Rating Agencies

Moody's Investors Service Limited (**Moody's**) and Fitch Ratings Limited (**Fitch** and, together with Moody's, the **Rating Agencies**). As of the date of this Prospectus, each of the Rating Agencies is a credit rating agency established in the European Union and is registered under Regulation (EU) No 1060/2009 (as amended) (the **CRA Regulation**). As such each of the Rating Agencies is included on the list of credit rating agencies published by the European Securities and Markets Authority on its website (at www.esma.europa.eu/page/list-registered-and-certified-CRAs). In general, European regulated investors are restricted from using a rating for regulatory purposes if such rating is not issued by a credit rating agency established in the European Union and registered under the CRA Regulation unless the rating is provided by a credit rating agency operating in the European Union before 7 June 2010 which has submitted an application for registration in accordance with the CRA Regulation and such registration is not refused.

All references to Moody's and Fitch in this Prospectus are to the entities defined in the above paragraph.

Credit Ratings

Ratings are expected to be assigned to the Class A Notes by the Rating Agencies as set out above on or before the Closing Date. The Class B Notes will not be rated.

The ratings reflect the views of the Rating Agencies and are based on the Loans, the Related Security and the Properties and the structural features of the transaction, including, *inter alia*, the current ratings of the Interest Rate Swap Provider.

The ratings assigned by Fitch address the likelihood of full and timely payment to the Noteholders (i) of interest due on each Interest Payment Date and (ii) of principal on a date that is not later than the Final Maturity Date.

The ratings assigned by Moody's address the expected loss to a Noteholder in proportion to the initial principal amount of the class of Notes held by the Noteholder by the Final Maturity Date. In Moody's opinion, the structure allows for timely payment of interest and ultimate payment of principal on or before the Final Maturity Date.

The assignment of ratings to the Notes is not a recommendation to invest in the Notes and ratings may be suspended, revised or withdrawn at any time by the assigned Rating Agency.

Listing

This document comprises a prospectus (the **Prospectus**) for the purpose of Regulation (EU) 2017/1129 of the European Parliament as supplemented by Commission Delegated Regulation (EU) 2019/980 of 14 March 2019 ((the **Prospectus Regulation**)). The Prospectus has been approved by the Central Bank of Ireland (the **Central Bank**) as competent authority under the Prospectus Regulation. The Central Bank

only approves this Prospectus as meeting the standards of completeness, comprehensibility and consistency imposed by the Prospectus Regulation. Such approval should not be considered as an endorsement of the quality of the Issuer or the Notes that are the subject of this Prospectus. Investors should make their own assessment as to the suitability of investing in the Notes. Such approval relates to the Notes which are to be admitted to trading on a regulated market for the purposes of Directive 2014/65/EU (the **Markets in Financial Instruments Directive**) and/or which are to be offered to the public in any Member State of the European Economic Area.

Application has been made to the Euronext Dublin (**Euronext Dublin**) for the Notes to be admitted to the Official List (the **Official List**) and trading on the regulated market of Euronext Dublin. The regulated market of Euronext Dublin is a regulated market for the purposes of the Markets in Financial Instruments Directive. References in this Prospectus to Notes being listed (and all related references) shall mean that such Notes have been admitted to the Official List and to trading on Euronext Dublin's regulated market.

The Prospectus is valid for 12 months from its date. The obligation to supplement this Prospectus in the event of a significant new factor, material mistake or material inaccuracy does not apply once the Notes are admitted to trading on the Regulated Market of Euronext Dublin.

Obligations

The Notes will be obligations of the Issuer alone and will not be guaranteed by, or be the responsibility of, any other entity. The Notes will not be obligations of any Transaction Party other than the Issuer.

Retention Undertaking

Principality will undertake to the Issuer and the Trustee, on behalf of the Noteholders, that it will on an on-going basis retain a material net economic interest of at least 5% in the nominal value of the securitised exposures as required by Article 6(1) of Regulation (EU) 2017/2402 (the **Securitisation Regulation**) (which does not take into account any corresponding relevant national measures and as interpreted and applied on the date hereof). As at the Closing Date, such interest will be comprised of an interest in the first loss tranche, in this case the Class B Notes, in accordance with Article 6(3)(d) of the Securitisation Regulation. Please refer to the sections entitled "*Regulatory Requirements*" and "*Subscription and Sale*" for further information.

The Seller, as the sponsor under the U.S. Risk Retention Rules, does not intend to retain at least 5 % of the credit risk of the securitized assets for purposes of compliance with the final rules promulgated under Section 15G of the Securities Exchange Act of 1934, as amended (the **U.S. Risk Retention Rules**), but rather intends to rely on an exemption provided for in Section __.20 of the U.S. Risk Retention Rules regarding non-U.S. transactions. See the section entitled "*Risk Factors – U.S. Risk Retention Requirements*".

None of the Trustee, the Arrangers or any other party (apart from the Seller) provides any assurances regarding, or assumes any responsibility for, the Seller's compliance with the U.S. Risk Retention Rules prior to, on or after the Closing Date.

Simple, Transparent and Standardised

Principality will, on or about the date of this Prospectus, submit a notification to the European Securities and Markets Association (**ESMA**), in accordance with Article 27 of the Securitisation Regulation,

Securitisation

confirming that the requirements of Articles 19 to 22 of the Securitisation Regulation have been satisfied with respect to the Notes (such notification, the **STS Notification**). In relation to the STS Notification, Principality has been designated as the first contact point for investors and competent authorities.

Principality has used the services of Prime Collateralised Securities (PCS) UK Limited (**PCS**) as a verification agent authorised under Article 28 of the Securitisation Regulation in connection with an assessment of the compliance of the Notes with the requirements of Articles 19 to 22 of the Securitisation Regulation (the **STS Verification**) and to prepare an assessment of compliance of the Notes with the relevant provisions of Article 243 of the CRR and Article 13 of the Commission Delegated Regulation (EU) 2018/1620 (the **LCR Regulation**) (together with the STS Verification, the **STS Assessments**). It is expected that the STS Assessments prepared by PCS will be available on the PCS website (<https://www.pcsmarket.org/sts-verification-transactions/>) together with detailed explanations of its scope at <https://pcsmarket.org/disclaimer/> on and from the Closing Date. For the avoidance of doubt, this PCS website and the contents thereof do not form part of this Prospectus. No assurance can be provided that the securitisation transaction described in this Prospectus does or will continue to qualify as an STS securitisation under the Securitisation Regulation as at the date of this Prospectus or at any point in time in the future. For further information please refer to the Risk Factor entitled "*Simple, Transparent and Standardised Securitisations*" below.

Volcker Rule

The Issuer is not, and solely after giving effect to any offering and sale of notes and the application of the proceeds thereof will not be, a "covered fund" for purposes of regulations adopted under Section 13 of the Bank Holding Company Act of 1956, as amended (commonly known as the Volcker Rule). In reaching this conclusion, although other statutory or regulatory exclusions and/or exemptions under the Investment Company Act of 1940, as amended (the **Investment Company Act**) and under the Volcker Rule and its related regulations may be available, the Issuer has relied on the determination that it would satisfy all of the elements of the exemption from the definition of "investment company" under the Investment Company Act provided by Section 3(c)(5)(C) thereunder.

Benchmark Regulation

Amounts payable on the Notes are calculated by reference to SONIA. As at the date of this prospectus, the administrator of SONIA is not included in ESMA's register of administrators under Article 36 of the Regulation (EU) No 2016/1011 (the **Benchmarks Regulation**). The transitional provisions in Article 51 of the Benchmarks Regulation apply, such that the Bank of England is not currently required to obtain authorisation/registration (or, if located outside the European Union, recognition, endorsement or equivalence).

A "RISK FACTORS" SECTION BEGINNING ON PAGE 17 OF THIS PROSPECTUS CONTAINS DETAILS OF CERTAIN RISKS AND OTHER FACTORS THAT SHOULD BE GIVEN PARTICULAR CONSIDERATION BEFORE INVESTING IN THE NOTES. PROSPECTIVE INVESTORS SHOULD BE AWARE OF THE ISSUES SUMMARISED WITHIN THAT SECTION.

Each potential purchaser of Notes should determine the relevance of the information contained in this Prospectus or part hereof and the purchase of Notes should be based upon such investigation as each purchaser deems necessary. None of the Arrangers, the Agents or the Trustee undertakes or shall undertake to review the financial condition or affairs of the Issuer nor to advise any investor or potential investor in the Notes of any information coming to the attention of the Arrangers.

The Notes are intended to be held in a manner which allows eligibility under the rules of the monetary authority of the euro area (**Eurosystem**). This means that the Notes are intended upon issue to be deposited with, and registered in the name of the Common Safekeeper (or a nominee thereof) with one of Euroclear or Clearstream, Luxembourg as Common Safekeeper and does not necessarily mean that the Notes will be recognised as eligible collateral for Eurosystem monetary policy and intraday credit operations by the Eurosystem either upon issue or at any or all times during their life. Such recognition will depend upon satisfaction of the Eurosystem eligibility criteria. The Issuer gives no representation, warranty, confirmation or guarantee to any investor in the Notes that the Notes will, either upon issue or at any time prior to redemption in full, satisfy all or any of the requirements for Eurosystem eligibility and be recognised as Eurosystem eligible collateral. Any potential investor in the Notes should make their own conclusions and seek their own advice with respect to whether or not the Notes constitute Eurosystem eligible collateral.

THE NOTES HAVE NOT BEEN AND WILL NOT BE REGISTERED UNDER THE SECURITIES ACT OR ANY STATE OR OTHER JURISDICTION OF THE UNITED STATES SECURITIES LAWS AND THEREFORE MAY NOT BE OFFERED OR SOLD WITHIN THE UNITED STATES OR TO, OR FOR THE ACCOUNT OR BENEFIT OF, U.S. PERSONS EXCEPT PURSUANT TO AN EXEMPTION FROM, SUCH REGISTRATION REQUIREMENTS. Prospective investors should note that the definition of "U.S. Person" in the U.S. Risk Retention Rules is substantially similar to, but not identical to, from the definition of "U.S. Person" in Regulation S. Each purchaser of the Notes or a beneficial interest

therein acquired in the initial syndication of the Notes, by its acquisition of the Notes or a beneficial interest therein will be deemed to have made certain representations and agreements, including that it (1) either (i) is not a Risk Retention U.S. Person or (ii) it has obtained a U.S. Risk Retention Consent from the Seller, (2) is acquiring such Note or a beneficial interest therein for its own account and not with a view to distribute such Note and (3) is not acquiring such Note or a beneficial interest therein as part of a scheme to evade the requirements of the U.S. Risk Retention Rules (including acquiring such note through a non-Risk Retention U.S. Person, rather than a Risk Retention U.S. Person, as part of a scheme to evade the 10 % Risk Retention U.S. Person limitation in the exemption provided for in Section __.20 of the U.S. Risk Retention Rules).

None of the Issuer or the Arrangers makes any representation to any prospective investor or purchaser of the Notes regarding the legality of investment therein by such prospective investor or purchaser under applicable legal investment or similar laws or regulations.

For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (**MiFID II**); (ii) a customer within the meaning of Directive (EU) 2016/97 (**IMD**), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) a person who is not a qualified investor as defined in article 2(1)(E) of Regulation (EU) 2017/1129 (as supplemented by Commission Delegated Regulation (EU) 2019/980 of 14 March 2019, the (**Prospectus Regulation**)). Consequently no key information document required by Regulation (EU) No 1286/2014 (the **PRIIPs Regulation**) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPs Regulation.

MIFID II product governance/Professional investors and ECPS only target market – Solely for the purposes of each manufacturer's product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in MiFID II; and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a **distributor**) should take into consideration the manufacturers' target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturers' target market assessment) and determining appropriate distribution channels.

The information on the websites to which this Prospectus refers does not form part of this Prospectus and has not been scrutinised or approved by the Central Bank of Ireland.

No person has been authorised to give any information or to make any representation other than as contained in this Prospectus and, if given or made, such information or representation must not be relied upon as having been authorised by or on behalf of the Issuer, the Trustee, the Agents, the Interest Rate Swap Provider, the directors of the Issuer or the Arrangers.

None of the Arrangers or the Trustee or the Agents shall be responsible for any matter which is the subject of, any statement, representation, warranty or covenant of the Issuer contained in the Notes or any Transaction Documents or any other agreement or document relating to the Notes or any Transaction Document or for the execution, legality, effectiveness, adequacy, genuineness, validity, enforceability or admissibility in evidence thereof. In making an investment decision, investors must rely on their own examination of the terms of this offering, including the merits and risks involved. The contents of this Prospectus should not be construed as providing legal, business, accounting or tax advice. None of the Arrangers, the Trustee or the

Agents has independently verified the information contained herein. Each prospective investor should consult its own legal, business, accounting and tax advisers prior to making a decision to invest in the Notes. This Prospectus does not constitute an offer to sell or the solicitation of an offer to buy the Notes in any jurisdiction to any person to whom it is unlawful to make the offer or solicitation in such jurisdiction. The distribution of this Prospectus or any part hereof and any offering of the Notes in certain jurisdictions may be restricted by law. No action has been taken by the Issuer or the Arrangers that would permit a public offer of the Notes in any country or jurisdiction where action for that purpose is required. Accordingly, the Notes may not be offered or sold, directly or indirectly, and neither this Prospectus nor any part hereof nor any other prospectus, form of application, advertisement or other offering material may be issued, distributed or published in any country or jurisdiction (including the United Kingdom), except in circumstances that will result in compliance with applicable laws, orders, rules and regulations.

In connection with this new issue of the Notes as described in this Prospectus (the **Transaction**), the Arrangers are acting exclusively for the Issuer and no one else. Accordingly, in connection with the Transaction, the Arrangers will not be responsible to anyone other than the Issuer for providing the protections afforded to its clients or for the giving of advice in relation to the Transaction. The Arrangers will be paid a fee by the Issuer in respect of the placement of Notes.

The Notes will be represented by Global Notes which are expected to be deposited with a common safekeeper (the **Common Safekeeper**) for Euroclear Bank SA/NV (**Euroclear**) and Clearstream Banking, S.A. (**Clearstream, Luxembourg**) and registered in the name of a nominee of the Common Safekeeper on the Closing Date.

Forward-Looking Statements and Statistical Information

Certain matters contained in this Prospectus are forward-looking statements. Such statements appear in a number of places in this Prospectus, including with respect to assumptions on prepayment and certain other characteristics of the Loans, and reflect significant assumptions and subjective judgements by the Issuer that may not prove to be correct. Such statements may be identified by reference to a future period or periods and the use of forward-looking terminology such as "may", "will", "could", "believes", "expects", "anticipates", "continues", "intends", "plans" or similar terms. Consequently, future results may differ from the Issuer's expectations due to a variety of factors, including (but not limited to) the economic environment and regulatory changes in the residential mortgage industry in the United Kingdom. This Prospectus also contains certain tables and other statistical analyses (the **Statistical Information**). Numerous assumptions have been used in preparing the Statistical Information, which may or may not be reflected in the material. As such, no assurance can be given as to the Statistical Information's accuracy, appropriateness or completeness in any particular context, or as to whether the Statistical Information and/or the assumptions upon which they are based reflect present market conditions or future market performance. The Statistical Information should not be construed as either projections or predictions or as legal, tax, financial or accounting advice. The average life of or the potential yields on any security cannot be predicted, because the actual rate of repayment on the underlying assets, as well as a number of other relevant factors, cannot be determined. No assurance can be given that the assumptions on which the possible average lives of or yields on the securities are made will prove to be realistic. The Arrangers have not attempted to verify any forward-looking statements or Statistical Information, nor does it make any representations, express or implied, with respect thereto. Prospective purchasers should therefore not place undue reliance on any of these forward-looking statements or Statistical Information. None of the Issuer or the Arrangers assumes any obligation to update these forward-looking statements or Statistical Information or

to update the reasons for which actual results could differ materially from those anticipated in the forward-looking statements or Statistical Information, as applicable.

RISK FACTORS

The following is a description of the principal risks associated with an investment in the Notes. These risk factors are material to an investment in the Notes and in the Issuer. Prospective Noteholders should carefully read and consider all the information contained in this Prospectus, including the risk factors set out in this section, prior to making any investment decision.

An investment in the Notes is only suitable for investors experienced in financial matters who are in a position to fully assess the risks relating to such an investment and who have sufficient financial means to suffer any potential loss stemming therefrom.

The Issuer believes that the risks described below are the material risks inherent in the transaction for Noteholders, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with any Notes may occur for other reasons and the Issuer does not represent that the statements below regarding the risks relating to the Notes are exhaustive. Additional risks or uncertainties not presently known to the Issuer or that the Issuer currently considers immaterial may also have an adverse effect on the Issuer's ability to pay interest, principal or other amounts in respect of the Notes. Prospective Noteholders should read the detailed information set out in this document and reach their own views, together with their own professional advisers, prior to making any investment decision.

1. Risks relating to the availability of funds to pay the Notes

The Issuer has a limited set of resources available to make payments on the Notes

The ability of the Issuer to meet its obligations to pay principal and interest on the Notes and its operating and administrative expenses will be dependent primarily on Revenue Receipts and Principal Receipts in respect of the Loans in the Portfolio, interest earned on the Transaction Account, the receipts under the Interest Rate Swap Agreement and amounts standing to the credit of the General Reserve Fund. Other than the foregoing, the Issuer is not expected to have any other material funds available to it to meet its obligations under the Notes and/or any other payment obligation ranking in priority to, or *pari passu* with, the Notes under the applicable Priority of Payments. If such funds are insufficient, any such insufficiency will be borne by the Noteholders and the other Secured Creditors, subject to the applicable Priority of Payments. The Issuer will have no recourse to the Seller, save in the limited circumstances provided in the Mortgage Sale Agreement (see further the section entitled "*The Portfolio – Sale of the Portfolio under the Mortgage Sale Agreement*").

The Notes will be limited recourse obligations of the Issuer

The Notes will be limited recourse obligations of the Issuer. If at any time following:

- (a) the occurrence of either:
 - (i) the Final Maturity Date or any earlier date upon which all of the Notes of each class are due and payable; or
 - (ii) the service of an Enforcement Notice; and
- (b) realisation of the Charged Property and application in full of any amounts available to pay amounts due and payable under the Notes in accordance with the applicable Priority of Payments,

the proceeds of such Realisation are insufficient, after payment of all other claims ranking in priority in accordance with the applicable Priority of Payments, to pay in full all amounts then due and payable under any class of Notes, then the amount remaining to be paid (after such application in full of the amounts first referred to in (b) above) under such class of Notes (and any class of Notes junior to that class of Notes) shall, on the day following such application in

full of the amounts referred to in (b) above, cease to be due and payable by the Issuer. **Realisation** is defined in Condition 10 (*Limited Recourse*).

Each Secured Creditor agrees that if any amount is received by it (including by way of set-off) in respect of any secured obligation owed to it other than in accordance with the provisions of the Deed of Charge, then an amount equal to the difference between the amount so received by it and the amount that it would have received had it been paid in accordance with the provisions of the Deed of Charge shall be received and held by it as trustee (except in the case of each of the Agents, the Account Bank and the Swap Collateral Account Bank which will hold such funds as a bank and to the order of the Trustee) for the Trustee and shall be paid over to the Trustee immediately upon receipt so that such amount can be applied in accordance with the provisions of the Deed of Charge.

No reliance on any person other than the Issuer to make payments on the Notes

The Notes will be obligations solely of the Issuer and will not be the responsibility of, or guaranteed by, any of the Transaction Parties (other than the Issuer) and no person other than the Issuer will accept any liability whatsoever in respect of any failure by the Issuer to pay any amount due under the Notes.

The timing and amount of payments on the Loans could be affected by various factors which may adversely affect payments on the Notes

The yield to maturity of the Notes of each class will depend on, among other things, the amount and timing of payment of principal and interest (including prepayments, sale proceeds arising on enforcement of a Loan and repurchases of Loans required to be made under the Mortgage Sale Agreement) on the Loans and the price paid by the holders of the Notes of each class for such Notes. Such yield may be adversely affected by, amongst other things, a higher or lower than anticipated rate of prepayments on the Loans. Furthermore, if the conditions for the purchase of Further Advances by the Issuer are not met, then the Issuer will not be able to fund the purchase of such Further Advances which may result in Principal Receipts in the form of repurchase proceeds payable by the Seller instead being used to prematurely repay the Notes. See also "*Risk Factors – Product Switches, Further Advances and Substitutions*".

The rate of prepayment of Loans is influenced by a wide variety of economic, social and other factors, including prevailing mortgage market interest rates, the availability of alternative financing programmes, local and regional economic conditions and homeowner mobility. Subject to the terms and conditions of the Loans (which may require in some cases notification to the Seller and in other cases the consent of the Seller), a Borrower may "overpay" or prepay principal on any day in specified circumstances. No assurance can be given as to the level of prepayments that the Portfolio will experience. In addition should a Borrower elect, subject to the agreement of the Seller and Servicer, to change the terms of their Loan from an Interest Only Loan to a Repayment Loan, the Issuer would (subject to satisfaction of the Product Switch Conditions) receive principal payments in respect of the relevant Loan earlier than would otherwise be anticipated. See also the section entitled "*The Portfolio – Sale of the Portfolio under the Mortgage Sale Agreement*".

Following enforcement of the Security, there is no guarantee that the Issuer will have sufficient funds to redeem the Notes in full.

On any Interest Payment Date from and including the Step-Up Date or any Interest Payment Date on which the aggregate Principal Amount Outstanding of all the Notes is equal to or less than 10% of the aggregate Principal Amount Outstanding of all the Notes on the Closing Date, the Issuer may, subject to certain conditions, redeem all of the Notes. In addition, the Issuer may, subject to the Conditions, redeem all of the Notes if a change in tax law results in the Issuer or the Interest Rate Swap Provider being required to make a Tax Deduction in respect of any payment in respect of the Notes or the Interest Rate Swap Agreement, respectively, or if the Issuer would be subject to UK corporation tax in an accounting period on an amount which

materially exceeds the Issuer Profit Amount retained during that accounting period. See Condition 9.4 (*Optional Redemption in whole for taxation reasons*) for further information.

Early redemption of the Notes may adversely affect the yield on the Notes.

2. Risks relating to the Underlying Assets

Seller to initially retain legal title to the Loans and risks relating to set-off

The sale by the Seller to the Issuer of certain loans secured by Mortgages (the **Loans**) and their Related Security (until legal title is conveyed) takes effect in equity only. This means that the Issuer will not acquire legal title and, in the case of registered land in England or Wales, will not be registered as proprietor and legal owner of the Mortgage at the Land Registry, until certain trigger events occur under the terms of the Mortgage Sale Agreement (see "*The Portfolio – Sale of the Mortgages and their Related Security*" below).

The Issuer has not and will not apply to the Land Registry or the Land Charges Department to register or record its equitable interest in the Mortgages and their Related Security.

There are certain consequences under English law of the Issuer not obtaining legal title to the Loans and their Related Security or the Properties secured thereby:

- (a) a *bona fide* purchaser from the Seller for value of any of such Loans and their Related Security without notice of any of the interests of the Issuer might obtain a good title free of any such interest. If this occurred, then the Issuer would not have good title to the affected Loan and its Related Security, and it would not be entitled to payments by a Borrower in respect of that Loan. However, the risk of third party claims obtaining priority to the interests of the Issuer in this way would be likely to be limited to circumstances arising from a breach by the Seller of its contractual obligations or fraud, negligence or mistake on the part of the Seller or the Issuer or their respective personnel or agents;
- (b) although as between the Seller and the Issuer, under the Servicing Agreement, the Seller has agreed that it will not vary any of the terms of the Loans or their Related Security except that it may in its capacity as Servicer vary certain terms in certain circumstances as set out in the Servicing Agreement, as between any Borrower and the Issuer, if the Seller were to modify the terms of the Loans and their Related Security the revised terms would apply and the Issuer would only have recourse against the Seller for breach of contract or breach of trust;
- (c) prior to the insolvency of the Seller, unless notice of the assignment is given to a Borrower who is also a creditor of the Seller other than in the context of the Loans and their Related Security, equitable or independent set-off rights may accrue in favour of the Borrower against its obligation to make payments to the Seller under the Loan. These rights may result in the Issuer receiving reduced payments on the Loans. The transfer of the benefit of any Loans to the Issuer will continue to be subject to any prior rights the Borrower may become entitled to after the transfer. However, where notice of the assignment is given to the Borrower, some rights of set-off may continue to arise after the date notice is given;
- (d) once notice has been given to the Borrowers of the assignment of the Loans and their Related Security to the Issuer, independent set-off rights which a Borrower has against the Seller (such as, for example, set-off rights associated with Borrowers holding deposits with the Seller) will crystallise and further rights of independent set-off would cease to accrue from that date and no new rights of independent set-off could be asserted following that notice. Set-off rights arising under "transaction set-off" (which are set-off claims arising out of a transaction connected with the Loan) will not be

affected by that notice and will continue to exist (see "*Risk Factors – Set-off risk may adversely affect the value of the Portfolio or any part thereof*" below); and

- (e) until notice of the assignment is given to the Borrowers, the Issuer would not be able to enforce any Borrower's obligations under a Loan or Related Security itself but would have to join the Seller as a party to any legal proceedings. Borrowers will also have the right to redeem their Mortgages by repaying the Loan directly to the Seller. However, the Seller will undertake, pursuant to the Mortgage Sale Agreement, to hold any money repaid to it in respect of Loans to the order of the Issuer. However, for so long as the Issuer does not have legal title, the Seller will undertake for the benefit of the Issuer that it will lend its name to, and take such other steps as may reasonably be required by the Issuer in relation to, any legal proceedings in respect of the Loans and their Related Security.

If any of the risks described above were to occur then the realisable value of the Portfolio or any part thereof may be affected. Under the Mortgage Sale Agreement, the Seller will grant to the Issuer and the Trustee a power of attorney to give them the power to do all further things and take all necessary action to perfect the transfer of legal title to the Loans and their Related Security on the occurrence of a Perfection Trigger Event.

Set-off risk may adversely affect the value of the Portfolio or any part thereof

As described above, the sale by the Seller to the Issuer of Loans will be given effect by an assignment. As a result, legal title to the Loans and their Related Security sold by the Seller to the Issuer will remain with the Seller until the occurrence of certain trigger events under the terms of the Mortgage Sale Agreement.

The relevant Borrower may set off any claim for damages arising from the Seller's breach of contract against the Seller's (and, as equitable assignee of or holder of the beneficial interest in the Loans and the Mortgages in the Portfolio, the Issuer's) claim for payment of principal and/or interest under the relevant Loan as and when it becomes due. These set-off claims will constitute transaction set-off, as described in the immediately preceding risk factor.

The amount of any such claim against the Seller will, in many cases, be the cost to the Borrower of finding an alternative source of funds. The Borrower may obtain a mortgage loan elsewhere, in which case the damages awarded could be equal to any difference in the borrowing costs together with any direct losses arising from the Seller's breach of contract, namely the associated costs of obtaining alternative funds (for example, legal fees and survey fees).

If the Borrower is unable to obtain an alternative mortgage loan, it may have a claim in respect of other indirect losses arising from the Seller's breach of contract where there are special circumstances communicated by the Borrower to the Seller at the time the Borrower entered into the Mortgage or which otherwise were reasonably foreseeable. A Borrower may also attempt to set off an amount greater than the amount of its damages claim against its mortgage payments. In that case, the Servicer will be entitled to take enforcement proceedings against the Borrower, although the period of non-payment by the Borrower is likely to continue until a judgment is obtained.

The exercise of set-off rights by Borrowers may adversely affect the realisable value of the Portfolio and/or the ability of the Issuer to make payments under the Notes. However, the risk is mitigated by the undertaking given by the Seller under the Mortgage Sale Agreement to reimburse the Issuer for any reduction in the amount of principal and/or interest owing under a Loan on account of the exercise of the right of set-off by any Borrower against the Seller in certain circumstances.

The value of the Related Security in respect of the Loans may be affected by a decline in the residential property values in the United Kingdom

If the residential property market in the United Kingdom should experience an overall decline in property values, such a decline could in certain circumstances result in the value of the Related Security being significantly reduced and, in the event that the Related Security is required to be enforced, may result in an adverse effect on payments on the Notes.

The Issuer cannot guarantee that the value of a Property will remain at the same level as on the date of origination of the related Loan. Downturns in the United Kingdom economy generally have had a negative effect on the housing market. The fall in property prices resulting from the deterioration in the housing market could result in losses being incurred by lenders where the net recovery proceeds are insufficient to redeem the outstanding Loan. If the value of the Related Security backing the Loans is reduced this may ultimately result in losses to Noteholders if the Related Security is required to be enforced and the resulting proceeds are insufficient to make payments on all Notes.

Borrowers may have insufficient equity to refinance their Loans with lenders other than the Seller and may have insufficient resources to pay amounts in respect of their Loans as and when they fall due. This could lead to higher delinquency rates and losses which in turn may adversely affect payments on the Notes.

Loans may be subject to geographic concentration risks within certain regions of the United Kingdom

Loans in the Portfolio may also be subject to geographic concentration risks within certain regions of the United Kingdom and particularly will be dependent on the housing market and economic conditions in Wales, which may be different from the general conditions experienced in the UK. To the extent that specific geographic regions within the United Kingdom have experienced or may experience in the future weaker regional economic conditions and housing markets than other regions in the United Kingdom, a concentration of the Loans in such a region may be expected to exacerbate the risks relating to the Loans described in this section. Certain geographic regions within the United Kingdom rely on different types of industries. Any downturn in a local economy or particular industry may adversely affect the regional employment levels and consequently the repayment ability of the Borrowers in that region or the region that relies most heavily on that industry. Any natural disasters in a particular region may reduce the value of affected Properties. This may result in a loss being incurred upon sale of the Property. These circumstances could affect receipts on the Loans and ultimately result in losses on the Notes. For an overview of the geographical distribution of the Loans as at the Portfolio Cut-Off Date, see "*Characteristics of the Portfolio – Geographical Distribution of Property*".

Realisation of Loans and liquidity risk

The ability of the Issuer to redeem all of the Notes in full, including following the occurrence of an Event of Default (as defined in the Conditions) in relation to the Notes while any of the Loans are still outstanding, may depend upon whether the Loans can be realised to obtain an amount sufficient to redeem the Notes. There can be no assurance that any secondary market for the mortgage loans of this type in the United Kingdom will provide sufficient liquidity of investment for the Loans to be realised or that any such market will be present at any given time or will continue for the life of the Notes. The Issuer, and following the occurrence of an Event of Default, the Trustee, may not, therefore, be able to sell the Loans for an amount sufficient to discharge amounts due to the Secured Creditors (including the Noteholders) in full should they be required to do so.

Interest Only Loans

Each Loan in the Portfolio may be repayable either on a capital repayment basis, an interest only basis or a combination capital repayment/interest payment basis (see the section entitled "*The Portfolio – The Loans – Characteristics of the Loans – Repayment Terms*"). Where the Borrower is only required to pay interest during the term of the Loan, with the capital being repaid in a lump sum at the end of the term, the Borrower is recommended to ensure that some repayment mechanism such as an investment policy is put in place to ensure that funds will be available to repay the capital at the end of the term. Whilst the Seller does not verify or does not require proof that such repayment mechanism is in place and does not take security over any investment policies taken out by Borrowers, the Seller will review the repayment mechanism in line with the size of the Loan, the applicant's age, income and likelihood of the repayment mechanism accumulating sufficient value to repay the Loan, and will decline the application if this repayment mechanism is deemed to be unacceptable. Affordability for interest only loans is calculated on an interest only basis. The Seller also recommends that the Borrower takes out term life assurance cover in relation to the Loan, although the Seller, again, does not verify or take security over such policies.

Borrowers may not have been making payment in full or on time of the premiums due on any relevant investment or life policy, which may therefore have lapsed and/or under which no further benefits may be accruing. In certain cases, the policy may have been surrendered but not necessarily in return for a cash payment and any cash received by the Borrower may not have been applied in paying amounts due under the Loan. Thus the ability of such a Borrower to repay an Interest Only Loan at maturity without resorting to the sale of the underlying Property depends on such Borrower's responsibility in ensuring that sufficient funds are available from a given source such as pension policies, personal equity plans, tax free individual savings accounts or endowment policies, as well as the financial condition of the Borrower, tax laws and general economic conditions at the time. If a Borrower cannot repay an Interest Only Loan and a Loss occurs, this may affect repayments on the Notes if the resulting Principal Deficiency Ledger entry cannot be cured.

Assured Shorthold Tenancy (AST)

Depending on the level of ground rent payable at any one time it is possible that a long leasehold may also be an Assured Tenancy (AT) or Assured Shorthold Tenancy (AST) under the Housing Act 1988 (HA 1988). If it is, this could have the consequences set out below.

A tenancy or lease will be an AT if granted after 15 January 1989 and:

- (i) the tenant or, as the case may be, each of the joint tenants is an individual;
- (ii) the tenant or, as the case may be, at least one of the joint tenants occupies the dwelling-house as their only or principal home; and
- (iii) if granted before 1 April 1990:
- (iv) the property had a rateable value at 31 March 1990 lower than £1,500 in Greater London or £750 elsewhere; and
- (v) the rent payable for the time being is greater than 2/3rds of the rateable value at 31 March 1990;
- (vi) if granted on or after 1 April 1990 the rent payable for the time being is between £251 and £100,000 inclusive (or between £1,001 and £100,000 inclusive in Greater London).

There is no maximum term for an AT and therefore any lease can constitute an AT if it satisfies the relevant criteria.

Since 28 February 1997 all ATs will automatically be ASTs (unless the landlord serves notice to the contrary) which gives landlords the right to recover the property at the end of the term of the tenancy. The HA 1988 also entitles a landlord to obtain an order for possession and terminate an AT/AST during its fixed term on proving one of the grounds for possession specified in section 7(6) of the HA 1988. The ground for possession of most concern in relation to long leaseholds is Ground 8 – namely that if the rent is payable yearly (as most ground rents are), at least three months' rent is more than three months in arrears both at the date of service of the landlord's notice and the date of the hearing.

Most leases give the landlord a right to forfeit the lease if rent is unpaid for a certain period of time but the courts normally have power to grant relief, cancelling the forfeiture as long as the arrears are paid off. There are also statutory protections in place to protect long leaseholders from unjustified forfeiture action. However, an action for possession under Ground 8 is not the same as a forfeiture action and the court's power to grant relief does not apply to Ground 8. In order to obtain possession, the landlord will have to follow the notice procedure in section 8 of the HA 1988 and, if the tenant does not leave on expiry of the notice, apply for a court order. However, as ground 8 is a mandatory ground, the court will have no discretion and will be obliged to grant the order if the relevant conditions are satisfied. There is government consultation underway to review residential leasehold law generally and it is anticipated that this issue will be addressed as part of any resulting reforms.

Currently, however, there is a risk that where:

- (i) a long lease is also an AT/AST due to the level of the ground rent;
- (ii) the tenant is in arrears of ground rent for more than 3 months;
- (iii) the landlord chooses to use the HA 1988 route to seek possession under Ground 8; and
- (iv) the tenant does not manage to reduce the arrears to below 3 months' ground rent by the date of the court hearing,

the long lease will come to an end and the landlord will be able to re-enter the relevant property. This may adversely affect the realisable value of the Portfolio, and/or the ability of the Issuer to make payments under the Notes.

Selection of the Portfolio

The information in the section headed "*Statistical Information on the Portfolio*" has been extracted from the systems of the Seller as at 30 September 2019 (the **Portfolio Cut-Off Date**). The pool of Loans from which the Portfolio will be selected (the **Provisional Portfolio**) comprises of 5,065 mortgage accounts with a Current Balance of £606,291,755.35. The Portfolio was randomly selected from the Provisional Portfolio. The characteristics of the Portfolio as at the Closing Date will vary from those set out in the tables in this Prospectus as a result of, *inter alia*, repayments and redemptions of Loans prior to the Closing Date and the operation of a random selection process.

3. Risks relating to the structure

Deferral of interest payments on the Notes

If, on any Interest Payment Date, the Issuer has insufficient funds to make payment in full of all amounts of interest (including any accrued interest thereon) payable in respect of the Notes

other than the Most Senior Class of Notes, after having paid or provided for items of higher priority in the Pre-Enforcement Revenue Priority of Payments, then that amount shall not be due and payable and the Issuer will be entitled under Condition 8.10 (*Interest Accrual*) to defer payment of that amount (to the extent of the insufficiency) until the following Interest Payment Date or such earlier date as interest in respect of such class of Notes becomes immediately due and repayable in accordance with the Conditions and such deferral shall not constitute an Event of Default. To the extent that there are insufficient funds on the following Interest Payment Date or such earlier date as interest in respect of such class of Notes is scheduled to be paid in accordance with the Conditions, the deferral of interest shall continue until the Final Maturity Date. However, if there is insufficient money available to the Issuer to pay interest on any class of Notes, then the relevant Noteholders may not receive all interest amounts.

Payment of principal and interest in respect of the Class B Notes is subordinated

The Class B Notes are subordinated in right of payment of interest and principal to the Class A Notes as set out in "*Structural Features*". Further, Available Revenue Receipts will be applied to credit the General Reserve Fund prior to payment of interest on the Class B Notes. There is no assurance that these subordination provisions will protect the holders of the Class A Notes from all risk of loss and there is no assurance that the Class B Noteholders will be paid interest and principal in cases of such subordination.

Income and Principal Deficiency

If, on any Interest Payment Date, as a result of shortfalls in Available Revenue Receipts relative to interest due on the Class A Notes, amounts ranking in priority to the payment of interest on the Class A Notes and amounts necessary to eliminate any debit balances on the Class A Principal Deficiency Sub-Ledger, there is an Income Deficit, then subject to certain conditions set out in "*Structural Features*", the Issuer may apply the General Reserve Fund in order to make payments in respect of interest due on the Class A Notes. If following application of the General Reserve Fund, there is a Remaining Income Deficit, then (again subject to certain conditions) the Issuer may apply Principal Receipts (if any) in order to make payments in respect of interest due on the Class A Notes. In this event, the consequences set out in the following paragraph may result.

Application, as described above, of any Principal Receipts to meet any Remaining Income Deficit (in addition to any Losses) will be recorded first on the Class B Principal Deficiency Sub-Ledger until the balance of the Class B Principal Deficiency Sub-Ledger is equal to the aggregate Principal Amount Outstanding of the Class B Notes then outstanding, and next on the Class A Principal Deficiency Sub-Ledger until the balance of the Class A Principal Deficiency Sub-Ledger is equal to the aggregate Principal Amount Outstanding of the Class A Notes then outstanding.

It is expected that during the course of the life of the Notes, principal deficiencies will be recouped from Available Revenue Receipts and, other than in respect of the Class B Notes, amounts standing to the credit of the General Reserve Fund. Available Revenue Receipts will be applied, after meeting prior ranking obligations as set out under the Pre-Enforcement Revenue Priority of Payments, to credit first the Class A Principal Deficiency Sub-Ledger and second the Class B Principal Deficiency Sub-Ledger. Amounts standing to the credit of the General Reserve Fund will be applied, after meeting prior ranking obligations as further described in "*Structural Features*", to credit the Class A Principal Deficiency Sub-Ledger.

If there are insufficient funds available as a result of such income or principal deficiencies, then one or more of the following consequences may ensue:

- the interest and other net income of the Issuer may not be sufficient, after making the payments to be made in priority thereto, to pay, in full or at all, interest due on the Notes; and

- there may be insufficient funds to repay the Notes on or prior to the Final Maturity Date of the Notes unless the other net income of the Issuer is sufficient, after making other payments to be made in priority thereto, to reduce to nil the balance on the Principal Deficiency Ledger.

Product Switches, Further Advances and Substitutions

A Loan and its Related Security may be repurchased where a Product Switch, Further Advance or Substitution is made in the circumstances and for the consideration set out in "*The Portfolio – Sale of the Portfolio under the Mortgage Sale Agreement*". There can be no assurance that the Seller will have the financial resources to honour its repurchase obligations under the Mortgage Sale Agreement. This may affect the quality of the Loans and their Related Security in the Portfolio and accordingly the ability of the Issuer to make payments on the Notes. The yield to maturity of the Notes may be affected by the repurchase or Substitution of Loans subject to Product Switches and/or Further Advances.

The number of Further Advance and Product Switch requests received by the Seller and/or the Servicer may affect both the timing of principal amounts received by the Issuer from the Borrowers and, as Available Principal Receipts will be used to pay amounts to the Seller in respect of consideration for such Further Advances, the amount of Available Principal Receipts available to meet payments of principal and (in the event of a shortfall) interest on the Notes.

4. Risks relating to the changes to the structure and the documents

Meetings of Noteholders, modification and waiver

The Conditions contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority. Such binding decisions of defined majorities may also occur by way of a sufficient number of Noteholders providing their consent either in writing or by way of electronic consents submitted through the electronic communications systems of the clearing system(s).

The Trust Deed provides that, without the consent or sanction of the Noteholders or any of the other Secured Creditors, the Trustee may (but subject in each case to the more detailed provisions of the Trust Deed):

- (a) concur with the Issuer and/or any other person, in making:
 - (i) any modification to the Conditions, the Trust Documents, the Notes or the other Transaction Documents in relation to which its consent is required (other than in respect of a Reserved Matter or any provisions of the Trust Documents referred to in the definition of a Reserved Matter) which, in the opinion of the Trustee, will not be materially prejudicial to the holders of the Most Senior Class of outstanding Notes; or
 - (ii) any modification to the Conditions, the Trust Documents or the other Transaction Documents in relation to which its consent is required, if, in the opinion of the Trustee, such modification is of a formal, minor or technical nature or is made to correct a manifest error;
- (b) authorise or waive, on such terms and conditions (if any) as it may decide, any proposed breach or breach of any Transaction Document, if in the Trustee's opinion, the interests of the holders of the Most Senior Class of Notes then outstanding will not be materially prejudiced thereby; and

- (c) determine that a specified Event of Default or Potential Event of Default shall not be treated as such, if in the Trustee's opinion, the interests of the holders of the Most Senior Class of Notes then outstanding will not be materially prejudiced thereby,

provided always that the Trustee shall not exercise any powers under paragraphs (b) or (c) above in contravention of any express direction given by an Extraordinary Resolution of the holders of the Most Senior Class of Notes then outstanding or a request or direction in writing made by the holders of not less than 25% in aggregate Principal Amount Outstanding of the Most Senior Class of Notes then outstanding (but no such direction or request shall affect: (i) any authorisation, waiver or determination previously given or made; or (ii) shall authorise or waive any proposed breach or breach relating to a Reserved Matter unless each Class of Notes, has by Extraordinary Resolution, so authorised its exercise).

The Trustee may also, without the consent of any of the Noteholders or other Secured Creditors, concur with the Issuer in substituting in place of the Issuer a Substituted Obligor as the principal debtor in respect of the Transaction Documents provided that certain conditions as set out in the Trust Deed are satisfied.

The Trust Deed and Conditions provide that, subject to the terms contained therein, the Trustee shall also be obliged, without any consent or sanction of the Noteholders, or the receipt of consent from any of the Secured Creditors (other than those party to the Transaction Document being modified or which, as a result of such amendments, would be further contractually subordinated to any Secured Creditor than would otherwise have been the case prior to such amendment) to concur with the Issuer in making any modification (other than in respect of a Reserved Matter) to the Conditions or any other Transaction Document to which it is a party or in relation to which it holds security or enter into any new, supplemental or additional documents that the Issuer (in each case) considers necessary in order to enable the Issuer to comply with any requirements which apply to it under EMIR, subject to receipt by the Trustee of a certificate issued by the Issuer or the Cash Manager on behalf of the Issuer certifying to the Trustee the requested amendments are to be made solely for the purpose of enabling the Issuer to satisfy its requirements under EMIR and have been drafted solely to that effect.

Further, the Trustee may also be obliged, in certain circumstances, to agree to amendments to the Conditions and/or the Transaction Documents for the purpose of (i) enabling the Issuer to open additional accounts with an additional account bank or to move the Issuer Accounts to be held with an alternative account bank, (ii) complying with changes in the requirements of Article 6 of the Securitisation Regulation, or Section 15G of the Securities Exchange Act of 1934, the CRR Amendment Regulation or any other risk retention regulations, (iii) enabling the Notes to comply with the requirements of the Securitisation Regulation, (iv) enabling the Notes to be (or to remain) listed on the Stock Exchange, (v) enabling the Issuer or any of the other Transaction Parties to comply with Sections 1471 to 1474 of the U.S. Internal Revenue Code of 1986, any regulations or agreements thereunder, any official interpretations thereof, or any law implementing an intergovernmental approach thereto (FATCA), (vi) complying with any changes in the requirements of the CRA Regulation after the Closing Date, (vii) complying with, or implementing or reflecting, any change in the criteria of one or more of the Rating Agencies which may be applicable from time to time, or (viii) changing the base rate on the Notes from SONIA to an Alternative Base Rate (and such other amendments as are necessary or advisable in the reasonable judgement of the Issuer to facilitate such change) to the extent that there has been or that there is reasonably expected to be a material disruption or cessation to SONIA or in the event that an alternative means of calculating a SONIA-based rate of interest is introduced and becomes a standard method of calculating interest for similar transactions (each a **Proposed Amendment**), without the consent of Noteholders pursuant to and in accordance with the detailed provisions of Condition 17.2 (*Additional Right of Modification*).

In relation to any such Proposed Amendment, the Issuer is required to give at least 30 calendar days' notice to the Noteholders of each Class of the proposed modification in accordance with Condition 22 (Notices) and by publication on Bloomberg on the "Company News" screen

relating to the Notes. However, Noteholders should be aware that, in relation to each Proposed Amendment, unless Noteholders representing at least 10% of the aggregate Principal Amount Outstanding of the Most Senior Class of Notes then outstanding have contacted the Issuer in writing (or otherwise in accordance with the then current practice of any applicable clearing system through which such Notes may be held) within such notification period notifying the Issuer that such Noteholders do not consent to the modification, the modification will be passed without Noteholder consent.

If Noteholders representing at least 10% of the aggregate Principal Amount Outstanding of the Most Senior Class of Notes then outstanding have notified the Issuer or the Principal Paying Agent in writing (or otherwise in accordance with the then current practice of any applicable clearing system through which such Notes may be held) within the notification period referred to above that they do not consent to the modification, then such modification will not be made unless an Extraordinary Resolution of the Noteholders of the Most Senior Class of Notes then outstanding is passed in favour of such modification in accordance with Condition 17 (*Modification and Waiver*).

The full requirements in relation to the modifications discussed above are set out in Condition 17.2 (*Additional Right of Modification*).

Conflict between Noteholders

The Trust Deed and the Deed of Charge contain provisions requiring the Trustee to have regard to the interests of the Class A Noteholders and the Class B Noteholders equally as regards all rights, powers, trusts, authorities, duties and discretions of the Trustee (except where expressly provided otherwise).

If, in the opinion of the Trustee, there is a conflict between the interests of holders of different classes of Notes, the Trustee will have regard only to the interests of the holders of the Class A Notes (provided that in relation to a Reserved Matter, the Trustee will have regard to the interests of the holders of the affected class or classes of Notes in accordance with the provisions of the Trust Deed).

Conflict between Noteholders and other Secured Creditors

The Trust Deed provides that the Trustee shall, except where expressly provided otherwise and prior to the redemption in full of the Notes, have regard solely to the interests of the Noteholders and shall have regard to the interests of the other Secured Creditors only to pay such parties any monies received and payable to it and to act in accordance with the Post-Enforcement Priority of Payments.

Change of counterparties

The parties to the Transaction Documents who receive and hold monies or provide support to the transaction pursuant to the terms of such documents (such as the Account Bank and the Interest Rate Swap Provider) are required to satisfy certain criteria in order to remain a counterparty to the Issuer.

These criteria may include requirements imposed under the FSMA and requirements in relation to the short-term and long-term unguaranteed and unsecured ratings ascribed to such party by the Rating Agencies. If the party concerned ceases to satisfy the applicable criteria, including the ratings criteria detailed above, then the rights and obligations of that party (including the right or obligation to receive monies on behalf of the Issuer) may be required to be transferred to another entity which does satisfy the applicable criteria. In these circumstances, the terms agreed with the replacement entity may not be as favourable as those agreed with the original party pursuant to the relevant Transaction Document and the cost to the Issuer may therefore increase. This may reduce amounts available to the Issuer to make payments of interest on the Notes.

In addition, should the applicable criteria cease to be satisfied, then the parties to the relevant Transaction Document may (but shall not be obliged to) agree to amend or waive certain of the terms of such document, including the applicable criteria, in order to avoid the need for a replacement entity to be appointed. The consent of Noteholders may not be required in relation to such amendments and/or waivers.

The Trustee is not obliged to act in certain circumstances

The Trustee may, at any time, at its discretion and without notice, take such proceedings, actions or steps against the Issuer or any other party to any of the Transaction Documents as it may think fit to enforce the provisions of the Notes or the Trust Documents (including the Conditions) or of the other Transaction Documents to which it is a party and at any time after the service of an Enforcement Notice, the Trustee may, at its discretion and without notice, take such proceedings, actions or steps as it may think fit to enforce the Security. However, the Trustee shall not be bound to take any such proceedings, actions or steps (including, but not limited to, the giving of an Enforcement Notice in accordance with Condition 13 (*Events of Default*)) unless it shall have been directed to do so by an Extraordinary Resolution of the Most Senior Class of Noteholders or in writing by the holders of at least 25% in Principal Amount Outstanding of the Most Senior Class of Notes then outstanding and it shall have been indemnified and/or secured and/or prefunded to its satisfaction.

In relation to the undertaking to be given by the Seller to the Issuer and the Trustee on behalf of itself and the Noteholders in the Deed of Charge in accordance with Article 6 of the Securitisation Regulation regarding the material net economic interest to be retained by the Seller and certain requirements as to providing investor information in connection with the retention of such interest, the Trustee shall not be under any obligation to monitor the compliance by the Seller with such undertaking or to investigate any matter which is the subject of such undertaking and shall not be under any obligation to take any action in relation to non-compliance with such undertaking unless and until the Trustee has received actual written notice of the same from any Transaction Party, in which event the only obligation of the Trustee shall be to notify the Issuer (who shall notify the Noteholders and the other Secured Creditors of the same) and, subject to the Trustee being indemnified and/or secured and/or prefunded to its satisfaction, to take such further action as it is directed to take in connection with such non-compliance by an Extraordinary Resolution of the Most Senior Class of outstanding Notes.

5. Counterparty risks

Issuer reliance on other third parties to meet its obligations under the Notes

The Issuer is party to contracts with a number of third parties who have agreed to perform services in relation to the Notes. In particular, but without limitation, the Interest Rate Swap Provider has agreed to provide hedging to the Issuer, the Corporate Services Provider has agreed to provide certain corporate services to the Issuer, the Account Bank has agreed to provide the Transaction Account to the Issuer, the Servicer has agreed to service the Portfolio, the Cash Manager has agreed to provide cash management services, the Paying Agents, the Registrar and the Agent Bank have all agreed to provide services with respect to the Notes and the Back-Up Servicer Facilitator has agreed to assist in appointing a back-up or replacement servicer. In the event that any of the above parties was to fail to perform its obligations under the respective agreements to which they are a party, payments on the Notes may be adversely affected.

If the Servicer is removed, there is no guarantee that a substitute Servicer would be found, which could delay collection of payments on the Loans and ultimately could adversely affect payments on the Notes

The Servicer will be appointed by the Issuer to service the Loans. If the Servicer breaches the terms of the Servicing Agreement, the Issuer and/or the Trustee may, having given notice to the Servicer and the Rating Agencies, terminate the appointment of the Servicer and a replacement

servicer will be sought to take over the servicing on substantially the same terms as those set out in the Servicing Agreement.

There can be no assurance that a replacement or substitute servicer with sufficient experience of servicing mortgages of residential properties would be found who would be willing and able to service the Loans (notwithstanding the appointment of the Back-Up Servicer Facilitator). In addition, as described below, any such substitute servicer will be required to be authorised under the Financial Services and Markets Act 2000 (the **FSMA**) in order to service Loans that constitute Regulated Mortgage Contracts. The ability of any entity acting as a substitute servicer to fully perform the required services would depend, among other things, on the information, software and records available at the time of the appointment. Any delay or inability to appoint a substitute servicer may affect payments on the Loans and hence the Issuer's ability to make payments when due on the Notes.

The Servicer has no obligation itself to advance payments that Borrowers fail to make in a timely fashion or at all.

Delay in payment by the Borrowers may affect the Issuer's ability to make payments on the Notes

The Issuer is subject to the risk of insufficiency of funds on any Interest Payment Date as a result of payments being made late by Borrowers after the end of the relevant Collection Period. This risk is addressed in respect of the Notes by the provision of liquidity from alternative sources as described in the section entitled "*Structural Features*". However, no assurance can be made as to the effectiveness of such liquidity enhancement features, or that such liquidity enhancement features will protect the Noteholders from all risk of loss.

Borrower default or failure by the Servicer may affect the Issuer's ability to make payments on the Notes

The Issuer is subject to the risk of default in payment by the Borrowers and the failure by the Servicer, on behalf of the Issuer, to realise or recover sufficient funds under the arrears and default procedures in respect of the Loans and Related Security in order to discharge all amounts due and owing by the relevant Borrowers under the Loans, which may adversely affect payments on the Notes. This risk is mitigated to some extent by certain credit enhancement features which are described in the section entitled "*Structural Features*". However, no assurance can be made as to the effectiveness of such credit enhancement features, or that such credit enhancement features will protect the Noteholders from all risk of loss.

Borrowers may default on their obligations under the Loans. Defaults may occur for a variety of reasons. The Loans are affected by credit, liquidity and interest rate risks. Various factors influence mortgage delinquency rates, prepayment rates, repossession frequency and the ultimate payment of interest and principal, such as changes in the national or international economic climate, regional economic or housing conditions, changes in tax laws, interest rates, inflation, the availability of financing, yields on alternative investments, political developments and government policies. Although interest rates are currently at a historical low, this may change in the future and an increase in interest rates may adversely affect Borrowers' ability to pay interest or repay principal on their Loans.

Other factors in Borrowers' personal or financial circumstances may affect the ability of Borrowers to repay the Loans. Unemployment, loss of earnings, illness, divorce and other similar factors may lead to an increase in delinquencies by and bankruptcies of Borrowers, and could ultimately have an adverse impact on the ability of Borrowers to repay the Loans. In addition, the ability of a Borrower to sell a Property given as security for a Loan at a price sufficient to repay the amounts outstanding under that Loan will depend upon a number of factors, including the availability of buyers for that Property, the value of that Property and property values in general at the time.

If a Borrower fails to repay its Loan and the related Property is repossessed, the likelihood of there being a net loss on disposal of the Property is increased by a higher loan-to-value ratio.

In order to enforce a power of sale in respect of a Property, the relevant mortgagee (which may be the Seller or the Issuer) must first obtain possession of the relevant Property. Possession is usually obtained by way of a court order or decree although this can be a lengthy and costly process and will involve the mortgagee assuming certain risks. If obtaining possession of properties in such circumstances is lengthy or costly, the Issuer's ability to make payments on the Notes may be reduced. The Issuer's ability to make such payment may be reduced further if the mortgagee's method for obtaining possession of properties permitted by law is restricted in the future.

Interest Rate Swap Provider Risk and Swap Termination Payment

In the event that the Interest Rate Swap Provider does not pay the amount payable under the Interest Rate Swap Agreement when due, available funds of the Issuer may be less than would otherwise be the case and this could result in reduced payments to Noteholders.

If the Interest Rate Swap Agreement is terminated for any reason, the Cash Manager (on behalf of the Issuer) may be obliged to use available funds of the Issuer to pay any termination payment due to the Interest Rate Swap Provider under the Interest Rate Swap Agreement. Any termination payment due by the Issuer to the Interest Rate Swap Provider will be paid first out of amounts standing to the credit of the relevant Swap Collateral Account in accordance with the relevant Swap Collateral Account Priority of Payments and then, to the extent that there are insufficient funds standing to the credit of the relevant Swap Collateral Account, using available funds in accordance with the Pre-Enforcement Revenue Priority of Payments or the Post-Enforcement Priority of Payments. Any termination payment due by the Issuer to the Interest Rate Swap Provider (except for any Swap Subordinated Amounts) will rank in priority to amounts due on the Notes both in the Pre-Enforcement Revenue Priority of Payments and the Post-Enforcement Priority of Payments.

If the Issuer is obliged to make a termination payment to the Interest Rate Swap Provider, this may reduce or adversely affect the amount of funds which the Issuer has available to make payments on the Notes. There can be no assurance that the Issuer will have sufficient funds available to make any termination payment under the Interest Rate Swap Agreement or that the Issuer will have sufficient funds to make subsequent payments to the Noteholders in respect of the Notes.

Furthermore, if the Interest Rate Swap Provider were to default in respect of its obligations under the Interest Rate Swap Agreement so as to result in a termination of the Interest Rate Swap Agreement, the Issuer will use commercially reasonable efforts to enter into a replacement arrangement with another appropriately rated entity, which may require the Issuer to make a payment to the replacement swap provider. A failure to enter into such a replacement arrangement may result in a downgrading of the rating of the Class A Notes, and may reduce the amount of funds available to make payments on the Notes. In addition, if the Issuer fails to enter into such replacement arrangement, the Portfolio will remain unhedged.

In the event of the insolvency of the Interest Rate Swap Provider the Issuer will be treated as a general creditor of the Interest Rate Swap Provider. Consequently, the Issuer will be subject to the credit risk of the Interest Rate Swap Provider, as well as that of the Loans.

To mitigate this risk, under the terms of the Interest Rate Swap Agreement, in the event that the relevant ratings of the Interest Rate Swap Provider and any party providing credit support for the Interest Rate Swap Provider fail to meet the required ratings, such Interest Rate Swap Provider will, in accordance with the terms of the Interest Rate Swap Agreement, be required to elect to take certain remedial measures within the time frame stipulated in the Interest Rate Swap Agreement and at its own cost, which may include providing collateral for its obligations under the Interest Rate Swap Agreement, arranging for its obligations under the Interest Rate

Swap Agreement to be transferred to an entity with the required ratings, procuring another entity with the required ratings to become co-obligor or guarantor, as applicable, in respect of its obligations under the Interest Rate Swap Agreement or such other action that would result in the Rating Agencies continuing the then current rating of the Notes or restoring such rating to the level prior to the downgrade event. However, no assurance can be given that, at the time that such actions are required, sufficient collateral will be provided by the Interest Rate Swap Provider or that another entity with the required rating will be available or willing to become a replacement swap provider, co-obligor or guarantor. Other than a Swap Collateral Account Surplus, collateral provided will not generally be available to meet the Issuer's obligations under the Notes or the Transaction Documents.

Basis risk

The Issuer is subject to the risk of a mismatch between (a) the fixed rates of interest payable on the Fixed Rate Loans and the interest rate payable in respect of the Notes; and (b) the interest rate payable on standard variable rate linked Loans being determined on different bases from that on which the interest rate payable on the Notes is determined.

The Issuer will only enter into an Interest Rate Swap Transaction with the Interest Rate Swap Provider in respect of the mismatch between the fixed rates of interest payable on the Fixed Rate Loans and the interest payable in respect of the Notes, and not in respect of any other mismatch. The Interest Rate Swap Transaction is not designed to provide a perfect hedge for the Loans included in the Portfolio or eliminate all risks associated with the mismatch between rates payable in respect of such Loans and interest rates in respect of the Notes. In particular, the notional amount of the Interest Rate Swap Transaction will be set at the last day of the calendar month preceding the relevant calculation period of the Interest Rate Swap Transaction and will only be reset on a monthly basis. The Interest Rate Swap Transaction covers a major share of the interest rate risk present in the context of the Notes.

Ratings of the Notes

A rating is not a recommendation to buy, sell or hold securities and there is no assurance that any such ratings will continue for any period of time or that they will not be reviewed, revised, suspended or withdrawn entirely by any one or more of the Rating Agencies as a result of changes in or unavailability of information or if, in the judgement of the Rating Agencies, circumstances so warrant. At any time, a Rating Agency may revise its relevant rating methodology, with the result that any rating assigned to the Notes may be lowered or withdrawn. A qualification, downgrade or withdrawal of any of the ratings mentioned above may impact upon the value of the Notes. The Class B Notes will not be rated by the Rating Agencies.

Agencies other than the Rating Agencies could seek to rate the Notes and if such "unsolicited ratings" are lower than the comparable ratings assigned to the Notes by the Rating Agencies, those unsolicited ratings could have an adverse effect on the value of the Notes. For the avoidance of doubt and unless the context otherwise requires, any reference to **ratings** or **rating** in this Prospectus is to the ratings assigned by the specified Rating Agencies only.

In general, European regulated investors are restricted under the CRA Regulation from using credit ratings for regulatory purposes, unless such ratings are issued by a credit rating agency established in the EU and registered under the CRA Regulation (and such registration has not been withdrawn or suspended), subject to transitional provisions that apply in certain circumstances whilst the registration application is pending. Such general restriction will also apply in the case of credit ratings issued by non-EU credit rating agencies, unless the relevant credit ratings are endorsed by an EU-registered credit rating agency or the relevant non-EU rating agency is certified in accordance with the CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended).

Rating Agency confirmation in relation to the Notes in respect of certain actions

The Conditions provide that if a Rating Agency Confirmation or other response by a Rating Agency is a condition to any action or step under any Transaction Document and a written request for such Rating Agency Confirmation or response is delivered to each Rating Agency by or on behalf of the Issuer and (i) (A) one Rating Agency (such Rating Agency, a **Non-Responsive Rating Agency**) indicates that it does not consider such Rating Agency Confirmation or response necessary in the circumstances or that it does not, as a matter of practice or policy, provide such Rating Agency Confirmation or response or (B) within 30 days of delivery of such request, no Rating Agency Confirmation or response is received and/or such request elicits no statement by such Rating Agency that such Rating Agency Confirmation or response could not be given; and (ii) one Rating Agency gives such Rating Agency Confirmation or response based on the same facts, then such condition to receive a Rating Agency Confirmation or response from each Rating Agency shall be modified so that there shall be no requirement for the Rating Agency Confirmation or response from the Non-Responsive Rating Agency if the Cash Manager on behalf of the Issuer provides to the Trustee a certificate signed by two directors certifying and confirming that each of the events in subparagraphs (i) (A) or (B) and (ii) has occurred following the delivery by or on behalf of the Issuer of a written request to each Rating Agency. Where a Rating Agency Confirmation or response is a condition to any action or step under any Transaction Document and it is deemed to be modified as a result of a Non-Responsive Rating Agency not having responded to the relevant request from the Issuer within 30 days, there remains a risk that such Non-Responsive Rating Agency may subsequently downgrade, qualify or withdraw the then current ratings of the Class A Notes as a result of the action or step. Such a downgrade, qualification or withdrawal of the then current ratings of the Class A Notes may have an adverse effect on the value of the Notes.

The Trustee shall be entitled to rely without Liability to any person on any certificate delivered to it in connection with a Non-Responsive Rating Agency pursuant to Condition 23. The Trustee shall not be required to investigate any action taken by the Issuer or such Non-Responsive Rating Agency and shall treat the applicable condition or requirement to receive a Rating Agency Confirmation or response from each Rating Agency as having been modified with the consent of all Noteholders and all parties to the relevant Transaction Documents so that there shall be no requirement for such Rating Agency Confirmation or response from the Non-Responsive Rating Agency.

No independent investigations; reliance on warranties in relation to the Loans

The Seller will give certain warranties to each of the Issuer and the Trustee regarding its Loans and their Related Security to be sold to the Issuer on the Closing Date (see "*The Portfolio – Sale of the Portfolio under the Mortgage Sale Agreement*" below for a summary of these).

None of the Trustee, the Arrangers nor the Issuer has undertaken, or will undertake, any investigations, searches or other actions of any nature whatsoever in respect of any Loan or its Related Security in the Portfolio and each relies instead on the warranties given in the Mortgage Sale Agreement by the Seller. Loans which have undergone such a limited investigation may be subject to matters which would have been revealed by a full investigation of title and which may have been remedied or, if incapable of remedy, may have resulted in the Related Security not being accepted as security for a Loan had such matters been revealed. The primary remedy of the Issuer against the Seller if any of the warranties made by the Seller is materially breached or proves to be materially untrue as at the Closing Date or, as the case may be, as at the last day of the calendar month in which any relevant Advance Date, Switch Date or Substitution Date occurred and is not remedied within 30 days of receipt by the Seller of a notice from the Issuer that such conditions are not satisfied, shall be to require the Seller to repurchase any relevant Loan and its Related Security. In addition the Seller will be required to repurchase a loan that is subject to a Further Advance, Product Switch or Substitution for a Loan that is subject to a repurchase (**Substitution**) if the relevant Further Advance Conditions, Product Switch Conditions or Substitution Conditions are not satisfied as at the last day of the calendar month in

which such Further Advance, Product Switch or Substitution is made and such breach is not remedied within 30 days of receipt by the Seller of a notice from the Issuer that such conditions are not satisfied. There can be no assurance that the Seller will have the financial resources to honour such obligations under the Mortgage Sale Agreement. This may affect the quality of the Loans and their Related Security in the Portfolio and accordingly the ability of the Issuer to make payments due on the Notes.

No assurance that the Issuer will receive the benefit of any claims made under any applicable Buildings insurance contract

The practice of the Seller in relation to buildings insurance is described under the section entitled "*The Portfolio –The Loans– Insurance Policies*" below. No assurance can be given that the Issuer will always receive the benefit of any claims made under any applicable buildings insurance contracts, that any contingency policies arranged by the Seller will remain in place or that the amounts received in respect of a successful claim will be sufficient to reinstate the affected Property. This could adversely affect the Issuer's ability to redeem the Notes.

Certain conflicts of interest may exist or may arise as a result of the parties to this transaction

Lloyds Bank Corporate Markets Plc is acting as an Arranger and Interest Rate Swap Provider, HSBC Bank plc is acting as the Account Bank, HSBC Bank plc is acting as an Arranger, Account Bank, Agent Bank, Swap Collateral Account Bank, Principal Paying Agent and Registrar. Other parties to the transaction may also perform multiple roles, including Principality, who will act as (among other roles) the Servicer, the Cash Manager and the Subordinated Loan Provider.

Nothing in the Transaction Documents shall prevent any of the parties to the Transaction Documents from rendering services similar to those provided for in the Transaction Documents to other persons, firms or companies or from carrying on any business similar to or in competition with the business of any of the parties to the Transaction Documents.

Accordingly, conflicts of interest may exist or may arise as a result of parties to this transaction:

- (a) having previously engaged or in the future engaging in transactions with other parties to the transaction;
- (b) having multiple roles in this transaction; and/or
- (c) carrying out roles in other transactions for third parties.

In addition to the interests described in this Prospectus, prospective investors should be aware that each of the Arrangers and their respective related entities, associates, officers or employees (each a **Relevant Entity**) (a) may from time to time be a Noteholder or have other interests with respect to the Notes and they may also have interests relating to other arrangements with respect to a Noteholder or a Note; (b) may receive (and will not have to account to any person for) fees, brokerage and commission or other benefits and act as principal with respect to any dealing with respect to any Notes; (c) may purchase all or some of the Notes and resell them in individually negotiated transactions with varying terms; and (d) may be or have been involved in a broad range of transactions including, without limitation, banking, dealing in financial products, credit, derivative and liquidity transactions, investment management, corporate and investment banking and research in various capacities in respect of the Notes, the Issuer or any Transaction Party, both on its own account and for the account of other persons.

As such, each Relevant Entity may have various potential and actual conflicts of interest arising in the ordinary course of its business. For example, a Relevant Entity's dealings with respect to the Notes, the Issuer or a Transaction Party may affect the value of the Notes as the interests of this Relevant Entity may conflict with the interests of a Noteholder, and that Noteholder may suffer loss as a result. To the maximum extent permitted by applicable law, no Relevant Entity

is restricted from entering into, performing or enforcing its rights in respect of the Transaction Documents or the interests described above and may continue or take steps to further or protect any of those interests and its business even where to do so may be in conflict with the interests of Noteholders. The Relevant Entities may in so doing act in its own commercial interests without notice to, and without regard to, the interests of the Noteholders or any other person. To the maximum extent permitted by applicable law, the duties of each Relevant Entity in respect of the Notes are limited to the relevant contractual obligations set out in the Transaction Documents (if any) and, in particular, no advisory or fiduciary duty is owed to any person. No Relevant Entity shall have any obligation to account to the Issuer, any other Transaction Party or any Noteholder for any profit as a result of any other business that it may conduct with either the Issuer or any other Transaction Party.

6. Macroeconomic and market risks

Absence of secondary market or lack of liquidity in the secondary market may adversely affect the market value of the Notes

No assurance is provided that there is an active and liquid secondary market for the Notes, and no assurance is provided that a secondary market for the Notes will develop or, if it does develop, that it will provide Noteholders with liquidity of investment for the life of the Notes. All of the Class A Notes will be sold to third-party investors. Principality will purchase all of the Class B Notes on the Closing Date. Any investor in the Notes must be prepared to hold its Notes for an indefinite period of time or until their Final Maturity Date or alternatively such investor may only be able to sell the Notes at a discount to the original purchase price of those Notes.

The secondary market for mortgage-backed securities has experienced disruptions as a result of economic conditions in the Eurozone. This had a material adverse impact on the market value of mortgage-backed securities and resulted in the secondary market for mortgage-backed securities similar to the Notes experiencing limited liquidity. In the future, limited liquidity in the secondary market may have an adverse effect on the market value of mortgage-backed securities, such as the Notes, especially those securities that are more sensitive to prepayment, credit or interest rate risk and those securities that have been structured to meet the requirements of limited categories of investors.

Concerns relating to credit risk (including that of sovereigns and of those entities which have exposure to sovereigns) persist, in particular with respect to current economic, monetary and political conditions in the Eurozone (please see further “General market volatility and post-UK referendum uncertainty” below). If such concerns further deteriorate (including as may be demonstrated by any relevant credit rating agency action, any default or restructuring of indebtedness by one or more states or institutions and/or any exit(s) by any member state(s) from the European Union and/or any changes to, including any break up of, the Eurozone), then these matters may cause further severe stress in the financial system generally and/or may adversely affect the UK housing market, the Issuer, one or more of the other parties to the Transaction Documents (including the Seller, the Servicer, the Back-Up Servicer Facilitator, the Cash Manager, the Account Bank and/or the Interest Rate Swap Provider) and/or any borrower in respect of the Loans. Given the current uncertainty and the range of possible outcomes, no assurance can be given as to the impact of any of the matters described above and, in particular, no assurance can be given that such matters would not adversely affect the rights of the Noteholders, the market value of the Notes and/or the ability of the Issuer to satisfy its obligations under the Notes.

Increases in prevailing market interest rates may adversely affect the performance and market value of the Notes

Borrowers with a Loan subject to a variable rate of interest or with a Loan for which the related interest rate adjusts following an initial fixed rate or low introductory rate, as applicable, may be

exposed to increased monthly payments if the related mortgage interest rate adjusts upward (or, in the case of a Loan with an initial fixed rate or low introductory rate, at the end of the relevant fixed or introductory period). This increase in Borrowers' monthly payments, which (in the case of a Loan with an initial fixed rate or low introductory rate) may be compounded by any further increase in the related mortgage interest rate during the relevant fixed or introductory period, ultimately may result in higher delinquency rates and losses in the future.

Borrowers seeking to avoid increased monthly payments (caused by, for example, the expiry of an initial fixed rate or low introductory rate, or a rise in the related mortgage interest rates) by refinancing their mortgage loans may no longer be able to find available replacement loans at comparably low interest rates. Any decline in housing prices may also leave Borrowers with insufficient equity in their homes to permit them to refinance. Furthermore, where the reversionary rate is the current Standard Variable Rate, in the Seller's mortgage terms, the reversionary rate for Borrowers reaching the end of their fixed periods may be lower than prevailing market rates. This would mean that it is less likely that they will refinance.

These events, alone or in combination, may contribute to higher delinquency rates, slower prepayment spreads and higher losses on the Portfolio, which in turn may affect the ability of the Issuer to make payments of interest and principal on the Notes.

The market continues to develop in relation to SONIA as a reference rate in the capital markets

Investors should be aware that the market continues to develop in relation to the Sterling Overnight Index Average (**SONIA**) as a reference rate in the capital markets and its adoption as an alternative to Sterling LIBOR. In particular, market participants and relevant working groups are exploring alternative reference rates based on SONIA, including term SONIA reference rates (which seek to measure the market's forward expectation of an average SONIA rate over a designated term). As a result, the market or a significant part thereof may adopt an application of SONIA that differs significantly from that set out in the Conditions and used in relation to Notes that reference a SONIA rate issued under this prospectus. Interest on Notes which reference a SONIA rate is only capable of being determined at the end of the relevant Observation Period and immediately prior to the relevant Interest Payment Date. It may be difficult for investors in Notes which reference a SONIA rate to reliably estimate the amount of interest which will be payable on such Notes.

Changes or uncertainty in respect of LIBOR and SONIA may affect the value and payment of interest under the Notes

Various interest rates and other indices which are deemed to be "benchmarks", including the Sterling Overnight Index Average (**SONIA**), are the subject of recent national, international and other regulatory reforms and proposals for reform. Some of these reforms are already effective while others are still to be implemented, including the EU Benchmarks Regulation (Regulation (EU) 2016/1011) (the **Benchmarks Regulation**).

Under the Benchmarks Regulation, which came into force from 1 January 2018, in general, new requirements will apply with respect to the provision of a wide range of benchmarks (including SONIA), the contribution of input data to a benchmark and the use of a benchmark within the European Union. In particular, the Benchmarks Regulation will, among other things, (i) require benchmark administrators to be authorised or registered (or, if non-EU-based, to be subject to an equivalent regime or otherwise recognised or endorsed) and to comply with extensive requirements in relation to the administration of benchmarks and (ii) prevent certain uses by EU-supervised entities of benchmarks of administrators that are not authorised or registered (or, if non-EU-based, deemed equivalent or recognised or endorsed).

In addition, the sustainability of the London Inter-Bank Offered Rate (**LIBOR**) has been questioned by the FCA as a result of the absence of relevant active underlying markets and possible disincentives (including possibly as a result of regulatory reforms) for market participants to continue contributing to such benchmarks. These reforms and other pressures

may cause such benchmarks to disappear entirely or to perform differently than in the past (as a result of a change in methodology or otherwise), create disincentives for market participants to continue to administer or participate in certain benchmarks or have other consequences which cannot be predicted.

In particular, investors should be aware that:

- (a) any of these reforms or pressures described above or any other changes to a relevant interest rate benchmark (including SONIA) could affect the level of the published rate, including to cause it to be lower and/or more volatile than it would otherwise be;
- (b) while an amendment may be made under Condition 17.2 (Additional Right of Modification) to change the SONIA rate on the Notes to an alternative base rate under certain circumstances broadly related to SONIA disruption or discontinuation and subject to certain conditions, there can be no assurance that any such amendment will be made or, if made, that it will (i) fully or effectively mitigate interest rate risks or result in an equivalent methodology for determining the interest rates on the Notes or (ii) be made prior to any date on which any of the risks described in this risk factor may become relevant; and
- (c) if SONIA is discontinued, and whether or not an amendment is made under Condition 17.2 (Additional Right of Modification) to change the SONIA rate on the Notes as described in paragraph (b) above, there can be no assurance that the applicable fall-back provisions under the Interest Rate Swap Agreement would operate so as to ensure that the base floating interest rate used to determine payments under the Interest Rate Swap Transaction is the same as that used to determine interest payments under the Class A Notes, or that any such amendment made under Condition 17.2 (Additional Right of Modification) would allow the Interest Rate Swap Transaction to effectively mitigate interest rate and currency risks on the Class A Notes.

Investors should note the various circumstances under which a Base Rate Modification may be made, which are specified in Conditions 17.2(i)(i)(A)(I) to (VII) (Additional Right of Modification). As noted above, these events broadly relate to SONIA's disruption or discontinuation, but also include, inter alia, any public statements by the SONIA administrator or its supervisor to that effect, and a Base Rate Modification may also be made if the Cash Manager reasonably expects any of these events to occur within six months of the proposed effective date of such Base Rate Modification. A Base Rate Modification may also be made if an alternative means of calculating a SONIA-based base rate is introduced which becomes a standard means of calculating interest for similar transactions. Investors should also note the various options permitted as an Alternative Base Rate as set out in Conditions 17.2(i)(i)(B)(I) to (IV) (Additional Right of Modification), which include, inter alia, a base rate utilised in a publicly-listed new issue of sterling-denominated asset-backed floating rate notes where the originator of the relevant assets is an affiliate of Principality Building Society or such other base rate as the Cash Manager reasonably determines. Investors should also note the negative consent requirements in relation to a Base Rate Modification (as to which, see "Meetings of Noteholders, Modification and Waivers" below).

When implementing any Base Rate Modification, the Trustee shall not consider the interests of the Noteholders, any other Secured Creditor or any other person, and shall act and rely solely and without further investigation on any certificate (including, but not limited to, a **Base Rate Modification Certificate**) or other evidence (including, but not limited to, a Ratings Confirmation) provided to them by the Issuer or Cash Manager, as the case may be, pursuant to Condition 17.2 (Additional Right of Modification) and shall not be liable to the Noteholders, any other Secured Creditor or any other person for so acting or relying, irrespective of whether any such modification is or may be materially prejudicial to the interests of any such person.

More generally, any of the above matters (including an amendment to change the SONIA rate as described in paragraph (c) above) or any other significant change to the setting or existence of SONIA could affect the ability of the Issuer to meet its obligations under the Notes and/or could have a material adverse effect on the value or liquidity of, and the amount payable under, the Notes. Changes in the manner of administration of SONIA could result in adjustment to the Conditions, early redemption, delisting or other consequence in relation to the Class A Notes. No assurance may be provided that relevant changes will not be made to SONIA or any other relevant benchmark rate and/or that such benchmarks will continue to exist. Investors should consider these matters when making their investment decision with respect to the Notes.

General market volatility and post-UK referendum uncertainty

Concerns relating to credit risk (including that of sovereigns and of those entities which have exposure to sovereigns) persist, in particular with respect to current economic, monetary and political conditions in the Eurozone. If such conditions further deteriorate (including as may be demonstrated by any relevant credit rating agency action, any default or restructuring of indebtedness by one or more states or institutions and/or any exit(s) by any member state(s) from the European Union and/or any changes to, including any break up of, the Eurozone), then these matters may cause further severe stress in the financial system generally and/or may adversely affect the UK housing market, the Issuer, one or more of the other parties to the transaction documents (including the seller, the servicer, the account bank and/or the swap providers) and/or any borrower in respect of the underlying loans.

In particular, prospective investors should note that, pursuant to a referendum held in June 2016, the UK has voted to leave the European Union and, on 29 March 2017, the UK Government invoked article 50 of the Lisbon Treaty and officially notified the European Union of its decision to withdraw from the European Union. This commenced the formal two-year process of negotiations regarding the terms of the withdrawal and the framework of the future relationship between the UK and the European Union (the **article 50 withdrawal agreement**).

The article 50 withdrawal agreement has not yet been ratified by the UK or the European Union. In October 2019, the parties agreed to a third extended time line which allows for ratification to take place any time prior to 31 January 2020. However, it remains uncertain whether the article 50 withdrawal agreement, or any alternative agreement, will be ratified by the UK and EU ahead of the deadline. If that deadline of 31 January 2020 is not met, unless the negotiation period is further extended or the Article 50 notification revoked, the Treaty on the European Union and the Treaty on the Functioning of the EU will cease to apply to the UK and the UK will lose access to the EU single market. Whilst continuing to discuss the article 50 withdrawal agreement and political declaration, the UK Government has commenced preparations for a “hard” Brexit (or “no-deal” Brexit) to minimise the risks for firms and businesses associated with an exit with no transitional agreement. This has included publishing draft secondary legislation under powers provided in the EU (Withdrawal) Act 2018 to ensure that there is a functioning statute book after any exit without a transitional period.

Due to the ongoing political uncertainty as regards the terms of the UK’s withdrawal from the European Union and the structure of the future relationship, it is not possible to determine the precise impact on general economic conditions in the UK, including the performance of the UK housing market. It is also not possible to determine the precise impact that these matters will have on the business of the Issuer (including the performance of the underlying loans), any other party to the transaction documents and/or any borrower in respect of the underlying loans, or on the regulatory position of any such entity or of the transactions contemplated by the transaction documents under European Union regulation or more generally.

No assurance can be given that any of the matters outlined above would not adversely affect the ability of the Issuer to satisfy its obligations under the notes and/or the market value and/or liquidity of the notes in the secondary market.

7. Risks relating to the Issuer

Insolvency proceedings and subordination provisions

There is uncertainty as to the validity and/or enforceability of a provision which (based on contractual and/or trust principles) subordinates certain payment rights of a creditor to the payment rights of other creditors of its counterparty upon the occurrence of insolvency proceedings relating to that creditor. In particular, recent cases have focused on provisions involving the subordination of a party's payment rights upon the occurrence of insolvency proceedings or other default on the part of such counterparty (so-called "flip clauses"). Such provisions are similar in effect to the terms included in the Transaction Documents relating to the subordination of Swap Subordinated Amounts payable in respect of the Interest Rate Swap Agreement (or any replacement interest rate swap agreement).

The English Supreme Court has held that a flip clause as described above is valid under English law. Contrary to this, however, the U.S. Bankruptcy Court has held that such a subordination provision is unenforceable under U.S. bankruptcy law and that any action to enforce such provision would violate the automatic stay which applies under such law in the case of a U.S. bankruptcy of the counterparty. The implications of this conflict remain unresolved.

If a creditor of the Issuer (such as the Interest Rate Swap Provider) or a related entity becomes subject to insolvency proceedings in any jurisdiction outside England and Wales (including, but not limited to, the US), and it is owed a payment by the Issuer, a question arises as to whether the insolvent creditor or any insolvency official appointed in respect of that creditor could successfully challenge the validity and/or enforceability of subordination provisions included in the English law governed Transaction Documents (such as a provision of the Priorities of Payments which refers to the ranking of the Interest Rate Swap Provider's payment rights in respect of Swap Subordinated Amounts). In particular, based on the decision of the US Bankruptcy Court referred to above, there is a risk that such subordination provisions would not be upheld under US bankruptcy laws. Such laws may be relevant in certain circumstances with respect to the Interest Rate Swap Provider (and/or with respect to any replacement counterparty, depending on certain matters in respect of that entity).

In general, if a subordination provision included in the Transaction Documents was successfully challenged under the insolvency laws of any relevant jurisdiction outside England and Wales and any relevant foreign judgment or order was recognised by the English courts, there can be no assurance that such actions would not adversely affect the rights of the Noteholders, the market value of the Notes and/or the ability of the Issuer to satisfy its obligations under the Notes.

Lastly, given the general relevance of the issues under discussion in the judgments referred to above and that the Transaction Documents include terms providing for the subordination of the Swap Subordinated Amounts, there is a risk that the final outcome of the dispute in such judgments (including any recognition action by the English courts) may result in negative rating pressure in respect of the Class A Notes. If any rating assigned to the Class A Notes is lowered, the market value of the Class A Notes may reduce.

English law security and insolvency considerations

The Issuer will enter into the Deed of Charge pursuant to which it will grant the Security in respect of certain of its obligations, including its obligations under the Notes (as to which, see "*Certain other Transaction Documents – Deed of Charge*"). In certain circumstances, including the occurrence of certain insolvency events in respect of the Issuer, the ability to realise the Security may be delayed and/or the value of the Security impaired. While the transaction structure is designed to minimise the likelihood of the Issuer becoming insolvent, there can be no assurance that the Issuer will not become insolvent and/or the subject of insolvency proceedings and/or that the Noteholders would not be adversely affected by the application of insolvency laws (including English insolvency laws).

In addition, it should be noted that, to the extent that the assets of the Issuer are subject only to a floating charge (including any fixed charge recharacterised by the courts as a floating charge), in certain circumstances under the provisions of section 176A of the Insolvency Act, certain floating charge realisations which would otherwise be available to satisfy the claims of Secured Creditors under the Deed of Charge may be used to satisfy any claims of unsecured creditors. While certain of the covenants given by the Issuer in the Transaction Documents are intended to ensure it has no significant creditors other than the Secured Creditors under the Deed of Charge, it will be a matter of fact as to whether the Issuer has any other such creditors at any time. There can be no assurance that the Noteholders will not be adversely affected by any such reduction in floating charge realisations upon the enforcement of the Security.

Fixed charges may take effect under English law as floating charges

The law in England and Wales relating to the characterisation of fixed charges is unsettled. The fixed charges purported to be granted by the Issuer (other than by way of assignment in security) may take effect under English law as floating charges only, if, for example, it is determined that the Trustee does not exert sufficient control over the Charged Property. If the charges take effect as floating charges instead of fixed charges, then, as a matter of law, certain claims would have priority over the claims of the Trustee in respect of the floating charge assets.

The interest of the Secured Creditors in property and assets over which there is a floating charge will rank behind the expenses of any administration or liquidator and the claims of certain preferential creditors on enforcement of the Security. Section 250 of the Enterprise Act 2002 abolishes Crown Preference in relation to all insolvencies (and thus reduces the categories of preferential debts that are to be paid in priority to debts due to the holder of a floating charge) but section 176A of the Insolvency Act requires a "prescribed part" (up to a maximum amount of £600,000) of the floating charge realisations available for distribution to be set aside to satisfy the claims of unsecured creditors. This means that the expenses of any administration, the claims of preferential creditors and the beneficiaries of the prescribed part will be paid out of the proceeds of enforcement of the floating charge ahead of amounts due to Noteholders. The prescribed part will not be relevant to property subject to a valid fixed security interest or to a situation in which there are no unsecured creditors.

Liquidation expenses

On 6 April 2008, a provision in the Insolvency Act 1986 came into force which effectively reversed by statute the House of Lords' decision in *Re Leyland Daf*. Accordingly, the costs and expenses of a liquidation (including certain tax charges) will be payable out of floating charge assets in priority to the claims of the floating charge-holder. In respect of certain litigation expenses of the liquidator only, this is subject to the approval of the amount of such expenses by the floating charge-holder (or, in certain circumstances, the court) pursuant to rules 4.218A to 4.218E of the Insolvency Rules 1986. As a result of the changes described above, upon the enforcement of the floating charge security granted by the Issuer, floating charge realisations which would otherwise be available to satisfy the claims of secured creditors under the Deed of Charge will be reduced by at least a significant proportion of any liquidation expenses. There can be no assurance that the Noteholders will not be adversely affected by such a reduction in floating charge realisations.

8. Legal risks and regulatory risks

Noteholders' interests may be adversely affected by a change of law

The transactions described in this Prospectus (including the issue of the Notes) and the ratings which are to be assigned to the Notes are based on the relevant law and administrative practice in effect as at the date hereof, and having regard to the expected tax treatment of all relevant entities under such law and practice. No assurance can be given as to the impact of any possible change to such law (including any change in regulation which may occur without a change in

primary legislation) administrative practice or tax treatment after the date of this Prospectus or can any assurance be given as to whether any such change would adversely affect the ability of the Issuer to make payments under the Notes. In addition, it should be noted that regulatory requirements (including any applicable retention, due diligence or disclosure obligations) may be recast or amended and there can be no assurance that any such changes will not adversely affect the compliance position of a transaction described in this Prospectus or of any party under any applicable law or regulation.

Regulatory initiatives may have an adverse impact on the regulatory treatment of the Notes

In Europe, the U.S. and elsewhere there is increased political and regulatory scrutiny of the asset-backed securities industry. This has resulted in a raft of measures for increased regulation which are currently at various stages of implementation and which may have an adverse impact on the regulatory position for certain investors in securitisation exposures and/or on the incentives for certain investors to hold asset-backed securities, and may thereby affect the liquidity of such securities. Investors in the Notes are responsible for analysing their own regulatory position and none of the Issuer, the Arrangers or Principality makes any representation to any prospective investor or purchaser of the Notes regarding the regulatory treatment of their investment on the Closing Date or at any time in the future.

In particular, investors should note that the Basel Committee on Banking Supervision (**BCBS**) has approved a series of significant changes to the Basel regulatory capital and liquidity framework (such changes being referred to by the BCBS as **Basel III**), including revisions to the securitisation framework which may result in increased regulatory capital requirements in respect of certain positions. Basel III provides for a substantial strengthening of existing prudential rules, including new requirements intended to reinforce capital standards (with heightened requirements for global systemically important banks) and to establish a leverage ratio "backstop" for financial institutions and certain minimum liquidity standards (referred to as the Liquidity Coverage Ratio and the Net Stable Funding Ratio). BCBS member countries agreed to implement the initial phase of the Basel III reforms from 1 January 2013 and the second phase from 1 January 2022, subject to transitional and phase-in arrangements for certain requirements. As implementation of any changes to the Basel framework (including those made via Basel III) requires national legislation, the final rules and the timetable for its implementation in each jurisdiction, as well as the treatment of asset-backed securities, may be subject to some level of national variation. It should also be noted that changes to regulatory capital requirements have been made for insurance and reinsurance undertakings through participating jurisdiction initiatives, such as the Solvency II framework in Europe.

In addition, investors should be aware of the EU risk retention and due diligence requirements which currently apply, or are expected to apply in the future, in respect of various types of EU regulated investors including credit institutions, authorised alternative investment fund managers, investment firms, insurance and reinsurance UCITS funds and institutions for occupational retirement provision. Amongst other things, such requirements restrict a relevant investor from investing in asset-backed securities unless (i) that investor is able to demonstrate that it has undertaken certain due diligence in respect of various matters including its note position, the underlying assets and (in the case of certain types of investors) the relevant sponsor or originator and (ii) the originator, sponsor or original lender in respect of the relevant securitisation has explicitly disclosed to the investor that it will retain, on an on-going basis, a net economic interest of not less than 5 % in respect of certain specified credit risk tranches or asset exposures. Failure to comply with one or more of the requirements may result in various penalties including, in the case of those investors subject to regulatory capital requirements, the imposition of a penal capital charge on the notes acquired by the relevant investor. Aspects of the requirements and what is or will be required to demonstrate compliance to national regulators remain unclear.

The risk retention and due diligence requirements described above apply, or are expected to apply, in respect of the Notes. With respect to the commitment of the Seller to retain a material

net economic interest in the securitisation and with respect to the information to be made available by the Issuer or another relevant party (or, after the Closing Date, by Principality in its capacity as the Servicer or the Cash Manager on the Issuer's behalf), please see the statements set out in the section of this Prospectus headed "*Regulatory Requirements*". Relevant investors are required to independently assess and determine the sufficiency of the information described above for the purposes of complying with any relevant requirements and none of the Issuer, Principality (in its capacity as the Seller, the Servicer or the Cash Manager), the Arrangers or any other party to the transaction makes any representation that the information described above is sufficient in all circumstances for such purposes.

Securitisation Regulation regime applies to the Notes and non-compliance with this regime may have an adverse impact on the regulatory treatment of the Notes and/or decrease liquidity of the Notes

The Securitisation Regulation applies in general (subject to certain grandfathering) from 1 January 2019, although some legislative measures necessary for the full implementation of the new regime have not yet been finalised and compliance with certain requirements is subject to the application of transitional provisions.

The Securitisation Regulation establishes certain common rules for all securitisations that fall within its scope (including recast of pre-1 January 2019 risk retention and investor due diligence regimes). The Securitisation Regulation has direct effect in member states of the EU and is to be implemented in due course in other countries in the EEA.

The Securitisation Regulation applies to the Notes. As such, certain European-regulated institutional investors, including credit institutions, investment firms, authorised alternative investment fund managers, insurance and reinsurance undertakings, certain undertakings for the collective investment of transferable securities (**UCITs**) and certain regulated pension funds (institutions for occupational retirement provision), are required to comply under Article 5 with certain due diligence requirements prior to holding a securitisation position and on an ongoing basis while holding the position. Among other things, prior to holding a securitisation position, such institutional investors are required to verify certain matters with respect to compliance of the relevant transaction parties with credit granting standards, risk retention and transparency requirements and, on transactions notified as STS, compliance of that transaction with the STS Requirements. If the relevant European-regulated institutional investor elects to acquire or holds the Notes having failed to comply with one or more of these requirements, this may result in the imposition of a penal capital charge on the Notes for institutional investors subject to regulatory capital requirements or a requirement to take a corrective action, in the case of a certain type of regulated fund investors. Aspects of the requirements of the Securitisation Regulation and what is or will be required to demonstrate compliance to national regulators remain unclear. Prospective investors should therefore make themselves aware of requirements applicable to them and are required to independently assess and determine the sufficiency of the information described in this Prospectus generally for the purposes of complying with such due diligence requirements under the Securitisation Regulation and any corresponding national measures which may be relevant.

Various parties to the securitisation transaction described in this Prospectus (including the Issuer) are also subject to the requirements of the Securitisation Regulation. However, there is at present some uncertainty in relation to some of these requirements and what is or will be required to demonstrate compliance to national regulators, including in particular with regard to the transparency obligations imposed under Article 7 of the Securitisation Regulation, the application of the transitional provisions in connection with such Article and the final position on the new disclosure templates to be applied under the new technical standards. Please note that the European Commission-adopted texts of Article 7 technical standards were published in October 2019, representing the near final position on the applicable reporting templates, but these are yet to be approved by the European Parliament and the Council of the European Union

and it is expected that these technical standards will be finalised and enter into force in Q1 2020. Until the final position on the outstanding technical standards and related guidance is known, there can be no assurance that the information in this Prospectus or to be made available to investors in accordance with Article 7 of the Securitisation Regulation will be adequate for any prospective institutional investors to comply with their due diligence obligations under the Securitisation Regulation.

Prospective investors in the Notes are responsible for analysing their own regulatory position, and should consult their own advisers in this respect.

The Securitisation Regulation (and the associated Regulation (EU) 2017/2401, which amends certain provisions of Regulation (EU) No 575/2013 as it relates to securitisation (the **CRR Amendment Regulation**) also includes provisions intended to implement the revised securitisation framework developed by BCBS (with adjustments) and provides, among other things, for harmonised foundation criteria and procedures applicable to securitisations seeking designation as STS securitisation.

The STS securitisation designation impacts on the potential ability of the Notes to achieve better or more flexible regulatory treatment under various EU regimes that were amended (or will be amended in due course) to take into account the STS framework (such as Type 1 securitisation under Solvency II, as amended; regulatory capital treatment under the securitisation framework of the Capital Requirements Regulation, as amended by the CRR Amendment Regulation; Type 2B securitisation under the LCR Regulation, as amended and the forthcoming changes (which are yet to be finalised) to the EMIR regime that will address certain exemptions for STS securitisation swaps, as to which investors are referred to the risk factor entitled “*European Market Infrastructure Regulation*”.

Simple, Transparent and Standardised Securitisations

It is intended that an STS Notification will be submitted to ESMA by Principality. The STS Notification, once notified to ESMA, will be available for download on the ESMA STS Register website.

Principality has used the services of Prime Collateralised Securities (PCS) UK Limited (**PCS**) as a verification agent authorised under Article 28 of the Securitisation Regulation in connection with an assessment of the compliance of the Notes with the requirements of Articles 19 to 22 of the Securitisation Regulation (the **STS Verification**) and to provide additional assessments with regard to the status for the purposes of Articles 243 and 270 of the CRR and Articles 7 and 13 of the LCR Regulation (the **STS Additional Assessments**). It is expected that the STS Additional Assessments and STS Verification prepared by PCS will be available on the PCS website (<https://www.pcsmarket.org/sts-verification-transactions/>) together with detailed explanations of its scope at <https://pcsmarket.org/disclaimer/> on and from the Closing Date. For the avoidance of doubt, this PCS website and the contents thereof do not form part of this Prospectus.

It is important to note that the involvement of an STS Verification Agent is not mandatory and the responsibility for compliance with the Securitisation Regulation remains with the relevant institutional investors, originators, sponsors and issuers, as applicable in each case. An STS Verification and/or STS Additional Assessments will not absolve such entities from making their own assessments with respect to the Securitisation Regulation and of the relevant regulatory provisions, and an STS Verification and/or STS Additional Assessments cannot be relied on to determine compliance with the foregoing regulations in the absence of such assessments by the relevant entities.

No assurance can be provided that the securitisation transaction described in this Prospectus does or will continue to qualify as an STS securitisation under the Securitisation Regulation as at the date of this Prospectus or at any point in time in the future.

Banking Act 2009

The Banking Act 2009 (the **Banking Act**) includes provision for a special resolution regime pursuant to which specified UK authorities have extended tools to deal with the failure (or likely failure) of certain UK incorporated entities, including authorised deposit-taking institutions and investment firms, and powers to take certain resolution actions in respect of third country institutions. In addition, powers may be used in certain circumstances in respect of UK established banking group companies, where such companies are in the same group as a relevant UK or third country institution or in the same group as a European Economic Area (EEA) credit institution or investment firm. Relevant transaction parties for these purposes include Principality Building Society in its various capacities, the Account Bank and Lloyds Bank Corporate Markets Plc as the Interest Rate Swap Provider.

The tools available under the Banking Act include share and property transfer powers (including powers for partial property transfers), bail-in powers, certain ancillary powers (including powers to modify contractual arrangements in certain circumstances) and special insolvency procedures which may be commenced by the UK authorities. In respect of UK building societies, the relevant tools include (i) modified property transfer powers which also refer to cancellation of shares and conferring rights and liabilities in place of such shares, (ii) modified share transfer powers as well as a public ownership tool which may involve (amongst other things) arranging for deferred shares in a building society to be publicly owned, cancellation of private membership rights and the eventual winding up or dissolution of the building society and (iii) modified bail-in powers such that exercise of the tool may be immediately preceded by the demutualisation of the building society through the conversion of it into a company or the transfer of all of the property, rights or liabilities of the society to a company. It is possible that the extended tools described above could be used prior to the point at which an application for insolvency proceedings with respect to a relevant entity could be made and, in certain circumstances, the UK authorities may exercise broad pre-resolution powers in respect of relevant entities with a view to removing impediments to the exercise of the stabilisation tools.

In general, the Banking Act requires the UK authorities to have regard to specified objectives in exercising the powers provided for by the Banking Act. One of the objectives (which is required to be balanced as appropriate with the other specified objectives) refers to the protection and enhancement of the stability of the financial system of the United Kingdom. The Banking Act includes provisions related to compensation in respect of instruments and orders made under it. In general, there is considerable uncertainty about the scope of the powers afforded to UK authorities under the Banking Act and how the authorities may choose to exercise them.

If an instrument or order were to be made under the provisions of the Banking Act currently in force in respect of a relevant entity as described above, such action may (amongst other things) affect the ability of such entity to satisfy its obligations under the Transaction Documents and/or result in the cancellation, modification or conversion of certain unsecured liabilities of such entity under the Transaction Documents or in other modifications to such documents. In particular, modifications may be made pursuant to powers permitting (i) certain trust arrangements to be removed or modified, (ii) contractual arrangements between relevant entities and other parties to be removed, modified or created where considered necessary to enable a transferee in the context of a property or share transfer to operate the transferred business effectively and (iii) in connection with the modification of an unsecured liability through use of the bail-in tool, the discharge of a relevant entity from further performance of its obligations under a contract. In addition, subject to certain conditions, powers would apply to require a relevant instrument or order (and related events) to be disregarded in determining whether certain widely defined "default events" have occurred (which events may include trigger events included in the Transaction Documents in respect of the relevant entity, including termination events and (in the case of the Seller) trigger events in respect of perfection of legal title to the Mortgage Loans). As a result, the making of an instrument or order in respect of a relevant

entity as described above may affect the ability of the Issuer to meet its obligations in respect of the Notes.

As noted above, the stabilisation tools may be used in respect of certain banking group companies provided certain conditions are met. If the Issuer was regarded to be a banking group company and no exclusion applied, then it would be possible in certain scenarios for the relevant authority to exercise one or more relevant stabilisation tools (including the property transfer powers and/or the bail-in powers) in respect of it, which could result in reduced amounts being available to make payments in respect of the Notes and/or in the modification, cancellation or conversion of any unsecured portion of the liability of the Issuer under the Notes at the relevant time. In this regard, it should be noted that the UK authorities have provided an exclusion for certain securitisation companies, which exclusion is expected to extend to the Issuer, although aspects of the relevant provisions are not entirely clear.

If the bail-in powers were used in respect of a building society (such as Principality), then pursuant to section 84D of the Banking Act, a banking group company is defined for the purposes of such powers to be a "subsidiary" of the relevant building society (or any successor company where demutualisation has taken place). The term "subsidiary" is not defined for these purposes. As a result, it is not clear whether or not the Issuer would be regarded to be a subsidiary and, as a result, whether the bail-in powers could be used in respect of any unsecured liabilities of it. However, we would note that membership, control and/or voting rights are common features of a parent-subsidiary relationship, and Principality is not a member of the Issuer and does not hold or control any voting rights in the Issuer. As a result the Notes are not eligible liabilities in respect of which the bail-in tool may be used if the security is sufficient to secure the Notes at the relevant time.

At present, the UK authorities have not made an instrument or order under the Banking Act in respect of the entities referred to above and there has been no indication that any such instrument or order will be made, but there can be no assurance that this will not change and/or that Noteholders will not be adversely affected by any such instrument or order if made. While there is provision for compensation in certain circumstances under the Banking Act, there can be no assurance that Noteholders would recover compensation promptly and equal to any loss actually incurred.

Lastly, as a result of Directive 2014/59/EU providing for the establishment of an EEA-wide framework for the recovery and resolution of credit institutions and investment firms and any relevant national implementing measures, it is possible that an institution with its head office in an EEA state other than the UK and/or certain group companies could be subject to certain resolution actions in that other state. Once again, any such action may affect the ability of any relevant entity to satisfy its obligations under the Transaction Documents and there can be no assurance that Noteholders will not be adversely affected as a result.

European Market Infrastructure Regulation

The European Market Infrastructure Regulation (EU) No 648/2012 of the European Parliament and Council on OTC derivatives, central counterparties and trade repositories dated 4 July 2012 (and which came into force on 16 August 2012) (**EMIR**) (as amended by Regulation (EU) No 2019/834 (**EMIR Refit 2.1**)) prescribes a number of regulatory requirements for counterparties to derivatives contracts including (i) a mandatory clearing obligation for certain classes of OTC derivatives contracts (the **Clearing Obligation**); (ii) collateral exchange, daily valuation and other risk mitigation requirements for OTC derivatives contracts not subject to clearing (the **Risk Mitigation Requirements**); and (iii) certain reporting requirements. In general, the application of such regulatory requirements in respect of an Interest Rate Swap Agreement will depend on the classification of the counterparties to such derivative transaction.

Pursuant to EMIR, counterparties can be classified as: (i) financial counterparties (**FCs**) (which, following changes made by EMIR Refit 2.1, includes a sub-category of small FCs (**SFCs**)), and

(ii) non-financial counterparties (NFCs). The category of “NFC” is further split into: (i) non-financial counterparties whose trading exceeds the “clearing threshold” (NFC+s), and (ii) non-financial counterparties whose trading falls below the “clearing threshold” (NFC-s). Whereas FCs and NFC+ entities may be subject to the Clearing Obligation or, to the extent that the relevant derivatives transactions are not subject to clearing, to the collateral exchange obligation and the daily valuation obligation under the Risk Mitigation Requirements, such obligations do not apply in respect of NFC- entities.

The Issuer is currently an NFC-, although a change in its position cannot be ruled out. Should the status of the Issuer change to NFC+, this may result in the application of the Clearing Obligation or the collateral exchange obligation and the daily valuation obligation under the Risk Mitigation Requirements, although it seems unlikely that any Interest Rate Swap Agreement would be a relevant type of OTC derivative contract that would be subject to the Clearing Obligation under the relevant implementing measures made to date. It should also be noted that the collateral exchange obligation should not apply in respect of any Interest Rate Swap Agreement entered into prior to the relevant application date unless such a swap is materially amended on or after that date.

If the classification of the Issuer changes and, to the extent relevant, one or more of the Interest Rate Swap Agreements is regarded to be in-scope, then an Interest Rate Swap Agreement entered into or materially amended at a relevant time may become subject to the Clearing Obligation or (more likely) to the collateral exchange obligation. Prospective investors should note that there is some uncertainty with respect to the ability of the Issuer to comply with these obligations if applicable, which may (i) lead to regulatory sanctions, (ii) adversely affect the ability of the Issuer to continue to be party to an Interest Rate Swap Agreement (possibly resulting in a restructuring or termination of the Interest Rate Swap Agreement) or to enter into Interest Rate Swap Agreements and/or (iii) significantly increase the cost of such arrangements, thereby negatively affecting the ability of the Issuer to hedge certain risks. As a result, the amounts available to the Issuer to meet its obligations may be reduced, which may in turn result in investors’ receiving less interest or principal than expected.

It should also be noted that the Securitisation Regulation (which applied in general from 1 January 2019), among other things, makes provisions for the development of technical standards in connection with the EMIR regime specifying (i) an exemption from clearing obligations and (ii) a partial exemption from the collateral exchange obligations for non-cleared OTC derivatives, in each case for “simple, transparent and standardised” (STS) securitisation swaps (subject to the satisfaction of the relevant conditions). The final draft technical standards have been prepared by the European Supervisory Authorities and submitted to the European Commission in December 2018 and these are now subject to the EU political negotiation process. As a result, the time of entry into force and the date of application of the new technical standards is unknown at this point.

As noted in the section titled “*Simple, Transparent and Standardised Securitisations*” below, it is intended that an STS Notification will be submitted to ESMA by Principality. However, until the final new technical standards referred to above are in force, no assurance can be given that the Issuer Swaps will meet the applicable exemption criteria provided therein. Notwithstanding the STS designation and the ability, as a result, to rely on the exemptions from clearing and collateral exchange obligations under the EMIR regime, the expectation is that the Issuer should not be required to comply with the EMIR collateral exchange obligations and clearing requirements for the reasons outlined above (being their NFC- status) in any event. The STS designation and the related forthcoming exemptions from collateral exchange obligations and clearing requirements are only likely to become relevant should the status under the EMIR of the Issuer change from NFC- to NFC+ or FC and, if applicable, should the Issuer Swaps be regarded as a type that is subject to EMIR clearing requirement.

Lastly, it should be noted that, as described above under “Meetings of Noteholders, modification and waiver”, EMIR-related amendments may be made to the transaction documents and/or to the terms and conditions applying to Notes.

Effects of the Volcker Rule on the Issuer

The Issuer is of the view that it is not now, and immediately following the issuance of the Notes and the application of the proceeds thereof it will not be, a "covered fund" as defined in the regulations adopted under Section 13 of the Bank Holding Company Act of 1956, as amended, commonly known as the "Volcker Rule". Although other exclusions may be available to the Issuer, this conclusion is based on the exemption from the definition of "investment company" in the U.S. Investment Company Act of 1940 provided by Section 3(c)(5) thereunder. The general effects of the Volcker Rule remain uncertain. Any prospective investor in the Notes, including a U.S. or foreign bank or a subsidiary or other affiliate thereof, should consult its own legal advisors regarding such matters and other effects of the Volcker Rule.

U.S. Risk Retention Requirements

Section 941 of the Dodd-Frank Act amended the Exchange Act to generally require the "securitizer" of a "securitization transaction" to retain at least 5 % of the "credit risk" of "securitized assets", as such terms are defined for the purposes of that statute, and generally prohibit a securitizer from directly or indirectly eliminating or reducing its credit exposure by hedging or otherwise transferring the credit risk that the securitizer is required to retain. The U.S. Risk Retention Rules came into effect on 24 December 2015 with respect to residential mortgage-backed securitizations. The U.S. Risk Retention Rules provide that the securitizer of an asset backed securitization is its sponsor. The U.S. Risk Retention Rules also provide for certain exemptions from the risk retention obligation that they generally impose.

The Seller, as the sponsor under the U.S. Risk Retention Rules, does not intend to retain at least 5 % of the credit risk of the securitized assets for purposes of compliance with the U.S. Risk Retention Rules, but rather intends to rely on an exemption provided for in Section __.20 of the U.S. Risk Retention Rules regarding non-U.S. transactions. Such non-U.S. transactions must meet certain requirements, including that (1) the transaction is not required to be and is not registered under the Securities Act; (2) no more than 10 % of the dollar value (or equivalent amount in the currency in which the "ABS interests" (as defined in Section __.20 of the U.S. Risk Retention Rules) are issued) of all classes of ABS interests issued in the securitization transaction are sold or transferred to, or for the account or benefit of, U.S. persons (as defined in the U.S. Risk Retention Rules, **Risk Retention U.S. Persons**); (3) neither the sponsor nor the issuer of the securitization transaction is organised under U.S. law or is a branch located in the United States of a non-U.S. entity; and (4) no more than 25 % of the underlying collateral was acquired from a majority-owned affiliate or branch of the sponsor or issuer organised or located in the United States.

The Portfolio will be comprised of mortgage loans and their related security, all of which are originated by the Seller, a company incorporated in England. See the section entitled "*The Servicer*".

Prior to any Notes which are offered and sold by the Issuer being purchased by, or for the account or benefit of, any Risk Retention U.S. Person, the purchaser of such Notes must first disclose to the Arrangers that it is a Risk Retention U.S. Person and obtain the written consent of the Seller in the form of a U.S. Risk Retention Consent. Prospective investors should note that the definition of U.S. person in the U.S. Risk Retention Rules is substantially similar to, but not identical to, the definition of U.S. person under Regulation S, and that persons who are not "U.S. persons" under Regulation S may be U.S. persons under the U.S. Risk Retention Rules. The definition of U.S. person in the U.S. Risk Retention Rules is excerpted below. Particular attention should be paid to clauses (b) and (h), which are different than comparable provisions from Regulation S.

Under the U.S. Risk Retention Rules, and subject to limited exceptions, "U.S. person" (and "Risk Retention U.S. Person" as used in this Prospectus) means any of the following:

- (a) any natural person resident in the United States;
- (b) any partnership, corporation, limited liability company, or other organisation or entity organised or incorporated under the laws of any State or of the United States¹;
- (c) any estate of which any executor or administrator is a U.S. person (as defined under any other clause of this definition);
- (d) any trust of which any trustee is a U.S. person (as defined under any other clause of this definition);
- (e) any agency or branch of a foreign entity located in the United States;
- (f) any non-discretionary account or similar account (other than an estate or trust) held by a dealer or other fiduciary for the benefit or account of a U.S. person (as defined under any other clause of this definition);
- (g) any discretionary account or similar account (other than an estate or trust) held by a dealer or other fiduciary organised, incorporated, or (if an individual) resident in the United States; and
- (h) any partnership, corporation, limited liability company, or other organisation or entity if:
 - (i) organised or incorporated under the laws of any foreign jurisdiction; and
 - (ii) formed by a U.S. person (as defined under any other clause of this definition) principally for the purpose of investing in securities not registered under the Securities Act²;

Each holder of a Note or a beneficial interest therein acquired in the initial syndication of the Notes, by its acquisition of a Note or a beneficial interest in a Note, will be deemed, and, in certain circumstances, will be required to represent to the Issuer, the Seller and the Arrangers that it (1) either (i) is not a Risk Retention U.S. Person or (ii) it has obtained a U.S. Risk Retention Consent, (2) is acquiring such Note or a beneficial interest therein for its own account and not with a view to distribute such Note and (3) is not acquiring such Note or a beneficial interest therein as part of a scheme to evade the requirements of the U.S. Risk Retention Rules (including acquiring such Note through a non-Risk Retention U.S. Person, rather than a Risk Retention U.S. Person, as part of a scheme to evade the 10 % Risk Retention U.S. Person limitation in the exemption provided for in Section 20 of the U.S. Risk Retention Rules described herein).

The Seller has advised the Issuer that it will not provide a U.S. Risk Retention Consent to any investor if such investor's purchase would result in more than 10 % of the dollar value (or equivalent amount in the currency in which the securities are issued) (as determined by fair value under US GAAP) of all Classes of Notes to be sold or transferred to Risk Retention U.S. Persons on the Closing Date.

¹ The comparable provision from Regulation S is "(ii) any partnership or corporation organised or incorporated under the laws of the United States.

² The comparable provision from Regulation S "(vii)(B) formed by a U.S. person principally for the purpose of investing in securities not registered under the Securities Act, unless it is organised or incorporated, and owned, by accredited investors (as defined in 17 CFR 230.501(a)) who are not natural persons, estates or trusts.

There can be no assurance that the requirement to request the Seller to give its prior written consent to any Notes which are offered and sold by the Issuer being purchased by, or for the account or benefit of, any Risk Retention U.S. Person will be complied with or will be made by such Risk Retention U.S. Persons.

There can be no assurance that the exemption provided for in Section 20 of the U.S. Risk Retention Rules regarding non-U.S. transactions will be available. No assurance can be given as to whether a failure by the Seller to comply with the U.S. Risk Retention Rules (regardless of the reason for such failure to comply) may give rise to regulatory action which may adversely affect the Notes or the market value of the Notes. Furthermore, the impact of the U.S. Risk Retention Rules on the securitization market generally is uncertain, and a failure by the Seller to comply with the U.S. Risk Retention Rules could therefore negatively affect the market value and secondary market liquidity of the Notes.

None of the Arrangers, the Issuer or any other Transaction Party or any of their affiliates makes any representation to any prospective investor or purchaser of the Notes as to whether the transactions described in this Prospectus comply as a matter of fact with the U.S. Risk Retention Rules on the Closing Date or at any time in the future. Investors should consult their own advisors as to the U.S. Risk Retention Rules. No predictions can be made as to the precise effects of such matters on any investor or otherwise.

Legal considerations may restrict certain investments

The investment activities of certain investors are subject to investment laws and regulations, or review or regulation by certain authorities. Each potential investor of the Notes should consult its legal advisers to determine whether and to what extent: (i) the Notes are legal investments for it; (ii) the Notes can be used as collateral for various types of borrowing; and (iii) other restrictions apply to its purchase or pledge of any Notes. Financial institutions should consult their legal advisers or the appropriate regulators to determine the appropriate treatment of the Notes under any applicable risk-based capital or similar rules.

9. Tax risks

The proposed financial transactions tax

On 14 February 2013, the European Commission issued proposals, including a draft Directive (the **Commission's proposal**) for a financial transaction tax (**FTT**) to be adopted in certain participating EU member states (including Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia, although Estonia has since stated that it will not participate). If the Commission's proposal was adopted, the FTT would be a tax primarily on "financial institutions" (which would include the Issuer) in relation to "financial transactions" (which would include the conclusion or modification of derivative contracts and the purchase and sale of financial instruments).

Under the Commission's proposal, the FTT could apply in certain circumstances to persons both within and outside of the participating member states. Generally, it would apply where at least one party is a financial institution, and at least one party is established in a participating member state. A financial institution may be, or be deemed to be, "established" in a participating member state in a broad range of circumstances, including (a) by transacting with a person established in a participating member state or (b) where the financial instrument which is subject to the financial transaction is issued in a participating member state.

The FTT may give rise to tax liabilities for the Issuer with respect to certain transactions (including concluding swap transactions and/or purchases or sales of securities (such as authorised investments)) if it is adopted based on the Commission's proposal. Any such tax liabilities may reduce amounts available to the Issuer to meet its obligations under the Notes and may result in investors receiving less interest or principal than expected. To the extent that such liabilities may arise at a time when winding up proceedings have been commenced in respect of

the Issuer, such liabilities may be regarded as an expense of the liquidation and, as such, be payable out of the floating charge assets of the Issuer (and its general estate) in priority to the claims of Noteholders and other secured creditors. It should also be noted that the FTT could be payable in relation to relevant transactions by investors in respect of the Notes (including secondary market transactions) if the conditions for a charge to arise are satisfied and the FTT is adopted based on the Commission's proposal. Primary market transactions referred to in Article 5(c) of Regulation (EC) No 1287/2006 are expected to be exempt.

However, the FTT proposal remains subject to negotiation between the participating member states and the scope and timing of any such tax is uncertain. Additional EU member states may decide to participate.

Prospective holders of the Notes are advised to seek their own professional advice in relation to the FTT.

Withholding tax under the Notes

Provided that the Notes are and continue to be "listed on a recognised stock exchange" (within the meaning of section 1005 of the Income Tax Act 2007), as at the date of this Prospectus no withholding or deduction for or on account of United Kingdom income tax will be required on payments of interest on the Notes. However, there can be no assurance that the law in this area will not change during the life of the Notes.

In the event that any withholding or deduction for or on account of any tax is imposed in respect of the Notes, neither the Issuer nor any other person is obliged to gross up or otherwise compensate the Noteholders for such withholding or deduction. However, in such circumstances, the Issuer may, at its option, redeem all (but not some only) of the Notes in each class at their Principal Amount Outstanding and will, in accordance with Condition 9.4 (*Optional Redemption in whole for taxation reasons*), before doing so be required to provide to the Trustee a certificate signed by two directors to the effect that the obligation to make a Tax Deduction cannot be avoided. The applicability of any withholding or deduction for or on account of United Kingdom tax on payments of interest on the Notes is discussed further under "*United Kingdom Taxation*" below.

UK taxation treatment of the Issuer

The Issuer has been advised that it should fall within the permanent regime for the taxation of securitisation companies (as set out in the Taxation of Securitisation Companies Regulations 2006 (SI 2006/3296) (as amended) (the **Securitisation Tax Regulations**)), and, as such, should be taxed only on the amount of its "retained profit" (as that term is defined in the Securitisation Tax Regulations) for so long as it satisfies the conditions of the Securitisation Tax Regulations.

However, if the Issuer does not in fact satisfy the conditions of the Securitisation Tax Regulations (or subsequently ceases to satisfy those conditions), then the Issuer may be subject to tax liabilities not contemplated in the cash flows for the transaction described in this Prospectus. Any such tax liabilities may reduce amounts available to the Issuer to meet its obligations under the Notes and may result in investors receiving less interest and/or principal than expected. However, in such circumstances, the Issuer may, at its option, be entitled to redeem all (but not some only) of the Notes in each Class at their Principal Amount Outstanding in accordance with Condition 9.4 (*Optional Redemption in whole for taxation reasons*).

10. Risks relating to the characteristics of the Notes

The minimum denominations of the Notes may adversely affect payments on the Notes if issued in definitive form

The Notes have a denomination consisting of a minimum authorised denomination of £100,000 plus higher integral multiples of £1,000. Accordingly, it is possible that the Notes may be

traded in amounts in excess of the minimum authorised denomination that are not integral multiples of such denomination. In such a case, if definitive Notes are required to be issued, a Noteholder who holds a principal amount less than the minimum authorised denomination at the relevant time may not receive a definitive Note in respect of such holding and may need to purchase a principal amount of Notes such that their holding amounts to the minimum authorised denomination (or another relevant denomination amount).

If definitive Notes are issued, Noteholders should be aware that definitive Notes which have a denomination that is not an integral multiple of the minimum authorised denomination may be illiquid and difficult to trade

Book-Entry Interests

Unless and until Definitive Certificates are issued in exchange for the Book-Entry Interests, holders and beneficial owners of Book-Entry Interests will not be considered the legal owners or holders of the Notes under the Trust Deed. After payment to the Principal Paying Agent, the Issuer will not have responsibility or liability for the payment of interest, principal or other amounts in respect of the Notes to Euroclear or Clearstream, Luxembourg or to holders or beneficial owners of Book-Entry Interests.

A nominee for the Common Safekeeper will be considered the registered holder of the Notes as shown in the records of Euroclear or Clearstream, Luxembourg and will be the sole legal holder of the Global Notes under the Trust Deed while the Notes are represented by the Global Notes. Accordingly, each person owning a Book-Entry Interest must rely on the relevant procedures of Euroclear and Clearstream, Luxembourg and, if such person is not a participant in such entities, on the procedures of the participant through which such person owns its interest, to exercise any right of a Noteholder under the Trust Deed.

Except as noted in the previous paragraph, payments of principal and interest on, and other amounts due in respect of, the Global Notes will be made by the Principal Paying Agent to a nominee of the Common Safekeeper for Euroclear and Clearstream, Luxembourg. Upon receipt of any payment from the Principal Paying Agent, Euroclear and Clearstream, Luxembourg, as applicable, will promptly credit participants' accounts with payment in amounts proportionate to their respective ownership of Book-Entry Interests as shown on their records. The Issuer expects that payments by participants or indirect payments to owners of Book-Entry Interests held through such participants or indirect participants will be governed by standing customer instructions and customary practices, as is now the case with the securities held for the accounts of customers registered in "street name", and will be the responsibility of such participants or indirect participants. None of the Issuer, the Trustee, any Paying Agent or the Registrar will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, the Book-Entry Interests or for maintaining, supervising or reviewing any records relating to such Book-Entry Interests.

Unlike Noteholders, holders of the Book-Entry Interests will not have the right under the Trust Deed to act upon solicitations by or on behalf of the Issuer for consents or requests by or on behalf of the Issuer for waivers or other actions from Noteholders. Instead, a holder of Book-Entry Interests will be permitted to act only to the extent it has received appropriate proxies to do so from Euroclear or Clearstream, Luxembourg (as the case may be) and, if applicable, their participants. There can be no assurance that procedures implemented for the granting of such proxies will be sufficient to enable holders of Book-Entry Interests to vote on any requested actions on a timely basis. Similarly, upon the occurrence of an Event of Default under the Notes, holders of Book-Entry Interests will be restricted to acting through Euroclear and Clearstream, Luxembourg unless and until Definitive Certificates are issued in accordance with the relevant provisions described herein under "*Terms and Conditions of the Notes*" below. There can be no assurance that the procedures to be implemented by Euroclear and Clearstream, Luxembourg under such circumstances will be adequate to ensure the timely exercise of remedies under the Trust Deed.

Although Euroclear and Clearstream, Luxembourg have agreed to certain procedures to facilitate transfers of Book-Entry Interests among account holders of Euroclear and Clearstream, Luxembourg, they are under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued at any time. None of the Issuer, the Trustee, any Paying Agent, the Registrar or any of their agents will have any responsibility for the performance by Euroclear or Clearstream, Luxembourg or their respective participants or account holders of their respective obligations under the rules and procedures governing their operations.

The lack of Notes in physical form could also make it difficult for a Noteholder to pledge such Notes if Notes in physical form are required by the party demanding the pledge and hinder the ability of the Noteholder to recall such Notes because some investors may be unwilling to buy Notes that are not in physical form.

Certain transfers of Notes or interests therein may only be effected in accordance with, and subject to, certain transfer restrictions and certification requirements.

TRANSACTION OVERVIEW - OVERVIEW OF THE TERMS AND CONDITIONS OF THE NOTES

Please refer to the section entitled "**Terms and Conditions of the Notes**" for further details in respect of the terms of the Notes.

Ranking of Payments of Interest: Payments of interest on the Class A Notes and the Class B Notes will be paid in Sequential Order. Payments of interest on the Class B Notes rank behind payments made to the General Reserve Fund.

The Notes within each individual class will rank *pro rata* and *pari passu* and rateably among themselves at all times in respect of payments of interest to be made to such individual class.

Any reference to a **class** of Noteholders shall be a reference to the Class A Notes and the Class B Notes, as the case may be, or to the respective holders thereof.

Ranking of Payments of Principal: Payments of principal on the Class A Notes and the Class B Notes will be paid in Sequential Order.

The Notes within each individual class will rank *pro rata* and *pari passu* and rateably among themselves at all times in respect of payments of principal to be made to such individual class.

For a more detailed summary of the Priority of Payments, please refer to the section entitled "*Cashflows and Cash Management*".

Most Senior Class: The Class A Notes whilst they remain outstanding and thereafter the Class B Notes.

Sequential Order: Firstly, to the Class A Notes and secondly to the Class B Notes.

Security: The Issuer's obligations in respect of the Notes are secured and will share the same Security together with the other secured obligations of the Issuer in accordance with the Deed of Charge as described in further detail in Condition 6 (*Security*). The security granted by the Issuer includes:

- (a) a first fixed charge over the Loans and the Related Security acquired by the Issuer;
- (b) a charge at law over indebtedness comprising an obligation or liability to pay money secured by each registered charge of which it is registered as proprietor at the Land Registry of England and Wales (the **Land Registry**) (such registration to occur following a Perfection Trigger Event);
- (c) a first fixed charge over the benefit of each Authorised Investment;
- (d) first fixed charges over the Transaction Account, the Swap Collateral Accounts and other bank accounts of the Issuer established on or after the Closing Date in accordance with the Account Bank Agreement or the other Transaction Documents;
- (e) an assignment by way of security of the benefit under each relevant Transaction Document (other than the Trust

Documents); except that the assignment by way of security of all of the Issuer's right, title, interest and benefit under the Interest Rate Swap Agreement shall be subject to any rights of set-off or netting provided for thereunder; and

- (f) a first floating charge over the whole of its undertaking and all its property, assets and rights whatsoever and wheresoever present and future including its uncalled capital (including assets expected to be subject to a fixed charge or assignment by way of security or absolute assignment as described above).

Certain other Secured Amounts (including certain obligations owed to the Interest Rate Swap Provider under the Interest Rate Swap Agreement) rank senior to the Issuer's obligations under the Notes in respect of the allocation of proceeds as set out in the Pre-Enforcement Revenue Priority of Payments and the Post-Enforcement Priority of Payments.

Interest payable on the Notes: The interest rates applicable to each Class of Notes are described in the sections "*Full Capital Structure of the Notes*" and "*Terms and Conditions of the Notes*".

Interest Deferral: Interest due and payable on the Class B Notes may be deferred in accordance with Condition 8.10 (*Interest Accrual*).

Gross-up: None of the Issuer, the Trustee or any other person will be obliged to pay any additional amounts to the Noteholders if there is any withholding or deduction for or on account of taxes from a payment made under the Notes.

Redemption: The Notes are subject to the following optional or mandatory redemption events:

- (a) mandatory redemption in whole on the Final Maturity Date, as fully set out in Condition 9.1 (*Final Redemption*);
- (b) mandatory redemption in part on any Interest Payment Date prior to the delivery of an Enforcement Notice subject to availability of Available Principal Receipts, as fully set out in Condition 9.2 (*Mandatory Redemption in part*);
- (c) optional redemption exercisable by the Issuer in whole on any Interest Payment Date where the Principal Amount Outstanding of all the Notes is equal to or less than 10% of the aggregate Principal Amount Outstanding of the Notes as at the Closing Date, as fully set out in Condition 9.3(a) (*Optional Redemption in whole*);
- (d) optional redemption exercisable by the Issuer in whole on any Interest Payment Date on or after the Step-Up Date, as fully set out in Condition 9.3(b) (*Optional Redemption in whole*); and
- (e) optional redemption exercisable by the Issuer in whole for tax reasons, as fully set out in Condition 9.4 (*Optional Redemption in whole for taxation reasons*).

Subject to the Issuer having sufficient funds available for this purpose, each Note redeemed will be redeemed in an amount equal to the Principal Amount Outstanding of the relevant Note together with accrued (and unpaid) interest on the Principal Amount Outstanding of the relevant Note up to (but excluding) the date of redemption.

Events of Default:

As fully set out in Condition 13 (*Events of Default*), which broadly includes:

- (a) non-payment by the Issuer of principal in respect of the Most Senior Class of Notes within seven days following the due date or non-payment by the Issuer of interest within 14 days following the due date (provided that, for the avoidance of doubt, a deferral of interest in respect of the Class B Notes in accordance with Condition 8.10 (*Interest Accrual*) shall not constitute a default in the payment of such interest);
- (b) breach of contractual obligations by the Issuer under the Transaction Documents which are incapable of remedy or which are, if capable of remedy, not remedied within 30 days;
- (c) Issuer Insolvency Event; or
- (d) it being illegal for the Issuer to perform or comply with its obligations.

Limited Recourse:

The Notes are limited recourse obligations of the Issuer and, if the Issuer has insufficient funds to pay amounts due in respect of the Notes in full, following the distribution of all available funds, any amounts outstanding under the Notes will cease to be due and payable as described in more detail in Condition 10 (*Limited Recourse*).

Governing Law:

English law.

Eurosystem eligibility

The Notes are intended to be held in a manner which allows eligibility under the rules of the monetary authority of the euro area (**Eurosystem**) This means that the Notes are intended upon issue to be registered in the name of the Common Safekeeper (or a nominee thereof) with one of Euroclear or Clearstream, Luxembourg as Common Safekeeper and does not necessarily mean that the Notes will be recognised as eligible collateral for Eurosystem monetary policy and intraday credit operations by the Eurosystem either upon issue or at any or all times during their life. Such recognition will depend upon satisfaction of the Eurosystem eligibility criteria.

Right of modification without Noteholder consent

Pursuant to and in accordance with the detailed provisions of Condition 17.1, the Trustee may, without the consent or sanction of the Noteholders or any other Secured Creditors, concur with the Issuer and any other relevant parties in making (i) any modification to the Conditions, the Notes and/or any Transaction Document (other than in respect of a Reserved Matter) which, in the opinion of the Trustee, will not be materially prejudicial to the holders of the Most Senior Class of outstanding Notes or (ii) any modification to the Conditions, the Trust Documents or the other Transaction Documents if, in the opinion of the Trustee, the modification is of a formal, minor or technical nature or is made to correct a manifest error.

Subject to the provision in respect of a Reserved Matter, an Extraordinary Resolution of Noteholders of the Most Senior Class shall be binding on all other classes and would override any resolutions to the contrary of the classes ranking behind such class.

A Reserved Matter requires an Extraordinary Resolution of the relevant affected class or classes of Notes.

Seller as Noteholder:

For the purpose of, *inter alia*, the right to attend and vote at any meeting of Noteholders, any Extraordinary Resolution in writing and any direction made by Noteholders, those Notes (if any) which are held by or on behalf of or for the benefit of the Seller, Servicer, Cash Manager or Subordinated Loan Provider, any holding company of the Seller, Servicer, Cash Manager or Subordinated Loan Provider or any subsidiary of such holding company in each case as beneficial owner, shall (unless and until ceasing to be held) be deemed not to remain outstanding, provided that if all the Notes of a particular class are held by the Seller, Servicer, Cash Manager or Subordinated Loan Provider, any holding company of the Seller, Servicer, Cash Manager or Subordinated Loan Provider and/or any other subsidiary of such holding company (the **Relevant Class of Notes**) (and no other Classes of Notes exist that rank junior or *pari passu* to the Relevant Class of Notes, in respect of which the Notes are held by persons other than the Seller, Servicer, Cash Manager or Subordinated Loan Provider, any holding company of the Seller, Servicer, Cash Manager or Subordinated Loan Provider or any

other subsidiary of such holding company), Notes of the Relevant Class of Notes will be deemed to remain outstanding.

Relationship between Noteholders and other Secured Creditors:

The Trust Deed provides that the Trustee shall, except where expressly provided otherwise and prior to the redemption in full of the Notes, have regard solely to the interests of the Noteholders and shall have regard to the interests of the other Secured Creditors only to pay such parties any monies received and payable to it and to act in accordance with the applicable Priority of Payments.

Provision of Information to the Noteholders:

For so long as the Notes remain outstanding, the Cash Manager on behalf of the Issuer will publish (i) a quarterly investor report in respect of the relevant Collection Period, as required by and in accordance with Article 7(1)(e) of the Securitisation Regulation (the **Quarterly Report**) and (ii) on a quarterly basis certain loan-by-loan information in relation to the Portfolio in respect of the relevant Collection Period as required by and in accordance with Article 7(1)(a) of the Securitisation Regulation (the **Loan Level Information**) in each case, simultaneously each quarter (to the extent required under Article 7(1) of the Securitisation Regulation) and no later than one month after the relevant Interest Payment Date.

The Cash Manager will make such information available to the holders of any of the Notes, relevant competent authorities and to potential investors in the Notes.

Principality (as originator) will procure on demand that the Cash Manager will make available, from the Closing Date until the date the last Note is redeemed in full, a liability cashflow model (the **Cash Flow Model**) to investors, either directly or indirectly through one or more entities which provide such Cash Flow Models, which precisely represents the contractual relationship between the Loans and the payments flowing between the Seller, investors in the Notes, other third parties and the Issuer. The Cash Flow Model shall be made available (i) prior to pricing of the Notes to potential investors, and (ii) on an on-going basis and to investors in the Notes and to potential investors in the Notes upon request.

Each Quarterly Report and Loan Level Information will be published by means of a securitisation repository or (where no securitisation repository is registered in accordance with Article 10 of the Securitisation Regulation) by means of the website of EuroABS at <http://www.euroabs.com>, being a website which conforms to the requirements set out in Article 7(2) of the Securitisation Regulation, or any other website which may be notified by the Issuer from time to time provided that such replacement or additional website conforms to the requirements set out in Article 7(2) of the Securitisation Regulation and the Cash Flow Model will be published by means of the website of EuroABS at <http://www.euroabs.com>. None of the reports or the website or the contents thereof form part of this Prospectus.

Principality and the Issuer will procure that the Cash Manager will publish a monthly investor report detailing, inter alia, certain

aggregated loan data in relation to the Portfolio in the form required by the Bank of England for the purpose of the Bank of England's sterling monetary framework. Such reports will be published on the Seller's website at www.principality.co.uk and by means of a securitisation repository or (where no securitisation repository is registered in accordance with Article 10 of the Securitisation Regulation) by means of the website of EuroABS at <http://www.euroabs.com>, being a website which conforms to the requirements set out in Article 7(2) of the Securitisation Regulation. For the avoidance of doubt, this website and the contents thereof do not form part of this Prospectus. Principality will make the information referred to above available to the holders of any of the Notes, relevant competent authorities and, upon request, to potential investors in the Notes.

Information required to be made available prior to pricing to potential investors in the Notes pursuant to Article 7 of the Securitisation Regulation was made available by means of the website of EuroABS at <http://www.euroabs.com>.

TRANSACTION OVERVIEW - OVERVIEW OF CREDIT STRUCTURE AND CASHFLOW

Please refer to the sections entitled "Structural Features" and "Cashflows and Cash Management" for further detail in respect of the credit structure and cash flow of the transaction.

Available Funds of the Issuer: The Cash Manager will apply Available Revenue Receipts and Available Principal Receipts on each Interest Payment Date in accordance with the Pre-Enforcement Revenue Priority of Payments and the Pre-Enforcement Principal Priority of Payments, as set out below.

Available Revenue Receipts will comprise the following:

- (a) Revenue Receipts received during the immediately preceding Collection Period or, if the immediately preceding Collection Period is a Determination Period, Calculated Revenue Receipts (excluding in each case an amount to be applied as Available Principal Receipts in accordance with Condition 8.11(c)(i) on the relevant Interest Payment Date);
- (b) interest payable to the Issuer on the Transaction Account and income from any Authorised Investments received in relation to the immediately preceding Collection Period;
- (c) amounts received by the Issuer under the Interest Rate Swap Agreement on or in respect of such Interest Payment Date, other than:
 - (i) any amounts or securities to be credited to the Swap Collateral Accounts; and
 - (ii) any amounts received by the Issuer in respect of Swap Tax Credits;
- (d) any Swap Collateral Account Surplus;
- (e) following the date on which the General Reserve Required Amount is reduced to zero and the Subordinated Loan has been repaid in full, any amount standing to the credit of the General Reserve Fund;
- (f) other net income of the Issuer received during the immediately preceding Collection Period excluding any interest, distributions or redemption or sale proceeds received in respect of amounts or securities standing to the credit of the Swap Collateral Accounts and without double-counting the amounts described in paragraphs (a) to (e) above;
- (g) any amounts available pursuant to paragraph (c) of the Pre-Enforcement Principal Priority of Payments

on such Interest Payment Date;

- (h) any amounts available pursuant to paragraph (n) of the Pre-Enforcement Revenue Priority of Payments on the immediately preceding Interest Payment Date;
- (i) any amount applied as Available Revenue Receipts in accordance with Condition 8.11(c)(ii);
- (j) any amounts standing to the credit of the General Reserve Fund equal to the General Reserve Fund Excess,

less:

- (k) Permitted Withdrawals (as described in "Cashflows and Cash Management – Definition of Available Revenue Receipts" below), which amounts may be deducted by the Cash Manager on a daily basis from the Transaction Account to make payments to the persons entitled thereto.

At any time that the General Reserve Required Amount is reduced to zero (after all the Class A Notes have been redeemed in full), all monies released from the General Reserve Fund shall be applied first to repay the Subordinated Loan and second, once the Subordinated Loan has been repaid in full, to form part of Available Revenue Receipts.

If the Cash Manager determines that there would be a deficit on an Interest Payment Date to pay items (a) to (f) (inclusive) of the Pre-Enforcement Revenue Priority of Payments, then the Issuer shall pay or provide for such deficit by applying (i) amounts standing to the credit of the General Reserve Fund; and (ii) (only in respect of any senior expenses of the Issuer which rank in priority to the Class A Notes in the relevant Priority of Payments (the **Senior Expenses**) and interest payments due on the Class A Notes) Principal Receipts (if any), subject to certain conditions. See "*Overview of Credit Structure and Cashflow – Income Deficiency*" below.

Available Principal Receipts will, broadly, include the following:

- (a) Principal Receipts on the Loans received during the immediately preceding Collection Period or, if the immediately preceding Collection Period is a Determination Period, Calculated Principal Receipts (excluding in each case an amount to be applied as Available Revenue Receipts in accordance with Condition 8.11(c)(ii) on the relevant Interest Payment Date);
- (b) amounts (if any) to be credited to the Principal Deficiency Ledger pursuant to items (f) and (i) of

the Pre-Enforcement Revenue Priority of Payments on such Interest Payment Date;

- (c) in respect of the first Interest Period only, any funds representing the excess of the proceeds of the issue of the Notes over the Initial Consideration;
- (d) any amount applied as Available Principal Receipts in accordance with Condition 8.11(c)(i),

less:

- (e) the amount of Principal Receipts received by the Issuer during the immediately preceding Collection Period which are to be applied to cover Remaining Income Deficits; and
- (f) the amount of Principal Receipts used during the immediately preceding Collection Period to purchase any Further Advances.

**Summary of Key
Structural Features:**

The general credit and liquidity structure of the transaction includes, broadly, the following elements:

- (i) availability of the General Reserve Fund, initially funded by a Subordinated Loan on the Closing Date up to the General Reserve Required Amount and replenished on each Interest Payment Date up to the General Reserve Required Amount from Available Revenue Receipts in accordance with the Pre-Enforcement Revenue Priority of Payments. The General Reserve Fund will be credited to the Transaction Account. Monies standing to the credit of the General Reserve Fund will be applied to make up any Income Deficit. Any amount standing to the credit of the General Reserve Fund equal to the General Reserve Fund Excess will form part of Available Revenue Receipts. Any amount credited to the General Reserve Fund after the Class A Notes have been repaid in full shall be used to repay the Subordinated Loan in full and thereafter will form part of Available Revenue Receipts;
- (ii) availability of Principal Receipts to make up any Remaining Income Deficit. See the section entitled "*Overview of Credit Structure and Cashflow – Income Deficiency*" below for limitations on the use of Principal Receipts for this purpose;
- (iii) payments of principal and interest on the Class B Notes will be subordinated to payments on the Class A Notes;
- (iv) availability of interest provided by the Account Bank at a rate of interest specified in a separate fee letter between the Issuer and the Account Bank on any cleared credit balances standing to the credit of the Transaction Account. The Issuer (or the Cash Manager on its behalf) may invest sums standing to the credit of the Transaction Account in Authorised Investments; and
- (v) availability of an Interest Rate Swap Agreement provided by the Interest Rate Swap Provider, to hedge against the possible variance between the fixed interest rates payable in respect of certain Loans and the floating rate interest payable in respect of the Notes.

It is expected that during the life of the Notes, the cash available to the Issuer will, assuming that all the Loans are fully performing, be sufficient to pay the interest amounts payable in respect of all the Class A notes, to pay the Senior Expenses of the structure and to enable the Issuer to retain the Issuer Profit Amount.

See the section entitled "*Structural Features*" for further information on this.

Income Deficiency:

On each Calculation Date, the Cash Manager will determine whether Available Revenue Receipts are sufficient to pay or

provide for payment of Senior Expenses, interest amounts on the Class A Notes and the elimination of debit balances on the Class A Principal Deficiency Sub-Ledger. To the extent that Available Revenue Receipts are insufficient to pay items (a) to (f) of the Pre-Enforcement Revenue Priority of Payments in full (the amount of any deficit being an **Income Deficit**), the Cash Manager will, on the relevant Interest Payment Date and on behalf of the Issuer, pay or provide for such Income Deficit by applying amounts standing to the credit of the General Reserve Fund. Any amounts so withdrawn from the General Reserve Fund will be applied to pay Senior Expenses, interest on the Class A Notes and to eliminate any debit balances on the Class A Principal Deficiency Sub-Ledger in the order set out in the Pre-Enforcement Revenue Priority of Payments.

If following application of Available Revenue Receipts and amounts standing to the credit of the General Reserve Fund, the Cash Manager determines that there would be a remaining income deficit on such Interest Payment Date to pay Senior Expenses and interest amounts on the Class A Notes under items (a) to (e) of the Pre-Enforcement Revenue Priority of Payments (the amount of any such deficit being a **Remaining Income Deficit**), the Cash Manager will on the relevant Interest Payment Date and on behalf of the Issuer, pay or provide for such Remaining Income Deficit by applying Principal Receipts (if any).

The application of any Principal Receipts to meet any Remaining Income Deficit will be recorded as set out below in the section entitled "*Overview of Credit Structure and Cashflow – Principal Deficiency Ledger*".

Principal Deficiency Ledger:

The Principal Deficiency Ledger of the Issuer will record as a debit to the ledger (i) any Losses on the Portfolio and (ii) the application of any Principal Receipts to meet any Remaining Income Deficit. The Principal Deficiency Ledger will be divided into two sub-ledgers which will correspond to each of the Class A Notes and the Class B Notes. The sub-ledger for each Class of Notes will show separate entries for each Class of Notes.

Debits will be recorded as follows:

- (a) *first*, on the Class B Principal Deficiency Sub-Ledger until the balance of that sub-ledger is equal to the then aggregate Principal Amount Outstanding of the Class B Notes; and
- (b) *second*, on the Class A Principal Deficiency Sub-Ledger until the balance of that sub-ledger is equal to the then aggregate Principal Amount Outstanding of the Class A Notes.

On each Interest Payment Date, the Issuer shall apply any Available Revenue Receipts in accordance with the Pre-Enforcement Revenue Priority of Payments to extinguish or reduce any balance on the Principal Deficiency Ledger. Any amounts credited to the Principal Deficiency Ledger will be

applied as Available Principal Receipts on an Interest Payment Date. Any credit to the Principal Deficiency Ledger will be applied:

- (i) *first*, in or towards satisfaction of the amounts necessary to reduce to zero the debit balance in respect of the Class A Notes on the Class A Principal Deficiency Sub-Ledger; and
- (ii) *second*, in or towards satisfaction of the amounts necessary to reduce to zero the debit balance in respect of the Class B Notes on the Class B Principal Deficiency Sub-Ledger.

On each Interest Payment Date, the Issuer shall also apply any amount standing to the credit of the General Reserve Fund to extinguish or reduce any balance on the Class A Principal Deficiency Sub-Ledger and such amounts will be applied as Available Principal Receipts (see "*Overview of Credit Structure and Cashflow – Income Deficiency*" above).

Please refer to the section entitled "*Structural Features*" for further information on this.

Transaction Account and Cash Management:

The Servicer shall ensure that all amounts from (and including) the Cut-Off Date that relate to the Loans will be identified on a daily basis (each such aggregate daily amount, a **Daily Loan Amount**) and the Seller will transfer an amount equal to the Daily Loan Amount into the Transaction Account on the next Business Day after that Daily Loan Amount is identified as received or in respect of amounts received from and including the Cut-Off Date to (and excluding) the Closing Date on the next Business Day after the Closing Date. On each Interest Payment Date amounts standing to the credit of the Transaction Account (other than any amounts from the General Reserve Fund which are required to be applied to make up an Income Deficit or any Principal Receipts which are required to make up a Remaining Income Deficit) will be applied by the Cash Manager in accordance with the relevant Priority of Payments.

TRANSACTION OVERVIEW - OVERVIEW OF THE PORTFOLIO AND SERVICING

Please refer to the section entitled "*The Portfolio – The Loans*", "*The Portfolio – Statistical Information on the Portfolio*" and "*The Servicer – Servicing Procedures*" for further detail in respect of the characteristics of the Portfolio and the sale and the servicing arrangements in respect of the Portfolio.

Consideration:

The consideration from the Issuer to the Seller in respect of the sale of the Portfolio together with the Related Security shall be: (i) an Initial Consideration of £ 380,434,211.13, being an amount equal to the Current Balance of the Loans of the Seller comprising the Portfolio determined as at opening of business on 31 October 2019 (the **Cut-Off Date**), which is due and payable on the Closing Date; and (ii) a Deferred Consideration, in each case, payable in accordance with the Mortgage Sale Agreement.

Any Deferred Consideration will be paid to the Seller in accordance with the Pre-Enforcement Revenue Priority of Payments or, if applicable, the Post-Enforcement Priority of Payments.

Any reference to the **Current Balance** of any Loan means, on any date, the aggregate balance of the amounts charged to the Borrower's account in respect of a Loan at such date (but avoiding double counting) including:

- (a) the original principal amount advanced to the relevant Borrower and any further amount (including any Further Advance) advanced on or before the given date to the relevant Borrower secured or intended to be secured by the related Mortgage; and
- (b) any interest, disbursement, legal expense, fee, charge, rent, service charge, premium or payment which has been capitalised in accordance with the relevant Mortgage Conditions or with the relevant Borrower's consent or capitalised in accordance with the Seller's normal charging practices and added to the amounts secured or intended to be secured by the related Mortgage; and
- (c) any other amount (including, for the avoidance of doubt, Accrued Interest and Arrears of Interest) which is due or accrued (whether or not due) and which has not been paid by the relevant Borrower and has not been capitalised in accordance with the relevant Mortgage Conditions or with the relevant Borrower's consent or in accordance with the Seller's normal charging practices but which is secured or intended to be secured by the related Mortgage, as at the end of the Business Day immediately preceding that given date,

less any repayment or payment (including, if permitted, by way of set-off, withholding or counterclaim) of any of the foregoing made on or before the end of the Business Day immediately preceding that given date and excluding any retentions made but not released and any Further Advances committed to be made but not made by the end of the Business Day immediately preceding that given date.

See the section entitled "*The Portfolio*" for further information.

The consideration from the Issuer to the Seller in respect of the sale of Further Advances to the Issuer shall be the Further Advance Purchase Price which will, if sufficient, be met through

Available Principal Receipts on the last day of the calendar month in which the Further Advance is made.

Representations and Warranties:

The Seller will make certain representations and warranties to the Issuer and the Trustee on: (i) the Closing Date in respect of the Portfolio; (ii) each Advance Date in respect of the relevant Further Advances; (iii) each Switch Date in respect of the relevant Product Switches; and (iv) each Substitution Date in respect of the relevant Substitute Loans.

In addition to warranties in respect of the legal status of the Loans and their Related Security, there are also warranties in relation to the assets which include (but are not limited to) the following:

- First ranking mortgage;
- Maximum loan amount not exceeding £1,000,000;
- Minimum payment made (not less than one monthly payment);
- No right of set-off;
- Loan repayment date not falling beyond three years prior to the Final Maturity Date.

See the section entitled "*The Portfolio – Sale of the Portfolio under the Mortgage Sale Agreement*" for further information.

Substitution Criteria:

On repurchase of the Loans as described below, the Seller may transfer Substitute Loans to the Issuer as consideration in whole, or in part together with any cash payment amount, for such repurchase. This is subject to the satisfaction of certain Substitution Conditions which broadly speaking include the following:

- no Event of Default is continuing;
- no Seller Insolvency Event has occurred; and
- the Substitute Loan and Related Security constitute the same ranking and priority security over a Property as the security provided in respect of the relevant repurchased Loan.

See the section entitled "*The Portfolio – Sale of the Portfolio under the Mortgage Sale Agreement*" for further information.

Repurchase of Loans:

The Seller shall repurchase the Loans and their Related Security in the following circumstances:

- upon material breach of any of the representations or warranties given by the Seller on the Closing Date, which have not been remedied by the Seller within 30 days of being notified by the Issuer of such breach;
- upon material breach of any of the representations or warranties given by the Seller: (i) in respect of a Further

Advance, on the Advance Date; (ii) in respect of a Product Switch, on the Switch Date; or (iii) in respect of a Substitute Loan, on a Substitution Date (in each case which is not capable of remedy or is not remedied within 30 Business Days of being notified by the Issuer); and

- in certain circumstances upon making a Product Switch, Further Advance or Substitution if the Seller has notified the Issuer that certain conditions have not been met. See "*The Portfolio – Sale of the Portfolio under the Mortgage Sale Agreement*".

The Seller may also offer to repurchase the Loans and their Related Security from the Issuer, which the Issuer may or may not accept, in the following circumstances:

- if the Issuer exercises its clean up call option where the Principal Amount Outstanding of the Notes is equal to or less than 10% of the aggregate Principal Amount Outstanding of the Notes as at the Closing Date; or
- if the Issuer exercises a general call option on any Interest Payment Date from and including the Step-Up Date (see the section headed "Overview of the Terms and Conditions of the Notes – Redemption" and Condition 9 (*Final Redemption, Mandatory Redemption in part, Optional Redemption and Cancellation*)); or
- the Issuer exercises its call option following a change in Tax law in respect of which: (a) the Issuer (or the Paying Agents on the Issuer's behalf) or the Interest Rate Swap Provider, as the case may be, would be required to make a Tax Deduction in respect of such relevant payment or (b) the Issuer would be subject to United Kingdom corporation tax otherwise than in accordance with regulations 14 to 21 of the Securitisation Taxation Regulations, in each case in accordance with Condition 9.4 (*Optional Redemption in whole for taxation reasons*).

As an alternative to selling the Further Advance to the Issuer, if the Available Principal Receipts are insufficient to pay the consideration for any Further Advance or if the Seller does not wish a Loan which is the subject of a Product Switch to remain in the Portfolio (as applicable), the Seller may elect to repurchase the relevant Loan and its Related Security from the Issuer on the last day of the calendar month in which the Further Advance or Product Switch is made.

See the section entitled "*The Portfolio – Sale of the Portfolio under the Mortgage Sale Agreement*" for further information.

Consideration for repurchase:

An amount equal to the Current Balance of the Loans to be repurchased as of the date of completion of the repurchase.

Such consideration may be satisfied by a cash payment by the Seller and/or by the transfer of Substitute Loans to the Issuer.

See the section entitled "*The Portfolio – Sale of the Portfolio under the Mortgage Sale Agreement*" for further information.

Perfection Trigger Events: See "*Perfection Trigger Events*" in the section entitled "*Transaction Overview – Triggers Table – Non-Rating Triggers Table*".

Prior to the completion of the transfer of legal title of the Loans, the Issuer will be subject to certain risks as set out in the risk factor entitled "*Seller to initially retain legal title to the Loans and risks relating thereto*" in the section entitled "*Risk Factors*".

Servicing of the Portfolio: The Servicer agrees to service the Loans and their Related Security sold to and on behalf of the Issuer. The appointment of the Servicer may be terminated by the Issuer and/or the Trustee (subject to the terms of the Servicing Agreement and, if terminated by the Issuer, subject to the prior consent of the Trustee) upon the occurrence of a Servicer Termination Event (see "*Servicer Termination Event*" in the "*Non-Rating Triggers Table*").

The Servicer may also resign by giving not less than 12 months' notice to the Issuer and the Trustee and subject to, *inter alia*, a replacement servicer having been appointed.

Delegation: The Servicer may, in certain circumstances, delegate or sub-contract some or all of its responsibilities and obligations under the Servicing Agreement. However, the Servicer remains liable at all times for servicing the Loans and for the acts or omissions of any delegate or sub-contractor. See the section entitled "*The Servicer – The Servicing Agreement*" for further information.

As at the Closing Date, such interest will be comprised of an interest in the first loss tranche in accordance with the text of Article 6(3)(d) of the Securitisation Regulation (which does not take into account any corresponding relevant national measures and as interpreted and applied on the date hereof). Such retention requirement will be satisfied by Principality by holding the Class B Notes.

Principality has provided a corresponding undertaking with respect to: (i) the provision of such investor information and compliance with the requirements of Article 7(e)(iii) of the Securitisation Regulation by confirming the risk retention of the Seller as contemplated by Article 6(1) of the Securitisation Regulation as specified in the paragraph above; and (ii) the interest to be retained by Principality as specified in the introductory paragraph above to the Arrangers in the Subscription Agreement and to the Issuer and the Trustee on behalf of the Noteholders pursuant to the Deed of Charge. The Trustee shall have the benefit of certain protections contained in the Trust Deed in relation to the compliance of Principality with such undertaking.

For the purposes of Article 7(2) of the Securitisation Regulation, Principality has been designated as the entity responsible for compliance with the requirements of Article 7 and will either fulfil such requirements itself or shall procure that such requirements are complied with on its behalf, provided that Principality will not be in breach of such undertaking if Principality fails to so comply due to events, actions or circumstances beyond Principality's control. Principality will be responsible for compliance with Article 7 of the Securitisation Regulation for the purposes of Article 22(5) of the Securitisation Regulation.

Principality has procured that on or about the date of this Prospectus an STS Notification shall be submitted to ESMA, in accordance with Article 27 of the Securitisation Regulation, and to the FCA, confirming that the STS Requirements have been satisfied with respect to the Notes. It is expected that the STS Notification will be available on the website of ESMA (<https://www.esma.europa.eu/policy-activities/securitisation/simple-transparent-and-standardised-stssecuritisation>). For the avoidance of doubt, this website and the contents thereof do not form part of this Prospectus. A draft version of the STS notification was made available prior to pricing to potential investors in the Notes by way of the website of EuroABS at <http://www.euroabs.com>.

Principality has used the services of PCS as a verification agent authorised under Article 28 of the Securitisation Regulation in connection with the STS Verification and to prepare an assessment of compliance of the Notes with the relevant provisions of Article 243 of the CRR and Article 13 of the LCR Regulation (together the STS Assessments). It is expected that the STS Assessments prepared by PCS will be available on the PCS website (<https://www.pcsmarket.org/sts-verification-transactions/>) together with detailed explanations of its scope at <https://www.pcsmarket.org/disclaimer/> on and from the Closing Date. For the avoidance of doubt, this PCS website and the contents thereof do not form part of this Prospectus. No assurance can be provided that the securitisation transaction described in this Prospectus does or will continue to qualify as an STS securitisation under the Securitisation Regulation as at the date of this Prospectus or at any point in time in the future. For further information please refer to the Risk Factor entitled "*Simple, Transparent and Standardised Securitisations*". As to the information made available to prospective investors by the Issuer, reference is made to the information set out herein and forming part of this Prospectus and, after the Closing Date, to the Investor Reports, Quarterly Reports and Cash Flow Model (a general description of which is set out in "*Cashflows and Cash Management – Cash Management Agreement*"). Further information in respect of individual loan level data may be obtained on the following website: www.Principality.co.uk and on the website of EuroABS at <http://www.euroabs.com> or by means of a securitisation repository or (where no securitisation repository is registered in

None of the reports or the website or the contents thereof forms part of this Prospectus.

Investors to assess compliance

Each prospective investor is required to independently assess and determine the sufficiency of the information described above and in this Prospectus generally for the purposes of complying with Article 5 of the Securitisation Regulation and any corresponding national measures which may be relevant, and none of the Issuer, the Joint Arrangers, the Joint Lead Managers, Principality or any of the other transaction parties (i) makes any representation that the information described above or elsewhere in this Prospectus is sufficient in all circumstances for such purposes and (ii) should have any liability to any prospective investor or any other person for any insufficiency of such information or failure of the transactions contemplated herein to comply with or otherwise satisfy the requirements of the Securitisation Regulation or any other applicable legal, regulatory or other requirements, or (iii) should have any obligation to enable compliance with the requirements of the Securitisation Regulation or any other applicable legal, regulatory or other requirements.

Please refer to the risk factor entitled “*Risk Factors – Securitisation Regulation*” for further information on the implications of the Securitisation Regulation and risk retention requirements for investors.

Mitigation of interest rate risks

The Loans and the Notes are affected by interest rate (see the sections “*Risk Factors - Basis Risk*” in this Prospectus). The Issuer aims to hedge the relevant interest rate exposures in respect of the Loans and the Notes, as applicable, by entering into a swap agreement (see the section “*Structural Features – Credit Enhancement and Liquidity Support – Interest Rate Swap Agreement*” in this Prospectus) which appropriately mitigates the relevant risk.

Information regarding the policies and procedures of the Seller

The Seller has internal policies and procedures in relation to the granting of credit, administration of credit-risk bearing portfolios and risk mitigation, as required by Article 9(1) of the Securitisation Regulation. The policies and procedures of the Seller in this regard broadly include the following:

- (a) criteria for the granting of credit and the process for approving, amending, renewing and refinancing credits, as to which see the information set out under “*The Loans – Lending Criteria*” and “*The Servicing Agreement*”;
- (b) systems in place to administer and monitor the various credit-risk bearing portfolios and exposures. The Portfolio will be serviced in line with the usual servicing procedures of the Seller, as to which see the information set out under “*The Servicing Agreement*”;
- (c) diversification of credit portfolios taking into account the Seller’s target market and overall credit strategy, as to which, in relation to the Provisional Portfolio, see the information set out under “*The Loans – Other Characteristics*”; and
- (d) policies and procedures in relation to risk mitigation techniques, as to which see the information set out under “*The Loans – Lending Criteria*”, “*The Servicing Agreement*”.

The Seller has applied the same policies, procedures and sound and well defined criteria for the Loans as it applies to equivalent mortgage loans that are not part of the Portfolio.

Verification of data

The Seller has caused a sample of the Loans (including the data disclosed in respect of those Loans) to be externally verified by one or more appropriate and independent third parties. Such Loans have been subject to an agreed upon procedures review of a representative sample of Loans selected from the Provisional Portfolio as at the Cut-off Date (to review amongst other things, conformity with the Loan Warranties (where applicable)) conducted by a third party and completed on or about 10 October 2019 (the **AUP Report**). An appropriate and independent third party has verified that the tables disclosed under the section “*The Loans – Other Characteristics*” of this Prospectus in respect of the underlying exposures are accurate. The Seller has reviewed such reports and is of the opinion that there were no significant adverse findings in such reports. The third parties undertaking such reviews only have obligations to the parties to the engagement letters governing the performance of the agreed upon procedures subject to the limitations and exclusions contained therein.

For further information please refer to the risk factor entitled “*Regulatory initiatives may result in increased regulatory capital requirements for certain investors and/or decreased liquidity in respect of the Notes*”.

WEIGHTED AVERAGE LIFE OF THE NOTES

Weighted average life refers to the average amount of time that will elapse from the date of issuance of a security to the date of distribution to the investor of amounts distributed in net reduction of principal of such security.

The average lives of the Notes cannot be stated, as the actual rate of repayment of the Loans and redemption of the Mortgages and a number of other relevant factors are unknown. However, calculations of the possible average lives of the Notes can be made based on certain assumptions. For example, based on the assumptions that:

- (a) the Issuer exercises its option to redeem the Notes on the Step-Up Date, in the first scenario, or the Issuer does not exercise its option to redeem the Notes on or after the Step-Up Date, in the second scenario;
- (b) the Loans are subject to a constant annual rate of repayment (inclusive of scheduled and unscheduled principal redemptions) of between 5 and 35 % per annum as shown on the table below;
- (c) there are no arrears or enforcements;
- (d) no Loan is sold by the Issuer;
- (e) there is no debit balance on the Class A Principal Deficiency Sub-Ledger on any Interest Payment Date;
- (f) the Seller is not in breach of the terms of the Mortgage Sale Agreement;
- (g) no Loan is repurchased by the Seller;
- (h) no Substitute Loans are purchased;
- (i) no Further Advances are made in respect of the Portfolio;
- (j) the Notes will be redeemed in accordance with the Conditions;
- (k) the Security is not enforced;
- (l) the assets of the Issuer are not sold by the Trustee or any Transaction Party except as may be necessary to enable the Issuer to realise sufficient funds to exercise its option to redeem the Notes;
- (m) no Enforcement Notice has been served on the Issuer and no Event of Default has occurred;
- (n) the Loans continue to be fully performing;
- (o) the portfolio mix of loan characteristics remain the same throughout the life of the Notes;
- (p) the ratio of the Principal Amount Outstanding of the Class A Notes to the Current Balance of the Portfolio as at the Closing Date is 92%;
- (q) the weighted average lives of the Notes are calculated on an Actual/365 (fixed); and
- (r) the Notes are issued on or about 23 November 2019.

	Assuming Issuer call on Step-up Date	Assuming no Issuer call
Annual Repayment Rate	Possible Average Life of Class A Notes (years)	Possible Average Life of Class A Notes (years)
5%	4.39	15.34
10%	3.84	7.53
15%	3.36	4.93
20%	2.93	3.62
25%	2.55	2.84
30%	2.21	2.31
35%	1.92	1.94

Assumption (a) (in relation to the Issuer exercising its option to redeem the Class A Notes on the Step-Up Date) reflects the current intention of the Issuer but no assurance can be given that such assumption will occur as described.

Assumption (b) is stated as an average annualised repayment rate as the repayment rate for one Interest Period may be substantially different from that for another. The constant repayment rates shown above are purely illustrative and do not represent the full range of possibilities for constant repayment rates.

Assumptions (b) to (n) (inclusive) relate to circumstances which are not predictable.

The average lives of the Notes are subject to factors largely outside the control of the Issuer and consequently no assurance can be given that the assumptions and estimates above will prove in any way to be realistic. They must therefore be viewed with considerable caution. For more information in relation to the risks involved in the use of the average lives estimated above, see the section entitled "*Risk Factors – Credit Structure – Yield and prepayment considerations*", above.

USE OF PROCEEDS

The Issuer will use the net proceeds of the Notes to pay the Initial Consideration of £380,434,211.13 payable by the Issuer for the Portfolio to be acquired from the Seller on the Closing Date (see "*The Portfolio – Sale of the Portfolio under the Mortgage Sale Agreement*").

PRINCIPALITY BUILDING SOCIETY

The Seller, the Servicer and the Cash Manager

Introduction

Principality Building Society (**Principality** or the **Society**) is the sixth largest building society, ranked by total assets, in the United Kingdom with total assets as at 30 June 2019 of £10.1 billion and a network of 53 branches and 17 agency offices.

The Society

Principality was incorporated in England and Wales for an unlimited duration under the Building Societies Act 1874 as the Principality Benefit Building Society on 11 March 1876 and adopted its present name in 1913. It operates under the Building Societies Act 1986 (as amended) (the **Building Societies Act**) and the Rules and Memorandum of the Society. The Society has permission under Part IV of the FSMA to carry out all regulated activity as prescribed under the Building Societies Act and is registered (registered number 155998) as an authorised building society with the Prudential Regulation Authority, and regulated by the Financial Conduct Authority (**FCA**) and the Prudential Regulation Authority (**PRA**).

As a mutual organisation, both retail investors and borrowers have membership rights which include rights to vote at general meetings as prescribed by the Building Societies Act and the Society's rules and memorandum. Members are eligible to vote as an investor or borrower or both, but are only entitled to one vote except where there are separate shareholding members' and borrowing members' resolutions.

The Society is the parent of the Principality Group (defined below); with its registered office and customer contact centre located at Principality Buildings, Queen Street, Cardiff CF10 1UA, and its telephone number is 0330 333 4000.

Subsidiaries

Details of the Society's investments in the Principality Group (as defined below) can be found at Note 20 to the audited consolidated accounts of Principality for the year ended 31 December 2018. The contents thereof do not form part of this Prospectus.

The subsidiary of Principality, Nemo Personal Finance Limited, a specialist provider of secured residential mortgage loans (see further below) accounts for the majority of the revenue obtained from subsidiaries within the Principality Group.

Board of Directors

The affairs of the Society are conducted and managed by a Board of Directors (the **Board**) who are elected by Principality members and serve in accordance with the Rules and Memorandum. The Board is responsible to the membership for the proper conduct of affairs of the Society.

The directors of the Society as at the date of this Prospectus are set out in the table below.

The business address of each of the directors is c/o Eversheds LLP, Reference PDV, 1 Callaghan Square, Cardiff CF10 5BT.

Business general

As prescribed by the Building Societies Act, the Society's core business is the making of mortgage advances to members secured on residential property, and is funded out of shares and deposits subscribed to by members and supplemented by funds raised in the wholesale and debt capital markets.

The Society's core purpose is built on helping people to prosper in their own home. The strategy will be to continue to grow the prime residential mortgage book by utilising its strong broker network connections to gain a broad geographical distribution throughout the UK. The growth in commercial lending will align to its core purpose by predominantly lending secured against residential property. Nemo Personal Finance Limited is now closed to new business.

The growth in funding will leverage its strong branch and agency network in Wales and extend its strong franchise into the whole of the UK by offering a range of savings product online.

Mortgage lending activities – Residential

The Society competes in the UK residential mortgage market with a broad range of products targeted at different customer segments. The Society continually reviews its product offerings based on prudent underwriting standards and appropriate competitive risk-based pricing.

All underwriting decisions are made centrally in accordance with the Board approved lending policy statement drawn up in compliance with FCA and PRA regulations. Within agreed policy

parameters (including credit scoring), care, prudence and control are exercised by experienced underwriting staff to ensure that the quality of lending is maintained.

Whilst competitive risk-based pricing is key to the Society's strategy its operational expertise lies in timely mortgage processing and arrears management. Principality and its subsidiaries (collectively, the **Principality Group**) continues to take all appropriate action to minimise losses on non-performing accounts and actively monitors the prudence of its lending policies, taking into account economic and other market conditions.

The Society has significantly more than 5 years of experience in the origination and underwriting of mortgage loans similar to those included in the Portfolio.

Mortgage lending activities – Nemo

Nemo Personal Finance Limited (**Nemo**) is a personal secured lending business operating in the broker and retail markets. It provides personal loans secured by a second charge over the equity value in a residential property or residential properties owned by the borrower. Whilst there is an increased degree of risk with this type of financing, such increased risk is, the Society believes, properly reflected in the higher pricing which Nemo is able to demand for this product in the market place.

The Society carried out a strategic review of its business in 2015 and as a result in February 2016, the Board took the decision to cease new lending at Nemo Personal Finance Limited and focus the Group's investment on the Society's core business.

Mortgage lending activities – Commercial

The Society established its specialist commercial mortgage business as a separate operational area in 2002. The aim of this arm of the business is to align its lending to the core purpose of the Society by predominantly lending against residential property such as Welsh housing associations.

Retail funding

The Society continues to obtain the majority of its funding through retail member deposits. The Society competes in the UK savings market with a broad range of products targeted at different customer segments. Principality offers a range of investment products through e-savings, postal, commercial savings accounts and its branch network.

THE PORTFOLIO

THE LOANS

1. Introduction

The following is a description of some of the characteristics of the mortgage loans currently or previously offered by the Seller and includes details of mortgage loan types, the underwriting process, Lending Criteria and selected statistical information. In selecting which mortgage loans to assign to the Issuer, the Seller has identified the Provisional Portfolio. Each Loan in the Provisional Portfolio incorporates one or more of the features referred to in this section. From the Provisional Portfolio, the Seller will assign a portfolio of Loans and Related Security to the Issuer on the Closing Date.

2. Characteristics of the Loans

Origination of the Loans

The Loans included in the Provisional Portfolio were all made no earlier than 26 March 2009 and on or before 31 July 2019 and the Seller derived their mortgage lending business at the relevant times from the following sources:

- its branch networks throughout Wales and its bordering counties in England;
- a centralised telephone-based lending operation;
- an internet lending operation; and
- intermediaries that included mortgage brokers and independent financial advisers.

All sources use online systems to provide the mortgage applications to the Society.

Interest Payments

The Loans in the Portfolio have one or more of the following interest terms:

- **Fixed Rate Loans:** Loans subject to a fixed interest rate for a specified period of time and which at the expiration of that period generally convert to the Standard Variable Rate (SVR) of the Seller, although the Seller may agree to further periods during which the rate is fixed by way of Product Switch during the life of the Loan. An Early Repayment Charge (ERC) may be payable in respect of these Loans for a set period of time, which generally corresponds with the term of the fixed interest rate. See "*Early Repayment Charges*" below.
- **Discount Rate Loans:** Loans which allow the Borrower, for a set period of time or for the life of the Loan, to pay interest at a specified discount to the Standard Variable Rate of the Seller (the **Discount Rate**). At the end of the discounted period, generally the interest rate in respect of the Loans convert to the Standard Variable Rate (SVR) of the Seller, although the Seller may agree to further periods during which a discounted rate is applied by way of Product Switch during the life of the Loan. An Early Repayment Charge may be payable in respect of these Loans for a set period of time, which generally corresponds with the term of the discounted interest rate. See "*Early Repayment Charges*" below.
- **Floored (Discount Rate) Loans:** Discount Rate Loans which have a rate of interest which will not decrease below a specified rate for a set period of time but more usually for the life of the Loan. All Variable Rate Loans including those that revert to the Standard Variable Rate (SVR) of the Seller are subject to a floor rate of 1% below which the interest rate cannot fall, save for Loans made prior to 28 October 2008, which

have no floor. An Early Repayment Charge (**ERC**) may be payable in respect of these Loans for a set period of time, which generally corresponds with the term of the fixed interest rate. See "*Early Repayment Charges*" below.

- **Variable Rate Loans:** Loans subject to a rate of interest linked to the Seller Standard Variable Rate, for the life of the Loan or until an alternative product that the Borrower qualifies for is selected by the Borrower. The Standard Variable Rate is set by the Seller by reference to the general level of interest rates and competitor rates in the UK mortgage market. Variable Rate Loans will not usually have an Early Repayment Charge. See "*Early Repayment Charges*" below.

Repayment Terms

Borrowers typically make payments of interest on, and repay principal of, their Loans using one of the following methods:

- **Repayment Loans:** the Borrower makes monthly payments of both interest and principal so that, when the Loan matures, the Borrower will have repaid the full amount of the principal of the Loan.
- **Interest Only Loans:** the Borrower makes monthly payments of interest but not of principal; when the Loan matures, the entire principal amount of the Loan is still outstanding and the Borrower must repay that amount in one lump sum. Where Loans are interest only, there must be plausible evidence (from the outset) that a suitable repayment mechanism is realistic and in place.
- **Part and Part Loans:** the Borrower is required to repay a portion of the principal amount of the Loan by making monthly payments of both interest and principal and to repay the remaining portion of the principal amount of the Loan in one lump sum when the Loan matures. For that portion of the Loan that is interest only there must be plausible evidence (from the outset) that a suitable repayment mechanism is realistic and in place.

Calculation of Current Balance

Principality employs the methodology set out below in order to determine the balance of each Loan and the collections in respect of it.

The **Current Balance** of a Loan means, on any date, the aggregate balance of the amounts charged to the Borrower's account in respect of a Loan at such date (but avoiding double counting) including:

- (a) the original principal amount advanced to the relevant Borrower and any further amount (including any Further Advance) advanced on or before the given date to the relevant Borrower secured or intended to be secured by the related Mortgage; and
- (b) any interest, disbursement, legal expense, fee, charge, rent, service charge, premium or payment which has been capitalised in accordance with the relevant Mortgage Conditions or with the relevant Borrower's consent or capitalised in accordance with the Seller's normal charging practices and added to the amounts secured or intended to be secured by the related Mortgage; and
- (c) any other amount (including, for the avoidance of doubt, Accrued Interest and Arrears of Interest) which is due or accrued (whether or not due) and which has not been paid by the relevant Borrower and has not been capitalised in accordance with the relevant Mortgage Conditions or with the relevant Borrower's consent or in accordance with the Seller's normal charging practices but which is secured or intended to be secured by the

related Mortgage, as at the end of the Business Day immediately preceding that given date,

less any repayment or payment (including, if permitted, by way of set-off, withholding or counterclaim) of any of the foregoing made on or before the end of the Business Day immediately preceding that given date and excluding any retentions made but not released and any Further Advances committed to be made but not made by the end of the Business Day immediately preceding that given date.

Interest is charged on the Capital Balance of each Loan.

Where used in this Prospectus, the following terms have the following meaning:

Accrued Interest means in respect of a Loan as at any date the aggregate of all interest accrued but not yet due and payable on the Loan from (and including) the Monthly Payment Day immediately preceding the relevant date to (but excluding) the relevant date.

Arrears of Interest means as at any date in respect of any Loan, the aggregate of all interest (other than Capitalised Arrears or Accrued Interest) on that Loan which is currently due and payable and unpaid on that date.

Capital Balance means in respect of a Loan at any date the principal balance of that Loan to which the Servicer applies the relevant interest rate and on which interest on the Loan accrues.

Capitalised Arrears means for any Loan at any date, amounts (other than amounts in respect of interest) which are overdue in respect of that Loan and which as at that date have been added to the Capital Balance of the Loan in accordance with the Mortgage Conditions or otherwise by arrangement with the relevant Borrower.

Capitalised Expenses means in relation to a Loan, the amount of any expense, charge, fee, premium or payment (excluding any Arrears of Interest) capitalised and added to the Capital Balance of that Loan in accordance with the Mortgage Conditions.

Capitalised Interest means, for any Loan at any date, interest which is overdue in respect of that Loan and which as at that date has been added to the Capital Balance of that Loan in accordance with the Mortgage Conditions or otherwise by arrangement with the relevant Borrower (excluding for the avoidance of doubt any Arrears of Interest which have not been so capitalised on that date).

Principal Receipts means: (i) principal repayments under the Loans (including payments of Capitalised Interest and Capitalised Expenses and Capitalised Arrears); (ii) recoveries of principal from defaulting Borrowers under Loans being enforced (including the proceeds of sale of the relevant Property but excluding any recoveries of principal from defaulting Borrowers under loans in respect of which enforcement procedures have been completed); (iii) any payment pursuant to any insurance policy in respect of a Mortgaged Property in connection with a Loan in the Portfolio; and (iv) the proceeds of the repurchase of any Loan by the Seller from the Issuer pursuant to the Mortgage Sale Agreement (excluding, for the avoidance of doubt, amounts attributable to Accrued Interest and Arrears of Interest thereon as at the relevant repurchase date).

Mortgaged Property or **Property** means a freehold or leasehold property which is subject to a Mortgage and together, the **Mortgaged Properties** or **Properties**.

Revenue Receipts means: (i) payments of interest and other fees due from time to time under the Loans and other amounts received by the Issuer in respect of the Loans other than the Principal Receipts; (ii) recoveries of interest from defaulting Borrowers under Loans being enforced; and (iii) recoveries of interest and/or principal from defaulting Borrowers under Loans in respect of which enforcement procedures have been completed.

Standard Variable Rate means the Seller's discretionary standard variable rate from time to time.

Early Repayment Charges

If a Borrower wishes to repay the whole of an advance before the time agreed, the Borrower may do so. A Borrower may repay part of an advance before the time agreed provided such partial repayment is not prohibited under the terms of the Loan. In the case of repayment in full, the Borrower must pay to the Seller all sums owing to it in respect of such advance by way of principal, interest and costs (including, if the terms of the advance so provide, an early repayment charge) together with the Seller's expenses reasonably and properly incurred in connection with such repayment. Not all products offered by the Seller carry an early repayment charge.

Early repayment charges will be calculated on the basis provided under the relevant offer of advance in relation to a Loan. In these cases, the Seller retains absolute discretion to waive or enforce early repayment charges in accordance with the Seller's policy from time to time. The amount of any early repayment charges which may become payable on the Loans that are sold to the Issuer will comprise Revenue Receipts.

Cashback means, in relation to any Loan, the agreement by the Seller to pay an amount to the relevant Borrower upon completion of the relevant Loan.

Early Repayment Charge means, any charge or fee which the Mortgage Conditions applicable to a Loan require the relevant Borrower to pay in the event that all or part of that Loan is repaid before a certain date, including without limitation repayment of any Cashback.

Flexible mortgages

The Seller originates loans which include certain flexible features, some of which are set out below. No Flexible Loans are included within the Portfolio.

Drawdown facility

The Borrower may borrow additional amounts, subject to a minimum of £1,000 and up to the borrowing limit the Seller will set which, taking into account all amounts owing, will not exceed 95% of the value of the Property and will be subject to an assessment of the Borrower's ability to repay (however, it should be noted, that no Loan in the Portfolio will exceed 90% of the value of the property). The Seller can vary the borrowing limit to reflect a change in circumstances. All additional drawdown borrowing must be repaid by the end of the Loan term.

Payment holiday

A Borrower can take a payment holiday of not more than a total of six months in any 12-month period, provided that the Loan is at least six months old, all payments are up to date with no arrears during the six months prior to the start of the payment holiday, the payment holiday does not cause the amount owed to the Seller to exceed the Borrower's maximum borrowing limit and the Borrower's written request signed by all Borrowers of the particular Loan is agreed by the Seller.

Overpayment

A Borrower can make additional payments or "overpayments" to reduce the Loan at any time. If there is an overpayment, or a lump sum repayment, the amount owed and the amount of interest payable is re-calculated and reduced immediately.

Underpayment

A Borrower may pay less than the monthly payment:

1. without the Seller's further agreement provided the underpayments do not exceed any overpayments already made and there have not been any drawings against the flexible mortgage account or a payment holiday taken; or
2. with the Seller's agreement provided that the underpayment will not cause the amount owed to the Seller to exceed the Borrower's maximum borrowing limit.

Further Advances

A Borrower may apply to the Seller for a further amount to be lent to him or her under his or her Loan. This further amount will be secured by the same Property as the Loan, and will be added as a separate sub-account to the Loan. Any Further Advance made by the Seller and purchased by the Issuer will be added to the Current Balance of that Borrower's Loan on the relevant Advance Date. The aggregate of the outstanding amount of the Loan and the Further Advance may be greater than the original amount of the Loan.

Product Switches

From time to time a Borrower may request, or the Seller or the Servicer (on behalf of the Seller) may offer, in limited circumstances, a variation in the financial terms and conditions applicable to the Borrower's Loan. In addition, in order to promote the retention of Borrowers, the Seller may periodically contact certain Borrowers in respect of the Seller's total portfolio of outstanding residential mortgage Loans in order to encourage a Borrower to review the Seller's other residential mortgage loans and to discuss moving that Borrower to an alternative mortgage product. Any such variation is a **Product Switch** (as defined in "*Sale of the Portfolio under the Mortgage Sale Agreement – Product Switches, Further Advances and Substitution*" below).

A Loan which is subject to a Product Switch may remain in the Portfolio subject to the terms contained in the Mortgage Sale Agreement. See "*The Portfolio – Sale of the Portfolio under the Mortgage Sale Agreement*".

Underwriting

The underwriting approach of the Seller has changed over time. Loans in the Portfolio may have been originated in accordance with different underwriting criteria from those set out here, depending on their date of origination. The Seller has always adopted a rigorous manual underwriting assessment and, since 2002, supported that by an automated credit scoring system, thus providing a combined scoring and system-based approach to lending assessment. This assessment is made with reference to a number of components including:

- (a) credit score: calculation of propensity to default based on a combination of customer supplied, internal performance and credit bureau data; and
- (b) affordability: calculation of an individualised lending amount that reflects the applicant's income and long-term commitments, the credit score and a debt-to-income percentage using a stressed interest rate and an overall income multiplier cap. All Loans are underwritten on an affordability principle and verified by reference to appropriate documentation. Affordability is calculated by reference to gross income and long-term commitments, loans, credit cards etc.; and
- (c) valuations: are carried out in full on all proposed Loans for the purchase of a property. A restricted automated valuation model policy existed for remortgages subject to certain exceptions including (i) in cases where the LTV is above 60%; (ii) the relevant property was built prior to the year 1850; (iii) the relevant property is a flat; or (iv) the relevant property has a value of below £100,000 and above £350,000. Between January 2009 and December 2018 the automated valuation model policy was not used, and during this period full valuations were carried out on all business. The Society may however decide to begin using the automated valuation model again at some point in future, subject to

certain conditions. A House Price Indexed calculator using Land Registry data has been used for some further advances to update property valuations subject to certain exceptions, such as where the LTV of the new loan and indexed valuation is within 10% of the maximum LTV, in which case full valuations are undertaken.

The lending system is supported by a mandate structure within the processing up to offer stage, with authority limits varying according to seniority and experience. This delegated authority is restricted to the underwriting function within the Seller's mortgage service centre and a limited number of other senior management. The sales and completion functions are a segregated function from the processing function.

System architecture have highly developed rules and policies with restricted access rights which, when combined together, provide further controls on what lending can be agreed. Control of this system is by a separate and segregated function.

Lending managers carry out sample checking at offer stage and file checking at completion stage to ensure adherence to the policy and underwriting process. Prior to April 2010 the Seller's mortgage indemnity guarantee insurers also carry out quarterly audit checks on higher loan-to-value (LTV) cases above 75% to ensure policy adherence.

Underwriting exceptions

On a case-by-case basis the Seller may have determined that, based upon compensating factors, an applicant that did not strictly qualify under the lending criteria at that time warranted an underwriting exception. Any such exceptions would have been approved by a mandated underwriter or a senior manager of the Seller. Compensating factors which may be considered include, but are not limited to, a low LTV ratio, overall affordability position and a proven borrowing history with the Seller.

Lending Criteria

The following is a summary of the lending criteria (the **Lending Criteria**) applied by the Seller in originating all its mortgage loans, subject to any underwriting exception (as described below).

It should be noted that the Lending Criteria have changed over time and not all Loans in the Provisional Portfolio will have been originated under these terms. However, the lending criteria relevant to the origination of the Loans in the Provisional Portfolio were substantially similar to those set out below and any such changes over time have not affected the homogeneity (as determined in accordance with Article 20.8 of the Securitisation Regulation) of the loans comprising the Portfolio. Any material change to the Lending Criteria after the date of this Prospectus which would affect the homogeneity (as determined in accordance with Article 20.8 of the Securitisation Regulation) of the loans comprising the Portfolio or which would materially affect the overall credit risk or the expected average performance of the Portfolio will (to the extent such change affects the Loans included in the Portfolio from time to time) be disclosed (along with an explanation of the rationale for such changes being made) to investors by the Seller.

In addition Noteholders should be aware that the Lending Criteria apply to all mortgage loans, including those originated by the Seller which are not included in the Provisional Portfolio. For further information on the Loans to be sold to the Issuer, Noteholders should review the warranties made by the Seller as set out in the section headed "*Sale of the Portfolio under the Mortgage Sale Agreement*" below.

(a) *Property – location*

Each Property on which a Loan is secured is situated in either England or Wales.

(b) *Property – Borrower's title*

Each Property is a freehold, leasehold or commonhold residential property in England or Wales, the legal title to which is vested in the Borrower, and is good and marketable title.

(c) *Property – leasehold term*

In the case of a leasehold residential Property located in England or Wales, the term of the lease must exceed the term of the Loan by at least 30 years.

(d) *Property – valuation*

A valuation report is required to be performed by one of the Seller's internally employed surveyors/valuers or a panel valuer. Since August 2014 all valuation reports have been performed by a third party supplier, in every case an Associate or Fellow of the Royal Institution of Chartered Surveyors with a minimum of two years' post-qualified experience at the time of such valuation listed in the Seller's panel of valuers or is otherwise acceptable to the Seller acting as a Prudent Mortgage Lender. The Seller has previously also used automated valuation models although these were not used between January 2009 and March 2011.

(e) *Property – construction*

The Property must be in a satisfactory condition and of a suitable type. For Properties less than ten years old, a suitable certificate or guarantee is required.

(f) *Property – occupiers*

Each Borrower must disclose the details of every person (except sons or daughters (who are aged 17 years or over) of the Borrower living with the Borrower) who, at the date upon which the Loan is entered into has attained the age of 17 and is in or about to be in actual occupation of the relevant Property and each such person must either be named as a Borrower or have signed a deed of consent in the form of the pro forma contained in the Standard Documentation which was applicable at the time the mortgage was executed and which has the effect of postponing any present or future rights or interests as he or she may have or acquire over or in respect of the relevant Property, and making such interests subject to the rights, interests and remedies of the Seller under the relevant Mortgage.

(g) *Property – use*

A Loan will not be granted in relation to Property which is used for commercial purposes (other than on an informal basis e.g. use of a room as an office).

(h) *Loan – loan-to-value ratio*

The LTV is calculated by dividing the initial principal amount advanced at completion of the Loan (excluding any completion fees) by the lesser of the valuation or purchase price of the Property. For the purpose of calculating the applicable LTV, any builder's deposit or incentives are accounted for in the relevant valuation or deducted from the relevant purchase price.

What is an acceptable LTV will depend on the nature of the product and the Borrower (e.g. first time buyers), the value of the Property and the credit rating of the Borrower.

(i) *Loan – repayment methods*

Loans may be capital and interest repayment loans, Part and Part Loans or interest only loans. Where or to the extent that Loans are interest only, there needs to be plausible evidence that a suitable repayment mechanism is realistic and in place.

(j) *Loan – term*

Loans usually have a term of up to 40 years.

(k) *Borrower – capacity and status*

Borrowers must all be private individuals. Borrowers must have a minimum age of 18 and must have been in employment for the last three months or with a single previous employer for at least 12 months or where the Loan continues beyond intended retirement age, the Borrower must evidence sufficient income to service and repay the Loan during the term or at maturity in the case of interest only loans.

(l) *Borrower - credit history*

The Borrower's credit and employment history may be assessed with the aid of one or more of the following:

- (i) electoral register or other proof of occupancy;
- (ii) full credit search for the previous three years supplied by a credit reference agency;
- (iii) copy of the most recent pay slips, P60s, personal and/or business bank statements, employment contracts and/or confirmation of salary details from employer;
- (iv) historical business accounts (for example if self-employed and/or an owner of a limited company), audited by qualified accountants where applicable or for sole traders where accounts are not available, copies of SA302 from HMRC; or
- (v) previous mortgage statements.

(m) *Borrower – income and affordability*

A full income and expenditure assessment will be carried out to ensure that the Loan is affordable, at the point of origination and going forwards. Affordability and reasonableness checks are carried out to validate income and expenses.

Lending decisions are based on an assessment of affordability for each individual application. Consideration is given to the lifestyle and spending pattern of applicants and to long-term affordability to allow for future rate increases. FCA guidelines on responsible lending require that lenders no longer rely on standard income multiples across the board. Prior to 2007, the Seller employed standard income multiples as part of its Lending Criteria.

Since 2007 the Seller uses a model incorporating the applicant's gross income and long-term commitments (loans, credit cards etc.) plus a credit score, debt to income percentage, and a stressed interest rate are used to arrive at a bespoke maximum lending amount subject to an overall income multiplier cap.

(n) *Borrower – Deposit*

Applicants should be able to demonstrate having saved a personal deposit. Applicants with builder or vendor deposit funding are not accepted, although gifts from close relatives are accepted.

For the purposes of this section and where used elsewhere in this Prospectus, the following words shall have the meanings set out below:

Prudent Mortgage Lender means a prudent residential mortgage lender lending to borrowers in England and Wales who generally satisfies the lending criteria of traditional sources of residential mortgage capital.

Changes to the underwriting policies and Lending Criteria

Any material changes from the Seller's prior underwriting policies and Lending Criteria shall be disclosed without undue delay to the extent required under Article 20(10) of the Securitisation Regulation.

The assessment of a Borrower's creditworthiness is conducted in accordance with the Lending Criteria and, where appropriate, meets the requirements set out in Article 8 of Directive 2008/48/EC or paragraphs 1 to 4, point (a) of paragraph 5, and paragraph 6 of Article 18 of Directive 2014/17/EU or, where applicable, equivalent requirements in third countries.

Interest Only Loans

In relation to Interest Only Loans, the Seller recommends that, and will ask for evidence, the Borrower has a suitable and credible repayment mechanism in place and will only accept a limited range of such vehicles. The Seller will review the repayment mechanism in line with the size of the Loan, applicant's age and income and likelihood of the repayment mechanism accumulating sufficient value to repay the Loan and will decline the application if this repayment mechanism is deemed to be unacceptable or if the appropriate evidence is not available. The Seller does not take security over any investment policies taken out by Borrowers.

Insurance Policies

(a) *Borrower's Insurance*

It is a condition of each Loan that each Borrower is to effect and maintain (at their own expense) a property insurance policy (or, in the case of leasehold properties where the lease requires the insurance to be in the name of the landlord, arrange for the Seller's interest to be noted on the relevant insurance policy) in an amount sufficient to recover the reinstatement value of the Property (save in the case of leasehold properties where the lease requires the insurance to be in the name of the landlord in which case the Borrower is to use best efforts to ensure that the amount of the insurance is sufficient to recover the reinstatement value of the Property).

(b) *Contingency Insurance*

In addition to the requirement that each Borrower effects and maintains a property insurance policy in relation to any Property upon which a Loan is secured, the Seller has, separately taken out two Insurance Policies, being the Repossessed Properties Insurance Policy and the Householders' Freedom of Agency Policy which are underwritten by Royal and Sun Alliance Insurance plc. However, there is no obligation in the Transaction Documents for the Seller to maintain any such Insurance Policy. Given that the Seller may decide not to renew any such policy at any point in the future, if, in relation to a particular Property, a Borrower fails to maintain such a property insurance policy in breach of their mortgage conditions, that Property may become uninsured and the Borrower may be exposed to any reinstatement costs in the event of loss or damage which may affect that Borrower's ability to repay.

Reposessed Properties Insurance Policy

This policy provides cover for reposessed or uninsured properties in the event that the Society takes possession of a property for which specific cover is not in place. The policy covers damage to the property during the period covered under the policy of up to £350,000.

Householders' Freedom of Agency Policy

This policy covers destruction of or damage to a Property where a Borrower has insured other than through the Seller and where the Borrower's insurance fails to answer for reasons not being the fault of the Seller.

Selection of the Portfolio

The Loans in the Provisional Portfolio were initially selected from the mortgage loans in the Seller's mortgage book which met the warranties set out in "*Sale of the Portfolio under the Mortgage Sale Agreement – Mortgage Sale Agreement – Representations and Warranties*" and subsequently such initial pool was further reduced using a random selection process.

The Loans in the Provisional Portfolio were not selected with the aim of rendering losses on the Loans sold to the Issuer, measured over a period of 4 years, higher than the losses over the same period on comparable assets held on the balance sheet of Principality.

Confirmations of the Seller

For the purposes of Article 5 of the Securitisation Regulation, the Seller has made available the following information (or has procured that such information is made available):

- (a) confirmation that the Seller was a credit institution as defined in points (1) and (2) of Article 4(1) of Regulation (EU) No 575/2013 at the time of origination of the Loans in the Portfolio, as to which please see the warranty (b) in the section of this Prospectus headed "*Sale of the Portfolio under the Mortgage Sale Agreement – Representations and Warranties - Loans*";

Other Characteristics

The Loans comprised in the Provisional Portfolio as at the Portfolio Cut-Off Date will be

transferred to the Issuer after selection for inclusion in the Portfolio without undue delay for purposes of Article 20(11) of the Securitisation Regulation.

If any of the Loan Warranties given by the Seller are materially breached in respect of any Loan and/or its Related Security or any representation or warranty proves to be materially untrue as at the Closing Date or, in respect of a Further Advance, Product Switch or Substitution as at the Testing Date (as defined below), the Seller will serve a notice promptly, but in any event no later than five Business Days following the date on which it discovers the breach on the Issuer in relation thereto. The Seller will repurchase such Loan and its Related Security from the Issuer within 30 days of such repurchase notice being received (or such other date as the Issuer may direct in the repurchase notice, provided that the date so specified by the Issuer shall not be later than 30 days after receipt by the Seller of such repurchase notice). Product Switches, Further Advances and Substitution

(a) Further Advances

Under the Mortgage Sale Agreement, the Issuer has agreed that the Seller or the Servicer may make an offer to any Borrower for a Further Advance. If a Borrower requests, or the Seller or the Servicer (on behalf of the Seller) offers, a Further Advance under a Loan, the Seller or the Servicer (on behalf of the Seller) will be solely responsible for offering, documenting and funding that Further Advance. Any Further Advance made to a Borrower shall be purchased by the Issuer on the date that the Further Advance is made by the Seller to the relevant Borrower (the **Advance Date**). A notice shall be given by the Seller to the Issuer in respect of a Further Advance promptly, but in any event no later than the date falling five Business Days following the Testing Date, if it is determined that any of the Further Advance Conditions are not satisfied as at the Testing Date (a **Notice of Non-Satisfaction of Further Advance Conditions**).

A Notice of Non-Satisfaction of Further Advance Conditions may be given by the Seller to the Issuer if the Seller has identified beyond a reasonable doubt that any of the following conditions (the **Further Advance Conditions**) are not satisfied:

- (a) the Advance Date falls before the Step-Up Date;
- (b) no Event of Default has occurred and is continuing;
- (c) no Seller Insolvency Event has occurred;
- (d) if the Seller's short-term counterparty risk assessment has fallen below P-2(cr) by Moody's or below the short-term IDR of F2 by Fitch (or such other lower short-term rating or risk assessment acceptable to the relevant Rating Agency) and remains below such ratings, the Seller has provided to the Issuer and the Trustee a valid solvency certificate signed by an authorised signatory of the Seller;
- (e) the purchase of the Further Advance will not result in the aggregate principal balance outstanding of all Further Advances purchased by the Issuer exceeding 5% of the aggregate Principal Amount Outstanding of the Notes as at the Closing Date;
- (f) the Current Balance of the Loans comprising the Portfolio, in respect of which the aggregate amount in arrears is more than three times the Monthly Payment then due, is less than 3% of the aggregate Current Balance of the Loans comprising the Portfolio;
- (g) each Loan and its Related Security which is the subject of the Further Advance complies, as at the Advance Date, with the representations contained in the Mortgage Sale Agreement required to be given on each Advance Date;
- (h) the Class A Principal Deficiency Sub-Ledger does not have a debit balance as at the most recent Interest Payment Date after applying all Available Revenue Receipts on that Interest Payment Date;
- (i) the original weighted average LTV ratio (calculated as the ratio of X to Y); does not exceed 72.5% where:

X is the aggregate sum of (a) multiplied by (b) for each of the Loans in the Portfolio where:

- (a) is the original LTV ratio calculated by dividing debt previously advanced (including any Further Advances made) by the Original Valuation of a Loan in the Portfolio and,
 - (b) is the Current Balance of such Loan in the portfolio
- Y is the aggregate Current Balances of all the Loans in the Portfolio;
- (j) the current LTV ratio (as measured by the Current Balance of such Loan plus the relevant Further Advance divided by the latest valuation) is less than 90%;
 - (k) the outstanding Current Balance of any Loans in the Portfolio (including any Further Advance) with an interest only part does not exceed 20% of the aggregate Current Balance of the Loans in the Portfolio; and
 - (l) each Fixed Rate Loan which is the subject of a Further Advance will be included in the calculation of the notional amount in respect of the Interest Rate Swap Transaction in respect of the calculation period for the Interest Rate Swap Transaction which begins in the calendar month immediately following the calendar month in which such Further Advance is made.

A solvency certificate shall be valid for three months following the date on which it is issued.

The Seller must, in relation to the Loan which is subject to the Further Advance, give the representations and warranties in respect of Further Advances set out in the Mortgage Sale Agreement as at the Testing Date. If no Notice of Non-Satisfaction of Further Advance Conditions has been given by the Seller to the Issuer, or has been so given and subsequently revoked by the Seller, then the Issuer must pay the Further Advance Purchase Price in respect of such Further Advance to the Seller. The purchase price for the relevant Further Advance shall be an amount equal to the Current Balance of the Further Advance (the **Further Advance Purchase Price**) and will be paid from Principal Receipts on or prior to the last day of the calendar month following the month in which the relevant Advance Date falls to the extent that the Issuer has sufficient Principal Receipts on such date to make such payment, and otherwise on each succeeding Business Day until and to the extent that such Further Advance Purchase Price is paid in full.

If a Notice of Non-Satisfaction of Further Advance Conditions is served in respect of the Loan subject to such Further Advance, then the Seller will have an obligation to remedy such breach within 30 days after receiving such Notice of Non-Satisfaction of Further Advance Conditions. If such breach is not capable of remedy, or, if capable of remedy, is not remedied within the 30 day period, the Issuer will serve a repurchase notice on the Seller. The Seller must then repurchase the Loan within 30 days of receipt of such repurchase notice (or such other date as the Issuer may direct in the repurchase notice, provided that the date so specified by the Issuer shall not be later than 30 days after receipt by the Seller of such repurchase notice). Consideration for such repurchase shall be provided by payment in cash and/or the substitution of Substitute Loan(s) such that the aggregate of the Current Balance(s) of the Substitute Loan(s), if any, and the cash payment amount, if any, equals at least the Current Balance(s) of the Loan(s) excluding the amount of the Further Advance which has not yet been paid for by the Issuer subject to repurchase.

Neither the Seller nor the Servicer (as applicable) shall be permitted to issue any offer for a Further Advance to any Borrower with a Loan which is delinquent or which is in default.

Where used in this Prospectus, the following terms have the following meanings:

Further Advance means, in relation to a Loan, any advance of further money after the Closing Date following a request from an existing Borrower following the making of the Loan which is secured by the same Property as the Loan where the Seller has a discretion as to whether to

accept that request, but does not include the amount of any retention advanced to the relevant Borrower as part of the Initial Advance after completion of the Mortgage.

Monthly Payment means the amount which the relevant Mortgage Terms require a Borrower to pay on each Monthly Payment Day.

Mortgage Terms means all the terms and Conditions applicable to a Loan and/or its Related Security including the applicable Mortgage Conditions and Offer Conditions.

Monthly Payment Day means the date in each month on which interest (and principal in relation to a repayment mortgage) is due to be paid by a Borrower on a Loan under the applicable Mortgage Terms or, if any such day is not a Business Day, the next following Business Day.

Original Valuation means the valuation figure contained in the Valuation Report issued prior to the original advance of the relevant Loan or, with respect to a Further Advance, the Valuation Report issued prior to the making of such Further Advance.

Testing Date means, in respect of a Further Advance, Product Switch or Substitute Loan, the last day of the calendar month in which such Further Advance, Product Switch or Substitute Loan, as applicable, has been made.

Valuation Report means the valuation report or reports for mortgage purposes obtained by the Seller from a valuer in respect of each relevant Property or a valuation report in respect of a valuation made using a methodology which would be acceptable to a Prudent Mortgage Lender and which has been approved by the relevant officers of the Seller which may include the use of automation valuation models and drive-by valuations.

Loan Account means as the context requires, either (i) all Loans secured on the same Property or (ii) an account maintained by the Servicer in respect of a particular Loan (whether by way of principal, interest or otherwise) and all amounts received in respect thereof.

Payment Holiday means a period during which a Borrower may suspend payments under a Flexible Loan where the Borrower is permitted under the relevant Mortgage Conditions to do so and will not therefore be in breach of the relevant Mortgage Conditions.

(b) Product Switches

A Loan will be subject to a **Product Switch** if there is any variation of the financial terms and conditions of the Loan other than:

- (a) any variation agreed with a Borrower to control or manage arrears on the Loan;
- (b) any variation in the maturity date of a Loan;
- (c) any variation imposed by statute or by regulation or any variation in the frequency with which the interest payable in respect of the Loan is charged;
- (d) any variation to the interest rate as a result of the Borrowers switching to a different rate other than where the Borrower is switching to another product;
- (e) any change to a Borrower under the Loan or the addition of a new Borrower under a Loan; or
- (f) any change in the repayment method of the Loan (including from an Interest Only Loan to a Repayment Loan).

Any variation to the terms of a Loan in accordance with paragraphs (a) to (f) above is a **Permitted Variation**.

Any Permitted Variation may be made to the Loans without the requirement for the Servicer or the Seller to obtain any further consent or comply with any further condition.

If a Borrower requests, or the Seller or the Servicer (on behalf of the Seller) offers, a Product Switch under a Loan, the Seller or the Servicer (on behalf of the Seller) will be solely responsible for offering and documenting that Product Switch. Any Loan which has been subject to a Product Switch will remain in the Portfolio after the date that the Product Switch is made (the **Switch Date**). A notice shall be given by the Seller to the Issuer in respect of such Product Switch promptly, but in any event no later than the date falling five Business Days following the Testing Date, if any it is determined that of the Product Switch Conditions are not satisfied as at the Testing Date (a **Notice of Non-Satisfaction of Product Switch Conditions**).

A Notice of Non-Satisfaction of Product Switch Conditions shall be given by the Seller to the Issuer if the Seller has identified beyond a reasonable doubt that any of the following conditions (the **Product Switch Conditions**) are not satisfied:

- (a) the Switch Date falls before the Step-Up Date;
- (b) no Event of Default has occurred and is continuing;
- (c) no Seller Insolvency Event has occurred;
- (d) if the Seller's short-term counterparty risk assessment has fallen below P-2(cr) by Moody's or the short-term IDR has fallen below F2 by Fitch (or such other lower short-term rating or risk assessment acceptable to the relevant Rating Agency) and remains below such ratings, the Seller has provided to the Issuer and the Trustee a valid solvency certificate signed by an authorised signatory of the Seller;
- (e) the Product Switch will be effected by such means as would be adopted by the Seller, for the purpose of ensuring the validity and priority of the Loan, were such switch in respect of a loan advanced by the Seller which is not part of the Portfolio;
- (f) the Product Switch will be similar to switches offered to the Seller's mortgage borrowers whose mortgage loans do not form part of the Portfolio;
- (g) the Current Balance of the Loans comprising the Portfolio, in respect of which the aggregate amount in arrears is more than three times the Monthly Payment then due, is less than 3% of the aggregate Current Balance of the Loans comprising the Portfolio;
- (h) each Loan and its Related Security which is the subject of a Product Switch complies with the representations contained in the Mortgage Sale Agreement required to be given on each Switch Date;
- (i) the Class A Principal Deficiency Sub-Ledger does not have a debit balance as at the most recent Interest Payment Date after applying all Available Revenue Receipts on that Interest Payment Date;
- (j) the outstanding Current Balance of any Loans in the Portfolio (including any Product Switch) with an interest only part does not exceed 20% of the aggregate Current Balance of the Loans in the Portfolio; and
- (k) each Loan which is the subject of a Product Switch and as a result is subject to a fixed interest rate will be included in the calculation of the notional amount for the Interest Rate Swap Transaction in respect of the calculation period for the applicable Interest Rate Swap Transaction which begins in the calendar month immediately following the calendar month in which such Product Switch is made.

A solvency certificate shall be valid for three months following the date on which it is issued.

The Seller must, in relation to the relevant Loan, give the representations and warranties in respect of Product Switches set out in the Mortgage Sale Agreement as at the Testing Date.

If a Notice of Non-Satisfaction of Product Switch Conditions is served in respect of the Loan subject to such Product Switch, then the Seller will have an obligation to remedy such breach within 30 days after receiving such Notice of Non-Satisfaction of Product Switch Conditions. If such breach is not capable of remedy, or, if capable of remedy, is not remedied within the 30 day period, the Issuer will serve a repurchase notice on the Seller. The Seller must then repurchase the Loan within 30 days of receipt of such repurchase notice (or such other date as the Issuer may direct in the repurchase notice, provided that the date so specified by the Issuer shall not be later than 30 days after receipt by the Seller of such repurchase notice). Consideration for such repurchase shall be provided by payment in cash and/or the substitution of Substitute Loan(s) such that the aggregate of the Current Balance(s) of the Substitute Loan(s), if any, and the cash payment amount, if any, equals at least the Current Balance(s) of the Loans subject to repurchase.

Where in relation to a proposed Further Advance or Product Switch, the Seller or the Servicer (on behalf of the Seller) proposes making a Further Advance or Product Switch (as applicable), the Seller may, despite the Seller not having given (in the case of the Further Advance) a Notice of Non-Satisfaction of Further Advance Conditions or (in the case of the Product Switch) a Notice of Non-Satisfaction of Product Switch Conditions (as applicable) to the Issuer, as alternatives to selling the Further Advance to the Issuer or the Loan which is the subject of a Product Switch remaining in the Portfolio (as applicable), elect to repurchase the relevant Loan and its Related Security from the Issuer on or prior to the last day of the calendar month following the calendar month in which the Advance Date or the Switch Date (as applicable) falls for a consideration equal to its Current Balance. Any such election must be made prior to the Testing Date following the relevant Advance Date or Switch Date (as applicable). The Seller must pay to the Issuer the consideration for the relevant Loan and its Related Security which is the subject of a Further Advance or a Product Switch (as applicable) on the last day of the calendar month following the calendar month in which such Further Advance or Product Switch is made.

(c) Substitute Loans

The Seller may offer the Issuer (and the Issuer shall accept) a Substitute Loan as consideration for the repurchase of a Loan which was in breach of any representation or warranty or in respect of which an unrevoked Notice of Non-Satisfaction of Further Advance Conditions or unrevoked Notice of Non-Satisfaction of Product Switch Conditions has been given by the Seller to the Issuer. Any Substitute Loan will be assigned to the Issuer unless the Seller has given notice to the Issuer no later than one Business Day prior to the Substitution Date that any of the Substitution Conditions are not satisfied (a **Notice of Non-Satisfaction of Substitution Conditions**) and such notice has not been revoked by the Seller.

A Notice of Non-Satisfaction of Substitution Conditions may be given by the Seller to the Issuer if the Seller has identified beyond a reasonable doubt that any of the following conditions (the **Substitution Conditions**) are not satisfied:

- (a) the Substitution Date falls before the Step-Up Date;
- (b) no Event of Default has occurred and is continuing;
- (c) no Seller Insolvency Event has occurred;
- (d) if the Seller's short-term counterparty risk assessment has fallen below P-2(cr) by Moody's or the short-term IDR has fallen below F2 by Fitch (or such other lower short-term rating or risk assessment acceptable to the relevant Rating Agency) and remains below such ratings, the Seller has provided to the Issuer and the Trustee a valid solvency certificate signed by an authorised signatory of the Seller;

- (e) the Substitute Loan and Related Security constitutes the same ranking and priority security over a Property as the security provided in respect of the relevant repurchased Loan; and
- (f) each Substitute Loan, which is subject to a fixed interest rate, will be included in the calculation of the notional amount in respect of the Interest Rate Swap Transaction in respect of the calculation period for the Interest Rate Swap Transaction which begins in the calendar month immediately following the calendar month in which such Substitute Loan is added to the Portfolio.

A solvency certificate shall be valid for three months following the date on which it is issued.

If no Notice of Non-Satisfaction of Substitution Conditions has been given by the Seller to the Issuer, or has been so given and subsequently revoked by the Seller no later than 12pm on the Business Day prior to the relevant Substitution Date, and the Substitute Loan is assigned to the Issuer, the Seller must, in relation to the relevant Loan, give the Loan Warranties as at the relevant Substitution Date in respect of the Substitute Loans as if references to “Loan” in the Loan Warranties are to the relevant Substitute Loan.

The Seller has agreed in the Mortgage Sale Agreement that, if it is subsequently determined that:

- (a) any representation or warranty made on the relevant Substitution Date by it in respect of any of its Substitute Loans was materially untrue as at the Substitution; or
- (b) any Substitution Condition was in fact not satisfied on the Substitution Date for a Substitute Loan:
 - (i) despite no Notice of Non-Satisfaction of Substitution Conditions being given by the Seller to the Issuer no later than one Business Day prior to the relevant Substitution Date; or
 - (ii) where a Notice of Non-Satisfaction of Substitution Conditions was given but was revoked by the Seller by the Business Day prior to the relevant Substitution Date,

and, in either case, this (where capable of remedy) has not been remedied within 30 Business Days of receipt by the Seller of notice from the Issuer, the Seller will, upon receipt of a further notice from the Issuer, repurchase the entire Substitute Loan and its Related Security from the Issuer on the next Business Day after receipt of such further notice by the Seller (or such other date as the Issuer may direct in the notice (provided that the date so specified by the Issuer shall not be later than 30 days after receipt by the Seller of such further notice)). Consideration for such repurchase shall be provided by payment in cash and/or the substitution of Substitute Loan(s) such that the aggregate of the Current Balance(s) of the Substitute Loan(s), if any, and the cash payment amount, if any, equals at least the Current Balance(s) of the Loan(s) subject to repurchase.

The Seller must, pursuant to the terms of the Mortgage Sale Agreement, notify the Issuer and the Trustee of any breach of warranty in respect of any of the relevant Loans subject to Further Advances, Product Switches or Substitution as soon as it has identified such breach.

2. Loan-to-Value Ratios as at the Portfolio Cut-Off Date

The following table shows the range of LTV ratios, which express the Current Balance of the aggregate of Loans in a mortgage account in the Provisional Portfolio as at the Portfolio Cut-Off Date or the date of origination of the Loan, as applicable divided by the valuation as at origination of the Loan or the most recent valuation thereof (see "The Loans – Lending Criteria – Valuations" for more information). For the avoidance of doubt, there have been no full revaluations for the purposes of the issuance of the Notes and the Original Valuation is the valuation quoted as at the date of the origination of the Loan.

Note: the monthly amortisation rate above has been calculated by the following formula $1 - (1 - D)^{(365/\text{number of days in the month})}$ where $D = (A - (B - C))/A$ where A = Seller prime mortgage balance at previous month end. B = Seller prime mortgage balance at relevant month end and C = volume of new Seller prime mortgage originations (including Additional Loan Advances).

Static and dynamic historical performance data in relation to loans originated by Principality will be made available on the website of EuroABS at www.euroabs.com. Such information will cover the period from January 2012. The loans which are included in such data are originated under and serviced in accordance with the same policies and procedures as the loans comprising the Portfolio and, as such, it is expected that the performance of such loans, over a period of 4 years, would not be significantly different to the performance of the loans in the Portfolio.

STATIC POOL INFORMATION

The tables in the following pages set out, to the extent material, static pool information with respect to all mortgage loans originated by the Seller. The tables show the distribution of loans designated as prime by the Seller by delinquency category as at each year end.

The information in the following tables has been sourced and extracted from the systems of the Seller/Servicer. The loans which are included in the tables below are originated under and serviced in accordance with substantially the same policies and procedures as the Loans in the Portfolio. In the following tables, delinquency category corresponds to the number of monthly contractual repayment amounts in arrears. Delinquency rates represent the closing balances of loans in a particular category as a percentage of aggregate closing balances.

INFORMATION ON THE PRINCIPALITY STANDARD VARIABLE RATE

The below table provides information on how the Seller's Standard Variable Rate has changed each month since 1 January 2012, as compared to each of the SONIA Reference Rate and the Bank of England Base Rate at the relevant time, in order to allow an assessment of the Standard Variable Rate in relation to other market rates.

CHARACTERISTICS OF THE UNITED KINGDOM RESIDENTIAL MORTGAGE MARKET

The UK housing market is primarily one of owner-occupied housing, with the remainder in some form of public, private landlord or social ownership. The mortgage market, whereby loans are provided for the purchase of a property and secured on that property, is the primary source of household borrowings in the United Kingdom.

Set out in the following tables are certain characteristics of the United Kingdom mortgage market.

Industry PPR Rates

In the following tables, quarterly industry constant repayment rate (**Industry PPR**) data was calculated by dividing the amount of scheduled and unscheduled repayments of mortgages made by banks, building societies and other specialist mortgage lenders in a quarter by the quarterly balance of mortgages outstanding for banks, building societies and other specialist mortgage lenders in the United Kingdom. These quarterly repayment rates were then annualised using standard methodology.

HOUSE PRICE INDEX

UK residential property prices are based on data from the Land Registry that incorporates property data for England and Wales (the **Housing Index**).

The UK housing market has been through various economic cycles in the recent past, with large year-to-year increases in the Housing Index occurring from the mid-1990s through to early 2008 and decreases occurring since then until mid-2009, following which the Housing Index has fluctuated.

THE SERVICER

THE SERVICER

Under the Servicing Agreement, Principality will be appointed as the Servicer of the Loans together with their Related Security.

This section describes Principality's servicing procedures based on the current Principality mortgage servicing policies. Principality will service the Loans and their Related Security in the Portfolio in accordance with its policies applicable from time to time, but subject to the terms of the Servicing Agreement. For a description of the Servicer's obligations under the Servicing Agreement, see "*The Servicing Agreement*".

Principality is an entity which is subject to prudential, capital and liquidity regulation in the United Kingdom and it has regulatory authorisation and permissions which are relevant to the provision of servicing in relation to the loans comprising the Portfolio and other loans originated by Principality which are not sold to the Issuer. Principality has significantly more than 5 years of experience in servicing of loans similar to those included in the Portfolio.

Under the terms of the Servicing Agreement, Principality will covenant to service the Loans in the Portfolio as if the same had not been sold to the Issuer but had remained on the books of Principality and in accordance with Principality's procedures and servicing and enforcement policies as they apply to the Loans from time to time. As such, Principality will service the Loans in the Portfolio in the same way as comparable loans which are not included in the Portfolio.

SERVICING PROCEDURES

Servicing procedures include:

- managing of Mortgage Accounts in arrears;
- issuing redemption statements, processing lump sum payments and early redemption fees;
- collecting and distributing title deeds and any supporting documents as well as storage of deeds;
- processing transfers of titles, notices of death, forfeitures of leases, sale and exchange of land, account conversions, term amendments, deed amendments, compensation and enforcement notices;
- dealing with all types of transactions posting and refunding fees, setting up direct debits, payment date changes and Payment Holidays;
- dealing with all customer correspondence on other aspects of mortgage loans once the Loan is drawn down, including changes in customer details and changes on the mortgage loan, i.e. product, repayment etc.; and
- notifying Borrowers of changes to interest rates applicable to the Loans.

Payment of Interest and Principal

Pursuant to the terms and conditions of the Loans, Borrowers must pay the monthly amount required under the terms and conditions of the Loans on or before each monthly instalment due date, within the month they are due. Interest accrues in accordance with the terms and conditions of each Loan and is collected from Borrowers monthly.

Collections

Payments by Borrowers in respect of amounts due under the Loans will be paid to the Seller. Amounts received by the Seller in respect of the Loans from (and including) the Cut-Off Date that relate to the Loans will be identified on a daily basis (each such aggregate daily amount, a **Daily Loan Amount**) and the Seller will transfer an amount equal to the Daily Loan Amount into the Transaction Account by the next Business Day after that Daily Loan Amount is identified as received by the Seller or, in respect of the period from and including the Cut-Off Date to and including the Closing Date on the next Business Day after the Closing Date.

Borrowers are required to make payments by direct debit or cheque unless otherwise agreed. However, direct debits may be returned unpaid after the due date for payment and, under the direct debit indemnity scheme, a Borrower may make a claim at any time to his or her bank for a refund of direct debit payments. Similarly, cheques may be returned unpaid by the Borrower's bank.

In each case, the Servicer will be permitted to reclaim from the Transaction Account the corresponding amounts previously credited. If a direct debit is returned unpaid in these circumstances, the usual arrears procedures described in "*The Servicer – Servicing Procedures Arrears and default procedures*" will be taken.

Arrears and Default Procedures

Delinquency and default of debtors, debt restructuring, debt forgiveness, forbearance, payment holidays, losses, charge offs, recoveries and other asset performance remedies and actions are defined in accordance with Principality's procedures and servicing and enforcement policies as they apply to the Loans from time to time.

Borrowers who have one month arrears become subject to collection activity by the Servicer. There are three stages to these procedures:

Early Arrears

At this stage:

- (a) telephone contact is attempted during the day and early evening either at the Borrower's home or workplace;
- (b) should such telephone contact prove unsuccessful or details be unavailable, the Borrower is contacted by letter;
- (c) automated arrears letters are issued provided arrears remain outstanding two days after the "profile date" and no diary notes have been set or other automated letters issued within the last 14 days; and
- (d) if no proactive contact or agreement has been achieved after two months, a field agent is instructed to visit the Borrower to attempt resolution.

Arrangement Management

At this stage:

- (a) the system identifies further defaults;
- (b) further action is taken in the form of telephone, letters and texts; and
- (c) serious arrears are given notice of intention to take legal proceedings.

Serious Arrears and litigation

A Borrower will move to this stage if they have three full monthly payments outstanding. At this stage:

- (a) solicitors are instructed to commence proceedings;
- (b) a possession order is obtained; and
- (c) the possession order is enforced when further default occurs.

Approach to Arrears Management

When a borrower is facing financial difficulty, their individual circumstances will be taken into consideration to enable the complete recovery of the mortgage through the full repayment of arrears using short term or long term rehabilitation tools which may be offered.

Risk Rating

The Servicer collects and analyses information about our portfolio of mortgage borrowers, which includes data submitted by credit reference agencies. This enables us to calculate a 'behavioural' credit score for all borrowers every month.

Forbearance & Arrears handling

The arrears handling process will consider the number of months a borrower is in arrears, calculated by the current arrears on due date divided by the average of the last 6 months' monthly due payments together with the risk rating. These two factors will determine when, how frequently as well as the type of contact to be made to the borrower.

All forbearance practices will be subject to a review and follow up process to support the recovery of the mortgage in the long term. This may require completion of formal documentation from all borrowers should the concession involve a contractual change and/or an account restructure. These can include:

- (a) Changing the date for payment
- (b) Extension of borrower's term
- (c) Change from repayment to interest only
- (d) Deferment of monthly payment (full or part)
- (e) Capitalisation
- (f) Allowing borrowers to remain in possession to affect a sale (Assisted Sale)

If a customer breaks an arrangement, the Servicer will notify that borrower as soon as possible (dependent upon payment method) in an attempt to establish the reasons why the arrangements have not been kept to. The Servicer will establish if there has been a change in financial circumstances and whether the arrangements can be renegotiated. The consequences of not keeping to an arrangement will be explained in writing to the borrower.

Litigation Proceedings

The Servicer will only begin legal proceedings to take possession of a property as a last resort and all alternatives have been considered and the customer has been given time to improve their position.

Litigation may proceed where:

- 1) All attempts to contact the customer have failed
- 2) It has not been possible to agree an arrangement
- 3) The customer has not been able to sustain the payments agree under the arrangement
- 4) The property has been abandoned.

Repossession

Prior to commencement of repossession the Servicer will provide the customer with a written update of all the arrears information; ensure the customer is informed of the need to contact the local authority to establish if they are eligible for local authority housing after their property is repossessed and then clearly state the action that will be taken with regard to repossession.

Once in possession the property will be marketed as soon as reasonably possible. Advice will be taken from the Servicer's assigned asset manager to assess the best price by obtaining:

- 1) two valuations to include at least one RICS qualified surveyor; and
- 2) advice from the Asset Manager as to whether it is appropriate to market the property by private treaty or by public auction.

The borrower will be provided with a completion statement once a sale has been completed setting out how all final figures have been calculated. If there is a shortfall the Servicer will comply with the CML voluntary shortfall agreement.

If there is a surplus the Servicer will make payments to other charge holders before issuing funds to the customer. All reasonable efforts to contact the borrower to pay the surplus will be carried out or retain the funds in interest bearing account until contact is made.

Non Forbearance Solutions

There are a number of other actions the Servicer will utilise to assist customer with any financial difficulty:

- (a) Change of repayment date
- (b) Change of payment method

THE SERVICING AGREEMENT

The following section contains an overview of the material terms of the Servicing Agreement. The overview does not purport to be complete and is subject to the provisions of the Servicing Agreement.

Introduction

The parties to the Servicing Agreement to be entered into on or about the Closing Date will be the Issuer, the Trustee, the Seller, the Back-Up Servicer Facilitator and the Servicer.

On the Closing Date, Principality (in such capacity, the **Servicer**) will be appointed by the Issuer under the Servicing Agreement as its agent to administer the Loans and their Related Security that it will sell to the Issuer in its capacity as Seller. The Servicer will undertake to comply with any proper directions and instructions that the Issuer and/or the Trustee may from time to time give to it in accordance with the provisions of the Servicing Agreement. The Servicer will be required to administer the Loans and their Related Security in the following manner:

- (a) in accordance with the Servicing Agreement; and
- (b) as if the Loans and Mortgages had not been sold to the Issuer but remained with the Seller and in accordance with the Seller's procedures and servicing and enforcement policies as they apply to the Loans from time to time.

The Servicer's actions in servicing of the Loans in accordance with its procedures and the Servicing Agreement will be binding on the Issuer. The Servicer will also be appointed by the Seller under the Servicing Agreement to be its agent to service the Loans and their Related Security in the making of any Further Advances and/or Product Switches. For instance, the Servicer shall, on behalf of the Seller, make offers to Borrowers and accept applications from Borrowers.

The Servicer may, in some circumstances, delegate or subcontract some or all of its responsibilities and obligations under the Servicing Agreement. However, the Servicer will remain liable at all times for the servicing of the Loans and for the acts or omissions of any delegate or subcontractor.

Powers

Subject to the guidelines for servicing set forth above, each Servicer will have the power, *inter alia*:

- (a) to exercise the rights, powers and discretions of the Issuer in relation to the Loans and their Related Security and to perform its duties in relation to the Loans and their Related Security; and
- (b) to do or cause to be done any and all other things which it reasonably considers necessary or convenient or incidental to the servicing of the Loans and their Related Security or the exercise of such rights, powers and discretions.

Undertakings by the Servicer

The Servicer will undertake, in relation to the Loans and their Related Security that the Seller has sold to the Issuer, among other things, that it will:

- (a) administer and service the relevant Loans and their Related Security as if the same had not been sold to the Issuer but had remained on the books of the Seller and in accordance with the Seller's procedures and servicing and enforcement policies as they apply to the Loans from time to time;

- (b) provide the services to be undertaken by it under the Servicing Agreement in such manner and with the same level of skill, care and diligence as would a Prudent Mortgage Lender;
- (c) comply with any proper directions, orders and instructions which the Issuer and/or the Trustee may from time to time give to it in accordance with the provisions of the Servicing Agreement;
- (d) maintain all approvals, authorisations, permissions, consents and licences required for itself in connection with the performance of its duties under the Servicing Agreement, and prepare and submit on a timely basis all necessary applications and requests for any further approvals, authorisations, permissions, consents and licences required for itself in connection with the performance of its duties under the Servicing Agreement;
- (e) save as otherwise agreed with the Issuer, provide free of charge to the Issuer and the Seller, office space, facilities, equipment and staff sufficient to fulfil the obligations of the Issuer and the Seller under the Servicing Agreement;
- (f) not knowingly fail to comply with any legal requirements in the performance of its duties under the Servicing Agreement;
- (g) make all payments required to be made by it pursuant to the Servicing Agreement on the due date for payment thereof in Sterling (or as otherwise required under the Transaction Documents) in immediately available funds for value on such day without set-off (including, without limitation, in respect of any fees owed to it) or counterclaim but subject to any deductions required by law;
- (h) use reasonable endeavours to procure that the Seller makes payments in respect of the Loans into the Transaction Account not later than one Business Day following receipt of the same by the Seller;
- (i) not without the prior written consent of the Trustee amend or terminate any of the Transaction Documents in any material respect except in accordance with their terms;
- (j) forthwith upon becoming aware of any event which may reasonably give rise to an obligation of the Seller to repurchase any Loan pursuant to the Mortgage Sale Agreement, notify the Issuer and the Seller in writing of such event; and
- (k) ensure that at all times the relevant Loans comply with the material terms of the CCA (to the extent that such relevant Loans are regulated by that Act).

Compensation of the Servicer

The Servicer will receive a servicing fee for servicing the Loans. The Issuer will pay the Servicer its servicing fee (inclusive of any applicable VAT) of £1,200 per annum (or such other amount as may be agreed between the Issuer and the Servicer). The servicing fees are payable quarterly in arrear on each Interest Payment Date only to the extent that the Issuer has sufficient funds in accordance with the Pre-Enforcement Revenue Priority of Payments to pay them. Any unpaid balance will be carried forward until the next Interest Payment Date and, if not paid earlier, will be payable in full on the Final Maturity Date or on any earlier date on which an Enforcement Notice is served by the Trustee on the Issuer.

Removal or Resignation of a Servicer

The Issuer (prior to delivery of an Enforcement Notice) with the written consent of the Trustee, or the Trustee itself (following delivery of an Enforcement Notice), (in the case of (a) or (b) below) may at any time and (in the case of (c) below) the Issuer shall at once, upon written notice to the Servicer, terminate the Servicer's rights and obligations on the date specified in the notice if any of the following events (each a **Servicer Termination Event**) occurs:

- (a) the Servicer defaults in the payment of any amount due under the Servicing Agreement or any other Transaction Documents to which it is party and fails to remedy that default for a period of 30 Business Days after the earlier of becoming aware of the default and receipt of written notice from the Issuer or the Trustee (following delivery of an Enforcement Notice) requiring the default to be remedied; or
- (b) the Servicer fails to comply with any of its other covenants or obligations under the Servicing Agreement or any other Transaction Document to which it is party which in the opinion of the Trustee is materially prejudicial to the interests of the Noteholders and does not remedy that failure within 30 Business Days after the earlier of becoming aware of the failure and receipt of written notice from the Issuer or the Trustee (following delivery of an Enforcement Notice) requiring the failure to be remedied; or
- (c) a Servicer Insolvency Event occurs in relation to the relevant Servicer. (In this context where the Seller is the Servicer, **Servicer Insolvency Event** has the same meaning as Seller Insolvency Event (as defined in "*The Portfolio – Sale of the Portfolio under the Mortgage Sale Agreement*" above) but any reference to the Seller shall be deemed to be replaced with a reference to the relevant Servicer).

Subject to the fulfilment of a number of conditions (including the appointment of a substitute servicer), a Servicer may voluntarily resign by giving not less than 12 months' notice to the Issuer and the Trustee. The substitute servicer is required to have experience of servicing mortgage loans in the United Kingdom and to enter into a servicing agreement with the Issuer and the Trustee substantially on the same terms as the relevant provisions of the Servicing Agreement.

If the appointment of the Servicer is terminated, the Servicer must deliver the title information documents and customer files relating to the Loans and Related Security to, or at the direction of, the Issuer.

Where a substitute servicer is appointed following the occurrence of a Servicer Termination Event, or the voluntary resignation by the Servicer, the Issuer's costs and expenses associated with the transfer of servicing to the substitute servicer (the **Transfer Costs**) will be paid by the Seller. Where the Seller fails to pay such Transfer Costs, the Issuer shall pay such Transfer Costs in accordance with the Pre-Enforcement Revenue Priority of Payments.

The servicing fee payable to a substitute servicer will be agreed by the Issuer and the substitute servicer prior to its appointment.

Right of Delegation by a Servicer

The Servicer may subcontract or delegate the performance of its duties under the Servicing Agreement, provided that it meets particular conditions, including that:

- (a) the Issuer consents to the proposed subcontracting or delegation;
- (b) written notification has been given to each of the Rating Agencies;
- (c) where the arrangements involve the custody or control of any customer files and/or title information documents, the subcontractor or delegate has executed a written acknowledgement that those customer files and/or title information documents are and will be held to the order of the Issuer and the Trustee;
- (d) where the arrangements involve or may involve the receipt by the subcontractor or delegate of monies belonging to the Issuer which are to be paid into the Transaction Account, the subcontractor or delegate has executed a declaration that any such monies are held on trust for the Issuer and will be paid forthwith into the Transaction Account in accordance with the terms of the Servicing Agreement;

- (e) the subcontractor or delegate has executed a written waiver of any security interest arising in connection with the delegated services;
- (f) the Issuer and the Trustee have no liability for any costs, charges or expenses in relation to the proposed subcontracting or delegation; and
- (g) the subcontractor or delegate has confirmed that it has and will maintain all approvals required for itself in connection with the fulfilment of its obligations under the agreement with the Servicer.

The provisos set out in paragraphs (a) to (d) above will not be required in respect of any delegation to (i) Principality, (ii) a wholly owned subsidiary of Principality from time to time or (iii) persons such as receivers, lawyers or other relevant professionals.

Liability of the Servicer

The Servicer has agreed to indemnify each of the Issuer and the Trustee on an after tax basis against all losses, liabilities, claims, expenses or damages incurred as a result of negligence, fraud or wilful default by the Servicer in carrying out its functions as servicer under the Servicing Agreement or any other Transaction Document to which it is party or as a result of a breach by the Servicer of the terms of the Servicing Agreement or the other Transaction Documents to which it is party (in such capacity).

Back-Up Servicer Facilitator

Under the Servicing Agreement in the event that the Servicer has ceased to be assigned (i) a long-term counterparty risk assessment of at least Baa3(cr) by Moody's or (ii) a long-term issuer default rating of at least BBB- by Fitch (or (A) such other lower risk assessment/rating which is consistent with the then current methodology of the relevant Rating Agency or (B) such other lower risk assessment/rating that the Cash Manager certifies in writing to the Trustee would not have an adverse effect on the ratings of the Class A Notes or (C) such other lower risk assessment/rating as the Trustee may (but shall not be obliged to) agree, the Servicer, with the assistance of the Back-Up Servicer Facilitator, shall, within 60 days of the date on which it has ceased to be so rated, use reasonable endeavours to enter into a back-up servicing agreement with a back-up servicer with suitable experience and credentials in such form as the Issuer and the Trustee shall reasonably require, subject to and in accordance with the provisions of the Servicing Agreement.

Governing law

The Servicing Agreement and any non-contractual obligations arising out of or in connection with the Servicing Agreement are governed by English law.

STRUCTURAL FEATURES

CREDIT ENHANCEMENT AND LIQUIDITY SUPPORT

The Notes are obligations of the Issuer only and will not be the obligations of, or the responsibility of, or guaranteed by, any other party. However, there are a number of features of the transaction which enhance the likelihood of timely receipt of payments by the Noteholders, as follows:

- Available Revenue Receipts are expected to exceed interest due and payable on the Class A Notes and senior costs and expenses of the Issuer (including retaining the Issuer Profit Amount).
- an Income Deficit on any Interest Payment Date may be funded by applying amounts standing to the credit of the General Reserve Fund and a Remaining Income Deficit on any Interest Payment Date may (subject to certain conditions) be funded by applying Principal Receipts.
- the payments of interest and principal on the Classes of Notes in Sequential Order and the deferral of interest payments on the Class B Notes where the Issuer has insufficient proceeds.
- losses allocable to the Classes of Notes in the Principal Deficiency Ledger (firstly to the Class B Principal Deficiency Sub-Ledger and secondly to the Class A Principal Deficiency Sub-Ledger).
- the Transaction Account earns interest at a specified rate and amounts credited to the Transaction Account may be invested in Authorised Investments.
- a Subordinated Loan is provided by the Subordinated Loan Provider to fund the General Reserve Fund on the Closing Date. Repayment of the Subordinated Loan is subordinated to payments of interest on the Notes.
- the Issuer will enter into the Interest Rate Swap Agreement to hedge against the possible variance between the fixed interest rates due and payable by Borrowers on the Loans and the floating rate interest payments in respect of the Notes.

For the purposes of this paragraph and where used elsewhere in this Prospectus, **Sequential Order** means in respect of payments of interest and principal to be made to the Class A Notes and Class B Notes, firstly, to the Class A Notes and secondly, to the Class B Notes.

Each of these factors is considered in more detail below.

Credit Support for the Notes provided by Available Revenue Receipts

It is anticipated that, during the life of the Notes, the interest payable by Borrowers on the Loans will, assuming that all of the Loans are fully performing, be sufficient so that the Available Revenue Receipts will be available to pay the amounts payable under items (a) to (e) of the Pre-Enforcement Revenue Priority of Payments. The actual amount of any excess will vary during the life of the Notes. Two of the key factors determining such variation are the interest rates applicable to the Loans in the Portfolio (as to which, see the section entitled "*Structural Features – Credit Enhancement and Liquidity Support – Basis Risk for the Notes*") and the performance of the Portfolio.

Available Revenue Receipts may be applied (after making payments or provisions ranking higher in the Pre-Enforcement Revenue Priority of Payments) on each Interest Payment Date towards reducing any Principal Deficiency Ledger entries (which may arise from (i) Losses on

the Portfolio or (ii) the application of Principal Receipts to cover previous Remaining Income Deficits).

To the extent that the amount of Available Revenue Receipts on each Interest Payment Date exceeds the aggregate of the payments and provisions required to be met in priority to item (g) of the Pre-Enforcement Revenue Priority of Payments, such excess is available to replenish and increase the General Reserve Fund up to and including an amount equal to the General Reserve Required Amount.

Liquidity support provided by use of General Reserve Fund and Available Principal Receipts to fund Income Deficit and Remaining Income Deficit

On each Calculation Date, the Cash Manager will determine whether Available Revenue Receipts are sufficient to pay or provide for payment of items (a) to (f) of the Pre-Enforcement Revenue Priority of Payments. To the extent that Available Revenue Receipts are insufficient for this purpose, the Cash Manager on behalf of the Issuer shall, on the relevant Interest Payment Date, pay or provide for such Income Deficit by applying amounts standing to the credit of the General Reserve Fund.

If following application of Available Revenue Receipts and amounts standing to the credit of the General Reserve Fund, the Cash Manager determines that there would be a Remaining Income Deficit, the Cash Manager will on the relevant Interest Payment Date and on behalf of the Issuer, pay or provide for such Remaining Income Deficit by applying Available Principal Receipts (if any).

Payment of the Notes in Sequential Order and deferral of payments on the Notes

Payments of interest on the Classes of Notes will be paid in Sequential Order (so that payments on the Class B Notes will be subordinated to payments on the Class A Notes) in accordance with the relevant Priority of Payments.

Any shortfall in payments of interest on any Class of Notes (other than the Most Senior Class of Notes) will be deferred until the next Interest Payment Date or such earlier date as interest in respect of such Class of Notes becomes immediately due and repayable in accordance with the Conditions and this will not constitute an Event of Default. On the next Interest Payment Date, the amount of interest scheduled to be paid on a Class of Notes will be increased to take account of any deferral of such amounts for such Class of Notes. The deferral process will continue until the Final Maturity Date of the Notes, at which point, all such deferred amounts (including interest thereon) will become due and payable. However, if there is insufficient money available to the Issuer to pay interest on any Class of Notes, then the relevant Noteholders may not receive all interest amounts.

It is not intended that any surplus will be accumulated in the Issuer, other than, for the avoidance of doubt, the Issuer Profit Amount and amounts standing to the credit of the General Reserve Ledger up to the General Reserve Fund Required Amount.

Losses allocated to the Principal Deficiency Ledger

On each Calculation Date, the Servicer will determine and notify the Cash Manager of the amount of Losses on the Portfolio which are allocable to the Notes.

A Principal Deficiency Ledger, comprising two sub-ledgers (one relating to each Class of Notes), will be established on the Closing Date in order to record any Losses on the Portfolio and the application of any Principal Receipts to meet any Income Deficit.

Losses or debits recorded on the Class A Principal Deficiency Sub-Ledger shall be recorded in respect of the Class A Notes. Losses or debits recorded on the Class B Principal Deficiency Sub-Ledger shall be recorded in respect of the Class B Notes.

Losses and the amount of any Principal Receipts applied to fund a Remaining Income Deficit will be recorded as a debit to the Principal Deficiency Ledger as follows:

- (a) *first*, to the Class B Principal Deficiency Sub-Ledger up to a maximum of the Principal Amount Outstanding of the Class B Notes; and
- (b) *second*, to the Class A Principal Deficiency Sub-Ledger up to a maximum of the Principal Amount Outstanding of the Class A Notes.

Amounts allocated to the Principal Deficiency Ledger shall be reduced to the extent of Available Revenue Receipts available for such purpose on each Interest Payment Date in accordance with the Pre-Enforcement Revenue Priority of Payments as follows:

- (a) *first*, to the Class A Principal Deficiency Sub-Ledger to reduce the debit balance to zero; and
- (b) *second*, to the Class B Principal Deficiency Sub-Ledger to reduce the debit balance to zero.

Available Revenue Receipts allocated as described above will be applied in or towards redemption of the Notes as Available Principal Receipts in accordance with the Pre-Enforcement Principal Priority of Payments.

On each Interest Payment Date, the Issuer shall also apply any amount standing to the credit of the General Reserve Fund to extinguish or reduce any balance on the Class A Principal Deficiency Sub-Ledger (see "*Liquidity support provided by use of General Reserve Fund and Principal Receipts to fund Income Deficit and Remaining Income Deficit*" above).

Transaction Account

If at any time the rating of the Account Bank falls below the Account Bank Rating, there are various remedial actions which may be taken in accordance with the provisions of the Account Bank Agreement. Such actions must be taken within 60 calendar days of the rating of the Account Bank falling below the Account Bank Rating and include (i) closing the Transaction Account and any other account held with the Account Bank and transferring such accounts to an appropriately rated bank or financial institution on substantially similar terms to the Account Bank Agreement, (ii) taking necessary steps in relation to the Transaction Account and any additional account(s) held with the Account Bank in order to avoid the current ratings of any Class of the Notes from being downgraded, withdrawn or qualified by any of the Rating Agencies or (iv) taking any steps necessary in relation to the Transaction Account and any relevant additional account(s) held with the Account Bank as may be directed by an Extraordinary Resolution of the Class A Noteholders.

If, where taking into account the then-prevailing market conditions, the Issuer or the Cash Manager determines it is not practical to agree terms substantially similar to those set out in the Account Bank Agreement and the Issuer certifies in writing to the Trustee, that the terms upon which it is proposed the replacement bank or financial institution will be appointed are reasonable commercial terms taking into account the then prevailing current market conditions, a replacement agreement may be entered into on such reasonable commercial terms and the Trustee shall be entitled to rely absolutely on such certification without any liability to any person for so doing (notwithstanding that the fee payable to the replacement account bank may be higher or other terms may differ materially from those on which the previously appointed bank or financial institution agreed to act).

All monies held by the Issuer will be deposited in the Transaction Account. The Transaction Account is maintained with the Account Bank. The Account Bank has agreed to pay interest on any cleared credit balances on the Transaction Account as agreed from time to time between the Issuer and the Account Bank. In the event of the Issuer and the Account Bank failing to agree a

rate of interest, the Account Bank shall be entitled to change the rate of interest accruing on the Transaction Account to such rate of interest as is then offered or charged by the Account Bank on similar accounts provided that notice is given in respect of such change in accordance with the Account Bank Agreement. The Issuer (or the Cash Manager on its behalf) may invest sums standing to the credit of the Transaction Account in Authorised Investments.

Account Bank Rating means (i) a short term IDR by Fitch of at least F1 or a long-term IDR of at least A by Fitch and (ii) a long-term deposit rating of at least A3 by Moody's (or such other short-term or long-term rating (or, in the case of Fitch, short-term or long-term IDR) which will not have an adverse effect on the ratings of the Class A Notes).

Subordinated Loan

The Issuer will enter into the Subordinated Loan Agreement with the Subordinated Loan Provider on or about the Closing Date. Pursuant to the Subordinated Loan Agreement, the Subordinated Loan Provider will agree to make available to the Issuer the Subordinated Loan on the Closing Date. The Subordinated Loan will be a subordinate ranking loan which will be used by the Issuer to fund the General Reserve Fund on the Closing Date (the **General Reserve Fund Advance**). The amount of the Subordinated Loan on the Closing Date will be £7,608,684.22.

The Subordinated Loan will bear interest until repaid at a rate of Compounded Daily SONIA (calculated in the same manner and at the same frequency as under the Notes) plus 0.5% per annum. Any unpaid interest will not fall due but will instead be due and payable on the next following Interest Payment Date on which sufficient funds are available to pay the unpaid amount and pending such payment, will itself bear interest. Interest in respect of the Subordinated Loan will be payable by the Issuer on each Interest Payment Date. The Issuer will repay the General Reserve Fund Advance on each Interest Payment Date to the extent that it has Available Revenue Receipts to make such payment in accordance with the relevant Priority of Payments or on the Final Maturity Date, and on such other date on which the Class A Notes are redeemed in full from amounts credited to the General Reserve Fund.

The Subordinated Loan Provider will have the right to assign or novate its rights and/or obligations under the Subordinated Loan to a third party at any time.

The Subordinated Loan Agreement and any non-contractual obligations arising out of or in connection with the Subordinated Loan Agreement will be governed by English law.

Interest Rate Swap Agreement

The interest rate on the Loans in the Portfolio is payable by reference, or linked, to the Standard Variable Rate and certain fixed rates. However, the interest rate payable by the Issuer with respect to the Notes is an amount calculated by reference to Compounded Daily SONIA.

To hedge against the possible variance between:

- (a) the various fixed rates of interest payable on the Loans in the Portfolio; and
- (b) the floating rate of interest payable on the Notes,

the Issuer will, on or about the Closing Date, enter into an Interest Rate Swap Agreement with the Interest Rate Swap Provider. It is not intended that variances between the interest rate on Loans in the Portfolio payable by reference to the Standard Variable Rate will be hedged under the Interest Rate Swap Agreement, or any other swap agreement. The Interest Rate Swap Transaction is not designed to provide a perfect hedge for the Loans included in the Portfolio or eliminate all risks associated with the mismatch between rates payable in respect of such Loans and interest rates in respect of the Notes. However, the Interest Rate Swap Transaction covers a major share of the interest rate risk present in the context of the Notes.

Cashflows under the Interest Rate Swap Transaction

The Interest Rate Swap Agreement will govern the terms of the interest rate swap transaction relating to the Fixed Rate Loans (the **Interest Rate Swap Transaction**).

Under the Interest Rate Swap Transaction, the following amounts will be calculated in respect of each Interest Payment Date:

- (a) the aggregate of the amounts produced by applying, for each of the monthly calculation periods (or in the case of the calculation period starting on the Closing Date, the relevant portion of such monthly calculation period) in the relevant Interest Period which ends on the last day of such Interest Period, the sum of Compounded Daily SONIA as determined on the Interest Determination Date for the relevant Interest Period and a margin of 1.63% to the Notional Amount, such amount to be calculated on the basis of the Day Count Fraction specified in the Interest Rate Swap Transaction and in each case for the relevant monthly calculation period (the **Fixed Interest Period Swap Provider Amount**); and
- (b) the aggregate of the amounts (the **Fixed Interest Period Issuer Amount**) produced by applying, for each of the monthly calculation periods (or in the case of the calculation period starting on the Closing Date, the relevant portion of such monthly calculation period) in the relevant Interest Period which ends on the last day of such Interest Period, the weighted average of the rates of interest charged to borrowers of the Fixed Rate Loans as of the last calendar day (determined on an unadjusted basis) of the preceding Calculation Period, to the Notional Amount, such amount to be calculated on the basis of the Day Count Fraction specified in the Interest Rate Swap Transaction and in each case for the relevant monthly calculation period.

Payment of the Fixed Interest Period Swap Provider Amount and the Fixed Interest Period Issuer Amount will be made in respect of each Interest Period.

The notional amount of the Interest Rate Swap Transaction (the **Notional Amount**) in respect of each calculation period thereunder will be equal to the product of (i) the Performance Ratio (as defined below) on the last calendar day of such calculation period and (ii) the Relevant Fixed Notional Amount (as defined below) on the last calendar day of such calculation period.

Performance Ratio means in respect of a calculation period, the lesser of (i) (A) the greater of (x) zero; and (y) the sum of all payments due in respect of each Fixed Rate Loan in the Portfolio during that calculation period less the increase in arrears (being the amount by which a Fixed Rate Loan is in arrears for the current calculation period less the amount by which it was in arrears in the previous calculation period) for each Fixed Rate Loan in the Portfolio during that calculation period, divided by (B) the sum of all payments due in respect of each Fixed Rate Loan in the Portfolio during the calculation period; and (ii) 1.

Relevant Fixed Notional Amount means on any day the aggregate Capital Balance of the Fixed Rate Loans in the Portfolio on such day, as notified by the Servicer to the Interest Rate Swap Provider.

After these amounts are calculated in respect of the Interest Rate Swap Agreement and in relation to an Interest Payment Date, the following payments will be made on or in respect of that Interest Payment Date: (i) if the Fixed Interest Period Issuer Amount is greater than the relevant Fixed Interest Period Swap Provider Amount, then the Issuer will pay the difference to the Interest Rate Swap Provider and (ii) if the Fixed Interest Period Swap Provider Amount is greater than the Fixed Interest Period Issuer Amount, then the Interest Rate Swap Provider will pay the difference to the Issuer.

If a payment is to be made by the Interest Rate Swap Provider (other than payments to be credited to the relevant Swap Collateral Account), that payment will be included in the

Available Revenue Receipts and will be applied on the relevant Interest Payment Date according to the relevant Priority of Payments. If a payment is to be made by the Issuer, it will be made according to the relevant Priority of Payments.

Estimations and Reconciliations

Where no Servicer Report or other relevant information on the basis of which the Notional Amount of the Interest Rate Swap Transaction would ordinarily be determined has been received, in respect of any monthly calculation period immediately preceding an Interest Payment Date, the applicable Notional Amount under the Interest Rate Swap Transaction shall be estimated by reference to the change in the Notional Amount of the Interest Rate Swap Transaction over the three most recent calculation periods thereunder (or, where there are not at least three previous calculation periods, fewer than three calculation periods) or other relevant available information.

If a Servicer Report or such other relevant information is delivered in respect of the monthly calculation periods immediately preceding any subsequent Collection Period, then (i) the applicable Notional Amount under the Interest Rate Swap Transaction will be calculated on the basis of the information in such Servicer Report or such other relevant information and (ii) one or more reconciliation payments may be required to be made, either by the Issuer or by the Interest Rate Swap Provider in respect of the Interest Rate Swap Transaction, in order to account for any overpayment(s) or underpayment(s) made in respect of such Interest Rate Swap Transaction during the relevant period of estimations.

Termination of the Interest Rate Swap Agreement

The Interest Rate Swap Agreement may be terminated early in, *inter alia*, the following circumstances (each, a **Swap Early Termination Event**):

- (a) if there is a failure by a party to pay amounts due under the Interest Rate Swap Agreement and any applicable grace period has expired;
- (b) if certain insolvency events occur with respect to a party;
- (c) if a breach of a provision of the Interest Rate Swap Agreement by the Issuer or the Interest Rate Swap Provider is not remedied within the applicable grace period;
- (d) if a change of law results in the obligations of one of the parties becoming illegal;
- (e) in certain circumstances, if a deduction or withholding for or on account of taxes is imposed on payments under the Interest Rate Swap Agreement;
- (f) if the Interest Rate Swap Provider is downgraded and fails to comply with the requirements of the downgrade provisions contained in the Interest Rate Swap Agreement and described below in "*Structural Features – Ratings Downgrade of the Interest Rate Swap Provider*";
- (g) if the Trustee serves an Enforcement Notice on the Issuer pursuant to Condition 13 (*Events of Default*) of the Notes;
- (h) if there is a redemption of the Notes pursuant to Condition 9.3 (*Optional Redemption in whole*) and Condition 9.4 (*Optional Redemption in whole for taxation reasons*) of the Notes; and
- (i) with respect to the Interest Rate Swap Agreement, if any amendment is made to any of the Transaction Documents without the prior written consent of the Interest Rate Swap Provider such that (a) the Interest Rate Swap Provider would have to pay more, or receive less if it were to replace itself as the Interest Rate Swap Provider than would otherwise be the case prior to the amendment, or (b) the Issuer's obligations to the

Interest Rate Swap Provider under the Interest Rate Swap Agreement are further contractually subordinated to the Issuer's obligations to any other Secured Creditor (such consent to be given at the Interest Rate Swap Provider's sole discretion).

Upon the occurrence of a Swap Early Termination Event either the Issuer or the Interest Rate Swap Provider may be liable to make a termination payment to the other party. This termination payment will be calculated and made in Sterling. The amount of any termination payment will be based on the market value of the terminated swap based on market quotations of the cost of entering into a swap with the same terms and conditions that would have the effect of preserving the respective full payment obligations of the parties or otherwise determined using commercially reasonable procedures to produce a commercially reasonable result. Any termination payment due from the Issuer to the Interest Rate Swap Provider will be made first out of amounts standing to the credit of the relevant Swap Collateral Account in accordance with the relevant Swap Collateral Account Priority of Payments and then, to the extent that there are insufficient funds standing to the credit of the relevant Swap Collateral Account for this purpose in accordance with the Pre-Enforcement Revenue Priority of Payments or the Post-Enforcement Priority of Payments, as applicable. Any such termination payment could be substantial. For the avoidance of doubt, any such termination payment shall be calculated net of the value of the balance of the Swap Collateral Account.

The Issuer will apply any termination payment it receives from a termination of the Interest Rate Swap Agreement first to purchase a replacement swap in accordance with the Swap Collateral Account Priority of Payments. To the extent that the Issuer receives a premium under any replacement swap, it shall apply such premium first to make any termination payment due under the related terminated swap(s). Other than a Swap Collateral Account Surplus (if any), any such termination payment or premium received by the Issuer will not be available to meet the Issuer's obligations on the Notes or under the Transaction Documents.

Ratings Downgrade of Interest Rate Swap Provider

If, at any time following the Closing Date, the counterparty risk assessment or the short-term or long-term, unsecured and unsubordinated debt obligation ratings of the Interest Rate Swap Provider (or its guarantor), as applicable, are downgraded by a Rating Agency below the required ratings specified in the Interest Rate Swap Agreement for the Interest Rate Swap Provider, such Interest Rate Swap Provider will be required to take certain remedial measures which may include providing collateral for its obligations, arranging for its obligations to be transferred to an entity with the ratings required by the relevant Rating Agency, procuring another entity with ratings required by the relevant Rating Agency to become co-obligor or guarantor in respect of its obligations, or taking such other action as it may agree with the relevant Rating Agency. A failure to take such steps will allow the Issuer to terminate the Interest Rate Swap Agreement.

Taxation

The Issuer is not obliged under the Interest Rate Swap Agreement to gross up payments made by it if a withholding or deduction for or on account of tax is imposed on payments made under the relevant Interest Rate Swap Agreement.

The Interest Rate Swap Provider is always obliged to gross up payments made by it to the Issuer if a withholding or deduction for or on account of tax is imposed on payments made by it to the Issuer under the Interest Rate Swap Agreement. The imposition of a withholding or deduction for or on account of tax on payments made by the Interest Rate Swap Provider or the Issuer under the Interest Rate Swap Agreement will constitute a Tax Event (as defined in the Interest Rate Swap Agreement) and will give the relevant Interest Rate Swap Provider a right to terminate the Interest Rate Swap Agreement subject to the terms thereof.

The Issuer shall pay an amount equal to any Swap Tax Credits in relation to the Interest Rate Swap Agreement directly to the Interest Rate Swap Provider and not in accordance with any Priority of Payments.

Governing Law

The Interest Rate Swap Agreement and any non-contractual obligations arising out of or in connection with it will be governed by English law.

Replacement of the Interest Rate Swap Agreement

Replacement upon early termination

If on or prior to the date of the earlier of either (a) the reduction of the aggregate Principal Amount Outstanding of the Notes is equal to zero; or (b) the service of an Enforcement Notice, the Interest Rate Swap Transaction is terminated, then the Cash Manager (on behalf of the Issuer) shall (subject to the Issuer having sufficient funds to purchase the requisite replacement swap transaction as set out below) procure that the Issuer enters into a replacement Interest Rate Swap Transaction with a replacement Interest Rate Swap Provider against the possible variance between (i) certain fixed rates; and (ii) Compounded Daily SONIA, on terms acceptable to the Issuer and in compliance with any requirement set out in the Interest Rate Swap Transaction to be replaced. The Cash Manager shall, at the relevant time, apply amounts credited or to be credited to the Swap Collateral Account(s) relating to the Interest Rate Swap Transaction for such purpose in accordance with the relevant Swap Collateral Account Priority of Payments. Depending on the circumstances prevailing in the market at the time, the Issuer or the replacement swap provider may be liable to make a payment to the other in order to enter into a replacement swap agreement (such payment, a **Replacement Swap Premium**). If a Replacement Swap Premium is payable by the replacement swap provider to the Issuer, any such amount received by the Issuer will be credited to the relevant Swap Collateral Account and applied in accordance with the relevant Swap Collateral Account Priority of Payments. If a Replacement Swap Premium is payable by the Issuer to the replacement swap provider, the Issuer may not have sufficient funds standing to the credit of the relevant Swap Collateral Account in order to make such payment in accordance with the relevant Swap Collateral Account Priority of Payments and therefore may be unable to enter into a replacement swap agreement.

Swap Credit Support Annex

On or around the Closing Date, the Interest Rate Swap Provider will enter into a 1995 ISDA Credit Support Annex (Bilateral Form – Transfer) with the Issuer (each a **Swap Credit Support Annex**) in support of the obligations of the Interest Rate Swap Provider under the Interest Rate Swap Agreement. Pursuant to the terms of the Swap Credit Support Annex, if at any time the Interest Rate Swap Provider is required to provide collateral in respect of any of its obligations under the Interest Rate Swap Agreement, such Swap Credit Support Annex will provide that, from time to time, subject to the conditions specified in the Swap Credit Support Annex and the Interest Rate Swap Agreement, the Interest Rate Swap Provider will make transfers of collateral to the Issuer in respect of its obligations under the Interest Rate Swap Agreement and the Issuer will be obliged to return such collateral in accordance with the terms of the Swap Credit Support Annex.

Swap Collateral

In the event that the Interest Rate Swap Provider is required to transfer collateral to the Issuer in respect of its obligations under the Interest Rate Swap Agreement in accordance with the terms of the Swap Credit Support Annex, that collateral (and any interest and/or distributions earned thereon) will be credited to a separate Swap Collateral Account. In addition, upon any early termination of the Interest Rate Swap Agreement or novation of the Interest Rate Swap Provider's obligations under the Interest Rate Swap Agreement to a replacement Interest Rate

Swap Provider, (i) any Replacement Swap Premium received by the Issuer from a replacement Interest Rate Swap Provider and/or (ii) any termination payment received by the Issuer from the outgoing Interest Rate Swap Provider will be credited to the relevant Swap Collateral Account.

Amounts and securities standing to the credit of each Swap Collateral Account (including interest, distributions and redemption or sale proceeds thereon or thereof) will not be available for the Issuer or the Trustee to make payments to the Secured Creditors generally, but may be applied only in accordance with the following provisions (the **Swap Collateral Account Priority of Payments**):

- (a) prior to the designation of an Early Termination Date in respect of the Interest Rate Swap Agreement, solely in or towards payment of any Return Amounts, Interest Amounts and Distributions (each as defined in the relevant Swap Credit Support Annex), on any day, directly to the Interest Rate Swap Provider in accordance with the terms of the relevant Swap Credit Support Annex;
- (b) following the designation of an Early Termination Date in respect of the Interest Rate Swap Agreement where (A) such Early Termination Date has been designated following an Event of Default in respect of which the Interest Rate Swap Provider is the Defaulting Party or an Additional Termination Event (as defined in the Interest Rate Swap Agreement) resulting from a ratings downgrade of the Interest Rate Swap Provider and (B) the Issuer enters into a replacement swap agreement in respect of such Interest Rate Swap Agreement on or around the Early Termination Date of such Interest Rate Swap Agreement, on the later of the day on which such replacement swap agreement is entered into and the day on which a Replacement Swap Premium (if any) payable to the Issuer has been received, in the following order of priority:
 - (i) *first*, in or *towards* payment of a Replacement Swap Premium (if any) payable by the Issuer to a replacement swap provider in order to enter into a replacement swap agreement with the Issuer with respect to the Interest Rate Swap Agreement being terminated or novated;
 - (ii) *second*, in or towards payment of any termination payment due to the outgoing Interest Rate Swap Provider; and
 - (iii) *third*, the surplus (if any) (a **Swap Collateral Account Surplus**) on such day to be transferred to the Transaction Account;
- (c) following (i) the designation of an Early Termination Date in respect of the Interest Rate Swap Agreement where (A) such Early Termination Date has been designated otherwise than as a result of one of the events specified at items (b) (A) above and (B) the Issuer enters into a replacement swap agreement on or around the Early Termination Date or (ii) any novation of the Interest Rate Swap Provider's obligations to a replacement Interest Rate Swap Provider, on the later of the day on which such replacement swap agreement is entered into and the day on which a Replacement Swap Premium (if any) payable to the Issuer has been received, in the following order of priority:
 - (i) *first*, in or towards payment of any termination payment due to the outgoing Interest Rate Swap Provider;
 - (ii) *second*, in or towards payment of a Replacement Swap Premium (if any) payable by the Issuer to a replacement swap provider in order to enter into a replacement swap agreement with the Issuer with respect to the Interest Rate Swap Agreement being terminated or novated; and
 - (iii) *third*, the surplus (if any) (a **Swap Collateral Account Surplus**) on such day to be transferred to the Transaction Account;

- (d) following the designation of an Early Termination Date in respect of the Interest Rate Swap Agreement for any reason where the Issuer does not enter into a replacement swap agreement on or around the Early Termination Date on any day, in or towards payment of any termination payment due to the outgoing Interest Rate Swap Provider;
- (e) following payments of amounts due pursuant to (d) above, if amounts remain standing to the credit of a Swap Collateral Account, such amounts may be applied only in accordance with the following provisions:
 - (i) *first*, in or towards payment of a Replacement Swap Premium (if any) payable by the Issuer to a replacement swap provider in order to enter into a replacement swap agreement with the Issuer with respect to the Interest Rate Swap Agreement to which such Swap Collateral Account relates; and
 - (ii) *second*, the surplus (if any) (a **Swap Collateral Account Surplus**) remaining after payment of such Replacement Swap Premium to be transferred to the Transaction Account,

provided that if the Issuer does not enter into a replacement swap agreement with respect to the Interest Rate Swap Agreement to which such Swap Collateral Account relates on or prior to the earlier of:

- (A) the day that is 14 days prior to the date on which the Principal Amount Outstanding of all Classes of Notes is reduced to zero (other than following the occurrence of an Event of Default pursuant to Condition 13); or
- (B) the day on which an Enforcement Notice is given pursuant to Condition 13,

then the amount standing to the credit of such Swap Collateral Account on such day shall be a **Swap Collateral Account Surplus** and shall be transferred to the Transaction Account as soon as reasonably practicable thereafter.

The Cash Manager may invest amounts standing to the credit of the Swap Collateral Account (Cash) Agreement in certain sterling, euro or US dollar demand or time deposits, certificates of deposit and short-term debt obligations (including commercial paper and money market fund investments), provided that in all cases such investments satisfy the conditions set out in the Interest Rate Swap Agreement.

The Swap Collateral Accounts will be opened on or prior to the Closing Date in the name of the Issuer and will be held with the Swap Collateral Account Bank. As security for the payment of all monies payable in respect of the Notes and the other Secured Amounts, the Issuer will grant a first fixed charge over the Issuer's interest in the Swap Collateral Accounts and the debts represented thereby (which may, however, take effect as a floating charge and therefore rank behind the claims of any preferential creditors of the Issuer).

CASHFLOWS AND CASH MANAGEMENT

APPLICATION OF REVENUE RECEIPTS PRIOR TO SERVICE OF AN ENFORCEMENT NOTICE

Definition of Revenue Receipts

Revenue Receipts means (i) payments of interest (excluding Accrued Interest and Arrears of Interest which have been capitalised as at the relevant Cut-Off Date) and other fees due from time to time under the Loans and other amounts received by the Issuer in respect of the Loans other than the Principal Receipts, (ii) recoveries of interest from defaulting Borrowers under Loans being enforced and (iii) recoveries of interest and/or principal from defaulting Borrowers under Loans in respect of which enforcement procedures have been completed.

Accrued Interest means in respect of a Loan as at any date the aggregate of all interest accrued but not yet due and payable on the Loan from (and including) the Monthly Payment Day immediately preceding the relevant date to (but excluding) the relevant date.

Arrears of Interest means as at any date in respect of any Loan, the aggregate of all interest (other than Capitalised Arrears or Accrued Interest) on that Loan which is currently due and payable and unpaid on that date.

Capital Balance means, in respect of a Loan, at any date the principal balance of that Loan to which the Servicer applies the relevant interest rate and on which interest on the Loan accrues.

Capitalised Interest means, for any Loan at any date, interest which is overdue in respect of that Loan and which as at that date has been added to the Capital Balance of that Loan in accordance with the Mortgage Conditions or otherwise by arrangement with the relevant Borrower (excluding for the avoidance of doubt any Arrears of Interest which have not been so capitalised on that date).

Definition of Available Revenue Receipts

Available Revenue Receipts means, for each Interest Payment Date, an amount equal to the aggregate of (without double-counting):

- (a) Revenue Receipts received during the immediately preceding Collection Period or, if the immediately preceding Collection Period is a Determination Period, Calculated Revenue Receipts (excluding in each case an amount to be applied as Available Principal Receipts in accordance with Condition 8.11(c)(i) on the relevant Interest Payment Date);
- (b) interest payable to the Issuer on the Transaction Account and income from any Authorised Investments in each case received in relation to the immediately preceding Collection Period;
- (c) amounts received by the Issuer under the Interest Rate Swap Agreement (other than (i) any amounts or securities to be credited to the Swap Collateral Accounts; and (ii) any amount received by the Issuer in respect of Swap Tax Credits) on or in respect of such Interest Payment Date;
- (d) any Swap Collateral Account Surplus;
- (e) following the date on which the General Reserve Required Amount is reduced to zero and the Subordinated Loan has been repaid in full, any amount standing to the credit of the General Reserve Fund;
- (f) other net income of the Issuer received during the immediately preceding Collection Period, excluding any interest, distributions or redemption or sale proceeds received in

respect of amounts or securities standing to the credit of the Swap Collateral Accounts and without double-counting the amounts described in paragraphs (a) to (e) above;

- (g) any amount available pursuant to paragraph (c) of the Pre-Enforcement Principal Priority of Payments on such Interest Payment Date;
- (h) any amount available pursuant to paragraph (n) of the Pre-Enforcement Revenue Priority of Payments on the immediately preceding Interest Payment Date;
- (i) any amount applied as Available Revenue Receipts in accordance with Condition 8.11(c)(ii);
- (j) any amounts standing to the credit of the General Reserve Fund equal to the General Reserve Fund Excess,

less:

- (k) amounts applied during such Collection Period in making payment of certain monies which properly belong to third parties such as (but not limited to):
 - (i) payments of certain insurance premiums;
 - (ii) amounts under a direct debit which are repaid to the bank making the payment if such bank is unable to recoup such amount itself from its customer's account;
 - (iii) any amount received from a Borrower for the express purpose of payment being made to a third party for the provision of a service to that Borrower or the Seller;
 - (iv) payments by the Borrower of any Early Repayment Charges,

items within paragraphs (i), (ii), (iii) and (iv) being collectively referred to herein as **Permitted Withdrawals**, which amounts may be deducted by the Cash Manager on a daily basis from the Transaction Account to make payment to the persons entitled thereto.

Cashback means, in relation to any Loan, the agreement by the Seller to pay an amount to the relevant Borrower upon completion of the relevant Loan.

Early Repayment Charge means any charge or fee which the Mortgage Conditions applicable to a Loan require the relevant Borrower to pay in the event that all or part of that Loan is repaid before a certain date, including without limitation repayment of any Cashback.

Application of General Reserve Fund Amounts and Principal Receipts to cover income deficits

On each Calculation Date, the Cash Manager shall calculate whether the Available Revenue Receipts (as calculated above) will be sufficient to pay on the relevant Interest Payment Date items (a) to (f) of the Pre-Enforcement Revenue Priority of Payments.

If the Cash Manager determines that there would be an Income Deficit on an Interest Payment Date to pay those items, then the Issuer shall pay or provide for that Income Deficit by applying amounts standing to the credit of the General Reserve Fund.

If, following application of amounts standing to the credit of the General Reserve Fund, the Cash Manager determines that there would be a Remaining Income Deficit, then the Issuer shall pay or provide for such Remaining Income Deficit by applying Principal Receipts (if any) and the Cash Manager shall make a corresponding entry in the Principal Deficiency Ledger as described in "Key Structural Features" above.

General Reserve Fund and General Reserve Ledger

The General Reserve Required Amount will be an amount equal to £7,608,684.22 on the Closing Date (being an amount at least equal to 2.00% of the Current Balance of the Portfolio as at the Cut-Off Date) (the **Initial General Reserve Required Amount**) and thereafter shall on each Interest Payment Date be an amount equal to 2.00% of the Current Balance of the Portfolio as at the Cut-Off Date, provided that if on such date the General Reserve Amortisation Conditions (as defined below) are met, the General Reserve Required Amount shall be an amount equal to 2.50% of the Principal Amount Outstanding of the Class A Notes on such Interest Payment Date (taking into account any redemptions of the Class A Notes on such Interest Payment Date), subject to a maximum of the Initial General Reserve Required Amount and a minimum of 1.75% of the Current Balance of the Portfolio as at the Cut-Off Date.

The **General Reserve Amortisation Conditions** means each of the following conditions:

- (a) no Event of Default has occurred and is continuing;
- (b) the Class A Principal Deficiency Sub-Ledger will not have a debit balance on that Interest Payment Date after applying all Available Revenue Receipts on that Interest Payment Date;
- (c) the Current Balance of the Loans comprising part of the Portfolio in respect of which the aggregate amount in arrears is more than three times the Monthly Payment then due, is less than 3% of the aggregate Current Balance of the Loans comprising the Portfolio as at such relevant date; and
- (d) cumulative Losses on the Portfolio as at such relevant date represent less than 1% of the aggregate Current Balance of the Loans comprising the Portfolio as at the Cut-Off Date.

The General Reserve Fund will be credited to the Transaction Account (with a corresponding credit to the General Reserve Ledger). The Issuer may invest the amounts standing to the credit of the Transaction Account in Authorised Investments. See "*Structural Features*" above. To the extent any amounts are required on an Interest Payment Date to be withdrawn from the General Reserve Fund to pay or provide for any Income Deficit, or if there is any General Reserve Fund Excess on any Interest Payment Date, such amounts will be applied in accordance with the relevant Priority of Payments.

The Cash Manager will maintain a ledger pursuant to the Cash Management Agreement to record the balance from time to time of the General Reserve Fund (the **General Reserve Ledger**).

After the Closing Date, the General Reserve Fund will be replenished from Available Revenue Receipts in accordance with the provisions of the Pre-Enforcement Revenue Priority of Payments up to the General Reserve Required Amount.

General Reserve Fund Excess means, on any Interest Payment Date, the amount by which the funds standing to the credit of the General Reserve Fund (after deducting any amounts to be applied to eliminate any Income Deficit) exceed the General Reserve Required Amount.

Following repayment in full of the Class A Notes, the Issuer shall not be required to maintain the General Reserve Fund and the General Reserve Required Amount shall be zero, in which case, such amounts standing to the credit of the General Reserve Fund shall be used first, to repay the Subordinated Loan in full and second, any remainder shall be used as Available Revenue Receipts.

Application of Available Revenue Receipts prior to the service of an Enforcement Notice by the Trustee on the Issuer

On each Interest Payment Date prior to the service of an Enforcement Notice by the Trustee on the Issuer, the Cash Manager (on behalf of the Issuer) shall apply or provide for the Available Revenue Receipts together with (in the case of any Income Deficit) any amount standing to the credit of the General Reserve Fund and (in the case of any Remaining Income Deficit) any amounts referred to in paragraph (e) of the definition of Available Principal Receipts below to the extent required to cover any Remaining Income Deficits in the following order of priority (in each case only if and to the extent that payments or provisions of a higher priority have been made in full) (the **Pre-Enforcement Revenue Priority of Payments**):

- (a) *first*, in or towards satisfaction *pro rata* and *pari passu* according to the respective amounts thereof of any fees, costs, charges, liabilities, expenses, indemnity payments and all other amounts then due and payable or to become due and payable in the immediately succeeding Interest Period to the Trustee or any Appointee under the provisions of the Trust Deed and the other Transaction Documents together with (if payable) VAT thereon as provided therein;

Appointment of a back-up Cash Manager

The Cash Management Agreement provides that on the Cash Manager ceasing to be assigned a long-term counterparty risk assessment by Moody's of at least Baa3(cr) or a long-term issuer default rating of at least BBB- by Fitch (or (A) such other lower risk assessment which is consistent with the then current methodology of the relevant Rating Agency or (B) such other lower risk assessment/rating that the Cash Manager certifies in writing to the Trustee would not have an adverse effect on the ratings of the Class A Notes or (C) such other lower risk assessment/rating as the Trustee may (but shall not be obliged to) agree) the Issuer shall require the Cash Manager, within 60 days, to use best efforts to appoint a back-up cash manager which meets the requirements for a substitute cash manager provided for by the Cash Management Agreement.

- (b) a charge by way of first fixed charge, without prejudice to paragraph (a) above and to the extent that no charge created by paragraph (a) above is (if the Trustee were so to require) capable of registration at the Land Registry as a sub-charge, in exercise of the power conferred by section 23(2)(b) of the Land Registration Act 2002, of all indebtedness comprising an obligation or liability to pay money secured by each registered charge of which it is registered as proprietor at the Land Registry including without limitation those registered against the title numbers set out in the relevant annexures to the Mortgage Sale Agreement;
- (c) a charge by way of first fixed charge of the Benefit of each Authorised Investment;
- (d) a charge by way of first fixed charge of the Benefit of each Issuer Account, each Swap Collateral Account and any bank or other accounts in which the Issuer may at any time have or acquire any Benefit and (to the extent of its interest) all balances now or in the future standing to the credit of or accrued or accruing on such accounts;
- (e) an assignment by way of security of the Benefit under each relevant Transaction Document (other than the Trust Documents) except that the assignment by way of security of the Benefit of the Issuer under the Interest Rate Swap Agreement shall be subject to any rights of set-off or netting provided for thereunder; and
- (f) a first floating charge over the whole of the Issuer's undertaking and all its property, assets, rights and revenues, whatsoever and wheresoever present and future including its uncalled capital (including assets expected to subject to a fixed charge or assignment by way of security or absolute assignment as described above),

where **Benefit** means in respect of any asset, agreement, property or right (each a **Right** for the purpose of this definition) held, assigned, conveyed, transferred, charged, sold or disposed of by any person shall be construed so as to include:

- (i) all right, title, interest and benefit, present and future, actual and contingent (and interests arising in respect thereof) of such person in, to, under and in respect of such Right and all ancillary rights, accretions and supplements to such Right, including any guarantees or indemnities in respect of such Right (**Ancillary Rights**);
- (ii) all monies and proceeds payable or to become payable under, in respect of, or pursuant to such Right or its Ancillary Rights and the right to receive payment of such monies and proceeds and all payments made including, in respect of any bank account, all sums of money which may at any time be credited to such bank account together with all interest accruing from time to time on such money and the debts represented by such bank account;

- (iii) the benefit of all covenants, undertakings, representations, warranties and indemnities in favour of such person contained in or relating to such Right or its Ancillary Rights;
- (iv) the benefit of all powers of and remedies for enforcing or protecting such person's right, title, interest and benefit in, to, under and in respect of such Right or its Ancillary Rights, including the right to demand, sue for, recover, receive and give receipts for proceeds of and amounts due under or in respect of or relating to such Right or its Ancillary Rights; and
- (v) all items expressed to be held on trust for such person under or comprised in any such Right or its Ancillary Rights, all rights to deliver notices and/or take such steps as are required to cause payment to become due and payable in respect of such Right and its Ancillary Rights, all rights of action in respect of any breach of or in connection with any such Right and its Ancillary Rights and all rights to receive damages or obtain other relief in respect of such breach.

The floating charge created by the Deed of Charge shall be postponed to any valid fixed charges which remain outstanding under or pursuant to the Deed of Charge from time to time and any rights of the Issuer to deal with the assets subject to the floating charge shall be expressly subject to any restrictions placed on dealing with those assets contained in any fixed charge over the same.

The floating charge created by the Deed of Charge may "crystallise" and become a fixed charge over the relevant class of assets owned by the Issuer at the time of crystallisation. Crystallisation will occur automatically following the occurrence of specific events set out in the Deed of Charge.

Payments prior to Enforcement

Prior to the Trustee serving a notice in, or substantially in, the form of the document so named set out in the Deed of Charge (a **Security Protection Notice**) (which shall result in the floating charge granted by the Issuer under the Deed of Charge crystallising into a fixed charge or charges over the assets specified in the Security Protection Notice and the Issuer being required to execute further fixed charges as requested by the Trustee) or an Enforcement Notice (which shall result in the Security granted in favour of the Trustee becoming enforceable) on the Issuer pursuant to Clause 13 (*Security Protection Notice*) of the Deed of Charge and Condition 13 (*Events of Default*) of the Notes respectively:

- (a) payments becoming due to the Issuer under any of the Transaction Documents, together with all other monies payable to the Issuer pursuant to any other documents or arrangements to which it is a party, may be made to the Issuer in accordance with the provisions of the relevant Transaction Documents or (as the case may be) the documents or arrangements concerned;
- (b) the Issuer may, subject to paragraph (a), exercise its rights, powers and discretions and perform its obligations in relation to the Charged Property and under the Transaction Documents in accordance with the provisions of the Transaction Documents or (as the case may be) such other documents or arrangements; and
- (c) monies standing to the credit of the **Charged Accounts** (being the Issuer Accounts, Swap Collateral Accounts and any bank or other account in which the Issuer may at any time acquire a Benefit and over which the Issuer has created an Encumbrance in favour of the Trustee pursuant to the Deed of Charge) from time to time may be withdrawn therefrom by the Issuer but only in accordance with the provisions of the Cash Management Agreement, Account Bank Agreement, Swap Collateral Account Agreements and Interest Rate Swap Agreement.

where **Encumbrance** means:

- (a) a mortgage, charge, pledge, lien or other encumbrance securing any obligation of any person;
- (b) any arrangement under which money or claims to money, or the benefit of, a bank or other account may be applied, set-off or made subject to a combination of accounts so as to effect discharge of any sum owed or payable to any person; or
- (c) any other type of preferential arrangement (including any title transfer and retention arrangement) having a similar effect.

Post-Enforcement Priority of Payments

After the Trustee has served an Enforcement Notice (which has not been withdrawn) on the Issuer pursuant to Condition 13 (*Events of Default*) of the Notes, declaring the Notes to be immediately due and payable, the Trustee shall apply the monies available in accordance with Clause 17 (*Post-Enforcement Priority of Payments*) of the Deed of Charge.

The whole of the Security shall become enforceable:

- (a) upon the delivery of an Enforcement Notice on the Issuer pursuant to Condition 13 (*Events of Default*) of the Notes, except where the Enforcement Notice has been delivered as a result of an Issuer Insolvency Event occurring solely due to the Issuer obtaining or taking steps to obtain a moratorium pursuant to section 1A of the Insolvency Act 1986; and
- (b) if any person who is entitled to do so presents a petition or an application for the appointment of an administrator of the Issuer, gives notice of intention to appoint an administrator of the Issuer or files such notice with the court the occurrence of which shall have been notified in writing to the Trustee.

For the purposes of Article 21(4)(d) of the Securitisation Regulation, no provision of the Deed of Charge requires automatic liquidation upon default of the Issuer.

Governing Law

The Deed of Charge and any non-contractual obligations arising out of or in connection with it will be governed by English law.

TRUST DEED

On or about the Closing Date, the Issuer and the Trustee will enter into the Trust Deed pursuant to which the Issuer and the Trustee will agree that the Notes are subject to the provisions in the Trust Documents. The Conditions and the forms of the Notes are constituted by, and set out in, the Trust Deed.

The Trustee will agree to hold the benefit of, among other things, the Issuer's covenant to pay amounts due in respect of the Notes on trust for the Noteholders.

In accordance with the terms of the Trust Deed, the Issuer will pay a fee to the Trustee for its services under the Trust Deed at the rate agreed between the Issuer and the Trustee. The Issuer shall also pay or discharge all costs, charges and expenses incurred by the Trustee and the receiver in relation to the performance of its obligations under and in relation to the Trust Documents and the other Transaction Documents.

Retirement of Trustee

Any Trustee for the time being of the Trust Documents may retire at any time upon giving not less than three calendar months notice in writing to the Issuer without assigning any reason therefor and without being responsible for any Liabilities occasioned by such retirement. The retirement of any Trustee shall not become effective unless there remains a trustee thereof (being a corporation entitled by the rules made under the Public Trustee Act 1906 to act as a custodian trustee or entitled pursuant to any other legislation applicable to a trustee in any jurisdiction other than England and Wales to act as trustee and carry on trust business under the laws of the country of its incorporation, a **Trust Corporation**) in office after such retirement. The Issuer covenants that, in the event of the sole trustee or the only trustee thereof which is a Trust Corporation giving notice under Clause 30 (*Retirement of Trustees*) of the Trust Deed, it shall use all reasonable endeavours to procure a new trustee, being a Trust Corporation, to be appointed. If the Issuer has not appointed a new trustee prior to the expiry of the notice period given by the Trustee, the Trustee shall be entitled to nominate a replacement, being a Trust Corporation.

Governing Law

The Trust Deed and any non-contractual obligations arising out of or in connection with it will be governed by English law.

ACCOUNT BANK AGREEMENT

Pursuant to the terms of the Account Bank Agreement entered into on the Closing Date between, among others, the Issuer, the Account Bank, the Cash Manager and the Trustee, the Issuer will maintain with the Account Bank a bank account (the **Transaction Account**) providing a rate of interest agreed from time to time between the Issuer and the Account Bank on any cleared credit balances thereof, which will be operated in accordance with the Cash Management Agreement and the Deed of Charge.

If at any time the rating of the Account Bank falls below the Account Bank Rating, there are various remedial actions which may be taken in accordance with the provisions of the Account Bank Agreement. Such actions must be taken within 60 calendar days of the rating of the Account Bank falling below the Account Bank Rating (but shall not occur earlier than 33 calendar days following such downgrade) and include (i) closing the Transaction Account and any other account held with the Account Bank and transferring such accounts to an appropriately rated bank or financial institution on substantially similar terms to the Account Bank Agreement, (ii) taking necessary steps in relation to the Transaction Account and any additional account(s) held with the Account Bank in order to avoid the current ratings of any Class of the Notes from being downgraded, withdrawn or qualified by any of the Rating Agencies or (iv) taking any steps necessary in relation to the Transaction Account and any relevant additional account(s) held with the Account Bank as may be directed by an Extraordinary Resolution of the Class A Noteholders.

The Account Bank Agreement may be terminated in other circumstances by the Cash Manager, the Account Bank, the Issuer (in certain cases only with the consent of the Trustee) or (following the delivery of an Enforcement Notice) the Trustee. The Account Bank may also terminate the Account Bank Agreement in accordance with the provisions set out in the Account Bank Agreement.

The Account Bank Agreement and any non-contractual obligations arising out of or in connection with it will be governed by English law.

COLLECTION ACCOUNT DECLARATION OF TRUST

The Seller has declared a trust (the **Collection Account Declaration of Trust**) over its principal collection account in favour of, among others, (i) itself, (ii) the Issuer, (iii) Friary No.1 plc,

Friary No.2 plc, Friary No. 3 plc, Friary No.4 plc and Friary No.5 plc (in their capacities as previous issuers) and (iii) certain future issuers and beneficiaries who may accede to the terms of the Collection Account Declaration of Trust. The Issuer will accede to the terms of the Collection Account Declaration of Trust by entering into an accession agreement in respect of the Collection Account Declaration of Trust. The Collection Account Declaration of Trust and any non-contractual obligations arising out of or in connection with it will be governed by English law.

SWAP COLLATERAL ACCOUNT AGREEMENTS

Pursuant to the terms of the Swap Collateral Account (Cash) Agreement and Swap Collateral Account (Securities) Agreement entered into on the Closing Date between, among others, the Issuer, the Trustee and the Swap Collateral Account Bank, the Issuer will open one or more Swap Collateral Accounts with the Swap Collateral Account Bank.

The Issuer will deposit any collateral which is required to be paid to the Issuer by an Interest Rate Swap Provider in accordance with the terms of an Interest Rate Swap Agreement in the relevant Swap Collateral Account.

The Swap Collateral Account Agreements and any non-contractual obligations arising out of each of them are governed by English law.

AGENCY AGREEMENT

Pursuant to the Agency Agreement entered into on or before the Issue Date between the Issuer, the Trustee, the Registrar, the Principal Paying Agent and the Agent Bank, provision has been made for, among other things, payment of principal and interest in respect of the Notes and the maintenance of a register of the holders of the Notes. The Agency Agreement and any non-contractual obligations arising out of it are governed by English law.

INFORMATION RELATING TO THE REGULATION OF MORTGAGES IN THE UK

Help to Buy Scheme not applicable to Loans in the Portfolio

In March 2013, the UK Government announced the "Help to Buy" Scheme involving two separate proposals to assist home buyers. The first involves a shared equity loan made available by the UK Government to Borrowers for the purchase of new homes. The shared equity loans were available from 1 April 2013. No shared equity loans are included in the Portfolio. The second involves a guarantee provided by the UK Government for loans made to borrowers allowing up to a 95% loan-to-value ratio. The guarantee loans were available from 1 October 2013 (each of the loans under this scheme, a **Help to Buy Loan**). The Loans in the Portfolio do not benefit from any guarantee provided under the "Help to Buy" Scheme and the Portfolio does not contain any Help to Buy Loans.

Regulated Mortgage Contracts

In the UK, regulation of residential mortgage business under the FSMA came into force on 31 October 2004 (the **Regulation Effective Date**). Residential mortgage lending under the FSMA is regulated by the FCA. Subject to certain exemptions, entering into a Regulated Mortgage Contract as a lender, arranging Regulated Mortgage Contracts or advising in respect of or administering Regulated Mortgage Contracts (or agreeing to do any of those activities) are each regulated activities under the FSMA and the FSMA (Regulated Activities) Order 2001 (as amended) (the **RAO**) requiring authorisation and permission from the FCA.

The original definition of a Regulated Mortgage Contract was such that if a mortgage contract was entered into on or after the Regulation Effective Date but before 21 March 2016, it will be a Regulated Mortgage Contract under the RAO if: (i) the lender provides credit to an individual or to trustees; and (ii) the obligation of the borrower to repay is secured by a first legal mortgage on land (other than timeshare accommodation) in the United Kingdom, at least 40% of which is used, or is intended to be used, as or in connection with a dwelling by the borrower or (in the case of credit provided to trustees) by an individual who is a beneficiary of the trust, or by a related person. A related person (in relation to a borrower, or in the case of credit provided to trustees, a beneficiary of the trust) is broadly the person's spouse or civil partner, near relative or a person with whom the borrower (or in the case of credit provided to trustees, a beneficiary of the trust) has a relationship which is characteristic of a spouse.

There have been incremental changes to the definition of Regulated Mortgage Contract over time, including, from 21 March 2016, the removal of the requirement for the security to be first ranking and the extension of the territorial scope to cover property in the EEA rather than just the UK.

The current definition of a Regulated Mortgage Contract is such that if a mortgage contract is entered into on or after 21 March 2016, it will be a Regulated Mortgage Contract if it meets the following conditions (but subject to certain exclusions and qualifications): (a) the borrower is an individual or trustee; and (b) the obligation of the borrower to repay is secured by a mortgage on land in the EEA, at least 40% of which is used, or is intended to be used, in the case of credit provided to an individual, as or in connection with a dwelling; or (in the case of credit provided to a trustee who is not an individual), as or in connection with a dwelling by an individual who is a beneficiary of the trust, or by a related person.

Credit agreements which were originated before 21 March 2016, which were regulated by the CCA, and that would have been Regulated Mortgage Contracts had they been entered into on or after 21 March 2016 will be 'consumer credit back book mortgage contracts' and are also therefore Regulated Mortgage Contracts (see "Regulation of residential secured lending (other than Regulated Mortgage Contracts)").

On and from the Regulation Effective Date, subject to any exemption, persons carrying on any specified regulated mortgage-related activities by way of business must be authorised under the

FSMA. The specified activities currently are: (a) entering into a Regulated Mortgage Contract as lender; (b) administering a Regulated Mortgage Contract (administering in this context broadly means notifying borrowers of changes in mortgage payments and/or collecting payments due under the mortgage loan); (c) advising in respect of Regulated Mortgage Contracts; and (d) arranging Regulated Mortgage Contracts. Agreeing to carry on any of these activities is also a regulated activity. If requirements as to the authorisation of lenders and brokers are not complied with, a Regulated Mortgage Contract will be unenforceable against the borrower except with the approval of a court and the unauthorised person may commit a criminal offence. An unauthorised person who carries on the regulated mortgage activity of administering a Regulated Mortgage Contract that has been validly entered into may commit an offence, although this will not render the contract unenforceable against the borrower. The regime under the FSMA regulating financial promotions covers the content and manner of the promotion of agreements relating to qualifying credit and by whom such promotions can be issued or approved. In this respect, the FSMA regime not only covers financial promotions of Regulated Mortgage Contracts but also promotions of certain other types of secured credit agreements under which the lender is a person (such as the Seller) who carries on the regulated activity of entering into a Regulated Mortgage Contract. Failure to comply with the financial promotion regime (as regards who can issue or approve financial promotions) is a criminal offence and will render the Regulated Mortgage Contract or other secured credit agreement in question unenforceable against the borrower except with the approval of a court.

The Seller is required to hold, and holds, authorisation and permission to enter into and to administer and, where applicable, to advise in respect of Regulated Mortgage Contracts. Subject to any exemption, brokers are required to hold authorisation and permission to arrange and, where applicable, to advise in respect of Regulated Mortgage Contracts.

The Issuer is not and does not propose to be an authorised person under the FSMA with respect to Regulated Mortgage Contracts and related activities. Under Article 62 of the RAO, the Issuer does not require authorisation in order to acquire legal or beneficial title to a Regulated Mortgage Contract or a regulated credit agreement. The Issuer does not carry on the regulated activity of administering Regulated Mortgage Contracts by having them administered pursuant to an administration agreement by an entity having the required FCA authorisation and permission under the FSMA. If such administration agreement terminates, however, the Issuer will have a period of not more than one month in which to arrange for mortgage administration to be carried out by a replacement administrator having the required authorisation and permission under the FSMA. In addition, no variation may be made to the loans and no further advance or product switch has been or will be made in relation to a loan, where this would result in the Issuer arranging or advising in respect of, administering or entering into a Regulated Mortgage Contract, or agreeing to carry on any of these activities, if the Issuer would be required to be authorised under the FSMA to do so. Pursuant to the Servicing Agreement, the Servicer administers the loans and the Servicer has the requisite FSMA authorisation and permission to enable it to undertake such activities. The FCA's *Mortgages and Home Finance: Conduct of Business sourcebook (MCOB)*, which sets out the FCA's rules for regulated mortgage activities, came into force on 31 October 2004. These rules cover, inter alia, certain pre-origination matters such as financial promotion and pre-application illustrations, pre contract and start-of-contract and post-contract disclosure, contract changes, charges and arrears and repossessions. Further rules for prudential and authorisation requirements for mortgage firms, and for extending the appointed representatives regime to mortgages, also came into force on 31 October 2004.

If requirements as to authorisation and permission of lenders and brokers or as to issue and approval of financial promotions are not complied with, a Regulated Mortgage contract will be unenforceable against the Borrower except with the approval of a court. In addition, a borrower who is a private person may be entitled to claim damages for loss suffered as a result of any contravention by an authorised person of a rule made under the FSMA, and may set off the amount of the claim against the amount owing by the borrower under a loan or any other loan

that the borrower has taken with that authorised person. Any such set-off in relation to loans in the portfolio may adversely affect the Issuer's ability to make payments on the Notes.

Regulation of residential secured lending (other than Regulated Mortgage Contracts)

The UK government had a policy commitment to move second charge lending into the regulatory regime for mortgage lending rather than the regime for consumer credit under which second charge lending previously fell. The UK government concluded that there was a strong case for regulating lending secured on a borrower's home consistently, regardless of whether it is secured by a first or subsequent charge. The European Mortgage Credit Directive (2014/17/EU) (**Mortgage Credit Directive**) also follows this principle and makes no distinction between requirements for first charge and second (and subsequent) charge mortgage lending. The UK government concluded that it made sense to implement the changes to second (and subsequent) charge lending alongside the implementation of the Mortgage Credit Directive. The UK government also proposed to move the regulation of second (and subsequent) charge loans already in existence before 21 March 2016 to the Regulated Mortgage Contract regime rather than keeping them within the consumer credit regime. The policy of regulating lending secured on a borrower's home consistently also meant that the UK government decided to change the regulatory regime of pre-2004 first charge loans regulated by the CCA. Mortgage regulation under FSMA began on 31 October 2004. Mortgages entered into before that date were regulated by the CCA, provided they did not exceed the financial threshold in place when they were entered into and were not otherwise exempt. In November 2015, the UK government made legislation which meant that the administration of and other activities relating to those pre-October 2004 first charge mortgages which were regulated by the CCA became regulated mortgage activities from 21 March 2017, although firms could have adopted the new rules from 21 March 2016 if they chose. The move of CCA regulated mortgages to the FSMA regime was implemented by the Mortgage Credit Directive Order 2015 on 21 March 2016 (**Mortgage Credit Directive Order**). The government has put in place transitional provisions for existing loans so that some of the CCA protections in place when the loans were originally taken out are not removed retrospectively.

Credit agreements which were originated before 21 March 2016 which were regulated by the CCA and which would have been Regulated Mortgage Contracts had they been entered into on or after 21 March 2016, are defined by the Mortgage Credit Directive Order as "consumer credit back book mortgage contracts" and would also therefore be Regulated Mortgage Contracts. The main CCA consumer protection retained in respect of consumer credit back book mortgage contracts is the continuing unenforceability of the agreement if it was rendered unenforceable by the CCA prior to 21 March 2016. Unless the agreement was irredeemably unenforceable, the lender may enforce the agreement by seeking a court order or bringing any relevant period of non-compliance with the CCA to an end in the same manner as would have applied if the agreement was still regulated by the CCA. If a consumer credit back book mortgage contract was void as a result of section 56(3) of the CCA, that agreement or the relevant part of it will remain void. Restrictions on early settlement fees will also be retained. If interest was not chargeable under a consumer credit back book mortgage contract due to non-compliance with section 77A of the CCA (duty to serve an annual statement) or section 86B of the CCA (duty to serve a notice of sums in arrears), once the consumer credit back book mortgage contract became regulated by FSMA under the Mortgage Credit Directive Order as of 21 March 2016, the sanction of interest not being chargeable under section 77A of the CCA and section 86D of the CCA ceases to apply, but only for interest payable under those loans after 21 March 2016. A consumer credit back book mortgage contract will also be subject to unfair relationship provisions described below. Certain provisions of MCOB are applicable to these consumer credit back book mortgage contracts. These include the rules relating to disclosure at the start of a contract and post-sale disclosure (MCOB 7), charges (MCOB 12) and arrears, payment shortfalls and repossessions (MCOB 13). General conduct of business standards will also apply (MCOB 2). This process is subject to detailed transitional provisions that are intended to retain certain customer protections in the FCA's CONC Sourcebook and the CCA that are not contained within MCOB.

The Seller has given or, as applicable, will give warranties to the Issuer and the Trustee in the Mortgage Sale Agreement that, inter alia, each Loan and its Related Security is enforceable (subject to certain exceptions). If a Loan or its Related Security does not materially comply with these warranties, and if the default cannot be or is not cured within 30 days of receipt by the Issuer of notice from the Seller that there has been such a breach, then the Seller will, within 30 days of receipt of a repurchase notice from the Issuer, be required to repurchase the relevant Loans and their Related Security.

This regulatory regime may result in adverse effects on the enforceability of certain Loans and consequently the Issuer's ability to make payment in full on the Notes when due.

Changes to mortgage regulation and to the regulatory structure in the United Kingdom may adversely affect payments on the Notes

In December 2011, the FSA published a consultation paper that consolidates proposals arising out of its wide-ranging mortgage market review, which was launched in October 2009 to consider strengthening rules and guidance on, inter alia, affordability assessments, product regulation, arrears charges and responsible lending. The FSA's aim was to ensure the continued provision of mortgage credit for the majority of borrowers who can afford the financial commitment of a mortgage, while preventing a re-emergence of poor lending practices as the supply of mortgage credit in the market recovered. In October 2012, the FSA published a feedback statement and final rules that generally came into force on 26 April 2014 with transitional arrangements where, among other things, the borrower does not take on additional borrowing. These rules have, for example, imposed more stringent requirements on lenders to assess the affordability of a loan made to a borrower and to verify the income of a borrower.

In relation to interest-only loans that are not buy-to-let loans, the mortgage market review introduced rules that require relevant institutions, with effect from 26 April 2014, to obtain evidence (with permitted exceptions) that a borrower will have in place a clearly understood and credible payment strategy and that the payment strategy has the potential to repay the principal at the end of the term of an interest-only loan.

The FCA started to track firms' progress towards implementation of the mortgage market review from the second quarter of 2013 and: i) published a report following a thematic review concerning the quality and suitability of mortgage advice provided by firms; and ii) it began a further thematic review on responsible lending in April 2015, on which it reported in May 2016. In December 2016, the FCA launched a market study focusing on consumers' ability to make effective choices in the first charge residential mortgage market on which it produced an interim report in May 2018 and a final report in March 2019 (see "Mortgage Prisoners" below). This is in addition to regulatory reforms being made as a result of the implementation of the Mortgage Credit Directive from 21 March 2016. It is possible that further changes may be made to the FCA's MCOB rules as a result of these reviews and other related future regulatory reforms. To the extent that the new rules do apply to any of the Mortgage Loans, failure to comply with these rules may entitle a Borrower to claim damages for loss suffered or set-off the amount of the claim against the amount owing under the Loan. Any such claim or to set-off may reduce the amounts available to meet the payments due in respect of the Notes.

Under the Financial Services Act 2012: (a) the carrying on of servicing activities in certain circumstances by a person exercising the rights of the lender without FCA permission to do so renders the credit agreement unenforceable, except with FCA approval; and (b) the FCA has the power to make rules to render unenforceable contracts made in contravention of its rules on cost and duration of credit agreements or in contravention of its product intervention rules. The Act also provides for formalised cooperation to exist between the FCA and the Ombudsman (as described below) particularly where identified issues potentially have wider implications, with a view to the FCA requiring affected firms to operate consumer redress schemes.

Any further changes to the FCA's MCOB rules, or the FSMA or changes in the regulatory structure or the Financial Services Act 2012, may adversely affect the Loans, the Seller, the Issuer, the Servicer and their respective businesses and operations.

Unfair relationships

Under the Consumer Credit Act 2006, the "extortionate credit" regime was replaced by an "unfair relationship" test. The "unfair relationship" test applies to all existing and new credit agreements, except Regulated Mortgage Contracts under the FSMA and also applies to (as described above) "consumer credit back book mortgage contracts". If the court makes a determination that the relationship between a lender and a borrower is unfair, then it may make an order, among other things, requiring the relevant Originator, or any assignee such as the Issuer, to repay amounts received from such Borrower. In applying the "unfair relationship" test, the courts are able to consider a wider range of circumstances surrounding the transaction, including the creditor's conduct (or the conduct of anyone acting on behalf of the creditor) before and after making the agreement or in relation to any related agreement. There is no statutory definition of the word "unfair" in the CCA as the intention is for the test to be flexible and subject to judicial discretion and it is therefore difficult to predict whether a court would find a relationship "unfair". However, the word "unfair" is not an unfamiliar term in UK legislation due to the UTCCR and the CRA (each as defined below). The courts may, but are not obliged to, look solely to the Consumer Credit Act 2006 for guidance. The principle of "treating customers fairly" under the FSMA, and guidance published by the FSA and, as of 1 April 2013, the FCA on that principle and for guidance by the OFT on the unfair relationship test, may also be relevant. Under the CCA, once the debtor alleges that an "unfair relationship" exists, then the burden of proof is on the creditor to prove the contrary.

Plevin v Paragon [2014] UKSC 61, a Supreme Court judgment, has clarified that compliance with the relevant regulatory rules by the creditor (or a person acting on behalf of the creditor) does not preclude a finding of unfairness, as a wider range of considerations may be relevant to the fairness of the relationship than those which would be relevant to the application of the rules. Where add-on products such as insurance are sold and are subject to significant commission payments, it is possible that the non-disclosure of commission by the lender is a factor that could form part of a finding of an unfair relationship.

In March 2017, the FCA published final rules and guidance with respect to payment protection insurance complaints in light of *Plevin*. The rules will not apply to borrowers with Regulated Mortgage Contracts. The FCA rules came into force on 29 August 2017 and require firms that sold payment protection insurance (PPI) to write to previously rejected mis-selling complainants who are eligible to complain again in light of *Plevin* in order to explain this to them by 29 November 2017. The FCA rules state that if the anticipated profit share and commission or the likely range of profit share and commission on a PPI Contract were not disclosed to the borrower before the PPI Contract was entered into, the firm should consider whether it can satisfy itself on reasonable grounds that an unfair relationship did not arise. A firm should make a rebuttable presumption that failure to disclose commission gave rise to an unfair relationship if the anticipated profit share plus the commission known or reasonably foreseeable at the time of sale was in relation to a single premium payment protection contract, more than 50 per cent. of the total amount paid in relation to the PPI Contract or in the case of a regular premium PPI Contract, at any time in the relevant period or period more than 50 per cent. of the total amount paid in relation to the PPI Contract in respect of the relevant period or periods. The FCA cites, amongst others, an example of such presumption being rebutted by the lender not having known and not being reasonably expected to have known or foreseen the level of commission and anticipated profit share. Where the firm concludes that the non-disclosure of commission on a PPI Contract has given rise to an unfair relationship, the FCA states that the firm should remedy the unfairness by paying the complainant a sum equal to the total commission paid by the complainant for PPI plus an amount representing any profit share payment, minus 50 per cent. of the total amount paid by the complainant for the PPI (**Compensation Sum**). The firm should also repay historic interest in relation to the

Compensation Sum (which is the interest the complainant paid as a result of the Compensation Sum being included in the loan) where relevant and also pay simple interest on the whole amount. The FCA set a deadline of 29 August 2019 by which consumers needed to make any PPI complaints or lose their right to have them assessed by firms or the FOS (although consumers continue to be able to bring claims in court). There is a possibility that such a deadline could be challenged in court or subject to judicial review. A consumer may be able to still submit a complaint if they were sold the policy after 29 August 2017, the complaint is about a claim being turned down by an insurer or the consumer can clearly show that there were exceptional circumstances that prevented them from making a complaint by the deadline.

If a court determined that there was an unfair relationship between the Lender and the borrowers in respect of the Loans and ordered that financial redress was made in respect of such Loans, or if redress was due in accordance with the FCA guidance on PPI complaints, such redress may adversely affect the ultimate amount received by the Issuer in respect of the relevant Loans, and the realisable value of the Portfolio and/or the ability of the Issuer to make payments under the Notes.

Mortgage Prisoners

The FCA are aware that there are some consumers who cannot switch to a more affordable mortgage despite being up to date with their mortgage payments. This includes those who cannot switch because of changes to lending practices during and after the 2008 financial crisis and subsequent regulation that tightened lending standards – these consumers are often called ‘mortgage prisoners’.

Under Policy Statement PS19/27 which came into effect on 28 October 2019, the FCA have amended their responsible lending rules and guidance to help remove potential barriers to consumers switching to a more affordable mortgage and to reduce the time and costs of switching for all relevant consumers. The changes will mean that mortgage lenders can choose to carry out a modified affordability assessment where a consumer has a current mortgage, is up-to-date with their mortgage payments (and has been for the last 12 months), does not want to borrow more, other than to finance any relevant product, arrangement or intermediary fee for that mortgage and is looking to switch to a new mortgage deal on their current property. Further, inactive lenders and administrators acting for unregulated entities (such as the Issuer), must review their customer books and develop and implement a communication strategy for contacting relevant consumers to tell them it could be simpler for them to remortgage. The communication exercise must be completed by 1 September 2020.

The modification of the responsible lending rules should make it easier for a borrower who is a mortgage prisoner to switch to a new lender and this could increase redemption rates where there are a significant number of mortgage prisoners held by a lender.

Distance Marketing

In the UK, the Financial Services (Distance Marketing) Regulations 2004 (the **DM Regulations**) apply, *inter alia*, to credit agreements entered into on or after 31 October 2004 by means of distance communication (i.e. without any substantive simultaneous physical presence of the originator and the borrower).

A Regulated Mortgage Contract, if originated by a UK lender from an establishment in the UK, will not be cancellable under the DM Regulations but is subject to related pre-contract disclosure requirements in MCOB. Certain other credit agreements will be cancellable under the DM Regulations if the borrower does not receive prescribed information at the prescribed time, or in any event for certain unsecured lending. Where the credit agreement is cancellable under the DM Regulations, the borrower may send notice of cancellation at any time before the end of the 14th day after the day on which the cancellable agreement is made, where all the prescribed

information has been received, or, if later, the borrower receives the last of the prescribed information.

Compliance with the DM Regulations may be secured by way of injunction, granted on such terms as the court thinks fit to ensure such compliance, and certain breaches of the DM Regulations may render the supplier or intermediaries (and their respective relevant officers) liable to a fine. Failure to comply with MCOB rules could result in, inter alia, disciplinary action by the FCA and possible claims under Section 138D of the FSMA for breach of FCA rules.

If the borrower cancels the credit agreement under the DM Regulations, then: (a) the borrower is liable to repay the principal and any other sums paid by the originator to the borrower under or in relation to the cancelled agreement within 30 days beginning with the day of the borrower sending notice of cancellation or, if later, the originator receiving notice of cancellation; (b) the borrower is liable to pay interest or any early repayment charge or other charge for credit under the cancelled agreement, only if the borrower received certain prescribed information at the prescribed time and if other conditions are met; and (c) any security is to be treated as never having had effect in respect of the cancelled agreement.

If a significant portion of the Loans are characterised as being cancellable under the DM Regulations, then there could be an adverse effect on the ability of the Issuer to make payments on the Notes.

Unfair Terms in Consumer Contracts Regulations 1994 and 1999 and Consumer Rights Act 2015

In the United Kingdom, the Unfair Terms in Consumer Contracts Regulations 1999 as amended (the **1999 Regulations**), together with (in so far as applicable) the Unfair Terms in Consumer Contracts Regulations 1994 (together with the 1999 Regulations, the **UTCCR**), apply to business to consumer agreements made on or after 1 July 1995 and before 1 October 2015 where the terms have not been individually negotiated (and the “consumer” for these purposes falls within the definition provided in the UTCCR). The Consumer Rights Act 2015 (the **CRA**) has revoked the UTCCR in respect of contracts made on or after 1 October 2015.

The UTCCR and the CRA provide that a consumer (which would include a borrower under all or almost all of the Loans) may challenge a term in an agreement on the basis that it is “unfair” within the UTCCR or the CRA as applicable and therefore not binding on the consumer (although the rest of the agreement will remain enforceable if it is capable of continuing in existence without the unfair term) and provide that a regulator may take action to stop the use of terms which are considered to be unfair.

The UTCCR will not generally affect terms which define the main subject matter of the contract, such as the borrower's obligation to repay the principal provided that these terms are written in plain and intelligible language and are drawn adequately to the consumer's attention. The UTCCR may affect terms that are not considered to be terms which define the main subject matter of the contract such as the lender's power to vary the interest rate and certain terms imposing early repayment charges and mortgage exit administration fees.

For example, if a term permitting the lender to vary the interest rate (as the Seller is permitted to do) is found to be unfair, the borrower will not be liable to pay interest at the increased rate or, to the extent that the borrower has paid it, will be able, as against the lender, or any assignee such as the Issuer, to claim repayment of the extra interest amounts paid or to set off the amount of the claim against the amount owing by the borrower under the loan or any other loan agreement that the borrower has taken with the lender. Any such non-recovery, claim or set-off in relation to a Loan in the Portfolio may adversely affect the Issuer's ability to make payments on the Notes.

In July 2019, the FCA and the Competition and Markets Authority (the **CMA**) entered into a memorandum of understanding in relation to consumer protection (the **MoU**) which replaced the original memorandum of understanding entered into between the FCA and the CMA on 12 January 2016. The MoU states that the FCA will consider fairness within the meaning of the CRA and the UTCCR, of standard terms, and the CRA of negotiated terms, in financial services contracts issued by authorised firms of appointed representatives and within the meaning of the Consumer Protection from Unfair Trading Regulations 2008 (the **CPUTR**), of commercial practices in financial services and claims management services of an authorised firm or appointed representative. When such firms or representatives are undertaking any regulated activity (as specified in Part II of the RAO), in the UK. In this MoU 'authorised' includes having an interim permission and a 'relevant permission' includes an interim permission. This will include contracts for:

- mortgages and the selling of mortgages;
- insurance and the selling of insurance;
- bank, building society and credit union accounts;
- life assurance;
- pensions;
- investments;
- consumer credit;
- consumer hire;
- other credit-related regulated activities; and
- claims management services.

MCOB rules for Regulated Mortgage Contracts require that: (a) arrears charges represent a reasonable estimate of the cost of the additional administration required as a result of the borrower being in arrears, and (b) from 25 June 2010, the borrower's payments are allocated first towards paying off the balance of any payment shortfall, excluding any interest or charges on that balance. In October 2010, the FSA issued a statement that, in its view, early repayment charges are likely to amount to the price paid by the borrower in exchange for services provided and may not be reviewable for fairness under the UTCCR provided that they are written in plain and intelligible language and are adequately drawn to the borrower's attention. In January 2012, the FSA issued a further statement intended to raise awareness of issues that it commonly identifies under the UTCCR (such statement has since been withdrawn – see below).

In July 2012, the Law Commission launched a consultation in order to review and update the recommendations set out in their 2005 Report on Unfair Terms in Contracts. In March 2013, the Law Commission published its advice, in a paper entitled "Unfair Terms in Consumer Contracts: Advice to the Department for Business, Innovation and Skills". This advice paper repeated the recommendation from the 2005 Report on Unfair Terms in Contracts that the Unfair Contract Terms Act 1977 and the UTCCR should be consolidated, as well as providing new recommendations, including extending the protections of unfair terms legislation to notices and some additions to the "grey list" of terms which are indicatively unfair. The Law Commission also recommended that the UTCCR should expressly provide that, in proceedings brought by individual consumers, the court is required to consider the fairness of the term, even if the consumer has not raised the issue, where the court has available to it the legal and factual elements necessary for that task. Such reforms are included in the CRA, which came into force in October 2015.

Historically the OFT, FSA and FCA (as appropriate) have issued guidance on the UTCCR. This has included: (i) OFT guidance on fair terms for interest variation in mortgage contracts dated February 2000; (ii) an FSA statement of good practice on fairness of terms in consumer contracts dated May 2005; (iii) an FSA statement of good practice on mortgage exit administration fees dated January 2007; and (iv) FSA finalised guidance on unfair contract terms and improving standards in consumer contracts dated January 2012.

On 2 March 2015, the FCA updated its online unfair contract terms library by removing some of its material (including the abovementioned guidance) relating to unfair contract terms. The FCA stated that such material "no longer reflects the FCA's views on unfair contract terms" and that firms should no longer rely on the content of the documents that had been removed.

The broad and general wording of the UTCCR and the CRA makes any assessment of the fairness of terms largely subjective and makes it difficult to predict whether or not a term would be held by a court to be unfair. It is therefore possible that any Loans which have been made to Borrowers covered by the UTCCR and the CRA may contain unfair terms which may result in the possible unenforceability of the terms of the underlying loans. If any term of the Loans entered into between 1 July 1995 and 30 September 2015 is found to be unfair for the purpose of the UTCCR, this may reduce the amounts available to meet the payments due in respect of the Notes.

The FCA have stated that the finalised FCA guidance "Fairness of variation terms in financial services consumer contracts under the Consumer Rights Act 2015" (see "Consumer Rights Act 2015" below) applies equally to factors that firms should consider to achieve fairness under the UTCCR.

The guidance issued by the FSA (and, as of 1 April 2013, the FCA), the OFT and the CMA has changed over time and it is possible that it may change in the future. No assurance can be given that any such changes in guidance on the UTCCR and CRA, or reform of the UTCCR and the CRA, will not have a material adverse effect on the Seller, the Servicer and the Issuer and their respective businesses and operations. This may adversely affect the ability of the Issuer to make payments in full on the Notes when due.

Consumer Rights Act 2015

The main provisions of the CRA came into force on 1 October 2015. The CRA significantly reforms and consolidates consumer law in the UK. The CRA involves the creation of a single regime out of the Unfair Contract Terms Act 1977 (which essentially deals with attempts to limit liability for breach of contract) and the UTCCR for contracts entered into on or after 1 October 2015. The CRA has revoked the UTCCR in respect of contracts made on or after 1 October 2015 and introduced a new regime for dealing with unfair contractual terms as follows:

Under Part 2 of the CRA an unfair term of a consumer contract (a contract between a trader and a consumer) is not binding on a consumer (an individual acting for purposes that are wholly or mainly outside that individual's trade, business, craft or profession). Additionally, an unfair notice is not binding on a consumer, although a consumer may rely on the term or notice if the consumer chooses to do so. A term will be unfair where, contrary to the requirement of good faith, it causes significant imbalance in the parties' rights and obligations under the contract to the detriment of the consumer. In determining whether a term is fair it is necessary to: (i) take into account the nature of the subject matter of the contract; (ii) refer to all the circumstances existing when the term was agreed; and (iii) refer to all of the other terms of the contract or any other contract on which it depends.

Schedule 2 of the CRA contains an indicative and non-exhaustive "grey list" of terms of consumer contracts that may be regarded as unfair. Notably, paragraph 11 of Schedule 2 lists "a term which has the object or effect of enabling the trader to alter the terms of the contract unilaterally without a valid reason which is specified in the contract although paragraph 22 of Schedule 2 provides that this does not include a term by which a supplier of financial services

reserves the right to alter the rate of interest payable by or due to the consumer, or the amount of other charges for financial services without notice where there is a valid reason if the supplier is required to inform the consumer of the alteration at the earliest opportunity and the consumer is free to dissolve the contract immediately.

A term of a consumer contract which is not on the "grey list" may nevertheless be regarded as unfair.

Where a term of a consumer contract is "unfair" it will not bind the consumer. However, the remainder of the contract, will, so far as practicable, continue to have effect in every other respect. Where a term in a consumer contract is susceptible of multiple different meanings, the meaning most favourable to the consumer will prevail. It is the duty of the court to consider the fairness of any given term. This can be done even where neither of the parties to proceedings have explicitly raised the issue of fairness.

The provisions in the CRA governing unfair contractual terms came into force on 1 October 2015. The Unfair Contract Terms Regulatory Guide (UNFCOG in the FCA handbook) explains the FCA's policy on how it uses its formal powers under the CRA and the CMA published guidance on the unfair terms provisions in the CRA on 31 July 2015 (the **CMA Guidance**). The CMA indicated in the CMA Guidance that the fairness and transparency provisions of the CRA are regarded to be "effectively the same as those of the UTCCR". The document further notes that "the extent of continuity in unfair terms legislation means that existing case law generally, and that of the Court of Justice of the European Union particularly, is for the most part as relevant to the Act as it was the UTCCRs" (save in applying the consumer notices and negotiated terms). In general, there is little reported case law on the UTCCR and/or the CRA and the interpretation of each is open to some doubt. The extremely broad and general wording of the CRA makes any assessment of the fairness of terms largely subjective and makes it difficult to predict whether or not a term would be held by a court to be unfair. It is therefore possible that any Loans which have been made to Borrowers covered by the CRA may contain unfair terms which may result in the possible unenforceability of the terms of the underlying loans. If any term of the Loans entered into on or after 1 October 2015 is found to be unfair for the purpose of the CRA, this may reduce the amounts available to meet the payments due in respect of the Notes.

On 19 December 2018, the FCA published finalised guidance: "Fairness of variation terms in financial services consumer contracts under the Consumer Rights Act 2015" (FG18/7), outlining factors the FCA consider firms should have regard to when drafting and reviewing variation terms in consumer contracts. This follows developments in case law, including at the Court of Justice of the EU. The finalised guidance relates to all financial services consumer contracts entered into since 1 July 1995. The FCA stated that firms should consider both this guidance and any other rules that apply when they draft and use variation terms in their consumer contracts. The FCA stated that the finalised guidance will apply to FCA authorised persons and their appointed representative in relation to any consumer contracts which contain variation terms.

The guidance issued by the FSA, the FCA, the OFT and the Law Commission has changed over time and it is possible that a different approach may be taken in the future, including by the FCA and/or the CMA. No assurance can be given that changes to guidance on unfair contract terms legislation will not have a material adverse effect on the Issuer's ability to make payments on the Notes.

Consumer Protection from Unfair Trading Regulations 2008

On 11 May 2005, the European Parliament and the Council adopted Directive (2005/29/EC) on unfair business-to-consumer commercial practices (the **Unfair Practices Directive**). Generally, the Unfair Practices Directive applies full harmonisation, which means that Member States may not impose more stringent provisions in the fields to which full harmonisation applies. By way

of exception, the Unfair Practices Directive permits Member States to impose more stringent provisions in the fields of financial services and immovable property, such as mortgage loans.

The Unfair Practices Directive provides that enforcement bodies may take administrative action or legal proceedings against a commercial practice on the basis that it is "unfair" within the Unfair Practices Directive. This Directive is intended to protect only collective interests of consumers, and so is not intended to give any claim, defence or right of set-off to an individual consumer.

The Unfair Practices Directive has been implemented in the UK by the Consumer Protection from Unfair Trading Regulations 2008 (the **CPUTR**), which came into force on 26 May 2008. The CPUTR prohibit certain practices which are deemed to be "unfair" within the terms of the CPUTR. Breach of the CPUTR does not (of itself) render an agreement void or unenforceable, but is a criminal offence punishable by a fine and/or imprisonment. The possible liabilities for misrepresentation or breach of contract in relation to the underlying credit agreements may result in irrecoverable losses on amounts to which such agreements apply. The CPUTR did not originally provide consumers with a private act of redress. Instead, consumers had to rely on existing private law remedies based on the law of misrepresentation and duress. However, the Consumer Protection (Amendment) Regulations 2014 came into force on 1 October 2014 and in certain circumstances these amendments to the CPUTR give consumers a right to redress for misleading or aggressive commercial practices (as defined in the CPUTR), including a right to unwind agreements.

In addition, the Unfair Practices Directive is taken into account in reviewing rules under the FSMA. For example, the MCOB rules for Regulated Mortgage Contracts from 25 June 2010 (formerly these were matters of non-binding guidance) prevent the lender from: (a) repossessing the mortgaged property unless all other reasonable attempts to resolve the position have failed, which include considering whether it is appropriate to offer an extension of term or a change in the product type, and (b) automatically capitalising a payment shortfall.

No assurance can be given that the UK's implementation of the Unfair Practices Directive will not have a material adverse effect on the Loans or the manner in which they are serviced and accordingly on the ability of the Issuer to make payments to Noteholders.

Decisions of the Ombudsman could lead to some terms of the Loans being varied, which may adversely affect payments on the Notes

Under the FSMA, the Ombudsman is required to make decisions on, inter alia, complaints relating to the activities and transactions under its jurisdiction on the basis of what, in the Ombudsman's opinion, would be fair and reasonable in all the circumstances of the case, taking into account, inter alia, law and guidance. Complaints brought before the Ombudsman for consideration must be decided on a case-by-case basis, with reference to the particular facts of any individual case. Each case is first adjudicated by an adjudicator. Either party to the case may appeal against the adjudication. In the event of an appeal, the case proceeds to a final decision by the Ombudsman. As the Ombudsman is required to make decisions on the basis of, inter alia, the principles of fairness, and may order a money award to the borrower, it is not possible to predict how any future decision of the Ombudsman would affect the Issuer's ability to make payments in full on the Notes when due.

Pre-action Protocol for mortgage possession cases

The pre-action protocol for mortgage repossession based on mortgage or home purchase plan arrears in respect of residential property in England and Wales came into force on 19 November 2008 and sets out the steps that judges will expect any lender to take before starting a claim. A number of mortgage lenders have confirmed that they will delay the initiation of repossession action for at least six months after a borrower, who is an owner-occupier, is in arrears. The application of such a moratorium may be subject to the wishes of the relevant borrower and may not apply in cases of fraud. In addition, the Mortgage Repossessions (Protection of Tenants

etc.) Act 2010 came into force on 1 October 2010. The Act gives courts in England and Wales the same power to postpone and suspend repossession for up to two months on application by an unauthorised tenant (i.e. a tenant in possession without the lender's consent) as generally exists on application by an authorised tenant. In addition, under the protocols the lender must consider whether to postpone the start of a possession claim where the borrower has made a genuine complaint to the Ombudsman about the potential possession claim.

The protocols and the Mortgage Repossessions (Protection of Tenants etc.) Act 2010 may have particular adverse effects in markets experiencing above average levels of possession claims. Delays in the initiation of responsive action in respect of the loans may result in lower recoveries and may adversely affect the ability of the Issuer to make payments in full on the Notes when due.

General

No assurance can be given that additional regulations or guidance from the FCA, the PRA, the Ombudsman, the CMA or any other regulatory authority will not arise with regard to the mortgage market in the United Kingdom generally, the Seller's particular sector in that market or specifically in relation to the Seller. Any such action or developments or compliance costs may have a material adverse effect on the Loans, the Seller, the Issuer and/or the Servicer and their respective businesses and operations. This may adversely affect the ability of the Issuer to make payment in full when due on the Notes.

Potential effects of any additional regulatory changes

In the United Kingdom and elsewhere, there is continuing political and regulatory scrutiny of the banking industry and, in particular, retail banking. In the United Kingdom, regulators such as the CMA, the PRA and the FCA have recently carried out, or are currently conducting, several enquiries into the effectiveness of those retail banking markets from both competition and consumer protection perspectives. No assurance can be given that changes will not be made to the regulatory regime and developments described above in respect of the mortgage market in the United Kingdom generally, the Seller's particular sector in that market or specifically in relation to the Seller. Any such action or developments, in particular, but not limited to, the cost of compliance, may have a material adverse effect on the Seller and its businesses and operations. This may adversely affect the Issuer's ability to make payments in full when due on the Notes.

DESCRIPTION OF THE NOTES IN GLOBAL FORM

General

The Notes of each class will be offered and sold outside the United States to non-U.S. persons in reliance on Regulation S and will be represented on issue by one or more Global Notes of such class in fully registered form without interest coupons or principal receipts attached (each a **Global Note**). Beneficial interests in a Global Note may only be held through Euroclear or Clearstream, Luxembourg or their participants at any time.

All capitalised terms not defined in this paragraph shall be as defined in the Conditions of the Notes.

The Global Notes will be deposited on or about the Closing Date with a common safekeeper for both Euroclear and Clearstream, Luxembourg (the **Common Safekeeper**).

The Global Notes will be registered in the name of a nominee for the Common Safekeeper. The Issuer will procure the Registrar to maintain a register in which it will register the nominee for the Common Safekeeper, as applicable, as the owner of the Global Notes.

Upon confirmation by the Common Safekeeper that it has custody of the Global Notes, Euroclear or Clearstream, Luxembourg, as the case may be, will record book-entry interests representing beneficial interests (the **Book-Entry Interests**) in the Global Notes attributable thereto.

Book-Entry Interests in respect of Global Notes will be recorded in denominations of £100,000 and, for so long as Clearstream, Luxembourg so permit, integral multiples of £1,000 in excess thereof (a **Minimum Denomination**). Ownership of Book-Entry Interests is limited to persons that have accounts with Euroclear or Clearstream, Luxembourg (the **Participants**) or persons that hold interests in the Book-Entry Interests through Participants (the **Indirect Participants**), including, as applicable, banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with Euroclear or Clearstream, Luxembourg, either directly or indirectly. Indirect Participants shall also include persons that hold beneficial interests through such Indirect Participants. Book-Entry Interests will not be held in definitive form. Instead, Euroclear and Clearstream, Luxembourg, as applicable, will credit the Participants' accounts with the respective Book-Entry Interests beneficially owned by such Participants on each of their respective book-entry registration and transfer systems. The accounts initially credited will be designated by the Arrangers. Ownership of Book-Entry Interests will be shown on, and transfers of Book-Entry Interests or the interests therein will be effected only through, records maintained by Euroclear or Clearstream, Luxembourg (with respect to the interests of their Participants) and on the records of Participants or Indirect Participants (with respect to the interests of Indirect Participants). The laws of some jurisdictions or other applicable rules may require that certain purchasers of securities take physical delivery of such securities in definitive form. The foregoing limitations may therefore impair the ability to own, transfer or pledge Book-Entry Interests.

So long as a nominee of the Common Safekeeper is the registered holder of the Global Notes underlying the Book-Entry Interests, the nominee of the Common Safekeeper will be considered the sole Noteholder of the Global Note for all purposes under the Trust Deed. Except as set forth under "*Issuance of Definitive Certificates*", below, Participants or Indirect Participants will not be entitled to have Notes registered in their names, will not receive or be entitled to receive physical delivery of Notes in definitive registered form and will not be considered the holders thereof under the Trust Deed. Accordingly, each person holding a Book-Entry Interest must rely on the rules and procedures of Euroclear or Clearstream, Luxembourg, as the case may be, and Indirect Participants must rely on the procedures of the Participants or Indirect Participants through which such person owns its interest in the relevant Book-Entry Interests, to exercise any rights and obligations of a holder of Notes under the Trust Deed. See "*Action in Respect of the Global Note and the Book-Entry Interests*", below.

Unlike legal owners or holders of the Notes, holders of the Book-Entry Interests will not have the right under the Trust Deed to act upon solicitations by the Issuer or consents or requests by the Issuer for waivers or other actions from Noteholders. Instead, a holder of Book-Entry Interests will be permitted to act only to the extent it has received appropriate proxies to do so from Euroclear or Clearstream, Luxembourg, as the case may be, and, if applicable, their Participants. There can be no assurance that procedures implemented for the granting of such proxies will be sufficient to enable holders of Book-Entry Interests to vote on any requested actions on a timely basis. Similarly, upon the occurrence of an Event of Default under the Global Notes, holders of Book-Entry Interests will be restricted to acting through Euroclear or Clearstream, Luxembourg unless and until Definitive Certificates are issued in accordance with the Conditions. There can be no assurance that the procedures to be implemented by Euroclear or Clearstream, Luxembourg under such circumstances will be adequate to ensure the timely exercise of remedies under the Trust Deed.

Unless and until Book-Entry Interests in the Global Notes are exchanged for Definitive Certificates, the Global Notes registered in the name of the Common Safekeeper may not be transferred except as a whole by the Common Safekeeper to a successor of the Common Safekeeper.

Purchasers of Book-Entry Interests in a Global Note pursuant to Regulation S will hold Book-Entry Interests in the Global Notes relating thereto. Investors may hold their Book-Entry Interests in respect of a Global Note directly through Euroclear or Clearstream, Luxembourg (in accordance with the provisions set forth under "*Transfers and Transfer Restrictions*", below), if they are account holders in such systems, or indirectly through organisations which are account holders in such systems. Euroclear and Clearstream, Luxembourg will hold Book-Entry Interests in each Global Note, as the case may be, on behalf of their account holders through securities accounts in the respective account holders' names on Euroclear's and Clearstream, Luxembourg's respective book-entry registration and transfer systems.

Trading between Euroclear and/or Clearstream, Luxembourg participants

Secondary market sales of book-entry interests in the notes held through Euroclear or Clearstream, Luxembourg to purchasers of book-entry interests in the notes held through Euroclear or Clearstream, Luxembourg will be conducted in accordance with the normal rules and operating procedures of Euroclear and Clearstream, Luxembourg and will be settled using the procedures applicable to conventional Eurobonds and sterling denominated bonds.

Payments on the Global Notes

Payment of principal and interest on, and any other amount due in respect of, the Global Notes will be made in Sterling by or to the order of HSBC Bank plc as the Principal Paying Agent on behalf of the Common Safekeeper or its nominee as the registered holder thereof. Each holder of Book-Entry Interests must look solely to Euroclear or Clearstream, Luxembourg, as the case may be, for its share of any amounts paid by or on behalf of the Issuer to the Common Safekeeper or its nominees in respect of those Book-Entry Interests. All such payments will be distributed without deduction or withholding for or on account of any taxes, duties, assessments or other governmental charges of whatever nature except as may be required by law. If any such deduction or withholding is required to be made, then neither the Issuer, the Paying Agents nor any other person will be obliged to pay additional amounts in respect thereof.

In accordance with the rules and procedures for the time being of Euroclear or, as the case may be, Clearstream, Luxembourg, after receipt of any payment from the Principal Paying Agent to the order of the Common Safekeeper, the respective systems will promptly credit their Participants' accounts with payments in amounts proportionate to their respective ownership of Book-Entry Interests as shown in the records of Euroclear or Clearstream, Luxembourg. On each record date, Euroclear and Clearstream, Luxembourg will determine the identity of the Noteholders for the purposes of making payments to the Noteholders. The record date, in

respect of the Notes shall be one Clearing System Business Day prior to the relevant Interest Payment Date where **Clearing System Business Day** means a day on which each clearing system for which the Notes are being held is open for business. The Issuer expects that payments by Participants to owners of interests in Book-Entry Interests held through such Participants or Indirect Participants will be governed by standing customer instructions and customary practices, as is now the case with the securities held for the accounts of customers in bearer form or registered in "street name", and will be the responsibility of such Participants or Indirect Participants. None of the Issuer, any agent of the Issuer, the Arrangers or the Trustee will have any responsibility or liability for any aspect of the records relating to or payments made on account of a Participant's ownership of Book-Entry Interests or for maintaining, supervising or reviewing any records relating to a Participant's ownership of Book-Entry Interests.

Information Regarding Euroclear and Clearstream, Luxembourg

Euroclear and Clearstream, Luxembourg have advised the Issuer as follows:

Euroclear and Clearstream, Luxembourg

Euroclear and Clearstream, Luxembourg each hold securities for their account holders and facilitate the clearance and settlement of securities transactions by electronic book-entry transfer between their respective account holders, thereby eliminating the need for any physical movement of certificates and any risk from lack of simultaneous transfers of securities.

Euroclear and Clearstream, Luxembourg each provide various services including safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Euroclear and Clearstream, Luxembourg each also deal with domestic securities markets in several countries through established depositary and custodial relationships. The respective systems of Euroclear and of Clearstream, Luxembourg have established an electronic bridge between their two systems across which their respective account holders may settle trades with each other.

Account holders in both Euroclear and Clearstream, Luxembourg are worldwide financial institutions including underwriters, securities brokers and dealers, banks, trust companies and clearing corporations. Indirect access to both Euroclear and Clearstream, Luxembourg is available to other institutions that clear through or maintain a custodial relationship with an account holder of either system.

An account holder's overall contractual relationships with either Euroclear or Clearstream, Luxembourg are governed by the respective rules and operating procedures of Euroclear or Clearstream, Luxembourg and any applicable laws. Both Euroclear and Clearstream, Luxembourg act under such rules and operating procedures only on behalf of their respective account holders, and have no record of or relationship with persons holding through their respective account holders.

The Issuer understands that under existing industry practices, if any of the Issuer or the Trustee requests any action of owners of Book-Entry Interests or if an owner of a Book-Entry Interest desires to give instructions or take any action that a holder is entitled to give or take under the Trust Deed or the Deed of Charge, Euroclear or Clearstream, Luxembourg as the case may be, would authorise the Participants owning the relevant Book-Entry Interests to give instructions or take such action, and such Participants would authorise Indirect Participants to give or take such action or would otherwise act upon the instructions of such Indirect Participants.

Redemption

In the event that any Global Note (or portion thereof) is redeemed, the Principal Paying Agent will deliver all amounts received by it in respect of the redemption of such Global Note to the nominee of the Common Safekeeper and, upon final payment, will surrender such Global Note

(or portion thereof) to or to the order of the Principal Paying Agent for cancellation. Appropriate entries will be made in the Register. The redemption price payable in connection with the redemption of Book-Entry Interests will be equal to the amount received by the Principal Paying Agent in connection with the redemption of the Global Note (or portion thereof) relating thereto. For any redemptions of the Global Note in part, selection of the relevant Book-Entry Interest relating thereto to be redeemed will be made by Euroclear or Clearstream, Luxembourg, as the case may be, on a *pro rata* basis (or on such basis as Euroclear or Clearstream, Luxembourg, as the case may be, deems fair and appropriate). Upon any redemption in part, the Principal Paying Agent will mark down the schedule to such Global Note by the principal amount so redeemed.

Cancellation

All Notes redeemed in full will be cancelled forthwith by the Issuer and may not be reissued or resold.

Transfers and Transfer Restrictions

All transfer of Book-Entry Interests will be recorded with the book-entry systems maintained by Euroclear or Clearstream, Luxembourg, as applicable, pursuant to the customary procedures established by each respective system and its Participants.

Beneficial interests in the Global Notes may be held only through Euroclear and Clearstream, Luxembourg. Neither the Global Notes nor any beneficial interest therein may be transferred except in compliance with the transfer restrictions set forth in the legend appearing in the Global Notes.

Settlement and transfer of notes

Subject to the rules and procedures of each applicable clearing system, purchases of notes held within a clearing system must be made by or through Participants, who will receive a credit for such notes on the clearing system's records. The ownership interest of each actual purchaser of each such note (the **beneficial owner**) will in turn be recorded on the Participant's records. Beneficial owners will not receive written confirmation from any clearing system of their purchase, but beneficial owners are expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the direct and indirect participant through which such beneficial owner entered into the transaction. Transfers of ownership interests in notes held within the clearing system will be effected by entries made on the books of Participants acting on behalf of beneficial owners. **Beneficial owners will not receive individual notes representing their ownership interests in such notes unless use of the book-entry system for the notes described in this section is discontinued.**

No clearing system has knowledge of the actual beneficial owners of the notes held within such clearing system and their records will reflect only the identity of the direct participants to whose accounts such notes are credited, which may or may not be the beneficial owners. Participants will remain responsible for keeping account of their holdings on behalf of their customers. Conveyance of notices and other communications by the clearing systems to direct participants, by direct participants to indirect participants, and by direct participants and indirect participants to beneficial owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

All transfers of Book-Entry Interests will be recorded in accordance with the book-entry systems maintained by Euroclear or Clearstream, Luxembourg, as applicable, pursuant to customary procedures established by each respective system and its Participants. See "*General*", above.

Issuance of Definitive Certificates

Holders of Book-Entry Interests in the Global Note will be entitled to receive certificates evidencing definitive notes in registered form (**Definitive Certificates**) in exchange for their respective holdings of Book-Entry Interests if: (i) both Euroclear and Clearstream, Luxembourg are closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or announce an intention permanently to cease business and do so cease to do business and no alternative clearing system satisfactory to the Trustee is available; or (ii) as a result of any amendment to, or change in, the laws or regulations of the United Kingdom (or of any political subdivision thereof) or of any authority therein or thereof having power to tax or in the interpretation or administration by a revenue authority or a court or in the administration of such laws or regulations which becomes effective on or after the Closing Date, the Issuer or any Paying Agent is or will be required to make any deduction or withholding from any payment in respect of the Notes which would not be required were the Notes in definitive form.

Any Definitive Certificates issued in exchange for Book-Entry Interests in a Global Note will be registered by the Registrar in such name or names as the Issuer shall instruct the Principal Paying Agent based on the instructions of Euroclear or Clearstream, Luxembourg. It is expected that such instructions will be based upon directions received by Euroclear or Clearstream, Luxembourg from their Participants with respect to ownership of the relevant Book-Entry Interests. Holders of Definitive Certificates issued in exchange for Book-Entry Interests in a Global Note, as the case may be, will not be entitled to exchange such Definitive Certificate, for Book-Entry Interests in a Global Note. Any Notes issued in definitive form will be issued in registered form only and will be subject to the provisions set forth under "Transfers and Transfer Restrictions" above provided that no transfer shall be registered for a period of 15 days immediately preceding any due date for payment in respect of the Note or, as the case may be, the due date for redemption. Definitive Certificates will not be issued in a denomination that is not an integral multiple of the Minimum Denomination or for any amount in excess thereof, in integral multiples of £1,000. As the Notes have a denomination consisting of the Minimum Denomination plus a higher integral multiple of another smaller amount, it is possible that the Notes may be traded in amounts in excess of £100,000 (or its equivalent) that are not integral multiples of £100,000 (or its equivalent). In such case a Noteholder who, as a result of trading such amounts, holds a principal amount of less than the Minimum Denomination may not receive a Definitive Certificate in respect of such holding (should Definitive Certificates be issued) and would need to purchase a principal amount of Notes such that its holding amounts to the Minimum Denomination.

Action in Respect of the Global Note and the Book-Entry Interests

Not later than ten days after receipt by the Issuer of any notices in respect of the Global Notes or any notice of solicitation of consents or requests for a waiver or other action by the holder of the Global Notes, the Issuer will deliver to Euroclear and Clearstream, Luxembourg a notice containing: (i) such information as is contained in such notice; (ii) a statement that at the close of business on a specified record date Euroclear and Clearstream, Luxembourg will be entitled to instruct the Issuer as to the consent, waiver or other action, if any, pertaining to the Book-Entry Interests or the Global Notes; and (iii) a statement as to the manner in which such instructions may be given. Upon the written request of Euroclear and Clearstream, Luxembourg, as applicable, the Issuer shall endeavour insofar as practicable to take such action regarding the requested consent, waiver or other action in respect of the Book-Entry Interests or the Global Notes in accordance with any instructions set forth in such request. Euroclear or Clearstream, Luxembourg are expected to follow the procedures described under "*General*" above, with respect to soliciting instructions from their respective Participants. The Registrar will not exercise any discretion in the granting of consents or waivers or the taking of any other action in respect of the Book-Entry Interests or the Global Notes.

Reports

The Issuer will send to Euroclear and Clearstream, Luxembourg a copy of any notices, reports and other communications received relating to the Issuer, the Global Note or the Book-Entry Interests. Any notice shall be deemed to have been duly given to the relevant Noteholders if sent to the clearing systems for communication by them to the holders of the relevant Class of A Notes and shall be deemed to be given on the date on which it was so sent and (so long as the relevant Notes are admitted to trading and listed on the Official List of Euronext Dublin) any notice shall also be published in accordance with the relevant guidelines of Euronext Dublin by a notification in writing to the Company Announcements Office of Euronext Dublin. See also Condition 22 (*Notices*) of the Notes.

New Safekeeping Structure and Eurosystem Eligibility

The Notes are intended to be held in a manner which would allow Eurosystem eligibility and will be deposited with one of the ICSDs as common safekeeper. However, the deposit of the Notes with one of the ICSDs as common safekeeper upon issuance or otherwise does not necessarily mean that the Notes will be recognised as eligible collateral for Eurosystem monetary policy and intraday credit operations by the Eurosystem at issuance or at any time during their life. Such recognition will depend upon the European Central Bank being satisfied that Eurosystem eligibility criteria have been met.

Issuer-ICSDs Agreement

Prior to the issuance of the Notes, the Issuer will enter into an Issuer-ICSDs Agreement with Euroclear Bank SA/NV and Clearstream Banking S.A. (the **ICSDs**) in respect of the Notes. The Issuer-ICSDs Agreement provides that the ICSDs will, in respect of any of the Notes (while being held in the new safekeeping structure), maintain their respective portion of the issue outstanding amount through their records. The Issuer-ICSDs Agreement will be governed by English law.

- (c) the Trustee shall not be bound to make the determination contained in Condition 14.3(b) unless the Trustee shall have been indemnified and/or secured and/or prefunded to its satisfaction against all Liabilities to which it may thereby become liable or which it may incur by so doing.

14.4 ***Third Party Rights:*** No person shall have any right to enforce any Condition or any provision of the Trust Deed under the Contracts (Rights of Third Parties) Act 1999.

15. **No action by Noteholders or any other Secured Creditor**

- 15.1 Only the Trustee may pursue the remedies available under the general law or under the Trust Documents to enforce the Security and no Noteholder or other Secured Creditor shall be entitled to proceed directly against the Issuer to enforce the Security. In particular, none of the Noteholders or any other Secured Creditor (nor any person on its or their behalf, other than the Trustee where appropriate) are entitled:
- (a) otherwise than as permitted by these Conditions, to direct the Trustee to enforce the Security or take any proceedings against the Issuer to enforce the Security;
 - (b) to take or join any person in taking any steps against the Issuer for the purpose of obtaining payment of any amount due by the Issuer to such Noteholders or any other Secured Creditors;

 - (d) to take or join in the taking of any steps or proceedings which would result in the Priority of Payments not being observed.

16. Meetings of Noteholders

- 16.1 **Convening:** The Trust Deed contains "*Provisions for Meetings of Noteholders*" for convening separate or combined meetings of Noteholders of any class to consider matters relating to the Notes, including the modification of any provision of these Conditions or the Trust Deed, which modification may be made if sanctioned by an Extraordinary Resolution.
- 16.2 **Separate and combined meetings:** The Trust Deed and the Deed of Charge provide that:
- (a) an Extraordinary Resolution which in the opinion of the Trustee affects the Notes of only one class shall be transacted at a separate meeting of the Noteholders of that class;
 - (b) an Extraordinary Resolution which in the opinion of the Trustee affects the Noteholders of more than one class of Notes but does not give rise to an actual or potential conflict of interest between the Noteholders of one class of Notes and the holders of another class of Notes shall be transacted either at separate meetings of the Noteholders of each such class or at a single meeting of the Noteholders of all such classes of Notes as the Trustee shall determine in its absolute discretion; and
 - (c) an Extraordinary Resolution which in the opinion of the Trustee affects the Noteholders of more than one class of Notes and gives rise to any actual or potential conflict of interest between the Noteholders of one class of Notes and the Noteholders of any other class of Notes shall be transacted at separate meetings of the Noteholders of each such class.
- 16.3 **Request from Noteholders:** A meeting of Noteholders of a particular class may be convened by the Trustee or the Issuer at any time and must be convened by the Trustee (subject to its being indemnified and/or secured and/or prefunded to its satisfaction) upon the request in writing of Noteholders of a particular class holding not less than 10% of the aggregate Principal Amount Outstanding of the outstanding Notes of that class.
- 16.4 **Quorum:** The quorum at any meeting convened to vote on:
- (a) an Extraordinary Resolution, other than regarding a Reserved Matter, relating to a meeting of a particular class or classes of the Notes will be one or more

persons holding or representing, in aggregate, a majority of the Principal Amount Outstanding of the outstanding Notes in that class or those classes or, at any adjourned meeting, one or more persons being or representing Noteholders of that class or those classes, whatever the Principal Amount Outstanding of the outstanding Notes so held or represented in such class or classes; and

- (b) an Extraordinary Resolution relating to a Reserved Matter (which must be proposed separately to each class of Noteholders) will be one or more persons holding or representing in aggregate 75% of the Principal Amount Outstanding of the outstanding Notes in the relevant class or classes or, at any adjourned meeting, one or more persons holding or representing not less than in aggregate 25% of the Principal Amount Outstanding of the outstanding Notes in the relevant class or classes.

16.5 ***Relationship between Classes:***

In relation to each class of Notes:

- (a) no Extraordinary Resolution involving a Reserved Matter that is passed by the holders of one class of Notes shall be effective unless it is sanctioned by an Extraordinary Resolution of the holders of the relevant affected Class of Notes (to the extent that there are outstanding Notes in each such other classes);
- (b) no Extraordinary Resolution to approve any matter other than a Reserved Matter of any class of Notes shall be effective unless it is sanctioned by an Extraordinary Resolution of the holders of the relevant affected Class of Notes ranking senior to such class (to the extent that there are outstanding Notes ranking senior to such class); and
- (c) any resolution passed at a Meeting of Noteholders of one or more classes of Notes duly convened and held in accordance with the Trust Deed shall be binding upon all Noteholders of such class or classes, whether or not present at such Meeting and whether or not voting and, except in the case of a meeting relating to a Reserved Matter, any resolution passed at a meeting of the holders of the Most Senior Class of Notes duly convened and held as aforesaid shall also be binding upon the holders of all the other classes of Notes.

16.6 ***Resolutions in writing or by Electronic Consents:*** A Written Resolution shall take effect as if it were an Extraordinary Resolution. Any resolution passed by way of Electronic Consents given by holders through the relevant clearing system(s) in accordance with these Conditions and the Trust Deed shall also be binding on the relevant Noteholders.

17. **Modification and Waiver**

17.1 ***Modification:*** the Trustee may at any time and from time to time, without the consent or sanction of the Noteholders or any other Secured Creditors, concur with the Issuer and any other relevant parties in making:

- (a) any modification to these Conditions, the Trust Documents, the Notes or the other Transaction Documents in relation to which its consent is required (other than in respect of a Reserved Matter or any provisions of the Trust Documents referred to in the definition of a Reserved Matter) which, in the opinion of the Trustee, will not be materially prejudicial to the holders of the Most Senior Class of outstanding Notes; or

- (b) any modification to these Conditions, the Trust Documents or the other Transaction Documents in relation to which its consent is required, if, in the opinion of the Trustee, such modification is of a formal, minor or technical nature or is made to correct a manifest error.

Any modifications made pursuant to this Condition 17.1 shall be notified by the Issuer (or the Cash Manager on its behalf) to the Interest Rate Swap Provider three Business Days prior to such modifications taking effect, provided that, the failure by the Issuer (or the Cash Manager on its behalf) to deliver such notice will not affect the validity of the modifications when effected, PROVIDED FURTHER THAT the prior written consent of the Interest Rate Swap Provider shall be required for modifications to Transaction Documents (i) to which the Interest Rate Swap Provider is a party; or (ii) which would have the effect of increasing the amount that the Interest Rate Swap Provider would reasonably be required to pay or decreasing the amount that the Interest Rate Swap Provider would receive if the Interest Rate Swap Provider were to replace itself as swap provider under the Interest Rate Swap Transaction than otherwise would have been the case prior to such amendment, or (iii) which would modify any of the Priority of Payments such that the Interest Rate Swap Provider would be further contractually subordinated to any Secured Creditor than otherwise would have been the case prior to such amendment. In circumstances where the consent of the Interest Rate Swap Provider is not required pursuant to (i), (ii) or (iii) above, the Issuer (or the Cash Manager on its behalf) shall certify as such in writing to the Trustee prior to the making of such amendment and the Trustee shall be entitled to rely absolutely of such certification without any liability to any person for so doing.

17.2 ***Additional Right of Modification:*** Notwithstanding the provisions of Condition 17.1 (*Modification*), the Trustee shall be obliged, without any consent or sanction of the Noteholders, or the receipt of consent from any of the Secured Creditors (other than those party to the Transaction Document being modified or which, as a result of such amendment, would be further contractually subordinated to any Secured Creditor than would otherwise have been the case prior to such amendment) to concur with the Issuer in making any modification (other than in respect of a Reserved Matter) to these Conditions or any other Transaction Document to which it is a party or in relation to which it holds security or enter into any new, supplemental or additional documents that the Issuer (in each case) considers necessary:

- (a) in order to enable the Issuer to comply with any requirements which apply to it under EMIR, subject to receipt by the Trustee of a certificate issued by the Issuer or the Cash Manager on behalf of the Issuer certifying to the Trustee the requested amendments are to be made solely for the purpose of enabling the Issuer to satisfy its requirements under EMIR and have been drafted solely to that effect and the Trustee shall be entitled to rely absolutely on such certification without any liability to any person for so doing; or
- (b) in order to allow the Issuer to open additional accounts with an additional account bank or to move the Issuer Accounts to be held with an alternative account bank with the Account Bank Rating, as applicable, provided that the Issuer or the Cash Manager has certified to the Trustee that (a) such action would not have an adverse effect on the then current ratings of the Class A Notes, and (b) if a new account bank agreement is entered into, such agreement will be entered into on substantially the same terms as the Account Bank Agreement provided further that if the Issuer or the Cash Manager determines that it is not practicable to agree terms substantially similar to those set out in the Account Bank Agreement with such replacement financial institution or institutions and the Issuer or the Cash Manager certifies in writing to the Trustee that the terms upon which it is proposed the replacement bank or financial institution will be appointed are reasonable commercial terms taking

into account the then prevailing current market conditions, whereupon a replacement agreement will be entered into on such reasonable commercial terms and the Trustee shall be entitled to rely absolutely on such certification without any liability to any person for so doing (notwithstanding that the fee payable to the replacement account bank may be higher or other terms may differ materially from those on which the previously appointed bank or financial institution agreed to act), or

- (c) for the purpose of complying with any changes in the requirements of (i) Article 6 of the Securitisation Regulation, or Section 15G of the Securities Exchange Act of 1934, as added by section 941 of the Dodd-Frank Wall Street Reform and Consumer Protection Act, after the Closing Date, including as a result of the adoption of Regulatory Technical Standards in relation to the Securitisation Regulation, (ii) the CRR Amendment Regulation or (iii) any other risk retention legislation or regulations or official guidance in relation thereto, provided that the Issuer (or the Cash Manager on its behalf) certifies to the Trustee in writing that such modification is required solely for such purpose and has been drafted solely to such effect;
- (d) for the purpose of enabling the Notes to comply with the requirements of the Securitisation Regulation, including relating to the treatment of the Notes as a simple, transparent and standardised securitisation, and any related regulatory technical standards authorised under the Securitisation Regulation provided that the Issuer (or the Cash Manager on its behalf) certifies to the Trustee in writing that such modification is required solely for such purpose and has been drafted solely to such effect;
- (e) for the purpose of enabling the Notes to be (or to remain) listed on the Stock Exchange, provided that the Issuer (or the Cash Manager on its behalf) certifies to the Trustee in writing that such modification is required solely for such purpose and has been drafted solely to such effect;
- (f) for the purposes of enabling the Issuer or any other person that is party to a Transaction Document (a **Transaction Party**) to comply with Sections 1471 through 1474 of the U.S. Internal Revenue Code of 1986 (the **Code**), any current or future regulations or official interpretations thereof, any agreement entered into pursuant to Section 1471(b) of the Code, or any fiscal or regulatory legislation, rules or practices adopted pursuant to any intergovernmental agreement entered into in connection with the implementation of such Sections of the Code (**FATCA**) (or any voluntary agreement entered into with a taxing authority in relation thereto), provided that the Issuer (or the Cash Manager on its behalf) or the relevant Transaction Party, as applicable, certifies to the Trustee in writing that such modification is required solely for such purpose and has been drafted solely to such effect;
- (g) for the purpose of complying with any changes in the requirements of the CRA Regulation after the Closing Date, including as a result of the adoption of regulatory technical standards in relation to the CRA Regulation or regulations or official guidance in relation thereto, provided that the Issuer certifies to the Note Trustee and the Security Trustee in writing that such modification is required solely for such purpose and has been drafted solely to such effect,

(the certificate to be provided by (i) the Issuer, (ii) the Cash Manager (on behalf of the Issuer) and/or (iii) the Relevant Party, as the case may be, pursuant to Conditions 12.5(a) to (h) being a **Modification Certificate**); or

- (h) for the purpose of complying with, or implementing or reflecting, any change in the criteria of one or more of the Rating Agencies which may be applicable from time to time, provided that in relation to any amendment under this Condition 17.2(h):
 - (i) the Issuer or the Cash Manager on behalf of the Issuer certifies in writing to the Trustee that such modification is necessary to comply with such criteria or, as the case may be, is solely to implement and reflect such criteria; and
 - (ii) in the case of any modification to a Transaction Document proposed by any of the Seller, the Servicer, the Interest Rate Swap Provider, the Account Bank, the Swap Collateral Account Bank in order (x) to remain eligible to perform its role in such capacity in conformity with such criteria and/or (y) to avoid taking action which it would otherwise be required to take to enable it to continue performing such role (including, without limitation, posting collateral or advancing funds):
 - (A) the Seller, the Servicer, the Interest Rate Swap Provider, the Account Bank and/or the Swap Collateral Account Bank, as the case may be, certifies in writing to the Issuer and the Trustee that such modification is necessary for the purposes described in paragraph (ii)(x) and/or (y) above (and in the case of a certification provided to the Issuer, the Issuer shall certify to the Trustee that it has received the same from the Seller, the Servicer, the Interest Rate Swap Provider, the Account Bank and/or the Swap Collateral Account Bank, as the case may be);
 - (B) either:
 - (I) the Seller, the Servicer, the Interest Rate Swap Provider, the Account Bank and/or the Swap Collateral Account Bank, as the case may be, obtains from each of the Rating Agencies written confirmation (or certifies in writing to the Issuer and the Trustee that it has been unable to obtain written confirmation, but has received oral confirmation from an appropriately authorised person at each of the Rating Agencies) that such modification would not result in a downgrade, withdrawal or suspension of the then current ratings assigned to the Class A Notes by such Rating Agency and would not result in any Rating Agency placing any Class A Notes on rating watch negative (or equivalent) and, if relevant, delivers a copy of each such confirmation to the Issuer and the Trustee; or
 - (II) the Issuer or the Cash Manager on behalf of the Issuer certifies in writing to the Trustee that the Rating Agencies have been informed of the proposed modification and none of the Rating Agencies has indicated that such modification would result in (x) a downgrade, withdrawal or suspension of the then current ratings assigned to any Class of the Notes by such Rating Agency or (y) such Rating Agency placing any Notes on rating watch negative (or equivalent); or

- (i) for the purpose of changing the base rate in respect of the Notes from SONIA to an alternative base rate (including where such base rate may remain linked to SONIA but may be calculated in a different manner) (any such base rate, an **Alternative Base Rate**) and make such other amendments to any of the Transaction Documents as are necessary or advisable in the reasonable judgement of the Issuer to facilitate such change or which are required as a consequence of adopting an Alternative Base Rate (a **Base Rate Modification**), provided that:
 - (i) The Cash Manager, on behalf of the Issuer, certifies to the Trustee in writing (such certificate, a **Base Rate Modification Certificate**) that:
 - (A) such Base Rate Modification is being undertaken due to:
 - (I) an alternative manner of calculating a SONIA-based base rate is introduced and is becoming a standard means of calculating interest for similar transactions;
 - (II) a material disruption to SONIA, an adverse change in the methodology of calculating SONIA or SONIA ceasing to exist or be published;
 - (III) the insolvency or cessation of business of the SONIA administrator (in circumstances where no successor SONIA administrator has been appointed);
 - (IV) a public statement by the SONIA administrator that it will cease publishing SONIA permanently or indefinitely (in circumstances where no successor SONIA administrator has been appointed that will continue publication of SONIA);
 - (V) a public statement by the supervisor of the SONIA administrator that SONIA has been or will be permanently or indefinitely discontinued or will be changed in an adverse manner;
 - (VI) a public statement by the supervisor of the SONIA administrator that means SONIA may no longer be used or that its use is subject to restrictions or adverse consequences; or
 - (VII) the reasonable expectation of the Cash Manager that any of the events specified in Condition 17.2(i)(i)(A)(I) to 17.2(i)(i)(A)(VI) will occur or exist within six months of the proposed effective date of such Base Rate Modification; and
 - (B) such Alternative Base Rate is:
 - (I) a base rate published, endorsed, approved or recognised by the Bank of England, any regulator in the United Kingdom or the European Union or any stock exchange on which the Notes are listed (or any relevant committee or other body established, sponsored or approved by any of the foregoing);

- (II) a base rate utilised in a material number of publicly-listed new issues of sterling-denominated asset-backed floating rate notes prior to the effective date of such Base Rate Modification;
- (III) a base rate utilised in a publicly-listed new issue of sterling-denominated asset-backed floating rate notes where the originator of the relevant assets is an affiliate of Principality Building Society; or
- (IV) such other base rate as the Cash Manager reasonably determines,

provided that:

- (A) at least 30 calendar days' prior written notice of any such proposed modification has been given to the Trustee and the Interest Rate Swap Provider;
- (B) the Modification Certificate or the Base Rate Modification Certificate in relation to such modification shall be provided to the Trustee both at the time the Trustee is notified of the proposed modification and on the date that such modification takes effect; and
- (C) the consent of each Secured Creditor which is party to the relevant Transaction Document or whose ranking in any Priority of Payments is affected has been obtained,

and provided further that, other than in the case of a modification pursuant to Condition 17.2(a) above and

- (A) other than in the case of a modification pursuant to Condition 17.2(h)(ii) above
 - (I) the Issuer or the Cash Manager (on behalf of the Issuer) obtains from each of the Rating Agencies a Ratings Confirmation; or
 - (II) the Issuer or the Cash Manager (on behalf of the Issuer) certifies in writing to the Trustee that the Rating Agencies have been informed of the proposed modification and none of the Rating Agencies has indicated within 30 days of being so informed that such modification would result in (x) a downgrade, withdrawal or suspension of the then current ratings assigned to the Class A Notes by such Rating Agency or (y) such Rating Agency placing the Class A Notes on rating watch negative (or equivalent); and
- (B) the Issuer certifies in writing to the Trustee that:
 - (I) the Issuer has provided at least 30 days' notice to the Noteholders of each Class of the proposed modification in accordance with Condition 22) and by publication on Bloomberg on the "Company News" screen relating to the Notes; and

- (II) Noteholders representing at least 10% of the aggregate Principal Amount Outstanding of the Most Senior Class of Notes then outstanding have not contacted the Issuer in writing (or otherwise in accordance with the then current practice of any applicable clearing system through which such Notes may be held) within such notification period notifying the Issuer that such Noteholders do not consent to the modification.

If Noteholders representing at least 10% of the aggregate Principal Amount Outstanding of the Most Senior Class of Notes then outstanding have notified the Issuer in writing (or otherwise in accordance with the then current practice of any applicable clearing system through which such Notes may be held) within the notification period referred to above that they do not consent to the modification, then such modification will not be made unless an Extraordinary Resolution of the Noteholders of the Most Senior Class of Notes then outstanding is passed in favour of such modification in accordance with Condition 16 (*Meetings of Noteholders*).

Objections made in writing other than through the applicable clearing system must be accompanied by evidence to the Issuer's satisfaction (having regard to prevailing market practices) of the relevant Noteholder's holding of the Notes.

Notwithstanding anything to the contrary in this Condition 17.2 (*Additional Right of Modification*), the prior written consent of the Interest Rate Swap Provider shall be required for any modifications to Transaction Documents made pursuant to this Condition 17.2 (*Additional Right of Modification*) if the modification (i) would have the effect of increasing the amount that the Interest Rate Swap Provider would reasonably be required to pay or decreasing the amount that the Interest Rate Swap Provider would receive if the Interest Rate Swap Provider were to replace itself as swap provider under the Interest Rate Swap Transaction than otherwise would have been the case prior to such amendment, or (ii) would modify any of the Priority of Payments such that the Interest Rate Swap Provider would be further contractually subordinated to any Secured Creditor than otherwise would have been the case prior to such amendment.

In circumstances where the consent of the Interest Rate Swap Provider is not required pursuant to (i) or (ii) above, the Issuer (or the Cash Manager on its behalf) shall certify as such in writing to the Trustee, prior to the making of such amendment and the Trustee shall be entitled to rely absolutely on such certification without any liability to any person for so doing. The Issuer (or the Cash Manager on its behalf) shall certify to the Trustee that any amendment to be made pursuant to this Condition 17.2 (*Additional Right of Modification*) will not result in any Secured Creditor who is not otherwise providing its consent to such amendment being further contractually subordinated to any other Secured Creditor and the Trustee shall be entitled to rely absolutely on such certification without any liability to any person for so doing.

Notwithstanding anything to the contrary in this Condition 17.2 (*Additional Right of Modification*) or any Transaction Document:

- (a) when implementing any modification pursuant to this Condition 17.2 (*Additional Right of Modification*) (save to the extent the Trustee considers that the proposed modification would constitute a Reserved Matter), the Trustee shall not consider the interests of the Noteholders, any other Secured Creditor or any other person and shall act and rely solely and without further investigation on any certificate or evidence provided to it by the Issuer (or the Cash Manager on behalf of the Issuer) or the relevant Transaction Party, as the case may be, pursuant to this Condition 17.2 (*Additional Right of Modification*)

and shall not be liable to the Noteholders, any other Secured Creditor or any other person for so acting or relying, irrespective of whether any such modification is or may be materially prejudicial to the interests of any such person;

- (b) the Trustee shall not be obliged to agree to any modification which, in the sole opinion of the Trustee would have the effect of (i) exposing the Trustee to any liability against which it has not been indemnified and/or secured and/or pre-funded to its satisfaction or (ii) increasing the obligations or duties, or decreasing the rights or protections, of the Trustee in the Transaction Documents and/or these Conditions; and
- (c) the Seller shall pay all costs and expenses (including legal fees) incurred by the Issuer and the Trustee or any other Transaction Party in connection with any modification made pursuant to this Condition 17.2.

Any such modification shall be binding on all Noteholders and shall be notified by the Issuer as soon as reasonably practicable to:

- (a) so long as any of the Notes rated by the Rating Agencies remains Outstanding, each Rating Agency;
- (b) the Secured Creditors; and
- (c) the Noteholders in accordance with Condition 22 (*Notices*).

- 17.3 **Waiver:** In addition, the Trustee may, without the consent of the Noteholders or any other Secured Creditor concur with the Issuer or any other relevant parties in authorising or waiving any proposed breach or breach of the covenants or provisions contained in the Trust Documents, the Notes or any of the other Transaction Documents (including an Event of Default or Potential Event of Default) if, in the opinion of the Trustee, the holders of the Most Senior Class of outstanding Notes will not be materially prejudiced by such waiver.
- 17.4 **Restriction on power to waive:** The Trustee shall not exercise any powers conferred upon it by Condition 17.2 (*Additional Right of Modification*) in contravention of any express direction by an Extraordinary Resolution of the holders of the Most Senior Class of outstanding Notes or of a request or direction in writing made by the holders of not less than 25% in aggregate Principal Amount Outstanding of the Most Senior Class of outstanding Notes, but so that no such direction or request (a) shall affect any authorisation, waiver or determination previously given or made or (b) shall authorise or waive any such proposed breach or breach relating to a Reserved Matter unless the holders of each class of outstanding Notes have, by Extraordinary Resolution, so authorised its exercise.
- 17.5 **Notification:** Unless the Trustee otherwise agrees, the Issuer shall cause any such authorisation, waiver, modification or determination to be notified to the Noteholders and the other Secured Creditors in accordance with the Notices Condition and the Transaction Documents, as soon as practicable after it has been made.
- 17.6 **Binding Nature:** Any authorisation, waiver, determination or modification referred to in Condition 17.1 (*Modification*), Condition 17.2 (*Additional Right of Modification*), or Condition 17.3 (*Waiver*) shall be binding on the Noteholders and the other Secured Creditors.
- 17.7 **New Secured Creditors:** Subject to the Issuer providing the certificate and obtaining the confirmations stipulated pursuant to Clause 15.5(c) (*New Secured Creditors*) of the Trust Deed (and set out below), the prior consent of the Trustee, the Noteholders and

the other Secured Creditors will not be required or obtained in relation to the accession of any new Secured Creditor (**New Secured Creditor**) pursuant to an accession undertaking in the Deed of Charge. Accordingly, each Secured Creditor (other than the Trustee, but including the Noteholders) shall be deemed to have consented to the admission of any company as a New Secured Creditor without the necessity for any approval by means of Extraordinary Resolution or otherwise of the Noteholders or for any other Secured Creditor who is party to any Transaction Document to concur in or consent to any deed admitting any New Secured Creditor. In addition, each other Secured Creditor is deemed to:

- (i) subject to the Issuer securing the confirmations set out in the Trust Deed, consent to any consequential changes to the Priority of Payments set out in the Cash Management Agreement and/or the Deed of Charge as are required and any other amendment to the Transaction Documents as may be required to give effect to the accession undertaking pursuant to the Deed of Charge, save to the extent that any such change or amendment results in an alteration to the ranking of any such Secured Creditor in which event such change or amendment shall not become effective without the prior written consent of such Secured Creditor; and
- (ii) agree that, upon the accession of any New Secured Creditor as provided above, any deed, agreement or other document to which such New Secured Creditor is a party shall be subject to the Security Interests set out in Clause 4 (*Creation of Fixed Security*) and Clause 5 (*Creation of Floating Charge*) of the Deed of Charge.

The Trustee, without seeking any approval by means of an Extraordinary Resolution or otherwise of the Noteholders, shall be obliged to concur in and to effect any modifications to the Transaction Documents that are required to accommodate the accession of a New Secured Creditor, provided that (i) it receives a certificate from the Issuer confirming that such modifications are made only in order to accommodate such accession and the Trustee shall not be required or entitled to look behind such certificate; and (ii) the modifications to the Transaction Documents would not have the effect of (a) exposing the Trustee to any Liability against which it has not been indemnified and/or secured and/or prefunded to its satisfaction or (b) increasing the obligations or duties (the entry into such new Transaction Document not being grounds which would constitute an increase in the obligations or duties of the Trustee, such determination being made based on the terms of that new Transaction Document), or decreasing the protections or rights, of the Trustee under the Transaction Documents and/or the Conditions.

The Issuer shall, in order to provide the certificate under the preceding paragraph to the Trustee, obtain the following confirmations: (i) the Interest Rate Swap Provider providing written confirmation to the Issuer consenting to such modification of those documents to which they are a party and (ii) the Issuer, (so long as the Seller is the Cash Manager), the Cash Manager or (following the date on which the Seller ceases to be the Cash Manager) the Corporate Services Provider, as the case may be, providing certification to the Issuer, in writing that such modifications are required in order to accommodate the addition of a New Secured Creditor.

18. Prescription

- 18.1 **Principal:** Claims for principal in respect of Notes shall become void where application for payment is made more than ten years after the due date therefor.
- 18.2 **Interest:** Claims for interest in respect of Notes, shall become void where application for payment is made more than five years after the due date therefor.

19. Replacement of Notes

If any Note is lost, stolen, mutilated, defaced or destroyed, it may be replaced at the Specified Office of the Principal Paying Agent, subject to all applicable laws, upon payment by the claimant of the expenses incurred in connection with such replacement and on such terms as to evidence, security, indemnity and otherwise as the Issuer may reasonably require. Mutilated or defaced Notes must be surrendered before replacements will be issued.

20. Trustee and Agents

20.1 ***Trustee's right to Indemnity***: Under the Transaction Documents, the Trustee is entitled to be indemnified and relieved from responsibility in certain circumstances and to be paid or reimbursed for any Liabilities incurred by it in priority to the claims of the Noteholders. In addition, the Trustee is entitled to enter into business transactions with the Issuer and any entity relating to the Issuer without accounting for any profit.

20.2 ***Trustee not responsible for loss or for monitoring***: The Trustee is not responsible for any loss, expense or Liability which may be suffered as a result of the Charged Property or any documents of title thereto being uninsured or inadequately insured or being held by or to the order of the Servicer or by any person on behalf of the Trustee (as applicable). The Trustee shall not be responsible for monitoring the compliance by any of the other Transaction Parties with their obligations under the Transaction Documents.

20.3 ***Regard to classes of Noteholders***: In the exercise of its rights, powers and discretions under these Conditions and the Trust Deed, the Trustee will:

- (a) have regard to the interests of each class of Noteholders as a class and will not be responsible for any consequence for individual Noteholders as a result of such holders being domiciled or resident in, or otherwise connected in any way with, or subject to the jurisdiction of, a particular territory or taxing jurisdiction; and
- (b) in the event of a conflict of interests of holders of different classes have regard only to the interests of the holders of the Most Senior Class of outstanding Notes and will not have regard to any lower ranking class of Notes nor, prior to the redemption in full of the Notes, to the interests of the other Secured Creditors except to ensure the application of the Issuer's funds after the delivery of an Enforcement Notice in accordance with the Post-Enforcement Priority of Payments.

20.4 ***Paying Agents solely agents of Issuer***: In acting under the Agency Agreement and in connection with the Notes, the Paying Agents act solely as agents of the Issuer and (to the extent provided therein) the Trustee and do not assume any obligations towards or relationship of agency or trust for or with any of the Noteholders.

20.5 ***Initial Paying Agents***: The Issuer reserves the right (with the prior written approval of the Trustee) to vary or terminate the appointment of any Agent (for, among other reasons, an Agent's failure to comply with FATCA) and to appoint a successor principal paying agent or agent bank and additional or successor paying agents at any time, having given not less than 30 days' notice to such Agent.

21. Substitution of Issuer

21.1 ***Substitution of Issuer***: The Trustee may, without the consent of the Noteholders or any other Secured Creditor, subject to:

- (a) the consent of the Issuer;

- (b) the approval of the Rating Agencies in relation thereto; and
- (c) such further conditions as are specified in the Trust Deed,

agree to the substitution of a Substituted Obligor in place of the Issuer as the principal debtor in respect of the Trust Documents, the Transaction Documents, the Notes and the Secured Amounts.

- 21.2 **Notice of Substitution of Issuer:** Not later than fourteen days after any substitution of the Issuer in accordance with this Condition, the Substituted Obligor shall cause notice of such substitution to be given to the Noteholders and the other Secured Creditors in accordance with the Notices Condition and the other relevant Transaction Documents.
- 21.3 **Change of Law:** In the case of a substitution pursuant to this Condition, the Trustee may in its absolute discretion agree, without the consent of the Noteholders or the other Secured Creditors to a change of the law governing the Notes and/or any of the Transaction Documents provided that such change would not, in the opinion of the Trustee, be materially prejudicial to the interests of the holders of the Most Senior Class of outstanding Notes, provided that the Rating Agencies are notified. For the avoidance of doubt, a Transaction Document cannot be amended without the agreement of all the parties thereto.
- 21.4 **No indemnity:** No Noteholder shall, in connection with any such substitution, be entitled to claim from the Issuer any indemnification or payment in respect of any tax consequence of any such substitution upon individual Noteholders.

22. Notices

- 22.1 **Valid Notices:** Any notice to Noteholders shall be validly given to the relevant Noteholders if sent to the clearing systems for communication by them to the holders of the relevant Class of Notes and shall be deemed to be given on the date on which it was so sent and (so long as the relevant Notes are admitted to trading and listed on the Official List of Euronext Dublin) any notice shall also be published in accordance with the relevant guidelines of Euronext Dublin by a notification in writing to the Company Announcements Office of Euronext Dublin, and by publication on Bloomberg on the "Company News" screen relating to the Notes where required pursuant to Condition 17.2.
- 22.2 **Date of publication:** Any notices so published shall be deemed to have been given on the date on which it was so sent or, as the case may be, on the date of such publication or, if published more than once or on different dates, on the first date on which publication shall have been made in the newspaper or newspapers in which publication is required or on the Relevant Screen or on the applicable date of delivery of the relevant notice to Euroclear and Clearstream, Luxembourg (as applicable).
- 22.3 **Other Methods:** The Trustee shall be at liberty to sanction some other method of giving notice to the Noteholders or to a class or category of them if, in its opinion, such other method is reasonable having regard to market practice then prevailing and to the requirements of the Stock Exchange on which the Notes are then listed and provided that notice of such other method is given to the Noteholders in such manner as the Trustee shall require.

23. Non-Responsive Rating Agency

- 23.1 In respect of the exercise of any right, power, duty, trust, authority or discretion as contemplated hereunder or in relation to the Notes and any of the Transaction Documents, the Trustee shall be entitled but not obliged to take into account any written confirmation or affirmation (in any form acceptable to the Trustee) from the relevant

Rating Agencies that the then current ratings of the Class A Notes will not be reduced, qualified, adversely affected or withdrawn thereby (a **Rating Agency Confirmation**).

- 23.2 If a Rating Agency Confirmation or other response by a Rating Agency is a condition to any action or step under any Transaction Document and a written request for such Rating Agency Confirmation or response is delivered to each Rating Agency by or on behalf of the Issuer (copied to the Trustee) and:
- (a) (I) one Rating Agency (such Rating Agency, a **Non-Responsive Rating Agency**) indicates that it does not consider such Rating Agency Confirmation or response necessary in the circumstances or that it does not, as a matter of practice or policy provide such Rating Agency Confirmation or response or (II) within 30 days of delivery of such request, no Rating Agency Confirmation or response is received and/or such request elicits no statement by such Rating Agency that such Rating Agency Confirmation or response could not be given; and
 - (b) one Rating Agency gives such Rating Agency Confirmation or response based on the same facts;

then such condition to receive a Rating Agency Confirmation or response from each Rating Agency shall be modified so that there shall be no requirement for the Rating Agency Confirmation or response from the Non-Responsive Rating Agency if the Cash Manager on behalf of the Issuer provides to the Trustee a certificate signed by two directors certifying and confirming that each of the events in paragraphs (a)(I) or (II) and (b) above has occurred, the Issuer having sent a written request to each Rating Agency and the Trustee shall be entitled to rely upon such certificate without liability to any person for so doing.

- 23.3 The Trustee shall be entitled to rely without Liability to any person on any certificate delivered to it in connection with a Non-Responsive Rating Agency pursuant to this Condition 23. The Trustee shall not be required to investigate any action taken by the Issuer or such Non-Responsive Rating Agency and shall treat the applicable condition or requirement to receive a Rating Agency Confirmation or response from each Rating Agency as having been modified with the consent of all Noteholders and all parties to the relevant Transaction Documents so that there shall be no requirement for such Rating Agency Confirmation or response from Non-Responsive Rating Agency.

24. **Governing Law and Jurisdiction**

- 24.1 **Governing law:** The Transaction Documents and the Notes and all non-contractual obligations arising from or connected with them are governed by, and shall be construed in accordance with, English law.
- 24.2 **Jurisdiction:** The Courts of England are to have exclusive jurisdiction to settle any disputes that may arise out of or in connection with the Notes and the Transaction Documents (including a dispute relating to non-contractual obligations or a dispute regarding the existence, validity or termination of any of the Notes or the Transaction Documents or the consequences of their nullity) and accordingly any legal action or proceedings arising out of or in connection with the Notes and/or the Transaction Documents may be brought in such Courts. The Issuer has in each of the Transaction Documents to which it is a party irrevocably submitted to the jurisdiction of such Courts.

TAX TREATMENT ON THE NOTES

United Kingdom Taxation

The following applies only to persons who are the beneficial owners of the Notes and is a summary of the Issuer's understanding of current United Kingdom law and published HM Revenue and Customs ("HMRC") practice relating only to United Kingdom withholding tax treatment of payments of interest (as that term is understood for United Kingdom tax purposes) in respect of Notes. It does not deal with any other United Kingdom taxation implications of acquiring, holding or disposing of the Notes. The United Kingdom tax treatment of prospective Noteholders depends on their individual circumstances and may be subject to change in the future (possibly with retrospective effect). Prospective Noteholders who may be subject to tax in a jurisdiction other than the United Kingdom or who may be unsure as to their tax position should seek their own professional advice.

Interest on the Notes

Payments of interest on the Notes may be made without deduction of or withholding on account of United Kingdom income tax provided that the Notes are and continue to be listed on a "recognised stock exchange" within the meaning of section 1005 of the Income Tax Act 2007. trading as Euronext Dublin is a recognised stock exchange for such purposes. The Notes will satisfy this requirement if they are officially listed in Ireland in accordance with provisions corresponding to those generally applicable in EEA states and are admitted to trading on the regulated market of Euronext Dublin. Provided, therefore, that the Notes are and remain so listed, interest on the Notes will be payable without withholding or deduction on account of United Kingdom income tax.

In other cases, an amount must generally be withheld from payments of interest on the Notes that has a United Kingdom source on account of United Kingdom income tax at the basic rate (currently 20%), subject to any available exemptions and reliefs. However, where an applicable double tax treaty provides for a lower rate of withholding tax (or for no tax to be withheld) in relation to a Noteholder, HMRC can issue a notice to the Issuer to pay interest to the Noteholder without deduction of tax (or for interest to be paid with tax deducted at the rate provided for in the relevant double tax treaty).

The above description of the United Kingdom withholding tax position assumes that there will be no substitution of the Issuer pursuant to Note Condition 21 (*Substitution of the Issuer*) or otherwise and does not consider the tax consequences of any such substitution.

Foreign Account Tax Compliance Act

Pursuant to certain provisions of the U.S. Internal Revenue Code of 1986, commonly known as FATCA, a "foreign financial institution" (as defined by FATCA) may be required to withhold on certain payments it makes ("foreign passthru payments") to persons that fail to meet certain certification, reporting or related requirements. The Issuer may be a foreign financial institution for these purposes. It is possible that payments of the debt securities may be subject to a withholding tax of 30% as a result of FATCA. A number of jurisdictions (including the United Kingdom) have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement FATCA ("IGAs"), which modify the way in which FATCA applies in their jurisdictions. Under the provisions of IGAs as currently in effect, a foreign financial institution in an IGA jurisdiction would generally not be required to withhold under FATCA or an IGA from payments that it makes. Certain aspects of the application of the FATCA provisions and IGAs to instruments such as Notes, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as Notes, are uncertain and may be subject to change. Even if withholding would be required pursuant to FATCA or an IGA with respect to payments on instruments such as Notes, such withholding would not apply prior to the date on which final regulations defining "foreign passthru payments" are filed with the U.S. Federal Register (the "FPP Filing Date"). Any Notes

that are characterised as debt (or which are not otherwise characterised as equity and have a fixed term) for U.S. federal tax purposes that are issued on or prior to the date that is six months after the FPP Filing Date generally would be "grandfathered" for purposes of FATCA withholding on foreign passthru payments unless materially modified after such date (including by reason of a substitution of the Issuer).

The UK has entered into an IGA with the U.S. relating to FATCA (the "**U.S.—UK IGA**"). Pursuant to the U.S.—UK IGA and applicable UK regulations implementing the U.S.—UK IGA, the Issuer may be required to comply with certain reporting requirements. The Noteholders therefore may be required to provide information and tax documentation regarding their identities, as well as that of their direct and indirect owners, and this information may be reported to the Commissioners for HMRC, and ultimately, the IRS. The Issuer intends to comply with any applicable reporting requirements pursuant to the U.S.—UK IGA and applicable UK regulations implementing the U.S.—UK IGA.

Noteholders should consult their own tax advisers regarding how these rules may apply to their investment in Notes. In the event any withholding would be required pursuant to FATCA or an IGA with respect to payments on the Notes, no person will be required to pay additional amounts as a result of the withholding.

SUBSCRIPTION AND SALE

Lloyds Bank Corporate Markets plc and HSBC Bank plc (together, the **Joint Arrangers**) have, pursuant to a subscription agreement dated on or about the date hereof amongst the Seller, the Joint Arrangers and the Issuer (the **Subscription Agreement**), agreed with the Issuer (subject to certain conditions) to purchase and pay for £350,000,000 of the Class A Notes at the issue price of 100% of the aggregate principal amount of the Class A Notes.

In the Subscription Agreement the Seller has covenanted that it will, *inter alia*, retain a material net economic interest of not less than 5% in the securitisation as required by the text of each of Article 6(1) of the Securitisation Regulation (which does not take into account any relevant corresponding national measures and each as interpreted and applied on the date hereof). As at the Closing Date, such retention requirement will be satisfied by Principality holding the first loss tranche in accordance with Article 6(3)(d) of the Securitisation Regulation (comprising the Class B Notes). Any change to the manner in which such interest is held will be notified to the Noteholders, provided that the Seller will not be in breach of such undertaking if the Seller fails to so comply due to events, actions or circumstances beyond the Seller's control. The information made available by the Seller pursuant to this undertaking can be viewed by Noteholders on the Seller's website at www.principality.co.uk. For the avoidance of doubt, this website and the contents thereof do not form part of this Prospectus.

Principality has undertaken to comply with the disclosure obligations under Article 7(e)(iii) of the Securitisation Regulation by confirming the risk retention of the Seller as contemplated by Article 6(1) of the Securitisation Regulation.

Except with the express written consent of the Seller in the form of a U.S. Risk Retention Consent and where such sale falls within the exemption provided by Section __.20 of the U.S. Risk Retention Rules, the Notes offered and sold by the Issuer may not be purchased by any person except for persons that are not Risk Retention U.S. Persons.

Principality has, pursuant to the Subscription Agreement, agreed with the Issuer (subject to certain conditions) to purchase and pay for 100% of the Class B Notes at the issue price of 100% of the aggregate principal amount of the Class B Notes as at the date hereof.

The Issuer has agreed to indemnify Principality and the Arrangers against certain liabilities and to pay certain costs and expenses in connection with the issue of the Notes.

No action has been taken by the Issuer, the Arrangers or Principality, which would or has been intended to permit a public offering of the Notes, or possession or distribution of this Prospectus or other offering material relating to the Notes, in any country or jurisdiction where action for that purpose is required.

This Prospectus does not constitute, and may not be used for the purpose of, an offer or a solicitation by anyone to subscribe for or purchase any of the Notes in or from any country or jurisdiction where such an offer or solicitation is not authorised or is unlawful.

United Kingdom

Principality and each of the Joint Arrangers has represented and agreed that:

- (a) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of section 21 of the FSMA) received by it in connection with the issue or sale of any notes in circumstances in which section 21(1) of the FSMA does not apply to the Issuer; and

- (b) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to the Notes in, from or otherwise involving the United Kingdom.

Principality has acknowledged that, save for having applied for the admission of the Notes to the Official List and admission to trading on Euronext Dublin, no further action has been or will be taken in any jurisdiction by the Arrangers or Principality that would, or is intended to, permit a public offering of the Notes, or possession or distribution of the Prospectus or any other offering material in relation to the Notes, in any country or jurisdiction where such further action for that purpose is required.

Principality and each of the Joint Arrangers has agreed that, except as permitted by the Subscription Agreement, it will not offer or sell the Notes as part of its distribution at any time or otherwise until 40 days after the later of the commencement of the offering of the Notes and the closing date within the United States or to, or for the account or benefit of, U.S. persons, and it will have sent to each affiliate or other dealer (if any) to which it sells Notes during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account of, U.S. persons.

- (e) at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive.

For the purposes of this provision, the expression **offer of Notes to the public** in relation to any Notes means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe for any Notes, as the same may be varied in Ireland by any measure implementing the Prospectus Directive in Ireland, and the expression **Prospectus Directive** means Directive 2010/73/EU (as amended), and includes any relevant implementing measure in Ireland.

Prohibition of Sales to EEA Retail Investors

Principality and each of the Joint Arrangers has represented and agreed that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Notes to any retail investor in the European Economic Area. For the purposes of this provision the expression "retail investor" means a person who is one (or more) of the following:

- (b) a customer within the meaning of Directive (EU) 2016/97 (as amended, the "**Insurance Distribution Directive**"), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II.

General

Principality and each of the Joint Arrangers has undertaken that it will not, directly or indirectly, offer or sell any Notes or have in its possession, distribute or publish any offering circular, prospectus, form of application, advertisement or other document or information in respect of the Notes in any country or jurisdiction except under circumstances that will, to the best of its knowledge and belief, result in compliance with any applicable laws and regulations and all offers and sales of Notes by it will be made on the same terms, save that the Arrangers do not accept any responsibility for Principality's compliance with U.S. Risk Retention Rules.
