Neither the delivery of this Prospectus nor any sale or allotment made in connection with the offering of the Notes shall, under any circumstances, create any implication or constitute a representation that there has been no change in the affairs of the Issuer or the Sellers or in the other information contained herein since the date hereof. The information contained in this Prospectus was obtained from the Issuer and the other sources identified herein, but no assurance can be given by the Note Trustee, the Security Trustee, the Joint Arrangers or the Joint Lead Managers as to the accuracy or completeness of such information. None of the Joint Arrangers, the Joint Lead Managers, the Note Trustee or the Security Trustee has separately verified the information contained herein. Accordingly, none of the Note Trustee, the Security Trustee, the Joint Arrangers or the Joint Lead Managers makes any representation, express or implied, or accepts any responsibility with respect to the accuracy or completeness of any of the information in this Prospectus. In making an investment decision, investors must rely on their own examination of the terms of this offering, including the merits and risks involved. The contents of this Prospectus should not be construed as providing legal, business, investment, accounting or tax advice. Each prospective investor should consult its own legal, business, accounting and tax advisers prior to making a decision to invest in the Notes.

This Prospectus does not constitute an offer of, or an invitation by or on behalf of, the Issuer, the Sellers, the Joint Lead Managers or the Joint Arrangers or any of them to subscribe for or purchase any of the Notes in any jurisdiction where such action would be unlawful and neither this Prospectus, nor any part thereof, may be used for or in connection with any offer to, or solicitation by, any person in any jurisdiction or in any circumstances in which such offer or solicitation is not authorised or to any person to whom it is unlawful to make such offer or solicitation.

Payments of interest and principal in respect of the Notes will be subject to any applicable withholding taxes without the Issuer or any other person being obliged to pay additional amounts therefor.

In this Prospectus all references to **pounds, sterling, GBP** and **£** are references to the lawful currency for the time being of the United Kingdom of Great Britain and Northern Ireland (the **United Kingdom** or **UK**). References in this Prospectus to **€**, **EUR** and **euro** are references to the single currency introduced at the third stage of European Economic and Monetary Union pursuant to the Treaty establishing the European Communities as amended from time to time.

### **Forward-Looking Statements**

Certain matters contained herein are forward-looking statements. Such statements appear in a number of places in this Prospectus, including with respect to assumptions on prepayment and certain other characteristics of the Loans, and reflect significant assumptions and subjective judgements by the Issuer that may not prove to be correct. Such statements may be identified by reference to a future period or periods

and the use of forward-looking terminology such as "may", "will", "could", "believes", "expects", "anticipates", "continues", "intends", "plans" or similar terms. Consequently, future results may differ from the Issuer's expectations due to a variety of factors, including (but not limited to) the economic environment and regulatory changes in the residential mortgage industry in the United Kingdom. Moreover, past financial performance should not be considered a reliable indicator of future performance and prospective purchasers of the Notes are cautioned that any such statements are not guarantees of performance and involve risks and uncertainties, many of which are beyond the control of the Issuer. Neither the Joint Arrangers nor the Joint Lead Managers has attempted to verify any such statements, nor does it make any representations, express or implied, with respect thereto. Prospective purchasers should therefore not place undue reliance on any of these forward-looking statements. None of the Issuer, the Joint Arrangers or the Joint Lead Managers assumes any obligation to update these forward-looking statements or to update the reasons for which actual results could differ materially from those anticipated in the forward-looking statements.

### **The Notes may not be a suitable investment for all investors**

Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor should:

- (a) have sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained in this Prospectus;
- (b) have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;
- (c) have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes with principal or interest payable in one or more currencies, or where the currency for principal or interest payments is different from the potential investor's currency;
- (d) understand thoroughly the terms of the Notes and be familiar with the behaviour of any relevant indices and financial markets; and
- (e) be able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

A potential investor should not invest in the Notes, which are complex financial instruments, unless it has the expertise (either alone or with a financial adviser) to evaluate how the Notes will perform under changing conditions, the resulting effects on the value of the Notes and the impact this investment will have on the potential investor's overall investment portfolio.

## **RISK FACTORS**

*The following is a description of the principal risks associated with an investment in the Notes. These risk factors are material to an investment in the Notes and in the Issuer. Prospective Noteholders should carefully read and consider all the information contained in this Prospectus, including the risk factors set out in this section, prior to making any investment decision.*

### ***Liabilities Under the Notes***

The Notes will not be obligations of, or the responsibility of, or guaranteed by, any person other than the Issuer. No liability whatsoever in respect of any failure by the Issuer to pay any amount due under the Notes shall be accepted by any of the Sellers, the Interest Rate Swap Provider, the Joint Arrangers, the Joint Lead Managers, the Servicer, the Cash Manager, the Account Bank, the Principal Paying Agent, any other Paying Agent, the Agent Bank, the Class Z VFN Registrar, the Note Trustee, the Security Trustee, any company in the same group of companies as such entities, any other party to the Transaction Documents or by any person other than the Issuer.

### ***Limited Source of Funds***

The ability of the Issuer to meet its obligations to pay principal and interest on the Notes and its operating and administrative expenses will be dependent solely on receipts from the Loans in the Portfolio, interest earned on the Bank Accounts, amounts standing to the credit of the General Reserve Fund, the Liquidity Reserve Fund (if established) and the receipts under the Interest Rate Swap Agreement. Other than the foregoing, the Issuer is not expected to have any other funds available to it to meet its obligations under the Notes and/or any other payment obligation ranking in priority to, or *pari passu* with, the Notes under the applicable Priority of Payments. If such funds are insufficient, any such insufficiency will be borne by the Noteholders and the other Secured Creditors, subject to the applicable Priority of Payments. The recourse of the Noteholders to the Charged Assets following service of a Note Acceleration Notice is described below (see further "*English law security and insolvency considerations*").

### ***Considerations Relating to Yield, Prepayments, Mandatory Redemption and Optional Redemption***

The yield to maturity of the Class A Notes will depend on, *inter alia*, the amount and timing of payment of principal and interest on the Loans and the price paid by the holders of the Notes of each Class. Prepayments on the Loans may result from refinancing, sales of Properties by Borrowers voluntarily or as a result of enforcement proceedings under the relevant Mortgages, as well as the receipt of proceeds under the insurance policies. In addition, repurchases of Loans required to be made under the Mortgage Sale Agreements will have the same effect as a prepayment of such Loans. The yield to maturity of the Notes of any Class may be adversely affected by, amongst other things, a higher or lower than anticipated rate of prepayments on the Loans, whether Borrowers elect to make any underpayments on their Loans and the amount of Substitute Loans substituted into the Portfolio as consideration or part consideration for a repurchase.

The rate of prepayment of Loans is influenced by a wide variety of economic, social and other factors, including prevailing mortgage market interest rates, the availability of alternative financing programmes, the competitiveness of replacement products, the impact of whether a Loan imposes an early repayment charge on a Borrower, the end of any incentive periods which a particular Borrower may currently be on, local and regional economic conditions and homeowner mobility. Generally, when market interest rates increase, borrowers are less likely to prepay their mortgage loans, while conversely, when market interest rates decrease, borrowers are generally more likely to prepay their mortgage loans. For instance, borrowers may prepay mortgage loans when they refinance their loans or sell their properties (either voluntarily or as a result of enforcement action taken). In addition, if either of the Sellers are required to repurchase a Loan or

Loans under a Mortgage Account and their Related Security because, for example, one of the Loans does not comply with the Loan Warranties, then the payment received by the Issuer will have the same effect as a prepayment of all the Loans under that Mortgage Account. Because these and other relevant factors are not within the control of the Issuer, no assurance can be given as to the level of prepayments that the Portfolio will experience.

Payments and prepayments of principal on the Loans will be applied to reduce the Principal Amount Outstanding of the Notes on a pass-through basis on each Interest Payment Date in accordance with the Pre-Acceleration Principal Priority of Payments (see "*Cashflows*" below) (to the extent not used to credit the Liquidity Reserve Fund, if established) or used to fund a Revenue Deficiency.

At any time on or after the Interest Payment Date (i) falling in November 2016 or (ii) on which the aggregate Principal Amount Outstanding of the Class A Notes is equal to or less than 10 per cent. of the aggregate Principal Amount Outstanding of all the Class A Notes on the Closing Date, the Issuer may, subject to certain conditions, redeem all of the Class A Notes. In addition, the Issuer may, subject to the Conditions, redeem all of the Notes if a change in tax law results in the Issuer or the Interest Rate Swap Provider being required to make a deduction or withholding for or on account of tax. This may adversely affect the yield to maturity on the Class A Notes.

Following the occurrence of an Event of Default, service of a Note Acceleration Notice and enforcement of the Security, there is no assurance that the Issuer will have sufficient funds to redeem the Notes in full.

***Continuing decline in house prices may adversely affect the performance and market value of your Notes***

The value of the Related Security in respect of the Loans may be affected by, among other things, a decline in the residential property values in the United Kingdom. If the residential property market in the United Kingdom should experience an overall decline in property values, such a decline could in certain circumstances result in the value of the Related Security being significantly reduced and, in the event that the Related Security is required to be enforced, may result in an adverse effect on payments on the Notes.

The Issuer cannot guarantee that the value of a property will remain at the same level as on the date of origination of the related Loan. The recent downturn in the United Kingdom economy has had a negative effect on the housing market. The fall in property prices resulting from the deterioration in the housing market could result in losses being incurred by lenders where the net recovery proceeds are insufficient to redeem the outstanding loan. If the value of the Security backing the Loans is reduced this may ultimately result in losses to Noteholders if the Security is required to be enforced and the resulting proceeds are insufficient to make payments on all Notes.

Borrowers may have insufficient equity to refinance their Loans with lenders other than the Sellers and may have insufficient resources to pay amounts in respect of their Loans as and when they fall due. This could lead to higher delinquency rates and losses which in turn may adversely affect payments on the Notes.

***Characteristics of the Portfolio***

The information in the section headed "*Characteristics of the Portfolio*" has been extracted from the systems of the Sellers as at the Cut-Off Date. The Portfolio will be randomly selected from the Cut-Off Date Portfolio. The Cut-Off Date Portfolio comprises 11,977 Loans with a current balance of £1,120,888,413. The characteristics of the Portfolio as at the Closing Date will vary from those set out in the tables in this Prospectus as a result of, *inter alia*, repayments and redemptions of loans prior to the Closing Date. Neither the Sellers nor the Servicer have provided any assurance that there will be no material change in the characteristics of the Cut-Off Date Portfolio and the Portfolio, or the characteristics of the Cut-Off Date Portfolio between the Cut-Off Date and the Closing Date.

### ***Geographic Concentration Risks***

Loans in the Portfolio may also be subject to geographic concentration risks within certain regions of the United Kingdom. To the extent that specific geographic regions within the United Kingdom have experienced or may experience in the future weaker regional economic conditions and housing markets than other regions in the United Kingdom, a concentration of the Loans in such a region may be expected to exacerbate the risks relating to the Loans described in this section. Certain geographic regions within the United Kingdom rely on different types of industries. Any downturn in a local economy or particular industry may adversely affect the regional employment levels and consequently the repayment ability of the Borrowers in that region or the region that relies most heavily on that industry. Any natural disasters in a particular region may reduce the value of affected Properties. This may result in a loss being incurred upon sale of the Property. These circumstances could affect receipts on the Loans and ultimately result in losses on the Notes.

For an overview of the geographical distribution of the Loans as at the Cut-Off Date, see "*Characteristics of the Portfolio — Geographical Spread Distribution*".

### ***Limited Secondary Market for Loans***

The ability of the Issuer to redeem all of the Notes in full, including following the occurrence of an Event of Default (as defined in the Conditions) in relation to the Notes while any of the Loans are still outstanding, may depend upon whether the Loans can be realised to obtain an amount sufficient to redeem the Notes. There is not, at present, an active and liquid secondary market for mortgage loans of this type in the United Kingdom. There can be no assurance that a secondary market for the Loans will develop or, if a secondary market does develop, that it will provide sufficient liquidity of investment for the Loans to be realised or that if it does develop it will continue for the life of the Notes. The Issuer, and following the occurrence of an Event of Default, the Trustee, may not, therefore, be able to sell the Mortgages for an amount sufficient to discharge amounts due to the Secured Creditors (including the Noteholders) in full should they be required to do so.

### ***Subordination of the Class Z VFN***

The Class Z VFN is subordinated in right of payment of interest and principal to the Class A Notes. There is no assurance that the subordination of the Class Z VFN will protect the holders of Class A Notes and Class Z VFN (as appropriate) from all risk of loss.

### ***Deferral of Interest Payments on the Class Z VFN***

If, on any Interest Payment Date whilst any of the Class A Notes remain outstanding, the Issuer has insufficient funds to make payment in full of all amounts of interest (including any accrued interest thereon) payable in respect of the Class Z VFN after having paid or provided for items of higher priority in the Pre-Acceleration Revenue Priority of Payments, then the Issuer will be entitled under Condition 16 (*Subordination by Deferral*) to defer payment of that amount (to the extent of the insufficiency) until the following Interest Payment Date or such earlier date as interest in respect of the Class Z VFN becomes immediately due and repayable in accordance with the Conditions. Such deferral will not constitute an Event of Default. If there are no Class A Notes then outstanding, the Issuer will not be entitled, under Condition 16 (*Subordination by Deferral*), to defer payments of interest in respect of the Class Z VFN.

Failure to pay interest on the Class A Notes (or on the Class Z VFN outstanding where the Class A Notes have been redeemed in full) shall constitute an Event of Default under the Notes which may result in the Security Trustee enforcing the Security.

### ***Absence of secondary market***

No assurance is provided that there is an active and liquid secondary market for the Class A Notes, and no assurance is provided that a secondary market for the Class A Notes will develop. £800,000,000 of the Class A Notes will be sold to third-party investors. Therefore, the secondary market for the Class A Notes will be less liquid than if the entire Class A Notes issuance was sold to third-party investors. None of the Class A Notes have been, or will be, registered under the Securities Act or any other applicable securities laws and they are subject to certain restrictions on the resale and other transfer thereof as set forth under "*Subscription and Sale*" and "*Transfer Restrictions and Investor Representations*". To the extent that a secondary market exists or develops, it may not continue for the life of the Class A Notes or it may not provide Class A Noteholders with liquidity of investment with the result that a Class A Noteholder may not be able to find a buyer to buy its Class A Notes readily or at prices that will enable the Class A Noteholder to realise a desired yield. Any investor in the Class A Notes must be prepared to hold their Class A Notes until their Final Maturity Date.

### ***Lack of liquidity in the secondary market may adversely affect the market value of the Notes***

As at the date of this Prospectus, the secondary market for mortgage-backed securities is continuing to experience significant disruptions resulting from reduced investor demand for such securities. At times, this has had a material adverse impact on the market value of mortgage-backed securities and resulted in the secondary market for mortgage-backed securities similar to the Notes experiencing limited liquidity. Limited liquidity in the secondary market may continue to have an adverse effect on the market value of mortgage-backed securities, especially those securities that are more sensitive to prepayment, credit or interest rate risk and those securities that have been structured to meet the requirements of limited categories of investors. It is not known for how long these market conditions will continue or whether they will worsen.

Whilst central bank schemes such as the Bank of England's Discount Window Facility which was launched in October 2008 and the European Central Bank liquidity scheme provide an important source of liquidity in respect of eligible securities, recent restrictions in respect of the relevant eligibility criteria for eligible collateral which applies and will apply in the future under such facilities are likely to adversely impact secondary market liquidity for mortgage-backed securities in general, regardless of whether the Notes are eligible securities. It is intended that the Notes will comprise eligible collateral for the funding programmes established by the Bank of England. However there can be no assurance that the Notes will remain eligible for such programmes in the future. Amongst other things, as part of the current eligibility criteria, the Cash Manager will on behalf of the Issuer comply with the current reporting requirements of the Bank of England as at the date of this Prospectus relating to the provision of information in relation to the Notes including, *inter alia*, certain aggregated loan data in relation to the Portfolio. If the Cash Manager on behalf of the Issuer is unable to comply with the current reporting requirements of the Bank of England following the date of this Prospectus then the Notes will no longer comprise eligible collateral for the funding programmes established by the Bank of England. If, for this, or any other reason, the Notes are no longer eligible collateral, the secondary market liquidity for the Notes is likely to be adversely impacted.

### ***Economic conditions in the Eurozone***

Concerns relating to credit risk (including that of sovereigns and of those entities which have exposure to sovereigns) have recently intensified. In particular, concerns have been raised with respect to current economic, monetary and political conditions in the Eurozone. If such concerns persist and/or such conditions further deteriorate (including as may be demonstrated by any relevant credit rating agency action, any default or restructuring of indebtedness by one or more states or institutions and/or any changes to, including any break up of, the Eurozone), then these matters may cause further severe stress in the financial system generally and/or may adversely affect the Issuer, one or more of the other parties to the Transaction Documents (including the Sellers, the Servicer and/or the Interest Rate Swap Provider) and/or any borrower in respect of the Loans. Given the current uncertainty and the range of possible outcomes, no assurance can

be given as to the impact of any of the matters described above and, in particular, no assurance can be given that such matters would not adversely affect the rights of the Noteholders, the market value of the Notes and/or the ability of the Issuer to satisfy its obligations under the Notes.

***Increases in prevailing market interest rates may adversely affect the performance and market value of the Notes***

Borrowers seeking to avoid increased monthly payments (caused by, for example, the expiry of an initial fixed rate or low introductory rate, or a rise in the related mortgage interest rates) by refinancing their mortgage loans may no longer be able to find available replacement loans at comparably low interest rates. Any decline in housing prices may also leave borrowers with insufficient equity in their homes to permit them to refinance. Furthermore, where the reversionary rate is the current Standard Variable Mortgage Rate, in the Sellers' mortgage terms, the reversionary rate for Borrowers reaching the end of their fixed periods may be lower than prevailing market rates. This would mean that it is less likely that they will refinance. These events, alone or in combination, may contribute to higher delinquency rates, slower prepayment spreads and higher losses which could have an adverse effect on the Issuer's ability to make payments under the Notes.

***Home Owner and Debtor Protection (Scotland) Act 2010***

The Home Owner and Debtor Protection (Scotland) Act 2010 (the **2010 Act**), Part 1 of which came into effect on 30 September 2010, contains provisions imposing additional requirements on heritable creditors (the Scottish equivalent to mortgagees) in relation to the enforcement of standard securities over residential property in Scotland. The 2010 Act amends the Conveyancing and Feudal Reform (Scotland) Act 1970, which previously permitted a heritable creditor to proceed to sell the secured property where the formal notice calling up the standard security had expired without challenge (or where a challenge had been made but not upheld). In terms of the 2010 Act, the heritable creditor will now have to obtain a court order to exercise its power of sale, unless the borrower and any additional occupiers have surrendered the property voluntarily. In addition, the 2010 Act requires the heritable creditor in applying for a court order to demonstrate that it has taken various preliminary steps to attempt to resolve the borrower's position, as well as imposing further procedural requirements. This may restrict the ability of the Sellers as heritable creditors of the Scottish Mortgages to exercise their respective power of sale and this could affect the ability of the Issuer to make payments to the Noteholders.

***Risks relating to the Banking Act 2009***

The Banking Act 2009 (the **Banking Act**), which came into effect on 21 February 2009, includes (amongst other things) provision for a special resolution regime pursuant to which specified UK authorities have extended tools to deal with the failure (or likely failure) of a UK bank or building society. In particular, in respect of UK banks, such tools include share and property transfer powers (including powers for partial property transfers), certain ancillary powers (including powers to modify certain contractual arrangements in certain circumstances) and two new special insolvency procedures which may be commenced by UK authorities (i.e. bank insolvency and bank administration). In respect of UK building societies, the relevant tools include (i) modified property transfer powers which also refer to cancellation of shares and conferring rights and liabilities in place of such shares and (ii) in place of the share transfer powers, a public ownership tool which may involve (amongst other things) arranging for deferred shares in a building society to be publicly owned, cancellation of private membership rights and the eventual winding up or dissolution of the building society. The special insolvency proceedings contemplated by the Banking Act apply (with modifications) to building societies. It is possible that the extended tools described above could be used prior to the point at which an application for insolvency proceedings with respect to a relevant entity could be made.

In general, the Banking Act requires the UK authorities to have regard to specified objectives in exercising the powers provided for by the Banking Act. One of the objectives (which is required to be balanced as

appropriate with the other specified objectives) refers to the protection and enhancement of the stability of the financial systems of the United Kingdom. The Banking Act includes provisions related to compensation in respect of transfer instruments and orders made under it. In general, there is considerable uncertainty about the scope of the powers afforded to UK authorities under the Banking Act and how the UK authorities may choose to exercise them.

If an instrument or order were to be made under the Banking Act in respect of CBS and/or HSBC Bank plc, such instrument or order may (amongst other things) affect the ability of such entities to satisfy their obligations under the Transaction Documents and/or result in modifications to such documents. In particular, modifications may be made pursuant to powers permitting certain trust arrangements to be removed or modified (such as a Scottish declaration of trust) and/or via powers which permit provision to be included in an instrument or order such that the relevant instrument or order (and certain related events) is required to be disregarded in determining whether certain widely defined "default events" have occurred (which events would include certain trigger events included in the Transaction Documents in respect of the relevant entity, including termination events) and (in the case of CBS in its capacity as a Seller) trigger events in respect of perfection of legal title to the Loans. As a result, the making of an instrument or order in respect of CBS and/or HSBC Bank plc may affect the ability of the Issuer to meet its obligations in respect of the Notes. While there is provision for compensation in certain circumstances under the Banking Act, there can be no assurance that Noteholders would recover compensation promptly and equal to any loss actually incurred.

At present, the UK authorities have not made an instrument or order under the Banking Act in respect of the entities referred to above and there has been no indication that they will make any such instrument or order, but there can be no assurance that this will not change and/or that Noteholders will not be adversely affected by any such instrument or order if made.

### ***Ratings of the Class A Notes and confirmation of ratings***

The ratings assigned to the Class A Notes by each Rating Agency are based, amongst other things, on the terms of the Transaction Documents and other relevant structural features of this transaction, including (but not limited to) the short-term and/or long-term unsecured, unguaranteed and unsubordinated debt ratings of the Interest Rate Swap Provider, the Servicer and the Account Bank and a credit assessment of the Loans and reflect only the views of the Rating Agencies. The ratings address the likelihood of full and timely payment to the Class A Noteholders of all payments of interest on each Interest Payment Date and ultimate payment of principal on the Final Maturity Date of each sub-class of Notes. The Class Z VFN will not be rated by the Rating Agencies.

The expected ratings of the Class A Notes assigned on the Closing Date are set out in "*Ratings*", below. A rating is not a recommendation to buy, sell or hold securities and may be subject to revision, suspension or withdrawal at any time by the assigning rating organisation if, in its judgement, circumstances (including without limitation, a reduction in the credit rating of the Interest Rate Swap Provider and/or the Account Bank in the future) so warrant. See also "*Change of Counterparties*" below.

There is no assurance that any such ratings will continue for any period of time or that they will not be reviewed, revised, suspended or withdrawn entirely by the Rating Agencies as a result of changes in or unavailability of information or if, in the judgement of the Rating Agencies, circumstances so warrant. A qualification, downgrade or withdrawal of any of the ratings mentioned above may impact upon the value of the Class A Notes.

Agencies other than the Rating Agencies could seek to rate the Class A Notes and, if such unsolicited ratings are lower than the comparable ratings assigned to the Class A Notes by the Rating Agencies, those shadow ratings could have an adverse effect on the value of the Class A Notes. For the avoidance of doubt and unless the context otherwise requires, any references to **ratings** or **rating** in this Prospectus are to ratings assigned by the specified Rating Agency only.

### ***Conflict between Noteholders***

The Trust Deed and the Deed of Charge contain provisions requiring the Note Trustee to have regard to the interests of the Class A Noteholders and the Class Z VFN Holder equally as regards all powers, trusts, authorities, duties and discretions of the Note Trustee (except where expressly provided otherwise).

If, in the Note Trustee's opinion, however, there is or may be a conflict between the interests of the Class A Noteholders (for so long as there are any Class A Notes outstanding) on one hand and the interests of the Class Z VFN Holder on the other hand, then the Note Trustee is required to have regard only to the interests of the Class A Noteholders.

CBS will purchase a portion of the Class A Notes (see "*Subscription and Sale*" below). Neither of the Sellers will have any voting rights in respect of any Notes (unless the Sellers hold all of the Relevant Class of Notes).

In addition, CBS may, on or after the Closing Date, enter into Securities Lending Transactions with various counterparties (including, without limitation, the Joint Lead Managers or one or more affiliates of the Joint Lead Managers) in respect of a portion of the Class A Notes that CBS will purchase on the Closing Date. Any securities lending counterparty will be entitled to exercise its voting rights in respect of the Class A Notes held by it pursuant to that Securities Lending Transaction in accordance with the Conditions of the Notes.

### ***Conflict Between Noteholders and other Secured Creditors***

So long as any of the Notes are outstanding, neither the Note Trustee nor the Security Trustee shall have regard to the interests of the other Secured Creditors, subject to the provisions of the Trust Deed and Condition 12.4.

CBS also acts in various capacities in the transaction, including as Servicer and Cash Manager. Actual or potential conflicts may arise between the interests of such entities and the interests of the Issuer and the Noteholders.

### ***Certain material interests***

Certain of the Joint Arrangers, Joint Lead Managers and their respective affiliates and certain other transaction parties, such as the Agents and/or their affiliates or affiliates of the Note Trustee or the Security Trustee, have engaged, and may in the future engage, in investment banking and/or commercial banking transactions with, and may perform services for the CBS Group. The Royal Bank of Scotland plc (**RBS**) and J.P. Morgan Securities Ltd. (**JPMSL**) are acting as Joint Arrangers and Joint Lead Managers. Other parties to the transaction may also perform multiple roles, including CBS, who will act as Servicer, Cash Manager and Interest Rate Swap Provider.

Nothing in the Transaction Documents shall prevent any of the parties to the Transaction Documents from rendering services similar to those provided for in the Transaction Documents to other persons, firms or companies or from carrying on any business similar to or in competition with the business of any of the parties to the Transaction Documents.

Accordingly, conflicts of interest may exist or may arise as a result of parties to this transaction:

- (a) having previously engaged or in the future engaging in transactions with other parties to the transaction;
- (b) having multiple roles in this transaction; and/or

- (c) carrying out other transactions for third parties.

### ***Meetings of Noteholders, Modification and Waivers***

The Conditions contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

The Conditions also provide that the Note Trustee may agree, without the consent of the Noteholders or the other Secured Creditors (provided that the written consent of the Secured Creditors which are a party to the relevant Transaction Document will be obtained), to (i) other than in respect of a Basic Terms Modification, any modification of, or the waiver or authorisation of, any breach or proposed breach of, the Conditions of the Notes or any of the Transaction Documents which is not, in the opinion of the Note Trustee, materially prejudicial to the interests of the Noteholders or (ii) any modification which, in the Note Trustee's opinion, is of a formal, minor or technical nature or to correct a manifest error. In certain circumstances, a failure by the Issuer to obtain the consent of the Interest Rate Swap Provider in respect of amendments to the Transaction Documents may result in the termination of the Interest Rate Swap Agreement. The Note Trustee may also, without the consent of the Noteholders, if it is of the opinion that such determination will not be materially prejudicial to the interests of the Noteholders, determine that an Event of Default shall not, or shall not subject to specified conditions, be treated as such. See "*Terms and Conditions of the Notes – Condition 12 (Meetings of Noteholders, Modification, Waiver)*" below.

### ***The Note Trustee and the Security Trustee are not obliged to act in certain circumstances***

Upon the occurrence of an Event of Default, the Note Trustee in its absolute discretion may, and if so directed in writing by the holders of not less than 25 per cent. in aggregate Principal Amount Outstanding of the Class A Notes then outstanding or if so directed by an Extraordinary Resolution of the Class A Noteholders shall (subject, in each case, to being indemnified and/or secured and/or prefunded to its satisfaction), give a Note Acceleration Notice to the Issuer that all classes of the Notes are immediately due and repayable at their respective Principal Amounts Outstanding, together with Accrued Interest as provided in the Trust Deed.

So long as no Class A Notes remain outstanding, upon the occurrence of an Event of Default, the Note Trustee shall, if so directed in writing by the holders of the Class Z VFN, where no Class A Notes remain outstanding (subject to being indemnified and/or secured and/or prefunded to its satisfaction), give a Note Acceleration Notice to the Issuer that all classes of the Notes are immediately due and repayable at their respective Principal Amounts Outstanding, together with Accrued Interest as provided in the Trust Deed.

Each of the Note Trustee and the Security Trustee may, at any time, at their discretion and without notice, take such proceedings, actions or steps against the Issuer or any other party to any of the Transaction Documents as it may think fit to enforce the provisions of (in the case of the Note Trustee) the Notes or the Trust Deed (including the Conditions) or (in the case of the Security Trustee, for so long as any Notes remain outstanding, acting on the direction of the Note Trustee) the Deed of Charge or (in either case) of the other Transaction Documents to which it is a party and at any time after the service of a Note Acceleration Notice, the Note Trustee may, at its discretion and without notice, direct the Security Trustee to take such steps as it may think fit to enforce the Security. However, neither the Note Trustee nor the Security Trustee shall be bound to take any such proceedings or any actions or steps (including, but not limited to, the giving of a Note Acceleration Notice in accordance with Condition 10 (*Events of Default*)) unless:

- (a) it shall have been directed to do so by an Extraordinary Resolution of the Class A Noteholders (or, for so long as no Class A Notes remain outstanding, it has been directed to do so by the sole Class

Z VFN Holder or the holders of all of the Class Z VFN) or in writing by the holders of at least 25 per cent. in Principal Amount Outstanding of the Class A Notes then outstanding; and

(b) it shall have been indemnified and/or secured and/or prefunded to its satisfaction,

provided that the Note Trustee or the Security Trustee shall not, and shall not be bound to, act at the direction of the Class Z VFN Holder as aforesaid so long as any Class A Notes are outstanding.

See further "*Terms and Conditions of the Notes – Condition 11 (Enforcement)*" below.

In addition, each of the Note Trustee and the Security Trustee benefit from indemnities given to them by the Issuer pursuant to the Transaction Documents.

### ***Book-Entry Interests***

Unless and until Definitive Notes are issued in exchange for the Book-Entry Interests, holders and beneficial owners of Book-Entry Interests will not be considered the legal owners or holders of the Class A Notes under the Trust Deed. After payment to Euroclear or to Clearstream, Luxembourg, the Issuer will not have responsibility or liability for the payment of interest, principal or other amounts in respect of the Class A Notes to holders or beneficial owners of Book-Entry Interests.

The Class A Notes will be represented by Global Notes delivered to a common safekeeper for Clearstream, Luxembourg and Euroclear and will not be held by the beneficial owners or their nominees. The Global Notes will not be registered in the names of the beneficial owners or their nominees. As a result, unless and until Class A Notes in definitive form are issued, beneficial owners will not be recognised by the Issuer or the Note Trustee as Noteholders, as that term is used in the Trust Deed. Accordingly, each person owning a Book-Entry Interest must rely on the relevant procedures of Euroclear and Clearstream, Luxembourg and, if such person is not a participant in such entities, on the procedures of the participant through which such person owns its interest, to exercise any right of a Noteholder under the Trust Deed.

Payments of principal and interest on, and other amounts due in respect of, each Global Note will be made by the Principal Paying Agent to the order of the Common Safekeeper for Euroclear and Clearstream, Luxembourg against presentation of such Global Note. Upon receipt of any payment from the Principal Paying Agent, Euroclear and Clearstream, Luxembourg, as applicable, will promptly credit participants' accounts with payment in amounts proportionate to their respective ownership of Book-Entry Interests as shown on their records. The Issuer expects that payments by participants or indirect payments to owners of Book-Entry Interests held through such participants or indirect participants will be governed by standing customer instructions and customary practices, as is now the case with the securities held for the accounts of customers registered in "street name", and will be the responsibility of such participants or indirect participants. None of the Issuer, the Note Trustee, the Security Trustee or any Paying Agent will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, the Book-Entry Interests or for maintaining, supervising or reviewing any records relating to such Book-Entry Interests.

Unlike Noteholders, holders of the Book-Entry Interests will not have the right under the Trust Deed to act upon solicitations by or on behalf of the Issuer for consents or requests by or on behalf of the Issuer for waivers or other actions from Noteholders. Instead, a holder of Book-Entry Interests will be permitted to act only to the extent it has received appropriate proxies to do so from Euroclear or Clearstream, Luxembourg (as the case may be) and, if applicable, their participants. There can be no assurance that procedures implemented for the granting of such proxies will be sufficient to enable holders of Book-Entry Interests to vote on any requested actions on a timely basis. Similarly, upon the occurrence of an Event of Default under the Notes, holders of Book-Entry Interests will be restricted to acting through Euroclear and Clearstream, Luxembourg unless and until Definitive Notes are issued in accordance with the relevant provisions described herein under "*Terms and Conditions of the Notes*" below. There can be no assurance that the

procedures to be implemented by Euroclear and Clearstream, Luxembourg under such circumstances will be adequate to ensure the timely exercise of remedies under the Trust Deed.

Although Euroclear and Clearstream, Luxembourg have agreed to certain procedures to facilitate transfers of Book-Entry Interests among account holders of Euroclear and Clearstream, Luxembourg, they are under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued at any time. None of the Issuer, the Note Trustee, the Security Trustee, any Paying Agent or any of their agents will have any responsibility for the performance by Euroclear or Clearstream, Luxembourg or their respective participants or account holders of their respective obligations under the rules and procedures governing their operations.

Certain transfers of Class A Notes or interests therein may only be effected in accordance with, and subject to, certain transfer restrictions and certification requirements.

### ***Interest Rate Risk***

The Loans in the Portfolio are subject to variable interest rates, fixed interest rates, interest rates capped at a certain rate and interest rates which track a variable interest rate such as the Bank of England base rate while the Issuer's liabilities under the Notes are based on Three-Month Sterling LIBOR.

To hedge its interest rate exposure, the Issuer will enter into the Interest Rate Swap Agreement on the Closing Date with the Interest Rate Swap Provider (see "*Credit Structure — Interest Rate Risk for the Notes*" below).

A failure by the Interest Rate Swap Provider to make timely payments of amounts due under the Interest Rate Swap Agreement will constitute a default thereunder. The Interest Rate Swap Agreement provides that the Sterling amounts owed by the Interest Rate Swap Provider on any payment date under the Interest Rate Swap (which corresponds to an Interest Payment Date) may be netted against the Sterling amounts owed by the Issuer on the same payment date. Accordingly, if the amounts owed by the Issuer to the Interest Rate Swap Provider on a payment date are greater than the amounts owed by that Interest Rate Swap Provider to the Issuer on the same payment date, then the Issuer will pay the difference to that Interest Rate Swap Provider on such payment date; if the amounts owed by the Interest Rate Swap Provider to the Issuer on a payment date are greater than the amounts owed by the Issuer to that Interest Rate Swap Provider on the same payment date, then that Interest Rate Swap Provider will pay the difference to the Issuer on such payment date; and if the amounts owed by both parties are equal on a payment date, neither party will make a payment to the other on such payment date. To the extent that the Interest Rate Swap Provider defaults in its obligations under its Interest Rate Swap Agreement to make payments to the Issuer, on any payment date under the relevant Interest Rate Swap (which corresponds to an Interest Payment Date), the Issuer will be exposed to the possible variance between various fixed, variable, capped or tracker rates payable on the Loans in the Portfolio and Three-Month Sterling LIBOR. Unless one or more comparable replacement interest rate swaps are entered into, the Issuer may have insufficient funds to make payments due on the Notes.

The Interest Rate Swap is scheduled to terminate on the earlier of (i) the Final Maturity Date of the Notes, (ii) the date on which the aggregate Principal Amount Outstanding of the Class A Notes is reduced to zero; (iii) the date on which the Swap Notional Amount falls to zero, and (iv) the date on which the Security Trustee has enforced the security over the Class A Notes and distributed the proceeds thereof in full. Accordingly, if any of the Notes remain outstanding after such date, the Issuer will be subject to the potential variation between the fixed rates of interest payable in respect of Loans in the Portfolio and Three Month LIBOR. Unless one or more comparable replacement interest rate swaps are entered into, the Issuer may have insufficient funds to make payments due on the Notes after that date.

The amount payable by the Issuer under the Interest Rate Swap is not intended to be an exact match of the interest rates that the Issuer receives in respect of the Loans in the Portfolio. As such, there may be circumstances in which the amount payable by the Issuer under the Interest Rate Swap exceeds the amount that the Issuer receives in respect of the Loans in the Portfolio.

#### ***Termination payments under the Interest Rate Swap***

Subject to the following, the Interest Rate Swap Agreement will provide that, upon the occurrence of certain events, the Interest Rate Swap may terminate and a termination payment by either the Issuer or the Interest Rate Swap Provider may be payable, depending on, among other things, the terms of such Interest Rate Swap and the cost of entering into a replacement transaction at the time. Any termination payment due by the Issuer (other than an Interest Rate Swap Excluded Termination Amount and to the extent not satisfied by any applicable replacement swap premium or, in certain circumstances and/or to a limited extent, amounts standing to the credit of the Swap Collateral Ledger or any swap collateral account(s), if any, which shall in each case be paid directly by the Issuer to the Interest Rate Swap Provider) will rank prior to payments in respect of the Notes. If any termination amount is payable, payment of such termination amounts may affect amounts available to pay interest and principal on all the Notes.

Any additional amounts required to be paid by the Issuer following termination of the Interest Rate Swap (including any extra costs incurred in entering into replacement interest rate swaps) will also rank prior to payments in respect of the Notes. This may affect amounts available to pay interest on the Notes and, following service of a Note Acceleration Notice on the Issuer (which has not been revoked), interest and principal on the Notes.

No assurance can be given as to the ability of the Issuer to enter into one or more replacement transactions, or if one or more replacement transactions are entered into, as to the credit rating of the interest rate swap provider for the replacement transactions.

#### ***Issuer Reliance on Other Third Parties***

The Issuer is also party to contracts with a number of other third parties who have agreed to perform services in relation to the Notes. In particular, but without limitation, the Corporate Services Provider has agreed to provide certain corporate services to the Issuer pursuant to the Corporate Services Agreement, the Account Bank has agreed to provide the Transaction Account to the Issuer pursuant to the Bank Account Agreement, the Servicer has agreed to service the Portfolio pursuant to the Servicing Agreement, the Cash Manager has agreed to provide cash management services pursuant to the Cash Management Agreement, the Back-Up Servicer Facilitator has agreed to assist in appointing a back-up servicer pursuant to the Servicing Agreement and the Paying Agents, the Class Z VFN Registrar and the Agent Bank have all agreed to provide services with respect to the Notes pursuant to the Agency Agreement. In the event that any of the above parties were to fail to perform their obligations under the respective agreements to which they are a party, Noteholders may be adversely affected. In particular, any failure or delay in the delivery of a Servicer Report to the Cash Manager could affect the payment of interest and principal on the Notes (as to which see Condition 5.9 (*Determinations and Reconciliation*)) and Noteholders acquiring or disposing of an interest in the Notes following such delay or failure may be adversely affected by any subsequent reconciliations made under Condition 5.9 (*Determinations and Reconciliation*) in respect of payments of principal and interest made on the Notes on the basis of estimations made in the absence of a Servicer Report.

#### ***Ability to appoint a Substitute Servicer***

If the Servicer is removed, there is no guarantee that a substitute servicer would be found, which could delay collection of payments on the Loans and ultimately could adversely affect payments on the Notes. Such risk is mitigated by the provisions of the Servicing Agreement pursuant to which the Back-Up Servicer Facilitator, in certain circumstances, is required to assist the Issuer in appointing a back-up servicer.

CBS has been appointed by the Issuer as Servicer to service the Loans. If the Servicer breaches the terms of the Servicing Agreement, then (prior to the delivery of a Note Acceleration Notice and with the prior written consent of the Security Trustee) the Issuer or (after delivery of a Note Acceleration Notice) the Security Trustee will be entitled to terminate the appointment of the Servicer in accordance with the terms of the Servicing Agreement and the Issuer and the Sellers shall use their reasonable endeavours to appoint a new servicer in its place whose appointment is approved by the Security Trustee.

There can be no assurance that a substitute servicer with sufficient experience of servicing the Loans would be found who would be willing and able to service the Loans on the terms, or substantially similar terms, of the Servicing Agreement and it may be that the terms on which a substitute servicer may be able to be appointed are different from those set out in the Servicing Agreement and the terms may be such that the Noteholders may be adversely affected. In addition, as described below, any substitute servicer will be required, *inter alia*, to be authorised under the Financial Services and Markets Act 2000 (the **FSMA**) and licensed under the Consumer Credit Act 1974 (the **CCA**) in order to service the Loans. The ability of a substitute servicer to fully perform the required services would depend, among other things, on the information, software and records available at the time of the appointment. Any delay or inability to appoint a substitute servicer may affect payments on the Loans and hence the Issuer's ability to make payments when due on the Notes.

You should note that the Servicer has no obligation itself to advance payments that Borrowers fail to make in a timely fashion.

#### ***Withholding Tax Under the Notes***

In the event that any withholding or deduction for or on account of any taxes is imposed in respect of payments to Noteholders of any amounts due under the Notes, neither the Issuer nor any other person is obliged to gross up or otherwise compensate Noteholders for the lesser amounts the Noteholders will receive as a result of such withholding or deduction. However, in such circumstances, the Issuer will, in accordance with Condition 7.4 (*Optional Redemption of the Class A Notes for Taxation or Other Reasons*) of the Notes, use reasonable endeavours to prevent such an imposition.

As of the date of this Prospectus, no withholding or deduction for or on account of UK tax will be required on interest payments to any holders of the Class A Notes, provided that the Class A Notes carry a right to interest and are and continue to be listed on a recognised stock exchange. The London Stock Exchange is a recognised stock exchange for such purposes and the Class A Notes will be treated as listed on the London Stock Exchange if the Class A Notes are included in the Official List (within the meaning of and in accordance with the provisions of Part VI of the FSMA) and admitted to trading on the London Stock Exchange. The applicability of any withholding or deduction for or on account of United Kingdom taxes is discussed further under "*United Kingdom Taxation*" below.

#### ***Searches, Investigations and Warranties in Relation to the Loans***

The Sellers will give certain warranties to each of the Issuer and the Security Trustee regarding the Loans and their Related Security sold to the Issuer on the Closing Date and will give similar warranties to each of the Issuer and the Security Trustee regarding any Further Advances, Substitutions and Product Switches, at the last day of the Monthly Period in which such Further Advance, Substitution, and Product Switch occurs (see "*Overview of Key Transaction Documents — Mortgage Sale Agreements*" below for a summary of these).

Neither the Note Trustee, the Security Trustee, the Joint Arrangers, the Joint Lead Managers nor the Issuer has undertaken, or will undertake, any investigations, searches or other actions of any nature whatsoever in respect of any Loan or its Related Security in the Portfolio and each relies instead on the warranties given in the Mortgage Sale Agreements by the Sellers. The primary remedy of the Issuer against the relevant Seller if

any of the warranties made by such Seller is materially breached or proves to be materially untrue as at the Closing Date or on the last day of the Monthly Period in which the Further Advance, Substitution, or Product Switch (as applicable) was made, which breach is not remedied within 60 days after receiving written notice of such breach, is that the relevant Seller shall be required to repurchase the relevant Loan and its Related Security in accordance with the repurchase provisions in the relevant Mortgage Sale Agreement. In addition, CBS will provide a guarantee to the Issuer in respect of the repurchase obligations of Godiva under the Godiva Mortgage Sale Agreement. Under such guarantee, upon the failure of Godiva to repurchase a Loan pursuant to the terms of the relevant Mortgage Sale Agreement, CBS will procure that it or one of its subsidiaries repurchases such Loan. However, there can be no assurance that the Sellers will have the financial resources to honour such obligations under the relevant Mortgage Sale Agreement. This may affect the quality of the Loans and their Related Security in the Portfolio and accordingly the ability of the Issuer to make payments due on the Notes.

It should also be noted that any warranties made by the Sellers in relation to Further Advances, Substitutions and/or Product Switches may be amended from time to time and differ from the warranties made by the Sellers at the Closing Date without the consent of the Noteholders, provided that the Note Trustee has given its consent to such amendments (and for such purpose, the Note Trustee may, but is not obliged to, have regard to (a) any confirmation from the Rating Agencies that certain actions proposed to be taken will not have an adverse effect on the then current rating of the Notes (a **Ratings Confirmation**) (and, for the avoidance of doubt, the Rating Agencies will not be required to provide such confirmation) or (b) a written certification from the Cash Manager to the Note Trustee and the Security Trustee that such proposed action (i) (while any Class A Notes remain outstanding) has been notified to the Rating Agencies, (ii) would not adversely impact on the Issuer's ability to make payment when due in respect of the Notes, (iii) would not affect the legality, validity and enforceability of any of the Transaction Documents or any Security and (iv) would not have an adverse effect on the rating of the Class A Notes) (upon which confirmation or certificate the Note Trustee and the Security Trustee shall be entitled to rely absolutely without liability to any person for so doing). Changes to the warranties may affect the quality of Loans in the Portfolio and accordingly the ability of the Issuer to make payments due on the Notes.

### ***Interest Only Loans***

Each Loan in the Portfolio may be repayable either on a capital repayment basis, an interest-only basis or a combination capital repayment/interest payment basis (see "*The Loans — Repayment Terms*" below). Where the Borrower is only required to pay interest during the term of the Loan, with the capital being repaid in a lump sum at the end of the term, the Borrower is recommended to ensure that some repayment mechanism such as an investment policy is put in place to ensure that funds will be available to repay the capital at the end of the term. However, the Sellers recommend that the Borrower has a suitable repayment mechanism in place in relation to the Loan but do not require proof of any such repayment mechanism and do not take security over any investment policies taken out by Borrowers.

Borrowers may not have been making payment in full or on time of the premiums due on any relevant investment or life policy, which may therefore have lapsed and/or no further benefits may be accruing thereunder. In certain cases, the policy may have been surrendered but not necessarily in return for a cash payment and any cash received by the Borrower may not have been applied in paying amounts due under the Loan. Thus the ability of such a Borrower to repay an Interest-only Loan (as defined in "*The Loans — Repayment Terms*" below) at maturity without resorting to the sale of the underlying property depends on such Borrower's responsibility in ensuring that sufficient funds are available from a given source such as pension policies, PEPs, ISA or endowment policies, as well as the financial condition of the Borrower, tax laws and general economic conditions at the time. If a Borrower cannot repay an Interest-only Loan and a Loss occurs, this may affect repayments on the Notes if the resulting Principal Deficiency Ledger entry cannot be cured.

### ***Sellers to Initially Retain Legal Title to the Loans and risks relating to set-off***

The sale by the Sellers to the Issuer of the English Loans and their Related Security (until legal title is conveyed) takes effect in equity only. The sale by the Sellers to the Issuer of the Scottish Loans and their Related Security is given effect to by a Scottish Declaration of Trust by the Sellers by which the beneficial interest in such Scottish Loans and their Related Security is held on trust by the relevant Seller for the benefit of the Issuer. In each case, this means that legal title to the Loans and their Related Security in the Portfolio will remain with the relevant Seller until certain trigger events occur under the terms of the relevant Mortgage Sale Agreement (see "*Overview of the Key Transaction Documents — Mortgage Sale Agreements*" below). Until such time, the assignment by the Sellers to the Issuer of the English Loans and their Related Security takes effect in equity only whereas in respect of the Scottish Loans and their Related Security held on trust pursuant to a Scottish Declaration of Trust by the Sellers in favour of the Issuer, the Issuer will hold a beneficial interest only. The Issuer has not and will not apply to the Land Registry to register or record its equitable interest in the English Mortgages and may not in any event apply to the General Register of Sasines or Land Register of Scotland (as appropriate) (together the **Registers of Scotland**) to register or record its beneficial interest in the Scottish Mortgages pursuant to a Scottish Declaration of Trust.

As a consequence of the Issuer not obtaining legal title to the Loans and their Related Security or the Properties secured thereby, a *bona fide* purchaser from the relevant Seller for value of any of such Loans and their Related Security without notice of any of the interests of the Issuer might obtain a good title free of any such interest. If this occurred, then the Issuer would not have good title to the affected Loan and its Related Security, and it would not be entitled to payments by a Borrower in respect of that Loan. However, the risk of third party claims obtaining priority to the interests of the Issuer in this way would be likely to be limited to circumstances arising from a breach by the relevant Seller of its contractual obligations or fraud, negligence or mistake on the part of the relevant Seller or the Issuer or their respective personnel or agents.

Further, prior to the insolvency of the Sellers, unless (i) notice of the assignment was given to a Borrower who is a creditor of the Sellers in the context of the English Loans and their Related Security and (ii) an assignation of the Scottish Loans and their Related Security is effected by the Sellers to the Issuer and notice thereof is then given to a Borrower who is a creditor of the Sellers, equitable or independent set-off rights may accrue in favour of the Borrower against his or her obligation to make payments to the Sellers under the relevant Loan. These rights may result in the Issuer receiving reduced payments on the Loans. The transfer of the benefit of any Loans to the Issuer will continue to be subject to any prior rights the Borrower may become entitled to after the transfer. Where notice of the assignment or assignation is given to the Borrower, however, some rights of set-off (being those rights that are not connected with or related to the relevant Loan) may not arise after the date notice is given.

Until notice of the assignment or assignation is given to Borrowers, the Issuer would not be able to enforce any Borrower's obligations under a Loan or Related Security itself but would have to join the Sellers as a party to any legal proceedings. Borrowers will also have the right to redeem their Mortgages by repaying the relevant Loan directly to the relevant Seller. However, each Seller will undertake, pursuant to the relevant Mortgage Sale Agreement, to hold any money repaid to it in respect of relevant Loans to the order of the Issuer.

If any of the risks described above were to occur then the realisable value of the Portfolio or any part thereof may be affected.

Once notice has been given to the Borrowers of the assignment or assignation of the Loans and their Related Security to the Issuer, independent set-off rights which a Borrower has against the relevant Seller (such as set-off rights not associated with or connected to the relevant Loan) will crystallise and further rights of independent set-off would cease to accrue from that date and no new rights of independent set-off could be asserted following that notice. Set-off rights arising under "transaction set-off" (which are set-off claims

arising out of a transaction connected with the Loan) will not be affected by that notice and will continue to exist.

For so long as the Issuer does not have legal title, each Seller will undertake for the benefit of the Issuer that it will lend its name to, and take such other steps as may reasonably be required by the Issuer in relation to, any legal proceedings in respect of the relevant Loans and their Related Security.

### ***Further Advances, Substitutions and Product Switches***

Either of the Sellers or the Servicer (on behalf of the Sellers) may offer a Borrower, or a Borrower may request, a Further Advance or Product Switch from time to time. Any Loan which has been the subject of a Further Advance or a Product Switch following an application by the Borrower will remain in the Portfolio. In addition, either of the Sellers may offer Substitute Loans to the Issuer as consideration in whole, or in part together with any cash payment amount, for repurchases of Loans. If the Issuer subsequently determines that any Further Advance, Substitution or Product Switch does not satisfy an Asset Condition, as at such Advance Date, Substitution Date or Switch Date (where applicable), and such default is not remedied in accordance with the relevant Mortgage Sale Agreement, the relevant Seller will be required to repurchase the relevant Loan and its Related Security. See further "*Overview of the Key Transaction Documents — Mortgage Sale Agreements — Repurchase by the Sellers*".

It should be noted that any Loan Warranty made by either of the Sellers in relation to a Further Advance, Substitution and/or Product Switch may be amended from time to time and such changes will be notified to the Rating Agencies. The consent of the Noteholders in relation to such amendments will not be obtained if the Note Trustee has given its prior consent to such amendment (and for such purpose, the Note Trustee may, but is not obliged to, have regard to (a) any Ratings Confirmation in respect of those amendments or (b) a written certification from the Cash Manager to the Note Trustee and the Security Trustee that such proposed action (i) (while any Class A Notes remain outstanding) has been notified to the Rating Agencies, (ii) would not adversely impact on the Issuer's ability to make payment when due in respect of the Notes, (iii) would not affect the legality, validity and enforceability of any of the Transaction Documents or any Security and (iv) would not have an adverse effect on the rating of the Class A Notes) (upon which confirmation or certificate the Note Trustee and the Security Trustee shall be entitled to rely absolutely without liability to any person for so doing). Where either of the Sellers is required to repurchase because the warranties are not true, there can be no assurance that the relevant Seller will have the financial resources to honour its repurchase obligations under the relevant Mortgage Sale Agreement. Either of these circumstances may affect the quality of the Loans and their Related Security in the Portfolio and accordingly the ability of the Issuer to make payments on the Class A Notes.

The number of Further Advance and Product Switch requests received by the Sellers and/or the Servicer will affect the timing of principal amounts received by the Issuer and hence payments of principal and (in the event of a shortfall) interest on the Notes.

Further, there may be circumstances in which a Borrower might seek to argue that any Loan, Further Advance or Product Switch is wholly or partly unenforceable by virtue of non-compliance with the FSMA or the CCA as further discussed below.

If this were to occur, then this could adversely affect the Issuer's ability to make payments due on the Notes or to redeem the Notes.

### ***Delinquencies or Default by Borrowers in paying amounts due on their Loans***

Borrowers may default on their obligations under the Loans in the Portfolio. Defaults may occur for a variety of reasons. The Loans are affected by credit, liquidity and interest rate risks. Various factors influence mortgage delinquency rates, prepayment rates, repossession frequency and the ultimate payment of interest

and principal, such as changes in the national or international economic climate, regional economic or housing conditions, changes in tax laws, interest rates, inflation, the availability of financing, yields on alternative investments, political developments and government policies. Although interest rates are currently at a historical low, this may change in the future and an increase in interest rates may adversely affect Borrowers' ability to pay interest or repay principal on their Loans. Other factors in Borrowers' individual, personal or financial circumstances may affect the ability of Borrowers to repay the Loans. Unemployment, loss of earnings, illness, divorce and other similar factors may lead to an increase in delinquencies by and bankruptcies of Borrowers, and could ultimately have an adverse impact on the ability of Borrowers to repay the Loans. In addition, the ability of a Borrower to sell a property given as security for a Loan at a price sufficient to repay the amounts outstanding under that Loan will depend upon a number of factors, including the availability of buyers for that property, the value of that property and property values in general at the time.

### ***Change of counterparties***

The parties to the Transaction Documents who receive and hold monies or provide support to the transaction pursuant to the terms of such documents (such as the Account Bank and the Interest Rate Swap Provider) are required to satisfy certain criteria in order that they can continue to be a counterparty to the Issuer.

These criteria include requirements imposed by the FSA under the FSMA and requirements in relation to the short-term and long-term unguaranteed and unsecured ratings ascribed to such party by Fitch and Moody's. If the party concerned ceases to satisfy the applicable criteria, including the ratings criteria detailed above, then the rights and obligations of that party (including the right or obligation to receive monies on behalf of the Issuer) may be required to be transferred to another entity which does satisfy the applicable criteria. In these circumstances, the terms agreed with the replacement entity may not be as favourable as those agreed with the original party pursuant to the relevant Transaction Document and the cost to the Issuer may therefore increase. This may reduce amounts available to the Issuer to make payments of interest on the Notes.

In addition, should the applicable criteria cease to be satisfied, then the parties to the relevant Transaction Document may agree to amend or waive certain of the terms of such document, including the applicable criteria, in order to avoid the need for a replacement entity to be appointed. The consent of Noteholders may not be required in relation to such amendments and/or waivers.

### ***Insurance Policies***

The policies of the Sellers in relation to buildings insurance are described under "*The Loans — Buildings Insurance Policies*" below. No assurance can be given that the Issuer will always receive the benefit of any claims made under any applicable buildings insurance contracts. This could adversely affect the Issuer's ability to redeem the Notes.

### ***UK Government Credit Guarantee Scheme, ABS Guarantee Scheme and Financial Services Compensation Scheme not applicable***

On 8 October 2008, the UK Government announced the introduction of a new credit guarantee scheme pursuant to which the Government will make available to eligible institutions for an interim period a guarantee of new short and medium term debt issuance to assist in refinancing maturing, wholesale funding obligations as they fall due. The UK Government has indicated that certain debt instruments including the Notes are not covered by the guarantee provided under the scheme and, as such, for the avoidance of doubt, the obligations of the Issuer in respect of the Notes are not guaranteed by the UK Government under the above credit guarantee scheme. In addition, on 19 January 2009, the UK government announced the introduction of the asset backed securities guarantee scheme which closed on 31 December 2009. The Notes are not guaranteed by the UK Government under the asset backed securities guarantee scheme.

Also, any investment in the Notes does not have the status of a bank deposit in England and Wales and is not within the scope of the UK Financial Services Compensation Scheme.

### **Change of Law**

The structure of the transaction and, *inter alia*, the issue of the Notes and the ratings which are to be assigned to the Class A Notes are based on the law and administrative practice in effect as at the date of this Prospectus as it affects the parties to the transaction and the Portfolio, and having regard to the expected tax treatment of all relevant entities under such law and practice. No assurance can be given as to the impact of any possible change to such law (including any change in regulation which may occur without a change in primary legislation) and practice or tax treatment after the date of this Prospectus nor can any assurance be given as to whether any such change would adversely affect the ability of the Issuer to make payments under the Notes.

### **Certain Regulatory Considerations**

#### *Office of Fair Trading, Financial Services Authority and Other Regulatory Authorities*

In the United Kingdom, the Office of Fair Trading (the **OFT**) is responsible for the issue of licences under, and the superintendence of the working and enforcement of, the CCA, related consumer credit regulations and other consumer protection legislation. The OFT may review businesses and operations, provide guidelines to follow and take actions when necessary with regard to the mortgage market in the United Kingdom (except to the extent of the regulation of the market by the FSA under the FSMA, as described above). If the OFT considers that a licence-holder is no longer fit to hold its licence, the OFT may commence formal proceedings for the revocation of the licence. In the event of such revocation the former licence-holder would no longer be permitted to carry on activities licensable under the CCA. The licensing regime under the CCA is different from, and where applicable, additional to, the regime for authorisation under the FSMA.

A credit agreement is regulated by the CCA where: (a) the borrower is or includes an "individual" as defined in the CCA; (b) if the credit agreement was made before the financial limit was removed (as described below), the amount of "credit" as defined in the CCA does not exceed the financial limit, which is £25,000 for credit agreements made on or after 1 May 1998 or lower amounts for credit agreements made before that date; and (c) the credit agreement is not an exempt agreement under the CCA.

Any credit agreement intended to be a regulated mortgage contract under the FSMA, or unregulated, might instead be wholly or partly regulated by the CCA or be treated as such, and any credit agreement intended to be regulated by the CCA or treated as such, or unregulated, might instead be a regulated mortgage contract under the FSMA because of technical rules on:

- (i) determining whether any credit under the CCA arises, or whether any applicable financial limit of the CCA is exceeded;
- (ii) determining whether the credit agreement is an exempt agreement under the CCA (for example, certain types of credit agreement to finance the purchase of, or alteration to, homes or business premises, or regulated mortgage contracts under the FSMA); or
- (iii) changes to credit agreements.

Any credit agreement that is wholly or partly regulated by the CCA or treated as such has to comply with the requirements under the CCA as to licensing of lenders and brokers, documentation and procedures of credit agreements, and (in so far as applicable) pre-contract disclosure. If it does not comply with those requirements then, to the extent that the credit agreement is regulated by the CCA or treated as such, it is

unenforceable against the borrower: (a) without an order of the OFT, if requirements as to licensing of lenders and brokers are not met at the relevant time; (b) totally, for agreements entered into before 6 April 2007, if the form to be signed by the borrower was not signed by the borrower personally or omits or misstates a "prescribed term"; or (c) without a court order in other cases and, in exercising its discretion whether to make the order, the court would take into account any prejudice suffered by the borrower and any culpability by the lender.

A court order under section 126 of the CCA is necessary to enforce a land mortgage (or in Scotland a standard security) securing a loan or further advance to the extent that the credit agreement is regulated by the CCA or treated as such. In dealing with such an application, the court has the power, if it appears just to do so, to amend the credit agreement or to impose conditions upon its performance or to make a time order (for example, giving extra time for arrears to be cleared).

Under section 75 of the CCA, in certain circumstances the lender is liable to the borrower in relation to misrepresentation and breach of contract by a supplier in a transaction financed by a credit agreement that is wholly or partly regulated by the CCA or treated as such. The borrower may set off the amount of the claim against the lender against the amount owing by the borrower under the loan or under any other loan that the borrower has taken (or exercise analogous rights in Scotland). Any such set-off in relation to a loan in the mortgage portfolio may adversely affect the Issuer's ability to make payments on the Notes.

#### *Consumer Credit Act*

The Consumer Credit Act 2006 (the **CCA 2006**) was enacted on 30 March 2006 and was fully implemented by 31 October 2008. The CCA 2006 updates and amends the CCA as follows.

The "extortionate credit" regime is replaced by an "unfair relationship" test. The unfair relationship test applies to all existing and new credit agreements, except regulated mortgage contracts under the FSMA. If the court makes a determination that the relationship between the lender and the borrower is unfair, then it may make an order, among other things, requiring the originator, or any assignee such as the Issuer, to repay to the borrower any sum paid by him. In applying the unfair relationship test, the courts are able to consider a wider range of circumstances surrounding the transaction, including the creditor's conduct before and after making the agreement. There is no statutory definition of the word "unfair", as the intention is for the test to be flexible and subject to judicial discretion. However, the word "unfair" is not an unfamiliar term in United Kingdom legislation, due to the Unfair Terms in Consumer Contracts Regulations 1999. The courts may, but are not obliged to, look solely to the CCA for guidance. The FSA's principle of "treating customers fairly", and guidance published by the FSA on that principle and by the OFT on the unfair relationship test may also be relevant. Once the borrower alleges that an unfair relationship exists, then the burden of proof is on the creditor to prove the contrary. Recent cases concerning the scope of the unfair relationship test have generally adopted an interpretation which is favourable to borrowers.

An alternative dispute resolution scheme for consumer credit matters is run by the Financial Ombudsman Service (the **Ombudsman**) (as described below) and was established on 6 April 2007. The scheme is mandatory for all businesses licensed under the CCA. The OFT is given far broader powers under the CCA from 6 April 2008. For example, it can apply civil penalties, has far greater powers of investigation and can issue indefinite standard licences. For appeals against such decisions by the OFT, the CCA has also introduced an independent Consumer Credit Appeals Tribunal whose functions were transferred to a General Regulatory Chamber in the First-tier Tribunal on 1 September 2009.

The financial limit of £25,000 for CCA regulation has been removed for credit agreements made on or after 6 April 2008, except for (a) certain changes to credit agreements, and (b) certain buy-to-let loans made before 31 October 2008.

To the extent that a credit agreement is regulated by the CCA or treated as such, it is unenforceable for any period when the lender fails to comply with requirements as to default notices. From 1 October 2008: (a) the credit agreement is also unenforceable for any period when the lender fails to comply with further requirements as to annual statements and arrears notices; (b) the borrower is not liable to pay interest or, in certain cases, default fees for any period that the lender fails to comply with further requirements as to post-contract disclosure; and (c) interest upon default fees is restricted to nil until the 29th day after the day on which a prescribed notice is given and then to simple interest (i.e. interest may only be calculated on the principal amount of the default sum).

Early repayment charges are restricted by a formula under the CCA, which applies to the extent that the credit agreement is regulated by the CCA or treated as such. A more restrictive formula applies generally to all such credit agreements made on or after 11 June 2010.

These changes to the CCA may adversely affect the ability of the Issuer to make payments in full on the Notes when due.

The Sellers have interpreted certain technical rules under the CCA in a way common with many other lenders in the mortgage market. If such interpretation were held to be incorrect by a court or the Financial Ombudsman Service (as defined below), then a Loan, to the extent that it is regulated by the CCA or treated as such, would be unenforceable as described above. If such interpretation were challenged by a significant number of Borrowers, then this could lead to significant disruption and shortfall in the income of the Issuer. Court decisions have been made on technical rules under the CCA against certain mortgage lenders, but such decisions are very few and are generally county court decisions which are not binding on other courts.

Each of the Sellers has given or, as applicable, will give, warranties to the Issuer in the relevant Mortgage Sale Agreement that, among other things, each Loan and its Related Security is enforceable (subject to exceptions). If a Loan or its Related Security does not comply with these warranties, and if the default cannot be or is not cured within 60 days, then the relevant Seller will, upon receipt of notice from the Issuer, be required to repurchase all of the relevant Loans secured on the same Property (together, forming one **Mortgage Account**) and their Related Security from the Issuer. In addition, CBS will provide a guarantee to the Issuer in respect of the repurchase obligations of Godiva under the Godiva Mortgage Sale Agreement. Under such guarantee, upon the failure of Godiva to repurchase a Loan pursuant to the terms of the Godiva Mortgage Sale Agreement, CBS will procure that it or one of its subsidiaries repurchases such Loan.

#### *Mortgage regulation under the FSMA*

Residential mortgage lending in the United Kingdom became a regulated activity under the FSMA on 31 October 2004 (the date known as **N(M)**).

Certain provisions of the FSMA apply to a **regulated mortgage contract**. A mortgage loan contract is a regulated mortgage contract under the FSMA if it is entered into on or after N(M) or originated prior to N(M) but varied on or after N(M) such that a new contract is entered into and if, at the time it is entered into: (a) the borrower is an individual or trustee; (b) the contract provides for the obligation of the borrower to repay to be secured by a first legal mortgage (or Scottish first ranking standard security) on land (other than timeshare accommodation) in the United Kingdom; and (c) at least 40% of that land is used, or is intended to be used, as or in connection with a dwelling by the borrower or (in the case of credit provided to trustees) by an individual who is a beneficiary of the trust, or by a related person (broadly, the person's spouse, near relative or a person with whom the borrower has a relationship which is characteristic of a spouse).

On and from N(M), subject to any exemption, persons carrying on any specified regulated mortgage-related activities by way of business must be authorised by the FSA under the FSMA. The specified activities currently are: (a) entering into a regulated mortgage contract as lender; (b) administering a regulated mortgage contract (**administering** in this context broadly means notifying borrowers of changes in mortgage

payments and/or collecting payments due under the mortgage loan); (c) advising on regulated mortgage contracts; and (d) arranging regulated mortgage contracts. Agreeing to carry on any of these activities is also a regulated activity. If requirements as to authorisation of lenders and brokers are not complied with, a regulated mortgage contract will be unenforceable against the borrower except with the approval of a court and the unauthorised person may commit a criminal offence. An unauthorised person who carries on the regulated mortgage activity of administering a regulated mortgage contract that has been validly entered into may commit an offence, although this will not render the contract unenforceable against the borrower. The regime under the FSMA regulating financial promotions covers the content and manner of promotion of agreements relating to qualifying credit and by whom such promotions can be issued or approved. In this respect, the FSMA regime not only covers financial promotions of regulated mortgage contracts but also promotions of certain other types of secured credit agreements under which the lender is a person (such as the Sellers) who carry on the regulated activity of entering into a regulated mortgage contract. Failure to comply with the financial promotion regime (as regards by whom promotions can be issued or approved) is a criminal offence and will render the regulated mortgage contract or other secured credit agreement in question unenforceable against the borrower except with the approval of a court.

Any credit agreement intended to be a regulated mortgage contract under the FSMA might instead be wholly or partly regulated by the CCA or treated as such, or unregulated, and any credit agreement intended to be regulated by the CCA or treated as such, or unregulated, might instead be a regulated mortgage contract under the FSMA, because of technical rules on: (a) determining whether the credit agreement or any part of it falls within the definition of a regulated mortgage contract; and (b) changes to credit agreements.

The Sellers are required to hold, and currently hold, authorisation and permission to enter into and to administer and, where applicable, to advise on regulated mortgage contracts. Subject to any exemption, brokers are required to hold authorisation and permission to arrange and, where applicable, to advise on regulated mortgage contracts.

The Issuer is not, nor proposes to become, an authorised person under the FSMA. The Issuer does not carry on the regulated activity of administering (servicing) regulated mortgage contracts, because the Loans are serviced pursuant to the Servicing Agreement by the Servicer, which has the required FSA authorisation and permission. If the Servicing Agreement terminates, however, the Issuer will have a period of not more than one month in which to arrange for mortgage servicing to be carried out by a replacement servicer having the required FSA authorisation and permission and a CCA licence. In addition, no variation is permitted to be made to the Loans and no further advance or product switch is permitted to be made in relation to a Loan where it would result in the Issuer arranging or advising in respect of, administering (servicing) or entering into a regulated mortgage contract or agreeing to carry on any of these activities, if the Issuer would be required to be authorised under the FSMA to do so.

The FSA's Mortgages and Home Finance: Conduct of Business sourcebook (**MCOB**), which sets out the FSA rules for regulated mortgage activities, came into force on 31 October 2004. These rules cover certain pre-origination matters such as financial promotion and pre-application illustrations, pre-contract and start-of-contract and post-contract disclosure, contract changes, charges and arrears and repossessions. FSA rules for prudential and authorisation requirements for mortgage firms, and for extending the appointed representatives regime to mortgages, came into force on 31 October 2004.

A borrower who is a private person may be entitled to claim damages for loss suffered as a result of any contravention by an authorised person of an FSA rule, and may set off the amount of the claim against the amount owing by the borrower under the loan or any other loan that the borrower has taken (or exercise analogous rights in Scotland). Any such set-off in relation to a loan in the mortgage portfolio may adversely affect the Issuer's ability to make payments on the Notes.

So as to avoid dual regulation, it is intended that regulated mortgage contracts under the FSMA are not regulated by the CCA, and relevant regulations made in 2005 and 2008 under the FSMA are designed to

clarify the position in this regard. This exemption only affects credit agreements made on or after N(M) and credit agreements made before N(M) but subsequently varied such that a new contract is entered into on or after N(M) and constitutes a separate FSA regulated mortgage contract. A court order under section 126 of the CCA is, however, necessary to enforce a land mortgage (including, in Scotland, a standard security) securing a regulated mortgage contract to the extent that the credit agreement would, apart from the exemption referred to above, be regulated by the CCA or treated as such.

It should be noted that, prior to N(M), self-regulation of mortgage business existed in the UK under the Mortgage Code (the **Mortgage Code**) issued by the Council of Mortgage Lenders (the **CML**). CBS has subscribed to the Mortgage Code (as an entity established in 2007, subscription to the Mortgage Code is not applicable in relation to Godiva). Membership of the CML and compliance with the Mortgage Code were voluntary. The Mortgage Code set out a minimum standard of good mortgage business practice, from marketing to lending procedures and dealing with borrowers experiencing financial difficulties. Since 30 April 1998, lender-subscribers to the Mortgage Code could not accept mortgage business introduced by intermediaries who were not registered with (before 1 November 2000) the Mortgage Code Register of Intermediaries or (on and after 1 November 2000 until 31 October 2004) the Mortgage Code Compliance Board. Complaints relating to breach of the Mortgage Code were dealt with by the relevant scheme, such as the Banking Ombudsman Scheme or the Mortgage Code Arbitration Scheme. The Mortgage Code ceased to have effect on N(M) when the FSA assumed responsibility for regulated mortgage contracts.

In June 2010, the FSA made changes to MCOB which effectively convert previous guidance on the policies and procedures to be applied by authorised firms with respect to forbearance in the context of regulated mortgage contracts into formal mandatory rules. Under the new rules, a firm is restricted from repossessing a property unless all other reasonable attempts to resolve the position have failed and, in complying with such restriction, a firm is required to consider whether, given the borrower's circumstances, it is appropriate to take certain actions. Such actions refer to (amongst other things) the extension of the term of the mortgage, product type changes and deferral of interest payments. While the FSA has indicated that it does not expect each forbearance option referred to in the new rules to be explored at every stage of interaction with the borrower, it is clear that the new rules impose mandatory obligations on firms without regard to any relevant contractual obligations or restrictions. As a result, the new rules may operate in certain circumstances to require the Servicer to take certain forbearance-related actions which do not comply with the Transaction Documents (and, in particular, the servicing arrangements contemplated by such documents) in respect of one or more Loans and their Related Security. No assurance can be made that any such actions will not reduce the amounts available to meet the payments due in respect of the Notes, although the impact of this will depend on the number of Loans which involve a Borrower who experiences payment difficulties.

### ***Distance Marketing***

In the United Kingdom, the Financial Services (Distance Marketing) Regulations 2004 apply to credit agreements entered into on or after 31 October 2004 by means of distance communication (i.e. without any substantive simultaneous physical presence of the originator and the borrower). A regulated mortgage contract under the FSMA, if originated by a United Kingdom lender from an establishment in the United Kingdom, will not be cancellable under these regulations, but will be subject to related pre-contract disclosure requirements in MCOB. Certain other credit agreements will be cancellable under these regulations if the borrower does not receive prescribed information at the prescribed time, or in any event for certain unsecured lending. Where the credit agreement is cancellable under these regulations, the borrower may send notice of cancellation at any time before the end of the 14th day after the day on which the cancellable agreement is made, where all the prescribed information has been received, or, if later, the borrower receives the last of the prescribed information.

If the borrower cancels the credit agreement under these regulations, then: (a) the borrower is liable to repay the principal and any other sums paid by the originator to the borrower under or in relation to the cancelled

agreement within 30 days beginning with the day of the borrower sending notice of cancellation or, if later, the lender receiving notice of cancellation; (b) the borrower is liable to pay interest or any early repayment charge or other charge for credit under the cancelled agreement, only if the borrower received certain prescribed information at the prescribed time and if other conditions are met; and (c) any security is to be treated as never having had effect for the cancelled agreement. If a significant portion of the Loans are characterised as being cancellable under these regulations, then there could be an adverse effect on the Issuer's receipts in respect of the Loans, affecting the Issuer's ability to make payments in full on the Notes when due.

### ***EU proposal for a Directive on credit agreements relating to residential property***

On 31 March 2011, the European Commission published a proposal for a Directive on credit agreements relating to residential immovable property for consumers. The proposed Directive applies to: (a) credit agreements secured by a mortgage or comparable security commonly used in a member state of the European Union (**Member State**) on residential immovable property, or secured by a right relating to residential immovable property; (b) credit agreements the purpose of which is to finance the purchase or retention of rights in land or in an existing or proposed residential building; and (c) credit agreements the purpose of which is to renovate residential immovable property and which are outside the Consumer Credit Directive (Directive 2008/48/EC). The proposed Directive does not apply to credit agreements to be repaid from the sale proceeds of an immovable property, or to certain credit granted by an employer to its employees.

The proposed Directive requires (among other things): standard information to be included in advertising; standard pre-contractual information; adequate explanations to the borrower on the proposed credit agreement and any ancillary service; calculation of the annual percentage rate of charge in accordance with a prescribed formula; assessment of creditworthiness of the borrower and a right of the borrower to make early repayment of the credit agreement. The proposed Directive also imposes prudential and supervisory requirements for credit intermediaries and creditors, including creditors who are not deposit-takers.

The Presidency of the Council of the European Union has published compromise proposals, most recently on 17 February 2012. The European Parliament has announced a revised indicative date of 10 September 2012 for its first plenary session on the proposed Directive. It is currently proposed that Member States will be required to implement the Directive into national law two years after it enters into force.

Until the proposed Directive is considered and adopted by the European Parliament and the Council, and implemented into UK law, it is too early to tell what effect the Directive and the implementation of the Directive into UK law would have on the Sellers, the Issuer and/or the Servicer and their respective businesses and operations.

### ***Unfair Terms in Consumer Contracts Regulations 1994 and 1999***

In the United Kingdom, the Unfair Terms in Consumer Contracts Regulations 1999 as amended (the **1999 Regulations**), together with (in so far as applicable) the Unfair Terms in Consumer Contracts Regulations 1994 (together with the 1999 Regulations, the **UTCCR**), apply to agreements made on or after 1 July 1995 and affect all or almost all of the Loans. The UTCCR provide that:

- a consumer may challenge a standard term in an agreement on the basis that it is "unfair" within the UTCCR and therefore not binding on the consumer (although the agreement itself continues to bind the parties if it is capable of continuing in existence without the unfair term); and
- the OFT and any "qualifying body" within the UTCCR (such as the FSA) may seek to enjoin (or in Scotland interdict) a business from relying on unfair terms.

The UTCCR will not affect terms which define the main subject matter of the contract, such as the borrower's obligation to repay the principal (provided that these terms are written in plain and intelligible language and are drawn adequately to the consumer's attention), but may affect terms that are not considered to define the main subject matter of the contract, such as the lender's power to vary the interest rate and certain terms imposing early repayment charges and mortgage exit administration fees.

For example, if a term permitting the lender to vary the interest rate (as the Sellers are permitted to do) is found to be unfair, the borrower will not be liable to pay interest at the increased rate or, to the extent that the borrower has paid it, will be able, as against the lender, or any assignee such as the Issuer, to claim repayment of the extra interest amounts paid or to set off the amount of the claim against the amount owing by the borrower under the loan or any other loan that the borrower has taken (or exercise analogous rights in Scotland). Any such non-recovery, claim or set-off in relation to a loan in the portfolio may adversely affect the Issuer's ability to make payments on the Notes.

The division of responsibilities between the OFT and the FSA for enforcing the UTCCR is set out in concordats made between them, most recently in November 2009. Generally, the FSA is responsible for enforcement of the UTCCR in relation to regulated mortgage contracts under the FSMA originated by lenders authorised by the FSA, and the OFT is responsible for enforcement of the UTCCR in relation to other mortgage contracts.

In February 2000, the OFT issued a guidance note on what the OFT considers to be fair terms and unfair terms for interest variation in mortgage contracts. Where the interest variation term does not provide for precise and immediate tracking of an external rate outside the lender's control, and if the borrower is locked in, for example by an early repayment charge that is considered to be a penalty, the term is likely to be regarded by the OFT as unfair under the UTCCR unless the lender: (a) notifies the affected borrower in writing at least 30 days before the rate change; and (b) permits the affected borrower to repay the whole loan during the next three months after the rate change, without paying the early repayment charge. The guidance note has been withdrawn from the OFT website, but may remain in effect as the OFT's view and a factor that the FSA and OFT may take into account.

In May 2005, the FSA issued a statement of good practice on fairness of terms in consumer contracts. This statement provides that, for locked-in borrowers, (i.e. where the borrower is required to give advance notice or to pay a cost or to give up a benefit in order to withdraw from the contract) a firm may consider drafting the contract to permit a change in the contract to be made only where any lock-in clause is not exercised. In the context of the OFT's investigation into credit card default fees, the OFT on 5 April 2006 issued a statement of its view of the principles that credit card issuers should follow in setting default fees, and that the principles are likely to apply to analogous default fees in other contracts such as mortgages. The principles are in essence that terms imposing default fees should not have the object of raising more in revenue than is reasonably expected to be necessary to recover certain limited administrative costs incurred as a result of a borrower's default.

In January 2007, the FSA issued a statement of good practice on mortgage exit administration fees. This statement provides that the lender should ensure that the fee represents in fact the cost of the administration services that the lender provides when a borrower exits the mortgage. The FSA issued a follow-up communication in November 2007 emphasising that this statement should not be interpreted narrowly and, where appropriate, firms should consider applying its principles to other charges.

The FSA's MCOB requires that, for regulated mortgage contracts: (a) arrears charges represent a reasonable estimate of the cost of the additional administration required as a result of the borrower being in arrears; and (b) from 25 June 2010, the borrower's payments are allocated first towards paying off the balance of any payment shortfall, excluding any interest or charges on that balance. In October 2010, the FSA issued a statement that, in its view, early repayment charges are likely to amount to the price paid by the borrower in exchange for services provided and may not be reviewable for fairness under the UTCCR,

provided that they are written in plain and intelligible language and are adequately drawn to the borrower's attention. In January 2012, the FSA issued a further statement intended to raise awareness of issues that it commonly identifies under the UTCCR.

Whilst the OFT and FSA have powers to enforce the UTCCR, it would be for a court to determine their proper interpretation. The extremely broad and general wording of the UTCCR makes any assessment of the fairness of terms largely subjective and makes it difficult to predict whether or not a term would be held by a court to be unfair. It is therefore possible that any Loans which have been made or may be made to borrowers covered by the UTCCR may contain unfair terms which may result in the possible unenforceability of the terms of the underlying loans.

The guidance issued by the FSA and OFT has changed over time and it is possible that it may change in the future. No assurance can be given that any such changes in guidance on the UTCCR, will not have a material adverse effect on the Sellers, the Servicer and their respective businesses and operations. This may adversely affect the ability of the Issuer to make payments in full on the Notes when due.

***Decisions of the Ombudsman could lead to some terms of the Loans being varied, which may adversely affect payments on the Notes***

Under the FSMA, the Financial Ombudsman Service (the **Ombudsman**) is required to make decisions on certain complaints relating to the activities and transactions under its jurisdiction on the basis of what, in the Ombudsman's opinion, would be fair and reasonable in all circumstances of the case, taking into account law and guidance. Transitional provisions exist by which certain complaints relating to breach of the Mortgage Code (described above) occurring before N(M) may be dealt with by the Ombudsman. Complaints properly brought before the Ombudsman for consideration must be decided on a case-by-case basis, with reference to the particular facts of any individual case. Each case would first be adjudicated by an adjudicator. Either party to the case may appeal against the adjudication. In the event of an appeal, the case proceeds to a final decision by the Ombudsman.

As the Ombudsman is required to make decisions on the basis of, among other things, the principles of fairness, and may order a money award to the borrower, it is not possible to predict how any future decision of the Financial Ombudsman Service would affect the ability of the Issuer to make payments to Noteholders.

***Consumer Protection from Unfair Trading Regulations 2008***

On 11 May 2005, the European Parliament and the Council adopted a Directive on unfair business-to-consumer commercial practices (the **Unfair Practices Directive**). Generally this Directive applies full harmonisation, which means that Member States may not impose more stringent provisions in the fields to which full harmonisation applies. By way of exception, this Directive permits Member States to impose more stringent provisions in the fields of financial services and immovable property, such as mortgage loans.

The Unfair Practices Directive provides that enforcement bodies may take administrative action or legal proceedings against a commercial practice on the basis that it is "unfair" within the Directive. The Unfair Practices Directive is intended to protect only collective interests of consumers, and so is not intended to give any claim, defence or right of set-off to an individual consumer.

The Unfair Practices Directive is implemented in the UK by the Consumer Protection from Unfair Trading Regulations 2008 (the **CPUTR**), which came into force on 26 May 2008. The CPUTR prohibit certain practices which are deemed "unfair" within the terms of the CPUTR. Breach of the CPUTR does not (of itself) render an agreement void or unenforceable, but the possible liabilities for misrepresentation or breach of contract in relation to the underlying credit agreement may result in irrecoverable losses on amounts to which such agreements apply. Breach of certain CPUTR provisions is a criminal offence.

In addition, the OFT addresses commercial practices in administering licences under the CCA, and the FSA has taken the Unfair Practices Directive into account in reviewing its rules. For example, the FSA's MCOB from 25 June 2010 (formerly these were matters of non-binding guidance) prevents the lender from: (a) repossessing the property unless all other reasonable attempts to resolve the position have failed, which include considering whether it is appropriate to offer an extension of term, or conversion to interest-only for a period, or a product switch, and (b) automatically capitalising a payment shortfall.

The Unfair Practices Directive has been implemented for a transitional period until 12 June 2013, after which full harmonisation will apply in the fields to which it relates. This Directive also provides for a report (expected in May 2012) on the application of the Directive, including on the scope for future harmonisation in the fields of financial services and immovable property. No assurance can be given that the United Kingdom implementation of the Unfair Practices Directive, including full harmonisation in the fields to which it applies, will not have a material adverse effect on the Loans and accordingly on the ability of the Issuer to make payments to Noteholders.

### ***Protocol on repossessions***

A protocol for mortgage repossession cases in England and Wales came into force on 19 November 2008, which sets out the steps that judges will expect any lender to take before starting a claim. A number of mortgage lenders, including the Sellers, have confirmed that they will delay the initiation of repossession action for at least three months after a borrower who is an owner-occupier is in arrears. The application of such moratorium may be subject to the wishes of the relevant borrower and may not apply in cases of fraud. The protocol may have adverse effects in markets experiencing above average levels of repossession claims. Delays in the initiation of responsive action in respect of the Loans may result in lower recoveries and may adversely affect the ability of the Issuer to make payments to Noteholders.

### ***UK proposals for changes to mortgage regulation and to the regulatory framework***

In January 2011, HM Treasury announced proposals to enhance consumer protection in the mortgage market. Forthcoming legislation is expected to provide for consumer protection when a mortgage book is sold by a regulated mortgage lender to an unregulated entity. In this regard, it is proposed that the definition of the regulated activity of administering a regulated mortgage contract will be expanded so that any entity which exercises specified rights or which interacts with a borrower, for example, by notifying the borrower of changes in interest rates, will be required to be authorised and regulated under the FSMA.

In June 2011, HM Treasury published a consultation paper, including a draft Financial Services Bill, that reiterates proposals to replace the FSA with a new Prudential Regulation Authority, which will be responsible for micro-prudential regulation of financial institutions that manage significant risks on their balance sheets, and a new Financial Conduct Authority (the **FCA**), which will be responsible for conduct of business. These proposals include that consumer credit regulation (which includes new and existing second charge residential mortgages) will be transferred from the OFT to the FCA. These proposals also include that the FCA will have power to render unenforceable contracts made in contravention of its product intervention rules, and that formalised cooperation will exist between the FCA and the Ombudsman, particularly where issues identified potentially have wider implication, with a view to the FCA requiring affected firms to operate consumer redress schemes. HM Treasury has announced that it expects the Financial Services Bill to become law by the end of 2012 and the new regulatory framework to take effect in early 2013.

In December 2011, the FSA published a consultation paper that consolidates proposals arising out of its wide-ranging mortgage market review, which was launched in October 2009 to consider strengthening rules and guidance on, inter alia, affordability assessments, product regulation, arrears charges and responsible lending. The FSA aims to ensure the continued provision of mortgage credit for the majority of borrowers who can afford the financial commitment of a mortgage, while preventing a re-emergence of poor lending practices as the supply of mortgage credit in the market recovers. The FSA has announced that it intends to

publish a feedback statement and final rules in summer 2012, and that implementation of any of its proposals is unlikely to occur before summer 2013 except some proposals could be implemented earlier if they command widespread support among interested parties.

Any further changes to MCOB arising from the FSA's mortgage market review, or to MCOB or the FSMA arising from HM Treasury's proposals to change mortgage regulation or the regulatory framework, may adversely affect the Loans, the Sellers and/or the Servicer and their respective businesses and operations.

### **General**

No assurance can be given that changes will not be made to the regulatory regime and developments described above in respect of the mortgage market in the United Kingdom generally, the Sellers' particular sector in that market or specifically in relation to the Sellers. Any such action or developments, in particular, but not limited to, the cost of compliance, may have a material adverse effect on the Sellers, the Issuer, the Servicer and their respective businesses and operations. This may adversely affect the Issuer's ability to make payments in full on the Notes when due.

### **UK Taxation Position of the Issuer**

The Issuer has been advised that it should fall within the permanent regime for the taxation of securitisation companies (as introduced by the Taxation of Securitisation Companies Regulations 2006 (SI 2006/3296) (the **Securitisation Regulations**)), and as such should be taxed only on the amount of its "retained profit" (as that term is defined in the Securitisation Regulations), for so long as it satisfies the conditions of the Securitisation Regulations. However, if the Issuer does not satisfy the conditions to be taxed in accordance with the Securitisation Regulations (or subsequently does not), then profits or losses could arise in the Issuer which could have tax effects not contemplated in the cashflows for the transaction described in this Prospectus and as such adversely affect the tax treatment of the Issuer and consequently payment on the Notes.

### **U.S. Foreign Account Tax Compliance withholding may affect payments on the Notes**

The Foreign Account Tax Compliance provisions of the Hiring Incentives to Restore Employment Act, (**FATCA**), generally impose a new reporting regime and potentially a 30% withholding tax with respect to certain payments to certain non-US financial institutions (including entities such as the Issuer) that do not enter into and comply with an agreement with the U.S. Internal Revenue Service (the **IRS**), to provide certain information on the holders of its debt or equity (other than debt or equity interests that are regularly traded on an established securities market). The new withholding regime will be phased in beginning in 2014.

The IRS has not yet provided comprehensive guidance regarding FATCA and no assurance can be provided that the Issuer will enter into such an agreement with the IRS. If the Issuer does not enter such an agreement, amounts available to the Issuer to make payments on the Notes may be reduced. In the alternative, if the Issuer determines that it must comply with FATCA in order to receive certain payments free of U.S. withholding tax, Noteholders may be required to provide certain information (or, for certain non-US financial institutions, otherwise comply with FATCA) to avoid withholding on amounts paid to such Noteholder. If a Noteholder does not provide the necessary information or any other non-US financial institution through which payments on the notes are made is not in compliance with FATCA, amounts paid to Noteholders may be reduced.

FATCA is particularly complex and its application to the Issuer is uncertain at this time. Each prospective Noteholder should consult its own tax advisor to obtain a more detailed explanation of FATCA and to learn how this legislation might affect such Noteholder in its particular circumstance.

## ***EU Savings Directive***

Under EU Council Directive 2003/48/EC on the taxation of savings income (the **EU Savings Directive**), each Member State is required to provide to the tax authorities of another Member State details of payments of interest (or similar income) made by a person within its jurisdiction to, or collected by such a person for, an individual resident in, or certain limited types of entities established in, that other Member State. However, for a transitional period, Luxembourg and Austria are instead required (unless during that period they elect otherwise) to operate a withholding system in relation to such payments (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). A number of non-EU countries and territories including Switzerland have adopted similar measures (a withholding system in the case of Switzerland).

If a payment by the Issuer in respect of the Notes were to be made or collected through a Member State which has opted for a withholding system and an amount of, or in respect of, tax were to be withheld from that payment, neither the Issuer, any Paying Agent nor any other person would be obliged to pay additional amounts with respect to any Notes as a result of the imposition of such withholding tax. The Issuer is required to maintain a Paying Agent in a Member State that is not obliged to withhold or deduct tax pursuant to the EU Savings Directive (if there is any such Member State).

The European Commission has proposed certain amendments to the Directive, which may, if implemented, amend or broaden the scope of the requirements described above.

## ***Implementation of and/or changes to the Basel II framework may affect the capital requirements and/or the liquidity of the Notes***

In 1988, the Basel Committee on Banking Supervision (the **Basel Committee**) adopted capital guidelines that explicitly link the relationship between a bank's capital and its credit risks. In June 2006 the Basel Committee finalised and published new risk-adjusted capital guidelines (**Basel II**). Basel II includes the application of risk-weighting which depends upon, amongst other factors, the external or, in some circumstances and subject to approval of supervisory authorities, internal credit rating of the counterparty. The revised requirements also include allocation of risk capital in relation to operational risk and supervisory review of the process of evaluating risk measurement and capital ratios.

Basel II has not been fully implemented in all participating jurisdictions. The implementation of the framework in relevant jurisdictions may affect the risk-weighting of the Notes for investors who are or may become subject to capital adequacy requirements that follow the framework. The Basel II framework is implemented in the European Union by the Capital Requirements Directive. Certain amendments have been made to the Capital Requirements Directive, including by Directive 2010/76/EU (the so-called **CRD III**), which was required to be implemented by Member States by the end of 2011 and which introduces (amongst other things) higher capital requirements for certain trading book positions and re-securitisation positions.

It should also be noted that the Basel Committee has approved significant changes to the Basel II framework (such changes being commonly referred to as **Basel III**) and on 1 June 2011 issued its final guidance, which envisages a substantial strengthening of existing capital rules, including new capital and liquidity requirements intended to reinforce capital standards and to establish minimum liquidity standards and a minimum leverage ratio for financial institutions. In particular, the changes include, amongst other things, new requirements for the capital base, measures to strengthen the capital requirements for counterparty credit exposures arising from certain transactions and the introduction of a leverage ratio as well as short-term and longer-term standards for funding liquidity (referred to as the Liquidity Coverage Ratio and the Net Stable Funding Ratio). Member countries will be required to implement the new capital standards from January 2013, the new Liquidity Coverage Ratio from January 2015 and the Net Stable Funding Ratio from January 2018. The Basel Committee is also considering introducing additional capital requirements for systemically important institutions from 2016. The changes approved by the Basel Committee may have an

impact on the capital requirements in respect of the Notes and/or on incentives to hold the Notes for investors that are subject to requirements that follow the revised framework and, as a result, they may affect the liquidity and/or value of the Notes.

The European authorities support the work of the Basel Committee on the approved changes in general and, on 20 July 2011, the European Commission published a legislative package of proposals (known as **CRD IV**) to implement the changes through the replacement of the existing Capital Requirements Directive with a new Directive and Regulation. The proposals are in the process of being debated by the European authorities and the legislation is anticipated to be finalised during summer 2012. As with Basel III, the proposals contemplate the entry into force of the new legislation from January 2013, with full implementation by January 2019; however the proposals allow individual Member States to implement the stricter definition and/or level of capital more quickly than is envisaged under Basel III.

In general, investors should consult their own advisers as to the regulatory capital requirements in respect of the Notes and as to the consequences for and effect on them of any changes to the Basel II framework (including the Basel III changes described above) and the relevant implementing measures. No predictions can be made as to the precise effects of such matters on any investor or otherwise.

***Regulatory initiatives may result in increased regulatory capital requirements and/or decreased liquidity in respect of the Notes***

In Europe, the U.S. and elsewhere there is increased political and regulatory scrutiny of the asset-backed securities industry. This has resulted in a raft of measures for increased regulation which are currently at various stages of implementation and which may have an adverse impact on the regulatory capital charge to certain investors in securitisation exposures and/or the incentives for certain investors to hold asset-backed securities, and may thereby affect the liquidity of such securities. Investors in the Notes are responsible for analysing their own regulatory position and none of the Issuer, the Joint Lead Managers, the Joint Arrangers or the Sellers makes any representation to any prospective investor or purchaser of the Notes regarding the regulatory capital treatment of their investment in the Notes on the Closing Date or at any time in the future.

In particular, investors should be aware of Article 122a of the CRD (and any implementing rules of the CRD in relation to a relevant jurisdiction) which applies in general to newly issued securitisations after 31 December 2010. Article 122a restricts an EU regulated credit institution and its consolidated group entities from investing in asset-backed securities unless the originator, sponsor or original lender in respect of that securitisation has explicitly disclosed to the EU regulated credit institution that it will retain, on an ongoing basis, a net economic interest of not less than 5 per cent. in the relevant securitisation as contemplated by Article 122a. Article 122a also requires an EU regulated credit institution (or its consolidated group entities, as applicable) to be able to demonstrate that it has undertaken certain due diligence in respect of, amongst other things, the Notes it has acquired and the underlying exposures and that procedures have been established for such due diligence to be conducted on an on-going basis. Failure to comply with one or more of the requirements set out in Article 122a may result in the imposition of a penal capital charge with respect to the investment made in the securitisation by the relevant investor.

Article 122a applies in respect of the Notes. Investors which are EU regulated credit institutions or form part of the consolidated group of an EU regulated credit institution should therefore make themselves aware of the requirements of Article 122a (and any implementing rules of the CRD in relation to a relevant jurisdiction) in addition to any other regulatory requirements applicable to them with respect to their investment in the Notes. Relevant investors are required to independently assess and determine the sufficiency of the information described in this Prospectus and in any investor reports provided in relation to the transaction for the purpose of complying with Article 122a and none of the Issuer, Godiva, CBS (in its capacities as a Seller, the Servicer or the Cash Manager), the Joint Arrangers, the Joint Lead Managers or any other party to the transaction makes any representation that the information described above is sufficient in all circumstances for such purposes.

There remains considerable uncertainty with respect to Article 122a and its implementation in EEA states and it is not clear what will be required to demonstrate compliance to national regulators. It should be noted that EEA states may implement Article 122a and related provisions differently. Investors who are uncertain as to the requirements that will need to be complied with in order to avoid the additional regulatory charges for non compliance with Article 122a and any implementing rules of the CRD in a relevant jurisdiction should seek guidance from their regulator. Similar requirements to those set out in Article 122a are expected to be implemented for other EU regulated investors (such as investment firms, insurance and reinsurance undertakings and certain hedge fund managers) in the future.

Article 122a of the CRD and any other changes to the regulation or regulatory treatment of the Notes for some or all investors may negatively impact the regulatory position of individual investors and, in addition, have a negative impact on the price and liquidity of the Notes in the secondary market.

### ***European Monetary Union***

If the United Kingdom joins the European Monetary Union prior to the maturity of the Notes, there is no assurance that this would not adversely affect investors in the Notes.

It is possible that, prior to the maturity of the Notes, the United Kingdom may become a participating Member State in the European Economic and Monetary Union and that the Euro may become the lawful currency of the United Kingdom (although the UK coalition government has ruled out preparing for or joining the euro for the duration of the coalition agreement as published in full on 20 May 2010). In the event that the euro were to become the lawful currency of the United Kingdom, (a) all amounts payable in respect of the Notes may become payable in Euro; (b) applicable provisions of law may allow or require the Notes to be redenominated into Euro and additional measures to be taken in respect of such Notes; and (c) the introduction of the euro as the lawful currency of the United Kingdom may result in the disappearance of published or displayed rates for deposits in Sterling used to determine the rates of interest on the Notes or changes in the way those rates are calculated, quoted and published or displayed. The introduction of the Euro could also be accompanied by a volatile interest rate environment which could adversely affect a Borrower's ability to repay its Loan as well as adversely affect investors in the Notes. It cannot be said with certainty what effect, if any, adoption of the euro by the United Kingdom will have on investors in the Notes.

### ***English law security and insolvency considerations***

The Issuer will enter into the Deed of Charge pursuant to which it will grant the Security in respect of certain of its obligations, including its obligations under the Notes (as to which, see "*Overview of Key Transaction Documents — Deed of Charge*"). If certain insolvency proceedings are commenced in respect of the Issuer, the ability to realise the Security may be delayed and/or the value of the Security impaired.

In particular, the ability to realise the security granted by the Issuer may be delayed if an administrator is appointed or in the context of a company voluntary arrangement in respect of the Issuer. In this regard, it should be noted that:

- (a) in general, an administrator may not be appointed in respect of a company if an administrative receiver is in office. Amendments were made to the Insolvency Act 1986 in September 2003 which restrict the right of the holder of a floating charge to appoint an administrative receiver, unless an exception applies. Significantly, one of the exceptions allows for the appointment of an administrative receiver in relation to certain transactions in the capital market. While it is anticipated that the requirements of this exception will be met in respect of the Deed of Charge, it should be noted that the Secretary of State for Business, Innovation & Skills may by regulation modify the capital market exception and/or provide that the exception shall cease to have effect; and

- (b) under the Insolvency Act 1986 (as amended by the Insolvency Act 2002), certain "small" companies (which are defined by reference to certain financial and other tests) are entitled to seek protection from their creditors for a limited period for the purposes of putting together a company voluntary arrangement. The position as to whether or not a company is a small company may change from time to time and consequently no assurance can be given that the Issuer will not, at any given time, be determined to be a small company. However, certain companies are excluded from the optional moratorium provisions, including a company which is party to certain transactions in the capital market and/or which has a liability in excess of a certain amount. While the Issuer should fall within the current exceptions, it should be noted that the Secretary of State for Business, Innovation & Skills may by regulation modify these exceptions.

In addition, it should be noted that, to the extent that the assets of the Issuer are subject only to a floating charge (including any fixed charge recharacterised by the courts as a floating charge), in certain circumstances under the provisions of section 176A of the Insolvency Act 1986, certain floating charge realisations which would otherwise be available to satisfy the claims of secured creditors under the Deed of Charge may be used to satisfy any claims of unsecured creditors. While certain of the covenants given by the Issuer in the Transaction Documents are intended to ensure it has no significant creditors other than the secured creditors under the Deed of Charge, it will be a matter of fact as to whether the Issuer has any other such creditors at any time. There can be no assurance that the Noteholders will not be adversely affected by any such reduction in floating charge realisations upon the enforcement of the Security.

While the transaction structure is designed to minimise the likelihood of the Issuer becoming insolvent, there can be no assurance that the Issuer will not become insolvent and/or the subject of insolvency proceedings and/or that the Noteholders would not be adversely affected by the application of insolvency laws (including English insolvency laws and, if applicable, Scottish insolvency laws).

### ***Liquidation expenses***

On 6 April 2008, a provision in the Insolvency Act 1986 came into force which effectively reversed by statute the House of Lords' decision in the case of *Leyland Daf* in 2004. Accordingly, it is now the case that the costs and expenses of a liquidation (including certain tax charges) will be payable out of floating charge assets in priority to the claims of the floating charge-holder. In respect of certain litigation expenses of the liquidator only, this is subject to approval of the amount of such expenses by the floating charge-holder (or, in certain circumstances, the court) pursuant to provisions set out in rules 4.218A to 4.218E of the Insolvency Rules 1986 and rules 4.228A to 4.228E of the Insolvency Rules (Northern Ireland) 1991. In general, the reversal of the *Leyland Daf* case applies in respect of all liquidations commenced on or after 6 April 2008.

As a result of the changes described above, which bring the position in a liquidation into line with the position in an administration, upon the enforcement of the floating charge security granted by the Issuer, floating charge realisations which would otherwise be available to satisfy the claims of the Secured Creditors under the Deed of Charge may be reduced by at least a significant proportion of any liquidation or administration expenses. There can be no assurance that the Noteholders will not be adversely affected by such a reduction in floating charge realisations.

### ***Insolvency proceedings and subordination provisions***

There is uncertainty as to the validity and/or enforceability of a provision which, based on contractual (such as the contractual Priority of Payments as contemplated in this transaction) and/or trust principles, subordinates certain payment rights of a creditor to the payment rights of other creditors of its counterparty upon the occurrence of insolvency proceedings relating to that creditor. In particular, recent cases have focused on provisions involving the subordination of a swap counterparty's payment rights in respect of certain termination payments upon the occurrence of insolvency proceedings or other default on the part of such counterparty. Such provisions are similar in effect to the terms included in the Transaction Documents

relating to the subordination of Interest Rate Swap Excluded Termination Amounts payable in respect of the Interest Rate Swap Agreement (or any replacement interest rate swap agreement).

The English Supreme Court has held that a flip clause as described above is valid under English law. Contrary to this, however, the US Bankruptcy Court has held that such a subordination provision is unenforceable under US bankruptcy law and that any action to enforce such provision would violate the automatic stay which applies under such law in the case of a US bankruptcy of the counterparty. The implications of this conflicting judgment are not yet known, particularly as the US Bankruptcy Court approved, in December 2010, the settlement of the case to which the judgment relates and subsequently the appeal was dismissed.

If a creditor of the Issuer (such as the Interest Rate Swap Provider) or a related entity becomes subject to insolvency proceedings in any jurisdiction outside England and Wales (including, but not limited to, the US), and it is owed a payment by the Issuer (such as a termination payment due under a swap agreement which has been subordinated as it is being made as a result of that swap provider's insolvency), a question arises as to whether the insolvent creditor or any insolvency official appointed in respect of that creditor could successfully challenge the validity and/or enforceability of subordination provisions included in the English law governed Transaction Documents (such as a provision of the Priority of Payment which refers to the ranking of a swap provider's payment rights in respect of Interest Rate Swap Excluded Termination Amounts). In particular, based on the decision of the US Bankruptcy Court referred to above, there is a risk that such subordination provisions would not be upheld under US bankruptcy laws. Such laws may be relevant in certain circumstances with respect to a range of entities which may act as swap counterparty, including US established entities and certain non-US established entities with assets or operations in the US (although the scope of any such proceedings may be limited if the relevant non-US entity is a bank with a licensed branch in a US state). In general, if a subordination provision included in the Transaction Documents was successfully challenged under the insolvency laws of any relevant jurisdiction outside England and Wales and any relevant foreign judgment or order was recognised by the English courts, there can be no assurance that such actions would not adversely affect the rights of the Class A Noteholders, the market value of the Class A Notes and/or the ability of the Issuer to satisfy its obligations under the Class A Notes.

Lastly, given the general relevance of the issues under discussion in the judgments referred to above and that the Transaction Documents include terms providing for the subordination of the Interest Rate Swap Excluded Termination Amounts, there is a risk that the final outcome of the dispute in such judgments (including any recognition action by the English courts) may result in negative rating pressure in respect of the Class A Notes. If any rating assigned to the Class A Notes is lowered, the market value of the Class A Notes may reduce.

### ***Limited recourse***

The Notes will be limited recourse obligations of the Issuer. The ability of the Issuer to meet its obligations under the Notes will be dependent upon the receipt by it in full of (a) principal and interest from the Borrowers under the Loans and their Related Security in the Portfolio, (b) payments (if any) due from the Interest Rate Swap Provider, (c) interest income on the Bank Accounts, (d) funds available in the Liquidity Reserve Fund (if established); (e) funds available in the General Reserve Fund and (f) funds available in other reserve funds (if any). Other than the foregoing, the Issuer is not expected to have any other funds available to it to meet its obligations under the Notes. Upon enforcement of the Security by the Security Trustee, if:

- (a) there are no Charged Assets remaining which are capable of being realised or otherwise converted into cash;

- (b) all amounts available from the Charged Assets have been applied to meet or provide for the relevant obligations specified in, and in accordance with, the provisions of the Deed of Charge; and
- (c) there are insufficient amounts available from the Charged Assets to pay in full, in accordance with the provisions of the Deed of Charge, amounts outstanding under the Notes (including payments of principal and interest),

then the Secured Creditors (which include the Noteholders) shall have no further claim against the Issuer in respect of any amounts owing to them which remain unpaid (including, for the avoidance of doubt, payments of principal and interest in respect of the Notes) and such unpaid amounts shall be deemed to be discharged in full and any relevant payment rights shall be deemed to cease.

Each Secured Creditor agrees that if any amount is received by it (including by way of set-off) in respect of any secured obligation owed to it other than in accordance with the provisions of the Deed of Charge, then an amount equal to the difference between the amount so received by it and the amount that it would have received had it been paid in accordance with the provisions of the Deed of Charge shall be received and held by it as trustee for the Security Trustee and shall be paid over to the Security Trustee immediately upon receipt so that such amount can be applied in accordance with the provisions of the Deed of Charge.

#### ***Pensions Act 2004***

Under the Pensions Act 2004 a person that is 'connected with' or an 'associate' of an employer under an occupational pension scheme can be subject to either a contribution notice or a financial support direction. The Issuer may be treated as 'connected with' an employer under an occupational pension scheme which is within the CBS Group.

A contribution notice could be served on the Issuer if it was party to an act, or a deliberate failure to act, the main purpose or one of the main purposes of which was either (i) to prevent the recovery of the whole or any part of a debt which was, or might become, due from the employer under section 75 of the Pensions Act 1995 or (ii) otherwise than in good faith, to prevent such a debt becoming due, to compromise or otherwise settle such a debt, or to reduce the amount of such a debt which would otherwise become due.

A financial support direction could be served on the Issuer where the employer is either a service company or insufficiently resourced. An employer is insufficiently resourced if the value of its resources is broadly less than 50 per cent. of the pension scheme's deficit calculated on an annuity buy-out basis and there is a connected or associated person whose resources at least cover that difference. A financial support direction can only be served where the Pensions Regulator considers it is reasonable to do so, having regard to a number of factors.

It should be noted that, following the decision of the Court of Appeal in *Bloom & Ors v The Pensions Regulator and others* [2011] EWCA Civ 1124, it was held that contribution notices and financial support directions issued after the commencement of a liquidation or an administration (by the Pensions Regulator pursuant to its "moral hazard" powers) should be treated by the companies in liquidation/administration as a liquidation/administration expense, not an ordinary unsecured debt. This means that any such payments will be required to be made in priority to the claims of the Security Trustee in respect of the floating charge assets.

If a contribution notice or financial support direction were to be served on the Issuer this could adversely affect the interests of the Noteholders.

## ***CRA Regulations***

In general, European regulated investors are restricted under the CRA Regulation from using credit ratings for regulatory purposes, unless such ratings are issued by a credit rating agency established in the EU and registered under the CRA Regulation (and such registration has not been withdrawn or suspended), subject to transitional provisions that apply in certain circumstances whilst the registration application is pending. Such general restriction will also apply in the case of credit ratings issued by non-EU credit rating agencies, unless the relevant credit ratings are endorsed by an EU-registered credit rating agency or the relevant non-EU rating agency is certified in accordance with the CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended).

## TRANSACTION OVERVIEW - PORTFOLIO AND SERVICING

Please refer to the sections entitled "**Characteristics of the Portfolio**", "**Overview of the Key Transaction Documents – Mortgage Sale Agreements**" and "**Overview of the Key Transaction Documents – Servicing Agreement**" for further detail in respect of the characteristics of the Portfolio and the sale and the servicing arrangements in respect of the Portfolio.

### Sale of Portfolio:

The primary source of funds available to the Issuer to pay interest and principal on the Notes will be the Revenue Receipts and Principal Receipts generated by the Loans in the Portfolio. Pursuant to the Mortgage Sale Agreements, each of the Sellers will sell its interest in the Portfolio to the Issuer on the Closing Date. The sale by the Sellers to the Issuer of each Loan in the Portfolio which is secured by a Mortgage over a Property located in England, Wales or Scotland will be given effect by:

- (a) as regards Loans that are secured by a Mortgage over Properties located in England or Wales, an equitable assignment; and
- (b) as regards Loans that are secured by a Mortgage over a Property located in Scotland or where such Loans are otherwise governed by Scots law, a declaration of trust (each a **Scottish Declaration of Trust**).

The terms **sale**, **sell** and **sold** when used in this Prospectus in connection with the Loans and their Related Security shall be construed to mean each such creation of an equitable interest and such equitable assignment and the beneficial interest created under and pursuant to each Scottish Declaration of Trust, as applicable. The terms **repurchase** and **repurchased** when used in this Prospectus in connection with the Loans and their Related Security shall be construed to include the repurchase of the beneficial interest of the Issuer in respect of such Loans and their Related Security under the relevant Scottish Declaration of Trust and the release of such Loans and their Related Security therefrom.

Prior to the occurrence of a Perfection Event as set out below, notice of the sale of the Portfolio will not be given to the relevant individual or individuals specified as borrowers in the relevant mortgage together with the individual or individuals (if any) from time to time assuming an obligation to repay a relevant Loan or any part of it (the **Borrowers**) under those Loans transferred and the Issuer will not apply to the Land Registry or the Central Land Charges Registry to register or record its equitable or beneficial interest in the English Mortgages or take any steps to complete or perfect its title to the Scottish Mortgages.

### The Loans:

The **Portfolio** will consist of the Loans, the Related Security and all monies derived therefrom from time to time.

The term **Loans** when used in this Prospectus means the residential mortgage loans, secured by Mortgages and Related Security, in the Portfolio to be sold to the Issuer by the Sellers from time to time together

with, where the context so requires, each Further Advance (as defined in "Overview of the Key Transaction Documents — Mortgage Sale Agreements") sold to the Issuer by either of the Sellers after the Closing Date, each Substitute Loan sold or to be sold (as applicable) to the Issuer by either of the Sellers on any Substitution Date and any alteration to a Loan by either of the Sellers pursuant to a Product Switch but excluding (for the avoidance of doubt) each Loan and its Related Security which is repurchased by a Seller pursuant to the relevant Mortgage Sale Agreement or otherwise sold by the Issuer in accordance with the terms of the Transaction Documents and no longer beneficially owned by the Issuer.

The term **English Loan** when used in this Prospectus means a Loan secured by an English Mortgage (as defined below) and other Related Security. The term **Scottish Loan** when used in this Prospectus means a Loan secured by a Scottish Mortgage (as defined below) and other Related Security or any Loan governed by Scots law which is not secured by a Scottish Mortgage.

**Current Balance** means, in relation to a Loan, on any date, the aggregate balance of the Loan at such date (but avoiding double counting) including:

- (a) the original amount advanced to the relevant Borrower and any further amount (including any Further Advance) advanced on or before the given date to the relevant Borrower secured or intended to be secured by the related Mortgage;
- (b) any interest, disbursement, legal expense, fee, charge, rent, service charge, premium or payment which has been properly capitalised in accordance with the relevant Mortgage Conditions or with the relevant Borrower's consent and added to the amounts secured or intended to be secured by the related Mortgage; and
- (c) any other amount (including, for the avoidance of doubt, Accrued Interest and Arrears of Interest) which is due or accrued

(whether or not due) and which has not been paid by the relevant Borrower and has not been capitalised in accordance with the relevant Mortgage Conditions or with the relevant Borrower's consent but which is secured or intended to be secured by the related Mortgage,

as at the end of the Business Day immediately preceding that given date less any repayment or payment of any of the foregoing made on or before the end of the Business Day immediately preceding that given date and excluding any retentions made but not released and any Further Advances committed to be made but not made by the end of the Business Day immediately preceding that given date.

**English Mortgage** means a first ranking legal charge secured over a freehold or leasehold Property located in England or Wales.

**Scottish Mortgage** means a Mortgage over a Property located in Scotland.

As at the Closing Date, the Loans in the Portfolio will comprise Loans which pay interest based on:

- (a) discretionary rates of interest set by either of the Sellers based on general interest rates and competitive forces in the UK mortgage market from time to time;

- (b) fixed rates of interest or series of rates set for a fixed period or periods;
- (c) rates of interest capped at a specific rate; and
- (d) rates of interest which track a base rate such as the Bank of England base rate.

In addition, the Loans will comprise repayment Loans and/or interest-only Loans. See "*The Loans*" for a full description of the Loans.

If a Borrower ports a Loan comprised in the Portfolio (i.e. transfers its Loan to a new property), the proceeds of the redemption of such Loan will, at the discretion of the relevant Seller, either be credited to the Ported Loan Repurchase Ledger or credited to the Principal Ledger. If the proceeds of redemption are credited to the Ported Loan Repurchase Ledger, such amounts will be applied to purchase any new loan which is ported to and secured on the new Property of such Borrower (which such new Loan shall be treated as a Further Advance and, as such, will be subject to the same Loan Warranties and Asset Conditions applicable to Further Advances), provided that if such a new loan has not been created on or prior to the date falling three months after the date of deposit (the **Porting Deadline Date**), the amount deposited will be treated as Available Principal Receipts and paid in accordance with the Pre-Acceleration Principal Priority of Payments or the Post-Acceleration Priority of Payments (as applicable) on the Interest Payment Date immediately following the relevant Porting Deadline Date. If the proceeds of redemption of such Loans are credited to the Principal Ledger immediately upon receipt by the Issuer at the direction of the Seller or are credited following the redemption proceeds standing to the credit of the Ported Loan Repurchase Ledger following the Porting Deadline Date, the Loan and its Related Security shall be transferred from the Issuer to the relevant Seller.

**Features of the Loans:**

The following is a summary of certain features of the Loans as at 31 March 2012 (the **Cut-Off Date**) and Noteholders should refer to, and carefully consider, further details in respect of the Loans set out in "*Characteristics of The Portfolio*".

**Consideration:**

The Issuer will use the proceeds of the issue of the Class A Notes to pay the Initial Consideration. If the proceeds of the Class A Notes are insufficient to pay the Initial Consideration in respect of the Portfolio, the remaining portion of the Initial Consideration will be funded using the proceeds of the Class Z VFN. The Loans will be sold to the Issuer at a price equal to their Current Balance. The Issuer will pay Deferred Consideration to the Sellers from excess Available Revenue Receipts in accordance with the Pre-Acceleration Revenue Priority of Payments or the Post-Acceleration Priority of Payments.

**Representations and Warranties:**

Each of the Sellers will make certain Loan Warranties regarding the Loans and Related Security to the Issuer on the Closing Date, and in respect of those Loans subject to a Further Advance, Substitution and/or Product Switch on the last day of the Monthly Period in which each Further Advance, Substitution and/or Product Switch takes place.

Broadly speaking, in addition to representations and warranties in respect of the legal nature of the Loans and their Related Security, there are also asset Loan Warranties which include the following:

- first ranking security in respect of properties located in England and Wales and Scotland;
- no Loan has a Current Balance of more than £1,000,000;
- no Loan is one or more months in arrears;
- no Loan is a Self-certified Loan, Buy to Let Loan, a New Build Loan, an Offset Loan or a Right to Buy Loan;
- no Loan has a maturity date falling later than three years earlier than the Final Maturity Date;
- to the best of the Sellers' knowledge at the time of the relevant application for a Mortgage, no Borrower had filed for bankruptcy or been sequestrated or had a county court judgment or court decree entered or awarded against him in the period commencing on the date falling 6 years prior to the date they executed the relevant Mortgage and ending on the date they executed the relevant Mortgage; and
- to the best of the relevant Seller's knowledge, no Borrower had been in arrears with another mortgage lender at any point during

the 12 months prior to the date of such Borrower's Initial Advance under its Loan.

See section "*Overview of the Key Transaction Documents – Mortgage Sale Agreements*" for further details.

**Substitution Criteria:**

On repurchase of the Loans as described below, the relevant Seller may transfer Substitute Loans to the Issuer as consideration in whole, or in part together with any cash payment amount, for such repurchase. This is subject to the satisfaction of certain Substitution Conditions which broadly include the following:

- No Event of Default has occurred and is continuing;
- No Seller Insolvency Event has occurred;
- If required, the Interest Rate Swap Agreement may be appropriately varied or replaced in order to hedge against the interest rate payable on the Substitute Loan(s) and the floating rate of interest payable on the Notes; and
- The Substitute Loan and Related Security constitute the same ranking and priority security over a Property as the security provided in respect of the relevant repurchased Loan.

See the section entitled "*Overview of the Key Transaction Documents – Mortgage Sale Agreements*" for further details.

**Repurchase of the Loans and Related Security:**

The Issuer shall offer to sell and the relevant Seller shall repurchase the relevant Loans and their Related Security in the following circumstances:

- Upon a breach of Loan Warranties or Eligibility Criteria (which is either not capable of remedy or if the relevant Seller failed to remedy it within a 60 day grace period) in respect of Loans sold into the Portfolio on the Closing Date;
- If the Issuer is unable to fund the purchase of any Further Advance from funds standing to the credit of the Principal Ledger and the Class Z VFN Holder fails to advance an amount equal to such shortfall; and
- Upon a breach of the Asset Conditions in respect of Loans subject to a Further Advance, Substitution and/or Product Switch (which is either not capable of remedy or if the relevant Seller failed to remedy it within the agreed 60 day grace period).

CBS will provide a guarantee to the Issuer in respect of the repurchase obligations of Godiva under the Godiva Mortgage Sale Agreement. Under such guarantee, upon the failure of Godiva to repurchase a Loan pursuant to the terms of the Godiva Mortgage Sale Agreement, CBS will procure that it or one of its subsidiaries repurchases such Loan.

**Consideration for**

The amount payable by the relevant Seller in respect of the repurchase

**repurchase:**

of the Loans and Related Security shall be equal to the aggregate of the Current Balance (excluding, if applicable, the amount of any Further Advance which has not yet been paid for by the Issuer) of the relevant Loan calculated as at the actual date on which such Loan is repurchased.

Such consideration may be satisfied by a cash payment from the relevant Seller and/or by the transfer of Substitute Loans to the Issuer.

**Perfection Events:**

Completion of transfer of the legal title of the Loans by the relevant Seller to the Issuer will be completed on or before the 20th Business Day after the earliest to occur of the following:

- (a) in relation to the Loans sold by CBS to the Issuer, a written direction is received by CBS from the FSA requiring the transfer of all of the engagements or the business of CBS to another entity in circumstances where the rights of borrowing members of CBS will cease (provided that, where approval of the transfer from the members of the Issuer is required by either the FSA or applicable law, such approval is obtained);
- (b) the relevant Seller being required: (i) by law; (ii) by an order of a court of competent jurisdiction; (iii) by a regulatory authority which has jurisdiction over the relevant Seller; or (iv) by any organisation of which the Seller is a member, or whose members comprise, but are not necessarily limited to, mortgage lenders and with whose instructions it is customary for the relevant Seller to comply, to perfect legal title to the Loans;
- (c) the relevant Seller requesting a transfer by way of assignment or assignation by giving notice in writing to the Issuer and the Security Trustee; or
- (d) the occurrence of a Seller Insolvency Event.

Prior to the completion of the transfer of legal title to the relevant Loans and Related Security, the Issuer will hold only the equitable title or, in relation to any Scottish loans and their Related Security, beneficial title to those Loans pursuant to a Scottish Declaration of Trust and will therefore be subject to certain risks as set out in the risk factor entitled "*Sellers to Initially Retain Legal Title to the Loans and risks relating to set-off*" in the Risk Factors section.

The relevant Seller will if its long-term unsecured, unsubordinated and unguaranteed debt obligations or (where the Seller does not have an independent rating) those of CBS cease to be assigned a long-term credit rating from Moody's of at least Baa3 or from Fitch of at least BBB- (or such other long term rating which is otherwise acceptable to the relevant Rating Agency), unless Moody's and/or, as the context may require, Fitch, as applicable, confirms that the then current ratings of the Class A Notes will not be adversely affected, deliver to the Issuer and the Security Trustee details of the names and addresses of the Borrowers with Loans then in the Portfolio, which may be provided in a document

stored upon electronic media, and a draft letter of notice to such Borrowers of the sale and assignment and assignation of those Loans and the Related Security to the Issuer.

**Servicing of the Portfolio:**

The parties to the Servicing Agreement to be entered into on or about the Closing Date will be the Issuer, the Security Trustee, the Sellers, the Back-Up Servicer Facilitator and the Servicer (the **Servicing Agreement**).

The Servicer will be appointed by the Sellers and the Issuer to service the Portfolio on a day-to-day basis, comprising the Loans sold to the Issuer and their Related Security, on behalf of the Issuer (or whilst the Loans are held subject to a Scottish Declaration of Trust, the Servicer will agree to service such Loans on behalf of the Sellers in their respective capacities as trustee thereunder acting upon the instruction of the Issuer in its capacity as beneficiary thereunder) (such services, *inter alia*, the **Services**).

So long as CBS (or any member of the CBS Group) is the Servicer, the Issuer will, on each Interest Payment Date, pay to the Servicer a servicing fee (inclusive of VAT) (the **Servicing Fee**) totalling 0.03 per cent. per annum on the aggregate Current Balance of the Loans in the Portfolio as determined on the preceding Calculation Date. If a substitute servicer from outside the CBS Group is appointed in accordance with the terms of the Servicing Agreement, the Issuer shall pay the successor servicer for its services a fee to be determined at the time of such appointment. The Servicing Fee will rank ahead of all payments to Noteholders on the Notes.

The appointment of the Servicer may be terminated by the Issuer (subject to the prior written consent of the Security Trustee) and (following the delivery of a Note Acceleration Notice) the Security Trustee upon the occurrence of the following events (the **Servicer Termination Events**):

- the Servicer defaults in the payment on the due date of any payment due and payable by it under the Servicing Agreement and such default continues unremedied for a period of 30 Business Days after the earlier of the Servicer becoming aware of such default and receipt by the Servicer of written notice from the Issuer, the Sellers or (following the delivery of a Note Acceleration Notice) the Security Trustee, as the case may be, requiring the same to be remedied;
- the Servicer defaults in the performance or observance of any of its other covenants and obligations under the Servicing Agreement, which failure in the opinion of the Note Trustee as notified to the Security Trustee is materially prejudicial to the interests of the Noteholders, and the Servicer does not remedy that failure within 30 Business Days after the earlier of the Servicer becoming aware of the failure or of receipt by the Servicer of written notice from the Issuer, either of the Sellers or (following the delivery of a Note Acceleration Notice) the Security

Trustee requiring the Servicer's non-compliance to be remedied;  
or

- an insolvency event occurs in relation to the Servicer.

The Servicer may also resign upon giving 12 months' written notice provided a replacement servicer has been appointed by the Issuer (subject to the prior written consent of the Security Trustee).

In the absence of a Servicer Termination Event, Noteholders have no right to instruct the Issuer to terminate the appointment of the Servicer. Once a Servicer Termination Event has occurred, Noteholders may by Extraordinary Resolution instruct the Issuer to replace the Servicer.

See "*Overview of Key Transaction Documents — Servicing Agreement*" below.

**Delegation:**

The Servicer will be permitted to delegate some or all of its obligations under the Servicing Agreement.

The Servicer may delegate some of its servicing functions to a third party (including, but without limitation, another entity in the CBS Group) provided that the Servicer remains responsible for the performance of any functions so delegated.

See "*Overview of Key Transaction Documents — Servicing Agreement*" below.

After the Closing Date, the General Reserve Fund will be replenished up to the General Reserve Required Amount on each Interest Payment Date from Available Revenue Receipts in accordance with the Pre-Acceleration Revenue Priority of Payments (see section "*Credit Structure – General Reserve Fund and General Reserve Ledger*" for further details);
- following the date on which CBS ceases to be assigned a long-term unsecured, unguaranteed and unsubordinated debt obligation rating by Moody's of at least Baa2 or by Fitch of at least BBB, availability of the Liquidity Reserve Fund funded by the Issuer up to the Liquidity Reserve Fund Required Amount which will be applied as Available Revenue Receipts to the extent necessary to pay senior expenses and interest payments on the Class A Notes in accordance with the Pre-Acceleration Revenue Priority of Payments on each Interest Payment Date. The Liquidity Reserve Fund will be funded from time to time up to the Liquidity Reserve Fund Required Amount following the date on which CBS ceases to be assigned a long-term unsecured, unguaranteed and unsubordinated debt obligation rating by Moody's of at least Baa2 or by Fitch of at least BBB from Available Principal Receipts in accordance with the Pre-Acceleration Principal Priority of Payments. The Principal Deficiency Ledger will be debited on each Interest Payment Date by an amount equal to the amount drawn from the Liquidity Reserve Fund on that date (if any). The Liquidity Reserve Fund will be applied by the Issuer as Principal Receipts on the earlier of the Interest Payment Date falling on or prior to the Final Maturity Date and the date on which all Class A Notes have been redeemed in full (see section "*Credit Structure – Liquidity Reserve Fund and Liquidity Reserve Fund Ledger*" for further

details);

- a Principal Deficiency Ledger will be established for each Class of Notes to record the Losses corresponding to each Class of Notes in reverse sequential order, Principal Receipts used to pay a Revenue Deficiency and any debiting of the Liquidity Reserve Fund (if established). Available Revenue Receipts will be applied in accordance with the relevant Priority of Payment to eliminate any balance on the relevant Principal Deficiency Ledger in sequential order (see section "*Credit Structure – Principal Deficiency Ledgers*" for further details); and
- availability of an interest rate swap provided by the Interest Rate Swap Provider to hedge against the possible variance between the rates of interest received on the Loans in the Portfolio (which may, for instance, include variable rates of interest, capped rates of interest, fixed rates of interest and/or rates of interest which track a base rate such as the Bank of England base rate) and the rates of interest payable on the Notes (see section "*Credit Structure – Interest Rate Risk for the Notes*" for further details).

**Bank Accounts:**

The Issuer will enter into the Bank Account Agreement with the Account Bank on the Closing Date in respect of the Transaction Account and any additional accounts to be established by the Issuer pursuant to the Bank Account Agreement (including any swap collateral account(s)) (together, the **Bank Accounts**).

Collections of revenue and principal in respect of the Loans in the Portfolio are received by the relevant Seller into its collection account. The relevant Seller (and, where relevant, the Servicer) is obliged to transfer collections in respect of the Loans in the Portfolio to the Transaction Account on a daily basis. On each Interest Payment Date, the Cash Manager will transfer monies from the Transaction Account to be applied in accordance with the relevant Priority of Payments. Monies may also be transferred from the Transaction Account on any Monthly Pool Date to pay the Further Advance Purchase Price in respect of any Further Advance.

**Cash Management:**

Pursuant to the Cash Management Agreement, the Cash Manager will agree to provide certain cash management and other services to the Issuer. The Cash Manager's principal function will be effecting payments to and from the Transaction Account. In addition, the Cash Manager will:

- (a) provide the Issuer, the Security Trustee, the Sellers, the Class A Noteholders and the Rating Agencies with a monthly investor report (the **Investor Report**) setting out certain aggregated loan data in relation to the Portfolio on or about the last Business Day of the month;
- (b) calculate the Available Revenue Receipts and Available Principal Receipts of the Issuer;
- (c) calculate any Revenue Deficiency;

- (d) apply, or cause to be applied, Available Revenue Receipts in accordance with the Pre-Acceleration Revenue Priority of Payments and Available Principal Receipts in accordance with the Pre-Acceleration Principal Priority of Payments;
- (e) if required by the Security Trustee, apply, or cause to be applied, Available Revenue Receipts and Available Principal Receipts in accordance with the Post-Acceleration Priority of Payments;
- (f) make withdrawals from the General Reserve Ledger, the Revenue Ledger, the Issuer Profit Ledger, the Principal Deficiency Ledger, the Principal Ledger, the Liquidity Reserve Ledger, the Swap Collateral Ledger and the Ported Loan Repurchase Ledger as and when required;
- (g) make payments of any Further Advance Purchase Price to the Sellers;
- (h) make a drawing under the Class Z VFN as required, including, without limitation, any drawing required to fund the Further Advance Purchase Price;
- (i) make any determinations required to be made by the Issuer under the Interest Rate Swap Agreement;
- (j) establish one or more swap collateral accounts if required in the event that any collateral is posted by the Interest Rate Swap Provider pursuant to the Interest Rate Swap Agreement and credit all swap collateral to the relevant swap collateral account (to the extent such collateral is not credited to the Swap Collateral Ledger on the Transaction Account); and
- (k) make any determinations and calculations in respect of the Reconciliation Amount, if necessary.

**Overview of key  
Interest Rate Swap  
Terms:**

On or about the Closing Date, the Interest Rate Swap Provider will enter into an ISDA Master Agreement (including a schedule and a credit support annex thereto and a confirmation thereunder) with the Issuer (as amended from time to time) (the **Interest Rate Swap Agreement**).

Payments received by the Issuer under the Loans will be subject to various interest rates including fixed interest rates, variable interest rates, capped interest rates and interest rates that track a variable interest rate such as the Bank of England base rate. The interest amounts payable by the Issuer in respect of the Notes will be calculated by reference to Three-Month Sterling LIBOR. Pursuant to the Interest Rate Swap Agreement the Issuer will enter into a swap to hedge against the possible variance between the rates of interest received on the Loans in the Portfolio and the rates of interest payable on the Notes (the **Interest Rate Swap**).

**Three-Month Sterling LIBOR** means the London Interbank Offered Rate for three-month Sterling deposits as displayed on Reuters Screen LIBOR01.

The Interest Rate Swap has the following key commercial terms:

**Swap Notional Amount:** an amount in Sterling equal to the product of (i) the Performance Ratio and (ii) the average daily aggregate Current Balance of the Loans in the Portfolio during the relevant Collection Period.

**Issuer payment:** the aggregate of the amounts produced, for each of the Interest Periods as a result of the product of (A) the sum of (i) the weighted average fixed rate of interest (as defined in the Interest Rate Swap) multiplied by the ratio of Fixed Rate Loans in the Portfolio; (ii) the weighted average variable rate of interest (as defined in the Interest Rate Swap) multiplied by the ratio of Variable Rate Loans in the Portfolio; (iii) the weighted average tracker rate of interest (as defined in the Interest Rate Swap) multiplied by the ratio of Tracker Rate Loans in the Portfolio and (iv) the weighted average capped rate of interest (as defined in the Interest Rate Swap) multiplied by the ratio of Capped Rate Loans in the Portfolio, (B) the Swap Notional Amount and (C), the day count fraction specified in the Interest Rate Swap and in each case for the relevant Interest Period.

**Interest Rate Provider payment:** the sum, for each of the Interest Periods, of the amounts produced by applying Three-Month Sterling LIBOR (or in respect of the Interest Period ending on or around 26 August 2012, the linear interpolation of Three-Month Sterling LIBOR and Four-Month Sterling LIBOR), plus a spread for the relevant Interest Period to the Swap Notional Amount of the Interest Rate Swap for the relevant Interest Period.

**Four-Month Sterling LIBOR** means the London Interbank Offered Rate for four-month Sterling deposits as displayed on Reuters Screen LIBOR01.

**Frequency of payment:** each Interest Payment Date.

**Performance Ratio:** in respect of a Collection Period, the lesser of (i) (A) the greater of (x) zero; and (y) the sum of all payments received in respect of each Loan in the Portfolio during that Collection Period, divided by (B) the sum of all payments due in respect of each Loan in the Portfolio during that Collection Period; and (ii) 1.

**Termination Date:** the earlier of (i) the Final Maturity Date of the Notes, (ii) the date on which the aggregate Principal Amount Outstanding of the Class A Notes is reduced to zero, (iii) the date on which the Swap Notional Amount falls to zero and (iv) the date on which the Security Trustee has enforced the Security under the Deed of Charge and distributed the proceeds thereof in full

## OVERVIEW OF THE KEY TRANSACTION DOCUMENTS

### Mortgage Sale Agreements

The Issuer will enter into a Mortgage Sale Agreement with each of CBS (such agreement, the **CBS Mortgage Sale Agreement**) and Godiva (such agreement, the **Godiva Mortgage Sale Agreement**) (each of the CBS Mortgage Sale Agreement and the Godiva Mortgage Sale Agreement, a **Mortgage Sale Agreement**). The following section describes both Mortgage Sale Agreements and references to the "Mortgage Sale Agreement" and the "Seller" shall be construed accordingly.

#### *Portfolio*

Under each Mortgage Sale Agreement, on the Closing Date the Issuer will pay the Initial Consideration to each Seller and:

- (a) a portfolio of English and Welsh residential mortgage loans and their associated mortgages and other Related Security (together, the **English Loans**) will be assigned by way of equitable assignment to the Issuer; and
- (b) each Seller will hold on trust under a Scottish Declaration of Trust a portfolio of Scottish residential mortgage loans for the benefit of the Issuer (together with the above portfolio of English and Welsh residential mortgage loans, the **Loans**) and associated first ranking standard securities (together with the above associated mortgages, the **Mortgages** and, together with the other security for the Loans, the **Related Security**) ,

in each case referred to as the sale by the Seller to the Issuer of the Loans and Related Security. The Loans and Related Security and all monies derived therefrom from time to time are referred to herein as the **Portfolio** . The "Loans" and "Related Security" are further defined in "Transaction Overview".

The Consideration due to the Seller in respect of the sale of the Portfolio will consist of:

- (a) an amount equal to the Current Balance of the Loans in the Portfolio on 30 April 2012 (the **Initial Consideration**); and
- (b) a covenant by the Issuer to pay any Deferred Consideration.

**Deferred Consideration** means the Godiva Deferred Consideration and the CBS Deferred Consideration.

**Godiva Deferred Consideration** means an amount equal to  $X - (A \times B / C)$  where:

- X = all interest received on the Godiva Portfolio during the immediately preceding Collection Period; and
- A = the amount paid in respect of items (a) to (o) of the Pre-Acceleration Revenue Priority of Payments or (a) to (h) inclusive of the Post-Acceleration Priority of Payments;
- B = the Current Balance of all Loans in the Godiva Portfolio as at the start of the immediately preceding Collection Period; and
- C = the Current Balance of all Loans in the Portfolio as at the start of the immediately preceding Collection Period.

**CBS Deferred Consideration** means all remaining Available Revenue Receipts after payment of items (a) to (o) of the Pre-Acceleration Revenue Priority of Payments or the items described in (a) to (h) inclusive of the Post-Acceleration Priority of Payments, less the aggregate of the Godiva Deferred Consideration.

**Godiva Portfolio** means any Loan which is sold and assigned by Godiva to the Issuer under the terms of the Godiva Mortgage Sale Agreement but excluding any mortgage loan which is repurchased by Godiva as a Seller (or, if not by Godiva, by CBS as a Seller) or otherwise sold by the Issuer and no longer beneficially owned by it.

**CBS Portfolio** means any Loan which is sold and assigned by CBS to the Issuer under the terms of the CBS Mortgage Sale Agreement but excluding any mortgage loan which is repurchased by CBS as a Seller or otherwise sold by the Issuer and no longer beneficially owned by it.

The Deferred Consideration will be paid in accordance with the priority of payments set out in the section headed "*Cashflows — Application of Available Revenue Receipts Prior to the Service of a Note Acceleration Notice on the Issuer*" and "*Cashflows – Distribution of Available Principal Receipts and Available Revenue Receipts Following the Service of a Note Acceleration Notice on the Issuer*" below.

**Consideration** means the Initial Consideration and the Deferred Consideration.

The terms **sale**, **sell** and **sold** when used in each Mortgage Sale Agreement and the other Transaction Documents in connection with the Loans and their Related Security are construed to mean in the case of the Scottish Loans, such Loans and Related Security being held on trust under a Scottish Declaration of Trust.

The terms **repurchase** and **repurchased** when used in each Mortgage Sale Agreement and the other Transaction Documents in connection with the Loans and their Related Security are construed to include the repurchase of the beneficial interest of the Issuer in respect of such Loan and Related Security under the relevant Scottish Declaration of Trust and the release of such Loans and their Related Security therefrom.

#### *Title to the Mortgages, Registration and Notifications*

The completion of the transfer or, in the case of Scottish Loans and their Related Security, assignment, of the Loans and Related Security (and where appropriate their registration) to the Issuer is, save in the limited circumstances referred to below, deferred. Legal title to the Loans and Related Security therefore remains with the relevant Seller. Notice of the sale of the Loans and their Related Security to the Issuer will not be given to any Borrower until the occurrence of a Perfection Event.

The transfers to the Issuer of the legal title to the Loans will be completed on or before the twentieth Business Day after the earliest to occur of the following:

- (a) in relation to the Loans sold by CBS to the Issuer, a written direction is received by CBS from the FSA requiring the transfer of all of the engagements or the business of CBS to another entity in circumstances where the rights of borrowing members of CBS will cease (provided that, where approval of the transfer from the members of CBS is required by either the FSA or applicable law, such approval is obtained);
- (b) the Seller being required: (i) by law; (ii) by an order of a court of competent jurisdiction; (iii) by a regulatory authority which has jurisdiction over the Seller; or (iv) by any organisation of which the Seller is a member, or whose members comprise, but are not necessarily limited to, mortgage lenders and with whose instructions it is customary for the Seller to comply, to perfect legal title to the Loans;

- (c) the Seller requesting a transfer by way of assignment or assignation by giving notice in writing to the Issuer and the Security Trustee; or
- (d) the occurrence of a Seller Insolvency Event

(each of the events set out in paragraphs (a) to (d) inclusive being a **Perfection Event**).

The relevant Seller will, if its short-term, unsecured unsubordinated debt obligations or (where the Seller does not have an independent rating), those of CBS, falls below P-2 by Moody's or F-2 by Fitch, respectively as at a Monthly Pool Date; or if its long-term unsecured, unsubordinated and unguaranteed debt obligations or (where the Seller does not have an independent rating) those of CBS cease to be assigned a long-term credit rating from Moody's of at least Baa3 or from Fitch of at least BBB- (or such other long term rating which is otherwise acceptable to the relevant Rating Agency), unless Moody's and/or, as the context may require, Fitch, as applicable, confirms that the then current ratings of the Class A Notes will not be adversely affected, deliver to the Issuer and the Security Trustee details of the names and addresses of the Borrowers with Loans then in the Portfolio, which may be provided in a document stored upon electronic media, and a draft letter of notice to such Borrowers of the sale and assignment and assignation of those Loans and the Related Security to the Issuer.

A **Seller Insolvency Event** will occur in the following circumstances:

- (a) an order is made or an effective resolution passed for the winding up of the Seller; or
- (b) the Seller stops or threatens to stop payment to its creditors generally or the relevant entity ceases or threatens to cease to carry on its business or substantially the whole of its business (which, for the avoidance of doubt, shall not include a restructuring of or amalgamation of entities in the group of which the Seller is a part); or
- (c) an encumbrancer takes possession or a receiver, administrator, administrative receiver or other similar officer is appointed to the whole or any material part of the undertaking, property and assets of the Seller or a distress, diligence or execution is levied or enforced upon or sued out against the whole or any material part of the chattels or property of the relevant entity and, in the case of any of the foregoing events, is not discharged within 30 days; or
- (d) the Seller is unable to pay its debts as they fall due.

The title deeds and customer files relating to the Portfolio are currently held by or to the order of the Seller. The Seller will undertake that all the title deeds and customer files relating to the Portfolio which are at any time in its possession or under its control or held to its order will be held to the order of the Issuer or as the Issuer directs.

None of the Security Trustee, the Note Trustee nor the Issuer has made or has caused to be made on its behalf any enquiries, searches or investigations, but each is relying entirely on the representations and warranties made by the Seller contained in the Mortgage Sale Agreement.

#### *Loan Porting*

If a Borrower ports (i.e. transfers its Loan to a new property) a Loan comprised in the Portfolio, the proceeds of the redemption of such Loan will, at the discretion of the relevant Seller, either be credited to the Ported Loan Repurchase Ledger or will be credited to the Principal Ledger. If the proceeds of redemption are credited to the Ported Loan Repurchase Ledger, such amounts will be applied to purchase any new loan which is ported to and secured on the new Property of such Borrower (which such new Loan shall be treated as a Further Advance and, as such, will be subject to the same Loan Warranties and Asset Conditions

applicable to Further Advances), provided that if such a new loan has not been created on or prior to the Porting Deadline Date in relation to such deposit, the amount deposited will be treated as Available Principal Receipts and paid in accordance with the Pre-Acceleration Principal Priority of Payments or the Post-Acceleration Priority of Payments (as applicable) on the Interest Payment Date immediately following the relevant Porting Deadline Date. If the proceeds of redemption of such Loans are credited to the Principal Ledger or remain standing to the credit of the Ported Loan Repurchase Ledger following the Porting Deadline Date, the Loan and its Related Security shall be transferred from the Issuer to the relevant Seller.

#### *Eligibility Criteria*

On the Closing Date, the sale of Loans and their Related Security to the Issuer will be subject to the condition (the **Eligibility Criteria**) that no Event of Default shall have occurred which is continuing as at the Closing Date.

If the Eligibility Criteria are breached in respect of a Loan as at the Closing Date, such Loan will be repurchased by the Seller in accordance with the terms of the Mortgage Sale Agreement. (See "*Repurchase by the Seller*" below for more details).

#### *Further Advances and Product Switches*

As used in this Prospectus, **Initial Advance** means all amounts advanced by the Sellers to a Borrower under a Loan other than a Further Advance. Subject to the satisfaction of certain conditions described generally below, the Issuer will acquire Further Advances.

**Further Advances:** The Issuer shall purchase Further Advances from the Seller on the date that the relevant Further Advance is advanced to the relevant Borrowers by the Seller (the **Advance Date**). The Issuer will pay the Seller an amount equal to the principal amount of the relevant Further Advance (the **Further Advance Purchase Price**) on the Monthly Pool Date immediately following the Monthly Period in which the relevant Advance Date occurred by using amounts standing to the credit of the Principal Ledger (or, in relation to a Further Advance which is a Ported Loan, the amount credited to the Ported Loan Repurchase Ledger in relation to the redemption proceeds received by the Issuer from the redemption of the Loan being ported). Where the Issuer (or the Cash Manager on its behalf) determines that the aggregate of the amounts standing to the credit of the Principal Ledger (or, in relation to a Further Advance which is a Ported Loan, the amount credited to the Ported Loan Repurchase Ledger in relation to the redemption proceeds received by the Issuer from the redemption of the Loan being ported) would not be sufficient to fund such Further Advance Purchase Price, the Issuer will, prior to the Class Z VFN Commitment Termination Date, make a drawing under the Class Z VFN in an amount equal to the difference between (i) amounts standing to the credit of the Principal Ledger (or the amount credited to the Ported Loan Repurchase Ledger in relation to the redemption proceeds received by the Issuer from the redemption of the Loan being ported, as applicable) and (ii) the Further Advance Purchase Price and use such proceeds of the Class Z VFN to fund the purchase of Further Advances under the Loans. If the Issuer is unable to fund the purchase of any Further Advance from funds standing to the credit of the Principal Ledger and the Class Z VFN Holder fails to advance an amount equal to such shortfall in the Further Advances Purchase Price to be paid on the Monthly Pool Date, the Issuer shall not complete the purchase of the relevant Further Advance and the Seller must repurchase the related Loan and its Related Security in accordance with the terms of the Mortgage Sale Agreement. (See "*Repurchase by the Seller*" below for more details).

If it is determined by the Servicer on the Monthly Test Date immediately following the Monthly Period in which the relevant Advance Date occurred that any of the Asset Conditions have not been met as at the last day of the Monthly Period in which the relevant Advance Date occurred (or if it is subsequently discovered that the Asset Conditions were breached as at last day of the Monthly Period in which the relevant Advance Date occurred) in respect of the Loan subject to such Further Advance, then the Seller will have an obligation to remedy such breach within 60 days after receiving written notice of such breach from the Servicer. If such breach is not capable of remedy, or, if capable of remedy, is not remedied within the 60 day period, the Sellers has an obligation to repurchase such Loan and its Related Security in accordance with the provisions of the Mortgage Sale Agreement. (See "*Repurchase by the Seller*" below for more details).

Neither the Servicer nor the Seller shall make an offer to a Borrower for a Further Advance if it would result in the Issuer arranging or advising in respect of, administering (servicing) or entering into a regulated mortgage contract or agreeing to carry on any of these activities, if the Issuer would be required to be authorised under the FSMA to do so.

**Product Switches:** The Seller (or the Servicer on behalf of the Seller) may offer a Borrower (and the Borrower may accept), or a Borrower may request, a Product Switch. Any Loan which has been subject to a Product Switch will remain in the Portfolio provided that it satisfied the Asset Conditions and it is a Permitted Product Switch. If it is subsequently determined by the Servicer on the Monthly Test Date immediately following the Monthly Period in which the Product Switch was made that any of the Asset Conditions have not been met or the Product Switch was not a Permitted Product Switch as at the last day of the Monthly Period in which the relevant Switch Date occurred (or such breach was subsequently discovered in respect of such date) in respect of a Loan which is the subject of a Product Switch and which remains in the Portfolio, then the Seller will have an obligation to remedy such breach within 60 days after receiving written notice of such breach from the Servicer. If such breach is not capable of remedy, or, if capable of remedy, is not remedied within the 60 day period, the Seller has an obligation to repurchase such Loan and its Related Security. (See "*– Repurchase by the Seller*" below for more details).

The Seller (or the Servicer on its behalf) will be solely responsible for offering and documenting any Product Switch. Neither the Servicer nor the Seller shall make an offer to a Borrower for a Product Switch if it would result in the Issuer arranging or advising in respect of, administering (servicing) or entering into a regulated mortgage contract or agreeing to carry on any of these activities, if the Issuer would be required to be authorised under the FSMA to do so.

**Product Switch** means any variation in the financial terms and conditions applicable to a Loan other than any variation:

- (i) agreed with a Borrower to control or manage arrears on the Loan;
- (ii) in the maturity date of the Loan unless the maturity date would be extended to a date later than three years before the Final Maturity Date of the Notes;
- (iii) imposed by statute;
- (iv) in the rate of interest payable in respect of a Loan provided that suitable hedging arrangements will be in place for such Loan for the term of such Loan, which for non-floating rates will be compliant with Moody's and Fitch criteria;
- (v) in the rate of interest payable (a) as a result of any variation in SVR or other applicable floating rates or (b) where the terms of the Mortgage change the rate of interest payable by a Borrower on termination of an interest discount for a fixed period of time; or
- (vi) in the frequency with which the interest payable in respect of the Loan is charged,

where in the case of (iv) above, the notional of the relevant Interest Rate Swap would be adjusted to take account of a change to or from a fixed or floating rate until the maturity of such Loan or Loans.

**Permitted Product Switch** is a Product Switch where:

- (a) the relevant Borrower has made at least two Monthly Payments, in full, on its Loan;
- (b) the new loan for which the prior Loan is to be exchanged is subject to either a Fixed Rate or the Seller's Standard Variable Rate or is a Variable Rate Loan or a Tracker Rate Loan; and

- (c) on the Monthly Test Date immediately following the making of the Product Switch, each of the Asset Conditions are satisfied.

To the extent that any Further Advance (including any Ported Loan) or Product Switch involves the granting of a new Scottish Mortgage by a Borrower, the relevant Seller shall, on the relevant Advance Date or as soon as practicable after such Product Switch occurs, enter into a further Scottish Declaration of Trust in respect of that Scottish Mortgage in favour of the Issuer.

#### *Repurchase by the Seller*

As set out above and below, the Seller shall repurchase the relevant Loans and their Related Security in the following circumstances:

- (a) *Breach of Loan Warranties or Eligibility Criteria on the Closing Date.* If it is determined that a Loan sold to the Issuer on the Closing Date had breached any of the Loan Warranties or Eligibility Criteria as at the Closing Date, and where such breach is either not capable of remedy or has not been remedied by the Seller within 60 days of receiving notice of such breach from the Issuer, then the Issuer shall serve a notice on the Seller (the **Loan Repurchase Notice**) requiring the Seller to repurchase such Loan on the Monthly Pool Date following the receipt by the Seller of such Loan Repurchase Notice. The repurchase price for such Loan shall be equal to its Current Balance determined as at such Monthly Pool Date;
- (b) *Insufficient Funds to fund Further Advance.* If the Issuer is unable to fund the purchase of any Further Advance from funds standing to the credit of the Principal Ledger and the Class Z VFN Holder fails to advance an amount equal to such shortfall, then the Issuer shall serve a Loan Repurchase Notice on the Seller requiring the Seller to repurchase the Loan subject to such Further Advance on the Monthly Pool Date following the period in which such Further Advance was advanced. The repurchase price for such Loan shall be equal to its Current Balance determined as at such Monthly Pool Date (excluding the amount of the Further Advance);
- (c) *Breach of the Asset Conditions in respect of Loans subject to a Further Advance, Substitution and/or Product Switch.* If it is determined that a Loan subject to a Further Advance, Substitution or Product Switch had not complied with the Asset Conditions on the relevant Monthly Test Date and where such breach is either not capable of remedy or has not been remedied by the Seller within 60 days of receiving notice of such breach from the Issuer, then the Issuer shall serve a Loan Repurchase Notice on the Seller requiring the Seller to repurchase such Loan subject to the relevant Further Advance, Substitution or Product Switch on the Monthly Pool Date following the receipt by the Sellers of such Loan Repurchase Notice. The repurchase price for such Loan shall be equal to its Current Balance determined as at such Monthly Pool Date (excluding, if applicable, the amount of any Further Advance which has not yet been paid for by the Issuer); and
- (d) *Amounts deposited in the Principal Ledger or remaining on the Ported Loan Repurchase Ledger following the Porting Deadline Date in relation to Loans ported from one Property to another.* On the earlier to occur of (i) the proceeds of redemption of a Loan which is being ported by a Borrower being credited to the Principal Ledger and (ii) any amounts in respect of any such Loan remaining on the Ported Loan Repurchase Ledger following the Porting Deadline Date in relation to such amounts (the date of such occurrence, the **Ported Loan Repurchase Date**) the Issuer shall serve a Loan Repurchase Notice on the relevant Seller requiring the Seller to repurchase such Loan. Such repurchase shall be deemed to have occurred on the Ported Loan Repurchase Date.

Consideration for such repurchase shall be provided by payment in cash and/or the substitution of equivalent Loan(s) such that the aggregate of the Current Balance(s) of the Substitute Loan(s), if any, and the cash payment amount, if any, equals at least the Current Balance(s) of the Loan(s) subject to repurchase.

## **CBS Guarantee**

In respect of the Godiva Mortgage Sale Agreement only, CBS will provide a guarantee to the Issuer in respect of the repurchase obligations of Godiva under the Godiva Mortgage Sale Agreement. If Godiva is required to repurchase a Loan pursuant to the terms of the Godiva Mortgage Sale Agreement and fails to do so, then CBS will procure that it or one of its subsidiaries repurchases such Loan or substitutes a Substitute Loan subject to the Asset Conditions and the Substitution Conditions on the relevant Monthly Pool Date at a repurchase price equal to its Current Balance determined as at such Monthly Pool Date.

## **Asset Conditions**

In order for any Loan which has been the subject of a Further Advance, Substitution or Product Switch to remain in the Portfolio, the following conditions (the **Asset Conditions**) must be complied with as of the last day of the Monthly Period in which the relevant Switch Date, Substitution Date or Advance Date (as applicable) occurred. The Asset Conditions will be tested on the Monthly Test Date immediately following the Monthly Period in which such sale of the Further Advance or Product Switch took place or the Substitute Loan was assigned to the Issuer.

The Asset Conditions are:

- (i) the Current Balance of the Loans comprising the Portfolio, in respect of which the aggregate amount in arrears is more than three times the Monthly Payment then due, is less than 3 per cent. of the aggregate Current Balance of the Loans comprising the Portfolio at that date;
- (ii) the General Reserve Fund is at the General Reserve Required Amount, or failing such condition, a drawing is made under the Class Z VFN in order to replenish the General Reserve Fund to the General Reserve Required Amount;
- (iii) the Cash Manager is not aware that the then current ratings of the Class A Notes then outstanding would be downgraded, withdrawn or qualified as a result of the relevant Further Advance, Substitution and/or Product Switch remaining in the Portfolio;
- (iv) each Loan and its Related Security which is the subject of a Further Advance, Substitution and/or Product Switch complies at the date of such Further Advance, Substitution and/or Product Switch with the Loan Warranties;
- (v) the Rating Agency Tests will not be breached as a result of the relevant Further Advance, Substitution and/or Product Switch remaining in the Portfolio (after taking into account any drawing under the Class Z VFN);
- (vi) the Eligibility Criteria have not been breached;
- (vii) if the making of a Product Switch would result in a New Loan Type being included in the Portfolio and advance notice in writing of any such Loans subject to a Product Switch and/or Further Advance remaining in the Portfolio has been provided to Moody's and Fitch and there being no reduction, qualification or withdrawal by Moody's or Fitch of the then current ratings of the Class A Notes as a consequence thereof;
- (viii) the Interest Rate Swap Agreement, which complies with Moody's and Fitch's interest rate hedging criteria at the time, hedges against the interest rates payable in respect of such Further Advance, Substitution and/or Product Switch until the maturity of such Loan;

- (ix) the Class A Principal Deficiency Ledger does not have a debit balance as at the most recent Interest Payment Date after applying all Available Revenue Receipts on that Interest Payment Date;
- (x) the aggregate amount of all Further Advances (including the Further Advances made since the Closing Date) does not exceed 3 per cent. of the Current Balance of the Loans comprised in the Portfolio on the Closing Date;
- (xi) if the short-term, unsecured, unsubordinated debt obligations of the Seller or (where the Seller does not have an independent rating) CBS are rated less than P-2 by Moody's or F-2 by Fitch, respectively as at a Monthly Pool Date, the Seller has delivered a certificate confirming various matters as to the solvency of that Seller (a **Solvency Certificate**) to the Issuer and the Security Trustee in accordance with the Mortgage Sale Agreement;
- (xii) in respect of Further Advances or Product Switches, the Further Advance Date or the Switch Date (as the case may be) falls before the Step-Up Date;
- (xiii) if a Product Switch would result in a Loan switching from capital repayment to interest only payment, the resulting Loan must have an Indexed LTV of less than or equal to 50 per cent.; and
- (xiv) if a Further Advance is made in respect of an interest only Loan, the resulting Loan must have an Indexed LTV of less than or equal to 50 per cent.;

**Rating Agency Tests** means tests which satisfy each of the following conditions as at the last day of the Monthly Period immediately preceding the relevant Monthly Test Date:

- (a) for Further Advances, the weighted average original LTV ratio (calculated by dividing Total Debt Advanced by the Original Valuation) of the Loans in the Portfolio does not exceed 75 per cent.;
- (b) for Further Advances and Product Switches, the outstanding Current Balance of any Loans in the Portfolio (including the relevant Further Advances) with an interest only part does not exceed 50 per cent. of the aggregate Current Balance of the Portfolio; and
- (c) for Further Advances, the original LTV ratio (calculated by dividing Total Debt Advanced by Original Valuation) of each Loan is less than 85 per cent.

**Original Valuation** means the property valuation at the time of the latest advance.

**Total Debt Advanced** means the total amount of debt outstanding immediately following the last advance.

### **Substitution of Loans**

Either Seller may offer the Issuer (and the Issuer shall accept) a Substitute Loan as consideration for the repurchase of a Loan which was in breach of any representation or warranty sold by such Seller to the Issuer. Any Substitute Loan will be assigned to the Issuer provided that it satisfies the Asset Conditions and the Substitution Conditions. If it is subsequently determined by the Servicer on the Monthly Test Date immediately following the Monthly Period in which the Substitution was made that any of the Asset Conditions or the following conditions (the **Substitution Conditions**) have not been met as at the last day of the Monthly Period in which the relevant Substitution Date occurred (or such breach was subsequently discovered in respect of such date) in respect of a Loan which is the subject of a Substitution and which remains in the Portfolio, then the Seller will have an obligation to remedy such breach within 60 days after receiving written notice of such breach from the Servicer. If such breach is not capable of remedy, or, if capable of remedy, is not remedied within the 60 day period, the Seller has an obligation to repurchase such Loan and its Related Security. (See "*Repurchase by the Seller*" above for more details).

Where a Substitute Loan is secured by a Scottish Mortgage, the relevant Seller shall, on the relevant Substitution Date, enter into a further Scottish Declaration of Trust in favour of the Issuer.

The Substitution Conditions are:

- (a) the Substitution Date falls before the Step-Up Date;
- (b) no Event of Default has occurred and is continuing;
- (c) no Seller Insolvency Event has occurred;
- (d) if required, the Interest Rate Swap Agreement may be appropriately varied or, if appropriate, the Issuer may enter into new swaps in order to hedge against the interest rate payable on the Substitute Loan and the floating rate of interest payable on the Notes;
- (e) the Substitute Loan and its Related Security constitutes the same ranking and priority security over a Property as the security provided in respect of the relevant repurchased Loan; and
- (f) each Substitute Loan will be included in the calculation of the notional amount in respect of the Interest Rate Swap in respect of the calculation period which immediately follows the calculation period in which such Substitute Loan is added to the Portfolio.

**Substitute Loan** means a Loan and its Related Security which has been assigned to the Issuer as consideration for the repurchase of a Loan which was found to be in breach of any representation or warranty in accordance with the terms of the relevant Mortgage Sale Agreement.

**Substitution** means the substitution of a Loan following the acceptance of the Issuer of a Substitute Loan or Substitute Loans as consideration (or part consideration) for the repurchase of a Loan which was in breach of any representation or warranty.

**Substitution Date** means the date on which a Substitute Loan is assigned to the Issuer.

#### *Governing Law*

The Mortgage Sale Agreements will be governed by English law (other than certain aspects relating to the Scottish Loans and their Related Security which are governed by Scots law).

#### **Servicing Agreement**

##### *Introduction*

On or about the Closing Date, the Servicer will be appointed by the Issuer and, in the case of Scottish Loans for so long as they are subject to the trust created by a Scottish Declaration of Trust (each a **Scottish Trust**), each Seller in its capacity as trustee in respect of the relevant Scottish Trust to be its agent to service the Loans and their Related Security. The Servicer must comply with any proper directions and instructions that the Issuer or, following service of a Note Acceleration Notice, the Security Trustee may from time to time give to it in accordance with the provisions of the Servicing Agreement.

The Servicer's actions in servicing the Loans and their Related Security in accordance with its procedures are binding on the Issuer. The Servicer may, in some circumstances, delegate or sub-contract some or all of its responsibilities and obligations under the Servicing Agreement. However, the Servicer remains liable at all times for servicing the Loans and their Related Security and for the acts or omissions of any delegate or sub-contractor.

### *Powers*

Subject to the guidelines for servicing set forth in the preceding section, the Servicer has the power, among other things:

- (a) to exercise the rights, powers and discretions of the Issuer in relation to the Loans and their Related Security and to perform its duties in relation to the Loans and their Related Security; and
- (b) to do or cause to be done any and all other things which it reasonably considers necessary or convenient or incidental to the servicing of the Loans and their Related Security or the exercise of such rights, powers and discretions.

### *Undertakings by the Servicer*

The Servicer has undertaken, among other things, to:

- (a) service the Loans and their Related Security sold by the Sellers to the Issuer as if the same had not been sold to the Issuer but had remained with the relevant Seller in accordance with the originating, underwriting, administration, arrears and enforcement policy for their repayment applied by such Seller from time to time to such Loans and their Related Security (the **Seller's Policy**);
- (b) provide the Services in such manner and with the same level of skill, care and diligence as would a Reasonable, Prudent Mortgage Lender;
- (c) comply with any proper directions, orders and instructions which the Issuer may from time to time give to it in accordance with the provisions of the Servicing Agreement;
- (d) keep in force all approvals, authorisations, permissions, consents and licences required in order properly to service the Loans and their Related Security and to perform or comply with its obligations under the Servicing Agreement, and to prepare and submit all necessary applications and requests for any further approvals, authorisations, permissions, registrations, consents and licences required in connection with the performance of the Services under the Servicing Agreement and in particular any necessary notification under the Data Protection Act, licence under the CCA and any authorisation and permissions under the FSMA;
- (e) save as otherwise agreed with the Issuer, provide upon written request free of charge to the Issuer, office space, facilities, equipment and staff sufficient to enable the Issuer to perform its obligations under the Servicing Agreement;
- (f) not knowingly fail to comply with any legal or regulatory requirements in the performance of the Services;
- (g) make all payments required to be made by it pursuant to the Servicing Agreement on the due date for payment thereof in Sterling (or as otherwise required under the Transaction Documents) in immediately available funds for value on such day without set-off (including, without limitation, in respect of any fees owed to it) or counterclaim but subject to any deductions required by law;
- (h) not without the prior written consent of the Security Trustee amend or terminate any of the Transaction Documents save in accordance with their terms;
- (i) as soon as reasonably practicable upon becoming aware of any event which may reasonably give rise to an obligation of a Seller to repurchase any Loan sold by such Seller to the Issuer pursuant to the relevant Mortgage Sale Agreement, notify the Issuer in writing of such event;

- (j) upon the occurrence of certain events, to use best efforts (with the assistance of the Back-Up Servicer Facilitator) to appoint a back-up servicer acceptable to the Security Trustee on terms substantially the same as those set out in the Servicing Agreement, subject to any modification to comply with any applicable law or regulation as at the relevant time, or, where, taking into account the then prevailing market conditions, the Issuer determines it is not practicable to agree terms substantially the same as those set out in the Servicing Agreement, the Issuer certifies in writing to the Note Trustee and the Security Trustee, upon which certificate the Note Trustee and the Security Trustee shall be entitled to rely absolutely and without any liability to any person for so doing, that such terms are equivalent terms on which such services in respect of similar residential mortgage backed securities transactions are provided in the then current market, such certificate being conclusive and binding on all parties and provided further that neither the Note Trustee nor the Security Trustee shall be obliged to enter into any such arrangements if to do so would, in the sole opinion of the Note Trustee and/or the Security Trustee, have the effect of (a) exposing the Note Trustee and/or the Security Trustee to any Liability which it has not been indemnified and/or secured and/or prefunded to its satisfaction; or (b) increasing the obligations or duties, or decreasing the protections, of the Note Trustee and/or Security Trustee in the Transaction Documents and/or the Conditions;
- (k) on or prior to each Monthly Test Date, provide the Cash Manager and Sellers with a report detailing the information relating to the Portfolio necessary to produce the Investor Report (the **Servicer Report**);
- (l) deliver to the Issuer and the Security Trustee as soon as reasonably practicable but in any event within five Business Days of becoming aware thereof a notice of any Servicer Termination Event or any event which with the giving of notice or lapse of time or certification would constitute the same.

#### *Setting of Interest Rates on the Loans*

In addition to the undertakings described above, the Servicer has also undertaken in the Servicing Agreement to determine and set, in relation to the Loans in the Portfolio, the Issuer Standard Variable Rate and any other discretionary rates or margins applicable in relation to the Loans comprising the Portfolio from time to time. The Servicer will not (except in limited circumstances) at any time set or maintain:

- (a) the Issuer Standard Variable Rate applicable to any Loans with a Standard Variable Rate in the Portfolio at rates which are higher than (although they may be equal to) the then prevailing relevant standard variable rate which applies to Loans beneficially owned by either of the Sellers outside the Portfolio (the **Seller Standard Variable Rates** and together with the Issuer Standard Variable Rates, the **Standard Variable Rates**); or
- (b) any other discretionary rate or margin (together with the Standard Variable Rates, the **Discretionary Rates**) in respect of any other Loan in the Portfolio which is higher than (although it may equal to) the interest rate or margin of either of the Sellers, which applies to that type of Loan beneficially owned by such Seller outside the Portfolio.

In particular, the Servicer shall determine as of each Calculation Date immediately preceding each Interest Payment Date, having regard to the aggregate of:

- (a) the revenue which the Issuer would expect to receive during the next succeeding Collection Period;
- (b) the Discretionary Rates or margins applicable in respect of the Loans which the Servicer proposes to set under the Servicing Agreement; and

- (c) the other resources available to the Issuer, including the Interest Rate Swap Agreement, the General Reserve Fund and the Liquidity Reserve Fund (if established),

whether the Issuer would receive an amount of revenue during the relevant Interest Period which is less than the amount which is the aggregate of the amount of interest which would be payable in respect of the Notes on the Interest Payment Date falling at the end of that Interest Period and amounts which rank in priority thereto under the Priority of Payments.

If the Servicer determines that there would be a shortfall in the foregoing amounts, it will give written notice to the Issuer, within three Business Days of such determination of the amount of the shortfall.

If the Issuer notifies the Servicer that, having regard to the obligations of the Issuer, the Discretionary Rates should be increased, then the Servicer will take all steps which are necessary to increase the Discretionary Rates, including publishing any notice which is required in accordance with the applicable mortgage terms.

The Issuer (prior to the delivery of a Note Acceleration Notice) with the prior written consent of the Security Trustee, acting on the direction of the Note Trustee and (following delivery of a Note Acceleration Notice), the Security Trustee may terminate the authority of the Servicer under the Servicing Agreement to determine and set the Discretionary Rates on or after the occurrence of a Servicer Termination Event defined under "*Removal or Resignation of the Servicer*" below (provided that neither the Issuer nor the Security Trustee will be entitled to terminate such authority if the Servicer has been appointed as substitute servicer under any master servicing agreement), in which case the Issuer shall set the Discretionary Rates itself in accordance with the above provisions.

As soon as reasonably practicable following a Perfection Event, the Servicer shall take all steps which are necessary to set the Issuer Standard Variable Rate (including publishing any notice which is required in accordance with the Mortgage Terms to effect such change in the Issuer Standard Variable Rate) to a rate not less than Three-Month Sterling LIBOR at the most recent Rate Fixing Date falling in February, May, August or November, as applicable, plus 2.00 per cent. and thereafter the Servicer shall set the Issuer Standard Variable Rate on a quarterly basis at a rate not less than Three-Month Sterling LIBOR at the most recent Rate Fixing Date falling in February, May, August or November plus 2.00 per cent.

**Rate Fixing Date** means the first London Business Day of the relevant month.

**Issuer Standard Variable Rate** means the standard variable rate applicable to Loans in the Portfolio as set, other than in limited circumstances, by the Servicer pursuant to the Servicing Agreement.

*Reasonable, Prudent Mortgage Lender*

For the avoidance of doubt, any action taken by the Servicer to set the Discretionary Rates which are lower than that of the competitors of either of the Sellers will be deemed to be in accordance with the standards of a Reasonable, Prudent Mortgage Lender.

*Compensation of the Servicer*

The Servicer receives a fee for servicing the Loans and their Related Security. So long as CBS (or any member of the CBS Group) is the Servicer, the Issuer pays to the Servicer a servicing fee (inclusive of VAT, if any) of 0.03 per cent. per annum on the aggregate Current Balance of the Loans in the Portfolio as determined on the preceding Calculation Date. The fee is payable quarterly in arrear on each Interest Payment Date in the manner contemplated by and in accordance with the Pre-Acceleration Revenue Priority of Payments or, as the case may be, the Post-Acceleration Priority of Payments. If a substitute servicer from outside the CBS Group is appointed in accordance with the terms of the Servicing Agreement, the Issuer shall pay the successor servicer for its services a fee to be determined at the time of such appointment.

### *Removal or Resignation of the Servicer*

The Issuer (subject to the prior written consent of the Security Trustee, acting on the direction of the Note Trustee) or, following the delivery of a Note Acceleration Notice, the Security Trustee, may, upon written notice to the Servicer, terminate the Servicer's appointment under the Servicing Agreement if any of the following events (each a **Servicer Termination Event**) occurs and while such event continues:

- the Servicer defaults in the payment on the due date of any payment due and payable by it under the Servicing Agreement and such default continues unremedied for a period of thirty Business Days after the earlier of the Servicer becoming aware of such default and receipt by the Servicer of written notice from the Issuer, the Sellers or (following the delivery of a Note Acceleration Notice) the Security Trustee, as the case may be, requiring the same to be remedied;
- the Servicer defaults in the performance or observance of any of its other covenants and obligations under the Servicing Agreement, which failure in the opinion of the Note Trustee as notified to the Security Trustee is materially prejudicial to the interests of the Noteholders, and the Servicer does not remedy that failure within 30 Business Days after the earlier of the Servicer becoming aware of the failure or of receipt by the Servicer of written notice from the Issuer, either of the Sellers or (following the delivery of a Note Acceleration Notice) the Security Trustee requiring the Servicer's non-compliance to be remedied provided that where the relevant default occurs as a result of a default by any person to whom the Servicer has sub-contracted or delegated part of its obligations hereunder, such default shall not constitute a Servicer Termination Event if, within such period of 30 Business Days of receipt of such notice from the Issuer and the Security Trustee, the Servicer terminates the relevant sub-contracting or delegation arrangements and takes such steps as the Issuer and (following the delivery of a Note Acceleration Notice) the Security Trustee may (in the case of the Security Trustee, acting on the directions of the Note Trustee) specify to remedy such default or to indemnify and/or secure and/or prefund the Issuer and/or the Security Trustee against the consequences of such default; or
- an insolvency event occurs in relation to the Servicer.

Subject to the fulfilment of a number of conditions, the Servicer may voluntarily resign by giving not less than 12 months' written notice to the Issuer and the Security Trustee (or such shorter time as may be agreed between the Servicer, the Issuer and the Security Trustee) provided that a substitute servicer qualified to act as such under the FSMA and the CCA and with a management team with experience of servicing residential mortgages in the United Kingdom has been appointed and enters into a servicing agreement with the Issuer substantially on the same terms as the Servicing Agreement. The resignation of the Servicer is conditional on the resignation having no adverse effect on the then current ratings of the Notes unless the Noteholders agree otherwise by Extraordinary Resolution.

If the appointment of the Servicer is terminated or the Servicer resigns, the Servicer must deliver the title deeds and customer files relating to the Loans comprised in the Portfolio in its possession to, or at the direction of, the Issuer. The Servicing Agreement will terminate at such time as the Issuer has no further interest in any of the Loans or their Related Security serviced under the Servicing Agreement that have been comprised in the Portfolio.

Neither the Note Trustee nor the Security Trustee is obliged to act as servicer in any circumstances.

### *Liability of the Servicer*

The Servicer will indemnify each of the Issuer, the Security Trustee and the Note Trustee on demand on an after-tax basis for any loss, liability, claim, expense or damage suffered or incurred by it in respect of the negligence, fraud or wilful default of the Servicer or any of its sub-contractors or delegates in carrying out its

functions as Servicer under, or as a result of a breach by the Servicer of the terms and provisions of the Servicing Agreement or such other Transaction Documents to which the Servicer is a party (in its capacity as such) in relation to such functions.

#### *Back-Up Servicer Facilitator*

Under the Servicing Agreement in the event that the long term unsecured and unsubordinated debt rating of the Servicer has fallen below (i) Baa3 by Moody's (or such other lower long term rating which is otherwise acceptable to Moody's); or (ii) BBB- by Fitch (or such other long term rating which is otherwise acceptable to Fitch), the Servicer, with the assistance of the Back-Up Servicer Facilitator, shall, within 60 days of the date on which the ratings of the Servicer have so fallen, use best efforts to appoint a back-up servicer which meets the requirements for a substitute servicer provided for by the Servicing Agreement identified by the Back-Up Servicer Facilitator in accordance with the provisions of the Servicing Agreement.

#### *Delegation*

CBS may delegate its obligations under the Servicing Agreement to another entity within the CBS Group. CBS will not be released or discharged from any liability under the Servicing Agreement and will remain responsible for the performance of all obligations as Servicer notwithstanding any delegation under the Servicing Agreement.

#### *Governing Law*

The Servicing Agreement will be governed by English law, (provided that any terms of the Servicing Agreement which are particular to Scots law will be construed in accordance with Scots law) and will be made by way of deed.

#### **Deed of Charge**

On the Closing Date, the Issuer will enter into the Deed of Charge with, *inter alios*, the Security Trustee.

#### *Security*

Under the terms of the Deed of Charge, the Issuer will provide the Security Trustee with the benefit of, *inter alia*, the following security (the **Security**) as trustee for itself and for the benefit of the Secured Creditors (including the Noteholders):

- (a) an assignment by way of security of (and, to the extent not assigned, a charge by way of first fixed charge (which may take effect as a floating charge) over) the Issuer's right, title, interest and benefit in and to the Transaction Documents (subject to any set-off or netting provisions provided therein) (other than the Trust Deed and the Deed of Charge);
- (b) an assignment by way of security of (and, to the extent not assigned, a charge by way of first fixed charge (which may take effect as a floating charge) over) the Issuer's interest in the English Loans and the English Mortgages and their other Related Security and other related rights comprised in the Portfolio;
- (c) an assignment by way of security of (and, to the extent not assigned, a charge by way of first fixed charge (which may take effect as a floating charge) over) the Issuer's right, title, interest and benefit to and under insurance policies sold to the Issuer pursuant to each Mortgage Sale Agreement;

- (d) a charge by way of first fixed charge (which may take effect as a floating charge) over the Issuer's interest in its bank accounts maintained with the Account Bank and any sums standing to the credit thereof;
- (e) a charge by way of first fixed charge (which may take effect as a floating charge) over the Issuer's interest in all Authorised Investments permitted to be made by the Issuer;
- (f) a floating charge over all other assets of the Issuer not otherwise subject to a fixed charge but extending over all of the Issuer's property, assets, rights and revenues as are situated in Scotland or governed by Scots law (whether or not the subject of fixed charges as aforesaid); and
- (g) pursuant to a Scottish Supplemental Charge to be entered into pursuant to the Deed of Charge on the Closing Date, an assignation in security of the Issuer's interest in the Scottish Loans and their Related Security (comprising the Issuer's beneficial interest under the trusts declared by the Sellers over such Scottish Loans and their Related Security for the benefit of the Issuer pursuant to each Scottish Declaration of Trust) (the **Scottish Trust Security**);

In the event that a Seller delivers to the Issuer a Scottish Declaration of Trust after the Closing Date in relation to a Scottish Loan subject to a Further Advance or Product Switch or in relation to a Substitute Loan which is a Scottish Loan, the Issuer will assign in security its beneficial interest in such Scottish Declaration of Trust in favour of the Security Trustee by entering into a Scottish supplemental charge in the form annexed to the Deed of Charge (each a **Scottish Supplemental Charge**).

**Authorised Investments** means:

- (a) Sterling gilt-edged securities; and
- (b) Sterling demand or time deposits, certificates of deposit and short-term debt obligations (including commercial paper),

provided that in all cases such investments will only be made such that there is no withholding or deduction for or on account of taxes applicable thereto and such investments (i) have a maturity date of 90 days or less and mature on or before the next following Interest Payment Date or within 90 days, whichever is sooner, (ii) may be broken or demanded by the Issuer (at no cost to the Issuer) on or before the next following Interest Payment Date or within 90 days, whichever is sooner, and (iii) are rated at least F1+ by Fitch and P-1 by Moody's (and AA- (long-term) by Fitch and Aa3 by Moody's if the investments have a long-term rating).

**Transaction Documents** means the Servicing Agreement, the Agency Agreement, the Bank Account Agreement, the Cash Management Agreement, the Corporate Services Agreement, the Deed of Charge (and any documents entered into pursuant to the Deed of Charge), the Interest Rate Swap Agreement, the Issuer Power of Attorney, the Master Definitions and Construction Schedule, the CBS Mortgage Sale Agreement, the Godiva Mortgage Sale Agreement, each Scottish Declaration of Trust, the Seller Powers of Attorney, the Trust Deed and such other related documents which are referred to in the terms of the above documents or which relate to the issue of the Notes.

**Secured Creditors** means the Security Trustee, the Note Trustee, the Noteholders, the Sellers, the Servicer, the Back-Up Servicer Facilitator, the Cash Manager, the Interest Rate Swap Provider, any replacement interest rate swap provider, the Account Bank, the Corporate Services Provider, the Paying Agents, the Class Z VFN Registrar, the Agent Bank and any other person who is expressed in any deed supplemental to the Deed of Charge to be a secured creditor.

The floating charge created by the Deed of Charge may "crystallise" and become a fixed charge over the relevant class of assets owned by the Issuer at the time of crystallisation. Crystallisation will occur

automatically following the occurrence of specific events set out in the Deed of Charge, including, among other events, when an Event of Default occurs, except in relation to the Issuer's Scottish assets, where crystallisation will occur on the appointment of administrative receiver or receiver or upon commencement of the winding up of the Issuer. A crystallised floating charge will rank ahead of the claims of unsecured creditors which are in excess of the prescribed part but will rank behind the expenses of any administration or liquidator, the claims of preferential creditors and the beneficiaries of the prescribed part on enforcement of the Security.

#### *Pre-Acceleration Revenue Priority of Payments and Pre-Acceleration Principal Priority of Payments*

Prior to the Note Trustee serving a Note Acceleration Notice on the Issuer pursuant to Condition 10 (*Events of Default*) of the Notes, declaring the Notes to be immediately due and payable, the Cash Manager (on behalf of the Issuer) shall apply monies standing to the credit of the Transaction Account as described in "*Cashflows — Application of Available Revenue Receipts prior to service of a Note Acceleration Notice on the Issuer*" and "*Application of Available Principal Receipts prior to the service of a Note Acceleration Notice on the Issuer*" below.

#### *Post-Acceleration Priority of Payments*

After the Note Trustee has served a Note Acceleration Notice (which has not been withdrawn) on the Issuer pursuant to Condition 10 (*Events of Default*) of the Notes, declaring the Notes to be immediately due and payable, the Security Trustee (or the Cash Manager on its behalf) shall apply the monies available in accordance with the Post-Acceleration Priority of Payments defined in "*Cashflows — Distribution of Available Principal Receipts and Available Revenue Receipts following the service of a Note Acceleration Notice on the Issuer*" below.

The Security will become enforceable following the service of a Note Acceleration Notice on the Issuer pursuant to Condition 10 (*Events of Default*) of the Notes provided that, if the Security has become enforceable otherwise than by reason of a default in payment of any amount due on the Notes, the Security Trustee will not be entitled to dispose of the assets comprised in the Security or any part thereof unless either:

- (a) the Cash Manager certifies to the Security Trustee that a sufficient amount would be realised to allow discharge in full on a *pro rata* and *pari passu* basis of all amounts owing to the Class A Noteholders and all persons ranking in priority to the Class A Noteholders as set out in the order of priority of payment below or, once all of the Class A Noteholders have been repaid, to the Class Z VFN Holder (and all persons ranking in priority thereto); or
- (b) the Security Trustee is of the opinion (which opinion shall be binding on the Secured Creditors and reached after considering at any time and from time to time the advice of any financial adviser (or such other professional adviser selected by the Security Trustee for the purpose of giving such advice) that the cashflow expected to be received by the Issuer will not (or that there is a significant risk that it will not) be sufficient, having regard to any other relevant actual, contingent or prospective liabilities of the Issuer, to discharge in full in due course all amounts owing to the Class A Noteholders and all persons ranking in priority to the Class A Noteholders as set out in the order of priority below or, once all of the Class A Noteholders have been repaid, to the Class Z VFN Holder (and all persons ranking in priority thereto); and
- (c) the Security Trustee shall not be bound to make the determination contained herein unless the Security Trustee shall have been indemnified and/or secured and/or prefunded to its satisfaction against all Liabilities to which it may thereby become liable or which it may incur by so doing.

The fees and expenses of the aforementioned financial adviser or other professional adviser selected by the Security Trustee shall be paid by the Issuer.

#### *Remuneration of the Security Trustee*

In accordance with the terms of the Deed of Charge, the Issuer will pay a fee to the Security Trustee for its services under the Deed of Charge at the rate and times agreed between the Issuer and the Security Trustee together with payment of any liabilities incurred by the Security Trustee in relation to the Security Trustee's performance of its obligations under or in connection with the Deed of Charge and the other Transaction Documents. In certain circumstances, the Issuer will also pay additional remuneration to the Security Trustee which may be calculated by reference to the Security Trustee's normal hourly rates from time to time.

#### *Governing Law*

The Deed of Charge will be governed by English law and aspects relating to Scottish Loans and their Related Security (including the Scottish Trust Security and each Scottish Supplemental Charge entered into pursuant thereto) will be governed by Scots law.

#### **Trust Deed**

On or about the Closing Date, the Issuer, the Note Trustee and the Security Trustee will enter into the Trust Deed pursuant to which the Issuer and the Note Trustee will agree that the Notes are subject to the provisions in the Trust Deed. The Conditions and the forms of the Notes are constituted by, and set out in, the Trust Deed.

The Note Trustee will agree to hold the benefit of the Issuer's covenant to pay amounts due in respect of the Notes on trust for the Noteholders.

In accordance with the terms of the Trust Deed, the Issuer will pay a fee to the Note Trustee for its services under the Trust Deed at the rate and times agreed between the Issuer and the Note Trustee together with payment of any liabilities incurred by the Note Trustee in relation to the Note Trustee's performance of its obligations under or in connection with the Trust Deed and the other Transaction Documents. In certain circumstances the Issuer will also pay additional remuneration to the Note Trustee which may be calculated by reference to the Note Trustee's normal hourly rates from time to time.

#### *Retirement of Note Trustee*

The Note Trustee may retire at any time upon giving not less than 60 days' notice in writing to the Issuer without assigning any reason therefor and without being responsible for any costs occasioned by such retirement. The Class A Noteholders may by Extraordinary Resolution remove all trustees (but not some only) for the time being who are acting pursuant to the Trust Deed and the Deed of Charge. The retirement of the Note Trustee shall not become effective unless there remains a trustee (being a trust corporation) in office after such retirement or being removed by Extraordinary Resolution. The Issuer will agree in the Trust Deed that, in the event of the sole trustee or the only trustee under the Trust Deed giving notice of its retirement, it shall use its best endeavours to procure a new trustee to be appointed as soon as practicable thereafter and if, after 45 days from the date the Note Trustee gives its notice of retirement the Issuer is not able to find such replacement, the Note Trustee will be entitled to procure that a new trustee be appointed.

#### *Governing Law*

The Trust Deed will be governed by English law.

## Agency Agreement

On or prior to the Closing Date, the Issuer, the Note Trustee, the Principal Paying Agent, the Agent Bank, the Class Z VFN Registrar and the Security Trustee will enter into the Agency Agreement pursuant to which provision will be made for, among other things, payment of principal and interest in respect of the Notes.

### *Governing Law*

The Agency Agreement will be governed by English law.

## Cash Management Agreement

On the Closing Date, the Cash Manager, the Issuer, and the Security Trustee will enter into the Cash Management Agreement.

### *Cash Management Services to be Provided to the Issuer*

Pursuant to the Cash Management Agreement, the Cash Manager will agree to provide certain cash management and other services to the Issuer. The Cash Manager's principal function will be effecting payments to and from the Transaction Account. In addition, the Cash Manager will:

- (a) apply, or cause to be applied, Available Revenue Receipts, in accordance with the Pre-Acceleration Revenue Priority of Payments and Available Principal Receipts in accordance with the Pre-Acceleration Principal Priority of Payments;

- (g) make any determinations and calculations in respect of the Reconciliation Amount, if necessary.

In addition, the Cash Manager will or, in respect of paragraph (d) below, may:

- (a) maintain the following ledgers (the **Ledgers**) on behalf of the Issuer:
  - (i) the **Principal Ledger**, which will record all Principal Receipts received by the Issuer and the distribution of the Principal Receipts in accordance with the Pre-Acceleration Principal Priority of Payments or the Post-Acceleration Priority of Payments (as applicable);

- (ii) the **Revenue Ledger**, which will record all Revenue Receipts received by the Issuer and distribution of the same in accordance with the Pre-Acceleration Revenue Priority of Payments or the Post-Acceleration Priority of Payments (as applicable);

  - (v) the **Liquidity Reserve Ledger** which will record amounts credited to and debited from the Liquidity Reserve Fund (if established) (to fund senior expenses and interest payments on the Class A Notes) in accordance with the applicable Priority of Payments (see "*Credit Structure — Liquidity Reserve Fund and Liquidity Reserve Fund Ledger*" below);
  - (vi) the **Swap Collateral Ledger** which will record as a credit amounts of Swap Collateral provided by an Interest Rate Swap Provider to the Issuer under the Interest Rate Swap Agreement and record as a debit any amounts of Swap Collateral (including any interest accrued thereon) returned to an Interest Rate Swap Provider pursuant to the Interest Rate Swap Agreement;
  - (vii) the **Issuer Profit Ledger** which shall record as a credit the Issuer Profit Amount retained by the Issuer as profit in accordance with the relevant Priority of Payments; and
  - (viii) the **Ported Loan Repurchase Ledger** which shall record as a credit any proceeds of redemption of any Loans which are ported by a Borrower (which such proceeds are not credited to the Principal Ledger at the discretion of the Servicer) and record as a debit any amount paid by the Issuer to purchase a new loan which is ported to and secured on the new Property of such Borrower, provided that if such a new loan has not been created on or prior to the relevant Porting Deadline Date in respect of any deposit made to the Ported Loan Repurchase Ledger, such amount shall be treated as Available Principal Receipts and be distributed in accordance with the Pre-Acceleration Principal Priority of Payments or the Post-Acceleration Priority of Payments (as applicable) on the Interest Payment Date immediately following such Porting Deadline Date;
- (b) calculate on each Calculation Date the amount of Available Revenue Receipts and Available Principal Receipts to be applied on the relevant Interest Payment Date;
  - (c) following the receipt of the Servicer Report from the Servicer in accordance with paragraph (k) of the section entitled "*Servicing Agreement – Undertakings of the Servicer*", provide the Issuer, the Sellers, the Security Trustee, the Noteholders by publication on the CBS website at [www.coventrybuildingsociety.co.uk](http://www.coventrybuildingsociety.co.uk) (the details of which are correct as at the date of this Prospectus) and the Rating Agencies with the Investor Report on or around the final Business Day of each month; and

- (d) invest monies standing from time to time to the credit of a Bank Account in Authorised Investments as determined by the Issuer or by the Cash Manager subject to the following provisions:
- (i) any such Authorised Investment shall be made in the name of the Issuer;
  - (ii) any costs properly and reasonably incurred in making and changing Authorised Investments will be reimbursed to the Cash Manager by the Issuer; and
  - (iii) all income and other distributions arising on, or proceeds following the disposal or maturity of, Authorised Investments shall be credited to the relevant Bank Account.

**Issuer Profit Amount** means an amount equal to £300 as at each Interest Payment Date (£1,200 per annum), less any amounts in respect of the Issuer's liability for corporation tax provided for in the Priorities of Payments.

#### *Investor Reports*

Under the Cash Management Agreement, with the assistance of the Servicer, the Cash Manager will agree, to prepare and deliver, on or around the final Business Day of each month, the Investor Report addressed to the Issuer, the Security Trustee, the Sellers and the Rating Agencies setting out the payments into and out of each of the Bank Accounts and payments to other third parties.

The Investor Report will be posted on the following website (the details of which are correct as at the date of this Prospectus): [www.coventrybuildingsociety.co.uk](http://www.coventrybuildingsociety.co.uk). The website and the contents thereof do not form part of this Prospectus.

#### *Remuneration of Cash Manager*

The Cash Manager will be paid a fee (inclusive of VAT, if any) for its cash management services under the Cash Management Agreement quarterly in arrear on each Interest Payment Date. So long as CBS (or any member of the CBS Group) is the Cash Manager, the Issuer will pay to the Cash Manager a cash management fee (inclusive of VAT, if any) of 0.01 per cent. per annum on the aggregate Current Balance of the Loans in the Portfolio as determined on the preceding Calculation Date. The fee is payable quarterly in arrear on each Interest Payment Date in the manner contemplated by and in accordance with the Pre-Acceleration Revenue Priority of Payments or, as the case may be, the Post-Acceleration Priority of Payments. If a replacement cash manager from outside the CBS Group is appointed, the Issuer shall pay the replacement cash manager for its services a fee to be determined at the time of such appointment.

#### *Termination of Appointment and Replacement of Cash Manager*

In certain circumstances the Issuer and (following delivery of a Note Acceleration Notice) the Security Trustee will each have the right to terminate the appointment of the Cash Manager and to appoint a substitute (the appointment of which will be subject to the Security Trustee's written approval). Any substitute cash manager will have substantially the same rights and obligations as the Cash Manager (although the fee payable to the substitute cash manager may be higher).

The Cash Management Agreement provides that on the Cash Manager ceasing to be assigned a long-term unsecured, unguaranteed and unsubordinated debt obligation rating by Moody's of at least Baa3 the Issuer shall require the Cash Manager, within 60 days, to use best efforts to appoint a back-up cash manager which meets the requirements for a substitute cash manager provided for by the Cash Management Agreement.

### *Liability of the Cash Manager*

The Cash Manager will indemnify each of the Issuer and the Security Trustee on an after-tax basis for any loss, liability, claim, expense or damage suffered or incurred by it in respect of the negligence, fraud or wilful default of the Cash Manager in carrying out its functions as Cash Manager under, or as a result of a breach by the Cash Manager of, the terms and provisions of the Cash Management Agreement or such other Transaction Documents to which the Cash Manager is a party (in its capacity as such) in relation to such functions.

### *Governing Law*

The Cash Management Agreement will be governed by English law.

### **Bank Account Agreement**

Pursuant to the terms of the Bank Account Agreement entered into on the Closing Date between the Issuer, the Account Bank, the Cash Manager and the Security Trustee, the Issuer will maintain with the Account Bank the Transaction Account and (where appropriate) any swap collateral account(s), which will be operated by the Cash Manager (on behalf of the Issuer) in accordance with the Cash Management Agreement, the Deed of Charge and the Interest Rate Swap Agreement.

All amounts received from Borrowers in respect of Loans in the Portfolio will be paid into the Transaction Account from the relevant Seller's collection account and credited to the Revenue Ledger or the Principal Ledger, as the case may be, and as set out in the Cash Management Agreement. On each Interest Payment Date, amounts will be transferred from the Transaction Account and applied by the Cash Manager pursuant to the Cash Management Agreement and in accordance with the Priorities of Payments described below under "*Cashflows*".

If at any time the short-term unsecured, unsubordinated and unguaranteed debt obligations of the Account Bank are downgraded below the Account Bank Rating, the Issuer will be required (within 30 days) to arrange for the transfer (at its own cost) of the Bank Accounts to an appropriately rated bank or financial institution on substantially similar terms to those set out in the Bank Account Agreement in order to maintain the ratings of the Notes at their then current ratings.

The Bank Account Agreement may be terminated in other circumstances by the Cash Manager or the Issuer (in each case with the consent of the Security Trustee) including the occurrence of an insolvency event in respect of the Account Bank or default by the Account Bank in the performance of its obligations under the Bank Account Agreement which continues unremedied for a period of 20 Business Days after receiving notice or becoming aware of such default.

The Bank Account Agreement will be governed by English law.

**Account Bank Rating** means a short-term unsecured, unsubordinated and unguaranteed debt rating of P-1 by Moody's and F1 by Fitch and a long-term unsecured, unsubordinated and unguaranteed debt rating of A by Fitch and A2 by Moody's (if a short-term rating is assigned by Moody's) or A1 by Moody's (if no short-term rating is assigned by Moody's), or, in each case, such other rating as may from time to time be specified in the most recently published Rating Agency criteria as being required to maintain the then current rating of the Class A Notes.

### **The Corporate Services Agreement**

On or prior to the Closing Date, *inter alia*, the Issuer and the Corporate Services Provider will enter into the Corporate Services Agreement pursuant to which the Corporate Services Provider will provide the Issuer

and Holdings with certain corporate and administrative functions against the payment of a fee. Such services include, *inter alia*, the performance of all general book-keeping, secretarial, registrar and company administration services for the Issuer and Holdings (including the provision of directors), the providing of the directors with information in connection with the Issuer and Holdings and the arrangement for the convening of shareholders' and directors' meetings.

#### *Governing Law*

The Corporate Services Agreement will be governed by English law.

#### **Other Agreements**

For a description of the Interest Rate Swap Agreement see "*Credit Structure*" below.

## CREDIT STRUCTURE

The Notes are obligations of the Issuer only. The Notes are not obligations of, or the responsibility of, or guaranteed by, any person other than the Issuer. In particular, the Notes are not obligations of, or the responsibility of, or guaranteed by, any of the Sellers, the Interest Rate Swap Provider, the Joint Arrangers, the Joint Lead Managers, the Servicer, the Cash Manager, the Account Bank, the Principal Paying Agent, any other paying Agent, the Agent Bank, the Class Z VFN Registrar, the Note Trustee, the Security Trustee, any company in the same group of companies as any such entities or any other party to the Transaction Documents. No liability whatsoever in respect of any failure by the Issuer to pay any amount due under the Notes shall be accepted by any of the Sellers, the Interest Rate Swap Provider, the Joint Arrangers, the Joint Lead Managers, the Servicer, the Cash Manager, the Account Bank, the Principal Paying Agent, any other Paying Agents, the Agent Bank, the Class Z VFN Registrar, the Note Trustee, the Security Trustee or by any other person other than the Issuer.

The structure of the credit support arrangements may be summarised as follows:

### 1. Credit Support for the Notes provided by Available Revenue Receipts

It is anticipated that, during the life of the Notes, the interest payable by Borrowers on the Loans will, assuming that all of the Loans are fully performing, be sufficient so that the Available Revenue Receipts will be sufficient to pay the amounts payable under items (a) to (p) (inclusive) of the Pre-Acceleration Revenue Priority of Payments. The actual amount of any excess payable under item (p) of the Pre-Acceleration Revenue Priority of Payments will vary during the life of the Notes. Two of the key factors determining such variation are the interest rates applicable to the Loans in the Portfolio (as to which, see "*Interest Rate Risk for the Notes*" below) and the performance of the Portfolio.

Available Revenue Receipts may be applied (after making payments or provisions ranking higher in the Pre-Acceleration Revenue Priority of Payments) on each Interest Payment Date in accordance with the Pre-Acceleration Revenue Priority of Payments, towards reducing any Principal Deficiency Ledger entries which may arise from Losses on the Portfolio.

To the extent that the amount of Available Revenue Receipts on each Interest Payment Date exceeds the aggregate of the payments and provisions required to be met under items (a) to (h) (inclusive) of the Pre-Acceleration Revenue Priority of Payments, such excess is available to replenish and increase the General Reserve Fund up to and including an amount equal to the General Reserve Required Amount.

### 2. General Reserve Fund and General Reserve Ledger

On the Closing Date, the Issuer will establish a fund called the **General Reserve Fund** to provide credit enhancement for the Class A Notes which will be credited with the General Reserve Required Amount on the Closing Date. The General Reserve Fund will be funded from the proceeds of the Class Z VFN Holder's funding of the Class Z VFN on the Closing Date and following the Closing Date, to the extent required in connection with Further Advances, Substitutions or Product Switches from time to time. The General Reserve Fund will be deposited in the Transaction Account (with a corresponding credit being made to the General Reserve Ledger). The Cash Manager on behalf of the Issuer may invest the amounts standing to the credit of the Transaction Account in Authorised Investments. For more information about the application of the amounts standing to the credit of the General Reserve Fund, see the section "*Cashflows – Application of Monies Released from the General Reserve Fund*" below.

The Cash Manager will maintain the General Reserve Ledger pursuant to the Cash Management Agreement to record the balance from time to time of the General Reserve Fund.

After the Closing Date, the General Reserve Fund will be funded up to the General Reserve Required Amount from Available Revenue Receipts and will be replenished from Available Revenue Receipts in accordance with the provisions of the Pre-Acceleration Revenue Priority of Payments on every Interest Payment Date.

The **General Reserve Required Amount** will be an amount equal to £33,150,000 on the Closing Date (being an amount at least equal to 3 per cent. of the Current Balance of the Portfolio as at the Closing Date) and will be maintained at such amount on each subsequent Interest Payment Date. On any Interest Payment Date on which the Class A Notes are fully repaid or provided for, the General Reserve Required Amount will be reduced to zero.

On any Interest Payment Date on which the Class A Notes are fully repaid or provided for, the Issuer will not be required to maintain the General Reserve Fund and any amounts held in the General Reserve Fund will form part of Available Revenue Receipts and will be applied in accordance with the Pre-Acceleration Revenue Priority of Payments.

### **3. Use of Principal Receipts to pay Revenue Deficiency**

On each Calculation Date, the Cash Manager will calculate whether the aggregate of items (a) to (h) less (i) of the definition of Available Revenue Receipts is insufficient to pay items (a) to (g) of the Pre-Acceleration Revenue Priority of Payments. If there is a deficit (the **Revenue Deficiency**), then the Issuer (or the Cash Manager on its behalf) shall pay or provide for that Revenue Deficiency by the application of amounts standing to the credit of the Principal Ledger, if any, and the Cash Manager shall make a corresponding entry in the relevant Principal Deficiency Ledger, as described in "*Principal Deficiency Ledgers*" below as well as making a debit in the Principal Ledger. Any such entry and debit shall be made and taken into account prior to the application of Available Principal Receipts on the relevant Interest Payment Date. For more information about the application of Principal Receipts to pay a Revenue Deficiency, see the section "*Cashflows – Applications of Principal Receipts to Revenue Deficiency*".

### **4. Liquidity Reserve Fund and Liquidity Reserve Ledger**

On the date on which CBS ceases to be assigned a long-term unsecured, unguaranteed and unsubordinated debt obligation rating by Moody's of at least Baa2 or by Fitch of at least BBB, the Issuer will establish a fund to fund senior expenses and interest payments on the Class A Notes, if necessary (the **Liquidity Reserve Fund**). The Issuer will be required to fund the Liquidity Reserve Fund to the Liquidity Reserve Fund Required Amount from Available Principal Receipts in accordance with the Pre-Acceleration Principal Priority of Payments. The Issuer will be required to top up the Liquidity Reserve Fund to the Liquidity Reserve Fund Required Amount on each Interest Payment Date. For more information about the application of the amounts standing to the credit of the Liquidity Reserve Fund in connection with a Revenue Deficiency, see the section "*Cashflows – Applications of Monies Drawn from the Liquidity Reserve Fund*".

**Liquidity Reserve Fund Required Amount** means an amount equal to the greater of (a) 4 per cent. of the Principal Amount Outstanding of the Class A Notes at the beginning of the relevant Interest Period less the amount standing to the credit of the General Reserve Fund as determined by the Cash Manager on the relevant Calculation Date after taking into account the amount of Available Revenue Receipts to be credited to the General Reserve Fund on the Interest Payment Date immediately following such Calculation Date in accordance with the Pre-Acceleration Revenue Priority of Payments and (b) zero.

The Principal Deficiency Ledger will be debited on each Interest Payment Date by an amount equal to the amount drawn from the Liquidity Reserve Fund (if established) to fund senior expenses and interest payments on the Class A Notes on that date (if any).

## 5. Principal Deficiency Ledgers

A Principal Deficiency Ledger, comprising two sub ledgers, known as the Class A Principal Deficiency Ledger (relating to each of the Class A Notes) (the **Class A Principal Deficiency Ledger**) and the Class Z VFN Principal Deficiency Ledger (the **Class Z VFN Principal Deficiency Ledger**, each a **Principal Deficiency Ledger** and, together, the **Principal Deficiency Ledgers**), will be established on the Closing Date in order to record any Losses on the Portfolio as allocated against each of the Classes of Notes referenced above and/or the application of Principal Receipts to pay any Revenue Deficiency and/or any debiting of the Liquidity Reserve Fund (if established) on an Interest Payment Date to fund senior expenses and interest payments on the Class A Notes. Losses or debits recorded on the Class A Principal Deficiency Ledger shall be recorded in respect of the Class A Notes. Losses or debits recorded on the Class Z VFN Principal Deficiency Ledger shall be recorded in respect of the Class Z VFN. Losses of principal to be credited to the Principal Deficiency Ledger will be calculated after applying any recoveries to outstanding interest amounts due and payable on the relevant Loan.

The application of any Principal Receipts to meet any Losses on the Portfolio will be recorded as a debit:

- (a) first, to the Class Z VFN Principal Deficiency Ledger up to a maximum of the Class Z VFN Principal Deficiency Limit; and
- (b) second, to the Class A Principal Deficiency Ledger.

**Losses** means all realised losses in respect of a Loan after enforcement of that Loan.

Realised losses will be calculated after applying any recoveries following enforcement of a Loan (but on or prior to the completion of enforcement proceedings in respect of such Loan) to outstanding fees and interest amounts due and payable on the relevant Loan.

**Class Z VFN Principal Deficiency Limit** means the Principal Amount Outstanding of the subscription under the Class Z VFN used to fund the Current Balance (calculated as at the Closing Date) of the Loans.

Amounts allocated to each Principal Deficiency Ledger shall be reduced to the extent of Available Revenue Receipts available for such purpose on each Interest Payment Date in accordance with the Pre-Acceleration Revenue Priority of Payments. Such amounts will be applied in repayment of principal as Available Principal Receipts in accordance with the Pre-Acceleration Principal Priority of Payments.

## 6. Available Receipts

To the extent that the Available Revenue Receipts and Available Principal Receipts are sufficient on any Calculation Date, they shall be paid on the immediately following Interest Payment Date to the persons entitled thereto (or a relevant provision made) in accordance with the Pre-Acceleration Revenue Priority of Payments or the Pre-Acceleration Principal Priority of Payments, as applicable. It is not intended that any surplus will be accumulated in the Issuer, which for the avoidance of doubt does not include the Issuer Profit Amount which the Issuer expects to generate each accounting period as its profit in respect of the business of the Issuer, amounts standing to the credit of the General Reserve Ledger or the Liquidity Reserve Fund (if established).

If, on any Interest Payment Date whilst there are Class A Notes outstanding, the Issuer has insufficient Available Revenue Receipts to pay the interest otherwise due on the Class Z VFN then the Issuer will be entitled under Condition 17 (*Subordination by Deferral*) to defer payment of that amount (to the extent of the insufficiency) until the following Interest Payment Date. Such deferral will not constitute an Event of Default. If there are no Class A Notes then outstanding, the Issuer will not be entitled to defer payments of interest in respect of the Class Z VFN.

Failure to pay interest on the Class A Notes (or the Class Z VFN where the Class A Notes have been redeemed in full) within any applicable grace period in accordance with the Conditions shall constitute an Event of Default under the Notes which may result in the Security Trustee enforcing the Security.

## 7. Transaction Account

Pursuant to the Bank Account Agreement, the Account Bank will pay interest on funds in the Transaction Account at a rate per annum equal to the rate of interest accruing on the balance standing to the credit of the Transaction Account equal to the Bank of England base rate minus 0.2 per cent. (the **Transaction Account Rate**). The Account Bank may at any time apply a new rate of interest to the Transaction Account, which new rate shall be effective on a date not less than 30 Business Days after the Account Bank has given written notice to the Issuer of the same. The Cash Manager, on behalf of the Issuer, may invest amounts standing to the credit of the Transaction Account in Authorised Investments.

If, at any time the short-term unsecured, unsubordinated and unguaranteed debt obligations of the Account Bank are downgraded below the Account Bank Rating, the Issuer will be required (within 30 days) to transfer (at its own cost) the Transaction Account to an appropriately rated bank or financial institution on substantially similar terms to those set out in the Bank Account Agreement, in order to maintain the ratings of the Notes at their then current ratings.

## 8. Interest Rate Risk for the Notes

Some of the Loans in the Portfolio pay a fixed rate of interest for a period of time. Other Loans in the Portfolio pay a variable rate of interest, a capped rate of interest or a rate of interest which tracks a variable rate such as the Bank of England base rate. However, the interest rate payable by the Issuer with respect to the Notes is an amount calculated by reference to Three-Month Sterling LIBOR.

To provide a hedge against the possible variance between:

- (a) the various rates of interest payable on the Loans in the Portfolio; and
- (b) a rate of interest calculated by reference to Three-Month Sterling LIBOR,

the Issuer will enter into the Interest Rate Swap with the Interest Rate Swap Provider on the Closing Date.

The Interest Rate Swap will be governed by the Interest Rate Swap Agreement.

### Interest Rate Swap

Under the Interest Rate Swap, for each Interest Period falling prior to the termination date of the Interest Rate Swap, the following amounts will be calculated:

- (a) the sum of the amounts produced by applying, for each of the Interest Periods Three-Month Sterling LIBOR (or in respect of the Interest Period ending on or around 26 August 2012, the linear interpolation of Three-Month Sterling LIBOR and Four-Month Sterling LIBOR) plus a spread to the Swap Notional Amount of the Interest Rate Swap for such Interest Period (the **Swap Provider Amount**); and
- (b) the aggregate of the amounts (the **Issuer Amount**) produced, for each of the Interest Periods as a result of the product of (A) the sum of (i) the weighted average fixed rate of interest (as defined in the Interest Rate Swap) multiplied by the ratio of Fixed Rate Loans in the Portfolio; (ii) the weighted average variable rate of interest (as defined in the Interest Rate Swap) multiplied by the ratio of Variable Rate Loans in the Portfolio; (iii) the weighted average tracker rate of interest (as defined in

the Interest Rate Swap) multiplied by the ratio of Tracker Rate Loans in the Portfolio; and (iv) the weighted average capped rate of interest (as defined in the Interest Rate Swap) multiplied by the ratio of Capped Rate Loans in the Portfolio, (B) the Swap Notional Amount and (C) the day count fraction specified in the Interest Rate Swap and in each case for the relevant Interest Period.

After these two amounts are calculated in relation to an Interest Period, the following payments will be made on the relevant Interest Payment Date:

- (a) if the Swap Provider Amount for that Interest Payment Date is greater than the Issuer Amount for that Interest Payment Date, then the Interest Rate Swap Provider will pay the difference to the Issuer;
- (b) if the Issuer Amount for that Interest Payment Date is greater than the Swap Provider Amount for that Interest Payment Date, then the Issuer will pay the difference to the Interest Rate Swap Provider; and
- (c) if the two amounts are equal, neither party will make a payment to the other.

If a payment is to be made by the Interest Rate Swap Provider, that payment will be included in the Available Revenue Receipts and will be applied on the relevant Interest Payment Date according to the relevant Priority of Payments. If a payment is to be made by the Issuer, it will be made according to the relevant Priority of Payments of the Issuer.

For the purposes of calculating both the Issuer Amount and Swap Provider Amount, the notional amount (the **Swap Notional Amount**) of the Interest Rate Swap will be an amount in Sterling equal to the product of (i) the Performance Ratio and (ii) the average daily aggregate Current Balance of the Loans in the Portfolio during the relevant Collection Period.

The **Performance Ratio** means in respect of a Collection Period, the lesser of (i) (A) the greater of (x) zero; and (y) the sum of all payments received in respect of each Loan in the Portfolio during that Collection Period, divided by (B) the sum of all payments due in respect of each Loan in the Portfolio during that Collection Period; and (ii) 1.

Subject to the circumstances described below, unless an Early Termination Event (as defined below), occurs, the Interest Rate Swap will terminate on the earlier of (i) the Final Maturity Date of the Notes, (ii) the date on which the aggregate Principal Amount Outstanding of the Class A Notes is reduced to zero (iii) the date on which the Swap Notional Amount falls to zero and (iv) the date on which the Security Trustee has enforced the security over the Class A Notes and distributed the proceeds thereof in full. In the event that the Interest Rate Swap is terminated prior to the service of a Note Acceleration Notice or the date on which the aggregate Principal Amount Outstanding of the Notes is reduced to zero, the Issuer shall enter into replacement interest rate swaps subject to Security Trustee consent in accordance with the provisions set out in the Deed of Charge and outlined below.

Under the terms of the Interest Rate Swap Agreement, in the event that the relevant rating(s) of the Interest Rate Swap Provider (or its guarantor, if applicable) assigned by a Rating Agency is or are below the rating specified in the Interest Rate Swap Agreement (in accordance with the requirements of the Rating Agencies) (the **Required Swap Ratings**), the Interest Rate Swap Provider will, in accordance with the Interest Rate Swap Agreement, be required to take certain remedial measures within the timeframe stipulated in the Interest Rate Swap Agreement and at its own cost which may include providing collateral for its obligations under the Interest Rate Swap Agreement, arranging for its obligations under the Interest Rate Swap Agreement to be transferred to an entity with the Required Swap Ratings, procuring another entity with the Required Swap Ratings to become co-obligor or guarantor, as applicable, in respect of its obligations under the Interest Rate Swap Agreement or taking such other action that would result in the rating of the Class A

Notes being maintained at, or restored to, the level it would have been at prior to such rating being assigned by the relevant Rating Agency.

The Interest Rate Swap Agreement may be terminated in certain circumstances, including the following, each as more specifically defined in the Interest Rate Swap Agreement (an **Early Termination Event**):

- (a) if there is a failure by a party to pay amounts due under an Interest Rate Swap Agreement and any applicable grace period has expired;
- (b) if certain insolvency events occur with respect to a party;
- (c) if a breach of a provision of the Interest Rate Swap Agreement by the Interest Rate Swap Provider is not remedied within the applicable grace period;
- (d) if a change of law results in the obligations of one of the parties becoming illegal;
- (e) in certain circumstances, if a deduction or withholding for or on account of taxes is imposed on payments under the Interest Rate Swap due to change in law or if certain tax representations made by the Interest Rate Swap Provider prove to have been incorrect or misleading in any material respect;
- (f) if the Interest Rate Swap Provider is downgraded and fails to comply with the requirements of the downgrade provisions contained in the Interest Rate Swap Agreement and described above;
- (g) the earlier to occur of (i) an acceleration in respect of the Notes and (ii) service by the Note Trustee of a Note Acceleration Notice on the Issuer pursuant to Condition 10 (*Events of Default*) of the Notes;
- (h) if there is a redemption of the Notes pursuant to Condition 7.3 (*Optional Redemption of the Class A Notes in Full*) or Condition 7.4 (*Optional Redemption of the Class A Notes for Taxation or Other Reasons*); and
- (i) if any of the Transaction Documents is amended in any material respect in a manner detrimental to the Interest Rate Swap Provider's interests (other than with the prior written consent of the Interest Rate Swap Provider).

Upon an early termination of the Interest Rate Swaps, depending on the type of Early Termination Event and circumstances prevailing at the time of termination, the Issuer or the Interest Rate Swap Provider may be liable to make a termination payment to the other. This termination payment will be calculated and made in Sterling. The amount of any termination payment will be based on the market value of the terminated swaps as determined on the basis of quotations sought from leading dealers as to the costs of entering into a transaction with the same terms and conditions that would have the effect of preserving the economic equivalent of the respective full payment obligations of the parties (or based upon a good faith determination of total losses and costs (or gains) if an insufficient number of quotations can be obtained or if basing the valuation on quotations would not produce a commercially reasonable result) and will include any unpaid amounts that became due and payable prior to the date of termination, taking account of any collateral transferred by the Interest Rate Swap Provider to the Issuer.

Depending on the terms of the Interest Rate Swaps and the circumstances prevailing at the time of termination, any such termination payment could be substantial and may affect the funds available to pay amounts due to the Noteholders.

The Interest Rate Swap Provider may, subject to certain conditions specified in the Interest Rate Swap Agreement including (without limitation) the satisfaction of certain requirements of the Rating Agencies and prior written consent of the Issuer, transfer its obligations under the Interest Rate Swap Agreement to another entity with the Required Swap Ratings as specified in the Interest Rate Swap Agreement.

The Issuer is not obliged under the Interest Rate Swap Agreement to gross up payments made by it if a withholding or deduction for or on account of taxes is imposed on payments made under the Interest Rate Swaps.

The Interest Rate Swap Provider will generally be obliged to gross up payments made by it to the Issuer if a withholding or deduction for or on account of tax is imposed on payments made by it under the Interest Rate Swaps. However, if the Interest Rate Swap Provider is required to gross up a payment under the Interest Rate Swaps due to a change in the law, the Interest Rate Swap Provider may terminate the Interest Rate Swaps.

The Interest Rate Swap Agreement may not be terminated and any replacement interest rate swap agreement or, as the case may be, replacement interest rate swap agreements may not be entered into unless the Security Trustee is satisfied that:

- (a) the terms of the replacement interest rate swap agreement or interest rate swap agreements have the same effect as the terms of the Interest Rate Swap Agreement in respect of any obligation (whether absolute or contingent) to make payment or delivery to the Issuer after the effective date of such transfer;
- (b) the terms of the replacement interest rate swap agreement or interest rate swap agreements, insofar as the terms do not relate to payment or delivery obligations, are, in all material respects, no less beneficial for the Issuer than the terms of the Interest Rate Swap Agreement immediately before such transfer; and
- (c) the ratings of the Class A Notes at that time outstanding will not be downgraded, withdrawn or qualified as a result of the entering into of the replacement interest rate swap agreement or interest rate swap agreements.

The Security Trustee will be satisfied with (a), (b) and (c) above and will provide its consent if it has received a certificate from the Cash Manager certifying, *inter alia*, the matters set out in (a), (b) and (c) above, that the Cash Manager has notified the Rating Agencies of the intention to enter into the replacement interest rate swap agreement or interest rate swap agreements and has not, within 14 days of such notification, received any written notification from the Rating Agencies that such replacement interest rate swap agreement would cause the then current ratings of the Class A Notes to be downgraded and that, in the Cash Manager's opinion, the ratings of the Class A Notes at all times outstanding will not be downgraded, withdrawn or qualified as a result of the entering into of the replacement interest rate swap agreement. For the avoidance of doubt, the Interest Rate Swap Agreement may be novated either in whole or in part to different replacement swap providers. The Security Trustee shall be entitled to rely on any such certificate provided by the Cash Manager as described above without further investigation and with no liability to any person for so doing.

The Interest Rate Swap Agreement and any non-contractual obligations arising out of or in connection with it will be governed by English law.

## DESCRIPTION OF THE NOTES IN GLOBAL FORM AND THE VARIABLE FUNDING NOTES

### General

Each of the Class A Notes, as at the Closing Date, will initially be represented by a Temporary Global Note. All capitalised terms not defined in this paragraph shall be as defined in the Conditions of the Notes.

The Temporary Global Note will be deposited on or about the Closing Date on behalf of the subscribers for the Class A Notes with a Common Safekeeper for both Euroclear and Clearstream, Luxembourg (together, the **Clearing Systems**). Upon deposit of the Temporary Global Notes, the Clearing Systems will credit each subscriber of Notes with the principal amount of Notes of the relevant class equal to the aggregate principal amount thereof for which the subscriber will have subscribed and paid. Interests in the Temporary Global Note are exchangeable on and after the date which is 40 days after the Closing Date, upon certification of non-U.S. beneficial ownership by the relevant Noteholder, for interests recorded in the records of the Clearing Systems in a Permanent Global Note.

For so long as the Class A Notes are represented by a Global Note and the Clearing Systems so permit, the Class A Notes will be tradeable only in the minimum authorised denomination of £100,000 and integral multiples of £1,000 in excess thereof.

### Payments on the Global Note

Payments in respect of principal, premium (if any) and interest in respect of any Global Note will be made only against presentation of such Global Note to or to the order of the Principal Paying Agent or such other Paying Agent as shall have been notified to the Noteholders in accordance with Condition 15 (*Notice to Noteholders*) for such purpose, subject, in the case of any Temporary Global Note, to certification of non-US beneficial ownership as provided in such Temporary Global Note. Each payment of principal, premium or interest made in respect of a Global Note will be recorded by the Clearing Systems in their records (which records are the records each relevant Clearing System holds for its customers which reflect such customers' interest in the Notes) and such records shall be prima facie evidence that the payment in question has been made. No person appearing from time to time in the records of either of the Clearing Systems as the holder of a Note shall have any claim directly against the Issuer in respect of payments due on such Note whilst such Note is represented by a Global Note and the Issuer shall be discharged by payment of the relevant amount to the bearer of the relevant Global Note. The Issuer shall procure that each payment shall be entered *pro rata* in the records of the relevant Clearing Systems but any failure to make such entries shall not affect the discharge referred to above.

Payments will be made, in respect of the Global Notes, by credit or transfer to an account in sterling maintained by the payee with a bank in London.

Payments in respect of principal, premium (if any) and interest on the Global Notes are subject in all cases to any fiscal or other laws and regulations applicable in the place of payment.

Euroclear and Clearstream, Luxembourg have advised the Issuer as follows:

Euroclear and Clearstream, Luxembourg each hold securities for their account holders and facilitate the clearance and settlement of securities transactions by electronic book-entry transfer between their respective account holders, thereby eliminating the need for physical movements of certificates and any risk from lack of simultaneous transfers of securities.

Euroclear and Clearstream, Luxembourg each provide various services including safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Euroclear and Clearstream, Luxembourg each also deal with domestic securities markets in several countries through established depositary and custodial relationships. The respective systems of Euroclear and of Clearstream, Luxembourg have established an electronic bridge between their two systems across which their respective account holders may settle trades with each other.

Account holders in both Euroclear and Clearstream, Luxembourg are worldwide financial institutions including underwriters, securities brokers and dealers, banks, trust companies and clearing corporations. Indirect access to both Euroclear and Clearstream, Luxembourg is available to other institutions that clear through or maintain a custodial relationship with an account holder of either system.

Both Euroclear and Clearstream, Luxembourg act under such rules and operating procedures only on behalf of their respective account holders, and have no record of or relationship with persons holding through their respective account holders.

The Issuer understands that under existing industry practices, if any of the Issuer, the Note Trustee or the Security Trustee requests any action of Noteholders or if a Noteholder desires to give instructions or to take any action that a Noteholder is entitled to give or take under the Trust Deed or the Deed of Charge, Euroclear or Clearstream, Luxembourg, as the case may be, would authorise the participants to give instructions or take such action, and such participants would authorise indirect participants to give or take such action or would otherwise act upon the instructions of such indirect participants.

### **Redemption**

In the event that the Global Note (or portion thereof) is redeemed, the Principal Paying Agent will deliver all amounts received by it in respect of the redemption of such Global Note to or to the order of the Common Safekeeper and, upon final payment, will surrender such Global Note (or portion thereof) to or to the order of the Principal Paying Agent for cancellation. ### 2. FORM, DENOMINATION AND TITLE

#### 2.1 *Form and Denomination*

The Temporary Global Note has been deposited on behalf of the subscribers of the Class A Notes with a common safekeeper (the **Common Safekeeper**) for Clearstream Banking, *société anonyme* (**Clearstream**,

**Luxembourg**) and Euroclear Bank S.A/N.V. (**Euroclear** and together with Clearstream, Luxembourg, the **Clearing Systems**) on the Closing Date. Interests in the Temporary Global Note are exchangeable on and after the date which is 40 days after the Closing Date, upon certification of non-U.S. beneficial ownership by the relevant Noteholder, for interests in a permanent global note (a **Permanent Global Note**) representing the Class A Notes (the expressions **Global Notes** and **Global Note** meaning, the Temporary Global Note and the Permanent Global Note, or (ii) the Temporary Global Note or Permanent Global Note, as the context may require). The Permanent Global Note has also been deposited with the Common Safekeeper for the Clearing Systems.

The Sterling Interest Amounts shall be determined by applying the relevant Rate of Interest to such Principal Amount Outstanding, multiplying the sum by the actual number of days in the Interest Period concerned divided by 365 (or, if any portion of the Interest Period concerned falls in a leap year, the sum of (i) the actual number of days in that portion of the Interest Period concerned falling in a leap year divided by 366 and (ii) the actual number of days in that portion of the Interest Period concerned falling in a non-leap year divided by 365) and rounding the resulting figure downwards to the nearest penny.

#### **5.5 Publication of Rates of Interest and Sterling Interest Amounts**

The Agent Bank shall cause the Rates of Interest and the Sterling Interest Amounts for each Interest Period and each Interest Payment Date to be notified to the Issuer, the Cash Manager, the Note Trustee, the Class Z VFN Registrar and the Paying Agents (as applicable) and to any stock exchange or other relevant authority on which the Notes are at the relevant time listed and to be published in accordance with Condition 15 (*Notice to Noteholders*) as soon as possible after their determination and in no event later than the second Business Day thereafter. The Sterling Interest Amounts and Interest Payment Date may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period.

#### **5.6 Determination by the Note Trustee**

The Note Trustee or any agent acting on its behalf may, without liability therefor and subject to its being indemnified and/or secured and/or prefunded to its satisfaction, if the Agent Bank defaults at any time in its obligation to determine the Rates of Interest and Sterling Interest Amounts in accordance with the above provisions and the Note Trustee has been notified of this default by the Cash Manager, determine or cause to be determined the Rates of Interest and Sterling Interest Amounts, the Rates of Interest at such rates as, in its absolute discretion (having such regard as it shall think fit to the procedure described above), it shall deem fair and reasonable in all the circumstances and the Sterling Interest Amounts in the manner provided in Condition 5.4 (*Determination of Rates of Interest and Interest Amounts*). In each case, the Note Trustee may, at the expense of the Issuer, employ an expert to make the determination and any such determination shall be deemed to be determinations made by the Agent Bank.

#### **5.7 Notifications, etc. to be Final**

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of the provisions of this Condition 5, whether by the Reference Banks (or any of them), the Agent Bank, the Cash Manager or the Note Trustee, will (in the absence of wilful default, gross negligence, or fraud) be binding on the Issuer, the Cash Manager, the Note Trustee, the Agent Bank, the Class Z VFN Registrar, the Paying Agents and all Noteholders and (in the absence of wilful default, gross negligence, or fraud) no liability to the Issuer or the Noteholders shall attach to the Reference Banks (or any of them), the Cash Manager, the Agent Bank, the Class Z VFN Registrar or,

if applicable, the Note Trustee in connection with the exercise or non-exercise by any of them of their powers, duties and discretions under this Condition 5.

### **5.8 Agent Bank**

The Issuer shall procure that, so long as any of the Notes remain outstanding, there is at all times an Agent Bank for the purposes of the Notes and the Issuer may, subject to the prior written approval of the Note Trustee, terminate the appointment of the Agent Bank. In the event of the appointed office of any bank being unable or unwilling to continue to act as the Agent Bank or failing duly to determine the Rates of Interest and the Sterling Interest Amounts for any Interest Period, the Issuer shall, subject to the prior written approval of the Note Trustee, appoint another major bank engaged in the relevant interbank market to act in its place. Subject to the detailed provisions of the Agency Agreement, the Agent Bank may not resign its duties or be removed without a successor having been appointed.

### **5.9 Determinations and Reconciliation**

- (a) In the event that the Cash Manager does not receive a Servicer Report with respect to a Collection Period (the **Determination Period**), then the Cash Manager may use the Servicer Report in respect of the three most recent Collection Periods (or, where there are not at least three previous Servicer Reports, any previous Servicer Reports) for the purposes of calculating the amounts available to the Issuer to make payments, as set out in this Condition 5.9 (Determinations and Reconciliation). When the Cash Manager receives the Servicer Report relating to the Determination Period, it will make the reconciliation calculations and reconciliation payments as set out in Condition 5.9(c). Any (i) calculations properly done on the basis of such estimates in accordance with Conditions 5.9(b) and/or 5.9(c); (ii) payments made under any of the Notes and Transaction Documents in accordance with such calculations; and (iii) reconciliation calculations and reconciliation payments made as a result of such reconciliation calculations, each in accordance with Condition 5.9(b) and/or 5.9(c), shall be deemed to be done in accordance with the provisions of the Transaction Documents and will in themselves not lead to an Event of Default and no liability will attach to the Cash Manager in connection with the exercise by it of its powers, duties and discretion for such purposes.
- (b) Where, in respect of any Determination Period the Cash Manager shall:
- (i) determine the Interest Determination Ratio by reference to the three most recently received Servicer Reports (or, where there are not at least three previous Servicer Reports, any previous Servicer Reports received in the preceding Collection Periods);
  - (ii) calculate the Revenue Receipts for such Determination Period as the product of (i) the Interest Determination Ratio and (ii) all collections received by the Issuer during such Determination Period (the **Calculated Revenue Receipts**);
  - (iii) calculate the Principal Receipts for such Determination Period as the product of (i) 1 minus the Interest Determination Ratio and (ii) all collections received by the Issuer during such Determination Period (the **Calculated Principal Receipts**).
- (c) Following any Determination Period, upon receipt by the Cash Manager of the Servicer Reports in respect of such Determination Period, the Cash Manager shall reconcile the calculations made in accordance with Condition 5.9(b) above to the actual collections set out in the Servicer Reports by allocating the Reconciliation Amount as follows:
- (i) If the Reconciliation Amount is a positive number, the Cash Manager shall apply an amount equal to the lesser of (i) the absolute value of the Reconciliation Amount and (ii) the amount

standing to the credit of the Revenue Ledger, as Available Principal Receipts (with a corresponding debit of the Revenue Ledger);

- (ii) If the Reconciliation Amount is a negative number, the Cash Manager shall apply an amount equal to the lesser of (i) the absolute value of the Reconciliation Amount and (ii) the amount standing to the credit of the Principal Ledger, as Available Revenue Receipts (with a corresponding debit of the Principal Ledger),

*provided that* the Cash Manager shall apply such Reconciliation Amount in determining Available Revenue Receipts and Available Principal Receipts for such Collection Period in accordance with the terms of the Cash Management Agreement and the Cash Manager shall promptly notify the Issuer, the Note Trustee and the Security Trustee of such Reconciliation Amount.

- (d) In this Condition, the expression:

**Interest Determination Ratio** means (i) the aggregate Revenue Receipts calculated in the three preceding Servicer Reports used by the Cash Manager as described in Condition 5.9(a) above divided by (ii) the aggregate of all Revenue Receipts and all Principal Receipts calculated in such Servicer Reports;

**Reconciliation Amount** means in respect of any Collection Period which is a Determination Period, (i) the actual Principal Receipts as determined in accordance with the available Servicer Reports, less (ii) the Calculated Principal Receipts in respect of such Collection Period, plus (iii) any Reconciliation Amount not applied in previous Collection Periods; and

**Servicer Report** means a report to be provided by the Servicer on or prior to each Monthly Test Date and detailing the information relating to the Portfolio necessary to produce the Investor Report.

## 6. PAYMENTS

### 6.1 *Payment of Interest and Principal*

Payments in respect of principal, premium (if any) and interest in respect of any Global Note will be made only against presentation of such Global Note to or to the order of the Principal Paying Agent (or the Class Z VFN Registrar in respect of the Class Z VFN) or such other Paying Agent as shall have been notified to the Noteholders in accordance with Condition 15 (*Notice to Noteholders*) for such purpose, subject, in the case of the Temporary Global Note, to certification of non-US beneficial ownership as provided in such Temporary Global Note. Each payment of principal, premium or interest made in respect of a Global Note will be recorded by the Clearing Systems in their records (which records are the records each relevant Clearing System holds for its customers and reflect such customers' interest in the Notes) and such records shall be *prima facie* evidence that the payment in question has been made. No person appearing from time to time in the records of either of the Clearing Systems as the holder of a Note shall have any claim directly against the Issuer in respect of payments due on such Note whilst such Note is represented by a Global Note and the Issuer shall be discharged by payment of the relevant amount to the bearer of the relevant Global Note. The Issuer shall procure that each payment shall be entered *pro rata* in the records of the relevant Clearing System but any failure to make such entries shall not affect the discharge referred to above.

Payments will be made in respect of the Notes by credit or transfer to an account in Sterling maintained by the payee with a bank in London.

## **6.2 Laws and Regulations**

Payments of principal and interest in respect of the Notes are subject, in all cases, to (i) any fiscal or other laws and regulations applicable thereto in any jurisdiction and (ii) any withholding or deduction required pursuant to an agreement described in section 1471(b) of the U.S. Internal Revenue Code of 1986 (the **Code**) or otherwise imposed pursuant to sections 1471 through 1474 of the Code, any regulations or agreements thereunder, official interpretations thereof, or any law implementing an intergovernmental approach thereto. Noteholders will not be charged commissions or expenses on payments.

## **6.3 Payment of Interest following a Failure to pay Principal**

If payment of principal is improperly withheld or refused on or in respect of any Note or part thereof, the interest which continues to accrue in respect of such Note in accordance with Condition 5.1 (*Interest Accrual*) and Conditions 5.3(a) and 5.3(b) (*Rate of Interest*) will be paid, in respect of a Global Note, as described in Condition 6.1 (*Payment of Interest and Principal*) above and, in respect of any Definitive Note, in accordance with this Condition 6.

## **6.4 Change of Paying Agents**

Subject to the detailed provisions of the Agency Agreement, the Issuer reserves the right, subject to the prior written approval of the Note Trustee, at any time to vary or terminate the appointment of the Principal Paying Agent or the Class Z VFN Registrar and to appoint additional or other agents provided that:

- (a) there will at all times be a person appointed to perform the obligations of the Principal Paying Agent;
- (b) there will at all times be at least one Paying Agent (who may be the Principal Paying Agent) having its specified office in such place as may be required by the rules and regulations of the relevant stock exchange and competent authority which, for so long as the Notes are admitted to trading on the London Stock Exchange and to trading on its regulated market and the relevant listing rules require, shall be a place in the United Kingdom (such as London) or such other place as the London Stock Exchange may approve; and
- (c) the Issuer undertakes that it will ensure that it maintains a Paying Agent in a Member State of the European Union that is not obliged to withhold or deduct tax pursuant to European Council Directive 2003/48/EC or any law implementing or complying with, or introduced in order to conform to, such Directive.

Except where otherwise provided in the Trust Deed or the Agency Agreement, the Issuer will cause notice of no more than 30 days and no less than 15 days of any change in or addition to the Paying Agents or the Class Z VFN Registrar or their specified offices to be given to the Noteholders in accordance with Condition 15 (*Notice to Noteholders*) and will notify the Rating Agencies of such change or addition.

## **6.5 No Payment on non-Business Day**

If the date for payment of any amount in respect of a Note is not a Presentation Date, Noteholders shall not be entitled to payment until the next following Presentation Date in the relevant place and shall not be entitled to further interest or other payment in respect of such delay. In this Condition 6.5, the expression **Presentation Date** means a day which is (a) a Business Day and (b) a day on which banks are generally open for business in the relevant place.

## **6.6 Partial Payment**

If the Class Z VFN Registrar (in respect of the Class Z VFN) makes a partial payment in respect of the Class Z VFN, the Class Z VFN Registrar will, in respect of the Class Z VFN, annotate the Class Z VFN Register, indicating the amount and date of such payment.

## **6.7 Payment of Interest**

If interest is not paid in respect of the Class Z VFN on the date when due and payable (other than because the due date is not a Presentation Date (as defined in Condition 6.5 (*No Payment on non-Business Day*)) or by reason of non-compliance by the Noteholder with Condition 6.1 (*Payment of Interest and Principal*)), then such unpaid interest shall itself bear interest at the Rate of Interest applicable from time to time to such Class Z VFN until such interest and interest thereon are available for payment and notice thereof has been duly given in accordance with Condition 15 (*Notice to Noteholders*).

## **7. REDEMPTION**

### **7.1 Redemption at Maturity**

Unless previously redeemed in full or purchased and cancelled as provided below, the Issuer will redeem the Notes at their respective Principal Amounts Outstanding on the Interest Payment Date falling in May 2050.

### **7.2 Mandatory Redemption**

- (a) Each Note shall, subject to Condition 7.3 (*Optional Redemption of the Class A Notes in Full*) and 7.4 (*Optional Redemption of the Class A Notes for Taxation or Other Reasons*), be redeemed on each Interest Payment Date prior to the service of a Note Acceleration Notice in an amount equal to the Available Principal Receipts available for such purpose (to the extent not used to credit the Liquidity Reserve Fund, if established) which shall be applied (a) first to repay the Class A Notes until they are repaid in full and then (b) to repay the Class Z VFN until it is repaid in full, subject, in each case, to the Pre-Acceleration Principal Priority of Payments and, as applicable, the Pre-Acceleration Revenue Priority of Payments.
- (b) With respect to each Note on (or as soon as practicable after) each Calculation Date, the Issuer shall determine (or cause the Cash Manager to determine) (i) the amount of any principal repayment due on the Interest Payment Date next following such Calculation Date, (ii) the Principal Amount Outstanding of each such Note and (iii) in relation to the Class A Notes only, the fraction expressed as a decimal to the sixth point (the **Pool Factor**), of which the numerator is the Principal Amount Outstanding of that Note (as referred to in (ii) above) and the denominator, in the case of that Note, is the Principal Amount Outstanding of that Note on the Closing Date and the Pool Factor shall in each case (in the absence of wilful default, bad faith or manifest error) be final and binding on all persons.
- (c) The Issuer will cause each determination of a principal repayment, Principal Amount Outstanding and, in the case of the Class A Notes only, Pool Factor to be notified by not less than two Business Days prior to the relevant Interest Payment Date to the Note Trustee, the Security Trustee, the Paying Agents, the Agent Bank and (for so long as the Class A Notes are listed on the Official List of the UK Listing Authority and admitted to trading on the London Stock Exchange) the London Stock Exchange, and will immediately cause notice of each such determination to be given in accordance with Condition 15 (*Notice to Noteholders*) by not later than two Business Days prior to the relevant Interest Payment Date. If no principal repayment is due to be made on the Class A Notes on any Interest Payment Date a notice to this effect will be given by the Issuer to the Class A Noteholders, the Note Trustee, the Security Trustee, the Paying Agents, the Agent Bank and (for so long as the

Class A Notes are listed on the Official List of the UK Listing Authority and admitted to trading on the London Stock Exchange) the London Stock Exchange.

### **7.3 Optional Redemption of the Class A Notes in Full**

- (a) On giving not more than 60 nor less than 30 days' notice to the Class A Noteholders in accordance with Condition 15 (*Notice to Noteholders*), the Note Trustee and the Interest Rate Swap Provider, and provided that:
- (i) on or prior to the Interest Payment Date on which such notice expires (the **Optional Redemption Date**), no Note Acceleration Notice has been served;
  - (ii) the Issuer has, immediately prior to giving such notice, certified to the Note Trustee that it will have the necessary funds, not subject to the interest of any other person, to pay all principal and interest due in respect of the Class A Notes on the relevant Optional Redemption Date and to discharge all other amounts required to be paid in priority to or *pari passu* with all the Class A Notes on such Optional Redemption Date and, as the case may be, on the immediately following Interest Payment Date (such certification to be provided by way of certificate signed by two directors of the Issuer) and upon which certificate the Note Trustee shall be entitled to rely without enquiry and without incurring any liability to any person (and for the avoidance of doubt, the order of priority shall be as set out in the Pre-Acceleration Priority of Payments); and
  - (iii) the Optional Redemption Date is (i) the Interest Payment Date falling in November 2016 (the **Step-Up Date**) or any Interest Payment Date thereafter or (ii) any Interest Payment Date on which the aggregate Principal Amount Outstanding of all the Class A Notes is equal to or less than 10 per cent. of the aggregate Principal Amount Outstanding of the Class A Notes on the Closing Date,

the Issuer may redeem on any Optional Redemption Date all (but not some only) of the Class A Notes on such Optional Redemption Date.

- (b) Any Class A Note redeemed pursuant to Condition 7.3(a) will be redeemed at an amount equal to the Principal Amount Outstanding of the relevant Class A Note to be redeemed together with accrued (and unpaid) interest on the Principal Amount Outstanding of the relevant Class A Note up to, but excluding, the Optional Redemption Date.

### **7.4 Optional Redemption of the Class A Notes for Taxation or Other Reasons**

If:

- (a) by reason of a change in tax law (or the application or official interpretation thereof), which change becomes effective on or after the Closing Date, on or before the next Interest Payment Date the Issuer or the Paying Agents would be required to deduct or withhold from any payment of principal or interest on any Class A Notes (other than because the relevant holder has some connection with the United Kingdom other than the holding of such Class A Notes) any amount for, or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of the United Kingdom or any political sub-division thereof or any authority thereof or therein having power to tax; or
- (b) by reason of a change in law (or the application or official interpretation thereof), which change becomes effective on or after the Closing Date, on or before the next Interest Payment Date the Issuer or the Interest Rate Swap Provider would be required to deduct or withhold from any payment

under the Interest Rate Swap Agreement any amount for or on account of any present or future taxes, duties, assessments or governmental charges of whatever nature,

then the Issuer shall, if the same would avoid the effect of such relevant event described in subparagraph (a) or (b) above, appoint a Paying Agent in another jurisdiction or use its reasonable endeavours to arrange the substitution of a company incorporated and/or tax resident in another jurisdiction approved in writing by the Note Trustee as principal debtor under the Class A Notes and the Trust Deed, provided that (i) the Note Trustee is satisfied that such substitution will not be materially prejudicial to the interests of the Class A Noteholders and the conditions for any such substitution of the Issuer as provided in the Trust Deed are complied with (and in making such determination, the Note Trustee may rely, without further investigation or inquiry, on confirmation from the Rating Agencies that such substitution will not have an adverse effect on the then current rating of the Notes) and (ii) a legal opinion of independent legal advisers of recognised standing, in form and substance satisfactory to the Note Trustee is delivered to the Issuer and to the Note Trustee confirming that such substitution would not require registration of any new security under US securities laws or materially increase the disclosure requirements under US law.

If the Issuer satisfies the Note Trustee immediately before giving the notice referred to below that one or more of the events described in subparagraph (a) or (b) above is continuing and that the appointment of a Paying Agent or a substitution as referred to above would not avoid the effect of the relevant event or that, having used its reasonable endeavours, the Issuer is unable to arrange such appointment or substitution, then the Issuer may, on any Interest Payment Date and having given not more than 60 nor less than 30 days' notice to the Note Trustee, the Interest Rate Swap Provider and Class A Noteholders in accordance with Condition 15 (*Notice to Noteholders*), redeem all (but not some only) of the Class A Notes at their respective Principal Amount Outstanding together with any interest accrued (and unpaid) thereon up to (but excluding) the date of redemption provided that (in either case), prior to giving any such notice, the Issuer shall have provided to the Note Trustee (a) a certificate signed by two directors of the Issuer stating that (i) one or more of the circumstances referred to in subparagraph (a) or (b) above prevail(s), (ii) setting out details of such circumstances and (iii) confirming that the appointment of a Paying Agent or a substitution as referred to above would not avoid the effect of the relevant event or that, having used its reasonable endeavours, the Issuer is unable to arrange such appointment or substitution and (b) an opinion in form and substance satisfactory to the Note Trustee of independent legal advisers of recognised standing to the effect that the Issuer, the Paying Agents or the Interest Rate Swap Provider have or will become obliged to deduct or withhold amounts as a result of such change. The Note Trustee shall be entitled to accept such certificate and opinion as sufficient evidence of the satisfaction of the circumstance set out in the paragraph immediately above, in which event they shall be conclusive and binding on the Class A Noteholders.

The Issuer may only redeem the Class A Notes as described above if the Issuer has certified to the Note Trustee that it will have the necessary funds, not subject to the interest of any other person, required to redeem the Class A Notes as aforesaid and any amounts required under the Pre-Acceleration Revenue Priority of Payments to be paid in priority to or *pari passu* with the Class A Notes outstanding in accordance with the Conditions, such certification to be provided by way of a certificate signed by two directors of the Issuer.

## **7.5 Principal Amount Outstanding**

The **Principal Amount Outstanding**:

- (a) in respect of the Class A Notes on any date shall be their original principal amount of £933,500,000 less the aggregate amount of all principal payments in respect of such Class A Notes which have been made since the Closing Date; and
- (b) in respect of the Class Z VFN shall be, as at a particular day (the **Reference Date**), the total principal amount of all drawings under the Class Z VFN on and since the Closing Date less the

aggregate amount of all principal payments in respect of such Class Z VFN which have been made since the Closing Date and not later than the Reference Date (such amounts to be notified in writing by the Class Z VFN Registrar to the Principal Paying Agent and any other Paying Agents).

#### **7.6 Notice of Redemption**

Any such notice as is referred to in Condition 7.3 (*Optional Redemption of the Class A Notes in Full*) or Condition 7.4 (*Optional Redemption of the Class A Notes for Taxation or Other Reasons*) above shall be irrevocable and, upon the expiry of such notice, the Issuer shall be bound to redeem the relevant Notes at the applicable amounts specified above. Any certificate or legal opinion given by or on behalf of the Issuer pursuant to Condition 7.3 (*Optional Redemption of the Class A Notes in Full*) or Condition 7.4 (*Optional Redemption of the Class A Notes for Taxation or Other Reasons*) may be relied on by the Note Trustee without further investigation and without incurring any liability for so doing and, if so relied on, shall be conclusive and binding on the Noteholders.

#### **7.7 No Purchase by the Issuer**

The Issuer will not be permitted to purchase any of the Notes.

#### **7.8 Cancellation**

All Notes (other than the Class Z VFN) redeemed in full will be cancelled upon redemption and may not be resold or re-issued.

On each Interest Payment Date on which the Class Z VFN is redeemed pursuant to Condition 7.2 (*Mandatory Redemption*), the Class Z VFN Registrar shall cancel the Class Z VFN in an amount equal to such mandatory redemption, thereby reducing the nominal principal amount of the Class Z VFN by an amount equal to such mandatory redemption.

Each Class Z VFN will be cancelled when redeemed in full after the Class Z VFN Commitment Termination Date and may not be resold or re-issued once cancelled.

### **8. TAXATION**

All payments in respect of the Notes by or on behalf of the Issuer shall be made without withholding or deduction for, or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature (**Taxes**), unless the withholding or deduction of the Taxes is required by applicable law or by agreement of the Issuer (or any Paying Agent or the Class Z VFN Registrar) under the provisions of section 1471(b) of the Code or otherwise imposed pursuant to sections 1471 through 1474 of the Code, any regulations or agreements thereunder, official interpretations thereof, or any law implementing an intergovernmental approach thereto. In that event, subject to Condition 7.4, the Issuer or, as the case may be, the relevant Paying Agent or the Class Z VFN Registrar shall make such payment after the withholding or deduction has been made and shall account to the relevant authorities for the amount required to be withheld or deducted. Neither the Issuer, the Class Z VFN Registrar nor any Paying Agent nor any other person shall be obliged to make any additional payments to Noteholders in respect of such withholding or deduction.

### **9. PRESCRIPTION**

Claims in respect of principal and interest on the Notes will be prescribed after 10 years (in the case of principal) and five years (in the case of interest) from the Relevant Date in respect of the relevant payment.

In this Condition 9, the **Relevant Date**, in respect of a payment, is the date on which such payment first becomes due or (if the full amount of the monies payable on that date has not been duly received by the Principal Paying Agent or the Note Trustee on or prior to such date) the date on which, the full amount of such monies having been received, notice to that effect is duly given to the relevant Noteholders in accordance with Condition 15 (*Notice to Noteholders*).

## 10. EVENTS OF DEFAULT

### 10.1 Class A Notes

The Note Trustee at its absolute discretion may, and if so directed in writing by the holders of not less than 25 per cent. in aggregate Principal Amount Outstanding of the Class A Notes then outstanding or if so directed by an Extraordinary Resolution of the Class A Noteholders shall, (subject, in each case, to being indemnified and/or secured and/or prefunded to its satisfaction) give a notice (a **Note Acceleration Notice**) to the Issuer and the Interest Rate Swap Provider that all Classes of the Notes are immediately due and repayable at their respective Principal Amounts Outstanding, together with Accrued Interest as provided in the Trust Deed, in any of the following events (each, an **Event of Default**):

- (a) if default is made in the payment of any principal or interest due in respect of the Class A Notes or any of them and the default continues for a period of seven days in the case of principal or 14 days in the case of interest; or
- (b) if the Issuer fails to perform or observe any of its other obligations under these Conditions or any Transaction Document to which it is a party and (except in any case where the Note Trustee considers the failure to be incapable of remedy, when no continuation or notice as is hereinafter mentioned will be required) the failure continues for a period of 30 days (or such longer period as the Note Trustee may permit) following the service by the Note Trustee on the Issuer of notice requiring the same to be remedied; or
- (c) if any order is made by any competent court or any resolution is passed for the winding up or dissolution of the Issuer, save for the purposes of reorganisation on terms approved in writing by the Note Trustee or by Extraordinary Resolution of the Class A Noteholders; or
- (d) if the Issuer ceases or threatens to cease to carry on the whole or (in the opinion of the Note Trustee) substantially all of its business, save for the purposes of reorganisation on terms approved in writing by the Note Trustee or by Extraordinary Resolution of the Class A Noteholders, or the Issuer stops or threatens to stop payment of, or is unable to, or admits inability to, pay its debts (or any class of its debts) as they fall due or the value of its assets falls to less than the amount of its liabilities (taking into account its contingent and prospective liabilities) or is deemed unable to pay its debts pursuant to or for the purposes of any applicable law or is adjudicated or found bankrupt or insolvent; or
- (e) if (i) proceedings are initiated against the Issuer under any applicable liquidation, insolvency, composition, reorganisation or other similar laws (including, but not limited to, application to the court for an administration order, the filing of documents with the court for the appointment of an administrator or the service of a notice of intention to appoint an administrator) or an administration order is granted or the appointment of an administrator takes effect or an administrative or other receiver, manager or other similar official is appointed, in relation to the Issuer or in relation to the whole or any part of the undertaking or assets of the Issuer or an encumbrancer takes possession of the whole or any part of the undertaking or assets of the Issuer, or a distress, diligence, execution, attachment, sequestration or other process is levied, enforced upon, sued out or put in force against the whole or any part of the undertaking or assets of the Issuer and (ii) in the case of any such

possession or any such last-mentioned process, unless initiated by the Issuer, is not discharged or otherwise ceases to apply within 30 days; or

- (f) if the Issuer (or its directors or shareholders) initiates or consents to judicial proceedings relating to itself under any applicable liquidation, insolvency, composition, reorganisation or other similar laws or makes a conveyance or assignment for the benefit of, or enters into any composition or other arrangement with, its creditors generally (or any class of its creditors) or takes steps with a view to obtaining a moratorium in respect of any of its indebtedness or any meeting is convened to consider a proposal for an arrangement or composition with its creditors generally (or any class of its creditors).

## **10.2 Class Z VFN**

This Condition 10.2 (*Class Z VFN*) shall not apply as long as any Class A Note is outstanding. Subject thereto, for so long as any Class Z VFN is outstanding, the Note Trustee shall if so directed by the sole Class Z VFN Holder or holders of all the Class Z VFN, (subject, in each case, to being indemnified and/or secured and/or prefunded to its satisfaction) give a Note Acceleration Notice to the Issuer in any of the following events (each, an **Event of Default**):

- (a) if default is made in the payment of any principal or interest due in respect of the Class Z VFN and the default continues for a period of seven days in the case of principal or 14 days in the case of interest; or
- (b) if any of the Events of Default referred to in Condition 10.1(b) to 10.1(f) (*Class A Notes*) occurs with references, where applicable, to Class A Noteholders being read as Class Z VFN Holder.

## **10.3 General**

Upon the service of a Note Acceleration Notice by the Note Trustee in accordance with Conditions 10.1 (*Class A Notes*) and Condition 10.2 (*Class Z VFN*) above, all the Notes then outstanding shall thereby immediately become due and repayable at their respective Principal Amounts Outstanding, together with Accrued Interest as provided in the Trust Deed.

## **11. ENFORCEMENT**

### **11.1 General**

Each of the Note Trustee and the Security Trustee may, at any time, at its discretion and without notice, take such proceedings, actions or steps against the Issuer or any other party to any of the Transaction Documents as it may think fit to enforce the provisions of (in the case of the Note Trustee) the Notes or the Trust Deed (including these Conditions) or (in the case of the Security Trustee) the Deed of Charge or (in either case) any of the other Transaction Documents to which it is a party and, at any time after the service of a Note Acceleration Notice, the Security Trustee may, at its discretion and without notice, take such steps as it may think fit to enforce the Security, but neither of them shall be bound to take any such proceedings, action or steps unless:

- (a) subject in all cases to restrictions contained in the Trust Deed and the Deed of Charge to protect the interests of any higher ranking class or classes of Noteholders (including the provisions set out in Clause 10 and Schedule 4 of the Trust Deed), it shall have been so directed by an Extraordinary Resolution of the Class A Noteholders or so directed in writing by the holders of at least 25 per cent. in aggregate Principal Amount Outstanding of the Class A Notes or, if there are no Class A Notes then outstanding, the holders of all the Class Z VFN; and

- (b) in all cases, it shall have been indemnified and/or secured and/or prefunded to its satisfaction.

### **11.2 Preservation of Assets**

If the Security has become enforceable otherwise than by reason of a default in payment of any amount due on the Notes, the Security Trustee will not be entitled to dispose of any of the Charged Assets or any part thereof unless either

- (i) the Cash Manager certifies to the Security Trustee that a sufficient amount would be realised to allow discharge in full on a *pro rata* and *pari passu* basis of all amounts owing to the Class A Noteholders (and all persons ranking in priority to the Class A Noteholders) (or once all of the Class A Noteholders have been repaid, to the Class Z VFN Holder (and all persons ranking in priority thereto)), or
- (ii) the Security Trustee is of the opinion, which shall be binding on the Secured Creditors, reached after considering at any time and from time to time the advice of any financial adviser (or such other professional advisers selected by the Security Trustee for the purpose of giving such advice), that the cash flow prospectively receivable by the Issuer will not (or that there is a significant risk that it will not) be sufficient, having regard to any other relevant actual, contingent or prospective liabilities of the Issuer, to discharge in full in due course all amounts owing to the Class A Noteholders (or once all of the Class A Noteholders have been repaid, to the Class Z VFN Holder (and all persons ranking in priority thereto)). The fees and expenses of the aforementioned financial adviser or other professional adviser selected by the Security Trustee shall be paid by the Issuer.

The Security Trustee shall not be bound to make the determinations contained in Condition 11.2(ii) unless the Security Trustee shall have been indemnified and/or secured and/or prefunded to its satisfaction against all liabilities to which it may thereby become liable or which it may incur by so doing.

### **11.3 Limitations on Enforcement**

No Noteholder shall be entitled to take any steps or proceedings to procure the winding-up, administration or liquidation of the Issuer.

Amounts available for distribution after enforcement of the Security shall be distributed in accordance with the terms of the Deed of Charge.

### **11.4 Limited Recourse**

Notwithstanding any other Condition or any provision of any Transaction Document, all obligations of the Issuer to the Noteholders are limited in recourse to the property, assets and undertakings of the Issuer the subject of any security created under the Deed of Charge (the **Charged Assets**). If:

- (i) there are no Charged Assets remaining which are capable of being realised or otherwise converted into cash;
- (ii) all amounts available from the Charged Assets have been applied to meet or provide for the relevant obligations specified in, and in accordance with, the provisions of the Deed of Charge; and
- (iii) there are insufficient amounts available from the Charged Assets to pay in full, in accordance with the provisions of the Deed of Charge, amounts outstanding under the Notes (including payments of principal, premium (if any), interest),

then the Noteholders shall have no further claim against the Issuer in respect of any amounts owing to them which remain unpaid (including, for the avoidance of doubt, payments of principal, premium (if any), interest in respect of the Notes) and such unpaid amounts shall be deemed to be discharged in full and any relevant payment rights shall be deemed to cease.

## **12. MEETINGS OF NOTEHOLDERS, MODIFICATION, WAIVER AND SUBSTITUTION**

**12.1** The Trust Deed contains provisions for convening meetings of the Noteholders of each Class and, in certain cases, more than one Class to consider any matter affecting their interests, including the sanctioning by Extraordinary Resolution of a modification of these Conditions or the provisions of any of the Transaction Documents.

**12.2** An Extraordinary Resolution (other than in relation to a Basic Terms Modification) passed at any meeting of the Class A Noteholders shall be binding on the Class Z VFN Holder irrespective of the effect upon them, subject to Condition 12.3 (*Quorum*) and shall be notified by the Issuer to Moody's.

### **12.3 Quorum**

(a) Subject as provided below, the quorum at any meeting of Class A Noteholders for passing an Extraordinary Resolution will be one or more persons holding or representing not less than 50 per cent. of the aggregate Principal Amount Outstanding of such Class of Notes, or, at any adjourned meeting, one or more persons being or representing a Class A Noteholder of the relevant Class or Classes, whatever the aggregate Principal Amount Outstanding of the Notes of such Class then outstanding held or represented by it or them.

(b) Subject to the more detailed provisions set out in the Trust Deed, the quorum at any meeting of any Class of Noteholders for passing an Extraordinary Resolution to (i) sanction a modification of the date of maturity of any Notes, (ii) sanction a modification of the date of payment of principal or interest in respect of the Notes, or where applicable, of the method of calculating the date of payment of principal or interest in respect of the Notes, (iii) sanction a modification of the amount of principal or the rate of interest payable in respect of the Notes, or where applicable, of the method of calculating the amount payable of any principal or interest in respect of the Notes, (iv) alter the currency in which payments under the Notes are to be made (v) alter the quorum or majority required in relation to this exception, (vi) sanction any scheme or proposal or substitution for the sale, conversion or cancellation of the Notes or (vii) alter any of the provisions contained in this exception (each a **Basic Terms Modification**) shall be one or more persons holding or representing not less than three-quarters or, at any adjourned meeting, not less than one-quarter of the aggregate Principal Amount Outstanding of the Notes of such Class then outstanding. Any Extraordinary Resolution in respect of such a modification shall only be effective if duly passed at a meeting of the relevant affected Class of Noteholders.

**12.4** Other than in respect of a Basic Terms Modification, the Note Trustee may agree with the Issuer (and direct the Security Trustee to agree with the Issuer) and any other parties but without the consent of the Noteholders or the other Secured Creditors (but with the written consent of the Secured Creditors which are a party to the relevant Transaction Document):

(a) to any modification, or to any waiver or authorisation of any breach or proposed breach, of these Conditions or any of the Transaction Documents which, in the opinion of the Note Trustee is not materially prejudicial to the interests of the Noteholders of any Class; or

(b) to any modification to these Conditions or any of the Transaction Documents which, in the opinion of the Note Trustee is of a formal, minor or technical nature or to correct a manifest error, provided that in respect of any modifications to any of the Transaction Documents

which would (in the opinion of the Issuer and the Interest Rate Swap Provider, which shall be confirmed in writing to the Note Trustee prior to such modification) have the effect that immediately after such modification, the Interest Rate Swap Provider would be reasonably required to pay more or receive less under the Interest Rate Swap Agreement if the Interest Rate Swap Provider were to replace itself as swap counterparty under an Interest Rate Swap than it would otherwise have been required to prior to such modification, the written consent of the Interest Rate Swap Provider is required. Unless the Note Trustee received such confirmation from the Issuer and the Interest Rate Swap Provider prior to agreeing a modification to any Transaction Documents, it shall be entitled to assume (without liability to any person) that no such consent is required.

- 12.5** The Note Trustee may also, without the consent or sanction of the Noteholders or the other Secured Creditors, if it is of the opinion that such determination will not be materially prejudicial to the interests of the Noteholders of any Class, waive or authorise any breach or proposed breach of the Conditions or the Transaction Documents (or direct the Security Trustee to waive or authorise any breach or proposed breach) of the Transaction Documents or determine that an Event of Default or Potential Event of Default shall not, or shall not subject to specified conditions, be treated as such provided that the Note Trustee shall not exercise any power conferred on it in contravention of any express direction given by Extraordinary Resolution or by a direction under Condition 10 (Events of Default) but so that no such direction or request shall affect any waiver, authorisation or determination previously given or made.
- 12.6** Any such modification, waiver, authorisation or determination shall be binding on the Noteholders and, unless the Note Trustee agrees otherwise, any such modification shall be notified by the Issuer to the Noteholders as soon as practicable thereafter in accordance with Condition 15 (*Notice to Noteholders*).
- 12.7** Any modification to the Transaction Documents shall be notified by the Issuer in writing to the Rating Agencies.
- 12.8** In connection with any such substitution of principal debtor referred to in Condition 7.4 (*Optional Redemption of the Class A Notes for Taxation or Other Reasons*), the Note Trustee may also agree, without the consent of the Noteholders or the other Secured Creditors, to a change of the laws governing the Notes, these Conditions and/or any of the Transaction Documents, provided that such change would not, in the opinion of the Note Trustee, be materially prejudicial to the interests of the Noteholders.
- 12.9** In determining whether a proposed action will not be materially prejudicial to the Noteholders or any Class thereof, the Note Trustee may, among other things, be entitled, but not obliged to assume, that a proposed action would not be materially prejudicial to the Noteholders if the Rating Agencies have confirmed orally or in writing that such exercise would not have an adverse effect on the then current rating of the Notes or that the Cash Manager has certified in writing to the Note Trustee and the Security Trustee that such proposed action (i) (while any Class A Notes remain outstanding) has been notified to the Rating Agencies, (ii) would not adversely impact on the Issuer's ability to make payment when due in respect of the Notes, (iii) would not affect the legality, validity and enforceability of any of the Transaction Documents or any Security and (iv) would not have an adverse effect on the rating of the Class A Notes) (upon which confirmation or certificate the Note Trustee and the Security Trustee shall be entitled to rely absolutely without liability to any person for so doing). In being entitled to take into account that each of the Rating Agencies have confirmed that the then current rating of the Notes would not be adversely affected or any such confirmation from the Cash Manager, it is agreed and acknowledged by the Note Trustee and the Security Trustee this does not impose or extend any actual or contingent liability for each of the Rating Agencies to the Security Trustee, the Note Trustee, the Noteholders or any other person or create

any legal relations between each of the Rating Agencies and the Security Trustee, the Note Trustee, the Noteholders or any other person whether by way of contract or otherwise.

**12.10** Where, in connection with the exercise or performance by the Note Trustee of any right, power, trust, authority, duty or discretion under or in relation to these Conditions or any of the Transaction Documents (including, without limitation, in relation to any modification, waiver, authorisation, determination, substitution or change of laws as referred to above), the Note Trustee is required to have regard to the interests of the Noteholders of any Class or Classes, it shall have regard to the general interests of the Noteholders of such Class or Classes as a Class but shall not have regard to any interests arising from circumstances particular to individual Noteholders (whatever their number) and, in particular but without limitation, shall not have regard to the consequences of any such exercise or performance for individual Noteholders (whatever their number) resulting from their being for any purpose domiciled or resident in, or otherwise connected with, or subject to the jurisdiction of, any particular territory or any political sub-division thereof and the Note Trustee shall not be entitled to require, nor shall any Noteholder be entitled to claim from the Issuer, the Note Trustee or any other person any indemnification or payment in respect of any tax consequences of any such exercise upon individual Noteholders.

**12.11 Extraordinary Resolution** means:

- (a) a resolution passed at a meeting duly convened and held in accordance with the Trust Deed and these Conditions by a majority consisting of not less than three-quarters of the votes cast;
- (b) a resolution in writing signed by or on behalf of the Noteholders of not less than three-quarters in aggregate Principal Amount Outstanding of the Notes then outstanding which resolution may be contained in one document or in several documents in like form each signed by or on behalf of one or more of the Noteholders; or
- (c) a resolution in writing signed by the sole Class Z VFN Holder or the holders of all of the Class Z VFN.

**12.12 Issuer Substitution Condition**

The Note Trustee may concur, with the Issuer to any substitution under these Conditions and subject to such amendment of these Conditions and of any of the Transaction Documents and to such other conditions as the Note Trustee may require and subject to the terms of the Trust Deed, but without the consent of the Noteholders, to the substitution of another body corporate in place of the Issuer as principal debtor under the Trust Deed and the Notes and in respect of the other Secured Obligations, provided that the conditions set out in the Trust Deed are satisfied including, *inter alia*, that the Notes are unconditionally and irrevocably guaranteed by the Issuer (unless all of the assets of the Issuer are transferred to such body corporate) and that such body corporate is a single purpose vehicle and undertakes itself to be bound by provisions corresponding to those set out in Condition 4 (*Covenants*). In the case of a substitution pursuant to this Condition 12.12, the Note Trustee may in its absolute discretion agree, without the consent of the Noteholders, to a change in law governing the Notes and/or any of the Transaction Documents unless such change would, in the opinion of the Note Trustee, be materially prejudicial to the interests of the Noteholders.

### **13. INDEMNIFICATION AND EXONERATION OF THE NOTE TRUSTEE AND THE SECURITY TRUSTEE**

The Trust Deed and the Deed of Charge contain provisions governing the responsibility (and relief from responsibility) of the Note Trustee and the Security Trustee respectively and providing for their indemnification in certain circumstances, including provisions relieving them from taking action or, in the

case of the Security Trustee, enforcing the Security, unless indemnified and/or secured and/or prefunded to their satisfaction.

The Trust Deed and the Deed of Charge also contain provisions pursuant to which the Note Trustee and the Security Trustee are entitled, *inter alia*, (a) to enter into business transactions with the Issuer and/or any other party to any of the Transaction Documents and to act as trustee for the holders of any other securities issued or guaranteed by, or relating to, the Issuer and/or any other party to any of the Transaction Documents, (b) to exercise and enforce its rights, comply with its obligations and perform its duties under or in relation to any such transactions or, as the case may be, any such trusteeship without regard to the interests of, or consequences for, individual Noteholders and (c) to retain and not be liable to account for any profit made or any other amount or benefit received thereby or in connection therewith.

#### **14. REPLACEMENT OF NOTES**

If any Class A Note is mutilated, defaced, lost, stolen or destroyed, it may be replaced at the specified office of the Principal Paying Agent. Replacement of any mutilated, defaced, lost, stolen or destroyed Class A Note will only be made on payment of such costs as may be incurred in connection therewith and on such terms as to evidence and indemnity as the Issuer may reasonably require. A mutilated or defaced Class A Note must be surrendered before a new one will be issued.

#### **15. NOTICE TO NOTEHOLDERS**

##### **15.1 *Publication of Notice***

- (a) Subject to paragraph (b) below, all notices to the Noteholders will be valid if published in a leading English language daily newspaper published in London (which is expected to be the *Financial Times*) or, if in the opinion of the Note Trustee such publication shall not be practicable, such other English language daily newspaper with general circulation in Europe as the Note Trustee may approve. The Issuer shall also ensure that notices are duly published in a manner which complies with the rules and regulations of any stock exchange or the relevant authority on which the Notes are for the time being listed. Any such notice will be deemed to have been given on the date of the first publication. If publication as provided above is not practicable, notice will be given in such other manner, and shall be deemed to have been given on such date, as the Note Trustee may approve. The holders of any coupons will be deemed for all purposes to have notice of the contents of any notice given to the Noteholders in accordance with this paragraph.
- (b) Whilst the Class A Notes are represented by a Global Note, notices to Noteholders (other than the Class Z VFN Holder) will be valid if published as described above, or, at the option of the Issuer, if submitted to Euroclear and/or Clearstream, Luxembourg for communication by them to Noteholders (other than the Class Z VFN Holder). Any notice delivered to Euroclear and/or Clearstream, Luxembourg, as aforesaid shall be deemed to have been given on the day of such delivery.
- (c) In respect of the Class Z VFN, notices to the Class Z VFN Holder will be sent to it by the Issuer to the fax number or email address notified to the Issuer from time to time in writing.

##### **15.2 *Note Trustee's Discretion to Select Alternative Method***

The Note Trustee shall be at liberty to sanction some other method of giving notice to the Noteholders or category of them if, in its sole opinion, such other method is reasonable having regard to market practice then prevailing and to the requirements of the stock exchanges, competent listing authorities and/or quotation systems on or by which the Notes are then listed, quoted and/or traded and provided that notice of such other method is given to the Noteholders in such manner as the Note Trustee shall require.

## 16. SUBORDINATION BY DEFERRAL

### 16.1 *Interest*

If, on any Interest Payment Date, the Issuer has insufficient funds to make payment in full of all amounts of interest (which shall, for the purposes of this Condition 16, include any interest previously deferred under this Condition 16.1 and Accrued Interest thereon) payable in respect of the Class Z VFN after having paid or provided for items of higher priority in the Pre-Acceleration Revenue Priority of Payments, then the Issuer shall be entitled to defer to the next Interest Payment Date the payment of interest (such interest, the **Deferred Interest**) in respect of the Class Z VFN (unless there are no Class A Notes then outstanding) to the extent only of any insufficiency of funds (only after having paid or provided for all amounts specified as having a higher priority in the Pre-Acceleration Revenue Priority of Payments than interest payable in respect of the Class Z VFN).

### 16.2 *General*

Any amounts of Deferred Interest in respect of the Class Z VFN shall accrue interest (**Additional Interest**) at the same rate and on the same basis as scheduled interest in respect of the corresponding Class of Notes. Such Deferred Interest and Additional Interest shall, in any event, become payable on the next Interest Payment Date (unless and to the extent that Condition 16.1 (*Interest*) applies) or on such earlier date as the Class Z VFN becomes due and repayable in full in accordance with these Conditions.

### 16.3 *Notification*

As soon as practicable after becoming aware that any part of a payment of interest on the Class Z VFN will be deferred or that a payment previously deferred will be made in accordance with this Condition 16, the Issuer will give notice thereof to the Class Z VFN Holder, as appropriate, in accordance with Condition 15 (*Notice to Noteholders*). Any deferral of interest in accordance with this Condition 16 will not constitute an Event of Default. The provisions of this Condition 16 shall cease to apply on the Final Maturity Date, or any earlier date on which the Notes are redeemed in full or required to be redeemed in full at which time all deferred interest and Accrued Interest thereon shall become due and payable.

## 17. INCREASING THE PRINCIPAL AMOUNT OUTSTANDING OF THE CLASS Z VFN AND ADJUSTING THE MAXIMUM CLASS Z VFN AMOUNT

### 17.1 *Class Z VFN*

- (a) If the Issuer (or the Cash Manager on behalf of the Issuer) receives a notice from a Seller prior to the Class Z VFN Commitment Termination Date notifying the Issuer (i) that a Further Advance has been made in respect of which there are insufficient funds standing to the credit of the Principal Ledger (or the amount credited to the Ported Loan Repurchase Ledger in relation to the redemption proceeds received by the Issuer from the redemption of the Loan being ported, as applicable) to fund the purchase of the Further Advance Purchase Price and of the amount of the Further Advance Purchase Price and/or the shortfall which is insufficiently funded by amounts standing to the credit of the Principal Ledger (or the amount credited to the Ported Loan Repurchase Ledger in relation to the redemption proceeds received by the Issuer from the redemption of the Loan being ported, as applicable), (ii) that amounts standing to the credit of the General Reserve Fund are less than the General Reserve Required Amount and/or (iii) of any premiums payable under any Interest Rate Swap Agreement, the Issuer (or the Cash Manager on its behalf) shall notify (by serving a Notice of Increase) the holder of the Class Z VFN (the **Class Z VFN Holder**) requesting that such Class Z VFN Holder further fund the Class Z VFN on the next following Monthly Pool Date or other Business Day specified in the Notice of Increase in an amount equal to the lower of:

- (i)
    - (A) in respect of (i) above, the Further Advance Purchase Price less amounts standing to the credit of the Principal Ledger (or the amount credited to the Ported Loan Repurchase Ledger in relation to the redemption proceeds received by the Issuer from the redemption of the Loan being ported, as applicable) available to pay such Further Advance Purchase Price (which such amount shall be apportioned to the relevant Seller and shall not constitute Available Revenue Receipts or Available Principal Receipts);
    - (B) in respect of (ii) above, the General Reserve Required Amount less all amounts standing to the credit of the General Reserve Fund; or
    - (C) in respect of (iii) above, the amount of any premium payable under the Interest Rate Swap Agreement; and
  - (ii) the Maximum Class Z VFN Amount less the current Principal Amount Outstanding of the Class Z VFN (taking into account any likely reductions to the Principal Amount Outstanding of the Class Z VFN on the following Interest Payment Date).
- (b) Subject to Condition 17.1(e) below, the Class Z VFN Holder, upon receipt of such a notice from the Issuer or the Cash Manager (on behalf of the Issuer) prior to the Class Z VFN Commitment Termination Date requesting that the relevant Class Z VFN Holder further fund the Class Z VFN, shall notify the Issuer that the relevant Class Z VFN Holder is prepared to make such further funding (the **Further Class Z VFN Funding**), provided the relevant Class Z VFN Holder shall not be obliged to make any such further funding unless and until such time as the Issuer has complied with the requirements of Condition 17.1(d) below.
- (c) The proceeds of the Further Class Z VFN Funding shall be applied by the Issuer to fund (i) the Further Advance Purchase Price, (ii) the General Reserve Fund up to and including an amount equal to the General Reserve Required Amount and (iii) any premiums payable under the Interest Rate Swap Agreement.
- (d) The Class Z VFN Holder shall advance the amount of such Further Class Z VFN Funding to the Issuer for value on the relevant Monthly Pool Date or other Business Day specified in the Notice of Increase, if the following conditions are satisfied:
- (i) not later than 2.00 p.m. four Business Days prior to the proposed date for the making of such Further Class Z VFN Funding (or such lesser time as may be agreed by the Class Z VFN Holder), the relevant Class Z VFN Holder has received from the Issuer a completed and irrevocable Notice of Increase therefor, receipt of which shall oblige the relevant Class Z VFN Holder to accept the amount of the Further Class Z VFN Funding therein requested on the date therein stated upon the terms and subject to the conditions contained therein;
  - (ii) as a result of the making of such Further Class Z VFN Funding, the aggregate amount plus all Further Class Z VFN Funding made in respect of the relevant Class Z VFN (provided no reference shall be made in respect of any principal amount due on the relevant Class Z VFN which has already been repaid) would not exceed the Maximum Class Z VFN Amount;
  - (iii) either:
    - (A) the Issuer confirms in the Notice of Increase that no Event of Default has occurred or will occur as a result of the Further Class Z VFN Funding; or

- (B) the relevant Class Z VFN Holder agrees in writing (notwithstanding any matter mentioned at (i) above) to make such Further Class Z VFN Funding available; and
- (iv) the proposed date of such Further Class Z VFN Funding falls on a Business Day prior to the Class Z VFN Commitment Termination Date.

In this Condition, the expression:

**Notice of Increase** means a notice, substantially in the form set out in the Trust Deed.

**Maximum Class Z VFN Amount** for the Class Z VFN shall be £500,000,000 or such other amount as may be agreed from time to time by the Issuer and the Class Z VFN Holder, and notified to the Note Trustee.

## **18. GOVERNING LAW**

The Trust Deed, the Deed of Charge, the Notes and these Conditions (and any non-contractual obligations arising out of or in connection with them) are governed by, and shall be construed in accordance with, English law, save for certain aspects of the same which are stated to be governed by Scots law. Each Scottish Declaration of Trust and each Scottish Supplemental Charge are governed by, and shall be construed in accordance with, Scots law.

## **19. RIGHTS OF THIRD PARTIES**

No rights are conferred on any person under the Contracts (Rights of Third Parties) Act 1999 to enforce any term of the Notes or these Conditions, but this does not affect any right or remedy of any person which exists or is available apart from that Act.

## **USE OF PROCEEDS**

The Issuer will use the gross proceeds of the Class A Notes principally to pay a portion of the Initial Consideration payable by the Issuer for the Portfolio to be acquired from the Sellers on the Closing Date.

The Issuer will use the gross proceeds of the issue of the Class Z VFN to fund (i) to the extent that the proceeds of the Class A Notes are insufficient to pay the Initial Consideration on the Closing Date, the remaining portion of the Initial Consideration, (ii) any Further Advance Purchase Price (to the extent not funded by amounts standing to the credit of the Principal Ledger), (iii) the establishment of the General Reserve Fund on the Closing Date, (iv) any increase in the General Reserve Fund up to the General Reserve Required Amount in order to satisfy the Asset Conditions for Further Advances, Substitutions and/or Product Switches and (v) initial expenses of the Issuer incurred in connection with the issue of the Notes on the Closing Date.

## RATINGS

The Class A Notes, on issue, are expected to be assigned the following ratings by Fitch and Moody's. The Class Z VFN are not rated. A credit rating is not a recommendation to buy, sell or hold securities and may be subject to revision, suspension or withdrawal at any time by the assigning rating organisation if, in its judgement, circumstances (including, without limitation, a reduction in the credit rating of the Interest Rate Swap Provider and/or the Account Bank in the future) so warrant.

## COVENTRY BUILDING SOCIETY

CBS (together with its consolidated subsidiary undertakings from time to time, the **CBS Group**) will be appointed as a Seller pursuant to the CBS Mortgage Sale Agreement, Servicer pursuant to the Servicing Agreement, Cash Manager pursuant to the Cash Management Agreement and Class Z VFN Registrar pursuant to the Conditions. CBS will also be the Interest Rate Swap Provider.

### Introduction

CBS's principal office is at Economic House, PO Box 9, High Street, Coventry, CV1 5QN (telephone number: +44 24 7655 5255). The CBS Group was, in terms of total assets, at 31 December 2011 the third largest building society in the United Kingdom with total assets of £24.50 billion.

CBS was originally founded in 1884 and in its present form was created as a result of a merger between Coventry Economic Building Society and Coventry Provident Building Society on 30 June 1983 and, more recently, as a result of a merger between CBS and Stroud & Swindon on 1 September 2010.

CBS operates exclusively in the United Kingdom and has a branch network across the UK, with its heartland in Coventry and Warwickshire. Mortgage, savings and related products are also offered via the internet, by telephone and through the post and intermediary network to customers both inside and outside the branch operating area.

Except as otherwise stated, financial information contained herein is either (i) extracted from the audited consolidated annual accounts of CBS and the CBS Group, (ii) calculated using financial information extracted from such annual accounts, or (iii) extracted from the Interim Group Accounts for the six months ended June 2011.

### Constitution

CBS is incorporated under the Building Societies Act 1986 (the **Act**) and operates in accordance with the Act, regulations made thereunder and the Rules and Memorandum. CBS is an authorised building society for the purposes of the Act and is authorised and regulated by the FSA under firm reference number 150892. CBS, as a building society, is a mutual organisation and, unlike a company incorporated under the Companies Act 1985 or the Companies Act 2006 (as amended), does not have equity shareholders in the usual sense. A share in CBS is not the same as a share in a company and voting power is not weighted according to the number or value of shares held. No individual member is entitled to more than one vote on any resolution proposed at a general meeting. CBS is a mutual organisation with both retail investors and borrowers having membership.

A building society may, subject to the approval of its members (by a requisite shareholders' resolution of investing members and a borrowing members' resolution) and confirmation by the FSA, transfer its business to a specially formed public company limited by shares incorporated in the United Kingdom or an EEA company which has power to offer its shares or debentures to the public in a procedure commonly referred to as "conversion" or to an existing successor company which is a public company limited by shares incorporated in the United Kingdom or an EEA company with power to offer its shares or debentures to the public in a procedure commonly referred to as a "takeover".

The Mutual Societies Transfer Order modifies section 97 of the Act to permit a building society to transfer the whole of its business to a relevant subsidiary of a building society, friendly society or industrial and provident society incorporated in the United Kingdom or other EEA mutual society (as defined in the Act).

The affairs of CBS are conducted and managed by a board of directors who are elected by the members of CBS and who serve in accordance with the rules of CBS. The board is responsible to the members for the proper conduct of the affairs of CBS and appoints and supervises the senior executives of CBS who are responsible to the board for the day-to-day management of CBS. Eligibility to vote at general meetings is governed by the Act and the rules of CBS.

There exist no potential conflicts of interest between (i) any duties owed to CBS by any member of the board of directors or any of the senior executives listed above and (ii) their private interests and/or other duties.

### **Business and Strategy of CBS**

The principal purpose of CBS, as stated in Clause 3 of its Rules and Memorandum, is making loans which are secured on residential property and are funded substantially by its members.

CBS obtains funds from the retail market through personal savings and deposit accounts and also raises funds in the wholesale markets. It advances funds so raised mainly to borrowers on the security of first mortgages on freehold and leasehold property located in England or Wales or first ranking standard securities on properties located in Scotland.

CBS concentrates on its core business of personal savings, residential mortgage lending and related insurances and loans. It is an appointed introducer of Aviva. As at 31 December 2011 loans fully secured on residential property represented 97.5 per cent. of its business assets.

CBS operates across a number of distribution channels including its national network of branches, the internet and post. The CBS Group distributes its mortgages to members via CBS and through the intermediary market via its wholly owned subsidiary Godiva.

Further details of CBS's strategy, and the steps being taken by the CBS Group to implement the strategy, are set out in the Annual Report and Accounts of CBS for the financial year ended 31 December 2011.

The other purposes and powers of CBS are specified in its Rules and Memorandum.

### **Other Activities**

Aside from its core activities, CBS operates the following key subsidiary companies:

- Godiva
- ITL Mortgages Limited
- Five Valleys Property Trading Company Limited
- Stroud & Swindon Funding Company
- Stroud & Swindon Funding Company (No.2) Limited

In addition, CBS has the following direct, wholly owned subsidiary companies, none of which are carrying on a business:

- Coventry Financial Services Limited
- Coventry Property Services Limited
- Godiva Financial Services Limited

- Godiva Housing Developments Limited
- Godiva Savings Limited
- Godiva Securities and Investments Limited

CBS also has an interest in Coventry Building Society Covered Bonds LLP which gives rise to risks and rewards that are in substance no different than if it was a subsidiary undertaking.

The Issuer can terminate the appointment of the Corporate Services Provider on 30 days' written notice so long as a substitute corporate services provider has been appointed on substantially the same terms as those set out in the Corporate Services Agreement.

In addition, the appointment of the Corporate Services Provider may be terminated immediately upon notice in writing given by the Issuer, if the Corporate Services Provider breaches its obligations under the terms of the Corporate Services Agreement and/or certain insolvency related events occur in relation to the Corporate Services Provider.

## THE LOANS

### The Portfolio

#### Introduction

The following is a description of some of the characteristics of the Loans originated by the Sellers and comprised in the Cut-Off Date Portfolio including details of loan types, the underwriting process, lending criteria and selected statistical information.

The Sellers will select the Loans for transfer into the Portfolio using a system containing defined data on each of the qualifying loans in the Sellers' overall portfolio of loans available for selection. This system allows the setting of exclusion criteria among others corresponding to relevant Loan Warranties that the Sellers make in the Mortgage Sale Agreements in relation to the Loans (see "*Mortgage Sale Agreements – Representations and Warranties*"). This system also allows a limit to be set on some criteria. Once the criteria have been determined, the system identifies all loans owned by the Sellers that are consistent with the criteria. From this subset, loans are selected at random until the target balance for Loans has been reached, or the subset has been exhausted. After a pool of Loans is selected in this way, the constituent Loans are monitored to ensure their compliance with the Loan Warranties on the Closing Date.

Unless otherwise indicated, the description that follows relates to types of loans that have been or could be sold to the Issuer as part of the Portfolio as at the Closing Date.

The Sellers may offer a Borrower under a Loan comprised in the Portfolio, or a Borrower may request, a Product Switch. If this occurs the loan which the original Loan is switched into may have mortgage terms different from those Loans forming the Portfolio (including characteristics that are not currently being offered to Borrowers or that have not yet been developed) and may have been originated according to different Lending Criteria. All Product Switches will be required to comply with the Asset Conditions set out in the Mortgage Sale Agreements on their Switch Date. The material warranties in the Mortgage Sale Agreements to be given as at the Closing Date and the Asset Conditions (which include satisfaction of the warranties) which must be met as of each Switch Date are described in this Prospectus. See "*Overview of Key Transaction Documents – Mortgage Sale Agreements*", above.

#### Characteristics of the Loans

##### (1) *Repayment terms*

Loans may combine one or more of the features listed in this section. Other customer incentives may be offered with the product, for example, free valuations and payment of legal fees. Additional features such as authorised underpayments (temporary suspension of monthly payments) are also available to borrowers under certain circumstances on selected products. Overpayments are allowed on all products, within certain limits. See "*– Overpayments*" and "*– Authorised Underpayments*" below.

Loans are typically repayable on one of the following bases:

- **Repayment Loan:** the Borrower makes monthly payments of both interest and principal so that, when the Loan matures, the full amount of the principal of the Loan will have been repaid;
- **Interest-only Loan:** the Borrower makes monthly payments of interest but not of principal; when the Loan matures, the entire principal amount of the Loan is still outstanding and is payable in one lump sum; and

- **Part and Part Loan:** a combination of the above two types of Loan.

In the case of either Repayment Loans or Interest-only Loans, the required accrued rate of interest on the Loans will vary from month to month as a result of changes in interest rates (unless such Loan is a Fixed Rate Loan).

For Interest-only Loans, because the principal is repaid in a lump sum at the maturity of the loan, the borrower is recommended to have some repayment mechanism (such as an investment plan) which is intended to provide sufficient funds to repay the principal at the end of the term.

Principal prepayments may be made in whole or in part at any time during the term of a Loan, subject to the payment of any Early Repayment Charges (as described in "*The Loans – Early repayment charges*" below). A prepayment of the entire outstanding balance of a loan discharges the mortgage. Any prepayment in full must be made together with all Accrued Interest, Arrears of Interest, any unpaid expenses and any applicable repayment fee(s).

Various methods are available to Borrowers for making payments on the Loans, including:

- direct debit instruction from a bank or building society account, and
- standing order from a bank or building society account.

## (2) ***Interest payments and interest rate setting***

The Sellers have responded to the competitive mortgage market by developing a range of products that are used to attract new borrowers and retain existing customers. Interest on the Loans is charged on one of the following bases and the Sellers are able to combine these to suit the requirements of the Borrower:

- **SVR Loans** are loans which are subject to the **Standard Variable Rate** or **SVR** of the Sellers (as applicable). As at the Closing Date, the Sellers' discretionary SVR is 4.74% per cent. The Standard Variable Rate is currently only available to customers at the end of a predetermined period, usually between 2 and 5 years, at the commencement of the Loan (the **Product Period**). Where the Loan is set at a discount rate (a **Discount Rate**), the Borrower receives an initial discount from the SVR.
- **Fixed Rate Loans** are loans which are subject to a fixed rate of interest for a specified period of time, usually for 2, 3 or 5 years.
- **Capped Rate Loans** are loans which are subject to an interest rate that is capped at a set rate for a specified period of time.
- **Tracker Rate Loans** are loans which are subject to an interest rate which is linked to a variable interest rate other than the Standard Variable Rate.
- **Privileged Rate Loans** are variable rate loans and are expressed to be given only where a borrower has been with CBS for more than 5 years.
- **Flex Rate Loans** are also variable (or administered) rate loans. The rate is set independently of the Standard Variable Rate of the Sellers but is in some cases, but not all, guaranteed to be no higher than the Standard Variable Rate payable under the SVR Loans.

Some of the Loans may be subject to caps, minimum rates and discounts for agreed periods and some of the Loans may comprise elements of each type of loan (e.g. part tracker, part flex, part capped).

The Sellers' Standard Variable Rate may apply for the life of the Loan following the end of the Product Period. Otherwise, each of the above rates is offered for the Product Period. At the end of the Product Period the rate of interest charged will either (a) move to another interest rate type for a predetermined period or (b) revert to, or remain at, a discretionary rate (currently SVR) or a fixed rate of interest. In addition, following a period of time at SVR, the rate of interest charged may change again to the Sellers' privilege rates. The Sellers may introduce other Discretionary Rates in the future. In certain instances, Early Repayment Charges are payable by the Borrower if the Loan is redeemed within the Product Period. See "*The Loans – Early repayment charges*" below.

All Loans originated by the Sellers provide for interest to be calculated on a daily basis. The interest calculated on the outstanding balance of the loan at the end of each day is added to the amount of the Loan on which the Borrower will pay interest on the following monthly payment day. Consequently any payment by the Borrower will, generally, immediately reduce the Borrower's balance on which interest will be calculated.

Except in limited circumstances as set out in "*The Servicing Agreement – Undertakings by the Servicer*", the Servicer is responsible for setting the Discretionary Rates on the Loans in the Portfolio that are sold to the Issuer. Under the Mortgage Conditions Issue 'J' – (Coventry Building Society) from December 2009 to present version, CBS Deed of Conditions for Standard Securities (version 01062) March 2011, Godiva Deed of Conditions for Standard Securities (version 01062G) March 2011 and the Mortgage Conditions Issue '2' (Godiva Mortgages) – June 2010 version of the Mortgage Loan Terms the Sellers have a right to vary the interest rate for any one or more of the following reasons:

- (a) to respond to changes in the Bank of England base rate, or mortgage or investment rates generally;
- (b) to respond to changes in the law or the decisions of a court or ombudsman;
- (c) to meet relevant regulatory requirements;
- (d) to respond to new (or changes to any) statements or codes of practice designed to enhance consumer protection;
- (e) to respond to changes in the costs or risks incurred by the relevant Seller in providing the mortgage;
- (f) to respond to increased cost or risk incurred as a result of any change of use of the Property (for example, letting the Property, with or without the relevant Seller's permission); or
- (g) for any other reason set out specifically in the mortgage offer letter.

These reasons may relate to circumstances existing at the time or which the Sellers reasonably expect to apply in the near future.

If the Sellers wish to increase the interest rate applicable to a Loan for which a Discretionary Rate or a discounted Discretionary Rate is charged, the Sellers will advertise the change in the national press or will write directly to Borrowers.

During the course of their mortgage origination business, the Sellers have originated mortgage loans under a number of standard conditions, however, the Mortgage Loan Terms represent the most recent origination policy of the Sellers relating to the Loans comprised in the Cut-Off Date Portfolio and dictate the specified reasons to change the interest rate.

### **(3) Early Repayment Charges**

The Borrower may be required to pay an early repayment charge (an **Early Repayment Charge**) if certain events occur during the predetermined Product Period and the loan agreement states that the Borrower is liable for Early Repayment Charges and the relevant Seller has not waived or revised its policy with regards the payment of Early Repayment Charges. These events include a full or partial unscheduled repayment of principal, or an agreement between the Sellers and the Borrower to switch to a different mortgage product. If all or part of the principal owed by the Borrower, other than the scheduled monthly payments, is repaid before the end of the Product Period or the Borrower switches to another product, the Borrower will be liable to pay to the Sellers a repayment fee based on the amount repaid or switched to another product. If the Borrower has more than one product attached to the mortgage, the Borrower may choose under which product the principal should be allocated.

The Sellers permit Borrowers during the Product Period to make a lump sum repayment to reduce the loan amount in each 12 month period up to a maximum of 10% of the balance outstanding on the loan amount without incurring an Early Repayment Charge.

If the Borrower repays its mortgage during a Product Period to move house, the Borrower may not have to pay the charge if the Borrower takes out a new loan for the new home with the Sellers, subject to certain qualifying criteria and provided that the Borrower completes the new purchase within 6 months of redeeming the previous mortgage.

Some mortgage products do not include any provisions for the payment of an Early Repayment Charge by the Borrower.

### **(4) Overpayments and Authorised Underpayments**

**Overpayments** – Overpayments are allowed on all products, although an Early Repayment Charge may be payable (as described in 'Early Repayment Charges' above). Borrowers may either increase their regular monthly payments above the normal monthly payment then applicable or make lump sum payments at any time.

Since interest is calculated on a daily basis, if Borrowers pay more than the scheduled monthly payment, the balance on their mortgage loan will be reduced immediately. The Sellers will charge interest on the reduced balance, which reduces the amount of interest the Borrower must pay.

**Authorised Underpayments** – some products have a payment holiday feature where the Borrower can apply to defer monthly payments. The terms of the Mortgages provide that the Borrower can (with the Sellers' proper approval and at the Seller's discretion) take payment holidays for a period not exceeding 3 months in any year provided the relevant Borrower is not in arrears and has made at least 6 consecutive payments on the Loan. Approval may also be subject to conditions set by the Sellers from time to time.

### **(5) Further Advances**

If a Borrower wishes to take out a further loan secured by the same mortgage the Borrower will need to make a further advance application and the Sellers will use the lending criteria applicable to further advances at that time in determining whether to approve the application. The original mortgage deed or standard security is expressed to cover all amounts due under the relevant loan which would cover any Further Advances. (See "*Overview of the Key Transaction Documents – Further Advances and Product Switches*").

Some Loans in the Portfolio may have Further Advances made on them prior to their being sold to the Issuer on the Closing Date.

If a Loan is subject to a Further Advance after being sold to the Issuer, the Sellers will be required to repurchase the Loan and its Related Security from the Issuer to the extent that the Issuer does not have sufficient funds from the Principal Ledger or from a drawing under the Class Z VFN to fund the purchase of such Further Advance or if the Loan which is subject to the Further Advance breaches the Asset Conditions as tested on the Monthly Test Date following the Monthly Period in which such Further Advance was made.

## **(6) Product Switches**

From time to time, Borrowers may request or the Servicer may send an offer of a variation in the financial terms and conditions applicable to the Borrower's loan. If a Loan is subject to a Product Switch as a result of a variation, then the Sellers may be required to repurchase the Loan or Loans and their Related Security from the Issuer if it breaches the Asset Conditions as tested on the Monthly Test Date immediately following the Monthly Period in which the Switch was made. (See "Overview of the Key Transaction Documents – Further Advances, and Product Switches").

## **Origination channels**

The Sellers currently derive the majority of their mortgage-lending business through a network of intermediaries throughout the United Kingdom (except for certain loan related features, such as Further Advances, which are originated directly by the Sellers) and from internet and telephone sales. CBS also derives a proportion of its mortgage-lending directly through its network of branches.

Once an application for a mortgage loan is received from a prospective new customer (through whichever origination channel) it is processed by the channel staff and the Servicer's New Business Department. The details of the application are entered into the Servicer's relevant computer system, and arrangements are made to obtain such references and/or other proof of income, valuation, survey or other evidence of value (if any and as appropriate) that may be required by the Sellers under their lending policies. A mortgage offer may then be issued to the prospective new customer and instructions are despatched to the relevant solicitor or licensed or qualified conveyancer to investigate title and issue a report on the same to the Sellers. Once a satisfactory certificate of title has been received (if appropriate) and no other matters in relation to the application are outstanding, mortgage funds can be released to the solicitor or licensed conveyancer.

The Sellers are subject to the FSMA, MCOB (and other FSA rules) and the Financial Ombudsman Service, which is a statutory scheme under the FSMA.

## **Underwriting**

The underwriting approach of the Sellers has changed over time. Loans in the Portfolio may have been originated in accordance with different underwriting criteria from those set out here, depending on their date of origination. The Sellers currently adopt a system-based approach to lending assessment. This assessment is made with reference to a number of components including:

- (a) initial qualification: applications go through a rigorous initial qualification by intermediaries or mortgage advisers before any applications reach the underwriting stage; and
- (b) credit scorecard: based on a combination of application and credit bureau data.

The lending system is supported by a structure with authority limits varying according to seniority. Applications which receive a system recommendation of "accept" follow a verification process which would include, but not be limited to, verification of identification and income, prior to the making of an offer. Applications which receive a system recommendation of "refer" will be reviewed manually by an underwriter.

Mandated officers may approve loans up to a maximum of £500,000.

Loans between £500,001 up to £750,000 must be presented to the Head of Business Operations or a member of the executive team for authorisation.

Loans over £750,000 must be presented to a member of the executive team for authorisation.

## **Lending Criteria**

On the Closing Date, the Sellers will represent that each Loan being sold to the Issuer was originated according to its lending criteria applicable at the time the Loan was offered (the **Lending Criteria**), in all material respects, subject only to exceptions made on a case-by-case basis as would be acceptable to a Reasonable, Prudent Mortgage Lender. Policy and risk appetite varies in line with a number of internal and external factors in particular expectations of the housing market and wider economy and the Sellers retain the right to revise their lending criteria from time to time, and so the criteria applicable to any Loans which are the subject of a Further Advance may not be the same as those currently used.

This section of the Prospectus reflects the lending criteria applied for originations as of the date of the Prospectus.

### **(1) *Type of property***

Properties may be either freehold (or the Scottish equivalent) or leasehold. In the case of leasehold properties, there must be a minimum of 70 years remaining on inception of the mortgage. The property must be used solely as a single residential dwelling, although second homes are considered. Properties must be of good quality, in sound structural condition and in a reasonable state of repair. House boats, mobile homes, and any property on which buildings insurance cannot be arranged are not acceptable. All persons who are to be legal owners of the property on completion must be named as Borrowers under the Mortgage.

All properties have either been valued by a valuer approved by the Sellers or assessed using automated valuation models or other evidence, including the relevant Borrower's estimate of value, to the standards of a Reasonable, Prudent Mortgage Lender.

### **(2) *Term of loan***

The minimum term of a Loan is generally 5 years for new residential mortgages and home owner loans. The maximum term for residential loans is generally 35 years. A repayment period for a Further Advance that would extend beyond the term of the original advance may in exceptional circumstances also be accepted at the Sellers' discretion. However, Further Advances may only be sold to the Issuer subject to the Asset Conditions being met on the relevant Advance Date.

### **(3) *Details of applicant***

All Borrowers must be aged 18 or over and the mortgage term must normally end before the Borrower reaches 75. For specific first time buyer products, the main applicant must be at least 21 years of age. If the Borrower is 56 or over at the commencement of the mortgage an enhanced affordability assessment is applied. If the Borrower will be aged 71 or over at the end of the term of the mortgage, the Sellers will consider the Borrower's income in retirement only. If the Sellers determine the Borrower will not be able to afford the mortgage into retirement, the application will be declined.

The maximum number of applicants on any one residential mortgage application is 4.

Under the Sellers' current Lending Criteria, to be accepted for a mortgage, generally all applicants must have been in permanent employment for at least 12 months or, if self-employed, trading for at least 2 years.

**(4) Loan-to-value (or LTV) ratio**

Normally, the maximum original LTV ratio of Loans in each expected portfolio would be 85%. Where fees were added to the Loan, they may have taken the total lending over the specified LTV limit.

When the Sellers make a Loan on a property which requires repairs, the property is either valued on a "when done" basis and the loan (or a portion of it) retained until works have been completed, or if the property is acceptable security in its existing condition, it may be valued on that basis and the loan released prior to works commencing.

**(5) Status of applicant(s) and Bank reference/Proof of Income**

Lending assessment is currently made using the lending system outlined in the section headed "*The Loans – Underwriting*".

Subject to the results of the Sellers' credit score test and subject to certain exceptions applied by the Sellers acting as a Reasonable, Prudent Mortgage Lender in accordance with the Sellers' practice and procedures from time to time, the Sellers would seek and review satisfactory bank statements and references from existing or previous lenders. Supporting information required of employed applicants and self-employed applicants is set out below.

*Employed applicant(s):*

Where an applicant is in PAYE employment and the income of that applicant is required to support the loan, the Sellers generally require the applicant to be in a permanent position and not under notice of termination. However, fixed term/temporary workers are accepted where the applicant meets certain minimum requirements. For a standard residential mortgage, the Sellers require either the applicant's latest P60 and/or pay slip as evidence of income. A formal reference may also be requested from the applicant's employer. For first time buyers, the Sellers require the applicant's latest P60, two months bank statements and latest pay slip.

*Self Employed Applicant(s):*

The applicant must have been trading for at least 2 years. For a standard residential mortgage, the Sellers require two years tax assessments or accountants' certificates. For loans greater than £200,000 where the LTV ratio is equal to or greater than 65%, the Sellers also require 6 months' personal bank statements.

**(6) Credit history**

The current policy is as follows:

*Credit search:*

A credit search is carried out in respect of all new applicants (and in relation to Further Advances to existing Borrowers) with a bureau of the Sellers' choice at a level of the Sellers' choice.

With certain limited exceptions approved by the Sellers acting as a Reasonable, Prudent Mortgage Lender (including loans to existing borrowers and investors), all applications must pass the Sellers' credit score test which will be carried out at the same time as the credit search. Applications may be declined where an adverse credit history is revealed (for example, certain unsatisfied or material (in quantum) county court judgements and bankruptcy notices).

*Existing lender's reference:*

Any reference must satisfy the Sellers that the account has been properly conducted and that no history of material arrears exists.

*First time buyers/applicants in rented accommodation:*

Where applicants currently reside in rented accommodation, the Sellers may seek sight of a bank statement or rent record book.

## **(7) Scorecard**

Under the current policy, the Sellers use some of the criteria described here and various other criteria to produce an overall score for the application that reflects a statistical analysis of the risk of advancing the Loan. The lending policies and processes are determined centrally to ensure consistency in the management and monitoring of credit risk exposure. Full use is made of software technology in credit scoring new applications. Credit scoring applies statistical analysis to publicly available data and customer-provided data to assess the likelihood of an account going into arrears.

The Sellers reserve the right to decline an application that has received a passing score. The Sellers do have an appeals process if a potential borrower believes his or her application has been unfairly denied. It is the Sellers' policy to allow only authorised individuals to exercise discretion in granting variances from the scorecard.

## **Changes to the underwriting policies and the Lending Criteria**

The Sellers' underwriting policies and Lending Criteria were and are subject to change within the Sellers' sole discretion. Loans were and are originated by way of exception to the lending criteria where the Sellers determined that the exception would have been acceptable to a Reasonable, Prudent Mortgage Lender. Further Advances that are originated under Lending Criteria that are different from the criteria set out here may be sold to the Issuer.

## **Insurance policies**

### **(1) Insurance on the Mortgaged Property**

Each Mortgaged Property is required to be insured with buildings insurance. The Mortgaged Property may be insured by the Sellers at the expense of the Borrower or, the insurance may be purchased by the Borrower or (in the case of leasehold property) by a landlord or by a property management company. If the Sellers become aware that no adequate insurance is in place, they have the power to arrange insurance on the Mortgaged Property and charge the premiums for this to the Borrower's mortgage account.

Subject as set out above, the Sellers only insure a Mortgaged Property once it has repossessed the Mortgaged Property from a defaulting Borrower. See "*Properties in possession cover*" below.

### **(2) Borrower-arranged buildings insurance**

The Sellers require that a Borrower maintains home insurance for the duration of the mortgage and the Sellers check that such insurance is in place at the time when the mortgage commences. The Sellers issue warnings on each annual statement to Borrowers that home insurance must be in place. The Sellers maintain a policy which indemnifies them for any losses incurred due to the failure of a Borrower to maintain home insurance.

**(4) *Properties in possession cover***

When a Mortgaged Property is taken into possession by the Sellers, the Sellers take the necessary actions to ensure that the property is placed on to their block properties in possession insurance policy so that appropriate insurance cover is provided on the Mortgaged Property. The Sellers may claim under this policy for any damage occurring to the Mortgaged Property while in the Sellers' possession.

**(5) *Title and Search insurance***

Search insurance is obtained in some instances on remortgage cases, in these instances a solicitor does not undertake a local search. Local searches are undertaken on all new mortgages.

Title insurance is obtained in respect of certain limited title defects (e.g. restrictive covenants, absence of rights of way) from all solicitors on new mortgages and remortgages. An investigation of title is always undertaken and insurance obtained if an investigation of title has taken place and a defect discovered.

**Arrears policy**

The Sellers identify a Loan as being in arrears where an amount equal to or greater than a full month's contractual payment remains unpaid at the end of a calendar month. The Borrower will receive an initial arrears letter from the Sellers following the end of the month.

The Sellers will attempt to contact the Borrower initially by letter and then by telephone if such payments remain unpaid. The Sellers will upon establishing the Borrower's circumstances offer options specifically tailored to return the account to order, where possible. These options may include concessionary payment and repayment plans. A field agent may also be engaged as part of the process. Where a satisfactory arrangement cannot be reached or maintained, possession proceedings may be instigated to enable the Sellers to enforce their security.

**Governing law**

Each of the Scottish Loans is governed by Scots law and each of the English Loans is governed by English law.

## CHARACTERISTICS OF THE PORTFOLIO

The statistical and other information contained in this Prospectus has largely been compiled by reference to certain Loans in a portfolio as at the Cut-Off Date (the **Cut-Off Date Portfolio**). A Loan will be removed from the Portfolio if in the period from (and including) the Cut-Off Date up to (but excluding) the Closing Date such Loan is repaid in full or if such Loan does not comply with the Loan Warranties on the Closing Date. Except as otherwise indicated, these tables have been prepared using the Current Balance as at the Cut-Off Date, which includes all principal and Accrued Interest for the Loans in the Portfolio.

The Portfolio as at the Cut-Off Date consisted of a randomly selected pool of 11,977 Loans originated by CBS and Godiva, selected from the Cut-Off Date Portfolio and transferred to the Issuer and secured over properties located in England and Wales and Scotland having an aggregate Current Balance of £1,120,888,413.

### **Loan to Value Ratios at Origination**

The following table shows the range of LTV ratios, which express the outstanding balance of the aggregate of Loans (including capitalised interest, capitalised high LTV fees, insurance fees, booking fees and valuation fees and incorporating all Loans secured on the same Property) in the Mortgage Accounts (which incorporate all Loans secured on the same Property) as at the Cut-Off Date based on the original amount of the initial advance on the date of origination of the Loan divided by the value of the Property securing the Loans in the Mortgage Account as at the date of the latest advanced Loan on the Property. The Sellers have not revalued any of the mortgaged properties since the date of the origination of the related Loan other than where additional lending has been applied for or advanced, and in certain product switch and re-arrangement application cases (where such case is completed or not). In these cases the original valuation may have been updated with a more recent valuation.

#### **Arrears Analysis of Non Repossessed Mortgage Accounts**

- \* Arrears are calculated in accordance with standard market practice in the UK. A Mortgage is identified as being in arrears when, on any due date, the overdue amounts which were due on previous due dates equal, in the aggregate, one or more full monthly payments. In making an arrears determination, the Servicer calculates as of the date of determination the difference between the sum of all monthly payments that were due and payable by a Borrower on any due date up to that date of determination (less the aggregate amount of all authorised underpayments made by such Borrower up to such date of determination) and the sum of all payments actually made by that Borrower up to that date of determination. If the result arrived at by dividing that difference (if any) by the amount of the required monthly payment equals or exceeds 1 the Loan is deemed to be in arrears. Arrears classification is determined based on the number of full Monthly Payments that have been missed. A Borrower that has missed payments that in the aggregate equal or exceeding 2 monthly payments (but for which the aggregate of missed payments is less than 3 monthly payments) would be classified as being between 2 – 3 months in arrears, and so on.

Note: the monthly amortisation rate above has been calculated by the following formula  $(1-(1-C)^{12})$  where  $C = A / B$  where A = Total Repayments and external Redemptions relating to the CBS and Godiva prime mortgages in the prior month and B = CBS and Godiva prime mortgage balance at previous month end.

## CHARACTERISTICS OF THE UNITED KINGDOM RESIDENTIAL MORTGAGE MARKET

The UK housing market is primarily one of owner-occupied housing, with the remainder in some form of public, private landlord or social ownership. The mortgage market, whereby loans are provided for the purchase of a property and secured on that property, is the primary source of household borrowings in the United Kingdom.

Set out in the following tables are certain characteristics of the United Kingdom mortgage market.

### *Industry CPR rates*

In the following tables, quarterly industry constant repayment rate (**industry CPR**) data was calculated by dividing the amount of scheduled and unscheduled repayments of mortgages made by building societies in a quarter by the quarterly balance of mortgages outstanding for building societies in the United Kingdom. These quarterly repayment rates were then annualised using standard methodology.

You should note that the CPR table above presents the historical CPR experience only of building societies in the United Kingdom. During the late 1990s, a number of former building societies converted stock to form UK banks and the CPR experience of these banks is therefore not included in the foregoing building society CPR data.

### House price to earnings ratio

The following table shows the ratio for each year of the average annual value of houses compared to the average annual salary in the United Kingdom. The average annual earnings figures are constructed using the Annual Survey of Hours and Earnings figures referring to weekly earnings in April of each year for those male employees whose earnings were not affected by their absence from work. While this is a good indication of house affordability, it does not take into account the fact that the majority of households have more than one income to support a mortgage loan.

### House price index

UK residential property prices, as measured by the Nationwide House Price Index and Halifax House Price Index (collectively the **Housing Indices**), have generally followed the UK Retail Price Index over an extended period. (Nationwide is a UK building society and Halifax is a division of Bank of Scotland plc which is part of the Lloyds Banking Group.)

The UK housing market has been through various economic cycles in the recent past, with large year-to-year increases in the Housing Indices occurring in the late 1980s and large decreases occurring in the early 1990s and from 2007.

## WEIGHTED AVERAGE LIVES OF THE NOTES

The average lives of the Notes cannot be stated, as the actual rate of repayment of the Loans and redemption of the Mortgages and a number of other relevant factors are unknown. However, calculations of the possible average lives of the Notes can be made based on certain assumptions. For example, based on the assumptions that:

- (a) the Issuer exercises its option to redeem the Notes on the Step-Up Date, in the first scenario, or the Issuer does not exercise its option to redeem the Notes on or after the Step-Up Date, in the second scenario;
- (b) the Loans are subject to a constant annual rate of repayment (inclusive of scheduled and unscheduled principal redemptions) of between 5 per cent. and 30 per cent. per annum as shown on the table below;
- (c) the assets of the Issuer are not sold by the Issuer except as may be necessary to enable the Issuer to realise sufficient funds to exercise its option to redeem the Notes;
- (d) no Note Acceleration Notice has been served on the Issuer and no Event of Default has occurred;
- (e) no Borrowers are offered and accept different mortgage products or Further Advances by the Sellers or any of their subsidiaries and the relevant Seller is not required to repurchase any Loan (including any Further Advance thereon since the Closing Date) in accordance with the relevant Mortgage Sale Agreement;
- (f) the Security is not enforced;
- (g) the Mortgages continue to be fully performing;
- (h) Loans repayable on a combination of capital repayment basis and interest-only basis are assumed to be on an interest-only basis;
- (i) the ratio of the Principal Amount Outstanding of the Class A Notes to the Current Balance of the Portfolio as at the Closing Date is 84.5 per cent.;
- (j) the ratio of the Principal Amount Outstanding of the Class Z VFN to the Current Balance of the Portfolio as at the Closing Date is 15.5 per cent; and
- (k) the Notes are issued on or about 4 May 2012.

Assumption (a) (in relation to the Issuer exercising its option to redeem the Class A Notes on the Step-Up Date) reflects the current intention of the Issuer but no assurance can be given that such assumption will occur as described.

Assumption (b) is stated as an average annualised repayment rate as the repayment rate for one Interest Period may be substantially different from that for another. The constant repayment rates shown above are purely illustrative and do not represent the full range of possibilities for constant repayment rates.

Assumptions (b) to (g) (inclusive) relate to circumstances which are not predictable.

The average lives of the Class A Notes are subject to factors largely outside the control of the Issuer and consequently no assurance can be given that the assumptions and estimates above will prove in any way to be realistic. They must therefore be viewed with considerable caution. For more information in relation to the risks involved in the use of the average lives estimated above, see "*Risk Factors – Risk Factors relating to the Issuer – Considerations relating to yield, prepayments, mandatory redemption and optional redemption*", above.

## UNITED KINGDOM TAXATION

*The following applies only to persons who are the beneficial owners of Notes and is a summary of the Issuer's understanding of current law and HM Revenue & Customs (HMRC) practice in the United Kingdom relating to certain aspects of United Kingdom taxation. Some aspects do not apply to certain classes of person (such as dealers and persons connected with the Issuer) to whom special rules may apply. The United Kingdom tax treatment of prospective Noteholders depends on their individual circumstances and may be subject to change in the future. Each prospective purchaser is urged to consult its own tax advisers about the tax consequences under its circumstances of purchasing, holding and selling the Notes under the laws of the United Kingdom, its political subdivisions and any other jurisdiction in which the prospective purchaser may be subject to tax.*

*In this summary references to "Notes" and "Noteholder" excludes the Class Z VFN and the Class Z VFN Holder. The Class Z VFN Holder is urged to consult its own tax advisers about the tax consequences under its circumstances of purchasing, holding and selling the Class Z VFN under the laws of the United Kingdom, its political subdivisions and any other jurisdiction in which the Class Z VFN Holder may be subject to tax.*

### **Interest on the Notes**

#### *Payment of Interest on the Notes*

Payments of interest on the Notes may be made without deduction of or withholding on account of United Kingdom income tax provided that the Notes are and continue to be listed on a "recognised stock exchange" within the meaning of section 1005 of the Income Tax Act 2007. The London Stock Exchange is a recognised stock exchange for such purposes. Securities will be treated as listed on the London Stock Exchange if they are included in the Official List (within the meaning of and in accordance with the provisions of Part VI of the FSMA) and admitted to trading on the regulated market of the London Stock Exchange. Provided, therefore, that the Notes remain so listed, interest on the Notes will be payable without withholding or deduction on account of United Kingdom income tax.

Interest on the Notes may also be paid without withholding or deduction on account of United Kingdom tax where interest on the Notes is paid by a company and, at the time the payment is made, the Issuer reasonably believes (and any person by or through whom interest on the Notes is paid reasonably believes) that the beneficial owner is within the charge to United Kingdom corporation tax as regards the payment of interest, provided that HMRC has not given a direction (in circumstances where it has reasonable grounds to believe that it is likely that the above exemption is not available in respect of such payment of interest at the time the payment is made) that the interest should be paid under deduction of tax.

In other cases, an amount must generally be withheld from payments of interest on the Notes on account of United Kingdom income tax at the basic rate (currently 20 per cent.). However, where an applicable double tax treaty provides for a lower rate of withholding tax (or for no tax to be withheld) in relation to a Noteholder, HMRC can issue a notice to the Issuer to pay interest to the Noteholder without deduction of tax (or for interest to be paid with tax deducted at the rate provided for in the relevant double tax treaty).

Noteholders may wish to note that, in certain circumstances, HMRC has power to obtain information (including the name and address of the beneficial owner of the interest) from any person in the United Kingdom who either pays or credits interest to or receives interest for the benefit of a Noteholder. Information so obtained may, in certain circumstances, be exchanged by HMRC with the tax authorities of the jurisdiction in which the Noteholder is resident for tax purposes.

### ***EU Savings Directive***

Under EC Council Directive 2003/48/EC on the taxation of savings income, Member States are required to provide to the tax authorities of another Member State details of payments of interest (or similar income) paid by a person within its jurisdiction to an individual resident in that other Member State or to certain limited types of entities established in that other Member State. However, for a transitional period, Luxembourg and Austria are instead required (unless during that period they elect otherwise) to operate a withholding system in relation to such payments (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). A number of non-EU countries and territories including Switzerland have adopted similar measures (a withholding system in the case of Switzerland).

The European Commission has proposed certain amendments to the Directive, which may, if implemented, amend or broaden the scope of the requirements described above.

## SUBSCRIPTION AND SALE

CBS, The Royal Bank of Scotland plc (**RBS**) and J.P. Morgan Securities Ltd. (**JPMSL**) (JPMSL together with RBS, the **Joint Lead Managers**) have, pursuant to a subscription agreement dated on or about 27 April 2012 between CBS, the Sellers, the Joint Lead Managers and the Issuer (the **Subscription Agreement**), agreed with the Issuer (subject to certain conditions) to subscribe and pay for (A) in the case of the Joint Lead Managers, £800,000,000 of the Class A Notes at the issue price of 100 per cent. of the aggregate principal amount of the Class A Notes and (B) in the case of CBS, £133,500,000 of the Class A Notes at the issue price of 100 per cent. of the aggregate principal amount of the Class A Notes. CBS have also, pursuant to the Subscription Agreement, agreed with the Issuer (subject to certain conditions) to subscribe and pay for 100 per cent. of the Class Z VFN at the issue price of 100 per cent. of the aggregate principal amount of the Class Z VFN as at the Closing Date.

The Joint Lead Managers may sell any of the Notes to subsequent purchasers in individually negotiated transactions at negotiated prices which may vary among different purchasers and which may be greater or less than the issue price of the Notes.

The Issuer has agreed to indemnify CBS, Godiva and the Joint Lead Managers against certain liabilities and to pay certain costs and expenses in connection with the issue of the Notes.

Other than admission of the Class A Notes to the Official List and the admission of the Class A Notes to trading on the London Stock Exchange's Regulated Market, no action has been taken by the Issuer, CBS or the Joint Lead Managers, which would or has been intended to permit a public offering of the Notes, or possession or distribution of this Prospectus or other offering material relating to the Notes, in any country or jurisdiction where action for that purpose is required.

This Prospectus does not constitute, and may not be used for the purpose of, an offer or a solicitation by anyone to subscribe for or purchase any of the Notes in or from any country or jurisdiction where such an offer or solicitation is not authorised or is unlawful.

Pursuant to the Subscription Agreement, CBS has covenanted that it will, *inter alia*, retain a material net economic interest of not less than 5 per cent. in the securitisation in accordance with Article 122a of Directive 2006/48/EC (as amended) (which does not take into account any implementing rules of the CRD in a relevant jurisdiction). As at the Closing Date, such retention requirement will be satisfied by CBS holding the first loss tranche as required by Article 122a (comprising the Class Z VFN). Any change to the manner in which such interest is held will be notified to the Noteholders. In addition, Godiva or CBS, in its capacity as a Seller, will comply with the requirements of paragraph 7 of Article 122a by posting the Investor Reports on a monthly basis on the following website (the details of which are correct as at the date hereof): [www.coventrybuildingsociety.co.uk](http://www.coventrybuildingsociety.co.uk).

### **United States**

The Notes have not been and will not be registered under the Securities Act or any state securities laws and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons (as defined in Regulation S) except pursuant to an exemption from registration requirements. Accordingly, the Notes are being offered and sold in offshore transactions in reliance on Regulation S.

The Notes are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. tax regulations, Terms used in this paragraph have the meanings given to them in the U.S. Internal Revenue Code of 1986 and regulations thereunder.

Each of the Joint Lead Managers, the Sellers and CBS has agreed that, except as permitted by the Subscription Agreement, it will not offer or sell the Notes (a) as part of its distribution at any time or (b) otherwise until 40 days after the later of the commencement of the offering and the closing date within the United States or to, or for the account or benefit of, U.S. persons, and it will have sent to each affiliate or other dealer (if any) to which it sells Notes during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act. See "*Transfer Restrictions and Investor Representations*", below.

In addition, until 40 days after the commencement of the offering, an offer or sale of Notes within the United States by any dealer that is not participating in the offering may violate the registration requirements of the Securities Act.

### ***United Kingdom***

Each of the Joint Lead Managers, Godiva and CBS has represented to and agreed with the Issuer that:

- (a) it has only communicated or caused to be communicated, and will only communicate or cause to be communicated any invitation or inducement to engage in any activity (within the meaning of section 21 of the FSMA) received by it in connection with the issue or sale of any Notes in circumstances in which section 21(1) of the FSMA does not apply to the Issuer; and
- (b) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to the Notes in, from or otherwise involving the United Kingdom.

Each of the Joint Lead Managers, Godiva and CBS has acknowledged that, save for the Issuer having obtained the approval of the Prospectus as a prospectus in accordance with Part VI of the FSMA and having applied for the admission of the Class A Notes to the Official List of the UK Listing Authority and admission of the Class A Notes to trading on the London Stock Exchange, no further action has been or will be taken in any jurisdiction by the Joint Lead Managers, Godiva or CBS that would, or is intended to, permit a public offering of the Notes, or possession or distribution of the Prospectus or any other offering material in relation to the Notes, in any country or jurisdiction where such further action for that purpose is required.

### **General**

No action has been taken by the Issuer, CBS, Godiva or the Joint Lead Managers that would, or is intended to, permit a public offer of the Notes in any country or jurisdiction where any such action for that purpose is required. Accordingly, each of the Joint Lead Managers, Godiva and CBS has undertaken that it will not, directly or indirectly, offer or sell any Notes or have in its possession, distribute or publish any offering circular, prospectus, form of application, advertisement or other document or information in respect of the Notes in any country or jurisdiction except under circumstances that will, to the best of its knowledge and belief, result in compliance with any applicable laws and regulations.

*Additional representations and restrictions applicable to a Class Z VFN*

- (a) the holder of such Class Z VFN making such transfer or subjecting the Class Z VFN to such Encumbrance shall be solely responsible for any costs, expenses or taxes which are incurred by the Issuer, the holder of such Class Z VFN or any other person in relation to such transfer or Encumbrance;

The Class Z VFN Registrar shall upon receipt of such confirmation make a note of such confirmation in the Class Z VFN Register.
