortgagee must first obtain possession of the relevant property. Possession is usually obtained by way of a court order or decree. This can be a lengthy and costly process and will involve the mortgagee assuming certain risks. Any possession order given in favour of the lender may be suspended to allow the Borrower more time to pay. In addition, if possession has been obtained, a reasonable period must be allowed for marketing the property, to discharge obligations to take reasonable care to obtain a proper price. If obtaining possession of properties and arranging a sale in such circumstances is lengthy or costly, the Issuer's ability to make payments on the Notes and Certificates may be reduced. The Issuer's ability to make such payments may be reduced further if the powers of a mortgagee in relation to obtaining possession of properties permitted by law are restricted in the future.

Further measures by UK regulatory authorities in respect of delinquencies and defaults by borrowers may also affect the Issuer's ability to make payments on the Notes and Certificates. Please see the section entitled "*Regulations in the United Kingdom could lead to some terms of the agreements relating to the Owner-Occupied Loans being unenforceable, which may adversely affect payments on your Notes*".

COVID-19 may affect the timing and amount of payments on the Loans or enforcement or repossession of the Loans

The collectability of amounts due under the Loans are subject to credit, liquidity and interest rate risks and will generally fluctuate in response to, among other things, market interest rates, general economic conditions, real estate values, the financial standing of Borrowers, health crises and other similar factors.

On March 11, 2020, the World Health Organization declared the current outbreak of coronavirus disease 2019 ("**COVID-19**") to be a global pandemic. The COVID-19 outbreak has already led to severe disruptions in the global supply chain, capital markets and economies, and those disruptions have since intensified and will likely continue for some time. Concern about the potential effects of COVID-19 and the effectiveness of measures being put in place by global governmental bodies as well as by private enterprises to contain or mitigate its spread have adversely affected economic conditions and capital markets globally, and have led to unprecedented volatility in the financial markets.

Market conditions generally and any future actions, guidance or legislation issued in connection with the COVID-19 outbreak could materially affect cash flows related to the Loans and the performance of the Notes. Investors should also be aware that third parties on which the Issuer relies may be adversely impacted by the general economic climate.

If the timing of the payments or quantum of such payments in respect of the Loans or the Servicer's ability to repossess is adversely affected by any of the risks described above, then payment on the Notes could be reduced and/or delayed which could ultimately result in losses on the Notes

Increases in prevailing market interest rates may adversely affect the performance of the Portfolio

Borrowers with Variable Rate Loans that are subject to a variable rate of interest may be exposed to increased monthly payments if the related mortgage interest rate adjusts upward. This increase in Borrowers' monthly payments may ultimately result in higher delinquency rates and losses in the future.

Borrowers seeking to avoid increased monthly payments by refinancing their mortgage loans may no longer be able to find available replacement loans at comparably low interest rates. Any decline in housing prices may also leave borrowers with insufficient equity in their properties to permit them to refinance. These events, alone or in combination, may contribute to higher delinquency rates, slower prepayment rates and higher losses on the Portfolio, which in turn may affect the ability of the Issuer to make payments of interest and/or principal on the Notes and make payments under the Certificates.

The Legal Title Holder to initially retain legal title to the Loans and risks relating to set-off

Legal title to all of the English Loans, the Scottish Loans and (subject in some cases to registration or recording at the Land Registry of England and Wales (the "**Land Registry**") or (as applicable) the Registers of Scotland) their related Mortgages are currently vested in the Legal Title Holder.

Until the Issuer obtains legal title to the Loans and their related Mortgages and the Related Security, the sale of the English Loans and their related Mortgages and Related Security will take effect in equity only, in terms of which the Issuer will acquire the beneficial interest therein.

The sale of the Scottish Loans and their related Scottish Mortgages is given effect by the Seller (as beneficiary under existing Scots law trusts created by the Legal Title Holder in favour of the Seller pursuant to the forward flow agreement entered into between Bluestone and Shawbrook dated 20 December 2019 and the forward flow agreement dated 22 May 2017 as amended and restated on 4 August 2017, 12 June 2018, 15 March 2019 and 13 September 2019 (the "**Existing Scottish Trust**")) assigning its interest as beneficiary under the Existing Scottish Trusts granted pursuant to a Scottish Declaration of Trust pursuant to a Scottish Trust Transfer to the Issuer. By virtue of such Scottish Trust Transfer, the beneficial interest in such Scottish Loans and their Related Security is held on trust for the benefit of the Issuer. The holding of a beneficial interest under a Scottish trust has (broadly) equivalent legal consequences in Scotland to the holding of an equitable interest in England and Wales.

In each case, this means that legal title to the Loans and their Related Security in the Portfolio will remain with the Legal Title Holder until the occurrence of a Perfection Event. The legal title to the Loans will be transferred to the Issuer or a nominee of the Issuer as soon as reasonably practicable following the occurrence of a Perfection Event.

The Issuer has not applied, and prior to the occurrence of a Perfection Event will not apply, to the Land Registry to register or record its equitable interest in the Mortgages secured on Properties in England and Wales, respectively, and cannot in any event apply to the General Register of Sasines or Land Register of Scotland (as appropriate) (together the "**Registers of Scotland**") to register or record its beneficial interest in the Scottish Mortgages pursuant to a Scottish Declaration of Trust assigned to it pursuant to the Scottish Trust Transfer.

Following a Perfection Event: (i) notice of the transfer of legal title to the Loans to the Issuer or a nominee of the Issuer will be given to the Borrowers in respect of the English Loans and their Related Security; and (ii) notice of the assignment of the Scottish Loans and their Related Security to the Issuer or a nominee of the Issuer will be given to the Borrowers (in addition to the Legal Title Holder executing and delivering to the Issuer such assignments). Until the time such notice is given to the relevant Borrowers, equitable or independent set-off rights may accrue in favour of any Borrower against his or her obligation to make payments to the Legal Title Holder under the relevant Loan. These rights may result in the Issuer receiving reduced payments on the Loans. The transfer of the benefit of any Loans to the Issuer will continue to be subject to any prior rights that any applicable Borrower may become entitled to after the transfer. However, following notice of the assignment or assignment to the Issuer or its nominee, being given to the Borrowers, some rights of set-off (being those rights that are not connected with or related to the relevant Loan) may not arise after the date notice is given. For the purposes of this Prospectus, references herein to "set-off" shall be construed to include analogous rights in Scotland. For further information on the effects of a set-off in relation to the Portfolio, see "*A set-off may adversely affect the value of the Portfolio or any part thereof*" below.

As a consequence of the Issuer not obtaining legal title to the Loans and their Related Security or the Properties secured thereby, a *bona fide* purchaser from any Legal Title Holder for value of any of such Loans and their Related Security without notice of any of the interests of the Issuer might obtain a good title free of any such interest. If this occurred, then the Issuer would not have good title to the affected Loan and its Related Security, and it would not be entitled to payments by a Borrower in respect of that Loan. However, the risk of third-party claims obtaining priority to the interests of the Issuer in this way would likely be limited to circumstances arising from breach by the Legal Title Holder of its contractual obligations or from fraud, negligence or mistake on the part of the Legal Title Holder or any of its respective personnel or agents.

Until notice of the assignment or assignation is given to the Borrowers, the Issuer would not be able to enforce any Borrower's obligations under a Loan or its Related Security itself but to the extent that the Servicer failed to take any or appropriate enforcement action against the relevant Borrower (in accordance with the enforcement procedures of the Servicer) the Issuer or the Trustee would be able to take action (under the power of attorney to be entered into pursuant to the Mortgage Sale Agreement) or would have to join the Legal Title Holder as a party to any legal proceedings. Borrowers will also have the right to redeem their Loan by repaying the relevant Loan directly to the Legal Title Holder. However, the Legal Title Holder and the Servicer undertakes, pursuant to the Servicing Agreement and the Mortgage Sale Agreement, to hold any money repaid to it in respect of relevant Loans on trust for the Issuer. In addition, the Seller will, pursuant to the Mortgage Sale Agreement, agree to hold on trust any money repaid to it in respect of relevant Loans received from the Legal Title Holder or any other party (or on their behalf) to the order of the Issuer.

If any of the risks described above were to occur then the realisable value of the Portfolio or any part thereof may be affected.

In all cases, this means that in order for legal title to be transferred to the Issuer, transfers, conveyances, assignments and assignations would have to be registered or recorded at the Land Registry or Registers of Scotland, as applicable, and notice would have to be given to Borrowers of the transfer.

The Issuer will have power of attorney to act in the name of the Legal Title Holder, in respect of the Loans and their Related Security.

A set-off may adversely affect the value of the Portfolio or any part thereof

As described above, the sale by the Seller to the Issuer of the English Loans and their Related Security will be given effect by an assignment in equity only and the sale of the Scottish Loans and their Related Security will be given effect by a Scottish Trust Transfer which assigns the Seller's beneficial interest in a Scottish Declaration of Trust to the Issuer. As a result, the Legal Title Holder will remain the lender of record.

Once notice has been given to the Borrowers of the assignment or assignation of the Loans and their Related Security to the Issuer or its nominee following a Perfection Event, independent set-off rights (and the equivalent rights under Scots law) which a Borrower has against the Legal Title Holder will crystallise and further rights of independent set-off would cease to accrue from that date and no new rights of independent set-off could be asserted following that notice. Whilst as at the date of this Prospectus the Legal Title Holder does not take deposits from the Borrowers, there can be no assurances that the Legal Title Holder or any Successor Legal Title Holder will not in the future. Set-off rights arising under "transaction set-off" (being those set-off claims arising out of a transaction connected with the Loan) will not be affected by that notice and will continue to exist.

The relevant Borrower may set off any claim for damages arising from the Legal Title Holder's breach of contract against the Legal Title Holder's (and therefore, an equitable assignee of or holder of the beneficial interest in the Loans and their Related Security, the Issuer's) claim for payment of principal and/or interest under the relevant Loan as and when it becomes due. These set-off claims will constitute transaction set-off, as described above. In this respect, the Seller will represent and warrant in the Mortgage Sale Agreement that the terms and conditions of the Loans do not require the Legal Title Holder to agree to any Further Advance, Product Switch or any Port. If the Legal Title Holder agrees with any Borrower that a Further Advance, Product Switch or Port may occur in respect of such Loan, such Loan is required to be repurchased prior to the granting of such Further Advance, Product Switch or Port.

Notwithstanding the representation, warranty and undertakings described above, the exercise of set-off rights by Borrowers may adversely affect the timing of receipt and ultimate amount received by the Issuer in respect of the relevant Loans and the realisable value of the Portfolio and/or the ability of the Issuer to make payments under the Notes and Certificates.

Banks, insurance companies and other financial institutions in the UK (such as the Seller) are subject to the Financial Services Compensation Scheme (the "FSCS") which gives customers protection where an authorised firm is unable or is likely to be unable to meet claims against it because of its financial circumstances. The majority of deposits made by Borrowers or guarantors (as applicable) with the Seller will be covered by the FSCS which gives the Borrower protection up to the FSCS limit (as at the date of this Prospectus being £85,000). As such, in the event that the Seller is unable to meet a claim from a Borrower or (if applicable) guarantor over and above the FSCS limit, set-off rights of such Borrower or guarantor, despite the giving of notice to the Borrowers or guarantors of the assignment of the Loans and their Related Security to the Issuer, may apply. It is noted that as of the date of this Prospectus the Legal Title Holder is not a deposit taking institution. In order to mitigate this risk, the Seller will be required pursuant to the terms of the Mortgage Sale Agreement to promptly notify the Servicer, Issuer and Trustee (with a copy to the Rating Agencies) on becoming aware of any loan that is a Significant Deposit Loan, (being a Loan in respect of which the borrower or borrowers who is or are named and defined as such in the relevant Loan has a deposit account with the Legal Title Holder for an amount in excess of £85,000 (or such other amount as set by the FSCS from time to time) or to the extent such borrower or borrowers are unable to benefit from the FSCS (as determined by the Seller) and have a deposit account with the Legal Title Holder for any amount greater than zero) before notice of the transfer of legal ownership of that Borrower's Loan to either the Issuer or another third-party is given and on each Interest Payment Date will be required to repurchase any Loans in the Portfolio that the Seller has determined to be Significant Deposit Loans as at the immediately preceding Calculation Period Start Date and for which the Issuer has delivered to the Seller a repurchase notice.

Buy-to-Let Loans

Approximately 4.82 per cent. of the aggregate number of the Loans (representing 4.31 per cent. of the aggregate principal amount of the Current Balance of the Loans) in the Provisional Portfolio are residential loans taken out by a Borrower in relation to the purchase or remortgage of a Property for letting purposes ("**Buy-to-Let Loans**"). None of the Loans are Flexible Loans, self-certified loans, or loans that were marketed and underwritten on the premise that the loan applicant or, where applicable, intermediaries were made aware that the information provided might not be verified by the lender. The Borrower's ability to service such Loans is likely to depend on the Borrower's ability to lease the relevant Property on appropriate terms. There can be no assurance that each such Property will be the subject of an existing tenancy when the relevant Loan is acquired by the Issuer or that any tenancy which is granted will subsist throughout the life of the Loan and/or that the rental income from such tenancy will be sufficient (whether or not there is any default of payment in rent) to provide the Borrower with sufficient income to meet the Borrower's interest obligations or capital repayments in respect of the Loan. Upon enforcement of a Loan in respect of a Property which is the subject of an existing tenancy, the Servicer may not be able to obtain vacant possession of the Property, in which case the Servicer will only be able to sell the Property as an investment property with one or more sitting tenants. This may affect the amount which the Servicer could realise upon enforcement of the Loan and the sale of the Property. In such a situation, amounts received in rent may not be sufficient to cover all amounts due in respect of the Loan. However, enforcement procedures in relation to such Loans include appointing a receiver of rent, in which case such a receiver must collect any rents payable in respect of the Property and apply them accordingly in payment of any interest and arrears accruing under the Loan.

Additionally, the introduction of the various taxation and regulatory measures may adversely affect the private residential rental market in the United Kingdom in general, or (in the case of the restriction of income tax relief) the ability of individual Borrowers of Buy-to-Let Loans to meet their obligations under those Loans. Further, such measures may prompt Borrowers to refinance their Loan or sell the underlying Property, which in turn may adversely affect the yield to maturity of the Notes and payments under the Notes and Certificates. See further "*Risk Factors – Considerations Relating to Yield, Prepayments and Mandatory Redemption*" above and "*Risk Factors – Potential effects of any additional regulatory changes*" below.

Help to Buy Loans

Approximately 15.90 per cent. of the aggregate number of the Loans (representing 18.61 per cent. of the aggregate principal amount of the Current Balance of the Loans) in the Provisional Portfolio are Help to Buy Loans. In March 2013, the UK Government announced the "**Help to Buy**" Scheme involving two separate proposals to assist home buyers in England and Wales. (In this prospectus, Help to Buy Scheme means the help to buy scheme provided by the UK Government to assist home buyers by the UK Government (through Homes England) providing a shared equity loan made to borrowers secured by way of a second charge mortgage on the relevant property). The first involves a shared equity loan made available from 1 April 2013 by the UK Government (through Homes England) to borrowers, for up to 20 per cent. of the property price, for the purchase of new homes. The upper limit for the equity loan was increased, from February 2016, to up to 40 per cent. of the property price for properties in London by the "London Help to Buy Scheme". The shared equity loan provided by the UK Government is secured by way of a second charge mortgage on the relevant property.

Following a sale of a property which benefits from a Help to Buy equity loan, the UK Government (through Homes England) will be repaid a pro rata amount of the disposal proceeds of the property equal to a percentage of the market value equal to the percentage contribution of assistance received (plus interest and charges). In circumstances where the disposal proceeds are insufficient to discharge in full both the Loan and the Help to Buy equity loan secured on the property, the disposal proceeds will be applied to discharge the first ranking legal Mortgage and the remaining proceeds (if any) applied to discharge the Help to Buy equity loan. Any disposal of a property which benefits from a Help to Buy equity loan (including following an enforcement of a Help to Buy Loan), will require the consent of Homes England which may result in a delay to the enforcement of the relevant Mortgage.

The second "**Help to Buy**" Scheme involves a guarantee provided by the UK Government for loans made to borrowers allowing up to a 95 per cent. loan to value ratio. The guaranteed loans were available from 1 October 2013 (each of the loans under this scheme, a Help to Buy Loan). Equivalent Help to Buy schemes were introduced in Scotland by the Scottish Government. No Loans in the Portfolio benefit from any guarantee provided under the Help to Buy Scheme or the equivalent Scottish schemes.

Insurance Policies

The Mortgage Conditions require borrowers to have buildings insurance for the relevant Property. However, it will be difficult in practice for the Servicer and/or the Issuer to determine whether the relevant Borrower has valid insurance in place at any time.

However, no assurance can be given that the Issuer will always receive the benefit of any claims made under any applicable buildings insurance contracts. This could adversely affect the Issuer's ability to make payment of interest and/or principal in respect of the Notes and payments under the Certificates.

In addition, the Legal Title Holder does not currently have any Legal Title Holder Insurance Policies such as those which give the Issuer certain protection in respect of any loss arising from the existence of any adverse matter which would have been revealed had the Legal Title Holder instructed a solicitor to conduct a search or other procedure against the title to the relevant Property or Properties. Investors should be aware that there is no guarantee that the Legal Title Holder will enter into any Legal Title Holder Insurance Policies over the life of the transaction.

Searches, Investigations and Warranties in Relation to the Loans

The Seller will give certain warranties to the Issuer regarding the Loans and their Related Security sold to the Issuer on the Closing Date (see "*Summary of the Key Transaction Documents – Mortgage Sale Agreement*" below for a summary of these).

Neither the Trustee, the Co-Arrangers, the Joint Lead Managers nor the Issuer has undertaken, or will undertake, any investigations, searches or other actions of any nature whatsoever in respect of any Loan or its Related Security in the Portfolio and each relies instead on the warranties given in the Mortgage Sale Agreement by the Seller. As such, the Loans may be subject to matters which would have been revealed by a full investigation of title and which may have been remedied or, if incapable of remedy, may have resulted in the Related Security not being accepted as security for a Loan had such matters been revealed. Certain warranties are qualified by the knowledge of Bluestone. In addition, the Seller, the Legal Title Holder and

the other transaction parties will have limited obligations to monitor compliance with such warranties following the Closing Date.

Although the Seller gives warranties to the Issuer regarding the Loans and their Related Security, the Seller was not the originator or original lender of any of the Loans. The Seller purchased beneficial title to all of the Loans and Related Security from Bluestone under the forward flow agreement entered into between Bluestone and Shawbrook dated 20 December 2019 and the forward flow agreement dated 22 May 2017 as amended and restated on 4 August 2017, 12 June 2018, 15 March 2019 and 13 September 2019. Bluestone holds legal title to all of the Loans in the Portfolio. As a result, the Seller's knowledge is limited to knowledge regarding the portfolio of Owner-Occupied and Buy-to-Let mortgage loans originated by Bluestone as a whole. Therefore, the Seller does not have any direct knowledge as to whether a warranty which relates to the origination process in respect of an individual Loan is correct or not (particularly those warranties qualified by the knowledge of Bluestone) and the Seller may not have actual knowledge of any relevant matters which give rise to a breach of warranty.

The primary remedy of the Issuer against the Seller if any of the warranties made by the Seller is materially breached or proves to be materially untrue as at the Closing Date which breach is not remedied in accordance with the Mortgage Sale Agreement, will be to require the Seller to repurchase any relevant Loan and its Related Security in accordance with the repurchase provisions in the Mortgage Sale Agreement. However, there can be no assurance that the Seller will have the financial resources to honour such obligations under the Mortgage Sale Agreement. In each case, the Issuer will not have recourse to any other person in the event that the Seller, for whatever reason, fails to meet such obligations. Furthermore, although the Seller and the Servicer have undertaken, pursuant to the Mortgage Sale Agreement and Servicing Agreement, to notify the Issuer (and, if applicable, the Servicer) upon becoming aware of a material breach of any Loan Warranty, there shall be no obligation on the part of the Seller or the Servicer to monitor compliance of the Loans with the Loan Warranties following the Closing Date. This may affect the quality of the Loans and their Related Security in the Portfolio and accordingly the ability of the Issuer to make payments due on the Notes and Certificates.

Declining property values

The value of the Related Security in respect of the Loans may be affected by, among other things, a decline in the residential property values in the United Kingdom. If the residential property market in the United Kingdom should experience an overall decline in property values, such a decline could, in certain circumstances, result in the value of the Related Security being significantly reduced and, in the event that the Related Security is required to be enforced, may result in an adverse effect on payments on the Notes and the Certificates.

The Issuer cannot guarantee that the value of a property will remain at the same level as on the date of origination of the related Loan. A fall in property prices resulting from the deterioration in the housing market could result in losses being incurred by lenders where the net recovery proceeds are insufficient to redeem any outstanding loan secured on such property. If the value of the Related Security backing the Loans is reduced this may ultimately result in losses to Noteholders if the Security is required to be enforced and the resulting proceeds are insufficient to make payments on all Notes and Certificates.

Borrowers may have insufficient equity in their properties to refinance their Loans with lenders other than Bluestone and may (as a result of the circumstances described in "*Delinquencies or Default by Borrowers in paying amounts due on their Loans*" or otherwise) have insufficient resources to pay amounts in respect of their loans as and when they fall due. This could lead to higher delinquency rates and to losses which, in turn, may adversely affect payments on the Notes and the Certificates.

Concentration Risks

Loans in the Portfolio may also be subject to geographic concentration risks within certain regions of the United Kingdom. To the extent that specific geographic regions within the United Kingdom have experienced or may experience in the future weaker regional economic conditions, housing markets and letting markets than other regions in the United Kingdom, a concentration of the Loans in such a region may be expected to exacerbate the risks relating to the Loans described in this section. Certain geographic regions within the United Kingdom rely on different types of industries. Any downturn in a local economy or particular industry may adversely affect the regional employment levels and consequently the repayment ability of the Borrowers in that region or in the region that relies most heavily on that industry. Any natural

disasters or widespread health crises or the fear of such crises in a particular region may weaken economic conditions and reduce the value of affected Properties and/or negatively impact the ability of affected Borrowers to make timely payments on the Loans. This may result in a loss being incurred upon the sale of such Properties. These circumstances could affect receipts on the Loans and ultimately result in losses on the Notes or inability to make payments under the Certificates. For an overview of the geographical distribution of the Loans in the Provisional Portfolio, see "*Characteristics of the Provisional Portfolio – Geographical distribution*".

Breathing Space Regulations

Under the Debt Respite Scheme Breathing Space Moratorium and Mental Health Crisis Moratorium (England and Wales) Regulations 2020 (the "**Breathing Space Regulations**"), an individual may apply for a moratorium (either a breathing space moratorium or mental health crisis moratorium) in respect of 'qualifying debt'. A debtor may only enter into a breathing space moratorium whilst receiving debt advice (from a debt advice provider authorised to provide debt counselling under article 39E of the Financial Services and Markets Act 2000 (Carrying on Regulated Activities by Way of Business) Order 2001 ("**RAO**") or a local authority) and potentially entering into a debt solution. Breathing spaces will end either (a) 60 days from the date it started; (b) the day after a debt adviser or court cancels it; or (c) if the debtor dies during the breathing space period. In this case, the breathing space ends on the day after the debtor died.

In addition, in circumstances where the debtor is suffering from a mental health crisis, the debtor themselves or mental health professionals may apply to debt advisers for a mental health breathing space. This will end 30 days after the debtor's mental health crisis treatment ended, or 30 days after the date a debt adviser had no response after asking for confirmation from the nominated point of contact about a debtor's ongoing mental health crisis treatment.

A 'qualifying debt' includes any debt or liability other than 'non-eligible debt' (defined in regulation 5(4)) including, for example, secured debt which does not amount to arrears in respect of secured debt (regulation 5(4)(a)), whether or not it is entered into, or due to be paid or repaid, before the Breathing Space Regulations come into force (regulation 5(2)). This includes any amount that the debtor is liable to pay under or in relation to an order or warrant for possession of the debtor's place of residence (regulation 3(a)). Accordingly, arrears amounts on mortgage agreements and arrears in rental payments would constitute "qualifying debt".

A moratorium includes protection from creditor action for most personal debts, including financial services debt, household bill arrears and most public sector debts. The Breathing Space Regulations impose obligations on consumer credit lenders, mortgage lenders and other regulated firms, to comply with the restrictions and obligations imposed by the moratorium on collection and enforcement of debts and application of interest and other charges. This may impact the Loans in so far as these include arrears amounts on mortgage agreements, which will be within scope of breathing spaces. No enforcement action may be taken in respect of these arrears amounts for the duration of a breathing space. Additionally, tenants of rented properties are protected from evictions for the duration of a breathing space – however, the debtor needs to meet their ongoing rent obligation (the ongoing obligation to pay rent constitutes a new payment obligation incurred during the breathing space, and therefore not a "qualifying debt" – only rental arrears fall within the scope of the Breathing Space Regulations). If payments in respect of ongoing obligations are not made, the debt adviser may elect to cancel the standard breathing space.

SERVICING AND THIRD-PARTY RISKS

Issuer Reliance on Other Third Parties

The Issuer is also a party to contracts with a number of other third parties who have agreed to perform services in relation to the Issuer and/or Notes and Certificates. In particular, but without limitation, the Corporate Services Provider has agreed to provide certain corporate services to the Issuer pursuant to the Corporate Services Agreement, the Issuer Account Bank has agreed to provide the Issuer Accounts to the Issuer pursuant to the Bank Account Agreement, the Swap Provider has agreed to enter into the Swap Transaction pursuant to the terms of the Swap Agreement, the Servicer has agreed to service the Portfolio pursuant to the Servicing Agreement, the Back-Up Servicer Facilitator has agreed to provide facilitation services in relation to the Portfolio pursuant to the Servicing Agreement, the Cash Manager has agreed to provide cash management services pursuant to the Cash Management Agreement, and the Paying Agents,

the Registrar and the Agent Bank have all agreed to provide services with respect to the Notes and Certificates pursuant to the Agency Agreement. In the event that any of the above parties were to fail to perform their obligations under the respective agreements, including any failure arising from circumstances beyond their control such as epidemics (for example, the COVID-19 outbreak), to which they are a party and/or are removed or if such a party resigns without a sufficiently experienced substitute or any substitute being appointed in their place promptly thereafter, collections on the Portfolio and/or payments to Noteholders and Certificateholders may be disrupted and Noteholders and Certificateholders may be adversely affected.

As a result of the COVID-19 outbreak, many organisations (including courts, other government agencies and service providers) have either closed or implemented policies requiring their employees to work at home. Such remote working policies are dependent upon a number of factors to be successful, including communications, internet connectivity and the proper functioning of information technology systems, all of which can vary from organisation to organisation. As a result, such closures and remote working policies may lead to delays or disruptions in performing otherwise routine functions. In addition, to the extent that courts and other government agencies are closed or operate on a limited basis, registration, enforcement and similar activities may not be processed in a timely manner, and may be further delayed as such offices and courts address any backlogs of such actions that accumulated during the period of closure, and the duration of such backlogs is impossible to predict at this time.

The Transaction Documents do not contain any restrictions on the ability of any third-party providing services to the Issuer to change their business plans and strategies and access other business lines or markets after the Closing Date. Any changes of the business plans and strategies of a third-party service provider could expose that third-party to additional risks (including regulatory, operational and systems risk) which could have an adverse effect on the ability of the third-party to provide services to the Issuer and consequently could have an adverse effect on the Issuer's ability to perform its obligations under the Notes and Certificates.

Termination of the appointment of the Servicer and/or the Legal Title Holder

Bluestone Mortgages Limited will be appointed by the Issuer as Servicer to service the Loans and their Related Security. If the Servicer breaches the terms of the Servicing Agreement, then, prior to the delivery of an Enforcement Notice and with the prior written consent of the Trustee or the Issuer or, after delivery of an Enforcement Notice, the Trustee will be entitled to terminate the appointment of the Servicer in accordance with the terms of the Servicing Agreement.

The aggregate liability of the Servicer is subject to limitation and caps, as more particularly described in the section entitled "*Summary of Key Transaction Documents – The Servicing Agreement*".

In the event that the Issuer suffers a loss in respect of the Portfolio, or becomes liable to a third-party, in each case as a result of any claim arising out of or in connection with the performance (or non-performance) of the Servicer's duties and obligations under the Servicing Agreement and the Servicer is liable to the Issuer for such acts or omissions pursuant to the terms of the Servicing Agreement, any loss over and above the liability cap set out in the Servicing Agreement (to the extent enforceable under applicable law and other than as a result of the fraud, gross negligence or wilful default of the Servicer or that of its officers, directors or employees) may be irrecoverable by the Issuer. This may result in fewer proceeds being available to meet the obligations of the Issuer in respect of the Notes and Certificates.

Any change in Servicer or Legal Title Holder could delay collection of payments on the Loans and ultimately could adversely affect the ability of the Issuer to make payments in full on the Notes and payments under the Certificates.

If a Servicer Termination Event occurs (including those specified in the first paragraph of this risk factor), there can be no assurance that a substitute Servicer with sufficient experience of servicing the Loans and their Related Security would be found who would be willing and able to service the Loans and their Related Security on the terms, or substantially similar terms, set out in the Servicing Agreement. Further, investors should be aware that no comfort can be given as to what the prevailing market standard will be at any time a substitute Servicer is appointed and it may be that the terms on which such a substitute Servicer may be appointed are substantially different from those set out in the Servicing Agreement (including in respect of the location of the payment of any servicing fees in the Priority of Payments) and the terms may be such that the Noteholders and Certificateholders may be adversely affected. The ability of a substitute Servicer

to fully perform the required services would depend, among other things, on the information, software and records available at the time of the appointment. Any delay or inability to appoint a substitute Servicer may affect payments on the Loans and hence the Issuer's ability to make payments when due on the Notes and Certificates.

In addition, Noteholders and Certificateholders should be aware that the Servicer has no obligation itself to advance payments that Borrowers fail to make in a timely fashion.

For further details on the arrangements with the Servicer, please see "*Summary of the Key Transaction Documents – Servicing Agreement*" below.

Change of counterparties

The parties to the Transaction Documents who receive and hold monies or provide support to the transaction pursuant to the terms of such documents (such as the Issuer Account Bank and the Swap Provider) are required to satisfy certain criteria in order that they can continue to be a counterparty to the Issuer.

These criteria include requirements in relation to (in the case of S&P) the short-term and/or long-term issuer credit rating or resolution counterparty rating or (in the case of Moody's) the short-term deposit rating, senior unsecured debt rating and/or long-term counterparty risk assessment ascribed to such party by the Rating Agencies. If the party concerned ceases to satisfy the applicable criteria, including the ratings criteria set out in the relevant Transaction Documents and as described in this Prospectus, then the rights and obligations of that party (including the right or obligation to receive monies on behalf of the Issuer) may be required to be transferred to another entity which does satisfy the applicable ratings criteria. In these circumstances, the terms agreed with the replacement entity may not be as favourable as those agreed with the original party pursuant to the relevant Transaction Document and the cost to the Issuer may therefore increase. In addition, it may not be possible to find an entity with the ratings prescribed in the relevant Transaction Document who would be willing to act in the role. This may reduce amounts available to the Issuer to make payments of interest and principal on the Notes and payments under the Certificates and/or lead to a downgrade in the ratings of the Notes.

In addition, should the applicable criteria cease to be satisfied, then the parties to the relevant Transaction Document may agree to amend or waive certain of the terms of such document, including the applicable criteria (although this will not apply to mandatory provisions of law), in order to avoid the need for a replacement entity to be appointed. The consent of Noteholders or Certificateholders may not be required in relation to such amendments and/or waivers and as such investors should be aware that certain counterparties to the Transaction Documents may change from time to time without their consent.

RISKS RELATED TO THE RIGHTS OF NOTEHOLDERS, CERTIFICATEHOLDERS AND SECURED CREDITORS

Conflict between Noteholders, Certificateholders and other Secured Creditors

So long as any of the Notes are outstanding, except where expressly provided otherwise, the Trustee shall not have regard to the interests of the Certificateholders or the other Secured Creditors as regards all powers, trusts, authorities, duties and discretions of the Trustee, subject to the provisions of the Trust Deed, Conditions 13.5 (*Modification to the Transaction Documents*) and 13.6 (*Additional Rights of Modification*) and Certificate Conditions 12.5 (*Modification to the Transaction Documents*) and 12.6 (*Additional Rights of Modification*).

Conflict between Noteholders and Certificateholders

The Trust Deed and the Deed of Charge contain provisions requiring the Trustee to have regard to the interests of Noteholders and not the interests of the Certificateholders (whilst the Notes are outstanding) as regards all powers, trusts, authorities, duties and discretions of the Trustee (except where expressly provided otherwise).

If, in the Trustee's opinion, however, there is or may be a conflict between the interests of the holders of one or more Classes of Notes (or, if no Notes are outstanding, Certificates), on the one hand, and the interests of the holders of one or more Classes of Notes (or, if no Notes are outstanding, Certificates), on the other hand, then the Trustee is required to have regard only to the interests of the holders of the relevant

affected Class of Notes or Certificates ranking in priority to other relevant Classes of Notes or Certificates in the Post-Enforcement Priority of Payments.

As a result, holders of Notes and Certificates other than the Most Senior Class may not have their interests taken into account by the Trustee when the Trustee exercises discretion where there is a conflict of interest.

In addition, prospective investors should note that the Trust Deed provides that no Extraordinary Resolution of the holders of a Class of Notes or Certificates, other than the holders of the Most Senior Class, shall take effect for any purpose while the Most Senior Class remains outstanding unless such Extraordinary Resolution shall have been sanctioned by an Extraordinary Resolution of the holders of the Most Senior Class or the Trustee is of the opinion it would not be materially prejudicial to the interests of the holders of the Most Senior Class.

For certain purposes, including the determination as to whether Notes and Certificates are deemed outstanding, for the purposes of convening a meeting of Noteholders or Certificateholders, those Notes or Certificates (if any) which are for the time being held by or on behalf of or for the benefit of the Issuer, the Seller, any holding company as defined in section 1159 of the Companies Act 2006 ("**Holding Company**") of the Issuer or the Seller or any other subsidiary as defined in section 1159 of the Companies Act 2006 ("**Subsidiary**") of either such Holding Company (each such entity a "**Relevant Person**"), in each case as beneficial owner, shall (unless and until ceasing to be so held) be deemed not to remain outstanding or in issue, except where all of the Notes or Certificates of any Classes are held by or on behalf of or for the benefit of one or more Relevant Persons, in which case such Classes of Notes or Certificates (the "**Relevant Class**") shall be deemed to remain outstanding or in issue (as the case may be) except that, if there is any other Class of Notes or Certificates ranking (with regard to the definition of Most Senior Class) *pari passu* with, or junior to, the Relevant Class and one or more Relevant Persons are not the beneficial owners of all the Notes or Certificates of such Class, then the Relevant Class shall be deemed not to remain outstanding and, **provided that**, in relation to a matter relating to a Basic Terms Modification, any Notes or Certificates which are for the time being held by or on behalf of or for the benefit of a Relevant Person, in each case as beneficial owner, shall be deemed to remain outstanding or in issue, as applicable.

Conflicts of Interest

Certain of the Transaction Parties and their respective affiliates are acting in a number of capacities in connection with the transaction described herein. Those Transaction Parties and any of their respective affiliates acting in such capacities will have only the duties and responsibilities expressly agreed by each such entity in the relevant capacity and will not, by reason of it or any of its affiliates acting in any other capacity, be deemed to have other duties or responsibilities or be deemed to be held to a standard of care other than as expressly provided with respect to each such capacity. In no event shall such Transaction Parties or any of their respective affiliates be deemed to have any fiduciary obligations to any person by reason of their respective affiliates acting in any capacity.

In addition to the interests described in this Prospectus, the Co-Arrangers and the Joint Lead Managers and their respective related entities, associates, officers or employees (each a "**Joint Lead Managers Related Person**"):

- (a) may from time to time be a Noteholder or Certificateholder or have other interests with respect to the Notes and Certificates and they may also have interests relating to other arrangements with respect to a Noteholder or a Note, a Certificateholder or a Certificate;
- (b) may receive (and will not have to account to any person for) fees, brokerage and commission or other benefits and act as principal with respect to any dealing with respect to any Notes or Certificates;
- (c) may purchase all or some of the Notes and/or Certificates and resell them in individually negotiated transactions with varying terms; and
- (d) may be or have been involved in a broad range of transactions including, without limitation, banking, lending, advisory, dealing in financial products, credit derivative and liquidity transactions, investment management, corporate and investment banking and research in various capacities in respect of the Notes and Certificates, the Issuer or any other Transaction Party or any related entity, both on its own account and for the account of other persons.

Prospective investors should be aware that:

- (i) each Joint Lead Managers Related Person in the course of its business (including in respect of interests described above) may act independently of any other Joint Lead Managers Related Person or Relevant Party;
- (ii) to the maximum extent permitted by applicable law, the duties of each Joint Lead Managers Related Person in respect of the Notes and Certificates are limited to the relevant contractual obligations set out in the Transaction Documents (if any) and, in particular, no advisory or fiduciary duty is owed to any person. No Joint Lead Managers Related Person shall have any obligation to account to the Issuer, any Relevant Party or any Noteholder or Certificateholder for any profit as a result of any other business that it may conduct with either the Issuer or any Relevant Party;
- (iii) a Joint Lead Managers Related Person may have or come into possession of information not contained in this Prospectus that may be relevant to any Noteholder or Certificateholder or to any decision by a potential investor to acquire the Notes and/or Certificates and which may or may not be publicly available to potential investors ("**Relevant Information**");
- (iv) to the maximum extent permitted by applicable law no Joint Lead Managers Related Person is under any obligation to disclose any Relevant Information to any other Joint Lead Managers Related Person, to any Relevant Party or to any potential investor and this Prospectus and any subsequent conduct by a Joint Lead Managers Related Person should not be construed as implying that such Joint Lead Managers Related Person is not in possession of such Relevant Information; and
- (v) each Joint Lead Managers Related Person may have various potential and actual conflicts of interest arising in the ordinary course of its businesses, including in respect of the interests described above. For example, a Joint Lead Managers Related Person's dealings with respect to a Note or Certificate, the Issuer or a Relevant Party, may affect the value of a Note or Certificate.

These interests may conflict with the interests of a Noteholder and/or Certificateholder and the Noteholder and/or Certificateholder may suffer loss as a result. To the maximum extent permitted by applicable law, a Joint Lead Managers Related Person is not restricted from entering into, performing or enforcing its rights in respect of the Transaction Documents, the Notes, the Certificates or the interests described above and may otherwise continue or take steps to further or protect any of those interests and its business even where to do so may be in conflict with the interests of Noteholders, Certificateholders and the Joint Lead Managers Related Persons in so doing so act in its own commercial interests and without notice to, and without regard to, the interests of any such person.

Meetings of Noteholders, Certificateholders Modification and Waivers

The Conditions contain provisions for calling separate or combined meetings of Noteholders and Certificateholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders and Certificateholders (including Noteholders and Certificateholders who did not attend and vote at the relevant meeting and Noteholders and Certificateholders who voted in a manner contrary to the requisite majority for such vote).

The Conditions also provide that the Trustee may agree, without the consent of the Noteholders, the Certificateholders or the other Secured Creditors (other than any Secured Creditors which are party to the relevant Transaction Document), to (a) except in the case of a Basic Terms Modification, any modification of, or the waiver or authorisation of, any breach or proposed breach of, the Conditions or any of the Transaction Documents which is not, in the opinion of the Trustee, materially prejudicial to the interests of the Noteholders or, if no Notes are outstanding, the Certificateholders or (b) any modification which, in the opinion of the Trustee, is of a formal, minor or technical nature or to correct a manifest error. The Conditions also specify that certain categories of amendments (including changes to majorities required to pass resolutions or quorum requirements) would be classified as Basic Terms Modifications. Investors should note that a Basic Terms Modification is required to be sanctioned by an Extraordinary Resolution of the holders of the relevant affected Class or Classes of Notes or Certificates then in issue, as applicable which are affected by such Basic Terms Modifications. The Conditions also provide that the Trustee shall, subject to the terms thereof, without the consent or sanction of the Noteholders, Certificateholders or any of the other Secured Creditors (other than any Secured Creditors which are party to the relevant Transaction

Document), agree to any modification to the Transaction Documents, the Conditions or the Certificate Conditions requested by the Issuer (a) in order for it to comply with any requirements which apply to it under Regulation (EU) 648/2012, as it forms part of domestic law of the United Kingdom by virtue of the EUWA ("**UK EMIR**") and Regulation (EU) 648/2012 ("**EU EMIR**"), commonly known as the European Market Infrastructure Regulation, or (b) for the purpose of enabling the Issuer (or the Servicer on its behalf) to (x) transfer the Collection Account from the Collection Account Bank to another bank or (y) transfer the role of the Servicer and/or the Legal Title Holder to the Successor Servicer and the Successor Legal Title Holder (as applicable) in each case in circumstances where the Servicer's and Legal Title Holder's appointment is terminated pursuant to clause 24 (*Appointment following Termination*) of the Servicing Agreement, irrespective of whether such modifications are (i) materially prejudicial to the interests of the holders of any Class of Notes, any Class of Certificates or any other Secured Creditor or (ii) in respect of a Basic Terms Modification, **provided that** the Issuer (or Servicer on its behalf) certifies to the Trustee in writing that such modification is required solely for such purpose and has been drafted solely to such effect and that the conditions stipulated in clause 29.2 or 24, respectively, of the Servicing Agreement have been satisfied or (c) for the purpose of enabling the Issuer to open any custody account for the receipt of any collateral posted by the Swap Provider under the Swap Agreement in the form of securities irrespective of whether such modifications are (i) materially prejudicial to the interests of the holders of any Class of Notes or Certificates or any other Secured Creditor or (ii) in respect of a Basic Terms Modification **provided that** the Issuer (or the Seller on its behalf) certifies to the Trustee in writing that such modification is required solely for such purpose and has been drafted solely to such effect.

Further, the Trustee may also be obliged, in certain circumstances, to agree to amendments to the Conditions and/or the Transaction Documents for the purpose of (i) complying with, or implementing or reflecting, any change in the criteria of one or more of the Rating Agencies which may be applicable from time to time, (ii) complying with any changes in the requirements of the EU Securitisation Regulation, including as a result of the adoption of regulatory technical standards in relation to the EU Securitisation Regulation or any other risk retention legislation, regulations or official guidance in relation thereto, (iii) complying with any changes in the requirements of the UK Securitisation Regulation, including as a result of the adoption of regulatory technical standards in relation thereto, (iv) enabling the Notes to be (or to remain) listed on Euronext Dublin, (v) enabling the Issuer or any of the other Transaction Parties to comply with FATCA, (vi) complying with any changes in the requirements of the UK CRA Regulation including as a result of the adoption of regulatory technical standards in relation to the UK CRA Regulation, the UK CRA3 Requirements, the UK Securitisation Regulation including any requirements imposed by the UK Securitisation Regulation and/or any new regulations or official guidance in relation thereto, (vii) changing the SONIA Reference Rate or the base rate that then applies in respect of the Notes to an alternative base rate (including where such base rate may remain linked to SONIA but may be calculated in a different manner) and making such other amendments as are necessary or advisable in the commercially reasonable judgement of the Issuer (or the Seller on its behalf) to facilitate such change (a "**Base Rate Modification**") after the Closing Date or (viii) changing the base rate that then applies in respect of the Swap Agreement to an alternative base rate as is necessary or advisable in the commercially reasonable judgement of the Issuer (or the Seller) on its behalf and (in the case of the Swap Agreement) the Swap Provider solely as a consequence of a Base Rate Modification and solely for the purpose of aligning the base rate of the Swap Agreement to the base rate of the Notes following such Base Rate Modification (a "**Swap Rate Modification**") (each a "**Proposed Amendment**"), without the consent of the Noteholders or Certificateholders.

In relation to any such Proposed Amendments, the Issuer is required, amongst other things, to certify in writing to the Trustee that the Issuer has provided at least 30 calendar days' notice to the Noteholders or Certificateholders, as applicable, of each Class of the proposed modification in accordance with Condition 16 (*Notice to Noteholders*) or Certificate Condition 15 (*Notice to Certificateholders*) and by publication on Bloomberg on the "**Company News**" screen relating to the Notes and Certificates. However, Noteholders and Certificateholders should be aware that, in relation to each Proposed Amendment, if Noteholders or Certificateholders representing at least 10 per cent. of the aggregate Principal Amount Outstanding of the Most Senior Class (or, if no Notes are outstanding, the Certificates) have not contacted the Issuer in writing (or otherwise in accordance with the then current practice of any applicable clearing system through which such Notes and Certificates may be held) within such notification period notifying the Issuer that such Noteholders or Certificateholders, as applicable, do not consent to the modification, the modification will be passed without Noteholder or Certificateholder consent.

If Noteholders or Certificateholders, as applicable, representing at least 10 per cent. of the aggregate Principal Amount Outstanding of the Most Senior Class (or, if no Notes are outstanding, Certificates) then

outstanding have notified the Issuer in writing (or otherwise in accordance with the then current practice of any applicable clearing system through which such Notes or Certificates may be held) within the notification period referred to above that they do not consent to the modification, then such modification will not be made unless an Extraordinary Resolution of the Noteholders or Certificateholders, as applicable, of the Most Senior Class of Notes (or, if no Notes are outstanding, Certificates) then outstanding is passed in favour of such modification in accordance with Condition 13 (*Meetings of Noteholders, Modification, Waiver and Substitution*) or Certificate Condition 12 (*Meetings of Certificateholders, Modification, Waiver and Substitution*). See "*Terms and Conditions of the Notes – Condition 13 (Meetings of Noteholders, Modification, Waiver and Substitution)*" and "*Terms and Conditions of the Certificates – Certificate Condition 12 (Meetings of Certificateholders, Modification, Waiver and Substitution)*" below.

There is no guarantee that any changes made to the Transaction Documents and the Conditions pursuant to the obligations imposed on the Trustee, as described above, would not be prejudicial to the Noteholders or Certificateholders.

CERTAIN REGULATORY RISKS RELATED TO THE PORTFOLIO

Regulation of Buy-to-Let loans

Buy-to-Let mortgage loans can fall under several different regulatory regimes. They can be:

- unregulated;
- regulated by the Consumer Credit Act 1974 (the "CCA") as a regulated credit agreement – as defined by article 60B of the Financial Services and Markets Act 2000 (Regulated Activities) Order 2001 (SI 2001/544) (as amended) (the "RAO") (a "**Regulated Credit Agreement**");
- regulated by the Financial Services and Markets Act 2000 (the "FSMA") as a regulated mortgage contract (as defined by article 61 RAO) (a "**Regulated Mortgage Contract**"); or
- regulated as a consumer Buy-to-Let mortgage contract under the consumer Buy-to-Let regime – as defined by the Mortgage Credit Directive Order 2015 ("MCDO") (a "**Consumer Buy-to-Let Loan**").

Unregulated Buy-to-Let loans

The Portfolio includes Buy-to-Let Loans that are not Regulated Credit Agreement, Regulated Mortgage Contract or Consumer Buy-to-Let Loans ("**Unregulated Buy-to-Let Loans**"). The Seller believes that such Unregulated Buy-to-Let Loans are unregulated loans and, as described below, the Seller has given a warranty in the Mortgage Sale Agreement that no agreement for any Loan is in whole or in part a Regulated Credit Agreement. If any of the Unregulated Buy-to-Let Loans are in fact Regulated Credit Agreements, Regulated Mortgage Contracts or Consumer Buy-to-Let Loans then breach of the relevant regulations could give rise to a number of consequences (as applicable), including but not limited to: unenforceability of the Loans, interest payable under the Unregulated Buy-to-Let Loans being irrecoverable for certain periods of time, or borrowers being entitled to claim damages for losses suffered and being entitled to set off the amount of their claims against the amount owing by the borrower under the Unregulated Buy-to-Let Loans, all of which may adversely affect the ability of the Issuer to make payments in full on the Notes when due and payments under the Certificates.

The Seller shall warrant that no Unregulated Buy-to-Let Loan is wholly or partly a Regulated Mortgage Contract, consumer credit agreement (as defined in section 8 of the CCA) or a Consumer Buy-to-Let Loan. However, investors should note that there is no guarantee that the Seller will have the financial resources to honour its repurchase undertaking in respect of any Unregulated Buy-to-Let Loan for which the above warranty is breached (please see the risk factor above entitled "*Searches, Investigations and Warranties in Relation to the Loans*").

The Seller believes the Unregulated Buy-to-Let Loans in the Portfolio (that do not amount to a Consumer Buy-to-Let Loan) will be unregulated because they do not meet the criteria for a Regulated Credit Agreement, Regulated Mortgage Contract or Consumer Buy-to-Let Loan. There are, however, still some regulated activities that apply to unregulated Buy-to-Let mortgage loans; the relevant activities in respect of the Loans being debt administration and debt collection. The Servicer and Issuer will be excluded as

lender from the regulated activities of debt administration and debt collection in respect of any unregulated loan, consumer Buy-to-Let loans or Regulated Credit Agreements.

Being unregulated, the relevant Unregulated Buy-to-Let Loans should not be subject to scrutiny under the Consumer Rights Act 2015 ("**CRA**") because the relevant borrowers should not fall within the definition of 'consumer' for the purpose of the CRA. For the purpose of the CRA, a "consumer" is defined as an individual acting for purposes that are wholly or mainly outside that individual's trade, business, craft or profession. However, the question of whether a borrower taking out an Unregulated Buy-to-Let Loan will be regarded as acting within the course of a trade, business, craft or profession (thereby bringing the Unregulated Buy-to-Let Loan out of the scope of scrutiny under the CRA) will depend on the facts of each case and a number of factors will be taken into consideration. A statement in the Unregulated Buy-to-Let Loan documentation that the loan is made for commercial purposes will not, in and of itself, be effective to bring an Unregulated Buy-to-Let Loan outside the scope of scrutiny under the CRA and therefore there is a risk that the CRA might apply in limited circumstances. If the CRA were to apply, a borrower may have a right of recourse against the Legal Title Holder if any of the terms of the Unregulated Buy-to-Let Loan were unfair, which would be a matter for a court to determine if a case was brought.

Regulated Mortgage Contracts

The Portfolio includes Owner-Occupied Loans, Right-to-Buy Loans and Help-to-Buy Loans. These loans will be subject to regulation, either under FSMA or MCDO as below.

Failure to comply with the regulatory mortgage regime in the United Kingdom under the FSMA "Mortgages and Home Finance: Conduct of Business Sourcebook" ("MCOB"), COB's, MCDO and other regulatory frameworks may render regulated mortgage contracts or other secured credit agreements unenforceable against the borrower and may ultimately adversely affect the ability of the Issuer to make payments on the Notes when due

There are various pieces of regulation, legislation and FCA guidance which govern the origination of Owner-Occupied Loans and consumer protections in relation to such Owner-Occupied Loans.

Residential mortgage lending business in the United Kingdom became a regulated activity under the FSMA on 31 October 2004.

As the Owner-Occupied loans included and to be included in the Portfolio were offered on or after 31 October 2004, the FSMA regime is intended to apply to such Owner-Occupied Loans. The Seller has given or, as applicable, will give warranties to the Issuer and others in the Mortgage Sale Agreement that, *inter alia*, each Owner-Occupied Loan is enforceable. If a Owner-Occupied Loan does not comply with these warranties in a material respect, and if such material breach is not cured within the applicable timeframe, then the Seller will either (i) at its election upon becoming aware of such material breach and upon giving notice to the Issuer and the Trustee or (ii) upon receipt of the notice from the Issuer (copied to the Trustee) be required to repurchase the relevant Owner-Occupied Loan.

The FCA MCOB which sets out the FCA's rules for regulated mortgage activities, came into force on 31 October 2004. MCOB applies to all Regulated Mortgage Contracts and Consumer Buy-to-Let Loans where the lender is not registered with the FCA. The MCDO came into force on 6 April 2015. Schedule 2 of the MCDO applies to Consumer Buy-to-Let Mortgages regardless of whether or not the lender is registered with the FCA. The rules contained in both the MCOB and the MCDO cover, among other things, certain pre-origination matters such as financial promotion and pre-application illustrations, pre-contract and start-of-contract and post-contract disclosure, contract changes, charges and arrears and repossessions. Other rules for prudential and authorisation requirements for mortgage firms, and for extending the appointed representatives regime to mortgages, also came into force on 31 October 2004.

A borrower who is a private person may be entitled to claim damages for loss suffered as a result of any contravention by the Lender of the FSMA, MCDO, an FCA or a PRA rule (such as the rules in MCOB), or may set-off the amount of the claim against the amount owing by the borrower under the loan or any other loan that the borrower has taken (or exercise analogous rights in Scotland). Any such claim or set-off may adversely affect the Issuer's ability to make payments on the Notes.

In October 2012, the FCA published a policy statement and final rules in relation to its mortgage market review ("**MMR**"). As a result of the MMR and the Mortgage Credit Directive ("**MCD**"), the rules relating

to mortgages may operate in certain circumstances to require the servicer to take certain forbearance-related actions in relation to Owner-Occupied Loans in the Portfolio and their Related Security which do not comply with the programme documents in respect of one or more Owner-Occupied Loans.

No assurance can be made that any such actions will not reduce the amounts available to meet the payments due in respect of the Notes, although the impact of this will depend upon the number of Owner-Occupied Loans in the Portfolio which involve a borrower experiencing difficulty in making repayments.

Cancellation of certain credit agreements by borrowers under the distance marketing regulations may have an adverse impact on the originators, the Issuer and/or the servicer and may ultimately adversely affect the ability of the Issuer to make payments on the Notes when due

With effect from 31 October 2004, the Distance Marketing of Financial Services Directive (2002/65/EC) has been implemented in the United Kingdom by way of the Financial Services (Distance Marketing) Regulations 2004 (the "**DM Regulations**") and other amendments to MCOB.

Some of the Owner-Occupied Loans included in the Portfolio may have been originated on the basis of distance marketing and are therefore subject to the requirements and risks set out in this paragraph. If a significant portion of the Owner-Occupied Loans in the Portfolio are characterised as being cancellable under these DM Regulations, then there could be an adverse effect on the Issuer's receipts in respect of the Owner-Occupied Loans, affecting the Issuer's ability to make payments on the Notes.

Regulation of consumer credit lending in the United Kingdom may have an impact on the originators, the Issuer and/or the servicer and may adversely affect the ability of the Issuer to make payments in full when due on the Notes

The Seller has interpreted certain technical rules under the CCA in a way common with many other lenders in the mortgage market. If such interpretation were held to be incorrect by a court or the FOS, then a loan, to the extent that it is regulated by the CCA or treated as such, would be unenforceable as described above. If such interpretation were challenged by a significant number of borrowers, then this would lead to significant disruption and shortfall in the income of the Issuer. Court decisions have been made on technical rules under the CCA against certain mortgage lenders, but such decisions are very few and are generally county court decisions which are not binding on other courts.

The Seller has given warranties to the Issuer and others in the Mortgage Sale Agreement that, among other things, each Owner-Occupied Loan in the Portfolio and its Related Security is enforceable. If an Owner-Occupied Loan or its Related Security does not comply with these warranties in a material respect, then in certain circumstances the Seller will be required to repurchase the relevant Owner-Occupied Loan under the relevant mortgage account and its Related Security from the Issuer.

If an Owner-Occupied Loan in the Portfolio is a credit agreement which is regulated by the CCA, any failure to comply with the requirements of the CCA may adversely affect the ability of the Issuer to make payments in full on the Notes when due.

Regulations in the United Kingdom could lead to some terms of the agreements relating to the Owner-Occupied Loans being unenforceable, which may adversely affect payments on the Notes

The extremely broad and general wording of the Unfair Terms in Consumer Contracts Regulations 1999 ("**UTCCR**") makes any assessment of the fairness of terms largely subjective and makes it difficult to predict whether or not a term would be held by a court to be unfair. When the unfair contract terms regime of the Consumer Rights Act 2015 (the "**CRA**") came into force it revoked the UTCCR and introduced a new regime for dealing with unfair contractual terms.

It is therefore possible that any loans which have been made to borrowers covered by the UTCCR, and subsequently the CRA, may contain unfair terms which may result in the possible unenforceability of the terms of such loans. This may adversely affect the Issuer's ability to make payments in full on the Notes when due.

Home Owner and Tenant Protection

Part 1 of the Home Owner and Debtor Protection (Scotland) Act 2010 (the "**Home Owner and Debtor Protection Act**") came into force on 30 September 2010 and contains provisions imposing additional

requirements on heritable creditors (the Scottish equivalent to mortgagees) in relation to the enforcement of standard securities over residential property in Scotland. The Home Owner and Debtor Protection Act amends the provisions of the Conveyancing and Feudal Reform (Scotland) Act 1970 which permitted a heritable creditor to proceed to sell the secured property where the notice period specified in a calling up notice or notice of default served in respect of the relevant standard security had expired without challenge (or where a challenge had been made but not upheld). Under the Home Owner and Debtor Protection Act, the heritable creditor is required to obtain a court order to exercise its power of sale, unless the borrower and any other occupier have surrendered the property voluntarily. In addition, the Home Owner and Debtor Protection Act requires the heritable creditor in applying for a court order to demonstrate that it has taken various preliminary steps (including the service and expiry of a two-month "calling-up" notice) to resolve the borrower's position, as well as imposing further procedural requirements.

Under the provisions of the Home Owner and Debtor Protection Act a heritable creditor must obtain a court order to exercise its power of sale unless the borrower and any other occupiers have surrendered the property voluntarily, and there are requirements in relation to actions it must take prior to obtaining such a court order (including the service and expiry of a two month "calling up" notice). This may restrict the ability of the relevant originator as heritable creditor in respect of the Scottish mortgages to exercise its power of sale and this could in turn affect the ability of the Issuer to make payments of interest and principal on the Notes.

Repossessions Policy

A pre-action protocol based on mortgage or home plan arrears in respect of residential property in England and Wales came into force on 19 November 2008 (the "**Pre Action Protocol**"), setting out the steps that judges will expect any lender to take before starting a claim for possession. A number of mortgage lenders, including the servicer, have confirmed that they will delay the initiation of repossession action for at least three months, in the case of some lenders, six months after arrears start to accrue and where the property is occupied by the borrower. The application of such a moratorium may be subject to the wishes of the relevant borrower, and may not apply in cases of fraud.

The Mortgage Repossession (Protection of Tenants etc) Act 2010 came into force on 1 October 2010 and gives courts in England and Wales the same power to postpone and suspend repossession for up to two months on application by an unauthorised tenant (i.e. a tenant in possession without the lender's consent) as generally exists on application by an authorised tenant. The lender has to serve notice at the property before enforcing a possession order.

The amendments to Chapter 13 of MCOB which came into force on 25 June 2010 prevent, in relation to regulated mortgage contracts: (a) repossessing the property unless all other reasonable attempts to resolve the position have failed, which include considering whether it is appropriate to offer an extension of term, a conversion to interest only for a period or a product switch and (b) automatically capitalising a payment shortfall. Formerly, these matters were the subject of non-binding guidance only.

A further Pre-Action Protocol for Debt Claims came into force on 1 October 2017 and applies to any business when claiming payment of a debt from an individual. The Protocol encourages early and reasonable engagement between parties and aims to allow parties to resolve the matter without the need to start court proceedings. Such out of court proceedings would include discussing a reasonable payment plan or considering the use of Alternative Dispute Resolution.

A CPR Practice Direction 55C ("**PD 55C**") was in force from 20 September 2020 until 30 November 2021 but continues to have effect after 30 November 2021 in relation to any claims issued before 1 December 2021. PD 55C sets out the steps required to reactivate stayed possession claims, as well as procedural changes applying both to existing possession claims and the issue of new claims. Different requirements apply under PD 55C depending on when the relevant possession claim was first issued.

The Coronavirus (Scotland) Act 2020 put measures in place until 30 September 2020 (extended by the Coronavirus (Extension and Expiry) (Scotland) Act 2021 to 31 March 2022) and further extended by the Coronavirus (Scotland) Acts (Amendment of Expiry Dates) Regulations 2022 to 30 September 2022 to extend notice periods for tenant evictions in Scotland to three or six months, depending on the grounds for eviction and, further, to provide that repossession cases are to be considered on a discretionary basis.

Delays to landlords seeking possession of property may result in less rental income being available to meet the borrower's repayment obligations in respect of a mortgage loan.

Investors should note that as at the date of this base prospectus, the Tailored Support Guidance, as described in the section entitled "*Forebearance*" below, states that from 1 April 2021, subject to any relevant government restrictions on repossessions, firms may enforce repossession provided they act in accordance with the Tailored Support Guidance, MCOB 13 and relevant regulatory and legislative requirements. The Tailored Support Guidance provides that action to seek possession should be a last resort and should not be started unless all other reasonable attempts to resolve the position have failed. The FCA makes clear in the guidance that it expects lenders of both Owner-Occupied and Buy-to-Let mortgage loans to act in a manner consistent with these requirements.

Forebearance

In response to the Covid-19 pandemic, the FCA issued guidance intended to support mortgage customers facing payment difficulties due to circumstances related to Covid-19. The guidance originally came into force on 16 September 2020 and, following a number of interim updates, was re-published in finalised form on 25 March 2021 ("**Tailored Support Guidance**"). The Tailored Support Guidance confirms that, from 1 April 2021, firms taking steps to enforce repossession of properties should only do so as a last resort in accordance with FCA rules, updated guidance and normal legal processes – and subject to UK government rules which prevent enforced repossessions for public health reasons. Whilst originally published as temporary guidance in response to the Covid-19 pandemic, the Tailored Support Guidance remains in force until varied or revoked by the FCA.

Under various regulatory and voluntary schemes, the Servicer has agreed in certain circumstances to delay repossession actions. There can be no assurance that any delay in starting and/or completing repossession actions by the Issuer would not result in the amounts recovered being less than if the Issuer did not allow any such delays (which may ultimately affect the ability of the Issuer to make payments of interest and principal on the Notes).

The Pre Action Protocol, the Mortgage Repossession (Protection of Tenants etc) Act and MCOB may have adverse effects in markets experiencing above average levels of possession claims. Delays in the initiation of responsive action in respect of the loans may result in lower recoveries and may adversely affect the ability of the Issuer to repay the Notes. Where the period of grace is afforded it may affect the amount recovered and may result in such recovery being less than may otherwise be the case if, for example, the property sells for less than the amount of the outstanding loan.

Decisions of the FOS could lead to some terms of the loans being varied, which may adversely affect payments on your Notes

Under the FSMA, the FOS, as an independent adjudicator, is required to make decisions on, among other things, complaints relating to activities and transactions under its jurisdiction on the basis of what, in the Ombudsman's opinion, would be fair and reasonable in all circumstances of the case, taking into account, among other things, law and guidance, rather than strictly on the basis of compliance with law.

Complaints properly brought before the Ombudsman for consideration must be decided on a case by-case basis, with reference to the particular facts of any individual case. Each case would first be adjudicated by an adjudicator. Either party to the case may appeal against the adjudication. In the event of an appeal, the case proceeds to a final decision by the Ombudsman. The Ombudsman may order a money award to a debtor, which may adversely affect the ability of the Issuer to meet its obligations under the Notes. As the Ombudsman is required to make decisions on the basis of, among other things, the principles of fairness, and may order a monetary award to a complaining borrower, it is not possible to predict how any future decision of the Ombudsman would affect the ability of the Issuer to make payments to noteholders.

Consumer Credit Act

Under the CCR there is a risk that any credit agreement intended to be a regulated mortgage contract under the FSMA or unregulated, might instead be wholly or partly regulated by the CCA or be treated as such (or *vice versa*) because of technical rules on:

- determining whether any credit under the CCA arises, or (where applicable) whether any applicable financial limit of the CCA is exceeded;

- determining whether the credit agreement is an exempt agreement under the CCA (for example, certain types of credit agreement to finance the purchase of, or alteration to, homes or business premises, or regulated mortgage contracts under the FSMA; or
- changes to the credit agreements.

Under section 75 of the CCA, in certain circumstances the lender is liable to the borrower in relation to misrepresentation and breach of contract by a supplier in a transaction financed by a credit agreement that is wholly or partly regulated by the CCA or treated as such. The borrower may set off the amount of the claim against the lender against the amount owing by the borrower under the loan or under any other loan that the borrower has taken (or exercise analogous rights in Scotland). Any such claim or set-off in relation to a Owner-Occupied Loan in the Portfolio may adversely affect the Issuer's ability to make payments on the Notes.

Breathing Space Regulations

The Debt Respite Scheme (Breathing Space Moratorium and Mental Health Crisis Moratorium) (England and Wales) Regulations 2020 came into force on 4 May 2021 (the "**Breathing Space Regulations**"). The Breathing Space Regulations establish a scheme which gives eligible individuals with debt problems the right to legal protections from creditor action for up to 60 days while they receive debt advice, as well as a separate scheme providing for borrowers receiving mental health crisis treatment to be protected by a similar moratorium for the duration of their mental health crisis treatment and then for a further 30 days following the end of such treatment. Protections under the scheme are not extended to mortgage payments on the principal and interest, but will extend to payments of mortgage arrears not capitalised and interest, fees or any other charges on those arrears. In Scotland, eligible individuals are afforded similar legal protection under the Bankruptcy (Scotland) Act 2016 although the moratorium period of 42 days is shorter than in England and Wales and does not make any accommodation for mental health crisis (the 42 day moratorium period was extended to 6 months by the Coronavirus (Scotland) Act 2020 – this extension is due to expire on 30 September 2022). Any such moratoria may adversely affect the Issuer's ability to make payments to the Noteholders and Certificateholders.

The Renting Homes (Wales) Act 2016

The Renting Home (Wales) Act (the "**Renting Homes Act**") received royal assent on 18 January 2016 but has not yet been brought into force. This Act will convert the majority of residential tenancies in Wales into a 'standard contract' with retrospective effect when it has been brought into force; however, some tenancies will not be converted with retrospective effect (including those which have Rent Act protection, and tenancies for more than 21 years).

The Renting Homes Act (which only has effect in Wales) does not contain an equivalent mandatory ground for possession that a lender had under the Housing Act 1988 where a property was subject to a mortgage granted before the beginning of the tenancy and the lender required possession in order to dispose of the property with vacant possession.

The Renting Homes Act may result in lower recoveries in relation to Buy-to-Let Loans over Properties in Wales and may affect the ability of the Issuer to make payments under the Notes and Certificates.

Energy Efficiency Regulations 2015

From 1 April 2018, landlords of relevant domestic properties in England and Wales may not grant a tenancy to new or existing tenants if their property has an EPC rating of band F or G (as shown on a valid energy performance certificate for the property) and, from 1 April 2020, landlords must not continue letting a relevant domestic property which is already let if that property has an EPC rating of band F or G (as shown on a valid energy performance certificate for the property). In both cases described above this is referred to in the Energy Efficiency (Private Rented Property) (England and Wales) Regulations 2015 (the "**Energy Efficiency Regulations 2015**") as the prohibition on letting substandard property. Where a landlord wishes to continue letting property which is currently substandard, they will need to ensure that energy efficiency improvements are made which raise the EPC rating to a minimum of E.

In certain circumstances landlords may be able to claim an exemption from this prohibition on letting substandard property; this includes situations where the landlord is unable to obtain funding to cover the cost of making improvements, or where all improvements which can be made have been made, and the

property remains below an EPC rating of Band E. Local authorities will enforce compliance with the domestic minimum level of energy efficiency. They may check whether a property meets the minimum level of energy efficiency, and may issue a compliance notice requesting information where it appears to them that a property has been let in breach of the Energy Efficiency Regulations 2015 (or an invalid exemption has been registered in respect of it). Where a local authority is satisfied that a property has been let in breach of the Energy Efficiency Regulations 2015 it may serve a notice on the landlord imposing financial penalties. This may impact the ability of the relevant Borrower to make payment on the relevant Loan which in turn could affect the Issuer's ability to make payments on the Notes and Certificates.

Similar provisions have been enacted in Scotland pursuant to the Energy Efficiency (Private Rented Property) (Scotland) Regulations 2020 but the implementation of the regulations has been postponed and there is no current timetable for their application. The original timetable required that all new tenancies should have an EPC of at least Band E on or after 1 October 2020 and that all private rented properties should reach this standard by 31 March 2022; thereafter, new tenancies require an EPC of at least Band D from 1 April 2022 with all private properties meeting this standard by 31 March 2025.

Land Registration Reform in Scotland

The Land Registration etc. (Scotland) Act 2012 (the "**2012 Act**") received royal assent on 8 December 2014. One of the policy aims of the 2012 Act is to encourage the transfer of property titles recorded in the historic General Register of Sasines to the more recently established Land Register of Scotland with the aim of eventually closing the General Register of Sasines by 2024.

Previously, title to a residential property that was recorded in the General Register of Sasines would usually only require to be moved to the Land Register of Scotland (a process known as 'first registration') when that property was sold or if the owner decided voluntarily to commence first registration. However, the 2012 Act provides additional circumstances which will trigger first registration of properties recorded in the General Register of Sasines, including the recording of a standard security (which will extend to any standard security granted by the Issuer in favour of the Trustee over Scottish Mortgages in the Portfolio recorded in the General Register of Sasines pursuant to the terms of the Deed of Charge following a Perfection Event (a "**Scottish Sasine Sub-Security**").

The relevant provisions of the 2012 Act relating to the recording of standard securities came into force on 1 April 2016 (the "**Commencement Date**"). As of this date, the General Register of Sasines is now closed to the recording of securities. Despite the provisions of the 2012 Act mentioned above, for the time being, other deeds such as assignments of standard securities (including any assignment granted by the Seller in favour of the Issuer in respect of Scottish Mortgages in the Portfolio recorded in the General Register of Sasines pursuant to the terms of the Servicing Agreement following a Perfection Event), will continue to be accepted in the General Register of Sasines indefinitely; although the Registers of Scotland have reserved the right to consult further on this issue in the future.

If a Perfection Event occurs following the Commencement Date then an application to record a Scottish Sasine Sub-Security in relation to Scottish Mortgages in the Portfolio would trigger a first registration in the Land Register of Scotland of the underlying Scottish Properties secured by the relevant Scottish Mortgages.

The impact of these changes to the Scottish land registration system is unlikely to be of material detriment to the Issuer, the Trustee or to the Noteholders and Certificateholders for the following reasons: (i) the Registers of Scotland report on the consultation process indicated that whilst these changes are likely to prolong completion of the registration process, where possible they will take a pragmatic view and not burden parties (such as the Issuer, Trustee or the Borrower who owns the underlying Scottish Property) with unreasonable or arbitrary costs and, in particular, the fee for a voluntary first registration of land over which a new standard security is to be granted is currently zero, which would keep the statutory cost of registering a Scottish Sasine Sub-Security in line with current statutory costs; and (ii) whilst the prolonged registration process is likely to be of practical inconvenience to the transaction parties and may give rise to costs that result in a reduction in the amounts that the Issuer has to make in payments to Noteholders under the Notes and to Certificateholders under the Certificates, the validity and effectiveness of any Scottish Sasine Sub-Security would be unaffected by the change to the registration system (and the relevant Scottish Mortgages would in any event continue to be covered by the floating charge granted by the Issuer under the Deed of Charge). However, it is not unlikely that, were a Perfection Event to occur after the

Commencement Date, the parties involved may still encounter increased legal and other third-party costs relating to the first registration process and additional administrative burden.

As noted above, no indication has been given as to when or if the above provisions may be extended to other types of dealing with a standard security, such as assignments. However, if the General Register of Sasine becomes closed to assignments of standard securities under the same provisions at any time subsequent to the Closing Date then this would also have an impact on the registration of any transfers through the General Register of Sasine in Scotland executed following a Perfection Event in a manner similar to Scottish Sasine Sub-Securities, with the probability of higher legal costs and a longer period required to complete registration than would currently be the case.

As noted above, such events will only occur following a Perfection Event and, given that the proportion of residential properties in Scotland which remain recorded in the General Register of Sasines continues to decline (the Registers of Scotland estimate that in April 2016 around 60 per cent. of property titles in Scotland were registered in the Land Register of Scotland), it is likely that, in relation to the current Portfolio where approximately 7.79 per cent. of the Provisional Portfolio by aggregate Current Balance of the Loans are Scottish Loans, only a minority of the Scottish Mortgages will be recorded in the General Register of Sasines.

Potential effects of any additional regulatory changes

No assurance can be given that additional regulatory changes by or guidance from the Competition and Markets Authority, the FCA, the Ombudsman or any other regulatory authority will not arise with regard to the mortgage market in the United Kingdom generally, the Seller's particular sector in that market, the private rental market in the United Kingdom, or specifically in relation to the Seller. Any such action or developments or compliance costs may have a material adverse effect on the Loans, the Seller, the Issuer, the Servicer and their respective businesses and operations. This may adversely affect the Issuer's ability to make payments in full on the Notes when due and payments under the Certificates.

CERTAIN INSOLVENCY RISKS

Insolvency legislation in the United Kingdom

The Issuer has represented in the Transaction Documents that it will have its centre of main interests in the United Kingdom and may therefore be subject to the insolvency proceedings under the laws of England and Wales.

Company voluntary arrangement and small companies moratorium

Under the company voluntary arrangement procedure set out in the Insolvency Act 1986, certain "small companies" are permitted to seek court protection from their creditors by way of a moratorium for a period of up to 28 days, with the option for creditors to extend this protection for up to a further two months (although the Secretary of State may, by order, extend or reduce the duration of either period).

A "**small company**" is defined by reference to whether the company meets certain tests contained in section 382(3) of the Companies Act 2006, relating to a company's balance sheet total, turnover and average number of employees in a particular period. The position as to whether or not a company is a "**small company**" may change from financial period to financial period, depending on its financial position and average number of employees during that particular period. The Secretary of State may, by regulation, also modify the qualifications for eligibility of a company for a moratorium and may also modify the present definition of a "**small company**". Accordingly, the Issuer may, at any given time, come within the ambit of the "**small companies**" provisions, such that the Issuer may (subject to the exemptions referred to below) be eligible to seek a moratorium, in advance of a company voluntary arrangement.

During the period for which a moratorium is in force in relation to a company, *inter alia*, no winding up may be commenced or administrator appointed to that company, no administrative receiver of that company may be appointed, no security created by that company over its property may be enforced (except with the leave of the court) and no other proceedings or legal process may be commenced or continued in relation to that company (except with the leave of the court). In addition, if the holder of the security (the "**chargee**") created by that company consents or if the court gives leave, the company may dispose of the secured property as if it were not subject to the security. Where the property in question is subject to a floating charge, the chargee will have the same priority in respect of any property of the company directly or

indirectly representing the property disposed of as he would have had in respect of the property subject to the floating charge. Where the security in question is that other than a floating charge, it shall be a Condition of the chargee's consent or the leave of the court that the net proceeds of the disposal shall be applied towards discharging the sums secured by the security. Further, during the period for which a moratorium is in force in respect of a company it may not make any payments with respect to debts or liabilities existing prior to the date of filing for a moratorium unless (i) there are reasonable grounds for believing the payment will benefit the company, and (ii) the payment is approved by a committee of creditors of the company if established or, if not, by the nominee of the proposed company voluntary arrangement.

Certain companies which qualify as small companies for the purposes of these provisions may be, nonetheless, excluded from being so eligible for a moratorium under the provisions of the Insolvency Act 1986 (Amendment No. 3) Regulations 2002. Companies excluded from eligibility for a moratorium include those which are party to a capital market arrangement, under which a debt of at least £10,000,000 is incurred and which involves the issue of a capital market investment. The definitions of "**capital market arrangement**" and "**capital market investment**" are broad and are such that, in general terms, any company which is a party to an arrangement which involves at least £10,000,000 of debt, the granting of security to a trustee, and the issue of a rated, listed or traded debt instrument, is excluded from being eligible for a moratorium. The Secretary of State may modify the criteria by reference to which a company otherwise eligible for a moratorium is excluded from being so eligible.

Accordingly, the provisions described above will serve to limit the Trustee's ability to enforce the Security to the extent that: *firstly*, if the Issuer falls within the criteria for eligibility for a moratorium at the time a moratorium is sought; *secondly*, if the directors of the Issuer seek a moratorium in advance of a company voluntary arrangement; and, *thirdly*, if the Issuer is considered not to fall within the capital market exception (as expressed or modified at the relevant time) or any other applicable exception at the relevant time; in those circumstances, the enforcement of any security by the Trustee will be for a period prohibited by the imposition of the moratorium. In addition, the other effects resulting from the imposition of a moratorium described above may impact the transaction in a manner detrimental to the Noteholders.

Security and insolvency considerations

The Issuer will enter into the Deed of Charge pursuant to which it will grant the Security in respect of certain of its obligations, including its obligations under the Notes and Certificates (as to which, see "*Summary of the Key Transaction Documents – Deed of Charge*"). If certain insolvency proceedings (including administrations or liquidations) are commenced in respect of the Issuer, the ability to realise the Security may be delayed and/or the value of the Security impaired.

The Insolvency Act 1986 allows for the appointment of an administrative receiver in relation to certain transactions in the capital markets. Although there is as yet no case law on how these provisions will be interpreted, it should be applicable to the floating charge created by the Issuer and granted by way of security to the Trustee. However, as this is partly a question of fact, were it not to be possible to appoint an administrative receiver in respect of the Issuer, the Issuer would be subject to administration if it became insolvent. In such circumstances, the primary emphasis may be to rescue the Issuer as a going concern which may lead to the ability to realise the Security being delayed, the value of the Security being impaired and/or conflict with the interests of the Noteholders and Certificateholders.

In addition, it should be noted that, to the extent that the assets of the Issuer are subject only to a floating charge (including any fixed charge recharacterised by the courts as a floating charge), in certain circumstances under the provisions of section 176A of the Insolvency Act 1986 (as noted further below), certain floating charge realisations which would otherwise be available to satisfy the claims of secured creditors under the Deed of Charge may be used to satisfy any claims of unsecured creditors. While certain of the covenants given by the Issuer in the Transaction Documents are intended to ensure it has no significant creditors other than the secured creditors under the Deed of Charge, it will be a matter of fact as to whether the Issuer has any other such creditors at any time. There can be no assurance that the Noteholders and Certificateholders will not be adversely affected by any such reduction in floating charge realisations upon the enforcement of the Security.

While the transaction structure (through the use of limited recourse provisions and non-petition clauses) is designed to minimise the likelihood of the Issuer becoming insolvent, there can be no assurance that the Issuer will not become insolvent and/or the subject of insolvency proceedings and/or that the Noteholders

and Certificateholders would not be adversely affected by the application of insolvency laws (including English insolvency laws).

Fixed charges may take effect under English law as floating charges

The law in England and Wales relating to the characterisation of fixed charges is not settled. The fixed charges purported to be granted by the Issuer (other than by way of assignment) may take effect under English law as floating charges only if, for example, it is determined that the Trustee does not exert sufficient control over the Charged Assets (although it should be noted that there is no equivalent concept of recharacterisation of fixed security as floating charges under Scots law). If the charges take effect as floating charges instead of fixed charges, then, as a matter of law, certain claims would have priority over the claims of the Trustee in respect of the floating charge assets.

The interest of the Secured Creditors in property and assets over which there is a floating charge will rank behind the expenses of any administration or liquidator and the claims of certain preferential creditors on enforcement of the Security. Section 250 of the Enterprise Act 2002 abolishes Crown Preference in relation to all insolvencies (and thus reduces the categories of preferential debts that are to be paid in priority to debts due to the holder of a floating charge) but section 176A of the Insolvency Act 1986 requires a "prescribed part" (up to a maximum amount of £600,000) of the floating charge realisations available for distribution to be set aside to satisfy the claims of unsecured creditors. This means that the expenses of any administration, the claims of preferential creditors and the beneficiaries of the prescribed part will be paid out of the proceeds of enforcement of the floating charge ahead of amounts due to Noteholders and Certificateholders. The prescribed part will not be relevant to property subject to a valid fixed security interest or to a situation in which there are no unsecured creditors.

Liquidation expenses

Prior to the House of Lords' decision in the case of *Re Leyland Daf* [2004] UKHL 9 ("**Re Leyland Daf**"), the general position was that, in a liquidation of a company, the liquidation expenses ranked ahead of unsecured debts and floating chargees' claims. *Re Leyland Daf* reversed this position so that liquidation expenses could no longer be recouped out of assets subject to a floating charge. However, section 176ZA of the Insolvency Act 1986, which came into force on 6 April 2008, effectively reversed by statute the House of Lords' decision in *Re Leyland Daf*. As a result costs and expenses of a liquidation will be payable out of floating charge assets in priority to the claims of the holder of the floating charge. In respect of certain litigation expenses of the liquidator only, this is subject to the approval of the amount of such expenses by the holder of the floating charge (or, in certain circumstances, the court) pursuant to rules 4.218A to 4.218E of the Insolvency Rules 1986. In general, the reversal of *Re Leyland Daf* applies in respect of all liquidations commenced on or after 6 April 2008.

Therefore, floating charge realisations upon the enforcement of the floating charge security to be granted by the Issuer which would otherwise have been available to the Secured Creditors would be reduced by the amount of all, or a significant proportion of, any liquidation expenses which could have an adverse effect on the ability of the Issuer to make payments in respect of the Notes and Certificates.

Insolvency proceedings and subordination provisions

There is uncertainty as to the validity and/or enforceability of a provision which (based on contractual and/or trust principles) subordinates certain payment rights of a creditor to the payment rights of other creditors of its counterparty upon the occurrence of insolvency proceedings relating to that creditor. In particular, recent cases have focused on provisions involving the subordination of a hedging counterparty's payment rights in respect of certain termination payments upon the occurrence of insolvency proceedings or other default on the part of such counterparty (so-called "**flip clauses**"). Such provisions are similar in effect to the terms which will be included in the Transaction Documents relating to the subordination of Swap Subordinated Amounts.

The Supreme Court of the United Kingdom has held that a flip clause as described above is valid under English law. Contrary to this, however, in parallel proceedings the U.S. Bankruptcy Court has held that such a subordination provision is unenforceable under U.S. bankruptcy law and that any action to enforce such provision would violate the automatic stay which applies under such law in the case of a U.S. bankruptcy of the counterparty. On 11 August 2020, the US Court of Appeals for the Second Circuit issued a decision disagreeing with the U.S. Bankruptcy Court's decision, finding that a flip clause that altered the

priority of payments waterfall in a swap agreement was enforceable in bankruptcy because the swap transaction was protected under the Bankruptcy Code. This decision is binding within the Second Circuit (which includes New York) but not across the whole of the United States. Regardless of such decision, there remains a risk that the decisions of the UK and U.S. courts may diverge in their approach, and an unfavourable decision in the US may adversely affect the Issuer's ability to make payments under the Note and/or Certificates.

If a creditor of the Issuer (such as the Swap Provider) or a related entity becomes subject to insolvency proceedings in any jurisdiction outside England and Wales (including, but not limited to, the U.S.), and it is owed a payment by the Issuer, a question arises as to whether the insolvent creditor or any Insolvency Official appointed in respect of that creditor could successfully challenge the validity and/or enforceability of subordination provisions included in the English law-governed Transaction Documents (such as a provision of the applicable Priority of Payments which refers to the ranking of the Swap Provider's payment rights in respect of Swap Subordinated Amounts). In particular, based on the decision of the U.S. Bankruptcy Court referred to above, there is a risk that such subordination provisions would not be upheld under U.S. bankruptcy laws. Such laws may be relevant in certain circumstances with respect to the Swap Provider given that it has assets and/or operations in the U.S., notwithstanding that it is a non U.S.-established entity and/or with respect to any replacement counterparty, depending on certain matters in respect of that entity.

In general, if a subordination provision included in the Transaction Documents was successfully challenged under the insolvency laws of any relevant jurisdiction outside England and Wales and any relevant foreign judgement or order was recognised by the English courts, there can be no assurance that such actions would not adversely affect the rights of the Noteholders and Certificateholders, the market value of the Notes and Certificates and/or the ability of the Issuer to satisfy its obligations under the Notes and Certificates.

Lastly, given the general relevance of the issues under discussion in the judgements referred to above and that the Transaction Documents will include terms providing for the subordination of Swap Subordinated Amounts, there is a risk that the final outcome of the dispute in such judgements (including any recognition action by the English courts) may result in negative rating pressure in respect of the Notes. If any rating assigned to the Notes is lowered, the market value of the Notes may reduce.

Risks relating to the Banking Act 2009 and similar European legislation

The Banking Act 2009, as amended, (the "**Banking Act**") includes provision for a special resolution regime pursuant to which specified UK authorities have extended tools to deal with the failure (or likely failure) of certain UK-incorporated entities, including authorised deposit-taking institutions and investment firms, and powers to take certain resolution actions in respect of third country institutions. In addition, powers may be used in certain circumstances in respect of UK-established banking group companies, where such companies are in the same group as a relevant UK or third country institution or in the same group as an EEA credit institution or investment firm. Relevant transaction parties for these purposes include the Seller and the Collection Account Bank.

The tools available under the Banking Act include share and property transfer powers (including powers for partial property transfers), bail-in powers, certain ancillary powers (including powers to modify contractual arrangements in certain circumstances) and special insolvency procedures which may be commenced by the UK authorities. It is possible that the extended tools described above could be used prior to the point at which an application for insolvency proceedings with respect to a relevant entity could be made and, in certain circumstances, the UK authorities may exercise broad pre-resolution powers in respect of relevant entities with a view to removing impediments to the exercise of the stabilisation tools.

In general, the Banking Act requires the UK authorities to have regard to specified objectives in exercising the powers provided for by the Banking Act. One of the objectives (which is required to be balanced as appropriate with the other specified objectives) refers to the protection and enhancement of the stability of the financial system of the United Kingdom. The Banking Act includes provisions related to compensation in respect of instruments and orders made under it. In general, there is considerable uncertainty about the scope of the powers afforded to UK authorities under the Banking Act and how the authorities may choose to exercise them.

If an instrument or order were to be made under the provisions of the Banking Act currently in force in respect of a relevant entity as described above, such action may (amongst other things) affect the ability of

such entity to satisfy its obligations under the Transaction Documents and/or result in the cancellation, modification or conversion of certain unsecured liabilities of such entity under the Transaction Documents or in other modifications to such documents. In particular, modifications may be made pursuant to powers permitting (i) certain trust arrangements to be removed or modified, (ii) contractual arrangements between relevant entities and other parties to be removed, modified or created where considered necessary to enable a transferee in the context of a property or share transfer to operate the transferred business effectively and (iii) in connection with the modification of an unsecured liability through use of the bail-in tool, the discharge of a relevant entity from further performance of its obligations under a contract. In addition, subject to certain Conditions, powers would apply to require a relevant instrument or order (and related events) to be disregarded in determining whether certain widely defined "**default events**" have occurred (which events may include trigger events included in the Transaction Documents in respect of the relevant entity, including termination events and (in the case of the Seller) trigger events in respect of perfection of legal title to the Loans). As a result, the making of an instrument or order in respect of a relevant entity as described above may affect the ability of the Issuer to meet its obligations in respect of the Notes and Certificates.

As noted above, the stabilisation tools may be used in respect of certain banking group companies provided certain Conditions are met. If the Issuer was regarded to be a banking group company and no exclusion applied, then it would be possible in certain scenarios for the relevant authority to exercise one or more relevant stabilisation tools (including the property transfer powers and/or the bail-in powers) in respect of it, which could result in reduced amounts being available to make payments in respect of the Notes and Certificates and/or in the modification, cancellation or conversion of any unsecured portion of the liability of the Issuer under the Notes and Certificates at the relevant time. In this regard, it should be noted that the UK authorities have provided an exclusion for certain securitisation companies, which exclusion is expected to extend to the Issuer, although aspects of the relevant provisions are not entirely clear.

At present, the UK authorities have not made an instrument or order under the Banking Act in respect of the entities referred to above and there has been no indication that any such instrument or order will be made, but there can be no assurance that this will not change and/or that Noteholders and Certificateholders will not be adversely affected by any such instrument or order if made. While there is provision for compensation in certain circumstances under the Banking Act, there can be no assurance that Noteholders and Certificateholders would recover compensation promptly and equal to any loss actually incurred.

Lastly, as a result of Directive 2014/59/EU providing for the establishment of an EEA-wide framework for the recovery and resolution of credit institutions and investment firms and any relevant national implementing measures, it is possible that an institution with its head office in an EEA Member State and/or certain group companies could be subject to certain resolution actions in that EEA state. Once again, any such action may affect the ability of any relevant entity to satisfy its obligations under the Transaction Documents and there can be no assurance that Noteholders and Certificateholders will not be adversely affected as a result.

Corporate Insolvency and Governance Act 2020

The Corporate Insolvency and Governance Act ("**CIGA**") came into force on 26 June 2020. The CIGA introduces significant new corporate restructuring tools to the UK insolvency regime. The principal elements of the CIGA are a moratorium on certain actions taken against eligible companies, a prohibition on termination of certain contracts triggered by certain insolvency-related events of an eligible company (the "***ipso facto* termination provisions**") and a new compromise procedure allows for a 75 per cent. majority of creditors or members in each class to bind others in the same class even if they do not vote in favour. It is also possible for one class of creditors to bind all others, including secured creditors (a "**cross-class cramdown**").

The Issuer is not expected to be an eligible company for purposes of either the moratorium provisions or of the *ipso facto* termination provisions of the CIGA as the Issuer is expected to be a securitisation company within the meaning of the Taxation of Securitisation Companies Regulations 2006. The issuer is further not expected to be an eligible company for purposes of the moratorium provisions, and the Transaction Documents are not expected to be subject to the *ipso facto* termination provisions, because the Transaction is expected to constitute a "capital market arrangement" and the Notes a "capital market investment" (each as defined under paragraphs 13 and 14 of new schedule ZA1 to the Insolvency Act introduced by CIGA). That said, if for any reason the Issuer is an eligible company for the purposes of the moratorium or the *ipso facto* termination provisions, application of these provisions could result in a material adverse effect on the

ability of Noteholders to accelerate their debts and enforce the security granted under the Deed of Charge in a timely manner, which in turn may result in material losses being incurred by Noteholders.

Further, although the Issuer is theoretically within the scope of the new cross-class cramdown provisions, given the fact that it is established as an insolvency remote vehicle, with limited third-party creditors and where its Secured Creditors have entered into non-petition covenants and limited recourse provisions it is unlikely to fulfil the prerequisites for the cross-class cramdown to apply in practice. If, however, the cross-class cramdown provisions were to be used in respect of the Issuer, it would be possible under some circumstances for 75 per cent. by value of the creditors in one class to approve a compromise and thereby "cram down" dissenting classes of creditors, which, if approved by the court, may result in material losses being incurred by Noteholders.

However, the CIGA may impact the ability of the Servicer (acting on behalf of the Issuer) to bring proceedings against a Borrower which is a corporate entity or to enforce Mortgages and other Related Security securing a Loan to a corporate in case of a moratorium (unless the relevant Borrower which is a corporate entity is an ineligible company under the CIGA). The inability of the Servicer (acting on behalf of the Issuer) to obtain timely and complete payment of debts from Borrowers may in turn have a material adverse effect on the ability of the Issuer to make timely and complete payments under the Notes.

CERTAIN TAX CONSIDERATIONS

UK Taxation treatment of the Issuer

The Issuer has been advised that it should fall within the permanent regime for the taxation of securitisation companies (as introduced by the Taxation of Securitisation Companies Regulations 2006 (SI 2006/3296) (as amended) (the "**Securitisation Tax Regulations**")), and, as such, should be taxed only on the amount of its "retained profit" (as that term is defined in the Securitisation Tax Regulations), for so long as it satisfies the conditions of the Securitisation Tax Regulations. However, if the Issuer does not satisfy the conditions of the Securitisation Tax Regulations (or subsequently ceases to satisfy those conditions), then the Issuer may be subject to tax liabilities not contemplated in the cash flows for the transaction described in this Prospectus. Any such tax liabilities may reduce amounts available to the Issuer to meet its obligations under the Notes and may result in investors receiving less interest and/or principal than expected.

Withholding tax under the Notes

In the event that any withholding or deduction for or on account of any tax is imposed on payments in respect of the Notes, neither the Issuer nor any other person is obliged to gross up or otherwise compensate the Noteholders for such withholding or deduction. However, in such circumstances, the Issuer will, in accordance with Condition 8.4 (*Redemption of the Notes pursuant to Taxation call*) of the Notes, be required (subject to certain conditions) to the extent that the Portfolio Purchase Option Holder has exercised its option to purchase the Portfolio in accordance with the terms of the Deed Poll to use the Portfolio Purchase Option Purchase Price received from the Portfolio Purchase Option Holder to redeem all (but not some only) of the Notes in each Class at their Principal Amount Outstanding together with accrued interest up to but excluding the date of redemption on any Interest Payment Date. The Issuer also has the ability to optionally redeem the Notes in these circumstances.

Provided that the Notes are and continue to be "listed on a recognised stock exchange" (within the meaning of section 1005 (for the purposes of section 987) of the Income Tax Act 2007), no withholding or deduction for or on account of United Kingdom income tax will be required on payments of interest of the Notes. However, there can be no assurance that the law will not change during the life of the Notes.

The applicability of any withholding or deduction for or on account of United Kingdom tax on payments of interest on the Notes is discussed further under "*United Kingdom Taxation*" below.

CERTAIN MARKET RISKS

Social, legal, political and economic factors may affect payments under the Notes and the Certificates and repayment of the Notes and are unpredictable

A variety of social, legal, political and economic factors in the United Kingdom can affect the performance of the Portfolio. Social factors include changes in public confidence levels such as may result from concerns about the state of the economy or public health matters (for example, a widespread epidemic like the

COVID-19 outbreak), attitudes toward debt and changes in government. Economic factors include, but are not limited to, the rate of inflation, the unemployment rate, cost of living, increases in taxes and/or national insurance contributions and relative interest rates offered for various types of loans. For example, a severe deterioration in the economy for any reason (for example, such as may result from the COVID-19 outbreak or the present cost of living crisis) coupled with rising unemployment and base rates could have a negative impact on mortgage repayments and residential property prices in the United Kingdom. Political factors include lobbying from interest groups, such as consumers and retailers, and government initiatives in consumer and related affairs and government-encouraged payment accommodations in times of economic stress such as during an epidemic (such as the COVID-19 outbreak).

It is difficult to determine whether, or to what extent, social, legal, political or economic factors will affect the payment patterns, default rates or the yield on the Portfolio generally and therefore have a corresponding effect on the payment of the Notes.

For more information please see section "*The COVID-19 pandemic may exacerbate certain risks in relation to the Notes*" below.

The COVID-19 pandemic may exacerbate certain risks in relation to the Notes

The recent and continuing COVID-19 pandemic has had a significant impact in the United Kingdom in respect of social behaviour, macroeconomic outlook and the response of the United Kingdom government. The COVID-19 pandemic has resulted in authorities worldwide implementing numerous measures to try to contain COVID-19, which led to severe disruptions in the global supply chain, capital markets and economies. The temporary closures of many businesses have resulted in a loss of revenues and unprecedented increases in unemployment in certain countries and accordingly a poorer consumer outlook. Its impact on economic conditions continues to be uncertain and there are no comparable events in recent history that may provide guidance as to the effect of the spread of COVID-19 and the economic impacts of such a global pandemic. The United Kingdom government passed various regulations in response to the pandemic, including measures to avoid bankruptcies of business that are exclusively caused by the COVID-19 pandemic and has also provided guidance to regulated firms on how to address forbearance in the mortgage market (in relation to which, please see "*The Loans – Payment Deferrals (otherwise known as payment holidays)*"). In addition, certain public measures impacting Portfolios have been implemented as the COVID-19 pandemic has evolved, including but not limited to the extension of the ban on tenant evictions which continued until the end of 31 May 2021. The extent and duration of the impact of COVID-19 and the eventual withdrawal of government measures in response to COVID-19 on the behaviour and performance of Portfolios cannot be determined at present.

As a consequence, COVID-19 could exacerbate numerous risks in respect of the Notes and in this respect see "*Considerations Relating to Yield, Prepayments and Mandatory Redemption*", "*Delinquencies or Default by Borrowers in paying amounts due on their Loans*", "*Issuer Reliance on Other Third Parties*", "*Social, legal, political and economic factors may affect payments under the Notes and the Certificates and repayment of the Notes and are unpredictable*" in particular; however, the overall consequences of COVID-19 are not known at this stage.

The ultimate impact of the consequences of the COVID-19 pandemic is uncertain, may pervade over time and may adversely affect the ability of the Issuer to satisfy its obligations under the Notes.

General market volatility and Brexit

On 31 January 2020, the UK ceased to be a member of the EU ("**Brexit**"), on withdrawal terms which established a transition period until 31 December 2020, during which the UK continued to be treated as an EU member state and applicable EU legislation continued to be in force (the "**Transition Period**").

The EU-UK Trade and Cooperation Agreement (the "**Trade and Cooperation Agreement**"), which governs relations between the EU and the UK following the end of the Transition Period and which had provisional application pending completion of ratification procedures, entered into force on 1 May 2021. The European Union (Withdrawal) Act 2018 (as amended by the European Union (Withdrawal Agreement) Act 2020) and secondary legislation made under powers provided in this Act ensure that there is a functioning statute book in the UK. However, the Trade and Cooperation Agreement does not create a detailed framework to govern the cross-border provision of regulated financial services from the UK into the EU and from the EU into the UK. While the UK introduced a temporary permission regime to allow

EEA firms to continue to do business in the UK for a limited period of time, once the passporting regime fell away, the majority of EEA states have not introduced similar transitional regimes. The Trade and Cooperation Agreement is only part of the overall package of agreements reached. Other supplementing agreements included a series of joint declarations on a range of important issues where further cooperation is foreseen, including financial services. The declarations state that the EU and the UK will discuss how to move forward with equivalence determinations in relation to financial services.

As noted above, the Trade and Cooperation Agreement did not include agreements on certain areas such as financial services and data adequacy, although the EU adopted an adequacy decision for the United Kingdom under the General Data Protection Regulation on 28 June 2021. It is uncertain whether equivalence decisions will be granted or whether a trade agreement with respect to financial services between the EU and the UK will be reached. It should be noted that even if equivalence arrangements for certain sectors of the financial services industry are agreed, market access is unlikely to be as comprehensive as the market access that the UK enjoyed through its EU membership. The impact of any such trade agreement, equivalence decisions or any other cooperation mechanisms on financial markets generally, the extent of legislative and regulatory convergence and regulatory cooperation that would be required between the UK and the EU member states, as well as the level of access that may be granted to financial services firms across EU and UK markets, is uncertain.

Any of these effects of Brexit could adversely affect the Transaction and the interests of Noteholders and Certificateholders. Such uncertainty and consequential market disruption may also cause investment decisions to be delayed, reduce job security and damage consumer confidence. The resulting adverse economic conditions could affect obligors' willingness or ability to meet their obligations, resulting in increased defaults in the securitised portfolio and ultimately the ability of the Issuer to pay interest and repay principal to Noteholders and make payments to Certificateholders.

Brexit may also have an adverse effect on counterparties on the Transaction. Such entities may become unable to perform their obligations as a result of changes in regulation, including the loss of existing regulatory rights to carry on cross-border business. Additionally, counterparties may be adversely affected by rating actions, an economic downturn or volatile and illiquid markets (including currency markets and bank funding markets) arising from Brexit. As a result, there is an increased risk of such counterparties becoming unable to fulfil their obligations which could (directly or indirectly) have an adverse impact on their ability to provide services to the Issuer and, accordingly, on the ability of the Issuer to make payments of interest and repayments of principal to Noteholders and make payments to Certificateholders. See "*Issuer Reliance on Other Third Parties*" above.

The exit process resulted in downgrades of the UK and the Bank of England by Standard & Poor's, Fitch and Moody's. Fitch also further downgraded such ratings following the outbreak of the COVID-19 pandemic (see "*The COVID-19 pandemic may exacerbate certain risks in relation to the Notes*"), and both Moody's and Fitch have both placed a negative outlook on these ratings, suggesting a strong possibility of further negative rating action. A country's sovereign rating affects the ratings of entities operating in its territory, and in particular the ratings of financial institutions. Further downgrades may cause downgrades to counterparties to the Transaction Documents meaning that they cease to have the relevant required ratings to fulfil their roles and need to be replaced. If rating action is widespread, it may become difficult or impossible to replace counterparties on the Transaction with others who have the required ratings on similar terms or at all. Moreover, a more pessimistic economic outlook for the UK in general could lead to increased concerns around the future performance of the securitised portfolio and accordingly the ability of the Issuer to pay interest and repay principal to Noteholders and make payments to Certificateholders and the ratings assigned to the Rated Notes on the Closing Date could be adversely affected.

Registered Definitive Notes and denominations in integral multiples

The Notes have a denomination consisting of a minimum authorised denomination of £100,000 plus higher integral multiples of £1,000. Accordingly, it is possible that the Notes may be traded in amounts in excess of the minimum authorised denomination that are not integral multiples of such denomination. In such a case, if Registered Definitive Notes are required to be issued, a Noteholder who holds a principal amount less than the minimum authorised denomination at the relevant time may not receive a Registered Definitive Note in respect of such holding and may need to purchase a principal amount of Notes such that their holding amounts to the minimum authorised denomination (or another relevant denomination amount).

If Registered Definitive Notes are issued, Noteholders should be aware that Registered Definitive Notes which have a denomination that is not an integral multiple of the minimum authorised denomination may be particularly illiquid and difficult to trade.

Book-Entry Interests

Unless and until Registered Definitive Notes and Certificates are issued in exchange for the Book-Entry Interests, holders and beneficial owners of Book-Entry Interests will not be considered the legal owners or holders of the Notes and Certificates under the Trust Deed. After payment to the Principal Paying Agent, the Issuer will not have responsibility or liability for the payment of interest, principal or other amounts in respect of the Notes and Certificates to Euroclear or Clearstream, Luxembourg or to holders or beneficial owners of Book-Entry Interests.

A nominee for the common depository for Euroclear and Clearstream, Luxembourg (the "**Common Depository**") will be considered the registered holder of the Notes and Certificates as shown in the records of Euroclear or Clearstream, Luxembourg and will be the sole legal holder of the Global Note or Global Certificate under the Trust Deed while the Notes or Certificates are represented by the Global Note. Accordingly, each person owning a Book-Entry Interest must rely on the relevant procedures of Euroclear and Clearstream, Luxembourg and, if such person is not a participant in such entities, on the procedures of the participant through which such person owns its interest, to exercise any right of a Noteholder or Certificateholder under the Trust Deed.

Except as noted in the previous paragraphs, payments of principal and interest on, and other amounts due in respect of, the Global Note or Global Certificate will be made by the Principal Paying Agent to a nominee of the Common Depository. Upon receipt of any payment from the Principal Paying Agent, Euroclear and Clearstream, Luxembourg, as applicable, will promptly credit participants' accounts with payments in amounts proportionate to their respective ownership of Book-Entry Interests as shown on their records. The Issuer expects that payments by participants or indirect participants to owners of Book-Entry Interests held through such participants or indirect participants will be governed by standing customer instructions and customary practices, as is now the case with the securities held for the accounts of customers registered in "street name", and will be the responsibility of such participants or indirect participants. None of the Issuer, the Trustee, the Trustee, any Paying Agent or the Registrar will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, the Book-Entry Interests or for maintaining, supervising or reviewing any records relating to such Book-Entry Interests.

Unlike Noteholders and Certificateholders, holders of the Book-Entry Interests will not have the right under the Trust Deed to act upon solicitations by or on behalf of the Issuer for consents or requests by or on behalf of the Issuer for waivers or other actions from Noteholders or Certificateholders. Instead, a holder of Book-Entry Interests will be permitted to act only to the extent it has received appropriate proxies to do so from Euroclear or Clearstream, Luxembourg (as the case may be) and, if applicable, their participants. There can be no assurance that procedures implemented for the granting of such proxies will be sufficient to enable holders of Book-Entry Interests to vote on any requested actions on a timely basis. Similarly, upon the occurrence of an Event of Default under the Notes or Certificates, holders of Book-Entry Interests will be restricted to acting through Euroclear and Clearstream, Luxembourg unless and until Registered Definitive Notes or Registered Definitive Certificates are issued in accordance with the relevant provisions described herein under "*Terms and Conditions of the Notes*" and "*Terms and Conditions of the Certificates*" below. There can be no assurance that the procedures to be implemented by Euroclear and Clearstream, Luxembourg under such circumstances will be adequate to ensure the timely exercise of remedies under the Trust Deed.

Although Euroclear and Clearstream, Luxembourg have agreed to certain procedures to facilitate transfers of Book-Entry Interests amongst account holders of Euroclear and Clearstream, Luxembourg, they are under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued at any time. None of the Issuer, the Trustee, any Paying Agent, the Registrar or any of their agents will have any responsibility for the performance by Euroclear or Clearstream, Luxembourg or their respective participants or account holders of their respective obligations under the rules and procedures governing their operations.

The lack of Notes and Certificates in physical form could also make it difficult for a Noteholder or Certificateholder to pledge such Notes or Certificates if Notes or Certificates in physical form are required by the party demanding the pledge and hinder the ability of the Noteholder or Certificateholder to recall

such Notes or Certificates because some investors may be unwilling to buy Notes or Certificates that are not in physical form.

Certain transfers of Notes or Certificates or interests therein may only be effected in accordance with, and subject to, certain transfer restrictions and certification requirements.

CERTAIN REGULATORY RISKS FOR POTENTIAL INVESTORS IN RESPECT OF THEIR INVESTMENT IN THE NOTES AND CERTIFICATES

Change of Law Risks

The structure of the transaction and, *inter alia*, the issue of the Notes and the Certificates and the ratings which are to be assigned to the Notes are based on the law and administrative practice in effect as at the date of this Prospectus as it affects the parties to the transaction and the Portfolio, and having regard to the expected tax treatment of all relevant entities under such law and practice. No assurance can be given as to the impact of any possible change to such law (including any change in regulation which may occur without a change in primary legislation) and practice or tax treatment after the date of this Prospectus (including, but not limited to, temporary measures as a result of concerns about the state of the economy or a public health matter) nor can any assurance be given as to whether any such change would adversely affect the ability of the Issuer to make payments under the Notes and the Certificates. In addition, it should be noted that regulatory requirements (including any applicable retention, due diligence or disclosure obligations) may be recast or amended and there can be no assurance that any such changes will not adversely affect the compliance position of a transaction described in this Prospectus or of any party under any applicable law or regulation.

Legal considerations may restrict certain investments

The investment activities of certain investors are subject to investment laws and regulations, or review or regulation by certain authorities. Each potential investor should consult its legal advisers to determine whether and to what extent (a) Notes and Certificates are legal investments for it, (b) Notes and Certificates can be used as collateral for various types of borrowing and (c) other restrictions apply to its purchase or pledge of any Notes and Certificates. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of Notes and Certificates under any applicable risk-based capital or similar rules.

Regulatory initiatives may have an adverse impact on the regulatory treatment of the Notes and the Certificates

The Basel Committee on Banking Supervision (the "**Basel Committee**") approved significant changes to Basel II (being the revised international capital framework of the Basel Committee, published in 2004) regulatory capital and liquidity framework in 2011 (such changes being commonly referred to as "**Basel III**"). In particular, Basel III provides for a substantial strengthening of existing prudential rules, including requirements intended to reinforce capital standards (with heightened requirements for global systemically important banks) and to establish a leverage ratio "backstop" for financial institutions and certain minimum liquidity standards (referred to as the "**Liquidity Coverage Ratio**" and the "**Net Stable Funding Ratio**").

The Basel III reforms have been implemented in the EEA through the Capital Requirements Regulation (the "**EU CRR**") and the Capital Requirements Directive (the "**EU CRD**" and, together with the EU CRR, "**EU CRD IV**"). EU CRD IV became effective in the EU member states on 1 January 2014. The regulation establishes a single set of harmonised prudential rules which apply directly to all credit institutions and investment firms in the EEA, with the directive containing less prescriptive provisions which are required to be transposed into national law. Full implementation began from 1 January 2014, with particular elements being phased in over a period of time (the requirements became largely effective by 2019, although some minor transitional provisions provide for phase-in until 2024).

In December 2017, the Basel Committee issued its document "Basel III: Finalising post-crisis reforms", although the Basel standards continue to evolve.

In 2019, the banking reform package was published in the EU Official Journal. This contained, among a new regulation, Regulation (EU) 2019/876 (the "**EU CRR2**"), which amends the EU CRR and a new directive, Directive 2019/878 ("**EU CRD V**"), which amends EU CRD IV. Among other things, EU CRR2, introduced measures introducing the net stable funding requirements, as provided for in Article 510(3) of

the EU CRR. The measures introduced by EU CRR2 and EU CRD V will be implemented and some transitional or grandfathering provisions will continue to apply, until 2024. Meanwhile, a new prudential regulatory regime for EU investment firms (including many currently subject to the EU CRR and EU CRD regimes) was introduced on 26 June 2021 by Regulation (EU) 2019/2033 (known as the Investment Firms Regulation) and Directive (EU) 2019/2034 (known as the Investment Firms Directive). It can be expected that laws and regulations relating to capital requirements and related prudential regulatory matters will continue to develop.

As EU CRD IV (including as amended by EU CRD V), and the forthcoming investment firm regime, allows certain national discretions, the final rules and the timetable for their implementation in each jurisdiction may be subject to some level of national variation.

The EUWA converted the directly applicable elements of EU CRD IV into UK law on 31 December 2020 and preserved existing UK law implementing the EU CRD IV directive. The UK implemented elements of EU CRR 2, including revisions to the leverage ratio, counterparty risk capital requirements and the net stable funding ratio, on 1 January 2022.

The Basel Committee has also published revisions to the securitisation framework, including changes to the approaches to calculating risk weights and a new risk weight floor of 10 per cent. for senior tranches and 15 per cent. for non-senior tranches. Further amendments to the EU CRR were introduced by the EU Securitisation Regulation and the accompanying Regulation 2017/2401.

In the UK, on 19 December 2019, the Government also announced its intention to bring forward a Financial Services Bill in order to deliver a number of existing government commitments following the UK's exit from the EU. In a written statement to Parliament on 23 June 2020, the UK government confirmed its intention to introduce an Investment Firms Prudential Regime and updated rules for credit institutions in line with the intended outcomes of the EU's Investment Firms Regulation and Directive, and the second Capital Requirements Regulation respectively.

The Financial Services Act 2021 became law after receiving Royal Assent on 29 April 2021. The FCA is therefore authorised to introduce the new regime for FCA-authorized investment firms (other than those prudentially supervised by the PRA), and, following the publication of its final rules on 22 October 2021, the new financial rules on prudential requirements for FCA-authorized investment firms came into effect on 1 January 2022. UK credit institutions and such UK investment firms as are prudentially supervised (or "designated") by the PRA will remain subject to the Capital Requirements Regulation, as onshored in the UK, or to such successor regime as the PRA may subsequently develop, pursuant to the Financial Services Act 2021.

The changes under EU CRD and EU CRR, Basel, and investment firm regimes as described above may have an impact on the capital requirements in respect of the Notes and/or on incentives to hold the Notes for investors that are subject to requirements that follow the relevant framework and, as a result, may affect the liquidity and/or value of the Notes.

Prospective investors should consult their own advisers as to the regulatory capital requirements in respect of the Notes and as to the consequences for and effect on them of any changes to the Basel framework (including the changes described above) and the relevant implementing measures. No predictions can be made as to the precise effects of such matters on any investor or otherwise.

Risk retention and due diligence requirements

UK Securitisation Regulation and the EU Securitisation Regulation

In Europe, the European authorities adopted the EU Securitisation Regulation on 28 December 2017. The EU Securitisation Regulation applies to securitisations, the securities of which are issued on or after 1 January 2019. By virtue of the EUWA, the EU Securitisation Regulation forms part of UK law via the UK Securitisation Regulation.

The UK Securitisation Regulation and the EU Securitisation Regulation includes revised risk retention and transparency requirements (now imposed variously on the issuer, originator, sponsor and/or original lender of a securitisation) and new due diligence requirements imposed on UK Affected Investors and EU Affected Investors ("**Affected Investors**") in a securitisation. If the due diligence requirements under the UK Securitisation Regulation and/or the EU Securitisation Regulation are not satisfied then, depending on the

regulatory requirements applicable to such UK Affected Investor and/or EU Affected Investor, an additional risk weight, regulatory capital charge and/or other regulatory sanction may be applied to such securitisation investment and/or imposed on the UK Affected Investor and/or EU Affected Investor. Please also see the risk factor entitled "*Absence of Secondary Market for the Notes*" above. None of the Issuer, Shawbrook, the Co-Arrangers, the Joint Lead Managers or any of the other transaction parties (i) makes any representation that the information described above or elsewhere in this Prospectus or which otherwise may be made available to such investors (if any) is sufficient in all circumstances for such purposes, (ii) shall have any liability to any prospective investor or any other person with respect to the insufficiency of such information or any failure of the transactions contemplated herein to comply with or otherwise satisfy the requirements of Article 5 of the UK Securitisation Regulation and/or Article 5 of the EU Securitisation Regulation (as applicable) or any other applicable legal, regulatory or other requirements; or (iii) shall have any obligation to provide any additional information and do not intend to provide any further information pursuant to Article 5 of the UK Securitisation Regulation and/or Article 5 of the EU Securitisation Regulation (as applicable).

"**UK Affected Investor**" means each of CRR firms as defined by Article 4(1)(2A) of Regulation (EU) No 575/2013 of the European Parliament and of the Council of 26 June 2013 on prudential requirements for credit institutions and investment firms and amending Regulation (EU) No 648/2012 as it forms part of domestic law in the United Kingdom by virtue of the EUWA, certain alternative investment fund managers which manage or market alternative investment funds in the UK, UK-regulated insurers or reinsurers, certain management companies as defined in section 237(2) of the FSMA, UCITS as defined by section 236A of FSMA which is an authorised open-ended investment company as defined in section 237(3) of FSMA and occupational pension schemes as defined in section 1(1) of the Pension Schemes Act 1993.

"**EU Affected Investor**" means each of CRR firms as defined by Article 4(1)(2A) of Regulation (EU) No 575/2013 of the European Parliament and of the Council of 26 June 2013 on prudential requirements for credit institutions and investment firms and amending Regulation (EU) No 648/2012, certain alternative investment fund managers which manage or market alternative investment funds in the EU, EU-regulated insurers or reinsurers and certain management companies.

In addition, the UK Securitisation Regulation and the EU Securitisation Regulation (and in particular, Article 7 of the UK Securitisation Regulation and Article 7 of the EU Securitisation Regulation) imposes certain enhanced disclosure requirements in respect of all securitisation transactions. Any non-compliance with Article 7 may result in financial penalties towards the Issuer that may impact the Issuer's ability to make payments under the Notes and may adversely affect the liquidity and/or value of the Notes.

Following the onshoring of the EU Securitisation Regulation, the FCA has published the updated disclosure templates for purposes of the UK Securitisation Regulation (the "**FCA Templates**") and on 11 January 2022 the FCA announced that the obligation to report public securitisations within the scope of the UK Securitisation Regulation to a securitisation repository that is registered and supervised by the FCA applies from 17 January 2022.

Investors should note that the Issuer only intends to comply with the EU Securitisation Regulation as it is in force on the Closing Date. See further "*UK Securitisation Regulation and EU Securitisation Regulation Requirements*". Investors should consider the effect of such level of compliance on their investment.

U.S. Credit Risk Retention

The U.S. Risk Retention Rules came into effect on 24 December 2016 and generally require the "sponsor" of a "securitization transaction" to retain at least 5 per cent. of the "credit risk" of the "securitized assets", as such terms are defined for purposes of that statute, and generally prohibit a sponsor from directly or indirectly eliminating or reducing its credit exposure by hedging or otherwise transferring the credit risk that the sponsor is required to retain with respect to all classes of asset-backed securitizations. The U.S. Risk Retention Rules provide that the securitizer of an asset-backed securitization is its sponsor. The U.S. Risk Retention Rules also provide for certain exemptions from the risk retention obligation that they generally impose.

The transaction will not involve risk retention by a "sponsor" for the purposes of the U.S. Risk Retention Rules, but rather intends to rely on an exemption provided for in Section 20 of the U.S. Risk Retention Rules regarding non-U.S. transactions. Such non-U.S. transactions must meet certain requirements, including that (1) the transaction is not required to be and is not registered under the Securities Act; (2) no

more than 10 per cent. of the dollar value (or equivalent amount in the currency in which the "**ABS interests**" are issued) of all classes of ABS interests issued in the securitization transaction are sold or transferred to, or for the account or benefit of, U.S. persons (as defined in the U.S. Risk Retention Rules and referred to in the Prospectus as "**Risk Retention U.S. Persons**"); (3) neither the sponsor nor the issuer of the securitization transaction is organised under U.S. law or is a branch located in the United States of a non-U.S. entity; and (4) no more than 25 per cent. of the underlying collateral was acquired from a majority-owned affiliate or branch of the sponsor or issuer organised or located in the United States.

The Portfolio will be comprised of mortgage loans and their related security, all of which are originated by the Legal Title Holder, which is a company incorporated in England. See the section entitled "*The Servicer and the Legal Title Holder*".

Prior to any Notes and Certificates which are offered and sold by the Issuer being purchased by, or for the account or benefit of, any Risk Retention U.S. Person, the purchaser of such Notes and Certificates must first disclose to the Joint Lead Managers and the Seller that it is a Risk Retention U.S. Person and obtain the written consent of the Seller in the form of a U.S. Risk Retention Consent. Prospective investors should note that the definition of U.S. person in the U.S. Risk Retention Rules is substantially similar to, but not identical to, the definition of U.S. person under Regulation S, and that persons who are not "**U.S. persons**" under Regulation S may be Risk Retention U.S. Persons. The definition of "U.S. person" in the U.S. Risk Retention Rules is excerpted below. Particular attention should be paid to clauses (b) and (h)(i), which are different than comparable provisions from Regulation S.

Under the U.S. Risk Retention Rules, and subject to limited exceptions, "**U.S. person**" (and "**Risk Retention U.S. Person**" as used in this Prospectus) means any of the following:

- (a) any natural person resident in the United States;
- (b) any partnership, corporation, limited liability company, or other organisation or entity organised or incorporated under the laws of any State or of the United States¹;
- (c) any estate of which any executor or administrator is a U.S. person (as defined under any other clause of this definition);
- (d) any trust of which any trustee is a U.S. person (as defined under any other clause of this definition);
- (e) any agency or branch of a foreign entity located in the United States;
- (f) any non-discretionary account or similar account (other than an estate or trust) held by a dealer or other fiduciary for the benefit or account of a U.S. person (as defined under any other clause of this definition);
- (g) any discretionary account or similar account (other than an estate or trust) held by a dealer or other fiduciary organised, incorporated, or (if an individual) resident in the United States; and
- (h) any partnership, corporation, limited liability company, or other organisation or entity if:
 - (i) organised or incorporated under the laws of any foreign jurisdiction; and
 - (ii) formed by a U.S. person (as defined under any other clause of this definition) principally for the purpose of investing in securities not registered under the Securities Act.²

The material difference between such definitions is that (1) a "U.S. person" under Regulation S includes any partnership or corporation that is organized or incorporated under the laws of any foreign jurisdiction formed by one or more "U.S. persons" (as defined in Regulation S) principally for the purpose of investing in securities that are otherwise offered within the United States pursuant to an applicable exemption under

¹ The comparable provision from Regulation S is "(ii) any partnership or corporation organised or incorporated under the laws of the United States".

² The comparable provision from Regulation S "(VII)(B) Formed by a U.S. Person principally for the purpose of investing in securities not registered under the Securities Act, unless it is organised or incorporated, and owned, by accredited investors (as defined in 17 CFR 230.501(A)) who are not natural persons, estates or trusts".

the Securities Act unless it is organized or incorporated and owned by accredited investors (as defined in Rule 501(a) of Regulation D under the Securities Act) who are not natural persons, estates or trusts, while (2) any organization or entity described in (1) is treated as a "U.S. person" under the U.S. Risk Retention Rules, regardless of whether it is so organized and owned by accredited investors (as defined in Rule 501(a) of Regulation D under the Securities Act) who are not natural persons, estates or trusts.

Each Note or Certificate or a beneficial interest therein acquired on the Closing Date, by its acquisition of a Note or Certificate or a beneficial interest therein, will be deemed to represent to the Issuer, the Seller and the Joint Lead Managers that it (1) either (i) is not a Risk Retention U.S. Person or (ii) it has obtained a U.S. Risk Retention Consent, (2) is acquiring such Note or Certificate or a beneficial interest therein for its own account and not with a view to distribute such Note or Certificate and (3) is not acquiring such Note or Certificate or a beneficial interest therein as part of a scheme to evade the requirements of the U.S. Risk Retention Rules (including acquiring such Note or Certificate through a non-Risk Retention U.S. Person, rather than a Risk Retention U.S. Person, as part of a scheme to evade the 10 per cent. Risk Retention U.S. Person limitation in the exemption provided for in Section 20 of the U.S. Risk Retention Rules described herein).

There can be no assurance that the requirement to request the Seller to give its prior written consent to any Notes and Certificates which are offered and sold by the Issuer being purchased by, or for the account or benefit of, any Risk Retention U.S. Person will be complied with or will be made by such Risk Retention U.S. Persons.

There can be no assurance that the exemption provided for in Section 20 of the U.S. Risk Retention Rules regarding non-U.S. transactions will be available. No assurance can be given as to whether a failure by the Seller to comply with the U.S. Risk Retention Rules (regardless of the reason for such failure to comply) may give rise to regulatory action which may adversely affect the Notes and Certificates or the market value of the Notes and Certificates. Furthermore, the impact of the U.S. Risk Retention Rules on the securitisation market generally is uncertain, and a failure by the Seller to comply with the U.S. Risk Retention Rules could therefore negatively affect the market value and secondary market liquidity of the Notes and Certificates.

None of the Joint Lead Managers or any of their affiliates makes any representation to any prospective investor or purchaser of the Notes and Certificates as to whether the transactions described in this Prospectus comply as a matter of fact with the U.S. Risk Retention Rules on the Closing Date or at any time in the future. Investors should consult their own advisers as to the U.S. Risk Retention Rules. No predictions can be made as to the precise effects of such matters on any investor or otherwise.

Effects of the Volcker Rule on the Issuer

The Volcker Rule generally prohibits "banking entities" (which is broadly defined to include U.S. banks and bank holding companies and many non-U.S. banking entities, together with their respective subsidiaries and other affiliates) from (i) engaging in proprietary trading, (ii) acquiring or retaining an ownership interest in or sponsoring a "covered fund" and (iii) entering into certain relationships with such funds, subject to certain exceptions and exclusions. The Volcker Rule became effective on 1 April 2014, but was subject to a conformance period for certain funds which concluded on 21 July 2015. Under the Volcker Rule, unless otherwise jointly determined otherwise by specified federal regulators, a "covered fund" includes any entity that would be an "investment company" under the Investment Company Act but for the exemptions provided by Section 3(c)(1) and Section 3(c)(7) of the Investment Company Act. Therefore, absent an exemption, the Issuer would be a covered fund.

The Issuer is of the view that it is not now, and immediately after giving effect to the offering and sale of the Notes and Certificates and the application of the proceeds thereof on the Closing Date will not be, a "covered fund" for the purposes of the Investment Company Act and under the Volcker Rule and its related regulations. In reaching this conclusion, the Issuer has relied on the determination that it would satisfy all of the elements of the exemption from the definition of registration as an "investment company" under the Investment Company Act provided by Section 3(c)(5) of the Investment Company Act, although other exemptions or exclusions may be available, and, accordingly does not rely solely on Section 3(c)(1) or Section 3(c)(7) of the Investment Company Act for its exemption from registration as an "investment company" under the Investment Company Act. Therefore the Issuer has been structured so as not to constitute a "covered fund" under the Volcker Rule. The general effects of the Volcker Rule remain uncertain.

In August 2019, the Federal Reserve and other federal regulators approved certain modifications to the Volcker Rule which included modifications to the scope of restrictions on proprietary trading and investments in covered funds which generally operated to simplify and reduce compliance requirements. The effective date of these amendments was 1 January 2020 with compliance required by 1 January 2021. On 25 June 2020, the federal financial regulators issued a final rule revising certain aspects of the Volcker Rule with respect to the identification and treatment of covered funds. The amendments are intended to provide greater clarity and certainty to banking entities as to the scope of the Volcker Rule's prohibitions and facilitate compliance. The final rules simplify the restrictions imposed by the Volcker Rule on proprietary trading and certain covered fund activities, and would permit banking entities to adopt more narrowly tailored compliance programs. The final rule leaves in place the Volcker Rule's general prohibition on proprietary trading and limitations on activities and investments with respect to covered funds.

The general effects of the Volcker Rule remain uncertain. Although the Issuer does not currently rely upon the exemptions in Section 3(c)(1) or 3(c)(7) of the Investment Company Act for an exemption from being an investment company under the Investment Company Act, it may rely upon one or both such exemptions if the SEC or a court of competent jurisdiction were to find that other exemptions or exclusions were not available to the Issuer or if the Issuer were otherwise determined to be a "covered fund", the liquidity of the Notes may be adversely affected, since banking entities could be prohibited from investing in the Notes. Any prospective investor in the Notes and Certificates, including a U.S. or foreign bank or a subsidiary or other affiliate thereof, should consult its own legal advisers regarding such matters and other effects of the Volcker Rule.

CRA Regulation

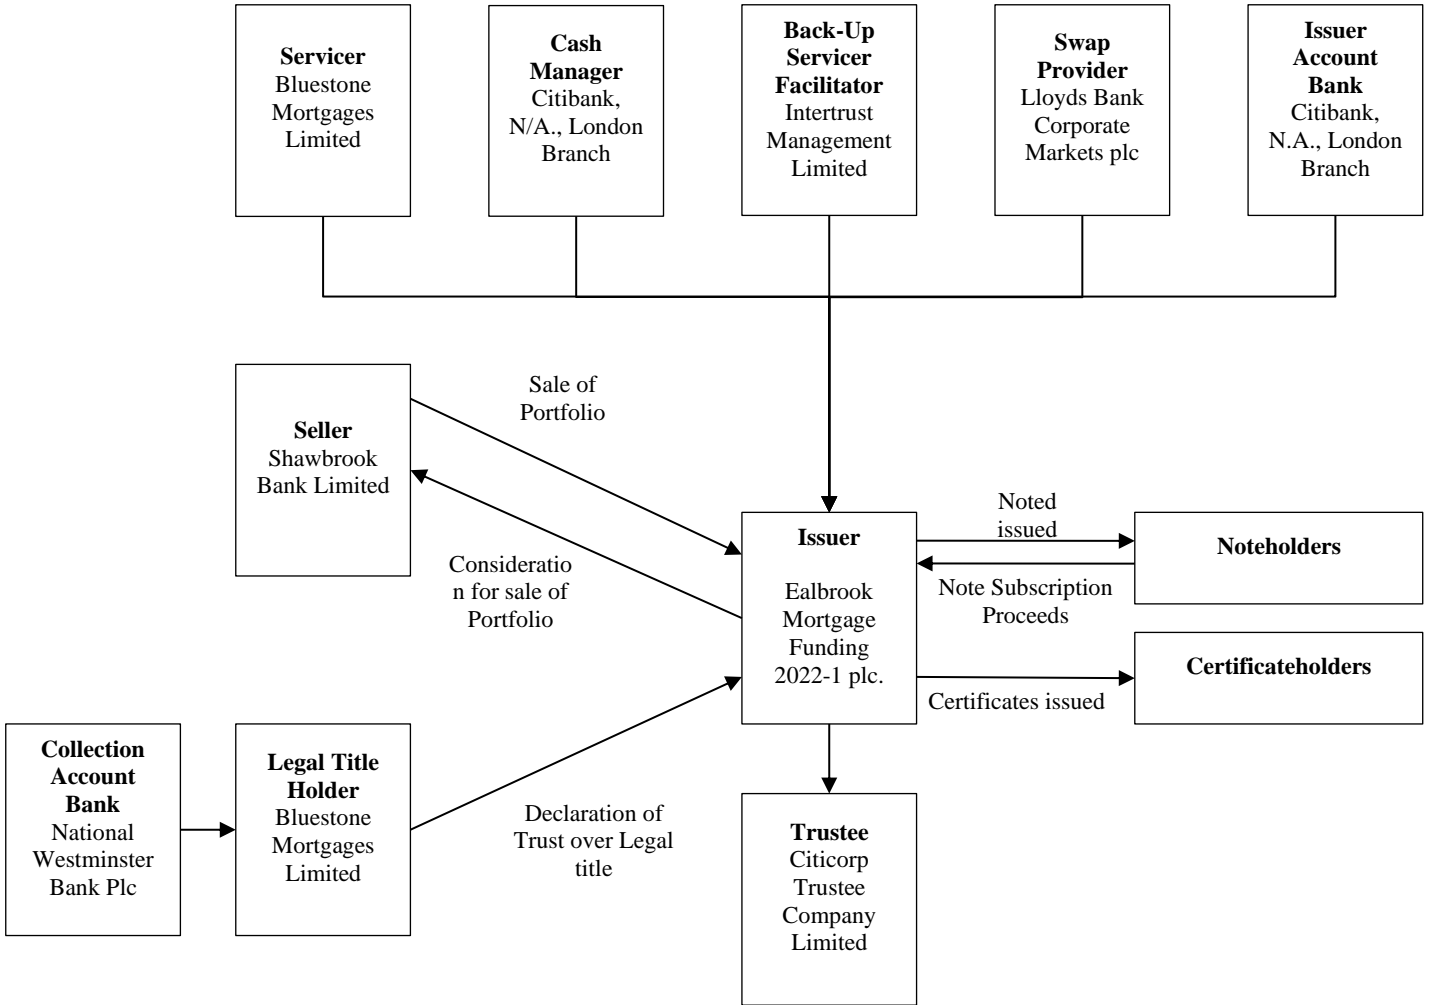

In general, European-regulated investors are restricted under the EU CRA Regulation from using credit ratings for regulatory purposes, unless such ratings are issued by a credit rating agency established in the EU and registered under the EU CRA Regulation (and such registration has not been withdrawn or suspended), subject to transitional provisions that apply in certain circumstances while the registration application is pending. Such general restriction will also apply in the case of credit ratings issued by non-EU credit rating agencies, unless the relevant credit ratings are endorsed by an EU-registered credit rating agency or the relevant non-EU rating agency is certified in accordance with the EU CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended).

TRANSACTION OVERVIEW – PORTFOLIO AND SERVICING

Please refer to the sections entitled "Summary of the Key Transaction Documents – Mortgage Sale Agreement", "Summary of the Key Transaction Documents – Servicing Agreement", "Characteristics of the Provisional Portfolio" and "The Loans" for further detail in respect of the characteristics of the Portfolio and the sale and the servicing arrangements in respect of the Portfolio.

Sale of Portfolio:

The Portfolio will consist of the Loans, the Related Security, and all monies derived therefrom from time to time, the beneficial title in which has been sold by Bluestone to the Seller prior to the Closing Date which the Seller will on-sell to the Issuer on the Closing Date. Legal title to the Loans and their Related Security remains with the Legal Title Holder until such time as a Perfection Event occurs.

The Portfolio comprises (i) Loans secured by an English Mortgage (each an "**English Loan**"), and (ii) Loans secured by a Scottish Mortgage (each a "**Scottish Loan**").

The English Loans and their Related Security are governed by English law and the Scottish Loans and their Related Security are governed by Scots law.

The sale by the Seller to the Issuer of each English Loan and its Related Security in the Portfolio will be given effect by an equitable assignment. The sale by the Seller to the Issuer of each Scottish Loan and its Related Security in the Portfolio will be given effect by the assignation of the Seller's interest in a Scottish Declaration of Trust to the Issuer pursuant to a Scottish Trust Transfer on the Closing Date.

"**Scottish Declaration of Trust**" means, together, certain Scots law declarations of trust over the right, title, benefit and interest in each of the Scottish Loans and their Related Security granted by the Legal Title Holder in favour of the Seller, the Seller's interest in which will be assigned by it to the Issuer pursuant to a Scottish Trust Transfer.

"**Scottish Trust Transfer**" means a Scots law assignation by the Seller of its interest as beneficiary under the Scottish Declaration of Trust to the Issuer granted pursuant to the Mortgage Sale Agreement, substantially in the form set out in schedule 4 (*Form of Scottish Trust Transfer*) of the Mortgage Sale Agreement.

The terms "sale", "sell" and "sold" when used in this Prospectus in connection with the Loans and their Related Security shall be construed to mean each equitable assignment and the beneficial interest created under and pursuant to any Scottish Declaration of Trust and assigned by a Scottish Trust Transfer, as applicable. The terms "repurchase" and "repurchased" when used in this Prospectus in connection with a Loan and its Related Security shall be construed to include (A) the repurchase of the beneficial interest of the Issuer in respect of such Loan and its Related Security (to the extent that it is an English Loan) and (B) the repurchase of the beneficial interest in respect of such Loan and its Related Security (to the extent that it is a Scottish Loan) under any Scottish Declaration of Trust and the determination of the trust created by any Scottish Declaration of Trust in relation to such Loan, in each case as assigned pursuant to the Scottish Trust Transfer and granted pursuant to the terms of the Mortgage Sale Agreement.

Prior to the occurrence of a Perfection Event as set out below, notice of the sale of the Loans and their Related Security comprising the Portfolio will not be given to the relevant individual or individuals or UK-incorporated limited companies specified as borrowers in respect of a Loan or the individual or individuals or UK-incorporated limited companies (if any) from time to time assuming an obligation to repay (other than any guarantor) such Loan or any part of it (collectively, the "**Borrowers**" and each a "**Borrower**") and the Issuer will not apply to the Land Registry or the Registers of Scotland (as applicable) to register or record its equitable or beneficial interest in the English Mortgages or take any steps to complete or perfect its title to the Scottish Mortgages.

Prior to the occurrence of a Perfection Event, the legal title to each Loan and its Related Security in the Portfolio will be held by the Legal Title Holder on bare trust for the Issuer.

Following a Perfection Event and notice of the transfer of the Loans and their Related Security to the Issuer (or its nominee) being sent to the relevant Borrowers, legal title to the Loans and their Related Security will (subject to appropriate registration or recording at the Land Registry or the Registers of Scotland (as applicable)) pass to the Issuer or its nominee.

Features of the Loans:

Except as otherwise indicated, the following is a summary of certain features of the Loans comprising the Provisional Portfolio determined by reference to the features of each loan in the Provisional Portfolio as at the Portfolio Reference Date and investors should refer to, and carefully consider, further details in respect of the Loans set out in the sections of this Prospectus entitled "*The Loans*" and "*Characteristics of the Provisional Portfolio*". - (a) the original principal amount advanced to the relevant Borrower secured or intended to be secured by the related Mortgage and which has not been paid, repaid or prepaid by the relevant Borrower; and
- (b) any interest, disbursement, legal expense, fee, charge, rent, service charge, premium or payment which has not been paid by the relevant Borrower and which has been properly capitalised in accordance with the relevant Mortgage Conditions or with the relevant Borrower's consent and added to the amounts secured or intended to be secured by the related Mortgage; and
- (c) any other amount (including, for the avoidance of doubt, Accrued Interest and Arrears of Interest) which is due or accrued (whether or not due) and which has not been paid by the relevant Borrower and has not been capitalised in accordance with the relevant Mortgage Conditions or with the relevant Borrower's consent but which is secured or intended to be secured by the related Mortgage other than any administrative fee that is paid by the Borrower for the benefit of any third-party and/or retained by the Servicer in accordance with the terms of the Servicing Agreement,

on the basis of the start-of-day position on such date (which for the avoidance of doubt is inclusive of any interest rate accrual amount relating to the previous month or otherwise that has been applied on such day but is exclusive of any other payments or postings on such date) and any reference to the Current Balance of a loan contained in the Provisional Portfolio shall be construed as if it were a Loan contained in the Portfolio.

Consideration:

The consideration from the Issuer to the Seller in respect of the sale of the Portfolio shall be: (a) the Initial Consideration, which is due and payable on the Closing Date; (b) the delivery to the Seller of the Class X2 Notes; and (c) deferred consideration consisting of: the RC1 Payments and RC2 Payments in respect of the Portfolio payable pursuant to the applicable Priority of Payments, the right to such RC1 Payments and RC2 Payments being represented by the RC1 Certificates and the RC2 Certificates and to be issued by the Issuer and delivered to, or at the direction of, the Seller on the Closing Date and on the second Interest Payment Date, any surplus amount standing to the credit of the Start-Up Costs Ledger as at the immediately preceding Calculation Date.

"**Initial Consideration**" means £360,658,675.01.

The Seller shall transfer to the Issuer within two Business Days of the Closing Date an amount equal to all Collections received on the Loans and their Related Security comprised in the Portfolio from (and including) the Cut-Off Date to (but excluding) the Closing Date.

Representations and Warranties:	<p>The Seller gives certain representations and warranties in respect of the legal nature of the Loans and their Related Security as well as certain other features of the Loans. See the section entitled "<i>Summary of the Key Transaction Documents – Mortgage Sale Agreement – Representations and Warranties</i>".</p>
Repurchase of the Loans and Related Security:	<p>The Seller is liable for the repurchase of the relevant Loans and their Related Security in the following circumstances:</p> <ul style="list-style-type: none"> • upon a material breach of Loan Warranties (which the Seller fails to remedy within the agreed grace period); • if the Seller determines on a Calculation Date that a Loan in the Portfolio was a Significant Deposit Loan on the immediately preceding Calculation Period Start Date; and • a Product Switch, Port or Further Advance is granted in respect of a Loan. <p>"Significant Deposit Loan" being a Loan in respect of which the borrower or borrowers who is or are named and defined as such in the relevant Loan have a deposit account with the Legal Title Holder (or any Successor Legal Title Holder) for an amount in excess of £85,000 (or such other amount as set by the FSCS from time to time) or to the extent such borrower or borrowers are unable to benefit from the FSCS (as determined by the Seller) have a deposit account with the Legal Title Holder (or any Successor Legal Title Holder) for any amount greater than zero.</p> <p>"FSCS" means the Financial Services Compensation Scheme of the United Kingdom.</p> <p>It is noted that the Legal Title Holder is not presently authorised to accept deposits.</p>
Consideration for repurchase:	<p>The consideration payable by the Seller in respect of the repurchase of a Loan and its Related Security shall be an amount equal to the Current Balance of such Loan (disregarding for the purposes of any such calculation the extent to which the Current Balance of such Loan has been reduced as a result of the exercise of any set-off right which the relevant Borrower has against the Seller, the amount of any such reduction in the Current Balance) on the relevant date of any such repurchase, plus the amount equal to the Issuer's or the Trustee's (as the case may be) incurred costs and expenses (if any) associated with the transfer of such Loan and its Related Security to the Seller. See the section entitled "<i>Summary of the Key Transaction Documents - Repurchase by the Seller – Repurchase price</i>" for further information.</p>
Perfection Events:	<p>Prior to the completion of the transfer of legal title of the Loans and their Related Security to the Issuer, legal title of the Loans and their Related Security will remain with the Legal Title Holder and the Issuer will hold only the equitable title and will therefore be subject to certain risks as set out in the risk factor entitled "<i>Legal Title Holder to initially retain legal title to the Loans and risks relating to set-off</i>" in the section entitled "<i>Risk Factors</i>".</p> <p>Pursuant to the Mortgage Sale Agreement, prior to the completion of the transfer of legal title of the Loans and their Related Security to the Issuer, the Legal Title Holder will hold the legal title to the Loans and their Related Security in the Portfolio (but excluding any Loan and its Related Security which has been repurchased by the Seller) on bare trust for the Issuer.</p>

See "*Perfection Events*" in the section entitled "*Transaction Overview – Triggers Tables – Non-Rating Triggers Table*".

Servicing of the Portfolio:

The Servicer agrees to service the Loans to be sold to the Issuer and their Related Security on behalf of the Issuer and, where applicable, the Seller. Following the delivery of an Enforcement Notice, the Servicer shall, until instructed otherwise by the Trustee, act at the direction of the Trustee.

The appointment of the Servicer and the Legal Title Holder may be terminated by the Issuer (with the prior written consent of the Trustee) or the Seller if any Servicer Termination Event occurs and is continuing (see "*Servicer Termination Events*" in the "*Transaction Overview – Triggers Tables – Non-Rating Triggers Table*").

Either the Issuer or the Servicer and the Legal Title Holder may also terminate the appointment of the Servicer and the Legal Title Holder by giving not less than three months' notice to the other parties to the Servicing Agreement.

In each case, such termination of the appointment of the Servicer and the Legal Title Holder shall not be effective until, *inter alia*, a Successor Servicer and a Successor Legal Title Holder have been appointed. See the section entitled "*Summary of the Key Transaction Documents – Servicing Agreement*" below.

- An amount equal to the General Reserve Fund Excess Amount will be debited from the General Reserve Fund and will be applied as Available Revenue Receipts on each Interest Payment Date.

Any General Reserve Fund Release Amounts will be applied to meet any Revenue Deficit (subject to the limitations set out in the definition of Revenue Deficit) against the relevant items in the Pre-Enforcement Revenue Priority of Payments in such order of priority as such items appear in the Pre-Enforcement Revenue Priority of Payments.
- After the Closing Date on each Interest Payment Date up to and excluding the Final Collateralised Notes Redemption Date and prior to the delivery of an Enforcement Notice, the General Reserve Fund will be replenished up to the General Reserve Fund Required Amount from Available Revenue Receipts in accordance with the Pre-Enforcement Revenue Priority of Payments.

Class A and Class B Liquidity Reserve Fund

- The availability of the Class A and Class B Liquidity Reserve Fund, funded on the Closing Date by part of the proceeds of the subscription of the Notes.
- On each Interest Payment Date, to the extent that there would be a Class A and Class B Liquidity Deficit on such Interest Payment Date, an amount equal to the Class A and Class B Liquidity Reserve Fund Release Amounts shall be

debited from the Class A and Class B Liquidity Reserve Fund immediately prior to the application of Available Revenue Receipts pursuant to the Pre-Enforcement Revenue Priority of Payments on such Interest Payment Date and applied to meet any Class A and Class B Liquidity Deficit (subject to the limitations set out in the definition of Class A and Class B Liquidity Deficit) against the relevant items in the Pre-Enforcement Revenue Priority of Payments in such order of priority as such items appear in the Pre-Enforcement Revenue Priority of Payments.

- After the Closing Date on each Interest Payment Date up to but excluding the Class B Redemption Date and prior to the delivery of an Enforcement Notice, the Class A and Class B Liquidity Reserve Fund Excess Amount will be applied as Available Revenue Receipts and the Class A and Class B Liquidity Reserve Fund will be replenished up to the Class A and Class B Liquidity Reserve Fund Required Amount from Available Revenue Receipts in accordance with the Pre-Enforcement Revenue Priority of Payments.
- On the Class B Redemption Date only, all amounts standing to the credit of the Class A and Class B Liquidity Reserve Fund Ledger (after first having applied any Class A and Class B Liquidity Reserve Fund Release Amount in meeting any Class A and Class B Liquidity Deficit against the relevant items in the Pre-Enforcement Revenue Priority of Payments in the order in which they appear in the Pre-Enforcement Revenue Priority of Payments and debiting such amount from the Class A and Class B Liquidity Reserve Fund Ledger) will be applied as Available Revenue Receipts in accordance with the Pre-Enforcement Revenue Priority of Payments.

Principal Deficiency Ledger

- A Principal Deficiency Ledger will be established to record *as a debit* (i) any Losses on the Portfolio and (ii) Principal Addition Amounts, and to record *as a credit* Available Revenue Receipts applied as Available Redemption Receipts (including any amounts in respect of Enhanced Amortisation Amounts) pursuant to items (g), (j), (l), (n) and (p) of the Pre-Enforcement Revenue Priority of Payments (if any).
- The Principal Deficiency Ledger will comprise the following sub-ledgers: the Class A Principal Deficiency Sub-Ledger, the Class B Principal Deficiency Sub-Ledger, the Class C Principal Deficiency Sub-Ledger, the Class D Principal Deficiency Sub-Ledger and the Class E Principal Deficiency Sub-Ledger.
- Any Losses on the Portfolio and/or any Principal Addition Amounts will be recorded as a debit (on the date that the Cash Manager is informed of such Losses by the Servicer or such Principal Addition Amounts are determined by the Cash Manager (as applicable)) on each Principal Deficiency

Sub-Ledger in reverse order of priority, starting from the Class E Principal Deficiency Sub-Ledger, up to a maximum amount equal to the Principal Amount Outstanding of the relevant Class of Notes.

- See the section entitled "*Credit Structure – Principal Deficiency Ledger*" below.

Bank Accounts and Cash Management:

On the Closing Date, the Issuer will enter into the Bank Account Agreement with the Issuer Account Bank in respect of the opening and maintenance of the Deposit Account and the Swap Collateral Account.

The Issuer will open a deposit account (the "**Deposit Account**") and the Swap Collateral Account pursuant to the Bank Account Agreement with the Issuer Account Bank on or prior to the Closing Date. The Issuer may from time to time open additional or replacement accounts (including, if applicable, any securities accounts (such accounts, together with the Deposit Account and the Swap Collateral Account, the "**Issuer Accounts**")) pursuant to the Bank Account Agreement and the Transaction Documents.

"**Swap Collateral Account**" means each account or accounts opened by the Issuer and maintained with the Issuer Account Bank in accordance with the provisions of the Bank Account Agreement, the Cash Management Agreement, the Deed of Charge and the Swap Agreement, into which: (i) any Swap Collateral will be posted by the Swap Provider; (ii) any Replacement Swap Premium shall be paid by a replacement swap provider; (iii) any termination payment owed to the Issuer from an outgoing Swap Provider shall be paid; and (iv) any Swap Tax Credits shall be paid, pursuant to the Swap Agreement which, for the avoidance of doubt, shall include, if applicable, any custody account in respect of any Swap Collateral in the form of securities posted as collateral under the Swap Agreement.

On each Interest Payment Date, the Cash Manager will transfer monies from the Deposit Account to be applied in accordance with the applicable Priority of Payments.

Swap Agreement:

Payments received by the Issuer under certain of the Loans will be subject to fixed rates of interest for an initial period of time. The interest amounts payable by the Issuer in respect of the Notes will be calculated by reference to SONIA. To hedge against the potential variance between the fixed rates of interest received on certain of the Loans in the Portfolio and the rate of interest payable on the Notes, the Issuer has entered into the Swap Transaction with the Swap Provider under the Swap Agreement (see the section entitled "*Credit Structure – Interest Rate Risk for the Notes*" for further details).

EU Affected Investors should be aware of this and should note that their regulatory position may be affected.

WEIGHTED AVERAGE LIVES OF THE NOTES

The term "**weighted average life**" refers to the average amount of time that will elapse from the date of issuance of a security to the date of distribution to the relevant investor of amounts sufficient to fully repay principal in respect of such security (assuming no losses on the Loans and weighted by the principal amortisation of the Notes on each Interest Payment Date). The weighted average lives of the Notes will be influenced by, among other things, the actual rate of repayment of the Loans in the Portfolio. In addition, the weighted average lives of the Notes, should they not be called on or after the Optional Redemption Date, will be influenced by, *inter alia*, the amount of Available Revenue Receipts used as Enhanced Amortisation Amounts.

The actual weighted average lives of the Notes cannot be stated, as the ultimate rate of prepayment of the Loans and a number of other relevant factors are unknown. However, calculations of the possible average lives of the Notes can be made based on certain assumptions.

The following tables were prepared based on the characteristics of the loans included in the Provisional Portfolio, the provisions of the Conditions and the following additional assumptions (the "**Modelling Assumptions**").

Modelling Assumptions:

- (a) no Loan becomes delinquent or is enforced for so long as the Notes remain outstanding;
- (b) no Loan is required to be repurchased by the Seller, whether as a result of a breach of Loan Warranty, or otherwise;
- (c) the Notes are issued on 29th of June 2022 and all payments on the Notes are received on the 20th day (without regard to whether such day is a Business Day) of January, April, July and October in each year, with the first Interest Payment Date falling in 20th of October 2022;
- (d) the Portfolio as at the beginning of the first Calculation Period is the same as the Provisional Portfolio as at the Portfolio Reference Date;
- (e) no interest accrues on the Deposit Account;
- (f) Compounded Daily SONIA is equal to 0.94 per cent. in each interest period;
- (g) SVR is equal to 2 per cent.;
- (h) the fixed rate under the Swap Agreement is 2.2 per cent.;
- (i) the weighted average margin over Compounded Daily SONIA of the Notes is 1.51 per cent. on the Closing Date and, from (and including) the Optional Redemption Date, margins on the Notes over Compounded Daily SONIA are multiplied by 1.5 (capped at 1.00 per cent. increase for the Class A Notes, the Class B Notes, the Class C Notes, the Class D Notes, the Class E Notes);
- (j) no Enforcement Notice is served on the Issuer, no Event of Default has occurred and the Security is not enforced;
- (k) amounts required to pay items (a) to (c) and (e) of the Pre-Enforcement Revenue Priority of Payments on each Interest Payment Date are:
 - (i) £180,000 per annum; and
 - (ii) 0.20 per cent. of the average Current Balance of the Loans at the start of each Calculation Period, per annum, where each Interest Period consists of the actual number of days in the relevant period and 365 days in the relevant year;
- (l) the Swap Agreement is not terminated and the Swap Provider fully complies with its obligations under the Swap Agreement;

WEIGHTED AVERAGE LIVES OF THE NOTES

- (m) with respect to the Loans, each month consists of 30 calendar days and each year 360 days and, with respect to the Notes and the Swap Transaction, each month consists of the actual number of days in the relevant month and 365 days in the relevant year;
- (n) the Principal Amount Outstanding of the Notes as at the Closing Date is, in respect of the Class A Notes, 90.00 per cent. and, in respect of the Class B Notes, 4.50 per cent. and, in respect of the Class C Notes, 3.00 per cent. and, in respect of the Class D Notes, 1.50 per cent. and, in respect of the Class E Notes, 1.00 per cent. and, in respect of the Class X1 Notes 2.50. per cent. and, in respect of the Class X2 Notes, 1.00 per cent. of the aggregate current balance of the Loans, assuming the current balance of the Loans is £403,773,572.07; and
- (o) no Loan is currently subject to a Payment Holiday or a payment deferral relating to COVID-19.

The actual characteristics and performance of the Loans are likely to differ from the Modelling Assumptions. The following tables are hypothetical in nature and are provided only to give a general sense of how the principal cash flows might behave under various prepayment scenarios. For example, the Issuer does not expect that the Loans will prepay at a constant rate until maturity, or that there will be no defaults or delinquencies on the Loans. Any difference between the Modelling Assumptions and, *inter alia*, the actual prepayment or loss experience on the Loans will affect the redemption profile of the Notes and cause the weighted average lives of the Notes to differ (which difference could be material) from the corresponding information in the tables for each indicated CPR.

"CPR" means, on any Calculation Date, the annualised principal prepayment rate of all the Loans during the previous Calculation Period calculated as follows:

$$1 - ((1 - R)^4)$$

where R equals the result (expressed as a percentage) of the total principal prepayments received by the Issuer during the immediately preceding Calculation Period divided by the aggregate outstanding principal balance of the Loans as at the first day of that Calculation Period.

THE LOANS

The Portfolio

Introduction

The following is a description of some of the characteristics of the Loans including details of loan types and selected statistical information.

As at the Cut-Off Date, the Portfolio had the characteristics shown below. See "*Characteristics of the Provisional Portfolio*".

In this Prospectus, "**Loan**" means an Owner-Occupied Loan, including Help to Buy loans, or a Buy-to-Let Loan (including the aggregate of the outstanding balance of any mortgage loan, any Accrued Interest, Arrears and any fees, costs and other amounts owing to the Seller from the Borrower (including all capitalised sums)) which is secured or intended to be secured by the related Mortgage comprised in the Portfolio. and "**Loans**" means all of them.

The Seller procured the selection of the Loans for transfer into the Provisional Portfolio, using the same sound and well-defined criteria for credit granting which they applied to non-securitised exposures. The Loans selected for transfer into the Provisional Portfolio are representative of the Owner-Occupied loans or Buy-to-Let loans meeting the selection criteria which the Seller holds immediately prior to the sale of the Portfolio.

Unless otherwise indicated, the description that follows relates to types of loans that could be sold to the Issuer as part of the Portfolio as at the Closing Date.

The Portfolio

The Portfolio as of the Closing Date will comprise loans advanced to the Borrowers by the Legal Title Holder upon the security of residential property situated in England or Wales or Scotland, where 4.82 per cent. of the Loans in the Provisional Portfolio have been taken out in relation to the purchase or re-mortgage of a property for letting purposes (each such Loan a "**Buy-to-Let Loan**"), 95.18 per cent. of the Loans in the Provisional Portfolio are secured by a Mortgage over a freehold, heritable or leasehold Property that is the Borrower's principal or primary residence charged as security for the repayment of the respective Loans (each such Loan a "**Owner-Occupied Loan**") and 15.90 per cent. of the Loans in the Provisional Portfolio benefit from the UK government's "Help to Buy" scheme (each such Loan a "**Help to Buy Loan**") (which are contractually binding with full recourse to the relevant Borrowers and, where applicable, guarantors). Such loans have been sold by Bluestone to the Seller prior to the Closing Date and will be acquired by the Issuer from the Seller pursuant to the Mortgage Sale Agreement, other than Loans which have been repaid or which have been re-purchased by the Seller from the Issuer pursuant to the Mortgage Sale Agreement.

Origination of the Portfolio

The Portfolio comprises of Loans originated by the Legal Title Holder on the basis of consistently applied underwriting criteria, being no less stringent than those applied at the relevant time of origination to other mortgage loans that do not form part of the Portfolio.

Origination is completed via intermediaries registered with Bluestone, and which are subject to regulatory checks by the Legal Title Holder using the FCA register during the underwriting process. As at 5 May 2022, no individual intermediary has been responsible for more than 8.59 per cent of the Bluestone's total originations.

Security

All of the Loans are secured by first ranking mortgages or standard security and the Mortgages secure in priority to all other mortgages all monies owing under the Loans.

Interest Rate Types

The Portfolio consists of Loans which, are subject to a fixed rate of interest for a specified period of time (usually for 2, 3 or 5 years) and upon expiry of the fixed rate period the interest rate shall be subject to the

Legal Title Holder's reversionary rate, which is based on Bluestone's standard variable rate ("**SVR**"); or (as determined in accordance with the relevant Mortgage Conditions). The SVR is a variable rate set by the Legal Title Holder. As at 9 am on 31 January 2022, this equates to 1.06 per cent over Sterling Overnight Index Average ("**SONIA**") The SVR is set in accordance with the Mortgage Conditions applicable to the relevant Loan but in any case, the SVR can never be lower than SONIA (one-month Compounded Daily SONIA) plus 1 per cent.

Variable Rate Loans are subject to a variable rate of interest linked to the SVR for the life of the loan.

All changes to interest rates for Variable Rate Loans (and Fixed Rate Loans where the reversionary rate applies) will occur in line with the relevant Mortgage Conditions.

Characteristics of the Loans

Repayment Terms

Loans may combine one or more of the features listed in this section. Overpayments are allowed on all products, within certain limits. See "*Overpayments and Early Repayment Charges*" below.

Loans are typically repayable on one of the following basis:

- **Repayment Loan:** the Borrower makes monthly payments of both interest and principal so that, when the Loan matures, the full amount of the principal of the Loan will have been repaid (a "**Repayment Loan**"); or
- **Interest-only Loan:** the Borrower makes monthly payments of interest but not of principal so that, when the Loan matures, the entire principal amount of the Loan is still outstanding and is payable in one lump sum (an "**Interest-only Loan**").

The required monthly payment in respect of the Loans may alter from month to month for various reasons, including changes in interest rates.

Principal prepayments may be made in whole or in part at any time during the term of a Loan, subject to the payment of any Early Repayment Charges (as described in "*Overpayments and Early Repayment Charges*" below). A prepayment of the entire outstanding balance of a loan discharges the mortgage. Any prepayment in full must be made together with all accrued interest, arrears of interest, any unpaid expenses and any applicable repayment fee(s) subject to a tolerance of up to £50 on redemption shortfalls.

Payments are typically paid by Direct Debit, although the Legal Title Holder does accept other payment methods.

Overpayments and Early Repayment Charges

Overpayments – Overpayments are allowed on all products, although an Early Repayment Charge may be payable. Borrowers may either increase their regular monthly payments above the normal monthly payment then applicable or make lump sum payments at any time.

Early Repayment Charges – Borrowers may be required to pay an Early Repayment Charge if the Borrowers repay the relevant Loan, or part of it, early. In the first year of a Loan, overpayments are limited to no more than 10 per cent of the amount borrowed. For each subsequent year thereafter, overpayments are limited to 10 per cent of the balance outstanding at the start of that year.

"**Early Repayment Charge**" means any charge (other than a Redemption Fee) which a Borrower is required to pay in the event that he or she repays all or any part of the relevant Loan before a specified date in the Mortgage Conditions.

Title to the Portfolio

In relation to Loans and their associated Mortgages and other Related Security over (i) registered land in England and Wales, or (ii) any land in Scotland, the beneficial title in respect of which will be transferred to the Issuer on the Closing Date, until such time as transfers of such Mortgages have been completed and registered or recorded at the Land Registry or the Registers of Scotland (as applicable), the sale to the Issuer

will take effect either, in the case of the English Mortgages, in equity only and will transfer beneficial title only or, in the case of the Scottish Mortgages, the Issuer will hold the beneficial interests therein under each Scottish Declaration of Trust, the interest in which has been assigned by the Seller to the Issuer pursuant to a Scottish Trust Transfer. In the case of Loans and their associated Mortgages and other Related Security over unregistered land in England and Wales, in order for legal title to pass to the Issuer, conveyances of the relevant mortgages would have to be completed in favour of the Issuer. As a result, the legal title to the Loans and their Related Security will remain with the Legal Title Holder until such time as certain additional steps have been taken, including (i) in relation to English Loans and their Related Security the giving of notices of the assignment to the Borrowers; or (ii) in relation to Scottish Loans and their Related Security the execution and registration or recording (as applicable) of assignments (the "**Scottish Transfers**") by the Seller in favour of the Issuer together with notification of the assignment to the Borrowers.

Under the Mortgage Sale Agreement, none of the Legal Title Holder, the Seller nor the Issuer will require the execution and completion of such transfers, assignments and conveyances in favour of the Issuer or the registration or recording of such transfers or service of notice on Borrowers in order to effect the transfer of legal title to the Loans and their Related Security (including, where appropriate, their registration or recording), except in the limited circumstances described in "*Summary of the Key Transaction Documents – Mortgage Sale Agreement – Title to the Mortgages, Registration and Notifications*" below.

Lending Criteria

As at the date of this Prospectus, the Legal Title Holder offers a number of different products including first ranking mortgage loans. The loans comprised in the Portfolio will all consist of loans secured by a first charge against residential properties located in England, Wales or Scotland.

All relevant Borrowers are required to have, or are expected to have upon completion of the registration of the relevant legal charge, good, valid and transferable title to the relevant Property.

Properties in England and Wales may be either freehold or leasehold and properties in Scotland must be heritable (being the Scottish equivalent of freehold in England and Wales) or long leasehold. Flats and maisonettes in England and Wales must be leasehold whilst flats and maisonettes are acceptable in Scotland. In the case of leasehold properties, there must be an unexpired term of at least 40 years at the end of the mortgage.

Only properties of suitable construction are considered acceptable as security but properties including (but not limited to) the following are not acceptable as security:

- (a) *Tenure*: flying freeholds of more than 10 per cent. of the relevant floor area, commonhold property, freehold flats and leasehold property with 40 years or less remaining on the relevant lease;
- (b) *Non-Standard Construction*: the following are considered to be types of non-standard construction: property constructed of gypsum plaster, concrete or high alumina cement, steel framed or clad property, timber framed or clad property, concrete block property susceptible to mundic, UNI-SECO prefabricated structures and certain modern methods of construction;
- (c) *Property type*: flats with more than 5 floors and no lift, flats directly above commercial premises without one clear floor separating the flat and the commercial premises, Grade 1 listed properties, repossessed properties, properties subject to certain restrictive covenants, annexes not for immediate family use, houseboats, mobile homes, conversions, properties with ongoing structural movement, defective properties, properties affected by local planning issues, properties classified as a house in multiple occupation, caravans, static homes and properties over 40 acres; and
- (d) *Other exclusions*: holiday lets, bed and breakfast properties, properties with more than one kitchen (provided that two kitchens are permitted if one is contained in an annex) and properties affected by asbestos, leased solar panels and Japanese knotweed.

All properties have been valued by a valuer approved by the Legal Title Holder to the standards of a Reasonable, Prudent Mortgage Lender. The minimum valuation acceptable on a property is £75,000 and the maximum is £2m.

No Loan is secured over more than one Property.

Term of Loan

The maximum term for Owner-Occupied Loans and Buy-to-Let Loans is 35 years.

Details of Applicant

All Borrowers must be natural persons and resident in England, Wales or Scotland aged 20 or over for Owner-Occupied Loans and aged 21 or over for Buy-to-Let Loans. All Borrowers must be no more than 65 years of age at the date of application of the mortgage for Owner-Occupied Loans. Each Borrower (or the primary Borrower in a joint application) must have an annual income of not less than £15,000 for both Owner-Occupied Loans and Buy-to-Let Loans.

The maximum number of applicants on any one Loan application is 4.

All persons who are to be legal owners on completion must be named as Borrowers under the Mortgage.

Re-Mortgages

Bluestone will consider remortgages within 6 months of the date of the original purchase on a case by case basis.

Loan to Value Ratio

According to the most recent Lending Criteria, the maximum original LTV ratio of Loans is 85%.

Income Multiple

Lending to Borrowers where the principal balance (immediately following completion and including any capitalised fee) of each Loan is greater than 4.5 times the annual income of the relevant Borrower or Borrowers is restricted to a limit of 15% of the total lending portfolio, in line with the Bank of England (FPC) recommendations.

Buy-to-Let Loans - ICR, Top-Slicing

Buy-to-Let Loan affordability may be assessed on an Interest Coverage Ratio ("**ICR**"), calculated as monthly rental income divided by the monthly instalment for 5 year fixed rate loans, or otherwise divided by the stressed monthly instalment. The stressed monthly instalment is calculated based on the higher of: (a) the product rate plus 2%, (b) the reversionary rate plus 2%, and (c) 5.5%.

The minimum ICR for basic rate tax payers is 125% and for higher rate tax payers is 140%.

If the ICR is under these figures, disposable income may be used to top up the ICR to the required levels ("**Topslicing**"). The minimum ICR to qualify for Topslicing is 112.5%. A full income and expenditure affordability calculation will be required in these cases, including a 3% stress on any residential mortgage payment with a fixed term of less than 5 years.

Borrower Identification and Affordability

The Legal Title Holder undertakes a review to establish borrower identification. The process includes electronic identification tools (supported by physical documents if required).

The Legal Title Holder has robust affordability assessments which consider the credit data of the applicants, their income and expenditure utilising statistics provided by the Office of National Statistics. The Legal Title Holder will apply an interest rate stress to mortgage payments for any Loan that is not a Fixed Rate Loan of at least 5 years. Applications must fully evidence their income and provide payslips (if applicable) and personal bank statements (and business bank statements if applicable).

The Legal Title Holder undertakes a full credit search and a credit risk assessment utilising information from one of the large credit reference agencies.

The Legal Title Holder has implemented various antifraud tools, including utilising software from third party independent fraud prevention and detection databases.

The Legal Title Holder undertakes an internal equality check on all cases.

Credit History

The current policy is as follows:

Credit Search

A full credit search is carried out in respect of all new applicants. The Borrower must "Opt In" to enable any individuals with a defined financial association with them to be included in the search and must meet the Legal Title Holder's minimum product criteria applicable at the time of application.

County Court Judgements, Payment Defaults, Prior Bankruptcy and Individual Voluntary Arrangements

The Legal Title Holder's current Lending Criteria permits lending to Borrowers who have previously had a County Court Judgement (a "CCJ", which includes the equivalent in Scotland, namely a Scottish court decree for payment), a payment default entered against them, or entered into a Bankruptcy Order or Individual Voluntary Arrangement ("IVA", which includes the equivalent in Scotland, namely a protected trust deed having been entered into) (together, "Credit Events"). Borrowers accepted by the Legal Title Holder could have had multiple Credit Events and the permitted number of each depends on the internal credit rating that has been applied by the Legal Title Holder. Under the current Lending Criteria, the limits applied at each internal credit rating are shown in the table below:

Credit Category		Clear	AAA	AA	A	BBB
Defaults	Number	1 (satisfied) in 36 months	1 in 36 months	2 in 36 months	3 in 36 months	4 in 36 months
	Values	<£300 or telecom ignored (even if in last 6 months)				
	Recency	0 in last 6 months: >36 months ignored				
CCJ's Number	Number	0 in 36 months	1 settled in 36 months	1 in 36 months	2 in 36 months	3 in 36 months
	Values	<£300 or telecom ignored (even if in last 6 months)				
	Recency	0 in last 6 months: >36 months ignored				
Mortgage/Rent Arrears Full or some of the parts	Number	0 in 13 - 24 months	1 in 13 - 24 months	2 in 13 - 24 months	3 in 13 - 24 months	4 in 13 - 24 months
	Recency	0 in 12 months				
Bankruptcy/DRO or IVA	Discharge	> 6 years	> 3 years	> 3 years	> 3 years	> 3 years
Unsecured Credit Arrears	Recency	If balance above £500, most recent payment must have been made. Unacceptable if most recent 2 payments missed. Ignored if below £300				
	Last 6 months	Maximum of 2 missed payments allowed on each unsecured credit agreement				
Debt Management Plans	Conduct	Must be due to a life event and conduct satisfactorily				
	Recency	OK if still in operation and can remain				
Pay Day Loans	Conduct	Must be due to a life event and conducted satisfactorily				
	Recency	0 in last 12 months of date of DIP				

The consequence of a Borrower being categorised with a lower internal credit rating is a higher interest rate and in some cases a lower maximum LTV ratio when compared to Borrowers that have been assigned a higher internal credit rating.

Valuation

Properties offered as security are professionally valued by a nominated panel valuer having one of the following qualifications and whose compensation is not affected by the approval or non-approval of the relevant mortgage: RICS fellow, RICS member, Royal Institution of Chartered Surveyors ("RICS ") and RICS associated member (collectively referred to as "**RICS qualified valuers**"). Properties are valued prior to a mortgage offer in accordance with the standards and practices of the RICS' valuation standards (including those relating to competency and required documentation). Each valuation report includes three comparable properties providing evidence for the valuation of the property offered as security. The panel of valuers is maintained (including the appointment of valuer firms to the panel) by Connells Group on behalf of the Legal Title Holder with no involvement of the Legal Title Holder's sales or product staff. Likewise, the Legal Title Holder's sales and product staff are not involved in the selection of the valuer firm from the panel of valuers engaged to carry out the valuation of the properties.

A full physical valuation is undertaken on all Loans and a second full physical valuation is completed on loans greater than £750,000 and 70% LTV in London and the South East and greater than £500,000 and 70% elsewhere.

Other than the valuation of properties undertaken as at origination (as more fully described above), no revaluation of any Property has been undertaken by the Co-Arrangers, the Joint Lead Managers, Bluestone, the Issuer, the Servicer, the Trustee or any other person in respect of the issue of the Notes and the valuations quoted are at the date of the original Loan origination.

Insurance Policies

Insurance on the Property

Each Property is required to be insured with buildings insurance with the interest of the Legal Title Holder as a mortgage lender noted. The insurance may be purchased by the Borrower or (in the case of leasehold property) by a landlord at the discretion of the Legal Title Holder (or the Servicer on its behalf).

Borrower-arranged Buildings Insurance

The Legal Title Holder requires that a Borrower maintains home insurance for the duration of the Loan and that the Borrower will provide evidence of insurance if requested. The policy must meet the Legal Title Holder's minimum requirements.

Properties in Possession Cover

When a Property is taken into possession by the Legal Title Holder, the Legal Title Holder will take the necessary actions to ensure that the Property is placed on to their block properties in possession insurance policy so that appropriate insurance cover is provided on the Property. The Legal Title Holder may claim under this policy for any damage occurring to the Property while in the Legal Title Holder's possession.

Title and Search Insurance

Local searches are undertaken on Loans in respect of Property purchases.

The Legal Title Holder will allow title defect insurance policy on a fees assisted application and in some instances on an exceptions only basis for remortgages.

Arrears Policy

The Servicer identifies a Loan as being in arrears where an amount equal to or greater than a full month's contractual payment remains unpaid at the end of a calendar month. The Borrower will receive an initial arrears letter from the Legal Title Holder (or the Servicer on its behalf) within a week of the payment due being missed.

The Legal Title Holder will attempt to contact the Borrower including by telephone and additional letters if such payments remain unpaid. The Servicer will upon establishing the Borrower's circumstances offer options specifically tailored to return the account to order, where possible. These options may include concessionary payment and repayment plans. A field agent may also be engaged as part of the process.

Where a satisfactory arrangement cannot be reached or maintained, possession proceedings may be instigated to enable the Legal Title Holder to enforce the security.

Once a Borrower of a Loan falls three months' or more into arrears (i.e. the equivalent of three missed monthly mortgage payments) or a Borrower of a Buy-to-Let Loan falls two months or more into arrears, the Servicer on behalf of the Issuer, applying the Servicer's policies and procedures from time to time (having regard to the circumstances of the Borrower in each case), will decide whether to instruct a solicitor and commence legal proceedings or to delay litigation in order to give the Borrower time to perform under the arrangement to pay. Delays will only be sanctioned by the Servicer on behalf of the Issuer, applying the Servicer's policies and procedures from time to time (having regard to the circumstances of the Borrower in each case), when there are clear signs that a satisfactory paying agreement will be reached shortly, or when the Department for Work and Pensions is contributing to monthly payments. If no such delay is sanctioned, the Borrower will be issued with a demand letter giving 15 days to clear all Arrears or face Enforcement Procedures.

The "**Enforcement Procedures**" that may be taken include one or more of:

- (a) Appointing a receiver of rent where the relevant Loan is a Buy-to-Let Loan (other than a Buy-to-Let Loan in respect of a Scottish Property);
- (b) Making arrangements whereby a Borrower's payments may be varied;
- (c) Taking legal action for possession and the subsequent sale of the relevant Property with vacant possession; or
- (d) Taking enforcement action in Scotland by way of the "calling up" procedure under the 1970 Act, as amended, and the Home Owner and Debtor Protection (Scotland) Act 2010, in relation to Scottish Loans.

Whether the Servicer adopts one or more of the actions described above will depend upon a number of considerations including whether the Loan is an Owner-Occupied Loan or Buy-to-Let Loan and, if the latter, the tenants' propensity to pay rent, the ratio of rent received to monthly instalments due under the Loan, the security of tenure enjoyed by any tenants, the location of the Property and the anticipated net receipts from a sale of the relevant Property with vacant possession.

Where litigation is to be commenced, the Servicer will select solicitors from a pre-selected panel. During litigation, the Servicer will maintain constant contact with the Borrower to collect moneys or agree an arrangement to pay.

Where the court makes an order for possession, the Servicer will appoint managing agents with a view to achieving a swift sale at the best price. Factors driving the timeline from possession to sale will include how busy the courts are, the state of the property market and the circumstances of the relevant Borrower. See *Enforcement of Scottish Loans (Owner-Occupied and Buy-to-Let)* for a summary of the enforcement process in Scotland.

- (e) Appointment of a receiver of rent in respect of Buy-to-Let Loans in respect of Properties in England and Wales

Where appointed, a receiver of rent is deemed to be the agent of the Borrower and must collect any rents payable in respect of the Borrower's Loan and apply them (after payment of certain statutorily prescribed outgoings) in payment of any interest and Arrears accruing under the Loan and thereafter any surplus shall either be applied in discharge of principal if required by the Servicer acting on behalf of the Issuer, or paid to the Borrower.

- (f) Possession of the related Property needed to realise a Mortgage in respect of Properties in England and Wales

In order to realise the Mortgage in respect of a Loan in arrears, the relevant mortgagee will need to obtain possession.

- (g) Obtaining possession of Properties relating to Buy-to-Let Loans in respect of Properties in England and Wales

Any action for possession of a Property securing a Buy-to-Let Loan would include a claim not only against any tenants but also against the relevant Borrower to assist in defeating any subsequent attempt by the relevant Borrower to assert a right of occupation. In broad terms, the mortgagee has the same (but no better) rights against a tenant (for example, to regain possession) as are enjoyed by the Borrower as landlord.

Where the tenant is an individual, he will, as an assured shorthold tenant, have a limited right to security of tenure in that although an order for eviction must be made against the tenant (provided, in certain cases, prescribed notices have been served) it cannot take effect earlier than six months after the beginning of the tenancy in the case of a periodic tenancy, or, in the case of a fixed term tenancy, before the expiry of the fixed term unless the tenant fails to keep to the provisions of the tenancy agreement.

Where the tenant is other than an individual, an order for eviction cannot take effect before the expiry of the fixed term unless the tenant fails to keep to the provisions of the tenancy agreement.

- (h) Obtaining possession of Properties relating to Owner-Occupied Loans in respect of Properties in England and Wales

In relation to a Property which is occupied by the Borrower, there are two means of obtaining possession: first, by taking physical possession (seldom done in practice) and, secondly, by obtaining a court order.

If the mortgagee takes physical possession it will, as mortgagee in possession, have an obligation to account to the Borrower for the realisation proceeds obtained from the Property, be liable for any damage to the Property, have a limited liability to repair the Property and, in certain circumstances, may be obliged to make improvements to the Property.

Actions to obtain a court order for possession are regulated by statute and the courts have certain powers to adjourn possession proceedings, to stay any possession order or postpone the date for delivery of possession (sometimes referred to as suspended possession orders). The court will exercise such powers in favour of a Borrower, broadly, where it appears to the court that such Borrower is likely to be able, within a reasonable period, to pay any sums due under the relevant Mortgage or to remedy any default consisting of a breach of any other obligation arising under or by virtue of the relevant Mortgage.

The court has a very wide discretion and may adopt a sympathetic attitude towards a Borrower faced with eviction. If a possession order in favour of the relevant mortgagee is granted, it may be suspended to allow the Borrower more time to pay.

- (i) Sale of a Property in England and Wales following possession

Once possession of a Property has been obtained, the mortgagee has a duty to the Borrower to take reasonable care to obtain the best price reasonably obtainable at the time for the Property. Any failure to do so will put the relevant mortgagee at risk of an action for breach of such duty by the Borrower, although it is for the Borrower to prove breach of such duty. There is also a risk that a Borrower may also take court action to force the mortgagee to sell the Property within a reasonable time. The net proceeds of sale of the Property (after payment of the costs and expenses of the sale) would be applied against the sums owing from the Borrower to the extent necessary to discharge the Mortgage.

Enforcement of Scottish Loans (Owner-Occupied and Buy-to-Let)

In Scotland, enforcement remedies are set out in the Conveyancing & Feudal Reform (Scotland) Act 1970 as amended (the "**1970 Act**"). The remedies available to heritable creditors (the Scottish equivalent to a mortgagee) under the 1970 Act are to sell the secured property, to enter into possession of the secured property and uplift rents, to carry out necessary repairs and to apply for a decree of foreclosure (the last being rarely used). There is no requirement for a heritable creditor to enter into possession of the property in order to sell it. The remedies of entering into possession and selling the property can only be exercised

if the calling-up procedure is followed. This involves a notice adhering to the statutory requirements being served upon the person last holding legal title to the secured property (and on any other person against whom the creditor wishes to preserve recourse, such as the borrower (if that is not the person last holding title) or a guarantor), requiring payment of the principal sum with interest within two months of the date of service of the demand. Once the two month notice period has expired without payment, the heritable creditor must raise court proceedings in the Sheriff Court and obtain a decree against the borrower/proprietor before it can exercise, for example, its power of sale, unless the borrower and any other occupiers have surrendered the property voluntarily. In applying for the court order, the heritable creditor also has to demonstrate that it has taken various preliminary steps to attempt to resolve the borrower's position, and comply with further procedural requirements, which may restrict the ability of the heritable creditor in respect of the Scottish Loans and their Mortgage rights to exercise its power of sale.

Once the heritable creditor has obtained the decree, it can exercise its rights to enter into possession and uplift rents, to repair and/or to sell the secured property. The heritable creditor is under a duty to advertise the sale and to take all reasonable steps to ensure that the price at which the secured property is sold is the best that can be reasonably obtained.

As regards Buy-to-Let Loans which are Scottish Loans, under Scots law, a receiver cannot be appointed under a standard security and the only enforcement which may be carried out under a standard security is a full enforcement of the security (as it cannot be enforced selectively by, for instance, attaching to rental income). Accordingly, in Scotland, any attempt to secure the rental flows will depend upon the enforcement of the standard security, using the calling-up procedure described above. In addition, a lender or security-holder may not be able to obtain vacant possession if it wishes to enforce its security unless one of the specific eviction grounds under the Private Housing (Tenancies) (Scotland) Act 2016 (the "**1960 Act**"), which came into force on 1 December 2017, applies. It should be noted that one of the grounds on which an eviction order can be sought is that a lender or security-holder intends to sell the property and requires the tenant to leave the property in order to dispose of it with vacant possession. In terms of the 2016 Act, this is a mandatory ground of eviction but some mandatory grounds, including this one, were temporarily made discretionary to allow the first tier tribunal flexibility in dealing with eviction cases during the COVID-19 pandemic and there is a Bill before the Scottish Parliament which, if passed, would make the change from mandatory to discretionary permanent.

Capitalisation of Arrears

In certain circumstances following the accrual of Arrears representing amounts other than principal repayments on a Loan, the relevant Borrowers may be given the option to capitalise such Arrears ("**Capitalisation**"). Capitalisation is an arrangement to manage Arrears in respect of a Loan, which involves adding the balance of Arrears (other than Arrears of principal) in respect of such Loan to the principal balance of such Loan and allowing that amount to be cleared over the remaining term of such Loan.

The Servicer shall assess and service any Capitalisation in accordance with the capitalisation policy relating to the capitalisation of Arrears, as such policy applies to all loans serviced by the Servicer from time to time (including the Loans) (the "**Capitalisation Policy**"). As at the date of this Prospectus, the Capitalisation Policy contains the following features:

- (a) the Servicer will consider the capitalisation of Arrears for qualifying, regulated mortgages only;
- (b) for interest-only loans a repayment balance will be created equal to the amount of the Arrears which are to be capitalised;
- (c) Arrears in respect of a loan serviced by the Servicer may only be capitalised where:
 - (i) the relevant borrower cannot reasonably afford to repay the Arrears more quickly;
 - (ii) at the point of capitalisation, the relevant borrower has made a minimum six consecutive payments at or above the monthly payment;
 - (iii) the ongoing affordability of the new mortgage payments has been established; and
 - (iv) the relevant borrower has obtained independent financial advice in connection with the proposed capitalisation;

- (d) Capitalisation of Arrears will only be approved once in the lifetime of the mortgage term; and
- (e) Arrears in respect of a loan serviced by the Servicer may not be capitalised where:
 - (i) non-payment of amounts under the loan results from extenuating circumstances (for example, health issues relating to the relevant borrower);
 - (ii) amounts due but unpaid under such loan have previously been capitalised;
 - (iii) there have been demands for unpaid ground rent and/or service charges in relation to the property; and/or
 - (iv) the related property is subject to a possession order.

The Servicer may update the Capitalisation Policy from time to time in accordance with the standards of a Reasonable, Prudent Mortgage Lender. In so doing, the Servicer shall adhere to the then current regulatory requirements imposed by and/or guidance issued by, without limitation, the FCA and the CCA.

Governing Law

Each of the Loans and any non-contractual obligations arising out of or in connection with them are governed by English law (where applicable) or Scots law.

CHARACTERISTICS OF THE PROVISIONAL PORTFOLIO

The statistical and other information contained in this Prospectus (including the tables below) has been compiled by reference to loans originated by the Legal Title Holder in a provisional portfolio (the "**Provisional Portfolio**") and extracted from the systems of the Legal Title Holder on the Portfolio Reference Date.

As at the Portfolio Reference Date, the Provisional Portfolio comprised 2,365 loans originated by the Legal Title Holder between 23 November 2018 and 30 December 2021 and secured over properties located in England and Wales and Scotland. The aggregate Current Balance of the loans in the Provisional Portfolio as at the Portfolio Reference Date was £403,773,572.07. Having removed any loans which were no longer eligible or had been redeemed in full as at the Cut-Off Date, the Seller randomly selected the Portfolio and the retained loans for the purposes of its risk retention undertaking pursuant to (i) the UK Securitisation Regulation and (ii) the EU Securitisation Regulation (as in force on the Closing Date), in each case from the Provisional Portfolio. Columns may not add up to 100 per cent. due to rounding. The Properties over which the loans in the Provisional Portfolio are secured have not been revalued for the purposes of the issue of the Notes and Certificates. The characteristics of the Portfolio will differ from those set out below as a result of, among other things, repayments and redemptions of loans in the Provisional Portfolio from the Portfolio Reference Date to the Closing Date and removal of any loans that do not comply with the Loan Warranties as at the Closing Date. If loans selected for the Portfolio are repaid in full between the Cut-Off Date and the Closing Date, the principal recoveries from that loan will form part of the Available Redemption Receipts. Except as otherwise indicated, these tables have been prepared using the Current Balance of each loan in the Provisional Portfolio as at the Portfolio Reference Date, which includes all principal and accrued interest for the loans in the Provisional Portfolio.

CHARACTERISTICS OF THE UNITED KINGDOM RESIDENTIAL MORTGAGE MARKET

The UK housing market is primarily one of Owner-Occupied housing, with the remainder in some form of public, private landlord or social ownership. The mortgage market, whereby loans are provided for the purchase of a property and secured on that property, is the primary source of household borrowings in the United Kingdom.

Set out in the following tables are certain characteristics of the United Kingdom mortgage market. No assurance can be given that the Loans in the Portfolio are or will be representative of the information set out in the tables or generally to the performance of the UK housing market. For information relating to the loans contained in the Provisional Portfolio (from which the Portfolio will be selected), see further the section entitled "*Characteristics of the Provisional Portfolio*".

Industry CPR rates

In the following tables, quarterly industry constant repayment rate ("**industry CPR**") data was calculated by dividing the amount of scheduled and unscheduled repayments of mortgages made by banks, building societies and other speciality lenders in a quarter by the quarterly balance of mortgages outstanding for banks and building societies in the United Kingdom. These quarterly repayment rates were then annualised using standard methodology.

House Price to Earnings Ratio

The following table shows the ratio for each year of the average annual value of houses compared with the average annual salary in the United Kingdom. The average annual earnings figures are constructed using

CHARACTERISTICS OF THE UNITED KINGDOM RESIDENTIAL MORTGAGE MARKET

the annual survey of hours and earnings figures published by the Office for National Statistics referring to weekly earnings in April of each year for those male employees whose earnings were not affected by their absence from work. While this is indicative of housing affordability, it does not take into account the fact that the majority of households have more than one income to support a mortgage loan.

House Price Index

UK residential property prices can be measured by, among other indexes, the non-seasonally adjusted Nationwide House Price Index (a national house price index that is derived from Nationwide lending data for properties at the post-survey approval stage). Nationwide is a UK building society.

The UK housing market has been through various economic cycles in the recent past, with year-to-year increases in the Nationwide House Price Index occurring in the late 1990s to the late 2000s and decreases occurring in the early 1990s and from 2008 to 2012.

It is anticipated that, during the life of the Notes, the interest payable by Borrowers on the Loans will, assuming that all of the Loans are fully performing, be sufficient so that the Available Revenue Receipts will be sufficient to pay the amounts payable under items (a) to (u) (inclusive) of the Pre-Enforcement Revenue Priority of Payments. The actual amount of any RC1 Payment Amounts and RC2 Payment Amounts payable under item (v) of the Pre-Enforcement Revenue Priority of Payments will vary during the life of the Notes. Two of the key factors determining such variation are the interest rates applicable to the Loans in the Portfolio relative to the interest rates on the Notes (taking into account in respect of the amounts due to or by the Issuer pursuant to the terms of the Swap Agreement) (as to which, see "*Interest Rate Risk for the Notes*" below) and the performance of the Portfolio.

Available Revenue Receipts will be applied (after making payments ranking higher in the Pre-Enforcement Revenue Priority of Payments) on each Interest Payment Date in accordance with the Pre-Enforcement Revenue Priority of Payments, towards reducing any Principal Deficiency Ledger entries which may arise from Losses on the Portfolio and from the application of Available Redemption Receipts as Principal Addition Amounts to cure any Senior Expenses Deficit in accordance with item (a) of the Pre-Enforcement Redemption Priority of Payments.

To the extent that the amount of Available Revenue Receipts on each Interest Payment Date up to but excluding the Class B Redemption Date exceeds the aggregate of the payments required to be met under items (a) to (h) (inclusive) of the Pre-Enforcement Revenue Priority of Payments, such excess is available to replenish the Class A and Class B Liquidity Reserve Fund Ledger up to and including an amount equal to the Class A and Class B Liquidity Reserve Fund Required Amount.

To the extent that the amount of Available Revenue Receipts on each Interest Payment Date up to and excluding the Final Collateralised Notes Redemption Date exceeds the aggregate of the payments required to be met under items (a) to (p) (inclusive) of the Pre-Enforcement Revenue Priority of Payments, such excess is available to replenish the General Reserve Fund up to an amount equal to the General Reserve Fund Required Amount.

To the extent that the amount of Available Revenue Receipts on each Interest Payment Date from and including the Optional Redemption Date exceeds the aggregate of the payments required to be met under items (a) to (r) (inclusive) of the Pre-Enforcement Revenue Priority of Payments, an amount equal to the lesser of: (i) all remaining amounts (if any); and (ii) the amount required by the Issuer to pay in full all amounts payable under items (a) to (g) (inclusive) of the Pre-Enforcement Redemption Priority of Payments, less any Available Redemption Receipts (other than item (c) of the definition thereof) otherwise available to the Issuer, is available as Enhanced Amortisation Amounts to be applied as Available Redemption Receipts in accordance with the Pre-Enforcement Redemption Priority of Payments.

2. **General Reserve Fund and General Reserve Fund Ledger**

On the Closing Date, the Issuer will establish a fund which will be credited with the General Reserve Fund Required Amount from proceeds of the Noteholders' subscription for the Notes on the Closing Date (the "**General Reserve Fund**") to provide credit enhancement and liquidity support for the Notes. The General Reserve Fund will be deposited in the Deposit Account (with a corresponding credit being made to the General Reserve Fund Ledger). The Issuer may invest the amounts standing to the credit of the General Reserve Fund from time to time in Authorised Investments. For more information about the application of the amounts standing to the credit of

the General Reserve Fund, see the section "*Cashflows – Application of Monies released from the General Reserve Fund*" below.

The Cash Manager will maintain the General Reserve Fund Ledger pursuant to the Cash Management Agreement to record the balance from time to time of the General Reserve Fund.

After the Closing Date, on each Interest Payment Date up to and excluding the Final Collateralised Notes Redemption Date, the General Reserve Fund will be replenished up to the General Reserve Fund Required Amount from Available Revenue Receipts (to the extent available) in accordance with the provisions of the Pre-Enforcement Revenue Priority of Payments.

Following the determination by the Cash Manager on each Calculation Date up to and including the Calculation Date immediately preceding the Final Collateralised Notes Redemption Date of the General Reserve Fund Required Amount in respect of the immediately following Interest Payment Date, the Cash Manager shall determine the General Reserve Fund Excess Amount for application as Available Revenue Receipts on the immediately following Interest Payment Date (if any).

On each Interest Payment Date up to and excluding the Final Collateralised Notes Redemption Date, the Cash Manager will apply as Available Revenue Receipts the General Reserve Fund Excess Amount (as determined on the immediately preceding Calculation Date).

On any Calculation Date up to and including the Calculation Date immediately preceding the Final Collateralised Notes Redemption Date (prior to the delivery of an Enforcement Notice), if the Cash Manager determines that, on the immediately following Interest Payment Date, there would be a Revenue Deficit, the Cash Manager will apply on such Interest Payment Date an amount from the General Reserve Fund equal to the lesser of:

- (a) the amount standing to the credit of the General Reserve Fund Ledger on such Interest Payment Date; and
- (b) the amount of such Revenue Deficit,

(such amount being the "**General Reserve Fund Release Amount**") in meeting such Revenue Deficit against the relevant items in the Pre-Enforcement Revenue Priority of Payments in the order that they appear in the Pre-Enforcement Revenue Priority of Payments (any such amount to be debited from the General Reserve Fund Ledger immediately prior to the application of Available Revenue Receipts pursuant to the Pre-Enforcement Revenue Priority of Payments on such Interest Payment Date).

"**Revenue Deficit**" means, on any Interest Payment Date, an amount equal to the aggregate of:

- (a) any shortfall in Available Revenue Receipts and any Class A and Class B Liquidity Reserve Fund Release Amounts to pay items (a) to (f) (inclusive) of the Pre-Enforcement Revenue Priority of Payments on such Interest Payment Date;
- (b) either:
 - (i) if the Class B Notes are the Most Senior Class of Notes outstanding, any shortfall in Available Revenue Receipts and any Class A and Class B Liquidity Reserve Fund Release Amounts to pay item (h) of the Pre-Enforcement Revenue Priority of Payments on such Interest Payment Date; or
 - (ii) if the Class B Notes are not the Most Senior Class of Notes outstanding and:
 - (A) there is no debit balance on the Class B Principal Deficiency Sub-Ledger on such Interest Payment Date, any shortfall in Available Revenue Receipts and any Class A and Class B Liquidity Reserve Fund Release Amounts to pay item (h) of the Pre-Enforcement Revenue Priority of Payments on such Interest Payment Date; or

- (B) prior to the application of Available Revenue Receipts in accordance with the Pre-Enforcement Revenue Priority of Payments on the relevant Interest Payment Date, there is a debit balance on the Class B Principal Deficiency Sub-Ledger on such Interest Payment Date, zero;
- (c) either:
- (i) if the Class C Notes are the Most Senior Class of Notes outstanding, any shortfall in Available Revenue Receipts to pay item (k) of the Pre-Enforcement Revenue Priority of Payments on such Interest Payment Date; or
 - (ii) if the Class C Notes are not the Most Senior Class of Notes outstanding and:
 - (A) there is no debit balance on the Class C Principal Deficiency Sub-Ledger on such Interest Payment Date, any shortfall in Available Revenue Receipts to pay item (k) of the Pre-Enforcement Revenue Priority of Payments on such Interest Payment Date; or
 - (B) prior to the application of Available Revenue Receipts in accordance with the Pre-Enforcement Revenue Priority of Payments on the relevant Interest Payment Date, there is a debit balance on the Class C Principal Deficiency Sub-Ledger on such Interest Payment Date, zero;
- (d) either:
- (i) if the Class D Notes are the Most Senior Class of Notes outstanding, any shortfall in Available Revenue Receipts to pay item (m) of the Pre-Enforcement Revenue Priority of Payments on such Interest Payment Date; or
 - (ii) if the Class D Notes are not the Most Senior Class of Notes outstanding and:
 - (A) there is no debit balance on the Class D Principal Deficiency Sub-Ledger on such Interest Payment Date, any shortfall in Available Revenue Receipts and any Class A and Class B Liquidity Reserve Fund Release Amounts to pay item (m) of the Pre-Enforcement Revenue Priority of Payments on such Interest Payment Date; or
 - (B) prior to the application of Available Revenue Receipts in accordance with the Pre-Enforcement Revenue Priority of Payments on the relevant Interest Payment Date, there is a debit balance on the Class D Principal Deficiency Sub-Ledger on such Interest Payment Date, zero;
- (e) either:
- (i) if the Class E Notes are the Most Senior Class of Notes outstanding, any shortfall in Available Revenue Receipts to pay item (o) of the Pre-Enforcement Revenue Priority of Payments on such Interest Payment Date; or
 - (ii) if the Class E Notes are not the Most Senior Class of Notes outstanding and:
 - (A) there is no debit balance on the Class E Principal Deficiency Sub-Ledger on such Interest Payment Date, any shortfall in Available Revenue Receipts and any Class A and Class B Liquidity Reserve Fund Release Amounts to pay item (o) of the Pre-Enforcement Revenue Priority of Payments on such Interest Payment Date; or
 - (B) prior to the application of Available Revenue Receipts in accordance with the Pre-Enforcement Revenue Priority of Payments on the relevant Interest Payment Date, there is a debit balance on the Class E Principal Deficiency Sub-Ledger on such Interest Payment Date, zero,

as determined by the Cash Manager on the immediately preceding Calculation Date.

For the avoidance of doubt, in the event there is a shortfall in Available Revenue Receipts to pay items (h), (k), (m) or (o) in the Pre-Enforcement Revenue Priority of Payments on any applicable Interest Payment Date, but there is a debit balance on the Principal Deficiency Sub-Ledger for the relevant Class of Notes and such Class of Notes is not the Most Senior Class of Notes (other than where the Most Senior Class is the Class X1 Notes or the Class X2 Notes), the shortfall for the purposes of such item shall be deemed to be zero for the purposes of the calculation of any General Reserve Fund Release Amount and such items will not be relevant items for the purposes of the application of the General Reserve Fund Release Amount.

On the Final Collateralised Notes Redemption Date only (but prior to the delivery of an Enforcement Notice), all amounts standing to the credit of the General Reserve Fund Ledger (after first having applied any Class A and Class B Liquidity Reserve Fund Release Amounts in meeting any Class A and Class B Liquidity Deficit and then any General Reserve Fund Release Amount to meet any Revenue Deficit against the relevant items in the Pre-Enforcement Revenue Priority of Payments in the order in which they appear in the Pre-Enforcement Revenue Priority of Payments, and debiting such amounts from the Class A and Class B Liquidity Reserve Fund Ledger and/or the General Reserve Fund Ledger in accordance with the Pre-Enforcement Revenue Priority of Payments, in each case on such Final Collateralised Notes Redemption Date) will be applied as Available Redemption Receipts in accordance with the Pre-Enforcement Redemption Priority of Payments.

Following the delivery of an Enforcement Notice, all amounts standing to the credit of the General Reserve Fund will be applied in accordance with the Post-Enforcement Priority of Payments.

The "**General Reserve Fund Excess Amount**" on any Interest Payment Date will be an amount equal to the greater of:

- (a) zero; and
- (b) the amount standing to the credit of the General Reserve Fund Ledger on such Interest Payment Date, *less* the General Reserve Fund Required Amount on such Interest Payment Date.

"**General Reserve Fund Required Amount**" means:

- (a) on any Interest Payment Date up to but excluding the Final Collateralised Notes Redemption Date:
 - (i) if a Reserve Fund Amortising Trigger Event has not occurred prior to the Calculation Date immediately preceding such Interest Payment Date, an amount equal to 1 per cent. of the aggregate current Principal Amount Outstanding of the Collateralised Notes prior to the application of Available Redemption Receipts on such Interest Payment Date, minus the Class A and Class B Liquidity Reserve Fund Required Amount; and
 - (ii) if a Reserve Fund Amortising Trigger Event has occurred prior to the Calculation Date immediately preceding such Interest Payment Date, an amount equal to 1 per cent. of the aggregate current Principal Amount Outstanding of the Collateralised Notes on the Interest Payment Date immediately preceding the date on which the Reserve Fund Amortising Trigger Event occurred (following the application of Available Redemption Receipts on such Interest Payment Date immediately preceding the date on which the Reserve Fund Amortising Trigger Event occurred), minus the Class A and Class B Liquidity Reserve Fund Required Amount; and
- (b) on each Interest Payment Date on and following the Final Collateralised Notes Redemption Date, zero.

A "**Reserve Fund Amortising Trigger Event**" occurs if:

- (a) the Collateralised Notes are not redeemed in full on the Optional Redemption Date; or

- (b) Cumulative Defaults in respect of the Loans comprising the Portfolio are greater than 10 per cent. of the aggregate Current Balance of the Loans comprised in the Portfolio as at the Cut-Off Date.

"**Cumulative Defaults**" means, at any time, the Current Balance of all Loans in respect of which the relevant Property has been repossessed calculated at the point when the relevant Property was repossessed.

3. **Use of Available Redemption Receipts to pay Senior Expenses Deficit**

On each Calculation Date prior to the delivery of an Enforcement Notice, and with reference to the immediately following Interest Payment Date, the Cash Manager will calculate whether there will be a shortfall of Available Revenue Receipts and any Class A and Class B Liquidity Reserve Fund Release Amounts and any General Reserve Fund Release Amounts in meeting a Senior Expenses Deficit on such Interest Payment Date. If the Cash Manager determines that there will be a Senior Expenses Deficit, then, pursuant to item (a) of the Pre-Enforcement Redemption Priority of Payments, the Cash Manager on behalf of the Issuer shall apply an amount of Available Redemption Receipts equal to the lesser of:

- (a) the amount of Available Redemption Receipts available for application pursuant to the Pre-Enforcement Redemption Priority of Payments on such Interest Payment Date; and
- (b) the amount of such Senior Expenses Deficit,

(such amount being the "**Principal Addition Amounts**") in meeting such Senior Expenses Deficit against the relevant items in the Pre-Enforcement Revenue Priority of Payments in the order that they appear in the Pre-Enforcement Revenue Priority of Payments.

The "**Senior Expenses Deficit**" shall be, on any Interest Payment Date, an amount equal to any shortfall in Available Revenue Receipts, any General Reserve Fund Release Amounts and any Class A and Class B Liquidity Reserve Fund Release Amounts to pay:

- (c) items (a) to (f) of the Pre-Enforcement Revenue Priority of Payments; and
- (d) if: (i) the Class B Notes are the Most Senior Class of Notes outstanding; or (ii) prior to the application of Available Revenue Receipts in accordance with the Pre-Enforcement Revenue Priority of Payments on the relevant Interest Payment Date, the outstanding debit balance of the Class B Principal Deficiency Sub-Ledger is less than 25 per cent. of the Principal Amount Outstanding of the Class B Notes on the Calculation Date immediately preceding such Interest Payment Date, item (h) of the Pre-Enforcement Revenue Priority of Payments;
- (e) if the Class C Notes are the Most Senior Class of Notes outstanding, item (k) of the Pre-Enforcement Revenue Priority of Payments;
- (f) if the Class D Notes are the Most Senior Class of Notes outstanding, item (m) of the Pre-Enforcement Revenue Priority of Payments;
- (g) if the Class E Notes are the Most Senior Class of Notes outstanding, item (o) of the Pre-Enforcement Revenue Priority of Payments,

on such Interest Payment Date, as determined by the Cash Manager on the immediately preceding Calculation Date.

Any Available Redemption Receipts applied as Principal Addition Amounts will be recorded as a debit on the Principal Deficiency Ledger (as further described below).

For more information about the application of Available Redemption Receipts to pay Senior Expenses Deficits, see the section "*Cashflows – Application of Available Redemption Receipts to cure a Senior Expenses Deficit*".

4. **Class A and Class B Liquidity Reserve Fund and Class A and Class B Liquidity Reserve Fund Ledger**

On the Closing Date, the Issuer will establish a fund which will be credited with the Class A and Class B Liquidity Reserve Fund Required Amount from part of the proceeds of the Noteholders' subscription for the Notes on the Closing Date (the "**Class A and Class B Liquidity Reserve Fund**") to provide liquidity support (and ultimately, credit enhancement) for the Class A Notes and the Class B Notes. The Class A and Class B Liquidity Reserve Fund will be deposited in the Deposit Account (with a corresponding credit being made to the Class A and Class B Liquidity Reserve Fund Ledger). The Issuer may invest amounts standing to the credit of the Class A and Class B Liquidity Reserve Fund in Authorised Investments. For more information about the application of the amounts standing to the credit of the Class A and Class B Liquidity Reserve Fund, see the section "*Cashflows – Application of Monies released from the Class A and Class B Liquidity Reserve Fund*" below.

The Cash Manager will maintain the Class A and Class B Liquidity Reserve Fund Ledger pursuant to the Cash Management Agreement to record the balance from time to time of the Class A and Class B Liquidity Reserve Fund.

After the Closing Date, on each Interest Payment Date up to but excluding the Class B Redemption Date, the Class A and Class B Liquidity Reserve Fund will be replenished up to the Class A and Class B Liquidity Reserve Fund Required Amount from Available Revenue Receipts (to the extent available) in accordance with the provisions of the Pre-Enforcement Revenue Priority of Payments.

Following the determination by the Cash Manager on each Calculation Date up to but excluding the Calculation Date immediately preceding the Class B Redemption Date of the Class A and Class B Liquidity Reserve Fund Required Amount in respect of the immediately following Interest Payment Date, the Cash Manager shall determine the Class A and Class B Liquidity Reserve Fund Excess Amount to be applied as Available Revenue Receipts on the immediately following Interest Payment Date (if any).

On any Calculation Date up to and including the Calculation Date immediately preceding the Class B Redemption Date (prior to the delivery of an Enforcement Notice), if the Cash Manager determines that on the immediately following Interest Payment Date, there would be a Class A and Class B Liquidity Deficit, the Cash Manager will apply on such Interest Payment Date an amount from the Class A and Class B Liquidity Reserve Fund equal to the lesser of:

- (a) the amount standing to the credit of the Class A and Class B Liquidity Reserve Fund Ledger on such Interest Payment Date (for the avoidance of doubt, prior to any amounts being debited from the Class A and Class B Liquidity Reserve Fund Ledger on such Interest Payment Date (other than any Class A and Class B Liquidity Reserve Fund Excess Amount)); and
- (b) the amount of such Class A and Class B Liquidity Deficit,

(such amount being the "**Class A and Class B Liquidity Reserve Fund Release Amount**") in meeting such Class A and Class B Liquidity Deficit against the relevant items in the Pre-Enforcement Revenue Priority of Payments in the order that they appear in the Pre-Enforcement Revenue Priority of Payments (any such amount to be debited from the Class A and Class B Liquidity Reserve Fund Ledger immediately prior to the application of any Principal Addition Amounts and Available Revenue Receipts pursuant to the Pre-Enforcement Revenue Priority of Payments on such Interest Payment Date).

On the Class B Redemption Date only (but prior to the delivery of an Enforcement Notice), all amounts standing to the credit of the Class A and Class B Liquidity Reserve Fund (after first having applied any Class A and Class B Liquidity Reserve Fund Release Amount in meeting any Class A and Class B Liquidity Deficit against the relevant items in the Pre-Enforcement Revenue Priority of Payments in the order in which they appear in the Pre-Enforcement Revenue Priority of Payments and debiting such amount from the Class A and Class B Liquidity Reserve Fund Ledger) will be applied as Available Revenue Receipts in accordance with the Pre-Enforcement Revenue Priority of Payments.

Following the delivery of an Enforcement Notice, all amount standing to credit of the Class A Class B Liquidity Reserve Fund will be applied in accordance with the Post-Enforcement Priority of Payments.

The "**Class A and Class B Liquidity Deficit**" shall be, on any Interest Payment Date, an amount equal to any shortfall in Available Revenue Receipts to pay:

- (a) items (a) to (f) of the Pre-Enforcement Revenue Priority of Payments; and
- (b) if: (i) the Class B Notes are the Most Senior Class of Notes outstanding; or (ii) prior to the application of Available Revenue Receipts in accordance with the Pre-Enforcement Revenue Priority of Payments on the relevant Interest Payment Date, the outstanding debit balance of the Class B Principal Deficiency Sub-Ledger is less than 25 per cent. of the Principal Amount Outstanding of the Class B Notes on the Calculation Date immediately preceding such Interest Payment Date, item (h) of the Pre-Enforcement Revenue Priority of Payments,

on such Interest Payment Date, as determined by the Cash Manager on the immediately preceding Calculation Date.

The "**Class A and Class B Liquidity Reserve Fund Excess Amount**" shall be:

- (a) on each Interest Payment Date up to but excluding the Class B Redemption Date, all amounts standing to the credit of the Class A and Class B Liquidity Reserve Fund in excess of the Class A and Class B Liquidity Reserve Fund Required Amount on such Interest Payment Date (prior to any amounts being debited from or credited to the Class A and Class B Liquidity Reserve Fund Ledger on such date); and
- (b) on each other Interest Payment Date, zero.

"**Class A and Class B Liquidity Reserve Fund Required Amount**" means:

- (a) on any Interest Payment Date falling prior to the Class B Redemption Date:
 - (i) if a Reserve Fund Amortising Trigger Event has not occurred prior to the Calculation Date immediately preceding such Interest Payment Date, an amount equal to 1 per cent. of the aggregate current Principal Amount Outstanding of the Class A Notes and the Class B Notes prior to the application of Available Redemption Receipts on such Interest Payment Date; and
 - (ii) if a Reserve Fund Amortising Trigger Event has occurred prior to the Calculation Date immediately preceding such Interest Payment Date, an amount equal to 1 per cent. of the aggregate current Principal Amount Outstanding of the Class A Notes and the Class B Notes on the Interest Payment Date immediately preceding the date on which the Reserve Fund Amortising Trigger Event occurred (following the application of Available Redemption Receipts on such Interest Payment Date); and
- (b) on any Interest Payment Date falling on or after the Class B Redemption Date, zero.

The "**Class B Redemption Date**" means the Interest Payment Date in respect of which the Cash Manager determines on the immediately preceding Calculation Date that, following the application on such Interest Payment Date of (i) Available Revenue Receipts in accordance with the Pre-Enforcement Revenue Priority of Payments, (ii) any Class A and Class B Liquidity Reserve Fund Release Amounts in meeting any Class A and Class B Liquidity Deficit against the relevant items in the Pre-Enforcement Revenue Priority of Payments in the order that they appear in the Pre-Enforcement Revenue Priority of Payments and (iii) any Principal Addition Amounts in accordance with the Pre-Enforcement Redemption Priority of Payments, the sum of the Available Redemption Receipts would be sufficient to redeem in full the Class B Notes on such Interest Payment Date.

5. **Principal Deficiency Ledger**

A Principal Deficiency Ledger will be established to record any Losses affecting the Loans in the Portfolio and/or any Principal Addition Amounts. The "**Principal Deficiency Ledger**" will comprise the following sub-ledgers: the Principal Deficiency Ledger relating to the Class A Notes (the "**Class A Principal Deficiency Sub-Ledger**"), the Principal Deficiency Ledger relating to the Class B Notes (the "**Class B Principal Deficiency Sub-Ledger**"), the Principal Deficiency Ledger relating to the Class C Notes (the "**Class C Principal Deficiency Sub-Ledger**"), the Principal Deficiency Ledger relating to the Class D Notes (the "**Class D Principal Deficiency Sub-Ledger**") and the Principal Deficiency Ledger relating to the Class E Notes (the "**Class E Principal Deficiency Sub-Ledger**"), each a "**Principal Deficiency Sub-Ledger**". Any Losses on the Portfolio and/or any Principal Addition Amounts will be recorded as a debit (on the date that the Cash Manager is informed of such Losses by the Servicer or such Principal Addition Amounts are determined by the Cash Manager (as applicable)) first: (a) to the Class E Principal Deficiency Sub-Ledger up to a maximum amount equal to the Principal Amount Outstanding of the Class E Notes; then (b) to the Class D Principal Deficiency Sub-Ledger up to a maximum amount equal to the Principal Amount Outstanding of the Class D Notes; then (c) to the Class C Principal Deficiency Sub-Ledger up to a maximum amount equal to the Principal Amount Outstanding of the Class C Notes; then (d) to the Class B Principal Deficiency Sub-Ledger up to a maximum amount equal to the Principal Amount Outstanding of the Class B Notes; then (e) to the Class A Principal Deficiency Sub-Ledger up to a maximum amount equal to the aggregate Principal Amount Outstanding of the Class A Notes. Investors should note that realised Losses in any period will be calculated after applying any recoveries following enforcement of a Loan to outstanding fees and interest amounts due and payable on the relevant Loan.

The Cash Manager will record as a credit to the Principal Deficiency Ledger (i) Available Revenue Receipts applied pursuant to items (g), (j), (l), (n) and (p) of the Pre-Enforcement Revenue Priority of Payments (if any) (which amounts shall, for the avoidance of doubt, thereupon become Available Redemption Receipts) and (ii) Enhanced Amortisation Amounts applied in accordance with item (s) of the Pre-Enforcement Revenue Priority of Payments (which amounts shall, for the avoidance of doubt, thereupon become Available Redemption Receipts).

Any amount credited to the Principal Deficiency Ledger in respect of Enhanced Amortisation Amounts will be reduced to the extent of any future Losses arising in respect of the Portfolio.

6. **Available Revenue Receipts and Available Redemption Receipts**

Available Revenue Receipts and Available Redemption Receipts shall be applied on each Interest Payment Date in accordance with the Pre-Enforcement Revenue Priority of Payments and the Pre-Enforcement Redemption Priority of Payments, respectively. Other than amounts which the Issuer expects to generate in each accounting period as its profit in respect of the business of the Issuer, amounts standing to the credit of the Class A and Class B Liquidity Reserve Fund Ledger (other than any amounts representing Class A and Class B Liquidity Reserve Fund Release Amounts or Class A and Class B Liquidity Reserve Fund Excess Amounts), amounts standing to the credit of the General Reserve Fund Ledger (other than any amounts representing General Reserve Fund Release Amounts or General Reserve Fund Excess Amounts) and the Swap Collateral Ledger (if any), it is not intended that any surplus will be accumulated in the Issuer.

If, on any Interest Payment Date while there are Notes outstanding, the Issuer has insufficient Available Revenue Receipts, Class A and Class B Liquidity Reserve Fund Release Amounts and Principal Addition Amounts to pay the interest that would otherwise be payable absent the deferral provisions in respect of the Notes other than in respect of the Most Senior Class of Notes (and other than where the Most Senior Class is the Class X1 Notes or the Class X2 Notes), then the Issuer will be entitled under Condition 18 (*Subordination by Deferral*) to defer payment of that amount (to the extent of the insufficiency) until the following Interest Payment Date. Any such deferral in accordance with the deferral provisions contained in the Conditions will not constitute an Event of Default. However, failure to pay interest on the Most Senior Class of Notes (other than where the Most Senior Class is the Class X1 Notes or the Class X2 Notes) within any applicable grace period in accordance with the Conditions shall constitute an Event of Default under the Notes, which may result in the Trustee enforcing the Security.

7. **Interest Rate Risk for the Notes***Swap Agreement*

On 21 June 2022, the Issuer and the Swap Provider entered into the ISDA Master Agreement, schedule and credit support annex, and, on 23 June 2022, entered into the confirmation, in each case as amended or supplemented from time to time and relating to the Swap Transaction (the "**Swap Agreement**").

"**ISDA Master Agreement**" means the 2002 ISDA Master Agreement, as published by ISDA.

Swap Transaction

All the Loans in the Portfolio pay a fixed rate of interest for an initial period of time. However, the Issuer's liabilities under the Notes are based on SONIA for the relevant period.

To provide a hedge against the possible variance between:

- (a) the fixed rates of interest payable on the Fixed Rate Loans in the Portfolio; and
- (b) the rate of interest under the Notes being calculated by reference to SONIA,

the Issuer has entered into the Swap Transaction with the Swap Provider under the Swap Agreement.

Under the Swap Transaction, on each Interest Payment Date the Issuer will pay to the Swap Provider an amount calculated by reference to a fixed rate, and the Swap Provider will pay to the Issuer a floating amount calculated by reference to Compounded Daily SONIA in accordance with the Swap Agreement.

On each Interest Payment Date (subject to being paid net of the Swap Provider Swap Amount), the amount the Issuer will pay to the Swap Provider pursuant to the Swap Agreement (the "**Issuer Swap Amount**") which shall be equal to the product of:

- (a) the notional amount of the Swap Transaction for the related calculation period thereunder;
- (b) a fixed rate; and
- (c) the Day Count Fraction,

provided that, in the event the fixed rate under the Swap Transaction is negative such that the amount due and payable by the Issuer to the Swap Provider on an Interest Payment Date would be a negative sum, the Swap Provider shall instead pay to the Issuer the absolute value of such amount as part of the Swap Provider Swap Amount.

"**Swap Provider Swap Amount**" means, on each Interest Payment Date (subject to being paid net of the Issuer Swap Amount), the amount the Swap Provider shall pay to the Issuer pursuant to the Swap Agreement, which shall be equal to the product of:

- (a) the notional amount of the Swap Transaction for the related calculation period thereunder;
- (b) Compounded Daily SONIA for the related calculation period; and
- (c) the Day Count Fraction,

provided that, in the event Compounded Daily SONIA as calculated under the Swap Agreement is negative for any related calculation period such that the amount due and payable by the Swap Provider to the Issuer on such Interest Payment Date would be a negative sum, the Issuer shall instead pay to the Swap Provider the absolute value of such amount as part of the Issuer Swap Amount.

Notwithstanding the foregoing, (i) in the event Compounded Daily SONIA as calculated under the Swap Agreement is negative for any related calculation period such that the amount due and

payable by the Swap Provider to the Issuer on such Interest Payment Date would be a negative sum, the Issuer shall instead pay to the Swap Provider the absolute value of such amount and/or (ii) in the event the fixed rate under the Swap Transaction is negative such that the amount due and payable by the Issuer to the Swap Provider on an Interest Payment Date would be a negative sum, the Swap Provider shall instead pay to the Issuer the absolute value of such amount.

The notional amount under the Swap Transaction is determined by reference to a fixed amortisation schedule. The amortisation schedule will be based on the expected repayment profile of the Fixed Rate Loans assuming a zero per cent. constant prepayment rate and zero per cent. defaults and delinquencies. The notional amount under the Swap Transaction is independent from, and does not necessarily match to, the balance of the Fixed Rate Loans in the Portfolio for the related calculation period under the Swap Transaction.

The Swap Transaction may not fully hedge the Issuer's interest rate risk as discussed under the section entitled "*Risk Factors – Interest Rate Risk*" above.

General

If a payment is made by the Swap Provider (other than (i) any early termination amount received by the Issuer under the Swap Agreement, (ii) Swap Collateral, (iii) any Replacement Swap Premium paid to the Issuer, and (iv) amounts in respect of Swap Tax Credits on such Interest Payment Date, excluding, in each case, any Swap Collateral Account Surplus which is to be applied as Available Revenue Receipts in accordance with the Swap Collateral Account Priority of Payments), that payment will be included in the Available Revenue Receipts and will be applied on the relevant Swap Payment Date according to the applicable Priority of Payments. If a payment is to be made by the Issuer, it will be made according to the applicable Priority of Payments of the Issuer.

Under the terms of the Swap Agreement, in the event that the relevant rating(s) of the Swap Provider assigned by a Rating Agency falls below the required swap rating (the "**Required Swap Rating**") (as to which see further the section entitled "*Transaction Overview – Triggers Tables*"), the Swap Provider will, in accordance with the Swap Agreement, be required to take certain remedial measures within the time frame stipulated in the Swap Agreement and at its own cost, which may include providing collateral for its obligations under the Swap Transaction, arranging for its obligations under the Swap Transaction to be transferred to an entity with the Required Swap Ratings or procuring another eligible entity with the Required Swap Ratings to become co-obligor or guarantor, as applicable, in respect of its obligations under the Swap Transaction. If the remedial measures following a downgrade below the Required Swap Rating are not taken within the applicable time frames, this will in certain circumstances permit the Issuer to terminate the Swap Agreement early.

The Swap Transaction may be terminated in certain circumstances, including the following, each as more specifically defined in the Swap Agreement (an "**Early Termination Event**"):

- (a) if there is a failure by a party to pay amounts due under the Swap Agreement and any applicable grace period has expired;
- (b) if certain insolvency events occur with respect to the Swap Provider or the Issuer;
- (c) if a material misrepresentation is made by the Swap Provider under the Swap Agreement;
- (d) if a breach of a provision of the Swap Agreement by the Swap Provider is not remedied within the applicable grace period;
- (e) if a change of law results in the obligations of one of the parties becoming illegal;
- (f) if certain force majeure events occur and result in one of the parties being prevented from performing its obligations, receiving payments or complying with any material provision of the Swap Agreement;
- (g) in certain circumstances, if a deduction or withholding for or on account of taxes is imposed on payments under the Swap Transaction due to a change in law;

- (h) if the Swap Provider is downgraded and fails to comply with the requirements of the downgrade provisions contained in the Swap Agreement and described above;
- (i) service by the Trustee of an Enforcement Notice on the Issuer pursuant to Condition 11 (*Events of Default*) of the Notes;
- (j) if there is a redemption in full of the Notes pursuant to Conditions 8.3 (*Redemption of the Notes in full pursuant to 10 per cent. clean-up call*), 8.4 (*Redemption of the Notes pursuant to Taxation call*) or 8.5 (*Mandatory Redemption in full pursuant to the exercise of the Portfolio Purchase Option*); and
- (k) any of the Transaction Documents are modified, amended or supplemented without the Swap Provider's prior written consent and such modification, amendment or supplement would have the effect:
 - (i) that immediately thereafter, the Swap Provider would be required to pay more or to receive less from a third-party transferee if it were to transfer each of the Transaction(s) (as defined in the Swap Agreement) to such third-party transferee (subject to and in accordance with the terms of the Swap Agreement) than would otherwise be the case if such amendment, modification or supplement were not made;
 - (ii) of altering the amount, timing or priority of any payments or deliveries due to the Swap Provider under the Swap Agreement; or
 - (iii) of altering any requirement to obtain the Swap Provider's prior consent (written or otherwise) in respect of any matter.

Under the terms of the Swap Agreement, upon an early termination of the Swap Transaction, depending on the type of Early Termination Event and the circumstances prevailing at the time of termination, the Issuer or the Swap Provider may be liable to make a termination payment to the other. This termination payment will be calculated and made in Sterling. The amount of any termination payment may reflect, among other things, the cost of entering into a replacement transaction at the time, third-party market data such as rates, prices, yields and yield curves, or similar information derived from internal sources of the party making the determination and will include any unpaid amounts that became due and payable on or prior to the date of termination.

Depending on the terms of the Swap Transaction and the circumstances prevailing at the time of termination, any such termination payment could be substantial and may affect the funds available for paying amounts due to the Noteholders. Any termination payment made by the Swap Provider to the Issuer may be used by the Issuer as Replacement Swap Premium in order to find a replacement Swap Provider (and may therefore not be used as Available Revenue Receipts).

The Issuer will use its reasonable endeavours, upon termination of the Swap Agreement, to find a replacement Swap Provider, although no guarantees of such replacement can be given.

The Issuer is not obliged under the Swap Agreement to gross up payments made by it if a withholding or deduction for or on account of taxes is imposed on payments made under the Swap Transaction.

The Swap Provider will generally be obliged to gross up payments made by it to the Issuer if a withholding or deduction for or on account of tax is imposed on payments made by it under the Swap Agreement.

The Swap Agreement and any non-contractual obligations arising out of or in connection with it will be governed by English law.

Swap Collateral

In the event that the Swap Provider is required to transfer collateral to the Issuer in respect of its obligations under the Swap Agreement (the "**Swap Collateral**") in accordance with the terms of the Credit Support Annex of the Swap Agreement (the "**Swap Credit Support Annex**"), that Swap Collateral (and any interest and/or distributions earned thereon) will be credited to the Swap Collateral Account and credited to the Swap Collateral Ledger. In addition, upon any early termination of the Swap Agreement (a) any Replacement Swap Premium received by the Issuer from a replacement swap provider, (b) any termination payment received by the Issuer from the outgoing Swap Provider and (c) any Swap Tax Credits, will be credited to the Swap Collateral Account and recorded on the Swap Collateral Ledger.

Amounts and securities standing to the credit of each Swap Collateral Account (including interest, distributions and redemption or sale proceeds thereon or thereof) and recorded on the Swap Collateral Ledger will not be available for the Issuer or the Trustee to make payments to the Secured Creditors generally, but may be applied by the Cash Manager only in accordance with the following provisions (the "**Swap Collateral Account Priority of Payments**"):

- (a) to pay an amount equal to any Swap Tax Credits received by the Issuer to the relevant Swap Provider;
- (b) prior to the designation of an Early Termination Date (as defined in the Swap Agreement, the "**Early Termination Date**") in respect of the Swap Agreement, solely in or towards payment or discharge of any Return Amounts (as defined in the Swap Credit Support Annex), Interest Amounts and Distributions (as defined in the Swap Credit Support Annex), on any day, directly to the Swap Provider;
- (c) following the designation of an Early Termination Date in respect of the Swap Agreement where (A) such Early Termination Date has been designated following a Swap Provider Default or Swap Provider Downgrade Event and (B) the Issuer enters into a Replacement Swap Agreement in respect of the Swap Agreement on or around the Early Termination Date of the Swap Agreement, on the later of the day on which such Replacement Swap Agreement is entered into, the day on which a termination payment (if any) payable to the Issuer has been received and the day on which a Replacement Swap Premium (if any) payable to the Issuer has been received, in the following order of priority:
 - (i) *first*, in or towards payment of a Replacement Swap Premium (if any) payable by the Issuer to a replacement swap provider in order to enter into a Replacement Swap Agreement with the Issuer with respect to the Swap Agreement being terminated;
 - (ii) *second*, in or towards payment of any termination payment and any interest thereon, if applicable, due to the outgoing Swap Provider; and
 - (iii) *third*, the surplus (if any) on such day to be transferred to the Deposit Account to be applied as Available Revenue Receipts;
- (d) following the designation of an Early Termination Date in respect of the Swap Agreement where: (A) such Early Termination Date has been designated otherwise than as a result of one a Swap Provider Default or Swap Provider Downgrade Event; and (B) the Issuer enters into a Replacement Swap Agreement in respect of the Swap Agreement on or around the Early Termination Date of the Swap Agreement, on the later of the day on which such Replacement Swap Agreement is entered into, the day on which a termination payment (if any) payable to the Issuer has been received and the day on which a Replacement Swap Premium (if any) payable to the Issuer has been received, in the following order of priority:

- (i) *first*, in or towards payment of any termination payment due to the outgoing Swap Provider;
 - (ii) *second*, in or towards payment of a Replacement Swap Premium (if any) payable by the Issuer to a replacement swap provider in order to enter into a Replacement Swap Agreement with the Issuer with respect to the Swap Agreement being terminated; and
 - (iii) *third*, any surplus on such day to be transferred to the Deposit Account to be applied as Available Revenue Receipts;
- (e) following the designation of an Early Termination Date in respect of the Swap Agreement for any reason where the Issuer does not enter into a Replacement Swap Agreement in respect of the Swap Agreement on or around the Early Termination Date of the Swap Agreement and, on the date on which the relevant payment is due, in or towards payment of any termination payment and any interest thereon, if applicable, due to the outgoing Swap Provider; and
- (f) following payments of amounts due pursuant to (e) above, if amounts remain standing to the credit of a Swap Collateral Account, such amounts may be applied only in accordance with the following provisions:
- (i) *first*, in or towards payment of a Replacement Swap Premium (if any) payable by the Issuer to a replacement swap provider in order to enter into a Replacement Swap Agreement with the Issuer with respect to the Swap Agreement; and
 - (ii) *second*, any surplus remaining after payment of such Replacement Swap Premium to be transferred to the Deposit Account to be applied as Available Revenue Receipts,

provided that for so long as the Issuer does not enter into a Replacement Swap Agreement with respect to the Swap Agreement, on each Swap Payment Date, the Issuer (or the Cash Manager on its behalf) will be permitted to withdraw an amount from the Swap Collateral Account (which shall be debited to the Swap Collateral Ledger) equal to the excess of the Swap Provider Swap Amount over the Issuer Swap Amount which would have been paid by the Swap Provider to the Issuer on such Swap Payment Date but for the designation of an Early Termination Date under the Swap Agreement, such surplus to be transferred to the Deposit Account to be applied as Available Revenue Receipts; and

provided further that for so long as the Issuer does not enter into a Replacement Swap Agreement with respect to the Swap Agreement on or prior to the earlier of:

- (A) the Calculation Date immediately before the Interest Payment Date on which the Principal Amount Outstanding of all Notes would be reduced to zero (taking into account any Swap Collateral Account Surplus to be applied as Available Revenue Receipts on such Interest Payment Date); or
- (B) the day on which an Enforcement Notice is given pursuant to Condition 10 (*Events of Default*); or
- (C) the date on which the Current Balance of the Fixed Rate Loans (excluding any Fixed Rate Loans that are Enforced Loans or more than 90 days in Arrears) is reduced to zero,

then the amount standing to the credit of such Swap Collateral Account on such day shall be transferred to the Deposit Account to be applied as Available Revenue Receipts as soon as reasonably practicable thereafter.

The Swap Collateral Account will be opened in the name of the Issuer and will be held at a financial institution which satisfies the Account Bank Minimum Rating. A Swap Collateral Account and Swap Collateral Ledger will be established and maintained in respect of the Swap Agreement. As security for the payment of all monies payable in respect of the Notes and the other Secured Obligations, the Issuer will grant a first fixed charge over the Issuer's interest in the Swap Collateral Account and the debts represented thereby (which may, however, take effect as a floating charge and therefore rank behind the claims of any preferential creditors of the Issuer).

"Swap Collateral Account Surplus" means in respect of a Swap Collateral Account the amounts to be transferred to the Deposit Account to be applied as Available Revenue Receipts pursuant to the Swap Collateral Account Priority of Payments.

"Swap Payment Date" means any Interest Payment Date on which a payment is made by either the Issuer or the Swap Provider in accordance with the Swap Agreement.

DESCRIPTION OF THE GLOBAL NOTES**General**

Each Class of Notes as at the Closing Date will each be represented by a Global Note. All capitalised terms not defined in this paragraph shall be as defined in the Conditions of the Notes.

The Global Notes will be registered in the name of the nominee for the Common Depositary (or its nominee) for both Euroclear and Clearstream, Luxembourg. The Registrar will maintain a register in which it will register the nominee for the Common Depositary as the owner of the Global Note.

Upon confirmation by the Common Depositary that it has custody of the Global Notes, Euroclear or Clearstream, Luxembourg, as the case may be, will record in book-entry form interests representing beneficial interests in the Global Note attributable thereto ("**Book-Entry Interests**").

Book-Entry Interests in respect of each Global Note will be recorded in denominations of £100,000 and higher integral multiples of £1,000 (an "**Authorised Denomination**"). Ownership of Book-Entry Interests is limited to persons that have accounts with Euroclear or Clearstream, Luxembourg ("**Participants**") or persons that hold interests in the Book-Entry Interests through Participants or through other Indirect Participants ("**Indirect Participants**"), including, as applicable, banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with Euroclear or Clearstream, Luxembourg, either directly or indirectly. Book-Entry Interests will not be held in definitive form. Instead, Euroclear and Clearstream, Luxembourg, as applicable, will credit the Participants' accounts with the respective Book-Entry Interests beneficially owned by such Participants on each of their respective book-entry registration and transfer systems. The accounts initially credited will be designated by the Joint Lead Managers. Ownership of Book-Entry Interests will be shown on, and transfers of Book-Entry Interests or the interests therein will be effected only through, records maintained by Euroclear or Clearstream, Luxembourg (with respect to the interests of their Participants) and on the records of Participants or Indirect Participants (with respect to the interests of Indirect Participants). The laws of some jurisdictions or other applicable rules may require that certain purchasers of securities take physical delivery of such securities in definitive form. The foregoing limitations may therefore impair the ability to own, transfer or pledge Book-Entry Interests.

So long as a nominee for the Common Depositary is the registered holder of the Global Note underlying the Book-Entry Interests, the nominee for the Common Depositary will be considered the sole Noteholder of the Global Note for all purposes under the Trust Deed. Except as set out under "*Issuance of Registered Definitive Notes*" below, Participants or Indirect Participants will not be entitled to have Notes registered in their names, will not receive or be entitled to receive physical delivery of the Notes in definitive registered form and will not be considered the holders thereof under the Trust Deed. Accordingly, each person holding a Book-Entry Interest must rely on the rules and procedures of Euroclear or Clearstream, Luxembourg, as the case may be, and Indirect Participants must rely on the procedures of the Participants or Indirect Participants through which such person owns its interest in the relevant Book-Entry Interests, to exercise any rights and obligations of a holder of the Notes under the Trust Deed. See "*Action in respect of the Global Notes and the Book-Entry Interests*" below.

Unlike legal owners or holders of the Notes, holders of the Book-Entry Interests will not have the right under the Trust Deed to act upon solicitations by the Issuer or consents or requests by the Issuer for waivers or other actions from Noteholders. Instead, a holder of Book-Entry Interests will be permitted to act only to the extent it has received appropriate proxies to do so from Euroclear or Clearstream, Luxembourg, as the case may be, and, if applicable, their Participants. There can be no assurance that procedures implemented for the granting of such proxies will be sufficient to enable holders of Book-Entry Interests to vote on any requested actions on a timely basis. Similarly, upon the occurrence of an Event of Default under the Global Note, holders of Book-Entry Interests will be restricted to acting through Euroclear or Clearstream, Luxembourg unless and until Registered Definitive Notes are issued in accordance with the Conditions. There can be no assurance that the procedures to be implemented by Euroclear and Clearstream, Luxembourg under such circumstances will be adequate to ensure the timely exercise of remedies under the Trust Deed.

In the case of a Global Note, unless and until Book-Entry Interests are exchanged for Registered Definitive Notes, the Global Note held by the Common Depositary may not be transferred except as a whole by the Common Depositary to a successor of the Common Depositary.

Purchasers of Book-Entry Interests in a Global Note will hold Book-Entry Interests in the Global Note relating thereto. Investors may hold their Book-Entry Interests in respect of a Global Note directly through Euroclear or Clearstream, Luxembourg (in accordance with the provisions set out under "*Transfers and Transfer Restrictions*" below) if they are account holders in such systems, or indirectly through organisations which are account holders in such systems. Euroclear and Clearstream, Luxembourg will hold Book-Entry Interests in the Global Note on behalf of their account holders through securities accounts in the respective account holders' names on Euroclear's and Clearstream, Luxembourg's respective book-entry registration and transfer systems.

Although Euroclear and Clearstream, Luxembourg have agreed to certain procedures to facilitate transfers of Book-Entry Interests among account holders of Euroclear and Clearstream, Luxembourg, they are under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued at any time. None of the Issuer, the Co-Arrangers, the Joint Lead Managers, the Trustee or any of their respective agents will have any responsibility for the performance by Euroclear or Clearstream, Luxembourg or their respective Participants or account holders of their respective obligations under the rules and procedures governing their operations.

Payments on the Global Notes

Payment of principal and interest on, and any other amount due in respect of, the Global Notes will be made in Sterling by or to the order of Citibank, N.A., London Branch (the "**Principal Paying Agent**"), on behalf of the Issuer to the order of the Common Depositary or its nominee as the registered holder thereof with respect to the Global Notes. Each holder of Book-Entry Interests must look solely to Euroclear or Clearstream, Luxembourg, as the case may be, for its share of any amounts paid by or on behalf of the Issuer to the order of the Common Depositary or their nominees in respect of those Book-Entry Interests. All such payments will be distributed without deduction or withholding for or on account of any taxes, duties, assessments or other governmental charges of whatever nature except as may be required by law. If any such deduction or withholding is required to be made, then neither the Issuer, the Paying Agents nor any other person will be obliged to pay additional amounts in respect thereof.

In accordance with the rules and procedures for the time being of Euroclear or, as the case may be, Clearstream, Luxembourg, after receipt of any payment from the Principal Paying Agent to the order of the Common Depositary, the respective systems will promptly credit their Participants' accounts with payments in amounts proportionate to their respective ownership of Book-Entry Interests as shown in the records of Euroclear or Clearstream, Luxembourg. On each record date (the "**Record Date**"), Euroclear and Clearstream, Luxembourg will determine the identity of the Noteholders for the purposes of making payments to the Noteholders. The Record Date in respect of the Notes (i) where the Notes are in global registered form, shall be at the close of the Business Day (being for this purpose a day on which Euroclear and Clearstream, Luxembourg are open for business) prior to the relevant Interest Payment Date and (ii) where the Notes are in definitive registered form, shall be the date falling 15 days prior to the relevant Interest Payment Date. The Issuer expects that payments by Participants to owners of interests in Book-Entry Interests held through such Participants or Indirect Participants will be governed by standing customer instructions and customary practices, as is now the case with the securities held for the accounts of customers in bearer form or registered in "street name", and will be the responsibility of such Participants or Indirect Participants. None of the Issuer, any agent of the Issuer, the Co-Arrangers, the Joint Lead Managers or the Trustee will have any responsibility or liability for any aspect of the records relating to payments made on account of a Participant's ownership of Book-Entry Interests or for maintaining, supervising or reviewing any records relating to a Participant's ownership of Book-Entry Interests.

Information Regarding Euroclear and Clearstream, Luxembourg

Euroclear and Clearstream, Luxembourg have advised the Issuer as follows:

Euroclear and Clearstream, Luxembourg each hold securities for their account holders and facilitate the clearance and settlement of securities transactions by electronic book-entry transfer between their respective account holders, thereby eliminating the need for physical movements of certificates and any risk from lack of simultaneous transfers of securities.

Euroclear and Clearstream, Luxembourg each provide various services including safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Euroclear and Clearstream, Luxembourg each also deal with domestic securities markets in

several countries through established depository and custodial relationships. The respective systems of Euroclear and of Clearstream, Luxembourg have established an electronic bridge between their two systems across which their respective account holders may settle trades with each other.

Account holders in both Euroclear and Clearstream, Luxembourg are worldwide financial institutions including underwriters, securities brokers and dealers, banks, trust companies and clearing corporations. Indirect access to both Euroclear and Clearstream, Luxembourg is available to other institutions that clear through or maintain a custodial relationship with an account holder of either system.

An account holder's overall contractual relations with either Euroclear or Clearstream, Luxembourg are governed by the respective rules and operating procedures of Euroclear or Clearstream, Luxembourg and any applicable laws. Both Euroclear and Clearstream, Luxembourg act under such rules and operating procedures only on behalf of their respective account holders, and have no record of or relationship with persons holding through their respective account holders.

The Issuer understands that under existing industry practices, if either of the Issuer or the Trustee requests any action of owners of Book-Entry Interests or if an owner of a Book-Entry Interest desires to give instructions or take any action that a holder is entitled to give or take under the Trust Deed or the Deed of Charge, Euroclear or Clearstream, Luxembourg, as the case may be, would authorise the Participants owning the relevant Book-Entry Interests to give instructions or take such action, and such Participants would authorise Indirect Participants to give or take such action or would otherwise act upon the instructions of such Indirect Participants.

Redemption

In the event that a Global Note (or portion thereof) is redeemed, the Principal Paying Agent will deliver all amounts received by it in respect of the redemption of such Global Note to the order of the Common Depository and, upon final payment, will surrender such Global Note (or portion thereof) to or to the order of the Principal Paying Agent for cancellation. Appropriate entries will be made in the Register. The redemption price payable in connection with the redemption of Book-Entry Interests will be equal to the amount received by the Principal Paying Agent in connection with the redemption of the Global Note (or portion thereof) relating thereto. For any redemptions of the Global Note in part, selection of the relevant Book-Entry Interest relating thereto to be redeemed will be made by Euroclear or Clearstream, Luxembourg, as the case may be, on a *pro rata* basis (or on such basis as Euroclear or Clearstream, Luxembourg, as the case may be, deems fair and appropriate). Upon any redemption in part, the Principal Paying Agent will mark down the schedule to such Global Note by the principal amount so redeemed.

Cancellation

Cancellation of any Note represented by a Global Note and required by the Conditions to be cancelled following its redemption will be effected by endorsement by or on behalf of the Principal Paying Agent of the reduction in the principal amount of the relevant Global Note on the relevant schedule thereto and the corresponding entry on the Register.

Transfers and Transfer Restrictions

All transfers of Book-Entry Interests will be recorded in accordance with the book-entry systems maintained by Euroclear or Clearstream, Luxembourg, as applicable, pursuant to customary procedures established by each respective system and its Participants. See "*General*" above.

Issuance of Registered Definitive Notes

Holders of Book-Entry Interests in the Global Note will be entitled to receive Notes in definitive registered form (such as exchanged Global Notes in definitive registered form, "**Registered Definitive Notes**") in exchange for their respective holdings of Book-Entry Interests if (a) both Euroclear and Clearstream, Luxembourg are closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or announce an intention permanently to cease business or to cease to make book-entry systems available for settlement of beneficial interests in such Global Notes and do in fact do either of those things and no alternative clearing system satisfactory to the Trustee is available or (b) as a result of any amendment to, or change in, the laws or regulations of the United Kingdom (or of any political subdivision thereof) or of any authority therein or thereof having power to tax or in the interpretation or administration by a revenue authority or a court or in the administration of such laws or regulations which

become effective on or after the Closing Date, the Issuer or any Paying Agent is or will be required to make any deduction or withholding from any payment in respect of the Notes which would not be required were the Notes in definitive registered form. Any Registered Definitive Notes issued in exchange for Book-Entry Interests in the Global Note will be registered by the Registrar in such name or names as the Issuer shall instruct the Principal Paying Agent based on the instructions of Euroclear or Clearstream, Luxembourg, as the case may be. It is expected that such instructions will be based upon directions received by Euroclear or Clearstream, Luxembourg from their Participants with respect to ownership of the relevant Book-Entry Interests. Holders of Registered Definitive Notes issued in exchange for Book-Entry Interests in the Global Note will not be entitled to exchange such Registered Definitive Notes for Book-Entry Interests in such Global Note. Any Notes issued in definitive form will be issued in registered form only and will be subject to the provisions set out under "*Transfers and Transfer Restrictions*" above and **provided that** no transfer shall be registered for a period of 15 days immediately preceding any due date for payment in respect of the Note or, as the case may be, the due date for redemption. Registered Definitive Notes will be issued in a denomination that is an integral multiple of the minimum Authorised Denomination. See "*Risk Factors – Registered Definitive Notes and denominations in integral multiples*" above.

Action in respect of the Global Notes and the Book-Entry Interests

Not later than 10 days after receipt by the Issuer of any notices in respect of a Global Note or any notice of solicitation of consents or requests for a waiver or other action by the holder of such Global Note, the Issuer will deliver to Euroclear and Clearstream, Luxembourg a notice containing (a) such information as is contained in such notice, (b) a statement that at the close of business on a specified record date Euroclear and Clearstream, Luxembourg will be entitled to instruct the Issuer as to the consent, waiver or other action, if any, pertaining to the Book-Entry Interests or the Global Note and (c) a statement as to the manner in which such instructions may be given. Upon the written request of Euroclear or Clearstream, Luxembourg, as applicable, the Issuer shall endeavour insofar as practicable to take such action regarding the requested consent, waiver or other action in respect of the Book-Entry Interests or the Global Note in accordance with any instructions set out in such request. Euroclear or Clearstream, Luxembourg are expected to follow the procedures described under "*General*" above with respect to soliciting instructions from their respective Participants. The Registrar will not exercise any discretion in the granting of consents or waivers or the taking of any other action in respect of the Book-Entry Interests or the Global Notes.

Notices

Whilst the Notes are represented by Global Notes the Issuer may, at its option, send to Euroclear and Clearstream, Luxembourg a copy of any notices addressed to Noteholders for communication by Euroclear and Clearstream, Luxembourg to the Noteholders. Alternatively, such notices regarding the Notes may instead be published in the *Financial Times* or, if such newspaper shall cease to be published or if timely publication therein is not practicable, in such other English newspaper or newspapers as the Trustee shall approve in advance having a general circulation in the United Kingdom; **provided that** if, at any time, the Issuer procures that the information contained in such notice shall appear on a page of the Reuters screen, the Bloomberg screen or any other medium for electronic display of data as may be previously approved in writing by the Trustee and notified to Noteholders, publication in such newspaper shall not be required with respect to such information so long as the rules of Euronext Dublin allow. The Issuer may elect not to publish any notice in a newspaper for so long as the Notes are held in global form and notice is given to Euroclear and Clearstream, Luxembourg. The Trustee may, in accordance with Condition 16.2 (*Trustee's Discretion to Select Alternative Method*) sanction other methods of giving notice to all or some of the Noteholders if such method is reasonable having regard to, among other things, the market practice then prevailing and the requirements of the relevant stock exchange. See also Condition 16 (*Notice to Noteholders*) of the Notes.

Eurosystem eligibility

The Notes are not intended to be held in a manner which would allow Eurosystem eligibility.

DESCRIPTION OF THE GLOBAL CERTIFICATES**General**

Each Class of Certificates, as at the Closing Date, will be represented by a Global Certificate. The Global Certificates will be registered on issue on or around the Closing Date in the name of the nominee for the Common Depositary for Euroclear Bank SA/NV ("**Euroclear**") and Clearstream Banking, S.A. ("**Clearstream, Luxembourg**"). The Registrar will maintain a register in which it will register the nominee for the Common Depositary as the holder of the Global Certificate.

Upon confirmation by the Common Depositary that it has been issued with the Global Certificates, Euroclear or Clearstream, Luxembourg, as the case may be, will record the beneficial interests in the Global Certificate ("**Certificate Book-Entry Interests**") representing beneficial interests in the Global Certificate attributable thereto.

Ownership of Certificate Book-Entry Interests will be limited to Participants or Indirect Participants, including, as applicable, banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with Euroclear or Clearstream, Luxembourg, either directly or indirectly. Indirect Participants will also include persons that hold beneficial interests through such Indirect Participants. Certificate Book-Entry Interests will not be held in definitive form. Instead, Euroclear and Clearstream, Luxembourg, as applicable, will credit the Participants' accounts with the respective Certificate Book-Entry Interests beneficially owned by such Participants on each of their respective book-entry registration and transfer systems. The accounts initially credited will be designated by the Seller (or as the Seller may direct). Ownership of Certificate Book-Entry Interests will be shown on, and transfers of Certificate Book-Entry Interests or the interests therein will be effected only through, records maintained by Euroclear or Clearstream, Luxembourg (with respect to the interests of their Participants) and on the records of Participants or Indirect Participants (with respect to the interests of Indirect Participants). The laws of some jurisdictions or other applicable rules may require that certain purchasers of securities take physical delivery of such securities in definitive form. The foregoing limitations may therefore impair the ability to own, transfer or pledge Certificate Book-Entry Interests.

So long as the nominee of the Common Depositary is the registered holder of the Global Certificate underlying the Certificate Book-Entry Interests, it will be considered the sole Certificateholder of the Certificate represented by that Global Certificate for all purposes under the Trust Deed. Except as set out under the section below entitled "*Issuance of Definitive Certificates*", Participants or Indirect Participants will not receive or be entitled to receive physical delivery of Certificates in definitive form and will not be considered the holders thereof under the Trust Deed. Accordingly, each person holding a Certificate Book-Entry Interest must rely on the rules and procedures of Euroclear or Clearstream, Luxembourg, as the case may be, and Indirect Participants must rely on the procedures of the Participants or Indirect Participants through which such person owns its interest in the relevant Certificate Book-Entry Interests, to exercise any rights and obligations of a holder of Certificates under the Trust Deed. See the section below entitled "*Action in respect of the Global Certificate and the Certificate Book-Entry Interests*".

Unlike legal owners or holders of the Certificates, holders of the Certificate Book-Entry Interests will not have the right under the Trust Deed to act upon solicitations by the Issuer or consents or requests by the Issuer for waivers or other actions from Certificateholders. Instead, a holder of Certificate Book-Entry Interests will be permitted to act only to the extent it has received appropriate proxies to do so from Euroclear or Clearstream, Luxembourg, as the case may be, and, if applicable, their Participants. There can be no assurance that procedures implemented for the granting of such proxies will be sufficient to enable holders of Certificate Book-Entry Interests to vote on any requested actions on a timely basis. Similarly, upon the occurrence of an Event of Default, holders of Certificate Book-Entry Interests will be restricted to acting through Euroclear or Clearstream, Luxembourg unless and until Definitive Certificates are issued in accordance with the Certificate Conditions. There can be no assurance that the procedures to be implemented by Euroclear and Clearstream, Luxembourg under such circumstances will be adequate to ensure the timely exercise of remedies under the Trust Deed.

Unless and until Certificate Book-Entry Interests are exchanged for Definitive Certificates, the Global Certificate held by the nominee for the Common Depositary may not be transferred except as a whole by that nominee for the Common Depositary to a successor nominee for that Common Depositary or a nominee of a successor of the Common Depositary.

Purchasers of Certificate Book-Entry Interests in a Global Certificate will hold Certificate Book-Entry Interests in the Global Certificates relating thereto. Investors may hold their Certificate Book-Entry Interests in respect of a Global Certificate directly through Euroclear or Clearstream, Luxembourg (in accordance with the provisions set out in the section below entitled "*Transfers and Transfer Restrictions*"), if they are account holders in such systems, or indirectly through organisations which are account holders in such systems. Euroclear and Clearstream, Luxembourg will hold Certificate Book-Entry Interests in the Global Certificate on behalf of their account holders through securities accounts in the respective account holders' names on Euroclear's and Clearstream, Luxembourg's respective book-entry registration and transfer systems.

Although Euroclear and Clearstream, Luxembourg have agreed to certain procedures to facilitate transfers of Certificate Book-Entry Interests among account holders of Euroclear and Clearstream, Luxembourg, they are under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued at any time. None of the Issuer, the Co-Arrangers, the Joint Lead Managers, the Trustee or any of their respective agents will have any responsibility for the performance by Euroclear or Clearstream, Luxembourg or their respective Participants or account holders of their respective obligations under the rules and procedures governing their operations.

Issuance of Definitive Certificates

Global Certificates will become exchangeable in whole, but not in part, for Definitive Certificates at the request of the holder of the relevant Global Certificate if Euroclear or Clearstream, Luxembourg closes for business on a permanent basis without a successor to act as a clearing system with respect to the Global Certificate or as a result of any amendment to, or change in (A) the laws or regulations of the United Kingdom or any political sub-division therein or thereof having power to tax or (B) the interpretation or administration of such legislation which becomes effective on or after the Closing Date, the Issuer or the Principal Paying Agent is, or will be required to make any deduction or withholding for or on account of Tax from any payment in respect of the Notes or the Certificates which would not be required if the Notes or the Certificates (as applicable) were in definitive form. (the "**Exchange Event**").

Any Definitive Certificate issued in exchange for Certificate Book-Entry Interests in the Global Certificate will be registered by the Registrar in such name or names as the Issuer shall instruct the Principal Paying Agent based on the instructions of Euroclear or Clearstream, Luxembourg, as the case may be. It is expected that such instructions will be based upon directions received by Euroclear or Clearstream, Luxembourg from their Participants with respect to ownership of the relevant Certificate Book-Entry Interests. Whenever a Global Certificate is to be exchanged for Definitive Certificates, the Issuer shall procure the prompt delivery (free of charge to the holders of the Certificate Book-Entry Interests) of such Definitive Certificates, duly authenticated and effectuated, in an aggregate principal amount equal to the principal amount of the relevant Global Certificate within 30 days of the occurrence of the Exchange Event.

Payments on the Global Certificates

Payment of amounts due in respect of the Global Certificates will be made in Sterling by or to the order of the Principal Paying Agent on behalf of the Issuer to the order of the Common Depositary or its nominee as the registered holder thereof with respect to the Global Certificates.

Each holder of Certificate Book-Entry Interests must look solely to Euroclear or Clearstream, Luxembourg, as the case may be, for its share of any amounts paid by or on behalf of the Issuer to the order of the Common Depositary or its nominee in respect of those Certificate Book-Entry Interests. All such payments will be distributed without deduction or withholding for any taxes, duties, assessments or other governmental charges of whatever nature except as may be required by law. If any such deduction or withholding is required to be made, then none of the Issuer, the Principal Paying Agent or any other person will be obliged to pay additional amounts in respect thereof.

In accordance with the rules and procedures for the time being of Euroclear or, as the case may be, Clearstream, Luxembourg, after receipt of any payment from the Principal Paying Agent to the Common Depositary, the respective systems will promptly credit their Participants' accounts with payments in amounts proportionate to their respective ownership of Certificate Book-Entry Interests as shown in the records of Euroclear or Clearstream, Luxembourg. On each record date (the "**Record Date**"), Euroclear and Clearstream, Luxembourg will determine the identity of the Participants for the purposes of making payments under the Certificates. The Record Date in respect of the Certificates shall be as at the close of

business on the Business Day prior to the relevant Interest Payment Date. The Issuer expects that payments by Participants to owners of interests in Certificate Book-Entry Interests held through such Participants or Indirect Participants will be governed by standing customer instructions and customary practices, as is now the case with the securities held for the accounts of customers in bearer form or registered in "street name", and will be the responsibility of such Participants or Indirect Participants. None of the Issuer, any agent of the Issuer, the Co-Arrangers, the Joint Lead Managers, the Trustee will have any responsibility or liability for any aspect of the records relating to or payments made on account of a Participant's ownership of Certificate Book-Entry Interests or for maintaining or supervising or reviewing any records relating to a Participant's ownership of Certificate Book-Entry Interests.

These Conditions shall be construed in accordance with the principles of construction set out in the Incorporated Terms Memorandum.

3. **FORM, DENOMINATION AND TITLE**

3.1 **Form and Denomination**

Each Class of Notes will initially be represented by a global note certificate in registered form (a "**Global Note**").

For so long as any of the Notes are represented by a Global Note, transfers and exchanges of beneficial interests in such Global Note and entitlement to payments thereunder will be effected subject to and in accordance with the rules and procedures from time to time of Euroclear Bank SA/NV ("**Euroclear**") or Clearstream Banking, S.A. ("**Clearstream, Luxembourg**"), as appropriate. Each Global Note will be deposited with and registered in the name of a common depositary (or a nominee thereof) for Euroclear and Clearstream, Luxembourg.

For so long as the Notes are represented by a Global Note, and for so long as Euroclear and Clearstream, Luxembourg so permit, the Notes shall be tradable only in the minimum nominal amount of £100,000 and higher integral multiples of £1,000, notwithstanding that no Registered Definitive Notes (as defined below) will be issued with a denomination above £199,000. A Global Note will be exchanged for the relevant Note in definitive registered form (such exchanged Global Notes in definitive registered form, the "**Registered Definitive Notes**") only if either of the following applies:

- (a) both Euroclear and Clearstream, Luxembourg:
 - (i) are closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise); or
 - (ii) announce an intention permanently to cease business or to cease to make book-entry systems available for settlement of beneficial interests in such Global Notes and do in fact do either of those things,

and in either case no alternative clearing system satisfactory to the Trustee is available; or
- (b) as a result of any amendment to, or change in, the laws or regulations of the United Kingdom (or of any political subdivision thereof) or of any authority therein or thereof having power to tax, or in the interpretation or administration by a revenue authority or a court or in the application of such laws or regulations which become effective on or after the Closing Date, the Issuer or any Paying Agent is or will be required to make any deduction or withholding for or on account of tax from any payment in respect of the Notes which would not be required were the relevant Notes in definitive registered form.

If Registered Definitive Notes are issued in respect of Notes originally represented by a Global Note, the beneficial interests represented by such Global Note shall be exchanged by the Issuer for the relevant Notes in registered definitive form. The aggregate principal amount of the Registered Definitive Notes shall be equal to the Principal Amount Outstanding of the Notes at the date on which notice of exchange is given of the Global Note, subject to and in accordance with the detailed provisions of these Conditions, the Agency Agreement, the Trust Deed and the relevant Global Note.

Registered Definitive Notes (which, if issued, will be in the denomination set out below) will be serially numbered and will be issued in registered form only.

The minimum denomination of the Notes in global and (if issued and printed) definitive form will be £100,000 and for so long as Euroclear and Clearstream, Luxembourg so permit, any amount in excess thereof in integral multiples of £1,000.

References to "**Notes**" in these Conditions shall include the Global Notes and the Registered Definitive Notes.

3.2 **Title**

Title to the Global Notes shall pass by and upon registration in the register (the "**Register**") which the Issuer shall procure to be kept by the Registrar. The registered holder of a Global Note may (to the fullest extent permitted by applicable laws) be deemed and treated at all times, by all persons and for all purposes (including the making of any payments), as the absolute owner of such Global Note regardless of any notice of ownership, theft or loss or any trust or other interest therein or of any writing thereon (other than the endorsed form of transfer).

Title to a Registered Definitive Note shall only pass by and upon registration of the transfer in the Register.

Registered Definitive Notes may be transferred upon the surrender of the relevant Registered Definitive Note, with the form of transfer endorsed on it duly completed and executed, at the specified office of the Registrar. Such transfers shall be subject to the minimum denominations specified in Condition 3.1 (*Form and Denomination*) above. All transfers of Registered Definitive Notes are subject to any restrictions on transfer set out on the Registered Definitive Notes and the detailed regulations concerning transfers in the Agency Agreement.

Each new Registered Definitive Note to be issued upon transfer of such Registered Definitive Note will, within five Business Days of receipt and surrender of such Registered Definitive Note (duly completed and executed) for transfer, be available for delivery at the specified office of the Registrar or be mailed at the risk of the transferee entitled to such Registered Definitive Note to such address as may be specified in the relevant form of transfer.

Registration of a Registered Definitive Note on transfer will be effected without charge by the Registrar, but subject to payment of (or the giving of such indemnity as the Registrar may require for) any tax, stamp duty or other government charges which may be imposed in relation to it.

4. **STATUS AND RELATIONSHIP BETWEEN THE NOTES AND SECURITY**

4.1 **Status and relationship between the Notes**

- (a) The Class A Notes constitute direct, secured and (subject to the limited recourse provision in Condition 12 (*Enforcement*)) unconditional obligations of the Issuer. - (b) The Class B Notes constitute direct, secured and (subject to the limited recourse provision in Condition 12 (*Enforcement*) and Condition 18 (*Subordination by Deferral*)) unconditional obligations of the Issuer. The Class B Notes rank *pari passu* without preference or priority among themselves in relation to payment of interest and principal at all times, but subordinate to the Class A Notes, as provided in these Conditions and the Transaction Documents. Accordingly, the interests of the persons who for the time being are registered in the Register as holders of Class B Notes (the "**Class B Noteholders**") will be subordinated to the interests of the persons who for the time being are registered in the Register as holders of Class A Notes (the "**Class A Noteholders**") (so long as any Class A Notes remain outstanding).
- (c) The Class C Notes constitute direct, secured and (subject to the limited recourse provision in Condition 12 (*Enforcement*) and Condition 18 (*Subordination by Deferral*)) unconditional obligations of the Issuer. The Class C Notes rank *pari passu* without preference or priority among themselves in relation to payment of interest and principal at all times, but subordinate to the Class A Notes and the Class B Notes, as provided in these Conditions and the Transaction Documents. Accordingly, the interests of the persons who for the time being are registered in the Register as holders of the Class C Notes (the "**Class C Noteholders**") will be subordinated to the interests of each of the Class A Noteholders,

and the Class B Noteholders (so long as any Class A Notes and/or any Class B Notes remain outstanding).

Accordingly, the interests of the persons who for the time being are registered in the Register as holders of the Class D Notes (the "**Class D Noteholders**") will be subordinated to the interests of each of the Class A Noteholders, the Class B Noteholders and the Class C Noteholders (so long as any Class A Notes and/or any Class B Notes and/or any Class C Notes remain outstanding).
- (e) The Class E Notes constitute direct, secured and (subject to the limited recourse provision in Condition 12 (*Enforcement*) and Condition 18 (*Subordination by Deferral*)) unconditional obligations of the Issuer. The Class E Notes rank *pari passu* without preference or priority among themselves in relation to payment of interest and principal at all times, but subordinate to the Class A Notes, the Class B Notes, the Class C Notes and the Class D Notes, as provided in these Conditions and the Transaction Documents. Accordingly, the interests of the persons who for the time being are registered in the Register as holders of the Class E Notes (the "**Class E Noteholders**") will be subordinated to the interests of each of the Class A Noteholders, the Class B Noteholders, the Class C Noteholders and the Class D Noteholders (so long as any Class A Notes and/or any Class B Notes and/or any Class C Notes and/or any Class D Notes remain outstanding).
- (f) The Class X1 Notes constitute direct, secured and (subject as provided in Condition 18 (*Subordination by Deferral*) and the limited recourse provisions in Condition 12 (*Enforcement*)) unconditional obligations of the Issuer. The Class X1 Notes rank *pari passu* without preference or priority among themselves in relation to payment of interest and principal at all times, but subordinate to all payments due in respect of the Collateralised Notes, and in respect of payments of principal only rank subordinate to payment of interest on the Class X2 Notes, as provided in these Conditions and the Transaction Documents. Prior to the delivery of an Enforcement Notice, the Class X1 Notes will rank, in relation to payments of principal, subordinate to payments of interest due in respect of the Class X2 Notes. Accordingly, the interests of the persons who for the time being are registered in the Register as holders of the Class X1 Notes (the "**Class X1 Noteholders**") will be subordinated to the interests of the holders of the Collateralised Notes (so long as any Collateralised Notes remain outstanding).
- (g) The Class X2 Notes constitute direct, secured and (subject as provided in Condition 18 (*Subordination by Deferral*) and the limited recourse provisions in Condition 12 (*Enforcement*)) unconditional obligations of the Issuer. The Class X2 Notes rank *pari passu* without preference or priority among themselves in relation to payment of interest and principal at all times, but subordinate to all payments due in respect of the Collateralised Notes and the Class X1 Notes other than in respect of payments of interest only which rank senior to payment of principal on the Class X1 Notes, as provided in these Conditions and the Transaction Documents. Prior to the delivery of an Enforcement Notice, the Class X2 Notes will rank, in relation to payments of interest, subordinate to payments of interest on the Class X1 Notes and, in relation to payments of principal, subordinate to payments of principal due on the Class X2 Notes. From and including the delivery of an Enforcement Notice, the Class X2 Notes will rank, in relation to payments of interest and principal, subordinate to all payments of interest and principal due in respect of the Class X1 Notes. - (h) The Trust Deed and the Deed of Charge contain provisions requiring the Trustee, respectively, to have regard to the interests of holders of each Class of the Notes as regards all rights, powers, trusts, authorities, duties and discretions of the Trustee (except where

- (i) The Trust Deed also contains provisions limiting the powers of any Class of Noteholders to request or direct the Trustee to take any action or to pass an effective Extraordinary Resolution according to the effect thereof on the interests of the holders of the Most Senior Class. Except in certain circumstances described in Condition 13 (*Meetings of Noteholders, Modification, Waiver and Substitution*), the Trust Deed contains no such limitation on the powers of the holders of the Most Senior Class, the exercise of which will be binding (save in respect of a Basic Terms Modification) on the holders of all other Classes of Notes and Certificateholders in each case irrespective of the effect thereof on their respective interests.

As long as any Notes are outstanding but subject to Condition 13.5 (*Modification to the Transaction Documents*), the Trustee shall not have regard to the interests of the other Secured Creditors.

4.2 Security

The Agent Bank shall, as soon as practicable after 11:00 a.m. (London time) on the Interest Determination Date falling in such Interest Period, but in no event later than the third Business Day thereafter, determine the Sterling amount (the "**Interest Amounts**") payable in respect of interest on the Principal Amount Outstanding of each Class of the Notes for the relevant Interest Period.

The Interest Amounts shall, in respect of a Class of Notes, be determined by applying the relevant Rate of Interest to the Principal Amount Outstanding of such Class of Notes and multiplying the sum by the actual number of days in the Interest Period concerned divided by 365 and rounding the figure downwards to the nearest penny.

6.5 **Publication of Rates of Interest and Interest Amounts**

The Agent Bank shall cause the Rate of Interest and the Interest Amounts for each Class of Notes in respect of each Interest Period and each Interest Payment Date to be notified to the Issuer, the Cash Manager, the Trustee, the Registrar and the Paying Agents (as applicable) and to any stock exchange or other relevant authority on which the Notes are at the relevant time listed and to be published in accordance with Condition 16 (*Notice to Noteholders*) as soon as possible after their determination and in no event later than two Business Days prior to the immediately succeeding Interest Payment Date. The Interest Amounts and Interest Payment Date may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period.

6.6 **Determination by the Trustee**

If the Agent Bank defaults at any time in its obligation to determine the Rates of Interest and the Interest Amounts in accordance with the above provisions, the Issuer shall, appoint another agent on its behalf to determine or cause to be determined the Rates of Interest and the Interest Amounts, the former at such rates as, in its absolute discretion (having such regard as it shall think fit to the procedure described above), it shall deem fair and reasonable in all the circumstances and the latter in the manner provided in Condition 6.4 (*Determination of Rates of Interest and Interest Amounts*).

6.7 **Notifications to be Final**

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 6, whether by the Reference Banks (or any of them), the Agent Bank, the Cash Manager or the Trustee, will (in the absence of wilful default, gross negligence, fraud or manifest error) be binding on the Issuer, the Cash Manager, the Trustee, the Agent Bank, the Registrar, the Paying Agents and all Noteholders and (in the absence of wilful default, gross negligence, fraud or manifest error) no liability to the Issuer or the Noteholders shall attach to the Reference Banks (or any of them), the Cash Manager, the Agent Bank, the Registrar or, if applicable, the Trustee in connection with the exercise or non-exercise by any of them of their powers, duties and discretions under this Condition 6 (*Interest*).

6.8 **Agent Bank**

The Issuer shall procure that, so long as any of the Notes remain outstanding, there is at all times an agent bank for the purposes of the Notes. The Issuer may, subject to the prior written approval of the Trustee, terminate the appointment of the Agent Bank and shall, in the event of the appointed office of any bank being unable or unwilling to continue to act as the agent bank or failing duly to determine the Rate of Interest or the Interest Amounts in respect of any Class of Notes for any Interest Period, subject to the prior written approval of the Trustee, appoint another major bank engaged in the relevant interbank market to act in its place. The Agent Bank may not resign its duties or be removed without a successor having been appointed on terms commercially acceptable in the market.

6.9 **Determinations and Reconciliation**

- (a) In the event that the Cash Manager does not receive a Servicer Report with respect to a Calculation Period (each such period, a "**Determination Period**"), then the Cash Manager may use the three most recently received Servicer Reports in respect of the preceding Calculation Periods (or, where there are not at least three previous Servicer Reports, any previous Servicer Reports) for the purposes of calculating the amounts available to the Issuer to make payments, as set out in Condition 6.9(b). When the Cash Manager receives the Servicer Report relating to the Determination Period, it will make the reconciliation calculations and reconciliation payments as set out in Condition 6.9(c). Any (i) calculations properly made on the basis of such estimates in accordance with Conditions 6.9(b) and/or 6.9(c); (ii) payments made under any of the Notes and Transaction Documents in accordance with such calculations; and (iii) reconciliation calculations and reconciliation payments made as a result of such reconciliation calculations, each in accordance with Condition 6.9(b) and/or 6.9(c), shall be deemed to be made in accordance with the provisions of the Transaction Documents and will in themselves not lead to an Event of Default and no liability will attach to the Cash Manager in connection with the exercise by it of its powers, duties and discretion for such purposes.
- (b) In respect of any Determination Period the Cash Manager shall on the Calculation Date immediately preceding the Determination Period:
- (i) determine the Interest Determination Ratio (as defined below) by reference to the three most recently received Servicer Reports (or, where there are not at least three previous Servicer Reports, any previous Servicer Reports) received in the preceding Calculation Periods;
 - (ii) calculate the Revenue Receipts for such Determination Period as the product of (A) the Interest Determination Ratio and (B) all collections received by the Issuer during such Determination Period (the "**Calculated Revenue Receipts**"); and
 - (iii) calculate the Redemption Receipts for such Determination Period as the product of (A) 1 minus the Interest Determination Ratio and (B) all collections received by the Issuer during such Determination Period (the "**Calculated Redemption Receipts**").

- (c) Following the end of any Determination Period, upon receipt by the Cash Manager of the Servicer Report in respect of such Determination Period, the Cash Manager shall reconcile the calculations made in accordance with Condition 6.9(b) above to the actual collections set out in the Servicer Reports by allocating the Reconciliation Amount (as defined above) as follows:
- (i) if the Reconciliation Amount is a positive number, the Cash Manager shall apply an amount equal to the lesser of (A) the absolute value of the Reconciliation Amount and (B) the amount standing to the credit of the Revenue Ledger, as Available Redemption Receipts (with a corresponding debit of the Revenue Ledger); and
 - (ii) if the Reconciliation Amount is a negative number, the Cash Manager shall apply an amount equal to the lesser of (A) the absolute value of the Reconciliation Amount and (B) the amount standing to the credit of the Redemption Ledger, as Available Revenue Receipts (with a corresponding debit of the Redemption Ledger),

provided that the Cash Manager shall apply such Reconciliation Amount in determining Available Revenue Receipts and Available Redemption Receipts for such Calculation Period in accordance with the terms of the Cash Management Agreement and the Cash Manager shall promptly notify the Issuer and the Trustee of such Reconciliation Amount.

In this Condition:

"Interest Determination Ratio" means, on any Interest Payment Date, (a) the aggregate Revenue Receipts calculated in the three preceding Servicer Reports (or, where there are not at least three previous Servicer Reports, any previous Servicer Reports) divided by (b) the aggregate of all Revenue Receipts and all Redemption Receipts calculated in such Servicer Reports.

"Reconciliation Amount" means in respect of any Calculation Period (a) the actual Redemption Receipts as determined in accordance with the available Servicer Reports, less (b) the Calculated Redemption Receipts in respect of such Calculation Period, plus (c) any Reconciliation Amount not applied in previous Calculation Periods.

7. PAYMENTS

7.1 Payment of Interest and Principal

Subject to paragraph 2 of Condition 3.1 (*Form and Denomination*), payments of any amount in respect of a Note, including principal and interest, shall be made by:

7.2 Laws and Regulations

Payments of any amount in respect of a Note including principal and interest in respect of the Notes are subject, in all cases, to (i) any fiscal or other laws and regulations applicable thereto in the place of payment and (ii) any withholding or deduction required pursuant to an agreement described in section 1471(b) of the U.S. Internal Revenue Code of 1986 (the "**Code**") or otherwise imposed pursuant to sections 1471 to 1474 of the Code, any regulations or agreements thereunder, any

official interpretations thereof or any law implementing an intergovernmental approach thereto (the "FATCA"). Noteholders will not be charged commissions or expenses on payments.

7.3 Payment of Interest following a Failure to pay Principal

If payment of principal is improperly withheld or refused on or in respect of any Note or part thereof, the interest which continues to accrue in respect of such Note in accordance with Condition 6.1 (*Accrual of interest*) and Condition 6.3 (*Rate of Interest*) will be paid in accordance with this Condition 7.

7.4 Change of Paying Agents

The Issuer reserves the right, subject to the prior written approval of the Trustee, at any time to vary or terminate the appointment of the Principal Paying Agent or the Registrar and to appoint additional or other agents, **provided that:**

7.5 No Payment on non-Business Day

If the date for payment of any amount in respect of a Note is not a Presentation Date, Noteholders shall not be entitled to payment until the next following Presentation Date and shall not be entitled to further interest or other payment in respect of such delay. In this Condition 7.5, the expression "**Presentation Date**" means a day which is (a) a Business Day and (b) a day on which banks are generally open for business in the relevant place.

7.6 Partial Payment

If a Paying Agent makes a partial payment in respect of any Note, the Registrar will, in respect of the relevant Note, annotate the Register indicating the amount and date of such payment.

7.7 Payment of Interest

If interest is not paid in respect of a Note of any Class on the date when due and payable (other than because the due date is not a Presentation Date (as defined in Condition 7.5 (*No Payment on non-Business Day*)) or by reason of non-compliance by the Noteholder with Condition 7.1 (*Payment of Interest and Principal*)), then such unpaid interest (other than unpaid interest on the Class X1 Notes or the Class X2 Notes) shall itself bear interest at the Rate of Interest applicable from time to time to such Note until such interest and interest thereon are available for payment and notice thereof has been duly given in accordance with Condition 16 (*Notice to Noteholders*).

8. REDEMPTION

8.1 Redemption at Maturity

Unless previously redeemed in full or purchased and cancelled as provided below, the Issuer will redeem the Notes at their respective Principal Amount Outstanding together with accrued unpaid interest on the Interest Payment Date falling in January 2059 (the "**Final Maturity Date**").

8.2 **Mandatory Redemption prior to the delivery of an Enforcement Notice or prior to the Optional Redemption Date or prior to exercise of the Portfolio Purchase Option**

- (a) The Principal Amount Outstanding of each Class of Notes shall be redeemed on each Interest Payment Date in accordance with the relevant Priority of Payments. The principal amount to be redeemed in respect of a Note of a particular Class (the "**Note Principal Payment**") on any Interest Payment Date prior to the delivery of an Enforcement Notice shall be the Available Redemption Receipts available for such purpose on such Interest Payment Date in accordance with the Pre-Enforcement Revenue Priority of Payments and the Pre-Enforcement Redemption Priority of Payments, as applicable, as calculated on the Calculation Date immediately preceding such Interest Payment Date and rounded down to the nearest penny. With respect to each Note of a particular Class on (or as soon as practicable after) each Calculation Date, the Issuer shall determine (or cause the Cash Manager to determine): (i) the amount of any Note Principal Payment due on the Interest Payment Date next following such Calculation Date; (ii) the Principal Amount Outstanding of each such Note; and (iii) the fraction expressed as a decimal to the sixth decimal point (the "**Note Factor**"), of which the numerator is the Principal Amount Outstanding of that Note (as referred to in (ii) above) and the denominator is the Principal Amount Outstanding of the relevant Class of Notes. Each determination by or on behalf of the Issuer of any principal repayment, the Principal Amount Outstanding of a Note and the Note Factor shall in each case (in the absence of wilful default or manifest error) be final and binding on all persons.
- (b) The Issuer will cause each determination of a principal repayment, Principal Amount Outstanding and Note Factor to be notified by not less than two Business Days prior to the relevant Interest Payment Date to the Trustee, the Paying Agents, the Agent Bank and (for so long as the Notes are listed on the Official List of Euronext Dublin and admitted to trading on its regulated market) Euronext Dublin, and will immediately cause notice of each such determination to be given in accordance with Condition 16 (*Notice to Noteholders*) not later than two Business Days prior to the relevant Interest Payment Date. If no principal repayment is due to be made on the Notes on any Interest Payment Date, a notice to this effect will be given to the holders of the Notes.

8.3 **Redemption of the Notes in full pursuant to 10 per cent. clean-up call**

The Issuer:

- (a) may, if the Portfolio Purchase Option Holder does not exercise its rights in respect of the Portfolio Purchase Option within 90 days of the date on which the Principal Amount Outstanding of all of the outstanding Notes is less than 10 per cent. of the Principal Amount Outstanding of all of the Notes as at the Closing Date; or
- (b) shall, on the Portfolio Purchase Option Completion Date, use the Portfolio Purchase Option Purchase Price received from the Portfolio Purchase Option Holder to,

in each case, redeem all (but not some only) of the Notes in each Class at their Principal Amount Outstanding together with accrued unpaid interest up to but excluding the date of redemption on any Interest Payment Date when, on the related Calculation Date, the aggregate of the Principal Amount Outstanding of all of the outstanding Notes is less than 10 per cent. of the Principal Amount Outstanding of all of the Notes as at the Closing Date and **provided that**:

- (i) no Enforcement Notice has been delivered by the Trustee;
- (ii) the Issuer has given not more than 60 nor less than 30 days' notice to the Trustee and the Noteholders in accordance with Condition 16 (*Notices to Noteholders*) that it will redeem all (but not some only) of the Notes in each Class; and
- (iii) immediately prior to giving any such notice, the Issuer shall have provided to the Trustee a certificate signed by two directors of the Issuer (upon which the Trustee shall be entitled to rely without further enquiry or liability) to the effect that it will have the funds on the relevant Interest Payment Date, not subject to the interest

of any other person, required to redeem the Notes pursuant to this Condition and meet its payment obligations under items (a) to (l) of the Post-Enforcement Priority of Payments.

8.4 Redemption of the Notes pursuant to Taxation call

in each case, redeem all (but not some only) of the Notes in each Class at their Principal Amount Outstanding together with accrued interest up to but excluding the date of redemption on any Interest Payment Date if:

- (i) after the date on which by reason of a change in tax law (or the application or official interpretation thereof), which change becomes effective on or after the Closing Date, on or before the next Interest Payment Date the Issuer or the Paying Agents would be required to deduct or withhold from any payment of principal or interest on any Notes (other than because the relevant holder has some connection with the United Kingdom other than the holding of such Notes) any amount for, or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of the United Kingdom or any political subdivision thereof or any authority thereof or therein having power to tax the Issuer; or
- (ii) after the date on which by reason of a change in law (or the application or official interpretation thereof), which change becomes effective on or after the Closing Date, it has become or will become unlawful for the Issuer to make, fund or allow to remain outstanding all or any of the Notes,

provided that the Issuer or the Portfolio Purchase Option Holder satisfies the Trustee that one or more of the events described above is continuing and that the appointment of a Paying Agent in another jurisdiction and substitution of a company incorporated and tax resident in another jurisdiction as principal debtor under the Notes would not avoid the effect of the relevant event, or that having used its reasonable endeavours, the Issuer is unable to arrange such substitution or appointment, **provided further that** if the Issuer has arranged for such substitution the Trustee is satisfied that such substitution will not be materially prejudicial to the interests of the holders of the Notes and the conditions for any such substitution of the Issuer as provided in the Trust Deed are complied with (and in making such determination, the Trustee may rely, without further investigation or enquiry, on any confirmation from the Rating Agencies that the then-current ratings of the Notes would not be adversely affected by such substitution) and subject to the following:

- (A) no Enforcement Notice has been delivered by the Trustee;
- (B) the Issuer has given not more than 60 nor less than 30 days' notice to the Trustee and the Noteholders in accordance with Condition 16 (*Notice to Noteholders*) of its intention to redeem all (but not some only) of the Notes in each Class;
- (C) prior to giving any such notice, the Issuer or the Portfolio Purchase Option Holder has provided to the Trustee:
 - (1) a legal opinion (addressed to the Trustee) from a firm of lawyers in the applicable jurisdiction (the identity of such firm approved in writing by the Trustee), opining on the relevant change in law or tax law (or the application or official interpretation thereof)

to the effect that in the case of Condition 8.4(a) above, the Issuer or the Paying Agents has or will become obliged to deduct or withhold amounts as a result of such change or in the case of Condition 8.4(b) above that it has or will become unlawful for the Issuer to make, fund or allow to remain outstanding all or any of the Notes;

- (2) a certificate signed by two directors of the Issuer or by the Portfolio Purchase Option Holder to the effect that one or more of the circumstances in Condition 8.4(a) or Condition 8.4(b) above exists and confirming that the appointment of a Paying Agent in another jurisdiction or a substitution of the Issuer would not avoid the effect of the event, or that, having used its reasonable endeavours, the Issuer is unable to arrange such appointment or substitution; and
- (3) a certificate signed by two directors of the Issuer to the effect that it will have the funds on the relevant Interest Payment Date, not subject to the interest of any other person, required to redeem the Notes pursuant to this Condition and to meet its payment obligations under items (a) to (l) of the Post-Enforcement Priority of Payments.

The Trustee shall be entitled to accept and rely on such certificates and opinion as sufficient evidence of the satisfaction of the circumstances set out above, in which event they shall be conclusive and binding on all Noteholders and Secured Creditors.

8.5 **Mandatory Redemption in full pursuant to the exercise of the Portfolio Purchase Option**

- (a) On the Portfolio Purchase Option Completion Date, the Issuer shall use the Portfolio Purchase Option Purchase Price received from the Portfolio Purchase Option Holder to redeem all (but not some only) of the Notes in each Class at their Principal Amount Outstanding together with accrued unpaid interest up to but excluding the date of redemption in accordance with the Post-Enforcement Priority of Payments with the result that the Notes will be redeemed in full in accordance with this Condition 8.5 on such date. The Issuer shall give not more than 60 days' nor fewer than two Business Days' notice of any such redemption of the Notes to the Noteholders in accordance with Condition 16 (*Notice to Noteholders*) and the Trustee.
- (b) Any Note redeemed pursuant to Condition (a) above will be redeemed at an amount equal to the Principal Amount Outstanding of the relevant Note to be redeemed together with accrued (and unpaid) interest on the Principal Amount Outstanding of the relevant Note up to but excluding the Interest Payment Date on which the redemption occurred.

8.6 **Principal Amount Outstanding**

8.8 No Purchase by the Issuer

The Issuer will not be permitted to purchase any of the Notes.

8.9 Cancellation on redemption in full

All Notes redeemed in full will be cancelled upon redemption. Notes cancelled upon redemption in full may not be resold or reissued.

9. TAXATION

11.2 **General**

Upon the delivery of an Enforcement Notice by the Trustee in accordance with Condition 11.1 (*Notes*), all the Notes then outstanding shall thereby immediately become due and repayable at their respective Principal Amount Outstanding, together with accrued interest as provided in the Trust Deed.

12. **ENFORCEMENT**

12.1 **General**

The Trustee may, at any time, at its discretion and without notice, take such proceedings, actions or steps against the Issuer or any other party to any of the Transaction Documents as it may think fit to enforce the provisions of the Notes, the Certificates, the Trust Deed (including these Conditions or the Certificate Conditions) or the Deed of Charge or any of the other Transaction Documents to which it is a party and, at any time after the delivery of an Enforcement Notice, the Trustee may, at its discretion and without notice, take such steps as it may think fit to enforce the Security, but the Trustee shall not be bound to take any such proceedings, action or steps unless:

Other than in relation to a Basic Terms Modification, the Trustee may in its absolute discretion, without the consent or sanction of the Noteholders, the Certificateholders or the other Secured Creditors and without prejudice to its rights in respect of any further or other breach, from time to time and at any time, authorise or waive any proposed or actual breach of any of the covenants or provisions contained in or arising pursuant to the Conditions, the Certificate Conditions or any of the Transaction Documents by any party thereto or determine, without any such consent as aforesaid, that any Event of Default or Potential Event of Default shall not be treated as such (**provided that**, in any such case, it is not, in the opinion of the Trustee, materially prejudicial to the interests of the Noteholders (or, if there are no Notes outstanding, the interests of the Certificateholders)), **provided that** the Trustee shall not exercise any powers conferred on it by this Condition 13.17 in contravention of any express direction given by Extraordinary Resolution of the holders of the Most Senior Class or by a direction under Condition 11 (*Events of Default*) but so that no such direction or request shall affect any waiver, authorisation or determination previously given or made.

13.8 Notification of modifications, waivers, authorisations or determinations

Any such modification, waiver, authorisation or determination by the Trustee in accordance with these Conditions, the Certificate Conditions or the Transaction Documents shall be binding on the Noteholders and, unless the Trustee agrees otherwise, any such modification shall be notified by the Issuer to the Noteholders in accordance with Condition 16 (*Notice to Noteholders*), the Rating Agencies (while any Notes remain outstanding) and the Secured Creditors as soon as practicable thereafter.

13.9 In connection with any such substitution of principal debtor referred to in Condition 8.4 (*Redemption of the Notes pursuant to Taxation call*), the Trustee may also agree, without the consent of the Noteholders or the other Secured Creditors, to a change of the laws governing the Notes, these Conditions and/or any of the Transaction Documents, **provided that** such change would not, in the opinion of the Trustee be materially prejudicial to the interests of the Noteholders or the other Secured Creditors.

13.10 In determining whether a proposed action will not be materially prejudicial to the Noteholders or any Class thereof, the Trustee may, among other things, have regard to whether the Rating Agencies have confirmed in writing to the Issuer or any other party to the Transaction Documents that any proposed action will not result in the withdrawal or reduction of, or entail any other adverse action with respect to, the then-current ratings of the Notes. It is agreed and acknowledged by the Trustee that, notwithstanding the foregoing, a credit rating is an assessment of credit and does not address other matters that may be of relevance to the Noteholders. In being entitled to take into account that each of the Rating Agencies has confirmed that the then-current ratings of the Notes would not be adversely affected, it is agreed and acknowledged by the Trustee that this does not impose or extend any actual or contingent liability for each of the Rating Agencies to the Trustee, the Noteholders or any other person, or create any legal relations between each of the Rating Agencies and the Trustee, the Noteholders or any other person, whether by way of contract or otherwise.

13.11 Where, in connection with the exercise or performance by the Trustee of any right, power, trust, authority, duty or discretion under or in relation to these Conditions or any of the Transaction Documents (including in relation to any modification, waiver, authorisation, determination, substitution or change of laws as referred to above), the Trustee is required to have regard to the

interests of the Noteholders of any Class or Classes, it shall (A) have regard to the general interests of the Noteholders of such Class or Classes but shall not have regard to any interests arising from circumstances particular to individual Noteholders (whatever their number) and, in particular but without limitation, shall not have regard to the consequences of any such exercise or performance for individual Noteholders (whatever their number) resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory or any political subdivision thereof, and the Trustee shall not be entitled to require, nor shall any Noteholder be entitled to claim, from the Issuer and the Trustee or any other person any indemnification or payment in respect of any tax consequences of any such exercise upon individual Noteholders and (B) subject to the more detailed provisions of the Trust Deed and the Deed of Charge, as applicable, have regard to the interests of holders of each Class of Notes (except where expressly provided otherwise) but requiring the Trustee where there is a conflict of interests between one or more Classes of Notes in any such case to have regard (except as expressly provided otherwise) to the interests of the holders of the Class or Classes of Notes ranking in priority to the other relevant Classes of Notes.

13.12 Other than in respect of any matter requiring an Extraordinary Resolution, Noteholders are required to vote by way of an Ordinary Resolution.

13.13 "**Ordinary Resolution**" means, in respect of the holders of any of the Classes of Notes:

- (a) a resolution passed at a meeting of Noteholders duly convened and held in accordance with the Trust Deed and these Conditions by a clear majority of the Eligible Persons voting thereat on a show of hands or, if a poll is duly demanded, by a clear majority of the votes cast on such poll;

- (b) a resolution in writing signed by or on behalf of the Noteholders of not less than three quarters in aggregate Principal Amount Outstanding of the relevant Class of Notes, which resolution may be contained in one document or in several documents in like form each signed by or on behalf of one or more of the Noteholders of the relevant Class; or
- (c) consent given by way of electronic consents through the relevant Clearing System(s) (in a form prescribed in the Trust Deed) by or on behalf of the Noteholders of not less than three quarters in aggregate Principal Amount Outstanding of the relevant Class of Notes.

13.15 "**Eligible Person**" means any one of the following persons who shall be entitled to attend and vote at a meeting:

13.16 "**Voting Certificate**" means an English language certificate issued by a Paying Agent in which it is stated:

 - (i) the conclusion of the meeting specified in such Voting Certificate; and
 - (ii) the surrender of the Voting Certificate to the Paying Agent who issued the same; and

13.17 "**Block Voting Instruction**" means an English language document issued by a Paying Agent in which:

- (a) it is certified that on the date thereof Notes and/or Certificates (not being Notes and/or Certificates (as applicable) in respect of which a Voting Certificate has been issued and is outstanding in respect of the meeting specified in such Block Voting Instruction) are blocked in an account with a clearing system and that no such Notes and/or such Certificates will cease to be so blocked until the first to occur of:
 - (i) the conclusion of the meeting specified in such Block Voting Instruction; and
 - (ii) the Notes and/or the Certificates ceasing with the agreement of the Paying Agent to be so blocked and the giving of notice by the Paying Agent to the Issuer of the necessary amendment to the Block Voting Instruction;
- (b) it is certified that each holder of such Notes and/or such Certificates has instructed such Paying Agent that the vote(s) attributable to the Notes and/or the Certificates so blocked should be cast in a particular way in relation to the resolution(s) to be put to such meeting and that all such instructions are, during the period commencing 48 hours prior to the time for which such meeting is convened and ending at the conclusion or adjournment thereof, neither revocable nor capable of amendment;
- (c) the aggregate principal amount or aggregate total amount of the Notes and/or the number of Certificates so blocked is listed distinguishing with regard to each such resolution between those in respect of which instructions have been given that the votes attributable thereto should be cast in favour of the resolution and those in respect of which instructions have been so given that the votes attributable thereto should be cast against the resolution; and
- (d) one or more persons named in such Block Voting Instruction (each hereinafter called a "**proxy**") is or are authorised and instructed by such Paying Agent to cast the votes attributable to the Notes and/or the Certificates so listed in accordance with the instructions referred to in paragraph (c) above as set out in such Block Voting Instruction, **provided that** no such person shall be named as a proxy:

 - (ii) who was originally appointed to vote at a meeting which has been adjourned for want of a quorum and who has not been re-appointed to vote at the meeting when it is resumed.

13.18 Details of any Extraordinary Resolution and any Ordinary Resolution passed in accordance with the provisions of the Trust Deed shall be notified to each of the Rating Agencies by the Principal Paying Agent on behalf of the Issuer.

13.19 Issuer Substitution Condition

The Trustee may agree, subject to such amendment of these Conditions and of any of the Transaction Documents, and to such other conditions as the Trustee may require and subject to the terms of the Trust Deed, but without the consent of the Noteholders, to the substitution of another body corporate in place of the Issuer as principal debtor under the Trust Deed, the Notes and the Certificates and in respect of the other Secured Obligations, **provided that** the conditions set out in the Trust Deed are satisfied including, *inter alia*, that the Notes are unconditionally and irrevocably guaranteed by the Issuer (unless all of the assets of the Issuer are transferred to such body corporate) and that such body corporate is a single purpose vehicle and undertakes itself to be bound by provisions corresponding to those set out in Condition 5 (Issuer *Covenants*). In the case of a substitution pursuant to this Condition 13.19, the Trustee may in their absolute discretion agree, without the consent of the Noteholders, to a change in law governing the Notes and/or any of the Transaction Documents unless such change would, in the opinion of the Trustee, be materially prejudicial to the interests of the Noteholders.

14. INDEMNIFICATION AND EXONERATION OF THE TRUSTEE

The Trust Deed and the Deed of Charge contain provisions governing the responsibility (and relief from responsibility) of the Trustee and providing for its indemnification in certain circumstances, including provisions relieving it from taking action or, enforcing the Security, unless indemnified and/or prefunded or secured to its satisfaction.

The Trust Deed and the Deed of Charge also contain provisions pursuant to which the Trustee are entitled, *inter alia*: (a) to enter into business transactions with the Issuer and/or any other party to any of the Transaction Documents and to act as trustee for the holders of any other securities issued or guaranteed by, or relating to, the Issuer and/or any other party to any of the Transaction Documents; (b) to exercise and enforce its rights, comply with its obligations and perform its duties under or in relation to any such transactions or, as the case may be, any such trusteeship without regard to the interests of, or consequences for, individual Noteholders; and (c) to retain and not be liable to account for any profit made or any other amount or benefit received thereby or in connection therewith.

15. REPLACEMENT OF NOTES

If any Note is mutilated, defaced, lost, stolen or destroyed, it may be replaced at the specified office of the Registrar subject to all applicable laws and stock exchange requirements. Replacement of any mutilated, defaced, lost, stolen or destroyed Note will only be made on payment of such costs as may be incurred in connection therewith and on such terms as to evidence and indemnity as the Issuer may reasonably require. A mutilated or defaced Note must be surrendered before a new one will be issued.

16. NOTICE TO NOTEHOLDERS

16.1 Publication of Notice

(a) Subject to Condition 16.1(d) below, any notice to Noteholders shall be validly given if published in the *Financial Times* or, if such newspaper shall cease to be published or if timely publication therein is not practicable, in such other English newspaper or newspapers as the Trustee shall approve in advance having a general circulation in the United Kingdom, **provided that** if, at any time, (i) the Issuer procures that the information concerned in such notice shall appear on a page of the Reuters screen, the Bloomberg screen or any other medium for electronic display of data as may be previously approved in writing by the Trustee and notified to Noteholders (in each case a "**Relevant Screen**"), or (ii) paragraph 16.1(c) below applies and the Issuer has so elected, publication in the newspaper set out above or such other newspaper or newspapers shall not be required with respect to such notice. Any such notice shall be deemed to have been given on the date of

such publication or, if published more than once or on different dates, on the first date on which publication shall have been made in the newspaper or newspapers in which (or on the Relevant Screen) publication is required.

- (b) In respect of Notes in definitive form, notices to Noteholders will be sent to them by first-class post (or its equivalent) or (if posted to an address outside the United Kingdom) by airmail at the respective addresses on the Register. Any such notice will be deemed to have been given on the fourth day after the date of posting.
- (c) While the Notes are represented by Global Note, notices to Noteholders will be valid if published as described above or, at the option of the Issuer, if submitted to Euroclear and/or Clearstream, Luxembourg for communication by them to Noteholders. Any notice delivered to Euroclear and/or Clearstream, Luxembourg, as aforesaid shall be deemed to have been given on the day of such delivery.
- (d) So long as the relevant Notes are admitted to trading on, and listed on the official list of, Euronext Dublin all notices to the Noteholders will be valid if published in a manner which complies with the rules and regulations of Euronext Dublin (which includes delivering a copy of such notice to Euronext Dublin) and any such notice will be deemed to have been given on the date sent to Euronext Dublin.

16.2 **Trustee's Discretion to Select Alternative Method**

The Trustee shall be at liberty to sanction some other method of giving notice to the Noteholders or category of them if, in its sole opinion, such other method is reasonable having regard to market practice then prevailing and to the requirements of the quotation systems on or by which the Notes are then quoted and/or traded and **provided that** notice of such other method is given to the Noteholders in such manner as the Trustee shall require.

17. **REPLACEMENT NOTES**

If Condition 13.19 (*Issuer Substitution Condition*) is satisfied in accordance with these Conditions and the Trust Deed, the Issuer may, without the consent of the Noteholders, issue one or more classes of replacement notes to replace one or more Classes of Notes, each class of which shall have terms and conditions which may differ from the terms and conditions of the Class of Notes which it replaces, **provided that**:

- (a) the aggregate principal amount of all replacement notes to be issued on such date is not less than £5,000,000;
- (b) any class of replacement notes are assigned the same ratings as are then applicable to the Class or Classes of Notes which they are to replace;
- (c) the ratings of each Class of Notes at that time outstanding are not downgraded, withdrawn or qualified as a result of such issue of replacement notes and none of such ratings is lower than it was upon the date of issue of any of the Notes; and
- (d) application will be made, in respect of the replacement notes, for such notes to be admitted to listing on the official list of Euronext Dublin and to trading on its regulated market or, if the Notes then outstanding are no longer admitted to trading on that exchange, such exchange, if any, on which the Notes then outstanding are then admitted to trading.

18. **SUBORDINATION BY DEFERRAL**

18.1 **Interest**

If, on any Interest Payment Date, the Issuer has insufficient funds to make payment in full of all amounts of interest (which shall, for the purposes of this Condition 18, include any interest previously deferred under this Condition 18.1 and accrued interest thereon) payable in respect of the Notes other than the Most Senior Class of Notes (other than where the Most Senior Class is the Class X1 Notes or the Class X2 Notes) after having paid or provided for items of higher priority in the Pre-Enforcement Revenue Priority of Payments, then the Issuer shall be entitled to defer to

the next Interest Payment Date the payment of interest (such interest, the "**Deferred Interest**") in respect of the Notes other than the Most Senior Class of Notes (other than where the Most Senior Class is the Class X1 Notes or the Class X2 Notes) to the extent only of any insufficiency of funds.

18.2 **General**

Any amounts of Deferred Interest in respect of a Class of Notes (other than in respect of the Class X1 Notes or the Class X2 Notes) shall accrue interest ("**Additional Interest**") at the same rate and on the same basis as scheduled interest in respect of the corresponding Class of Notes, but shall not be capitalised. Such Deferred Interest and Additional Interest shall, in any event, become payable on the next Interest Payment Date (unless and to the extent that Condition 18.1 (*Interest*) applies) or on such earlier date as the relevant Class of Notes becomes due and repayable in full in accordance with these Conditions. For the avoidance of doubt, Deferred Interest amounts on the Class X1 Notes and the Class X2 Notes shall not accrue Additional Interest.

18.3 **Notification**

As soon as practicable after becoming aware that any part of a payment of interest on a Class of Notes will be deferred or that a payment previously deferred will be made in accordance with this Condition 18, the Issuer will give notice thereof to the relevant Class of Noteholders, as appropriate, in accordance with Condition 16 (*Notice to Noteholders*). Any deferral of interest in accordance with this Condition 18 will not constitute an Event of Default. The provisions of this Condition 18 shall cease to apply on the Final Maturity Date, or any earlier date on which the Notes are redeemed in full or, are required to be redeemed in full, at which time all deferred interest and accrued interest thereon shall become due and payable.

19. **NON-RESPONSIVE RATING AGENCY**

- (a) In respect of the exercise of any power, duty, trust, authority or discretion as contemplated hereunder or in relation to the Notes and any of the Transaction Documents, the Trustee shall be entitled but not obliged to take into account any written confirmation or affirmation (in any form acceptable to the Trustee) from the relevant Rating Agencies that the then-current ratings of the Notes will not be reduced, qualified, adversely affected or withdrawn thereby (a "**Rating Agency Confirmation**").
- (b) If a Rating Agency Confirmation or other response by a Rating Agency is a condition to any action or step under any Transaction Document and a written request for such Rating Agency Confirmation or response is delivered to each Rating Agency by or on behalf of the Issuer (copied to the Trustee) and:
 - (i) (A) one Rating Agency (such Rating Agency, a "**Non-Responsive Rating Agency**") indicates that it does not consider such Rating Agency Confirmation or response necessary in the circumstances or that it does not, as a matter of practice or policy, provide such Rating Agency Confirmation or response or (B) within 30 days of delivery of such request, no Rating Agency Confirmation or response is received and/or such request elicits no statement by such Rating Agency that such Rating Agency Confirmation or response could not be given; and
 - (ii) one Rating Agency gives such Rating Agency Confirmation or response based on the same facts,

then such condition to receive a Rating Agency Confirmation or response from each Rating Agency shall be modified so that there shall be no requirement for the Rating Agency Confirmation or response from the Non-Responsive Rating Agency if the Issuer provides to the Trustee a certificate signed by two directors certifying and confirming that each of the events in limbs (A) or (B) of subparagraph (i) and in subparagraph (ii) above has occurred, the Issuer having sent a written request to each Rating Agency.

If no such Rating Agency Confirmation is forthcoming within 30 days of such a request and two directors of the Issuer have certified the same in writing to the Trustee (an "**Issuer Certificate**"), the Trustee shall be entitled (but not obliged) to assume from a written certificate of the Seller to the Trustee (a "**Seller Certificate**") that such proposed action:

- (a) (while any of the Notes remain outstanding) has been notified to the Rating Agencies;
- (b) would not adversely impact on the Issuer's ability to make payment when due in respect of the Notes;
- (c) would not affect the legality, validity and enforceability of any of the Transaction Documents or any Security; and
- (d) (while any of the Notes remain outstanding) the then-current rating of the Notes would not be reduced, qualified, adversely affected or withdrawn,

upon which confirmation from the Rating Agencies or the Issuer Certificate and Seller Certificate, the Trustee shall be entitled to rely absolutely without liability to any person for so doing. In being entitled to take into account any such confirmation from the Rating Agencies, it is agreed and acknowledged by the Trustee that this does not impose or extend any actual or contingent liability for each of the Rating Agencies to the Trustee, the Noteholders or any other person or create any legal relations between each of the Rating Agencies and the Trustee, the Noteholders or any other person whether by way of contract or otherwise.

20. **JURISDICTION AND GOVERNING LAW**

- (a) The Courts of England (the "**Courts**") are to have exclusive jurisdiction to settle any disputes that may arise out of or in connection with the Notes, the Certificates and the Transaction Documents (including a dispute relating to non-contractual obligations or a dispute regarding the existence, validity or termination of any of the Notes, the Certificates or the Transaction Documents or the consequences of their nullity) and accordingly any legal action or proceedings arising out of or in connection with the Notes and/or the Certificates and/or the Transaction Documents may be brought in such Courts.
- (b) The Transaction Documents, the Notes and these Conditions (and any non-contractual obligations arising out of or in connection with them) are governed by, and shall be construed in accordance with English law, except that, to the extent that the provisions of the Mortgage Sale Agreement, the Deed of Charge and any security documents supplemental thereto relate to the Scottish Loans, such provisions and documents shall be governed by Scots law, and the Scottish Declaration of Trust shall be governed by Scots law.

21. **RIGHTS OF THIRD PARTIES**

No rights are conferred on any person under the Contracts (Rights of Third Parties) Act 1999 to enforce any term of the Notes or these Conditions, but this does not affect any right or remedy of any person which exists or is available apart from that Act.

TERMS AND CONDITIONS OF THE CERTIFICATES

The following are the terms and conditions of the Certificates in the form (subject to amendment) in which they will be set out in the Trust Deed (as defined below):

These Certificate Conditions shall be construed in accordance with the principles of construction set out in the Incorporated Terms Memorandum.

3. **FORM, DENOMINATION AND TITLE**

3.1 **Form and Denomination**

The RC1 Certificates and the RC2 Certificates will initially be represented by a global residual certificate in registered form (a "**Global Certificate**").

For so long as any of the Certificates are represented by a Global Certificate, transfers and exchanges of beneficial interests in such Global Certificate and entitlement to payments thereunder will be effected subject to and in accordance with the rules and procedures from time to time of Euroclear Bank SA/NV ("**Euroclear**") or Clearstream Banking, S.A. ("**Clearstream, Luxembourg**"), as appropriate. The Global Certificate will be deposited with and registered in the name of a common depository (or a nominee thereof) for Euroclear and Clearstream, Luxembourg.

A Global Certificate will be exchanged for the relevant Certificate in definitive registered form (such exchanged Global Certificate in definitive registered form, the "**Definitive Certificates**") only if either of the following applies:

- (a) both Euroclear and Clearstream, Luxembourg:
 - (i) are closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise); or
 - (ii) announce an intention permanently to cease business or to cease to make their book-entry systems available for settlement of beneficial interests in the Global Certificate and do in fact do either of those things,and in either case no alternative clearing system satisfactory to the Trustee is available; or
- (b) as a result of any amendment to, or change in, the laws or regulations of the United Kingdom (or of any political subdivision thereof) or of any authority therein or thereof having power to tax, or in the interpretation or administration by a revenue authority or a court or in the application of such laws or regulations which become effective on or after the Closing Date, the Issuer or any Paying Agent is or will be required to make any deduction or withholding for or on account of tax from any payment in respect of the Certificates which would not be required were the relevant Certificates in definitive registered form.

If Definitive Certificates are issued in respect of Certificates originally represented by a Global Certificate, the beneficial interests represented by such Global Certificate shall be exchanged by the Issuer for the relevant Certificates in registered definitive form.

Definitive Certificates will be serially numbered and will be issued in registered form only.

References to "**Certificates**" in these Certificate Conditions shall include the Global Certificate and the Definitive Certificates.

3.2 **Title**

Title to the Global Certificate shall pass by and upon registration in the register (the "**Register**") which the Issuer shall procure to be kept by the Registrar. The registered holder of a Global Certificate may (to the fullest extent permitted by applicable laws) be deemed and treated at all times, by all persons and for all purposes (including the making of any payments), as the absolute owner of such Global Certificate regardless of any notice of ownership, theft or loss or any trust or other interest therein or of any writing thereon (other than the endorsed form of transfer).

Title to Definitive Certificates shall only pass by and upon registration of the transfer in the Register.

Definitive Certificates may be transferred upon the surrender of the relevant Definitive Certificate, with the form of transfer endorsed on it duly completed and executed, at the specified office of the Registrar. All transfers of Definitive Certificates are subject to any restrictions on transfer set out

on the Definitive Certificates and the detailed regulations concerning transfers in the Agency Agreement.

Each new Definitive Certificate to be issued upon transfer of such Definitive Certificate will, within five Business Days of receipt and surrender of such Definitive Certificate (duly completed and executed) for transfer, be available for delivery at the specified office of the Registrar or be mailed at the risk of the transferee entitled to such Definitive Certificate to such address as may be specified in the relevant form of transfer.

Registration of a Definitive Certificate on transfer will be effected without charge by the Registrar, but subject to payment of (or the giving of such indemnity as the Registrar may require for) any tax, stamp duty or other government charges which may be imposed in relation to it.

4. STATUS AND SECURITY

4.1 Status of the Certificates

The Certificates constitute direct, secured and (subject to the limited recourse provision in Certificate Condition 11.3 (*Limited Recourse*)) unconditional obligations of the Issuer, and represent the Issuer's obligation to pay deferred consideration for its purchase of the Portfolio, consisting of the RC1 Payments and the RC2 Payments. The RC1 Certificates rank *pro rata* and *pari passu* without preference or priority among themselves in relation to RC1 Payments and the RC2 Certificates rank *pro rata* and *pari passu* without preference or priority among themselves in relation to RC2 Payments. RC1 Payments and RC2 Payments will be made subject to and in accordance with the Pre-Enforcement Revenue Priority of Payments, Pre-Enforcement Redemption Priority of Payments and Post-Enforcement Priority of Payments.

The Trust Deed and the Deed of Charge contain provisions requiring the Trustee to have regard to the interests of the Noteholders for so long as the Notes are outstanding as regards all rights, powers, trusts, authorities, duties and discretions of the Trustee (except where expressly provided otherwise) and, if there are no Notes outstanding, to have regard (except as expressly provided otherwise) to the interests of the holders of each Class of Certificates but requiring the Trustee where there is any conflict of interests between the two classes of RC Certificates in any such case to have regard either: (x) prior to (but excluding) the Optional Redemption Date, to the holders of the RC1 Certificates; or (y) on and from the Optional Redemption Date, to the holders of the RC2 Certificates.

An amount equal to the Start-Up Costs shall on the Issue Date be credited to a separate ledger within the Deposit Account (the "**Start-Up Costs Ledger**") for the payment by the Issuer of such Start-Up Costs. Any balance standing to the credit of the Start-Up Costs Ledger on the Calculation Date falling immediately prior to the second Interest Payment Date shall be paid directly to the Seller on the second Interest Payment Date and will not form part of the Available Revenue Receipts.

"**Start-Up Costs**" means £0 constituting the expenses incurred or to be incurred by the Issuer in connection with the purchase of the Portfolio and the issue of Notes and the Certificates on the Closing Date.

4.2 Security

The security constituted by or pursuant to the Deed of Charge is granted to the Trustee for it to hold on trust for the Certificateholders and the other Secured Creditors, upon and subject to the terms and conditions of the Deed of Charge.

The Certificateholders and the other Secured Creditors will share in the benefit of the security constituted by or pursuant to the Deed of Charge, upon and subject to the terms and conditions of the Deed of Charge.

5. **ISSUER COVENANTS**

Save with the prior written consent of the Trustee or unless otherwise permitted under any of these Certificate Conditions or any of the Transaction Documents, the Issuer shall not, so long as any Certificate remains outstanding:

- (a) **Negative pledge:** create or permit to subsist any encumbrance (unless arising by operation of law) or other security interest whatsoever over any of its assets or undertakings;
- (b) **Restrictions on activities:** (i) engage in any activity whatsoever which is not incidental to or necessary in connection with any of the activities in which the Transaction Documents provide or envisage that the Issuer will engage; (ii) have any subsidiaries, any subsidiary undertaking (as defined in the Companies Act 1985 and the Companies Act 2006 (as applicable)) or any employees (but shall procure that, at all times, it shall retain at least one independent director) or premises; or (iii) act as a director of any company;
- (c) **Disposal of assets:** assign, transfer, sell, lend, lease, part with or otherwise dispose of, or deal with, or grant any option or present or future right to acquire all or any of, its assets or undertakings or any interest, estate, right, title or benefit therein or attempt or purport to do any of the foregoing;
- (d) **Equitable and Beneficial Interest:** permit any person, other than itself and the Trustee, to have any equitable or beneficial interest in any of its assets or undertakings or any interest, estate, right, title or benefit therein;

- (b) Notwithstanding anything to the contrary in the Trust Deed or the other Transaction Documents, when implementing any of the amendments specified in paragraphs (a)(iii), (a)(iv), (a)(v) above pursuant to this Certificate Condition 12.5, the Trustee shall not consider the interests of the Noteholders, the Certificateholders, any other Secured Creditor or any other person, but shall act and rely solely and without further investigation on any certificate and notification (as applicable) provided to it by (or on behalf of) the Issuer pursuant to this Certificate Condition 12.5 and shall not be liable to any Noteholder, Certificateholder or other Secured Creditor for so acting or relying.
- (c) The Trustee shall not be obliged to agree to any modification pursuant to Certificate Conditions 12.5 (a)(iii), (a)(iv) or (a)(v) which (in the sole opinion of the Trustee) would have the effect of:
- (A) exposing the Trustee to any liability against which it has not been indemnified and/or secured and/or prefunded to its satisfaction; or

- (B) increasing the obligations or duties, or decreasing the protections of the Trustee in the Transaction Documents and/or the Conditions and or Certificate Conditions of the Notes or Certificates.

 - II. the Issuer, the Relevant Party or the Seller (on behalf of the Issuer) certifies in writing to the Trustee that the Rating Agencies have been informed of the proposed modification and none of the Rating Agencies has indicated that such modification would result in (x) a downgrade, withdrawal or suspension of the then current ratings assigned to any Class of

- (h) for the purpose of changing the base rate that then applies in respect of the Swap Agreement to an alternative base rate as is necessary or advisable in the commercially reasonable judgement of the Issuer (or the Seller on its behalf) and (in the case of the Swap Agreement) the Swap Provider solely as a consequence of a Base Rate Modification and solely for the purpose of aligning the base rate of the Swap Agreement to the base rate of the Notes following such Base Rate Modification (a "**Swap Rate Modification**"), **provided that** the Seller, on behalf of the Issuer, certifies to the Trustee in writing that such modification is required solely for such purpose and it has been drafted solely to such effect (such certificate being a "**Swap Rate Modification Certificate**");

- (B) the Issuer or the Seller (on behalf of the Issuer) certifies in the Modification Certificate, Base Rate Modification Certificate or Swap Rate Modification Certificate, as applicable, that it has informed the Rating Agencies of the proposed modification and none of the Rating Agencies has indicated that such modification would result in (x) a downgrade, withdrawal or suspension of the then-current ratings assigned to any Class of the Notes by such Rating Agency or (y) such Rating Agency placing any Notes on rating watch negative (or equivalent); and

TERMS AND CONDITIONS OF THE CERTIFICATES

(which certification may be in the Modification Certificate, Base Rate Modification Certificate or Swap Rate Modification Certificate, as applicable) that (I) the Issuer has provided at least 30 calendar days' notice to the Certificateholders of each Class of the proposed modification in accordance with Certificate Condition 15 (*Notice to Certificateholders*) and by publication on Bloomberg on the "Company News" screen relating to the Certificates, and (II) Noteholders or Certificateholders representing at least 10 per cent. of the aggregate Principal Amount Outstanding of the Most Senior Class of Notes (or if no Notes are outstanding, the Certificates) then outstanding or in issue have not contacted the Issuer in writing (or otherwise in accordance with the then-current practice of any applicable clearing system through which such Notes or Certificates may be held) within such notification period notifying the Issuer that such Noteholders or Certificateholders do not consent to the modification;

If no Notes remain outstanding and Certificateholders representing at least 10 per cent. of the aggregate Principal Amount Outstanding of the Most Senior Class of Certificates then in issue have notified the Issuer in writing (or otherwise in accordance with the then-current practice of any applicable clearing system through which such Certificates may be held) within the notification period referred to above that they do not consent to the modification, then such modification will not be made unless an Extraordinary Resolution of the Certificateholders of the Most Senior Class of Certificates then in issue is passed in favour of such modification in accordance with Condition 13 (*Meetings of Certificateholders, Modification, Waiver and Substitution*).

Objections made in writing other than through the applicable clearing system must be accompanied by evidence to the Issuer's satisfaction (having regard to prevailing market practices) of the relevant Certificateholder's holding of the Certificates.

Other than where specifically provided in this Condition 12.6 or any Transaction Document:

- (a) when implementing any modification pursuant to this Certificate Condition 12.6 (save to the extent the Trustee considers that the proposed modification would constitute a Basic Terms Modification), the Trustee shall not consider the interests of the Noteholders, Certificateholders, any other Secured Creditor or any other person but shall act and rely solely and without further investigation on any certificate or evidence provided to it by the Issuer or the relevant Transaction Party, as the case may be, pursuant to this Certificate Condition 12.6 and shall not be liable to the Noteholders, the Certificateholders or any other Secured Creditor for so acting or relying, irrespective of whether any such modification is or may be materially prejudicial to the interests of any such person; and
- (b) the Trustee shall not be obliged to agree to any modification which, in the sole opinion of the Trustee would have the effect of (i) exposing the Trustee to any liability against which it has not been indemnified and/or secured and/or prefunded to its satisfaction or (ii) increasing the obligations or duties, or decreasing the rights or protection, of the Trustee in the Transaction Documents and/or these Certificate Conditions.

Any such modification shall be binding on all Certificateholders and shall be notified by the Issuer as soon as reasonably practicable to:

- (a) so long as any of the Certificates rated by the Rating Agencies remains outstanding, each Rating Agency;
- (b) the Secured Creditors; and
- (c) the Certificateholders in accordance with Certificate Condition 15 (*Notice to Certificateholders*).

12.7 Authorisation or Waiver of Breach

Other than in relation to a Basic Terms Modification, the Trustee may, without the consent or sanction of the Noteholders, the Certificateholders or the other Secured Creditors and without prejudice to its rights in respect of any further or other breach, from time to time and at any time,

authorise or waive any proposed or actual breach of any of the covenants or provisions contained in or arising pursuant to the Conditions, the Certificate Conditions or any of the Transaction Documents by any party thereto or determine, without any such consent as aforesaid, that any Event of Default or Potential Event of Default shall not be treated as such (**provided that**, in any such case, it is not, in the opinion of the Trustee, materially prejudicial to the interests of the Noteholders (or, if there are no Notes outstanding, the interests of the Certificateholders)) **provided that** the Trustee shall not exercise any powers conferred on it by this Certificate Condition 12.7 in contravention of any express direction given by Extraordinary Resolution of the holders of the Most Senior Class or by a direction under Certificate Condition 10 (*Events of Default*) but so that no such direction or request shall affect any waiver, authorisation or determination previously given or made.

12.8 **Notification of modifications, waivers, authorisations or determinations**

Any such modification, waiver, authorisation or determination by the Trustee in accordance with the Conditions, these Certificate Conditions or the Transaction Documents shall be binding on the Certificateholders and, unless the Trustee agrees otherwise, any such modification shall be notified by the Issuer to the Certificateholders in accordance with Certificate Condition 15 (*Notice to Certificateholders*), the Rating Agencies (while any Notes remain outstanding) and the Secured Creditors as soon as practicable thereafter.

12.9 In connection with any such substitution of principal debtor referred to in Condition 8.4 (*Redemption of the Notes pursuant to Taxation call*), the Trustee may also agree, without the consent of the Certificateholders or the other Secured Creditors, to a change of the laws governing the Certificates, these Certificate Conditions and/or any of the Transaction Documents, **provided that** such change would not, in the opinion of the Trustee be materially prejudicial to the interests of the Certificateholders or the other Secured Creditors.

12.10 In determining whether a proposed action will not be materially prejudicial to the Certificateholders or any Class thereof, the Trustee may, among other things, have regard to whether the Rating Agencies have confirmed in writing to the Issuer or any other party to the Transaction Documents that any proposed action will not result in the withdrawal or reduction of, or entail any other adverse action with respect to, the then-current ratings of the Certificates. It is agreed and acknowledged by the Trustee that, notwithstanding the foregoing, a credit rating is an assessment of credit and does not address other matters that may be of relevance to the Certificateholders. In being entitled to take into account that each of the Rating Agencies has confirmed that the then-current ratings of the Certificates would not be adversely affected, it is agreed and acknowledged by the Trustee this does not impose or extend any actual or contingent liability for each of the Rating Agencies to the Trustee, the Certificateholders or any other person, or create any legal relations between each of the Rating Agencies and the Trustee, the Certificateholders or any other person, whether by way of contract or otherwise.

12.11 Where, in connection with the exercise or performance by the Trustee of any right, power, trust, authority, duty or discretion under or in relation to these Certificate Conditions or any of the Transaction Documents (including in relation to any modification, waiver, authorisation, determination, substitution or change of laws as referred to above), the Trustee is required to have regard to the interests of the Certificateholders of any Class or Classes, it shall (A) have regard to the general interests of the Certificateholders of such Class or Classes but shall not have regard to any interests arising from circumstances particular to individual Certificateholders (whatever their number) and, in particular but without limitation, shall not have regard to the consequences of any such exercise or performance for individual Certificateholders (whatever their number) resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory or any political subdivision thereof, and the Trustee shall not be entitled to require, nor shall any Certificateholders be entitled to claim from the Issuer, the Trustee or any other person, any indemnification or payment in respect of any tax consequences of any such exercise upon individual Certificateholders and (B) subject to the more detailed provisions of the Trust Deed and the Deed of Charge, as applicable, have regard to the interests of holders of each Class of Certificates (except where expressly provided otherwise) but requiring the Trustee where there is a conflict of interests between one or more Classes of Certificates in any such case to have regard (except as expressly provided otherwise) prior to (but excluding) the

- (b) a resolution in writing signed by or on behalf of the Certificateholders of not less than three quarters in aggregate Principal Amount Outstanding of the relevant Class of Certificates, which resolution may be contained in one document or in several documents in like form each signed by or on behalf of one or more of the Certificateholders of the relevant Class; or
- (c) consent given by way of electronic consents through the relevant Clearing System(s) (in a form prescribed in the Trust Deed) by or on behalf of the Certificateholders of not less than three quarters in aggregate Principal Amount Outstanding of the holders of the relevant Class of Certificates then in issue.

- (b) it is certified that each holder of such Notes and/or such Certificates has instructed such Paying Agent that the vote(s) attributable to the Notes and/or the Certificates so blocked should be cast in a particular way in relation to the resolution(s) to be put to such meeting and that all such instructions are, during the period commencing 48 hours prior to the time for which such meeting is convened and ending at the conclusion or adjournment thereof, neither revocable nor capable of amendment;

12.18 Details of any Extraordinary Resolution and any Ordinary Resolution passed in accordance with the provisions of the Trust Deed shall be notified to each of the Rating Agencies by the Principal Paying Agent on behalf of the Issuer.

12.19 **Issuer Substitution Condition**

The Trustee may agree, subject to such amendment of these Certificate Conditions and of any of the Transaction Documents, and to such other conditions as the Trustee may require and subject to the terms of the Trust Deed, but without the consent of the Certificateholders, to the substitution of another body corporate in place of the Issuer as principal debtor under the Trust Deed, the Notes and the Certificates and in respect of the other Secured Obligations, **provided that** the conditions set out in the Trust Deed are satisfied including, *inter alia*, that the Certificates are unconditionally and irrevocably guaranteed by the Issuer (unless all of the assets of the Issuer are transferred to such body corporate) and that such body corporate is a single purpose vehicle and undertakes itself to be bound by provisions corresponding to those set out in Certificate Condition 5 (*Issuer Covenants*). In the case of a substitution pursuant to this Certificate Condition 12.19, the Trustee

may in their absolute discretion agree, without the consent of the Certificateholders, to a change in law governing the Certificates and/or any of the Transaction Documents unless such change would, in the opinion of the Trustee be materially prejudicial to the interests of the Certificateholders.

13. INDEMNIFICATION AND EXONERATION OF THE TRUSTEE

The Trust Deed and the Deed of Charge contain provisions governing the responsibility (and relief from responsibility) of the Trustee and providing for its indemnification in certain circumstances, including provisions relieving it from taking action or, enforcing the Security, unless indemnified and/or prefunded or secured to its satisfaction.

14. REPLACEMENT OF CERTIFICATES

If any Certificate is mutilated, defaced, lost, stolen or destroyed, it may be replaced at the specified office of the Registrar subject to all applicable laws. Replacement of any mutilated, defaced, lost, stolen or destroyed Certificate will only be made on payment of such costs as may be incurred in connection therewith and on such terms as to evidence and indemnity as the Issuer may reasonably require. A mutilated or defaced Certificate must be surrendered before a new one will be issued.

If Condition 12.19 (*Issuer Substitution Condition*) is satisfied, the Issuer may, without the consent of the Certificateholders, issue replacement residual certificates to replace the Certificates, which shall have terms and conditions which may differ from the terms and conditions of the Certificates which it replaces.

TERMS AND CONDITIONS OF THE CERTIFICATES

Certificateholders. Any notice delivered to Euroclear and/or Clearstream, Luxembourg, as aforesaid shall be deemed to have been given on the day of such delivery.

15.2 **Trustee's Discretion to Select Alternative Method**

The Trustee shall be at liberty to sanction some other method of giving notice to the Certificateholders or category of them if, in its sole opinion, such other method is reasonable having regard to market practice then prevailing and to the requirements of the quotation systems on or by which the Certificates are then quoted and/or traded and, **provided that**, notice of such other method is given to the Certificateholders in such manner as the Trustee shall require.

16. **REPLACEMENT CERTIFICATES**

If Certificate Condition 12.19 (*Issuer Substitution Condition*) is satisfied in accordance with these Certificate Conditions and the Trust Deed, the Issuer may, without the consent of the Certificateholders, issue one or more classes of replacement residual certificates to replace one or more Classes of Certificates, which shall have terms and conditions which may differ from the terms and conditions of the Certificates which they replace.

17. **NON-RESPONSIVE RATING AGENCY**

- (a) In respect of the exercise of any power, duty, trust, authority or discretion as contemplated hereunder or in relation to the Notes, Certificates and any of the Transaction Documents, the Trustee shall be entitled but not obliged to take into account any written confirmation or affirmation (in any form acceptable to the Trustee) from the relevant Rating Agencies that the then-current ratings of the Notes will not be reduced, qualified, adversely affected or withdrawn thereby (a "**Rating Agency Confirmation**").
- (b) If a Rating Agency Confirmation or other response by a Rating Agency is a condition to any action or step under any Transaction Document and a written request for such Rating Agency Confirmation or response is delivered to each Rating Agency by or on behalf of the Issuer (copied to the Trustee) and:
 - (i) (A) one Rating Agency (such Rating Agency, a "**Non-Responsive Rating Agency**") indicates that it does not consider such Rating Agency Confirmation or response necessary in the circumstances or that it does not, as a matter of practice or policy, provide such Rating Agency Confirmation or response or (B) within 30 days of delivery of such request, no Rating Agency Confirmation or response is received and/or such request elicits no statement by such Rating Agency that such Rating Agency Confirmation or response could not be given; and
 - (ii) one Rating Agency gives such Rating Agency Confirmation or response based on the same facts,

then such condition to receive a Rating Agency Confirmation or response from each Rating Agency shall be modified so that there shall be no requirement for the Rating Agency Confirmation or response from the Non-Responsive Rating Agency if the Issuer provides to the Trustee a certificate signed by two directors certifying and confirming that each of the events in paragraphs (i) (A) or (B) and (ii) above has occurred, the Issuer having sent a written request to each Rating Agency.

If no such Rating Agency Confirmation is forthcoming within 30 days of such a request and two directors of the Issuer have certified the same in writing to the Trustee (an "**Issuer Certificate**"), the Trustee shall be entitled (but not obliged) to assume from a written certificate of the Seller to the Trustee (a "**Seller Certificate**") that such proposed action:

- (a) (while any of the Notes remain outstanding) has been notified to the Rating Agencies;
- (b) would not adversely impact on the Issuer's ability to make payment when due in respect of the Notes;
- (c) would not affect the legality, validity and enforceability of any of the Transaction Documents or any Security; and

TERMS AND CONDITIONS OF THE CERTIFICATES

- (d) (while any of the Notes remain outstanding) the then-current rating of the Notes would not be reduced, qualified, adversely affected or withdrawn,

upon which confirmation from the Rating Agencies and/or Seller Certificate, the Trustee shall be entitled to rely absolutely without liability to any person for so doing. In being entitled to take into account any such confirmation from the Rating Agencies, it is agreed and acknowledged by the Trustee that this does not impose or extend any actual or contingent liability for each of the Rating Agencies to the Trustee, the Noteholders or any other person or create any legal relations between each of the Rating Agencies and the Trustee, the Noteholders or any other person whether by way of contract or otherwise.

18. JURISDICTION AND GOVERNING LAW

- (a) The Courts of England (the "**Courts**") are to have exclusive jurisdiction to settle any disputes that may arise out of or in connection with the Notes, the Certificates and the Transaction Documents (including a dispute relating to non-contractual obligations or a dispute regarding the existence, validity or termination of any of the Notes, the Certificates or the Transaction Documents or the consequences of their nullity) and accordingly any legal action or proceedings arising out of or in connection with the Notes and/or the Certificates and/or the Transaction Documents may be brought in such Courts.
- (b) The Transaction Documents, the Notes, the Certificates and these Certificate Conditions (and any non-contractual obligations arising out of or in connection with them) are governed by, and shall be construed in accordance with, English Law, except that, to the extent that the provisions of the Mortgage Sale Agreement, the Deed of Charge and any security documents supplemental thereto relate to the Scottish Loans, such provisions and documents shall be governed by Scots law, and the Scottish Declaration of Trust shall be governed by Scots law.

19. RIGHTS OF THIRD PARTIES

No rights are conferred on any person under the Contracts (Rights of Third Parties) Act 1999 to enforce any term of the Certificates or these Certificate Conditions, but this does not affect any right or remedy of any person which exists or is available apart from that Act.

TAXATION

United Kingdom Taxation

The following applies only to persons who are the beneficial owners of the Notes and is a summary of the Issuer's understanding of current United Kingdom law and published HM Revenue & Customs ("HMRC") practice relating only to the United Kingdom withholding tax treatment of payments of interest (as that term is understood for tax purposes) in respect of the Notes. It does not deal with any other United Kingdom taxation implications of acquiring, holding or disposing of the Notes. The United Kingdom tax treatment of prospective Noteholders and Certificateholders depends on their individual circumstances and may be subject to change in the future (possibly with retrospective effect). Prospective Noteholders who may be subject to tax in a jurisdiction other than the United Kingdom or who may be unsure as to their tax position should seek professional advice.

Interest on the Notes

Payments of interest on the Notes may be made without deduction of or withholding on account of United Kingdom income tax **provided that** the Notes carry a right to interest and are and continue to be listed on a "recognised stock exchange" within the meaning of section 1005 of the Income Tax Act 2007 (the "**Act**") for the purposes of section 987 of the Act. Euronext Dublin is a recognised stock exchange for such purposes. The Notes will satisfy this requirement if they are officially listed in Ireland in accordance with provisions corresponding to those generally applicable in Member States of the European Economic Area and are admitted to trading on the Regulated Market of Euronext Dublin. Provided, therefore, that the Notes carry a right to interest and are and remain so listed, interest on the Notes will be payable without withholding or deduction on account of United Kingdom income tax.

In other cases, an amount must generally be withheld from payments of interest on the Notes that has a United Kingdom source on account of United Kingdom income tax at the basic rate (currently 20 per cent.), subject to any available exemptions or reliefs. However, where an applicable double tax treaty provides for a lower rate of withholding tax (or for no tax to be withheld) in relation to a Noteholder, HMRC can issue a notice to the Issuer to pay interest to the Noteholder without deduction of tax (or for interest to be paid with tax deducted at the rate provided for in the relevant double tax treaty).

The references to "interest" above mean "interest" as understood in United Kingdom tax law. The statements above do not take any account of any different definitions of "interest" or "principal" which may prevail under any other law or which may be created by the terms and conditions of the Notes or any related documentation. However, if Notes are issued at a price of less than 100 per cent of their principal amount then any such discount element will not generally be subject to any United Kingdom withholding tax pursuant to the provisions mentioned above.

The above description of the United Kingdom withholding tax position assumes that there will be no substitution of an Issuer pursuant to Condition 8.4 (*Redemption of the Notes pursuant to Taxation call*) or Condition 13.19 (*Issuer Substitution Condition*) of the Notes or otherwise and does not consider the tax consequences of any such substitution.

Foreign Account Tax Compliance Act

Pursuant to certain provisions of the U.S. Internal Revenue Code of 1986, commonly known as FATCA, a "foreign financial institution" may be required to withhold on certain payments it makes ("**foreign passthru payments**") to persons that fail to meet certain certification, reporting, or related requirements. The Issuer may be a foreign financial institution for these purposes. A number of jurisdictions (including the United Kingdom) have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement FATCA ("**IGAs**"), which modify the way in which FATCA applies in their jurisdictions. Under the provisions of IGAs as currently in effect, a foreign financial institution in an IGA jurisdiction would generally not be required to withhold under FATCA or an IGA from payments that it makes. Certain aspects of the application of the FATCA provisions and IGAs to instruments such as the Notes, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, are uncertain and may be subject to change. Even if withholding would be required pursuant to FATCA or an IGA with respect to payments on instruments such as the Notes, such withholding would not apply prior to the date that is two years after the final regulations defining "foreign passthru payment" and Notes characterised as debt (or which are not otherwise

characterised as equity and have a fixed term) for U.S. federal tax purposes that are issued on or prior to the date that is six months after the date on which final regulations defining "foreign passthru payments" are filed with the U.S. Federal Register generally would be "grandfathered" for purposes of FATCA withholding unless materially modified after such date. Holders should consult their own tax advisers regarding how these rules may apply to their investment in the Notes. In the event any withholding would be required pursuant to FATCA or an IGA with respect to payments on the Notes, no person will be required to pay additional amounts as a result of the withholding.

The proposed financial transactions tax ("FTT")

On 14 February 2013, the European Commission published a proposal (the "**Commission's Proposal**") for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the "**participating Member States**"). However, Estonia has since stated that it will not participate.

Under the Commission's Proposal the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in the Notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, "established" in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

However, the FTT proposal remains subject to negotiation between participating Member States. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU Member States may decide to participate.

Prospective holders of the Notes and Certificates are advised to seek their own professional advice in relation to the FTT.

No. 60 of 2007 the European Communities (Markets in Financial Instruments) Regulation 2007 (Nos. 1 to 3) (as amended) of Ireland, including, without limitation, Parts 6, 7 and 12 thereof and the provisions of the Investor Compensation Act 1998 (as amended);

- (a) it has only communicated or caused to be communicated, and will only communicate or cause to be communicated, an invitation or inducement to engage in investment activity (within the meaning of section 21 of the FSMA) received by it in connection with the issue or sale of any Notes and Certificates in circumstances in which section 21(1) of the FSMA does not apply to the Issuer; and
- (b) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to the Notes and Certificates in, from or otherwise involving the United Kingdom.

Each Joint Lead Manager has acknowledged that, save for having obtained the approval of the Prospectus as a prospectus in accordance with the Prospectus Regulation, having applied for the admission of the Notes to the Official List of Euronext Dublin and admission of the Notes to trading on its Regulated Market, no further action has been or will be taken in any jurisdiction by any of the Joint Lead Managers that would, or is intended to, permit a public offering of the Notes or Certificates, or possession or distribution of the Prospectus or any other offering material in relation to the Notes or Certificates, in any country or jurisdiction where such further action for that purpose is required.

United States

Each Joint Lead Manager has represented to and agreed with the Issuer and the Seller that:

- (a) The Notes and Certificates have not been and will not be registered under the Securities Act or the securities laws or "blue sky" laws of any state or any other relevant jurisdiction of the United States and therefore may not be offered, sold, resold or otherwise transferred, directly or indirectly within the United States or to, or for the account or benefit of, U.S. persons (as defined under Regulation S under the Securities Act) except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and applicable state or local securities laws. Accordingly, the Notes and Certificates are being offered only outside the United States to persons other than U.S. persons (as defined under Regulation S under the Securities Act).
- (b) Each Joint Lead Manager has agreed that, except as permitted by the Subscription Agreement, it will not offer or sell the Notes and Certificates as part of its distribution at any time or otherwise until 40 days after the later of the commencement of the offering of the Notes and Certificates and the Closing Date (the "**Distribution Compliance Period**") within the United States or to, or for the account or benefit of, U.S. persons (as defined under Regulation S under the Securities Act). Each Joint Lead Manager has further agreed that it will have sent to each affiliate or other person receiving a selling commission, fee or other remunerations that purchases Notes and Certificates from it during the Distribution Compliance Period a confirmation or other notice setting forth the restrictions on offers and sales of the Notes and Certificates within the United States or to, or for the account of, U.S. persons (as defined under Regulation S under the Securities Act).
- (c) In addition, until the expiration of the Distribution Compliance Period, an offer or sale of the Notes and Certificates within the United States by each Joint Lead Manager may violate the registration requirements of the Securities Act. Terms used in this section that are defined in Regulation S under the Securities Act are used herein as defined therein.
- (d) The Class A Notes and the Class B Notes are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. Treasury regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986, and Treasury regulations promulgated thereunder.

Except with the prior written consent of Shawbrook Bank Limited (a "**U.S. Risk Retention Consent**") and where such sale falls within the exemption provided by rule 20 of the U.S. Risk Retention Rules, the Notes and Certificates offered and sold by the Issuer may not be purchased by, or for the account or benefit of, any Risk Retention U.S. Persons. Each purchaser of a Note or a Certificate or a beneficial interest therein acquired in the initial syndication of the Notes, by its acquisition of a Note or Certificate or a beneficial interest therein, will be deemed to represent to the Issuer, each Joint Lead Manager and the Seller that it: (1) is not a Risk Retention U.S. Person (unless it has obtained a U.S. Risk Retention Consent of Shawbrook Bank Limited);, (2) is acquiring such Note or Certificate or a beneficial interest therein for its own account and not with a view to distribute such Note or Certificate; and (3) is not acquiring such Note or Certificate or a beneficial interest therein as part of a scheme to evade the requirements of the U.S. Risk Retention Rules. See "*Risk Factors – U.S. Risk Retention Requirements*".

General

Other than admission of the Notes to the Official List of Euronext Dublin and the admission of the Notes to trading on its Regulated Market, no action has been taken by the Issuer, the Co-Arrangers, the Joint Lead Managers or the Seller that would, or is intended to, permit a public offer of the Notes or the Certificates in any country or jurisdiction where any such action for that purpose is required. Accordingly, each of the
