

IMPORTANT NOTICE

NOT FOR DISTRIBUTION TO ANY U.S. PERSON OR TO ANY PERSON OR ADDRESS IN THE U.S. EXCEPT TO QUALIFIED INSTITUTIONAL BUYERS (AS DEFINED BELOW)

IMPORTANT: You must read the following before continuing. The following applies to the base prospectus following this page, and you are therefore advised to read this carefully before reading, accessing or making any other use of the base prospectus. In accessing the base prospectus, you agree to be bound by the following terms and conditions, including any modifications to them any time you receive any information from us as a result of such access.

NOTHING IN THIS ELECTRONIC TRANSMISSION CONSTITUTES AN OFFER TO SELL OR THE SOLICITATION OF AN OFFER TO BUY THE SECURITIES OF THE ISSUER. THE SECURITIES HAVE NOT BEEN, AND WILL NOT BE, REGISTERED UNDER THE U.S. SECURITIES ACT OF 1933, AS AMENDED (THE "SECURITIES ACT") OR THE SECURITIES LAWS OF ANY STATE OF THE UNITED STATES OR ANY JURISDICTION, AND THE SECURITIES MAY NOT BE OFFERED OR SOLD IN THE UNITED STATES OR TO, OR FOR THE ACCOUNT OR THE BENEFIT OF, U.S. PERSONS (WITHIN THE MEANING OF REGULATION S UNDER THE SECURITIES ACT) UNLESS AN EXEMPTION FROM THE REGISTRATION REQUIREMENTS OF THE SECURITIES ACT IS AVAILABLE AND IN ACCORDANCE WITH ALL APPLICABLE SECURITIES LAWS OF ANY STATE OF THE UNITED STATES. THE FOLLOWING BASE PROSPECTUS MAY NOT BE FORWARDED OR DISTRIBUTED TO ANY OTHER PERSON AND MAY NOT BE REPRODUCED IN ANY MANNER WHATSOEVER, AND IN PARTICULAR, MAY NOT BE FORWARDED TO ANY U.S. PERSON OR TO ANY U.S. ADDRESS. ANY FORWARDING, DISTRIBUTION OR REPRODUCTION OF THIS DOCUMENT IN WHOLE OR IN PART IS UNAUTHORISED. FAILURE TO COMPLY WITH THIS DIRECTIVE MAY RESULT IN A VIOLATION OF THE SECURITIES ACT OR THE APPLICABLE LAWS OF OTHER JURISDICTIONS.

This base prospectus has been delivered to you on the basis that you are a person into whose possession this base prospectus may be lawfully delivered in accordance with the laws of the jurisdiction in which you are located. By accessing the base prospectus, you shall be deemed to have confirmed and represented to us that (a) you have understood and agree to the terms set out herein, (b) you consent to delivery of the base prospectus by electronic transmission, (c) you are either (i) not a U.S. person (within the meaning of Regulation S under the Securities Act) or acting for the account or benefit of a U.S. person and the electronic mail address that you have given to us and to which this e-mail has been delivered is not located in the United States, its territories and possessions (including Puerto Rico, the U.S. Virgin Islands, Guam, American Samoa, Wake Island and the Northern Mariana Islands) or the District of Columbia or (ii) a qualified institutional buyer (as defined in Rule 144A under the Securities Act) and (d) if you are a person in the United Kingdom, then you are a person who (i) has professional experience in matters relating to investments or (ii) is a high net worth entity falling within Article 49(2)(a) to (d) of the Financial Services and Markets Act (Financial Promotion) Order 2005 or a certified high net worth individual within Article 48 of the Financial Services and Markets Act (Financial Promotion) Order 2005.

This base prospectus has been sent to you in an electronic form. You are reminded that documents transmitted via this medium may be altered or changed during the process of electronic transmission and consequently neither Penarth Master Issuer plc nor Bank of Scotland plc nor Lloyds TSB Bank plc nor any lead managers nor any dealers nor any person who controls, nor any director, officer, employee or agent of Penarth Master Issuer plc or Bank of Scotland plc or Lloyds TSB Bank plc or any lead managers or any dealers nor any affiliate of any such person accepts any liability or responsibility whatsoever in respect of any difference between the base prospectus distributed to you in electronic format and the hard copy version available to you on request from Penarth Master Issuer plc or Bank of Scotland plc or Lloyds TSB Bank plc or any lead managers or any dealers.

PENARTH MASTER ISSUER PLC

(incorporated under the laws of England and Wales with limited liability under registered number 6615304)

Issuer

Medium Term Note Programme

(ultimately backed by trust property in the Penarth Receivables Trust)

PENARTH FUNDING 1 LIMITED

Loan Note Issuer

BANK OF SCOTLAND PLC

Sponsor, Transferor, Transferor Beneficiary, Cash Manager and Servicer

Penarth Master Issuer plc (the "**Issuer**") has established a medium term note programme (the "**Programme**") and prepared this Base Prospectus to describe it. Under the Programme, notes may be issued from time to time denominated in U.S. Dollars, Sterling, Euro or such other currency as specified in the relevant Prospectus Supplement/Final Terms. Notes will be issued in series (each a "**Note Series**"), each with one of four classes of notes identified as class A, class B, class C and class D notes.

The ultimate source of payment on the notes will be collections on consumer credit card accounts originated or acquired in the United Kingdom by Bank of Scotland plc (including credit card receivables acquired in the United Kingdom by Bank of Scotland plc from Lloyds TSB Bank plc). Credit card accounts originated or acquired in the United Kingdom by another company within the Lloyds Banking Group may also be added to the receivables trust with such company becoming an Additional Transferor, subject to the satisfaction of certain conditions as specified herein.

No notes may be issued under the Programme which have a minimum denomination of less than €50,000 (or the equivalent in another currency as of the date of issue of those notes as specified in the relevant Prospectus Supplement/Final Terms).

In the case of each Note Series denominated in a currency other than Sterling, a separate currency swap transaction will be entered into by the Issuer to convert the Sterling amounts received by the Issuer into U.S. Dollar, Euro or such other currency as specified in the relevant Prospectus Supplement/Final Terms amounts for payments in respect of that Note Series.

The notes offered pursuant to this Base Prospectus are obligations of the Issuer only. They will not be obligations or responsibilities of, nor will they be guaranteed by, any other party, including Bank of Scotland plc or Lloyds TSB Bank plc in any of their respective capacities, any of the Arranger, the Lead Manager, the Dealers, Penarth Funding 1 Limited, Penarth Receivables Trust Limited or any of their affiliates or advisers, successors or assigns.

Prospective investors should read this Base Prospectus and the applicable Prospectus Supplement/Final Terms carefully before making an investment. Please review and carefully consider the Risk Factors beginning on page 20 of this Base Prospectus before purchasing any notes. A note is not a deposit and neither the notes nor the underlying Receivables are insured or guaranteed by Bank of Scotland plc or by any United Kingdom or United States governmental agency. The Issuer will only have a limited pool of assets to satisfy its obligations under the notes.

The offer of a Note Series will be made through this Base Prospectus and a Prospectus Supplement/Final Terms that will set forth the terms and conditions of the respective notes and the names of the Dealers participating in the offering. This Base Prospectus has been approved by the United Kingdom Financial Services Authority (the "**UKLA**") which is the United Kingdom competent authority for the purposes of Directive 2003/71/EC (the "**Prospectus Directive**") and relevant implementing measures in the United Kingdom, as a base prospectus issued in compliance with the Prospectus Directive and relevant implementing measures in the United Kingdom. In compliance with the Financial Services and Markets Act 2000 ("**FSMA**"), this Base Prospectus may not be used to offer any notes more than 12 months after the date of this Base Prospectus. Application will be made to have any notes issued under the Programme (other than any which are to be unlisted or listed on any other exchange) during the first twelve months following the date of this Base Prospectus admitted to listing on the official list (the "**Official List**") of the UKLA and to trading on the regulated market of London Stock Exchange plc (the "**London Stock Exchange**"). The regulated market of the London Stock Exchange is a regulated market for the purposes of Directive 2004/39/EC (the Markets in Financial Instruments Directive) (the "**Regulated Market of the London Stock Exchange**"). In the case of notes listed on the Regulated Market of the London Stock Exchange, a copy of the related Prospectus Supplement/Final Terms will be delivered to the Regulated Market of the London Stock Exchange on or before the date of issue of those notes.

Unless specified in the Prospectus Supplement/Final Terms, each Note Series is expected to be assigned ratings on issue by each of Standard & Poor's Ratings Group ("**Standard & Poor's**"), Fitch Ratings Ltd ("**Fitch Ratings**") and Moody's Investors Service Limited ("**Moody's**") (each a "**Rating Agency**" and together, the "**Rating Agencies**"). The ratings assigned to each Note Series will be stated in the Prospectus Supplement/Final Terms for that Note Series. A credit rating is not a recommendation to buy, sell or hold securities and may be subject to a revision, suspension or withdrawal at any time by the assigning rating organisation.

THIS BASE PROSPECTUS SUPERSEDES ANY PREVIOUS PROSPECTUS DESCRIBING THE PROGRAMME. ANY NOTES ISSUED UNDER THE PROGRAMME ON OR AFTER THE DATE OF THIS BASE PROSPECTUS ARE ISSUED SUBJECT TO THE PROVISIONS HEREIN AND TO ANY APPLICABLE PROSPECTUS SUPPLEMENT/FINAL TERMS.

The notes have not been and will not be registered under the United States Securities Act of 1933, as amended (the "**Securities Act**") or with any securities regulatory authority of any state or other jurisdiction of the United States and may not be offered, sold or delivered within the United States or to "**U.S. Persons**" (within the meaning of Regulation S of the Securities Act ("**Regulation S**")) except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act. The notes may only be offered, sold or delivered (i) to non U.S. Persons (as defined in Regulation S) outside the United States in reliance on Regulation S (the "**Regulation S Notes**") and (ii) (a) within the United States in reliance on Rule 144A under the Securities Act ("**Rule 144A**") only to persons that are "qualified institutional buyers" (each a "**QIB**") within the meaning of Rule 144A (the "**Rule 144A Notes**") or (b) within the United States in reliance on Rule 506 of Regulation D under the Securities Act (the "**Registered Uncleared Notes**").

Arranger

Dealer and Lead Manager

If issued under the relevant Prospectus Supplement/Final Terms, Regulation S Notes of each class will be represented on issue by beneficial interests in one or more permanent global note certificates (each a "**Regulation S Global Note Certificate**"), in fully registered form, without interest coupons attached, which will be registered in the name of a nominee of and deposited with a common depository (the "**Common Depository**") or, in the case of Regulation S Notes to be held under the New Safekeeping Structure, a common safekeeper (the "**Common Safekeeper**") for Euroclear Bank S.A./N.V. ("**Euroclear**") and Clearstream Banking, société anonyme ("**Clearstream**"). If issued under the relevant Prospectus Supplement/Final Terms, Rule 144A Notes (as defined herein) of each class will be represented on issue by beneficial interests in one or more permanent global note certificates (each a "**Rule 144A Global Note Certificate**"), in fully registered form, without interest coupons attached, which will be deposited with Deutsche Bank Trust Company Americas, as custodian (the "**DTC Custodian**") for, and registered in the name of Cede & Co. ("**Cede**") as nominee of, The Depository Trust Company ("**DTC**"). Ownership interests in the Regulation S Global Note Certificates and in the Rule 144A Global Note Certificates (together, the "**Global Note Certificates**") will be shown on, and transfers thereof will only be effected through, records maintained by Euroclear, Clearstream and DTC (as relevant), and their respective participants. Notes in definitive certificated, fully registered form ("**Individual Note Certificates**") will be issued only in the limited circumstances as described in the Note Trust Deed. In each case, purchasers and transferees of notes will be deemed to have made certain representations and agreements. If specified in the relevant Prospectus Supplement/Final Terms, notes may also be represented on issue in definitive certificated, fully registered form, which will not be cleared through any of the Clearing Systems ("**Registered Uncleared Note Certificates**"). See "*Forms of the notes*", "*Purchase and Transfer Restrictions*" and "*Plan of Distribution*" in the relevant Prospectus Supplement/Final Terms.

If issued under the relevant Prospectus Supplement/Final Terms, Rule 144A Global Note Certificates will bear a legend to the effect that such Rule 144A Global Note Certificates, or any interest therein, may not be transferred except to persons that are QIBs within the meaning of Rule 144A under the Securities Act and only in compliance with the transfer restrictions set out in such legend. If issued under the relevant Prospectus Supplement/Final Terms, Registered Uncleared Note Certificates will bear a legend to the effect that such Registered Uncleared Note Certificates may not be transferred except in compliance with the transfer restrictions set out in such legend. No beneficial interest in a Rule 144A Global Note Certificate may be transferred to a person that takes delivery in the form of a beneficial interest in a Regulation S Global Note Certificate unless the transfer is to a person that is not a U.S. Person in an offshore transaction (as defined in Regulation S) in reliance on Regulation S under the Securities Act and the transferor provides the relevant Registrar with a written certification substantially in the form set out in the Paying Agency Agreement. No beneficial interest in a Regulation S Global Note Certificate may be transferred to a person that takes delivery in the form of a beneficial interest in a Rule 144A Global Note Certificate unless the transfer is to a person that is a QIB in a transaction in reliance on Rule 144A and the transferor provides the relevant Registrar with a written certification substantially in the form set out in the Paying Agency Agreement. See "*Forms of the notes*" and the applicable Prospectus Supplement/Final Terms.

NOTICE TO RESIDENTS OF NEW HAMPSHIRE

NEITHER THE FACT THAT A REGISTRATION STATEMENT OR AN APPLICATION FOR A LICENCE HAS BEEN FILED UNDER CHAPTER 421-B OF THE NEW HAMPSHIRE REVISED STATUTES ANNOTATED, 1955 FOR THE STATE OF NEW HAMPSHIRE NOR THE FACT THAT A SECURITY IS EFFECTIVELY REGISTERED OR A PERSON IS LICENSED IN THE STATE OF NEW HAMPSHIRE CONSTITUTES A FINDING BY THE SECRETARY OF STATE THAT ANY DOCUMENT FILED UNDER THE NEW HAMPSHIRE REVISED STATUTES ANNOTATED 421-B IS TRUE, COMPLETE AND NOT MISLEADING. NEITHER ANY SUCH FACT THAT AN EXEMPTION OR EXCEPTION IS AVAILABLE FOR A SECURITY OR A TRANSACTION MEANS THAT THE SECRETARY OF STATE OF NEW HAMPSHIRE HAS PASSED IN ANY WAY UPON THE MERITS OR QUALIFICATIONS OF, OR RECOMMENDATION OR GIVEN APPROVAL TO, ANY PERSON, SECURITY OR TRANSACTION. IT IS UNLAWFUL TO MAKE, OR CAUSE TO BE MADE, TO ANY PROSPECTIVE PURCHASER, CUSTOMER, OR

CLIENT, ANY REPRESENTATION INCONSISTENT WITH THE PROVISIONS OF THIS PARAGRAPH.

Governing Law

- The Programme documents are governed by (variously) the laws of England and Wales, Scotland and (including specifically where they relate to Security Interests over assets in Jersey) by Jersey law.
- The "**United Kingdom**" and "**UK**" are abbreviated references to the United Kingdom of Great Britain and Northern Ireland. The UK comprises three distinct legal systems, namely those of England (which includes Wales), Scotland and Northern Ireland, each with its own judicial process. However, leaving aside devolution of certain powers to Scottish and Northern Irish legislative bodies, the legislative body for each of these three jurisdictions is the UK Parliament. Accordingly, references to UK law are to laws promulgated by the UK Parliament but which are binding on the United Kingdom.
- The sale of Receivables where the relevant card account holder is resident in Scotland is governed by Scots law. The consequences of this Scots law sale are discussed under the caption "*Risk Factors — Transfer of Benefit of Receivables*".
- Provisions of the Transaction Documents which grant Security over certain intangible assets situated in Jersey are, in order to be effective as a matter of Jersey law, governed by Jersey law. "**Jersey**", an island in the Channel Islands off the coast of France, has an entirely separate legislative and judicial system from the United Kingdom.
- The "**United States**", "**US**" and "**U.S.**" are abbreviated references to the United States of America.

IMPORTANT NOTICES

This document (which includes the Appendix herein) constitutes a "**Base Prospectus**" for the purposes of article 5.4 of Directive 2003/71/EC (the "**Prospectus Directive**") for the purpose of giving information with regard to the issue of notes under the Programme during the period of twelve months after the date of this Base Prospectus.

This Base Prospectus should be read and construed together with any amendments or supplements hereto and with any other documents incorporated by reference in this Base Prospectus and, in relation to any Note Series, should be read and construed together with the relevant Prospectus Supplement/Final Terms.

No person has been authorised to give any information or to make any representation not contained in or not consistent with this Base Prospectus or any other document entered into in relation to the Programme or any information supplied by the Issuer or such other information as is in the public domain and, if given or made, such information or representation should not be relied upon as having been authorised by the Issuer, the Arranger, the Lead Manager or any Dealer.

No representation or warranty is made or implied by the Arranger, the Lead Manager, the Dealers, the Security Trustee, the Note Trustee or any of their respective affiliates, and neither the Arranger, the Lead Manager, the Dealer nor any of their respective affiliates makes any representation or warranty or accepts any responsibility as to the accuracy or completeness of the information contained in this Base Prospectus. Neither the delivery of this Base Prospectus or any Prospectus Supplement/Final Terms nor the offering, sale or delivery of any note shall, in any circumstances, create any implication that the information contained in this Base Prospectus is true after the date hereof or the date upon which this Base Prospectus has been most recently amended or supplemented or that there has been no adverse change, or any event reasonably likely to involve any adverse change, in the condition (financial or otherwise) of the Issuer since the date thereof or, if later, the date upon which this Base Prospectus has been most recently amended or supplemented or that any other information supplied in connection with the Programme is correct at any time after the date on which it is supplied or, if different, the date indicated in the document containing the same.

The distribution of this Base Prospectus and any Prospectus Supplement/Final Terms and the offering, sale and delivery of the notes in certain jurisdictions may be restricted by law. Persons into whose possession this Base Prospectus or any Prospectus Supplement/Final Terms comes are required by the Issuer, the Arranger, the Lead Manager and the Dealers to inform themselves about and to observe any such restrictions. For a description of certain restrictions on offers, sales and deliveries of notes and on the distribution of this Base Prospectus or any Prospectus Supplement/Final Terms and other offering material relating to the notes, see "*Plan of Distribution*".

Neither this Base Prospectus nor any Prospectus Supplement/Final Terms constitutes an offer or an invitation to subscribe for or purchase any notes and should not be considered as a recommendation by the Issuer, the Arranger, the Lead Manager, the Dealers, the Security Trustee, the Note Trustee or any of them that any recipient of this Base Prospectus or any Prospectus Supplement/Final Terms should subscribe for or purchase any notes. Each recipient of this Base Prospectus or any Prospectus Supplement/Final Terms shall be taken to have made its own investigation and appraisal of the condition (financial or otherwise) of the Issuer.

AN INVESTMENT IN THE NOTES IS ONLY SUITABLE FOR FINANCIALLY SOPHISTICATED INVESTORS WHO ARE CAPABLE OF EVALUATING THE MERITS AND RISKS OF SUCH INVESTMENT AND WHO HAVE SUFFICIENT RESOURCES TO BE ABLE TO BEAR ANY LOSSES WHICH MAY RESULT FROM SUCH INVESTMENT. IF PROSPECTIVE INVESTORS ARE IN ANY DOUBT ABOUT THE CONTENTS OF THIS BASE PROSPECTUS THEY SHOULD CONSULT THEIR STOCKBROKER, BANK MANAGER, SOLICITOR, ACCOUNTANT OR OTHER FINANCIAL ADVISER.

NOTWITHSTANDING ANYTHING TO THE CONTRARY CONTAINED IN THIS BASE PROSPECTUS, ALL PERSONS MAY DISCLOSE TO ANY AND ALL PERSONS, WITHOUT LIMITATION OF ANY KIND, THE U.S. FEDERAL, STATE AND LOCAL TAX TREATMENT OF THE NOTES AND THE ISSUER, ANY FACT THAT MAY BE RELEVANT TO UNDERSTANDING THE U.S. FEDERAL, STATE AND LOCAL TAX TREATMENT OF THE NOTES AND THE ISSUER AND ALL MATERIALS OF ANY KIND (INCLUDING OPINIONS OR OTHER TAX ANALYSES) RELATING TO SUCH U.S. FEDERAL, STATE AND LOCAL TAX TREATMENT AND THAT MAY BE RELEVANT TO UNDERSTANDING SUCH TAX TREATMENT.

THIS BASE PROSPECTUS IS NOT INTENDED AND WAS NOT WRITTEN TO BE USED, AND CANNOT BE USED, FOR THE PURPOSE OF AVOIDING U.S. FEDERAL, STATE OR LOCAL TAX PENALTIES. THIS BASE PROSPECTUS WAS WRITTEN IN CONNECTION WITH THE PROMOTION OR MARKETING OF THE TRANSACTION. EACH PROSPECTIVE NOTEHOLDER SHOULD SEEK ADVICE BASED ON ITS PARTICULAR CIRCUMSTANCES FROM AN INDEPENDENT TAX ADVISOR.

In the event that any withholding or deduction for any taxes, duties, assessments or government charges of whatever nature is imposed, levied, collected, withheld or assessed on payments of principal or interest in respect of the notes by Jersey, the United Kingdom, or any other jurisdiction or political subdivision or any authority in or of such jurisdiction having power to tax, neither the Issuer nor the Paying Agents will be required to make any additional payments to Noteholders, in respect of such withholding or deduction.

References in this document to "£", "**Pounds Sterling**" or "**Sterling**" are to the lawful currency of the United Kingdom of Great Britain and Northern Ireland. References in this document to "**Euro**", "**Euros**" or "**€**" are to the single currency introduced at the start of the third stage of European Economic and Monetary Union pursuant to the Treaty establishing the European Communities, as amended by the Treaty on European Union. References in this document to "\$", "**U.S. Dollars**" or "**Dollars**" are to the lawful currency of the United States of America.

In connection with the issue of any Note Series, the Dealer or Dealers (if any) named as the stabilising manager(s) (or persons acting on behalf of any stabilising manager(s)) in the applicable Prospectus Supplement/Final Terms may over-allot notes or effect transactions with a view to supporting the market price of the notes at a level higher than that which might otherwise prevail. However, there is no assurance that the stabilising manager(s) (or persons acting on behalf of a stabilising manager(s)) will undertake such stabilisation action. Any stabilisation action may begin at any time after the adequate public disclosure of the Prospectus Supplement/Final Terms of the offer of the relevant Note Series and, if begun, may be ended at any time, but it must end no later than the earlier of 30 days after the Issue Date of the relevant Note Series and 60 days after the date of the allotment of the relevant Note Series. Any stabilisation action or over-allotment must be conducted by the relevant stabilising manager(s) (or persons acting on behalf of any stabilising manager(s)) in accordance with all applicable laws and rules.

NOTICE TO U.S. INVESTORS

Prospective investors are hereby notified that the sellers of the notes may be relying on the exemption from the provisions of Section 5 of the Securities Act provided by Rule 144A or Rule 506 of Regulation D. For a description of these and certain further restrictions on offers, sales and transfers of the notes and the distribution of this Base Prospectus, see "*Plan of Distribution*" below and in the relevant Prospectus Supplement/Final Terms and "*Purchase and Transfer Restrictions*" in the relevant Prospectus Supplement/Final Terms.

With respect to the issue and sale of the notes in the United States, this Base Prospectus is highly confidential and has been prepared by the Issuer solely for use in connection with the issue of the notes. In the United States, this Base Prospectus is personal to each person or entity to whom it has been delivered by the Issuer or a Dealer or an affiliate of such Dealer. Distribution in the United States of this Base Prospectus to any person other than such persons or entities and those persons or entities, if any, retained to advise such persons or entities with respect to the possible offer and sale of the notes is unauthorised and any disclosure of any of its contents, without the prior written consent of the Issuer, is prohibited. A prospective purchaser will not be entitled to, and must not, rely on this Base Prospectus unless it was furnished to such prospective purchaser directly by the Issuer or a Dealer. Each prospective purchaser in the United States, by accepting delivery of this Base Prospectus, agrees to the foregoing and agrees not to reproduce all or any part of this Base Prospectus.

Additionally, each purchaser of any of the notes will be deemed to have made the representations, warranties and acknowledgements that are described in the applicable Prospectus Supplement/Final Terms. If any Rule 144A Notes are issued, prospective investors are hereby notified that the seller of any such note may be relying upon the exemption from the provisions of Section 5 of the Securities Act provided by Rule 144A. If Registered Uncleared Notes are issued, prospective investors are hereby notified that the Issuer may be relying upon the exemption from the provisions of Section 5 of the Securities Act provided by Rule 506 of Regulation D. For a description of certain further restrictions on resale or transfer of the notes, see the applicable Prospectus Supplement/Final Terms.

Offers and sales of the notes which are not Registered Uncleared Note Certificates in the United States will be made by the Dealer through their affiliates which are registered broker-dealers under the United States Securities Exchange Act of 1934, as amended (the "**Exchange Act**"), or in accordance with Rule 15a-6 thereunder.

Neither the United States Securities and Exchange Commission (the "**SEC**") nor any state securities commission in the United States has approved or disapproved the notes or determined if this Base Prospectus is truthful or complete. Any representation to the contrary is a criminal offence in the United States.

AVAILABLE INFORMATION

If any Rule 144A Notes or Registered Uncleared Notes are issued, the Issuer will agree, for so long as any of such notes are "restricted securities" within the meaning of Rule 144A(a)(3) under the Securities Act, that it will, during any period in which it is not subject to and in compliance with the reporting requirements of Section 13 or 15(d) of the Exchange Act or exempt from reporting pursuant to Rule 12g3-2(b) under the Exchange Act, make available the information specified in, and meeting the requirements of, Rule 144A(d)(4) under the Securities Act to any holder or beneficial owner of such restricted securities or, in the case of Rule 144A Notes, to any prospective purchaser designated by such holder or beneficial owner of such restricted securities in order to permit compliance by such holder or beneficial owner with Rule 144A in connection with the resale of such restricted securities or any interest therein, in each case at the request of such holder, beneficial owner or prospective purchaser.

By requesting copies of the documents referred to herein or by making any other requests for additional information relating to the issue of the notes or to the Issuer, each potential investor agrees to keep confidential the various documents and all written information which from time to time has been or will be disclosed to it, to the extent that such documents or information are not otherwise publicly available, and agrees not to disclose any portion of such information to any person except in connection with the proposed resale of the notes or as required by law.

The Issuer has agreed, for so long as any of the notes remain outstanding, to provide to the Note Trustee, among other things, audited annual financial statements of the Issuer.

FORWARD LOOKING STATEMENTS

This Base Prospectus contains statements which constitute forward-looking statements within the meaning of the United States Private Securities Litigation Reform Act of 1995. Such statements appear in a number of places in this Base Prospectus and reflect significant assumptions and subjective judgments by the Issuer that may or may not prove to be correct. Such statements may be identified by reference to a future period or periods and the use of forward-looking terminology such as "may", "will", "could", "believes", "expects", "anticipates", "continues", "intends", "plans", or similar terms. Consequently, future results may differ from the Issuer's expectations due to a variety of factors, including (but not limited to) the economic environment in the United Kingdom under the section described under "*Risk Factors*" and under "*Additional Risk Factors*" in the relevant Prospectus Supplement/Final Terms. Moreover, past financial performance should not be considered a reliable indicator of future performance and prospective purchasers of the notes are cautioned that any such statements are not guarantees of performance and involve risks and uncertainties, many of which are beyond the control of the Issuer. Prospective purchasers of the notes are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date of this Base Prospectus. Prospective purchasers of the notes also should realise that if underlying assumptions prove inaccurate or unknown risks or uncertainties materialise, actual results could vary materially from the Issuer's projections. The Issuer undertakes no obligation to update any forward looking statements as a result of future events or developments.

SUPPLEMENTARY BASE PROSPECTUS

The Issuer has undertaken, in connection with the admission of the notes to listing on the Official List and the admission to trading on the Regulated Market of the London Stock Exchange, that if there shall occur any adverse change in the business or financial position of the Issuer or any change in the information set out under "*Terms and Conditions of the Notes*", that is material in the context of issuance of notes under the Programme, the Issuer will prepare or procure the preparation of an amendment or supplement to this Base Prospectus or, as the case may be, publish a new Base Prospectus, for use in connection with any subsequent issue by the Issuer of notes to be listed on the Regulated Market of the London Stock Exchange.

The Issuer will, at the Specified Offices of the Arranger, Dealer or Paying Agents, provide, free of charge, upon oral or written request, a copy of this Base Prospectus. Written or telephone requests for such documents should be directed to the Specified Office of any Arranger, Dealer or Paying Agent.

When delivered in the U.S. this Base Prospectus must be accompanied by a Prospectus Supplement/Final Terms pursuant to which the Note Series referred to therein will be offered. Such Prospectus Supplement/Final Terms constitute, with respect to the Note Series offered thereby, the "relevant Prospectus Supplement/Final Terms" or the "applicable Prospectus Supplement/Final Terms" referred to herein.

The Issuer intends to provide post-issuance transaction information regarding the notes to be admitted to trading and the performance of any underlying collateral in the form of the monthly reports to be prepared by the Servicer and the Cash Manager. The reports may be inspected during normal business hours and upon reasonable notice at the registered office of the Issuer.

RESPONSIBILITY STATEMENT

The Issuer accepts responsibility for the information contained in this Base Prospectus. The Issuer declares that, having taken all reasonable care to ensure that such is the case, the information contained in the Base Prospectus is, to the best of its knowledge, in accordance with the facts and contains no omission likely to affect its import.

The information in pages 148 to 152 of this Base Prospectus relating to Bank of Scotland plc has been accurately reproduced from information provided by Bank of Scotland plc. So far as the Issuer is aware and/or is able to ascertain from information provided by Bank of Scotland plc, no facts have been omitted which would render the reproduced information materially misleading.

The information in pages 153 to 156 of this Base Prospectus relating to Lloyds TSB Bank plc has been accurately reproduced from information provided by Lloyds TSB Bank plc. So far as the Issuer is aware and/or is able to ascertain from information provided by Lloyds TSB Bank plc, no facts have been omitted which would render the reproduced information materially misleading.

The information in pages 172 to 173 and pages 168 to 171 of this Base Prospectus relating to, respectively, Penarth Funding 1 Limited and Penarth Receivables Trustee Limited has been accurately reproduced from information provided by Penarth Funding 1 Limited and Penarth Receivables Trustee Limited, respectively. So far as the Issuer is aware and/or is able to ascertain from information provided by each of Penarth Funding 1 Limited and Penarth Receivables Trustee Limited, no facts have been omitted which would render the reproduced information materially misleading.

PROGRAMME STRUCTURAL OVERVIEW

From time to time, Bank of Scotland plc ("**Bank of Scotland**"), as "**Transferor**", may transfer to Penarth Receivables Trustee Limited (the "**Receivables Trustee**") all of its present and future beneficial interests in receivables coming into existence on revolving credit card accounts in the United Kingdom originated or purchased by Bank of Scotland or on revolving card accounts originated by a Material Originator (as defined below) where the receivables are acquired by Bank of Scotland (the "**Accounts**"). As regards Receivables that are governed by English law, such transfers are constituted by way of assignment under the terms of the receivables securitisation deed dated 16 October 2008 (as amended and restated from time to time) (the "**RSD**"). Only the Receivables (excluding Scottish Receivables) will be so transferred. As regards Receivables that are governed by Scots law ("**Scottish Receivables**"), such transfers are constituted by way of assignation and trust. Only the Scottish Receivables will be so transferred. The legal ownership of the Accounts will be retained by Bank of Scotland or a Material Originator in respect thereof (as applicable).

On 8 November 2010, Bank of Scotland acquired all of the present and future beneficial interests in receivables arising on certain designated revolving credit card accounts originated by Lloyds TSB Bank plc ("**LTSB**") in the United Kingdom pursuant to the terms of a receivables securitisation deed dated 1 November 2010 (as amended and restated from time to time) (the "**LTSB RSD**"). The legal ownership of such Accounts remains with LTSB. On 8 November 2010, Bank of Scotland transferred such Receivables to the Receivables Trustee pursuant to the terms of the RSD.

In addition, the Transferor and the Receivables Trustee have agreed that, subject to the satisfaction of certain conditions, *inter alia*, the delivery of an accession notice, the making of the same representations in relation to the Existing Receivables and Future Receivables, the delivery of a certificate by the Transferor confirming that, in its opinion, formed on the basis of due consideration, such designation will not result in the withdrawal or downgrading by the Rating Agencies of any Associated Debt then outstanding, prior written confirmation from Moody's and Standard & Poor's that such designation will not result in the withdrawal or downgrading by these Rating Agencies of any Associated Debt then outstanding and notification to Fitch Ratings, the Transferor may designate any member of the Lloyds Banking Group which from time to time originates Accounts or to whom legal and beneficial title to any Accounts has been transferred (an "**Additional Transferor**") from time to time to offer to assign and/or hold on trust all Existing Receivables and Future Receivables arising on such Accounts in accordance with the provisions set out in the RSD. Following such accession, such Additional Transferor will become a Transferor Beneficiary pursuant to the terms of the RTDSA. As at the date of this Base Prospectus, no such Additional Transferor has been designated. At the time when such Additional Transferor accedes to the RSD, information in relation to such Additional Transferor and Receivables originated or acquired by such Additional Transferor will be disclosed to the investors. None of the Dealers (in respect of any notes outstanding at the time when such Additional Transferor accedes to the RSD) will conduct any due diligence in relation to receivables originated or acquired by an Additional Transferor at the time such Additional Transferor accedes to the RSD or thereafter.

"**Material Originator**" means either (i) LTSB or (ii) any other originator selling and assigning Receivables to the Transferor or to an Additional Transferor and retaining title to designated Accounts representing at least 20 per cent. of the Principal Receivables in the Securitised Portfolio at the date of determination, which is nominated as such to the Receivables Trustee on the date on which such designated Accounts are first offered to the Receivables Trustee.

As at the date of this Base Prospectus, only LTSB has been designated as a Material Originator in respect of the Transferor.

The Receivables Trustee will hold the Receivables on trust for Bank of Scotland and following the accession of an Additional Transferor, such Additional Transferor (each as a Transferor Beneficiary), and for two special purpose companies incorporated in Jersey, Channel Islands, called Penarth Funding 1 Limited and Penarth Funding 2 Limited as Investor Beneficiaries.

Penarth Funding 1 Limited ("**Loan Note Issuer No.1**") will fund its Contribution to the Penarth Receivables Trust (creating an Investor Interest in the trust property) through the issuance of one or more limited recourse global loan notes. Each global loan note issued will be purchased by a loan note holder which will be the Issuer, a conduit financing vehicle or the Transferor. The amount outstanding under the outstanding global loan notes may be increased from time to time by the creation of additional notional

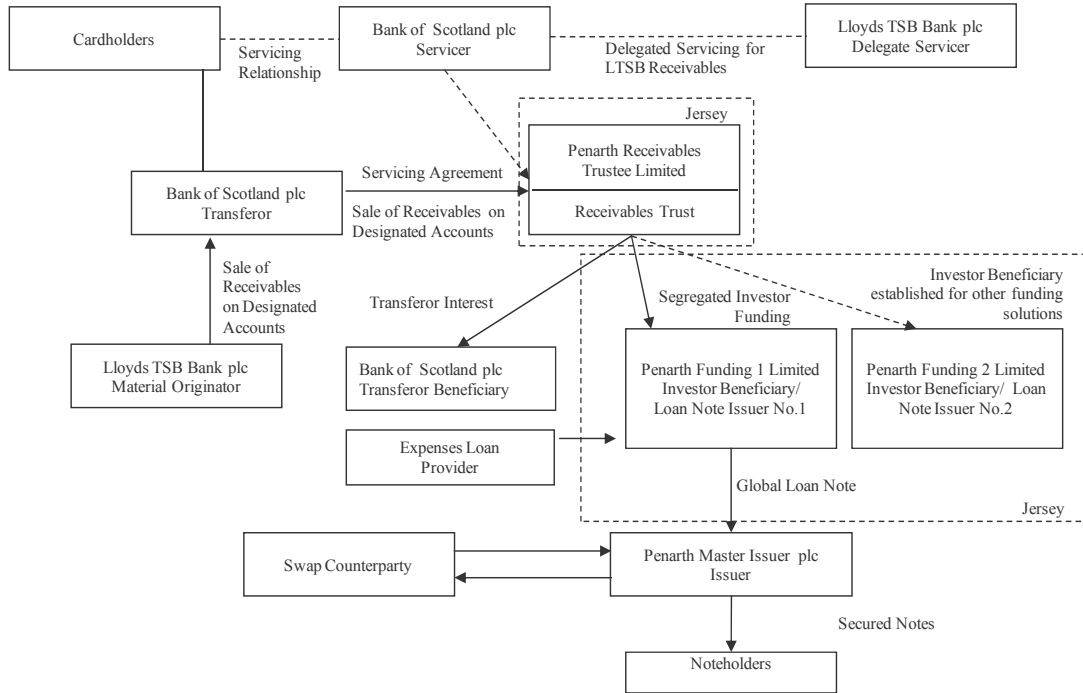

tranches, which will be referred to in this Base Prospectus as "**Loan Notes**", and will be decreased as such notional tranches redeem. The limited recourse nature of the global loan notes and the Loan Notes will ensure that Loan Note Issuer No.1 is only ever liable to the relevant Loan Note Holder for payments in an amount not to exceed payments of principal and interest received by Loan Note Issuer No.1 from the Receivables Trustee in respect of its beneficiary interest (see "*The Penarth Receivables Trust*").

Where the Issuer is the Loan Note Holder, the Issuer, in turn, will finance its subscription for each Loan Note by issuing notes in separate Note Series from time to time to investors (and, if necessary, after swapping proceeds of the notes in any currency other than Sterling to Sterling). Each separate Note Series will have its own Prospectus Supplement/Final Terms setting out the terms of that issuance of notes. The term "**Note Series**" refers to those notes that (i) are issued by the Issuer on a particular issue date and under a particular Prospectus Supplement/Final Terms; (ii) are of the same class; and (iii) share the same terms and conditions.

The proceeds of the issue of a Note Series will be used by the Issuer to subscribe for a new Loan Note or to fund the increase in the amount outstanding under existing Loan Note(s) issued by Loan Note Issuer No.1 as tranches of Global Loan Note No. 1. Loan Note Issuer No.1 will use the aggregate proceeds of the Loan Notes (together with an amount drawn under the Expenses Loan Agreement) to fund a Contribution to the trust property in the Penarth Receivables Trust. The portion of the Investor Interest that represents Loan Note Issuer No.1's beneficial interest in the Penarth Receivables Trust (the "**Funding 1 Beneficial Interest**") will be evidenced by an Investor Certificate (see "*The Issuer*" and "*Loan Note Issuer No.1*"). In the future, Loan Note Issuer No.1 may use the proceeds of further Loan Notes to make further Contributions to the Penarth Receivables Trust which will increase the existing Funding 1 Beneficial Interest. It may also experience defaults on Receivables in the Penarth Receivables Trust, which may reduce the size of the Funding 1 Beneficial Interest.

The Receivables Trustee will annotate the Investor Certificate to show the size of the Funding 1 Beneficial Interest in the Penarth Receivables Trust each time Loan Note Issuer No.1 increases or reduces the size of its beneficial interest. By owning its beneficial interest in the Penarth Receivables Trust, Loan Note Issuer No.1 will be entitled to receive payments from the Receivables Trustee in respect of interest, principal and certain other fees paid by cardholders (the "**Obligors**"). The size of Loan Note Issuer No.1's share of the Collections from Obligors will be in proportion to the size of its beneficial interest in the whole of the Penarth Receivables Trust.

STRUCTURAL DIAGRAM OF THE SECURITISATION PROGRAMME

OVERVIEW OF THE PENARTH MEDIUM TERM NOTE PROGRAMME

The following overview does not purport to be complete and is qualified in its entirety by the remainder of this Base Prospectus and, with respect to a particular Series, the relevant Prospectus Supplement/Final Terms. Words and expressions defined in "Forms of the Notes" or "Terms and Conditions of the Notes" below shall have the same meanings in this overview.

Certain terms used in this overview are defined elsewhere in this Base Prospectus. A listing of the pages on which these terms are defined is found in the "Index of defined terms".

Issuance in Series: Each Note Series will comprise notes that (i) are issued by the Issuer on a particular issue date and under a particular Prospectus Supplement/Final Terms, (ii) are of the same class and (iii) share the same terms and conditions.

The notes of a particular Note Series will all be subject to identical terms. The notes of each class (but different Note Series) will not necessarily be subject to identical terms in all respects unless they are part of the same Series. The notes of a particular class may vary between Note Series in terms of principal amount, currency, interest rates, interest calculations, the date of expected maturity and final maturity.

Some Note Series will be redeemed ahead of others, regardless of the priority of the relevant class of notes. For example, payment of principal on some Note Series of class B notes, class C notes and class D notes may be paid before some Note Series of class A notes, should the Scheduled Redemption Date of the class A notes fall after the Scheduled Redemption Date of the relevant Subordinated Notes and should the relevant Repayment Tests be satisfied in respect of such Note Series' related Loan Notes. See "*The Note Trust Deed — Scheduled Redemption of a Note Series*" below.

The Issuer will issue Note Series to fund the purchase of Loan Notes from Loan Note Issuer No.1, who in turn may only issue Loan Notes on the satisfaction of certain tests, referred to as "**Issuance Tests**", which are set out in "*The Loan Notes — Issuance of new Loan Notes*". In particular, a Loan Note may be issued only if there is sufficient credit enhancement on the Issue Date of that Loan Note (and after giving effect to such issuance), in the form of outstanding subordinated loan tranches and reserves or other forms of credit enhancement, equal to or greater than the required subordinated amount for such outstanding class of Loan Notes. The required subordinated percentage for each class of Loan Notes will be specified in the applicable Prospectus Supplement/Final Terms.

Prospectus Supplement/Final Terms:..... Each Note Series will be the subject of a Prospectus Supplement/Final Terms which, for the purposes of that Note Series only, supplements the terms and conditions of the notes and this Base Prospectus, and must be read in conjunction with this Base Prospectus. The terms and conditions applicable to any particular Note Series are the terms and conditions of the notes as supplemented, amended and/or replaced by the relevant Prospectus Supplement/Final Terms.

Previous Series: At the date of this Base Prospectus, the Issuer has issued eight Note Series, being:

- (i) Series 2008-1A Notes and Series 2008-2A Notes, both

issued on 16 October 2008; the Series 2008-1A Notes have been redeemed in full on 18 April 2010 and the Series 2008-2A Notes have been redeemed in full on 2 June 2010;

- (ii) Series 2010-A1 Notes, Series 2010-A2 Notes, Series 2010-B1 Notes, Series 2010-C1 Notes and Series 2010-D1 Notes, all issued on 2 June 2010; and
- (iii) Series 2010-A3 Notes issued on 24 August 2010.

Parties

Arranger:	Lloyds TSB Bank plc (the " Arranger ").
Lead Manager:.....	Lloyds TSB Bank plc (the " Lead Manager ").
Dealers:.....	Lloyds TSB Bank plc and any other Dealer appointed from time to time by the Issuer either generally in respect of the Programme or in relation to a particular Note Series in each case in accordance with the terms of the Dealer Agreement (collectively, the " Dealers ") (see " <i>Plan of Distribution</i> ").
Issuer:	Penarth Master Issuer plc, a public limited company incorporated under the laws of England and Wales on 10 June 2008 as Victorianway plc, with company number 6615304, whose registered office is at 35 Great St. Helen's, London EC3A 6AP. On 1 August 2008 it changed its name to Penarth Master Issuer plc. On each respective Issue Date under the Programme that a Note Series is issued, the Issuer will utilise the proceeds of issue of the notes to acquire a Loan Note (see " <i>The notes — Overview</i> ", " <i>Global Loan Note No. 1 — Overview</i> ". See also " <i>The Loan Notes</i> ", " <i>The Issuer</i> " and " <i>Use of Proceeds</i> ").
Note Trustee:	Deutsche Bank Trust Company Americas (the " Note Trustee "), a private limited company incorporated in the state of New York, United States of America, whose registered office is at 60 Wall Street, 26 th Floor, Mail Stop NYC60-2606, New York, NY 10005, United States of America. The Note Trustee will act as trustee for the Noteholders and the other secured creditors and also will hold the Security in respect of the notes under the terms of the Note Trust Deed and any Note Trust Deed Supplement (see " <i>The notes — Overview</i> ", " <i>Terms and Conditions of the Notes</i> " and " <i>The Note Trust Deed</i> ").
Principal Paying Agent, Paying Agent, Agent Bank and Calculation Agent:.....	The " Principal Paying Agent ", " Paying Agent ", " Agent Bank " and " Calculation Agent " will be Deutsche Bank AG, London Branch. The Principal Paying Agent will make payments of interest and principal when due on the notes. The Agent Bank or Calculation Agent will, <i>inter alia</i> , calculate the interest rates applicable to each Note Series. The address for the Principal Paying Agent, Agent Bank and the Calculation Agent in London is, at the date of this Base Prospectus, Winchester House, 1 Great Winchester Street, London EC2N 2DB (see " <i>The notes — Overview</i> ").
Registrar, Exchange Agent and U.S. Paying Agent:.....	Deutsche Bank Trust Company Americas is the " Registrar ", " Exchange Agent " and " U.S. Paying Agent ". The Registrar will hold the register in respect of the Global Note Certificates of each Note Series. The Exchange Agent may perform certain

currency conversions in respect of payments under certain notes. The U.S. Paying Agent will make payments in the United States on the notes of each Series, where necessary.

Receivables Trustee:..... Penarth Receivables Trustee Limited, a private limited company incorporated under the laws of Jersey on 1 August 2008, with company number 101458, and whose registered office is at 47 Esplanade, St. Helier, Jersey, Channel Islands. The shares of the Receivables Trustee are held by the Jersey Share Trustee on trust for certain charitable purposes (see "*The Penarth Receivables Trust*").

Issuer Corporate Services Provider: Structured Finance Management Limited, a private limited company incorporated under the laws of England and Wales, with company number 3853947, whose registered office is at 35 Great St. Helen's, London EC3A 6AP, will provide certain corporate administration and secretarial services to the Issuer and Holdco under the Issuer Corporate Services Agreement (as defined under "*The Issuer*" below) ("**Issuer Corporate Services Provider**").

Loan Note Issuer No.1 (Loan Note issuer): Penarth Funding 1 Limited, a private limited company incorporated under the laws of Jersey on 1 August 2008, with company number 101459, whose registered office is at 47 Esplanade, St. Helier, Jersey, Channel Islands. The shares of Loan Note Issuer No.1 are held by the Jersey Share Trustee on trust for certain charitable purposes. Loan Note Issuer No.1 was established to become an Investor Beneficiary of the Penarth Receivables Trust and to issue Global Loan Note No. 1 (and potentially further global loan notes should alternative sources of funding be sought).

Loan Note Issuer No.1 will create, from time to time, notional tranches of Global Loan Note No. 1 (each such notional tranche a "**Loan Note**").

Loan Note Issuer No.1 will use the proceeds of the issue of the Loan Notes (together with amounts drawn under the Expenses Loan Agreement) to make a Contribution to the Penarth Receivables Trust in order to become an Investor Beneficiary (or to increase its beneficial interest) (see "*Global Loan Note No. 1 — Overview*" and "*The Penarth Receivables Trust*". See also "*The Note Trust Deed — General*", "*The Loan Notes*" and "*Loan Note Issuer No.1*").

Loan Note Issuer No.2:..... Penarth Funding 2 Limited ("**Loan Note Issuer No.2**"), a private limited company incorporated under the laws of Jersey on 1 August 2008, with company number 101460, whose registered office is at 47 Esplanade, St. Helier, Jersey, Channel Islands. The shares of Loan Note Issuer No.2 are held by the Jersey Share Trustee on trust for certain charitable purposes. Loan Note Issuer No.2 was established to become an Investor Beneficiary of the Penarth Receivables Trust and to issue loan notes from time to time in connection with alternative sources of funding. Loan Note Issuer No.2 will not issue Loan Notes in connection with the Programme.

Sponsor, Transferor, Transferor Beneficiary, Servicer and Cash Manager:..... Bank of Scotland plc, a public limited company incorporated under the laws of Scotland, with company number SC327000, whose registered office is at The Mound, Edinburgh EH1 1YZ, United Kingdom. Bank of Scotland is the Transferor under the

terms of the RSD, a Transferor Beneficiary under the terms of the Penarth Receivables Trust, and is also the initial Servicer (as defined below) of the Penarth Receivables Trust (see "*The Penarth Receivables Trust*"). See also "*The Receivables*", "*Bank of Scotland plc*", "*Credit Card Portfolio*" and "*Servicing Of Receivables*". Bank of Scotland is also the initial Cash Manager under the terms of the STDCMA (as defined below) (see "*The Security Trust Deed and Cash Management Agreement*"). Bank of Scotland plc is a directly owned and controlled subsidiary of HBOS plc which in turn is directly owned and controlled by Lloyds TSB Bank plc and is indirectly owned and controlled by Lloyds Banking Group plc.

- Swap Counterparty:..... The notes to be issued by the Issuer from time to time may be denominated in different currencies and have a fixed or floating Rate of Interest (as specified in the relevant Prospectus Supplement/Final Terms in relation to a Note Series). If any Note Series is denominated in a currency other than Sterling, the Issuer will enter into a currency swap transaction or if any Note Series has a fixed rate of interest, the Issuer may enter into an interest rate swap transaction, in each case pursuant to an ISDA master agreement and related schedules and confirmations (each a "**Swap Agreement**") with a swap counterparty (the "**Swap Counterparty**"), which is (i) an institution which at all times has (a) a short term unsecured debt rating of at least A-1 by Standard & Poor's (or, where no short term unsecured debt rating by Standard & Poor's is available, at least A+ by Standard & Poor's), F1 from Fitch Ratings and P-1 by Moody's (or, where no short term unsecured debt rating by Moody's is available, at least A1 by Moody's) and (b) a long term unsecured debt rating of at least A by Fitch and A2 by Moody's or (ii) an institution which satisfies the published rating criteria of such party by the Rating Agency. Each Prospectus Supplement/Final Terms will provide details of any Swap Agreement in respect of a Note Series including the name of the Swap Counterparty, if applicable (see "*Description Of The Swap Agreements*").
- Security Trustee:..... Deutsche Bank Trust Company Americas (the "**Security Trustee**") will act as trustee for the benefit of the secured creditors of Loan Note Issuer No.1 which will include the Issuer (in the Issuer's capacity as beneficial holder of the Loan Notes) and also, in particular, will hold the Loan Note Security created by Loan Note Issuer No.1 in respect of the Loan Notes under the terms of the security trust deed and cash management agreement between the Security Trustee, the Receivables Trustee, Bank of Scotland and Loan Note Issuer No.1 ("**STDCMA**") (see "*Global Loan Note No. 1 — Overview*"). See also "*The Security Trust Deed and Cash Management Agreement*" and "*The Loan Notes*".
- HoldCo: Penarth Asset Securitisation Holdings Limited, a private limited company incorporated under the laws of England and Wales on 13 May 2008 as Elybay Limited, with company number 6590790, having its registered office at 35 Great St. Helen's, London EC3A 6AP ("**Holdco**"). It changed its name to Penarth Asset Securitisation Holdings Limited on 1 August 2008. Holdco was established for the purpose of holding the shares of the Issuer. The shares of Holdco are held on trust by the Share Trustee for certain charitable purposes.
- Share Trustee:..... SFM Corporate Services Limited, a company incorporated under the laws of England and Wales and having its registered office at

35 Great St. Helen's, London EC3A 6AP.

Jersey Share Trustee:.....	Structured Finance Management Offshore Limited, a company incorporated in Jersey and having its registered office at 47 Esplanade, St Helier, Jersey, Channel Islands.
Jersey Bank Account Operator and Funding 1 Bank Account Operator:.....	Structured Finance Management Offshore Limited, a company incorporated under the laws of Jersey and having its registered address at 47 Esplanade, St Helier, Jersey, Channel Islands.

Transaction Fees

The following table summarises certain fees payable out of cashflows from the Penarth Receivables Trust.

Recipient	Fee	Priority in cashflow	Frequency
Servicing Fee	1 per cent. of Adjusted Investor Interest	Junior to Noteholders	Each Distribution Date
Corporate expenses of Receivables Trustee	Estimated £1,250 each year	Senior to Noteholders	Each Distribution Date
Corporate expenses of Loan Note Issuer No.1	Estimated £5,250 each year	Senior to Noteholders	Each Distribution Date
Corporate expenses of Issuer	Estimated £17,250 each year	Senior to Noteholders	Each Distribution Date

The Notes — Overview

Listing: Each Note Series may be admitted to the Official List of the UK Listing Authority and admitted to trading on the Regulated Market of the London Stock Exchange and/or admitted to listing, trading and/or quotation by any other listing authority, stock exchange and/or quotation system as may be agreed between the Issuer and the relevant Dealer(s) and specified in the relevant Prospectus Supplement/Final Terms or may be unlisted.

Clearing Systems:..... Euroclear, Clearstream, DTC and/or, in relation to any Note Series, any other clearing system as may be specified in the relevant Prospectus Supplement/Final Terms (each a "**Clearing System**"). Alternatively, if specified in the relevant Prospectus Supplement/Final Terms, any Note Series may be offered in definitive certificated fully registered form, which will not be cleared through any Clearing Systems.

Status, Security and Priority of Payments of the notes:..... The notes represent asset backed debt obligations of the Issuer. The notes are secured by payments received by the Issuer under and pursuant to the relevant Loan Note and payments received from the relevant Swap Counterparty. The Issuer's ability to make payments of interest and principal to Noteholders will ultimately be dependent upon collections Bank of Scotland receives on the Receivables and upon amounts the Issuer receives from the Swap Counterparty. No approval from or notice to noteholders is required for a new issuance of notes.

A Note Series will be constituted by the note trust deed (a "**Note Trust Deed**") and a note trust deed supplement between, *inter alios*, the Issuer and the Note Trustee (a "**Note Trust Deed Supplement**"). The notes of each class will rank *pari passu*

among themselves and rateably without preference or priority among themselves.

The class B notes will be subordinated to the class A notes. The class C notes will be subordinated to both the class A notes and the class B notes. The class D notes will be subordinated to the class A notes, the class B notes and the class C notes.

As security for the payment of all monies payable in respect of a Note Series, the Issuer will, pursuant to the Note Trust Deed and the Note Trust Deed Supplement executed in relation to that Note Series, create a first fixed Security Interest over, amongst other things, its rights to receive payments under the corresponding Loan Note (see "*Terms and Conditions of the Notes*", "*The Loan Notes*" and "*The Note Trust Deed*"). The Note Trustee will be the registered holder of each Loan Note in order to properly create the first fixed Security Interest in respect of each Loan Note (in accordance with the Security Interests (Jersey) Law 1983), which are assets of the Issuer backing the relevant Note Series (see "*— Global Loan Note No. 1 — Overview*").

For details of the priority of payments with respect to amounts available to the Issuer, both prior to and post enforcement of the Security, see "*Terms and Conditions of the Notes*".

Amounts available to the Issuer for payment of interest and repayment of principal on a Note Series will be derived from amounts received by the Issuer from Loan Note Issuer No.1 as payments of interest and principal on the corresponding Loan Note (see "*— Global Loan Note No. 1 — Overview*") and, if a Swap Agreement is entered into by the Issuer, from amounts received from the relevant Swap Counterparty.

Such payments will, if paid in full, be sufficient for the Issuer to meet the amounts required (a) to pay the fees, costs and expenses of the Issuer and the Note Trustee as herein described, (b) to make any necessary payments to any Swap Counterparty in relation to such Note Series as specified in the Base Prospectus and the relevant Prospectus Supplement/Final Terms, (c) to make payments of interest on the notes as specified in the Base Prospectus and the relevant Prospectus Supplement/Final Terms, (d) to make payments of principal on the notes on the relevant Distribution Date or dates as specified in the Base Prospectus and relevant Prospectus Supplement/Final Terms, (e) to pay certain amounts representing profit for the Issuer in the conduct of its business, and (f) to make other payments required to be made by the Issuer from time to time as herein described or as further described in the relevant Prospectus Supplement/Final Terms.

A "**Distribution Date**" means the date or dates, specified as such in, or determined in accordance with the provisions of, the relevant Prospectus Supplement/Final Terms, and where the relevant Distribution Date is not a Business Day, as the same may be adjusted in accordance with the relevant Business Day Convention. A "**Business Day**" means, unless otherwise specified in the relevant Prospectus Supplement/Final Terms a TARGET Settlement Day and a day on which commercial banks and foreign exchange markets settle payments generally in London, England; Jersey, Channel Islands; the principal

financial centre of the relevant currency and in each (if any) Additional Financial Centre. (See also "*The Penarth Receivables Trust*", "*The Loan Notes*" and "*The Note Trust Deed*").

In this Base Prospectus, the owners of interests in the notes are referred to as the "**Noteholders**".

Form of notes: Unless otherwise provided in the relevant Note Trust Deed Supplement in relation to any Note Series, the notes will be issued in registered form. The notes of each class in relation to any Note Series will be represented by Registered Uncleared Note Certificates registered in the name of the relevant note purchaser or Global Note Certificates which will be: (a) in the case of Regulation S Notes which are not to be held under the new safekeeping structure ("**New Safekeeping Structure**" or "**NSS**"), registered in the name of a common depository (or its nominee) for Euroclear and/or Clearstream and/or any other Clearing System, in each case as may be specified in the relevant Prospectus Supplement/Final Terms and the relevant Global Note Certificate will be deposited on or about the issue date with the common depository; or (b) in the case of Regulation S Notes to be held under the New Safekeeping Structure, be registered in the name of a common safekeeper (or its nominee) for Euroclear and/or Clearstream, Luxembourg, in each case as may be specified in the relevant Prospectus Supplement/Final Terms and the relevant Global Note Certificate will be deposited on or about the issue date with the common safekeeper for Euroclear and/or Clearstream, Luxembourg; or (c) in the case of Rule 144A Notes, registered in the name of Cede as nominee of DTC. The beneficial interest in a Global Note Certificate is referred to herein as a "**Book-Entry Note**". A holder of notes may exchange those notes for other notes of the same Note Series of any authorised denominations and of the same aggregate stated principal amount and tenor.

Any holder of a note may present that note for registration or transfer, with the form of transfer properly executed, at the office of the relevant Registrar that the Issuer designates. Holders will not be charged any service charge for the exchange or transfer of their notes. Holders of Notes that are to be transferred or exchanged will be liable for the payment of any taxes and other governmental charges described in the Note Trust Deed or any Note Trust Deed Supplement thereto before the transfer or exchange will be completed. The relevant Registrar will effect a transfer or exchange when it is satisfied with the documents of title and identity of the person making the request.

The Issuer has appointed Deutsche Bank Trust Company Americas as the Registrar for the notes.

Currencies: A Note Series may be denominated in Sterling, U.S. Dollars, Euro or such other currency as specified in the relevant Prospectus Supplement/Final Terms, subject to compliance with all applicable legal and/or regulatory and/or central bank requirements.

No Registration: The Issuer has not been and will not be registered under the United States Investment Company Act of 1940, as amended (the "**Investment Company Act**").

Issue Price:	Notes may be issued at any price as specified in the relevant Prospectus Supplement/Final Terms.
Maturities:	Notes may be issued with any maturity as specified in the relevant Prospectus Supplement/Final Terms, subject to compliance with all applicable legal and/or regulatory and/or central bank requirements.
Scheduled Redemption:.....	<p>Unless previously purchased and cancelled, each Note Series may be redeemable on the Scheduled Redemption Date as specified in the relevant Prospectus Supplement/Final Terms to the extent of the amount which has on that day been credited to the relevant Distribution Ledger for the relevant Note Series in the Issuer Distribution Account (or, if the Issuer has entered into a Swap Agreement which is subject to a Redemption Protection Period in respect of the Note Series being redeemed, to the extent of the amount which on that day has been credited to the relevant Distribution Ledger for the relevant Note Series in the Issuer Distribution Account or, as applicable, the Call Protection Accumulation Deposit Account by Loan Note Issuer No.1 or the Swap Counterparty, as the case may be), in accordance with the provisions of the relevant supplement to the global loan note ("Loan Note Supplement").</p> <p>The redemption of a Note Series of class B, class C or class D notes depends on the satisfaction of the Repayment Tests, as set out below under "<i>The Loan Notes — Redemption and early redemption of Loan Notes</i>".</p>
Mandatory Early Redemption and Priority of Payments:.....	Notes of a particular Note Series may be redeemed before their stated Scheduled Redemption Date upon the commencement of a Rapid Amortisation Period or a Regulated Amortisation Period (see " <i>Terms and Conditions of the Notes</i> ", and " <i>The Swap Agreements</i> ") as further specified in this Base Prospectus and in the relevant Prospectus Supplement/Final Terms.
Optional Early Redemption in full:	<p>Notes of a particular Note Series may be issued with an option to be redeemed on any Call Date if specified as such in the relevant Prospectus Supplement/Final Terms (see "<i>Terms and Conditions of the Notes</i>").</p> <p>Should the Prospectus Supplement/Final Terms of a Note Series and the Loan Note Supplement of the related Loan Note so indicate, the Issuer may request that, in order for the Issuer to obtain the funds necessary to redeem such Note Series in full in accordance with Condition 7(c) (<i>Optional Early Redemption in Full</i>), Loan Note Issuer No.1 may refinance the Loan Note which relates to the relevant Note Series through the issuance of a new Loan Note of the same class as the existing Loan Note. The proceeds received from the issuance of the new Loan Note shall then be used by Loan Note Issuer No.1 to redeem the existing Loan Note.</p>
Final Redemption:	If a Note Series has not been redeemed in full as described in the "Scheduled Redemption" section of the relevant Prospectus Supplement/Final Terms, the Note Series will, subject to available funds of the Issuer, be finally redeemed at its Principal Amount Outstanding plus accrued interest on the Final Redemption Date as specified in the relevant Prospectus Supplement/Final Terms.

Interest:.....	<p>Interest will be payable in arrear and may accrue at a fixed, floating or other type of rate (see "<i>Terms and Conditions of the Notes</i>") and the method of calculating interest will be specified in the Conditions, as supplemented by the relevant Prospectus Supplement/Final Terms for each Note Series. An Interest Payment Date for each Note Series will be specified in the relevant Prospectus Supplement/Final Terms but may be subject to change upon the commencement of a Rapid Amortisation Period or Regulated Amortisation Period. (See "<i>Terms and Conditions of the Notes</i>"). Although interest under the corresponding Loan Note will be payable monthly, interest under a Note Series may be payable less frequently.</p> <p>An "Interest Period" is the period commencing on (and including) an Interest Payment Date or, in the case of a first period for a Note Series, the relevant Issue Date for such Note Series, and ending on (but excluding) the next Interest Payment Date or, in the case of the first period ending on (but excluding), the First Interest Payment Date, as specified in the relevant Prospectus Supplement/Final Terms.</p>
Denominations:	<p>Notes of a Note Series will be issued in such denominations as may be specified in the relevant Prospectus Supplement/Final Terms, subject to compliance with all applicable legal and/or regulatory and/or central bank requirements. Notes of a Note Series will be issued in minimum denominations of at least €50,000 or its equivalent or as otherwise specified in the related Prospectus Supplement/Final Terms (as applicable to the currency of each particular Note Series).</p>
Negative Covenants:.....	<p>The notes will have the benefit of negative covenants from the Issuer as described in Condition 5 (<i>Negative Covenants of the Issuer</i>). See "<i>Terms and Conditions of the Notes</i>".</p>
Taxation:.....	<p>In the event of any withholding or deduction for any taxes, duties, assessments or governmental charges of whatever nature being imposed, levied, collected, withheld or assessed on payments of principal or interest in respect of the notes by the United Kingdom or any other jurisdiction or political subdivision or any authority in or of such jurisdiction having power to tax, the Issuer or the Paying Agent shall make such payments after such withholding or deduction and neither the Issuer nor the Paying Agent will be required to make any additional payments to holders of the affected Note Series in respect of such withholding or deduction.</p>
Redenomination:	<p>If the country of a Specified Currency becomes, or announces its intention to become, a Participating Member State, the notes may be redenominated in Euro in accordance with Condition 19 (<i>Redenomination, Renominalisation and Reconventioning</i>) if so specified in the relevant Prospectus Supplement/Final Terms. Any Individual Note Certificates issued pursuant to such redenomination shall have a minimum authorised denomination of €50,000.</p>
Governing Law:.....	<p>The notes are governed by English law.</p>
Enforcement of notes in Global Form:	<p>In the case of each global note in relation to a Note Series, Noteholders' rights against the Issuer will be governed by the Note Trust Deed (incorporating the terms and conditions of the notes of such Note Series) which will be entered into by the</p>

Issuer prior to the issuance of the first Note Series, together with the relevant Note Trust Deed Supplement. A copy of each will be available for inspection at the Specified Office of the Principal Paying Agent.

Ratings:..... Unless specified otherwise in the relevant Prospectus Supplement/Final Terms, each Note Series is expected on issue to be assigned a rating by each of Standard & Poor's, Fitch Ratings and Moody's. The ratings assigned to each Note Series will be stated in the Prospectus Supplement/Final Terms for that Note Series. A rating is not a recommendation to buy, sell or hold the notes. A rating may be suspended, lowered or withdrawn at any time.

Selling Restrictions: For a description of certain restrictions on offers, sales and deliveries of notes and on the distribution of offering material in the United States of America and the United Kingdom, see "*Plan of Distribution*" below. Each Prospectus Supplement/Final Terms may contain additional selling restrictions in relation to a particular Note Series.

Global Loan Note No. 1 — Overview

Global Loan Note No. 1: Loan Note Issuer No.1 has issued a global loan note on 16 October 2008 ("**Global Loan Note No. 1**"). Global Loan Note No. 1 is a registered note denominated in Sterling and governed by English law.

Loan Notes: Global Loan Note No. 1 may be comprised of multiple notional tranches, which are referred to in this Base Prospectus as "**Loan Notes**". Each Loan Note will be designated "class A", "class B", "class C" or "class D" in accordance with the relevant Note Series to which such Loan Note relates. The Prospectus Supplement/Final Terms for a particular Note Series will specify the class of the Loan Note which supports such Note Series, the particular global loan note of which that Loan Note forms a notional tranche (which, for the avoidance of doubt, shall be Global Loan Note No. 1) and will also specify and describe the Loan Note Security in respect of that Loan Note. Each Loan Note will be issued pursuant to the STDCMA, Global Loan Note No. 1 and a Loan Note Supplement. The cash flows from a particular Loan Note forming part of Global Loan Note No. 1 will support the corresponding Note Series as specified in the relevant Prospectus Supplement/Final Terms.

The maturity dates of a Loan Note will be stated in the relevant Prospectus Supplement/Final Terms, but a Loan Note may be subject to earlier optional or mandatory redemption in certain circumstances (see "*— Redemption of Loan Notes*" and "*— Early Redemption*" below and "*The Loan Notes — Early redemption events*").

Each Loan Note may only be issued upon the satisfaction of certain tests (see "*The Loan Notes — Issuance of new Loan Notes*" for further details). Each Senior Loan Note will have a required level of credit enhancement, which will be set out in the related Loan Note Supplement and the related Prospectus Supplement/Final Terms (see "*The Loan Notes — Required subordinated amount for Loan Notes*").

Each Loan Note will be registered in the name of the Note Trustee as holder of all Security granted by the Issuer under the terms of each respective Note Trust Deed Supplement. However, prior to any enforcement of Security over the assets of the Issuer by the Note Trustee, the Issuer will have the right to receive all amounts of interest and principal paid or payable by Loan Note Issuer No.1 in respect of the relevant Loan Note.

The register for Global Loan Note No. 1 is located in Jersey.

The aggregate proceeds of the issuance of any Loan Note will be paid by Loan Note Issuer No.1 to the Receivables Trustee as a Contribution to the Penarth Receivables Trust. Each Contribution will entitle Loan Note Issuer No.1 to an increased undivided beneficial interest in the Penarth Receivables Trust which will be evidenced by an Investor Certificate annotated by the Receivables Trustee from time to time upon each Contribution. The Investor Certificate will represent Loan Note Issuer No.1's Aggregate Investor Interest in the Penarth Receivables Trust.

As an Investor Beneficiary of the Penarth Receivables Trust, Loan Note Issuer No.1 will be entitled to receive payment at specified times of a portion of Collections of any credit card Receivables assigned by the Transferor to (or, in relation to Scottish Receivables, held on trust by it for) the Receivables Trustee under the terms of the RSD ("**Collections**"), a portion of which will be used by Loan Note Issuer No.1 to pay principal and interest on each Loan Note.

Interest on the Loan Notes:..... Interest will accrue on each Loan Note from the relevant issuance date at the applicable interest rate for that Loan Note as specified in the related Loan Note Supplement and further described in the relevant Prospectus Supplement/Final Terms. Interest on a Loan Note will be due and payable on each Distribution Date or as otherwise specified in the related Loan Note Supplement.

Scheduled Redemption:..... Each Loan Note is redeemable on the Scheduled Redemption Date in relation to such Loan Note as specified in the relevant Loan Note Supplement unless an Early Redemption Event occurs.

As Loan Notes of a subordinate class (which, for the avoidance of doubt, are those classes of Loan Notes which rank junior in priority to another class of Loan Notes) ("**Subordinated Loan Notes**") may be issued with Scheduled Redemption Dates prior to the Scheduled Redemption Dates for the Loan Notes of a senior class (which, for the avoidance of doubt, are those classes of Loan Notes which rank senior in priority to another class of Loan Notes ("**Senior Loan Notes**") for which they provide enhancement), principal of such Subordinated Loan Notes can only be repaid if the Repayment Tests referred to below (see "*The Loan Notes — Redemption and early redemption of Loan Notes*" below) are met.

Early Redemption Events:..... Global Loan Note No. 1 is subject to early redemption in respect of each Loan Note. The occurrence of an Early Redemption Event in relation to any Loan Note will cause that Loan Note to enter an Amortisation Period.

Certain Early Redemption Events (each a "**Regulated Amortisation Trigger Event**") will cause a Regulated Amortisation Period to occur in respect of that Loan Note.

Certain other Early Redemption Events (each a "**Rapid Amortisation Trigger Event**") will cause a Rapid Amortisation Period to occur in respect of that Loan Note. For further detail on Early Redemption Events and the occurrence of Rapid Amortisation Periods and Regulated Amortisation Periods see "*The Loan Notes — Early redemption events*" below.

Mandatory Early Redemption and Final Redemption:

Whenever Loan Note Issuer No.1 redeems a Loan Note, it will do so only to the extent that finance charges and principal amounts allocated to that Loan Note are sufficient to redeem that Loan Note in full, and only to the extent that the Loan Note to be redeemed is not required to provide subordination for the Senior Loan Notes. The Issuer as beneficial holder or Note Trustee as registered holder of a Loan Note will have no claim against Loan Note Issuer No.1 if Loan Note Issuer No.1 fails to make a required redemption of a Loan Note before the Final Redemption Date because no funds are available for that purpose or because the Loan Notes that would otherwise be redeemed are required to provide subordination for Senior Loan Notes. The failure to redeem a Loan Note before the Final Redemption Date under these circumstances will not be a Loan Note Event of Default. If Loan Note Issuer No.1 fails to redeem a Loan Note at its Outstanding Principal Amount on its Final Redemption Date, this will give rise to a Loan Note Event of Default and enforcement of the Loan Note Security. However, unless otherwise specified in the relevant Loan Note Supplement, the obligations of Loan Note Issuer No.1 to repay any Loan Note shall be limited to funds available for such purpose. If Loan Note Issuer No.1 fails to repay a Loan Note in full on the relevant Final Redemption Date because insufficient funds are available for such purpose then such Outstanding Principal Amount (following any payments made on such Final Redemption Date) shall be reduced to zero and Loan Note Issuer No.1's indebtedness under such Loan Note will be extinguished.

Optional Redemption in Full:

If specified in the Loan Note Supplement of the related Loan Note, Loan Note Issuer No.1 may refinance the Loan Note which corresponds to the relevant Note Series through the issuance of a new Loan Note of the same class as the existing Loan Note. The proceeds received from the issuance of the new Loan Note shall then be used by Loan Note Issuer No.1 to redeem the existing Loan Note. Following such redemption by Loan Note Issuer No.1, the Issuer shall redeem the corresponding Note Series in full in accordance with Condition 7(c) (*Optional Early Redemption in Full*). Such proceeds would not form part of LNI Available Funds or LNI Available Principal Funds and any excess over the amount used for redemption will be used by Loan Note Issuer No.1 to make a Contribution to the Receivables Trust (see "*The Loan Notes — Refinancing of a Loan Note*").

Loan Note Security:

Upon enforcement of the Loan Note Security comprised in the STDCMA in relation to a Loan Note (and relevant Loan Note Supplement), the Security Trustee will have recourse only to Loan Note Issuer No.1's beneficial entitlement to trust property under the Penarth Receivables Trust to the extent of that part of the Funding 1 Beneficial Interest backing the relevant Loan

Note. However, enforcement of the Loan Note Security in respect of a particular Loan Note will not result in accelerated repayment of Global Loan Note No. 1 or all of the Loan Notes generally, except in the event of a Pay Out Event (see "*The Loan Notes — Loan Note events of default*"). The Security Trustee will only be able to pay to the Issuer (as beneficial holder of the relevant Loan Note for which Loan Note Security is enforced), those funds which are credited to the ledgers related to such notional tranche in the Loan Note Issuer No. 1 Distribution Account. Loan Note Issuer No.1 and the Security Trustee will have no recourse to Bank of Scotland other than the ability (in certain circumstances) to call upon the Receivables Trustee to exercise its rights against Bank of Scotland as Transferor under the RSD, for any breach of certain representations in respect of the Receivables and for any breach of certain other obligations as therein defined.

Loan Note Revolving Period: The revolving period for each Loan Note is the period from the relevant closing date in relation to the issue of such Loan Note to the start of an Accumulation Period or Amortisation Period (as defined below).

During the revolving period for a Loan Note, Loan Note Issuer No.1 will not accumulate any amount representing principal in respect of that Loan Note and no payments of principal shall be made to the holder of that Loan Note.

The Receivables

The Receivables: Receivables (comprising principal receivables and finance charge receivables) (the "**Receivables**") arising under certain MasterCard®, VISA® and American Express® revolving credit card accounts (the "**Designated Accounts**") selected from time to time from the total portfolio of MasterCard®, VISA® and American Express® Accounts originated or acquired by Bank of Scotland or a Material Originator together with certain rights and cashflows have, on 16 October 2008, 1 August 2009, 1 November 2009, 1 July 2010 and 8 November 2010 and may (in the case of Future Receivables on Designated Accounts) from time to time in the future, be assigned to, and in respect of Receivables governed by Scots law, such Receivables will have a trust declared over them for the benefit of, the Receivables Trustee by Bank of Scotland on the terms and subject to the conditions of the RSD between Bank of Scotland as Transferor and the Receivables Trustee. These Receivables (and related rights and cashflows) assigned or held in trust form the assets of the Penarth Receivables Trust along with any cash contributions made at any time and certain other items.

In addition, on 8 November 2010, Bank of Scotland acquired all of the present and future beneficial interests in receivables arising under certain American Express®, MasterCard® and VISA® revolving credit card accounts originated by LTSB as a Material Originator in the United Kingdom pursuant to the terms of the LTSB RSD. On or about the same date, Bank of Scotland transferred such Receivables to the Receivables Trustee pursuant to the terms of the RSD.

At the time when an Additional Transferor accedes to the RSD, Receivables arising under certain American Express®, MasterCard® and VISA® revolving credit card accounts selected

from time to time from the total portfolio of American Express[®], MasterCard[®] and VISA[®] Accounts originated or acquired by such Additional Transferor together with certain rights and cashflows may be assigned to, and in respect of Receivables governed by Scots law, such Receivables will have a trust declared over them for the benefit of, the Receivables Trustee. *"The Receivables — Assignment of Receivables to the Receivables Trustee"*.

Specified accounts may be removed and redesignated such that the future Receivables generated by a removed and redesignated Account would not be transferred to the Receivables Trust. Defaulted Accounts, Cancelled Accounts (as defined below) and accounts with a zero balance will be redesignated pursuant to the terms of the RSD. Accounts may also be redesignated at the discretion of the Transferor. Once redesignated, any Receivables generated by such accounts in the future, other than finance charge receivables related to Receivables generated prior to the redesignation, will not be included in the Receivables Trust. See *"The Receivables — Redesignation and Removal of Accounts"*.

The Penarth Receivables Trust:..... The Penarth Receivables Trust was established on 16 October 2008 under the terms of a declaration of trust under which Bank of Scotland, Loan Note Issuer No.1 and Loan Note Issuer No.2 each received an undivided interest in the trust property equal to the proportion of their Contributions to the Penarth Receivables Trust. The receivables trust deed and servicing agreement dated 16 October 2008 (as amended and restated from time to time) (the "**RTDSA**") will be supplemented by supplements for each series of investor certificates issued from time to time by the Receivables Trustee. The first such supplement designated the "**De-Linked Supplement**" documents the increase in the beneficial entitlement of Loan Note Issuer No.1 constituting the de-linked Trust Series (the "**De-Linked Trust Series**"). See the *"Penarth Receivables Trust — Contribution to Trust Property"*.

Tax Considerations

United Kingdom Tax Considerations:..... Provided the notes are and continue to be listed on a "recognised stock exchange" within the meaning of section 1005 of the Income Tax Act 2007 then interest payments thereon may be made without withholding or deduction for or on account of UK income tax. H.M. Revenue & Customs have stated on their website that the London Stock Exchange has been designated a "recognised stock exchange" for these purposes.

U.S. Tax Status:..... As is further described herein, Clifford Chance U.S. LLP, as "**Special U.S. Tax Counsel**", is of the opinion that, based upon the anticipated activities and relevant covenants of the Receivables Trustee, Loan Note Issuer No.1 and the Issuer, none of the Receivables Trustee, the Receivables Trust, Loan Note Issuer No.1 and the Issuer will be subject to U.S. federal income tax on its net income.

The applicable Prospectus Supplement/Final Terms will indicate whether the Issuer will treat the U.S. notes that are offered for sale in the United States (the "**U.S. Offered Notes**") as equity in the Issuer or as debt of the Issuer for U.S. federal income tax purposes. Each holder of a U.S. offered note, by acceptance of such note, will agree to treat such note as either equity in the Issuer or debt for U.S. federal income tax purposes, as

applicable.

If the applicable Prospectus Supplement/Final Terms indicates that the U.S. Offered Notes will be treated as debt for U.S. federal income tax purposes, then, although there is no authority addressing the characterisation of securities with terms similar to the U.S. Offered Notes under current law, and while not free from doubt, Special U.S. Tax Counsel will render an opinion that such notes will be treated as debt for U.S. federal income tax purposes.

The opinion of Special U.S. Tax Counsel is not binding on the U.S. Internal Revenue Service (the "**IRS**"), and no assurance can be given that the characterisation of the U.S. Offered Notes as debt would prevail if the issue were challenged by the IRS. Prospective U.S. Holders should consult with their tax advisers as to the effect of a recharacterisation of the U.S. Offered Notes as equity interests in the Issuer.

If any class of notes were treated as equity in a passive foreign investment company (in particular, any class deeply subordinated with respect to others), all or a portion of both distributions and gains on such notes would generally be taxable to the U.S. Holder as ordinary income, and would be taxable at the highest marginal rates applicable to prior years during the holding period. Further, all or a portion of the distributions could be subject to an additional interest charge. This interest charge regime may be avoided by an investor treated as owning equity in a passive foreign investment company if that investor makes an effective qualified electing fund, or "**QEF**", election. A U.S. Holder making a QEF election would generally be required to include its *pro rata* share of the Issuer's ordinary income and net capital gain in income for each taxable year using the relevant U.S. federal income tax accounting principles. In general, a QEF election would be required to be made on or before the due date for filing a U.S. Holder's federal income tax return for the first taxable year for which it holds a note. The QEF election is effective only if certain required information is made available by the Issuer to an investor. The Issuer will, upon request, provide the requesting investor with information and documentation that an investor making a QEF election is required to obtain for U.S. federal income tax purposes. Requesting investors should address their request for information in writing to the registered office of the Issuer set forth in this Base Prospectus. While the Issuer does not expect to charge for this information, by making a request the investor agrees (and must confirm in any request) that it will secure, indemnify and reimburse the Issuer for all costs, expenses and fees incurred in or associated with the preparation, verification and provision of this information, which may be substantial. Requesting investors should ensure that any request is submitted with sufficient time for the Issuer and its advisors to prepare, verify and provide the information. The Issuer expects to provide a holder with the necessary information within 60 days after the end of the Issuer's taxable year, which is 31 December. The Issuer expects to process requests for QEF election forms received after the 60th day after the end of its taxable year within 15 Business Days of receiving the request. Alternatively, it may be possible for an investor to avoid the interest charge regime applicable to equity in a passive foreign investment

company by making an election to account for its investment using a mark-to-market method of tax accounting. However, the notes do not appear to be marketable within the meaning of the mark-to-market provisions, and therefore, the mark-to-market election will not be available to U.S. Noteholders. Should the QEF election not be made, such investors would be subject to the tax rules applicable to investors in passive foreign investment companies described above.

Special U.S. Tax Counsel has prepared and reviewed the overview of U.S. federal income tax consequences set forth in this Base Prospectus and rendered the opinions contained in "*Material United States Federal Income Tax Consequences*".

ERISA Considerations for
Investors:

Where applicable, the Prospectus Supplement/Final Terms for each Note Series may contain information regarding eligibility of each class of notes for purchase by persons investing assets of employee benefit plans or individual retirement accounts (see "*ERISA and Certain Other Considerations*").

Jersey Tax Considerations:.....

Each of the Receivables Trustee and Loan Note Issuer No.1 is resident for tax purposes in Jersey and is subject to income tax in Jersey at a rate of zero per cent. Payments in respect of the Loan Notes issued by Loan Note Issuer No.1 may be paid without withholding or deduction for or on account of Jersey income tax and holders of Loan Notes (other than residents of Jersey) will not be subject to any tax in Jersey in respect of the holding, sale or other disposition of such Loan Notes (as further described in "*Material Jersey Tax Considerations*").

RISK FACTORS

Words and expressions defined in "Terms and Conditions of the Notes" below or elsewhere in this Base Prospectus have the same meanings in this section.

Investing in notes issued under the Programme involves certain risks. Prospective investors should carefully consider the following principal risk factors and any additional risk factors set out in the applicable Prospectus Supplement/Final Terms before deciding to invest in the notes offered by this Base Prospectus and the applicable Prospectus Supplement/Final Terms and prospective investors should also read the detailed information set out elsewhere in this Base Prospectus and the applicable Prospectus Supplement/Final Terms and form their own views prior to making any investment decision. Prospective investors should consider, among other things, the following:

Noteholders Cannot Rely on Any Person Other Than the Issuer to Make Payments on the Notes

The Notes will not represent an obligation or be the responsibility of Lloyds Banking Group plc, Lloyds TSB Bank plc, HBOS plc, Bank of Scotland or any of its affiliates, the Arranger, any Lead Manager, any Dealer, the Loan Note Issuer No. 1, the Receivables Trustee, the Security Trustee, the Note Trustee, the Servicer, the Cash Manager, the Paying Agents, the Registrar, the Exchange Agent, the Agent Bank, the Calculation Agent, Loan Note Issuer No. 2, any Investor Beneficiaries, any new issuers or any other party to the transaction documents other than the Issuer.

On 22 April 2009, the UK Government announced the introduction of a new asset-backed securities guarantee scheme (the "**ABS Guarantee Scheme**") pursuant to which the UK Government made available to eligible institutions for an interim period a guarantee (covering either credit or liquidity) of certain asset-backed securities backed by eligible residential mortgage loans. Unless stated otherwise in the applicable prospectus supplement/final terms, the Notes have not been positioned as eligible securities under the ABS Guarantee Scheme and, as such, the obligations of the Issuer in respect of the Notes are not guaranteed by the UK Government and the UK Government has not undertaken to purchase the Notes in any circumstances. The entry window for the ABS Guarantee Scheme closed at the end of 2009, hence no further issuance of Notes will be eligible securities under the ABS Guarantee Scheme.

The Security Trustee and/or the Note Trustee May Agree Modifications to the Transaction Documents Without Noteholder Consent

Pursuant to the terms of the STDCMA and the Note Trust Deed, the Security Trustee and the Note Trustee may concur with any person in making or sanctioning any modifications to the relevant documents without the prior consent of any secured creditors or security beneficiary (in the case of the Security Trustee) or any Noteholders (in the case of the Note Trustee), provided that:

- the Security Trustee, or, as the case may be, the Note Trustee is of the opinion that such modification will not be materially prejudicial to the interests of the secured creditors (in the case of the Security Trustee) or the Noteholders (in the case of the Note Trustee); or
- in the sole opinion of the Security Trustee, or, as the case may be, the Note Trustee, such modification is necessary to correct a manifest error or is of a formal, minor or technical nature.

Where each of the Rating Agencies which is then rating the relevant Note Series has given written confirmation that the then current rating of the relevant class of notes would not be adversely affected by such exercise, the Security Trustee, or, as the case may be, the Note Trustee, in considering whether such exercise is materially prejudicial to the interests of any of the secured creditors (in the case of the Security Trustee) or the Noteholders (in the case of the Note Trustee) or, as the case may be, the holders of the Most Senior Class of outstanding notes, shall be entitled to take into account such written confirmation from each Rating Agency, provided that the Security Trustee, or, as the case may be, the Note Trustee, shall take into account all other matters which would be relevant to such consideration.

In addition, as further described in "*The Penarth Receivables Trust – Contribution to Trust Property*", "*The Penarth Receivables Trust – Amendments to the Receivables Trust Deed and Servicing Agreement*", "*The Penarth Receivables Trust – Disposals of beneficial entitlements*", "*The Receivables – Redesignation and Removal of Accounts*", "*The Receivables – Discount Option Receivables*", "*The Receivables – Representations*" and "*The Loan Notes*" below, the Transferor, the Servicer or the Cash

Manager, as the case may be, may make certain changes to the relevant documents provided the Transferor, the Servicer or the Cash Manager, as the case may be, certifies in writing to the Security Trustee or Note Trustee (where applicable) that such modifications are required in order to accommodate, among other things, the addition of new beneficiaries of the Receivables Trust, the provision of additional or substitute enhancement, a change of the definition of Eligible Accounts, or Eligible Receivables, the disposal of a beneficial entitlement in the Receivables Trust, the redesignation and removal of Accounts, changes to Accumulation Period length, or changes to Required Excess Available Funds, subject to applicable conditions. The modifications required to give effect to the matters listed above may include, among other matters, amendments to the provisions of the STDCMA relating to the application of monies. Accordingly, there can be no assurance that the effect of the modifications to the relevant transaction documents will not ultimately adversely affect interests of the Noteholders.

No Market for the Offered Notes; Lack of Liquidity

The offered notes are a new issue of securities for which there is currently no market. Neither the Issuer nor the Dealer intend to create a market for the offered notes. Accordingly, no assurance can be given as to the development or liquidity of any market for the offered notes. Because there is currently no market for the offered notes, investors must be able to bear the risks of their investment in the offered notes for an indefinite period of time.

Lack of Liquidity in the Secondary Market May Adversely Affect the Market Value of the Notes

As at the date of this Base Prospectus, the secondary market for asset-backed securities is experiencing severe disruptions resulting from reduced investor demand for such securities. This has had a material adverse impact on the market value of asset-backed securities and resulted in the secondary market for asset-backed securities experiencing very limited liquidity. Structured investment vehicles, hedge funds, issuers of collateralised debt obligations and other similar entities that are currently experiencing funding difficulties have been forced to sell asset-backed securities into the secondary market.

Limited liquidity in the secondary market may continue to have an adverse effect on the market value of asset-backed securities and instruments similar to the notes, especially those securities that are more sensitive to prepayment, credit or interest rate risk and those securities that have been structured to meet the requirements of limited categories of investors. Consequently, whilst these market conditions persist, an investor in the notes may not be able to sell or acquire credit protection on its notes readily and market values of the notes are likely to fluctuate. Any of these fluctuations may be significant and could result in significant losses to an investor. It is not known for how long these market conditions will continue or whether they will worsen.

Implementation of, and amendments to, Basel II Risk-weighted Asset Framework May Result in Changes to the Risk-weighting of the Notes

Following the issue of proposals from the Basel Committee on Banking Supervision for reform of the 1988 Capital Accord, a framework has been developed by the Basel Committee on Banking Supervision which places enhanced emphasis on market discipline and sensitivity to risk. A comprehensive version of the text of the framework was published in June 2006 under the title "International Convergence of Capital Measurement and Capital Standards: a Revised Framework (Comprehensive Version)" (the "**Framework**"). The Framework is not self-implementing and, accordingly, the implementation measures and dates in participating countries are dependent on the relevant national implementation process in those countries.

In July 2009, the Basel Committee finalised certain revisions to the Framework, including changes intended to enhance certain securitisation requirements (e.g. increased risk weights for "resecuritisation" exposures). In addition, during 2010 the Basel Committee published a number of changes to the Framework, including new capital and liquidity requirements for credit institutions (collectively referred to as the "**Basel III amendments**"). Also, the European Parliament has approved certain amendments to the Capital Requirements Directive (the "**CRD**") (including investment restrictions and due diligence requirements in respect of securitisation exposures) and the European Commission has put forward further securitisation related amendments to the European Parliament and the Council of Ministers for consideration (including increased capital charges for relevant trading book exposures and for resecuritisation exposures), some of which are anticipated in 2011 (referred to as CRD2, CRD3 and CRD4 and collectively as the "**CRD amendments**"). As and when implemented, the Framework (and

any relevant changes to it or to any relevant implementing measures) may affect the risk-weighting of the notes for investors who are subject to capital adequacy requirements that follow the Framework. Consequently, investors should consult their own advisers as to the implications for them of the implementation of the Framework and/or the Basel III amendments, the CRD amendments and any relevant local implementing measures. No predictions can be made as to the precise nature of such treatment or consequences.

Integral Multiples of Less Than €50,000

Although notes which are admitted to trading on a regulated market in the European Economic Area or offered to the public in a member state of the European Economic Area in circumstances which require the publication of a prospectus under the Prospectus Directive are required to have a minimum denomination of €50,000 (or, where the Specified Currency is not euro, its equivalent in the Specified Currency), it is possible that the notes may be traded in the clearing systems in amounts in excess of €50,000 or its equivalent in alternate currencies that are not integral multiples of €50,000 or its equivalent in alternate currencies. In relation to any issue of notes which have a denomination consisting of the minimum specified denomination plus a higher integral multiple of another smaller amount, it is possible that the notes may be traded in amounts in excess of €50,000 or its equivalent in alternate currencies that are not integral multiples of €50,000 or its equivalent in alternate currencies. In such a case a Noteholder who, as a result of trading such amounts, holds a principal amount of less than the minimum specified denomination may not receive an Individual Note Certificate (should Individual Note Certificates be printed) and may need to purchase a principal amount of notes such that its holding is an integral multiple of the minimum specified denomination.

If Individual Note Certificates are issued, Noteholders should be aware that Individual Note Certificates which have a denomination that is not an integral multiple of the minimum specified denomination may be illiquid and difficult to trade.

The Issuer's Ability to Meet Its Obligations Under the Notes Depends on Payments Under the Relevant Loan Note

The ability of the Issuer to repay the principal of, and pay interest on, the notes will depend on the receipt by it of payments under the Loan Note issued by Loan Note Issuer No.1 related to the Note Series of which the notes form a part.

The Issuer is entitled to receive payments under the Loan Notes which will be applied (i) to pay the fees, costs and expenses of the Issuer and the Note Trustee, (ii) to meet its obligations to pay interest (including deferred and additional interest) on the notes to Noteholders (either directly or indirectly via payments made to and received from Swap Counterparties), (iii) to pay amounts representing the profit for the Issuer, and (iv) to meet any other payments required to be made by the Issuer. In addition, the Issuer will be entitled to receive certain principal payments under a Loan Note which will be applied in redeeming the corresponding Note Series.

If the Issuer fails to receive sufficient funds under a Loan Note, then the payment of interest and/or the repayment of principal on the relevant Note Series may be delayed, reduced or lost.

The Issuer's receipt of sufficient funds under each Loan Note to pay the amounts due and to repay the entire principal amount of the corresponding Note Series will be dependent on, amongst other things: (i) payments actually being made by cardholders (from whom no Security has been taken in support of those payments) and the proceeds of any relevant guarantees or insurance policies in respect of cardholders (to the extent the same are capable of assignment), (ii) those payments being collected by the Servicer in accordance with the provisions of the RTDSA and paid to the Receivables Trustee, (iii) distribution being made by the Receivables Trustee to Loan Note Issuer No.1 of amounts allocable to Loan Note Issuer No.1 in accordance with the RTDSA, as supplemented from time to time, (iv) payment being made by any Swap Counterparty in respect of its obligations to the Issuer under the Swap Agreements (if any), and (v) payment being made by Loan Note Issuer No.1 in respect of its obligations to the Issuer under the relevant Loan Notes.

Amounts paid to the Issuer by Loan Note Issuer No.1 in respect of each Loan Note (including amounts for fees, costs and expenses of the Issuer and the Note Trustee, and amounts representing the profit for the

Issuer) will be used to repay principal of, and pay interest on, the notes of the corresponding Note Series in accordance with the terms and conditions for that Note Series.

Permitted Investments

Recent volatility in financial markets may adversely affect the credit ratings of Permitted Investments (as defined herein). Although Permitted Investments are required to have specified credit ratings by the Rating Agencies at the time of purchase or to otherwise meet rating agency standards intended to minimise risk of loss on such investments, risk of loss cannot be entirely eliminated. Numerous fixed income securities, especially structured finance or asset-backed securities, have been recently downgraded.

Suitability

Prospective purchasers of the notes of any Note Series should ensure that they understand the nature of such notes and the extent of their exposure to risk, that they have sufficient knowledge, experience and access to professional advisers to make their own legal, tax, accounting and financial evaluation of the merits and risks of investment in such notes and that they consider the suitability of such notes as an investment in the light of their own circumstances and financial condition.

Required Subordinated Amount of Loan Notes

Global Loan Note No. 1 consists of multiple notional tranches. A Loan Note in respect of any Note Series may be issued on any date so long as there is sufficient credit enhancement on that date, either in the form of outstanding Subordinated Loan Notes or other forms of credit enhancement (see "*The Loan Notes*"). The Scheduled Redemption Date and the Final Redemption Dates of Senior and Subordinated Loan Notes may be different. Therefore, Subordinated Loan Notes (as defined below) may have Scheduled Redemption Dates and Final Redemption Dates earlier than some or all Senior Loan Notes (as defined below). Principal on Subordinated Loan Notes or other forms of credit enhancement will not be repaid unless, after payment, the remaining outstanding Subordinated Loan Notes provide the credit enhancement required from Subordinated Loan Notes or other forms of credit enhancement of that class for the Senior Loan Notes. In circumstances where, at the time of the Scheduled Redemption Date of the relevant Subordinated Loan Notes there is insufficient subordination present after repayment of such Subordinated Loan Note, payments of principal on the relevant Loan Notes could be delayed, reduced or lost.

In general, the Subordinated Loan Notes of Global Loan Note No. 1 serve as credit enhancement up to the aggregate required subordinated amount of the relevant Subordinated Loan Notes for all of the Senior Loan Notes of Global Loan Note No. 1, regardless of whether the Subordinated Loan Notes are issued before, at the same time as, or after the Senior Loan Notes of Global Loan Note No. 1. However, certain Senior Loan Notes may not require subordination from each class of Loan Notes subordinated to it. For example, if a class A Loan Note requires credit enhancement solely from class C Loan Notes, the class B Loan Notes will not, in that case, provide credit enhancement for that class A Loan Note. The amount of credit exposure of any particular Loan Note is a function of, among other things, the total amount of Loan Notes issued, the required subordinated amount of such Loan Note, the amount of the required subordinated amount consumed by a senior Loan Note and the amount on deposit in the Senior Loan Notes' Principal Funding Account Ledgers at the relevant time.

Class B Loan Notes, Class C Loan Notes and Class D Loan Notes, if Any, Are Subordinated and Bear Losses Before Class A Loan Notes

Class B Loan Notes are subordinated in right of payment of principal and interest to class A Loan Notes, the class C Loan Notes are subordinated in right of payment of principal and interest to the class A Loan Notes and the class B Loan Notes and the class D Loan Notes, if any, are subordinated in right of payment of principal and interest to the class A Loan Notes, the class B Loan Notes and the class C Loan Notes.

If LNI Available Funds are not sufficient to pay interest on all classes of Loan Notes, the Loan Notes may not receive full payment of interest if there are insufficient Utilised Required Retained Principal Collections to cover such shortfall, and if amounts on deposit in the Programme Reserve Account and

amounts standing to the credit of the applicable Series Cash Reserve Account Ledger are insufficient to cover the shortfall.

In respect of the Loan Notes, Utilised Required Retained Principal Collections are used together with LNI Available Funds to pay the senior costs amount, interest on Senior Loan Notes of Loan Note Issuer No.1 and to pay a portion of the Investor Servicing Fee Amount allocable to the De-Linked Trust Series to the extent that other funds are insufficient to make such payments. In addition, Investor Charge-Offs due to Defaulted Receivables in Penarth Receivables Trust allocable to the De-Linked Trust Series generally are reallocated from the Senior Loan Notes to the Subordinated Loan Notes. If Utilised Required Retained Principal Collections and Investor Charge-Offs are not reimbursed from amounts of LNI Available Funds treated as LNI Available Principal Amounts, the full stated principal amounts of the Subordinated Loan Notes will not be repaid. See "*Sources of Funds to Pay the Loan Notes — Distribution of Principal Collections to Loan Note Issuer No.1*".

Payment Of Class B Loan Notes, Class C Loan Notes and Class D Loan Notes May Be Delayed Or Reduced Due To Subordination Provisions

Subordinated Loan Notes issued by Loan Note Issuer No.1, except as noted in the following paragraph, will be paid principal only to the extent that sufficient funds are available and such Loan Notes are not needed to provide the required subordination for Senior Loan Notes. In addition, LNI Available Principal Amounts available to Loan Note Issuer No.1 will be applied first to pay shortfalls in the senior costs amount, interest on Senior Loan Notes, then to pay the shortfall in the Investor Servicing Fee Amount allocable to Loan Note Issuer No.1 and then to make deposits to the Principal Funding Account Ledgers of, or used to make Principal Payments on, Senior Loan Notes before being applied to make deposits to the Principal Funding Account Ledgers of the Subordinated Loan Notes.

If Subordinated Loan Notes reach their Scheduled Redemption Date, or an Early Redemption Event or a Loan Note Event of Default occurs with respect to such Subordinated Loan Notes prior to their Final Redemption Date, and such Subordinated Loan Notes cannot be paid because of the subordination provisions of the STDCMA and the relevant Loan Note Supplement in relation to such Loan Note, pre-funding of the Principal Funding Account Ledgers for the Senior Loan Notes will begin, as described in "*The Loan Notes — Pre-funding*" below and no LNI Available Principal Amounts will be deposited into the Principal Funding Account Ledger of, or used to make Principal Payments on, the Subordinated Loan Notes. After that time, the Subordinated Loan Notes will be paid only if, and to the extent that:

- enough Senior Loan Notes are repaid so that the Subordinated Loan Notes are no longer necessary to provide the required subordination;
- new Subordinated Loan Notes are issued so that the Subordinated Loan Notes which are payable are no longer necessary to provide the required subordination;
- the Principal Funding Account Ledgers for the Senior Loan Notes are pre-funded so that the Subordinated Loan Notes are no longer necessary to provide the required subordination; or
- the Subordinated Loan Notes reach their Final Redemption Date.

The application of these subordination provisions may result in a delay, reduction or loss of principal payments to holders of Subordinated Loan Notes (see "*The Loan Notes — Pre-funding*" below).

Class A Loan Notes, Class B Loan Notes and Class C Loan Notes Can Lose Their Subordination Under Some Circumstances Resulting in Delayed or Reduced Payments of Subordinated Loan Notes

Subordinated Loan Notes may have Scheduled Redemption Dates and Final Redemption Dates earlier than some or all of the Loan Notes of the senior classes.

If Loan Notes of a subordinated class reach their Scheduled Redemption Date at a time when they are needed to provide the required subordination for senior classes of the Loan Notes and Loan Note Issuer No.1 is unable to issue additional Loan Notes of the relevant subordinated class or obtain acceptable alternative forms of credit enhancement, pre-funding of the Senior Loan Notes will continue and such Subordinated Loan Notes will not be paid on their Scheduled Redemption Date. The Principal Funding Account Ledgers for the Senior Loan Notes will be pre-funded with LNI Available Principal Amounts

available for that purpose in an amount necessary to permit the payment of those Subordinated Loan Notes while maintaining the required subordination for the Senior Loan Notes (see "*The Loan Notes — Pre-funding*" below).

There will generally be a 24 month period between the Scheduled Redemption Date and the Final Redemption Date of the Subordinated Loan Notes during which pre-funding of the Principal Funding Account Ledgers of the Senior Loan Notes, if necessary, can occur. Subordinated Loan Notes which have reached their Scheduled Redemption Date will not be paid until the other Subordinated Loan Notes (taking into account any pre-funding amount deposited in the Principal Funding Account, as defined below) provide the required subordination for the Senior Loan Notes, which payment may be delayed further as additional Subordinated Loan Notes reach their Scheduled Redemption Date. The Subordinated Loan Notes will be paid on their Final Redemption Date, to the extent that any funds are available for that purpose.

If the rate of repayment of Principal Receivables in the Penarth Receivables Trust were to decline during this pre-funding period, then the Principal Funding Account Ledgers for the Senior Loan Notes may not be fully pre-funded by the Final Redemption Date of the Subordinated Loan Notes. In that event and only to the extent not fully pre-funded, the Senior Loan Notes would not have the required subordination beginning on the Final Redemption Date of those Subordinated Loan Notes unless additional Subordinated Loan Notes of that class were issued or a sufficient amount of Senior Loan Notes have matured so that the remaining outstanding Subordinated Loan Notes provide the necessary subordination. Should additional Subordinated Loan Notes fail to be issued prior to the Final Redemption Date of the relevant Subordinated Loan Notes, Noteholders could incur a loss on their notes.

Each Prospectus Supplement/Final Terms issued in connection with the issuance of a Note Series will contain a cardholder monthly payment rates table setting out the highest and lowest cardholder monthly principal payment rates for the Bank Portfolio during the periods shown in such table. Principal payment rates may change due to a variety of factors including economic, social and legal factors, changes in the terms of credit card accounts by Bank of Scotland or LTSB (as a Material Originator) or the addition of credit card accounts to Penarth Receivables Trust with different characteristics. There can be no assurance that the rate of principal repayment will remain in this range in the future.

Class B Notes, Class C Notes and Class D Notes, if any, are Subordinated and Bear Losses Before Class A Notes

Class B notes are subordinated in right of payment of principal and interest to class A notes; the class C notes are subordinated in right of payment of principal and interest to the class A notes and the class B notes; and the class D notes are subordinated in right of payment of principal and interest to the class A notes, the class B notes and the class C notes.

If the amounts (other than amounts in respect of principal) transferred by Loan Note Issuer No.1 to the Issuer Distribution Account and credited to the Distribution Ledger for the relevant Note Series are not sufficient to pay interest on the relevant Note Series, the notes comprising such Note Series may not receive full payment of interest. See "*The Note Trust Deed — Cashflows of the Issuer*".

Issuance of Additional Notes and Loan Notes May Affect the Timing and Amounts of Payments to Noteholders

From time to time, the Issuer expects to issue notes, the proceeds of which shall be used to purchase a Loan Note issued by Loan Note Issuer No.1. Loan Note Issuer No.1 may also issue Loan Notes to persons other than the Issuer. New notes and Loan Notes may be issued without notice to existing Noteholders or Loan Note Holders, and without their consent, and may have different terms from outstanding notes and Loan Notes. For a description of the Conditions that must be met before Loan Note Issuer No.1 can issue new Loan Notes, see "*The Loan Notes — Issuance of new Loan Notes*".

The issuance of new notes or Loan Notes could adversely affect the timing and amount of payments on outstanding notes. For example, if Loan Notes of the same class as the Loan Notes backing the notes which are issued after the existing notes have a higher interest rate than the Loan Notes backing the existing notes, this could result in a reduction in the Available Funds used to pay interest on the existing notes. Also when new notes are issued, the voting rights of the existing Note Series will be diluted.

Allocation of Investor Charge-Offs

Each Beneficiary of the Penarth Receivables Trust will bear a proportionate share of Investor Charge-offs. If any Investor Charge-offs arise on any Transfer Date, Loan Note Issuer No.1 will bear a proportion of such Investor Charge-offs and the amount paid to the Issuer by Loan Note Issuer No.1 in respect of a corresponding Loan Note may be reduced. This could cause Noteholders not to receive the full amount of interest and principal due to them. Any loss will be borne first by the class D notes, then the class C notes, then the class B notes, then by the class A notes.

No Independent Investigation

None of the Arranger, the Lead Manager, the Dealer, the Receivables Trustee, Loan Note Issuer No.1, the Security Trustee, the Issuer or the Note Trustee has undertaken or will undertake any investigations, searches or other actions to verify the details of the Receivables arising under Designated Accounts (other than, in the case of the Issuer, steps to verify the details of the Receivables which are presented in this Base Prospectus and in any Prospectus Supplement/Final Terms) or to establish the creditworthiness of any cardholder on the Designated Accounts. Each of the Arranger, the Lead Manager, the Dealer, the Receivables Trustee, the Security Trustee, the Note Trustee and Loan Note Issuer No.1 relies solely on representations given by the Transferor to the Receivables Trustee in respect of the cardholders, the Designated Accounts, the Receivables arising under Designated Accounts, and the effect of the assignment or holding on trust of such Receivables.

Insolvency of the Transferor may Result in an Inability to Repurchase Receivables

If any representation made by the Transferor about the Receivables proves to have been incorrect when made, the Transferor will be required to, *inter alia*, repurchase the affected Receivables from the Receivables Trustee (see "*Breach of Transferor's representations*"). If the Transferor becomes bankrupt or insolvent, the Transferor may be unable to repurchase Receivables, and Noteholders could incur a loss on their notes or an early redemption of their notes.

Insolvency of the Issuer, Loan Note Issuer No.1 or the Receivables Trustee Could Cause an Early Redemption of the Notes and/or a Loss on the Notes

The ability of each of the Issuer, Loan Note Issuer No.1 or the Receivables Trustee to meet its obligations under the notes, the Loan Notes, the RTDSA or the RSD, as the case may be, will depend upon its continued solvency.

Each of the Issuer, Loan Note Issuer No.1 and the Receivables Trustee has been structured so that the likelihood of its becoming insolvent is remote. Each of these entities is or will be contractually restricted from undertaking any business other than in connection with the financings described in this Base Prospectus. Each of them is or will be expressly prohibited from incurring any additional indebtedness, except as permitted by the agreements to which it is a party, having any employees, owning any premises and establishing or acquiring any subsidiaries. Contractual provisions are or will be contained in each of the agreements to which they are or will be a party that will prohibit the other parties to those agreements from taking any actions against these entities that might lead to their insolvency. Together, these provisions help ensure that the likelihood of any of these entities becoming insolvent is remote.

Notwithstanding these actions, it is still possible that the Issuer, Loan Note Issuer No.1 or the Receivables Trustee could become insolvent. If this were to occur, Noteholders could suffer an early redemption of their notes or a loss on their notes.

Enforcement of the Security for the Notes

The Note Trustee may take steps to enforce the Security created under the Note Trust Deed and each Note Trust Deed Supplement in accordance with the provisions therein provided that the Note Trustee has been indemnified and/or secured and/or prefunded to its satisfaction.

If the Security for a Note Series created by the relevant Note Trust Deed Supplement is enforced following an Event of Default in respect of such Note Series, the Note Trustee will have recourse to payments due from Loan Note Issuer No.1 under the Loan Note securing the Note Series of which the notes are a part. However, enforcement of the Security for the notes of a Note Series will not necessarily result in accelerated repayment of such notes. It is expected that the Note Trustee will only be able to

distribute to Noteholders and other Noteholders within a particular Note Series those funds which are available under the Loan Note securing that Note Series. Prospective investors should also note that enforcement of all Security for the notes will not automatically result in acceleration of the payments under the corresponding Loan Note or enforcement of the relevant Loan Note Security. If the Security for the notes of a Note Series is enforced, the monies deposited in respect of the Loan Note securing that Note Series on each Transfer Date in the Issuer Distribution Account will be applied first to meet any remuneration due to any receiver appointed pursuant to the Note Trust Deed and the Note Trustee and to meet, *inter alia*, other fees, costs and amounts due to the Note Trustee as provided in the Note Trust Deed and applicable Note Trust Deed Supplement, secondly (to the extent not already paid) to meet the fees, costs and expenses of the Issuer and the Note Trustee, and then (as qualified by the next paragraph) to meet payments of principal and interest on the notes and payments to the Swap Counterparty. A "**Transfer Date**" means, in relation to any Monthly Period, the day that is one Business Day prior to the Distribution Date in the calendar month immediately following such Monthly Period.

In the event that the Security for the notes of a Note Series becomes enforceable in accordance with the terms and conditions of such note and the Note Trustee takes action in accordance with such terms and conditions, as a result of which the relevant Swap Agreements, if any, will terminate, the net sums realised on assets subject to such Security may be insufficient to pay all the amounts due, if any, to the respective Swap Counterparty pursuant to such termination of the relevant Swap Agreements. In such event, the shortfall between amounts realised in relation to the relevant Loan Note and such amounts payable to the Swap Counterparties shall be borne simultaneously and equally by the Noteholders of the relevant Note Series and by the Swap Counterparties. However, in the event that a Swap Agreement is terminated as a result of a Counterparty Swap Event of Default (see "*Description of the Swap Agreements*"), then in respect of any termination payment to be paid by the Issuer to the relevant Swap Counterparty, the Swap Counterparty will rank subordinate to the Noteholders of the relevant Note Series. For a complete description of the priority of termination payments please refer to "*The Loan Notes — Application of LNI Available Funds*".

Enforcement of the Loan Note Security

The Security Trustee may take steps to enforce the Loan Note Security created under the relevant Security Trust deed in accordance with the provisions therein provided that the Security Trustee has been indemnified and/or secured and/or prefunded to its satisfaction.

Upon enforcement of the Loan Note Security for any Loan Note comprised in the STDCMA, the Security Trustee will have recourse only to Loan Note Issuer No.1's beneficial entitlement to trust property under the Penarth Receivables Trust to the extent of that part of the Investor Interest backing the relevant Loan Note. However, enforcement of the Loan Note Security in respect of a single Note Series will not result in accelerated repayment of all of the Loan Notes, except in the event of a Funding 1 Pay Out Event or a Trust Pay Out Event (see "*The Loan Notes — Loan Note Events of Default*"). The Security Trustee will only be able to pay to the Issuer as beneficial holder of the Loan Notes those funds which are credited to the Distribution Ledger for the relevant Series in the Loan Note Issuer No.1 Distribution Account (in accordance with each Prospectus Supplement/Final Terms). Loan Note Issuer No.1 and the Security Trustee will have no recourse to Bank of Scotland other than the ability (in certain circumstances) to call upon the Receivables Trustee to exercise its rights against Bank of Scotland as Transferor under the RSD for any breach of certain representations in respect of the Receivables and for any breach of certain other obligations as therein defined. In summary, if the Loan Note Security is enforced, the monies deposited in the Loan Note Issuer No.1 Distribution Account on each Transfer Date will be applied first to meet any remuneration due to any receiver appointed pursuant to the STDCMA and the Security Trustee, to meet other fees, costs and amounts due to the Security Trustee as provided in the STDCMA and to meet the fees, costs and expenses of Loan Note Issuer No.1, and secondly to meet payments of principal and interest on the Loan Notes. If funds credited to the Loan Note Issuer No.1 Distribution Account are insufficient to meet payments of principal and interest on the Loan Notes, payments of principal and interest on the notes may be delayed or reduced.

The Obligations of the Cardholders Under the Designated Accounts Are Unsecured

The Transferor may in the future assign only the benefit of the Receivables arising under Designated Accounts, which consists or will consist of unsecured monetary obligations of cardholders under the credit card agreements establishing the Designated Accounts, together with the benefit of certain amounts of acquired interchange, acquired insurance commission, insurance proceeds and exchange payments (to

the extent capable of assignment). No security has been given by any cardholder for any such monetary obligations, and the Transferor has no interest (and, therefore, cannot assign the benefit of any interest) in any property acquired by a cardholder with the proceeds of any credit extended to a cardholder under a Designated Account.

Reliance on Third Parties

Each of the Receivables Trustee, Loan Note Issuer No.1 and the Issuer is a party to contracts with a number of other third parties that have agreed to perform certain services in relation to the Receivables. For example, the Servicer has agreed to provide services in respect of the Receivables under the RTDSA, the Cash Manager has agreed to provide certain cash management and calculation services under the STDCMA, any relevant Swap Counterparty may agree to provide currency and/or interest rate swaps under any relevant Swap Agreement and the Paying Agents and the Agent Bank have agreed to provide payment and calculation service in connection with the notes under the Paying Agency Agreement. Each of the Servicer and Cash Manager may delegate all or part of their service obligations to another party in accordance with the RTDSA and STDCMA as applicable.

As part of the integration process as further described in "*Credit Card Portfolio*" below, Bank of Scotland (as Servicer and Cash Manager) may appoint another company within the Lloyds Banking Group as the delegate servicer and/or delegate cash manager. On or about 1 November 2010, Bank of Scotland has delegated to LTSB the servicing and administration of the Receivables transferred by LTSB to Bank of Scotland and subsequently transferred by Bank of Scotland to the Receivables Trustee. Disruptions in the servicing and/or cash management process, which may be caused by the failure to appoint a successor servicer and/or a successor cash manager (or, to the extent that the Servicer and/or Cash Manager are unable themselves to perform their obligations as Servicer and/or Cash Manager, a delegate servicer and/or delegate cash manager) or the failure of the Servicer and/or the Cash Manager to carry out its services, could lead to a loss on the notes and/or early redemption of the notes.

Each of the Receivables Trustee, Loan Note Issuer No.1 and the Issuer will rely on the relevant third party or its delegate to exercise the rights and carry out the obligations under the respective agreement to which it is a party. In the event that any relevant third party or its delegate was to fail to perform its obligations under the respective agreement, one or more Trust Series and/or Note Series may be adversely affected.

Application of the Consumer Credit Act 1974, as Amended by the Consumer Credit Act 2006, and other Legislation May Impede Collection Efforts and Could Cause Early Redemption of the Notes and/or a Loss on the Notes

There is an increasing volume of legislation that is applicable to consumer credit in the United Kingdom. Of particular importance for prospective investors' investment in the notes is the Consumer Credit Act 1974 as amended by the Consumer Credit Act 2006. The Consumer Credit Act 2006 is referred to as the "**CCA 2006**", the Consumer Credit Act 1974, as amended by the CCA 2006, as the "**CCA**", and the related Unfair Terms in Consumer Contracts Regulations 1999, as amended as the "**UTCCR**". The Office of Fair Trading (the "**OFT**") is responsible for the issue of licences under, and the superintendence of, the CCA, related consumer credit regulations and other consumer protection legislation including the UTCCR. The OFT may review businesses and operations, provide guidelines to follow and take action when necessary. The CCA and UTCCR apply, in whole or in part, to the transactions occurring on the Designated Accounts and to the Transferor's and LTSB's (as a Material Originator) standard form credit card agreements (the "**Credit Card Agreements**"), which may result in adverse consequences for Noteholders' investment in the notes because of possible unenforceability of all or part of an agreement, remedies for the imposition of an unfair relationship or possible joint and several liabilities for misrepresentation or breach of contract.

(a) Recent reforms to the CCA 1974 and subordinate legislation

The CCA 2006 was enacted in March 2006 and was the culmination of a three-year review of consumer credit law. It amends the CCA 1974 and the principal changes are:

- (i) the removal of the £25,000 financial limit from the CCA in respect of credit for non-business lending (with the exception of buy-to-let lending);

- (ii) the exemption from the CCA regime of high net worth debtors and credit above the value of £25,000 where such credit agreement is entered into by the debtor predominantly for the purposes of a business carried on, or intended to be carried on, by him;
- (iii) the creation of an independent ombudsman service, allowing consumers to challenge agreements without court proceedings and the creation of a Consumer Credit Appeals Tribunal;
- (iv) the extension of the unfair relationship test to all existing credit agreements (except for those regulated by the FSA);
- (v) the introduction of notification requirements relating to the service of a notice of sums in arrears and the service of a notice of default sums on borrowers in certain circumstances (failure to serve these notices in the prescribed form would render credit card agreements unenforceable, but such a defect could be remedied by serving a subsequent notice in the correct prescribed form);
- (vi) restrictions on the ability of a lender to charge compound interest on a default sum by making it clear that a borrower shall only be liable to pay interest in connection with the default sum if the interest is simple interest;
- (vii) the strengthening of the powers of the OFT in relation to CCA licence holders; and
- (viii) new provisions relating to the licensing of consumer credit businesses.

The Transferor and LTSB (as a Material Originator) have taken steps to ensure that its policies and procedures have been adjusted to ensure compliance with all relevant reforms to the CCA 1974 made by the CCA 2006.

(b) *Enforcement of improperly executed or modified credit card agreements*

Any credit card agreement that is wholly or partly regulated by the CCA or treated as such has to comply with requirements under the CCA as to licensing of lenders and brokers, documentation and procedures and (in so far as applicable) pre-contract disclosure. If a credit card agreement entered into before 6 April 2007 does not comply with these requirements or is made with an unlicensed lender, then it may, depending upon the nature of the non-compliance and origination of the agreement, be either totally unenforceable or enforceable only with a court order. Total unenforceability only applies to agreements entered into before 6 April 2007, where an agreement is improperly executed, in circumstances where the credit card agreement has failed to comply with the requirements of the CCA as to form and content, signing and provision of copies including cancellation notices.

In respect of credit card agreements entered into on or after 6 April 2007, the CCA 2006 abolished the total unenforceability provisions. Accordingly, if such an agreement does not comply with the relevant requirements, the court is able to exercise its discretion as to whether the agreement may be enforced.

Where the court is able to exercise its discretion, the court shall have regard to any prejudice suffered by the cardholder on account of the failure to comply with the relevant requirements, and any culpability on the part of the creditor.

In cases where a failure to comply strictly with the CCA requirements renders the agreement unenforceable without a court order, neither the Transferor nor LTSB can guarantee that a court order could be obtained if required. In deciding whether to enforce the agreement, the court will take into account any prejudice suffered by the cardholder and any culpability on the part of the creditor. The court also has the discretion if it appears just to do so, to amend the credit card agreement, impose conditions upon its performance or to make a time order (for example, give extra time for arrears to be cleared). Where the court is able to exercise its discretion, it will do so on a case-by-case basis and the Transferor and LTSB are therefore unable to confirm the likelihood of such court orders being obtained.

The drafting requirements which relate to consumer credit agreements are prescriptive and intricate. As is common with many other UK credit card issuers, some of Bank of Scotland's and LTSB's credit card agreements do not comply in all respects with the CCA, the UTCCR or other related legislation.

In addition, Bank of Scotland and LTSB, in common with many other UK credit card issuers, have received and expect to continue to receive correspondence from and to have discussions with, the OFT in

relation to concerns the OFT may raise from time to time in respect of compliance of the originators' credit card agreements with the CCA, the UTCCR or other related legislation, or any other concerns that the OFT may have in respect of originators' credit card agreements or the originators' advertising, marketing or administration thereof.

If a Credit Card Agreement related to a Designated Account has not been executed or modified in accordance with the provisions of the CCA and is completely unenforceable as a result, the principal receivables arising thereon will be treated as Ineligible Receivables. See "*The Receivables – Representations*".

(c) *Remedies for the imposition of an unfair relationship*

The CCA 2006 introduced an unfair relationship test to all new and existing credit agreements. As from 6 April 2008 the unfair relationship test under Sections 140A to 140D of the CCA applies to all regulated credit agreements including those entered into prior to the commencement date of the unfair relationship test and those to which most CCA exemptions apply. For example, where a loan was exempt by the reason of the amount advanced or where a loan is an advance of credit for unrestricted use in respect of land (Sections 16(1) and (2) of the CCA), the unfair relationship provisions of the CCA will apply. There is no statutory definition of what constitutes an unfair relationship. The test allows the courts to be able to consider a wide range of circumstances surrounding the transaction, including the creditor's conduct before and after making the agreement. Once the cardholder alleges that an unfair relationship exists, the burden of proof is on the creditor to prove the contrary.

If a Credit Card Agreement is found to be unfair, the court may require the creditor to repay sums to the debtor, to do, not do or cease doing anything in relation to such agreement, reduce or discharge any sums payable by the debtor or surety, return property provided by a surety, alter the terms of the agreement or direct accounts to be taken. In addition, it is possible that certain clauses of the Credit Card Agreement may be found to be unfair under UTCCR. Such unfair clauses may be found by the courts to be unenforceable against the consumer.

The possible unenforceability of liabilities due to an underlying Credit Card Agreement constituting an unfair relationship may result in unrecoverable losses on Designated Accounts to which such agreements apply. If losses arise on these accounts, they will be written off and borne by the Investor Beneficiary and Transferor Beneficiary based on their interests in the Penarth Receivables Trust. Accordingly, this may result in adverse consequences for Noteholders such as a loss on the notes or early redemption of the notes.

With respect to those Credit Card Agreements which may not be compliant such that a court order enforcing such agreement could not be obtained, neither Bank of Scotland nor LTSB anticipate any material increase in the percentage of these Receivables in the Securitised Portfolio. In respect of those Designated Accounts that do not comply with the CCA, it may still be possible to collect payments and seek arrears from cardholders who are falling behind with their payments. It is unlikely that Bank of Scotland or LTSB will have an obligation to pay or to account to a cardholder for any payments received by a cardholder because of this non-compliance with the CCA. Any such receivables will be treated by the Receivables Trustee as Ineligible Receivables. See "*Representations*".

(d) *Liability for supplier's misrepresentation or breach of contract*

Transactions involving the use of a credit card may constitute transactions under debtor-creditor-supplier agreements for the purposes of the creditor's liability under section 75 of the CCA. A debtor-creditor-supplier agreement includes an agreement by which the creditor advances funds to finance the debtor's purchase of goods or services from a supplier.

Section 75 of the CCA provides that if a supplier makes a misrepresentation or breach of contract in relation to a debtor-creditor-supplier agreement, the creditor is jointly and severally liable to the debtor for any claim against the supplier. This right extends only to claims relating to items with a cash price of between £100 and £30,000, but the liability of the creditor is unlimited. However, the creditor will not be liable where the cash price of an item or service supplied underlying the claim is £100 or less, or greater than £30,000. The cardholder's rights under section 75 would survive the sale of the Receivables to the Penarth Receivables Trust. As a result, the Receivables Trustee may not receive the full amount otherwise owed by the cardholder.

The Receivables Trustee has agreed on a limited recourse basis to indemnify Bank of Scotland for any loss suffered by it from a cardholder claim under section 75 of the CCA. This indemnity cannot exceed the original outstanding principal balance of the affected charges on a Designated Account. The Receivables Trustee's indemnity will be payable only from and to the extent of Excess Spread on the Receivables.

Satisfaction by the Receivables Trustee of any such indemnity payment (as described above) could have the effect of reducing or eliminating Excess Spread which might otherwise have been available to Loan Note Issuer No.1. These consequences could result in Noteholders incurring a loss on their investment or suffering an early redemption of their notes.

Bank of Scotland will have rights of indemnity against suppliers under section 75 of the CCA. Bank of Scotland may also be able to "charge-back" the transaction in dispute with the supplier under the operating regulations of VISA® or MasterCard®. Any amounts that Bank of Scotland recovers from the supplier will reduce Bank of Scotland's loss for the purposes of the Receivables Trustee's indemnity.

Recent and Proposed Legislative Changes Regarding Consumer Credit Agreements and Related Matters May Affect the Yield Obtained by/on the Securitised Portfolio and Cause a Loss on or the Early Redemption of the Notes.

The regulation of consumer credit agreements and related matters is subject to regular legislative intervention both at a European and UK level. There are several recent and proposed changes in law that may have an impact on the performance of the Securitised Portfolio, including:

(a) *EU directive on unfair business-to-consumer commercial practices*

In May 2005, the European Parliament and the Council adopted a directive on unfair business-to-consumer commercial practices (the "**Unfair Practices Directive**"). The Unfair Practices Directive has been implemented in the UK through the Consumer Protection from Unfair Trading Regulations (the "**CPR**"), which came into force on 26 May 2008. The CPR prohibits certain practices, which are deemed "unfair" within the terms of the CPR. Breach of the CPR does not (of itself) render an agreement void or unenforceable, but the possible liabilities for misrepresentation or breach of contract in relation to the underlying Credit Card Agreement may result in unrecoverable losses on amounts to which such agreements apply. If losses arise on the Designated Accounts, they will be borne by the Investor Beneficiaries and the Transferor Beneficiary on the basis of their respective interests in the Penarth Receivables Trust. This may result in adverse consequences such as a loss on, or the early redemption of, the notes.

(b) *EU directive relating to payment services*

The Payment Services Directive (the "**PSD**") is part of the EU's development of the Single European Payments Area, which is intended to harmonise and remove legal barriers for payments throughout the EU. Member States were required to implement the PSD by 1 November 2009. Most Member States have now implemented the PSD. The other Member States are expected to complete implementation by the end of 2010 or early 2011. The PSD introduces authorisation and conduct of business requirements including rules covering pre and post contract information requirements, notice of variation of terms, termination rights and information on transactions. Other provisions address authorisation procedures for payments, refunds, liability for unauthorised or incorrect payments, procedure for execution and value dating.

(c) *EU directive relating to consumer credit*

The second EU directive relating to consumer credit (the "**Consumer Credit Directive**") relates to consumer loans between €200 and €75,000, which are not required to be repaid within a month. The main effects of the Consumer Credit Directive are the standardisation of information to be provided in advertising, the requirement for pre-contractual and contractual information, consumer cancellation rights, the right to early repayment and rules for the calculation of compensation and a requirement to specify the annual percentage rate of charge. The European Commission required the Consumer Credit Directive to be implemented in the UK by 10 June 2010. The Department for Business Innovation and Skills (the "**BIS**") has since set a final deadline for implementation in the UK of 31 January 2011, which may result in further amendment of the CCA and secondary legislation. From 11 June 2010 until 31

January 2011 a transitional period will apply. While no specific guidance has been provided on this transitional period, the Consumer Credit Directive Bulletin for October 2009 to February 2010, published by BIS, states that BIS will encourage lenders to begin giving consumers the benefit of the new rights under the Consumer Credit Directive during this period.

The key changes to the UK consumer credit regime that are likely to arise from the implementation of the Consumer Credit Directive are as follows:

- (i) a duty on the lender to provide adequate explanations to the consumer of the credit on offer;
- (ii) an obligation on the lender to check the creditworthiness of the consumer before offering or increasing credit;
- (iii) a right for consumers to withdraw from a credit agreement within 14 days for any reason; and
- (iv) consumers are to be protected against unfair or misleading practices through specific provisions relating to advertising consumer credit agreements and certain items of standard information to be provided in order to enable consumers to compare offers.

Until the Consumer Credit Directive is implemented into UK legislation, it is not possible to determine or predict accurately to what extent it will affect the yield on credit card agreements and receivables or what the cost consequence or impact will be on the credit card business.

(d) *OFT irresponsible lending guidance*

The OFT launched a consultation in July 2009 on draft guidance setting out practices that the OFT considers would constitute irresponsible lending and its final guidance was published in March 2010. The guidance covers each stage of the lending process and a range of potential issues for lending, including identifying types of policies and procedures the OFT would expect lenders to put into practice and setting out some specific practices that the OFT considers to constitute irresponsible lending.

Subsequently, in August 2010, the OFT published a summary of the main issues raised in its March 2010 guidance along with its view on those issues and also published an updated version of its guidance. The full impact of the OFT guidance on the credit card business of Bank of Scotland or LTSB (as a Material Originator) or on the Securitised Portfolio is not yet known or ascertainable at this stage.

(e) *OFT consultation on guidance on sections 77/78/79 of the CCA 1974*

In January 2010, the OFT launched a consultation on draft guidance on a creditor's duty to give information to debtors and the consequences of non-compliance with such a duty on a creditor's ability to enforce a CCA regulated credit agreement. The draft guidance incorporated the findings of recent High Court cases that have clarified a number of technical issues. For example, sections 77 to 79 of the CCA 1974 allow a consumer to request a 'true copy' of their agreement. The High Court ruled that a true copy does not have to be a photocopy or an exact copy of the original; the lender is allowed to provide a reconstituted agreement, as long as that version is accurate and contains all the original information apart from the few exceptions that the law allows. The draft guidance also made it clear that if a lender cannot comply with the sections – making an agreement unenforceable – then it is restricted in the debt collection activities it can undertake which may, in turn, lead to losses. Whilst lenders are able to request repayment and to record any arrears or default with a credit reference agency, the OFT considered it would be wrong to threaten court action if the lender knows it is not possible. The consultation closed on 21 April 2010. The OFT published its guidance in October 2010. The full impact of the OFT guidance on the credit card business of Bank of Scotland or LTSB (as a Material Originator) or on the Securitised Portfolio is not yet known or ascertainable at this stage.

Investors should be aware that the implementation of this guidance could affect future use of credit, default rates, the yield on the card portfolio generally and cardholder repayment patterns.

(f) *The Government's response to the BIS review of the regulation of credit and store cards*

The BIS issued a consultation paper in October 2009 covering options for change in four specific aspects of the way credit and store cards operate: minimum payments, unsolicited credit increases, the re-pricing

of existing debt and the allocation of payments. BIS has also identified scope to improve the simplicity and transparency of credit and store cards more generally. The consultation closed in January 2010.

The Government's response to this consultation was published in March 2010. It outlines five new rights for credit and store card users. The new rights are:

- (i) Right to repay – consumers will have their repayments put against the highest interest rate debt first, and there is also an increase in the minimum payment for customers opening new accounts;
- (ii) Right to control – consumers will be given the right to reduce and choose not to increase their credit limits;
- (iii) Right to reject – consumers will be given more time to reject increases in their interest rate or increases in their credit limit;
- (iv) Right to information – consumers at risk of financial difficulties will be given guidance on the consequences of paying back too little; and
- (v) Right to compare - consumers will be given an annual statement that allows for easy cost comparison with other credit and store card providers.

Rather than passing new legislation in order for consumers to benefit from these measures, the Government and the card companies have agreed that the above rights will come into effect by the end of 2010 by incorporating the rights into industry lending codes. The Office for Fair Trading will take the new rights into account for enforcement purposes.

The impact of these new rights on the Securitised Portfolio, including a right in favour of the customer to have their repayments put against the highest interest rate debt first - which is not the practice currently - will result in lower finance charges billed to customers, reducing accrued yield on the Securitised Portfolio over time. However, the longer term impact of these changes and the industry response is uncertain at this stage.

(g) *The Financial Services Act 2010*

The Financial Services Act 2010 (the "**Act**"), which includes measures in response to the banking and financial crisis, received Royal Assent on 8 April 2010. It also includes measures designed to improve the position of customers of credit card providers. These measures include a prohibition on the issuance of unsolicited credit card cheques to individuals and limits the total number of such cheques which can be issued in response to each request by a customer to three. The Act also gives the FSA the power to require firms to establish consumer redress schemes if it appears that there has been a widespread failure to comply with the rules governing how firms carry out their activities. Bank of Scotland and LTSB stopped sending unsolicited credit card cheques to individuals in 2009.

(h) *BIS review of Consumer Credit and Personal Insolvency*

In July 2010 the Consumer Affairs Minister announced that a review of consumer credit and personal insolvency will be undertaken by the Government. This review is expected to cover a number of areas, including: (i) how consumers enter into credit commitments including the way in which credit is sold and the extent to which consumers understand what they are committing to; (ii) issues arising during the lifetime of a loan; and (iii) what happens if things go wrong. A Call for Evidence was issued in October 2010 and is expected to lead to a consultation on specific proposals in 2011.

It is not possible to say at this stage, what, if any, impact this may have on the credit card business of Bank of Scotland or LTSB (as a Material Originator) or on the Securitised Portfolio.

Ongoing Regulatory Investigations may Affect the Yield Obtained by/on the Securitised Portfolio and Cause a Loss on and/or the Early Redemption of the Notes.

There are various ongoing regulatory investigations into consumer credit and related financial services, in particular by the UK Competition Commission (the "**Competition Commission**"), the OFT and the FSA. The outcome of these investigations is uncertain but they may have an impact on the yield obtained on the Securitised Portfolio.

(a) *Inquiries into payment protection insurance*

As a result of a super-complaint made by the Citizens Advice Bureau and a reference from the OFT, the Competition Commission conducted an in-depth inquiry into the supply of payment protection insurance ("**PPI**") services (other than store card PPI) to non-business customers in the UK.

The Competition Commission published its final report in January 2009. The report set out a package of measures, including a prohibition on the active sale of PPI by a distributor to a customer within 7 days of the distributor's sale of credit to that customer and a prohibition on the selling of single-premium PPI policies from October 2010. The Issuer has been informed that prior to this Lloyds Banking Group had already taken the commercial decision to sell only regular monthly premium PPI to its personal loan customers. It has also been informed that, as of the date of this Base Prospectus, Lloyds Banking Group has ceased to offer PPI products to customers.

There was a legal challenge to the Competition Commission's ruling and on 16 October 2009, the Competition Appeal Tribunal referred the proposed prohibition back to the Competition Commission. The Competition Commission published its provisional remedies on 14 May 2010, which included the proposal to ban the sale of PPI during the sale of a credit product. The Competition Commission published its final decision on 14 October 2010 confirming the point of sale prohibition.

The FSA has been concerned with PPI selling practices since 2005 and has been conducting a wide-ranging investigation into this area. This has led to the publication of Consultation Papers ("**CPs**") 09/23 (published in September 2009) and 10/6 (published in March 2010) on '*The assessment and redress of payment protection insurance complaints*'.

In addition, the FSA launched a targeted assessment of sales practices for PPI on secured loans and credit cards, and noted that in its view it was appropriate for firms to consider a wider redress programme to include non-complainants in circumstances in which a firm found that it had serious deficiencies in past sales practices.

CP 10/6 began a further six week consultation on a revised package of measures, which ended in April 2010. CP 10/6 also contained a significantly revised cost-benefit analysis ("**CBA**") of the redress of PPI complaints. For example, the redress of single premium PPI complaints is the largest PPI product area and is identified by the FSA and the Financial Ombudsman Service (the "**FOS**") as the highest risk sector for causing detriment to customers. In CP 09/23, the CBA envisaged average redress for single premium PPI complaints undertaken by firms to be £570 per case. CP 10/6 revised this estimate to around £2,000 per case. It is impossible to determine at this stage what the actual cost of any redress of PPI complaints will be until the outcome of the judicial review (discussed below) is known.

On 28 May 2010, the FSA announced a temporary rule to give customers who recently made a complaint about their purchase of a PPI policy more time in which to refer their complaint to the FOS. This temporary rule suspended the existing six month time limit for referring complaints to the ombudsman and was in effect until 27 October 2010. The rule applied to recent PPI complainants who had already been sent a final response from a firm between the dates of 28 November 2009 and 28 April 2010 inclusive.

In August 2010, the FSA published a policy statement (PS 10/12) titled '*The assessment and redress of payment protection insurance complaints*', confirming its package of measures designed to protect consumers in the PPI market. The package is intended to ensure customers are treated more fairly when complaining about PPI and better informed when buying the product; it includes:

- (i) new handbook guidance to ensure complaints are handled properly, and redressed fairly where appropriate;
- (ii) an explanation of when and why firms should analyse their past complaints to identify if there are serious flaws in sales practices that may have affected complainants and even non-complainants; and
- (iii) an open letter setting out common sales failings to help firms identify bad practice.

On 8 October 2010, the British Bankers Association ("**BBA**"), the principal trade association for the UK banking and financial services sector, issued an application for permission to seek judicial review against

the FSA and the FOS. The BBA is seeking an order quashing the FSA policy statement and an order quashing the decision of the FOS to determine PPI sales in accordance with the guidance published on its website in November 2008. The proceedings are ongoing and the final outcome is unlikely to be known for some time. Although the ultimate impact on Lloyds Banking Group of the FSA's complaints handling proposals (if implemented in full) could be material, the precise effect will only be known once the proceedings have been finally determined and the steps Lloyds Banking Group will be required to take as a result identified and implemented.

It is, however, difficult to determine whether, or to what extent, any subsequent action by the UK Competition Commission, the OFT or the FSA in respect of PPI would affect the Securitised Portfolio or cardholder repayment patterns.

(b) *Investigations relating to interchange*

Bank of Scotland and LTSB receive fees called "interchange" from the banks that clear transactions for merchants as partial compensation for, among other things, taking credit risk and absorbing fraud losses.

The OFT is conducting an ongoing examination of whether the levels of interchange paid by retailers in respect of MasterCard[®] and VISA[®] credit and charge cards in the UK are too high and in breach of competition law.

In December 2007, the European Commission announced its decision that MasterCard's[®] default interchange fees for cross-border transactions with MasterCard[®] and Maestro[®] branded debit and consumer credit cards in the EEA violated EU competition law and required MasterCard[®] to withdraw the fees. MasterCard[®] appealed this decision on 1 March 2008.

On 12 June 2008 and in compliance with the Commission's December 2007 decision, MasterCard[®] announced that it would temporarily suspend its intra-EEA cross-border consumer card interchange fees as from 21 June 2008. MasterCard[®] and the Commission reached an interim settlement in April 2009 under which MasterCard[®] would, from July 2009 and until the EU General Court's decision:

- (i) calculate cross-border interchange fees according to a methodology which ensures the fees reflect the transactional benefits to merchants of accepting payment cards as opposed to cash;
- (ii) repeal the scheme fee increases it announced in October 2008; and
- (iii) adopt certain measures enhancing the transparency of its scheme which will allow consumers and merchants to make better informed choices about the means of payment they use and accept.

On 26 March 2008, the Commission formally announced that it would be initiating an in-depth inquiry into VISA's[®] multilateral interchange fees to assess their compatibility with EU competition law (VISA[®] had benefited from an anti-trust exemption until December 2007). In response to Mastercard's decision to suspend fees, VISA[®] has confirmed that it would continue to levy interchange fees.

The outcome of these investigations is uncertain, but if they result in a reduction of the rate of cross-border interchange, this could affect the future yield on the Securitised Portfolio and adversely affect payment on the notes, cause a loss on and/or the early redemption of the notes. Please also refer to "*Bank of Scotland plc - Recent Development – Interchange fees*" for further detail.

Transfer of Benefit of Receivables

The transfer by the Transferor to the Receivables Trustee of the benefit of the Receivables is governed by both English law and by Scots law, as applicable, and takes effect in equity only, except in the case of Receivables which are governed by Scots law, in which case the transfer takes effect under a declaration of trust which is governed by Scots law pursuant to which the beneficial interest in the Scottish Receivables as trust property is vested in the Receivables Trustee.

The Receivables Trustee has agreed that, as regards Receivables that are governed by English law, notices of assignment will not be given to cardholders of the assignment of the benefit of such Receivables and, as regards Receivables that are governed by Scots law, a full assignation followed by notice of assignation will not be required, in each case, unless Bank of Scotland's long-term senior unsecured

indebtedness as rated by Standard & Poor's or Fitch Ratings or Moody's were to fall below BBB+, BBB+ or Baa2, respectively.

Until notice of assignment is given to the cardholders (which will be following an assignment occurring in the case of Receivables governed by Scots law), each cardholder will discharge his or her obligations under the Designated Account by making payment to the Transferor or the Material Originator in respect of such Transferor (as applicable).

Until notice of assignment is given to a cardholder (which will be following an assignment occurring in the case of Receivables governed by Scots law) who is a depositor or other creditor of the Transferor or the Material Originator, as applicable, equitable and other set-offs may accrue in favour of that cardholder against his or her obligation to make payments under the credit card agreement to that Transferor or the Material Originator, as applicable, (including any set-off in relation to entitlement of the relevant Obligor to an amount of Cash Back). These rights of set-off may result in the Receivables Trustee receiving less monies than anticipated from the Receivables.

The transfer of the benefit of the Receivables to the Receivables Trustee will be subject both to any prior equities and similar rights that have arisen in favour of the cardholder and to any equities or similar rights that may arise in the cardholder's favour after the transfer. Where a notice of assignment is given to a cardholder (and following an assignment in the case of Receivables governed by Scots law), certain rights of set-off may not arise after the date of the notice of assignment.

Failure to give notice to the cardholder means that the Receivables Trustee would not take priority over any interest of a later encumbrancer or transferee of the Transferor's rights who has no notice of the transfer to the Receivables Trustee. This could lead to a loss on and/or the early redemption of the notes.

Failure to give notice to the cardholder also means that the Transferor or the Material Originator, as applicable, or the cardholder could amend the credit card agreement without obtaining the Receivables Trustee's consent. This could adversely affect the Receivables Trustee's interest in the Receivables, which could lead to an early redemption of, and/or a loss on, the notes.

Competition in the UK Credit Card Industry

The credit card industry in the United Kingdom is highly competitive. There is increased competitive use of advertising, targeted marketing and pricing competition in interest rates, loyalty schemes and cardholder fees as both traditional and new card issuers seek to expand their presence in or enter the U.K. market and compete for customers.

Certain card issuers may rely on customer loyalty and may have particular ways of reaching and attracting customers. For example, major supermarket retailers are promoting the use of their own cards through extensive in-store campaigns and low introductory interest rates ("**Teaser Rates**"). Also, in the last few years a number of new card issuers have entered the U.K. market from the United States and have sought to build market share primarily through aggressive pricing. As a result of this competition, certain competitors offer cards to selected customers with various cost reducing features or at lower interest rates than those offered by Bank of Scotland or LTSB.

This competitive environment may affect the Transferor's and LTSB's ability to originate new accounts and generate new Receivables and may also affect the level of retention of existing accounts. Some of the recently originated accounts in the portfolio of the Transferor were originated with the use of promotional or Teaser Rates. Such accounts are more susceptible to attrition upon expiration of the Teaser Rate (i.e. at repricing) than accounts originated without a Teaser Rate. If the rate at which new Receivables are generated declines significantly and if the Transferor is unable to nominate additional accounts or product lines for the Receivables Trust, a Pay Out Event could occur with respect to any Note Series issued under this Base Prospectus and the relevant Prospectus Supplement/Final Terms. Such a Pay Out Event could result in an early redemption of the notes.

Social, Legal, Political and Economic Factors may affect Repayment

Changes in card use, credit and payment patterns, amounts of yield on the card portfolio generally and the rate of defaults by cardholders may result from a variety of social, legal, political and economic factors in the United Kingdom. Social factors include changes in public confidence levels, attitudes toward

incurring debt and perception of the use of credit and charge cards. Economic factors include the rate of inflation, the unemployment rate and relative interest rates offered for various types of loans. For example, a further severe deterioration in the economy coupled with rising unemployment and Bank of England base rates could have a negative impact on credit card businesses in the United Kingdom. Political factors include lobbying from interest groups, such as consumers and retailers, and government initiatives in consumer and related affairs. For example, on 12 December 2008, the Department of Business Enterprise and Regulatory Reform (now BIS) announced that credit card issuers had agreed to a new set of 'fair principles', a statement of risk based assessment principles to apply when a credit card company increases the interest rate applicable to a credit card account, including giving 30 days' notice of such increased rates and grace periods for struggling borrowers who have failed to make their minimum payments for two months or more or have sought help from a debt advice agency.

It is difficult to determine and there is no basis on which to predict accurately whether, or to what extent, social, legal, political or economic factors will affect the future use of credit, default rates or the yield on the portfolio generally or cardholder repayment patterns.

Ability to Change Terms of the Credit Card Agreements

The Transferor only assigns Receivables arising on Designated Accounts to the Receivables Trustee and does not assign all of its rights under Credit Card Agreements relating to the Designated Accounts. Accordingly, in respect of Designated Accounts owned by the Transferor, the Transferor retains the right to determine the monthly Periodic Finance Charges and other fees which will be applicable from time to time to such Designated Accounts, to alter the minimum monthly payment required on such Designated Accounts and to change various other terms with respect to such Designated Accounts, including increasing or decreasing the annual percentage rate. Similarly, because LTSB retains the legal ownership of the LTSB Designated Accounts, it retains the right to determine the Monthly Periodic Finance Charges and other fees which will be applicable from time to time to the LTSB Designated Accounts and to change various other terms with respect to the LTSB Designated Accounts, including increasing or decreasing the annual percentage rate. A decrease in the monthly Periodic Finance Charges and a reduction in credit card or other fees would decrease the effective yield on the Designated Accounts and could result in the occurrence of an Early Redemption Event with respect to each Note Series and/or the commencement of the Regulated Amortisation Period.

Each of the Transferor and LTSB (as a Material Originator) has agreed that, except as otherwise required by law or as may be determined by the Transferor or LTSB (as relevant) to be necessary in order to maintain its credit card business, based upon a good faith assessment by the Transferor or LTSB (as relevant) in its sole discretion of the nature of competition in the credit card business in the United Kingdom as a whole or, in the case of Accounts in an additional jurisdiction, the nature of competition in the credit card business in that additional jurisdiction as a whole, the Transferor and LTSB will not reduce the monthly interest rate assessed on Receivables existing or arising under any Designated Account ("**Periodic Finance Charges**") or other fees otherwise required by law on the Designated Accounts if, as a result of such reduction, the Transferor's or LTSB's (as relevant) reasonable expectation is that an Early Redemption Event would occur (see "*The Receivables*" and also see "*Credit Card Portfolio*").

In addition, the Transferor or LTSB (as a Material Originator) may change the terms of the Credit Card Agreements or its usual policies, procedures and practices relating to the operation of its general credit card business (the "**Credit Card Guidelines**") (including without limitation the reduction of the required minimum monthly payment and the calculation of the amount or the timing of finance charges, credit card fees, and charge-offs), if such change (i) would not, in the reasonable belief of the Transferor or LTSB (as relevant), cause a Pay Out Event to occur and (ii) is made applicable to the comparable segment of revolving credit card accounts owned and serviced by the Transferor or LTSB (as relevant) which have characteristics the same as or substantially similar to the Designated Accounts which are subject to such change (unless the Transferor or LTSB (as relevant) may not do so by the terms of an endorsement, sponsorship or other agreement between the Transferor or LTSB (as relevant) and an unrelated third party or by the terms of the relevant Credit Card Agreement).

Notwithstanding the above, neither the Transferor nor LTSB may amend the terms and conditions of the Credit Card Agreements relating to the governing law of the agreements, the assignability of the agreements or the ability of the Transferor or LTSB (as relevant) to provide information regarding cardholders to any person assuming the Transferor's or LTSB's (as relevant) rights under the Credit Card Agreements.

Except as specified above, there are no restrictions (other than restrictions at law) on the Transferor's or LTSB's (as relevant) ability to change the terms of the Credit Card Agreements. Changes in applicable law, changes in the marketplace or prudent business practice may result in the Transferor or LTSB (as relevant) seeking to make changes of terms as referred to above.

A change in the terms of the Credit Card Agreements or Credit Card Guidelines may result in reduced, delayed or accelerated payments on the notes and a reduction of the credit rating of the notes.

Principal on the Notes May Be Paid Earlier Than Expected – Creating a Reinvestment Risk to Noteholders – or Later than Expected

The Receivables in the Penarth Receivables Trust may be paid at any time and there can be no assurance that new Receivables will be generated or will be generated at levels needed to maintain the Penarth Receivables Trust. To prevent the early redemption of the notes, new Receivables must be generated and added to the Penarth Receivables Trust or new Accounts must be originated and designated for the Penarth Receivables Trust. The Penarth Receivables Trust is required to maintain a minimum amount of Receivables. The generation of new Receivables or Receivables in new Accounts will be affected by Bank of Scotland's and LTSB's (as a Material Originator) ability to compete in the then current industry environment and by customers' changing borrowing and payment patterns. If there is a decline in the generation of new Receivables or new Accounts, Noteholders may be repaid the principal on their Notes before the Scheduled Redemption Date.

One factor that affects the level of finance charges and principal collections is the extent of convenience usage. Convenience usage means that the cardholders pay their account balances in full on or prior to the due date. The cardholder, therefore, avoids all finance charges on his or her Account. An increase in the convenience usage by cardholders would decrease the effective yield on the Accounts and could cause a Pay Out Event with respect to any Note Series issued under this Base Prospectus and the relevant Prospectus Supplement/Final Terms and therefore possibly an early redemption of the notes.

No premium will be paid upon an early redemption of the notes. If Noteholders receive principal on the notes earlier than expected, Noteholders may not be able to reinvest such principal at a similar rate of return.

Alternatively, a decrease in convenience usage may reduce the principal payment rate on the Accounts. This could result in Noteholders receiving the principal on their notes later than expected.

The Notes Will Not Have the Benefit of Any External Credit Enhancement

Credit enhancement for the notes is limited and, unless otherwise indicated in the corresponding Prospectus Supplement/Final Terms, the notes will not benefit from any external credit enhancement. The only assets that will be available to make payment on the notes are the assets of the Issuer charged to secure payment of the notes (principally the relevant Loan Note in relation to such notes).

Disruptions to Cashflow May Lead to a Loss on the Notes

If problems develop with the Receivables, such as an increase in losses on the Receivables, or if there are problems in the collection and transfer of the Receivables to the Penarth Receivables Trust, or if the relevant Swap Counterparty, if any, fails to make payments on the Swap Agreement, it is possible that Noteholders may not receive the full amount of interest and principal that they would otherwise receive.

Creation Of Further Trust Series

Additional Trust Series (see "*The Penarth Receivables Trust — General legal structure*") may from time to time be created in the Penarth Receivables Trust. Any payments by the Issuer in respect of any Trust Series created after the Trust Series linked to Global Loan Note No. 1 and any notes issued by the beneficial owner at any time of a Loan Note (a "**Loan Note Holder**") in order to finance or refinance the acquisition or holding of the said Loan Note (the "**Associated Debt**") will be ultimately funded by new beneficial entitlements and Related Loan Notes and such amounts will be payable from the Receivables in the Penarth Receivables Trust. The principal terms of new beneficial entitlements will be contained in a new Supplement to the RTDSA. The terms of a new Trust Series contained in a new Supplement to the RTDSA will not be subject to prior review or consent of Noteholders of any Note Series.

The terms of a new Trust Series may include methods for determining the Floating Investor Percentage and the Principal Investor Percentage (collectively, the "**Investor Percentages**") and allocating Collections, provisions creating different or additional Security or other credit enhancement for the new Trust Series, provisions subordinating the new Trust Series to other Trust Series and other amendments of or supplements to the RTDSA that apply only to the new Trust Series. It is a condition to the issuance of a new Trust Series that each Rating Agency that has rated any Associated Debt that is outstanding — including any Note Series — confirms in writing that the issuance of the new Trust Series will not result in a reduction or withdrawal of its then current rating or ratings.

However, the terms of a new Trust Series could adversely affect the timing and amounts of payments on any other outstanding Trust Series including the Trust Series relating to all Note Series issued by the Issuer.

No Trust Series under the Penarth Receivables Trust will be subordinated to any other Trust Series. Loan Note Issuer No.1 will not be subordinated to any other beneficiary. The addition of further Trust Series to the Penarth Receivables Trust will not vary the terms of any of the other existing Trust Series, but may affect existing Trust Series as set out in the paragraph above.

Addition Of Trust Assets

The Transferor may nominate additional Accounts to become Designated Accounts from time to time and offer to the Receivables Trustee an assignment of (or, in the case of Scottish Receivables, to hold on trust for the Receivables Trustee) the Receivables arising under such additional Accounts. Such additional Accounts may include Accounts originated using criteria different from those which were applied to Designated Accounts already in existence, because such additional Accounts were originated by the Transferor at a different date or may have been acquired by the Transferor from another institution. In addition and as set out elsewhere in this Base Prospectus, subject to the satisfaction of certain conditions, the Transferor may designate any member of the Lloyds Banking Group which from time to time originates Accounts or to whom legal and beneficial title to any Accounts has been transferred from time to time offer to assign and/or hold on trust all Existing Receivables and Future Receivables arising on such Accounts in accordance with the provisions set out in the RSD. Such Accounts may be originated using criteria different from those which were applied to Designated Accounts already in existence, may have terms and conditions and different performance characteristics.

Consequently, there can be no assurance that such additional Accounts or receivables of an Additional Transferor nominated in any Offer made to the Receivables Trustee in the future will be of the same credit quality as the Designated Accounts as at the initial Offer date. In addition, the Transferor may offer to the Receivables Trustee an assignment of (or, in the case of Scottish Receivables, to hold in trust for the Receivables Trustee) participations in other pools of Receivables (see "*The Receivables — Participations*").

Notwithstanding the foregoing, the Transferor is not entitled to nominate additional Accounts which are not Eligible Accounts and which do not satisfy the Maximum Addition Amount criteria without the confirmation from each Rating Agency that it will not withdraw or reduce its then existing rating of any outstanding Associated Debt (including any Note Series) (see "*The Receivables — Assignments of Receivables to the Receivables Trustee*").

If the designation of additional Accounts decreases the average credit quality of the Receivables in Penarth Receivables Trust, payments of principal and interest on the notes may be reduced, delayed, lost or accelerated.

Control

Subject to certain exceptions, the Investor Beneficiaries of the Penarth Receivables Trust may take certain actions or direct certain actions to be taken under the RTDSA or any related Supplement. However in certain circumstances, the beneficiaries have agreed upon the terms of the Beneficiaries Deed that the consent or approval of two-thirds of the Aggregate Investor Interest of each other Trust Series or of the combined aggregated Investor Interest, will be required to direct certain actions, for example, requiring the termination of the appointment of the Servicer as Servicer under the RTDSA or amending the RTDSA. Holders of limited recourse Loan Notes (other than the Issuer) may have interests which do not

coincide with the interests of the Issuer and in such circumstances, it may be difficult for the Issuer to achieve the results from the vote that it desires (see "*Servicing of Receivables*").

Loan Note Issuer No.1 has not previously issued Loan Notes in respect of other global loan notes but may, in the future, issue new global loan notes (and Loan Notes in connection therewith) in connection with an increase in its Aggregate Investor Interest. The holder of any global loan note (including the Issuer as beneficial holder of Global Loan Note No. 1) may require Loan Note Issuer No.1, as an Investor Beneficiary, to enforce its rights against the Receivables Trustee in order to require it to properly perform its role as Receivables Trustee. However, the consent or approval of the holders of a certain percentage of the total principal balance of all global loan notes might be necessary to require or direct those actions. Thus the holder of any global loan notes issued after Global Loan Note No. 1 will have voting rights that will reduce the percentage interest of the Issuer as holder of Global Loan Note No. 1 in all global loan notes. Holders of global loan notes (other than the Issuer) — or persons with the power to direct their actions — may have interests that do not coincide with the interests of the Issuer or the persons with the power to direct the Issuer. This may ultimately restrict the ability of the Noteholders (of any or all Note Series issued by the Issuer) or the Note Trustee on their behalf to direct Loan Note Issuer No.1 or the Security Trustee to take the actions referred to above. For the purposes of this risk factor ("*Control*") only, the term 'Loan Note' in the context of global loan notes other than Global Loan Note No. 1 should be construed as being either a notional tranche of a global loan note or a separate instrument issued in relation to global loan notes created after the establishment of the Programme.

Basis Risk

The Transferor and LTSB have reserved the right to change the rate of Periodic Finance Charges (see "*Ability to Change Terms of the Credit Card Agreements*"), however, if the rate of Periodic Finance Charges is changed, the new rate of Periodic Finance Charges will not be applicable until the following Monthly Period. There can be no guarantee that the yield represented by the amount of Finance Charge Collections received during that Monthly Period following a change in the rate of Periodic Finance Charges will remain at the same level relative to the rate of interest payable by Loan Note Issuer No.1 on the Loan Notes.

Commingling of Collections with Transferor May Delay or Reduce Payments on the Notes

Collections from LTSB cardholders are currently initially paid to certain bank accounts of LTSB held at LTSB before being cleared on a same-day basis to an account of LTSB designated the "**LTSB Operating Account**". The LTSB Operating Account is currently held at Lloyds TSB Bank plc at its branch located in Bristol. LTSB has declared a trust over the LTSB Operating Account in respect of all Collections therein. The sums from time to time standing to the credit of the LTSB Operating Account shall be held by LTSB on trust for and to the order of (1) the Transferor, to the extent such sums are Principal Collections, Finance Charge Collections, Ineligible Collections on Designated Accounts, Acquired Insurance Commission or Acquired Interchange and (2) otherwise LTSB. Should the short term rating of the LTSB Operating Account account bank be downgraded by Fitch Ratings below F1, by Standard & Poor's below A-1 (or, where no short term unsecured debt rating by Standard & Poor's is available, at least A+ by Standard & Poor's) or by Moody's below P-1, LTSB shall, within thirty days of such downgrade, designate an account at a suitable account bank as the substitute LTSB Operating Account ("**Substitute LTSB Operating Account**") and transfer all funds standing to the credit of the LTSB Operating Account to such Substitute LTSB Operating Account. Collections will be transferred by the LTSB to an account of the Transferor designated the "**Operating Account**" not later than two Business Days after the Date of Processing of such Collections.

All other Collections from cardholders and other credit card holders are currently initially paid to certain bank accounts of the Transferor held at Bank of Scotland plc before being cleared on a same-day basis to the Operating Account. The Operating Account is currently held at Bank of Scotland plc at its branch located in Pitreavie. The Transferor has declared a trust over the Operating Account in respect of all Collections therein. The sums from time to time standing to the credit of the Operating Account shall be held by the Transferor on trust for and to the order of (1) the Receivables Trustee, to the extent such sums are Principal Collections, Finance Charge Collections, Ineligible Collections on Designated Accounts, Acquired Insurance Commission or Acquired Interchange and (2) otherwise, the Transferor. Should the short term rating of the Operating Account account bank be downgraded by Fitch Ratings below F1, by Standard & Poor's below A-1 (or, where no short term unsecured debt rating by Standard & Poor's is available, at least A+ by Standard & Poor's) or by Moody's below P-1, the Transferor shall, within thirty

days of such downgrade, designate an account at a suitable account bank as the substitute Operating Account ("**Substitute Operating Account**") and transfer all funds standing to the credit of the Operating Account to such Substitute Operating Account. Collections will be transferred by the Transferor to the Trustee Collection Account not later than two Business Days after the Date of Processing of such Collections.

For the limited period of time (which is not expected to exceed two Business Days) that Collections from LTSB cardholders remain in the LTSB Operating Account and Collections (including any insurance and guarantee proceeds) remain in the Operating Account, such monies may be commingled with other monies of LTSB or the Transferor respectively and/or future beneficiaries and may cease to be traceable. There may be some interruption in the transfer of funds to the Receivables Trustee if LTSB (or a liquidator or administrator of LTSB) attempted to freeze the operation of the LTSB Operating Account (and thereby payments to the Transferor) and/or the Transferor (or a liquidator or administrator of the Transferor) attempted to freeze the operation of the Operating Account (and thereby payments to the Receivables Trustee) pending completion of any rights of tracing.

The possible reductions in amounts received by the Receivables Trustee may affect payments to Loan Note Issuer No.1 (and hence to the Issuer and to the Noteholders). See "*The Receivables — Defaulted Receivables; Investor Charge-Offs*" and generally "*Sources of Funds to Pay the Loan Notes*".

If the Transferor Opt to Treat a Portion of Principal Receivables as Finance Charge Receivables, an Early Redemption of the Notes Could Occur or Payment on the Notes Could be Delayed

The Transferor may opt to cause a percentage of Receivables that would otherwise be treated as Principal Receivables to be treated as Finance Charge Receivables. If the Transferor were to exercise this discount option, it could prevent a Pay Out Event from occurring because of a reduction of the portfolio yield, which could delay an Early Redemption of the notes at a time when the performance of the Receivables is deteriorating. Having exercised its discount option, the Transferor may also redesignate all or part of such Discount Option Receivables as Principal Receivables at any time. However, this discount option, if exercised, will reduce the aggregate amount of Principal Receivables, which may increase the likelihood that the Transferor will be required to designate Additional Accounts from which Receivables will be assigned to the Receivables Trustee. If the Transferor were unable to designate sufficient Additional Accounts, a Pay Out Event with respect to any Note Series issued under this Base Prospectus and a Prospectus Supplement/Final Terms could occur and Noteholders could receive payments of principal on their notes before they otherwise would. See "*The Receivables – Discount Option Receivables*".

If Optional Early Redemption Occurs, it will Result in an Early Return of the Notes, Creating a Reinvestment Risk

If a Note Series is specified in the relevant Prospectus Supplement/Final Terms as being able to be redeemed on any "**Call Date**" then (subject to any additional conditions (if any) specified in the relevant Prospectus Supplement/Final Terms) on any Interest Payment Date falling on or after the relevant Call Date and upon giving not more than 60 nor less than 30 days' prior written notice to the Note Trustee, the Swap Counterparty and the Noteholders, the Issuer has the option to redeem the notes in full. This early redemption ("**Optional Early Redemption**") may result in an early return of the investment. No premium will be paid in the event of an exercise of the early redemption option. If Noteholders receive principal on the notes earlier than expected, they may not be able to reinvest the principal at a similar rate of return.

If Cardholders are Concentrated in a Geographic Region, Economic Downturn in that Region may Adversely Affect Collections of Receivables

If the Penarth Receivables Trust has a high concentration of Receivables from cardholders located in a single region, an economic downturn in that region may have a magnified adverse effect on the Penarth Receivables Trust because of that concentration. The relevant Prospectus Supplement/Final Terms will contain a geographic breakdown of accounts and the amount of Receivables generated in the regions of the United Kingdom although geographic concentrations may vary from time to time. See "*Appendix A - Form of Prospectus Supplement/Final Terms - Receivables Information: Geographic Distribution of Accounts – Securitised Portfolio*".

Future adverse economic conditions affecting any of these regions or any of the other regions could adversely affect the performance of the Receivables which could result in a loss on the notes.

EU Directive on the Taxation of Savings Income

Under EC Council Directive 2003/48/EC on the taxation of savings income (the "**EU Savings Directive**"), each member state of the European Union (a "**Member State**") is required to provide to the tax authorities of another Member State details of payments of interest (or similar income) paid by a person within its jurisdiction to, or collected by such a person for, an individual resident in that other Member State or certain limited types of entities established in that other member state. However, for a transitional period, Luxembourg and Austria may instead operate a withholding system in relation to such payments, deducting tax at rates rising over time to 35%. The transitional period is to terminate at the end of the first full fiscal year following agreement by certain non-European Union countries to the exchange of information relating to such payments. Belgium has replaced its withholding tax with a regime of exchange of information to the Member States of residence as from 1 January 2010.

A number of non-European Union countries and certain dependent and associated territories have adopted similar measures (either provision of information or transitional withholding) in relation to payments made by a person within its jurisdiction to, or collected by such a person for, an individual resident or certain limited types of entity established in a Member State. In addition, the Member States have entered into provision of information or transitional withholding arrangements with certain of those dependent or associated territories in relation to payments made by a person in a Member State to, or collected by such a person for, an individual resident or certain limited types of entity established in one of those territories.

If a payment were to be made or collected through a Member State which has opted for a withholding system, or through another country that has adopted similar measures, and an amount of, or in respect of, tax were to be withheld from that payment, neither the Issuer nor any paying agent nor any other person would be obliged to pay additional amounts with respect to any notes as a result of the imposition of such withholding tax. However, the Issuer will endeavour to maintain a paying agent in a Member State that will not be obliged to withhold or deduct tax pursuant to the Directive.

On 15 September 2008 the European Commission issued a report to the Council of the European Union on the operation of the EU Savings Directive, which included the Commission's advice on the need for changes to the EU Savings Directive. On 13 November 2008 the European Commission published a more detailed proposal for amendments to the EU Savings Directive, which included a number of suggested changes. The European Parliament approved amendments to this proposal on 24 April 2009. If any of those proposed changes are made in relation to the EU Savings Directive, they may amend or broaden the scope of the requirements described above.

For additional disclosure in relation to the EU Savings Directive in relation to Jersey, see "*Material Jersey Tax Considerations*" below.

Securitisation Company Tax Regime

The Taxation of Securitisation Companies Regulations 2006 (the "**TSC Regulations**") were made under section 84 of the Finance Act 2005 on 11 December 2006 (and now have effect under Chapter 4, Part 13 of the Corporation Tax Act 2010). The TSC Regulations deal with the corporation tax position of securitisation companies with effect for periods of account beginning on or after 1 January 2007. The TSC Regulations have been amended by, in particular, the Taxation of Securitisation Companies (Amendment) Regulations 2007, which came into force on 27 December 2007 (and have effect for periods beginning on or after 1 January 2007 and current on 3 December 2007). The Issuer has been advised that it should be taxed in accordance with the TSC Regulations.

Investors should note, however, that the TSC Regulations are in short form and that, when considering the scope and operation of the TSC Regulations, advisers are required to rely to a significant extent upon guidance from the UK tax authorities.

Prospective noteholders should note that if the Issuer was not taxed under the new regime provided for by TSC Regulations, then its profits or losses for tax purposes might be different from its cash position. Any unforeseen taxable profits in the Issuer could have an adverse affect on its ability to make payments to noteholders.

Interests of Noteholders May Be Adversely Affected by a Change of Law in Relation to UK Withholding Tax

In the event that amounts due under the notes are subject to withholding or deduction for or on account of any tax, neither the Issuer nor any other person will be obliged to pay additional amounts in relation thereto. The applicability of any UK withholding tax under current English law is discussed under "United Kingdom Taxation Treatment of the Notes" below. Under current law, amounts due from Loan Note Issuer No. 1 under Global Loan Note No. 1 to the Issuer should not be subject to withholding tax. In the event of a change of law should Loan Note Issuer No. 1 be required to withhold tax on its payments to the Issuer under Global Loan Note No. 1, it will not be required to pay additional amounts in relation thereto.

Interests of Noteholders May Be Adversely Affected If the United Kingdom Joins the European Monetary Union Prior to the Maturity of the Notes

It is possible that, prior to the maturity of the notes, the United Kingdom may become a participating member state in the European economic and monetary union and that the euro may become the lawful currency of the United Kingdom. In that event: (a) all amounts payable in respect of any notes denominated in sterling may become payable in euro; (b) applicable provisions of law may allow or require the Issuer to re-denominate such notes into euro and take additional measures in respect of such notes; and (c) the introduction of the euro as the lawful currency of the United Kingdom may result in the disappearance of published or displayed rates for deposits in pounds sterling used to determine the rates of interest on such notes or changes in the way those rates are calculated, quoted and published or displayed. The introduction of the euro could also be accompanied by a volatile interest rate environment which could adversely affect a borrower's ability to repay its loan as well as adversely affect investors. It cannot be said what effect, if any, adoption of the euro by the United Kingdom will have on investors in the notes.

The Credit Ratings Assigned to the Notes are Not Guarantees that Noteholders Will Receive All Payments Owed to Them Under the Notes

Credit ratings assigned to the notes reflect the relevant Rating Agency's assessment only of either the likelihood of the full payment of interest and principal on the notes on a date that is not later than the Final Redemption Date or the likelihood of the timely payment of interest and the ultimate payment of principal in full on the notes on a date that is not later than the Final Redemption Date, not that it will be paid when expected or scheduled, and may not reflect the potential impact of all risks related to the transaction structure, the other risk factors discussed in this Base Prospectus and the relevant Prospectus Supplement/Final Terms, or any other factors that may affect the value of the notes.

These ratings are based on the Rating Agencies' determination of, *inter alia*, the value of the Receivables, the reliability of the payments on the Receivables, the creditworthiness of the relevant Swap Counterparty and the availability of credit enhancement. A rating or rating confirmation does not impose or extend any actual or contingent liability for the Rating Agencies to the Noteholders or any other party or create any legal relations between the Rating Agencies and the Noteholders or any other party.

The ratings do not address the following:

- (i) the likelihood that the principal or interest on the notes will be redeemed or paid, as expected, on the Scheduled Redemption Dates;
- (ii) the possibility of the imposition of United Kingdom or any other withholding tax;
- (iii) the marketability of the notes, or any market price for the notes; or
- (iv) whether an investment in the notes is a suitable investment for Noteholders.

A rating is not a recommendation to purchase, hold or sell notes.

Ratings Can Be Lowered or Withdrawn After Noteholders Purchase Their Notes

Any Rating Agency may lower its rating or withdraw its rating if, in the sole judgement of the Rating Agency, the credit quality of the notes has declined or is in question or for other tangible and intangible

reasons. If any rating assigned to the notes is lowered or withdrawn, the market value of the notes may be reduced.

Any Rating Agency may also lower or withdraw its rating with respect to the relevant Swap Counterparty. Under the terms of any Swap Agreement that may be entered into in respect of a Note Series, the Swap Counterparty shall be required to transfer or novate the Swap Agreement to a replacement Swap Counterparty or enter into other suitable arrangements (including posting collateral) if the relevant credit rating of the Swap Counterparty is withdrawn or reduced below certain thresholds. It cannot be assured, however, that the Issuer would be able to find a replacement Swap Counterparty, transfer or novate the Swap Agreement and/or enter into other suitable arrangements (including posting collateral) in this event or that the ratings of the notes will not be lowered or withdrawn in this event. If any rating assigned to the notes is lowered or withdrawn then the market value of such notes (or other notes of a different Note Series may be reduced).

Early Termination of a Swap Agreement Could Result in an Early Redemption of the Notes and/or an Inability of the Issuer to Acquire Sufficient Amounts in the Relevant Currency to Pay the Amounts Due on the Notes

Each Swap Agreement may be terminated upon the occurrence of certain events described under "*Swap Agreements*" in each Prospectus Supplement/Final Terms. There can be no assurance that a Swap Agreement will not be terminated prior to the payment in full of the notes of the relevant Note Series.

Each of the Issuer and the Swap Counterparty will represent in each Swap Agreement that, under current applicable law, they are entitled to make all payments required to be made by them under such Swap Agreement (other than interest under the Swap Agreement and deliveries, transfers and payments to be made pursuant to any Credit Support Annex) free and clear and without deduction for or on account of any taxes, assessments or other charges. In the event that either party is required to make any such deduction, however, such party will not be required to indemnify the other party for such deduction. As a result, payments to the Issuer will be correspondingly reduced. In such circumstance, the Issuer will terminate the relevant Swap Agreements if directed.

Until a Swap Agreement corresponding to a Note Series is terminated, or if such Noteholders do not so elect, payments to the Noteholders of the relevant Note Series will be reduced by an amount withheld for any withholding taxes, and the amount that Noteholders receive on the notes may accordingly be reduced.

If a Swap Agreement is terminated before its scheduled termination date, the Issuer or the relevant Swap Counterparty may be liable to make an early termination payment to the other party. The amount of such termination payment will be based on the market value of the terminated Swap Agreement. This market value will be computed on the basis of market quotations of the cost of entering into a swap transaction with the same terms and conditions that would have the effect of preserving the respective full payment obligations of the parties. Any such termination payment could, for example, if interest rates or currency exchange rates (as the case may be) have changed significantly, be substantial. The termination of a Swap Agreement may reduce, accelerate or delay payments of interest and principal on the notes.

A Finding that the Issuer, Loan Note Issuer No.1 or the Receivables Trustee Should Have Registered Under the Investment Company Act could Materially Adversely Affect such Entity

Neither the Issuer, Loan Note Issuer No.1 nor the Receivables Trustee has registered with the SEC as an investment company pursuant to the Investment Company Act.

If the SEC or a court of competent jurisdiction were to find that the Issuer, Loan Note Issuer No.1 or the Receivables Trustee is required, but in violation of the Investment Company Act, had failed to register as an investment company, possible consequences include, but are not limited to, the following: (i) the SEC could apply to a district court to enjoin the violation; (ii) investors in the Issuer, Loan Note Issuer No.1 or the Receivables Trustee could sue the Issuer, Loan Note Issuer No.1 or the Receivables Trustee and recover any damages caused by the violation; and (iii) any contract to which the Issuer, Loan Note Issuer No.1 or the Receivables Trustee is party that is made in, or whose performance involves, a violation of the Investment Company Act would not be enforceable by any party to the contract unless a court were to find that under the circumstances enforcement would produce a more equitable result than non-enforcement and would not be inconsistent with the purposes of the Investment Company Act. Should

the Issuer, Loan Note Issuer No.1 or the Receivables Trustee be subjected to any or all of the foregoing, the Issuer, Loan Note Issuer No.1 or the Receivables Trustee would be materially and adversely affected.

Unless and until Individual Note Certificates are Issued, Persons Acquiring Notes (other than Registered Uncleared Note Certificates) Will Only Hold Book-Entry Interests, Which May Result in Delays in Distributions and Hamper Their Ability to Both Participate in Votes of Noteholders and Pledge their Notes

Unless and until Global Note Certificates are exchanged for Individual Note Certificates, which will only occur under a limited set of circumstances, persons acquiring Global Note Certificate will not be the legal owners or holders of such Global Note Certificate but will have rights in their capacity as participants in accordance with the rules and procedures of the relevant clearing system and in the case of indirect participants, their agreements with direct participants (such rights, "**Book-Entry Interests**"). After payment to the Common Depository (or the Common Safekeeper in the case of Regulation S Notes to be held under the New Safekeeping Structure) and the DTC custodian, the Issuer will have no responsibility or liability for the payment of interest, principal or other amounts to Euroclear, Clearstream, the DTC custodian, the Common Depository (or the Common Safekeeper in the case of Regulation S Notes to be held under the New Safekeeping Structure) or to holders of Book-Entry Interests. Either the Common Depository (or the Common Safekeeper, as relevant) or Cede & Co. as nominee of DTC will be the registered holder and legal owner of each class of cleared notes for so long as such class is represented by one or more Global Note Certificates. Accordingly, each person owning a Book-Entry Interest must rely on the relevant procedures of the Common Depository (or the Common Safekeeper in the case of Regulation S Notes to be held under the New Safekeeping Structure), the DTC custodian, Euroclear, Clearstream and DTC and, if such person is an indirect participant in such entities, on the procedures of the direct participant through which such person holds its interest, to exercise any rights of Noteholders under the Note Trust Deed. So long as the cleared notes are in global form, payments of principal and interest on, and other amounts due in respect of, such notes will be made to the Common Depository or the Common Safekeeper (in the case of Regulation S Notes to be held under the New Safekeeping Structure) and to Cede & Co. as nominee of DTC. Upon receipt of any payment, Euroclear, Clearstream and DTC will promptly credit direct participants' accounts with payments in amounts proportionate to their respective ownership of Book-Entry Interests, as shown on their records. The Issuer expects that payments by direct participants or indirect participants to owners of interests in Book-Entry Interests held through such participants or indirect participants will be governed by standing customer instructions and customary practices, as is now the case with the securities held for the accounts of customers in bearer form or registered in 'street name', and will be the responsibility of such direct participants or indirect participants. None of the Issuer, the Note Trustee, the DTC custodian, any Paying Agent or the Registrar will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, the Book-Entry Interests or for maintaining, supervising or reviewing any records relating to such Book-Entry Interests.

Unlike holders of Individual Note Certificates, holders of the Book-Entry Interests will not have direct rights under the Note Trust Deed to act upon solicitations of consents or requests by the Issuer for waivers or other actions from Noteholders. Instead, a holder of Book-Entry Interests will be permitted to act only to the extent it has received appropriate proxies to do so from Euroclear, Clearstream or DTC (as the case may be) and, if applicable, direct participants. There can be no assurance that procedures implemented for the granting of such proxies will be sufficient to enable holders of Book-Entry Interests to vote on any requested actions on a timely basis. Similarly, upon the occurrence of an event of default, holders of Book-Entry Interests will be restricted to acting through the Euroclear, Clearstream, DTC or the DTC custodian (as the case may be) unless and until Individual Note Certificates are issued. There can be no assurance that the procedures to be implemented by the Euroclear, Clearstream, DTC and the DTC custodian under such circumstances will be adequate to ensure the timely exercise of remedies under the Note Trust Deed. Holders of beneficial interests in Global Note Certificates which are denominated in Sterling or Euros and which are held directly with DTC or through its participants must give advance notice to the exchange agent 15 days prior to each Interest Payment Date that they wish payments on such Global Note Certificates to be made to them in Sterling or Euro (as applicable) outside DTC. If such instructions are not given, Sterling or Euro payments on such notes will be exchanged for U.S. dollars by the exchange agent prior to their receipt by DTC and the affected holders will receive U.S. dollars on the relevant Interest Payment Date.

Persons acquiring notes in the form of Global Note Certificates may also be hindered from granting security over the notes if physical notes are required by the party demanding the pledge or other form of security.

Changes of Law May Adversely Affect Interests of Noteholders

The structure of the Receivables Trust and the ratings of the notes are based on English law, UK tax law, Jersey law and (in relation to the Scottish Receivables) Scots law in effect as at the date of this Base Prospectus. The transactions described in this Base Prospectus (including the issuance of the notes) and the ratings which are to be assigned to the notes are based on the relevant law and administrative practice in effect as at the date hereof, and having regard to the expected tax treatment of all relevant entities under such law and practice. No assurance can be given as to the impact of any possible change to the law in any country (including any change in regulation which may occur without a change in primary legislation), administrative practice or tax treatment after the date of this Base Prospectus nor can any assurance be given as to whether any such change would adversely affect the ability of the Issuer to make payments under the notes.

Risks Relating to the Banking Act 2009

Under the Banking Act 2009 (the "**Banking Act**"), substantial powers have been granted to HM Treasury, the Bank of England and the UK Financial Services Authority (the "**FSA**" and, together with HM Treasury and the Bank of England, (the "**Authorities**") as part of the special resolution regime (the "**SRR**"). These powers enable the Authorities to deal with and stabilise UK-incorporated institutions with permission to accept deposits pursuant to Part IV of the FSMA (such as the Transferor, LTSB, the Servicer, the Cash Manager and the Swap Counterparty) (each a "**relevant entity**") that are failing or are likely to fail to satisfy the threshold conditions (within the meaning of section 41 of the FSMA). The SRR consists of three stabilisation options: (i) transfer of all or part of the business of the relevant entity or the shares of the relevant entity to a private sector purchaser; (ii) transfer of all or part of the business of the relevant entity to a "bridge bank" wholly-owned by the Bank of England; and (iii) temporary public ownership of the relevant entity. HM Treasury may also take a parent company of a relevant entity into temporary public ownership where certain conditions are met. The Banking Act also provides for two new insolvency and administration procedures for relevant entities. Certain ancillary powers include the power to modify certain contractual arrangements in certain circumstances. It is possible that one of the stabilisation options could be exercised prior to the point at which any application for an insolvency or administration order with respect to the relevant entity could be made.

In general, the Banking Act requires the Authorities to have regard to specified objectives in exercising the powers provided for by the Banking Act. One of the objectives (which is required to be balanced as appropriate with the other specified objectives) refers to the protection and enhancement of the stability of the financial system of the United Kingdom. The Banking Act includes provisions related to compensation in respect of transfer instruments and orders made under it. The Authorities are also empowered by order to amend the law for the purpose of enabling the powers under the SRR to be used effectively. An order may make provision which has retrospective effect. In general, there is considerable uncertainty about the scope of the powers afforded to Authorities under the Banking Act and how the Authorities may choose to exercise them.

If an instrument or order were to be made under the Banking Act in respect of a relevant entity, such instrument or order may (amongst other things) affect the ability of such entity to satisfy its obligations under the transaction documents and/or result in modifications to such documents. In particular, modifications may be made pursuant to powers permitting certain trust arrangements to be removed or modified (such as the Receivables Trust) and/or via powers which permit provision to be included in an instrument or order such that the relevant instrument or order (and certain related events) is required to be disregarded in determining whether certain widely defined "default events" have occurred (which events would include certain trigger events included in the transaction documents in respect of the relevant entity, including termination and acceleration events and (in the case of the Transferor) Notification Events). As a result, the making of an instrument or order in respect of a relevant entity may affect the ability of the Issuer to meet its obligations in respect of the notes. While there is provision for compensation in certain circumstances under the Banking Act, there can be no assurance that noteholders would recover compensation promptly and equal to any loss actually incurred.

At present, the Authorities have not made an instrument or order under the Banking Act in respect of the relevant entities referred to above and there has been no indication that it will make any such instrument or order, but there can be no assurance that this will not change and/or that noteholders will not be adversely affected by any such instrument or order if made.

Insolvency Proceedings and Subordination Provisions

The validity of contractual priorities of payments such as those contemplated in this transaction has been challenged recently in the English and U.S. courts. The hearings have arisen due to the insolvency of a secured creditor (in that case a swap counterparty) and have considered whether such payment priorities breach the "anti-deprivation" principle under English and U.S. insolvency law. This principle prevents a party from agreeing to a provision that deprives its creditors of an asset upon its insolvency. It was argued that where a secured creditor subordinates itself to noteholders in the event of its insolvency, that secured creditor effectively deprives its own creditors. The Court of Appeal in *Perpetual Trustee Co Ltd v BNY Corporate Trustee Services Ltd [2009] EWCA Civ 1160*, dismissed this argument and upheld the validity of similar priorities of payment, stating that the anti-deprivation principle was not breached by such provisions. However, the insolvent party has been granted leave to appeal the decision to the Supreme Court (the relevant case is listed for March 2011) and the question of the validity of the payment priorities may therefore be considered again as a matter of English law.

Judge Peck of the U.S. Bankruptcy Court for the Southern District of New York has granted Lehman Brothers Special Finance Inc.'s ("**LBSF**") motion for summary judgment to the effect that the provisions in respect of the priorities of payments at issue in the Perpetual litigation do infringe the anti-deprivation principles of the U.S. Bankruptcy Code in a U.S. insolvency. Judge Peck acknowledged that this has resulted in the U.S. courts coming to a decision "directly at odds with the judgment of the English Courts". BNY Corporate Trustee Services Ltd has filed a motion for leave to appeal with the U.S. Bankruptcy Court. Given the current state of U.S. and English law, this is likely to be an area of continued judicial focus particularly in respect of multi-jurisdictional insolvencies.

If a creditor of the Issuer (such as the Swap Counterparty) or a related entity becomes subject to insolvency proceedings in any jurisdiction outside England and Wales, and it is owed a payment by the Issuer (such as a termination payment due under a Swap Agreement which has been subordinated as a result of that Swap Counterparty's insolvency), a question arises as to whether the insolvent creditor or any insolvency official appointed in respect of that creditor could successfully challenge the validity and/or enforceability of subordination provisions included in the English law governed transaction documents (such as a provision relating to the ranking of the Swap Counterparty's payment rights under the Swap Agreement). In particular, based on the decision of the U.S. Bankruptcy Court referred to above, there is a risk that such subordination provisions would not be upheld under U.S. bankruptcy law. More generally, there can be no assurance that such subordination provisions would be upheld under the insolvency laws of any relevant jurisdiction outside England and Wales.

If the courts of a jurisdiction outside England and Wales do not uphold such provisions, it is unclear whether and to what extent the relevant proceedings and corresponding findings would be recognised by the English courts. Whilst the English courts have been supportive of subordination arrangements generally thus far, there can be no assurance that this position would be unaffected in the context of co-operation between courts in a cross-border insolvency case. As such, if a subordination provision included in the transaction documents were successfully challenged under the insolvency laws of any relevant jurisdiction outside England and Wales and any relevant foreign judgment or order was recognised by the English courts, there can be no assurance that such actions would not adversely affect the rights of the Noteholders, the market value of the Notes and/or the ability of the Issuer to satisfy its obligations under the Notes.

In addition, given the general relevance of the issues under discussion in the judgments referred to above and that the transaction documents include terms providing for the subordination of certain termination payments due to the Swap Counterparty, there is a risk that the final outcome of the dispute (including any recognition action by the English courts) may result in negative rating pressure in respect of the Notes. If any rating assigned to the Notes is lowered, the market value of the Notes may reduce.

Lloyds Banking Group and Bank of Scotland Group's businesses are subject to substantial regulation, and regulatory and governmental oversight. Adverse regulatory developments or changes in government policy could have a significant material adverse effect on Lloyds Banking Group and Bank of Scotland Group's operating results, financial condition and prospects.

Lloyds Banking Group and Bank of Scotland Group conduct their businesses subject to ongoing regulation and associated regulatory risks, including the effects of changes in the laws, regulations, policies, voluntary codes of practice and interpretations in the UK and the other markets where it operates. This is particularly the case in the current market environment, which is witnessing increased levels of government and regulatory intervention in the banking sector, which both the Lloyds Banking Group and Bank of Scotland Group expect to continue for the foreseeable future. Future changes in regulation, fiscal or other policies are unpredictable and beyond the control of Lloyds Banking Group and Bank of Scotland Group and could materially adversely affect Lloyds Banking Group and Bank of Scotland Group's businesses. In addition HM Treasury currently holds approximately 40.6 per cent of the Lloyds Banking Group's ordinary share capital. UK Financial Investments Limited ("UKFI") as manager of HM Treasury's shareholding continues to operate in line with the framework document between UKFI and HM Treasury managing the investment in the Lloyds Banking Group on a commercial basis without interference in day-to-day management decisions.

Areas where changes could have an adverse impact include, but are not limited to:

- the monetary, interest rate and other policies of central banks and regulatory authorities;
- general changes in government or regulatory policy, or changes in regulatory regimes that may significantly influence investor decisions in particular markets in which Lloyds Banking Group and Bank of Scotland Group operate, may change the structure of those markets and the products offered or may increase the costs of doing business in those markets;
- changes to prudential regulatory rules relating to capital adequacy and liquidity frameworks;
- external bodies applying or interpreting standards or laws differently to those applied by Lloyds Banking Group or Bank of Scotland Group historically;
- changes in competition and pricing environments;
- further developments in requirements relating to financial reporting, corporate governance, conduct of business and employee compensation;
- expropriation, nationalisation, confiscation of assets and changes in legislation relating to foreign ownership;
- other unfavourable political, military or diplomatic developments producing social instability or legal uncertainty which, in turn, may affect demand for Lloyds Banking Group or Bank of Scotland Group's products and services; and
- changes in Government priorities which could result in the framework agreement in place being replaced leading to interference in the operations of the Lloyds Banking Group, although there have been no indications that the Government intends to change the existing operating arrangements.

In the United Kingdom and elsewhere, there is increased political and regulatory scrutiny of the banking industry and, in particular, retail banking. The UK Government, the FSA and other regulators in the United Kingdom or overseas may intervene further in relation to areas of industry risk already identified, or in new areas, which could adversely affect the Lloyds Banking Group.

The Competition Commission, the FSA and the OFT have recently carried out, or are currently conducting, a number of industry wide inquiries. Also, in the UK and overseas Lloyds Banking Group is subject to legal and regulatory proceedings, challenges and investigations (which may include class action lawsuits) and other complaints (including to the FOS). The outcome of any inquiry, investigation, proceeding or complaint is inherently uncertain.

In addition, Lloyds Banking Group faces increased political and regulatory scrutiny as a result of Lloyds Banking Group's perceived size and systemic importance following the acquisition of HBOS Group. Such scrutiny may focus on, or include review of, the historical operations of the HBOS Group as well as the characteristics of the enlarged Lloyds Banking Group.

In clearing the acquisition of HBOS Group without a reference to the UK Competition Commission, the Secretary of State noted that there were some competition concerns identified by the OFT in the markets for personal current accounts and mortgages in Great Britain and the market for SME banking in Scotland. The OFT has also reiterated that it will consider whether to refer any banking markets to the Competition Commission if it identifies any prevention, restriction or distortion of competition.

Compliance with any changes in regulation or with any regulatory intervention resulting from political or regulatory scrutiny may significantly increase Lloyds Banking Group and Bank of Scotland Group's costs, impede the efficiency of their internal business processes, limit their ability to pursue business opportunities, or diminish their reputation. Any of these consequences could have a material adverse effect on Lloyds Banking Group and Bank of Scotland Group's operating results, financial condition and prospects.

Both the Lloyds Banking Group and Bank of Scotland Group are exposed to various forms of legal and regulatory risk, including the risk of mis-selling financial products, acting in breach of legal or regulatory principles or requirements and giving negligent advice, any of which could have a material adverse effect on its results or its relations with its customers

Both the Lloyds Banking Group and Bank of Scotland Group are exposed to many forms of legal and regulatory risk, which may arise in a number of ways. Primarily:

- (a) certain aspects of the Lloyds Banking Group's and/or Bank of Scotland Group's business may be determined by the authorities, the FOS or the courts as not being conducted in accordance with applicable laws or regulations, or, in the case of the FOS, with what is fair and reasonable in the ombudsman's opinion;
- (b) the possibility of alleged mis-selling of financial products or the mishandling of complaints related to the sale of such products by or attributed to a member of Lloyds Banking Group or Bank of Scotland Group, resulting in disciplinary action or requirements to amend sales processes, withdraw products, or provide restitution to affected customers; all of which may require additional provisions;
- (c) contractual obligations may either not be enforceable as intended or may be enforced against Lloyds Banking Group and/or Bank of Scotland Group in an adverse way;
- (d) the Lloyds Banking Group and Bank of Scotland Group hold accounts for a number of customers that might be or are subject to interest from various regulators and authorities including the Serious Fraud Office, those in the U.S. and others. Neither the Lloyds Banking Group nor Bank of Scotland Group is aware of any current investigation into the Lloyds Banking Group or Bank of Scotland Group as a result of any such enquiries but cannot exclude the possibility of the Lloyds Banking Group or Bank of Scotland Group's conduct being reviewed as part of any such investigations;
- (e) the intellectual property of Lloyds Banking Group and/or Bank of Scotland Group (such as trade names) may not be adequately protected; and
- (f) Lloyds Banking Group and/or Bank of Scotland Group may be liable for damages to third parties harmed by the conduct of its business.

Failure to manage these risks adequately could impact Lloyds Banking Group and/or Bank of Scotland Group adversely, both financially and reputationally, through an adverse impact on the Lloyds Banking Group and/or Bank of Scotland Group's brands.

In the United Kingdom, firms within Lloyds Banking Group and Bank of Scotland Group are responsible for contributing to compensation schemes in respect of banks and other authorised financial services firms that are unable to meet their obligations to customers

In the United Kingdom, the Financial Services Compensation Scheme (the "FSCS") was established under the FSMA and is the UK's statutory fund of last resort for customers of authorised financial services firms. The FSCS can pay compensation to customers if a firm is unable, or likely to be unable, to pay claims against it. The FSCS is funded by levies on firms authorised by the FSA, including firms within Lloyds Banking Group and the Bank of Scotland Group. The Lloyds Banking Group (including the Bank of Scotland Group) continues to provide for its share of the management expenses levy and the estimated interest cost on the FSCS borrowings. Going forward, further provisions in respect of these costs are likely to be necessary until the borrowings are repaid. The ultimate cost to the industry, which will also include the cost of any compensation payments made by the FSCS and, if necessary, the cost of meeting any shortfall after recoveries on the borrowings entered into by the FSCS, remains uncertain although it may be significant and the associated costs to Lloyds Banking Group and Bank of Scotland Group may have a material adverse effect on their results of operations and financial condition.

The FSA requires that UK deposit-taking institutions develop systems by 31 December 2010 to produce a Single Customer View ("SCV"), providing an aggregated view of each customer's eligibility for compensation in the event of a failure. In the event that Lloyds Banking Group or Bank of Scotland Group fail to deliver such a project to the regulator's standards or timetables, there is the risk of public sanction, financial penalty and/or the deployment by the FSA of such other regulatory tools as it deems appropriate to the circumstances. Other potential changes to the FSCS arrangements with the potential to require Lloyds Banking Group or Bank of Scotland Group to incur additional costs or expose Lloyds Banking Group or Bank of Scotland Group to risks may arise from ongoing discussions at the national and European Union levels around the future design of deposit protection schemes, including but not limited to potentially increasing the level of protection which is accorded to deposits and/or moving to pre-funding of compensation schemes. The FSA intends to carry out a consultation exercise in the fourth quarter of 2010 before introducing any further proposals relating to the FSCS.

THE PENARTH RECEIVABLES TRUST

General Legal Structure

The receivables trust (the "**Penarth Receivables Trust**") was constituted on 16 October 2008 pursuant to a receivables trust deed and servicing agreement dated 16 October 2008 (as amended and restated from time to time) (the "**RTDSA**") and made among the Receivables Trustee, Bank of Scotland, Loan Note Issuer No.1 and Loan Note Issuer No.2, and consists of trusts declared under English law by the Receivables Trustee in favour of the initial beneficiaries. Loan Note Issuer No.1 and Loan Note Issuer No.2 (each an "**Investor Beneficiary**") and Bank of Scotland (in its capacity as holder of the Transferor's beneficial interest in the Penarth Receivables Trust (the "**Transferor Beneficiary**")) are the initial beneficiaries of the Penarth Receivables Trust. The Penarth Receivables Trust was declared for the purposes of the structure described in this Base Prospectus.

In addition, the Transferor and the Receivables Trustee have agreed that, subject to the satisfaction of certain conditions, *inter alia*, the delivery of an accession notice, the making of the same representations in relation to the Existing Receivables and Future Receivables, the delivery of a certificate by the Transferor confirming that, in its opinion, formed on the basis of due consideration, such designation will not result in the withdrawal or downgrading by the Rating Agencies of any Associated Debt then outstanding, prior written confirmation from Moody's and Standard & Poor's that such designation will not result in the withdrawal or downgrading by these Rating Agencies of any Associated Debt then outstanding and notification to Fitch Ratings, the Transferor may designate any member of the Lloyds Banking Group which from time to time originates Accounts or to whom legal and beneficial title to any Accounts has been transferred (an "**Additional Transferor**") from time to time offer to assign and/or hold on trust all Existing Receivables and Future Receivables arising on such Accounts in accordance with the provisions set out in the RSD. Following such accession, such Additional Transferor will become a Transferor Beneficiary pursuant to the terms of the RTDSA. As at the date of this Base Prospectus, no such Additional Transferor has been designated. At the time when such Additional Transferor accedes to the RSD, information in relation to such Additional Transferor and Receivables originated or acquired by such Additional Transferor will be disclosed to Noteholders.

Receivables (comprising Principal Receivables and Finance Charge Receivables) (the "**Receivables**") arising under certain MasterCard®, VISA® and American Express® revolving credit card accounts (the "**Designated Accounts**") selected from time to time from the total portfolio of MasterCard®, VISA® and American Express® Accounts originated or acquired by Bank of Scotland or a Material Originator together with certain rights and cashflows were, on 16 October 2008, 1 August 2009, 1 November 2009, 1 July 2010 and 8 November 2010, and (in the case of Future Receivables on Designated Accounts) may from time to time in the future, be assigned to and, in respect of Receivables governed by Scots law, such Receivables will have a trust declared over them for the benefit of the Receivables Trustee by Bank of Scotland on the terms and subject to the conditions of a receivables securitisation deed dated 16 October 2008 (as amended and restated from time to time) (the "**RSD**") between Bank of Scotland as Transferor and the Receivables Trustee. These Receivables (and related rights and cashflows) assigned or held on trust form the assets of the Penarth Receivables Trust along with any cash contributions made at any time and certain other items.

"**Material Originator**" means either (i) LTSB or (ii) any other originator selling and assigning Receivables to the Transferor or to an Additional Transferor and retaining title to designated Accounts representing at least 20 per cent. of the Principal Receivables in the Securitised Portfolio at the date of determination, which is nominated as such to the Receivables Trustee on the date on which such designated Accounts are first offered to the Receivables Trustee.

As at the date of this Base Prospectus, only LTSB has been designated as a Material Originator in respect of the Transferor.

In addition, on 8 November 2010, Bank of Scotland acquired all of the present and future beneficial interests in receivables arising under certain American Express®, MasterCard® and VISA® revolving credit card accounts originated by LTSB as a Material Originator in the United Kingdom pursuant to the terms of a receivables securitisation deed dated 1 November 2010 (as amended and restated from time to time) (the "**LTSB RSD**"). The legal ownership of such designated revolving credit card accounts remains with LTSB. On 8 November 2010, Bank of Scotland transferred such Receivables to the Receivables Trustee pursuant to the terms of the RSD.

At the time when an Additional Transferor accedes to the RSD, Receivables arising under certain American Express[®], MasterCard[®] and VISA[®] revolving credit card accounts selected from time to time from the total portfolio of American Express[®], MasterCard[®] and VISA[®] Accounts originated or acquired by such Additional Transferor together with certain rights and cashflows may be assigned to, and in respect of Receivables governed by Scots law, such Receivables will have a trust declared over them for the benefit of, the Receivables Trustee.

The terms and conditions of the Penarth Receivables Trust are set out in the RTDSA (the principal contents of which are described in this section of this Base Prospectus), as varied and supplemented from time to time by the execution of a supplement thereto (a "**Supplement**"). Under the RTDSA, which is governed by English law, the Receivables Trustee declares that it will hold all trust property upon the trusts set out in the RTDSA for the Transferor Beneficiary and each Investor Beneficiary as the initial beneficiaries and for each other person which from time to time becomes an additional beneficiary (an "**Additional Beneficiary**") in accordance with the terms of the RTDSA. As at the date of this Base Prospectus, there have been no other Additional Beneficiaries.

Each beneficiary (other than the Transferor Beneficiary) belongs or will belong to either of two categories of beneficiary, namely: (i) any person in its capacity as an Investor Beneficiary, or (ii) an enhancement provider if the related Supplement provides for that enhancement provider to be a beneficiary. Bank of Scotland, its successors and permitted assigns, in its capacity as Transferor Beneficiary belongs to its own unique category of beneficiary.

Each Supplement will define an interest in the property of the Penarth Receivables Trust (each a "**Trust Series**") and, for each respective Trust Series, create a Trust Series Investor Interest (see "*Contributions to trust property*" below). On the date of execution of the initial Supplement, a De-Linked Supplement will be entered into creating a Trust Series in the Penarth Receivables Trust which will form a Trust Series Investor Interest in favour of Loan Note Issuer No.1 (the "**Funding 1 Beneficial Interest**"). It is not envisaged at the date of this Base Prospectus that any further Trust Series will be created as the Investor Interest represented by the Funding 1 Beneficial Interest may increase or decrease in accordance with the De-Linked Supplement initially creating the Funding 1 Beneficial Interest (see "*Sources of Funds to Pay the Loan Notes — Beneficial entitlement of Loan Note Issuer No.1 to trust property — rights of the Investor Beneficiary in respect of De-Linked Trust Series*"). However, any further Trust Series in respect of the Penarth Receivables Trust will be established pursuant to a Supplement to the RTDSA.

In addition to the RTDSA, the initial beneficiaries have entered into a deed dated 16 October 2008 (the "**Beneficiaries Deed**"), that sets out the contractual arrangements amongst them in respect of certain commercial decisions (relating to authorisations, consents, waivers or other acts of the beneficiaries) to be made from time to time in respect of the RTDSA and any Supplement thereto. However, the terms of the Beneficiaries Deed make clear that it is in no way intended to prejudice the absolute entitlement that each beneficiary has to trust property as described in this Base Prospectus and as set out under the terms of the RTDSA and each Supplement.

Contributions to trust property

If the prior written consent of all existing beneficiaries is received by the Receivables Trustee, a person may become an Additional Beneficiary, or an existing Investor Beneficiary may increase its existing beneficial interest in the Penarth Receivables Trust by:

- (a) making a payment to the Receivables Trustee as a contribution to trust property; or
- (b) such other method as the existing beneficiaries may agree between themselves and jointly direct the Receivables Trustee to implement, **provided that** the Transferor has certified in writing that in its opinion, formed on the basis of due consideration, use of such other method will not result in a reduction or withdrawal of each Rating Agency's then current rating of any outstanding Associated Debt,

(in each case, a "**Contribution**").

In the case of an initial Contribution by a beneficiary other than the Transferor Beneficiary, in order for such Contribution to be effective, the Receivables Trustee shall issue a certificate to an Investor

Beneficiary (the "**Investor Certificate**") evidencing the beneficial interest in the Penarth Receivables Trust created by such Contribution. Where the beneficiary has previously been issued an Investor Certificate, the Receivables Trustee shall reissue the relevant Investor Certificate after making the appropriate annotation reflecting such an Additional Contribution (as defined below) or payment of principal. In each case, the Investor Certificate shall always evidence the aggregate beneficial entitlement to trust property of the relevant Investor Beneficiary.

The Transferor Beneficiary has the option under the terms of the RTDSA to elect to have its beneficial interest in the Penarth Receivables Trust evidenced fully or partially in certificated form (the "**Transferor Certificate**") or not to have its beneficial interest evidenced in certificated form at all. Other beneficiaries do not have these options.

If a Contribution is to take place, the relevant Supplement to the RTDSA will govern the portion of beneficial entitlement (the "**Investor Interest**") that will be created by such Contribution and the related set of financial calculations that would be required in relation to such Trust Series. The Investor Interest in respect of a Trust Series is called the "**Trust Series Investor Interest**". Each specific Trust Series Investor Interest will be identified by the Trust Series name.

An Investor Beneficiary or enhancement provider may be a member of more than one Trust Series. If an Investor Beneficiary is to become a member of more than one Trust Series, it shall do so by, from time to time, making a further Contribution to the Penarth Receivables Trust and entering into a new Supplement in respect of the new Trust Series which will have the effect of increasing its Investor Interest. Whilst it is possible for Loan Note Issuer No.1 to enter into a new Supplement to create a new Trust Series this is not envisaged owing to its ability to increase the size of its Funding 1 Beneficial Interest through Contributions funded by the issuance of Loan Notes forming notional tranches of Global Loan Note No.1.

On presentation of such Investor Beneficiary's existing Investor Certificate, the Receivables Trustee will annotate such Investor Certificate to evidence such Investor Beneficiary's increased Investor Interest in the Penarth Receivables Trust (the "**Aggregate Investor Interest**").

The Receivables Trustee will authenticate and deliver (or annotate and redeliver in the case of a previously issued Investor Certificate) an Investor Certificate in respect of any new Trust Series (or increase in the Funding 1 Beneficial Interest in the case of Loan Note Issuer No.1) only when the Receivables Trustee has first received:

- (a) a Supplement specifying the principal terms of the Trust Series executed by the parties thereto (including the Transferor Beneficiary, all Investor Beneficiaries and the Receivables Trustee) (or increase in the Funding 1 Beneficial Interest in the case of Loan Note Issuer No.1);
- (b) the applicable enhancement, if any;
- (c) the agreement, if any, pursuant to which the enhancement provider, if any, agrees to provide enhancement;
- (d) a solvency certificate from the Transferor;
- (e) written confirmation from each relevant Rating Agency that the Contribution will not result in such Rating Agency reducing or withdrawing its then current rating on any outstanding Associated Debt;
- (f) written confirmation from the relevant Investor Beneficiary (which will be Loan Note Issuer No.1 in the case of an increase in the Funding 1 Beneficial Interest) and enhancement provider, if any, that (1) either (A) each of the Investor Beneficiary and enhancement provider (if any) is resident outside the United Kingdom or (B) such Investor Beneficiary (which will be Loan Note Issuer No.1 in the case of an increase in the Funding 1 Beneficial Interest) and enhancement provider has received a legal opinion from recognised solicitors in the United Kingdom that, under then current UK law, payments in respect of the Investor Certificate will not be subject to United Kingdom withholding tax; and (2) each such Investor Beneficiary (which will be Loan Note Issuer No.1 in the case of an increase in the Funding 1 Beneficial Interest) and enhancement provider (if any) has a business establishment (for the purposes of Section 9 of the Value Added Tax Act 1994) in Jersey, Channel Islands which is either its sole business establishment (with no

other fixed establishment anywhere else in the world) or is its business (or other fixed) establishment at which services received by it under certain documents executed in connection with the Programme or an issue of notes thereunder are most directly used or to be used or, as the case may be, its business (or other fixed) establishment which is most directly concerned with any services supplied by it under certain documents executed in connection with the Programme or an issue of notes thereunder;

- (g) the applicable Investor Certificate for reissue (if previously issued); and
- (h) in the case where the Associated Debt (or, in the absence of any Associated Debt, Related Debt), proposed to be issued pursuant to Rule 144A has a class or category deemed to be below investment grade, a certificate provided by an authorised officer of the Transferor certifying either that (A) each class or category of Associated Debt (or, in the absence of any Associated Debt, Related Debt) issued in connection with the Contribution shall be the subject of a legal opinion prepared by United States tax counsel with respect to the tax treatment of that debt in the United States, or (B) each of the beneficiaries has determined that, based on consultation with counsel, the Contribution is in the best interests of the relevant Investor Beneficiary making the Contribution.

The term "**Related Debt**" means, with respect to a Trust Series Investor Interest, any Loan Notes issued by any of Loan Note Issuer No.1 or Loan Note Issuer No.2 as the Investor Beneficiary in respect of such Trust Series Investor Interest, as further specified in the related Supplement for such Trust Series.

Each Supplement executed in order to effect a Contribution shall specify the principal terms for the Trust Series which it constitutes. The principal terms of a Trust Series will be defined such that each relevant Trust Series has an Accumulation Period or Amortisation Period for the payment of principal which may have a different length and begin on a different date than such period for any other Trust Series. One or more Trust Series may be in their Amortisation Period or Accumulation Period when other Trust Series are not. Moreover, each Trust Series may have the benefit of enhancement which is available only to such Trust Series. The Receivables Trustee shall hold any such form of enhancement only on behalf of the Trust Series with respect to which it relates. For the purposes of calculation, certain Trust Series may be subordinated to other Trust Series and notional classes established for calculation purposes within a Trust Series may have different priorities. Whether or not a Trust Series is subordinated to any other Trust Series will be set out in the related Supplement. There will be no limit on the number of Contributions that may be made to the Penarth Receivables Trust or the number of Additional Beneficiaries that may be added.

The Receivables Trustee will be entitled to arrange for additional Supplements to be executed if it obtains the consent of all the beneficiaries to the Penarth Receivables Trust (such consent to be evidenced by each beneficiary executing such additional Supplement). The terms of the Beneficiaries Deed state that each existing Investor Beneficiary agrees that it shall consent in accordance with the direction of the Transferor Beneficiary if pre-conditions for additional supplements to be executed (described in the RTDSA) are met. These pre-conditions are described in (a) through (h) above. In any case, the Receivables Trustee shall not accept any Contribution unless it receives confirmation from each Rating Agency that the related Contribution will not result in such Rating Agency reducing or withdrawing its then current rating on any outstanding Associated Debt.

General entitlement of beneficiaries to trust property

By making Contributions to the Penarth Receivables Trust, the Transferor Beneficiary and each Investor Beneficiary has an undivided interest in the Penarth Receivables Trust, as referred to above. However, in addition to trust property that is held by the Receivables Trustee on an undivided basis for all beneficiaries, certain trust property (including amounts of cash) may be held in bank accounts or credited to ledgers within bank accounts on a segregated basis for a particular beneficiary only and may be held in respect of a particular Trust Series or Series only.

Broadly, trust property comprises:

- (a) a pool of Eligible Receivables and any amounts paid by a beneficiary as a Contribution (the "**Undivided Bare Trust**" and trust property therein being "**Undivided Bare Trust Property**") — held on an undivided basis for each Investor Beneficiary and the Transferor Beneficiary in

accordance with their respective beneficial interests as determined by the RTDSA and each Supplement thereto;

- (b) a pool of Ineligible Receivables and Ineligible Collections related to such Ineligible Receivables (the "**Ineligibles Bare Trust**" and trust property therein being "**Ineligible Bare Trust Property**") — held on a segregated basis for the sole benefit of the Transferor Beneficiary;
- (c) property specifically allocated in accordance with the RTDSA and each Supplement thereto to be held on a segregated basis for an Investor Beneficiary or the Transferor Beneficiary (as the case may be) (the "**Segregated Bare Trust**" and trust property therein being "**Segregated Bare Trust Property**") — held on a segregated basis for the sole benefit of the relevant beneficiary in accordance with the RTDSA or the relevant Supplement;
- (d) property which derives from Additional Funds (other than Additional Funds "Trustee Payments" and Additional Funds "Loss Make-Up") received by the Receivables Trustee as Additional Funds paid by an Investor Beneficiary for the grant of its Investor Interest pursuant to the terms of each relevant Supplement (the "**Deferred Payment Bare Trust**" and trust property therein being "**Deferred Payment Bare Trust Property**") — held on a segregated basis for the sole purpose of paying Deferred Consideration to the Transferor Beneficiary in accordance with the terms of the RSD and each relevant Supplement; and
- (e) other property which is expressly segregated by the Receivables Trustee for the benefit of a beneficiary according to the terms of any Supplement (each an "**Other Trust**" and trust property therein being "**Other Trust Property**") — held on a segregated basis for the relevant beneficiary.

See "*The Loan Notes*" for a description of the beneficial entitlement of Loan Note Issuer No.1 as Investor Beneficiary to Receivables and for a description of the manner in which calculations will be made and Collections will be distributed to Loan Note Issuer No.1.

Additional Funds "Trustee Payments" means such amount of Additional Funds which are paid to the Receivables Trustee and which represent, *inter alia*, the Investor Trustee Payment and Investor Servicing Fee Amount.

Additional Funds "Loss Make-Up" means all amounts of Additional Funds which are characterised as such pursuant to the relevant De-linked Supplement, as described in more detail in "*Sources of Funds to Pay the Loan Notes*".

The Transferor in its capacity as such will have no beneficial entitlement under the Penarth Receivables Trust as to available spread. Available spread is the amount of the trust property calculated as allocable to an Investor Beneficiary, less (i) that portion of the costs and expenses of the Receivables Trustee that is borne by such Investor Beneficiary and (ii) amounts calculated as allocable to the Investor Interest of each Trust Series. However, the Transferor will be contractually entitled to receive payment of amounts from the Receivables Trustee equal to amounts of additional consideration ("**Excess Spread**") paid by an Investor Beneficiary to the Receivables Trustee as Additional Funds for the granting of its Investor Interests. The Transferor will receive such payments from the Receivables Trustee as "**Deferred Consideration**" under the terms of the RSD.

The beneficial entitlement of the Transferor Beneficiary at any time is:

- (i) in respect of Undivided Bare Trust Property, excluding Finance Charge Collections, Acquired Insurance Commission, Acquired Interchange and income on Permitted Investments, that proportion which the Adjusted Transferor Interest bears to the sum of the Combined Aggregate Adjusted Investor Interest and the Adjusted Transferor Interest, except that, if at any time each of the Combined Aggregate Adjusted Investor Interest and the Adjusted Transferor Interest are zero, and the Undivided Bare Trust Property at that time includes Principal Collections, such Principal Collections shall be identified as Unavailable Principal Collections and will be available for distribution to the Transferor Beneficiary in accordance with the provisions of the RTDSA;
- (ii) in respect of Undivided Bare Trust Property which consists of Finance Charge Collections, Acquired Insurance Commission, Acquired Interchange, and income on Permitted Investments (except such investment earnings on Permitted Investments made using monies deposited in the

Trust Accounts and credited to ledgers held on segregated trust on a segregated basis for a particular beneficiary only), the Floating Transferor Percentage for that Monthly Period in which such Finance Charge Collections, Acquired Insurance Commission, Acquired Interchange and income on Permitted Investments arise;

- (iii) in respect of Ineligible Bare Trust Property, the Ineligible Receivables originated by the Transferor and all Ineligible Collections related to such Ineligible Receivables;
- (iv) in respect of Deferred Payment Bare Trust Property, any trust property held in the Deferred Payment Bare Trust; and
- (v) in respect of Segregated Bare Trust Property or Other Trust Property, any trust property expressly segregated and held for the benefit of the Transferor Beneficiary.

The term "**Adjusted Transferor Interest**" means in relation to the Transferor Beneficiary at any time the sum of (i) the amount of any cash contribution by the Transferor Beneficiary to the Penarth Receivables Trust and (ii) the aggregate of the outstanding face amount of Receivables that are Principal Receivables assigned by the Transferor as Eligible Receivables to (or held by it in trust for) the Receivables Trustee as reduced by the aggregate of:

- (a) the total consideration received by the Transferor in cash for the Eligible Receivables that are Principal Receivables (excluding any amount received as Deferred Consideration);
- (b) Principal Collections distributed to the Transferor Beneficiary and other principal amounts distributed to the Transferor Beneficiary from the Trustee Investment Account;
- (c) the Transferor Beneficiary's proportionate share of Principal Receivables that are Defaulted Receivables;
- (d) the total amount of Deferred Consideration "Loss Make-Up" (which is equal to amounts received from time to time by the Receivables Trustee by way of Additional Funds "Loss Make-Up") received by the Transferor pursuant to the RSD; and
- (e) reductions of the Transferor's beneficial interest in the Penarth Receivables Trust to satisfy the payment obligations of the Transferor Beneficiary (in its capacity as Transferor) being payment obligations which arise from Ineligible Receivables or in respect of a Credit Card Agreement,

provided that, for the avoidance of doubt, in calculating the amount of the Adjusted Transferor Interest, the amount of any given payment shall not be deducted more than once.

The term "**Aggregate Adjusted Investor Interest**" shall mean, at any time, in respect of an Investor Beneficiary, the sum of the Adjusted Investor Interests of all outstanding Trust Series in respect of such Investor Beneficiary and "**Combined Aggregate Adjusted Investor Interest**" shall mean at any time, the sum of the Aggregate Adjusted Investor Interests for all Investor Beneficiaries. For the definition of Adjusted Investor Interest, see "*Sources of Funds to Pay the Loan Notes*".

The term "**Floating Transferor Percentage**" shall mean in respect of any Monthly Period and in respect of the Transferor, the percentage resulting from the calculation of (1) 100 per cent. minus (2) the aggregate of the Floating Investor Percentages of each Investor Beneficiary **provided that**, if the relevant Trust Series has a Net Floating Investor Percentage, the reference to Floating Investor Percentage shall mean, for such Trust Series, the Net Floating Investor Percentage when calculating the Floating Transferor Percentage in respect of Acquired Interchange, Acquired Insurance Commission, Investor Default Amount and income on Permitted Investments.

The Transferor is not beneficially entitled to investment earnings on Permitted Investments made using monies deposited in the Trust Accounts and ledgers held on segregated trust on a segregated basis for a particular beneficiary only. However the Transferor will have the right to payments of Deferred Consideration from the Receivables Trustee. The payments of Deferred Consideration will include, *inter alia*, amounts equal to monies distributed by the Receivables Trustee to the Investor Beneficiaries as earnings on Permitted Investments, made using monies deposited in the Trust Accounts and credited to ledgers held on segregated trust on a segregated basis for a particular beneficiary, unless the relevant

Supplement for a particular Trust Series states otherwise. (See "*Sources of Funds to Pay the Loan Notes*").

The term "**Permitted Investments**" shall mean any one or more of the following:

- (i) demand or time deposits, certificates of deposit and other short-term unsecured debt obligations **provided that**, in each case, at the time the deposit is made or the certificate or obligation is acquired the then current rating of the unsecured and unguaranteed debt obligations of that institution (or, where the investment in question is guaranteed, of the guaranteeing institution) is (a) A-1 or at least A+ (where no short term rating is available) from Standard & Poor's, F1 from Fitch Ratings and P-1 from Moody's, or (b) consistent with such other rating as is consistent with the then prevailing published rating criteria of the relevant Rating Agency; or
- (ii) short-term unsecured debt obligations (including commercial paper) issued by a body corporate **provided that** the then current rating of the unsecured and unguaranteed debt obligations of that body corporate (or where the debt obligations in question are guaranteed, of the guaranteeing institution) is (a) A-1 or at least A+ (where no short term rating is available) from Standard & Poor's, F1 from Fitch Ratings and P-1 from Moody's, or (b) consistent with such other rating as is consistent with the then prevailing published rating criteria of the relevant Rating Agency,

provided that, no withholding or deduction for or account of tax will be made on any payments of interest or principal in respect of any such deposit, bond, debenture, note or other investment or security evidencing debt, and **provided further that** no such instrument will be a volatile instrument (as specified in the Rating Agencies' published criteria) and/or an instrument issued by a mutual fund or similar investment vehicle, and **provided further that** each such instrument shall mature at the latest on the Business Day preceding the following Transfer Date so that such funds will be available for withdrawal on or prior to the following Transfer Date.

Without prejudice to the above, each beneficiary will be entitled to all trust property from time to time which is expressly held on bare trust for the sole benefit of such beneficiary.

Allocation and application of Collections

The Receivables Trustee has opened and will maintain a collection account (the "**Trustee Collection Account**") at a Qualified Institution (currently Bank of Scotland at its branch located at Leeds) in which there is established a Principal Collections Ledger and a Finance Charge Collections Ledger to which Principal Collections and Finance Charge Collections are credited, respectively. The Receivables Trustee has also opened and will maintain an investment account at a Qualified Institution (currently at Bank of Scotland at its branch located at Leeds) (the "**Trustee Investment Account**") to which are credited all amounts allocated as available to fund the purchase of Receivables. The Receivables Trustee may also open additional Trust Accounts from time to time at a Qualified Institution for the benefit of specific beneficiaries (each an "**Additional Trust Account**"). See also "*Sources of Funds to Pay the Loan Notes — Distribution ledgers*".

The Trustee Collection Account, the Trustee Investment Account and any Additional Trust Accounts are collectively referred to as the "**Trust Accounts**". The Receivables Trustee, as trustee of the Penarth Receivables Trust, possesses all legal right, title and interest in all funds on deposit from time to time in each trust account and in all proceeds thereof. Trust Accounts may be located either in the United Kingdom or in Jersey, Channel Islands.

The Receivables Trustee has directed Bank of Scotland that Collections in respect of Finance Charge Receivables and recoveries ("**Finance Charge Collections**") and Collections in respect of Principal Receivables which are Eligible Receivables ("**Principal Collections**") and other monies held on trust in the Operating Account for the benefit of the Receivables Trustee are to be transferred to the Trustee Collection Account no later than two Business Days after the Date of Processing thereof. The Receivables Trustee must regard all monies in the Trustee Collection Account as Collections in respect of Receivables assigned to the Penarth Receivables Trust unless the Servicer has notified the Receivables Trustee that part or all of such monies have been incorrectly paid into such account ("**Incorrect Payments**"). An amount equal to Incorrect Payments previously allocated as Finance Charge Collections is deducted from Collections in respect of Finance Charge Receivables prior to allocating Finance Charge Collections, for

any purpose, on the Business Day on which such allocated Incorrect Payments are notified to the Receivables Trustee.

From time to time Collections are paid into the Trustee Collection Account representing Collections in respect of Ineligible Receivables ("**Ineligible Collections**") but which were initially considered to be Principal Collections in respect of Eligible Receivables ("**Allocated Ineligible Collections**"). Such monies may be allocated in accordance with the terms of the RTDSA (and any Supplement thereto) unless prior to such allocation the Servicer notifies the Receivables Trustee that such monies are Ineligible Collections. To the extent that the Servicer does not notify the Receivables Trustee that monies in the Trustee Collection Account are Ineligible Collections, the Receivables Trustee treats such monies as Collections in respect of Eligible Receivables and such Collections are allocated accordingly.

Upon notice to the Receivables Trustee by the Servicer that Allocated Ineligible Collections have been allocated as Principal Collections in respect of Eligible Receivables, the Receivables Trustee shall amend its books of account to record that the Ineligible Bare Trust Property has been decreased by the amount of such Allocated Ineligible Collections previously allocated as Principal Collections. The Transferor's beneficial interest in the Ineligible Bare Trust Property and (forming part of the Penarth Receivables Trust) the Transferor's beneficial interest in the Undivided Bare Trust Property are each adjusted by the amount of such adjustments with respect to Incorrect Payments, Ineligible Collections and Ineligible Receivables.

Principal Receivables which are Eligible Receivables and which become Receivables in a Defaulted Account are allocated between the Transferor Beneficiary and the Investor Beneficiaries in relation to each Trust Series in accordance with their respective beneficial entitlements to trust property at that time. Credit adjustments in respect of Principal Receivables are allocated to the Transferor Beneficiary as a reduction of the Transferor's beneficial interest in the Penarth Receivables Trust until such time as the Adjusted Transferor Interest reaches zero. Principal Receivables which are Ineligible Receivables and which become Receivables in Defaulted Accounts, reduce the Transferor's beneficial interest in the Ineligible Bare Trust Property until such time as the Transferor's beneficial interest in the Ineligible Bare Trust Property reaches zero.

Collections representing trust property are allocated as Principal Collections, Finance Charge Collections or Ineligible Collections. If the Transferor nominates a Discount Percentage (see "*The Receivables — Discount Option Receivables*"), a percentage of Principal Collections equal to the Discount Percentage so nominated will be treated as Finance Charge Collections.

If specified by a Supplement, the Investor Beneficiary in respect of the relevant beneficial interest will be entitled to a portion of Acquired Interchange and a portion of Acquired Insurance Commission. In all cases the Transferor Beneficiary will also be entitled to a portion of Acquired Interchange and a portion of Acquired Insurance Commission. In respect of the De-Linked Trust Series, Loan Note Issuer No.1 will be entitled to the portion of Investor Acquired Interchange Amount and a portion of Investor Acquired Insurance Commission Amount as further described in "*Sources of Funds to Pay the Loan Notes*".

Unless specified otherwise in the related Supplement, each Trust Series is or will be entitled to varying percentages of Principal Collections, Finance Charge Collections and losses in respect of Defaulted Receivables in Defaulted Accounts, in each case calculated by reference to the investor percentage applicable to such Trust Series on a *pari passu* and *pro rata* basis with Principal Collections, Finance Charge Collections or losses in respect of Defaulted Receivables in Defaulted Accounts (as the case may be) allocated to other Trust Series and to the Transferor Beneficiary. Also, as noted above, if so specified in the related Supplement, each Trust Series is or will be entitled to a portion of Acquired Interchange and Acquired Insurance Commission in respect of each Monthly Period. That portion of Acquired Interchange and that portion of Acquired Insurance Commission which is not allocated to any Trust Series will be allocated to the Transferor Beneficiary.

The Transferor Beneficiary (in its capacity as Transferor) is entitled to receive, as Deferred Consideration from the Receivables Trustee, amounts equal to those amounts of, *inter alia*, Finance Charge Collections, Acquired Insurance Commission and Acquired Interchange distributed in respect of a Trust Series that are not utilised by other beneficiaries (whether or not a member of such Trust Series) or any enhancement provider as specified pursuant to the related Supplement but which are paid to the Receivables Trustee by the Investor Beneficiary as Additional Funds. The entitlement of each Investor Beneficiary (in respect of its Investor Interest relating to a Trust Series) to Principal Collections, Finance Charge Collections,

Acquired Insurance Commission and Acquired Interchange is or will be specified in the related Supplement.

Certain obligations on the part of the Transferor to make a payment to the Receivables Trustee pursuant to the RSD, in respect of Principal Receivables in respect of which a breach of warranty has occurred, may be fulfilled by a reduction of the Transferor's beneficial interest in the Penarth Receivables Trust and, in addition, where appropriate, by an increase in the Transferor's beneficial interest in the Ineligible Bare Trust Property; **provided, however, that** in the event and to the extent the Adjusted Transferor Interest would be reduced below zero, the Transferor must make a corresponding payment to the Receivables Trustee in accordance with the provisions of the RTDSA and the RSD.

The Servicing Fee is payable by the Receivables Trustee to the Servicer. The Receivables Trustee is entitled to be reimbursed for its payments to the Servicer from payments made by the beneficiaries to the Receivables Trustee. Each beneficiary may utilise trust property allocated to such beneficiary to make such payment and the amount of the reimbursement to be paid to the Receivables Trustee is deducted from certain payments of Acquired Interchange and Finance Charge Collections calculated as allocable to the Transferor Beneficiary and each Investor Beneficiary in respect of a Trust Series on a *pari passu* and *pro rata* basis as more particularly described in each related Supplement.

In accordance with the preceding summary of general principles, the Receivables Trustee makes the following daily (unless otherwise stated) transfers of monies from, or on a daily basis identifies and credits to separate ledgers in, the Trustee Collection Account in the following priority:

- (i) the amount of any Incorrect Payments notified to the Receivables Trustee not previously allocated as Collections representing trust property, to an account in the name of Bank of Scotland utilised to receive amounts owing to Bank of Scotland from the Receivables Trustee, from time to time (the "**Receipts Account**"), whereupon such monies will be available for distribution to the Transferor Beneficiary in accordance with the provisions of the RTDSA;
- (ii) the amount of Ineligible Collections notified to the Receivables Trustee not previously allocated as Principal Collections, to the Receipts Account, whereupon such monies will be available for distribution to the Transferor Beneficiary in accordance with the provisions of the RTDSA;
- (iii) the relevant amount of Principal Collections to be credited to the Principal Collections Ledger, and if specified in the related Supplement for a Trust Series, the relevant amount of Principal Collections (if any) to be credited to the relevant sub-ledger in the Trust Series Principal Collections Ledger (as applicable), as specified in or pursuant to such related Supplement for the applicable Trust Series (and a corresponding adjustment shall be made to the Principal Collections Ledger in the Trustee Collection Account);
- (iv) subject to paragraph (ix) below and to any provisions of any Supplement which require any amounts to be retained in the Principal Collections Ledger (whether on account of Required Retained Principal Collections (as defined in the related Supplement for each Trust Series) or otherwise), or, as the case may be, distributed from the Principal Collections Ledger the amount of any Principal Collections remaining after the application of (i) to (iii) above (which remaining amount shall constitute "**Cash Available For Investment**"), from the Trustee Collection Account to the Trustee Investment Account (and a corresponding adjustment shall be made to the Principal Collections Ledger in the Trustee Collection Account);
- (v) an amount equal to the product of (1) the Floating Transferor Percentage for the Monthly Period in which such Finance Charge Collections arise, and (2) the aggregate amount of Finance Charge Collections in respect of the relevant Date of Processing (the "**Transferor Finance Charge Amount**") from the Trustee Collection Account to the Receipts Account or as the Transferor Beneficiary may direct (and a corresponding adjustment shall be made to the Finance Charge Collections Ledger in the Trustee Collection Account) whereupon such monies shall cease to be trust property and will be available for distribution to the Transferor Beneficiary in accordance with the provisions of the RTDSA;
- (vi) on each Transfer Date an amount equal to the product of (1) the Floating Transferor Percentage for the Monthly Period preceding such Transfer Date, and (2) the aggregate amount of Acquired Interchange deposited by the Transferor in the Trustee Collection Account in respect of the

relevant Monthly Period (the "**Transferor Acquired Interchange Amount**") from the Trustee Collection Account to the Receipts Account or as the Transferor Beneficiary may direct (and a corresponding adjustment shall be made to the Finance Charge Collections Ledger in the Trustee Collection Account) whereupon such monies shall cease to be trust property and will be available for distribution to the Transferor Beneficiary in accordance with the provisions of the RTDSA;

- (vii) in respect of each Investor Beneficiary, an amount equal to the product of (1) the sum of the Floating Investor Percentages in respect of all outstanding Trust Series for the relevant Investor Beneficiary for the Monthly Period in which such Finance Charge Collections arise, and (2) the aggregate amount of Finance Charge Collections in respect of the relevant Date of Processing (the "**Investor Finance Charge Amount**") in the Trustee Collection Account to be credited to the relevant sub-ledger in the Finance Charge Collections Ledger or as the relevant Investor Beneficiary may direct in relation to the amounts thereof referable to the Trust Series in respect of which the relevant Investor Beneficiary is the Investor Beneficiary (and a corresponding adjustment shall be made to the Finance Charge Collections Ledger in the Trustee Collection Account) whereupon such monies shall cease to be Undivided Bare Trust Property;
- (viii) on each Transfer Date, in respect of each Investor Beneficiary, an amount equal to the product of (1) the sum of the Floating Investor Percentages in respect of all outstanding Trust Series for the relevant Investor Beneficiary for the Monthly Period preceding the Transfer Date, and (2) the aggregate amount of Acquired Interchange deposited by the Transferor in the Trustee Collection Account in respect of the relevant Monthly Period (the "**Investor Acquired Interchange Amount**") in the Trustee Collection Account to be credited to the relevant sub-ledger in the Finance Charge Collections Ledger or as the relevant Investor Beneficiary may direct in relation to the amounts thereof referable to the Trust Series in respect of which that relevant Investor Beneficiary is the Investor Beneficiary (and a corresponding adjustment shall be made to the Finance Charge Collections Ledger in the Trustee Collection Account) whereupon such monies shall cease to be Undivided Bare Trust Property;
- (ix) on each Transfer Date an amount equal to the product of (1) the Floating Transferor Percentage for the Monthly Period preceding such Transfer Date, and (2) the aggregate amount of Acquired Insurance Commission deposited by the Transferor in the Trustee Collection Account in respect of the relevant Monthly Period (the "**Transferor Acquired Insurance Commission Amount**") from the Trustee Collection Account to the Receipts Account or as the Transferor Beneficiary may direct (and a corresponding adjustment shall be made to the Finance Charge Collections Ledger in the Trustee Collection Account) whereupon such monies shall cease to be trust property and will be available for distribution to the Transferor Beneficiary in accordance with the provisions of the RTDSA;
- (x) on each Transfer Date, in respect of each Investor Beneficiary, an amount equal to the product of (1) the sum of the Floating Investor Percentages in respect of all outstanding Trust Series for the relevant Investor Beneficiary for the Monthly Period preceding the Transfer Date, and (2) the aggregate amount of Acquired Insurance Commission deposited by the Transferor in the Trustee Collection Account in respect of the relevant Monthly Period (the "**Investor Acquired Insurance Commission Amount**") in the Trustee Collection Account to be credited to the relevant sub-ledger in the Finance Charge Collections Ledger or as the relevant Investor Beneficiary may direct in relation to the amounts thereof referable to the Trust Series in respect of which that relevant Investor Beneficiary is the Investor Beneficiary (and a corresponding adjustment shall be made to the Finance Charge Collections Ledger in the Trustee Collection Account) whereupon such monies shall cease to be Undivided Bare Trust Property; and
- (xi) if on any day, (A) the sum of the Combined Aggregate Adjusted Investor Interest and the Adjusted Transferor Interest is zero, and (B) a principal collection is received ("**Unavailable Principal Collections**") such amount shall be withdrawn from the Principal Collections Ledger and transferred to the Trustee Investment Account and such deposited Unavailable Principal Collections in the Trustee Investment Account shall be transferred to the Transferor Beneficiary in accordance with the description of Cash Available For Investment described below.

Amounts remaining in the Trustee Collection Account after the application of monies referred to above (as supplemented and/or amended pursuant to any Supplement) shall either (1) remain deposited in the

Trustee Collection Account until such time as they are utilised on succeeding Business Days in accordance with the RTDSA and any Supplement, or (2) be invested in Permitted Investments.

Application of Cash Available for Investment — payments of Acceptance Price and for further Eligible Receivables

During each Loan Note Revolving Period, Accumulation Period, or Regulated Amortisation Period applicable to a Trust Series as further specified in the related Supplement (see "*Sources of Funds to Pay the Loan Notes — Distributions of Principal Collections to Loan Note Issuer No.1*"), the Receivables Trustee will utilise a portion of Principal Collections allocated to Investor Beneficiaries in respect of each outstanding Trust Series ("**Cash Available For Investment**"), as available, to fund the following amounts (**provided that** no amounts of Cash Available For Investment are used to pay for Receivables notified by the Transferor to be Ineligible Receivables):

- (a) (i) the amount required to fund acceptance (the "**Acceptance Price**"), if applicable, of any Offer (pursuant to the terms of the RSD), and (ii) if the Receivables Trustee has accepted an Offer, the amount (if any) required to meet the obligation of the Receivables Trustee to pay an amount (the "**Further Payment**") equal to the outstanding face amount of the Existing Receivables referred to in such Offer on the Addition Date (if any) (excluding any Receivables which have, prior to the time of acceptance, been identified by the Transferor or the Servicer as being Ineligible Receivables), less the Acceptance Price paid by the Receivables Trustee to the Transferor in respect of such Offer as stipulated in such Offer pursuant to the terms of RSD;
- (b) the amount required to meet the obligation of the Receivables Trustee to make payments in respect of (*inter alia*) Future Receivables in accordance with the terms of the RSD, **provided however that** if, on any Business Day, there is insufficient Cash Available For Investment to fund the Receivables Trustee's purchase of Future Receivables, the Transferor Beneficiary shall be obliged to fund the Receivables Trustee in respect of the amount of the shortfall. To the extent that there is such a shortfall on any Business Day, such shortfall shall be met by a reduction in the aggregate amount payable to the Transferor Beneficiary by the Receivables Trustee and an increase in the Transferor Beneficiary's beneficial interest in the Penarth Receivables Trust in each case by the amount of such shortfall;
- (c) the amount (if any) required to meet the obligation of the Receivables Trustee to pay Deferred Consideration "Loss Make-Up" in accordance with the terms of the RSD;
- (d) if the amount of Cash Available For Investment exceeds the amount of Existing Receivables or Future Receivables which are Eligible Receivables and available to be purchased by the Receivables Trustee on any Business Day, the excess amount of Cash Available For Investment will be distributed to the Transferor Beneficiary (and, if specified in the related Supplement, to Investor Beneficiaries in respect of other outstanding Trust Series) in order to decrease the amount of the Transferor Beneficiary's beneficial interest in the Penarth Receivables Trust (or the relevant Investor Beneficiary's beneficial interest in respect of the relevant Trust Series Investor Interest) in the Eligible Receivables pool and/or Other Trust Property, **provided that**, if (A) the Adjusted Transferor Interest has fallen to zero, and (B) an Unavailable Principal Collection is held in the Trustee Investment Account, such amount shall remain credited to the Trustee Investment Account. Unavailable Principal Collections will not be distributed to the Transferor Beneficiary unless, and only to the extent that, the Adjusted Transferor Interest increases above zero; and
- (e) the balance, if any, of amounts held in the Trustee Investment Account on any day, representing Cash Available For Investment which are not to be otherwise utilised on that day as part of the undivided trust property in accordance with the RTDSA and the terms of the Undivided Bare Trust shall remain in the Trustee Investment Account to be utilised in accordance with the RTDSA on the next and (if applicable) the following Business Days.

The Transferor's beneficial interest in the Penarth Receivables Trust is also decreased or increased by other adjustments thereto as referred to in "*Allocation and Application of Collections*" above.

The Investor Interest in respect of each Trust Series and the beneficial interest in the Penarth Receivables Trust of each Additional Beneficiary is or will be increased or decreased in the manner specified in the related Supplement. See "*Sources of Funds to Pay the Loan Notes*".

Application of monies in the Receivables Trustee Consideration Account — Deferred Consideration payable by the Receivables Trustee to the Transferor

Under the terms of the RSD the Receivables Trustee has an obligation to make payments of Deferred Consideration (other than Deferred Consideration "Loss Make-Up") to the Transferor. These payments will be funded by amounts accumulating in a consideration account opened and maintained by the Receivables Trustee with a Qualified Institution in Jersey (the "**Receivables Trustee Consideration Account**"). See "*The Receivables — Assignment of Receivables to the Receivables Trustee*" and see also "*The Loan Notes*".

Non-petition undertaking of beneficiaries

It is a condition of the Penarth Receivables Trust (to which each beneficiary must consent upon its execution of a Supplement) that each beneficiary of the Penarth Receivables Trust (including Bank of Scotland as Transferor Beneficiary), the Transferor, the Servicer and any Successor Servicer undertakes to the Receivables Trustee for itself and as trustee for each other beneficiary that such party will not take any corporate action or other steps or legal proceedings for the winding up, dissolution or re-organisation or for the appointment of a receiver, administrator, administrative receiver, trustee, liquidator, sequestrator or similar officer of any Investor Beneficiary (unless specified otherwise in relation to such Investor Beneficiary in any related Supplement), the Receivables Trustee or the Penarth Receivables Trust or of any or all of the revenues and assets of any of them or participate in any *ex parte* proceedings nor seek to enforce any judgment against any of such persons.

Pay Out Events

A Pay Out Event will cause the Investor Interest in relation to a particular Trust Series to enter an Amortisation Period.

A "**Pay Out Event**" may be a Trust Pay Out Event or a Trust Series Pay Out Event. Each Trust Series, including the De-Linked Trust Series, will have certain Pay Out Events that relate only to such Trust Series (such a Pay Out Event being for a Trust Series a "**Trust Series Pay Out Event**"). In relation to the De-Linked Trust Series, the Trust Series Pay Out Events are the Funding 1 Pay Out Events. The Funding 1 Pay Out Events are listed below under "*Sources of Funds to Pay the Loan Notes - Funding 1 Pay Out Events*".

If any one of the following events (each a "**Trust Pay Out Event**") occurs:

- (a) the Transferor, or a Material Originator in respect of the Transferor, shall consent or take any corporate action in relation to the appointment of a receiver, administrator, administrative receiver, liquidator, trustee or similar officer of it or relating to all or substantially all of its revenues and assets;
- (b) proceedings shall be initiated against the Transferor, or a Material Originator in respect of the Transferor, under any applicable liquidation, insolvency, composition, re-organisation or similar laws for its winding up, dissolution, administration or reorganisation and such proceedings are not discharged within 60 days or a receiver, administrator, administrative receiver, liquidator, trustee or similar officer of it or relating to all or substantially all of its revenues and assets is legally and validly appointed and such appointment is not discharged within 14 days;
- (c) a duly authorised officer of the Transferor, or a Material Originator in respect of the Transferor, shall admit in writing that the Transferor is unable to pay its debts as they fall due within the meaning of Section 123(1) of the Insolvency Act 1986 or the Transferor or such Material Originator (as applicable) makes a general assignment or trust for the benefit of or a composition with its creditors or voluntarily suspends payment of its obligations with a view to the general readjustment or rescheduling of its Indebtedness;
- (d) the Transferor shall become unable for any reason to transfer Receivables arising on Designated Accounts to the Penarth Receivables Trust in the manner contemplated in the RSD;

- (e) the Transferor ceases to be resident for tax purposes in the United Kingdom or otherwise ceases to be within the charge to United Kingdom corporation tax; or
- (f) a change in law or its interpretation or administration results in the Receivables Trustee becoming liable to make any payment on account of tax (other than stamp duty payable in the United Kingdom in respect of any transfer of Receivables pursuant to the RSD),

then, (1) in the case of a Trust Pay Out Event under paragraph (a), (b) or (c) (each an "**Insolvency Event**") above, a Pay Out Event will occur in respect of each Trust Series and each beneficiary within such Trust Series, and (2) in the case of any other Trust Pay Out Event, a Pay Out Event will occur in respect of each Trust Series and each beneficiary within such Trust Series, and in the case of both (1) and (2) without any notice or other action on the part of the Receivables Trustee or any beneficiary immediately upon the occurrence of such event.

The Transferor must give immediate notice to the Receivables Trustee of an Insolvency Event. Where an Insolvency Event occurs, Future Receivables under each Account which are not Finance Charge Receivables in respect of Principal Receivables and Future Receivables which are Finance Charge Receivables may be assigned to, or in the case of Receivables governed by Scots law, held on trust for, the Receivables Trustee pursuant to the RSD.

Termination of the Penarth Receivables Trust

Subject to obtaining the written consent of each existing beneficiary of the Penarth Receivables Trust, on any day on which (i) the Aggregate Investor Interest in respect of each Investor Beneficiary is reduced to zero, (ii) there are no Finance Charge Collections or Other Trust Property allocated to any beneficiaries other than the Transferor Beneficiary and (iii) no beneficiary is committed to make Contributions to meet payments in respect of the assignment or holding on trust of Receivables to or for the Receivables Trustee, then the Transferor Beneficiary may, by written notice, direct the Receivables Trustee to dissolve the Penarth Receivables Trust. On dissolution of the Penarth Receivables Trust, the Receivables Trustee shall distribute the trust property to the Transferor Beneficiary and any other beneficiaries according to their respective beneficial entitlements at that time. Following such conveyance of the trust property to each beneficiary, the Penarth Receivables Trust shall be dissolved.

Amendments to the Receivables Trust Deed and Servicing Agreement

General amendments

The RTDSA may be amended (i) in writing from time to time by the Servicer, the Transferor Beneficiary and the Receivables Trustee, only with the prior written consent of each person who is a beneficiary at the time of such amendment, and (ii) in writing from time to time by the Receivables Trustee at the direction of the Transferor Beneficiary and with the prior written consent of each person who is a beneficiary at the time of such amendment:

- (a) at any time, **provided that** the Servicer has certified in writing that in its opinion, formed on the basis of due consideration, such amendment will not result in a reduction or withdrawal of each Rating Agency's then current rating of any outstanding Associated Debt;
- (b) to provide for additional or substitute enhancement with respect to a Trust Series, (so long as the amount of such substitute enhancement, unless otherwise provided in any related Supplement, is equal to or greater than the original enhancement for such Trust Series); and
- (c) to change the definition of Eligible Account or Eligible Receivable or to provide for the addition to the Penarth Receivables Trust of a participation arrangement; **provided that** any such change shall have no effect in relation to any Receivables acquired by the Receivables Trustee before such change takes effect and **provided, further that** in the reasonable belief of the Transferor Beneficiary, such amendment would not have a Material Adverse Effect on the interests of any Investor Beneficiary, and, that the Servicer has certified in writing that in its opinion, formed on the basis of due consideration, such amendment will not result in a reduction or withdrawal of each Rating Agency's then current rating of any outstanding Associated Debt.

Under the terms of the Beneficiaries Deed, each Investor Beneficiary has agreed that, provided the above three conditions are met, if so requested in writing by the Transferor Beneficiary, it will give its consent in accordance with that request.

The term "**Material Adverse Effect**" shall mean a material adverse effect on the interests of any Investor Beneficiary which shall be construed to include any Investor Beneficiary which is a member of a Trust Series with Related Debt outstanding as more particularly specified in any related Supplement.

Amendments to rights of outstanding Trust Series

The RTDSA (and any Supplement thereto) may also be amended in writing from time to time by the Servicer, the Transferor Beneficiary and the Receivables Trustee with the prior written consent of all of the beneficiaries for the purpose of adding any provisions to or changing in any manner or eliminating any of the provisions of the RTDSA or any Supplement or modifying in any manner the rights of any Investor Beneficiary of any outstanding Trust Series. The Rating Agencies shall be notified of any such amendments to the RTDSA (and any Supplement thereto) other than those amendments which are of a formal, minor or technical nature or are to correct any manifest errors.

The Receivables Trustee may, but shall not be obliged to, enter into any such amendment which affects the Receivables Trustee's rights, duties or immunities under the RTDSA or otherwise.

Disposals of beneficial entitlements

No beneficiary may transfer, assign, exchange, place in any custodial arrangement for security purposes or otherwise convey or dispose of its beneficial entitlement in the Penarth Receivables Trust (each a "**Disposal**") or create any encumbrance thereover (unless specified otherwise in any Supplement), except in the following permitted circumstances:

- (a) the Transferor Beneficiary may make a Disposal of or create or grant any encumbrance over the whole or any part of the Transferor's beneficial interest in the Penarth Receivables Trust **provided, however, that** the Servicer has certified in writing that in its opinion, formed on the basis of due consideration, such amendment will not result in a reduction or withdrawal of each Rating Agency's then current rating of any outstanding Associated Debt; and
- (b) any other beneficiary may also make a Disposal of the whole or any part of its beneficial entitlement (including any Investor Interest comprised therein in the case of an Investor Beneficiary) or create or grant any encumbrance in respect of such beneficial entitlement with the prior written consent of the Transferor Beneficiary and each other beneficiary; **provided, however, that** where such Disposal or encumbrance by an Investor Beneficiary is for the purpose of any security assignment or Security Interest granted to a Security Trustee under a supplement to the STDCMA, the relevant Investor Beneficiary shall continue to be considered the beneficiary of the Penarth Receivables Trust regardless of such assignment until a notice of enforcement is served by the Security Trustee under the terms of the relevant supplement to the relevant STDCMA, and in addition, no such Disposal or encumbrance (other than as described in the immediately preceding proviso) will be permitted unless the Receivables Trustee shall have received prior written confirmation from the person to which such Disposal is to be made, or encumbrance is to be granted in favour of, that such person complies with the requirements relating to which persons may make a Contribution to the Penarth Receivables Trust (see "*Contributions to trust property*" above). Under the terms of the Beneficiaries Deed, each Investor Beneficiary agrees that, if requested in writing by the Transferor Beneficiary, the Investor Beneficiary will give its consent in accordance with such request.

Trustee payment amount

As full compensation for any fees, costs and expenses incurred by the Receivables Trustee in connection with its duties and activities as Receivables Trustee (including amounts in respect of stamp duty (if applicable) and payments pursuant to the Jersey Bank Account Operating Agreement (see "*The Receivables — Assignment of Receivables to the Receivables Trustee*"), but excluding amounts in respect of the Servicing Fee and any tax on profits), the Receivables Trustee is entitled to be reimbursed by the beneficiaries for such amounts with respect to each Monthly Period on the related Transfer Date (each such payment on the related Transfer Date being the "**Trustee Payment Amount**"). The aggregate of all

such fees, expenses and reimbursement of such costs and expenses payable on a Transfer Date together with any trustee fee payable on such date is described as the "**Aggregate Trustee Payment Amount**".

In consideration of the undertaking and performance by the Receivables Trustee of its fiduciary duties under the RTDSA and any Supplement thereto, the beneficiaries shall pay to the Receivables Trustee a trustee fee. "**Trustee Fee**" means a fee per year calculated in accordance with each Supplement. The Trustee Fee is payable in 12 equal instalments on each Transfer Date commencing with the first Transfer Date after each Trust Series Issue Date and shall be included in the Aggregate Trustee Payment Amount on each Transfer Date. See "*Sources of Funds to Pay the Loan Notes — Investor Trustee Payment Amount*".

The share of the Aggregate Trustee Payment Amount allocable to and borne by Loan Note Issuer No.1 (as an Investor Beneficiary) in respect of a Trust Series is described in "*Sources of Funds to Pay the Loan Notes — Investor Trustee Payment Amount*".

Jersey Bank Account Operating Agreement

The Receivables Trustee has entered into a bank account operating agreement in Jersey (the "**Jersey Bank Account Operating Agreement**") dated 16 October 2008 (as amended and restated from time to time) with Structured Finance Management Offshore Limited, (the "**Jersey Bank Account Operator**") a company incorporated under the laws of Jersey and having its registered address at 47 Esplanade, St. Helier, Jersey, Channel Islands. Under the terms of the Jersey Bank Account Operating Agreement, the Jersey Bank Account Operator agrees to operate the various Trust Accounts (which are located in both London and Jersey) on behalf of the Receivables Trustee and in accordance with the instructions and directions of the Receivables Trustee given in Jersey.

THE RECEIVABLES

Assignment of Receivables to the Receivables Trustee

The Receivables that will be originated and offered to the Receivables Trustee are governed by the laws of England and Wales or Scotland. Under the terms of the RSD entered into on 16 October 2008 (as amended and restated from time to time), Bank of Scotland, as the sponsor and Transferor, has offered on that date to sell and assign to the Receivables Trustee, and in respect of Receivables governed by Scots law, declared a trust over, all Receivables that had arisen or will arise in all Designated Accounts as of 26 September 2008 (the "**Pool Selection Date**"). Under the terms of the LTSB RSD entered into on 1 November 2010, LTSB has offered on that date (the "**LTSB Offer**") to sell and assign to Bank of Scotland, and in respect of Receivables governed by Scots law, declare a trust over, all Receivables that had arisen or will arise in certain designated accounts as of 8 November 2010 and Bank of Scotland accepted the LTSB Offer on the same date. Only credit card accounts in the name of individuals may be designated. On 8 November 2010, Bank of Scotland transferred (and, in respect of such Receivables governed by Scots laws has declared a trust over) such Receivables to the Receivables Trustee pursuant to the terms of the RSD. Each Prospectus Supplement/Final Terms relating to a Note Series will contain information on the then aggregate principal amount of Receivables in the Securitised Portfolio (as defined below under "*Summary of the Securitised Portfolio*").

Any Receivables assigned to or which may, in the future, be assigned to, or, if appropriate, have a Scottish declaration of trust granted over them in favour of, the Receivables Trustee by the Transferor arise or will arise in the credit card accounts of customers of the Transferor or of a Material Originator in respect of the Transferor (the "**Accounts**"). These have been selected from the total portfolio of Accounts owned by the Transferor or LTSB, as Material Originator, (the "**Bank Portfolio**") (from which the Transferor or LTSB (as relevant) may from time to time nominate Accounts and offer the Receivables arising on such Accounts to the Receivables Trustee in accordance with the RSD on the basis of eligibility criteria set out in the RSD and which become Designated Accounts following the acceptance by (i) Transferor of an offer (by LTSB, as Material Originator) and (ii) the Receivables Trustee of an Offer (by the Transferor) of an assignment of, an assignation of or the declaration of trust over the Receivables in such Accounts). If for any reason any Receivable arising on a Designated Account is not duly assigned to or held in trust for the Receivables Trustee, the Transferor will hold such Receivable and all Collections relating thereto on trust for the Receivables Trustee and all such Collections will be applied as if such Receivable had been validly and duly assigned or held in trust.

Under the terms of the RSD, an Additional Transferor may also assign any Receivables to, or have a Scottish declaration of trust granted over such Receivables in favour of, the Receivables Trustee which arise or will arise in the credit card accounts of customers of such Additional Transferor. The selection of Accounts originated or acquired by such Additional Transferor, the representations and warranties to be made by such Additional Transferor and the servicing of the Receivables originated or acquired by such Additional Transferor will be substantially the same as those assigned to, or held on trust for, the Receivables Trustee by the Transferor. At the time when such Additional Transferor accedes to the RSD, information in relation to such Additional Transferor and Receivables originated or acquired by such Additional Transferor will be disclosed by the Issuer to Noteholders. None of the Dealers (in respect of any notes outstanding at the time when such Additional Transferor accedes to the RSD) will conduct any due diligence in relation to receivables originated or acquired by an Additional Transferor at the time such Additional Transferor accedes to the RSD or thereafter.

Under the terms of the RSD, the Transferor also has the right to nominate additional Accounts from time to time and to offer to sell and assign to the Receivables Trustee, or, if applicable, declare a Scottish trust over, the Receivables arising under such Accounts whether such Receivables are then existing or thereafter created. An additional Account will become a Designated Account if such Offer is accepted on the Addition Date relating thereto. No additional Account shall be nominated as a Designated Account upon such acceptance (if any) unless the Transferor has (i) provided a solvency certificate to the Receivables Trustee, (ii) confirmed in the relevant Offer either (a) that the Offer of the additional Accounts satisfies the Maximum Addition Amount criteria or (b) that the Offer of such additional Accounts does not satisfy the Maximum Addition Amount criteria but each Rating Agency has confirmed that such inclusion will not result in a reduction or withdrawal of its then current rating of any outstanding Associated Debt and (iii) obtained a legal opinion addressed, and reasonably satisfactory, to the Receivables Trustee regarding any Receivables arising in a Permitted Additional Jurisdiction. If the Rating Agencies agree, any one or more of these pre-conditions to the designation of Accounts as

Designated Accounts following the acceptance (if any) of an Offer may be waived by the Receivables Trustee. Each account must also comply with the eligibility criteria described below in "*Representations*" as at the time of its designation. Additional Accounts may have been originated by the Transferor or a Material Originator in respect of the Transferor using credit criteria different from the credit criteria applied by the Transferor or such Material Originator (as applicable) to the Designated Accounts, or may have been acquired by the Transferor from an institution which may have had different credit criteria. Consequently, additional Accounts designated in the future may not be of the same credit quality as Designated Accounts existing as of the relevant Addition Date.

The term "**Maximum Addition Amount**" shall mean, unless otherwise provided in a Supplement, with respect to any Addition Date, the number of additional Accounts originated or purchased by the Transferor and designated as a Designated Account after the initial Addition Date pursuant to the terms of the RSD without prior Rating Agency confirmation of its then existing rating of any outstanding Associated Debt (as described in the RSD) which would (A) be zero in respect of any Accounts relating to partnership or affinity credit cards or any Accounts for which the related credit score is a number lower than 600 or its equivalent; or (B) either:

- (a) with respect to any of the three consecutive Monthly Periods beginning with the Monthly Period commencing on the first day of the month immediately following the date three months after the initial Addition Date be equal to 15 per cent. of the number of Designated Accounts as of the first day of the calendar year during which such Monthly Periods commence; or
- (b) with respect to any twelve-month period be equal to 20 per cent. of the number of Designated Accounts as of the first day of such twelve-month period,

provided, however, that if the aggregate principal balance in the additional Accounts specified in paragraph (a) or (b) above, as the case may be, shall exceed either:

- (a) 15 per cent. of the aggregate amount of Eligible Principal Receivables in all of the Accounts of the Transferor's Bank Portfolio that have been designated as additional Accounts since the first day of the third preceding Monthly Period or the initial Addition Date, as the case may be (determined as of the first day of the third preceding Monthly Period after the deduction of the aggregate amount of Eligible Principal Receivables as of the Addition Date in respect of each such additional Account); or
- (b) 20 per cent. of the aggregate amount of Eligible Principal Receivables in all of the Accounts of the Transferor's Bank Portfolio after the Addition Date that have been designated as additional Accounts since the first day of such calendar year or the initial Addition Date, as the case may be (determined as of the first day of the calendar year in which such Addition Date occurs after the deduction of the aggregate amount of Eligible Principal Receivables as of the Addition Date in respect of each such additional account),

then the Maximum Addition Amount shall be the number of additional Accounts, the total principal balance of which is the lesser of the aggregate amount of Eligible Principal Receivables specified in either clause (a) or clause (b) of this proviso.

The terms of the RSD provide that any Offer of Receivables to the Receivables Trustee (an "**Offer**") will comprise an offer to sell and assign (or, in relation to Receivables governed by Scottish law, to hold in trust):

- (i) all existing Receivables on certain Accounts nominated by the Transferor as at the opening of business on the relevant proposed Addition Date (in the case of each subsequent Offer) (the "**Existing Receivables**");
- (ii) all Future Receivables under such Accounts which are not Finance Charge Receivables in respect of Principal Receivables until the earliest of (a) such time as such Designated Accounts become Redesignated Accounts, or (b) the termination of the Penarth Receivables Trust;
- (iii) all Future Receivables under such Accounts which are Finance Charge Receivables in respect of Receivables which have been assigned to, or held on trust for, the Receivables Trustee pursuant to (i) or (ii) above; and

- (iv) (to the extent such are capable of assignment, assignation or being held in trust) the benefit of each guarantee or insurance policy obtained by the Transferor in respect of the obligations of an Obligor to make payments on such Designated Accounts.

It should be noted that the terms of the LTSB Offer provide that no Future Receivables in respect of American Express® Accounts will be assigned to (or, in relation to Receivables governed by Scottish law, put into trust for) Bank of Scotland after the termination of the agreement between LTSB and American Express Limited ("**American Express**") relating to American Express® branded cards. Hence the Transferor cannot assign or hold in trust such Future Receivables to, or for, the Receivables Trustee (although this will not affect the on-going assignment or holding in trust of Finance Charge Receivables arising on Principal Receivables in respect of American Express® Accounts assigned or held in trust prior to the termination of the agreement).

The date on which an Offer is accepted in accordance with the provisions of the RSD is an addition date (an "**Addition Date**"). The initial Offer made by the Transferor will offer an assignment of Acquired Interchange and Acquired Insurance Commission in respect of each Monthly Period. Future Receivables are automatically assigned in equity to or held on trust for the Receivables Trustee when they come into existence. The term "**Future Receivables**" means all Receivables in a Designated Account which are not Existing Receivables.

In order to identify all Receivables which have been assigned to or held on trust for the Receivables Trustee, the Servicer has agreed to maintain a computer system which will identify the beneficial ownership of the Receivables under such Accounts. See "*Redesignation and removal of Accounts*" below for a summary of the circumstances in which such designation will be removed.

Throughout the term of the Penarth Receivables Trust, the Accounts from which the Receivables arise will be such Designated Accounts plus any additional Accounts, minus any Redesignated Accounts (as discussed below).

Existing Receivables and Future Receivables arising under the Designated Accounts are either Principal Receivables or Finance Charge Receivables. "**Principal Receivables**" comprise all Receivables arising under a Designated Account other than Finance Charge Receivables and primarily comprise amounts owing in respect of the acquisition of merchandise and services by Obligors and the obtaining by Obligors of cash advances. The amount of Principal Receivables on a Designated Account on any day is reduced by the amount of any credit balance on that Designated Account on that day. "**Finance Charge Receivables**" means all Receivables under a Designated Account which comprise amounts relating to transaction fees (all fees as specified in the Credit Card Agreement applicable to each Account other than Special Fees or Annual Fees, the "**Transaction Fees**"), Periodic Finance Charges, charges for credit insurance, charges for card protection insurance, Special Fees (see "*Special Fees*" below) and Annual Fees (see "*Annual Fees*" below) and, in respect of any Monthly Period, includes Discount Option Receivables.

Under the terms of the RSD, any Offer of Receivables made by the Transferor shall be accepted by the Receivables Trustee by executing a contract to such effect in Jersey. Upon such acceptance the Receivables Trustee will be bound to pay the Acceptance Price and make Further Payment to the Transferor. Payment for Future Receivables is made not later than two Business Days after the Date of Processing of such Receivables (or within such longer period of time as may be agreed upon by the Transferor and the Receivables Trustee) and as specified in a daily report prepared and maintained by the Servicer, which is available at the office of the Servicer for inspection by the Receivables Trustee or its agents. Such payment also comprises consideration for the assignment of the benefit of Acquired Interchange and Acquired Insurance Commission to the Receivables Trustee.

The amount which the Receivables Trustee must pay to the Transferor in order to accept an Offer or in payment for Future Receivables as described above is reduced by the amount of any shortfall in the amount funded by the Transferor as a beneficiary, **provided that** the Transferor's beneficial interest in the Penarth Receivables Trust is increased accordingly.

Redesignation and Removal of Accounts

Each Designated Account will continue to be a Designated Account until such time as it becomes a Cancelled Account, a Zero Balance Account, a Defaulted Account or until the Transferor reclassifies it as being no longer a Designated Account (each of the foregoing a "**Redesignated Account**").

A "**Cancelled Account**" is a former Designated Account which has had its charging privileges permanently withdrawn. A "**Defaulted Account**" is a former Designated Account in respect of which the Servicer has written off the Receivables in such account as uncollectible in accordance with the Credit Card Guidelines or the Servicer's customary and usual servicing procedures for servicing credit card receivables comparable to the Receivables assigned to the Receivables Trustee. A "**Zero Balance Account**" is a Designated Account specified by the Servicer as having had a nil balance of Receivables generated thereon or outstanding thereunder for such period of time that the Servicer has identified such account as a Zero Balance Account pursuant to the Credit Card Guidelines or the Servicer's customary and usual servicing procedures and has removed or will remove such account from the pool index file and the computer master file of Accounts used by the Servicer on such date specified by the Servicer.

Except in the case of Cancelled Accounts, Defaulted Accounts or Zero Balance Accounts, a Designated Account will become a Redesignated Account as of such date (the "**Removal Date**") as is specified by the Transferor to the Receivables Trustee. From time to time the Receivables Trustee may purchase from the Transferor, Receivables which are or which subsequently become subject to third party arrangements between the Transferor and third parties. These arrangements may require that the Transferor will procure the assignment or transfer to such third parties of Accounts that may have been identified in the Securitised Portfolio as Designated Accounts. If such a situation occurs, the Receivables Trustee has agreed that it will assign or release the relevant Receivables to the relevant third party and that the Servicer will update its records to redesignate the selected group of Accounts that are subject to the arrangement with such third party. However, Receivables will not be assigned or released by the Receivables Trustee and no such Designated Account shall be redesignated by the Servicer unless: (i) the removal of any Receivables related to such proposed Redesignated Accounts shall not, in the reasonable belief of the Transferor (1) cause a Pay Out Event to occur on the Removal Date, (2) cause the Adjusted Transferor Interest as a percentage of the aggregate amount of Principal Receivables to be less than the minimum Adjusted Transferor Interest (which is a percentage specified in each Prospectus Supplement/Final Terms) on the relevant Removal Date, (3) cause the aggregate amount of Principal Receivables to be less than the minimum aggregate Principal Receivables, (ii) the Transferor certifies in writing that in its opinion, formed on the basis of due consideration, the proposed redesignation will not result in a downgrade or withdrawal of its then current rating of any outstanding Associated Debt, and (iii) the Transferor has delivered an officer's certificate confirming that all the prerequisites in (i) and (ii) have been satisfied.

If a Designated Account is to become a Redesignated Account in circumstances other than those described above, no such Designated Account shall be redesignated by the Servicer unless either (A) (i) such redesignation will not in the reasonable belief of the Transferor cause a Pay Out Event to occur, (ii) the Transferor has represented and warranted that the Designated Accounts to be redesignated have been selected by the Transferor at random and that the Transferor has secured all necessary regulatory consents for the Designated Accounts to be redesignated (iii) the Transferor certifies in writing that in its opinion, formed on the basis of due consideration, the proposed redesignation will not result in a downgrade or withdrawal of its then current rating of any outstanding Associated Debt, (iv) the Transferor and the Servicer can certify that Collections (equal to the outstanding face amount of each Principal Receivable and the outstanding balance of each Finance Charge Receivable) have been received by the Receivables Trustee in respect of every Receivable assigned to or held in trust for the Receivables Trustee in respect of that account other than Receivables that have been charged-off as uncollectible and (v) the Transferor has delivered an officer's certificate confirming that all such prerequisites have been satisfied; or (B) the Transferor has delivered a certificate to the Receivables Trustee that such Receivables were sold in breach of the eligibility criteria and the Transferor has made certain payments in respect of such breaches as set out in the RSD.

In the case of a Cancelled Account, a Defaulted Account or a Zero Balance Account, such account shall automatically become a Redesignated Account as at the date on which it becomes a Cancelled Account, Defaulted Account or a Zero Balance Account, as the case may be. All Principal Receivables which come into existence under a Designated Account prior to the date of redesignation thereof (and which will have automatically been assigned to or held in trust for the Receivables Trustee) will be paid for by the

Receivables Trustee in accordance with the RSD. All Future Receivables which come into existence under a Designated Account after the date of redesignation thereof which are Principal Receivables or Finance Charge Receivables in respect of Receivables which were not in existence prior to such date of redesignation will not be assigned to or held in trust for the Receivables Trustee and will be released thereby. All Future Receivables which are Finance Charge Receivables in respect of Receivables which were in existence prior to such date of redesignation, and which Future Receivables came into existence on or following such date of redesignation, will continue to be assigned to or held in trust for the Receivables Trustee. For the avoidance of doubt, no Receivable which will be assigned to or held in trust for the Receivables Trustee will subsequently be reassigned or released to the Transferor except in the limited circumstances referred to below in "*Representations*" or pursuant to the Call Option Agreement (see "*Defaulted Receivables*" below).

The Servicer will ensure that each Redesignated Account shall remain identified on its system as a Designated Account until a collection has been received in respect of every Receivable assigned to or held in trust for the Receivables Trustee in respect of that account (equal to the outstanding face amount of each such Principal Receivable and the amount outstanding of each such Finance Charge Receivable) other than Receivables charged-off as being uncollectible by the Servicer or until such time as all Receivables outstanding on such account which constitute trust property have been reassigned or released to the Transferor (see "*Representations*" below). Once such Collections have been received or such reassignment or release has occurred, the Servicer may update its systems to reflect such redesignation and give notice to that effect to the Receivables Trustee, in which case such account shall become a "**Removed Account**".

Discount Option Receivables

The Transferor may, by giving not less than 30 days' notice to the Servicer, the Receivables Trustee and the Rating Agencies, nominate a fixed or variable percentage of Principal Receivables arising in Designated Accounts (a "**Discount Percentage**") or, where a Discount Percentage has been nominated previously, extend the period for which it is to apply. With effect from such date and for such period of time as shall be specified by the Transferor in such notice (i) the amount payable by the Receivables Trustee to accept an Offer of Receivables and the amount payable from time to time by the Receivables Trustee for Future Receivables will be reduced by a percentage equal to the Discount Percentage and (ii) consequently, a percentage of such Principal Receivables equal to the Discount Percentage ("**Discount Option Receivables**") shall be treated by the Receivables Trustee as Finance Charge Receivables. No nomination of a Discount Percentage or increase in the time for which it is to apply will be effective unless the Transferor certifies in writing that in its opinion, formed on the basis of due consideration, such proposed nomination or increase will not result in a downgrade or withdrawal of its then current rating of any outstanding Associated Debt and the Transferor has provided the Receivables Trustee with a certificate confirming (a) that the performance of the portfolio of Designated Accounts is such that, in the reasonable opinion of the Transferor, the yield of Finance Charge Collections is not generating adequate cashflows for the beneficiaries of the Penarth Receivables Trust and the size of the Discount Percentage is not intended solely to accelerate amounts payable to the Transferor as Deferred Consideration and (b) the solvency of the Transferor, including solvency of the Transferor as a result of such nomination or increase. Upon the expiry of the period for which the Discount Percentage was nominated to apply (such period including any extensions), the Discount Percentage shall cease to apply and the Discount Option Receivables will, accordingly, cease to be treated as Finance Charge Receivables.

Special fees

The Transferor or LTSB as a Material Originator (as relevant) may in the future levy fees on Accounts (including Designated Accounts) ("**Special Fees**") whether at one time or on an ongoing basis. Such Special Fees as arise on Designated Accounts shall be regarded as Finance Charge Receivables and Collections in respect thereof as Finance Charge Collections. The Transferor may, however, designate (by way of certificate to the Receivables Trustee) Special Fees as being Principal Receivables in which case Collections thereon will be allocated accordingly **provided however that** any such designation shall have effect only in relation to Receivables which were acquired by the Receivables Trustee after the time such certificate was issued. However, the Transferor may not so designate Special Fees unless it certifies that it has received an opinion from legal advisers that such Special Fees constitute, for the purpose of tax in the United Kingdom, repayment in whole or in part of an advance to an Obligor.

Interchange

Each of the Transferor (as an issuer of credit cards in the MasterCard® and VISA® credit card systems) and LTSB as a Material Originator (as an issuer of credit cards in the MasterCard®, VISA® and American Express® credit card systems) is entitled to receive fees ("**Interchange**") from merchant acquiring banks which clear credit card transactions on behalf of merchants who are customers of such merchant acquiring banks, such Interchange being payable in respect of transactions involving the use of a credit card issued (or acquired) by the Transferor or LTSB (as relevant). Interchange fees are calculated as a percentage of the amount of each credit card transaction comprising an acquisition of goods or services. The rate of Interchange fees may vary from time to time.

On each Transfer Date, the Transferor will deposit into the Trustee Collection Account an amount equal to the amount of Acquired Interchange for the preceding Monthly Period. "**Acquired Interchange**" means, in respect of a Monthly Period, an amount of Interchange equal to (a) the product of (i) the total amount of Interchange paid or payable to the Transferor with respect to transactions having a Date of Processing relating to such Monthly Period, and (ii) a fraction the numerator of which is the aggregate amount of cardholder charges for goods and services eligible for Interchange in the Designated Accounts with respect to such Monthly Period, and the denominator of which is the aggregate amount of cardholder charges for goods and services eligible for Interchange in all MasterCard®, VISA® and American Express® revolving credit card accounts owned by the Transferor (including Designated Accounts), with respect to such Monthly Period plus (b) the amount of any acquired Interchange payable by a Material Originator to the Transferor in respect of Designated Accounts in respect of such Monthly Period.

Defaulted Receivables

The Transferor may enter into a call option arrangement (a "**Call Option Agreement**") under an agreement made between the Transferor and the Receivables Trustee. Under the terms of such Call Option Agreement, the Transferor may, from time to time, exercise its option to purchase from the Receivables Trustee the Receivables arising on any Defaulted Account ("**Defaulted Receivables**") for nominal consideration. As noted above under "*Redesignation and Removal of Accounts*", all (1) Principal Receivables that come into existence, or (2) Finance Charge Receivables in respect of Receivables in existence, on an account before it is redesignated a Defaulted Account (and thus are not Defaulted Receivables), shall continue to be assigned to or held in trust for the Receivables Trustee as part of trust property and thus will not be subject to the option under the Call Option Agreement.

Annual fees

Neither the Transferor nor LTSB, as a Material Originator, presently charge annual fees on the majority of the Bank Portfolio (but reserve the right in the Credit Card Agreements to do so). The Receivables assigned to or held on trust for or to be assigned to or to be held in trust for the Receivables Trustee include all fees, if any, charged by the Transferor or LTSB, as a Material Originator, to Obligors by way of annual fees ("**Annual Fees**"). The Transferor may by notice in writing to the Servicer, the Receivables Trustee and the Rating Agencies, designate in a certificate to the Receivables Trustee whether Annual Fees will be treated as Finance Charge Receivables or Principal Receivables. However, in the absence of such a certificate, such Annual Fees will be treated as Finance Charge Receivables and any such designation shall have effect only in relation to Receivables which were acquired by the Receivables Trustee after the time such certificate was issued. No designation of Annual Fees as Principal Receivables will be effective unless the Transferor has certified it has received legal advice that such Annual Fees constitute, for the purpose of tax in the United Kingdom, repayment in whole or in part of an advance to an Obligor.

Cash Back

As a promotional activity, Bank of Scotland currently offers a cash back payment ("**Cash Back**") of up to 2 per cent. to certain Obligors on purchases made under the terms of the Credit Card Agreements. Pursuant to the De-Linked Supplement, the Receivables Trustee has agreed to make a monthly payment to the Transferor representing the portion of the Cash Back Promotional Costs Amount (as defined below). The Investor Beneficiary has agreed contractually to pay to the Receivables Trustee from funds allocated to it as Finance Charge Collections, an amount equal to such payment to reimburse the Receivables Trustee for such sums so paid.

Insurance Commission

The Transferor will on a monthly basis be awarded commissions in respect of the sale of card protection insurance to Obligor. As noted above under "*Assignment of Receivables to the Receivables Trustee*", under the terms of the RSD and the initial Offer, the Receivables Trustee has accepted an assignment of Acquired Insurance Commission for each Monthly Period for so long as Designated Accounts in the Securitised Portfolio exist.

The term "**Acquired Insurance Commission**" means, in respect of a Monthly Period, an amount of Insurance Commission equal to (a) the product of (i) the total amount of Insurance Commission received by the Transferor during such Monthly Period, and (ii) a fraction, with respect to such Monthly Period, the numerator of which is the average Principal Receivables in respect of Accounts in the Securitised Portfolio and the denominator of which is the amount equal to (A) the sum of the aggregate outstanding face amount of Principal Receivables in all MasterCard®, VISA® and American Express® consumer revolving credit card accounts owned by the Transferor (including Designated Accounts) at the end of each day during such period divided by (B) the number of days in such period plus (b) the amount of any acquired Insurance Commission payable by a Material Originator to the Transferor in respect of Designated Accounts in respect of such Monthly Period.

The term "**Insurance Commission**" means all amounts obtained as commission in respect of the sale of card protection insurance to Obligor.

Reductions in Receivables, early Collections and Credit Adjustments

If any Principal Receivable assigned to or held in trust for the Receivables Trustee is reduced (other than in respect of a Transferor Section 75 Liability, a Cash Back Promotional Costs Amount or a Credit Adjustment) by reason of any set-off, counterclaim or any other matter between an Obligor in respect of an Account and the legal owner of such Account has received a benefit, in money or money's worth thereby, the Transferor will pay to the Receivables Trustee an amount equal to that reduction.

If, in respect of any existing Receivable which the Transferor has purported to assign to or hold in trust for the Receivables Trustee, the Transferor has received a partial or full collection prior to the date on which that Receivable was purportedly assigned to or held in trust for the Receivables Trustee, the Transferor will pay to the Receivables Trustee an amount equal to the amount of that early collection.

If any Principal Receivable assigned to or held in trust for the Receivables Trustee is reduced by reason of a Credit Adjustment, the Transferor will pay to the Receivables Trustee an amount equal to such Credit Adjustment. A "**Credit Adjustment**" is the amount of the outstanding face amount of a Principal Receivable (i) which was created in respect of merchandise refused or returned by an Obligor or in respect of which the Obligor has asserted any defence, dispute, set-off or counterclaim (including, in respect of a Transferor Section 75 Liability, all amounts in excess of the credit advance relating to the transaction giving rise to that Transferor Section 75 Liability) or (ii) which is reduced by, or on behalf of, the Transferor or the Servicer granting any rebate, refund, chargeback or adjustment (including Servicer errors) or (iii) which is a fraudulent or counterfeit charge.

In respect of each category of reduction of a Principal Receivable, early collection and Credit Adjustment referred to above, the obligation of the Transferor to make a payment in respect thereof to the Receivables Trustee is in addition to the obligation of the Transferor to pay all other amounts paid or payable in respect of the Receivable concerned to the Receivables Trustee.

The obligations of the Transferor to make payments in respect of such reductions, early Collections and Credit Adjustments may be satisfied in whole or in part by a reduction in the amount of the Transferor's beneficial interest in the Penarth Receivables Trust, **provided that** such decrease does not cause the Adjusted Transferor Interest to be decreased to an amount of less than zero.

Representations

Under the terms of the RSD, the Transferor will represent certain matters in relation to the Existing Receivables comprised in an Offer which are Principal Receivables (other than such Existing Receivables which are specified in that Offer as being Ineligible Receivables) such representation being given as of the Addition Date (if any), relating thereto. The Transferor also represents to the Receivables Trustee

certain matters as to every future Receivable (other than those which are specified as being Ineligible Receivables in a daily report prepared by the Servicer, which is available at the office of the Servicer for inspection by the Receivables Trustee or its agents) such representation being made as of the Date of Processing of the future Receivable concerned.

The representations by the Transferor include:

- (a) that (unless identified as an Ineligible Receivable) each existing Receivable which is a Principal Receivable offered to the Receivables Trustee thereunder is, at the relevant Addition Date relating thereto, an Eligible Receivable and has arisen from an Eligible Account in the amount specified in the Offer and, unless specified in any daily Servicer report provided to the Receivables Trustee by the Servicer, each future Receivable which is a Principal Receivable is on the relevant Date of Processing an Eligible Receivable and has arisen from an Eligible Account in the amount specified in such daily Servicer report;
- (b) the assignment of each Receivable the subject of an Offer will be effective to pass to the Receivables Trustee good and marketable title thereto and each assignment and trust will be effective to hold good and marketable title for that Receivable in trust for the Receivables Trustee, in each case together with the benefit thereof (including in such context, any Collections and other rights in connection therewith such as related guarantees and insurance proceeds), free of any encumbrances in favour of any person claiming through or under the Transferor or any of its affiliates to the Receivables Trustee and, subject to any limitations arising on enforcement in the jurisdiction of the relevant Obligor, no further act, condition or thing will be required to be done in connection therewith to enable the Receivables Trustee to require payment of any such Receivable or to enforce any such right in the courts of England and Wales or Scotland or any Permitted Additional Jurisdiction without the participation of the Transferor other than payment of any applicable United Kingdom stamp duty and the giving of a Notice of Assignment, or the joinder or sisting of the Transferor as a party to proceedings by the Receivables Trustee against the relevant Obligor;
- (c) the assignment and the assignment and trust comply with all applicable laws on, respectively, the date of assignment and the date of the assignment and trust;
- (d) that no procedures adverse to the beneficiaries were used by the Transferor in selecting the Designated Accounts from the Bank Portfolio; and
- (e) the Transferor is the person in whom (a) in relation to Designated Accounts originated by a Material Originator, the entire beneficial interest in such Designated Accounts is held and (b) in relation to all other Designated Accounts, the legal title to such Designated Accounts is held.

The representation referred to in (d) above is only given on each Offer date as of the date on which the related Accounts were nominated to become Designated Accounts pursuant to an Offer.

If a representation in respect of any Principal Receivable proves to have been incorrect when made, and the Transferor is deemed to have received a collection of the face value of that Receivable, the Transferor is obliged to pay that amount to the Receivables Trustee not later than the Business Day following the day on which the representation becomes known to the Transferor to have been incorrect when made. The Receivable will thereafter be treated as an Ineligible Receivable assigned to, or in the case of Receivables governed by Scots law, held in trust for, the Receivables Trustee by the Transferor and, except as referred to below, the Receivable will not be re-assigned or released by the Receivables Trustee to the Transferor.

The obligation of the Transferor to make a payment to the Receivables Trustee in respect of any breach of representation may be fulfilled, in whole or in part, by a reduction in the amount of the Transferor's beneficial interest in the Penarth Receivables Trust. However, the Adjusted Transferor Interest may not thereby be decreased to an amount less than zero. Fulfilment of any such payment obligation by the Transferor will be in full satisfaction of any rights or remedies which the Receivables Trustee may have as a result of the representation concerned being incorrect. However, in certain circumstances, a breach of representation may constitute a Trust Pay Out Event (see "*Sources of Funds to Pay the Loan Notes - Funding 1 Pay Out Events*" and "*Trust Pay Out Events*", wherein Trust Pay Out Events, Trust Series Pay Out Events and Funding 1 Pay Out Events (which are Trust Series Pay Out Events specific to the De-Linked Trust Series) are defined).

If (*inter alia*) (i) all Principal Receivables arising under a Designated Account are Ineligible Receivables as a result of representations in relation thereto being incorrect when made, (ii) such account has become a Redesignated Account and (iii) the Transferor has complied with the payment obligations with respect to such Receivables as described above, then the Transferor may require the Receivables Trustee to reassign or release all such Receivables to the Transferor.

The Receivables Trustee has not made and will not make any initial or periodic general examination of the Receivables or any records relating to the Receivables for the purpose of establishing the presence or absence of defects therein, compliance with the Transferor's representations and warranties or for any other purpose.

The term "**Eligible Account**" means, as at the initial Addition Date (in the case of the first Offer) or the related Addition Date (in the case of any subsequent Offer), as applicable, an account:

- (a) where the Obligor is not a company or partnership for the purposes of Section 874 of the Income Tax Act 2007;
- (b) which was in existence and maintained with the Transferor or a Material Originator in respect of the Transferor prior to or at the time of its designation as a Designated Account;
- (c) which is payable in Pounds Sterling or the lawful currency of a Permitted Additional Jurisdiction (where the account is in a Permitted Additional Jurisdiction);
- (d) which is governed by a Credit Card Agreement as amended from time to time (**provided that** no amendments may be made to terms and conditions relating to the governing law of the agreement, the assignability thereof or the ability of the Transferor or a Material Originator in respect of the Transferor to provide information regarding Obligors to any person assuming the Transferor's rights under the agreement) or else, if acquired by the Transferor, is governed by contractual terms not materially different from such Credit Card Agreement in relation to such matters;
- (e) which is governed in whole or in part by the Consumer Credit Act 1974 as amended by the Consumer Credit Act 2006 and creates legal, valid and binding obligations between the Transferor or, where relevant, a Material Originator, as applicable and the relevant Obligor and is enforceable against the relevant Obligor in accordance with the Credit Card Agreement and the Consumer Credit Act 1974 as amended by the Consumer Credit Act 2006, subject to applicable bankruptcy laws, other similar laws affecting creditors' rights, general equitable principles and other limitations on enforcement in the jurisdiction of the relevant Obligor and was otherwise created and complies with all other applicable laws;
- (f) where the Obligor's most recent billing address is located in either England, Wales, Scotland or in a Permitted Additional Jurisdiction;
- (g) which has not been classified by the Transferor as counterfeit, cancelled, fraudulent, stolen or lost;
- (h) which has been originated or purchased by the Transferor;
- (i) which has been operated in all material respects in accordance with the Transferor's or, where relevant, a Material Originator's Credit Card Guidelines (as relevant);
- (j) which is not subject to a Repayment Plan or was not subject to a Repayment Plan in relation to Accounts originated by the Transferor at any time during the month of July 2007 and, in relation to Accounts originated by LTSB as a Material Originator, at any time during the month of March 2008; and
- (k) the Receivables in respect of which have not been charged-off by the Transferor or, where relevant, a Material Originator, as applicable.

An account may be an Eligible Account even if one or more of the above is not satisfied if the Transferor certifies in writing that in its opinion, formed on the basis of due consideration, such designation as an Eligible Account will not result in the withdrawal or downgrading by the Rating Agencies of any Associated Debt then outstanding.

The term "**Permitted Additional Jurisdiction**" means a jurisdiction (other than England and Wales or Scotland) agreed by the Transferor and the Receivables Trustee, provided that the Transferor certifies in writing that in its opinion, formed on the basis of due consideration, designating such jurisdiction a Permitted Additional Jurisdiction will not result in the downgrade or withdrawal of the then current rating of any Associated Debt.

The term "**Notice of Assignment**" means a notice given to any Obligor of the assignment or assignation of the Receivables paid or payable by that Obligor (and the benefit of any related guarantees) to the Receivables Trustee.

The "**Date of Processing**" means, in respect of any transaction relating to an account (including, receipt of any Collections) the Business Day after the overnight processing which resulted in that transaction being first recorded on the computer master file of Accounts used by the Servicer or, as the case may be, the Transferor (without regard to the effective date of such recording), which, in the case of recoveries, will be on a monthly basis. Any reference to the date on which any Collections or transactions are processed will be taken, for the purposes of the Bank Portfolio and the Securitised Portfolio, as referring to the Date of Processing relative to such Collections or (as the case may be) transactions.

The term "**Eligible Principal Receivables**" means Principal Receivables which are Eligible Receivables.

The term "**Eligible Receivable**" means a Receivable which:

- (a) has arisen under an Eligible Account;
- (b) was originated in accordance with the Credit Card Guidelines (or in respect of a Receivable which has arisen on an account acquired by the Transferor prior to the date of acquisition, it was, to the best of the Transferor's knowledge and belief, originated in accordance with the Credit Card Guidelines of the vendor of such account);
- (c) was created in compliance with all applicable laws;
- (d) is free and clear of any encumbrances exercisable against the Transferor or the Receivables Trustee arising under or through the Transferor (or any of its respective affiliates) and, to which, at the time of its creation (or at the time of its acquisition by the Transferor if such Receivable was originated by any person other than the Transferor) and at all times thereafter, the Transferor or the Receivables Trustee had good and marketable title;
- (e) constitutes the legal, valid, and binding obligations of the relevant Obligor, enforceable in accordance with the terms of the relevant Credit Card Agreement, subject to usual bankruptcy laws, other similar laws affecting creditors' rights, general equitable principles and other limitations arising on enforcement in the jurisdiction of the relevant Obligor; and
- (f) is not currently subject to any right of rescission, defence, Dispute, set-off, counterclaim or enforcement order.

As is the market practice for credit card securitisation transactions in the United Kingdom generally, Principal Receivables which are delinquent for payment will still be Eligible Receivables if they otherwise comply with the definition of Eligible Receivable.

The term "**Ineligible Receivables**" means Principal Receivables which arise under a Designated Account but which do not comply with all of the criteria set out in the definition of Eligible Receivables.

Amendments to Credit Card Agreements and Credit Card Guidelines

The Transferor and LTSB (as a Material Originator) may amend the terms and conditions of the Credit Card Agreements and the Credit Card Guidelines in respect of the Accounts owned by them. Such amendments may include reducing or increasing the amount of monthly minimum required payments or amendments to Periodic Finance Charges or other charges assessed on Designated Accounts (see "*Risk Factors — Ability to Change Terms of the Credit Card Agreements*").

Participations

In addition to or in lieu of additional Accounts, the Transferor may in the future assign to or hold in trust for the Receivables Trustee the Transferor's interest in participations representing undivided interests in a pool or pools of assets primarily consisting of Receivables arising under consumer revolving credit card accounts owned by the Transferor and Collections thereon ("**Participations**"). Participations may have their own credit enhancement, Pay Out Events, servicing obligations and Servicer defaults, all of which are likely to be enforceable by a separate trustee under the applicable agreement constituting such Participations and may be different from those specified in this Base Prospectus. The rights and remedies of the Receivables Trustee as the holder of a participation (and therefore the beneficiaries of the Penarth Receivables Trust) will be subject to all of the terms and provisions of the applicable agreements constituting such participation. A Supplement may be amended to permit the addition of a participation with the consent of the beneficiaries in respect thereof if the Transferor Beneficiary delivers to the Receivables Trustee a certificate of an authorised officer to the effect that, in the reasonable belief of the Transferor Beneficiary, such amendment will not as of the date of such amendment adversely affect in any material respect the interest of such beneficiaries, and will not result in any Rating Agency withdrawing or reducing its then current rating of any outstanding Associated Debt. Any such change shall have no effect in relation to the Receivables Trustee before the change took effect.

Summary of Securitised Portfolio

Each Prospectus Supplement/Final Terms issued in connection with the issuance of a Note Series will contain tables summarising information in relation to Designated Accounts on which Receivables that have been assigned to, or in the case of Receivables governed by Scots law, held in trust for, the Receivables Trustee arise (this information being defined collectively as the "**Securitised Portfolio**"). The tables will contain information in relation to various criteria as of a particular date that is relevant to such Prospectus Supplement/Final Terms. Tables will indicate, amongst other things, composition by account balance, composition by credit limit, composition by period of delinquency, composition by account age, geographic distribution of Accounts as well as other information that may be described from time to time.

SERVICING OF RECEIVABLES

General

Bank of Scotland plc has been appointed by the Receivables Trustee as initial servicer (the "**Servicer**") under the terms of the RTDSA. The Servicer services and administers the Receivables and collects payments due in respect of the Receivables in accordance with its customary and usual servicing procedures for servicing credit card Receivables comparable to the Receivables and in accordance with the Credit Card Guidelines. The Servicer has full power and authority, acting alone or through any party properly designated by it, to do any and all things in connection with the servicing and administration of the Receivables as it may deem necessary or desirable. In respect of Receivables transferred by LTSB to Bank of Scotland pursuant to the LTSB RSD which are subsequently transferred by Bank of Scotland to the Receivables Trustee pursuant to the RSD, the Servicer has delegated to LTSB the servicing and administration of such Receivables in accordance with the terms of the RTDSA and LTSB has agreed to service and administer the Receivables and collect payments due in respect of such Receivables originated by LTSB as a Material Originator in accordance with its customary and usual servicing procedures for servicing credit card receivables comparable to such Receivables and in accordance with the Credit Card Guidelines. In addition, it is intended that the Servicer will service and administer the receivables originated or acquired by the Additional Transferor following the addition of such receivables into the Receivables Trust.

Without limiting the generality of the foregoing, the Servicer's duties include:

- (a) advising the Receivables Trustee to direct the Transferor in making withdrawals from the Operating Account, as described in this Base Prospectus;
- (b) advising the Receivables Trustee to make withdrawals and payments from the Trust Accounts, as described in this Base Prospectus, and providing other advice as described in this Base Prospectus;
- (c) executing and delivering instruments of satisfaction or cancellation, or of partial or full release or discharge with respect to the Receivables and commencing enforcement proceedings with respect to delinquent Receivables; and
- (d) making any filings, reports, notices, applications, registrations with, and seeking consents or authorisations from any relevant securities or other authority as may be necessary or advisable to comply with any securities or reporting requirements (whether in relation to the beneficiaries or the Penarth Receivables Trust).

The Servicer will indemnify the Receivables Trustee and the Penarth Receivables Trust from and against (i) all loss, liability, expense, damage or injury suffered or sustained by reason of any fraud and (ii) all reasonable loss, liability, expense, damage or injury suffered or sustained by reason of any wilful misconduct or negligent acts or omissions of the Servicer with respect to the activities of the Receivables Trustee or the Penarth Receivables Trust. However, the Servicer will not indemnify:

- (a) the Receivables Trustee if such acts or omissions constitute or are caused by fraud, negligence or wilful misconduct by the Receivables Trustee or its agents;
- (b) the Penarth Receivables Trust or any Investor Beneficiary for any liabilities, costs or expenses of the Penarth Receivables Trust with respect to any action taken by the Receivables Trustee at the request of any Investor Beneficiary in respect of any outstanding Trust Series;
- (c) the Receivables Trustee, the Penarth Receivables Trust or any Investor Beneficiary as to any losses, claims or damages incurred by any of them in their capacity as beneficiaries including, without limitation, losses incurred as a result of Receivables in Defaulted Accounts; or
- (d) the Receivables Trustee, the Penarth Receivables Trust or the Investor Beneficiaries for any liabilities, costs or expenses of the Receivables Trustee, the Investor Beneficiaries or the Penarth Receivables Trust arising under any tax law (or any interest or penalties with respect thereto or arising from a failure to comply therewith) required to be paid by the Receivables Trustee, the Penarth Receivables Trust or the Investor Beneficiaries in connection with the RTDSA to any taxing authority.

Neither the directors, officers, employees or agents of the Servicer nor the Servicer itself will be under any liability to the Receivables Trustee, the Penarth Receivables Trust, the Investor Beneficiaries, any enhancement provider or any other person under the RTDSA or pursuant to any document delivered pursuant to the RTDSA, except in the case of wilful default, bad faith or negligence of any such person or the Servicer in the performance of duties under the RTDSA and any Supplement.

Any person into which, in accordance with the RTDSA, the Servicer may be merged or consolidated or any person resulting from any merger or consolidation to which the Servicer is a party, or any person succeeding to the business of the Servicer, upon execution of a Supplement to the RTDSA and delivery of a legal opinion with respect to the compliance of the succession with the applicable provisions of the RTDSA, will be the successor to the Servicer under the RTDSA.

The Servicer will not resign from its obligations and duties as Servicer under the RTDSA, except upon determination that performance of its duties is no longer permissible under applicable law and there is no reasonable action which the Servicer could take to make the performance of its duties permissible by law. No such resignation will become effective until a Successor Servicer (see "*Termination of appointment of Servicer*" below) has assumed the Servicer's responsibilities and obligations under the RTDSA.

Servicing compensation

As full compensation for its servicing duties and activities and as reimbursement for any expense incurred by it in connection therewith, the Servicer is entitled to receive a fee (the "**Servicing Fee**") from the Receivables Trustee (solely to the extent of payments received from the beneficiaries utilising trust property for that purpose as provided in the RTDSA and any Supplement thereto) with respect to each Monthly Period. The Servicing Fee is payable monthly on the Transfer Date relating to each Monthly Period in an amount (inclusive of value added tax, if any) equal to one-twelfth of the sum of:

- (a) the product of:
 - (1) the weighted average of the percentages specified in each Supplement as being the "**Trust Series Servicing Fee Percentage**" with respect to each outstanding Trust Series in each case weighted by the proportion that the Investor Interest of such Trust Series bears to the combined Aggregate Investor Interest as of the last day of the relevant Monthly Period (or, if Bank of Scotland is the Servicer, such other percentage as may be agreed by the Servicer and the Receivables Trustee and with the prior written consent of all the beneficiaries **provided that** the Servicer has certified in writing that in its opinion, formed on the basis of due consideration, such proposed percentage will not result in a downgrade or withdrawal of each Rating Agency's then current rating of any outstanding Associated Debt rated by such Rating Agency); and
 - (2) the average daily aggregate outstanding face amount of Principal Receivables comprised in the trust property during such Monthly Period; and
- (b) any additional amount agreed from time to time between the Receivables Trustee and the Servicer.

An amount equal to the portion of the Servicing Fee payable by the Receivables Trustee to the Servicer in respect of which the Receivables Trustee is to be reimbursed from payments made by the Investor Beneficiaries in respect of a particular Trust Series (with respect to each Transfer Date) is called the "**Investor Servicing Fee Amount**" and will be determined in accordance with each relevant Supplement. The Investor Beneficiaries will pay the Investor Servicing Fee Amount to the Receivables Trustee, in respect of each Trust Series, by way of Additional Funds for the grant of the relevant Investor Interest. The Investor Servicing Fee Amount will be inclusive of value added tax, if any.

An amount equal to the portion of the Servicing Fee (with respect to any Monthly Period) in respect of which the Receivables Trustee is not reimbursed from payments made by the Investor Beneficiaries in respect of each outstanding Trust Series is called the "**Transferor Servicing Fee Amount**". The Transferor Servicing Fee Amount shall be paid to the Receivables Trustee by the Transferor Beneficiary using amounts from the Transferor Finance Charge Amount and the Transferor Acquired Interchange Amount or Other Trust Property allocable to the Transferor Beneficiary (or from any other property of the Transferor Beneficiary which may be available for such purpose) on the related Transfer Date. The

Transferor Servicing Fee Amount will be inclusive of value added tax, if any. In no event shall any Investor Beneficiary or any enhancement provider be liable to reimburse the Receivables Trustee for the share of the Servicing Fee (with respect to any Monthly Period) in respect of which the Receivables Trustee was to be reimbursed from payments to be made by the Transferor Beneficiary.

Series Investor Servicing Fee Amount

The portion of the Servicing Fee to be met in respect of the De-Linked Trust Series with respect to any Transfer Date (the "**Series Investor Servicing Fee Amount**") will be specified in the De-Linked Supplement to the RTDSA and will be calculated to be an amount (inclusive of value added tax, if any) equal to one-twelfth of the product of (A) the Series Servicing Fee Percentage and (B) the weighted average Floating Calculation Investor Interest Amount for the Monthly Period preceding the relevant Transfer Date.

The "**Series Servicing Fee Percentage**" shall mean 1 per cent. (or such other percentage as may be specified in a variation to the De-Linked Supplement).

Payment of the Investor Servicing Fee Amount

The Investor Servicing Fee Amount will be payable to the Receivables Trustee solely to the extent amounts are available from LNI Available Funds (taking into account reallocated Principal Collections) as set out in "*The Loan Notes — Use of LNI Available Funds*" below.

Except as specifically described above, to the extent that the amounts payable by the Receivables Trustee to the Servicer in respect of Servicing Fees exceed amounts which are reimbursable as provided above, the Receivables Trustee shall be liable to pay such further Servicing Fees only if and to the extent that it is entitled to be reimbursed therefore by the Transferor Beneficiary and the Investor Beneficiaries of other outstanding Trust Series using cash flows from the Penarth Receivables Trust allocated to the Transferor Beneficiary and such other Investor Beneficiaries in relation to such Trust Series (as provided in the related Supplements). In no event shall either Loan Note Issuer No.1, the Penarth Receivables Trust, or the Receivables Trustee be liable for any Servicing Fees in amounts exceeding those described above.

Delegation of Services

In the ordinary course of business, the Servicer may at any time delegate any duties hereunder to any person who agrees to conduct such duties, if applicable, in accordance with the Credit Card Guidelines. Any such delegations shall not relieve the Servicer of its liabilities and responsibility with respect to such duties, and shall not constitute a resignation by the Servicer of its obligations and duties under the RTDSA.

Termination of appointment of Servicer

The appointment of Bank of Scotland as Servicer under the RTDSA, and the appointment of any person as Servicer of the Receivables in succession to Bank of Scotland or the then Servicer (a "**Successor Servicer**"), may be terminated upon the occurrence of a Servicer Default (as defined below). Where a Servicer Default has not been remedied, either the Receivables Trustee, if directed by the Investor Beneficiaries, or Investor Beneficiaries representing in aggregate more than $66\frac{2}{3}$ per cent. of the Combined Aggregate Investor Interest, in each case by notice then given in writing to the Servicer (a "**Termination Notice**"), may terminate all of the rights and obligations of the Servicer as Servicer under the RTDSA.

"**Servicer Default**" means any one of the following events:

- (a) any failure by the Servicer to give advice or notice to the Receivables Trustee pursuant to an agreed schedule of collections and allocations or to advise the Receivables Trustee to make any required drawing, withdrawal or payment pursuant to the Relevant Document; these events will be considered failures if they do not happen within 5 Business Days after the date that they were supposed to happen under the terms of the RTDSA or any other Relevant Document;
- (b) failure on the part of the Servicer duly to observe or perform in any respect any other covenants or agreements of the Servicer set forth in the RTDSA or any Relevant Document which has a Material Adverse Effect on the interests of the Investor Beneficiaries of any outstanding Trust

Series and which failure, if capable of remedy, continues unremedied for a period of 60 days (except in relation to a failure of the Servicer to give advice or notice to the Receivables Trustee pursuant to an agreed schedule of collections and allocations or to advise the Receivables Trustee to make any required drawing, withdrawal or payment pursuant to the Relevant Documents which shall be 5 Business Days) or more after the date on which written notice of such failure, requiring the same to be remedied, shall have been given to the Servicer by the Receivables Trustee, or to the Servicer and the Receivables Trustee by the Investor Beneficiary or Investor Beneficiaries holding 50 per cent. or more of the Investor Interests in respect of any outstanding Trust Series adversely affected thereby and continues to have a Material Adverse Effect on the interests of such Investor Beneficiary in respect of such outstanding Trust Series for such period;

- (c) delegation by the Servicer of its duties under the RTDSA to any other entity, except as permitted by the RTDSA;
- (d) any relevant representation, warranty or certification made by the Servicer in the RTDSA or in any certificate delivered pursuant hereto proves to have been incorrect when made, which has a Material Adverse Effect on the interests of the Investor Beneficiaries in respect of any outstanding Trust Series and continues to be incorrect in any material respect for a period of 60 days after the date on which written notice of such failure, requiring the same to be remedied, shall have been given to the Servicer by the Receivables Trustee or to the Servicer and the Receivables Trustee by an Investor Beneficiary or Investor Beneficiaries in respect of more than 50 per cent. or more of the Investor Interests of any outstanding Trust Series adversely affected thereby and continues to have a Material Adverse Effect on the interests of an Investor Beneficiary in respect of any outstanding Trust Series affected for such period;
- (e) the Servicer shall consent to or take any corporate action relating to the appointment of a receiver, administrator, administrative receiver, liquidator, trustee or similar officer of it or relating to all or substantially all of its revenues and assets or proceedings are initiated against the Transferor under any applicable liquidation, insolvency, composition, re-organisation or similar laws for its winding-up, dissolution, administration or re-organisation (except for a solvent re-organisation) and such proceedings are not discharged within 60 days or a receiver, administrator, administrative receiver, liquidator, trustee or similar officer of it or relating to all or substantially all of its revenues and assets is legally and validly appointed and such appointment is not discharged within 14 days; or
- (f) the Servicer is unable to pay its debts as they fall due within the meaning of Section 123(1) of the Insolvency Act 1986 or the Servicer makes a general assignment or trust for the benefit of or a composition with its creditors or voluntarily suspends payment of its obligations with a view to the general readjustment or rescheduling of its Indebtedness.

However, a delay or failure to perform (i) the matters referred to in (a) above for a period of 10 Business Days or (ii) the matters referred to in (b), (c) or (d) above for a period of 60 Business Days, will not be a Servicer Default if such delay or failure is caused by an event amounting to force majeure (as listed in the RTDSA) and that delay or failure could not have been prevented by the exercise of reasonable diligence by the Servicer.

Within two Business Days after the Servicer becomes aware of any Servicer Default, the Servicer must give prompt written notice thereof to the Receivables Trustee, each Investor Beneficiary, each Rating Agency and any enhancement provider. The Receivables Trustee must give each Investor Beneficiary notification of any removal of the Servicer or appointment of a Successor Servicer. The Receivables Trustee must give each Rating Agency notification of any removal of the Servicer.

Under the terms of the RTDSA, the beneficiaries adversely affected by any default by the Servicer may, with the prior written consent of all the other beneficiaries, instruct the Receivables Trustee to waive in writing any default by the Servicer in the performance of its obligations under the RTDSA or in any relevant document and its consequences. However, a default which results directly in a failure by the Receivables Trustee to make any required deposits or distributions of Finance Charge Collections or Principal Collections relating to a Trust Series adversely affected will not be permitted to be waived in any circumstances. Upon any such waiver of a past default, such default shall be deemed not to have occurred. No such waiver shall extend to any subsequent or other default or impair any right consequent thereon except to the extent expressly so waived.

Pursuant to the terms of the Beneficiaries Deed, the beneficiaries of the Penarth Receivables Trust have agreed that where an Investor Beneficiary is adversely affected by a default of the Servicer, such Investor Beneficiary must represent in aggregate no less than $66\frac{2}{3}$ per cent. of the Investor Interest of each outstanding Trust Series in order to instruct the Receivables Trustee to waive any such default. As noted above, in no such case shall a waiver of default relating to a failure to make any required deposits or distributions relating to a Trust Series be permitted.

After receipt of a Termination Notice and the appointment of a Successor Servicer (as referred to below), the function of acting as Servicer of the Receivables under the RTDSA will pass from the then Servicer to the Successor Servicer. The RTDSA sets out certain requirements in respect of such transfer of the servicing role including (without limitation) as to the transfer of authority over Collections, the transfer of electronic records and as to the disclosure of information.

Following its receipt of a Termination Notice, the Servicer will continue to act as Servicer until a date specified in the Termination Notice or otherwise agreed by the Receivables Trustee and the Servicer. The Receivables Trustee must attempt to appoint a Successor Servicer which must, at the time of its appointment, be an Eligible Servicer.

The Receivables Trustee may obtain bids for the proposed sale of the Receivables constituting trust property from any potential Successor Servicer. If the Receivables Trustee is unable to obtain any bids from any potential Successor Servicer and the Servicer delivers an officer's certificate to the effect that it cannot in good faith cure the Servicer Default which gave rise to a Termination Notice, then the Receivables Trustee will notify each enhancement provider (if any) of the proposed sale of the Receivables to a third party and will provide each such enhancement provider an opportunity to bid to purchase the Receivables. The Receivables Trustee will also (except in the case of a Servicer Default described in (e) or (f) above) offer the Transferor the right of first refusal to purchase the Receivables on terms equivalent to the best purchase offer as determined by the Receivables Trustee, but in no event less than an amount equal to the combined Aggregate Investor Interest on the date of such purchase plus all interest accrued but unpaid on all Related Debt and enhancement at the rate thereof up to and including the date of such purchase. The proceeds of any sale of Receivables will be deposited in the Trust Accounts for distribution to the beneficiaries in accordance with the provisions of the RTDSA and any applicable Supplement.

"**Eligible Servicer**" means an entity which, at the time of its appointment as Servicer, (a) is servicing a portfolio of consumer revolving credit card accounts or other consumer revolving credit accounts, (b) is legally qualified and has the capacity to service the Accounts and (c) is qualified (or licensed) to use the software that the Servicer is then currently using to service the Accounts or obtains the right to use, or has its own software which is adequate to perform its duties under the RTDSA.

If a Servicer Default occurs and is continuing and the Servicer is to be replaced by a Successor Servicer as set out above, it shall be a term of the appointment of such Successor Servicer that:

- (i) the appointment of the Material Originator as delegate servicer in respect of Receivables arising under Designated Accounts originated by such Material Originator will be maintained by the Successor Servicer and any such delegation will continue in full force and effect, and
- (ii) it will agree to be bound by the terms of any delegation agreement entered into between the Servicer and such Material Originator as delegate servicer in respect of Receivables arising under Designated Accounts originated by such Material Originator, as if it had been the Servicer thereunder,

provided that a Servicer Default in respect of such Material Originator would not occur and be continuing if references to the Servicer in the Servicer Defaults were references to such Material Originator.

Any appointment of an alternative servicer of the receivables relating to American Express® branded cards other than LTSB or Bank of Scotland (whether as Successor Servicer or as the delegate servicer) without American Express's approval will result in a material breach of the agreement between American Express and LTSB relating to such cards, which will in turn result in a termination of that agreement. Following the termination of that agreement, if any new receivables relating to American Express® branded cards, including the Duo Cards referred to in "*Credit Card Portfolio*" on page 157 of this Base

Prospectus, are created, they will not be transferred to the Penarth Receivables Trust and as a result any payments received from accountholders of Duo Cards in respect of the use post-termination of the American Express[®] portion of the Duo Card will not belong to the Penarth Receivables Trust. Receivables and collections in respect of the pre-termination use of the American Express[®] portion of the Duo Card will not be affected by the termination of the agreement and will belong to the Penarth Receivables Trust.

THE LOAN NOTES

The following discussion and the discussions under "*The Security Trust Deed and Cash Management Agreement*" summarise the material terms of Global Loan Note No. 1 and each notional tranche of Global Loan Note No. 1 (each tranche of a global loan note, including tranches of Global Loan Note No. 1, being referred to as a "**Loan Note**"), the Loan Note Security, and the cash management provisions in relation to the Funding 1 Beneficial Interest held by Loan Note Issuer No.1 and other assets held by Loan Note Issuer No.1. These summaries do not purport to be complete and are qualified by the remainder of this Base Prospectus. The sources of funds to pay the Loan Notes are discussed in "*Sources of Funds to Pay the Loan Notes*" below.

General

The Prospectus Supplement/Final Terms for a particular Note Series will specify the class of the Loan Note which acts as collateral for that Note Series, and will also specify and describe the Loan Note Security held by or on behalf of the Issuer in respect of that Loan Note. Each Loan Note relating to Global Loan Note No. 1 will be issued pursuant to the STDCMA and a Loan Note Supplement as a notional tranche of Global Loan Note No. 1. Neither the STDCMA nor the supplements to Global Loan Note No. 1 will limit the principal amount of Loan Notes that may be issued. However, a number of Issuance Tests will need to be fulfilled before certain Loan Notes may be issued (see "*Issuance of new Loan Notes*" below). Each Loan Note Supplement will describe the provisions specific to that Loan Note. Holders of Loan Notes, including the Issuer, will not have the right to prior review of, or consent to, any subsequent issuance of Loan Notes or the issuance of other global loan notes in addition to Global Loan Note No. 1. Loan Notes and other global loan notes may be issued to holders other than the Issuer.

Global Loan Note No. 1 consists of multiple classes of Loan Notes. A class designation determines the relative seniority for receipt of cash flows and funding of the Investor Default Amounts allocated to the Loan Notes. A Loan Note which is designated as a "Subordinated Loan Note" provides credit enhancement for the relevant Senior Loan Notes. A Loan Note will be a "Senior Loan Note" in relation to Loan Notes which are subordinate to it in terms of priority. For example, a class B Loan Note is a Subordinated Loan Note in relation to a class A Loan Note, which is a Senior Loan Note. Whenever a "class" of Loan Notes is referred to in this Base Prospectus or any Prospectus Supplement/Final Terms, it includes all Loan Notes of that class, unless the context otherwise requires.

Loan Note Issuer No.1 may issue different classes of Loan Notes at the same time or at different times, but no Loan Note may be issued unless the Issuance Tests in relation to that Loan Note have been satisfied. Such Issuance Tests include, amongst other things, the availability of a sufficient amount of Subordinated Loan Notes then outstanding as subordination for more Senior Loan Notes (see "*Required subordinated amount for Loan Notes*" and "*Issuance of new Loan Notes*" below).

Loan Note Issuer No.1 will issue Loan Notes denominated in Sterling only.

Each holder of a Loan Note (including the Issuer) will have the benefit of the Loan Note Security granted in relation to the Loan Notes to the Security Trustee in the STDCMA.

Loan Note Issuer No.1 as an Investor Beneficiary in respect of the Funding 1 Beneficial Interest will be entitled to the Floating Investor Percentage of all Finance Charge Collections and the Net Floating Investor Percentage of Investor Default Amounts, Acquired Interchange, Acquired Insurance Commission and net income from Permitted Investments and will be entitled to the Principal Investor Percentage of all Principal Collections. The method for calculating the Floating Investor Percentage, Net Floating Investor Percentage and the Principal Investor Percentage is described in "*Sources of Funds to Pay the Loan Notes*" below.

Loan Note Issuer No.1 will pay principal and interest on Loan Notes solely from (1) the Finance Charge Collections, Acquired Interchange, Acquired Insurance Commission, Principal Collections, net income from Permitted Investments and certain other amounts which are allocable to Loan Note Issuer No.1 as an Investor Beneficiary in respect of the Funding 1 Beneficial Interest as set out in the De-Linked Supplement and the STDCMA and (2) any other amounts provided to Loan Note Issuer No.1 by way of enhancement for the Loan Notes. If those sources are not sufficient for the payment of principal or interest on a particular Loan Note, the holder of that Loan Note will have no recourse to any other assets

of Loan Note Issuer No.1, or any other person or entity for the payment of principal or interest on that Loan Note.

Interest

Interest will accrue on each Loan Note from its date of creation at the applicable interest rate for that Loan Note, which may be a fixed, floating or such other type of rate as specified in the related Loan Note Supplement and, in the case of Global Loan Note No. 1, the Prospectus Supplement/Final Terms of the Note Series which that Loan Note supports (if that Loan Note is acquired by the Issuer). Interest on a Loan Note relating to Global Loan Note No. 1 will be due and payable on each Distribution Date or as otherwise specified in the related Loan Note Supplement and the related Prospectus Supplement/Final Terms, each referred to in this Base Prospectus and the related Prospectus Supplement/Final Terms as a "**Loan Note Interest Payment Date**". Interest payments will be funded from Finance Charge Collections and Acquired Interchange allocated together with certain other amounts distributed to Loan Note Issuer No.1 in respect of the preceding Monthly Period, and from certain other amounts specified in the STDCMA and any related supplement to a Global Loan Note, including any amounts of Utilised Required Retained Principal Collections and specified enhancement.

For each fixed rate Loan Note, the fixed Rate of Interest at which interest will accrue for that Loan Note will be specified in the related Loan Note Supplement and, in the case of Global Loan Note No. 1, the relevant Prospectus Supplement/Final Terms. For each issuance of a floating rate (or other interest rate type) Loan Note, the interest rate index or other formula on which the interest payment is based together with any margin (if relevant) will be designated in the related Loan Note Supplement and, in the case of Global Loan Note No. 1, the relevant Prospectus Supplement/Final Terms.

In respect of a floating rate Loan Note relating to Global Loan Note No. 1, whilst the Loan Note is secured for a specified Note Series, the basis on which the Rate of Interest is calculated for such Loan Note will be the same for each Interest Period as the basis on which the Rate of Interest or the determination of any payments under any related Swap Agreement is calculated for that Note Series notwithstanding that the length of the Interest Periods on the Loan Note and the Note Series may be different.

Each payment of interest on a Loan Note will include all interest accrued from (and including) the preceding Loan Note Interest Payment Date — or, for the first Loan Note Interest Period, from (and including) the issuance date — up to (but excluding) the current Loan Note Interest Payment Date, or any other period as may be specified in the related Loan Note Supplement and, in the case of Global Loan Note No. 1, the relevant Prospectus Supplement/Final Terms. Interest on a Loan Note will be due and payable on each Loan Note Interest Payment Date **provided that** any amount of interest not paid on a Loan Note Interest Payment Date will defer until the earlier of the next Loan Note Interest Payment Date on which it is paid and the Final Redemption Date for such Loan Note. Amounts of interest which are deferred will accrue interest at the rate set out in the related Loan Note Supplement and in the case of Global Loan Note No. 1, the Prospectus Supplement/Final Terms in relation to the Series that such Loan Note supports.

Principal

The timing of payment of principal on any Loan Note will be specified in the related Loan Note Supplement and, in the case of Global Loan Note No. 1, the relevant Prospectus Supplement/Final Terms.

Each date on which a final payment of principal is due to be made on a Loan Note will be referred to in this Base Prospectus and the related Prospectus Supplement/Final Terms as a "**Scheduled Redemption Date**" in relation to such Loan Note. The relevant Prospectus Supplement/Final Terms in relation to the related Note Series of a Loan Note will specify the Final Redemption Date in respect of such Loan Note.

Principal of a Loan Note may be paid later than its Scheduled Redemption Date if funds allocated to Loan Note Issuer No.1 in respect of the Funding 1 Beneficial Interest are not sufficient to redeem the relevant Loan Note on its Scheduled Redemption Date. Additionally, in the case of a Subordinated Loan Note, principal in respect of that Loan Note will be paid only to the extent that the subordination provisions of the Senior Loan Notes and the Repayment Tests permit such payment. See "*Redemption and early redemption of Loan Notes*" below.

It will not be a Loan Note Event of Default if the Outstanding Principal Amount of a Loan Note is not paid on its Scheduled Redemption Date. If the stated principal amount of a Loan Note is not paid on its Scheduled Redemption Date, an Early Redemption Event with respect to that Loan Note will occur. See "*Early redemption events*" below. However, if the Outstanding Principal Amount of a Loan Note is not paid in full by its Final Redemption Date, a Loan Note Event of Default will occur with respect to that Loan Note. See "*Loan Note events of default*" below. However, if Loan Note Issuer No.1 does not have sufficient funds to repay the Outstanding Principal Amount of such Loan Note in full on such Final Redemption Date, any amount remaining outstanding under such Loan Note (following any payments made on such Final Redemption Date) will be extinguished.

Principal of a Loan Note may be paid earlier than its Scheduled Redemption Date or other dates specified in the related Loan Note Supplement if an Early Redemption Event occurs prior to such Scheduled Redemption Date. See "*Early redemption events*" and "*Loan Note events of default*" below.

See "*Risk Factors*" for a discussion of factors that may affect the timing of Principal Payments to Noteholders as a result of factors affecting a Loan Note.

Accumulation and Amortisation Periods

Each Loan Note will have an Accumulation Period and/or an Amortisation Period. If a Loan Note is not in an Accumulation Period or an Amortisation Period, it will be referred to as being in its "**Loan Note Revolving Period**". During the Loan Note Revolving Period for a Loan Note, Loan Note Issuer No.1 will not accumulate any amount representing principal in respect of that Loan Note and no payments of principal shall be made to the holder of that Loan Note.

During the Accumulation Period for a Loan Note commencing on the Accumulation Period Commencement Date, Loan Note Issuer No.1 will on each Transfer Date accumulate in the Principal Funding Account Ledger for a Loan Note, principal amounts received by Loan Note Issuer No.1 equal to the Controlled Deposit Amount to be applied towards payment of principal on such Loan Note at the earlier to occur of (a) the Scheduled Redemption Date for that Loan Note or (b) the commencement of an Amortisation Period in respect of that Loan Note. On any Transfer Date in an Accumulation Period where the Targeted Pre-Funding Amount is greater than zero for the Loan Notes of the same class as that Loan Note, Loan Note Issuer No.1 will accumulate in the Principal Funding Account Ledger for that Loan Note, principal amounts received by Loan Note Issuer No.1 equal to that Loan Note's *pro rata* share of the Targeted Pre-Funding Amount on such Transfer Date. No payments of principal will be made to the Issuer during an Accumulation Period. The Loan Note Supplement for that Loan Note and the relevant Prospectus Supplement/Final Terms will specify the Scheduled Redemption Date and the Accumulation Period Commencement Date for an Accumulation Period with respect to that Loan Note. On the Scheduled Redemption Date, amounts accumulated in the relevant Principal Funding Account Ledger for that Loan Note will be paid to the matching Note Series ledger in the Issuer Distribution Account.

An "**Amortisation Period**" may consist of either a Rapid Amortisation Period or a Regulated Amortisation Period.

For the purposes of this Base Prospectus, a "**Rapid Amortisation Period**" in respect of any Loan Note will commence on the day on which a Rapid Amortisation Trigger Event occurs and will continue until the earlier to occur of:

- the date on which the Outstanding Principal Amount of such Loan Note is reduced to zero; and
- the Final Redemption Date of such Loan Note; and
- the date of the dissolution of the Penarth Receivables Trust.

For the purposes of this Base Prospectus a "**Regulated Amortisation Period**" will commence on the day on which a Regulated Amortisation Trigger Event occurs and will continue until the earlier to occur of:

- the commencement of a Rapid Amortisation Period;
- the date on which the Outstanding Principal Amount of such Loan Note is reduced to zero; and

- the Final Redemption Date of such Loan Note.

During an Amortisation Period, payments of principal will not be accumulated by Loan Note Issuer No.1 in the Principal Funding Account Ledger for a Loan Note and will instead be paid to the Issuer and credited to the matching Note Series ledger in the Issuer Distribution Account (or if the Issuer has entered into a Swap Agreement in respect of a Note Series backed by such Loan Note, as otherwise set out in "Swap Agreements" in the relevant Prospectus Supplement/Final Terms).

Controlled deposit amount

In respect of distributions of Principal Collections to Loan Note Issuer No.1 (in respect of the Funding 1 Beneficial Interest), the "**Controlled Deposit Amount**" means, in respect of each Loan Note, for the Transfer Date in respect of any Monthly Period with respect to an Accumulation Period following an Accumulation Period Commencement Date for such Loan Note, unless otherwise specified in the Loan Note Supplement for such Loan Note, the sum of (A) the stated monthly accumulation amount for such Loan Note as specified in the Loan Note Supplement and, in the case of Global Loan Note No. 1 as set out in the Prospectus Supplement/Final Terms for the related Note Series and (B) the Accumulation Shortfall for such Transfer Date provided, however, that if the Accumulation Period Length is determined to be less than twelve months, the Controlled Deposit Amount for the Transfer Date for each Monthly Period with respect to the Accumulation Period for such Loan Note will be equal to (A) the product of (1) the Initial Principal Amount for such Loan Note less the portion of any pre-funding amount credited to the Principal Funding Account Ledger for such Loan Note and (2) the Accumulation Period Factor for such Monthly Period *divided* by (B) the Required Accumulation Factor Number, *plus* (C) any Accumulation Shortfall.

The "**Accumulation Period Factor**" means, in respect of each Loan Note, for each Monthly Period, a fraction, the numerator of which is equal to the Initial Investor Interests of all outstanding Trust Series (including the Initial Investor Interest for the De-Linked Trust Series) and the denominator of which is equal to the sum (without duplication) of, (a) the Initial Investor Interests of all outstanding Trust Series (other than the De-Linked Trust Series) in Group One (other than companion Trust Series) which are not notified by the Servicer as being predicted to be in their Loan Note Revolving Periods, (b) the Initial Investor Interests of all other outstanding Trust Series (other than, for the avoidance of doubt, the De-Linked Trust Series) which are not allocating shared Principal Collections and are in their Loan Note Revolving Periods, and (c) the aggregate of the Initial Principal Amount of each Loan Note less the portion of any pre-funding amount credited to the Principal Funding Account Ledger for each such Loan Note which is notified by the Cash Manager as being predicted to have a Targeted Principal Amount greater than zero.

The "**Accumulation Period Length**" means, on the Determination Date immediately preceding the first Business Day of the month that is 12 months prior to the Monthly Period in which the Scheduled Redemption Date of any Loan Note falls, and each Determination Date thereafter until the Accumulation Period commences, the period, determined by Loan Note Issuer No.1, equal to the number of whole months such that the sum of the Accumulation Period Factors for each month during such period will be equal to or greater than the Required Accumulation Factor Number; provided, however, that the Accumulation Period Length will not be determined to be less than one month; provided further, however, that the determination of the Accumulation Period Length may be changed at any time if the Cash Manager certifies in writing that the then current ratings of all Loan Note Issuer No.1 Associated Debt will not be negatively affected with respect to such change.

The "**Accumulation Shortfall**" shall initially mean zero and shall thereafter mean, with respect to any Transfer Date during the Accumulation Period following an Accumulation Period Commencement Date in respect of a Loan Note, the excess, if any, of the Controlled Deposit Amount for the previous Transfer Date over the aggregate amount credited to the Principal Funding Account Ledger for such Loan Note for the previous Monthly Period.

The "**Determination Date**" shall mean, unless otherwise specified in a Supplement, the second Business Day prior to each Transfer Date.

The "**Monthly Period**" shall mean, unless otherwise defined in any Supplement, the period from and including the first day of a calendar month to and including the last day of the same calendar month.

The "**Required Accumulation Factor Number**" means a number equal to a fraction, rounded up to the nearest whole number, the numerator of which is one and the denominator of which is equal to the lowest monthly principal payment rate on the Designated Accounts for the 12 months preceding the date of such calculation, or such lower number as the Cash Manager may specify.

If the result of the calculation of the Accumulation Period Length is less than 12 months, the Servicer may, at its option, postpone the commencement of the Accumulation Period in relation to a Loan Note such that the number of months included in the Accumulation Period will be equal to or exceed the Accumulation Period Length. The effect of the foregoing adjustment is to permit the reduction of the length of the Accumulation Period based on the Initial Investor Interest of certain other outstanding Trust Series and the Initial Principal Amount of certain other outstanding Loan Notes which are scheduled to be in their Loan Note Revolving Periods during the Accumulation Period and based on increases in the principal payment rate occurring after the relevant issuance date. The length of the Accumulation Period will not be less than one month.

Early Redemption Events

An "**Early Redemption Event**" for any Loan Note is any one of the following events and, in respect of a Loan Note, any other event specified as such in the relevant Loan Note Supplement:

- (a) the occurrence of a Funding 1 Pay Out Event or a Trust Pay Out Event;
- (b) on any Transfer Date, the amount of the Excess Available Funds averaged over the three preceding Monthly Periods is less than the Required Excess Available Funds for such Monthly Period;
- (c) either:
 - (i) over any period of thirty consecutive days the amount of the Adjusted Transferor Interest averaged over that period is less than the minimum Adjusted Transferor Interest (as defined in each Prospectus Supplement/Final Terms) for that period and the Adjusted Transferor Interest does not increase on or before the tenth Business Day following such thirty day period to an amount such that the average of the Adjusted Transferor Interest as a percentage of the average Principal Receivables for such thirty day period, computed by assuming that the amount of the increase of the Adjusted Transferor Interest prior to or including the last day of such ten Business Day period, as compared to the Adjusted Transferor Interest on the last day of such thirty day period shall be deemed to have existed in the Penarth Receivables Trust during each day of such thirty day period, is at least equal to the minimum Adjusted Transferor Interest; or
 - (ii) on any Loan Note Record Date the aggregate amount of Eligible Principal Receivables is less than the Minimum Aggregate Principal Receivables (as adjusted for any Trust Series having a companion Trust Series as described in the Supplement for such Trust Series), and the aggregate amount of Eligible Principal Receivables fails to increase to an amount equal to or greater than the minimum aggregate Principal Receivables on or before the tenth Business Day following such Loan Note Record Date;
- (d) the Outstanding Principal Amount of a Loan Note shall not be reduced to zero on the Scheduled Redemption Date for such Loan Note; or
- (e) Loan Note Issuer No.1 has or will become obligated to deduct or withhold amounts from payments to be made in respect of the Related Debt on any Distribution Date, for or on account of any tax assessment or other governmental charge by any jurisdiction as a result of any change in the laws of such jurisdiction or any political subdivision or taxing authority thereof which change becomes effective on or after the closing date.

The occurrence of each of the events listed in paragraphs (b) and (c) above will be a "**Regulated Amortisation Trigger Event**" and will cause a Regulated Amortisation Period to occur in respect of an affected Loan Note.

The occurrence of each of the events listed in paragraphs (a), (d) and (e) above will be a "**Rapid Amortisation Trigger Event**" and will cause a Rapid Amortisation Period to occur in respect of an affected Loan Note.

The "**Excess Available Funds**" means in respect of any Monthly Period an amount equal to the LNI Available Funds less the aggregate of the amounts payable under items (i) to (and including) (ix) of the LNI Available Funds priority of payment set out in "*- Application of LNI Available Funds*" below on the Transfer Date relating to such Monthly Period.

The "**Minimum Aggregate Principal Receivables**" means, unless otherwise provided in a Prospectus Supplement/Final Terms relating to any Series, as of any date of determination, an amount equal to the sum of the numerators used in the calculation of the Principal Investor Percentages for all outstanding Series on such date (as to which see "*Sources of Funds to pay the Loan Notes - Calculation of Principal Collections to be distributed to Loan Note Issuer No.1 in respect of the De-Linked Trust Series*") provided, however, that with respect to any outstanding Series comprising of a Loan Note specified to be subject to a Regulated Amortisation Period with an Investor Interest as of such date of determination equal to the balance standing to the credit of the Principal Funding Account relating to such outstanding Series, the numerator used in the calculation of the Principal Investor Percentage relating to such outstanding Series shall, solely for the purpose of the definition of Minimum Aggregate Principal Receivables, be deemed to equal zero.

The "**Required Excess Available Funds**" means, with respect to any Monthly Period, an amount equal to zero, provided, however, that Loan Note Issuer No.1 may, from time to time, change such amount (which will never be less than zero) as long as the Cash Manager has certified in writing that in its opinion, formed on the basis of due consideration, the change to such amount will not result in a downgrade or withdrawal of the then current rating of any outstanding notes.

Loan Note Events of Default

A "**Loan Note Event of Default**" will occur in respect of each global loan note (including in respect of Global Loan Note No. 1) on the occurrence of any of the following events and, in respect of a Loan Note, on the occurrence of any other event specified as such in the relevant Loan Note Supplement:

- (i) *Non-payment*: Loan Note Issuer No.1 fails to pay any amount of principal or interest in respect of any Loan Note on the due date for payment thereof; or
- (ii) *Breach of other obligations*: Loan Note Issuer No.1 defaults in the performance or observance of any of its other obligations under or in respect of a global loan note, any Supplement to a Global Loan Note or the STDCMA and (except where such default is incapable of remedy) such default remains unremedied for 30 days after the Security Trustee has given written notice thereof to Loan Note Issuer No.1, certifying that such default is, in the opinion of the Security Trustee, materially prejudicial to the interests of the holders of Loan Notes of that global loan note; or
- (iii) *Unsatisfied judgment*: one or more judgment(s) or order(s) for the payment of any amount is rendered against Loan Note Issuer No.1 and continues unsatisfied and unstayed for a period of 30 days after the date(s) thereof or, if later, the date therein specified for payment; or
- (iv) *Loan Note Security enforced*: a secured party takes possession or a receiver, administrative receiver, administrator, examiner, manager or other similar officer is appointed, of the whole or any part of the undertaking, assets and revenues of Loan Note Issuer No.1 or an enforcement action is begun or execution is levied against any of the assets of Loan Note Issuer No.1; or
- (v) *Insolvency etc*: (i) Loan Note Issuer No.1 becomes insolvent or is unable to pay its debts as they fall due, (ii) an administrator, liquidator or similar officer of Loan Note Issuer No.1 or the whole or any part of the undertaking, assets and revenues of Loan Note Issuer No.1 is appointed (or application for any such appointment is made), (iii) Loan Note Issuer No.1 takes any action for a readjustment or deferment of any of its obligations or makes a general assignment or an arrangement or composition with or for the benefit of its creditors or declares a moratorium in respect of any of its Indebtedness or any guarantee of Indebtedness given by it or (iv) Loan Note Issuer No.1 ceases or threatens to cease to carry on all or any substantial part of its business; or

- (vi) *Winding up etc:* an order is made or an effective resolution is passed for the winding up, liquidation or dissolution of Loan Note Issuer No.1; or
- (vii) *Failure to take action etc:* any action, condition or thing at any time required to be taken, fulfilled or done in order (i) to enable Loan Note Issuer No.1 lawfully to enter into, exercise its rights and perform and comply with its obligations under and in respect of the Loan Notes and the Funding 1 Beneficial Interest documents or (ii) to ensure that those obligations are legal, valid, binding and enforceable (except as such enforceability may be limited by applicable bankruptcy, insolvency, moratorium, reorganisation or other similar laws affecting the enforcement of the rights of creditors generally and as such enforceability may be limited by the effect of general principles of equity) is not taken, fulfilled or done; or
- (viii) *Unlawfulness:* it is or will become unlawful for Loan Note Issuer No.1 to perform or comply with any of its obligations under or in respect of a Loan Note or the documents relating to it; or
- (ix) *Government intervention:* (i) all or any substantial part of the undertaking, assets and revenues of Loan Note Issuer No.1 is condemned, seized or otherwise appropriated by any person acting under the authority of any national, regional or local government or (ii) Loan Note Issuer No.1 is prevented by any such person from exercising normal control over all or any substantial part of its undertaking, assets and revenues.

Upon the occurrence of a Loan Note Event of Default the Security Trustee may, in accordance with the terms of the STDCMA, enforce part or all of the Loan Note Security in respect of the Loan Notes of each global loan note outstanding including the Loan Notes of Global Loan Note No. 1, provided however that the Security Trustee shall not be bound to act unless it is indemnified and/or pre-funded and/or secured to its satisfaction.

Principal funding account

Loan Note Issuer No.1 has established and will maintain the Principal Funding Account at a Qualified Institution outside the United Kingdom (currently Lloyds TSB Bank plc at its branch located at St. Helier, Jersey) (the "**Principal Funding Account**"). Loan Note Issuer No.1 will also establish a separate ledger in relation to each Loan Note (including Loan Notes which are tranches of global loan notes other than Global Loan Note No. 1) (each, a "**Principal Funding Account Ledger**"). Amounts will be accumulated in a Principal Funding Account Ledger during an Accumulation Period for a Loan Note (see "*Pre-funding*" and "*Controlled deposit amount*").

Pre-funding

As Loan Notes of a subordinate class, which, for the avoidance of doubt, are those classes of Loan Notes which rank junior in priority to another class of Loan Notes ("**Subordinated Loan Notes**"), may be issued with Scheduled Redemption Dates prior to the Scheduled Redemption Dates for the Loan Notes of a senior class, which, for the avoidance of doubt, are those classes of Loan Notes which rank senior in priority to another class of Loan Notes ("**Senior Loan Notes**") for which they provide enhancement, principal of such Subordinated Loan Notes can only be repaid if the Repayment Tests referred to below (see "*Redemption and early redemption of Loan Notes*" below) are met. In the event such Repayment Tests cannot be met, in order to reduce the length of time such Subordinated Loan Notes will remain outstanding past their Scheduled Redemption Dates and to seek to ensure their redemption prior to their Final Redemption Dates, an amount equal to the Targeted Pre-Funding Amount will be accumulated in the Principal Funding Account until the amount accumulated causes the Adjusted Outstanding Principal Amount of the Senior Loan Notes to be reduced to an amount where the Repayment Tests are met and the principal on the relevant Subordinated Loan Note can be repaid.

Amounts accumulated in respect of pre-funding amounts will form part of the Amortisation Amount for any Transfer Date and will be subject to the calculation of the Maximum Regulated Deposit Amount. Such Targeted Pre-Funding Amount will collateralise the subsequent repayment obligation on the portion of Senior Loan Notes supported by the Subordinated Loan Notes which are to be repaid but for the effect of compliance with the Repayment Tests.

The "**Targeted Pre-Funding Amount**" means on any date for a particular class of Loan Notes, in respect of the aggregate amount of the Loan Notes of that class which are supported by Subordinated Loan Notes

an amount equal to the product of the aggregate amount of the Loan Notes of that class which are supported by Subordinated Loan Notes multiplied by a fraction the numerator being the excess, if any, of (i) the aggregate of the required subordinated amount for each Loan Note in that class over (ii) the aggregate of the Adjusted Outstanding Principal Amount of each Loan Note which is subordinated to that class of Loan Notes (excluding any Loan Notes which were or are due to be repaid for any reason or in respect of which a Loan Note Event of Default has occurred, in each case, in any previous or the current Monthly Period with respect to such date) and the denominator being the aggregate of the required subordinated amount for each Loan Note in that class.

If on any day other than a Transfer Date the pre-funding amount deposited in the Principal Funding Account exceeds the Targeted Pre-Funding Amount, then, unless a Loan Note is in an Accumulation Period or Amortisation Period, the amount of the excess will be used to make a Contribution to the Penarth Receivables Trust and increase the Funding 1 Beneficial Interest accordingly (unless a Loan Note is in an Accumulation Period or Amortisation Period). All pre-funding amounts will be treated as part of LNI Available Principal Amounts on a Transfer Date. If a Loan Note enters into an Accumulation Period or Amortisation Period (other than as a result of pre-funding) then the full amount previously deposited as a pre-funding amount may be used for such accumulation or amortisation and will not be limited by reference to the calculation of the Maximum Regulated Deposit Amount.

During any period where there is a pre-funding amount deposited in the Principal Funding Account, the Floating Investor Percentage for the Funding 1 Beneficial Interest will be calculated as being increased by the Pre-Funding Percentage. The pre-funding percentage (the "**Pre-Funding Percentage**") is a percentage calculated by reference to the increase in the Adjusted Transferor Interest resulting from the accumulation of the pre-funding amount **provided that** the Pre-Funding Percentage will not cause a reduction in the Floating Investor Percentage of any other Trust Series. The Floating Investor Percentage will be used to allocate Finance Charge Collections to the Funding 1 Beneficial Interest while the Floating Investor Percentage less the Pre-Funding Percentage (the "**Net Floating Investor Percentage**") will be used to allocate Investor Charge-Offs and Acquired Interchange (see "*Sources of Funds to Pay the Loan Notes — Calculation and distribution of Finance Charge Collections and Acquired Interchange to Loan Note Issuer No.1*" below).

The portion of the Finance Charge Collections allocated to the Funding 1 Beneficial Interest based on the Pre-Funding Percentage will only be available to make payments in respect of Pre-Funding Investment Shortfalls on pre-funding amounts deposited in the Principal Funding Account and to the extent not required, the excess will be treated as Additional Funds and, ultimately, paid to the Transferor as part of Deferred Consideration.

The "**Pre-Funding Investment Proceeds**" means, with respect to each Transfer Date in relation to any class A Loan Note, class B Loan Note or class C Loan Note, the investment earnings, if any, standing to the credit of the Principal Funding Account Ledger for such Loan Note (net of investment expenses and losses) which have been earned on amounts credited to such Principal Funding Account Ledger in respect of any pre-funding for the class of Loan Note to which such Loan Note belongs, for the period from and including the immediately preceding Transfer Date to but excluding such Transfer Date.

The "**Pre-Funding Investment Shortfall**" means, with respect to each Transfer Date, in relation to any class A Loan Note, class B Loan Note or class C Loan Note, the amount, if any, by which the Pre-Funding Investment Proceeds in respect of that Loan Note for such Transfer Date are less than the Pre-Funding Covered Amount for that Loan Note determined as of such Transfer Date.

The "**Pre-Funding Covered Amount**" means, unless otherwise specified in a global loan note or a Supplement to a Global Loan Note and, in the case of Global Loan Note No. 1, set out in the Prospectus Supplement/Final Terms for the related Note Series, in relation to any class A Loan Note, class B Loan Note and class C Loan Note, an amount determined as of each Transfer Date equal to the product of (a) the fraction, the numerator of which is the actual number of days in the Related Loan Note Interest Period for such Loan Note and the denominator of which is 365, and (b) the Loan Note interest rate in effect for such Loan Note with respect to such Loan Note Interest Period, and (c) the average amount credited to the Principal Funding Account Ledger for such Loan Note that represents pre-funding for such Loan Note for the Loan Note Interest Period ending on (but excluding) such Transfer Date.

In the event that the whole amount of the Senior Loan Notes needs to be pre-funded, an amount of £120,000 (the "**Pre-Funding Additional Amount**") will be transferred from LNI Available Funds to

form part of LNI Available Principal Amounts to compensate for the restriction on the Funding 1 Beneficial Interest being reduced to less than £120,000 from Principal Collections where there is a pre-funding amount. As a result, the Pre-Funding Percentage of Finance Charge Collections will still be allocated when all Senior Loan Notes are fully pre-funded and the Subordinated Loan Notes are repaid due to the Funding 1 Beneficial Interest retaining a principal interest in the Penarth Receivables Trust. If pre-funding amounts are used to make Contributions to the Penarth Receivables Trust the Pre-Funding Additional Amount will be transferred from the Principal Funding Account and treated as Additional Funds and paid to the Transferor Beneficiary as part of Deferred Consideration to the extent not utilised.

Initial Principal Amount, Outstanding Principal Amount, Adjusted Outstanding Principal Amount and Nominal Liquidation Amount

Each Loan Note has an Initial Principal Amount, an Outstanding Principal Amount, an Adjusted Outstanding Principal Amount and a Nominal Liquidation Amount.

Initial Principal Amount

The initial principal amount (the "**Initial Principal Amount**") of a Loan Note is the amount that is stated in the Loan Note Supplement for such Loan Note to be payable to the holders of the Loan Note. It will be denominated in Sterling. Such amount will be set out in the Prospectus Supplement/Final Terms of the Note Series which such Loan Note supports.

Outstanding Principal Amount

The outstanding principal amount (the "**Outstanding Principal Amount**") of a Loan Note is the Initial Principal Amount of that Loan Note, as described in the related Loan Note Supplement for such Loan Note and the relevant Prospectus Supplement/Final Terms, less Principal Payments (as defined below) to the holders of that Loan Note.

Adjusted Outstanding Principal Amount

The adjusted outstanding principal amount (the "**Adjusted Outstanding Principal Amount**") of a Loan Note is the Outstanding Principal Amount of that Loan Note less any funds on deposit in the Principal Funding Account Ledger for that Loan Note. The Adjusted Outstanding Principal Amount of any Loan Note will decrease as a result of each deposit standing to the credit of the Principal Funding Account Ledger for such Loan Note and will increase as a result of the release of any amount deposited to the credit of the Principal Funding Account Ledger where such amount is not used to make a Principal Payment to the holders of such Loan Note.

Nominal Liquidation Amount

The nominal liquidation amount (the "**Nominal Liquidation Amount**") of a Loan Note is based on the Initial Principal Amount of that Loan Note at the date of issuance and may be reduced as described below:

- if Finance Charge Collections applicable to a Loan Note are insufficient to fund the Investor Default Amounts in the Penarth Receivables Trust allocable to that Loan Note, the uncovered Investor Default Amounts allocable to that Loan Note will result in a reduction of the Nominal Liquidation Amount of that Loan Note. Subordinated Loan Notes will generally bear the risk of reduction in their Nominal Liquidation Amount due to charge-offs resulting from uncovered Investor Default Amounts allocable to the De-Linked Trust Series before Senior Loan Notes (see "*Reductions from Investor Charge-Offs to the Nominal Liquidation Amount of subordinated classes*" below);
- if Utilised Required Retained Principal Collections are used in the payment of any senior costs shortfall, class A monthly shortfall, class B monthly shortfall, Servicer payment shortfall, monthly expenses loan shortfall or class C monthly shortfall, then that Loan Note's share of the Utilised Required Retained Principal Collections will reduce the Nominal Liquidation Amount of the relevant Subordinated Loan Note (see "*Reductions to the Nominal Liquidation Amount of subordinated classes from use of Utilised Required Retained Principal Collections*" below);

- the Nominal Liquidation Amount of a Loan Note will be reduced by the amount standing to the credit of the Principal Funding Account Ledger for such Loan Note; and
- the Nominal Liquidation Amount of a Loan Note will be reduced by the amount of any payment of principal to the holder of that Loan Note.

Reductions to the Nominal Liquidation Amount of Loan Notes which are due to Investor Charge-Offs and Utilised Required Retained Principal Collections will be allocated to the Loan Notes of each class in succession, beginning with the most subordinated classes. Reductions that cannot be allocated to more Subordinated Loan Notes will be allocated to the Loan Notes of the next more senior class and will reduce the Nominal Liquidation Amount of such Senior Loan Notes. For any Loan Note, the required subordinated amount for that Loan Note will be specified in the related Supplement to a Global Loan Note for such Loan Note and may be changed as specified in that related Supplement to a Global Loan Note (see "*Required subordinated amount for Loan Notes*" below).

The Nominal Liquidation Amount of a Loan Note can be increased as follows:

- for each Loan Note, the Nominal Liquidation Amount of that Loan Note will increase if Finance Charge Collections are available to reimburse earlier reductions in the Nominal Liquidation Amount from charge-offs from uncovered Investor Default Amounts or from the use of Utilised Required Retained Principal Collections to pay any senior costs shortfall, class A monthly shortfall, class B monthly shortfall, Servicer payment shortfall, monthly expenses loan shortfall or class C monthly shortfall, which would otherwise be covered by LNI Available Funds (see "*Use of LNI Available Principal Amounts*" below). Increases will be allocated first to the Senior Loan Notes with a Nominal Liquidation Amount Deficit and then, in succession, to the subordinated classes with Nominal Liquidation Amount Deficits;
- for each Loan Note, the Nominal Liquidation Amount of that Loan Note will increase by an amount equal to any increase in the Outstanding Principal Amount of such Loan Note at any time after the initial issuance of such Loan Note; and
- for each Loan Note, the amount of any pre-funding amount released from the Principal Funding Account Ledger for such Loan Note.

The "**Nominal Liquidation Amount Deficit**" means, with respect to any Loan Note, the excess of the Adjusted Outstanding Principal Amount of such Loan Note over the Nominal Liquidation Amount for such Loan Note.

LNI Available Funds allocated to a Loan Note will also be applied, as described in "*Use of LNI Available Principal Amounts*" below, to reimburse earlier reductions in the Nominal Liquidation Amount of such Loan Note from uncovered Investor Default Amounts and that Loan Note's share of Utilised Required Retained Principal Collections allocated to that Loan Note to pay any senior costs shortfall, class A monthly shortfall, class B monthly shortfall, Servicer payment shortfall, monthly expenses loan shortfall or class C monthly shortfall. LNI Available Funds available to reimburse earlier reductions of the Nominal Liquidation Amount will be treated as LNI Available Principal Amounts, and will be applied to the Senior Loan Notes *pro rata* based on the ratio of the Nominal Liquidation Amount Deficit for such Senior Loan Note to the aggregate Nominal Liquidation Amount Deficits of all such outstanding Loan Notes of that class until all reductions in the Nominal Liquidation Amount of such class have been reimbursed in full and then to each Subordinated Loan Note in order of priority in a similar manner.

In most circumstances, the Nominal Liquidation Amount of a Loan Note, together with any principal amounts standing to the credit of the Principal Funding Account Ledger for such Loan Note, will equal the Outstanding Principal Amount of that Loan Note. However, if there are reductions in the Nominal Liquidation Amount as a result of uncovered Investor Default Amounts or Utilised Required Retained Principal Collections from that Loan Note to pay any senior costs shortfall, class A monthly shortfall, class B monthly shortfall, Servicer payment shortfall, monthly expenses loan shortfall or class C monthly shortfall, there will be a deficit in the Nominal Liquidation Amount of that Loan Note. Unless that deficit is reimbursed through the application of Finance Charge Collections allocated to that Loan Note, the Outstanding Principal Amount of that Loan Note may not be paid in full and the holder of that Loan Note may receive less than the full Outstanding Principal Amount of that Loan Note. This will occur because

the amount of Principal Collections allocated to pay that Loan Note is less than the Outstanding Principal Amount of that Loan Note.

The Nominal Liquidation Amount of a Loan Note may not be reduced below zero, and may not be increased above the Adjusted Outstanding Principal Amount of that Loan Note.

Allocations of charge-offs from uncovered Investor Default Amounts and Utilised Required Retained Principal Collections to pay any senior costs shortfall, class A monthly shortfall, class B monthly shortfall, Servicer payment shortfall, monthly expenses loan shortfall or class C monthly shortfall will reduce the Nominal Liquidation Amount of the outstanding Loan Notes only and do not affect Loan Notes that are issued after that time.

Required subordinated amount for Loan Notes

The required subordinated amount for a Senior Loan Note is the amount of Subordinated Loan Notes that is required to be outstanding and available to provide subordination for that Senior Loan Note on the date when that Senior Loan Note is issued. This amount will be specified in the related Loan Note Supplement and, in the case of Global Loan Note No. 1, the Prospectus Supplement/Final Terms of the Note Series which such Loan Note supports. No Loan Note may be issued unless the required subordinated amount for that Loan Note is available at the time of its issuance, as specified in the related Loan Note Supplement and, in the case of Global Loan Note No. 1, such Prospectus Supplement/Final Terms. The required subordinated amount is also used, in conjunction with usage, to determine the remaining Available Subordinated Amount for a Senior Loan Note and whether a Subordinated Loan Note may be repaid before its Final Redemption Date while Senior Loan Notes are outstanding. Usage, in respect of each Loan Note, is a record of the consumption of the enhancement required by such Loan Note. For further information on the required subordinated amount, please refer to the section entitled "*Issuance of new Loan Notes*" below.

Accumulation Reserve Account and Accumulation Reserve Account Ledgers

Loan Note Issuer No.1 has established and will maintain an Accumulation Reserve Account at a Qualified Institution (currently Lloyds TSB Bank plc at its branch located at St. Helier, Jersey) (the "**Accumulation Reserve Account**"). Loan Note Issuer No.1 will also establish ledgers in respect of the Accumulation Reserve Account in respect of each Loan Note specified as an "**Accumulation Reserve Account Ledger**" in respect of the relevant Loan Note. Each Accumulation Reserve Account Ledger will be established to assist with the payment by Loan Note Issuer No.1 of the monthly distribution amount for the relevant Loan Note during the Accumulation Period for that Loan Note. The "**monthly distribution amount**" in respect of a Loan Note comprises, in relation to a Monthly Period, the monthly interest amount, any deferred interest and any additional interest in each case payable in respect of such Loan Note as specified in the relevant Loan Note Supplement.

On each Transfer Date from and after the Accumulation Reserve Account Funding Date for a Loan Note but prior to the termination of the Accumulation Reserve Account Ledger for that Loan Note, Loan Note Issuer No.1 will apply certain amounts of LNI Available Funds in the priority described below in "*Use of LNI Available Funds*" to increase the amount credited to the Accumulation Reserve Account Ledger for that Loan Note (to the extent such amount is less than the Required Accumulation Reserve Account Amount for that Loan Note).

The "**Accumulation Reserve Account Funding Date**" shall mean, unless otherwise specified in the related Loan Note Supplement and set out in the relevant Prospectus Supplement/Final Terms, in respect of an Accumulation Period following an Accumulation Period Commencement Date in respect of a Loan Note the Transfer Date which occurs not later than the earliest of:

- (a) the Transfer Date with respect to the Monthly Period which commences 3 months prior to the commencement of the Accumulation Period for such Loan Note; or
- (b) the first Transfer Date for which the Quarterly Excess Available Funds Percentage is less than 1 per cent., but in such event the Accumulation Reserve Account Funding Date shall not be required to occur earlier than the Transfer Date with respect to the Monthly Period which commences 12 months prior to the commencement of the Accumulation Period for such Loan Note; or

- (c) the first Transfer Date for which the Quarterly Excess Available Funds Percentage is less than 2 per cent., but in such event the Accumulation Reserve Account Funding Date shall not be required to occur earlier than the Transfer Date with respect to the Monthly Period which commences 6 months prior to the commencement of the Accumulation Period for such Loan Note; or
- (d) the first Transfer Date for which the Quarterly Excess Available Funds Percentage is less than 3 per cent., but in such event the Accumulation Reserve Account Funding Date shall not be required to occur earlier than the Transfer Date with respect to the Monthly Period which commences 3 months prior to the commencement of the Accumulation Period for such Loan Note,

provided, however, that if the Accumulation Period Length is determined to be one month there shall be no Accumulation Reserve Account Funding Date for such Loan Note and no amounts shall be accumulated in the Accumulation Reserve Account to the credit of the Accumulation Reserve Account Ledger maintained for such Loan Note pursuant to the STDCMA.

The "**Excess Available Funds Percentage**" means, with respect to any Transfer Date, the percentage, if any, by which the Portfolio Yield for the preceding Monthly Period exceeds the Expense Rate for such Monthly Period.

The "**Expense Rate**" means, with respect to any Monthly Period, the sum of:

- (a) the annualised percentage equivalent of a fraction the numerator of which is the sum of (i) the Senior Costs Items plus (ii) the Monthly Expenses Loan Amount, in each case, for such Monthly Period and the denominator of which is the weighted average Floating Calculation Investor Interest Amount for such Monthly Period;
- (b) the weighted average (based on the Outstanding Principal Amount of the Related Debt) of the Rate of Interest applicable to each Loan Note for the period from and including the Loan Note Interest Payment Date for such Loan Note in such Monthly Period to but excluding the Loan Note Interest Payment Date for such Loan Note in the following Monthly Period; and
- (c) the annualised percentage equivalent of a fraction the numerator of which is the Investor Servicing Fee Amount for such Monthly Period and the denominator of which is the weighted average Floating Calculation Investor Interest Amount for such Monthly Period.

The "**Portfolio Yield**" means, with respect to any Monthly Period, the annualised percentage equivalent of a fraction:

- (a) the numerator of which is equal to the sum of:
 - (1) the aggregate amount of LNI Available Funds with respect to such Monthly Period; *minus*
 - (2) the aggregate Investor Default Amount for such Monthly Period; and
- (b) the denominator of which is the weighted average Floating Calculation Investor Interest Amount for such Monthly Period.

The "**Quarterly Excess Available Funds Percentage**" means, unless otherwise specified in the related Loan Note Supplement and, in respect of Global Loan Note No. 1, set out in the relevant Prospectus Supplement/Final Terms, with respect to each Transfer Date, the percentage equivalent of a fraction the numerator of which is the sum of the Excess Available Funds Percentages with respect to the immediately preceding three Monthly Periods and the denominator of which is three.

The "**Accumulation Reserve Account Surplus**" means, with respect to any Transfer Date on or after the Accumulation Reserve Account Funding Date for a Loan Note, the amount, if any, by which the amount on deposit in the Accumulation Reserve Account and credited to the Accumulation Reserve Account Ledger for that Loan Note exceeds the Required Accumulation Reserve Account Amount for such Loan Note.

The "**Required Accumulation Reserve Account Amount**" for any Loan Note on any Transfer Date on or after the Accumulation Reserve Account Funding Date will be specified in the Supplement to a Global Loan Note and, in respect of Global Loan Note No. 1, set out in the Prospectus Supplement/Final Terms for the related Note Series.

All amounts on deposit to the credit of the Accumulation Reserve Account Ledger for a Loan Note on any Transfer Date (after giving effect to any deposits to, or withdrawals from, such Accumulation Reserve Account Ledger to be made on such Transfer Date) will be invested until the following Transfer Date by Loan Note Issuer No.1 in Permitted Investments. The interest and other investment income (net of investment expenses and losses) earned on such investments will be retained in the Accumulation Reserve Account Ledger (to the extent that the amount on deposit is less than the Required Accumulation Reserve Account Amount for that Loan Note) or, *inter alia*, deposited into the Funding 1 Finance Charge Collections Ledger for application as LNI Available Funds on the related Transfer Date.

On or before each Transfer Date with respect to the Accumulation Period for a Loan Note prior to the payment in full of the relevant Loan Note and, as applicable, on the first Transfer Date for the Regulated Amortisation Period or the Rapid Amortisation Period for that Loan Note, Loan Note Issuer No.1 shall calculate the "**Accumulation Reserve Draw Amount**" which shall be equal to the Principal Funding Investment Shortfall for such Loan Note with respect to such Transfer Date with respect to the Accumulation Period or, as applicable, the first Transfer Date for the earlier of the Regulated Amortisation Period and the Rapid Amortisation Period for such Loan Note. Such amount will be reduced to the extent that funds otherwise would be available for deposit (and apart from such reduction would be required to be deposited) in the Accumulation Reserve Account and credited to the Accumulation Reserve Account Ledger for such Loan Note with respect to such Transfer Date.

The "**Principal Funding Investment Shortfall**" means, with respect to each Transfer Date in relation to any Loan Note, the amount, if any, by which the Principal Funding Investment Proceeds in respect of that Loan Note for such Transfer Date are less than the Principal Funding Covered Amount for that Loan Note determined as of such Transfer Date.

The "**Principal Funding Investment Proceeds**" means, with respect to each Transfer Date in relation to any class A Loan Note, class B Loan Note or class C Loan Note, the investment earnings, if any, standing to the credit of the Principal Funding Account Ledger for such Loan Note (net of investment expenses and losses) which have been earned on amounts credited to such Principal Funding Account Ledger which do not represent any pre-funding for the class of Loan Note to which such Loan Note belongs, for the period from (and including) the immediately preceding Transfer Date to (but excluding) such Transfer Date.

The "**Principal Funding Covered Amount**" shall mean, unless otherwise specified in a global loan note or a Supplement to a Global Loan Note and set out in the Prospectus Supplement/Final Terms for the related Note Series, in relation to any Loan Note, an amount determined as of each Transfer Date equal to the product of (a) the fraction, the numerator of which is the actual number of days in the Related Loan Note Interest Period for such Loan Note and the denominator of which is 365, (b) the Loan Note interest rate in effect for such Loan Note with respect to such Loan Note Interest Period, and (c) the average amount credited to the Principal Funding Account Ledger for such Loan Note that does not represent pre-funding for the Monthly Period preceding such Transfer Date.

In the event that for any Transfer Date, the Accumulation Reserve Draw Amount for a Loan Note is greater than zero, then the Accumulation Reserve Draw Amount, up to the Available Accumulation Reserve Account Amount, shall be withdrawn from the amount deposited in the Accumulation Reserve Account standing to the credit of the Accumulation Reserve Account Ledger for such Loan Note on such Transfer Date by Loan Note Issuer No.1 and then deposited in the Loan Note Issuer No.1 Distribution Account and credited to the Funding 1 Finance Charge Collections Ledger and shall be included in the LNI Available Funds for such Transfer Date.

In the event that the Accumulation Reserve Account Surplus for a Loan Note on any Transfer Date, after giving effect to all deposits to and withdrawals from the amounts in the Accumulation Reserve Account standing to the credit of the Accumulation Reserve Account Ledger with respect to such Transfer Date, is greater than zero, then Loan Note Issuer No.1 shall withdraw an amount equal to such Accumulation Reserve Account Surplus for that Loan Note and then pay an amount equal to this amount to the

Receivables Trustee by way of additional consideration for the grant of Loan Note Issuer No.1's interest in the Penarth Receivables Trust (identified as "**Accumulation Reserve Account Surplus Amount**").

The "**Available Accumulation Reserve Account Amount**" means for any Loan Note, with respect to any Transfer Date, the lesser of (a) the amount on deposit in the Accumulation Reserve Account Ledger for that Loan Note on such date (before giving effect to any deposit made or to be made as described above into the Accumulation Reserve Account for credit to the Accumulation Reserve Account Ledger for such Loan Note on such date), and (b) the Required Accumulation Reserve Account Amount for such Loan Note.

Upon the earlier to occur of:

- the termination of Penarth Receivables Trust;
- the first Transfer Date for the Regulated Amortisation Period (if any) or the Rapid Amortisation Period for a Loan Note; and
- the Transfer Date immediately preceding the Scheduled Redemption Date for a Loan Note,

Loan Note Issuer No.1 shall withdraw the amounts deposited in the Accumulation Reserve Account standing to the credit of the Accumulation Reserve Account Ledger for that Loan Note and pay an amount equal to this amount to the Receivables Trustee by way of additional consideration identified as the Accumulation Reserve Account Surplus Amount. After this distribution from the amounts deposited in the Accumulation Reserve Account standing to the credit of the Accumulation Reserve Account Ledger for that Loan Note has been made, the Accumulation Reserve Account Ledger for that Loan Note shall be deemed to have been terminated for the purposes of the STDCMA.

Programme Reserve Account

Loan Note Issuer No.1 will establish and maintain a programme reserve account at a Qualified Institution (currently Lloyds TSB Bank plc at its branch located at St. Helier, Jersey) (the "**Programme Reserve Account**"). The Programme Reserve Account will be established to assist with the payment by Loan Note Issuer No.1 of amounts payable on each Loan Note.

The Programme Reserve Account may be funded by Loan Note Issuer No. 1 on any issue date using funds advanced by the Expenses Loan Provider pursuant to the Expenses Loan Agreement.

On each Distribution Date, Loan Note Issuer No.1 will apply LNI Available Funds in the order of priority described in "*Application of LNI Available Funds*" to increase the amount on deposit in the Programme Reserve Account, up to the Required Programme Reserve Account Amount.

On each Transfer Date, after giving effect to any deposit to be made to, and any withdrawal to be made from, the Programme Reserve Account on that Transfer Date, Loan Note Issuer No.1 will withdraw from the Programme Reserve Account an amount equal to the excess, if any, of the amount on deposit (after taking into account interest and income earned on the investments) in the Programme Reserve Account over the Required Programme Reserve Account Amount. Loan Note Issuer No.1 will distribute this Programme Reserve Account Surplus to the Receivables Trustee as Additional Funds and it will cease to be the property of Loan Note Issuer No.1.

All amounts on deposit in the Programme Reserve Account on any Transfer Date will be invested in Permitted Investments to the following Transfer Date. This will be done after giving effect to any deposits to, or withdrawals from, the Programme Reserve Account to be made on that Transfer Date. Permitted Investments must mature so that such funds will be available for withdrawal on or prior to the following Transfer Date. No such Permitted Investment shall be disposed of prior to its maturity. The interest and other income – net of investment expenses and losses – earned on the investments will be retained in the Programme Reserve Account to the extent that the amount on deposit in the Programme Reserve Account is less than the Required Programme Reserve Account Amount.

On each Transfer Date, Loan Note Issuer No.1 will withdraw the Programme Reserve Draw Amount from the amount on deposit in the Programme Reserve Account and deposit it in the Loan Note Issuer No.1 Distribution Account to be included in LNI Available Funds. The amount of this withdrawal will be

reduced to the extent LNI Available Funds would be available for deposit in the Programme Reserve Account.

Upon the earlier to occur of:

- the termination of the Penarth Receivables Trust; and
- the Funding 1 Termination Date,

Loan Note Issuer No.1 after taking into account all other deposits and withdrawals in respect of the Programme Reserve Account on such date shall withdraw all amounts on deposit in the Programme Reserve Account and pay an amount equal to such amounts to the Receivables Trustee as Additional Funds on such date. After this distribution from the Programme Reserve Account has been made, the Programme Reserve Account shall be regarded as having been terminated.

The amount targeted to be deposited in the Programme Reserve Account on any Transfer Date from LNI Available Funds is equal to the aggregate of each amount of the excess, if any, of the Required Programme Reserve Account Amount over the Available Programme Reserve Account Amount on such Transfer Date.

If the amount of LNI Available Funds available to be deposited into the Programme Reserve Account on such Transfer Date is less than the targeted amount, then Loan Note Issuer No.1 shall transfer to the Programme Reserve Account the total amount of LNI Available Funds available to be transferred on such Transfer Date in respect of the funding of the Programme Reserve Account **provided that** such amount shall not be greater than the amount by which the Required Programme Reserve Account Amount exceeds the Available Programme Reserve Account Amount.

For the purposes of the above, the following definitions are required:

The "**Programme Reserve Draw Amount**" means, with respect to any Transfer Date, an amount equal to the lesser of (a) an amount equal to the product of (i) the percentage, if any, by which the Expense Rate for the preceding Monthly Period exceeds the Portfolio Yield for such Monthly Period, and (ii) the weighted average Floating Calculation Investor Interest Amount for such Monthly Period; and (b) the Available Programme Reserve Account Amount.

The "**Programme Reserve Account Percentage**" means the greater of (a) zero and (b) the percentage certified by the Cash Manager as being required to support the then current ratings of any Associated Debt outstanding or about to be issued provided that such percentage in (b) cannot be reduced thereafter unless the Cash Manager certifies that such reduction will not adversely affect the then current ratings of any Associated Debt outstanding.

The "**Programme Reserve Account Surplus**" means, with respect to any Transfer Date, the amount, if any, by which item (a) of the definition of Available Programme Reserve Account Amount exceeds the Required Programme Reserve Account Amount.

The "**Available Programme Reserve Account Amount**" means, with respect to any Transfer Date, the lesser of (a) the amount on deposit in the Programme Reserve Account on such date (before giving effect to any deposit made or to be made in the Programme Reserve Account Ledger on such date from LNI Available Funds) and (b) the Required Programme Reserve Account Amount.

The "**Required Programme Reserve Account Amount**" means, on each Transfer Date, the amount equal to the product of (i) the Programme Reserve Account Percentage for such Transfer Date and (ii) the sum of the Initial Principal Amounts of all Loan Notes outstanding as of the last day of the preceding Monthly Period.

Series Cash Reserve Account

Loan Note Issuer No.1 will establish and maintain a separate cash reserve account at a Qualified Institution (currently Lloyds TSB Bank plc at its branch located at St. Helier, Jersey) (the "**Series Cash Reserve Account**") for the purpose of providing credit enhancement for any individual Loan Note specified in the related Note Series' Prospectus Supplement/Final Terms as having the benefit of a Series Cash Reserve Account. Loan Note Issuer No.1 will also establish a ledger in the Series Cash Reserve

Account in respect of each such Loan Note and specify such ledger as a "**Series Cash Reserve Account Ledger**" for such Loan Note. There may be more than one Series Cash Reserve Account Ledger in the Series Cash Reserve Account. Each Series Cash Reserve Account Ledger will be established to assist with the payment by Loan Note Issuer No.1 of amounts payable on the relevant Loan Note and will be considered to be a separate Series Cash Reserve Account.

Amounts deposited in each Series Cash Reserve Account will be (i) calculated as referable to the relevant Loan Note to the extent of amounts credited to any Series Cash Reserve Account Ledger for such Loan Note and investment earnings thereon required for the Required Series Cash Reserve Account Amount less the aggregate of all Total Withdrawal Amounts withdrawn from time to time which utilised amounts are calculated as referable to that Loan Note; and (ii) calculated as referable to Loan Note Issuer No.1 as Additional Funds to the extent of investment earnings on amounts deposited in such Series Cash Reserve Account Ledger not required above which are to be paid by Loan Note Issuer No.1 to the Receivables Trustee as Additional Funds and identified as "**Investment Proceeds**".

Loan Note Issuer No.1 shall:

- on each Transfer Date deposit in the Series Cash Reserve Account to the credit of the relevant Series Cash Reserve Account Ledger an amount, if any, equal to the entitlement of the relevant Loan Note in respect of which such Series Cash Reserve Account Ledger is maintained; and
- make withdrawals from the Series Cash Reserve Account in respect of amounts credited to each Series Cash Reserve Account Ledger from time to time:
 - (a) in priority (i) on each Transfer Date in the amount up to the Available Series Cash Reserve Account Amount for the relevant Loan Note at such time to pay the monthly distribution amount for such Loan Note (to the extent necessary after applying LNI Available Funds) and (ii) on the Release Date for the relevant Loan Note, an amount up to the Available Series Cash Reserve Account Amount for the relevant Loan Note equal to the Nominal Liquidation Amount Deficit for such Loan Note (the aggregate of (i) and (ii) constituting the "**Total Withdrawal Amount**" for the relevant Loan Note); and
 - (b) to make a payment of Additional Funds to the Receivables Trustee to the extent of any excess investment earnings or Series Cash Reserve Account Surplus (on any Transfer Date or upon termination of such Series Cash Reserve Account Ledger for the relevant Loan Note).

Funds on deposit in each Series Cash Reserve Account Ledger shall be invested by Loan Note Issuer No.1 in Permitted Investments. Permitted Investments must mature so that such funds will be available for withdrawal on or prior to the following Transfer Date. No such permitted investment shall be disposed of prior to its maturity.

On each Transfer Date, an amount equal to all interest and investment earnings (net of losses and investment expenses) earned during the period immediately preceding such Transfer Date on the funds on deposit in each Series Cash Reserve Account Ledger will:

- be retained in such Series Cash Reserve Account Ledger to the extent that the Available Series Cash Reserve Account Amount for the relevant Loan Note is less than the Required Series Cash Reserve Account Amount for such Loan Note taking into account any amounts to be credited on that Transfer Date; and
- to the extent of any amount remaining after the application described above, be withdrawn from such Series Cash Reserve Account Ledger and paid to the Receivables Trustee as Additional Funds and identified as "**Investment Proceeds**" on such Transfer Date.

Upon the earlier to occur of:

- the termination of the Penarth Receivables Trust; and
- the Funding 1 Termination Date,

Loan Note Issuer No.1 after taking into account all other deposits and withdrawals in respect of the Series Cash Reserve Account on such date shall withdraw all amounts on deposit in the Series Cash Reserve Account and pay an amount equal to such amounts to the Receivables Trustee as Additional Funds on such date. After this distribution from the Series Cash Reserve Account has been made, the Series Cash Reserve Account shall be regarded as having been terminated.

The amount targeted to be deposited in the Series Cash Reserve Account on any Transfer Date from LNI Available Funds is equal to the aggregate of each amount of the excess, if any, of the Required Series Cash Reserve Account Amount for each Loan Note over the Available Series Cash Reserve Account Amount for such Loan Note on such Transfer Date.

If the amount of LNI Available Funds available to be deposited into the Series Cash Reserve Account on such Transfer Date is less than the targeted amount for all Loan Notes that have Required Series Cash Reserve Account Amount, then Loan Note Issuer No. 1 shall allocate, among classes of Loan Notes that have a Required Series Cash Reserve Account Amounts Ledger pursuant to item (xi) in " — *Application of LNI Available Funds*" below. Following such allocation, to the extent that there is shortfall in respect of the targeted amount for the relevant Loan Notes of the same class, Loan Note Issuer No. 1 shall allocate and credit for each Loan Note to its Series Cash Reserve Account Ledger an amount equal to the product of (i) the total amount of LNI Available Funds transferred in respect of such class on such Transfer Date in respect of the funding of the Series Cash Reserve Account and (ii) a fraction the numerator of which is the Required Series Cash Reserve Account Amount for the related Monthly Period for the relevant Loan Note in relation to which such Series Cash Reserve Account Ledger is maintained and the denominator of which is the aggregate of the Required Series Cash Reserve Account Amounts for the related Monthly Period for each outstanding Loan Note in the same class which on such Transfer Date has a Required Series Cash Reserve Account Amount greater than its Available Series Cash Reserve Account Amount **provided that** such amount shall not be greater than the amount by which the Required Series Cash Reserve Account Amount for such Loan Note exceeds the Available Series Cash Reserve Account Amount for such Loan Note. Any surplus following such calculation will be reallocated on the same basis until all of the relevant amount of LNI Available Funds is allocated.

For the purposes of the above, the following definitions are required:

The "**Series Cash Reserve Account Percentage**" means, in respect of each Loan Note, the percentage set out in the Loan Note Supplement for such Loan Note and, in respect of Global Loan Note No. 1, as set out in the Prospectus Supplement/Final Terms for the related Note Series.

The "**Series Cash Reserve Account Surplus**" means in relation to each Loan Note, with respect to any Transfer Date, the amount, if any, by which the Available Series Cash Reserve Account Amount for such Loan Note exceeds the Required Series Cash Reserve Account Amount for such Loan Note.

The "**Available Series Cash Reserve Account Amount**" means in relation to the relevant Loan Note then outstanding, with respect to any Transfer Date, the lesser of (a) the amount on deposit in the Series Cash Reserve Account Ledger in relation to such Loan Note on such date (before giving effect to any deposit made or to be made in the Series Cash Reserve Account Ledger for such Loan Note on such date from LNI Available Funds and (b) the Required Series Cash Reserve Account Amount in relation to such Loan Note.

The "**Required Series Cash Reserve Account Amount**" means in respect of each Loan Note on each Transfer Date the amount specified in the Loan Note Supplement for such Loan Note and, in the case of Global Loan Note No. 1, as set out in the Prospectus Supplement/Final Terms for the related Note Series and is calculated as being an amount equal to the product of (i) the Series Cash Reserve Account Percentage for such Transfer Date multiplied by (ii) the sum of the Initial Principal Amounts of all Loan Notes outstanding as of the last day of the preceding Monthly Period multiplied by (iii) a fraction, the numerator of which is the Nominal Liquidation Amount of the relevant Loan Note as of the close of business on the last day of the preceding Monthly Period and the denominator of which is the Nominal Liquidation Amount of all Loan Notes outstanding as of the close of business on the last day of the preceding Monthly Period.

Final repayment of the Loan Notes

Holders of Loan Notes will not receive payment of principal in excess of the Outstanding Principal Amount of that Loan Note.

A Loan Note will be considered to be paid in full, the holder of that Loan Note will have no further right or claim, and Loan Note Issuer No.1 will have no further obligation or liability for principal or interest, on the earlier to occur of:

- the date of the payment in full of the Outstanding Principal Amount of and all accrued, past due and Additional Interest on that Loan Note; or
- the Final Redemption Date for that Loan Note after giving effect to all deposits, allocations, reallocations and payments to be made on that date.

Refinancing of a Loan Note

Should the Prospectus Supplement/Final Terms of a Note Series and the Loan Note Supplement of the related Loan Note so indicate, the Issuer may request that, in order for the Issuer to obtain the funds necessary to redeem such Note Series in full in accordance with Condition 7(c) if such Note Series has an option to be redeemed on a Call Date, Loan Note Issuer No.1 may refinance the Loan Note which relates to the relevant Note Series through the issuance of a new Loan Note of the same class as the existing Loan Note. The proceeds received from the issuance of the new Loan Note shall then be used by Loan Note Issuer No.1 to redeem the existing Loan Note. Such proceeds would not form part of LNI Available Funds and any excess over the amount used for redemption will be used to make a Contribution to the Receivables Trust.

The Loan Note Supplement for the relevant existing Loan Note, which provides that the Issuer may request the refinancing of the relevant Loan Note, shall also specify if the Transferor may subscribe for the new Loan Note issued in order to allow the refinancing of the relevant existing Loan Note.

For the avoidance of doubt, the issuance of the new Loan Note would be subject to the Issuance Tests being met and the redemption of the existing Loan Note will be subject to the Repayment Tests being met.

Subordination of interest and principal

Interest and Principal Payments on Subordinated Loan Notes will be paid from LNI Available Funds, LNI Available Principal Amounts and from the Series Cash Reserve Account Ledger for the relevant Loan Note as set out in "*Application of LNI Available Funds*" and "*Use of LNI Available Principal Amounts*" below and "*Series Cash Reserve Account*" above.

Principal amounts referable to a Loan Note may, after finance charges and other available funds of an income nature have been applied, to the extent of Required Retained Principal Collections first be applied to pay any senior costs shortfall, class A monthly shortfall, class B monthly shortfall, Servicer payment shortfall, monthly expenses loan shortfall or Class C monthly shortfall to the extent allocable to that Loan Note. In addition, unless otherwise indicated in the related Supplement to a Global Loan Note, Subordinated Loan Notes bear the risk of reduction in their Nominal Liquidation Amount due to charge-offs from uncovered Investor Default Amounts before Senior Loan Notes. This is as a result of charge-offs from uncovered Investor Default Amounts being allocated first to the most Subordinated Loan Notes thereby reducing the Nominal Liquidation Amount of such Subordinated Loan Notes to zero before the Nominal Liquidation Amount of Senior Loan Notes is reduced.

In addition, principal amounts allocated to a Loan Note will be used to fund targeted deposits to the Principal Funding Account Ledgers or principal sub-ledgers of Senior Loan Notes before being applied to the Principal Funding Account Ledgers or principal sub-ledgers of Subordinated Loan Notes.

Further interest

Global Loan Note No. 1 will also accrue further interest in an amount which is calculated under the STDCMA. On each Transfer Date, Loan Note Issuer No.1 shall pay from the amount available to pay further interest in accordance with the priority of payments set out in "*Use of LNI Available Principal*

Amounts" below, an amount to each holder of a Loan Note (which forms part of Global Loan Note No. 1 or any other global loan note on which further interest is payable) equal to the product of (i) the amount available to be paid as further interest on such Transfer Date and (ii) a fraction the numerator of which is the weighted average Available Funds Calculation Amount for such Loan Note for the related Monthly Period and the denominator of which is the weighted average Available Funds Calculation Amount for all outstanding Loan Notes which form part of Global Loan Note No. 1 or any other global loan note on which further interest is payable. Holders of Loan Notes which form notional tranches of a global loan note which carries a right to further interest will also be obliged to make payments of deferred subscription price in respect of the global loan note of which such Loan Note forms part. See "*The Note Trust Deed and the Note Trust Deed Supplements — interest and payments*" for a description of the payment of deferred subscription price by the Issuer.

LNI Available Funds

Loan Note Issuer No.1 will utilise LNI Available Funds to make the payments and provisions set out below.

"**LNI Available Funds**" with respect to any Monthly Period are an amount equal to the sum of:

- Available Funds transferred from the Funding 1 Finance Charge Collections Ledger; *plus*
- the amount transferred on the related Transfer Date from the Principal Funding Account in respect of (i) Principal Funding Investment Proceeds and (ii) Pre-Funding Investment Proceeds; *plus*
- the amount in respect of investment earnings not required to be retained in the Accumulation Reserve Account Ledger for a Loan Note and transferred on the related Transfer Date from the Accumulation Reserve Account; *plus*
- the amount of any Accumulation Reserve Draw Amount on such Transfer Date which is paid into the Loan Note Issuer No.1 Distribution Account; *plus*
- the amount of any withdrawals from the Programme Reserve Account on such Transfer Date which is paid into the Loan Note Issuer No.1 Distribution Account; *plus*
- the amount of any Group A (finance charge collections) (as defined in the Master Framework Agreement) Shared Excess Available Funds received by Loan Note Issuer No.1 during such Monthly Period; and *less*
- the excess pre-funding collections amount for such Monthly Period.

In calculating LNI Available Funds, Loan Note Issuer No.1 will calculate Available Funds transferred from the Funding 1 Finance Charge Collections Ledger of the Trustee Collection Account.

In that respect "**Available Funds**" with respect to any Monthly Period is an amount equal to the sum of:

- Finance Charge Collections distributed to Loan Note Issuer No.1 in respect of the Funding 1 Beneficial Interest and credited to the Funding 1 Finance Charge Collections Ledger for that Monthly Period; *plus*
- the amounts in respect of the portion of Investor Acquired Interchange Amount and Investor Acquired Insurance Commission Amount distributed to Loan Note Issuer No.1 in respect of the Funding 1 Beneficial Interest and credited or to be credited to the Funding 1 Finance Charge Collections Ledger for that Monthly Period; *plus*
- "**Available Investment Proceeds**" for that Monthly Period being an amount equal to the aggregate of (i) the Net Floating Investor Percentage of income on Permitted Investments in respect of the Principal Collections Ledger for that Monthly Period and (ii) the income on Permitted Investments earned on the Funding 1 Finance Charge Collections Ledger for that Monthly Period.

Application of LNI Available Funds

On each Transfer Date, Loan Note Issuer No.1, acting on the advice of the Cash Manager, will apply and transfer LNI Available Funds credited to the Funding 1 Finance Charge Collections Ledger on such Transfer Date, in the following order of priority:

- (i) an amount in respect of "**Senior Costs Items**" being, in priority, (i) an amount equal to the Investor Trustee Payment for such Transfer Date plus any Investor Trustee Payment remaining unpaid in respect of any previous Transfer Date to be paid to the Receivables Trustee as Additional Funds on the immediately following Distribution Date; and (ii) *pari passu* (A) an amount equal to the Loan Note Issuer No.1 Costs Amount for such Transfer Date to be retained by Loan Note Issuer No.1 and (B) the aggregate of each Loan Note Holder's Costs Amount with respect to such Transfer Date to be paid to the relevant Loan Note Holder, on the immediately following Distribution Date;
- (ii) the aggregate class A monthly distribution amount for such Transfer Date, to be paid to the holder(s) of class A Loan Notes;
- (iii) the aggregate class B monthly distribution amount for such Transfer Date to be paid to the holder(s) of class B Loan Notes;
- (iv) the aggregate class C monthly distribution amount for such Transfer Date which shall be paid to the holder(s) of class C Loan Notes;
- (v) the aggregate class D monthly distribution amount for such Transfer Date which shall be paid to the holder(s) of class D Loan Notes, if any;
- (vi) an amount in respect of "**Servicer Payment Items**" being an amount equal to the Investor Servicing Fee Amount for such Transfer Date plus any Investor Servicing Fee Amount due but not paid to the Receivables Trustee in respect of any prior Transfer Date to be paid to the Receivables Trustee as Additional Funds on the immediately following Distribution Date;
- (vii) an amount equal to the aggregate Investor Default Amount, if any, for the preceding Monthly Period, which shall be paid to the Loan Note Issuer No.1 principal ledger to form part of LNI Available Principal Amounts for such Transfer Date;
- (viii) an amount equal to the Monthly Expenses Loan Amount, if any, for such Transfer Date, which shall be paid to the Expenses Loan Provider on the immediately following Distribution Date in accordance with the terms of the expenses loan;
- (ix) an amount equal to the aggregate of (i) the aggregate amount of Investor Charge-Offs and (ii) the aggregate amount of any reductions to the Nominal Liquidation Amount of any Loan Note due to payments of Utilised Required Retained Principal Collections, in each case which have not been previously reinstated, to be paid to the Loan Note Issuer No.1 principal ledger to form part of LNI Available Principal Amounts for such Transfer Date;
- (x) on each Transfer Date an amount equal to the aggregate amount targeted to be transferred to the Accumulation Reserve Account and credited to the relevant Accumulation Reserve Account Ledgers;
- (xi) in priority, (i) first, on each Transfer Date an amount equal to the aggregate amount targeted to be transferred to the Series Cash Reserve Account to be credited to the relevant Series Cash Reserve Account Ledgers provided that in the event of any shortfall, amounts will be credited in priority to the Series Cash Reserve Account Ledgers of a more Senior Loan Note Class prior to being credited to the Series Cash Reserve Account Ledgers of a more Subordinated Loan Note Class, (ii) second, on each Transfer Date occurring in the Monthly Period following the date on which the Targeted Pre-Funding Amount is equal to the aggregate Adjusted Outstanding Principal Amount of the class A Loan Notes and each class of Subordinated Loan Notes outstanding other than the most subordinated class of Subordinated Loan Notes outstanding and on each Transfer Date thereafter until such time as the pre-funding amount is reduced by more than the Pre-Funding Additional Amount (otherwise than solely by reason of any pre-funding amount being withdrawn from the Principal Funding Account on a Transfer Date), an amount

equal to the Pre-Funding Additional Amount less any amounts paid on previous Transfer Dates in respect of the Pre-Funding Additional Amount since the last pre-funding amount was last reduced by more than the Pre-Funding Additional Amount (otherwise than solely by reason of any pre-funding amount being withdrawn from the Principal Funding Account on a Transfer Date) to be transferred to the Loan Note Issuer No.1 principal ledger to be treated as LNI Available Principal Amounts and (iii) third, on each Transfer Date an amount up to the excess, if any, of the Required Programme Reserve Account Amount over the amount on deposit in the Programme Reserve Account will be deposited into the Programme Reserve Account;

- (xii) an amount (if any) equal to the aggregate of any Approved Conduit Payment to be paid to the affected conduit on the immediately following Distribution Date;
- (xiii) an amount in respect of "**Junior Costs Items**" being, in no order of priority between them but in proportion to the respective amounts due, (i) an amount equal to the Aggregate Investor Indemnity Amount if any, for the prior Monthly Period plus any Aggregate Investor Indemnity Amount remaining unpaid in respect of any previous Monthly Period to be paid to the Receivables Trustee as Additional Funds; (ii) an amount equal to the Loan Note Issuer No.1 Profit Amount for the prior Monthly Period to be retained by Loan Note Issuer No.1; (iii) an amount equal to the aggregate of each Loan Note Holder's Profit Amount to be paid to the holders of the Loan Notes; (iv) an amount equal to the additional amounts calculated as payable in accordance with any expenses loan, to be paid to the Expenses Loan Provider and (v) an amount equal to the aggregate of any amounts identified as "**Additional Junior Costs Items**" in any supplement to the global loan note as set out in the Prospectus Supplement/Final Terms for the related Note Series, to be paid to the relevant Loan Note Holder, in each case on the immediately following Distribution Date;
- (xiv) an amount, not to exceed the balance, if any, after giving effect to the payments set out above (such balance, the "**Shared Excess Available Funds**" for such Transfer Date) will be calculated and paid to other Trust Series in Group A (finance charge collections) (as defined in the Master Framework Agreement) to the extent required; and
- (xv) an amount equal to the balance, if any, will be available to Loan Note Issuer No.1 to be paid as further interest in respect of a global loan note with an entitlement to further interest or to the Receivables Trustee as excess LNI Available Funds.

The "**Aggregate Investor Indemnity Amount**" shall mean the aggregate of the investor indemnity amount in respect of a Monthly Period, each investor indemnity amount being (i), with respect to any Transferor section 75 indemnity claim an amount equal to the product of (a) the Transferor section 75 indemnity claim (in an amount not to exceed the amount of the related credit advance) and (b) the Net Floating Investor Percentage on the day during the Monthly Period in which the day such Transferor section 75 indemnity claim was made falls, and (ii) any Cash Back Promotional Costs Amount.

The "**Cash Back Promotional Costs Amount**" means the amount equal to the product of the Net Floating Investor Percentage and one-twelfth of the estimated annualised Cash Back payments referable to the Securitised Portfolio and notified by the Servicer from time to time.

An "**Approved Conduit Payment**" means any payment designated as an "Approved Conduit Payment" in the Supplement to a Global Loan Note relating to a Loan Note which is held by a conduit.

The "**Loan Note Holder's Costs Amount**" means, in respect of each Loan Note Holder, the amount set out in the relevant supplement to the global loan note for such Loan Note Holder and for the Issuer shall mean the amounts (evidenced by a formal invoice) as being required to pay the legal fees, fees, costs, charges, expenses, losses, damages, claims and liabilities of the Issuer as Loan Note Holder and the corporate service fees of Holdco accrued due and payable on any Distribution Date (including the legal fees, fees, costs, charges, expenses, losses, damages, claims and liabilities of the Note Trustee (which for the avoidance of doubt shall include those of any appointee and/or agent including any agent appointed pursuant to the Paying Agency Agreement) and any receiver) plus any such legal fees, fees, costs, charges, expenses, losses, damages, claims and liabilities remaining unpaid for previous Distribution Dates as such amount may be varied in the Prospectus Supplement/Final Terms for the related Note Series excluding in each case (A) any amount payable by such Loan Note Holder under the notes issued by it and (B) any Additional Junior Costs Items payable to such Loan Note Holder.

The "**Loan Note Holder's Profit Amount**" means in respect of each Loan Note Holder with respect to:

- (a) any Transfer Date falling on or up to 16 October 2009, an amount of £1,750; and
- (b) any Transfer Date falling after 16 October 2009, an amount rounded up to the nearest penny, equal to the lesser of one-twelfth of (i) £12,000 and (ii) the aggregate of £1,200 per Note Series outstanding during the course of the previous 11 Monthly Periods.

The "**Loan Note Issuer No.1 Costs Amount**" means the amounts (evidenced by a formal invoice) as being required to pay the legal fees, fees, costs, charges, expenses, losses, damages, claims and liabilities of Loan Note Issuer No.1 and the corporate services fees of Loan Note Issuer No. 2 accrued due and payable on any Distribution Date (including the legal fees, fees, costs, charges, expenses, losses, damages, claims and liabilities of the Security Trustee and any agent and/or appointee and/or receiver appointed pursuant to the STDCMA) plus any such legal fees, fees, costs, charges, expenses, losses, damages, claims and liabilities remaining unpaid for previous Distribution Dates.

The "**Loan Note Issuer No.1 Profit Amount**" means with respect to the first Transfer Date in each calendar year £1,000 and on any other Transfer Date £0.

The "**Monthly Expenses Loan Amount**" means, with respect to any Transfer Date, the amount equal to any monthly interest accruals and any scheduled principal repayments which are, in each case, due and payable on the immediately following Distribution Date, including any amount outstanding in respect of any previous Distribution Dates, if any, on the expenses loan.

Shortfalls of LNI Available Funds

In the event that there are shortfalls in respect of the amount of LNI Available Funds available to make the payments and provisions targeted above such shortfalls will be calculated as referable to the Loan Notes as follows:

- senior costs shortfalls will be calculated as referable to the class A Loan Notes (or if no class A Loan Notes are outstanding to the class B Loan Notes or if no class B Loan Notes are outstanding to the class C Loan Notes), in each case as a class;
- if there is a shortfall in the amount available to pay the aggregate of the class A monthly distribution amounts, then each class A Loan Note will be allocated a pro rated portion of the amount available equal to a fraction the numerator of which is the class A monthly distribution amount for that class A Loan Note and the denominator of which is the aggregate of the class A monthly distribution amounts for all class A Loan Notes. The class A monthly shortfall will then be calculated as referable to each class A Loan Note accordingly;
- if there is a shortfall in the amount available to pay the aggregate of the class B monthly distribution amounts then each class B Loan Note will be allocated a pro rated portion of the amount available equal to a fraction the numerator of which is the class B monthly distribution amount for that class B Loan Note and the denominator of which is the aggregate of the class B monthly distribution amounts for all class B Loan Notes. The class B monthly shortfall will then be calculated as referable to each such class B Loan Note accordingly;
- if there is a shortfall in the amount available to pay the aggregate of the class C monthly distribution amounts then each class C Loan Note will be allocated a pro rated portion of the amount available equal to a fraction the numerator of which is the class C monthly distribution amount for that class C Loan Note and the denominator of which is the aggregate of the class C monthly distribution amounts for all class C Loan Notes. The class C monthly shortfall will then be calculated as referable to each such class C Loan Note accordingly;
- if there is a shortfall in the amount available to pay the aggregate of the class D monthly distribution amounts then each class D Loan Note, if any, will be allocated a pro rated portion of the amount available equal to a fraction the numerator of which is the class D monthly distribution amount for that class D Loan Note and the denominator of which is the aggregate of the class D monthly distribution amounts for all class D Loan Notes. The class D monthly shortfall will then be calculated as referable to each such Class D Note accordingly;

- shortfalls in the amount payable in respect of the Servicer payment amount payable on any Transfer Date will be calculated as referable to the class A Loan Notes (or, if no class A Loan Notes are outstanding, to the class B Loan Notes or, if no class B Loan Notes are outstanding, to the class C Loan Notes only if there are class D Loan Notes outstanding) in each case as a class;
- shortfalls in the amount payable in respect of the Monthly Expenses Loan Amount payable on any Transfer Date will be calculated as referable to the class A Loan Notes (or, if no class A Loan Notes are outstanding, to the class B Loan Notes or, if no class B Loan Notes are outstanding, to the class C Loan Notes only if there are class D Loan Notes outstanding) in each case as a class;
- if there is a shortfall in the amount available to credit to the Series Cash Reserve Account Ledger of any class of Loan Notes, then each Loan Note of that class requiring an amount to be credited will be allocated a pro rated portion of the amount available equal to a fraction the numerator of which is the amount required for that Loan Note and the denominator of which is the aggregate of all amounts required for all outstanding Loan Notes of that class;
- shortfalls in the amount available to pay the Loan Note Holder's Profit Amount to each Loan Note Holder will be borne *pro rata* by each Loan Note Holder by reference to the amount payable and the Loan Note Holder's Profit Amount for each Loan Note Holder will not be paid to the extent of the insufficiency; and
- shortfalls in the amount available to pay Additional Junior Costs Items will be allocated *pro rata* between each junior cost item by reference to the amount payable and each relevant additional junior costs item will not be paid to the extent of the insufficiency.

When shortfalls are calculated due to there being insufficient LNI Available Funds to make the payments and provisions specified in "*Use of LNI Available Principal Amounts*" below, the amount of the shortfall for each item will be met:

- from LNI Available Principal Amounts in the manner and to the extent specified for the items identified (see "*Use of LNI Available Principal Amounts*" below);
- from the Series Cash Reserve Account to the extent funds are available for that purpose in respect of any Loan Note in the Series Cash Reserve Account Ledger for that Loan Note (see "*Series Cash Reserve Account*" above);
- by deferring payment in respect of such items to the next Transfer Date on which LNI Available Funds are sufficient to make a payment; or
- by such item not being payable to the extent of such shortfall.

Use of LNI Available Principal Amounts

Loan Note Issuer No.1 will utilise LNI Available Principal Amounts to make the payments and provisions set out below.

LNI available principal amounts ("**LNI Available Principal Amounts**") with respect to any Monthly Period are an amount equal to the sum of:

- amounts transferred to the Loan Note Issuer No.1 principal ledger from the Penarth Receivables Trust in respect of the Monthly Principal Amount; *plus*
- any amounts transferred to the Loan Note Issuer No.1 principal ledger from the Penarth Receivables Trust in respect of Utilised Required Retained Principal Collections; *plus*
- any amount representing any pre-funding amount transferred to the Loan Note Issuer No.1 principal ledger on the related Transfer Date; *plus*
- amounts transferred to the Loan Note Issuer No.1 principal ledger from LNI Available Funds in respect of the aggregate Investor Default Amount; *plus*

- amounts transferred to the Loan Note Issuer No.1 principal ledger from LNI Available Funds in respect of reimbursements of Investor Charge-Offs and reductions to the Nominal Liquidation Amounts of Loan Notes; *plus*
- amounts transferred to the Loan Note Issuer No.1 principal ledger from LNI Available Funds in respect of the Pre-Funding Additional Amount.

On each Transfer Date following the application of LNI Available Funds and the calculation of shortfalls (if any) Loan Note Issuer No.1, acting on the advice of the Cash Manager, will transfer from LNI Available Principal Amounts standing to the credit of the Loan Note Issuer No.1 principal ledger on such Transfer Date to the extent of Utilised Required Retained Principal Collections the following amounts in the following order of priority:

- *first*, an amount up to the senior costs shortfall, equal to:
 - if there are any class A Loan Notes outstanding, the amount of the senior costs shortfall, to be allocated to the class A Loan Notes as a class, in an amount equal to the lesser of:
 - (i) the amount of the senior costs shortfall calculated as referable to the class A Loan Notes; and
 - (ii) an amount equal to the unused Class A Available Subordinated Amount (after giving effect to any reductions due to Investor Charge-Offs and any reimbursements of Nominal Liquidation Amount Deficits); or
 - if there are no class A Loan Notes outstanding, the amount of the senior costs shortfall, to be allocated to the class B Loan Notes as a class, equal to the lesser of:
 - (i) the amount of the senior costs shortfall calculated as referable to the class B Loan Notes; and
 - (ii) an amount equal to the unused Class B Available Subordinated Amount (after giving effect to any reductions due to Investor Charge-Offs and any reimbursements of Nominal Liquidation Amount Deficits); or
 - if there are no class A Loan Notes and no class B Loan Notes outstanding, the amount of the senior costs shortfall, to be allocated to the class C Loan Notes as a class, equal to the lesser of:
 - (i) the amount of the senior costs shortfall calculated as referable to the class C Loan Notes; and
 - (ii) an amount equal to the unused Class C Available Subordinated Amount (after giving effect to any reductions due to Investor Charge-Offs and any reimbursements of Nominal Liquidation Amount Deficits),

to be transferred to the Funding 1 Finance Charge Collections Ledger and applied in respect of Senior Costs Items;

- *secondly*, an amount up to the class A monthly shortfall, equal to the aggregate of the amount in respect of each class A Loan Note, which will be allocated to such class A Loan Note, equal to such class A Loan Note's *pro rata* share of the lesser of:
 - the amount of the class A monthly shortfall calculated as referable to such class A Loan Note; and
 - the unused Class A Available Subordinated Amount (after giving effect to any reductions due to Investor Charge-Offs and the payment of Utilised Required Retained Principal Collections in respect of the senior costs shortfall and any reimbursements of Nominal Liquidation Amount Deficits),

to be transferred to the Funding 1 Finance Charge Collections Ledger and applied in respect of the aggregate class A monthly distribution amount;

- *thirdly*, an amount up to the class B monthly shortfall, equal to the aggregate of the amount in respect of each class B Loan Note, which will be allocated to such class B Loan Note, equal to such Class B Loan Note's *pro rata* share of the lesser of:
 - the amount of the class B monthly shortfall calculated as referable to such class B Loan Note; and
 - the unused Class B Available Subordinated Amount (after giving effect to any reductions due to Investor Charge-Offs and the payment of Utilised Required Retained Principal Collections in respect of the senior costs shortfall and the class A monthly shortfall and any reimbursements of Nominal Liquidation Amount Deficits),

to be transferred to the Funding 1 Finance Charge Collections Ledger and applied in respect of the aggregate class B monthly distribution amount;

- *fourthly*, if there are any class A Loan Notes outstanding, an amount up to the Servicer payment shortfall to be allocated to the class A Loan Notes as a class, equal to the lesser of:
 - the amount of the Servicer payment shortfall calculated as referable to the class A Loan Notes; and
 - the unused Class A Available Subordinated Amount (after giving effect to any reductions due to Investor Charge-Offs and the payment of Utilised Required Retained Principal Collections in respect of the senior costs shortfall, the class A monthly shortfall and the class B monthly shortfall and any reimbursements of Nominal Liquidation Amount Deficits),

to be transferred to the Funding 1 Finance Charge Collections Ledger to be applied in respect of Servicer Payment Items;

- *fifthly*, if there are any class B Loan Notes outstanding an amount up to the Servicer payment shortfall to be allocated to the class B Loan Notes as a class, equal to the lesser of:
 - the amount of the Servicer payment shortfall calculated as referable to the class B Loan Notes; and
 - the unused Class B Available Subordinated Amount (after giving effect to any reductions due to Investor Charge-Offs and the payment of Utilised Required Retained Principal Collections in respect of the senior costs shortfall, the class A monthly shortfall, the class B monthly shortfall and the Servicer payment shortfall allocated to the class A Loan Notes and any reimbursements of Nominal Liquidation Amount Deficits),

to be transferred to the Funding 1 Finance Charge Collections Ledger to be applied in respect of Servicer Payment Items;

- *sixthly*, if there are any class C Loan Notes outstanding an amount up to the Servicer payment shortfall to be allocated to the class C Loan Notes as a class, equal to the lesser of:
 - the amount of the Servicer payment shortfall calculated as referable to the class C Loan Notes; and
 - either (a) if there are any class D Loan Notes outstanding, the unused Class C Available Subordinated Amount (after giving effect to any reductions due to Investor Charge-Offs and the payment of Utilised Required Retained Principal Collections in respect of the senior costs shortfall, the class A monthly shortfall, the class B monthly shortfall and the Servicer payment shortfall allocated to the class A Loan Notes and class B Loan Notes and any reimbursements of Nominal Liquidation Amount Deficits) or (b) if there are no class D Loan Notes outstanding, the Nominal Liquidation Amount of such class C Loan Note (determined after giving effect to any reductions due to Investor Charge-Offs and

the payment of Utilised Required Retained Principal Collections in respect of the senior costs shortfall, the class A monthly shortfall, the class B monthly shortfall and the Servicer payment shortfall allocated to the class A Loan Notes, the class B Loan Notes and any reimbursements of Nominal Liquidation Amount Deficits),

to be transferred to the Funding 1 Finance Charge Collections Ledger to be applied in respect of Servicer Payment Items;

- *seventhly*, if there are any class D Loan Notes outstanding, an amount up to the Servicer payment shortfall to be allocated to the class D Loan Notes as a class, equal to the lesser of:
 - the amount of the Servicer payment shortfall calculated as referable to the class D Loan Notes; and
 - the Nominal Liquidation Amount of such class D Loan Note (determined after giving effect to any reductions due to Investor Charge-Offs and the payment of Utilised Required Retained Principal Collections in respect of the senior costs shortfall, the class A monthly shortfall, the class B monthly shortfall and the Servicer payment shortfall allocated to the class A Loan Notes, the class B Loan Notes and class C Loan Notes and any reimbursements of Nominal Liquidation Amount Deficits),

to be transferred to the Funding 1 Finance Charge Collections Ledger to be applied in respect of Servicer Payment Items;

- *eighthly*, if there are any class A Loan Notes outstanding, an amount up to the monthly expenses loan shortfall to be allocated to the class A Loan Notes as a class, equal to the lesser of:
 - the amount of the monthly expenses loan shortfall calculated as referable to the class A Loan Notes; and
 - the unused Class A Available Subordinated Amount (after taking into account any reductions due to Investor Charge-Offs and the payment of Utilised Required Retained Principal Collections in respect of the senior costs shortfall, the class A monthly shortfall, the class B monthly shortfall, the Servicer payment shortfall and any reimbursements of Nominal Liquidation Amount Deficits),

to be transferred to the Funding 1 Finance Charge Collections Ledger to be applied in respect of the Monthly Expenses Loan Amount;

- *ninthly*, if there are any Class B Loan Notes outstanding, an amount up to the monthly expenses loan shortfall to be allocated to the class B Loan Note, equal to the lesser of:
 - the amount of the monthly expenses loan shortfall calculated as referable to such class B Loan Note; and
 - the unused Class B Available Subordinated Amount (after taking into account any reductions due to Investor Charge-Offs and payment of Utilised Required Retained Principal Collections in respect of the senior costs shortfall, the class A monthly shortfall, the class B monthly shortfall, the Servicer payment shortfall and the monthly expenses loan shortfall allocated to the class A Loan Notes and any reimbursements of Nominal Liquidation Amount Deficits),

to be transferred to the Funding 1 Finance Charge Collections Ledger to be applied in respect of the Monthly Expenses Loan Amount;

- *tenthly*, if there are any class C Loan Notes outstanding, an amount up to the monthly expenses loan shortfall to be allocated to the class C Loan Notes as a class, equal to the lesser of:
 - the amount of the monthly expenses loan shortfall calculated as referable to the class C Loan Notes; and

- either (a) if there are any class D Loan Notes outstanding the unused Class C Available Subordinated Amount (after taking into account any reductions due to Investor Charge-Offs and payment of Utilised Required Retained Principal Collections in respect of the senior costs shortfall, the class A monthly shortfall, the class B monthly shortfall, the Servicer payment shortfall and the monthly expenses loan shortfall allocated to the class A Loan Notes and the class B Loan Notes and any reimbursements of Nominal Liquidation Amount Deficits), or (b) if there are no class D Loan Notes outstanding, the Nominal Liquidation Amount of such class C Loan Note (determined after giving effect to any reductions due to Investor Charge-Offs and the payment of Utilised Required Retained Principal Collections in respect of the senior costs shortfall, the class A monthly shortfall, the class B monthly shortfall, the Servicer payment shortfall and the monthly expenses loan shortfall allocated to the class A Loan Notes and the class B Loan Notes and any reimbursements of Nominal Liquidation Amount Deficits),

to be transferred to the Funding 1 Finance Charge Collections Ledger to be applied in respect of the Monthly Expenses Loan Amount;

- *eleventhly*, if there are any class D Loan Notes outstanding, an amount up to the monthly expenses loan shortfall to be allocated to the class D Loan Notes as a class, equal to the lesser of:
 - the amount of the monthly expenses loan shortfall calculated as referable to the class D Loan Notes; and
 - the Nominal Liquidation Amount of such class D Loan Notes (determined after giving effect to any reductions due to Investor Charge-Offs and the payment of Utilised Required Retained Principal Collections in respect of the senior costs shortfall, the class A monthly shortfall, the class B monthly shortfall, the Servicer payment shortfall and the monthly expenses loan shortfall allocated to the class A Loan Notes, the class B Loan Notes and class C Loan Notes and any reimbursements of Nominal Liquidation Amount Deficits),

to be transferred to the Funding 1 Finance Charge Collections Ledger to be applied in respect of Servicer Payment Items; and

- *twelfthly*, an amount up to the class C monthly shortfall, equal to the aggregate of the amounts in respect of each class C Loan Note, which will be allocated to such class C Loan Note, equal to such class C Loan Note's *pro rata* share of the lesser of:
 - the amount of the class C monthly shortfall calculated as referable to such class C Loan Note; and
 - the unused Class C Available Subordinated Amount (after giving effect to any reductions due to Investor Charge-Offs and the payment of Utilised Required Retained Principal Collections in respect of the senior costs shortfall, the class A monthly shortfall, the class B monthly shortfall, the Servicer Payment shortfall, the monthly expenses loan shortfall and any reimbursements of Nominal Liquidation Amount Deficits),

to be transferred to the Funding 1 Finance Charge Collections Ledger and applied in respect of the aggregate class C monthly distribution amount.

On each Transfer Date, following the application of LNI Available Principal Amounts to the extent of Utilised Required Retained Principal Collections as set out above, Loan Note Issuer No.1, acting on the advice of the Cash Manager, will transfer from the Loan Note Issuer No.1 principal ledger to the extent of the amount of LNI Available Principal Amounts remaining in the following order of priority:

first, in priority:

- *pari passu* and *pro rata* to the amounts due on such date:
 - in respect of each class A Loan Note which is in an Accumulation Period following an Accumulation Period Commencement Date, an amount equal to the lesser of (i) the

Controlled Deposit Amount for such class A Loan Note and (ii) the Nominal Liquidation Amount for such class A Loan Note (after giving effect to any reductions due to Investor Charge-Offs and any reimbursements of Nominal Liquidation Amount Deficits on such Transfer Date) to the Principal Funding Account Ledger maintained in respect of such class A Loan Note; and

- in respect of each class A Loan Note which is in an Amortisation Period, an amount equal to the lesser of (i) the sum of (A) the Principal Amortisation Amount for such class A Loan Note plus (B) the amount of the reimbursement of the Nominal Liquidation Amount Deficits for such class A Loan Note and (ii) the Nominal Liquidation Amount for such class A Loan Note (after giving effect to any reductions due to Investor Charge-Offs and any reimbursements of Nominal Liquidation Amount Deficits, in each case, on such Transfer Date) to the principal sub-ledger maintained in respect of such class A Loan Note; and
- in respect of each class A Loan Note, an amount equal to the lesser of (i) such class A Loan Note's *pro rata* share of the Targeted Pre-Funding Amount for class A Loan Notes on such Transfer Date and (ii) the Nominal Liquidation Amount for such class A Loan Note (after giving effect to any reductions due to Investor Charge-Offs and any reimbursements of Nominal Liquidation Amount Deficits, in each case, on such Transfer Date), to be credited to the Principal Funding Account Ledger maintained in respect of such class A Loan Note;

secondly, in priority:

- *pari passu* and *pro rata* to the amounts due on such date:
 - in respect of each class B Loan Note which is in an Accumulation Period following an Accumulation Period Commencement Date, an amount equal to the lesser of (i) the Controlled Deposit Amount for such class B Loan Note and (ii) the Nominal Liquidation Amount for such class B Loan Note (after giving effect to any reductions due to Investor Charge-Offs and Utilised Required Retained Principal Collections and any reimbursements of Nominal Liquidation Amount Deficits, in each case, on such Transfer Date) to the Principal Funding Account Ledger maintained in respect of such class B Loan Note; and
 - in respect of each class B Loan Note which is in an Amortisation Period, an amount equal to the lesser of (i) the sum of (A) the Principal Amortisation Amount for such class B Loan Note plus (B) the amount of the reimbursement of the Nominal Liquidation Amount Deficits for such class B Loan Note and (ii) the Nominal Liquidation Amount for such class B Loan Note (after giving effect to any reductions due to Investor Charge-Offs and Utilised Required Retained Principal Collections and any reimbursements of Nominal Liquidation Amount Deficits, in each case, on such Transfer Date) to the principal sub-ledger maintained in respect of such class B Loan Note,

provided that, in respect of any transfer in respect of a class B Loan Note, such transfer will only be permitted to the extent that the Repayment Tests are satisfied on such date in respect of such class B Loan Note; and

- in respect of each class B Loan Note, an amount equal to the lesser of (i) such class B Loan Note's *pro rata* share of the Targeted Pre-Funding Amount for class B Loan Notes on such Transfer Date and (ii) the Nominal Liquidation Amount for such class B Loan Note (after giving effect to any reductions due to Investor Charge-Offs and Utilised Required Retained Principal Collections and any reimbursements of Nominal Liquidation Amount Deficits, in each case, on such Transfer Date), to be credited to the Principal Funding Account Ledger maintained in respect of such class B Loan Note;

thirdly, in priority:

- *pari passu* and *pro rata* to the amounts due on such date:
 - in respect of each class C Loan Note which is in an Accumulation Period following an Accumulation Period Commencement Date, an amount equal to the lesser of (i) the Controlled Deposit Amount for such class C Loan Note and (ii) the Nominal Liquidation Amount for such class C Loan Note (after giving effect to any reductions due to Investor Charge-Offs and Utilised Required Retained Principal Collections and any reimbursements of Nominal Liquidation Amount Deficits, in each case, on such Transfer Date) to the Principal Funding Account Ledger maintained in respect of such class C Loan Note; and
 - in respect of each class C Loan Note which is in an Amortisation Period, an amount equal to the lesser of (i) the sum of (A) the Principal Amortisation Amount for such class C Loan Note plus (B) the amount of the reimbursement of the Nominal Liquidation Amount Deficit for such class C Loan Note and (ii) the Nominal Liquidation Amount for such class C Loan Note (after giving effect to any reductions due to Investor Charge-Offs and Utilised Required Retained Principal Collections and any reimbursements of Nominal Liquidation Amount Deficits, in each case, on such Transfer Date) to the principal sub-ledger maintained in respect of such class C Loan Note,

provided that, in respect of any transfer in respect of a class C Loan Note, such transfer will only be permitted to the extent that the Repayment Tests are satisfied on such date in respect of such class C Loan Note; and

- in respect of each class C Loan Note, an amount equal to the lesser of (i) such class C Loan Note's *pro rata* share of the Targeted Pre-Funding Amount for class C Loan Notes on such Transfer Date and (ii) the Nominal Liquidation Amount for such class C Loan Note (after giving effect to any reductions due to Investor Charge-Offs and Utilised Required Retained Principal Collections and any reimbursements of Nominal Liquidation Amount Deficits, in each case, on such Transfer Date), to be credited to the Principal Funding Account Ledger maintained in respect of such class C Loan Note;

fourthly, *pari passu* and *pro rata* to the amounts due on such date:

- in respect of each class D Loan Note which is in an Accumulation Period following an Accumulation Period Commencement Date, an amount equal to the lesser of (i) the Controlled Deposit Amount for such class D Loan Note and (ii) the Nominal Liquidation Amount for such class D Loan Note (after giving effect to any reductions due to Investor Charge-Offs and Utilised Required Retained Principal Collections and any reimbursements of Nominal Liquidation Amount Deficits, in each case, on such Transfer Date) to the Principal Funding Account Ledger maintained in respect of such class D Loan Note; and
- in respect of each class D Loan Note which is in an Amortisation Period, an amount equal to the lesser of (i) the sum of (A) the Principal Amortisation Amount for such class D Loan Note plus (B) the amount of the reimbursement of the Nominal Liquidation Amount Deficits for such class D Loan Note and (ii) the Nominal Liquidation Amount for such class D Loan Note (after giving effect to any reductions due to Investor Charge-Offs and Utilised Required Retained Principal Collections and any reimbursements of Nominal Liquidation Amount Deficits, in each case, on such Transfer Date) to the principal sub-ledger maintained in respect of such class D Loan Note,

provided that, in respect of any transfer in respect of a class D Loan Note, such transfer will only be permitted to the extent that the Repayment Tests are satisfied on such date in respect of such class D Loan Note;

fifthly, an amount (not to exceed the amount transferred in respect of the aggregate Investor Default Amount from LNI Available Funds) equal to the aggregate Investor Default Amount, if any, for the preceding Monthly Period to be paid to the Receivables Trustee as Additional Funds and identified as "Loss Make-Up (Default)" to be credited to the Trustee Investment Account;

sixthly, an amount (not to exceed the amount transferred in respect of reimbursements of Investor Charge-Offs and reductions in the Nominal Liquidation Amount of Loan Notes from LNI Available Funds) equal

to the aggregate of (i) the aggregate amount of Investor Charge-Offs and (ii) the aggregate amount of any reductions in the Nominal Liquidation Amount of any Loan Note due to payments of Utilised Required Retained Principal Collections which have not been previously reinstated, are to be paid to the Receivables Trustee as Additional Funds, credited to the Trustee Investment Account, and identified as "Loss Make-Up (Charge-Offs)" or "**Refunded Utilised Principal Collections**";

seventhly if an amount has been transferred from LNI Available Funds in respect of a Pre-Funding Additional Amount since the pre-funding amount was last reduced by more than the Pre-Funding Additional Amount, an amount equal to such amount to be credited to the Receivables Trustee Consideration Account as Additional Funds to be identified as part of "Excess Spread" **provided that** such amount shall be reduced by the amount of any Investor Charge-Offs deducted from the Investor Interest; and

eighthly, an amount equal to the excess, if any, to be paid to the Receivables Trustee to be credited to the Trustee Investment Account to be treated as "Cash Available For Investment".

Reduction from Investor Charge-Offs to the Nominal Liquidation Amount of subordinated classes

Investor Default Amounts in respect of the Receivables will be allocable to the Funding 1 Beneficial Interest in accordance with the terms of the Penarth Receivables Trust and the De-Linked Supplement. If on any Transfer Date there are insufficient LNI Available Principal Amounts following the transfer of LNI Available Funds for such purpose to pay in full the aggregate Investor Default Amount for the preceding Monthly Period (being the aggregate of the amount of Investor Default Amounts in respect of the Receivables allocable to the Funding 1 Beneficial Interest) then an amount equal to the shortfall, being the Investor Charge-Off for Loan Note Issuer No.1 will be allocated (and reallocated) on that Transfer Date as follows:

- initially, the Investor Charge-Off will be allocated to each outstanding Loan Note of the most subordinated class pro rata based on the ratio of the weighted average Available Funds Calculation Amount for such Loan Note for such Monthly Period to the weighted average Available Funds Calculation Amount for all outstanding Loan Notes of such class for such Monthly Period, provided, however, that any allocation of any Investor Charge-Offs that would otherwise have reduced the Nominal Liquidation Amount of any Loan Note of such class to zero will be reallocated to the remaining Loan Notes of that class but in no event will the Nominal Liquidation Amount of that class be reduced below zero;
- if following such allocation, the amount of the Investor Charge-Off is not fully allocated to the outstanding Loan Notes of the most subordinated class the amount not so allocated will be allocated successively to the next most subordinated class of Loan Notes outstanding which have Nominal Liquidation Amounts of greater than zero subject to the limitations set out below. Consequently, the effect of such allocation or reallocation in respect of the subordinated classes of Loan Notes will be to allocate Investor Charge-Offs first to the class D Loan Notes (if any), then to the class C Loan Notes and then to the class B Loan Notes, in each case subject to the limitations set out below and on the basis that no amount of Investor Charge-Offs will be allocated to a more senior class of Loan Note until the aggregate Nominal Liquidation Amount of each Loan Note of all more subordinated classes of Loan Note have been reduced to zero; and
- any amount of the Investor Charge-Off which cannot be allocated or reallocated to a subordinated class of Loan Notes due to the limitations set out below will reduce the Nominal Liquidation Amount of each class A Loan Note pro rata based on the ratio of the weighted average Available Funds Calculation Amount for such Loan Note for such Monthly Period to the weighted average Available Funds Calculation Amount for all outstanding Loan Notes of such class for such Monthly Period, provided, however, that such Nominal Liquidation Amount of a class A Loan Note may not be reduced to less than zero.

Allocation or reallocation of any part of the Investor Charge-Off to any class of Loan Notes is subject to the limitation that after giving effect to the part of the Investor Charge-Off allocated and reallocated, as the case may be, to the relevant class of Loan Notes, that the aggregate Nominal Liquidation Amount of a Loan Note will not be less than zero.

Allocation or reallocations to Loan Notes will be applied to each Loan Note pro rata based on the ratio of the weighted average Available Funds Calculation Amount for such Subordinated Loan Note for the related Monthly Period to the weighted average Available Funds Calculation Amount for all outstanding Loan Notes of that class for the related Monthly Period. If any reallocation would reduce the Nominal Liquidation Amount of a Loan Note of a class to below zero it will be reallocated to other Loan Notes of that class but in no event will the Nominal Liquidation Amount of a Loan Note be reduced to below zero.

As a result of the above the Nominal Liquidation Amount of each Loan Note will be reduced by an amount equal to the amount of the Investor Charge-Off which is allocated or reallocated to that Loan Note, **provided, however, that** if the weighted average Available Funds Calculation Amount for all Loan Notes is zero and the pre funding amount is greater than zero then it is acknowledged that the effect of the Investor Charge-Off will be to reduce the remaining Investor Interest in the Penarth Receivables Trust without causing a reduction in the Nominal Liquidation Amount of any Loan Note.

Reductions to the Nominal Liquidation Amount of subordinated classes from use of Utilised Required Retained Principal Collections

The use of LNI Available Principal Amounts to the extent of Utilised Required Retained Principal Collections to meet shortfalls of LNI Available Funds to make certain payments and targeted provisions on a Transfer Date is described above. Following the allocation of such shortfalls to the relevant Loan Notes the Nominal Liquidation Amounts of Loan Notes are reduced as follows:

- the share of the senior costs shortfall paid from LNI Available Principal Amounts which is allocated to the class A Loan Notes will reduce the Nominal Liquidation Amount of first each of the class D Loan Notes, then each of the class C Loan Notes and then each of the class B Loan Notes;
- the share of the senior costs shortfall paid from LNI Available Principal Amounts which is allocated to the class B Loan Notes will reduce the Nominal Liquidation Amount (determined after giving effect to any reduction due to the amount of Investor Charge-Offs) of first each of the class D Loan Notes, then each of the class C Loan Notes;
- the share of the senior costs shortfall paid from LNI Available Principal Amounts which is allocated to the class C Loan Notes will reduce the Nominal Liquidation Amount (determined after giving effect to any reduction due to the amount of Investor Charge-Offs) of each of the class D Loan Notes;
- the share of the class A monthly shortfall paid from LNI Available Principal Amounts which is allocated to each class A Loan Note will reduce the Nominal Liquidation Amount (determined after giving effect to the Investor Charge-Offs and the preceding paragraphs) of first, each of the class D Loan Notes, then each of the class C Loan Notes and then each of the class B Loan Notes, provided however, that the aggregate amount of such reduction in respect of the class A Loan Notes shall not exceed the greater of (i) zero and (ii) the amount equal to the Class A Available Subordinated Amount (after giving effect to any reductions due to the amount of the Investor Charge-Offs and the preceding paragraphs);
- the share of the class B monthly shortfall paid from LNI Available Principal Amounts which is allocated to each class B Loan Note will reduce the Nominal Liquidation Amount (determined after giving effect to the Investor Charge-Offs and the preceding paragraphs) of first, the class D Loan Notes, then the class C Loan Notes;
- the Servicer payment shortfall paid from LNI Available Principal Amounts which is allocated to the class A Loan Notes will reduce the Nominal Liquidation Amount (determined after giving effect to the Investor Charge-Offs and the preceding paragraphs) of first each of the class D Loan Notes, then each of the class C Loan Notes and then each of the class B Loan Notes;
- the Servicer payment shortfall paid from LNI Available Principal Amounts which is allocated to the class B Loan Notes will reduce the Nominal Liquidation Amount (determined after giving effect to the Investor Charge-Offs and the preceding paragraphs) of first each of the class D Loan Notes and then each of the class C Loan Notes;

- the Servicer payment shortfall paid from LNI Available Principal Amounts which is allocated to the class C Loan Notes will reduce the Nominal Liquidation Amount (determined after giving effect to the Investor Charge-Offs and the preceding paragraphs) of each of the class D Loan Notes (if any) or, if there are no class D Loan Notes then outstanding, of each of the class C Loan Notes;
- the share of the Servicer payment shortfall paid from LNI Available Principal Amounts which is allocated to each class D Loan Notes will reduce the Nominal Liquidation Amount (determined after giving effect to the Investor Charge-Offs and the preceding paragraphs) of each of the class D Loan Notes;
- the share of the monthly expenses loan shortfall paid from LNI Available Principal Amounts which is allocated to the class A Loan Notes will reduce the Nominal Liquidation Amount (determined after giving effect to the Investor Charge-Offs and the preceding paragraphs) of first the class D Loan Notes, then each of the class C Loan Notes and then each of the class B Loan Notes;
- the share of the monthly expenses loan shortfall paid from LNI Available Principal Amounts which is allocated to the class B Loan Notes will reduce the Nominal Liquidation Amount (determined after giving effect to the Investor Charge-Offs and the preceding paragraphs) of first each of the class D Loan Notes and then each of the class C Loan Notes;
- the share of the monthly expenses loan shortfall paid from LNI Available Principal Amounts which is allocated to the class C Loan Notes will reduce the Nominal Liquidation Amount (determined after giving effect to the Investor Charge-Offs and the preceding paragraphs) of each of the class D Loan Notes (if any) or, if there are no class D Loan Notes then outstanding, of each of the class C Loan Notes;
- the share of the monthly expenses loan shortfall paid from LNI Available Principal Amounts which is allocated to the class D Loan Notes will reduce the Nominal Liquidation Amount (determined after giving effect to the Investor Charge-Offs and the preceding paragraphs) of each of the class D Loan Notes; and
- the share of the class C monthly shortfall paid from LNI Available Principal Amounts which is allocated to each class C Loan Note will reduce the Nominal Liquidation Amount (determined after giving effect to the Investor Charge-Offs and the preceding paragraphs) of the class D Loan Notes.

Reductions of the Nominal Liquidation Amount of Loan Notes described above are subject to the following provisions:

The aggregate amount which reduces the Nominal Liquidation Amount of class A Loan Notes as set out above will reduce the Nominal Liquidation Amount (determined after giving effect to any reductions due to the amount of the Investor Charge-Offs) of each class A Loan Note *pro rata* based on the ratio of the weighted average Available Funds Calculation Amount for such class A Loan Note for the related Monthly Period to the weighted average Available Funds Calculation Amount for all class A Loan Notes for the related Monthly Period; **provided, however, that** any allocation of any such reduction that would otherwise have reduced the Nominal Liquidation Amount of a class A Loan Note below zero will be reallocated to the remaining class A Loan Notes, but in no event will the Nominal Liquidation Amount of any class A Loan Note be reduced below zero; **provided further, however,** that each amount which would otherwise reduce the Nominal Liquidation Amount of the class A Loan Notes will instead reduce the Nominal Liquidation Amount (determined after giving effect to the Investor Charge-Offs and the above) of first each of the class D Loan Notes, then each of the class C Loan Notes, then each of the class B Loan Notes to the extent it will not cause the Nominal Liquidation Amount of any such Loan Note to be reduced below zero.

The aggregate amount which reduces the Nominal Liquidation Amount of class B Loan Notes as set out above will reduce the Nominal Liquidation Amount (determined after giving effect to any reductions due to the amount of the Investor Charge-Offs) of each class B Loan Note *pro rata* based on the ratio of the weighted average Available Funds Calculation Amount for such class B Loan Note for the related Monthly Period to the weighted average Available Funds Calculation Amount for all class B Loan Notes

for the related Monthly Period; **provided, however, that** any allocation of any such reduction that would otherwise have reduced the Nominal Liquidation Amount of a class B Loan Note below zero will be reallocated to the remaining class B Loan Notes, but in no event will the Nominal Liquidation Amount of any class B Loan Note be reduced below zero; **provided further, however,** that each amount which would otherwise reduce the Nominal Liquidation Amount of the class B Loan Notes will instead reduce the Nominal Liquidation Amount (determined after giving effect to the Investor Charge-Offs and the above) of first each of the class D Loan Notes, then each of the class C Loan Notes to the extent it will not cause the Nominal Liquidation Amount of any such Loan Note to be reduced below zero.

The aggregate amount which reduces the Nominal Liquidation Amount of class C Loan Notes as set out above will reduce the Nominal Liquidation Amount (determined after giving effect to any reductions due to the amount of the Investor Charge-Offs) of each class C Loan Note *pro rata* based on the ratio of the weighted average Available Funds Calculation Amount for such class C Loan Note for the related Monthly Period to the weighted average Available Funds Calculation Amount for all class C Loan Notes for the related Monthly Period; **provided, however, that** any allocation of any such reduction that would otherwise have reduced the Nominal Liquidation Amount of a class C Loan Note below zero will be reallocated to the remaining class C Loan Notes, but in no event will the Nominal Liquidation Amount of any class C Loan Note be reduced below zero; **provided further, however,** that each amount which would otherwise reduce the Nominal Liquidation Amount of the class C Loan Notes will instead reduce the Nominal Liquidation Amount (determined after giving effect to the Investor Charge-Offs and the above) of each of the class D Loan Notes (if any) to the extent it will not cause the Nominal Liquidation Amount of any such Loan Note to be reduced below zero.

The aggregate amount which reduces the Nominal Liquidation Amount of class D Loan Notes as set out above will reduce the Nominal Liquidation Amount (after giving effect to any reductions due to the amount of the Investor Charge-Offs) of each class D Loan Note *pro rata* based on the ratio of the weighted average Available Funds Calculation Amount for such class D Loan Note for the related Monthly Period to the weighted average Available Funds Calculation Amount for all class D Loan Notes for the related Monthly Period; **provided, however, that** any allocation of any such reduction that would otherwise have reduced the Nominal Liquidation Amount of a class D Loan Note below zero will be reallocated to the remaining class D Loan Notes, but in no event will the Nominal Liquidation Amount of any class D Loan Note be reduced below zero.

Redemption and early redemption of Loan Notes

Whenever Loan Note Issuer No.1 is to redeem a Loan Note, it will do so only to the extent that finance charges and principal amounts it has received and allocated to that Loan Note are sufficient to redeem that Loan Note in full, and only to the extent that the Loan Notes to be redeemed are not required to provide subordination for Senior Loan Notes. The holder of a Loan Note will have no claim against Loan Note Issuer No.1 if Loan Note Issuer No.1 fails to make a required redemption of a Loan Note before the Final Redemption Date because no funds are available for that purpose or because the Loan Notes that would otherwise be redeemed are required to provide subordination for Senior Loan Notes. The failure to redeem under these circumstances will not be a Loan Note Event of Default. If, following any payments made on the Final Redemption Date, the Outstanding Principal Amount of a Loan Note is greater than zero, then such Outstanding Principal Amount shall be reduced to zero and no further amounts of interest or principal shall be payable by Loan Note Issuer No. 1 in respect of such Loan Note.

Loan Note Issuer No.1 may only repay principal amounts owing in respect of Loan Notes pursuant to the terms and conditions of the global loan notes, if the following Conditions in relation to a class of Loan Note (together, the "**Repayment Tests**") are satisfied:

- **Required subordination for repayment of any class B Loan Note**

On the Distribution Date in respect of any class B Loan Note, immediately after making such payment, the Class A Available Subordinated Amount must be at least equal to the Class A Required Subordinated Amount.

- **Required subordination for repayment of any class C Loan Note**

On the Distribution Date in respect of any class C Loan Note, immediately after making such payment, the Class A Available Subordinated Amount must be at least equal to the Class A

Required Subordinated Amount and the Class B Available Subordinated Amount must be at least equal to the Class B Required Subordinated Amount.

- **Required subordination for repayment of any class D Loan Note**

On the Distribution Date of any class D Loan Note, immediately after making such payment, the Class A Available Subordinated Amount must be at least equal to the Class A Required Subordinated Amount, the Class B Available Subordinated Amount must be at least equal to the Class B Required Subordinated Amount and the Class C Available Subordinated Amount must be at least equal to the Class C Required Subordinated Amount.

Issuance of new Loan Notes

Unless otherwise specified in the related Loan Note Supplement and which will be set out in the Prospectus Supplement/Final Terms of the Note Series which such Loan Note supports, Loan Note Issuer No.1 may only issue a new Loan Note, or increase the Outstanding Principal Amount of an existing Loan Note, if the following conditions (together, the "**Issuance Tests**") are satisfied:

Increase in Required Series Cash Reserve Account Amount or Required Programme Reserve Account Amount

If the issuance of a Loan Note results in an increase in the Required Series Cash Reserve Account Amount of any Loan Note or the Required Programme Reserve Account Amount, on such date Loan Note Issuer No.1 will have deposited an amount equal to the amount of such increase into the Series Cash Reserve Account for the credit of the relevant Series Cash Reserve Account Ledger maintained in respect of each affected Loan Note and/or into the Programme Reserve Account, as the case may be.

For the class A Loan Notes,

On the issue date for that Loan Note after giving effect to the issuance of that Loan Note, the Class A Available Subordinated Amount must be equal to or greater than the Class A Required Subordinated Amount.

The "**Class A Required Subordinated Amount**" is calculated, on any date, as the product of (A x B) where:

A = the highest Class A Required Subordinated Percentage currently specified in respect of any class A Loan Note then outstanding; and

B = the sum of (a) the Adjusted Outstanding Principal Amount of all Loan Notes on such date (after giving effect to any payments of principal to be made on the Loan Notes on such date) plus (b) any pre-funding amount recorded in the Principal Funding Account Ledger for any Loan Note.

The "**Class A Available Subordinated Amount**" is calculated, on any date, as the sum of (a) the aggregate of the Adjusted Outstanding Principal Amounts of class B Loan Notes, class C Loan Notes and class D Loan Notes (after giving effect to any issuances, deposits, allocations, re-allocations or repayments of principal to be made on the Loan Notes on such date); (b) the Available Programme Reserve Account Amount (if any) on deposit in the Programme Reserve Account on such date; and (c) any pre-funding amounts recorded in the Principal Funding Account Ledger for any of the class B Loan Notes and class C Loan Notes on such date.

The "**Class A Required Subordinated Percentage**" has the meaning set in the relevant Prospectus Supplement/Final Terms.

For the class B Loan Notes,

On the issue date for that Loan Note after giving effect to the issuance of that Loan Note, the Class B Available Subordinated Amount must be equal to or greater than the Class B Required Subordinated Amount.

The "**Class B Required Subordinated Amount**" is calculated, on any date, as the product of (A x B) where:

A = the highest Class B Required Subordinated Percentage currently specified in respect of any class B Loan Note then outstanding; and

B = the sum of (a) the Adjusted Outstanding Principal Amount of all Loan Notes on such date (after giving effect to any payments of principal to be made on the Loan Notes on such date) plus (b) any pre-funding amount recorded in the Principal Funding Account Ledger for any Loan Note.

The "**Class B Required Subordinated Percentage**" has the meaning set out in the relevant Prospectus Supplement/Final Terms.

The "**Class B Available Subordinated Amount**" is calculated, on any date, as the sum of (a) the aggregate of the Adjusted Principal Amounts Outstanding of class C Loan Notes and class D Loan Notes (after giving effect to any issuances, deposits, allocations or re-allocations or repayments of principal to be made on the Loan Notes on such date); and (b) the Available Programme Reserve Account Amount (if any) on deposit in the Programme Reserve Account on such date; and (c) any pre-funding amounts recorded in the Principal Funding Account Ledger for any class C Loan Note.

For the class C Loan Notes,

On the issue date for that Loan Note after giving effect to the issuance of that Loan Note, the Class C Available Subordinated Amount must be equal to or greater than the Class C Required Subordinated Amount.

The "**Class C Required Subordinated Amount**" is calculated, on any date, as the product of A x B where:

A = the highest Class C Required Subordinated Percentage currently specified in respect of any class C Loan Note then outstanding; and

B = the sum of (a) the Adjusted Outstanding Principal Amount of all Loan Notes on such date (after giving effect to any payments of principal to be made on the Loan Notes on such date) plus (b) any pre-funding amount recorded in the Principal Funding Account Ledger for any Loan Note.

The "**Class C Required Subordinated Percentage**" has the meaning set out in the relevant Prospectus Supplement/Final Terms.

The "**Class C Available Subordinated Amount**" is calculated, on any date, as the sum of (a) the aggregate of the Adjusted Principal Amounts Outstanding of the class D Loan Notes corresponding to all Note Series (after giving effect to any issuances, deposits, allocations, re-allocations or repayments of principal to be made on the Loan Notes on such date); and (b) the Available Programme Reserve Account Amount (if any) on deposit in the Programme Reserve Account on such date.

Loan Note Issuer No.1 is not required to provide prior notice to, permit any prior review by or to obtain the consent of any Loan Note Holder of an outstanding Loan Note to issue any additional Loan Note. There are no restrictions on the timing or amount of any additional issuance of Loan Notes, so long as the conditions described above are met.

Loan Note Issuer No.1 may from time to time, without notice to, or the consent of, the registered holders of a Loan Note, increase the Outstanding Principal Amount of a Loan Note so long as the conditions described above are met.

When issued, the additional Loan Notes will be identical in all respects to the other outstanding Loan Notes of that class equally and rateably entitled to the benefits of the STDCMA, the relevant global loan note and the related Supplement to a Global Loan Note as applicable to the previously issued Loan Notes of that class without preference, priority or distinction.

Payments on Loan Notes

Loan Note Issuer No.1 and the Security Trustee will treat the person registered as the holder of any Global Loan Note as the absolute owner of the Loan Notes represented thereby, whether or not the Loan Note is overdue and notwithstanding any notice to the contrary, for the purpose of making payment and for all other purposes.

Loan Note Issuer No.1 will make payments on a Loan Note to the registered holder of the Loan Note by the close of business on the Loan Note Record Date established for the related Distribution Date.

If any withholding or deduction for any taxes, duties, assessments or government charges is imposed, levied, collected, withheld or assessed on payments of principal or interest on any Loan Note by any jurisdiction or any political subdivision or authority in or of any jurisdiction having power to tax, payments by Loan Note Issuer No.1 will be reduced accordingly and neither Loan Note Issuer No.1, nor the Security Trustee, will be required to make any additional payments to the holders of the Loan Notes for that withholding or deduction. Such reduced payments will not be treated as deferred payments and, accordingly, will not bear Additional Interest. As at the date of this Base Prospectus, there is no obligation under Jersey or UK tax law on Loan Note Issuer No.1 to make any deduction or withhold any amount on payments made under the Loan Notes.

The "**Loan Note Record Date**" in respect of any Transfer Date or Distribution Date means the last Business Day of the preceding Monthly Period, unless otherwise specified in the related Loan Note Supplement and the Prospectus Supplement/Final Terms of the Note Series which such Loan Note supports.

The Expenses Loan Agreement

On the date that Global Loan Note No. 1 is issued, Loan Note Issuer No.1 (as borrower) entered into a loan agreement (the "**Expenses Loan Agreement**") with Bank of Scotland (or an affiliate) (as the initial "**Expenses Loan Provider**") under which the Expenses Loan Provider has made advances to Loan Note Issuer No.1 to be utilised by Loan Note Issuer No.1 from time to time (i) in meeting certain costs and expenses of Loan Note Issuer No.1 relating to the issuance of Loan Notes including the costs of the Issuer as subscriber for those Loan Notes and (ii) funding any initial funding requirement of the Programme Reserve Account or any Series Cash Reserve Account. The amounts outstanding under the Expenses Loan Agreement, together with interest thereon, will be repaid out of LNI Available Funds (see "*Application of LNI Available Funds*"). To the extent that such LNI Available Funds are sufficient on each Relevant Date, repayments of principal and payment of the total amount of interest payable on the Principal Amount Outstanding on the loan will be made by monthly instalments on each Distribution Date. A8.3.4.3

Funding 1 Jersey Bank Account Operating Agreement

Loan Note Issuer No.1 has entered into a bank account operating agreement in Jersey (the "**Funding 1 Jersey Bank Account Operating Agreement**") with the Jersey Bank Account Operator. Under the terms of the Funding 1 Jersey Bank Account Operating Agreement, the Jersey Bank Account Operator agrees to exercise certain rights and powers in relation to the bank accounts of Loan Note Issuer No.1 on behalf of Loan Note Issuer No.1 under the De-Linked Supplement, the STDCMA and any Supplement to a Global Loan Note (including Global Loan Note No. 1) and in accordance with the instructions and directions of Loan Note Issuer No.1 given in Jersey.

SOURCES OF FUNDS TO PAY THE LOAN NOTES

General

Loan Note Issuer No.1 is an Investor Beneficiary of the Penarth Receivables Trust.

On the first Issue Date, Loan Note Issuer No.1 will make a Contribution to the trust property of the Penarth Receivables Trust and thereby increase its Aggregate Investor Interest in the trust property. The increase in the beneficial entitlement of Loan Note Issuer No.1 will be documented in a supplement designated the "**De-Linked Supplement**". Thereafter, on each subsequent Issue Date, the proceeds from the issue of the Loan Notes to the Issuer on the Issue Date (together with an amount drawn under the Expenses Loan Agreement) will be used by Loan Note Issuer No.1 on the relevant Issue Date to fund its further Contribution in respect of the Funding 1 Beneficial Interest to the Penarth Receivables Trust which will thereby increase the Aggregate Investor Interest of Loan Note Issuer No.1 in the trust property (see "*The Receivables — Assignment of the Receivables to the Receivables Trustee*" and "*The Penarth Receivables Trust — Contributions to trust property*").

The parties to the De-Linked Supplement are the Receivables Trustee, Bank of Scotland (as the Transferor Beneficiary, the Servicer and the Transferor), Loan Note Issuer No.1 as an Investor Beneficiary and Loan Note Issuer No.2 as an Investor Beneficiary.

Loan Note Issuer No.1 will, on each Issue Date, return its existing Investor Certificate to the Receivables Trustee for annotation. Upon a further Contribution occurring, the Receivables Trustee will annotate the Investor Certificate to reflect such Contribution and the increase in the Aggregate Investor Interest of Loan Note Issuer No.1, and then return such certificate.

The Funding 1 Beneficial Interest will be included in Group One and will not be subordinated to any other Investor Beneficiary or Trust Series.

"**Group One**" means any outstanding Trust Series in respect of Loan Note Issuer No.1 or Loan Note Issuer No.2 including the Funding 1 Beneficial Interest and each other Trust Series specified in any Supplement to be included in Group One.

Additional funds payable by Loan Note Issuer No.1

In addition to the Contribution described above, Loan Note Issuer No.1 will be obliged each month to make a further Contribution (to the extent it has funds available for that purpose as calculated by the Receivables Trustee in accordance with the De-Linked Supplement). This Further Payment will be paid by Loan Note Issuer No.1 to the Receivables Trustee by way of further Contribution in respect of its interest in the Penarth Receivables Trust and will be described in this Base Prospectus as "**Additional Funds**".

Additional funds are made up of a number of different elements, with the different possible categories:

- (a) "Investor Trustee Payment amount";
- (b) "Investor Servicing Fee Amount";
- (c) "Loss Make-Up (Default)";
- (d) "Loss Make-Up (Charge-Offs)";
- (e) "Refunded Utilised Principal Collections";
- (f) "Excess Spread";
- (g) "Accumulation Reserve Account Surplus Amount";
- (h) "Programme Reserve Account Surplus Amount";
- (i) "Series Cash Reserve Account Surplus Amount";
- (j) "Investment Proceeds" (to the extent not included in Excess Spread);

- (k) "investor indemnity payment amount"; and
- (l) "excess pre-funding Collections amount".

Each constituent element of any payment of Additional Funds shall be paid, when due, by Loan Note Issuer No.1 to the Receivables Trustee, in the following manner:

- (a) in respect of Loss Make-Up (Default), Loss Make-Up (Charge-Off) and Refunded Utilised Principal Collections, by depositing such amounts in the Trustee Investment Account;
- (b) in respect of Investor Trustee Payment amounts, Investor Servicing Fee Amounts and investor indemnity payment amounts, by depositing such amounts in a specified account of the Receivables Trustee for payment to the Receivables Trustee; and
- (c) in respect of Excess Spread, Accumulation Reserve Account Surplus Amount, Programme Reserve Account Surplus Amount, Series Cash Reserve Account Surplus amount, Investment Proceeds and excess pre-funding Collections amounts, by depositing such amounts in the Receivables Trustee Consideration Account.

Loan Note Issuer No.1 has opened a bank account in relation to the De-Linked Trust Series, held in its own name, and located in Jersey, Channel Islands at a Qualified Institution (currently Lloyds TSB Bank plc at its branch at St. Helier, Jersey) (the "**Loan Note Issuer No.1 Distribution Account**"). It will be used by Loan Note Issuer No.1 to discharge amounts due by Loan Note Issuer No.1 which Loan Note Issuer No.1 receives in accordance with its beneficial entitlement in respect of the De-Linked Trust Series.

Beneficial entitlement of Loan Note Issuer No.1 to trust property-rights of the Investor Beneficiary in respect of the De-Linked Trust Series

The part of Loan Note Issuer No.1's beneficial entitlement to different categories of trust property in the Penarth Receivables Trust referable to the De-Linked Trust Series (the "**Funding 1 Beneficial Interest**") will be calculated by the Servicer on behalf of the Receivables Trustee by applying the relevant Investor Percentage for the De-Linked Trust Series. This beneficial entitlement, on each day up to and including the Funding 1 Termination Date, shall be as set out below:

- (a) in respect of Undivided Bare Trust Property other than Finance Charge Collections, Acquired Interchange, Acquired Insurance Commission and income on Permitted Investments, that proportion which the Aggregate Investor Interest for the De-Linked Trust Series bears on that day to the sum of the Combined Aggregate Adjusted Investor Interest and the Adjusted Transferor Interest on that day (**provided that**, for the avoidance of doubt, in the calculation of the Combined Aggregate Adjusted Investor Interest in this clause (and in the equivalent provision which is applicable to each other Trust Series of the Investor Interest of the Investor Beneficiaries), the "**Adjusted Investor Interest**" for the De-Linked Trust Series shall be an amount equal to the Investor Interest);
- (b) in respect of (i) that Undivided Bare Trust Property which consists of Finance Charge Collections received during any Monthly Period, the Floating Investor Percentage and (ii) that Undivided Bare Trust Property which consists of Acquired Interchange, Acquired Insurance Commission and income on Permitted Investments received during any Monthly Period, the Net Floating Investor Percentage, in each case, for the De-Linked Trust Series for that Monthly Period; and
- (c) in relation to Segregated Bare Trust Property held for Loan Note Issuer No.1, the Segregated Bare Trust Property held absolutely for Loan Note Issuer No.1 from time to time.

For further explanation of the Floating Investor Percentage, see "*— Calculation and distribution of Finance Charge Collections and Acquired Interchange to Loan Note Issuer No.1*" below.

The beneficial entitlement of Loan Note Issuer No.1 to trust property shall terminate on the day immediately following the Funding 1 Termination Date.

The following definitions are necessary to understand the calculations described above.

The "**Initial Investor Interest**" shall mean in this Base Prospectus an amount denominated in Sterling equal to the initial Contribution by Loan Note Issuer No.1 in respect of the De-Linked Supplement.

The term "**Investor Charge-Off**" means, on any Transfer Date, the amount by which the LNI Available Principal Amounts following the transfer of LNI Available Funds for the previous Monthly Period was unable to cover the aggregate Investor Default Amount for such period (see "*Defaulted Receivables: Investor Charge-Offs*" below).

The term "**Investor Default Amount**" means, with respect to any Receivable in a Defaulted Account, an amount equal to the product of (a) the Default Amount and (b) the Net Floating Investor Percentage on the day during the Monthly Period in which such account became a Defaulted Account.

The term "**Investor Interest**" shall mean, on any date of determination, an amount equal to the Initial Investor Interest as increased by:

- the aggregate amount of any Investor Interest Contribution Increases;

and as reduced by:

- the aggregate of:
 - (a) Principal Collections (but excluding, for the avoidance of doubt, amounts which are not Principal Collections but are expressed to be treated as such for the purpose of the calculations set out in the De-Linked Supplement) distributed to Loan Note Issuer No.1 in respect of the De-Linked Trust Series (with the effect that the aggregate amount of Loan Note Issuer No.1's beneficial entitlement in the Undivided Bare Trust in respect of the De-Linked Trust Series is reduced) prior to such date;
 - (b) Principal Collections used by Loan Note Issuer No.1 in respect of the De-Linked Trust Series as Utilised Required Retained Principal Collections as reduced by the aggregate of that part of the Additional Funds paid by Loan Note Issuer No.1 in accordance with the De-Linked Supplement identified as "**Refunded Utilised Principal Collections**";
 - (c) Investor Default Amounts as reduced by the aggregate of that part of the Additional Funds paid by Loan Note Issuer No.1 in accordance with the De-Linked Supplement identified as "**Loss Make-Up (Default)**" referable to the De-Linked Trust Series and the amount of any Investor Charge-Offs identified on any Transfer Date in respect of such Investor Default Amounts; and
 - (d) Investor Charge-Offs as reduced by the aggregate of that part of the Additional Funds paid by Loan Note Issuer No.1 in accordance with the De-Linked Supplement identified as "**Loss Make-Up (Charge-Off)**" (excluding, for the avoidance of doubt, any Investor Default Amounts as reduced by the aggregate of that part of the Additional Funds paid by Loan Note Issuer No.1 in accordance with the De-Linked Supplement identified as "**Loss Make-Up (Default)**"),

all calculated as at that date.

The term "**Loss Make-Up (Charge-Offs)**" shall mean a constituent element of any payment of Additional Funds paid by Loan Note Issuer No.1 to the Receivables Trustee in accordance with the De-Linked Supplement.

The term "**Loss Make-Up (Default)**" shall mean a constituent element of any payment of Additional Funds paid by Loan Note Issuer No.1 to the Receivables Trustee in accordance with the De-Linked Supplement.

The term "**Monthly Period**" means, the period from and including the first day of a calendar month to and including the last day of the same calendar month, except that the first Monthly Period with respect to any calculation in respect of the De-Linked Trust Series shall begin on and include the Issue Date and shall end on and include the date specified in the first Prospectus Supplement/Final Terms.

The term "**Refunded Utilised Principal Collections**" shall mean a constituent element of any payment of Additional Funds paid by Loan Note Issuer No.1 into the Trustee Investment Account in accordance with the De-Linked Supplement, which represents an amount of Principal Collections which, following the application of the Utilised Required Retained Principal Collections as the reallocated Principal Collections, is paid by Loan Note Issuer No.1 to the Receivables Trustee and can therefore be used to reinstate the Investor Interest.

With respect to Principal Collections that may be utilised as reallocated Principal Collections (as to which see "*The Loan Notes — Use of LNI Available Principal Funds*"), amounts will only be transferred to Loan Note Issuer No.1 with respect to the De-Linked Trust Series to the extent there is a shortfall in distributions of Finance Charge Collections in respect of the De-Linked Trust Series. The maximum amount of Principal Collections that can be distributed to Loan Note Issuer No.1 in respect of the De-Linked Trust Series during any Monthly Period will be determined by reference to the Principal Investor Percentage (subject to the sharing of Principal Collections with other Investor Beneficiaries in Group One).

Investor Interest Contribution Increases

On any Business Day, subject to the satisfaction of the Increase Conditions (as defined below) and such other conditions as may be required to be satisfied in connection with Related Debt following notice from Loan Note Issuer No.1, the Funding 1 Beneficial Interest shall be increased by the amount of any Additional Contribution made by Loan Note Issuer No.1 on such Business Day (such Business Day being the "**Funding 1 Contribution Increase Date**" for such Investor Interest Contribution Increase) by the deposit of such Additional Contribution into the Trustee Investment Account on the Funding 1 Contribution Increase Date and the recording of such Additional Contribution in the trust certificate register and the Investor Certificate by the amount of such Additional Contribution (subject to the Increase Conditions). This increase is referred to as "**Investor Interest Contribution Increase**".

For the purposes of calculating an Investor Interest Contribution Increase the following terms are applicable:

The term "**Additional Contribution**" shall mean with respect to any date of determination during any Monthly Period each of the following:

- the payment of an amount by Loan Note Issuer No.1 utilising the proceeds of an increase in the amount of the Related Debt;
- the payment of an amount by Loan Note Issuer No.1 utilising the release of pre-funding amounts (other than, for the avoidance of doubt, pre-funding amounts retained in the Principal Collections Ledger during such Monthly Period) from a Principal Funding Account Ledger for any Loan Note during such Monthly Period; and
- the payment of an amount by Loan Note Issuer No.1 utilising amounts available following application of LNI Available Principal Amounts.

The term "**Increase Conditions**" means with respect to any Investor Interest Contribution Increase, the following:

- with respect to an Additional Contribution by way of the payment of an amount by Loan Note Issuer No.1 utilising the proceeds of an increase in the amount of the Related Debt:
 - (i) the notice of such Investor Interest Contribution Increase shall have been delivered by Loan Note Issuer No.1 by the time specified;
 - (ii) no Notification Event (as such term is defined in the Master Framework Agreement), Early Redemption Event (other than in relation to not repaying the Outstanding Principal Amount of a Loan Note in full on the Scheduled Redemption Date for such Loan Note or related to tax events), Loan Note Event of Default or an event that, after the giving of notice or the lapse of time, would constitute a Notification Event, Early Redemption Event or Loan Note Event of Default shall have occurred and be continuing;
 - (iii) the Issuance Tests are met;

- (iv) notification from each Rating Agency that the Investor Interest Contribution Increase will not result in the relevant Rating Agency reducing or withdrawing its then existing rating of any Associated Debt or any other Loan Note or variable funding Loan Note in relation to any Investor Beneficiary with respect to which it is a Rating Agency;
- (v) all of the representations and warranties of the Transferor and Servicer contained in the RSD and the RTDSA shall be true and correct as though made on and as of the date of such Investor Interest Contribution Increase;
- (vi) the conditions set out in the RTDSA have been complied with;
- (vii) the Servicer shall have delivered to the Receivables Trustee an authorised officer's certificate dated the date such Investor Interest Contribution Increase is to take effect, certifying that the Increase Conditions described above have been satisfied;
- (viii) with respect to an Additional Contribution by way of a release of a pre-funding amount, the notice of such Investor Interest Contribution Increase shall have been delivered by Loan Note Issuer No.1 by no later than the proposed time of the Investor Interest Contribution Increase; and
- (ix) with respect to an Additional Contribution by way of utilising LNI Available Principal Amounts, the notice of such Investor Interest Contribution Increase shall have been delivered in the monthly statement to the Receivables Trustee specifying the Transfer Date on which such Investor Interest Contribution Increase is to take place.

Beneficial Entitlement of Loan Note Issuer No.1 to Collections

The Receivables Trustee, will, prior to the close of business on each day (each, a "**Relevant Date**") that Collections or other amounts are deposited or arise in the Trustee Collection Account, effect the transfers detailed below:

- distribute to Loan Note Issuer No.1 by crediting to the Funding 1 Finance Charge Collections Ledger an amount equal to the sum of (i) the product of (1) the Floating Investor Percentage on the day such Finance Charge Collections arise and (2) the aggregate amount of Finance Charge Collections processed on the related Date of Processing to be applied in accordance with the De-Linked Supplement *plus*, where the Relevant Date is also a Transfer Date, (ii) the product of (1) the Net Floating Investor Percentage for the Monthly Period preceding that in which the relevant Transfer Date falls, (2) the aggregate amount of Acquired Interchange transferred to the Trustee Collection Account on such Transfer Date and (iii) the product of (1) the Net Floating Investor Percentage for the Monthly Period preceding that in which the relevant Transfer Date falls, (2) the aggregate amount of Acquired Insurance Commission transferred to the Trustee Collection Account on such Transfer Date, to be applied in accordance with the De-Linked Supplement;
- an amount equal to the product of (i) the Required Retained Principal Collections Percentage on the day such Principal Collections arise, (ii) the Principal Investor Percentage on the day such Principal Collections arise and (iii) the aggregate amount of Principal Collections processed on the relevant Date of Processing shall be retained in the Principal Collections Ledger of the Trustee Collection Account for application in accordance with the De-Linked Supplement on the Transfer Date for such Monthly Period;
- an amount equal to the product of (i) a percentage equal to the Principal Investor Percentage on the day such Principal Collections arise, (ii) a percentage equal to 100 per cent. less the Required Retained Principal Collections Percentage on such day and (iii) the aggregate amount of Principal Collections processed on the relevant Date of Processing:
 - (1) *first*, shall be retained in the Principal Collections Ledger as Group One Retained Principal Collections up to an amount equal to the Funding 1 Beneficial Interest's *pro rata* share of the Daily Principal Shortfall on the Relevant Date to be utilised in accordance with the De-Linked Supplement; and
 - (2) *secondly*, any excess shall be utilised as Cash Available For Investment in accordance with the De-Linked Supplement.

The "**Daily Principal Shortfall**" means on any date of determination the excess of the amount required for a Monthly Period for all outstanding Trust Series in Group One (which includes the Funding 1 Beneficial Interest) which are in an Amortisation Period or an Accumulation Period over the amount of Principal Collections retained in the Principal Collections Ledger for that Monthly Period for all outstanding Trust Series in Group One that can be utilised, if needed, as shared Principal Collections for outstanding Trust Series in Group One and which are not Required Retained Principal Collections; and

- on each Transfer Date, amounts deposited in the Trustee Collection Account and credited to and retained in the Principal Collections Ledger during the related Monthly Period shall be applied as follows:
 - (1) an amount equal to the Required Retained Principal Collections not utilised as Utilised Required Retained Principal Collections, as part of the Amortisation Amount or as shared Principal Collections shall be utilised as Cash Available For Investment on such Transfer Date in accordance with the De-Linked Supplement; and
 - (2) an amount equal to amounts credited to the Principal Collections Ledger as Group One Retained Principal Collections not utilised as part of the Amortisation Amount or shared Principal Collections shall be utilised as Cash Available For Investment on such Transfer Date in accordance with the De-Linked Supplement,

Provided however, that the aggregate of the amounts retained in the Principal Collections Ledger for any Monthly Period shall not exceed the sum of (A) the Aggregate Investor Interest for all Trust Series as of the close of business on the last day of the prior Monthly Period taking into account (x) any adjustments or distributions to be made on the related Transfer Date and (y) any Investor Interest Contribution Increases made during that Monthly Period and (B) any Utilised Required Retained Principal Collections relating to the Monthly Period in which such amount is retained.

Amounts that are credited by the Receivables Trustee to the Funding 1 Finance Charge Collections Ledger will be transferred on a Transfer Date from the Trustee Collection Account to the Loan Note Issuer No.1 Distribution Account (see "*Additional funds payable by Loan Note Issuer No.1*" above and "*— Calculation and Distribution of Finance Charge Collections and Acquired Interchange to Loan Note Issuer No.1*" below). See also "*— Distribution Ledgers*".

On or before each Transfer Date, the Receivables Trustee, acting on the advice of the Servicer, will deliver to Loan Note Issuer No.1 information regarding calculations with respect to the Penarth Receivables Trust, including calculations and information regarding distributions of trust property and the movement of monies between the Undivided Bare Trust, the Segregated Bare Trust, the Deferred Payment Bare Trust and any other Trusts and to Loan Note Issuer No.1 for the prior Monthly Period with respect to such Transfer Date.

Calculation and Distribution of Finance Charge Collections and Acquired Interchange to Loan Note Issuer No.1

On each day on which Finance Charge Collections, Acquired Interchange, Acquired Insurance Commission, or income on Permitted Investments are transferred to the Trustee Collection Account, the Receivables Trustee will credit an amount to the Funding 1 Finance Charge Collections Ledger in the Trustee Collection Account. The amount to be credited will be determined by applying the Floating Investor Percentage (as described below) to such amounts of Finance Charge Collections and the Net Floating Investor Percentage (as defined below) to such amounts of Acquired Interchange. The amount credited to the Funding 1 Finance Charge Collections Ledger at the end of each Monthly Period will be transferred on the related Transfer Date from the Trustee Collection Account to the Loan Note Issuer No.1 Distribution Account. From that account amounts will be applied to meet the obligations of Loan Note Issuer No.1 for the relevant Monthly Period (including payments representing Excess Spread) or will be paid back to the Receivables Trustee as Additional Funds for the grant of Loan Note Issuer No.1's beneficial interest in the Penarth Receivables Trust. See "*Additional funds payable by Loan Note Issuer No.1*" above. See also "*Distribution ledgers*".

On each Relevant Date, the Floating Investor Percentage will be applied by the Receivables Trustee to determine Loan Note Issuer No.1's beneficial entitlement to distributions of Finance Charge Collections in respect of the De-Linked Trust Series. This amount will then be credited to the Funding 1 Finance Charge Collections Ledger for the benefit of Loan Note Issuer No.1.

On each Relevant Date, the Net Floating Investor Percentage will be applied by the Receivables Trustee to determine Loan Note Issuer No.1's beneficial entitlement to distributions of Acquired Interchange in respect of the De-Linked Trust Series. This amount will then be credited to the Funding 1 Finance Charge Collections Ledger for the benefit of Loan Note Issuer No.1.

The Receivables Trustee will make such determinations by making the following calculation:

$$A \times B$$

Where:

- A = the Floating Investor Percentage or Net Floating Investor Percentage, as the case may be, on such Relevant Date, and
- B = the total amount of Finance Charge Collections processed on, or, as applicable, the total amount of Acquired Interchange paid in, on the related Date of Processing.

In broad terms, the Floating Investor Percentage will be calculated by reference to the aggregate of the Available Funds Calculation Amounts (as defined below) for all Loan Notes plus the pre-funding amount. The Available Funds Calculation Amount for each Loan Note will not take into account whether such Loan Note is in a Loan Note Revolving Period or an Amortisation Period or an Accumulation Period. Consequently, other than with respect to the existence of the pre-funding amount during a Monthly Period when there is pre-funding, the Floating Investor Percentage will be applied in the same manner whether or not any Loan Note is in an Amortisation Period or in an Accumulation Period.

The definition of "**Floating Investor Percentage**" for the De-Linked Trust Series means, with respect to any date of determination during any Monthly Period, the percentage equivalent (which percentage shall never exceed 100 per cent.) of a fraction:

- (a) the numerator of which is the sum of (i) the Floating Calculation Investor Interest Amount on the date of determination (or with respect to the initial Issue Date, the Initial Investor Interest) *plus* (ii) the lesser of (A) an amount equal to (x) the aggregate outstanding face amount of Eligible Principal Receivables in the Penarth Receivables Trust as at the close of business on the last day of the previous Monthly Period *minus* (y) the sum of (1) the Floating Calculation Investor Interest Amount on the date of determination (or with respect to the initial Issue Date, the Initial Investor Interest) *plus* (2) the sum of the numerators used to calculate the Investor Percentages for distributions with respect to Finance Charge Receivables, Acquired Interchange or Receivables in Defaulted Accounts at any time, as applicable, for all outstanding Trust Series (excluding the De-Linked Trust Series) with respect to the date in the Monthly Period for which the Floating Investor Percentage is being determined and (B) the pre-funding amount on the date of determination; and
- (b) the denominator of which is the greater of:
- (i) an amount equal to the aggregate outstanding face amount of Eligible Principal Receivables in the Penarth Receivables Trust as at the close of business on the last day of the previous Monthly Period (or, with respect to the first Monthly Period, as at the close of business on the day immediately preceding the Issue Date); and
- (ii) the sum of (A) the sum of (i) the Floating Calculation Investor Interest Amount on the date of determination (or with respect to the initial Issue Date, the Initial Investor Interest) *plus* (ii) the amount calculated under item (i) of the numerator above *plus* (B) the sum of the numerators used to calculate the Investor Percentages for distributions with respect to Finance Charge Receivables, Acquired Interchange or Receivables in Defaulted Accounts at any time, as applicable, for all outstanding Trust Series

(excluding the De-Linked Trust Series) with respect to the date in the Monthly Period for which the Floating Investor Percentage is being determined,

provided, however, that with respect to any Monthly Period in respect of which a Percentage Reset Date occurs, the element of the numerator determined pursuant to (a)(ii)(A)(x) and the denominator determined pursuant to (b) (i) above shall be, on and after such date, an amount equal to the aggregate outstanding face amount of Eligible Principal Receivables in the Penarth Receivables Trust as of the beginning of the day on the most recently occurring Percentage Reset Date as adjusted for the outstanding face amount of Eligible Principal Receivables at the beginning of such day added to or, as the case may be, removed from the Undivided Bare Trust on such Percentage Reset Date and **provided further however** that if on any date of determination the Floating Calculation Investor Interest Amount is zero and the Investor Interest is less than £100,000 then the Floating Investor Percentage shall be zero.

The "**Net Floating Investor Percentage**" for the Funding 1 Beneficial Interest means, with respect to any date of determination during any Monthly Period, a percentage equal to (i) the Floating Investor Percentage less (ii) the Pre-Funding Percentage (if any) on such date of determination **provided, however, that** if on the date of determination the Net Floating Investor Percentage is zero and the Pre-Funding Percentage is greater than zero then the Net Floating Investor Percentage will be calculated on the basis that the Floating Calculation Investor Interest Amount for the purposes of calculating the Floating Investor Percentage is the amount of the Investor Interest.

In calculating the Floating Investor Percentage or the Net Floating Investor Percentage, as the case may be, the following terms are relevant:

The "**Available Funds Calculation Amount**" means, on any date of determination during any Monthly Period for any Loan Note, an amount equal to the sum of (i) the Nominal Liquidation Amount for such Loan Note as of the last day of the preceding Monthly Period or, if such Loan Note was issued since the last day of the preceding Monthly Period, the issuance date for such Loan Note, *plus* (ii) the aggregate amount of any increases in the Nominal Liquidation Amount of such Loan Note as a result of (x) the increase in the Principal Amount Outstanding under any Loan Note and (y) a reduction in the pre-funding amount (other than any pre-funding amounts deposited during such Monthly Period) credited to the Principal Funding Account Ledger for such Loan Note, in each case, during such Monthly Period on or prior to such date **provided, however, that** the "Available Funds Calculation Amount" for any Loan Note which (a) will be repaid in full during such Monthly Period or (b) will have a Nominal Liquidation Amount of zero during such Monthly Period, shall be zero.

The "**Floating Calculation Investor Interest Amount**" shall mean, for the purposes of calculation only, on any date of determination during any Monthly Period, an amount equal to the aggregate of the Available Funds Calculation Amount for each Loan Note.

The "**Percentage Reset Date**" shall mean, with respect to any Monthly Period, any date on which:

- (a) the Investor Interest is increased as a result of an Investor Interest Contribution Increase (other than as a result of an Additional Contribution utilising amounts available following application of LNI Available Principal Amounts); or
- (b) an Addition Date occurs; or
- (c) a Removal Date occurs.

The "**Pre-Funding Percentage**" for the Funding 1 Beneficial Interest means a percentage calculated in the same manner as the Floating Investor Percentage but substituting the pre-funding amount in the numerator. The Pre-Funding Percentage will be reduced to the extent that calculating a Pre-Funding Percentage would reduce the Floating Investor Percentages of any other outstanding Trust Series.

Distributions of Principal Collections to Loan Note Issuer No.1

The amount of Principal Collections transferred on a daily basis (see "*The Penarth Receivables Trust — allocation and application of Collections*") during any Monthly Period to the Principal Collections Ledger of the Trustee Collection Account will only be transferred and distributed to Loan Note Issuer

No.1 as an Investor Beneficiary (to the extent of its beneficial interest) after making the calculations described below.

Principal Collections credited daily to the Principal Collections Ledger in the Trustee Collection Account will not be distributed to Loan Note Issuer No.1 as an Investor Beneficiary but a specified percentage of Principal Collections will be retained for calculation purposes in the Principal Collections Ledger and held on an undivided basis (the Group One Retained Principal Collections and the Required Retained Principal Collections, each as defined below) as provided for below. Amounts of Principal Collections that are retained in this way as Group One Retained Principal Collections will be used by the Receivables Trustee as shared Principal Collections (see "*Shared Principal Collections*" below) and, to the extent not used as shared Principal Collections, will be transferred to the Trustee Investment Account to be used as Cash Available For Investment as previously described in "*The Penarth Receivables Trust — Application of Cash Available For Investment-payments of Acceptance Price and for further Eligible Receivables*".

As noted above, a specified percentage of Principal Collections calculated by reference to the De-Linked Trust Series equal to the amount of the Required Retained Principal Collections Percentage of such Principal Collections will be retained within the Trustee Collection Account of the Penarth Receivables Trust and may be deposited in the Loan Note Issuer No.1 Distribution Account on a Transfer Date to meet certain payments or distributions to Loan Note Issuer No.1 in respect of the De-Linked Trust Series which it is not able to satisfy from Finance Charge Collections and Acquired Interchange distributed as described above under "*Calculation and distribution of Finance Charge Collections, Acquired Interchange to Loan Note Issuer No.1*".

The "**Group One Retained Principal Collections**" means those Principal Collections retained in the Principal Collections Ledger each month in respect of Principal Collections calculated by reference to all outstanding Trust Series in Group One that can be utilised, if needed, as shared Principal Collections to make distributions to outstanding Trust Series in Group One on a Transfer Date and which are not Required Retained Principal Collections for any Trust Series (including the De-Linked Trust Series).

The "**Required Retained Principal Collections**" means, those Principal Collections retained in the Principal Collections Ledger each month calculated by reference to the Required Retained Principal Collections Percentage on each day of such month, that can be utilised, if needed, as Utilised Required Retained Principal Collections.

The "**Required Retained Principal Collections Percentage**" means with respect to any date of determination during any Monthly Period, the percentage equivalent of a fraction, the numerator of which is the aggregate of the unused subordinated amounts for such date calculated for those Loan Notes which have unused subordinated amounts of Subordinated Loan Notes and the denominator of which is the Principal Calculation Investor Interest Amount for such date. For the purpose of this definition, "the aggregate of the unused subordinated amounts" means, with respect to any such date of determination, if class A Loan Note remains outstanding, the total unused class A Available Subordinated Amounts; if there are no class A Loan Notes outstanding, the total unused class B Available Subordinated Amounts and, if there are no class B Loan Notes outstanding, the total unused class C Available Subordinated Amounts.

For calculation purposes, to the extent amounts of Required Retained Principal Collections are distributed to Loan Note Issuer No.1 to help it make certain of its payments or distributions, these amounts are defined as "**Utilised Required Retained Principal Collections**" as set out in more detail in "*The Loan Notes — use of LNI Available Principal Amounts*" above.

To the extent that amounts of Required Retained Principal Collections are not used to cover income deficiencies, such excess amounts will be used by the Receivables Trustee as Available Retained Principal Collections on the related Transfer Date (as described below).

Payment of amounts representing Available Retained Principal Collections

A portion of Principal Collections credited each Business Day (until there is no Daily Principal Shortfall) to the Trustee Collection Account which are allocable to Loan Note Issuer No.1 less any Required Retained Principal Collections, will be accumulated by the Receivables Trustee during each Monthly Period in the Principal Collections Ledger (allocable to Loan Note Issuer No.1) as Group One Retained

Principal Collections. Any amount of Principal Collections allocable to Loan Note Issuer No.1 on any Business Day in excess of the pro rated share of the Group One Retained Principal Collections attributable to Loan Note Issuer No. 1 and Required Retained Principal Collections will be transferred to the Trustee Investment Account to be used as Cash Available For Investment. The amount accumulated on each day during any Monthly Period will, together with Required Retained Principal Collections not utilised, form part of Available Retained Principal Collections. The amount of Available Retained Principal Collections will be utilised first to cover the Monthly Principal Amount for that Monthly Period, which amount will be transferred by the Receivables Trustee (on each related Transfer Date) to the Loan Note Issuer No.1 Distribution Account to be credited to the Loan Note Issuer No.1 principal ledger on the related Transfer Date. Available Retained Principal Collections in excess of the Monthly Principal Amount will be used by the Receivables Trustee, first as shared Principal Collections, and then to make payments to the Transferor as Cash Available For Investment as previously described in "*The Penarth Receivables Trust — Application of Cash Available For Investment — Payments of Acceptance Price and for further Eligible Receivables*".

The "**Available Retained Principal Collections**" shall mean for the purposes of calculation in respect of a Transfer Date and a related Monthly Period:

- (a) the aggregate amount of Retained Principal Collections for such Monthly Period, *minus*
- (b) the amount of reallocated Principal Collections with respect to such Monthly Period which are distributed to Loan Note Issuer No.1 and used as Utilised Required Retained Principal Collections, *plus*
- (c) the amount of Shared Principal Collections with respect to Group One that are allocated to the De-Linked Trust Series in accordance with the De-Linked Supplement.

The "**Retained Principal Collections**" shall mean, with respect to any Monthly Period, the aggregate amount credited to the Principal Collections Ledger for such Monthly Period pursuant to the De-Linked Supplement (which is an amount equal to the aggregate of Group One Retained Principal Collections and Required Retained Principal Collections).

The "**Funding 1 Termination Date**" shall mean the earlier to occur of (a) the Distribution Date on which both (i) Funding 1's Investor Interest is reduced to zero and is not capable of reinstatement pursuant to the RTDSA as supplemented by the De-Linked Supplement and (ii) all the Related Debt has an outstanding Principal Amount equal to zero and (b) the latest Distribution Date specified as a termination date in respect of any outstanding Related Debt **provided that** such latest Distribution Date shall be no earlier than the date falling two years after the latest date which is a Scheduled Redemption Date in relation to any Loan Note or such shorter period as may be certified by the Cash Manager as being consistent with the then current rating of any Associated Debt or, if no Associated Debt is then outstanding, an investment grade rating for a new issuance of Associated Debt.

Calculation of Principal Collections to be distributed to Loan Note Issuer No.1 in respect of the De-Linked Trust Series

The calculation of amounts available for distribution to Loan Note Issuer No.1 in respect of Principal Collections will be determined on the basis of the Principal Investor Percentage for the Monthly Period in which such Principal Collections arise. In broad terms, the Principal Investor Percentage will be calculated by reference to the aggregate of the Principal Calculation Amounts for all Loan Notes. This will take into account whether such Loan Notes are in a Loan Note Revolving Period or an Amortisation Period or an Accumulation Period.

The "**Principal Investor Percentage**" means, with respect to any date of determination during any Monthly Period, the percentage equivalent (which percentage shall never exceed 100 per cent.) of a fraction:

- the numerator of which is an amount equal to the Principal Calculation Investor Interest Amount for such date of determination; and

- the denominator of which is the greater of:
 - (i) an amount equal to the aggregate outstanding face amount of Eligible Principal Receivables in the Penarth Receivables Trust as at the close of business on the last day of the previous Monthly Period (or with respect to the first Monthly Period, as at the close of business on the day immediately preceding the Issue Date); and
 - (ii) the sum of (A) the Principal Calculation Investor Interest Amount as of the close of business on the date of determination plus (B) the sum of the numerators used to calculate the Investor Percentages for distributions with respect to Eligible Principal Receivables for all outstanding Trust Series (excluding the De-Linked Trust Series) with respect to the date in the Monthly Period for which the Principal Investor Percentage is being determined,

provided, however, that with respect to any Monthly Period in respect of which a Percentage Reset Date occurs, the denominator determined pursuant to (i) above shall be, on and after such date, an amount equal to the aggregate outstanding face amount of Eligible Principal Receivables in the Penarth Receivables Trust as of the beginning of the day on the most recently occurring Percentage Reset Date as adjusted for the outstanding face amount of Eligible Principal Receivables at the beginning of such day added to or, as the case may be, removed from the Undivided Bare Trust on such Percentage Reset Date.

In calculating the Principal Investor Percentage, the following terms are relevant:

The "**Principal Calculation Amount**" shall mean, on any date of determination during any Monthly Period for any Loan Note, an amount equal to either (a) for any Loan Note in an Accumulation Period or an Amortisation Period, the Nominal Liquidation Amount for such Loan Note as of the close of business on the day prior to the commencement of such Accumulation Period or Amortisation Period or (b) for any Loan Note which is not in an Accumulation Period or an Amortisation Period, the aggregate of (i) the Nominal Liquidation Amount for such Loan Note, as of the close of business on the last day of the immediately preceding Monthly Period (or, with respect to the first Monthly Period for such Loan Note, the Initial Principal Amount for such Loan Note), plus (ii) the aggregate amount of any increases in the Nominal Liquidation Amount of such Loan Note as a result of (x) the increase in the principal amount outstanding under such Loan Note and (y) a reduction in the pre-funding amount (other than pre-funding amounts deposited during such Monthly Period) for such Loan Note, from the Principal Funding Account Ledger for such Loan Note, in each case, during such Monthly Period on or prior to such date; **provided however that** the "Principal Calculation Amount" for any Loan Note which (a) will be repaid in full during such Monthly Period or (b) will have a Nominal Liquidation Amount of zero during such Monthly Period shall be zero.

The "**Principal Calculation Investor Interest Amount**" shall mean, on any date of determination during any Monthly Period, an amount equal to the aggregate of the Principal Calculation Amounts for all outstanding Loan Notes.

On each Transfer Date the Receivables Trustee will withdraw the Monthly Principal Amount from the Trustee Collection Account (and debit the Principal Collections Ledger).

The "**Monthly Principal Amount**" is the lesser of an amount equal to the Available Retained Principal Collections which are standing to the credit of the Principal Collections Ledger and the Amortisation Amount targeted to be paid on such Transfer Date. In calculating the Monthly Principal Amount the following terms are relevant:

The "**Amortisation Amount**" for any date of determination shall be equal to the least of:

- the Targeted Principal Amount for such date;
- the sum of (i) the Maximum Regulated Deposit Amount for such date of determination and (ii) the aggregate of each Principal Amortisation Amount for the related Monthly Period for Loan Notes which are in a Rapid Amortisation Period; and

- either:
 - (x) if on such date of determination there is a pre-funding amount of greater than zero (taking into account any deposits or withdrawals to be made with respect to the Principal Funding Account on the related Transfer Date for the Monthly Period in respect of such date of determination) an amount equal to the Funding 1 Beneficial Interest less £120,000; or
 - (y) if on such date of determination there is no pre-funding amount (taking into account any deposits or withdrawals to be made with respect to the Principal Funding Account on the related Transfer Date for the Monthly Period in respect of such date of determination) an amount equal to the Funding 1 Beneficial Interest.

The "**Targeted Principal Amount**" means, on any date of determination in respect of any Monthly Period, an amount equal to the sum of (i) the aggregate of the Principal Amortisation Amount, if any, for each outstanding Loan Note for such Monthly Period, (ii) the Controlled Deposit Amount, if any, for each outstanding Loan Note for the Transfer Date in respect of such Monthly Period and (iii) the Targeted Pre-Funding Amount for the Transfer Date in respect of such Monthly Period.

The "**Principal Amortisation Amount**" means in respect of each Loan Note, unless otherwise specified in the Loan Note Supplement for such Loan Note:

- for any Monthly Period with respect to a Regulated Amortisation Period or a Rapid Amortisation Period for such Loan Note, an amount equal to the Nominal Liquidation Amount of that Loan Note as of the close of business on the last day of the Monthly Period preceding such Monthly Period (determined after giving effect to any allocation of shortfalls and any reallocations, payments or deposits of LNI Available Principal Amounts on the related Transfer Date); or
- for any Monthly Period with respect to a partial Amortisation Period, an optional Amortisation Period or any other period specified as an Amortisation Period in the Loan Note Supplement for such Loan Note, an amount equal to the amount specified in such Loan Note Supplement.

The "**Maximum Regulated Deposit Amount**" means for any date of determination with respect to any Monthly Period either:

- (i) an amount equal to the lesser of (a) an amount equal to the sum of (1) the product of (A) one twelfth of the aggregate of (x) the stated Initial Investor Interests of all outstanding Trust Series (excluding companion Series and the De-Linked Trust Series) and (y) the aggregate of the Principal Calculation Amounts for each Loan Note outstanding multiplied by (B) a fraction, the numerator of which is the aggregate of the Principal Calculation Amounts for each Loan Note outstanding which is in an Accumulation Period or an Amortisation Period and the denominator of which is the aggregate of the stated Initial Investor Interests of all outstanding Trust Series (including the aggregate of the Principal Calculation Amounts for each Loan Note outstanding of the relevant Loan Notes of the De-Linked Trust Series) which are in an accumulation, amortisation or other similar period requiring Principal Collections to be allocated to such Trust Series (including the De-Linked Trust Series) and (2) an amount equal to De-Linked Trust Series *pro rata* share (calculated by reference to the amount of the shortfall for a Trust Series compared to the aggregate shortfall for all relevant Trust Series) of the amount of the excess of the Maximum Regulated Deposit Amount of each Trust Series which is in an accumulation, amortisation or other similar period requiring Principal Collections to be allocated to such Trust Series over the Monthly Principal Amount for such Trust Series and (b) an amount equal to the sum of (1) the aggregate of the Principal Amortisation Amount, if any, for each outstanding Loan Note which is not in a Rapid Amortisation Period, for the related Monthly Period, (2) the Controlled Deposit Amount, if any, for each outstanding Loan Note for the related Transfer Date, and (3) the Targeted Pre-Funding Amount for the related Transfer Date; or
- (ii) such other amount notified to the Receivables Trustee by the beneficiaries **provided that** such other amount shall not be valid unless the relevant notice to the Receivables Trustee is accompanied by an officer's certificate that such other amount or the method of calculating such amount has been approved as the Maximum Regulated Deposit Amount by the Financial Services Authority as regulator of the Transferor or any successor thereto.

Unavailable Principal Collections

As noted in "*The Penarth Receivables Trust — Allocation and Application of Collections*", where an unavailable principal collection arises on any day in the Trustee Collection Account, such amount will be withdrawn from the Trustee Collection Account (and debited to the Principal Collections Ledger) and transferred to the Trustee Investment Account. Once deposited in the Trustee Investment Account, such amount will be treated as described in "*The Penarth Receivables Trust — Application of Cash Available For Investment — Payments of Acceptance Price and for further Eligible Receivables*". Unavailable Principal Collections will only be transferred from the Trustee Investment Account to the Transferor Beneficiary if and to the extent that the Adjusted Transferor Interest at that time is greater than zero.

Shared Principal Collections

The De-Linked Trust Series is in Group One. This means that the De-Linked Trust Series shares Principal Collections with other outstanding Trust Series in Group One. "**Group One**" means any outstanding Trust Series in respect of Loan Note Issuer No.1 or Loan Note Issuer No.2 including the Funding 1 Beneficial Interest and each other Trust Series specified in any Supplement to be included in Group One.

"**Shared Principal Collections**" for Group One means, as the context may require, either:

- the amount of Principal Collections calculated for the De-Linked Trust Series which may be applied to the Series Principal Shortfall (or equivalent) with respect to other outstanding Trust Series in Group One; or
- the amounts of Principal Collections calculated in respect of other outstanding Trust Series in Group One which the applicable Supplements for such Trust Series specify are to be treated as "shared Principal Collections" and which may be applied and distributed to Loan Note Issuer No.1 to cover the Series Principal Shortfall with respect to the De-Linked Trust Series.

A "**Principal Shortfall**" means, a shortfall in any scheduled or permitted principal distributions to, or deposits in the Principal Funding Account for the benefit of, Loan Note Issuer No.1 in respect of the De-Linked Trust Series, which have not been covered out of the Principal Collections allocable to such Trust Series and certain other amounts for such Trust Series.

Shared Excess Finance Charge Collections

De-Linked Trust Series is part of "Group A (finance charge collections)", which means the De-Linked Trust Series and each other Trust Series specified in its related Supplement to be included in Group A (finance charge collections) for the purposes of sharing excess Finance Charge Collections. This means that the De-Linked Trust Series shares Shared Excess Available Funds with other Trust Series in Group A (finance charge collections) to the extent required. As at the date of this Base Prospectus, there are no other Trust Series in Group A (finance charge collections), but additional Trust Series may in the future be designated as Group A (finance charge collections).

Defaulted Receivables; Investor Charge-offs

On each Transfer Date, the Receivables Trustee will calculate the aggregate Investor Default Amount for the preceding Monthly Period.

The "**Default Amount**" means, with respect to any Defaulted Account, the amount of Principal Receivables (other than Ineligible Receivables) in such Defaulted Account on the day such account became a Defaulted Account.

On each Transfer Date, if the aggregate Investor Default Amount exceeds the amount of LNI Available Principal Amounts following the transfer of LNI Available Funds available to cover such aggregate Investor Default Amount, the amount of such Investor Charge-Off will reduce the Funding 1 Beneficial Interest.

Distribution ledgers

The Receivables Trustee has established within the Trustee Collection Account, two ledgers in relation to amounts of Principal Collections (the "**Principal Collections Ledger**") and Finance Charge Collections (the "**Finance Charge Collections Ledger**") respectively. All amounts credited to each ledger are held on the terms of the Undivided Bare Trust, unless otherwise specified under the terms of the RTDSA or any Supplement thereto.

The Receivables Trustee has established a ledger to record amounts of Finance Charge Collections credited to the Trustee Collection Account and distributed to Loan Note Issuer No.1 (the "**Funding 1 Finance Charge Collections Ledger**"). All amounts credited to such ledger are held on Segregated Bare Trust for the sole benefit of Loan Note Issuer No.1.

Investor Trustee Payment Amount

As described in "*The Penarth Receivables Trust — Trustee payment amount*" above, a share of the Aggregate Trustee Payment Amount is calculated as allocable to and is borne by Loan Note Issuer No.1 (as an Investor Beneficiary) in respect of the De-Linked Trust Series. This share of the Aggregate Trustee Payment Amount with respect to each Transfer Date (the "**Investor Trustee Payment**") will be an amount equal to the sum of (A) the product of (1) a fraction, the numerator of which is the weighted average Floating Calculation Investor Interest Amount for the Monthly Period preceding such Transfer Date and the denominator of which is the aggregate of the weighted average of the Investor Interests of each Trust Series in respect of which such Aggregate Trustee Payment Amount was incurred, and (2) the aggregate of each relevant Trustee Payment Amount (as has been certified to the Servicer by the end of any Monthly Period as being accrued due and payable in respect of such Monthly Period) plus (B) an amount equal to one twelfth of the annual Trustee Fee applicable to Loan Note Issuer No.1 to the extent accrued due and payable on such Transfer Date.

Qualified Institutions

If the bank at which the Trustee Collection Account or Trustee Investment Account is held ceases to be a Qualified Institution, then the Receivables Trustee will, within 30 days, establish a new account to replace the affected account or Accounts, and will transfer any cash and interest to such new account or Accounts. The Receivables Trustee may in its discretion elect to move any or all of the aforementioned Accounts from the Qualified Institution at which they are kept as at the date of this Base Prospectus to another or other Qualified Institutions.

A "**Qualified Institution**" means (i) an institution which at all times has (a) a short-term unsecured debt rating of at least A-1 by Standard & Poor's (or, where no short-term unsecured debt rating by Standard & Poor's is available, at least A+ by Standard & Poor's), F1 from Fitch Ratings and P-1 from Moody's and (b) a long-term unsecured debt rating of at least A by Fitch and A2 by Moody's or (ii) such other institution, **provided that** the Servicer has certified that in its opinion, formed on the basis of due consideration, the appointment of such other institution will not result in the downgrade or withdrawal by the Rating Agencies of the ratings of any Associated Debt.

Funding 1 Pay Out Events

If any one of the following events shall occur with respect to the De-Linked Trust Series:

- failure on the part of the Transferor (i) to make any payment or deposit required by the terms of the RSD, on or before the date occurring five Business Days after the date such payment or deposit is required to be made herein or (ii) duly to observe or perform in any material respect any covenants or agreements of the Transferor set out in the RSD or the De-Linked Supplement, which failure has a Material Adverse Effect on the interests of the Investor Beneficiary (in respect of the De-Linked Trust Series) and which continues unremedied for a period of 60 days after the date on which written notice of such failure, requiring the same to be remedied, shall have been given to the Transferor by the Receivables Trustee, or to the Transferor and the Receivables Trustee by the Investor Beneficiary (in respect of the De-Linked Trust Series) and which continues unremedied during such 60 day period to have a Material Adverse Effect on the interests of the Investor Beneficiary (in respect of the De-Linked Trust Series) for such period;

- any representation or warranty made by the Transferor in the RSD or the De-Linked Supplement, or any information required to be delivered by the Transferor pursuant to the RSD, (i) shall prove to have been incorrect in any material respect when made or when delivered, which continues to be incorrect in any material respect for a period of 60 days after the date on which written notice of such failure, requiring the same to be remedied, shall have been given to the Transferor by the Receivables Trustee, or to the Transferor and the Receivables Trustee by the Investor Beneficiary (in respect of the De-Linked Trust Series), and (ii) as a result of which there is a Material Adverse Effect on the interests of the Investor Beneficiary (in respect of the De-Linked Trust Series) and which continues unremedied during such 60 day period to have a Material Adverse Effect for such period; **provided, however, that** a Funding 1 Pay Out Event pursuant to the De-Linked Supplement shall not be deemed to have occurred hereunder if the Transferor has complied with its obligations pursuant to the RSD, in respect of the related Receivable, or all of such Receivables, if applicable, during such period in accordance with the provisions of the RSD; or
- any Servicer Default shall occur which would have a Material Adverse Effect on the Investor Beneficiary (in respect of the De-Linked Trust Series),

then, in the case of any event described above after the applicable grace period (if any) set out in such subparagraphs, either the Receivables Trustee or Loan Note Issuer No.1 as Investor Beneficiary (Term) (in respect of the De-Linked Trust Series) by notice then given in writing to the Transferor and the Servicer (and to the Receivables Trustee if given by Loan Note Issuer No.1 as Investor Beneficiary (Term)) may declare that a Pay Out Event (a "**Funding 1 Pay Out Event**") has occurred as of the date of such notice. If Loan Note Issuer No.1 gives such notice, it may only do so on the instruction of the holder of the Related Debt. If the Receivables Trustee gives such notice, it must also give notice to Loan Note Issuer No.1 (in respect of the De-Linked Trust Series).

THE SECURITY TRUST DEED AND CASH MANAGEMENT AGREEMENT

General

Global Loan Note No. 1 was issued by Loan Note Issuer No.1 on 16 October 2008 and is governed by a security trust deed and cash management agreement dated on 16 October 2008 (as amended and restated from time to time) and made between *inter alios* Bank of Scotland, Deutsche Bank Trust Company Americas (the "**Security Trustee**") and Loan Note Issuer No.1 (the "**STDCMA**"). Global Loan Note No. 1 and each other global loan note issued under the STDCMA may be varied and supplemented, from time to time, by the creation of a Loan Note by a Supplement to a Global Loan Note of which that Loan Note forms a notional tranche (each a "**Supplement to a Global Loan Note**"). Under the STDCMA, the Security Trustee declares that it will hold all secured property upon the security trust set out in the STDCMA for the secured creditors of all Loan Notes, and for each other person which from time to time becomes an additional secured creditor, in accordance with the terms of the STDCMA.

Covenants of Loan Note Issuer No.1

The STDCMA also contains positive and negative covenants made by Loan Note Issuer No.1 in favour of the Security Trustee, to be held on trust for each holder at any time of a Loan Note (a "**Loan Note Holder**"). One of the covenants is that Loan Note Issuer No.1 will pay interest and repay principal on each Loan Note when due. Other covenants are included to ensure, among other things, that Loan Note Issuer No.1 remains bankruptcy remote and gives the Security Trustee access to all information and reports that it may need in order to discharge its responsibilities in relation to the Loan Note Holders.

Loan Note Security

The STDCMA creates Security for all Loan Notes created or to be created by Loan Note Issuer No.1, comprising an assignment by way of first fixed Security of all of Loan Note Issuer No.1's right, title and interest:

- in the Funding 1 Corporate Services Agreement;
- as an Investor Beneficiary of the Penarth Receivables Trust;
- to any sums of money standing to the credit of the Loan Note Issuer No.1 Distribution Account (in respect of such amount as is available for the Funding 1 Beneficial Interest); and
- to any Permitted Investments in respect of the Funding 1 Beneficial Interest; and

a floating charge granted by Loan Note Issuer No.1 over all of its business and assets not otherwise secured (and over Scottish assets otherwise secured) under the STDCMA in favour of the Security Trustee.

The Security described above and created under the STDCMA in respect of the Funding 1 Beneficial Interest is described as the "**Loan Note Security**".

The STDCMA creates Jersey Security Interests (to the extent permitted by Jersey law) in relation to those of the above assets of Loan Note Issuer No.1 which are situated in Jersey and Security Interests complying with Scots law in relation to assets governed by or otherwise subject to Scots law. All other Security is created under English law.

Enforcement and priority of payments

The terms and provisions of the STDCMA also set out the general procedures by which the Security Trustee may take steps to enforce the Loan Note Security in accordance with the terms of the STDCMA and the terms and conditions of each Loan Note. The STDCMA provides for a general discretion of the Security Trustee to enforce the Loan Note Security situated outside of Jersey and also provides for the Security Trustee to be instructed by the Note Trustee to take action in relation to the enforcement of the relevant Loan Notes (registered in the name of such Note Trustee) and Security both in Jersey and the United Kingdom. The Security Trustee anticipates that in respect of any Loan Notes which support a Note Series issued by the Issuer, it will seek instructions or directions from the Note Trustee prior to taking any enforcement action and the Note Trustee expects that it will (subject to and in accordance with

the note Conditions and the Note Trust Deed) give such instruction or direction either in its absolute discretion or as directed to do so by an Extraordinary Resolution of Noteholders (see "*Terms and Conditions of the Notes*"). The Security Trustee is not, however, obliged to act on the Note Trustee's directions unless it is indemnified and/or secured and/or pre-funded to its satisfaction.

The STDCMA sets out the priority in which the Security Trustee will pay out any monies that it receives under the Loan Notes constituted by the relevant Loan Note Supplement before and after the Security is enforced. This is described further in "*The Loan Notes*".

Appointment, powers, responsibilities and liability of the Security Trustee

The STDCMA also sets out the terms on which the Security Trustee is appointed, the indemnification of the Security Trustee, the payment it receives and the extent of the Security Trustee's authority. It also contains provisions limiting or excluding the liability of the Security Trustee in certain circumstances. The Security Trustee is also given the ability to appoint a delegate or agent in the execution of any of its duties under the STDCMA. The STDCMA also sets out the circumstances in which the Security Trustee may resign or retire.

The STDCMA states that the Security Trustee is entitled to be indemnified and/or secured and/or prefunded and relieved from responsibility in certain circumstances including, without restriction, in relation to taking action to enforce Loan Note Security or debt which it holds. The Security Trustee is also entitled to be paid its costs and expenses in priority to the claims of the Loan Note Holders.

The Security Trustee is not responsible for any liability which may be suffered because any assets comprised in the Loan Note Security, or any deeds or documents of title to such assets, are inadequately insured or are held by custodians on behalf of the Security Trustee.

The Security Trustee and its related companies are entitled to enter into business transactions with Loan Note Issuer No.1, Loan Note Issuer No.2, the Receivables Trustee, Bank of Scotland or related companies of any of those companies without accounting for any profit resulting from those transactions.

The Security Trustee is relieved of liability for making searches or other enquiries in relation to the assets comprising the Security. The Security Trustee has no responsibility in relation to the legality and the enforceability of the trust arrangements and the connected Loan Note Security. The Security Trustee will not be obliged to take any action which might result in its incurring personal liabilities. The Security Trustee is not obliged to monitor or investigate the performance of any other person under the documents relating to Loan Note Issuer No.1 or the documents relating to the Penarth Receivables Trust and shall be entitled to assume, until it has actual notice to the contrary, that all such persons are properly performing their duties and that no Loan Note Event of Default, Pay Out Event or Funding 1 Pay Out Event has occurred, unless it receives express notice to the contrary.

The Security Trustee is not responsible for any deficiency which may arise because it is liable to tax in respect of the proceeds of any Loan Note Security.

The Security Trustee is not responsible for checking the calculations contained in or otherwise verifying any information coming into its possession in relation to the Penarth Receivables Trust. The Security Trustee is not responsible for monitoring or determining whether or not any or all of the Issuance Tests are satisfied prior to or at the time of any issue of Loan Notes or any increase of the Outstanding Principal Amount of an existing Loan Note by Loan Note Issuer No.1.

Cash Manager

Bank of Scotland has been appointed by Loan Note Issuer No.1 as initial Cash Manager (the "**Cash Manager**") under the terms of the STDCMA. The Cash Manager carries out calculations and advises Loan Note Issuer No.1 as to payments to be made in accordance with the calculations.

Governing law

The STDCMA is governed by English law and, to the extent that it relates to Security Interest over assets in Jersey, by Jersey law.

THE NOTE TRUST DEED

General

Each of the notes issued by the Issuer will be governed by the Note Trust Deed made between the Note Trustee and the Issuer. For each issue of a Note Series, the Note Trust Deed will be varied and supplemented upon the Issue Date of such Note Series by a supplemental trust deed for that Note Series (each a "**Note Trust Deed Supplement**"). Under the Note Trust Deed, the Issuer declares in favour of the Note Trustee that it (i) assigns by way of security its rights, title and interest in the Issuer Master Framework Agreement, the Issuer account bank agreement, the Paying Agency Agreement, the Loan Notes, each Loan Note Supplement, the Swap Agreements, the Note Trust Deed (including the Conditions) and any deed or other document executed in accordance with the provisions of the Note Trust Deed and expressed to be supplemental to the Note Trust Deed including, without limitation, the relevant Note Trust Deed Supplement (including the Conditions) and (ii) creates a floating charge over the whole of its undertaking and assets not charged by any fixed charge (and Scottish assets so charged) upon the security trust set out in the Note Trust Deed (as varied and supplemented by any Note Trust Deed Supplement). The Note Trust Deed Supplement for a Note Series will also secure, in respect of that Note Series, the rights of the Issuer in and to the Loan Note created by Loan Note Issuer No.1 in favour of the Issuer which supports the Note Series in question. Together, the terms of the Note Trust Deed with the terms of a particular Note Trust Deed Supplement for a Note Series will set out the following:

- the constitution of the notes for that Note Series;
- the applicable covenants, representations and warranties of the Issuer in relation to that Note Series;
- the Security for that Note Series;
- the pre-enforcement and post-enforcement priorities and enforcement procedures relating to that Note Series; and
- the appointment of the Note Trustee, its powers and responsibilities and the limitations on those responsibilities.

Constitution of the notes

The Note Trust Deed, when supplemented by a particular Note Trust Deed Supplement, sets out the form of each note for the relevant Note Series. It also sets out the terms and conditions of each note and the conditions for the cancellation of any note of that Note Series.

Covenants, representations and warranties of the Issuer

The Note Trustee holds the benefit of the Issuer covenants on trust for the benefit of the Noteholders. The covenants are set out in the Note Trust Deed with reference to the Issuer Master Framework Agreement. Covenants given by the Issuer include compliance with and performance of all its obligations under the Conditions, the payment of interest and repayment of principal on each note when due, and the provision to the Note Trustee of access to all information and reports that it may need in order to discharge its responsibilities in relation to the Noteholders.

Note Security

The Note Trustee shall hold the benefit of the security created pursuant to the Note Trust Deed on trust for the benefit of, *inter alios*, the Noteholders of all Series. Nevertheless, each Note Trust Deed Supplement will create a segregated Security Interest held on trust by the Note Trustee for the benefit of, *inter alia*, the Noteholders of that Note Series and such Security will be separate and distinct from the Security created by any other Note Trust Deed Supplement.

Each Note Trust Deed and Note Trust Deed Supplement creates Jersey Security Interests (to the extent permitted by Jersey law) in relation to those assets of the Issuer which are situated in Jersey and a floating charge complying with Scots law in relation to assets governed by or otherwise subject to Scots law. All other Security is created under English law including the Security taken over the bank accounts of the Issuer located in the United Kingdom.

Enforcement and priority of payments

The terms and provisions of the Note Trust Deed and each Note Trust Deed Supplement also set out the general procedures by which the Note Trustee may take steps to enforce the Security created thereunder (subject to being indemnified and/or secured and/or prefunded to its satisfaction) so that the Note Trustee may protect the interests of each of the Noteholders (and any other secured parties) in accordance with the terms of the Note Trust Deed and such Note Trust Deed Supplement and the terms and conditions of each Note Series.

The notes

As the beneficial holder of Global Loan Note No. 1, the Issuer will be entitled to receive a payment, at specified times, of a portion of interest payments and Principal Payments, as well as certain other amounts. These payments will be received by the Issuer in respect of each relevant Note Series and utilised in and towards payment of interest on, and redemption of, the relevant Note Series as well as payments to the Swap Counterparty under any Swap Agreement (if one is entered into in relation to the notes of such Note Series) and payment of certain other expenses. See "*Cashflows of the Issuer*", "*Description of the Swap Agreements*", "*Interest and Payments*" and "*Scheduled Redemption of a Note Series*" below.

See also "*The Loan Notes*" for further information on the cash flows relating to the Loan Notes utilised to pay interest on and to redeem the notes.

The ability of the Issuer to meet its obligations to repay the principal of, and to pay interest on, each Note Series will depend on the receipt by it of funds from Loan Note Issuer No.1 and receipt by it of amounts from a Swap Counterparty under the Swap Agreement if one is entered into in relation to a particular Note Series. See "*Risk Factors*" and "*Description of the Swap Agreements*".

The Issuer and the Note Trustee will have no recourse to Bank of Scotland or any of its affiliates.

Recourse

It should be noted that if the net proceeds of the enforcement of Security in respect of a particular Note Series following a mandatory redemption — after meeting the expenses of the Note Trustee and any receiver — are insufficient to make all payments due on the notes of that Note Series, the assets of the Issuer not already secured under a fixed charge will not be available for payment of that shortfall.

Cashflows of the Issuer

Each Loan Note Supplement sets out how money is distributed under each Loan Note to the Issuer as the holder of the Loan Note. All payments made from the account of Loan Note Issuer No.1 will be made monthly on a Distribution Date, which will also be the monthly Interest Payment Date in respect of the notes during the Regulated Amortisation Period or the Rapid Amortisation Period (except for notes that have the benefit of a Swap Agreement which have a monthly Interest Payment Date only after their Scheduled Redemption Date).

Other payments, in particular, payments of interest on the notes prior to any Amortisation Period will be made on an Interest Payment Date which falls at the end of an annual, semi-annual, quarterly or monthly period, as applicable. The Interest Payment Dates of each Loan Note will be monthly (see "*Annual, Semi-Annual, Quarterly or Monthly Payments*" below).

Monthly Payments of an Income Nature

On each Distribution Date the aggregate of the amounts (other than amounts in respect of principal), transferred on or before the immediately preceding Transfer Date by Loan Note Issuer No.1 to the Issuer's distribution account and credited to the Distribution Ledger for the relevant Note Series together with any interest earned on the Distribution Ledger for the relevant Note Series on the previous Distribution Date, shall be applied in the order of priority set out below as follows:

- (1) an amount equal to the Loan Note Holder's Costs Amount for such Transfer Date shall be used or retained in the Issuer's distribution account for payment of each item of the Loan Note Holder's Costs Amount;

- (2) for each Note Series of class A notes *pari passu* and in no priority between each item;
- (a) in respect of a Distribution Date falling during any period that is not an Amortisation Period, an amount equal to the monthly distribution amount for the relevant class A Loan Note credited to the Distribution Ledger for the relevant Note Series of class A notes shall be used or retained in the Issuer Distribution Account, identified for the Note Series in question, for payment, in each case as described in paragraph (1) or (2) in "*— Annual, Semi-Annual, Quarterly or Monthly Payments*" below;
 - (b) in respect of a Distribution Date falling in the Regulated Amortisation Period or the Rapid Amortisation Period where there is no Swap Agreement entered into by the Issuer, an amount equal to the monthly distribution amount for the relevant class A Loan Note credited to the Distribution Ledger for the relevant Series of class A notes on the Transfer Date falling on or immediately prior to such Distribution Date, shall be paid by the Issuer to the Noteholders of the relevant Note Series of class A notes in accordance with the terms and conditions of the notes; and
 - (c) if a Swap Agreement has been entered into in respect of the notes, then in respect of a Distribution Date during the Regulated Amortisation Period or the Rapid Amortisation Period on or prior to the relevant Scheduled Redemption Date, an amount equal to the monthly distribution amount for the relevant class A Loan Note credited to the Distribution Ledger for the relevant Note Series of class A notes shall be retained in the Issuer Distribution Account, identified for the Note Series of class A notes in question, for payment, in each case, as described in "*— Annual, Semi-Annual, Quarterly or Monthly Payments*" below;
- (3) for each Note Series of class B notes *pari passu* and in no priority between each item;
- (a) in respect of a Distribution Date falling during any period that is not an Amortisation Period, an amount equal to the monthly distribution amount for the relevant class B Loan Note credited to the Distribution Ledger for the relevant Note Series of class B notes shall be used or retained in the Issuer Distribution Account, identified for the Note Series in question, for payment, in each case as described in paragraph (1) or (2) in "*— Annual, Semi-Annual, Quarterly or Monthly Payments*" below;
 - (b) in respect of a Distribution Date falling in the Regulated Amortisation Period or the Rapid Amortisation Period where there is no Swap Agreement entered into by the Issuer, an amount equal to the monthly distribution amount for the relevant class B Loan Note credited to the Distribution Ledger for the relevant Note Series of class B notes on the Transfer Date falling on or immediately prior to such Distribution Date, shall be paid by the Issuer to the Noteholders of the relevant Note Series of class B notes in accordance with the terms and conditions of the notes; and
 - (c) if a Swap Agreement has been entered into in respect of the notes, then in respect of a Distribution Date during the Regulated Amortisation Period or the Rapid Amortisation Period on or prior to the relevant Scheduled Redemption Date, an amount equal to the monthly distribution amount for the relevant class B Loan Note credited to the Distribution Ledger for the relevant Note Series of class B Notes shall be retained in the Issuer Distribution Account, identified for the Note Series of class B notes in question, for payment, in each case, as described in "*— Annual, Semi-Annual, Quarterly or Monthly Payments*" below;
- (4) for each Note Series of class C notes *pari passu* and in no priority between each item;
- (a) in respect of a Distribution Date falling during any period that is not an Amortisation Period, an amount equal to the monthly distribution amount for the relevant class C Loan Note credited to the Distribution Ledger for the relevant Note Series of class C notes shall be used or retained in the Issuer Distribution Account, identified for the Note Series in question, for payment, in each case as described in paragraph (1) or (2) in "*— Annual, Semi-Annual, Quarterly or Monthly Payments*" below;

- (b) in respect of a Distribution Date falling in the Regulated Amortisation Period or the Rapid Amortisation Period where there is no Swap Agreement entered into by the Issuer, an amount equal to the monthly distribution amount for the relevant class C Loan Note credited to the Distribution Ledger for the relevant Series of class C notes on the Transfer Date falling on or immediately prior to such Distribution Date, shall be paid by the Issuer to the Noteholders of the relevant Note Series of class C notes in accordance with the terms and conditions of the notes; and
 - (c) if a Swap Agreement has been entered into in respect of the notes, then in respect of a Distribution Date during the Regulated Amortisation Period or the Rapid Amortisation Period on or prior to the relevant Scheduled Redemption Date, an amount equal to the monthly distribution amount for the relevant class C Loan Note credited to the Distribution Ledger for the relevant Note Series of class C note shall be retained in the Issuer Distribution Account, identified for the Note Series of class C notes in question, for payment, in each case, as described in "*—Annual, Semi-Annual, Quarterly or Monthly Payments*" below;
- (5) for each Note Series of class D notes *pari passu* and in no priority between each item;
- (a) in respect of a Distribution Date falling during any period that is not an Amortisation Period, an amount equal to the monthly distribution amount for the relevant class D Loan Note credited to the Distribution Ledger for the relevant Note Series of class D notes shall be used or retained in the Issuer Distribution Account, identified for the Note Series in question, for payment, in each case as described in paragraph (1) or (2) in "*—Annual, Semi-Annual, Quarterly or Monthly Payments*" below;
 - (b) in respect of a Distribution Date falling in the Regulated Amortisation Period or the Rapid Amortisation Period where there is no Swap Agreement entered into by the Issuer, an amount equal to the monthly distribution amount for the relevant class D Loan Note credited to the Distribution Ledger for the relevant Note Series of class D notes on the Transfer Date falling on or immediately prior to such Distribution Date, shall be paid by the Issuer to the Noteholders of the relevant Note Series of class D notes in accordance with the terms and conditions of the notes; and
 - (c) if a Swap Agreement has been entered into in respect of the notes, then in respect of a Distribution Date during the Regulated Amortisation Period or the Rapid Amortisation Period on or prior to the relevant Scheduled Redemption Date, an amount equal to the monthly distribution amount for the relevant class D Loan Note credited to the Distribution Ledger for the relevant Note Series of class D notes shall be retained in the Issuer Distribution Account, identified for the Note Series of class D notes in question, for payment, in each case, as described in "*— Annual, Semi-Annual, Quarterly or Monthly Payments*" below;
- (6) amounts equal to the Loan Note Holder's Profit Amount, in respect of Distribution Dates during all periods, will be retained in the Issuer profit retention ledger in the Issuer Distribution Account; and
- (7) the remainder (if any) shall be paid to Loan Note Issuer No.1 as deferred subscription price in respect of the Loan Notes for which the Issuer is Loan Note Holder.

Where the full amount of any payment described in "*— Monthly Payments of an Income Nature*" above and "*— Annual, Semi-Annual, Quarterly or Monthly Payments*" below cannot be made due to insufficiency in the funds credited to the relevant series distribution ledger or account which are available to make such payment, the payment will be made to the extent of available funds and the shortfall will be deferred to the next and succeeding Distribution Dates, Transfer Dates or Interest Payment Dates, as applicable.

Annual, Semi-Annual, Quarterly or Monthly Payments

On each Interest Payment Date which occurs annually, semi-annually, quarterly or monthly during a period as specified below, the Issuer shall make the following payments in respect of the relevant Note Series:

- (1) if no Swap Agreement has been entered into in respect of the relevant Note Series, in respect of an Interest Payment Date falling in a period that is not an Amortisation Period and prior to the Scheduled Redemption Date for the relevant Note Series, the aggregate of the monthly distribution amounts for the relevant Loan Note credited to the Distribution Ledger for the relevant Note Series on the one, three, six or twelve (depending on whether monthly, quarterly, semi-annual or annual applies and unless otherwise specified) Distribution Dates falling on or immediately prior to such Interest Payment Date, shall be paid by the Issuer to the relevant Note Series Noteholders in accordance with the terms and conditions of the notes; or
- (2) if a Swap Agreement has been entered into in respect of the relevant Note Series, in respect of an Interest Payment Date falling in a period that is on or prior to the Scheduled Redemption Date for the relevant Note Series, the aggregate of the monthly distribution amounts for the relevant Loan Note credited to the Distribution Ledger for the relevant Note Series on the one, three, six or twelve (depending on whether monthly, quarterly, semi-annual or annual applies and unless otherwise specified) Distribution Dates falling on or immediately prior to such Interest Payment Date, shall be paid by the Issuer to the Swap Counterparty and/or the relevant Note Series Noteholders (as the case may be) and converted to a sum for distribution to the Noteholders in accordance with the terms and conditions of the notes and subject to the terms of the Swap Agreement.

Amounts transferred by Loan Note Issuer No.1 relating to the Issuer Distribution Account

Amounts will be transferred by Loan Note Issuer No.1 and credited to the Distribution Ledger for the relevant Note Series in the Issuer Distribution Account, from time to time as specified in the Loan Note Supplement for the relevant Loan Note. These payments and the utilisation thereof by Loan Note Issuer No.1 are described in detail in, respectively, "*Cashflows of Loan Note Issuer No.1*", "*— Interest and Payments*" below and "*— Scheduled Redemption of a Note Series*" below.

Interest and payments

Each Note Series will bear interest for a period equal to an Interest Period under the notes at a rate determined in accordance with the relevant Note Trust Deed Supplement and the terms and conditions of the notes to be paid by or on behalf of the Issuer.

Interest Payment Dates

The First Interest Payment Date for each Note Series will be specified in the relevant Prospectus Supplement/Final Terms.

With respect to a Note Series where there is no Swap Agreement entered into by the Issuer, during any period that is not an Amortisation Period, interest on the notes will be paid monthly, quarterly, semi-annually or annually (depending on the note terms and conditions) on the Interest Payment Date in accordance with the relevant note terms and conditions after making any necessary payments described in "*Monthly Payments of an Income Nature*" above. During the Regulated Amortisation Period or the Rapid Amortisation Period, interest will be paid monthly.

With respect to a Note Series where the Issuer has entered into any Swap Agreement, during any period prior to and on the relevant Scheduled Redemption Date, amounts in Sterling will be paid monthly, quarterly, semi-annually or annually (depending on the note terms and conditions) on the Interest Payment Date by the Issuer to the Swap Counterparty under the terms of the Swap Agreement and in accordance with the terms and conditions of the notes and after making any necessary payments described in "*—Monthly Payments of an Income Nature*" above.

With respect to a Note Series where the Issuer has entered into a Swap Agreement, during the Regulated Amortisation Period or the Rapid Amortisation Period on, prior to or, as applicable, after the relevant Scheduled Redemption Date, interest will be paid in accordance with the relevant note terms and

conditions after making any necessary payments described in "*Monthly Payments of an Income Nature*" above. See also "*Description of the Swap Agreements*".

If any withholding or deduction for any taxes, duties, assessments or government charges of whatever nature is imposed, levied, collected, withheld or assessed on payments of principal or interest on any note by any jurisdiction or any political subdivision or authority in or of any jurisdiction having power to tax, payments by the Issuer to the holder of the relevant note will be reduced accordingly and neither the Issuer, nor the Note Trustee, nor any Paying Agent or the Registrar, will be required to make any additional payments to the Noteholders for that withholding or deduction. Such reduced payments will not be treated as Deferred Interest and, accordingly, will not bear Additional Interest. See "*United Kingdom Taxation Treatment of the Notes*" for information on the United Kingdom withholding tax treatment of payments under the notes.

Termination payments for a Swap Agreement

Where the Issuer has entered into a Swap Agreement for a Note Series and if the Swap Agreement is terminated otherwise than as a result of a Counterparty Swap Event of Default, the sum of (x) the aggregate amounts of monthly distribution amounts credited to the Distribution Ledger for the relevant Note Series in the Issuer Distribution Account, plus (y) principal amounts available to the Issuer to make payments in respect of the relevant Note Series, will be utilised on the relevant Interest Payment Date(s) on which the swap termination payment in respect of the Note Series is payable, to determine the calculation of proportional allocation between the Swap Counterparty and the Issuer (in respect of such Note Series) to pay, in no order of priority between them but in proportion to the respective amounts due, (1) the swap termination payment, and (2) in and towards payment of first, interest, then Deferred Interest and Additional Interest (due and unpaid) and then principal amounts to the Noteholders. The Issuer shall use any principal amounts available to it in respect of the Note Series (whether credited to the Call Protection Accumulation Deposit Account (in respect of such Note Series) or the Distribution Ledger for the relevant Note Series of the Issuer Distribution Account) to make such payments.

If the Swap Agreement is terminated as a result of a Counterparty Swap Event of Default and there are insufficient amounts available to the Issuer to make payment of the swap termination amount then the Issuer shall use principal amounts available to it in respect of the relevant Note Series, as provided above, to make payment of the swap termination amount, if all amounts payable to the relevant Noteholders on the relevant Interest Payment Date have first been paid.

Scheduled Redemption of a Note Series

Unless the Regulated Amortisation Period or the Rapid Amortisation Period has earlier commenced (see "*Mandatory Redemption of a Note Series*" below), each note will be redeemed on its relevant Scheduled Redemption Date to the extent of the amount which has on that day been credited to the relevant Distribution Ledger for the relevant Note Series in the Issuer Distribution Account (or, if the Issuer has entered into a Swap Agreement in respect of the Note Series being redeemed, to the extent of the amount which on that day has been credited to the relevant Distribution Ledger in the Issuer Distribution Account or, as applicable, the relevant Distribution Ledger in the Call Protection Accumulation Deposit Account by Loan Note Issuer No.1 or the Swap Counterparty, as the case may be), in accordance with the provisions of the relevant Loan Note Supplement in respect of amounts owing under the relevant Loan Notes (less any amount which is to be utilised to make payment of any swap termination amount due to any event other than a Counterparty Swap Event of Default if a Swap Agreement has been entered into). See also "*Description of the Swap Agreements*".

Mandatory Redemption of a Note Series

Where the Issuer has entered into a Swap Agreement for a Note Series and if the Regulated Amortisation Period or Rapid Amortisation Period commences prior to or on the relevant Scheduled Redemption Date, then the principal amounts credited to the Distribution Ledger for the relevant Note Series in the Issuer Distribution Account or, as applicable, the Distribution Ledger for the relevant Note Series in the Call Protection Accumulation Deposit Account by Loan Note Issuer No.1, less any amount which is to be utilised to make payment of any swap termination amount (other than as a result of a Counterparty Swap Event of Default) will be applied as follows:

- (a) on each Distribution Date prior to and including the relevant Scheduled Redemption Date principal amounts in respect of the relevant note will be held in the Distribution Ledger for the relevant Note Series in the Issuer Distribution Account or, as applicable, the Distribution Ledger for the relevant Note Series in the Call Protection Accumulation Deposit Account until the Scheduled Redemption Date whereupon such amounts will be paid in accordance with the terms and conditions of the relevant Note Series; or
- (b)
- (1) on the Scheduled Redemption Date, principal amounts credited to the Distribution Ledger for the relevant Note Series in the Issuer Distribution Account or, as applicable, the Distribution Ledger for the relevant Note Series in the Call Protection Accumulation Deposit Account will be applied in accordance with the terms and conditions of the relevant Note Series; and
 - (2) on each Distribution Date after the Scheduled Redemption Date, any principal amounts credited to the Distribution Ledger for the relevant Note Series of the Issuer Distribution Account by Loan Note Issuer No.1 will be applied in accordance with the terms and conditions of the relevant Note Series until the earlier of (A) redemption of the Note Series in full or (B) the Distribution Date falling on the Final Redemption Date of the notes.

See also "*Description of the Swap Agreements*" and "*Terms and Conditions of the Notes*".

Where the Issuer has not entered into a Swap Agreement for a Note Series and if the Regulated Amortisation Period or Rapid Amortisation Period commences prior to or on the relevant Scheduled Redemption Date, then the principal amounts will be credited monthly to the Distribution Ledger for the relevant Note Series in the Issuer Distribution Account by Loan Note Issuer No.1 and on each monthly Interest Payment Date principal amounts will be applied in accordance with the terms and conditions of the relevant Note Series until the earlier of (A) redemption of the Note Series in full or (B) the Distribution Date falling on the Final Redemption Date of the notes.

See also "*Terms and Conditions of the Notes*".

Optional Early Redemption in full of a Note Series

If a Note Series is specified in the relevant Prospectus Supplement/Final Terms as being able to be redeemed on any Call Date, then (subject to any additional Conditions (if any) specified in the relevant Prospectus Supplement/Final Terms) on any Interest Payment Date falling on or after the relevant Call Date and upon giving not more than 60 nor less than 30 days' prior written notice to the Note Trustee, the Swap Counterparty, the Rating Agencies and the Noteholders (in accordance with Condition 16 (Notices)), the Issuer may redeem all (but not some only) of the notes of such Note Series then outstanding at their then Principal Amount Outstanding together with accrued interest provided that, prior to giving any such notice, the Issuer shall have provided to the Note Trustee a certificate signed by two directors of the Issuer to the effect that it will have the funds, not subject to any interest of any other person, required to redeem the relevant Note Series on such Interest Payment Date and to pay any amounts required to be paid in priority or pari passu with such Note Series outstanding in accordance with the conditions of the Note Trust Deed and relevant Note Trust Deed Supplement. See also "*Terms and Conditions of the Notes*".

Appointment, powers, responsibilities and liability of the Note Trustee

The Note Trust Deed also sets out the terms upon which the Note Trustee is appointed, the indemnification of the Note Trustee, the payment it receives and the extent of the Note Trustee's authority. It also contains provisions limiting or excluding liability of the Note Trustee in certain circumstances. The Note Trustee is also given the ability to appoint a delegate or agent in the execution of any of its duties under the Note Trust Deed. The Note Trust Deed also sets out the circumstances in which the Note Trustee may resign or retire.

The Note Trust Deed states that the Note Trustee is entitled to be indemnified and/or secured and/or pre-funded to its satisfaction and relieved from responsibility in certain circumstances, including, without

restriction, in relation to taking action to enforce any Security or debt which it holds. The Note Trustee is also entitled to be paid its fees, costs and expenses in priority to the claims of the Noteholders.

The Note Trustee is not bound or concerned to examine or enquire into or be liable for any defect or failure in the right or title of the Issuer to all or any of the property in respect of which the Issuer has created Security. The Note Trustee is not liable for any failure, omission or defect in perfecting, protecting or further assuring the Security. The Note Trustee is not responsible for investigating, monitoring or supervising the observance or performance by any person in respect of the charged property or otherwise. The Note Trustee is not under any obligation to insure any of the Security or any deed or documents of title. The Note Trustee is not responsible for any deficiency which may arise because it is liable to tax in respect of the proceeds of Security. The Note Trustee shall not be responsible for monitoring whether a Loan Note Event of Default has occurred.

DESCRIPTION OF THE SWAP AGREEMENTS

The Issuer may enter into Swap Agreements with one or more counterparties for each Note Series where the notes are issued in a currency other than Sterling or pay a fixed rate of interest. Under separate ISDA master agreements (and the schedules and confirmations relating thereto) for any such Note Series requiring a swap, as the same may be amended and/or supplemented each between the Issuer and the Swap Counterparty, the Issuer will (i) in respect of a foreign exchange Swap Agreement pay to the Swap Counterparty (a) on the closing date of a Note Series issuance, certain initial payments in the currency denomination of that Note Series and (b) thereafter Sterling sums equal to the payments required under such foreign exchange Swap Agreement and (ii) in respect of an interest rate Swap Agreement will pay to the Swap Counterparty after the closing date Sterling sums equal to the payments required under such interest rate Swap Agreement.

Further details of the Swap Counterparty will be set out in the applicable Prospectus Supplement/Final Terms. The below description of the Swap Agreements may be supplemented in respect of any Note Series in such Note Series' relevant Prospectus Supplement/Final Terms.

Redemption Period and Redemption Protection Period

In relation to any Swap Agreement subject to the Redemption Protection Period

In the event that an Amortisation Period commences prior to a Scheduled Redemption Date in respect of a Notes Series, certain deposit arrangements may apply in relation to the Swap Agreement for that Note Series. In such event, the period from the date of the commencement of the Amortisation Period to and including the relevant Scheduled Redemption Date for the relevant Note Series is called the "**Redemption Protection Period**". During the Redemption Protection Period, on any Business Day on which an amount (each amount, a "**Redemption Amount**" in respect of the Swap Agreement) is paid by Loan Note Issuer No.1 from the Loan Note Issuer No.1 Distribution Account (and the balance of the Distribution Ledger for the relevant Note Series shall be adjusted accordingly) to and credited to the appropriate Note Series ledger in an account (the "**Call Protection Accumulation Deposit Account**") in the name of the Issuer, each such deposit by Loan Note Issuer No.1, in respect of the relevant tranche of Loan Note in amortisation shall be defined as a deposit of "**Interim Principal Repayment Funds**".

All amounts representing any Interim Principal Repayment Funds shall be: (1) maintained in the relevant Note Series ledger in the Call Protection Accumulation Deposit Account; (2) held by the Issuer subject to the security created pursuant to the Note Trust Deed (including the relevant Note Trust Deed Supplement thereto); and (3) invested in Swap Permitted Investments (as defined in the relevant Note Trust Deed Supplement and set out below) as directed by the Swap Counterparty. All income (the "**Reinvested Collateral Income**") in relation to the Interim Principal Repayment Funds and Swap Permitted Investments shall be released to the Issuer on each Distribution Date. The Issuer shall use Reinvested Collateral Income and income from Swap Permitted Investments as part of the amounts payable to the Swap Counterparty pursuant to the Swap Agreement on a Distribution Date. On any Distribution Date during the Redemption Protection Period, the Issuer's obligation to pay the applicable amount calculated pursuant to a Swap Agreement for a Note Series shall be reduced by an amount (if any) by which (a) the aggregate amount of the Interim Principal Repayment Funds then standing to the credit of the relevant Note Series ledger in the Call Protection Accumulation Deposit Account on that Distribution Date (but not including any Interim Principal Repayment Funds to be deposited on that Distribution Date) multiplied by the relevant interest rate for the applicable tranche of Global Loan Note No. 1 as specified in the related Loan Note Supplement, exceeds (b) the Reinvested Collateral Income and income from Swap Permitted Investments released to the Issuer on such Distribution Date.

"**Swap Permitted Investments**" has the meaning given to it in the relevant Prospectus Supplement/Final Terms.

On each Distribution Date, the Issuer's obligation to pay the relevant amount calculated pursuant to the Swap Agreement shall be increased by the amount (if any) by which: (a) the Reinvested Collateral Income released to the Issuer on such Distribution Date, exceeds (b) the aggregate amount of the Interim Principal Repayment Funds then standing to the credit of the relevant Note Series ledger in the Call Protection Accumulation Deposit Account on that Distribution Date (but not including any Interim Principal Repayment Funds to be deposited on that Distribution Date) multiplied by the relevant interest rate for the applicable Loan Note as specified in the related Loan Note Supplement.

In relation to foreign exchange Swap Agreements only

In the event that (a) the Regulated Amortisation Period or the Rapid Amortisation Period commences on the Scheduled Redemption Date for the relevant Note Series, (b) the Redemption Protection Period has earlier commenced and on or prior to the Scheduled Redemption Date for the relevant Note Series there have been credited to the Issuer's Distribution Ledger for the relevant Note Series insufficient funds to redeem the relevant Note Series in full, or (c) in the event that the Regulated Amortisation Period or the Rapid Amortisation Period commences on or prior to the Scheduled Redemption Date for the relevant Note Series in relation to a Swap Agreement without the benefit of the Redemption Protection Period (any such event, a "**Redemption Trigger**"), then the following provisions shall apply. The "**Redemption Period End Date**" is the Interest Payment Date as set out in the relevant Prospectus Supplement/Final Terms. From the occurrence of the Redemption Trigger, the termination date under the relevant Swap Agreement shall be amended to be the Redemption Period End Date. The period from and including the date of the commencement of the Amortisation Period or the Scheduled Redemption Date, as specified in Swap Agreement for the relevant Note Series, to the Redemption Period End Date is called the "**Redemption Period**". On each Distribution Date during the Redemption Period, the notional amount applicable in respect of payments to be made by the Issuer under the relevant Swap Agreement shall be reduced (for the next following calculation period for the Issuer) by an amount equal to the amount credited to the Distribution Ledger for the relevant Note Series during the period from (and including) the immediately preceding Distribution Date to (but excluding) such Distribution Date (the amount of such reduction, the "**Issuer Amortisation Amount**"). On each Interest Payment Date during the Redemption Period, the notional amount applicable in respect of payments to be made by the Swap Counterparty under the relevant Swap Agreement shall be reduced (for the next following calculation period for the Swap Counterparty) by an amount (the "**Counterparty Amortisation Amount**") calculated as specified below. The Counterparty Amortisation Amount is equal to $A \times B/C$

where:

- A = the notional amount applicable in respect of payments to be made by the Swap Counterparty pursuant to the relevant Swap Agreement and calculated on the effective date under such Swap Agreement;
- B = the Issuer Amortisation Amount applicable on the relevant Distribution Date; and
- C = the notional amount applicable to payments to be made by the Issuer pursuant to the relevant Swap Agreement and calculated on the effective date under such Swap Agreement.

Early termination

Each Swap Agreement may be terminated early, *inter alia*, in the following circumstances, unless the relevant Prospectus Supplement/Final Terms provide otherwise:

- (a) at the option of one party, if there is a failure by the other party to pay any amounts due under the Swap Agreement;
- (b) pursuant to the occurrence of an Event of Default under the Conditions and the notes becoming repayable;
- (c) upon the occurrence of certain other events with respect to either party to the Swap Agreement, including an insolvency, merger without an assumption of the obligations in respect of the Swap Agreement, or changes in law resulting in illegality; and
- (d) in the event that there is a withholding tax imposed (1) in relation to the Issuer's payments under the Swap Agreement, or (2) in relation to the Swap Counterparty's payments under the Swap Agreement and, as a result, the Swap Counterparty is required to pay more or receives less under the Swap Agreement (following, broadly, expiry of any period during which the Swap Counterparty is required to mitigate against the imposition of such withholding tax).

Upon any such early termination of a Swap Agreement, the Issuer or the Swap Counterparty may be liable to make a termination payment to the other. The amount of any such termination payment will be based on the market value of the swap computed in accordance with the relevant Swap Agreement, generally on the basis of market quotations of the cost of entering into a swap transaction with the same

terms and conditions that would have the effect of preserving the respective full payment obligations of the parties, in accordance with the procedures set forth in the relevant Swap Agreement. Any such termination payment could, if interest rates and/or the relevant exchange rate had changed significantly, be substantial.

Upon termination of a Swap Agreement, if no replacement Swap Agreement is entered into, the security under the Note Trust Deed (and the supplement to the Note Trust Deed) in respect of the relevant Note Series will become enforceable. If such security is enforced, the proceeds thereof will be applied in payment of amounts under the order of post-enforcement priority of payments set forth in the Conditions of such note. In the event that a Swap Agreement is terminated not as a result of a Counterparty Swap Event Of Default (as defined below), then any termination payment to be paid to the Swap Counterparty by the Issuer in accordance with the early termination provisions of such Swap Agreement shall rank simultaneously and equally with payments to be made under the relevant Note Series, unless the relevant Prospectus Supplement/Final Terms provide otherwise.

Certain events including, without limitation, failure to pay or deliver, misrepresentation, insolvency or bankruptcy pertaining to the Swap Counterparty (a "**Counterparty Swap Event Of Default**") may result in the early termination of the relevant Swap Agreement. In the event that a Swap Agreement is terminated as a result of a Counterparty Swap Event Of Default, then any termination payment to be paid to the Swap Counterparty by the Issuer in accordance with the early termination provisions of such Swap Agreement shall be subordinated to any payments to be made under the relevant Note Series, unless the relevant Prospectus Supplement/Final Terms provide otherwise.

Taxation

The Issuer is not obliged under any Swap Agreement to gross up payments made by it if a withholding or deduction for, or on account of, taxes is imposed on payments made under the Swap Agreement.

Unless the relevant Prospectus Supplement/Final Terms provide otherwise, the Swap Counterparty will generally be obliged to gross up payments made by it to the Issuer if a withholding or deduction for, or on account of, taxes is imposed on payments made by the Swap Counterparty under a Swap Agreement. However, if the Swap Counterparty is required to gross up a payment under a Swap Agreement due to a change in the law, the Swap Counterparty may terminate the Swap Agreement.

Rating downgrade or withdrawal

If the rating of a Swap Counterparty (or, if applicable, its guarantor or credit support provider) falls below the ratings specified in the relevant Swap Agreements (in accordance with the requirements of Standard & Poor's, Fitch Ratings or Moody's), or if the rating of a Swap Counterparty (or, if applicable, its guarantor or credit support provider) is withdrawn, then the Swap Counterparty will, in accordance with the provisions of and subject to the timeframes specified in the relevant Swap Agreement, be required to take certain remedial measures which may include:

- (i) providing collateral in accordance with a mark-to-market collateral agreement between the Swap Counterparty and the Issuer (the "**Credit Support Annex**");
- (ii) obtaining a guarantee from a guarantor that satisfies the minimum rating and other requirements specified in the relevant Swap Agreement;
- (iii) transferring the relevant Swap Agreement to an entity that satisfies the minimum rating and other requirements specified in the relevant Swap Agreement; or
- (iv) taking such other actions as may be specified in the relevant Swap Agreement.

If the Swap Counterparty fails to take any of the applicable remedial measures in accordance with the provisions of the relevant Swap Agreement, the Issuer may terminate such Swap Agreement in accordance with its terms.

General

Except as stated under "*Taxation*" above, or as otherwise permitted under the Swap Agreements and as provided below, neither the Issuer nor the Swap Counterparty is, save for the assignment by way of

security in favour of the Note Trustee under the supplement to the Note Trust Deed, permitted to assign, novate or transfer as a whole or in part any of its rights, obligations or interests under the Swap Agreements. The Swap Counterparty may transfer its rights and obligations under each Swap Agreement (but not its rights only) to another of its offices, branches or affiliates on ten Business Days' prior written notice to the Issuer, the Note Trustee and the Security Trustee, **provided that** (i) the Swap Counterparty delivers an opinion of independent counsel of recognised standing in form and substance satisfactory to the Note Trustee confirming that as at such transfer the transferee will not, as a result of such transfer, be required to withhold or deduct on account of tax under the Swap Agreement, (ii) a termination event or event of default does not occur under the Swap Agreement as a result of such transfer and (iii) the then current ratings of the relevant class of notes by Standard & Poor's, Fitch Ratings or Moody's are not adversely affected as a result of such transfer.

In the event that the Swap Counterparty makes a permitted transfer of its rights and obligations under any Swap Agreement other than to another of such Swap Counterparty's offices, branches or affiliates, the Issuer shall forthwith give notice of such fact to the Note Trustee.

BANK OF SCOTLAND PLC

Overview

Bank of Scotland plc

Bank of Scotland plc ("**Bank of Scotland**" and, together with its subsidiary undertakings from time to time, "**Bank of Scotland Group**") (incorporated in Scotland with limited liability, registration number SC327000) is a leading UK based financial services group providing a wide range of banking and financial services, primarily in the UK, to personal and corporate customers. The registered office of Bank of Scotland is located at The Mound, Edinburgh EH1 1YZ, Scotland and its telephone number is +44 (0) 870 600 5000.

Its main business activities are retail, commercial and corporate banking. It provides a broad range of financial services products including current and savings accounts, personal loans, credit cards and mortgages within the retail market; loans and capital markets products to commercial, corporate and asset finance customers and private banking.

History and development of Bank of Scotland

Bank of Scotland was originally established in 1695 as The Governor and Company of the Bank of Scotland by an Act of the Parliament of Scotland. On 17 September 2007, in accordance with the provisions of the HBOS Group Reorganisation Act 2006 (the "**Reorganisation Act**"), The Governor and Company of the Bank of Scotland registered as a public limited company under the Companies Act 1985 and changed its name to Bank of Scotland plc. On the same day, under the Reorganisation Act, the business activities, assets (including investments in subsidiaries) and liabilities of Capital Bank plc, Halifax plc and HBOS Treasury Services plc transferred to Bank of Scotland.

Bank of Scotland is a United Kingdom clearing bank with its headquarters in Edinburgh and an "authorised person" under the Financial Services and Markets Act 2000. It is a member of the British Bankers' Association and the Committee of Scottish Clearing Bankers. Part 6 of the Banking Act 2009 confirmed Bank of Scotland's right to issue bank notes in Scotland.

Following the acquisition of HBOS plc by Lloyds Banking Group plc (formerly Lloyds TSB Group plc) on 16 January 2009 (the "**Acquisition**"), and the subsequent transfer of 100 per cent. of the ordinary share capital of HBOS plc to Lloyds TSB Bank plc by Lloyds Banking Group plc on 1 January 2010, Bank of Scotland is now a directly owned and controlled subsidiary of HBOS plc which in turn is directly owned and controlled by Lloyds TSB Bank plc and is indirectly owned and controlled by Lloyds Banking Group plc.

Pursuant to two placing and open offers which were completed by Lloyds Banking Group plc in January and June 2009 and a rights issue completed in December 2009, the UK Government acquired 43.4 per cent. of the issued ordinary share capital of Lloyds Banking Group plc. Following further issues of ordinary shares, the UK Government's holding has been reduced to approximately 40.6 per cent.

Lloyds Banking Group Capital Restructuring

On 3 November 2009, Lloyds Banking Group plc (together with its subsidiary undertakings from time to time) ("**Lloyds Banking Group**") announced proposals intended to meet its current and long-term capital requirements including a rights issue (the "**Rights Issue**") and two separate exchange offers (the "**Exchange Offers**", and together with the Rights Issue, the "**Proposals**"). The Proposals, which were fully underwritten, were approved by shareholders on 26 November 2009. The Rights Issue, which raised £13.5 billion (£13 billion net of the expenses of the Proposals) was completed on 14 December 2009 with 95.3 per cent. of shares placed with shareholders. The remaining 4.7 per cent. rump was placed with investors and settled on 17 December 2009. The Exchange Offers were substantially completed during December 2009 and generated approximately £7.5 billion in nominal value of contingent core tier 1 capital at that time.

State Funding and State Aid

The Lloyds Banking Group has made a number of undertakings to HM Treasury arising from the capital and funding support, including the provision of additional lending to certain mortgage and business

sectors, and other matters relating to corporate governance and staff remuneration. However the commitments in respect of lending are subject to normal prudent commercial lending criteria and pricing, the availability of funding to support such lending and sufficient demand from customers and potential customers.

As part of the European Commission's decision approving state aid to the Lloyds Banking Group, Lloyds Banking Group was required to work with HM Treasury to submit a restructuring plan to the European Commission in the context of a state aid review. The plan was required to contain measures to limit any competition distortions resulting from the state aid received by Lloyds Banking Group. The College of Commissioners announced its formal approval of Lloyds Banking Group's restructuring plan on 18 November 2009.

The restructuring plan consists of the following principal elements: (i) the disposal of a retail banking business with at least 600 branches, a 4.6 per cent. share of the personal current accounts market in the UK and approximately 19 per cent. of Lloyds Banking Group's mortgage assets; (ii) an asset reduction programme to achieve £181 billion reduction in a specified pool of assets by 31 December 2014; and (iii) behavioural commitments, including commitments not to make certain acquisitions for approximately three to four years and not to make discretionary payments of coupons or to exercise voluntary call options on hybrid securities from 31 January 2010 until 31 January 2012, which will prevent Lloyds Banking Group from paying dividends on its ordinary shares for the same duration.

The business referred to in (i) above will need to be disposed of before the end of November 2013 and consists of the TSB brand, the branches, savings accounts and branch-based mortgages of Cheltenham & Gloucester, the branches and branch-based customers of Lloyds TSB Scotland and a related banking licence, additional Lloyds TSB branches in England and Wales, with branch-based customers and Intelligent Finance. The Lloyds Banking Group is working closely with the EU Commission, HM Treasury and the Monitoring Trustee appointed by the EU Commission.

Legal proceedings

Unarranged overdraft charges

In April 2007, the OFT commenced an investigation into the fairness of personal current accounts and unarranged overdraft charges. At the same time, it commenced a market study into wider questions about competition and price transparency in the provision of personal current accounts.

The Supreme Court of the United Kingdom published its judgment in respect of the fairness of unarranged overdraft charges on personal current accounts on 25 November 2009, finding in favour of the litigant banks. On 22 December 2009, the OFT announced that it will not continue its investigation into the fairness of these charges. Bank of Scotland Group is working with the regulators to ensure that outstanding customer complaints are concluded as quickly as possible and anticipate that most cases in the county courts will be discontinued. Bank of Scotland Group expects that some customers will argue that despite the test case ruling they are entitled to a refund of unarranged overdraft charges on the basis of other legal arguments or challenges. Bank of Scotland Group is robustly defending any such complaints or claims and does not expect any such complaints or claims to have a material effect on Bank of Scotland Group.

The OFT, however, continued to discuss its concerns in relation to the personal current account market with the banks, consumer groups and other organisations under the auspices of its Market Study into personal current accounts. In October 2009, the OFT published voluntary initiatives agreed with the industry and consumer groups to improve transparency of the costs and benefits of personal current accounts and improvements to the switching process. On 16 March 2010 the OFT published a further update announcing several further voluntary industry wide initiatives to improve a customer's ability to control whether they used an unarranged overdraft and to assist those in financial difficulty. However, in light of the progress it noted in the unarranged overdraft market since July 2007 and the progress it expects to see over the next two years, it has decided to take no further action at this time and will review the unarranged overdraft market again in 2012.

Interchange fees

The European Commission has adopted a formal decision finding that an infringement of European Commission competition laws has arisen from arrangements whereby MasterCard issuers charged a uniform fallback interchange fee in respect of cross border transactions in relation to the use of a MasterCard or Maestro branded payment card. The European Commission has required that the fee be reduced to zero for relevant cross-border transactions within the European Economic Area. This decision has been appealed to the General Court of the European Union (the General Court). Bank of Scotland (along with certain other MasterCard issuers) have successfully applied to intervene in the appeal in support of MasterCard's position that the arrangements for the charging of a uniform fallback interchange fee are compatible with European Commission competition laws. MasterCard has announced that it has reached an understanding with the European Commission on a new methodology for calculating intra European Economic Area multi-lateral interchange fees on an interim basis pending the outcome of the appeal. Meanwhile, the European Commission and the OFT are pursuing investigations with a view to deciding whether arrangements adopted by other payment card schemes for the levying of uniform fallback interchange fees in respect of domestic and/or cross-border payment transactions also infringe European Commission and/or UK competition laws. As part of this initiative the OFT will also intervene in the General Court appeal supporting the European Commission position and Visa reached an agreement with the European Commission to reduce the level of interchange for cross-border debit card transactions to the interim level agreed by MasterCard. The ultimate impact of the investigations on the Bank of Scotland Group can only be known at the conclusion of these investigations and any relevant appeal proceedings.

Payment Protection Insurance

UK Competition Commission

In January 2009, the Competition Commission completed its formal investigation into the supply of Payment Protection Insurance ("**PPI**") services (except store card PPI) to non-business customers in the UK and published its final report setting out its remedies, including a prohibition on the active sale of PPI by a distributor to a customer within seven days of the distributor's sale of credit to that customer. Prior to this the Lloyds Banking Group had made the commercial decision to sell only regular monthly premium PPI to its personal loan customers. Recently the Lloyds Banking Group ceased to offer PPI products to customers, although some existing applications will be honoured for a limited period.

On 16 October 2009, the Competition Appeal Tribunal referred the proposed prohibition back to the Competition Commission. On 14 May 2010 the Competition Commission published its provisional decision retaining in almost all material respects the proposed point of sale prohibition. The Competition Commission's final decision was published on 14 October 2010 confirming the point of sale prohibition.

FSA

On 1 July 2008, the Financial Ombudsman Service referred concerns regarding the handling of PPI complaints to the FSA as an issue of wider implication. Lloyds Banking Group has been working with other industry members and trade associations in preparing an industry response to address regulatory concerns regarding the handling of PPI complaints.

On 29 September 2009, the FSA issued a consultation paper on PPI complaints handling. The FSA has escalated its regulatory activity in relation to past PPI sales generally and proposed new guidance on the fair assessment of a complaint and the calculation of redress and a new rule requiring firms to reassess historically rejected complaints. On 9 March 2010, the FSA issued a further consultation paper on this area, the consultation period for which closed on 22 April 2010 (Lloyds Banking Group responded to this consultation). The FSA's proposals were materially the same, although it has placed the new rule requiring firms to reassess historically rejected claims on hold for the present. The FSA published its policy statement on this issue on 10 August 2010, setting out its final provisions. Whilst there have been some minor changes to the FSA's proposals, they are materially the same as those set out in the March 2010 consultation paper. On 8 October 2010, the British Bankers Association ("**BBA**"), the principal trade association for the UK banking and financial services sector, issued an application for permission to seek judicial review against the FSA and the FOS. The BBA is seeking an order quashing the FSA policy statement and an order quashing the decision of the FOS to determine PPI sales in accordance with the guidance published on its website in November 2008. The proceedings are ongoing and the final outcome

is unlikely to be known for some time. Although the ultimate impact on Lloyds Banking Group of the FSA's complaints handling proposals (if implemented in full) could be material, the precise effect will only be known once the proceedings have been finally determined and the steps Lloyds Banking Group will be required to take as a result identified and implemented.

The statement on 29 September 2009 also announced that several firms had agreed to carry out reviews of past sales of single premium loan protection insurance. Lloyds Banking Group has agreed in principle that it will undertake a review in relation to sales of single premium loan protection insurance made through its branch network since 1 July 2007. The precise details of the review are still being discussed with the FSA and the ultimate impact on Lloyds Banking Group of any review can only be known at the conclusion of these discussions.

Other Legal Actions

In the ordinary course of its business, the Bank of Scotland Group is engaged in discussions with the FSA in relation to a range of conduct of business matters, especially in relation to retail products including packaged bank accounts, mortgages, structured products and pensions. The Bank of Scotland Group is keen to ensure that any regulatory concerns regarding product governance or contract terms are understood and addressed. The ultimate impact on the Bank of Scotland Group of these discussions can only be known at the conclusion of such discussions.

In addition, during the ordinary course of business the Bank of Scotland Group is subject to other threatened and actual legal proceedings, regulatory investigations, regulatory challenges and enforcement actions both in the UK and overseas. All such material matters are periodically reassessed, with the assistance of external professional advisers where appropriate, to determine the likelihood of the Bank of Scotland Group incurring a liability. In those instances where it is concluded that it is more likely than not that a payment will be made, a provision is established to management's best estimate of the amount required to settle the obligation at the relevant balance sheet date. In some cases, it will not be possible to form a view, either because the facts are unclear or because further time is needed properly to assess the merits of the matter and no provisions are held against such matters.

However the Bank of Scotland Group does not currently expect the final outcome of any such case to have a material adverse effect on its financial position.

Affiliations and certain relationships and related transactions of transaction parties

Bank of Scotland will perform the following roles in connection with the issuance of the Notes:

- Sponsor;
- Transferor;
- Servicer;
- Transferor Beneficiary; and
- Cash Manager.

In addition, Lloyds TSB Bank plc ("**LTSB**") will serve as Arranger of the Programme and (if specified in the relevant Prospectus Supplement/Final Terms) LTSB or Bank of Scotland may serve as the Swap Counterparty in respect of Series of notes identified in the relevant Prospectus Supplement/Final Terms as having the benefit of a Swap Agreement. Also, in respect of Receivables transferred by LTSB to Bank of Scotland which are subsequently transferred by Bank of Scotland to the Receivables Trustee, Bank of Scotland (as Servicer) has delegated to LTSB the servicing and administration of such Receivables in accordance with the terms of the RTDSA.

In addition, subject to the satisfaction of certain conditions as set out in this Base Prospectus, Bank of Scotland may designate any member of the Lloyds Banking Group as an Additional Transferor in accordance with the provisions set out in the RSD. As at the date of this Base Prospectus, no such Additional Transferor has been designated. At the time when such Additional Transferor accedes to the RSD, information in relation to such Additional Transferor and Receivables originated or acquired by such Additional Transferor will be disclosed to the investors. (See "*The Penarth Receivables Trust*")

Except as described in the preceding paragraph, there are no other affiliations or relationships or related transactions under the Programme.

LLOYDS TSB BANK PLC

Lloyds TSB Bank plc ("**Lloyds TSB Bank**") was incorporated in England and Wales on 20 April 1865 (registration number 2065). Lloyds TSB Bank's registered office is at 25 Gresham Street, London EC2V 7HN. Lloyds TSB Bank is authorised and regulated by the Financial Services Authority.

Overview

The businesses of Lloyds Banking Group are in or owned by Lloyds TSB Bank. Lloyds Banking Group is a leading UK-based financial services group providing a wide range of banking and financial services, primarily in the UK to personal and corporate customers.

Lloyds Bank plc was incorporated in 1865 and has undertaken a number of mergers and acquisitions, including, in 1995, the merger with TSB Group plc and the acquisition of Cheltenham & Gloucester Building Society and, in 2000, the acquisition of Scottish Widows.

On 18 September 2008, with the support of the UK Government, the boards of Lloyds TSB Group plc and HBOS plc announced that they had reached agreement on the terms of a recommended acquisition by Lloyds TSB Group plc of HBOS plc. The shareholders of Lloyds TSB Group plc approved the acquisition at the company's general meeting on 19 November 2008. On 16 January 2009 the acquisition was completed and Lloyds TSB Group plc changed its name to Lloyds Banking Group plc.

Pursuant to two placing and open offers which were completed by Lloyds Banking Group plc in January and June 2009 and a rights issue completed in December 2009, the UK Government acquired 43.4 per cent. of the issued ordinary share capital of Lloyds Banking Group plc. Following further issues of ordinary shares, the UK Government's holding has been reduced to approximately 40.6 per cent.

On 1 January 2010, Lloyds Banking Group plc transferred its holding in HBOS plc to Lloyds TSB Bank (the "**Group Reorganisation**"). As a result of the Group Reorganisation, Lloyds TSB Bank has become the immediate parent of HBOS plc. Lloyds Banking Group plc continues to own Lloyds TSB Bank directly but, as a result of the Group Reorganisation, owns HBOS plc indirectly, as Lloyds TSB Bank is the immediate parent of HBOS plc.

The short term senior unsecured and unguaranteed obligations of Lloyds TSB Bank are as at the date of this Base Prospectus rated P-1 by Moody's, A-1 by S&P and F1+ by Fitch and the long-term senior, unsecured and unguaranteed obligations of Lloyds TSB Bank are as at the date of this supplement rated Aa3 by Moody's, A+ by S&P and AA- by Fitch.

Business and activities

Lloyds Banking Group's activities are organised into four segments: Retail; Wholesale; Wealth and International; and Insurance.

Retail

Retail is the largest retail bank in the UK and the leading provider of current accounts, savings, personal loans, credit cards and mortgages. With its strong stable of brands including Lloyds TSB, Halifax, Bank of Scotland, Birmingham Midshires and Cheltenham & Gloucester, at 31 December 2009 Retail served over 30 million customers through one of the largest branch and fee free ATM networks in the UK.

Wholesale

The Wholesale division serves in excess of a million businesses, ranging from start-ups and small enterprises to global corporations, with a range of propositions fully segmented according to customer need. The division comprises of Corporate Markets, Treasury and Trading and Asset Finance.

Wealth and International

The Wealth business comprises private banking, wealth and asset management business in the UK and overseas. The International business comprises the Lloyds Banking Group's other international banking businesses outside the UK, with the exception of corporate business in North America which is managed through the Lloyds Banking Group's Wholesale division. These largely comprise corporate, commercial

and asset finance businesses in Australia, Ireland and Continental Europe and retail businesses in Germany and the Netherlands.

Insurance

The Insurance division offers life assurance, pensions, investment products and general insurance.

Lloyds Banking Group Capital Restructuring

On 3 November 2009 Lloyds Banking Group announced proposals intended to meet its current and long term capital requirements including the Rights Issue and two separate Exchange Offers. The Proposals, which were fully underwritten, were approved by shareholders on 26 November 2009. The Rights Issue, which raised £13.5 billion (£13 billion net of the expenses of the Proposals) was completed on 14 December 2009 with 95.3 per cent. of shares placed with shareholders. The remaining 4.7 per cent. rump was placed with investors and settled on 17 December 2009. The Exchange Offers were substantially completed during December 2009 and generated approximately £7.5 billion in nominal value of contingent core tier 1 capital at that time.

State Funding and State Aid

The Lloyds Banking Group has made a number of undertakings to HM Treasury arising from the capital and funding support, including the provision of additional lending to certain mortgage and business sectors, and other matters relating to corporate governance and staff remuneration. However the commitments in respect of lending are subject to normal prudent commercial lending criteria and pricing, the availability of funding to support such lending and sufficient demand from customers and potential customers.

As part of the European Commission's decision approving state aid to the Lloyds Banking Group, Lloyds Banking Group was required to work with HM Treasury to submit a restructuring plan to the European Commission in the context of a state aid review. The plan was required to contain measures to limit any competition distortions resulting from the state aid received by Lloyds Banking Group. The College of Commissioners announced its formal approval of Lloyds Banking Group's restructuring plan on 18 November 2009.

The restructuring plan consists of the following principal elements: (i) the disposal of a retail banking business with at least 600 branches, a 4.6 per cent. share of the personal current accounts market in the UK and approximately 19 per cent. of Lloyds Banking Group's mortgage assets; (ii) an asset reduction programme to achieve £181 billion reduction in a specified pool of assets by 31 December 2014; and (iii) behavioural commitments, including commitments not to make certain acquisitions for approximately three to four years and not to make discretionary payments of coupons or to exercise voluntary call options on hybrid securities from 31 January 2010 until 31 January 2012, which will prevent Lloyds Banking Group from paying dividends on its ordinary shares for the same duration.

The business referred to in (i) above will need to be disposed of before the end of November 2013 and consists of the TSB brand, the branches, savings accounts and branch-based mortgages of Cheltenham & Gloucester, the branches and branch-based customers of Lloyds TSB Scotland and a related banking licence, additional Lloyds TSB branches in England and Wales, with branch-based customers and Intelligent Finance. The Lloyds Banking Group is working closely with the EU Commission, HM Treasury and the Monitoring Trustee appointed by the EU Commission.

Legal proceedings

Unarranged overdraft charges

In April 2007, the OFT commenced an investigation into the fairness of personal current accounts and unarranged overdraft charges. At the same time, it commenced a market study into wider questions about competition and price transparency in the provision of personal current accounts.

The Supreme Court of the United Kingdom published its judgment in respect of the fairness of unarranged overdraft charges on personal current accounts on 25 November 2009, finding in favour of the litigant banks. On 22 December 2009, the OFT announced that it will not continue its investigation into the fairness of these charges. Lloyds Banking Group is working with the regulators to ensure that

outstanding customer complaints are concluded as quickly as possible and anticipate that most cases in the county courts will be discontinued. Lloyds Banking Group expects that some customers will argue that despite the test case ruling they are entitled to a refund of unarranged overdraft charges on the basis of other legal arguments or challenges. Lloyds Banking Group is robustly defending any such complaints or claims and does not expect any such complaints or claims to have a material effect on Lloyds Banking Group.

The OFT, however, continued to discuss its concerns in relation to the personal current account market with the banks, consumer groups and other organisations under the auspices of its Market Study into personal current accounts. In October 2009, the OFT published voluntary initiatives agreed with the industry and consumer groups to improve transparency of the costs and benefits of personal current accounts and improvements to the switching process. On 16 March 2010 the OFT published a further update announcing several further voluntary industry wide initiatives to improve a customer's ability to control whether they used an unarranged overdraft and to assist those in financial difficulty. However, in light of the progress it noted in the unarranged overdraft market since July 2007 and the progress it expects to see over the next two years, it has decided to take no further action at this time and will review the unarranged overdraft market again in 2012.

Interchange fees

The European Commission has adopted a formal decision finding that an infringement of European Commission competition laws has arisen from arrangements whereby MasterCard issuers charged a uniform fallback interchange fee in respect of cross border transactions in relation to the use of a MasterCard or Maestro branded payment card. The European Commission has required that the fee be reduced to zero for relevant cross-border transactions within the European Economic Area. This decision has been appealed to the General Court of the European Union (the General Court). Lloyds TSB Bank plc and Bank of Scotland plc (along with certain other MasterCard issuers) have successfully applied to intervene in the appeal in support of MasterCard's position that the arrangements for the charging of a uniform fallback interchange fee are compatible with European Commission competition laws. MasterCard has announced that it has reached an understanding with the European Commission on a new methodology for calculating intra European Economic Area multi-lateral interchange fees on an interim basis pending the outcome of the appeal. Meanwhile, the European Commission and the OFT are pursuing investigations with a view to deciding whether arrangements adopted by other payment card schemes for the levying of uniform fallback interchange fees in respect of domestic and/or cross-border payment transactions also infringe European Commission and/or UK competition laws. As part of this initiative the OFT will also intervene in the General Court appeal supporting the European Commission position and Visa reached an agreement with the European Commission to reduce the level of interchange for cross-border debit card transactions to the interim level agreed by MasterCard. The ultimate impact of the investigations on the Lloyds Banking Group can only be known at the conclusion of these investigations and any relevant appeal proceedings.

Payment Protection Insurance

UK Competition Commission

In January 2009, the Competition Commission completed its formal investigation into the supply of PPI services (other than store card PPI) to non-business customers in the UK and published its final report setting out its remedies, including a prohibition on the active sale of PPI by a distributor to a customer within 7 days of the distributor's sale of credit to that customer. Prior to this Lloyds Banking Group had made the commercial decision to sell only regular monthly premium PPI to its personal loan customers. Recently Lloyds Banking Group ceased to offer PPI products to customers, although some existing applications will be honoured for a limited period.

On 16 October 2009, the Competition Appeal Tribunal referred the proposed prohibition back to the Competition Commission. On 14 May 2010 the Competition Commission published its provisional decision retaining in almost all material respects the proposed point of sale prohibition. The Competition Commission's final decision was published on 14 October 2010 confirming the point of sale prohibition.

FSA

On 1 July 2008, the Financial Ombudsman Service referred concerns regarding the handling of PPI complaints to the FSA as an issue of wider implication. Lloyds Banking Group has been working with other industry members and trade associations in preparing an industry response to address regulatory concerns regarding the handling of PPI complaints.

On 29 September 2009, the FSA issued a consultation paper on PPI complaints handling. The FSA has escalated its regulatory activity in relation to past PPI sales generally and proposed new guidance on the fair assessment of a complaint and the calculation of redress and a new rule requiring firms to reassess historically rejected complaints. On 9 March 2010, the FSA issued a further consultation paper on this area, the consultation period for which closed on 22 April 2010 (Lloyds Banking Group responded to this consultation). The FSA's proposals were materially the same, although it placed the new rule requiring firms to reassess historically rejected claims on hold for the present. The FSA published its policy statement on this issue on 10 August 2010, setting out its final provisions. Whilst there have been some minor changes to the FSA's proposals, they are materially the same as those set out in the March 2010 consultation paper. On 8 October 2010, the BBA, the principal trade association for the UK banking and financial services sector, issued an application for permission to seek judicial review against the FSA and the FOS. The BBA is seeking an order quashing the FSA policy statement and an order quashing the decision of the FOS to determine PPI sales in accordance with the guidance published on its website in November 2008. The proceedings are ongoing and the final outcome is unlikely to be known for some time. Although the ultimate impact on Lloyds Banking Group of the FSA's complaints handling proposals (if implemented in full) could be material, the precise effect will only be known once the proceedings have been finally determined and the steps Lloyds Banking Group will be required to take as a result identified and implemented.

The statement on 29 September 2009 also announced that several firms had agreed to carry out reviews of past sales of single premium loan protection insurance. Lloyds Banking Group has agreed in principle that it will undertake a review in relation to sales of single premium loan protection insurance made through its branch network since 1 July 2007. The precise details of the review are still being discussed with the FSA and the ultimate impact on Lloyds Banking Group of any review can only be known at the conclusion of these discussions.

Other Legal Actions

In the ordinary course of its business, the Lloyds Banking Group is engaged in discussions with the FSA in relation to a range of conduct of business matters, especially in relation to retail products including packaged bank accounts, mortgages, structured products and pensions. The Lloyds Banking Group is keen to ensure that any regulatory concerns regarding product governance or contract terms are understood and addressed. The ultimate impact on the Lloyds Banking Group of these discussions can only be known at the conclusion of such discussions.

In addition, during the ordinary course of business the Lloyds Banking Group is subject to other threatened and actual legal proceedings, regulatory investigations, regulatory challenges and enforcement actions both in the UK and overseas. All such material matters are periodically reassessed, with the assistance of external professional advisers where appropriate, to determine the likelihood of the Lloyds Banking Group incurring a liability. In those instances where it is concluded that it is more likely than not that a payment will be made, a provision is established to management's best estimate of the amount required to settle the obligation at the relevant balance sheet date. In some cases, it will not be possible to form a view, either because the facts are unclear or because further time is needed properly to assess the merits of the matter and no provisions are held against such matters. However the Lloyds Banking Group does not currently expect the final outcome of any such case to have a material adverse effect on its financial position.

CREDIT CARD PORTFOLIO

General

The Lloyds Banking Group Credit Card division ("**LBG Credit Card Division**") was formed in August 2009 following the merger for administrative purposes of the HBOS Card Services division (the "**HBOS Credit Card Division**"), and Lloyds TSB Card Services division (the "**LTSB Credit Card Division**"). Although legal ownership of the credit card accounts was unaffected and remains with Bank of Scotland and LTSB, LBG Credit Card Division has responsibility for all Bank of Scotland originated accounts, and all LTSB originated accounts.

Bank of Scotland plc, acting through LBG Credit Card Division, manages its credit card portfolio which, since the merger of Halifax and Bank of Scotland ("**BOS**") in 2001, includes the credit card accounts originated by both Halifax and Bank of Scotland. In addition to credit card accounts originated under the Halifax brand and Bank of Scotland brand, the LBG Credit Card Division, directly and through affiliates, also markets credit cards under various brands and co-brands with third parties through a range of affinity and joint-venture arrangements. Before the merger, Bank of Scotland and Halifax had issued cards using their respective brands for a number of years. As part of its branding strategy Bank of Scotland continues to issue cards using the Halifax and BOS brands depending on the marketing channel and location. In addition, Halifax acquired the credit card business of Bank One in 2000. Bank One had operated in the United Kingdom for approximately two years prior to this acquisition.

In 2004, Bank of Scotland launched the innovative One Card product and increased its credit card portfolio by over one million accounts within the first year of launch and currently has approximately 3.9 million accounts. Currently the LBG Credit Card Division only offers credit card products and services to individuals and businesses in the United Kingdom.

All Bank of Scotland card accounts are either VISA® branded or MasterCard® branded. In 2005, Bank of Scotland signed an exclusive agreement with MasterCard® International and currently all new cards issued by Bank of Scotland are MasterCard® branded and currently over 90 per cent. of the portfolio is branded MasterCard®. VISA® and MasterCard® credit cards are issued as part of the worldwide VISA® and MasterCard® International systems, and transactions creating the Receivables through the use of those credit cards are processed through the VISA® and MasterCard® International authorisation and settlement systems.

Although the LBG Credit Card Division has previously sought to grow its Bank of Scotland credit card portfolio by marketing to diverse segments of the market with different brands, it expects to move towards a more targeted acquisition strategy focusing on existing Bank of Scotland retail customers and a number of direct channels including the internet and direct mail.

Lloyds TSB Bank plc ("**LTSB**"), acting through LBG Credit Card Division, manages its credit card portfolio of accounts originated under the LTSB brand. Before the merger of Lloyds Bank plc and TSB Group plc in 1995 and the acquisition of Cheltenham & Gloucester Building Society in 1995, Lloyds Bank plc, TSB Group plc and Cheltenham & Gloucester Building Society had issued cards using their respective brands for a number of years.

LTSB issues credit cards using the Visa®, MasterCard® and American Express® brands. In 2006, LTSB signed an agreement with MasterCard® International which permitted the conversion of all existing credit cards to the MasterCard® brand and the issuance of future credit card accounts under the MasterCard® brand (save for credit cards issued using the American Express® brand). LTSB has a license agreement with American Express Limited which allows LTSB to issue cards which are American Express® branded and a commercial agreement to do so. American Express®, VISA® and MasterCard® credit cards are issued as part of the worldwide American Express®, VISA® and MasterCard® International systems, and transactions creating the Receivables through the use of those credit cards are processed through the American Express®, VISA® and MasterCard® International authorisation and settlement systems.

In 2007, LTSB launched the Duo Card product, which offers accountholders both a MasterCard® credit card and an American Express® credit card and also has an Airmiles loyalty programme. Airmiles is a loyalty rewards scheme administered by the Mileage Company in the United Kingdom, under which the principal benefits are redeemable points known as "Airmiles". Airmiles points are awarded to customers

based on the level of their credit card spending and may be redeemed in part or in full for airplane tickets or other travel-related offers, such as hotels, holidays or car hire. During the first year of launch, approximately 443,000 new Duo Card accounts were opened. In addition, approximately 172,000 existing customers switched from their existing LTSB product to the Duo Card during the first year of launch.

LTSB has historically focused the majority of its credit card marketing on customers with an existing relationship with LTSB, a strategy which it expects to continue using in the future.

The Receivables included in the Securitised Portfolio, from time to time, will be generated exclusively from card accounts for the Halifax, BOS and LTSB brands held by individuals, and will not include receivables generated from credit card accounts issued through LBG Credit Card Division's affinity or co-brand marketing programmes. As of 30 September 2010, card accounts originated under the Halifax and BOS brands make up approximately 92 per cent. of Bank of Scotland's total credit card portfolio measured by the number of cards in issue and balances. Of this amount, approximately 81 per cent. representing approximately £4.1 billion in outstanding principal balances, are included in the Securitised Portfolio. On 8 November 2010, approximately £2.9 billion of LTSB principal receivables were added to the Securitised Portfolio, representing approximately 57 per cent. of LTSB's total credit card portfolio. Notwithstanding the foregoing, additional accounts selected in the future may include Eligible Accounts originated after the date of this Base Prospectus that are selected using eligibility criteria different from those used in selecting the Designated Accounts in respect of the Programme as at 26 September 2008. See "*The Receivables — Assignment of Receivables to the Receivables Trustee*".

Integration process

Following the acquisition of HBOS plc by LTSB, the credit card accounts owned by BOS and those owned by LTSB are undergoing an integration process whereby, *inter alia*, new BOS accounts originated through branch network and telephone services will be acquired on the LTSB platform from July 2011. Existing BOS accounts and accounts originated through all other channels will remain on the BOS platform, and a decision as to whether and when these accounts will be migrated to the LTSB platform will be made as part of the integration planning process. Harmonisation of the existing origination and underwriting policies, collection procedures, repayment plans and pricing parameters are expected to take place in a measured fashion during this integration process. As part of the integration process, certain existing outsourcing arrangements of HBOS plc and/or LTSB may be subject to changes or termination. Although both HBOS plc and LTSB have undertaken cards integration process previously, there is no certainty that the migration process and the harmonisation will complete within the above mentioned timelines or achieve the intended objectives.

The Core LBG Credit Card Division is primarily based in Cardiff, Wales and London, England and has in excess of 500 employees, with over 5,000 employees engaged in credit card activities across Lloyds Banking Group operating from a number of sites (including some sites shared with other Lloyds Banking Group units) in the United Kingdom including:

Belfast, Bridgend, Cardiff Gate, Dundee & Glasgow	Direct Channels (Sales & Service)
Basildon	Information Technology, Customer Services, Payment Processing
Cardiff Bay & London	Marketing, Account Management, Head Sales Office, Information Technology, Finance, Human Resource, Strategy, Risk, Commercial Partnerships and Business Design & Integration
Chester, Hove, Mumbai & Bangalore	Collections
Crawley & Copley	Statement Production
Dunfermline	Fraud, Customer Services, Cards Scheme Management, Information Technology and Vendor Management

Dundee	Direct Channels (Sales & Service)
Fareham	Card Production (outsourced to Gemalto and OCS see below)
Leeds	Direct Channels (Sales & Service), Credit Underwriting
Rosyth	Direct Channels (Sales & Service) and Recoveries
Chester	Credit Underwriting

Account Origination

The Halifax, BOS and LTSB retail branch networks (together, the "**LBG retail branch network**") continues to be the largest channel of acquisition for cards where Bank of Scotland originates approximately 52 per cent. of new Bank of Scotland card accounts and LTSB originates approximately 83 per cent. of new LTSB card accounts. A large amount of new Bank of Scotland and LTSB credit card accounts are also generated with individuals who have other pre-existing relationships with the Lloyds Banking Group retail branch network, for example customers that have a mortgage with Bank of Scotland or LTSB but no existing branch relationship. These non-branch customers are solicited through a wide range of channels including inbound retail call centres, direct mail solicitation campaigns and outbound telemarketing initiatives. Currently, approximately 80 per cent. of Bank of Scotland's total credit card portfolio measured by the number of cards in issue and balances are held by individuals that have an existing Bank of Scotland customer relationship, and approximately 97 per cent. of LTSB's total credit card portfolio measured by the number of cards in issue and balances are held by individuals that have an existing LTSB customer relationship. In relation to generating Bank of Scotland and LTSB card accounts with individuals that have no existing relationship with Bank of Scotland or LTSB, the principal channels of origination are internet recruitment, mass media advertising and direct mail campaigns. LBG Credit Card Division (through its relationship with external credit bureaus such as Call Credit, Experian and Equifax described below) pre-screens outbound telemarketing and mailing lists to prevent solicitations being sent to prospective accountholders who have significant adverse credit bureau information.

Bank of Scotland card applications are the same across all channels (with a shortened application for pre-approved applications for existing BOS customers) and consistent with the format generally used by bank credit card issuers in the United Kingdom which require prospective cardholders to provide information on, among other things, the applicant's income, employment status and residence. LTSB card applications are also the same across all channels (with shortened application for pre-approved applications for existing LTSB customers) and consistent with the format generally used by bank credit card issuers in the United Kingdom which require prospective cardholders to provide information on, among other things, the applicant's income, employment status and residence. Depending on the channel of origination, applicants can complete the application on site at branches, send a completed application by mail, input their data on-line or give their information to a customer services operator who will input the data directly into an electronic application.

All applications are screened for credit-worthiness through system-based checking involving automated scoring systems (described below) and external verifications supported by LBG Credit Card Division's underwriting staff. Currently, the system-based checking used to process all Bank of Scotland application approvals are provided by Experian plc ("**Experian**"). The Experian software which enables the automated scoring of applications made by existing Bank of Scotland customers through the Bank of Scotland branch network or its retail or regional call centres is called CEMS. The Experian software used in connection with the automated scoring of Bank of Scotland applications made through direct mailings, the internet or outbound telemarketing is SCEMS. In addition to providing automated scoring for Bank of Scotland applications, Experian accesses external credit bureau data as part of the automated system-based application process including the provision of the Consumer Indebtedness Index®. The system-based checking used to process all LTSB application approvals are in-house developed systems. For LTSB applications through the LTSB branch network or its retail or regional call centres, the system is called Your Finances. The software which enables the automated scoring of LTSB applications made

through direct mailings and the internet is called Acquire. Both Your Finances and Acquire access external credit bureau data provided by Experian and Call Credit. LBG Credit Card Division uses its own customer data for all origination channels, where available. In addition, as part of the automated system-based checking, application details are screened through a wide variety of other data bases, including Equifax and Hunter, to comply with money laundering verifications and detect fraudulent applications. LBG Credit Card Division also utilise an internal suspect database. Bank of Scotland and LTSB believe that, should Experian cease to provide application processing services to LBG Credit Card Division, they will be able to contract for comparable services from another qualified entity.

Although LBG Credit Card Division uses an automated credit scoring system as described above, LBG Credit Card Division (together with Experian) develops the scorecards used as part of the system based application process. Scorecards used in the account origination and approval process provide an indication of an applicant's likelihood to repay his or her obligations and are derived using a combination of factors including Bank of Scotland or LTSB account history (in the case of applicants with an existing Bank of Scotland or LTSB customer relationship, as applicable), annual income, time at and place of residence, current employment and credit bureau data. Furthermore, LBG Credit Card Division determines the credit score that is required for acceptance of a particular application from time to time. The credit score that is required for acceptance of a particular application is based on a variety of factors, including the product applied for and Bank of Scotland's or LTSB's (as applicable) risk tolerance pertaining to the product at the time of scoring. The risk tolerance may be adjusted based on factors such as economic conditions, profitability, campaign objectives, competition and the analysis of historical data.

Approximately 10 to 15 per cent. of applications that are not approved nor declined through the automated system-based checking are referred to LBG Credit Card Division's underwriting staff for manual review. The majority of these referrals result from compliance checking for money laundering or related checks.

An applicant whose application is approved is assigned an initial credit limit based on the applicant's credit score, income level and indebtedness. For applicants that are disapproved, a customer appeals process is available but only a very small percentage of such system based decisions are overturned.

All Bank of Scotland direct mail applications are electronically scanned at BancTec and images of these applications are then available from a system called Retriever for a period of six years after the account has been closed to comply with the Data Protection Act. LTSB direct mail applications are electronically scanned at the Lloyds Banking Group operations centre in Andover and images of these applications are then available on a system called Acquire for six years after the account has been closed to comply with the Data Protection Act. The original paper copies are also stored at the Maltings in Cardiff for Bank of Scotland applications, and Iron Mountain in Southend for LTSB applications. Application data is also stored on Bank of Scotland's business intelligence system (BI) or LTSB's business intelligence system (GrID) (as applicable).

Account Use and Maintenance

Cardholders may use their cards for purchases, cash advances and to finance balance transfers. Purchases occur when cardholders use their cards to acquire goods or services. Cash advances occur when cardholders use their cards to obtain cash from a financial institution or ATM. Balance transfers occur when a customer arranges (either by telephone, completion of a coupon, or as part of his or her original application) to transfer the balance of another credit or store-card or to consolidate his or her overdraft to his or her credit card. Amounts due with respect to purchases, cash advances and balance transfers will be included in the Receivables offered to the Receivables Trustee under the Receivables securitisation agreement.

LBG Credit Card Division manages the credit card portfolios of Bank of Scotland and LTSB with the goal of delivering agreed levels of return and maximising profitability. This is done by splitting classes of applicants into different segments based on profitability and risk. The division has a strong focus on profitability and all new products and marketing initiatives have to be evaluated using specified models (called net present value models) and must meet minimum profitability targets. Credit limits are both increased and decreased systematically based on the continuing evaluation of accountholders' credit behaviour and suitability. Credit limits may be adjusted at the request of the accountholder, subject to continuous evaluation of credit behaviour and suitability. In addition, Bank of Scotland and LTSB may

also adjust the account's credit limit either upwards or downwards automatically based on updated behaviour scores and the performance of the account.

Each account holder is subject to an agreement governing the terms and conditions of his or her account. Each agreement provides that Bank of Scotland or LTSB (as applicable), if it gives advance notice to the account holder, may, at any time, change or terminate any terms, conditions, services or features of the account (including increasing or decreasing periodic finance charges, other charges or minimum payments). Each of Bank of Scotland and LTSB regularly reviews its card agreement forms to determine their compliance with applicable law and the suitability of their terms and conditions. If they need to be updated or amended, this will be done on a timetable consistent with the existing terms and conditions and, where relevant, regulatory requirements.

Bank of Scotland and LTSB continue to monitor fraud via a system known as FALCON, which monitors real time credit card transactional activity and scores each transaction according to potential fraud risk, and continuously evaluates account holders' credit behaviour and suitability through TRIAD, an account management system. Both TRIAD and FALCON are maintained by the Fair Isaacs Company, an independent firm experienced in developing credit scoring models.

Processing & Account Management

LBG Credit Card Division, through its management systems (including Base 2000 for Bank of Scotland and First Vision for LTSB), provides certain processing services at various sites, including but not limited to:

- maintenance of account holder data and account holder transaction management;
- transmission of cardholder data to the group's appointed card suppliers and statement printers; and
- interface to the payment schemes (VISA®, MasterCard® and American Express®) enabling the daily processing of authorisations and settlement.

Certain processing services in respect of LTSB credit card accounts on the First Vision management system are outsourced to First Data, a provider of payment processing services.

The settlement processes have links to VISA®, MasterCard® and American Express® to enable cardholder transactions to be transferred. For Bank of Scotland accounts on the Base 2000 management system, transactions using credit cards are settled directly by Bank of Scotland with Visa® or MasterCard® International (as applicable). For LTSB accounts on the First Vision management system, transactions using credit cards are settled by First Data with Visa®, MasterCard® or American Express® (as applicable) on behalf of LTSB, before being settled by LTSB with First Data.

Contingency plans are in place to minimise delays in processing and recovery of all customer and transactional information and the replacement of the services that LBG Credit Card Division currently provides should any of its operations fail. LBG Credit Card Division has contingency sites in Cardiff, Bristol and Livingston.

Card Production

LBG Credit Card Division contracts with two third-party suppliers, Gemalto and OCS, for certain card production services. Both Gemalto and OCS are leading providers of microprocessor and multi-application smart cards in the United Kingdom and has contingency sites around the UK with a 24-hour turnaround timeframe.

Gemalto and OCS provide LBG Credit Card Division with services including, but not limited to:

- receipt of daily transmissions containing cardholder data relating to new cards, replacement cards and re-issue cards;
- magnetic stripe, embedding, chip encoding and despatching;
- plastic card personalised embossing;

- matching of plastics to card carriers and insertion of relevant inserts; and
- secure preparation of cards mail packages.

Statement Printing

Monthly statement data with respect to each account holder is produced by LBG Credit Card Division, through Base 2000 (for Bank of Scotland accounts) and First Vision (for LTSB accounts). Statements are printed at Copley (for Bank of Scotland accounts) and at Crawley (for LTSB accounts) and dispatched to accountholders. Each statement contains details of transactions on the account that have occurred since the previous statement date. The statement may also contain details of other products within the Bank of Scotland or LTSB brands and other partner products that may be of interest to the accountholder, together with details of any proposed changes to terms and conditions, subject to relevant notice periods.

Billing and Payment

Most credit card agreements issued by Bank of Scotland or LTSB contain terms that allow cardholders to make purchases free of interest for up to 59 days. For the majority of products, this means that if the balance is paid in full by the due date noted on the customer statement (this is generally 25 days from the date of the statement), finance charges will not be incurred. Balance transfers are eligible for a similar interest free period, although customers may be required to pay a fee. Cash advances are not eligible for interest free periods, and, as such, no interest waivers are allowed.

Although repayment rates vary across products, currently the majority of Bank of Scotland cardholders must make a monthly payment of at least an amount equal to the greater of (i) the finance charges (interest), fees and any insurance premiums plus £5 or (ii) 1 per cent. of the balance. For the majority of LTSB cardholders currently the monthly payment must represent an amount equal to the greater of (i) the finance charges (interest), fees and any insurance premiums plus 0.5 per cent. of the balance or (ii) 2 per cent of the balance. Various charges and fees are assessed on card accounts in accordance with the terms and conditions of the product held. The key fees include finance charges, cash advance handling fees, late payment fees, returned payment fees, over-limit fees, balance transfer fees, foreign exchange fees and insurance premiums.

Finance charges on purchases, cash advances and balance transfers are calculated by multiplying the account's average daily balance by the applicable daily interest rate, and multiplying the result by the number of days in the billing cycle. Finance charges are calculated from the date transactions are posted, except for cash advances where finance charges are usually calculated from the date the transaction is debited to the relevant account. Finance charges are assessed monthly and are posted to the customer's account, subject to terms and conditions relating to interest-free periods and interest waivers.

The interest rates on Bank of Scotland and LTSB credit card accounts may be changed by Bank of Scotland or LTSB (as applicable) and are not currently linked to any index. At the moment, the standard annual percentage rate of charge for purchases on accounts ranges from 9.99 to 29.9 per cent. (excluding introductory offers). Bank of Scotland and LTSB may sometimes offer temporary promotional rates. Bank of Scotland and LTSB also offer activation programs and other incentives.

Payment Processing

Bank of Scotland and LTSB customers are able to make payments through a variety of methods including: at any branch office, via the post, telephone/internet banking and direct debit.

Delinquency and Loss Experience

Both Bank of Scotland and LTSB consider an account to be contractually delinquent at 1 day past due, if the payment is still outstanding 5 days after the due date, it will enter (the collections system, which for Bank of Scotland is CACS and for LTSB is Debt Manager) and start receiving actions. An account is assigned a risk band through TRIAD (collections decision engine) based on several criteria including a behaviour score. Treatments for these accounts will then be determined based on the TRIAD risk segmentation. Standard treatments for early cycle accounts include:

- statement message;

- letters; and
- telephone calls.

These actions are timed based on the risk segmentation driven by TRIAD, and include, on low risk accounts, hold periods where it is considered the account will self-cure. Telephony action is split between:

- LBG Credit Card Division in-house predictive dialler;
- Adepra, who supplies an automated dialling system used on early cycle accounts which, for customers who wish to speak with a LBG Credit Card Division member of staff, provides an option to be transferred to a staff member; and
- Agilisys, which is an outsource company that contacts early cycle accounts on behalf of LBG Credit Card Division.

As an account increases in delinquency alternative contact channels are used along side the early cycle treatments with the intention of driving inbound contacts. These treatments include:

- SMS messages;
- contact cards; and
- door knocking.

Additionally, where terms and conditions allow, Bank of Scotland or LTSB (as applicable) may choose to exercise its right of set-off ("**ROSO**") and transfer savings or current account funds to clear credit card arrears. For LTSB, ROSO previously included offsetting arrears against agreed overdraft facilities, but this practice was discontinued in August 2010 and currently arrears can only be set off if the customer has enough funds in his account to permit set-off without bringing such account into overdraft.

There is also a re-age process where an account holding at cycle or rolling back for 3 consecutive months will have its arrears cleared, although the balance remains unaltered.

Authorisation strategies and limit decrease strategies will be taken by the account management team to determine new credit limits and whether the card should be blocked.

At 180 days past due accounts are automatically charged off to recoveries with certain exceptions such as outstanding insurance claims. In certain scenarios accounts will also be charged off early. Such scenarios include confirmed bankruptcy, individual voluntary arrangements and deceased customers. At this stage accounts which hold a balance of less than £100 will be written off and closed.

Bank of Scotland and LTSB may provide a repayment plan for customers experiencing financial difficulties ("**Repayment Plan**"). The Repayment Plan is a concessionary arrangement where a payment of less than the contractual amount may be accepted, charges suspended and interest charged at a reduced rate. Both Bank of Scotland and LTSB set certain criteria for entry into a 12 month formal Repayment Plan. Accounts which do not meet these criteria will still benefit from reduced payments and interest and suspended charges for 3 months; however, they remain in aged debt and roll against contractual minimum payment. At the beginning of a formal Repayment Plan the account will be re-aged and after the 12 months will be up to date and subject to normal contractual obligations. The criteria for entry to a formal Repayment Plan are:

- a validated common financial statement must be received;
- an offer of payment must be the greater of 1 per cent. of balance or £10 for Bank of Scotland, and the greater of 0.6% of balance or £10 for LTSB;
- only two repayment plans will be permitted in a 5 year period with a 12 month gap between individual plans; and

- if a payment is missed the customer will have 30 days to redress the arrears before the arrangement is cancelled.

RECEIVABLE YIELD CONSIDERATIONS

Each Prospectus Supplement/Final Terms issued in connection with the issuance of a Note Series will contain a table setting forth the gross revenues from finance charges and fees billed to Accounts in the Bank Portfolio for each of the periods shown (the "**Bank Portfolio Yield Table**").

The historical yield figures in the Bank Portfolio Yield Table will be calculated on an accruals basis. Collections of Receivables included in the Penarth Receivables Trust will be on a cash basis and may not reflect the historical yield experience in the Bank Portfolio Yield Table. During periods of increasing delinquencies or periodic payment deferral programmes, accrual yields may exceed cash amounts accrued and billed to Obligor. Conversely, as delinquencies decrease, cash yields may exceed accrual yields as amounts collected in a current period may include amounts accrued during prior periods. However, the Transferor believes that during the periods referred to in the Bank Portfolio Yield Table in the relevant Prospectus Supplement/Final Terms, the yield on an accrual basis closely approximates the yield on a cash basis. The yield on both an accrual and a cash basis will be affected by numerous factors, including the monthly Periodic Finance Charges on the Receivables, the amount of Annual Fees (if any) and other fees, changes in the delinquency rate on the Receivables and the percentage of Obligor who pay their balances in full each month and do not incur monthly Periodic Finance Charges.

The revenue for the Bank Portfolio of credit card accounts shown in the Bank Portfolio Yield Table will comprise of monthly Periodic Finance Charges, credit card fees and Interchange. These revenues vary for each account based on the type and volume of activity for each account (see "*Credit Card Portfolio*").

MATURITY ASSUMPTIONS

The De-Linked Supplement provides that Loan Note Issuer No.1 will receive distributions of Principal Collections in respect of the Funding 1 Investor Interest on a Transfer Date when the Principal Amortisation Amount or Controlled Deposit Amount in respect of any Loan Note is greater than zero or when the Targeted Pre-Funding Amount is greater than zero. The aggregate amount of the targeted distribution of principal in such circumstances is referred to as the "**Targeted Principal Amount**". Principal Collections distributed to Loan Note Issuer No.1 will be utilised in respect of the Loan Notes in accordance with the priority of payments applicable to the Loan Note Issuer No.1 available principal amount.

If the Targeted Principal Amount is greater than zero, then on each Transfer Date prior to the payment of the Funding 1 Investor Interest in full, an amount equal to the Monthly Principal Amount will be deposited in the principal ledger of the Loan Note Issuer No.1 Distribution Account in accordance with the priority of payments applicable to the Loan Note Issuer No.1 available principal amount until the Targeted Principal Amount is reduced to zero. Although it is anticipated that Principal Collections will be available on each Transfer Date to make a deposit of the applicable amounts to Loan Note Issuer No.1 in respect of Loan Notes in an Accumulation Period (other than for pre-funding) to allow repayment of such Loan Notes on the Scheduled Redemption Date for each such Loan Note, no assurance can be given in this regard. If the amount required to pay the relevant Loan Note in full on its Scheduled Redemption Date is not available, then an Early Redemption Event will occur for that Loan Note and the Rapid Amortisation Period for that Loan Note will commence.

If a Pay Out Event or an Early Redemption Event occurs during the Accumulation Period for a Loan Note, the Regulated Amortisation Period or the Rapid Amortisation Period will commence and any amount on deposit in the Principal Funding Account Ledger for that Loan Note will be paid to Loan Note Issuer No.1 on the first Transfer Date relating to the Regulated Amortisation Period or the Rapid Amortisation Period for that Loan Note. In addition, to the extent that the Initial Principal Amount of that Loan Note has not been paid in full, Loan Note Issuer No.1 will be entitled to monthly distributions of Principal Collections equal to the Targeted Principal Amount (which will include the amount required for the relevant Loan Note) until, among other things, the Initial Principal Amount of that Loan Note has been paid in full or until the termination date. A Pay Out Event occurs, either automatically or after specified notice, upon the occurrence of a Trust Pay Out Event or a Funding 1 Pay Out Event (see "*The Penarth Receivables Trust — Trust Pay Out Events*" and "*Sources of Funds to Pay the Loan Notes*"). An Early Redemption Event occurs either automatically or after specified notice (see "*The Loan Notes — Early Redemption Events*").

Each Prospectus Supplement/Final Terms will contain a table presenting the highest and lowest cardholder monthly payment rates for the Bank Portfolio during any month in the periods shown and the average cardholder monthly payment rates for all months during the periods shown, in each case calculated as a percentage of total opening monthly account balances during the periods shown (the "**Cardholder Monthly Payments Rates Bank Portfolio Table**"). Payment rates shown in the Cardholder Monthly Payments Rates Bank Portfolio Table are based on amounts which would be deemed payments of Principal Receivables and Finance Charge Receivables with respect to the related Accounts.

Generally, Obligors must make a monthly minimum payment on the account of a certain percentage of the statement balance. There can be no assurance that the monthly payment rates by Obligors in the future will be similar to the historical experience as set out in the relevant Prospectus Supplement/Final Terms. In addition, the amount of Collections may vary from month to month due to seasonal variations, general economic conditions and payment habits of individual Obligors. There can be no assurance that the payment rates of the Principal Receivables with respect to the Securitised Portfolio will be similar to the historical experience presented in the relevant Prospectus Supplement/Final Terms or that sufficient amounts will be available for deposit into the Principal Funding Account Ledger in respect of each Loan Note or the principal ledger, in each case, maintained for such Loan Note. If a Pay Out Event or an Early Redemption Event occurs, the average life and maturity of the notes of any Note Series could be significantly reduced.

In the case of a Note Series backed by a Loan Note with an Accumulation Period, because there may be a slowdown in the payment rate below the payment rates used to determine the accumulation amount or a Pay Out Event or an Early Redemption Event may occur which would initiate the Regulated Amortisation Period or the Rapid Amortisation Period in respect of such Loan Note, there can be no assurance that the

actual number of months elapsed from the date of issuance of the notes to the final Distribution Date relating thereto will equal the expected number of months. As described above, the Servicer may shorten the Accumulation Period and, in such event, there can be no assurance that there will be sufficient time to accumulate all amounts necessary to pay the relevant amounts on the Scheduled Redemption Date for each such Loan Note.

THE RECEIVABLES TRUSTEE

The Receivables Trustee was incorporated in Jersey on 1 August 2008 with company number 101458 as a private company with limited liability under the Companies (Jersey) Law 1991, as amended (which is also the relevant primary legislation under which the Receivables Trustee operates). The registered office of the Receivables Trustee is located at 47 Esplanade, St Helier, Jersey JE1 0BD.

The entire issued share capital of the Receivables Trustee is held by Structured Finance Management Offshore Limited, a company incorporated in Jersey and having its registered office at 47 Esplanade, St Helier, Jersey JE1 0BD (acting solely in its capacity as trustee of The Penarth Charitable Trust) (in such capacity the "**Jersey Share Trustee**") under the terms of a declaration of trust (the "**Jersey Share Declaration of Trust**") made by the Jersey Share Trustee on 30 July 2008 (and as subsequently amended). The Jersey Share Declaration of Trust provides that any income or capital held by the Jersey Share Trustee subject thereto is to be applied to or for the benefit of various institutions established for charitable purposes.

The principal activities of the Receivables Trustee are to undertake and perform the office and duty of the Receivables Trustee as described in the RSD, the RTDSA, each Supplement and all documents incidental to those documents. Such duties include acting as trustee of the Receivables Trust, purchasing and accepting transfers of the Receivables from the Transferor and entering into documents incidental to or relating to those activities. The memorandum and articles of association of the Receivables Trustee may be inspected at the registered office of the Receivables Trustee and at the offices of Clifford Chance LLP at 10 Upper Bank Street, London E14 5JJ, United Kingdom.

Directors and secretary

The directors of the Receivables Trustee and their respective business addresses and other principal activities are:

<u>Name</u>	<u>Nationality</u>	<u>Business Address</u>	<u>Principal Activities</u>
Peter John Richardson	British	47 Esplanade, St Helier, Jersey JE1 0BD	Director
Elizabeth Ann Mills	British	47 Esplanade, St Helier, Jersey JE1 0BD	Director
Jeremy Bradley	British	33 Old Broad Street, London EC2N 1HZ	Director of Bank of Scotland

The Receivables Trustee is organised as a special purpose vehicle and is largely passive, engaging only in the types of transactions described in this Base Prospectus. The Receivables Trustee is managed and controlled by its directors in Jersey; however, it is expected that it will require only a small amount of active management.

Peter John Richardson and Elizabeth Ann Mills are also directors of Structured Finance Management Offshore Limited, Penarth Funding 1 Limited and Penarth Funding 2 Limited. Fees are payable to Structured Finance Management Offshore Limited pursuant to and in accordance with the terms of the RT Corporate Services Agreement defined below. The Receivables Trustee is aware that the payment of such fees and the appointments of such directors may result in potential conflicts of interests between the duties owed to it and the private interests of its board of directors.

Jeremy Bradley is also a director of Loan Note Issuer No.1, Loan Note Issuer No.2 and the Issuer and is a Director of Bank of Scotland. The Receivables Trustee is aware that the appointment of Jeremy Bradley may result in potential conflicts of interests between the duties owed to it and the private interests of its board of directors. Each director is responsible for advising the board of directors in advance of any potential conflicts of interest.

In accordance with a corporate services agreement dated 16 October 2008 (the "**RT Corporate Services Agreement**"), Structured Finance Management Offshore Limited, incorporated under the laws of Jersey and having its registered office at 47 Esplanade, St Helier, Jersey JE1 0BD, provides the Receivables Trustee with general secretarial, registrar and company administration services. The fees of Structured

Finance Management Offshore Limited for providing such services are included in the Trustees Fees (see "*The Penarth Receivables Trust — Trustee payment amount*").

The secretary of the Receivables Trustee is Structured Finance Management Offshore Limited whose registered office is at 47 Esplanade, St Helier, Jersey JE1 0BD.

Structured Finance Management Offshore Limited is a private limited company which was incorporated in Jersey, Channel Islands with registered number 83135. Structured Finance Management Offshore Limited undertakes diversified offshore trust administration services and is regulated by the Jersey Financial Services Commission under the Financial Services (Jersey) Law 1998, as amended, for the purpose of carrying on trust company business.

Management and principal activities

The Receivables Trustee has been established specifically to act as trustee of the Penarth Receivables Trust. Its activities are restricted by the terms of the Penarth Receivables Trust as set out in the RTDSA, related Supplements and other Related Documents, and is limited to its trusteeship thereof, and transfer to it (pursuant to any Offers made to it by the Transferor) of Receivables and, under trusts relating thereto, the exercise of related rights and powers and other activities incidental thereto.

Pursuant to the RTDSA, the Servicer will undertake to collect monies relating to the Receivables, to administer the Designated Accounts and monies received in respect of them and to provide services in connection with the day-to-day management and administration of the business of the Penarth Receivables Trust, such as the preparation of Accounts and regulatory returns.

The Receivables Trustee will engage in the following activities:

- (a) those incidental to the declaration of the Penarth Receivables Trust and the transfer to it of the Receivables;
- (b) obtaining the relevant licence under the Consumer Credit Act 1974, as amended by the Consumer Credit Act 2006;
- (c) the authorisation and execution of the documents to which it is a party in order to establish the Penarth Receivables Trust;
- (d) acting as Receivables Trustee in respect of the Penarth Receivables Trust;
- (e) the authorisation and execution of the documents to which it is a party in order to create Trust Series within the Penarth Receivables Trust;
- (f) the authorisation and execution of the documents to which it is a party in order to create Trust Series within the Penarth Receivables Trust; and
- (g) the authorisation of the documents referred to in this Base Prospectus to which it is party other than those documents executed in connection with the declaration of the Penarth Receivables Trust, the creation of future Trust Series or the creation of previous Trust Series within the Penarth Receivables Trust.

Under the terms of the RTDSA, the Receivables Trustee covenants in favour of the beneficiaries that it will not, without the prior written consent of each of the beneficiaries:

- (a) carry on any business other than as trustee of the Penarth Receivables Trust and in respect of that business shall not engage in any activity or do anything whatsoever except:
 - (i) hold, and exercise its rights in respect of, the trust property and perform its obligations in respect of the trust property;
 - (ii) preserve and/or exercise and/or enforce any of its rights and perform and observe its obligations under the RTDSA, the RSD, the Master Framework Agreement among the Receivables Trustee, Bank of Scotland (in its capacities as Transferor, Transferor Beneficiary and Servicer), Loan Note Issuer No.1, Loan Note Issuer No.2 and the

Security Trustee (the "**Master Framework Agreement**"), each Supplement and each other document executed in connection with a Contribution including any documents executed in connection with Related Debt, any mandate and other agreement relating to a trust account or a bank account in respect of which the Receivables Trustee has a beneficial interest, the trust section 75 indemnity, and any other document contemplated by and executed in connection with any of the preceding documents (together the "**Relevant Documents**");

- (iii) pay dividends or make other distributions to the extent required by applicable law;
 - (iv) use, invest or dispose of any of its property or assets in the manner provided in or contemplated by the Relevant Documents to which it is expressed to be a party; or
 - (v) perform any and all acts incidental to or otherwise necessary in connection with (i), (ii), (iii) or (iv) above;
- (b) incur any Indebtedness whatsoever (other than as expressly contemplated in the RTDSA or any Supplement) or give any guarantee or indemnity in respect of any Indebtedness;
 - (c) create any mortgage, charge, pledge, lien or other encumbrance securing any obligation of any person or other type of preferential arrangement having similar effect, over any of its assets, or use, invest, sell or otherwise dispose of any part of its assets (including any uncalled capital) or undertaking, present or future, other than as expressly contemplated by the Relevant Documents to which it is expressed to be a party;
 - (d) permit the validity or effectiveness of the Penarth Receivables Trust to be supplemented, amended, varied, terminated, postponed or discharged (other than as expressly contemplated in the RTDSA or in any Supplement);
 - (e) have an interest in any bank account other than a trust account and its own bank account in Jersey opened for the purpose of receiving and making payments to be made otherwise than in its capacity as Receivables Trustee (including making payments of Servicing Fee to the Servicer);
 - (f) enter into any contracts in the United Kingdom;
 - (g) maintain a branch registration in the United Kingdom;
 - (h) maintain or carry on any business through any office, establishment, branch, agency or permanent establishment in the United Kingdom for United Kingdom tax purposes; or
 - (i) have any employees or premises (other than a sufficient number of employees or premises in light of its contemplated business operations).

Under the terms of the RTDSA, the Receivables Trustee has also made covenants in favour of the beneficiaries that it shall:

- (a) maintain all licences, authorisations and covenants and do all other things necessary to ensure its continued corporate existence and carry out its obligations under the Relevant Documents to which it is a party; and
- (b) take all steps necessary to ensure that it is not a financial services company or a utility company for the purposes of the Income Tax (Jersey) Law 1961, as amended.

In accordance with a Jersey Bank Account Operating Agreement, Structured Finance Management Offshore Limited, a company incorporated under the laws of Jersey and having its registered office at 47 Esplanade, St Helier, Jersey JE1 0BD, Channel Islands, acts as the bank account operator of the Receivables Trustee in order to implement, administer and carry out the responsibilities and obligations of the Receivables Trustee under and in connection with the RSD, the RTDSA, any related Supplement and any documents and/or any matter contemplated by any of the said documents. The fees of Structured Finance Management Offshore Limited for providing such services are included in the Trustee Payment Amount.

Share capital

The authorised share capital of the Receivables Trustee is £10,000, consisting of 10,000 shares of £1.00 each. The issued share capital of the Receivables Trustee is £2.00, consisting of two fully paid shares of £1.00 each.

There are no outstanding loans or subscriptions, allotments or options in respect of the Receivables Trustee.

Legal proceedings

The Receivables Trustee neither is nor has been involved in any governmental, legal or arbitration proceedings (including any such proceedings which are pending or threatened of which the Receivables Trustee is aware) during the 12 months before the date of this Base Prospectus which may have, or have had in the recent past, significant effects on the Receivables Trustee's financial position or profitability.

LOAN NOTE ISSUER NO.1

Loan Note Issuer No.1 was incorporated as a special purpose vehicle in Jersey on 1 August 2008 with company number 101459 as a private company with limited liability under the Companies (Jersey) Law 1991, as amended (which is also the relevant primary legislation under which Loan Note Issuer No.1 operates). The registered office of Loan Note Issuer No.1 is located at 47 Esplanade, St Helier, Jersey JE1 0BD (Telephone: +44 1534 835600).

The entire issued share capital of Loan Note Issuer No.1 is held by the Jersey Share Trustee under the Jersey Share Declaration of Trust made by the Jersey Share Trustee on 30 July 2008 (and as subsequently amended). The Share Declaration of Trust provides that any income or capital held by the Jersey Share Trustee subject thereto is to be applied to or for the benefit of various institutions established for charitable purposes.

The principal purpose of Loan Note Issuer No.1 is, amongst other things to be an Investor Beneficiary of the Penarth Receivables Trust, to issue the Loan Notes and all financial arrangements in that connection. The memorandum and articles of association of Loan Note Issuer No.1 may be inspected at the registered office of Loan Note Issuer No.1 and at the offices of Clifford Chance LLP at 10 Upper Bank Street, London E14 5JJ, United Kingdom.

Directors and secretary

The directors of Loan Note Issuer No.1 and their respective business addresses and other principal activities are:

Name	Nationality	Business Address	Principal Activities
Peter John Richardson	British	47 Esplanade, St Helier, Jersey JE1 0BD	Director
Elizabeth Ann Mills	British	47 Esplanade, St Helier, Jersey JE1 0BD	Director
Jeremy Bradley	British	33 Old Broad Street, London EC2N 1HZ	Director of Bank of Scotland

Loan Note Issuer No.1 is organised as a special purpose vehicle and is largely passive, engaging only in the types of transactions described in this Base Prospectus. Loan Note Issuer No.1 is managed and controlled by its directors in Jersey; however, it is expected that it will continue to only require a small amount of active management with respect to its day-to-day activities.

Peter John Richardson and Elizabeth Ann Mills are also directors of Structured Finance Management Offshore Limited, the Receivables Trustee and Penarth Funding 2 Limited. Fees are payable to Structured Finance Management Offshore Limited pursuant to and in accordance with the terms of the Funding 1 Corporate Services Agreement defined below. Loan Note Issuer No.1 is aware that the payment of such fees and the appointments of such directors may result in potential conflicts of interests between the duties owed to it and the private interests of its board of directors.

Jeremy Bradley is also a director of the Issuer, Loan Note Issuer No.2 and the Receivables Trustee and is a Director of Bank of Scotland. Loan Note Issuer No.1 is aware that the appointment of Jeremy Bradley may result in potential conflicts of interests between the duties owed to it and the private interests of its board of directors. Each director is responsible for advising the board of directors in advance of any potential conflicts of interest.

So far as Loan Note Issuer No.1 is aware, no potential conflicts of interest exist except those disclosed in the preceding two paragraphs.

In accordance with a corporate services agreement dated 16 October 2008 (the "**Funding 1 Corporate Services Agreement**"), Structured Finance Management Offshore Limited will provide Loan Note Issuer No.1 with general secretarial, registrar and company administration services. The fees of Structured Finance Management Offshore Limited for providing such services are included in the Loan Note Issuer No.1 Costs Amount.

The secretary of Loan Note Issuer No.1 is Structured Finance Management Offshore Limited whose registered office is at 47 Esplanade, St Helier, Jersey JE1 0BD.

Structured Finance Management Offshore Limited is a private limited company which was incorporated in Jersey, Channel Islands with registered number 83135. Structured Finance Management Offshore Limited undertakes diversified offshore trust administration services and is regulated by the Jersey Financial Services Commission under the Financial Services (Jersey) Law 1998, as amended, for the purpose of carrying on trust company business.

Management and principal activities

Loan Note Issuer No.1's activities will principally be the issue of the Loan Notes, the making of a Contribution resulting in the granting of a beneficial interest in the Penarth Receivables Trust, the making of further Contributions in order to increase such beneficial interest, the entering into of all documents relating to such issue and such purchase to which it is expressed to be a party and the exercise of related rights and powers and other activities reasonably incidental thereto. Loan Note Issuer No.1 has not engaged since its incorporation in any activities other than in connection with the above and previous issuances of Loan Notes.

There are also certain covenants given by Loan Note Issuer No.1 under the terms of the STDCMA (see "*The Security Trust Deed and Cash Management Agreement*").

Capitalisation and Indebtedness

The authorised share capital of Loan Note Issuer No.1 as of the date of the Base Prospectus is £10,000, consisting of 10,000 shares of £1.00 each. The issued share capital of Loan Note Issuer No.1 is £2.00, consisting of two fully paid shares of £1.00 each.

As stated at the date of this Base Prospectus, there is no loan capital outstanding, loan capital created but unissued, term loan, other borrowing or Indebtedness in the nature of borrowing, contingent liability or guarantee in respect of Loan Note Issuer No.1 save as set out in the paragraph below.

Under the terms of the mini-Supplement to the RTDSA, Loan Note Issuer No.1 made a Contribution to the Penarth Receivables Trust in the amount of £10 in order to become an Investor Beneficiary of the Penarth Receivables Trust.

Financial information for Loan Note Issuer No.1

There has been no material adverse change in Loan Note Issuer No.1's financial position or prospects since the date of Loan Note Issuer No.1's financial statements for the period ended 31 December 2009. There has been no significant change in the financial or trading position of Loan Note Issuer No.1 since the date of Loan Note Issuer No.1's financial statements for the period ended 31 December 2009.

Legal proceedings

Loan Note Issuer No.1 neither is nor has been involved in any governmental, legal or arbitration proceedings (including any such proceedings which are pending or threatened of which Loan Note Issuer No.1 is aware) during the 12 months before the date of this Base Prospectus which may have, or have had in the recent past, significant effects on Loan Note Issuer No.1's financial position or profitability.

THE ISSUER

The Issuer, Penarth Master Issuer plc, is a public limited liability company which was incorporated as a special purpose vehicle for the issue of asset backed securities in England and Wales, under the Companies Act 1985 (as amended), on 10 June 2008 as Victorianway plc with registered number 6615304. It changed its name to Penarth Master Issuer plc on 1 August 2008. Its registered office and principal place of business are located at 35 Great St. Helen's, London EC3A 6AP.

The memorandum and articles of association of the Issuer may be inspected at the registered office of the Issuer (Telephone: +44 (0)207 398 6300).

Directors, secretary and corporate services

The directors of the Issuer and their respective business addresses and other principal activities are:

Name	Business Address	Principal Activities
SFM Directors Limited	35 Great St. Helen's, London EC3A 6AP	Provision of directors to special purpose companies
SFM Directors (No.2) Limited	35 Great St. Helen's, London EC3A 6AP	Provision of directors to special purpose companies
Jeremy Bradley	33 Old Broad Street, London EC2N 1HZ	Director of Bank of Scotland

The Issuer is organised as a special purpose vehicle and will be largely passive, engaging only in the types of transactions described in this Base Prospectus. The Issuer will be managed and controlled by its directors in England and Wales; however, it is expected that, once the company is conducting business, it will require only a small amount of active management.

The directors of SFM Directors Limited (registered number 3920254), SFM Directors (No. 2) Limited (registered number 4017430) and SFM Corporate Services Limited as at the date of this Base Prospectus are Jonathan Keighley, James Macdonald, Robert Berry, Helena Whitaker, J-P Nowacki, Claudia Wallace and Vinoy Nursiah, whose business addresses are 35 Great St. Helen's London EC3A 6AP, United Kingdom and who perform no other principal activities outside the Issuer which are significant with respect to the Issuer.

Jeremy Bradley is also a director of Loan Note Issuer No.1, Loan Note Issuer No.2 and the Receivables Trustee and is a director of Bank of Scotland. The Issuer is aware that the appointment of Jeremy Bradley may result in potential conflicts of interests between the duties owed to it and the private interests of its board of directors. Each director is responsible for advising the board of directors in advance of any potential conflicts of interest.

Fees are payable to Structured Finance Management Limited, an affiliate of SFM Directors Limited and SFM Directors (No. 2) Limited pursuant to and in accordance with the terms of a corporate services agreement (the "**Issuer Corporate Services Agreement**"). The Issuer is aware that the payment of such fees and the appointment of such directors may result in potential conflicts of interests between the duties owed to it and the private interests of its board of directors.

The secretary of the Issuer is:

Name	Business Address
SFM Corporate Services Limited	35 Great St. Helen's London EC3A 6AP

Principal activities

The Issuer's principal activities are principally the issue of the notes, utilisation of the proceeds of those notes to acquire the corresponding Loan Note issued by Loan Note Issuer No.1, the execution and performance of principal documents, the execution and performance of all documents relating thereto to which it is expressed to be a party, the exercise of related rights and powers and other activities reasonably incidental thereto.

Insolvency Matters Relating to the Issuer

The Issuer has been organised, and its activities are limited, to minimise the likelihood of insolvency proceedings being commenced against the Issuer and to minimise the likelihood that there would be claims against the Issuer if insolvency proceedings were commenced against it. The Issuer has not engaged in and will not engage in any activity other than the business and activities described or referred to in this Base Prospectus.

Share capital

The Issuer was incorporated with an authorised share capital of £50,000, comprising 50,000 ordinary shares of £1 each. Two ordinary shares were allotted for cash, and fully paid, on incorporation. On 31 July 2008, 49,998 ordinary shares were resolved to be allotted and on 1 October 2008 were each quarter paid. 49,999 shares are held by Penarth Asset Securitisation Holdings Limited ("**Holdco**") and one share is held by SFM Nominees Limited under the terms of a share declaration of trust. The entire issued share capital of Holdco is held by SFM Corporate Services Limited (the "**Share Trustee**") under the terms of a declaration of trust made by the Share Trustee on 1 October 2008 ("**Holdings Share Declaration of Trust**"). Any income or capital held by the Share Trustee under the Holdings Share Declaration of Trust is to be applied to or for the benefit of various institutions established for charitable purposes.

There are no other outstanding securities, loans or subscriptions, allotments or options in respect of the Issuer other than set out below in "*Financial position of the Issuer*".

As at the date of this Base Prospectus, there is no loan capital outstanding, loan capital created but unissued, term loan, other borrowing or Indebtedness in the nature of borrowing, contingent liability or guarantee in respect of the Issuer.

Neither Bank of Scotland nor LTSB (as a Material Originator) own, directly or indirectly, any of the share capital of the Issuer.

Financial position of the Issuer

The Issuer has not traded since its incorporation on 10 June 2008 other than the issuance of the Series 2008-1A Notes, Series 2008-2A Notes, Series 2010-A1 Notes, Series 2010-A2 Notes, Series 2010-A3 Notes, Series 2010-B1 Notes, Series 2010-C1 Notes and Series 2010-D1 Notes. There has been no material adverse change in the financial position or prospects of the Issuer since the date of the Issuer's financial statements for the period ended 31 December 2009. There has been no significant change in the financial or trading position of the Issuer since the date of the Issuer's financial statements for the period ended 31 December 2009.

Legal proceedings

The Issuer neither is nor has been involved in any governmental, legal or arbitration proceedings (including any such proceedings which are pending or threatened of which the Issuer is aware) during the 12 months before the date of this Base Prospectus which may have, or have had in the recent past, significant effects on the Issuer's financial position or profitability.

THE NOTE TRUSTEE AND SECURITY TRUSTEE

Deutsche Bank Trust Company Americas acts as Security Trustee and Note Trustee in this Programme. As the Security Trustee, it will act as trustee for the benefit of the secured creditors of Loan Note Issuer No.1 which will include the Issuer (in the Issuer's capacity as beneficial holder of the Loan Notes) and also, in particular, will hold the Security created by Loan Note Issuer No.1 in respect of the Loan Notes under the terms of the STDCMA (see "*Global Loan Note No. 1 — Overview*"). See also "*The Security Trust Deed and Cash Management Agreement*" and "*The Loan Notes*". The Note Trustee will act as trustee for the Noteholders and also will hold the Security in respect of the notes under the terms of the Note Trust Deed and any Note Trust Deed Supplement (see "*The Notes — Overview*", "*Terms and Conditions of the Notes*" and "*The Note Trust Deed*").

Deutsche Bank Trust Company Americas is a New York banking corporation and its corporate trust office is located at 60 Wall Street, 26th Floor, New York, New York 10005, United States of America. Deutsche Bank Trust Company Americas has acted as indenture trustee on various asset-backed securities transactions. The Note Trustee and Security Trustee's liability in connection with the issuance and sale of the notes is limited solely to the express obligations of the Note Trustee and Security Trustee described in the trust documents.

FORMS OF THE NOTES

The issue of all Note Series under the Programme will be authorised by a resolution of the board of directors of the Issuer passed on or prior to the date of the first issue of notes. Each Note Series will be constituted by a Note Trust Deed Supplement to be dated on or about the relevant Issue Date, between the Issuer and the Note Trustee, as trustee for, among others, the holders for the time being of the notes. The Note Trust Deed includes provisions which enable it to be modified or supplemented and any reference to the Note Trust Deed is a reference also to the document as modified or supplemented in accordance with its terms.

The statements set out below include summaries of, and are subject to, the detailed provisions of the Note Trust Deed and the relevant Note Trust Deed Supplement for a Note Series, which will contain the forms of the Global Note Certificates and the Individual Note Certificates. The Issuer has entered into, for the benefit of the Programme the Paying Agency Agreement (see "*Terms and Conditions of the Notes*" below) which will regulate how payments will be made on all Note Series and how determinations and notifications will be made. It will be dated on or prior to the date of the first issuance of notes.

Investors in the notes will be entitled to the benefit of, will be bound by and will be deemed to have notice of, all the provisions of the Note Trust Deed, the relevant Note Trust Deed Supplement and the Paying Agency Agreement. Investors can see copies of these agreements at the principal office for the time being of the Note Trustee, which is, as of the date of this Base Prospectus, 60 Wall Street, 26th Floor, Mail Stop NYC60-2606, New York, United States of America, and at the office for the time being of the Principal Paying Agent.

Form of notes

Unless otherwise specified in the relevant Note Trust Deed Supplement, each class of notes will be represented initially by either a Registered Uncleared Note Certificate or a Global Note Certificate in registered form, in the principal amount specified in the relevant Prospectus Supplement/Final Terms.

In a press release dated 22 October 2008, "*Evolution of the custody arrangement for international debt securities and their eligibility in Eurosystem credit operations*", the ECB announced that it has assessed the new holding structure and custody arrangements for registered notes which the ICSDs had designed in cooperation with market participants and that notes to be held under the new structure (the "**New Safekeeping Structure**" or "**NSS**") would be in compliance with the "*Standards for the use of EU securities settlement systems in ESCB credit operations*" of the central banking system for the euro (the "**Eurosystem**"), subject to the conclusion of the necessary legal and contractual arrangements. The press release also stated that the new arrangements for notes to be held in NSS form will be offered by Euroclear and Clearstream, Luxembourg as of 30 June 2010 and that registered debt securities in global registered form held issued through Euroclear and Clearstream, Luxembourg after 30 September 2010 will only be eligible as collateral in Eurosystem operations if the New Safekeeping Structure is used.

If specified in the relevant Prospectus Supplement/Final Terms, notes may be sold outside the United States to non-U.S. Persons in compliance with Regulation S and each class of notes (other than Registered Uncleared Notes) will be represented by a corresponding Regulation S Global Note Certificate either registered (i) in the case of notes which are not to be held under the New Safekeeping Structure, in the name of a Common Depositary (or its nominee), and deposited with such Common Depositary for, Clearstream and/or Euroclear and/or any other relevant clearing system; or (ii) in the case of notes to be held under the New Safekeeping Structure, in the name of a Common Safekeeper (or its nominee), and deposited with such Common Safekeeper for, Clearstream and/or Euroclear.

If specified in the relevant Prospectus Supplement/Final Terms, notes may be sold to a U.S. Person only if it is a QIB and each class of notes (other than Registered Uncleared Notes) will be represented on issue by a Rule 144A Global Note Certificate registered in the name of Cede and deposited with Deutsche Bank Trust Company Americas as the DTC Custodian. Beneficial interests in a Rule 144A Global Note Certificate may only be held through, and transfers thereof will only be effected through, records maintained by DTC or its participants (as applicable) at any time.

If specified in the relevant Prospectus Supplement/Final Terms, Registered Uncleared Notes may be initially sold within the United States in compliance with Rule 506 of Regulation D and subsequently sold under Rule 144A or Regulation S (subject to any applicable transfer restrictions set out in the applicable

Prospectus Supplement/Final Terms) and each class of Registered Uncleared Notes will be represented by a corresponding Registered Uncleared Note Certificate registered in the name of the holder.

Registered Uncleared Note Certificates may be subject to certain restrictions on transfer set forth therein, in the Note Trust Deed, any Note Trust Deed Supplement and in Rule 144 under the Securities Act, and the Registered Uncleared Note Certificates will bear the applicable legends regarding the restrictions as set forth in the applicable Prospectus Supplement/Final Terms.

Beneficial interests in Global Note Certificates may be subject to certain restrictions on transfer set forth therein, in the Note Trust Deed, any Note Trust Deed Supplement and in Rule 144A, and the notes will bear the applicable legends regarding the restrictions as set forth in the applicable Prospectus Supplement/Final Terms.

The amount of notes represented by each Global Note Certificate and Registered Uncleared Note Certificate is evidenced by the Register maintained for that purpose (the "**Register**") by the relevant Registrar. Together, the notes represented by the Registered Uncleared Note Certificates, the Global Note Certificates and any outstanding Individual Note Certificates will equal the aggregate principal amount of the notes outstanding at any time. However, in respect of Regulation S notes and Rule 144A notes except in exceptional circumstances (as described below), Individual Note Certificates will not be issued.

Exchange for Individual Certificates

(a) *Rule 144A Global Certificates*

Each Rule 144A Certificate will be exchangeable, free of charge to the holder, on or after its Individual Exchange Date (as defined below), in whole but not in part, for certificates in individual certificate form ("**Rule 144A Individual Certificate**") upon the occurrence of one of the following:

- (i) if DTC notifies the Note Trustee or the Principal Paying Agent that it is unwilling or unable to continue as depositary for the Rule 144A Global Note Certificate or DTC ceases to be a "clearing agency" registered under the Exchange Act, and a successor depositary or clearing system is not appointed by the Trustee or the Principal Paying Agent within 90 days of receiving such notice; or
- (ii) if the Issuer or any Paying Agent or any other person is or will be required to make any withholding or deduction from any payment in respect of the notes for or on account of any present or future taxes, duties, assessments or governmental charges of whatever nature or the Issuer suffers or will suffer any other disadvantage as a result of such change, which withholding or deduction would not be required or other disadvantage would not be suffered (as the case may be) if the notes were in individual certificate form.

(b) *Regulation S Global Certificates*

Each Regulation S Global Certificate will be exchangeable, free of charge to the holder, on or after its Individual Exchange Date (as defined below), in whole but not in part, for certificates in individual certificate form ("**Regulation S Individual Certificates**") upon the occurrence of one of the following:

- (i) if a Regulation S Global Certificate is held (directly or indirectly) on behalf of Euroclear and/or Clearstream, Luxembourg and Euroclear and/or Clearstream is closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or announces an intention permanently to cease business or does in fact do so; or
- (ii) if as a result of changes to any taxation provisions in the UK, the Issuer or any Paying Agent is or will be required to make any deduction or withholding from any payment in respect of the notes which would not be required were the relevant notes in individual form and a certificate to such effect signed by an authorised director of the Issuer is delivered to the Note Trustee.

The relevant Registrar will not register the transfer of, or exchange interests in, a Global Certificate for Rule 144A Individual Certificates or Regulation S Individual Certificates for a period of 15 calendar days ending on the date for any payment of principal or interest in respect of the notes.

"Individual Exchange Date" means a day falling not less than 30 days after that on which the notice requiring exchange is given and on which banks are open for business in the city in which the Specified Office of the Registrar and any transfer agent is located.

Terms and Conditions applicable to the Notes

The terms and conditions applicable to any Individual Note Certificate will be endorsed on that Individual Note Certificate and will consist of the terms and conditions set out under "*Terms and Conditions of the Notes*" below and the provisions of the relevant Prospectus Supplement/Final Terms which supplement, amend and/or replace those terms and conditions.

The terms and conditions applicable to any Global Registered Note will differ from those terms and conditions which would apply to the Note were it in definitive form to the extent described under "*Summary of Provisions Relating to the Notes while in Global Form*" below.

Summary of Provisions Relating to the Notes while in Global Form

Clearing System Accountholders

In relation to any Notes Series represented by a Global Note Certificate, references in the Terms and Conditions of the Notes to "Noteholder" are references to the person in whose name such Global Note Certificate is for the time being registered in the Register which, for so long as the Global Note Certificate is held by or on behalf of a depositary or a common depositary or a common safekeeper for Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system, will be that depositary or common depositary or common safekeeper or a nominee for that depositary or common depositary or common safekeeper.

Each of the persons shown in the records of Euroclear and/or Clearstream, Luxembourg and/or any other relevant clearing system as being entitled to an interest in a Global Note Certificate (each an "**Accountholder**") must look solely to Euroclear and/or Clearstream, Luxembourg and/or such other relevant clearing system (as the case may be) for such Accountholder's share of each payment made by the Issuer to the holder of such Global Note Certificate and in relation to all other rights arising under such Global Note Certificate. The extent to which, and the manner in which, Accountholders may exercise any rights arising under the Global Note Certificate will be determined by the respective rules and procedures of Euroclear and Clearstream, Luxembourg and any other relevant clearing system from time to time. For so long as the relevant Notes are represented by a Global Note Certificate, Accountholders shall have no claim directly against the Issuer in respect of payments due under the notes and such obligations of the Issuer will be discharged by payment to the holder of such Global Note Certificate.

Conditions applicable to Global Notes

Each Global Note Certificate will contain provisions which modify the Terms and Conditions of the Notes as they apply to the Global Note Certificate. The following is a summary of certain of those provisions:

Payment Business Day: In the case of a Global Note Certificate means a Business Day and, if the currency of payment is euro, any day which is a TARGET Settlement Day and a day on which dealings in foreign currencies may be carried on in each (if any) Additional Financial Centre; or, if the currency of payment is not euro, a Business Day and any day which is a day on which dealings in foreign currencies may be carried on in the Principal Financial Centre of the currency of payment and in each (if any) Additional Financial Centre.

Record Date: Each payment in respect of a Global Note Certificate will be made to the Person shown as the holder in the Register at the close of business (in the relevant clearing system) on the Clearing System Business Day before the due date for such payment, where "**Clearing System Business Day**" means a

day on which each clearing system for which the Global Note Certificate is being held is open for business.

The Clearing Systems

The information set out below has been obtained from the Clearing Systems and the Issuer believes that such sources are reliable, but prospective investors are advised to make their own enquiries as to such procedures. The Issuer accepts responsibility for the accurate reproduction of such information from publicly available information and as far as the Issuer is aware and is able to ascertain from such information published by the clearing systems, no facts have been omitted which would render the reproduced information inaccurate or misleading. In particular, such information is subject to any change in or reinterpretation of the rules, regulations and procedures of DTC, Euroclear or Clearstream, Luxembourg currently in effect and investors wishing to use the facilities of any of the Clearing Systems are therefore advised to confirm the continued applicability of the rules, regulations and procedures of the relevant Clearing System. None of the Arranger, Issuer, Loan Note Issuer No.1, Security Trustee, the Lead Manager, the Dealer, the Note Trustee, any Paying Agent, the Agent Bank, the Registrar or any affiliate of any of the above, or any person by whom any of the above is controlled for the purposes of the Securities Act, will have any responsibility for the performance by the Clearing Systems or their respective direct and indirect participants or accountholders of their respective obligations under the rules and procedures governing their operations or for the sufficiency for any purpose of the arrangements described below.

The Global Note Certificates may be deposited with the Common Depositary (or the Common Safekeeper (in the case of Regulation S Notes to be held under the New Safekeeping Structure) and registered in the name of a nominee of Euroclear and Clearstream. On confirmation from the Common Depositary (or the Common Safekeeper (in the case of Regulation S Notes to be held under the New Safekeeping Structure) that it holds the Global Note Certificates, Clearstream and/or Euroclear, as applicable, will record Book-Entry Interests in Noteholder's account or the participant account through which Noteholders hold their interests in the notes. These Book-Entry Interests will represent the beneficial owner's or participant's beneficial interest in the relevant notes represented by such Global Note Certificate.

The Global Note Certificates may also be deposited with the DTC Custodian and registered in the name of Cede. On confirmation from the DTC Custodian that it holds the Global Note Certificates, DTC will record Book-Entry Interests to Noteholder's account or the participant account through which Noteholders hold their interests in the notes. These Book-Entry Interests will represent the beneficial owner's or participant's beneficial interest in the relevant notes represented by such Global Note Certificate.

Beneficial owners may hold their interest in the notes represented by each Global Note Certificate in Clearstream, Euroclear or DTC, as applicable, or indirectly through organisations that are participants in any of those systems. Ownership of these beneficial interests in notes represented by each Global Note Certificate will be shown on, and the transfer of that ownership will be effected only through, records maintained by Clearstream, Euroclear or DTC (with respect to interests of their participants) and the records of their participants (with respect to interests of other persons). By contrast, ownership of direct interests in a Global Note Certificate will be shown on, and the transfer of that ownership will be effected through, the Register maintained by the relevant Registrar. Because of this holding structure of the notes, beneficial owners of notes may look only to Clearstream, Euroclear or DTC, as applicable, or their respective participants for their beneficial entitlement to those notes. The Issuer expects that Clearstream, Euroclear and DTC, as applicable, will take any action permitted to be taken by a beneficial owner of notes only in accordance with its rules and at the direction of one or more participants to whose account the interests in a Global Note Certificate is credited and only in respect of that portion of the aggregate principal amount of notes as to which that participant or those participants has or have given that direction.

Payment

Principal and interest payments on the notes (other than Registered Uncleared Notes) will be made via the Paying Agents to Euroclear, Clearstream or DTC, as applicable, or their nominee, as the registered holder of the relevant Global Note Certificate. DTC's practice is to credit its participants' accounts on the applicable Distribution Date according to their respective holdings shown on DTC's records unless DTC has reason to believe that it will not receive payment on that Distribution Date.

Payments by Clearstream, Euroclear and DTC participants (as applicable) to the beneficial owners of notes (other than Registered Uncleared Notes) will be governed by standing instructions, customary practice, and any statutory or regulatory requirements as may be in effect from time to time. These payments will be the responsibility of Clearstream, Euroclear and DTC participants (as applicable) and not of Clearstream, Euroclear, DTC, any Paying Agent, the Note Trustee or the Issuer. None of the Issuer, the Note Trustee, any Dealer nor any Paying Agent will have the responsibility or liability for any aspect of the records of Clearstream, Euroclear or DTC on account of beneficial interests in the Global Note Certificates or for maintaining, supervising or reviewing any records of Clearstream, Euroclear or DTC relating to those beneficial interests.

The laws of some states of the United States require that certain persons take physical delivery of securities in definitive form. Consequently the ability to transfer interests in a Global Note Certificate to such persons may be limited. Because DTC, Euroclear and Clearstream can only act on behalf of participants, who in turn act on behalf of indirect participants, the ability of a person having an interest in a Global Note Certificate to pledge such interest to persons or entities which do not participate, directly or indirectly, in the relevant Clearing System, or otherwise take actions in respect of such interest, may be affected by the lack of a physical certificate in respect of such interest.

Transfers between participants on the Clearstream system, participants on the Euroclear system and participants on the DTC system will occur under each of their rules and operating procedures.

Clearstream

Clearstream is incorporated under the laws of Luxembourg as a professional registrar. Clearstream holds securities for its participating organisations and facilitates the clearance and settlement of securities transactions between Clearstream participants through electronic book-entry changes in accounts of Clearstream participants, thereby eliminating the need for physical movement of notes. Transactions may be settled in Clearstream in any of 38 currencies, including U.S. Dollars, Euro and Sterling.

Clearstream participants are financial institutions around the world, including dealers, securities brokers and dealers, banks, trust companies, and clearing corporations. Indirect access to Clearstream is also available to others, including banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a Clearstream participant, either directly or indirectly.

Euroclear

The Euroclear system was created in 1968 to hold securities for its participants and to clear and settle transactions between Euroclear participants through simultaneous electronic book-entry delivery against payment. This eliminates the need for physical movement of certificates. Transactions may be settled in any of 32 currencies, including U.S. Dollars, Euro and Sterling.

The Euroclear system is operated by Morgan Guaranty Trust Company of New York, Brussels office, the Euroclear operator, under contract with Euroclear Clearance System, Société Cooperative, a Belgian co operative corporation, the Euroclear co operative. All operations are conducted by the Euroclear operator. All Euroclear securities clearance accounts and Euroclear cash accounts are accounts with the Euroclear operator, not the Euroclear co operative. The board of the Euroclear co operative establishes policy for the Euroclear system.

Euroclear participants include banks — including central banks — securities brokers and dealers and other professional financial intermediaries. Indirect access to the Euroclear system is also available to other firms that maintain a custodial relationship with a Euroclear participant, either directly or indirectly.

Securities clearance accounts and cash accounts with the Euroclear operator are governed by the Terms and Conditions Governing Use of Euroclear and the related Operating Procedures of the Euroclear system. These terms and conditions govern transfers of securities and cash within the Euroclear system, withdrawal of securities and cash from the Euroclear system, and receipts of payments for securities in the Euroclear system. All securities in the Euroclear system are held on a fungible basis without attribution of specific certificates to specific securities clearance accounts. The Euroclear operator acts under these terms and conditions only on behalf of Euroclear participants and has no record of or relationship with persons holding through Euroclear participants.

DTC

DTC is a limited purpose trust company organised under the laws of the State of New York, a "banking organisation" under the laws of the State of New York, a member of the U.S. Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code and a "clearing agency" registered pursuant to the provisions of Section 17A of the Exchange Act.

DTC was created to hold securities for its participants and facilitate the clearance and settlement of securities transactions between participants through electronic computerised book-entry changes in accounts of its participants, thereby eliminating the need for physical movement of certificates. DTC is owned by a number of its participants and by the New York Stock Exchange, Inc., the American Stock Exchange, Inc. and the National Association of Securities Dealer, Inc.

Direct participants include securities brokers and dealers, banks, trust companies, clearing corporations (including Euroclear and Clearstream) and certain other organisations. Indirect access to DTC is available to others, such as banks, securities brokers, dealers and trust companies, that clear through or maintain a custodial relationship with a DTC direct participant, whether directly or indirectly.

The rules applicable to DTC and its participants are on file with the United States Securities and Exchange Commission.

Because of time-zone differences, credits of securities in Clearstream or Euroclear as a result of a transaction with a DTC participant will be made during the subsequent securities settlement processing, dated the Business Day following the DTC settlement date. The credits for any transactions in these securities settled during this processing will be reported to the relevant Clearstream participant or Euroclear participant on that Business Day. Cash received in Clearstream or Euroclear as a result of sales of securities by or through a Clearstream participant or a Euroclear participant to a DTC participant will be received and available on the DTC settlement date. However, it will not be available in the relevant Clearstream or Euroclear cash account until the Business Day following settlement in DTC.

Purchases of notes under the DTC system must be made by or through DTC participants (which includes Euroclear and Clearstream), which will receive a credit for the notes on DTC's records. The ownership interest of each actual investor is in turn to be recorded on the DTC participants' and indirect participants' records. Investors will not receive written confirmation from DTC of their purchase. However, investors are expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the DTC participant or indirect participant through which the investor entered into the transaction. Transfers of ownership interests in the notes (other than Registered Uncleared Notes) are to be accomplished by entries made on the books of DTC participants acting on behalf of investors. Investors will not receive certificates representing their ownership interest in the notes (other than Registered Uncleared Notes) unless use of the book-entry system for the notes is discontinued.

Conveyance of notices and other communications by DTC to DTC participants, by DTC participants to indirect participants and by DTC participants and indirect participants to Noteholders, will be governed by arrangements among them and by any statutory or regulatory requirements in effect from time to time.

Investors may hold their interests in a Global Note Certificate directly through DTC if they are participants in the DTC system, or indirectly through organisations which are participants in such system.

Distributions on the notes (other than Registered Uncleared Notes) held indirectly through Clearstream, Euroclear or DTC, as applicable, will be credited to the cash accounts of Clearstream participants, Euroclear participants or DTC participants, as applicable, according to the relevant system's rules and procedures, to the extent received by its registrar. These distributions may need to be reported for tax purposes under U.S. tax laws and regulations. Each of Clearstream, Euroclear or DTC, as the case may be, will take any other action permitted to be taken by a Noteholder on behalf of its participants only as permitted by its rules and procedures and only if its registrar is able to take these actions on its behalf.

Although Clearstream, Euroclear and DTC have agreed to these procedures to facilitate transfers of notes among participants of Clearstream, Euroclear and DTC, they are not obligated to perform these procedures. Additionally, these procedures may be discontinued at any time.

So long as the registrar or its nominee is the holder of the Global Note Certificates underlying the Book-Entry Interests, it or its nominees will be the Noteholder under the Note Trust Deed. Because of this, each person holding a Book-Entry Interest must rely on the procedures of the registrar, Euroclear, Clearstream and/or DTC or other intermediary through which the interests are held, to exercise any rights and obligations of Noteholders under the Note Trust Deed and the relevant Note Trust Deed Supplement.

As the holder of Book-Entry Interests the Noteholders will not have the right under the Note Trust Deed to act on solicitations by the Issuer for action by Noteholders. Noteholders will only be able to act to the extent they receive the appropriate proxies to do so from Euroclear, Clearstream or DTC. No assurances are made about these procedures or their adequacy for ensuring timely exercise of remedies under the Note Trust Deed.

Noteholders and other holders of Book-Entry Interests will be entitled to receive Individual Note Certificates, in the form and under the circumstances, set out in the Note Trust Deed and the terms and conditions of the notes (other than Registered Uncleared Notes). In the event that a Global Note Certificate is exchanged for Individual Note Certificates, such Individual Note Certificates shall be issued in denominations of €50,000 (or the equivalent in another currency) or integral multiples of €50,000 (or the equivalent in another currency). Noteholders who hold notes (other than Registered Uncleared Notes) in the relevant Clearing System in amounts that are not integral multiples of €50,000 may need to purchase or sell, on or before the relevant exchange date, a principal amount of notes such that their holding is an integral multiple of €50,000.

Tradable amount: So long as the notes (other than Registered Uncleared Notes) are represented by beneficial interests in a permanent Global Note Certificate and Euroclear, Clearstream, DTC and/or any other relevant Clearing System so permits, the notes (other than Registered Uncleared Notes) shall be tradable only in the minimum authorised denomination of €50,000 or its equivalent or as otherwise specified in the related Prospectus Supplement/Final Terms (as applicable to the currency of each particular Note Series) and higher integral multiples of €1,000, notwithstanding that no Individual Note Certificate will be issued with a denomination above €99,000 or its equivalent or as otherwise specified in the related Prospectus Supplement/Final Terms.

TERMS AND CONDITIONS OF THE NOTES

The following is the text of the terms and conditions which, subject to completion and as supplemented, amended and/or replaced in accordance with the provisions of the relevant Prospectus Supplement/Final Terms, will be endorsed on each note in definitive form issued under the Programme. References in these terms and conditions to "notes" are to the notes of a particular Series only and not to all notes that may be issued under the Programme.

1. Introduction

- (a) *Programme:* Penarth Master Issuer plc (the "**Issuer**") has established a medium term note programme (the "**Programme**"). The notes of a particular Note Series (the "**notes**") are constituted and secured by a Note Trust Deed dated 16 October 2008 (as amended and restated from time to time) (the "**Note Trust Deed**") between the Issuer and Deutsche Bank Trust Company Americas (the "**Note Trustee**"), (which expression includes the trustee or trustees for the time being of the Note Trust Deed) and a supplement to the Note Trust Deed (the "**Note Trust Deed Supplement**") in respect of notes issued in each Note Series. References to the Note Trust Deed include reference to the relevant Note Trust Deed Supplement where the context admits.
- (b) *Prospectus Supplement/Final Terms:* Notes issued under the Programme are issued in series (each a "**Note Series**") and each Note Series comprises only one class of notes. A Note Series may be constituted of a single class of either class A notes, class B notes, class C notes or class D notes, as designated in the relevant Prospectus Supplement/Final Terms. Each Note Series is the subject of a Prospectus Supplement/Final Terms (the "**Prospectus Supplement/Final Terms**") which supplements these terms and conditions (the "**Conditions**"). The terms and conditions applicable to any particular Note Series are these Conditions as supplemented, amended and/or replaced by the relevant Prospectus Supplement/Final Terms. In the event of any inconsistency between these Conditions and the relevant Prospectus Supplement/Final Terms, the relevant Prospectus Supplement/Final Terms shall prevail.
- (c) *Paying Agency Agreement:* The notes are the subject of a Paying Agency Agreement dated 16 October 2008 (as amended and restated from time to time) (the "**Paying Agency Agreement**") between (*inter alios*) the Issuer, Deutsche Bank AG, London Branch as Principal Paying Agent (the "**Principal Paying Agent**"), the Paying Agents named in the Paying Agency Agreement (the "**Paying Agents**"), the Agent Bank named in the Paying Agency Agreement (the "**Agent Bank**"), the Registrar named in the Paying Agency Agreement (the "**Registrar**"), the Exchange Agent named in the Paying Agency Agreement (the "**Exchange Agent**") and in each case, the expression "**Principal Paying Agent**", the "**Paying Agents**", the "**Agent Bank**" and the "**Registrar**" includes any successor to such Person in such capacity.
- (d) *The Notes:* All subsequent references in these Conditions to "notes" are to the notes which are the subject of the relevant Prospectus Supplement/Final Terms. Copies of the relevant Prospectus Supplement/Final Terms are available for inspection by the Noteholders during normal business hours at the Specified Office of the Principal Paying Agent, the initial Specified Office of which is set out below.
- (e) *Summaries:* Certain provisions of these Conditions are summaries of the Note Trust Deed and the Paying Agency Agreement and are subject to their detailed provisions. The holders of the notes (the "**Noteholders**") are bound by, and are deemed to have notice of, all the provisions of the Note Trust Deed, the Note Trust Deed Supplement, the Prospectus Supplement/Final Terms and the Paying Agency Agreement applicable to them. Copies of the Note Trust Deed, the Note Trust Deed Supplement, the Prospectus Supplement/Final Terms and the Paying Agency Agreement are available for inspection by Noteholders during normal business hours at the Specified Offices of each of the Paying Agents, the initial Specified Offices of which are set out below.

2. Interpretation

(a) *Definitions:* In these Conditions the following expressions have the following meanings:

"Account Bank Agreements" means the Issuer Distribution Account Bank Agreement and the Call Protection Accumulation Deposit Account Bank Agreement and **"Account Bank Agreement"** means either one of them;

"Accumulation Period" means for any Note Series, for the purposes of these Note Conditions, unless an Amortisation Period has earlier commenced, the period commencing on the close of business on the Accumulation Period Commencement Date for that Note Series or such later date as is determined in accordance with the provisions of the Loan Note Supplement for the Related Loan Note and ending (for the purposes of these Note Conditions) on the first to occur of (a) the commencement of an Amortisation Period for that Note Series (b) the day the Outstanding Principal Amount of the Related Loan Note is reduced to zero and (c) the date specified in the relevant Prospectus Supplement/Final Terms;

"Accumulation Period Commencement Date" has the meaning given to such term in the relevant Prospectus Supplement/Final Terms;

"Additional Business Centre(s)" means the city or cities specified as such in the relevant Prospectus Supplement/Final Terms;

"Additional Financial Centre(s)" means the city or cities specified as such in the relevant Prospectus Supplement/Final Terms;

"Additional Interest Margin" has the meaning given in the relevant Prospectus Supplement/Final Terms (if applicable);

"Amortisation Period" means the Regulated Amortisation Period or the Rapid Amortisation Period or such other period specified as an Amortisation Period in the relevant Prospectus Supplement/Final Terms;

"Basic Terms Modification" means any change to any date fixed for payment of principal or interest in respect of the notes, to reduce the amount of principal or interest payable on any date in respect of the notes, to alter the method of calculating the amount of any payment in respect of the notes or the date for any such payment, to change the currency of any payment under the notes or to change the quorum requirements relating to meetings or the majority required to pass an Extraordinary Resolution;

"Business Day" means, unless otherwise specified in the relevant Prospectus Supplement/Final Terms, in relation to any sum payable in any currency, a day on which commercial banks and foreign exchange markets settle payments generally in London, England; Jersey, Channel Islands; the principal financial centre of the relevant currency and in each (if any) Additional Financial Centre;

"Business Day Convention", in relation to any particular date, has the meaning given in the relevant Prospectus Supplement/Final Terms and, if so specified in the relevant Prospectus Supplement/Final Terms, may have different meanings in relation to different dates and, in this context, the following expressions shall have the following meanings:

(i) **"Following Business Day Convention"** means that the Relevant Date shall be postponed to the first following day that is a Business Day;

(ii) **"Modified Following Business Day Convention"** or **"Modified Business Day Convention"** means that the Relevant Date shall be postponed to the first following day that is a Business Day unless that day falls in the next calendar month in which case that date will be the first preceding day that is a Business Day;

(iii) **"Preceding Business Day Convention"** means that the Relevant Date shall be brought forward to the first preceding day that is a Business Day; and

- (iv) **"No Adjustment"** means that the Relevant Date shall not be adjusted in accordance with any Business Day Convention;

"Calculation Agent" means the Agent Bank or such other Person specified in the relevant Prospectus Supplement/Final Terms as the party responsible for calculating the rate(s) of interest and Interest Amount(s) and/or such other amount(s) as may be specified in the relevant Prospectus Supplement/Final Terms;

"Call Protection Accumulation Deposit Account" means the account or ledger of an account opened pursuant to any call protection accumulation deposit account bank agreement in relation to all notes of a Note Series with a Swap Agreement, with call protection for that Note Series;

"class A notes" means any Note Series designated as such in the relevant Prospectus Supplement/Final Terms;

"Class A Swap Termination Amount" has the meaning given to it in Condition 4(c)(iii)(A);

"class B notes" means any Note Series designated as such in the relevant Prospectus Supplement/Final Terms;

"Class B Swap Termination Amount" has the meaning given to it in Condition 4(c)(v)(A);

"class C notes" means any Note Series designated as such in the relevant Prospectus Supplement/Final Terms;

"Class C Swap Termination Amount" has the meaning given to it in Condition 4(c)(vii)(A);

"class D notes" means any Note Series designated as such in the relevant Prospectus Supplement/Final Terms;

"Class D Swap Termination Amount" has the meaning given to it in Condition 4(c)(ix)(A);

"Counterparty Swap Event of Default" means either (i) an Event of Default (as defined in the relevant Swap Agreement) in respect of which the Swap Counterparty is the Defaulting Party (as defined in the relevant Swap Agreement) has occurred and is continuing, or (ii) a termination by the Issuer of the Swap Agreement as a result of a failure to comply with the requirements set out in the Swap Agreement following a downgrade occurring with respect to the rating of the Swap Counterparty which failure is not cured by the Swap Counterparty, during the requisite cure period pursuant to the terms of the Swap Agreement;

"Day Count Fraction" means, in respect of the calculation of an amount for any period of time (the **"Calculation Period"**), such Day Count Fraction as may be specified in these Conditions or the relevant Prospectus Supplement/Final Terms and:

- (i) if **"Actual/Actual (ICMA)"** is so specified, means:
- (a) where the Calculation Period is equal to or shorter than the Regular Period during which it falls, the actual number of days in the Calculation Period divided by the product of (1) the actual number of days in such Regular Period and (2) the number of Regular Periods in any year; and
 - (b) where the Calculation Period is longer than one Regular Period, the sum of:
 - (A) the actual number of days in such Calculation Period falling in the Regular Period in which it begins divided by the product of (1) the actual number of days in such Regular Period and (2) the number of Regular Periods in any year; and
 - (B) the actual number of days in such Calculation Period falling in the next Regular Period divided by the product of (a) the actual number of days in such Regular Period and (2) the number of Regular Periods in any year;

- (ii) if "**Actual/365**" or "**Actual/Actual (ISDA)**" is so specified, means the actual number of days in the Calculation Period divided by 365 (or, if any portion of the Calculation Period falls in a leap year, the sum of (A) the actual number of days in that portion of the Calculation Period falling in a leap year divided by 366 and (B) the actual number of days in that portion of the Calculation Period falling in a non-leap year divided by 365);
- (iii) if "**Actual/365 (Fixed)**" is so specified, means the actual number of days in the Calculation Period divided by 365;
- (iv) if "**Actual/360**" is so specified, means the actual number of days in the Calculation Period divided by 360;
- (v) if "**30/360**" is so specified, means the number of days in the Calculation Period divided by 360 (the number of days to be calculated on the basis of a year of 360 days with 12 30-day months (unless (i) the last day of the Calculation Period is the 31st day of a month but the first day of the Calculation Period is a day other than the 30th or 31st day of a month, in which case the month that includes that last day shall not be considered to be shortened to a 30-day month, or (ii) the last day of the Calculation Period is the last day of the month of February, in which case the month of February shall not be considered to be lengthened to a 30-day month)); and
- (vi) if "**30E/360**" or "**Eurobond Basis**" is so specified means, the number of days in the Calculation Period divided by 360 (the number of days to be calculated on the basis of a year of 360 days with 12 30-day months, without regard to the date of the first day or last day of the Calculation Period unless, in the case of the final Calculation Period, the date of final maturity is the last day of the month of February, in which case the month of February shall not be considered to be lengthened to a 30-day month),

provided, however, that in each such case the number of days in the Calculation Period is calculated from and including the first day of the Calculation Period to but excluding the last day of the Calculation Period;

"Dealer Agreement" means the agreement between the Issuer and certain Dealer (as named therein) concerning the subscription and purchase of notes to be issued pursuant to the Programme as amended from time to time or any restatement thereof for the time being in force;

"Distribution Date" means the date or dates specified as such in, or determined in accordance with the provisions of, the relevant Prospectus Supplement/Final Terms, and where the relevant Distribution Date is not a Business Day, as the same may be adjusted in accordance with the relevant Business Day Convention;

"Distribution Ledger" means a ledger within the Issuer Distribution Account in relation to a specific Note Series;

"Extraordinary Resolution" has the meaning given in the Issuer Master Framework Agreement;

"Final Redemption Date" means the date specified as such in, or determined in accordance with the provisions of, the relevant Prospectus Supplement/Final Terms, and where the Final Redemption Date is not a Business Day, as the same may be adjusted in accordance with the relevant Business Day Convention;

"First Interest Payment Date" means the date specified as such in, or determined in accordance with the provisions of, the relevant Prospectus Supplement/Final Terms, and where the First Interest Payment Date is not a Business Day, as the same may be adjusted in accordance with the relevant Business Day Convention;

"Floating Rate Commencement Date" is specified in the relevant Prospectus Supplement/Final Terms as either the Interest Payment Date of the first month falling in the Regulated Amortisation Period or the Rapid Amortisation Period (or if such date has passed, the immediately following Interest Payment Date) or the Scheduled Redemption Date;

"Global Note Certificate" means a Note Certificate in global form;

"Indebtedness" means any Indebtedness of any Person for money borrowed or raised including (without limitation) any Indebtedness for or in respect of:

- (i) amounts raised by acceptance under any acceptance credit facility;
- (ii) amounts raised under any note purchase facility;
- (iii) the amount of any liability in respect of leases or hire purchase contracts which would, in accordance with applicable law and generally accepted accounting principles, be treated as finance or capital leases;
- (iv) the amount of any liability in respect of any purchase price for assets or services the payment of which is deferred for a period in excess of 60 days; and
- (v) amounts raised under any other transaction (including, without limitation, any forward sale or purchase agreement) having the commercial effect of a borrowing;

"Individual Note Certificate" means an Individual Note Certificate issued in the circumstances set out in the Note Trust Deed;

"Initial Rate" has the meaning given in the relevant Prospectus Supplement/Final Terms;

"Interest Amount" means, in relation to a note and an Interest Period, the amount of interest payable in respect of that Note for that Interest Period;

"Interest Commencement Date" means the Issue Date of the notes or such other date as may be specified as the Interest Commencement Date in the relevant Prospectus Supplement/Final Terms;

"Interest Determination Date" has the meaning given in the relevant Prospectus Supplement/Final Terms;

"ISDA Definitions" means the 2000 ISDA Definitions (as amended and updated as at the date of issue of the first notes of the relevant Note Series (as specified in the relevant Prospectus Supplement/Final Terms) as published by the International Swaps and Derivatives Association, Inc.) or, if so specified in the relevant Prospectus Supplement/Final Terms, the 2006 ISDA Definitions (as amended and updated as at the date of issue of the first notes of the relevant Note Series (as specified in the relevant Prospectus Supplement/Final Terms) as published by the International Swaps and Derivatives Association, Inc.);

"Issue Date" has the meaning given in the relevant Prospectus Supplement/Final Terms for a Note Series;

"Issuer Bank Accounts" means the Issuer Distribution Account and the Call Protection Accumulation Deposit Account;

"Issuer Distribution Account" means the Accounts opened pursuant to the Issuer Distribution Account Bank Agreement in relation to all notes issued by the Issuer;

"Issuer Master Framework Agreement" means the issuer master framework agreement dated 16 October 2008 between, amongst others, the Issuer and the Note Trustee, as amended and restated from time to time;

"Loan Note" means each notional tranche of Global Loan Note No. 1 created pursuant to a Loan Note Supplement;

"Loan Note Holder's Profit Amount" means in respect of each Loan Note Holder with respect to:

- (a) any Transfer Date falling on or up to 16 October 2009, an amount of £1,750; and

- (b) any Transfer Date falling after 16 October 2009, an amount rounded up to the nearest penny, equal to the lesser of one-twelfth of (i) £12,000 and (ii) the aggregate of £1,200 per Note Series outstanding during the course of the previous 11 Monthly Periods;

"Loan Note Supplement" means the relevant supplement to Global Loan Note No.1 creating a Loan Note certain details of which are set out in the relevant Prospectus Supplement/Final Terms to these terms and conditions;

"London Business Day" means a day on which commercial banks and foreign exchange markets settle payments generally in London, England;

"Margin" has the meaning given in the relevant Prospectus Supplement/Final Terms;

"Most Senior Class of Notes" means the Class A Notes for so long as there are any Class A Notes outstanding, thereafter the Class B Notes for so long as there are any Class B Notes outstanding, thereafter the Class C Notes for so long as there are any Class C Notes outstanding, thereafter the Class D Notes for so long as there are any Class D Notes outstanding;

"Note Certificate" means a Global Note Certificate, an Individual Note Certificate or a Registered Uncleared Note Certificate;

"Note Series" means those notes of the same class and with the same terms and conditions issued in accordance with a particular Prospectus Supplement/Final Terms;

"Participating Member State" means a member state of the European Communities which adopts the Euro as its lawful currency in accordance with the Treaty;

"Pay Out Event" means a **"Trust Pay Out Event"** or **"Trust Series Pay Out Event"** as defined in *"The Penarth Receivables Trust - Trust Pay Out Events"*;

"Payment Business Day" means, unless otherwise specified in the Prospectus Supplement/Final Terms, a Business Day;

"Person" means any individual, company, corporation, firm, partnership, joint venture, association, organisation, state or agency of a state or other entity, whether or not having separate legal personality;

"Principal Amount Outstanding" means, in relation to a note on any date, the principal amount of that Note on the Issue Date (and, in respect of any variable funding notes, any other advances made in respect of such note) less the aggregate amount of all Principal Payments in respect of that Note that have become due and payable by the Issuer to the Noteholder concerned by virtue of the Issuer having received funds in respect thereof from Loan Note Issuer No.1 as described in Condition 7 (*Redemption and Purchase*) (whether or not such Principal Payments have been paid to such Noteholder) prior to such date in accordance with the conditions of the Related Loan Notes; **provided, however, that** solely for the purpose of calculating the Principal Amount Outstanding under Condition 6 (*Interest*), 7 (*Redemption and Purchase*) and 10 (*Events of Default*) all such Principal Payments due and unpaid on or prior to such date shall also be taken into account as forming part of such Principal Amount Outstanding;

"Principal Financial Centre" means, in relation to Sterling, London, in relation to U.S. Dollars, New York and in relation to Euro, it means the Principal Financial Centre of such member state of the European Communities as is selected (in the case of a payment) by the payee or (in the case of a calculation) by the Calculation Agent;

"Rapid Amortisation Period" means, for any Note Series, for the purposes of these Conditions, the period commencing on the day on which a Rapid Amortisation Trigger Event is deemed to occur for the Related Loan Note pursuant to the provisions of the relevant Loan Note Supplement, and ending on the earlier of (i) the day on which the Outstanding Principal Amount of the Related Loan Note is reduced to zero; (ii) the Final Redemption Date of the notes; and (iii) the date of dissolution of the Penarth Receivables Trust;

"Rate of Interest" means the rate or rates (expressed as a percentage per year) of interest payable in respect of the notes specified in the relevant Prospectus Supplement/Final Terms or calculated or determined in accordance with the provisions of these Conditions and/or the relevant Prospectus Supplement/Final Terms;

"Rating Agencies" means Standard & Poor's Ratings Group, Fitch Ratings Ltd. and Moody's Investor Services Limited;

"Redemption Period Interest Payment Dates" means the date or dates specified as such in, or determined in accordance with the provisions of, the relevant Prospectus Supplement/Final Terms, and where the relevant Redemption Period Interest Payment Date is not a Business Day, as the same may be adjusted in accordance with the relevant Business Day Convention;

"Reference Banks" means the principal London office of each of Barclays Bank PLC, Citibank, N.A., HSBC Bank plc and The Royal Bank of Scotland plc, or any duly appointed substitute reference bank(s) as may be appointed by the Issuer to provide the Agent Bank with its offered quotation to leading banks in the London interbank market;

"Regular Interest Payment Dates" means the date or dates specified as such in, or determined in accordance with the provisions of, the relevant Prospectus Supplement/Final Terms, and where the relevant regular Interest Payment Date is not a Business Day, as the same may be adjusted in accordance with the relevant Business Day Convention;

"Regular Period" means unless specified otherwise in a Condition containing a specific provision or the relevant Prospectus Supplement/Final Terms:

- (i) in the case of notes where interest is scheduled to be paid only by means of regular payments, each period from and including the Interest Commencement Date to but excluding the First Interest Payment Date and each successive period from and including one Interest Payment Date to but excluding the next Interest Payment Date;
- (ii) in the case of notes where, apart from the first Interest Period, interest is scheduled to be paid only by means of regular payments, each period from and including a Regular Date falling in any year to but excluding the next Regular Date, where **"Regular Date"** means the day and month (but not the year) on which any Interest Payment Date falls; and
- (iii) in the case of notes where, apart from one Interest Period other than the first Interest Period, interest is scheduled to be paid only by means of regular payments, each period from and including a Regular Date falling in any year to but excluding the next Regular Date, where **"Regular Date"** means the day and month (but not the year) on which any Interest Payment Date falls other than the Interest Payment Date falling at the end of the irregular Interest Period;

"Regulated Amortisation Period" means, for any Note Series, for the purposes of these Conditions, the period commencing on the day on which a **"Regulated Amortisation Trigger Event"** is deemed to occur for the Related Loan Note pursuant to the provisions of the relevant Loan Note Supplement, and ending on the earlier of (i) the day on which the Outstanding Principal Amount of the Related Loan Note is reduced to zero (ii) the commencement of a Rapid Amortisation Period for the Related Loan Note and (iii) the Final Redemption Date of the notes;

"Related Loan Note" means, for any Note Series, the Loan Note specified in the relevant Prospectus Supplement/Final Terms as the Loan Note the subject of first fixed Loan Note Security to collateralise that Series;

"Relevant Date" means in relation to any payment whichever is the later of (a) the date on which the payment in question first becomes due and (b) if the full amount payable has not been received in London by the Principal Paying Agent or the Note Trustee on or prior to such due date, the date on which (the full amount having been so received) notice to that effect has been given to the Noteholders in accordance with Condition 16;

"Relevant Indebtedness" means any Indebtedness which is in the form of or represented by any bond, note, debenture, debenture stock, loan stock, certificate or other instrument which is, or is

capable of being, listed, quoted or traded on any stock exchange or in any securities market (including, without limitation, any over-the-counter market);

"Relevant Screen Page" means the page of the Reuters screen (presently CAR2) or such other medium for the electronic display of data as may be approved by the Note Trustee and notified to the Noteholders of a relevant Note Series;

"Revolving Period" means for any Note Series, for the purposes of these Conditions, any period which is not an Accumulation Period or Amortisation Period for that Note Series;

"Scheduled Redemption Date" has the meaning given in the relevant Prospectus Supplement/Final Terms;

"Security Interest" means any mortgage, charge, pledge, lien or other security interest including, without limitation, anything analogous to any of the foregoing under the laws of any jurisdiction;

"Specified Currency" has the meaning given in the relevant Prospectus Supplement/Final Terms;

"Specified Office" has the meaning given in the Paying Agency Agreement;

"Subsidiary" means, in relation to any Person (the **"First Person"**) at any particular time, any other Person (the **"Second Person"**):

- (i) whose affairs and policies the First Person controls or has the power to control, whether by ownership of share capital, contract, the power to appoint or remove members of the governing body of the Second Person or otherwise; or
- (ii) whose financial statements are, in accordance with applicable law and generally accepted accounting principles, consolidated with those of the First Person;

"Swap Agreement" means the relevant currency swap agreement and the interest swap agreement in respect of a Note Series, in each case, in the form of an ISDA Master Agreement, including a schedule, one or more confirmations and a credit support annex;

"TARGET2" means the Trans-European Automated Real-Time Gross Settlement Express Transfer payment system which utilises a single shared platform and which was launched on 19 November 2007;

"TARGET Settlement Day" means any day on which TARGET2 is open for the settlement of payments in Euro; and

"Treaty" means the Treaty establishing the European Communities, as amended.

(b) *Interpretation:* In these Conditions:

- (i) any reference to principal shall be deemed to include the Redemption Amount, any premium (excluding interest) payable to the holder in respect of a note and any other amount in the nature of principal payable pursuant to these Conditions;
- (ii) any reference to interest shall be deemed to include any other amount in the nature of interest payable pursuant to these Conditions;
- (iii) references to Notes being **"outstanding"** shall be construed in accordance with the Paying Agency Agreement and the Note Trust Deed;
- (iv) if an expression is stated in Condition 2(a) to have the meaning given in the relevant Prospectus Supplement/Final Terms, but the relevant Prospectus Supplement/Final Terms gives no such meaning or specifies that such expression is "not applicable" then such expression is Not Applicable to the notes; and
- (v) any reference to the Paying Agency Agreement and the Note Trust Deed shall be construed with respect to any Note Series as a reference to the Paying Agency

Agreement or the Note Trust Deed, as the case may be, as amended and/or supplemented up to and including the Issue Date of the notes of that Note Series.

3. **Form, Denomination and Title**

Unless otherwise specified in the relevant Note Trust Deed Supplement, the notes will be issued in registered form ("**Registered Notes**"), in the minimum authorised denomination of €50,000 or its equivalent or as otherwise specified in the related Prospectus Supplement/Final Terms and higher integral multiples of €1,000 **provided that** in the case of any notes which are to be admitted to trading on a regulated market within the European Economic Area or offered to the public in a Member State of the European Economic Area in circumstances which require the publication of a prospectus under the Prospectus Directive, the minimum denomination shall be €50,000 (or such amount as shall be at least equal to its equivalent in any other currency as at the date of issue of those notes as specified in the relevant Prospectus Supplement/Final Terms). References in these Conditions to "Notes" include Registered Notes and all applicable classes (if any) in the Note Series.

- (a) *Register:* The relevant Registrar will maintain a register (a "**Register**") in respect of the notes in accordance with the provisions of the Paying Agency Agreement. The "holder" of a note means the Person in whose name such note is for the time being registered in the Register maintained by the relevant Registrar (or, in the case of a joint holding, the first named thereof) and "Noteholder" shall be construed accordingly.
- (b) *Title:* The holder of each note shall (except as otherwise required by law) be treated as the absolute owner of such note for all purposes (whether or not it is overdue and regardless of any notice of ownership, trust or any other interest therein, any writing on the Note Certificate relating thereto (other than the endorsed form of transfer) or any notice of any previous loss or theft of such Note Certificate) and no Person shall be liable for so treating such holder. A certificate (each, a "**Note Certificate**") will be issued to each Noteholder in respect of its registered holding. Each Note Certificate will be numbered serially with an identifying number which will be recorded in the Register maintained by the relevant Registrar.
- (c) *Transfers:* Subject to paragraphs (g) (*Closed periods*) and (h) (*Regulations concerning transfers and registration*) below, a note may be transferred upon surrender of the relevant Note Certificate, with the endorsed form of transfer duly completed, at the Specified Office of the relevant Registrar together with such evidence as such Registrar may reasonably require to prove the title of the Transferor and the authority of the individuals who have executed the form of transfer; provided, however, that a note may not be transferred unless the principal amount of notes transferred and (where not all of the notes held by a holder are being transferred) the principal amount of the balance of notes not transferred are an authorised denomination or multiple thereof. Where not all the notes represented by the surrendered Note Certificate are the subject of the transfer, a new Note Certificate in respect of the balance of the notes will be issued to the Transferor.
- (d) *Denomination:* So long as the notes are represented by a Global Note Certificate and the relevant clearing system(s) so permit, the notes shall be tradeable only in the minimum authorised denomination of €50,000 (or such amount as shall be at least equal to its equivalent in any other currency as at the date of issue of those notes as specified in the relevant Prospectus Supplement/Final Terms) and higher integral multiples of €1,000 as specified in the relevant Prospectus Supplement/Final Terms notwithstanding that no Individual Note Certificate will be issued with a denomination above €99,000 (or such amount as shall be at least equal to its equivalent in any other currency as at the date of issue of those notes as specified in the relevant Prospectus Supplement/Final Terms).
- (e) *Registration and delivery of Note Certificates:* Within five Business Days of the surrender of a Note Certificate in accordance with paragraph (c) (*Transfers*) above, the relevant Registrar will register the transfer in question and deliver a new Note Certificate of a like principal amount to the notes transferred to each relevant holder at its Specified Office or (at the request and risk of any such relevant holder) by uninsured first class mail (airmail if overseas) to the address specified for the purpose by such relevant holder.

- (f) *No charge*: The transfer of a note will be effected without charge by or on behalf of the Issuer or the relevant Registrar, but against such indemnity as such Registrar may require in respect of any tax or other duty of whatsoever nature which may be levied or imposed in connection with such transfer.
- (g) *Closed periods*: Noteholders may not require transfers to be registered during the period of 15 days ending on the due date for any payment of principal or interest in respect of the notes.
- (h) *Regulations* concerning transfers and registration: All transfers of notes and entries on the relevant Register are subject to the detailed regulations concerning the transfer of notes scheduled to the Paying Agency Agreement. The regulations may be changed by the Issuer with the prior written approval of the Note Trustee and the relevant Registrar. A copy of the current regulations will be mailed (free of charge) by the relevant Registrar to any Noteholder who requests in writing a copy of such regulations.

4. **Status, Security and Priority of Payment**

(a) *Status*

The Notes of each Note Series are direct, secured and unconditional obligations of the Issuer which will at all times rank *pari passu* and *pro rata* without preference or priority amongst themselves.

Each Note Series will rank *pari passu* with each other Note Series of the same class with respect to the cashflows available to that Note Series secured by first fixed Security both prior to and following enforcement but otherwise a Note Series of class A notes will rank in priority to a Note Series of class B notes, a Note Series of class C notes and a Note Series of class D notes, if any, and a Note Series of class B notes will rank in priority to a Note Series of class C notes and a Note Series of class D notes, if any, and a Note Series of class C notes will rank in priority to a Note Series of class D notes, if any, and each Note Series of a class will rank *pari passu* without preference or priority amongst other Note Series of the same class.

(b) *Security*

As Security for the payment of all monies payable in respect of a Note Series under the Note Trust Deed (including the remuneration, expenses and any other claims of the Note Trustee and any receiver appointed under the Note Trust Deed), the Issuer will pursuant to the Note Trust Deed and the Note Trust Deed Supplement create the following security (the "**Security**") in favour of the Note Trustee for itself and on trust for, *inter alios*, the Noteholders of such Note Series:

- (i) an assignment by way of first fixed Security under Jersey law of the Issuer Jersey collateral (as described in the relevant Note Trust Deed Supplement);
- (ii) an assignment by way of first fixed Security under English law of the Issuer's right, title, interest and benefit in and to the Related Loan Note for that Note Series under Global Loan Note No. 1 and the Loan Note Supplement for the Related Loan Note for that Note Series, save to the extent that such right, title and interest constitutes assets situated in Jersey;
- (iii) an assignment by way of first fixed Security under English law of the Issuer's right, title and interest in the Security Interest created in favour of the Security Trustee by Loan Note Issuer No.1 in respect of Global Loan Note No. 1 (to the extent it relates to such Note Series), save to the extent that such right, title and interest constitutes assets situated in Jersey;
- (iv) an assignment by way of first fixed Security under English law of the Issuer's right, title, interest and benefit in and to any agreements or documents to which the Issuer is a party (and sums received or recoverable thereunder) save to the extent that such right, title and interest constitutes assets situated in Jersey;

- (v) an assignment by way of first fixed Security under English law of the Issuer's right, title, interest and benefit in and to all monies credited in respect of the relevant Distribution Ledger(s) of the Issuer Distribution Account or to any bank or other account in which the Issuer may at any time have any right, title, interest or benefit save to the extent that such right, title and interest constitutes assets situated in Jersey; and
- (vi) a first floating charge under English law over the Issuer's undertaking and assets not charged under (i) to (v) above (excluding however, the Issuer's right, title and interest in assets situated in Jersey and including all assets governed by or otherwise subject to Scots law),

all as more particularly described in the Note Trust Deed and the Note Trust Deed Supplement. In addition, pursuant to the Note Trust Deed, the Issuer has, by way of first fixed Security for payment of all monies payable in respect of the notes of such Series under the Note Trust Deed, assigned to the Note Trustee those assets that are situated in Jersey.

(c) *Application of Proceeds Upon Enforcement*

The Note Trust Deed and each Note Trust Deed Supplement will contain provisions regulating the priority of application of amounts prior to the enforcement of any Security. Following the enforcement of any Security, payments shall be applied in the following order of priority:

- (i) *first*, in no order of priority among the respective amounts then due but proportionally to such amounts, to pay remuneration then due to any receiver or the Note Trustee and all amounts due in respect of legal fees and other costs, charges, liabilities, expenses, losses, damages, proceedings, claims and demands then incurred by the Note Trustee under and in respect of the Related Documents (as defined in Condition 5(ii)(a), but excluding the Dealer Agreement) and in enforcing the Security created by or pursuant to the Note Trust Deed and each Note Trust Deed Supplement thereto or in perfecting title to the Security, together with interest thereon as provided in any such document;
- (ii) *secondly*, in priority (A) (to the extent not met by (i) above) in payment or satisfaction of all amounts then due and unpaid to the Note Trustee and/or any appointee and/or any agent of the Note Trustee under the Related Documents (other than the Dealer Agreement), Note Trust Deed and each Note Trust Deed Supplement thereto, and then (B) in payment or satisfaction of all amounts then due and unpaid under the Issuer Corporate Services Agreement;
- (iii) *thirdly*, for each Note Series of class A notes *pari passu* and in no order of priority among themselves but proportionally to the respective amounts then due (such amount not to exceed an amount equal to the proceeds from the first fixed Security granted in favour of that Note Series less its *pro rata* share of items (i) and (ii)):
 - (A) if the Issuer has entered into a Swap Agreement for the particular Note Series of class A notes (and subject to (iv) below) in meeting the claims of the Swap Counterparty in respect of any termination payment under the Swap Agreement to be paid to the Swap Counterparty by the Issuer in accordance with the early termination provisions of the relevant Swap Agreement (the "**Class A Swap Termination Amount**"); and
 - (B) if the Issuer has entered into a Swap Agreement for the particular Note Series of class A notes, then prior to the Final Redemption Date, in or towards payment of all principal, premium (if any) and interest then due and unpaid in respect of the Note Series of class A notes and (on and following the Final Redemption Date) in and towards payments of amounts due and unpaid in respect of the Note Series in priority, first to interest, secondly to premium (if any) and thirdly to principal, **provided that** in the event that enforcement of the Security created by the Note Trust Deed and the relevant Supplement thereto is as a result of the termination of the applicable Swap Agreement for a reason other than a Counterparty Swap Event of Default (and without prejudice to the continuing liability of the Issuer to make payments to the Noteholders of the relevant Note

Series of class A notes in accordance with the terms and conditions of the Note Series apart from these paragraphs (A) and (B)), amounts available to be paid under these paragraphs (A) and (B) will be limited to amounts which are paid to the Issuer and referable to (1) the Note Series only, or (2) the Swap Agreement; and

- (C) if the Issuer has not entered into a Swap Agreement for the particular Note Series of class A notes, (prior to the Final Redemption Date) in or towards payment of all principal, premium (if any) and interest (such monies to be applied first to the payment of any Interest Amount, secondly to the payment of any outstanding Deferred Interest and thereafter for the payment of any Additional Interest) then due and unpaid in respect of any notes of the relevant Note Series of class A notes and (on and following the Final Redemption Date) in or towards payment of amounts due and unpaid in respect of any notes in priority first to interest (such monies to be applied first to the payment of any Interest Amount, secondly to the payment of any outstanding Deferred Interest and thereafter for the payment of any Additional Interest on class A notes), secondly to premium (if any) and thirdly to principal;
- (iv) *fourthly*, if the Issuer has entered into a Swap Agreement for the particular Note Series of class A notes, then in the event the Swap Agreement is terminated as a result of a Counterparty Swap Event of Default, in meeting the claims of the Swap Counterparty in respect of any swap termination amount (such amount not to exceed an amount equal to the proceeds from the first fixed Security granted in favour of that Note Series less its *pro rata* share of items (i) and (ii) and item (iii));
- (v) *fifthly*, for each Note Series of class B notes *pari passu* and in no order of priority among themselves but proportionally to the respective amounts then due such amount not to exceed an amount equal to the proceeds from the first fixed Security granted in favour of that Note Series less its *pro rata* share of items (i) and (ii):
 - (A) if the Issuer has entered into a Swap Agreement for the particular Note Series of class B notes (and subject to (vi) below) in meeting the claims of the Swap Counterparty in respect of any termination payment under the Swap Agreement to be paid to the Swap Counterparty by the Issuer in accordance with the early termination provisions of the relevant Swap Agreement (the "**Class B Swap Termination Amount**"); and
 - (B) if the Issuer has entered into a Swap Agreement for the particular Note Series of class B notes, then prior to the Final Redemption Date, in or towards payment of all principal, premium (if any) and interest then due and unpaid in respect of the Note Series of class B notes and (on and following the Final Redemption Date) in and towards payments of amounts due and unpaid in respect of the Note Series in priority, first to interest, secondly to premium (if any) and thirdly to principal, provided that in the event that enforcement of the Security created by the Note Trust Deed and the relevant Supplement thereto is as a result of the termination of the applicable Swap Agreement for a reason other than a Counterparty Swap Event of Default (and without prejudice to the continuing liability of the Issuer to make payments to the Noteholders of the relevant Note Series of class B notes in accordance with the terms and conditions of the Note Series apart from these paragraphs (A) and (B)), amounts available to be paid under these paragraphs (A) and (B) will be limited to amounts which are paid to the Issuer and referable to (1) the Note Series only, or (2) the Swap Agreement; and
 - (C) if the Issuer has not entered into a Swap Agreement for the particular Note Series of class B notes, (prior to the Final Redemption Date) in or towards payment of all principal, premium (if any) and interest (such monies to be applied first to the payment of any Interest Amount, secondly to the payment of any outstanding Deferred Interest and thereafter for the payment of any Additional Interest) then due and unpaid in respect of any notes of the relevant

Note Series of class B notes and (on and following the Final Redemption Date) in or towards payment of amounts due and unpaid in respect of any notes in priority first to interest (such monies to be applied first to the payment of any Interest Amount, secondly to the payment of any outstanding Deferred Interest and thereafter for the payment of any Additional Interest on class B notes), secondly to premium (if any) and thirdly to principal;

- (vi) *sixthly*, if the Issuer has entered into a Swap Agreement for the particular Note Series of class B notes, then in the event the Swap Agreement is terminated as a result of a Counterparty Swap Event of Default, in meeting the claims of the Swap Counterparty in respect of any swap termination amount such amount not to exceed an amount equal to the proceeds from the first fixed Security granted in favour of that Note Series less its *pro rata* share of items (i) and (ii) and item (v);
- (vii) *seventhly*, for each Note Series of class C notes *pari passu* and in no order of priority among themselves but proportionally to the respective amounts then due such amount not to exceed an amount equal to the proceeds from the first fixed Security granted in favour of that Note Series less its *pro rata* share of items (i) and (ii):
 - (A) if the Issuer has entered into a Swap Agreement for the particular Note Series of class C notes (and subject to (viii) below) in meeting the claims of the Swap Counterparty in respect of any termination payment under the Swap Agreement to be paid to the Swap Counterparty by the Issuer in accordance with the early termination provisions of the relevant Swap Agreement (the "**Class C Swap Termination Amount**"); and
 - (B) if the Issuer has entered into a Swap Agreement for the particular Note Series of class C notes, then prior to the Final Redemption Date, in or towards payment of all principal, premium (if any) and interest then due and unpaid in respect of the Note Series of class C notes and (on and following the Final Redemption Date) in and towards payments of amounts due and unpaid in respect of the Note Series in priority, first to interest, secondly to premium (if any) and thirdly to principal, **provided that** in the event that enforcement of the Security created by the Note Trust Deed and the relevant Supplement thereto is as a result of the termination of the applicable Swap Agreement for a reason other than a Counterparty Swap Event of Default (and without prejudice to the continuing liability of the Issuer to make payments to the Noteholders of the relevant Note Series of class C notes in accordance with the terms and conditions of the Note Series apart from these paragraphs (A) and (B)), amounts available to be paid under these paragraphs (A) and (B) will be limited to amounts which are paid to the Issuer and referable to (1) the Note Series only, or (2) the Swap Agreement; and
 - (C) if the Issuer has not entered into a Swap Agreement for the particular Note Series of class C notes, (prior to the Final Redemption Date) in or towards payment of all principal, premium (if any) and interest (such monies to be applied first to the payment of any Interest Amount, secondly to the payment of any outstanding Deferred Interest and thereafter for the payment of any Additional Interest) then due and unpaid in respect of any notes of the relevant Note Series of class C notes and (on and following the Final Redemption Date) in or towards payment of amounts due and unpaid in respect of any notes in priority first to interest (such monies to be applied first to the payment of any Interest Amount, secondly to the payment of any outstanding Deferred Interest and thereafter for the payment of any Additional Interest on class C notes), secondly to premium (if any) and thirdly to principal;
- (viii) *eighthly*, if the Issuer has entered into a Swap Agreement for the particular Note Series of class C notes, then in the event the Swap Agreement is terminated as a result of a Counterparty Swap Event of Default, in meeting the claims of the Swap Counterparty in respect of any swap termination amount such amount not to exceed an amount equal to

the proceeds from the first fixed Security granted in favour of that Note Series less the *pro rata* share of items (i) and (ii) and item (vii);

- (ix) *ninthly*, for each Note Series of class D notes *pari passu* and in no order of priority among themselves but proportionally to the respective amounts then due such amount not to exceed an amount equal to the proceeds from the first fixed Security granted in favour of that Note Series less its *pro rata* share of items (i) and (ii):
 - (A) if the Issuer has entered into a Swap Agreement for the particular Note Series of class D notes (and subject to (x) below) in meeting the claims of the Swap Counterparty in respect of any termination payment under the Swap Agreement to be paid to the Swap Counterparty by the Issuer in accordance with the early termination provisions of the relevant Swap Agreement (the "**Class D Swap Termination Amount**"); and
 - (B) if the Issuer has entered into a Swap Agreement for the particular Note Series of class D notes, then prior to the Final Redemption Date, in or towards payment of all principal, premium (if any) and interest then due and unpaid in respect of the Note Series of class D notes and (on and following the Final Redemption Date) in and towards payments of amounts due and unpaid in respect of the Note Series in priority, first to interest, secondly to premium (if any) and thirdly to principal, **provided that** in the event that enforcement of the Security created by the Note Trust Deed and the relevant Supplement thereto is as a result of the termination of the applicable Swap Agreement for a reason other than a Counterparty Swap Event of Default (and without prejudice to the continuing liability of the Issuer to make payments to the Noteholders of the relevant Note Series of class D notes in accordance with the terms and conditions of the Note Series apart from these paragraphs (A) and (B)), amounts available to be paid under these paragraphs (A) and (B) will be limited to amounts which are paid to the Issuer and referable to (1) the Note Series only, or (2) the Swap Agreement; and
 - (C) if the Issuer has not entered into a Swap Agreement for the particular Note Series of class D notes, (prior to the Final Redemption Date) in or towards payment of all principal, premium (if any) and interest (such monies to be applied first to the payment of any Interest Amount, secondly to the payment of any outstanding Deferred Interest and thereafter for the payment of any Additional Interest) then due and unpaid in respect of any notes of the relevant Note Series of class D notes and (on and following the Final Redemption Date) in or towards payment of amounts due and unpaid in respect of any notes in priority first to interest (such monies to be applied first to the payment of any Interest Amount, secondly to the payment of any outstanding Deferred Interest and thereafter for the payment of any Additional Interest on class D notes), secondly to premium (if any) and thirdly to principal;
- (x) *tenthly*, if the Issuer has entered into a Swap Agreement for the particular Note Series of class D notes, then in the event the Swap Agreement is terminated as a result of a Counterparty Swap Event of Default, in meeting the claims of the Swap Counterparty in respect of any swap termination amount such amount not to exceed an amount equal to the proceeds from the first fixed Security granted in favour of that Note Series less the *pro rata* share of items (i) and (ii) and item (ix);
- (xi) *eleventhly*, in or towards payment of any sums due from (or required to be provided for by) the Issuer to meet its liabilities to any taxation authority (including in respect of corporation tax to HMRC but save insofar as such payment may be made out of sums retained as the Loan Note Holder's Profit Amount);
- (xii) *twelfthly*, in or towards retention of any sums received as the Loan Note Holder's Profit Amount;

- (xiii) *thirteenthly*, in payment of the balance (if any) of the aggregate amount remaining from the proceeds of the first fixed Security granted in favour of each relevant Note Series after the payment of the items set out above shall be paid to Loan Note Issuer No.1 identified as deferred subscription price in respect of Global Loan Note No. 1; and
- (xiv) *fourteenthly*, in or towards payment of any other sums due to Noteholders of a Note Series or sums due to third parties under obligations incurred in the course of the Issuer's business or, in the event that all such sums due have been paid, as deferred subscription price in respect of Global Loan Note No. 1, **provided that** amounts paid to Noteholders of a Note Series should be paid in priority to (A) *pari passu* and *pro rata* to the amounts due to Noteholders of each Note Series of class A notes, then (B) *pari passu* and *pro rata* to the amounts due to Noteholders of each Note Series of class B notes, then (C) *pari passu* and *pro rata* to the amounts due to Noteholders of each Note Series of class C notes and then (D) *pari passu* and *pro rata* to the amounts due to Noteholders of each Note Series of class D notes.

5. **Negative Covenants of the Issuer**

So long as any of the notes remains outstanding (as defined in the Note Trust Deed), the Issuer shall not, save to the extent permitted by the Related Documents or with the prior written consent of the Note Trustee:

- (i) create or permit to subsist any mortgage, charge, pledge, lien or other Security Interest including, without limitation, anything analogous to any of the foregoing under the laws of any jurisdiction upon the whole or any part of its present or future undertaking, assets or revenues (including uncalled capital);
- (ii) carry on any business other than as described in this Base Prospectus relating to the issue of the notes and in respect of that business shall not engage in any activity or do anything whatsoever except:
 - (a) preserve and/or exercise and/or enforce any of its rights and perform and observe its obligations under the notes appertaining thereto, the Note Trust Deed and each Note Trust Deed Supplement thereto, the Paying Agency Agreement, the Dealer Agreement, each Swap Agreement, Global Loan Note No. 1, each Loan Note Supplement, each Prospectus Supplement/Final Terms and the Account Bank Agreement and any bank mandate regarding the Issuer Distribution Account (together the "**Related Documents**");
 - (b) use, invest or dispose of any of its property or assets in the manner provided in or contemplated by the Related Documents; and
 - (c) perform any act incidental to or necessary in connection with paragraphs (a) or (b) above;
- (iii) have or form, or cause to be formed, any subsidiaries or subsidiary undertakings or undertakings of any other nature or have any employees or premises or have an interest in a bank account other than the Issuer Bank Accounts;
- (iv) create, incur or suffer to exist any Indebtedness (other than Indebtedness permitted to be incurred under the terms of its articles of association and pursuant to or as contemplated in any of the Related Documents) or give any guarantee or indemnity in respect of any obligation of any Person;
- (v) repurchase any shares of its capital stock or declare or pay any dividend or other distribution to its shareholders other than a lawful dividend under English Law of amounts not exceeding the Loan Note Holder's Profit Amount from time to time received by it (after payment of any applicable taxes thereon);
- (vi) waive, modify or amend, or consent to any waiver, modification or amendment of, any of the provisions of the Related Documents without the prior written consent of the Note Trustee or, as the case may be, the Noteholders (and, in the case of the notes, of (i) the

Rate of Interest), or (ii) any Interest Period, without the prior written consent of the Transferor Beneficiary;

- (vii) offer to surrender to any company any amounts which are available for surrender by way of group relief; or
- (viii) consolidate or merge with any other Persons or convey or transfer its properties or assets substantially as an entirety to any other Person.

6. Interest

(a) *Specific Provision: Floating Rate Sterling Notes*

This Condition 6(a) is applicable to the notes if the Specified Currency is Sterling and the notes are issued as floating rate notes.

Each note bears interest at a floating rate on its Principal Amount Outstanding from (and including) the Interest Commencement Date. Interest in respect of the notes is payable in arrear in Sterling on each Interest Payment Date.

If there is a shortfall between the amounts received by the Issuer from the Swap Counterparty or otherwise and the amount of interest due on any class of notes on that Interest Payment Date, that shortfall will be borne by each note in that class in a proportion equal to the proportion that the interest outstanding on the relevant note bears to the total amount of interest outstanding on all the notes of that class. This will be determined on the Interest Payment Date on which the shortfall arises. Payment of the shortfall will be deferred and will be due on the next Interest Payment Date on which funds are available to the Issuer, or, if earlier, the Final Redemption Date, from payments made to it from the Swap Counterparty or otherwise on that Interest Payment Date, to make the payment. The shortfall will accrue interest at the rate described for each class of note below plus the Margin, and payment of that interest will also be deferred and will be due on the next Interest Payment Date on which funds are available to the Issuer to make the payment or, if earlier, on the Final Redemption Date.

"**Interest Payment Date**" means the following dates:

- (i) during any period that is not an Amortisation Period, the First Interest Payment Date and each Regular Interest Payment Date (as specified in the relevant Prospectus Supplement/Final Terms); and
- (ii) during an Amortisation Period, each Distribution Date.

Each period beginning on (and including) the Interest Commencement Date or any Interest Payment Date and ending on (but excluding) the next Interest Payment Date is herein called an "Interest Period"; provided, however, that with respect to an Interest Period that commences during any period that is not an Amortisation Period and ends during the Regulated Amortisation Period or the Rapid Amortisation Period, such Interest Period will end on the originally scheduled Interest Payment Date (and for the avoidance of doubt, in the case of an Interest Period which commences on the Interest Payment Date which falls at the end of the Interest Period during which the Rapid Amortisation Period or Regulated Amortisation Period begins, the Interest Period shall end on the next Distribution Date). The first interest payment will be made on the First Interest Payment Date in respect of the Interest Period from (and including) the Interest Commencement Date to the First Interest Payment Date.

The Rate of Interest applicable to the notes (the "**Rate of Interest**") for each Interest Period will be determined by the Agent Bank as the sum of the Margin and LIBOR for the relevant Interest Period (or in the case of the first Interest Period, a linear interpolation of the LIBOR rates for such periods as specified in the relevant Prospectus Supplement/Final Terms).

LIBOR shall be determined on the following basis:

- (i) on the Interest Commencement Date in respect of the first Interest Period and thereafter on each "**Determination Date**", namely the first day of the Interest Period for which the

rate will apply, the Agent Bank will determine the offered quotation to leading banks in the London interbank market, in respect of the first Interest Period from (and including) the Interest Commencement Date to (but excluding) the First Interest Payment Date, a linear interpolation of the rates for Sterling deposits for such period as specified in the relevant Prospectus Supplement/Final Terms and for each Interest Period thereafter, for Sterling deposits for the relevant Interest Period, by reference to the display designated as the British Bankers Association LIBOR Rates as quoted on the Reuters Screen LIBOR01 or (aa) such other pages may replace Reuters Screen LIBOR01 on that service for the purposes of displaying such information or (bb) if that service ceases to display such information, such page as displays such information on such service (or, if more than one, that one previously approved in writing by the Note Trustee) as may replace the Reuters Monitor) as at or about 11.00 a.m. (London time) on that date, (the "**Screen Rate**");

- (ii) if, on any Determination Date, the Screen Rate is unavailable, the Agent Bank will:
 - (1) request each Reference Bank to provide the Agent Bank with its offered quotation to leading banks in the London interbank market, in respect of the first Interest Period from (and including) the Interest Commencement Date to (but excluding) the First Interest Payment Date, a linear interpolation of the rates for such periods as specified in the relevant Prospectus Supplement/Final Terms and for each Interest Period thereafter, for Sterling deposits for the relevant Interest Period, as at approximately 11.00 a.m. (London time) on the Determination Date in question and in an amount that is representative for a single transaction in that market at that time; and
 - (2) determine the arithmetic mean (rounded upwards to four decimal places) of such quotations;
- (iii) if on any Determination Date the Screen Rate is unavailable and two or three only of the Reference Banks provide offered quotations, LIBOR for the relevant Interest Period shall be determined in accordance with the provisions of paragraph (ii) on the basis of the arithmetic mean (rounded upwards to four decimal places) of the offered quotations of those Reference Banks providing the offered quotations; and
- (iv) if fewer than two such quotations are provided by the Reference Banks as requested, the Agent Bank will determine the arithmetic mean (rounded upwards to four decimal places) of the rates quoted by major banks in London, selected by the Agent Bank, at approximately 11.00 a.m. (London time) on the first day of the relevant Interest Period for loans in Sterling to leading European banks for a period equal to the relevant Interest Period and in an amount that is representative for a single transaction in that market at that time,

provided that if the Agent Bank is unable to determine LIBOR in accordance with the above provisions in relation to any Interest Period, the Rate of Interest applicable to the notes during such Interest Period will be the sum of the Margin in respect of the notes and LIBOR last determined in relation to the notes in respect of the preceding Interest Period.

The Agent Bank will, as soon as practicable after the Determination Date in relation to each Interest Period, calculate the amount of interest (the "**Interest Amount**") payable in respect of the notes for such Interest Period.

The Interest Amount in respect of the notes will be calculated by applying the relevant Rate of Interest for such Interest Period to the Principal Amount Outstanding of the notes during such Interest Period, multiplying by the relevant Day Count Fraction and rounding the resulting figure to the nearest pence (half a pence rounded upwards).

(b) *Specific Provisions: Floating Rate U.S. Dollar Notes*

This Condition 6(b) is applicable to the notes if the Specified Currency is U.S. Dollars and the notes are designated as floating rate notes.

Each note bears interest at a floating rate on its Principal Amount Outstanding from (and including) the Interest Commencement Date. Interest in respect of the notes is payable in arrear in U.S. Dollars on each Interest Payment Date.

If there is a shortfall between the amounts received by the Issuer from the Swap Counterparty or otherwise and the amount of interest due on any class of notes on that Interest Payment Date, that shortfall will be borne by each note in that class in a proportion equal to the proportion that the interest outstanding on the relevant note bears to the total amount of interest outstanding on all the notes of that class. This will be determined on the Interest Payment Date on which the shortfall arises. Payment of the shortfall will be deferred and will be due on the next Interest Payment Date on which funds are available to the Issuer, or, if earlier, the Final Redemption Date, from payments made to it from the Swap Counterparty or otherwise on that Interest Payment Date, to make the payment. The shortfall will accrue interest at the rate described for each class of note below plus the Margin, and payment of that interest will also be deferred and will be due on the next Interest Payment Date on which funds are available to the Issuer to make the payment or, if earlier, on the Final Redemption Date.

"Interest Payment Date " means the following dates:

- (i) during any period that is not an Amortisation Period, the First Interest Payment Date and each Regular Interest Payment Date (as specified in the relevant Prospectus Supplement/Final Terms); and
- (ii) during an Amortisation Period, each Distribution Date.

Each period beginning on (and including) the Interest Commencement Date or any Interest Payment Date and ending on (but excluding) the next Interest Payment Date is herein called an **"Interest Period"**; **provided, however, that** with respect to an Interest Period that commences during any period that is not an Amortisation Period and ends during the Regulated Amortisation Period or the Rapid Amortisation Period, such Interest Period will end on the originally scheduled Interest Payment Date (and for the avoidance of doubt, in the case of an Interest Period which commences on the Interest Payment Date which falls at the end of the Interest Period during which the Rapid Amortisation Period or Regulated Amortisation Period begins, the Interest Period shall end on the next Distribution Date). The first interest payment will be made on the First Interest Payment Date in respect of the Interest Period from (and including) the Interest Commencement Date to the First Interest Payment Date.

The Rate of Interest applicable to the notes for each Interest Period will be determined by the Agent Bank as the sum of the Margin and LIBOR for the relevant interest period (or, in the case of the first Interest Period, a linear interpretation of the LIBOR rates for such periods as specified in the relevant Prospectus Supplement/Final Terms).

LIBOR shall be determined on the following basis:

- (i) on each Quotation Date (as defined below) until the first Quotation Date during the Regulated Amortisation Period or the Rapid Amortisation Period, the Agent Bank will determine the offered quotation to leading banks in the London interbank market — called LIBOR — for one-month U.S. Dollar deposits or three-month U.S. Dollar deposits (in accordance with the relevant Interest Period specified in the relevant Prospectus Supplement/Final Terms). In the case of the first Interest Period the Agent Bank will determine LIBOR based upon the linear interpolation of LIBOR for U.S. Dollar deposits as specified in the relevant Prospectus Supplement/Final Terms. On each Quotation Date during the Regulated Amortisation Period or the Rapid Amortisation Period, the Agent Bank will determine the offered quotation to leading banks in the London interbank market for one-month U.S. Dollar deposits.

This will be determined by reference to the British Bankers Association LIBOR Rates display as quoted on the Reuters Screen LIBOR01. If Reuters Screen LIBOR01 stops providing these quotations, the replacement service for the purposes of displaying this information will be used. If the replacement service stops displaying the information, any page showing this information will be used. If there is more than one service

displaying the information, the one approved in writing by the Note Trustee in its sole discretion will be used.

In each case above, the determination will be made as at or about 11.00 a.m. London time, on that date. These are called the "**Screen Rates**".

A "**Quotation Date**" means the second London Business Day before the first day of an Interest Period;

- (ii) if, on any Quotation Date, a Screen Rate is unavailable, the Agent Bank will:
 - (1) request each Reference Bank to provide the Agent Bank with its offered quotation to leading banks in the London interbank market of the equivalent of that Screen Rate on that Quotation Date in an amount that represents a single transaction in that market at that time; and
 - (2) determine the arithmetic mean rounded upwards to four decimal places, of those quotations;
- (iii) if, on any quotation date, the Screen Rate is unavailable and two or three only of the Reference Banks provide offered quotations, the Rate of Interest for that Interest Period will be the arithmetic mean of the quotations provided by those Reference Banks calculated in the manner described in (ii) above; and
- (iv) if fewer than two Reference Banks provide quotations, the Agent Bank will determine (in its absolute discretion) the arithmetic mean (rounded upwards to four decimal places) of the leading rates quoted by major banks in London — selected by the Agent Bank at approximately 11.00 a.m. London time on the relevant Quotation Date — to leading European banks for a period equal to the relevant Interest Period and in an amount that is representative for a single transaction in that market at that time, for loans in U.S. Dollars.

The Agent Bank will, as soon as practicable after the Quotation Date in relation to each Interest Period, calculate the amount of interest (the "**Interest Amount**") payable in respect of the notes for such Interest Period. The Interest Amount in respect of the notes will be calculated by applying the relevant Rate of Interest for such Interest Period to the Principal Amount Outstanding of the notes during such Interest Period and multiplying the product by the relevant Day Count Fraction and rounding the resulting figure to the nearest U.S. Dollar 0.01 (half of a cent being rounded upwards).

(c) *Specific Provision: Floating Rate Euro Notes*

This Condition 6(c) is applicable to the notes if the Specified Currency is Euro and the notes are designated to be floating rate notes.

Each note bears interest at a floating rate on its Principal Amount Outstanding from (and including) the Interest Commencement Date. Interest in respect of the notes is payable in arrear in Euros on each Interest Payment Date.

If there is a shortfall between the amounts received by the Issuer from the Swap Counterparty or otherwise and the amount of interest due on any class of notes on that Interest Payment Date, that shortfall will be borne by each note in that class in a proportion equal to the proportion that the interest outstanding on the relevant note bears to the total amount of interest outstanding on all the notes of that class. This will be determined on the Interest Payment Date on which the shortfall arises. Payment of the shortfall will be deferred and will be due on the next Interest Payment Date on which funds are available to the Issuer, or, if earlier, the Final Redemption Date, from payments made to it from the Swap Counterparty or otherwise on that Interest Payment Date, to make the payment. The shortfall will accrue interest at the rate described for each class of note below plus the Margin, and payment of that interest will also be deferred and will be due on the next Interest Payment Date on which funds are available to the Issuer to make the payment or, if earlier, on the Final Redemption Date.

"Interest Payment Date" means the following dates:

- (i) during any period that is not an Amortisation Period, the First Interest Payment Date and each Regular Interest Payment Date (as specified in the relevant Prospectus Supplement/Final Terms); and
- (ii) during an Amortisation Period, each Distribution Date.

Each period beginning on (and including) the Interest Commencement Date or any Interest Payment Date and ending on (but excluding) the next Interest Payment Date is herein called an **"Interest Period"**; **provided, however, that** with respect to an Interest Period that commences during any period that is not an Amortisation Period and ends during the Regulated Amortisation Period or the Rapid Amortisation Period, such Interest Period will end on the originally scheduled Interest Payment Date (and for the avoidance of doubt, in the case of an Interest Period which commences on the Interest Payment Date which falls at the end of the Interest Period during which the Rapid Amortisation Period or Regulated Amortisation Period begins, the Interest Period shall end on the next Distribution Date). The first interest payment will be made on the First Interest Payment Date in respect of the Interest Period from (and including) the Interest Commencement Date to the First Interest Payment Date.

The Rate of Interest applicable to the notes (the **"Rate of Interest"**) for each Interest Period will be determined by the Agent Bank as the sum of the Margin and EURIBOR for the relevant Interest Period (or in the case of the first Interest Period, a linear interpolation of the EURIBOR rates for such periods as specified in the relevant Prospectus Supplement/Final Terms).

"EURIBOR" shall be determined on the following basis:

- (i) on the second TARGET Settlement Day before the Interest Commencement Date in respect of the first Interest Period and thereafter on each "Determination Date", namely 11.00 a.m. (Brussels time) on the second TARGET Settlement Day before the first day of the Interest Period for which the rate will apply, the Agent Bank will determine the offered quotation to prime banks in the Euro-Zone interbank market, in respect of the first Interest Period from (and including) the Interest Commencement Date to (but excluding) the First Interest Payment Date, a linear interpolation of the rates for Euro deposits for such period as specified in the relevant Prospectus Supplement/Final Terms and for each Interest Period thereafter, for Euro deposits for the relevant Interest Period, by reference to (aa) on the display page designated EURIBOR01 on the Dow Jones Reuters Service (or such other page as may replace that page on that service, or such other service as may be nominated by the Agent Bank as the information vendor, for the purpose of displaying comparable rates) as of the Determination Date or (bb) if that service ceases to display such information, such page as displays such information on such service (or, if more than one, that one previously approved in writing by the Note Trustee) as may replace the Dow Jones Monitor as at or about 11.00 a.m. (Brussels time) on that date (the **"Screen Rate"**);
- (ii) if, on any Determination Date, the Screen Rate is unavailable, the Agent Bank will:
 - (1) request the principal euro-zone office of each of four major banks in the Euro-Zone interbank market to provide a quotation of the rate at which deposits in Euro are offered by it at approximately 11.00 a.m. (Brussels time) on the Determination Date to prime banks in the Euro-Zone interbank market for a period equal to the relevant Interest Period and in an amount that is representative for a single transaction in that market at that time; and
 - (2) determine the arithmetic mean (rounded, if necessary, to the nearest one hundred thousandth of a percentage point, 0.000005 being rounded upwards) of such quotations; and
- (iii) if fewer than two such quotations are provided as requested, the Agent Bank will determine the arithmetic mean (rounded, if necessary, as aforesaid) of the rates quoted by major banks in the Euro-Zone interbank market, selected by the Agent Bank, at approximately 11.00 a.m. (Brussels time) on the Determination Date for loans in Euro to

leading European banks for a period equal to the relevant Interest Period and in an amount that is representative for a single transaction in that market at that time,

provided that if the Agent Bank is unable to determine EURIBOR in accordance with the above provisions in relation to any Interest Period, the Rate of Interest applicable to the notes during such Interest Period will be the sum of the Margin and the EURIBOR last determined in relation to such notes in respect of a preceding Interest Period.

The Agent Bank will, as soon as practicable after the Determination Date in relation to each Interest Period, calculate the amount of interest (the "**Interest Amount**") payable in respect of the notes for such Interest Period. The Interest Amount in respect of the notes will be calculated by applying the relevant Rate of Interest for such Interest Period to the Principal Amount Outstanding of the notes during such Interest Period and multiplying the product by the relevant Day Count Fraction and rounding the resulting figure to the nearest Euro 0.01 (half of a cent being rounded upwards).

(d) *Specific Provision: Fixed Rate Sterling Notes (Option 1)*

This Condition 6(d) is applicable to the notes if the Specified Currency is Sterling and the notes are designated to be fixed rate notes (Option 1).

Each note bears interest on its Principal Amount Outstanding from (and including) the Interest Commencement Date. Interest in respect of the notes is payable in arrear in Sterling on each Interest Payment Date.

If there is a shortfall between the amounts received by the Issuer from the Swap Counterparty or otherwise and the amount of interest due on any class of notes on that Interest Payment Date, that shortfall will be borne by each note in that class in a proportion equal to the proportion that the interest outstanding on the relevant note bears to the total amount of interest outstanding on all the notes of that class. This will be determined on the Interest Payment Date on which the shortfall arises. Payment of the shortfall will be deferred and will be due on the next Interest Payment Date on which funds are available to the Issuer, or, if earlier, the Final Redemption Date, from payments made to it from the Swap Counterparty or otherwise on that Interest Payment Date, to make the payment. The shortfall will accrue interest at the rate described for each class of note below plus the Margin, and payment of that interest will also be deferred and will be due on the next Interest Payment Date on which funds are available to the Issuer to make the payment or, if earlier, on the Final Redemption Date.

"**Interest Payment Date**" means the following dates:

- (i) during any period that is not an Amortisation Period, the First Interest Payment Date and each Regular Interest Payment Date (as specified in the relevant Prospectus Supplement/Final Terms); and
- (ii) during an Amortisation Period, each Distribution Date.

Each period beginning on (and including) the Interest Commencement Date or any Interest Payment Date and ending on (but excluding) the next Interest Payment Date is herein called an "**Interest Period**", **provided, however, that** with respect to an Interest Period that commences during any period that is not an Amortisation Period and ends during the Regulated Amortisation Period or the Rapid Amortisation Period, such Interest Period will end on the originally scheduled Interest Payment Date (and for the avoidance of doubt, in the case of an Interest Period which commences on the Interest Payment Date which falls at the end of the Interest Period during which the Rapid Amortisation Period or Regulated Amortisation Period begins, the Interest Period shall end on the next Distribution Date). The first interest payment will be made on the first Interest Payment Date in respect of the Interest Period from (and including) the Interest Commencement Date to the First Interest Payment Date.

Subject to the following paragraph, each note bears interest at the Initial Rate on its Principal Amount Outstanding during the period from (and including) the Interest Commencement Date to, but excluding, the Floating Rate Commencement Date (the "**Initial Period**"). Interest in respect of the notes during the Initial Period is payable in arrear in Sterling on each Regular Interest

Payment Date and the final Interest Payment Date during the Initial Period shall be the Scheduled Redemption Date.

The amount of the interest payable (the "**Interest Amount**") in respect of the notes for any Interest Period during the Initial Period shall be calculated by applying the Initial Rate to the Principal Amount Outstanding of the notes, multiplying the resulting product by the relevant Day Count Fraction, and rounding the resultant figure to the nearest Sterling 0.01 (half of a pence being rounded upwards).

However, in the event that the Regulated Amortisation Period or the Rapid Amortisation Period has commenced, then from and including the Floating Rate Commencement Date to, but excluding, the Final Redemption Date (the "**Redemption Period**"), each note bears interest at a floating rate on its Principal Amount Outstanding to be determined in accordance with the provisions below, payable in arrear on each Distribution Date. During the Redemption Period, each period beginning on, and including, a Distribution Date to but excluding the next Distribution Date is called an "**Interest Period**".

The Rate of Interest applicable to the notes which are the subject of this Condition 6(d) (the "**Redemption Rate**") for each Interest Period during the Redemption Period will be determined by the Agent Bank as the sum of the Margin and LIBOR for the relevant Interest Period.

LIBOR shall be determined on the following basis:

- (i) on the Floating Rate Commencement Date in respect of the first Interest Period during the Redemption Period and thereafter on each "**Determination Date**", namely the first day of the Interest Period for which the Redemption Rate will apply, the Agent Bank will determine the offered quotation to leading banks in the London interbank market, for Sterling deposits for the relevant Interest Period, by reference to the display designated as the British Bankers Association LIBOR Rates as quoted on Reuters Screen LIBOR01 or (aa) such other page as may replace Reuters Screen LIBOR01 on that service for the purposes of displaying such information or (bb) if that service ceases to display such information, such page as displays such information on such service (or, if more than one, that one previously approved in writing by the Note Trustee) as may replace the Reuters Screen) as at or about 11.00 a.m. (London time) on that date, (the "**Screen Rate**");
- (ii) if, on any Determination Date, the Screen Rate is unavailable, the Agent Bank will:
 - (1) request each Reference Bank to provide the Agent Bank with its offered quotation to leading banks in the London interbank market, for Sterling deposits for the relevant Interest Period, as at approximately 11.00 a.m. (London time) on the Determination Date in question and in an amount that is representative for a single transaction in that market at that time; and
 - (2) determine the arithmetic mean (rounded upwards to four decimal places) of such quotations;
- (iii) if on any Determination Date the Screen Rate is unavailable and two or three only of the Reference Banks provide offered quotations, LIBOR for the relevant Interest Period shall be determined in accordance with the provisions of paragraph (ii) on the basis of the arithmetic mean (rounded upwards to four decimal places) of the offered quotations of those Reference Banks providing the offered quotations; and
- (iv) if fewer than two such quotations are provided by the Reference Banks as requested, the Agent Bank will determine the arithmetic mean (rounded upwards to four decimal places) of the rates quoted by major banks in London, selected by the Agent Bank, at approximately 11.00 a.m. (London time) on the first day of the relevant Interest Period for loans in Sterling to leading European banks for a period equal to the relevant Interest Period and in an amount that is representative for a single transaction in that market at that time,

provided that if the Agent Bank is unable to determine LIBOR in accordance with the above provisions in relation to any Interest Period, the Redemption Rate applicable to the notes in respect of such Interest Period during the Redemption Period will be the sum of the Margin in respect of the notes and LIBOR last determined in relation to the notes in respect of the preceding Interest Period.

During the Redemption Period, the Agent Bank will, as soon as practicable after the Determination Date in relation to each Interest Period during the Redemption Period, calculate the amount of interest (the "**Interest Amount**") payable in respect of the notes for such Interest Period. The Interest Amount will be calculated by applying the Redemption Rate for such Interest Period to the Principal Amount Outstanding of the notes during such Interest Period and multiplying the product by the relevant Day Count Fraction, and rounding the resulting figure to the nearest Sterling 0.01 (half of a penny being rounded upwards).

(e) *Specific Provision: Fixed Rate Dollar Notes (Option 1)*

This Condition 6(e) is applicable to the notes if the Specified Currency is U.S. Dollars and the notes are designated to be fixed rate notes (Option 1).

Each note bears interest on its Principal Amount Outstanding from (and including) the Interest Commencement Date. Interest in respect of the notes is payable in arrear in U.S. Dollars on each Interest Payment Date.

If there is a shortfall between the amounts received by the Issuer from the Swap Counterparty or otherwise and the amount of interest due on any class of notes on that Interest Payment Date, that shortfall will be borne by each note in that class in a proportion equal to the proportion that the interest outstanding on the relevant note bears to the total amount of interest outstanding on all the notes of that class. This will be determined on the Interest Payment Date on which the shortfall arises. Payment of the shortfall will be deferred and will be due on the next Interest Payment Date on which funds are available to the Issuer, or, if earlier, the Final Redemption Date, from payments made to it from the Swap Counterparty or otherwise on that Interest Payment Date, to make the payment. The shortfall will accrue interest at the rate described for each class of note below plus the Margin, and payment of that interest will also be deferred and will be due on the next Interest Payment Date on which funds are available to the Issuer to make the payment or, if earlier, on the Final Redemption Date.

"**Interest Payment Date**" means the following dates:

- (i) during any period that is not an Amortisation Period, the First Interest Payment Date and each Regular Interest Payment Date (as specified in the relevant Prospectus Supplement/Final Terms); and
- (ii) during an Amortisation Period, each Distribution Date.

Each period beginning on (and including) the Interest Commencement Date or any Interest Payment Date and ending on (but excluding) the next Interest Payment Date is herein called an "**Interest Period**"; **provided however, that**, where the Floating Rate Commencement Date is a date falling prior to the Scheduled Redemption Date, with respect to an Interest Period that commences during the Revolving Period or the Accumulation Period and ends during the Regulated Amortisation Period or the Rapid Amortisation Period, such Interest Period will end on, and exclude, the Floating Rate Commencement Date.

Subject to the following paragraph, each note bears interest at the Initial Rate on its Principal Amount Outstanding during the period from (and including) the Interest Commencement Date to, but excluding, the Floating Rate Commencement Date (the "**Initial Period**"). Interest in respect of such note during the Initial Period is payable in arrear in U.S. Dollars on each Regular Interest Payment Date and the final Interest Payment Date during the Initial Period shall be the Scheduled Redemption Date.

The amount of the interest payable (the "**Interest Amount**") in respect of the notes for any Interest Period during the Initial Period shall be calculated by applying the Initial Rate to the Principal Amount Outstanding of the notes, multiplying the resulting product by the relevant Day

Count Fraction, and rounding the resultant figure to the nearest U.S. Dollar 0.01 (half of a cent being rounded upwards).

However, in the event that the Regulated Amortisation Period or the Rapid Amortisation Period has commenced, then from and including the Floating Rate Commencement Date to, but excluding, the Final Redemption Date (the "**Redemption Period**"), each note bears interest at a floating rate on its Principal Amount Outstanding to be determined in accordance with the provisions below, payable in arrear on each Distribution Date. During the Redemption Period, each period beginning on, and including, a Distribution Date to but excluding the next Distribution Date is called an "**Interest Period**".

The Rate of Interest applicable to the notes which are the subject of this Condition 6(e) (the "**Redemption Rate**") for each Interest Period during the Redemption Period will be determined by the Agent Bank as the sum of the Margin and LIBOR for the relevant Interest Period.

LIBOR shall be determined on the following basis:

- (i) on each Quotation Date during the Redemption Period, the Agent Bank will determine the offered quotation to leading banks in the London interbank market - called LIBOR - for one-month U.S. Dollar deposits.

This will be determined by reference to the British Bankers Association LIBOR Rates display as quoted on the Reuters Screen LIBOR01. If the Reuters Screen LIBOR01 stops providing these quotations, the replacement service for the purposes of displaying this information will be used. If the replacement service stops displaying the information, any page showing this information will be used. If there is more than one service displaying the information, the one approved in writing by the Note Trustee in its sole discretion will be used.

In each case above, the determination will be made as at or about 11.00 a.m. London time, on that date. These are called the "**Screen Rates**".

A "**Quotation Date**" means the second London Business Day before the Floating Rate Commencement Date in respect of the first Interest Period during the Redemption Period and thereafter the second London Business Day before the first day of an Interest Period;

- (ii) if, on any Quotation Date, a Screen Rate is unavailable, the Agent Bank will:
 - (1) request each Reference Bank to provide the Agent Bank with its offered quotation to leading banks of the equivalent of that Screen Rate on that Quotation Date in an amount that represents a single transaction in that market at that time; and
 - (2) determine the arithmetic mean rounded upwards to four decimal places, of those quotations;
- (iii) if, on any Quotation Date, the Screen Rate is unavailable and only two or three of the Reference Banks provide offered quotations, LIBOR for that Interest Period will be the arithmetic mean of the quotations provided by those Reference Banks calculated in the manner described in (ii) above; and
- (iv) if fewer than two Reference Banks provide quotations, the Agent Bank will determine (in its absolute discretion) the arithmetic mean (rounded upwards to four decimal places) of the leading rates quoted by major banks in London — selected by the Agent Bank at approximately 11.00 a.m. London time on the relevant Quotation Date — to leading European banks for a period equal to the relevant Interest Period and in an amount that is representative for a single transaction in that market at that time, for loans in U.S. Dollars.

During the Redemption Period, the Agent Bank will, as soon as practicable after the Quotation Date in relation to each Interest Period during the Redemption Period, calculate the amount of interest (the "**Interest Amount**") payable in respect of the notes for such Interest Period. The

Interest Amount will be calculated by applying the Redemption Rate for such Interest Period to the Principal Amount Outstanding of the notes during such Interest Period and multiplying the product by the relevant Day Count Fraction, and rounding the resulting figure to the nearest U.S. Dollar 0.01 (half of a cent being rounded upwards).

(f) *Specific Provision: Fixed Rate Euro Notes (Option 1)*

This Condition 6(f) is applicable to the notes if the Specified Currency is Euro and the notes are designated to be fixed rate notes (Option 1).

Each note bears interest on its Principal Amount Outstanding from (and including) the Interest Commencement Date. Interest in respect of the notes is payable in arrear in Euro on each Interest Payment Date.

If there is a shortfall between the amounts received by the Issuer from the Swap Counterparty or otherwise and the amount of interest due on any class of notes on that Interest Payment Date, that shortfall will be borne by each note in that class in a proportion equal to the proportion that the interest outstanding on the relevant note bears to the total amount of interest outstanding on all the notes of that class. This will be determined on the Interest Payment Date on which the shortfall arises. Payment of the shortfall will be deferred and will be due on the next Interest Payment Date on which funds are available to the Issuer, or, if earlier, the Final Redemption Date, from payments made to it from the Swap Counterparty or otherwise on that Interest Payment Date, to make the payment. The shortfall will accrue interest at the rate described for each class of note below plus the Margin, and payment of that interest will also be deferred and will be due on the next Interest Payment Date on which funds are available to the Issuer to make the payment or, if earlier, on the Final Redemption Date.

"Interest Payment Date" means the following dates:

- (i) during any period that is not an Amortisation Period, the First Interest Payment Date and each Regular Interest Payment Date (as specified in the relevant Prospectus Supplement/Final Terms); and
- (ii) during an Amortisation Period, each Distribution Date.

Each period beginning on (and including) the Interest Commencement Date or any Interest Payment Date and ending on (but excluding) the next Interest Payment Date is herein called an **"Interest Period"**; **provided, however, that**, where the Floating Rate Commencement Date is a date falling prior to the Scheduled Redemption Date, with respect to an Interest Period that commences during the Revolving Period or the Accumulation Period and ends during the Regulated Amortisation Period or the Rapid Amortisation Period, such Interest Period will end on, and exclude, the Floating Rate Commencement Date.

Subject to the following paragraph, each note bears interest at the Initial Rate on its Principal Amount Outstanding during the period from (and including) the Interest Commencement Date to, but excluding, the Floating Rate Commencement Date (the **"Initial Period"**). Interest in respect of such note during the Initial Period is payable in arrear in Euro on each Regular Interest Payment Date and the final Interest Payment Date during the Initial Period shall be the Scheduled Redemption Date.

The amount of the interest payable (the **"Interest Amount"**) in respect of the notes for any Interest Period during the Initial Period shall be calculated by applying the Initial Rate to the Principal Amount Outstanding of the notes, multiplying the resulting product by the relevant Day Count Fraction, and rounding the resultant figure to the nearest Euro 0.01 (half of a cent being rounded upwards).

However, in the event that the Regulated Amortisation Period or the Rapid Amortisation Period has commenced, then from and including the Floating Rate Commencement Date to, but excluding, the Final Redemption Date (the **"Redemption Period"**), each note bears interest at a floating rate on its Principal Amount Outstanding to be determined in accordance with the provisions below, payable in arrear on each Distribution Date. During the Redemption Period,

each period beginning on, and including, a Distribution Date to but excluding the next Distribution Date is called an "**Interest Period**".

The Rate of Interest applicable to the notes which are the subject of this Condition 6(f) (the "**Redemption Rate**") for each Interest Period during the Redemption Period will be determined by the Agent Bank as the sum of the Margin and EURIBOR for the relevant Interest Period.

EURIBOR shall be determined on the following basis:

- (i) on the second TARGET Settlement Day before the Floating Rate Commencement Date in respect of the first Interest Period during the Redemption Period and thereafter on each "**Determination Date**", namely 11.00 a.m. (Brussels time) on the second TARGET Settlement Day before the first day of the Interest Period for which the rate will apply, the Agent Bank will determine the offered quotation to prime banks in the Euro-Zone interbank market for Euro deposits for the relevant Interest Period, by reference to (aa) on Reuters Screen (or such other page as may replace that page on that service, or such other service as may be nominated by the Agent Bank as the information vendor, for the purpose of displaying comparable rates) as of the Determination Date or (bb) if that service ceases to display such information, such page as displays such information on such service (or, if more than one, that one previously approved in writing by the Note Trustee) as may replace the Reuters Screen as at or about 11.00 a.m. (Brussels time) on that date (the "**Screen Rate**");
- (ii) if, on any Determination Date, the Screen Rate is unavailable, the Agent Bank will:
 - (1) request the principal Euro-Zone office of each of four major banks in the Euro-Zone interbank market to provide a quotation of the rate at which deposits in Euro are offered by it at approximately 11.00 a.m. (Brussels time) on the Determination Date to prime banks in the euro-zone interbank market for a period equal to the relevant Interest Period and in an amount that is representative for a single transaction in that market at that time; and
 - (2) determine the arithmetic mean (rounded, if necessary, to the nearest one hundred thousandth of a percentage point, 0.000005 being rounded upwards) of such quotations; and
- (iii) if fewer than two such quotations are provided as requested, the Agent Bank will determine the arithmetic mean (rounded, if necessary, as aforesaid) of the rates quoted by major banks in the Euro-Zone interbank market, selected by the Agent Bank, at approximately 11.00 a.m. (Brussels time) on the Determination Date for loans in Euro to leading European banks for a period equal to the relevant Interest Period and in an amount that is representative for a single transaction in that market at that time,

provided that if the Agent Bank is unable to determine EURIBOR in accordance with the above provisions in relation to any Interest Period, the Redemption Rate applicable to the notes during such Interest Period will be the sum of the Margin and EURIBOR last determined in relation to such notes in respect of the preceding Interest Period.

During the Redemption Period, the Agent Bank will, as soon as practicable after the Determination Date in relation to each Interest Period during the Redemption Period, calculate the amount of interest (the "**Interest Amount**") payable in respect of the notes for such Interest Period. The Interest Amount will be calculated by applying the Redemption Rate for such Interest Period to the Principal Amount Outstanding of the notes during such Interest Period and multiplying the product by the relevant Day Count Fraction, and rounding the resulting figure to the nearest Euro 0.01 (half of a cent being rounded upwards).

- (g) *Specific Provision: Fixed Rate Sterling Notes (Option 2)*

This Condition 6(g) is applicable to the notes if the Specified Currency is Sterling and the notes are designated to be fixed rate notes (Option 2).

Each note bears interest on its Principal Amount Outstanding from (and including) the Interest Commencement Date. Interest in respect of the notes is payable in arrear in Sterling on each Interest Payment Date.

If there is a shortfall between the amounts received by the Issuer from the Swap Counterparty or otherwise and the amount of interest due on any class of notes on that Interest Payment Date, that shortfall will be borne by each note in that class in a proportion equal to the proportion that the interest outstanding on the relevant note bears to the total amount of interest outstanding on all the notes of that class. This will be determined on the Interest Payment Date on which the shortfall arises. Payment of the shortfall will be deferred and will be due on the next Interest Payment Date on which funds are available to the Issuer, or, if earlier, the Final Redemption Date, from payments made to it from the Swap Counterparty or otherwise on that Interest Payment Date, to make the payment. The shortfall will accrue interest at the rate described for each class of note below plus the Margin, and payment of that interest will also be deferred and will be due on the next Interest Payment Date on which funds are available to the Issuer to make the payment or, if earlier, on the Final Redemption Date.

"Interest Payment Date" means the First Interest Payment Date and each Regular Interest Payment Date (as specified in the relevant Prospectus Supplement/Final Terms).

Each period beginning on (and including) any Interest Payment Date and ending on (but excluding) the next Interest Payment Date is herein called an **"Interest Period"**. Subject to the following paragraph, each note bears interest at the Initial Rate on its Principal Amount Outstanding during the period from (and including) the Interest Commencement Date. Interest in respect of the such note is payable in arrear in Sterling on each Regular Interest Payment Date.

The amount of the interest payable (the **"Interest Amount"**) in respect of the notes for any Interest Period shall be calculated by applying the Initial Rate to the Principal Amount Outstanding of the notes, multiplying the resulting product by the relevant Day Count Fraction, and rounding the resultant figure to the nearest Sterling 0.01 (half of a pence being rounded upwards).

(h) *Specific Provision: Fixed Rate Dollar Notes (Option 2)*

This Condition 6(h) is applicable to the notes if the Specified Currency is U.S. Dollars and the notes are designated to be fixed rate notes (Option 2).

Each note bears interest on its Principal Amount Outstanding from (and including) the Interest Commencement Date. Interest in respect of the notes is payable in arrear in U.S. Dollars on each Interest Payment Date.

If there is a shortfall between the amounts received by the Issuer from the Swap Counterparty or otherwise and the amount of interest due on any class of notes on that Interest Payment Date, that shortfall will be borne by each note in that class in a proportion equal to the proportion that the interest outstanding on the relevant note bears to the total amount of interest outstanding on all the notes of that class. This will be determined on the Interest Payment Date on which the shortfall arises. Payment of the shortfall will be deferred and will be due on the next Interest Payment Date on which funds are available to the Issuer, or, if earlier, the Final Redemption Date, from payments made to it from the Swap Counterparty or otherwise on that Interest Payment Date, to make the payment. The shortfall will accrue interest at the rate described for each class of note below plus the Margin, and payment of that interest will also be deferred and will be due on the next Interest Payment Date on which funds are available to the Issuer to make the payment or, if earlier, on the Final Redemption Date.

"Interest Payment Date" means the First Interest Payment Date and each Regular Interest Payment Date (as specified in the relevant Prospectus Supplement/Final Terms).

Each period beginning on (and including) any Interest Payment Date and ending on (but excluding) the next Interest Payment Date is herein called an **"Interest Period"**.

Subject to the following paragraph, each note bears interest at the Initial Rate on its Principal Amount Outstanding during the period from (and including) the Interest Commencement Date.

Interest in respect of the such note is payable in arrear in U.S. Dollars on each Regular Interest Payment Date.

The amount of the interest payable (the "**Interest Amount**") in respect of the notes for any Interest Period shall be calculated by applying the Initial Rate to the Principal Amount Outstanding of the notes, multiplying the resulting product by the relevant Day Count Fraction, and rounding the resultant figure to the nearest U.S. Dollar 0.01 (half of a cent being rounded upwards).

(i) *Specific Provision: Fixed Rate Euro Notes (Option 2)*

This Condition 6(i) is applicable to the notes if the Specified Currency is Euro and the notes are designated to be fixed rate notes (Option 2).

Each note bears interest on its Principal Amount Outstanding from (and including) the Interest Commencement Date. Interest in respect of the notes is payable in arrear in Euro on each Interest Payment Date.

If there is a shortfall between the amounts received by the Issuer from the Swap Counterparty or otherwise and the amount of interest due on any class of notes on that Interest Payment Date, that shortfall will be borne by each note in that class in a proportion equal to the proportion that the interest outstanding on the relevant note bears to the total amount of interest outstanding on all the notes of that class. This will be determined on the Interest Payment Date on which the shortfall arises. Payment of the shortfall will be deferred and will be due on the next Interest Payment Date on which funds are available to the Issuer, or, if earlier, the Final Redemption Date, from payments made to it from the Swap Counterparty or otherwise on that Interest Payment Date, to make the payment. The shortfall will accrue interest at the rate described for each class of note below plus the Margin, and payment of that interest will also be deferred and will be due on the next Interest Payment Date on which funds are available to the Issuer to make the payment or, if earlier, on the Final Redemption Date.

"Interest Payment Date" means the First Interest Payment Date and each Regular Interest Payment Date (as specified in the relevant Prospectus Supplement/Final Terms).

Each period beginning on (and including) any Interest Payment Date and ending on (but excluding) the next Interest Payment Date is herein called an "**Interest Period**".

Subject to the following paragraph, each note bears interest at the Initial Rate on its Principal Amount Outstanding during the period from (and including) the Interest Commencement Date. Interest in respect of the such note is payable in arrear in Euro on each Regular Interest Payment Date.

The amount of the interest payable (the "**Interest Amount**") in respect of the notes for any Interest Period shall be calculated by applying the Initial Rate to the Principal Amount Outstanding of the notes, multiplying the resulting product by the relevant Day Count Fraction, and rounding the resultant figure to the nearest Euro 0.01 (half of a cent being rounded upwards).

(j) *Specific Provision: Fixed Rate Dollar Notes (Option 3)*

This Condition 6(j) is applicable to the notes if the Specified Currency is U.S. Dollars and the notes are designated to be fixed rate notes (Option 3).

Each note bears interest on its Principal Amount Outstanding from (and including) the Interest Commencement Date. Interest in respect of the notes is payable in arrear in U.S. Dollars on each Interest Payment Date.

If there is a shortfall between the amounts received by the Issuer from the Swap Counterparty or otherwise and the amount of interest due on any class of notes on that Interest Payment Date, that shortfall will be borne by each note in that class in a proportion equal to the proportion that the interest outstanding on the relevant note bears to the total amount of interest outstanding on all the notes of that class. This will be determined on the Interest Payment Date on which the shortfall arises. Payment of the shortfall will be deferred and will be due on the next Interest

Payment Date on which funds are available to the Issuer, or, if earlier, the Final Redemption Date, from payments made to it from the Swap Counterparty or otherwise on that Interest Payment Date, to make the payment. The shortfall will accrue interest at the rate described for each class of note below plus the Margin, and payment of that interest will also be deferred and will be due on the next Interest Payment Date on which funds are available to the Issuer to make the payment or, if earlier, on the Final Redemption Date.

"Interest Payment Date" means the following dates:

- (i) during any period that is not an Amortisation Period, the First Interest Payment Date and each Regular Interest Payment Date (as specified in the relevant Prospectus Supplement/Final Terms); and
- (ii) during an Amortisation Period, each Distribution Date.

Each period beginning on (and including) the Interest Commencement Date or any Interest Payment Date and ending on (but excluding) the next Interest Payment Date is herein called an **"Interest Period"**; **provided, however, that**, where the Floating Rate Commencement Date is a date falling prior to the Scheduled Redemption Date with respect to an Interest Period that commences during the Revolving Period or the Accumulation Period and ends during the Regulated Amortisation Period or the Rapid Amortisation Period, such Interest Period will end on, and exclude the Floating Rate Commencement Date.

Subject to the second following paragraph, each note bears interest at the Initial Rate on its Principal Amount Outstanding during the period from (and including) the Interest Commencement Date to, but excluding, the Floating Rate Commencement Date (the **"Initial Period"**). Interest in respect of the such note during the Initial Period is payable in arrear in U.S. Dollars on each Regular Interest Payment Date and the final Interest Payment Date during the Initial Period shall be the Scheduled Redemption Date.

The amount of the interest payable (the **"Interest Amount"**) in respect of the notes for any Interest Period during the Initial Period shall be calculated by applying the Initial Rate to the Principal Amount Outstanding of the notes, multiplying the resulting product by the relevant Day Count Fraction, and rounding the resultant figure to the nearest U.S. Dollar 0.01 (half of a cent being rounded upwards).

However, in the event that the Regulated Amortisation Period or the Rapid Amortisation Period has commenced, then from and including the Floating Rate Commencement Date to, but excluding, the Final Redemption Date (the **"Redemption Period"**), each note bears interest on its Principal Amount Outstanding in accordance with this Condition 6(j), but subject as provided in the following paragraph, payable in arrear on each Distribution Date. During the Redemption Period, each period beginning on, and including, a Distribution Date to but excluding the next Distribution Date is called an **"Interest Period"**.

Interest will be payable on the relevant notes by the relevant Paying Agent in accordance with the provisions of the Paying Agency Agreement.

- (k) *Specific Provision: Fixed Rate Euro Notes (Option 3)*

This Condition 6(k) is applicable to the notes if the Specified Currency is Euro and the notes are designated to be fixed rate notes (Option 3).

Each note bears interest on its Principal Amount Outstanding from (and including) the Interest Commencement Date. Interest in respect of the notes is payable in arrear in Euro on each Interest Payment Date.

If there is a shortfall between the amounts received by the Issuer from the Swap Counterparty or otherwise and the amount of interest due on any class of notes on that Interest Payment Date, that shortfall will be borne by each note in that class in a proportion equal to the proportion that the interest outstanding on the relevant note bears to the total amount of interest outstanding on all the notes of that class. This will be determined on the Interest Payment Date on which the shortfall arises. Payment of the shortfall will be deferred and will be due on the next Interest

Payment Date on which funds are available to the Issuer, or, if earlier, the Final Redemption Date, from payments made to it from the Swap Counterparty or otherwise on that Interest Payment Date, to make the payment. The shortfall will accrue interest at the rate described for each class of note below plus the Margin, and payment of that interest will also be deferred and will be due on the next Interest Payment Date on which funds are available to the Issuer to make the payment or, if earlier, on the Final Redemption Date.

"**Interest Payment Date**" means the following dates:

- (i) during any period that is not an Amortisation Period, the First Interest Payment Date and each Regular Interest Payment Date (as specified in the relevant Prospectus Supplement/Final Terms); and
- (ii) during an Amortisation Period, each Distribution Date.

Each period beginning on (and including) the Interest Commencement Date or any Interest Payment Date and ending on (but excluding) the next Interest Payment Date is herein called an "**Interest Period**"; **provided, however, that**, where the Floating Rate Commencement Date is a date falling prior to the Scheduled Redemption Date, with respect to an Interest Period that commences during the Revolving Period or the Accumulation Period and ends during the Regulated Amortisation Period or the Rapid Amortisation Period, such Interest Period will end on, and exclude, the Floating Rate Commencement Date.

Subject to the second following paragraph, each note bears interest at the Initial Rate on its Principal Amount Outstanding during the period from (and including) the Interest Commencement Date to, but excluding, the Floating Rate Commencement Date (the "**Initial Period**"). Interest in respect of the notes during the Initial Period is payable in arrear in Euro on each Regular Interest Payment Date and the final Interest Payment Date during the Initial Period shall be the Scheduled Redemption Date.

The amount of the interest payable (the "**Interest Amount**") in respect of the notes for any Interest Period during the Initial Period shall be calculated by applying the Initial Rate to the Principal Amount Outstanding of the notes, multiplying the resulting product by the relevant Day Count Fraction, and rounding the resultant figure to the nearest Euro 0.01 (half of a cent being rounded upwards).

However, in the event that the Regulated Amortisation Period or the Rapid Amortisation Period has commenced, then from and including the Floating Rate Commencement Date to, but excluding, the Final Redemption Date (the "**Redemption Period**"), each note bears interest on its Principal Amount Outstanding in accordance with this Condition 6(k), but subject as provided in the following paragraph, payable in arrear on each Distribution Date. During the Redemption Period, each period beginning on, and including, a Distribution Date to but excluding the next Distribution Date is called an "**Interest Period**".

Interest will be payable on the relevant notes by the relevant Paying Agent in accordance with the provisions of the Paying Agency Agreement.

(l) *Specific Provisions: Commercial Paper Cost of Funds Notes*

This Condition 6(l) is applicable to the notes if the notes are issued as notes with an interest rate calculated by reference to commercial paper costs of funds of the relevant note purchaser or its related commercial paper issuer.

Each note bears interest on its Principal Amount Outstanding from (and including) the Interest Commencement Date. Interest in respect of the notes is payable in arrear in Sterling on each Interest Payment Date.

If there is a shortfall between the amounts received by the Issuer from the Swap Counterparty (if any) or otherwise and the amount of interest due on any class of notes on that Interest Payment Date, that shortfall will be borne by each note in that class in a proportion equal to the proportion that the interest outstanding on the relevant note bears to the total amount of interest outstanding on all the notes of that class. This will be determined on the Interest Payment Date on which the

shortfall arises. Payment of the shortfall will be deferred and will be due on the next Interest Payment Date on which funds are available to the Issuer, or, if earlier, the Final Redemption Date, from payments made to it from the Swap Counterparty or otherwise on that Interest Payment Date, to make the payment. The shortfall will accrue interest at the rate described for each class of note below plus the Margin, and payment of that interest will also be deferred and will be due on the next Interest Payment Date on which funds are available to the Issuer to make the payment or, if earlier, on the Final Redemption Date.

"Interest Payment Date" means the following dates:

- (i) during any period that is not an Amortisation Period, the First Interest Payment Date and each Regular Interest Payment Date (as specified in the relevant Prospectus Supplement/Final Terms); and
- (ii) during an Amortisation Period, each Distribution Date.

Each period beginning on (and including) the Interest Commencement Date or any Interest Payment Date and ending on (but excluding) the next Interest Payment Date is herein called an "Interest Period"; provided, however, that with respect to an Interest Period that commences during any period that is not an Amortisation Period and ends during the Regulated Amortisation Period or the Rapid Amortisation Period, such Interest Period will end on the originally scheduled Interest Payment Date (and for the avoidance of doubt, in the case of an Interest Period which commences on the Interest Payment Date which falls at the end of the Interest Period during which the Rapid Amortisation Period or Regulated Amortisation Period begins, the Interest Period shall end on the next Distribution Date). The first interest payment will be made on the First Interest Payment Date in respect of the Interest Period from (and including) the Interest Commencement Date to, but excluding, the First Interest Payment Date.

The Rate of Interest applicable to the notes for each Interest Period will be determined by the party specified in the relevant Prospectus Supplement/Final Terms as the party responsible for calculating such Rate of Interest (the "**CP Calculation Agent**") as the sum of the CP Funding Cost and Margin and (if specified in the relevant Prospectus Supplement/Final Terms) Liquidity Funding Margin for the relevant Interest Period specified in the relevant Prospectus Supplement/Final Terms, subject to the maximum interest rate specified in the relevant Prospectus Supplement/Final Terms.

For the purposes of this Condition 6(1):

"CP Funding Cost" means, on any date of determination, or with respect to any period, the per annum rate equivalent to the weighted average of the per annum rates paid or payable by the relevant note purchaser from time to time as accreted discount, interest or otherwise (including, without limitation, breakage costs, dealers' fees and placement agents' fees and costs of related swap or forward exchange rate contracts and related swap termination costs) in respect of the commercial paper notes issued or sponsored by the relevant note purchaser that are allocated, in whole or in part, by, or on behalf of, such relevant note purchaser to fund, purchase or maintain or increase (directly or indirectly) the notes or any portion thereof during the related period, as determined by, or on behalf of, such relevant note purchaser and notified by the relevant CP Calculation Agent to the Issuer and the Calculation Agent; provided, however, that if any component of such rate is a discount rate, in calculating the CP Funding Cost for such period, the relevant CP Calculation Agent (or its agent) shall, for such component, use the rate resulting from converting such discount rate to an interest bearing equivalent rate per annum. For the avoidance of doubt, CP Funding Cost shall not include any Liquidity Funding Margin and CP Funding Cost and Liquidity Funding Margin shall be mutually exclusive; and

"Liquidity Funding Margin" means, if specified in the relevant Prospectus Supplement/Final Terms, a percentage per annum payable to the relevant note purchaser solely in respect of (a) the period during which any Principal Amount Outstanding of any notes, held by such note purchaser, is not being funded through the issuance of such note purchaser's (or, if applicable, its related commercial paper issuer's) respective commercial paper and (b) the Principal Amount Outstanding of the notes, held by such notes purchaser, which is not being funded through the

issuance of such note purchaser's (or, if applicable, its related commercial paper issuer's) respective commercial paper.

The Calculation Agent will, as soon as practicable after the Determination Date in relation to each Interest Period, calculate the amount of interest (the "**Interest Amount**") payable in respect of the notes for such Interest Period following the notification to it by the CP Calculation Agent of the Rate of Interest no later than 3 Business Days before the relevant Interest Payment Date.

The Interest Amount in respect of the notes will be calculated by applying the relevant Rate of Interest for such Interest Period to the Principal Amount Outstanding of the notes during such Interest Period, multiplying by the relevant Day Count Fraction and rounding the resulting figure to the nearest pence (half a pence rounded upwards).

(m) *General Provision: Deferred Interest and Additional Interest*

To the extent that the monies which are deposited in the Distribution Ledger for a Note Series by Loan Note Issuer No.1 on an Interest Payment Date in accordance with the provisions of the Loan Note Supplement for the Related Loan Note are insufficient to pay the full amount of interest on any notes on such Interest Payment Date, payment of the interest shortfall ("**Deferred Interest**"), which will be borne by each note of the relevant Note Series in a proportion equal to the proportion that the Principal Amount Outstanding of the Note of the relevant Note Series bears to the aggregate Principal Amount Outstanding of the relevant notes of the relevant Note Series (as determined on the Interest Payment Date on which such Deferred Interest arises), will be deferred and will be due on the Interest Payment Date occurring thereafter on which funds are available to the Issuer (by being deposited to the Issuer Distribution Account to the credit of the Distribution Ledger for that Note Series by Loan Note Issuer No.1 on such Interest Payment Date in accordance with the provisions of the Loan Note Supplement for the Related Loan Note, or otherwise) to pay such Deferred Interest to the extent of such Available Funds. Such Deferred Interest will accrue interest ("**Additional Interest**") at the then current Rate of Interest (or in the case of a fixed rate Note, the Initial Rate (during the Initial Period) or the Redemption Rate (during the Redemption Period)), and payment of any Additional Interest will also be deferred until the Interest Payment Date thereafter on which funds are available to the Issuer (by being deposited to the Issuer Distribution Account to the credit of the Distribution Ledger for a Note Series by Loan Note Issuer No.1 on such Interest Payment Date in accordance with the provisions of the Loan Note Supplement, or otherwise) for the Related Loan Note to pay such Additional Interest to the extent of such Available Funds.

(n) *General Provision: Calculation of Interest Amount*

In relation to each Interest Payment Date, the Calculation Agent shall determine the actual amount of interest which will be paid on the notes on that Interest Payment Date and the amount of Deferred Interest (if any) on the notes in respect of the related Interest Period and the amount of Additional Interest (if any) which will be paid on such Interest Payment Date. The amount of Additional Interest shall be calculated by applying the then current relevant Rate of Interest for the notes to the Deferred Interest and any Additional Interest from prior Interest Periods which remains unpaid, multiplying such sum by the relevant Day Count Fraction.

In the event that, on any Interest Payment Date, the amount of monies which are deposited to the Distribution Ledger for a Note Series by Loan Note Issuer No.1 on such day in accordance with the provisions of the Loan Note Supplement for the Related Loan Note is insufficient to pay in full the Interest Amount, any outstanding Deferred Interest and any Additional Interest due on such Interest Payment Date in respect of any class of notes, such monies will be applied first to the payment of any Interest Amount, secondly to the payment of any outstanding Deferred Interest and thereafter to the payment of any Additional Interest in respect of the relevant class.

(o) *General Provision: Interest cease to accrue*

Interest will cease to accrue on any part of the Principal Amount Outstanding of a note from the due date for redemption unless, upon due presentation, payment of principal is improperly withheld or refused, in which case it will continue to bear interest in accordance with this Condition (as well after as before judgment) until whichever is the earlier of (i) the day on which

all sums due in respect of the relevant notes up to that day are received by or on behalf of the relevant Noteholder and (ii) the day which is seven days after the Principal Paying Agent or the Note Trustee has notified the relevant Noteholders either in accordance with Condition 16 or individually that it has received all sums due in respect of the relevant notes up to such seventh day (except to the extent that there is any subsequent default in payment).

(p) *General Provision: Failure of Agent Bank*

If the Calculation Agent or, in respect of the Rate of Interest under Condition 6(l) only, the CP Calculation Agent, fails at any time to determine a Rate of Interest or to calculate an Interest Amount or amount of Deferred Interest (if any) or amount of Additional Interest (if any), the Note Trustee, or its appointed agent without any liability therefor, may determine such Rate of Interest as it considers fair and reasonable in the circumstances (having such regard as it thinks fit to the other provisions of these Conditions, including without limitation paragraph (m) or (n) above (as applicable), and with respect to the Rate of Interest under Condition 6(l) only, having regards to the most recent notification from the CP Calculation Agent to the Calculation Agent) or (as the case may be) calculate such Interest Amount or amount of Deferred Interest (if any) or amount of Additional Interest (if any), in accordance with paragraph (l) above, and each such determination or calculation shall be deemed to have been made by the Calculation Agent or, in respect of the Rate of Interest under Condition 6(l) only, the CP Calculation Agent.

(q) *General Provision: Publication*

The Calculation Agent will cause each Rate of Interest, Interest Amount, amount of Deferred Interest (if any) and amount of Additional Interest (if any) determined by it or notified to it, together with the relevant Interest Payment Date, to be notified to the Issuer, the Paying Agents, the Note Trustee and, for so long as the respective notes are admitted to trading on the Regulated Market of the London Stock Exchange plc (the "**London Stock Exchange**"), the London Stock Exchange as soon as practicable after such determination but in any event not later than the seventh day thereafter or such earlier day as the Regulated Market of the London Stock Exchange may require and the Calculation Agent will cause the same to be published in accordance with Condition 16 as soon as possible thereafter. The Calculation Agent will be entitled to recalculate any Interest Amount and amount of Additional Interest (on the basis of the foregoing provisions) without notice in the event of an extension or shortening of the relevant Interest Period.

(r) *General Provision: Notifications etc.*

All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition 6, whether by the Calculation Agent, the CP Calculation Agent (in respect of the Rate of Interest under Condition 6(l) only) or the Note Trustee will (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Paying Agents, the Note Trustee, the Calculation Agent and the Noteholders and no liability to any such Person will attach to the Calculation Agent, the CP Calculation Agent or the Note Trustee in connection with the exercise or non-exercise by them or of them of their powers, duties and discretions for such purposes.

7. **Redemption and Purchase**

(a) *Scheduled Redemption*

Unless previously redeemed and cancelled or unless an Amortisation Period has earlier commenced or, if the Issuer has entered into a Swap Agreement with or without call protection in respect of a Note Series, regardless of whether an Amortisation Period has commenced, the notes of a Note Series will be redeemed on the Interest Payment Date which falls on the Scheduled Redemption Date specified in the relevant Prospectus Supplement/Final Terms for such Note Series as follows and to the following extent:

- (i) if, on the Scheduled Redemption Date, Loan Note Issuer No.1 deposits into the relevant Distribution Ledger for the relevant Note Series in the Issuer Distribution Account in accordance with the provisions of the Loan Note Supplement for the Related Loan Note an amount equal to the Principal Amount Outstanding on the Scheduled Redemption

Date, then the notes of such Note Series will be redeemed *pro rata* to the extent of that amount (after exchange of such amount to the relevant currency pursuant to the relevant Swap Agreement, if such a currency Swap Agreement has been entered into); and

- (ii) if, on the Scheduled Redemption Date, Loan Note Issuer No.1 deposits into the relevant Distribution Ledger for the relevant Note Series in the Issuer Distribution Account in accordance with the provisions of the Loan Note Supplement an amount which is less than the Principal Amount Outstanding, then the notes of such Note Series will be redeemed *pro rata* in part to the extent of the amount which is so deposited (after exchange of such amount to the relevant currency pursuant to the relevant Swap Agreement, if such a currency swap has been entered into), and the Rapid Amortisation Period will commence with effect from the Scheduled Redemption Date.

If the Rapid Amortisation Period for a Note Series commences in the circumstances referred to in (ii) above, then on each Interest Payment Date which thereafter occurs during the Amortisation Period, the notes will be redeemed in whole or, as the case may be, *pro rata* in part to the extent of the amount (after exchange of such amount to the relevant currency at the rate of exchange applicable to such Note Series under the Swap Agreement or if there is no longer a Swap Agreement then at a spot rate of exchange, if such Note Series is denominated in a currency other than Sterling) which is deposited to the relevant Distribution Ledger for the relevant Note Series in the Issuer Distribution Account on such day in accordance with the provisions of the Loan Note Supplement for the Related Loan Note until the earlier of (a) such time as the Note Series is redeemed in full or (b) the Final Redemption Date specified in the relevant Prospectus Supplement/Final Terms for such Note Series.

The Principal Paying Agent will cause each Principal Payment and Principal Amount Outstanding to be notified to the Issuer, the Paying Agents, the Note Trustee and, for so long as the notes are admitted to trading on the Regulated Market of the London Stock Exchange, the London Stock Exchange, as soon as practicable after such determination, but in any event not later than the seventh day thereafter or such earlier day as the Regulated Market of the London Stock Exchange may require and will cause the same to be published in accordance with Condition 16 as soon as possible thereafter. All notifications, opinions, determinations, certificates, calculations, quotations and decisions given, expressed, made or obtained for the purposes of this Condition by the Principal Paying Agent will (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Paying Agents, the Note Trustee and the Noteholders and (subject as aforesaid) no liability to any such Person will attach to the Principal Paying Agent in connection with the exercise or non-exercise by it of its powers, duties and discretions for such purposes.

If the Principal Paying Agent fails at any time to determine a Principal Payment or Principal Amount Outstanding as aforesaid, the Note Trustee, or its appointed agent without accepting liability therefor, shall calculate such Principal Payment or Principal Amount Outstanding in accordance with the above provisions of this Condition, and each such determination or calculation shall be deemed to have been made by the Principal Paying Agent. Any such determination or calculation will be binding on the Issuer, the Paying Agents, the Note Trustee and the Noteholders.

(b) *Mandatory Early Redemption*

If an Amortisation Period commences prior to the Scheduled Redemption Date (or, if the Issuer has entered into a Swap Agreement in respect of the notes, an Amortisation Period commences (or is continuing) on or after the Scheduled Redemption Date) then on each Interest Payment Date (including the Scheduled Redemption Date) which thereafter occurs during an Amortisation Period, the notes will be redeemed *pro rata* in part to the extent of the amount (being the "**Available Redemption Funds**") which is deposited into the relevant Distribution Ledger (in respect of the relevant Note Series) by Loan Note Issuer No.1 on each such date in accordance with the provisions of the relevant Loan Note Supplement until the earlier of (a) such time as the Note Series is redeemed in full, (b) such date prior to the Final Redemption Date (if any) specified in the relevant Prospectus Supplement/Final Terms and (c) the Final Redemption Date specified in the relevant Prospectus Supplement/Final Terms; **provided that** if the Issuer has entered into a Swap Agreement in respect of the notes, then on each Interest Payment Date which

occurs on and after the Scheduled Redemption Date, the notes will be redeemed *pro rata* in part to the extent of the Available Redemption Funds (after exchange of such amount to the relevant currency at the rate of exchange applicable to such Note Series under the Swap Agreement or if there is no longer a Swap Agreement then at a spot rate of exchange, if such Note Series is denominated in a currency other than Sterling) until the earlier of (a) such time the Note Series is redeemed in full, and (b) the Final Redemption Date specified in the relevant Prospectus Supplement/Final Terms.

In relation to each Interest Payment Date, the Agent Bank shall determine (i) the amount of each "**Principal Payment**" payable on each note, which will be the *pro rata* share of that Note in the Available Redemption Funds (converted into the relevant currency if such Note Series is denominated in a currency other than Sterling) calculated by dividing such Available Redemption Funds by the number of notes in the relevant Note Series then outstanding, and (ii) the Principal Amount Outstanding of each note on the first day of the next following Interest Period (after deducting any Principal Payment due to be made in respect of each note on the Interest Payment Date).

(c) *Optional Early Redemption in Full*

If a Note Series is specified in the relevant Prospectus Supplement/Final Terms as being able to be redeemed on any "**Call Date**" then (subject to any additional Conditions (if any) specified in the relevant Prospectus Supplement/Final Terms) on any Interest Payment Date falling on or after the relevant Call Date and upon giving not more than 60 nor less than 30 days' prior written notice to the Note Trustee, the Swap Counterparty and the Noteholders (in accordance with Condition 16), the Issuer may redeem all (but not some only) of the notes of such Note Series then outstanding at their then Principal Amount Outstanding together with accrued interest provided that, prior to giving any such notice, (i) the Issuer shall have provided to the Note Trustee a certificate signed by two directors of the Issuer to the effect that it will have the funds, not subject to any interest of any other person, required to redeem the relevant Note Series on such Interest Payment Date as aforesaid and to pay any amounts required to be paid in priority or *pari passu* with such Note Series outstanding in accordance with the conditions of the Note Trust Deed and relevant Note Trust Deed Supplement and (ii) the Note Trustee is satisfied in accordance with the terms of the Transaction Documents that there are sufficient funds to allow the Issuer to redeem the relevant Note Series.

(d) *Final Redemption*

If the notes have not previously been redeemed and cancelled or redeemed in full pursuant to Conditions 7(a), 7(b), 7(c) or 10 (including any case where any interest (including Deferred Interest and Additional Interest) thereon has not earlier been paid), the notes will be finally redeemed at their then Principal Amount Outstanding together with accrued interest (including Deferred Interest and Additional Interest) thereon on the Final Redemption Date specified in the relevant Prospectus Supplement/Final Terms.

(e) *Other Redemption*

The Issuer shall not be entitled to redeem the notes otherwise than as provided in paragraphs (a), (b), (c) and (d) above.

(f) *Purchase*

The Issuer may not, at any time, purchase the notes in the open market or otherwise.

(g) *Cancellation*

All notes redeemed pursuant to the foregoing provisions shall be cancelled forthwith and may not be reissued or resold.

8. **Payments**(a) *Interest and Principal*

- (i) *Principal in Euro:* Payments of principal shall be made by Euro cheque drawn on, or, upon application by a holder of a note to the Specified Office of the Principal Paying Agent not later than the fifteenth day before the due date for any such payment, by transfer to a Euro account (or other account to which Euro may be credited or transferred) maintained by the payee with, a bank in a city in which banks have access to TARGET2 and (in the case of redemption) upon surrender (or, in the case of part payment only, endorsement) of the relevant Note Certificates at the Specified Office of any Paying Agent.
- (ii) *Interest in Euro:* Payments of interest shall be made by Euro cheque drawn on, or, upon application by a holder of a note to the Specified Office of the Principal Paying Agent not later than the fifteenth day before the due date for any such payment, by transfer to a Euro account (or other account to which Euro may be credited or transferred) maintained by the payee with, a bank in a city in which banks have access to TARGET2 and (in the case of interest payable on redemption) upon surrender (or, in the case of part payment only, endorsement) of the relevant Note Certificates at the Specified Office of any Paying Agent.
- (iii) *Principal in U.S. dollars:* Payments of principal shall be made by U.S. dollar cheque drawn on, or, upon application by a holder of a note to the Specified Office of the Principal Paying Agent not later than the fifteenth day before the due date for any such payment, by transfer to a U.S. dollar account (or other account to which U.S. dollars may be credited or transferred) maintained by the payee with, a bank in New York City and (in the case of redemption) upon surrender (or, in the case of part payment only, endorsement) of the relevant Note Certificates at the Specified Office of any Paying Agent.
- (iv) *Interest in U.S. dollars:* Payments of interest shall be made by U.S. dollar cheque drawn on, or, upon application by a holder of a note to the Specified Office of the Principal Paying Agent not later than the fifteenth day before the due date for any such payment, by transfer to a U.S. Dollar account (or other account to which U.S. dollars may be credited or transferred) maintained by the payee with, a bank in New York City and (in the case of interest payable on redemption) upon surrender (or, in the case of part payment only, endorsement) of the relevant Note Certificates at the Specified Office of any Paying Agent.
- (v) *Principal in Sterling:* Payments of principal shall be made by sterling cheque drawn on, or, upon application by a holder of a note to the Specified Office of the Principal Paying Agent not later than the fifteenth day before the due date for any such payment, by transfer to a sterling account (or other account to which sterling may be credited or transferred) maintained by the payee with a bank in the City of London and (in the case of redemption) upon surrender (or, in the case of part payment only, endorsement) of the relevant Note Certificates at the Specified Office of any Paying Agent.
- (vi) *Interest in Sterling:* Payments of interest shall be made by sterling cheque drawn on, or, upon application by a holder of a note to the Specified Office of the Principal Paying Agent not later than the fifteenth day before the due date for any such payment, by transfer to a sterling account (or other account to which sterling may be credited or transferred) maintained by the payee with a bank in the City of London and (in the case of interest payable on redemption) upon surrender (or, in the case of part payment only, endorsement) of the relevant Note Certificates at the Specified Office of any Paying Agent.

(b) *Payments subject to fiscal laws*

All payments in respect of the notes are subject in all cases to any applicable fiscal or other laws and regulations in the place of payment, but without prejudice to the provisions of Condition 9

(*Taxation*). No commissions or expenses shall be charged to the Noteholders in respect of such payments.

(c) *Payments on Business Days*

If the due date for payment of any amount in respect of any note is not a Payment Business Day in the place of payment, the holder shall not be entitled to payment in such place of the amount due until the next succeeding Payment Business Day in such place and shall not be entitled to any further interest or other payment in respect of any such delay.

- (i) *Partial payments*: If a Paying Agent makes a partial payment in respect of any note, the Issuer shall procure that the amount and date of such payment are noted on the relevant Register and, in the case of partial payment upon presentation of a Note Certificate, that a statement indicating the amount and the date of such payment is endorsed on the relevant Note Certificate.
- (ii) *Record date*: Each payment in respect of a note will be made to the Person shown as the holder in the Register maintained by the relevant Registrar at the close of business in the place of such Registrar's Specified Office on the fifteenth day before the due date for such payment (the "**Record Date**"). Where payment in respect of a note is to be made by cheque, the cheque will be mailed to the address shown as the address of the holder in such Register at the opening of business on the relevant Record Date.

(d) *Paying Agent*

The Issuer reserves the right, subject to the prior written approval of the Note Trustee, and in accordance with the provisions of the Paying Agency Agreement at any time to vary or terminate the appointment of the Principal Paying Agent and to appoint additional or other Paying Agents. The Issuer will at all times maintain (i) a Paying Agent with a Specified Office in London (so long as the Notes are admitted to the Official List of the Financial Services Authority in its capacity as the UK Listing Authority (the "**UKLA**") and/or admitted to trading on the Regulated Market of the London Stock Exchange) and (ii) a paying agent in a European Union member state that will not be obliged to withhold or deduct tax payments pursuant to European Council Directive 2003/48/EC or any other directive implementing the conclusions of the ECOFIN Council meeting of 26-27 November 2000 or any law implementing or complying with, or introduced in order to conform to, such directive.

9. **Taxation**

All payments of principal and interest in respect of the notes by or on behalf of the Issuer shall be made free and clear of, and without withholding or deduction for or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed, levied, collected, withheld or assessed by or on behalf of Jersey, the United Kingdom or any other jurisdiction to whose tax laws such payments may be subject or any political subdivision therein or any authority in or of any of the foregoing having power to tax, unless the withholding or deduction of such taxes, duties, assessments, or governmental charges is required by law. In that event, the Issuer or the Paying Agents on behalf of the Issuer shall make such payment after such withholding or deduction of such amounts has been made and shall account to the relevant authorities for the amount so required to be withheld or deducted. Neither the Issuer nor the Paying Agents will be required to make any additional payments to any Noteholder in respect of any amounts deducted or withheld as mentioned in this Condition 9.

10. **Events of Default**

If any of the following events (each an "**Event of Default**") occurs in respect of a Note Series:

- (a) *Non-payment*: the Issuer fails to pay any amount of principal in respect of the relevant Note Series within seven days of the due date for payment thereof or fails to pay any amount of interest in respect of the relevant Note Series within 15 days of the due date for payment thereof; or

- (b) *Breach of other obligations:* the Issuer defaults in the performance or observance of any of its other obligations under or in respect of the relevant Note Series, the Note Trust Deed (other than in such case, any obligation for the payment of any principal or interest on the notes) or the Paying Agency Agreement (except where such default is incapable of remedy) and such default remains unremedied for 30 days after written notice thereof by the Note Trustee, addressed to the Issuer, certifying that such default is, in the opinion of the Note Trustee, materially prejudicial to the interests of the Noteholders of such Note Series; or
- (c) *Unsatisfied judgment:* one or more judgment(s) or order(s) for the payment of any amount is rendered against the Issuer and continue(s) unsatisfied and unstayed for a period of 30 days after the date(s) thereof or, if later, the date therein specified for payment; or
- (d) *Security enforced:* a secured party takes possession, or a receiver, manager or other similar officer is appointed, of the whole or any part of the undertaking, assets and revenues of the Issuer or an enforcement action is begun or a distress or execution is levied; or
- (e) *Insolvency etc:* (i) the Issuer becomes insolvent or is unable to pay its debts as they fall due, (ii) an administrator or liquidator of the Issuer or the whole or any part of the undertaking, assets and revenues of the Issuer is appointed (or application for any such appointment is made), (iii) the Issuer takes any action for a readjustment or deferment of any of its obligations or makes a general assignment or an arrangement or composition with or for the benefit of its creditors or declares a moratorium in respect of any of its Indebtedness or any guarantee of Indebtedness given by it or (iv) the Issuer ceases or threatens to cease to carry on all or any substantial part of its business; or
- (f) *Winding up etc:* an order is made or an effective resolution is passed for the winding up, liquidation or dissolution of the Issuer; or
- (g) *Analogous event:* any event occurs which under the laws of England and Wales has an analogous effect to any of the events referred to in paragraphs (c) to (f) above; or
- (h) *Failure to take action etc:* any action, condition or thing at any time required to be taken, fulfilled or done in order (i) to enable the Issuer lawfully to enter into, exercise its respective rights and perform and comply with its respective obligations under and in respect of the notes and the Related Documents, (ii) to ensure that those obligations are legal, valid, binding and enforceable (except as such enforceability may be limited by applicable bankruptcy, insolvency, moratorium, reorganisation or other similar laws affecting the enforcement of the rights of creditors generally and as such enforceability may be limited by the effect of general principles of equity) and (iii) to make the notes and the Related Documents admissible in evidence in the courts of England and Wales is not taken, fulfilled or done; or
- (i) *Unlawfulness:* it is or will become unlawful for the Issuer to perform or comply with any of its obligations under or in respect of the relevant Note Series; or
- (j) *Government intervention:* (A) all or any substantial part of the undertaking, assets and revenues of the Issuer is condemned, seized or otherwise appropriated by any Person acting under the authority of any national, regional or local government or (B) the Issuer is prevented by any such Person from exercising normal control over all or any substantial part of its undertaking, assets and revenues,

then the Note Trustee may at its discretion and, if so required by holders of at least one-quarter of the aggregate Principal Amount Outstanding of the relevant Note Series outstanding or if so directed by an Extraordinary Resolution (as defined in the Note Trust Deed) of the Noteholders of the relevant Note Series (subject in each case to being indemnified and/or secured and/or pre-funded to its satisfaction), shall be bound to, give written notice (an "**Enforcement Notice**") to the Issuer declaring all of the notes of the relevant Note Series to be immediately due and payable, whereupon they shall become immediately due and payable at their Principal Amount Outstanding together with accrued interest (including Deferred Interest and Additional Interest) without further action or formality. Additional Events of Default relating to a particular Note Series may be specified in the Note Trust Deed Supplement and Prospectus Supplement/Final Terms for such Note Series. Notice of any such declaration shall promptly be given to the Noteholders of the relevant Note Series by the Issuer.

11. Prescription

Claims for principal and interest on redemption shall become void unless the relevant Note Certificates are presented for payment within ten years of the appropriate Relevant Date.

12. Replacement of Notes

If any Note Certificate is lost, stolen, mutilated, defaced or destroyed, it may be replaced at the Specified Office of the relevant Registrar, subject to all applicable laws and listing authority, stock exchange and/or quotation system requirements, upon payment by the claimant of the expenses incurred in connection with such replacement and on such terms as to evidence, Security, indemnity and otherwise as the Issuer may reasonably require. Mutilated or defaced Note Certificates must be surrendered before replacements will be issued.

13. Note Trustee and Agents

The Note Trustee is entitled to be indemnified and relieved from responsibility in certain circumstances and to be paid its costs and expenses in priority to the claims of the Noteholders.

In the exercise of its powers and discretions under these Note Conditions and the Note Trust Deed, the Note Trustee will have regard to the interests of the Noteholders as a class and will not be responsible for any consequence (including any tax consequence) for individual Noteholders as a result of such holders being connected in any way with a particular territory or taxing jurisdiction.

In acting under the Paying Agency Agreement, and in connection with the notes, the Paying Agents act solely as agents of the Issuer and (to the extent provided therein) the Note Trustee does not assume any obligations towards or relationship of agency or trust for or with any of the Noteholders.

If in the opinion of the Note Trustee there is a conflict between the interests of the holders of any of the classes of notes, the Note Trustee shall in the exercise of its duties, powers and discretions, have regard solely to the interests of the class which ranks most senior and which is still outstanding.

The Note Trustee is relieved of liability for making searches or other enquiries in relation to the assets comprising the Security. The Note Trustee has no responsibility in relation to the legality and the enforceability of the trust arrangements and the connected Security. The Note Trustee will not be obliged to take any action which might result in its incurring personal liabilities. The Note Trustee is not obliged to monitor or investigate the performance of any other Person under the documents relating to Loan Note Issuer No.1 or the documents relating to the Penarth Receivables Trust and shall be entitled to assume, until it has actual notice to the contrary, that all such Persons are properly performing their duties and that no Pay Out Event has occurred, unless it receives express notice to the contrary.

The Note Trustee is not responsible for any deficiency which may arise because it is liable to tax in respect of the proceeds of Security.

The Note Trustee is not responsible for checking the calculations contained in or otherwise verifying any information coming into its possession in relation to the Penarth Receivables Trust. The Note Trustee shall not be responsible for monitoring or determining whether or not any or all of the Issuance Tests in respect of the Related Loan Note for a Note Series are satisfied prior to or at the time of any issue of a Note Series and its Related Loan Note or any increase of the Outstanding Principal Amount of an existing Note Series and its Related Loan Note by Loan Note Issuer No.1.

The Note Trustee and its related companies are entitled to enter into business transactions with the Issuer, Bank of Scotland and/or related companies of any of them without accounting for any profit resulting therefrom.

The initial Paying Agents and their initial Specified Offices are listed below. The initial Agent Bank is specified in the relevant Prospectus Supplement/Final Terms. Subject to the provisions of the Paying Agency Agreement and Condition 8(d), the Issuer reserves the right at any time to vary or terminate the appointment of any Paying Agent and to appoint successor or additional Paying Agents or a successor Agent Bank, **provided, however, that:**

- (a) the Issuer shall at all times maintain a Principal Paying Agent;

- (b) if a Calculation Agent is specified in the relevant Prospectus Supplement/Final Terms, the Issuer shall at all times maintain a Calculation Agent; and
- (c) if and for so long as the notes are admitted to listing, trading and/or quotation by any listing authority, stock exchange and/or quotation system which requires the appointment of a Paying Agent in any particular place, the Issuer shall maintain a Paying Agent having its Specified Office in the place required by such listing authority, stock exchange and/or quotation system.

Notice of any change in any of the Paying Agents or in their Specified Offices shall promptly be given to the Noteholders.

14. **Meetings of Noteholders; Modification and Waiver**

(a) *Meetings of Noteholders*

The Note Trust Deed contains provisions for convening meetings of Noteholders of any Note Series or class, as applicable, to consider matters relating to the notes of a Note Series or class, as applicable, including the modification of any provision of these Conditions or the Note Trust Deed or any Note Trust Deed Supplement or the Related Documents. Any such modification may be made if sanctioned by an Extraordinary Resolution of the Noteholders of the relevant Note Series or class, as applicable.

The Note Trust Deed provides that business which in the opinion of the Note Trustee affects:

- (i) the notes of only one Note Series shall be transacted at a separate meeting of the Noteholders of that Note Series;
- (ii) the Noteholders of more than one Note Series but does not give rise to an actual or potential conflict of interest between the Noteholders of one Note Series and the holders of another Note Series shall be transacted either at separate meetings of the Noteholders of each such Note Series or at a single meeting of the Noteholders of all such Note Series as the Note Trustee shall determine in its absolute discretion;
- (iii) the Noteholders of more than one Note Series and gives rise to any actual or potential conflict of interest between the Noteholders of one Note Series and the Noteholders of any other Note Series shall be transacted at separate meetings of the Noteholders of each such Note Series; the notes of only one class shall be transacted at a separate meeting of the Noteholders of that class;
- (iv) the Noteholders of more than one class of notes but does not give rise to an actual or potential conflict of interest between the Noteholders of one class of notes and the holders of another class of notes shall be transacted either at separate meetings of the Noteholders of each such class or at a single meeting of the Noteholders of all such classes of notes as the Note Trustee shall determine in its absolute discretion; and
- (v) the Noteholders of more than one class and gives rise to any actual or potential conflict of interest between the Noteholders of one class of notes and the Noteholders of any other class of notes shall be transacted at separate meetings of the Noteholders of each such class.

The quorum for any meeting convened to consider an Extraordinary Resolution will be two or more Persons holding or representing a clear majority of the aggregate Principal Amount Outstanding of the relevant Note Series or at any adjourned meeting two or more Persons holding or representing notes of the relevant Note Series whatever the Principal Amount Outstanding of notes so held or represented for the time being outstanding, **provided, however, that** no modification of certain terms including, any modification constituting a Basic Terms Modification shall be effective unless such Basic Terms Modification has been sanctioned by an Extraordinary Resolution of all Note Series belonging to the relevant class of notes of which the modification is proposed of Noteholders (which shall include each Note Series which, in the opinion of the Note Trustee is or may be prejudiced by such Basic Terms Modification) and consented to in writing by the Note Trustee. The necessary quorum for passing an Extraordinary Resolution in respect of a Basic Terms Modification shall be two or more Persons holding or

representing in the aggregate not less than 75 per cent. of the aggregate Principal Amount Outstanding of each Note Series, for the time being outstanding or at any adjourned meeting two or more Persons holding or representing in the aggregate not less than 25 per cent. of the aggregate Principal Amount Outstanding of each Note Series.

Any Extraordinary Resolution duly passed shall be binding on all Noteholders of such Note Series (whether or not they are present at the meeting at which such resolution was passed). The majority required for an Extraordinary Resolution shall be 75 per cent. of the votes cast on that Extraordinary Resolution. The Note Trust Deed contains provisions regulating the effect of Extraordinary Resolutions of the Noteholders.

(b) *Modification and Waiver*

The Note Trustee may agree, without the consent of the Noteholders or the other secured creditors of the Issuer, (i) to any modification (except a Basic Terms Modification) of, or to the waiver or authorisation of any breach or proposed breach of, the notes or any Note Series thereof (including these Conditions) or the Note Trust Deed or any Note Trust Deed Supplement or any other Related Document, the Loan Notes in respect of a Note Series, the Note Trust Deed and the Note Trust Deed Supplement and which is not, in the opinion of the Note Trustee, materially prejudicial to the interests of the Most Senior Class of the relevant Noteholders or (ii) to any modification of any of the provisions of these Conditions, the Note Trust Deed or any Note Trust Deed Supplement or any of the Related Documents which, in the opinion of the Note Trustee, is of a formal, minor or technical nature or made to correct an error which in the sole opinion of the Note Trustee is considered to be such. The Note Trustee shall not waive or authorise (i) in contravention of any express direction by an Extraordinary Resolution (but so that no such direction or request shall affect any authorisation, waiver or determination previously given or made); or (ii) any such proposed breach or breach relating to a Basic Terms Modification. Any such modification, authorisation or waiver shall be binding on the relevant Noteholders and, unless the Note Trustee agrees otherwise, shall be notified by the Issuer to the Noteholders in accordance with Condition 16 as soon as practicable thereafter. Where each of Standard & Poor's, Fitch Ratings and Moody's which is then rating the relevant Note Series has given written confirmation that the then current rating of the relevant class of notes would not be adversely affected by such exercise, the Note Trustee in considering whether such exercise is materially prejudicial to the interests of the Noteholders (or any class thereof) or, as the case may be, the holders of the Most Senior Class of outstanding notes, shall be entitled to take into account such written confirmation from each Rating Agency, provided that the Note Trustee shall continue to be responsible for taking into account all other matters which would be relevant to such consideration. Notwithstanding the foregoing, a credit rating is an assessment of credit and does not address other matters that may be of relevance to Noteholders. The above does not impose or extend any actual or contingent liability for the Rating Agencies to the Noteholders or any other party or create any legal relations between the Rating Agencies and the Noteholders or any other party.

(c) *Substitution*

As more fully set forth in the Note Trust Deed (and subject to the Conditions and more detailed provisions which are contained therein) subject to such amendment of the Note Trust Deed and such other conditions as the Note Trustee may require, but without the consent of the Noteholders, the Note Trustee may also agree to the substitution of any other body corporate in place of the Issuer (the "**Substituted Issuer**") as principal debtor under the Note Trust Deed and the notes and in the case of such a substitution the Note Trustee may agree, without the consent of the Noteholders, to a change of the law governing the notes and/or the STDCMA **provided that** such change would not in the opinion of the Note Trustee be materially prejudicial to the interests of the Most Senior Class of Noteholders. Any such substitution or addition shall be notified to the Noteholders in accordance with Condition 16 as soon as practicable thereafter.

15. **Enforcement**

At any time after the notes become due and repayable and, without prejudice to its rights of enforcement in relation to the Security, the Note Trustee may, at its discretion and without notice, institute such proceedings as it thinks fit to enforce payment of the relevant Note Series (including the right to

repayment of the relevant Note Series together with accrued interest thereon) and shall be bound to do so if (and only if):

- (i) it shall have been so directed by holders of at least one-quarter of the aggregate Principal Amount Outstanding of the relevant Note Series or by an Extraordinary Resolution of the relevant Note Series; and
- (ii) it shall have been indemnified and/or pre-funded and/or provided with security to its satisfaction.

No Noteholder may institute any proceedings against the Issuer to enforce its rights under or in respect of the notes or the Note Trust Deed unless (i) the Note Trustee has become bound to institute proceedings and has failed to do so within a reasonable time and (ii) such failure is continuing.

16. Notices

Notices to the Noteholders shall be valid (i) if published in a leading English language daily newspaper published in London (which is expected to be the Financial Times) and any such notice shall be deemed to have been given on the date of first publication or (ii) in the case of Registered Uncleared Notes, if sent by first class mail (or its equivalent) or (if posted to an overseas address) by airmail at their respective addresses on the Register and any such notice shall be deemed to have been given on the fourth day after the date of mailing.

Until such time as any Individual Note Certificates are issued, there may, so long as the Global Note Certificate(s) is or are held in its or their entirety on behalf of Euroclear and/or Clearstream and/or are deposited with the DTC Custodian, be substituted for such publication in such newspaper the delivery of the relevant notice to Euroclear, Clearstream and DTC, for communication by them to the Noteholders. Any such notice shall be deemed to have been given to the holders of the relevant notes on the day after the day on which such notice was given to Euroclear, Clearstream and DTC (as applicable).

Any notices specifying the Rate of Interest, the redemption rate, an interest amount, an amount of additional interest or of deferred interest, a principal payment or a principal amount outstanding shall be deemed to have been duly given if the information contained in such notice appears on the relevant page of the Reuters Screen or such other medium for the electronic display of data as may be approved by the Note Trustee and notified to the relevant class of Noteholders (the "**Relevant Screen**"). Any such notice shall be deemed to have been given on the first date on which such information appeared on the Relevant Screen. If it is impossible or impracticable to give notice in accordance with this paragraph, then notice of the matters referred to in this Condition shall be given in accordance with the preceding paragraph.

Copies of all notices given in accordance with these provisions shall be sent to the London Stock Exchange or to the applicable stock exchange on which the notes are listed and to Euroclear, Clearstream and DTC (as applicable).

17. Currency Indemnity

If any sum due from the Issuer in respect of the notes or any order or judgment given or made in relation thereto has to be converted from the currency (the "**First Currency**") in which the same is payable under these Conditions or such order or judgment into another currency (the "**Second Currency**") for the purpose of (a) making or filing a claim or proof against the Issuer, (b) obtaining an order or judgment in any court or other tribunal, or (c) enforcing any order or judgment given or made in relation to the notes, the Issuer shall indemnify each Noteholder, on the written demand of such Noteholder addressed to the Issuer and delivered to the Issuer or to the Specified Office of the Principal Paying Agent, against any loss suffered as a result of any discrepancy between (i) the rate of exchange used for such purpose to convert the sum in question from the First Currency into the Second Currency and (ii) the rate or rates of exchange at which such Noteholder may in the ordinary course of business purchase the First Currency with the Second Currency upon receipt of a sum paid to it in satisfaction, in whole or in part, of any such order, judgment, claim or proof.

This indemnity constitutes a separate and independent obligation of the Issuer and shall give rise to a separate and independent cause of action.

18. **Rounding**

For the purposes of any calculations referred to in these Conditions (unless otherwise specified in these Conditions or the relevant Prospectus Supplement/Final Terms), all percentages resulting from such calculations will be rounded, if necessary, to the nearest one hundred-thousandth of a percentage point (with 0.000005 per cent. being rounded up to 0.00001 per cent.).

19. **Redenomination, Renominalisation and Reconventioning**

(a) *Application:* This Condition 19 is applicable to the notes only if it is specified in the relevant Prospectus Supplement/Final Terms as being applicable.

(b) *Notice of redenomination:* If the country of the Specified Currency becomes or, announces its intention to become, a Participating Member State, the Issuer may, without the consent of the Noteholders, on giving at least 30 days' prior notice to the Noteholders and the Paying Agents, designate a date (the "**Redenomination Date**"), being an Interest Payment Date under the notes falling on or after the date on which such country becomes a Participating Member State.

(c) *Redenomination:* Notwithstanding the other provisions of these Conditions, with effect from the Redenomination Date:

(i) the notes shall be deemed to be redenominated into Euro in the denomination of Euro 0.01 with a Principal Amount Outstanding for each note equal to the Principal Amount Outstanding of that Note in the Specified Currency, converted into Euro at the rate for conversion of such currency into Euro established by the Council of the European Union pursuant to the Treaty (including compliance with rules relating to rounding in accordance with European Community regulations); **provided, however, that**, if the Issuer determines, with the agreement of the Principal Paying Agent then market practice in respect of the redenomination into Euro 0.01 of internationally offered securities is different from that specified above, such provisions shall be deemed to be amended so as to comply with such market practice and the Issuer shall promptly notify the Noteholders, each listing authority, stock exchange and/or quotation system (if any) by which the notes have then been admitted to listing, trading and/or quotation and the Paying Agents of such deemed amendments;

(ii) if notes have been issued in definitive form:

(A) the payment obligations contained in all notes denominated in the Specified Currency will become void on the redenomination date but all other obligations of the Issuer thereunder (including the obligation to exchange such notes in accordance with this Condition 19) shall remain in full force and effect;

(B) and new notes denominated in Euro will be issued in exchange for notes denominated in the Specified Currency in such manner as the Principal Paying Agent may specify and as shall be notified to the Noteholders; and

(C) all payments in respect of the notes (other than, unless the Redenomination Date is on or after such date as the Specified Currency ceases to be a sub-division of the Euro, payments of interest in respect of periods commencing before the Redenomination Date) will be made solely in Euro by cheque drawn on, or by credit or transfer to a Euro account (or any other account to which Euro may be credited or transferred) maintained by the payee with, a bank in the Principal Financial Centre of any member state of the European Communities.

Any Individual Note Certificate issued pursuant to such redenomination shall have a minimum denomination of €50,000 (or its equivalent in another currency).

(d) *Interest:* Following redenomination of the notes pursuant to this Condition 19, where notes have been issued in definitive form, the amount of interest due in respect of the notes will be calculated by reference to the aggregate Principal Amount Outstanding of the notes.

- (e) *Interest Determination Date:* If the floating rate note provisions are specified in the relevant Prospectus Supplement/Final Terms as being applicable and Screen Rate determination is specified in the relevant Prospectus Supplement/Final Terms as the manner in which the rate(s) of interest is/are to be determined, with effect from the Redenomination Date the Interest Determination Date shall be deemed to be the second TARGET Settlement Day before the first day of the relevant Interest Period.

20. **Governing Law and Jurisdiction**

- (a) *Governing law:* The notes and all non-contractual obligations arising out of or in connection with them are governed by, and shall be construed in accordance with, English law.
- (b) *English courts:* The courts of England have exclusive jurisdiction to settle any Dispute (a "**Dispute**") arising from or connected with the notes.
- (c) *Appropriate forum:* The Issuer agrees that the courts of England are the most appropriate and convenient courts to settle any Dispute and, accordingly, that it will not argue to the contrary.
- (d) *Rights of the Noteholders to take Proceedings outside England:* Condition 20(b) is for the benefit of the Noteholders only. As a result, nothing in this Condition 20 prevents any Noteholder from taking proceedings relating to a Dispute ("**Proceedings**") in any other courts with jurisdiction. To the extent allowed by law, Noteholders may take concurrent Proceedings in any number of jurisdictions.
- (e) *The Note Trust Deed:* The Note Trust Deed provides for the court of England to have non-exclusive jurisdiction in connection with the notes.
- (f) *Consent to enforcement etc.:* The Issuer consents generally in respect of any Proceedings to the giving of any relief or the issue of any process in connection with such Proceedings including (without limitation) the making, enforcement or execution against any property whatsoever (irrespective of its use or intended use) of any order or judgment which is made or given in such Proceedings.

21. **Third Party Rights**

No Person shall have any right to enforce any term or condition of the notes or the STDCMA under the Contracts (Rights of Third Parties) Act 1999.

22. **Limited Recourse**

If at any time following (i) the Final Redemption Date or any earlier date upon which a Note Series is due and payable, (ii) the date on which the Issuer has received all sums due to it in respect of that Note Series and (iii) the application in full of any amounts available to pay amounts due and payable under that Note Series in accordance with the relevant priority of payments, there remains any amount then due and payable under that Note Series then such amount shall, on the day following the application in full of the amounts referred to in (iii) above, cease to be due and payable by the Issuer.

UNITED KINGDOM TAXATION TREATMENT OF THE NOTES

The comments below are of a general nature based on current United Kingdom law and practice. They relate only to the position of Persons who are the absolute Beneficial Owners of their notes relating thereto and may not apply to certain classes of Persons such as Dealers. They do not necessarily apply where the income is deemed for tax purposes to be income of any other Person. Prospective Noteholders should be aware that the particular terms of issue of any Note Series of notes as specified in the relevant Prospectus Supplement/Final Terms may affect the tax treatment of that and other Series. The following is a general guide and should be treated with appropriate caution. Any Noteholders who are in doubt as to their tax position should consult their professional advisers. The following comments relate only to withholding tax and do not deal with any other aspect of the United Kingdom taxation treatment that may be applicable to Noteholders (including for example, income tax, capital gains tax and corporation tax).

Noteholders who may be liable to taxation in jurisdictions other than the United Kingdom in respect of their acquisition, holding or Disposal of the notes are particularly advised to consult their professional advisers as to whether they are so liable (and, if so, under the laws of which jurisdictions), since the following comments relate only to certain United Kingdom taxation aspects of payments in respect of the notes. In particular, Noteholders should be aware that they may be liable to taxation under the laws of other jurisdictions in relation to payments in respect of the notes even if such payments may be made without withholding or deduction for or on account of taxation under the laws of the United Kingdom.

(A) **UK withholding tax on UK source interest**

The notes will constitute "**Quoted Eurobonds**" in those cases where they are listed on a recognised stock exchange and so long as they continue to be so listed. Not all Series issued pursuant to this Base Prospectus will necessarily be so listed. Securities will be treated as listed on a recognised stock exchange if (and only if) they are admitted to trading on that exchange and either they are included in the United Kingdom official list (within the meaning of Part 6 of the Financial Services and Markets Act 2000) in accordance with the provisions of that part or they are officially listed, in accordance with provisions corresponding to those generally applicable in European Economic Area states, in a country outside the United Kingdom in which there is a recognised stock exchange. The London Stock Exchange has been designated as a recognised stock exchange for these purposes. Whilst the notes are and continue to be Quoted Eurobonds, payments of interest on the notes may be made without deduction or withholding for or on account of United Kingdom income tax irrespective of whether the notes are in global or definitive form.

In all cases falling outside the exemption described above, interest on the notes may fall to be paid under deduction of United Kingdom income tax at the basic rate, currently 20 per cent., subject to such relief as may be available under the provisions of any applicable double taxation treaty or to any other exemption which may apply.

(B) **Provision of information**

Noteholders should note that where any interest on notes is paid to them (or to any Person acting on their behalf) by the Issuer or any Person in the United Kingdom acting on behalf of the Issuer (a "**Paying Agent**"), or is received by any Person in the United Kingdom acting on behalf of the relevant Noteholder (other than solely by clearing or arranging the clearing of a cheque) (a "**Collecting Agent**"), then the Issuer, the Paying Agent or the Collecting Agent (as the case may be) may, in certain cases, be required to supply to the United Kingdom HM Revenue & Customs details of the payment and certain details relating to the Noteholder (including the Noteholder's name and address). These provisions will apply whether or not the interest has been paid subject to withholding or deduction for or on account of United Kingdom income tax and whether or not the Noteholder is resident in the United Kingdom for United Kingdom taxation purposes. Where the Noteholder is not so resident, the details provided to the United Kingdom HM Revenue & Customs may, in certain cases, be passed by the United Kingdom HM Revenue & Customs to the tax authorities of the jurisdiction in which the Noteholder is resident for taxation purposes.

With effect from 6 April 2011, provisions referred to above may also apply, in certain circumstances, to payments made on redemption of any notes where the amount payable on

redemption is greater than the issue price of the notes. Information may also be required to be reported in accordance with regulations pursuant to the EU Savings Directive, see below.

(C) EU directive on the taxation of savings income

Under the EU Savings Directive each Member State is required to provide to the tax authorities of another Member State details of payments of interest or (similar income) paid by a Person within its jurisdiction to, or collected by such a Person for, an individual resident in that other Member State or certain limited types of entities established in that other Member State. However, for a transitional period, Austria and Luxembourg may instead apply a withholding system in relation to such payments, deducting tax at rates rising over time to 35 per cent. The transitional period is to terminate at the end of the first full fiscal year following agreement by certain non-EU countries to the exchange of information relating to such payments. Belgium has replaced its withholding tax with a regime of exchange of information to the Member States of residence as from 1 January 2010.

A number of non-EU countries and certain dependent or associated territories of certain Member States have adopted similar measures (either provision of information or transitional withholding) in relation to payments made by a Person within its jurisdiction to, or collected by such a Person for, an individual resident or certain limited types of entity established in a Member State. In addition, the Member States have entered into provision of information or transitional withholding arrangements with certain of those dependent or associated territories in relation to payments made by a Person in a Member State to, or collected by such a Person for, an individual resident or certain limited types of entity established in one of those territories.

On 15 September 2008 the European Commission issued a report to the Council of the European Union on the operation of the EU Savings Directive, which included the Commission's advice on the need for changes to the EU Savings Directive. On 13 November 2008 the European Commission published a more detailed proposal for amendments to the EU Savings Directive, which included a number of suggested changes which, if implemented, would broaden the scope of the requirements described above. The European Parliament approved an amendment to this proposal on 24 April 2009. If any of those proposed changes are made in relation to the EU Savings Directive, they may amend or broaden the scope of the requirements described above.

Investors who are in any doubt as to their position should consult their professional advisers.

(D) Other rules relating to United Kingdom withholding tax

Notes may be issued at an issue price of less than 100 per cent. of their principal amount. Any discount element on any such notes will not be subject to any United Kingdom withholding tax pursuant to the provisions mentioned above, but may be subject to reporting requirements as outlined above.

Where notes are to be, or may fall to be, redeemed at a premium, as opposed to being issued at a discount, then any such element of premium may constitute a payment of interest. Payments of interest are subject to United Kingdom withholding tax and reporting requirements as outlined above.

Where interest has been paid under deduction of United Kingdom income tax, Noteholders who are not resident in the United Kingdom may be able to recover all or part of the tax deducted if there is an appropriate provision in any applicable double taxation treaty.

The references to "interest" above mean "interest" as understood in United Kingdom tax law. The statements above do not take any account of any different definitions of "interest" or "principal" which may prevail under any other law or which may be created by the terms and conditions of the notes or any related documentation.

The above description of the United Kingdom withholding tax position assumes that there will be no substitution of the Issuer and does not consider the tax consequences of any such substitution.

MATERIAL JERSEY TAX CONSIDERATIONS

The following summary of the anticipated tax treatment in Jersey of the Receivables Trustee and Loan Note Issuer No.1 is based on Jersey taxation law in force at the date of this document and tax practice as it is understood to apply at the date of this document. It does not constitute legal or tax advice and does not address all aspects of Jersey tax law and practice (including such law and practice as it applies to any land or building situated in Jersey). Prospective investors should consult their professional advisers on the implications of subscribing for, buying, holding, selling, redeeming or disposing of notes under the laws of the jurisdictions in which they may be liable to taxation. Prospective investors should be aware that tax rules and practice and their interpretation may change.

Taxation of the Receivables Trustee and Loan Note Issuer No.1

Each of the Receivables Trustee and Loan Note Issuer No.1 is resident for tax purposes in Jersey and is subject to income tax in Jersey at a rate of zero per cent. on the basis that neither of them is a financial services company or a utility company for the purposes of the Income Tax (Jersey) Law 1961, as amended.

Taxation of Loan Notes

Payments in respect of the Loan Notes issued by Loan Note Issuer No.1 may be paid by Loan Note Issuer No.1 without withholding or deduction for or on account of Jersey income tax and holders of Loan Notes (other than residents of Jersey) will not be subject to any tax in Jersey in respect of the holding, sale or other disposition of such Loan Notes.

Stamp Duties

No stamp duty or similar taxes are payable in Jersey in connection with the issue, redemption or sale of the Loan Notes.

The Receivables Trust

The Penarth Receivables Trust is not a legal entity for Jersey tax purposes and therefore it will not be subject to Jersey income tax.

European Union Directive on the Taxation of Savings Income

As part of an agreement reached in connection with EU Savings Tax Directive (referred to in (C) (*EU directive on the taxation of savings income*) immediately above), and in line with steps taken by other relevant third countries, Jersey has introduced a retention tax system in respect of payments of interest, or other similar income, made to an individual beneficial owner resident in a Member State by a paying agent established in Jersey. The retention tax system applies for a transitional period prior to the implementation of a system of automatic communication to Member States of information regarding such payments. During this transitional period, such an individual beneficial owner resident in a Member State will be entitled to request a paying agent not to retain tax from such payments but instead apply a system by which the details of such payments are communicated to the tax authorities of the Member State in which the individual beneficial owner is resident.

The retention tax system in Jersey is implemented by means of bilateral agreements with each of the Member States, the Taxation (Agreements with European Union Member States) (Jersey) Regulations 2005 and Guidance Notes issued by the Policy & Resources Department of the States of Jersey. Based on these provisions and what is understood to be the current practice of the Jersey tax authorities, neither the Receivables Trustee nor Loan Note Issuer No.1 will be obliged to levy retention tax in respect of interest payments made by it to a paying agent established outside Jersey.

MATERIAL UNITED STATES FEDERAL INCOME TAX CONSEQUENCES

The following discussion is not intended or written to be used, and cannot be used by any person, for the purpose of avoiding U.S. federal tax penalties, and was written to support the promotion or marketing of the transaction. Each Noteholder should seek advice based on such person's particular circumstances from an independent tax advisor.

General

The following summary describes the material U.S. federal income tax considerations of acquiring, holding and disposing of the notes that are offered for sale in the United States (the "**U.S. Offered Notes**"). This summary has been prepared and reviewed by Clifford Chance U.S. LLP – called "**Special U.S. Tax Counsel**".

This summary does not discuss all aspects of U.S. federal tax law. In particular, except as specifically indicated in this summary, it addresses only purchasers in the original offering that purchase U.S. Offered Notes at their original issue price and hold the U.S. Offered Notes as "capital assets" within the meaning of Section 1221 of the U.S. Internal Revenue Code of 1986, as amended, called the "**Code**". It does not address special U.S. federal income tax considerations that may be important to particular investors in light of their individual investment circumstances or to certain types of investors subject to special tax rules – e.g. financial institutions, insurance companies, regulated investment companies, tax-exempt institutions, underwriters in securities or currencies, securities traders that elect mark-to-market tax accounting, certain U.S. expatriates or investors holding the U.S. Offered Notes as part of a conversion transaction, hedge, integrated transaction, constructive sale transaction or as a position in a straddle for tax purposes, or persons whose functional currency, as defined in Code Section 985, is not the U.S. dollar. Further, this discussion does not address alternative minimum tax consequences or any tax considerations to holders of interests in a Noteholder. In addition, this summary does not discuss any foreign, state, local or other tax considerations. This summary is based on the Code, the regulations promulgated thereunder and administrative and judicial authorities, all as in effect on the date of this Base Prospectus and all of which are subject to change, possibly on a retroactive basis.

For the purposes of this summary, a "**U.S. Holder**" means a beneficial owner of U.S. Offered Notes that is a "United States person" as described in Section 7701(a)(30) of the Code, generally including:

- (i) an individual who is a citizen or resident of the United States for U.S. federal income tax purposes;
- (ii) a corporation or other entity treated as a corporation for U.S. federal income tax purposes created in or under the laws of the United States, any state or any political subdivision of any state – including the District of Columbia;
- (iii) an estate whose income is includible in gross income for U.S. federal income tax purposes without regard to source; and
- (iv) a trust if a court within the United States is able to exercise primary supervision over the administration of the trust and one or more United States persons (as defined in the Code) have the authority to control all substantial decisions of the trust.

A "**Non-U.S. Holder**" means a beneficial owner of U.S. Offered Notes (other than a partnership or an entity treated as a partnership for U.S. tax purposes) that is not a U.S. Holder.

If an entity treated as a partnership for U.S. federal income tax purposes holds the U.S. Offered Notes, the U.S. federal income tax treatment of a partner in the partnership will generally depend on the status of the partner and the activities of the partnership.

Overview of Special U.S. Tax Counsel's Opinions

Special U.S. Tax Counsel has prepared and reviewed this summary of material U.S. federal income tax considerations, and is of the opinion that it is correct in all material respects. Special U.S. Tax Counsel also opines that, as described below, each of the Receivables Trustee, the Receivables Trust, Loan Note Issuer No.1 and the Issuer will not be treated as engaged in a trade or business within the United States for U.S. federal income tax purposes and will not be subject to U.S. federal income tax on its net income.

In addition, if the applicable Prospectus Supplement/Final Terms indicates that the U.S. Offered Notes will be treated as debt for U.S. federal income tax purposes, then, although there is no authority addressing the characterisation of securities with terms similar to the U.S. Offered Notes under current law, and while not free from doubt, Special U.S. Tax Counsel, will render an opinion that such notes will be treated as debt for U.S. federal income tax purposes. Except as set forth in the preceding sentences, Special U.S. Tax Counsel will render no other opinions about the acquisition, holding and disposition of the U.S. Offered Notes. Further, an opinion of Special U.S. Tax Counsel is not binding on the IRS or the courts, and no ruling on any of the consequences or issues discussed below will be sought from the IRS. Moreover, there are no authorities on similar transactions involving securities issued by an entity with terms similar to those of the U.S. Offered Notes. Accordingly, the Issuer suggests that persons considering the purchase of U.S. Offered Notes consult their own tax advisors about the U.S. federal income tax consequences of an investment in the U.S. Offered Notes and the application of U.S. federal tax laws, as well as the laws of any state, local or foreign taxing jurisdictions, to their particular situations.

Tax Status of the Receivables Trustee, the Receivables Trust, Loan Note Issuer No.1 and the Issuer

It is presently contemplated that each of the Receivables Trustee, the Receivables Trust, Loan Note Issuer No.1 and the Issuer will conduct their respective activities, including activities undertaken on their behalf, such as servicing activities, entirely outside of the United States. In that regard, assuming that the activities of each of Receivables Trustee, the Receivables Trust, Loan Note Issuer No.1 and the Issuer are, as contemplated, conducted entirely outside of the United States, and assuming each of these entities makes no investments that are subject to withholding of U.S. federal income tax, Special U.S. Tax Counsel is of the opinion that each of the Receivables Trustee, the Receivables Trust, Loan Note Issuer No.1 and the Issuer will not be treated as engaged in a trade or business within the United States for U.S. federal income tax purposes and that each of these entities will not be subject to U.S. federal income tax on its net income.

U.S. Holders

Tax Treatment of the U.S. Offered Notes

The applicable Prospectus Supplement/Final Terms will indicate whether the Issuer will treat the U.S. Offered Notes as equity in the Issuer or as debt of the Issuer for U.S. federal income tax purposes. Each holder of a note, by acceptance of such note, will agree to treat such note as either equity in the Issuer or debt for U.S. federal income tax purposes, as applicable. If the applicable Prospectus Supplement/Final Terms indicates that the Issuer will treat one or more classes of U.S. Offered Notes as equity for U.S. federal income tax purposes, then U.S. Holders of such notes will be taxed in the manner below under the heading "*Tax Treatment of U.S. Offered Notes as Equity*".

If the applicable Prospectus Supplement/Final Terms indicates that the U.S. Offered Notes will be treated as debt for U.S. federal income tax purposes, then, although there is no authority addressing the characterisation of securities with terms similar to the U.S. Offered Notes under current law, and while not free from doubt, Special U.S. Tax Counsel will render an opinion that such notes will be treated as debt for U.S. federal income tax purposes.

The opinion of Special U.S. Tax Counsel is not binding on the IRS, and no assurance can be given that the characterisation of the U.S. Offered Notes as debt would prevail if the issue were challenged by the IRS. Prospective U.S. Holders should consult with their tax advisers as to the effect of a recharacterisation of the U.S. Offered Notes as equity interests in the Issuer.

As discussed below, treatment of the U.S. Offered Notes as equity interests could have adverse tax consequences for U.S. Holders.

Except as indicated, the discussion below assumes the U.S. Offered Notes are treated as indebtedness for U.S. federal income tax purposes.

Interest Payments and Distributions

The applicable Prospectus Supplement/Final Terms will indicate whether the U.S. Offered Notes are treated as having been issued with original issue discount – "**OID**" – for U.S. federal income tax purposes, in which case the OID will be taxed as described below. However, in the absence of any OID on the U.S. Offered Notes, interest on the U.S. Offered Notes will be taxable to a U.S. Holder as ordinary

income at the time it is received or accrued, in accordance with the holder's regular method of accounting for U.S. federal income tax purposes.

The total amount of OID on a note is the excess of its stated redemption price at maturity over its issue price. The issue price for the U.S. Offered Notes is the price – including any accrued interest (although an election may be made to decrease the issue price by the amount of the pre-issuance accrued interest subject to certain conditions) – at which a substantial portion of the relevant U.S. Offered Notes are first sold to the public. In general, the stated redemption price at maturity of a note is the sum of all payments made on the note other than payments of interest that (1) are payable at least annually over the entire life of the note and (2) are based on a single fixed rate or variable rate – or certain combinations of fixed and variable rates.

If any of the U.S. Offered Notes are issued at a discount of an amount equal to or greater than 0.25 per cent. of that note's stated redemption price at maturity multiplied by the note's weighted average maturity, called its "**WAM**", then that note will be deemed to bear OID. The WAM of a note is computed based on the number of full years each distribution of principal – or other amount included in the stated redemption price at maturity – is scheduled to be outstanding. Further, if interest payable on a note is subject to deferral and the possibility of deferral is not remote, the IRS could take the position based on U.S. Treasury regulations that none of the interest payable on a note is unconditionally payable and so that all of that interest should be included in the note's stated redemption price at maturity.

A U.S. Holder – including a cash basis holder – of a note deemed to bear OID generally would be required to accrue OID on the relevant note for U.S. federal income tax purposes on a constant yield basis. This would require the inclusion of OID in income in advance of the receipt of cash attributable to that income. Under Section 1272(a)(6) of the Code, special provisions apply to debt instruments on which payments may be accelerated due to prepayments of other obligations securing those debt instruments. However, no regulations have been issued interpreting those provisions, and the manner in which those provisions would apply to the U.S. Offered Notes is unclear.

Foreign Currency Considerations

A U.S. Holder of a U.S. Offered Note that is denominated in a currency other than U.S. dollars (a "**Foreign Currency**") that uses the cash method of accounting must include in income the U.S. dollar value of Foreign Currency interest paid when received. Foreign Currency interest received is translated at the U.S. dollar spot rate of the Foreign Currency on the date of receipt, regardless of whether the payment is converted into U.S. dollars on the date of receipt. A cash method U.S. Holder of a U.S. Offered Note will therefore generally not have exchange gain or loss on receipt of a Foreign Currency interest payment but may have exchange gain or loss upon disposing of the Foreign Currency received.

A U.S. Holder of a U.S. Offered Note that uses the accrual method of accounting and a U.S. Holder of a U.S. Offered Note that bears OID, regardless of the method of accounting used, will be required to include in income the U.S. dollar value of Foreign Currency interest or OID, as the case may be, accrued during the accrual period. A U.S. Holder may determine the amount of income recognised with respect to such interest or OID using either of two methods. Under the first method, the U.S. dollar value of accrued interest or OID is translated at the average Foreign Currency rate for the interest accrual period (or, with respect to an accrual period that spans two taxable years, the partial period within the taxable year). A U.S. Holder of a U.S. Offered Note that uses this first method will therefore recognise exchange gain or loss, as the case may be, on interest or OID paid to the extent that the U.S. dollar/Foreign Currency exchange rate on the date the payment is received differs from the rate at which the income was accrued. Under the second method, the U.S. Holder can elect to accrue interest at the Foreign Currency spot rate on the last day of an accrual period or, if the last day of an accrual period is within five business days of the receipt, the spot rate on the date of receipt. An election to accrue interest or OID at the spot rate will generally apply to all Foreign Currency denominated debt instruments held by the U.S. Holder, and is irrevocable without the consent of the IRS. Regardless of the method used to accrue interest, a U.S. Holder may have additional exchange gain or loss upon a subsequent disposition of the Foreign Currency received.

The amount realised on the sale, exchange, redemption or retirement of a U.S. Offered Note is determined by translating the Foreign Currency proceeds into U.S. dollars at the spot rate on the date the U.S. Offered Note is disposed of, while a U.S. Holder's tax basis in a U.S. Offered Note will generally be the cost of the note to the U.S. Holder, determined by translating the Foreign Currency purchase price into U.S.

dollars at the spot rate on the date the U.S. Offered Note was purchased. A U.S. Holder will have a tax basis in Foreign Currency received on the sale, exchange, redemption or retirement of a U.S. Offered Note equal to the U.S. dollar value of the Foreign Currency on the date of receipt. Exchange gain or loss on a sale, exchange, redemption or retirement of a U.S. Offered Note is recognised only to the extent of total gain or loss on the transaction.

Foreign exchange gain or loss recognised by a U.S. Holder on the sale, exchange or other disposition of a U.S. Offered Note (including repayment at maturity) will generally be treated as U.S. source ordinary income or loss. Gain or loss in excess of exchange gain or loss on a U.S. Offered Note will generally be treated as U.S. source capital gain or loss. Non-corporate taxpayers may be subject to favourable tax rates with respect to their net long-term capital gains.

Sourcing. Interest payments or distributions on a note generally will constitute foreign source income for U.S. federal income tax purposes. Subject to certain limitations, U.K. withholding tax, if any, imposed on these payments will generally be treated as foreign tax eligible for credit against a U.S. Holder's U.S. federal income tax. Prospective purchasers should consult their tax advisers concerning the foreign tax credit implications of the payment of any United Kingdom taxes.

Disposition or Retirement of Investment

Subject to the discussion of the PFIC rules below and Foreign Currency considerations above, upon the sale, exchange or retirement of a note – including pursuant to a redemption by the Issuer prior to its maturity date – a U.S. Holder will recognise gain or loss equal to the difference between the amount realised and the U.S. Holder's "**Adjusted Tax Basis**" in the relevant note. In general, a U.S. Holder's Adjusted Tax Basis in an OID debt instrument is equal to the U.S. Holder's cost for such debt instrument, plus any OID accrued and less the amount of any payments received by the holder that are not "qualified stated interest" payments under applicable U.S. Treasury regulations.

A U.S. Holder's Adjusted Tax Basis in a debt instrument with no OID is generally equal to the holder's cost less the amount of any principal payments made before the date of disposition. A U.S. Holder's Adjusted Tax Basis in stock is generally equal to the U.S. Holder's cost for the stock. In general, any gain or loss realised by the holder will be capital gain or loss. Under certain circumstances, capital gains derived by individuals are taxed at preferential rates. The deductibility of capital losses is subject to limitations. If a U.S. Holder's basis in a note includes accrued but unpaid OID, the holder may be required specifically to disclose any loss above certain thresholds under regulations on tax shelter transactions.

Sourcing. Gain or loss realised by a U.S. Holder on the sale, exchange or retirement of a note generally will be treated as United States source. Exceptions to the application of the sourcing provisions include exceptions for certain losses attributable to foreign exchange fluctuations, accrued but unpaid interest, and foreign offices of U.S. residents, among others. Some other exceptions to the general rule apply to U.S. Offered Notes treated as equity in the Issuer. The Issuer suggests that U.S. Holders consult their own tax advisors about the availability of and limitations on any foreign tax credit.

Tax Treatment of U.S. Offered Notes as Equity

The applicable Prospectus Supplement/Final Terms will indicate whether the U.S. Offered Notes are treated as equity for U.S. federal income tax purposes.

Investment in a Passive Foreign Investment Company. Because of the nature of the income of the Issuer, the Issuer would constitute a passive foreign investment company – or "**PFIC**". Accordingly, U.S. Holders of any class of U.S. Offered Notes treated as equity would be shareholders in a PFIC. Any gain on sale or other disposition of such notes would be subject to tax at ordinary income rates, both gain and payments received on such notes might be subject to additional tax and a U.S. Holder would be subject to additional form filing requirements.

This treatment may be avoided by an investor treated as owning equity in a PFIC if that investor makes an effective qualified electing fund, or "**QEF**", election. A U.S. Holder making a QEF election would generally be required to include its pro rata share of the Issuer's ordinary income and net capital gain in income for each taxable year using the relevant U.S. Federal income tax accounting principles. In general, a QEF election would be required to be made on or before the due date for filing a U.S. Holder's federal income tax return for the first taxable year for which it holds a note. The QEF election is effective

only if certain required information is made available by the Issuer to an investor. The Issuer will, upon request, provide the requesting investor with all information and documentation that an investor making a QEF election is required to obtain for U.S. federal income tax purposes. Requesting investors should address their request for information in writing to the registered office of the Issuer set forth in this Base Prospectus. While the Issuer does not expect to charge for this information, by making a request the investor agrees (and must confirm in any request) that it will secure, indemnify and reimburse the Issuer for all costs, expenses and fees incurred in or associated with the preparation, verification and provision of this information, which may be substantial. Requesting investors should ensure that any request is submitted with sufficient time for the Issuer and its advisors to prepare, verify and provide the information. The Issuer expects to provide a Holder with the necessary information within 60 days of the end of the Issuer's taxable year, which is 31 December. The Issuer expects to process requests for QEF election forms received after the 60th day after the end of its taxable year within 15 Business Days of receiving the request. Alternatively, this treatment may be avoided by an investor treated as owning equity in a PFIC if that investor makes an election to account for its investment using a mark-to-market method of tax accounting. However, the U.S. Offered Notes do not appear to be marketable within the meaning of the mark-to-market provisions, and therefore, the mark-to-market election will not be available to U.S. Noteholders. Should the QEF election not be made, such investors would be subject to the tax rules applicable to investors in PFICs described above.

Foreign Currency Considerations. For purposes of calculating any deemed distribution of earnings of the Issuer under the controlled foreign corporation or PFIC rules, the amount of such earnings is determined in the functional currency of the Issuer, and translated into U.S. dollars at the average exchange rate for the taxable year of the Issuer. Amounts which are included in the income of the U.S. Holder upon receipt are translated into U.S. dollars at the spot rate on the date of receipt. U.S. Holders of U.S. Offered Notes treated as equity for U.S. federal income tax purposes may recognise foreign currency gain or loss attributable to movements in exchange rates between the times of deemed and actual distributions by the Issuer. Any such currency gain or loss will be treated for as ordinary income from the same source as the associated income inclusion.

Sourcing. For sourcing of payments for a note treated as stock in the Issuer and gain or loss on sale of an interest in this stock, see "*Interest Payments and Distributions – Sourcing*" and "*Disposition or Retirement of Investment – Sourcing*" above.

Controlled Foreign Corporation Status

Should the U.S. Offered Notes be treated as equity, it is possible that the Issuer might be treated as a controlled foreign corporation for U.S. federal income tax purposes. In this event, U.S. Holders of equity interests that were treated as owning 10 per cent. or more of the combined voting power of the Issuer would be required to include in income their *pro rata* share of the earnings and profits of the Issuer, and generally would not be subject to the rules described above about PFICs. Additionally, an IRS Form 5471 may be required to be filed.

Disclosure of Reportable Transactions and Maintenance of Participants List

Under Treasury regulations, any person that files a U.S. federal income tax return or U.S. federal information return and participates in a "reportable transaction" in a taxable year is required to disclose certain information on IRS Form 8886 (or its successor form) attached to such person's U.S. federal tax return for such taxable year (and also file a copy of such form with the IRS's Office of Tax Shelter Analysis) and to retain certain documents related to the transaction. In addition, under these regulations, under certain circumstances, certain organisers and sellers of a "reportable transaction" will be required to maintain lists of participants in the transaction containing identifying information, retain certain documents related to the transaction, and furnish those lists and documents to the IRS upon request. The definition of "reportable transaction" is highly technical. However, in very general terms, a transaction may be a "reportable transaction" if, among other things, it is offered under conditions of confidentiality or it results in the claiming of a loss or losses for U.S. federal income tax purposes in excess of certain threshold amounts.

In addition, under these Treasury regulations, if the Issuer participates in a "reportable transaction", a U.S. Holder of U.S. Offered Notes that are treated as equity for U.S. federal income tax purposes that is a "reporting shareholder" of the Issuer will be treated as participating in the transaction and will be subject to the rules described above. Although most of the Issuer's activities generally are not expected to give

rise to "reportable transactions", the Issuer nevertheless may participate in certain types of transactions that could be treated as "reportable transactions". A U.S. Holder of U.S. Offered Notes treated equity in the Issuer for U.S. federal income tax purposes will be treated as a "reporting shareholder" of the Issuer if (i) such U.S. Holder owns 10 per cent. or more of the notes treated as equity in the Issuer and makes a QEF election with respect to the Issuer or (ii) the Issuer is treated as a CFC and such U.S. Holder is a "United States Shareholder" (as defined in the Code) of the Issuer. The Issuer intends to provide to U.S. Holders that are "reporting shareholders", at such holders' expense, any information necessary to complete IRS Form 8886 (or its successor form).

Prospective investors in the notes should consult their own tax advisors concerning any possible disclosure obligations under these Treasury regulations with respect to their ownership or disposition of the U.S. Offered Notes in light of their particular circumstances.

Reporting Requirements

If any U.S. Holder were treated as owning an equity interest in the Issuer for U.S. federal income tax purposes, it would be required file IRS Form 8621 for each tax year in which it held such an interest. In addition, if a U.S. Holder were treated as owning 5 per cent. or more of an equity interest of the Issuer, certain additional reporting requirements would be required.

Under Section 6038B of the Code – relating to reporting requirements incidental to the transfer of property, including cash, to a foreign corporation by U.S. persons or entities – in general, a U.S. Holder, including a tax exempt entity, that purchased any U.S. Offered Notes treated as equity for U.S. federal income tax purposes would be required to file an IRS Form 926 or similar form with the IRS if such U.S. Holder were treated as owning, directly or by attribution, immediately after the transfer at least 10 per cent. by vote or value of the Issuer, or the purchase, when aggregated with all purchases made by such U.S. Holder – or any related person thereto – within the preceding 12 month period, exceeded \$100,000. If a U.S. Holder fails to file any such required form, the U.S. Holder could be required to pay a penalty equal to 10 per cent. of the gross amount paid for the U.S. Offered Notes, subject to a maximum penalty of \$100,000, or more in cases involving intentional disregard.

Non-U.S. Holders

Subject to the discussion of backup withholding below, an investment in the U.S. Offered Notes by non-U.S. Holders generally will not give rise to any U.S. federal income tax to these Holders, unless the income received on, or any gain recognised on the sale or other disposition of their U.S. Offered Notes is:

- (i) treated as effectively connected with the conduct of a trade or business in the United States; or
- (ii) in the case of gain recognised by an individual, the individual is present in the United States for 183 days or more and certain conditions are met.

Non-U.S. Holders should consult their own tax advisors about the U.S. federal income tax consequences of an investment in the U.S. Offered Notes.

Backup Withholding and Information Reporting

Payments of principal and interest, as well as payments of proceeds from the sale, retirement or disposition of a note, may be subject to "backup withholding" tax under Section 3406 of the Code if a recipient of such payments fails to furnish to the payor certain identifying information. Any amounts deducted and withheld would be allowed as a credit against such recipient's U.S. federal income tax, provided appropriate proof is provided under rules established by the IRS. Furthermore, certain penalties may be imposed by the IRS on a recipient of payments that is required to supply information but that does not do so in the proper manner. Backup withholding will not apply with respect to payments made to certain exempt recipients, such as corporations and financial institutions. Information may also be required to be provided to the IRS concerning payments, unless an exemption applies. Holders of the U.S. Offered Notes should consult their tax advisors regarding their qualification for exemption from backup withholding and information reporting and the procedure for obtaining such an exemption.

ERISA AND CERTAIN OTHER CONSIDERATIONS

The United States Employee Retirement Income Security Act of 1974, as amended ("**ERISA**") imposes fiduciary standards and other requirements on employee benefit plans subject to Title I of ERISA, including certain collective investment funds, separate accounts and entities in which such plans invest (collectively, "**ERISA Plans**"), and on those persons who are fiduciaries with respect to ERISA Plans. Investments by ERISA Plans are subject to the fiduciary requirements and the prohibited transaction restrictions under ERISA.

Section 406 of ERISA and Section 4975 of the Code prohibit certain transactions involving the assets of an ERISA Plan (as well as those plans that are not subject to ERISA but which are subject to Section 4975 of the Code, such as individual retirement accounts (together with ERISA Plans, "**Plans**")) and persons (referred to as "parties in interest" or "disqualified persons") having certain relationships to such Plans, unless a statutory or administrative exemption or exception applies. Each ERISA Plan fiduciary is responsible to ensure that any purchase and holding of a note does not and will not constitute a non-exempt prohibited transaction under ERISA.

The U.S. Department of Labor has promulgated a regulation, 29 C.F.R. Section 2510.3-101 subject to modification per Section 3(42) of ERISA (the "**Plan Asset Regulation**"), describing what constitutes the assets of a Plan subject to the fiduciary and prohibited transaction requirements of ERISA. Under the Plan Asset Regulation, if a Plan invests in an equity interest of an entity that is neither a "publicly offered security" nor a security issued by an investment company registered under the Investment Company Act, the Plan's assets include both the equity interest and an undivided interest in each of the entity's underlying assets, unless it is established that the entity is an "operating company" or that equity participation in the entity by "benefit plan investors" (as defined in Section 3(42) of ERISA) in each class of equity interest in the entity is not "significant" (as determined under the Plan Asset Regulation).

Governmental plans, certain church plans and non-United States benefit plans, while not necessarily subject to the fiduciary standards under ERISA or the prohibited transaction provisions of Section 4975 of the Code, may nevertheless be subject to laws that are substantially similar to the foregoing provisions of ERISA and the Code. Fiduciaries of any such plans should consult with their counsel before purchasing any of the notes.

For purposes of the Plan Asset Regulation, an equity interest includes any interest in an entity other than an instrument that is treated as indebtedness under applicable local law and which has no substantial equity features. The treatment of a class of notes as debt for U.S. federal income tax purposes in a Prospectus Supplement/Final Terms is not determinative of the treatment of such class as debt for purposes of ERISA. The treatment of a class of debt notes as debt for ERISA purposes depends on the facts and circumstances, and no assurances can be provided regarding the treatment of a class of debt notes as debt for ERISA purposes at all times.

If a class of debt notes were treated as equity interests for purposes of the Plan Asset Regulation, and if, by virtue of the acquisition or holding of such notes by Plans, the underlying assets of the entity were deemed to be Plan assets under the Plan Asset Regulation, then the obligations and other responsibilities of Plan sponsors, Plan fiduciaries, Plan administrators, and parties in interest and disqualified persons under Parts 1 and 4 of Subtitle B of Title I of ERISA and Section 4975 of the Code, as applicable, may be expanded, and there may be an increase in their liability under these and other provisions of ERISA and the Code (except to the extent (if any) that a favourable statutory or administrative exemption or exception applies). In addition, various providers of fiduciary or other services to the Issuer, and any other parties with authority or control with respect to the Issuer, could be deemed to be Plan fiduciaries or otherwise parties in interest or disqualified persons by virtue of their provision of such services.

Debt Notes

If a class of notes is classified as debt for U.S. federal income tax purposes in a Prospectus Supplement/Final Terms, then the following shall apply. However no assurances can be provided that the Issuer's treatment of a class of notes as debt for ERISA purposes is determinative or controlling for purposes of ERISA or Section 4975 of the Code and each fiduciary of a Plan should consult with counsel before purchasing any of the notes.

Debt notes generally are not expected to be treated as equity interests for purposes of the Plan Asset Regulation. By its purchase of a Class of debt notes, the purchaser thereof will be deemed to have represented, warranted and agreed either that (i) it is not and will not be a Plan or any entity whose underlying assets include, or are deemed for purposes of ERISA or the Code to include, "plan assets" by reason of such Plan's investment in the entity (each of the foregoing, a "**Benefit Plan Investor**"), or another employee benefit plan which is subject to any federal, state, local or non-U.S. law that is substantially similar to the fiduciary provisions of ERISA or prohibited transaction provisions of Section 406 of ERISA or Section 4975 of the Code ("**Similar Law**") or (ii) its purchase and holding of such Class of debt notes do not and will not constitute or result in a non-exempt prohibited transaction under Section 406 of ERISA or Section 4975 of the Code (or, in the case of an employee benefit plan other than a Plan, result in a violation of any Similar Law) for which an exemption is not available.

Equity Notes

If a class of notes is classified as equity for U.S. federal income tax purposes in a Prospectus Supplement/Final Terms, then the following shall apply.

Equity notes are expected to constitute equity interests for purposes of the Plan Asset Regulation. Unless otherwise provided in the Prospectus Supplement/Final Terms, in order to attempt to prevent the assets of the relevant Issuer from being considered "plan assets" for purposes of ERISA and Section 4975 of the Code, no Class of equity notes is intended for purchase or holding by Plans or certain other employee benefit plans. Each purchaser of a Class of equity notes will be deemed to have represented, warranted and agreed that (i) it is not (and is not deemed for purposes of ERISA or the Code to be) and for so long as it holds an equity note, as applicable, will not be (or be deemed for such purposes to be) a Benefit Plan Investor or (ii)(A) it is an employee benefit plan that is not a Benefit Plan Investor which is subject to any Similar Law and (B) the purchase and holding and subsequent disposition of such equity notes, as applicable, do not and will not violate any such substantially Similar Law.

The sale of any notes to an employee benefit plan is in no respect a representation by the Issuer or any of its affiliates that such an investment meets all relevant legal requirements with respect to investments by such plans generally or any particular plan, or that such an investment is appropriate for such plans generally or any particular plan.

THE PRECEDING DISCUSSION IS ONLY A SUMMARY OF CERTAIN OF THE ERISA AND OTHER IMPLICATIONS OF AN INVESTMENT IN THE NOTES AND DOES NOT PURPORT TO BE COMPLETE. MOREOVER, THE MATTERS DISCUSSED ABOVE MAY BE AFFECTED BY FUTURE REGULATIONS, RULINGS AND COURT DECISIONS, SOME OF WHICH MAY HAVE RETROACTIVE APPLICATION AND EFFECT. PROSPECTIVE INVESTORS SHOULD CONSULT WITH THEIR OWN LEGAL AND OTHER ADVISORS PRIOR TO INVESTING TO DETERMINE THE ERISA IMPLICATIONS OF SUCH INVESTMENTS IN LIGHT OF SUCH INVESTOR'S CIRCUMSTANCES.

THE SALE OF NOTES TO A PLAN IS IN NO RESPECT A REPRESENTATION BY THE DISTRIBUTOR, THE NOTE TRUSTEE, THE ISSUER OR THE SWAP COUNTERPARTY THAT THIS INVESTMENT MEETS ALL RELEVANT REQUIREMENTS WITH RESPECT TO INVESTMENTS BY PLANS GENERALLY OR ANY PARTICULAR PLAN OR THAT THIS INVESTMENT IS APPROPRIATE FOR PLANS GENERALLY OR ANY PARTICULAR PLAN.

PLAN OF DISTRIBUTION

The Issuer entered into an agreement on 13 October 2008 (as amended and restated from time to time) (the "**Dealer Agreement**") with Bank of Scotland plc, Treasury Division, in its capacity as Lead Manager and dealer (and, together with any other Dealer that may in the future become a party to the Dealer Agreement as provided therein, the "**Dealers**") in connection with the distribution of notes to be issued under the Programme. The Dealer Agreement does not impose any obligation on the Dealers to purchase, or on the Issuer to issue, any notes, but provides the general terms and conditions under which the Issuer and one or more Dealers may agree to the issuance by the former and the purchase by the latter of one or more Note Series, in accordance with a subscription agreement based on a form set out in the Dealer Agreement or such other form as may be agreed between the Issuer and the relevant Dealer or Dealers. On 27 May 2010, the rights and obligations of Bank of Scotland plc, Treasury Division under the Dealer Agreement were novated to Lloyds TSB Bank plc.

In addition, because the provisions of the Dealer Agreement are not exclusive, the Issuer may offer and sell the notes in any of three ways:

- directly to one or more purchasers;
- through agents; or
- through Dealers.

Any Dealer or agent that offers the notes may be an affiliate of the Issuer and/or Bank of Scotland and offers and sales of notes may include secondary market transactions by these affiliates. These affiliates may act as principal or agent in secondary market transactions. Secondary market transactions will be made at prices related to prevailing market prices at the time of sale.

A Prospectus Supplement/Final Terms in relation to this Base Prospectus will specify the terms of each offering, including:

- the name or names of any Dealer or agents;
- the public offering or purchase price;
- the net proceeds to the Issuer from the sale;
- any underwriting discounts and other items constituting Dealer compensation;
- any discounts and commissions allowed or paid to a Dealer;
- any commissions allowed or paid to agents; and
- the securities exchanges, if any, on which the notes will be listed.

If any notes are sold through a Dealer, the Prospectus Supplement/Final Terms will describe the nature of the obligation of the Dealer to purchase the notes. The notes may be offered either through syndicates represented by one or more Dealers or directly by one or more firms acting alone. The Dealer or Dealers for a particular offering of notes will be named in the Prospectus Supplement/Final Terms relating to that offering, and, if a syndicate is used, the managing Dealer or Dealers will be set forth on the cover of the Prospectus Supplement/Final Terms. Unless otherwise described in the Prospectus Supplement/Final Terms, the obligation of the Dealer(s) to purchase any notes will be subject to various conditions precedent.

The Prospectus Supplement/Final Terms for any notes offered other than through a Dealer will contain information regarding the nature of the offering and any agreements to be entered into between the Issuer and the participants in the offering of the notes.

Dealer trading may take place in some of the notes, including notes not listed on any securities exchange. Direct sales may be made on a national securities exchange or otherwise. If the Issuer, directly or through agents, solicits offers to purchase notes, the Issuer reserves the sole right to accept and, together with its agents, to reject in whole or in part any proposed purchase of notes.

The Issuer may change any initial offering price and any discounts or concessions allowed or reallocated or paid to a Dealer. If indicated in a Prospectus Supplement/Final Terms in relation to this Base Prospectus, the Issuer will authorise one or more Dealers or agents to solicit offers by certain institutions to purchase securities from the Issuer pursuant to delayed delivery contracts providing for payment and delivery at a future date.

Any Dealer may sell any notes to subsequent purchasers in individually negotiated transactions at negotiated prices which may vary among different purchasers and which may be greater or less than the issue price of such notes.

Any Dealer or agent participating in the offering of securities, including notes offered by this Base Prospectus, may be deemed to be an underwriter of those securities under the Securities Act and any discounts or commissions received by them and any profit realised by them on the sale or resale of the securities may be deemed to be underwriting discounts and commissions.

The Issuer anticipates that the notes will be sold only to institutional investors. Purchasers of notes, including the Dealers, may, depending on the facts and circumstances of the purchases, be deemed to be "underwriters" within the meaning of the Securities Act in connection with re-offers and sales of the notes by them. Noteholders should consult with their legal advisors in this regard prior to any re-offer or sale.

The Issuer has agreed to indemnify the Dealer(s), agents and their controlling Persons against certain civil liabilities, including liabilities under the Securities Act in connection with their participation in the distribution of the Issuer's notes.

The Dealer(s) and agents participating in the offering of the securities, and their controlling persons, may engage in transactions with and perform services for the Sponsor, the Issuer or their affiliates in the ordinary course of business.

Bank of Scotland will be the originator, sponsor, Transferor, Transferor Beneficiary, Servicer and the lender under the Expenses Loan Agreement. LTSB will be the Arranger and a Dealer under the Programme.

Public Offer Selling Restriction under the Prospectus Directive

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a "**Relevant Member State**"), each Dealer has represented, warranted and agreed, and each further Dealer appointed under the Programme will be required to represent, warrant and agree, that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the "**Relevant Implementation Date**") it has not made and will not make an offer of notes which are the subject of the offering contemplated by the Base Prospectus as completed by the relevant Prospectus Supplement/Final Terms in relation thereto to the public in that Relevant Member State except that it may, with effect from and including the Relevant Implementation Date, make an offer of such notes to the public in that Relevant Member State:

- (i) at any time to legal entities which are authorised or regulated to operate in the financial markets or, if not so authorised or regulated, whose corporate purpose is solely to invest in securities;
- (ii) at any time to any legal entity which has two or more of (1) an average of at least 250 employees during the last financial year; (2) a total balance sheet of more than €43,000,000 and (3) an annual net turnover of more than €50,000,000, all as shown in its last annual or consolidated accounts; or
- (iii) at any time to fewer than 100 natural or legal persons (other than qualified investors as defined in the Prospectus Directive) subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by the Issuer for any such offer; or
- (iv) at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of notes referred to in (i) to (iv) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision, the expression an "**offer of notes to the public**" in relation to any notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the notes to be offered so as to enable an investor to decide to purchase or subscribe the notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State and the expression "**Prospectus Directive**" means Directive 2003/71/EC and includes any relevant implementing measure in each Relevant Member State.

Selling Restrictions Addressing Additional United Kingdom Securities Laws

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree that:

No deposit-taking: in relation to any notes which have a maturity of less than one year:

- (i) it is a Person whose ordinary activities involve it in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of its business; and
- (ii) it has not offered or sold and will not offer or sell any notes other than to Persons:
 - (a) whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or as agent) for the purposes of their businesses; or
 - (b) who it is reasonable to expect will acquire, hold, manage or dispose of investments (as principal or agent) for the purposes of their businesses, where the issue of the notes would otherwise constitute a contravention of section 19 of the FSMA by the Issuer;

Financial promotion: it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of section 21 of the FSMA) received by it in connection with the issue or sale of any notes in circumstances in which section 21(1) of the FSMA does not apply to the Issuer; and

General compliance: it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to any notes in, from or otherwise involving the United Kingdom.

United States of America

If any Rule 144A Notes are offered under the relevant Prospectus Supplement/Final Terms, each of the Dealers will acknowledge that the notes have not been and will not be registered under the Securities Act or the state securities laws of any state of the United States or the securities laws of any other jurisdiction and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. Persons, except in reliance on Rule 144A to QIBs. If any Rule 144A Notes are offered under the relevant Prospectus Supplement/Final Terms, none of the notes other than the Rule 144A Notes may be offered or sold within the United States or to, or for the account or benefit of, U.S. Persons.

If any Regulation S Notes are offered under the relevant Prospectus Supplement/Final Terms, each of the Dealers will acknowledge and agree that they will offer and sell the Regulation S Notes: (a) (i) as part of its distribution at any time and (ii) otherwise until 40 days after the later of the commencement of the offering and the Issue Date (the "**Distribution Compliance Period**"), only in accordance with Rule 903 of Regulation S or (in respect of Rule 144A Notes) pursuant to Rule 144A or another exemption from the registration requirements under the Securities Act; and (b) it will send to each Dealer or person receiving a selling concession, fee or other remuneration in respect of such Regulation S Notes that purchases Regulation S Notes from it in reliance on Regulation S a notice stating that such Dealer or person receiving a selling concession, fee or other remuneration is subject to the same restrictions during the Distribution Compliance Period.

In addition, until the expiration of the Distribution Compliance Period, an offer or sale of the Regulation S Notes within United States by any Dealer (whether or not participating in the offering of the Regulation S Notes) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with Rule 144A.

If any Regulation S Notes are offered under the relevant Prospectus Supplement/Final Terms, each of the Dealers will acknowledge and agree that neither it nor any persons acting on its or their behalf have engaged or will engage in any directed selling efforts (as defined in Regulation S) with respect to the Regulation S Notes, and it and they have complied and will comply with the offering restrictions (as defined in Regulation S) of Regulation S.

If any Rule 144A Notes or Regulation S Notes are offered under the relevant Prospectus Supplement/Final Terms, each of the Dealers will acknowledge and agree that neither it nor any persons acting on its or their behalf have engaged or will engage in any form of general solicitation or general advertising (within the meaning of 502(c) under the Securities Act) in connection with any offer or sale of such notes in the United States.

Each Dealer has acknowledged, and each further Dealer appointed under the Programme will be required to acknowledge, that any Regulation S Notes and any Rule 144A Notes that are determined to be equity notes are not designed for, and may not be purchased or held by, or transferred to, any "benefit plan investor" (as defined in "*ERISA and Certain Other Considerations*") and accordingly, each purchaser and transferee of any such note will be deemed to have represented, warranted and agreed that it is not, and for so long as it holds such note will not be, such a "benefit plan investor". With respect to purchasers and transferees that are employee benefit plans subject to Similar Law, each purchaser and transferee of any Regulation S Notes or Rule 144A Notes that are equity notes will be deemed to have represented, warranted and agreed that such purchase and holding of such notes does not and will not violate such Similar Law.

Due to the restrictions set forth above in the applicable Prospectus Supplement/Final Terms, purchasers of the notes in the United States are advised to consult legal counsel prior to making any offer for, resale, pledge or other transfer of the notes.

Each purchaser of notes offered hereby will be deemed to have represented and agreed that it has received a copy of this Base Prospectus and the relevant Prospectus Supplement/Final Terms and such other information as it deems necessary to make an investment decision. Purchasers are also deemed to have made the representations and agreements set out in the applicable Prospectus Supplement/Final Terms.

Jersey

Each Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that it has not circulated, and will not circulate in Jersey any offer for the subscription, sale or exchange of the Notes.

General

Persons into whose hands this Base Prospectus or any Prospectus Supplement/Final Terms comes are required by the Issuer and the Dealers to comply with all applicable laws and regulations in each country or jurisdiction in or from which they purchase, offer, sell or deliver notes or have in their possession or distribute such offering material, in all cases at their own expense.

The Dealer Agreement provides that the Dealer(s) shall not be bound by any of the restrictions relating to any specific jurisdiction (set out above) to the extent that such restrictions shall, as a result of change(s) or change(s) in official interpretation, after the date hereof, of applicable laws and regulations, no longer be applicable but without prejudice to the obligations of the Dealer(s) described in the immediately preceding paragraph above.

Selling restrictions may be supplemented or modified with the agreement of the Issuer. Any such supplement or modification will be set out in the relevant Base Prospectus or Prospectus Supplement/Final Terms (in the case of a supplement or modification relevant only to a particular Note Series).

AUDITORS

The auditors of the Issuer are PricewaterhouseCoopers LLP (PwC), Registered Auditors. PwC will audit the financial statements of the Issuer in accordance with accounting standards generally accepted in the United Kingdom. The address of PwC is Benson House, 33 Wellington Street, Leeds, LS1 4JP.

USE OF PROCEEDS

The net proceeds of the issue of a Note Series will be used by the Issuer to subscribe for a Loan Note issued by Loan Note Issuer No.1 of such value and on such terms as further specified in the applicable Prospectus Supplement/Final Terms.

GENERAL INFORMATION

1. The Issuer has made an application (i) to the UKLA to admit the notes to the Official List and (ii) to the London Stock Exchange to admit the notes to trading on the Regulated Market of the London Stock Exchange. The listing of the notes on the Regulated Market of the London Stock Exchange will be expressed as a percentage of their principal amount (exclusive of accrued interest). Each class of each Note Series intended to be admitted to listing on the Official List of the UKLA and admitted to trading on the Regulated Market of the London Stock Exchange will be so admitted to listing and trading upon submission to the UKLA and the Regulated Market of the London Stock Exchange of this Base Prospectus and any other information required by the UKLA and the Regulated Market of the London Stock Exchange, subject in each case to the issue of the relevant notes. Prior to official listing, dealings will be permitted by the Regulated Market of the London Stock Exchange in accordance with its rules. Transactions will normally be effected for delivery on the third working day in London after the day of the transaction.
2. However, notes may be issued pursuant to the Programme which will not be admitted to listing, trading and/or quotation by the UK Listing Authority or the Regulated Market of the London Stock Exchange or any other listing authority, stock exchange and/or quotation system or which will be admitted to listing, trading and/or quotation by such listing authority, stock exchange and/or quotation system as the Issuer and the relevant Dealer(s) may agree.
3. The establishment of the Programme was authorised by board meeting of the Issuer passed on 3 October 2008. The Issuer has obtained or will obtain from time to time all necessary consents, approvals and authorisations in connection with the issue and performance of the notes.
4. Application has been made for the notes (other than Registered Uncleared Notes) to be accepted for clearance through Euroclear, Clearstream and DTC. The appropriate common code and the International Securities Identification Number ("**ISIN/CUSIP**") in relation to the notes of each Note Series (other than Registered Uncleared Notes) will be specified in the Prospectus Supplement/Final Terms relating thereto. The relevant Prospectus Supplement/Final Terms shall specify any other clearing system as shall have accepted the relevant notes for clearance together with any further appropriate information.
5. Since the date of the Issuer's financial statements for the period ending 31 December 2009, there has been no significant change in the financial or trading position of the Issuer and, since such date there has been no material adverse change in financial position or prospects of the Issuer.
6. Since the date of the Loan Note Issuer No.1's financial statements for the period ending 31 December 2009, there has been no significant change in the financial or trading position of Loan Note Issuer No.1 and, since such date there has been no material adverse change in financial position or prospects of Loan Note Issuer No.1.
7. Since the date of the Receivables Trustee's financial statements for the period ending 31 December 2009, there has been no significant change in the financial or trading position of the Receivables Trustee and, since such date there has been no material adverse change in the financial position or prospects of the Receivables Trustee.
8. Certain of the key transaction documents, namely the RTDSA, the De-Linked Supplement, the STDCMA, any Global Loan Notes, each Loan Note Supplement and the Expenses Loan Agreement, provide that, while such agreements and all non-contractual obligations arising out of or in connection with them are governed by English law, the Royal Courts of Jersey have jurisdiction to hear and determine any suit, action or proceeding, and to settle any disputes, which may arise out of or in connection with the relevant document.
9. There is no intention to accumulate surpluses in the Issuer, Loan Note Issuer No.1 or the Receivables Trustee.
10. The information set out in the sections entitled "*Credit Card Portfolio*" and "*The Receivables—Summary of Securitised Portfolio*" has been compiled by reference to information provided by Bank of Scotland plc.

11. The Issuer has not traded since its incorporation on 10 June 2008 other than the establishment of the Penarth medium term note programme and the issuance of the Series 2008-1A Notes, Series 2008-2A Notes, Series 2010-A1 Notes, Series 2010-A2 Notes, Series 2010-A3 Notes, Series 2010-B1 Notes, Series 2010-C1 Notes and Series 2010-D1 Notes.
12. If prospective investors are in any doubt about the contents of this Base Prospectus they should consult their stockbroker, bank manager, solicitor, accountant or other financial adviser.
13. The Servicer will prepare monthly reports that will contain information about the notes. Unless and until Individual Certificates are issued, the reports may be inspected during normal business hours and upon reasonable notice at the Specified Office of the Principal Paying Agent and at the registered office of the Issuer.

Documents available for inspection

14. For so long as the Base Prospectus is in effect copies of the following documents in physical form may be inspected during normal business hours at the Specified Office of the Principal Paying Agent and at the registered office of the Issuer, namely:
 - (a) the memorandum and articles of association of the Issuer; the memorandum and articles of association of Loan Note Issuer No.1;
 - (b) the memorandum and articles of association of the Receivables Trustee;
 - (c) the current Base Prospectus in relation to the Programme;
 - (d) the Paying Agency Agreement;
 - (e) the Dealer Agreement and the relevant subscription agreement;
 - (f) any Prospectus Supplement/Final Terms relating to notes which are admitted to listing, trading and/or quotation by any listing authority, stock exchange and/or quotation system. (In the case of any notes which are not admitted to listing, trading and/or quotation by any listing authority, stock exchange and/or quotation system, copies of the relevant Prospectus Supplement/Final Terms will only be available for inspection by the relevant Noteholders.);
 - (g) the Master Framework Agreement;
 - (h) the RSD including amendments thereto;
 - (i) the RTDSA including amendments thereto;
 - (j) the Trust section 75 indemnity;
 - (k) the Expenses Loan Agreement;
 - (l) the STDCMA;
 - (m) the Note Trust Deed;
 - (n) each Note Trust Deed Supplement;
 - (o) the Issuer Master Framework Agreement;
 - (p) the De-Linked Supplement;
 - (q) the Jersey jurisdiction agreement (Loan Notes);
 - (r) the Issuer Corporate Services Agreement;
 - (s) the RT Corporate Services Agreement;

- (t) the Funding 1 Corporate Services Agreement;
- (u) the various bank agreements of Loan Note Issuer No.1 and the Issuer; and
- (v) each Loan Note Supplement.

In addition, some of the documents above may also be made available from time to time in electronic form on a website indicated in the monthly reports prepared by the Servicer.

APPENDIX A
- FORM OF PROSPECTUS SUPPLEMENT/FINAL TERMS

PROSPECTUS SUPPLEMENT/FINAL TERMS DATED [Date]

(to the Base Prospectus dated [•] 2010 [and the Supplemental Base Prospectus dated [•]])

Penarth Master Issuer plc

(incorporated in England and Wales with limited liability under registered number 6615304)

Issuer

Bank of Scotland plc

Sponsor, Transferor and Servicer

Issue of [£/€/\$][•] [title of note] under

the Penarth Medium Term Note Programme

(ultimately backed by trust property in the Penarth Receivables Trust)

The Issuer will issue	Class [•] Notes
Principal Amount	[\$][€][£] [•] 1,000,000
Interest Rate	[•] per cent. per annum plus [•] rate of relevant Interest Period/[specify other interest rate and types]
Interest Payment Dates	[•]
Scheduled Redemption Date	[] [] 20 []
Final Redemption Date	[] [] 20 []
Price to public	[\$][€][£] [] 1,000,000 (or [] [] per cent.)
Underwriting discount	[\$][€][£] [] 1,000,000 (or [] [] per cent.)
Proceeds to Sponsor	[\$][€][£] [] 1,000,000 (or [] [] per cent.)

Payments on the class B notes are subordinated to payments on the class A notes. Payments on the class C notes are subordinated to payments on the Class A and class B notes. Payments on the class D notes are subordinated to payments on the class A notes, class B notes and class C notes.

The notes have not been and will not be registered under the United States Securities Act of 1933, as amended (the "**Securities Act**") or with any securities regulatory authority of any state or other jurisdiction of the United States and may not be offered, sold or delivered within the United States or to "**U.S. Persons**" (within the meaning of Regulation S of the Securities Act ("**Regulation S**")) except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act. The notes may only be offered, sold or delivered (i) to non U.S. Persons (as defined in Regulation S) outside the United States in reliance on Regulation S (the "**Regulation S Notes**") and (ii) (a) within the United States in reliance on Rule 144A under the Securities Act ("**Rule 144A**") only to persons that are "qualified institutional buyers" (each a "**QIB**") within the meaning of Rule 144A (the "**Rule 144A Notes**") or (b) within the United States in reliance on Rule 506 of Regulation D under the Securities Act (the "**Registered Uncleared Notes**").

Neither the United States Securities and Exchange Commission nor any state securities commission has approved or disapproved of these notes or determined if this Prospectus Supplement/Final Terms is truthful or complete. Any representation to the contrary is a criminal offence.

The Issuer has not registered and does not intend to register as an investment company under the United States Investment Company Act of 1940, as amended (the "Investment Company Act").

Please review and carefully consider the Risk Factors beginning on page 20 of the Base Prospectus and any additional Risk Factors on page [•] of this Prospectus Supplement/Final Terms before purchasing any notes.

Prospective investors should read this Prospectus Supplement/Final Terms and the Base Prospectus carefully before making an investment. A note is not a deposit and neither the notes nor the underlying Receivables are insured or guaranteed by Bank of Scotland plc or by any United Kingdom or United States governmental agency. The notes offered in this Prospectus Supplement/Final Terms and the Base Prospectus will be obligations of the Issuer only. The Issuer will only have a limited pool of assets to satisfy its obligations under the notes. The notes will not be obligations of Bank of Scotland plc, the Lead Manager, the Dealer(s) or any of their respective affiliates.

[If issued under this Prospectus Supplement/Final Terms, Regulation S Notes (as defined herein) of each class will be represented on issue by beneficial interests in one or more permanent global note certificates (each a "**Regulation S Global Note Certificate**"), in fully registered form, without interest coupons attached, which will be registered in the name of a nominee for and deposited with a [Common Depository/Common Safekeeper] for Euroclear Bank S.A./N.V. ("**Euroclear**") and Clearstream Banking, société anonyme ("**Clearstream**").] [If issued under this

Prospectus Supplement/Final Terms, Rule 144A Notes (as defined herein) of each class will be represented on issue by beneficial interests in one or more permanent global note certificates (each a "**Rule 144A Global Note Certificate**"), in fully registered form, without interest coupons attached, which will be deposited with Deutsche Bank Trust Company Americas, as custodian ("**DTC Custodian**") for, and registered in the name of Cede & Co. as nominee of, The Depository Trust Company ("**DTC**").] [If issued under this Prospectus Supplement/Final Terms, Registered Uncleared Notes of each class will be represented on issue by one or more registered individual note certificates (each a "**Registered Uncleared Note Certificate**") in fully registered form, without interest coupon attached, which must be registered in the name of the note purchaser.] Ownership interests in the [Regulation S Global Note Certificates] [Rule 144A Global Note Certificates] will be shown on, and transfers thereof will only be effected through, records maintained by [Euroclear, Clearstream] [DTC], and [their]/[its] participants. [Regulation S notes] [Rule 144A notes] in definitive certificated, fully registered form will be issued only in the limited circumstances described herein. In each case, purchasers and transferees of notes will be deemed to have made certain representations and agreements. See "*Forms of the notes*" and "*Plan of Distribution*" in the Base Prospectus and "*Purchase and Transfer Restrictions*" in this Prospectus Supplement/Final Terms.

Arranger

Lead Manager

Dealer(s)

[Others To Be Inserted]

IMPORTANT NOTICES

In the event that any withholding or deduction for any taxes, duties, assessments or government charges of whatever nature is imposed, levied, collected, withheld or assessed on payments of principal or interest in respect of the notes by Jersey, the United Kingdom, or any other jurisdiction or any political subdivision or any authority in or of such jurisdiction having power to tax, the Issuer or the Paying Agents on behalf of the Issuer shall make such payments after such withholding or deduction and neither the Issuer nor the Paying Agents will be required to make any additional payments to Noteholders in respect of such withholding or deduction.

This document constitutes a Prospectus Supplement/Final Terms for the purposes of Article 5.4 of the Prospectus Directive and is supplemental to and must be read in conjunction with the Base Prospectus. Full information on the Issuer and the offer of the notes is only available on the basis of the combination of this Prospectus Supplement/Final Terms and the Base Prospectus. The Base Prospectus is available for viewing at the specified offices of the Dealer or the Principal Paying Agent and copies may be obtained from the specified offices of the Dealer or the Principal Paying Agent.

The Issuer has confirmed to the Dealer named under "Plan of Distribution" below that this Prospectus Supplement/Final Terms, when read in conjunction with the Base Prospectus, contains all information which is (in the context of the Programme, the issue, offering and sale of the notes) material; that such information is true and accurate in all material respects and is not misleading in any material respect; that any opinions, predictions or intentions expressed in this Prospectus Supplement/Final Terms are honestly held or made and are not misleading in any material respect; that this Prospectus Supplement/Final Terms does not omit to state any material fact necessary to make such information, opinions, predictions or intentions (in the context of the Programme, the issue and offering and sale of the notes) not misleading in any material respect; and that all proper enquiries have been made to verify the foregoing.

No person has been authorised to give any information or to make any representation not contained in or not consistent with this Prospectus Supplement/Final Terms or any other document entered into in relation to the Programme or any information supplied by the Issuer or such other information as is in the public domain and, if given or made, such information or representation should not be relied upon as having been authorised by the Issuer or any Dealer.

No representation or warranty is made or implied by the Arranger, Dealer or any of their respective affiliates, and neither such Arranger, Dealer nor any of their respective affiliates makes any representation or warranty or accepts any responsibility as to the accuracy or completeness of the information contained in this Prospectus Supplement/Final Terms. Neither the delivery of this Prospectus Supplement/Final Terms nor the offering, sale or delivery of any Note shall, in any circumstances, create any implication that the information contained in this Prospectus Supplement/Final Terms is true subsequent to the date hereof or the date upon which any future Prospectus Supplement/Final Terms (in relation to any future issue of other notes) is produced or that there has been no adverse change, or any event reasonably likely to involve any adverse change, in the condition (financial or otherwise) of the Issuer since the date thereof or, if later, the date upon which any future Prospectus Supplement/Final Terms (in relation to any future issue of other notes) is produced or that any other information supplied in connection with the Programme is correct at any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same. No request has been made for a certificate permitting public offers of the notes in other member states of the European Union.

The distribution of this Prospectus Supplement/Final Terms and the offering, sale and delivery of the notes in certain jurisdictions may be restricted by law. Persons in possession of the Prospectus Supplement/Final Terms are required by the Issuer and the Dealer to inform themselves about and to observe any such restrictions. For a description of certain restrictions on offers, sales and deliveries of notes and on the distribution of this Prospectus Supplement/Final Terms and other offering material relating to the notes, see "*Plan of Distribution*" in the Base Prospectus and the relevant Prospectus Supplement/Final Terms.

Certain figures included in this Prospectus Supplement/Final Terms have been subject to rounding adjustments; accordingly, figures shown for the same category presented in different tables may vary slightly and figures shown as totals in certain tables may not be an arithmetic aggregation of the figures which precede them.

The information about these Series 200[•]-[•] Notes appears in two separate documents: a Base Prospectus and this Prospectus Supplement/Final Terms. The Base Prospectus provides general information about each Note Series issued under the Programme, some of which may not apply to the Series 200[•]-[•] Notes described in this Prospectus Supplement/Final Terms. With respect to the Series 200[•]-[•] Notes, this Prospectus Supplement/Final Terms is the "relevant Prospectus Supplement/Final Terms" or the "applicable Prospectus Supplement/Final Terms" referred to in the Base Prospectus.

This Prospectus Supplement/Final Terms may be used to offer and sell the Series 200[•]-[•] Notes only if accompanied by the Base Prospectus.

This Prospectus Supplement/Final Terms may supplement the disclosure in the Base Prospectus. If the terms in this Prospectus Supplement/Final Terms differ from the terms in the Base Prospectus, the terms in this Prospectus Supplement/Final Terms will apply to the Series 200[•]-[•] Notes.

Prospective investors should rely only on the information in this Prospectus Supplement/Final Terms and the Base Prospectus, including information incorporated by reference. The Issuer has not authorised anyone to provide investors with different information.

LOAN NOTE SUPPORTING SERIES

The notes of this Note Series will be collateralised by the class [class] [year] – [identifier] Loan Note (the "Related Loan Note") which shall have the following terms as set out in the Class [•] Loan Note Supplement.

Designation for the purposes of the STDCMA:	Class [•]
Issuance Date:	[•]
Initial Principal Amount:	[•]
Class [•] Required Subordinated Percentage:	[•] per cent.
First Monthly Period End Date:	[•]
First Loan Note Interest Payment Date:	[•]
Loan Note Interest Payment Date:	[•] <i>[If other interest type, specify the interest basis]</i>
Loan Note Interest Period:	[•]
Loan Note Interest Rate:	[•]
Scheduled Redemption Date:	[•]
Stated Monthly Accumulation Amount:	[•]
Final Redemption Date:	[•]
Additional Early Redemption Events:	[None]/ [•]
Required Accumulation Reserve Account Amount:	[•]
Additional Junior Cost Items:	[•]
[Series Cash Reserve Account:]	[•]
[Series Cash Reserve Account Permitted Investment Minimum Required Ratings:]	[•]
[Amortisation Period:]	[•]
Accumulation Period Commencement Date:	[•]
Programme Reserve Account Percentage:	[•]

The Loan Note will have a Loan Note Revolving Period and an Accumulation Period and may have an Amortisation Period as more fully described in the Base Prospectus.

The "**Accumulation Period Commencement Date**" means in respect of the Loan Note, the first day of the month that is 12 whole months prior to the Scheduled Redemption Date for the Loan Note provided, however that, if the Accumulation Period Length for such Loan Note is less than 12 months, the Accumulation Period Commencement Date will be the first day of the month that is the number of whole months prior to such Scheduled Redemption Date at least equal to the Accumulation Period Length and, as a result, the number of Monthly Periods during the period from the Accumulation Period Commencement Date to such Scheduled Redemption Date will be at least equal to the number of months comprising the Accumulation Period Length.

[The "**Series Cash Reserve Account Percentage**" shall be determined as follows: (i) if the Quarterly Excess Available Funds Percentage on a Transfer Date is greater than [•] per cent. the Series Cash Reserve Account Percentage for such Transfer Date shall be [•] per cent.; (ii) if the Quarterly Excess Available Funds Percentage on a Transfer Date is greater than [•] per cent. but less than or equal to [•] per cent., the Series Cash Reserve Account Percentage for such Transfer Date shall be [•] per cent.; (iii) if the Quarterly Excess Available Funds Percentage on a Transfer Date is greater than [•] per cent. but less than or equal to [•] per cent., the Series Cash Reserve Account Percentage for such Transfer Date shall be [•] per cent.; and (iv) if the Quarterly Excess Available Funds Percentage on a Transfer Date is equal to or less than [•] per cent., the Series Cash Reserve Account Percentage for such Transfer Date shall be [•] per cent.]

[The "**Required Series Cash Reserve Account Amount**" means [•].]

The "**Release Date**" means the earlier to occur of (i) the Scheduled Redemption Date (or any Transfer Date thereafter) on which the Nominal Liquidation Amount for the Loan Note is reduced to zero and (ii) the Final Redemption Date. On the Release Date an amount equal to the lesser of (i) the Available Series Cash Reserve Account Amount for the Loan Note, (ii) the Available Programme Reserve Account Amount and (iii) the Nominal Liquidation Amount Deficit for the Loan Note, will be paid by Loan Note Issuer No.1 to the Issuer in respect of the Loan Note.

PARTIES

Dealer[s]/[Note Purchaser]:	[•]
Issuer:	Penarth Master Issuer plc.

ADDITIONAL RISK FACTORS

[To be inserted]

BANK PORTFOLIO INFORMATION

The following tables show information relating to the historic performance of Eligible Accounts originated using Bank of Scotland's and LTSB's underwriting criteria, respectively. *If an Additional Transferor accedes to the RSD, information in relation to the historic performance of Eligible Accounts originated using such Additional Transferor's underwriting criteria will be added.* The Receivables from certain of these accounts will ultimately back the notes and comprise the Receivables Trust (the "Securitized Portfolio").

Receivable Yield Considerations

The following table sets forth the gross revenues from finance charges and fees billed to Accounts in the Bank Portfolio for each of the years ended [•], [•], [•], [•] and for the [•] months ended [•]. These revenues vary for each account based on the type and volume of activity for each account. The historical yield figures in these tables are calculated on an accrual basis. Collections of Receivables included in Penarth Receivables Trust will be on a cash basis and may not reflect the historical yield experience shown in the following table. For further detail, please see page 165 of the Base Prospectus.

Bank Portfolio Yield

	Months Ended	Year Ended				
	[•]	[•]	[•]	[•]	[•]	[•]
Average Monthly Accrued Finance Charges and Fees ⁽¹⁾	£[•]	[•]	[•]	[•]	[•]	[•]
Average Receivables Outstanding ⁽²⁾	[•]	[•]	[•]	[•]	[•]	[•]
Yield from Charges and Fees ⁽³⁾	[•]%	[•]%	[•]%	[•]%	[•]%	[•]%
Yield from Interchange ⁽⁴⁾	[•]	[•]	[•]	[•]	[•]	[•]
Yield from Charges, Fees and Interchange ⁽⁴⁾	[•]	[•]	[•]	[•]	[•]	[•]

Notes:

- (1) Finance Charges and Fees are comprised of Monthly Periodic charges and other credit card fees - this is the average accrued monthly balance.
- (2) Average receivables outstanding includes principal and finance charges, and excludes receivables charged off.
- (3) Yield from charges and fees includes interest income, late fees, forex fees, credit insurance, card protection insurance, overlimit fees, cash advance fees, ATM fees, Balance Transfer fees and other fees related to credit cards.
- (4) All ratios are annualised.

Delinquency and Loss Experience

The following tables set forth the delinquency and loss experience for each of the periods shown for the Bank Portfolio of credit card accounts. The Bank Portfolio's delinquency and loss experience is comprised of segments which may, when taken individually, have delinquency and loss characteristics different from those of the overall Bank Portfolio of credit card accounts. Because the Securitised Portfolio is only a portion of the Bank Portfolio, actual delinquency and loss experience with respect to the Receivables comprised therein may be different from that set forth below for the Bank Portfolio. There can be no assurance that the delinquency and loss experience for the Securitised Portfolio in the future will be similar to the historical experience of the Bank Portfolio set forth below. For further detail, please see the Base Prospectus.

DELINQUENCY EXPERIENCE

Bank Portfolio

(non percentage amounts are expressed in sterling)

	Months Ended		[•]		%		Year End		[•]		%	
	[•]	%	[•]	%	[•]	%	[•]	%	[•]	%	[•]	%

60-89.....	[•]	[•]	[•]	[•]	[•]	[•]	[•]	[•]	[•]	[•]	[•]	[•]
90+.....	[•]	[•]	[•]	[•]	[•]	[•]	[•]	[•]	[•]	[•]	[•]	[•]
Total	[•]	[•]	[•]	[•]	[•]	[•]	[•]	[•]	[•]	[•]	[•]	[•]

Notes:

- (1) Receivables outstanding represent end of period receivables.
(2) Receivables outstanding includes principal and finance charges, and excludes receivables charged off.

GROSS CHARGE-OFF EXPERIENCE**Bank Portfolio***(non percentage amounts are expressed in sterling)*

	Months Ended	Year End				
	[•]	[•]	[•]	[•]	[•]	[•]
Average Receivables Outstanding ⁽¹⁾	£[•]	£[•]	£[•]	£[•]	£[•]	£[•]
Total gross charge-offs ⁽²⁾	[•]	[•]	[•]	[•]	[•]	[•]
Total gross charge-offs as % of receivables ⁽³⁾	[•]%	[•]%	[•]%	[•]%	[•]%	[•]%

Notes:

- (1) Average receivables outstanding includes principal and finance charges, and excludes receivables charged off.
- (2) [In 2007 a policy on repayment plans (temporary arrangements to reduce minimum payment terms) was tightened, with accounts on repayment plans for more than 12 months removed from their plan, and tighter criteria applied to accept accounts onto a new repayment plan which are for a fixed duration of 12 months going forward. This increased total gross charge offs which peaked mid 2009.]
- (3) All ratios are annualised [by multiplying by the following ratio:365 divided by the number of days in the reported period].

Maturity Assumptions

The following table sets forth the highest and lowest cardholder monthly payment rates for the Bank Portfolio during any month in the periods shown and the average cardholder monthly payment rates for all months during the periods shown, in each case calculated as a percentage of total opening monthly account balances during the periods shown. Payment rates shown in the table are based on amounts which would be deemed payments of Principal Receivables and Finance Charge Receivables with respect to the related credit card accounts.

For further detail, please see the Base Prospectus.

RECEIVABLES INFORMATION

As at [•]

The following tables summarise the Securitised Portfolio by various criteria as of the beginning of the day on [•]. Because the future composition of the Securitised Portfolio may change over time, these tables are not necessarily indicative of the composition of the Securitised Portfolio at any time subsequent to [•].

Recent Lump Additions and Removals

Bank of Scotland may from time to time transfer receivables to the Penarth Receivables Trust in lump additions by designating additional accounts to the Penarth Receivables Trust. Since 1 October 2008, Bank of Scotland has made the following lump additions of accounts to the Penarth Receivables Trust: on 1 August 2009, 1 November 2009, 1 July 2010, 8 November 2010 and [date], the amounts of £217,212,804, £552,353,170, £561,210,892.89, £2,858,868,600.24 and [amount of principal receivables] respectively. The lump addition made on 8 November 2010 to the Penarth Receivables Trust consisted of receivables transferred by LTSB to Bank of Scotland and subsequently transferred by Bank of Scotland to the Receivables Trustee.

Receivable Yield Considerations

The following table sets forth the gross revenues from finance charges and fees billed to accounts in the Securitised Portfolio, for each of the years ended 31 December [•], and for the [•] months ended [•] 2010. Each table has been provided by Bank of Scotland. These revenues vary for each account based on the type and volume of activity for each account. The historical yield figures in these tables are calculated on an accrual basis. Collections of receivables included in the receivables trust will be on a cash basis and may not reflect the historical yield experience in the table. For further detail, please see the Base Prospectus.

Securitised Portfolio Yield

(non percentage amounts are expressed in sterling)

Revenue Experience	3 Months Ended [•]	Year Ended [•]	[•] to [•]
Average Principal Receivables Outstanding ⁽¹⁾	£[•]	£[•]	£[•]
Average Finance Charges, Fees and Interchange ^{(2),(3)}	[•]	[•]	[•]
Yield from Finance Charges, Fees and Interchange ^{(2),(3)}	[•]%	[•]%	[•]%

Notes:

- (1) Average principal receivables outstanding is the average of the opening receivables balance for the period indicated.
- (2) Finance Charges and Fees are comprised of monthly periodic charges and other credit card fees net of adjustments made pursuant to Bank of Scotland.
- (3) Yield from charges and fees includes interest income, late fees, forex fees, credit insurance, card protection insurance, overlimit fees, cash advance fees, ATM fees, Balance Transfer fees and other fees related to credit cards.

All ratios are annualised.

Gross Losses as a percentage of Principal Receivables			
Outstanding	[•]%	[•]%	[•]%
Net Losses as a percentage of Principal Receivables			
Outstanding)	[•]	[•]	[•]

Notes:

- (1) Average principal receivables outstanding is the average of the opening receivables balance for the period indicated.
- (2) Gross Losses are charged-off principal receivables. [These were low in 2008 due to initial asset selection into the pool of securitised accounts in October 2008 excluding accounts in late stage arrears.]
- (3) Recoveries are amounts received on previously charged-off principal receivables.
- (4) Net Losses are Gross Losses minus Recoveries.

All ratios are annualised.

- (4) Yield from charges and fees includes interest income, late fees, forex fees, credit insurance, card protection insurance, overlimit fees, cash advance fees, ATM fees, Balance Transfer fees and other fees related to credit cards.
- (5) Payment rate calculated as principal collections in the calendar month over opening principal receivables.

PURCHASE AND TRANSFER RESTRICTIONS

Because of the following restrictions, purchasers are advised to consult legal counsel prior to making any offer, sale, resale, pledge or transfer of the notes.

The notes have not been and will not be registered under the United States Securities Act of 1933, as amended (the "**Securities Act**") or any state securities or "Blue Sky " laws or the securities laws of any other jurisdiction and, accordingly, may not be reoffered, resold, pledged or otherwise transferred except in accordance with the restrictions described below.

Without limiting the foregoing, by holding a note, each Noteholder will acknowledge and agree, among other things, that such Noteholder understands that neither of the Issuer nor the Securitised Portfolio is registered as an investment company under the United States Investment Company Act of 1940, but that the Issuer and the Securitised Portfolio are exempt from registration as such.

Prospective Initial Investors in the notes

Each prospective purchaser of the notes offered in reliance on Rule 144A ("**Rule 144A**") or Rule 506 of Regulation D under the Securities Act (each, a "**U.S. Offeree**") and each prospective purchaser of the notes offered in reliance on Regulation S ("**Regulation S**") under the Securities Act (a "**Non-U.S. Offeree**") and together with the U.S. Offerees, the "**Offerees**"), by accepting delivery of this Prospectus Supplement/Final Terms and the Base Prospectus, will be deemed to have represented, acknowledged and agreed as follows:

- (i) The Offeree acknowledges that this Prospectus Supplement/Final Terms and the Base Prospectus are personal to the Offeree and do not constitute an offer to any other person or to the public generally to subscribe for or otherwise acquire the notes other than pursuant to Rule 144A, or Rule 506 of Regulation D or another exemption from registration from the Securities Act, or in offshore transactions in accordance with Regulation S. Distribution of this Prospectus Supplement/Final Terms and the Base Prospectus or disclosure of any of their contents to any person other than the Offeree and those persons, if any, retained to advise the Offeree with respect thereto and other persons meeting the requirements of Rule 144A or Rule 506 of Regulation D or Regulation S is unauthorised and any disclosure of any of their contents, without the prior written consent of the Issuer, is prohibited.
- (ii) The Offeree agrees to make no photocopies of this Prospectus Supplement/Final Terms and the Base Prospectus or any documents referred to herein and, if the Offeree does not purchase the notes or the offering is terminated, to return this Prospectus Supplement/Final Terms and the Base Prospectus and all documents referred to herein and therein to [•].
- (iii) The Offeree has carefully read and understands this Prospectus Supplement/Final Terms and the Base Prospectus, including, without limitation, the "Additional Risk Factors" section herein and the "Risk Factors" section in the Base Prospectus, and has based its decision to purchase the notes upon the information contained herein and therein and on written information, if any, provided to it by the Issuer and the Dealer and not on any other information.

Notes

Legend

Unless determined otherwise by the Issuer in accordance with applicable law and so long as any class of Rule 144A Notes or Regulation S Notes is outstanding, the Rule 144A, the Regulation S Notes and the Registered Uncleared Notes will bear a legend substantially set forth below:

THIS NOTE HAS NOT BEEN AND WILL NOT BE REGISTERED UNDER THE UNITED STATES SECURITIES ACT OF 1933, AS AMENDED (THE "**SECURITIES ACT**"), ANY STATE SECURITIES LAWS IN THE UNITED STATES OR THE SECURITIES LAWS OF ANY OTHER JURISDICTION AND NEITHER THE ISSUER NOR THE SECURITISED PORTFOLIO HAS BEEN REGISTERED UNDER THE UNITED STATES INVESTMENT COMPANY ACT OF 1940, AS AMENDED (THE "**INVESTMENT COMPANY ACT**"). THE HOLDER HEREOF, BY ITS ACCEPTANCE OF THIS NOTE, REPRESENTS THAT IT HAS OBTAINED THIS NOTE IN A TRANSACTION IN COMPLIANCE WITH THE SECURITIES ACT, THE INVESTMENT

COMPANY ACT AND ALL OTHER APPLICABLE LAWS OF THE UNITED STATES OR ANY OTHER JURISDICTION, AND THE RESTRICTIONS ON SALE AND TRANSFER SET FORTH IN THE NOTE TRUST DEED (THE "**NOTE TRUST DEED**"), DATED 16 OCTOBER 2008 (AS AMENDED AND RESTATED FROM TIME TO TIME), BETWEEN THE ISSUER AND DEUTSCHE BANK TRUST COMPANY AMERICAS (THE "**NOTE TRUSTEE**"). THE HOLDER HEREOF, BY ITS ACCEPTANCE OF THIS NOTE, FURTHER REPRESENTS, ACKNOWLEDGES AND AGREES THAT IT WILL NOT REOFFER, RESELL, PLEDGE OR OTHERWISE TRANSFER THIS NOTE (OR ANY INTEREST HEREIN) EXCEPT IN COMPLIANCE WITH THE SECURITIES ACT, THE INVESTMENT COMPANY ACT AND ALL OTHER APPLICABLE LAWS OF ANY JURISDICTION AND IN ACCORDANCE WITH THE RESTRICTIONS, CERTIFICATIONS AND OTHER REQUIREMENTS SPECIFIED IN THE NOTE TRUST DEED (i) TO A TRANSFEREE THAT IS A PERSON WHOM THE SELLER REASONABLY BELIEVES IS A "QUALIFIED INSTITUTIONAL BUYER" AS DEFINED IN RULE 144A UNDER THE SECURITIES ACT (A "**QIB**") PURCHASING FOR ITS OWN ACCOUNT OR FOR THE ACCOUNT OF ANOTHER QIB IN COMPLIANCE WITH RULE 144A UNDER THE SECURITIES ACT OR (ii) TO A TRANSFEREE THAT IS NOT A U.S. PERSON (AS DEFINED IN REGULATION S OF THE SECURITIES ACT) AND THAT IS ACQUIRING THIS NOTE IN AN OFFSHORE TRANSACTION IN COMPLIANCE WITH RULE 903 OR RULE 904 OF REGULATION S UNDER THE SECURITIES ACT AND, IN THE CASE OF CLAUSES (i) AND (ii), IN A PRINCIPAL AMOUNT WITH RESPECT TO EACH CLASS OF NOTES OF NOT LESS THAN €50,000 (OR THE EQUIVALENT THEREOF IN THE SPECIFIED CURRENCY) FOR THE PURCHASER AND FOR EACH ACCOUNT FOR WHICH IT IS ACTING. EACH PURCHASER OR TRANSFEREE OF THIS NOTE WILL BE DEEMED TO HAVE MADE THE REPRESENTATIONS AND AGREEMENTS SET FORTH IN THE NOTE TRUST DEED.

The following two paragraphs are to be included in the legend for Regulation S Global Note Certificate only:

EACH TRANSFEROR OF THIS NOTE AGREES TO PROVIDE NOTICE OF THE TRANSFER RESTRICTIONS SET FORTH HEREIN AND IN THE NOTE TRUST DEED TO THE TRANSFEREE. IN ADDITION TO THE FOREGOING, THE ISSUER MAINTAINS THE RIGHT TO RESELL ANY INTEREST IN THIS NOTE PREVIOUSLY TRANSFERRED TO HOLDERS NOT ELIGIBLE TO PURCHASE SUCH INTERESTS IN ACCORDANCE WITH AND SUBJECT TO THE TERMS OF THE NOTE TRUST DEED.

HOWEVER, WITHOUT PREJUDICE TO THE RIGHTS OF THE ISSUER AGAINST ANY BENEFICIAL OWNER OR PURPORTED BENEFICIAL OWNER OF NOTES, NOTHING IN THE NOTE TRUST DEED OR THE NOTES SHALL BE INTERPRETED TO CONFER ON THE ISSUER, THE NOTE TRUSTEE OR ANY PAYING AGENT ANY RIGHT AGAINST EUROCLEAR BANK S.A./N.V. ("**EUROCLEAR**") AND/OR CLEARSTREAM BANKING, SOCIÉTÉ ANONYME ("**CLEARSTREAM**"), TO REQUIRE THAT EUROCLEAR AND/OR CLEARSTREAM, AS THE CASE MAY BE, REVERSE OR RESCIND ANY TRADE COMPLETED IN ACCORDANCE WITH THE RULES OF EUROCLEAR AND/OR CLEARSTREAM, AS THE CASE MAY BE.

The following two paragraphs are to be included in the legend for Rule 144A Global Note Certificate only:

EACH TRANSFEROR OF THIS NOTE AGREES TO PROVIDE NOTICE OF THE TRANSFER RESTRICTIONS SET FORTH HEREIN AND IN THE NOTE TRUST DEED TO THE TRANSFEREE. IN ADDITION TO THE FOREGOING, THE ISSUER MAINTAINS THE RIGHT TO RESELL ANY INTEREST IN THIS NOTE PREVIOUSLY TRANSFERRED TO HOLDERS NOT ELIGIBLE TO PURCHASE SUCH INTERESTS IN ACCORDANCE WITH AND SUBJECT TO THE TERMS OF THE NOTE TRUST DEED.

HOWEVER, WITHOUT PREJUDICE TO THE RIGHTS OF THE ISSUER AGAINST ANY BENEFICIAL OWNER OR PURPORTED BENEFICIAL OWNER OF NOTES, NOTHING IN THE NOTE TRUST DEED OR THE NOTES SHALL BE INTERPRETED TO CONFER ON THE ISSUER, THE NOTE TRUSTEE OR ANY PAYING AGENT ANY RIGHT AGAINST THE DEPOSITORY TRUST COMPANY ("**DTC**") TO REQUIRE THAT DTC REVERSE OR RESCIND ANY TRADE COMPLETED IN ACCORDANCE WITH THE RULES OF DTC.

The following paragraph is to be included in the legend for Registered Uncleared Note Certificates only:

EACH TRANSFEROR OF THIS NOTE AGREES TO PROVIDE NOTICE OF THE TRANSFER RESTRICTIONS SET FORTH HEREIN AND IN THE NOTE TRUST DEED TO THE TRANSFEREE. IN ADDITION TO THE FOREGOING, THE ISSUER MAINTAINS THE RIGHT TO RESELL ANY INTEREST IN THIS NOTE PREVIOUSLY TRANSFERRED TO HOLDERS NOT ELIGIBLE TO PURCHASE SUCH INTERESTS IN ACCORDANCE WITH AND SUBJECT TO THE TERMS OF THE NOTE TRUST DEED.

The following paragraph is to be included only in the legend for Individual Note Certificates and Registered Uncleared Note Certificates treated as debt of the Issuer for U.S. federal income tax purposes:

EACH ORIGINAL PURCHASER AND EACH TRANSFEREE OF THIS NOTE OR OF AN INTEREST HEREIN IS DEEMED TO REPRESENT, WARRANT AND AGREE THAT EITHER (I) THE HOLDER IS NOT, AND FOR SO LONG AS IT HOLDS THIS NOTE WILL NOT BE, (A) AN "EMPLOYEE BENEFIT PLAN" SUBJECT TO TITLE I OF THE EMPLOYEE RETIREMENT INCOME SECURITY ACT OF 1974, AS AMENDED ("**ERISA**"), (B) A "PLAN" WITHIN THE MEANING OF AND SUBJECT TO SECTION 4975 OF THE INTERNAL REVENUE CODE OF 1986, AS AMENDED (THE "**CODE**"), (C) ANY PERSON OR ENTITY WHOSE UNDERLYING ASSETS INCLUDE, OR ARE DEEMED FOR PURPOSES OF ERISA OR THE CODE TO INCLUDE, THE ASSETS OF ANY SUCH "EMPLOYEE BENEFIT PLAN" OR "PLAN" BY REASON OF 29 C.F.R. 2510.3-101 OR OTHERWISE, OR (D) ANY OTHER EMPLOYEE BENEFIT PLAN SUBJECT TO ANY FEDERAL, STATE, LOCAL OR NON-U.S. LAW THAT IS SUBSTANTIALLY SIMILAR TO SECTION 406 OF ERISA OR SECTION 4975 OF THE CODE ("**SIMILAR LAW**"), AND IS NOT PURCHASING THIS NOTE ON BEHALF OF ANY SUCH PERSON, OR (II) THE PURCHASE, HOLDING AND SUBSEQUENT DISPOSITION OF THIS NOTE WILL NOT CONSTITUTE OR RESULT IN A NON-EXEMPT PROHIBITED TRANSACTION UNDER SECTION 406 OF ERISA OR SECTION 4975 OF THE CODE (OR, IN THE CASE OF ANY SUCH OTHER EMPLOYEE BENEFIT PLAN, ARE NOT IN VIOLATION OF ANY SUCH SUBSTANTIALLY SIMILAR LAW).

The following paragraph is to be included only in the legend for Individual Note Certificates and Registered Uncleared Note Certificates treated as equity in the Issuer for U.S. federal income tax purposes:

EACH PURCHASER AND EACH TRANSFEREE OF THIS NOTE OR OF AN INTEREST HEREIN IS DEEMED TO HAVE REPRESENTED, WARRANTED AND AGREED THAT (I) IT IS NOT (AND IS NOT DEEMED FOR PURPOSES OF THE EMPLOYEE RETIREMENT INCOME SECURITY ACT OF 1974, AS AMENDED ("**ERISA**") OR SECTION 4975 OF THE INTERNAL REVENUE CODE OF 1986, AS AMENDED (THE "**CODE**") TO BE) AND FOR SO LONG AS IT HOLDS AN EQUITY NOTE, AS APPLICABLE, WILL NOT BE (OR BE DEEMED FOR SUCH PURPOSES TO BE) (A) AN "EMPLOYEE BENEFIT PLAN" AS DEFINED IN ERISA) AND THAT IS SUBJECT TO PART 4 OF SUBTITLE B OF TITLE I OF ERISA, (B) A "PLAN" AS DEFINED IN AND SUBJECT TO SECTION 4975 OF THE CODE), OR (C) ANY ENTITY WHOSE UNDERLYING ASSETS INCLUDE, OR ARE DEEMED FOR PURPOSES OF ERISA OR THE CODE TO INCLUDE, "PLAN ASSETS" BY REASON OF SUCH PLAN INVESTMENT IN THE ENTITY (EACH OF THE FOREGOING, A "**BENEFIT PLAN INVESTOR**") OR (II) (A) IT IS AN EMPLOYEE BENEFIT PLAN THAT IS NOT A BENEFIT PLAN INVESTOR WHICH IS SUBJECT TO ANY FEDERAL, STATE, LOCAL OR NON-U.S. LAW THAT IS SUBSTANTIALLY SIMILAR TO SECTION 406 OF ERISA OR SECTION 4975 OF THE CODE ("**SIMILAR LAW**") AND (B) THE PURCHASE AND HOLDING OF SUCH EQUITY NOTES, AS APPLICABLE, DO NOT AND WILL NOT VIOLATE ANY SUCH SUBSTANTIALLY SIMILAR LAW.

The following two paragraphs are to be included in the legend for Regulation S Global Note Certificates only:

ANY TRANSFERS, PLEDGE OR OTHER USE OF THIS NOTE FOR VALUE OR OTHERWISE BY OR TO ANY PERSON IS WRONGFUL SINCE THE REGISTERED OWNER HEREOF, [DEUTSCHE BANK AG, LONDON BRANCH], HAS AN INTEREST HEREIN, UNLESS THIS NOTE IS PRESENTED BY AN AUTHORISED REPRESENTATIVE OF EUROCLEAR AND CLEARSTREAM TO THE ISSUER OR ITS AGENT FOR REGISTRATION OF TRANSFER, EXCHANGE OR PAYMENT AND ANY NOTE ISSUED IS REGISTERED IN THE NAME OF [DEUTSCHE BANK AG, LONDON BRANCH] OR OF SUCH OTHER ENTITY AS IS REQUESTED BY AN

AUTHORISED REPRESENTATIVE OF EUROCLEAR AND CLEARSTREAM (AND ANY PAYMENT HEREON IS MADE TO [DEUTSCHE BANK AG, LONDON BRANCH]).

TRANSFERS OF THIS NOTE SHALL BE LIMITED TO TRANSFERS IN WHOLE, AND NOT IN PART, TO NOMINEES OF EUROCLEAR AND CLEARSTREAM OR TO SUCCESSORS THEREOF OR SUCH SUCCESSORS' NOMINEE AND TRANSFERS OF INTERESTS IN THIS NOTE SHALL BE LIMITED TO TRANSFERS MADE IN ACCORDANCE WITH THE RESTRICTIONS SET FORTH IN THE NOTE TRUST DEED.

The following two paragraphs are to be included in the legend for Rule 144A Global Note Certificates only:

ANY TRANSFERS, PLEDGE OR OTHER USE OF THIS NOTE FOR VALUE OR OTHERWISE BY OR TO ANY PERSON IS WRONGFUL SINCE THE REGISTERED OWNER HEREOF, CEDE & CO. ("**CEDE**"), HAS AN INTEREST HEREIN, UNLESS THIS NOTE IS PRESENTED BY AN AUTHORISED REPRESENTATIVE OF DTC TO THE ISSUER OR ITS AGENT FOR REGISTRATION OF TRANSFER, EXCHANGE OR PAYMENT AND ANY NOTE ISSUED IS REGISTERED IN THE NAME OF CEDE OR OF SUCH OTHER ENTITY AS IS REQUESTED BY AN AUTHORISED REPRESENTATIVE OF DTC (AND ANY PAYMENT HEREON IS MADE TO CEDE).

TRANSFERS OF THIS NOTE SHALL BE LIMITED TO TRANSFERS IN WHOLE, AND NOT IN PART, TO NOMINEES OF DTC OR TO A SUCCESSOR THEREOF OR SUCH SUCCESSOR'S NOMINEE AND TRANSFERS OF INTERESTS IN THIS NOTE SHALL BE LIMITED TO TRANSFERS MADE IN ACCORDANCE WITH THE RESTRICTIONS SET FORTH IN THE NOTE TRUST DEED.

PRINCIPAL OF THIS NOTE IS PAYABLE AS SET FORTH IN THE NOTE TRUST DEED. ACCORDINGLY, THE OUTSTANDING PRINCIPAL OF THIS NOTE AT ANY TIME MAY BE LESS THAN THE AMOUNT SHOWN ON THE FACE HEREOF. ANY PERSON ACQUIRING THIS NOTE MAY ASCERTAIN ITS CURRENT PRINCIPAL AMOUNT BY INQUIRY OF [DEUTSCHE BANK AG, LONDON BRANCH] AS THE PRINCIPAL PAYING AGENT.

THE HOLDER OF THIS NOTE ACKNOWLEDGES THAT NOTWITHSTANDING ANY OTHER PROVISION OF THE NOTE TRUST DEED OR ANY OTHER TRANSACTION DOCUMENT, ALL PAYMENTS OF PRINCIPAL, INTEREST OR ANY OTHER AMOUNT TO BE MADE BY THE ISSUER IN RESPECT OF THE NOTES OR UNDER ANY TRANSACTION DOCUMENT WILL BE PAYABLE PURSUANT TO THE PRIORITY OF PAYMENTS AND ONLY FROM, AND TO THE EXTENT OF, THE SUMS PAID TO, OR NET PROCEEDS RECOVERED BY OR ON BEHALF OF, THE ISSUER IN RESPECT OF THE SECURITY (AS DEFINED IN THE SECURITY TRUST DEED AND CASH MANAGER AGREEMENT, DATED 16 OCTOBER 2008 (AS AMENDED AND RESTATED FROM TIME TO TIME), AMONG PENARTH FUNDING 1 LIMITED, PENARTH RECEIVABLES TRUSTEE LIMITED, BANK OF SCOTLAND PLC, DEUTSCHE BANK TRUST COMPANY AMERICAS AND STRUCTURED FINANCE MANAGEMENT OFFSHORE LIMITED (THE "**STDCMA**"). IF THE PROCEEDS OF THE SECURITY (AS DEFINED IN THE STDCMA) ARE NOT SUFFICIENT FOR THE ISSUER TO MEET ITS OBLIGATIONS IN RESPECT OF THE NOTES AND OTHER TRANSACTION DOCUMENTS, NO OTHER ASSETS OF THE ISSUER WILL BE AVAILABLE TO MEET SUCH INSUFFICIENCY.

Initial Investors and transferees of Interests in Rule 144A Global Note Certificates

Each initial investor in, and subsequent transferee of, an interest in a Rule 144A Global Note Certificate will be deemed to have represented and agreed as follows:

- (i) It (a) is a "**Qualified Institutional Buyer**" ("**QIB**") within the meaning of Rule 144A and is acquiring the notes in reliance on the exemption from Securities Act registration provided by Rule 144A thereunder and (b) understands the notes will bear the legend set forth above and be represented by one or more Rule 144A Global Notes Certificates. In addition, it will be deemed to have represented and agreed that it will hold and transfer in an amount of not less than, with respect to each class of notes, €50,000 (or the equivalent thereof in the specified currency) for it or for each account for which it is acting.

- (ii) It understands that the notes have been offered only in a transaction not involving any public offering in the United States within the meaning of the Securities Act, the notes have not been and will not be registered under the Securities Act and, if in the future it decides to offer, resell, pledge or otherwise transfer the notes, such notes may be offered, resold, pledged or otherwise transferred only in accordance with the provisions of the Note Trust Deed and the legend on such notes. It acknowledges that no representation is made as to the availability of any exemption under the Securities Act or any state securities laws for resale of the notes.
- (iii) In connection with the purchase of the notes: (a) the Issuer is not acting as a fiduciary or financial or investment advisor for it; (b) it is not relying (for purposes of making any investment decision or otherwise) upon any advice, counsel or representations (whether written or oral) of the Issuer or the Dealer (in its capacity as such) or any of their agents, other than any statements in a current prospectus for such notes and any representations expressly set forth in a written agreement with such party; (c) it has consulted with its own legal, regulatory, tax, business, investment, financial and accounting advisors to the extent it has deemed necessary and has made its own investment decisions based upon its own judgment and upon any advice from such advisors as it has deemed necessary and not upon any view expressed by the Issuer or the Dealer; (d) its purchase of the notes will comply with all applicable laws in any jurisdiction in which it resides or is located; (e) it is acquiring the notes as principal solely for its own account for investment and not with a view to the resale, distribution or other disposition thereof in violation of the Securities Act; and (f) it is a sophisticated investor and is purchasing the notes with a full understanding of all of the terms, conditions and risks thereof and is capable of assuming and willing to assume those risks.
- (iv) [If the notes are debt notes] either: (i) it is not, and for so long as it holds a debt note will not be, (A) an "employee benefit plan" subject to Title I of ERISA, (B) a "plan" subject to Section 4975 of the Code, (C) any person or entity whose underlying assets include, or are deemed for purposes of ERISA or the Code to include, the assets of any such "employee benefit plan" or "plan" by reason of 29 C.F.R. 2510.3-101 or otherwise or (D) any other employee benefit plan subject to any substantially Similar Law, and is not purchasing such debt note on behalf of any such person, or (ii) the purchase, holding and subsequent disposition of such debt note will not constitute or result in a non-exempt prohibited transaction under Section 406 of ERISA or Section 4975 of the Code (or, in the case of any such other employee benefit plan, is not in violation of any such substantially Similar Law).
- (v) [If the notes are equity notes] either that (i) it is not (and is not deemed for purposes of ERISA or the Code to be) and for so long as it holds an equity note, as applicable, will not be (or be deemed for such purposes to be) (A) an "employee benefit plan" as defined in ERISA and that is subject to Part 4 of Subtitle B of Title I of ERISA, (B) a "plan" as defined in and subject to Section 4975 of the Code or (C) any entity whose underlying assets include, or are deemed for purposes of ERISA or the Code to include, "plan assets" by reason of such plan investment in the entity (each of the foregoing, a Benefit Plan Investor), or (ii) (A) it is an employee benefit plan that is not a Benefit Plan Investor which is subject to any Similar Law and (B) the purchase and holding of such equity notes, as applicable, do not and will not violate any such substantially Similar Law.
- (vi) It understands that an investment in the notes involves certain risks, including the risk of loss of all or a substantial part of its investment under certain circumstances. It has had access to such financial and other information concerning the Issuer and the notes, as it deemed necessary or appropriate in order to make an informed investment decision with respect to its acquisition of the notes, including an opportunity to ask questions of and request information from the Issuer. It understands that the notes will be highly illiquid and are not suitable for short term trading. It understands that it is possible that due to the structure of the transaction and the performance of the Securitised Portfolio, payments on the notes may be deferred, reduced or eliminated entirely. The Issuer has assets limited to the Security (as defined in the STDCMA) for payment of the notes.
- (vii) It understands that the Note Trust Deed permits the Issuer to demand that any beneficial owner of Rule 144A Global Notes who is determined not to be a QIB at the time of acquisition of such Rule 144A Global Notes Certificates to sell all its right, title and interest in such notes (a) to a person who is a QIB in a transaction meeting the requirements of Rule 144A or (b) to a person who will take delivery of its interest in Rule 144A Global Note Certificates in the form of an interest in a Regulation S Global Note Certificate and who is not a U.S. Person in a transaction

meeting the requirements of Regulation S in a transaction exempt from registration under the Securities Act or any state or other relevant securities laws and, if it does not comply with such demand within thirty (30) days thereof, the Issuer may sell its interest in the Note.

- (viii) It acknowledges that it is its intent and that it understands it is the Issuer's intent, that for purposes of U.S. federal, state and local income taxes, the Issuer will be treated as a corporation and the notes will be treated as indebtedness of the Issuer; it agrees to such treatment, to report all income (or loss) in accordance with such treatment and to take no action inconsistent with such treatment, except as otherwise required by any taxing authority under applicable law.
- (ix) It is aware that, except as otherwise provided in the Note Trust Deed, the notes being sold to it will be represented by one or more Global Note Certificates, and that beneficial interests therein may be held only through Euroclear and Clearstream or DTC or one of their nominees, as applicable.
- (x) It understands that the Issuer, the Note Trustee, the Dealer and their counsel will rely on the accuracy and truth of the foregoing representation, and it hereby consents to such reliance.

Initial Investors and transferees of Interests in Regulation S Global Note Certificates

Each initial investor in, and subsequent transferee of, an interest in a Regulation S Global Note Certificate will be deemed to have made the representations set forth in clauses (ii), (iii), (iv), (v), (viii), (ix) and (x) above and will be deemed to have further represented and agreed as follows:

- (i) It is aware that the sale of notes to it is being made in reliance on the exemption from registration provided by Regulation S and understands that the notes offered in reliance on Regulation S will bear the legend set forth above and be represented by one or more Regulation S Global Note Certificate. The notes so represented may not at any time be held by or on behalf of U.S. Persons as defined in Regulation S. It and each beneficial owner of the notes that it holds is not, and will not be, a U.S. Person (as defined in Regulation S) and its purchase of the notes will comply with all applicable laws in any jurisdiction in which it resides or is located.
- (ii) If it is not a "United States person" as defined in Section 7701(a)(30) of the Code, it is not acquiring any Note as part of a plan to reduce, avoid or evade U.S. federal income taxes owed, owing or potentially owed or owing.
- (iii) It understands that the Note Trust Deed permits the Issuer to demand that any beneficial owner of Regulation S Global Notes who is determined to be a U.S. Person to sell all its right, title and interest in such Regulation S Global Note Certificate (a) to a person who is not a U.S. Person in a transaction meeting the requirements of Regulation S or (b) to a person who will take delivery of the Holder's Regulation S Global Notes in the form of an interest in a Rule 144A Global Note Certificate, who is a QIB in a transaction meeting the requirements of Rule 144A or another exemption from registration under the Securities Act and, if it does not comply with such demand within thirty (30) days thereof, the Issuer may sell its interest in the Note.

Settlement

All payments in respect of the Sterling notes shall be made in Sterling in same-day funds. All payments in respect of the Euro notes shall be made in Euros in same-day funds. All payments in respect of the Dollar notes shall be made in dollars in same-day funds.

SWAP AGREEMENT/SWAP COUNTERPARTY

[Describe name, organisational form and general character of the business of the derivative counterparty.]

[Describe operation and material terms of the derivative agreement, including limits on the timing or amounts of payments or any conditions to payments.]

[Describe any material provisions regarding substitution of the derivative agreement.]

[Define Swap Permitted Investments.]

PLAN OF DISTRIBUTION

Names of Dealer: [Give details]

Stabilising Manager (if any): [Give name]

Additional Selling Restrictions: [Give details]

Class [•]

ISIN: [•]

Common Code: [•]

CUSIP: [•]

For the purposes of the U.S. federal securities laws, the Dealer engaged in the distribution of these Series 200[•]-[•] Notes may be deemed to be "underwriters". Subject to the terms and conditions of the Dealer Agreement as supplemented by the relevant subscription agreement for these Series 200[•]-[•] Notes, the Issuer has agreed to sell to each of the Dealer named below, and each of those Dealer has severally agreed to purchase, the Principal Amount of these Series 200[•]-[•] Notes set forth opposite its name:

Dealer	Class [•]	Aggregate Amount
[•]	[•]	[•]
[•]	[•]	[•]
Total		[•]

The several Dealer have agreed, subject to the terms and conditions of the Dealer Agreement (as supplemented by the relevant subscription agreement) to purchase all [•] aggregate Principal Amount of these Series 200[•]-[•] Notes if any of these Series 200[•]-[•] Notes are purchased.

The Dealer have advised the Issuer that the several Dealer propose initially to offer these Series 200[•]-[•] Notes to the public at the public offering price set forth on the cover page of this Prospectus Supplement/Final Terms, and to certain other Dealer at that public offering price less a concession not in excess of [•] per cent. of the Principal Amount of these Series 200[•]-[•] Notes. The Dealer may allow, and those other Dealer may allow to additional Dealer, a concession not in excess of [•] per cent. of the Principal Amount.

After the public offering, the public offering price and other selling terms may be changed by the Dealer.

In connection with the sale of these Series 200[•]-[•] Notes, the Dealer may engage in:

- over-allotments, in which members of the syndicate selling these Series 200[•]-[•] Notes sell more notes than the Issuer actually sold to the syndicate, creating a syndicate short position;
- stabilising transactions, in which purchases and sales of these Series 200[•]-[•] Notes may be made by the members of the selling syndicate at prices that do not exceed a specified maximum;
- syndicate covering transactions, in which members of the selling syndicate purchase these Series 200[•]-[•] Notes in the open market after the distribution has been completed in order to cover syndicate short positions; and
- penalty bids, by which Dealer reclaim a selling concession from a syndicate member when any of these Series 200[•]-[•] Notes originally sold by that syndicate member are purchased in a syndicate covering transaction to cover syndicate short positions.

These stabilising transactions, syndicate covering transactions and penalty bids may cause the price of these Series 200[•]-[•] to be higher than it would otherwise be. These transactions, if commenced, may be discontinued at any time.

The Issuer has agreed to indemnify the Lead Manager, the Dealer, agents and their controlling Persons against certain civil liabilities, including liabilities under the Securities Act in connection with their participation in the distribution of the Issuer's notes.

The gross proceeds of the issue of the notes will be £[•]. The sum of the fees and commissions payable on the issue of the notes is estimated to be [•]. The fees and commissions payable on the issue of the notes will be deducted from the gross proceeds of the issue. The net proceeds of the issue of the notes after exchanging such amounts into Sterling pursuant to the Swap Agreement referred to below will be applied by the Issuer, together with the Expenses Loan, to purchase the Series 200[•]-[•] Loan Note issued by Loan Note Issuer No.1 on the Issue Date. The net proceeds of the issue will be [•].

[This Prospectus Supplement/Final Terms and the Base Prospectus may be used by [•] and/or other affiliates of the sponsor in connection with offers and sales related to market making transactions in these Series 200[•]-[•] Notes. These affiliates may act as principal or agent in these market-making transactions. Market making sales will be made at prices related to the prevailing market prices at the time of sale.]

LISTING APPLICATION

This document comprises the Prospectus Supplement/Final Terms required to list the issue of notes described herein pursuant to the Programme of the Issuer.

RESPONSIBILITY

The Issuer accepts responsibility for the information contained in this Prospectus Supplement/Final Terms.

Signed on behalf of the Issuer:

By: *duly authorised*

GENERAL INFORMATION

The admission of the Programme to listing on the Official List of the UK Listing Authority and to trading on the Regulated Market of the London Stock Exchange took effect on [•] November 2010. The listing of the notes on the Regulated Market of the London Stock Exchange will be expressed as a percentage of their principal amount (exclusive of accrued interest). This Note Series is intended to be admitted to listing on the Official List of the UK Listing Authority and admitted to trading on the Regulated Market of the London Stock Exchange will be so admitted to listing and trading upon submission to the UK Listing Authority and the Regulated Market of the London Stock Exchange of this Prospectus Supplement/Final Terms and any other information required by the UK Listing Authority and the Regulated Market of the London Stock Exchange, subject in each case to the issue of the relevant notes. Prior to official listing, dealings will be permitted by the Regulated Market of the London Stock Exchange in accordance with its rules. Transactions will normally be effected for delivery on the third working day in London after the day of the transaction.

However, notes may be issued pursuant to the Programme which will not be admitted to listing, trading and/or quotation by the UK Listing Authority or the Regulated Market of the London Stock Exchange or any other listing authority, stock exchange and/or quotation system or which will be admitted to listing, trading and/or quotation by such listing authority, stock exchange and/or quotation system as the Issuer and the relevant Dealer(s) may agree.

The Issuer confirms that the securitised assets backing the issue of this Note Series, namely the distributions from Loan Note Issuer No.1 to the Issuer in respect of a corresponding Loan Note issued by Loan Note Issuer No.1 and ultimately the interest and principal collections in respect of the Receivables, have characteristics that demonstrate capacity to produce funds to service any payments due and payable on this Note Series. However, investors are advised that this confirmation is based on the information available to the Issuer at the date of the Base Prospectus and the relevant Prospectus Supplement/Final Terms and may be affected by future performance of such securitised assets. Consequently, investors are advised to review carefully the disclosure in the Base Prospectus together with any amendments or supplements thereto and other documents incorporated by reference in the Base Prospectus and, in relation to any Note Series, the relevant Prospectus Supplement/Final Terms.

Loan Note Issuer No.1 confirms that the securitised assets backing the issue of the Related Loan Note, namely the interest and principal collections in respect of the receivables, have characteristics that demonstrate capacity to produce funds to service any payments due and payable on the Relevant Loan Note. However, investors are advised that this confirmation is based on the information available to Loan Note Issuer No.1 at the date of the Base Prospectus and the relevant Prospectus Supplement/Final Terms and may be affected by future performance of such securitised assets. Consequently, investors are advised to review carefully the disclosure in the Base Prospectus together with any amendments or supplements thereto and other documents incorporated by reference in the Base Prospectus and, in relation to any note series, the relevant Prospectus Supplement/Final Terms.

AN INVESTMENT IN THE NOTES IS ONLY SUITABLE FOR FINANCIALLY SOPHISTICATED INVESTORS WHO ARE CAPABLE OF EVALUATING THE MERITS AND RISKS OF SUCH INVESTMENT AND WHO HAVE SUFFICIENT RESOURCES TO BE ABLE TO BEAR ANY LOSSES WHICH MAY RESULT FROM SUCH INVESTMENT. IF PROSPECTIVE INVESTORS ARE IN ANY DOUBT ABOUT THE CONTENTS OF THIS BASE PROSPECTUS THEY SHOULD CONSULT THEIR STOCKBROKER, BANK MANAGER, SOLICITOR, ACCOUNTANT OR OTHER FINANCIAL ADVISER.

There are no, nor have there been any, governmental, legal or arbitration proceedings (including any such proceedings which are pending or threatened of which the Issuer is aware) against or affecting the Issuer or any of its assets or revenues, which may have or have had during the months since the Base Prospectus was first filed to the date of this Prospectus Supplement/Final Terms significant effects on the financial position or profitability of the Issuer.

There are no, nor have there been any, governmental, legal or arbitration proceedings (including any such proceedings which are pending or threatened of which the Issuer is aware) against or affecting Loan Note Issuer No.1 or any of its assets or revenues, which may have or have had during the months since the Base Prospectus was first filed to the date of this Prospectus Supplement/Final Terms significant effects on the financial position or profitability of Loan Note Issuer No.1.

Since the date of the Issuer's financial statements for the period ended 31 December 2009, there has been no material adverse change in the financial position or prospects of the Issuer.

Since the date of the Loan Note Issuer No.1's financial statements for the period ended 31 December 2009, there has been no material adverse change in the financial position or prospects of Loan Note Issuer No.1.

DIRECTORS' REPORT

The directors have pleasure in presenting their report and the audited financial statements for Penarth Funding (No.1) Ltd ("the Company") for the year to 31 December 2009.

Principal activities

The principal activity of the Company is to acquire an interest in a portfolio of credit card receivables and to enter into financial arrangements with its related parties. No future changes in activity are envisaged.

The Company was registered on the 1st August 2008, as Penarth Funding (No.1) Ltd in Jersey as a limited company. Two ordinary shares of £1 have been issued and fully paid and are held in trust for charitable purposes by Structured Finance Management Offshore Limited, as trustee of a discretionary charitable trust, pursuant to a Declaration of Trust dated 30 July 2008.

The activities of the Company are conducted primarily by reference to a series of securitisation transaction documents (the "Programme Documentation"). The securitisation structure has been established as a means of raising finance for Bank of Scotland plc ("BOS") and subsequently Lloyds Banking Group plc ("LBG"). The programme documentation sets out the workings of the transaction and the principal risks to the holders of the asset backed loan notes (the "Notes") issued by Penarth Master Issuer plc ("Master Issuer"). As such, these have not been reproduced in full in the accounts.

Results and dividends

The profit on ordinary activities before tax for the year to 31 December 2009 was £1,000 (31 Dec 2008: £1,000). No dividends were paid during the year (2008: £nil).

Profits for the Company are pre-determined under the Programme Documentation. Under the terms of the securitisation the Company retains the right to a profit before tax of up to £1,000 from available revenue receipts from the beneficial interest in the Trust. Profits in excess of £1,000 accrue to Bank of Scotland plc, the originator of the underlying credit card receivables (the "Originator").

Business review and future developments

During the year, the company has continued to meet the scheduled repayment dates for inter-company loans.

The Company will continue to receive the proceeds as intercompany loans from Master Issuer following future issuances. The directors anticipate that the Company will be profitable over its lifetime.

Risks and uncertainties

The majority of the Company's assets and liabilities have been classified as financial instruments in accordance with IAS 32 "Financial Instruments: Presentation". The Company's financial instruments principally comprise a deemed loan to the originator of a portfolio of credit card receivables assets in which the Company has a beneficial interest, intercompany loans from Master Issuer and cash and liquid resources. The principal risks arising from the Company's financial instruments are credit risk and interest rate risk. All of the Company's financial assets and liabilities are denominated in Sterling and are linked to Sterling 1 month Libor. As such the Company has no currency risk and no market risk. Full disclosure of the Group's financial risk management policies, use of financial instruments and risk exposures is given in note 12 to the financial statements. The structure of the Company is designed to minimise risk and uncertainties at an entity level. This is achieved through, certain credit enhancement agreements and on-going linked obligations to Master Issuer.

The Company is also exposed to operational risks through a number of contracts with third parties who have agreed to provide operational support to the Company in accordance with the Programme Documentation. Structured Finance Management Offshore Limited has been appointed to provide corporate services in accordance with a corporate services agreement. The Company is bound by each intercompany loan agreement to make payments to meet the third party expenses of Penarth Master Issuer plc. Bank of Scotland plc has been appointed as account bank and cash manager on behalf of the company.

The principal business risks of the Company are set out in a number of asset and non-asset trigger events in the Programme Documentation. The occurrence of trigger events may lead to the early repayment of the intercompany

loans in accordance with established priorities. There have been no such trigger events since the inception of the Programme.

In the event that sufficient funds are not received during a cash accumulation period to redeem the intercompany loans, an amount equal to such a shortfall may be deferred until such funds are received. Failure to pay the intercompany loan interest and principal to the Master Issuer will ultimately result in a deterioration of the Master Issuer's financial position and affect its ability to meet its obligations under the Notes issued. To the extent that the income on the deemed loan does not provide sufficient funds to recover the Company's investment in the mortgage portfolio, the Company has no claim on the assets of the Originator.

Key Performance Indicators (KPIs)

Given the straightforward nature of the business, the Company's directors are of the opinion that analysis using KPIs is not necessary for an understanding of the development, performance or position of the Company. However, a defined set of KPIs for the securitisation transaction are set out in the Programme Documentation and published as a monthly Investor Report. These include the yield on the Trust and excess spread available as the first line of credit enhancement to the Notes, the losses that have occurred and the level of arrears in the underlying credit card receivables, the rate of repayment of the loans within the Trust and an analysis of the characteristics of the underlying credit card receivables in the Trust.

The key performance indicator used by management in assessing the performance of the Company is the monitoring of actual cash flows against planned cash flows and the performance of the credit card receivables loans within the Trust. Information on the securitised credit card receivables assets is provided in Note 13.

At the time of issue each series and class of Notes issued by Master Issuer and attached to an intercompany loan is assigned a credit rating which reflects the likelihood of full and timely payment to the Noteholders of interest on each interest payment date and the payment of principal on the final maturity date. A rating may be subject to revision, suspension or withdrawal at any time by the rating agencies if the Company's circumstances change.

Any change in the credit rating assigned to a Note would be used as an indicator as to the performance of the intercompany loan attached to that Note and, therefore, the Company. No downgrade in credit ratings has been applied to the Company's Notes in the period under review and subsequently up to the date of approval of these accounts.

The Company has made all necessary payments on the intercompany loans in accordance with the scheduled repayment dates for the year ended 31 December 2009.

Policy and practice on payment of creditors

The majority of the Company's payments are in relation to the intercompany loans and are due monthly in accordance with the terms of the loans. Payments are subject to the receipt of principal and interest on the underlying credit card receivables pool. All such payments were made on the due dates.

It is the Company's policy that payments made to suppliers are made in accordance with those terms and conditions agreed between the Company and its suppliers.

The Company owed no amounts to trade creditors at 31 December 2009.

Directors and directors' interests

The directors who served during the year and subsequently were as follows:

Jeremy Richard Hugh Bradley
Elizabeth Ann Mills
Peter John Richardson

None of the directors had a beneficial interest in the shares of the Company, or of the ultimate holding company, Penarth Asset Securitisation Holdings Limited.

Jeremy Richard Hugh Bradley is also a director of Penarth Asset Securitisation Holding Company Ltd, Penarth Receivables Trustee Ltd and Penarth Master Issuer Plc, all related undertakings. Peter Richardson and Ann Mills are both directors of Penarth Receivables Trustee Limited.

Employees

The Company does not have any employees (2008: Nil).

Auditors and audit information

KPMG resigned as auditors on 1st April 2009, and were replaced by PricewaterhouseCoopers LLP (PwC LLP). The auditors, PwC LLP were appointed at a directors' meeting during the year and have indicated their willingness to continue in office.

The directors who held office at the date of approval of this Directors' Report confirm that, as far as they are aware, there is no relevant audit information of which the Company's auditors are unaware, and the directors have taken all the steps that they ought to have taken as directors in order to make themselves aware of any relevant audit information and to establish that the Company's auditors are aware of that information.

Statement of Going Concern

The directors are satisfied that the Company has adequate resources to continue to operate for the foreseeable future and is financially sound. For this reason, they continue to adopt the going concern basis in preparing the financial statements

**STATEMENT OF DIRECTORS' RESPONSIBILITIES
IN RESPECT OF THE DIRECTORS' REPORT AND THE FINANCIAL STATEMENTS**

The directors are responsible for preparing the financial statements in accordance with applicable law and International Financial Reporting Standards.

Company law requires the directors to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and apply them consistently;
- make judgements and estimates which are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The directors are responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies (Jersey) Law 1991. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF PENARTH RECEIVABLES TRUSTEE LIMITED

We have audited the financial statements of Penarth Funding 1 Ltd for the year ended 31 December 2009 which comprise the Statement of Comprehensive Income, Balance Sheet, Statement of Changes in Equity, Cash Flow Statement, and the related notes. These financial statements have been prepared under the accounting policies set out therein.

Respective responsibilities of directors and auditors

The directors' responsibilities for preparing the Annual Report and the financial statements in accordance with applicable law and International Financial Reporting Standards (IFRSs) as adopted by the European Union are set out in the Statement of Directors' Responsibilities.

Our responsibility is to audit the financial statements in accordance with relevant legal and regulatory requirements and International Standards on Auditing (UK and Ireland). This report, including the opinion, has been prepared for and only for the company's members as a body in accordance with Article 113A of the Companies (Jersey) Law 1991 and for no other purpose. We do not, in giving this opinion, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

We report to you our opinion as to whether the financial statements give a true and fair view and are properly prepared in accordance with the Companies (Jersey) Law 1991. We report to you whether in our opinion the information given in the Directors' Report is consistent with the financial statements. We also report to you if, in our opinion, the company has not kept proper accounting records or if we have not received all the information and explanations we require for our audit.

We read the other information contained in the Annual Report, and consider whether it is consistent with the audited financial statements. This other information comprises only the Directors' Report. We consider the implications for our report if we become aware of any apparent misstatements or material inconsistencies with the financial statements. Our responsibilities do not extend to any other information.

Basis of audit opinion

We conducted our audit in accordance with International Standards on Auditing (UK and Ireland) issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgments made by the directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

Opinion

In our opinion:

- the financial statements give a true and fair view, in accordance with IFRSs as adopted by the European Union, of the state of the company's affairs as at 31 December 2009 and of the profit and cash flows for the year then ended;
- the financial statements have been properly prepared in accordance with the Companies (Jersey) Law 1991; and
- the information given in the Directors' Report is consistent with the financial statements.

The cashflow is now presented using the direct method to improve the transparency of the accounts.

NOTES TO THE ACCOUNTS

1. ACCOUNTING POLICIES

Penarth Funding 1 Limited is a company domiciled in Jersey.

Statement of compliance

The financial statements for the year ended 31 December 2009 have been prepared in accordance with International Financial Reporting Standards (IFRSs) and interpretations issued by the International Financial Reporting Interpretations Committee (IFRIC) as adopted by the European Union (EU). The standards applied by the Company are those endorsed by the EU and effective at the date the financial statements are approved by the Board.

The principal accounting policies applied in the preparation of these financial statements are set out below and have been applied consistently in respect of the financial years ended 31 December 2009 and 31 December 2008.

Basis of preparation

The financial statements are presented in Sterling which is the Company's functional and presentation currency and are presented to the nearest thousand pounds.

The financial statements have been prepared on the historical cost basis (except that derivative financial instruments are stated at their fair value), and on a going concern basis. The directors have reviewed the expected future cash flows and believe they are adequate to meet the anticipated payments in accordance with the Programme Documentation. The directors are also satisfied that adequate safeguards are in place, as outlined in the programme documentation, to cover any unexpected issues which may arise in light of the current market turbulence including access to a general cash reserve and the ability to defer payment in certain circumstances. The preparation of the financial statements necessarily requires the exercise of judgement both in the application of accounting policies which are set out in the sections below and in the selection of assumptions used in the calculation of estimates. These judgements are reviewed on an ongoing basis and are continually evaluated based on historical experience and other factors.

Prior period restatement

The prior period has been restated following the acquisition of HBOS plc by LBG on 16 January 2009. The restatement has been made in order to bring greater comparability across the individual Special Purpose Entities within LBG. The impact of these changes is as follows:

- a) Previously in 2008 the fair value of deemed loan representing the failed sale of credit card assets were calculated taking into account current market values. The day one fair value discount on acquisition against the deemed loan and the loans from Group undertakings has been reversed and the asset or liability has been revised to amortised cost. This has been revised through a change in accounting policy and the Directors have taken the view, as the deemed loan is held internally there is no observable fair value; therefore no fair value adjustment has been applied. The 2008 figures have been restated on this basis. The restatement of these balances has not impacted interest income or expense.
- b) The subordinated loan liability has been classified within the deemed loan to originator balance and the associated expense reclassified to income from deemed loan within the Statement of Comprehensive Income.
- c) The excess spread which was recognised as administrative expense on the deemed loan is also reclassified to income from deemed loan within the Statement of Comprehensive Income.

There is no impact to the reserves as a result of these changes in accounting policy, the quantitative impact of the changes made are disclosed in Note 17.

Revenue recognition

Interest income and expenses are recognised in the income statement for all interest-bearing financial instruments, including loans and advances, using the effective interest rate method. The effective interest rate method is a method of calculating the amortised cost of a financial asset or liability and of allocating the interest income or interest expense. The effective interest rate is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the instrument or, when appropriate, a shorter period, to the net carrying amount of the financial asset or financial liability. When calculating the effective interest rate, the future cash flows are estimated after considering all the contractual terms of the instrument but not future credit losses. The calculation includes all amounts received by the Company that are an integral part of the overall return, direct incremental transaction costs related to the acquisition, issue or disposal of a financial instrument and all other premiums or discounts.

Taxation

Current tax which is payable on taxable profits is recognised as an expense in the period in which the profits arise. Effective 1 January 2009, Jersey's tax regime changed and the Company is liable for Income tax at 0% (2008: 0%).

Financial instruments

The Company's financial instruments principally comprise a loan to BOS (equivalent to the value of its investment in the credit card receivables held in Trust), cash and liquid resources and inter-company loans from the Issuer. The main purpose of these financial instruments is to raise finance for BOS. These financial instruments are classified in accordance with the principles of IAS 39 as described below.

(a) Loan to originator

In accordance with IAS 39, where a transfer of a financial asset does not qualify for derecognition, the transferee does not recognise the transferred asset as its asset. The transferee derecognises the cash or other consideration paid and recognises a receivable from the transferor. In relation to the credit card receivables transferred to the Company, derecognition is considered to be inappropriate for the originator's own financial statements as the originator has retained significant risks and rewards of ownership of that financial asset. The Company's financial statements are therefore prepared on the basis that its acquisitions of beneficial interests in credit card receivables are recognised as a collateralised non-recourse loan to the originator.

The loan to originator is classified within "loans and receivables". The initial measurement is at fair value with subsequent measurement being at amortised cost using the straight line method. The fair value adjustment on issue will reverse out as the Notes are repaid and the opening discount is being amortised over the expected life of the structure.

(b) Cash and cash equivalents

The Company holds deposits with the provider of a guaranteed investment contract ("GIC") and a transaction bank account with the same provider. These accounts are held in the Company's name and meet the definition of cash and cash equivalents but their use is restricted by a detailed priority of payments set out in the Programme Documentation. As the cash can only be used to meet certain specific liabilities and is not available to be used with discretion, it is viewed as restricted cash.

These bank accounts are classified within "loans and receivables" in accordance with IAS 39.

The Cash Flow Statement has been presented using the direct method of preparation.

(c) Interest-bearing borrowings

Interest-bearing borrowings are recognised initially at fair value less directly related incremental transaction costs. Subsequent to initial recognition, interest-bearing borrowings are stated at amortised cost with any difference between cost and redemption value being recognised in the income statement over the period of the borrowings on a straight line basis.

Related parties

In accordance with the provisions of IAS 24 "Related Party Disclosures", the Company has disclosed details of transactions with its related parties, including those with fellow Penarth Asset Securitisation Holdings Limited Group companies and HBOS plc.

Other payables

Other payables are stated at cost or at amortised cost if deemed to be a financial liability.

2. INTEREST RECEIVABLE AND SIMILAR INCOME

	Year to 31 Dec 2009	Period to 31 Dec 2008 Restated
	£'000	£'000
Interest receivable on deemed loan	17,049	23,622
Bank interest receivable	7,561	7,805
	<u>24,610</u>	<u>31,427</u>

3. INTEREST PAYABLE AND SIMILAR CHARGES

	Year to 31 Dec 2009	Period to 31 Dec 2008 Restated
	£'000	£'000
Interest payable on loan from related company	24,463	31,422
	<u>24,463</u>	<u>31,422</u>

Interest payable is calculated using the effective interest rate method.

4. OPERATING EXPENSES

	Year to 31 Dec 2009	Period to 31 Dec 2008 Restated
	£'000	£'000
Administrative expenses	146	4
	<u>146</u>	<u>4</u>

The Company has no employees.

Auditors' remuneration:

The audit fees for the Company are paid for by Funding 1 Ltd. The fee for the current year was £12,000 (Period to 31 Dec 2008: £12,000)

5. DEEMED LOAN TO ORIGINATOR

	As at 31 Dec 2009 £'000	As at 31 Dec 2008 Restated £'000	As at 1 Aug 2008 Restated £'000
Deemed loan to group originator	<u>1,057,500</u>	<u>1,957,500</u>	<u>-</u>

The terms of this loan are aligned to the bonds issued by Penarth Master Issuer plc.

6. CASH AND CASH EQUIVALENTS

The deposit account held by Penarth Funding 1 Limited is placed with the provider of a guaranteed investment contract ("GIC account"). Withdrawals from this account are restricted by the detailed priority of payments set out in the Programme Documentation. The Company is contractually entitled to a variable rate of interest equal to LIBOR for one-month Sterling deposits.

	As at Dec 2009 £000	As at Dec 2008 £000
Cash and cash equivalents	<u>1,673,458</u>	<u>750,519</u>

7. LOAN FROM RELATED COMPANIES – Current

	As at 31 Dec 2009 £'000	As at 31 Dec 2008 Restated £'000	As at 1 Aug 2008 Restated £'000
Loan due to Penarth Master Issuer plc	1,350,000	-	-
Deferred issue costs	(466)	-	-
	<u>1,349,534</u>	<u>-</u>	<u>-</u>

The terms of the loan due to Penarth Master Issuer plc are aligned to the bonds issued by that company.

8. LOAN FROM RELATED COMPANIES – Non Current

	As at 31 Dec 2009	As at 31 Dec 2008 Restated	As at 1 Aug 2008 Restated
	£'000	£'000	£'000
Loan due to Penarth Master Issuer plc	1,350,000	2,700,000	-
Deferred Issue Costs	(388)	(1,322)	-
	<u>1,349,612</u>	<u>2,698,678</u>	<u>-</u>

The terms of the loan due to Master Issuer are aligned to the bonds issued by Master Issuer.

9. TRADE AND OTHER PAYABLES

	As at 31 Dec 2009	As at 31 Dec 2008
	£'000	£'000
Accruals	31,810	9,340
	<u>31,810</u>	<u>9,340</u>

The Company has no contingent liabilities or commitments (2008: £nil).

10. CALLED UP SHARE CAPITAL

	As at 31 Dec 2009	As at 31 Dec 2008
	£	£
Authorised: ordinary shares of £1 each	<u>2</u>	<u>2</u>
Issued and fully paid: ordinary shares of £1 each	<u>2</u>	<u>2</u>

11. RETAINED PROFITS

	As at 31 Dec 2009	As at 31 Dec 2008
	£'000	£'000
At start of period	1	-
Profit for the period	1	1
At close of period	<u>2</u>	<u>1</u>

12. MANAGEMENT OF RISK

The majority of the Company's assets and liabilities have been classified as financial instruments in accordance with IAS 32 "Financial Instruments: Presentation".

The Company's financial instruments principally comprise a loan to BOS (equivalent to the value of its investment in the credit card receivables held in Trust), cash and liquid resources and inter-company loans from the Issuer.

The principal risks arising from the Company's financial instruments are credit risk and interest rate risk. Further detailed analysis of the risks facing the Company in relation to its financial instruments is provided below.

As noted in the Directors' Business Review, the activities of the Company and the Group are conducted primarily by reference to a series of securitisation transaction documents (the "Programme Documentation"). The securitisation structure has been established as a means of raising finance for BOS and no business activities will be undertaken by the Company beyond those set out in the Programme Documentation.

The Company's exposure to risk on its financial instruments and the management of such risk is largely determined at the inception of the securitisation transaction. The Company's activities and the role of each party to the transaction is clearly defined and documented. Cash flow modelling, including multiple stress scenarios, is carried out as part of the structuring of the transaction, and as such is required by the rating agencies

Following initial set-up, the directors monitor the Company's performance, reviewing monthly reports on the performance of the Trust property. Such review is designed to ensure that the terms of the Programme Documentation have been complied with, that no unforeseen risks have arisen and that the interest and principal on the inter-company loans have been paid on a timely basis.

Under IFRSs the beneficial interest in the credit card receivables portfolio is classified as a "loan to originator" in the Company's balance sheet.

Credit risk arises on the individual accounts within the credit card receivables portfolio. The ability of the Company to pay the inter-company loan interest and principal to the Issuer will depend on the amount and timing of the payment of interest and the repayment of principal on the underlying credit card receivables by the cardholders.

In terms of arrears management, the Company has engaged BOS as servicer of the loans in the portfolio to help reduce the risk of loss. The servicer is required to monitor repayments on the credit card accounts in accordance with its usual credit policies. The servicer is also responsible for ensuring credit card receivables in the Trust meet the eligibility criteria set out in the Programme Documentation.

The number and value of accounts currently in arrears will have a bearing on the receipt of cash by the Company. Key indicators are as follows:

- At 31 December 2009 27,253 accounts (2008:14,014) were in arrears by three or more months which represents 0.82% of the total pool (2008: 0.36%)
- At 31 December 2009, principal balances totalling £107.3m (2008: £20.35m) were in arrears by three or more months which represents 2.49% (2008: 0.52%) of the total pool.

Note however that accounts in late stage delinquency were excluded from the original pool selections, hence the low comparative figures.

As a single loan to originator there is no requirement to provide against the individual receivables. Impairment will only be an issue when losses exceed the deferred consideration. Until that point, any specific losses will be netted against the finance charge receivables from the Trust, with a corresponding adjustment to deferred consideration. Therefore, there is no effect on the overall yield on the loan to originator. The directors consider that the Company's share of credit card receivables in the Trust will be sufficient to recover the full amount of this loan.

However, to the extent that the income on the loan to originator does not provide sufficient funds to recover the Company's investment in the credit card receivables portfolio, the Company has no claim on the assets of BOS. The Company's maximum gross exposure to credit loss is therefore equal to the fair value of its investment in the credit card receivables portfolio.

Penarth Funding 1 Ltd

Sufficient cash has been received from the loan to originator to enable the Company to make all necessary payments on the inter-company loans in accordance with the scheduled repayment dates for the period ended 31 December 2009.

The maximum exposure to credit risk arising on the Company's financial assets at the reporting date is disclosed in the table below.

	Note	Carrying amount 2009 £'000	Maximum exposure 2009 £'000	Carrying amount 2008 Restated £'000	Maximum exposure 2008 Restated £'000
Assets held at cost:					
Loan to originator	5	1,057,500	1,057,500	1,957,500	1,957,500
Cash and cash equivalents	6	1,673,458	1,673,458	750,519	750,519
		2,730,958	2,730,958	2,708,019	2,708,019

Market risk

The Company is exposed to market risk which comprises interest rate risk and is explained in more detail below.

Interest rate risk exists where assets and liabilities have interest rates set under a different basis or which reset at different times. The Company minimises its exposure to interest rate risk by ensuring that the interest rate characteristics of assets and liabilities are similar.

Liquidity risk

Liquidity risk is the risk that the Company is not able to meet its financial obligations as they fall due or can do so only at an unacceptably high cost.

The Company's ability to meet payments on the inter-company loans as they fall due is dependent on timely receipt of funds from the loan to originator which may be delayed due to slow repayment on the credit card receivables portfolio.

The liquidity tables reflect the undiscounted cash payments which will fall due if the structure continues until the earliest contractual maturity date as set out in the Programme Documentation. It is anticipated that the interest earned on the loan to originator will be sufficient to allow early repayment of the inter-company loans and thereby avoid the increase in the interest rate margin payable on the inter-company loans.

Penarth Funding 1 Ltd

	Carrying Value	Contractual repayment value	Not later than one month	Later than one month not later than three months	Later than three months but not later than one year	Later than one year and not later than five years
	£000	£000	£000	£000	£000	£000
2008 Restated Principal Loans from Group Undertaking	2,700,000	2,837,832	5,627	10,710	49,920	2,771,575
	2,700,000	2,837,832	5,627	10,710	49,920	2,771,575
2009 Principal Loans from Group Undertaking	2,700,000	2,738,486	1,650	4,263	1,362,048	1,370,525
	2,700,000	2,738,486	1,650	4,263	1,362,048	1,370,525

Interest on the loans from Group undertaking is payable at 1-month LIBOR plus a fixed margin of 9.5 – 10bps.

Fair values

The fair values of the Company's financial instruments together with the carrying amounts shown in the balance sheet are as follows:

	Note	Carrying amount	Fair value	Carrying amount	Fair value
		2009	2009	2008	2008
		£000	£000	£000	£000
				Restated	Restated
Loans and receivables:					
Loan to originator	5	1,057,500	1,057,500	1,957,500	1,957,500
Cash and cash equivalents	6	1,673,458	1,673,458	750,519	750,519
		2,730,958	2,730,958	2,708,019	2,708,019
Financial liabilities held at amortised cost:					
Interest-bearing loans and borrowings	7,8	2,699,146	2,699,146	2,698,678	2,698,678
Other payables	9	31,810	31,810	9,340	9,340
		2,730,956	2,730,956	2,708,018	2,708,018

Estimation of fair values

The following comments summarise the main methods and assumptions used in estimating the fair values of financial instruments that are reflected in the table above. The day one fair value discount on acquisition against the Debt Securities in issue and the loans to Group undertakings and Term loan has been reversed and the asset or liability has been revised to amortised cost.

13. RELATED PARTY TRANSACTIONS

The Company is a special purpose company with three directors. Two of the Company's three directors are provided by Structured Finance Management Offshore Limited, the third director is an employee of HBOS plc (the parent undertaking of BOS, the mortgage loan administrator). The Company pays a corporate services fee to Structured Finance Management Offshore Limited in connection with its provision of corporate administration services. The fees payable to Structured Finance Management Offshore Limited for providing their corporate administration and director services amounted to £145,570.

During the year, the Company undertook the transactions set out below with companies within the Penarth Asset Securitisation Holdings Limited Group, the Trust and BOS.

The Company pays servicing fees to BOS in connection with its provision of services defined under the Programme Documentation. BOS has provided the Company with start-up loans.

The financial statements include the following related party transactions:

	At 31 December 2009 or for the year then ended HBOS plc and Subsidiary Undertakings £000	At 31 December 2008 or for the year then ended HBOS plc and Subsidiary Undertakings £000 Restated
Interest receivable and similar income		
Income from loan to originator	17,049	23,622
Bank interest	7,561	7,805
Interest payable and similar charges		
Interest on loans from Group undertaking	24,463	31,422
Non-current assets		
Loan to originator	1,057,500	1,957,500
Current assets		
Cash and cash equivalents	1,673,458	750,519
Non-current liabilities		
Loans from Group undertaking	1,350,000	2,700,000
Current liabilities		
Loans from Group undertaking	1,350,000	-

14. FUTURE DEVELOPMENTS

Loan notes issued by a related company, Penarth Master Issuer plc, in issue during 2009 were placed with Bank of Scotland Treasury in order to access funding from the Bank of England Special Liquidity Scheme. The Bank of England has signalled that this scheme is now closed to new issuances. During 2010 the company therefore intends to redeem all of its outstanding loan notes and issue new loan notes to the external market, either as public issuances or to private investors. Any new issuance will be subject to legal due diligence and rating agency evaluation and will contain similar triggers to those currently in place on the existing loan notes.

15. ACCOUNTING PRONOUNCEMENTS EFFECTIVE AFTER 2009

The following pronouncements will be relevant to the Company but were not effective at 31 December 2009 and have not been applied in preparing these financial statements. The full impact of these accounting changes is being assessed by the Company. The initial view is that none of these pronouncements are expected to cause any material adjustments to reported numbers in the financial statements.

Pronouncement	Nature of change	IASB effective date
Amendment to IAS 39 Financial Instruments: Recognition and Measurement – Eligible Hedged Items	Clarifies how the principles underlying hedge accounting should be applied in particular situations.	Annual periods beginning on or after 1 July 2009.
Improvements to IFRSs (issued April 2009)	Sets out minor amendments to IFRS standards as part of annual improvements process.	Dealt with on a standard by standard basis but not earlier than annual periods beginning on or after 1 January 2010.
IFRS 9 Financial Instruments: Classification and Measurement	Simplifies the way entities will classify financial assets and reduces the number of classification categories to two; fair value and amortised cost. The existing available-for-sale and held-to-maturity categories have been eliminated. Classification will be made on the basis of the objectives of entity's business model for managing the assets and the characteristics of the contractual cash flows.	Annual periods beginning on or after 1 January 2013.
IAS24 Related Party Disclosures	Simplifies the definition of a related party and provides a partial exemption from the disclosure requirements for government related entities.	Annual periods beginning on or after 1 January 2011.

16. PARENT COMPANIES

The Company's immediate parent company is Structured Finance Management Offshore Limited as trustee of a discretionary charitable trust. The company regarded by the directors as the ultimate parent company is Lloyds Banking Group plc, a limited liability company incorporated and domiciled in Scotland, which is also the parent undertaking of the largest group of undertakings for which group accounts are drawn up and of which the Company is a member. Bank of Scotland plc is the parent undertaking of the smallest such group of undertakings. Copies of the group accounts of both companies may be obtained from Group Secretariat, Lloyds Banking Group plc, 25 Gresham Street, London EC2V 7HN.

17. PRIOR PERIOD RESTATEMENT

The Directors found that it is not appropriate to present the reconciliation of opening balance sheet as at 10 June 2008, or the Statement of Comprehensive Income for period ended 31 Dec 2008 since there is no impact of the restatement.

The quantitative impact of restatement on the balance sheet as at 31 Dec 2008, and on the statement of comprehensive income for the period ended 31 Dec 2008 has been assessed as below:

Balance Sheet	31 Dec 2008	Restatement	As at 31 Dec 2008 RESTATED

PENARTH FUNDING 1 LIMITED DIRECTORS' REPORT

The directors present their report and the audited financial statements for the period from 1 August 2008 to 31 December 2008.

BUSINESS REVIEW

Incorporation

The company was incorporated in Jersey on 1 August 2008 under company number 101459.

Principal activity

The principal activity of Penarth Funding 1 Limited (the "Company") is to acquire an interest in a portfolio of credit card receivables and to enter into certain financial arrangements in that connection.

The activities of the Company and the Penarth Asset Securitisation Holdings Limited Group (see below) are conducted primarily by reference to a series of securitisation transaction documents (the "Programme Documentation"). The securitisation structure has been established as a means of raising finance for Bank of Scotland plc ("BOS"), a subsidiary undertaking of HBOS plc.

Business structure

The Company is a wholly-owned subsidiary of a discretionary trust for which, Structured Finance Management Offshore Limited acts as Trustee.

At 31 December 2008 the Penarth Asset Securitisation Holdings Limited Group (the "Group") comprised, Penarth Master Issuer plc (the "Issuer"), Penarth Receivables Trustee Ltd (the "Trust"), Penarth Asset Securitisation Holdings Limited and the Company.

The Company invests in beneficial interests of the assets held by Penarth Receivables Trustee Limited. These assets comprise credit card receivables on BoS and Halifax branded accounts. The Company receives a share of income from the Trust in proportion to its share of the principal receivable assets of the Trust.

RISK MANAGEMENT

The majority of the Company's assets and liabilities have been classified as financial instruments in accordance with IAS 32 "Financial Instruments: Presentation".

The Company's financial instruments principally comprise a loan to BOS (equivalent to the value of its investment in the credit card receivables held in Trust), cash and liquid resources and inter-company loans from the Issuer.

**PENARTH FUNDING 1 LIMITED
DIRECTORS' REPORT (CONT'D)**

RISK MANAGEMENT (CONT'D)

It is, and has been throughout the period under review, the Company's policy that no speculative trading in financial instruments is undertaken.

The principal risks arising from the Company's financial instruments are credit risk and interest rate risk. These and other risks which may affect the Company's performance are detailed below. Further analysis of the risks facing the Company in relation to its financial instruments is provided in note 10.

Credit risk

The ability of the Company to pay the inter-company loan interest and principal to the Issuer will depend on the amount and timing of the payment of interest and the repayment of principal on the underlying credit card receivables by the borrowers.

Credit risk arises on the individual balances within the credit card receivables. The performance of these loans is therefore influenced by the economic background. Under International Financial Reporting Standards ("IFRSs") the beneficial interest in the credit card receivables portfolio is classified as a "loan to originator" in the Company's balance sheet.

In terms of arrears management, the Company has engaged BOS as servicer of the receivables in the portfolio to help reduce the risk of loss. The servicer is required to monitor repayments on the receivables in accordance with its usual credit policies. The servicer is also responsible for ensuring credit card receivables in the Trust meet the eligibility criteria set out in the Programme Documentation.

The Company has made all necessary payments on the inter-company loans in accordance with the scheduled repayment dates for the period ended 31 December 2008.

Interest rate risk

Interest rate risk exists where assets and liabilities have interest rates set under a different basis or which reset at different times. The Company minimises its exposure to interest rate risk by ensuring that the interest rate characteristics of assets and liabilities are similar.

Operational risk

The Company is bound by each inter-company loan agreement to make payments to meet the third party expenses of the Issuer including fees to parties providing operational support in accordance with the Programme Documentation.

The Company's operations are subject to periodic review by the Internal Audit function of HBOS plc.

**PENARTH FUNDING 1 LIMITED
DIRECTORS' REPORT (CONT'D)**

RISK MANAGEMENT (CONT'D)

Business risk

The principal business risks of the Company are set out in a number of asset and non-asset trigger events in the Programme Documentation. The occurrence of trigger events would lead to the early redemption of the inter-company loans in accordance with the pre-determined priorities.

There have been no such trigger events since inception of the Programme.

In the event that sufficient funds are not received during a cash accumulation period to redeem the inter-company loans, an amount equal to such a shortfall will be deferred until such funds are received.

Failure to pay the inter-company loan interest and principal to the Issuer will ultimately result in a deterioration of the Issuer's financial position and affect its ability to meet its obligations under the loan notes issued (the "Notes"). To the extent that the income on the loan to originator does not provide sufficient funds to recover the Company's investment in the credit card receivables portfolio, the Company has no claim on the assets of BOS.

PERFORMANCE

Under the terms of the securitisation the Company retains the right to a pre-determined profit, as defined in the Programme Documentation, per annum from available revenue receipts from the beneficial interest in the credit card receivables portfolio. This is reflected in the income statement net of any movements in fair value gains and losses on derivatives. Profits in excess of this amount accrue to BOS, the originator of the underlying receivables.

The Company's tax charge is based on the tax regime for securitisation companies.

The cash flows of the Company with regards to tax liabilities are not impacted by the current accounting policies.

During the period ended 31 December 2008 the Company purchased a beneficial interest in the assets of the Trust of £2.7 billion on 16 October 2008. The purchase was financed by an inter-company loan from Penarth Master Issuer plc.

**PENARTH FUNDING 1 LIMITED
DIRECTORS' REPORT (CONT'D)**

PERFORMANCE (CONT'D)

During the period ended 31 December 2008 the Company made inter-company loan repayments totalling £1.4m.

The principal asset of the Company is a single loan to the originator which is subject to an annual impairment review. The loan represents a beneficial interest in a credit card receivables portfolio.

The key performance indicators used by management in assessing the performance of the Company are the monitoring of actual cash flows against planned cash flows on the inter-company loans and the level of arrears on the credit card accounts whose receivables are within the Trust.

The Company's performance is addressed in the monthly Trustee Report.

OTHER INFORMATION

The Company has employed no staff during the period ended 31 December 2008.

RESULTS AND DIVIDEND

The results for the year are set out on page 11. The profit after taxation for the period, prepared using IFRSs, amounted to £1,000 and will be transferred to reserves. The directors do not recommend the payment of a dividend.

FUTURE DEVELOPMENTS

The directors expect that the Company will continue to meet the scheduled repayment dates for the inter-company loans. No changes in activity are envisaged.

SUPPLIER PAYMENT POLICY

It is the Company's policy that payments made to suppliers are made in accordance with those terms and conditions agreed between the Company and its suppliers.

The Company owed no amounts to trade creditors at 31 December 2008.

DIRECTORS

The directors who served during the period and subsequently were as follows:

Jeremy Richard Hugh Bradley
Elizabeth Ann Mills
Peter John Richardson

Jeremy Richard Hugh Bradley is also a director of Penarth Asset Securitisation Holdings Ltd, Penarth Receivables Trustee Ltd, Penarth Funding 2 Ltd and Penarth Master Issuer plc. Elizabeth Ann Mills and Peter John Richardson are both directors of Penarth Receivables Trustee Limited, Penarth Funding 2 Limited and Structured Finance Management Offshore Limited, the corporate services provider to the Company.

GOING CONCERN

As set out in the 'Principles underlying Going Concern Assumption' of the Basis of Preparation section of the Notes to the Accounts, the Directors are satisfied that the Group has adequate resources to continue in business for the foreseeable future and consequently the going concern basis continues to be appropriate in preparing the accounts.

AUDIT INFORMATION

The directors who held office at the date of approval of this Directors' Report confirm that, so far as they each are aware, there is no relevant audit information of which the Company's auditors are unaware; and each director has taken all the steps that he ought to have taken as a director to make himself aware of any relevant audit information and to establish that the Company's auditors are aware of that information.

POST BALANCE SHEET EVENTS

Details of post balance sheet events including the acquisition of HBOS plc by Lloyds TSB Group plc are given in Note 13 to the financial statements.

PENARTH FUNDING 1 LIMITED
STATEMENT OF DIRECTORS' RESPONSIBILITIES IN RESPECT OF THE DIRECTORS'
REPORT AND THE FINANCIAL STATEMENTS

The directors are responsible for preparing the financial statements in accordance with applicable law and International Financial Reporting Standards.

Company law requires the directors to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and apply them consistently;
- make judgments and estimates which are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies (Jersey) Law 1991. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Independent auditors' report to the members of Penarth Funding 1 Limited

We have audited the financial statements of Penarth Funding 1 Limited for the period ended 31 December 2008 which comprise the Income Statement, the Balance Sheet, the Cash Flow Statement and the related notes. These financial statements have been prepared under the accounting policies set out therein.

This report is made solely to the company's members, as a body, in accordance with Article 110 of the Companies (Jersey) Law 1991. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditors

As described in the Statement of Directors' Responsibilities on page 8, the company's directors are responsible for preparation of the financial statements in accordance with applicable law and International Financial Reporting Standards.

Our responsibility is to audit the financial statements in accordance with the relevant legal and regulatory requirements and International Standards on Auditing (UK and Ireland).

We report to you our opinion as to whether the financial statements give a true and fair view and are properly prepared in accordance with the Companies (Jersey) Law 1991. We also report to you if, in our opinion, the company has not kept proper accounting records or if we have not received all the information and explanations we require for our audit.

We read the Directors' Report accompanying the financial statements and consider the implications for our report if we become aware of any apparent misstatements within it.

Basis of audit opinion

We conducted our audit in accordance with International Standards on Auditing (UK and Ireland) issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the company's circumstances, consistently applied and adequately disclosed.

Independent auditors' report to the members of Penarth Funding 1 Limited - continued

Basis of audit opinion - continued

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

Opinion

In our opinion the financial statements:

- give a true and fair view, in accordance with International Financial Reporting Standards, of the state of the company's affairs as at 31 December 2008 and of its profit for the period then ended; and
- have been properly prepared in accordance with the Companies (Jersey) Law 1991.

PENARTH FUNDING 1 LIMITED
NOTES TO THE FINANCIAL STATEMENTS
FOR THE PERIOD FROM 1 AUGUST 2008 TO 31 DECEMBER 2008

1. SIGNIFICANT ACCOUNTING POLICIES

Penarth Funding 1 Limited is a company domiciled in Jersey.

(a) Statement of compliance

The financial statements for the period ended 31 December 2008 have been prepared in accordance with International Financial Reporting Standards (IFRSs) and interpretations issued by the International Financial Reporting Interpretations Committee (IFRIC) as endorsed by the EU and effective at 31 December 2008.

The accounting policies set out below have been applied consistently in respect of the period ended 31 December 2008.

(b) Basis of preparation

i) Principles Underlying Going Concern Assumption

During 2008, global financial markets experienced difficult conditions which have been characterised by a marked reduction in liquidity. As a consequence of this, governments and central banks carried out a series of actions to address the lack of liquidity within their respective banking systems. In the UK these actions have included the introduction by the Bank of England of liquidity support, through schemes (collectively "Bank of England facilities") such as the extended Long-Term Repo open market operations and the Special Liquidity Scheme ('SLS') whereby banks and building societies can exchange eligible securities for UK Treasury bills; and the creation of a credit guarantee scheme by HM Treasury, providing a government guarantee for certain short and medium term senior debt securities issued by eligible banks. During 2008 HBOS plc, has made use of these measures in order to maintain and improve a stable funding position.

In the context of this continued turbulence and uncertainty in the financial markets, combined with a deteriorating global economic outlook, HBOS plc has also taken steps to strengthen its capital position in order to provide a buffer against further shocks to the financial system and to ensure that it remains competitive. On 15 January 2009, in conjunction with the takeover of HBOS plc by Lloyds TSB plc to form Lloyds Banking Group plc (Note 13 - PBSE), HBOS plc raised £11.6bn in preference and ordinary share capital which was largely subscribed for by HM Treasury.

There can be no assurance that the measures taken so far are sufficient to prevent any future strain on Penarth Funding 1 Ltd's ability to meet its financial obligations as they fall due, particularly if current market conditions continue to reduce Lloyds Banking Group plc's availability of traditional sources of funding or access to wholesale money markets becomes more limited. In addition the economic conditions in the UK are deteriorating more quickly than previously anticipated placing further strain on Lloyds Banking Group plc's capital resources. However, based upon projections prepared by Lloyds Banking Group plc management which take into account the completion of the acquisition on 16 January 2009 of HBOS plc and its subsidiaries and assume the continued availability of the existing government sponsored liquidity schemes, the directors are satisfied that the Company has

PENARTH FUNDING 1 LIMITED
NOTES TO THE FINANCIAL STATEMENTS
FOR THE PERIOD FROM 1 AUGUST 2008 TO 31 DECEMBER 2008 (CONT'D)

1. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

adequate resources to continue in business for the foreseeable future. Accordingly, the financial statements of the Company have been prepared on a going concern basis.

ii) Basis of measurement

The financial statements are presented in Sterling which is the Company's functional and presentation currency.

The financial statements have been prepared on the historical cost basis (except that derivative financial instruments are stated at their fair value), and on a going concern basis.

The preparation of the financial statements necessarily requires the exercise of judgement both in the application of accounting policies which are set out in the sections below and in the selection of assumptions used in the calculation of estimates. These judgements are reviewed on an ongoing basis and are continually evaluated based on historical experience and other factors. The most significantly affected components of the financial statements and associated critical judgements are as follows:

(c) Financial instruments

The Company's financial instruments principally comprise a loan to BOS (equivalent to the value of its investment in the credit card receivables held in Trust), cash and liquid resources and inter-company loans from the Issuer. The main purpose of these financial instruments is to raise finance for BOS. These financial instruments are classified in accordance with the principles of IAS 39 as described below.

(c)(i) Loan to originator

In accordance with IAS 39, where a transfer of a financial asset does not qualify for derecognition, the transferee does not recognise the transferred asset as its asset. The transferee derecognises the cash or other consideration paid and recognises a receivable from the transferor. In relation to the credit card receivables transferred to the Company, derecognition is considered to be inappropriate for the originator's own financial statements as the originator has retained significant risks and rewards of ownership of that financial asset. The Company's financial statements are therefore prepared on the basis that its acquisitions of beneficial interests in credit card receivables are recognised as a collateralised non-recourse loan to the originator.

PENARTH FUNDING 1 LIMITED
NOTES TO THE FINANCIAL STATEMENTS
FOR THE PERIOD FROM 1 AUGUST 2008 TO 31 DECEMBER 2008 (CONT'D)

1. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(c) Financial instruments (cont'd)

The loan to originator is classified within "loans and receivables". The initial measurement is at fair value with subsequent measurement being at amortised cost using the straight line method. The fair value adjustment on issue will reverse out as the Notes are repaid and the opening discount is being amortised over the expected life of the structure.

The loan to originator is subject to impairment reviews in accordance with IAS 39. A charge for impairment would be recognised where there is a risk that the income on the loan to originator will be significantly reduced. This could occur if the credit quality of the credit card receivables that are pledged as collateral for the loan deteriorated significantly. Currently the directors consider that no impairment exists.

(c)(ii) Cash and cash equivalents

The Company holds deposits with the provider of a guaranteed investment contract ("GIC") and a transaction bank account with the same provider. These accounts are held in the Company's name and meet the definition of cash and cash equivalents but their use is restricted by a detailed priority of payments set out in the Programme Documentation. As the cash can only be used to meet certain specific liabilities and is not available to be used with discretion, it is viewed as restricted cash.

These bank accounts are classified within "loans and receivables" in accordance with IAS 39.

The Cash Flow Statement has been presented using the indirect method of preparation.

(c)(iii) Interest-bearing borrowings

Interest-bearing borrowings are recognised initially at fair value less directly related incremental transaction costs. Subsequent to initial recognition, interest-bearing borrowings are stated at amortised cost with any difference between cost and redemption value being recognised in the income statement over the period of the borrowings on a straight line basis.

1. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(d) Related parties

In accordance with the provisions of IAS 24 "Related Party Disclosures", the Company has disclosed details of transactions with its related parties, including those with fellow Penarth Asset Securitisation Holdings Limited Group companies and HBOS plc.

(e) Other payables

Other payables are stated at cost or at amortised cost if deemed to be a financial liability.

(f) IFRSs and IFRIC not yet applied

The following standards and interpretations have been adopted by the European Union but are not effective for the period ended 31 December 2008 and have not been applied in preparing the financial statements:

IFRS 8 'Operating Segments' which is effective for periods commencing on or after 1 January 2009. This standard replaces IAS 14 'Segmental Reporting' and its application will not have any impact upon the financial results of the Company as it does not change the recognition or measurement of transactions in the financial statements. The standard aligns the disclosure of operating segments in the financial statements with the internal reporting of segments to senior management. Adoption by the Company will modify the measurement basis for segments and extend the disclosures for segment reporting in the financial statements.

The following standards and interpretations have not yet been adopted by the European Union, are not effective for the period ended 31 December 2008 and have not been applied in preparing the financial statements. Where appropriate disclosures will be revised in the financial statements in the year in which the standard or interpretation becomes applicable.

IAS 1 'Presentation of Financial Statements: a Revised Presentation' which is effective for periods commencing on or after 1 January 2009. The revised standard will affect the presentation of owner changes in equity and of comprehensive income. Adoption will not change the recognition, measurement or disclosure of specific transactions or events as required by other standards.

Start-up loans	742,500
	3,375,578
	3,375,578

Interest payable to Group undertaking and loans from Group undertaking relate to the Company's obligations to pay interest and principal amounts due to Penarth Master Issuer plc (the "Issuer") under the inter-company loan agreement.

The inter-company loan agreement provides that the Issuer will lend amounts in sterling equivalent to the proceeds of the Notes. The final repayment date of each issuer term advance will be the final maturity date of the corresponding class of the Notes.

Interest payable on the loans from Group undertaking is based on LIBOR for one-month Sterling deposits. The Company's obligations under the inter-company loan agreement are secured under a deed of charge by the Company's beneficial interest in the credit card receivables portfolio held by the Trust.

Current liabilities due within one year are paid when cash is available after other commitments have been fulfilled, in order of priority.

	8,873
	8,873

10. FINANCIAL INSTRUMENTS

The majority of the Company's assets and liabilities have been classified as financial instruments in accordance with IAS 32 "Financial Instruments: Presentation".

The Company's financial instruments principally comprise a loan to BOS (equivalent to the value of its investment in the credit card receivables held in Trust), cash and liquid resources and inter-company loans from the Issuer.

The principal risks arising from the Company's financial instruments are credit risk and interest rate risk. Further detailed analysis of the risks facing the Company in relation to its financial instruments is provided below.

As noted in the Directors' Business Review, the activities of the Company and the Group are conducted primarily by reference to a series of securitisation transaction documents (the "Programme Documentation"). The securitisation structure has been established as a means of raising finance for BOS and no business activities will be undertaken by the Company beyond those set out in the Programme Documentation.

The Company's exposure to risk on its financial instruments and the management of such risk is largely determined at the inception of the securitisation transaction. The Company's activities and the role of each party to the transaction is clearly defined and documented. Cash flow modelling, including multiple stress scenarios, is carried out as part of the structuring of the transaction, and as such is required by the rating agencies

Following initial set-up, the directors monitor the Company's performance, reviewing monthly reports on the performance of the Trust property. Such review is designed to ensure that the terms of the Programme Documentation have been complied with, that no unforeseen risks have arisen and that the interest and principal on the inter-company loans have been paid on a timely basis.

PENARTH FUNDING 1 LIMITED
NOTES TO THE FINANCIAL STATEMENTS
FOR THE PERIOD FROM 1 AUGUST 2008 TO 31 DECEMBER 2008 (CONT'D)

10. FINANCIAL INSTRUMENTS (CONT'D)

10(a) Credit risk

Under IFRSs the beneficial interest in the credit card receivables portfolio is classified as a "loan to originator" in the Company's balance sheet.

Credit risk arises on the individual accounts within the credit card receivables portfolio. The ability of the Company to pay the inter-company loan interest and principal to the Issuer will depend on the amount and timing of the payment of interest and the repayment of principal on the underlying credit card receivables by the cardholders.

In terms of arrears management, the Company has engaged BOS as servicer of the loans in the portfolio to help reduce the risk of loss. The servicer is required to monitor repayments on the credit card accounts in accordance with its usual credit policies. The servicer is also responsible for ensuring credit card receivables in the Trust meet the eligibility criteria set out in the Programme Documentation.

The number and value of accounts currently in arrears will have a bearing on the receipt of cash by the Company. Key indicators are as follows:

- At 31 December 2008 14,014 accounts were in arrears by three or more months which represents 0.36% of the total pool
- At 31 December 2008, principal balances totalling £20.35m were in arrears by three or more months which represents 0.52% of the total pool.

Note however that as accounts in late stage delinquency were excluded from the original pool selections, these statistics are expected to increase over time as the securitised pool seasons in line with trends seen on the mature HBOS book.

As a single loan to originator there is no requirement to provide against the individual receivables. Impairment will only be an issue when losses exceed the deferred consideration. Until that point, any specific losses will be netted against the finance charge receivables from the Trust, with a corresponding adjustment to deferred consideration. Therefore, there is no effect on the overall yield on the loan to originator. The directors consider that the Company's share of credit card receivables in the Trust will be sufficient to recover the full amount of this loan.

However, to the extent that the income on the loan to originator does not provide sufficient funds to recover the Company's investment in the credit card receivables portfolio, the Company has no claim on the assets of BOS. The Company's maximum gross exposure to credit loss is therefore equal to the fair value of its investment in the credit card receivables portfolio.

PENARTH FUNDING 1 LIMITED
NOTES TO THE FINANCIAL STATEMENTS
FOR THE PERIOD FROM 1 AUGUST 2008 TO 31 DECEMBER 2008 (CONT'D)

10. FINANCIAL INSTRUMENTS (CONT'D)

10(a) Credit risk (cont'd)

Sufficient cash has been received from the loan to originator to enable the Company to make all necessary payments on the inter-company loans in accordance with the scheduled repayment dates for the period ended 31 December 2008.

The maximum exposure to credit risk arising on the Company's financial assets at the reporting date is disclosed in the table below.

	Note	Carrying amount 2008 £000	Maximum exposure 2008 £000
Assets held at amortised cost:			
Loan to originator	5	2,633,933	2,700,000
Cash and cash equivalents	6	750,519	750,519
		3,384,452	3,450,519
		3,384,452	3,450,519

10(b) Market risk

The Company is exposed to market risk which comprises interest rate risk and is explained in more detail below.

Interest rate risk exists where assets and liabilities have interest rates set under a different basis or which reset at different times. The Company minimises its exposure to interest rate risk by ensuring that the interest rate characteristics of assets and liabilities are similar.

10(c) Liquidity risk

Liquidity risk is the risk that the Company is not able to meet its financial obligations as they fall due or can do so only at an unacceptably high cost.

The Company's ability to meet payments on the inter-company loans as they fall due is dependent on timely receipt of funds from the loan to originator which may be delayed due to slow repayment on the credit card receivables portfolio (see 10(a) Credit risk above).

The liquidity tables reflect the undiscounted cash payments which will fall due if the structure continues until the earliest contractual maturity date as set out in the Programme Documentation. It is anticipated that the interest earned on the loan to originator will be sufficient to allow early repayment of the inter-company loans and thereby avoid the increase in the interest rate margin payable on the inter-company loans.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE PERIOD FROM 1 AUGUST 2008 TO 31 DECEMBER 2008 (CONT'D)

10. FINANCIAL INSTRUMENTS (CONT'D)

10(d) Fair values (cont'd)

Estimation of fair values

The following comments summarise the main methods and assumptions used in estimating the fair value of financial instruments that are reflected in the table above.

The fair values included above have been calculated taking into account current market values. For interest-bearing loans and borrowings these have been calculated by discounting the expected cash flows by the prevailing market rates for similar debt. The fair values of the assets have been adjusted to take account of the market yields implied by the valuation of the borrowings.

Cash and cash equivalents, other receivables and other payables are recognised on an amortised cost basis that is considered to be a close approximation to fair value.

11. RELATED PARTY TRANSACTIONS

The Company is a special purpose company with three directors. Two of the Company's three directors are provided by Structured Finance Management Offshore Limited, the third director is an employee of HBOS plc (the parent undertaking of BOS, the mortgage loan administrator). The Company pays a corporate services fee to Structured Finance Management Offshore Limited in connection with its provision of corporate administration services. The fees payable to Structured Finance Management Offshore Limited for providing their corporate administration and director services amounted to £2,923.

During the year, the Company undertook the transactions set out below with companies within the Penarth Asset Securitisation Holdings Limited Group, the Trust and BOS.

The Company pays servicing fees to BOS in connection with its provision of services defined under the Programme Documentation. BOS has provided the Company with start-up loans.

12. PARENT UNDERTAKING AND CONTROLLING PARTY

As at 31 December 2008 the Company's immediate parent company was a discretionary trust for which Structured Finance Management Offshore Limited acts as Trustee. As at 31 December 2008, HBOS plc, a limited liability company incorporated and domiciled in Scotland, was the ultimate controlling party of Penarth Funding 1 Limited under IFRSs, and was also the parent undertaking of the largest group of undertakings for which group accounts are drawn up and of which the Company is a member.

From 16th January 2009, Penarth Funding 1 Ltd's ultimate parent undertaking and controlling party is Lloyds Banking Group plc (formerly Lloyds TSB Group) which is incorporated in Scotland. Lloyds Banking Group plc will produce consolidated accounts for the year ended 31 December 2009. Copies of the annual report and accounts of Lloyds TSB Group plc for the year ended 31 December 2008 may be obtained from Lloyds Banking Group's head office at 25 Gresham Street, London EC2V 7HN.

Prior to 16th January 2009, HBOS plc was the ultimate parent undertaking of Penarth Funding 1 Ltd. Copies of the annual report and accounts of HBOS plc for the year ended 31 December 2008 may be obtained from HBOS plc's registered office at The Mound, Edinburgh, EH1 1YZ.

13. POST BALANCE SHEET EVENTS

On 18 September 2008, with the support of the UK Government, the boards of HBOS plc ('HBOS') and Lloyds TSB Group plc ('Lloyds TSB') announced that they had reached agreement on the terms of the recommended acquisition of HBOS by Lloyds TSB. The terms of the acquisition were subsequently amended, as announced on 13 October 2008, at the same time as the announcement of the participation by HBOS and Lloyds TSB in the Government's action plan to recapitalise some of the major UK banks. The acquisition was to be implemented by means of a scheme of arrangement with a separate scheme of arrangements in relation to preference shares, under sections 895 to 899 of the Companies Act 2006.

On 12 January 2009 the Court of Session in Edinburgh, Scotland made an order sanctioning the scheme of arrangement for the acquisition and the preference share scheme of arrangement. The last day of trading in HBOS ordinary and preference shares was 14 January 2009.

On 15 January 2009 HBOS raised £11.5bn of capital (before costs and expenses) through an issue of £8.5bn of new ordinary shares under a placing with HM Treasury subject to clawback by existing shareholders, and an issue to HM Treasury of £3bn of new preference shares. Lloyds TSB raised £4.5bn (before costs and expenses) through an issue of £3.5bn of new ordinary shares under a placing with HM Treasury subject to clawback by existing shareholders, and an issue to HM Treasury of £1bn of new preference shares.

PENARTH FUNDING 1 LIMITED
NOTES TO THE FINANCIAL STATEMENTS
FOR THE PERIOD FROM 1 AUGUST 2008 TO 31 DECEMBER 2008 (CONT'D)

13. POST BALANCE SHEET EVENTS (CONTD)

On 16 January 2009 the Lloyds TSB acquisition of HBOS completed following final court approval and Lloyds TSB was renamed Lloyds Banking Group plc. The exchange of HBOS shares for Lloyds Banking Group shares took place at an exchange ratio of 0.605 of a new Lloyds Banking Group share for every one HBOS share held. As a result, the UK Government through HM Treasury owned approximately 43.4% of the enlarged ordinary share capital of Lloyds Banking Group. In addition, each class of preference share issued by HBOS, including the preference shares issued to HM Treasury in the capital raising was replaced with an equal number of new Lloyds Banking Group preference shares.

HBOS ordinary and preference shares were de-listed from the Official List of the UK Listing Authority and admission to trading on the London Stock Exchange was cancelled on 19 January 2009 when trading in the new Lloyds Banking Group shares commenced.

Government Asset Protection Scheme

On 7 March 2009, the Company's ultimate parent undertaking, Lloyds Banking Group plc ("LBG"), announced its intention to participate in the Government's Asset Protection Scheme. LBG intends to participate in the Scheme in respect of assets and exposures on its consolidated balance sheet with an aggregate book value of approximately £250bn and will pay a fee to HM Treasury of £15.6bn which will be amortised over an estimated 7 year period. The proceeds of this fee will be applied by HM Treasury in subscribing for an issue of "B" shares of LBG, carrying a dividend of the greater of 7 per cent per annum and 125 per cent of the dividend on ordinary shares.

LBG has also agreed to replace the £4bn of preference shares held by HM Treasury with new ordinary shares which will be offered to eligible LBG shareholders pro rata to their existing shareholdings at a fixed price of 38.43 pence per ordinary share. These new ordinary shares will be offered to shareholders and new investors on the same basis as the Placing and Open Offer in November 2008. The ordinary share offer is fully underwritten by HM Treasury on substantially the same fee basis as the Placing and Open Offer conducted in November 2008.

Participation in the Scheme and the replacement of the preference shares is subject to approval by eligible LBG shareholders.

DIRECTORS' REPORT

The directors have pleasure in presenting their report and the audited financial statements for Penarth Master Issuer plc ("the Company") for the year to 31 December 2009.

Principal activities

The company is a public limited company, domiciled in the United Kingdom (UK). The company is a special purpose vehicle, wholly owned by Penarth Asset Securitisation Holding Limited (the "Immediate Parent Company"). The company regarded by the directors as the ultimate controlling party is Lloyds Banking Group plc, a limited liability company incorporated and domiciled in Scotland, which is also the parent undertaking of the largest group of undertakings for which group accounts are drawn up and of which the Company is a member.

The principal activity of the Company is to issue publicly listed floating and fixed rate notes in the international capital markets which are denominated in Sterling (the "Notes"), and to enter into certain related financial arrangements in order to fund the activities of the Penarth Asset Securitisation Holdings Limited Group by means of inter-company loans.

Penarth Asset Securitisation Holdings Limited holds 49,998, £1 ordinary shares partly paid to £0.25 and one £1 ordinary share, which is fully paid. SFM Nominees Limited holds one £1 ordinary share fully paid in Penarth Master Issuer PLC on behalf of Penarth Asset Securitisation Holdings Limited. These shares comprise the entire issued share capital of Penarth Master Issuer PLC.

The activities of the Company and the Penarth Asset Securitisation Holdings Limited Group are conducted primarily by reference to a series of securitisation transaction documents (the "Programme Documentation"). The securitisation structure has been established as a means of raising finance for Bank of Scotland plc ("BOS"), a subsidiary undertaking of HBOS plc and ultimately the Lloyds Banking Group plc ("LBG"). The Programme Documentation sets out workings of the transaction and the principal risks to the holders of the Notes. As such, these have not been reproduced in full in the accounts.

Results and dividends

The results for the period are set out on page 10. The profit before taxation for the year, prepared using International Financial Reporting Standards ("IFRSs"), as adopted by the European Union (EU) amounted to £15,587 (2008: £3,604). No dividend has been paid during the year (2008: £nil).

Business review and future developments

Throughout 2009 the Company continued to make all payments due on the Notes. There was no change in business activity.

The Company will continue to issue notes and invest the proceeds as intercompany loans to Penarth Funding (No. 1) Limited ("Funding 1"), a related undertaking. The directors anticipate that the Company will be profitable over its lifetime. The Company does not have an intention to list on the Stock Exchange Market.

Key Performance Indicators (KPIs)

Given the straight forward nature of the business, the Company's directors are of the opinion that analysis using KPIs is not necessary for an understanding of the development, performance or position of the Company. However, a defined set of KPIs for the securitisation transaction are set out in the Programme Documentation and published as a monthly Investor Report (available via the LBG website). Performance against the KPIs include the yield on the Trust and excess spread available as the first line of credit enhancement to the Notes, the losses that have occurred and the level of arrears in the underlying credit card receivables, the rate of repayment of the loans within the Trust and an analysis of the characteristics of the underlying credit card receivables in the Trust.

At the time of issue, each series and class of Notes is assigned a credit rating which reflects the likelihood of full and timely payment to the Note holders of interest on each interest payment date and the payment of principal on the final maturity date. A rating may be subject to revision, suspension or withdrawal at any time by the rating agencies if the Company's circumstances change.

Penarth Master Issuer plc

Any change in the credit rating assigned to a Note would be used as an indicator as to the performance of the Company. No downgrade in credit ratings has been applied to the Company's Notes in the period under review and subsequently up to the date of approval of these accounts.

The Company has made all necessary payments on the Notes in accordance with the scheduled repayment dates for the year ended 31 December 2009.

The Company's tax charge is based on the tax regime for securitisation companies.

Policy and practice on payment of creditors

The majority of the Company's payments are in relation to the Notes and are due monthly in accordance with the terms of the Notes. Payments are subject to the receipt of principal and interest on the underlying credit card pool held in Penarth Receivables Trustee Limited and the subsequent payment of the intercompany loans. All such payments were made on the due dates.

For trade creditors, the Company follows "The Better Payment Practice Code", published by the Department of Trade and Industry, regarding payments to suppliers. A copy of the code and information about it may be obtained from the Department of Trade and Industry, No. 1 Victoria Street, London, SW1H 0ET.

The Company's policy is to agree terms of payment with suppliers and these normally provide for settlement within 30 days after the date of the invoice, except where other arrangements have been negotiated. It is the policy of the Company to abide by the agreed terms of payment, provided the supplier performs according to the terms of the contract.

The Company owed no money to trade creditors at 31 December 2009 or at 31 December 2008.

Directors and Directors' interests

The Directors of the Company during the year and at the date of signing the accounts were as follows:

SFM Directors Ltd
SFM Directors (No. 2) Ltd
Jeremy Richard Hugh Bradley

None of the directors had a beneficial interest in the shares of the Company, or of the ultimate holding company, Penarth Asset Securitisation Holdings Limited. No director received any remuneration during the year.

Jeremy Richard Hugh Bradley is also a director of Penarth Asset Securitisation Holding Company Ltd, Penarth Funding 1 Ltd and Penarth Receivables Trustee Ltd, all related undertakings. SFM Directors Limited and SFM Directors (No. 2) Limited are also directors of Penarth Asset Securitisation Holdings Limited.

Risk Management

The Company's assets and liabilities are financial instruments as defined by IAS 32 "Financial Instruments: Presentation". The Company's financial instruments principally comprise inter-company loans to Funding 1, Notes issued in the capital markets, cash and liquid resources. The principal risks arising from the Company's financial instruments are credit risk and interest rate risk. All of the Company's financial assets and liabilities are linked to Sterling 1 month Libor. As such the Company has no market risk. Full disclosure of the Group's financial risk management policies, use of financial instruments and risk exposures is given in note 11 to the accounts.

The Company is also exposed to operational risks through a number of contracts with third parties who have agreed to provide operational support to the Company in accordance with the Programme Documentation. Structured Finance Management Limited has been appointed to provide corporate services in accordance with a corporate services agreement. Other third parties who have agreed to provide services with respect to the Notes include the paying agents (paying agent processes interest payments to individual investors). BOS has been appointed to act as account bank and cash manager on behalf of the Company.

The principal business risks of the Company are set out in a number of asset and non-asset trigger events in the Programme Documentation. The occurrence of trigger events may lead to a different priority of payments of the

Penarth Master Issuer plc

Notes in accordance with established priorities. There have been no such trigger events since the inception of the Programme.

Employees

The Company does not have any employees (2008: Nil).

Statement of Directors' Responsibilities

The directors are responsible for preparing the Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with International Financial Reporting Standards (IFRSs) as adopted by the European Union. In preparing these financial statements, the directors have also elected to comply with IFRSs, issued by the International Accounting Standards Board (IASB). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to:

select suitable accounting policies and then apply them consistently;

make judgements and accounting estimates that are reasonable and prudent;

state whether applicable International Financial Reporting Standards (IFRSs) as adopted by the European Union have been followed, subject to any material departures disclosed and explained in the financial statements;

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Auditors and Audit Information

KPMG resigned as auditors on 1st April 2009, and were replaced by PricewaterhouseCoopers LLP (PwC LLP). The auditors, PwC LLP were appointed at a Directors' meeting during the year and have indicated their willingness to continue in office

So far as the directors are aware, there is no relevant audit information of which the Company's auditors are unaware, and the directors have taken all the steps that they ought to have taken as directors in order to make themselves aware of any relevant audit information and to establish that the Company's auditors are aware of that information.

This confirmation is given, and should be interpreted, in accordance with the provisions of section 418 of the Companies Act 2006.

Statement of Going Concern

The directors are satisfied that the Company has adequate resources to continue to operate for the foreseeable future and is financially sound. For this reason, they continue to adopt the going concern basis in preparing the financial statements.

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF PENARTH MASTER ISSUER PLC.

We have audited the financial statements of Penarth Master Issuer Plc for the year ended 31 December 2009 which comprise the Statement of Comprehensive Income, the Balance Sheet, the Statement of Changes in Equity, the Cash Flow Statement and the related notes. The financial reporting framework that has been applied in their preparation is applicable law and International Financial Reporting Standards (IFRSs) as adopted by the European Union.

Respective responsibilities of directors and auditors

As explained more fully in the Directors' Responsibilities Statement set out on page 6, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

This report, including the opinions, has been prepared for and only for the company's members as a body in accordance with Chapter 3 of Part 16 of the Companies Act 2006 and for no other purpose. We do not, in giving these opinions, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of:

- whether the accounting policies are appropriate to the company's circumstances and have been consistently applied and adequately disclosed
- the reasonableness of significant accounting estimates made by the directors
- the overall presentation of the financial statements

Opinion on financial statements

In our opinion the financial statements:

- give a true and fair view of the state of the company's affairs as at 31 December 2009 and of its profit and cash flows for the year then ended;
- have been properly prepared in accordance with IFRSs as adopted by the European Union; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Opinion on other matter prescribed by the Companies Act 2006

In our opinion the information given in the Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Reconciliation of movement in capital and reserves

Capital disclosures

The Company is not subject to externally imposed capital requirements in the current year other than the minimum share capital required by the Companies Act with which it complies. The Company manages its ordinary share capital in order that there is sufficient capital, in the opinion of the directors, to support the transactions and level of business undertaken by the Company.

The accompanying notes are an integral part of the Financial Statements.

NOTES TO THE ACCOUNTS

1. ACCOUNTING POLICIES

The Company is domiciled in England.

Statement of compliance

The financial statements for the year ended 31 December 2009 have been prepared in accordance with International Financial Reporting Standards (IFRSs) and interpretations issued by the International Financial Reporting Interpretations Committee (IFRIC) as adopted by the European Union (EU). The standards applied by the Company are those endorsed by the EU and effective at the date the financial statements are approved by the Board.

The principal accounting policies applied in the preparation of these financial statements are set out below and have been applied consistently in respect of the financial years ended 31 December 2009 and 31 December 2008.

The financial statements also comply with the relevant provisions of Part XV of the Companies Act 2006.

The financial statements have been prepared using the going concern basis. The directors have reviewed the expected future cash flows and believe they are adequate to meet the anticipated payments in accordance with the Programme Documentation. The directors also consider that additional safeguards are in place to cover any unexpected issues which may arise in light of the current market turbulence including access to a general cash reserve and the ability to defer payment in certain circumstances.

The financial statements are presented in Sterling which is the Company's functional and presentation currency and are presented to the nearest whole pounds.

The financial information has been prepared under the historical cost convention, as modified by the revaluation of available-for-sale financial assets, financial assets at fair value through profit or loss and all derivative contracts, on the basis of IFRS.

Basis of measurement

The financial statements have been prepared on the historical cost basis (except that derivative financial instruments are stated at their fair value), and on a going concern basis. The preparation of the financial statements necessarily requires the exercise of judgement both in the application of accounting policies which are set out in the sections below and in the selection of assumptions used in the calculation of estimates. These judgements are reviewed on an ongoing basis and are continually evaluated based on historical experience and other factors.

Prior Period Restatement

The prior period has been restated following the acquisition of HBOS plc by LBG on 16 January 2009. The restatement has been made in order to bring greater comparability across the individual Special Purpose Entities within LBG. The impact of these changes is as follows:

Previously in 2008 the fair values were calculated taking into account current market values. The day one fair value discount on acquisition against the Debt Securities in issue and the loans to Group undertakings and Term loan has been reversed and the asset or liability has been revised to amortised cost. This has been revised through a change in accounting policy and the Directors have taken the view, as the loan notes are held internally there is no observable fair value for the notes; therefore no fair value adjustment has been applied. The 2008 figures have been restated on this basis. The restatement of these balances has not impacted interest income or expense therefore there is no requirement to present a restated Statement of Comprehensive Income for 2008 and the reconciliation of opening Balance Sheet as at 10 June 2008. For the restated Balance Sheet as at 31 Dec 2008, see note 15.

Revenue recognition

Interest income and expenses are recognised in the income statement for all interest-bearing financial instruments, including loans and advances, using the effective interest rate method. The effective interest rate method is a method of calculating the amortised cost of a financial asset or liability and of allocating the interest income or interest expense. The effective interest rate is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the instrument or, when appropriate, a shorter period, to the net carrying amount of the financial asset or financial liability. When calculating the effective interest rate, the future cash flows are estimated after considering all the contractual terms of the instrument but not future credit losses.

Accrued interest

Accrued interest has been incorporated within the outstanding balance of debt securities in issue on the balance sheet. A split between debt securities in issue and accrued interest can be found in Note 8.

Taxation

Current tax which is payable on taxable profits is recognised as an expense in the period in which the profits arise.

The Company's tax charge is based on the Permanent Tax Regime for securitisation companies. As such, deferred tax is not recognised on the difference between accounting recognition of the mark to market fair value movement and the tax non-recognition of the movement. Therefore a "tax base" under IAS 12 is not generated and hence deferred tax is not recognised as the difference between tax and accounting treatment.

Financial instruments

The Company's financial instruments principally comprise intercompany loans to Penarth Funding 1, Notes issued in the capital markets and cash and liquid resources. The main purpose of these financial instruments is to raise finance for Lloyds Banking Group. These financial instruments are classified in accordance with the principles of IAS 39.

The loans to Funding 1 are classified within "loans and receivables". The loans are held at amortised cost and are subject to impairment review in accordance with IAS 39.

Interest bearing borrowings are stated at amortised cost.

Cash and cash equivalents

Cash and cash equivalents comprise cash in hand and on demand deposits.

Impairment of financial assets

At each balance sheet date the Company assesses whether, as a result of one or more events occurring after initial recognition, there is objective evidence that the Loan to related company has become impaired.

Delinquencies and defaults on the underlying securitised assets will not result in an impairment loss if the cash flows from the asset pool are still expected to be sufficient to meet obligations under the limited recourse loan. Losses incurred on the securitised assets will not trigger an impairment as long as they do not exceed the credit enhancement granted by the Originator.

The amount of the loss is measured as the difference between the carrying amount of the Loan to the related company and the present value of estimated future cash flows (excluding future credit losses that have not been incurred) discounted with the original effective interest rate. The carrying amount of the asset is reduced through the use of an allowance account and the amount of loss is recognised in the income statement.

Previously in 2008 the fair values were calculated taking into account current market values. But in 2009 the Accounting policy changed. The Directors have taken the view, as the loan notes are held internally there is no observable fair value for the notes, therefore no fair value adjustment has been applied. The 2008 figures have been restated on this basis.

Dividends

Dividends on ordinary shares are recognised in equity in the period in which they are paid.

Segment Reporting

A business segment is a group of assets and operations engaged in providing products or services that are subject to risks and returns that are different from those of other business segments. A geographical segment is engaged in providing products or services within a particular economic environment that are subject to risks and returns that are different from those of segments operating in other economic environments.

The directors of the Company consider that the entity has only one geographical and one business segment and therefore is not required to produce additional segmental disclosure.

2. INCOME FROM GROUP UNDERTAKINGS

	Year to 31 Dec 2009 £	Period to 31 Dec 2008 £
Fee from Penarth Funding 1 Limited	15,475	3,604
	<u>15,475</u>	<u>3,604</u>

Under the terms of the inter-company agreement with Penarth Funding 1 Limited, the Company has the right to receive a fee for the provision of the inter-company loans. This fee includes an amount equal to £200 per month, together with an amount equivalent to payments made to certain third party suppliers for ongoing expenses.

3. OPERATING EXPENSES

	Year to 31 Dec 2009 £	Period to 31 Dec 2008 £
Bank Charges	29	-
	<u>29</u>	<u>-</u>

The Company has no employees (2008: Nil). The directors' duties regarding the Company are incidental in relation to their overall duties. Consequently no charge is apportionable to the Company.

Auditors' remuneration:

The audit fees for the Company are paid for by Funding 1 Ltd. The fee for the current year was £12,000 (Period to 31 Dec 2008: £12,000)

4. TAXATION

	Year to 31-Dec-09	Period to 31-Dec-08
	£	£
UK corporation tax		
Current tax on profits for the year	4,799	1,009
Adjustments in respect of prior years	(491)	-
Total tax charge	<u>4,308</u>	<u>1,009</u>

Factors affecting tax charge for the period

	Year to 31-Dec-09	Period to 31-Dec-08
Tax charge at UK corporation tax rate of 28.00% (2008: 28%)	4,364	1,009
Prior year adjustment	(491)	-
Other Adjustment – for 2008	435	
Total tax charge	<u>4,308</u>	<u>1,009</u>

The current tax liability of £4,799 represents the amount of income tax payable in respect of the current period.

5. LOAN TO RELATED COMPANY

Inter-company loans	2009	2008	10 Jun 2008
	£	£	£
		Restated	Restated
At Opening	2,700,000,000	-	-
Acquisitions	-	2,700,000,000	-
	<hr/>	<hr/>	<hr/>
At 31 December	2,700,000,000	2,700,000,000	-
	<hr/>	<hr/>	<hr/>
Analysed as follows:			
Non-current assets	1,350,000,000	2,700,000,000	-
Current assets	1,350,000,000	-	-
	<hr/>	<hr/>	<hr/>
At 31 December	2,700,000,000	2,700,000,000	-
	<hr/>	<hr/>	<hr/>

The inter-company loans to Funding 1 are all denominated in Sterling and are at variable rates of interest, based on LIBOR for one month Sterling deposits. Such loans have ultimately been secured against a beneficial interest in a credit card portfolio held in trust on behalf of the Group.

Funding 1's ability to pay amounts due on the inter-company loans will depend mainly upon it receiving sufficient revenue receipts and principal from Penarth Receivables Trustee Limited and amounts available in the reserve funds. In the case of a shortfall, holders of the Notes may, subject to what other sources of funds are available to the Company, receive less than the full interest and/or principal than would otherwise be due on the Notes. The repayment of the inter-company loans will coincide with the repayment of the Notes.

6. TRADE AND OTHER RECEIVABLES

	As at 31 Dec 2009	As at 31 Dec 2008
	£	£
Due from Penarth Funding (No.1) Ltd	<u>200</u>	<u>1,750</u>

7. DEBT SECURITIES IN ISSUE

Debt securities in issue at 31 December 2009 comprised £2,700.0 million (2008: £2,700.0 million) raised in connection with the securitisation of credit cards originated within the Lloyds Banking Group.

At 31 December 2009		1 Year or less £	1 to 5 years £	Total £
Series 2008-1A Class A Floating Rate Notes 2010	1	1,350,000,000	-	1,350,000,000
Series 2008-1A Class A Floating Rate Notes 2011	1	-	1,350,000,000	1,350,000,000
		<u>1,350,000,000</u>	<u>1,350,000,000</u>	<u>2,700,000,000</u>
At 31 December 2008 Restated		1 Year or less £	1 to 5 years £	Total £
Series 2008-1A Class A Floating Rate Notes 2010	1	-	1,350,000,000	1,350,000,000
Series 2008-1A Class A Floating Rate Notes 2011	1	-	1,350,000,000	1,350,000,000
		<u>-</u>	<u>2,700,000,000</u>	<u>2,700,000,000</u>

There have been no defaults in principal, interest or other breaches with respect to liabilities in the year. All Notes are denominated in Sterling. These Notes are the floating rate notes issued by the Company to fund the Company's operations. The Notes are measured at amortised cost.

7. DEBT SECURITIES IN ISSUE (Cont'd)

The Notes are ranked in accordance with the rating assigned, a class A Note ranking in priority to a class B Note and each subsequent Note class ranking in priority to the next, subject to the terms and conditions of the Notes, the issuer cash management agreement and the deed of charge to which the Company is a party. Within each class of Note there is no preference or priority between them unless such an event occurs as to trigger an enforcement of the security of the Notes. In such an event (subject to redemption dates) each Note will rank in priority as set down in the Programme Documentation.

No assurance is given as to the amount (if any) of interest and principal on any of the Notes which may actually be paid on any interest payment date.

The Notes will be obligations of the Company only. The Notes will not be obligations of, or the responsibility of, or guaranteed by, any person other than the Company.

The Company's obligations to Note holders and to other secured creditors are secured under a deed of charge, which grants security over all of its assets in favour of the security trustee.

The principal assets of the Company are loans made by it to Penarth Funding 1 Limited, a Group company. This company's obligations in respect of these loans are secured pursuant to a deed of charge which grants security over all its assets, primarily consisting of its beneficial interest in a portfolio of credit card receivables, in favour of the security trustee. The security trustee holds this security for the benefit of all secured creditors of Penarth Funding 1 Limited, including the Company.

Under the terms of the Programme Documentation incidental costs of obtaining loan finance representing legal and professional costs are paid by Penarth Funding 1 Limited. The costs incurred to date less amounts written off to the income statement are included and amortised within the accounts of Penarth Funding 1 Limited.

8. CALLED UP SHARE CAPITAL

	As at 31 Dec 2009	As at 31 Dec 2008
	£	£
Authorised: ordinary shares of £1 each	<u>50,000</u>	<u>50,000</u>

Issued and one quarter paid: ordinary shares of £1 each	<u>12,500</u>	<u>12,500</u>
Total	<u>12,502</u>	<u>12,502</u>

Penarth Asset Securitisation Holdings Limited holds 49,998, £1 ordinary shares partly paid to £0.25 and one £1 ordinary share, which is fully paid. SFM Nominees Limited holds one £1 ordinary share fully paid in Penarth Master Issuer PLC on trust for Penarth Asset Securitisation Holdings Limited. These shares comprise the entire issued share capital of Penarth Master Issuer PLC.

9. RETAINED PROFITS

	Note	As at 31 Dec 2009 £'000	As at 31 Dec 2008 £
At opening of year		2,595	-
Profit for the year		11,279	2,595
At close of year		<u>13,874</u>	<u>2,595</u>

10. RELATED PARTY TRANSACTIONS

The Company is a special purpose company with three directors. Two of the Company's three directors are provided by Structured Finance Management (SFM) Limited, the third director is an employee of LBG plc, the ultimate controlling party under IFRSs.

BOS provides portfolio servicing and cash management services defined under the Programme Documentation. Fees for these services together with audit fees are paid on behalf of the Company by Penarth Funding 1 Limited, a company which is part of the Group. The servicing fee amounted to £23,516,241 for the year ended 31 December 2009 (2008: £4,470,000)

Structured Finance Management Limited provides corporate services pursuant to a corporate services agreement with the Company. Structured Finance Management Limited was paid £10,829 for services provided in the period. These fees are paid on behalf of the Company by Penarth Funding 1 Limited.

During the period, the Company undertook the following transactions with companies within the HBOS plc Group, including BOS, the servicer and cash manager for the securitisation transaction.

11. MANAGEMENT OF RISK

The Company's activities expose it to a number of financial risks including credit risk and liquidity risk. For this reason, the Company devotes considerable resource to maintaining effective controls to manage, measure and mitigate each of these risks.

Credit risk

Credit risk arises where there is a possibility that a counterparty may default.

The Company relies on the repayment of the intercompany loans from Funding 1 on the due dates to repay the Notes, therefore, the primary credit risk of the Company relates to the default on the unlisted security with Funding 1.

Penarth Funding 1 Limited is only obliged to pay interest and principal to the Company to the extent that it has such amounts available to it. The Company has recourse to the other assets of Penarth Funding 1 Limited for any shortfall in receipts due under the inter-company loan agreement.

The primary credit risk of Funding 1 relates to the credit risk associated with the securitised pool of credit cards originated within the Lloyds Banking Group. The likelihood of defaults in the pool of credit cards and the amounts that may be recovered in the event of default are related to a number of factors and may vary according to characteristics and product type. Significant changes in the economy, or in the health of a particular geographical zone that represents a concentration in the securitised assets, could also affect the cash flows from the pool of credit cards.

To mitigate this risk, credit enhancement is provided to the transaction within Funding 1 in the form of excess spread and a reserve fund. Funding 1's share of the income on the pool of credit cards is expected to exceed the interest payable on the loan from the Master Issuer. This excess income (excess spread) is available to make good any reduction in the principal balance of the pool of credit cards as a result of defaults by customers.

In addition, HBOS plc provided a start up loan to Funding 1 to create a reserve fund which can be used in certain circumstances to meet any deficit in revenue or repay amounts of principal. Therefore, delinquencies and defaults on the underlying securitised assets will not result in a default on the intercompany loan as long as they do not exceed the credit enhancement provided by the excess spread and reserve fund.

The risk weightings on the inter-company loans match those on the equivalent Notes as shown in note 7.

Market Risk

Market risk is defined as the potential loss in value or earnings of an organisation arising from changes in external market factors.

The Company is exposed to market risk which comprises interest rate risk and currency risk which are explained in more detail below:

(i) Interest rate risk

Interest rate risk exists where assets and liabilities have interest rates set under a different basis or which reset at different times. The Company minimises its exposure to interest rate risk by ensuring that the interest rate characteristics of the inter-company loans and the Notes (its principal assets and liabilities) are similar.

At 31 December 2009, if LIBOR for one-month Sterling deposits at that date had been 25 basis points higher or lower, with all other variables held constant, the net effect on the Company's net margin would be £nil (2008: £nil).

11. MANAGEMENT OF RISK (Cont'd)

(ii) Currency risk

All notes currently issued by the Company, its assets and its other liabilities are all denominated in sterling.

Liquidity risk

Liquidity risk is the risk that the Company is not able to meet its financial obligations as they fall due or can do so only at an unacceptably high cost. The Company's ability to meet payments on the Notes as they fall due is dependent on timely receipt of funds under the inter-company loan agreement which may be delayed due to slow repayment on the credit card receivables portfolio (see Credit risk above).

In the event that Penarth Funding 1 Limited has insufficient funds available to pay interest and / or principal on the inter-company loans then it is obliged to draw on the Programme Reserve Ledger to meet its obligations to the Company.

The liquidity tables reflect the undiscounted cash payments which will fall due if the structure continues until the step-up date as defined in the Programme Documentation. It is anticipated that the interest earned on the inter-company loans will be sufficient to allow repayment of the Notes by the step-up date and thereby avoid the increase in the interest rate margin payable on the Notes. The step-up date is the earliest date on which the Company could be required to repay the liability and commercially the most likely.

	Carrying Value	Contractual Repayment Value	Not later than one month	Later than one month and not later than three months	Later than three months and not later than one year	Later than one year and not later than five years
	£	£	£	£	£	£

11. MANAGEMENT OF RISK (Cont'd)

Fair values

The fair values of the Company's financial instruments together with the carrying amounts shown in the balance sheet are as follows:

	Note	Carrying amount	Fair value	Carrying amount	Fair value
		2009	2009	2008	2008
		£	£	£	£
				Restated	Restated
Loans and receivables:					
Loans to Group undertaking	6	2,700,000,000	2,700,000,000	2,700,000,000	2,700,000,000
Other receivables		-	-	1,750	1,750
Cash and cash equivalents	7	30,975	30,975	14,356	14,356
		<u>2,700,030,975</u>	<u>2,700,030,975</u>	<u>2,700,016,106</u>	<u>2,700,016,106</u>
Financial liabilities held at amortised cost:					
Interest-bearing loans and borrowings	9	2,700,000,000	2,700,000,000	2,700,000,000	2,700,000,000

The following comments summarise the main methods and assumptions used in estimating the fair values of financial instruments that are reflected in the table above. The day one fair value discount on acquisition against the Debt Securities in issue and the loans to Group undertakings and Term loan has been reversed and the asset or liability has been revised to amortised cost.

12. ACCOUNTING PRONOUNCEMENTS EFFECTIVE AFTER 2009

The following pronouncements will be relevant to the Company but were not effective at 31 December 2009 and have not been applied in preparing these financial statements. The full impact of these accounting changes is being assessed by the Company. The initial view is that none of these pronouncements are expected to cause any material adjustments to reported numbers in the financial statements.

Pronouncement	Nature of change	IASB effective date
Amendment to IAS 39 Financial Instruments: Recognition and Measurement – Eligible Hedged Items	Clarifies how the principles underlying hedge accounting should be applied in particular situations.	Annual periods beginning on or after 1 July 2009.
Improvements to IFRSs (issued April 2009)	Sets out minor amendments to IFRS standards as part of annual improvements process.	Dealt with on a standard by standard basis but not earlier than annual periods beginning on or after 1 January 2010.
IFRS 9 Financial Instruments: Classification and Measurement	Simplifies the way entities will classify financial assets and reduces the number of classification categories to two; fair value and amortised cost. The existing available-for-sale and held-to-maturity categories have been eliminated. Classification will be made on the basis of the objectives of entity's business model for managing the assets and the characteristics of the contractual cash flows.	Annual periods beginning on or after 1 January 2013.
IAS24 Related Party Disclosures	Simplifies the definition of a related party and provides a partial exemption from the disclosure requirements for government related entities.	Annual periods beginning on or after 1 January 2011.

13. FUTURE DEVELOPMENTS

Loan notes issued by the company during 2009 were placed with Bank of Scotland Treasury in order to access funding from the Bank of England Special Liquidity Scheme. The Bank of England has signalled that this scheme is now closed to new issuances. During 2010 the company therefore intends to redeem all of its outstanding loan notes and issue new loan notes to the external market, either as public issuances or to private investors. Any new issuance will be subject to legal due diligence and rating agency evaluation and will contain similar triggers to those currently in place on the existing loan notes.

14. PARENT COMPANIES

The Company is wholly owned by Penarth Asset Securitisation Holding Limited, a company registered in England and Wales. The shares of Penarth Asset Securitisation Holding Limited are held on a discretionary Trust basis by SFM Corporate Services Ltd.

The company regarded by the directors as the ultimate controlling party is Lloyds Banking Group plc, a limited liability company incorporated and domiciled in Scotland, which is also the parent undertaking of the largest group of undertakings for which group accounts are drawn up and of which the Company is a member. Bank of Scotland plc is the controlling party of the smallest such group of undertakings. Copies of the group accounts of both companies may be obtained from Group Secretariat, Lloyds Banking Group plc, 25 Gresham Street, London EC2V 7HN.

15. PRIOR PERIOD RESTATEMENT

The Directors found that it is not appropriate to present the reconciliation of opening balance sheet as at 10 June 2008, or the Statement of Comprehensive Income for period ended 31 Dec 2008 since there is no impact of the restatement.

The quantitative impact of restatement on the balance sheet as at 31 Dec 2008 has been assessed as below:

BALANCE SHEET

	31 Dec 2008	Restatement	31 Dec 2008 Restated

PENARTH MASTER ISSUER PLC DIRECTORS' REPORT

The directors present their report and the audited financial statements for the period ended 31 December 2008.

BUSINESS REVIEW

INCORPORATION

The company was incorporated on 10 June 2008 as Victorianway Plc and later changed its name to Penarth Master Issuer Plc on 1 August 2008.

Principal activity

The principal activity of Penarth Master Issuer PLC (the "Company") is to issue publicly listed floating and fixed rate notes in the international capital markets which are denominated in Sterling (the "Notes"), and to enter into certain related financial arrangements in order to fund the activities of the Penarth Asset Securitisation Holdings Limited Group by means of inter-company loans.

The activities of the Company and the Penarth Asset Securitisation Holdings Limited Group (see below) are conducted primarily by reference to a series of securitisation transaction documents (the "Programme Documentation"). The securitisation structure has been established as a means of raising finance for Bank of Scotland plc ("BOS"), a subsidiary undertaking of HBOS plc.

Business structure

The Company is a wholly-owned subsidiary of Penarth Asset Securitisation Holdings Limited, a company registered in England and Wales. The shares of Penarth Asset Securitisation Holdings Limited are held on a discretionary trust basis by SFM Corporate Services Limited.

At 31 December 2008 the Penarth Asset Securitisation Holdings Limited Group (the "Group") comprised Penarth Receivables Trustee Limited, Penarth Funding 1 Limited, Penarth Master Issuer plc and Penarth Asset Securitisation Holdings Limited.

Penarth Asset Securitisation Holdings Limited holds 49,998, £1 ordinary shares partly paid to £0.25 and one £1 ordinary share, which is fully paid. SFM Nominees Limited holds one £1 ordinary share fully paid in Penarth Master Issuer PLC on trust for Penarth Asset Securitisation Holdings Limited. These shares comprise the entire issued share capital of Penarth Master Issuer PLC.

**PENARTH MASTER ISSUER PLC
DIRECTORS' REPORT (CONT'D)**

RISK MANAGEMENT

The majority of the Company's assets and liabilities have been classified as financial instruments in accordance with IAS 32 "Financial Instruments: Presentation". The Company's financial instruments principally comprise inter-company loans to Penarth Funding 1 Limited, Notes issued in the capital markets and cash and liquid resources.

It is, and has been throughout the year under review, the Company's policy that no trading in financial instruments is undertaken.

The principal risks arising from the Company's financial instruments are credit risk, interest rate risk and currency risk. These and other risks which may affect the Company's performance are detailed below. Further analysis of the risks facing the Company in relation to its financial instruments is provided in note 10.

Credit risk

The ability of the Company to meet its obligations to make principal and interest payments on the Notes and to meet its operating and administrative expenses is dependent on funds being received under the inter-company loans with Penarth Funding 1 Limited. Penarth Funding 1 Limited is only obliged to pay interest and principal to the Company to the extent that it has such amounts available to it. The Company has recourse to the other assets of Penarth Funding 1 Limited for any shortfall in receipts due under the inter-company loan agreement.

The inter-company loans are ultimately secured against a beneficial interest in a credit card receivables portfolio held in trust (the "Trust") on behalf of the Group under the terms of the Programme Documentation.

A higher or lower than anticipated rate of repayment on the credit card receivables will have a direct impact on the level of interest and principal received by Penarth Funding 1 Limited. To minimise the impact of these risks any credit card receivables included in the mortgage portfolio must meet a number of strict criteria as set out in the Programme Documentation.

Interest rate risk

Interest rate risk exists where assets and liabilities have interest rates set under a different basis or which reset at different times. The Company minimises its exposure to interest rate risk by ensuring that the interest rate characteristics of the inter-company loans and the Notes (its principal assets and liabilities) are similar.

PENARTH MASTER ISSUER PLC
Directors' report (cont'd)

RISK MANAGEMENT (CONT'D)

Currency risk

All notes currently issued by the Company, its assets and its other liabilities are all denominated in sterling.

Liquidity risk

In the event that Penarth Funding 1 Limited has insufficient funds available to pay interest and / or principal on the inter-company loans then it is obliged to draw on the Programme Reserve Ledger to meet its obligations to the Company.

Operational risks

In order to meet its obligations to the Noteholders, the Company has entered into contracts with a number of third parties who have agreed to provide operational support to the Company in accordance with the Programme Documentation.

Structured Finance Management Limited has been appointed to provide corporate services in accordance with a corporate services agreement. Other third parties who have agreed to provide services with respect to the Notes include the paying agents and the agent bank. BOS has been appointed to act as account bank and cash manager on behalf of the Company.

Expenses due to these and other third parties for services provided are paid on behalf of the Company by Penarth Funding 1 Limited in priority to other expenses payable by Penarth Funding 1 Limited and are paid out of available receipts.

The Company's operations are subject to periodic review by the Internal Audit function of HBOS plc.

Business risks

The principal business risks of the Company are set out in a number of asset and non-asset trigger events in the Programme Documentation. The occurrence of trigger events would lead to the early redemption of the Notes in accordance with the established priorities.

There have been no such trigger events since inception of the Programme.

PERFORMANCE

The key performance indicator used by management in assessing the performance of the Company is the monitoring of actual cash flows against planned cash flows. The Company's performance is addressed in the monthly Trustee Reports issued to investors.

**PENARTH MASTER ISSUER PLC
DIRECTORS' REPORT (CONT'D)**

PERFORMANCE (CONT'D)

At the time of issue each series and class of Notes is assigned a credit rating which reflects the likelihood of full and timely payment to the Noteholders of interest on each interest payment date and the payment of principal on the final maturity date. A rating may be subject to revision, suspension or withdrawal at any time by the rating agencies if the Company's circumstances change.

Any change in the credit rating assigned to a Note would be used as an indicator as to the performance of the Company. No downgrade in credit ratings has been applied to the Company's Notes in the period under review.

The Company's tax charge is based on the tax regime for securitisation companies. All fair value adjustments on derivative contracts are ignored for taxation purposes.

The cash flows of the Company with regards to tax liabilities are not impacted by the current accounting policies.

OTHER INFORMATION

The Company has employed no staff during the period ended 31 December 2008.

RESULTS AND DIVIDENDS

The results for the period are set out on page 11. The profit before taxation for the year, prepared using International Financial Reporting Standards ("IFRSs") amounted to £3,604 and will be transferred to reserves. The directors do not recommend the payment of a dividend.

FUTURE DEVELOPMENTS

The directors expect that the Company will continue to make all payments due on the Notes during 2009. No changes in business activity are envisaged.

SUPPLIER PAYMENT POLICY

It is the Company's policy that payments made to suppliers are made in accordance with those terms and conditions agreed between the Company and its suppliers.

The Company owed no amounts to trade creditors at 31 December 2008.

**PENARTH MASTER ISSUER PLC
DIRECTORS' REPORT (CONT'D)**

DIRECTORS

The directors who served during the period and subsequently were as follows:

Jeremy Richard Hugh Bradley	(appointed 31 July 2008)
SFM Directors Limited	(appointed 31 July 2008)
SFM Directors (No.2) Limited	(appointed 31 July 2008)
David Pudge	(resigned 31 July 2008)
Adrian Levy	(resigned 31 July 2008)

Jeremy Richard Hugh Bradley is also a director of Penarth Asset Securitisation Holding Company Ltd, Penarth Funding 1 Ltd and Penarth Receivables Trustee Ltd. SFM Directors Limited and SFM Directors (No. 2) Limited are also directors of Penarth Asset Securitisation Holdings Limited.

GOING CONCERN

As set out in the 'Principles underlying Going Concern Assumption' of the Basis of Preparation section of the Notes to the Accounts, the Directors are satisfied that the Group has adequate resources to continue in business for the foreseeable future and consequently the going concern basis continues to be appropriate in preparing the accounts.

AUDIT INFORMATION

The directors who held office at the date of approval of this Directors' Report confirm that, so far as they each are aware, there is no relevant audit information of which the Company's auditors are unaware; and each director has taken all the steps that he ought to have taken as a director to make himself aware of any relevant audit information and to establish that the Company's auditors are aware of that information.

POST BALANCE SHEET EVENTS

Details of post balance sheet events including the acquisition of HBOS plc by Lloyds TSB Group plc are given in Note 13 to the financial statements.

PENARTH MASTER ISSUER PLC
STATEMENT OF DIRECTORS' RESPONSIBILITIES IN RESPECT OF THE DIRECTORS'
REPORT AND THE FINANCIAL STATEMENTS

The directors are responsible for preparing the Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law they have elected to prepare the financial statements in accordance with IFRSs as adopted by the EU and applicable law.

The financial statements are required by law to give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period.

In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and estimates that are reasonable and prudent;
- state whether they have been prepared in accordance with IFRSs as adopted by the EU; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that its financial statements comply with the Companies Act 2006. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the company and to prevent and detect fraud and other irregularities.

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF PENARTH MASTER ISSUER PLC

We have audited the financial statements of Penarth Master Issuer PLC for the period ended 31 December 2008 which comprise the Income Statement, the Balance Sheet, the Cash Flow Statement and the related notes. These financial statements have been prepared under the accounting policies set out therein.

This report is made solely to the company's members, as a body, in accordance with sections 495 and 496 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditors

The directors' responsibilities for preparing the financial statements in accordance with applicable law and International Financial Reporting Standards (IFRSs) as adopted by the EU and for being satisfied that the financial statements give a true and fair view are set out in the Statement of Directors' Responsibilities on page 8.

Our responsibility is to audit the financial statements in accordance with relevant legal and regulatory requirements and International Standards on Auditing (UK and Ireland).

We report to you our opinion as to whether the financial statements give a true and fair view, have been properly prepared in accordance with IFRSs as adopted by the EU and have been prepared in accordance with the Companies Act 2006. We also report to you whether in our opinion the information given in the Directors' Report is consistent with the financial statements.

In addition we report to you if, in our opinion, the company has not kept adequate accounting records, if we have not received all the information and explanations we require for our audit, or if certain disclosures of directors' remuneration specified by law are not made.

We read the Directors' Report and consider the implications for our report if we become aware of any apparent misstatements within it.

Basis of audit opinion

We conducted our audit in accordance with International Standards on Auditing (UK and Ireland) issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgments made by the directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

Opinion

In our opinion:

- the financial statements give a true and fair view of the state of the company's affairs as at 31 December 2008 and of its profit for the period then ended;
- the financial statements have been properly prepared in accordance with IFRSs as adopted by the EU;
- the financial statements have been prepared in accordance with the Companies Act 2006; and
- the information given in the Directors' Report is consistent with the financial statements.

PENARTH MASTER ISSUER PLC
NOTES TO THE FINANCIAL STATEMENTS
FOR THE PERIOD FROM 10 JUNE 2008 TO 31 DECEMBER 2008

1. SIGNIFICANT ACCOUNTING POLICIES

Penarth Master Issuer PLC is a company domiciled in England and Wales.

(a) Statement of compliance

The financial statements for the period ended 31 December 2008 have been prepared in accordance with International Financial Reporting Standards (IFRSs) and interpretations issued by the International Financial Reporting Interpretations Committee (IFRIC) as endorsed by the EU and effective at 31 December 2008.

The accounting policies set out below have been applied consistently in respect of the period ended 31 December 2008.

(b) Basis of preparation

i) Principles Underlying Going Concern Assumption

During 2008, global financial markets experienced difficult conditions which have been characterised by a marked reduction in liquidity. As a consequence of this, governments and central banks carried out a series of actions to address the lack of liquidity within their respective banking systems. In the UK these actions have included the introduction by the Bank of England of liquidity support, through schemes (collectively "Bank of England facilities") such as the extended Long-Term Repo open market operations and the Special Liquidity Scheme ('SLS') whereby banks and building societies can exchange eligible securities for UK Treasury bills; and the creation of a credit guarantee scheme by HM Treasury, providing a government guarantee for certain short and medium term senior debt securities issued by eligible banks. During 2008 HBOS plc, has made use of these measures in order to maintain and improve a stable funding position.

In the context of this continued turbulence and uncertainty in the financial markets, combined with a deteriorating global economic outlook, HBOS plc has also taken steps to strengthen its capital position in order to provide a buffer against further shocks to the financial system and to ensure that it remains competitive. On 15 January 2009, in conjunction with the takeover of HBOS plc by Lloyds TSB plc to form Lloyds Banking Group plc Note 13 - PBSE), HBOS plc raised £11.6bn in preference and ordinary share capital which was largely subscribed for by HM Treasury.

There can be no assurance that the measures taken so far are sufficient to prevent any future strain on Penarth Master Issuer plc's ability to meet its financial obligations as they fall due, particularly if current market conditions continue to reduce Lloyds Banking Group plc's availability of traditional sources of funding or access to wholesale money markets becomes more limited. In addition the economic conditions in the UK are deteriorating more quickly than previously anticipated placing further strain on Lloyd's Banking Group plc's capital resources. However, based upon projections prepared by Lloyds Banking Group plc management which take into account the completion of the acquisition on 16 January 2009 of HBOS plc and its subsidiaries and assume the continued availability of the existing government sponsored liquidity schemes, the directors are satisfied that the Company has

PENARTH MASTER ISSUER PLC
NOTES TO THE FINANCIAL STATEMENTS
FOR THE PERIOD FROM 10 JUNE 2008 TO 31 DECEMBER 2008

1. SIGNIFICANT ACCOUNTING POLICIES (CONTD)

adequate resources to continue in business for the foreseeable future. Accordingly, the financial statements of the Company have been prepared on a going concern basis.

ii) Basis of measurement

The financial statements are presented in Sterling which is the Company's functional and presentation currency.

The financial statements have been prepared on the historical cost basis (except that derivative financial instruments are stated at their fair value), and on a going concern basis.

The preparation of the financial statements necessarily requires the exercise of judgement both in the application of accounting policies which are set out in the sections below and in the selection of assumptions used in the calculation of estimates. These judgements are reviewed on an ongoing basis and are continually evaluated based on historical experience and other factors. The most significantly affected components of the financial statements and associated critical judgements are as follows:

(c) Financial instruments

The Company's financial instruments principally comprise inter-company loans to Penarth Funding 1 Limited, Notes issued in the capital markets, and cash and liquid resources. The main purpose of these financial instruments is to raise finance for BOS. These financial instruments are classified in accordance with the principles of IAS 39 as described below.

(c)(i) Loans to Group undertaking

The loans to Penarth Funding 1 Limited are classified within "loans and receivables". The initial measurement is at fair value with subsequent measurement being at amortised cost using the straight line method.

The loans are subject to impairment reviews in accordance with IAS 39. A charge for impairment would be recognised where there is a risk that the income on the loans will be significantly reduced.

(c)(ii) Cash and cash equivalents

The Company holds bank deposits. These accounts are held in the Company's name and meet the definition of cash and cash equivalents but their use is restricted by a detailed priority of payments set out in the Programme Documentation to which the Company is a party. As the cash can only be used to meet certain specific liabilities and is not available to be used with discretion, it is viewed as restricted cash.

These bank accounts are classified within "loans and receivables" in accordance with IAS 39 and income is being recorded using the effective interest method.

PENARTH MASTER ISSUER PLC
NOTES TO THE FINANCIAL STATEMENTS
FOR THE PERIOD FROM 10 JUNE 2008 TO 31 DECEMBER 2008 (CONT'D)

1. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(c)(iii) Interest-bearing borrowings

Interest-bearing borrowings are recognised initially at fair value less directly related incremental transaction costs. Subsequent to initial recognition, interest-bearing borrowings are stated at amortised cost with any difference between cost and redemption value being recognised in the income statement over the period of the borrowings on a straight line basis.

(d) Value added tax

Value added tax is not recoverable by the Company and is included with its related cost.

(e) Income tax

Income tax on the profit or loss for the period comprises current tax. Income tax is recognised in the income statement except to the extent that it relates to items recognised directly in equity, in which case it is recognised in equity.

The Company's tax charge is based on the Penarth tax regime for securitisation companies.

(f) Related parties

In accordance with the provisions of IAS 24 "Related Party Disclosures", the Company has disclosed details of transactions with its related parties.

(g) Other payables

Other payables are stated at cost or at amortised cost if deemed to be a financial liability.

(h) Income from Group undertaking

Under the terms of the inter-company agreement with Penarth Funding 1 Limited, the Company has the right to receive a fee for the provision of the inter-company loans. This fee includes an amount equal to £1,750 per month, together with an amount equivalent to payments made to certain third party suppliers for ongoing expenses.

PENARTH MASTER ISSUER PLC
NOTES TO THE FINANCIAL STATEMENTS
FOR THE PERIOD FROM 10 JUNE 2008 TO 31 DECEMBER 2008 (CONT'D)

1. SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

(i) IFRSs and IFRIC not yet applied

The following standards and interpretations have been adopted by the European Union but are not effective for the period ended 31 December 2008 and have not been applied in preparing the financial statements:

IFRS 8 'Operating Segments' which is effective for periods commencing on or after 1 January 2009. This standard replaces IAS 14 'Segmental Reporting' and its application will not have any impact upon the financial results of the Company as it does not change the recognition or measurement of transactions in the financial statements. The standard aligns the disclosure of operating segments in the financial statements with the internal reporting of segments to senior management. Adoption by the Company will modify the measurement basis for segments and extend the disclosures for segment reporting in the financial statements.

The following standards and interpretations have not yet been adopted by the European Union, are not effective for the period ended 31 December 2008 and have not been applied in preparing the financial statements. Where appropriate disclosures will be revised in the financial statements in the year in which the standard or interpretation becomes applicable.

IAS 1 'Presentation of Financial Statements: a Revised Presentation' which is effective for periods commencing on or after 1 January 2009. The revised standard will affect the presentation of owner changes in equity and of comprehensive income. Adoption will not change the recognition, measurement or disclosure of specific transactions or events as required by other standards.

At 31 December 2008	2,633,933,363
Analysed as follows:	
Non-current assets	2,633,933,363
Current assets	-

At 31 December	2,633,933,363

The inter-company loans to Penarth Funding 1 Limited are all denominated in Sterling and are at variable rates of interest, based on LIBOR for one month Sterling deposits. Such loans have ultimately been secured against a beneficial interest in a credit card portfolio held in trust on behalf of the Group. The loans to Penarth Funding 1 Limited are initially measured at fair value with subsequent measurement being at amortised cost using the straight line method.

Penarth Funding 1 Limited's ability to pay amounts due on the inter-company loans will depend mainly upon it receiving sufficient revenue receipts and principal from Penarth Receivables Trustee Limited and amounts available in the reserve funds. In the case of a shortfall, holders of the Notes may, subject to what other sources of funds are available to the Company, receive less than the full interest and/or principal than would otherwise be due on the Notes. The repayment of the inter-company loans will coincide with the repayment of the Notes.

At 31 December 2008	12,501.50	2,595	15,096.50

There are 50,000 authorised ordinary shares of £1 each. The issued share capital comprises two ordinary shares of £1 each, which are fully paid up and 49,998 ordinary shares, which are one quarter paid up.

Capital disclosures

The Company is not subject to externally imposed capital requirements in the current year other than the minimum share capital required by the Companies Act with which it complies. The Company manages its ordinary share capital in order that there is sufficient capital, in the opinion of the directors, to support the transactions and level of business undertaken by the Company.

PENARTH MASTER ISSUER PLC
NOTES TO THE FINANCIAL STATEMENTS

9. INTEREST-BEARING LOANS AND BORROWINGS

This note provides information about the contractual terms of the Company's interest-bearing loans and borrowings. For more information about the Company's exposure to risk, see note 10.

Non-current liabilities	Note	2008 £
Series 2008-1A Class A Floating Rate Notes 2010	1	1,350,000,000
Series 2008-1A Class A Floating Rate Notes 2011	1	1,350,000,000
Fair value adjustment		(66,066,637)
		<u>2,633,933,363</u>

Notes:

1 Interest is payable at a variable rate based on one-month Sterling LIBOR

All Notes are denominated in Sterling. These Notes are the floating rate notes issued by the Company to fund the Company's operations. The Notes are initially measured at fair value with subsequent measurement being at amortised cost using the straight line method.

The Notes are ranked in accordance with the rating assigned, a class A Note ranking in priority to a class B Note and each subsequent Note class ranking in priority to the next, subject to the terms and conditions of the Notes, the issuer cash management agreement and the deed of charge to which the Company is a party. Within each class of Note there is no preference or priority between them unless such an event occurs as to trigger an enforcement of the security of the Notes. In such an event (subject to redemption dates) each Note will rank in priority as set down in the Programme Documentation.

No assurance is given as to the amount (if any) of interest and principal on any of the Notes which may actually be paid on any interest payment date.

The Notes will be obligations of the Company only. The Notes will not be obligations of, or the responsibility of, or guaranteed by, any person other than the Company.

The Company's obligations to Noteholders and to other secured creditors are secured under a deed of charge, which grants security over all of its assets in favour of the security trustee.

The principal assets of the Company are loans made by it to Penarth Funding 1 Limited, a Group company. This company's obligations in respect of these loans are secured pursuant to a deed of charge which grants security over all its assets, primarily consisting of its beneficial interest in a portfolio of credit card receivables, in favour of the security trustee. The security trustee holds this security for the benefit of all secured creditors of Penarth Funding 1 Limited, including the Company.

PENARTH MASTER ISSUER PLC
NOTES TO THE FINANCIAL STATEMENTS
FOR THE PERIOD FROM 10 JUNE 2008 TO 31 DECEMBER 2008 (CONT'D)

9. INTEREST-BEARING LOANS AND BORROWINGS (CONTD)

Under the terms of the Programme Documentation incidental costs of obtaining loan finance representing legal and professional costs are paid by Penarth Funding 1 Limited. The costs incurred to date less amounts written off to the income statement are included and amortised within the accounts of Penarth Funding 1 Limited.

10. FINANCIAL INSTRUMENTS

The majority of the Company's assets and liabilities have been classified as financial instruments in accordance with IAS 32 "Financial Instruments: Presentation". The Company's financial instruments principally comprise inter-company loans to Penarth Funding 1 Limited, Notes issued in the capital markets and cash and liquid resources.

The principal risks arising from the Company's financial instruments are credit risk, interest rate risk and currency risk. Further detailed analysis of the risks facing the Company in relation to its financial instruments is provided below.

As noted in the Directors' Business Review, the activities of the Company and the Group are conducted primarily by reference to a series of securitisation transaction documents (the "Programme Documentation"). The securitisation structure has been established as a means of raising finance for BOS, a subsidiary undertaking of HBOS plc and no business activities will be undertaken by the Company beyond those set out in the Programme Documentation.

The Company's exposure to risk on its financial instruments and the management of such risk is largely determined at the inception of the securitisation transaction. The Company's activities and the role of each party to the transaction are clearly defined and documented. Cash flow modelling, including multiple stress scenarios, is carried out as part of the structuring of the transaction, and as such is required by the rating agencies.

Following initial set-up, the directors monitor the Company's performance, reviewing monthly reports on the performance of the Trust property. Such review is designed to ensure that the terms of the Programme Documentation have been complied with, that no unforeseen risks have arisen and that the Noteholders have been paid on a timely basis.

10(a) Credit risk

The ability of the Company to meet its obligations to make principal and interest payments on the Notes and to meet its operating and administrative expenses is dependent on funds being received under the inter-company loans with Penarth Funding 1 Limited.

Penarth Funding 1 Limited is only obliged to pay interest and principal to the Company to the extent that it has such amounts available to it. The Company has recourse to the other assets of Penarth Funding 1 Limited for any shortfall in receipts due under the inter-company loan agreement.

PENARTH MASTER ISSUER PLC
NOTES TO THE FINANCIAL STATEMENTS
FOR THE PERIOD FROM 10 JUNE 2008 TO 31 DECEMBER 2008 (CONT'D)

10. FINANCIAL INSTRUMENTS (CONT'D)

10(a) Credit risk (cont'd)

The inter-company loans are ultimately secured against a beneficial interest in a credit card receivables portfolio held in trust (the "Trust") on behalf of the Group under the terms of the Programme Documentation.

A higher or lower than anticipated rate of prepayment on the credit card receivables portfolio will have a direct impact on the level of interest and principal received by Penarth Funding 1 Limited. To minimise the impact of these risks any credit card account included in the receivables portfolio must meet a number of strict criteria as set out in the Programme Documentation.

The risk weightings on the inter-company loans match those on the equivalent Notes as shown in note 9.

10(b) Market Risk

Market risk is defined as the potential loss in value or earnings of an organisation arising from changes in external market factors.

The Company is exposed to market risk which comprises interest rate risk and currency risk which are explained in more detail below:

10(b)(i) Interest rate risk

Interest rate risk exists where assets and liabilities have interest rates set under a different basis or which reset at different times. The Company minimises its exposure to interest rate risk by ensuring that the interest rate characteristics of the inter-company loans and the Notes (its principal assets and liabilities) are similar.

At 31 December 2008, if LIBOR for one-month Sterling deposits at that date had been 25 basis points higher or lower, with all other variables held constant, the net effect on the Company's net margin would be £nil.

10(b)(ii) Currency risk

All notes currently issued by the Company, its assets and its other liabilities are all denominated in sterling.

PENARTH MASTER ISSUER PLC
NOTES TO THE FINANCIAL STATEMENTS
FOR THE PERIOD FROM 10 JUNE 2008 TO 31 DECEMBER 2008 (CONT'D)

10. FINANCIAL INSTRUMENTS (CONT'D)

10(c) Liquidity risk

Liquidity risk is the risk that the Company is not able to meet its financial obligations as they fall due or can do so only at an unacceptably high cost. The Company's ability to meet payments on the Notes as they fall due is dependent on timely receipt of funds under the inter-company loan agreement which may be delayed due to slow repayment on the credit card receivables portfolio (see 13(a) Credit risk above).

In the event that Penarth Funding 1 Limited has insufficient funds available to pay interest and / or principal on the inter-company loans then it is obliged to draw on the Programme Reserve Ledger to meet its obligations to the Company.

The liquidity tables reflect the undiscounted cash payments which will fall due if the structure continues until the step-up date as defined in the Programme Documentation. It is anticipated that the interest earned on the inter-company loans will be sufficient to allow repayment of the Notes by the step-up date and thereby avoid the increase in the interest rate margin payable on the Notes. The step-up date is the earliest date on which the Company could be required to repay the liability and commercially the most likely.

10(c) Liquidity risk (cont'd)

2008	Carrying Value	Contractual repayment value	Not later than one month	Later than one month and not later than three months	Later than three months and not later than one year	Later than one year and not later than five years
	£	£	£	£	£	£
Principal						
Notes	2,633,933,363	2,700,000,000	5,627,000	10,710,000	49,920,000	2,771,575,000
	<u>2,633,933,363</u>	<u>2,700,000,000</u>	<u>5,627,000</u>	<u>10,710,000</u>	<u>49,920,000</u>	<u>2,771,575,000</u>

PENARTH MASTER ISSUER PLC
NOTES TO THE FINANCIAL STATEMENTS
FOR THE PERIOD FROM 10 JUNE 2008 TO 31 DECEMBER 2008 (CONT'D)

10. FINANCIAL INSTRUMENTS (CONT'D)

10(d) Fair values

The fair values of the Company's financial instruments together with the carrying amounts shown in the balance sheet are as follows:

	Note	Carrying amount 2008 £	Fair value 2008 £
Loans and receivables:			
Loans to Group undertaking	6	2,633,933,363	2,633,549,363
Other receivables		1,750	1,750
Cash and cash equivalents	7	14,356	14,356
		<u>2,633,949,469</u>	<u>2,633,565,469</u>
Financial liabilities held at amortised cost:			
Interest-bearing loans and borrowings	9	2,633,933,363	2,633,549,363
		<u>2,633,933,363</u>	<u>2,633,549,363</u>
Unrecognised gains			384,000
Unrecognised losses			(384,000)
			<u>384,000</u>

The following comments summarise the main methods and assumptions used in estimating the fair values of financial instruments that are reflected in the table above. The fair values included above have been calculated taking into account current market values. For the Notes these have been calculated by discounting the expected cash flows by the prevailing market rates for similar debt. The fair values of the assets have been adjusted to take account of the market yields implied by the Note valuations.

Cash and cash equivalents and other receivables are recognised on an amortised cost basis that is considered to be a close approximation to fair value.

PENARTH MASTER ISSUER PLC
NOTES TO THE FINANCIAL STATEMENTS
FOR THE PERIOD FROM 10 JUNE 2008 TO 31 DECEMBER 2008 (CONT'D)

11. RELATED PARTY TRANSACTIONS

The Company is a special purpose company with three directors. Two of the Company's three directors are provided by Structured Finance Management Limited, the third director is an employee of HBOS plc, the ultimate controlling party under IFRSs.

BOS provides portfolio servicing and cash management services defined under the Programme Documentation. Fees for these services together with audit fees are paid on behalf of the Company by Penarth Funding 1 Limited, a company which is part of the Group. The servicing fee amounted to £4,470,000 for the period ended 31 December 2008

Structured Finance Management Limited provides corporate services pursuant to a corporate services agreement with the Company. Structured Finance Management Limited was paid £10,829 for services provided in the period. These fees are paid on behalf of the Company by Penarth Funding 1 Limited.

During the period, the Company undertook the following transactions with companies within the HBOS plc Group, including BOS, the servicer and cash manager for the securitisation transaction.

PENARTH MASTER ISSUER PLC
NOTES TO THE FINANCIAL STATEMENTS
FOR THE PERIOD FROM 10 JUNE 2008 TO 31 DECEMBER 2008 (CONT'D)

12. PARENT UNDERTAKING AND CONTROLLING PARTY

As at 31 December 2008 the Company's immediate parent company was Penarth Asset Securitisation Holdings Ltd. As at 31 December 2008, HBOS plc, a limited liability company incorporated and domiciled in Scotland, was the ultimate controlling party of Penarth Master Issuer plc under IFRSs, and was also the parent undertaking of the largest group of undertakings for which group accounts are drawn up and of which the Company is a member. Penarth Asset Securitisation Holdings Ltd was the parent undertaking of the smallest such group of undertakings.

From 16th January 2009, Penarth Master Issuer plc's ultimate parent undertaking and controlling party is Lloyds Banking Group plc (formerly Lloyds TSB Group) which is incorporated in Scotland. Lloyds Banking Group plc will produce consolidated accounts for the year ended 31 December 2009. Copies of the annual report and accounts of Lloyds TSB Group plc for the year ended 31 December 2008 may be obtained from Lloyds Banking Group's head office at 25 Gresham Street, London EC2V 7HN.

Prior to 16th January 2009, HBOS plc was the ultimate parent undertaking of Penarth Master Issuer plc. Copies of the annual report and accounts of HBOS plc for the year ended 31 December 2008 may be obtained from HBOS plc's registered office at The Mound, Edinburgh, EH1 1YZ.

13. POST BALANCE SHEET EVENTS

On 18 September 2008, with the support of the UK Government, the boards of HBOS plc ('HBOS') and Lloyds TSB Group plc ('Lloyds TSB') announced that they had reached agreement on the terms of the recommended acquisition of HBOS by Lloyds TSB. The terms of the acquisition were subsequently amended, as announced on 13 October 2008, at the same time as the announcement of the participation by HBOS and Lloyds TSB in the Government's action plan to recapitalise some of the major UK banks. The acquisition was to be implemented by means of a scheme of arrangement with a separate scheme of arrangements in relation to preference shares, under sections 895 to 899 of the Companies Act 2006.

On 12 January 2009 the Court of Session in Edinburgh, Scotland made an order sanctioning the scheme of arrangement for the acquisition and the preference share scheme of arrangement. The last day of trading in HBOS ordinary and preference shares was 14 January 2009.

On 15 January 2009 HBOS raised £11.5bn of capital (before costs and expenses) through an issue of £8.5bn of new ordinary shares under a placing with HM Treasury subject to clawback by existing shareholders, and an issue to HM Treasury of £3bn of new preference shares. Lloyds TSB raised £4.5bn (before costs and expenses) through an issue of £3.5bn of new ordinary shares under a placing with HM Treasury subject to clawback by existing shareholders, and an issue to HM Treasury of £1bn of new preference shares.

PENARTH MASTER ISSUER PLC
NOTES TO THE FINANCIAL STATEMENTS
FOR THE PERIOD FROM 10 JUNE 2008 TO 31 DECEMBER 2008 (CONT'D)

13. POST BALANCE SHEET EVENTS (CONTD)

On 16 January 2009 the Lloyds TSB acquisition of HBOS completed following final court approval and Lloyds TSB was renamed Lloyds Banking Group plc. The exchange of HBOS shares for Lloyds Banking Group shares took place at an exchange ratio of 0.605 of a new Lloyds Banking Group share for every one HBOS share held. As a result, the UK Government through HM Treasury owned approximately 43.4% of the enlarged ordinary share capital of Lloyds Banking Group. In addition, each class of preference share issued by HBOS, including the preference shares issued to HM Treasury in the capital raising was replaced with an equal number of new Lloyds Banking Group preference shares.

HBOS ordinary and preference shares were de-listed from the Official List of the UK Listing Authority and admission to trading on the London Stock Exchange was cancelled on 19 January 2009 when trading in the new Lloyds Banking Group shares commenced.

Government Asset Protection Scheme

On 7 March 2009, the Company's ultimate parent undertaking, Lloyds Banking Group plc ("LBG"), announced its intention to participate in the Government's Asset Protection Scheme. LBG intends to participate in the Scheme in respect of assets and exposures on its consolidated balance sheet with an aggregate book value of approximately £250bn and will pay a fee to HM Treasury of £15.6bn which will be amortised over an estimated 7 year period. The proceeds of this fee will be applied by HM Treasury in subscribing for an issue of "B" shares of LBG, carrying a dividend of the greater of 7 per cent per annum and 125 per cent of the dividend on ordinary shares.

LBG has also agreed to replace the £4bn of preference shares held by HM Treasury with new ordinary shares which will be offered to eligible LBG shareholders pro rata to their existing shareholdings at a fixed price of 38.43 pence per ordinary share. These new ordinary shares will be offered to shareholders and new investors on the same basis as the Placing and Open Offer in November 2008. The ordinary share offer is fully underwritten by HM Treasury on substantially the same fee basis as the Placing and Open Offer conducted in November 2008.

Participation in the Scheme and the replacement of the preference shares is subject to approval by eligible LBG shareholders.
